WAREHOUSE LICENSES

§ 740.3 Application form.

Applications for licenses and for amendments of licenses under the Act shall be made to the Administrator upon prescribed forms furnished by the Service, shall be in English, shall truly state the information therein contained, and shall be signed by the applicant. The applicant shall at any time furnish such additional information as the Administrator shall find to be necessary to the consideration of his application.

§ 740.4 All facilities to be licensed or exempted.

All facilities within the same city or town used for the storage of nuts by an applicant for a warehouse license must qualify for a license and be licensed under the Act if the applicant is to be licensed to operate as a nut warehouseman in such city or town, unless the facilities which are not to be covered

by a license are exempted by the Administrator upon a finding that, due to the exercise of adequate controls by some independent agency over the operation of the nonfederally licensed facilities, there would be no likelihood of the interchange, substitution, or commingling of nuts stored in such facilities with nuts stored in the federally licensed facilities. If all such facilities do not qualify for a license or for an exemption under this section, the applicant shall not be licensed under the Act as a nut warehouseman in the city or town in which the facilities in question are located. Each applicant for a nut warehouse license must apply for a license covering all facilities operated by him for the storage of nuts within the same city or town or for exemption as provided in this section. If a licensed nut warehouseman acquires any additional nut storage facilities within the same city or town in which his licensed warehouse is located he shall file promptly an application for a license or an exemption of the additional facilities. No nut storage facility acquired by a licensed nut warehouseman, subsequent to the issuance of his license, in the same city or town as his licensed facilities, shall be used for the storage of nuts until it qualifies for license and is licensed or is exempted as provided in this section. If any one of the licensed nut storage facilities operated by a warehouseman in the same city or town becomes ineligible for a license at any time for any reason, it shall not thereafter be used for the storage of nuts, until the condition making it ineligible is removed or an exemption is granted as provided in this section. The use for the storage of nuts by a licensed warehouseman of a facility which is in the same city or town as his licensed facilities and is neither licensed nor exempted, or other violation of the provisions of this section, shall be cause for suspension or revocation of any license issued to the warehouseman for the storage of nuts.

§ 740.5 Scales; bin and compartment numbers.

(a) Each warehouse must be equipped with suitable scales in good order, and so arranged that all nuts, whether for
