

§ 9.5

(2) Stating that the proposed Specification will be further developed before final publication; or

(3) Withdrawing the proposed Specification from further consideration.

§ 9.5 Participation of manufacturers.

(a) Manufacturers desiring to participate in this program will so notify the Department of Commerce. The notification will identify the particular Specification to be used and the manufacturer's model numbers for the products to be labeled. The notification will also state that the manufacturer will abide by all conditions contained in the Specification and will desist from using the Label and Energy Conservation Mark if requested by the Department of Commerce under the provisions of § 9.6.

(b) The conditions for participation will be set out in the Specification and will include, but not be limited to, the following:

(1) Prior to the use of a Label the manufacturer will make or have made the measurements to obtain the information required for inclusion on the Label and, if requested, will forward within 30 days such measurement data to the Department of Commerce. Such measurement data will be kept on file by the manufacturer or his agent for two years after that model of appliance or equipment is no longer manufactured unless otherwise provided in the Specification. The use of independent test laboratories or national certification programs available to any manufacturer is acceptable for the purposes of this program.

(2) The manufacturer will describe the test results on the Label as prescribed in the Specification.

(3) The manufacturer will display or arrange to display, in accordance with the appropriate Specification, the Label on or with each individual unit of appliance or equipment within the subject class and with the same brand name manufactured by him except for units exported from the United States. All models with the same brand name that fall within the class must be included in the program unless they are for export only.

(4) The manufacturer agrees at his expense to comply with any reasonable

15 CFR Subtitle A (1-1-00 Edition)

request of the Department of Commerce to have appliances or equipment manufactured by him tested to determine that testing has been done according to the relevant Specification.

(5) Manufacturers may reproduce the Department of Commerce Labels and Energy Conservation Mark in advertising provided that the entire Label, complete with all information required to be displayed at the point of retail sale, is shown legibly.

§ 9.6 Termination of participation.

(a) The Department of Commerce upon finding that a manufacturer is not complying with the conditions of participation set out in these procedures or in a Specification may terminate upon 30 days notice the manufacturer's participation in the program: *Provided*, That the manufacturer shall first be given an opportunity to show cause why the participation should not be terminated. Upon receipt of a notice of termination, a manufacturer may request within 30 days a hearing under the provisions of 5 U.S.C. 558.

(b) A manufacturer may at any time terminate his participation and responsibilities under this program with regard to a specific class of products by giving written notice to the Secretary that he has discontinued use of the Label and Energy Conservation Mark for all appliances or equipment within that class.

§ 9.7 Department of Commerce energy conservation mark.

The Department of Commerce shall develop an Energy Conservation Mark which shall be registered in the U.S. Patent Office under 15 U.S.C. 1054 for use on each Label described in a Specification.

§ 9.8 Amendment or revision of voluntary energy conservation specifications.

The Secretary may by order amend or revise any Specification published under § 9.4. The procedure applicable to the establishment of a Specification under § 9.4 shall be followed in amending or revising such Specification. Such amendment or revision shall not

apply to appliances or equipment manufactured prior to the effective date of the amendment or revision.

§9.9 Consumer education.

The Department of Commerce, in close cooperation and coordination with interested Government agencies, appropriate industry trade associations and industry members, and interested consumers and environmentalists shall carry out a program to educate consumers relative to the significance of the labeling program. Some elements of this program shall also be directed toward informing retailers and other interested groups about the program.

§9.10 Coordination with State and local programs.

The Department of Commerce will establish and maintain an active program of communication with appropriate state and local government offices and agencies and will furnish and make available information and assistance that will promote to the greatest practicable extent uniformity in State, local, and Federal programs for the labeling of household appliances and equipment to effect energy conservation.

§9.11 Annual report.

The Secretary will prepare an annual report of activities under the program, including an evaluation of the program and a list of participating manufacturers and classes of appliances and equipment.

§10.0 General.

(a) *Introduction.* The Department of Commerce (hereinafter referred to as the "Department") recognizes the importance, the advantages, and the benefits of voluntary standards and standardization activities. Such standards may cover, but are not limited to, terms, classes, sizes (including quantities of packaged consumer commodities), dimensions, capacities, quality levels, performance criteria, inspection requirements, marking requirements, testing equipment, test procedures and installation procedures. Economic growth is promoted through:

- (1) Reduction of manufacturing costs, inventory costs, and distribution costs;
- (2) Better understanding among manufacturers, producers, or packagers (hereinafter referred to as producers), distributors, users, and consumers; and
- (3) Simplification of the purchase, installation, and use of the product being standardized.

(b) *Requirements for Department of Commerce sponsorship.* The Department may sponsor the development of a voluntary Product Standard if, upon receipt of a request, the Department determines that:

- (1) The proposed standard is likely to have substantial public impact;
- (2) The proposed standard reflects the broad interest of an industry group or an organization concerned with the manufacture, production, packaging, distribution, testing, consumption, or use of the product, or the interest of a Federal or State agency;
- (3) The proposed standard would not duplicate a standard published by, or actively being developed or revised by, a private standards-writing organization to such an extent that it would
