### Subpart 229.500—Registration Statement and Prospectus Provisions

#### § 229.501 (Item 501) Forepart of Registration Statement and Outside Front Cover Page of Prospectus.

The registrant must furnish the following information in plain English. See § 230.421(d) of Regulation C of this chapter.

(a) *Front cover page of the registration statement.* Where appropriate, include the delaying amendment legend from § 230.473 of Regulation C of this chapter.

(b) *Outside front cover page of the prospectus.* Limit the outside cover page to one page. If the following information applies to your offering, disclose it on the outside cover page of the prospectus.

(1) *Name.* The registrant's name. A foreign registrant must give the English translation of its name.

*Instruction to paragraph 501(b)(1):* If your name is the same as that of a company that is well known, include information to eliminate any possible confusion with the other company. If your name indicates a line of business in which you are not engaged or you are engaged only to a limited extent, include information to eliminate any misleading inference as to your business. In some circumstances, disclosure may not be sufficient and you may be required to change your name. You will not be required to change your name if you are an established company, the character of your business has changed, and the investing public is generally aware of the change and the character of your current business.

(2) *Title and amount of securities.* The title and amount of securities offered. Separately state the amount of securities offered by selling security holders, if any. If the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, indicate that this arrangement exists and state the amount of additional shares that the underwriter may purchase under the arrangement. Give a

brief description of the securities except where the information is clear from the title of the security. For example, you are not required to describe common stock that has full voting, dividend and liquidation rights usually associated with common stock.

(3) *Offering price of the securities.* Where you offer securities for cash, the price to the public of the securities, the underwriter's discounts and commissions, the net proceeds you receive, and any selling shareholder's net proceeds. Show this information on both a per share or unit basis and for the total amount of the offering. If you make the offering on a minimum/maximum basis, show this information based on the total minimum and total maximum amount of the offering. You may present the information in a table, term sheet format, or other clear presentation. You may present the information in any format that fits the design of the cover page so long as the information can be easily read and is not misleading:

*Instructions to paragraph 501(b)(3):* 1. If a preliminary prospectus is circulated and you are not subject to the reporting requirements of Section 13(a) or 15(d) of the Exchange Act, provide, as applicable:

(A) A bona fide estimate of the range of the maximum offering price and the maximum number of securities offered; or

(B) A bona fide estimate of the principal amount of the debt securities offered.

2. If it is impracticable to state the price to the public, explain the method by which the price is to be determined. If the securities are to be offered at the market price, or if the offering price is to be determined by a formula related to the market price, indicate the market and market price of the securities as of the latest practicable date.

3. If you file a registration statement on Form S-8, you are not required to comply with this paragraph (b)(3).

(4) *Market for the securities.* Whether any national securities exchange or the Nasdaq Stock Market lists the securities offered, naming the particular market(s), and identifying the trading symbol(s) for those securities;

(5) *Risk factors.* A cross-reference to the risk factors section, including the page number where it appears in the prospectus. Highlight this cross-reference by prominent type or in another manner;

(6) *State legend.* Any legend or statement required by the law of any state in which the securities are to be offered. You may combine this with any legend required by the SEC, if appropriate;

(7) *Commission legend.* A legend that indicates that neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities or passed upon the accuracy or adequacy of the disclosures in the prospectus and that any contrary representation is a criminal offense. You may use one of the following or other clear, plain language:

*Example A:* Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

*Example B:* Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

(8) *Underwriting.* (i) Name(s) of the lead or managing underwriter(s) and an identification of the nature of the underwriting arrangements;

(ii) If the offering is not made on a firm commitment basis, a brief description of the underwriting arrangements. You may use any clear, concise, and accurate description of the underwriting arrangements. You may use the following descriptions of underwriting arrangements where appropriate:

*Example A: Best efforts offering.* The underwriters are not required to sell any specific number or dollar amount of securities but will use their best efforts to sell the securities offered.

*Example B: Best efforts, minimum-maximum offering.* The underwriters must sell the minimum number of securities offered (*insert number*) if any are sold. The underwriters are required to use only their best efforts to sell the maximum number of securities offered (*insert number*).

(iii) If you offer the securities on a best efforts or best efforts minimum/maximum basis, the date the offering will end, any minimum purchase re-

quirements, and any arrangements to place the funds in an escrow, trust, or similar account. If you have not made any of these arrangements, state this fact and describe the effect on investors;

(9) *Date of prospectus.* The date of the prospectus;

(10) *Prospectus "Subject to Completion" legend.* If you use the prospectus before the effective date of the registration statement, a prominent statement that:

(i) The information in the prospectus will be amended or completed;

(ii) A registration statement relating to these securities has been filed with the Securities and Exchange Commission;

(iii) The securities may not be sold until the registration statement becomes effective; and

(iv) The prospectus is not an offer to sell the securities and it is not soliciting an offer to buy the securities in any state where offers or sales are not permitted. The legend may be in the following or other clear, plain language:

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

(11) If you use § 230.430A of this chapter to omit pricing information and the prospectus is used before you determine the public offering price, the information and legend in paragraph (b)(10) of this section.

[63 FR 6381, Feb. 6, 1998]

**§ 229.502 (Item 502) Inside front and outside back cover pages of prospectus.**

The registrant must furnish this information in plain English. See § 230.421(d) of Regulation C of this chapter.

(a) *Table of contents.* On either the inside front or outside back cover page of the prospectus, provide a reasonably detailed table of contents. It must show the page number of the various

sections or subdivisions of the prospectus. Include a specific listing of the risk factors section required by Item 503 of this Regulation S-K (17 CFR 229.503). You must include the table of contents immediately following the cover page in any prospectus you deliver electronically.

(b) *Dealer prospectus delivery obligation.* On the outside back cover page of the prospectus, advise dealers of their prospectus delivery obligation, including the expiration date specified by Section 4(3) of the Securities Act (15 U.S.C. 77d(3)) and §230.174 of this chapter. If you do not know the expiration date on the effective date of the registration statement, include the expiration date in the copy of the prospectus you file under §230.424(b) of this chapter. You do not have to include this information if dealers are not required to deliver a prospectus under §230.174 of this chapter or Section 24(d) of the Investment Company Act (15 U.S.C. 80a-24). You may use the following or other clear, plain language:

DEALER PROSPECTUS DELIVERY OBLIGATION

Until (*insert date*), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.

[63 FR 6383, Feb. 6, 1998]

**§ 229.503 (Item 503) Prospectus summary, risk factors, and ratio of earnings to fixed charges.**

The registrant must furnish this information in plain English. See §230.421(d) of Regulation C of this chapter.

(a) *Prospectus summary.* Provide a summary of the information in the prospectus where the length or complexity of the prospectus makes a summary useful. The summary should be brief. The summary should not contain, and is not required to contain, all of the detailed information in the prospectus. If you provide summary business or financial information, even if you do not caption it as a summary, you still must provide that information in plain English.

*Instruction to paragraph 503(a):* The summary should not merely repeat the text of the prospectus but should provide a brief overview of the key aspects of the offering. Carefully consider and identify those aspects of the offering that are the most significant and determine how best to highlight those points in clear, plain language.

(b) *Address and telephone number.* Include, either on the cover page or in the summary section of the prospectus, the complete mailing address and telephone number of your principal executive offices.

(c) *Risk factors.* Where appropriate, provide under the caption "Risk Factors" a discussion of the most significant factors that make the offering speculative or risky. This discussion must be concise and organized logically. Do not present risks that could apply to any issuer or any offering. Explain how the risk affects the issuer or the securities being offered. Set forth each risk factor under a subcaption that adequately describes the risk. The risk factor discussion must immediately follow the summary section. If you do not include a summary section, the risk factor section must immediately follow the cover page of the prospectus or the pricing information section that immediately follows the cover page. Pricing information means price and price-related information that you may omit from the prospectus in an effective registration statement based on §230.430A(a) of this chapter. The risk factors may include, among other things, the following:

- (1) Your lack of an operating history;
- (2) Your lack of profitable operations in recent periods;
- (3) Your financial position;
- (4) Your business or proposed business; or
- (5) The lack of a market for your common equity securities or securities convertible into or exercisable for common equity securities.

(d) *Ratio of earnings to fixed charges.* If you register debt securities, show a ratio of earnings to fixed charges. If you register preference equity securities, show the ratio of combined fixed charges and preference dividends to earnings. Present the ratio for each of the last five fiscal years and the latest interim period for which financial

statements are presented in the document. If you will use the proceeds from the sale of debt or preference securities to repay any of your outstanding debt or to retire other securities and the change in the ratio would be ten percent or greater, you must include a ratio showing the application of the proceeds, commonly referred to as the pro forma ratio.

*Instructions to paragraph 503(d): 1. Definitions.* In calculating the ratio of earnings to fixed charges, you must use the following definitions:

(A) *Fixed charges.* The term “fixed charges” means the sum of the following: (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, (c) an estimate of the interest within rental expense, and (d) preference security dividend requirements of consolidated subsidiaries.

(B) *Preference security dividend.* The term “preference security dividend” is the amount of pre-tax earnings that is required to pay the dividends on outstanding preference securities. The dividend requirement must be computed as the amount of the dividend divided by (1 minus the effective income tax rate applicable to continuing operations).

(C) *Earnings.* The term “earnings” is the amount resulting from adding and subtracting the following items. Add the following: (a) Pre-tax income from continuing operations before adjustment for minority interests in consolidated subsidiaries or income or loss from equity investees, (b) fixed charges, (c) amortization of capitalized interest, (d) distributed income of equity investees, and (e) your share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges. From the total of the added items, subtract the following: (a) interest capitalized, (b) preference security dividend requirements of consolidated subsidiaries, and (c) the minority interest in pre-tax income of subsidiaries that have not incurred fixed charges. Equity investees are investments that you account for using the equity method of accounting. Public utilities following SFAS 71 should not add amortization of capitalized interest in determining earnings, nor reduce fixed charges by any allowance for funds used during construction.

2. *Disclosure.* Disclose the following information when showing the ratio of earnings to fixed charges:

(A) *Deficiency.* If a ratio indicates less than one-to-one coverage, disclose the dollar amount of the deficiency.

(B) *Pro forma ratio.* You may show the pro forma ratio only for the most recent fiscal year and the latest interim period. Use the

net change in interest or dividends from the refinancing to calculate the pro forma ratio.

(C) *Foreign private issuers.* A foreign private issuer must show the ratio based on the figures in the primary financial statement. A foreign private issuer must show the ratio based on the figures resulting from the reconciliation to U.S. generally accepted accounting principles if this ratio is materially different.

(D) *Summary Section.* If you provide a summary or similar section in the prospectus, show the ratios in that section.

3. *Exhibit.* File an exhibit to the registration statement to show the figures used to calculate the ratios. See paragraph (b)(12) of Item 601 of Regulation S-K (17 CFR 229.601(b)(12)).

[63 FR 6383, Feb. 6, 1998]

#### § 229.504 (Item 504) Use of proceeds.

State the principal purposes for which the net proceeds to the registrant from the securities to be offered are intended to be used and the approximate amount intended to be used for each such purpose. Where registrant has no current specific plan for the proceeds, or a significant portion thereof, the registrant shall so state and discuss the principal reasons for the offering.

*Instructions to Item 504: 1.* Where less than all the securities to be offered may be sold and more than one use is listed for the proceeds, indicate the order of priority of such purposes and discuss the registrant’s plans if substantially less than the maximum proceeds are obtained. Such discussion need not be included if underwriting arrangements with respect to such securities are such that, if any securities are sold to the public, it reasonably can be expected that the actual proceeds will not be substantially less than the aggregate proceeds to the registrant shown pursuant to Item 501 of Regulation S-K (§ 229.501).

2. Details of proposed expenditures need not be given; for example, there need be furnished only a brief outline of any program of construction or addition of equipment. Consideration should be given as to the need to include a discussion of certain matters addressed in the discussion and analysis of registrant’s financial condition and results of operations, such as liquidity and capital expenditures.

3. If any material amounts of other funds are necessary to accomplish the specified purposes for which the proceeds are to be obtained, state the amounts and sources of such other funds needed for each such specified purpose and the sources thereof.

4. If any material part of the proceeds is to be used to discharge indebtedness, set forth the interest rate and maturity of such indebtedness. If the indebtedness to be discharged was incurred within one year, describe the use of the proceeds of such indebtedness other than short-term borrowings used for working capital.

5. If any material amount of the proceeds is to be used to acquire assets, otherwise than in the ordinary course of business, describe briefly and state the cost of the assets and, where such assets are to be acquired from affiliates of the registrant or their associates, give the names of the persons from whom they are to be acquired and set forth the principle followed in determining the cost to the registrant.

6. Where the registrant indicates that the proceeds may, or will, be used to finance acquisitions of other businesses, the identity of such businesses, if known, or, if not known, the nature of the businesses to be sought, the status of any negotiations with respect to the acquisition, and a brief description of such business shall be included. Where, however, pro forma financial statements reflecting such acquisition are not required by Regulation S-X to be included, in the registration statement, the possible terms of any transaction, the identification of the parties thereto or the nature of the business sought need not be disclosed, to the extent that the registrant reasonably determines that public disclosure of such information would jeopardize the acquisition. Where Regulation S-X (17 CFR 210) would require financial statements of the business to be acquired to be included, the description of the business to be acquired shall be more detailed.

7. The registrant may reserve the right to change the use of proceeds, provided that such reservation is due to certain contingencies that are discussed specifically and the alternatives to such use in that event are indicated.

**§ 229.505 (Item 505) Determination of offering price.**

(a) *Common equity.* Where common equity is being registered for which there is no established public trading market for purposes of paragraph (a) of Item 201 of Regulation S-K (§229.201(a)) or where there is a material disparity between the offering price of the common equity being registered and the market price of outstanding shares of the same class, describe the various factors considered in determining such offering price.

(b) *Warrants, rights and convertible securities.* Where warrants, rights or convertible securities exercisable for com-

mon equity for which there is no established public trading market for purposes of paragraph (a) of Item 201 of Regulation S-K (§229.201(a)) are being registered, describe the various factors considered in determining their exercise or conversion price.

**§ 229.506 (Item 506) Dilution.**

Where common equity securities are being registered and there is substantial disparity between the public offering price and the effective cash cost to officers, directors, promoters and affiliated persons of common equity acquired by them in transactions during the past five years, or which they have the right to acquire, and the registrant is not subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act immediately prior to filing of the registration statement, there shall be included a comparison of the public contribution under the proposed public offering and the effective cash contribution of such persons. In such cases, and in other instances where common equity securities are being registered by a registrant that has had losses in each of its last three fiscal years and there is a material dilution of the purchasers' equity interest, the following shall be disclosed:

(a) The net tangible book value per share before and after the distribution;

(b) The amount of the increase in such net tangible book value per share attributable to the cash payments made by purchasers of the shares being offered; and

(c) The amount of the immediate dilution from the public offering price which will be absorbed by such purchasers.

**§ 229.507 (Item 507) Selling security holders.**

If any of the securities to be registered are to be offered for the account of security holders, name each such security holder, indicate the nature of any position, office, or other material relationship which the selling security holder has had within the past three years with the registrant or any of its predecessors or affiliates, and state the amount of securities of the class owned by such security holder prior to the offering, the amount to be offered for the

security holder's account, the amount and (if one percent or more) the percentage of the class to be owned by such security holder after completion of the offering.

**§ 229.508 (Item 508) Plan of distribution.**

(a) *Underwriters and underwriting obligation.* If the securities are to be offered through underwriters, name the principal underwriters, and state the respective amounts underwritten. Identify each such underwriter having a material relationship with the registrant and state the nature of the relationship. State briefly the nature of the obligation of the underwriter(s) to take the securities.

*Instruction to Paragraph 508(a):* All that is required as to the nature of the underwriters' obligation is whether the underwriters are or will be committed to take and to pay for all of the securities if any are taken, or whether it is merely an agency or the type of *best efforts* arrangement under which the underwriters are required to take and to pay for only such securities as they may sell to the public. Conditions precedent to the underwriters' taking the securities, including *market-outs*, need not be described except in the case of an agency or *best efforts* arrangement.

(b) *New underwriters.* Where securities being registered are those of a registrant that has not previously been required to file reports pursuant to section 13(a) or 15(d) of the Exchange Act, or where a prospectus is required to include reference on its cover page to material risks pursuant to Item 501 of Regulation S-K (§ 229.501), and any one or more of the managing underwriter(s) (or where there are no managing underwriters, a majority of the principal underwriters) has been organized, reactivated, or first registered as a broker-dealer within the past three years, these facts concerning such underwriter(s) shall be disclosed in the prospectus together with, where applicable, the disclosures that the principal business function of such underwriter(s) will be to sell the securities to be registered, or that the promoters of the registrant have a material relationship with such underwriter(s). Sufficient details shall be given to allow full appreciation of such underwriter(s) experience and its relationship with

the registrant, promoters and their controlling persons.

(c) *Other distributions.* Outline briefly the plan of distribution of any securities to be registered that are to be offered otherwise than through underwriters.

(1) If any securities are to be offered pursuant to a dividend or interest reinvestment plan the terms of which provide for the purchase of some securities on the market, state whether the registrant or the participant pays fees, commissions, and expenses incurred in connection with the plan. If the participant will pay such fees, commissions and expenses, state the anticipated cost to participants by transaction or other convenient reference.

(2) If the securities are to be offered through the selling efforts of brokers or dealers, describe the plan of distribution and the terms of any agreement, arrangement, or understanding entered into with broker(s) or dealer(s) prior to the effective date of the registration statement, including volume limitations on sales, parties to the agreement and the conditions under which the agreement may be terminated. If known, identify the broker(s) or dealer(s) which will participate in the offering and state the amount to be offered through each.

(3) If any of the securities being registered are to be offered otherwise than for cash, state briefly the general purposes of the distribution, the basis upon which the securities are to be offered, the amount of compensation and other expenses of distribution, and by whom they are to be borne. If the distribution is to be made pursuant to a plan of acquisition, reorganization, readjustment or succession, describe briefly the general effect of the plan and state when it became or is to become operative. As to any material amount of assets to be acquired under the plan, furnish information corresponding to that required by Instruction 5 of Item 504 of Regulation S-K (§ 229.504).

(d) *Offerings on exchange.* If the securities are to be offered on an exchange, indicate the exchange. If the registered

securities are to be offered in connection with the writing of exchange-traded call options, describe briefly such transactions.

(e) *Underwriter's compensation.* Provide a table that sets out the nature of the compensation and the amount of discounts and commissions to be paid to the underwriter for each security and in total. The table must show the separate amounts to be paid by the company and the selling shareholders. In addition, include in the table all other items considered by the National Association of Securities Dealers to be underwriting compensation for purposes of that Association's Rules of Fair Practice.

*Instructions to paragraph 508(e):* 1. The term "commissions" is defined in paragraph (17) of Schedule A of the Securities Act. Show separately in the table the cash commissions paid by the registrant and selling security holders. Also show in the table commissions paid by other persons. Disclose any finder's fee or similar payments in the table.

2. Disclose the offering expenses specified in Item 511 of Regulation S-K (17 CFR 229.511).

3. If the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, indicate that this arrangement exists and state the amount of additional shares that the underwriter may purchase under the arrangement. Where the underwriter has such an arrangement, present maximum-minimum information in a separate column to the table, based on the purchase of all or none of the shares subject to the arrangement. Describe the key terms of the arrangement in the narrative.

(f) *Underwriter's representative on board of directors.* Describe any arrangement whereby the underwriter has the right to designate or nominate a member or members of the board of directors of the registrant. The registrant shall disclose the identity of any director so designated or nominated, and indicate whether or not a person so designated or nominated, or allowed to be designated or nominated by the underwriter is or may be a director, officer, partner, employee or affiliate of the underwriter.

(g) *Indemnification of underwriters.* If the underwriting agreement provides for indemnification by the registrant of the underwriters or their controlling

persons against any liability arising under the Securities Act, furnish a brief description of such indemnification provisions.

(h) *Dealers' compensation.* State briefly the discounts and commissions to be allowed or paid to dealers, including all cash, securities, contracts or other considerations to be received by any dealer in connection with the sale of the securities. If any dealers are to act in the capacity of sub-underwriters and are to be allowed or paid any additional discounts or commissions for acting in such capacity, a general statement to that effect will suffice without giving the additional amounts to be sold.

(i) *Finders.* Identify any finder and, if applicable, describe the nature of any material relationship between such finder and the registrant, its officers, directors, principal stockholders, finders or promoters or the principal underwriter(s), or if there is a managing underwriter(s), the managing underwriter(s), (including, in each case, affiliates or associates thereof).

(j) *Discretionary accounts.* If the registrant was not, immediately prior to the filing of the registration statement, subject to the requirements of section 13(a) or 15(d) of the Exchange Act, identify any principal underwriter that intends to sell to any accounts over which it exercises discretionary authority and include an estimate of the amount of securities so intended to be sold. The response to this paragraph shall be contained in a pre-effective amendment which shall be circulated if the information is not available when the registration statement is filed.

(k) *Passive market making.* If the underwriters or any selling group members intend to engage in passive market making transactions as permitted by Rule 103 of Regulation M (§242.103 of this chapter), indicate such intention and briefly describe passive market making.

(l) *Stabilization and other transactions.* (1) Briefly describe any transaction that the underwriter intends to conduct during the offering that stabilizes, maintains, or otherwise affects the market price of the offered securities. Include information on stabilizing transactions, syndicate short covering

§ 229.509

17 CFR Ch. II (4-1-00 Edition)

transactions, penalty bids, or any other transaction that affects the offered security's price. Describe the nature of the transactions clearly and explain how the transactions affect the offered security's price. Identify the exchange or other market on which these transactions may occur. If true, disclose that the underwriter may discontinue these transactions at any time;

(2) If the stabilizing began before the effective date of the registration statement, disclose the amount of securities bought, the prices at which they were bought and the period within which they were bought. If you use § 230.430A of this chapter, the prospectus you file under § 230.424(b) of this chapter or include in a post-effective amendment must contain information on the stabilizing transactions that took place before the determination of the public offering price; and

(3) If you are making a warrants or rights offering of securities to existing security holders and any securities not purchased by existing security holders are to be reoffered to the public, disclose in a supplement to the prospectus or in the prospectus used in connection with the reoffering:

(i) The amount of securities bought in stabilization activities during the offering period and the price or range of prices at which the securities were bought;

(ii) The amount of the offered securities subscribed for during the offering period;

(iii) The amount of the offered securities subscribed for by the underwriter during the offering period;

(iv) The amount of the offered securities sold during the offering period by the underwriter and the price or price ranges at which the securities were sold; and

(v) The amount of the offered securities that will be reoffered to the public and the public offering price.

§ 229.509 (Item 509) Interests of named experts and counsel.

If (a) any expert named in the registration statement as having prepared or certified any part thereof (or is named as having prepared or certified a report or valuation for use in connection with the registration statement), or (b) counsel for the registrant, underwriters or selling security holders named in the prospectus as having given an opinion upon the validity of the securities being registered or upon other legal matters in connection with the registration or offering of such securities, was employed for such purpose on a contingent basis, or at the time of such preparation, certification or opinion or at any time thereafter, through the date of effectiveness of the registration statement or that part of the registration statement to which such preparation, certification or opinion relates, had, or is to receive in connection with the offering, a substantial interest, direct or indirect, in the registrant or any of its parents or subsidiaries or was connected with the registrant or any of its parents or subsidiaries as a promoter, managing underwriter (or any principal underwriter, if there are no managing underwriters) voting trustee, director, officer, or employee, furnish a brief statement of the nature of such contingent basis, interest, or connection.

*Instructions to Item 509:* 1. The interest of an expert (other than an accountant) or counsel will not be deemed substantial and need not be disclosed if the interest, including the fair market value of all securities of the registrant owned, received and to be received, or subject to options, warrants or rights received or to be received by the expert or counsel does not exceed \$50,000. For the purpose of this Instruction, the term *expert* or counsel includes the firm, corporation, partnership or other entity, if any, by which such expert or counsel is employed or of which he is a member or of counsel to and all attorneys in the case of counsel, and all nonclerical personnel in the case of named experts, participating in such matter on behalf of such firm, corporation, partnership or entity.

2. Accountants, providing a report on the financial statements, presented or incorporated by reference in the registration statement, should note § 210.2-01 of Regulation S-X (17 CFR 210) for the Commission's

## § 229.512

requirements regarding "Qualification of Accountants" which discusses disqualifying interests.

### § 229.510 (Item 510) Disclosure of Commission position on indemnification for Securities Act liabilities.

In addition to the disclosure prescribed by Item 702 of Regulation S-K (§229.702), if the undertaking required by paragraph (h) of Item 512 of Regulation S-K (§229.512) is not required to be included in the registration statement because acceleration of the effective date of the registration statement is not being requested, and if waivers have not been obtained comparable to those specified in paragraph (h), a brief description of the indemnification provisions relating to directors, officers and controlling persons of the registrant against liability arising under the Securities Act (including any provision of the underwriting agreement which relates to indemnification of the underwriter or its controlling persons by the registrant against such liabilities where a director, officer or controlling person of the registrant is such an underwriter or controlling person thereof or a member of any firm which is such an underwriter) shall be included in the prospectus, together with a statement in substantially the following form:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.
