

§ 990.120

(b) *Treatment of Existing COPs.* (1) A PHA that is operating under a Comprehensive Occupancy Plan (COP) approved by HUD under § 990.118, as that section existed immediately before April 1, 1996, may, until the expiration of its COP, continue to determine its PFS eligibility under the provisions of part 990 as that part existed immediately before April 1, 1996. If the PHA does not elect to continue to determine its PFS eligibility using its COP, the PHA's PFS eligibility will be calculated in accordance with this part.

(2) HUD will not approve any extensions of COPs.

[61 FR 7592, Feb. 28, 1996]

§ 990.120 Audit.

PHAs that receive financial assistance under this part shall comply with the audit requirements in 24 CFR part 44. If a PHA has failed to submit an acceptable audit on a timely basis in accordance with that part, HUD may arrange for, and pay the costs of, the audit. In such circumstances, HUD may withhold, from assistance otherwise payable to the PHA under this part, amounts sufficient to pay for the reasonable costs of conducting an acceptable audit, including, when appropriate, the reasonable costs of accounting services necessary to place the PHA's books and records into auditable condition. The costs to place the PHA's books and records into auditable condition do not generate additional subsidy eligibility under this part.

[56 FR 46363, Sept. 11, 1991]

§ 990.121 Effect of rescission.

If there is a rescission of appropriated funds that reduces the level of Comprehensive Grant Program funding in an approved Annual Statement under the CGP, to the extent that the PHA can document that it is not possible to complete all the vacant unit rehabilitation in the PHA's approved Annual Statement, the PHA may seek and HUD may grant a waiver for 1 fiscal year to permit full PFS eligibility for those units approved but not funded.

24 CFR Ch. IX (4-1-00 Edition)

Subpart B—Financial Management Systems, Monitoring and Reporting

SOURCE: 53 FR 8067, Mar. 11, 1988, unless otherwise noted.

§ 990.201 Purpose—General policy on financial management, monitoring and reporting.

The financial management systems, reporting and monitoring on program performance and financial reporting will be in compliance with the requirements of 24 CFR 85.20, 85.40 and 85.41 except to the extent that HUD requirements provide for additional specialized procedures necessary to permit the Secretary to make the determinations regarding the payment of operating subsidy specified in section 9(a)(1) of the United States Housing Act of 1937.

§ 990.202 Applicability.

The provisions of this subpart B are applicable to the development, modernization, and operation of the Turnkey III and Turnkey IV Homeownership Opportunity Programs and the housing owned by the PHAs of the Virgin Islands, Guam, Puerto Rico and Alaska.

[57 FR 5588, Feb. 14, 1992]

Subpart C—Project-Based Accounting

SOURCE: 57 FR 61231, Dec. 23, 1992, unless otherwise noted.

§ 990.301 Applicability.

(a) The provisions of this subpart C are applicable to all PHAs that receive operating subsidies pursuant to section 9 of the U.S. Housing Act of 1937 (the Act), both PFS-eligible PHAs and PHAs outside the 48 adjacent states for which operating subsidy eligibility is not calculated in accordance with the PFS.

(b) PHAs that own and operate 250 or more dwelling rental units under title I of the Act, exclusive of section 8 units, are required to develop and maintain project-based accounting systems consistent with § 990.310. Where a portion

of a PHA's rental inventory is separately managed (by a resident management corporation, for example), the 250-unit threshold shall apply to the total number of PHA-owned dwelling rental units, including those separately managed.

(c) PHAs that do not receive operating subsidies or that have fewer than 250 rental units may, but are not required to, develop and use project-based accounting systems consistent with the specifications of this subpart.

§ 990.305 Definitions.

Cost Center. A set of units, activities, programs, or staff that are grouped by a PHA for purposes of management, financial monitoring, and analysis. Cost centers can be delineated by administrative departments or divisions within a PHA, by office locations, by individual projects or clusters or communities of projects that consist of one or more contiguous buildings, an area of contiguous row houses, or scattered-site buildings.

Project. A building or set of buildings identifiable as a development project under a HUD-assigned project number.

§ 990.310 Project-based accounting.

(a) PHAs identified in § 990.301(b) shall develop and maintain a system of accounting for operating income and operating costs for each project or operating cost center in a manner capable of generating information to meet HUD consolidated reporting requirements.

(b) Operating income and cost information to be accounted for at a project or cost center level shall include at least rental income and the administrative costs, utilities costs, maintenance costs, repair costs, and such other income and costs identified by the PHA as project-specific for management purposes. The minimum income and expense distribution requirements for project-based accounting information include:

- (1) Project-specific operating income credited to a specific project or cost center which shall include, at a minimum, rental income and excess utilities income; and
- (2) Project-specific operating expense to be charged to a specific project or

cost center level which shall include, at a minimum, utilities expense and direct maintenance (material and labor) expense, in addition to any other operating expenses in the 4000 series of accounts which are identified by the PHA as project-specific for management purposes (for example, tenant services or protective services personnel assigned to a specific project).

(c) Indirect operating income and indirect operating expenses that are not project-specific are not required to be accounted for at, or allocated to, a project or cost center level. Indirect income and expense that is not required to be allocated to the project or cost center level includes non-project-specific income and expense, including PHA central office overhead expense, which is not identifiable with, or readily assignable to, a specific project or cost center.

(d) PHAs may establish operating cost centers on any reasonable basis that reflects the PHA management structure and that meets the financial information needs at the lowest level of line authority within that management structure. A PHA's determination of appropriate cost centers and method of income and cost distribution shall be controlling unless HUD determines there is good cause for requiring some other frame of reference for aggregating financial information.

§ 990.315 Records and reports.

(a) Each PHA shall maintain fiscal year-end income and expense statements, which reflect the PBA information required by § 990.310, for each project or other cost center and shall make these available for review upon request by interested members of the public.

(b) Each PHA shall distribute such year-end financial statements to the Chairman and to each member of the Housing Authority Board of Commissioners, and to such other State and local public officials as the Secretary may specify. Project-based income and expense statements shall be made available to Board chairmen as soon as is practicable after the close of the fiscal period.

§ 990.320

§ 990.320 Certifications.

(a) The PHA shall certify, by the effective date specified in § 990.325, in a form acceptable to HUD, that the PHA is aware of and is taking steps to implement project-based accounting and will produce the fiscal year-end reports required under § 990.315. The certification shall identify each project or other cost center, the basis upon which each project or other cost center has been established and determined to be in compliance with the definitions of § 990.305, above, and where a cost center consists of units in two or more projects (as identified by HUD-assigned development project number) the PHA shall identify the individual development project numbers, the number of units, and a characterization (i.e., high-rise family, mid-rise family, scattered-site, etc.) of each numbered project included in the cost center.

(b) A certification made in accordance with this section shall be updated if the PHA deletes units, adds additional units or projects (as identified by HUD-assigned development project numbers) to its inventory, or otherwise elects to reconfigure its system of cost centers.

(Approved by the Office of Management and Budget under control number 2577-0159)

§ 990.325 Compliance dates.

(a) The provisions of this subpart shall apply for PHA fiscal years beginning on or after January 1, 1993, for PHAs operating 500 or more public housing rental units.

(b) The provisions of this subpart shall apply for PHA fiscal years beginning on or after January 1, 1994, for PHAs operating fewer than 500 public housing rental units. In the case of PHAs whose housing programs expand to the point at which their inventory of rental units exceeds the threshold stated in § 990.301(b), the provisions of § 990.310 shall apply at the beginning of the PHA's first fiscal year after the date on which its inventory of rental units reaches that threshold.

Subpart D—Resident Management Corporations Operating Subsidy

SOURCE: 59 FR 43644, Aug. 24, 1994, unless otherwise noted.

§ 990.401 Calculation of operating subsidy.

Operating subsidy will be calculated separately for any project managed by a resident management corporation. This subsidy computation will be the same as the separate computation made for the balance of the projects in the PHA in accordance with this part, with the following exceptions:

(a) The project managed by a resident management corporation will have an Allowable Expense Level based on the actual expenses for the project in the fiscal year immediately preceding management under this subpart. These expenditures will include the project's share of any expenses which are overhead or centralized HA expenditures. The expenses must represent a normal year's expenditures for the project, and must exclude all expenditures which are not normal fiscal year expenditures as to amount or as to the purpose for which expended. Documentation of this expense level must be presented with the project budget and approved by HUD. Any project expenditures funded from a source of income other than operating subsidies or income generated by the locally owned public housing program will be excluded from the subsidy calculation. For budget years after the first budget year under management by the resident management corporation, the Allowable Expense Level will be calculated as it is for all other projects in accordance with § 990.105(e)(4).

(b) The resident management corporation project will estimate dwelling rental income based on the rent roll of the project immediately preceding the assumption of management responsibility under this subpart, increased by the estimate of inflation of tenant income used in calculating PFS subsidy.

(c) The resident management corporation will exclude, from its estimate of other income, any increased
