AUTHORITY: 5 U.S.C. 552; 7 U.S.C. 6706; 16 U.S.C. 472, 521, 1603, and 2101 *et seq.*

Subpart A—Organization

§ 200.1 Central organization.

(a) *Central office.* The national office of the Forest Service, U.S. Department of Agriculture, is located in the Auditors Building, 14th and Independence Avenue, SW, Washington, DC. It consists of the Office of the Chief and Associate Chief, and a Deputy Chief for each of the following five activities: Programs and Legislation, National Forest System, Research, State and Private Forestry, and Administration. All communications should be addressed to the Forest Service, Department of Agriculture, P.O. Box 96090, Washington, DC 20090-6090.

(b) *Chief of the Forest Service.* The Chief of the Forest Service, under the direction of the Secretary of Agriculture, administers the formulation, direction, and execution of Forest Service policies, programs, and activities.

(c) *Deputy Chiefs.* The major activities of the Forest Service at the headquarters level are divided into five Deputy Chief areas with each further divided into staff units. The programs and functions of staff units are directed by staff directors and may be subdivided into groups headed by group leaders. A description of the major activities of each Deputy Chief follows:

(1) *Programs and legislation.* Overall planning of Forest Service programs, policy formulation and analysis, budgeting, legislative development, report-

ing and liaison, and environmental coordination.

(2) *National Forest System.* Administration of National Forest System lands and management of natural resources within the principle of multiple use and sustained yield. Management includes planning, coordinating, and directing the national resource programs of timber, range, wildlife, recreation, watershed, and mineral areas; and support activities of fire, engineering, lands, aviation, and computer systems. The National Forest System includes:

- 155 Proclaimed or designated National Forests
- 20 National Grasslands
- 51 Purchase Units
- 8 Land Utilization Projects
- 20 Research and Experimental Areas
- 33 Other Areas

The first four classifications listed above are administered as 121 Forest Service Administrative Units, each headed by a Forest Supervisor. National Recreation Areas, National Forest Wildernesses, and Primitive Areas are included in the above land classifications.

(3) *Research.* Plan, coordinate, and direct research programs to learn how man can best use and protect the plant, animal, soil, water, and esthetic resources of nonagricultural rural and exurban lands for his well-being and enjoyment. These programs include research on timber management, forest products and engineering, forest economics and marketing, watersheds, wildlife and fish habitat, range, recreation and other environmental concerns, forest insects and disease, forest fire and atmospheric science. Plans and directs international forestry activities and disseminates forestry research information throughout the world.

(4) *State and private forestry.* Coordinate and provide leadership for intergovernmental resource programs for technical and financial assistance to improve and protect State and privately-owned forest resources and urban and community forestry. Carries out this action through cooperative forestry, area planning and development, cooperative fire protection, forest insect and disease management, cooperative tree planting, and overall

§ 200.2

Forest Service participation in rural development and environmental concern, including civil defense and other emergency activities.

(5) *Administration.* Provide support for Forest Service programs through management improvement, fiscal and accounting, administrative services, personnel management, manpower and youth conservation, antipoverty programs, communication and electronics, internal review system, external audits, coordination of civil rights activities, public information, and Service-wide management of systems and computer applications.

[41 FR 24350, June 16, 1976, as amended at 42 FR 32230, June 24, 1977; 43 FR 27190, June 23, 1978; 44 FR 5660, Jan. 29, 1979; 62 FR 33366, June 19, 1997]

§ 200.2 Field organization.

The field organization of the Forest Service consists of regions, stations, and areas as described below:

(a) *Regions of the National Forest System.* For the purpose of managing the lands administered by the Forest Service, the United States is divided into nine geographic regions of the National Forest System. Each region has a headquarters office and is supervised by a Regional Forester who is responsible to the Chief for the activities assigned to that region. Within each region are located national forests and other lands of the Forest Service.

(1) *National Forests.* Each Forest has a headquarters office and is supervised by a Forest Supervisor who is responsible to the Regional Forester. Two or more proclaimed or designated National Forests, or all of the Forests in a State, may be combined into one Forest Service Administrative Unit headed by one Forest Supervisor. Each Forest is divided into Ranger Districts. The Alaska Region is composed of two National Forests without Ranger Districts; with one Forest divided into three areas, each administered by a Forest Supervisor.

(2) *Ranger districts.* Each district may include a portion of a national forest, a national grassland or portion thereof, a national recreation area, a wilderness or primitive area, and other lands administered by the Forest Service. Each district has a headquarters office and is

36 CFR Ch. II (7-1-00 Edition)

supervised by a District Ranger (or Area Ranger in some cases) who is responsible to the Forest Supervisor.

(b) *Forest and rangeland research coordination.* The field research program is coordinated by six research stations, the national Forest Products Laboratory, and the International Institute of Tropical Forestry. Each has a headquarters office and a Director who is responsible to the Chief for all research activities within a geographical area of the United States or its territories. Scientists are based at Research Work Units with laboratories located in 36 lower States, Hawaii, Alaska, and Puerto Rico. Scientists primarily conduct their work within a given geographical area, but due to the integrated and cooperative nature of the research program, they make work nationwide and internationally.

(c) *State and private forestry cooperation.* Field level cooperation between the Forest Service, States, and the private sector on forestry activities is accomplished by the Northeastern Area State and Private Forestry for the Northeastern States; and by the National Forest Regional Offices in the Southeastern and Western States. The Northeastern Area is supervised by an Area Director who is responsible to the Chief for State and private forestry activities within the Area. Regional Foresters in Regions 1 through 8 and Region 10 are responsible for State and private forestry activities within those regions.

(d) *International Institute of Tropical Forestry.* The Institute is managed by a Director who is the senior Forest Service official in Puerto Rico. The Director is responsible to the Chief for planning and directing research, science and technology exchange, technical assistance to the Commonwealth of Puerto Rico, and international cooperation on natural resources concerning tropical forestry.

(e) *Field addresses.* The addresses of Regional Foresters, Station Directors, and Area Directors are given below. Under each Regional Office address is a list of National Forest Administrative Units by States with locations of Forest Supervisor headquarters. Headquarters locations for Ranger Districts, National Grasslands, and National

Forest Service, USDA

§ 200.2

Recreation Areas are not listed but may be obtained from Forest Supervisors or Regional Foresters.

NATIONAL FORESTS BY REGION

State in which forest is located	National forest administration unit	Headquarters location of forest supervisor
Region 1, Northern Region (Regional Forester, Federal Bldg., P.O. Box 7669, Missoula, MT 59807):		
Idaho	Clearwater	Orofino.
	Idaho Panhandle National Forests (Kaniksu-Coeur d'Alene-St. Joe)	Coeur d'Alene.
Montana	Nezperce	Grangeville.
	Beaverhead	Dillon.
	Bitterroot	Hamilton.
	Custer	Billings.
	Deerlodge	Butte.
	Flathead	Kalispell.
	Gallatin	Bozeman.
	Helena	Helena.
	Kootenai	Libby.
	Lewis and Clark	Great Falls.
	Lolo	Missoula.
Region 2, Rocky Mountain Region (Regional Forester, 740 Simms Street, P. O. Box 25127, Lakewood, CO 80225):		
Colorado	Arapaho-Roosevelt	Fort Collins.
	Grand Mesa-Uncompahgre and Gunnison	Delta.
	Pike-San Isabel	Pueblo.
	San Juan-Rio Grande	Monte Vista.
	White River	Glenwood Springs.
Nebraska	Nebraska (Samuel R. McKelvie)	Chadron.
South Dakota	Black Hills	Custer.
Wyoming	Bighorn	Sheridan.
	Medicine Bow-Routt	Laramie.
	Shoshone	Cody.
Region 3, Southwestern Region (Regional Forester, Federal Bldg., 517 Gold Ave. SW., Albuquerque, NM 87102):		
Arizona	Apache-Sitgreaves	Springerville.
	Coconino	Flagstaff.
	Coronado	Tucson.
	Kaibab	Williams.
	Prescott	Prescott.
	Tonto	Phoenix.
New Mexico	Carson	Taos.
	Cibola	Albuquerque.
	Gila	Silver City.
	Lincoln	Alamogordo.
	Santa Fe	Santa Fe.
Region 4, Intermountain Region (Regional Forester, 324 25th St., Ogden, UT 84401):		
Idaho	Boise	Boise.
	Caribou (Cache-Idaho portion)	Pocatello.
	Challis	Challis.
	Payette	McCall.
	Salmon	Salmon.
	Sawtooth	Twin Falls.
	Targhee	St. Anthony.
Nevada	Humboldt	Elko.
	Toiyabe, except the Lake Tahoe basin management unit.	Sparks.
Utah	Ashley	Vernal.
	Dixie	Cedar City.
	Fishlake	Richfield.
	Manti-La Sal	Price.
	Uinta	Provo.
	Wasatch (Cache-Utah portion)	Salt Lake City.
Wyoming	Bridger-Teton	Jackson.
Region 5, Pacific Southwest Region (Regional Forester, 630 Sansome St., San Francisco, CA 94111):		
California	Angeles	Arcadia.
	Cleveland	San Diego.
	Eldorado, except the Lake Tahoe basin management unit.	Placerville.

NATIONAL FORESTS BY REGION—Continued

State in which forest is located	National forest administration unit	Headquarters location of forest supervisor
	Inyo	Bishop.
	Klamath	Yreka.
	Lassen	Susanville.
	Los Padres	Goleta.
	Mendocino	Willows.
	Modoc	Alturas.
	Plumas	Quincy.
	San Bernardino	San Bernardino.
	Sequoia	Porterville.
	Shasta-Trinity	Redding.
	Sierra	Fresno.
	Six Rivers	Eureka.
	Stanislaus (Calaveras Bigtree)	Sonora.
	Tahoe, except the Lake Tahoe basin management unit.	Nevada City.
	Lake Tahoe basin management unit (portions of Toiyabe, Eldorado, and Tahoe National Forests).	South Lake Tahoe (headed by an administrator).
Region 6, Pacific Northwest Region (Regional Forester, 333 S.W. 1st Avenue, P.O. Box 3623, Portland, OR 97208):		
Oregon	Deschutes	Bend
	Fremont	Lakeview.
	Malheur	John Day.
	Mount Hood	Gresham.
	Ochoco	Prineville.
	Rogue River	Medford.
	Siskiyou	Grants Pass.
	Siuslaw	Corvallis.
	Umatilla	Pendleton.
	Umpqua	Roseburg.
	Wallowa-Whitman	Baker.
	Willamette	Eugene.
	Winema	Klamath Falls.
Washington	Colville	Colville.
	Gifford Pinchot	Vancouver.
	Mount Baker-Snoqualmie	Mountain Terrace.
	Okanogan	Okanogan.
	Olympic	Olympia.
	Wenatchee	Wenatchee.
Region 8, Southern Region (Regional Forester, 1720 Peachtree Rd. NW., Atlanta, GA 30367):		
Alabama	National forests in Alabama (William B. Bankhead, Conecuh, Talladega, Tuskegee).	Montgomery.
Arkansas	Ouachita	Hot Springs.
	Ozark-St. Francis	Russellville.
Florida	National forests in Florida (Apalachicola, Ocala, Osceola).	Tallahassee.
Georgia	Chattahoochee-Oconee	Gainesville.
Kentucky	Daniel Boone	Winchester.
Louisiana	Kisatchie	Pineville.
Mississippi	National Forests in Mississippi (Bienville, Delta, De Soto, Holly Springs, Homochitto, Tombigbee).	Jackson.
North Carolina	National forests in North Carolina (Crotan, Nantahala, Pisgah, Uwharrie).	Asheville.
Puerto Rico	Caribbean	Rio Piedras, PR.
South Carolina	Francis Marion and Sumter	Columbia.
Tennessee	Cherokee	Cleveland.
Texas	National forests in Texas (Angelina, Davy Crockett, Sabine, Sam Houston).	Lufkin.
Virginia	George Washington-Jefferson	Roanoke.
Region 9, Eastern Region (Regional Forester, 310 West Wisconsin Ave., Milwaukee, WI 53203):		
Illinois	Shawnee	Harrisburg.
Indiana and Ohio	Wayne-Hoosier	Bedford, IN.
Michigan	Hiawatha	Escanaba.
	Huron-Manistee	Cadillac.

NATIONAL FORESTS BY REGION—Continued

State in which forest is located	National forest administration unit	Headquarters location of forest supervisor
Minnesota	Ottawa	Ironwood.
	Chippewa	Cass Lake.
	Superior	Duluth.
Missouri	Mark Twain	Rolla.
New Hampshire and Maine	White Mountain	Laconia, NH.
Pennsylvania	Allegheny	Warren.
Vermont	Green Mountain	Rutland.
West Virginia	Monongahela	Elkins.
Wisconsin	Chequamegon	Park Falls.
	Nicolet	Rhineland.
Region 10, Alaska Region (Regional Forester, Federal Office Bldg., P.O. Box 21628, Juneau, AK 99802-1628):		
Alaska	Chugach	Anchorage.
	Tongass	
	Chatham area	Sitka.
	Ketchikan area	Ketchikan.
	Sitkine area	Petersburg.

FOREST AND RANGE EXPERIMENT STATIONS, LABORATORIES, AND INSTITUTES NAME OF UNIT AND HEADQUARTERS OF DIRECTOR

- North Central Research Station—1995 Folwell Avenue, St. Paul, MN 55108.
- Northeastern Research Station—100 Matsonford Road, 5 Radnor Corporate Center, Suite 200, P.O. Box 6775, Radnor, PA 19087-4585.
- Pacific Northwest Research Station—333 S.W. 1st Avenue, P.O. Box 3890, Portland, OR 97208-3890.
- Pacific Southwest Research Station—800 Buchanan Street, West Building, Albany, CA 94710-0011.
- Rocky Mountain Research Station—240 West Prospect Street, Fort Collins, CO 80526-2098.

Director, Northeastern Area—100 Matsonford Road, P.O. Box 6775, Radnor, PA 19087-4585.

NOTE: In Regions 1 through 8 and 10, State and Private Forestry activities are directed from Regional headquarters.

[41 FR 24350, June 16, 1976, as amended at 42 FR 32230, June 24, 1977; 42 FR 40438, Aug. 10, 1977; 43 FR 27190, June 23, 1978; 44 FR 5660, Jan. 29, 1979; 62 FR 33366, 33367, June 19, 1997]

Subpart B—Functions and Procedures

§ 200.3 Forest Service functions.

(a) *Legislative authority.* The basic laws authorizing activities of the Forest Service are set forth in the U.S.C. in title 7 (Agriculture), chapters 14, 17, 33, 55, 59, and 61; title 16 (Conservation), chapters 2, 3, 4, 5C, 6, 23, 27, 28, 30, 36, and 37; title 29 (Labor), chapter 17; and title 43 (Public Lands), chapters 22 and 35.

(b) *Work of the Forest Service.* Under delegated authority from the Secretary of Agriculture, the broad responsibilities of the Forest Service are:

(1) *Leadership in forestry.* The Forest Service provides overall leadership in forest and forest-range conservation, development, and use. This involves determination of forestry conditions and requirements, and recommendations of policies and programs needed to keep the Nation's private and public lands fully productive.

(2) *National Forest System administration.* (i) The Forest Service administers and manages the National Forest System lands in accordance with the Multiple-Use Sustained-Yield Act of June 12, 1960 (16 U.S.C. 528-531); the Forest and Rangeland Renewable Resources Planning Act of August 17, 1974 (16 U.S.C. 1600-1614); and the National Forest Management Act of October 22, 1976 (16 U.S.C. 472a, 476, 500, 513-516, 521b; 576b, 1600-1602, 1604, 1606, 1608-1614).

§ 200.4

(ii) The National Forest System comprises about 188 million acres of land in the National Forests, National Grasslands, and other areas which have been transferred to the Forest Service for administration. On these public lands:

- (A) Forestry methods are applied in growing and harvesting timber,
- (B) Forage is scientifically managed for the use of domestic livestock whose numbers are kept in balance with the carrying capacity of the range,
- (C) Wildlife habitat and species are managed,
- (D) Watersheds are managed to safeguard the water supply and stabilize streamflow,
- (E) Recreation resources are managed for public enjoyment and benefit,
- (F) Many forms of land and resource use are granted under permit or lease, and
- (G) Physical and resource improvements needed to develop, protect, and use all resources are built and maintained.

(3) *Cooperative forestry.* The Forest Service carries out cooperative forestry programs for public benefit through programs initiated by State, county, and other Federal agencies in accordance with the Cooperative Forestry Assistance Act of July 1, 1978 (16 U.S.C. 2101-2111). These programs are directed at the protection, development, and sustained production of all forestry resources, both public and private.

(4) *Forest research.* The Forest Service conducts research on problems involving protection, development, management, renewal, and continuous use of all resources, products, values, and services of forest lands in accordance with the Forest and Rangeland Renewable Resources Research Act of June 30, 1978 (16 U.S.C. 1641-1647). Research is conducted on:

- (i) Forest and range management, including the five basic resources of timber, forest soil and water, range forage, wildlife and fish habitat, and forest recreation,
- (ii) Forest protection from fire, insects, and disease,
- (iii) Forest products and engineering, and

36 CFR Ch. II (7-1-00 Edition)

(iv) Forest resource economics including forest survey, forest economics, and forest products marketing.

[44 FR 37505, June 27, 1979]

§ 200.4 Administrative issuances.

(a) The regulations of the Secretary of Agriculture governing the protection and administration of National Forest System lands and other programs of the Forest Service are set forth in Chapter 2 of Title 36 of the Code of Federal Regulations.

(b) Administrative policy, procedure, and guidance to Forest Service employees for the conduct of Forest Service activities are issued as directives, or through correspondence, by the office of the Chief of the Forest Service and by the field officers listed in § 200.2.

(1) Directives are issued through the Forest Service Directive System, which is comprised of the Forest Service Manual and related Forest Service Handbooks. The Directive System codifies the agency's policy, practice, and procedure affecting more than one unit and the delegations of continuing authority and assignment of continuing responsibilities; serves as the primary administrative basis for the internal management and control of all programs; and is the primary source of administrative direction to Forest Service employees.

(2) In contrast to direction issued through the Directive System, guidance issued to one or more organizational units through letters and memoranda relate to decisions or interpretations on specific activities, cases, or incidents or to other matters of agency business, especially those matters of short-term duration or immediate interest.

(c) Forest Service Directive System issuances are published under delegated authority as follows:

(1) The Forest Service Manual and Forest Service Handbook issuances to all Forest Service units are published by the Office of the Chief.

(2) Forest Service Manual and Forest Service Handbook issuances may be supplemented as needed for field office use by a Regional Forester, a Regional

Forest Service, USDA

§ 200.6

Special Agent in Charge of Law Enforcement and Investigations, a Research Station Director, the International Institute for Tropical Forestry Director, the Area Director, or a Forest Supervisor.

(d) Guidance issued through letters and memoranda must be issued in accordance with signing authorities delegated through issuances to the Forest Service Directive System.

(e) An alphabetical index of the contents of the Forest Service Manual and related Forest Service Handbooks is published in Forest Service Handbook 1109.11, Directive System User Guide. The index contains a listing of all Series, Titles, and Chapters in the Forest Service Manual and a listing of all Forest Service Handbooks in the Directive System.

(f) Forest Service Handbook 6209.11, Records Management Handbook, outlines and indexes the filing system for all correspondence and other records.

(g) Forms and reports used by the agency are listed in, and instructions for their use are issued throughout, the Forest Service Directive System and are collated in Forest Service Handbook 1309.14, Information Requirements Handbook.

[62 FR 33367, June 19, 1997]

§ 200.5 Indexes.

Publication of the indexes described in § 200.4 is deemed both unnecessary and impractical because of the large volume of material involved. However, copies of the indexes are available for public review in the Forest Service headquarters office in Washington, DC, and at field offices listed under § 200.2(d). The Forest Service will provide copies of any index upon request at a cost not to exceed the direct cost of duplication.

[40 FR 12790, Mar. 21, 1975. Redesignated at 62 FR 13540, Mar. 21, 1997]

§ 200.6 Information available; inspection, copying, and charges.

(a) In accordance with 5 U.S.C. 552(a) and 7 CFR 1.2, the Forest Service shall make available for public inspection and copying all published or unpublished directives, forms, records, and final opinions, including concurring or

dissenting opinions and orders made in the adjudication of cases. Charges for information requested from the Forest Service are set out in paragraph (d) of this section and vary according to the type of information requested.

(b) Information made available pursuant to paragraph (a) of this section may be obtained at the Office of the Chief, or the office of any Regional Forester, Research Station Director, Area Director, Institute Director, Forest Supervisor, or District Ranger. The addresses of these offices are set forth in §§ 200.1 and 200.2. Forest Service personnel at these offices will assist members of the public seeking Forest Service records. However, Research Station and Institute Directors and District Rangers may not have all volumes of the Forest Service Manual and Handbooks. When the information requested is not available at a given location, the personnel where the request is received will direct the requester to another office where the information may be obtained.

(c) Inspection and copying availability is as follows:

(1) Facilities for inspection and copying are available at the offices listed in §§ 200.1 and 200.2, during established office hours for the particular location, usually 8 a.m. to 5 p.m., Monday through Friday. Copying facilities may not be available at all Forest Service offices.

(2) Requesters for information may make copies of available information without charge if they elect to bring their own copy equipment to the appropriate offices listed in §§ 200.1 and 200.2.

(3) Requesters should make prior arrangements for using agency copying facilities or for bringing in copying equipment and, in the later case, should get advance approval from the office.

(d) Any request for information pursuant to the provisions of the Freedom of Information Act must be submitted in accordance with §§ 200.7 and 200.8. The Forest Service charges a fee for copies of records not generally made available to the public but released pursuant to a FOIA request in accordance with a schedule of fees established by the Department of Agriculture at 7 CFR Part 1, Subpart A, Appendix A.

§ 200.7

These fees do not apply to information that is generally and routinely made available to the public upon request, such as recreational brochures, pamphlets, maps, and technical guides as well as agency directive issuances. Separate charges for such general information are established in the agency's Directive System (§200.4). For example, some pamphlets and small segments of the Forest Service Manual and Handbook may be provided at no cost, but maps of the National Forest System and larger sections of the Manual and Handbook are available for a charge. Current charges are explained at the time the request is made.

[62 FR 13540, Mar. 21, 1997]

§ 200.7 Request for records.

Requests for records and the processing of those records are governed by the rules at 7 CFR 1.6. Agency officials are authorized to receive and act on requests for records as follows:

(a) The Regional Forester, Regional Special Agent in charge, Research Station Director, Area Director, and Institute Director at the field locations and addresses listed in §200.2; the Director of Law Enforcement and Investigations, other Staff Directors, or other officials whom the Chief may authorize, located in the Washington Office, are authorized to receive requests for such records, to make determinations regarding whether records exist, and to grant or deny requests for records exempt from disclosure under the provisions of 5 U.S.C. 552(b).

(b) Each of the officials listed in paragraph (a) of this section also is authorized to take the following actions:

(1) Extend the 10-day administrative deadline for reply pursuant to 7 CFR 1.14;

(2) Make discretionary releases pursuant to 7 CFR 1.17(b) of records exempt from mandatory disclosure;

(3) Deny records pursuant to 5 U.S.C. 552(b); and

(4) Make determinations regarding the charges of fees pursuant to 7 CFR 1.8(a).

[62 FR 33368, June 19, 1997, as amended at 63 FR 53811, Oct. 7, 1998]

36 CFR Ch. II (7-1-00 Edition)

§ 200.8 Appeals.

(a) Appeals from denials of requests submitted under §200.7 shall be submitted in accordance with U.S. Department of Agriculture rules at 7 CFR part 1, subpart A, and the appendix to subpart A to the Chief, Forest Service, U.S. Department of Agriculture, Auditors Building, 14th and Independence Avenue, S.W., P.O. Box 96090, Washington, DC 20090-6090.

(b) The Chief, or other official to whom such authority is delegated, shall determine whether to grant or deny the appeal and make all necessary determinations relating to an extension of the 20-day administrative deadline for reply, discretionary release of records exempt from mandatory disclosure under 5 U.S.C. 552(b), and charging the appropriate fees, pursuant to U.S. Department of Agriculture rules at 7 CFR part 1, subpart A, and the appendix to subpart A.

(c) The Forest Service Freedom of Information Act/Privacy Act Officer must review all proposed responses to appeals prior to signature.

[63 FR 53812, Oct. 7, 1998, as amended at 63 FR 60049, Nov. 6, 1998]

§ 200.12 Land status and title records.

(a) *Land Status Records System.* The Land Status Records System is the official, permanent repository for all agency realty records and land title documents for National Forest System lands. It includes an automated database which contains an accurate account of: acreage, condition of title, administrative jurisdiction, rights held by the United States, administrative and legal use restrictions, encumbrances, and access rights on land or interests in land in the National Forest System.

(1) *Components.* The system shall include, but is not limited to, the following components:

(i) A current and accurate Land Status Atlas for each National Forest, National Grassland, and other proclaimed or designated administrative unit, which shall graphically portray on maps keyed to a tabular summary the following categories of information:

Forest Service, USDA

§211.4

(A) Jurisdiction of and condition of title to lands administered as part of the National Forest System.

(B) All encumbrances on National Forest System lands.

(C) All partial interests administered by the Forest Service on other lands.

(D) All use restrictions, withdrawals, and special designated areas on National Forest System lands.

(E) The acreage of National Forest System lands, including riparian lands.

(ii) A master Land Status File, from which the agency data for the Atlas is derived and which includes the following:

(A) Discrete title files of each land-ownership adjustment.

(B) The original authorizing documents establishing or adjusting National Forest System lands and interests therein.

(C) Withdrawals, use restrictions, and special designated areas on National Forest System lands.

(D) Other information as deemed necessary.

(iii) Such reporting systems as are needed to provide title or status reports.

(2) *Display of Information.* Information in the system may be collected and maintained in narrative, graphic, tabular, or other form and may be entered into and maintained in automated systems as well as produced in paper form in accordance with such administrative direction as the Chief of the Forest Service or Regional Foresters may establish.

(b) *Availability.* A Land Status Atlas shall be maintained at each National Forest administrative unit or subunit, such as Ranger Districts or National Recreation Area offices. Each Regional Office shall maintain copies of the Atlas for all National Forests within that Region. Related land title and realty records for each National Forest System unit shall be maintained at the administrative headquarters of that unit. The Land Status Atlas and such title and realty records as are held at an administrative unit shall be available for public inspection.

[56 FR 29181, June 26, 1991, as amended at 59 FR 2987, Jan. 20, 1994]

PART 211—ADMINISTRATION

Subpart A—Cooperation

Sec.

211.1–211.2 [Reserved]

211.3 Cooperation with State officers.

211.4 Cooperation for fire prevention and control.

211.5 Emergency fire suppression assistance.

Subpart B—Appeal of Decisions Concerning the National Forest System

211.16 Appeal of resource recovery and rehabilitation decisions resulting from natural catastrophes.

211.17 Appeal of decisions to reoffer returned or defaulted timber sales on National Forests.

211.18 Appeal of decisions of forest officers.

AUTHORITY: 16 U.S.C. 472, 498, 551.

Subpart A—Cooperation

§§ 211.1–211.2 [Reserved]

§211.3 Cooperation with State officers.

All forest officers will cooperate with State officials, insofar as practicable, to enforce State fire, game, and health laws. They are authorized to accept appointments, without compensation, as deputy State fire wardens, game wardens, and/or health officers whenever in the judgment of the Chief of the Forest Service the performance of the duties required by these offices will not interfere with their duties as Federal forest officers.

[1 FR 1261, Aug. 15, 1936]

§211.4 Cooperation for fire prevention and control.

The Forest Service shall, whenever possible, and is hereby authorized to enter into such agreements with private owners of timber, with railroads, and with other industrial concerns operating in or near the national forests as will result in mutual benefit in the prevention and suppression of forest fires: *Provided*, That the service required of each party by such agreements shall be in proportion to the benefits conferred.

[1 FR 1261, Aug. 15, 1936]

§211.5

§211.5 Emergency fire suppression assistance.

(a) *Definitions.* For the purpose of this subpart these definitions apply:

(1) Prescribed fire means a fire burning under a set of specified conditions which will accomplish certain planned resource management objectives.

(2) Escaped prescribed fire means a prescribed fire which has either exceeded the prescription or has rekindled after it has been declared to be out.

(b) In the absence of a written reciprocal agreement with any fire organization or in situations outside the scope of an agreement, the Forest Service is authorized to render emergency assistance in suppressing fires and in preserving life and property from the threat of fire within the vicinity of Forest Service fire protection facilities under the following conditions:

(1) If a prescribed fire initiated on lands administered by the Forest Service escapes onto lands not administered by the Forest Service, the Forest Service may commit personnel, materials, and equipment without reimbursement or consideration of the fire's continuing threat to National Forest System lands or resources.

(2) When requested, the Forest Service may commit personnel, materials, and equipment on a reimbursable basis on lands not administered by the Forest Service without regard to the fire's threat to National Forest System lands or resources.

[48 FR 44537, Sept. 29, 1983]

§211.6 Cooperation in forest investigations or the protection, management, and improvement of the National Forest System.

(a) *Purpose and scope.* Forest Service officers, when engaged in cooperative activities otherwise authorized, may receive monies from cooperators only for cooperative work in forest investigations or for the protection, management, and improvement of the National Forest System and only in accordance with written cooperative agreements. Management of the National Forest System may include such work as planning, analysis, and related studies, as well as resource activities.

(b) *Reimbursements.* Agency expenditures for work undertaken in accord-

36 CFR Ch. II (7-1-00 Edition)

ance with this section may be made from Forest Service appropriations available for such work, with subsequent reimbursement from the cooperator, in accordance with established written agreements. Forest Service officers shall issue written bills for collection for cooperator reimbursement payments within the same fiscal year as Forest Service expenditures.

(c) *Bonding.* Each written agreement involving a non-Government cooperator's total contribution of \$25,000 or more to the Forest Service on a reimbursable basis, must include a provision requiring a payment bond to guarantee the cooperator's reimbursement payment. Acceptable security for a payment bond includes Department of the Treasury approved corporate sureties, Federal Government obligations, and irrevocable letters of credit. For the purposes of this section, a non-Government cooperator is an entity that is not a member, division, or affiliate of a Federal, State, or local government.

(d) *Avoiding conflict of interest.* Forest Service officers shall avoid acceptance of contributions from cooperators when such contributions would reflect unfavorably upon the ability of the Forest Service to carry out its responsibilities and duties. Forest Service officers shall be guided by the provisions of 18 U.S.C. parts 201-209, 5 CFR part 2635, and applicable Department of Agriculture regulations, in determining if a conflict of interest or potential conflict of interest exists in a proposed cooperative effort. Forest Service ethics officials or the designated Department of Agriculture ethics official should be consulted on conflict of interest issues.

[64 FR 60678, Nov. 8, 1999]

Subpart B—Appeal of Decisions Concerning the National Forest System

§211.16 Appeal of resource recovery and rehabilitation decisions resulting from natural catastrophes.

(a) *Purpose.* These rules provide an expedited and streamlined administrative appeal process for decisions arising from recovery and rehabilitation efforts on National Forest System

Forest Service, USDA

§211.16

lands and resources damaged in natural catastrophes.

(b) *Matters subject to appeal.* The procedures established in this section apply only to initial written decisions concerning resource removal, recovery, and rehabilitation activities resulting from natural catastrophes, such as forest fires, insect and disease epidemics, floods, winds, and earthquakes, that result from documentation required by the National Environmental Policy Act and its implementing regulations, policies, and procedures. Notice of the decisions appealable under this section and made after the effective date of this regulation shall be published in a local newspaper of general circulation immediately following the documentation referenced above. Subsequent implementing decisions, such as advertising timber salvage sales and/or awarding contracts, are not appealable under this section or 36 CFR 211.18.

(c) *Who may appeal.* The process set forth in this section is available to any individual or organization wishing to appeal a decision arising from resource removal, recovery, and rehabilitation activities resulting from natural catastrophe.

(d) *Who may comment.* Any person or organization interested in an appeal of a decision under this subpart may submit written comments to the Reviewing Officer for inclusion in the record.

(e) *Levels of appeal.* One level of administrative appeal is available.

(1) Appeals of decisions subject to the procedures of this section made by a District Ranger shall be filed with the Forest Supervisor.

(2) Appeals of decisions subject to the procedures of this section made by a Forest Supervisor shall be filed with the Regional Forester.

(f) *Filing procedures.* (1) To appeal a decision under this section, an appellant must file a written notice of appeal with the Reviewing Officer. If an appellant wishes to request a stay of implementation of the decision, the request must accompany the notice of appeal and be made in accordance with paragraph (i) of this section. The appellant must simultaneously provide a copy of the notice of appeal and any stay request to the Forest officer making the initial decision.

(2) All notices of appeal must be filed within 30 days of publication of the notice of decision.

(g) *Extensions of time.* There shall be no extension of the time periods specified in this section for either an appellant or the Forest Service.

(h) *Content of notice of appeal.* Parties appealing a decision under this section must include the following information in the written notice of appeal:

(1) The specific activity being appealed;

(2) The date notice of the decision was published;

(3) The Forest Officer who made the decision;

(4) How the appellant is affected by the decision; and

(5) The relief desired.

(i) *Stays.* (1) To request a stay, the appellant must:

(i) File a written request with the Reviewing Officer at the time the appeal is filed, simultaneously providing a copy to the Forest officer who made the initial decision in question.

(ii) Provide a written justification of the need for a stay, which includes a description of the specific activities to be stayed, and specific reasons why the stay should be granted, including:

(A) Harmful site-specific impacts or effects on resources in the area affected by the activity; and

(B) How the cited effects and impacts would prevent a meaningful decision on the merits.

(2) The Reviewing Officer shall rule on a stay request no later than 10 calendar days from receipt.

(i) If a stay is granted, the stay shall specify the activities to be stopped, duration of the stay, and reasons for granting the stay.

(ii) If a stay is denied in whole or in part, the decision shall specify the reasons for the denial.

(iii) A copy of the stay decision shall be sent to the appellant and the Forest Officer who made the initial decision.

(iv) A Reviewing Officer's decision on a stay is not subject to further appeal or review.

(j) *Review procedures.* (1) The Reviewing Officer shall determine if the notice of appeal has been timely filed. In the event of question, legible postmarks will be considered evidence of

§211.17

timely filing. Where postmarks are illegible, the Reviewing Officer shall rule on the timely receipt of the notice of appeal. If the appeal is untimely, the Reviewing Officer will immediately dismiss the appeal and notify the Forest Officer making the initial decision and the appellant.

(2) Upon receipt of a copy of the notice of appeal, the Forest Officer making the decision shall assemble the relevant decision documents and pertinent records and transmit them to the Reviewing Officer within 15 calendar days.

(3) In transmitting the decision documentation to the Reviewing Officer, the Forest Officer shall indicate how and specifically where the appellant's issues are addressed. Where time permits, the Forest Officer may also respond briefly to issues raised in the notice of appeal. A copy of the transmittal letter shall be provided to the appellant(s).

(4) The record on which the Reviewing Officer shall conduct a review consists of the notice of appeal, any other written comments received, the official documentation prepared by the Forest Officer making the initial decision, and any related correspondence, including additional information requested by the Reviewing Officer.

(5) The review record is available for public inspection.

(k) *Requests for additional information.* At any time during the appeal, the Reviewing Officer may request additional information from an appellant, the Forest Officer making the initial decision, or anyone who has submitted written comments. In addition, the Reviewing Officer may discuss issues related to the appeal with the Forest Officer making the initial decision, appellants, or affected parties.

(l) *Decision.* (1) The Reviewing Officer shall issue a final decision on the appeal, in writing, within 90 days of the Reviewing Officer's receipt of the notice of appeal, with a copy to anyone submitting comments.

(2) The Reviewing Officer's decision shall either affirm or reverse the original decision in whole or in part and include the reason(s) for the decision. The Reviewing Officer's decision may include instructions for further action

36 CFR Ch. II (7-1-00 Edition)

by the Forest Officer making the initial decision.

(3) The Reviewing Officer's decision is the final administrative decision of the Department of Agriculture and that decision is not subject to further review under this section or any other appeal regulation.

(m) *Dismissal.* (1) A Reviewing Officer shall dismiss an appeal without decision on the merits when:

(i) The appeal is not received within the time specified in paragraph (f) of this section;

(ii) The requested relief cannot be granted under existing facts, law or regulation;

(iii) The notice of appeal does not meet the requirements of paragraph (h) of this section;

(iv) The appellant withdraws the appeal; or

(v) The Forest Officer making the initial decision withdraws that decision.

(2) A Reviewing Officer's decision to dismiss is not subject to further appeal or review.

(3) A Reviewing Officer shall give written notice of a dismissal to the appellant and Forest Officer whose initial decision or appeal decision is being appealed.

(n) *Continuance.* Provisions of 36 CFR 211.18 will remain in effect for appeals of decisions concerning activities that result from natural catastrophes filed prior to May 13, 1988.

(o) *Applicability and effective date.* The procedures of this section shall not apply to any appeal received after February 22, 1989.

[53 FR 17032, May 13, 1988, as amended at 54 FR 3357, Jan. 23, 1989]

§211.17 Appeal of decisions to reoffer returned or defaulted timber sales on National Forests.

(a) *Purpose.* These rules provide an expedited and streamlined administrative appeal process for decisions to reoffer sales of timber that were returned to the Government under the provisions of the Federal Timber Contract Modification Payment Act of 1984 (16 U.S.C. 618) or that were defaulted by the purchaser.

(b) *Matters subject to appeal.* The procedures established in this section

Forest Service, USDA

§211.17

apply only to decisions to reoffer timber sales resulting from returned or defaulted timber sale contracts. Implementing decisions, such as advertising and/or awarding a reoffered sale, made subsequent to the initial decision to reoffer a returned or defaulted sale are not appealable under this section or 36 CFR 211.18.

(c) *Notice requirements.* (1) Notice of decisions appealable under this section and made after April 22, 1988, shall be published in a local newspaper of general circulation and also shall be provided in writing to parties to written instruments issued by the Forest Service who are known to be affected by the decision, as well as to any other interested persons or organizations who have requested notification of the specific decision.

(2) If the sale that is the subject of an appeal has been bid upon or awarded, the Reviewing Officer shall immediately notify the apparent high bidder or sale awardee of the appeal and the opportunity to comment as provided for in paragraph (f) of this section.

(d) *Who may appeal.* The process set forth in this section is available to:

(1) Any individual or organization who, following publication of the interim rule at 36 CFR 211.17 on January 28, 1988, submitted a timely Notice of Appeal on a decision to reoffer a sale of returned or defaulted timber.

(2) Any other individual or organization wishing to appeal a decision made prior to January 28, 1988, to reoffer a sale of returned or defaulted timber.

(3) Except as provided in paragraph (e) of this section, any individual or organization may appeal a decision made after January 28, 1988, to reoffer timber resulting from returned or defaulted timber sales.

(e) *Who may not appeal.* The process set forth in this section is not available to the defaulting purchaser of the original timber sale that is being or has been reoffered.

(f) *Who may comment.* Any person or organization interested in an appeal of a decision under this subpart may submit written comments to the Reviewing Officer for inclusion in the record.

(g) *Levels of appeal.* For decisions to reoffer timber sales made after October 30, 1986, one level of administrative ap-

peal is available. For decisions to reoffer timber sales made prior to October 30, 1986, two levels of administrative appeal are available; the second level being to the next higher administrative level.

(1) Appeals of decisions to reoffer timber sales made by a District Ranger shall be filed with the Forest Supervisor.

(2) Appeals of decisions to reoffer timber sales made by a Forest Supervisor shall be filed with the Regional Forester.

(h) *Filing procedures.* To appeal a decision under this section, an appellant must file a written notice of appeal with the Reviewing Officer. If an appellant wishes to request a stay of implementation of the decision, the request must accompany the notice of appeal and be made in accordance with paragraph (j) of this section. The appellant must simultaneously provide a copy of the notice of appeal and any stay request to the Forest officer making the initial decision to reoffer.

(1) For appeals filed pursuant to paragraph (d)(1) of this section, the notice of appeal must have been submitted by February 29, 1988.

(2) All notices of appeal pursuant to paragraph (d)(2) of this section must be submitted by May 23, 1988.

(3) All notices of appeal pursuant to paragraph (d)(3) of this section must be filed within 30 days of publication of the notice of decision, or from the date of the written decision for those parties pursuant to paragraph (c)(1) of this section entitled to receive written decision.

(i) *Extensions of time.* There shall be no extension of the time periods specified in this section for either an appellant or the Forest Service.

(j) *Content of notice of appeal.* Parties appealing a decision to reoffer a sale must include the following information in the written notice of appeal:

- (1) The timber sale being appealed;
- (2) Either the decision date or the date notice of the decision was published;
- (3) The Forest Officer who made the decision;
- (4) How the appellant is affected by the decision;
- (5) The relief desired; and

§211.17

36 CFR Ch. II (7-1-00 Edition)

(6) A description of environmentally significant modifications or changed circumstances which are alleged to have occurred between when the initial timber sale was offered and sold and the date of the appeal on the decision to reoffer the sale.

(k) *Second level appeals.* For appeals to the second level filed pursuant to paragraph (g) of this section, a notice of appeal must be filed with the next higher administrative level within 15 days from the date of the first level Reviewing Officer's appeal decision. If the first level Reviewing Officer is the Forest Supervisor, the appeal is to the Regional Forester. If the first level Reviewing Officer is the Regional Forester, the appeal is to the Chief. The notice need only include the documents submitted at the previous level, the first level decision letter, and a statement addressing why the appellant believes the Reviewing Officer's decision is erroneous. A copy of that statement must be provided to the first level Reviewing Officer also. The first level Reviewing Officer may provide a response to the notice of appeal to the second level Reviewing Officer; and must send a copy to the appellant. The review will be based on the existing record from the first level appeal, the second level notice of appeal, and any response by the first level Reviewing Officer. A decision shall be issued within 45 days after receiving the notice of appeal.

(l) *Stays.* (1) To request a stay, the appellant must:

(i) File a written request with the Reviewing Officer at the time the appeal is filed, simultaneously providing a copy to the Forest officer who made the initial decision to reoffer the timber sale in question.

(ii) Provide a written justification of the need for a stay, which includes a description of the specific activities to be stayed, and specific reasons why the stay should be granted, including:

(A) Harmful site-specific impacts or effects on resources in the area affected by the reoffered timber sale; and

(B) How the cited effects and impacts would prevent a meaningful decision on the merits.

(2) The Reviewing Officer shall rule on a stay request no later than 10 calendar days from receipt.

(i) If a stay is granted, the stay shall specify the activities to be stopped, duration of the stay, and reasons for granting the stay.

(ii) If a stay is denied in whole or in part, the decision shall specify the reasons for the denial.

(iii) A copy of the decision shall be sent to the appellant and the Forest Officer who made the initial decision to reoffer.

(iv) A Reviewing Officer's decision on a stay is not subject to further appeal or review.

(m) *Review procedures.* (1) The Reviewing Officer shall determine if the notice of appeal has been timely filed. In the event of question, legible postmarks will be considered evidence of timely filing. Where postmarks are illegible, the Reviewing Officer shall rule on the timely receipt of the notice of appeal. If the appeal is untimely, the Reviewing Officer will immediately dismiss the appeal and notify the Forest officer making the initial decision and the appellant.

(2) Upon receipt of a copy of the notice of appeal, the Forest Officer making the decision to reoffer a sale shall assemble the relevant decision documents and pertinent records and transmit them to the Reviewing Officer within 15 calendar days.

(3) In transmitting the decision documentation to the Reviewing Officer, the Forest Officer shall indicate how and specifically where the appellant's issues are addressed. Where time permits, the Forest Officer may also respond briefly to issues raised in the notice of appeal. A copy of the transmittal letter shall be provided to the appellant(s).

(4) The record on which the Reviewing Officer shall conduct a review consists of the notice of appeal, any other written comments received, the official documentation prepared by the Forest Officer making the initial decision to reoffer, and any related correspondence, including additional information requested by the Reviewing Officer.

(5) The review record is open to public inspection.

(n) *Requests for additional information.* At any time during the review, the Reviewing Officer may request additional information from an appellant, the

Forest Service, USDA

§211.18

Forest officer making the initial decision to reoffer, or anyone who has submitted written comments. In addition, the Reviewing Officer may discuss issues related to the appeal with the Forest officer making the initial decision to reoffer, appellants, or those receiving notice pursuant to paragraph (c) of this section, as needed to clarify information submitted or to seek resolution of the issues in question.

(o) *Decision.* (1) The Reviewing Officer shall issue a final decision on the appeal, in writing, within 90 days of the Reviewing Officer's receipt of the notice of appeal, with a copy to any person submitting comments.

(2) The Reviewing Officer's decision shall either affirm or reverse the original decision in whole or in part and include the reason(s) for the decision. The Reviewing Officer's decision may include instructions for further action by the Forest Officer making the initial decision.

(3) The Reviewing Officer's decision is the final administrative decision of the Department of Agriculture and that decision is not subject to further review under this section or any other appeal regulation, except for appeals to the second level filed pursuant to paragraph (g) of this section.

(p) *Dismissal.* (1) A Reviewing Officer shall dismiss an appeal without decision on the merits when:

(i) The appeal is not received within the time specified in paragraph (h) of this section;

(ii) The requested relief cannot be granted under existing facts, law or regulation;

(iii) The notice of appeal does not meet the requirements of paragraph (j) or (k) of this section;

(iv) The appellant withdraws the appeal; or

(v) The Forest Officer making the initial decision to reoffer a sale withdraws that decision.

(2) An appeal may be dismissed in whole or in part if an appellant challenges a Decision Notice or Record of Decision without referring to (i) changed circumstances or (ii) environmentally significant modifications which are alleged to have occurred after the initial timber sale was offered

and the decision made to sell the timber.

(3) A Reviewing Officer's decision to dismiss is not subject to further appeal or review.

(4) A Reviewing Officer shall give written notice of dismissal to the appellant and Forest Officer whose initial decision or appeal decision is being appealed.

(q) *Applicability and effective date.* The procedures of this section shall not apply to any decision signed on or after September 13, 1991.

[53 FR 13265, Apr. 22, 1988; 53 FR 40730, Oct. 18, 1988, as amended at 56 FR 46550, Sept. 13, 1991]

§211.18 Appeal of decisions of forest officers.

(a) *Matters subject to appeal.* (1) Decisions of Forest Officers concerning the National Forest System and not excluded in paragraph (b) of this section are subject to appeal.

(2) Written notice of a decision shall be provided to the party or parties to a written instrument issued by the Forest Service and affected by the decision, and to any other interested person who has requested in writing notification of the specific decision.

(3) For other persons, notification of a decision may be provided through publication in a newspaper of general circulation.

(b) *Matters excluded from appeal under this section.* (1) Decisions appealable to the Agriculture Board of Contract Appeals, USDA, under 7 CFR part 24.

(2) Decisions involving Freedom of Information Act denials under 7 CFR part 1 or Privacy Act determinations under 7 CFR 1.118.

(3) Decisions in which the jurisdiction of another Government agency, the Comptroller General, or a court supersedes that of the Department of Agriculture, or decisions to provide advisory, non-binding recommendations to other agencies which have the final authority to implement the recommendations in question.

(4) Decisions appealable under separate administrative proceedings, including, but not limited to, those under 36 CFR 228.14 (Minerals); 36 CFR 292.15(l) (Appeals, Sawtooth National Recreation Area, Private Lands); 36

§211.18

36 CFR Ch. II (7-1-00 Edition)

CFR 223.117 (Administration of Cooperative or Federal Sustained Yield Units); 7 CFR 21.104 (Eligibility for Relocation Payment or Amount); and 4 CFR part 21 (Bid Protests).

(5) Decisions pursuant to OMB Circular A-76.

(6) Decisions concerning contracts under the Federal Property and Administrative Services Act of 1949, as amended.

(7) Decisions covered by the Contract Disputes Act.

(8) Decisions involving personnel matters.

(9) Decisions where relief sought is reformation of a contract or award of monetary damages.

(10) Procedural decisions made under this subpart, except those involving stays and dismissals.

(11) Preliminary planning process decisions made prior to completion of final plans and guides prepared pursuant to 36 CFR part 219 and 40 CFR parts 1500-1508.

(12) Decisions resulting from review of previous decisions to terminate a recreation residence permit.

(13) Decisions to reoffer timber from returned or defaulted timber sales appealable under §211.17.

(14) Subsequent actions to advertise and/or award a reoffered sale.

(15) Initial decisions arising from recovery and rehabilitation activities resulting from natural catastrophes appealable under §211.16 of this subpart and subsequent implementing decisions, such as advertising timber salvage sales and/or awarding contracts made pursuant to such decisions.

(c) *Filing procedures and timeliness.* (1) A notice of appeal of any initial decision must be filed with the Forest Officer who made the decision, known as the Deciding Officer, within 45 days of the date of the decision. A statement of reasons to support the appeal, and any request for an oral presentation must also be filed within the 45-day period for filing a notice of appeal unless an extension is granted.

(2) A notice of appeal at the second level must be filed within 30 days of written decision. A statement of reasons to support the appeal and any request for an oral presentation must ac-

company any notice of appeal at the second level.

(3) The period to appeal a decision made according to 40 CFR 1505.2 shall not end prior to the 30-day period provided for in 40 CFR 1506.10.

(4) When determining time of filing, Reviewing Officers shall give precedence to United States Postal Service (USPS) postmarks over other evidence of timely filing. Filing is defined as either mailing or delivery of the appropriate documents. If documents are delivered by means other than the USPS, date of receipt determines time of filing. If the date of mailing cannot be determined from a legible USPS postmark, the Reviewing Officer may accept other evidence of timely filing. Weekends or Federal holidays are included in computing the time allowed for filing, but when the filing time would expire on a weekend or holiday, the filing time is extended to the end of the next business day.

(5) Questions on timeliness will be decided by the Reviewing Officer.

(6) Decisions may be implemented unless a stay is granted.

(d) *Extensions.* (1) Time for filing notice of appeal may not be extended.

(2) Written requests for extensions to request an oral presentation, to prepare a statement of reasons, to provide comments on the responsive statement, and to submit comments following an oral presentation may be granted by the Reviewing Officer for good cause shown by the Applicant. A decision will be made within 10 days of receipt and written notification will be provided.

(e) *Notice of appeal content.* The notice must specifically identify the decision being appealed, the decision date, the Forest Officer who made the decision, how the Appellant is affected by the decision, and the relief desired.

(f) *Levels of appeal.* (1) The available levels of appeal are in sequence according to the National Forest System line officer relationship. A decision made within delegated authority by any officer who serves as staff to a line officer listed below is considered a decision made by the line officer. A procedural decision cannot be appealed to a level

Forest Service, USDA

§211.18

higher than that available for the initial substantive decision from which the procedural matter arises.

(i) Initial decisions of a District Ranger may be appealed to the Forest Supervisor, with second level appeal to the Regional Forester.

(ii) Initial decisions of a Forest Supervisor may be appealed to the Regional Forester, with second level appeal to the Chief.

(iii) Initial decisions of a Regional Forester may be appealed to the Chief.

(iv) Initial decisions of the Chief may be appealed to the Secretary of Agriculture.

(2) Appeal decisions made by the Chief will be sent to the Secretary within one business day: The Secretary may exercise discretion to review such decisions, but will accept a notice of appeal or petition only for initial decisions made by the Chief.

(3) A notice of appeal of any initial decision made by the Chief shall, within 5 days of its receipt by the Chief, be sent along with the relevant decision to the Secretary for review at the Secretary's discretion. The appeal is deemed denied if the Secretary takes no action within 10 days of receiving the appeal.

(4) Appeal decisions made by the Chief may be implemented if the Secretary, within 10 days of receipt, does not exercise discretionary review.

(5) If the Secretary elects to review a decision made by the Chief, the review may be conducted based on the record before the Chief, or under other procedures the Secretary may deem appropriate, including the preparation of a responsive statement.

(6) Decisions at the final level of review constitute the final administrative determination of the Department of Agriculture.

(g) *Responsive statement.* At each level of appeal except for decisions of the Chief, the Deciding Officer will, within 30 days of receiving a statement of reasons, prepare a responsive statement and send it to the parties to the appeal. The responsive statement will respond to Appellant's reasons, and by specific reference may incorporate documents submitted by parties to the appeal. Appellants may, within 20 days from the mailing date of the responsive state-

ment, provide a concise reply. Upon receipt of such reply, or at the end of the 20-day period, whichever comes first, the appeal record will be sent to the Reviewing Officer.

(h) *Stay of decision pending appeal.* (1) An appellant or intervenor may request a stay of decision at any time while an appeal is pending.

(2) When a request to intervene is accompanied by a stay request, the Reviewing Officer shall first decide whether to grant intervention. The 21-day period for ruling on the stay request begins on the date intervention is granted. The Reviewing Officer will not rule on the stay request if intervention is denied.

(3) In making a request for stay of decision, an appellant or intervenor must:

(i) File the request for stay and accompanying documents with the Reviewing Officer and simultaneously provide a copy to the Deciding Officer.

(ii) Enclose a copy of the Notice of Appeal or request for intervention, unless already submitted and acknowledged.

(iii) As part of the request, provide a written description of the specific project(s), activity(ies), or other action(s) to be stopped. The request must state the specific reason(s) why the stay should be granted in detail sufficient to permit the Reviewing Officer to evaluate and rule upon the stay request. Requesters' description shall include:

(A) Specific effect(s) upon the requester in site-specific terms of the project(s), activity(ies), or other action(s) to be stopped; (B) impacts or affects to resources in the area affected by the project(s), activity(ies), or action(s) to be stopped; and (C) how the effects in paragraphs (h)(3)(iii) (A) and (B) of this section would prevent a meaningful appeal on the merits while the appeal decision is pending.

(4) The Reviewing Officer may rule on a stay request or petition to change or lift a stay at any time, but, must rule no later than 21 calendar days from receipt.

(i) If a stay is granted, the stay shall specify: Specific activities to be stopped; duration of the stay; and reasons for granting the stay. A stay shall

remain in effect for 10 days after a decision on the merits, unless a different period is specified in the stay decision document, or a Reviewing Officer changes a stay decision pursuant to paragraph (h)(7) of this section.

(ii) If a stay is denied, in whole or in part, the decision document shall specify the reasons for the denial and any subsequent appeal rights.

(5) In deciding a stay request, a Reviewing Officer shall consider the following:

(i) Information provided by the requester pursuant to paragraph (h)(3)(iii) of this section including the validity of any claims of injury to the requester or the public interest.

(ii) The effect a stay decision would have on the preservation of a meaningful appeal on the merits.

(iii) Any other factors the Reviewing Officer may consider relevant.

(6) Deciding Officers may provide Reviewing Officers with a response to stay requests. A copy of any response provided shall be sent to all parties to the appeal.

(7) A Reviewing Officer may change a stay decision, according to any terms established in the stay decision itself, or at any time during pendency of an appeal that circumstances support a change of the stay.

(i) A Reviewing Officer may change a stay decision upon petition by any party to the appeal (including the Deciding Officer) at any time that circumstances support such action. A decision not to change a stay decision is not appealable.

(ii) In making any change to a stay decision, the Reviewing Officer must consider the criteria outlined in paragraph (h)(5) of this section.

(iii) Petitions to change an existing stay decision must contain an explanation of how circumstances have changed.

(8) Levels of appeal for any decision on a stay request or change thereof are those specified in paragraphs (f), (l), and (o) of this section. Appellants may choose to file a procedural appeal of a stay decision pursuant to paragraph (o)(4) of this section or to request a change in a stay decision pursuant to paragraph (h)(7) of this section, but may not elect to pursue both options.

In appeals with multiple parties (appellants and/or intervenors), once any party invokes a procedural appeal of a stay decision or a request to change a stay decision, whichever occurs first, all other parties shall be bound by that action and cannot then pursue the alternate course of action.

(9) The provisions of paragraphs (h)(1) through (h)(8) of this section apply to all appeals pending on July 20, 1987.

(i) *Dismissal.* (1) An Appellant may withdraw an appeal at any time by notifying the Deciding Officer and other parties to the appeal in writing.

(2) A Reviewing Officer may dismiss an appeal when:

(i) Appellant has failed to submit a timely statement of reasons and the notice of appeal provides an insufficient basis upon which to base a decision.

(ii) Relief desired by the Appellant cannot be granted under existing facts or laws.

(3) Dismissals are appealable, if a level is available as set forth in paragraph (f) of this section.

(j) *Scope of appeal.* Throughout all levels of appeal, an Appellant and any Intervenor shall be confined to the issues originally raised in the appeal. New information on the original issues may be introduced at any level.

(k) *Provision for comments.* Any person or organization may submit written comments for the record. Such comments will be considered as provided for in paragraph (p) of this section.

(l) *Intervenors.* (1) At the discretion of the Reviewing Officer, any person or organization having an immediate interest in the subject of an appeal may intervene by submitting written information at any level of the appeal process. Such intervention shall not act to elevate the appeal to levels higher than available to the original Appellant.

(2) In appeals involving Intervenors, the Reviewing Officer may prescribe special procedures to expedite the process. The parties to the appeal will be notified of these procedures.

(3) Appellants and Intervenors must concurrently furnish copies of all submissions to each other; otherwise, such submissions may be removed from the appeal record. At the discretion of the

Reviewing Officer, Appellants may be given time to review and comment on initial submissions by intervenors and vice versa.

(4) Appellants or Intervenors appealing a decision to a higher level must furnish copies of their notice of appeal to all other named parties to the appeal.

(m) *Oral presentation.* Within the appeal time limits established herein, parties to an appeal may ask to give an oral presentation. The Reviewing Officer will respond in writing to the request no later than 10 days after receiving the appeal record. If the request is granted, the Reviewing Officer will advise the parties of who will hear the presentation, and of the place, time, and date. Participants may provide documentary material at the presentation and, within 10 days after the presentation, may also submit a brief summary of their remarks.

(n) *Consolidation of appeals.* Multiple appeals of the same decision, or of similar decisions involving common issues, facts, or law, may be consolidated by the Reviewing Officer who may then issue one appeal decision. At the discretion of the Reviewing Officer, the Deciding Officer may prepare one responsive statement to multiple appeals.

(o) *Procedural matters.* (1) Decisions on stays and dismissals are the only appealable procedural decisions. Such appeals must be filed with the Deciding Officer within 30 days of the procedural decision. A statement of the Appellant's reasons must be included.

(2) Within 10 days of receipt, the Deciding Officer shall send appeals on stays and dismissals and a response to the Reviewing Officer for decision.

(3) Decisions on procedural matters will be made by the Reviewing Officer within 10 days of receipt and all parties will be notified of the decision in writing.

(4) Appeal of decisions on procedural matters cannot exceed the highest level available for the initial substantive decision appealed.

(p) *Appeal record.* The record consists of a distinct set of identifiable documents directly concerning the appeal, including, but not limited to, notices of appeal, comments, statements of rea-

sons, responsive statements, procedural determinations, correspondence, summaries of oral presentations and related documents, appeal decisions, and other information the Reviewing Officer may consider necessary to reach a decision. For a period not to exceed 10 days following the date the record is received by the Reviewing Officer or from the date of the oral presentation, whichever is the later date, parties may submit additional information to the Reviewing Officer for the record. They must concurrently send copies to all other parties who may within 20 days of the date they receive such material, provide a concise response to the Reviewing Officer. Upon receipt of such response, the record will be closed. The record is open for public inspection.

(q) *Request for additional information or remand for further action.* If the appeal record is considered inadequate to affirm or reverse a decision, the Reviewing Officer may suspend the appeal process and request additional information, or remand the case with instructions for further action.

(r) *Appeal decision.* An appeal decision will be based only on the record and should be made within 30 days of the date the record is closed. The Appellant will be notified if more time is needed.

(s) *Continuance of appeals.* Provisions of 36 CFR 211.19 will remain in effect for appeals initially filed between June 28, 1977, and the effective date of 36 CFR 211.18. The procedures of this section shall not apply to any decision of a forest officer made after February 21, 1989.

PART 212—ADMINISTRATION OF THE FOREST DEVELOPMENT TRANSPORTATION SYSTEM

Sec.

212.1 Definitions.

212.2 Forest development transportation program.

§ 212.1

- 212.3 Cooperative work.
- 212.4 Construction and maintenance.
- 212.5 Road system management.
- 212.6 Ingress and egress.
- 212.7 Access procurement by the United States.
- 212.8 Permission to cross lands and easements owned by the United States and administered by the Forest Service.
- 212.9 Principles for sharing use of roads.
- 212.10 Maximum economy forest development roads.
- 212.11—212.12 [Reserved]
- 212.13 Temporary suspension of road construction in unroaded areas.
- 212.14—212.19 [Reserved]
- 212.20 National forest development trail system operation.
- 212.21 Pacific Crest National Scenic Trail.

AUTHORITY: 16 U.S.C. 551, 23 U.S.C. 205.

§ 212.1 Definitions.

For the purpose of this part the following terms, respectively, shall mean:

(a) *Chief*. The Chief, Forest Service, Department of Agriculture.

(b) *Regional forester*. A regional forester of the Forest Service.

(c) *Forest development transportation plan*. The plan for the system of access roads, trails, and airfields needed for the protection, administration, and utilization of the National Forests and other lands administered by the Forest Service, or the development and use of resources upon which communities within or adjacent to the National Forests are dependent.

(d) *Forest development transportation facility*. An access road, trail, or airfield wholly or partly within or adjacent to and serving a National Forest and other lands administered by the Forest Service which has been included in the forest development transportation plan.

(e) *Forest development road and trail funds*. Funds authorized or appropriated for the purpose of carrying out the provisions of section 205 of the Act of August 27, 1958 (72 Stat. 907), as amended; 23 U.S.C. 205.

(f) *Road and trail 10 percent funds*. Funds available from the permanent appropriation "Roads and Trails for States" under the Act of March 4, 1913 (37 Stat. 843), as amended; 16 U.S.C. 501.

(g) *Federal airport funds*. Discretionary funds available for airfields in National Forests under section 6(b)(3)

36 CFR Ch. II (7–1–00 Edition)

of the Act of May 13, 1946 (60 Stat. 173), as amended; 49 U.S.C. 1105(b)(3).

(h) *Construction*. The supervising, inspecting, actual building, and all expense incidental to the construction or reconstruction of a forest development transportation facility, including locating, surveying, and mapping (including the establishment of temporary and permanent geodetic markers in accordance with the specifications of the Coast and Geodetic Survey in the Department of Commerce), costs of rights-of-way, and elimination of hazards.

(i) *Maintenance*. The upkeep of the entire forest development transportation facility including surface and shoulders, parking and side areas, structures, and such traffic-control devices as are necessary for its safe and efficient utilization.

(j) *Preconstruction engineering*. All work and expense of preparing for construction or reconstruction of a forest development transportation facility including:

- (1) Engineering and economic investigations, studies, and reports;
- (2) Reconnaissance surveys;
- (3) Preliminary surveys;
- (4) Preliminary location surveys;
- (5) Soils, foundations, and materials investigations, surveys, and tests;
- (6) Preliminary and final designs;
- (7) Preliminary and final plans, drawings, specifications, and estimates of quantities and cost;
- (8) Final location surveys staked on the ground; and
- (9) Rights-of-way surveys, plans, and descriptions.

(k) *Construction engineering*. All work and expense of setting out, controlling, inspecting, and measuring the construction or reconstruction of a forest development transportation facility including:

- (1) Construction surveys to establish line and grade for the work, to control the work, and to measure quantities;
- (2) Redesigning, adjusting, and changing the plans, specifications, and materials to meet conditions;
- (3) Inspecting, directing, and controlling operations for compliance with plans and specifications;

Forest Service, USDA

§212.5

(4) Inspecting, testing, and accepting materials and equipment to be installed in the work; and

(5) Inspecting, measuring, and accepting completed work.

(25 Stat. 357, 26 Stat. 1103, 30 Stat. 35-36, 1233, 38 Stat. 430, 46 Stat. 1421 64 Stat. 82, 72 Stat. 885, as amended, 74 Stat. 215, 78 Stat. 1089; 16 U.S.C. 471, 478, 498, 525, 528, 531, 532, 538, 551, 572, 23 U.S.C. 101, 205, 40 U.S.C. 257, 258a, et seq., 42 Atty. Gen. Op. No. 7, Comp. Gen. B-65972, May 19, 1947; 40 Comp. Gen. 372; 41 Comp. Gen. 1; 41 Comp. Gen. 576, and 42 Comp. Gen. 590)

[30 FR 5476, Apr. 16, 1965]

§212.2 Forest development transportation program.

(a) A forest development transportation plan must be prepared for each National Forest and experimental forest and other areas under Forest Service administration. The plan must be prepared, maintained, revised, and reported on in accordance with procedures prescribed by the Chief.

(b) A program of work for the forest development transportation system shall be developed each fiscal year in accordance with procedures prescribed by the Chief.

(c) Forest development transportation system funds shall be allocated based on consideration of relative needs of the various National Forests and other lands administered by the Forest Service, the existing transportation facilities, the value of timber or other resources served, relative fire danger, and comparative difficulties of construction.

[62 FR 58654, Oct. 30, 1997]

§212.3 Cooperative work.

(a) Cooperative agreements for all projects which involve financial contributions from cooperators shall be negotiated, approved, and executed in accordance with procedures prescribed by the Chief.

(b) Cooperative funds contributed in advance shall be deposited in the United States Treasury to the credit of the Forest Service Cooperative Fund authorized by the Act of June 30, 1914 (38 Stat. 430), as amended; 16 U.S.C. 498, or the Act of March 3, 1925 (43 Stat. 1132), as amended; 16 U.S.C. 572, which

deposits will be made available for expenditure from the appropriation "Cooperative Work, Forest Service." If a State, county or other governmental agency is unable to contribute funds under the Act of March 3, 1925, as amended, in advance but is able to pay its share subsequent to performance of the work, the subsequent payment of such funds will be deposited to the credit of the Forest Service appropriation from which the expenditures were made or to appropriations for similar purposes currently available at the time of deposit.

[25 FR 6360, July 7, 1960. Redesignated at 62 FR 58654, Oct. 30, 1997]

§212.4 Construction and maintenance.

(a) Construction and maintenance work on forest development transportation facilities with appropriated funds shall be directed to what is necessary and economically justified for protection, administration, development, and multiple-use management of the federally owned lands and resources served.

(b) Preliminary engineering and the construction and maintenance of forest development transportation facilities shall be performed by force account or let to contract, unless otherwise approved by the Chief. The contract method shall be employed for roads and trails in accordance with section 205(c) of the Act of August 27, 1958 (72 Stat. 907); 23 U.S.C. 205, and for all other facilities when it is advantageous and in the interest of the Government.

(c) No construction work shall be started by force account or let to contract until all necessary rights of way have been secured, and approved by the Attorney General, if required, and cooperative agreements, if any, approved and executed.

[24 FR 10256, Dec. 18, 1959, as amended at 25 FR 6360, July 7, 1960. Redesignated at 62 FR 58654, Oct. 30, 1997]

§212.5 Road system management.

(a) *Traffic rules.* Rules set forth under 36 CFR part 261 and this section shall apply to all forest development roads under the jurisdiction of the Forest Service except when in conflict with written agreement.

§ 212.5

36 CFR Ch. II (7–1–00 Edition)

(1) *General.* Traffic on roads is subject to State traffic laws where applicable except when in conflict with the rules established under 36 CFR part 261.

(2) *Specific.* The following specific traffic rules shall apply unless different rules are established in 36 CFR part 261.

(i) The load, weight, length, height, and width limitations of vehicles shall be in accordance with the laws of the States wherein the road is located. Greater or lesser limits may be imposed and these greater or lesser limits shall be established as provided in 36 CFR part 261.

(ii) Roads, or segments thereof, may be restricted to use by certain classes of vehicles or types of traffic as provided in 36 CFR part 261. Classes of vehicles are defined to include, but not be limited to, distinguishable groupings such as passenger cars, buses, trucks, motorcycles, automobiles, 4-wheel drive vehicles and trailers. Types of traffic are defined to include, but not be limited to, groupings such as commercial hauling, recreation and administrative.

(iii) Roads, or segments thereof, may be closed to all vehicle use as provided in 36 CFR part 261.

(iv) Additional rules may be imposed as provided in 36 CFR part 261.

(b) [Reserved]

(c) *Cost recovery on forest service roads.* The Chief may determine that a share of the cost of acquisition, construction, reconstruction, improvement, or maintenance of a road, or segment thereof, used or to be used for commercial hauling of non-Federal forests products and other non-Federal products, commodities and materials, should be borne by the owners or haulers thereof. The Chief may condition the permission to use a road, or segment thereof, upon payment to the United States of the proportionate share of the cost and bearing proportionate maintenance as determined to be attributable to the owner's or hauler's use in accordance with § 212.9. This condition to use roads would apply where the owners or haulers:

(1) Have not shared in the cost of acquisition, construction, reconstruction, or improvements, and

(2) Have not made contributions to pay their proportionate share of the costs.

(d) *Maintenance and reconstruction of forest service roads by users—(1) Maintenance.* The Chief may require, but not in conflict with an existing permit, easement, contract, or other agreement, the user or users of a road, including purchasers of Government timber and other products, to maintain the roads in a satisfactory condition commensurate with the particular use requirements of each. The maintenance to be borne by each user shall be proportionate to total use and no individual user shall be required to perform or bear the costs of maintenance other than that commensurate with his use.

(2) *Reconstruction.* The Chief may require, but not in conflict with an existing permit, easement, contract, or other agreement, the user or users of a road to reconstruct it when, at the time the use is requested, reconstruction is determined to be necessary to accommodate his use.

(3) *Deposits in lieu of performance.* If the maintenance or reconstruction cannot be so provided or if the Chief determines that maintenance or reconstruction by a user would not be practical, the Chief may require that sufficient funds be deposited by the user to provide his portion of the total maintenance or reconstruction costs. Deposits made to cover maintenance or reconstruction of roads shall be used for the purposes deposited, except that:

(i) Deposits received for work on adjacent and overlapping areas may be combined when it is the most practicable and efficient manner of performing the work, and cost thereof may be determined by estimates, and

(ii) Unexpended balances upon accomplishment of the purposes for which deposited shall be transferred to miscellaneous receipts or refunded.

(e) *Deposits for making delayed payments to cooperator.* Any fees or other collections received by the Chief under the terms of an agreement or other document providing for delayed payments to the Government's cooperator for use of a road shall be placed in a

Forest Service, USDA

fund available for making these payments.

[39 FR 27649, July 31, 1974, as amended at 42 FR 2957, Jan. 14, 1977; 43 FR 20007, May 10, 1978; 62 FR 58654, Oct. 30, 1997. Redesignated and amended at 62 FR 58654, Oct. 30, 1997]

§ 212.6 Ingress and egress.

(a) *Policy in acquiring and granting access.* To assure effective protection, management, and utilization of lands administered by the Forest Service and intermingled and adjacent private and public lands, and for the use and development of the resources upon which communities within or adjacent to the National Forests are dependent, the Chief shall as promptly as is feasible obtain needed access thereto and shall grant appropriate access across National Forest and other lands and easements administered by the Forest Service to intermingled or adjacent landowners. Construction, reconstruction or maintenance of a road or highway requires written authorization.

(b) *Actual settlers and other persons residing within the National Forests and other areas administered by the Forest Service.* Actual settlers and other persons residing within the National Forests and other areas administered by the Forest Service shall be permitted ingress and egress over the same and use of existing forest development roads and trails in order to reach their homes and to utilize their property: Provided, such ingress and egress or use shall conform to rules and regulations governing the protection and administration of the lands and the roads or trails to be used.

(c) *Others.* Entering upon the National Forests and other lands administered by the Forest Service and use of existing forest development roads and trails shall be permitted for all proper and lawful purposes subject to compliance with rules and regulations gov-

§ 212.7

erning the lands and the roads or trails to be used.

(25 Stat. 357, 26 Stat. 1103, 30 Stat. 35-36, 1233 38 Stat. 430, 46 Stat. 1421, 64 Stat. 82, 72 Stat. 885; as amended, 74 Stat. 215, 78 Stat. 1089; 16 U.S.C. 471, 478, 498, 525, 528-531, 532, 538, 551, 572, 23 U.S.C. 101, 205, 40 U.S.C. 257, 258a et seq.; 42 Atty. Gen. Op. No. 7; Comp. Gen. B-65972, May 19, 1947; 40 Comp. Gen. 372; 41 Comp. Gen. 1; 41 Comp. Gen. 576, and 42 Comp. Gen. 590)

[40 FR 52611, Nov. 11, 1975, as amended at 42 FR 2957, Jan. 14, 1977. Redesignated at 62 FR 58654, Oct. 30, 1997]

§ 212.7 Access procurement by the United States.

(a) *Existing or proposed forest development roads which are or will be parts of a system of a State, county, or other local subdivision.* Forest development roads which are or will be parts of a road system of a State, county, or other local subdivision and are on rights-of-way held in the name of the State, county, or other local subdivision may be constructed, reconstructed, improved or maintained by the Forest Service when there is an appropriate agreement with the State, county, or other local subdivision under authority of 23 U.S.C. 205: *Provided,* Such construction, reconstruction, improvement, or maintenance is essential to provide safe and economical access to the National Forests and other lands administered by the Forest Service.

(b) *Acquisition of easements and rights of use.* Except as otherwise provided in the regulations of this part, easements for road and trail construction across non-Federal lands and easements or rights of use over non-Federal roads and trails will be acquired in the name of the United States of America and its assigns. The easements or rights of use may be acquired by purchase, condemnation, donation, or as a reciprocal for permits or easements for roads or trails to be constructed or for easements over or permits to use existing roads or trails.

(c) *Methods of compensation for easements and rights of use acquired by the*

§212.8

United States. Compensation in negotiated acquisitions may be:

(1) By payment from appropriated funds;

(2) Pursuant to reservation in the grant of easement to the United States whereby the grantor reserves the right to require haulers of Federal timber or other Federal products over the road conveyed or thereafter constructed by the grantor to make payments to the grantor in accordance with the terms of the reservation;

(3) By granting reciprocal rights; or

(4) By a combination of these methods.

(d) *Cooperative construction and use agreements.* Where areas, partly lands administered by the Forest Service and partly private or other ownership are undeveloped or inadequately developed by roads, the Chief will, to the extent feasible and advantageous to the United States, join in planning, constructing, reconstructing, improving, maintaining, and using an adequate road system on the basis of each party bearing the proportion of the cost attributable to the anticipated benefits as set forth in §212.9.

(e) *Condemnation.* Where access across non-Federal land or over a non-Federal road or trail cannot be obtained through negotiations with reasonable promptness, condemnation will be undertaken.

(f) *Access over non-Federal land and use of non-Federal roads or trails on a temporary basis.* The Chief may negotiate a temporary agreement for access over non-Federal land and for use of an existing non-Federal road or trail where there is immediate need for temporary access for limited purposes that can be economically met by such procedure, or where the foreseeable need does not justify the expenditures necessary to provide a permanent road or trail.

(g) *Use and control of interests in roads, trails, and easements acquired by the United States.* Interests in roads, trails, and easements acquired by the United States shall be under the control of the United States, subject to approved reservations, limitations and other provisions set forth in the easement, permit, or other indenture. This control by the United States may include restricting

36 CFR Ch. II (7-1-00 Edition)

or conditioning the use of the interest owned by the United States in the road, trail, or easement where necessary.

(25 Stat. 357, 26 Stat. 1103, 30 Stat. 35-36, 1233, 38 Stat. 430, 46 Stat. 1421, 64 Stat. 82, 72 Stat. 885, as amended, 74 Stat. 215, 78 Stat. 1089; 16 U.S.C. 471, 478, 498, 525, 528-531, 532, 551, 572, 23 U.S.C. 101, 205, 40 U.S.C. 257, 258a et seq.; 42 Atty. Gen. Op. No. 7; Comp. Gen. B-65972, May 19, 1947; 40 Comp. Gen. 372; 41 Comp. Gen. 1; 41 Comp. Gen. 576, and 42 Comp. Gen. 590)

[30 FR 5476, Apr. 16, 1965, as amended at 39 FR 27650, July 31, 1974; 62 FR 58654, Oct. 30, 1997. Redesignated and amended at 62 FR 58654, Oct. 30, 1997]

§212.8 Permission to cross lands and easements owned by the United States and administered by the Forest Service.

(a) *Permission to construct or use roads across lands and assignable easements owned by the United States and administered by the Forest Service.* If a reciprocal benefit is needed by the United States, permission to construct or use a road across lands and across assignable easements owned by the United States and administered by the Forest Service will be conditioned, except as provided in this section, for any applicant who seeks a permit to construct or use a road across the same, upon the grant to the United States of a reciprocal benefit. Such benefit shall bear:

(1) A reasonable relation to the management of lands administered by the Forest Service; and

(2) A value substantially similar to the value of the estate or interest in lands or easements applied for. In those instances where the values of the interests needed by the United States exceed those applied for by the applicant, the additional interests required by the United States will be acquired as provided in §212.7(b) and (c). Where values needed by the applicant exceed those needed by the United States, the difference in values will be determined under principles set forth below and in §§212.5(c) and 212.9. If a reciprocal benefit is not needed by the United States, or the applicant shows good cause why the reciprocal benefit needed by the United States cannot or should not be granted by him, or the applicant declines to grant the reciprocal benefit

requested by the United States or if a bona fide emergency exists, permission to construct or use a road across lands owned by the United States may be conditioned for any applicant upon reasonable charges and all other terms and conditions required by the Chief to protect the interests of the United States. Permits for such road construction or use will be non-exclusive and will be conditioned upon compliance with their terms and conditions and with the rules and regulations governing the protection and administration of the lands and those applicable to such roads.

(b) [Reserved]

(c) *Replacement of prior grants.* (1) Upon application to the Chief, an easement under the Act of March 3, 1899 (30 Stat. 1233, 16 U.S.C. 525), shall be replaced by an easement under paragraph (d) of this section.

(2) Upon application to the Chief, an easement shall be granted under paragraph (d) of this section as a replacement for any stipulations for ingress and egress issued under the Act of June 4, 1897 or permit or other document evidencing the applicant's right to use a road: *Provided*, The applicant has met the requirements for obtaining such easement as set forth in paragraph (d) of this section.

(d) *Easements for roads crossing lands or easements administered by the Forest Service.* (1) Applications for permanent or temporary easements for specified periods or otherwise to be granted under the Act of October 13, 1964 (78 Stat. 1039, 16 U.S.C. 533), over lands or easements administered by the Forest Service, or over roads thereon will be approved by the Chief for those applicants who have conveyed or provided appropriate easements over roads, assignable easements and lands owned or controlled by them to the United States of America and its assigns and who have already constructed, or will, as scheduled by agreement, construct their proportionate share of the road or road system of which the segments described in the application are parts. The Chief, after approval of the application and the grant of the easement, will cause the same to be entered in

the records of the Forest Service, and delivered to the applicant.

(2) Notwithstanding paragraph (d)(1) of this section, the Chief may grant to the applicant a permanent or temporary easement for specified periods or otherwise upon such exchange of easements or share-cost arrangement or other reasonable consideration as he may deem appropriate.

(3) The Chief may grant to a State or local subdivision thereof; easements for roads over lands or easements administered by the Forest Service and over roads thereon, when the roads thereon or roads to be constructed thereon will serve said lands and are, or will become a part of the road system maintained by such State or local subdivision for general public use: *Provided*, That easements shall not be granted under authority of this act (78 Stat. 1089), 16 U.S.C. 533 which may be granted under the Highway Act (72 Stat. 916, 23 U.S.C. 317), as amended. The easements shall contain such provisions, terms, and conditions as the Chief may determine are necessary to retain and protect the interests needed by the United States.

(4) All instruments affecting permanent interests in land executed pursuant to this paragraph (d) of this section shall be recorded in each county where the lands are located. Copies of all instruments affecting interests in lands reserved from public domain shall be furnished by the Chief to the Secretary of the Interior.

(5) The Chief may terminate any easement granted under the provisions of the Act of October 13, 1964 (78 Stat. 1089, 16 U.S.C. 534),

(i) By consent of the owner of the easement,

(ii) By condemnation, or

(iii) Upon abandonment after nonuse by the owner of the easement for a period of 5 years. Before any easement is terminated for nonuse or abandonment, the owner of the easement must be given notice and, upon his request made within 60 days after receipt of the notice, a hearing in accordance with

§212.9

36 CFR Ch. II (7-1-00 Edition)

the provisions of 36 CFR part 211, subpart B.

(25 Stat. 357, 26 Stat. 1103, 30 Stat. 35-36, 1233, 38 Stat. 430, 46 Stat. 1421, 64 Stat. 82, 72 Stat. 885, as amended, 74 Stat. 215, 78 Stat. 1089; 16 U.S.C. 471, 478, 498, 525, 528-531, 532, 538, 551, 572, 23 U.S.C. 101, 205, 40 U.S.C. 257, 258a et seq.; 42 Atty. [30 FR 5476, Apr. 16, 1965, as amended at 39 FR 27650, July 31, 1974; 48 FR 28638, June 23, 1983. Redesignated and amended at 62 FR 58654, Oct. 30, 1997]

§212.9 Principles for sharing use of roads.

The use of roads under arrangements for sharing costs or performance shall be in accordance with the following:

(a) *Road improvement.* Use of a road for commercial hauling, except occasional or minor amounts, will be conditioned upon improvement or supplemental construction of the road to safety and economically serve the contemplated use, unless the Chief determines that the safety and economy of the established and foreseeable use by the United States, its users and co-operators will not be impaired by the use for which application is being made. With the consent of the Chief the applicant may deposit funds in the estimated amount required for the improvements or supplemental construction in lieu of performance. Such funds will be used by the Forest Service to do the planned work. The cost of the improvements or supplemental construction will be taken into account in determining any otherwise required contribution to cover the proportionate share of the cost of road acquisition, construction, reconstruction or improvement attributable to the use.

(b) *Corresponding benefits.* Corresponding benefits which may be accepted by the Chief for sharing road use will be those which bear a reasonable relation to the management of lands administered by the Forest Service. They may be in the form of:

(1) Deposit of funds with the Forest Service for use in paying the cost of road construction, reconstruction, or improvement to be borne by the user;

(2) The grant of a reciprocal right of substantially similar value to the road use sought;

(3) Construction, reconstruction, or improvement by applicant of a road needed for access to and use of lands administered by the Forest Service; or
(4) any combination of these.

(c) *Cost determinations for roads cooperatively constructed under agreements.* When roads are constructed under cooperative agreements to meet mutual needs of the United States and others for access, determinations of the shares of costs to be borne by the United States and the cooperating parties will include consideration of:

(1) The standard of road required for the planned hauling;

(2) The share of planned use;

(3) The location and volume of tributary timber owned by each party and expected to be hauled over the road or roads;

(4) The tributary areas owned or controlled by each party;

(5) Expected use by the public; and

(6) Other appropriate considerations.

(d) *Cost recovery by the United States from others.* When roads are used under permit for commercial hauling instead of under cooperative agreement, any cost to be recovered by the United States will be calculated in proportion to the planned use of the road. The road cost used in such calculation will be the amount or estimated amount expended in the acquisition, construction, reconstruction, and improvement of that capacity of the road required to serve the use needs of all parties that are or reasonably can be expected to use the road. The road costs shall not exceed the replacement value of the road. Such road share-cost payments will be through deposits in advance of use unless the user provides a payment bond satisfactory to the Chief guaranteeing that payments will be made promptly upon billing by the Forest Service.

(e) *Cost sharing with a cooperator.* The costs to achieve the agreed upon road or road system may be met by:

(1) Use of appropriated funds;

(2) Construction, reconstruction, or improvement of roads or segments of roads by purchasers of products from

Forest Service, USDA

§ 212.10

lands administered by the Forest Service or other users;

(3) Use of deposits made by cooperator with the Forest Service to cover cooperator's agreed share;

(4) Agreement with cooperator pursuant to which cooperator does more than his agreed share of constructing, reconstructing, or improving a road and recovers costs incurred in excess of his agreed share by charging purchasers of products from lands administered by the Forest Service an equitable amount within the limits and to the total amount specified in the agreement; or

(5) A combination of the aforementioned methods.

(f) *Road maintenance and resurfacing.* Cooperators will share the road maintenance and resurfacing costs under suitable agreements to perform, arrange for performance by others, or by making deposits with the Forest Service which will be used to pay the cost of work necessary to keep such roads in satisfactory condition commensurate with use requirements of each cooperator. No cooperator shall be required to perform or bear such costs other than those occasioned by its individual use. Other users will bear costs in accordance with § 212.5(d).

(g) *Interests to be acquired by the United States in roads or easements therefor.* Where the United States is to bear or share the cost of constructing or improving, or acquiring a road system, a road, or a segment thereof, or acquires an easement therefor, the interest acquired will:

(1) Be for perpetual use unless the road use falls within the limited classes where temporary roads or roads for limited periods are acceptable;

(2) Provide adequately for foreseeable management, protection, and utilization needs of lands administered by the Forest Service and intermingled and adjacent private and public lands and for the use and development of the resources upon which communities within or adjacent to the National Forest are dependent; and

(3) not be subject to conditions, reservations, or covenants unrelated to the road use, or which seek or might tend to direct or limit policies and pro-

cedures for management of lands administered by the Forest Service.

(25 Stat. 357, 26 Stat. 1103, 30 Stat. 35-36, 1233, 38 Stat. 430, 46 Stat. 1421, 64 Stat. 82, 72 Stat. 885, as amended, 74 Stat. 215, 78 Stat. 1089; 16 U.S.C. 471, 478, 498, 525, 528-531, 532, 538, 551, 572, 23 U.S.C. 101, 205, 40 U.S.C. 257, 258a et seq.; 42 Atty. § 212.10 Maximum economy forest development roads.

The Chief may acquire, construct, reconstruct, improve, and maintain forest development roads within and near the National Forests and other lands administered by the Forest Service in locations and according to specifications which will permit maximum economy in harvesting timber from such lands tributary to such roads and at the same time meet the requirements for protection, development, and management thereof and for utilization of the other resources thereof. Financing of such roads may be accomplished—

(a) By the Chief utilizing appropriated funds,

(b) By requirements on purchasers of National Forest timber and other products, including provisions for amortization of road costs in contracts,

(c) By cooperative financing with other public agencies and with private agencies or persons, or

(d) By a combination of these methods: *Provided*, That where roads of a higher standard than that needed in the harvesting and removal of the timber and other products covered by the particular sale are to be constructed, the purchaser of the National Forest timber and other products shall not be required to bear that part of the costs necessary to meet such higher standard, and the Chief may make such arrangements to this end as may be appropriate, including arrangements for performance of purchaser's road development work under the Act of March 3,

§§ 212.11—212.12

1925, as amended by section 5 of the Act of April 24, 1950 (16 U.S.C. 572).

§§ 212.11—212.12 [Reserved]

§ 212.13 Temporary suspension of road construction in unroaded areas.

(a) *Definitions.* The special terms used in this section are defined as follows:

(1) *Road.* A vehicle travel way of over 50 inches wide. As used in this section, a road may be *classified* or *unclassified*.

(i) *Classified road.* A road that is constructed or maintained for long-term highway vehicle use. Classified roads may be public, private, or forest development.

(A) *Public road.* A road open to public travel that is under the jurisdiction of and maintained by a public authority such as States, counties, and local communities.

(B) *Private road.* A road under private ownership authorized by an easement to a private party, or a road which provides access pursuant to a reserved or private right.

(C) *Forest development road.* A road wholly or partially within or adjacent to a National Forest System boundary that is necessary for the protection, administration, and use of National Forest System lands, which the Forest Service has authorized and over which the agency maintains jurisdiction.

(ii) *Unclassified road.* A road that is not constructed, maintained, or intended for long-term highway use, such as, roads constructed for temporary access and other remnants of short-term use roads associated with fire suppression, timber harvest, and oil, gas, or mineral activities, as well as travel ways resulting from off-road vehicle use.

(2) *Unroaded area.* An area that does not contain classified roads.

(3) *RARE II.* The acronym for the second Roadless Area Review and Evalua-

36 CFR Ch. II (7–1–00 Edition)

tion conducted by the Forest Service in 1979 that resulted in an inventory of roadless areas considered for potential wilderness designation.

(b) *Suspensions.* Except as provided in paragraphs (c) and (d) of this section, new road construction projects, including temporary road construction, and road reconstruction projects are suspended within the following areas of the National Forest System:

(1) All remaining unroaded portions of RARE II inventoried roadless areas within the National Forest System, and all other remaining unroaded portions of roadless areas identified in a land and resource management plan prepared pursuant to the National Forest Management Act (16 U.S.C. 1604) that lie one-quarter mile or more beyond any existing classified road as of March 1, 1999;

(2) All National Forest System unroaded areas of more than 1,000 acres that are contiguous to remaining unroaded portions of RARE II inventoried roadless areas or contiguous to areas inventoried in land and resource management plans. For purposes of implementing this category of suspension, areas of 1,000 acres or more must have a common boundary of considerable length, provide important corridors for wildlife movement, or extend a unique ecological value of the established inventoried area;

(3) Roadless areas listed in Table 5.1 of the Southern Appalachian Area Assessment, Social/Cultural/Economic Technical Report, Report 4 of 5, July 1996;

(4) All National Forest System unroaded areas greater than 1,000 acres that are contiguous to congressionally-designated wilderness areas or that are contiguous to Federally-administered components of the National Wild and Scenic River System (16 U.S.C. 1274) which are classified as Wild; and

(5) All National Forest System unroaded areas greater than 1,000 acres that are contiguous to unroaded areas of 5,000 acres or more on other federal lands.

(c) *Exemptions.* Road construction and reconstruction projects are not subject to the suspension established by paragraph (b) of this section if they fall

Forest Service, USDA

§ 212.21

within one of the following unroaded areas:

(1) Unroaded areas within national forests that have a signed Record of Decision revising their land and resource management plans prepared pursuant to the National Forest Management Act (16 U.S.C. 1604) after January 1, 1996, and on which the administrative appeals process under 36 CFR part 217 has been completed as of March 1, 1999;

(2) Unroaded areas within a National Forest that have a signed Record of Decision revising the land and resource management plan prepared pursuant to the National Forest Management Act (16 U.S.C. 1604) on which the administrative appeals process under 36 CFR part 217 has begun before or after March 1, 1999. (For these forests, any issues related to the construction of roads in unroaded areas will be addressed in the appeal decision, when appropriate.);

(3) Unroaded areas within the National Forest System encompassed by a land and resource management plan amendment or revision adopted before or during the period in which this section is effective, where such amendment or revision has been developed through multi-federal agency coordination using a science based eco-regional assessment;

(4) Road construction or reconstruction in unroaded areas where roads are needed for public safety, needed to ensure access provided by statute, treaty, or pursuant to reserved or outstanding rights; or needed to address an imminent threat of flood, fire, or other catastrophic event that, without intervention, would cause the loss of life or property.

(d) *Scope and applicability.* (1) This rule does not suspend or modify any existing permit, contract, or other instrument authorizing the occupancy and use of National Forest System land. Additionally, this rule does not suspend or modify any existing National Forest System land allocation decision, nor is this rule intended to suspend or otherwise affect other management activities or uses within unroaded areas in which road construction or reconstruction projects are sus-

pending pursuant to paragraph (b) of this section.

(2) This rule does not suspend or modify road construction or reconstruction associated with the multi-federal agency Yellowstone Pipeline project.

(3) The suspensions established by paragraph (b) of this section remain in effect until the Forest Service, after giving appropriate public notice and opportunity to comment, adopts its revised road management policy, or 18 months from the effective date of this rule, whichever is first.

(e) *Effective date.* The suspension of road construction and reconstruction projects in unroaded areas as provided in paragraph (b) of this section is effective March 1, 1999.

[64 FR 7304, Feb. 12, 1999]

§§ 212.14—212.19 [Reserved]

§ 212.20 National Forest development trail system operation.

(a) *Forest development trails.* Forest development trails shall be identified on a map available to the public at the offices of the Forest Supervisors and District Rangers and shall be marked on the ground by appropriate signs which reasonably bring their location to the attention of the public.

(b) [Reserved]

[43 FR 20007, May 10, 1978]

§ 212.21 Pacific Crest National Scenic Trail.

The Pacific Crest National Scenic Trail as defined by the National Trails Systems Act, 82 Stat. 919, shall be administered primarily as a footpath and horseback riding trail by the Forest Service in consultation with the Secretary of the Interior. The use of motorized vehicles may be authorized by the Federal Agency administering the segment of trail involved when use of such vehicles is necessary to meet emergencies or to enable landowners or land users to have reasonable access to their lands or timber rights.

(82 Stat. 919 (16 U.S.C. 1241 *et seq.*))

[43 FR 20007, May 10, 1978]

PART 213—ADMINISTRATION OF LANDS UNDER TITLE III OF THE BANKHEAD-JONES FARM TENANT ACT BY THE FOREST SERVICE

Sec.

213.1 Designation, administration, and development of National Grasslands.

213.2 Authority for Chief, Forest Service, to group, define, and name national grasslands.

213.3 Protection, occupancy, use, administration, and exercise of reservations.

213.4 Prior rules and regulations superseded.

AUTHORITY: 50 Stat. 525, as amended; 7 U.S.C. 1010-1012.

§ 213.1 Designation, administration, and development of National Grasslands.

(a) The land utilization projects administered by Department of Agriculture designated in paragraph (e) of this section hereafter shall be named and referred to as *National Grasslands*.

(b) The National Grasslands shall be a part of the National Forest system and permanently held by the Department of Agriculture for administration under the provisions and purposes of title III of the Bankhead-Jones Farm Tenant Act.

(c) The National Grasslands shall be administered under sound and progressive principles of land conservation and multiple use, and to promote development of grassland agriculture and sustained-yield management of the forage, fish and wildlife, timber, water and recreational resources in the areas of which the National Grasslands are a part.

(d) In the administration of the National Grasslands the resources shall be managed so as to maintain and improve soil and vegetative cover, and to demonstrate sound and practical principles of land use for the areas in which they are located. The Chief of the Forest Service shall, to the extent such action is feasible provide that policies for management of the Federally-owned lands exert a favorable influence for securing sound land conservation practices on associated private lands.

(e) National Grasslands in the following States and counties are hereby grouped and designated as indicated:

State in which grassland is located	National grassland	Counties where located
California	Butte Valley	Siskiyou.
Colorado	Pawnee	Weld.
	Comanche ..	Baca, Los Animas, Otero.
Idaho	Curlew	Oneida, Power.
Kansas	Cimarron	Morton, Stevens.
Nebraska	Oglala	Dawes, Sioux.
New Mexico	Kiowa	Colfax, Harding, Mora, Union.
North Dakota	Cedar River	Grant, Sioux.
	Sheyenne ...	Ransom, Richland.
	Little Mis-	Billings, Golden Val-
	souri.	ley, McKenzie, Slope.
Oklahoma	Rita Blanca	Cimarron.
Oklahoma-Texas	Black Kettle	Roger Mills (Okla.), Hemphill (Tex.).
Oregon	Crooked River.	Jefferson.
South Dakota	Buffalo Gap	Custer, Fall River, Jackson, Pennington.
	Grand River	Corson, Perkins, Ziebach.
	Fort Pierre ...	Jones, Lyman, Stanley.
Texas	Lyndon B. Johnson.	Montague, Wise.
	Rita Blanca	Dallas.
	Caddo	Fannin.
	McClellan Creek.	Gray.
Wyoming	Thunder Basin.	Campbell, Converse, Crook, Niobrara, Weston.

[25 FR 5845, June 24, 1960, as amended at 27 FR 12217, Dec. 11, 1962; 28 FR 6268, June 19, 1963; 41 FR 38164, Sept. 9, 1976; 56 FR 8280, Feb. 28, 1991]

§ 213.2 Authority for Chief, Forest Service, to group, define, and name national grasslands.

The Chief, Forest Service, is authorized to group the national grasslands into administrative units, define, change or modify their boundaries, and to provide such specific designations therefor as he finds necessary and desirable for effective and economical administration thereof and for public and official reference thereto.

[33 FR 12370, Sept. 4, 1968]

§ 213.3 Protection, occupancy, use, administration, and exercise of reservations.

(a) The rules and regulations applicable to the national forests as set forth in title 36, Code of Federal Regulations, or as hereafter amended, supplemented, or promulgated, are hereby adopted as the rules and regulations to govern the exercise of reservations in conveyances

Forest Service, USDA

§215.2

to the United States and to prevent trespasses on and otherwise regulate the protection, use, occupancy, and administration of the National Grasslands and all other lands administered by the Forest Service under the provisions of title III of the Bankhead-Jones Farm Tenant Act insofar as is practical and consistent with said act: *Provided*, That Forest Service officers may continue under delegated authority to acquire lands, to make exchanges, to grant easements and enter into leases, permits, agreements, contracts and memoranda of understanding involving such lands under such terms and conditions and for such consideration, fees or rentals as authorized by title III of the said Act.

(b) Existing valid rights, reservations easements, leases, permits, agreements, contracts and memoranda of understanding affecting these lands shall continue in full force and effect so long as they remain valid in accordance with the terms thereof.

[27 FR 9217, Sept. 18, 1962]

§213.4 Prior rules and regulations superseded.

Except as provided in §213.3, the rules and regulations heretofore issued for the land utilization projects are hereby superseded as to all such projects administered by the Forest Service, but not as to such project lands administered by other agencies.

[27 FR 9217, Sept. 18, 1962]

SOURCE: 58 FR 58910, Nov. 4, 1993, unless otherwise noted.

§215.1 Purpose and scope.

(a) *Purpose*. The rules of this part have two purposes. First, this part establishes a process by which persons or organizations may receive notice and be provided opportunity to comment on proposed actions implementing national forest land and resource management plans prior to a final decision by the responsible official. This includes notice of and opportunity to comment on nonsignificant amendments of land and resource management plans that are made in conjunction with those proposed actions. Second, this part provides for prompt administrative review of project and activities implementing forest plans and establishes who may appeal decisions on planned actions, the kind of decisions that may be appealed, the responsibilities of the participants in an appeal, and the procedures that apply.

(b) *Scope*. The process established in this part constitutes the final administrative opportunity for the public to influence National Forest System project decisionmaking prior to implementation. The rules of this part complement, but do not replace, numerous other opportunities to participate in and influence agency decisionmaking provided pursuant to the National Environmental Policy Act of 1969, the National Forest Management Act, and the implementing regulations and procedures in 40 CFR parts 1500-1508 and 36 CFR parts 216 and 219, Forest Service Manual Chapters 1920 and 1950, and Forest Service Handbooks 1909.12 and 1909.15.

§215.2 Definitions.

For the purpose of this part—

§215.2

36 CFR Ch. II (7-1-00 Edition)

Appeal is the written document filed with an Appeal Deciding Officer by one who objects to a decision covered by this part.

Appeal Deciding Officer is the Forest Service line officer having the delegated authority and responsible to render a decision on an appeal filed under this part.

Appeal Period is the 45 calendar-day period during which an appeal may be filed with the Appeal Deciding Officer.

Appeal Record is the information assembled and/or created during the course of an appeal and upon which review of an appeal is conducted. It consists of the decision documentation, the appeal, the Responsible Official's documentation of the informal disposition meeting, the public notice of decision document, and written comments submitted by interested parties.

Appeal Reviewing Officer is an agency official who reviews an appeal and makes a written recommendation to the Appeal Deciding Officer on the disposition of the appeal.

Appellant is a person or organization filing an appeal under this part.

Categorical Exclusion refers to a category of actions which do not individually or cumulatively have a significant effect on the human environment and for which neither an environmental impact statement (EIS) nor an environmental assessment (EA) is required (40 CFR 1508.4; Forest Service Handbook 1909.15, Chapter 30).

Comment Period is the 30 calendar day period, following publication of the notice for public comment, available to interested persons to provide comments to a Responsible Official on a proposed action subject to this part.

Decision Document is the document that records the decisions for actions implementing land and resource management plans. (See also, Record of Decision, Decision Notice, and Decision Memo.)

Decision documentation refers to the decision document and all relevant environmental and other analysis documentation and records on which the Responsible Official based a decision that is at issue under an appeal filed pursuant to this part. Decision documentation may include, but is not limited to, a project or case file, Record of

Decision, Decision Notice, Decision Memo, environmental assessment, finding of no significant impact, draft and final environmental impact statement, land and resource management plan, regional guide, and documents incorporated by reference in any of the preceding documents.

Decision Memo is a concise written record of a Responsible Official's decision to implement actions that have been categorically excluded from documentation in an environmental impact statement or environmental assessment (40 CFR 1508.4, Forest Service Handbook 1909.15, Chapter 30).

Decision Notice is a concise written record of a Responsible Official's decision based on an environmental assessment and a finding of no significant impact. (40 CFR 1508.9, Forest Service Handbook 1909.15, Chapter 40).

Environmental Assessment is a concise public document that provides sufficient evidence and analysis for determining whether to prepare an environmental impact statement or a finding of no significant impact (40 CFR 1508.9; Forest Service Handbook (FSH), 1909.15, Chapter 40).

Environmental Impact Statement is a detailed written statement as required by section 102(2)(C) of the National Environmental Policy Act of 1969 (40 CFR 1508.11; FSH 1909.15, Chapter 20).

Finding of No Significant Impact (FONSI) is a document prepared by a federal agency presenting the reasons why an action, not otherwise excluded, will not have a significant effect on the human environment and for which an environmental impact statement, therefore, will not be prepared. It includes the environmental assessment or a summary of it and shall note any other environmental documents related to it (40 CFR 1508.13; Forest Service Handbook 1909.15, Chapter 40).

Forest Service line officer is a Forest Service official who serves in a direct line of command from the Chief and who has the delegated authority to make and execute decisions subject to this part. Specifically, for the purposes of this part, a Forest Service employee who holds one of the following offices and titles: District Ranger, Deputy Forest Supervisor, Forest Supervisor, Deputy Regional Forester, Regional

Forest Service, USDA

§215.4

Forester, Associate Deputy Chief, Deputy Chief, Associate Chief of the Forest Service, or an employee delegated the authority to act in one of these capacities.

Interested Party is a person or organization other than the appellant that provides written information to the Appeal Reviewing Officer regarding an appeal.

Proposed action is a proposal made by the Forest Service to authorize, recommend, or implement an action on National Forest System lands to meet a specific purpose and need which is subject to the notice and comment provisions of this part.

Proposed Timber Harvest Categorically Excluded from Documentation under Forest Service Handbook 1909.12, section 31.2, paragraph 4 is timber harvest which removes 250,000 board feet or less of merchantable wood products, or salvage which removes 1,000,000 board feet or less of merchantable wood products; which requires one mile or less of low standard road construction (Service level D. FSH 7709.56); and assures regeneration of harvested or salvaged areas, where required; which normally are categorically excluded from documentation in an environmental assessment or environmental impact statement; and for which a project or case file and decision memo are required (Forest Service Handbook 1909.12, sec. 31.2, para. 4).

Record of Decision is a document signed by a Responsible Official recording a decision that was preceded by preparation of an environmental impact statement (40 CFR 1505.2; Forest Service Handbook 1909.15, Chapter 20).

Responsible Official is the Forest Service line officer who has the authority and responsibility to make decisions on proposed actions subject to notice, comment and appeal under this part.

§215.3 Proposed actions subject to notice and comment.

The notice and comment procedures of §215.5 apply only to the following actions:

(a) Proposed actions implementing national forest land and resource management plans (36 CFR 219.11) for which

an environmental assessment is prepared.

(b) Proposed timber harvest as described in Paragraph 4, section 31.2 of Forest Service Handbook 1905.15 for which a project or case file and Decision Memo are required.

(c) Nonsignificant amendments (36 CFR part 219) to land and resource management plans that are included as part of a decision on a proposed action as specified in paragraph (a) of this section.

(d) Proposed actions on those National Forests which do not yet have approved land and resource management plans prepared pursuant to 36 CFR part 219 as follows:

(1) Proposed actions for which an environmental assessment is prepared; or

(2) Proposed timber harvest as described in Paragraph 4, section 31.2 of Forest Service Handbook 1905.15 for which a project or case file and Decision Memo are required.

(e) Proposed forestry research activities to be conducted on National Forest Systems lands for which an environmental assessment has been prepared.

§215.4 Actions not subject to notice and comment.

The following proposed actions are not subject to notice and comment procedures of §215.5

(a) Actions described in a draft environmental impact statement, for which notice and comment procedures are governed by 40 CFR parts 1500-1508;

(b) Actions categorically excluded from documentation in an environmental impact statement or environmental assessment pursuant to 7 CFR 1b.3 or FSH 1909.15, sections 31.1 and 31.2, except timber harvest actions as specified in §215.3(b) and (d)(2);

(c) Any action or policy not subject to the provisions of the National Environmental Policy Act and the implementing regulations at 40 CFR parts 1500-1508;

(d) Rules promulgated in accordance with the Administrative Procedure Act (5 U.S.C. 551 et seq.) or policies and procedures issued in Forest Service Manuals and Handbooks (36 CFR parts 200, 216);

(e) A nonsignificant amendment to a land and resource management plan

§215.5

which is made separately from a proposed action specified in §215.3(c) and which, therefore, is subject to appeal under part 217 of this chapter.

§215.5 Notice and comment on proposed actions.

(a) *Annual notice of newspapers.* Annually, each Regional Forester shall, through notice published in the FEDERAL REGISTER, advise the public of the principal newspapers to be utilized for publishing notices required by this section.

(b) *Manner of giving notice.* (1) The Responsible Official shall publish notice of proposed actions as specified in §215.3 in a newspaper of general circulation identified pursuant to the requirements of paragraph (a) of this section.

(2) The Responsible Official also shall give the public notice of the opportunity to comment on proposed actions subject to this part as follows:

(i) For proposed actions requiring an environmental assessment, the Responsible Official shall promptly mail the environmental assessment along with a letter identifying the proposed action to any person who has requested it and to persons who are known to have participated in the environmental analysis process.

(ii) For proposed timber harvest actions categorically excluded from documentation under Forest Service Handbook 1909.15, section 31.2, paragraph 4, the Responsible Official shall promptly mail a letter briefly describing the proposed to any person who has requested notice, to persons who are on a mailing list to receive notice of this type of decision, or to persons who are known to have participated in the decision-making process.

(c) *Content of the public notice for comment on proposed actions.* All notices provided or published pursuant to this section shall include the following:

(1) The title and brief description of the proposed action;

(2) A general description of the proposed action location;

(3) Instructions on how to obtain additional information on the proposed action;

(4) The name, title, address, and telephone number of the Responsible Official

36 CFR Ch. II (7-1-00 Edition)

to whom comments should be addressed; and

(5) The date the comment period ends (§215.6(a)).

§215.6 Response to comments received on proposed actions.

(a) *Comment period.* The Responsible Official shall accept comments on an proposed action subject to §215.3 for 30 days following the date of publication of the notice for public comment. Both oral and written comments shall be accepted. The 30-day period for comment begins on the first day after publication of notice. Saturdays, Sundays, and Federal holidays are included in computing all time periods in this section; however, when the comment period ends on a Saturday, Sunday, or Federal holiday, the comment period shall be extended to the close of business of the next Federal working day.

(b) *Submission.* Persons expressing an interest or submitting comments to the Responsible Official in response to a notice published or provided pursuant to §215.5 shall provide the following information, which will become a matter of public record:

(1) Name, address, and (if possible) telephone number;

(2) Title of the document(s) on which comment is being submitted; and

(3) Specific facts or comments along with supporting reasons that the person believes the Responsible Official should consider in reaching a decision.

(c) *Timeliness.* It is the responsibility of persons providing comments to submit them by the close of the comment period.

(1) When comments are received, the Responsible Official shall clearly identify the date of receipt.

(2) The Responsible Official must consider all written comments post-marked or facsimile imprinted by the close of business on the 30th day following publication of the notice (§215.5) and all oral comments received by the close of business on the 30th day following publication of the notice.

(d) The Responsible Official shall address comments received from the public during the comment period in an appendix to the environmental assessment. For proposed timber harvest actions to be categorically excluded from

Forest Service, USDA

§215.9

documentation under Forest Service Handbook 1909.15, section 31.2, paragraph 4, public comments and responses to them shall be placed in the project file.

(e) Notes of oral comments received in response to a notice for public comment pursuant to §215.5 shall be placed in the files and addressed pursuant to paragraph (d) of this section.

§215.7 Decisions subject to appeal.

Only the following decisions are subject to appeal under this part:

(a) Project and activity decisions documented in a Record of Decision or Decision Notice, including those which, as a part of the project approval decision, contain a nonsignificant amendment to a National Forest Land and Resource Management Plan (36 CFR 219.10).

(b) Timber harvest project and activity decisions as described in paragraph 4, Section 31.2 of Forest Service Handbook 1909.15 which are documented in a decision memo.

§215.8 Decisions not subject to appeal.

(a) The following decisions are not subject to appeal under this part:

(1) Project or activity decisions included in a Record of Decision for significant amendment, revision, or approval of a land and resource management plan, appeal of which is governed by 36 CFR part 217;

(2) Preliminary findings made during planning and/or analysis processes. Such findings are appealable only upon issuance of a decision document;

(3) Actions for which notice and opportunity to comment have been published and on which no expression of interest has been received during the comment period (§215.6), and on which the Responsible Official's decision does not modify the proposed action; and

(4) Decisions for actions that have been categorically excluded from documentation in an environmental assessment or environmental impact statement in FSH 1909.15, Section 31.1 and 31.2, except as noted in §215.7(b).

(b) In addition to decisions excluded from appeal by paragraph (a) of this section, the Appeal Deciding Officer shall dismiss any appeal filed on subsequent implementing actions that result

from the initial project decision subject to appeal under §215.7. For example, an initial decision to offer a timber sale is appealable under this part; subsequent implementing actions to advertise or award that sales are not appealable under this part.

(c) Decisions solely affecting the business relationship between the Forest Service and holders of written instruments regarding occupancy and use of National Forest System lands can be appealed by permit holders under either 36 CFR part 251, subpart C, or this part, but cannot be appealed under both regulations.

§215.9 Notice of decisions.

(a) *Publication of public notice.* The Responsible Official shall publish a notice of any decision which is subject to notice and comment under §215.3 in a newspaper of general circulation identified pursuant to the requirements of §215.5(a).

(b) *Publication of notice of a decision.* A notice of a decision published pursuant to this section shall:

(1) Include the decision title and a concise description of the action(s) to be taken, the name and title of the Responsible Official, and instructions for obtaining a copy of the decision document;

(2) Except for decisions on which no expression of interest was received during the comment period §215.8(4), state that the decision is subject to appeal pursuant this part and include the following:

(i) State the name and address of the Appeal Deciding Officer with whom an appeal should be filed;

(ii) Specify that an appeal must be postmarked and submitted to the Appeal Deciding Officer within 45 days of the date of publication in accordance with §215.13;

(3) For those decisions on which no comment was received, state that the decision is not subject to appeal pursuant to §215.8(a)(4).

(c) *Mailing decision documents.* The Responsible Official shall promptly mail the decision document to those who request the specific document and to those who submitted comments on the proposed action either before or

§215.10

during the comment period provided pursuant to §215.6.

§215.10 Implementation of decisions.

(a) If no appeal is filed, implementation of decisions subject to appeal pursuant to this part may occur on, but not before, 5 business days from the close of the appeal filing period.

(b) If an appeal is filed, implementation may not occur for 15 days following the date of appeal disposition. In the event of multiple appeals of the same decision, the date of the disposition of the last appeal controls the implementation date.

(c) If a project is not appealable because, pursuant to §215.8(a)(4), no expression of interest has been received and there is no change from the proposed action, implementation may occur immediately upon publication of the notice of the decision as provided in §215.9.

(d) A project decision is not subject to a stay if the Chief of the Forest Service determines that an emergency situation exists with respect to the decision in accordance with the following provisions of this paragraph:

(1) An emergency, as defined here, is an unexpected event, or a serious occurrence or a situation requiring urgent action. Examples of an emergency include, but are not limited to, the following:

(i) Vegetation loss which presents an immediate threat of flooding or landslide.

(ii) Hazardous or unsafe situations as a result of wildfire or other circumstances.

(iii) Damage to water quality caused by siltation due to fire or flooding.

(iv) Potential loss of fish and wildlife habitat due to windstorms and blowdowns.

(v) Sudden outbreaks of forest pests and diseases.

(2) The Responsible Official shall notify the public that the Forest Service intends to handle this project as an emergency in the public notice on proposed actions as provided in §215.5(c)(1). Actions responding to emergency situations may be accomplished with force account (Forest Service crews), service contracts or timber sale contracts.

36 CFR Ch. II (7-1-00 Edition)

§215.11 Who may participate in appeals.

(a) Except as provided for in paragraph (c) of this section, an appeal pursuant to this part may be filed by any person who, or any non-Federal organization or entity that has met either of the following criteria:

(1) Submitted written comment in response to a project draft Environmental Impact Statement; or

(2) Provided comment or otherwise expressed interest in a particular proposed action by the close of the comment period specified in §215.6.

(b) Persons interested in or potentially affected by an appeal may participate as an interested party, as provided in §215.13(e).

(c) Federal agencies may not participate as appellants or interested parties.

(d) Federal employees filing appeals under this part shall comply with Federal conflict of interest statutes at 18 U.S.C. 202-209 and with employee ethics requirements at 5 CFR part 2635. Specifically, employees shall not be on official duty or use government property or equipment in the preparation or transmittal of an appeal. Employees also shall not use official information not yet released to the public.

[58 FR 58910, Nov. 4, 1993, as amended at 63 FR 4188, Jan. 28, 1998]

§215.12 Where to file appeals.

The Appeal Deciding Officer with whom appeals must be filed are as follows:

If the responsible official who made the decision is:	Then the appeal deciding officer is:
Regional Forester	Chief of the Forest Service.
Forest Supervisor or	Regional Forester.
District Ranger	Do.

§215.13 Appeal time periods and process.

(a) *Filing procedures.* To appeal a decision under this part, a person must submit a written appeal to the Appeal Deciding Officer within the 45 day appeal filing period specified in the public notice published pursuant to §215.9.

(b) *Computation of time periods.* (1) The day after the publication of the public notice published pursuant to §215.9 is the first day of the appeal filing period.

(2) All time periods in this section are to be computed using calendar days. Saturdays, Sundays, and Federal holidays are included in computing the time period for filing an appeal. However, when the filing period would expire on a Saturday, Sunday, or Federal holiday, the filing time is extended to the end of the next Federal working day.

(c) *Evidence of timely filing.* The appellant is responsible for submitting an appeal on or before the last day of the appeal filing period. Where there is a question about timelines of an appeal, the U.S. Postal Service postmark on a mailed appeal or the time and date imprint on a facsimile appeal will be used to determine timeliness.

(d) *Time extensions.* Time extensions are not permitted.

(e) *Interested party comments.* Interested parties must submit written comments to the Appeal Reviewing Officer within 15 days after close of the appeal filing period and are encouraged to provide a copy to the appellants at the same time. An interested party can obtain the address of the Appeal Reviewing Officer and appellants by contacting the Appeal Deciding Officer.

(f) *Time period for formal disposition.* Unless an appeal is resolved through the informal disposition process provided for in § 215.16, the following timeframe and process shall apply:

(1) *Transmittal of decision documentation.* Within 15 days of the close of the appeal filing period, the Responsible Official shall transmit the appeal record to the Appeal Reviewing Officer.

(2) *Review recommendation.* Within 30 days of the close of the appeal filing period, the Appeal Reviewing Officer shall review the appeal record and forward it to the Appeal Deciding Officer with a written recommendation on the disposition of the appeal(s). The Appeal Reviewing Officer's recommendation shall be released upon issuance of an appeal decision.

(3) *Appeal decision.* Within 45 days following the end of the appeal filing period, the Appeal Deciding Officer shall issue a written decision or otherwise give notice to appellant(s) concerning the disposition of the appeal. The decision or notice shall briefly explain why the Responsible Official's original deci-

sion was affirmed or reversed, in whole or in part.

§ 215.14 Content of an appeal.

(a) It is the appellant's responsibility to provide sufficient written evidence and rationale to show why the Responsible Official's decision should be remanded or reversed.

(b) An appeal submitted to the Appeal Deciding Officer becomes a part of the appeal record. An appeal must meet the following requirements:

(1) State that the document is an appeal filed pursuant to 36 CFR part 215;

(2) List the name and address of the appellant and, if possible, a telephone number;

(3) Identify the decision document by title and subject, date of the decision, and name and title of the Responsible Official;

(4) Identify the specific change(s) in the decision that the appellant seeks or portion of the decision to which the appellant objects;

(5) State how the Responsible Official's decision fails to consider comments previously provided, either before or during the comment period specified in § 215.6 and, if applicable, how the appellant believes the decision violates law, regulation, or policy.

§ 215.15 Dismissal of appeal without review.

(a) An Appeal Deciding Officer shall dismiss an appeal without review when:

(1) The appeal is not postmarked or the facsimile is not date imprinted within the 45-day appeal filing period in accordance with § 215.13;

(2) The requested relief or change cannot be granted under law, fact, or regulation;

(3) The decision at issue is being appealed by the appellant under another administrative proceeding;

(4) The decision is excluded from appeal pursuant to § 215.8;

(5) The appellant did not express an interest in the specific proposal at any time prior to the close of the comment period specified in § 215.6;

(6) The Responsible Official has withdrawn the decision being appealed; or

(7) The appellant has filed for Federal judicial review of the decision and the

§215.16

Chief has waived the argument in §215.20.

(b) The Appeal Deciding Officer shall give written notice to the appellant, interested parties, and Responsible Official that an appeal is dismissed and state the reasons for dismissal.

§215.16 Informal disposition.

(a) *Offer to meet.* When a decision is appealed under this part, the Responsible Official must contact the appellant(s) and offer to meet and discuss resolution of the issues raised in the appeal. This contact shall be made as soon as practicable after an appeal has been filed.

(b) *Time and location of meeting.* If one or more appellants agree to meet, the meeting(s) must take place not later than 15 days after the closing date for filing an appeal. The location of the meeting shall be in the vicinity of the lands affected by the decision. When the District Ranger is the Responsible Official, meetings will generally be located on or near that Ranger District. When the Forest Supervisor or Regional Forester is the Responsible Official, meetings will generally take place at a location within or near the National Forest.

(c) *Type of meeting.* Generally, participants shall be physically present at informal disposition meetings. Where an appellant cannot attend a meeting in person because of schedule conflicts or travel distances, alternative types of meetings (such as telephone conferences or video conferences) may be arranged. This alternative type meeting also must take place not later than 15 days after the closing date for filing an appeal. The informal disposition meeting must be open to interested parties and the public.

(d) *Agreement on disposition.* The Responsible Official must notify the Appeal Deciding Officer of the names of meeting participants and the outcome of the informal disposition meeting.

(1) If the appellant(s) and Responsible Official reach agreement on disposition of the appeal, the Responsible Official shall so notify the Appeal Deciding Officer and the appellant shall withdraw the appeal by letter to the Appeal Deciding Officer no later than 15 days after the meeting. Upon notice from

36 CFR Ch. II (7-1-00 Edition)

the appellant that the appeal has been withdrawn, the Appeal Deciding Officer shall notify the interested parties, Appeal Reviewing Officer, and Responsible Official of the conclusion of the appeal.

(2) If, as a result of the agreement reached at the informal disposition meeting, new information is received or changes to the original project decision or environmental analysis are proposed, the Responsible Official must follow the procedures in the Environmental Policy and Procedures Handbook, FSH 1909.15, section 18.

(e) *Failure to reach agreement.* If the appeal is not resolved through the informal disposition meeting, the Responsible Official shall so notify the Appeal Deciding Officer in writing. The Appeal Deciding Officer shall then advise the Appeal Reviewing Officer to proceed with formal review of the appeal.

§215.17 Formal disposition.

(a) *Formal disposition period.* The Appeal Deciding Officer shall issue an appeal decision not later than 45 days after the end of the appeal filing period.

(b) *Appeal decision.* The Appeal Deciding Officer shall complete a review based on the appeal record as defined in §215.2 and the Reviewing Officer's recommendation. The Appeal Deciding Officer shall issue a written appeal decision either affirming or reversing the Responsible Official's decision, in whole or in part, and may include instructions for further action. The Appeal Deciding Officer shall send a copy of the appeal decision to the appellant, interested parties, the Appeal Reviewing Officer, and the Responsible Official. If a formal decision is not issued, the Appeal Deciding Officer shall notify the appellant(s) of the disposition of their appeal.

§215.18 Appeal deciding officer authority.

(a) *Consolidation of appeal decisions.* In cases involving multiple appeals of a decision subject to this part, the Appeal Deciding Officer shall determine whether to issue one appeal decision or separate appeal decisions.

Forest Service, USDA

§216.2

(b) *Procedural decisions.* The Appeal Deciding Officer shall make all procedural determinations in this part. Such determinations are not subject to further administrative review.

(c) *Appeal decisions.* The Appeal Deciding Officer's decision constitutes the final administrative determination of the Department of Agriculture.

§215.19 Appeal reviewing officer authority.

(a) *Identification of Appeal Reviewing Officer.* An agency official at the Regional Office level designated by the Chief is the Appeal Reviewing Officer for appeals of District Ranger and Forest Supervisor decisions. An agency official at the Washington Office level designated by the Chief is the Appeal Reviewing Officer for appeals of Regional Forester Decisions. The Appeal Reviewing Officer shall be an officer at least at the level of the agency official who made the initial decision on the project or activity that is under appeal and has not participated in the initial decision and will not be responsible for implementing the initial decision after the appeal is decided.

(b) *Scope of review.* The Appeal Reviewing Officer's review of decisions under this part focuses on decision documentation developed by the Responsible Official in reaching the decision, issues raised in the appeal, and comments submitted by interested parties.

(c) *Consolidation of recommendations.* In cases involving multiple appeals of a decision subject to this part, the Appeal Reviewing Officer shall determine whether to issue one recommendation or separate recommendations.

§215.20 Policy in event of judicial proceedings.

Unless waived in a specific case, it is the position of the Department of Agriculture that any filing for Federal judicial review of a decision subject to review under this part is premature and inappropriate unless the plaintiff has first sought to invoke and exhaust the procedures available under this part.

§215.21 Applicability and effective date.

(a) The requirements of §215.5 of this part to provide notice and opportunity

to comment on proposed actions described in §215.3 is effective January 3, 1994.

(b) Decisions for which notice has been given pursuant to 36 CFR 217.5 prior to January 3, 1994, remain subject to the appeal procedures of 36 CFR part 217.

PART 216—INVOLVING THE PUBLIC IN THE FORMULATION OF FOREST SERVICE DIRECTIVES

Sec.

216.1 Purpose.

216.2 Definitions.

216.3 Applicability; relationship to other public participation opportunities.

216.4 Determining the need for formal public review on proposed Manual directives.

216.5 Documentation.

216.6 Notice and comment procedures for proposed Manual directives identified for formal public review.

216.7 Exemption of proposed Manual directives from normal procedures.

216.8 Availability of proposed Manual directives identified for formal public review.

AUTHORITY: Sec. 14, Forest and Rangeland Renewable Resources Planning Act of 1974, 88 Stat. 476 as amended, 90 Stat. 2949, 2958 (16 U.S.C. 1612).

SOURCE: 49 FR 16993, Apr. 23, 1984, unless otherwise noted.

§216.1 Purpose.

This part establishes procedures to ensure that Federal, State, and local governments and the public have adequate notice and opportunity to comment upon the formulation of standards, criteria, and guidelines applicable to Forest Service programs.

§216.2 Definitions.

(a) The *Forest Service Manual* consists of numerous volumes organized by numerically coded subject matter. The volumes contain legal authorities, responsibilities, delegations, and general instruction and direction needed on a continuous basis by Forest Service officers at more than one unit to plan and execute programs. The parent text is issued by the national headquarters and sets forth the policies, and other guidance applicable Service-wide. National directives are supplemented, as

§216.3

necessary, by Forest Service field offices. Supplements to the Forest Service Manual are applicable only within the Forest Service organizational jurisdiction for which they are issued. The Forest Service Manual is revised to conform to changing law, orders, regulations, or management needs.

(b) *Public participation activities* are actions initiated by the Forest Service to facilitate an exchange of information with the public. These actions include, but are not limited to, oral and written measures such as public notices, letters, discussion papers, and gatherings such as meetings, workshops, and hearings.

(c) *Standards, criteria, and guidelines* means those written policies, instructions, and orders, originated by the Forest Service and issued in the Forest Service Manual which establish the general framework for the management and conduct of Forest Service programs.

§216.3 Applicability; relationship to other public participation opportunities.

(a) The requirements described in this part do not apply to—

(1) Rules or regulations promulgated according to the requirements of the Administrative Procedure Act, 5 U.S.C. 553;

(2) Instructions, procedures, and other material issued in Forest Service Handbooks; and

(3) Proposed Manual directives which provide guidance and procedures on administrative support activities such as personnel matters, procurement, service contracting, and other routine business operations of the agency.

(b) This part does not supersede or replace the requirements of the National Environmental Policy Act as set forth in 40 CFR part 1500 and chapter 1950 of the Forest Service Manual. The requirements described in this part do not apply where equivalent public notice and opportunity for comment on the contents of a proposed Manual directive are provided during compliance with NEPA procedures.

(c) The direction for management of many Forest Service programs is developed with public participation during land and resource management

36 CFR Ch. II (7–1–00 Edition)

planning part 219, and other activities. The relevant results of such public participation shall be used in formulation of Forest Service Manual directives to avoid duplicating public participation efforts.

(d) In addition to the opportunity for formal public review and comment offered in this part, the public may informally review and comment on Manual material at other times.

(e) These regulations do not prevent informal consultation with selected Federal, State, and local governments and the public when such consultation is deemed appropriate in formulating Manual material.

§216.4 Determining the need for formal public review of proposed Manual directives.

(a) Agency officials responsible for formulating Manual directives containing applicable standards, criteria, and guidelines shall determine whether substantial public interest or controversy concerning a proposed Manual directive can be expected.

(b) The following shall be considered in making this determination:

(1) Direct written or oral communication with those known to be interested in the proposal;

(2) The degree to which the proposal is likely to adversely or beneficially affect the general public as well as those known to be interested in the proposal;

(3) The amount of change the proposal represents from current direction;

(4) The extent of recent news media coverage on subjects related to the proposal; and

(5) The amount of interest or controversy expressed on previous proposals on the same or similar subjects.

§216.5 Documentation.

The responsible Forest Service official shall document the results of the determination made pursuant to §216.4(b), and the reasons therefor, in a concise written summary. The summary may be combined with documentation required by NEPA procedures or other applicable law or policy. The summary shall be prepared and filed at the same location as the Forest

Service official responsible for developing the Manual directive.

§216.6 Notice and comment procedures for proposed Manual directives identified for formal public review.

(a) Where it is determined that substantial public interest or controversy concerning a proposed Manual directive can be expected, the following minimum requirements for notifying the public and giving opportunity to comment on the proposal apply:

(1) *National Forest and Ranger District Proposals.* The responsible official shall determine appropriate means of notifying the public. This may include, but is not limited to, legal notice in a newspaper of general circulation or press release. The public shall have a minimum of 30 calendar days to review and comment on the proposal.

(2) *Regional, Station, and Area Proposals.* The responsible official shall determine appropriate means of notifying the public. This may include, but is not limited to, notice and summary of the proposal in the FEDERAL REGISTER, legal notice in one or more newspapers of general circulation, or press release. The public shall have a minimum of 30 calendar days to review and comment on the proposal.

(3) *National Proposals.* The responsible official shall publish a notice and summary of the proposal in the FEDERAL REGISTER, followed by a minimum of 60 calendar days for public review and comment.

(b) Agency officials will give direct notice to Federal, State, and local governments and to the public known to be interested in the proposal. Along with the notice, the responsible official shall also provide either a complete proposal or a summary of the proposal for review.

(c) The responsible Forest Service official may conduct additional public participation activities related to the proposed Manual directive as are deemed appropriate and necessary.

(d) Comments received from the public shall be analyzed and considered in the formulation and preparation of the final Manual directive.

(e) The final Manual directive or a summary shall be sent to those who of-

fered comments on the proposed directive and further publicized as deemed appropriate by the responsible official.

§216.7 Exemption of proposed Manual directives from normal procedures.

When it is found for good cause that an exigency exists, an interim Manual directive that is determined to be of substantial public interest or expected controversy may be issued in advance of providing opportunity for public comment. However, as soon as practicable after issuance, the interim Manual directive will be made available for public review and comment as described in §216.6. In making the Manual directive available, the responsible official shall state why the interim directive was issued prior to obtaining public comments.

§216.8 Availability of proposed Manual directives identified for formal public review.

As a minimum, review copies of proposed Manual directives determined to be of substantial public interest or expected controversy shall be available in the Forest Supervisor's Office and District Rangers' Offices when National Forest proposals are involved; in the Regional Office and Forest Supervisors' Offices when regional proposals are involved; and in Regional Offices and National Headquarters when national proposals are involved. When Manual directives involve Forest Service Research or State and Private Forestry programs, review copies shall be available at comparable administrative offices.

AUTHORITY: 16 U.S.C. 551, 472.

SOURCE: 54 FR 3357, Jan. 23, 1989, unless otherwise noted.

§ 217.1 Purpose and scope.

(a) This part provides a process by which a person or organization interested in the management of the National Forest System may administratively appeal decisions to approve, amend, or revise a National Forest land and resource management plan or approve or amend a regional guide prepared pursuant to 36 CFR part 219. This part establishes who may appeal such decisions, the kind of decisions that may be appealed, the responsibilities of the participants in an appeal, and the procedures that apply. This part provides a review of such decisions by an official at the next administrative level.

(b) This part complements, but does not replace, numerous opportunities to participate in and influence agency decisionmaking provided pursuant to the National Environmental Policy Act of 1969 (NEPA) and the associated implementing regulations and procedures in 40 CFR parts 1500-1508, 36 CFR parts 215, 216, and 219, Forest Service Manual Chapters 1920 and 1950, and Forest Service Handbooks 1909.12 and 1909.15.

[58 FR 58915, Nov. 4, 1993]

§ 217.2 Definitions.

For the purposes of this part—

Appellant is the term used to refer to a person or organization (or an authorized agent or representative acting on their behalf) filing a notice of appeal under this part.

Deciding Officer means the Forest Service line officer who has the delegated authority and responsibility to make the decision being questioned under these rules.

Decision document means a written document that a Deciding Officer signs to execute a decision subject to review under this part. Specifically a Record of Decision or a Decision Notice.

Decision documentation refers to the decision document and all relevant environmental and other analysis documentation on which the Deciding Officer based a decision that is at issue under the rules of this part. Decision documentation includes, but is not limited to, environmental assessments, findings of no significant impact, environmental impact statements, land and resource management plans, regional guides, documents incorporated by reference in any of the preceding documents, and drafts of these documents released for public review and comment.

Decision Notice means the written document signed by a Deciding Officer when the decision was preceded by preparation of an environmental assessment (40 CFR 1508.9).

Decision review or *review* is the term used to refer to the process provided in this part by which a higher level officer reviews a decision of a subordinate officer in response to a notice of appeal.

Forest Service line officer. The Chief of the Forest Service or a Forest Service official who serves in a direct line of command from the Chief and who has the delegated authority to make and execute decisions under this subpart. Specifically, for the purposes of this subpart, a Forest Service employee who hold one of the following offices and titles: Forest Supervisor, Deputy Forest Supervisor, Regional Forester, Deputy Regional Forester Deputy Chief, Associate Deputy Chief, Associate Chief, or the Chief of the Forest Service.

Intervenor is an individual who, or organization that, is interested in or potentially affected by a decision under appeal pursuant to this part, who has made a timely request to intervene in that appeal.

Legal notice. A notice of a decision appealable under this part published in the FEDERAL REGISTER or in the legal notices section of a newspaper of general circulation as required by § 217.5 of this part.

Forest Service, USDA

§217.5

Notice of appeal is the written document filed with a Reviewing Officer by one who objects to a decision covered by this part and who requests review by the next higher line officer.

Participants include appellants, intervenors, the Deciding Officer, and the Reviewing Officer.

Record of Decision is the document signed by a Deciding Officer recording a decision that was preceded by preparation of an environmental impact statement (40 CFR 1505.2).

Reviewing Officer is the line officer one administrative level higher than the Deciding Officer or, in the case of a discretionary review, one level higher than the line officer who issued a first-level appeal decision.

[54 FR 3357, Jan. 23, 1989; 54 FR 13807, Apr. 5, 1989, as amended at 55 FR 7895, Mar. 6, 1990; 58 FR 58915, Nov. 4, 1993]

§217.3 Decisions subject to appeal.

(a) The following decisions are subject to appeal under this part:

(1) Decisions to approve, amend, or revise a National Forest Land and Resource Management Plan including project or activity decisions for which environmental effects have been analyzed and disclosed within a final EIS and documented in a Record of Decision including approval, significant amendments, or revisions of a land and resource management plan.

(2) Decisions to approve or amend a regional guide prepared pursuant to 36 CFR part 219 and documented in a Decision Notice or Record of Decision are subject to appeal under this part, except as provided in §217.4.

(b) Decisions as defined in paragraph (a) of this section and documented in a Decision Notice or a Record of Decision that are made by a subordinate Forest Service staff officer acting within delegated authority are considered to be decisions of the Forest Service line officer.

[58 FR 58915, Nov. 4, 1993]

§217.4 Decisions not subject to appeal.

The following decisions are not subject to appeal under this part.

(a) Decisions on projects or activities implementing National Forest Land and Resource Management Plans in-

cluding project decisions that include a non-significant amendment to a National Forest Land and Resource Management Plan.

(b) Preliminary planning decisions or preliminary decisions as to National Environmental Policy Act or National Forest Management Act processes made prior to release of final plans, guides, and environmental documents.

(c) Recommendations of Forest Service line officers to higher ranking Forest Service or Departmental officers or to other entities having final authority to implement the recommendations in question, such as wilderness and wild and scenic river recommendations.

[58 FR 58915, Nov. 4, 1993]

§217.5 Giving notice of decisions subject to appeal.

(a) For decisions subject to appeal under this part, Deciding Officers shall promptly mail the appropriate decision document (§217.3(a)(1)) to those who, in writing, have requested it, and to those who are known to have participated in the decisionmaking process.

(b) The Deciding Officer shall also give notice of decisions appealable under this part as follows:

(1) For all initial decisions of the Chief, notice shall be published in the FEDERAL REGISTER.

(2) For all other decisions, legal notice of the decision shall be published in a newspaper of general circulation identified pursuant to the requirements of paragraph (d) of this section. Deciding Officers may, at their discretion, also publish notice of their decisions in additional newspapers. Where a Deciding Officer elects to publish such additional notices, they shall be published after an initial legal notice has been published in the principal newspaper identified in the biannual FEDERAL REGISTER notice provided for in paragraph (d) of this section. Any such additional newspaper notices shall indicate the date that the appeal period ends, which shall be calculated based on the date of publication of the initial notice in the principal newspaper identified in the biannual FEDERAL REGISTER notice.

(c) All notices published pursuant to this section shall include a concise description of the decision made by title

§217.6

or subject matter, the date of the decision, the name and title of the official making the decision, and information on how to obtain a copy of the decision, and shall specify that the appeal period begins the day following the notice's publication as provided for in §217.8(b)(1).

(d) At least twice annually, in April and in October, each responsible Forest Service officer shall, through FEDERAL REGISTER notice, advise the public of the principal newspaper to be utilized for publishing legal notices required by this section. The FEDERAL REGISTER notice shall also list all additional newspapers which the Deciding Officer expects to use for purposes of providing additional notice pursuant to paragraph (b) of this section.

[54 FR 3357, Jan. 23, 1989, as amended at 55 FR 7895, Mar. 6, 1990; 56 FR 4918, Feb. 6, 1991]

§217.6 Participants.

(a) Other than Forest Service employees, any person or any non-Federal organization or entity may challenge a decision covered by this part and request a review by the Forest Service line officer at the next administrative level.

(b) An intervenor as defined in §217.2 of the subpart.

§217.7 Levels of appeal.

(a) *Decisions made by the Chief.* If the Chief of the Forest Service is the Deciding Officer, the notice of appeal is filed with the Secretary of Agriculture. Review by the Secretary is wholly discretionary. Within 15 days of receipt of a notice of appeal, the Secretary shall determine whether or not to review the decision in question. If the Secretary has not decided to review the Chief's decision by the expiration of the 15-day period, the requester(s) shall be notified by the Secretary's office that the Chief's decision is the final administrative decision of the Department of Agriculture. When the Secretary elects to review an initial decision made by the Chief, the Secretary shall conduct the review in accordance with the first level appeal procedures outlined in this rule.

(b) *Decisions made by Forest Supervisors and Regional Foresters.* The levels of available review are as follows:

36 CFR Ch. II (7-1-00 Edition)

(1) If the decision is made by a Forest Supervisor, the notice of appeal is filed with the Regional Forester;

(2) If the decision is made by a Regional Forester, the notice of appeal is filed with the Chief of the Forest Service.

(c) *Discretionary review of dismissal decisions.* Dismissal decisions rendered by Forest Service line officers pursuant to this part (§217.11) are subject to discretionary review as follows:

(1) If the initial Reviewing Officer was the Regional Forester, the Chief has discretion to review.

(2) If the Reviewing Officer was the Chief, the Secretary of Agriculture has discretion to review.

(d) *Discretionary review of appeal decisions.* Appeal decisions rendered by Regional Foresters and the Chief pursuant to this part are subject to discretionary review as follows:

(1) If the Reviewing Officer was the Regional Forester, the Chief has discretion to review.

(2) If the Reviewing Officer was the Chief, the Secretary of Agriculture has discretion to review.

[54 FR 3357, Jan. 23, 1989, as amended at 54 FR 34509, Aug. 21, 1989; 58 FR 58915, Nov. 4, 1993]

§217.8 Appeal process sequence.

(a) *Filing procedures.* To appeal a decision under this part, a person or organization must:

(1) File a written notice of appeal, in duplicate, with the next higher line officer in accordance with the provisions of §217.9 of this part.

(2) File the notice of appeal within 45 days of the date specified in the published legal notice for non-significant amendments to land and resource management plans documented in a Decision Notice or Record of Decision.

(3) File the notice of appeal within 90 days of the date specified in the published legal notice for land and resource management plan approvals, significant amendments, or revisions, and for other programmatic decisions documented in a Record of Decision.

(b) *Computation of time periods.* (1) The day after the published notices required in §217.5(b) is the first day of the appeal period provided for in paragraphs (a)(2) and (a)(3) of this section.

All other time periods applicable to this part are tied to the filing of a notice of appeal and begin on the first day following that filing.

(2) All time periods in this rule are to be computed using calendar days. Saturdays, Sundays, and Federal holidays are included in computing the time period for filing a notice of appeal; however, when the filing period would expire on a Saturday, Sunday, or Federal holiday, the filing time is extended to the end of the next Federal working day.

(c) *Evidence of timely filing.* It is the responsibility of the appellant to file the notice on or before the last day of the filing period. In the event of question, a legible postmark will be considered evidence of timely filing. Where postmarks are illegible, the Reviewing Officer shall rule on the timely filing of the appeal. Notices of appeal that are filed before the filing period specified in the published legal notice shall be accepted, but premature filing does not affect timeframes specified in this rule.

(d) *Time extensions.* (1) The 45-day/90-day filing periods for a notice of appeal are not extendable.

(2) Time extensions are not permitted except as provided in §§ 217.12, 217.13, and 217.17 of this subpart.

(e) Upon receipt of a timely Notice of Appeal, the Reviewing Officer shall immediately forward a copy of it to the Deciding Officer.

(f) *Appeal decision.* Unless time has been extended as provided for in §§ 217.12 and 217.13, the Reviewing Officer shall not exceed the following time periods for rendering an appeal decision:

(1) An appeal of a land and resource management plan approval, significant amendment, or revision, or on a programmatic decision documented in a Record of Decision, not more than 160 days from the date the notice of appeal was filed.

(2) In the event of multiple appeals of the same decision, the appeal decision date shall be calculated from the filing date of the last notice of appeal.

[54 FR 3357, Jan. 23, 1989, as amended at 55 FR 7895, Mar. 6, 1990; 56 FR 4918, Feb. 6, 1991; 58 FR 58916, Nov. 4, 1993]

§ 217.9 Content of a notice of appeal.

(a) It is the responsibility of those who appeal a decision under this part to provide a Reviewing Officer sufficient narrative evidence and argument to show why the decision by the lower level officer should be changed or reversed.

(b) At a minimum, a written notice of appeal filed with the Reviewing Officer must:

(1) State that the document is a Notice of Appeal filed pursuant to 36 CFR part 217;

(2) List the name, address, and telephone number of the appellant;

(3) Identify the decision about which the requester objects;

(4) Identify the document in which the decision is contained by title and subject, date of the decision, and name and title of the Deciding Officer.

(5) Identify specifically that portion of the decision or decision document to which the requester objects;

(6) State the reasons for objecting, including issues of fact, law, regulation, or policy, and, if applicable, specifically how the decision violates law, regulation, or policy; and

(7) Identify the specific change(s) in the decision that the appellant seeks.

[54 FR 3357, Jan. 23, 1989, as amended at 55 FR 7895, Mar. 6, 1990; 56 FR 4918, Feb. 6, 1991]

§ 217.10 Implementation and stays of decisions.

(a) Implementation of any decision subject to appeal pursuant to this part shall not occur for 7 calendar days following publication of the legal notice of the decision as required in this part.

(b) Requests to stay the approval of land and resource management plans prepared pursuant to 36 CFR part 219 shall not be granted. However, requests to stay implementation of a project or activity included in such a plan will be considered as provided for in paragraph (c).

(c) Where a project or activity would be implemented before an appeal decision could be issued, the Reviewing Officer shall consider written requests to stay implementation of that decision pending completion of the review.

(d) To request a stay of implementation, an appellant must—

§217.11

(1) File a written request with the Reviewing Officer;

(2) Simultaneously send a copy of the stay request to any other appellant(s), intervenor(s), and to the Deciding Officer; and

(3) Provide a written justification of the need for a stay, which at a minimum includes the following:

(i) A description of the specific project(s), activity(ies), or action(s) to be stopped.

(ii) Specific reasons why the stay should be granted in sufficient detail to permit the Reviewing Officer to evaluate and rule upon the stay request, including at a minimum:

(A) The specific adverse effect(s) upon the requester;

(B) Harmful site-specific impacts or effects on resources in the area affected by the activity(ies) to be stopped; and

(C) How the cited effects and impacts would prevent a meaningful decision on the merits.

(e) The Reviewing Officer shall rule on stay requests within 10 days of receipt of a request.

(f) In deciding a stay request, a Reviewing Officer shall consider:

(1) Information provided by the requester pursuant to paragraph (c) of this section;

(2) The effect that granting a stay would have on preserving a meaningful appeal on the merits;

(3) Any information provided by the Deciding Officer or other party to the appeal in response to the stay request; and

(4) Any other factors the Reviewing Officer considers relevant to the decision.

(g) A Reviewing Officer must issue a written decision on a stay request.

(1) If a stay is granted, the stay shall specify the specific activities to be stopped, duration of the stay, and reasons for granting the stay.

(2) If a stay is denied in whole or in part, the decision shall specify the reasons for the denial.

(3) A copy of a decision on a stay request shall be sent to the appellant(s), intervenor(s), and the Deciding Officer.

(h) A decision may be implemented during a review unless the Reviewing Officer has granted a stay.

36 CFR Ch. II (7-1-00 Edition)

(i) A Reviewing Officer's decision on a request to stay implementation of a project or activity included in a Land and Resource Management Plan or significant amendment or revision to the plan is not subject to discretionary review at the next administrative level.

[54 FR 3357, Jan. 23, 1989, as amended at 55 FR 7896, Mar. 6, 1990; 56 FR 4918, Feb. 6, 1991; 58 FR 58916, Nov. 4, 1993]

§217.11 Dismissal without review.

(a) A Reviewing Officer shall dismiss an appeal and close the appeal record without decision on the merits when:

(1) The notice is not filed within the time specified in §217.8 of this part;

(2) The requested relief or change cannot be granted under law, fact, or regulation existing when the decision was made.

(3) The notice of appeal fails to meet the minimum requirements of §217.9 of this part to such an extent that the Reviewing Officer lacks adequate information on which to base a decision;

(4) The decision at issue is being appealed under another administrative proceeding;

(5) The decision is excluded from appeal pursuant to §217.4 of this part;

(6) The appellant(s) withdraws the appeal;

(7) The Deciding Officer withdraws the appealed decision; or

(8) The Chief has invoked the provisions of §217.18 of this part.

(b) The Reviewing Officer shall give written notice of a dismissal to all participants that includes an explanation of why the appeal is dismissed.

(c) A Reviewing Officer's dismissal decision is subject to discretionary review at the next administrative level as provided for in §217.7(d) of this part, except when a dismissal decision results from withdrawal of an appeal by an appellant or withdrawal of the initial decision by the Deciding Officer.

[54 FR 3357, Jan. 23, 1989, as amended at 55 FR 7896, Mar. 6, 1990; 56 FR 4918, Feb. 6, 1991]

§217.12 Resolution of issues.

(a) When a decision is appealed, appellants or intervenors may request meetings with the Deciding Officer to discuss the appeal, either together or separately, to narrow issues, agree on

facts, and explore opportunities to resolve the issues by means other than review and decision on the appeal. Reviewing Officers may, on their own initiative, request the Deciding Officer to meet with participants to discuss the appeal and explore opportunities to resolve the issues. However, Reviewing Officers may not participate in such discussions. At the request of the Deciding Officer, or on their own initiative, Reviewing Officers may extend the time periods for review to allow for conduct of meaningful negotiations. Such extensions may occur only after the time period for intervention and for the Deciding Officer to transmit the decision documentation has elapsed. In granting an extension, the Reviewing Officer must establish a specific time period for the conduct of negotiations.

(b) The Deciding Officer has the authority to withdraw a decision, in whole or in part, during the appeal. Where a Deciding Officer decides to withdraw a decision, all participants to the appeal will be notified that the case is dismissed. A Deciding Officer's subsequent decision to reissue or modify the withdrawn decision constitutes a new decision and is subject to appeal under this part.

[54 FR 3357, Jan. 23, 1989, as amended at 56 FR 46550, Sept. 13, 1991]

§ 217.13 Reviewing officer authority.

(a) *Discretion to establish procedures.* A Reviewing Officer may issue such determinations and procedural instructions as appropriate to ensure orderly and expeditious conduct of the appeal process as long as they are in accordance with all the applicable rules and procedures of this part.

(1) In appeals involving intervenors, the Reviewing Officer may prescribe special procedures to conduct the appeal.

(2) In case of multiple appeals of a decision, the Reviewing Officer may prescribe special procedures as necessary to conduct the review.

(3) All participants shall receive notice of any procedural instructions or decisions governing conduct of an appeal.

(4) Procedural instructions and decisions are not subject to review by higher level officers.

(b) *Consolidation of multiple appeals.*

(1) The Reviewing Officer shall determine whether to issue one appeal decision or separate decisions in cases involving multiple notices of appeal under this part, or if the same decision is also under appeal pursuant to 36 CFR part 251. In the event of a consolidated decision, the Reviewing Officer shall give advance notice to all who have appealed the decision.

(2) Decisions to consolidate an appeal decision are not subject to review by higher level officers.

(c) *Requests for information.* At any time during the appeal process, the Reviewing Officer at the levels specified in § 217.7 (a), (b), or (c)(1) of this part may extend the time periods for review to request additional information from an appellant, intervenor, or the Deciding Officer. Such requests shall be limited to obtaining and evaluating information needed to clarify issues raised. The Reviewing Officer shall notify all participants of such requests and provide them opportunity to comment on the information obtained.

[54 FR 3357, Jan. 23, 1989, as amended at 54 FR 34509, Aug. 21, 1989]

§ 217.14 Intervention.

(a) For a period not to exceed 20 days following the filing of a notice of appeal, the Reviewing Officer shall accept requests to intervene in the appeal from any interested or potentially affected person or organization. Requests to intervene in an appeal during the discretionary review (§ 217.7(d)) shall not be accepted.

(b) Upon receiving such a request, the Reviewing Officer shall promptly acknowledge the request, in writing, and mail the Notice of Appeal to the intervenor.

(c) The Reviewing Officer shall accept into the appeal record written comments about the appeal from an intervenor for a period not to exceed 30 days following acknowledgement of the intervention request (§ 217.14(b)).

(d) Intervenors must concurrently furnish copies of all submissions to the appellant. Failure to provide copies may result in removal of a submission from the appeal record.

§ 217.15

(e) An intervenor cannot continue an appeal if the appeal is dismissed (§217.11).

[54 FR 3357, Jan. 23, 1989, as amended at 58 FR 58916, Nov. 4, 1993]

§ 217.15 Appeal record.

(a) Upon receipt of a copy of the notice of appeal, the Deciding Officer shall assemble the relevant decision documentation (§217.2) and pertinent records, and transmit them to the Reviewing Officer within 30 days in appeal of non-significant amendments to land and resource management plans or within 60 days for appeals of land and resource management plan approvals, significant amendments, or revisions, and for other programmatic decisions. The time period for forwarding the decision documentation is not extendable.

(b) In transmitting the decision documentation to the Reviewing Officer, the Deciding Officer shall indicate where the documentation addresses the issues raised in the notice of appeal. The Deciding Officer shall provide a copy of the transmittal letter to the appellant(s) and intervenor(s).

(c) The review of decisions appealed under this part focuses on the documentation developed by the Deciding Officer in reaching decisions. The records on which the Reviewing Officer shall conduct the review consists of the notice of appeal, any written comments submitted by intervenors, the official documentation prepared by the Deciding Officer in the decisionmaking process, the Deciding Officer's letter transmitting those documents to the Reviewing Officer, and any appeal related correspondence, including additional information requested by the Reviewing Officer pursuant to §217.13 of this part.

(d) It is the responsibility of the Reviewing Officer to maintain in one location a file of documents related to the decision and appeal.

(e) *Closing the record.* (1) In appeals with intervenors, the appeal record shall close upon receipt of comments on the appeal by the intervenor, but not later than the end of the 30-day period provided for intervenors to submit comments (§217.14(c)).

36 CFR Ch. II (7-1-00 Edition)

(2) In appeals without intervenors, the appeal record shall close upon receipt of the decision documentation from the Deciding Officer, unless time has been extended as provided for in §§217.12 and 217.13.

(f) The appeal record is open to public inspection at any time during the review.

(g) In appeals involving initial decisions of the Chief (217.7(a)), the establishment of an administrative record as defined in paragraph (a) of this section shall not begin unless the Secretary elects to review the appeal. Except for the initial notice of appeal, any filings made previous to the Secretary's election to review will not be accepted.

[54 FR 3357, Jan. 23, 1989, as amended at 54 FR 34509, Aug. 21, 1989; 55 FR 7896, Mar. 6, 1990; 56 FR 4918, Feb. 6, 1991; 58 FR 58916, Nov. 4, 1993]

§ 217.16 Decision.

(a) The Reviewing Officer shall not issue a decision prior to the record closing (§217.15(e)).

(b) The Reviewing Officer's decision shall, in whole or in part, affirm or reverse the original decision. The Reviewing Officer's decision may include instructions for further action by the Deciding Officer.

(c) An appeal decision must be consistent with applicable law, regulations, and orders.

(d) The Reviewing Officer shall send a copy of the decision to all participants and to others upon request.

(e) Unless a higher level officer exercises the discretion to review a Reviewing Officer's decision as provided at §217.7(d), the Reviewing Officer's decision is the final administrative decision of the Department of Agriculture and the decision is not subject to further review under this part.

[54 FR 3357, Jan. 23, 1989, as amended at 58 FR 58916, Nov. 4, 1993]

§ 217.17 Discretionary review.

(a) Petitions or requests for discretionary review shall not, in and of themselves, give rise to a decision to exercise discretionary review. In electing to exercise discretion, a Reviewing Officer should consider, but is not limited to, such factors as controversy surrounding the decision, the potential

Forest Service, USDA

§ 217.19

for litigation, whether the decision is precedential in nature, or whether the decision modifies existing or establishes new policy.

(b) As provided for a §§ 217.7 (c) and (d), 217.10(h), and 217.11, certain dismissal decisions rendered by Forest Service line officers, and appeal decisions rendered by Regional Foresters and the Chief (§ 217.16) are subject to discretionary review at the next highest administrative level. Within one day following the date of any decision subject to such discretionary review, the Reviewing Officer shall forward a copy of the decision and the decision documents (§ 217.2) upon which the appeal was predicated to the next higher officer.

(c) When a stay of implementation is in effect, it shall remain in effect until the end of the 15-day period in which a higher level officer must decide whether or not to review a Reviewing Officer's decision (§ 217.17(d)). If the higher level officer decides to review the Reviewing Officer's decision, the stay will remain in effect until a decision is issued (§ 217.17(f)), or until the end of the 30-day review period provided in § 217.17(g) whichever is less.

(d) The higher level officer shall have 15 days from date of receipt to decide whether or not to review a lower level appeal decision, and may request and use the appeal record in deciding whether or not to review the decision, including decisions to dismiss. If the record is requested, the 15-day period is suspended at that point. The lower level Reviewing Officer shall forward it within 5 days of the request. Upon receipt, the higher level officer shall have 15 days to decide whether or not to review the lower level decision. If that officer takes no action by the expiration of the 15-day period or the additional 15-day period following receipt of the record, the decision of the Reviewing Officer stands as the final administrative decision of the Department of Agriculture. All participants shall be notified by the discretionary level whether or not the decision will be reviewed.

(e) Where an official exercises the discretion in § 217.7 (d) or (e) of this

subpart to review a dismissal or appeal decision, the discretionary review shall be made on the existing appeal record and the lower level Reviewing Officer's appeal decision. The record shall not be reopened to accept additional submissions from any source including the Reviewing Officer whose appeal decision is being reviewed.

(f) The discretionary level Reviewing Officer shall conclude the review within 30 days of the date of the notice issued to participants that the lower decision will be reviewed, and shall send a copy of the review decision to all participants.

(g) If a discretionary review decision is not issued by the end of the 30-day review period, appellants and intervenors shall be deemed to have exhausted their administrative remedies for purposes of judicial review. In such case, the participants shall be notified by the discretionary level.

[54 FR 3357, Jan. 23, 1989; 54 FR 13807, Apr. 5, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 55 FR 7896, Mar. 6, 1990; 58 FR 58916, Nov. 4, 1993]

§ 217.18 Policy in event of judicial proceedings.

It is the position of the Department of Agriculture that any filing for Federal judicial review of a decision subject to review under this part is premature and inappropriate unless the plaintiff has first sought to invoke and exhaust the procedures available under this part. This position may be waived upon a written finding by the Chief.

§ 217.19 Applicability and effective date.

(a) The appeal procedures established in this part apply to all appealable decision documents published on or after February 6, 1991.

(b) Notices of appeal filed under 36 CFR 211.16, 36 CFR 211.18, 36 CFR 228.14, and 36 CFR 292.15 prior to February 22, 1989 remain subject to those procedures.

[54 FR 3357, Jan. 23, 1989, as amended at 56 FR 46550, Sept. 13, 1991]

Subpart B—[Reserved]

Subpart A—National Forest System Land and Resource Management Planning

AUTHORITY: Secs. 6 and 15, 90 Stat. 2949, 2952, 2958 (16 U.S.C. 1604, 1613); and 5 U.S.C. 301.

SOURCE: 47 FR 43037, Sept. 30, 1982, unless otherwise noted.

§ 219.1 Purpose and principles.

(a) The regulations in this subpart set forth a process for developing, adopting, and revising land and resource management plans for the National Forest System as required by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended (hereafter, *RPA*). These regulations prescribe how land and resource management planning is to be conducted on National Forest System lands. The resulting plans shall provide for multiple use and sustained yield of

goods and services from the National Forest System in a way that maximizes long term net public benefits in an environmentally sound manner.

(b) Plans guide all natural resource management activities and establish management standards and guidelines for the National Forest System. They determine resource management practices, levels of resource production and management, and the availability and suitability of lands for resource management. Regional and forest planning will be based on the following principles:

(1) Establishment of goals and objectives for multiple-use and sustained-yield management of renewable resources without impairment of the productivity of the land;

(2) Consideration of the relative values of all renewable resources, including the relationship of nonrenewable resources, such as minerals, to renewable resources;

(3) Recognition that the National Forests are ecosystems and their management for goods and services requires an awareness and consideration of the interrelationships among plants, animals, soil, water, air, and other environmental factors within such ecosystems;

(4) Protection and, where appropriate, improvement of the quality of renewable resources;

(5) Preservation of important historic, cultural, and natural aspects of our national heritage;

(6) Protection and preservation of the inherent right of freedom of American Indians to believe, express, and exercise their traditional religions;

(7) Provision for the safe use and enjoyment of the forest resources by the public;

(8) Protection, through ecologically compatible means, of all forest and rangeland resources from depredations by forest and rangeland pests;

(9) Coordination with the land and resource planning efforts of other Federal agencies, State and local governments, and Indian tribes;

(10) Use of a systematic, interdisciplinary approach to ensure coordination and integration of planning activities for multiple-use management;

(11) Early and frequent public participation;

(12) Establishment of quantitative and qualitative standards and guidelines for land and resource planning and management;

(13) Management of National Forest System lands in a manner that is sensitive to economic efficiency; and

(14) Responsiveness to changing conditions of land and other resources and to changing social and economic demands of the American people.

§219.2 Scope and applicability.

The regulations in this subpart apply to the National Forest System, which includes special areas, such as wilderness, wild and scenic rivers, national recreation areas, and national trails. Whenever the special area authorities require additional planning, the planning process under this subpart shall be subject to those authorities.

(a) Unless inconsistent with special area authorities, requirements for additional planning for special areas shall be met through plans required under this subpart.

(b) If, in a particular case, special area authorities require the preparation of a separate special area plan, the direction in any such plan may be incorporated without modification in plans prepared under this subpart.

§219.3 Definitions and terminology.

For purposes of this subpart the following terms, respectively, shall mean:

Allowable sale quantity: The quantity of timber that may be sold from the area of suitable land covered by the forest plan for a time period specified by the plan. This quantity is usually expressed on an annual basis as the "average annual allowable sale quantity."

Base sale schedule: A timber sale schedule formulated on the basis that the quantity of timber planned for sale and harvest for any future decade is equal to or greater than the planned sale and harvest for the preceding decade, and this planned sale and harvest for any decade is not greater than the long-term sustained yield capacity.

Biological growth potential: The average net growth attainable in a fully stocked natural forest stand.

Capability: The potential of an area of land to produce resources, supply goods and services, and allow resource uses under an assumed set of management practices and at a given level of management intensity. Capability depends upon current conditions and site conditions such as climate, slope, landform, soils, and geology, as well as the application of management practices, such as silviculture or protection from fire, insects, and disease.

Corridor: A linear strip of land identified for the present or future location of transportation or utility rights-of-way within its boundaries.

Cost efficiency: The usefulness of specified inputs (costs) to produce specified outputs (benefits). In measuring cost efficiency, some outputs, including environmental, economic, or social impacts, are not assigned monetary values but are achieved at specified levels in the least cost manner. Cost efficiency is usually measured using present net value, although use of benefit-cost ratios and rates-of-return may be appropriate.

Diversity: The distribution and abundance of different plant and animal communities and species within the area covered by a land and resource management plan.

Even-aged management: The application of a combination of actions that results in the creation of stands in which trees of essentially the same age grow together. Managed even-aged forests are characterized by a distribution of stands of varying ages (and, therefore, tree sizes) throughout the forest area. The difference in age between trees forming the main canopy level of a stand usually does not exceed 20 percent of the age of the stand at harvest rotation age. Regeneration in a particular stand is obtained during a short period at or near the time that a stand has reached the desired age or size for regeneration and is harvested. Clearcut, shelterwood, or seed tree cutting methods produce even-aged stands.

Forest land: Land at least 10 percent occupied by forest trees of any size or formerly having had such tree cover and not currently developed for non-

forest use. Lands developed for non-forest use include areas for crops, improved pasture, residential, or administrative areas, improved roads of any width, and adjoining road clearing and powerline clearing of any width.

Goal: A concise statement that describes a desired condition to be achieved sometime in the future. It is normally expressed in broad, general terms and is timeless in that it has no specific date by which it is to be completed. Goal statements form the principal basis from which objectives are developed.

Goods and services: The various outputs, including on-site uses, produced from forest and rangeland resources.

Integrated pest management: A process for selecting strategies to regulate forest pests in which all aspects of a pest-host system are studied and weighed. The information considered in selecting appropriate strategies includes the impact of the unregulated pest population on various resources values, alternative regulatory tactics and strategies, and benefit/cost estimates for these alternative strategies. Regulatory strategies are based on sound silvicultural practices and ecology of the pest-host system and consist of a combination of tactics such as timber stand improvement plus selective use of pesticides. A basic principle in the choice of strategy is that it be ecologically compatible or acceptable.

Long-term sustained-yield timber capacity: The highest uniform wood yield from lands being managed for timber production that may be sustained under a specified management intensity consistent with multiple-use objectives.

Management concern: An issue, problem, or a condition which constrains the range of management practices identified by the Forest Service in the planning process.

Management direction: A statement of multiple-use and other goals and objectives, the associated management prescriptions, and standards and guidelines for attaining them.

Management intensity: A management practice or combination of management practices and associated costs designed to obtain different levels of goods and services.

Management practice: A specific activity, measure, course of action, or treatment.

Management prescription: Management practices and intensity selected and scheduled for application on a specific area to attain multiple-use and other goals and objectives.

Multiple use: The management of all the various renewable surface resources of the National Forest System so that they are utilized in the combination that will best meet the needs of the American people; making the most judicious use of the land for some or all of these resources or related services over areas large enough to provide sufficient latitude for periodic adjustments in use to conform to changing needs and conditions; that some lands will be used for less than all of the resources; and harmonious and coordinated management of the various resources, each with the other, without impairment of the productivity of the land, with consideration being given to the relative values of the various resources, and not necessarily the combination of uses that will give the greatest dollar return or the greatest unit output.

Net public benefits: An expression used to signify the overall long-term value to the nation of all outputs and positive effects (benefits) less all associated inputs and negative effects (costs) whether they can be quantitatively valued or not. Net public benefits are measured by both quantitative and qualitative criteria rather than a single measure or index. The maximization of net public benefits to be derived from management of units of the National Forest System is consistent with the principles of multiple use and sustained yield.

Objective: A concise, time-specific statement of measurable planned results that respond to pre-established goals. An objective forms the basis for further planning to define the precise steps to be taken and the resources to be used in achieving identified goals.

Planning area: The area of the National Forest System covered by a regional guide or forest plan.

Planning period: One decade. The time interval within the planning horizon that is used to show incremental

changes in yields, costs, effects, and benefits.

Planning horizon: The overall time period considered in the planning process that spans all activities covered in the analysis or plan and all future conditions and effects of proposed actions which would influence the planning decisions.

Present net value: The difference between the discounted value (benefits) of all outputs to which monetary values or established market prices are assigned and the total discounted costs of managing the planning area.

Public issue: A subject or question of widespread public interest relating to management of the National Forest System.

Real dollar value: A monetary value which compensates for the effects of inflation.

Receipt shares: The portion of receipts derived from Forest Service resource management that is distributed to State and county governments, such as the Forest Service 25 percent fund payments.

Responsible line officer: The Forest Service employee who has the authority to select and/or carry out a specific planning action.

Sale schedule: The quantity of timber planned for sale by time period from an area of suitable land covered by a forest plan. The first period, usually a decade, of the selected sale schedule provides the allowable sale quantity. Future periods are shown to establish that long-term sustained yield will be achieved and maintained.

Silvicultural system: A management process whereby forests are tended, harvested, and replaced, resulting in a forest of distinctive form. Systems are classified according to the method of carrying out the fellings that remove the mature crop and provide for regeneration and according to the type of forest thereby produced.

Suitability: The appropriateness of applying certain resource management practices to a particular area of land, as determined by an analysis of the economic and environmental consequences and the alternative uses foregone. A unit of land may be suitable for a variety of individual or combined management practices.

Sustained-yield of products and services: The achievement and maintenance in perpetuity of a high-level annual or regular periodic output of the various renewable resources of the National Forest System without impairment of the productivity of the land.

Timber production: The purposeful growing, tending, harvesting, and regeneration of regulated crops of trees to be cut into logs, bolts, or other round sections for industrial or consumer use. For purposes of this subpart, the term *timber production* does not include production of fuelwood.

Uneven-aged management: The application of a combination of actions needed to simultaneously maintain continuous high-forest cover, recurring regeneration of desirable species, and the orderly growth and development of trees through a range of diameter or age classes to provide a sustained yield of forest products. Cutting is usually regulated by specifying the number or proportion of trees of particular sizes to retain within each area, thereby maintaining a planned distribution of size classes. Cutting methods that develop and maintain uneven-aged stands are single-tree selection and group selection.

§219.4 Planning levels.

(a) *General guideline.* Planning requires a continuous flow of information and management direction among the three Forest Service administrative levels: national, regional, and forest. Management direction shall:

(1) Include requirements for analysis to determine programs that maximize net public benefits, consistent with locally derived information about production capabilities;

(2) Reflect production capabilities, conditions and circumstances observed at all levels; and

(3) Become increasingly specific as planning progresses from the national to the forest level. In this structure, regional planning is a principal process for conveying management direction from the national level to the forest level and for conveying information from forest level to the national level. The planning process is essentially iterative in that the information from the forest level flows up to the national

level where in turn information in the RPA Program flows back to the forest level.

(b) *Planning levels and relationships*—

(1) *National*. The Chief of the Forest Service shall develop the Renewable Resources Assessment and Program (hereafter, “RPA Assessment and RPA Program”) according to sections 3 and 4 of the RPA.

(i) *RPA Assessment*. The RPA Assessment shall include analysis of present and anticipated uses, demand for, and supply of the renewable resources of forest, range, and other associated lands with consideration of, and an emphasis on, pertinent supply, demand, and price relationship trends; an inventory of present and potential renewable resources and an evaluation of opportunities for improving their yield of tangible and intangible goods and services, together with estimates of investment costs and direct and indirect returns to the Federal Government; a description of Forest Service programs and responsibilities in research, cooperative programs, and management of the National Forest System; and analysis of important policy issues and consideration of laws, regulations, and other factors expected to influence and affect significantly the use, ownership, and management of forest, range, and other associated lands. The RPA Assessment shall be based on the future capabilities of forest and rangelands and shall include information generated during the regional, forest, and other planning processes.

(ii) *RPA Program*. The RPA Program shall consider the costs of supply and the relative values of both market and nonmarket outputs. The alternatives considered shall include national renewable resource goals and quantified objectives for resource outputs and other benefits and shall be designed to represent a range of expenditure levels sufficient to demonstrate full opportunities for management. A portion of each national objective developed in the RPA Program shall be distributed to each region and be incorporated into each regional guide. Resource objectives shall be tentatively selected for each forest planning area. In formulating the objectives for each region and forest planning area, local supply

capabilities and market conditions will be considered.

(2) *Regional*. Each Regional Forester shall develop a regional guide. Regional guides shall establish regional standards and guidelines as required by §219.9(a). Consistent with resource capabilities, regional guides shall reflect goals and objectives of the RPA Program. For planning purposes, the regional guides shall display tentative resource objectives for each Forest from the RPA Program. Regional guides shall also provide for general coordination of National Forest System, State and Private Forestry (S&PF), and Research programs. The Chief shall approve the regional guide. The Regional Forester may request adjustment of assigned regional objectives. Any adjustment shall require the approval of the Chief, Forest Service.

(3) *Forest*. Each Forest Supervisor shall develop a forest plan for administrative units of the National Forest System. One forest plan may be prepared for all lands for which a Forest Supervisor has responsibility; or separate forest plans may be prepared for each National Forest, or combination of National Forests, within the jurisdiction of a single Forest Supervisor. A single forest plan may be prepared for the entire Tongass National Forest. These forest plans shall constitute the land and resource management plans as required under sections 6 and 13 of the RPA. A range of resource objectives shall be formulated as alternatives and evaluated, including at least one alternative which responds to and incorporates the tentative RPA Program resource objectives displayed in the regional guide. Based on this evaluation, the Forest Supervisor shall recommend objectives for incorporation into the forest plan to the Regional Forester. The Regional Forester shall approve the forest plan. This approval may incorporate adjustment of the tentative RPA Program resource objectives displayed in the regional guide.

§219.5 Interdisciplinary approach.

(a) A team representing several disciplines shall be used for regional and forest planning to insure coordinated planning of the various resources.

Forest Service, USDA

§219.6

Through interactions among its members, the team shall integrate knowledge of the physical, biological, economic and social sciences, and the environmental design arts in the planning process. The team shall consider problems collectively, rather than separating them along disciplinary lines. Team functions include, but are not limited to—

- (1) Assessing the problems and resource use and development opportunities associated with providing goods and services;
- (2) Obtaining the public's views about possible decisions;
- (3) Implementing the planning coordination activities within the Forest Service and with local, State and other Federal agencies;
- (4) Developing a broad range of alternatives which identify the benefits and costs of land and resource management according to the planning process described in this subpart.
- (5) Developing the land and resource management plan and associated environmental impact statement required pursuant to the planning process;
- (6) Presenting to the responsible line officer an integrated perspective on land and resource management planning; and
- (7) Establishing the standards and requirements by which planning and management activities will be monitored and evaluated.

(b) In appointing team members, the responsible line officer shall determine and consider the qualifications of each team member on the basis of the complexity of the issues and concerns to be addressed through the plan. The team shall collectively represent diverse specialized areas of professional and technical knowledge applicable to the planning area, and the team members shall have recognized relevant expertise and experience in professional, investigative, scientific, or other responsible work in specialty areas which they collectively represent. The team may consist of whatever combination of Forest Service staff and other Federal government personnel is necessary to achieve an interdisciplinary approach. The team is encouraged to consult other persons when required specialized knowledge does not exist within the

team itself. In addition to technical knowledge in one or more resource specialties, members should possess other attributes which enhance the interdisciplinary process. As a minimum, these attributes should include—

- (1) An ability to solve complex problems;
- (2) Skills in communication and group interaction;
- (3) Basic understanding of land and natural resource planning concepts, processes, and analysis techniques; and
- (4) The ability to conceptualize planning problems and feasible solutions.

§219.6 Public participation.

(a) Because the land and resource management planning process determines how the lands of the National Forest System are to be managed, the public is encouraged to participate throughout the planning process. The intent of public participation is to—

- (1) Broaden the information base upon which land and resource management planning decisions are made;
- (2) Ensure that the Forest Service understands the needs, concerns, and values of the public;
- (3) Inform the public of Forest Service land and resource planning activities; and
- (4) Provide the public with an understanding of Forest Service programs and proposed actions.

(b) Public participation in the preparation of environmental impact statements for planning begins with the publication of a notice of intent in the FEDERAL REGISTER. Public involvement in the preparation of draft and final environmental impact statements shall conform to the requirements of the National Environmental Policy Act and associated implementing regulations and Forest Service Manual and Handbook guidance (hereafter, "NEPA procedures"). Public comments shall be analyzed according to NEPA procedures.

(c) Public participation activities, as deemed appropriate by the responsible line officer, shall be used early and often throughout the development of plans. Formal public participation activities will begin with a notice to the

§219.6

news media and other sources which includes, as appropriate, the following information:

(1) A description of the proposed planning action;

(2) A description and map of the geographic area affected;

(3) The issues expected to be discussed;

(4) The kind, extent, and method(s) of public participation to be used;

(5) The times, dates, and locations scheduled or anticipated, for public meetings;

(6) The name, title, address, and telephone number of the Forest Service official who may be contacted for further information; and

(7) The location and availability of documents relevant to planning process.

(d) Public participation activities should be appropriate to the area and people involved. Means of notification should be appropriate to the level of planning. Public participation activities may include, but are not limited to, requests for written comments, meetings, conferences, seminars, workshops, tours, and similar events designed to foster public review and comment. The Forest Service shall state the objectives of each participation activity to assure that the public understands what type of information is needed and how this information relates to the planning process.

(e) Public comments shall be considered individually and by type of group and organization to determine common areas of concern and geographic distribution. The result of this analysis should be evaluated to determine the variety and intensity of viewpoints about ongoing and proposed planning and management standards and guidelines.

(f) All scheduled public participation activities shall be documented by a summary of the principal issues discussed, comments made, and a register of participants.

(g) At least 30 days' public notice shall be given for public participation activities associated with the development of regional guides and forest plans. Any notice requesting written comments on regional planning shall allow at least 60 calendar days for re-

36 CFR Ch. II (7-1-00 Edition)

sponse. A similar request on forest planning shall allow at least 30 calendar days for response. Draft regional guides and forest plans and environmental impact statements shall be available for public comment for a least 3 months. See also §§219.8(c) and 219.10(b).

(h) The responsible line officer shall attend, or provide for adequate representation at, public participation activities.

(i) Copies of approved guides and plans shall be available for public review as follows:

(1) The RPA Assessment and the RPA Program shall be available at national headquarters, The Northeastern Area State and Private Forestry Office, and all Regional offices, Research Stations, Forest Supervisors' offices, and District Rangers' offices;

(2) The regional guides shall be available at national headquarters, the issuing regional office and regional offices of contiguous regions, each Forest Supervisor's office of forests within and contiguous to the issuing region, and each District Ranger's office in the region;

(3) The forest plan shall be available at the regional office for the forest, the Forest Supervisor's office, Forest Supervisors' offices contiguous to the forest, District Rangers' offices within the forest, and at least one additional location, to be determined by the Forest Supervisor, which shall offer convenient access to the public.

These documents may be made available at other locations convenient to the public.

(j) Documents considered in the development of plans shall be available at the office where the plans were developed.

(k) Forest planning activities should be coordinated to the extent practicable with owners of lands that are intermingled with, or dependent for access upon, National Forest System lands. The results of this coordination shall be included in the environmental impact statement for the plan as part of the review required in §219.7(c). The responsible line officer may individually notify these owners of forest

planning activities where it is determined that notice provided for the general public is not likely to reach the affected landowners.

(l) Fees for reproducing requested documents shall be charged according to the Secretary of Agriculture's Fee Schedule (7 CFR part 1, subpart A, appendix A).

§ 219.7 Coordination with other public planning efforts.

(a) The responsible line officer shall coordinate regional and forest planning with the equivalent and related planning efforts of other Federal agencies, State and local governments, and Indian tribes.

(b) The responsible line officer shall give notice of the preparation of a land and resource management plan, along with a general schedule of anticipated planning actions, to the official or agency so designated by the affected State (including the Commonwealth of Puerto Rico). The same notice shall be mailed to all Tribal or Alaska Native leaders whose tribal lands or treaty rights are expected to be impacted and to the heads of units of government for the counties involved. These notices shall be issued simultaneously with the publication of the notice of intent to prepare an environmental impact statement required by NEPA procedures (40 CFR 1501.7).

(c) The responsible line officer shall review the planning and land use policies of other Federal agencies, State and local governments, and Indian tribes. The results of this review shall be displayed in the environmental impact statement for the plan (40 CFR 1502.16(c), 1506.2). The review shall include—

(1) Consideration of the objectives of other Federal, State and local governments, and Indians tribes, as expressed in their plans and policies;

(2) An assessment of the interrelated impacts of these plans and policies;

(3) A determination of how each Forest Service plan should deal with the impacts identified; and,

(4) Where conflicts with Forest Service planning are identified, consideration of alternatives for their resolution.

(d) In developing land and resource management plans, the responsible line officer shall meet with the designated State official (or designee) and representatives of other Federal agencies, local governments, and Indian tribal governments at the beginning of the planning process to develop procedures for coordination. As a minimum, such conferences shall also be held after public issues and management concerns have been identified and prior to recommending the preferred alternative. Such conferences may be held in conjunction with other public participation activities, if the opportunity for government officials to participate in the planning process is not thereby reduced.

(e) In developing the forest plan, the responsible line officer shall seek input from other Federal, State and local governments, and universities to help resolve management concerns in the planning process and to identify areas where additional research is needed. This input should be included in the discussion of the research needs of the designated forest planning area.

(f) A program of monitoring and evaluation shall be conducted that includes consideration of the effects of National Forest management on land, resources, and communities adjacent to or near the National Forest being planned and the effects upon National Forest management of activities on nearby lands managed by other Federal or other government agencies or under the jurisdiction of local governments.

[47 FR 43037, Sept. 30, 1982, as amended at 48 FR 29122, June 24, 1983]

§ 219.8 Regional planning procedure.

(a) *Regional guide.* A regional guide shall be developed for each administratively designated Forest Service region. Regional guides shall reflect general coordination of National Forest System, State and Private Forestry, and Research programs. Regional guides shall provide standards and guidelines for addressing major issues and management concerns which need to be considered at the regional level to facilitate forest planning. Public participation and coordination, the current RPA Program and Assessment, and the existing forest and resource

plans shall be used as sources of information in meeting this requirement. Data and information requirements established nationally will be followed in structuring and maintaining required data.

(b) *Responsibilities*—(1) *Chief, Forest Service*. The Chief shall establish agency-wide policy for regional planning and approve all regional guides.

(2) *Regional forester*. The Regional Forester has overall responsibility for preparing and implementing the regional guide and for preparing the environmental impact statement for proposed standards and guidelines in the regional guide. The Regional Forester appoints and supervises the interdisciplinary team.

(3) *Interdisciplinary team*. The team, under the direction of the Regional Forester, implements the public participation and coordination activities required by §219.6 and §219.7. The team shall continue to function even though membership may change and shall monitor and evaluate planning results and recommend amendments. The team shall develop a regional guide in compliance with NEPA procedures.

(c) *Public review*. A draft and final environmental impact statement shall be prepared for the proposed standards and guidelines in the regional guide according to NEPA procedures. To the extent feasible, a single process shall be used to meet planning and NEPA requirements. The draft statement shall identify a preferred alternative. Beginning on the date of publication of the notice of availability of the draft environmental impact statement in the FEDERAL REGISTER, the statement and the proposed guide shall be available for public comment for at least 3 months at convenient locations in the vicinity of the lands covered by the guide. During this period, and in accordance with the provisions in §219.6, the Regional Forester or his designee shall publicize and hold public participation activities as deemed necessary for adequate public input.

(d) *Guide approval*. The Chief shall review the proposed guide and the final environmental impact statement and either approve or disapprove the guide.

(1) *Approval*. The Chief shall prepare a concise public record of decision

which documents approval and accompanies the regional guide and the final environmental impact statement. The record or decision shall be prepared according to NEPA procedures (40 CFR 1505.2). The approved regional guide shall not become effective until at least 30 days after publication of the notice of availability of the final environmental impact statement in the FEDERAL REGISTER.

(2) *Disapproval*. The Chief shall return the regional guide and final environmental impact statement to the Regional Forester with a written statement of the reasons for disapproval. The Chief may also specify a course of action to be undertaken by the Regional Forester in order to remedy deficiencies, errors, or omissions in the regional guide or environmental impact statement.

(e) *Public appeal of approval decisions*. The provisions of 36 CFR part 211, subpart B apply to any administrative appeal of the Chief's decision to approve a regional guide. Decisions to disapprove a guide and other decisions made during the regional planning process prior to issuance of a record of decision approving the guide are not subject to administrative appeal.

(f) *Amendment*. The Regional Forester may amend the regional guide. The Regional Forester shall determine whether the proposed amendment would result in a significant change in the guide. If the change resulting from the proposed amendment is determined to be significant, the Regional Forester shall follow the same procedure for amendment as that required for development and approval of a regional guide. If the change resulting from the amendment is determined not to be significant for the purposes of the planning process, the Regional Forester may implement the amendment following appropriate public notification and satisfactory completion of NEPA procedures.

(g) *Planning records*. The Regional Forester shall develop and maintain planning records that document decisions and activities that result from the process of developing a regional guide and the accomplishment of legal and administrative planning requirements. These records include at least

Forest Service, USDA

§ 219.10

the draft environmental impact statement, final environmental impact statement, regional guide, record of decision, a work plan to guide and manage planning, the procedures used in completing each action, and the results of these actions.

§ 219.9 Regional guide content.

(a) The regional guide shall contain—

(1) A summary of the analysis of the regional management situation, including a brief description of the existing management situation and the major issues and management concerns which need to be addressed at the regional level to facilitate forest planning;

(2) A description of management direction including programs, goals, and objectives;

(3) A display of tentative resource objectives for each forest planning area from the current RPA Program;

(4) New or significantly changed regional management standards and guidelines necessary to address major regional issues and management concerns identified in paragraph (a)(1) of this section;

(5) Specific standards and guidelines for the following—

(i) Prescribing appropriate harvest cutting methods to be used within the region according to geographic areas, forest types, or other suitable classifications;

(ii) Establishing the maximum size, dispersal, and size variation of tree openings created by even-aged management, and the state of vegetation that will be reached before a cut-over area is no longer considered an opening, using factors enumerated in § 219.27(d);

(iii) Defining the management intensities and utilization standards to be used in determining harvest levels for the region;

(iv) Designating transportation corridors and associated direction for forest planning, such as management requirements for corridors, transmission lines, pipelines, and water canals. (The designation of corridors is not to preclude the granting of separate rights-of-way over, upon, under, or through the Federal lands where the authorized line officer determines that confine-

ment to a corridor is not appropriate.) (43 U.S.C. 1763, 36 CFR 251.56); and

(v) Identifying in forest plans significant current and potential air pollution emissions from management activities and from other sources in and around the forest planning area and identifying measures needed to coordinate air quality control with appropriate air quality regulation agencies.

(6) A description of the monitoring and evaluation necessary to determine and report achievements and effects of the guide.

(7) A description of measures to achieve coordination of National Forest System, State and Private Forestry, and Research programs.

(b) Existing regional standards and guidelines that are part of the Forest Service directives system, and that are not altered or superseded in the course of complying with § 219.9(a)(4), shall remain in effect.

§ 219.10 Forest planning—general procedure.

(a) *Responsibilities*—(1) *Regional Forester*. The Regional Forester shall establish regional policy for forest planning and approve all forest plans in the region.

(2) *Forest Supervisor*. The Forest Supervisor has overall responsibility for the preparation and implementation of the forest plan and preparation of the environmental impact statement for the forest plan. The Forest Supervisor appoints and supervises the interdisciplinary team.

(3) *Interdisciplinary team*. The team, under the direction of the Forest Supervisor, implements the public participation and coordination activities required by § 219.6 and § 219.7. The team shall continue to function even though membership may change and shall monitor and evaluate planning results and recommend revisions and amendments. The interdisciplinary team shall develop a forest plan and environmental impact statement using the process established in § 219.12 and paragraph (b) below.

(b) *Public review of plan and environmental impact statement*. A draft and final environmental impact statement shall be prepared for the proposed plan according to NEPA procedures. The

§219.10

draft environmental impact statement shall identify a preferred alternative. To comply with 16 U.S.C. 1604(d), the draft environmental impact statement and proposed plan shall be available for public comment for at least 3 months, at convenient locations in the vicinity of the lands covered by the plan, beginning on the date of the publication of the notice of availability in the FEDERAL REGISTER. During this period, and in accordance with the provisions in §219.6, the Forest Supervisor shall publicize and hold public participation activities as deemed necessary to obtain adequate public input.

(c) *Plan approval.* The Regional Forester shall review the proposed plan and the final environmental impact statement and either approve or disapprove the plan.

(1) *Approval.* The Regional Forester shall prepare a concise public record of decision which documents approval and accompanies the plan and final environmental impact statement. The record of decision shall be prepared according to NEPA procedures (40 CFR 1505.2). The approved plan shall not become effective until at least 30 days after publication of the notice of availability of the final environmental impact statement in the FEDERAL REGISTER, to comply with 16 U.S.C. 1604(d) and 1604(j).

(2) *Disapproval.* The Regional Forester shall return the plan and final environmental impact statement to the Forest Supervisor with a written statement of the reasons for disapproval. The Regional Forester may also specify a course of action to be undertaken by the Forest Supervisor in order to remedy deficiencies, errors, or omissions in the plan or environmental impact statement.

(d) *Public appeal of approval decision.* The provisions of 36 CFR part 211, subpart B apply to any administrative appeal of the Regional Forester's decision to approve a forest plan. Decisions to disapprove a plan and other decisions made during the forest planning process prior to the issuance of a record of decision approving the plan are not subject to administrative appeal.

(e) *Plan implementation.* As soon as practicable after approval of the plan, the Forest Supervisor shall ensure

36 CFR Ch. II (7-1-00 Edition)

that, subject to valid existing rights, all outstanding and future permits, contracts, cooperative agreements, and other instruments for occupancy and use of affected lands are consistent with the plan. Subsequent administrative activities affecting such lands, including budget proposals, shall be based on the plan. The Forest Supervisor may change proposed implementation schedules to reflect differences between proposed annual budgets and appropriated funds. Such scheduled changes shall be considered an amendment to the forest plan, but shall not be considered a significant amendment, or require the preparation of an environmental impact statement, unless the changes significantly alter the long-term relationship between levels of multiple-use goods and services projected under planned budget proposals as compared to those projected under actual appropriations.

(f) *Amendment.* The Forest Supervisor may amend the forest plan. Based on an analysis of the objectives, guidelines, and other contents of the forest plan, the Forest Supervisor shall determine whether a proposed amendment would result in a significant change in the plan. If the change resulting from the proposed amendment is determined to be significant, the Forest Supervisor shall follow the same procedure as that required for development and approval of a forest plan. If the change resulting from the amendment is determined not to be significant for the purposes of the planning process, the Forest Supervisor may implement the amendment following appropriate public notification and satisfactory completion of NEPA procedures.

(g) *Revision.* A forest plan shall ordinarily be revised on a 10-year cycle or at least every 15 years. It also may be revised whenever the Forest Supervisor determines that conditions or demands in the area covered by the plan have changed significantly or when changes in RPA policies, goals, or objectives would have a significant effect on forest level programs. In the monitoring and evaluation process, the interdisciplinary team may recommend a revision of the forest plan at any time. Revisions are not effective until considered and approved in accordance

Forest Service, USDA

§219.12

with the requirements for the development and approval of a forest plan. The Forest Supervisor shall review the conditions on the land covered by the plan at least every 5 years to determine whether conditions or demands of the public have change significantly.

(h) *Planning records.* The Forest Supervisor and interdisciplinary team shall develop and maintain planning records that document the decisions and activities that result from the process of developing a forest plan. Records that support analytical conclusions made and alternatives considered by the team and approved by the Forest Supervisor throughout the planning process shall be maintained. Such supporting records provide the basis for the development of the forest plan and associated documents required by NEPA procedures.

§219.11 Forest plan content.

The forest plan shall contain the following:

(a) A brief summary of the analysis of the management situation, including demand and supply conditions for resource commodities and services, production potentials, and use and development opportunities;

(b) Forest multiple-use goals and objectives that include a description of the desired future condition of the forest or grassland and an identification of the quantities of goods and services that are expected to be produced or provided during the RPA planning periods;

(c) Multiple-use prescriptions and associated standards and guidelines for each management area including proposed and probable management practices such as the planned timber sale program; and

(d) Monitoring and evaluation requirements that will provide a basis for a periodic determination and evaluation of the effects of management practices.

§219.12 Forest planning—process.

(a) *General requirements.* The preparation, revision, or significant amendment of a forest plan shall comply with the requirements established in this section. The planning process includes at least those actions set forth in para-

graphs (b) through (k) of the section. Some actions may occur simultaneously, and it may be necessary to repeat an action as additional information becomes available. The environmental impact statement for each forest plan shall be prepared according to NEPA procedures. To the extent feasible, a single process shall be used to meet planning and NEPA requirements.

(b) *Identification of purpose and need.* The interdisciplinary team shall identify and evaluate public issues, management concerns, and resource use and development opportunities, including those identified throughout the planning process during public participation activities and coordination with other Federal agencies, State and local governments, and Indian tribes. The Forest Supervisor shall determine the major public issues, management concerns, and resource use and development opportunities to be addressed in the planning process.

(c) *Planning criteria.* Criteria shall be prepared to guide the planning process. Criteria apply to collection and use of inventory data and information, analysis of the management situation, and the design, formulation, and evaluation of alternatives. Criteria designed to achieve the objective of maximizing net public benefits shall be included. Specific criteria may be derived from—

(1) Laws, Executive Orders, regulations, and agency policy as set forth in the Forest Service Manual;

(2) Goals and objectives in the RPA Program and regional guides;

(3) Recommendations and assumptions developed from public issues, management concerns, and resource use and development opportunities;

(4) The plans and programs of other Federal agencies, State and local governments, and Indian tribes;

(5) Ecological, technical, and economic factors; and

(6) The resource integration and management requirements in §§219.13 through 219.27.

(d) *Inventory data and information collection.* Each Forest Supervisor shall obtain and keep current inventory data appropriate for planning and managing the resources under his or her administrative jurisdiction. The Supervisor

will assure that the interdisciplinary team has access to the best available data. This may require that special inventories or studies be prepared. The interdisciplinary team shall collect, assemble, and use data, maps, graphic material, and explanatory aids, of a kind, character, and quality, and to the detail appropriate for the management decisions to be made. Data and information needs may vary as planning problems develop from identification of public issues, management concerns, and resource use and development opportunities. Data shall be stored for ready retrieval and comparison and periodically shall be evaluated for accuracy and effectiveness. The interdisciplinary team will use common data definitions and standards established by the Chief of the Forest Service to assure uniformity of information between all planning levels. As information is recorded, it shall be applied in any subsequent planning process. Information developed according to common data definitions and standards shall be used in the preparation of the 1990, and subsequent RPA Assessments and RPA Programs.

(e) *Analysis of the management situation.* The analysis of the management situation is a determination of the ability of the planning area covered by the forest plan to supply goods and services in response to society's demands. The primary purpose of this analysis is to provide a basis for formulating a broad range of reasonable alternatives. The analysis may examine the capability of the unit to supply outputs both with and without legal and other requirements. As a minimum, the analysis of the management situation shall include the following:

(1) Benchmark analyses to define the range within which alternatives can be constructed. Budgets shall not be a constraint. The following benchmark analyses shall be consistent with the minimum applicable management requirements of §219.27 and shall define at least—

(i) The minimum level of management which would be needed to maintain and protect the unit as part of the National Forest System together with associated costs and benefits;

(ii) The maximum physical and biological production potentials of significant individual goods and services together with associated costs and benefits;

(iii) Monetary benchmarks which estimate the maximum present net value of those resources having an established market value or an assigned value;

(A) For forest planning areas with major resource outputs that have an established market price, monetary benchmarks shall include an estimate of the mix of resource uses, combined with a schedule of outputs and costs, which will maximize the present net value of those major outputs that have an established market price;

(B) For all forest planning areas, monetary benchmarks shall include an estimate of the mix of resource uses, combined with a schedule of outputs and costs, which will maximize the present net value of those major outputs that have an established market price or are assigned a monetary value;

(C) For forest planning areas with a significant timber resource, estimates for paragraphs (e)(1)(iii) (A) and (B) of this section shall be developed both with and without meeting the requirements for compliance with a base sale schedule of timber harvest, as described in §219.16(a)(1), and with and without scheduling the harvest of even-aged stands generally at or beyond culmination of mean annual increment of growth, as described in §219.16(a)(2)(iii).

(D) Estimates for paragraphs (e)(1)(iii) (A) and (B) of this section shall be developed both with and without other constraints when needed to address major public issues, management concerns, or resource opportunities identified during the planning process.

(2) The current level of goods and services provided by the unit and the most likely amount of goods and services expected to be provided in the future if current management direction continues; this will be the same analysis as that required by §219.12(f)(5).

(3) Projections of demand using best available techniques, with both price and nonprice information. To the extent practical, demand will be assessed as price-quantity relationships.

Forest Service, USDA

§ 219.12

(4) A determination of the potential to resolve public issues and management concerns.

(5) Based on consideration of data and findings developed in paragraphs (e)(1)–(4), a determination of the need to establish or change management direction.

(f) *Formulation of alternatives.* The interdisciplinary team shall formulate a broad range of reasonable alternatives according to NEPA procedures. The primary goal in formulating alternatives, besides complying with NEPA procedures, is to provide an adequate basis for identifying the alternative that comes nearest to maximizing net public benefits, consistent with the resource integration and management requirements of §§ 219.13 through 219.27.

(1) Alternatives shall be distributed between the minimum resource potential and the maximum resource potential to reflect to the extent practicable the full range of major commodity and environmental resource uses and values that could be produced from the forest. Alternatives shall reflect a range of resource outputs and expenditure levels.

(2) Alternatives shall be formulated to facilitate analysis of opportunity costs and of resource use and environmental trade-offs among alternatives and between benchmarks and alternatives.

(3) Alternatives shall be formulated to facilitate evaluation of the effects on present net value, benefits, and costs of achieving various outputs and values that are not assigned monetary values, but that are provided at specified levels.

(4) Alternatives shall provide different ways to address and respond to the major public issues, management concerns, and resource opportunities identified during the planning process.

(5) Reasonable alternatives which may require a change in existing law or policy to implement shall be formulated if necessary to address a major public issue, management concern, or resource opportunity identified during the planning process (40 CFR 1501.7, 1502.14(c)).

(6) At least one alternative shall be developed which responds to and incorporates the RPA Program tentative re-

source objectives for each forest displayed in the regional guide.

(7) At least one alternative shall reflect the current level of goods and services provided by the unit and the most likely amount of goods and services expected to be provided in the future if current management direction continues. Pursuant to NEPA procedures, this alternative shall be deemed the “no action” alternative.

(8) Each alternative shall represent to the extent practicable the most cost efficient combination of management prescriptions examined that can meet the objectives established in the alternative.

(9) Each alternative shall state at least—

(i) The condition and uses that will result from long-term application of the alternative;

(ii) The goods and services to be produced, the timing and flow of these resource outputs together with associated costs and benefits;

(iii) Resource management standards and guidelines; and

(iv) The purposes of the management direction proposed.

(g) *Estimated effects of alternatives.* The physical, biological, economic, and social effects of implementing each alternative considered in detail shall be estimated and compared according to NEPA procedures. These effects include those described in NEPA procedures (40 CFR 1502.14 and 1502.16) and at least the following:

(1) The expected outputs for the planning periods, including appropriate marketable goods and services, as well as nonmarket items, such as recreation and wilderness use, wildlife and fish, protection and enhancement of soil, water, and air, and preservation of aesthetic and cultural resource values;

(2) The relationship of expected outputs to the RPA Program tentative resource objectives for the forest displayed in the current regional guide;

(3) Direct and indirect benefits and costs, analyzed in sufficient detail to estimate—

(i) the expected real-dollar costs (discounted when appropriate), including investment, administrative, and operating costs of the agency and all other public and private costs required to

manage the forest up to the point where the outputs are valued and the environmental consequences are realized;

(ii) the expected real-dollar value (discounted when appropriate) of all outputs attributable to each alternative to the extent that monetary values can be assigned to nonmarket goods and services, using quantitative and qualitative criteria when monetary values may not reasonably be assigned;

(iii) the economic effects of alternatives, including impacts on present net value, total receipts to the Federal Government, direct benefits to users that are not measured in receipts to the Federal Government, receipt shares to State and local governments, income, and employment in affected areas; and

(iv) the monetary opportunity costs (changes in present net value) associated with those management standards and resource outputs in each alternative that were not assigned monetary values but were provided at specified levels, compared with the maximum present net value benchmarks developed in §219.12(e)(1)(iii).

(4) The significant resource tradeoffs and opportunity costs associated with achieving alternative resource objectives.

(h) *Evaluation of alternatives:* Using planning criteria, the interdisciplinary team shall evaluate the significant physical, biological, economic, and social effects of each management alternative that is considered in detail. The evaluation shall include a comparative analysis of the aggregate effects of the management alternatives and shall compare present net value, social and economic impacts, outputs of goods and services, and overall protection and enhancement of environmental resources.

(i) *Preferred alternative recommendation.* The Forest Supervisor shall review the interdisciplinary team's evaluation and shall recommend to the Regional Forester a preferred alternative to be identified in the draft environmental impact statement and displayed as the proposed plan.

(j) *Plan approval.* The Regional Forester shall review the proposed plan and final environmental impact state-

ment and either approve or disapprove the plan in accordance with §219.10(c). The record of decision for approval of a plan shall include, in addition to the requirements of NEPA procedures (40 CFR 1505.2), a summarized comparison of the selected alternative with:

(1) Any other alternative considered which is environmentally preferable to the selected alternative; and

(2) Any other alternative considered which comes nearer to maximizing present net value.

(k) *Monitoring and evaluation.* At intervals established in the plan, implementation shall be evaluated on a sample basis to determine how well objectives have been met and how closely management standards and guidelines have been applied. Based upon this evaluation, the interdisciplinary team shall recommend to the Forest Supervisor such changes in management direction, revisions, or amendments to the forest plan as are deemed necessary. Monitoring requirements identified in the forest plan shall provide for—

(1) A quantitative estimate of performance comparing outputs and services with those projected by the forest plan;

(2) Documentation of the measured prescriptions and effects, including significant changes in productivity of the land; and

(3) Documentation of costs associated with carrying out the planned management prescriptions as compared with costs estimated in the forest plan.

(4) A description of the following monitoring activities:

(i) The actions, effects, or resources to be measured, and the frequency of measurements;

(ii) Expected precision and reliability of the monitoring process; and

(iii) The time when evaluation will be reported.

(5) A determination of compliance with the following standards:

(i) Lands are adequately restocked as specified in the forest plan;

(ii) Lands identified as not suited for timber production are examined at least every 10 years to determine if they have become suited; and that, if determined suited, such lands are returned to timber production;

Forest Service, USDA

§ 219.14

(iii) Maximum size limits for harvest areas are evaluated to determine whether such size limits should be continued; and

(iv) Destructive insects and disease organisms do not increase to potentially damaging levels following management activities.

§ 219.13 Forest planning—resource integration requirements.

The minimum requirements for integrating individual forest resource planning into the forest plan are established in §§ 219.14 through 219.26 of this subpart. For the purposes of meeting the requirements of § 219.12(c), additional planning criteria may be found in the guidelines for managing specific resources set forth in the Forest Service Manual and Handbooks.

§ 219.14 Timber resource land suitability.

During the forest planning process, lands which are not suited for timber production shall be identified in accordance with the criteria in paragraphs (a) through (d) of this section.

(a) During the analysis of the management situation, data on all National Forest System lands within the planning area shall be reviewed, and those lands within any one of the categories described in paragraphs (a) (1) through (4) of this section shall be identified as not suited for timber production—

(1) The land is not forest land as defined in § 219.3.

(2) Technology is not available to ensure timber production from the land without irreversible resource damage to soils productivity, or watershed conditions.

(3) There is not reasonable assurance that such lands can be adequately restocked as provided in § 219.27(c)(3).

(4) The land has been withdrawn from timber production by an Act of Congress, the Secretary of Agriculture or the Chief of the Forest Service.

(b) Forest lands other than those that have been identified as not suited for timber production in paragraph (a) of this section shall be further reviewed and assessed prior to formulation of alternatives to determine the costs and benefits for a range of man-

agement intensities for timber production. For the purpose of analysis, the planning area shall be stratified into categories of land with similar management costs and returns. The stratification should consider appropriate factors that influence the costs and returns such as physical and biological conditions of the site and transportation requirements. This analysis shall identify the management intensity for timber production for each category of land which results in the largest excess of discounted benefits less discounted costs and shall compare the direct costs of growing and harvesting trees, including capital expenditures required for timber production, to the anticipated receipts to the government, in accordance with § 219.12 and paragraphs (b)(1) through (b)(3) of this section.

(1) Direct benefits are expressed as expected gross receipts to the government. Such receipts shall be based upon expected stumpage prices and payments-in-kind from timber harvest considering future supply and demand situation for timber and upon timber production goals of the regional guide.

(2) Direct costs include the anticipated investments, maintenance, operating, management, and planning costs attributable to timber production activities, including mitigation measures necessitated by the impacts of timber production.

(3) In addition to long-term yield, the financial analysis must consider costs and returns of managing the existing timber inventory.

(c) During formulation and evaluation of each alternative as required in § 219.12 (f) and (g), combinations of resource management prescriptions shall be defined to meet management objectives for the various multiple uses including outdoor recreation, timber, watershed, range, wildlife and fish, and wilderness. The formulation and evaluation of each alternative shall consider the costs and benefits of alternative management intensities for timber production as identified pursuant to paragraph (b) of this section in accordance with § 219.12(f). Lands shall be tentatively identified as not appropriate for timber production to meet

§219.15

objectives of the alternative being considered if—

(1) Based upon a consideration of multiple-use objectives for the alternative, the land is proposed for resource uses that preclude timber production, such as wilderness;

(2) Other management objectives for the alternative limit timber production activities to the point where management requirements set forth in §219.27 cannot be met; or

(3) The lands are not cost-efficient, over the planning horizon, in meeting forest objectives, which include timber production.

(d) Lands identified as not suited for timber production in paragraph (a) of this section and lands tentatively identified as not appropriate for timber production in paragraph (c) of this section shall be designated as not suited for timber production in the preferred alternative. Designation in the plan of lands not suited for timber production shall be reviewed at least every 10 years. Such lands may be reviewed and redesignated as suited for timber production due to changed conditions at any time, according to the criteria in paragraphs (a) and (c) of this section, and according to the procedures for amendment or revision of the forest plan in §219.10 (f) and (g).

§219.15 Vegetation management practices.

When vegetation is altered by management, the methods, timing, and intensity of the practices determine the level of benefits that can be obtained from the affected resources. The vegetation management practices chosen for each vegetation type and circumstance shall be defined in the forest plan with applicable standards and guidelines and the reasons for the choices. Where more than one vegetation management practice will be used in a vegetation type, the conditions under which each will be used shall be based upon thorough reviews of technical and scientific literature and practical experience, with appropriate evaluation of this knowledge for relevance to the specific vegetation and site conditions. On National Forest System land, the vegetation management prac-

36 CFR Ch. II (7–1–00 Edition)

tice chosen shall comply with the management requirements in §219.27(b).

§219.16 Timber resource sale schedule.

In a forest plan, the selected forest management alternative includes a sale schedule which provides the allowable sale quantity. The sale schedule of each alternative, including those which depart from base sale schedules, shall be formulated in compliance with §219.12(f) and paragraphs (a) and (b) of this section.

(a) Alternatives shall be formulated that include determinations of the quantity of the timber that may be sold during each decade. These quantity determinations shall be based on the principle of sustained yield and shall meet the management requirements in §219.27. For each alternative, the determination shall include a calculation of the long-term sustained-yield capacity and the base sale schedule and, when appropriate, a calculation of timber sale alternatives that may depart from the base sale schedule as provided in paragraphs (a)(1) through (a)(3) of this section.

(1) For the base sale schedules, the planned sale for any future decade shall be equal to, or greater than, the planned sale for the preceding decade, provided that the planned sale is not greater than the long-term sustained-yield capacity consistent with the management objectives of the alternative.

(2) The determinations of the appropriate long-term sustained-yield capacities, base sale schedules, and departure alternatives to the base sale schedules shall be made on the basis of the guidelines which follow:

(i) For the long-term sustained-yield capacities and the base sale schedules, assume intensities of management and degree of timber utilization consistent with the goals, assumptions, and requirements contained in, or used in, the preparation of the current RPA Program and regional guide. For the base sale schedule, the management and utilization assumptions shall reflect the projected changes in practices for the four decades contained in, or used in, the preparation of the current

Forest Service, USDA

§219.17

RPA Program and regional guide. Beyond the fourth decade, the assumptions shall reflect those projected for the fourth decade of the current RPA Program, unless there is a basis for a different assumption;

(ii) For alternatives with sale schedules which depart from the corresponding base sale schedule, assume an appropriate management intensity;

(iii) In accordance with the established standards, assure that all even-aged stands scheduled to be harvested during the planning period will generally have reached the culmination of mean annual increment of growth. Mean annual increment shall be based on expected growth, according to management intensities and utilization standards assumed in paragraphs (a)(2)(i) and (ii) of this section and on forest type and site quality. Mean annual increment shall be expressed in cubic measure. Alternatives which incorporate exceptions to these standards shall be evaluated if it is reasonable to expect that overall multiple use objectives would be better attained. Alternatives which incorporate exceptions to these standards are permitted for the use of sound silvicultural practices, such as thinning or other stand improvement measures; for salvage or sanitation harvesting of timber stands which are substantially damaged by fire, windthrow, or other catastrophe, or which are in imminent danger from insect or disease attack; for cutting for experimental and research purposes; or for removing particular species of trees, after consideration has been given to the multiple uses of the area being planned and after completion of the public participation process applicable to the preparation of a forest plan; and

(iv) Each sale schedule shall provide for a forest structure that will enable perpetual timber harvest which meets the principle of sustained-yield and multiple-use objectives of the alternative.

(3) Alternatives with sale schedules which depart from the principles of paragraph (a)(1) of this section and which will lead to better attaining the overall objectives of multiple-use management shall be evaluated when any

of the following conditions are indicated:

(i) None of the other alternatives considered provides a sale schedule that achieves the assigned goals of the RPA Program as provided in §219.4(b);

(ii) High mortality losses from any cause can be significantly reduced or prevented or forest age-class distribution can be improved, thereby facilitating future sustained-yield management; or

(iii) Implementation of the corresponding base sale schedule would cause a substantial adverse impact upon a community in the economic area in which the forest is located.

(iv) It is reasonable to expect that overall multiple-use objectives would otherwise be better attained.

(b) The sale schedule of the management alternative selected in accordance with §219.12 provides the allowable sale quantity for the first plan period.

§219.17 Evaluation of roadless areas.

(a) Unless otherwise provided by law, roadless areas within the National Forest System shall be evaluated and considered for recommendation as potential wilderness areas during the forest planning process, as provided in paragraphs (a) (1) and (2) of this section.

(1) During analysis of the management situation, the following areas shall be subject to evaluation:

(i) Roadless areas including those previously inventoried in the second roadless area review and evaluation (RARE II), in a unit plan, or in a forest plan, which remain essentially roadless and undeveloped, and which have not yet been designated as wilderness or for nowilderness uses by law. In addition, other essentially roadless areas may be subject to evaluation at the discretion of the Forest Supervisor.

(ii) Areas contiguous to existing wilderness, primitive areas, or administratively proposed wildernesses, regardless of which agency has jurisdiction for the wilderness or proposed wilderness;

(iii) Areas that are contiguous to roadless and undeveloped areas in other Federal ownership that have identified wilderness potential; and

§219.18

(iv) Areas designated by Congress for wilderness study, administrative proposals pending before Congress, and other legislative proposals pending which have been endorsed by the President.

(2) For each area subject to evaluation under paragraph (a)(1) of this section, the determination of the significant resource issues, which in turn affect the detail and scope of evaluation required by the Forest Service, shall be developed with public participation. As a minimum, the evaluation shall include consideration of:

(i) The values of the area as wilderness;

(ii) The values foregone and effects on management of adjacent lands as a consequence of wilderness designation;

(iii) Feasibility of management as wilderness, in respect to size, nonconforming use, land ownership patterns, and existing contractual agreements or statutory rights;

(iv) Proximity to other designated wilderness and relative contribution to the National Wilderness Preservation System; and

(v) The anticipated long-term changes in plant and animal species diversity, including the diversity of natural plant and animal communities of the forest planning area and the effects of such changes on the values for which wilderness areas were created.

[47 FR 43037, Sept. 30, 1982, as amended at 48 FR 40383, Sept. 7, 1983]

§219.18 Wilderness management.

Forest planning shall provide direction for the management of designated wilderness and primitive areas in accordance with the provisions of 36 CFR part 293. In particular, plans shall—

(a) Provide for limiting and distributing visitor use of specific areas in accord with periodic estimates of the maximum levels of use that allow natural processes to operate freely and that do not impair the values for which wilderness areas were created; and

(b) Evaluate the extent to which wildfire, insect, and disease control measures may be desirable for protection of either the wilderness or adjacent areas and provide for such measures when appropriate.

36 CFR Ch. II (7–1–00 Edition)

§219.19 Fish and wildlife resource.

Fish and wildlife habitat shall be managed to maintain viable populations of existing native and desired non-native vertebrate species in the planning area. For planning purposes, a viable population shall be regarded as one which has the estimated numbers and distribution of reproductive individuals to insure its continued existence is well distributed in the planning area. In order to insure that viable populations will be maintained, habitat must be provided to support, at least, a minimum number of reproductive individuals and that habitat must be well distributed so that those individuals can interact with others in the planning area.

(a) Each alternative shall establish objectives for the maintenance and improvement of habitat for management indicator species selected under paragraph (g)(1) of this section, to the degree consistent with overall multiple use objectives of the alternative. To meet this goal, management planning for the fish and wildlife resource shall meet the requirements set forth in paragraphs (a)(1) through (a)(7) of this section.

(1) In order to estimate the effects of each alternative on fish and wildlife populations, certain vertebrate and/or invertebrate species present in the area shall be identified and selected as management indicator species and the reasons for their selection will be stated. These species shall be selected because their population changes are believed to indicate the effects of management activities. In the selection of management indicator species, the following categories shall be represented where appropriate: Endangered and threatened plant and animal species identified on State and Federal lists for the planning area; species with special habitat needs that may be influenced significantly by planned management programs; species commonly hunted, fished, or trapped; non-game species of special interest; and additional plant or animal species selected because their population changes are believed to indicate the effects of management activities on other species of selected major biological communities or on water quality. On the basis of available

scientific information, the interdisciplinary team shall estimate the effects of changes in vegetation type, timber age classes, community composition, rotation age, and year-long suitability of habitat related to mobility of management indicator species. Where appropriate, measures to mitigate adverse effects shall be prescribed.

(2) Planning alternatives shall be stated and evaluated in terms of both amount and quality of habitat and of animal population trends of the management indicator species.

(3) Biologists from State fish and wildlife agencies and other Federal agencies shall be consulted in order to coordinate planning for fish and wildlife, including opportunities for the reintroduction of extirpated species.

(4) Access and dispersal problems of hunting, fishing, and other visitor uses shall be considered.

(5) The effects of pest and fire management on fish and wildlife populations shall be considered.

(6) Population trends of the management indicator species will be monitored and relationships to habitat changes determined. This monitoring will be done in cooperation with State fish and wildlife agencies, to the extent practicable.

(7) Habitat determined to be critical for threatened and endangered species shall be identified, and measures shall be prescribed to prevent the destruction or adverse modification of such habitat. Objectives shall be determined for threatened and endangered species that shall provide for, where possible, their removal from listing as threatened and endangered species through appropriate conservation measures, including the designation of special areas to meet the protection and management needs of such species.

§219.20 Grazing resource.

In forest planning, the suitability and potential capability of National Forest System lands for producing forage for grazing animals and for providing habitat for management indicator species shall be determined as provided in paragraphs (a) and (b) of this section. Lands so identified shall be managed in accordance with direction established in forest plans.

(a) Lands suitable for grazing and browsing shall be identified and their condition and trend shall be determined. The present and potential supply of forage for livestock, wild and free-roaming horses and burros, and the capability of these lands to produce suitable food and cover for selected wildlife species shall be estimated. The use of forage by grazing and browsing animals will be estimated. Lands in less than satisfactory condition shall be identified and appropriate action planned for their restoration.

(b) Alternative range management prescriptions shall consider grazing systems and the facilities necessary to implement them; land treatment and vegetation manipulation practices; and evaluation of pest problems; possible conflict or beneficial interactions among livestock, wild free-roaming horses and burros and wild animal populations, and methods of regulating these; direction for rehabilitation of ranges in unsatisfactory condition; and comparative cost efficiency of the prescriptions.

§219.21 Recreation resource.

To the degree consistent with needs and demands for all major resources, a broad spectrum of forest and rangeland related outdoor recreation opportunities shall be provided for in each alternative. Planning activities to achieve this shall be in accordance with national and regional direction and procedural requirements of paragraphs (a) through (g) of this section.

(a) Forest planning shall identify—

(1) The physical and biological characteristics that make land suitable for recreation opportunities;

(2) The recreational preferences of user groups and the settings needed to provide quality recreation opportunities; and

(3) Recreation opportunities on the National Forest System lands.

(b) The supply of developed recreational facilities in the area of National Forest influence shall be appraised for adequacy to meet present and future demands.

(c) Planning alternatives shall include consideration of establishment of physical facilities, regulation of use,

§219.22

and recreation opportunities responsive to current and anticipated user demands.

(d) In formulation and analysis of alternatives as specified in §219.12 (f) and (g), interactions among recreation opportunities and other multiple uses shall be examined. This examination shall consider the impacts of the proposed recreation activities on other uses and values and the impacts of other uses and activities associated with them on recreation opportunities, activities, and quality of experience.

(e) Formulation and evaluation of alternatives under paragraphs (c) and (d) of this section shall be coordinated to the extent feasible with present and proposed recreation activities of local and State land use or outdoor recreation plans, particularly the State Comprehensive Outdoor Recreation Plan, and recreation opportunities already present and available on other public and private lands, with the aim of reducing duplication in meeting recreation demands.

(f) The visual resource shall be inventoried and evaluated as an integrated part of evaluating alternatives in the forest planning process, addressing both the landscape's visual attractiveness and the public's visual expectation. Management prescriptions for definitive land areas of the forest shall include visual quality objectives.

(g) Off-road vehicle use shall be planned and implemented to protect land and other resources, promote public safety, and minimize conflicts with other uses of the National Forest System lands. Forest planning shall evaluate the potential effects of vehicle use off roads and, on the basis of the requirements of 36 CFR part 295 of this chapter, classify areas and trails of National Forest System lands as to whether or not off-road vehicle use may be permitted.

§219.22 Mineral resource.

Mineral exploration and development in the planning area shall be considered in the management of renewable resources. The following shall be recognized to the extent practicable in forest planning:

(a) Active mines within the area of land covered by the forest plan;

(b) Outstanding or reserved mineral rights;

(c) The probable occurrence of various minerals, including locatable, leasable, and common variety;

(d) The potential for future mineral development and potential need for withdrawal of areas from development;

(e) Access requirements for mineral exploration and development; and

(f) The probable effect of renewable resource prescriptions and management direction on mineral resources and activities, including exploration and development.

§219.23 Water and soil resource.

Forest planning shall provide for—

(a) General estimates of current water uses, both consumptive and non-consumptive, including instream flow requirements within the area of land covered by the forest plan;

(b) Identification of significant existing impoundments, transmission facilities, wells, and other man-made developments on the area of land covered by the forest plan;

(c) Estimation of the probable occurrence of various levels of water volumes, including extreme events which would have a major impact on the planning area;

(d) Compliance with requirements of the Clean Water Act, the Safe Drinking Water Act, and all substantive and procedural requirements of Federal, State, and local governmental bodies with respect to the provision of public water systems and the disposal of waste water;

(e) Evaluation of existing or potential watershed conditions that will influence soil productivity, water yield, water pollution, or hazardous events; and

(f) Adoption of measures, as directed in applicable Executive orders, to minimize risk of flood loss, to restore and preserve floodplain values, and to protect wetlands.

§219.24 Cultural and historic resources.

Forest planning shall provide for the identification, protection, interpretation, and management of significant cultural resources on National Forest System lands. Planning of the resource

Forest Service, USDA

§ 219.27

shall be governed by the requirements of Federal laws pertaining to historic preservation, and guided by paragraphs (a)(1) through (a)(3) of this section.

(a) Forest planning shall—

(1) Provide an overview of known data relevant to history, ethnography, and prehistory of the area under consideration, including known cultural resource sites;

(2) Identify areas requiring more intensive inventory;

(3) Provide for evaluation and identification of appropriate sites for the National Register of Historic Places;

(4) Provide for establishing measures for the protection of significant cultural resources from vandalism and other human depredation, and natural destruction;

(5) Identify the need for maintenance of historic sites on, or eligible for inclusion in, the National Register of Historic Places; and

(6) Identify opportunities for interpretation of cultural resources for the education and enjoyment of the American public.

(b) In the formulation and analysis of alternatives, interactions among cultural resources and other multiple uses shall be examined. This examination shall consider impacts of the management of cultural resources on other uses and activities and impacts of other uses and activities on cultural resource management.

(c) Formulation and evaluation of alternatives shall be coordinated to the extent feasible with the State cultural resource plan and planning activities of the State Historic Preservation Office and State Archaeologist and with other State and Federal agencies.

§ 219.25 Research natural areas.

Forest planning shall provide for the establishment of Research Natural Areas (RNA's). Planning shall make provision for the identification of examples of important forest, shrubland, grassland, alpine, aquatic, and geologic types that have special or unique characteristics of scientific interest and importance and that are needed to complete the national network of RNA's. Biotic, aquatic, and geologic types needed for the network shall be identified using a list provided by the

Chief of the Forest Service. Authority to establish RNA's is delegated to the Chief at 7 CFR 2.60(a) and 36 CFR 251.23. Recommendations for establishment of areas shall be made to the Chief through the planning process.

§ 219.26 Diversity.

Forest planning shall provide for diversity of plant and animal communities and tree species consistent with the overall multiple-use objectives of the planning area. Such diversity shall be considered throughout the planning process. Inventories shall include quantitative data making possible the evaluation of diversity in terms of its prior and present condition. For each planning alternative, the interdisciplinary team shall consider how diversity will be affected by various mixes of resource outputs and uses, including proposed management practices. (Refer to § 219.27(g).)

§ 219.27 Management requirements.

The minimum specific management requirements to be met in accomplishing goals and objectives for the National Forest System are set forth in this section. These requirements guide the development, analysis, approval, implementation, monitoring and evaluation of forest plans.

(a) *Resource protection.* All management prescriptions shall—

(1) Conserve soil and water resources and not allow significant or permanent impairment of the productivity of the land;

(2) Consistent with the relative resource values involved, minimize serious or long-lasting hazards from flood, wind, wildfire, erosion, or other natural physical forces unless these are specifically excepted, as in wilderness;

(3) Consistent with the relative resource values involved, prevent or reduce serious, long lasting hazards and damage from pest organisms, utilizing principles of integrated pest management. Under this approach all aspects of a pest-host system should be weighed to determine situation-specific prescriptions which may utilize a combination of techniques including, as appropriate, natural controls, harvesting, use of resistant species, maintenance of diversity, removal of damaged trees,

§219.27

36 CFR Ch. II (7-1-00 Edition)

and judicious use of pesticides. The basic principle in the choice of strategy is that, in the long term, it be ecologically acceptable and compatible with the forest ecosystem and the multiple use objectives of the plan;

(4) Protect streams, streambanks, shorelines, lakes, wetlands, and other bodies of water as provided under paragraphs (d) and (e) of this section;

(5) Provide for and maintain diversity of plant and animal communities to meet overall multiple-use objectives, as provided in paragraph (g) of this section;

(6) Provide for adequate fish and wildlife habitat to maintain viable populations of existing native vertebrate species and provide that habitat for species chosen under §219.19 is maintained and improved to the degree consistent with multiple-use objectives established in the plan;

(7) Be assessed prior to project implementation for potential physical, biological, aesthetic, cultural, engineering, and economic impacts and for consistency with multiple uses planned for the general area;

(8) Include measures for preventing the destruction or adverse modification of critical habitat for threatened and endangered species;

(9) Provide that existing significant transportation and utility corridors and other significant right-of-ways that are capable and likely to be needed to accommodate the facility or use from an additional compatible right-of-way be designated as a right-of-way corridor. Subsequent right-of-way grants will, to the extent practicable, and as determined by the responsible line officer, use designated corridors;

(10) Ensure that any roads constructed through contracts, permits, or leases are designed according to standards appropriate to the planned uses, considering safety, cost of transportation, and effects upon lands and resources;

(11) Provide that all roads are planned and designed to re-establish vegetative cover on the disturbed area within a reasonable period of time, not to exceed 10 years after the termination of a contract, lease or permit, unless the road is determined necessary as a permanent addition to the

National Forest Transportation System; and

(12) Be consistent with maintaining air quality at a level that is adequate for the protection and use of National Forest System resources and that meets or exceeds applicable Federal, State and/or local standards or regulations.

(b) *Vegetative manipulation.* Management prescriptions that involve vegetative manipulation of tree cover for any purpose shall—

(1) Be best suited to the multiple-use goals established for the area with potential environmental, biological, cultural resource, aesthetic, engineering, and economic impacts, as stated in the regional guides and forest plans, being considered in this determination;

(2) Assure that lands can be adequately restocked as provided in paragraph (c)(3) of this section, except where permanent openings are created for wildlife habitat improvement, vistas, recreation uses and similar practices;

(3) Not be chosen primarily because they will give the greatest dollar return or the greatest output of timber, although these factors shall be considered;

(4) Be chosen after considering potential effects on residual trees and adjacent stands;

(5) Avoid permanent impairment of site productivity and ensure conservation of soil and water resources;

(6) Provide the desired effects on water quantity and quality, wildlife and fish habitat, regeneration of desired tree species, forage production, recreation uses, aesthetic values, and other resource yields; and

(7) Be practical in terms of transportation and harvesting requirements, and total costs of preparation, logging, and administration.

(c) *Silvicultural practices.* The following management requirements apply to timber harvest and cultural treatments:

(1) No timber harvesting shall occur on lands classified as not suited for timber production pursuant to §219.14 except for salvage sales, sales necessary to protect other multiple-use values or activities that meet other objectives on such lands if the forest plan

establishes that such actions are appropriate. These lands shall continue to be treated for reforestation purposes if necessary to achieve the multiple-use objectives of the plan.

(2) The selected sale schedule provides the allowable sale quantity for the first planning period. Within the planning period, the volume of timber to be sold in any one year may exceed the average annual allowable sale quantity so long as the total amount sold for the planning period does not exceed the allowable sale quantity. Nothing in this paragraph prohibits salvage or sanitation harvesting of timber stands which are substantially damaged by fire, windthrow, or other catastrophe, or which are in imminent danger of insect or disease attack and where such harvests are consistent with silvicultural and environmental standards. Such timber may either substitute for timber that would otherwise be sold under the plan or, if not feasible, be sold over and above the planned volume.

(3) When trees are cut to achieve timber production objectives, the cuttings shall be made in such a way as to assure that the technology and knowledge exists to adequately restock the lands within 5 years after final harvest. Research and experience shall be the basis for determining whether the harvest and regeneration practices planned can be expected to result in adequate restocking. Adequate restocking means that the cut area will contain the minimum number, size, distribution, and species composition of regeneration as specified in regional silvicultural guides for each forest type. Five years after final harvest means 5 years after clearcutting, 5 years after final overstory removal in shelterwood cutting, 5 years after the seed tree removal cut in seed tree cutting, or 5 years after selection cutting.

(4) Cultural treatments such as thinning, weeding, and other partial cutting may be included in the forest plan where they are intended to increase the rate of growth of remaining trees, favor commercially valuable tree species, favor species or age classes which are most valuable for wildlife, or achieve other multiple-use objectives.

(5) Harvest levels based on intensified management practices shall be decreased no later than the end of each planning period if such practices cannot be completed substantially as planned.

(6) Timber harvest cuts designed to regenerate an even-aged stand of timber shall be carried out in a manner consistent with the protection of soil, watershed, fish and wildlife, recreation, and aesthetic resources, and the regeneration of the timber resource.

(7) Timber harvest and other silvicultural treatments shall be used to prevent potentially damaging population increases of forest pest organisms. Silvicultural treatments shall not be applied where such treatments would make stands susceptible to pest-caused damage levels inconsistent with management objectives.

(d) *Even-aged management.* When openings are created in the forest by the application of even-aged silviculture, the following management requirements apply:

(1) Openings shall be located to achieve the desired combination of multiple-use objectives. The blocks or strips cut shall be shaped and blended with the natural terrain, to the extent practicable, to achieve aesthetic, wildlife habitat, or other objectives established in the plan. Regional guides shall provide guidance on dispersion of openings in relation to topography, climate, geography, local land use patterns, forest types or other factors. As a minimum, openings in forest stands are no longer considered openings once a new forest is established. Forest plans may set forth variations to this minimum based on site-specific requirements for achieving multiple-use objectives. Regional guides shall provide guidance for determining variations to this minimum in the forest plan, based on requirements for watershed, wildlife habitat, scenery or other resource protection needs, or other factors.

(2) Individual cut blocks, patches, or strips shall conform to the maximum size limits for areas to be cut in one harvest operation established by the regional guide according to geographic areas and forest types. This limit may be less than, but will not exceed, 60

acres for the Douglas-fir forest type of California, Oregon, and Washington; 80 acres for the southern yellow pine types of Alabama, Arkansas, Georgia, Florida, Louisiana, Mississippi, North Carolina, South Carolina, Oklahoma, and Texas; 100 acres for the hemlock-sitka spruce forest type of coastal Alaska; and 40 acres for all other forest types except as provided in paragraphs (d)(2)(i) through (iii) of this section:

(i) Cut openings larger than those specified may be permitted where larger units will produce a more desirable combination of net public benefits. Such exceptions shall be provided for in regional guides. The following factors shall be considered in evaluating harvest cuts of various sizes and shapes to determine size limits by geographic areas and forest types: Topography; relationship of units to other natural or artificial openings and proximity of units; coordination and consistency with adjacent forests and regions; effect on water quality and quantity; visual absorption capability; effect on wildlife and fish habitat; regeneration requirements for desirable tree species based upon the latest research findings; transportation and harvesting system requirements; environmental and forest pest hazards to regeneration, residual trees, and surrounding stands; and the relative total costs of preparation and administration, transportation requirements, harvesting, site preparation, planting, stocking control, and future stand tending of harvest cuts of various sizes and shapes. Specification for exceptions shall include the particular conditions under which the larger size is permitted and shall set a new maximum size permitted under those conditions.

(ii) Size limits exceeding those established in paragraphs (d)(2) and (d)(2)(i) of this section are permitted on an individual timber sale basis after 60 days' public notice and review by the Regional Forester.

(iii) The established limit shall not apply to the size of areas harvested as a result of natural catastrophic condition such as fire, insect and disease attack, or windstorm.

(e) *Riparian areas.* Special attention shall be given to land and vegetation for approximately 100 feet from the

edges of all perennial streams, lakes, and other bodies of water. This area shall correspond to at least the recognizable area dominated by the riparian vegetation. No management practices causing detrimental changes in water temperature or chemical composition, blockages of water courses, or deposits of sediment shall be permitted within these areas which seriously and adversely affect water conditions or fish habitat. Topography, vegetation type, soil, climatic conditions, management objectives, and other factors shall be considered in determining what management practices may be performed within these areas or the constraints to be placed upon their performance.

(f) *Soil and water.* Conservation of soil and water resources involves the analysis, protection, enhancement, treatment, and evaluation of soil and water resources and their responses under management and shall be guided by instructions in official technical handbooks. These handbooks must show specific ways to avoid or mitigate damage, and maintain or enhance productivity on specific sites. These handbooks may be regional in scope or, where feasible, specific to physiographic or climatic provinces.

(g) *Diversity.* Management prescriptions, where appropriate and to the extent practicable, shall preserve and enhance the diversity of plant and animal communities, including endemic and desirable naturalized plant and animal species, so that it is at least as great as that which would be expected in a natural forest and the diversity of tree species similar to that existing in the planning area. Reductions in diversity of plant and animal communities and tree species from that which would be expected in a natural forest, or from that similar to the existing diversity in the planning area, may be prescribed only where needed to meet overall multiple-use objectives. Planned type conversion shall be justified by an analysis showing biological, economic, social, and environmental design consequences, and the relation of such conversions to the process of natural change.

Forest Service, USDA

§ 219.29

§ 219.28 Research.

(a) Research needs for management of the National Forest System shall be identified during planning and periodically reviewed during evaluation of implemented plans. Particular attention should be given to research needs identified during the monitoring and evaluation described in § 219.12(k). These identified needs shall be included in formulating overall research programs and plans which involve private as well as public forest and rangelands.

(b) Research needed to support or improve management of the National Forest System shall be established and budgeted at the research station and national levels. Priorities for this portion of the Forest Service Research Program shall be based upon the information gathered at all planning levels of the National Forest System.

(c) An annual report shall be prepared at the national level with assistance from Regions and Stations which shall include, but not be limited to, a description of the status of major research programs which address National Forest System needs for Research, significant findings, and how this information is to be or has recently been applied.

§ 219.29 Transition period.

(a) Until a forest planning area of the National Forest System is managed under a forest plan developed pursuant to this subpart and approved by the Regional Forester, the land may continue to be managed under existing land use and resource plans. As soon as practicable, existing plans shall be amended or revised to incorporate standards and guidelines in this subpart. Pending approval of a forest plan, existing plans may be amended or revised to include management requirements not inconsistent with the provisions of the RPA and these regulations.

(b) Requirements of amendments to this subpart shall be incorporated in forest plans and regional guides through the ongoing planning process. Planning process steps already completed need not be repeated.

(1) If, prior to the effective date of an amendment to this subpart, a forest plan either has been approved in final form or released in draft form for pub-

lic review, the plan need not be modified to incorporate requirements of such amendment, until the next scheduled revision of the forest plan;

(2) If, prior to the effective date of an amendment to this subpart, a regional guide either has been approved in final form or released in draft form for public review, the guide need not be modified to incorporate the requirements of such amendment, until a significant amendment to the guide is made for reasons other than incorporating requirements of amendments to this subpart.

(c) A forest plan may become effective prior to the development and approval of its related regional guide, provided that the forest plan is reviewed upon regional guide approval, and if necessary, amended to comply with regional management direction. If such an amendment is significant, it shall be accomplished pursuant to the requirements for the development of a forest plan as set forth in this subpart.

(d) As a result of the eruption of Mount St. Helens, a land management plan for the Mount St. Helens area shall be prepared substantially in accordance with the following procedures:

(1) Notwithstanding any other provisions in this subpart, the area included in the Mount St. Helens land management plan will not be subject to planning activities for the first generation Gifford Pinchot National Forest Plan unless the Regional Forester for the Pacific Northwest Region determines that additional planning activities are desirable.

(2) Lands which were inventoried as roadless and designated for nonwilderness uses in the Roadless Area Review and Evaluation (RARE II) shall be managed for uses other than wilderness. Except for a small part of the Mount Margaret roadless area (B 6071), the Mount St. Helens land management plan shall not consider wilderness designation for these lands.

(3) Lands which were inventoried as roadless and designated as further planning in the Roadless Area Review and Evaluation (RARE II) shall be evaluated in the Mount St. Helens land management plan and shall be managed in accordance with that plan.

Subpart B—[Reserved]

PART 221—TIMBER MANAGEMENT PLANNING

AUTHORITY: 30 Stat. 34, 44 Stat. 242; 16 U.S.C. 475, 616.

§ 221.3 Disposal of national forest timber according to management plans.

(a) Management plans for national forest timber resources shall be prepared and revised, as needed, for working circles or other practicable units of national forest. Such plans shall:

(1) Be designed to aid in providing a continuous supply of national forest timber for the use and necessities of the citizens of the United States.

(2) Be based on the principle of sustained yield, with due consideration to the condition of the area and the timber stands covered by the plan.

(3) Provide, so far as feasible, an even flow of national forest timber in order to facilitate the stabilization of communities and of opportunities for employment.

(4) Provide for coordination of timber production and harvesting with other uses of national forest land in accordance with the principles of multiple use management.

(5) Establish the allowable cutting rate which is the maximum amount of timber which may be cut from the national forest lands within the unit by years or other periods.

(6) Be approved by the Chief, Forest Service, unless authority for such approval shall be delegated to subordinates by the Chief.

(b) When necessary to promote better utilization of national forest timber or to facilitate protection and management of the national forests, a management plan may include provisions for requirements of purchasers for processing the timber to at least a stated degree within the working circle, or within a stated area, and, when appropriate, by machinery of a stated type; and agreements for cutting in accordance with the plan may so require.

[13 FR 7711, Dec. 14, 1948, as amended at 28 FR 723, Jan. 26, 1963; 34 FR 743, Jan. 17, 1969]

PART 222—RANGE MANAGEMENT**Subpart A—Grazing and Livestock Use on the National Forest System**

Sec.

222.1 Authority and definitions.

222.2 Management of the range environment.

222.3 Issuance of grazing and livestock use permits.

222.4 Changes in grazing permits.

222.6 Compensation for permittees' interest in authorized permanent improvements.

222.7 Cooperation in management.

222.8 Cooperation in control of stray or unbranded livestock, animal diseases, noxious farm weeds, and use of pesticides.

222.9 Range improvements.

222.10 Range betterment fund.

222.11 Grazing advisory boards.

Subpart B—Management of Wild Free-Roaming Horses and Burros

222.20 Authority and definitions.

222.21 Administration of wild free-roaming horses and burros and their environment.

222.22 Ownership claims.

222.23 Removal of other horses and burros.

222.24 Use of helicopters, fixed-wing aircraft and motor vehicles.

222.25 Protection of wild free-roaming horses and burros when they are upon other than the National Forest System or public lands.

222.26 Removal of wild free-roaming horses and burros from private lands.

222.27 Maintenance of wild free-roaming horses and burros on privately-owned lands.

222.28 Agreements.

222.29 Relocation and disposal of animals.

222.30 Disposal of carcasses.

222.31 Loss of status.

222.32 Use of non-Forest Service personnel.

222.33 Management coordination.

222.34 National Advisory Board.

222.35 Studies.

222.36 Arrest.

Subpart C—Grazing Fees

222.50 General procedures.

222.51 National Forests in 16 Western States.

222.52 National Grasslands.

222.53 Grazing fees in the East—non-competitive procedures.

222.54 Grazing fees in the East—competitive bidding.

Subpart A—Grazing and Livestock Use on the National Forest System

AUTHORITY: 92 Stat. 1803, as amended (43 U.S.C. 1901), 85 Stat. 649, as amended (16 U.S.C. 1331-1340); sec. 1, 30 Stat. 35, as amended (18 U.S.C. 551); sec. 32, 50 Stat. 522, as amended (7 U.S.C. 1011).

SOURCE: 42 FR 56732, Oct. 28, 1977, unless otherwise noted.

§ 222.1 Authority and definitions.

(a) *Authority.* The Chief, Forest Service, shall develop, administer and protect the range resources and permit and regulate the grazing use of all kinds and classes of livestock on all National Forest System lands and on other lands under Forest Service control. He may redelegate this authority.

(b) *Definitions.* (1) An *allotment* is a designated area of land available for livestock grazing.

(2) An *allotment management plan* is a document that specifies the program of action designated to reach a given set of objectives. It is prepared in consultation with the permittee(s) involved and:

(i) Prescribes the manner in and extent to which livestock operations will be conducted in order to meet the multiple-use, sustained yield, economic, and other needs and objectives as determined for the lands, involved; and

(ii) Describes the type, location, ownership, and general specifications for the range improvements in place or to be installed and maintained on the lands to meet the livestock grazing and other objectives of land management; and

(iii) Contains such other provisions relating to livestock grazing and other objectives as may be prescribed by the Chief, Forest Service, consistent with applicable law.

(3) *Base property* is land and improvements owned and used by the permittee for a farm or ranch operation and specifically designated by him to qualify for a term grazing permit.

(4) *Cancel* means action taken to permanently invalidate a term grazing permit in whole or in part.

(5) A *grazing permit* is any document authorizing livestock to use National Forest System or other lands under

Forest Service control for the purpose of livestock production including:

(i) *Temporary grazing permits* for grazing livestock temporarily and without priority for reissuance.

(ii) *Term permits* for up to 10 years with priority for renewal at the end of the term.

(6) *Land subject to commercial livestock grazing* means National Forest System lands within established allotments.

(7) *Lands within National Forest in the 16 contiguous western States* means lands designated as National Forest within the boundaries of Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington, and Wyoming (National Grasslands are excluded).

(8) *Livestock* means animals of any kind kept or raised for use or pleasure.

(9) *Livestock use permit* means a permit issued for not to exceed one year where the primary use is for other than grazing livestock.

(10) *Modify* means to revise the terms and conditions of an issued permit.

(11) *National Forest System lands*, are the National Forests, National Grasslands, Land Utilization Projects, and other Federal lands for which the Forest Service has administrative jurisdiction.

(12) *On-and-off grazing permits* are permits with specific provisions on range only part of which is National Forest System lands or other lands under Forest Service control.

(13) *On-the-ground expenditure* means payment of direct project costs of implementing an improvement or development, such as survey and design, equipment, labor and material (or contract) costs, and on-the-ground supervision.

(14) *Other lands under Forest Service control* are non-Federal public and private lands over which the Forest Service has been given control through lease, agreement, waiver, or otherwise.

(15) *Private land grazing permits* are permits issued to persons who control grazing lands adjacent to National Forest System lands and who waive exclusive grazing use of these lands to the United States for the full period the permit is to be issued.

§ 222.2

(16) *Permittee* means any person who has been issued a grazing permit.

(17) *Permitted livestock* is livestock authorized by a written permit.

(18) *Person* means any individual, partnership, corporation, association, organization, or other private entity, but does not include Government Agencies.

(19) *Range betterment* means rehabilitation, protection and improvement of National Forest System lands to arrest range deterioration and improve forage conditions, fish and wildlife habitat, watershed protection, and livestock production.

(20) *Range betterment fund* means the fund established by title IV, section 401(b)(1), of the Federal Land Policy and Management Act of 1976. This consists of 50 percent of all monies received by the United States as fees for grazing livestock on the National Forests in the 16 contiguous western States.

(21) *Range Improvement* means any activity or program designed to improve production of forage and includes facilities or treatments constructed or installed for the purpose of improving the range resource or the management of livestock and includes the following types:

(i) *Non-structural* which are practices and treatments undertaken to improve range not involving construction of improvements.

(ii) *Structural* which are improvements requiring construction or installation undertaken to improve the range or to facilitate management or to control distribution and movement of livestock.

(A) *Permanent* which are range improvements installed or constructed and become a part of the land such as: dams, ponds, pipelines, wells, fences, trails, seeding, etc.

(B) *Temporary* which are short-lived or portable improvements that can be removed such as: troughs, pumps and electric fences, including improvements at authorized places of habitation such as line camps.

(22) *Suspend* means temporary withholding of a term grazing permit privilege, in whole or in part.

36 CFR Ch. II (7-1-00 Edition)

(23) *Term period* means the period for which term permits are issued, the maximum of which is 10 years.

(24) *Transportation livestock* is livestock used as pack and saddle stock for travel on the National Forest System.

(Sec. 1, 30 Stat. 35, as amended (16 U.S.C. 551); sec. 1, 33 Stat. 628 (16 U.S.C. 472); sec. 32, 50 Stat. 525, as amended (7 U.S.C. 1011); sec. 19, 64 Stat. 88 (16 U.S.C. 5801); Title IV, Pub. L. 94, 90 Stat. 2771 (43 U.S.C. 1751, et seq.); 92 Stat. 1803 (43 U.S.C. 1901))

[42 FR 56732, Oct. 28, 1977, as amended at 44 FR 61345, Oct. 25, 1979]

§ 222.2 Management of the range environment.

(a) Allotments will be designated on the National Forest System and on other lands under Forest Service control where the land is available for grazing. Associated private and other public lands should, but only with the consent of the landowner, lessee, or agency, be considered in such designations to form logical range management units.

(b) Each allotment will be analyzed and with careful and considered consultation and cooperation with the affected permittees, landowners, and grazing advisory boards involved, as well as the State having land within the area covered, and an allotment management plan developed. The plan will then be approved and implemented. The analysis and plan will be updated as needed.

(c) Forage producing National Forest System lands will be managed for livestock grazing and the allotment management plans will be prepared consistent with land management plans.

(Sec. 1, 30 Stat. 35, as amended (16 U.S.C. 551); sec. 1, 33 Stat. 628 (16 U.S.C. 472); sec. 32, 50 Stat. 525, as amended (7 U.S.C. 1011); sec. 19, 64 Stat. 88 (16 U.S.C. 5801); Title IV, Pub. L. 94, 90 Stat. 2771 (43 U.S.C. 1751, et seq.); 92 Stat. 1803 (43 U.S.C. 1901))

[42 FR 56732, Oct. 28, 1977, as amended at 44 FR 61346, Oct. 25, 1979; 46 FR 42449, Aug. 21, 1981]

§ 222.3 Issuance of grazing and livestock use permits.

(a) Unless otherwise specified by the Chief, Forest Service, all grazing and livestock use on National Forest System lands and on other lands under

Forest Service, USDA

§ 222.3

Forest Service control must be authorized by a grazing or livestock use permit.

(b) Grazing permits and livestock use permits convey no right, title, or interest held by the United States in any lands or resources.

(c) The Chief, Forest Service, is authorized to issue permits for livestock grazing and other use by livestock of the National Forest System and on other lands under Forest Service control as follows:

(1) Grazing permits with priority for renewal may be issued as follows: On National Forests in the 16 contiguous western States 10-year term permits will be issued unless the land is pending disposal, or will be devoted to other uses prior to the end of ten years, or it will be in the best interest of sound land management to specify a shorter term. On National Forest System lands other than National Forests in the 16 contiguous western States, the permit term shall be for periods of 10 years or less. Term grazing permits for periods of 10 years or less in the form of grazing agreements may be issued to cooperative grazing associations or similar organizations incorporated or otherwise established pursuant to State law. Such an agreement will make National Forest System lands and improvements available to the association for grazing in accordance with provisions of the grazing agreement and Forest Service policies. Term permits authorized in this paragraph may be in the form of private land or on-and-off grazing permits where the person is qualified to hold such permits under provisions the Chief may require. Permits issued under this paragraph are subject to the following:

(i) Except as provided for by the Chief, Forest Service, paid term permits will be issued to persons who own livestock to be grazed and such base property as may be required, provided the land is determined to be available for grazing purposes by the Chief, Forest Service, and the capacity exists to graze specified numbers of animals.

(ii) A term permit holder has first priority for receipt of a new permit at the end of the term period provided he has fully complied with the terms and conditions of the expiring permit.

(iii) In order to update terms and conditions, term permits may be cancelled at the end of the calendar year of the midyear of the decade (1985, 1995, etc.), provided they are reissued to the existing permit holder for a new term of 10 years.

(iv) New term permits may be issued to the purchaser of a permittee's permitted livestock and/or base property, provided the permittee waives his term permit to the United States and provided the purchaser is otherwise eligible and qualified.

(v) If the permittee chooses to dispose of all or part of his base property or permitted livestock (not under approved nonuse) but does not choose to waive his term permit, the Forest Supervisor will give written notice that he no longer is qualified to hold a permit, provided he is given up to one year to reestablish his qualifications before cancellation action is final.

(vi) The Chief, Forest Service, shall prescribe provisions and requirements under which term permits will be issued, renewed, and administered, including:

(A) The amount and character of base property and livestock the permit holder shall be required to own.

(B) Specifying the period of the year the base property shall be capable of supporting permitted livestock.

(C) Acquisition of base property and/or permitted livestock.

(D) Conditions for the approval of nonuse of permit for specified periods.

(E) Upper and special limits governing the total number of livestock for which a person is entitled to hold a permit.

(F) Conditions whereby waiver of grazing privileges may be confirmed and new applicants recognized.

(2) Permits with no priority for reissuance, subject to terms and conditions as the Chief, Forest Service, may prescribe, are authorized as follows:

(i) Temporary grazing permits for periods not to exceed one year, and on a charge basis, may be issued:

(A) To allow for use of range while a term grazing permit is held in suspension.

(B) To use forage created by unusually favorable climatic conditions.

§ 222.4

(C) To use the forage available when the permit of the normal user's livestock is in nonuse status for reasons of personal convenience.

(D) To allow a person to continue to graze livestock for the remainder of the grazing season where base property has been sold, the permit waived, and a new term permit issued.

(E) To allow grazing use in the event of drought or other emergency of National or Regional scope where such use would not result in permanent resource damage.

(ii) Livestock use permits for not to exceed one year may be issued under terms and conditions prescribed by the Chief, Forest Service, as follows:

(A) Paid permits for transportation livestock to persons engaged in commercial packing, dude ranching, or other commercial enterprises which involve transportation livestock including mining, ranching, and logging, activities.

(B) Paid or free permits for research purposes and administrative studies.

(C) Paid or free permits to trail livestock across National Forest System lands.

(D) Free permits to persons who reside on ranch or agricultural lands within or contiguous to National Forest System lands for not to exceed 10 head of livestock owned or kept and whose products are consumed or whose services are used directly by the family of the resident, and who distinctly need such National Forest System lands to support such animals.

(E) Free permits to campers and travelers for the livestock actually used during the period of occupancy. This may be authorized without written permit.

(F) Paid or free permits for horses, mules, or burros to persons who clearly need National Forest System land to support the management of permitted livestock.

(G) Free permits for horses, mules, or burros to cooperators who clearly need National Forest System land to support research, administration or other work being conducted. This may be authorized without written permit.

36 CFR Ch. II (7-1-00 Edition)

(H) Paid permits to holders of grazing permits for breeding animals used to service livestock permitted to graze on lands administered by the Forest Service.

(I) Paid permits or cooperative agreements entered into as a management tool to manipulate revegetation on a given parcel of land.

[42 FR 56732, Oct. 28, 1977, as amended at 43 FR 27532, June 26, 1978; 44 FR 61345, Oct. 25, 1979; 46 FR 42449, Aug. 21, 1981]

§ 222.4 Changes in grazing permits.

(a) The Chief, Forest Service, is authorized to cancel, modify, or suspend grazing and livestock use permits in whole or in part as follows:

(1) Cancel permits where lands grazed under the permit are to be devoted to another public purpose including disposal. In these cases, except in an emergency, no permit shall be cancelled without two years' prior notification.

(2) Cancel the permit in the event the permittee:

(i) Refuses to accept modification of the terms and conditions of an existing permit.

(ii) Refuses or fails to comply with eligibility or qualification requirements.

(iii) Waives his permit back to the United States.

(iv) Fails to restock the allotted range after full extent of approved personal convenience non-use has been exhausted.

(v) Fails to pay grazing fees within established time limits.

(3) Cancel or suspend the permit if the permittee fails to pay grazing fees within established time limit.

(4) Cancel or suspend the permit if the permittee does not comply with provisions and requirements in the grazing permit or the regulations of the Secretary of Agriculture on which the permit is based.

(5) Cancel or suspend the permit if the permittee knowingly and willfully makes a false statement or representation in the grazing application or amendments thereto.

Forest Service, USDA

§ 222.7

(6) Cancel or suspend the permit if the permit holder is convicted for failing to comply with Federal laws or regulations or State laws relating to protection of air, water, soil and vegetation, fish and wildlife, and other environmental values when exercising the grazing use authorized by the permit.

(7) Modify the terms and conditions of a permit to conform to current situations brought about by changes in law, regulation, executive order, development or revision of an allotment management plan, or other management needs.

(8) Modify the seasons of use, numbers, kind, and class of livestock allowed or the allotment to be used under the permit, because of resource condition, or permittee request. One year's notice will be given of such modification, except in cases of emergency.

(b) Association permits or grazing agreements may be canceled for non-compliance with title VI of the Civil Rights Act of 1964 and Department of Agriculture regulation promulgated thereunder.

[42 FR 56732, Oct. 28, 1977, as amended at 46 FR 42449, Aug. 21, 1981]

§ 222.6 Compensation for permittees' interest in authorized permanent improvements.

(a) Whenever a term permit for grazing livestock on National Forest land in the 16 contiguous western States is canceled in whole or in part to devote the lands covered by the permit to another public purpose, including disposal, the permittee shall receive from the United States a reasonable compensation for the adjusted value of his interest in authorized permanent improvements placed or constructed by him on the lands covered by the canceled permit. The adjusted value is to be determined by the Chief, Forest Service. Compensation received shall not exceed the fair market value of the terminated portion of the permittee's interest therein.

(b) In the event a permittee waives his grazing permit in connection with sale of his base property or permitted

livestock, he is not entitled to compensation.

(Sec. 1, 30 Stat. 35, as amended (16 U.S.C. 551); sec. 1, 33 Stat. 628 (16 U.S.C. 472); sec. 32, 50 Stat. 525, as amended (7 U.S.C. 1011); sec. 19, 64 Stat. 88 (16 U.S.C. 5801); Title IV, Pub. L. 94, 90 Stat. 2771 (43 U.S.C. 1751, et seq.); 92 Stat. 1803 (43 U.S.C. 1901))

[42 FR 56732, Oct. 28, 1977, as amended at 44 FR 61345, Oct. 25, 1979]

§ 222.7 Cooperation in management.

(a) *Cooperation with local livestock associations*—(1) *Authority*. The Chief, Forest Service, is authorized to recognize, cooperate with, and assist local livestock associations in the management of the livestock and range resources on a single range allotment, associated groups of allotments, or other association-controlled lands on which the members' livestock are permitted to graze.

(2) *Purposes*. These associations will provide the means for the members to:

(i) Manage their permitted livestock and the range resources.

(ii) Meet jointly with Forest officers to discuss and formulate programs for management of their livestock and the range resources.

(iii) Express their wishes through their designated officers or committees.

(iv) Share costs for handling of livestock, construction and maintenance of range improvements or other accepted programs deemed needed for proper management of the permitted livestock and range resources.

(v) Formulate association special rules needed to ensure proper resource management.

(3) *Requirements for recognition*. The requirements for receiving recognition by the Forest Supervisor are:

(i) The members of the association must constitute a majority of the grazing permittees on the range allotment or allotments involved.

(ii) The officers of the association must be elected by a majority of the association members or of a quorum as specified by the association's constitution and bylaws.

(iii) The officers other than the Secretary and Treasurer must be grazing permittees on the range allotment or allotments involved.

§ 222.8

(iv) The association's activities must be governed by a constitution and by-laws acceptable to the Forest Supervisor and approved by him.

(4) *Withdrawing recognition.* The Forest Supervisor may withdraw his recognition of the association whenever:

(i) The majority of the grazing permittees request that the association be dissolved.

(ii) The association becomes inactive, and does not meet in annual or special meetings during a consecutive 2-year period.

(b) *Cooperation with national, State, and county livestock organizations.* The policies and programs of national, State, and county livestock organizations give direction to, and reflect in, the practices of their members. Good working relationships with these groups is conducive to the betterment of range management on both public and private lands. The Chief, Forest Service, will endeavor to establish and maintain close working relationships with National livestock organizations who have an interest in the administration of National Forest System lands, and direct Forest officers to work cooperatively with State and county livestock organizations having similar interests.

(c) *Interagency cooperation.* The Chief, Forest Service, will cooperate with other Federal agencies which have interest in improving range management on public and private lands.

(d) *Cooperation with others.* The Chief, Forest Service, will cooperate with other agencies, institutions, organizations, and individuals who have interest in improvement of range management on public and private lands.

§ 222.8 Cooperation in control of estray or unbranded livestock, animal diseases, noxious farm weeds, and use of pesticides.

(a) Insofar as it involves National Forest System lands and other lands under Forest Service control or the livestock which graze thereupon, the Chief, Forest Service, will cooperate with:

(1) State, county, and Federal agencies in the application and enforcement of all laws and regulations relating to

36 CFR Ch. II (7-1-00 Edition)

livestock diseases, sanitation and noxious farm weeds.

(2) The Animal and Plant Health Inspection Service and other Federal or State agencies and institutions in surveillance of pesticides spray programs; and

(3) State cattle and sheep sanitary or brand boards in control of estray and unbranded livestock to the extent it does not conflict with the Wild Free-Roaming Horse and Burro Act of December 15, 1971.

(b) The Chief, Forest Service, will cooperate with county or other local weed control districts in analyzing noxious farm weed problems and developing control programs in areas of which the National Forests and National Grasslands are a part.

(85 Stat. 649 (16 U.S.C. 1331-1340))

§ 222.9 Range improvements.

(a) The Chief, Forest Service, is authorized to install and maintain structural and nonstructural range improvements needed to manage the range resource on National Forest System lands and other lands controlled by the Forest Service.

(b) Such improvements may be constructed or installed and maintained, or work performed by individuals, organizations or agencies other than the Forest Service subject to the following:

(1) All improvements must be authorized by cooperative agreement or memorandum of understanding, the provisions of which become a part of the grazing permit(s).

(2) Title to permanent structural range improvements shall rest in the United States.

(3) Title to temporary structural range improvements may be retained by the Cooperator where no part of the cost for the improvement is borne by the United States.

(4) Title to nonstructural range improvements shall vest in the United States.

(5) Range improvement work performed by a cooperator or permittee on National Forest System lands shall not confer the exclusive right to use the improvement or the land influenced.

(c) A user of the range resource on National Forest System lands and

Forest Service, USDA

§ 222.11

other lands under Forest Service control may be required by the Chief, Forest Service, to maintain improvements to specified standards.

(d) Grazing fees or the number of animal months charged shall not be adjusted to compensate permittees for range improvement work performed on National Forest System lands: Provided, That, in accordance with section 32(c), title III, Bankhead-Jones Farm Tenant Act, the cost to grazing users in complying with requirements of a grazing permit or agreement may be considered in determining the annual grazing fee on National Grasslands or land utilization projects if it has not been used in establishing the grazing base value.

§ 222.10 Range betterment fund.

In addition to range development which is accomplished through funds from the rangeland management budget line item and the Granger-Thye Act, and deposited and nondeposited cooperative funds, range development may also be accomplished through use of the range betterment fund as follows:

(a) On National Forest land within the 16 contiguous western States, the Chief, Forest Service, shall implement range improvement programs where necessary to arrest range deterioration and improve forage conditions with resulting benefits to wildlife, watershed protection, and livestock production. One-half of the available funds will be expended on the National Forest where derived. The remaining one-half of the fund will be allocated for range rehabilitation, protection and improvements on National Forest lands within the Forest Service Regions where they were derived. During the planning process there will be consultation with grazing permittees who will be affected by the range rehabilitation, protection and improvements, and other interested persons or organizations.

(b) Range betterment funds shall be utilized only for on-the-ground expenditure for range land betterment, including, but not limited to, seeding and reseeding, fence construction, water development, weed and other plant

control, and fish and wildlife habitat enhancement within allotments.

(Sec. 1, 30 Stat. 35, as amended (16 U.S.C. 551); sec. 1, 33 Stat. 628 (16 U.S.C. 472); sec. 32, 50 Stat. 525, as amended (7 U.S.C. 1011); sec. 19, 64 Stat. 88 (16 U.S.C. 5801); Title IV, Pub. L. 94, 90 Stat. 2771 (43 U.S.C. 1751, et seq.); 92 Stat. 1803 (43 U.S.C. 1901))

[42 FR 56732, Oct. 28, 1977, as amended at 44 FR 61345, Oct. 25, 1979]

§ 222.11 Grazing advisory boards.

(a) *Establishment.* Persons holding term permits to graze livestock on National Forest System lands with headquarters, office in the 16 contiguous western States having jurisdiction over more than 500,000 acres of land subject to commercial livestock grazing may petition the Forest Supervisor for establishment of a statutory grazing advisory board in accordance with provisions of the Federal Land Policy and Management Act of 1976.

(1) Upon being properly petitioned by a simple majority (more than 50 percent) of term grazing permittees under the jurisdiction of such headquarters office, the Secretary shall establish and maintain at least one grazing advisory board.

(2) The Chief, Forest Service, shall determine the number of such boards, the area to be covered, and the number of advisers on each board.

(3) *Processing Petitions.* Upon receiving a proper petition from the grazing permittees, the Forest Supervisor will request the Chief, Forest Service, through the Regional Forester, to initiate action to establish grazing advisory boards in accordance with regulations of the Secretary of Agriculture. Grazing advisory boards will comply with the provisions of the Federal Advisory Committee Act.

(b) *Membership.* Grazing advisory boards established under this authority shall consist of members who are National Forest System term permittees under the jurisdiction of a National Forest headquarters office in the 16 contiguous western States, provided board members shall be elected by term grazing permittees in the area covered by the board.

(c) *Elections.* The Forest Supervisor of the headquarters office shall prescribe

§ 222.20

and oversee the manner in which permittees are nominated and board members are elected. Nominations will be made by petition with all term grazing permittees under the jurisdiction of such headquarters office being eligible for membership on the board. All members of the board will be elected by secret ballot with each term grazing permittee in the area covered by the board being qualified to vote. No person shall be denied the opportunity to serve as a grazing advisory board member because of race, color, sex, religion, or national origin. No board member shall concurrently serve on another USDA advisory committee. The Forest Supervisor shall determine and announce the results of the election of the members of the board and shall recognize the duly elected board as representing National Forest System term grazing permittees in the areas for which it is established. Board members will be elected to terms not to exceed 2 years.

(d) *Charter and bylaws.* (1) The Forest Supervisor will prepare a charter to be filed with the Department and the Congress as required by Section 9(c) of the Federal Advisory Committee Act.

(2) A duly recognized grazing advisory board may, with the concurrence of a majority of its members and the Forest Supervisor, adopt bylaws to govern its proceedings.

(e) *Function.* The function of grazing advisory boards will be to offer advice and make recommendations concerning the development of allotment management plans and the utilization of range betterment funds.

(f) *Meetings.* The Forest Supervisor shall call at least one meeting of each board annually, and call additional meetings as needed to meet the needs of the permittees and the Forest Service. Each meeting shall be conducted in accordance with an agenda approved by the Forest Supervisor and in the presence of a Forest officer.

(g) *Termination.* (1) Grazing advisory boards established under the Federal Land Policy and Management Act of 1976 shall continue until December 31, 1985, unless terminated earlier.

(2) The Forest Supervisor may withdraw recognition of any board whenever:

36 CFR Ch. II (7-1-00 Edition)

(i) A majority of the term grazing permittees for the area which the board represents requests that the board be dissolved.

(ii) The board becomes inactive and does not meet at least once each calendar year.

Subpart B—Management of Wild Free-Roaming Horses and Burros

AUTHORITY: 85 Stat. 649, as amended (16 U.S.C. 1331-1340); sec. 1, 30 Stat. 35, as amended (16 U.S.C. 551); sec. 32, 50 Stat. 522, as amended (7 U.S.C. 1011); 92 Stat. 1803 (43 U.S.C. 1901 note).

SOURCE: 45 FR 24135, Apr. 9, 1980, unless otherwise noted.

§ 222.20 Authority and definitions.

(a) *Authority.* The Chief, Forest Service, shall protect, manage, and control wild free-roaming horses and burros on lands of the National Forest System and shall maintain vigilance for the welfare of wild free-roaming horses and burros that wander or migrate from the National Forest System. If these animals also use lands administered by the Bureau of Land Management as a part of their habitat, the Chief, Forest Service, shall cooperate to the fullest extent with the Department of the Interior through the Bureau of Land Management in administering the animals.

(b) *Definitions.*

(1) *Act* means the Act of December 15, 1971 (85 Stat. 649, as amended, 16 U.S.C. 1331-1340).

(2) *Captured animal* means a wild free-roaming horse or burro taken and held in the custody of an authorized officer, his delegate, or agent. This term does not apply to an animal after it is placed in private custody through a Private Maintenance and Care agreement.

(3) *Excess animals* means wild free-roaming horses and burros which have been removed by authorized personnel pursuant to applicable law or which must be removed from an area in order to preserve and maintain a thriving natural ecological balance in coordination with other resources and activities.

(4) *Herd* means one or more stallions and their mares, or jacks and their jennies.

(5) *Humane treatment* means kind and merciful treatment, without causing unnecessary stress or suffering to the animal.

(6) *Inhumane treatment* means causing physical stress to an animal through any harmful action or omission that is not compatible with standard animal husbandry practices; causing or allowing an animal to suffer from a lack of necessary food, water, or shelter; using any equipment, apparatus, or technique during transportation, domestication, or handling that causes undue injury to an animal; or failing to treat or care for a sick or injured animal.

(7) *Lame* means a wild free-roaming horse or burro with malfunctioning muscles, ligaments or limbs that impair freedom of movement.

(8) *Malicious harassment* means any intentional act demonstrating deliberate disregard for the well-being of wild free-roaming horses and burros and which creates a likelihood of injury or is detrimental to normal behavior pattern of wild free-roaming horses or burros including feeding, watering, resting, and breeding. Such acts include, but are not limited to, unauthorized chasing, pursuing, herding, roping, or attempting to gather wild free-roaming horses or burros. It does not apply to activities conducted by or on behalf of the Forest Service or the Bureau of Land Management in implementation or performance of duties and responsibilities under the Act.

(9) *National Advisory Board* means the Advisory Board as established jointly by the Secretary of Agriculture and the Secretary of the Interior under the provisions of the Act.

(10) *National Forest System* includes the National Forests, National Grasslands, and other Federal lands for

which the Forest Service has administrative jurisdiction.

(11) *Old* means a wild free-roaming horse or burro characterized by inability to fend for itself because of age, physical deterioration, suffering or closeness to death.

(12) *Sick* means a wild free-roaming horse or burro with failing health, infirmness, or disease from which there is little chance of recovery.

(13) *Wild free-roaming horses and burros* mean all unbranded and unclaimed horses and burros and their progeny that have used lands of the National Forest System on or after December 15, 1971, or do hereafter use these lands as all or part of their habitat, but does not include any horse or burro introduced onto the National Forest System on or after December 15, 1971, by accident, negligence, or willful disregard of private ownership. Unbranded, claimed horses and burros for which the claim is found to be erroneous, are also considered as wild and free-roaming if they meet the criteria above.

(14) *Wild-horse and burro range* means an area of National Forest System specifically so designated by the Chief, Forest Service, from wild horse and burro territory, for the purpose of sustaining an existing herd or herds of wild free-roaming horses and burros, provided the range does not exceed known territorial limits and is devoted principally, but not necessarily exclusively, to the welfare of the wild horses and burros, in keeping with the multiple-use management concept for the National Forest System.

(15) *Wild horse and burro territory* means lands of the National Forest System which are identified by the Chief, Forest Service, as lands which were territorial habitat of wild free-roaming horses and/or burros at the time of the passage of the Act.

§ 222.21 Administration of wild free-roaming horses and burros and their environment.

(a) The Chief, Forest Service, shall:

(1) Administer wild free-roaming horses and burros and their progeny on the National Forest System in the areas where they now occur (wild horse and burro territory) to maintain a thriving ecological balance considering

§ 222.22

them an integral component of the multiple use resources, and regulating their population and accompanying need for forage and habitat in correlation with uses recognized under the Multiple-Use Sustained Yield Act of 1960 (70 Stat. 215; 16 U.S.C. 528-531);

(2) Provide direct administration for the welfare of wild free-roaming horses and burros that are located on the National Forest System by use of the Forest Service organization rather than by the granting of leases and permits for maintenance of these animals to individuals and organizations;

(3) Establish wild horse and burro territories in accordance with the Act and continue recognition of such territories where it is determined that horses and/or burros will be recognized as part of the natural system, and designate areas within these territories as a specific wild horse and burro range in those situations where he determines such designation as especially fitting to meet the purposes of the Act and the Multiple Use Sustained-Yield Act, after consultation with the appropriate State agencies where such range is proposed and with the National Advisory Board;

(4) Analyze each wild horse or burro territory and, based on the analysis, develop and implement a management plan, which analysis and plans will be updated, whenever needed, as determined by conditions on each territory;

(5) Maintain a current inventory of wild free-roaming horses and burros on each territory to determine whether and where excess animals exists;

(6) Based on paragraphs (a) (4) and (5) of this section, determine appropriate management levels, whether action should be taken to remove excess animals and what actions are appropriate to achieve the removal or destruction of excess animals; and

(7) In making determinations cited in this section, the authorized officer shall consult with the U.S. Fish and Wildlife Service, wildlife agencies in the State, individuals and organizations independent of Federal or State Government recommended by the National Academy of Sciences, and any other individual or organizations determined to have scientific expertise or special knowledge of wild horse and

36 CFR Ch. II (7-1-00 Edition)

burro protection, wildlife management and animal husbandry as related to range management.

§ 222.22 Ownership claims.

(a) Any person claiming ownership under State branding and estray laws of branded or unbranded horses or burros within a wild horse or burro territory or range on the National Forest System where such animals are not authorized must present evidence of ownership to justify a roundup before permission will be granted to gather such animals. Claims of ownership with supporting evidence were required to be filed during a claiming period which expired November 15, 1973. Unauthorized privately owned horses or burros entering the National Forest System after November 15, 1973, which become intermingled with wild horses or burros, may be claimed by filing an application with the District Ranger. All authorizations to gather claimed animals shall be in writing in accordance with instructions as the Chief, Forest Service, may prescribe. After such public notice as an authorized officer deems appropriate to inform interested parties, gathering operations may be authorized. The authorization shall provide that the gathering or roundup be consistent with regulations, and will (1) establish a specific reasonable period of time to allow the gathering of claimed animals and (2) stipulate other conditions, including visual observation by Forest Service personnel deemed necessary to ensure humane treatment of associated wild free-roaming horses and burros and to protect other resources involved.

(b) Prior to removal of claimed animals which have been captured from the National Forest System, claimants shall substantiate their claim of ownership in accordance with whatever criteria are cooperatively agreed to between the Forest Service and the State agency administering the State estray laws. In the absence of an agreement, ownership claims shall be substantiated in accordance with State law and subject to approval of the Forest Service.

Forest Service, USDA

§ 222.24

§ 222.23 Removal of other horses and burros.

Horses and burros not within the definition in § 222.20(b)(13) which are introduced onto Wild Horse and Burro Territories or ranges after December 15, 1971, by accident, negligence, or willful disregard of private ownership, and which do not become intermingled with wild free-roaming horses or burros shall be considered as unauthorized livestock and treated in accordance with provisions in 36 CFR 261.7 and 262.10.

[61 FR 35959, July 9, 1996]

§ 222.24 Use of helicopters, fixed-wing aircraft and motor vehicles.

The Chief, Forest Service, is authorized to use helicopters, fixed-wing aircraft, and motor vehicles in a manner that will ensure humane treatment of wild free-roaming horses and burros as provided by the following paragraphs:

(a) Prior to using helicopters in capture operations and/or using motor vehicles for the purpose of transporting captured animals, a public meeting will be held in the proximity of the territory where the capture operation is proposed.

(b) Helicopters may be used in all phases of the administration of the Act including, but not limited to, inventory, observation, surveillance, and capture operations. In capture operations, helicopters may be used to locate the animals involved to assist ground crews in moving the animals and for related purposes, such as, to transport personnel and equipment. The condition of the animals shall be continuously observed by the authorized officer and, should signs of harmful stress be noted, the source of stress shall be removed so as to allow recovery. Helicopters may be used in round-ups or other capture operations subject to the following procedures.

(1) Helicopters shall be used in such a manner that bands or herds will tend to remain together.

(2) Horses or burros will not be moved at a rate which exceeds limitations set by the authorized officer who shall consider terrain, weather, distance to be traveled, and condition of the animals.

(3) Helicopters shall be used to observe the presence of dangerous areas and may be used to move animals away from hazards during capture operations.

(4) During capture operations, animals shall be moved in such a way as to prevent harmful stress or injury.

(5) The authorized officer shall supervise all helicopter uses as follows:

(i) Have means to communicate with the pilot and be able to direct the use of the helicopter; and

(ii) Be able to observe effects of the use of the helicopters on the well-being of the animals.

(c) Fixed-wing aircraft may be used for inventory, observation, and surveillance purposes necessary in administering the Act. Such use shall be consistent with the Act of September 8, 1959, as amended (18 U.S.C. 41 *et seq.*). Fixed-wing aircraft shall not be used in connection with capture operations except as support vehicles.

(d) Motor vehicles may be used in the administration of the Act except that such vehicles shall not be used for driving or chasing wild horses or burros in capture operations. Motor vehicles may also be used for the purpose of transporting captured animals subject to the following humane procedures.

(1) Such transportation shall comply with appropriate State and Federal laws and regulations applicable to humane transportation of horses and burros.

(2) Vehicles shall be inspected by an authorized officer prior to use to ensure vehicles are in good repair and of adequate rate capacity.

(3) Vehicles shall be carefully operated to ensure that captured animals are transported without undue risk or injury.

(4) Where necessary and practical, animals shall be sorted as to age, temperament, sex, size, and condition so as to limit, to the extent possible, injury due to fighting and trampling.

(5) The authorizing officer shall consider the condition of the animals, weather conditions, type of vehicle, and distance to be traveled when planning for transportation of captured animals.

(6) Unless otherwise approved by the authorized officer, the transportation

§ 222.25

of wild free-roaming horses and burros shall be limited in sequence, to a maximum of 24 hours in transit followed by a minimum of 5 hours of on-the-ground rest with adequate feed and water.

§ 222.25 Protection of wild free-roaming horses and burros when they are upon other than the National Forest System or public lands.

Individual animals and herds of wild free-roaming horses and burros will be under the protection of the Chief, Forest Service, even though they may thereafter move to lands of other ownership or jurisdiction as a part of their annual territorial habitat pattern or for other reasons. The Chief will exercise surveillance of these animals through the use of cooperative agreements and as otherwise authorized by law and act immediately through appropriate administrative or criminal and civil judicial procedures to provide them the protective measures of the Act at any time he has cause to believe its provisions are being violated.

§ 222.26 Removal of wild free-roaming horses and burros from private lands.

Owners of land upon which wild free-roaming horses and burros have strayed from the National Forest System may request their removal by calling the nearest office of either the Forest Service or Federal Marshall.

§ 222.27 Maintenance of wild free-roaming horses and burros on privately-owned lands.

Owners of land who wish to maintain wild free-roaming horses and burros which have strayed onto their lands from the National Forest System may do so by notifying the nearest office of the Forest Service in a timely fashion and providing such information on a continuing basis as the Chief, Forest Service, may require. Such owners shall protect the wild free-roaming horses and burros on their lands. They may not, in so maintaining these animals, impede their return to National Forest System lands unless authorized by agreement with the Forest Service.

§ 222.28 Agreements.

The Chief, Forest Service, may enter into agreements as he deems necessary

36 CFR Ch. II (7-1-00 Edition)

to further the protection, management, and control of wild free-roaming horses and burros.

§ 222.29 Relocation and disposal of animals.

(a) The Chief, Forest Service, shall, when he determines over-population of wild horses and burros exists and removal is required, take immediate necessary action to remove excess animals from that particular territory. Such action shall be taken until all excess animals have been removed so as to restore a thriving natural ecological balance to the range, and protect the range from deterioration associated with over-population.

(b) No person except an authorized Forest Service officer or his agent shall destroy, remove, or relocate any wild free-roaming horse or burro located on the National Forest System.

(c) Wild horses and burros shall be relocated or removed in the following order of priority:

(1) In the most humane manner possible, sick, lame, or old animals shall be destroyed;

(2) Relocate animals to other National Forest System lands which were identified as 1971 wild horse or burro territory, providing suitable habitat exists and relocation of animals will not jeopardize vegetation condition;

(3) Relocate animals to other federally-owned lands which were identified as 1971 wild horse or burro occupied lands, providing suitable habitat exists and relocation of animals will not jeopardize vegetation condition and animals are requested by the appropriate land manager having jurisdiction;

(4) Place animals under private maintenance and care agreements where there is an adoption demand by qualified individuals, groups, or Government agency, and for which there is assurance of humane treatment and care, provided not more than four animals are placed under private maintenance and care agreements per year to any individual, organization, or government agency unless there is a determination expressed otherwise in writing, by an authorized Forest Service Officer; and

(5) Excess animals, for which an adoption demand by qualified applicants does not exist, shall be destroyed in the most humane manner possible, and if several methods are equally humane, select the most cost efficient.

(d) Where excess animals have been placed under private maintenance and care agreements after December 15, 1971, as provided for in paragraph (c)(4) of this section, and animals have been provided humane conditions, treatment, and care, for a period of one year, the Chief, Forest Service, may grant title to not more than four animals per year to each individual, organization, or government agency.

(e) The applicants must make written application for title and/or adoption, must be of legal age in the State in which they reside, and must pay fees for adoption and transportation as follows:

(1) The application must be accompanied by a nonrefundable advance payment of \$25 by guaranteed remittance. If custody of a wild, free-roaming horse or burro is granted by the authorized Forest Service officer, the advance payment shall be applied against the adoption fee required to be paid at the time the maintenance and care agreement § 222.29(c)(4) is executed.

(2) The Forest Service shall charge an adoption fee of \$125 for each horse and \$75 for each burro, except that there shall be no adoption fee for an unweaned offspring under 6 months of age accompanying its mother.

(3) Any transportation costs incurred for the transportation of the animal(s) to the point of pickup must be paid before an approved individual, group, or government agency takes custody of the animal(s).

(f) Humane conditions, treatment, and care must have been provided for no less than one year preceding the filing of the application for title. The conveyance of title shall include a written statement by an authorized officer attesting that the animal is in good condition.

[45 FR 24135, Apr. 9, 1980, as amended at 46 FR 42450, Aug. 21, 1981; 48 FR 25188, June 6, 1983]

§ 222.30 Disposal of carcasses.

Carcasses of animals that have lost their status as wild free-roaming horses or burros may be disposed of in any customary manner acceptable under applicable State sanitary statutes including disposal through a rendering plant.

§ 222.31 Loss of status.

Wild free-roaming horses and burros or their remains shall lose their status under the 1971 Wild Horses and Burros Act.

(a) Upon passage of title pursuant to § 222.29 (d) and (e).

(b) Upon transfer to private maintenance and care pursuant to § 222.29(c)(4) and die of natural causes before passage of title;

(c) Upon destruction by an authorized Forest officer pursuant to § 222.29(c)(5).

(d) Upon death by natural causes or accident on the National Forest System or on private lands where maintained thereon pursuant to § 222.27 and disposal is authorized by a Forest officer; and

(e) Upon destruction or death for purposes of or incident to the program authorized in § 222.20(a).

§ 222.32 Use of non-Forest Service personnel.

The Chief, Forest Service, may authorize the use of non-Forest Service personnel to assist in specific situations of short duration.

§ 222.33 Management coordination.

All management activities by the Chief, Forest Service, shall be carried out in consultation with the appropriate agencies of the State involved. The expert advice of qualified scientists in the fields of biology and ecology shall also be sought in administering wild free-roaming horses and burros. The advice and suggestions of agencies, qualified scientists, and other qualified interest groups shall be made available to the National Advisory Board for their use and consideration. Actions taken in connection with private ownership claims shall be coordinated to the fullest extent possible with the State agency responsible for livestock estray law administration.

§ 222.34

36 CFR Ch. II (7-1-00 Edition)

§ 222.34 National Advisory Board.

The Chief, Forest Service, shall appoint a representative to attend meetings of the National Advisory Board for Wild Free-Roaming Horses and Burros and to function as prescribed by the Memorandum of Agreement between the Department of the Interior and the Department of Agriculture and the Joint Charter issued by the Secretary of the Interior and the Secretary of Agriculture. Policies and guidelines relative to proposals for the establishment of ranges, adjustments in number, relocation and disposal of animals, and other matters relating generally to the protection, management, and control of wild free-roaming horses and burros shall be presented to the National Advisory Board for recommendations.

§ 222.35 Studies.

The Chief, Forest Service, is authorized and directed to undertake those studies of the habits and habitat of wild free-roaming horses and burros that he may deem necessary. In doing so, he shall consult with the appropriate agencies of the State(s) involved and the National Academy of Sciences.

§ 222.36 Arrest.

Any employee designated by the Chief, Forest Service, shall have the power to arrest without warrant, any person committing in the presence of the employee a violation of the Act and to take such person immediately for examination or trial before an officer or court of competent jurisdiction. Any employee so designated shall have power to execute any warrant or other process issued by an officer or court of competent jurisdiction to enforce the provisions of the Act.

Subpart C—Grazing Fees

AUTHORITY: 16 U.S.C. 551; 31 U.S.C. 483A; 43 U.S.C. 1901; E.O. 12548, 51 FR 1986 Comp., p. 188.

§ 222.50 General procedures.

(a) Fees shall be charged for all livestock grazing or livestock use of National Forest system lands, or other lands under Forest Service control. An

exception is livestock authorized free of charge under provisions of § 222.3(c)(2)(ii) (B) through (G).

(b) Guiding establishment of fees are the law and general governmental policy as established by Bureau of the Budget (now, Office of Management and Budget) Circular A-25 of September 23, 1959, which directs that a fair market value be obtained for all services and resources provided the public through establishment of a system of reasonable fee charges, and that the users be afforded equitable treatment. This policy precludes a monetary consideration in the fee structure for any permit value that may be capitalized into the permit holder's private ranching operation.

(c) A grazing fee shall be charged for each head month of livestock grazing or use. A head month is a month's use and occupancy of range by one animal, except for sheep or goats. A full head month's fee is charged for a month of grazing by adult animals; if the grazing animal is weaned or 6 months of age or older at the time of entering National Forest System lands; or will become 12 months of age during the permitted period of use. For fee purposes 5 sheep or goats, weaned or adult, are equivalent to one cow, bull, steer, heifer, horse, or mule.

(d) No additional charge will be made for the privilege of lambing upon National Forest System lands, or other lands under Forest Service control.

(e) Transportation livestock may be charged for at a special rate, and at a minimum established for such use. Fees for horses, mules, or burros associated with management of permitted livestock on an allotment, or for research purposes and administrative studies, and authorized on a charge basis, are determined under provisions of paragraph (b) of this section.

(f) The fees for trailing livestock across National Forest System lands will conform with the rates established for other livestock. Where practicable, fees for trailing permitted livestock will be covered in the regular grazing fee and the crossing period covered in the regular grazing period.

(g) All fees for livestock grazing or livestock use of National Forest System lands or other lands under Forest

Forest Service, USDA

§ 222.52

Service control are payable in advance of the opening date of the grazing period, entry, or livestock use unless otherwise authorized by the Chief, Forest Service.

(h) Unauthorized grazing use rate will be determined by establishing a base value without giving consideration for those contributions normally made by the permittee under terms of the grazing permit. The base will be adjusted annually by the same indexes used to adjust the regular fee. This rate will also apply to excess number of livestock grazing by permittees; to livestock grazed outside the permitted grazing season; or to livestock grazed under an unvalidated permit.

(i) Refunds or credits may be allowed under justifiable conditions and circumstances as the Chief, Forest Service, may specify.

(j) The fee year for the purpose of charging grazing fees will be March 1 through the following February.

(k) The data year for the purpose of collecting beef cattle price data for computing indexes will be November 1 through the following October and apply to the following fee year.

[44 FR 24843, Apr. 27, 1979, as amended at 46 FR 42450, Aug. 21, 1981; 53 FR 2984, Feb. 2, 1988]

§ 222.51 National Forests in 16 Western States.

(a) Grazing fees are established on lands designated National Forests and Land Utilization Projects in the 16 contiguous Western States of Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington, and Wyoming. (National Grasslands are excluded, see § 222.52.)

(b) Notwithstanding the provisions of § 222.50, paragraph (b), the calculated grazing fee for 1988 and subsequent grazing fee years represents the economic value of the use of the land to the user and is the product of multiplying the base fair market value of \$1.23 by the result of the annual Forage Value Index, added to the sum of the Beef Cattle Price Index minus the Prices Paid Index and divided by 100; provided, that the annual increase or decrease in such fee for any given year

shall be limited to not more than plus or minus 25 percent of the previous year's fee, and provided further, that the fee shall not be less than \$1.35 per head per month. The indexes used in this formula are as follows:

(1) Forage Value Index means the weighted average estimate of the annual rental charge per head per month for pasturing cattle on private rangelands in the 11 Western States (Arizona, California, Colorado, Idaho, Montana, New Mexico, Nevada, Oregon, Utah, Washington, and Wyoming) (computed by the National Agricultural Statistics Service) from the June Enumerative Survey) divided by \$3.65 per head month and multiplied by 100;

(2) Beef Cattle Price Index means the weighted average annual selling price for beef cattle (excluding calves) in the 11 Western States (Arizona, California, Colorado, Idaho, Montana, New Mexico, Nevada, Oregon, Utah, Washington, and Wyoming) (computed by the National Agricultural Statistics Service) for November through October (computed by the National Agricultural Statistics Service) divided by \$22.04 per hundred weight and multiplied by 100; and

(3) Prices Paid Index means the following selected components from the National Agricultural Statistics Service "Annual National Index of Prices Paid by Farmers for Goods and Services" adjusted by the weights indicated in parentheses to reflect livestock production costs in the Western States:

1. Fuels and Energy (14.5);
2. Farm and Motor Supplies (12.0);
3. Autos and Trucks (4.5);
4. Tractors and Self-Propelled Machinery (4.5);
5. Other Machinery (12.0);
6. Building and Fencing Materials (14.5);
7. Interest (6.0);
8. Farm Wage Rates (14.0);
9. Farm Services (18.0).

[44 FR 24843, Apr. 27, 1979, as amended at 53 FR 2984, Feb. 2, 1988]

§ 222.52 National Grasslands.

Grazing fees for National Grasslands will be established under concepts and principles similar to those in § 222.51(b).

[44 FR 24843, Apr. 27, 1979]

§ 222.53 Grazing fees in the East—non-competitive procedures.

(a) *Scope.* Except as provided in § 222.54 of this subpart, the fee charged for commercial livestock grazing use and occupancy on National Forest System (NFS) lands in the States of New York, Missouri, Vermont, West Virginia, and in the Southern Region shall be determined through noncompetitive, fair market value procedures. These rules do not apply to grazing fees on National Forest System lands in Oklahoma or National Grasslands in Texas. Grazing permits under the non-competitive fee method in the East are subject to the rules governing grazing permit administration in Subpart A of this part.

(b) *Applicability.* The rules of this section apply to the establishment of grazing fees for existing permittees in the Eastern and Southern Regions on National Forest System lands, including grazing associations in New York and Missouri as of March 1, 1990, to any livestock on-and-off permits defined in Subpart A of this part; and to any allotments advertised for competitive bidding which were not bid on (§ 222.54(h)). Noncompetitive permits vacated or terminated by an existing permittee and any new allotments created after the effective date of this rule shall be offered on a competitive bid basis as specified in § 222.54 of this subpart. As provided in subpart A of this part, holders of term permits have first priority for receipt of a new permit.

(c) *Fee System.* The grazing fee charged under this section shall be based on fair market value, as determined by: Using comparable private grazing lease rates, adjusted for the difference in the costs of grazing comparable private leased lands and National Forest System lands, or by reference to prevailing prices in competitive markets for other Federal or State leased grazing lands that are the same or substantially similar to grazing lands offered or administered by the Forest Service in the East with comparability adjustments as appropriate. Comparable grazing lease rates shall be adjusted for the difference between the total costs of operating on leased grazing lands and the total costs (other

than grazing fee costs) of operating on National Forest System lands.

(1) *Establishing Base Grazing Value.* (i) The Chief of the Forest Service, or an authorized officer to whom such authority has been delegated, shall determine an estimated base market value of grazing use and occupancy on National Forest System lands in the Eastern States for the following designated subregions:

(A) Corn Belt (Illinois, Indiana, Missouri, and Ohio);

(B) Lake States (Michigan, Minnesota, and Wisconsin);

(C) Northeast (Maine, New Hampshire, New York, Pennsylvania, and Vermont);

(D) Appalachia (Kentucky, North Carolina, Tennessee, Virginia, and West Virginia);

(E) Southeast/Delta (Alabama, Arkansas, Georgia, Louisiana, Mississippi, South Carolina, and Texas); and

(F) Florida.

(ii) The Chief or authorized officer shall revise or update estimated market values of grazing use and occupancy, as necessary to respond to significant changes in the agricultural economy in the East, and to ensure that fees represent fair market value.

(iii) The Chief, or an authorized officer to whom authority has been delegated, where sufficient market data exist, may establish the base grazing value for grazing allotments using comparable, local lease rates for private grazing lands.

(2) *Annual Adjustment of Base Grazing Value.* To maintain currency with the private grazing lease market, the respective base grazing value(s) established for grazing permits under this section shall be annually adjusted through a hay price index, by respective subregion. The hay price index means the weighted average selling price of "other baled hay," computed by the National Agricultural Statistics Service of the U.S. Department of Agriculture, by designated State and subregion. This index shall be based on 3-year average hay prices and annually reflect the percentage change in the cost of alternative livestock feed.

(3) *Computation of Annual Grazing Fee—(i) Annual Fee Basis.* The annual

grazing fee shall equal the base grazing value, adjusted by the current period's hay price index, less the value of any agency required range improvements.

(ii) *Grazing Fee Credits for Range Improvements.* Any requirements for permittee construction or development of range improvements shall be identified through an agreement and incorporated into the grazing permit, with credits for such improvements to be allowed toward the annual grazing fee. Fee credits shall be allowed only for range improvements which the Forest Service requires an individual permittee to construct or develop on a specific allotment to meet the management direction and prescriptions in the relevant forest land and resource management plan and allotment management plan. These improvements must involve costs which the permittee would not ordinarily incur under the grazing permit, must be of tangible public benefit, and must enhance management of vegetation for resource protection, soil productivity, riparian, watershed, and wetland values, wildlife and fishery habitat, or outdoor recreation values. Maintenance of range improvements specified in allotment management planning documents or the grazing permit, and other costs incurred by the permittee in the ordinary course of permitted livestock grazing, do not qualify for grazing fee credits.

(4) *Implementation.* The grazing fee formula provided by this section shall be used to calculate fees for the 1990 grazing fee year. Where implementation would raise fees, the increase shall be phased in over a 5-year period. Full fair market value will be reached in 5 years, beginning in 1990.

[55 FR 2650, Jan. 26, 1990]

§ 222.54 Grazing fees in the East—competitive bidding.

(a) *General Procedures—(1) Applicability.* The rules of this section apply to grazing fees for any allotment established or vacated on National Forest System lands in the Eastern or Southern Regions, as of February 26, 1990 as well as to grazing fees for existing allotments for such lands that have already been established under competitive procedures as of the date of this rule. Permits offered for competitive

bidding in the East are subject to the rules governing grazing permit administration in subpart A of this part. The rules of this section do not apply to negotiated livestock use permits or permits with on-and-off grazing provisions as authorized in subpart A of this part. Holders of term permits have first priority for receipt of a new term grazing permit in accordance with subpart A of this part. These rules also do not apply to grazing fees on National Forest System lands in Oklahoma or National Grasslands in Texas.

(2) *Allowable Bidders.* Bids for grazing permits shall be accepted from individuals, partnerships, grazing associations (formed after February 26, 1990), joint ventures, corporations, and organizations.

(b) *Establishment of Minimum Bid Price.* Authorized officers shall establish a minimum bid price for each available allotment as described in § 222.53 of this subpart.

(c) *Prospectus.* (1) At such time as allotments are vacated, as new allotments are established, or as existing competitively bid permits expire, the authorized officer shall prepare and advertise a prospectus for those allotments on which grazing will be permitted.

(2) The prospectus shall include the terms and conditions of occupancy and use under the grazing permit to be issued, as well as document existing improvements and their condition. The prospectus shall also disclose the following:

(i) Estimated market value of the forage per head month of grazing use;

(ii) The minimum bid price the agency will accept;

(iii) Any required range improvements; and

(iv) The minimum qualifications that applicants must meet to be eligible for a permit.

(3) Copies of the applicable grazing permit, allotment management planning documents and allotment maintenance requirements, and the latest annual permittee instructions shall be made available to all prospective bidders upon request.

(d) *Submission of bid.* Each applicant shall submit an application for the grazing permit, along with a sealed bid

for the grazing fee, and a bid deposit of 10 percent of the total amount of the bid.

(e) *Qualifications and Deposit Refunds.* Upon opening applicants bids, the authorized officer shall determine whether each bidder meets the qualifications to hold a permit as set forth in Subpart A of this part; and shall refund the deposit to any applicant who is not qualified or who does not offer the high bid.

(f) *Permit Issuance.* The authorized officer shall issue the grazing permit to the qualified high bidder, except as provided in paragraphs (f)(1) and (2) of this section. The successful bidder receives the privilege of obtaining or renewing a grazing permit and is billed for the occupancy offered and forage sold.

(1) *Priority for Reissuance.* On allotments where a current permit is expiring and competition has been held on a new grazing permit, the current grazing permittee shall have priority for retaining the permit. Accordingly, an applicant who holds the permit on the allotment under bid, who has a satisfactory record of performance under that permit, and who is not the higher bidder for the future grazing privileges in the specified allotment shall be offered the opportunity to match the high bid and thereby retain the permit. Should there be more than one existing permittee in the allotment under bid, each shall be offered the option of meeting the high bid; if only one current permittee opts to meet the high bid, the remaining allowable grazing use, if any, shall be awarded to the initial high bidder.

(2) *Identical Bids.* In cases of identical bids, the selection of the successful applicant shall be made through a drawing.

(g) *Computation of Successful Bidder's Annual Fee—(1) Annual Fee Basis.* The highest bid received shall establish the base grazing value in the initial year of the grazing permit for each allotment offered. The annual grazing fee shall equal the base grazing value, adjusted by the current period's hay price index for the relevant subregion as described in § 222.53(c)(1), and (c)(3), less the value of any agency required range improvements. This hay price index shall be based on 3-year average hay prices and

annually reflect the percent change in the cost of alternative livestock feed.

(2) *Grazing Fee Credits for Range Improvements.* Any requirements for permittee construction or development of range improvements shall be identified through an agreement and incorporated into the grazing permit, with credits for such improvements to be allowed toward the annual grazing fee. Fee credits shall be allowed only for range improvements which the Forest Service requires an individual permittee to construct or develop on a specific allotment to meet the management direction and prescriptions in the relevant forest land and resource management plan and allotment management plan. These improvements must involve costs which the permittee would not ordinarily incur under the grazing permit, must be of tangible public benefit, and must enhance management of vegetation for resource protection, soil productivity, riparian, watershed, and wetland values, wildlife and fishery habitat, or outdoor recreation values. Maintenance of range improvements specified in allotment management planning documents or the grazing permit, and other costs incurred by the permittee in the ordinary course of permitted livestock grazing, do not qualify for grazing fee credits.

(h) *No Bids Received.* If qualified sealed bids are not received, the authorized officer reserves the right to conduct an oral auction using the minimum bid price established under paragraph (b) of this section or to establish grazing fees through noncompetitive grazing fee procedures specified in § 222.53 of this subpart.

[55 FR 2651, Jan. 26, 1990]

PART 223—SALE AND DISPOSAL OF NATIONAL FOREST SYSTEM TIMBER

Subpart A—General Provisions

- Sec.
- 223.1 Authority to sell timber.
 - 223.2 Disposal of timber for administrative use.
 - 223.3 Sale of seized material.
 - 223.4 Exchange of trees or portions of trees.
 - 223.5 Scope of free use granted to individuals.
 - 223.6 Cutting and removal of timber in free-use areas.

- 223.7 Permission for free use of timber outside free-use areas.
- 223.8 Delegations of authority to approve free use by individuals.
- 223.9 Free use to owners of certain mining claims.
- 223.10 Free use to Alaskan settlers, miners, residents, and prospectors.
- 223.11 Free use to other Federal agencies.
- 223.12 Permission to cut, damage, or destroy trees without advertisement.
- 223.13 Compliance.
- 223.14 Where timber may be cut.

Subpart B—Timber Sale Contracts

CONTRACT CONDITIONS AND PROVISIONS

- 223.30 Consistency with plans, environmental standards, and other management requirements.
- 223.31 Duration of contracts.
- 223.32 Timber sale operating plan.
- 223.33 Redetermination of stumpage rates and deposits.
- 223.34 Advance payment.
- 223.35 Performance bond.
- 223.36 Volume determination.
- 223.37 Revegetation of temporary roads.
- 223.38 Standards for road design and construction.
- 223.39 [Reserved]
- 223.40 Cancellation for environmental protection or inconsistency with plans.
- 223.41 Payment when purchaser elects government road construction.
- 223.42 Transfer of effective purchaser credits.
- 223.43 Limitation on amounts of transferred purchaser credit.
- 223.44 Collection rights on contracts involved in transfer of purchaser credit.
- 223.45 Definitions applicable to transfer of purchaser credit.
- 223.46 Adjustment of contract termination date.
- 223.47 Date of completion of permanent road construction.
- 223.48 Restrictions on export and substitution of unprocessed timber.
- 223.49 Downpayment.
- 223.50 Periodic payments.
- 223.51 Bid monitoring.
- 223.52 Market-related contract term additions.

APPRAISAL AND PRICING

- 223.60 Determining fair market value.
- 223.61 Establishing minimum stumpage rates.
- 223.62 Timber purchaser road construction credit.
- 223.63 Advertised rates.
- 223.64 Appraisal on a lump-sum value or rate per unit of measure basis.
- 223.65 Appraisal of timber for land exchange; right-of-way, or other authorized use.

- 223.66 [Reserved]

ADVERTISEMENT AND BIDS

- 223.80 When advertisement is required.
- 223.81 Shorter advertising periods in emergencies.
- 223.82 Contents of advertisement.
- 223.83 Contents of prospectus.
- 223.84 Small business bid form provisions on sales with purchaser road construction credit.
- 223.85 Noncompetitive sale of timber.
- 223.86 Bid restriction on resale of noncompleted contract.
- 223.87 Requirements of bidders concerning exports.
- 223.88 Bidding methods.
- 223.89 Relation to other bidders.

AWARD OF CONTRACTS

- 223.100 Award to highest bidder.
- 223.101 Determination of purchaser responsibility.
- 223.102 Procedures when sale is not awarded to highest bidder.
- 223.103 Award of small business set-aside sales.

CONTRACT ADMINISTRATION

- 223.110 Delegation to regional forester.
- 223.111 Administration of contracts in designated disaster areas.
- 223.112 Modification of contracts.
- 223.113 Modification of contracts to prevent environmental damage or to conform to forest plans.
- 223.114 Acquisition by third party.
- 223.115 Contract extensions.
- 223.116 Cancellation.
- 223.117 Administration of cooperative or Federal sustained yield units.
- 223.118 Appeal process for small business timber sale set-aside program share re-computation decisions.

Subpart C—Suspension and Debarment of Timber Purchasers

- 223.130 Scope.
- 223.131 Applicability.
- 223.132 Policy.
- 223.133 Definitions.
- 223.134 List of debarred and suspended purchasers.
- 223.135 Effect of listing.
- 223.136 Debarment.
- 223.137 Causes for debarment.
- 223.138 Procedures for debarment.
- 223.139 Period of debarment.
- 223.140 Scope of debarment.
- 223.141 Suspension.
- 223.142 Causes for suspension.
- 223.143 Procedures for suspension.
- 223.144 Period of suspension.
- 223.145 Scope of suspension.

§ 223.1

Subpart D—Timber Export and Substitution Restrictions

- 223.159 Scope and applicability.
- 223.160 Definitions.

Subpart A—General Provisions

§ 223.1 Authority to sell timber.

Trees, portions of trees, and other forest products on National Forest System lands may be sold for the purpose of achieving the policies set forth in the Multiple-Use Sustained-Yield Act

36 CFR Ch. II (7-1-00 Edition)

of 1960, as amended (74 Stat. 215; 16 U.S.C. 528-531), and the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended (88 Stat. 476; as amended, 16 U.S.C. 1600-1614), and the Program thereunder.

§ 223.2 Disposal of timber for administrative use.

Trees, portions of trees, or other forest products in any amount on National Forest System lands may be disposed of for administrative use, by sale or without charge, as may be most advantageous to the United States, subject to the maximum cut fixed in accordance with established policies for management of the National Forests. Such administrative use shall be limited to the following conditions and purposes:

(a) For construction, maintenance or repair of roads, bridges, trails, telephone lines, fences, recreation areas or other improvements of value for the protection or the administration of Federal lands.

(b) For fuel in Federal camps, buildings and recreation areas.

(c) For research and demonstration projects.

(d) For use in disaster relief work conducted by public agencies.

(e) For disposal when removal is desirable to protect or enhance multiple-use values in a particular area.

§ 223.3 Sale of seized material.

Seized material (trees, portions of trees or other forest products cut in trespass from National Forest System lands) may be sold to the highest bidder under specific authorization from the Regional Forester. If advertisement is impractical, sales of material with an appraised value of less than \$10,000 will be made on informal bids.

§ 223.4 Exchange of trees or portions of trees.

Trees or portions of trees may be exchanged for land under laws authorizing the exchange of National Forest timber. Cutting of exchange timber must comply with the purposes cited in § 223.1.

(42 Stat. 465, 16 U.S.C. 485; 43 Stat. 1215, 16 U.S.C. 516)

Forest Service, USDA

§ 223.9

§ 223.5 Scope of free use granted to individuals.

(a) Free use may be granted to individuals for firewood for personal use, except that such use may be limited to bona fide settlers, miners, residents and prospectors living within or immediately adjacent to the National Forest when the available supply is insufficient to meet the total demand. Free use may be granted to such bona fide settlers, miners, residents and prospectors for minerals, for fencing, building, mining, prospecting and domestic purposes.

(Sec. 1, 30 Stat. 35, as amended; 16 U.S.C. 477, 551)

(b) Free use will be granted individuals primarily to aid in the protection and silvicultural improvement of the forests. Except in unusual cases, the material will be restricted to dead, insect-infested, or diseased timber, logging debris, and thinnings. Other material may be granted in unusual cases where its refusal would cause unwarranted hardship. Where limited supply or other conditions justify such action, the free use of green material may be refused.

§ 223.6 Cutting and removal of timber in free-use areas.

Supervisors may designate portions or all of a National Forest as free-use areas where such action is compatible with land management plans and shall give public notice of their action. Within such free-use areas, any dead timber or any green timber previously marked or designated by forest officers may be cut and removed for personal use for domestic purposes. Cutting and removal of timber in free-use areas shall be in accordance with such rules as may be prescribed by the district ranger to prevent fires, minimize damage to uncut trees and other resources, and to avoid confusion among users.

[42 FR 28252, June 2, 1977, as amended at 44 FR 73029, Dec. 17, 1979. Redesignated at 49 FR 2760, Jan. 23, 1984]

§ 223.7 Permission for free use of timber outside free-use areas.

Similar material may be cut outside of a free-use area without permit in cases of emergency, but the person tak-

ing such material shall promptly notify the district ranger. Small quantities of material needed by transients while in the forest may also be taken without permit; subject to such rules as may be prescribed pursuant to § 261.70. In all other cases permits will be required for green material.

§ 223.8 Delegations of authority to approve free use by individuals.

(a) Forest officers whom the supervisor may designate are authorized to grant free use of timber to individuals up to \$20 in value in any one fiscal year. Supervisors may grant permits for material not exceeding \$100 in value. Regional Foresters may approve permits for larger amounts, and in times of emergency may delegate authority to supervisors for not over \$500 in value. Prior review by the Chief of the Forest Service will be given if the amount involved exceeds \$5,000 in value.

(b) Regional Foresters may authorize supervisors to permit the removal of specific classes of material without scaling or measurement.

§ 223.9 Free use to owners of certain mining claims.

Free use will be granted to an owner of a mining claim located subsequent to July 23, 1955, or of a mining claim which is otherwise subject to Section 4 of the Act of July 23, 1955 (69 Stat. 367), if at any time said claim owner requires more timber for his mining operations, in connection with that claim, than is available on that claim because of Forest Service timber disposal therefrom subsequent to location of that claim. He will be granted, free of charge, timber from the nearest National Forest land which is ready for harvesting under the applicable management plan, substantially equivalent in kind and quantity to that estimated by the Forest Service to have been cut under Forest Service authorization from the claim subsequent to its location. Forest officers may be delegated authority to grant amounts of timber not in excess of those which these officers are authorized to sell in commercial sales.

(Sec. 4, 69 Stat. 368, 16 U.S.C. 612)

§ 223.10

§ 223.10 Free use to Alaskan settlers, miners, residents, and prospectors.

Bona fide settlers, miners, residents, and prospectors for minerals in Alaska may take free of charge green or dried timber from the National Forests in Alaska for personal use but not for sale. Permits will be required for green saw timber. Other material may be taken without permit. The amount of material granted to any one person in 1 year shall not exceed 10,000 board feet of saw timber and 25 cords of wood, or an equivalent volume in other forms. Persons obtaining materials shall, on demand, forward to the supervisor a statement of the quantity taken and the location from which it was removed.

(Sec. 1, 30 Stat. 35, 16 U.S.C. 477)

§ 223.11 Free use to other Federal agencies.

(a) National Forest timber will be granted free of charge to other branches of the Federal Government when authorized by law. Permits may be approved by forest officers for amounts not greater than they are otherwise authorized to sell.

(b) Permits for timber issued hereunder shall be in accordance with the conditions prescribed in § 223.30. The permittee may be required to report to the supervisor the amount of timber, by species, actually cut or may be required to furnish scalers for work under the direction of the forest officers in charge or, if authorized, to provide funds for the employment by the Forest Service of scalers to scale or measure the timber cut. The permittee may be required to dispose of the slash as cutting proceeds, or to employ people to work under the direction of a forest officer in disposing of the slash, or, if authorized, to provide funds for the employment of people for slash disposal under the direction of a forest officer.

(38 Stat. 1100, as amended; 16 U.S.C. 492)

§ 223.12 Permission to cut, damage, or destroy trees without advertisement.

Permission may be granted to cut, damage, or destroy trees, portions of trees, or other forest products on Na-

36 CFR Ch. II (7-1-00 Edition)

tional Forest System lands without advertisement when necessary for the occupancy of a right-of-way or other authorized use of National Forest System land. Payment for timber of merchantable size and quality will be required at its appraised value, but at not less than applicable minimum prices established by Regional Foresters, and payment will be required for young growth timber below merchantable size at its damage appraisal value. Payment will not be required:

(a) For timber necessarily killed or cut in connection with land uses which are of substantial benefit to the National Forests;

(b) For timber necessarily killed or cut and used by the permittee which would have been granted free under other applicable regulations; or

(c) For timber which will be cut by the permittee which the Forest Service retains for sale in log or other product form.

(Sec. 1, 30 Stat. 35, as amended, 16 U.S.C. 551)

§ 223.13 Compliance.

Forest officers authorizing free use shall ensure that such use is in compliance with applicable land management plans and is conducted in a manner which protects National Forest System resource values.

(92 Stat. 1301, Pub. L. 95-465)

§ 223.14 Where timber may be cut.

(a) The cutting of trees, portions of trees or other forest products may be authorized on any National Forest System lands, except for:

(1) Timber reserved by a grantor of land, during the life of such reservation.

(2) Timber reserved from cutting under other regulations.

(3) Timber on unpatented mining claims located prior to July 23, 1955, unless the claimant has executed a waiver pursuant to section 6 of the Act of July 23, 1955 (69 Stat. 367), or unless pursuant to a proceeding under Section 5 of that Act, the claimant has failed to file a verified statement or has failed to establish the validity and effectiveness of his asserted rights.

(4) Timber on lands identified in land management plans as not suited for

timber production, except that salvage sales or sales necessitated to protect other multiple-use values may be made.

(b) The cutting of timber on mining claims shall be conducted in such manner as not to endanger or materially interfere with prospecting, mining or processing operations.

(c) Timber on an unpatented claim to which the United States does not otherwise have disposal rights may be disposed of with the written consent of the claimant, or, in emergencies without the consent of the claimant.

(d) Timber on an unpatented claim may be cut by the claimant only for the actual development of the claim or for uses consistent with the purposes for which the claim was entered. Any severance or removal of timber, other than severance or removal to provide clearance, shall be in accordance with plan of operations required by Part 252 of this chapter, and with sound principles of forest management.

(e) With prior approval by the Regional Forester, timber on lands under option by the United States or on offered lands included in an approved land exchange agreement may be sold. Before the sale is made, a cooperative agreement must be made with the owner of the land authorizing the Forest Service to conduct the sale and providing for return of stumpage receipts to the owner if title to the land is not accepted by the United States.

(f) With prior approval by the Regional Forester, cutting of exchange timber described in §223.4 may be authorized in advance of the acceptance of title to the non-Federal land offered in exchange.

Subpart B—Timber Sale Contracts

CONTRACT CONDITIONS AND PROVISIONS

§ 223.30 Consistency with plans, environmental standards, and other management requirements.

The approving officer will insure that each timber sale contract, permit or other authorized form of National Forest timber disposal is consistent with applicable land and resource management plans and environmental quality

standards and includes, as appropriate, requirements for:

- (a) Fire protection and suppression;
- (b) Protection of residual timber;
- (c) Regeneration of timber as may be made necessary by harvesting operations;
- (d) Minimizing increases in soil erosion;
- (e) Providing favorable conditions of water flow and quality;
- (f) Utilization of the timber resource to provide for the optimum practical use of the wood material as may be obtained with available technology, considering opportunities to promote more efficient wood utilization, regional conditions and species characteristics;
- (g) Reduction of the likelihood of loss to destructive agencies; and
- (h) Minimizing adverse effects on, or providing protection for and enhancing other National Forest resources, uses and improvements.

§ 223.31 Duration of contracts.

Sale contracts shall not exceed 10 years in duration, unless there is a finding by the Chief, Forest Service, that better utilization of the various forest resources (consistent with the provisions of the Multiple-Use Sustained-Yield Act of 1960) will result.

§ 223.32 Timber sale operating plan.

Sale contracts with a term of 2 years or more shall provide for the filing of an operating plan as soon as practicable after execution of the contract, such plan shall be a part of the contract. The plan of operation shall be general in nature, outlining the expected timing and order of sale development, including such major operations as road construction, felling and removal of timber, distribution of timber, and contractual requirements for erosion prevention and slash disposal. The plan of operation and revisions thereto shall be subject to concurrence by the Forest Service.

§ 223.33 Redetermination of stumpage rates and deposits.

Sale contracts exceeding 7 years in duration, and those of shorter duration to the extent found desirable by the approving officer, will provide for the redetermination of rates for stumpage

§ 223.34

and for required deposits at intervals of not more than 5 years, exclusive of any period allowed for the construction of improvements.

§ 223.34 Advance payment.

Sale contracts shall provide that timber and forest products be paid for in advance of cutting, unless the contract authorizes the purchaser to furnish a payment guarantee satisfactory to the Forest Service. Advance payments found to be in excess of amounts due the United States shall be refunded to the current holder of the contract or to successors in interest. (90 Stat. 2959; 16 U.S.C. 472a.)

[43 FR 38008, Aug. 25, 1978. Redesignated at 49 FR 2761, Jan. 23, 1984]

§ 223.35 Performance bond.

Timber sale contracts may require the purchaser to furnish a performance bond for satisfactory compliance with its terms.

§ 223.36 Volume determination.

(a) Timber sale contracts may provide for volume determination by scaling, measuring, weighing, or counting the logs or other products, or by measuring the trees before cutting. If the contract or permit provides for the determination of volume by tree measurement and the timber has been paid for, the marking or otherwise designating of the tree authorizes cutting and removal. Otherwise no timber cut under any contract shall be removed from the place designated until it has been scaled, measured or counted as provided in the timber sale contract, unless such removal is specifically authorized in the contract.

(b) National Forest timber sold on board foot scale shall be scaled by the Scribner Decimal C Log Rule, or if the advertisement and contract or permit so state, by the International 1/4-inch log rule or by the International 1/4-inch Decimal log rule. National Forest timber may also be sold by the cubic volume rule or by cords, each as used by the Forest Service.

§ 223.37 Revegetation of temporary roads.

Timber sale contracts, permits and other documents authorizing the cut-

36 CFR Ch. II (7-1-00 Edition)

ting or removal of timber or forest products shall require the purchaser to treat temporary roads constructed or used thereunder so as to permit the reestablishment by artificial or natural means, or vegetative cover on the roadway and areas where the vegetative cover was disturbed by the construction or use of the road, as necessary to minimize erosion from the disturbed area. Such treatment shall be designed to reestablish vegetative cover as soon as practicable, but at least within 10 years after the termination of the contract.

§ 223.38 Standards for road design and construction.

Road construction authorized under timber sale contracts, permits and other documents authorizing the cutting or removal of timber or forest products shall be designed to standards appropriate for the intended uses, considering safety, cost of transportation, and impacts on land and resources. If the sale contract provides for road design standards in excess of those needed for the harvest and removal of timber from that sale, including measures to protect adjacent resource values, provision shall be made in the contract for compensating the purchaser for the additional costs, unless the purchaser elects Government construction under section 14(i) of the National Forest Management Act of 1976.

§ 223.39 [Reserved]

§ 223.40 Cancellation for environmental protection or inconsistency with plans.

Timber sale contracts, permits, and other such instruments, authorizing the harvesting of trees or other forest products, with terms of longer than 2 years, shall provide for cancellation in order to prevent serious environmental damage or when they are significantly inconsistent with land management plans adopted or revised in accordance with section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended. Such provision shall provide for reasonable compensation to the purchaser for unrecovered costs incurred under the contract and for the difference between the current contract value and the average value of

Forest Service, USDA

§ 223.45

comparable National Forest timber sold during the preceding 6-month period.

§ 223.41 Payment when purchaser elects government road construction.

Each contract having a provision for construction of specified roads with total estimated construction cost in excess of \$20,000 will include a provision to ensure that if the purchaser elects Government road construction, he pays for the timber an amount no less than the sum of estimated road construction cost and base rate value, as defined in § 223.61.

§ 223.42 Transfer of effective purchaser credits.

The Forest Service may permit transfer of unused effective purchaser credit earned after December 16, 1975, from one timber sale account to another timber sale account of the same purchaser within the same National Forest, provided the sale contracts provide procedures for the use of purchaser credit. Approval for transfer shall not be granted for amounts needed to satisfy unfulfilled payment obligations or claims for damages due the United States. Purchaser credit transferred under this paragraph is subject to such additional restrictions as may be necessary for its orderly use.

(Pub. L. 94-154, 89 Stat. 823 (16 U.S.C. 535)

[42 FR 63777, Dec. 20, 1977. Redesignated at 49 FR 2761, Jan. 23, 1984]

§ 223.43 Limitation on amounts of transferred purchaser credit.

(a) The amount of purchaser credit which may be transferred into a given sale shall be limited to the difference between remaining current contract value and the total of:

- (1) Remaining base rate value needs,
- (2) Salvage sale fund needs plus sale area improvement needs in excess of base rate value needs, and
- (3) Total purchaser credit limit on the given sale.

(b) This calculation shall be made as of the date of sale award for sales made on or after January 1, 1978. For sales made prior to January 1, 1978, the calculation shall be made as of December 31, 1977, except that if the amount ac-

tually transferred in as of December 31, 1977, exceeds the calculated limit, the actual transfers as of that date shall be the established limit. Purchaser credit earned on a sale and subsequently transferred out may be replaced without regard to the transfer in limit. Sale area improvement needs shall be based on the original sale area betterment plan or revisions thereto approved prior to July 1, 1976. Salvage sale fund needs shall be based on the original salvage sale fund plan.

(Pub. L. 94-154, 89 Stat. 823 (16 U.S.C. 535)

[42 FR 63777, Dec. 20, 1977. Redesignated at 49 FR 2761, Jan. 23, 1984]

§ 223.44 Collection rights on contracts involved in transfer of purchase credit.

To assure protection of the United States in connection with the implementation of this regulation, contract provisions shall not prevent the Forest Service from carrying out collection rights, authorized by the Federal Claims Collection Act of 1966 (80 Stat. 309), between contracts involved in the transfer of purchaser credit. Such claims against the contract receiving the transferred purchaser credit shall be limited to the amount transferred.

(Pub. L. 94-154, 89 Stat. 823 (16 U.S.C. 535)

[42 FR 63777, Dec. 20, 1977. Redesignated at 49 FR 2761, Jan. 23, 1984]

§ 223.45 Definitions applicable to transfer of purchaser credit.

As used in §§ 223.42 and 223.43, the term *Purchaser* includes any single individual, corporation, company, firm, partnership, joint venture, or other business entity or the successor in interest of any of the foregoing business entities having timber sale contracts on the same National Forest. The term *National Forest* shall be considered as a unit of the National Forest System, regardless of how it was established, which maintains a separate identity with respect to the distribution of receipts earned thereon to the States and counties. The term *Effective Purchaser Credit* means unused purchaser credit which does not exceed current contract value minus base rate value. The term

§ 223.46

base rate value is the sum of the products of base rates and estimated remaining unscaled (unreported on tree measurement contracts) volumes by species of timber included in a timber sale contract.

(Pub. L. 94-154, 89 Stat. 823 (16 U.S.C. 535))

[42 FR 63777, Dec. 20, 1977. Redesignated at 49 FR 2761, Jan. 23, 1984]

§ 223.46 Adjustment of contract termination date.

Timber sale contracts may provide for adjustment of the termination date to provide additional time to compensate for delays in road construction and timber removal due to those causes beyond the purchaser's control, which may include but are not limited to acts of God, acts of the public enemy, acts of the Government, labor disputes, fires, insurrections or floods.

§ 223.47 Date of completion of permanent road construction.

(a) The date of completion of permanent road construction obligations as set forth in the Notice of Sale shall be incorporated into the timber sale contract.

(b) This date is applicable to construction by both the Forest Service and the timber purchaser.

(c) The date is not applicable to roads not needed by the purchaser for timber removal.

(d) The date for completion may be revised, if additional time is needed, under guidelines provided by the Chief, Forest Service, including but not limited to (1) default of contractors or (2) design changes, physical changes, or catastrophic damages which necessitate modification of specified road construction work.

(e) If Forest Service failure to perform results in delay in road completion, the termination date shall be adjusted in accordance with the contract term adjustment provisions of the timber sale contract. If there is substantial delay in performance by the Forest Service, the contract shall provide that rates of payment may be redetermined, at the request of the purchaser, in accordance with guidelines established by the Chief, Forest Service.

(f) If the purchaser retains responsibility for road construction, the date of

36 CFR Ch. II (7-1-00 Edition)

completion for permanent roads may be modified to conform to the approved plan of operation.

§ 223.48 Restrictions on export and substitution of unprocessed timber.

(a) Contracts for the sale of unprocessed timber from National Forest System lands located west of the 100th meridian in the contiguous 48 States and Alaska, awarded before August 20, 1990, shall include provisions implementing the Secretary's timber export and substitution regulations at subpart D of this part in effect prior to that date. Such contracts shall also require purchasers to:

(1) Submit annually, until all unprocessed timber is accounted for, a certified report on the disposition of any unprocessed timber harvested from the sale including a description of unprocessed timber which is sold, exchanged or otherwise disposed of to another person and a description of the relationship with the other person;

(2) Submit annually, until all unprocessed timber from the sale is accounted for, a certified report on the sale of any unprocessed timber from private lands in the tributary area which is exported or sold for export; and

(3) Maintain records of all such transactions involving unprocessed timber and to make such records available for inspection and verification by the Forest Service for up to three (3) years after the sale is terminated.

(b) Contracts for the sale of unprocessed timber from National Forest System lands located west of the 100th meridian in the contiguous 48 States, awarded on or after August 20, 1990, shall include provisions implementing the requirements of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620 *et seq.*).

(c) The reporting and recordkeeping procedures in this section constitute information collection requirements as defined in 5 CFR part 1320. These requirements have been approved by the Office of Management and Budget and assigned clearance number 0596-0021.

[56 FR 65842, Dec. 19, 1991]

§ 223.49 Downpayment.

(a) For the purposes of this section, the terms listed in this paragraph shall have the following meaning:

(1) *Total bid value* is the sum of the products obtained by multiplying the rate the purchaser bid for each species by the estimated volume listed in the contract.

(2) *Ineffective purchaser credit* is that portion of the credit earned, pursuant to a specific Forest Service timber sale contract for construction of specified roads, or for other purposes in such contract, that exceeds the current contract value, minus base rate value as defined in that contract and, thus, is an amount that cannot be applied toward stumpage charges.

(3) *Bid premium* is the amount in excess of the advertised value that a purchaser bids for timber offered.

(4) *Lump sum timber sales* are premeasured sales where the entire value of the sale is paid in one payment at time of release for cutting.

(5) *Affiliate*. Concerns or individuals are affiliates if directly or indirectly, either one controls or has the power to control the other, or a third party controls or has the power to control both. In determining whether or not affiliation exists, the Forest Service shall consider all appropriate factors, including, but not limited to, common ownership, common management, and contractual relationships.

(b) Timber sale contracts shall include provisions that require purchasers to make a downpayment in cash or by application of earned effective purchaser credit at the time a timber sale contract is executed.

(c) The minimum downpayment shall be equivalent to 10 percent of the total advertised value of each sale, plus 20 percent of the bid premium, except in those geographic areas where the Chief of the Forest Service determines that it is necessary to increase the amount of the downpayment in order to deter speculation. To determine the amount of the downpayment due on a sale where the timber is measured in units other than board feet, the Forest Service shall convert the measure to board feet, using appropriate conversion factors with any necessary adjustment.

(d) On scaled sales, a purchaser cannot apply the amount deposited as a downpayment to cover other obligations due on that sale until stumpage value representing 25 percent of the total bid value of the sale has been charged and paid for. On tree measurement sales, a purchaser cannot apply the amount deposited as a downpayment to cover other obligations due on that sale until stumpage value representing 25 percent of the total bid value of the sale is shown on the timber sale statement of account to have been cut, removed, and paid for. For lump sum sales, the downpayment amount may be applied to payment for release of the single payment unit.

(e) A purchaser or any affiliate of that purchaser, awarded a Forest Service timber sale contract must meet the additional downpayment requirements of paragraph (g) of this section under the following circumstances:

(1) The purchaser or its affiliate after September 29, 1988 has failed to perform in accordance with the terms of a Forest Service or Bureau of Land Management timber sale contract which results in notification by a Contracting Officer that a contract has expired uncompleted or is terminated for cause; and

(2) The estimated value of the unscaled timber on scaled sales, or the estimated value of the timber outstanding on tree measurement sales, included in those terminated or expired contracts exceeds \$100,000, and

(3) Unpaid damages claimed by the Government remain outstanding prior to award of the new sale at issue and corrective action has not been taken to avoid future deficient performance.

(f) A subsequent final determination by the Contracting Officer or by a court of competent jurisdiction that a contract was improperly classified under the criteria in paragraph (e) of this section will result in the refund or credit of any unobligated portion of the amount of downpayment exceeding that required by paragraphs (c) and (d) and the limitations of paragraph (h) on application of downpayment shall no longer apply.

(g) Notwithstanding the provisions of paragraphs (c) and (d) of this section, a

§ 223.50

purchaser meeting the criteria of paragraph (e) of this section must make a minimum downpayment equal to 20 percent of the total advertised value of that sale, plus 40 percent of the total bid premium. This higher downpayment requirement applies throughout the National Forest System, except in those areas where the Chief of the Forest Service determines, before advertisement of the sale, that another downpayment rate is necessary to achieve the management objectives of the National Forest System.

(1) In calculating bid premiums for the downpayment requirement, the Forest Service shall not include the portion of the bid premium that offsets ineffective purchaser credit.

(2) To determine the amount of the downpayment due on a sale where the timber is measured in units other than board feet, the Forest Service shall convert the measure to board feet, using appropriate conversion factors with any necessary adjustments.

(h) A purchaser subject to the additional downpayment requirements of paragraph (g) of this section cannot apply the amount deposited as a downpayment to other uses until:

(1) *On scaled sales*, the estimated value of the unscaled timber is equal to or less than the amount of the downpayment; or

(2) *On tree measurement sales*, the estimated value remaining to be cut and removed as shown on the timber sale statement of account is equal to or less than the amount of the downpayment.

(i) For the purpose of releasing funds deposited as downpayment by a purchaser subject to paragraph (f) of this section, the Forest Service shall compute the estimated value of timber as follows:

(1) *On scaled sales*, the estimated value of the unscaled timber is the sum of the products obtained by multiplying the current contract rate for each species by the difference between the advertised volume and the volume that has been scaled of that species.

(2) *On tree measurement sales*, the estimated value of the timber outstanding (that not shown on the timber sale statement of account as cut and removed) is the sum of the products obtained by multiplying the current con-

36 CFR Ch. II (7-1-00 Edition)

tract rate for each species by the difference between the advertised volume and the volume that has been shown on the timber sale statement to have been cut and removed of the species. The current contract rate for each species is that specified in each Forest Service timber sale contract.

(j) In order to deter speculation, the Chief of the Forest Service may increase the period for retention of the downpayment for future contracts subject to such criteria as the Chief may adopt after giving the public notice and opportunity to comment.

[50 FR 41500, Oct. 11, 1985, as amended at 53 FR 33131, Aug. 30, 1988; 56 FR 36103, July 31, 1991]

§ 223.50 Periodic payments.

(a) For the purposes of this section, the following terms have the meaning given:

(1) *Total contract value* is the product of the estimated volume of the sale multiplied by the rates bid by the purchaser. Total contract value excludes required deposits and is determined at bid date.

(2) *Current contract value* is the sum of the products of the current contract rates and, in a scaled sale, estimated remaining unscaled volume or, in a tree measurement sale, the estimated remaining quantities by species of included timber meeting utilization standards.

(3) *Normal operating season* is the period so specified in a timber sale contract.

(4) *Periodic payment(s)* is/are amount(s) specified in a timber sale contract that a purchaser must pay by the periodic payment determination date(s) unless reduced by amounts paid as stumpage for volume removed.

(5) *A periodic payment determination date* is a date specified in a timber sale contract upon which the Forest Service will compare the payments made by the timber sale purchaser for timber charges (stumpage), exclusive of required deposits, with the periodic payment amount required as of that date in the contract.

(b) Except for lump sum sales, each timber sale contract of more than one

Forest Service, USDA

§ 223.52

full normal operating season shall provide for periodic payments. The number of periodic payments required will be dependent upon the number of normal operating seasons within the contract, but shall not exceed two such payments during the course of the contract. Periodic payments must be made by the periodic payment determination date, except that the amount of the periodic payment shall be reduced to the extent that timber has been removed and paid for by the periodic payment determination date. Should the payment fall due on a date other than normal billing dates, the contract shall provide that the payment date will be extended to coincide with the next timber sale statement of account billing date.

(1) At a minimum, each such contract shall require an initial periodic payment at the midpoint between the specified road completion date and the termination date. If there is no road construction requirement, payment shall be due at the midpoint between award date and the termination date.

(2) Contracts exceeding 2 full operating seasons shall require an additional periodic payment to be due no later than the midpoint of the last normal operating season or 12 months from the initial periodic payment whichever date is first.

(c) Each timber sale contract shall require the initial periodic payment to equal 35 percent of the total contract value or 50 percent of the bid premium, whichever is greater. The amount of this periodic payment will be reduced if the payment would result in the purchaser's credit balance for timber charges exceeding the current contract value.

(d) Where an additional periodic payment is required by the timber sale contract, this payment will equal 75 percent of the total contract value. The amount of this periodic payment will be reduced if the payment would result in the purchaser's credit balance for timber charges exceeding the current contract value.

(e) Periodic payment determination dates that have not been reached shall be adjusted when contract term adjustments are granted under 36 CFR 223.46 or market-related contract term addi-

tions are granted under 36 CFR 223.52. Periodic payment determination dates shall not be adjusted when contract term extension is granted under the general authority of 36 CFR 223.115.

(f) In accordance with 36 CFR 223.52(a), no contract executed before July 31, 1991, shall be modified to allow for market-related contract term additions unless the purchaser makes a written request to the Contracting Officer by December 1, 1991, for a simultaneous modification implementing the periodic payment requirements of this section. The midpoint payment clause in contracts executed before July 31, 1991, is not the "periodic payment requirement" mandated by 36 CFR 223.52(a).

[56 FR 36104, July 31, 1991, as amended at 56 FR 55822, Oct. 30, 1991]

§ 223.51 Bid monitoring.

Each Regional Forester shall monitor bidding patterns on timber sales to determine if speculative bidding is occurring or if Purchasers are bidding in such a way that they would be unable to perform their obligations under the timber sale contract. A Regional Forester shall propose to the Chief changes in servicewide timber sale procedures, as they appear necessary, to discourage speculative bidding.

[50 FR 41500, Oct. 11, 1985]

§ 223.52 Market-related contract term additions.

(a) *Contract provision.* (1) Except as provided in paragraph (a)(3) of this section, each timber sale contract exceeding 1 year in length shall contain a provision for the addition of time to the contract term, under the following conditions:

(i) The Chief of the Forest Service has determined that adverse wood products market conditions have resulted in a drastic reduction in wood product prices applicable to the sale; and

(ii) The purchaser makes a written request for additional time to perform the contract.

(2) The contract term addition provision of the contract must specify the index to be applied to each sale. The Forest Supervisor shall determine, and

§ 223.60

36 CFR Ch. II (7-1-00 Edition)

select from paragraph (b) of this section, the index to be used for each sale based on the species and product characteristics, by volume, being harvested on the sale. The index specified shall represent more than one-half of the advertised volume.

(3) A market-related contract term addition provision shall not be included in contracts where the sale has a primary objective of harvesting timber subject to rapid deterioration.

(b) *Determination of drastic wood product price reductions.* (1) The Forest Service shall monitor and use Producer Price Indices, as prepared by the Department of Labor, Bureau of Labor Statistics (BLS), adjusted to a constant dollar base, to determine if market-related contract term additions are warranted.

(i) The Forest Service shall monitor and use only the following indices:

BLS producer price index	Industry code
Hardwood Lumber	2421# 1
Eastern Softwood Lumber	2421# 3
Western Softwood Lumber	2421# 4
Wood Chips	2421# 5

(ii) Preliminary index values will be revised when final index values become available, however, determination of a qualifying quarter will not be revised when final index values become available.

(2) The Chief of the Forest Service shall determine that a drastic reduction in wood product prices has occurred when, for 2 or more consecutive quarters, the applicable adjusted price index is less than 85 percent of the average of such adjusted index for the 4 highest of the 8 calendar quarters immediately prior to the qualifying quarter. A qualifying quarter is a quarter where the applicable adjusted index is more than 15 percent below the average of such index for the 4 highest of the previous 8 calendar quarters. Qualifying quarter determinations will be made using the Producer Price Indices for the months of March, June, September, and December.

(3) A determination, made pursuant to paragraph (b)(2) of this section, that a drastic reduction in wood product prices has occurred, shall constitute a finding that the substantial overriding

public interest justifies the contract term addition.

(c) *Granting market-related contract term additions.* When the Chief of the Forest Service determines, pursuant to this section, that a drastic reduction in wood product prices has occurred, the Forest Service is to notify affected timber sale purchasers. For any contract which has been awarded and has not been terminated, the Forest Service, upon a purchaser's written request, will add 1 year to the contract's terms, except as provided in paragraphs (c)(1) through (4) of this section. This 1-year addition includes time outside of the normal operating season.

(1) Additional contract time may not be granted for those portions of the contract which have a required completion date or for those portions of the contract where the Forest Service determines that the timber is in need of urgent removal or that timber deterioration or resource damage will result from delay.

(2) For each additional consecutive quarter, in which a contract qualifies for a market-related contract term addition, the Forest Service will, upon the purchaser's written request, add an additional 3 months during the normal operating season to the contract.

(3) No more than twice the original contract length or 3 years, whichever is less, shall be added to a contract's term by market-related contract term addition.

(4) In no event shall a revised contract term exceed 10 years as a result of market-related contract term additions.

(d) *Recalculation of periodic payments.* Where a contract is lengthened as a result of market conditions, any subsequent periodic payment dates shall be delayed 1 month for each month added to the contract's term.

[63 FR 24114, May 1, 1998]

APPRAISAL AND PRICING

§ 223.60 Determining fair market value.

The objective of Forest Service timber appraisals is to determine fair market value. Fair market value is estimated by such methods as are authorized by the Chief, Forest Service,

through issuance of agency directives (36 CFR 200.4). Valid methods to determine fair market value include, but are not limited to, transaction evidence appraisals, analytical appraisals, comparison appraisals, and independent estimates based on average investments. Pertinent factors affecting market value also considered include, but are not limited to, prices paid and valuations established for comparable timber, selling value of products produced, estimated operating costs, operating difficulties, and quality of timber. Considerations and valuations may recognize and adjust for factors which are not normal market influences.

[61 FR 5685, Feb. 14, 1996]

§ 223.61 Establishing minimum stumpage rates.

The Chief, Forest Service, shall establish minimum stumpage rates, i.e., "base rates," for species and products on individual National Forests, or groups of National Forests. Timber shall be sold for appraised value or minimum stumpage rates, whichever is higher. No timber may be sold or cut under timber sale contracts for less than minimum stumpage rates except to provide for the removal of insect-infested, diseased, dead or distressed timber or in accordance with contract provisions specifically providing for catastrophically-affected timber and incidental amounts of material not meeting utilization standards of the timber sale contract. For any timber sale offering where deposits are to be required for reforestation under the Act of June 9, 1930, as amended (46 Stat. 527; 16 U.S.C. 576-576b) which exceed the value of the established minimum stumpage rates, the minimum rates may be increased by the approving officer as necessary to the amount of such required reforestation deposits and a minimum deposit to the Treasury. Minimum rates in timber sale contracts will not be set higher than established minimum rates for purposes other than assuring adequate funds for reforestation.

§ 223.62 Timber purchaser road construction credit.

Appraisal may also establish stumpage value as if unconstructed roads or

other developments needed by the purchaser for removal of the timber were in place. When timber is appraised and sold on such basis, *purchaser credit* for road construction, not to exceed the estimated construction cost of such roads or other developments specified in the timber sale contract, shall, when such construction is accomplished by purchaser, be deducted from stumpage payments made by or due from purchaser under the timber sale contract for other than minimum stumpage rates and required deposits for slash disposal and road maintenance. As used in this section *estimated construction costs* means the total cost of constructing all permanent roads specified in the timber sale contract, estimated as if construction is to be accomplished by an independent contractor who is not the timber purchaser. In determining the purchaser credit amount applicable against timber payments, the estimated construction cost may be reduced for the effect of differences in applicable wage rates.

§ 223.63 Advertised rates.

Timber shall be advertised for sale at its appraised value, or its appraised value plus specified road costs. In either event, the advertised rates shall be not less than minimum stumpage rates, except that sales of insect-infested, diseased, dead, or distressed timber may be sold at less than minimum rates when harvest of such timber is necessary to protect or improve the forest or prevent waste of useable wood fiber.

§ 223.64 Appraisal on a lump-sum value or rate per unit of measure basis.

Timber may be appraised and sold at a lump-sum value or at a rate per unit of measure which rate may be adjusted during the period of the contract and as therein specified in accordance with formulas or other equivalent specifications for the following reasons:

(a) Variations in lumber or other product value indices between the price index base specified in the contract and the price index actually experienced during the cutting of the timber;

§ 223.65

(b) Variance between advertised rates and rates redetermined by appraisal at dates specified in the contract;

(c) Variance between redetermined rates and rates appropriate for changes in costs or selling values subsequent to the rate redetermination which reduce conversion value to less than such redetermined rates; and

(d) Substantial loss of value due to physical deterioration of green timber or other physical damage to the sale area or access to the timber.

§ 223.65 Appraisal of timber for land exchange; right-of-way, or other authorized use.

The value of timber in land exchange or the value of timber required to be cut for occupancy of a right-of-way or other authorized use of National Forest System land for which payment will be made is to be determined by the appraisal methods in § 223.60 of this part.

[61 FR 48625, Sept. 16, 1996]

§ 223.66 [Reserved]

ADVERTISEMENT AND BIDS

§ 223.80 When advertisement is required.

Except as otherwise provided in this part each sale in which the appraised value of the timber or other forest products exceeds \$10,000 will be made only after advertisement for a period of 30 days or, if in the opinion of the officer authorizing the sale, the quantity, value or other conditions justify, a longer period; and any sale of smaller appraised value will be advertised or informal bids solicited from potential purchasers if, in the judgment of the officer authorizing the sale, such action is deemed advisable.

§ 223.81 Shorter advertising periods in emergencies.

In emergency situations where prompt removal of timber included in a sale is essential to avoid deterioration or to minimize the likelihood of the spread of insects, the approving officer may authorize shortening the formal advertising period to not less than 7 days. In other emergency situations, or for timber sold under 36 CFR 223.2 the Regional Forester or Chief may author-

36 CFR Ch. II (7-1-00 Edition)

ize shortening the formal advertising period to not less than 7 days.

[44 FR 73029, Dec. 17, 1979. Redesignated at 49 FR 2761, Jan. 23, 1984]

§ 223.82 Contents of advertisement.

(a) A timber sale advertisement shall include the following information:

(1) The location and estimated quantities of timber or other forest products offered for sale.

(2) The time and place at which sealed bids will be opened in public or at which sealed bids will be opened in public followed by an oral auction.

(3) A provision asserting the agency's right to reject any and all bids.

(4) The place where complete information on the offering may be obtained.

(5) Notice that a prospectus is available to the public and to interested potential bidders.

(b) For each sale outside of the State of Alaska which includes a provision for purchaser credit for construction of permanent roads with a total estimated construction cost exceeding \$20,000, a timber sale advertisement shall also include:

(1) The total estimated construction cost of the permanent roads.

(2) A statement extending to small business concerns qualified for preferential bidding on timber sales, under the Small Business Act, as amended, and the regulations issued thereunder, the option to elect, when submitting a bid, to have all permanent roads constructed by the Forest Service.

(3) Notice that the prospectus referred to in paragraph (a)(5) of this section contains additional information concerning the options to have all permanent roads constructed by the Forest Service.

(c) When timber or other forest products are offered for preferential bidding in accordance with the Small Business Act, as amended, the advertisement shall state that the offering is set-aside for competitive bidding by small business concerns.

[50 FR 32696, Aug. 14, 1985]

§ 223.83 Contents of prospectus.

(a) A timber sale prospectus shall specify, as a minimum:

Forest Service, USDA

§ 223.84

(1) The minimum acceptable stumpage or other unit prices and the amount or rate of any additional required deposits.

(2) The amount of bid guarantee which must accompany each bid.

(3) The amount of cash deposit or down payment to be made promptly by the successful bidder.

(4) The location and area of the sale, including harvest acreage.

(5) The estimated volumes, quality, size or age class of timber.

(6) A description of special logging requirements for the sale.

(7) The status of marking at time of advertisement.

(8) The method of bidding which will be used.

(9) The contract form to be used.

(10) The estimated deposits for reforestation and stand improvement work.

(11) The contract termination date and normal operating period.

(12) The date and amount of periodic payments which are to be made.

(13) The discount of payment rates for early harvest, if appropriate.

(14) The amount of performance bond required.

(15) The road standards for specified roads to be constructed.

(16) The estimated road construction cost and purchaser credit limit.

(17) For deficit sales,

(i) An estimate of insufficient value at advertised rates to permit the purchaser to apply the full amount of purchaser credit.

(ii) The amount of Forest Service funds or materials to be used to offset the deficit.

(18) Status of financial assistance available to small business purchasers.

(19) Notification of preferential award to small business firms and certification requirements for set-aside sales.

(20) Notification of log export and substitution restrictions.

(21) Notification of Equal Employment Opportunity compliance review requirements.

(22) General or special information concerning the sale which are deemed appropriate to furnish sufficient information to prospective purchasers to warrant further investigation.

(b) For each advertisement which extends to small concerns the option to have all permanent roads constructed by the Forest Service, the prospectus shall also include:

(1) The road standards applicable to construction of permanent roads or a reference to the source of such information.

(2) The date of final completion for all permanent roads.

(3) A statement explaining how the Forest Service intends to perform road construction by force account or contract, if the high bidder elects Forest Service construction.

(4) The maximum period for which timber sale contract award will be delayed while the Forest Service seeks a satisfactory construction bid. The period stated shall not exceed 120 days unless the Regional Forester approves a longer period.

[50 FR 32696, Aug. 14, 1985]

§ 223.84 Small business bid form provisions on sales with purchaser road construction credits.

For each sale described in § 223.82(b), the bid form must include provision for a small business concern:

(a) To elect road construction by the Forest Service and where such election is made;

(b) To certify as to small business status, and

(c) To indicate knowledge—

(1) Of the road construction completion date,

(2) That the Forest Service expects to contract for road construction with a third party,

(3) That the timber sale contract will not be awarded unless a satisfactory road construction bid is received or, if the Forest Service fails to receive such a bid within a maximum period stated in the advertisement, the bidder agrees to perform road construction,

(4) That the Forest Service may extend the maximum award delay time by the amount of time needed to confirm the bidder's size status or by any time in excess of 40 days from timber sale bid opening needed to begin solicitation of construction bids, and

(5) That if the Forest Service extends the maximum award delay period because solicitation of the road contract

§ 223.85

36 CFR Ch. II (7-1-00 Edition)

is delayed, the bidder may withdraw his bid without penalty.

[42 FR 28252, June 2, 1977. Redesignated at 49 FR 2761, Jan. 23, 1984. Redesignated and amended at 50 FR 32696, Aug. 14, 1985]

§ 223.85 Noncompetitive sale of timber.

(a) Forest officers may sell, within their authorization, without further advertisement, at not less than appraised value, any timber previously advertised for competitive bids but not sold because of lack of bids and any timber on uncut areas included in a contract which has been terminated by abandonment, cancellation, contract period expiration, or otherwise if such timber would have been cut under the contract. This authority shall not be utilized if there is evidence of competitive interest in the product.

(b) Extraordinary conditions, as provided for in 16 U.S.C. 472(d), are defined to include the potential harm to natural resources, including fish and wildlife, and related circumstances arising as a result of the award or release of timber sale contracts pursuant to section 2001(k) of Public Law 104-19 (109 Stat. 246). Notwithstanding the provisions of paragraph (a) or any other regulation in this part, for timber sale contracts that have been or will be awarded or released pursuant to section 2001(k) of Public Law 104-19 (109 Stat. 246), the Secretary of Agriculture may allow forest officers to, without advertisement, modify those timber sale contracts by substituting timber from outside the sale area specified in the contract for timber within the timber sale contract area.

[61 FR 14621, Apr. 3, 1996]

§ 223.86 Bid restriction on resale of noncompleted contract.

(a) Except as otherwise provided in this section, no bid will be considered in the resale of timber remaining from any uncompleted timber sale contract from any person, or from an affiliate of such person, who failed to complete the original contract:

(1) Because of termination for purchaser's branch or; or

(2) Through failure to cut designated timber on portions of the sale area by the termination date, unless accept-

ance of such bid is determined to be in the public interest.

(b) The no bid restriction in the preceding paragraph:

(1) Shall only apply when 50 percent or more of the timber included in the resale is timber remaining from the uncompleted contract and the resale is advertised within 3 years of the date the uncompleted contract terminated;

(2) When imposed because of failure to cut designated timber on portions of the sale area by the termination date, shall not apply to resales of timber for which the original contract was awarded prior to April 30, 1972, unless the contract is extended thereafter; and

(3) Shall not apply to:

(i) Resales of timber within a sustained yield unit unless competition may be invited under the policy statement for the unit,

(ii) Resales of timber on contract which would ordinarily have been awarded prior to April 30, 1972, if award was delayed through no fault of the purchaser, and

(iii) Resales of timber on contracts not extended because of environmental considerations.

(c) Where a third-party agreement has been approved in accordance with § 223.114; the original purchaser shall not be affected by this section unless such purchaser is an affiliate of the third party.

(d) As used in this section, *person* includes any individual, corporation, company, association, firm, partnership, society, joint stock company, or other business entity or the successor in interest of any of the foregoing business entities. A person is an *affiliate* when either directly or indirectly:

(1) A person controls or has the power to control the other, or

(2) A third person or persons control or has the power to control both.

[42 FR 28252, June 2, 1977. Redesignated at 49 FR 2761, Jan. 23, 1984 and 50 FR 32696, Aug. 14, 1985]

§ 223.87 Requirements of bidders concerning exports.

In order to have a bid considered responsive for a sale of timber from National Forest System lands, each bidder must certify that the bidder is eligible to purchase timber from National

Forest Service, USDA

§ 223.100

Forest System lands consistent with the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) and its implementing regulations at 36 CFR part 223, and that the bidder's timber purchase and export activities are in compliance with the timber export and substitution provisions of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) and its implementing regulations at 36 CFR part 223.

[60 FR 46920, Sept. 8, 1995]

§ 223.88 Bidding methods.

(a) Competitive sales of National Forest timber shall be offered through either sealed or oral auction bidding. The method chosen for each sale will:

- (1) Insure open and fair competition,
- (2) Insure that the Federal Government receives not less than fair market value for the public resource,
- (3) Consider the economic stability of communities whose economies are dependent upon National Forest timber, and
- (4) Be consistent with the objectives of the National Forest Management Act of 1976, as amended, and other Federal Statutes.

(b) As a prerequisite to participation in an oral auction, bidders shall submit a written sealed bid at least equal to the minimum acceptable bid prices specified in the prospectus. No price subsequently bid at oral auction shall be accepted if it is less than the written sealed bid.

(c) The Chief, Forest Service, shall specify the use of sealed bids or a mix of bidding methods in areas where he has reasonable belief that collusive bidding may be occurring or where he determines that less than normal competitive bidding is occurring.

(d) Sealed bids shall be used for sales within Federal Sustained Yield Units, except where the policy statement for the Unit restricts purchasers of timber within the Unit from buying National Forest timber outside the Unit and the Chief determines that oral bidding will protect individual communities within the Unit.

(e) The Chief, Forest Service, may authorize departures from the requirements of paragraphs (c) and (d) of this section when he determines that departures

are necessary to protect the public interest.

(f) The Chief, Forest Service, may authorize the testing and evaluation of alternative bidding methods for National Forest timber.

[43 FR 21882, May 22, 1978. Redesignated at 49 FR 2761, Jan. 23, 1984. Further redesignated and amended at 50 FR 32696, Aug. 14, 1985]

§ 223.89 Relation to other bidders.

Any bidder or applicant for a sale may be required to furnish a statement of his relation to other bidders or operators, including, if desired by the supervisor or Regional Forester, a certified statement of stockholders or members of the firm, and the holders of bonds, notes or other evidences of indebtedness, so far as known, so that the statement will show the extent of the interest of each in the bidder or applicant.

[44 FR 73029, Dec. 17, 1979. Redesignated at 49 FR 2761, Jan. 23, 1984 and 50 FR 32696, Aug. 14, 1985]

AWARD OF CONTRACTS

§ 223.100 Award to highest bidder.

The sale of advertised timber shall be awarded to the responsible bidder submitting the highest bid that conforms to the conditions of the sale as stated in the prospectus unless:

(a) Determination is made to reject all bids.

(b) Two or more bidders, all of whom meet the requirements, submit equal bids which are the highest bids, in which case award may be by the drawing of lots. Equal bids from parties having direct or indirect common control or association in logging, processing or marketing may be consolidated to the extent deemed necessary by the awarding officer in order to give to any others who have bid the same amount an equitable opportunity in the drawing of lots.

(c) The highest bidder is notoriously or habitually careless with fire.

(d) Monopoly, injurious to the public welfare, would result from the control of large amounts of public or of public and private timber.

(e) The high bidder has elected Forest Service road construction in response to an advertisement extending such an

§ 223.101

option, the Forest Service cannot perform the construction and in response to solicitation has not received a satisfactory bid for such construction within the period stated in the prospectus and the high timber sale bidder is unwilling to perform the construction.

[44 FR 73029, Dec. 17, 1979. Redesignated at 49 FR 2761, Jan. 23, 1984, and amended at 50 FR 32696, Aug. 14, 1985; 53 FR 33132, Aug. 30, 1988]

§ 223.101 Determination of purchaser responsibility.

(a) A Contracting Officer shall not award a timber sale contract unless that officer makes an affirmative determination of purchaser responsibility. In the absence of information clearly indicating that the prospective purchaser is responsible, the Contracting Officer shall conclude that the prospective purchaser does not qualify as a responsible purchaser.

(b) To determine a purchaser to be responsible, a Contracting Officer must find that:

(1) The purchaser has adequate financial resources to perform the contract or the ability to obtain them;

(2) The purchaser is able to perform the contract within the contract term taking into consideration all existing commercial and governmental business commitments;

(3) The purchaser has a satisfactory performance record on timber sale contracts. A prospective purchaser that is or recently has been seriously deficient in contract performance shall be presumed not to be responsible, unless the Contracting Officer determines that the circumstances were beyond the purchaser's control and were not created through improper actions by the purchaser or affiliate, or that the purchaser has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably under a contract is strong evidence that a purchaser is not a responsible contractor. The Contracting Officer shall consider the number of contracts involved and extent of deficiency of each in making this evaluation;

(4) The purchaser has a satisfactory record of integrity and business ethics;

(5) The purchaser has or is able to obtain equipment and supplies suitable

36 CFR Ch. II (7-1-00 Edition)

for logging the timber and for meeting the resource protection provisions of the contract;

(6) The purchaser is otherwise qualified and eligible to receive an award under applicable laws and regulations.

(c) If the prospective purchaser is a small business concern and the Contracting Officer determines that the purchaser does not qualify as a responsible purchaser on an otherwise acceptable bid, the Contracting Officer shall refer the matter to the Small Business Administration which will decide whether or not to issue a Certificate of Competency.

(d) Affiliated concerns, as defined in § 223.49(a)(5) of this subpart are normally considered separate entities in determining whether the concern that is to perform the contract meets the applicable standards for responsibility. However, the Contracting Officer shall consider an affiliate's past performance and integrity when they may adversely affect the prospective purchaser's responsibility.

[53 FR 33132, Aug. 30, 1988]

§ 223.102 Procedures when sale is not awarded to highest bidder.

If the highest bid is not accepted and the sale is still deemed desirable, all bids may be rejected and the timber re-advertised; or, if the highest bidder cannot meet the requirements under which the timber was advertised or the withholding of award to him is based on one or more of paragraphs (c), (d), and (e) of § 223.100, award at the highest price bid may be offered to the next highest qualified bidder or to the other qualified bidders in order of their bids until the award is accepted by one or refused by all of the qualified bidders.

(92 Stat. 1301, Pub. L. 95-465)

[44 FR 73029, Dec. 17, 1979. Redesignated at 49 FR 2761, Jan. 23, 1984, and 53 FR 33132, Aug. 30, 1988]

§ 223.103 Award of small business set-aside sales.

If timber is advertised as set aside for competitive bidding by small business concerns, award will be made to the highest bidder who qualifies as a small business concern and who has not been

Forest Service, USDA

§ 223.113

determined by the Small Business Administration to be ineligible for preferential award of set-aside sales. If there are no qualified small business bidders any readvertisement shall be without restriction on the size of bidders.

(92 Stat. 1301, Pub. L. 95-465)

[44 FR 73029, Dec. 17, 1979. Redesignated at 49 FR 2761, Jan. 23, 1984, and 53 FR 33132, Aug. 30, 1988]

CONTRACT ADMINISTRATION

§ 223.110 Delegation to regional forester.

The Chief, Forest Service, after approval of conditions of sale, may authorize Regional Foresters formally to execute timber sale contracts and related papers in sales exceeding the volume which the Regional Forester has been authorized to sell.

§ 223.111 Administration of contracts in designated disaster areas.

This section is to implement the provisions of section 242 (a), (b), and (c) of the Disaster Relief Act of 1970 (84 Stat. 1956) which relate to contracts for the sale of National Forest timber in connection with areas damaged by major disaster as designated by the President pursuant to the Act.

(a) Where an existing contract for the sale of National Forest timber does not provide relief from major physical change not due to purchaser's negligence prior to approval of construction of any section of specified road or other specified development facility and, as a result of a major disaster in a designated area a major physical change results in additional construction work by the purchaser in connection with such a road or facility, the United States shall bear such increased construction cost if, as determined by the Chief, Forest Service, the estimated cost is—

(1) More than \$1,000 for sales under 1 million board feet, or

(2) More than \$1 per thousand board feet for sales of 1 to 3 million board feet, or

(3) More than \$3,000 for sales over 3 million board feet.

(b) Where the Chief, Forest Service, determines that damages are so great

that restoration, reconstruction, or construction is not practical under the cost-sharing arrangement in paragraph (a) of this section, he may allow cancellation of the contract notwithstanding provisions therein or in § 223.116.

(c) The Chief, Forest Service, is authorized to reduce to 7 days the minimum time to advertise the sale of National Forest timber whenever he determines that—

(1) The sale of such timber will assist in the construction of any area of a State damaged by a major disaster,

(2) The sale of such timber will assist in sustaining the economy of such area, or

(3) The sale of such timber is necessary to salvage the value of timber damaged in such major disaster or to protect undamaged timber.

(d) Any request for relief under paragraph (a) or (b) of this section shall be made in writing to the Forest Supervisor having administrative responsibility for the land involved.

(Sec. 242 (a), (b), and (c), 84 Stat. 1756, 42 U.S.C. 4461)

§ 223.112 Modification of contracts.

Timber sale contracts may be modified only when the modification will apply to unexecuted portions of the contract and will not be injurious to the United States. Modifications may be made by the officer approving the sale, by his successor, or by his superior, except as provided in § 223.110.

§ 223.113 Modification of contracts to prevent environmental damage or to conform to forest plans.

Timber sale contract, permits, and other such instruments may be modified to prevent environmental damage or to make them consistent with amendments or revisions of land and resource management plans adopted subsequent to award or issuance of a timber sale contract, permit, or other such instrument. Compensation to the purchaser, if any, for modifications to a contract shall be made in accordance with provisions set forth in the timber sale contract. When determining compensation under a contract, timber payment rates shall be redetermined in

§ 223.114

accordance with appraisal methods in § 223.60 of this subpart.

[61 FR 64816, Dec. 9, 1996]

§ 223.114 Acquisition by third party.

No agreement permitting a third party to acquire the rights of a purchaser under a timber sale contract may be recognized and approved by the Forest Service except in writing, signed by the officer approving the sale, his successor, or superior officer. Such approval shall not relieve the purchaser of his responsibilities or liabilities under the timber sale contract and may be given only if—

(a) The third party is acceptable to the Forest Service as a purchaser of timber under the conditions and requirements then in effect for similar timber sales and assumes in writing all of the obligations to the Forest Service under the terms of the timber sale contract as to the uncompleted portion thereof, or

(b) The rights are acquired in trust as security and subject to such conditions as may be necessary for the protection of the public interests.

§ 223.115 Contract extensions.

The term of any contract or permit shall not be extended unless the approving officer finds:

(a) That the purchaser has diligently performed in accordance with contract provisions and an approved plan of operation; or

(b) That the substantial overriding public interest justifies the extension.

§ 223.116 Cancellation.

(a) Timber sale contracts and permits may be canceled:

(1) For serious or continued violation of their terms.

(2) Upon application, or with the consent of the purchaser, when such action is of advantage to the United States or not prejudicial to its interests.

(3) Upon application of the purchaser if the value of the timber remaining to be cut is diminished materially because of catastrophic damage caused by forces beyond the control of the purchaser resulting in (i) physical change in the sale area or access to it, or (ii) damage to timber remaining to be cut.

36 CFR Ch. II (7–1–00 Edition)

(4) For conviction of violation of criminal statutes or, following final agency or judicial determination, of violation of civil standards, orders, permits, or others regulations for the protection of environmental quality issued by a Federal agency, State agency, or political subdivision thereof, in the conduct of operations thereunder, on National Forest System land, unless compliance with such laws or regulations would preclude performance of other contractual requirements.

(5) Upon determination by the Chief, Forest Service, that operations thereunder would result in serious environmental degradation or resource damage and with reasonable compensation to the purchaser for unrecovered costs incurred under the contract and the difference between the current contract value and the average value of comparable National Forest timber sold during the preceding 6-month period.

(b) Cancellation will be by the Chief, Forest Service. Authority to cancel contracts under paragraph (a)(1) through (4) of this section may be delegated to Regional Foresters for sales within their authorization. All contract cancellations under paragraph (a)(5) of this section shall be by the Chief, Forest Service, whose decision shall be the final agency decision.

[42 FR 28252, June 2, 1977, as amended at 48 FR 23819, May 27, 1983. Redesignated at 49 FR 2761, Jan. 23, 1984]

§ 223.117 Administration of cooperative or Federal sustained yield units.

With respect to sustained yield units established pursuant to the provisions of the Act of March 29, 1944 (58 Stat. 132; 16 U.S.C. 583-583l), the Chief, Forest Service, with authority to delegate to other officers and employees of the Forest Service:

(a) Shall provide that National Forest timber in any sustained yield unit shall be available in sufficient amounts to meet the needs of bona fide farmers, settlers, miners, residents and prospectors for minerals for personal and domestic use as provided by law and by regulation.

(b) May offer for sale to cooperators, without competition but at not less

than appraised value, timber on National Forest lands within an approved cooperative sustained yield unit; or, if the approved sustained yield unit consists entirely of federally owned or administered forest land and if necessary for the maintenance of a stable community or communities, may offer National Forest timber for sale to responsible operators within such community or communities, at not less than appraised value but without competition or with competition restricted to responsible operators who will manufacture the timber to at least a stated degree within the community or communities to be maintained. Each such sale which involves more than \$500 in stumpage value may be made only after notice has been given in advance by such means as may be deemed effective in informing the public of the proposed action, including in any event, publication, once weekly for four consecutive weeks and with additional insertions if needed, in one or more newspapers of general circulation in the vicinity of the place where the timber is located, of a notice of the proposed sale stating at least:

- (1) The location, estimated quantity and appraised value of the timber to be cut;
- (2) The name and address of the proposed purchaser or those of the operators among whom bidding is to be restricted;
- (3) The time and place of a public advisory hearing on the proposed sale, to be held not earlier than 30 days after the first publication of said notice, if requested by the State or county where the timber is located or by any other person deemed to have a reasonable interest in the proposed sale or in its terms; and
- (4) The title and address of the officer of the Forest Service to whom any request for such hearing should be made. Such requests need be considered only if received at the place designated in the notice not later than 15 days after the first publication of such notice. If a public advisory hearing is to be held, notice of it shall be published in the same newspaper or newspapers as the original notice, stating the place where it will be held and the time, which shall not be earlier than 10 days after

the first publication of the said notice of hearing, and shall appear once each week, but not for more than four successive weeks in any event, until the date set for the hearing. Any such hearing shall be conducted by the Chief or by any officer designated by him as his representative, except that if the amount of the proposed sale is not in excess of that which the Regional Forester has been authorized to sell without prior approval of the Chief the hearing may be held by the Regional Forester concerned or by his representative and decision may be by the Regional Forester. At any such hearing, opportunity shall be given to those having a reasonable interest to make oral statements or to file written statements discussing the advantages and disadvantages of the proposed sale; and the officer holding the hearing may, in his discretion, permit the filing of such statements within a reasonable period after the close of the hearing to become part of the record for consideration before a decision is made.

(c) Shall keep available for public inspection,

- (1) During the life of any sustained yield unit, the minutes or other record of the hearing held on the establishment thereof, and the determination of action taken following the hearing including any modification of the proposals as submitted at the hearing; and
- (2) During the life of any cooperative agreement for coordinated management the similar record of the hearings and actions determined upon; and
- (3) During the life of any sustained yield unit the similar record of any public hearing which may be held on a sale made without competition or with restricted competition and the action determined upon. Such records of any case may be kept in any office of the Forest Service designated by the Chief as being suitable and convenient of access for probably interested persons.

(d) Shall make provision, in any contract for the purchase of timber without competition or with restricted competition, if that contract is of more than 7 years' duration and in his discretion in any case of shorter duration, for the redetermination of rates for stumpage and for required deposits to

§ 223.118

36 CFR Ch. II (7-1-00 Edition)

be paid by the purchasers, such re-determination to be effective at intervals or dates stated in the contract; but the sum of such redetermined rates for stumpage and sale area betterment shall not be less than the base rates in the published notice of the proposed sale.

(e) May modify and revise existing cooperative agreements entered into under said act after taking appropriate action.

§ 223.118 Appeal process for small business timber sale set-aside program share recomputation decisions.

(a) *Decisions subject to appeal.* The rules of this section govern appeal of recomputation decisions related to structural, special, or market changes or the scheduled 5-year recomputations of the small business share of National Forest System timber sales. Certain decisions related to recomputation of shares, such as structural change and carryover volume, may require two decisions, one to determine that a recomputation is needed and the other to recompute the shares. Decisions made both at the earlier stage as well as the later stage are appealable.

(b) *Manner of giving notice.* (1) *Predecisional notice and comment.* The Responsible Official shall provide qualifying timber sale purchasers, as defined in paragraph (c)(1) of this section, 30 days for predecisional review and comment on any draft decision to reallocate shares, including the data used in making the proposed recomputation decision.

(2) *Notice of decision.* Upon close of the 30-day predecisional review period, the Responsible Official shall consider any comments received. Within 15 days of the end of the comment period, the Responsible Official shall make a decision on the small business shares and shall give prompt written notice to all parties on the national forest timber sale bidders list for the affected area. The notice of decision must identify the name of the Appeal Deciding Officer, the address, the date by which an appeal must be filed, and a source for obtaining the appeal procedures information.

(c) *Who may appeal or file written comments as an interested party.* (1) Only timber sale purchasers, or their representatives, who are affected by recomputations of the small business share of timber sales as described in paragraph (a) of this section and who have submitted predecisional comments pursuant to paragraph (b)(1) of this section, may appeal recomputation decisions under this section or may file written comments as an interested party.

(2) Interested parties are defined as the Small Business Administration and those timber sale purchasers, or their representatives, who are affected by recomputations of the small business share of timber sales as described in paragraph (a) of this section and who have individually, or through an association to which they belong, submitted predecisional comments pursuant to paragraph (b)(1) of this section.

(i) A timber sale purchaser may submit comments on an appeal as an interested party if an association to which the purchaser belongs filed predecisional comment but later decides not to appeal or not to file comments as an interested party.

(ii) A timber sale purchaser, who is a member of an association that appeals a decision, may not file a separate appeal unless that purchaser filed separate predecisional comment under paragraph (b)(1).

(3) Interested parties who submit written comments on an appeal filed by another party may not continue an appeal if the appellant withdraws the appeal.

(d) *Level of appeal.* Only one level of review is available for appeal of decisions pertaining to recomputations under the Small Business Timber Sale Set-aside Program. The Appeal Deciding Officer is the official one level above the level of the Responsible Official who made the recomputation of shares decision. The Responsible Official is normally the Forest Supervisor; thus, the Appeal Deciding Officer is normally the Regional Forester. However, when the Regional Forester makes recomputation decisions, the Appeal Deciding Officer is the Chief or

such officer at the National headquarters level as the Chief may designate.

(e) *Filing procedures.* In order to file an appeal under this section, an appellant must file a notice of appeal, as specified in the notice of decision, with the Appeal Deciding Officer within 20 days of the date on the notice of the decision. This date must be specified in the notice of decision given pursuant to paragraph (b)(2) of this section. Written comments filed by an interested party in response to an appeal must be filed within 15 days after the close of the appeal filing period.

(f) *Content of notice of appeal.* (1) It is the responsibility of the appellant to provide sufficient narrative evidence and argument to show why a recomputation decision by the Responsible Official should be reversed or changed.

(2) An appellant must include the following information in a notice of appeal:

- (i) The appellant's name, mailing address, and daytime telephone number;
- (ii) The title or type of recomputation decision involved, the date of the decision, and the name of the Responsible Official;
- (iii) A brief description and date of the decision being appealed;
- (iv) A statement of how the appellant is adversely affected by the decision being appealed;
- (v) A statement of the facts in dispute regarding the issue(s) raised by the appeal;
- (vi) If relevant, any specific references to any law, regulation, or policy that the appellant believes to have been violated and the basis for such an allegation;
- (vii) A statement as to whether and how the appellant has tried to resolve with the Responsible Official the issue(s) being appealed, including evidence of submission of written comments at the predecisional stage as provided by paragraph (a) of this section, the date of any discussion, and the outcome of that meeting or contact; and
- (viii) A statement of the relief the appellant seeks.

(g) *Time periods and timeliness.* (1) All time periods applicable to this section will begin on the first day following a

decision or action related to the appeal.

(2) Time periods applicable to this section are computed using calendar days. Saturdays, Sundays, or Federal holidays are included in computing the time allowed for filing an appeal; however, when the filing period would expire on a Saturday, Sunday, or Federal holiday, the filing time is automatically extended to the end of the next Federal working day.

(3) It is the responsibility of those filing an appeal to file the notice of appeal by the end of the filing period. In the event of questions, legible postmarks on a mailed appeal or the time and date imprint on a facsimile appeal will be considered evidence of timely filing. Where postmarks or facsimile imprints are illegible, the Appeal Deciding Officer shall rule on the timeliness of the notice of appeal.

(4) The time period for filing a notice of appeal is not extendable.

(h) *Dismissal without decision.* The Appeal Deciding Officer shall dismiss an appeal and close the record without a decision in any of the following circumstances:

- (1) The appellant is not on the timber sale bidders list for the area affected by the recomputation decision;
- (2) The appellant's notice of appeal is not filed within the required time period;
- (3) The appellant's notice of appeal does not contain responses required by paragraphs (f)(2)(i) through (f)(2)(viii) of this section; or

(4) The appellant did not submit written comments on the proposed decision of the new recomputed shares as described in paragraph (c) of this section.

(i) *Appeal record.* The appeal record consists of the written decision being appealed, any predecisional comments received, any written comments submitted by interested parties, any other supporting data used to make the decision, the notice of appeal, and, if prepared, a responsive statement by the Responsible Official which addresses the issues raised in the notice of appeal. The Responsible Official must forward the record to the Appeal Deciding Officer within 7 days of the date the notice of appeal is received. A copy of

the appeal record must be sent to the appellant at the same time.

(j) *Appeal decision.* (1) *Responsive statement for appeal decision.* The Appeal Deciding Officer may request the Responsible Official to prepare a responsive statement. However, if the information in the files clearly demonstrates the rationale for the Responsible Official's decision, then a responsive statement addressing the points of the appeal is not necessary.

(2) *Appeal issue clarification.* For clarification of issues raised in the appeal, the Appeal Deciding Officer may request additional information from either the Responsible Official, the appellant, or an interested party who has submitted comments on the appeal. At the discretion of the Appeal Deciding Officer, an appellant or interested party may be invited to discuss data relevant to the appeal. Information provided to clarify issues or facts in the appeal must be based upon information previously documented in the file or appeal. Any information provided as a result of the Appeal Deciding Officer's request for more information must be made available to all parties, that is, to the Responsible Official, the appellant, and interested parties who have submitted comments on the appeal. All parties will have 5 days after the Appeal Deciding Officer receives the additional information to review and comment on the information, and the appeal decision period will be extended 5 additional days.

(3) *Issuance of final decision.* The Appeal Deciding Officer shall review the decision and appeal record and issue a written appeal decision to the parties within 30 days of the close of the appeal period except that this period must be extended to 35 days when additional information is requested by the Appeal Deciding Officer. The Appeal Officer may affirm or reverse the Responsible Official's decision, in whole or in part. There is no extension of the time period for rendering an appeal decision.

(k) *Implementation of decisions during pendency of appeal.* Recomputation of shares arising from a scheduled 5-year recomputation are effective on April 1 following the end of the 5-year period being considered. If an appeal that may

affect the shares for the next 5-year period is not resolved by the April 1 date, the share decision announced by the Responsible Official must be implemented. If an appeal decision results in a change in the shares, the revised total share of the Small Business Timber Sale Set-aside Program must be accomplished during the remaining portion of the 5-year period.

(l) *Timber sale set-aside policy changes.* Timber purchasers shall receive an opportunity, in accordance with all applicable laws and regulations, to review and comment on significant changes in the Small Business Timber Sale Set-aside Program or policy prior to adoption and implementation.

(m) *Information collection requirements.* The provisions of paragraph (f) of this section specify the information that appellants must provide when appealing decisions pertaining to recomputation of shares. As such, these rules contain information requirements as defined in 5 CFR Part 1320. These information requirements have been approved by the Office of Management and Budget and assigned control number 0596-0141.

[64 FR 411, Jan. 5, 1999]

Subpart C—Suspension and Debarment of Timber Purchasers

SOURCE: 52 FR 43329, Nov. 12, 1987, unless otherwise noted.

§ 223.130 Scope.

(a) This subpart prescribes policies and procedures governing the debarment and suspension of purchasers of National Forest System timber. This subpart further prescribes policies and procedures governing those persons who violate the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*).

(b) It provides for the listing of debarred and suspended purchasers.

(c) It sets forth the causes and procedures for debarment and suspension and for determining the scope, duration, and treatment to be accorded to purchasers listed as debarred or suspended.

[52 FR 43329, Nov. 12, 1987, as amended at 60 FR 46921, Sept. 8, 1995]

Forest Service, USDA

§ 223.133

§ 223.131 Applicability.

These regulations apply to purchasers of National Forest System timber as well as to those persons who violate the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*). These regulations do not apply to Forest Service procurement contracts which are governed by regulations at 41 CFR 4-1.6.

[60 FR 46921, Sept. 8, 1995]

§ 223.132 Policy.

(a) The Forest Service shall solicit and consider timber sale bids from and award contracts only to responsible business concerns and individuals. Debarment and suspension by the Forest Service are discretionary actions that, taken in accordance with these regulations, are appropriate means to effectuate this policy.

(b) Debarment and suspension shall be imposed only for the causes and in accordance with the procedures set forth in this subpart. The serious nature of debarment and suspension requires that these actions be imposed only in the public interest, for the Government's protection, and not for the purpose of punishment.

(c) Debarment and suspension actions taken under this subpart shall be based on the administrative record, including any submissions and argument made by the purchaser or named affiliate in accordance with this subpart, and shall be limited in scope and duration to that necessary to protect the Government's interest.

§ 223.133 Definitions.

As used in this subpart, the following terms shall have the meanings set forth below:

Adequate evidence means information sufficient to support the reasonable belief that a particular act or omission has occurred.

Affiliates are business concerns or persons, whose relationship entails the following:

(a) Either party directly or indirectly controls or has the power to control the other; or

(b) A third party directly or indirectly controls or has the power to control both. In determining whether af-

filiation exists, the Forest Service shall consider all appropriate factors, including, but not limited to, common ownership, common management, common facilities, and contractual relationships. Further guidelines to be used in determining affiliation are found in the Small Business Administration regulation in 13 CFR 121.401.

Civil judgment means a judgment or finding of a civil offense by any court of competent jurisdiction.

Control means the power to exercise, directly or indirectly, a controlling influence over the management, policies, or activities of an individual or business concern, whether through ownership of voting securities, through one or more intermediary individuals or business concerns, or otherwise.

Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of *nolo contendere*.

Debarment means action taken by a debarring official under §§ 223.136 through 223.140 to exclude a purchaser from Forest Service timber sale contracts for a reasonable, specified period of time. A purchaser so excluded is "debarred." Debarment pursuant to the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) means action taken by a debarring official under §§ 223.136-223.140 to exclude persons from entering into any contract for the purchase of unprocessed timber originating from Federal lands and from taking delivery of unprocessed Federal timber purchased by another party for the period of debarment.

Debarring official means the Chief of the Forest Service or the Deputy Chief, National Forest System, or the Associate Deputy Chief, Resources Divisions, National Forest System.

Federal lands means, for the purposes of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*), lands that are owned by the United States, but does not include any lands the title to which is:

(a) Held in trust by the United States for the benefit of any Indian tribe or individual,

§ 223.134

(b) Held by any Indian tribe or individual subject to a restriction by the United States against alienation, or

(c) Held by any Native Corporation as defined in section 3 of the Alaska Native Claims Settlement Act (43 U.S.C. 1602).

Indictment means indictment for a criminal offense. An information or other filing by competent authority charging a criminal offense shall be given the same effect as an indictment.

Legal proceedings means any civil judicial proceeding to which the Government is a party or any criminal proceeding. The term includes appeals from such proceedings.

Notice means a written communication served in person or sent by certified mail, return receipt requested, or its equivalent, to the last known address of a party, its identified counsel, or agent for service of process. In the case of an organization, such notice may be sent to any partner, principal officer, director, owner or co-owner, or joint venturer.

Person means any individual, partnership, corporation, association, or other legal entity, and includes any subsidiary, subcontractor, parent company, and business affiliates.

Preponderance of the evidence means proof by information that, compared with that opposing it, leads to the conclusion that the fact at issue is more probably true than not.

Purchaser means any person, who:

(a) Submits bids for, is awarded, or reasonably may be expected to submit bids for or be awarded, a Forest Service timber sale contract;

(b) Conducts business with the Forest Service as an agent or representative of another timber sale purchaser; or

(c) For the purposes of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) (Act), any person who violates the Act or any regulation or contract issued under the Act, or any person who may reasonably be expected to enter into a contract to purchase or receive delivery of unprocessed Federal timber in violation of the Act or its implementing regulations.

Suspending official means the Chief of the Forest Service or the Deputy Chief, National Forest System or the Asso-

36 CFR Ch. II (7-1-00 Edition)

ciate Deputy Chief, Resources Divisions, National Forest System.

Suspension means action taken by a suspending official under §§ 223.141 through 223.145 to immediately exclude a purchaser from bidding on or purchasing National Forest System timber for a temporary period of time pending completion of an investigation and such legal or debarment proceedings as may ensue; a purchaser so excluded is *suspended*.

[52 FR 43329, Nov. 12, 1987, as amended at 60 FR 46921, Sept. 8, 1995]

§ 223.134 List of debarred and suspended purchasers.

(a) The Deputy Chief, National Forest System, shall compile and maintain a current list of National Forest System timber purchasers and affiliates who are debarred, suspended, or proposed for debarment. This list shall be distributed to all Regional Foresters and Forest Supervisors, the General Services Administration, the General Accounting Office, the Bureau of Land Management and other Federal agencies requesting said list.

(b) The Forest Service list shall contain the following information:

(1) The purchaser's name and address, and the name and address of any affiliate of the purchaser included pursuant to §§ 223.140(a) or § 223.145.

(2) The cause(s) for the action (see §§ 223.137 and 223.142).

(3) Any limitations to or deviations from the normal effect of debarment or suspension.

(4) The effective date of the action and, in the case of debarment, the expiration date.

(5) The name and telephone number of the point of contact in the Forest Service regarding the action.

§ 223.135 Effect of listing.

(a) Except as otherwise provided in paragraph (b) of this section, purchasers debarred or suspended in accordance with this subpart shall be excluded from bidding on or award of Forest Service timber sale contracts. The Forest Service shall not knowingly solicit or consider bids from, award contracts to, approve a third party agreement with, or renew or otherwise extend, except pursuant to the terms of

a contract term adjustment, an existing timber sale contract with these purchasers, unless the Chief of the Forest Service or authorized representative determines, in writing, that there is a compelling reason for such action.

(b) In addition to the provisions of paragraph (a) of this section, persons debarred pursuant to §223.137(g) shall be prohibited from entering into any contract to purchase unprocessed timber from Federal lands and shall also be precluded from taking delivery of Federal timber purchased by another person for the period of debarment.

[60 FR 46921, Sept. 8, 1995]

§ 223.136 Debarment.

(a) *General.* In accordance with the procedures in §223.138, the debarring official may in the public interest, debar a purchaser for any of the causes listed in §223.137. However, the existence of a cause for debarment does not necessarily require that the purchaser be debarred. In making any debarment decision, the debarring official shall consider the seriousness of the purchaser's acts or omissions and any mitigating factors.

(b) *Effect of proposed debarment.* (1) Upon issuance of a notice of proposed debarment by the debarring official and until the final debarment decision is rendered, the Forest Service shall not solicit or consider bids from, award contracts to, approve a third party agreement with, renew or otherwise extend, except pursuant to the terms of a contract term adjustment, any contract with that purchaser. The Chief of the Forest Service or authorized representative may waive this exclusion upon a written determination identifying compelling reasons to continue doing business with that purchaser pending completion of debarment proceedings.

(2) In addition to paragraph (b)(1) of this section, issuance of a notice of proposed debarment under §223.137(g) shall preclude such person from entering into any contract to purchase unprocessed timber originating from Federal lands, and from taking delivery of unprocessed Federal timber from any

other party who purchased such timber.

[52 FR 43329, Nov. 12, 1987, as amended at 60 FR 46921, Sept. 8, 1995]

§ 223.137 Causes for debarment.

The debarring official may debar a purchaser for any of the following causes:

(a) Conviction of or civil judgment for:

(1) Theft, forgery, bribery, embezzlement, falsification or destruction of records, making false statements, or receiving stolen property;

(2) Fraud, a criminal offense, or violation of Federal or State antitrust laws, any of which occurred in connection with obtaining, attempting to obtain, or performing a public contract or subcontract.

(3) Any other offense indicating a lack of business integrity or honesty that seriously and directly affects the present responsibility of the purchaser.

(b) A purchaser's debarment from the purchase of timber by another Federal agency which sells timber.

(c) Cutting and/or removal of more than incidental volumes of timber not designated for the purchaser's cutting from a national forest.

(d) Substantial violation of the terms of one or more Forest Service timber sale contracts so serious as to justify debarment, such as:

(1) Willful failure to perform in accordance with contract; or

(2) A history of failure to perform contract terms; or of unsatisfactory performance of contract terms.

(e) Among actions the Forest Service regards as so serious as to justify debarment under paragraph (d) of this section are willful violation or repeated failure to perform National Forest System timber sale contract provisions relating to the following:

(1) Fire suppression, fire prevention, and the disposal of slash;

(2) Protection of soil, water, wildlife, range, cultural, and timber resources and protection of improvements when such failure causes significant environmental, resource, or improvements damage;

(3) Removal of designated timber when such failure causes substantial

§ 223.138

36 CFR Ch. II (7–1–00 Edition)

product deterioration or conditions favorable to insect epidemics;

(4) Observance of restrictions on exportation of timber;

(5) Observance of restrictions on the disposal of timber from small business set-aside sales;

(6) Providing access to the Forest Service upon its request to purchaser's books and accounts;

(7) Payment of monies due under terms of a Forest Service timber sale contract, including payment of damages relating to failure to cut designated timber by the contract termination date;

(8) Performance of contract by the contract termination date.

(f) Any other cause so serious or compelling that it affects the present responsibility of a purchaser of Government timber.

(g) Violation of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) (Act) or any regulation or contract issued under the Act.

[52 FR 43329, Nov. 12, 1987, as amended at 60 FR 46921, Sept. 8, 1995]

§ 223.138 Procedures for debarment.

(a) *Investigation and referral.* Information which may be sufficient cause for debarment of a timber sale purchaser and affiliates shall be reported to the Forest Service Debarring Official. Generally, such information should be referred through the Forest Supervisor and the Regional Forester. The referral shall be accompanied by a complete statement of the facts supported by appropriate exhibits and a recommendation for action. Where the statement of facts indicates a possible criminal offense, except possible antitrust violations, the debarring official shall notify the Office of Inspector General, USDA. Where the statement of facts indicates a possible antitrust violation, the debarring official shall notify the Antitrust Division, Department of Justice.

(b) *Decisionmaking process*—(1) *Notice of proposal to debar.* The debarring official shall initiate debarment by advising the purchaser and any specifically named affiliate, by certified mail, return receipt requested. The notice doc-

ument shall include the following information:

(i) That debarment is being considered.

(ii) The reasons for the proposed debarment in terms sufficient to put the recipient on notice of the conduct or transaction(s) upon which it is based.

(iii) The cause(s) relied upon under § 223.137 for proposing debarment.

(iv) The specific procedures governing debarment decisionmaking in § 223.138 (b)(1) through (b)(8).

(v) The effect of the issuance of the notice of proposed debarment pending a final debarment decision (see § 223.136(b)).

(vi) The potential effect of a debarment.

(2) *Submission in opposition.* Within 30 calendar days after receipt of the notice of proposed debarment, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to and/or in mitigation of the proposed debarment, including any additional specific information that raises a genuine dispute over the material facts.

(3) *Informal hearing.* Pursuant to paragraph (b)(2) of this section, a respondent may request an informal hearing with the debarring official. The informal hearing shall be held within 20 calendar days from the date the request is received. The debarring official may postpone the date of the hearing if the respondent requests a postponement in writing. At the hearing, the respondent, appearing personally or through an attorney or other authorized representative, may informally present and explain evidence that causes for debarment do not exist, evidence of any mitigating factors, and arguments concerning the imposition, scope, duration or effects of proposed debarment or debarment. A transcript of the informal hearing shall not be required.

(4) *Additional proceedings as to disputed material facts.* In actions not based upon a conviction or civil judgment, if the debarring official finds that and gives notice that the submission in opposition raises a genuine dispute over facts material to the proposed debarment, respondent(s) may request a fact-finding conference on

those disputed material facts. Such a conference shall be held within 20 calendar days from the date the request is received unless mutually agreed otherwise. The fact-finding conference shall conform with the following requirements:

(i) At least 10 days before the fact-finding conference, the debarring official shall send the respondent a copy of all documents in the administrative record as of the date of transmittal and not objected to by the Department of Justice.

(ii) At the conference, the respondent shall have the opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the Forest Service presents.

(iii) A transcribed record of any additional proceedings shall be made available at cost to the respondent upon request, unless the respondent and the Forest Service, by mutual agreement, waive the requirement for a transcript.

(5) *Debarring official's decision*—(i) *No additional proceedings necessary.* In actions based upon a conviction or civil judgment or in which there is no genuine dispute over material facts, the debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the purchaser or any specifically named affiliate. The decision shall be made within 30 working days after receipt of any information and argument submitted, unless the debarring official extends this period for good cause.

(ii) *Additional proceedings necessary.* (A) In actions in which additional proceedings are necessary to determine disputed material facts, the debarring official shall promptly prepare written findings of fact. The debarring official shall base the decision on the facts as found, together with any information and argument submitted by the purchaser or any specifically named affiliate and any other information in the administrative record.

(B) The debarring official may refer matters involving disputed material facts to another official for findings of fact. The debarring official may reject any such findings, in whole or in part, only after specifically determining

them to be arbitrary and capricious or clearly erroneous.

(C) The debarring official's decision shall be made after the conclusion of the proceedings with respect to disputed facts.

(6) *Standard of evidence.* In any action in which the proposed debarment is not based upon a conviction or civil judgment, the cause for debarment must be established by a preponderance of the evidence. In any action in which the proposed debarment is based upon a conviction or civil judgment, the standard shall be deemed to have been met.

(7) *Notice of debarring official's decision.* (i) The purchaser and any affiliates involved shall be given prompt notice of the debarring official's decision by certified mail, return receipt requested. If the debarring official decides to impose debarment, the notice shall:

(A) Refer to the notice of proposed debarment;

(B) Specify the reasons for debarment;

(C) State the period of debarment, including effective dates (see §223.139);

(D) Specify any limitations on the terms of the debarment; and

(E) State that any decision to debar is appealable to the Agriculture Board of Contract Appeals pursuant to paragraph (b)(8) of this section.

(ii) The debarring official shall also promptly notify Regional Foresters and Forest Supervisors of the decision.

(8) *Review of debarring official's decision.* The purchaser and any affiliates involved may appeal a Forest Service debarring official's decision to debar within 30 days from receipt of the decision. To appeal, a purchaser and any affiliates involved must furnish a written notice to the U.S. Department of Agriculture Board of Contract Appeals, Washington, DC 20250, and a copy of the appeal to the debarring official from whose decision the appeal is taken. The rules and procedures of the U.S. Department of Agriculture Board of Contract Appeals set forth in 7 CFR part 24, govern debarment appeals.

§ 223.139

§ 223.139 Period of debarment.

(a) Debarment shall be for a period commensurate with the seriousness of the cause(s):

(1) The debarring official shall consider any suspension period or period since issuance of the notice of proposed debarment in determining the debarment period.

(2) Generally, a debarment for those causes listed at § 223.137 (a)–(f) of this subpart should not exceed three (3) years, except as otherwise provided by law.

(3) A debarment for the causes listed at § 223.137(g) shall not exceed five (5) years.

(b) The debarring official may extend the debarment for those causes listed at § 223.137 (a)–(f) of this subpart for an additional period if that official determines that an extension is necessary to protect the Government's interest. However:

(1) A debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based;

(2) If debarment for an additional period is necessary, the debarring official shall initiate and follow the procedures in § 223.138 to extend the debarment.

(c) The debarring official may consider terminating the debarment or reducing the period or extent of debarment, upon the purchaser's request, supported by documentation, for reasons such as:

(1) Newly discovered material evidence;

(2) Reversal of the conviction or judgment upon which the debarment was based;

(3) Bona fide change in ownership or management;

(4) Elimination of other causes for which the debarment was imposed; or

(5) Other reasons the debarring official deems appropriate.

(d) The debarring official shall make final disposition of a reconsideration request under paragraph (c) of this section in writing within 30 working days of receipt of the reconsideration request and supporting documentation, unless the debarring official extends this period for good cause. The notice of the decision shall set forth the rea-

36 CFR Ch. II (7–1–00 Edition)

sons for granting or denying the request.

[52 FR 43329, Nov. 12, 1987, as amended at 60 FR 46921, Sept. 8, 1995]

§ 223.140 Scope of debarment.

(a) *Scope in general.* (1) Debarment of a purchaser constitutes debarment of all divisions or other organizational elements of the purchaser, unless the debarment decision is limited by its terms to specific divisions, organizational elements, or classes of sales.

(2) The debarring official may extend a debarment decision to include any affiliates of the purchaser, if they are—

(i) Specifically named and

(ii) Given written notice of the proposed debarment and provided an opportunity to respond (see § 223.138(b)).

(b) *Imputing conduct.* For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) The fraudulent, criminal, or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a purchaser may be imputed to a purchaser when the conduct occurred in connection with the individual's performance of duties for or on behalf of the purchaser, or with the purchaser's knowledge, approval, or acquiescence. The purchaser's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) The fraudulent, criminal, or other seriously improper conduct of a purchaser may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the purchaser who participated in, knew of, or has reason to know of the purchaser's conduct.

(3) The fraudulent, criminal, or other seriously improper conduct of one purchaser participating in a joint venture or similar arrangement may be imputed to other participating purchasers if the conduct occurred for or on behalf of the joint venture or similar arrangement or with the knowledge, approval, or acquiescence of those purchasers. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval or acquiescence.

§ 223.141 Suspension.

(a) The suspending official may, in the public interest, suspend a purchaser on the basis of adequate evidence for any of the causes in § 223.142, using the procedures in § 223.143. However, the existence of a cause for suspension does not necessarily require that the purchaser be suspended. In making any suspension decision, the suspending official shall consider the seriousness of the purchaser's acts or omissions and any mitigating factors.

(b) Suspension is a serious action to be imposed, pending the completion of investigation or legal proceedings, when it has been determined that immediate action is necessary to protect the Government's interest. In assessing the adequacy of the evidence, consideration shall be given to how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated and what inferences can reasonably be drawn as a result. This assessment shall include an examination of basic documents such as contracts, bids, awards, inspection reports, and correspondence, as appropriate.

§ 223.142 Causes for suspension.

(a) The suspending official may suspend a purchaser suspected, upon adequate evidence, of the following:

(1) Commission of:

(i) Theft, forgery, bribery, embezzlement, falsification or destruction of records, making false statements, or receiving stolen property;

(ii) Fraud, a criminal offense, or violation of Federal or State antitrust laws, any of which occurred in connection with obtaining, attempting to obtain; or performing a public contract or subcontract; or

(iii) Any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a purchase of Government timber.

(2) Indictment for any of the causes listed in paragraph (a) of this section constitutes adequate evidence for suspension.

(3) A purchaser's suspension from the purchaser of timber by another Federal agency which sells timber.

(b) The suspending official may, upon adequate evidence, also suspend a purchaser for any other cause so serious or compelling that it affects the present responsibility or a purchaser of Government timber.

§ 223.143 Procedures for suspension.

(a) *Investigation and referral.* Information which may be sufficient cause for suspension under § 223.142 shall be reported to the Forest Service Suspending Official. Generally, such information should be referred through the Forest Supervisor and the Regional Forester. The referral shall be accompanied by a complete statement of the facts supported by appropriate exhibits and a recommendation for action. Where the statement of facts indicates a possible criminal offense, except possible antitrust violations, the suspending official shall notify the Office of Inspector General, USDA. Where the statement of facts indicates a possible antitrust violation, the suspending official shall notify the Antitrust Division, Department of Justice.

(b) *Decisionmaking process—(1) Notice of suspension.* When a purchaser and any specifically named affiliates are suspended, the suspending official shall so advise the purchaser and any specifically named affiliate immediately by certified mail, return receipt requested. Such notice shall specify:

(i) That they have been suspended as of the date of the notice;

(ii) That the suspension is based on an indictment or other adequate evidence that the purchaser has committed irregularities,

(A) Of a serious nature in business dealings with the Government, or

(B) Seriously reflecting on the propriety of further Government dealings with the recipient;

(iii) Any such irregularities shall be described in terms sufficient to place the recipient on notice without disclosing the Government's evidence;

(iv) That the suspension is for a temporary period of time pending the completion of an investigation and such legal proceedings as may ensue;

(v) The cause(s) relied upon under § 223.142 for imposing suspension;

(vi) The effect of the suspension (see § 223.135);

(vii) The specific procedures governing suspension decisionmaking in § 223.143 (b)(1) through (b)(6).

(2) *Submission in opposition.* Within 30 calendar days after receipt of the notice of suspension, the purchaser or any specifically named affiliate may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension, including any additional specific information that raises a genuine dispute over material facts.

(3) *Informal hearing.* Pursuant to paragraph (b)(2) of this section, respondent may request an informal hearing with the suspending official. The informal hearing shall be held within 20 calendar days from the date the request is received. The suspending official may postpone the date of the hearing if the respondent requests a postponement in writing. At the hearing, the respondent, appearing personally or through an attorney or other authorized representative, may informally present and explain evidence that causes for suspension do not exist, evidence of any mitigating factors, and arguments concerning the imposition, scope, duration or effects of suspension. A transcript of the informal hearing shall not be required.

(4) *Additional proceedings as to disputed material facts.* (i) If the suspending official finds that there exists a genuine dispute over facts material to the suspension, respondent(s) shall be afforded an opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the Forest Service presents, unless—

(A) The action is based on an indictment; or

(B) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced.

(ii) If appropriate, the respondent may request a fact-finding conference on disputed material facts. Such a conference shall be held within 20 calendar days from the date the request is received unless mutually agreed otherwise. The fact-finding conference shall

conform with the following requirements:

(A) At least 10 days before the fact-finding conference, the suspending official shall send the respondent a copy of all documents in the administrative record as of the date of transmittal and not objected to by the Department of Justice.

(B) At the conference, the respondent shall have the opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the Forest Service presents.

(iii) A transcribed record of any additional proceedings shall be prepared and made available at cost to the respondent upon request, unless the respondent and the Forest Service, by mutual agreement, waive the requirement for a transcript.

(5) *Suspending official's decision.* The suspending official may modify or terminate the suspension or leave it in force for the same reasons as for terminating or reducing the period or extent of debarment (see § 223.139(c)). The decision shall be made in accordance with the following provisions:

(i) *No additional proceedings necessary.* In actions based on an indictment, in which the respondent's submission does not raise a genuine dispute over material facts; or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official's decision shall be based on all the information in the administrative record, including any submissions and argument made by the respondent. The decision shall be made within 30 working days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(ii) *Additional proceedings necessary.* (A) In actions in which additional proceedings are necessary as to disputed material facts, written findings of fact shall be promptly prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(B) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(C) The suspending official's decision shall be made only after the conclusion of any proceedings with respect to disputed facts.

(6) *Notice of suspending official's decision.* The purchaser and any affiliates involved shall be given prompt written notice of the suspending officer's decision to continue or not continue the suspension by certified mail, return receipt requested.

§ 223.144 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of investigation and any ensuing legal proceedings unless sooner terminated by the suspending official or as provided in paragraph (b) of this section.

(b) If legal proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an Assistant Attorney General requests its extension, in which case it may be extended for an additional 6 months. In no event may a suspension extend beyond 18 months, unless legal proceedings have been initiated within that period.

(c) The suspending official shall notify the Department of Justice of the proposed termination of any suspension, at least 30 days before the 12-month period expires, to give the Department an opportunity to request an extension.

§ 223.145 Scope of suspension.

The scope of suspension shall be the same as that for debarment (see § 223.140), except that the procedures in § 223.143 shall be used in imposing suspension.

Subpart D—Timber Export and Substitution Restrictions

§ 223.159 Scope and applicability.

The rules of this subpart apply to all timber sale contracts awarded before August 20, 1990, the date of enactment

of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*). The rules at § 223.162 shall remain in effect for all contracts awarded on or after August 20, 1990, until September 8, 1995. Contracts awarded on or after August 20, 1990 are subject to the rules of subpart F of this part, unless otherwise noted. Contracts awarded on or after September 8, 1995 are governed in full by subpart F.

[60 FR 46922, Sept. 8, 1995]

§ 223.160 Definitions.

The following definitions apply to the provisions of this section:

(a) *Export* means either direct or indirect export to a foreign country and occurs on the date that a person enters into a contract or other binding transaction for the export of unprocessed timber or, if that date cannot be established, when unprocessed timber is found in an export yard or pond, bundled or otherwise prepared for shipment, or aboard an ocean-going vessel. An *export yard or pond* is an area where sorting and/or bundling of logs for shipment outside the United States is accomplished. Unprocessed timber, whether from National Forest System or private lands, is exported directly when exported by the National Forest timber purchaser. Timber is exported indirectly when export occurs as a result of a sale to another person or as a consequence of any subsequent transaction.

(b) *Historic level* means the average annual volume of unprocessed timber purchased or exported in calendar years 1971, 1972, and 1973.

(c) *Private lands* mean lands held or owned by a private person. *Nonprivate lands* include, but are not limited to, lands held or owned by the United States, a State or political subdivision thereof, or any other public agency, or lands held in trust by the United States for Indians.

(d) *Substitution* means the purchase of unprocessed timber from National Forest System lands to be used as replacement for unprocessed timber from private lands which is exported by the purchaser. Substitution occurs when (1) a person increases purchases of National Forest timber in any Calendar year more than 10 percent above their

§223.161

36 CFR Ch. II (7-1-00 Edition)

historic level and in the same calendar year exports unprocessed timber from private land in the tributary area; or (2) a person increases exports of unprocessed timber from private land in any tributary area more than 10 percent above their historic level in any calendar year while they have National Forest timber under contract.

(e) *Tributary area* means the geographic area from which unprocessed timber is delivered to a specific processing facility or complex. A tributary area is expanded when timber outside an established tributary area is hauled to the processing facility or complex.

(f) *Unprocessed timber, except western red cedar in the contiguous 48 States*, means trees or portions of trees having a net scale content not less than 33⅓ percent of the gross volume, or the minimum piece specification set forth in the timber sale contract, in material meeting the peeler and sawmill log grade requirements published in the January 1, 1980—Official Log Scaling and Grading Rules used by Log Scaling and Grading Bureaus on the West Coast; cants to be subsequently remanufactured exceeding 8¾ inches in thickness; cants of any thickness reassembled into logs; and split or round bolts, except for aspen, or other roundwood not processed to standards and specifications suitable for end-product use. Unprocessed timber shall not mean pulp (utility) grade logs and Douglas-fir special cull logs or timber processed into the following:

- (1) Lumber and construction timbers, regardless of size, sawn on four sides;
- (2) Chips, pulp, and pulp products;
- (3) Green veneer and plywood;
- (4) Poles, posts, or piling cut or treated for use as such;
- (5) Cants cut for remanufacture, 8¾ inches in thickness or less;
- (6) Aspen bolts, not exceeding 4 feet in length.

(g) *Unprocessed western red cedar timber in the contiguous 48 States* means trees or portions of trees of that species which have not been processed into—

- (1) Lumber of American Lumber Standards Grades of Number 3 dimension or better, or Pacific Lumber Inspection Bureau Export R-List Grades of Number 3 Common or better;

- (2) Chips, pulp, and pulp products;
- (3) Veneer and plywood;
- (4) Poles, posts, or piling cut or treated with preservatives for use as such and not intended to be further processed; or
- (5) Shakes and shingles; provided that lumber from private lands manufactured to the standards established in the lumber grading rules of the American Lumber Standards Association or the Pacific Lumber Inspection Bureau and manufactured lumber authorized to be exported under license by the Department of Commerce shall be considered processed.

(h) *Person* means an individual, partnership, corporation, association, or other legal entity and includes any subsidiary, subcontractor, parent company, or other affiliate. Business entities are considered affiliates for the entire calendar year when one controls or has the power to control the other or when both are controlled directly or indirectly by a third person during any part of the calendar year.

(i) *Purchase* occurs when a person is awarded a contract to cut National Forest timber or through the approval of a third party agreement by the Forest Service.

(j) *Purchaser* means a person that has purchased a National Forest timber sale.

(Sec. 14, Pub. L. 95-588, 90 Stat. 2958, as amended (16 U.S.C. 472a); sec. 301, Pub. L. 96-126, 93 Stat. 979; sec. 1, 30 Stat. 35, as amended (16 U.S.C. 55.1); sec. 301, 90 Stat. 1063, Pub. L. 94-373; sec. 1, 30 Stat. 35, as amended (16 U.S.C. 551))

[45 FR 80528, Dec. 5, 1980, as amended at 46 FR 2611, Jan. 12, 1981; 46 FR 22581, Apr. 20, 1981; 47 FR 746, Jan. 7, 1982. Redesignated at 49 FR 2761, Jan. 23, 1984]

§223.161 [Reserved]

§223.162 Limitations on timber harvested from all other states.

Unprocessed timber from National Forest System lands west of the 100th Meridian in the contiguous 48 States may not:

- (a) Be exported from the United States;
- (b) Be used in substitution for unprocessed timber from private lands which is exported by the purchaser; or

(c) Be sold, traded, exchanged, or otherwise given to any person who does not agree to manufacture it to meet the processing requirements of this section and/or require such a processing agreement in any subsequent resale or other transaction. This limitation on export or substitution does not apply to species of timber previously found to be surplus to domestic needs or to any additional species, grades, or quantities of timber which may be found by the Secretary to be surplus to domestic needs.

(Sec. 14, Pub. L. 95-588, 90 Stat. 2958, as amended (16 U.S.C. 472a); sec. 301, Pub. L. 96-126, 93 Stat. 979; sec. 1, 30 Stat. 35, as amended (16 U.S.C. 55.1); sec. 301, 90 Stat. 1063, Pub. L. 94-373; sec. 1, 30 Stat. 35, as amended (16 U.S.C. 551))

[45 FR 80528, Dec. 5, 1980, as amended at 46 FR 2611, Jan. 12, 1981; 47 FR 746, Jan. 7, 1982. Redesignated at 49 FR 2761, Jan. 23, 1984]

§ 223.163 [Reserved]

§ 223.164 Penalty for falsification.

For false certification of documents relating to export or substitution and/or other violations of export and substitution requirements by the purchaser of timber from National Forest System lands, the Forest Service may cancel the subject contract, debar the involved person or persons from bidding on National Forest timber, or initiate other action as may be provided by law or regulation.

(Sec. 14, Pub. L. 94-588, 90 Stat. 2958, as amended (16 U.S.C. 472a); Sec. 301, Pub. L. 96-126, 93 Stat. 979; Sec. 1, 30 Stat. 35, as amended (16 U.S.C. 55.1); Sec. 301, 90 Stat. 1063, Pub. L. 94-373; Sec. 1, 30 Stat. 35, as amended (16 U.S.C. 551); (44 U.S.C. 3506))

[45 FR 80528, Dec. 5, 1980. Redesignated at 49 FR 2761, Jan. 23, 1984, and amended at 51 FR 40316, Nov. 6, 1986]

Subpart E [Reserved]

Subpart F—The Forest Resources Conservation and Shortage Relief Act of 1990 Program

SOURCE: 60 FR 46922, Sept. 8, 1995, unless otherwise noted.

§ 223.185 Scope and applicability.

This subpart implements provisions of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) that became effective upon enactment or as otherwise specified in the Act. As of September 8, 1995, this subpart applies to unprocessed timber originating from private lands west of the 100th meridian in the contiguous 48 States that requires domestic processing. Except as provided later in this paragraph, this subpart applies to all unprocessed timber originating from National Forest System lands west of the 100th meridian in the contiguous 48 States acquired from timber sale contracts awarded on or after August 20, 1990. The rules regarding substitution at § 223.162 of subpart D apply to unprocessed timber acquired from timber sale contracts awarded between August 20, 1990, and September 8, 1995, as provided in § 490(a)(2)(A) of the Act. The rules regarding reporting the acquisition and disposition of unprocessed Federal timber at § 223.193 of this subpart apply to all transfers of unprocessed Federal timber originating from National Forest System lands west of the 100th meridian in the contiguous 48 States regardless of timber sale contract award date.

§ 223.186 Definitions.

The following definitions apply to the provisions of this subpart:

Acquire means to come into possession of, whether directly or indirectly, through a sale, trade, exchange, or other transaction. The term "acquisition" means the act of acquiring. The terms "acquire" and "purchase" are synonymous and are used interchangeably.

Act means the Forest Resources Conservation and Shortage Relief Act of 1990 (Pub. L. No. 101-382, 104 Stat. 714-726; 16 U.S.C. 620-620j).

Area of operations refers to the geographic area within which logs from any origin have neither been exported nor transported to an area where export occurs. The area of operations will be determined for individual Forest Service Administrative Units or groups of Administrative Units by the Regional Foresters of Regions 1, 2, 3, and 4 on an as-needed basis, and used as

part of the criteria for evaluating requests to waive the identifying and marking requirements for unprocessed Federal logs.

Cants or *Flitches* are synonymous, and mean trees or portions of trees, sawn on one or more sides, intended for remanufacture into other products elsewhere.

Civil penalties:

Willful disregard means a person knew or showed reckless disregard for the matter of whether the person's conduct is prohibited by the Forest Resources Conservation and Shortage Relief Act of 1990, 16 U.S.C. 620, *et seq.* with regard to the prohibition against exporting unprocessed Federal timber (including causing unprocessed timber to be exported).

Willfully means a person knew or showed reckless disregard for the matter of whether the person's conduct is prohibited by the Forest Resources Conservation and Shortage Relief Act of 1990, 16 U.S.C. *et seq.*, or regulations issued under the Act, even though such violation may not have caused the export of unprocessed Federal timber in violation of the Act.

Disregard means to ignore, overlook, or fail to observe any provision of the Act or a regulation issued under this Act, even though such violation may not have caused the export of unprocessed Federal timber in violation of the Act.

Should have known means committing an act that a reasonable person in the timber industry would have known violates a provision of the Act or regulations issued under the Act, even though the violation may not have caused the export of unprocessed Federal timber in violation of the Act.

Each violation refers to any violation under the Act or its implementing regulations with regard to a single act, which includes but is not limited to a single marking (or lack thereof) on a single log, the export of a single log, or a single entry on a document.

Export means transporting, or causing to be transported, either directly or through another party, unprocessed timber to a foreign country. Export occurs:

(1) On the date that a person enters into an agreement to sell, trade, ex-

change or otherwise convey such timber to a person for delivery to a foreign country;

(2) When unprocessed timber is placed in an export facility in preparation (sorting, bundling, container loading etc.) for shipment outside the United States; or,

(3) When unprocessed timber is placed on board an ocean-going vessel, rail car, or other conveyance destined for a foreign country.

Federal lands means lands that are owned by the United States west of the 100th meridian in the contiguous 48 States, but do not include any land the title to which is:

(1) Held in trust by the United States for the benefit of any Indian tribe or individual;

(2) Held by any Indian tribe or individual subject to a restriction by the United States against alienation; or

(3) Held by any Native Corporation as defined in section 3 of the Alaska Native Claims Settlement Act (43 U.S.C. 1602).

Finished products means products from trees, portions of trees or other roundwood products processed to standards and specifications intended for end product use.

Fiscal year means the Federal fiscal year beginning October 1, and ending the following September 30.

Gross value means the total value a person received from the transfer of unprocessed Federal timber involved in a violation, before production, delivery, agent fees, overhead, or other costs are removed.

Hammer brand refers to an identifying mark or brand composed of numbers, letters, characters, or a combination of numbers, letters, or characters permanently attached to a hammer, or other similar striking tool. The hammer brand must make a legible imprint of the brand in the end of a log when struck.

Highway yellow paint refers to an oil base or equivalent yellow paint of lasting quality comparable to the yellow paint used to mark highways.

Log refers to an unprocessed portion of a tree that is transported to a manufacturing facility or other location for

processing, transferring to another person, or exporting. "Logs" is synonymous with "timber".

Manufacturing facility means a permanently located processing plant used to convert unprocessed timber into products.

Non-manufacturer means a person who does not own or operate a manufacturing facility.

Person means any individual, partnership, corporation, association, or other legal entity and includes any subsidiary, subcontractor, parent company, and business affiliates. Persons are affiliates of each other when either directly or indirectly, one person controls or has the power to control the other or a third party or parties control or have the power to control both. In determining whether or not affiliation exists, consideration shall be given to all appropriate factors, including but not limited to common ownership, common management, common facilities, and contractual relationships.

Private lands means lands, located west of the 100th meridian in the contiguous 48 States held or owned by a person. Such term does not include Federal lands or public lands, or any land the title to which is;

(1) Held in trust by the United States for the benefit of any Indian tribe or individual;

(2) Held by any Indian tribe or individual subject to a restriction by the United States against alienation; or

(3) Held by any Native Corporation as defined in section 3 of the Alaska Native Claims Settlement Act (43 U.S.C. 1602).

Processed means timber processed into products listed in §223.187 of these regulations.

Purchase has the same meaning as *acquire*. The terms are used interchangeably.

Same geographic and economic area means the land within the boundaries of an approved sourcing area.

Sourcing area means the geographic area approved by the Secretary which includes a person's timber manufacturing facility and the private and Federal lands from which the person acquires or intends to acquire unprocessed timber to supply such manufac-

turing facility; a sourcing area must be geographically and economically separate from any area from which that person harvests for export any unprocessed timber originating from private lands.

Substitution occurs when:

(1) A person acquires, directly or indirectly, unprocessed timber from Federal lands west of the 100th meridian in the contiguous 48 States and engages in exporting or selling for export, unprocessed timber originating from private lands within the same geographic and economic area; or

(2) A person acquires, directly or indirectly, unprocessed timber from Federal lands west of the 100th meridian in the contiguous 48 States and, during the preceding 24-month period, exported unprocessed timber originating from private lands; or

(3) A person exports or sells for export, unprocessed timber originating from private lands within the same geographic and economic area in the same calendar year that the person has unprocessed timber originating from Federal lands in the person's possession or under contract; or

(4) A person purchases, directly or indirectly, unprocessed timber originating from Federal lands if such person sells or otherwise transfers unprocessed timber that originates from private lands west of the 100th meridian in the contiguous 48 States and that requires domestic processing, to a third party if that third party or successive parties export that unprocessed private timber. A third party or successive parties who acquire such unprocessed timber that originates from private lands west of the 100th meridian in the contiguous 48 States and that requires domestic processing may not export such timber.

Transaction means an arrangement involving the transfer of unprocessed timber.

Transaction statement is a signed copy of one of the transaction reporting forms in 36 CFR 223.193 and 223.194.

Transfer means to pass title, sell, trade, exchange, or otherwise convey unprocessed timber to another person.

Unprocessed timber means trees or portions of trees or other roundwood

§ 223.187

not processed to standards and specifications suitable for end product use and intended for remanufacture. Unprocessed timber does not include products intended for remanufacture that meet the criteria listed in § 223.187(a) (2) or (3). For the purposes of reporting and identifying under §§ 223.193, 223.194 and 223.195, unprocessed timber also means timber products listed in § 223.187 of these regulations, and other timber products including house logs that are part of a structure kit, that are indistinguishable from other unprocessed timber.

§ 223.187 Determinations of unprocessed timber.

(a) *All species except western red cedar.* Unprocessed timber, as defined in § 223.186 of this Subpart, does not include timber processed into any one of the following:

(1) Lumber or construction timbers, except western red cedar, meeting current American Lumber Standards Grades or Pacific Lumber Inspection Bureau Export R or N list grades, sawn on 4 sides, not intended for remanufacture. To determine whether such lumber or construction timbers meet this grade and intended use standard, the shipper of record must have in its possession for each shipment or order, and available for inspection upon the request of the Forest Service:

(i) A legible copy of a lumber inspection certificate certified by a lumber inspection/grading organization generally recognized by the industry as setting a selling standard; and,

(ii) A statement by the manufacturer certifying under the penalties provided in section 492 of the Act (16 U.S.C. 620d) and the False Statements Act (18 U.S.C. 1001) that the products in the shipment or order are intended to be used as shipped, are manufactured into products, or processed into pulp, and are not to be manufactured into other products. The certification statements shall be made in accordance with paragraph (b) of this section. The certification statements in paragraph (b) of this section are not required if the lumber or construction timbers described in paragraph (a)(1) of this section or the pulpwood bolts described in paragraph (a)(8) of this section other-

36 CFR Ch. II (7-1-00 Edition)

wise may be exported without regard to an intent to remanufacture or process into pulp. For instance, because the timber originates from private land from which timber may be exported.

(2) Lumber, construction timbers, or cants for remanufacture, except western red cedar, meeting current American Lumber Standards Grades or Pacific Lumber Inspection Bureau Export R or N list clear grades, sawn on 4 sides, not to exceed 12 inches (30.5 cm) thick. To determine whether such lumber, timbers, or cants meet this grading standard, the shipper of record must have in its possession for each shipment or order and available for inspection, upon the request of the Forest Service, a legible copy of a lumber inspection certificate certified by a lumber inspection/grading organization generally recognized by the industry as setting a selling standard.

(3) Lumber, construction timbers, or cants for remanufacture, except western red cedar, that do not meet the grades referred to in paragraph (a)(2) of this section and are sawn on 4 sides, with wane less than 1/4 of any face, not exceeding 8 3/4 inches (22.2 cm) thick.

(4) Chips, pulp, or pulp products.

(5) Veneer or plywood.

(6) Poles, posts, or piling cut or treated with preservatives for use as such.

(7) Shakes or shingles.

(8) Aspen or other pulpwood bolts, not exceeding 100 inches in length, exported for processing into pulp. Shippers of record of such pulpwood bolts must have in their possession, and available for inspection upon request of the Forest Service, in accordance with paragraph (b) of this section, a manufacturer's certificate that such bolts are intended for processing into pulp.

(9) Pulp logs or cull logs processed at domestic pulp mills, domestic chip plants, or other domestic operations for the purpose of conversion of logs into chips.

(b) *Export product certifications.* (1) Manufacturers of lumber or construction timbers described in paragraph (a)(1) of this section and pulpwood bolts described in paragraph (a)(8) of this section, shall certify to the following statements:

(2) *Lumber or construction timbers*; “I certify that the products in the shipment identified by my shipping order number _____ dated _____, are manufactured in accordance with the attached order from (buyer) of (address), numbered _____ and dated _____, are intended to be used as shipped and are not to be remanufactured into other products. I make this certification with full knowledge and understanding of the export and substitution restrictions of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620 *et seq.*) (Act) and its implementing regulations. I fully understand that exporting unprocessed timber originating from Federal lands or unprocessed timber from private lands which is required to be processed domestically is a violation of this Act, its implementing regulations, and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided for such violations.”

(3) *Pulpwood bolts*. “I certify that the pulpwood bolts in the shipment identified by my shipping order number _____ dated _____, are manufactured in accordance with the attached order from (buyer) of (address), numbered _____ and dated _____, are intended to be processed into pulp and are not to be remanufactured into other products. I make this certification with full knowledge and understanding of the export and substitution restrictions of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) (Act) and its implementing regulations. I fully understand that exporting unprocessed timber originating from Federal lands or unprocessed timber from private lands which is required to be processed domestically is a violation of this Act, its implementing regulations, and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided for such violations.”

(4) *Signatory procedures*. Certificates shall be on company letterhead, and signed by the person manufacturing the shipment. In the case of a corporation, the certificates must be signed by a person authorized, in writing, by the Chief Executive Officer pursuant to 36

CFR 223.187(b)(4), to sign the certificates in 36 CFR 223.187(b) on behalf of the corporation.

(5) *Chief Executive Officer Authorization*. The authorization by the Chief Executive Officer shall be on company letterhead, shall be notarized, and shall read as follows:

“I authorize _____ to sign the certificates in 36 CFR 223.187(b) on behalf of (*name of corporation*). I make this authorization with full knowledge and understanding of the export and substitution restrictions of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620 *et seq.*) (Act) and its implementing regulations. I fully understand that exporting unprocessed timber originating from Federal lands or unprocessed timber originating from private lands which is required to be processed domestically is a violation of this Act, its implementing regulations, and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided for such violation.”

(6) Exporters of other timber products originating from Federal lands not specifically listed in §223.187 which may develop export markets in the future may also require similar certification statements. Such statements will be provided by the Forest Service.

(c) *Western red cedar*. Unprocessed western red cedar timber does not include manufactured lumber authorized for export under license by the Department of Commerce, and lumber from private lands processed to standards established in the lumber grading rules of the American Lumber Standards Association or the Pacific Lumber Inspection Bureau, or timber processed into any of the following products:

(1) Lumber of American Lumber Standards Grades of Number 3 dimension or better, or Pacific Lumber Inspection Bureau Export R-List Grades of Number 3 common or better, with a maximum cross section of 2,000 square centimeters (310 square inches) for any individual piece of processed western red cedar, regardless of grade. To determine whether such lumber meets these established standards, grades and size restrictions, the shipper of record must have in its possession for each shipment, and available for inspection upon the request of the Forest Service, a legible copy of a lumber inspection certificate certified by a lumber inspection/

grading organization generally recognized by the industry as setting a selling standard. Export restrictions governing western red cedar timber harvested from Federal, State or other public lands are found in 7(i) of the Export Administration Act of 1979 as amended (50 U.S.C. appendix 2406(i)), and implementing regulations at 15 CFR 777.7.

(2) Chips, pulp, and pulp products;

(3) Veneer and plywood;

(4) Poles, posts, pilings cut or treated with preservatives for use as such and not intended to be further processed; and

(5) Shakes and shingles.

(d) *Finished Products.* Shippers of record of products manufactured from unprocessed western red cedar originating from Federal lands, acquired by the manufacturer under the exemption from the prohibition against indirect substitution at § 223.189(e)(1), must have in their possession for each shipment a certificate from the manufacturer that such products are *finished products* as defined in § 223.186 of this subpart. The certification statement shall read as follows:

(1) "I certify that the products in the shipment identified by my shipping order number _____, dated _____, are manufactured in accordance with the attached order from _____ (buyer) _____ of _____ (address) _____, numbered _____ and dated _____, are intended for end product use. I understand that only western red cedar products that are *finished products* are exempt from the prohibition against indirect substitution in the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620b(b)(1)) and its implementing regulations. I make this certification with full knowledge and understanding of the export and substitution restrictions of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) (Act) and its implementing regulations. I fully acknowledge and understand that to acquire western red cedar under the indirect substitution exemption in 16 U.S.C. 620b(b)(1) for purposes other than domestic processing into finished products will be a violation of this Act, its implementing regulations, and the False Statements Act (18 U.S.C. 1001)

and may subject me to the penalties and remedies provided for such violation."

(2) *Signatory procedures.* Certificates shall be on company letterhead, and signed by the person manufacturing the shipment. In the case of a corporation, the certificate must be signed by a person authorized, in writing, by the Chief Executive Officer, pursuant to 36 CFR 223.187(d)(3), to sign the certificate in 36 CFR 223.187(d)(1) on behalf of the corporation.

(3) *Chief Executive Officer Authorization.* The authorization by the Chief Executive Officer shall be on company letterhead, shall be notarized, and shall read as follows:

"I authorize _____ to sign the certificate in 36 CFR 223.187(d)(1) on behalf of (name of corporation). I make this authorization with full knowledge and understanding of the export and substitution restrictions of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) (Act) and its implementing regulations. I fully understand that exporting unprocessed timber originating from Federal lands or unprocessed timber originating from private lands which is required to be processed domestically is a violation of this Act, its implementing regulations, and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided for such violation."

§ 223.188 Prohibitions against exporting unprocessed Federal timber.

No person who acquires unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States may export such timber from the United States, or sell, trade, exchange, or otherwise convey such timber to any other person for the purpose of exporting such timber from the United States. This prohibition does not apply to specific quantities of grades and species of such unprocessed Federal timber that the Secretary of Agriculture determines to be surplus to domestic manufacturing needs.

§ 223.189 Prohibitions against substitution.

(a) *Direct substitution prohibition.* Except as otherwise provided by this section:

(1) No person may purchase directly from any department or agency of the

United States unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States if:

(i) Such person acquires unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States and engages in exporting or selling for export, unprocessed timber originating from private lands within the same geographic and economic area; or

(ii) Such person has, during the preceding 24-month period, exported unprocessed timber originating from private lands.

(2) No person may export or sell for export, unprocessed timber originating from private lands within the same geographic and economic area in the same calendar year that the person has unprocessed timber originating from Federal lands in the person's possession or under contract.

(3) No person may purchase unprocessed timber originating from Federal lands if such person sells or otherwise transfers unprocessed timber that originates from private lands west of the 100th meridian in the contiguous 48 States and that requires domestic processing, to a third party if that third party or successive parties export that unprocessed private timber. A third party or successive parties who acquire such unprocessed timber that originates from private lands west of the 100th meridian in the contiguous 48 States and that requires domestic processing may not export such timber.

(4) The prohibitions in paragraphs (a) (1)-(3) of this section shall not apply to specific quantities of grades and species of unprocessed timber which the Secretary of Agriculture has determined to be surplus to domestic manufacturing needs.

(b) *Exemptions.* (1) Pursuant to section 490(c) of the Act (16 U.S.C. 620b), all persons who applied for a sourcing area by December 20, 1990, in accordance with §223.190 of this subpart, were exempt from the prohibitions against substitution, in accordance with §223.189(a)(1) of this subpart, until such time that the approving official approved or disapproved the application.

(2) Pursuant to Section 490(a) of the Act (16 U.S.C. 620b), an exemption to

the prohibition in §223.189(a)(1)(B) of this subpart is provided to:

(i) A person with a historic export quota who submitted a certification in accordance with §223.189 (c) and (d) of this subpart; and

(ii) A non-manufacturer who submitted a certification in accordance with §223.192 of this subpart.

(3) Pursuant to §490(c) of the Act (16 U.S.C. 620b), the prohibitions against direct substitution in §223.189(a) (1) and (2) of this subpart do not apply to a person who acquires unprocessed timber originating from Federal lands within an approved sourcing area, does not export unprocessed timber originating from private lands within the approved sourcing area while the approval is in effect, and, if applicable, received a waiver of the prohibition against exporting unprocessed timber originating from private lands within the sourcing area during the preceding 24 months, in accordance with §223.189 (f) and (g) of this subpart.

(c) *Historic export quota exemption.* The prohibition against the purchase of Federal timber for a person who has exported unprocessed timber originating from private lands, within the preceding 24-month period, shall not apply to a person with a historic export quota approved by the Secretary and who has been exporting unprocessed private timber in accordance with the log export and substitution regulations of the Secretary of Agriculture at 36 CFR part 223, subpart D, in effect before August 20, 1990, if:

(1) That person certified in writing to the Regional Forester of the Region administering the historic export quota, on or before November 20, 1990, that the person would cease exporting unprocessed timber originating from private lands on or before February 20, 1991, and

(2) The exporting ceased in accordance with such certification.

(d) *Application for historic export quota exemption.* To obtain an exemption from the prohibition against export within the preceding 24-month period for purchasing Federal timber based on an approved historic export quota described in paragraph (c) of this section, a person must have applied in writing to the applicable Regional Forester on

§ 223.189

36 CFR Ch. II (7-1-00 Edition)

or before November 20, 1990. The certificate must have been notarized. The application was required to be on company letterhead and must have included:

(1) An agreement to retain records of all transactions involving acquisition and disposition of unprocessed timber from both private and Federal lands within the area(s) involved in the certification, for a period of three (3) years beginning November 20, 1990, and to make such records available for inspection upon the request of the Regional Forester, or other official to whom such authority has been delegated.

(2) A signed certification which reads as follows:

"I have purchased, under an historic export quota approved by the Secretary of Agriculture, unprocessed timber originating from Federal lands located west of the 100th meridian in the contiguous 48 States during the preceding 24 months in direct substitution for exported unprocessed timber originating from private lands. I desire to purchase directly from a Department or agency of the United States, unprocessed timber originating from Federal lands located in such area of the United States. I make this certification for the exemption from the prohibition against export within the preceding 24-month period for purchasing Federal timber required by the Forest Resources Conservation and Shortage Relief Act of 1990, (Pub. L. No. 101-382, August 20, 1990, 16 U.S.C. 620, *et seq.*) (Act). I hereby certify that I will cease all exporting of such unprocessed private timber from lands west of the 100th meridian in the 48 contiguous States of the United States by February 20, 1991. I make this certification with full knowledge and understanding of the requirements of this Act and do fully understand that failure to cease such exporting as certified will be a violation of this Act (16 U.S.C. 620d) and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided from such violation."

(3) The certification must have been signed by the person making such certification or, in the case of a corporation, by its Chief Executive Officer.

(e) *Indirect substitution prohibition.* No person may purchase from any other person unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States if such person would be prohibited by paragraph (a) of this section from purchasing such timber directly from a

Department or agency of the United States, pursuant to § 490(b) of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*). The prohibition in this paragraph does not apply to the following:

(1) To the acquisition of western red cedar, which is domestically processed into finished products.

(2) To a person who acquires unprocessed timber originating from Federal lands within an approved sourcing area, does not export unprocessed timber originating from private lands within the approved sourcing area while the approval is in effect, and, if applicable, receives a waiver of the prohibition against exporting unprocessed timber originating from private lands within the sourcing area during the preceding 24 months in accordance with § 223.189 (f) and (g) of this subpart.

(3) To the limited amount of unprocessed National Forest System timber within Washington State that is exempt from the prohibition against indirect substitution, pursuant to § 223.203.

(f) *Waiver within a sourcing area.* The prohibitions in § 223.189(a) (1) and (2) against direct and indirect acquisition of unprocessed timber originating from Federal lands do not apply if:

(1) A person acquires such timber from within an approved sourcing area located west of the 100th meridian in the 48 contiguous States;

(2) Has not exported unprocessed timber originating from private lands located within the approved sourcing area during the preceding 24 months;

(3) Does not export such private timber from within the approved sourcing area during the period the sourcing area is in effect; and

(4) Does not export such private timber during any calendar year in the same geographic and economic area that unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States is under contract or in possession, if the sourcing area is no longer in effect, pursuant to the definition of substitution in 36 CFR 223.186.

(5) The appropriate Regional Forester could waive, in writing, the prohibition against export within the preceding 24-

month period for any person who certified in writing, on or before November 20, 1990, that on or before February 20, 1991, that person would cease exporting unprocessed timber originating from private lands within the approved sourcing area for a period of not less than three (3) years. Signatories of this certificate who received an approved sourcing area, like all holders of sourcing areas, are subject to the prohibition against exporting unprocessed timber originating from private lands within the sourcing area boundaries, pursuant to this paragraph.

(g) *Application for waiver within a sourcing area.* To obtain a waiver of the prohibition against export within the preceding 24-month period for purchasing Federal timber described in paragraph (f) of this section, a person must have submitted a request for waiver, in writing, to the Regional Forester of the region in which the manufacturing facility being sourced is located, which must have been received by the Regional Forester on or before November 20, 1990, and which must have been signed by the person making such request or, in the case of a corporation, by its Chief Executive Officer. The request for waiver must be notarized and, in the case of a corporation, with its corporate seal affixed. The request shall be on company letterhead with its corporate seal affixed and must include:

(1) An agreement to retain records of all transactions involving acquisition and disposition of unprocessed timber from both private and Federal lands within the area(s) involved in the waiver request, for a period of three (3) years beginning November 20, 1990, and to make such records available for inspection upon the request of the Regional Forester, or other official to whom such authority has been delegated.

(2) A signed certification statement which reads as follows:

"I have engaged in exporting of unprocessed timber originating from private land located within the sourcing area for which I am applying. I desire to purchase directly from a department or agency of the United States unprocessed timber originating from Federal lands located within the desired sourcing area. I hereby request waiver of the prohibition against export within the pre-

ceding 24-month period for purchasing Federal timber required by the forest Resources Conservation and Shortage Relief Act of 1990 (Pub. L. No. 101-382, August 20, 1990, 16 U.S.C. 620, *et seq.*) (Act). I hereby certify that I will cease all exporting of such unprocessed private timber from within the desired sourcing area by February 20, 1991, and will not resume such exporting for a period of not less than three (3) years. I make this certification with full knowledge and understanding of the requirements of this Act and do fully understand that failure to cease such exporting as certified will be a violation of Section 492 of this Act (16 U.S.C. 620d) and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided for such violation."

§ 223.190 Sourcing area application procedures.

(a) Subject to the restrictions described in § 223.189 of this subpart and, except as provided in paragraph (b) of this section, a person who owns or operates a manufacturing facility and who exports unprocessed timber originating from private lands may apply for a sourcing area in accordance with the procedures of this section. However, an owner/operator of a manufacturing facility who exports unprocessed timber originating from Federal lands may not possess or acquire unprocessed timber originating from Federal lands unless the acquisition is within an approved sourcing area. A person who intends to acquire or become affiliated with a manufacturing facility that processes Federal timber and who is an exporter may apply for a sourcing area. Written proof of the intent to acquire or affiliate must be included in the sourcing area application, signed by the applicant and the person or, in the case of a corporation, the Chief Executive Officer, whose company the applicant intends to acquire or affiliate with. This certification must be on letterhead and must be notarized. A sourcing area application that the Secretary determines would be approved will be granted tentative approval pending final notification by the applicant of acquisition of or affiliation with the manufacturing facility. The tentative approval of the sourcing area will lapse unless the acquisition or affiliation occurs within 30 days of the tentative approval of the sourcing area. A sourcing area is not valid until

final approval of the sourcing area. The direct substitution prohibition did not apply to a person who applied for a sourcing area on or before December 20, 1990. A request for modification of an existing sourcing area shall trigger a review pursuant to the procedures and restrictions in § 223.191(e).

(b) As provided in the Act, a person who has requested an exemption or waiver of the prohibition against export within the preceding 24-month period, pursuant to § 223.189 of this subpart, must have applied for the desired sourcing area on or before December 20, 1990.

(c) *Applications.* Sourcing area applications shall include:

(1) A map of sufficient scale and detail to clearly show:

(i) The applicant's desired sourcing area boundary. This boundary will include both the private and Federal lands from which the applicant intends to acquire unprocessed timber for sourcing its manufacturing facilities;

(ii) The location of the timber manufacturing facilities owned or operated by the applicant within the proposed sourcing area where the person intends to process timber originating from Federal land;

(iii) The location of private lands within and outside the desired sourcing area where the person has, within the 24 months immediately preceding the date of the application, acquired unprocessed timber originating from private land which was exported, sold, traded, exchanged, or otherwise conveyed to another person for the purpose of exporting such timber;

(2) A list of other persons with timber manufacturing facilities located within the same general vicinity as the applicant's facilities;

(3) Any other information the applicant may believe is appropriate to support approval of the requested sourcing area; and

(4) A statement signed by the person certifying under the penalties provided in Section 492 of this Act (16 U.S.C. 620d) and the False Statements Act (18 U.S.C. 1001) that the information provided in support of the application is true, complete, and accurate to the best of the applicant's knowledge. The statement shall read as follows:

"I certify under penalties of 16 U.S.C. 620d and 18 U.S.C. 1001, that the information provided in support of this application, is true, complete, and accurate to the best of my knowledge concerning my timber purchasing and export patterns. I certify that the information provided concerning my timber purchasing and export patterns fully and accurately reflects, to the best of my knowledge, the boundaries of the sourcing area for which I am applying. I make this certification with full knowledge and understanding of the export and substitution restrictions of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) (Act) and its implementing regulations. I certify that I have not exported unprocessed timber originating from private lands within the boundaries of the sourcing area that is the subject of this application in the previous 24 months. I fully understand that, if this application is approved, exporting unprocessed private timber originating from within the approved sourcing area will be a violation of this Act (16 U.S.C. 620, *et seq.*) its implementing regulations, and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided for such violation."

(d) *Confidential information.* Applications are not considered confidential. However, if a person does submit confidential information as part of an application, the information should be marked confidential. Information so marked will be afforded the rights and protection provided under the Freedom of Information Act.

(e) *Where to submit the application.* A sourcing area applicant shall send the application to the Office of Administrative Law Judges and shall, simultaneously, send a copy of the sourcing area application to the Forest Service Regional Forester of the region in which the manufacturing facility being sourced is located. Where the sourcing area application will cover purchases from more than one agency, application is to be made to the agency from which the applicant expects to purchase the preponderance of its Federal timber. The sourcing area applicant must also send a complete copy of the application to each agency concerned. The lead agency shall make the decision in consultation with, and upon co-signature of, the other agencies concerned.

(f) *Signatory procedures.* Sourcing area applications must be signed by the person making the request, or in the case

of a corporation, by its Chief Executive Officer, and must be notarized. The application shall be on company letterhead.

(g) The sourcing area application and review process will be conducted pursuant to the Rules of Practice Governing the Adjudication of Sourcing Area Applications and Formal Review of Sourcing Areas Pursuant to the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*), found at 7 CFR part 1, subpart M.

(h) A final decision on a sourcing area application or a formal sourcing area review will be issued within four (4) months of the receipt of the application or initiation of the review.

(i) The following criteria must be met for sourcing area approval:

(1) The Administrative Law Judge, or, on appeal, the Judicial Officer must find that the proposed sourcing area is geographically and economically separate from any area that the applicant harvests or expects to harvest for export any unprocessed timber originating from private lands. In making such a finding, the Administrative Law Judge, or, on appeal, the Judicial Officer shall consider the timber purchasing patterns of the applicant on private and Federal lands equally with those of other persons in the same local vicinity and the relative similarity of such purchasing patterns.

(2) The "same local vicinity" will normally be manufacturing facilities located within 30 miles of the community where the applicant's manufacturing facility is located, but may include more distant communities if manufacturing facilities in those communities depend on the same source of timber and have similar purchasing patterns.

(3) The relative similarity of purchasing patterns of other mills shall be determined by considering the location and similarity of unprocessed timber being acquired by those facilities.

(4) Lines defining the geographic area shall be based on major natural and cultural features, including, but not limited to, prominent ridge systems, main roads or highways, rivers, political subdivisions, and not characterized by random lines.

(j) *Comments.* Persons may submit comments on sourcing area applications pursuant to the Rules of Practice Governing the Adjudication of Sourcing Area Applications and Formal Review of Sourcing Areas Pursuant to the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*), found at 7 CFR part 1, subpart M. Persons submitting a comment must certify at the end of the comment, but before the signature, to the following: "I certify that the information provided by me is true and accurate, to the best of my knowledge, and I understand that failure to provide true and accurate information could be violation of the False Statements Act (18 U.S.C. 1001)."

(k) Transporting or causing to be transported unprocessed private timber from outside of a sourcing area into a sourcing area by the holder of the sourcing area is prohibited as a violation of the sourcing area boundary. Such violation will cause a review of the sourcing area, and could subject the sourcing area holder to the penalties and remedies for violations of the Forest Resources Conservation and Shortage Relief Act of 1990, 16 U.S.C. 620, *et seq.*, and its implementing regulations.

(l) A person with an approved sourcing area may relinquish the sourcing area at any time provided the person certifies to the following:

"I am relinquishing the approved sourcing area, described in the Secretary's determination in FSAA _____ on _____, 19____. I understand that I may not export unprocessed timber originating from private lands west of the 100th meridian in the contiguous 48 States during the fiscal year in which I have unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States in my possession or under contract, pursuant to the prohibition against substitution in the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) ("Act") and its implementing regulations. I also understand that I may not purchase unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States within 24 months of having exported unprocessed timber originating from private lands west of the 100th meridian in the contiguous 48 States, pursuant to the prohibitions against substitution in the Act and its implementing regulations. I make this certification with

full knowledge and understanding of the Act and its implementing regulations and do fully understand that exporting unprocessed timber originating from private lands west of the 100th meridian in the contiguous 48 States during a fiscal year in which I have unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States in possession or under contract, or purchasing unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States within 24 months of having exported unprocessed timber originating from private lands west of the 100th meridian in the contiguous 48 States is a violation of the substitution provisions of the Act and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided for such violation.”

The certificate must be signed by the person making such certification or, in the case of a corporation, by its Chief Executive Officer; must be on company letterhead; and must be notarized.

(m) A sourcing area is in effect until it is relinquished by the sourcing area holder, or is disapproved upon review of the sourcing area.

§223.191 Sourcing area disapproval and review procedures.

(a) Notwithstanding any other provision of law, an applicant whose sourcing area application was submitted by December 20, 1990, and was disapproved could either phase out of purchasing Federal timber or phase out of exporting unprocessed timber originating from private lands within the sourcing area that would have been approved, as follows:

(1) *Phase-out of Federal timber purchasing.* The applicant could purchase, in the 9-month period after receiving the application disapproval, unprocessed timber originating from Federal lands in the disapproved sourcing area, in an amount not to exceed 75 percent of the annual average of such person’s purchases of unprocessed Federal timber in such area during the 5 full fiscal years immediately prior to the date of submission of the application. In the 6-month period immediately following the 9-month period, such person could purchase not more than 25 percent of such annual average, after which time the prohibitions against direct substitution, set forth in §223.189 of this subpart, shall apply; or

(2) *Phase-out of private timber exporting.* The applicant could continue to purchase unprocessed timber originating from Federal lands within the disapproved sourcing area without being subject to the phase-out of Federal timber purchasing procedures described in paragraph (a) of this section, if the following requirements were met:

(i) The applicant certified to the Regional Forester or the approving official to whom such authority has been delegated, within 90 days after receiving the disapproval decision, as follows:

(A) An applicant that has exported unprocessed timber originating from private lands from the geographic area that would have been approved provided a signed certification that reads as follows:

“I have engaged in the exporting of unprocessed private timber originating from private lands located within the geographic area the approving official would have approved as a sourcing area for my manufacturing facility. I desire to continue purchasing unprocessed Federal timber from within such area. I hereby certify that I will cease all exporting of unprocessed timber from private lands located within the area that would have been approved by [the applicant shall insert date 15 months from date of receipt of the disapproval decision]. I agree to retain records of all transactions involving acquisition and disposition of unprocessed timber from both private and Federal lands within the area involved in the certification, for a period of three (3) years beginning on the date of receipt of the disapproval notification, and to make such records available for inspection upon the request of the Regional Forester, or other official to whom such authority has been delegated. I make this certification with full knowledge and understanding of the requirements of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) (Act) and do fully understand that failure to cease such exporting as certified will be a violation of the Act and may subject me to the penalties and remedies for such violation. Further, I fully understand that such violation may subject me to the penalty of perjury pursuant to the False Statements Act (18 U.S.C. 1001). I certify that the information in this certificate is true, complete, and accurate to the best of my knowledge and belief.”;

or,

(B) An applicant who has not exported unprocessed timber originating

from private lands from the geographic area that the Secretary would have approved provided a signed certification that reads as follows:

"I have not exported timber originating from private lands within both the sourcing area that the Secretary would have approved and the disapproved sourcing area in the past 24 months, pursuant to the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*), and I am accepting the area that the Secretary would have approved as my sourcing area. I certify that the information in this certificate is true, complete, and accurate to the best of my knowledge and belief."

(ii) Each certification statement set forth in paragraph (a)(2)(i) of this section must have been signed by the person making such certification or, in the case of a corporation, by its Chief Executive Officer; must have been on company letterhead; must have been notarized; and must have had a corporate seal attached.

(iii) The person signing such certification set forth in paragraph (a)(2)(i)(A) of this section must have provided to the Regional Forester the annual volume of timber exported by that person during the five (5) full fiscal years immediately preceding submission of the application, originating from private lands in the geographic area for which the application would have been approved.

(iv) When the applicant submitted the certificate, the area the Secretary would have approved, as shown on the sourcing area map provided by the Secretary, became an approved sourcing area. If the certificate was not submitted, the sourcing area that would have been approved did not become an approved sourcing area.

(3) The phase-out of Federal timber purchasing and the phase-out of private timber exporting procedures provided by paragraphs (a)(1) and (a)(2) of this section do not apply to persons submitting sourcing area applications after December 20, 1990, or to persons requesting review of disapproved sourcing areas.

(b) *Limits on purchases and exports.* (1) During the 15-month period following disapproval of a sourcing area, a person who elects to phase-out of private tim-

ber exporting as described in paragraph (a)(2) of this section, may not:

(i) Purchase more than 125 percent of the person's annual average purchases of unprocessed timber originating from Federal lands within the person's disapproved sourcing area during the five (5) full fiscal years immediately prior to submission of the application; and,

(ii) Export unprocessed timber originating from private lands in the geographic area determined by the approving official for which the application would have been approved, in amounts that exceed 125 percent of the annual average of that person's exports of unprocessed timber from such private land during the five (5) full years immediately prior to submission of the application.

(2) At the conclusion of the 15-month export phase-out period, the prohibition against exporting private timber originating from within the area shall be in full force and effect as long as the sourcing area remains approved, pursuant to this subpart F of this part 223.

(c) *Presentation of map to applicant whose sourcing area is disapproved.* The area determined by the deciding official that would have been approved shall be drawn on a map and presented to the applicant by the deciding official with the notice of disapproval of the application.

(d) *Effect of prior certification to cease exporting.* An applicant's previous certification to cease exporting beginning February 20, 1991, for a period of three (3) years from within the disapproved sourcing area pursuant to paragraphs (f) and (g) in §223.189 of this subpart shall remain in full force and effect for persons with approved and disapproved sourcing areas.

(e) *Review process and frequency.* (1) Approved sourcing areas shall be reviewed not less often than every five (5) years. A tentative date for a review shall be included in the Administrative Law Judge's, or, on appeal, the Judicial Officer's determination or stated in writing by the Regional Forester following the determination. At least 60 days prior to the tentative review date, the Regional Forester or other such reviewing official shall notify the person

§ 223.192

36 CFR Ch. II (7-1-00 Edition)

holding the sourcing area of the pending review, publish notice of such review in newspapers of general circulation within the sourcing area, and invite comments, to be received no later than 30 days from the date of the notice, from all interested persons, including the person holding the sourcing area. For 10 working days following the comment period, any person submitting a written comment and the person with the sourcing area may review the comments. If there is disagreement among the persons who submitted written comments regarding the proper sourcing area, the reviewing official shall convene an informal meeting convenient to the persons that all interested persons may attend. If an agreement cannot be reached among the persons, formal administrative adjudication shall occur. The Administrative Law Judge, or, on appeal, the Judicial Officer shall, on the record and after opportunity for a hearing, approve or disapprove the sourcing area being reviewed, pursuant to the Rules of Practice Governing the Adjudication of Sourcing Area Applications and Formal Review of Sourcing Areas Pursuant to the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*), found at 7 CFR part 1, subpart M.

(2) Disapproved sourcing areas shall be reviewed using the process described in paragraph (e)(1) of this section upon resubmission of an application, provided the applicant has accepted the area the Secretary would have approved as a sourcing area pursuant to paragraph (a)(2) of this section.

(3) The Department reserves the right to schedule a review, at the request of the Forest Service or the person holding the sourcing area, at any time prior to the scheduled tentative review date, with 60 days notice.

(4) Sourcing areas being reviewed shall continue in full force and effect pending the final review determination.

(f) *Reporting and record keeping procedures.* The reporting and record keeping procedures in this section constitute information collection requirements as defined in 5 CFR part 1320. These requirements have been approved by the Office of Management

and Budget and assigned clearance number 0596-0115.

§ 223.192 Procedures for a non-manufacturer.

(a) Persons who do not own or operate a manufacturing facility (non-manufacturer) are not eligible to apply for or be granted a sourcing area.

(b) The prohibition against the purchase of Federal timber for a person who has exported unprocessed timber originating from private lands within the preceding 24-month period shall not apply, if the person certified in writing to the Regional Forester of the region(s) in which the person purchases National Forest System timber by November 20, 1990, that the person would cease exporting unprocessed timber originating from private lands by February 20, 1991, for a period of three (3) years, and the exporting did cease in accordance with such certification.

(c) To obtain an exemption from the prohibition against export within the preceding 24-month period for purchasing Federal timber described in § 223.189 (a) and (b) of this subpart, a person must have applied in writing to the applicable Regional Forester on or before November 20, 1990. The application was required to be on company letterhead and, in the case of a corporation, with its corporate seal affixed, and must have included:

(1) An agreement to retain records of all transactions involving acquisition and disposition of unprocessed timber from both private and Federal lands within the area(s) involved in the certification, for a period of three (3) years beginning November 20, 1990, and to make such records available for inspection upon the request of the Regional Forester, or other official to whom such authority has been delegated.

(2) A signed certification which reads as follows:

"I have engaged in the exporting of unprocessed timber originating from private lands located west of the 100th meridian in the contiguous 48 States during the preceding 24 months. I desire to purchase directly from a department or agency of the United States, unprocessed timber originating from Federal lands located in such

area of the United States. I make this certification for the exemption from the prohibition against export within the preceding 24-month period for purchasing Federal timber required by the Forest Resources Conservation and Shortage Relief Act of 1990 (Pub. L. No. 101-382, August 20, 1990, 16 U.S.C. 620, *et seq.*) (Act). I hereby certify that I will cease all exporting of such unprocessed private timber from west of the 100th meridian in the contiguous 48 States of the United States by February 20, 1991. I make this certification with full knowledge and understanding of the requirements of this Act and do fully understand that failure to cease such exporting as certified will be a violation of this Act (16 U.S.C. 620d) and the False Statements Act (18 U.S.C. 1001), and may subject me to the penalties and remedies provided for such violation."

(3) The certification must have been signed by the person making such certification or, in the case of a corporation, by its Chief Executive Officer. The certificate must have been notarized.

§ 223.193 Procedures for reporting acquisition and disposition of unprocessed Federal timber.

(a) *Annual report.* Each person who directly or indirectly acquires or possesses unprocessed timber originating from National Forest System lands located west of the 100th meridian in the 48 contiguous States shall submit an annual report on a form provided by the Forest Service on the acquisition and disposition of such timber. Such report shall be on a calendar year basis and shall be sent to the Regional Forester, or other official to whom such authority is delegated, who administers the National Forest System lands from which the majority of timber originated, not later than March 1 of each year, beginning March 1, 1997. The form shall include:

(1) A summary for the calendar year listing, by company, from whom the timber was acquired; the date of acquisition; the origin of National Forest System timber acquired; the sale name; the contract number(s); brand registration number(s) of brands registered by a state or agency or a pictorial representation of sale brand(s) if brands not registered by a state or agency; to whom the timber was sold, transferred or otherwise conveyed to

another person; and the date of disposal;

(2) An accounting by origin, in net board feet Scribner or cubic feet, of the volume of National Forest System timber acquired, the volume domestically processed by the purchaser or affiliates, and the volume sold or transferred for domestic processing;

(3) The volume by species of National Forest System surplus species timber acquired and exported or sold for export;

(4) The volume (MBF Net Scribner or cubic) of the unprocessed timber originating from private lands west of the 100th meridian in the contiguous 48 States that was exported, and

(5) A certificate stating that:

(i) The certifier has read and understands the form;

(ii) The certifier is eligible to acquire unprocessed timber originating from Federal lands in accordance with the Act;

(iii) The information supplied is a true, accurate, current, and complete statement of the receipt and disposition of unprocessed timber originating from National Forest System lands to the best of the certifier's knowledge;

(iv) The certifier agrees to retain a copy of the form and records of all transactions involving unprocessed Federal timber and to make such records available for inspection upon request of an authorized official of the United States for three (3) years from the date of disposal by manufacture or transfer; and

(v) The certifier acknowledges that failure to report completely and accurately the receipt and disposition of timber will subject the certifier to the penalties and remedies in the Act and the penalties in the False Statements Act (18 U.S.C. 1001).

(6) The information provided is presumed to be not confidential, unless specifically marked confidential, in which case confidentiality will be evaluated under applicable laws.

(b) *Transfer of unprocessed National Forest System timber.* Each person who transfers to another person unprocessed timber originating from National Forest System lands shall undertake the following:

§ 223.193

36 CFR Ch. II (7-1-00 Edition)

(1) Before completing such transfer, provide to such other person a written notice of origin, species, estimated volume or actual volume if the transfer is based on log scale volume, from whom acquired, sale name, contract number, and log brand of unprocessed National Forest System timber being transferred on a form provided by the Forest Service;

(2) Before completing such transfer, certify that the information supplied is a true, accurate, current, and complete statement to the best of his or her knowledge. As part of the certification, the certifier shall:

(i) Agree to send a signed copy of the form required in paragraph (b)(1) of this section within 10 calendar days of such transfer, which shall include all notices, acknowledgments, and agreements, required by this section, to the appropriate Regional Forester who administers the National Forest System lands from which this timber originates, or other official to whom such authority is delegated, and to retain a copy for the certifier's records;

(ii) Acknowledge that the transfer of unprocessed Federal timber to a person for export or to a person who may not purchase timber directly from the Federal government is a violation of the Act;

(iii) Agree to obtain full completed notice of origin form from the transferee;

(iv) Agree to retain records of all transactions involving unprocessed Federal timber for a period of three (3) years from the date of transfer and to make all records involving log transactions available to an appropriate Federal official upon request. Records include all forms and certificates required by these regulations;

(v) Acknowledge that failure to report completely and accurately the receipt and disposition and/or transfer of unprocessed National Forest System timber will subject the certifier to the penalties and remedies in the Act (16 U.S.C. 620, *et seq.*) and the penalties in the False Statements Act (18 U.S.C. 1001); and

(vi) Certify that he or she has read and understands the form.

(3) Before completing such transfer, obtain from the person acquiring such

timber on the same form provided by the Forest Service.

(i) An agreement to retain for a period of three (3) years from date of transfer the records of all sales, exchanges, or other disposition of such timber, and make such records available for inspection upon the request of an authorized official of the United States;

(ii) An agreement to allow Federal officials access to log storage and processing facilities for the purpose of monitoring compliance with the Act and implementing regulations;

(iii) An agreement to maintain and/or replace all brands and paint identifying the Federal origin of each piece of unprocessed Federal timber as described in § 223.195;

(iv) An agreement to submit, by March 1, the annual report required in § 223.193(a);

(v) An agreement to submit a completed notice of origin form for the Federal timber received and to receive an agreement to comply with the Act and regulations in such form if the person transfers any or all of the timber listed in the document;

(vi) An acknowledgment of the prohibition against acquiring unprocessed Federal timber from a person who is prohibited by the Act from purchasing the timber directly from the United States;

(vii) An acknowledgment of the prohibitions against exporting unprocessed Federal timber and against acquiring such timber in substitution for unprocessed private timber west of the 100th meridian in the contiguous 48 States;

(viii) A declaration of its business size and manufacturing classification, as defined under the Small Business Administration Regulations at 13 CFR part 121; and

(ix) A certificate stating that the certifier has read and understands the form; is eligible to acquire unprocessed timber originating from Federal lands in accordance with the Act; has been notified that some or all of the unprocessed timber included in this transfer is subject to export and substitution restrictions; supplied information is a true, accurate, current, and complete

statement of the receipt and disposition of the unprocessed timber originating from National Forest System lands to the best of the certifier's knowledge; and acknowledges that failure to report completely and accurately the transfer of unprocessed Federal timber will subject the certifier to the penalties and remedies in the Act (16 U.S.C. 620, *et seq.*) and the penalties in the False Statements Act (18 U.S.C. 1001). The information provided is presumed to be not confidential, unless specifically marked confidential, in which case confidentiality will be evaluated under applicable laws.

(4) Except as otherwise provided by law, a person who transfers unprocessed Federal timber to another person and meets all notice, certification, acknowledgment, reporting and record keeping requirements contained in this section shall be relieved from further liability for such timber pursuant to the Act.

§ 223.194 Procedures for reporting the acquisition and disposition of unprocessed private timber.

(a) *Notice of domestic processing requirement.* Each person who acquires unprocessed timber originating from Federal lands located west of the 100th meridian in the 48 contiguous States, and who also possesses or acquires unprocessed timber from private lands located west of the 100th meridian in the 48 contiguous States that requires domestic processing, including unprocessed timber originating within an approved sourcing area, and in turn sells, trades or otherwise conveys such unprocessed private timber to another person, must include a statement notifying the person acquiring the unprocessed private timber that such private timber must be domestically processed. Unprocessed timber originating from private lands located outside of a sourcing area may be transferred by the holder of the sourcing area, or by persons acquiring such unprocessed timber who are eligible to export such timber, without including such a statement.

(b) The notification statement, pursuant to paragraph (a) of this section, shall accompany each transaction involving unprocessed private timber

that requires domestic processing. The statement shall be on a form provided by the Forest Service or a legible copy of such form.

(1) On such form, described in paragraph (b) of this section, the person transferring the timber shall:

(i) Give notice to the person receiving the unprocessed private timber that exporting that timber would violate the Act and its implementing regulations;

(ii) Give notice to the person receiving the unprocessed private timber that the timber has been identified for domestic manufacturing by a spot of highway yellow paint on each log end that must be retained on the timber;

(iii) Agree to send a signed copy of the transaction statement to the Regional Forester within 10 calendar days of the transaction;

(iv) Agree to retain records of all transactions involving the acquisition and disposition of unprocessed timber for a period of three (3) years from the date of disposal by manufacturing or transfer and to make such records available for inspection upon the request of an authorized official of the United States;

(v) Acknowledge that failure to completely and accurately report and identify unprocessed timber is a violation of the Act, and regulations issued under the Act, and the False Statements Act (18 U.S.C. 1001); and

(vi) Certify that the form has been read and understood.

(2) On such form, described in paragraph (b), the person acquiring the timber shall:

(i) Acknowledge receipt of the notice of requirement to domestically process timber originating from private land;

(ii) Certify that a statement pursuant to paragraph (b)(1) will be included in any subsequent transaction documents;

(iii) Agree to maintain yellow paint markings on each log end until the timber is domestically processed or transferred;

(iv) Agree to retain records of all transactions involving the acquisition and disposition of unprocessed timber for a period of three (3) years from the date of disposal by manufacturing or transfer and to make such records

§ 223.195

36 CFR Ch. II (7-1-00 Edition)

available for inspection upon the request of an authorized official of the United States;

(v) Agree to send a signed copy of the transaction statement to the Regional Forester within 10 calendar days of the transaction;

(vi) Agree to allow authorized officials access to log storage and processing facilities for the purpose of monitoring compliance with the Act and its implementing regulations;

(vii) Acknowledge that failure to comply with the domestic manufacturing requirements for unprocessed timber or failure to notify subsequent persons of this requirement may subject the certifier to the civil penalties and administrative remedies provided in the Act and regulations issued under the Act;

(viii) Acknowledge that failure to completely and accurately report and identify unprocessed timber is a violation of the Act, and regulations issued under the Act, and the False Statements Act (18 U.S.C. 1001); and

(ix) Certify that the form has been read and understood.

(c) Except as otherwise provided by law, a person who transfers unprocessed private timber to another person and meets all notice, certification, acknowledgement, distribution, reporting and record keeping requirements contained in this section shall be relieved from further liability for such timber with regard to the export and substitution restrictions pursuant to the Act.

§ 223.195 Procedures for identifying and marking unprocessed timber.

(a) *Highway yellow paint.* The use of highway yellow paint on unprocessed logs west of the 100th meridian in the contiguous 48 States shall be reserved for identifying logs requiring domestic manufacturing.

(b) *Preserving identification.* All identifying marks placed on an unprocessed log to identify the National Forest System origin of that log and/or to identify the log as requiring domestic processing shall be retained on the log until the log is domestically processed. If the identifying marks are lost, removed, or become unreadable, they shall be replaced. If the log is cut into two or more segments, each segment

shall be identified in the same manner as the original log.

(1) A generic log hammer brand, known as a "catch brand", used to identify ownership, may be used to replace lost, removed, unreadable or otherwise missing brands where such use is authorized by the Regional Forester and approved by the Contracting Officer. Use of such a catch brand on a log or log segment will signify Federal origin.

(2) The requirement to preserve identification of log pieces shall not apply to logs cut into two or more segments as a part of the mill in-feed process immediately before processing. Log segments that are returned to or placed in storage must be marked on both ends with yellow paint.

(c) *National Forest System logs.* Except as otherwise provided in this subsection, all unprocessed logs originating from National Forest System timber sales west of the 100th meridian in the contiguous 48 States shall, before being removed from the timber sale area, be marked on each end as follows:

(1) Painted on each end with a spot of highway yellow paint not less than three square inches in size; and,

(2) Branded on each end with a hammer brand approved for use by the Forest Supervisor of the National Forest from which the logs originate. The brand pattern may not be used to mark logs from any other source for a period of 24 months after all logs have been removed from the sale area and until such brand pattern is released in writing by the Forest Supervisor.

(d) *Private logs.* All unprocessed logs originating from private lands west of the 100th meridian in the contiguous 48 States that require domestic manufacturing pursuant to § 223.194 of this subpart, shall be painted on each end with a spot of highway yellow paint not less than three (3) square inches in size before removal from the harvest area. If private logs are acquired by a person who may not export such logs, the logs must be marked by the person acquiring the logs at the time of the acquisition.

(e) *Waiver of painting requirements.* The log painting requirements pursuant to paragraphs (c)(1) and (d) of this

section may be waived if the Chief of the Forest Service determines that alternate methods for identifying logs required to be domestically processed are equal to or better than the procedures required herein.

(f) *Waiver of branding requirements.* Regional Foresters may waive the branding requirements pursuant to paragraph (c)(2) of this section as follows:

(1) *Regions 1, 2, 3, and 4.* On an individual timber sale basis, all or a portion of the branding requirements pursuant to paragraph (c)(2) of this section may be waived, if:

(i) Unprocessed logs from any origin are not known to have been exported by any person from the person's area of operations within the previous 5 years.

(ii) The person certifies as follows:

"I hereby request waiver of the requirements to brand each end of individual logs originating from the _____ timber sale, Forest Service contract number _____ pursuant to 36 CFR 223.195. I certify that I have not exported or sold for export unprocessed timber from private lands within my area of operations in five years. I certify that I understand, that if granted, the waiver applies only to unprocessed logs being processed within my area of operations. I certify that any unprocessed logs to which this waiver applies that are transferred, or sold for transfer, outside my area of operations will be branded on both ends in full compliance with 36 CFR 223.195. I make this certification with full knowledge and understanding of the requirement of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620, *et seq.*) (Act) and its implementing regulations at 36 CFR part 223. I fully understand that failure to abide by the terms of the waiver will be a violation of this Act (16 U.S.C. 620, *et seq.*) and the False Statements Act (18 U.S.C. 1001) and may subject me to the penalties and remedies provided for such violation.";

and,

(iii) The person otherwise complies with the regulations relating to transfers of logs between persons.

(iv) If the Regional Forester determines that unprocessed logs from my origin are being exported, or are known to have been exported within the previous 5 years, by any person from the person's area of operations, the Regional Forester shall revoke the waiver.

(2) *Regions 5 and 6.* On an individual timber sale basis, the branding requirement pursuant to paragraph (c)(2) of this section may be waived for logs ten (10) inches or less in diameter inside bark on the large end may be waived if:

(i) One end of each log is branded;

(ii) The person certifies as follows:

"I hereby request waiver of the requirement to brand each end of individual logs ten (10) inches or less in diameter inside bark on the large end, originating from the _____ timber sale, U.S. contract number _____ pursuant to 36 CFR 223.195. I certify that I understand, if granted, that the waiver applies only to unprocessed logs being processed at _____, and further certify that any and all unprocessed logs to which waiver would apply that are transferred, or sold for transfer, will be branded on both ends in full compliance 36 CFR 223.195. I make this certification with full knowledge and understanding of the requirements of the Forest Resources Conservation and Shortage Relief Act of 1990 (Pub. L. No. 101-382, August 20, 1990; 16 U.S.C. 620, *et seq.*) (Act) and its implementing regulations at 36 CFR Part 223. I fully understand that failure to abide by the terms of the waiver will be a violation of this Act (16 U.S.C. 620, *et seq.*) and the False Statements Act (18 U.S.C. 1001) and may subject me to the penalties and remedies provided for such violation.";

and,

(iii) The purchaser otherwise complies with the regulations relating to transfers of logs between persons.

(iv) If the Regional Forester determines that logs ten (10) inches or less in diameter inside bark on the large end are being exported in the Region, the Regional Forester shall revoke the waiver.

(3) The Chief of the Forest Service may authorize the testing of alternative methods of branding for consideration in future amendment of these regulations. Such alternative methods and logs marked under those methods shall be closely monitored.

§ 223.196 Civil penalties for violation

(a) *Exporting Federal timber.* If the Secretary of Agriculture finds, on the record and after providing an opportunity for a hearing, that a person, with willful disregard for the prohibition in the Act exporting unprocessed Federal timber, exported or caused to

§ 223.197

be exported unprocessed timber originating from Federal lands in violation of the Act, the Secretary may assess against such person a civil penalty of not more than \$500,000 for each violation, or 3 times the gross value of the unprocessed timber involved in the violation, whichever amount is greater.

(b) *Other violations.* If the Secretary of Agriculture finds, on the record and after providing an opportunity for a hearing, that a person has violated any provision of the Act, or any regulation issued under the Act relating to National Forest System lands, even though that the violation may not have caused the export of unprocessed Federal timber in violation of such Act, the Secretary may:

(1) Assess against such person a civil penalty of not more than \$500,000, if the Secretary determines that the person committed such violation willfully;

(2) Assess against such person a civil penalty of not more than \$75,000 for each violation, if the Secretary determines that the person committed such violation in disregard of such provision or regulation; or

(3) Assess against such person a civil penalty of not more than \$50,000 for each violation, if the Secretary determines that the person should have known that the action constituted a violation.

(c) *Penalties not exclusive and judicial review.* A penalty assessed under paragraph (a) or (b) of this section shall not be exclusive of any other penalty provided by law, and shall be subject to review in an appropriate United States district court.

§ 223.197 Civil penalty assessment procedures.

Adjudicatory procedures for hearing alleged violations of this Act and its implementing regulations and assessing penalties shall be conducted under the rules of practice governing formal adjudicatory proceedings instituted by the Secretary. Such procedures are found at 7 CFR 1.130, *et seq.*

§ 223.198 Administrative remedies.

In addition to possible debarment action provided under subpart C of this part, the Chief of the Forest Service, or other official to whom such authority

36 CFR Ch. II (7-1-00 Edition)

is delegated, may cancel any timber sale contract entered into with a person found to have violated the Act or regulations issued under the Act. Such a finding shall constitute a serious violation of contract terms pursuant to § 223.116(a)(1) of this part.

§ 223.199 Procedures for cooperating with other agencies.

The Regional Foresters may enter into agreements to cooperate with the Department of the Interior, the Department of Defense, and other Federal, State and local agencies for monitoring, surveillance and enforcing the Act.

§ 223.200 Determinations of surplus species.

(a) Determinations that specific quantities of grades and species are surplus to domestic manufacturing needs and withdrawals of such determinations shall be made in accordance with title 5, United States Code, section 553.

(b) Review of a determination shall be made at least once in every 3-year period. Notice of such review shall be published in the FEDERAL REGISTER. The public shall have no less than 30 days to submit comments on the review.

(c) Alaska yellow cedar and Port Orford cedar, which the Secretary of Agriculture found to be surplus to domestic processing needs pursuant to 36 CFR 223.163, the rules in effect before August 20, 1990, shall continue in that status until new determinations are published.

§ 223.201 Limitations on unprocessed timber harvested in Alaska.

Unprocessed timber from National Forest System lands in Alaska may not be exported from the United States or shipped to other States without prior approval of the Regional Forester. This requirement is necessary to ensure the development and continued existence of adequate wood processing capacity in Alaska for the sustained utilization of timber from the National Forests which are geographically isolated from other processing facilities. In determining whether consent will be

given for the export of timber, consideration will be given to, among other things, whether such export will:

- (a) Permit more complete utilization on areas being logged primarily for local manufacture,
- (b) Prevent loss or serious deterioration of logs unsalable locally because of an unforeseen loss of market,
- (c) Permit the salvage of timber damaged by wind, insects, fire or other catastrophe,
- (d) Bring into use a minor species of little importance to local industrial development, or
- (e) Provide material required to meet urgent and unusual needs of the Nation. (16 U.S.C. 472a; 16 U.S.C. 551; 16 U.S.C. 616)

§ 223.202 Information requirements.

(a) The procedures in §§223.189 and 223.192, and some of the procedures in §223.190 were approved by the Office of Management and Budget (OMB) and assigned Control Number 0596-0114 upon issuance of the interim rule. Control Number 0596-0114 has been reapproved by OMB for use through May 31, 1997. OMB approved the information collection requirements in §§223.191 and 223.203 for use through August 31, 1995, and assigned them Control Number 0596-0115. OMB approved the information collection requirements in §§223.48 and 223.87 for use through March 31, 1997 and assigned them Control Number 0596-0021; the information collection requirements in §§223.48 and 223.87 have been revised. OMB Control Numbers 0596-0114, 0596-0115, and 0596-0021 have been consolidated under OMB Control Number 0596-0114.

(b) The application and reporting procedures in §§223.187, 223.193, 223.194, 223.195, and some of the procedures in §223.190 of this final rule contain new record keeping and reporting requirements as defined in 5 CFR part 1320 and, therefore, impose additional paperwork burdens on the affected public. The Office of Management and Budget (OMB) has approved these requirements, and assigned them Control Number 0596-0114.

§ 223.203 Indirect substitution exception for National Forest System timber from within Washington State.

(a) *Exception limits.* A limited amount of unprocessed National Forest System timber originating from within Washington State could have been acquired by a person otherwise covered by the prohibition against indirect substitution, pursuant to §490(b) of the Act and §223.189(e) of this subpart.

(1) The amount of such unprocessed timber was limited to whichever is less:

(i) The higher of the applicant's actual purchase receipts for unprocessed timber originating from National Forest System lands within Washington State or the Department's records, during fiscal years 1988, 1989, and 1990, divided by 3; or

(ii) 15 million board feet.

(2) Such limit shall not exceed such person's proportionate share of 50 million board feet.

(b) *Application, review and approval process.* To obtain a share of the 50 million board feet exempted from the prohibition against indirect substitution in section 490(b) of the Act, a person must have submitted an application. Applications were required to include at least the following:

(1) The amount of volume exception being requested, in thousand board feet (MBF);

(2) A signed certification that reads as follows:

"I certify that, except for an approved share of unprocessed Federal timber, in accordance with 36 CFR 223.203, the prohibition contained in section 490(b) of the Act (16 U.S.C. 620b) applies to me. I have exported unprocessed timber originating from private lands from west of the 100th meridian in the 48 contiguous States and have acquired unprocessed timber from National Forest System lands located within Washington State in 1988, 1989 and/or 1990. I certify that the information provided in support of this application is a true, accurate, current and complete statement, to the best of my knowledge and belief. I agree to retain records of all transactions involving the acquisition and disposition of unprocessed timber from Federal lands within the area involved in this application for a period of 3 years beginning on the date the application is approved, and

§ 223.203

36 CFR Ch. II (7-1-00 Edition)

to make such records available for inspection upon the request of the Regional Forester or other official to whom such authority has been delegated. I make this certification with full knowledge and understanding of the requirements of the Act and do fully understand that if this application is approved, the amount of exception granted under this approval may not be exceeded in any one fiscal year, and do fully understand that if such exception is exceeded I will be in violation of the Act (16 U.S.C. 620, *et seq.*), and I may be subject to the penalties and remedies provided for such violation. Further, I do fully understand that such violation may subject me to the penalty of perjury pursuant to the False Statements Act (18 U.S.C. 1001).”;

and

(3) The application listed under this section must have been signed by the person making such application or, in the case of a corporation, by its Chief Executive Officer. The application must have been on the company’s letterhead and must have been notarized.

(4) The application made under this section must have been mailed to the Regional Forester in Portland, Oregon, no later than January 8, 1992. Applicants were notified of the approving official’s decision by letter. If approved, the amount of the exception becomes effective upon publication in the FEDERAL REGISTER.

(5) Prospective applicants could review Department records upon request prior to the deadline for submitting applications. An applicant could voluntarily submit information documenting the amount of purchases of unprocessed timber originating from National Forest System lands within Washington State. The Department then determined which amount is higher, verified by either the Department’s records or the applicant’s records. The Department then determined the applicant’s portion of the 50 million board feet by determining the lesser of the amount verified by the records or 15 million board feet. Applicants could submit the information documenting the amount of purchases in the following manner:

(i) Actual receipts for purchasing unprocessed timber from National Forest System lands within Washington State; or

(ii) A statement by a certified public accountant of:

(A) A summary by fiscal year for 1988, 1989 and 1990 of the applicant’s acquisitions of timber originating from National Forest System lands in the State of Washington, listing total volume for each of the three fiscal years; and

(B) The average volume for the three fiscal years. The volumes to be reported were the harvest volumes, except in the case of open sales. Advertised volumes had to be reported for open sales.

(C) The certified public accountant must have certified to the following:

“I certify that under the penalties and remedies provided in §492 of the Act (16 U.S.C. 620d) and the penalty of perjury provided in the False Statements Act (18 U.S.C. 1001) that the information provided in support of this application is, to the best of my knowledge and belief, a true, accurate, current, and complete statement of [applicant’s company’s name] National Forest System timber acquisitions originating from within the State of Washington for fiscal years 1988, 1989 and/or 1990.”

(D) The certified public accountant’s statement and certification must have been on the accountant’s company letterhead, must have been notarized, and must have accompanied the applicant’s application.

(c) *Selling and trading rights.* The purchase limit right obtained under this rule may be sold, traded, or otherwise exchanged with any other person subject to the following conditions:

(1) Such rights may not be sold, traded, or otherwise exchanged to persons already in possession of such rights:

(2) Any person selling, trading, or exchanging any or all of the rights obtained under this rule shall advise the Regional Forester of the amount being traded and the name(s) of the person(s) acquiring such rights within 15 days of the transaction; and

(3) No person may have or acquire more than 15 million board feet in one fiscal year.

(d) *Information collection.* The application procedures in this section constitute information collection requirements as defined in 5 CFR part 1320. These requirements have been approved by the Office of Management

and Budget and assigned clearance number 0596-0114.

(e) *Persons with approved shares.* The application period for shares of the indirect substitution exception for acquiring unprocessed timber originating from National Forest System lands within the State of Washington closed on January 8, 1992. Persons with approved shares are responsible for monitoring and controlling their acquisitions of National Forest System timber originating from within the State of Washington to assure approved share amounts are not exceeded in any Federal fiscal year. Unused portions of annual shares may not be "banked" for use in future fiscal years. The acquisition of such National Forest System timber must be reported to the Forest Service in accordance with §223.193 of this subpart. The following shares are approved as of September 8, 1995:

- (1) Cavenham Forest Industries, Portland, OR, 1,048,000 board feet.
- (2) Weyerhauser, Tacoma, WA, 15,000,000 board feet.

- 228.115 Additional notice of decisions.
- 228.116 Information collection requirements.

APPENDIX A TO SUBPART E OF PART 228— GUIDELINES FOR PREPARING SURFACE USE PLANS OF OPERATION FOR DRILLING

AUTHORITY: 30 Stat. 35 and 36, as amended (16 U.S.C. 478, 551); 41 Stat. 437, as amended, sec. 5102(d), 101 Stat. 1330-256 (30 U.S.C. 226); 61 Stat. 681, as amended (30 U.S.C. 601); 61 Stat. 914, as amended (30 U.S.C. 352); 69 Stat. 368, as amended (30 U.S.C. 611); and 94 Stat. 2400.

SOURCE: 39 FR 31317, Aug. 28, 1974, unless otherwise noted. Redesignated at 46 FR 36142, July 14, 1981.

Subpart A—Locatable Minerals

§ 228.1 Purpose.

It is the purpose of these regulations to set forth rules and procedures through which use of the surface of National Forest System lands in connection with operations authorized by the United States mining laws (30 U.S.C. 21-54), which confer a statutory right to enter upon the public lands to search for minerals, shall be conducted so as to minimize adverse environmental impacts on National Forest System surface resources. It is not the purpose of these regulations to provide for the management of mineral resources; the responsibility for managing such resources is in the Secretary of the Interior.

§ 228.2 Scope.

These regulations apply to operations hereafter conducted under the United States mining laws of May 10, 1872, as amended (30 U.S.C. 22 *et seq.*), as they affect surface resources on all National Forest System lands under the jurisdiction of the Secretary of Agriculture to which such laws are applicable: *Provided, however,* That any area of National Forest lands covered by a special Act of Congress (16 U.S.C. 482a-482q) is subject to the provisions of this part and the provisions of the special act, and in the case of conflict the provisions of the special act shall apply.

36 CFR Ch. II (7-1-00 Edition)

§ 228.3 Definitions.

For the purposes of this part the following terms, respectively, shall mean:

(a) *Operations.* All functions, work, and activities in connection with prospecting, exploration, development, mining or processing of mineral resources and all uses reasonably incident thereto, including roads and other means of access on lands subject to the regulations in this part, regardless of whether said operations take place on or off mining claims.

(b) *Operator.* A person conducting or proposing to conduct operations.

(c) *Person.* Any individual, partnership, corporation, association, or other legal entity.

(d) *Mining claim.* Any unpatented mining claim or unpatented millsite authorized by the United States mining laws of May 10, 1872, as amended (30 U.S.C. 22 *et seq.*).

(e) *Authorized officer.* The Forest Service officer to whom authority to review and approve operating plans has been delegated.

§ 228.4 Plan of operations—notice of intent—requirements.

(a) Except as provided in paragraph (a)(2) of this section, a notice of intention to operate is required from any person proposing to conduct operations which might cause disturbance of surface resources. Such notice of intention shall be submitted to the District Ranger having jurisdiction over the area in which the operations will be conducted. If the District Ranger determines that such operations will likely cause significant disturbance of surface resources, the operator shall submit a proposed plan of operations to the District Ranger.

(1) The requirements to submit a plan of operations shall not apply:

(i) To operations which will be limited to the use of vehicles on existing public roads or roads used and maintained for National Forest purposes,

(ii) To individuals desiring to search for and occasionally remove small mineral samples or specimens,

(iii) To prospecting and sampling which will not cause significant surface

resource disturbance and will not involve removal of more than a reasonable amount of mineral deposit for analysis and study,

(iv) tT marking and monumenting a mining claim and

(v) To subsurface operations which will not cause significant surface resource disturbance.

(2) A notice of intent need not be filed:

(i) Where a plan of operations is submitted for approval in lieu thereof,

(ii) For operations excepted in paragraph (a)(1) of this section from the requirement to file a plan of operations,

(iii) For operations which will not involve the use of mechanized earthmoving equipment such as bulldozers or backhoes and will not involve the cutting of trees. Each notice of intent to operate shall provide information sufficient to identify the area involved, the nature of the proposed operations, the route of access to the area of operations and the method of transport. If a notice of intent is filed, the District Ranger will, within 15 days of receipt thereof, notify the operator whether a plan of operations is required.

(b) Any person conducting operations on the effective date of these regulations, who would have been required to submit a plan of operations under §228.4(a), may continue operations but shall within 120 days thereafter submit a plan of operations to the District Ranger having jurisdiction over the area within which operations are being conducted: *Provided, however,* That upon a showing of good cause the authorized officer will grant an extension of time for submission of a plan of operations, not to exceed an additional 6 months. Operations may continue according to the submitted plan during its review, unless the authorized officer determines that the operations are unnecessarily or unreasonably causing irreparable damage to surface resources and advises the operator of those measures needed to avoid such damage. Upon approval of a plan of operations, operations shall be conducted in accordance with the approved plan. The requirement to submit a plan of operations shall not apply: (1) To operations excepted in §228.4(a) or (2) to op-

erations concluded prior to the effective date of the regulations in this part.

(c) The plan of operations shall include:

(1) The name and legal mailing address of the operators (and claimants if they are not the operators) and their lessees, assigns, or designees.

(2) A map or sketch showing information sufficient to locate the proposed area of operations on the ground, existing and/or proposed roads or access routes to be used in connection with the operations as set forth in §228.12 and the approximate location and size of areas where surface resources will be disturbed.

(3) Information sufficient to describe or identify the type of operations proposed and how they would be conducted, the type and standard of existing and proposed roads or access routes, the means of transportation used or to be used as set forth in §228.12, the period during which the proposed activity will take place, and measures to be taken to meet the requirements for environmental protection in §228.8.

(d) The plan of operations shall cover the requirements set forth in paragraph (c) of this section, as foreseen for the entire operation for the full estimated period of activity: *Provided, however,* That if the development of a plan for an entire operation is not possible at the time of preparation of a plan, the operator shall file an initial plan setting forth his proposed operation to the degree reasonably foreseeable at that time, and shall thereafter file a supplemental plan or plans whenever it is proposed to undertake any significant surface disturbance not covered by the initial plan.

(e) At any time during operations under an approved plan of operations, the authorized officer may ask the operator to furnish a proposed modification of the plan detailing the means of minimizing unforeseen significant disturbance of surface resources. If the operator does not furnish a proposed modification within a time deemed reasonable by the authorized officer, the authorized officer may recommend to his immediate superior that the operator be required to submit a proposed

§ 228.5

36 CFR Ch. II (7–1–00 Edition)

modification of the plan. The recommendation of the authorized officer shall be accompanied by a statement setting forth in detail the supporting facts and reasons for his recommendations. In acting upon such recommendation, the immediate superior of the authorized officer shall determine:

(1) Whether all reasonable measures were taken by the authorized officer to predict the environmental impacts of the proposed operations prior to approving the operating plan,

(2) Whether the disturbance is or probably will become of such significance as to require modification of the operating plan in order to meet the requirements for environmental protection specified in § 228.8 and

(3) Whether the disturbance can be minimized using reasonable means. Lacking such determination that unforeseen significant disturbance of surface resources is occurring or probable and that the disturbance can be minimized using reasonable means, no operator shall be required to submit a proposed modification of an approved plan of operations. Operations may continue in accordance with the approved plan until a modified plan is approved, unless the immediate superior of the authorized officer determines that the operations are unnecessarily or unreasonably causing irreparable injury, loss or damage to surface resources and advises the operator of those measures needed to avoid such damage.

(f) Upon completion of an environmental analysis in connection with each proposed operating plan, the authorized officer will determine whether an environmental statement is required. Not every plan of operations, supplemental plan or modification will involve the preparation of an environmental statement. Environmental impacts will vary substantially depending on whether the nature of operations is prospecting, exploration, development, or processing, and on the scope of operations (such as size of operations, construction required, length of operations and equipment required), resulting in varying degrees of disturbance to vegetative resources, soil, water, air, or wildlife. The Forest Service will pre-

pare any environmental statements that may be required.

(g) The information required to be included in a notice of intent or a plan of operations, or supplement or modification thereto, has been assigned Office of Management and Budget Control #0596-0022. The public reporting burden for this collection of information is estimated to vary from a few minutes for an activity involving little or no surface disturbance to several months for activities involving heavy capital investments and significant surface disturbance, with an average of 2 hours per individual response. This includes time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Chief (2800), Forest Service, USDA, P.O. Box 96090, Washington, DC 20090-6090 and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

[39 FR 31317, Aug. 28, 1974. Redesignated at 46 FR 36142, July 14, 1981, and amended at 54 FR 6893, Feb. 15, 1989]

§ 228.5 Plan of operations—approval.

(a) Operations shall be conducted in accordance with an approved plan of operations, except as provided in paragraph (b) of this section and in § 228.4 (a), (b), and (e). A proposed plan of operation shall be submitted to the District Ranger, who shall promptly acknowledge receipt thereof to the operator. The authorized officer shall, within thirty (30) days of such receipt, analyze the proposal, considering the economics of the operation along with the other factors in determining the reasonableness of the requirements for surface resource protection, and:

(1) Notify the operator that he has approved the plan of operations; or

(2) Notify the operator that the proposed operations are such as not to require an operating plan; or

(3) Notify the operator of any changes in, or additions to, the plan of operations deemed necessary to meet

the purpose of the regulations in this part; or

(4) Notify the operator that the plan is being reviewed, but that more time, not to exceed an additional sixty (60) days, is necessary to complete such review, setting forth the reasons why additional time is needed: *Provided, however,* That days during which the area of operations is inaccessible for inspection shall not be included when computing the sixty (60) day period; or

(5) Notify the operator that the plan cannot be approved until a final environmental statement has been prepared and filed with the Council on Environmental Quality as provided in § 228.4(f).

(b) Pending final approval of the plan of operations, the authorized officer will approve such operations as may be necessary for timely compliance with the requirements of Federal and State laws, so long as such operations are conducted so as to minimize environmental impacts as prescribed by the authorized officer in accordance with the standards contained in § 228.8.

(c) A supplemental plan or plans of operations provided for in § 228.4(d) and a modification of an approved operating plan as provided for in § 228.4(e) shall be subject to approval by the authorized officer in the same manner as the initial plan of operations: *Provided, however,* That a modification of an approved plan of operations under § 228.4(e) shall be subject to approval by the immediate superior of the authorized officer in cases where it has been determined that a modification is required.

(d) In the provisions for review of operating plans, the Forest Service will arrange for consultation with appropriate agencies of the Department of the Interior with respect to significant technical questions concerning the character of unique geologic conditions and special exploration and development systems, techniques, and equipment, and with respect to mineral values, mineral resources, and mineral reserves. Further, the operator may request the Forest Service to arrange for similar consultations with appropriate agencies of the U.S. Department of the Interior for a review of operating plans.

§ 228.6 Availability of information to the public.

Except as provided herein, all information and data submitted by an operator pursuant to the regulations in this part shall be available for examination by the public at the Office of the District Ranger in accordance with the provisions of 7 CFR 1.1-1.6 and 36 CFR 200.5-200.10. Specifically identified information and data submitted by the operator as confidential concerning trade secrets or privileged commercial or financial information will not be available for public examination. Information and data to be withheld from public examination may include, but is not limited to, known or estimated outline of the mineral deposits and their location, attitude, extent, outcrops, and content, and the known or planned location of exploration pits, drill holes, excavations pertaining to location and entry pursuant to the United States mining laws, and other commercial information which relates to competitive rights of the operator.

§ 228.7 Inspection, noncompliance.

(a) Forest Officers shall periodically inspect operations to determine if the operator is complying with the regulations in this part and an approved plan of operations.

(b) If an operator fails to comply with the regulations or his approved plan of operations and the noncompliance is unnecessarily or unreasonably causing injury, loss or damage to surface resources the authorized officer shall serve a notice of noncompliance upon the operator or his agent in person or by certified mail. Such notice shall describe the noncompliance and shall specify the action to comply and the time within which such action is to be completed, generally not to exceed thirty (30) days: *Provided, however,* That days during which the area of operations is inaccessible shall not be included when computing the number of days allowed for compliance.

§ 228.8 Requirements for environmental protection.

All operations shall be conducted so as, where feasible, to minimize adverse environmental impacts on National

§ 228.9

36 CFR Ch. II (7-1-00 Edition)

Forest surface resources, including the following requirements:

(a) *Air Quality.* Operator shall comply with applicable Federal and State air quality standards, including the requirements of the Clean Air Act, as amended (42 U.S.C. 1857 *et seq.*).

(b) *Water Quality.* Operator shall comply with applicable Federal and State water quality standards, including regulations issued pursuant to the Federal Water Pollution Control Act, as amended (33 U.S.C. 1151 *et seq.*).

(c) *Solid Wastes.* Operator shall comply with applicable Federal and State standards for the disposal and treatment of solid wastes. All garbage, refuse, or waste, shall either be removed from National Forest lands or disposed of or treated so as to minimize, so far as is practicable, its impact on the environment and the forest surface resources. All tailings, dumpage, deleterious materials, or substances and other waste produced by operations shall be deployed, arranged, disposed of or treated so as to minimize adverse impact upon the environment and forest surface resources.

(d) *Scenic Values.* Operator shall, to the extent practicable, harmonize operations with scenic values through such measures as the design and location of operating facilities, including roads and other means of access, vegetative screening of operations, and construction of structures and improvements which blend with the landscape.

(e) *Fisheries and Wildlife Habitat.* In addition to compliance with water quality and solid waste disposal standards required by this section, operator shall take all practicable measures to maintain and protect fisheries and wildlife habitat which may be affected by the operations.

(f) *Roads.* Operator shall construct and maintain all roads so as to assure adequate drainage and to minimize or, where practicable, eliminate damage to soil, water, and other resource values. Unless otherwise approved by the authorized officer, roads no longer needed for operations:

- (1) Shall be closed to normal vehicular traffic,
- (2) Bridges and culverts shall be removed,

(3) Cross drains, dips, or water bars shall be constructed, and

(4) The road surface shall be shaped to as near a natural contour as practicable and be stabilized.

(g) *Reclamation.* Upon exhaustion of the mineral deposit or at the earliest practicable time during operations, or within 1 year of the conclusion of operations, unless a longer time is allowed by the authorized officer, operator shall, where practicable, reclaim the surface disturbed in operations by taking such measures as will prevent or control onsite and off-site damage to the environment and forest surface resources including:

- (1) Control of erosion and landslides;
- (2) Control of water runoff;
- (3) Isolation, removal or control of toxic materials;
- (4) Reshaping and revegetation of disturbed areas, where reasonably practicable; and
- (5) Rehabilitation of fisheries and wildlife habitat.

(h) Certification or other approval issued by State agencies or other Federal agencies of compliance with laws and regulations relating to mining operations will be accepted as compliance with similar or parallel requirements of these regulations.

§ 228.9 Maintenance during operations, public safety.

During all operations operator shall maintain his structures, equipment, and other facilities in a safe, neat and workmanlike manner. Hazardous sites or conditions resulting from operations shall be marked by signs, fenced or otherwise identified to protect the public in accordance with Federal and State laws and regulations.

§ 228.10 Cessation of operations, removal of structures and equipment.

Unless otherwise agreed to by the authorized officer, operator shall remove within a reasonable time following cessation of operations all structures, equipment and other facilities and clean up the site of operations. Other than seasonally, where operations have ceased temporarily, an operator shall file a statement with the District Ranger which includes:

Forest Service, USDA

§ 228.15

(a) Verification of intent to maintain the structures, equipment and other facilities,

(b) The expected reopening date, and

(c) An estimate of extended duration of operations. A statement shall be filed every year in the event operations are not reactivated. Operator shall maintain the operating site, structures, equipment and other facilities in a neat and safe condition during nonoperating periods.

§ 228.11 Prevention and control of fire.

Operator shall comply with all applicable Federal and State fire laws and regulations and shall take all reasonable measures to prevent and suppress fires on the area of operations and shall require his employees, contractors and subcontractors to do likewise.

§ 228.12 Access.

An operator is entitled to access in connection with operations, but no road, trail, bridge, landing area for aircraft, or the like, shall be constructed or improved, nor shall any other means of access, including but not limited to off-road vehicles, be used until the operator has received approval of an operating plan in writing from the authorized officer when required by § 228.4(a). Proposals for construction, improvement or use of such access as part of a plan of operations shall include a description of the type and standard of the proposed means of access, a map showing the proposed route of access, and a description of the means of transportation to be used. Approval of the means of such access as part of a plan of operations shall specify the location of the access route, design standards, means of transportation, and other conditions reasonably necessary to protect the environment and forest surface resources, including measures to protect scenic values and to insure against erosion and water or air pollution.

§ 228.13 Bonds.

(a) Any operator required to file a plan of operations shall, when required by the authorized officer, furnish a bond conditioned upon compliance with § 228.8(g), prior to approval of such plan of operations. In lieu of a bond, the op-

erator may deposit into a Federal depository, as directed by the Forest Service, and maintain therein, cash in an amount equal to the required dollar amount of the bond or negotiable securities of the United States having market value at the time of deposit of not less than the required dollar amount of the bond. A blanket bond covering nationwide or statewide operations may be furnished if the terms and conditions thereof are sufficient to comply with the regulations in this part.

(b) In determining the amount of the bond, consideration will be given to the estimated cost of stabilizing, rehabilitating, and reclaiming the area of operations.

(c) In the event that an approved plan of operations is modified in accordance with § 228.4 (d) and (e), the authorized officer will review the initial bond for adequacy and, if necessary, will adjust the bond to conform to the operations plan as modified.

(d) When reclamation has been completed in accordance with § 228.8(g), the authorized officer will notify the operator that performance under the bond has been completed: *Provided, however,* That when the Forest Service has accepted as completed any portion of the reclamation, the authorized officer shall notify the operator of such acceptance and reduce proportionally the amount of bond thereafter to be required with respect to the remaining reclamation.

[39 FR 31317, Aug. 28, 1974; 39 FR 32029, Sept. 4, 1974]

§ 228.14 Appeals.

Any operator aggrieved by a decision of the authorized officer in connection with the regulations in this part may file an appeal under the provisions of 36 CFR part 251, subpart C.

[54 FR 3362, Jan. 23, 1989]

§ 228.15 Operations within National Forest Wilderness.

(a) The United States mining laws shall extend to each National Forest Wilderness for the period specified in the Wilderness Act and subsequent establishing legislation to the same extent they were applicable prior to the date the Wilderness was designated by

§ 228.15

36 CFR Ch. II (7-1-00 Edition)

Congress as a part of the National Wilderness Preservation System. Subject to valid existing rights, no person shall have any right or interest in or to any mineral deposits which may be discovered through prospecting or other information-gathering activity after the legal date on which the United States mining laws cease to apply to the specific Wilderness.

(b) Holders of unpatented mining claims validly established on any National Forest Wilderness prior to inclusion of such unit in the National Wilderness Preservation System shall be accorded the rights provided by the United States mining laws as then applicable to the National Forest land involved. Persons locating mining claims in any National Forest Wilderness on or after the date on which said Wilderness was included in the National Wilderness Preservation System shall be accorded the rights provided by the United States mining laws as applicable to the National Forest land involved and subject to provisions specified in the establishing legislation. Persons conducting operations as defined in §228.3 in National Forest Wilderness shall comply with the regulations in this part. Operations shall be conducted so as to protect National Forest surface resources in accordance with the general purposes of maintaining the National Wilderness Preservation System unimpaired for future use and enjoyment as wilderness and to preserve its wilderness character, consistent with the use of the land for mineral location, exploration, development, drilling, and production and for transmission lines, water lines, telephone lines, and processing operations, including, where essential, the use of mechanized transport, aircraft or motorized equipment.

(c) Persons with valid mining claims wholly within National Forest Wilderness shall be permitted access to such surrounded claims by means consistent with the preservation of National Forest Wilderness which have been or are being customarily used with respect to other such claims surrounded by National Forest Wilderness. No operator

shall construct roads across National Forest Wilderness unless authorized in writing by the Forest Supervisor in accordance with §228.12.

(d) On all mining claims validly established on lands within the National Wilderness Preservation System, the operator shall take all reasonable measures to remove any structures, equipment and other facilities no longer needed for mining purposes in accordance with the provisions in §228.10 and restore the surface in accordance with the requirements in §228.8(g).

(e) The title to timber on patented claims validly established after the land was included within the National Wilderness Preservation System remains in the United States, subject to a right to cut and use timber for mining purposes. So much of the mature timber may be cut and used as is needed in the extraction, removal, and beneficiation of the mineral deposits, if needed timber is not otherwise reasonably available. The cutting shall comply with the requirements for sound principles of forest management as defined by the National Forest rules and regulations and set forth in stipulations to be included in the plan of operations, which as a minimum incorporate the following basic principles of forest management:

(1) Harvesting operations shall be so conducted as to minimize soil movement and damage from water runoff; and

(2) Slash shall be disposed of and other precautions shall be taken to minimize damage from forest insects, disease, and fire.

(f) The Chief, Forest Service, shall allow any activity, including prospecting, for the purpose of gathering information about minerals in National Forest Wilderness except that any such activity for gathering information shall be carried on in a manner compatible with the preservation of the wilderness environment as specified in the plan of operations.

Subpart B—Leasable Minerals

§§ 228.20—228.39 [Reserved]

Subpart C—Disposal of Mineral Materials

SOURCE: 49 FR 29784, July 24, 1984, unless otherwise noted.

§ 228.40 Authority.

Authority for the disposal of mineral materials is provided by the Materials Act of July 31, 1947 (30 U.S.C. 601 *et seq.*), as amended by the Acts of August 31, 1950 (30 U.S.C. 603–604), July 23, 1955 (30 U.S.C. 601, 603), and September 25, 1962 (30 U.S.C. 602), and by the following: the Act of June 4, 1897 (16 U.S.C. 477); the Act of March 4, 1917 (16 U.S.C. 520); the Bankhead-Jones Farm Tenant Act of July 22, 1937 (7 U.S.C. 1010); the Act of September 1, 1949 (section 3) (30 U.S.C. 192c); the Act of June 30, 1950 (16 U.S.C. 508b); the Act of June 28, 1952 (section 3) (66 Stat. 285); the Act of September 2, 1958 (16 U.S.C. 521a); the Act of June 11, 1960 (74 Stat. 205); the Federal Highway Act of August 27, 1958 (23 U.S.C. 101 *et seq.*); and the Alaska National Interest Lands Conservation Act of December 2, 1980 (section 502) (16 U.S.C. 539a).

§ 228.41 Scope.

(a) *Lands to which this subpart applies.* This subpart applies to all National Forest System lands reserved from the public domain of the United States, including public domain lands being administered under the Bankhead-Jones Farm Tenant Act of July 22, 1937 (7 U.S.C. 1010); to all National Forest System lands acquired pursuant to the Weeks Act of March 1, 1911 (36 Stat. 961); to all National Forest System lands with Weeks Act status as provided in the Act of September 2, 1958 (16 U.S.C. 521a); and to public lands within the Copper River addition to the Chugach National Forest (16 U.S.C. 539a). For ease of reference and convenience to the reader, these lands are referred to, throughout this subpart, as *National Forest lands*.

(b) *Restrictions.* Disposal of mineral materials from the following National Forest lands is subject to certain restrictions as described below:

(1) *Segregation or withdrawals in aid of other agencies.* Disposal of mineral materials from lands segregated or withdrawn in aid of a function of another Federal agency, State, territory, county, municipality, water district, or other governmental subdivision or agency may be made only with the written consent of the governmental entity.

(2) *Segregated or withdrawn National Forest lands.* Mineral materials may not be removed from segregated or withdrawn lands where removal is specifically prohibited by statute or by public land order. Where not specifically prohibited, removal of mineral materials may be allowed if the authorized officer determines that the removal is not detrimental to the values for which the segregation or withdrawal was made, except as provided in paragraph (b)(1) of this section. Where operations have been established prior to the effective date of this Subpart and where not prohibited by statute, they may be permitted to continue. Nothing in this subparagraph is intended to prohibit the exercise of valid existing rights.

(3) *Unpatented mining claims.* Provided that claimants are given prior notice and it has been determined that removal will neither endanger nor materially interfere with prospecting, mining, or processing operations or uses reasonably incident thereto on the claims, disposal of mineral materials may be allowed from:

(i) Unpatented mining claims located after July 23, 1955; and/or

(ii) Unpatented mining claims located before July 23, 1955, and on which the United States has established the right to manage the vegetative and other surface resources in accordance with the Multiple Use Mining Act of July 23, 1955 (30 U.S.C. 601, 603, 611–615).

(4) *Acquired Bankhead-Jones lands.* Mineral materials on lands which were acquired under the authority of the Bankhead-Jones Farm Tenant Act of July 22, 1937 (7 U.S.C. 1010–1012), and which lie outside the exterior boundaries of National Forests, or on acquired lands which are being administered under the Act and which also lie outside the exterior boundaries of National Forests, may be disposed of

under these regulations only to public authorities and agencies, and only on condition that the mineral materials are used for public purposes (7 U.S.C. 1011(c)).

(c) *Mineral materials to which this subpart applies.* This subpart applies to mineral materials which consist of petrified wood and common varieties of sand, gravel, stone, pumice, pumicite, cinders, clay, and other similar materials. Such mineral materials include deposits which, although they have economic value, are used for agriculture, animal husbandry, building, abrasion, construction, landscaping, and similar uses. This subpart also applies to other materials which may not be minerals but are produced using mining methods, such as peat. The categories of these materials, including representative examples, are:

(1) *Agricultural supply and animal husbandry materials.* This category includes, but is not limited to, minerals and vegetative materials used as or for: Soil conditioners or amendments applied to physically alter soil properties such as direct applications to the soil of carbonate rocks, soil containing “trace elements” and peat; animal feed supplements; and other animal care products.

(2) *Building materials.* Except for minerals identified as *Uncommon Varieties*, this category includes, but is not limited to, minerals used as or for: Paint fillers or extenders; flagstone, ashlar, rubble, mortar, brick, tile, pipe, pottery, earthenware, stoneware, terrazzo, and other nonstructural components in floors, walls, roofs, fireplaces, and the like; and similar building uses.

(3) *Abrasive materials.* This category includes, but is not limited to, minerals used for: Filing; scouring; polishing; sanding; and sandblasting.

(4) *Construction materials.* This category includes, but is not limited to, minerals such as sand, gravel, clay, crushed rock and cinders used as or for fill; borrow; rip-rap; ballast (including all ballast for railroad use); road base; road surfacing; concrete aggregate; clay sealants; and similar construction uses.

(5) *Landscaping materials.* This category includes, but is not limited to minerals and peat used as or for: Chips,

granules, sand, pebbles, scoria, cinders, cobbles, boulders, slabs, and other components in retaining walls, walkways, patios, yards, gardens, and the like; and similar landscaping uses.

(d) *Minerals not covered by this subpart.* Mineral materials do not include any mineral used in manufacturing, industrial processing, or chemical operations for which no other mineral can be substituted due to unique properties giving the particular mineral a distinct and special value; nor do they include block pumice which in nature occurs in pieces having one dimension of two inches or more which is valuable and used for some application that requires such dimensions. Disposal of minerals not covered by this subpart is subject to the terms of the United States Mining Laws, as amended (30 U.S.C. 22 *et seq.*), on those portions of the National Forest System where those laws apply. Such minerals may include:

(1) Mineral suitable and used as soil amendment because of a constituent element other than calcium or magnesium carbonate that chemically alters the soil;

(2) Limestone suitable and used, without substantial admixtures, for cement manufacture, metallurgy, production of quicklime, sugar refining, whiting, fillers, paper manufacture, and desulfurization of stack gases;

(3) Silica suitable and used for glass manufacture, production of metallic silicon, flux, and rock wool;

(4) Alumino-silicates or clays having exceptional qualities suitable and used for production of aluminum, ceramics, drilling mud, taconite binder, foundry castings, and other purposes for which common clays cannot be used;

(5) Gypsum suitable and used for wallboard, plaster, or cement.

(6) Block pumice which occurs in nature in pieces having one dimension of two inches or more and which is valuable and used for some application that requires such dimensions; and

(7) Stone recognized through marketing factors for its special and distinct properties of strength and durability making it suitable for structural support and used for that purpose.

(e) *Limitations on applicability.* (1) The provisions of paragraphs (c) and (d) of

this section shall not apply to any mining claims for which a Mineral Entry Final Certificate was issued on or before January 16, 1991. Nor shall these provisions apply to any mining claim located on or before July 23, 1955, which has satisfied the marketability test for locatable minerals from on or before July 23, 1955, until the present date.

(2) A use which qualifies a mineral as an uncommon variety under paragraph (d) overrides classification of that mineral as a common variety under paragraph (c) of this section.

[49 FR 29784, July 24, 1984, as amended at 55 FR 51706, Dec. 17, 1990]

§ 228.42 Definitions.

For the purposes of this subject, the following terms are defined:

Acquired National Forest lands. National Forest System lands acquired under the Weeks Act of March 1, 1911 (36 Stat. 961), and National Forest System lands with Weeks Act status as provided in the Act of September 2, 1958 (16 U.S.C. 521a).

Authorized officer. Any Forest Service officer to whom authority for disposal of mineral materials has been delegated.

Common-use area. Generally, a broad geographic area from which nonexclusive disposals of mineral materials available on the surface may be made to low volume and/or noncommercial users.

Community site. A site noted on appropriate Forest records and posted on the ground from which nonexclusive disposals of mineral materials may be made to low volume and/or noncommercial users.

Contract. A signed legal agreement between the Forest Service and a purchaser of mineral materials, which specifies (among other things) the conditions of a competitive, negotiated, or preference right sale of mineral materials to the purchaser.

Mineral materials. A collective term used throughout this subpart to describe petrified wood and common varieties of sand, gravel, stone, pumice, pumicite, cinders, clay, and other similar materials. Common varieties do not include deposits of those materials which are valuable because of some

property giving them distinct and special value, nor do they include "so-called 'block pumice'" which occurs in nature in pieces having one dimension of two inches or more and which is valuable and used for some application that requires such dimensions.

Permit. A signed legal document between the Forest Service and one who is authorized to remove mineral materials free of charge, which specifies (among other things) the conditions of removal by the permittee.

Preference right negotiated sale. A negotiated sale which may be awarded in response to the finding and demonstration of a suitable deposit of mineral material on acquired National Forest lands as the result of exploratory activity conducted under the authority of a prospecting permit.

Prospecting permit. A written instrument issued by the Forest Service which authorizes prospecting for a mineral material deposit on acquired National Forest lands within specific areas, under stipulated conditions, and for a specified period of time.

Single entry source. A source of mineral materials which is expected to be depleted under a single contract or permit or which is reserved for Forest Service use.

Unpatented mining claim. A lode or placer mining claim or a millsite located under the General Mining Law of 1872, as amended (30 U.S.C. 21-54), for which a patent under 30 U.S.C. 29 and regulations of the Department of the Interior has not been issued.

Withdrawn National Forest lands. National Forest System lands segregated or otherwise withheld from settlement, sale, location, or entry under some or all of all of the general land laws (43 U.S.C. 1714).

[49 FR 29784, July 24, 1984, as amended at 55 FR 51706, Dec. 17, 1990]

§ 228.43 Policy governing disposal.

(a) *General.* Forest Service policy is to make mineral materials on National Forest lands available to the public and to local, State, and Federal government agencies where reasonable protection of, or mitigation of effects on, other resources is assured, and where removal is not prohibited.

§ 228.44

(1) A contract or permit limits processing of the mineral material onsite to the first salable product.

(2) Additional onsite processing may be authorized by a separate permit (36 CFR 251.50).

(3) The authorized officer must ensure that an environmental analysis is conducted for all planned disposals of mineral materials.

(4) Decisions to authorize the disposal of mineral materials must conform to approved land and resource management plans (36 CFR 219.22).

(b) *Price.* Mineral materials may not be sold for less than the appraised value. The authorized officer may assess a fee to cover costs of issuing and administering a contract or permit.

(c) *Conservation.* Adequate measures must be taken to protect, and minimize damage to the environment. Mineral materials may be disposed of only if the authorized officer determines that the disposal is not detrimental to the public interest.

(d) *Ownership.* Title to the mineral materials vests in the purchaser or permittee immediately before excavation, subject to the provisions of §§ 228.47 through 228.56 and other provisions of the contract or permit. Title to excavated material not removed within the time provided reverts in the United States.

(e) *Decisions.* All decisions as to whether or not to grant disposals proposed under this subpart shall be made in writing by the authorized officer. Such decisions must specify their factual and legal basis.

(f) *Option for mining claimants.* All mining claimants holding mining claims which are located for a mineral classified in accordance with this subpart as a mineral material have the option of maintaining that the mineral is locatable and filing for patent. All mining claimants holding mining claims located in good faith on or before January 16, 1991, for a mineral classified in accordance with this subpart as a mineral material may accept the classification and, if appropriate, receive a sale by negotiated contract for that mineral material under 36 CFR 228.57(b)(2) of this subpart.

[49 FR 29784, July 24, 1984, as amended at 55 FR 51706, Dec. 17, 1990]

36 CFR Ch. II (7-1-00 Edition)

§ 228.44 Disposal on existing Federal leased areas.

Mineral material contracts or permits may be issued within existing areas leased or under permit under the 1920 Mineral Leasing Act, as amended (30 U.S.C. 181-187); section 402 of Reorganization Plan No. 3 of 1946 (5 U.S.C. Appendix); the 1947 Mineral Leasing Act for Acquired Lands, as amended (30 U.S.C. 351 *et seq.*); and the 1970 Geothermal Steam Act (30 U.S.C. 1001-1025), provided that it has been determined that removal will neither endanger nor unreasonably interfere with lease operations, and provided further that the lease terms do not prohibit disposal.

§ 228.45 Qualifications of applicants.

The authorized officer may require applicants for prospecting permits, negotiated contracts, or free-use permits or bidders for the sale of mineral materials to furnish information necessary to determine their ability to perform the obligations of the contract or permit.

§ 228.46 Application of other laws and regulations.

All mining operations for removal of mineral materials from National Forest lands must meet or exceed applicable Federal standards for the protection of public safety, health, and the environment, and must also meet or exceed State and local standards for the protection of public safety, health, and the environment, to the extent that such standards are not in conflict with Federal purposes and functions.

GENERAL PROVISIONS

§ 228.47 General terms and conditions of contracts and permits.

(a) *Disposal of designated mineral materials.* Only those specified mineral materials found within the area designated in the contract or permit may be extracted and removed.

(b) *Unauthorized removal (trespass) of mineral materials.* The removal of mineral materials from National Forest lands, except when authorized in accordance with applicable law and regulations of the Department of Agriculture, is prohibited (36 CFR 261.9).

Forest Service, USDA

§ 228.51

(c) *Conservation.* Mineral material contracts and permits must contain provisions to ensure the efficient removal and conservation of the mineral material.

(d) *Improvements.* Contracts and permits must contain provisions for removal or Government retention of improvements.

(e) *Use of existing National Forest development roads.* The authorized officer may require purchasers and permittees to obtain appropriate road-use permits, make deposits for or perform their commensurate share of road maintenance, and comply with road-use rules contained in 36 CFR part 212, depending upon their planned extent of road use.

(f) *Reclamation.* Requirements for reclamation of areas disturbed by mineral material operations must be included in contracts and permits, except for disposals from community sites and common-use areas.

§ 228.48 Appraisal and measurement.

(a) *Appraisal.* All mineral materials for sale must be appraised to determine fair market value. Appraisals must be based on knowledge of the extent of the deposit, quality of material, and economic value. A sale must not be made at less than the appraised value which may be expressed as either price per cubic yard or weight equivalent. In all cases the units of measurement must correspond to the units used in the appraisal. The authorized officer must estimate and record the amount and value of minerals to be disposed of by free-use permit.

(b) *Measurement.* The amount of mineral material actually removed may be measured by volume, weight, truck tally, by combination of these methods, or by such other form of measurement as the authorized officer determines to be appropriate and in the public interest.

§ 228.49 Reappraisal.

If an extension of time is granted as provided in § 228.53(b), the authorized officer must reappraise or reestimate the mineral materials covered by the contract or permit and which remain unexcavated at the time of extension. The recalculated unit value becomes the new unit value for the remaining

unexcavated material; excavated and stockpiled material is not subject to reappraisal.

§ 228.50 Production records.

At least annually, the purchaser or permittee must furnish a record of the volume extracted, in cubic yards or weight equivalent, to the authorized officer. The units of measurement must correspond to the units used in the appraisal or estimate.

§ 228.51 Bonding.

(a) *Bond requirements.* Before operations may begin under any contract or permit, a bond must be furnished to the authorized officer to ensure performance of payment (as necessary), reclamation, and other conditions of the contract or permit, except as noted in paragraphs (a) (1) and (3) of this section, where the authorized officer may waive such bonding. If an extension of time is granted as provided in § 228.53(b), the bond requirements must be recalculated and changed accordingly.

(1) For *advance payment contracts* for 10,000 cubic yards or more in volume (or weight equivalent), a bond of not less than 10 percent of the total contract price or the value of the estimated annual production (whichever is less), plus the reclamation cost for the area covered by annual mining, is required. When the total volume is less than 10,000 cubic yards, bond requirements, if any, are at the discretion of the authorized officer.

(2) For any *deferred payment contract*, a bond equalling the value of the estimated annual production plus the reclamation cost for the area covered by annual mining is required.

(3) For *free use*, the authorized officer may require a reclamation bond which must be sufficient to cover the cost of reclamation of the anticipated annual work.

(b) *Types of bonding.* A bond must be one of the following:

(1) A bond of a corporate surety shown on the latest approved list issued by the U.S. Treasury Department and executed on an approved standard form;

(2) A cash bond;

§ 228.52

(3) Negotiable securities of the United States;

(4) An irrevocable letter of credit acceptable to the Forest Service;

(5) A performance bond required by other Forest Service contracts or permits, provided the bond covers the performance and reclamation requirements related to the removal of mineral material from a designated pit or area for use in the performance of the contract or permit; or

(6) Any other types of bond specified in the Forest Service Manual.

§ 228.52 Assignments.

(a) *Limitations.* A purchaser or permittee may not assign the contract or permit, or any interest therein, without the written approval of the authorized officer.

(b) *Requirements of assignee.* The authorized officer will not approve any proposed assignment involving contract or permit performance unless the assignee:

(1) Submits information necessary to assure the authorized officer of the assignee's ability to meet the same requirements as the original purchaser or permittee (assignor); and

(2) Furnishes a bond or obtains a commitment from the previous surety to be bound by the assignment when approved.

(c) *Rights and obligations.* Once the authorized officer approves an assignment, the assignee is entitled to all the rights and is subject to all of the obligations under the contract or permit, and the original purchaser or permittee may be released from any further responsibility under the contract or permit.

§ 228.53 Term.

(a) *Time allowed.* Except as provided in § 228.61(f), § 228.62(b), and elsewhere in this paragraph, a contract or permit may not exceed 1 year from the effective date of the contract or permit unless a written extension is obtained. For those mineral materials sold under a duration of production contract or under a contract for the sale of all mineral material within a specified area, or under a construction contract where removal cannot reasonably take place before completion of other work under

36 CFR Ch. II (7-1-00 Edition)

the same contract, the authorized officer will establish a reasonable time period for removal.

(b) *Extension of time.* If it is shown that a delay in removal was due to causes beyond the control of the purchaser or permittee, the authorized officer may grant an extension, not to exceed 1 year, upon written request. Written requests for extensions of contracts must be received between 30 and 90 days before the expiration date of the contract. Written requests for extensions of permits must be received between 15 and 90 days before the permit expiration date. The authorized officer may grant a total of two extensions for contracts and permits.

§ 228.54 Single entry sales or permits.

The purchaser or permittee is required to reclaim a single entry source in accordance with an approved operating plan which describes operating procedures and reclamation measures, unless the requirement is waived by the authorized officer.

§ 228.55 Cancellation or suspension.

The authorized officer may cancel or suspend a contract, permit, or prospecting permit if the purchaser or permittee fails to comply with its terms and conditions. If the noncompliance is unnecessarily or unreasonably causing injury, loss, or damage to surface resources, the authorized officer may cancel or suspend the contract, permit, or prospecting permit immediately. In cases where noncompliance is of a less serious nature, the authorized officer may cancel or suspend a contract, permit, or prospecting permit if such noncompliance continues for 30 days after service of written notice by the authorized officer. If the noncompliance is not corrected, the authorized officer may attach the bond to ensure compliance with the provisions of the contract, permit, or prospecting permit.

§ 228.56 Operating plans.

Any surface-disturbing operation under a contract, permit, or prospecting permit is subject to prior approval by the authorized officer of an operating plan and to reasonable conditions as may be required to ensure proper protection of the environment

and improvements, including timely reclamation of disturbed lands. Significant changes to operations require prior approval of an amended operating plan. The operating plan must include, as a minimum, a map and explanation of the nature of the access, anticipated activity, surface disturbance, and intended reclamation including removal or retention of structures and facilities. Operating plans must be submitted by the purchaser, permittee, or prospecting permittee, except as noted in § 228.64(b).

TYPES AND METHODS OF DISPOSAL

§ 228.57 Types of disposal.

Except as provided in § 228.41(b), disposal of mineral materials may be made by:

(a) *Competitive sale* to the highest qualified bidder after formal advertising and other appropriate public notice;

(b) *Sale by negotiated contract*. (1) For removal of materials to be used in connection with a public works improvement program on behalf of a Federal, State, or local government agency if the public exigency will not permit delays incident to advertising, or

(2) For the removal of mineral materials for which it is impracticable to obtain competition;

(c) *Preference right negotiated sale* to the holder of a Forest Service-issued prospecting permit under which a suitable mineral material deposit has been demonstrated on acquired National Forest lands;

(d) *Free use* when a permit is issued to any nonprofit association, corporation, individual, or others listed in § 228.62(d), for other than commercial purposes, resale, or barter, or to any Federal, State, county, local unit, subdivision, municipality, or county road district for use in public projects; or

(e) *Forest Service force account or by contract* where the material is to be used to carry out various Forest Service programs involving construction and maintenance of physical improvements.

§ 228.58 Competitive sales.

(a) *Invitation for bid*. Sales must be conducted as described below after in-

cluding competitive bids through publication and posting. The authorized officer may not offer a competitive sale unless there is a right-of-way or other access to the sale area which is available to anyone qualified to bid.

(b) *Advertising*—(1) *Sales over 25,000 cubic yards*. Mineral material sales offered by competitive bidding and which exceed 25,000 cubic yards must be advertised on the same day once a week for two consecutive weeks in a newspaper of general circulation in the area where the material is located, and in a trade or industrial newspaper when considered appropriate. Notice of the sale must be posted in a conspicuous place in the office where bids are to be submitted. In addition, the authorized officer may send the advertisement directly to known interested persons. Bids may be received but not evaluated before the end of the advertising period, which may be extended at the discretion of the authorized officer.

(2) *Content of advertising*. The advertisement of sale must specify the location by legal description of the tract or tracts or by any other means identify the location of the mineral material deposit being offered, the kind of material, estimated quantities, the unit of measurement, appraised price (which sets the minimum acceptable bid), time and place for receiving and opening of bids, minimum deposit required, major special constraints due to environmental considerations, available access, maintenance required over haul routes, traffic controls, required use permits, required qualifications of bidders, the method of bidding, bonding requirement, notice of the right to reject any or all bids, the office where a copy of the contract and additional information may be obtained, and additional information the authorized officer deems necessary.

(3) *Advertising smaller sales*. Advertisement of mineral materials amounting to 25,000 cubic yards in volume (or weight equivalent) or less must be published and/or posted. The methods of advertisement are at the discretion of the authorized officer.

(c) *Conduct of sales*. (1) Bidding at competitive sales may be conducted by the submission of written sealed bids, oral bids, or a combination of both as

§ 228.59

36 CFR Ch. II (7-1-00 Edition)

directed by the authorized officer. In the event of a tie in high sealed bids, the highest bidder will be determined by oral auction among those tied bidders; when no oral bid is higher than the sealed bids, the selected bidder will be determined by lot, the purchase price being the amount of the tied bid. For all oral auctions, including those used to break sealed-bid ties, the high bidder must confirm the bid in writing immediately upon being declared the high bidder. The authorized officer must mail notification of the bidding results to all bidders within 10 days.

(2) The authorized officer may require bidders to furnish evidence of qualification at the time of award or, if such evidence has already been furnished and is still valid, make appropriate reference to the record containing it.

(3) When it is in the interest of the United States to do so, the authorized officer may reject any or all bids.

(d) *Bid deposits and award of contract.* Sealed bids must be accompanied by a deposit. For mineral materials offered at oral auction, bidders must make the deposit before opening of the bidding.

(1) Bid deposits must be equal to 10 percent of the appraised value but not less than \$100.00.

(2) Bid deposits must be in the form of cash, money order, bank drafts, cashier's or certified checks made payable to the Forest Service, or bonds acceptable to the Forest Service (§228.51(b)).

(3) Upon conclusion of the bidding, the authorized officer will return the deposits of all unsuccessful bidders. The successful bidder's deposit will be applied toward the purchase price. If the contract is not awarded to the high bidder due to an inability to perform the obligations of the contract, the deposit, less expenses and damages incurred by the United States, may be returned. The return of a deposit does not prejudice any other rights or remedies of the United States. The contract may be offered and awarded to the next successive qualified high bidder, or, at the discretion of the authorized officer, the sale may be either re-advertised or negotiated if it is determined that a competitive sale is impracticable.

(4) Within 30 days after receipt of the contract, the successful bidder must sign and return the contract, together with any required bond, unless the authorized officer has granted an extension for an additional 30 days. The bidder must apply for the extension in writing within the first 30-day period. If the successful bidder fails to return the contract within the first 30-day period or within an approved extension, the bid deposit, less the costs of re-advertising and damages, may be returned without prejudice to any other rights or remedies of the United States.

(5) All sales must be processed on Forest Service-approved contract forms. The authorized officer may add provisions to the contract to cover conditions peculiar to the sale area. Such additional provisions must be made available for inspection by prospective bidders during the advertising period.

§ 228.59 Negotiated or noncompetitive sales.

(a) *Volume limitations.* When it is determined by the authorized officer to be in the public interest and when it is impracticable to obtain competition, mineral materials not exceeding 100,000 cubic yards in volume (or weight equivalent) may be sold in any one sale at not less than the appraised value, without advertising or calling for bids, except as provided in paragraphs (b) and (c) of this section. The authorized officer may not approve noncompetitive sales that exceed the total of 200,000 cubic yards (or weight equivalent) made in any one State for the benefit of any applicant in any period of 12 consecutive months.

(b) *Government programs.* In connection with a public works improvement project on behalf of a Federal, State, or local governmental agency, the authorized officer may sell to an applicant, at not less than the appraised value, without advertising or calling for bids, a volume of mineral materials not to exceed 200,000 cubic yards (or weight equivalent) when the public exigency will not permit delays incident to advertising (30 U.S.C. 602).

(c) *Appropriation for highway purposes.* For interstate and/or Federal aid highways, the Secretary of Transportation

may appropriate any volume in accordance with 23 U.S.C. 107 and 317.

(d) *Use in development of Federal mineral leases.* When it is determined to be impracticable to obtain competition and the mineral materials are to be used in connection with the development of mineral leases issued by the United States (§228.44), the authorized officer may sell to a leaseholder a volume of mineral material not to exceed 200,000 cubic yards (or weight equivalent) in one State in any period of 12 consecutive months. No charge will be made for materials which must be moved in the process of extracting the mineral under lease, as long as the materials remain stockpiled within the boundaries of the leased area.

(e) *Exceptions.* (1) The Chief of the Forest Service may authorize the non-competitive sale of mineral materials in excess of the volume limitations in paragraphs (a), (b), and (d) of this section when necessary to:

(i) Respond to an emergency affecting public health, safety or property;

(ii) Prevent the curtailment of operations conducted under the United States mining laws of May 10, 1872, as amended (30 U.S.C. 22 *et seq.*) which generate large volumes of mineral materials as a by-product; or

(iii) Respond to a critical public need for the prompt development of a mineral lease issued by the United States or a mining claim located under the United States mining laws of May 10, 1872, as amended (30 U.S.C. 22 *et seq.*).

(2) Any noncompetitive sale of mineral materials in excess of the volume limitations in paragraphs (a), (b), and (d) shall be subject to such restrictions as the Chief of the Forest Service determines to be in the public interest.

(3) Nothing in this paragraph shall otherwise alter the requirements of paragraphs (a) through (d) of this section.

[49 FR 29784, July 24, 1984, as amended at 52 FR 10565, Apr. 2, 1987; 53 FR 43691, Oct. 28, 1988]

§ 228.60 Prospecting permits.

(a) *Right conferred.* On acquired National Forest lands, prospecting permits may be issued which grant the permittee the exclusive right to explore for and to demonstrate the exist-

ence of a suitable mineral material deposit when existing information is insufficient. After the demonstration of a suitable deposit and confirmation of this by the authorized officer, the permittee will have a preference right to apply for a negotiated sale.

(b) *Limitations.* Mineral material may be removed from lands under a prospecting permit only to the extent necessary for testing and analysis or for the demonstration of the existence of a suitable deposit.

(c) *Environmental analysis.* Prospecting permits will be issued only after submission by applicant and approval by the authorized officer of a detailed operating plan. The authorized officer may require a bond in accordance with §228.51. The authorized officer must ensure compliance with the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*).

(d) *Acreage and permit limitations.* A prospecting permit may not cover more than 640 acres. No individual or group may have an interest at any one time in more than three prospecting permits on Forest Service lands administered by one Forest Supervisor.

(e) *Duration and extension of permits.* Prospecting permits may be issued for a period not to exceed 24 months, but they may be extended once for up to an additional 24 months if necessary to complete prospecting. Any application for extension must be submitted no later than 30 days before the expiration of the permit. The application for extension must provide evidence of diligence and state the reasons why additional time is considered necessary to complete prospecting work.

(f) *Refusal to extend permits.* The authorized officer may reject applications for extension of prospecting permits for the following reasons:

(1) *Failure to perform.* Failure of the permittee to perform prospecting or exploration work without adequate justification may result in the denial of an extension; or

(2) *Failure to apply.* If an application for extension is not submitted within the specified period, the permit may expire without notice to the permittee.

(3) *Public interest.* If the authorized officer determines that an extension

§ 228.61

may not be in the public interest, the application may be rejected.

§ 228.61 Preference right negotiated sales.

(a) *Qualification for sale.* When applying for a preference right negotiated sale, the permittee must demonstrate to the satisfaction of the authorized officer that a suitable deposit of mineral material has been discovered within the area covered by the prospecting permit. Information concerning trade secrets and financial matters submitted by the permittee and identified as confidential will not be available for public examination except as otherwise agreed upon by the permittee.

(b) *Application for sale.* The application must be submitted to the District Ranger's office on or before the expiration date of the prospecting permit or its extension. The authorized officer may grant 30 additional days for submitting the application if requested in writing by the permittee before expiration of the prospecting permit or its extension.

(c) *Terms and conditions of contract.* The terms and conditions will be evaluated on an individual case basis. Only those mineral materials specified in the contract may be removed by the purchaser. Before a preference right negotiated contract is awarded, the authorized officer must ensure that an environmental analysis is conducted. All contracts are subject to the conditions under §§ 228.47 through 228.56.

(d) *Acreage limitations.* The authorized officer will determine the amount of acreage in the preference right negotiated sale based on a presentation of the permittee's needs. The maximum acreage allowable to any individual or group must not exceed 320 acres on National Forest lands administered by one Forest Supervisor. The allowable acreage may be in one or more units which are not necessarily contiguous.

(e) *Volume limitations.* Preference right negotiated sales are exempt from volume limitations.

(f) *Contract time allowable.* A contract or a renewal must not exceed 5 years; however, the purchaser may have renewal options at the end of each contract or renewal period. The authorized officer may renew a contract if it is de-

36 CFR Ch. II (7-1-00 Edition)

termined that the renewal is not detrimental to the public interest and that the purchaser has demonstrated diligence in conducting operations. The authorized officer may cancel the contract, or the purchaser may forfeit the contract, if no substantial commercial production occurs during any continuous 2-year period after the award of the contract or if the contract terms and conditions are breached. However, if a delay is caused by conditions beyond the purchaser's control, the authorized officer may grant an extension equal to the lost time.

(g) *Contract renewal reappraisal.* At the time of contract renewal, the authorized officer will reappraise the mineral material deposit in accordance with § 228.49.

§ 228.62 Free use.

(a) *Application.* An application for a free-use permit must be made with the appropriate District Ranger's office.

(b) *Term.* Permits may be issued for periods not to exceed 1 year and will terminate on the expiration date unless extended by the authorized officer as in § 228.53(b). However, the authorized officer may issue permits to any local, State, Federal, or Territorial agency, unit or subdivision, including municipalities and county road districts, for periods up to 10 years.

(c) *Removal by agent.* A free-use permittee may extract the mineral materials through a designated agent provided that the conditions of the permit are not violated. No part of the material may be used as payment for the services of an agent in obtaining or processing the material. A permit may be issued in the name of a designated agent for those entities listed in § 228.62(d)(1), at the discretion of the authorized officer, provided there is binding agreement in which the entity retains responsibility for ensuring compliance with the conditions of the permit.

(d) *Conditions.* Free-use permits may be issued for mineral materials to settlers, miners, residents, and prospectors for uses other than commercial purposes, resale, or barter (16 U.S.C. 477). Free-use permits may be issued to local, State, Federal, or Territorial

Forest Service, USDA

§ 228.65

agencies, units, or subdivisions, including municipalities, or any association or corporation not organized for profit, for other than commercial or industrial purposes or resale (30 U.S.C. 601). Free-use permits may not be issued when, in the judgment of the authorized officer, the applicant owns or controls an adequate supply of mineral material in the area of demand. The free-use permit, issued on a Forest Service-approved form, must include the basis for the free-use as well as the provisions governing the selection, removal, and use of the mineral materials. No mineral material may be removed until the permit is issued. The permittee must notify the authorized officer upon completion of mineral material removal. The permittee must complete the reclamation prescribed in the operating plan (§228.56).

(1) A free-use permit may be issued to any local, State, Federal, or Territorial agency, unit, or subdivision, including municipalities and county road districts, without limitation on the number of permits or on the value of the mineral materials to be extracted or removed.

(2) A free-use permit issued to a non-profit association, corporation, or individual may not provide for the removal of mineral materials having a volume exceeding 5,000 cubic yards (or weight equivalent) during any period of 12 consecutive months.

(e) *Petrified wood.* A free-use permit may be issued to amateur collectors and scientists to take limited quantities of petrified wood for personal use. The material taken may not be bartered or sold. Free-use areas may be designated within which a permit may not be required. Removal of material from such areas must be in accord with rules issued by the authorized officer and posted on the area. Such rules must also be posted in the District Ranger's and Forest Supervisor's offices and be available upon request. The rules may vary by area depending on the quantity, quality, and accessibility of the material and the demand for it.

§ 228.63 Removal under terms of a timber sale or other Forest Service contract.

In carrying out programs such as timber sales that involve construction and maintenance of various physical improvements, the Forest Service may specify that mineral materials be mined, manufactured, and/or processed for incorporation into the improvement. Where the mineral material is located on National Forest lands and is designated in the contract calling for its use, no permit is required as long as an operating plan as described in §228.56 is required by the contract provisions. Title to any excavated material in excess of that needed to fulfill contract requirements reverts in the United States without reimbursement to the contract holder or to agents or representatives of the contract holder. Such excess material may be disposed of under §§ 228.58, 228.59, or 228.62.

§ 228.64 Community sites and common-use areas.

(a) *Designation.* Nonexclusive disposals may be made from the same deposit or areas designated by the authorized officer; the designation of such an area and any reclamation requirements must be based on an environmental analysis.

(b) *Pit plans.* The Forest Service must prepare operating plans (§228.56) for the efficient removal of the material and for appropriate reclamation of community sites and common-use areas.

(c) *Reclamation.* The Forest Service is responsible for reclamation of community sites and common-use areas.

§ 228.65 Payment for sales.

(a) *Conditions.* Mineral materials may not be removed from the sale area until all conditions of payment in the contract have been met.

(b) *Advance payment.* (1) For negotiated and competitive sales the full amount may be paid before removal is begun under the contract or by installment at the discretion of the authorized officer. Installment payments must be based on the estimated removal rate specified in the operating plan and must be, as a minimum, the

§ 228.66

value of 1 month's removal. The first installment must be paid before removal operations are begun; remaining installments must be paid in advance of removal of the remaining materials as billed by the authorized officer. The total amount of the purchase price must be paid at least 60 days before the expiration date of the contract.

(2) All advance payment contracts must provide for reappraisal of the mineral material at the time of contract renewal or extension.

(3) Minimum annual production must be sufficient to return a payment to the United States equal to the first installment. In lieu of minimum production, there must be an annual payment in the amount of the first installment which will not be credited to future years' production. Payments for or in lieu of minimum annual production must be received by the authorized officer on or before the anniversary of the effective date of the contract.

(4) If the purchaser fails to make payments when due, the contract will be considered breached; the authorized officer will terminate the contract, and all previous payments will be forfeited without prejudice to any other rights and remedies of the United States. Forfeiture will not result when the purchaser is unable to meet the minimum annual production (volume or value) for reasons beyond the purchaser's control.

(5) In order to determine payment amount, the purchaser must make a report of operations. The report must include the amount of mineral material removed, which must be verified by the authorized officer.

(c) *Deferred payments.* The authorized officer may approve deferred payments for sales.

(1) The purchaser may make payments monthly or quarterly which must be based on the in-place value (volume or weight equivalent) of material removed during the contract period. The units of measurement must correspond to the units used in the appraisal. The purchaser must make all payments before contract renewal.

(2) The purchaser must deliver a bond which conforms to the provisions of § 228.51(a)(2) to the authorized officer

36 CFR Ch. II (7-1-00 Edition)

before operations are begun under the contract.

§ 228.66 Refunds.

Upon termination of any contract, payments in excess of \$10 may be refunded, less the costs incurred by the United States, under any of the following conditions:

(a) *Payment in excess of value.* If the total payment exceeds the value of the mineral material removed, unless it is the minimum annual payment in lieu of production;

(b) *Insufficiency of material.* If insufficient mineral material existed in the sale area to provide the quantity of material estimated to have been available;

(c) *Termination.* (1) If the contract is terminated by the authorized officer for reasons which are beyond the purchaser's control; or

(2) If the contract is terminated by mutual agreement. This refund provision is not a warranty that a specific quantity of material exists in the sale area.

§ 228.67 Information collection requirements.

(a) The following sections of this subpart contain information collection requirements as defined in the Paperwork Reduction Act of 1980 (5 CFR part 1320): § 228.45, Qualifications of applicants; § 228.51, Bonding; § 228.52(b)(1), Requirements of assignee; § 228.53(b), Extension of time; § 228.56, Operating plans; § 228.57(c), Conduct of sales; § 228.60, Prospecting permits; § 228.61, Preference right negotiated sales; and § 228.62, Free use. These requirements have been approved by the Office of Management and Budget and assigned clearance number 0596-0081.

(b) The public reporting burden for this collection of information is estimated to vary from a few minutes to many hours per individual response, with an average of 2 hours per individual response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information,

Forest Service, USDA

§ 228.100

including suggestions for reducing this burden, to Chief (2800), Forest Service, USDA, P.O. Box 96090, Washington, DC 20090-6090 and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

[55 FR 51706, Dec. 17, 1990]

Subpart D—Miscellaneous Minerals Provisions

§ 228.80 Operations within Misty Fjords and Admiralty Island National Monuments, Alaska.

(a) Mineral activities on valid mining claims in the Misty Fjords and Admiralty Island National Monuments must be conducted in accordance with regulations in subpart A of this part and with the provisions of this section.

(b) Prior to approving a plan of operations, the authorized officer must consider:

(1) The resources of ecological, cultural, geological, historical, prehistorical, and scientific interest likely to be affected by the proposed operations, including access; and

(2) The potential adverse impacts on the identified resource values resulting from the proposed operations.

(c) A plan of operations will be approved if, in the judgment of the authorized officer, proposed operations are compatible, to the maximum extent feasible, with the protection of the resource values identified pursuant to paragraph (b)(1) of this section.

(1) The authorized officer will deem operations to be compatible if the plan of operations includes all feasible measures which are necessary to prevent or minimize potential adverse impacts on the resource values identified pursuant to paragraph (b)(1) of this section and if the operations are conducted in accordance with the plan.

(2) In evaluating the feasibility of mitigating measures, the authorized officer shall, at a minimum, consider the following:

(i) The effectiveness and practicality of measures utilizing the best available technology for preventing or minimizing adverse impacts on the resource values identified pursuant to paragraph (b)(1) of this section; and

(ii) The long- and short-term costs to the operator of utilizing such measures and the effect of these costs on the long- and short-term economic viability of the operations.

(3) The authorized officer shall not require implementation of mitigating measures which would prevent the evaluation or development of any valid claim for which operations are proposed.

(d) In accordance with the procedures described in subpart A and paragraphs (c)(1) through (c)(3) of this section, the authorized officer may approve modifications of an existing plan of operations:

(1) If, in the judgment of the authorized officer, environmental impacts unforeseen at the time of approval of the existing plan may result in the incompatibility of the operations with the protection of the resource values identified pursuant to paragraph (b)(1) of this section; or

(2) Upon request by the operator to use alternative technology and equipment capable of achieving a level of environmental protection equivalent to that to be achieved under the existing plan of operations.

[51 FR 20827, June 9, 1986]

Subpart E—Oil and Gas Resources

SOURCE: 55 FR 10444, Mar. 21, 1990, unless otherwise noted.

§ 228.100 Scope and applicability.

(a) *Scope.* This subpart sets forth the rules and procedures by which the Forest Service of the United States Department of Agriculture will carry out its statutory responsibilities in the issuance of Federal oil and gas leases and management of subsequent oil and gas operations on National Forest System lands, for approval and modification of attendant surface use plans of operations, for monitoring of surface disturbing operations on such leases, and for enforcement of surface use requirements and reclamation standards.

(b) *Applicability.* The rules of this subpart apply to leases on National Forest System lands and to operations that are conducted on Federal oil and gas

§ 228.101

36 CFR Ch. II (7-1-00 Edition)

leases on National Forest System lands as of April 20, 1990.

(c) *Applicability of other rules.* Surface uses associated with oil and gas prospecting, development, production, and reclamation activities, that are conducted on National Forest System lands outside a leasehold must receive prior authorization from the Forest Service. Such activities are subject to the regulations set forth elsewhere in 36 CFR chapter II, including but not limited to the regulations set forth in 36 CFR parts 251, subpart B, and 261.

§ 228.101 Definitions.

For the purposes of this subpart, the terms listed in this section have the following meaning:

Authorized Forest officer. The Forest Service employee delegated the authority to perform a duty described in these rules. Generally, a Regional Forester, Forest Supervisor, District Ranger, or Minerals Staff Officer, depending on the scope and level of the duty to be performed.

Compliance Officer. The Deputy Chief, or the Associate Deputy Chiefs, National Forest System or the line officer designated to act in the absence of the Deputy Chief.

Leasehold. The area described in a Federal oil and gas lease, communitized, or unitized area.

Lessee. A person or entity holding record title in a lease issued by the United States.

National Forest System. All National Forest lands reserved or withdrawn from the public domain of the United States, all National Forest lands acquired through purchase, exchange, donation, or other means, the National Grasslands and land utilization projects administered under title III of the Bankhead-Jones Farm Tenant Act (7 U.S.C. 1010 *et seq.*), and other lands, waters, or interests therein which are administered by the Forest Service or are designated for administration through the Forest Service as a part of the system (16 U.S.C. 1609).

Notices To Lessees, Transferees, and Operators. A written notice issued by the authorized Forest officer. Notices To Lessees, Transferees, and Operators implement the regulations in this subpart and serve as instructions on spe-

cific item(s) of importance within a Forest Service Region, National Forest, or Ranger District.

Onshore Oil and Gas Order. A formal numbered order issued by or signed by the Chief of the Forest Service that implements and supplements the regulations in this subpart.

Operating right. The interest created out of a lease that authorizes the holder of that interest to enter upon the leased lands to conduct drilling and related operations, including production of oil and gas from such lands in accordance with the terms of the lease.

Operating rights owner. A person holding operating rights in a lease issued by the United States. A lessee also may be an operating rights owner if the operating rights in a lease or portion thereof have not been conveyed to another person.

Operations. Surface disturbing activities that are conducted on a leasehold on National Forest System lands pursuant to a current approved surface use plan of operations, including but not limited to, exploration, development, and production of oil and gas resources and reclamation of surface resources.

Operator. Any person or entity, including, but not limited to, the lessee or operating rights owner, who has stated in writing to the authorized Forest officer that they are responsible under the terms and conditions of the lease for the operations conducted on the leased lands or a portion thereof.

Person. An individual, partnership, corporation, association or other legal entity.

Substantial modification. A change in lease terms or a modification, waiver, or exception of a lease stipulation that would require an environmental assessment or environmental impact statement be prepared pursuant to the National Environmental Policy Act of 1969.

Surface use plan of operations. A plan for surface use, disturbance, and reclamation.

Transfer. Any conveyance of an interest in a lease by assignment, sublease or otherwise. This definition includes the terms: *Assignment* which means a conveyance of all or a portion of the lessee's record title interest in a lease; and *sublease* which means a conveyance

of a non-record interest in a lease, i.e., a conveyance of operating rights is normally a sublease and a sublease also is a subsidiary arrangement between the lessee (sublessor) and the sublessee, but a sublease does not include a transfer of a purely financial interest, such as overriding royalty interest or payment out of production, nor does it affect the relationship imposed by a lease between the lessee(s) and the United States.

Transferee. A person to whom an interest in a lease issued by the United States has been transferred.

LEASING

§ 228.102 Leasing analyses and decisions.

(a) *Compliance with the National Environmental Policy Act of 1969.* In analyzing lands for leasing, the authorized Forest officer shall comply with the National Environmental Policy Act of 1969, implementing regulations at 43 CFR parts 1500-1508, and Forest Service implementing policies and procedures set forth in Forest Service Manual chapter 1950 and Forest Service Handbook 1909.15.

(b) *Scheduling analysis of available lands.* Within 6 months of April 20, 1990, Forest Supervisors shall develop, in cooperation with the Bureau of Land Management and with public input, a schedule for analyzing lands under their jurisdiction that have not been already analyzed for leasing. The Forest Supervisors shall revise or make additions to the schedule at least annually. In scheduling lands for analysis, the authorized Forest officer shall identify and exclude from further review the following lands which are legally unavailable for leasing:

- (1) Lands withdrawn from mineral leasing by an act of Congress or by an order of the Secretary of the Interior;
- (2) Lands recommended for wilderness allocation by the Secretary of Agriculture;
- (3) Lands designated by statute as wilderness study areas, unless oil and gas leasing is specifically allowed by the statute designating the study area; and
- (4) Lands within areas allocated for wilderness or further planning in Exec-

utive Communication 1504, Ninety-Sixth Congress (House Document No. 96-119), unless such lands subsequently have been allocated to uses other than wilderness by an approved Forest land and resource management plan or have been released to uses other than wilderness by an act of Congress.

(c) *Leasing analyses.* The leasing analysis shall be conducted by the authorized Forest officer in accordance with the requirements of 36 CFR part 219 (Forest land and resource management planning) and/or, as appropriate, through preparation of NEPA documents. As part of the analysis, the authorized Forest officer shall:

(1) Identify on maps those areas that will be:

(i) Open to development subject to the terms and conditions of the standard oil and gas lease form (including an explanation of the typical standards and objectives to be enforced under the standard lease terms);

(ii) Open to development but subject to constraints that will require the use of lease stipulations such as those prohibiting surface use on areas larger than 40 acres or such other standards as may be developed in the plan for stipulation use (with discussion as to why the constraints are necessary and justifiable); and

(iii) Closed to leasing, distinguishing between those areas that are being closed through exercise of management direction, and those closed by law, regulation, etc.

(2) Identify alternatives to the areas listed in paragraph (c)(1) of this section, including that of not allowing leasing.

(3) Project the type/amount of post-leasing activity that is reasonably foreseeable as a consequence of conducting a leasing program consistent with that described in the proposal and for each alternative.

(4) Analyze the reasonable foreseeable impacts of post-leasing activity projected under paragraph (c)(3) of this section.

(d) *Area or Forest-wide leasing decisions (lands administratively available for leasing).* Upon completion of the leasing analysis, the Regional Forest shall promptly notify the Bureau of Land Management as to the area or Forest-

§ 228.103

36 CFR Ch. II (7-1-00 Edition)

wide leasing decisions that have been made, that is, identify lands which have been found administratively available for leasing.

(e) *Leasing decisions for specific lands.* At such time as specific lands are being considered for leasing, the Regional Forester shall review the area or Forest-wide leasing decision and shall authorize the Bureau of Land Management to offer specific lands for lease subject to:

(1) Verifying that oil and gas leasing of the specific lands has been adequately addressed in a NEPA document, and is consistent with the Forest land and resource management plan. If NEPA has not been adequately addressed, or if there is significant new information or circumstances as defined by 40 CFR 1502.9 requiring further environmental analysis, additional environment analysis shall be done before a leasing decision for specific lands will be made. If there is inconsistency with the Forest land and resource management plan, no authorization for leasing shall be given unless the plan is amended or revised.

(2) Ensuring that conditions of surface occupancy identified in § 228.102(c)(1) are properly included as stipulations in resulting leases.

(3) Determining that operations and development could be allowed somewhere on each proposed lease, except where stipulations will prohibit all surface occupancy.

[55 FR 10444, Mar. 21, 1990, as amended at 56 FR 56157, Nov. 1, 1991]

§ 228.103 Notice of appeals of decisions.

The authorized Forest officer shall promptly notify the Bureau of Land Management if appeals of either an area or Forest-wide leasing decision or a leasing decision for specific lands are filed during the periods provided for under 36 CFR part 217.

§ 228.104 Consideration of requests to modify, waive, or grant exceptions to lease stipulations.

(a) *General.* An operator submitting a surface use plan of operations may request the authorized Forest officer to authorize the Bureau of Land Management to modify (permanently change),

waive (permanently remove), or grant an exception (case-by-case exemption) to a stipulation included in a lease at the direction of the Forest Service. The person making the request is encouraged to submit any information which might assist the authorized Forest officer in making a decision.

(b) *Review.* The authorized Forest officer shall review any information submitted in support of the request and any other pertinent information.

(1) As part of the review, consistent with 30 U.S.C. 226 (f)-(g), the authorized Forest officer shall ensure compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4331 *et seq.*) and any other applicable laws, and shall ensure preparation of any appropriate environmental documents.

(2) The authorized Forest officer may authorize the Bureau of Land Management to modify, waive, or grant an exception to a stipulation if:

(i) The action would be consistent with applicable Federal laws;

(ii) The action would be consistent with the current forest land and resource management plan;

(iii) The management objectives which led the Forest Service to require the inclusion of the stipulation in the lease can be met without restricting operations in the manner provided for by the stipulation given the change in the present condition of the surface resources involved, or given the nature, location, timing, or design of the proposed operations; and

(iv) The action is acceptable to the authorized Forest officer based upon a review of the environmental consequences.

(c) *Other agency stipulations.* If a stipulation was included in a lease by the Forest Service at the request of another agency, the authorized Forest officer shall consult with that agency prior to authorizing modification, waiver, or exception.

(d) *Notice of decision.* (1) When the review of a stipulation modification, waiver, or exception request has been completed and the authorized Forest officer has reached a decision, the authorized Forest officer shall promptly notify the operator and the appropriate Bureau of Land Management office, in writing, of the decision to grant, or

grant with additional conditions, or deny the request.

(2) Any decision to modify, waive, or grant an exception to a lease stipulation shall be subject to administrative appeal only in conjunction with an appeal of a decision on a surface use plan of operation or supplemental surface use plan of operation.

AUTHORIZATION OF OCCUPANCY WITHIN A
LEASEHOLD

§ 228.105 Issuance of onshore orders and notices to lessees.

(a) *Onshore oil and gas orders.* The Chief of the Forest Service may issue, or cosign with the Director, Bureau of Land Management, Onshore Oil and Gas Orders necessary to implement and supplement the regulations of this subpart.

(1) *Adoption of Onshore Oil and Gas Order No. 1.* Until such time as another order is adopted and codified in the CFR, operators shall submit surface use plans of operations in accordance with Section III.G.4(b), Guidelines for preparing surface use program, of the Department of the Interior, Bureau of Land Management, Onshore Oil and Gas Order No. 1, 48 FR 48915-30 (Oct. 21, 1983), published as Appendix A to this subpart.

(2) *Adoption of additional onshore oil and gas orders.* Additional onshore oil and gas orders shall be published in the FEDERAL REGISTER for public comment and codified in the CFR.

(3) *Applicability of onshore oil and gas orders.* Onshore Oil and Gas Orders issued pursuant to this section are binding on all operations conducted on National Forest System lands, unless otherwise provided therein.

(b) *Notices to lessees, transferees, and operators.* The authorized Forest officer may issue, or cosign with the authorized officer of the Bureau of Land Management, Notices to Lessees, Transferees, and Operators necessary to implement the regulations of this subpart. Notices to Lessees, Transferees, and Operators are binding on all operations conducted on the administrative unit of the National Forest System (36 CFR 200.2) supervised by the authorized Forest officer who issued or cosigned such notice.

§ 228.106 Operator's submission of surface use plan of operations.

(a) *General.* No permit to drill on a Federal oil and gas lease for National Forest System lands may be granted without the analysis and approval of a surface use plan of operations covering proposed surface disturbing activities. An operator must obtain an approved surface use plan of operations before conducting operations that will cause surface disturbance. The operator shall submit a proposed surface use plan of operations as part of an Application for a Permit to Drill to the appropriate Bureau of Land Management office for forwarding to the Forest Service, unless otherwise directed by the Onshore Oil and Gas Order in effect when the proposed plan of operations is submitted.

(b) *Preparation of plan.* In preparing a surface use plan of operations, the operator is encouraged to contact the local Forest Service office to make use of such information as is available from the Forest Service concerning surface resources and uses, environmental considerations, and local reclamation procedures.

(c) *Content of plan.* The type, size, and intensity of the proposed operations and the sensitivity of the surface resources that will be affected by the proposed operations determine the level of detail and the amount of information which the operator includes in a proposed plan of operations. However, any surface use plan of operations submitted by an operator shall contain the information specified by the Onshore Oil and Gas Order in effect when the surface use plan of operations is submitted.

(d) *Supplemental plan.* An operator must obtain an approved supplemental surface use plan of operations before conducting any surface disturbing operations that are not authorized by a current approved surface use plan of operations. The operator shall submit a proposed supplemental surface use plan of operations to the appropriate Bureau of Land Management office for forwarding to the Forest Service, unless otherwise directed by the Onshore Oil and Gas Order in effect when the proposed supplemental plan of operations is submitted. The supplemental

§ 228.107

plan of operations need only address those operations that differ from the operations authorized by the current approved surface use plan of operations. A supplemental plan is otherwise subject to the same requirements under this subpart as an initial surface use plan of operations.

§ 228.107 Review of surface use plan of operations.

(a) *Review.* The authorized Forest officer shall review a surface use plan of operations as promptly as practicable given the nature and scope of the proposed plan. As part of the review, the authorized Forest officer shall comply with the National Environmental Policy Act of 1969, implementing regulations at 40 CFR parts 1500-1508, and the Forest Service implementing policies and procedures set forth in Forest Service Manual Chapter 1950 and Forest Service Handbook 1909.15 and shall ensure that:

(1) The surface use plan of operations is consistent with the lease, including the lease stipulations, and applicable Federal laws;

(2) To the extent consistent with the rights conveyed by the lease, the surface use plan of operations is consistent with, or is modified to be consistent with, the applicable current approved forest land and resource management plan;

(3) The surface use plan of operations meets or exceeds the surface use requirements of § 228.108 of this subpart; and

(4) The surface use plan of operations is acceptable, or is modified to be acceptable, to the authorized Forest officer based upon a review of the environmental consequences of the operations.

(b) *Decision.* The authorized Forest officer shall make a decision on the approval of a surface use plan of operations as follows:

(1) If the authorized Forest officer will not be able to make a decision on the proposed plan within 3 working days after the conclusion of the 30-day notice period provided for by 30 U.S.C. 226(f), the authorized Forest officer shall advise the appropriate Bureau of Land Management office and the operator as soon as such delay becomes apparent, either in writing or orally with

36 CFR Ch. II (7-1-00 Edition)

subsequent written confirmation, that additional time will be needed to process the plan. The authorized Forest officer shall explain the reason why additional time is needed and project the date by which a decision on the plan will likely be made.

(2) When the review of a surface use plan of operations has been completed, the authorized Forest officer shall promptly notify the operator and the appropriate Bureau of Land Management office, in writing, that:

(i) The plan is approved as submitted;

(ii) The plan is approved subject to specified conditions; or,

(iii) The plan is disapproved for the reasons stated.

(c) *Notice of decision.* The authorized Forest officer shall give public notice of the decision on a plan and include in the notice that the decision is subject to appeal under the administrative appeal procedures at 36 CFR parts 217 and 251, subpart C.

(d) *Transmittal of decision.* The authorized Forest officer shall immediately forward a decision on a surface use plan of operations to the appropriate Bureau of Land Management office and the operator. This transmittal shall include the estimated cost of reclamation and restoration (§ 228.109(a)) if the authorized Forest officer believes that additional bonding is required.

(e) *Supplemental plans.* A supplemental surface use plan of operations (§ 228.106(d)) shall be reviewed in the same manner as an initial surface use plan of operations.

§ 228.108 Surface use requirements.

(a) *General.* The operator shall conduct operations on a leasehold on National Forest System lands in a manner that minimizes effects on surface resources, prevents unnecessary or unreasonable surface resource disturbance, and that is in compliance with the other requirements of this section.

(b) *Notice of operations.* The operator must notify the authorized Forest officer 48 hours prior to commencing operations or resuming operations following their temporary cessation (§ 228.111).

(c) *Access facilities.* The operator shall construct and maintain access facilities to assure adequate drainage and to

minimize or prevent damage to surface resources.

(d) *Cultural and historical resources.* The operator shall report findings of cultural and historical resources to the authorized Forest officer immediately and, except as otherwise authorized in an approved surface use plan of operations, protect such resources.

(e) *Fire prevention and control.* To the extent practicable, the operator shall take measures to prevent uncontrolled fires on the area of operation and to suppress uncontrolled fires resulting from the operations.

(f) *Fisheries, wildlife and plant habitat.* The operator shall comply with the requirements of the Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR chapter IV), and, except as otherwise provided in an approved surface use plan of operations, conduct operations in such a manner as to maintain and protect fisheries, wildlife, and plant habitat.

(g) *Reclamation.* (1) Unless otherwise provided in an approved surface use plan of operations, the operator shall conduct reclamation concurrently with other operations.

(2) Within 1 year of completion of operations on a portion of the area of operation, the operator must reclaim that portion, unless a different period of time is approved in writing by the authorized Forest officer.

(3) The operator must:

(i) Control soil erosion and landslides;

(ii) Control water runoff;

(iii) Remove, or control, solid wastes, toxic substances, and hazardous substances;

(iv) Reshape and revegetate disturbed areas;

(v) Remove structures, improvements, facilities and equipment, unless otherwise authorized; and

(vi) Take such other reclamation measures as specified in the approved surface use plan of operations.

(h) *Safety measures.* (1) The operator must maintain structures, facilities, improvements, and equipment located on the area of operation in a safe and neat manner and in accordance with an approved surface use plan of operations.

(2) The operator must take appropriate measures in accordance with applicable Federal and State laws and regulations to protect the public from hazardous sites or conditions resulting from the operations. Such measures may include, but are not limited to, posting signs, building fences, or otherwise identifying the hazardous site or condition.

(i) *Wastes.* The operator must either remove garbage, refuse, and sewage from National Forest System lands or treat and dispose of that material in such a manner as to minimize or prevent adverse impacts on surface resources. The operator shall treat or dispose of produced water, drilling fluid, and other waste generated by the operations in such a manner as to minimize or prevent adverse impacts on surface resources.

(j) *Watershed protection.* (1) Except as otherwise provided in the approved surface use plan of operations, the operator shall not conduct operations in areas subject to mass soil movement, riparian areas and wetlands.

(2) The operator shall take measures to minimize or prevent erosion and sediment production. Such measures include, but are not limited to, siting structures, facilities, and other improvements to avoid steep slopes and excessive clearing of land.

§ 228.109 Bonds.

(a) *General.* As part of the review of a proposed surface use plan of operations, the authorized Forest officer shall consider the estimated cost to the Forest Service to reclaim those areas that would be disturbed by operations and to restore any lands or surface waters adversely affected by the lease operations after the abandonment or cessation of operations on the lease. If at any time prior to or during the conduct of operations, the authorized Forest officer determines the financial instrument held by the Bureau of Land Management is not adequate to ensure complete and timely reclamation and restoration, the authorized Forest officer shall give the operator the option of either increasing the financial instrument held by the Bureau of Land Management or filing a separate instrument with the Forest Service in

§ 228.110

the amount deemed adequate by the authorized Forest officer to ensure reclamation and restoration.

(b) *Standards for estimating reclamation costs.* The authorized Forest officer shall consider the costs of the operator's proposed reclamation program and the need for additional measures to be taken when estimating the cost to the Forest Service to reclaim the disturbed area.

(c) *Release of reclamation liability.* An operator may request the authorized Forest officer to notify the Bureau of Land Management of reduced reclamation liability at any time after reclamation has commenced. The authorized Forest officer shall, if appropriate, notify the Bureau of Land Management as to the amount to which the liability has been reduced.

§ 228.110 Indemnification.

The operator and, if the operator does not hold all of the interest in the applicable lease, all lessees and transferees are jointly and severally liable in accordance with Federal and State laws for indemnifying the United States for:

(a) Injury, loss or damage, including fire suppression costs, which the United States incurs as a result of the operations; and

(b) Payments made by the United States in satisfaction of claims, demands or judgments for an injury, loss or damage, including fire suppression costs, which result from the operations.

ADMINISTRATION OF OPERATIONS

§ 228.111 Temporary cessation of operations.

(a) *General.* As soon as it becomes apparent that there will be a temporary cessation of operations for a period of 45 days or more, the operator must verbally notify and subsequently file a statement with the authorized Forest officer verifying the operator's intent to maintain structures, facilities, improvements, and equipment that will remain on the area of operation during the cessation of operations, and specifying the expected date by which operations will be resumed.

36 CFR Ch. II (7-1-00 Edition)

(b) *Seasonal shutdowns.* The operator need not file the statement required by paragraph (a) of this section if the cessation of operations results from seasonally adverse weather conditions and the operator will resume operations promptly upon the conclusion of those adverse weather conditions.

(c) *Interim measures.* The authorized Forest officer may require the operator to take reasonable interim reclamation or erosion control measures to protect surface resources during temporary cessations of operations, including during cessations of operations resulting from seasonally adverse weather conditions.

§ 228.112 Compliance and inspection.

(a) *General.* Operations must be conducted in accordance with the lease, including stipulations made part of the lease at the direction of the Forest Service, an approved surface use plan of operations, the applicable Onshore Oil and Gas Order (§228.105(a)), an applicable Notice to lessees, transferees, and operators (§228.105(b)), and regulations of this subpart.

(b) *Completion of reclamation.* The authorized Forest officer shall give prompt written notice to an operator whenever reclamation of a portion of the area affected by surface operations has been satisfactorily completed in accordance with the approved surface use plan of operations and §228.108 of this subpart. The notice shall describe the portion of the area on which the reclamation has been satisfactorily completed.

(c) *Compliance with other statutes and regulations.* Nothing in this subpart shall be construed to relieve an operator from complying with applicable Federal and State laws or regulations, including, but not limited to:

(1) Federal and State air quality standards, including the requirements of the Clean Air Act, as amended (42 U.S.C. 1857 *et seq.*);

(2) Federal and State water quality standards, including the requirements of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1151 *et seq.*);

(3) Federal and State standards for the use or generation of solid wastes, toxic substances and hazardous substances, including the requirements of

the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. 9601 *et seq.*, and its implementing regulations, 40 CFR chapter I, subchapter J, and the Resource Conservation and Recovery Act, 42 U.S.C. 6901 *et seq.*, and its implementing regulations, 40 CFR chapter I, subchapter I;

(4) The Endangered Species Act of 1973, 16 U.S.C. 1531 *et seq.*, and its implementing regulations, 50 CFR chapter IV;

(5) The Archeological Resources Protection Act of 1979, as amended (16 U.S.C. 470aa *et seq.*) and its implementing regulations 36 CFR part 296;

(6) The Mineral Leasing Act of 1920, 30 U.S.C. 1981 *et seq.*, the Mineral Leasing Act of Acquired Lands of 1947, 30 U.S.C. 351 *et seq.*, the Federal Oil and Gas Royalty Management Act of 1982, 30 U.S.C. 1701 *et seq.*, and their implementing regulations, 43 CFR chapter II, group 3100; and

(7) Applicable Onshore Oil and Gas Orders and Notices to Lessees and Operators (NTL's) issued by the United States Department of the Interior, Bureau of Land Management pursuant to 43 CFR chapter II, part 3160, subpart 3164.

(d) *Penalties.* If surface disturbing operations are being conducted that are not authorized by an approved surface use plan of operations or that violate a term or operating condition of an approved surface use plan of operations, the person conducting those operations is subject to the prohibitions and attendant penalties of 36 CFR part 261.

(e) *Inspection.* Forest Service officers shall periodically inspect the area of operations to determine and document whether operations are being conducted in compliance with the regulations in this subpart, the stipulations included in the lease at the direction of the Forest Service, the approved surface use plan of operations, the applicable Onshore Oil and Gas Order, and applicable Notices to Lessees, Transferees, and Operators.

§ 228.113 Notice of noncompliance.

(a) *Issuance.* When an authorized Forest officer finds that the operator is not in compliance with a reclamation or other standard, a stipulation in-

cluded in a lease at the direction of the Forest Service, an approved surface use plan of operation, the regulations in this subpart, the applicable onshore oil and gas order, or an applicable notice to lessees, transferees, and operators, the authorized Forest officer shall issue a notice of noncompliance.

(1) *Content.* The notice of noncompliance shall include the following:

(i) Identification of the reclamation requirements or other standard(s) with which the operator is not in compliance;

(ii) Description of the measures which are required to correct the noncompliance;

(iii) Specification of a reasonable period of time within which the noncompliance must be corrected;

(iv) If the noncompliance appears to be material, identification of the possible consequences of continued noncompliance of the requirement(s) or standard(s) as described in 30 U.S.C. 226(g);

(v) If the noncompliance appears to be in violation of the prohibitions set forth in 36 CFR part 261, identification of the possible consequences of continued noncompliance of the requirement(s) or standard(s) as described in 36 CFR 261.1b; and

(vi) Notification that the authorized Forest officer remains willing and desirous of working cooperatively with the operator to resolve or remedy the noncompliance.

(2) *Extension of deadlines.* The operator may request an extension of a deadline specified in a notice of noncompliance if the operator is unable to come into compliance with the applicable requirement(s) or standard(s) identified in the notice of noncompliance by the deadline because of conditions beyond the operator's control. The authorized Forest officer shall not extend a deadline specified in a notice of noncompliance unless the operator requested an extension and the authorized Forest officer finds that there was a condition beyond the operator's control, that such condition prevented the operator from complying with the notice of noncompliance by the specified deadline, and that the extension will not adversely affect the interests of the United States. Conditions which may

be beyond the operator's control include, but are not limited to, closure of an area in accordance with 36 CFR part 261, subparts B or C, or inaccessibility of an area of operations due to such conditions as fire, flooding, or snowpack.

(3) *Manner of service.* The authorized Forest officer shall serve a notice of noncompliance or a decision on a request for extension of a deadline specified in a notice upon the operator in person, by certified mail or by telephone. However, if notice is initially provided in person or by telephone, the authorized Forest officer shall send the operator written confirmation of the notice or decision by certified mail.

(b) *Failure to come into compliance.* If the operator fails to come into compliance with the applicable requirement(s) or standard(s) identified in a notice of noncompliance by the deadline specified in the notice, or an approved extension, the authorized Forest officer shall decide whether: The noncompliance appears to be material given the reclamation requirements and other standards applicable to the lease established by 30 U.S.C. 226(g), the regulations in this subpart, the stipulations included in a lease at the direction of the Forest Service, an approved surface use plan of operations, the applicable Onshore Oil and Gas Order, or an applicable Notice to lessees, transferees, and operators; the noncompliance is likely to result in danger to public health or safety or irreparable resource damage; and the noncompliance is resulting in an emergency.

(1) *Referral to compliance officer.* When the operations appear to be in material noncompliance, the authorized Forest officer shall promptly refer the matter to the compliance officer. The referral shall be accompanied by a complete statement of the facts supported by appropriate exhibits. Apparent material noncompliance includes, but is not limited to, operating without an approved surface use plan of operations, conducting operations that have been suspended, failure to timely complete reclamation in accordance with an approved surface use plan of operations, failure to maintain an additional bond in the amount required by the author-

ized Forest officer during the period of operation, failure to timely reimburse the Forest Service for the cost of abating an emergency, and failing to comply with any term included in a lease, stipulation, or approved surface use plan of operations, the applicable onshore oil and gas order, or an applicable Notice to lessees, transferees, and operators, relating to the protection of a threatened or endangered species.

(2) *Suspension of operations.* When the noncompliance is likely to result in danger to public health or safety or in irreparable resource damage, the authorized Forest officer shall suspend the operations, in whole or in part.

(i) A suspension of operations shall remain in effect until the authorized Forest officer determines that the operations are in compliance with the applicable requirement(s) or standard(s) identified in the notice of noncompliance.

(ii) The authorized Forest officer shall serve decisions suspending operations upon the operator in person, by certified mail, or by telephone. If notice is initially provided in person or by telephone, the authorized Forest officer shall send the operator written confirmation of the decision by certified mail.

(iii) The authorized Forest officer shall immediately notify the appropriate Bureau of Land Management office when an operator has been given notice to suspend operations.

(3) *Abatement of emergencies.* When the noncompliance is resulting in an emergency, the authorized Forest officer may take action as necessary to abate the emergency. The total cost to the Forest Service of taking actions to abate an emergency becomes an obligation of the operator.

(i) Emergency situations include, but are not limited to, imminent dangers to public health or safety or irreparable resource damage.

(ii) The authorized Forest officer shall promptly serve a bill for such costs upon the operator by certified mail.

§ 228.114 Material noncompliance proceedings.

(a) *Evaluation of referral.* The compliance officer shall promptly evaluate a

referral made by the authorized Forest officer pursuant to §228.113(b)(1) of this subpart.

(b) *Dismissal of referral.* The compliance officer shall dismiss the referral if the compliance officer determines that there is not adequate evidence to support a reasonable belief that:

(1) The operator was not in compliance with the applicable requirement(s) or standard(s) identified in a notice of noncompliance by the deadline specified in the notice, or an extension approved by the authorized Forest officer; or

(2) The noncompliance with the applicable requirement(s) or standard(s) identified in the notice of noncompliance may be material.

(c) *Initiation of proceedings.* The compliance officer shall initiate a material noncompliance proceeding if the compliance officer agrees that there is adequate evidence to support a reasonable belief that an operator has failed to come into compliance with the applicable requirement(s) or standard(s) identified in a notice of noncompliance by the deadline specified in the notice, or extension approved by the authorized Forest officer, and that the noncompliance may be material.

(1) *Notice of proceedings.* The compliance officer shall inform the lessee and operator of the material noncompliance proceedings by certified mail, return receipt requested.

(2) *Content of notice.* The notice of the material noncompliance proceeding shall include the following:

(i) The specific reclamation requirement(s) or other standard(s) of which the operator may be in material noncompliance;

(ii) A description of the measures that are required to correct the violation;

(iii) A statement that if the compliance officer finds that the operator is in material noncompliance with a reclamation requirement or other standard applicable to the lease, the Secretary of the Interior will not be able to issue new leases or approve new transfers of leases to the operator, any subsidiary or affiliate of the operator, or any person controlled by or under common control with the operator until the compliance officer finds that

the operator has come into compliance with such requirement or standard; and

(iv) A recitation of the specific procedures governing the material noncompliance proceeding set forth in paragraphs (d) through (g) of this section.

(d) *Answer.* Within 30 calendar days after receiving the notice of the proceeding, the operator may submit, in person, in writing, or through a representative, an answer containing information and argument in opposition to the proposed material noncompliance finding, including information that raises a genuine dispute over the material facts. In that submission, the operator also may:

(1) Request an informal hearing with the compliance officer; and

(2) Identify pending administrative or judicial appeal(s) which are relevant to the proposed material noncompliance finding and provide information which shows the relevance of such appeal(s).

(e) *Informal hearing.* If the operator requests an informal hearing, it shall be held within 20 calendar days from the date that the compliance officer receives the operator's request.

(1) The compliance officer may postpone the date of the informal hearing if the operator requests a postponement in writing.

(2) At the hearing, the operator, appearing personally or through an attorney or another authorized representative, may informally present and explain evidence and argument in opposition to the proposed material noncompliance finding.

(3) A transcript of the informal hearing shall not be required.

(f) *Additional procedures as to disputed facts.* If the compliance officer finds that the answer raises a genuine dispute over facts essential to the proposed material noncompliance finding, the compliance officer shall so inform the operator by certified mail, return receipt requested. Within 10 days of receiving this notice, the operator may request a fact-finding conference on those disputed facts.

(1) The fact-finding conference shall be scheduled within 20 calendar days from the date the compliance officer receives the operator's request, unless

the operator and compliance officer agree otherwise.

(2) At the fact-finding conference, the operator shall have the opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront the person(s) the Forest Service presents.

(3) A transcribed record of the fact-finding conference shall be made, unless the operator and the compliance officer by mutual agreement waive the requirement for a transcript. The transcript will be made available to the operator at cost upon request.

(4) The compliance officer may preside over the fact-finding conference or designate another authorized Forest officer to preside over the fact-finding conference.

(5) Following the fact-finding conference, the authorized Forest officer who presided over the conference shall promptly prepare written findings of fact based upon the preponderance of the evidence. The compliance officer may reject findings of fact prepared by another authorized Forest officer, in whole or in part, if the compliance officer specifically determines that such findings are arbitrary and capricious or clearly erroneous.

(g) *Dismissal of proceedings.* The compliance officer shall dismiss the material noncompliance proceeding if, before the compliance officer renders a decision pursuant to paragraph (h) of this section, the authorized Forest officer who made the referral finds that the operator has come into compliance with the applicable requirements or standards identified in the notice of proceeding.

(h) *Compliance officer's decision.* The compliance officer shall base the decision on the entire record, which shall consist of the authorized Forest officer's referral and its accompanying statement of facts and exhibits, information and argument that the operator provided in an answer, any information and argument that the operator provided in an informal hearing if one was held, and the findings of fact if a fact-finding conference was held.

(1) *Content.* The compliance officer's decision shall state whether the operator has violated the requirement(s) or standard(s) identified in the notice of

proceeding and, if so, whether that noncompliance is material given the requirements of 30 U.S.C. 226(g), the stipulations included in the lease at the direction of the Forest Service, the regulations in this subpart or an approved surface use plan of operations, the applicable onshore oil and gas order, or an applicable notice to lessees, transferees, and operators. If the compliance officer finds that the operator is in material noncompliance, the decision also shall:

(i) Describe the measures that are required to correct the violation;

(ii) Apprise the operator that the Secretary of the Interior is being notified that the operator has been found to be in material noncompliance with a reclamation requirement or other standard applicable to the lease; and

(iii) State that the decision is the final administrative determination of the Department of Agriculture.

(2) *Service.* The compliance officer shall serve the decision upon the operator by certified mail, return receipt requested. If the operator is found to be in material noncompliance, the compliance officer also shall immediately send a copy of the decision to the appropriate Bureau of Land Management office and to the Secretary of the Interior.

(i) *Petition for withdrawal of finding.* If an operator who has been found to be in material noncompliance under the provisions of this section believes that the operations have subsequently come into compliance with the applicable requirement(s) or standard(s) identified in the compliance officer's decision, the operator may submit a written petition requesting that the material noncompliance finding be withdrawn. The petition shall be submitted to the authorized Forest officer who issued the operator the notice of noncompliance under § 228.113(a) of this subpart and shall include information or exhibits which shows that the operator has come into compliance with the requirement(s) or standard(s) identified in the compliance officer's decision.

(1) *Response to petition.* Within 30 calendar days after receiving the operator's petition for withdrawal, the authorized Forest officer shall submit a written statement to the compliance

officer as to whether the authorized Forest officer agrees that the operator has come into compliance with the requirement(s) or standard(s) identified in the compliance officer's decision. If the authorized Forest officer disagrees with the operator, the written statement shall be accompanied by a complete statement of the facts supported by appropriate exhibits.

(2) *Additional procedures as to disputed material facts.* If the compliance officer finds that the authorized Forest officer's response raises a genuine dispute over facts material to the decision as to whether the operator has come into compliance with the requirement(s) or standard(s) identified in the compliance officer's decision, the compliance officer shall so notify the operator and authorized Forest officer by certified mail, return receipt requested. The notice shall also advise the operator that the fact finding procedures specified in paragraph (f) of this section apply to the compliance officer's decision on the petition for withdrawal.

(3) *Compliance officer's decision.* The compliance officer shall base the decision on the petition on the entire record, which shall consist of the operator's petition for withdrawal and its accompanying exhibits, the authorized Forest officer's response to the petition and, if applicable, its accompanying statement of facts and exhibits, and if a fact-finding conference was held, the findings of fact. The compliance officer shall serve the decision on the operator by certified mail.

(i) If the compliance officer finds that the operator remains in violation of requirement(s) or standard(s) identified in the decision finding that the operator was in material noncompliance, the decision on the petition for withdrawal shall identify such requirement(s) or standard(s) and describe the measures that are required to correct the violation(s).

(ii) If the compliance officer finds that the operator has subsequently come into compliance with the requirement(s) or standard(s) identified in the compliance officer's decision finding that the operator was in material noncompliance, the compliance officer also shall immediately send a copy of the decision on the petition for withdrawal

to the appropriate Bureau of Land Management office and notify the Secretary of the Interior that the operator has come into compliance.

(j) *List of operators found to be in material noncompliance.* The Deputy Chief, National Forest System, shall compile and maintain a list of operators who have been found to be in material noncompliance with reclamation requirements and other standards as provided in 30 U.S.C. 226(g), the regulations in this subpart, a stipulation included in a lease at the direction of the Forest Service, or an approved surface use plan of operations, the applicable onshore oil and gas order, or an applicable notice to lessees, transferees, and operators, for a lease on National Forest System lands to which such standards apply. This list shall be made available to Regional Foresters, Forest Supervisors, and upon request, members of the public.

§ 228.115 Additional notice of decisions.

(a) The authorized Forest officer shall promptly post notices provided by the Bureau of Land Management of:

(1) Competitive lease sales which the Bureau plans to conduct that include National Forest System lands;

(2) Substantial modifications in the terms of a lease which the Bureau proposes to make for leases on National Forest System lands; and

(3) Applications for permits to drill which the Bureau has received for leaseholds located on National Forest System lands.

(b) The notice shall be posted at the offices of the affected Forest Supervisor and District Ranger in a prominent location readily accessible to the public.

(c) The authorized Forest officer shall keep a record of the date(s) the notice was posted in the offices of the affected Forest Supervisor and District Ranger.

(d) The posting of notices required by this section are in addition to the requirements for public notice of decisions provided in § 228.104(d) (Notice of decision) and § 228.107(c) (Notice of decision) of this subpart.

§ 228.116

36 CFR Ch. II (7–1–00 Edition)

§ 228.116 Information collection requirements.

(a) *Sections containing information requirements.* The following sections of this subpart contain information requirements as defined in 5 CFR part 1320 and have been approved for use by the Office of Management and Budget:

(1) Section 228.104(a) Requests to Modify, Waive, or Grant Exceptions to Leasing Stipulations;

(2) Section 228.106 (a), (c), and (d) Submission of Surface Use Plan of Operations;

(3) Section 228.109(c) Request for Reduction in Reclamation Liability after Reclamation;

(4) Section 228.111(a) Notice of Temporary Cessation of Operations;

(5) Section 228.113(a)(2) Extension of Deadline in Notice of Noncompliance; and

(6) Section 228.114 (c) through (i) Material Noncompliance Proceedings.

(b) *OMB control number.* The information requirements listed in paragraph (a) of this section have been assigned OMB Control No. 0596-0101.

(c) *Average estimated burden hours.* (1) The average burden hours per response are estimated to be:

(i) 5 minutes for the information requirements in §228.104(a) of this subpart;

(ii) No additional burden hours required to meet the information requirements in §228.106 (a), (c), and (d) of this subpart;

(iii) 10 minutes for the information requirements in §228.109(c) of this subpart;

(iv) 10 minutes for the information requirements in §228.111(a) of this subpart;

(v) 5 minutes for the information requirements in §228.113(a)(2) of this subpart; and

(vi) 2 hours for the information requirements in §228.114 (c) through (i) of this subpart.

(2) Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Chief (2800), Forest Service, USDA, P.O. Box 96090, Washington, DC 20090-6090 and to the Office of Information and Regulatory Affairs, Office of

Management and Budget, Washington, DC 20503.

APPENDIX A TO SUBPART E OF PART 228—GUIDELINES FOR PREPARING SURFACE USE PLANS OF OPERATION FOR DRILLING

I. Components of a Complete Application for Permit to Drill

(a) Guidelines for Preparing Surface Use Program. In preparing this program, the lessee or operator shall submit maps, plats, and narrative descriptions which adhere closely to the following (maps and plats should be of a scale no smaller than 1:24,000 unless otherwise stated below):

(1) *Existing Roads.* A legible map (USGS topographic, county road, Alaska Borough, or other such map), labeled and showing the access route to the location, shall be used for locating the proposed well site in relation to a town (village) or other locatable point, such as a highway or county road, which handles the majority of the through traffic to the general area. The proposed route to the location, including appropriate distances from the point where the access route exits established roads, shall be shown. All access roads shall be appropriately labeled. Any plans for improvement and/or a statement that existing roads will be maintained in the same or better condition shall be provided. Existing roads and newly constructed roads on surface under the jurisdiction of a Surface Management Agency shall be maintained in accordance with the standards of the Surface Management Agency.

Information required by items (2), (3), (4), (5), (6), and (8) of this subsection also may be shown on this map if appropriately labeled or on a separate plat or map.

(2) *Access Roads to Be Constructed and Reconstructed.* All permanent and temporary access roads that are to be constructed, or reconstructed, in connection with the drilling of the proposed well shall be appropriately identified and submitted on a map or plat. Width, maximum grade, major cuts and fills, turnouts, drainage design, location and size of culverts and/or bridges, fence cuts and/or cattleguards, and type of surfacing material, if any, shall be stated for all construction. In addition, where permafrost exists, the methods for protection from thawing must be indicated. Modification of proposed road design may be required during the onsite inspection.

Information also should be furnished to indicate where existing facilities may be altered or modified. Such facilities include gates, cattleguards, culverts, and bridges which, if installed or replaced, shall be designed to adequately carry anticipated loads.

(3) *Location of Existing Wells.* It is recommended that this information be submitted on a map or plat and include all wells (water, injection or disposal, producing, and drilling) within a 1-mile radius of the proposed location.

(4) *Location of Existing and/or Proposed Facilities if Well is Productive.*

(i) On well pad—A map or plat shall be included showing, to the extent known or anticipated, the location of all production facilities and lines to be installed if the well is successfully completed for production.

(ii) Off well pad—A map or plat shall be included showing to the extent known or anticipated, the existing or new production facilities to be utilized and the lines to be installed if the well is successfully completed for production. If new construction, the dimensions of the facility layout are to be shown.

If the information required under (a) or (b) above is not known and cannot be accurately presented and the well subsequently is completed for production, the operator shall then comply with section IV of this Order.

(5) *Location and Type of Water Supply (Rivers, Creeks, Springs, Lakes, Ponds, and Wells).* This information may be shown by quarter-quarter section on a map or plat, or may be a written description. The source and transportation method for all water to be used in drilling the proposed well shall be noted if the source is located on Federal or Indian lands or if water is to be used from a Federal or Indian project. If the water is obtained from other than Federal or Indian lands, only the location need be identified. Any access roads crossing Federal or Indian lands that are needed to haul the water shall be described in items G.4.b. (1) and (2), as appropriate. If a water supply well is to be drilled on the lease, it shall be so stated under this item, and the authorized officer of the BLM may require the filing of a separate APD.

(6) *Construction Materials.* The lessee or operator shall state the character and intended use of all construction materials such as sand, gravel, stone and soil material. If the materials to be used are Federally-owned, the proposed source shall be shown by either quarter-quarter section on a map or plat, or a written description. The use of materials under BLM jurisdiction is governed by 43 CFR 3610.2-3. The authorized officer shall inform the lessee or operator if the materials may be used free of charge or if an application for sale is required. If the materials to be used are Indian owned or under the jurisdiction of any Surface Management Agency other than BLM, the specific tribe and or Area Superintendent of BIA, or the appropriate Surface Management Agency office shall be contacted to determine the appropriate procedure for use of the materials.

(7) *Methods for Handling Waste Disposal.* A written description shall be given of the

methods and locations proposed for safe containment and disposal of each type of waste material (e.g., cuttings, garbage, salts, chemicals, sewage, etc.) that results from the drilling of the proposed well. Likewise, the narrative shall include plans for the eventual disposal of drilling fluids and any produced oil or water recovered during testing operations.

(8) *Ancillary Facilities.* The plans, or subsequent amendments to such plans, shall identify all ancillary facilities such as camps and airstrips as to their location, land area required, and the methods and standards to be employed in their construction. Such facilities shall be shown on a map or plat. The approximate center of proposed camps and the center line of airstrips shall be staked on the ground.

(9) *Well Site Layout.* A plat of suitable scale (not less than 1 inch=50 feet) showing the proposed drill pad and its location with respect to topographic features is required. Cross section diagrams of the drill pad showing any cuts and fills and the relation to topography are also required. The plat shall also include the approximate proposed location of the reserve and burn pits, access roads onto the pad, turnaround areas, parking area, living facilities, soil material stockpiles, and the orientation of the rig with respect to the pad and other facilities. Plans, if any to line the reserve pit should be detailed.

(10) *Plans for Reclamation of the Surface.* The program for surface reclamation upon completion of the operation, such as configuration of the reshaped topography, drainage system, segregation of spoil materials, surface manipulations, waste disposal, revegetation methods, and soil treatments, plus other practices necessary to reclaim all disturbed areas, including any access roads or portions of well pads when no longer needed, shall be stated. An estimate of the time for commencement and completion of reclamation operations, dependent on weather conditions and other local uses of the area, shall be provided.

(11) *Surface Ownership.* The surface ownership (Federal, Indian, State or private) at the well location, and for all lands crossed by roads which are to be constructed or upgraded, shall be indicated. Where the surface of the well site is privately owned, the operator shall provide the name, address, and telephone number of the surface owner, unless previously provided.

(12) *Other Information.* The lessee or operator is encouraged to submit any additional information that may be helpful in processing the application.

(13) *Lessee's or Operator's Representative and Certification.* The name, address, and telephone number of the lessee's or operator's field representative shall be included. The

lessee or operator submitting the APD shall certify as follows:

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drill site and access route; that I am familiar with the conditions which currently exist; that the statements made in this plan are, to the best of my knowledge, true and correct; and that the work associated with operations proposed herein will be performed by _____ and its contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved. This statement is subject to the provisions of 18 U.S.C. 1001 for the filing of a false statement.

AUTHORITY: 16 U.S.C. 2103b, 2114.

SOURCE: 56 FR 63585, Dec. 4, 1991, unless otherwise noted.

Subpart A—Stewardship Incentive Program

§ 230.1 Purpose and scope.

(a) The regulations in this subpart govern the operation of the Stewardship Incentive Program as provided in section 6 of the Cooperative Forestry Assistance Act, as amended by title XII of the Food, Agriculture, Conservation, and Trade Act of 1990 (16 U.S.C. 2101, *et seq.*). This subpart sets forth the rules and procedures by which the Stewardship Incentive Program will be administered by the Forest Service to establish forest stewardship practices on nonindustrial private forest land.

(b) The cost-share assistance provided under the Stewardship Incentive

Program shall complement rather than replace or duplicate the existing Agricultural Conservation Program and Forestry Incentives Program. Tree planting and improvement and other State priorities for program activities and practices funded under the Stewardship Incentive Program shall be designed to provide multiple resource benefits not available through other cost-share programs.

§ 230.2 Definitions.

As used in this subpart, the following terms shall mean:

Act means the Cooperative Forestry Assistance Act as amended (16 U.S.C. 2101, *et seq.*).

Assignee means any person, corporation, government agency, or other legal entity to whom a landowner transfers legal rights to receive all or part of federal cost-share payments.

Chief means the Chief of the Forest Service.

Committee means the State Forest Stewardship Coordinating Committee established pursuant to section 19(b)(1) of the Act.

Fiscal year means the fiscal year of the United States Government which is October 1 through September 30.

Landowner means any private individual, group, association, corporation, Indian tribe or other native group, or other private legal entity, excluding corporations whose stocks are publicly traded or legal entities principally engaged in the production of wood products.

Nonindustrial private forest land means rural lands with existing tree cover or which are suitable for growing trees and owned by any landowner as defined in this subpart.

Practice means a stewardship activity or conservation measure consistent with the landowner plan to accomplish the landowner's desired management objectives.

Program means the Stewardship Incentive Program.

Regional Forester means the Forest Service official charged with the administration of a Region of the National Forest System as described in 36 CFR 200.2, except that with reference to the States covered by the Eastern Region, such term shall mean the Area

Forest Service, USDA

§ 230.4

Director for States and Private Forestry, Northeastern Area (36 CFR 200.2);

Resource Management Professional means any person who is recognized by the State Forester as having the knowledge and skills to develop landowner plans for managing the biological, economic, and environmental interrelationship of forest resources and to identify appropriate activities to manage, protect, or enhance forest resources including, but not limited to, an employee of a State forestry agency, other State resource agency, the Soil Conservation Service, a consulting forester, or wildlife biologist.

Service Representative means a resource management professional designated by the State Forester to perform any or all of the following technical assistance functions: Review and approval of landowner plans, determination of need and feasibility of practices, establishment of site specific practice specifications, certification of completion of practices and performance of compliance checks pursuant to this subpart.

State means any one of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, Guam, American Samoa, the Commonwealth of the North Marianas Islands, the Trust Territory of the Pacific Islands and the Territories and possessions of the United States.

State Forester means the employee of a State responsible for administration and delivery of forestry and assistance within such State.

USDA means the U.S. Department of Agriculture.

§ 230.3 National program administration.

(a) The Chief shall develop and oversee all Program policy and procedure and monitor the implementation of such policy and procedure over the life of the Program.

(b) The Chief shall annually distribute among the States such cost-share funds as may be available for the Program after addressing the public benefit incidental to such distribution and after giving appropriate consideration to the following: The total acre-

age of nonindustrial private forest land in each State, the potential productivity of such land, the number of owners eligible for cost sharing in each State, the need for reforestation in each State, the opportunities to enhance nontimber resources on such forest lands, and the anticipated demand for timber and nontimber resources in each State. In making distributions under this paragraph, the Chief shall consult with a group of not less than five State Foresters selected by a majority of the State foresters.

(c) Tree planting, tree maintenance, and tree improvement are national priorities for cost-share practices under the Programs. In addition to these practices, the Chief, in consultation with the State Foresters, may develop other national priorities for practices to be cost shared under the Program and shall communicate such priorities to guide administration of the Program.

(d) The Chief shall review and determine approval of State plans, including any revisions of such plans.

(e) The Chief, in consultation with the State Foresters, shall annually reevaluate and set the percentage of Program funding to be made available for landowner forest stewardship plan development (§230.7(a)(1) of this subpart).

(f) The Chief may enter into such agreements with any other USDA agency as are necessary to administer the Program. These agreements may include provisions authorizing the collection of Program participant information, the management of accounting ledgers, and the disbursement of payment to participants.

(g) The Chief shall retain final authority to resolve all issues which may arise in the administration of the Program.

§ 230.4 State program administration.

(a) In each State participating in the Program, the Secretary of Agriculture, in consultation with the State Forester, shall establish a State Forest Stewardship Coordinating Committee whose composition meets the requirements of section 19(b) of the Act. The Committee shall be chaired by the State Forester, or the designee thereof.

§ 230.4

36 CFR Ch. II (7-1-00 Edition)

(b) In each State participating in the Program, the Committee shall recommend to the State Forester for approval:

(1) Stewardship Incentive Program needs within the State;

(2) The minimum contiguous acreage of eligible nonindustrial private forest land, consistent with §230.5(c) of this subpart;

(3) Those nationally approved practices that will be eligible for cost-share assistance within the State;

(4) Those nationally approved technical practices and minimum specifications to be used in implementing practices;

(5) The cost-share levels, by practice, which will encourage tree planting, maintenance, and improvement, and other high priority practices within the State that will result in multiple resource benefits;

(6) The fixed rate or reimbursement or designated percentage of total cost for practice components;

(7) The distribution mechanism for the allocation of cost-share funds within the State;

(8) The assignment of technical responsibility, by type of Program practice, to the appropriate Service Representative;

(9) Guidelines for establishing annual priorities for the approval of landowner applications;

(10) The mechanisms for ensuring landowner compliance with practice specification;

(11) The mechanisms to monitor State participation in the Program; and

(12) Any adjustments in Program guideline, administration, or funding levels to better achieve Program objectives within the State.

(c) The State Forester, after giving full consideration to the recommendations of the Committee, shall approve Program administration procedures as set forth in paragraph (b) of this section. In the event a Committee fails to make timely recommendations with regard to any matter listed in paragraph (b) of this section, the State Forester is authorized to approve administrative procedures for implementing the Program without further delay.

(d) To participate in the Program, the State Forester, in consultation with the Committee, shall develop a State plan that shall provide baseline data on the forest resources of the State; outline threats to the forest resources of the State; describe economic and environmental opportunities that are linked with the forest resources of the State; address management problems, opportunities, and objectives associated with intermingled Federal, State, and private land ownership patterns within the State; and make planning recommendations for Federal, State, and local implementation of the Act.

(1) The State Plan shall cover a 5-year period, identify management goals for nonindustrial private forest lands and set priorities for achieving the goals and objectives identified for the State for each year.

(2) State Foresters may use existing resource inventories, landowner surveys, and other relevant planning data to develop the State plan.

(3) State plans shall become effective upon approval by the Chief.

(e) The State Forester shall administer the Program within the State and monitor the Programs to ensure that it is achieving desired results and shall ensure landowner compliance with practice installation specifications and maintenance of the practice.

(f) Not more than 10 percent of a State allocation of funds may be used to finance State Program development and administration. The State Forester must obtain approval from the Regional Forester of the amount of the State's Program allocation to be used for State Program development and administration.

(g) The percent of the State's Program allocation of funds that may be used to cost-share the development of Landowner Forest Stewardship plans will be determined pursuant to §230.3(e) of this subpart. The State Forester must obtain approval from the Regional Forester of the amount of the State's Program allocation to be used for Landowner Forest Stewardship Plan development (§230.7(a)(1) of this subpart).

(h) The State Forester shall document and make available for public inspection all determinations made in consultation with the Committee.

§ 230.5 Eligibility requirements.

(a) All nonindustrial private forest landowners as defined in § 230.2 of this subpart, including those who produce forest products on a part-time or intermittent basis, who meet the requirements of this section, are eligible to apply for and receive assistance under the Program without regard to race, color, religion, national origin, age, sex, marital status, or handicap.

(b) To be eligible to receive cost-share funds under the Program, a landowner shall own not more than a total of 1,000 acres of nonindustrial private forest land, except where the State Forester, with the concurrence of the Regional Forester, determines that significant public benefits would accrue from approval of a landowner owning not more than 5,000 acres. In making a determination of significant public benefits, the State Forester and the Regional Forester shall consider, at a minimum, whether the installation of practices by landowners who own more than 1,000 acres but less than 5,000 acres are necessary to achieve cost-effective resource management objectives without unduly affecting Program participation of other eligible landowners.

(c) To be eligible to receive cost-share funds under the Program, a landowner shall not own less than the minimum contiguous acreage as established by the State Forester. However, in no case shall the minimum contiguous acreage requirement be higher than 25 acres.

(d) To be eligible to receive cost-share funds under the Program, a landowner must agree to manage the following lands under a Landowner Forest Stewardship Plan prepared pursuant to § 230.6 of this subpart:

(1) All of their nonindustrial private forest land with existing tree cover within a contiguous tract; and

(2) Other nonindustrial private forest land within the same contiguous tract which is identified by the landowner and approved by the Service Represent-

ative as suitable for growing trees and scheduled for conversion to a Program practice.

(e) To be eligible to receive cost-share funds under the Program, a landowner must agree to maintain Program practices for 10 years, unless otherwise specified by the Chief.

§ 230.6 Landowner forest stewardship plan.

(a) Prior to receiving approval to implement any Program practice identified in § 230.7(a)(2)-(9) of this subpart, eligible landowners shall have an approved landowner forest stewardship plan. The landowner forest stewardship plan shall be prepared by a Resource Management Professional and approved by a Service Representative and shall identify and describe actions to be taken by the landowner to protect and manage soil, water, aesthetic qualities, recreation, timber, and fish and wildlife resources in a manner which is compatible with the objectives of the landowner.

(b) A landowner forest stewardship plan shall be effective for not less than 10 years, but shall be reviewed at least every five years and may be revised as needed, subject to approval of the Service Representative.

(c) To the extent deemed applicable by the Service Representative, where existing landowner management plans such as conservation plans, Tree Farm management plans, or similar plans meet or can be amended to meet Landowner Forest Stewardship Plan requirements, such plans shall satisfy the requirements of this section.

(d) If a landowner sells or otherwise conveys land covered by a landowner forest stewardship plan, such plan shall remain in effect if agreed to by the new owner. New landowner objectives shall be incorporated through plan revision as needed. Where the new landowner does not agree to adopt the Landowner Forest Stewardship plan, the new landowner cannot obtain approval of new Program practices without preparation and approval of a new Landowner Forest Stewardship Plan.

§ 230.7

§ 230.7 Program practices.

(a) Practices for which cost sharing is available under the Stewardship Incentive Program and the reporting codes assigned to each are as follows:

(1) Landowner Forest Stewardship Plan Development (SIP1), which identifies landowner objectives and multiple resource management decisions.

(2) Reforestation and Afforestation (SIP2), which includes establishment or reestablishment of diverse stands of forest trees through natural regeneration, planting, or direct seeding for conservation purposes and sustainable timber production.

(3) Forest and Agroforest Improvement (SIP3), which includes the improvement of forest and agroforest stand productivity, vigor, and health, and the value and quality of wood products.

(4) Windbreak and Hedgerow Establishment, Maintenance and Renovation (SIP4), which includes the establishment, maintenance, and renovation of windbreaks and hedgerows to conserve energy, protect farmsteads, livestock, and crops, and reduce soil erosion.

(5) Soil and Water Protection and Improvement (SIP5), which includes the maintenance or improvement of water quality and soil productivity on forest land.

(6) Riparian and Wetland Protection and Improvement (SIP6), which includes the protection, restoration, and improvement of wetlands and riparian areas to maintain water quality and enhance habitat.

(7) Fisheries Habitat Enhancement (SIP7), which includes the protection and enhancement of habitat for native resident and anadromous fisheries.

(8) Wildlife Habitat Enhancement (SIP8), which includes the establishment and enhancement of permanent habitat for game and nongame wildlife species.

(9) Forest Recreation Enhancement (SIP9), which includes the enhancement of outdoor recreation activities and aesthetics.

(b) In the application and use of pesticides, including biological, chemical, and behavioral substances, practice performance shall meet all label requirements, State and Federal regulations, and local ordinances.

36 CFR Ch. II (7-1-00 Edition)

(c) Anyone who carries out practices under this Program shall be responsible for obtaining the authorities, rights, easements, or other approvals necessary to the performance and maintenance of the practices in keeping with applicable laws and regulations.

§ 230.8 Application and approval.

(a) A landowner wishing to participate in the Program shall contact the local office of the State Forester who shall provide information necessary to make application.

(b) The State Forester, or such official as the State Forester may designate, shall make basic eligibility determinations, including whether the applicant meets nonindustrial private forest land ownership criteria and minimum and maximum acreage criteria in accordance with §230.5 of this subpart, and approve Program practices. The landowner shall be notified of such determination in writing by mail.

(c) The State Forester, or such official as the State Forester may designate, shall approve Program practices based on the following:

(1) For approval of practices described in §230.7(a)(2)-(a)(9) of this subpart, verification that the landowner has an approved landowner forest stewardship plan.

(2) A determination whether the practice is needed and feasible.

(3) A determination that the practice is consistent with funding priorities established by the State Forester.

(d) Applications shall not be approved unless cost-share funds are available. Approval of an application shall constitute an agreement by the United States and the landowner to cost-share approved practices upon acceptable performance.

(e) Upon approval of Program practices, a Service Representative shall prepare a project outline that identifies the needed technical practices, specifications, and approximate time frame(s) for the implementation of the practice(s) to achieve the objectives of the landowner forest stewardship plan. Upon agreement by the landowner and the Service Representative to the requirements set forth in the project outline, the outline shall be attached to

and become part of the landowner forest stewardship plan and shall be effective for the duration of the practice. Requirements of a project outline shall constitute the basis for determining acceptable performance upon practice completion.

(f) Upon approval of Program practices, the landowner shall be notified of approved practices in writing. Such notice shall state that the landowner can begin implementing approved practices.

§ 230.9 Payment to landowners.

(a) To be eligible for cost-share payments, a landowner must complete each practice within eighteen months of approval. However, if practice(s) are not completed in eighteen months due to conditions beyond the landowner's control, a six month extension period may be granted by the Service Representative.

(b) Upon certification by the Service Representative that a practice has been completed in accordance with specifications, the federal cost-share payment will be calculated and disbursed to the landowner. Service Representatives shall have the right of access to the landowner's property to inspect practices for the duration of the practice maintenance period.

(c) The amount of payment under the Program to any one landowner shall not exceed \$10,000 in any given fiscal year. For each landowner participating in the Program, the payment limitation shall apply as follows:

(1) Where husband and wife hold joint ownership, they shall be considered as a single landowner.

(2) Where any number of individuals hold common ownership, they shall be considered as a single landowner.

(3) Where the individual is a partner, corporate shareholder, or has an ownership interest in another private legal entity, the amount of payment to the individual shall be equivalent to the percentage of ownership the individual holds in such partnership, corporation or other private legal entity times the payment made to such partnership, corporation or other legal entity.

(d) Levels of federal cost-share funds to be paid to landowners shall be set by the State Forester, but shall not ex-

ceed 75 percent of the actual costs incurred by a participating landowner. Non-Federal program funds and other donated assistance may be used to supplement cost-share assistance under the Program; however, the total of all funds and assistance shall not exceed 100 percent of the actual cost of practice implementation.

(e) A practice may consist of one or more component activities. A landowner may receive partial payment for completed components on the condition that the landowner agrees to complete the remaining component(s) of the practice within the time period specified by the Service Representative, not to exceed eighteen months following approval to implement the practice, unless an extension is justified as provided in paragraph (a) of this section.

(f) Where performance actually rendered does not meet the minimum specifications of a practice due to factors beyond the landowner's control, the State Forester or designee may approve cost-share payment under one of the following conditions:

(1) The landowner repeats applications of components previously implemented or establishes additional eligible components under such terms and conditions as the Service Representative may require, in which case, the State Forester shall approve additional cost-sharing for additional or repeated components to the extent such measures are needed to meet the objectives of the landowner forest stewardship plan; or

(2) The landowner establishes to the satisfaction of the Service Representative that:

(i) A reasonable effort was made to meet the minimum requirements; and

(ii) The practice, as performed, adequately meets the objectives of the landowner forest stewardship plan.

(g) Where the landowner has received cost-share assistance for site preparation and the establishment of trees has been unsuccessful due to factors beyond the landowner's control, the Service Representative shall require that trees be re-established and shall approve cost-share assistance for such activity.

§ 230.10

(h) If a landowner sells, conveys, or otherwise loses control of lands upon which there is a continuing obligation to maintain a practice and the new landowner does not agree to assume the responsibility for maintaining the practice, the landowner who was originally obligated to maintain the practice shall be liable to reimburse the United States for all cost-share payments on such practices.

(i) In case of death or incompetency of any landowner, the State Forester shall approve cost-share payments to the successor if the successor agrees to maintain the practices for the duration of the required maintenance period.

(j) Any landowner who may be entitled to any cost-share payment under this subpart may assign the right thereto, in whole or in part, under the following terms:

(1) Payments may be assigned only for performance of a Program practice.

(2) A payment which is made to a landowner may not be assigned to pay or secure any preexisting debt.

(3) Neither the United States, the Forest Service, the Secretary of Agriculture, nor any disbursing agent shall be liable in any suit if payment is made to an assignor rather than to an assignee, and nothing in this section shall be construed to authorize any suit against the United States, the Forest Service, the Secretary or any disbursing agent if payment is not made to the assignee, or if payment is made to only one of several assignees.

(k) No cost-share payment or portion thereof due and owing any landowner shall be subject to any claim arising under State law by any creditor, except agencies of the United States Government.

§ 230.10 Prohibitions.

(a) No cost-share funds shall be paid for the following:

(1) Costs incurred before an application for cost-share assistance is approved;

(2) The implementation of any practice(s) already required by law, regulation, or other authority; and

(3) Repairs or normal upkeep or maintenance of any practice.

(b) No cost-share assistance shall be paid for repeating practices on the

36 CFR Ch. II (7-1-00 Edition)

same site by the same landowner which have been implemented under the Forestry Incentives Program (16 U.S.C. 2104) or any other Federal, State, or local government programs, or private sector programs, except where such practices are repeated due to a failure of a prior practice without fault of the landowner.

§ 230.11 Recapture of payment.

(a) If any landowner, successor, or assignee uses any scheme or device to unjustly benefit from this program, the cost-share funds shall be withheld or a refund of all or part of any Program payments otherwise due or paid that person shall be secured. A scheme or device includes, but is not limited to, coercion, fraud or misrepresentation, false claims, or any business dissolution, reorganization, revival, or other legal mechanism designed for or having the effect of evading the requirements of this subpart.

(b) If any landowner or successor takes any action or fails to take action which results in the destruction or impairment of a prescribed practice for the duration of the practice, cost-share funds shall be withheld or a recapture of all or part of any Program payments otherwise due or paid shall be secured based on the extent and effect of destruction and impairment.

(c) Nothing in this section requiring the withholding or refunding of cost-share funds shall preclude any penalty or liability otherwise imposed by law.

§ 230.12 Reconsideration.

Any landowner, successor, or assignee who is dissatisfied with any determination made under the Program may request reconsideration by the State Forester and, if the matter is still not resolved, by the Regional Forester. All requests for reconsideration shall be in writing and shall contain factual information explaining the basis for requesting reconsideration. All decisions upon reconsideration shall be issued in writing.

§ 230.13 Information requirements.

The requirements governing the preparation of a State forest stewardship plan in § 230.4(d) of this subpart, the landowner forest stewardship plan

Forest Service, USDA

§ 241.3

in § 230.6 of this subpart, and the application requirements of § 230.8 constitute information requirements as defined by the Paperwork Reduction Act of 1980 (44 U.S.C. 3507) and have been approved for use pursuant to 5 CFR part 1320 and assigned OMB Control Number 0596-0120.

PART 241—FISH AND WILDLIFE

Subpart A—General Provisions

Sec.

- 241.1 Cooperation in wildlife protection.
- 241.2 Cooperation in wildlife management.
- 241.3 Federal refuge regulations.

Subpart B—Conservation of Fish, Wildlife, and Their Habitat, Chugach National Forest, Alaska

- 241.20 Scope and applicability.
- 241.21 Definitions.
- 241.22 Consistency determinations.
- 241.23 Taking of fish and wildlife.

AUTHORITY: 16 U.S.C. 472, 539, 551, 683.

Subpart A—General Provisions

SOURCE: 6 FR 1987, Apr. 17, 1941, unless otherwise noted.

§ 241.1 Cooperation in wildlife protection.

(a) Officials of the Forest Service will cooperate with State, county, and Federal officials in the enforcement of all laws and regulations for the protection of wildlife.

(b) Officials of the Forest Service who have been, or hereafter may be, lawfully appointed deputy game wardens under the laws of any State, will serve in such capacity with full power to enforce the State laws and regulations relating to fur-bearing and game animals, birds, and fish. Such officials will serve as State deputy game wardens without additional pay, except that they may accept the usual fees allowed by the respective States for issuing hunting and fishing licenses. All officials of the Forest Service are prohibited from accepting bounties, rewards, or parts of fines offered by any person, corporation or State for aid rendered in the enforcement of any Federal or State law relating to fur-

bearing and game animals, birds, and fish.

§ 241.2 Cooperation in wildlife management.

The Chief of the Forest Service, through the Regional Foresters and Forest Supervisors, shall determine the extent to which national forests or portions thereof may be devoted to wildlife protection in combination with other uses and services of the national forests, and, in cooperation with the Fish and Game Department or other constituted authority of the State concerned, he will formulate plans for securing and maintaining desirable populations of wildlife species, and he may enter into such general or specific cooperative agreements with appropriate State officials as are necessary and desirable for such purposes. Officials of the Forest Service will cooperate with State game officials in the planned and orderly removal in accordance with the requirements of State laws of the crop of game, fish, fur-bearers, and other wildlife on national forest lands.

§ 241.3 Federal refuge regulations.

Until a cooperative agreement has been entered into between the Chief of the Forest Service and appropriate State officials for the regulation of game as provided in § 241.2 and the necessary implementing laws or regulations have been promulgated and taken effect in order to carry out such cooperative agreement the following paragraphs shall be effective:

(a) Any person desiring to hunt or take game or non-game animals, game or non-game birds, or fish, upon any National Forest lands or waters embraced within the boundaries of a military reservation or a national game or bird refuge, preserve, sanctuary, or reservation established by or under authority of an act of Congress, shall procure in advance a permit from the Forest Supervisor. The permit shall be issued for a specified season, shall fix the bag or creel limits, and shall prescribe such other conditions as the Regional Forester may consider necessary for carrying out the purposes for which such lands have been set aside or reserved.

(b) Officials of the Forest Service will cooperate with persons, firms, corporations, and State and county officials in the protection, management, and utilization of game and non-game animals, game and non-game birds, and fish, upon national forest lands of the character referred to in paragraph (a) of this section. The Chief of the Forest Service may authorize the acceptance of contributions from cooperators for the payment of expenses incurred in carrying out the provisions of this section.

(c) When necessary for the protection of the forest or the conservation of animal life on refuges under paragraphs (a) and (b) of this section, the Chief of the Forest Service may sell, barter, exchange, or donate game and non-game animals. When the interests of game conservation will be promoted thereby, the Chief of the Forest Service may accept donations of game and non-game animals, game and non-game birds, and fish, or the eggs of birds and fish.

Subpart B—Conservation of Fish, Wildlife, and Their Habitat, Chugach National Forest, Alaska

SOURCE: 56 FR 63463, Dec. 4, 1991, unless otherwise noted.

§ 241.20 Scope and applicability.

(a) The regulations in this subpart apply to management of the Copper River-Rude River addition and Copper River-Bering River portion of the Chugach National Forest, for the conservation of fish, wildlife and their habitat as required by the Alaska National Interest Lands Conservation Act (16 U.S.C. 539). These regulations supplement the general regulations governing use and occupancy of National Forest System lands nationwide in 36 CFR part 251—Land Uses.

(b) The rules of this subpart are applicable only on Federally-owned lands within the boundaries of the Copper River-Rude River addition and the Copper River-Bering River portion of the Chugach National Forest, Alaska, known as the Copper River Management Area and as described and displayed in the Chugach National Forest

Land and Resource Management Plan, July 1984.

(c) Nothing in these regulations is intended to enlarge or diminish the responsibility and authority of the State of Alaska for management of fish and wildlife.

(d) The primary purpose for the management of the Copper River-Rude River addition and the Copper River-Bering River portion of the Chugach National Forest, Alaska, is the conservation of fish and wildlife and their habitat. Consistent with the regulations at part 219 of this chapter, direction for managing the fish and wildlife resources of these units shall be documented in the land management plan for the Chugach National Forest.

§ 241.21 Definitions.

For the purpose of this subpart, the terms listed in this section shall be defined as follows:

ANILCA refers to the Alaska National Interest Lands Conservation Act (16 U.S.C. 3101 *et seq.*)

Federal lands mean lands the title to which is in the United States, but does not include those lands: (1) Tentatively approved, legislatively conveyed, or patented to the State of Alaska, or (2) interim-conveyed or patented to a Native corporation or person.

Fish and Wildlife means any member of the animal kingdom, including without limitation any mammal, fish, bird, amphibian, reptile, mollusk, crustacean, arthropod, or other invertebrate, and includes any part, product, egg, or offspring thereof, or dead body or part thereof. For the purposes of this subpart, birds also include any migratory or endangered bird for which protection is afforded by treaty or other international agreement.

Land means lands, waters, and interests therein.

Multiple-use activity is a specific management or permitted activity, use, measure, course of action, or treatment of National Forest System lands carried out under the statutory charter of the Multiple-Use Sustained-Yield Act of 1960 (16 U.S.C. 528 *et seq.*) and the National Forest Management Act (16 U.S.C. 1600 *et seq.*).

Forest Service, USDA

§ 241.23

Responsible Forest Officer is the Forest Service employee who has the authority to select, authorize, permit and/or carry out a specific multiple-use activity.

§ 241.22 Consistency determinations.

(a) Subject to valid existing rights, a multiple-use activity may be permitted or authorized within the areas of the Chugach National Forest subject to this subpart only after a determination by the responsible Forest Officer that such activity is consistent with the conservation of fish, wildlife, and their habitat. A use or activity may be determined to be consistent if it will not materially interfere with or detract from the conservation of fish, wildlife and their habitat.

(b) Where an evaluation is made pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4321) for a proposed multiple-use activity, and the responsible Forest Officer prepares an environmental impact statement (EIS) or environmental assessment (EA) or categorically excludes an activity from documentation in an EA or EIS, the consistency determination required by this section for the use or activity shall be included as a part of the decision document.

(c) Guidelines that are consistent with this section may be developed for specific multiple-use activities as a part of the planning and implementation process required by the National Forest Management Act and the implementing regulations at 36 CFR part 219, National Forest System Land and Resource Management Planning.

(d) Subject to valid existing rights, the responsible Forest Officer may incorporate into any permit or other authorization issued pursuant to 36 CFR part 251 or other regulations of this chapter any reasonably practicable measures that are determined to be necessary to maintain consistency with the conservation of fish, wildlife, and their habitat as provided by this subpart.

(e) Subject to valid existing rights, the responsible Forest Officer may terminate, suspend, restrict, or require modification of any activity if it is determined that such measures are re-

quired to conserve wildlife, fish, or their habitat within the areas of the Chugach National Forest subject to this subpart. Prior to taking action to terminate, suspend, restrict, or require modification of an activity under this section, the responsible Forest Officer shall give affected parties reasonable prior notice and an opportunity to comment, unless it is determined that doing so would likely result in irreparable harm to conservation of fish, wildlife, and their habitat.

(f) Decisions made pursuant to this section are subject to appeal only as provided in 36 CFR parts 217 and 251, subpart C.

(g) Nothing in this section affects subsistence activities carried out in accordance with § 241.23 of this subpart or other applicable law.

§ 241.23 Taking of fish and wildlife.

(a) The taking of fish and wildlife by hunting, trapping, or fishing from lands subject to the rules of this subpart is authorized in accordance with applicable State and Federal law.

(b) To the extent consistent with the conservation of fish and wildlife and their habitat in accordance with recognized scientific management principles, local rural residents who depend upon the Chugach National Forest for subsistence needs shall continue to have the opportunity to engage in a subsistence way of life on the lands to which this subpart applies pursuant to applicable State and Federal law.

(c) To the extent consistent with the conservation of fish and wildlife and their habitat, the continuation of existing uses and the future establishment and use of temporary campsites, tent, platforms, shelters, and other temporary facilities and equipment directly and necessarily related to the taking of fish and wildlife may be authorized in accordance with applicable law and regulations. However, the Forest Supervisor may restrict or prohibit facilities or uses in the Copper River-Rude River addition or Copper River-Bering River area if it is determined, after adequate notice to the affected parties, that the continuation of such facilities or uses would materially interfere with or adversely affect the

conservation of fish and wildlife and their habitat.

PART 242—SUBSISTENCE MANAGEMENT REGULATIONS FOR PUBLIC LANDS IN ALASKA

Subpart A—General Provisions

Sec.

- 242.1 Purpose.
- 242.2 Authority.
- 242.3 Applicability and scope.
- 242.4 Definitions.
- 242.5 Eligibility for subsistence use.
- 242.6 Licenses, permits, harvest tickets, tags, and reports.
- 242.7 Restriction on use.
- 242.8 Penalties.
- 242.9 Information collection requirements.

Subpart B—Program Structure

- 242.10 Federal Subsistence Board.
- 242.11 Regional advisory councils.
- 242.12 Local advisory committees.
- 242.13 Board/agency relationships.
- 242.14 Relationship to State procedures and regulations.
- 242.15 Rural determination process.
- 242.16 Customary and traditional use determination process.
- 242.17 Determining priorities for subsistence uses among rural Alaska residents.
- 242.18 Regulation adoption process.
- 242.19 Closures and other special actions.
- 242.20 Request for reconsideration.
- 242.21 [Reserved]

Subpart C—Board Determinations

- 242.22 Subsistence resource regions.
- 242.23 Rural determinations.
- 242.24 Customary and traditional use determinations.

Subpart D—Subsistence Taking of Fish and Wildlife

- 242.25 Subsistence taking of wildlife.
- 242.26 Subsistence taking of fish.
- 242.27 Subsistence taking of shellfish.

AUTHORITY: 16 U.S.C. 3, 472, 551, 668dd, 3101–3126; 18 U.S.C. 3551–3586; 43 U.S.C. 1733.

Subpart A—General Provisions

SOURCE: 64 FR 1286, Jan. 8, 1999, unless otherwise noted.

§ 242.1 Purpose.

The regulations in this part implement the Federal Subsistence Manage-

ment Program on public lands within the State of Alaska.

§ 242.2 Authority.

The Secretary of the Interior and Secretary of Agriculture issue the regulations in this part pursuant to authority vested in Title VIII of the Alaska National Interest Lands Conservation Act (ANILCA), 16 U.S.C. 3101–3126.

§ 242.3 Applicability and scope.

(a) The regulations in this part implement the provisions of Title VIII of ANILCA relevant to the taking of fish and wildlife on public lands in the State of Alaska. The regulations in this part do not permit subsistence uses in Glacier Bay National Park, Kenai Fjords National Park, Katmai National Park, and that portion of Denali National Park established as Mt. McKinley National Park prior to passage of ANILCA, where subsistence taking and uses are prohibited. The regulations in this part do not supersede agency specific regulations.

(b) The regulations contained in this part apply on all public lands including all non-navigable waters located on these lands, on all navigable and non-navigable water within the exterior boundaries of the following areas, and on inland waters adjacent to the exterior boundaries of the following areas:

- (1) Alaska Maritime National Wildlife Refuge;
- (2) Alaska Peninsula National Wildlife Refuge;
- (3) Aniakchak National Monument and Preserve;
- (4) Arctic National Wildlife Refuge;
- (5) Becharof National Wildlife Refuge;
- (6) Bering Land Bridge National Preserve;
- (7) Cape Krusenstern National Monument;
- (8) Chugach National Forest, excluding marine waters;
- (9) Denali National Preserve and the 1980 additions to Denali National Park;
- (10) Gates of the Arctic National Park and Preserve;
- (11) Glacier Bay National Preserve;
- (12) Innoko National Wildlife Refuge;

Forest Service, USDA

§ 242.4

- (13) Izembek National Wildlife Refuge;
- (14) Katmai National Preserve;
- (15) Kanuti National Wildlife Refuge;
- (16) Kenai National Wildlife Refuge;
- (17) Kobuk Valley National Park;
- (18) Kodiak National Wildlife Refuge;
- (19) Koyukuk National Wildlife Refuge;
- (20) Lake Clark National Park and Preserve;
- (21) National Petroleum Reserve in Alaska;
- (22) Noatak National Preserve;
- (23) Nowitna National Wildlife Refuge;
- (24) Selawik National Wildlife Refuge;
- (25) Steese National Conservation Area;
- (26) Tetlin National Wildlife Refuge;
- (27) Togiak National Wildlife Refuge;
- (28) Tongass National Forest, including Admiralty Island National Monument and Misty Fjords National Monument, and excluding marine waters;
- (29) White Mountain National Recreation Area;
- (30) Wrangell-St. Elias National Park and Preserve;
- (31) Yukon-Charley Rivers National Preserve;
- (32) Yukon Delta National Wildlife Refuge;
- (33) Yukon Flats National Wildlife Refuge;
- (34) All components of the Wild and Scenic River System located outside the boundaries of National Parks, National Preserves or National Wildlife Refuges, including segments of the Alagnak River, Beaver Creek, Birch Creek, Delta River, Fortymile River, Gulkana River, and Unalakleet River.

(c) The public lands described in paragraph (b) of this section remain subject to change through rulemaking pending a Department of the Interior review of title and jurisdictional issues regarding certain submerged lands beneath navigable waters in Alaska.

§ 242.4 Definitions.

The following definitions apply to all regulations contained in this part:

Agency means a subunit of a cabinet level Department of the Federal government having land management authority over the public lands including,

but not limited to, the U.S. Fish & Wildlife Service, Bureau of Indian Affairs, Bureau of Land Management, National Park Service, and USDA Forest Service.

ANILCA means the Alaska National Interest Lands Conservation Act, Pub. L. 96-487, 94 Stat. 2371 (codified, as amended, in scattered sections of 16 U.S.C. and 43 U.S.C.)

Area, District, Subdistrict, and Section mean one of the geographical areas defined in the codified Alaska Department of Fish and Game regulations found in Title 5 of the Alaska Administrative Code.

Barter means the exchange of fish or wildlife or their parts taken for subsistence uses; for other fish, wildlife or their parts; or, for other food or for nonedible items other than money, if the exchange is of a limited and non-commercial nature.

Board means the Federal Subsistence Board as described in § 242.10.

Commissions means the Subsistence Resource Commissions established pursuant to section 808 of ANILCA.

Conservation of healthy populations of fish and wildlife means the maintenance of fish and wildlife resources and their habitats in a condition that assures stable and continuing natural populations and species mix of plants and animals in relation to their ecosystem, including the recognition that local rural residents engaged in subsistence uses may be a natural part of that ecosystem; minimizes the likelihood of irreversible or long-term adverse effects upon such populations and species; ensures the maximum practicable diversity of options for the future; and recognizes that the policies and legal authorities of the managing agencies will determine the nature and degree of management programs affecting ecological relationships, population dynamics, and the manipulation of the components of the ecosystem.

Customary trade means cash sale of fish and wildlife resources regulated in this part, not otherwise prohibited by Federal law or regulation, to support personal and family needs; and does not include trade which constitutes a significant commercial enterprise.

Customary and traditional use means a long-established, consistent pattern of

§ 242.4

36 CFR Ch. II (7-1-00 Edition)

use, incorporating beliefs and customs which have been transmitted from generation to generation. This use plays an important role in the economy of the community.

FACA means the Federal Advisory Committee Act, Pub. L. 92-463, 86 Stat. 770 (codified as amended, at 5 U.S.C. Appendix II, 1-15).

Family means all persons related by blood, marriage or adoption, or any person living within the household on a permanent basis.

Federal Advisory Committees or Federal Advisory Committee means the Federal Local Advisory Committees as described in §242.12.

Federal lands means lands and waters and interests therein the title to which is in the United States, including navigable and non-navigable waters in which the United States has reserved water rights.

Fish and wildlife means any member of the animal kingdom, including without limitation any mammal, fish, bird (including any migratory, nonmigratory or endangered bird for which protection is also afforded by treaty or other international agreement), amphibian, reptile, mollusk, crustacean, arthropod, or other invertebrate, and includes any part, product, egg, or offspring thereof, or the carcass or part thereof.

Game Management Unit or GMU means one of the 26 geographical areas listed under game management units in the codified State of Alaska hunting and trapping regulations and the Game Unit Maps of Alaska.

Inland Waters means, for the purposes of this part, those waters located landward of the mean high tide line or the waters located upstream of the straight line drawn from headland to headland across the mouths of rivers or other waters as they flow into the sea. Inland waters include, but are not limited to, lakes, reservoirs, ponds, streams, and rivers.

Marine Waters means, for the purposes of this part, those waters located seaward of the mean high tide line or the waters located seaward of the straight line drawn from headland to headland across the mouths of rivers or other waters as they flow into the sea.

Person means an individual and does not include a corporation, company, partnership, firm, association, organization, business, trust or society.

Public lands or public land means:

(1) Lands situated in Alaska which are Federal lands, except—

(i) Land selections of the State of Alaska which have been tentatively approved or validly selected under the Alaska Statehood Act and lands which have been confirmed to, validly selected by, or granted to the Territory of Alaska or the State under any other provision of Federal law;

(ii) Land selections of a Native Corporation made under the Alaska Native Claims Settlement Act, 43 U.S.C. 1601 et seq., which have not been conveyed to a Native Corporation, unless any such selection is determined to be invalid or is relinquished; and

(iii) Lands referred to in section 19(b) of the Alaska Native Claims Settlement Act, 43 U.S.C. 1618(b).

(2) Notwithstanding the exceptions in paragraphs (1)(i) through (iii) of this definition, until conveyed or interim conveyed, all Federal lands within the boundaries of any unit of the National Park System, National Wildlife Refuge System, National Wild and Scenic Rivers Systems, National Forest Monument, National Recreation Area, National Conservation Area, new National forest or forest addition shall be treated as public lands for the purposes of the regulations in this part pursuant to section 906(o)(2) of ANILCA.

Regional Councils or Regional Council means the Regional Advisory Councils as described in §242.11.

Regulatory year means July 1 through June 30, except for fish and shellfish where it means March 1 through the last day of February.

Reserved water right(s) means the Federal right to use unappropriated appurtenant water necessary to accomplish the purposes for which a Federal reservation was established. Reserved water rights include nonconsumptive and consumptive uses.

Resident means any person who has his or her primary, permanent home

for the previous 12 months within Alaska and whenever absent from this primary, permanent home, has the intention of returning to it. Factors demonstrating the location of a person's primary, permanent home may include, but are not limited to: the address listed on an Alaska Permanent Fund dividend application; an Alaska license to drive, hunt, fish, or engage in an activity regulated by a government entity; affidavit of person or persons who know the individual; voter registration; location of residences owned, rented or leased; location of stored household goods; residence of spouse, minor children or dependents; tax documents; or whether the person claims residence in another location for any purpose.

Rural means any community or area of Alaska determined by the Board to qualify as such under the process described in §242.15.

Secretary means the Secretary of the Interior, except that in reference to matters related to any unit of the National Forest System, such term means the Secretary of Agriculture.

State means the State of Alaska.

Subsistence uses means the customary and traditional uses by rural Alaska residents of wild, renewable resources for direct personal or family consumption as food, shelter, fuel, clothing, tools, or transportation; for the making and selling of handicraft articles out of nonedible byproducts of fish and wildlife resources taken for personal or family consumption; for barter, or sharing for personal or family consumption; and for customary trade.

Take or *taking* as used with respect to fish or wildlife, means to pursue, hunt, shoot, trap, net, capture, collect, kill, harm, or attempt to engage in any such conduct.

Year means calendar year unless another year is specified.

§ 242.5 Eligibility for subsistence use.

(a) You may take fish and wildlife on public lands for subsistence uses only if you are an Alaska resident of a rural area or rural community. The regulations in this part may further limit your qualifications to harvest fish or wildlife resources for subsistence uses. If you are not an Alaska resident or are

a resident of a non-rural area or community listed in §242.23, you may not take fish or wildlife on public lands for subsistence uses under the regulations in this part.

(b) Where the Board has made a customary and traditional use determination regarding subsistence use of a specific fish stock or wildlife population, in accordance with, and as listed in, §242.24, only those Alaskans who are residents of rural areas or communities designated by the Board are eligible for subsistence taking of that population or stock on public lands for subsistence uses under the regulations in this part. If you do not live in one of those areas or communities, you may not take fish or wildlife from that population or stock, on public lands under the regulations in this part.

(c) Where customary and traditional use determinations for a fish stock or wildlife population within a specific area have not yet been made by the Board (e.g. "no determination"), all Alaskans who are residents of rural areas or communities may harvest for subsistence from that stock or population under the regulations in this part.

(d) The National Park Service may regulate further the eligibility of those individuals qualified to engage in subsistence uses on National Park Service lands in accordance with specific authority in ANILCA, and National Park Service regulations at 36 CFR Part 13.

§ 242.6 Licenses, permits, harvest tickets, tags, and reports.

(a) If you wish to take fish and wildlife on public lands for subsistence uses, you must be a rural Alaska resident and:

(1) Possess the pertinent valid Alaska resident hunting and trapping licenses (no license required to take fish or shellfish) unless Federal licenses are required or unless otherwise provided for in subpart D of this part;

(2) Possess and comply with the provisions of any pertinent Federal permits (Federal Subsistence Registration Permit or Federal Designated Harvester Permit) required by subpart D of this part; and

§ 242.7

(3) Possess and comply with the provisions of any pertinent permits, harvest tickets, or tags required by the State unless any of these documents or individual provisions in them are superseded by the requirements in subpart D of this part.

(b) If you have been awarded a permit to take fish and wildlife, you must have that permit in your possession during the taking and must comply with all requirements of the permit and the regulations in this section pertaining to validation and reporting and to regulations in subpart D of this part pertaining to methods and means, possession and transportation, and utilization. Upon the request of a State or Federal law enforcement agent, you must also produce any licenses, permits, harvest tickets, tags or other documents required by this section. If you are engaged in taking fish and wildlife under these regulations, you must allow State or Federal law enforcement agents to inspect any apparatus designed to be used, or capable of being used to take fish or wildlife, or any fish or wildlife in your possession.

(c) You must validate the harvest tickets, tags, permits, or other required documents before removing your kill from the harvest site. You must also comply with all reporting provisions as set forth in subpart D of this part.

(d) If you take fish and wildlife under a community harvest system, you must report the harvest activity in accordance with regulations specified for that community in subpart D of this part, and as required by any applicable permit conditions. Individuals may be responsible for particular reporting requirements in the conditions permitting a specific community's harvest. Failure to comply with these conditions is a violation of these regulations. Community harvests are reviewed annually under the regulations in subpart D of this part.

(e) You may not make a fraudulent application for Federal or State licenses, permits, harvest tickets or tags or intentionally file an incorrect harvest report.

36 CFR Ch. II (7-1-00 Edition)

§ 242.7 Restriction on use.

(a) You may not trade or sell fish and wildlife, taken pursuant to the regulations in this part, except as provided for in §§ 242.25, 242.26, and 242.27.

(b) You may not use, sell, or trade fish and wildlife, taken pursuant to the regulations in this part, in any significant commercial enterprise.

§ 242.8 Penalties.

If you are convicted of violating any provision of 50 CFR Part 100 or 36 CFR Part 242, you may be punished by a fine or by imprisonment in accordance with the penalty provisions applicable to the public land where the violation occurred.

§ 242.9 Information collection requirements.

(a) The rules in this part contain information collection requirements subject to Office of Management and Budget (OMB) approval under 44 U.S.C. 3501-3520. They apply to fish and wildlife harvest activities on public lands in Alaska. Subsistence users will not be required to respond to an information collection request unless a valid OMB number is displayed on the information collection form.

(1) Section 242.6, Licenses, permits, harvest tickets, tags, and reports. The information collection requirements contained in §242.6 (Federal Subsistence Registration Permit or Federal Designated Hunter Permit forms) provide for permit-specific subsistence activities not authorized through the general adoption of State regulations. Identity and location of residence are required to determine if you are eligible for a permit and a report of success is required after a harvest attempt. These requirements are not duplicative with the requirements of paragraph (a)(3) of this section. The regulations in §242.6 require this information before a rural Alaska resident may engage in subsistence uses on public lands. The Department estimates that the average time necessary to obtain and comply with this permit information collection requirement is 0.25 hours.

(2) Section 242.20, Request for reconsideration. The information collection

requirements contained in §242.20 provide a standardized process to allow individuals the opportunity to appeal decisions of the Board. Submission of a request for reconsideration is voluntary but required to receive a final review by the Board. We estimate that a request for reconsideration will take 4 hours to prepare and submit.

(3) The remaining information collection requirements contained in this part imposed upon subsistence users are those adopted from State regulations. These collection requirements would exist in the absence of Federal subsistence regulations and are not subject to the Paperwork Reduction Act. The burden in this situation is negligible and information gained from these reports are systematically available to Federal managers by routine computer access requiring less than one hour.

(b) You may direct comments on the burden estimate or any other aspect of the burden estimate to: Information Collection Officer, U.S. Fish and Wildlife Service, 1849 C Street, N.W., MS 224 ARLSQ, Washington, D.C. 20240; and the Desk Officer for the Interior Department, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503. Additional information requirements may be imposed if Local Advisory Committees or additional Regional Councils, subject to the Federal Advisory Committee Act (FACA), are established under subpart B of this part. Such requirements will be submitted to OMB for approval prior to their implementation.

Subpart B—Program Structure

SOURCE: 64 FR 1289, Jan. 8, 1999, unless otherwise noted.

§ 242.10 Federal Subsistence Board.

(a) The Secretary of the Interior and Secretary of Agriculture hereby establish a Federal Subsistence Board, and assign them responsibility for, administering the subsistence taking and uses of fish and wildlife on public lands, and the related promulgation and signature authority for regulations of subparts C and D of this part. The

Secretaries, however, retain their existing authority to restrict or eliminate hunting, fishing, or trapping activities which occur on lands or waters in Alaska other than public lands when such activities interfere with subsistence hunting, fishing, or trapping on the public lands to such an extent as to result in a failure to provide the subsistence priority.

(b) Membership. (1) The voting members of the Board are: a Chair to be appointed by the Secretary of the Interior with the concurrence of the Secretary of Agriculture; the Alaska Regional Director, U.S. Fish and Wildlife Service; Alaska Regional Director, National Park Service; Alaska Regional Forester, USDA Forest Service; the Alaska State Director, Bureau of Land Management; and the Alaska Area Director, Bureau of Indian Affairs. Each member of the Board may appoint a designee.

(2) [Reserved]

(c) Liaisons to the Board are: a State liaison, and the Chairman of each Regional Council. The State liaison and the Chairman of each Regional Council may attend public sessions of all Board meetings and be actively involved as consultants to the Board.

(d) Powers and duties. (1) The Board shall meet at least twice per year and at such other times as deemed necessary. Meetings shall occur at the call of the Chair, but any member may request a meeting.

(2) A quorum consists of four members.

(3) No action may be taken unless a majority of voting members are in agreement.

(4) The Board is empowered, to the extent necessary, to implement Title VIII of ANILCA, to:

(i) Issue regulations for the management of subsistence taking and uses of fish and wildlife on public lands;

(ii) Determine which communities or areas of the State are rural or non-rural;

(iii) Determine which rural Alaska areas or communities have customary

§ 242.10

36 CFR Ch. II (7-1-00 Edition)

and traditional subsistence uses of specific fish and wildlife populations;

(iv) Allocate subsistence uses of fish and wildlife populations on public lands;

(v) Ensure that the taking on public lands of fish and wildlife for nonwasteful subsistence uses shall be accorded priority over the taking on such lands of fish and wildlife for other purposes;

(vi) Close public lands to the non-subsistence taking of fish and wildlife;

(vii) Establish priorities for the subsistence taking of fish and wildlife on public lands among rural Alaska residents;

(viii) Restrict or eliminate taking of fish and wildlife on public lands;

(ix) Determine what types and forms of trade of fish and wildlife taken for subsistence uses constitute allowable customary trade;

(x) Authorize the Regional Councils to convene;

(xi) Establish a Regional Council in each subsistence resource region and recommend to the Secretaries, appointees to the Regional Councils, pursuant to the FACA;

(xii) Establish Federal Advisory Committees within the subsistence resource regions, if necessary and recommend to the Secretaries that members of the Federal Advisory Committees be appointed from the group of individuals nominated by rural Alaska residents;

(xiii) Establish rules and procedures for the operation of the Board, and the Regional Councils;

(xiv) Review and respond to proposals for regulations, management plans, policies, and other matters related to subsistence taking and uses of fish and wildlife;

(xv) Enter into cooperative agreements or otherwise cooperate with Federal agencies, the State, Native organizations, local governmental entities, and other persons and organizations, including international entities to effectuate the purposes and policies of the Federal subsistence management program;

(xvi) Develop alternative permitting processes relating to the subsistence taking of fish and wildlife to ensure continued opportunities for subsistence;

(xvii) Evaluate whether hunting, fishing, or trapping activities which occur on lands or waters in Alaska other than public lands interfere with subsistence hunting, fishing, or trapping on the public lands to such an extent as to result in a failure to provide the subsistence priority, and after appropriate consultation with the State of Alaska, the Regional Councils, and other Federal agencies, make a recommendation to the Secretaries for their action;

(xviii) Identify, in appropriate specific instances, whether there exists additional Federal reservations, Federal reserved water rights or other Federal interests in lands or waters, including those in which the United States holds less than a fee ownership, to which the Federal subsistence priority attaches, and make appropriate recommendation to the Secretaries for inclusion of those interests within the Federal Subsistence Management Program; and

(xix) Take other actions authorized by the Secretaries to implement Title VIII of ANILCA.

(5) The Board may implement one or more of the following harvest and harvest reporting or permit systems:

(i) The fish and wildlife is taken by an individual who is required to obtain and possess pertinent State harvest permits, tickets, or tags, or Federal permit (Federal Subsistence Registration Permit);

(ii) A qualified subsistence user may designate another qualified subsistence user (by using the Federal Designated Harvester Permit) to take fish and wildlife on his or her behalf;

(iii) The fish and wildlife is taken by individuals or community representatives permitted (via a Federal Subsistence Registration Permit) a one-time or annual harvest for special purposes including ceremonies and potlatches; or

(iv) The fish and wildlife is taken by representatives of a community permitted to do so in a manner consistent with the community's customary and traditional practices.

(6) The Board may delegate to agency field officials the authority to set harvest limits, define harvest areas, and open or close specific fish or wildlife

Forest Service, USDA

§ 242.11

harvest seasons within frameworks established by the Board.

(7) The Board shall establish a Staff Committee for analytical and administrative assistance composed of a member from the U.S. Fish and Wildlife Service, National Park Service, U.S. Bureau of Land Management, Bureau of Indian Affairs, and USDA Forest Service. A U.S. Fish and Wildlife Service representative shall serve as Chair of the Staff Committee.

(8) The Board may establish and dissolve additional committees as necessary for assistance.

(9) The U.S. Fish and Wildlife Service shall provide appropriate administrative support for the Board.

(10) The Board shall authorize at least two meetings per year for each Regional Council.

(e) Relationship to Regional Councils. (1) The Board shall consider the reports and recommendations of the Regional Councils concerning the taking of fish and wildlife on public lands within their respective regions for subsistence uses. The Board may choose not to follow any Regional Council recommendation which it determines is not supported by substantial evidence, violates recognized principles of fish and wildlife conservation, would be detrimental to the satisfaction of subsistence needs, or in closure situations, for reasons of public safety or administration or to assure the continued viability of a particular fish or wildlife population. If a recommendation is not adopted, the Board shall set forth the factual basis and the reasons for the decision, in writing, in a timely fashion.

(2) The Board shall provide available and appropriate technical assistance to the Regional Councils.

§ 242.11 Regional advisory councils.

(a) The Board shall establish a Regional Council for each subsistence resource region to participate in the Federal subsistence management program. The Regional Councils shall be established, and conduct their activities, in accordance with the FACA. The Regional Councils shall provide a regional forum for the collection and expression of opinions and recommendations on matters related to subsistence taking

and uses of fish and wildlife resources on public lands. The Regional Councils shall provide for public participation in the Federal regulatory process.

(b) Establishment of Regional Councils; membership. (1) The number of members for each Regional Council shall be established by the Board, and shall be an odd number. A Regional Council member must be a resident of the region in which he or she is appointed and be knowledgeable about the region and subsistence uses of the public lands therein. The Board shall accept nominations and recommend to the Secretaries that representatives on the Regional Councils be appointed from those nominated by subsistence users. Appointments to the Regional Councils shall be made by the Secretaries.

(2) Regional Council members shall serve 3 year terms and may be reappointed. Initial members shall be appointed with staggered terms up to three years.

(3) The Chair of each Regional Council shall be elected by the applicable Regional Council, from its membership, for a one year term and may be reelected.

(c) Powers and Duties. (1) The Regional Councils are authorized to:

(i) Hold public meetings related to subsistence uses of fish and wildlife within their respective regions, after the Chair of the Board or the designated Federal Coordinator has called the meeting and approved the meeting agenda;

(ii) Elect officers;

(iii) Review, evaluate, and make recommendations to the Board on proposals for regulations, policies, management plans, and other matters relating to the subsistence take of fish and wildlife under these regulations within the region;

(iv) Provide a forum for the expression of opinions and recommendations by persons interested in any matter related to the subsistence uses of fish and wildlife within the region;

(v) Encourage local and regional participation, pursuant to the provisions of the regulations in this part in the decisionmaking process affecting the taking of fish and wildlife on the public

§ 242.12

lands within the region for subsistence uses;

(vi) Prepare and submit to the Board an annual report containing—

(A) An identification of current and anticipated subsistence uses of fish and wildlife populations within the region;

(B) An evaluation of current and anticipated subsistence needs for fish and wildlife populations from the public lands within the region;

(C) A recommended strategy for the management of fish and wildlife populations within the region to accommodate such subsistence uses and needs related to the public lands; and

(D) Recommendations concerning policies, standards, guidelines, and regulations to implement the strategy;

(vii) Appoint members to each Subsistence Resource Commission within their region in accordance with the requirements of Section 808 of ANILCA;

(viii) Make recommendations on determinations of customary and traditional use of subsistence resources;

(ix) Make recommendations on determinations of rural status;

(x) Make recommendations regarding the allocation of subsistence uses among rural Alaska residents pursuant to § 242.17;

(xi) Develop proposals pertaining to the subsistence taking and use of fish and wildlife under these regulations, and review and evaluate such proposals submitted by other sources;

(xii) Provide recommendations on the establishment and membership of Federal Advisory Committees.

(2) The Regional Councils shall:

(i) Operate in conformance with the provisions of FACA and comply with rules of operation established by the Board;

(ii) Perform other duties specified by the Board.

§ 242.12 Local advisory committees.

(a) The Board shall establish such local Federal Advisory Committees within each region as necessary at such time that it is determined, after notice and hearing and consultation with the State, that the existing State fish and game advisory committees do not adequately provide advice to, and assist, the particular Regional Council in car-

rying out its function as set forth in § 242.11.

(b) Local Federal Advisory Committees, if established by the Board, shall operate in conformance with the provisions of the FACA, and comply with rules of operation established by the Board.

§ 242.13 Board/agency relationships.

(a) General. (1) The Board, in making decisions or recommendations, shall consider and ensure compliance with specific statutory requirements regarding the management of resources on public lands, recognizing that the management policies applicable to some public lands may entail methods of resource and habitat management and protection different from methods appropriate for other public lands.

(2) The Board shall issue regulations for subsistence taking of fish and wildlife on public lands. The Board is the final administrative authority on the promulgation of subpart C and D regulations relating to the subsistence taking of fish and wildlife on public lands.

(3) Nothing in the regulations in this part shall enlarge or diminish the authority of any agency to issue regulations necessary for the proper management of public lands under their jurisdiction in accordance with ANILCA and other existing laws.

(b) Section 808 of ANILCA establishes National Park and Park Monument Subsistence Resource Commissions. Nothing in the regulations in this part affects the duties or authorities of these commissions.

§ 242.14 Relationship to State procedures and regulations.

(a) State fish and game regulations apply to public lands and such laws are hereby adopted and made a part of the regulations in this part to the extent they are not inconsistent with, or superseded by the regulations in this part.

(b) The Board may close public lands to hunting and fishing, or take actions to restrict the taking of fish and wildlife despite any State authorization for taking fish and wildlife on public lands. The Board may review and adopt State openings, closures, or restrictions

Forest Service, USDA

§ 242.16

which serve to achieve the objectives of the regulations in this part.

(c) The Board may enter into agreements with the State in order to coordinate respective management responsibilities.

(d) Petition for repeal of subsistence rules and regulations. (1) The State of Alaska may petition the Secretaries for repeal of the subsistence rules and regulations in this part when the State has enacted and implemented subsistence management and use laws which:

(i) Are consistent with sections 803, 804, and 805 of ANILCA; and

(ii) Provide for the subsistence definition, preference, and participation specified in sections 803, 804, and 805 of ANILCA.

(2) The State's petition shall:

(i) Be submitted to the Secretary of the Interior, U.S. Department of the Interior, Washington, D.C. 20240, and the Secretary of Agriculture, U.S. Department of Agriculture, Washington, D.C. 20240;

(ii) Include the entire text of applicable State legislation indicating compliance with sections 803, 804, and 805 of ANILCA; and

(iii) Set forth all data and arguments available to the State in support of legislative compliance with sections 803, 804, and 805 of ANILCA.

(3) If the Secretaries find that the State's petition contains adequate justification, a rulemaking proceeding for repeal of the regulations in this part will be initiated. If the Secretaries find that the State's petition does not contain adequate justification, the petition will be denied by letter or other notice, with a statement of the ground for denial.

§ 242.15 Rural determination process.

(a) The Board shall determine if an area or community in Alaska is rural. In determining whether a specific area of Alaska is rural, the Board shall use the following guidelines:

(1) A community or area with a population of 2500 or less shall be deemed to be rural unless such a community or area possesses significant characteristics of a non-rural nature, or is considered to be socially and economically a part of an urbanized area.

(2) Communities or areas with populations above 2500 but not more than 7000 will be determined to be rural or non-rural.

(3) A community with a population of more than 7000 shall be presumed non-rural, unless such a community or area possesses significant characteristics of a rural nature.

(4) Population data from the most recent census conducted by the United States Bureau of Census as updated by the Alaska Department of Labor shall be utilized in this process.

(5) Community or area characteristics shall be considered in evaluating a community's rural or non-rural status. The characteristics may include, but are not limited to:

(i) Use of fish and wildlife;

(ii) Development and diversity of the economy;

(iii) Community infrastructure;

(iv) Transportation; and

(v) Educational institutions.

(6) Communities or areas which are economically, socially and communally integrated shall be considered in the aggregate.

(b) The Board shall periodically review rural determinations. Rural determinations shall be reviewed on a ten year cycle, commencing with the publication of the year 2000 U.S. census. Rural determinations may be reviewed out-of-cycle in special circumstances. Once the Board makes a determination that a community has changed from rural to non-rural, a waiting period of five years shall be required before the non-rural determination becomes effective.

(c) Current determinations are listed at § 242.23.

§ 242.16 Customary and traditional use determination process.

(a) The Board shall determine which fish stocks and wildlife populations have been customarily and traditionally used for subsistence. These determinations shall identify the specific community's or area's use of specific fish stocks and wildlife populations. For areas managed by the National Park Service, where subsistence uses are allowed, the determinations may be made on an individual basis.

§ 242.17

36 CFR Ch. II (7-1-00 Edition)

(b) A community or area shall generally exhibit the following factors, which exemplify customary and traditional use. The Board shall make customary and traditional use determinations based on application of the following factors:

(1) A long-term consistent pattern of use, excluding interruptions beyond the control of the community or area;

(2) A pattern of use recurring in specific seasons for many years;

(3) A pattern of use consisting of methods and means of harvest which are characterized by efficiency and economy of effort and cost, conditioned by local characteristics;

(4) The consistent harvest and use of fish or wildlife as related to past methods and means of taking; near, or reasonably accessible from the community or area;

(5) A means of handling, preparing, preserving, and storing fish or wildlife which has been traditionally used by past generations, including consideration of alteration of past practices due to recent technological advances, where appropriate;

(6) A pattern of use which includes the handing down of knowledge of fishing and hunting skills, values and lore from generation to generation;

(7) A pattern of use in which the harvest is shared or distributed within a definable community of persons; and

(8) A pattern of use which relates to reliance upon a wide diversity of fish and wildlife resources of the area and which provides substantial cultural, economic, social, and nutritional elements to the community or area.

(c) The Board shall take into consideration the reports and recommendations of any appropriate Regional Council regarding customary and traditional uses of subsistence resources.

(d) Current determinations are listed in § 242.24.

§ 242.17 Determining priorities for subsistence uses among rural Alaska residents.

(a) Whenever it is necessary to restrict the subsistence taking of fish and wildlife on public lands in order to protect the continued viability of such populations, or to continue subsistence uses, the Board shall establish a pri-

ority among the rural Alaska residents after considering any recommendation submitted by an appropriate Regional Council.

(b) The priority shall be implemented through appropriate limitations based on the application of the following criteria to each area, community, or individual determined to have customary and traditional use, as necessary:

(1) Customary and direct dependence upon the populations as the mainstay of livelihood;

(2) Local residency; and

(3) The availability of alternative resources.

(c) If allocation on an area or community basis is not achievable, then the Board shall allocate subsistence opportunity on an individual basis through application of the criteria in paragraphs (b) (1) through (3) of this section.

(d) In addressing a situation where prioritized allocation becomes necessary, the Board shall solicit recommendations from the Regional Council in the area affected.

§ 242.18 Regulation adoption process.

(a) Proposals for changes to the Federal subsistence regulations in subpart D of this part shall be accepted by the Board according to a published schedule. The Board may establish a rotating schedule for accepting proposals on various parts of subpart D regulations over a period of years. The Board shall develop and publish proposed regulations in the FEDERAL REGISTER and publish notice in local newspapers. Comments on the proposed regulations in the form of proposals shall be distributed for public review.

(1) Proposals shall be made available for at least a thirty (30) day review by the Regional Councils. Regional Councils shall forward their recommendations on proposals to the Board. Such proposals with recommendations may be submitted in the time period as specified by the Board or as a part of the Regional Council's annual report described in § 242.11, whichever is earlier.

(2) The Board shall publish notice throughout Alaska of the availability of proposals received.

(3) The public shall have at least thirty (30) days to review and comment on proposals.

(4) After the comment period the Board shall meet to receive public testimony and consider the proposals. The Board shall consider traditional use patterns when establishing harvest levels and seasons, and methods and means. The Board may choose not to follow any recommendation which the Board determines is not supported by substantial evidence, violates recognized principles of fish and wildlife conservation, or would be detrimental to the satisfaction of subsistence needs. If a recommendation approved by a Regional Council is not adopted by the Board, the Board shall set forth the factual basis and the reasons for its decision in writing to the Regional Council.

(5) Following consideration of the proposals the Board shall publish final regulations pertaining to subpart D of this part in the FEDERAL REGISTER.

(b) Proposals for changes to subpart C of this part shall be accepted by the Board according to a published schedule. The Board shall develop and publish proposed regulations in the FEDERAL REGISTER and publish notice in local newspapers. Comments on the proposed regulations in the form of proposals shall be distributed for public review.

(1) Public and governmental proposals shall be made available for a thirty (30) day review by the regional councils. Regional Councils shall forward their recommendations on proposals to the Board. Such proposals with recommendations may be submitted within the time period as specified by the Board or as a part of the Regional Council's annual report described in §242.11, whichever is earlier.

(2) The Board shall publish notice throughout Alaska of the availability of proposals received.

(3) The public shall have at least thirty (30) days to review and comment on proposals.

(4) After the comment period the Board shall meet to receive public testimony and consider the proposals. The Board may choose not to follow any recommendation which the Board determines is not supported by substan-

tial evidence, violates recognized principles of fish and wildlife conservation, or would be detrimental to the satisfaction of subsistence needs. If a recommendation approved by a Regional Council is not adopted by the Board, the Board shall set forth the factual basis and the reasons for their decision in writing to the Regional Council.

(5) Following consideration of the proposals the Board shall publish final regulations pertaining to subpart C of this part in the FEDERAL REGISTER. A Board decision to change a community's or area's status from rural to non-rural will not become effective until five years after the decision has been made.

(c) [Reserved]

(d) Proposals for changes to subparts A and B of this part shall be accepted by the Secretary of the Interior in accordance with 43 CFR Part 14.

§ 242.19 Closures and other special actions.

(a) The Board may make or direct restriction, closure, or opening for the taking of fish and wildlife for non-subsistence uses on public lands when necessary to assure the continued viability of particular fish or wildlife population, to continue subsistence uses of a fish or wildlife population, or for reasons of public safety or administration.

(b) After consulting with the State of Alaska, providing adequate notice to the public, and holding at least one public hearing in the vicinity of the affected communities, the Board may make or direct temporary openings or closures to subsistence uses of a particular fish or wildlife population on public lands to assure the continued viability of a fish or wildlife population, or for reasons of public safety or administration. A temporary opening or closure will not extend beyond the regulatory year for which it is promulgated.

(c) In an emergency situation, the Board may direct immediate openings or closures related to subsistence or non-subsistence uses of fish and wildlife on public lands, if necessary to assure the continued viability of a fish or wildlife population, to continue subsistence uses of fish or wildlife, or for public safety reasons. The Board shall

§ 242.20

36 CFR Ch. II (7-1-00 Edition)

publish notice and reasons justifying the emergency closure in the FEDERAL REGISTER and in newspapers of any area affected. The emergency closure shall be effective when directed by the Board, may not exceed 60 days, and may not be extended unless it is determined by the Board, after notice and hearing, that such closure should be extended.

(d) The Board may make or direct a temporary change to open or adjust the seasons or to increase the bag limits for subsistence uses of fish and wildlife populations on public lands. An affected rural resident, community, Regional Council, or administrative agency may request a temporary change in seasons or bag limits. Prior to implementing a temporary change, the Board shall consult with the State, shall comply with the provisions of 5 U.S.C. 551-559 (Administrative Procedure Act or APA), and shall provide adequate notice and opportunity to comment. The length of any temporary change shall be confined to the minimum time period or bag limit determined by the Board to be necessary to satisfy subsistence uses. In addition, a temporary change may be made only after the Board determines that the proposed temporary change will not interfere with the conservation of healthy fish and wildlife populations. The decision of the Board shall be the final administrative action.

(e) Regulations authorizing any individual agency to direct temporary or emergency closures on public lands managed by the agency remain unaffected by the regulations in this part, which authorize the Board to make or direct restrictions, closures, or temporary changes for subsistence uses on public lands.

(f) You may not take fish and wildlife in violation of a restriction, closure, opening, or temporary change authorized by the Board.

§ 242.20 Request for reconsideration.

(a) Regulations in subparts C and D of this part published in the FEDERAL REGISTER are subject to requests for reconsideration.

(b) Any aggrieved person may file a request for reconsideration with the Board.

(c) To file a request for reconsideration, you must notify the Board in writing within sixty (60) days of the effective date or date of publication of the notice, whichever is earliest, for which reconsideration is requested.

(d) It is your responsibility to provide the Board with sufficient narrative evidence and argument to show why the action by the Board should be reconsidered. You must include the following information in your request for reconsideration:

- (1) Your name, and mailing address;
- (2) The action which you request be reconsidered and the date of FEDERAL REGISTER publication of that action;
- (3) A detailed statement of how you are adversely affected by the action;
- (4) A detailed statement of the facts of the dispute, the issues raised by the request, and specific references to any law, regulation, or policy that you believe to be violated and your reason for such allegation;
- (5) A statement of how you would like the action changed.

(e) Upon receipt of a request for reconsideration, the Board shall transmit a copy of such request to any appropriate Regional Council for review and recommendation. The Board shall consider any Regional Council recommendations in making a final decision.

(f) If the request is justified, the Board shall implement a final decision on a request for reconsideration after compliance with 5 U.S.C. 551-559 (APA).

(g) If the request is denied, the decision of the Board represents the final administrative action.

§ 242.21 [Reserved]

Subpart C—Board Determinations

SOURCE: 64 FR 1293, Jan. 8, 1999, unless otherwise noted.

Forest Service, USDA

§ 242.24

§ 242.22 Subsistence resource regions.

(a) The Board hereby designates the following areas as subsistence resource regions:

- (1) Southeast Region;
- (2) Southcentral Region;
- (3) Kodiak/Aleutians Region;
- (4) Bristol Bay Region;
- (5) Yukon-Kuskokwim Delta Region;
- (6) Western Interior Region;
- (7) Seward Peninsula Region;
- (8) Northwest Arctic Region;
- (9) Eastern Interior Region;
- (10) North Slope Region.

(b) You may obtain maps delineating the boundaries of subsistence resources regions from the U.S. Fish and Wildlife Service, 1011 East Tudor Road, Anchorage, Alaska 99503.

§ 242.23 Rural determinations.

(a) The Board has determined all communities and areas to be rural in accordance with §242.15 except the following:

Adak;
 Fairbanks North Star Borough;
 Juneau area—including Juneau, West Juneau and Douglas;
 Ketchikan area—including Ketchikan City, Clover Pass, North Tongass Highway, Ketchikan East, Mountain Pass, Herring Cove, Saxman East, and parts of Penneck Island;
 Municipality of Anchorage;
 Valdez; and
 Wasilla area—including Palmer, Wasilla, Sutton, Big Lake, Houston, and Bodenber Butte.

(b) You may obtain maps delineating the boundaries of nonrural areas from the U.S. Fish and Wildlife Service, Office of Subsistence Management, 3601 C Street, Suite 1030, Anchorage, AK 99503.

§ 242.24 Customary and traditional use determinations.

(1) *Wildlife determinations.*

Area	Species	Determination
Unit 1(C)	Black Bear	Residents of Unit 1(C), 1(D), 3, and residents of Hoonah, Pelican, Point Baker, Sitka, and Tenakee Springs.
1(A)	Brown Bear	Residents of Unit 1(A) except no subsistence for residents of Hyder.
1(B)	Brown Bear	Residents of Unit 1(A), Petersburg, and Wrangell, except no subsistence for residents of Hyder.
1(C)	Brown Bear	Residents of Unit 1(C), Haines, Hoonah, Kake, Klukwan, Skagway, and Wrangell, except no subsistence for residents of Gustavus.
1(D)	Brown Bear	Residents of 1(D).
1(A)	Deer	Residents of 1(A) and 2.
1(B)	Deer	Residents of Unit 1(A), residents of 1(B), 2 and 3.
1(C)	Deer	Residents of 1(C) and (D), and residents of Hoonah, Kake, and Petersburg.
1(D)	Deer	No Federal subsistence priority.
1(B)	Goat	Residents of Units 1(B) and 3.
1(C)	Goat	Residents of Haines, Kake, Klukwan, Petersburg, and Hoonah.
1(B)	Moose	Residents of Units 1, 2, 3, and 4.
1(C) Berner's Bay	Moose	No Federal subsistence priority.
1(D)	Moose	Residents of Unit 1(D).
Unit 2	Brown Bear	No Federal subsistence priority.
2	Deer	Residents of Unit 1(A) and residents of Units 2 and 3.
Unit 3	Deer	Residents of Unit 1(B) and 3, and residents of Port Alexander, Port Protection, Pt. Baker, and Meyer's Chuck.
3, Wrangell and Mitkof Islands	Moose	Residents of Units 1(B), 2, and 3.
Unit 4	Brown Bear	Residents of Unit 4 and Kake.
4	Deer	Residents of Unit 4 and residents of Kake, Gustavus, Haines, Petersburg, Pt. Baker, Klukwan, Port Protection, Wrangell, and Yakutat.
4	Goat	Residents of Sitka, Hoonah, Tenakee, Pelican, Funter Bay, Angoon, Port Alexander, and Elfin Cove.
Unit 5	Black Bear	Residents of Unit 5(A).
5	Brown Bear	Residents of Yakutat.
5	Deer	Residents of Yakutat.

Area	Species	Determination
5	Goat	Residents of Unit 5(A)
5	Moose	Residents of Unit 5(A).
5	Wolf	Residents of Unit 5(A).
Unit 6(A)	Black Bear	Residents of Yakutat and residents of 6(C) and 6(D), except no subsistence for Whittier.
6, remainder	Black Bear	Residents of Unit 6(C) and 6(D), except no subsistence for Whittier.
6	Brown Bear	No Federal subsistence priority.
6(A)	Goat	Residents of Unit 5(A), 6(C), Chenega Bay and Tatitlek.
6(C) and (D)	Goat	Residents of Unit 6(C) and (D).
6(A)	Moose	Unit 6(A)—Residents of Units 5(A), 6(A), 6(B) and 6(C).
6(B) and (C)	Moose	Residents of Units 6(A), 6(B) and 6(C).
6(D)	Moose	No Federal subsistence priority.
6(A)	Wolf	Residents of Units 5(A), 6, 9, 10(Unimak Island only), 11-13 and the residents of Chickaloon, and 16-26.
6, remainder	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon and 16-26.
Unit 7	Brown Bear	No Federal subsistence priority.
7	Caribou	No Federal subsistence priority.
7, Brown Mountain hunt area	Goat	Residents of Port Graham and English Bay.
7, that portion draining into Kings Bay	Moose	Residents of Chenega Bay and Tatitlek.
7, remainder	Moose	No Federal subsistence priority.
7	Sheep	No Federal subsistence priority.
Unit 8	Brown Bear	Residents of Old Harbor, Akhiok, Larsen Bay, Karluk, Ouzinkie, and Port Lions.
8	Deer	Residents of Unit 8.
8	Elk	Residents of Unit 8.
8	Goat	No Federal subsistence priority.
Unit 9(D)	Bison	No Federal subsistence priority.
9(A) and (B)	Black Bear	Residents of Units 9(A) and (B), and 17(A), (B), and (C).
9(A)	Brown Bear	Residents of Pedro Bay.
9(B)	Brown Bear	Residents of Unit 9(B).
9(C)	Brown Bear	Residents of Unit 9(C).
9(D)	Brown Bear	Residents of Units 9(D) and 10 (Unimak Island).
9(E)	Brown Bear	Residents of Chignik, Chignik Lagoon, Chignik Lake, Egegik, Ivanof Bay, Perryville, Pilot Point, Ugashik, and Port Heiden/Meshik.
9(A) and (B)	Caribou	Residents of Units 9(B), 9(C) and 17.
9(C)	Caribou	Residents of Unit 9(B), 9(C), 17 and residents of Egegik.
9(D)	Caribou	Residents of Unit 9(D), and residents of Akutan, False Pass.
9(E)	Caribou	Residents of Units 9(B), (C), (E), 17, and residents of Nelson Lagoon and Sand Point.
9(A), (B), (C) and (E)	Moose	Residents of Unit 9(A), (B), (C) and (E).
9(D)	Moose	Residents of Cold Bay, False Pass, King Cove, Nelson Lagoon, and Sand Point.
9(B)	Sheep	Residents of Iliamna, Newhalen, Nondalton, Pedro Bay, and Port Alsworth.
9, remainder	Sheep	No determination.
9	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon and 16-26.
9(A), (B), (C), and (E)	Beaver	Residents of Units 9(A), (B), (C), (E), and 17.
Unit 10 Unimak Island	Brown Bear	Residents of Units 9(D) and 10 (Unimak Island).
Unit 10 Unimak Island	Caribou	Residents of Akutan, False Pass, King Cove, and Sand Point.
10, remainder	Caribou	No determination.
10	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon and 16-26.
Unit 11	Bison	No Federal subsistence priority.
11, north of the Sanford River	Black Bear	Residents of Chistochina, Chitina, Copper Center, Gakona, Glennallen, Gulkana, Kenny Lake, Mentasta Lake, Tazlina, Tonsina, and Units 11 and 12.

Forest Service, USDA

§ 242.24

Area	Species	Determination
11, remainder	Black Bear	Residents of Chistochina, Chitina, Copper Center, Gakona, Glennallen, Gulkana, Kenny Lake, Mentasta Lake, Tazlina, Tonsina, and Unit 11.
11, north of the Sanford River	Brown Bear	Residents of Chistochina, Chitina, Copper Center, Gakona, Glennallen, Gulkana, Kenny Lake, Mentasta Lake, Tazlina, Tonsina, and Units 11 and 12.
11, remainder	Brown Bear	Residents of Chistochina, Chitina, Copper Center, Gakona, Glennallen, Gulkana, Kenny Lake, Mentasta Lake, Tazlina, Tonsina, and Unit 11.
11, north of the Sanford River	Caribou	Residents of Units 11, 12, and 13 (A)–(D) and the residents of Chickaloon, Healy Lake, and Dot Lake.
11, remainder	Caribou	Residents of Units 11 and 13 (A)–(D) and the residents of Chickaloon.
11	Goat	Residents of Unit 11 and the residents of Chitina, Chistochina, Copper Center, Gakona, Glennallen, Gulkana, Mentasta Lake, Tazlina, Tonsina, and Dot Lake.
11, north of the Sanford River	Moose	Residents of Units 11, 12, and 13 (A)–(D) and the residents of Chickaloon, Healy Lake, and Dot Lake.
11, remainder	Moose	Residents of Units 11, 13 (A)–(D), and residents of Chickaloon.
11, north of the Sanford River	Sheep	Residents of Unit 12 and the communities and areas of Chistochina, Chitina, Copper Center, Dot Lake, Gakona, Glennallen, Gulkana, Healy Lake, Kenny Lake, Mentasta Lake, Slana, McCarthy/South Wrangell/ South Park, Tazlina and Tonsina; residents along the Nabesna Road—Milepost 0–46 (Nabesna Road), and residents along the McCarthy Road—Milepost 0–62 (McCarthy Road).
11, remainder	Sheep	Residents of the communities and areas of Chisana, Chistochina, Chitina, Copper Center, Gakona, Glennallen, Gulkana, Kenny Lake, Mentasta Lake, Slana, McCarthy/South Wrangell/ South Park, Tazlina and Tonsina; residents along the Tok Cutoff—Milepost 79–110 (Mentasta Pass), residents along the Nabesna Road—Milepost 0–46 (Nabesna Road), and residents along the McCarthy Road—Milepost 0–62 (McCarthy Road).
11	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11–13 and the residents of Chickaloon and 16–26.
11	Grouse (Spruce, Blue, Ruffed and Sharp-tailed).	Residents of Units 11, 12, 13 and the residents of Chickaloon, 15, 16, 20(D), 22 and 23.
11	Ptarmigan (Rock, Willow and White-tailed).	Residents of Units 11, 12, 13 and the residents of Chickaloon, 15, 16, 20(D), 22 and 23.
Unit 12	Brown Bear	Residents of Unit 12 and Dot Lake, Chistochina, Gakona, Mentasta Lake, and Slana.
12	Caribou	Residents of Unit 12 and residents of Dot Lake, Healy Lake, and Mentasta Lake.
12, south of a line from Noyes Mountain, southeast of the confluence of Tatschunda Creek to Nabesna River.	Moose	Residents of Unit 11 north of 62nd parallel (excluding North Slana Homestead and South Slana Homestead); and residents of Units 12, 13(A)–(D) and the residents of Chickaloon, Dot Lake, and Healy Lake.
12, east of the Nabesna River and Nabesna Glacier, south of the Winter Trail from Pickerel Lake to the Canadian Border.	Moose	Residents of Unit 12 and Healy Lake.
12, remainder	Moose	Residents of Unit 12 and residents of Dot Lake, Healy Lake, and Mentasta Lake.
12	Sheep	Residents of Unit 12 and residents of Chistochina, Dot Lake, Healy Lake, and Mentasta Lake.
12	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11–13 and the residents of Chickaloon and 16–26.
Unit 13	Brown Bear	Residents of Unit 13.

Area	Species	Determination
13(B)	Caribou	Residents of Units 11, 12 (along the Nabesna Road), 13, residents of Unit 20(D) except Fort Greely, and the residents of Chickaloon.
13(C)	Caribou	Residents of Units 11, 12 (along the Nabesna Road), 13, and the residents of Chickaloon, Dot Lake and Healy Lake.
13(A) & (D)	Caribou	Residents of Units 11, 12 (along the Nabesna Road), 13, and the residents of Chickaloon.
13(E)	Caribou	Residents of Units 11, 12 (along the Nabesna Road), 13, and the residents of Chickaloon, McKinley Village, and the area along the Parks Highway between milepost 216 and 239 (except no subsistence for residents of Denali National Park headquarters).
13(D)	Goat	No Federal subsistence priority.
13(A) and (D)	Moose	Residents of Unit 13 and the residents of Chickaloon.
13(B)	Moose	Residents of Units 13, 20(D) except Fort Greely, and the residents of Chickaloon.
13(C)	Moose	Residents of Units 12, 13 and the residents of Chickaloon, Healy Lake, and Dot Lake.
13(E)	Moose	Residents of Unit 13 and the residents of Chickaloon and of McKinley Village, and the area along the Parks Highway between milepost 216 and 239 (except no subsistence for residents of Denali National Park headquarters).
13(D)	Sheep	No Federal subsistence priority.
13	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon, and 16-26.
13	Grouse (Spruce, Blue, Ruffed & Sharp-tailed).	Residents of Units 11, 13 and the residents of Chickaloon, 15, 16, 20(D), 22 and 23.
13	Ptarmigan (Rock, Willow and White-tailed).	Residents of Units 11, 13 and the residents of Chickaloon, 15, 16, 20(D), 22 and 23.
Unit 14(B) and (C)	Brown Bear	No Federal subsistence priority.
14	Goat	No Federal subsistence priority.
14	Moose	No Federal subsistence priority.
14(A) and (C)	Sheep	No Federal subsistence priority.
Unit 15(C)	Black Bear	Residents of Port Graham and Nanwalek only.
15, remainder	Black Bear	No Federal subsistence priority.
15	Brown Bear	No Federal subsistence priority.
15(C), Port Graham and English Bay hunt areas ..	Goat	Residents of Port Graham and Nanwalek.
15(C), Seldovia hunt area	Goat	Residents Seldovia area.
15	Moose	Residents of Niniichik, Nanwalek, Port Graham, and Seldovia.
15	Sheep	No Federal subsistence priority.
15	Ptarmigan (Rock, Willow and White-tailed).	Residents of Unit 15.
15	Grouse (Spruce)	Residents of Unit 15.
15	Grouse (Ruffed)	No Federal subsistence priority.
Unit 16(B)	Black Bear	Residents of Unit 16(B).
16	Brown Bear	No Federal subsistence priority.
16(A)	Moose	No Federal subsistence priority.
16(B)	Moose	Residents of Unit 16(B).
16	Sheep	No Federal subsistence priority.
16	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon, and 16-26.
16	Grouse (Spruce, Blue, Ruffed and Sharp-tailed).	Residents of Units 11, 13 and the residents of Chickaloon, 15, 16, 20(D), 22 and 23.
16	Ptarmigan (Rock, Willow and White-tailed).	Residents of Units 11, 13 and the residents of Chickaloon, 15, 16, 20(D), 22 and 23.
Unit 17(A) and that portion of 17(B) draining into Nuyakuk Lake and Tikchik Lake.	Black Bear	Residents of Units 9(A) and (B), 17, and residents of Akiak and Akiachak.
17, remainder	Black Bear	Residents of Units 9(A) and (B), and 17.
17(A)	Brown Bear	Residents of Unit 17, and residents of Akiak, Akiachak, Goodnews Bay and Platinum.

Area	Species	Determination
17(A) and (B), those portions north and west of a line beginning from the Unit 18 boundary at the northwest end of Nenevok Lake, to the southern point of upper Togiak Lake, and northeast to the northern point of Nuyakuk Lake, northeast to the point where the Unit 17 boundary intersects the Shotgun Hills.	Brown Bear	Residents of Kwethluk.
17(B), that portion draining into Nuyakuk Lake and Tikchik Lake.	Brown Bear	Residents of Akiak and Akiachak.
17(B) and (C)	Brown Bear	Residents of Unit 17.
17	Caribou	Residents of Units 9(B), 17 and residents of Lime Village and Stony River.
Unit 17(A), that portion west of the Izavieknik River, Upper Togiak Lake, Togiak Lake, and the main course of the Togiak River.	Caribou	Residents of Goodnews Bay, Platinum, Quinhagak, Eek, Tuntutuliak, and Napakiak.
Unit 17(A)—That portion north of Togiak Lake that includes Izavieknik River drainages.	Caribou	Residents of Akiak, Akiachak, and Tuluksak.
17(A) and (B), those portions north and west of a line beginning from the Unit 18 boundary at the northwest end of Nenevok Lake, to the southern point of upper Togiak Lake, and northeast to the northern point of Nuyakuk Lake, northeast to the point where the Unit 17 boundary intersects the Shotgun Hills.	Caribou	Residents of Kwethluk.
Unit 17(B), that portion of Togiak National Wildlife Refuge within Unit 17(B).	Caribou	Residents of Goodnews Bay, Platinum, Quinhagak, Eek, Akiak, Akiachak and Tuluksak, Tuntutuliak, and Napakiak.
17(A) and (B), those portions north and west of a line beginning from the Unit 18 boundary at the northwest end of Nenevok Lake, to the southern point of upper Togiak Lake, and northeast to the northern point of Nuyakuk Lake, northeast to the point where the Unit 17 boundary intersects the Shotgun Hills.	Moose	Residents of Kwethluk.
17(A)	Moose	Residents of Unit 17 and residents of Goodnews Bay and Platinum; however, no subsistence for residents of Akiachak, Akiak and Quinhagak.
Unit 17(A)—That portion north of Togiak Lake that includes Izavieknik River drainages.	Moose	Residents of Akiak, Akiachak.
Unit 17(B)—That portion within the Togiak National Wildlife Refuge.	Moose	Residents of Akiak, Akiachak.
17(B) and (C)	Moose	Residents of Unit 17, and residents of Non-dalton, Levelock, Goodnews Bay, and Platinum.
17	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11–13 and the residents of Chickaloon, and 16–26.
17	Beaver	Residents of Units 9(A), (B), (C), (E), and 17.
Unit 18	Black Bear	Residents of Unit 18, residents of Unit 19(A) living downstream of the Holokuk River, and residents of Holy Cross, Stebbins, St. Michael, Twin Hills, and Togiak.
18	Brown Bear	Residents of Akiachak, Akiak, Eek, Goodnews Bay, Kwethluk, Mt. Village, Napaskiak, Platinum, Quinhagak, St. Mary's, and Tuluksak.
18	Caribou (Kilbuck caribou herd only).	INTERIM DETERMINATION BY FEDERAL SUBSISTENCE BOARD (12/18/91): residents of Tuluksak, Akiak, Akiachak, Kwethluk, Bethel, Oscarville, Napaskiak, Napakiak, Kasigluk, Atmanthluak, Nunapitchuk, Tuntutuliak, Eek, Quinhagak, Goodnews Bay, Platinum, Togiak, and Twin Hills.
18, north of the Yukon River	Caribou (except Kilbuck caribou herd).	Residents of Alakanuk, Andreafsky, Chevak, Emmonak, Hooper Bay, Kotlik, Kwethluk, Marshall, Mountain Village, Pilot Station, Pitka's Point, Russian Mission, St. Marys, St. Michael, Scammon Bay, Sheldon Point, and Stebbins.
18, remainder	Caribou (except Kilbuck caribou herd).	Residents of Kwethluk.
18, that portion of the Yukon River drainage upstream of Russian Mission and that portion of the Kuskokwim River drainage upstream of, but not including the Tuluksak River drainage.	Moose	Residents of Unit 18 and residents of Upper Kalskag, Lower Kalskag, Aniak, and Chuathbaluk.

Area	Species	Determination
18, remainder	Moose	Residents of Unit 18 and residents of Upper Kalskag and Lower Kalskag.
18	Muskox	No Federal subsistence priority.
18	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11–13 and the residents of Chickaloon and 16–26.
Unit 19(C),(D)	Bison	No Federal subsistence priority.
19(A) and (B)	Brown Bear	Residents of Units 19 and 18 within the Kuskokwim River drainage upstream from, and including, the Johnson River.
19(C)	Brown Bear	No Federal subsistence priority.
19(D)	Brown Bear	Residents of Units 19(A) and (D), and residents of Tulusak and Lower Kalskag.
19(A) and (B)	Caribou	Residents of Units 19(A) and 19(B), residents of Unit 18 within the Kuskokwim River drainage upstream from, and including, the Johnson River, and residents of St. Marys, Marshall, Pilot Station, Russian Mission.
19(C)	Caribou	Residents of Unit 19(C), and residents of Lime Village, McGrath, Nikolai, and Telida.
19(D)	Caribou	Residents of Unit 19(D), and residents of Lime Village, Sleetmute, and Stony River.
19(A) and (B)	Moose	Residents of Unit 18 within Kuskokwim River drainage upstream from and including the Johnson River, and Unit 19.
Unit 19(B), west of the Kogruluk River	Moose	Residents of Eek and Quinhagak.
19(C)	Moose	Residents of Unit 19.
19(D)	Moose	Residents of Unit 19 and residents of Lake Minchumina.
19	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11–13 and the residents of Chickaloon and 16–26.
Unit 20(D)	Bison	No Federal subsistence priority.
20(F)	Black Bear	Residents of Unit 20(F) and residents of Stevens Village and Manley.
20(E)	Brown Bear	Residents of Unit 12 and Dot Lake.
20(F)	Brown Bear	Residents of Unit 20(F) and residents of Stevens Village and Manley.
20(A)	Caribou	Residents of Cantwell, Nenana, and those domiciled between milepost 216 and 239 of the Parks Highway. No subsistence priority for residents of households of the Denali National Park Headquarters.
20(B)	Caribou	Residents of Unit 20(B), Nenana, and Tanana.
20(C)	Caribou	Residents of Unit 20(C) living east of the Teklanika River, residents of Cantwell, Lake Minchumina, Manley Hot Springs, Minto, Nenana, Nikolai, Tanana, Talida, and those domiciled between milepost 216 and 239 of the Parks Highway and between milepost 300 and 309. No subsistence priority for residents of households of the Denali National Park Headquarters.
20(D) and (E)	Caribou	Residents of 20(D), 20(E), and Unit 12 north of the Wrangell-St. Elias National Park and Preserve.
20(F)	Caribou	Residents of 20(F), 25(D), and Manley.
20(A)	Moose	Residents of Cantwell, Minto, and Nenana, McKinley Village, the area along the Parks Highway between mileposts 216 and 239, except no subsistence for residents of households of the Denali National Park Headquarters.
20(B)	Moose	Minto Flats Management Area—residents of Minto and Nenana.
20(B)	Moose	Remainder—residents of Unit 20(B), and residents of Nenana and Tanana.

Forest Service, USDA

§ 242.24

Area	Species	Determination
20(C)	Moose	Residents of Unit 20(C) (except that portion within Denali National Park and Preserve and that portion east of the Teklanika River), and residents of Cantwell, Manley, Minto, Nenana, the Parks Highway from milepost 300-309, Nikolai, Tanana, Telida, McKinley Village, and the area along the Parks Highway between mileposts 216 and 239. No subsistence for residents of households of the Denali National Park Headquarters.
20(D)	Moose	Residents of Unit 20(D) and residents of Tanacross.
20(F)	Moose	Residents of Unit 20(F), Manley, Minto, and Stevens Village.
20(F)	Wolf	Residents of Unit 20(F) and residents of Stevens Village and Manley.
20, remainder	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon and 16-26.
20(D)	Grouse, (Spruce, Blue, Ruffed and Sharp-tailed).	Residents of Units 11, 13 and the residents of Chickaloon, 15, 16, 20(D), 22, and 23.
20(D)	Ptarmigan (Rock, Willow and White-tailed).	Residents of Units 11, 13 and the residents of Chickaloon, 15, 16, 20(D), 22, and 23.

23	Moose	Residents of Unit 23.
23, south of Kotzebue Sound and west of and including the Buckland River drainage.	Muskox	Residents of Unit 23 South of Kotzebue Sound and west of and including the Buckland River drainage.
23, remainder	Muskox	Residents of Unit 23 east and north of the Buckland River drainage.
23	Sheep	Residents of Point Lay and Unit 23 north of the Arctic Circle.
23	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon, and 16-26.
23	Grouse (Spruce, Blue, Ruffed and Sharp-tailed).	Residents of Units 11, 13 and the residents of Chickaloon, 15, 16, 20(D), 22, and 23.
23	Ptarmigan (Rock, Willow and White-tailed).	Residents of Units 11, 13 and the residents of Chickaloon, 15, 16, 20(D), 22, and 23.
Unit 24, that portion south of Caribou Mountain, and within the public lands composing or immediately adjacent to the Dalton Highway Corridor Management Area.	Black Bear	Residents of Stevens Village and residents of Unit 24 and Wiseman, but not including any other residents of the Dalton Highway Corridor Management Area.
24, remainder	Black Bear	Residents of Unit 24 and Wiseman, but not including any other residents of the Dalton Highway Corridor Management Area.
24, that portion south of Caribou Mountain, and within the public lands composing or immediately adjacent to the Dalton Highway Corridor Management Area.	Brown Bear	Residents of Stevens Village and residents of Unit 24 and Wiseman, but not including any other residents of the Dalton Highway Corridor Management Area.
24, remainder	Brown Bear	Residents of Unit 24 including Wiseman, but not including any other residents of the Dalton Highway Corridor Management Area.
24	Caribou	Residents of Unit 24, Galena, Kobuk, Koyukuk, Stevens Village, and Tanana.
24	Moose	Residents of Unit 24, Koyukuk, and Galena.
24	Sheep	Residents of Unit 24 residing north of the Arctic Circle and residents of Allakaket, Alatna, Hughes, and Huslia.
24	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon and 16-26.
Unit 25(D)	Black Bear	Residents of Unit 25(D).
25(D)	Brown Bear	Residents of Unit 25(D).
25, remainder	Brown Bear	No Federal subsistence priority.
25(D)	Caribou	Residents of 20(F), 25(D), and Manley.
25(A)	Moose	Residents of Units 25(A) and 25(D).
25(D) West	Moose	Residents of Beaver, Birch Creek, and Stevens Village.
25(D), remainder	Moose	Residents of Remainder of Unit 25.
25(A)	Sheep	Residents of Arctic Village, Chalkytsik, Fort Yukon, Kaktovik, and Venetie.
25(B) and (C)	Sheep	No Federal subsistence priority.
25(D)	Wolf	Residents of Unit 25(D).
25, remainder	Wolf	Residents of Units 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon and 16-26.
Unit 26	Brown Bear	Residents of Unit 26 (except the Prudhoe Bay-Deadhorse, Industrial Complex) and residents of Anaktuvuk Pass and Point Hope.
26(A)	Caribou	Residents of Unit 26, Anaktuvuk Pass and Point Hope.
26(B)	Caribou	Residents of Unit 26, Anaktuvuk Pass and Point Hope, and Wiseman.
26(C)	Caribou	Residents of Unit 26, Anaktuvuk Pass and Point Hope.

Forest Service, USDA

§ 242.24

Area	Species	Determination
26	Moose	Residents of Unit 26, (except the Prudhoe Bay-Deadhorse Industrial Complex), and residents of Point Hope and Anaktuvuk Pass.
26(a)	Muskox	Residents of Anaktuvuk Pass, Atkasuk, Barrow, Nuiqsut, Point Hope, Point Lay, and Wainwright.
26(B)	Muskox	Residents of Anaktuvuk Pass, Nuiqsut, and Kaktovik.
26(C)	Muskox	Residents of Kaktovik.
26(A)	Sheep	Residents of Unit 26, Anaktuvuk Pass and Point Hope.
26(B)	Sheep	Residents of Unit 26, Anaktuvuk Pass and Point Hope, and Wiseman.
26(C)	Sheep	Residents of Unit 26, Anaktuvuk Pass, Anaktuvik Pass, Arctic Village, Chalkytsik, Fort Yukon, Point Hope, and Venetie.
26	Wolf	Residents of Unit 6, 9, 10 (Unimak Island only), 11-13 and the residents of Chickaloon and 16-26.

(2) Fish and shellfish determinations.

Area	Species	Determination
KOTZEBUE-NORTHERN AREA—Northern District.	All finfish	Residents of the Northern District, except for those domiciled in State of Alaska Unit 26-B.
Kotzebue District	Salmon, sheefish, char	Residents of the Kotzebue District.
NORTON SOUND—PORT CLARENCE AREA	Salmon	Residents of the Norton Sound—Port Clarence Area.
YUKON AREA	Salmon	Residents of the Yukon Area, including the community of Stebbins.
	Yukon River Fall chum salmon.	Residents of the Yukon River drainage, including the communities of Stebbins, Scammon Bay, Hooper Bay, and Chevak.
	Freshwater fish species, including sheefish, whitefish, lamprey, burbot, sucker, grayling, pike, char, and blackfish.	Residents of the Yukon Area.
KUSKOKWIM AREA	Salmon	Residents of the Kuskokwim Area, except those persons residing on the United States military installation located on Cape Newenham, Sparevohn USAFB, and Tatalina USAFB.
	Rainbow trout	Residents of the communities of Quinhagak, Goodnews Bay, Kwethluk, Eek, Akiak, and Platinum.
	Pacific cod	Residents of the communities of Chevak, Newtok, Tununak, Toksook Bay, Nightmute, Cheforak, Kipnuk, Mekoryuk, Kwigillingok, Kongiganak, Eek, and Tuntutuliak.
Waters adjacent to the western-most tip of the Naskonant Peninsula and the terminus of the Ishowik River and around Nunivak Island.	Herring and herring roe	Residents within 20 miles of the coast between the westernmost tip of the Naskonant Peninsula and the terminus of the Ishowik River and on Nunivak Island.
BRISTOL BAY AREA—Nushagak District, including drainages flowing into the district.	Salmon	Residents of the Nushagak District and freshwater drainages flowing into the district.
Naknek-Kvichek District—Naknek River drainage	Salmon	Residents of the Naknek and Kvichak River drainages.
Naknek-Kvichek District—Iliamna-Lake Clark drainage.	Salmon	Residents of the Iliamna-Lake Clark drainage.
Togiak District, including drainages flowing into the district.	Salmon and other freshwater finfish.	Residents of the Togiak District, freshwater drainages flowing into the district, and the community of Manokotak.

Area	Species	Determination
KODIAK AREA—except the Mainland District, which is all waters along the south side of the Alaska Peninsula bounded by the latitude of Cape Douglas (58°52' North latitude) mid-stream Shelikof Strait, and west of the longitude of the southern entrance of Imuya Bay near Kilokak Rocks (57°11'22" North latitude, 156°20'30" W longitude).	Salmon	Residents of the Kodiak Island Borough, except those residing on the Kodiak Coast Guard Base.
KODIAK AREA—except the Semidi Island, the North Mainland, and the South Mainland Sections.	King crab	Residents of the Kodiak Island Borough except those residents on the Kodiak Coast Guard base.
COOK INLET AREA—Port Graham Subdistrict	Dolly Varden	Residents of Port Graham and English Bay.
Port Graham Subdistrict and Koyuktolik Subdistrict	Salmon	Residents of Port Graham and English Bay.
Tyonek Subdistrict	Salmon	Residents of the village of Tyonek.
PRINCE WILLIAM SOUND AREA—South-Western District and Green Island.	Salmon	Residents of the Southwestern District which is mainland waters from the outer point on the north shore of Granite Bay to Cape Fairfield, and Knight Island, Chenega Island, Bainbridge Island, Evans Island, Elrington Island, Latouche Island and adjacent islands.
PRINCE WILLIAM SOUND AREA—North of a line from Porcupine Point to Granite Point, and south of a line from Point Lowe to Tongue Point.	Salmon	Residents of the villages of Tatitlek and Ellamar.
YAKUTAT AREA—freshwater upstream from the terminus of streams and rivers of the Yakutat Area from the Doame River to the Tsiu River.	Salmon	Residents of the area east of Yakutat Bay, including the islands within Yakutat Bay, west of the Situk River drainage, and south of and including Knight Island.
Freshwater upstream from the terminus of streams and rivers of the Yakutat Area from the Doame River to Point Manby.	Dolly Varden char, steelhead trout, and smelt.	Residents of the area east of Yakutat Bay, including the islands within Yakutat Bay, west of the Situk River drainage, and south of and including Knight Island.
SOUTH-EASTERN ALASKA AREA—District 1—Section 1-E in waters of the Naha River and Roosevelt Lagoon.	Salmon and Dolly Varden char.	Residents of the City of Saxman.
District 1—Section 1-F in Boca de Quadra in waters of Sockeye Creek and Hugh Smith Lake within 500 yards of the terminus of Sockeye Creek.	Salmon and Dolly Varden char.	Residents of the City of Saxman.
District 2—north of the latitude of the northernmost tip of Chasina Point and west of a line from the northernmost tip of Chasina Point to the easternmost tip of Grindall Island to the easternmost tip of the Kasaan Peninsula.	Salmon and Dolly Varden char.	Residents of the City of Kasaan and in the drainage of the southeastern shore of the Kasaan Peninsula west of 132°20'W. long. and east of 132°25'W. long.
District 3—Section 3-A	Salmon and Dolly Varden char.	Residents of the townsite of Hyدابurg.
District 3—Section 3-B in waters east of a line from Point Ildefonso to Tranquil Point.	Salmon, Dolly Varden char, and steelhead trout.	Residents of the City of Klawock and on Prince of Wales Island within the boundaries of the Klawock Heenya Corporation land holdings as they exist in January 1989, and those residents of the City of Craig and on Prince of Wales Island within the boundaries of the Shan Seet Corporation land holdings as they exist in January 1989.
District 3—Section 3-C in waters of Sarkar Lakes	Salmon, Dolly Varden char, and steelhead trout.	Residents of the City of Klawock and on Prince of Wales Island within the boundaries of the Klawock Heenya Corporation land holdings as they exist in January 1989, and those residents of the City of Craig and on Prince of Wales Island within the boundaries of the Shan Seet Corporation land holdings as they exist in January 1989.
District 5—north of a line from Point Barrie to Boulder Point.	Salmon and Dolly Varden char.	Residents of the City of Kake and in Kupreanof Island drainages emptying into Keku Strait south of Point White and north of the Portage Bay boat harbor.
District 9—Section 9-A	Salmon and Dolly Varden char.	Residents of the City of Kake and in Kupreanof Island drainages emptying into Keku Strait south of Point White and north of the Portage Bay boat harbor.
District 9—Section 9-B north of the latitude of Swain Point.	Salmon and Dolly Varden char.	Residents of the City of Kake and in Kupreanof Island drainages emptying into Keku Strait south of Point White and north of the Portage Bay boat harbor.

Area	Species	Determination
District 10—west of a line from Pinta Point to False Point Pybus.	Salmon and Dolly Varden char.	Residents of the City of Kake and in Kupreanof Island drainages emptying into Keku Strait south of Point White and north of the Portage Bay boat harbor.
District 12—south of a line from Fishery Point to south Passage Point and north of the latitude of Point Caution.	Salmon and Dolly Varden char.	Residents of the City of Angoon and along the western shore of Admiralty Island north of the latitude of Sand Island, south of the latitude of Thayer Creek, and west of 134°30' W. long., including Killisnoo Island.
District 13—Section 13-A south of the latitude of Cape Edward.	Sockeye salmon	Residents of the City and Borough of Sitka in drainages which empty into Section 13-B north of the latitude of Dorothy Narrows.
District 13—Section 13-B north of the latitude of Redfish Cape.	Sockeye salmon	Residents of the City and Borough of Sitka in drainages which empty into Section 13-B north of the latitude of Dorothy Narrows.
District 13—Section 13-C	Sockeye salmon	Residents of the City and Borough of Sitka in drainages which empty into Section 13-B north of the latitude of Dorothy Narrows.
District 13—Section 13-C east of the longitude of Point Elizabeth.	Salmon and Dolly Varden char.	Residents of the City of Angoon and along the western shore of Admiralty Island north of the latitude of Sand Island, south of the latitude of Thayer Creek, and west of 134°30' W. long., including Killisnoo Island.
District 14—Section 14-B and 14-C	Salmon, smelt and Dolly Varden char.	Residents of the City of Hoonah and in Chichagof Island drainages on the eastern shore of Port Frederick from Gartina Creek to Point Sophia.
District 15—Chilkat and Chilkoot Rivers	Salmon and smelt	Residents west of the Haines highway between Mile 20 and Mile 24 and east of the Chilkat River, but not elsewhere in Klukwan; and, those residents of other areas of the city and borough of Haines, excluding residents in the drainage of Excursion Inlet.

(b) [Reserved]

[64 FR 35780, July 1, 1999, as amended at 65 FR 40734, June 30, 2000]

Subpart D—Subsistence Taking of Fish and Wildlife

§ 242.25 Subsistence taking of wildlife.

(a) Definitions. The following definitions shall apply to all regulations contained in this section:

ADF&G means the Alaska Department of Fish and Game.

Aircraft means any kind of airplane, glider, or other device used to transport people or equipment through the air, excluding helicopters.

Airport means an airport listed in the Federal Aviation Administration, Alaska Airman's Guide and chart supplement.

Animal means those species with a vertebral column (backbone).

Antler means one or more solid, horn-like appendages protruding from the head of a caribou, deer, elk, or moose.

Antlered means any caribou, deer, elk, or moose having at least one visible antler.

Antlerless means any caribou, deer, elk, or moose not having visible antlers attached to the skull.

Bear means black bear, or brown or grizzly bear.

Bow means a longbow, recurve bow, or compound bow, excluding a cross-bow, or any bow equipped with a mechanical device that holds arrows at full draw.

Broadhead means an arrowhead that is not barbed and has two or more steel cutting edges having a minimum cutting diameter of not less than seven-eighths inch.

Brow tine means a tine on the front portion of a moose antler, typically projecting forward from the base of the antler toward the nose.

Buck means any male deer.

Bull means any male moose, caribou, elk, or musk oxen.

Closed season means the time when wildlife may not be taken.

Cub bear means a brown or grizzly bear in its first or second year of life,

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

or a black bear (including cinnamon and blue phases) in its first year of life.

Designated hunter means a Federally qualified, licensed hunter who may take all or a portion of another Federally qualified, licensed hunter's harvest limit(s) only under situations approved by the Board.

Edible meat means the breast meat of ptarmigan and grouse, and, those parts of caribou, deer, elk, mountain goat, moose, musk oxen, and Dall sheep that are typically used for human consumption, which are: the meat of the ribs, neck, brisket, front quarters as far as the distal (bottom) joint of the radius-ulna (knee), hindquarters as far as the distal joint (bottom) of the tibia-fibula (hock) and that portion of the animal between the front and hindquarters; however, *edible meat* of species listed above does not include: meat of the head, meat that has been damaged and made inedible by the method of taking, bones, sinew, and incidental meat reasonably lost as a result of boning or close trimming of the bones, or viscera. For black bear, brown and grizzly bear, "edible meat" means the meat of the front quarter and hindquarters and meat along the backbone (backstrap).

Federally-qualified subsistence user means a rural Alaska resident qualified to harvest fish or wildlife on Federal public lands in accordance with the Federal Subsistence Management Regulations in this part.

Fifty-inch (50-inch) moose means a bull moose with an antler spread of 50 inches or more.

Full curl horn means the horn of a Dall sheep ram; the tip of which has grown through 360 degrees of a circle described by the outer surface of the horn, as viewed from the side, or that both horns are broken, or that the sheep is at least 8 years of age as determined by horn growth annuli.

Furbearer means a beaver, coyote, arctic fox, red fox, lynx, marten, mink, weasel, muskrat, river (land) otter, red squirrel, flying squirrel, ground squirrel, marmot, wolf, or wolverine.

Grouse collectively refers to all species found in Alaska, including spruce grouse, ruffed grouse, blue grouse, and sharp-tailed grouse.

Hare or hares collectively refers to all species of hares (commonly called rab-

bits) in Alaska and includes snowshoe hare and tundra hare.

Harvest limit means the number of any one species permitted to be taken by any one person in a Unit or portion of a Unit in which the taking occurs.

Highway means the driveable surface of any constructed road.

Household means that group of people residing in the same residence.

Hunting means the taking of wildlife within established hunting seasons with archery equipment or firearms, and as authorized by a required hunting license.

Marmot collectively refers to all species of marmot that occur in Alaska including the hoary marmot, Alaska marmot, and the woodchuck.

Motorized vehicle means a motor-driven land, air, or water conveyance.

Open season means the time when wildlife may be taken by hunting or trapping; an open season includes the first and last days of the prescribed season period.

Otter means river or land otter only, excluding sea otter.

Permit hunt means a hunt for which State or Federal permits are issued by registration or other means.

Poison means any substance that is toxic or poisonous upon contact or ingestion.

Possession means having direct physical control of wildlife at a given time or having both the power and intention to exercise dominion or control of wildlife either directly or through another person or persons.

Ptarmigan collectively refers to all species found in Alaska, including white-tailed ptarmigan, rock ptarmigan, and willow ptarmigan.

Ram means a male Dall sheep.

Registration permit means a permit that authorizes hunting and is issued to a person who agrees to the specified hunting conditions. Hunting permitted by a registration permit begins on an announced date and continues throughout the open season, or until the season is closed by Board action. Registration permits are issued in the order applications are received and/or are based on priorities as determined by 50 CFR 100.17 and 36 CFR 242.17.

Sealing means placing a mark or tag on a portion of a harvested animal by

an authorized representative of the ADF&G; *sealing* includes collecting and recording information about the conditions under which the animal was harvested, and measurements of the specimen submitted for sealing or surrendering a specific portion of the animal for biological information.

Seven-eighths curl horn means the horn of a male Dall sheep, the tip of which has grown through seven-eighths (315 degrees) of a circle, described by the outer surface of the horn, as viewed from the side, or with both horns broken.

Skin, hide, pelt, or fur means any tanned or untanned external covering of an animal's body; excluding bear. The skin, hide, fur, or pelt of a bear shall mean the entire external covering with claws attached.

Spike-fork moose means a bull moose with only one or two tines on either antler; male calves are not spike-fork bulls.

Take or Taking means to pursue, hunt, shoot, trap, net, capture, collect, kill, harm, or attempt to engage in any such conduct.

Tine or antler point refers to any point on an antler, the length of which is greater than its width and is at least one inch.

Transportation means to ship, convey, carry, or transport by any means whatever and deliver or receive for such shipment, conveyance, carriage, or transportation.

Trapping means the taking of furbearers within established trapping seasons and with a required trapping license.

Unclassified wildlife or unclassified species means all species of animals not otherwise classified by the definitions in this paragraph (a), or regulated under other Federal law as listed in paragraph (i) of this section.

Ungulate means any species of hoofed mammal, including deer, caribou, elk, moose, mountain goat, Dall sheep, and musk oxen.

Unit means one of the 26 geographical areas in the State of Alaska known as Game Management Units, or GMU, and collectively listed in this section as Units.

Wildlife means any hare (rabbit), ptarmigan, grouse, ungulate, bear,

furbearer, or unclassified species and includes any part, product, egg, or offspring thereof, or carcass or part thereof.

(b) Hunters may take wildlife for subsistence uses by any method, except as prohibited in this section or by other Federal statute. Taking wildlife for subsistence uses by a prohibited method is a violation of this part. Seasons are closed unless opened by Federal regulation. Hunting or trapping during a closed season or in an area closed by this part is prohibited.

(1) Except for special provisions found at paragraphs (k)(1) through (26) of this section, the following methods and means of taking wildlife for subsistence uses are prohibited:

(i) Shooting from, on, or across a highway;

(ii) Using any poison;

(iii) Using a helicopter in any manner, including transportation of individuals, equipment, or wildlife; however, this prohibition does not apply to transportation of an individual, gear, or wildlife during an emergency rescue operation in a life-threatening situation;

(iv) Taking wildlife from a motorized land or air vehicle, when that vehicle is in motion or from a motor-driven boat when the boat's progress from the motor's power has not ceased;

(v) Using a motorized vehicle to drive, herd, or molest wildlife;

(vi) Using or being aided by use of a machine gun, set gun, or a shotgun larger than 10 gauge;

(vii) Using a firearm other than a shotgun, muzzle-loaded rifle, rifle or pistol using center-firing cartridges, for the taking of ungulates, bear, wolves or wolverine, except that—

(A) An individual in possession of a valid trapping license may use a firearm that shoots rimfire cartridges to take wolves and wolverine;

(B) Only a muzzle-loading rifle of .54-caliber or larger, or a .45-caliber muzzle-loading rifle with a 250-grain, or larger, elongated slug may be used to take brown bear, black bear, elk, moose, musk oxen and mountain goat;

(viii) Using or being aided by use of a pit, fire, artificial light, radio communication, artificial salt lick, explosive, barbed arrow, bomb, smoke, chemical,

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

conventional steel trap with a jaw spread over nine inches, or conibear style trap with a jaw spread over 11 inches;

(ix) Using a snare, except that an individual in possession of a valid hunting license may use nets and snares to take unclassified wildlife, ptarmigan, grouse, or hares; and, individuals in possession of a valid trapping license may use snares to take furbearers;

(x) Using a trap to take ungulates or bear;

(xi) Using hooks to physically snag, impale, or otherwise take wildlife; however, hooks may be used as a trap drag;

(xii) Using a crossbow to take ungulates, bear, wolf, or wolverine in any area restricted to hunting by bow and arrow only;

(xiii) Taking of ungulates, bear, wolf, or wolverine with a bow, unless the bow is capable of casting a $\frac{7}{8}$ inch wide broadhead-tipped arrow at least 175 yards horizontally, and the arrow and broadhead together weigh at least one ounce (437.5 grains);

(xiv) Using bait for taking ungulates, bear, wolf, or wolverine; except, you may use bait to take wolves and wolverine with a trapping license, and, you may use bait to take black bears with a hunting license as authorized in Unit-specific regulations at paragraphs (k)(1) through (26) of this section. Baiting of black bears is subject to the following restrictions:

(A) Before establishing a black bear bait station, you must register the site with ADF&G;

(B) When using bait you must clearly mark the site with a sign reading "black bear bait station" that also displays your hunting license number and ADF&G assigned number;

(C) You may use only biodegradable materials for bait; you may use only the head, bones, viscera, or skin of legally harvested fish and wildlife for bait;

(D) You may not use bait within one-quarter mile of a publicly maintained road or trail;

(E) You may not use bait within one mile of a house or other permanent dwelling, or within one mile of a developed campground, or developed recreational facility;

(F) When using bait, you must remove litter and equipment from the bait station site when done hunting;

(G) You may not give or receive payment for the use of a bait station, including barter or exchange of goods;

(H) You may not have more than two bait stations with bait present at any one time;

(xv) Taking swimming ungulates, bears, wolves or wolverine;

(xvi) Taking or assisting in the taking of ungulates, bear, wolves, wolverine, or other furbearers before 3 a.m. following the day in which airborne travel occurred (except for flights in regularly scheduled commercial aircraft); however, this restriction does not apply to subsistence taking of deer;

(xvii) Taking a bear cub or a sow accompanied by cub(s).

(2) Wildlife taken in defense of life or property is not a subsistence use; wildlife so taken is subject to State regulations.

(3) The following methods and means of trapping furbearers, for subsistence uses pursuant to the requirements of a trapping license are prohibited, in addition to the prohibitions listed at paragraph (b)(1) of this section:

(i) Disturbing or destroying a den, except that you may disturb a muskrat pushup or feeding house in the course of trapping;

(ii) Disturbing or destroying any beaver house;

(iii) Taking beaver by any means other than a steel trap or snare, except that you may use firearms in certain Units with established seasons as identified in Unit-specific regulations found in this subpart;

(iv) Taking otter with a steel trap having a jaw spread of less than five and seven-eighths inches during any closed mink and marten season in the same Unit;

(v) Using a net, or fish trap (except a blackfish or fyke trap);

(vi) Taking beaver in the Minto Flats Management Area with the use of an aircraft for ground transportation, or by landing within one mile of a beaver trap or set used by the transported person;

(vii) Taking or assisting in the taking of furbearers by firearm before 3:00

a.m. on the day following the day on which airborne travel occurred; however, this does not apply to a trapper using a firearm to dispatch furbearers caught in a trap or snare.

(c) Possession and transportation of wildlife. (1) Except as specified in paragraphs (c)(3)(ii) or (c)(4) of this section, or as otherwise provided, you may not take a species of wildlife in any Unit, or portion of a Unit, if your total take of that species already obtained anywhere in the State under Federal and State regulations equals or exceeds the harvest limit in that Unit.

(2) An animal taken under Federal or State regulations by any member of a community with an established community harvest limit for that species counts toward the community harvest limit for that species. Except for wildlife taken pursuant to §242.6(f)(3) or as otherwise provided for by this Part, an animal taken as part of a community harvest limit counts toward every community member's harvest limit for that species taken under Federal or State of Alaska regulations.

(3) Harvest limits. (i) Harvest limits, including those related to ceremonial uses, authorized by this section and harvest limits established in State regulations may not be accumulated.

(ii) Wildlife taken by a designated hunter for another person pursuant to §242.6(f)(2), counts toward the individual harvest limit of the person for whom the wildlife is taken.

(4) The harvest limit specified for a trapping season for a species and the harvest limit set for a hunting season for the same species are separate and distinct. This means that if you have taken a harvest limit for a particular species under a trapping season, you may take additional animals under the harvest limit specified for a hunting season or vice versa.

(5) A brown/grizzly bear taken in a Unit or portion of a Unit having a harvest limit of one brown/grizzly bear per year counts against a one brown/grizzly bear every four regulatory years harvest limit in other Units; an individual may not take more than one brown/grizzly bear in a regulatory year.

(6) A harvest limit applies to the number of animals that can be taken during a regulatory year; however, har-

vest limits for grouse, ptarmigan, and caribou (in some Units) are regulated by the number that may be taken per day. Harvest limits of grouse and ptarmigan are also regulated by the number that can be held in possession.

(7) Unless otherwise provided, any person who gives or receives wildlife shall furnish, upon a request made by a Federal or State agent, a signed statement describing the following: names and addresses of persons who gave and received wildlife, the time and place that the wildlife was taken, and identification of species transferred. Where a qualified subsistence user has designated another qualified subsistence user to take wildlife on his or her behalf in accordance with §242.6, the permit shall be furnished in place of a signed statement.

(8) A rural Alaska resident who has been designated to take wildlife on behalf of another rural Alaska resident in accordance with §242.6, shall promptly deliver the wildlife to that rural Alaska resident.

(9) You may not possess, transport, give, receive, or barter wildlife that was taken in violation of Federal or State statutes or a regulation promulgated thereunder.

(10) Evidence of sex and identity. (i) If subsistence take of Dall sheep is restricted to a ram, you may not possess or transport a harvested sheep unless both horns accompany the animal.

(ii) If the subsistence taking of an ungulate, except sheep, is restricted to one sex in the local area, you may not possess or transport the carcass of an animal taken in that area unless sufficient portions of the external sex organs remain attached to indicate conclusively the sex of the animal, except in Units 11 and 13 where you may possess either sufficient portions of the external sex organs (still attached to a portion of the carcass) or the head (with or without antlers attached; however, the antler stumps must remain attached), to indicate the sex of the harvested moose; however, this paragraph (c)(10)(ii) does not apply to the carcass of an ungulate that has been butchered and placed in storage or otherwise prepared for consumption upon arrival at the location where it is to be consumed.

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

(iii) If a moose harvest limit includes an antler size or configuration restriction, you may not possess or transport the moose carcass or its parts unless both antlers accompany the carcass or its parts. If you possess a set of antlers with less than the required number of brow tines on one antler, you must leave the antlers naturally attached to the unbroken, uncut skull plate; however, this paragraph (c)(10)(iii) does not apply to a moose carcass or its parts that have been butchered and placed in storage or otherwise prepared for consumption after arrival at the place where it is to be stored or consumed.

(11) You must leave all edible meat from caribou and moose harvested in Units 9(B), 17, and 19(B) prior to October 1 on the bones of the front quarters and hind quarters until you remove the meat from the field or process it for human consumption.

(d) If you take an animal that has been marked or tagged for scientific studies, you must, within a reasonable time, notify the ADF&G or the agency identified on the collar or marker, when and where the animal was taken. You also must retain any ear tag, collar, radio, tattoo, or other identification with the hide until it is sealed, if sealing is required; in all cases, you must return any identification equipment to the ADF&G or to an agency identified on such equipment.

(e) Sealing of bear skins and skulls. (1) Sealing requirements for bear shall apply to brown bears taken in all Units, except as specified in this paragraph, and black bears of all color phases taken in Units 1-7, 11-17, and 20.

(2) You may not possess or transport from Alaska, the untanned skin or skull of a bear unless the skin and skull have been sealed by an authorized representative of ADF&G in accordance with State or Federal regulations, except that the skin and skull of a brown bear taken under a registration permit in the Western Alaska Brown Bear Management Area, the Northwest Alaska Brown Bear Management Area, Unit 5, or Unit 9(B) need not be sealed unless removed from the area.

(3) You must keep a bear skin and skull together until a representative of the ADF&G has removed a rudimentary premolar tooth from the skull

and sealed both the skull and the skin; however, this provision shall not apply to brown bears taken within the Western Alaska Brown Bear Management Area, the Northwest Alaska Brown Bear Management Area, Unit 5, or Unit 9(B) which are not removed from the Management Area or Unit.

(i) In areas where sealing is required by Federal regulations, you may not possess or transport the hide of a bear which does not have the penis sheath or vaginal orifice naturally attached to indicate conclusively the sex of the bear.

(ii) If the skin or skull of a bear taken in the Western Alaska Brown Bear Management Area is removed from the area, you must first have it sealed by an ADF&G representative in Bethel, Dillingham, or McGrath; at the time of sealing, the ADF&G representative shall remove and retain the skin of the skull and front claws of the bear.

(iii) If you remove the skin or skull of a bear taken in the Northwestern Alaska Brown Bear Management Area from the area or present it for commercial tanning within the Management Area, you must first have it sealed by an ADF&G representative in Barrow, Fairbanks, Galena, Nome, or Kotzebue; at the time of sealing, the ADF&G representative shall remove and retain the skin of the skull and front claws of the bear.

(iv) If you remove the skin or skull of a bear taken in Unit 5 from the area, you must first have it sealed by an ADF&G representative in Yakutat; at the time of sealing, the ADF&G representative shall remove and retain the skin of the skull and front claws of the bear.

(4) You may not falsify any information required on the sealing certificate or temporary sealing form provided by the ADF&G in accordance with State regulations.

(f) Sealing of beaver, lynx, marten, otter, wolf, and wolverine. You may not possess or transport from Alaska the untanned skin of a marten taken in Units 1-5, 7, 13(E), and 14-16 or the untanned skin of a beaver, lynx, otter, wolf, or wolverine, whether taken inside or outside the State, unless the skin has been sealed by an authorized

representative of ADF&G in accordance with State regulations. In Unit 18, you must obtain an ADF&G seal for beaver skins only if they are to be sold or commercially sold.

(1) You must seal any wolf taken in Unit 2 on or before the 30th day after the date of taking.

(2) You must leave the radius and ulna of the left foreleg naturally attached to the hide of any wolf taken in Units 1-5 until the hide is sealed.

(g) A person who takes a species listed in paragraph (f) of this section but who is unable to present the skin in person, must complete and sign a temporary sealing form and ensure that the completed temporary sealing form and skin are presented to an authorized representative of ADF&G for sealing consistent with requirements listed in paragraph (f) of this section.

(h) Utilization of wildlife. (1) You may not use wildlife as food for a dog or furbearer, or as bait, except for the following:

(i) The hide, skin, viscera, head, or bones of wildlife;

(ii) The skinned carcass of a furbearer;

(iii) Squirrels, hares (rabbits), grouse, and ptarmigan; however, you may not use the breast meat of grouse and ptarmigan as animal food or bait;

(iv) Unclassified wildlife.

(2) If you take wildlife for subsistence, you must salvage the following parts for human use:

(i) The hide of a wolf, wolverine, coyote, fox, lynx, marten, mink, weasel, or otter;

(ii) The hide and edible meat of a brown bear, except that the hide of brown bears taken in the Western and Northwestern Alaska Brown Bear Management Areas and Units 5 and 9(B) need not be salvaged;

(iii) The hide and edible meat of a black bear;

(iv) The hide or meat of squirrels, hares (rabbits), marmots, beaver, muskrats, or unclassified wildlife.

(3) You must salvage the edible meat of ungulates, bear, grouse and ptarmigan.

(4) Failure to salvage the edible meat may not be a violation if such failure is caused by circumstances beyond the control of a person, including theft of

the harvested wildlife, unanticipated weather conditions, or unavoidable loss to another animal.

(i) The regulations found in this section do not apply to the subsistence taking and use of wildlife regulated pursuant to the Fur Seal Act of 1966 (80 Stat. 1091, 16 U.S.C. 1187), the Endangered Species Act of 1973 (87 Stat. 884, 16 U.S.C. 1531-1543), the Marine Mammal Protection Act of 1972 (86 Stat. 1027; 16 U.S.C. 1361-1407), and the Migratory Bird Treaty Act (40 Stat. 755; 16 U.S.C. 703-711), or any amendments to these Acts. The taking and use of wildlife, covered by these Acts, will conform to the specific provisions contained in these Acts, as amended, and any implementing regulations.

(j) Rural residents, nonrural residents, and nonresidents not specifically prohibited by Federal regulations from hunting or trapping on public lands in an area, may hunt or trap on public lands in accordance with the appropriate State regulations.

(k) Unit regulations. You may take for subsistence unclassified wildlife, all squirrel species, and marmots in all Units, without harvest limits, for the period of July 1-June 30. You may not take for subsistence wildlife outside established Unit seasons, or in excess of the established Unit harvest limits, unless otherwise provided for by the Board. You may take wildlife under State regulations on public lands, except as otherwise restricted at paragraphs (k)(1) through (26) of this section. Additional Unit-specific restrictions or allowances for subsistence taking of wildlife are identified at paragraphs (k)(1) through (26) of this section.

(1) *Unit 1.* Unit 1 consists of all mainland drainages from Dixon Entrance to Cape Fairweather, and those islands east of the center line of Clarence Strait from Dixon Entrance to Caamano Point, and all islands in Stephens Passage and Lynn Canal north of Taku Inlet:

(i) Unit 1(A) consists of all drainages south of the latitude of Lemesurier Point including all drainages into Behm Canal, excluding all drainages of Ernest Sound;

(ii) Unit 1(B) consists of all drainages between the latitude of Lemesurier

Point and the latitude of Cape Fanshaw including all drainages of Ernest Sound and Farragut Bay, and including the islands east of the center lines of Frederick Sound, Dry Strait (between Sergief and Kadin Islands), Eastern Passage, Blake Channel (excluding Blake Island), Ernest Sound, and Seward Passage;

(iii) Unit 1(C) consists of that portion of Unit 1 draining into Stephens Passage and Lynn Canal north of Cape Fanshaw and south of the latitude of Eldred Rock including Berners Bay, Sullivan Island, and all mainland portions north of Chichagof Island and south of the latitude of Eldred Rock, excluding drainages into Farragut Bay;

(iv) Unit 1(D) consists of that portion of Unit 1 north of the latitude of Eldred Rock, excluding Sullivan Island and the drainages of Berners Bay;

(v) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) Public lands within Glacier Bay National Park are closed to all taking of wildlife for subsistence uses;

(B) Unit 1(A)—in the Hyder area, the Salmon River drainage downstream from the Riverside Mine, excluding the Thumb Creek drainage, is closed to the taking of bear;

(C) Unit 1(B)—the Anan Creek drainage within one mile of Anan Creek downstream from the mouth of Anan Lake, including the area within a one mile radius from the mouth of Anan Creek Lagoon, is closed to the taking of black bear and brown bear;

(D) Unit 1(C):

(1) You may not hunt within one-fourth mile of Mendenhall Lake, the U.S. Forest Service Mendenhall Glacier Visitor's Center, and the Center's parking area;

(2) You may not take mountain goat in the area of Mt. Bullard bounded by the Mendenhall Glacier, Nugget Creek from its mouth to its confluence with Goat Creek, and a line from the mouth of Goat Creek north to the Mendenhall Glacier;

(vi) You may not trap furbearers for subsistence uses in Unit 1(C), Juneau area, on the following public lands:

(A) A strip within one-quarter mile of the mainland coast between the end of

Thane Road and the end of Glacier Highway at Echo Cove;

(B) That area of the Mendenhall Valley bounded on the south by the Glacier Highway, on the west by the Mendenhall Loop Road and Montana Creek Road and Spur Road to Mendenhall Lake, on the north by Mendenhall Lake, and on the east by the Mendenhall Loop Road and Forest Service Glacier Spur Road to the Forest Service Visitor Center;

(C) That area within the U.S. Forest Service Mendenhall Glacier Recreation Area;

(D) A strip within one-quarter mile of the following trails as designated on U.S. Geological Survey maps: Herbert Glacier Trail, Windfall Lake Trail, Peterson Lake Trail, Spaulding Meadows Trail (including the loop trail), Nugget Creek Trail, Outer Point Trail, Dan Moller Trail, Perseverance Trail, Granite Creek Trail, Mt. Roberts Trail and Nelson Water Supply Trail, Sheep Creek Trail, and Point Bishop Trail;

(vii) Unit-specific regulations:

(A) You may hunt black bear with bait in Units 1(A), 1(B), and 1(D) between April 15 and June 15;

(B) You may not use boats to take ungulates, bear, wolves, or wolverine, unless you are certified as disabled;

(C) You may take wildlife outside the seasons or harvest limits provided in this part for food in traditional religious ceremonies which are part of a funerary or mortuary cycle, including memorial potlatches, if:

(1) The person organizing the religious ceremony, or designee, contacts the appropriate Federal land management agency prior to taking or attempting to take game and provides to the appropriate Federal land managing agency the name of the decedent, the nature of the ceremony, the species and number to be taken, and the Unit(s) in which the taking will occur;

(2) The taking does not violate recognized principles of fish and wildlife conservation;

(3) Each person who takes wildlife under this section must, as soon as practicable, and not more than 15 days after the harvest, submit a written report to the appropriate Federal land managing agency, specifying the harvester's name and address, the number,

Forest Service, USDA

§ 242.25

sex and species of wildlife taken, the date and locations of the taking, and the name of the decedent for whom the ceremony was held;

(4) No permit or harvest ticket is required for taking under this section; however, the harvester must be an Alaska rural resident with customary and traditional use in that area where the harvesting will occur;

(D) A Federally-qualified subsistence user (recipient) may designate another

Federally-qualified subsistence user to take deer on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Black Bear: 2 bears, no more than one may be a blue or glacier bear	Sept. 1–June 30.
Brown Bear: 1 bear every four regulatory years by State registration permit only	Sept. 15–Dec. 31. Mar. 15–May 31.
Deer:	
Unit 1(A)—4 antlered deer	Aug. 1–Dec. 31.
Unit 1(B)—2 antlered deer	Aug. 1–Dec. 31.
Unit 1(C)—4 deer; however, antlerless deer may be taken only from Sept. 15–Dec. 31	Aug. 1–Dec. 31.
Goat:	
Unit 1(A)—Revillagigedo Island only	No open season.
Unit 1(B)—that portion north of LeConte Bay. 1 goat by State registration permit only; the taking of kids or nannies accompanied by kids is prohibited.	Aug. 1–Dec. 31.
Unit 1(B)—that portion between LeConte Bay and the North Fork of Bradfield River/Canal. 2 goats; a State registration permit will be required for the taking of the first goat and a Federal registration permit for the taking of a second goat; the taking of kids or nannies accompanied by kids is prohibited.	Aug. 1–Dec. 31.
Unit 1(A) and Unit 1(B)—remainder—2 goats by State registration permit only	Aug. 1–Dec. 31.
Unit 1(C)—that portion draining into Lynn Canal and Stephens Passage between Antler River and Eagle Glacier and River, and all drainages of the Chilkat Range south of the Endicott River—1 goat by State registration permit only.	Oct. 1–Nov. 30.
Unit 1(C)—that portion draining into Stephens Passage and Taku Inlet between Eagle Glacier and River and Taku Glacier.	No open season.
Unit 1(C)—remainder—1 goat by State registration permit only	Aug. 1–Nov. 30.
Unit 1(D)—that portion lying north of the Katzehin River and northeast of the Haines highway—1 goat by State registration permit only.	Sept. 15–Nov. 30.
Unit 1(D)—that portion lying between Taiya Inlet and River and the White Pass and Yukon Railroad	No open season.
Unit 1(D)—remainder—1 goat by State registration permit only	Aug. 1–Dec. 31.
Moose:	
Unit 1(A)—1 antlered bull	Sept. 15–Oct. 15.
Unit 1(B)—1 antlered bull with spike-fork or 50-inch antlers or 3 or more brow tines on either antler, by State registration permit only.	Sept. 15–Oct. 15.
Unit 1(C), that portion south of Point Hobart including all Port Houghton drainages—1 antlered bull with spike-fork or 50-inch antlers or 3 or more brow tines on either antler, by State registration permit only.	Sept. 15–Oct. 15.
Unit 1(C)—remainder, excluding drainages of Berners Bay—1 antlered bull by State registration permit only.	Sept. 15–Oct. 15.
Unit 1(D)	No open season.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black, and Silver Phases): 2 foxes	Nov. 1–Feb. 15.
Hare (Snowshoe and Tundra): 5 hares per day	Sept. 1–Apr. 30.
Lynx: 2 lynx	Dec. 1–Feb. 15.
Wolf: 5 wolves	Aug. 1–Apr. 30.
Wolverine: 1 wolverine	Nov. 10–Feb. 15.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 5 per day, 10 in possession	Aug. 1–May 15.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 1–May 15.
TRAPPING	
Beaver: Unit 1(A), (B), and (C)—No limit	Dec. 1–May 15.
Coyote: No limit	Dec. 1–Feb. 15.
Fox, Red (including Cross, Black, and Silver Phases): No limit	Dec. 1–Feb. 15.
Lynx: No limit	Dec. 1–Feb. 15.
Marten: No limit	Dec. 1–Feb. 15.
Mink and Weasel: No limit	Dec. 1–Feb. 15.
Muskrat: No limit	Dec. 1–Feb. 15.
Otter: No limit	Dec. 1–Feb. 15.
Wolf: No limit	Nov. 10–Apr. 30.
Wolverine: No limit	Nov. 10–Apr. 30.

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

(2) *Unit 2.* Unit 2 consists of Prince of Wales Island and all islands west of the center lines of Clarence Strait and Kashevarof Passage, south and east of the center lines of Sumner Strait, and east of the longitude of the western most point on Warren Island.

(i) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15;

(B) You may not use boats to take ungulates, bear, wolves, or wolverine, unless you are certified as disabled;

(C) You may take wildlife outside the seasons or harvest limits provided in this part for food in traditional religious ceremonies which are part of a funerary or mortuary cycle, including memorial potlatches, if:

(1) The person organizing the religious ceremony, or designee, contacts the appropriate Federal land management agency prior to taking or attempting to take game and provides to the appropriate Federal land managing agency the name of the decedent, the nature of the ceremony, the species and number to be taken, and the Unit(s) in which the taking will occur;

(2) The taking does not violate recognized principles of fish and wildlife conservation;

(3) Each person who takes wildlife under this section must, as soon as practicable, and not more than 15 days after the harvest, submit a written report to the appropriate Federal land managing agency, specifying the harvester's name and address, the number, sex and species of wildlife taken, the date and locations of the taking, and the name of the decedent for whom the ceremony was held;

(4) No permit or harvest ticket is required for taking under this section; however, the harvester must be an Alaska rural resident with customary and traditional use in that area where the harvesting will occur;

(D) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take deer on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

(ii) [Reserved]

Harvest limits	Open season
HUNTING	
Black Bear: 2 bears, no more than one may be a blue or glacier bear	Sept. 1-June 30.
Deer: 4 deer; however, no more than one may be an antlerless deer. Antlerless deer may be taken only during the period Oct. 15-Dec. 31 by Federal registration permit only.	Aug. 1-Dec. 31.
Coyote: 2 coyotes	Sept. 1-Apr. 30.
Fox, Red (including Cross, Black, and Silver Phases): 2 foxes	Nov. 1-Feb. 15.
Hare (Snowshoe and Tundra): 5 hares per day	Sept. 1-Apr. 30.
Lynx: 2 lynx	Dec. 1-Feb. 15.
Wolf: 5 wolves	Dec. 1-Mar. 31.
Wolverine: 1 wolverine	Nov. 10-Feb. 15.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 5 per day, 10 in possession	Aug. 1-May 15.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 1-May 15.
TRAPPING	
Beaver: No limit	Dec. 1-May 15.
Coyote: No limit	Dec. 1-Feb. 15.
Fox, Red (including Cross, Black, and Silver Phases): No limit	Dec. 1-Feb. 15.
Lynx: No limit	Dec. 1-Feb. 15.
Marten: No limit	Dec. 1-Feb. 15.
Mink and Weasel: No limit	Dec. 1-Feb. 15.
Muskrat: No limit	Dec. 1-Feb. 15.
Otter: No limit	Dec. 1-Feb. 15.
Wolf: No limit	Dec. 1-Mar. 31.
Wolverine: No limit	Nov. 10-Apr. 30.

(3) *Unit 3.* (i) Unit 3 consists of all islands west of Unit 1(B), north of Unit 2, south of the center line of Frederick

Sound, and east of the center line of Chatham Strait including Coronation, Kuiu, Kupreanof, Mitkof, Zarembo,

Forest Service, USDA

§ 242.25

Kashevarof, Woronkofski, Etolin, Wrangell, and Deer Islands.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) In the Petersburg vicinity, you may not take ungulates, bear, wolves, and wolverine along a strip one-fourth mile wide on each side of the Mitkof Highway from Milepost 0 to Crystal Lake campground;

(B) You may not take black bears in the Petersburg Creek drainage on Kupreanof Island;

(C) You may not hunt in the Blind Slough draining into Wrangell Narrows and a strip one-fourth mile wide on each side of Blind Slough, from the hunting closure markers at the southernmost portion of Blind Island to the hunting closure markers one mile south of the Blind Slough bridge.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15;

(B) You may not use boats to take ungulates, bear, wolves, or wolverine, unless you are certified as disabled;

(C) You may take wildlife outside the seasons or harvest limits provided in this part for food in traditional religious ceremonies which are part of a funerary or mortuary cycle, including memorial potlatches, if:

(1) The person organizing the religious ceremony, or designee, contact the appropriate Federal land management agency prior to taking or attempting to take game and provides to

the appropriate Federal land managing agency the name of the decedent, the nature of the ceremony, the species and number to be taken, and the Unit(s) in which the taking will occur;

(2) The taking does not violate recognized principles of fish and wildlife conservation;

(3) Each person who takes wildlife under this section must, as soon as practicable, and not more than 15 days after the harvest, submit a written report to the appropriate Federal land managing agency, specifying the harvester's name and address, the number, sex and species of wildlife taken, the date and locations of the taking, and the name of the decedent for whom the ceremony was held;

(4) No permit or harvest ticket is required for taking under this section; however, the harvester must be an Alaska rural resident with customary and traditional use in that area where the harvesting will occur;

(D) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take deer on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Black Bear: 2 bears, no more than one may be a blue or glacier bear	Sept. 1–June 30.
Deer:	
Unit 3—Mitkof Island, Woewodski Island, Butterworth Islands, and that portion of Kupreanof Island which includes Lindenburg Peninsula east of the Portage Bay/Duncan Canal Portage—1 antlered deer by State registration permit only; however, the city limits of Petersburg and Kupreanof are closed to hunting.	Oct. 15–Oct. 31.
Unit 3—remainder—2 antlered deer	Aug. 1–Nov. 30
Moose: 1 antlered bull with spike-fork or 50-inch antlers or 3 or more brow tines on either antler by State registration permit only.	Sept. 15–Oct. 15.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black, and Silver Phases): 2 foxes	Nov. 1–Feb. 15.
Hare (Snowshoe and Tundra): 5 hares per day	Sept. 1–Apr. 30.
Lynx: 2 lynx	Dec. 1–Feb. 15.
Wolf: 5 wolves	Aug. 1–Apr. 30.
Wolverine: 1 wolverine	Nov. 10–Feb. 15.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 5 per day, 10 in possession	Aug. 1–May 15.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 1–May 15.
TRAPPING	
Beaver:	
Unit 3—Mitkof Island—No limit	Dec. 1–Apr. 15.
Unit 3—except Mitkof Island—No limit	Dec. 1–May 15.

Harvest limits	Open season
Coyote: No limit	Dec. 1-Feb. 15.
Fox, Red (including Cross, Black, and Silver Phases): No limit	Dec. 1-Feb. 15.
Lynx: No limit	Dec. 1-Feb. 15.
Marten: No limit	Dec. 1-Feb. 15.
Mink and Weasel: No limit	Dec. 1-Feb. 15.
Muskrat: No limit	Dec. 1-Feb. 15.
Otter: No limit	Dec. 1-Feb. 15.
Wolf: No limit	Nov. 10-Apr. 30.
Wolverine: No limit	Nov. 10-Apr. 30.

(4) *Unit 4.* (i) Unit 4 consists of all islands south and west of Unit 1(C) and north of Unit 3 including Admiralty, Baranof, Chichagof, Yakobi, Inian, Lemesurier, and Pleasant Islands.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) You may not take bears in the Seymour Canal Closed Area (Admiralty Island) including all drainages into northwestern Seymour Canal between Staunch Point and the southernmost tip of the unnamed peninsula separating Swan Cove and King Salmon Bay including Swan and Windfall Islands;

(B) You may not take bears in the Salt Lake Closed Area (Admiralty Island) including all lands within one-fourth mile of Salt Lake above Klutchman Rock at the head of Mitchell Bay;

(C) You may not take brown bears in the Port Althorp Closed Area (Chichagof Island), that area within the Port Althorp watershed south of a line from Point Lucan to Salt Chuck Point (Trap Rock);

(D) You may not use any motorized land vehicle for brown bear hunting in the Northeast Chichagof Controlled Use Area (NECCUA) consisting of all portions of Unit 4 on Chichagof Island north of Tenakee Inlet and east of the drainage divide from the northwest point of Gull Cove to Port Frederick Portage, including all drainages into Port Frederick and Mud Bay;

(E) You may not use any motorized land vehicle for the taking of marten, mink, and weasel on Chichagof Island.

(iii) Unit-specific regulations:

(A) You may take ungulates from a boat. You may not use a boat to take bear, wolves, or wolverine, unless you are certified as disabled;

(B) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take deer on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time;

(C) You may take of wildlife outside the seasons or harvest limits provided in this part for food in traditional religious ceremonies which are part of a funerary or mortuary cycle, including memorial potlatches, if:

(1) The person organizing the religious ceremony, or designee, contacts the appropriate Federal land management agency prior to taking or attempting to take game and provides to the appropriate Federal land managing agency the name of the decedent, the nature of the ceremony, the species and number to be taken, and the Unit(s) in which the taking will occur;

(2) The taking does not violate recognized principles of fish and wildlife conservation;

(3) Each person who takes wildlife under this section must, as soon as practicable, and not more than 15 days after the harvest, submit a written report to the appropriate Federal land managing agency, specifying the harvester's name and address, the number, sex and species of wildlife taken, the date and locations of the taking, and the name of the decedent for whom the ceremony was held;

(4) No permit or harvest ticket is required for taking under this section; however, the harvester must be an Alaska rural resident with customary

and traditional use in that area where the harvesting will occur:

(D) Five Federal registration permits will be issued for the taking of brown bear for educational purposes associated with teaching customary and tra-

ditional subsistence harvest and use practices. Any bear taken under an educational permit would count in an individual's one bear every four regulatory years limit.

Harvest limits	Open season
HUNTING	
Brown Bear:	
Unit 4—Chichagof Island south and west of a line that follows the crest of the island from Rock Point (58° N. lat., 136° 21' W. long.) to Rodgers Point (57° 35' N. lat., 135° 33' W. long.) including Yakobi and other adjacent islands; Baranof Island south and west of a line which follows the crest of the island from Nisemeni Point (57° 34' N. lat., 135° 25' W. long.) to the entrance of Gut Bay (56° 44' N. lat. 134° 38' W. long.) including the drainages into Gut Bay and including Kruzof and other adjacent islands—1 bear every four regulatory years by State registration permit only.	Sept. 15–Dec. 31. Mar. 15–May 31.
Unit 4—that portion in the Northeast Chichagof Controlled Use Area—1 bear every four regulatory years by State registration permit only.	Mar. 15–May 20.
Unit 4—remainder—1 bear every four regulatory years by State registration permit only	Sept. 15–Dec. 31. Mar. 15–May 20.
Deer: 6 deer; however, antlerless deer may be taken only from Sept. 15–Jan. 31	Aug. 1–Jan. 31.
Goat: 1 goat by State registration permit only	Aug. 1–Dec. 31.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black, and Silver Phases): 2 foxes	Nov. 1–Feb. 15.
Hare (Snowshoe and Tundra): 5 hares per day	Sept. 1–Apr. 30.
Lynx: 2 lynx	Dec. 1–Feb. 15.
Wolf: 5 wolves	Aug. 1–Apr. 30.
Wolverine: 1 wolverine	Nov. 10–Feb. 15.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 5 per day, 10 in possession	Aug. 1–May 15.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 1–May 15.
TRAPPING	
Beaver:	
Unit 4—that portion east of Chatham Strait—No limit	Dec. 1–May 15.
Remainder of Unit 4	No open season.
Coyote: No limit	Dec. 1–Feb. 15.
Fox, Red (including Cross, Black, and Silver Phases): No limit	Dec. 1–Feb. 15.
Lynx: No limit	Dec. 1–Feb. 15.
Marten:	
Unit 4—Chichagof Island east of Idaho Inlet and north of Trail River and Tenakee Inlet and north of a line from the headwaters of Trail River to the head of Tenakee Inlet.—No limit.	Dec. 1–Dec. 31.
Remainder of Unit 4—No limit	Dec. 1–Feb. 15.
Mink and Weasel:	
Unit 4—Chichagof Island—No limit	Dec. 1–Dec. 31.
Remainder of Unit 4—No limit	Dec. 1–Feb. 15.
Muskkrat: No limit	Dec. 1–Feb. 15.
Otter: No limit	Dec. 1–Feb. 15.
Wolf: No limit	Nov. 10–Apr. 30.
Wolverine: No limit	Nov. 10–Apr. 30.

(5) Unit 5. (i) Unit 5 consists of all Gulf of Alaska drainages and islands between Cape Fairweather and the center line of Icy Bay, including the Guyot Hills:

(A) Unit 5(A) consists of all drainages east of Yakutat Bay, Disenchantment Bay, and the eastern edge of Hubbard Glacier, and includes the islands of Yakutat and Disenchantment Bays;

(B) Unit 5(B) consists of the remainder of Unit 5.

(ii) You may not take wildlife for subsistence uses on public lands within Glacier Bay National Park.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15;

(B) You may not use boats to take ungulates, bear, wolves, or wolverine, except for persons certified as disabled;

(C) You may hunt brown bear in Unit 5 with a Federal registration permit in lieu of a State metal locking tag; if you have obtained a Federal registration permit prior to hunting;

(D) You may take wildlife outside the seasons or harvest limits provided in this part for food in traditional religious ceremonies which are part of a funerary or mortuary cycle, including memorial potlatches, if:

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

(1) The person organizing the religious ceremony, or designee, contacts the appropriate Federal land management agency prior to taking or attempting to take game and provides to the appropriate Federal land managing agency the name of the decedent, the nature of the ceremony, the species and number to be taken, and the Unit(s) in which the taking will occur;

(2) The taking does not violate recognized principles of fish and wildlife conservation;

(3) Each person who takes wildlife under this section must, as soon as practicable, and not more than 15 days after the harvest, submit a written report to the appropriate Federal land managing agency, specifying the harvester's name and address, the number, sex and species of wildlife taken, the date and locations of the taking, and

the name of the decedent for whom the ceremony was held;

(4) No permit or harvest ticket is required for taking under this section; however, the harvester must be an Alaska rural resident with customary and traditional use in that area where the harvesting will occur;

(E) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take deer or moose on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Black Bear: 2 bears, no more than one may be a blue or glacier bear	Sept. 1–June 30.
Brown Bear: 1 bear by Federal registration permit only	Sept. 1–May 31.
Deer:	
Unit 5(A)—1 buck	Nov. 1–Nov. 30.
Unit 5(B)	No open season.
Goat: 1 goat by Federal registration permit only	Aug. 1–Jan. 31.
Moose:	
Unit 5(A), Nunatak Bench—1 moose by State registration permit only. The season will be closed when 5 moose have been taken from the Nunatak Bench.	Nov. 15–Feb. 15.
Unit 5(A), except Nunatak Bench—1 antlered bull by Federal registration permit only. The season will be closed when 60 antlered bulls have been taken from the Unit. The season will be closed in that portion west of the Dangerous River when 30 antlered bulls have been taken in that area. From Oct. 8–Oct. 21, public lands will be closed to taking of moose, except by residents of Unit 5(A).	Oct. 8–Nov. 15.
Unit 5(B)—1 antlered bull by State registration permit only. The season will be closed when 25 antlered bulls have been taken from the entirety of Unit 5(B).	Sept. 1–Dec. 15.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Nov. 1–Feb. 15.
Hare (Snowshoe and Tundra): 5 hares per day	Sept. 1–Apr. 30.
Lynx: 2 lynx	Dec. 1–Feb. 15.
Wolf: 5 wolves	Aug. 1–Apr. 30.
Wolverine: 1 wolverine	Nov. 10–Feb. 15.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 5 per day, 10 in possession	Aug. 1–May 15.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 1–May 15.
TRAPPING	
Beaver: No limit	Nov. 10–May 15.
Coyote: No limit	Dec. 1–Feb. 15.
Fox, Red (including Cross, Black and Silver Phases): No limit	Dec. 1–Feb. 15.
Lynx: No limit	Dec. 1–Feb. 15.
Marten: No limit	Nov. 10–Feb. 15.
Mink and Weasel: No limit	Nov. 10–Feb. 15.
Muskrat: No limit	Dec. 1–Feb. 15.
Otter: No limit	Nov. 10–Feb. 15.
Wolf: No limit	Nov. 10–Apr. 30.
Wolverine: No limit	Nov. 10–Apr. 30.

(6) Unit 6. (i) Unit 6 consists of all Gulf of Alaska and Prince William Sound drainages from the center line of Icy Bay (excluding the Guyot Hills) to

Cape Fairfield including Kayak, Hinchinbrook, Montague, and adjacent

Forest Service, USDA

§ 242.25

islands, and Middleton Island, but excluding the Copper River drainage upstream from Miles Glacier, and excluding the Nellie Juan and Kings River drainages:

(A) Unit 6(A) consists of Gulf of Alaska drainages east of Palm Point near Katalla including Kanak, Wingham, and Kayak Islands;

(B) Unit 6(B) consists of Gulf of Alaska and Copper River Basin drainages west of Palm Point near Katalla, east of the west bank of the Copper River, and east of a line from Flag Point to Cottonwood Point;

(C) Unit 6(C) consists of drainages west of the west bank of the Copper River, and west of a line from Flag Point to Cottonwood Point, and drainages east of the east bank of Rude River and drainages into the eastern shore of Nelson Bay and Orca Inlet;

(D) Unit 6(D) consists of the remainder of Unit 6.

(ii) For the following areas, the taking of wildlife for subsistence uses is

prohibited or restricted on public lands:

(A) You may not take mountain goat in the Goat Mountain goat observation area, which consists of that portion of Unit 6(B) bounded on the north by Miles Lake and Miles Glacier, on the south and east by Pleasant Valley River and Pleasant Glacier, and on the west by the Copper River;

(B) You may not take mountain goat in the Heney Range goat observation area, which consists of that portion of Unit 6(C) south of the Copper River Highway and west of the Eyak River.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15;

(B) You may take coyotes in Units 6(B) and 6(C) with the aid of artificial lights;

(C) One permit will be issued to the Native Village of Eyak to take one bull moose from Federal lands in Units 6(B) or (C) for their annual Memorial/Sobriety Day potlatch.

Harvest limits	Open season
HUNTING	
Black Bear: 1 bear	Sept. 1–June 30.
Deer: 4 deer; however, antlerless deer may be taken only from Oct. 1–Dec. 31	Aug. 1–Dec. 31.
Goats:	
Unit 6(A), (B)—1 goat by State registration permit only	Aug. 20–Jan. 31.
Unit 6(C)	No open season.
Unit 6(D) (subareas RG242, RG243, RG244, RG249, RG266 and RG252 only)—1 goat by Federal registration permit only.	Aug. 20–Jan. 31.
In each of the Unit 6(D) subareas, goat seasons will be closed when harvest limits for that subarea are reached. Harvest quotas are as follows: RG242—2 goats, RG243—4 goats, RG244—2 goats, RG249—4 goats, RG266—4 goats, RG252—1 goat.	
Unit 6(D) (subarea RG245)—The taking of goats is prohibited on all public lands	No open season.
Moose:	
Unit 6(C)—1 cow by Federal registration permit only. (Five permits will be issued.)	Aug. 15–Dec. 31.
Unit 6—remainder—No Federal open season	
Beaver: 1 beaver per day, 1 in possession	May 1–Oct. 31.
Coyote:	
Unit 6(A) and (D)—2 coyotes	Sept. 1–Apr. 30.
Unit 6(B)—No limit	July 1–June 30.
Unit 6(C)—south of the Copper River Highway and east of the Heney Range—No limit	July 1–June 30.
Unit 6(C)—remainder—No limit	July 1–June 30.
Fox, Red (including Cross, Black and Silver Phases)	No open season.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx	No open season.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 5 per day, 10 in possession	Aug. 1–May 15.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 1–May 15.
TRAPPING	
Beaver: No limit	Dec. 1–Apr. 30.
Coyote:	
Unit 6(A), (B), and (D)—No limit	Nov. 10–Mar. 31.
Unit 6(C)—south of the Copper River Highway and east of the Heney Range—No limit	Nov. 10–Apr. 30.
Unit 6(C)—remainder—No limit	Nov. 10–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Feb. 28.
Lynx: No limit	Jan. 1–Feb. 15.
Marten: No limit	Nov. 10–Feb. 28.
Mink and Weasel: No limit	Nov. 10–Jan. 31.
Muskrat: No limit	Nov. 10–June 10.

Harvest limits	Open season
Otter: No limit	Nov. 10–Mar. 31.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: No limit	Nov. 10–Feb. 28.

(7) *Unit 7.* (i) Unit 7 consists of Gulf of Alaska drainages between Gore Point and Cape Fairfield including the Nellie Juan and Kings River drainages, and including the Kenai River drainage upstream from the Russian River, the drainages into the south side of Turnagain Arm west of and including the Portage Creek drainage, and east of 150° W. long., and all Kenai Peninsula drainages east of 150° W. long., from Turnagain Arm to the Kenai River.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) You may not take wildlife for subsistence uses in the Kenai Fjords National Park;

(B) You may not hunt in the Portage Glacier Closed Area in Unit 7, which consists of Portage Creek drainages between the Anchorage-Seward Railroad and Placer Creek in Bear Valley, Portage Lake, the mouth of Byron Creek, Glacier Creek, and Byron Glacier; however, you may hunt grouse, ptarmigan, hares, and squirrels with shotguns after September 1.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15; except in the drainages of Resurrection Creek and its tributaries.

(B) [Reserved].

Harvest limits	Open season
HUNTING	
Black Bear: Unit 7—3 bears	July 1–June 30.
Moose:	
Unit 7—that portion draining into Kings Bay—1 bull with spike-fork or 50-inch antlers or 3 or more brow tines on either antler may be taken by the community of Chenega Bay and also by the community of Tatitlek. Public lands are closed to the taking of moose except by eligible rural residents.	Aug. 10–Sept. 20.
Unit 7—remainder	No open season.
Beaver: 1 beaver per day, 1 in possession	May 1–Oct. 10.
Coyote: No limit	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Nov. 1–Feb. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Wolf:	
Unit 7—that portion within the Kenai National Wildlife Refuge—2 wolves	Aug. 10–Apr. 30.
Unit 7—Remainder—5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Mar. 31.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Mar. 31.
TRAPPING	
Beaver: 20 beaver per season	Nov. 10–Mar. 31.
Coyote: No limit	Nov. 10–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Feb. 28.
Lynx: No limit	Jan. 1–Feb. 15.
Marten: No limit	Nov. 10–Jan. 31.
Mink and Weasel: No limit	Nov. 10–Jan. 31.
Muskkrat: No limit	Nov. 10–May 15.
Otter: No limit	Nov. 10–Feb. 28.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: No limit	Nov. 10–Feb. 28.

(8) *Unit 8.* Unit 8 consists of all islands southeast of the centerline of Shelikof Strait including Kodiak, Afognak, Whale, Raspberry, Shuyak, Spruce, Marmot, Sitkalidak, Amook, Uganik, and Chirikof Islands, the Trin-

ity Islands, the Semidi Islands, and other adjacent islands.

(i) If you have a trapping license, you may take beaver with a firearm in Unit 8 from Nov. 10–Apr. 30.

(ii) A Federally-qualified subsistence user (recipient) may designate another

Forest Service, USDA

§ 242.25

Federally-qualified subsistence user to take deer on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter per-

mit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Brown Bear: 1 bear by Federal registration permit only. Up to 1 permit may be issued in Akiok; up to 1 permit may be issued in Karluk; up to 3 permits may be issued in Larsen Bay; up to 2 permits may be issued in Old Harbor; up to 2 permits may be issued in Ouzinkie; and up to 2 permits may be issued in Port Lions.	Dec. 1–Dec. 15. Apr. 1–May 15.
Deer: Unit 8—that portion of Kodiak Island north of a line from the head of Settlers Cove to Crescent Lake (57° 52' N. lat., 152° 58' W. long.), and east of a line from the outlet of Crescent Lake to Mount Ellison Peak and from Mount Ellison Peak to Pokati Point at Whale Passage, and that portion of Kodiak Island east of a line from the mouth of Saltery Creek to the mouth at Elbow Creek, and adjacent small islands in Chiniak Bay—1 deer; however, antlerless deer may be taken only from Oct. 25–Oct. 31.	Aug. 1–Oct. 31.
Unit 8—that portion of Kodiak Island and adjacent islands south and west of a line from the head of Terror Bay to the head of the south-western most arm of Ugak Bay—5 deer; however, antlerless deer may be taken only from Oct. 1–Jan. 31.	Aug. 1–Jan. 31.
Unit 8—remainder—5 deer; however, antlerless deer may be taken only from Oct. 1–Jan. 31; no more than 1 antlerless deer may be taken from Oct. 1–Nov. 30.	Aug. 1–Jan. 31.
Elk: Afognak Island above mean high tide—1 elk per household by Federal registration permit only; only 1 elk in possession for each two hunters in a party. The season will be closed by announcement of the Refuge Manager, Kodiak National Wildlife Refuge when the combined Federal/State harvest reaches 15% of the herd.	Sept. 1–Nov. 30.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Sept. 1–Feb. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver: 30 beaver per season	Nov. 10–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Mar. 31.
Marten: No limit	Nov. 10–Jan. 31.
Mink and Weasel: No limit	Nov. 10–Jan. 31.
Muskkrat: No limit	Nov. 10–June 10.
Otter: No limit	Nov. 10–Jan. 31.

(9) *Unit 9.* (i) Unit 9 consists of the Alaska Peninsula and adjacent islands including drainages east of False Pass, Pacific Ocean drainages west of and excluding the Redoubt Creek drainage; drainages into the south side of Bristol Bay, drainages into the north side of Bristol Bay east of Etolin Point, and including the Sanak and Shumagin Islands:

(A) Unit 9(A) consists of that portion of Unit 9 draining into Shelikof Strait and Cook Inlet between the southern boundary of Unit 16 (Redoubt Creek) and the northern boundary of Katmai National Park and Preserve;

(B) Unit 9(B) consists of the Kvichak River drainage;

(C) Unit 9(C) consists of the Alagnak (Branch) River drainage, the Naknek River drainage, and all land and water within Katmai National Park and Preserve;

(D) Unit 9(D) consists of all Alaska Peninsula drainages west of a line from the southernmost head of Port Moller to the head of American Bay including the Shumagin Islands and other islands of Unit 9 west of the Shumagin Islands;

(E) Unit 9(E) consists of the remainder of Unit 9.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) You may not take wildlife for subsistence uses in Katmai National Park;

(B) You may not use motorized vehicles, except aircraft, boats, or snowmobiles used for hunting and transporting a hunter or harvested animal parts from Aug. 1–Nov. 30 in the Naknek Controlled Use Area, which includes all of Unit 9(C) within the Naknek River drainage upstream from and including

the King Salmon Creek drainage; however, you may use a motorized vehicle on the Naknek-King Salmon, Lake Camp, and Rapids Camp roads and on the King Salmon Creek trail, and on frozen surfaces of the Naknek River and Big Creek.

(iii) Unit-specific regulations:

(A) If you have a trapping license, you may use a firearm to take beaver in Unit 9(B) from April 1-May 31 and in the remainder of Unit 9 from April 1-April 30;

(B) In Unit 9(B), Lake Clark National Park and Preserve, residents of Nondalton, Iliamna, Newhalen, Pedro Bay, and Port Alsworth, may hunt brown bear by Federal registration permit in lieu of a resident tag; ten permits will be available with at least one permit issued in each community but no more than five permits will be issued in a single community; the season will be closed when four females or ten bears have been taken, whichever occurs first;

(C) Residents of Newhalen, Nondalton, Iliamna, Pedro Bay, and Port Alsworth may take up to a total of 10 bull moose in Unit 9(B) for ceremonial purposes, under the terms of a Federal registration permit from July 1 through June 30. Permits will be issued to individuals only at the request of a

local organization. This 10 moose limit is not cumulative with that permitted for potlatches by the State;

(D) For Units 9(C) and (E) only, a Federally-qualified subsistence user (recipient) of Units 9(C) and (E) may designate another Federally-qualified subsistence user of Units 9(C) and (E) to take bull caribou on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report and turn over all meat to the recipient. There is no restriction on the number of possession limits the designated hunter may have in his/her possession at any one time;

(E) For Unit 9(D), a Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take caribou on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than four harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1-June 30.
Brown Bear:	
Unit 9(B)—Lake Clark National Park and Preserve—Rural residents of Nondalton, Iliamna, Newhalen, Pedro Bay, and Port Alsworth only—1 bear by Federal registration permit only.	July 1-June 30.
Unit 9(B), remainder—1 bear by State registration permit only	Sept 1-May 31.
Unit 9(E)—1 bear by Federal registration permit	Oct. 1-Dec. 31. May 10-May 25.
Caribou:	
Unit 9(A)—4 caribou; however, no more than 2 caribou may be taken Aug. 10-Sept. 30 and no more than 1 caribou may be taken Oct. 1-Nov. 30.	Aug. 10-Mar. 31.
Unit 9(C), that portion within the Alagnak River drainage—1 caribou	Aug. 1-Mar. 31.
Unit 9(C), remainder—1 bull by Federal registration permit or State Tier II permit. Federal public lands are closed to the taking of caribou except by residents of Units 9(C) and (E).	Aug. 10-Sept. 20. Nov. 15-Feb. 28.
Unit 9(B)—5 caribou; however, no more than 2 bulls may be taken from Oct. 1-Nov. 30	Aug 1-Apr. 15.
Unit 9(D)—1 caribou by Federal registration permit	Aug. 1-Sept. 25. Nov. 15-Mar. 31.
Unit 9(E)—1 bull by Federal registration permit or State Tier II permit. Federal public lands are closed to the taking of caribou except by residents of Units 9(C) and (E).	Aug. 10-Sept. 20. Nov. 1-Apr. 30.
Sheep:	
Unit 9(B)—Residents of Iliamna, Newhalen, Nondalton, Pedro Bay, and Port Alsworth only—I ram with 7/8 curl horn by Federal registration permit only.	Aug. 10-Oct. 10.
Remainder of Unit 9—I ram with 7/8 curl horn	Aug. 10-Sept. 20.
Moose:	
Unit 9(A)—1 bull	Sept. 1-Sept. 15.
Unit 9(B)—1 bull	Aug. 20-Sept. 15.
Unit 9(C)—that portion draining into the Naknek River from the north—1 bull	Sept. 1-Sept. 15. Dec. 1-Dec. 31.

Forest Service, USDA

§ 242.25

Harvest limits	Open season
Unit 9(C)—that portion draining into the Naknek River from the south—1 bull. However, during the period Aug. 20–Aug. 31, bull moose may be taken by Federal registration permit only. During the December hunt, antlerless moose may be taken by Federal registration permit only. The antlerless season will be closed when 5 antlerless moose have been taken. Public lands are closed during December for the hunting of moose, except by eligible rural Alaska residents.	Aug. 20–Sept. 15. Dec. 1–Dec. 31.
Unit 9(C)—remainder—1 moose; however, antlerless moose may be taken only from Dec. 1–Dec. 31 ..	Sept. 1–Sept. 15. Dec. 1–Dec. 31.
Unit 9(E)—1 bull	Aug. 20–Sept. 20. Dec. 1–Jan. 20.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Arctic (Blue and White): No limit	Dec. 1–Mar. 15.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Sept. 1–Feb. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Nov. 10–Feb. 28.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver:	
Unit 9(B), (C), and (E)—40 beaver per season; however, no more than 20 may be taken between Apr. 1–May 31.	Nov. 10–May 31.
Unit 9—remainder—40 beaver per season; however, no more than 20 may be taken between Apr. 1–Apr. 30.	Jan 1–Apr. 30.
Coyote: No limit	Nov. 10–Mar. 31.
Fox, Arctic (Blue and White): No limit	Nov. 10–Feb. 28.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Feb. 28.
Lynx: No limit	Nov. 10–Feb. 28.
Marten: No limit	Nov. 10–Feb. 28.
Mink and Weasel: No limit	Nov. 10–Feb. 28.
Muskrat: No limit	Nov. 10–June 10.
Otter: No limit	Nov. 10–Mar. 31.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: No limit	Nov. 10–Feb. 28.

(10) *Unit 10.* (i) Unit 10 consists of the Aleutian Islands, Unimak Island, and the Pribilof Islands.

(ii) You may not take any wildlife species for subsistence uses on Otter Island in the Pribilof Islands.

(iii) In Unit 10—Unimak Island only, a Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take caribou on his or her behalf unless

the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than four harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Caribou:	
Unit 10—Unimak Island only—2 caribou by Federal registration permit only	Aug. 1–Sept. 25. Nov. 15–Mar. 31.
Unit 10—remainder—No limit	July 1–June 30.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Arctic (Blue and White Phase): No limit	July 1–June 30.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Sept. 1–Feb. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Arctic (Blue and White Phase): No limit	July 1–June 30.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Sept. 1–Feb. 28.
Mink and Weasel: No limit	Nov. 10–Feb. 28.
Muskrat: No limit	Nov. 10–June 10.

Harvest limits	Open season
Otter: No limit	Nov. 10–Mar. 31.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: No limit	Nov. 10–Feb. 28.

(11) *Unit 11.* Unit 11 consists of that area draining into the headwaters of the Copper River south of Suslota Creek and the area drained by all tributaries into the east bank of the Copper River between the confluence of Suslota Creek with the Slana River and Miles Glacier.

(i) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15;

(B) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take caribou and moose on his or her behalf. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

(ii) [Reverved]

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear: Unit 11—1 bear	Sept. 1–May 31.
Caribou: Unit 11	No open season.
Sheep:	
1 sheep	Aug. 10–Sept. 20.
1 sheep by Federal registration permit only by persons 60 years of age or older	Sept. 21–Oct. 20.
Goat: Unit 11—that portion within the Wrangell-St. Elias National Park and Preserve—1 goat by Federal registration permit only. Federal public lands will be closed to the harvest of goats when a total of 45 goats have been harvested between Federal and State hunts.	Aug. 25–Dec. 31.
Moose: 1 antlered bull by Federal registration permit only	Aug. 20–Sept. 20.
Beaver: 1 beaver per day, 1 in possession	June 1–Oct. 10.
Coyote: 10 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Sept. 1–Feb. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Dec. 15–Jan. 15.
Wolf: 10 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Jan. 31.
Wolverine: 1 wolverine	Sept. 1–Jan. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Mar. 31.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Mar. 31.
TRAPPING	
Beaver: 30 beaver per season	Nov. 10–Apr. 30.
Coyote: No limit	Nov. 10–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Feb. 28.
Lynx: No limit	Dec. 1–Feb. 15.
Marten: No limit	Nov. 10–Feb. 28.
Mink and Weasel: No limit	Nov. 10–Feb. 28.
Muskrat: No limit	Nov. 10–June 10.
Otter: No limit	Nov. 10–Mar. 31.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: No limit	Nov. 10–Jan. 31.

(12) *Unit 12.* Unit 12 consists of the Tanana River drainage upstream from the Robertson River, including all drainages into the east bank of the Robertson River, and the White River drainage in Alaska, but excluding the Ladue River drainage.

(i) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 30;

(B) You may not use a steel trap, or a snare using cable smaller than 3/32 inch diameter to trap wolves in Unit 12 during April and October;

(C) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take caribou and moose on his or her behalf. The designated hunter must obtain a designated hunter permit and

Forest Service, USDA

§ 242.25

must return a completed harvest report. The designated hunter may hunt for any number of recipients but may

have no more than two harvest limits in his/her possession at any one time.
(ii) [Reserved]

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear: 1 bear	Aug. 10–June 30.
Caribou:	
Unit 12—that portion of the Nabesna River drainage within the Wrangell-St. Elias National Park and Preserve and all Federal lands south of the Winter Trail running southeast from Pickerel Lake to the Canadian border—The taking of caribou is prohibited on Federal public lands.	No open season.
Unit 12—remainder—1 bull	Sept. 1–Sept. 20.
Unit 12—remainder—1 caribou may be taken by a Federal registration permit during a winter season to be announced. Dates for a winter season to occur between Oct. 1 and Apr. 30 and sex of animal to be taken will be announced by Tetlin National Wildlife Refuge Manager in consultation with Wrangell-St. Elias National Park and Preserve Superintendent, Alaska Department of Fish and Game area biologists, and Chairs of the Eastern Interior Regional Advisory Council and Upper Tanana/Fortymile Fish and Game Advisory Committee.	Winter season to be announced.
Sheep: 1 ram with full curl horn or larger	Aug. 10–Sept. 20.
Moose:	
Unit 12—that portion within the Tetlin National Wildlife Refuge and those lands within the Wrangell-St. Elias National Preserve north and east of a line formed by the Pickerel Lake Winter Trail from the Canadian border to the southern boundary of the Tetlin National Wildlife Refuge—1 antlered bull; however during the Aug. 15–Aug. 28 season only bulls with spike/fork antlers may be taken. The November season is open by Federal registration permit only.	Aug. 15–Aug. 28. Sept. 1–Sept. 15. Nov. 20–Nov. 30.
Unit 12—that portion lying east of the Nabesna River and Nabesna Glacier and south of the Winter Trail running southeast from Pickerel Lake to the Canadian border—1 antlered bull; however during the Aug. 15–Aug. 28 season only bulls with spike/fork antlers may be taken.	Aug. 15–Aug. 28. Sept. 1–Sept. 30.
Unit 12—remainder—1 antlered bull; however during the Aug. 15–Aug. 28 season only bulls with spike/fork antlers may be taken.	Aug. 15–Aug. 28. Sept. 19–Sept. 15.
Coyote: 10 coyotes; however, no more than 2 coyotes may be taken before October 1	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1.	Sept. 1–Mar. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Nov. 1–Mar. 15.
Wolf: 10 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Mar. 31.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver: 15 beaver per season	Nov. 1–Apr. 15.
Coyote: No limit	Oct. 15–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Feb. 28.
Lynx: No limit	Dec. 1–Feb. 15.
Martens: No limit	Nov. 1–Feb. 28.
Mink and Weasel: No limit	Nov. 1–Feb. 28.
Muskrat: No limit	Sept. 20–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Oct. 1–Apr. 30.
Wolverine: No limit	Nov. 1–Feb. 28.

(13) *Unit 13.* (i) Unit 13 consists of that area westerly of the east bank of the Copper River and drained by all tributaries into the west bank of the Copper River from Miles Glacier and including the Slana River drainages north of Suslota Creek; the drainages into the Delta River upstream from Falls Creek and Black Rapids Glacier; the drainages into the Nenana River upstream from the southeast corner of Denali National Park at Windy; the drainage into the Susitna River upstream from its junction with the Chulitna River; the drainage into the

east bank of the Chulitna River upstream to its confluence with Tokositna River; the drainages of the Chulitna River (south of Denali National Park) upstream from its confluence with the Tokositna River; the drainages into the north bank of the Tokositna River upstream to the base of the Tokositna Glacier; the drainages into the Tokositna Glacier; the drainages into the east bank of the Susitna River between its confluences with the Talkeetna and Chulitna Rivers; the drainages into the north bank of the Talkeetna River; the drainages into

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

the east bank of the Chickaloon River; the drainages of the Matanuska River above its confluence with the Chickaloon River:

(A) Unit 13(A) consists of that portion of Unit 13 bounded by a line beginning at the Chickaloon River bridge at Mile 77.7 on the Glenn Highway, then along the Glenn Highway to its junction with the Richardson Highway, then south along the Richardson Highway to the foot of Simpson Hill at Mile 111.5, then east to the east bank of the Copper River, then northerly along the east bank of the Copper River to its junction with the Gulkana River, then northerly along the west bank of the Gulkana River to its junction with the West Fork of the Gulkana River, then westerly along the west bank of the West Fork of the Gulkana River to its source, an unnamed lake, then across the divide into the Tyone River drainage, down an unnamed stream into the Tyone River, then down the Tyone River to the Susitna River, then down the southern bank of the Susitna River to the mouth of Kosina Creek, then up Kosina Creek to its headwaters, then across the divide and down Aspen Creek to the Talkeetna River, then southerly along the boundary of Unit 13 to the Chickaloon River bridge, the point of beginning;

(B) Unit 13(B) consists of that portion of Unit 13 bounded by a line beginning at the confluence of the Copper River and the Gulkana River, then up the east bank of the Copper River to the Gakona River, then up the Gakona River and Gakona Glacier to the boundary of Unit 13, then westerly along the boundary of Unit 13 to the Susitna Glacier, then southerly along the west bank of the Susitna Glacier and the Susitna River to the Tyone River, then up the Tyone River and across the divide to the headwaters of the West Fork of the Gulkana River, then down the West Fork of the Gulkana River to the confluence of the Gulkana River and the Copper River, the point of beginning;

(C) Unit 13(C) consists of that portion of Unit 13 east of the Gakona River and Gakona Glacier;

(D) Unit 13(D) consists of that portion of Unit 13 south of Unit 13(A);

(E) Unit 13(E) consists of the remainder of Unit 13.

(ii) Within the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) You may not take wildlife for subsistence uses on lands within Mount McKinley National Park as it existed prior to December 2, 1980. Subsistence uses as authorized by this paragraph (k)(13) are permitted in Denali National Preserve and lands added to Denali National Park on December 2, 1980;

(B) You may not use motorized vehicles or pack animals for hunting from Aug. 5-Aug. 25 in the Delta Controlled Use Area, the boundary of which is defined as: a line beginning at the confluence of Miller Creek and the Delta River, then west to vertical angle bench mark Miller, then west to include all drainages of Augustana Creek and Black Rapids Glacier, then north and east to include all drainages of McGinnis Creek to its confluence with the Delta River, then east in a straight line across the Delta River to Mile 236.7 Richardson Highway, then north along the Richardson Highway to its junction with the Alaska Highway, then east along the Alaska Highway to the west bank of the Johnson River, then south along the west bank of the Johnson River and Johnson Glacier to the head of the Cantwell Glacier, then west along the north bank of the Canwell Glacier and Miller Creek to the Delta River;

(C) Except for access and transportation of harvested wildlife on Sourdough and Haggard Creeks, Meiers Lake trails, or other trails designated by the Board, you may not use motorized vehicles for subsistence hunting, is prohibited in the Sourdough Controlled Use Area. The Sourdough Controlled Use Area consists of that portion of Unit 13(B) bounded by a line beginning at the confluence of Sourdough Creek and the Gulkana River, then northerly along Sourdough Creek to the Richardson Highway at approximately Mile 148, then northerly along the Richardson Highway to the Meiers Creek Trail at approximately Mile 170, then westerly along the trail to the Gulkana River, then southerly along the east

Forest Service, USDA

§ 242.25

bank of the Gulkana River to its confluence with Sourdough Creek, the point of beginning.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15;

(B) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to

take caribou and moose on his or her behalf. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear: 1 bear. Bears taken within Denali National Park must be sealed within 5 days of harvest. That portion within Denali National Park will be closed by announcement of the Superintendent after 4 bears have been harvested.	Aug. 10–May 31.
Caribou: 2 caribou by Federal registration permit only. Hunting within the Trans-Alaska Oil Pipeline right-of-way is prohibited. The right-of-way is identified as the area occupied by the pipeline (buried or above ground) and the cleared area 25 feet on either side of the pipeline.	Aug. 10–Sept. 30. Oct. 21–Mar. 31.
Sheep: Unit 13—excluding Unit 13(D) and the Tok Management Area and Delta Controlled Use Area—1 ram with 7/8 curl horn.	Aug. 10–Sept. 20.
Moose:	
Unit 13(E)—1 antlered bull moose by Federal registration permit only; only 1 permit will be issued per household.	Aug. 1–Sept. 20.
Unit 13—remainder—1 antlered bull moose by Federal registration permit only	Aug. 1–Sept. 20.
Beaver: 1 beaver per day, 1 in possession	June 15–Sept. 10.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Sept. 1–Feb. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Dec. 15–Jan. 15.
Wolf: 10 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Jan. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Mar. 31.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Mar. 31.
TRAPPING	
Beaver: No limit	Oct. 10–May 15.
Coyote: No limit	Nov. 10–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Feb. 28.
Lynx: No limit	Dec. 1–Feb. 15.
Marten:	
Unit 13(A–D)—No limit	Nov. 10–Feb. 28.
Unit 13—remainder—No limit	Nov. 10–Jan. 31.
Mink and Weasel: No limit	Nov. 10–Feb. 28.
Muskrat: No limit	Nov. 10–June 10.
Otter: No limit	Nov. 10–Mar. 31.
Wolf: No limit	Oct. 15–Apr. 30.
Wolverine: No limit	Nov. 10–Jan. 31.

(14) *Unit 14.* (i) Unit 14 consists of drainages into the north side of Turnagain Arm west of and excluding the Portage Creek drainage, drainages into Knik Arm excluding drainages of the Chickaloon and Matanuska Rivers in Unit 13, drainages into the north side of Cook Inlet east of the Susitna River, drainages into the east bank of the Susitna River downstream from the Talkeetna River, and drainages into the south bank of the Talkeetna River:

(A) Unit 14(A) consists of drainages in Unit 14 bounded on the west by the Susitna River, on the north by Willow

Creek, Peters Creek, and by a line from the head of Peters Creek to the head of the Chickaloon River, on the east by the eastern boundary of Unit 14, and on the south by Cook Inlet, Knik Arm, the south bank of the Knik River from its mouth to its junction with Knik Glacier, across the face of Knik Glacier and along the north side of Knik Glacier to the Unit 6 boundary;

(B) Unit 14(B) consists of that portion of Unit 14 north of Unit 14(A);

(C) Unit 14(C) consists of that portion of Unit 14 south of Unit 14(A).

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) You may not take wildlife for subsistence uses in the Fort Richardson and Elmendorf Air Force Base Management Areas, consisting of the Fort Richardson and Elmendorf Military Reservation;

(B) You may not take wildlife for subsistence uses in the Anchorage Management Area, consisting of all drainages south of Elmendorf and Fort Richardson military reservations and north of and including Rainbow Creek.

(iii) Unit-specific regulations:

Harvest limits	Open season
HUNTING	
Black Bear: Unit 14(C)—1 bear	July 1–June 30.
Beaver: Unit 14(C)—1 beaver per day, 1 in possession	May 15–Oct. 31.
Coyote: Unit 14(C)—2 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): Unit 14(C)—2 foxes	Nov. 1–Feb. 15.
Hare (Snowshoe and Tundra): Unit 14(C)—5 hares per day	Sept. 8–Apr. 30.
Lynx: Unit 14(C)—2 lynx	Dec. 15–Jan. 15.
Wolf: Unit 14(C)—5 wolves	Aug. 10–Apr. 30.
Wolverine: Unit 14(C)—1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): Unit 14(C)—5 per day, 10 in possession	Sept. 8–Mar. 31.
Ptarmigan (Rock, Willow, and White-tailed): Unit 14(C)—10 per day, 20 in possession	Sept. 8–Mar. 31.
TRAPPING	
Beaver: Unit 14(C)—that portion within the drainages of Glacier Creek, Kern Creek, Peterson Creek, the Twentymile River and the drainages of Knik River outside Chugach State Park—20 beaver per season.	Dec. 1–Apr. 15.
Coyote: Unit 14(C)—No limit	Nov. 10–Feb. 28.
Fox, Red (including Cross, Black and Silver Phases): Unit 14(C)—1 fox	Nov. 10–Feb. 28.
Lynx: Unit 14(C)—No limit	Dec. 15–Jan. 15.
Marten: Unit 14(C)—No limit	Nov. 10–Jan. 31.
Mink and Weasel: Unit 14(C)—No limit	Nov. 10–Jan. 31.
Muskrat: Unit 14(C)—No limit	Nov. 10–May 15.
Otter: Unit 14(C)—No limit	Nov. 10–Feb. 28.
Wolf: Unit 14(C)—No limit	Nov. 10–Feb. 28.
Wolverine: Unit 14(C)—No limit	Nov. 10–Feb. 28.

(15) *Unit 15.* (i) Unit 15 consists of that portion of the Kenai Peninsula and adjacent islands draining into the Gulf of Alaska, Cook Inlet, and Turnagain Arm from Gore Point to the point where longitude line 150°00'W. crosses the coastline of Chickaloon Bay in Turnagain Arm, including that area lying west of longitude line 150°00'W. to the mouth of the Russian River, then southerly along the Chugach National Forest boundary to the upper end of Upper Russian Lake; and including the drainages into Upper Russian Lake west of the Chugach National Forest boundary:

(A) Unit 15(A) consists of that portion of Unit 15 north of the Kenai River and Skilak Lake;

(B) Unit 15(B) consists of that portion of Unit 15 south of the Kenai River and Skilak Lake, and north of the Kasilof River, Tustumena Lake, Glacier Creek, and Tustumena Glacier;

(C) Unit 15(C) consists of the remainder of Unit 15.

(ii) You may not take wildlife, except for grouse, ptarmigan, and hares that may be taken only from October 1–March 1 by bow and arrow only, in the Skilak Loop Management Area, which consists of that portion of Unit 15(A) bounded by a line beginning at the eastern most junction of the Sterling Highway and the Skilak Loop (milepost 76.3), then due south to the south bank of the Kenai River, then southerly along the south bank of the Kenai River to its confluence with Skilak Lake, then westerly along the north shore of Skilak Lake to Lower Skilak Lake Campground, then northerly along the Lower Skilak Lake Campground Road and the Skilak Loop Road to its western most junction with the Sterling Highway, then easterly along the Sterling Highway to the point of beginning.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15;

Forest Service, USDA

§ 242.25

(B) You may not trap furbearers for subsistence in the Skilak Loop Wildlife Management Area;

(C) You may not trap marten in that portion of Unit 15(B) east of the Kenai River, Skilak Lake, Skilak River, and Skilak Glacier;

(D) You may not take red fox in Unit 15 by any means other than a steel trap or snare;

(E) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take moose on his or her behalf. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Black Bear:	
Unit 15(C)—3 bears	July 1–June 30.
Unit 15—remainder	No open season.
Moose:	
Unit 15(A)—excluding the Skilak Loop Wildlife Management Area.—1 antlered bull with spike-fork or 50-inch antlers or with 3 or more brow tines on either antler, by Federal registration permit only.	Aug. 18–Sept. 20.
Unit 15(A)—Skilak Loop Wildlife Management Area	No open season.
Unit 15(B) and (C)—1 antlered bull with spike-fork or 50-inch antlers or with 3 or more brow tines on either antler, by Federal registration permit only.	Aug. 10–Sept. 20.
Coyote: No limit	Sept. 1–Apr. 30
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Wolf:	
Unit 15—that portion within the Kenai National Wildlife Refuge—2 Wolves	Aug. 10–Apr. 30.
Unit 15—remainder—5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 Wolverine	Sept. 1–Mar. 31.
Grouse (Spruce): 15 per day, 30 in possession	Aug. 10–Mar. 31.
Grouse (Ruffed)	No open season.
Ptarmigan (Rock, Willow, and White-tailed):	
Unit 15(A) and (B)—20 per day, 40 in possession	Aug. 10–Mar. 31.
Unit 15(C)—20 per day, 40 in possession	Aug. 10–Dec. 31.
Unit 15(C)—5 per day, 10 in possession	Jan. 1–Mar. 31.
TRAPPING	
Beaver: 20 Beaver per season	Nov. 10–Mar. 31.
Coyote: No limit	Nov. 10–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): 1 Fox	Nov. 10–Feb. 28.
Lynx: No limit	Jan. 1–Feb. 15.
Marten:	
Unit 15(B)—that portion east of the Kenai River, Skilak Lake, Skilak River, and Skilak Glacier	No open season.
Remainder of Unit 15—No limit	Nov. 10–Jan. 31.
Mink and Weasel: No limit	Nov. 10–Jan. 31.
Muskkrat: No limit	Nov. 10–May 15.
Otter: Unit 15—No limit	Nov. 10–Feb. 28.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: Unit 15(B) and (C)—No limit	Nov. 10–Feb. 28.

(16) *Unit 16.* (i) Unit 16 consists of the drainages into Cook Inlet between Redoubt Creek and the Susitna River, including Redoubt Creek drainage, Kalgin Island, and the drainages on the west side of the Susitna River (including the Susitna River) upstream to its confluence with the Chulitna River; the drainages into the west side of the Chulitna River (including the Chulitna River) upstream to the Tokositna River, and drainages into the south side of the Tokositna River upstream to the base of the Tokositna Glacier,

including the drainage of the Kahiltna Glacier:

(A) Unit 16(A) consists of that portion of Unit 16 east of the east bank of the Yentna River from its mouth upstream to the Kahiltna River, east of the east bank of the Kahiltna River, and east of the Kahiltna Glacier;

(B) Unit 16(B) consists of the remainder of Unit 16.

(ii) You may not take wildlife for subsistence uses in the Mount McKinley National Park, as it existed prior to December 2, 1980. Subsistence uses as authorized by this paragraph (k)(16)

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

are permitted in Denali National Preserve and lands added to Denali National Park on December 2, 1980.

(A) You may use bait to hunt black bear between April 15 and June 15.

(B) [Reserved]

(iii) Unit-specific regulations:

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Caribou: 1 caribou	Aug. 10–Oct. 31.
Moose:	
Unit 16(B)—Redoubt Bay Drainages south and west of, and including the Kustatan River drainage—1 antlered bull.	Sept. 1–Sept. 15.
Unit 16(B)—remainder—1 moose; however, antlerless moose may be taken only from Sept. 25–Sept. 30 and from Dec. 1–Feb. 28 by Federal registration permit only.	Sept. 1–Sept. 30. Dec. 1–Feb. 28.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Sept. 1–Feb. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Dec. 15–Jan. 15.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Mar. 31.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Mar. 31.
TRAPPING	
Beaver: No limit	Oct. 10–May 15.
Coyote: No limit	Nov. 10–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Feb. 28.
Lynx: No limit	Dec. 15–Jan. 15.
Marten: No limit	Nov. 10–Jan. 31.
Mink and Weasel: No limit	Nov. 10–Jan. 31.
Muskrat: No limit	Nov. 10–June 10.
Otter: No limit	Nov. 10–Mar. 31.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: No limit	Nov. 10–Feb. 28.

(17) *Unit 17.* (i) Unit 17 consists of drainages into Bristol Bay and the Bering Sea between Etolin Point and Cape Newenham, and all islands between these points including Hagemeister Island and the Walrus Islands:

(A) Unit 17(A) consists of the drainages between Cape Newenham and Cape Constantine, and Hagemeister Island and the Walrus Islands;

(B) Unit 17(B) consists of the Nushagak River drainage upstream from, and including the Mulchatna River drainage, and the Wood River drainage upstream from the outlet of Lake Beverley;

(C) Unit 17(C) consists of the remainder of Unit 17.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) Except for aircraft and boats and in legal hunting camps, you may not

use any motorized vehicle for hunting ungulates, bears, wolves, and wolverine, including transportation of hunters and parts of ungulates, bear, wolves, or wolverine in the Upper Mulchatna Controlled Use Area consisting of Unit 17(B), from Aug. 1–Nov. 1;

(B) You may hunt brown bear by State registration permit in lieu of a resident tag in the Western Alaska Brown Bear Management Area which consists of Unit 17(A), that portion of 17(B) draining into Nuyakuk Lake and Tikchik Lake, Unit 18, and that portion of Unit 19(A) and (B) downstream of and including the Aniak River drainage, if you have obtained a State registration permit prior to hunting.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 15.

(B) [Reserved]

Harvest limits	Open season
HUNTING	
Black Bear: 2 bears	Aug. 1–May 31.
Brown Bear: Unit 17—1 bear by State registration permit only	Sept. 1–May 31.
Caribou:	

Harvest limits	Open season
Unit 17(A) and (C)—that portion of 17(A) and (C) consisting of the Nushagak Peninsula south of the Igushik River, Tuklung River and Tuklung Hills, west to Tvativak Bay—2 caribou by Federal registration permit. Public lands are closed to the taking of caribou except by the residents of Togiak, Twin Hills, Manokotak, Aleknagik, Dillingham, Clark's Point, and Ekuk during seasons identified above.	Aug. 1–Sept. 30. Dec. 1–Mar. 31.
Unit 17(B) and (C)—that portion of 17(C) east of the Wood River and Wood River Lakes—5 caribou; however, no more than 2 bulls may be taken from Oct. 1–Nov. 30.	Aug. 1–Apr. 15.
Unit 17(A)—remainder and 17(C)—remainder—selected drainages; a harvest limit of up to 5 caribou will be determined at the time the season is announced.	Season to occur between Aug. 1–Mar. 31, harvest limit, and hunt area to be announced by the Togiak National Wildlife Refuge Manager.
Sheep: 1 ram with full curl horn or larger.	Aug. 10–Sept. 20.
Moose:	
Unit 17(A)	No open season.
Unit 17(B)—that portion that includes all the Mulchatna River drainage upstream from and including the Chilchitna River drainage—1 bull by State registration permit only during the period Aug. 20–Aug. 31. During the period Sept. 1–Sept. 15 only a spike/fork bull or a bull with 50-inch antlers or with 3 or more brow tines on one side may be taken with a State harvest ticket.	
Unit 17(C)—that portion that includes the lowithla drainage and Sunshine Valley and all lands west of Wood River and south of Aleknagik Lake—1 bull by State registration permit only during the period Aug. 20–Aug. 31. During the period Sept. 1–Sept. 15 only a spike/fork bull or a bull with 50-inch antlers or with 3 or more brow tines on one side may be taken with a State harvest ticket.	Aug. 20–Sept. 15.
Unit 17(B)—remainder and 17(C)—remainder—1 bull by State registration permit only during the periods Aug. 20–Aug. 31 and Dec. 1–Dec. 31. During the period Sept. 1–Sept. 15 only a spike/fork bull or a bull with 50-inch antlers or with 3 or more brow tines on one side may be taken with a State harvest ticket.	Aug. 20–Sept. 15. Dec. 1–Dec. 31.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Arctic (Blue and White Phase): No limit	Dec. 1–Mar. 15.
Fox, Red (including Cross, Black and Silver Phases): 2 foxes	Sept. 1–Feb. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Nov. 10–Feb. 28.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver: Unit 17—40 beaver per season	Nov. 10–Mar. 31.
Coyote: No limit	Nov. 10–Mar. 31.
Fox, Arctic (Blue and White Phase): No limit	Nov. 10–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Mar. 31.
Lynx: No limit	Nov. 10–Mar. 31.
Marten: No limit	Nov. 10–Feb. 28.
Mink and Weasel: No limit	Nov. 10–Feb. 28.
Muskrat: 2 muskrats	Nov. 10–Feb. 28.
Otter: No limit	Nov. 10–Mar. 31.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: No limit	Nov. 10–Feb. 28.

(18) *Unit 18.* (i) Unit 18 consists of that area draining into the Yukon and Kuskokwim Rivers downstream from a straight line drawn between Lower Kalskag and Paimiut and the drainages flowing into the Bering Sea from Cape Newenham on the south to and including the Pastolik River drainage on the north; Nunivak, St. Matthew, and adjacent islands between Cape Newenham and the Pastolik River.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public lands:

(A) In the Kalskag Controlled Use Area which consists of that portion of Unit 18 bounded by a line from Lower Kalskag on the Kuskokwim River, northwesterly to Russian Mission on the Yukon River, then east along the north bank of the Yukon River to the old site of Paimiut, then back to Lower Kalskag, you may not use aircraft for hunting any ungulate, bear, wolf, or

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

wolverine, including the transportation of any hunter and ungulate, bear, wolf, or wolverine part; however, this does not apply to transportation of a hunter or ungulate, bear, wolf, or wolverine part by aircraft between publicly owned airports in the Controlled Use Area or between a publicly owned airport within the Area and points outside the Area;

(B) You may hunt brown bear by State registration permit in lieu of a resident tag in the Western Alaska Brown Bear Management Area which consists of Unit 17(A), that portion of 17(B) draining into Nuyakuk Lake and Tikchik Lake, Unit 18, and that portion of Unit 19(A) and (B) downstream of and including the Aniak River drain-

age, if you have obtained a State registration permit prior to hunting.

(iii) Unit-specific regulations:

(A) If you have a trapping license, you may use a firearm to take beaver in Unit 18 from Apr.-Jun. 10;

(B) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take caribou south of the Yukon River on his or her behalf. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time;

(C) You may take caribou from a boat moving under power in Unit 18.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear: 1 bear by State registration permit only	Sept. 1–May 31.
Caribou:	
Unit 18—that portion south of the Yukon River—A harvest limit of up to 5 caribou will be determined at the time the season is announced and will be based on the management objectives in the "Qavilnguut (Kilbuck) Caribou Herd Cooperative Management Plan". The season will be closed when the total harvest reaches guidelines as described in the approved "Qavilnguut (Kilbuck) Caribou Herd Cooperative Management Plan".	Season to occur between Aug. 25 and Mar. 31 to be announced by the Yukon Delta National Wildlife Refuge Manager.
Unit 18—that portion north of the Yukon River—5 caribou per day	Aug. 1–Mar. 31.
Moose:	
Unit 18—that portion north and west of a line from Cape Romanzof to Kuzilvak Mountain, and then to Mountain Village, and west of, but not including, the Andreafsky River drainage—1 antlered bull.	Sept. 5–Sept. 25.
Unit 18—south of and including the Kanektok River drainages	No open season.
Unit 18—Kuskokwim River drainage—1 antlered bull. A 10-day hunt to occur between Dec. 1 and Feb. 28 (1 bull, evidence of sex required) will be opened by announcement.	Aug. 25–Sept. 25. Winter season to be announced.
Unit 18—remainder—1 antlered bull. A 10-day hunt to occur between Dec. 1 and Feb. 28 (1 bull, evidence of sex required) will be opened by announcement.	Sept. 1–Sept. 30. Winter season to be announced.
Public lands in Unit 18 are closed to the hunting of moose, except by Federally-qualified rural Alaska residents during seasons identified above.	
Beaver: No limit	July 1–June 30.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Arctic (Blue and White Phase): 2 foxes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1.	Sept. 1–Mar. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Nov. 10–Mar. 31.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–May 30.
TRAPPING	
Beaver: No limit	July 1–June 30.
Coyote: No limit	Nov. 10–Mar. 31.
Fox, Arctic (Blue and White Phase): No limit	Nov. 10–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 10–Mar. 31.
Lynx: No limit	Nov. 10–Mar. 31.
Marten: No limit	Nov. 10–Mar. 31.

Harvest limits	Open season
Mink and Weasel: No limit	Nov. 10–Jan. 31.
Muskrat: No limit	Nov. 10–June 10.
Otter: No limit	Nov. 10–Mar. 31.
Wolf: No limit	Nov. 10–Mar. 31.
Wolverine: No limit	Nov. 10–Mar. 31.

(19) *Unit 19.* (i) Unit 19 consists of the Kuskokwim River drainage upstream from a straight line drawn between Lower Kalskag and Piamut:

(A) Unit 19(A) consists of the Kuskokwim River drainage downstream from and including the Moose Creek drainage on the north bank and downstream from and including the Stony River drainage on the south bank, excluding Unit 19(B);

(B) Unit 19(B) consists of the Aniak River drainage upstream from and including the Salmon River drainage, the Holitna River drainage upstream from and including the Bakkuk Creek drainage, that area south of a line from the mouth of Bakkuk Creek to the radar dome at Sparrevohn Air Force Base, including the Hoholitna River drainage upstream from that line, and the Stony River drainage upstream from and including the Can Creek drainage;

(C) Unit 19(C) consists of that portion of Unit 19 south and east of a line from Benchmark M#1.26 (approximately 1.26 miles south of the northwest corner of the original Mt. McKinley National Park boundary) to the peak of Lone Mountain, then due west to Big River, including the Big River drainage upstream from that line, and including the Swift River drainage upstream from and including the North Fork drainage;

(D) Unit 19(D) consists of the remainder of Unit 19.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) You may not take wildlife for subsistence uses on lands within Mount McKinley National Park as it existed prior to December 2, 1980. Subsistence uses as authorized by this paragraph (k)(19) are permitted in Denali National Preserve and lands added to Denali National Park on December 2, 1980;

(B) In the Upper Kuskokwim Controlled Use Area, which consists of that

portion of Unit 19(D) upstream from the mouth of Big River including the drainages of the Big River, Middle Fork, South Fork, East Fork, and Tonzona River, and bounded by a line following the west bank of the Swift Fork (McKinley Fork) of the Kuskokwim River to 152° 50' W. long., then north to the boundary of Denali National Preserve, then following the western boundary of Denali National Preserve north to its intersection with the Minchumina-Telida winter trail, then west to the crest of Telida Mountain, then north along the crest of Munsatli Ridge to elevation 1,610, then northwest to Dyckman Mountain and following the crest of the divide between the Kuskokwim River and the Nowitna drainage, and the divide between the Kuskokwim River and the Nixon Fork River to Loaf benchmark on Halfway Mountain, then south to the west side of Big River drainage, the point of beginning, you may not use of aircraft for hunting moose, including transportation of any moose hunter or moose part; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the Controlled Use Area, or between a publicly owned airport within the area and points outside the area;

(C) You may hunt brown bear by State registration permit in lieu of a resident tag in the Western Alaska Brown Bear Management Area, which consists of Unit 17(A), that portion of 17(B) draining into Nuyakuk Lake and Tikchik Lake, Unit 18, and that portion of Unit 19(A) and (B) downstream of and including the Aniak River drainage, if you have obtained a State registration permit prior to hunting.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 30.

(B) [Reserved]

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear:	
Unit 19(A) and (B)—those portions which are downstream of and including the Aniak River drainage—1 bear by State registration permit.	Sept. 1–May 31.
Unit 19(A)—remainder, 19(B)—remainder, and Unit 19(D)—1 bear every four regulatory years	Sept. 10–May 25.
Caribou:	
Unit 19(A)—north of Kuskokwim River—1 caribou	Aug. 10–Sept. 30. Nov. 1–Feb. 28.
Unit 19(A)—south of the Kuskokwim River and Unit 19(B) (excluding rural Alaska residents of Lime Village)—5 caribou.	Aug. 1–Apr. 15.
Unit 19(C)—1 caribou	Aug. 10–Oct. 10.
Unit 19(D)—south and east of the Kuskokwim River and North Fork of the Kuskokwim River—1 caribou	Aug. 10–Sept. 30. Nov. 1–Jan. 31.
Unit 19(D)—remainder—1 caribou	Aug. 10–Sept. 30.
Unit 19—rural Alaska residents domiciled in Lime Village only—no individual harvest limit but a village harvest quota of 200 caribou; cows and calves may not be taken from Apr. 1–Aug. 9. Reporting will be by a community reporting system.	July 1–June 30.
Unit 19(D)—remainder—1 caribou	Aug. 10–Sept. 20.
Sheep: 1 ram with 7/8 curl horn or larger	Aug. 10–Sept. 20.
Moose:	
Unit 19—Rural Alaska residents of Lime Village only—no individual harvest limit, but a village harvest quota of 40 moose (including those taken under the State Tier II system); either sex. Reporting will be by a community reporting system.	July 1–June 30.
Unit 19(A)—that portion north of the Kuskokwim River upstream from, but not including the Kolmakof River drainage and south of the Kuskokwim River upstream from, but not including the Holokuk River drainage—1 moose; however, antlerless moose may be taken only during the Feb. 1–Feb. 10 season.	Sept. 1–Sept. 20. Nov. 20–Nov. 30. Jan. 1–Jan. 10. Feb. 1–Feb. 10.
Unit 19(A)—remainder—1 bull	Sept. 1–Sept. 20. Nov. 20–Nov. 30. Jan. 1–Jan. 10. Feb. 1–Feb. 10.
Unit 19(B)—1 antlered bull	Sept. 1–Sept. 30.
Unit 19(C)—1 antlered bull	Sept. 1–Oct. 10.
Unit 19(C)—1 bull by State registration permit	Jan. 15–Feb. 15.
Unit 19(D)—that portion of the Upper Kuskokwim Controlled Use Area within the North Fork drainage upstream from the confluence of the South Fork to the mouth of the Swift Fork—1 antlered bull.	Sept. 1–Sept. 30.
Unit 19(D)—remainder of the Upper Kuskokwim Controlled Use Area—1 bull	Sept. 1–Sept. 30. Dec. 1–Feb. 28.
Unit 19(D)—remainder—1 antlered bull	Sept. 1–Sept. 30. Dec. 1–Dec. 15.
Coyote: 10 coyotes; however, no more than 2 coyotes may be taken before October 1	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1.	Sept. 1–Mar. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Nov. 1–Feb. 28.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver: No limit	Nov. 1–Jun. 10.
Coyote: No limit	Nov. 1–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Mar. 31.
Lynx: No limit	Nov. 1–Feb. 28.
Marten: No limit	Nov. 1–Feb. 28.
Mink and Weasel: No limit	Nov. 1–Feb. 28.
Muskkrat: No limit	Nov. 1–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Nov. 1–Apr. 30.
Wolverine: No limit	Nov. 1–Mar. 31.

(20) *Unit 20.* (i) Unit 20 consists of the Yukon River drainage upstream from and including the Tozitna River drainage to and including the Hamlin Creek drainage, drainages into the south bank of the Yukon River upstream from and including the Charley River

drainage, the Ladue River and Fortymile River drainages, and the Tanana River drainage north of Unit 13 and downstream from the east bank of the Robertson River:

(A) Unit 20(A) consists of that portion of Unit 20 bounded on the south by

the Unit 13 boundary, bounded on the east by the west bank of the Delta River, bounded on the north by the north bank of the Tanana River from its confluence with the Delta River downstream to its confluence with the Nenana River, and bounded on the west by the east bank of the Nenana River;

(B) Unit 20(B) consists of drainages into the north bank of the Tanana River from and including Hot Springs Slough upstream to and including the Banner Creek drainage;

(C) Unit 20(C) consists of that portion of Unit 20 bounded on the east by the east bank of the Nenana River and on the north by the north bank of the Tanana River downstream from the Nenana River;

(D) Unit 20(D) consists of that portion of Unit 20 bounded on the east by the east bank of the Robertson River and on the west by the west bank of the Delta River, and drainages into the north bank of the Tanana River from its confluence with the Robertson River downstream to, but excluding the Banner Creek drainage;

(E) Unit 20(E) consists of drainages into the south bank of the Yukon River upstream from and including the Charley River drainage, and the Ladue River drainage;

(F) Unit 20(F) consists of the remainder of Unit 20.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) You may not take wildlife for subsistence uses on lands within Mount McKinley National Park as it existed prior to December 2, 1980. Subsistence uses as authorized by this paragraph (k)(20) are permitted in Denali National Preserve and lands added to Denali National Park on December 2, 1980;

(B) You may not use motorized vehicles or pack animals for hunting from Aug. 5—Aug. 25 in the Delta Controlled Use Area, the boundary of which is defined as: a line beginning at the confluence of Miller Creek and the Delta River, then west to vertical angle bench mark Miller, then west to include all drainages of Augustana Creek and Black Rapids Glacier, then north and east to include all drainages of McGinnis Creek to its confluence with

the Delta River, then east in a straight line across the Delta River to Mile 236.7 Richardson Highway, then north along the Richardson Highway to its junction with the Alaska Highway, then east along the Alaska Highway to the west bank of the Johnson River, then south along the west bank of the Johnson River and Johnson Glacier to the head of the Canwell Glacier, then west along the north bank of the Canwell Glacier and Miller Creek to the Delta River;

(C) You may not use motorized vehicles, except aircraft and boats, and to licensed highway vehicles, snowmobiles, and firearms except as provided below in the Dalton Highway Corridor Management Area, which consists of those portions of Units 20, 24, 25, and 26 extending five miles from each side of the Dalton Highway from the Yukon River to milepost 300 of the Dalton Highway. The use of snowmobiles is authorized only for the subsistence taking of wildlife by residents living within the Dalton Highway Corridor Management Area. You may use licensed highway vehicles only on designated roads within the Dalton Highway Corridor Management Area. Only the residents of Alatna, Allakaket, Anaktuvuk Pass, Bettles, Evansville, Stevens Village, and residents living within the Corridor may use firearms within the Corridor;

(D) You may not use any motorized vehicle for hunting from August 5—September 20 in the Glacier Mountain Controlled Use Area, which consists of that portion of Unit 20(E) bounded by a line beginning at Mile 140 of the Taylor Highway, then north along the highway to Eagle, then west along the cat trail from Eagle to Crooked Creek, then from Crooked Creek southwest along the west bank of Mogul Creek to its headwaters on North Peak, then west across North Peak to the headwaters of Independence Creek, then southwest along the west bank of Independence Creek to its confluence with the North Fork of the Fortymile River, then easterly along the south bank of the North Fork of the Fortymile River to its confluence with Champion Creek, then across the North Fork of the Fortymile River to the south bank of Champion Creek and easterly along the south bank of Champion Creek to its

confluence with Little Champion Creek, then northeast along the east bank of Little Champion Creek to its headwaters, then northeasterly in a direct line to Mile 140 on the Taylor Highway; however, this does not prohibit motorized access via, or transportation of harvested wildlife on, the Taylor Highway or any airport;

(E) You may by permit only hunt moose on the Minto Flats Management Area, which consists of that portion of Unit 20 bounded by the Elliot Highway beginning at Mile 118, then northeasterly to Mile 96, then east to the Tolovana Hotsprings Dome, then east to the Winter Cat Trail, then along the Cat Trail south to the Old Telegraph Trail at Dunbar, then westerly along the trail to a point where it joins the Tanana River three miles above Old Minto, then along the north bank of the Tanana River (including all channels and sloughs except Swan Neck Slough), to the confluence of the Tanana and Tolovana Rivers and then northerly to the point of beginning;

(F) You may hunt moose by bow and arrow only in the Fairbanks Management Area, which consists of the Goldstream subdivision (SE 1/4 SE 1/4, Section 28 and Section 33, Township 2 North, Range 1 West, Fairbanks Meridian) and that portion of Unit 20(B) bounded by a line from the confluence of Rosie Creek and the Tanana River, northerly along Rosie Creek to the divide between Rosie Creek and Cripple Creek, then down Cripple Creek to its

confluence with Ester Creek, then up Ester Creek to its confluence with Ready Bullion Creek, then up Ready Bullion Creek to the summit of Ester Dome, then down Sheep Creek to its confluence with Goldstream Creek, then easterly along Goldstream Creek to its confluence with First Chance Creek, then up First Chance Creek to Tungsten Hill, then southerly along Steele Creek to its intersection with the Trans-Alaska Pipeline, then southerly along the pipeline right-of-way to the Chena River, then along the north bank of the Chena River to the Moose Creek dike, then southerly along Moose Creek dike to its intersection with the Tanana River, and then westerly along the north bank of the Tanana River to the point of beginning.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 30;

(B) You may not use a steel trap, or a snare using cable smaller than 3/32 inch diameter to trap wolves in Unit 20(E) during April and October;

(C) Residents of Unit 20 and 21 may take up to three moose per regulatory year for the celebration known as the Nuchalawoyya Potlatch, under the terms of a Federal registration permit. Permits will be issued to individuals only at the request of the Native Village of Tanana. This three moose limit is not cumulative with that permitted by the State.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear:	
Unit 20(E)—1 bear	Aug. 10–June 30.
Unit 20—remainder—1 bear every four regulatory years	Sept. 1–May 31.
Caribou:	
Unit 20(E)—1 bull by joint State/Federal registration permit only. The fall season will close when a combined State/Federal harvest of 55 bulls has been reached. The winter season will close when the combined fall and winter State/Federal harvest quota of 150 bulls for the Fortymile herd has been reached. The season closures will be announced by the Northern Field Office Manager, Bureau of Land Management after consultation with the National Park Service and Alaska Department of Fish and Game.	Aug. 10–Sept. 30. Nov. 15–Feb. 28.
Unit 20(F)—Tozitna River drainage—1 caribou; however, only bull caribou may be taken Aug. 10–Sept. 30.	Aug. 10–Sept. 30. Nov. 26–Dec. 10. Mar. 1–Mar. 15.
Unit 20(F)—south of the Yukon River—1 caribou	Dec. 1–Dec. 31.
Remainder of Unit 20(F)—1 bull	Aug. 10–Sept. 30.
Moose:	
Unit 20(A)—1 antlered bull	Sept. 1–Sept. 20.
Unit 20(B)—that portion within the Minto Flats Management Area—1 bull by Federal registration permit only.	Sept. 1–Sept. 20. Jan. 10–Feb. 28.
Unit 20(B)—remainder—1 antlered bull	Sept. 1–Sept. 20.

Harvest limits	Open season
Unit 20(C)—that portion within Denali National Park and Preserve west of the Toklat River, excluding lands within Mount McKinley National Park as it existed prior to December 2, 1980—1 antlered bull; however, white-phased or partial albino (more than 50 percent white) moose may not be taken.	Sept. 1–Sept. 30. Nov. 15–Dec. 15.
Unit 20(C)—remainder—1 antlered bull; however, white-phased or partial albino (more than 50 percent white) moose may not be taken.	Sept. 1–Sept. 30.
Unit 20(E)—that portion within Yukon Charley National Preserve—1 bull	Aug. 20–Sept. 30.
Unit 20(E)—that portion drained by the Forty-mile River (all forks) from Mile 9½ to Mile 145 Taylor Highway, including the Boundary Cutoff Road—1 antlered bull; however during the period Aug. 20–Aug. 28 only a bull with Spike/fork antlers may be taken.	Aug. 20–Aug. 28. Sept. 1–Sept. 15.
Unit 20(F)—that portion within the Dalton Highway Corridor Management Area—1 antlered bull by Federal registration permit only.	Sept. 1–Sept. 25.
Unit 20(F)—remainder—1 antlered bull	Sept. 1–Sept. 25.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1.	Sept. 1–Mar. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx:	
Unit 20(E)—2 lynx	Nov. 1–Jan. 31.
Unit 20—remainder—2 lynx	Dec. 1–Jan. 31.
Wolf: 10 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed):	
Unit 20(D)—that portion south of the Tanana River and west of the Johnson River—15 per day, 30 in possession, provided that not more than 5 per day and 10 in possession are sharp-tailed grouse.	Aug. 25–Mar. 31.
Unit 20—remainder—15 per day, 30 in possession	Aug. 10–Mar. 31.
Ptarmigan (Rock, Willow, and White-tailed):	
Unit 20—those portions within five miles of Alaska Route 5 (Taylor Highway, both to Eagle and the Alaska-Canada boundary) and that portion of Alaska Route 4 (Richardson Highway) south of Delta Junction—20 per day, 40 in possession.	Aug. 10–Mar. 31.
Unit 20—remainder—20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver:	
Units 20(A), 20(B), Unit 20(C), and 20(F)—No limit	Nov. 1–Apr. 15.
Units 20(D) and (E)—25 beaver	Nov. 1–Apr. 15.
Coyote:	
Unit 20(E)—No limit	Oct. 15–Apr. 30.
Remainder Unit 20—No limit	Nov. 1–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Feb. 28.
Lynx:	
Unit 20(A), (B), (D), (E), and (C) east of the Teklanika River—No limit	Dec. 1–Feb. 15.
Unit 20(F) and the remainder of 20(C)—No limit	Nov. 1–Feb. 28.
Marten: No limit	Nov. 1–Feb. 28.
Mink and Weasel: No limit	Nov. 1–Feb. 28.
Muskrat:	
Unit 20(E)—No limit	Sept. 20–June 10.
Unit 20—remainder—No limit	Nov. 1–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf:	
Unit 20(A, B, C, & F)—No limit	Nov. 1–Apr. 30.
Unit 20(D)—No limit	Oct. 15–Apr. 30.
Unit 20(E)—No limit	Oct. 1–Apr. 30.
Wolverine: No limit	Nov. 1–Feb. 28.

(21) *Unit 21.* (i) Unit 21 consists of drainages into the Yukon River upstream from Paimiut to, but not including the Tozitna River drainage on the north bank, and to, but not including the Tanana River drainage on the south bank; and excluding the Koyukuk River drainage upstream from the Dulbi River drainage:

(A) Unit 21(A) consists of the Innoko River drainage upstream from and including the Iditarod River drainage,

and the Nowitna River drainage upstream from the Little Mud River;

(B) Unit 21(B) consists of the Yukon River drainage upstream from Ruby and east of the Ruby-Poorman Road, downstream from and excluding the Tozitna River and Tanana River drainages, and excluding the Nowitna River drainage upstream from the Little Mud River, and excluding the Melozitna River drainage upstream from Grayling Creek;

(C) Unit 21(C) consists of the Melozitna River drainage upstream from Grayling Creek, and the Dulbi River drainage upstream from and including the Cottonwood Creek drainage;

(D) Unit 21(D) consists of the Yukon River drainage from and including the Blackburn Creek drainage upstream to Ruby, including the area west of the Ruby-Poorman Road, excluding the Koyukuk River drainage upstream from the Dulbi River drainage, and excluding the Dulbi River drainage upstream from Cottonwood Creek;

(E) Unit 21(E) consists of the Yukon River drainage from Paimiut upstream to, but not including the Blackburn Creek drainage, and the Innoko River drainage downstream from the Iditarod River drainage.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) The Koyukuk Controlled Use Area, which consists of those portions of Units 21 and 24 bounded by a line from the north bank of the Yukon River at Koyukuk, then northerly to the confluences of the Honhosa and Kateel Rivers, then northeasterly to the confluences of Billy Hawk Creek and the Huslia River (65°57' N. lat., 156°41' W. long.), then easterly to the south end of Solsmunket Lake, then east to Hughes, then south to Little Indian River, then southwesterly to the crest of Hochandochtla Mountain, then southwest to the mouth of Cottonwood Creek then southwest to Bishop Rock, then westerly along the north bank of the Yukon River (including Koyukuk Island) to the point of beginning, is closed during moose-hunting seasons to the use of aircraft for hunting moose, including transportation of any moose hunter or moose part; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the controlled use area or between a publicly owned airport within the area and points outside the area; all hunters on the Koyukuk River passing the ADF&G operated check station at Ella's Cabin (15 miles upstream from the Yukon on the Koyukuk River) are required to stop and report to ADF&G personnel at the check station;

(B) The Paradise Controlled Use Area, which consists of that portion of Unit 21 bounded by a line beginning at the old village of Paimiut, then north along the west bank of the Yukon River to Paradise, then northwest to the mouth of Stanstrom Creek on the Bonasila River, then northeast to the mouth of the Anvik River, then along the west bank of the Yukon River to the lower end of Eagle Island (approximately 45 miles north of Grayling), then to the mouth of the Iditarod River, then down the east bank of the Innoko River to its confluence with Paimiut Slough, then south along the east bank of Paimiut Slough to its mouth, and then to the old village of Paimiut, is closed during moose hunting seasons to the use of aircraft for hunting moose, including transportation of any moose hunter or part of moose; however, this does not apply to transportation of a moose hunter or part of moose by aircraft between publicly owned airports in the Controlled Use Area or between a publicly owned airport within the area and points outside the area.

(iii) You may hunt brown bear by State registration permit in lieu of a resident tag in the Northwest Alaska Brown Bear Management Area, which consists of Unit 21(D), Unit 22, except 22(C), those portions of Unit 23, except the Baldwin Peninsula north of the Arctic Circle, Unit 24, and Unit 26(A), if you have obtained a State registration permit prior to hunting. Aircraft may not be used in the Northwest Alaska Brown Bear Management Area in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation of hunters, bears, or parts of bears; however, this does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iv) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 30;

(B) If you have a trapping license, you may use a firearm to take beaver in Unit 21(E) from Apr. 1-June 1;

Forest Service, USDA

§ 242.25

(C) The residents of Unit 20 and 21 may take up to three moose per regulatory year for the celebration known as the Nuchalawoyya Potlatch, under the terms of a Federal registration permit. Permits will be issued to individuals only at the request of the Native Village of Tanana. This three moose limit is not cumulative with that permitted by the State;

(D) The residents of Unit 21 may take up to three moose per regulatory year for the celebration known as the Kaltag/Nulato Stickdance, under the terms of a Federal registration permit. Permits will be issued to individuals only at the request of the Native Village of Kaltag or Nulato. This three moose limit is not cumulative with that permitted by the State.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear:	
Unit 21(D)—1 bear by State registration permit only	Sept. 1–June 15.
Unit 21—remainder—1 bear every four regulatory years	Sept. 1–May 31.
Caribou:	
Unit 21(A)—1 caribou	Aug. 10–Sept. 30. Dec. 10–Dec. 20.
Unit 21(B), (C), and (E)—1 caribou	Aug. 10–Sept. 30.
Unit 21(D)—north of the Yukon River and east of the Koyukuk River 1 caribou; however, 2 additional caribou may be taken during a winter season to be announced ..	Aug. 10–Sept. 30.
Winter season to be announced.	
Unit 21(D)—remainder—5 caribou per day; however, cow caribou may not be taken May 16–June 30.	July 1–June 30.
Moose:	
Unit 21(A)—1 bull	Aug. 20–Sept. 25. Nov. 1–Nov. 30.
Unit 21(B) and (C)—1 antlered bull	Sept. 5–Sept. 25.
Unit 21(D)—Koyukuk Controlled Use Area—1 moose; however, antlerless moose may be taken only during Aug. 27–31 and the February season. During the Aug. 27–Sept. 20 season a State registration permit is required. Moose may not be taken within one-half mile of the mainstem Yukon River during the February season. A 10-day winter hunt to occur between Feb. 1 and Feb. 28 will be opened by announcement of the Koyukuk/Nowitna National Wildlife Refuge Manager after consultation with the ADF&G area biologist and the Chairs of the Western Interior Regional Advisory Council and Middle Yukon Fish and Game Advisory Committee.	Aug. 27–Sept. 20. Winter season to be announced.
Unit 21(D)—remainder—1 moose; however, antlerless moose may be taken only during Sept. 21–25 and the February season. Moose may not be taken within one-half mile of the mainstem Yukon River during the February season. A 10-day winter hunt to occur between Feb. 1 and Feb. 28 will be opened by announcement of the Koyukuk/Nowitna National Wildlife Refuge Manager after consultation with the ADF&G area biologist and the Chairs of the Western Interior Regional Advisory Council and Middle Yukon Fish and Game Advisory Committee.	Sept. 5–Sept. 25. Winter season to be announced.
Unit 21(E)—1 moose; however, only bulls may be taken from Aug. 20–Sept. 25; moose may not be taken within one-half mile of the Innoko or Yukon River during the February season.	Aug. 20–Sept. 25. Feb. 1–Feb. 10.
Coyote: 10 coyotes; however, no more than 2 coyotes may be taken before October 1	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1.	Sept. 1–Mar. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Nov. 1–Feb. 28.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver: No Limit	Nov. 1–June 10.
Coyote: No limit	Nov. 1–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Feb. 28.
Lynx: No limit	Nov. 1–Feb. 28.
Marten: No limit	Nov. 1–Feb. 28.
Mink and Weasel: No limit	Nov. 1–Feb. 28.
Muskrat: No limit	Nov. 1–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Nov. 1–Apr. 30.
Wolverine: No limit	Nov. 1–Mar. 31.

(22) Unit 22. (i) Unit 22 consists of Strait, Chukchi Sea, and Kotzebue Bering Sea, Norton Sound, Bering Sound drainages from, but excluding,

the Pastolik River drainage in southern Norton Sound to, but not including, the Goodhope River drainage in Southern Kotzebue Sound, and all adjacent islands in the Bering Sea between the mouths of the Goodhope and Pastolik Rivers:

(A) Unit 22(A) consists of Norton Sound drainages from, but excluding, the Pastolik River drainage to, and including, the Ungalik River drainage, and Stuart and Besboro Islands;

(B) Unit 22(B) consists of Norton Sound drainages from, but excluding, the Ungalik River drainage to, and including, the Topkok Creek drainage;

(C) Unit 22(C) consists of Norton Sound and Bering Sea drainages from, but excluding, the Topkok Creek drainage to, and including, the Tisuk River drainage, and King and Sledge Islands;

(D) Unit 22(D) consists of that portion of Unit 22 draining into the Bering Sea north of, but not including, the Tisuk River to and including Cape York, and St. Lawrence Island;

(E) Unit 22(E) consists of Bering Sea, Bering Strait, Chukchi Sea, and Kotzebue Sound drainages from Cape York to, but excluding, the Goodhope River drainage, and including Little Diomedé Island and Fairway Rock.

(ii) You may hunt brown bear by State registration permit in lieu of a resident tag in the Northwest Alaska

Brown Bear Management Area, which consists of Unit 22, except 22(C), those portions of Unit 23, except the Baldwin Peninsula north of the Arctic Circle, Unit 24, and Unit 26(A), if you have obtained a State registration permit prior to hunting. Aircraft may not be used in the Northwest Alaska Brown Bear Management Area in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation of hunters, bears, or parts of bears; however, this does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iii) Unit-specific regulations:

(A) If you have a trapping license, you may use a firearm to take beaver in Unit 22 during the established seasons;

(B) Coyote, incidentally taken with a trap or snare intended for red fox or wolf, may be used for subsistence purposes;

(C) A snowmachine may be used to position a hunter to select individual caribou for harvest provided that the animals are not shot from a moving snowmachine.

Harvest limits	Open season
HUNTING	
Black Bear 3 bears	July 1–June 30.
Brown Bear:	
Unit 22(A)—1 bear by State registration permit by residents of Unit 22(A) only	Sept. 1–May 31.
Unit 22(B)—1 bear by State registration permit by residents of Unit 22(B) only	Sept. 1–May 31.
Unit 22(C)	No open season.
Unit 22(E)—1 bear by State registration permit only	Aug. 1–May 31.
Unit 22—remainder—1 bear by State registration permit	Sept. 1–May 31.
Caribou: Unit 22(A) and (B)—5 caribou per day; however, cow caribou may not be taken May 16–June 30	July 1–June 30.
Moose:	
Unit 22(A)—1 bull; however, the period of Dec. 1–Jan. 31 is closed to hunting except by residents of Unit 22(A) only.	Aug. 1–Sept. 30. Dec. 1–Jan. 31.
Unit 22(B)—1 bull	Aug. 1–Jan. 31.
Unit 22(C)—1 antlered bull	Sept. 1–Sept. 14.
Unit 22(D)—that portion within the Kuzitrin River drainage—1 antlered bull	Aug. 1–Jan. 31.
Unit 22(D)—remainder—1 moose; however, antlerless moose may be taken only from Dec. 1–Dec. 31; no person may take a cow accompanied by a calf.	Aug. 1–Jan. 31.
Unit 22(E)—1 moose; no person may take a cow accompanied by a calf	Aug. 1–Mar. 31.
Muskox:	
Unit 22(D)—1 bull by Federal registration permit or State Tier II permit. Federal public lands are closed to the taking of muskox except by Federally-qualified subsistence users. Six Federal permits may be issued in conjunction with the State Tier II hunt; the combined total of Federal and State permits will not exceed 39 permits.	Aug. 1–Mar. 15.
Unit 22(E)—1 bull by Federal registration permit or State Tier II permit. Federal public lands are closed to the taking of muskox except by Federally-qualified subsistence users. Eleven Federal permits may be issued in conjunction with the State Tier II hunt; the combined total of Federal and State permits will not exceed 23 permits.	Aug. 1–Mar. 15.
Unit 22—remainder	No open season.

Harvest limits	Open season
Beaver:	
Unit 22(A), (B), (D), and(E)—50 beaver	Nov. 1–June 10.
Unit 22—remainder	No open season.
Coyote: Federal public lands are closed to the taking of coyotes	
Fox, Arctic (Blue and White Phase): 2 foxes	No open season.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes	Sept. 1–Apr. 30.
Hare (Snowshoe and Tundra): No limit	Nov. 1–Apr. 15.
Lynx: 2 lynx	Sept. 1–Apr. 15.
Marten:	
Unit 22(A) 22(B)—No limit	Nov. 1–Apr. 15.
Unit 22—remainder	No open season.
Mink and Weasel: No limit	Nov. 1–Jan. 31.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Nov. 1–Apr. 15.
Wolverine: 3 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed):	
Unit 22(A) and 22(B) east of and including the Niukluk River drainage—40 per day, 80 in possession ...	Aug. 10–Apr. 30.
Unit 22(E)—20 per day, 40 in possession	July 15–May 15.
Unit 22 Remainder—20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver:	
Unit 22(A), (B), (D), and (E)—50 beaver	Nov. 1–June 10.
Unit 22(C)	No open season.
Coyote: Federal public lands are closed to the taking of coyotes	
Fox, Arctic (Blue and White Phase): No limit	No open season.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Apr. 15.
Lynx: No limit	Nov. 1–Apr. 15.
Marten: No limit	Nov. 1–Apr. 15.
Mink and Weasel: No limit	Nov. 1–Jan. 31.
Muskrat: No limit	Nov. 1–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Nov. 1–Apr. 30.
Wolverine: No limit	Nov. 1–Apr. 15.

(23) *Unit 23.* (i) Unit 23 consists of Kotzebue Sound, Chukchi Sea, and Arctic Ocean drainages from and including the Goodhope River drainage to Cape Lisburne.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) You may not use aircraft in any manner either for hunting of ungulates, bear, wolves, or wolverine, or for transportation of hunters or harvested species in the Noatak Controlled Use Area, which consists of that portion of Unit 23 in a corridor extending five miles on either side of the Noatak River beginning at the mouth of the Noatak River, and extending upstream to the mouth of Sapun Creek, is closed for the period August 25–September 15. This does not apply to the transportation of hunters or parts of ungulates, bear, wolves, or wolverine by regularly scheduled flights to communities by carriers that normally provide scheduled air service;

(B) You may hunt brown bear by State registration permit in lieu of a

resident tag in the Northwest Alaska Brown Bear Management Area, which consists of Unit 22, except 22(C), those portions of Unit 23, except the Baldwin Peninsula north of the Arctic Circle, Unit 24, and Unit 26(A); if you have obtained a State registration permit prior to hunting. Aircraft may not be used in the Northwest Alaska Brown Bear Management Area in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation of hunters, bears or parts of bears; however, this does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iii) Unit-specific regulations:

(A) You may take caribou from a boat moving under power in Unit 23;

(B) In addition to other restrictions on method of take found in this §242.25,

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

you may also take swimming caribou with a firearm using rimfire cartridges;

(C) If you have a trapping license, you may take beaver with a firearm in all of Unit 23 from Nov. 1–Jun. 10;

(D) For the Baird and DeLong Mountain sheep hunts—A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take sheep on his or her behalf unless the recipient is a member of a community operating under a community harvest system.

The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time;

(E) A snowmachine may be used to position a hunter to select individual caribou for harvest provided that the animals are not shot from a moving snowmachine.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear:	
Unit 23—except the Baldwin Peninsula north of the Arctic Circle—1 bear by State registration permit ...	Sept. 1–May 31.
Unit 23—remainder—1 bear every four regulatory years	Sept. 1–Oct. 10.
	Apr. 15–May 25.
Caribou: 15 caribou per day; however, cow caribou may not be taken May 16–June 30	July 1–June 30.
Sheep:	
Unit 23—south of Rabbit Creek, Kyak Creek and the Noatak River, and west of the Cutler and Redstone Rivers (Baird Mountains)—1 ram with full curl or larger horns by Federal registration permit. The Superintendent of the Western Arctic National Parklands may issue permits for the harvest of up to 20 full curl rams, based on a quota to be announced locally after the annual sheep population survey is completed. Federal public lands are closed to the taking of sheep except by Federally-qualified subsistence users.	Aug. 1–Sept. 30. The season will be closed when the total quota has been harvested.
Unit 23—south of Rabbit Creek, Kyak Creek and the Noatak River, and west of the Cutler and Redstone Rivers (Baird Mountains)—1 ram with full curl or larger horns by Federal registration permit. The Superintendent of the Western Arctic National Parklands may issue permits for the harvest of up to 20 full curl rams, based on a quota to be announced locally after the annual sheep population survey is completed. Federal public lands are closed to the taking of sheep except by Federally-qualified subsistence users.	Oct. 1–Apr. 1. The season will be closed when the total quota of sheep has been harvested including those harvested during the Aug. 1–Sept. 30 season.
Unit 23—north of Rabbit Creek, Kyak Creek and the Noatak River, and west of the Aniak River (DeLong Mountains)—1 ram with full curl or larger horns by Federal registration permit. The Superintendent of the Western Arctic National Parklands may issue permits for the harvest of up to 10 full curl rams in the DeLong Mountains, Units 23 and 26(A), based on a quota to be announced locally after the annual sheep population survey is completed.	Aug. 1–Sept. 30. The season will be closed when half of the quota has been harvested in the DeLong Mountains.
Unit 23—north of Rabbit Creek, Kyak Creek and the Noatak River, and west of the Aniak River (DeLong Mountains)—1 ram with full curl or larger horns by Federal registration permit. The Superintendent of the Western Arctic National Parklands may issue permits for the harvest of up to 10 full curl rams in the DeLong Mountains, Units 23 and 26(A), based on a quota to be announced locally after the annual sheep population survey is completed.	Oct. 1–Apr. 1. The season will be closed when the total quota of sheep has been harvested in the DeLong Mountains including those harvested during the Aug. 1–Sept. 30 season.
Unit 23, remainder (Schwatka Mountains)—1 ram with 7/8 curl horn or larger	Aug. 10–Sept. 20.
Unit 23, remainder (Schwatka Mountains)—1 sheep	Oct. 1–Apr. 30.
Moose:	
Unit 23—that portion north and west of and including the Singoalik River drainage, and all lands draining into the Kukpuk and Ipewik Rivers—1 moose; no person may take a cow accompanied by a calf.	July 1–Mar. 31.
Unit 23—that portion lying within the Noatak River drainage—1 moose; however, antlerless moose may be taken only from Nov. 1–Mar. 31; no person may take a cow accompanied by a calf.	Aug. 1–Sept. 15. Oct. 1–Mar. 31.
Unit 23—remainder—1 moose; no person may take a cow accompanied by a calf	Aug. 1–Mar. 31.
Muskox:	

Harvest limits	Open season
Unit 23—south of Kotzebue Sound and west of and including the Buckland River drainage—1 bull by Federal registration permit or State Tier II permit. Federal public lands are closed to the taking of muskox except by Federally-qualified subsistence users. Eight Federal permits may be issued in conjunction with the State Tier II hunt; the combined total of Federal and State permits will not exceed 12 permits.	Aug. 1–Mar. 15.
Unit 23—remainder	No open season.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Arctic (Blue and White Phase): 2 foxes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1.	Sept. 1–Mar. 15.
Hare: (Snowshoe and Tundra) No limit	July 1–June 30.
Lynx: 2 lynx	Dec. 1–Jan. 15.
Wolf: 5 wolves	Nov. 10–Mar. 31.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver:	
Unit 23—the Kobuk and Selawik River drainages—50 beaver	July 1–June 30.
Unit 23—remainder—30 beaver	July 1–June 30.
Coyote: No limit	Nov. 1–Apr. 15.
Fox, Arctic (Blue and White Phase): No limit	Nov. 1–Apr. 15.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Apr. 15.
Lynx: 3 lynx	Dec. 1–Jan. 15.
Marten: No limit	Nov. 1–Apr. 15.
Mink and Weasel: No limit	Nov. 1–Jan. 31.
Muskrat: No limit	Nov. 1–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Nov. 1–Apr. 30.
Wolverine: No limit	Nov. 1–Apr. 15.

(24) *Unit 24.* (i) Unit 24 consists of the Koyukuk River drainage upstream from but not including the Dulbi River drainage.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) You may not use motorized vehicles, except aircraft and boats, and licensed highway vehicles, snowmobiles, and firearms in the Dalton Highway Corridor Management Area, which consists of those portions of Units 20, 24, 25, and 26 extending five miles from each side of the Dalton Highway from the Yukon River to milepost 300 of the Dalton Highway, except as follows: Residents living within the Dalton Highway Corridor Management Area may use snowmobiles only for the subsistence taking of wildlife. You may use licensed highway vehicles only on designated roads within the Dalton Highway Corridor Management Area. The residents of Alatna, Allakaket, Anaktuvuk Pass, Bettles, Evansville, Stevens Village, and residents living within the Corridor may use firearms within the Corridor is authorized only for subsistence taking of wildlife;

(B) You may not use aircraft for hunting moose, including transportation of any moose hunter or moose part in the Kanuti Controlled Use Area, which consists of that portion of Unit 24 bounded by a line from the Bettles Field VOR to the east side of Fish Creek Lake, to Old Dummy Lake, to the south end of Lake Todatonten (including all waters of these lakes), to the northernmost headwaters of Siruk Creek, to the highest peak of Double Point Mountain, then back to the Bettles Field VOR; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the controlled use area or between a publicly owned airport within the area and points outside the area;

(C) You may not use aircraft for hunting moose, including transportation of any moose hunter or moose part in the Koyukuk Controlled Use Area, which consists of those portions of Units 21 and 24 bounded by a line from the north bank of the Yukon River at Koyukuk, then northerly to the confluences of the Honhosa and Kateel Rivers, then northeasterly to the confluences of Billy Hawk Creek

§ 242.25

36 CFR Ch. II (7-1-00 Edition)

and the Huslia River (65° 57' N. lat., 156° 41' W. long.), then easterly to the south end of Solismunket Lake, then east to Hughes, then south to Little Indian River, then southwesterly to the crest of Hochandochtla Mountain, then southwest to the mouth of Cottonwood Creek, then southwest to Bishop Rock, then westerly along the north bank of the Yukon River (including Koyukuk Island) to the point of beginning; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the controlled use area or between a publicly owned airport within the area and points outside the area; all hunters on the Koyukuk River passing the ADF&G operated check station at Ella's Cabin (15 miles upstream from the Yukon on the Koyukuk River) are required to stop and report to ADF&G personnel at the check station;

(D) You may hunt brown bear by State registration permit in lieu of a resident tag in the Northwest Alaska Brown Bear Management Area, which

consists of Unit 22, except 22(C), those portions of Unit 23, except the Baldwin Peninsula north of the Arctic Circle, Unit 24, and Unit 26(A), if you have obtained a State registration permit prior to hunting. You may not use aircraft in the Northwest Alaska Brown Bear Management Area in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation of hunters, bears or parts of bears. However, this does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 30;

(B) Arctic fox, incidentally taken with a trap or snare intended for red fox, may be used for subsistence purposes.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear: Unit 24—1 bear by State registration permit	Sept. 1–May 31.
Caribou:	
Unit 24—that portion south of the south bank of the Kanuti River, upstream from and including that portion of the Kanuti-Kilolitna River drainage, bounded by the southeast bank of the Kodosin-Nolitna Creek, then downstream along the east bank of the Kanuti-Kilolitna River to its confluence with the Kanuti River—1 caribou.	Aug. 10–Mar. 31.
Remainder of Unit 24—5 caribou per day; however, cow caribou may not be taken May 16–June 30	July 1–June 30.
Sheep:	
Unit 24—(Anaktuvuk Pass residents only)—that portion within the Gates of the Arctic National Park—community harvest quota of 60 sheep, no more than 10 of which may be ewes and a daily possession limit of 3 sheep per person no more than 1 of which may be a ewe.	July 15–Dec. 31.
Unit 24—(excluding Anaktuvuk Pass residents)—that portion within the Gates of the Arctic National Park—3 sheep.	Aug. 1–Apr. 30.
Unit 24—that portion within the Dalton Highway Corridor Management Area; except, Gates of the Arctic National Park—1 ram with 7/8 curl horn or larger by Federal registration permit only.	Aug. 10–Sept. 20.
Unit 24—remainder—1 ram with 7/8 curl horn or larger	Aug. 10–Sept. 20.
Moose:	
Unit 24—that portion within the Koyukuk Controlled Use Area—1 moose; however, antlerless moose may only be taken during the periods of Aug. 27–31, Dec. 1–Dec. 10, and Mar. 1–Mar. 10. During Aug. 27–Sept. 20, a State registration permit is required.	Aug. 27–Sept. 20. Dec. 1–Dec. 10. Mar. 1–Mar. 10.
Unit 24—that portion that includes the John River drainage within the Gates of the Arctic National Park—1 moose.	Aug. 1–Dec. 31.
Unit 24—the Alatna River drainage within the Gates of the Arctic National Park—1 moose; however, antlerless moose may be taken only from Sept. 21–Sept. 25 and Mar. 1–Mar. 10.	Aug. 25–Dec. 31. Mar. 1–Mar. 10.
Unit 24—all drainages to the north of the Koyukuk River upstream from and including the Alatna River to and including the North Fork of the Koyukuk River, except those portions of the John River and the Alatna River drainages within the Gates of the Arctic National Park—1 moose; however, antlerless moose may be taken only from Sept. 21–Sept. 25 and Mar. 1–Mar. 10.	Aug. 25–Sept. 25. Mar. 1–Mar. 10.
Unit 24—that portion within the Dalton Highway Corridor Management Area; except, Gates of the Arctic National Park—1 antlered bull by Federal registration permit only.	Aug. 25–Sept. 25.
Unit 24—remainder—1 antlered bull. Public lands in the Kanuti Controlled Use Area are closed to taking of moose, except by eligible rural Alaska residents.	Aug. 25–Sept. 25.
Coyote: 10 coyotes; however, no more than 2 coyotes may be taken before October 1	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1.	Sept. 1–Mar. 15.

Harvest limits	Open season
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Nov. 1–Feb. 28.
Wolf: 5 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver: No limit	Nov. 1–June 10.
Coyote: No limit	Nov. 1–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Feb. 28.
Lynx: No limit	Nov. 1–Feb. 28.
Marten: No limit	Nov. 1–Feb. 28.
Mink and Weasel: No limit	Nov. 1–Feb. 28.
Muskrat: No limit	Nov. 1–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Nov. 1–Apr. 30.
Wolverine: No limit	Nov. 1–Mar. 31.

(25) *Unit 25.* (i) Unit 25 consists of the Yukon River drainage upstream from but not including the Hamlin Creek drainage, and excluding drainages into the south bank of the Yukon River upstream from the Charley River:

(A) Unit 25(A) consists of the Hodzana River drainage upstream from the Narrows, the Chandalar River drainage upstream from and including the East Fork drainage, the Christian River drainage upstream from Christian, the Sheenjek River drainage upstream from and including the Thluichohnjik Creek, the Coleen River drainage, and the Old Crow River drainage;

(B) Unit 25(B) consists of the Little Black River drainage upstream from but not including the Big Creek drainage, the Black River drainage upstream from and including the Salmon Fork drainage, the Porcupine River drainage upstream from the confluence of the Coleen and Porcupine Rivers, and drainages into the north bank of the Yukon River upstream from Circle, including the islands in the Yukon River;

(C) Unit 25(C) consists of drainages into the south bank of the Yukon River upstream from Circle to the Subunit 20(E) boundary, the Birch Creek drainage upstream from the Steese Highway bridge (milepost 147), the Preacher Creek drainage upstream from and including the Rock Creek drainage, and the Beaver Creek drainage upstream from and including the Moose Creek drainage;

(D) Unit 25(D) consists of the remainder of Unit 25.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) You may not use of motorized vehicles, except aircraft and boats, and licensed highway vehicles, snowmobiles, and firearms in the Dalton Highway Corridor Management Area, which consists of those portions of Units 20, 24, 25, and 26 extending five miles from each side of the Dalton Highway from the Yukon River to milepost 300 of the Dalton Highway, except as follows: Residents living within the Dalton Highway Corridor Management Area may use snowmobiles only for the subsistence taking of wildlife. You may use licensed highway vehicles only on designated roads within the Dalton Highway Corridor Management Area. Residents of Alatna, Allakaket, Anaktuvuk Pass, Bettles, Evansville, Stevens Village, and residents living within the Corridor may use firearms within the Corridor;

(B) The Arctic Village Sheep Management Area consists of that portion of Unit 25(A) north and west of Arctic Village, which is bounded on the east by the East Fork Chandalar River beginning at the confluence of Red Sheep Creek and proceeding southwesterly downstream past Arctic Village to the confluence with Crow Nest Creek, continuing up Crow Nest Creek, through Portage Lake, to its confluence with the Junjik River; then down the Junjik River past Timber Lake and a larger

tributary, to a major, unnamed tributary, northwesterly, for approximately 6 miles where the stream forks into 2 roughly equal drainages; the boundary follows the easternmost fork, proceeding almost due north to the headwaters and intersects the Continental Divide; the boundary then follows the Continental Divide easterly, through Carter Pass, then easterly and north-easterly approximately 62 miles along the divide to the head waters of the most northerly tributary of Red Sheep Creek then follows southerly along the divide designating the eastern extreme of the Red Sheep Creek drainage then to the confluence of Red Sheep Creek and the East Fork Chandalar River.

(iii) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 30;

(B) You may take caribou and moose from a boat moving under power in Unit 25;

(C) The taking of bull moose outside the seasons provided in this part for food in memorial potlatches and tradi-

tional cultural events is authorized in Unit 25(D) west provided that:

(1) The person organizing the religious ceremony or cultural event contact the Refuge Manager, Yukon Flats National Wildlife Refuge prior to taking or attempting to take bull moose and provide to the Refuge Manager the name of the decedent, the nature of the ceremony or cultural event, number to be taken, the general area in which the taking will occur;

(2) Each person who takes a bull moose under this section must submit a written report to the Refuge Manager, Yukon Flats National Wildlife Refuge not more than 15 days after the harvest specifying the harvester's name and address, and the date(s) and location(s) of the taking(s);

(3) No permit or harvest ticket is required for taking under this section; however, the harvester must be an Alaska rural resident with customary and traditional use in Unit 25(D) west;

(4) Any moose taken under this provision counts against the annual quota of 60 bulls.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear: Unit 25(D)—1 bear	July 1–June 30.
Caribou:	
Unit 25(C)—that portion south and east of the Steese Highway—1 bull by joint State/Federal registration permit only. The fall season will close when a combined State/Federal harvest of 30 bulls has been reached. The winter season will close when the combined fall and winter State/Federal harvest quota of 150 bulls for the Fortymile herd has been reached. The season closures will be announced by the Northern Field Office Manager, Bureau of Land Management after consultation with the National Park Service and Alaska Department of Fish and Game.	Aug. 10–Sept. 30. Nov. 15–Feb. 28.
25(C)—that portion north and west of the Steese Highway—1 caribou; however, only bull caribou may be taken during the Aug. 10–Sept. 20 season. During the winter season, caribou may be taken only with a Federal registration permit. The winter season will be closed by announcement of the Northern Field Office, BLM, when the quota of 30 caribou has been taken.	Aug. 10–Sept. 20. Feb. 1–Mar. 31.
Unit 25 (D)—that portion of Unit 25(D) drained by the west fork of the Dall River west of 150' W. long.—1 bull.	Aug. 10–Sept. 30. Dec. 1–Dec. 31.
Unit 25(A), (B), and the remainder of Unit 25(D)—10 caribou	July 1–Apr. 30.
Sheep:	
Unit 25(A)—that portion within the Dalton Highway Corridor Management Area	No open season.
Units 25(A)—Arctic Village Sheep Management Area—2 rams by Federal registration permit only. Public lands are closed to the taking of sheep except by rural Alaska residents of Arctic Village, Venetie, Fort Yukon, Kaktovik, and Chalkytsik during seasons identified above.	Aug. 10–Apr. 30.
Unit 25(A)—remainder—3 sheep by Federal registration permit only	Aug. 10–Apr. 30.
Moose:	
Unit 25(A)—1 antlered bull	Aug. 25–Sept. 25. Dec. 1–Dec. 10.
Unit 25(B)—that portion within Yukon Charley National Preserve—1 bull	Aug. 20–Sept. 30.
Unit 25(B)—that portion within the Porcupine River drainage upstream from, but excluding the Coleen River drainage—1 antlered bull.	Aug. 25–Sept. 30. Dec. 1–Dec. 10.
Unit 25(B)—that portion, other than Yukon Charley National Preserve, draining into the north bank of the Yukon River upstream from and including the Kandik River drainage, including the islands in the Yukon River—1 antlered bull.	Sept. 5–Sept. 30. Dec. 1–Dec. 15.
Unit 25(B)—remainder—1 antlered bull	Aug. 25–Sept. 25. Dec. 1–Dec. 15.
Unit 25(C)—1 antlered bull	Sept. 1–Sept. 15.

Harvest limits	Open season
Unit 25(D)(West)—that portion lying west of a line extending from the Unit 25(D) boundary on Preacher Creek, then downstream along Preacher Creek, Birch Creek and Lower Mouth Birch Creek to the Yukon River, then downstream along the north bank of the Yukon River (including islands) to the confluence of the Hadweenzik River, then upstream along the west bank of the Hadweenzik River to the confluence of Forty and One-Half Mile Creek, then upstream along Forty and One-Half Mile Creek to Nelson Mountain on the Unit 25(D) boundary—1 bull by a Federal registration permit. Alternate permits allowing for designated hunters are available to qualified applicants who reside in Beaver, Birch Creek, or Stevens Village. A total of 60 permits will be issued (25 to Stevens Village residents, 25 to Beaver residents, and 10 to Birch Creek residents.) Moose hunting on public land in this portion of Unit 25(D)(West) is closed at all times except for residents of Beaver, Birch Creek, and Stevens Village during seasons identified above. The moose season will be closed when 60 moose have been harvested in the entirety (from Federal and non-Federal lands) of Unit 25(D)(West).	Aug. 25–Feb. 28.
Unit 25(D)—remainder—1 antlered moose	Aug. 25–Sept. 25. Dec. 1–Dec. 20.
Beaver:	
Unit 25, excluding Unit 25(C)—1 beaver per day; 1 in possession	Apr. 16–Oct. 31.
Unit 25(C)	No Federal open season.
Coyote: 2 coyotes.	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases): 10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1.	Sept. 1–Mar. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx:	
Unit 25(C)—2 lynx	Dec. 1–Jan. 31.
Unit 25—remainder—2 lynx	Nov. 1–Feb. 28.
Wolf:	
Unit 25(A)—No limit	Aug. 10–Apr. 30.
Remainder of Unit 25—10 wolves	Aug. 10–Apr. 30.
Wolverine: 1 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed):	
Unit 25(C)—15 per day, 30 in possession	Aug. 10–Mar. 31.
Unit 25—remainder—15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed):	
Unit 25(C)—those portions within 5 miles of Route 6 (Steese Highway)—20 per day, 40 in possession	Aug. 10–Mar. 31.
Unit 25—remainder—20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Beaver:	
Unit 25(C)—No limit	Nov. 1–Apr. 15.
Unit 25—remainder—50 beaver	Nov. 1–Apr. 15.
Coyote: No limit	Nov. 1–Mar. 31.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Feb. 28.
Lynx: No limit	Nov. 1–Feb. 28.
Marten: No limit	Nov. 1–Feb. 28.
Mink and Weasel: No limit	Nov. 1–Feb. 28.
Muskrat: No limit	Nov. 1–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Nov. 1–Apr. 30.
Wolverine:	
Unit 25(C)—No limit	Nov. 1–Feb. 28.
Unit 25—remainder—No limit	Nov. 1–Mar. 31.

(26) *Unit 26.* (i) Unit 26 consists of Arctic Ocean drainages between Cape Lisburne and the Alaska-Canada border including the Firth River drainage within Alaska:

(A) Unit 26(A) consists of that portion of Unit 26 lying west of the Itkillik River drainage and west of the east bank of the Colville River between the mouth of the Itkillik River and the Arctic Ocean;

(B) Unit 26(B) consists of that portion of Unit 26 east of Unit 26(A), west of the west bank of the Canning River and

west of the west bank of the Marsh Fork of the Canning River;

(C) Unit 26(C) consists of the remainder of Unit 26.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) You may not use of aircraft in any manner for moose hunting, including transportation of moose hunters or parts of moose from Aug. 1–Aug. 31 and from Jan. 1–Mar. 31 in Unit 26(A). No hunter may take or transport a moose, or part of a moose in Unit 26(A) after having been transported by aircraft

into the unit. However, this does not apply to transportation of moose hunters or moose parts by regularly scheduled flights to and between villages by carriers that normally provide scheduled service to this area, nor does it apply to transportation by aircraft to or between publicly owned airports;

(B) You may not use motorized vehicles, except aircraft and boats, and licensed highway vehicles, snowmobiles, and firearms in the Dalton Highway Corridor Management Area, which consists of those portions of Units 20, 24, 25, and 26 extending five miles from each side of the Dalton Highway from the Yukon River to milepost 300 of the Dalton Highway, except as follows: Residents living within the Dalton Highway Corridor Management Area may use snowmobiles only for the subsistence taking of wildlife. You may use licensed highway vehicles only on designated roads within the Dalton Highway Corridor Management Area. The residents of Alatna, Allakaket, Anaktuvuk Pass, Bettles, Evansville, Stevens Village, and residents living within the Corridor may use firearms within the Corridor;

(C) You may hunt brown bear by State registration permit in lieu of a resident tag in the Northwest Alaska Brown Bear Management Area, which consists of Unit 22, except 22(C), those portions of Unit 23, except the Baldwin Peninsula north of the Arctic Circle, Unit 24, and Unit 26(A), if you have obtained a State registration permit prior to hunting. You may not use aircraft in the Northwest Alaska Brown Bear Management Area in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation

of hunters, bears or parts of bears. However, this does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iii) Unit-specific regulations:

(A) You may take caribou from a boat moving under power in Unit 26;

(B) In addition to other restrictions on method of take found in this 242.25, you may also take swimming caribou with a firearm using rimfire cartridges;

(C) In Kaktovik, a Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take sheep on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time;

(D) For the DeLong Mountain sheep hunts—A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take sheep on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.

Harvest limits	Open season
HUNTING	
Black Bear: 3 bears	July 1–June 30.
Brown Bear:	
Unit 26(A)—1 bear by State registration permit	Sept. 1–May 31.
Unit 26(B) and (C)—1 bear	Sept. 1–May 31.
Caribou:	
Unit 26(A)—10 caribou per day; however, cow caribou may not be taken May 16–June 30. Federal lands south of the Colville River and east of the Killik River are closed to the taking of caribou by non-Federally qualified subsistence users from Aug. 1–Sept. 30.	July 1–June 30
Unit 26(B)—10 caribou per day; however, cow caribou may be taken only from Oct. 1–Apr. 30	July 1–June 30.
Unit 26(C)—10 caribou per day	July 1–Apr. 30
You may not transport more than 5 caribou per regulatory year from Unit 26 except to the community of Anaktuvuk Pass.	
Sheep:	

Forest Service, USDA

§ 242.26

Harvest limits	Open season
Unit 26(A) and (B)—(Anaktuvuk Pass residents only)—that portion within the Gates of the Arctic National Park—community harvest quota of 60 sheep, no more than 10 of which may be ewes and a daily possession limit of 3 sheep per person no more than 1 of which may be a ewe.	July 15–Dec. 31.
Unit 26(A)—(excluding Anaktuvuk Pass residents)—those portions within the Gates of the Arctic National Park—3 sheep.	Aug. 1–Apr. 30.
Unit 26(A)—that portion west of Howard Pass and the Etivluk River (DeLong Mountains)—1 ram with full curl or larger horns by Federal registration permit. The Superintendent of the Western Arctic National Parklands may issue permits for the harvest of up to 10 full curl rams in the DeLong Mountains, Units 23 and 26(A), based on a quota to be announced locally after the annual sheep population survey is completed.	Aug. 1–Sept. 30. The season will be closed when half of the quota has been harvested in the DeLong Mountains.
Unit 26(A)—that portion west of Howard Pass and the Etivluk River (DeLong Mountains)—1 ram with full curl or larger horns by Federal registration permit. The Superintendent of the Western Arctic National Parklands may issue permits for the harvest of up to 10 full curl rams in the DeLong Mountains, Units 23 and 26(A), based on a quota to be announced locally after the annual sheep population survey is completed.	Oct. 1–Apr. 1. The season will be closed when the total quota of sheep has been harvested in the DeLong Mountains including those harvested during the Aug. 1–Sept. 30 season.
Unit 26(B)—that portion within the Dalton Highway Corridor Management Area—1 ram with 7/8 curl horn or larger by Federal registration permit only.	Aug. 10–Sept. 20.
Unit 26(A)—remainder and 26(B)—remainder—including the Gates of the Arctic National Preserve—1 ram with 7/8 curl horn or larger.	Aug. 10–Sept. 20.
Unit 26(C)—3 sheep per regulatory year; the Aug. 10–Sept. 20 season is restricted to 1 ram with 7/8 curl horn or larger. A Federal registration permit is required for the Oct. 1–Apr. 30 season.	Aug. 10–Sept. 20. Oct. 1–Apr. 30.
Moose:	
Unit 26(A)—that portion of the Colville River drainage downstream from the mouth of the Anaktuvuk River—1 bull. Federal public lands are closed to the taking of moose by non-Federally qualified subsistence users.	Aug. 1–31.
Unit 26—remainder	No open season.
Muskox:	
Unit 26(C)—1 muskox by Federal registration permit only; 12 permits for bulls and 3 permits for cows may be issued to rural Alaska residents of the village of Kaktovik only. Public lands are closed to the taking of muskox, except by rural Alaska residents of the village of Kaktovik during open seasons.	Sept. 15–Mar. 31.
Coyote: 2 coyotes	Sept. 1–Apr. 30.
Fox, Arctic (Blue and White Phase): 2 foxes	Sept. 1–Apr. 30.
Fox, Red (including Cross, Black and Silver Phases):	
Unit 26(A) and (B)—10 foxes; however, no more than 2 foxes may be taken prior to Oct. 1	Sept. 1–Mar. 15.
Unit 26(C)—10 foxes	Nov. 1–Apr. 15.
Hare (Snowshoe and Tundra): No limit	July 1–June 30.
Lynx: 2 lynx	Nov. 1–Apr. 15.
Wolf: 15 wolves	Aug. 10–Apr. 30.
Wolverine: 5 wolverine	Sept. 1–Mar. 31.
Grouse (Spruce, Blue, Ruffed, and Sharp-tailed): 15 per day, 30 in possession	Aug. 10–Apr. 30.
Ptarmigan (Rock, Willow, and White-tailed): 20 per day, 40 in possession	Aug. 10–Apr. 30.
TRAPPING	
Coyote: No limit	Nov. 1–Apr. 15.
Fox, Arctic (Blue and White Phase): No limit	Nov. 1–Apr. 15.
Fox, Red (including Cross, Black and Silver Phases): No limit	Nov. 1–Apr. 15.
Lynx: No limit	Nov. 1–Apr. 15.
Marten: No limit	Nov. 1–Apr. 15.
Mink and Weasel: No limit	Nov. 1–Jan. 31.
Muskkrat: No limit	Nov. 1–June 10.
Otter: No limit	Nov. 1–Apr. 15.
Wolf: No limit	Nov. 1–Apr. 30.
Wolverine: No limit	Nov. 1–Apr. 15.

[65 FR 40741, June 30, 2000]

EFFECTIVE DATE NOTE: At 65 FR 40741, June 30, 2000, § 242.25 was added, effective July 1, 2000, through June 30, 2001.

§ 242.26 Subsistence taking of fish.

(a) *Applicability.* (1) Regulations in this section apply to the taking of fish or their parts for subsistence uses.

(2) You may take fish for subsistence uses at any time by any method unless you are restricted by the subsistence fishing regulations found in this section. The harvest limit specified in this section for a subsistence season for a species and the State harvest limit set for a State season for the same species are not cumulative. This means that if you have taken the harvest limit for a particular species under a subsistence season specified in this section, you may not after that, take any additional fish of that species under any other harvest limit specified for a State season.

(b) *Definitions.* The following definitions shall apply to all regulations contained in this section and § 242.27:

Abalone Iron means a flat device which is used for taking abalone and which is more than one inch (24 mm) in width and less than 24 inches (610 mm) in length, with all prying edges rounded and smooth.

ADF&G means the Alaska Department of Fish and Game.

Anchor means a device used to hold a fishing vessel or net in a fixed position relative to the beach; this includes using part of the seine or lead, a ship's anchor, or being secured to another vessel or net that is anchored.

Beach seine means a floating net which is designed to surround fish and is set from and hauled to the beach.

Cast net means a circular net with a mesh size of no more than one and one-half inches and weights attached to the perimeter which, when thrown, surrounds the fish and closes at the bottom when retrieved.

Char means the following species: Arctic char (*Salvelinus alpinis*); lake trout (*Salvelinus namaycush*); brook trout (*Salvelinus fontinalis*), and Dolly Varden (*Salvelinus malma*).

Crab means the following species: red king crab (*Paralithodes camshatica*); blue king crab (*Paralithodes platypus*); brown king crab (*Lithodes aequispina*); *Lithodes couesi*; all species of tanner or snow crab (*Chionoecetes* spp.); and Dungeness crab (*Cancer magister*).

Depth of net means the perpendicular distance between cork line and lead line expressed as either linear units of measure or as a number of meshes, in-

cluding all of the web of which the net is composed.

Dip net means a bag-shaped net supported on all sides by a rigid frame; the maximum straight-line distance between any two points on the net frame, as measured through the net opening, may not exceed five feet; the depth of the bag must be at least one-half of the greatest straight-line distance, as measured through the net opening; no portion of the bag may be constructed of webbing that exceeds a stretched measurement of 4.5 inches; the frame must be attached to a single rigid handle and be operated by hand.

Diving Gear means any type of hard hat or skin diving equipment, including SCUBA equipment, a tethered, umbilical, surface-supplied, or snorkel.

Drainage means all of the waters comprising a watershed including tributary rivers, streams, sloughs, ponds and lakes which contribute to the water supply of the watershed.

Drift gillnet means a drifting gillnet that has not been intentionally staked, anchored or otherwise fixed.

Fishwheel means a fixed, rotating device, with no more than four baskets on a single axle, for catching fish which is driven by river current or other means.

Freshwater of streams and rivers means the line at which freshwater is separated from saltwater at the mouth of streams and rivers by a line drawn between the seaward extremities of the exposed tideland banks at the present stage of the tide.

Fyke net means a fixed, funneling (fyke) device used to entrap fish.

Gear means any type of fishing apparatus.

Gillnet means a net primarily designed to catch fish by entanglement in a mesh that consists of a single sheet of webbing which hangs between cork line and lead line, and which is fished from the surface of the water.

Grappling hook means a hooked device with flukes or claws, which is attached to a line and operated by hand.

Groundfish or *bottomfish* means any marine fish except halibut, osmerids, herring and salmonids.

Hand purse seine means a floating net which is designed to surround fish and which can be closed at the bottom by

pursing the lead line; pursing may only be done by hand power, and a free-running line through one or more rings attached to the lead line is not allowed.

Handline means a hand-held and operated line, with one or more hooks attached.

Harvest limit means the maximum legal take per person or designated group, per specified time period, in the area in which the person is fishing, even if part or all of the fish are preserved. A fish, when landed and killed becomes part of the harvest limit of the person originally hooking it.

Herring pound means an enclosure used primarily to contain live herring over extended periods of time.

Household means a person or persons having the same residence.

Hung measure means the maximum length of the cork line when measured wet or dry with traction applied at one end only.

Hydraulic clam digger means a device using water or a combination of air and water to remove clams from their environment.

Jigging gear means a line or lines with lures or baited hooks, drawn through the water by hand, and which are operated during periods of ice cover from holes cut in the ice, or from shore ice and which are drawn through the water by hand.

Lead means either a length of net employed for guiding fish into a seine, set gillnet, or other length of net, or a length of fencing employed for guiding fish into a fishwheel, fyke net or dip net.

Legal limit of fishing gear means the maximum aggregate of a single type of fishing gear permitted to be used by one individual or boat, or combination of boats in any particular regulatory area, district or section.

Long line means either a stationary, buoyed, or anchored line, or a floating, free-drifting line with lures or baited hooks attached.

Mechanical clam digger means a mechanical device used or capable of being used for the taking of clams.

Mechanical jigging machine means a mechanical device with line and hooks used to jig for halibut and bottomfish, but does not include hand gurdies or rods with reels.

Mile means a nautical mile when used in reference to marine waters or a statute mile when used in reference to fresh water.

Possession limit means the maximum number of fish a person or designated group may have in possession if the fish have not been canned, salted, frozen, smoked, dried, or otherwise preserved so as to be fit for human consumption after a 15 day period.

Pot means a portable structure designed and constructed to capture and retain live fish and shellfish in the water.

Purse seine means a floating net which is designed to surround fish and which can be closed at the bottom by means of a free-running line through one or more rings attached to the lead line.

Ring net means a bag-shaped net suspended between no more than two frames; the bottom frame may not be larger in perimeter than the top frame; the gear must be nonrigid and collapsible so that free movement of fish or shellfish across the top of the net is not prohibited when the net is employed.

Rockfish means all species of the genus *Sebastes*.

Rod and reel means either a device upon which a line is stored on a fixed or revolving spool and is deployed through guides mounted on a flexible pole, or a line that is attached to a pole.

Salmon means the following species: pink salmon (*Oncorhynchus gorbuscha*); sockeye salmon (*Oncorhynchus nerka*); chinook salmon (*Oncorhynchus tshawytscha*); coho salmon (*Oncorhynchus kisutch*); and chum salmon (*Oncorhynchus keta*).

Salmon stream means any stream used by salmon for spawning or for traveling to a spawning area.

Salmon stream terminus means a line drawn between the seaward extremities of the exposed tideland banks of any salmon stream at mean lower low water.

Scallop dredge means a dredge-like device designed specifically for and capable of taking scallops by being towed along the ocean floor.

Sea urchin rake means a hand-held implement, no longer than four feet,

equipped with projecting prongs used to gather sea urchins.

Set gillnet means a gillnet that has been intentionally set, staked, anchored, or otherwise fixed.

Shovel means a hand-operated implement for digging clams or cockles.

Spear means a shaft with a sharp point or fork-like implement attached to one end which is used to thrust through the water to impale or retrieve fish and which is operated by hand.

Stretched measure means the average length of any series of 10 consecutive meshes measured from inside the first knot and including the last knot when wet; the 10 meshes, when being measured, shall be an integral part of the net, as hung, and measured perpendicular to the selvages; measurements shall be made by means of a metal tape measure while the 10 meshes being measured are suspended vertically from a single peg or nail, under five-pound weight.

Subsistence fishing permit means a permit issued by the Alaska Department of Fish and Game, unless specifically identified otherwise.

To operate fishing gear means any of the following: to deploy gear in the water; to remove gear from the water; to remove fish or shellfish from the gear during an open season or period; or to possess a gillnet containing fish during an open fishing period, except that a gillnet which is completely clear of the water is not considered to be operating for the purposes of minimum distance requirement.

Trawl means a bag-shaped net towed through the water to capture fish or shellfish, and includes beam, otter, or pelagic trawl.

Troll gear means a power gurdy troll gear consisting of a line or lines with lures or baited hooks which are drawn through the water by a power gurdy; hand troll gear consisting of a line or lines with lures or baited hooks which are drawn through the water from a vessel by hand trolling, strip fishing or other types of trolling, and which are retrieved by hand power or hand-powered crank and not by any type of electrical, hydraulic, mechanical or other assisting device or attachment; or dinglebar troll gear consisting of one or more lines, retrieved and set with a

troll gurdy or hand troll gurdy, with a terminally attached weight from which one or more leaders with one or more lures or baited hooks are pulled through the water while a vessel is making way.

Trout means the following species: cutthroat trout (*Oncorhynchus clarki*) and rainbow trout or steelhead trout (*Oncorhynchus mykiss*).

(c) *Methods, means, and general restrictions.* (1) Unless otherwise specified in this section or under terms of a required subsistence fishing permit, you may use the following legal types of gear for subsistence fishing:

- (i) A set gillnet;
- (ii) A drift gillnet;
- (iii) A purse seine;
- (iv) A hand purse seine;
- (v) A beach seine;
- (vi) Troll gear;
- (vii) A fish wheel;
- (viii) A trawl;
- (ix) A pot;
- (x) A ring net;
- (xi) A longline;
- (xii) A fyke net;
- (xiii) A lead;
- (xiv) A herring pound;
- (xv) A dip net;
- (xvi) Jigging gear;
- (xvii) A mechanical jigging machine;
- (xviii) A handline;
- (xix) A shovel;
- (xx) A mechanical clam digger;
- (xxi) A hydraulic clam digger;
- (xxii) An abalone iron;
- (xxiii) A scallop dredge;
- (xxiv) A grappling hook;
- (xxv) A sea urchin rake;
- (xxvi) Diving gear;
- (xxvii) A cast net;
- (xxviii) A handline;
- (xxix) A rod and reel; and
- (xxx) A spear.

(2) You must include an escape mechanism on all pots used to take fish or shellfish. The escape mechanisms are as follows:

- (i) A sidewall, which may include the tunnel, of all shellfish and bottomfish pots must contain an opening equal to or exceeding 18 inches in length, except that in shrimp pots the opening must be a minimum of six inches in length. The opening must be laced, sewn, or secured together by a single length of untreated, 100 percent cotton twine, no

larger than 30 thread. The cotton twine may be knotted at each end only. The opening must be within six inches of the bottom of the pot and must be parallel with it. The cotton twine may not be tied or looped around the web bars. Dungeness crab pots may have the pot lid tie-down straps secured to the pot at one end by a single loop of untreated, 100 percent cotton twine no larger than 60 thread, or the pot lid must be secured so that, when the twine degrades, the lid will no longer be securely closed;

(ii) All king crab, Tanner crab, shrimp, miscellaneous shellfish and bottomfish pots may, instead of complying with (i) of this paragraph, satisfy the following: a sidewall, which may include the tunnel, must contain an opening at least 18 inches in length, except that shrimp pots must contain an opening at least six inches in length. The opening must be laced, sewn, or secured together by a single length of treated or untreated twine, no larger than 36 thread. A galvanic timed release device, designed to release in no more than 30 days in salt water, must be integral to the length of twine so that, when the device releases, the twine will no longer secure or obstruct the opening of the pot. The twine may be knotted only at each end and at the attachment points on the galvanic timed release device. The opening must be within six inches of the bottom of the pot and must be parallel with it. The twine may not be tied or looped around the web bars.

(3) For subsistence fishing for salmon, you may not use a gillnet exceeding 50 fathoms in length, unless otherwise specified in this section. The gillnet web must contain at least 30 filaments of equal diameter or at least 6 filaments, each of which must be at least 0.20 millimeter in diameter.

(4) You may not obstruct more than one-half the width of any stream with any gear used to take fish for subsistence uses. You may not obstruct more than one-half the width of any stream with any stationary fishing.

(5) You may not use live non-indigenous fish as bait.

(6) You must have your first initial, last name, and address plainly and legibly inscribed on the side of your

fishwheel facing midstream of the river.

(7) You may use kegs or buoys of any color but red on any permitted gear.

(8) You must have your first initial, last name, and address plainly and legibly inscribed on each keg, buoy, stakes attached to gillnets, stakes identifying gear fished under the ice, and any other unattended fishing gear which you use to take fish for subsistence uses.

(9) You may not use explosives or chemicals to take fish for subsistence uses.

(10) You may not take fish for subsistence uses within 300 feet of any dam, fish ladder, weir, culvert or other artificial obstruction, unless otherwise indicated.

(11) The limited exchange for cash of subsistence-harvested fish, their parts, or their eggs, legally taken under Federal subsistence management regulations to support personal and family needs is permitted as customary trade, so long as it does not constitute a significant commercial enterprise. The Board may recognize regional differences and define customary trade differently for separate regions of the State.

(12) Individuals, businesses, or organizations may not purchase subsistence-taken fish, their parts, or their eggs for use in, or resale to, a significant commercial enterprise.

(13) Individuals, businesses, or organizations may not receive through barter subsistence-taken fish, their parts or their eggs for use in, or resale to, a significant commercial enterprise.

(14) Except as provided elsewhere in this section, you may not take rainbow trout or steelhead trout.

(15) You may not use as bait for commercial or sport fishing purposes fish taken for subsistence use or under subsistence regulations.

(16) You may not accumulate harvest limits authorized in this section or §242.27 with harvest limits authorized under State regulations.

(17) Unless specified otherwise in this section, you may use a rod and reel to take fish without a subsistence fishing permit. Harvest limits applicable to the use of a rod and reel to take fish for subsistence uses shall be as follows:

(i) If you are required to obtain a subsistence fishing permit for an area, that permit is required to take fish for subsistence uses with rod and reel in that area. The harvest and possession limits for taking fish with a rod and reel in those areas are the same as indicated on the permit issued for subsistence fishing with other gear types;

(ii) If you are not required to obtain a subsistence fishing permit for an area, the harvest and possession limits for taking fish for subsistence uses with a rod and reel is the same as for taking fish under State of Alaska subsistence fishing regulations in those same areas. If the State does not have a specific subsistence season for that particular species, the limit shall be the same as for taking fish under State of Alaska sport fishing regulations.

(18) Unless restricted in this section, or unless restricted under the terms of a subsistence fishing permit, you may take fish for subsistence uses at any time.

(19) You may not intentionally waste or destroy any subsistence-caught fish or shellfish; however, you may use for bait or other purposes, whitefish, herring, and species for which bag limits, seasons, or other regulatory methods and means are not provided in this section, as well as the head, tail, fins, and viscera of legally-taken subsistence fish.

(d) *Fishing by designated harvest permit.* (1) Any species of fish that may be taken by subsistence fishing under this part may be taken under a designated harvest permit.

(2) If you are a Federally-qualified subsistence user, you (beneficiary) may designate another Federally-qualified subsistence user to take fish on your behalf. The designated fisherman must obtain a designated harvest permit prior to attempting to harvest fish and must return a completed harvest report. The designated fisherman may fish for any number of beneficiaries but may have no more than two harvest limits in his/her possession at any one time.

(3) The designated fisherman must have in possession a valid designated fishing permit when taking, attempting to take, or transporting fish taken

under this section, on behalf of a beneficiary.

(4) The designated fisherman may not fish with more than one legal limit of gear.

(5) You may not designate more than one person to take or attempt to take fish on your behalf at one time. You may not personally take or attempt to take fish at the same time that a designated fisherman is taking or attempting to take fish on your behalf.

(e) *Fishing permits and reports.* (1) You may take salmon only under the authority of a subsistence fishing permit, unless a permit is specifically not required in a particular area by the subsistence regulations in this part, or unless you are retaining salmon from your commercial catch consistent with paragraph (f) of this section.

(2) If a subsistence fishing permit is required by this section, the following permit conditions apply unless otherwise specified in this section:

(i) You may not take more fish for subsistence use than the limits set out in the permit;

(ii) You must obtain the permit prior to fishing;

(iii) You must have the permit in your possession and readily available for inspection while fishing or transporting subsistence-taken fish;

(iv) If specified on the permit, you shall keep accurate daily records of the catch, showing the number of fish taken by species, location and date of catch, and other such information as may be required for management or conservation purposes; and

(v) If the return of catch information necessary for management and conservation purposes is required by a fishing permit and you fail to comply with such reporting requirements, you are ineligible to receive a subsistence permit for that activity during the following calendar year, unless you demonstrate that failure to report was due to loss in the mail, accident, sickness, or other unavoidable circumstances.

(f) *Relation to commercial fishing activities.* (1) If you are a Federally-qualified subsistence user who also commercial fishes, you may retain fish for subsistence purposes from your lawfully-taken commercial catch.

(2) When participating in a commercial and subsistence fishery at the same time, you may not use an amount of combined fishing gear in excess of that allowed under the appropriate commercial fishing regulations.

(g) You may not possess, transport, give, receive or barter subsistence-taken fish or their parts which have been taken contrary to Federal law or regulation or State law or regulation (unless superseded by regulations in this part).

(h) [Reserved]

(i) *Fishery management area restrictions.* (1) *Kotzebue Area.* The Kotzebue Area includes all waters of Alaska between the latitude of the westernmost tip of Point Hope and the latitude of the westernmost tip of Cape Prince of Wales, including those waters draining into the Chukchi Sea.

(i) You may take fish for subsistence purposes without a permit.

(ii) You may take salmon only by gillnets, beach seines, or a rod and reel.

(iii) In the Kotzebue District, you may take sheefish with gillnets that are not more than 50 fathoms in length, nor more than 12 meshes in depth, nor have a mesh size larger than 7 inches.

(iv) You may not subsistence fish for char from June 1 through September 20, in the Noatak River one mile upstream and one mile downstream from the mouth of the Kelly River, and in the Kelly River from its mouth to ¼ mile upstream.

(2) *Norton Sound-Port Clarence Area.* The Norton Sound-Port Clarence Area includes all waters of Alaska between the latitude of the westernmost tip of Cape Prince of Wales and the latitude of Canal Point light, including those waters of Alaska surrounding St. Lawrence Island and those waters draining into the Bering Sea.

(i) In the Port Clarence District, you may take fish at any time except as specified by emergency regulation.

(ii) In the Norton Sound District, you may take fish at any time except as follows:

(A) In Subdistricts 2 through 6, if you are a commercial fishermen, you may not fish for subsistence purposes during the weekly closures of the commercial salmon fishing season, except that

from July 15 through August 1, you may take salmon for subsistence purposes seven days per week in the Unalakleet and Shaktoolik River drainages with gillnets which have a mesh size that does not exceed 4½ inches, and with beach seines;

(B) In the Unalakleet River from June 1 through July 15, you may take salmon only from 8:00 a.m. Monday until 8:00 p.m. Saturday;

(C) In Subdistricts 1-3, you may take salmon other than chum salmon by beach seine during periods established by emergency regulations.

(iii) You may take salmon only by gillnets, beach seines, fishwheel, or a rod and reel.

(iv) You may take fish other than salmon by set gillnet, drift gillnet, beach seine, fish wheel, pot, long line, fyke net, jigging gear, spear, lead, or a rod and reel.

(v) In the Unalakleet River from June 1 through July 15, you may not operate more than 25 fathoms of gillnet in the aggregate nor may you operate an unanchored fishing net.

(vi) You may take fish for subsistence purposes without a subsistence fishing permit except that a subsistence fishing permit is required in the Norton Sound District: for net fishing in all waters from Cape Douglas to Rocky Point.

(vii) Only one subsistence fishing permit will be issued to each household per year.

(3) *Yukon-Northern Area.* The Yukon-Northern Area includes all waters of Alaska between the latitude of Canal Point Light and the latitude of the westernmost point of the Naskonat Peninsula, including those waters draining into the Bering Sea, and all waters of Alaska north of the latitude of the westernmost tip of Point Hope and west of 141° W. long., including those waters draining into the Arctic Ocean and the Chukchi Sea.

(i) Unless otherwise restricted in this section, you may take salmon in the Yukon-Northern Area at any time.

(ii) In the following locations, you may take salmon only during the open weekly fishing periods of the commercial salmon fishing season and may not

take them for 24 hours before the opening of the commercial salmon fishing season:

(A) District 4, excluding the Koyukuk River drainage;

(B) in Subdistricts 4-B and 4-C from June 15 through September 30, salmon may be taken from 6:00 p.m. Sunday until 6:00 p.m. Tuesday and from 6:00 p.m. Wednesday until 6:00 p.m. Friday;

(C) District 6, excluding the Kantishna River drainage, salmon may be taken from 6:00 p.m. Friday until 6:00 p.m. Wednesday.

(iii) During any commercial salmon fishing season closure of greater than five days in duration, you may not take salmon during the following periods in the following districts:

(A) In District 4, excluding the Koyukuk River drainage, salmon may not be taken from 6:00 p.m. Friday until 6:00 p.m. Sunday;

(B) In District 5, excluding the Tozitna River drainage and Subdistrict 5-D, salmon may not be taken from 6:00 p.m. Sunday until 6:00 p.m. Tuesday.

(iv) Except as provided in this section, and except as may be provided by the terms of a subsistence fishing permit, you may take fish other than salmon at any time.

(v) In Districts 1, 2, 3, and Subdistrict 4-A, excluding the Koyukuk and Innoko River drainages, you may not take salmon for subsistence purposes during the 24 hours immediately before the opening of the commercial salmon fishing season.

(vi) In Districts 1, 2, and 3:

(A) After the opening of the commercial salmon fishing season through July 15, you may not take salmon for subsistence for 18 hours immediately before, during, and for 12 hours after each commercial salmon fishing period;

(B) After July 15, you may not take salmon for subsistence for 12 hours immediately before, during, and for 12 hours after each commercial salmon fishing period.

(vii) In Subdistrict 4-A after the opening of the commercial salmon fishing season, you may not take salmon for subsistence for 12 hours immediately before, during, and for 12 hours after each commercial salmon fishing period; however, you may take king

salmon during the commercial fishing season, with drift gillnet gear only, from 6:00 p.m. Sunday until 6:00 p.m. Tuesday and from 6:00 p.m. Wednesday until 6:00 p.m. Friday.

(viii) In the upper Yukon River drainage, you may not subsistence fish in Birch Creek and waters within 500 feet of its mouth, except that you may take whitefish and suckers under the authority of a subsistence fishing permit.

(ix) You may not subsistence fish in the following drainages located north of the main Yukon River:

(A) Kanuti River upstream from a point five miles downstream of the state highway crossing;

(B) Bonanza Creek;

(C) Jim River including Prospect and Douglas Creeks; and (D) North Fork of the Chandalar River system upstream from the mouth of Quartz Creek.

(x) You may not subsistence fish in the Delta River.

(xi) You may not subsistence fish in the following rivers and creeks and within 500 feet of their mouths: Big Salt River, Hess Creek, and Beaver Creek.

(xii) You may not subsistence fish in the Deadman, Jan, Fielding, and Two-Mile Lakes.

(xiii) You may not subsistence fish in the Toklat River drainage from August 15 through May 15.

(xiv) You may take salmon only by gillnet, beach seine, fish wheel, or rod and reel, subject to the restrictions set forth in this section.

(xv) In District 4, if you are a commercial fisherman, you may not take salmon for subsistence purposes during the commercial salmon fishing season using gillnets with mesh larger than six-inches after a date specified by ADF&G emergency order issued between July 10 and July 31.

(xvi) In Districts 4, 5, and 6, you may not take salmon for subsistence purposes by drift gillnets, except as follows:

(A) In Subdistrict 4-A upstream from the mouth of Stink Creek, you may take king salmon by drift gillnets less than 150 feet in length from June 10 through July 14, and chum salmon by drift gillnets after August 2;

(B) In Subdistrict 4-A downstream from the mouth of Stink Creek, you

may take king salmon by drift gillnets less than 150 feet in length from June 10 through July 14.

(xvii) Unless otherwise specified in this section, you may take fish other than salmon and halibut by set gillnet, drift gillnet, beach seine, fish wheel, long line, fyke net, dip net, jigging gear, spear, lead, or rod and reel, subject to the following restrictions, which also apply to subsistence salmon fishing:

(A) During the open weekly fishing periods of the commercial salmon fishing season, if you are a commercial fisherman, you may not operate more than one type of gear at a time, for commercial, personal use, and subsistence purposes;

(B) You may not use an aggregate length of set gillnet in excess of 150 fathoms and each drift gillnet may not exceed 50 fathoms in length; and

(C) In Districts 4, 5, and 6, you may not set subsistence fishing gear within 200 feet of other operating commercial, personal use, or subsistence fishing gear except that, at the site approximately one mile upstream from Ruby on the south bank of the Yukon River between ADF&G regulatory markers containing the area known locally as the "Slide," you may set subsistence fishing gear within 200 feet of other operating commercial or subsistence fishing gear and in District 4, from Old Paradise Village upstream to a point four miles upstream from Anvik, there is no minimum distance requirement between fish wheels.

(xviii) During the commercial salmon fishing season, within the Yukon River and the Tanana River below the confluence of the Wood River, you may use drift gillnets and fish wheels only during open subsistence salmon fishing periods.

(xix) In District 4, from September 21 through May 15, you may use jigging gear from shore ice.

(xx) Except as provided in this section, you may take fish for subsistence purposes without a subsistence fishing permit.

(xxi) You must possess a subsistence fishing permit for the following locations:

(A) For the Yukon River drainage from the mouth of Hess Creek to the mouth of the Dall River;

(B) For the Yukon River drainage from the upstream mouth of 22 Mile Slough to the U.S.-Canada border;

(C) For whitefish and suckers in Birch Creek and within 500 feet of its mouth;

(D) For the Tanana River drainage above the mouth of the Wood River.

(xxii) Only one subsistence fishing permit will be issued to each household per year.

(xxiii) In Districts 1, 2, and 3, you may not possess king salmon taken for subsistence purposes unless the dorsal fin has been removed immediately after landing.

(xxiv) If you are a commercial salmon fisherman who is registered for District 1, 2, or 3, you may not take salmon for subsistence purposes in any other district located downstream from Old Paradise Village.

(4) *Kuskokwim Area.* The Kuskokwim Area consists of all waters of Alaska between the latitude of the westernmost point of Naskonat Peninsula and the latitude of the southernmost tip of Cape Newenham, including the waters of Alaska surrounding Nunivak and St. Matthew Islands and those waters draining into the Bering Sea.

(i) Unless otherwise restricted in this section, you may take fish in the Kuskokwim Area at any time without a subsistence fishing permit.

(ii) In District 1 and in those waters of the Kuskokwim River between Districts 1 and 2, excluding the Kuskokuak Slough, you may not take salmon for 16 hours before, during, and for six hours after, each open commercial salmon fishing period for District 1.

(iii) In District 1, Kuskokuak Slough only from June 1 through July 31, you may not take salmon for 16 hours before and during each open commercial salmon fishing period in the district.

(iv) In Districts 4 and 5, from June 1 through September 8, you may not take salmon for 16 hours before, during, and 6 hours after each open commercial salmon fishing period in each district.

(v) In District 2, and anywhere in tributaries that flow into the

Kuskokwim River within that district, from June 1 through September 8 you may not take salmon for 16 hours before, during, and six hours after each open commercial salmon fishing period in the district.

(vi) You may not take subsistence fish by nets in the Goodnews River east of a line between ADF&G regulatory markers placed near the mouth of the Ufigag River and an ADF&G regulatory marker placed near the mouth of the Tunulik River 16 hours before, during, and six hours after each open commercial salmon fishing period.

(vii) You may not take subsistence fish by nets in the Kanektok River upstream of ADF&G regulatory markers placed near the mouth 16 hours before, during, and six hours after each open commercial salmon fishing period.

(viii) You may not take subsistence fish by nets in the Arolik River upstream of ADF&G regulatory markers placed near the mouth 16 hours before, during, and six hours after each open commercial salmon fishing period.

(ix) You may take salmon only by gillnet, beach seine, fish wheel, or rod and reel subject to the restrictions set out in this section, except that you may also take salmon by spear in the Holitna, Kanektok, and Arolik River drainages, and in the drainage of Goodnews Bay.

(x) You may not use an aggregate length of set gillnets or drift gillnets in excess of 50 fathoms for taking salmon.

(xi) You may take fish other than salmon by set gillnet, drift gillnet, beach seine, fish wheel, pot, long line, fyke net, dip net, jigging gear, spear, lead, or rod and reel.

(xii) You must attach to the bank each subsistence gillnet operated in tributaries of the Kuskokwim River and fish it substantially perpendicular to the bank and in a substantially straight line.

(xiii) Within a tributary to the Kuskokwim River in that portion of the Kuskokwim River drainage from the north end of Eek Island upstream to the mouth of the Kolmakoff River, you may not set or operate any part of a set gillnet within 150 feet of any part of another set gillnet.

(xiv) The maximum depth of gillnets is as follows:

(A) Gillnets with six-inch or smaller mesh may not be more than 45 meshes in depth;

(B) Gillnets with greater than six-inch mesh may not be more than 35 meshes in depth.

(xv) You may take halibut only by a single hand-held line with no more than two hooks attached to it.

(xvi) You may not use subsistence set and drift gillnets exceeding 15 fathoms in length in Whitefish Lake in the Ophir Creek drainage. You may not operate more than one subsistence set or drift gillnet at a time in Whitefish Lake in the Ophir Creek drainage. You must check the net at least once every 24 hours.

(xvii) Rainbow trout may be taken by residents of Goodnews Bay, Platinum, Quinhagak, Eek, Kwethluk, Akiachak, and Akiak, subject to the following restrictions:

(A) You may take rainbow trout only by the use of gillnets, rod and reel, or jigging through the ice;

(B) You may not use gillnets for taking rainbow trout from March 15-June 15;

(C) If you take rainbow trout incidentally in other subsistence net fisheries and through the ice, you may retain them for subsistence purposes.

(5) *Bristol Bay Area.* The Bristol Bay Area includes all waters of Bristol Bay including drainages enclosed by a line from Cape Newenham to Cape Meshikof.

(i) Unless restricted in this section, or unless under the terms of a subsistence fishing permit, you may take fish at any time in the Bristol Bay area.

(ii) In all commercial salmon districts, from May 1 through May 31 and October 1 through October 31, you may subsistence fish for salmon only from 9:00 a.m. Monday until 9:00 a.m. Friday. From June 1 through September 30, within the waters of a commercial salmon district, you may take salmon only during open commercial salmon fishing periods.

(iii) In the Egegik River from 9:00 a.m. June 23 through 9:00 a.m. July 17, you may take salmon only from 9:00 a.m. Tuesday to 9:00 a.m. Wednesday and 9:00 a.m. Saturday to 9:00 a.m. Sunday.

(iv) You may not take fish from waters within 300 feet of a stream mouth used by salmon.

(v) You may not subsistence fish with nets in the Tazimina River and within one-fourth mile of the terminus of those waters during the period from September 1 through June 14.

(vi) Within any district, you may take salmon, herring, and capelin only by drift and set gillnets.

(vii) Outside the boundaries of any district, you may take salmon only by set gillnet, except that you may also take salmon as follows:

(A) By spear in the Togiak River excluding its tributaries;

(B) From August 30 through September 30, by spear, dip net, and gillnet along a 100 yard length of the west shore of Naknek Lake near the outlet to the Naknek River as marked by ADF&G regulatory markers;

(C) From August 15 through September 15, by spear, dip net, and gillnet at Johnny's Lake on the northwestern side of Naknek Lake;

(D) From October 1 through November 15, by spear, dip net, and gillnet at the mouth of Brooks River at Naknek Lake;

(E) At locations and times specified in paragraphs (i)(5)(vii) (B) through (D) of this section, gillnets may not exceed five fathoms in length and may not be anchored or tied to a stake or peg, and you must be present at the net while fishing the net.

(viii) The maximum lengths for set gillnets used to take salmon are as follows:

(A) You may not use set gillnets exceeding 10 fathoms in length in the Egegik, River;

(B) In the remaining waters of the area, you may not use set gillnets exceeding 25 fathoms in length.

(ix) You may not operate any part of a set gillnet within 300 feet of any part of another set gillnet.

(x) You must stake and buoy each set gillnet. Instead of having the identifying information on a keg or buoy attached to the gillnet, you may plainly and legibly inscribe your first initial, last name, and subsistence permit number on a sign at or near the set gillnet.

(xi) You may not operate or assist in operating subsistence salmon net gear while simultaneously operating or assisting in operating commercial salmon net gear.

(xii) During closed commercial herring fishing periods, you may not use gillnets exceeding 25 fathoms in length for the subsistence taking of herring or capelin.

(xiii) You may take fish other than salmon, herring, capelin, and halibut by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(xiv) You may take salmon and char only under authority of a subsistence fishing permit.

(xv) Only one subsistence fishing permit may be issued to each household per year.

(xvi) After August 20, you may not possess coho salmon for subsistence purposes in the Togiak River section and the Togiak River drainage unless the head has been immediately removed from the salmon.

(6) *Aleutian Islands Area.* The Aleutian Islands Area includes all waters of Alaska west of the longitude of the tip of Cape Sarichef, east of 172° East longitude, and south of 54° 36' North latitude.

(i) You may take fish, other than salmon, rainbow trout, and steelhead trout, at any time unless restricted under the terms of a subsistence fishing permit. If you take rainbow trout and steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes.

(ii) In the Unalaska District, you may take salmon for subsistence purposes from 6:00 a.m. until 9:00 p.m. from January 1 through December 31, except:

(A) That from June 1 through September 15, you may not use a salmon seine vessel to take salmon for subsistence 24 hours before, during, or 24 hours after an open commercial salmon fishing period within a 50-mile radius of the area open to commercial salmon fishing;

(B) That from June 1 through September 15, you may use a purse seine vessel to take salmon only with a gillnet and you may not have any

other type of salmon gear on board the vessel while subsistence fishing; or

(C) As may be specified on a subsistence fishing permit.

(iii) In the Adak, Akutan, Atka-Amilia, and Umnak Districts, you may take salmon at any time.

(iv) You may not subsistence fish for salmon in the following waters:

(A) The waters between Unalaska and Amaknak Islands, including Margaret's Bay, west of a line from the "Bishop's House" at 53°52.64' N. lat., 166°32.30' W. long. to a point on Amaknak Island at 53°52.82' N. lat., 166°32.13' W. long., and north of line from a point south of Agnes Beach at 53°52.28' N. lat., 166°32.68' W. long. to a point at 53°52.35' N. lat., 166°32.95' W. long. on Amaknak Island;

(B) Within Unalaska Bay south of a line from the northern tip of Cape Cheerful to the northern tip of Kalekta Point, waters within 250 yards of any anadromous stream, except the outlet stream of Unalaska Lake, which is closed under paragraph (i)(6)(iv)(A) of this section;

(C) Waters in Reese Bay from July 1 through July 9, within 500 yards of the outlet stream terminus to McLees Lake;

(D) All freshwater on Adak Island and Kagalaska Island in the Adak District.

(v) You may take salmon by seine and gillnet, or with gear specified on a subsistence fishing permit.

(vi) In the Unalaska District, if you fish with a net, you must be physically present at the net at all times when the net is being used.

(vii) You may take fish other than salmon by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(viii) You may take salmon, trout and char only under the terms of a subsistence fishing permit, except that you do not require a permit in the Akutan, Umnak and Atka-Amilia Islands Districts.

(ix) You may take no more than 250 salmon for subsistence purposes unless otherwise specified on the subsistence fishing permit, except that in the Unalaska and Adak Districts, you may take no more than 25 salmon plus an additional 25 salmon for each member

of your household listed on the permit. You may obtain an additional permit.

(x) You must keep a record on the reverse side of the permit of subsistence-caught fish. You must complete the record immediately upon taking subsistence-caught fish and must return it no later than October 31.

(xi) The daily bag limit for halibut is two fish and the possession limit is two daily bag limits. You may not possess sport-taken and subsistence-taken halibut on the same day.

(7) *Alaska Peninsula Area.* The Alaska Peninsula Area includes all Pacific Ocean waters of Alaska between a line extending southeast (135°) from the tip of Kupreanof Point and the longitude of the tip of Cape Sarichef, and all Bering Sea waters of Alaska east of the latitude of the tip of Cape Menshikof.

(i) You may take fish, other than salmon, rainbow trout, and steelhead trout, at any time unless restricted under the terms of a subsistence fishing permit. If you take rainbow trout and steelhead trout incidentally in other subsistence net fisheries or through the ice, you may retain them for subsistence purposes.

(ii) You may take salmon, trout and char only under the authority of a subsistence fishing permit.

(iii) You must keep a record on the reverse side of the permit of subsistence-caught fish. You must complete the record immediately upon taking subsistence-caught fish and must return it no later than October 31.

(iv) You may take salmon at any time except within 24 hours before and within 12 hours following each open weekly commercial salmon fishing period within a 50-mile radius of the area open to commercial salmon fishing, or as may be specified on a subsistence fishing permit.

(v) You may not subsistence fish for salmon in the following waters:

(A) Russell Creek and Nurse Lagoon and within 500 yards outside the mouth of Nurse Lagoon;

(B) Trout Creek and within 500 yards outside its mouth.

(vi) You may take salmon by seine, gillnet, rod and reel, or with gear specified on a subsistence fishing permit.

(vii) You may take fish other than salmon by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(viii) You may not use a set gillnet exceeding 100 fathoms in length.

(ix) You may take halibut for subsistence purposes only by a single handheld line with no more than two hooks attached.

(x) You may take no more than 250 salmon for subsistence purposes unless otherwise specified on your subsistence fishing permit.

(xi) The daily bag limit for halibut is two fish and the possession limit is two daily bag limits. No person may possess sport-taken and subsistence-taken halibut on the same day.

(8) *Chignik Area.* The Chignik Area includes all waters of Alaska on the south side of the Alaska Peninsula enclosed by 156°20.22' West longitude (the longitude of the southern entrance to Imuya Bay near Kilokak Rocks) and a line extending southeast (135°) from the tip of Kupreanof Point.

(i) You may take fish, other than rainbow trout and steelhead trout, at any time, except as may be specified by a subsistence fishing permit. If you take rainbow trout and steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes.

(ii) You may not take salmon in the Chignik River, upstream from the ADF&G weir site or counting tower, in Black Lake, or any tributary to Black and Chignik Lakes.

(iii) You may take salmon, trout and char only under the authority of a subsistence fishing permit.

(iv) You must keep a record on the reverse side of the permit of subsistence-caught fish. You must complete the record immediately upon taking subsistence-caught fish and must return it no later than October 31.

(v) If you hold a commercial fishing license, you may not subsistence fish for salmon from 48 hours before the first commercial salmon fishing opening in the Chignik Area through September 30.

(vi) You may take salmon by seines, gillnets, rod and reel, or with gear specified on a subsistence fishing per-

mit, except that in Chignik Lake you may not use purse seines.

(vii) You may take fish other than salmon by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(viii) You may take halibut for subsistence purposes only by a single handheld line with no more than two hooks attached.

(ix) You may take no more than 250 salmon for subsistence purposes unless otherwise specified on the subsistence fishing permit.

(x) The daily bag limit for halibut is two fish and the possession limit is two daily bag limits. No person may possess sport-taken and subsistence-taken halibut on the same day.

(9) *Kodiak Area.* The Kodiak Area includes all waters of Alaska south of a line extending east from Cape Douglas (58° 51.10' N. lat.), west of 150° W. long., north of 55°30.00' N. lat.; and east of the longitude of the southern entrance of Imuya Bay near Kilokak Rocks (156°20.22' W. long.).

(i) You may take fish, other than salmon, rainbow trout and steelhead trout, at any time unless restricted by the terms of a subsistence fishing permit. If you take rainbow trout and steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes.

(ii) You may take salmon for subsistence purposes 24 hours a day from January 1 through December 31, with the following exceptions:

(A) From June 1 through September 15, you may not use salmon seine vessels to take subsistence salmon for 24 hours before, during, and for 24 hours after any open commercial salmon fishing period;

(B) From June 1 through September 15, you may use purse seine vessels to take salmon only with gillnets and you may have no other type of salmon gear on board the vessel.

(iii) You may not subsistence fish for salmon in the following locations:

(A) All waters closed to commercial salmon fishing in the Chiniak Bay and all waters closed to commercial salmon fishing within 100 yards of the terminus of Selief Bay Creek and north and west of a line from the tip of Last

§ 242.26

36 CFR Ch. II (7-1-00 Edition)

Point to the tip of River Mouth Point in Afognak Bay;

(B) From August 15 through September 30, all waters 500 yards seaward of the terminus of Little Kitoi Creek;

(C) All freshwater systems of Afognak Island.

(iv) You must have a subsistence fishing permit for taking salmon, trout, and char for subsistence purposes. You must have a subsistence fishing permit for taking herring and bottomfish for subsistence purposes during the commercial herring sac roe season from April 15 through June 30.

(v) With a subsistence salmon fishing permit you may take 25 salmon plus an additional 25 salmon for each member of your household whose names are listed on the permit. You may obtain an additional permit if you can show that more fish are needed.

(vi) You must keep a record of the number of subsistence fish taken each year. You must record on the reverse side of the permit the number of subsistence fish taken. You must complete the record immediately upon landing subsistence-caught fish, and must return it by February 1 of the year following the year the permit was issued.

(vii) You may take fish other than salmon and halibut by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(viii) You may take salmon only by gillnet, rod and reel, or seine.

(ix) You must be physically present at the net when the net is being fished.

(x) You may take halibut only by a single hand-held line with not more than two hooks attached to it.

(xi) The daily bag limit for halibut is two fish and the possession limit is two daily bag limits. You may not possess sport-taken and subsistence-taken halibut on the same day.

(10) *Cook Inlet Area.* The Cook Inlet Area includes all waters of Alaska enclosed by a line extending east from Cape Douglas (58°51'06" N. lat.) and a line extending south from Cape Fairfield (148°50'15" W. long.).

(i) Unless restricted in this section, or unless restricted under the terms of a subsistence fishing permit, you may take fish, other than rainbow trout and steelhead trout, at any time in the Cook Inlet Area. If you take rainbow

trout and steelhead trout incidentally in other subsistence net fisheries or through the ice, you may retain them for subsistence purposes.

(ii) You may not take salmon, Dolly Varden, trout, grayling, char, and burbot for subsistence purposes.

(iii) You may only take smelt with dip nets or gillnets in fresh water from April 1 through June 15. You may not use a gillnet exceeding 20 feet in length and two inches in mesh size. You must attend the net at all times when it is being used. There are no harvest or possession limits for smelt.

(iv) You may take fish by gear listed in this part unless restricted in this section or under the terms of a subsistence fishing permit.

(v) You may not use gillnets in freshwater.

(11) *Prince William Sound Area.* The Prince William Sound Area includes all waters of Alaska between the longitude of Cape Fairfield and the longitude of Cape Suckling.

(i) Unless restricted in this section or unless restricted under the terms of a subsistence fishing permit, you may take fish, other than rainbow trout and steelhead trout, at any time in the Prince William Sound Area.

(ii) You may take salmon in the Upper Copper River District only as follows:

(A) In the Glennallen Subdistrict, from June 1 through September 30;

(B) You may not take salmon in the Chitina Subdistrict.

(iii) You may take salmon, other than chinook salmon, in the vicinity of the former Native village of Batzulnetas only under the authority of a Batzulnetas subsistence salmon fishing permit issued by ADF&G and under the following conditions:

(A) You may take salmon only in those waters of the Copper River between ADF&G regulatory markers located near the mouth of Tanada Creek and approximately one-half mile downstream from that mouth and in Tanada Creek between ADF&G regulatory markers identifying the open waters of the creek;

(B) You may use only fish wheels and dip nets on the Copper River and only dip nets and spears in Tanada Creek;

(C) You may take salmon only from June 1 through September 1 or until the season is closed by emergency regulation; fishing periods are to be established by emergency regulation and are two days per week during the month of June and 3.5 days per week for the remainder of the season;

(D) You must release chinook salmon to the water unharmed; you must equip your fish wheel with a livebox or monitor it at all times;

(E) You must return the permit no later than September 30.

(iv) You may take salmon for subsistence purposes with no bag or possession limits in those waters of the Southwestern District and along the northwestern shore of Green Island from the westernmost tip of the island to the northernmost tip, only as follows:

(A) You may use seines up to 50 fathoms in length and 100 meshes deep with a maximum mesh size of four inches, or gillnets up to 150 fathoms in length, except that you may take pink salmon only in fresh water using dip nets;

(B) You may take salmon only from May 15 until two days before the commercial opening of the Southwestern District, seven days per week; during the commercial salmon fishing season, only during open commercial salmon fishing periods; and from two days following the closure of the commercial salmon season until September 30, seven days per week;

(C) You may not fish within the closed waters areas for commercial salmon fisheries.

(v) You may take salmon for subsistence purposes with no bag or possession limits in those waters north of a line from Porcupine Point to Granite Point, and south of a line from Point Lowe to Tongue Point, only as follows:

(A) You may use seines up to 50 fathoms in length and 100 meshes deep with a maximum mesh size of four inches, or gillnets up to 150 fathoms in length with a maximum mesh size of six and one-quarter inches, except that you may only take pink salmon in fresh water using dip nets;

(B) You may take salmon only from May 15 until two days before the commercial opening of the Eastern District, seven days per week during the

commercial salmon fishing season, only during open commercial salmon fishing periods; and from two days following the closure of the commercial salmon season until October 31, seven days per week;

(C) You may not fish within the closed waters areas for commercial salmon fisheries.

(vi) If you take rainbow trout and steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes.

(vii) You may take herring spawn on kelp for subsistence purposes from above water from March 15 through June 15 and underwater using dive gear only during open periods for the wild herring spawn-on-kelp commercial fishery.

(viii) You may not take salmon in the tributaries of the Copper River and waters of the Copper River not in the Upper Copper River District.

(ix) You may take fish by gear listed in this part unless restricted in this section or under the terms of a subsistence fishing permit.

(x) You may take salmon only by the following types of gear:

(A) In the Glennallen Subdistrict by fish wheels, rod and reel, or dip nets; and

(B) In salt water by gillnets and seines.

(xi) You may not rent, lease, or otherwise use your fish wheel used for subsistence fishing for personal gain. You must register your fish wheel with ADF&G. Your registration number and name and address must be permanently affixed and plainly visible on the fish wheel when the fish wheel is in the water; only the current year's registration number may be affixed to the fish wheel; you must remove any other registration number from the fish wheel. You must remove the fish wheel from the water at the end of the permit period. You may operate only one fish wheel at any one time. You may not set or operate a fish wheel within 75 feet of another fish wheel. No fish wheel may have more than two baskets. A wood or metal plate at least 12 inches high by 12 inches wide, bearing your name and address in letters and numerals at least one inch high, must be attached to each fish wheel so that

the name and address are plainly visible.

(xii) You must personally operate the fish wheel or dip net. You may not loan or transfer a subsistence fish wheel or dip net permit except as permitted.

(xiii) You may take halibut only by a single hand-held line with not more than two hooks attached to it.

(xiv) You may take herring spawn on kelp only by a hand-held unpowered blade-cutting device. You must cut kelp plant blades at least four inches above the stipe (stem). The provisions of this paragraph do not apply to *Fucus* species.

(xv) Except as provided in this section, you may take fish other than salmon and freshwater fish species for subsistence purposes without a subsistence fishing permit.

(xvi) You may take salmon and freshwater fish species only under authority of a subsistence fishing permit.

(xvii) Only one subsistence fishing permit will be issued to each household per year.

(xviii) The following apply to Upper Copper River District subsistence salmon fishing permits:

(A) Only one type of gear may be specified on a permit;

(B) Only one permit per year may be issued to a household;

(C) You must return your permit no later than October 31, or you may be denied a permit for the following year;

(D) If your household has a Chitina Subdistrict personal use salmon fishing permit, you will not be issued a Copper River subsistence salmon fishing permit;

(E) A fish wheel may be operated only by one permit holder at one time; that permit holder must have the fish wheel marked as required by this section and during fishing operations;

(F) Only the permit holder and the authorized member of the household listed on the subsistence permit may take salmon;

(G) A permit holder must record on ADF&G forms all salmon taken immediately after landing the salmon.

(xix) The total annual possession limit for an Upper Copper River District subsistence salmon fishing permit is as follows:

(A) For a household with one person, 30 salmon, of which no more than 5 may be chinook salmon if taken by dip net;

(B) For a household with two persons, 60 salmon, of which no more than five may be chinook salmon if taken by dip net; plus 10 salmon for each additional person in a household over 2, except that the household's limit for chinook salmon taken by dip net does not increase;

(C) upon request, permits for additional salmon will be issued for no more than a total of 200 salmon for a permit issued to a household with one person, of which no more than 5 may be chinook salmon if taken by dip net; or no more than a total of 500 salmon for a permit issued to a household with 2 or more persons, of which no more than 5 may be chinook salmon if taken by dip net.

(xx) A subsistence fishing permit may be issued to a village council, or other similarly qualified organization whose members operate fish wheels for subsistence purposes in the Upper Copper River District, to operate fish wheels on behalf of members of its village or organization. A permit may only be issued following approval by ADF&G of a harvest assessment plan to be administered by the permitted council or organization. The harvest assessment plan must include: provisions for recording daily catches for each fish wheel; sample data collection forms; location and number of fish wheels; the full legal name of the individual responsible for the lawful operation of each fish wheel; and other information determined to be necessary for effective resource management. The following additional provisions apply to subsistence fishing permits issued under this paragraph (i)(11)(xx):

(A) The permit will list all households and household members for whom the fish wheel is being operated;

(B) The allowable harvest may not exceed the combined seasonal limits for the households listed on the permit; the permittees will notify the department when households are added to the list, and the seasonal limit may be adjusted accordingly;

(C) Members of households listed on a permit issued to a village council or

other similarly qualified organization, are not eligible for a separate household subsistence fishing permit for the Upper Copper River District.

(xxi) You may not possess salmon taken under the authority of an Upper Copper River District subsistence fishing permit unless both lobes of the caudal (tail) fin have been immediately removed from the salmon.

(xxii) In locations open to commercial salmon fishing other than described for the Upper Copper River District, the annual subsistence salmon limit is as follows:

(A) 15 salmon for a household of one person;

(B) 30 salmon for a household of two persons and 10 salmon for each additional person in a household;

(C) No more than five king salmon may be taken per permit.

(xxiii) The daily bag limit for halibut is two fish and the possession limit is two daily bag limits. You may not possess sport-taken and subsistence-taken halibut on the same day.

(12) *Yakutat Area.* The Yakutat Area includes all waters of Alaska between the longitude of Cape Suckling and the longitude of Cape Fairweather.

(i) Unless restricted in this section or unless restricted under the terms of a subsistence fishing permit, you may take fish at any time in the Yakutat Area.

(ii) You may not take salmon during the period commencing 48 hours before an opening until 48 hours after the closure of an open commercial salmon net fishing season. This applies to each river or bay fishery individually.

(iii) When the length of the weekly commercial salmon net fishing period exceeds two days in any Yakutat Area salmon net fishery, the subsistence fishing period is from 6:00 a.m. to 6:00 p.m. on Saturday in that location.

(iv) You may take salmon, steelhead trout in the Situk and Ahrnklin Rivers, other trout and char only under authority of a subsistence fishing permit.

(v) If you take salmon, trout, or char incidentally by gear operated under the terms of a subsistence permit for salmon, you may retain them for subsistence purposes. You must report any

salmon, trout, or char taken in this manner on your permit calendar.

(vi) You may take fish by gear listed in this part unless restricted in this section or under the terms of a subsistence fishing permit.

(vii) In the Situk River, each subsistence salmon fishing permit holder shall attend his or her gill net at all times when it is being used to take salmon.

(viii) You may block up to two-thirds of a stream with a gillnet or seine used for subsistence fishing.

(ix) You must remove the dorsal fin from subsistence-caught salmon when taken.

(x) You may not possess subsistence-taken and sport-taken salmon on the same day.

(13) *Southeastern Alaska Area.* The Southeastern Alaska Area includes all waters between a line projecting southwest from the westernmost tip of Cape Fairweather and Dixon Entrance.

(i) Unless restricted in this section or under the terms of a subsistence fishing permit, you may take fish, other than rainbow trout and steelhead trout, in the Southeastern Alaska Area at any time.

(ii) You may take herring at any time, except that in the 72 hours before and 72 hours after an open commercial herring fishing period in the Southeastern Alaska Area, a vessel that, or crew member or permit holder who, participates in that commercial herring fishery opening may not take or possess herring in any district in the Southeastern Alaska Area.

(iii) From July 7 through July 31, you may take sockeye salmon in the waters of the Klawock River, and Klawock Lake only from 8:00 a.m. Monday until 5:00 p.m. Friday.

(iv) You must possess a subsistence fishing permit to take salmon, trout, or char.

(v) Permits will not be issued for the taking of chinook or coho salmon, but if you take chinook or coho salmon incidentally with gear operated under terms of a subsistence permit for other salmon, they may be kept for subsistence purposes. You must report any chinook or coho salmon taken in this manner on your permit calendar.

(vi) If you take salmon, trout, or char incidentally with gear operated

under terms of a subsistence permit for other salmon, they may be kept for subsistence purposes. You must report any salmon, trout, or char taken in this manner on your permit calendar.

(vii) No permits for the use of nets will be issued for the salmon streams flowing across or adjacent to the road systems of Petersburg, Wrangell, and Sitka

(viii) You shall immediately remove the pelvic fins of all salmon when taken.

(ix) You may not possess subsistence-taken and sport-taken salmon on the same day.

[64 FR 1302, Jan. 8, 1999, as amended at 65 FR 39817, June 28, 2000]

EFFECTIVE DATE NOTES: 1. At 64 FR 1302, Jan. 8, 1999, §242.26 was revised, effective Oct. 1, 1999, through Feb. 28, 2001. For the convenience of the user, the superseded text follows:

§ 242.26 Subsistence taking of fish.

(a) *Applicability.* (1) Regulations in this section apply to the taking of finfish, excluding halibut, or their parts for subsistence uses.

(2) Finfish, excluding halibut, may be taken for subsistence uses at any time by any method unless restricted by the subsistence fishing regulations found in this section.

(b) *Definitions.* The following definitions shall apply to all regulations contained in this section and §242.27:

Abalone Iron means a flat device which is used for taking abalone and which is more than one inch (24 mm) in width and less than 24 inches (610 mm) in length, with all prying edges rounded and smooth.

ADF&G means the Alaska Department of Fish and Game.

Anchor means a device used to hold a salmon fishing vessel or net in a fixed position relative to the beach; this includes using part of the seine or lead, a ship's anchor, or being secured to another vessel or net that is anchored.

Bag Limit means the maximum legal take per person or designated group, per specified time period, even if part or all of the fish are preserved.

Beach seine means a floating net which is designed to surround fish and is set from and hauled to the beach.

Char means the following species: Arctic char (*Salvelinus alpinis*); lake trout (*Salvelinus namaycush*); and Dolly Varden (*Salvelinus malma*).

Crab means the following species: red king crab (*Paralithodes camshatica*); blue king crab (*Paralithodes platypus*); brown king crab (*Lithodes aequispina*); *Lithodes couesi*; all spe-

cies of tanner or snow crab (*Chionoecetes* spp.); and Dungeness crab (*Cancer magister*).

Dip net means a bag-shaped net supported on all sides by a rigid frame; the maximum straight-line distance between any two points on the net frame, as measured through the net opening, may not exceed five feet; the depth of the bag must be at least one-half of the greatest straight-line distance, as measured through the net opening; no portion of the bag may be constructed of webbing that exceeds a stretched measurement of 4.5 inches; the frame must be attached to a single rigid handle and be operated by hand.

Diving Gear means any type of hard hat or skin diving equipment, including SCUBA equipment.

Drainage means all of the waters comprising a watershed including tributary rivers, streams, sloughs, ponds and lakes which contribute to the supply of the watershed.

Drift gill net means a drifting gill net that has not been intentionally staked, anchored or otherwise fixed.

Federal lands means lands and waters and interests therein the title to which is in the United States.

Fishwheel means a fixed, rotating device for catching fish which is driven by river current or other means of power.

Freshwater of streams and rivers means the line at which freshwater is separated from saltwater at the mouth of streams and rivers by a line drawn between the seaward extremities of the exposed tideland banks at the present stage of the tide.

Fyke net means a fixed, funneling (fyke) device used to entrap fish.

Gear means any type of fishing apparatus.

Gill net means a net primarily designed to catch fish by entanglement in a mesh that consists of a single sheet of webbing which hangs between cork line and lead line, and which is fished from the surface of the water.

Grappling hook means a hooked device with flukes or claws, which is attached to a line and operated by hand.

Groundfish—bottomfish means any marine finfish except halibut, osmerids, herring and salmonids.

Hand purse seine means a floating net which is designed to surround fish and which can be closed at the bottom by pursing the lead line; pursing may only be done by hand power, and a free-running line through one or more rings attached to the lead line is not allowed.

Herring pound means an enclosure used primarily to contain live herring over extended periods of time.

Hung measure means the maximum length of the cork line when measured wet or dry with traction applied at one end only.

Jigging gear means a line or lines with lures or baited hooks, drawn through the water by

hand, and which are operated during periods of ice cover from holes cut in the ice.

Lead means either a length of net employed for guiding fish into a seine, set gill net, or other length of net, or a length of fencing employed for guiding fish into a fishwheel, fyke net or dip net.

Long line means either a stationary, buoyed, or anchored line, or a floating, free-drifting line with lures or baited hooks attached.

Possession limit means the maximum number of fish a person or designated group may have in possession if the fish have not been canned, salted, frozen, smoked, dried, or otherwise preserved so as to be fit for human consumption after a 15 day period.

Pot means a portable structure designed and constructed to capture and retain live fish and shellfish in the water.

Public lands or *public land* means lands situated in the State of Alaska which are Federal lands, except—

(1) Land selections of the State of Alaska which have been tentatively approved or validly selected under the Alaska Statehood Act and lands which have been confirmed to, validly selected by, or granted to the Territory of Alaska or the State under any other provision of Federal law;

(2) Land selections of a Native Corporation made under the Alaska Native Claims Settlement Act which have not been conveyed to a Native Corporation, unless any such selection is determined to be invalid or is relinquished; and

(3) Lands referred to in Section 19(b) of the Alaska Native Claims Settlement Act.

Purse seine means a floating net which is designed to surround fish and which can be closed at the bottom by means of a free-running line through one or more rings attached to the lead line.

Ring net means a bag-shaped net suspended between no more than two frames; the bottom frame may not be larger in perimeter than the top frame; the gear must be nonrigid and collapsible so that free movement of fish or shellfish across the top of the net is not prohibited when the net is employed.

Rockfish means all species of the genus *Sebastes*.

Rod and reel means either a device upon which a line is stored on a fixed or revolving spool and is deployed through guides mounted on a flexible pole, or a line that is attached to a pole.

Salmon means the following species: pink salmon (*Oncorhynchus gorbusha*); sockeye salmon (*Oncorhynchus nerka*); chinook salmon (*Oncorhynchus tshawytscha*); coho salmon (*Oncorhynchus kisutch*); and chum salmon (*Oncorhynchus keta*).

Salmon stream means any stream used by salmon for spawning or for travelling to a spawning area.

Salmon stream terminus means a line drawn between the seaward extremities of the exposed tideland banks of any salmon stream at mean lower low water.

Set gill net means a gill net that has been intentionally set, staked, anchored, or otherwise fixed.

Shovel means a hand-operated implement for digging clams or cockles.

Spear means a shaft with a sharp point or fork-like implement attached to one end which is used to thrust through the water to impale or retrieve fish and which is operated by hand.

Take or *Taking* means to pursue, hunt, shoot, trap, net capture, collect, kill, harm, or attempt to engage in any such conduct.

To operate fishing gear means any of the following: the deployment of gear in the waters of Alaska; the removal of gear from the waters of Alaska; the removal of fish or shellfish from the gear during an open season or period; or the possession of a gill net containing fish during an open fishing period, except that a gill net which is completely clear of the water is not considered to be operating for the purposes of minimum distance requirement.

Trawl means a bag-shaped net towed through the water to capture fish or shellfish.

Trout means the following species: cutthroat trout (*Oncorhynchus clarki*) and rainbow trout or steelhead trout (*Oncorhynchus mykiss*).

(c) *Methods, means, and general restrictions.*

(1) No person may buy or sell fish, their parts, or their eggs which have been taken for subsistence uses, unless, prior to the sale, the prospective buyer or seller obtains a determination from the Federal Subsistence Board that the sale constitutes customary trade.

(2) No person may take fish for subsistence uses within 300 feet of any dam, fish ladder, weir, culvert or other artificial obstruction.

(3) No person may use explosives or chemicals to take fish for subsistence uses.

(4) Each person shall plainly and legibly inscribe his or her first initial, last name, and address on any fish wheel, keg, buoy, stakes attached to gill nets, and on any other unattended fishing gear which the person has employed to take fish for subsistence uses.

(5) All pots used to take fish must contain an opening on the webbing of a sidewall of the pot which has been laced, sewn, or secured together by untreated cotton twine or other natural fiber no larger than 120 thread which upon deterioration or parting of the twine produces an opening in the web with a perimeter equal to or exceeding one-half of the tunnel eye opening perimeter.

(6) Persons licensed by the State of Alaska to engage in a fisheries business may not receive for commercial purposes or barter or

§ 242.26, Nts.

36 CFR Ch. II (7-1-00 Edition)

solicit to barter for subsistence taken salmon or their parts.

(7) Except as provided elsewhere in this subpart, the taking of rainbow trout and steelhead trout is prohibited.

(8) Fish taken for subsistence use or under subsistence regulations may not be subsequently used as bait for commercial or sport fishing purposes.

(9) The use of live non-indigenous fish as bait is prohibited.

(10) Any fishing gear used to take fish for subsistence uses may not obstruct more than one-half the width of any stream. A stationary fishing device may obstruct not more than one-half the width of any stream.

(11) Kegs or buoys attached to any permitted gear may be any color but red.

(12) Harvest limits authorized in this section or § 242.27 may not be accumulated with bag limits authorized in State seasons.

(13) Unless specified otherwise in this section, use of a rod and reel to take fish is permitted without a subsistence fishing permit. Harvest limits applicable to the use of a rod and reel to take fish for subsistence uses shall be as follows:

(i) Where a subsistence fishing permit issued by the ADF&G is required by this section, that permit is not required to take fish for subsistence uses with rod and reel. The harvest and possessions limits for taking fish for subsistence uses with a rod and reel in those areas are the same as indicated on the ADF&G permit issued for subsistence fishing with other gear types;

(ii) Where a subsistence fishing permit is not required by this section, the harvest and possession limits for taking fish for subsistence uses with a rod and reel is the same as for taking fish under State of Alaska sport fishing regulations in those same areas.

(14) Unless restricted in this section, or unless restricted under the terms of a required subsistence fishing permit, gear specified in definitions in paragraph (b) of this section are legal types of gear for subsistence fishing.

(15) Unless restricted in this section, or unless restricted under the terms of a subsistence fishing permit, fish may be taken at any time.

(16) Gill nets used for subsistence fishing for salmon may not exceed 50 fathoms in length, unless otherwise specified by regulations for particular areas set forth in this section.

(17) Each fishwheel must have the first initial, last name, and address of the operator plainly and legibly inscribed on the side of the fishwheel facing midstream of the river.

(18) Unlawful possession of subsistence finfish. Fish or their parts taken in violation of Federal or State regulations may not be possessed, transported, given, received or bartered.

(d) *Fishery management area restrictions.* For detailed descriptions of Fishery Management Areas, see State of Alaska Fishing Regulations.

(1) *Kotzebue-Northern Area.* (i) Salmon may be taken only by gill nets, beach seines, or a rod and reel.

(ii) Fish may be taken for subsistence purposes without a subsistence fishing permit.

(2) *Norton Sound-Port Clarence Area.* (i) Salmon may be taken only by gill nets, beach seines, fishwheel, or a rod and reel.

(ii) Except as provided in this paragraph (d)(2), fish may be taken for subsistence purposes without a subsistence fishing permit. A subsistence fishing permit issued by ADF&G is required, except for use of rod and reel, as follows:

(A) Pilgrim River drainage including Salmon Lake;

(B) For net fishing in all waters from Cape Douglas to Rocky Point.

(iii) Only one subsistence fishing permit will be issued to each household per year.

(3) *Yukon Area.* (i) Salmon may be taken only by set gill nets, beach seines, fishwheels, or rod and reel.

(ii) Except as provided in this paragraph (d)(3), fish may be taken for subsistence purposes without a subsistence fishing permit.

(iii) A subsistence fishing permit issued by the ADF&G is required, except for the use of rod and reel, as follows:

(A) For the Yukon River drainage from the mouth of Hess Creek to the mouth of the Dall River;

(B) For the Yukon River drainage from the ADF&G regulatory markers placed near the upstream mouth of 22 Mile Slough upstream to the United States—Canada border;

(C) For the Tanana River drainage above the mouth of the Wood River;

(D) For whitefish and suckers in the waters listed;

(E) For the taking of pike in waters of the Tolovana River drainage upstream of its confluence with the Tanana River;

(F) For the taking of salmon in Subdistricts 6-A and 6-B.

(iv) Except as otherwise provided, and except as may be provided by the terms of a subsistence fishing permit issued by the ADF&G, there is no closed season on fish other than salmon.

(v) Only one subsistence fishing permit will be issued to each household per year.

(vi) Birch Creek of the upper Yukon drainage, and waters within 500 feet of its mouth, is closed to subsistence fishing June 10 through September 10, except that whitefish and suckers may be taken by rod and reel or under the authority of a subsistence fishing permit issued by the ADF&G.

(vii) The following drainages located north of the main Yukon River are closed to subsistence fishing:

Forest Service, USDA

§ 242.26, Nfs.

(A) Kanuti River, upstream from a point five miles downstream of the State highway crossing;

(B) Fish Creek, upstream from the mouth of Bonanza Creek;

(C) Bonanza Creek;

(D) Jim River, including Prospect Creek and Douglas Creek;

(E) South Fork of the Koyukuk River system upstream from the mouth of Jim River;

(F) Middle Fork of the Koyukuk River system upstream from the mouth of the North Fork;

(G) North Fork of the Chandalar River system upstream from the mouth of Quartz Creek.

(viii) The main Tanana River and its adjoining sloughs are closed to subsistence fishing between the mouth of the Salcha River and the mouth of the Gerstle River, except that salmon may be taken in the area upstream of the Richardson Highway bridge to the mouth of Clearwater Creek after November 20.

(ix) Waters of the Tanana River drainage are closed to the subsistence taking of pike between the mouth of the Kantishna River and Delta River at Black Rapids on the Richardson Highway and Cathedral Rapids on the Alaska Highway, except that pike may be taken for subsistence purposes in the Tolovana River drainage upstream from its confluence with the Tanana River.

(x) The Delta River is closed to subsistence fishing, except that salmon may be taken after November 20.

(xi) The following locations are closed to subsistence fishing:

(A) The following rivers and creeks and within 500 feet of their mouths: Delta Clearwater River (Clearwater Creek at 64° 06' N. lat., 145° 34' W. long), Richardson Clearwater Creek (Clear Creek at 64° 14' N. lat., 146° 16' W. long), Goodpaster River, Chena River, Little Chena River, Little Salcha River, Blue Creek, Big Salt River, Shaw Creek, Bear Creek, McDonald Creek, Moose Creek, Hess Creek, and Beaver Creek;

(B) Ray River and Salcha River upstream of a line between the ADF&G regulatory markers located at the mouth of the rivers;

(C) Deadman, Jan, Boleo, Birch, Lost, Harding, Craig, Fielding, Two-Mile, Quartz, and Little Harding lakes;

(D) Piledriver and Badger (Chena) sloughs.

(xii) The following waters are closed to the taking of chum salmon from August 15-December 31:

(A) Toklat River;

(B) Kantishna River from the mouth of the Toklat River to its confluence with the Tanana River.

(xiii) Salmon may be taken only by set gill nets in those locations described in below after July 19:

(A) Waters of the Black River including waters within one nautical mile of its terminus;

(B) Waters of Kwikluak Pass downstream of Agmulegut and the waters of Kwemeluk Pass;

(C) Waters of Alakanuk Pass downstream from the mouth of Kuiukpak Slough;

(D) Waters of Kwiguk Pass downstream to the mouth of Kawokhawik Slough;

(E) Waters of Kawanak Pass downstream from Sea Gull Point;

(F) Waters of Apoon Pass downstream from the mouth of the Kotlik River and waters of Okwega Pass downstream from its confluence with Apoon Pass;

(G) Waters within one nautical mile seaward from any grassland bank in District 1.

(xiv) Pike may not be taken with gill nets in the waters of the Tolovana River drainage from October 15-April 14.

(xv) A commercial salmon fisherman who is registered for Districts 1, 2, or 3 may not take salmon for subsistence purposes in any other district located downstream from Old Paradise Village.

(xvi) In District 4, commercial fishermen may not take salmon for subsistence purposes during the commercial salmon fishing season by gill nets larger than 6-inch mesh after a date specified by emergency order issued between July 10-July 31.

(xvii) In Subdistricts 5-A, 5-B, 5-C, and that portion of Subdistrict 5-D downstream from Long Point, no person may possess salmon taken for subsistence purposes during a commercial fishing period, unless the dorsal fin has been immediately removed from the salmon; a person may not sell or purchase salmon from which the dorsal fin has been removed.

(xviii) Subsistence fishermen taking salmon in Subdistrict 6-C shall report their salmon catches at designated ADF&G check stations by the end of each weekly fishing period; immediately after salmon have been taken, catches must be recorded on a harvest form provided by the ADF&G.

(xix) The annual possession limit for the holder of a Subdistrict 6-C subsistence salmon fishing permit is 10 king salmon and 75 chum salmon for periods through August 15, and 75 chum and coho salmon for periods after August 15.

(xx) Subsistence salmon harvest limits in Subdistrict 6-C are 750 king salmon and 5,000 chum salmon taken through August 15 and 5,200 chum and coho salmon combined taken after August 15; when either the king or chum salmon harvest limit for periods before August 16 has been taken, the subsistence salmon fishing season in Subdistrict 6-C will close; a later season will open after August 15 to allow the taking of the harvest limit for periods after August 15; if the chum salmon harvest limit has not been obtained through August 15, the remaining harvest

§ 242.26, Nts.

36 CFR Ch. II (7-1-00 Edition)

will not be added to the chum salmon harvest level for periods after August 15.

(xxi) The annual harvest limit for the holder of a Subdistrict 6-A or 6-B subsistence salmon fishing permit is 60 chinook salmon and 500 chum salmon for the period through August 15 of a year, and 2,000 chum and coho salmon combined for the period after August 15; upon request, permits for additional salmon may be issued by the ADF&G.

(xxii) In the Kantishna River drainage, the open subsistence salmon fishing periods are seven days per week.

(4) *Kuskokwim Area.* (i) Salmon may only be taken by gill net, beach seine, fishwheel, or by a rod and reel, subject to the restrictions set forth in this paragraph (d)(4), except that salmon may also be taken by spear in the Holitna River drainage.

(ii) Fish may be taken for subsistence purposes without a subsistence fishing permit.

(iii) Each subsistence gill net operated in tributaries of the Kuskokwim River must be attached to the bank, fished substantially perpendicular to the bank and in a substantially straight line.

(iv) The aggregate length of set gill nets or drift gill nets in use by any individual for taking salmon may not exceed 50 fathoms.

(v) Rainbow trout may be taken by residents of Goodnews Bay, Platinum, Quinhagak, Eek, Kwethluk, Akiachak, and Akiak from those non-navigable drainages tributary to the Kuskokwim River downstream from the confluence of the Kuskokwim and Holitna Rivers and from those non-navigable drainages to Kuskokwim Bay north of the community of Platinum, subject to the following restrictions:

(A) Rainbow trout may be taken only by the use of gill nets, rod and reel, or jigging through the ice;

(B) The use of gill nets for taking rainbow trout is prohibited from March 15-June 15.

(5) *Bristol Bay Area.* (i) Salmon and char may only be taken by rod and reel or under authority of a subsistence fishing permit issued by the ADF&G.

(ii) Only one subsistence fishing permit may be issued to each household per year.

(iii) Each gill net must be staked and buoyed.

(iv) No person may operate or assist in operating subsistence salmon net gear while simultaneously operating or assisting in operating commercial salmon net gear.

(v) Salmon, herring, and capelin may only be taken by set gill nets and by a rod and reel, except that salmon may also be taken by spear in the Togiak River including its tributaries.

(vi) Subsistence fishing is not permitted within the boundaries of Katmai National Park.

(vii) Except for the western shore of the Newhalen River, waters used by salmon are

closed to the subsistence taking of fish within 300 feet of a stream mouth.

(viii) Subsistence salmon fishing permits for the Naknek River drainage will be issued only through the ADF&G King Salmon office.

(ix) Subsistence fishing with nets is prohibited in the following waters and within one-fourth mile of the terminus of those waters during the period from September 1 through June 14: Lower Talarik Creek, Roadhouse Creek, Nick G. Creek, Middle Talarik Creek, Alexi Creek, Copper River, Upper Talarik Creek, Tazimina River, Kakhonak River, Pete Andrew Creek, Young's Creek, Gibraltar River, Zacker Creek, Chekok Creek, Dennis Creek, Newhalen River, Tomokok Creek, Belinda Creek.

(x) Gill nets are prohibited in that portion of the Naknek River upstream from Sovonaski.

(xi) After August 20, no person may possess coho salmon for subsistence purposes in the Togiak River Section and the Togiak River drainage unless the head has been immediately removed from the salmon. It is unlawful to purchase or sell coho salmon from which the head has been removed.

(6) *Aleutian Islands Area.* (i) Salmon may be taken by seine and gill net, with gear specified on a subsistence fishing permit issued by the ADF&G, or by a rod and reel.

(ii) The Adak District is closed to the taking of salmon.

(iii) Salmon and char may be taken only by rod and reel or under the terms of a subsistence fishing permit issued by the ADF&G, except that a permit is not required in the Akutan, Umnak and Adak Districts; not more than 250 salmon may be taken for subsistence purposes unless otherwise specified on the subsistence fishing permit; a record of subsistence-caught fish must be kept on the reverse side of the permit; the record must be completed immediately upon taking subsistence-caught fish and must be returned to the local representative of the ADF&G no later than October 31.

(7) *Alaska Peninsula Area.* (i) Salmon may be taken by seine, gill net, gear specified on a permit issued by the ADF&G, or rod and reel.

(ii) The following waters are closed to subsistence fishing for salmon:

(A) Russell Creek and Nurse Lagoon;

(B) Trout Creek;

(C) Humbolt Creek.

(iii) Salmon and char may only be taken by rod and reel or under the authority of a subsistence fishing permit issued by the ADF&G; a record of subsistence-caught fish must be kept on the reverse side of the permit; the record must be completed immediately upon taking subsistence-caught fish and must be returned to the local representative of the ADF&G no later than October 31.

Forest Service, USDA

§ 242.26, Nfs.

(8) *Chignik Area.* (i) Salmon may be taken by seines and gill nets, or with gear specified on a subsistence fishing permit issued by the ADF&G, or by a rod and reel, except that in Chignik Lake, salmon may not be taken with purse seines.

(ii) Salmon may not be taken in the Chignik River, upstream from the ADF&G weir site or counting tower, in Black Lake, or any tributary to Black and Chignik Lakes.

(iii) Salmon and char may only be taken by rod and reel or under the authority of a subsistence fishing permit issued by the ADF&G. A record of subsistence-caught fish must be kept on the reverse side of the permit. The record must be completed immediately upon taking subsistence-caught fish and must be returned to the local representative of the ADF&G no later than October 31.

(iv) From June 10-September 30, commercial fishing license holders may not subsistence fish for salmon.

(9) *Kodiak Area.* (i) Salmon may be taken 24 hours a day from January 1 through December 31 except as provided in this paragraph (d)(9)(i):

(A) From June 1-September 15, salmon seine vessels may not be used to take subsistence salmon for 24 hours before, during, and for 24 hours after any open commercial salmon fishing period;

(B) From June 1-September 15, purse seine vessels may be used to take salmon only with gill nets and no other type of salmon gear may be on board the vessel;

(C) Salmon may be taken only by gill net, seine, or by a rod and reel;

(D) Subsistence fishermen must be physically present at the net at all times the net is being fished.

(ii) The following locations are closed to the subsistence taking of salmon:

(A) All waters of Mill Bay and all those waters bounded by a line from Spruce Cape to the northernmost point of Woody Island, then to the northernmost point of Holiday Island, then to a point on Near Island opposite the Kodiak small boat harbor entrance and then to the small boat harbor entrance;

(B) All freshwater systems of Little Afognak River and Portage Creek drainage in Discoverer Bay;

(C) All water closed to commercial salmon fishing in the Barbara Cove, Chiniak Bay, Saltery Cove, Pasagshak Bay, Monashka Bay and Anton Larsen Bay, and all waters closed to commercial salmon fishing within 100 yards of the terminus of Selief Bay Creek and north and west of a line from the tip of Las Point to the tip of River Mouth Point of Afognak Bay;

(D) All waters 300 yards seaward of the terminus of Monks Creek;

(E) From August 15 through September 30, all waters 500 yards seaward of the terminus of Little Kitoi Creek;

(F) All freshwater systems of Afognak Island;

(G) All waters of Ouzinkie Harbor north of a line from 57°55'10" N. lat., 152°36' W. long. to 57°55'03" N. lat., 152°29'20" W. long.

(iii) A subsistence fishing permit issued by the ADF&G is required for taking salmon, trout and char for subsistence purposes (hourly restrictions and rod/reel restrictions identified in this permit do not apply on waters under Federal jurisdiction in the Kodiak Area); a subsistence fishing permit issued by the ADF&G is required for taking herring and bottomfish for subsistence purposes during the commercial herring sac roe season from May 1-June 30; all subsistence fishermen shall keep a record of the number of subsistence fish taken each year; the number of subsistence fish shall be recorded on the reverse side of the permit. The record must be completed immediately upon landing subsistence caught fish and must be returned to the local representative of the ADF&G by February 1 of the year following the year the permit was issued.

(10) *Cook Inlet Area.* (i) Salmon may be taken only by rod and reel, or under the authority of a subsistence fishing permit issued by the ADF&G; only one permit may be issued to a household each year; a subsistence fishing permit holder shall record daily salmon catches on forms provided by the ADF&G.

(ii) Trout, grayling, char, and burbot may not be taken in fresh water.

(iii) All public waters on the Kenai Peninsula are closed to subsistence fishing.

(iv) Smelt may be taken only with gill nets and dip nets. Gill nets used to take smelt may not exceed 50 feet in length and two inches in mesh size.

(v) Gill nets may not be used.

(11) *Prince William Sound Area.* (i) Salmon and freshwater fish species may be taken only by rod and reel or under the authority of a subsistence fishing permit issued by the ADF&G.

(ii) Only one subsistence fishing permit will be issued to each household per year.

(iii) Use of fishwheels:

(A) Fishwheels used for subsistence fishing may not be rented, leased, or otherwise used for personal gain;

(B) Subsistence fishwheels must be removed from the water at the end of the permit period;

(C) Each permittee may operate only one fishwheel at any one time;

(D) No person may set or operate a fishwheel within 75 feet of another fishwheel;

(E) No fishwheel may have more than two baskets;

(F) The permit holder must personally operate the fishwheel or dip net. A subsistence fishwheel or dip net permit may not be loaned or transferred except as permitted by this Part;

§ 242.27

36 CFR Ch. II (7-1-00 Edition)

(G) A wood or metal plate at least 12 inches high by 12 inches wide, bearing the permit holder's name and address in letters and numerals at least one inch high, must be attached to each fishwheel so that the name and address are plainly visible.

(iv) Salmon may not be taken in any area closed to commercial salmon fishing unless otherwise permitted.

(v) In locations open to commercial salmon fishing and in conformance with commercial salmon fishing regulations, the annual subsistence salmon limit is as follows:

(A) 15 salmon for a household of one person;

(B) 30 salmon for a household of two persons;

(C) 10 salmon for each additional person in a household over two;

(D) No more than five king salmon may be taken per permit.

(vi) All tributaries of the Copper River and waters of the Copper River are closed to the taking of salmon.

(vii) Crosswind Lake is closed to all subsistence fishing.

(viii) Salmon may be taken for subsistence purposes in the waters of the Southwestern District only as follows:

(A) Only pink salmon may be taken;

(B) Pink salmon may be taken by dipnets or by a rod and reel;

(C) Pink salmon may be taken only from May 15-September 30;

(D) Fishing periods are from May 15 until two days before the commercial opening of the Southwestern District, seven days per week; during the commercial salmon fishing season, only during open commercial salmon fishing periods; and from two days following the closure of the commercial salmon season until September 30, seven days per week;

(E) There are no harvest and possession limits for this fishery;

(F) ADF&G permits may be issued only at Chenega Bay village.

(ix) Salmon may be taken for subsistence purposes in the waters north of a line from Porcupine Point to Granite Point, and south of a line from Point Lowe to Tongue Point, only as follows:

(A) Only pink salmon may be taken;

(B) Pink salmon may be taken by dipnets or by a rod and reel;

(C) Pink salmon may be taken only from May 15-September 30;

(D) Fishing periods are from May 15 until two days before the commercial opening of the Southwestern District, seven days per week; during the commercial salmon fishing season, only during open commercial salmon fishing periods; and from two days following the closure of the commercial salmon season until September 30, seven days per week;

(E) There are no harvest and possession limits for this fishery;

(F) ADF&G permits may be issued only at Tatitlek village.

(12) *Yakutat Area.* (i) Salmon, trout, and char may be taken only by rod and reel or under authority of a subsistence fishing permit issued by the ADF&G.

(ii) Salmon, trout, or char taken incidentally by gear operated under the terms of a subsistence permit for salmon are legally taken and possessed for subsistence purposes; the holder of a subsistence salmon permit must report any salmon, trout, or char taken in this manner on his or her permit calendar.

(iii) Subsistence fishermen must remove the dorsal fin from subsistence-caught salmon when taken.

(13) *Southeastern Alaska Area.* (i) Salmon, trout, char and herring spawn on kelp may be taken only by rod and reel or under authority of a subsistence fishing permit issued by the ADF&G.

(ii) No person may possess subsistence-taken and sport-taken salmon on the same day.

(iii) Salmon, trout or char taken incidentally by gear operated under the terms of an ADF&G subsistence permit for salmon are legally taken and possessed for subsistence purposes; the holder of a subsistence salmon permit must report any salmon, trout, or char taken in this manner on his or her permit calendar.

(iv) Subsistence fishermen shall immediately remove the dorsal fin of all salmon when taken.

[63 FR 35375, June 29, 1998]

2. At 65 FR 39817, June 28, 2000, §242.26 was amended by adding paragraph (i)(10)(v), effective June 28, 2000, through Feb. 28, 2001.

§ 242.27 Subsistence taking of shellfish.

(a) Regulations in this section apply to subsistence taking of Dungeness crab, king crab, Tanner crab, shrimp, clams, abalone, and other shellfish or their parts.

(b) You may take shellfish for subsistence uses at any time in any area of the public lands by any method unless restricted by the subsistence fishing regulations of §242.26 or this section.

(c) *Methods, means, and general restrictions.* (1) The harvest limit specified in this section for a subsistence season for a species and the State harvest limit set for a State season for the same species are not cumulative. This means that if you have taken the harvest limit for a particular species under a subsistence season specified in this section, you may not after that, take any

additional shellfish of that species under any other harvest limit specified for a State season.

(2) Unless otherwise provided in this section, you may use gear as specified in the definitions of § 242.26 for subsistence taking of shellfish.

(3) You are prohibited from buying or selling subsistence-taken shellfish, their parts, or their eggs, unless otherwise specified.

(4) You may not use explosives and chemicals, except that you may use chemical baits or lures to attract shellfish.

(5) Marking requirements for subsistence shellfish gear are as follows:

(i) You shall plainly and legibly inscribe your first initial, last name, and address on a keg or buoy attached to unattended subsistence fishing gear, except when fishing through the ice, you may substitute for the keg or buoy, a stake inscribed with your first initial, last name, and address inserted in the ice near the hole; subsistence fishing gear may not display a permanent ADF&G vessel license number;

(ii) kegs or buoys attached to subsistence crab pots also must be inscribed with the name or United States Coast Guard number of the vessel used to operate the pots.

(6) Pots used for subsistence fishing must comply with the escape mechanism requirements found in § 242.26.

(7) You may not mutilate or otherwise disfigure a crab in any manner which would prevent determination of the minimum size restrictions until the crab has been processed or prepared for consumption.

(d) *Taking shellfish by designated harvest permit.* (1) Any species of shellfish that may be taken by subsistence fishing under this part may be taken under a designated harvest permit.

(2) If you are a Federally-qualified subsistence user (beneficiary), you may designate another Federally-qualified subsistence user to take shellfish on your behalf. The designated fisherman must obtain a designated harvest permit prior to attempting to harvest shellfish and must return a completed harvest report. The designated fisherman may harvest for any number of beneficiaries but may have no more

than two harvest limits in his/her possession at any one time.

(3) The designated fisherman must have in possession a valid designated harvest permit when taking, attempting to take, or transporting shellfish taken under this section, on behalf of a beneficiary.

(4) a person may not fish with more than one legal limit of gear as established by this section.

(5) You may not designate more than one person to take or attempt to take shellfish on your behalf at one time. You may not personally take or attempt to take shellfish at the same time that a designated fisherman is taking or attempting to take shellfish on your behalf.

(e) If a subsistence shellfishing permit is required by this section, the following conditions apply unless otherwise specified by the subsistence shellfishing regulations this section:

(1) You may not take shellfish for subsistence in excess of the limits set out in the permit;

(2) You must obtain a permit prior to subsistence fishing;

(3) You must have the permit in your possession and readily available for inspection while taking or transporting the species for which the permit is issued;

(4) The permit may designate the species and numbers of shellfish to be harvested, time and area of fishing, the type and amount of fishing gear and other conditions necessary for management or conservation purposes;

(5) If specified on the permit, you shall keep accurate daily records of the catch involved, showing the number of shellfish taken by species, location and date of the catch and such other information as may be required for management or conservation purposes;

(6) Subsistence fishing reports must be completed and submitted at a time specified for each particular area and fishery;

(7) If the return of catch information necessary for management and conservation purposes is required by a subsistence fishing permit and you fail to comply with such reporting requirements, you are ineligible to receive a subsistence permit for that activity

§ 242.27

36 CFR Ch. II (7-1-00 Edition)

during the following calendar year, unless you demonstrate that failure to report was due to loss in the mail, accident, sickness or other unavoidable circumstances.

(f) Subsistence take by commercial vessels. No fishing vessel which is commercially licensed and registered for shrimp pot, shrimp trawl, king crab, Tanner crab, or Dungeness crab fishing may be used for subsistence take during the period starting 14 days before an opening until 14 days after the closure of a respective open season in the area or areas for which the vessel is registered. However, if you are a commercial fisherman, you may retain shellfish for your own use from your lawfully taken commercial catch.

(g) You may not take or possess shellfish smaller than the minimum legal size limits.

(h) Unlawful possession of subsistence shellfish. You may not possess, transport, give, receive or barter shellfish or their parts taken in violation of Federal or State regulations.

(i)(1) An owner, operator, or employee of a lodge, charter vessel, or other enterprise that furnishes food, lodging, or guide services may not furnish to a client or guest of that enterprise, shellfish that has been taken under this chapter, unless:

(i) the shellfish has been taken with gear deployed and retrieved by the client or guest;

(ii) the gear has been marked with the client's or guest's name and address; and

(iii) the shellfish is to be consumed by the client or guest or is consumed in the presence of the client or guest.

(2) The captain and crewmembers of a charter vessel may not deploy, set, or retrieve their own gear in a subsistence shellfish fishery when that vessel is being chartered.

(j) *Subsistence shellfish areas and pertinent restrictions.* (1) *Southeastern Alaska-Yakutat Area.* No marine waters under jurisdiction for Federal subsistence management.

(2) *Prince William Sound Area.* No marine waters under jurisdiction for Federal subsistence management.

(3) *Cook Inlet Area.* You may not take shellfish for subsistence purposes.

(4) *Kodiak Area.* (i) You may take crab for subsistence purposes only under the authority of a subsistence crab fishing permit issued by the ADF&G.

(ii) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G before subsistence shrimp fishing during a closed commercial shrimp fishing season or within a closed commercial shrimp fishing district, section or subsection. The permit shall specify the area and the date the vessel operator intends to fish. No more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(iii) The daily harvest and possession limit is 12 male Dungeness crab per person; only male Dungeness crab with a shell width of six and one-half inches or greater may be taken or possessed. Taking of Dungeness crab is prohibited in water 25 fathoms or more in depth during the 14 days immediately before the opening of a commercial king or Tanner crab fishing season in the location.

(iv) In the subsistence taking of king crab:

(A) The annual limit is six crabs per household; only male king crab may be taken or possessed;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a two-week period shall have all bait and bait containers removed and all doors secured fully open;

(C) You may not use more than five crab pots, each being no more than 75 cubic feet in capacity to take king crab;

(D) You may take king crab only from June 1-January 31, except that the subsistence taking of king crab is prohibited in waters 25 fathoms or greater in depth during the period 14 days before and 14 days after open commercial fishing seasons for red king crab, blue king crab, or Tanner crab in the location;

(E) The waters of the Pacific Ocean enclosed by the boundaries of Womans Bay, Gibson Cove, and an area defined by a line ½ mile on either side of the mouth of the Karluk River, and extending seaward 3,000 feet, and all waters

within 1,500 feet seaward of the shoreline of Afognak Island are closed to the harvest of king crab except by Federally-qualified subsistence users.

(v) In the subsistence taking of Tanner crab:

(A) You may not use more than five crab pots to take Tanner crab;

(B) You may not take Tanner crab in waters 25 fathoms or greater in depth during the 14 days immediately before the opening of a commercial king or Tanner crab fishing season in the location;

(C) The daily harvest and possession limit is 12 male crab with a shell width five and one-half inches or greater per person.

(5) *Alaska Peninsula-Aleutian Islands Area.* (i) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G prior to subsistence shrimp fishing during a closed commercial shrimp fishing season or within a closed commercial shrimp fishing district, section, or subsection; the permit shall specify the area and the date the vessel operator intends to fish; no more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(ii) The daily harvest and possession limit is 12 male Dungeness crab per person; only crabs with a shell width of five and one-half inches or greater may be taken or possessed.

(iii) In the subsistence taking of king crab:

(A) The daily harvest and possession limit is six male crab per person; only crabs with a shell width of six and one-half inches or greater may be taken or possessed;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a two-week period shall have all bait and bait containers removed and all doors secured fully open;

(C) You may take crabs only from June 1–January 31.

(iv) The daily harvest and possession limit is 12 male Tanner crab per person; only crabs with a shell width of five and one-half inches or greater may be taken or possessed.

(6) *Bering Sea Area.* (i) In that portion of the area north of the latitude of

Cape Newenham, shellfish may only be taken by shovel, jigging gear, pots and ring net.

(ii) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G prior to subsistence shrimp fishing during a closed commercial shrimp fishing season or within a closed commercial shrimp fishing district, section or subsection; the permit shall specify the area and the date the vessel operator intends to fish; no more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(iii) In waters south of 60° N. lat., the daily harvest and possession limit is 12 male Dungeness crab per person.

(iv) In the subsistence taking of king crab:

(A) In waters south of 60° N. lat., the daily harvest and possession limit is six male crab per person;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a two-week period shall have all bait and bait containers removed and all doors secured fully open;

(C) In waters south of 60° N. lat., you may take crab only from June 1–January 31;

(D) In the Norton Sound Section of the Northern District, you must have a subsistence permit.

(v) In waters south of 60° N. lat., the daily harvest and possession limit is 12 male Tanner crab.

[64 FR 1311, Jan. 8, 1999]

EFFECTIVE DATE NOTE: At 64 FR 1311, Jan. 8, 1999, §242.27 was revised, effective Oct. 1, 1999 through Feb. 28, 2001. For the convenience of the user, the superseded text follows:

§ 242.27 Subsistence taking of shellfish.

(a) Regulations in this section apply to subsistence taking of dungeness crab, king crab, tanner crab, shrimp, clams, abalone, and other shellfish or their parts.

(b) Shellfish may be taken for subsistence uses at any time in any area of the public lands by any method unless restricted by the subsistence fishing regulations of §242.26 or this section.

(c) Methods, means, and general restrictions. (1) The harvest limit specified herein for a subsistence season for a species and the State bag limit set for a State season for the same species are not cumulative. This means that a person or designated group who has

§ 242.27, Nt.

36 CFR Ch. II (7-1-00 Edition)

taken the harvest limit for a particular species under a subsistence season specified herein may not after that, take any additional shellfish of that species under any other bag limit specified for a State season.

(2) Unless otherwise provided in this section, gear as specified in the definitions of § 242.26 is legal for subsistence taking of shellfish.

(3) It is prohibited to buy or sell subsistence-taken shellfish, their parts, or their eggs, unless otherwise specified.

(4) The use of explosives and chemicals is prohibited, except that chemical baits or lures may be used to attract shellfish.

(5) Each subsistence fisherman shall plainly and legibly inscribe their first initial, last name and address on a keg or buoy attached to unattended subsistence fishing gear. Subsistence fishing gear may not display a permanent ADF&G vessel license number. The keg or buoy may be any color except red.

(6) A side wall of all subsistence shellfish pots must contain an opening with a perimeter equal to or exceeding one-half of the tunnel eye opening perimeter. The opening must be laced, sewn, or secured together by untreated cotton twine or other natural fiber no larger than 120 thread. Dungeness crab and shrimp pots may have the pot lid tie-down straps secured to the pot at one end by untreated cotton twine no larger than 120 thread, as a substitute for the above requirement.

(7) No person may mutilate or otherwise disfigure a crab in any manner which would prevent determination of the minimum size restrictions until the crab has been processed or prepared for consumption.

(8) In addition to the marking requirements in paragraph (c)(5) of this section, kegs or buoys attached to subsistence crab pots must also be inscribed with the name or U.S. Coast Guard number of the vessel used to operate the pots.

(9) No more than five pots per person and 10 pots per vessel may be used to take crab, except as specified in paragraph (f) of this section.

(10) In the subsistence taking of shrimp in the Glacier Bay National Preserve, no person may use more than 10 pots, and no more than 20 pots may be operated from a vessel. In the subsistence taking of shellfish other than shrimp in the Glacier Bay National Preserve, no person may operate more than five pots of any type, and no more than 10 pots of any type may be operated from a vessel.

(d) Subsistence take by commercial vessels. No fishing vessel which is commercially licensed and registered for shrimp pot, shrimp trawl, king crab, tanner crab, or dungeness crab fishing may be used for subsistence take during the period starting 14 days before an opening until 14 days after the closure of a respective open season in the area or areas for which the vessel is registered.

(e) Unlawful possession of subsistence shellfish. Shellfish or their parts taken in violation of Federal or State regulations may not be possessed, transported, given, received or bartered.

(f) Subsistence shellfish areas and pertinent restrictions. (1) *Southeastern Alaska-Yakutat Area*. Shellfish may be taken for subsistence purposes in the Glacier Bay National Preserve only under the authority of a subsistence shellfish fishing permit.

(2) *Cook Inlet Area*. All waters within the boundaries of the Kenai National Wildlife Refuge are closed to the taking of shellfish for subsistence purposes.

(3) *Kodiak Area*. (i) Shellfish may be taken for subsistence purposes only under the authority of a subsistence shellfish fishing permit issued by the ADF&G.

(ii) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G before subsistence shrimp fishing during a closed commercial shrimp fishing season or within a closed commercial shrimp fishing district, section or subsection. The permit shall specify the area and the date the vessel operator intends to fish. No more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(iii) The daily harvest and possession limit is 12 male dungeness crab per person.

(iv) In the subsistence taking of king crab:

(A) The daily harvest and possession limit is six male crab per person;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a two-week period shall have all bait and bait containers removed and all doors secured fully open;

(C) No more than five crab pots may be used to take king crab; each pot can be no more than 75 cubic feet in capacity;

(D) King crab may be taken only from June 1-January 31, except that the subsistence taking of king crab is prohibited in waters 25 fathoms or greater in depth during the period 14 days before and 14 days after open commercial fishing seasons for red king crab, blue king crab, or tanner crab in the location;

(E) The waters of the Pacific Ocean enclosed by the boundaries of Womans Bay, Gibson Cove, and an area defined by a line ½ mile on either side of the mouth of the Karluk River, and extending seaward 3,000 feet, and all waters within 1,500 feet seaward of the shoreline of Afognak Island are closed to the harvest of king crab except by Federally-qualified subsistence users.

(v) In the subsistence taking of tanner crab:

(A) No more than five crab pots may be used to take tanner crab;

(B) From July 15-February 10, the subsistence taking of tanner crab is prohibited in

waters 25 fathoms or greater in depth, unless the commercial tanner crab fishing season is open in the location;

(C) The daily harvest and possession limit is 12 male crab per person.

(4) *Alaska Peninsula-Aleutian Islands Area.*

(i) Shellfish may be taken for subsistence purposes only under the authority of a subsistence shellfish fishing permit issued by the ADF&G.

(ii) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G prior to subsistence shrimp fishing during a closed commercial shrimp fishing season or within a closed commercial shrimp fishing district, section, or subsection; the permit shall specify the area and the date the vessel operator intends to fish; no more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(iii) The daily harvest and possession limit is 12 male dungeness crab per person.

(iv) In the subsistence taking of king crab:

(A) The daily harvest and possession limit is six male crab per person;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a two-week period shall have all bait and bait containers removed and all doors secured fully open;

(C) Crab may be taken only from June 1-January 31.

(v) The daily harvest and possession limit is 12 male tanner crab per person.

(5) *Bering Sea Area.* (i) In waters South of 60° North latitude, shellfish may be taken for subsistence purposes only under the authority of a subsistence shellfish fishing permit issued by the ADF&G.

(ii) In that portion of the area north of the latitude of Cape Newenham, shellfish may only be taken by shovel, jigging gear, pots and ring net.

(iii) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G prior to subsistence shrimp fishing during a closed commercial shrimp fishing season or within a closed commercial shrimp fishing district, section or subsection; the permit shall specify the area and the date the vessel operator intends to fish; no more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(iv) In waters south of 60° N. lat., the daily harvest and possession limit is 12 male dungeness crab per person.

(v) In the subsistence taking of king crab:

(A) In waters south of 60° N. lat., the daily harvest and possession limit is six male crab per person;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a two-week period shall have all bait and bait containers removed and all doors secured fully open;

(C) In waters south of 60° N. lat., crab may be taken only from June 1-January 31.

(vi) In waters south of 60° N. lat., the daily harvest and possession limit is 12 male tanner crab.

[63 FR 35380, June 29, 1998]

PART 251—LAND USES

Subpart A—Miscellaneous Land Uses

NATURAL RESOURCES CONTROL

Sec.

251.9 Management of municipal watersheds.

251.10 Prohibition of location of mining claims within certain areas in the Norbeck Wildlife Preserve, South Dakota.

251.11 Governing mining locations under the mining laws of the United States within that portion of the Black Hills National Forest, State of South Dakota, designated as the Norbeck Wildlife Preserve.

251.14 Conditions, rules, and regulations to govern exercise of timber rights reserved in conveyance to the United States.

251.15 Conditions, rules, and regulations to govern exercise of mineral rights reserved in conveyances to the United States.

RIGHTS OF GRANTORS

251.17 Grantor's right to occupy and use lands conveyed to the United States.

251.18 Rights-of-way reserved by the grantor on lands conveyed to the United States.

251.19 Exercise of water rights reserved by the grantor of lands conveyed to the United States.

DESIGNATION OF AREAS

251.23 Experimental areas and research natural areas.

PETERSBURG WATERSHED

251.35 Petersburg watershed.

Subpart B—Special Uses

251.50 Scope.

251.51 Definitions.

251.52 Delegation of authority.

251.53 Authorities.

251.54 Proposal and application requirements and procedures.

251.55 Nature of interest.

251.56 Terms and conditions.

251.57 Rental fees.

251.58 Cost reimbursement. [Reserved]

251.59 Transfer of authorized improvements.

251.60 Termination, revocation, and suspension.

251.61 Modifications.

251.62 Acceptance.

§ 251.9

- 251.63 Reciprocity.
- 251.64 Renewals.
- 251.65 Information collection requirements.

Subpart A—Miscellaneous Land Uses

AUTHORITY: 7 U.S.C. 1011; 16 U.S.C. 518, 551, 678a; Pub. L. 76-867, 54 Stat. 1197.

NATURAL RESOURCES CONTROL

§ 251.9 Management of Municipal Watersheds.

(a) The Forest Service shall manage National Forest watersheds that supply municipal water under multiple use prescriptions in forest plans (36 CFR part 219). When a municipality desires protective actions or restrictions of use not specified in the forest plan, within agreements, and/or special use authorizations, the municipality must apply

36 CFR Ch. II (7-1-00 Edition)

to the Forest Service for consideration of these needs.

(b) When deemed appropriate by the Regional Forester, requested restrictions and/or requirements shall be incorporated in the forest plan without written agreements. Written agreements with municipalities to assure protection of water supplies are appropriate when requested by the municipality and deemed necessary by the Regional Forester. A special use authorization may be needed to effect these agreements.

(c) In preparing any municipal watershed agreement for approval by the Regional Forester or issuing special use authorization to protect municipal water supplies, the authorized forest officer shall specify the types of uses, if any, to be restricted; the nature and extent of any restrictions; any special land management protective measures and/or any necessary standards and guidelines needed to protect water quality or quantity; and any resources that are to be provided by the municipality.

(d) A special use authorization (36 CFR 251.54) is required if the municipality is to use the subject lands, restrict public access, or control resource uses within the watershed. Special use authorizations issued pursuant to this section are subject to the same fee waivers, conditions, and procedures applicable to all other special uses as set forth in subpart B of this part.

(e) Any municipal watershed management agreements, special use authorizations, requirements, and/or restrictions shall be consistent with forest plans, or amendments and revisions thereto.

[53 FR 27685, July 22, 1988]

§ 251.10 Prohibition of location of mining claims within certain areas in the Norbeck Wildlife Preserve, South Dakota.

The location of mining claims in such areas within 660 feet of any Federal, State or county road and within such other areas where the location of mining claims would not be in the public interest, as may be designated by

Forest Service, USDA

§ 251.11

the Chief, Forest Service, or the Regional Forester, of Forest Service Region 2, is hereby prohibited. The Director, Bureau of Land Management, Department of the Interior, shall be advised of the areas so designated and notices of the boundaries of such areas posted at conspicuous places in the Preserve, as well as at the county courthouses in Pennington in the cities of Custer and Rapid City, and Custer Counties and the post offices State of South Dakota.

[13 FR 3676, July 1, 1948, as amended at 48 FR 31854, July 12, 1983]

§ 251.11 Governing mining locations under the mining laws of the United States within that portion of the Black Hills National Forest, State of South Dakota, designated as the Norbeck Wildlife Preserve.

(a) Whoever locates a mining claim within the Norbeck Wildlife Preserve must, within 10 days after posting the location notice upon such claim, file a true copy of such location notice with the Forest Supervisor of the Black Hills National Forest at Custer, South Dakota, and further, within 10 days after said location notice is filed for record pursuant to the State laws of South Dakota, a true copy of the recorded location certificate must be filed with said Forest Supervisor.

(b) All mining locators shall in all developments and operations make all reasonable provisions for the disposal of tailings, dumpage, and other deleterious materials or substances in such manner as to prevent obstruction, pollution, or deterioration of the land, streams, ponds, lakes, or springs, as may be directed by the Forest Supervisor.

(c) All slash resulting from cutting or destruction of forest growth incident and necessary to mining operations must be disposed of as directed by the Forest Supervisor.

(d) The cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the marking rules and timber sale practices applicable to the Black Hills National Forest, and

such cutting and removal of timber shall be as directed by the Forest Supervisor.

(e) No use of the surface of a mining claim or the resources therefrom not reasonably required for carrying on mining and prospecting shall be allowed, except under the National Forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of National Forest Regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral developments.

(f) When any road is to be built for mining purposes upon a mining claim, the locator must apply to the Forest Supervisor for the applicable rules and regulations governing the construction and maintenance of roads within the Black Hills National Forest, and such road will be built in accordance with such specifications and in such locations as the Forest Supervisor may direct.

(g) In conducting mining operations the locator, his agents, representatives, or employees, or other persons whose presence in the area or in the vicinity thereof, is occasioned by such mining operations, shall use due diligence in the prevention and suppression of fires, and shall, when requested by the Forest Supervisor, or his authorized representative, be available for service in the extinguishment and suppression of all fires occurring within the Preserve: *Provided*, That if such fire does not originate through any negligence on the part of the locator, his agents, representatives, or employees, or other persons whose presence in the area or in the vicinity thereof, is occasioned by such mining operations and does not threaten the structures, improvements or property incident to the mining operation, such persons shall be paid for their services at the current rate of pay of fire fighters employed by the United States.

(h) Nothing contained in this section shall be construed to relieve the locator from complying with any requirements of the laws of the State of South Dakota, nor from compliance with or conformity to any requirements of any Federal law or regulation now existing

§ 251.14

36 CFR Ch. II (7-1-00 Edition)

or which later may be enacted or promulgated, and applicable to the subject involved in this section.

[13 FR 4792, Aug. 19, 1948, as amended at 48 FR 31854, July 12, 1983]

§ 251.14 Conditions, rules and regulations to govern exercise of timber rights reserved in conveyance to the United States.

(a) Except as otherwise provided in paragraphs (b) and (c) of this section, in conveyance of lands to the United States under authorized programs of the Forest Service, where owners reserve the right to enter upon the conveyed lands and to cut and remove timber and timber products, said reservations shall be subject to the following conditions, rules and regulations which shall be expressed in and made a part of the deed of conveyance to the United States and such reservations shall be exercised thereunder and in obedience thereto:

(1) Whoever undertakes to exercise the reserved rights, hereinafter called operator, shall give prior written notice to Forest Service and shall submit satisfactory evidence of authority to exercise such rights. Operator shall repair, replace, or restore any improvements owned by the United States or its permittees, damaged or destroyed by the timber operations and he shall restore the land to a condition safe and reasonably serviceable for authorized programs of Forest Service.

(2) In cutting and removing timber and timber products and in locating, constructing and using mills, logging roads, railroads, chutes, landings, camps, or other improvements, no unnecessary damage shall be done to the air, water and soil resources, and to young growth or to trees left standing. All survey monuments and witness trees shall be preserved.

(3) All trees, timber or timber products of species or sizes not specifically reserved which are unnecessarily cut, damaged, or destroyed by operator shall be paid for at double the usual rates charged in the locality for sales of similar National Forest timber and timber products.

(4) Slash and debris resulting from the cutting, removal, or processing of timber or timber products, or from

construction operations, shall be disposed of or otherwise treated by methods acceptable to the Forest Service. Such treatment or disposal shall comply with known air and water quality criteria and standards and include necessary preparatory work such as fireline constructing and snag falling. The timing of log removal and preparatory work shall not unnecessarily delay slash disposal or treatment.

(5) Operator is authorized to construct and maintain buildings, facilities, and other improvements, including roads needed to log the reserved timber. Construction and maintenance plans, designs, and location shall be approved in writing by Forest Service before construction is started.

(6) All buildings, camps, equipment, and other structures or improvements shall be removed from the lands within 6 months from date of completion or abandonment of the operation, unless relieved by Forest Service by issuance of a special-use permit. Otherwise such buildings, camps, equipment, and other structures or improvements shall become the property of the United States, but this does not relieve operator of liability for the cost of removal and restoration of the site.

(7) Nothing in this section shall be construed to exempt operator from any requirements of the laws of the States in which situated; nor from compliance with or conformity to any requirement of any law which later may be enacted and which otherwise would be applicable.

(8) While operations are in progress, operator, his employees, any subcontractors, and their employees, shall take all reasonable and practicable action in the prevention and suppression of fire, and shall be available for service in the suppression of all fires within the reserved area. On any fire not caused by negligence on the part of the operator, Forest Service shall pay operator at fire-fighting rates common in the area or at prior agreed rates for equipment or manpower furnished by operator.

(9) Only one cutting shall be made on any portion of the area on which timber is reserved. Forest Service may permit the cutting of special products,

Forest Service, USDA

§ 251.15

or products the cutting of which is seasonal, on any portion of the area in advance of the cutting of the chief products of the reserved timber. Each reservation of timber shall include a specific period of time within which material may be removed.

(10) Forest Service shall have the right to use any road constructed under the authority of this timber reservation for any and all purposes in connection with the protection and administration of the National Forest.

(11) Operator shall take all reasonable precautions to prevent pollution of the air, soil, and water, in operation hereunder.

(12) All activities by operator in the reserved area shall be conducted in a safe, orderly, and workmanlike manner.

(13) For the protection of streamcourses, the following measures shall be observed by operator: Culverts or bridges will be required on temporary roads at all points where it is necessary to cross streamcourses. Such facilities shall be of sufficient size and design to provide unobstructed flow of water. Equipment will not be operated in streamcourses except at designated crossings and as essential to construction or removal of culverts and bridges. Any stream that is temporarily diverted must be restored to the natural course as soon as practicable, and in any event prior to a major runoff season.

(14) Operator shall perform currently as weather and soil conditions permit, the following erosion control work on portions of the reserved area where logging is in progress or has been completed: Construct cross-ditches and water-spreading ditches where staked or otherwise marked on the ground by Forest Service; after a temporary road has served operator's purpose, operator shall remove culverts and bridges, eliminate ditches, out-slope and cross-drain roadbed and remove ruts and berms to the extent necessary to stabilize fills and otherwise minimize erosion; operator shall avoid felling into, yarding in, or crossing natural meadows; and operations will not take place when soil and water conditions are such that excessive damage will result.

(b) The conditions, rules and regulations set forth in paragraphs (a)(1) through (14) of this section shall not apply to reservations contained in conveyances of land to the United States under the Act of March 3, 1925, as amended (43 Stat. 1133, 64 Stat. 82, 16 U.S.C. 555).

(c) In cases where a State, or an agency, or a political subdivision thereof, reserves timber rights for the cutting and removal of timber and timber products, in the conveyance of land to the United States under authorized programs of the Forest Service and there are provisions in the laws of such State or in conditions, rules and regulations promulgated by such State, agency or political subdivision thereof, which the Chief, Forest Service, determines are adequate to protect the interest of the United States in the event of the exercise of such reservation, the Chief, Forest Service, is hereby authorized, in his discretion, to subject the exercise of the reservation to such statutory provisions or such conditions, rules, and regulations in lieu of the the conditions, rules and regulations set forth in paragraphs (a) (1) through (14) of this section. In that event, such statutory provisions or such conditions, rules and regulations shall be expressed in and made a part of the deed of conveyance to the United States and the reservation shall be exercised thereunder and in obedience thereto.

All regulations heretofore issued by the Secretary of Agriculture to govern the exercise of timber rights reserved in conveyance of lands to the United States under authorized programs of Forest Service shall continue to be effective in the cases to which they are applicable, but are hereby superseded as to timber rights hereafter reserved in conveyances under such programs.

[35 FR 5401, Apr. 1, 1970]

§ 251.15 Conditions, rules and regulations to govern exercise of mineral rights reserved in conveyances to the United States.

(a) Except as otherwise provided in paragraphs (b) and (c) of this section, in conveyances of lands to the United States under authorized programs of

§ 251.15

36 CFR Ch. II (7-1-00 Edition)

the Forest Service, where owners reserve the right to enter upon the conveyed lands and to prospect for, mine and remove minerals, oil, gas, or other inorganic substances, said reservations shall be subject to the following conditions, rules and regulations which shall be expressed in and made a part of the deed of conveyance to the United States and such reservations shall be exercised thereunder and in obedience thereto:

(1) Whoever undertakes to exercise the reserved rights shall give prior written notice to the Forest Service and shall submit satisfactory evidence of authority to exercise such rights. Only so much of the surface of the lands shall be occupied, used, or disturbed as is necessary in bona fide prospecting for, drilling, mining (including the milling or concentration of ores), and removal of the reserved minerals, oil, gas, or other inorganic substances.

(2)(i) None of the lands in which minerals are reserved shall be so used, occupied, or disturbed as to preclude their full use for authorized programs of the Forest Service until the record owner of the reserved rights, or the successors, assigns, or lessees thereof, shall have applied for and received a permit authorizing such use, occupancy, or disturbance of those specifically described parts of the lands as may reasonably be necessary to exercise of the reserved rights.

(ii) Said permit shall be issued upon agreement as to conditions necessary to protect the interest of the United States including such conditions deemed necessary to provide for the safety of the public and other users of the land, and upon initial payment of the annual fee, which shall be at the rate of \$2 per acre or fraction of acre included in the permit.

(iii) The permit shall also provide that the record owner of the reserved right or the successors, assigns, or lessees thereof, will repair or replace any improvements damaged or destroyed by the mining operations and restore the land to a condition safe and reasonably serviceable for authorized programs of the Forest Service, and shall provide for a bond in sufficient amount as determined necessary by the Forest

Service to guarantee such repair, replacement or restoration.

(iv) Failure to comply with the terms and conditions of the aforesaid permit shall be cause for termination of all rights to use, occupy, or disturb the surface of the lands covered thereby, but in event of such termination a new permit shall be issued upon application when the causes for termination of the preceding permit have been satisfactorily remedied and the United States reimbursed for any resultant damage to it.

(3) All structures, other improvements, and materials shall be removed from the lands within one year after date of termination of the aforementioned permit. Should the holder of the permit fail to do so within the specified time, the Forest Service may remove, destroy or otherwise dispose of said structures, other improvements, and materials at the permittee's expense, or in lieu thereof, may upon written notice to the permittee, assume title thereto in the name of the United States.

(4) Timber and/or young growth cut or destroyed in connection with exercise of the reserved right shall be paid for at rates determined by the Forest Service to be fair and equitable for comparable timber and/or young growth in the locality. All slash resulting from cutting or destruction of timber or young growth shall be disposed of as required by the Forest Service.

(5) In the prospecting for, mining, and removal of reserved minerals, oil, gas, or other inorganic substances all reasonable provisions shall be made for the disposal of tailings, dumpage, and other deleterious materials or substances in such manner as to prevent obstruction, pollution, or deterioration of water resources.

(6) Nothing herein contained shall be construed to exempt operators or the mining operations from any requirements of applicable State laws nor from compliance with or conformity to any requirement of any law which later may be enacted and which otherwise would be applicable.

(7) While any activities and/or operations incident to the exercise of the reserved rights are in progress, the operators, contractors, subcontractors,

and any employees thereof shall use due diligence in the prevention and suppression of fires, and shall comply with all rules and regulations applicable to the land.

(b) The conditions, rules and regulations set forth in paragraphs (a) (1) through (7) of this section shall not apply to reservations contained in conveyances of lands to the United States under the Act of March 3, 1925, as amended (43 Stat. 1133, 64 Stat. 82; 16 U.S.C. 555).

(c) In cases where a State, or an agency, or a political subdivision thereof, reserves minerals, oil, gas, or other inorganic substances, in the conveyance of land to the United States under authorized programs of the Forest Service and there are provisions in the laws of such State or in conditions, rules and regulations promulgated by such State, agency or political subdivision thereof, which the Chief, Forest Service, determines are adequate to protect the interest of the United States in the event of the exercise of such reservation, the Chief, Forest Service, is hereby authorized, in his discretion, to subject the exercise of the reservation to such statutory provisions or such conditions, rules and regulations in lieu of the conditions, rules and regulations set forth in paragraphs (a) (1) through (7) of this section. In that event, such statutory provisions or such conditions, rules and regulations shall be expressed in and made a part of the deed of conveyance to the United States and the reservation shall be exercised thereunder and in obedience thereto.

All regulations heretofore issued by the Secretary of Agriculture to govern the exercise of mineral rights reserved in conveyances of lands to the United States under authorized programs of the Forest Service shall continue to be effective in the cases to which they are applicable, but are hereby superseded as to mineral rights hereafter reserved in conveyances under such programs.

[28 FR 4440, May 3, 1963]

RIGHTS OF GRANTORS

§ 251.17 Grantor's right to occupy and use lands conveyed to the United States.

Except as otherwise provided in paragraph (h) of this section, in conveyances of lands to the United States under authorized programs of the Forest Service, where owners reserve the right to occupy and use the land for the purposes of residence, agriculture, industry, or commerce, said reservations shall be subject to the following conditions, rules and regulations which shall be expressed in and made a part of the deed of conveyance to the United States and such reservations shall be exercised thereunder and in obedience thereto:

(a) Except when provided otherwise by statute, the reservation so created shall not be assigned, used, or occupied by anyone other than the grantor without the consent of the United States.

(b) All reasonable precautions shall be taken by the grantor and all persons acting for or claiming under him to prevent and suppress forest fires upon or threatening the premises or other adjacent lands of the United States, and any person failing to comply with this requirement shall be responsible for any damages sustained by the United States by reason thereof.

(c) The premises shall not be used or permitted to be used, without the written consent of the United States, for any purpose or purposes other than those specified in the instrument creating the reservation.

(d) The grantor and all persons acting for or claiming under him shall maintain the premises and all buildings and structures thereon in proper repair and sanitation and shall comply with the National Forest laws and regulations and the laws and lawful orders of the State in which the premises are located.

(e) Except when provided otherwise by statute, the reservation shall terminate: (1) Upon the expiration of the period named in the deed; (2) upon failure for a period of more than one calendar year to use and occupy the premises for

§ 251.18

36 CFR Ch. II (7-1-00 Edition)

the purposes named in the deed; (3) by use and occupancy for unlawful purposes or for purposes other than those specified in the deed; and (4) by voluntary written relinquishment by the owner.

(f) Upon the termination of the reservation the owners of personal property remaining on the premises shall remove same within a period of three months, and all such property not so removed shall become the property of the United States except that when such removal is prevented by conditions beyond the control of the owners the period shall be extended in writing by the Forest Service to allow a reasonable time for said removal, but in no event longer than one year.

(g) The said reservation shall be subject to rights-of-way for the use of the United States or its permittees, upon, across, or through the said land, as may hereafter be required for the erection, construction, maintenance and operation of public utility systems over all or parts thereof, or for the construction and maintenance of any improvements necessary for the good administration and protection of the National Forests, and shall be subject to the right of officials or employees of the Forest Service to inspect the premises, or any part thereof, at all reasonable times and as often as deemed necessary in the performance of official duties in respect to the premises.

(h) The conditions, rules, and regulations set forth in paragraphs (a) through (g) of this section shall not apply to reservations contained in conveyances of lands to the United States under the Act of March 3, 1925, as amended (43 Stat. 1133, 64 Stat. 82; 16 U.S.C. 555).

[33 FR 11452, Aug. 13, 1968, as amended at 36 FR 156, Jan. 6, 1971]

§ 251.18 Rights-of-way reserved by the grantor on lands conveyed to the United States.

This section governs the use, occupancy, and operation of rights-of-way reserved by a grantor of lands to the United States.

(a) Brush and refuse resulting from the exercise of the right-of-way reservation shall be disposed of to the sat-

isfaction of the Forest Officer in charge.

(b) Timber cut and destroyed in the exercise of the right-of-way reservation shall be paid for at rates to be prescribed by the Forest Officer in charge, which rates shall be the usual stumpage prices charged in the locality in sales of national forest timber of the same kind or species; for injury to timber, second growth, and reproduction, the amount of actual damage shall be ascertained by the Forest Supervisor according to the rules applicable in such cases.

(c) All improvements built or maintained upon the right-of-way shall be kept in an orderly, safe and sanitary condition. Failure to maintain such conditions shall be cause for the termination of the reservation after 30 days' notice in writing to the occupant or user that unsatisfactory conditions exist and that the Department intends to terminate all rights under the reservation unless such conditions are forthwith corrected to the satisfaction of the Regional Forester.

(d) Upon the abandonment of a reserved right-of-way, either by formal release, by termination, or by non-use for a period of one calendar year, all improvements thereon not the property of the United States shall be removed therefrom within three months from the date of the abandonment, otherwise such improvements shall vest in and become the property of the United States.

(e) All reasonable precautions to prevent and suppress forest fires shall be taken by the grantor and all persons acting for or claiming under him; suitable crossings shall be constructed by grantor and/or said persons where the reserved right-of-way intersects existing roads and trails; borrow pits shall not be opened outside of the immediate graded section except under a special use permit from the Forest Supervisor.

(f) Officers of the Forest Service shall have free ingress and egress on and over the reserved rights-of-way for all purposes necessary and incidental to the protection and administration of the national forest.

[3 FR 1953, Aug. 9, 1938]

Forest Service, USDA

§ 251.35

§ 251.19 Exercise of water rights reserved by the grantor of lands conveyed to the United States.

This section governs the exercise of water and related rights reserved by the grantor of lands conveyed to the United States under the provisions of the act of March 1, 1911 (36 Stat. 961).

(a) All reasonable precautions shall be taken by the grantor and all persons acting for or claiming under him to prevent and suppress forest fires upon or threatening the premises or other adjacent lands of the United States, and any person failing to comply with this requirement shall be responsible for any damages sustained by the United States by reason thereof.

(b) All slash and debris resulting from the cutting and removal of timber shall be disposed of as directed by the Forest Officer in charge.

(c) Flowage and reservoir areas shall be cleared of timber and debris, in a manner satisfactory to the Forest Supervisor, or in accordance with a special agreement approved by him. Timber cut and destroyed in the exercise of the reserved rights shall be paid for at rates to be prescribed by the Forest Officer in charge, which rates shall be the usual stumpage price charged in the locality.

(d) The water surface created shall be open to the Forest Service and its permittees when such use does not interfere with the original purpose of the development.

(e) The water surface shall be open to fishing by the public in accordance with State laws when such use does not interfere with the original purpose of the development.

(f) Plans for dams and supplemental structures, impounding or controlling more than 10 acre-feet of water or with a head in excess of 6 feet, shall be approved by the Regional Engineer of the Forest Service before construction shall begin.

[3 FR 1953, Aug. 9, 1938]

DESIGNATION OF AREAS

§ 251.23 Experimental areas and research natural areas.

The Chief of the Forest Service shall establish and permanently record a series of areas on National Forest land to

be known as experimental forests or experimental ranges, sufficient in number and size to provide adequately for the research necessary to serve as a basis for the management of forest and range land in each forest region. Also, when appropriate, the Chief shall establish a series of research natural areas, sufficient in number and size to illustrate adequately or typify for research or educational purposes, the important forest and range types in each forest region, as well as other plant communities that have special or unique characteristics of scientific interest and importance. Research Natural Areas will be retained in a virgin or unmodified condition except where measures are required to maintain a plant community which the area is intended to represent. Within areas designated by this regulation, occupancy under a special-use permit shall not be allowed, nor the construction of permanent improvements permitted except improvements required in connection with their experimental use, unless authorized by the Chief of the Forest Service.

[31 FR 5072, Mar. 29, 1966]

PETERSBURG WATERSHED

§ 251.35 Petersburg watershed.

(a) Except as authorized in paragraphs (b) and (c), access to lands within the Petersburg watershed, Tongass National Forest, as described in the Act of October 17, 1940 (54 Stat. 1197), is prohibited.

(b) Access to lands within the Petersburg watershed is hereby authorized, without further written approval, for the following routine purposes:

(1) The discharge of official duties related to management of the Tongass National Forest by Federal employees, holders of Forest Service contracts, or Forest Service agents;

(2) The operation, maintenance, and improvement of the municipal water system by Federal and State officials and employees of the city of Petersburg; and

(3) Public recreational use of the Raven's Roost Trail for access to and from the Raven's Roost public recreation cabin and the Alpine Recreation Area.

§ 251.50

(c) Any person who wishes to enter upon the lands within the watershed for purposes other than those listed in paragraph (b) must obtain a permit that has been signed by the appropriate city official and countersigned by the District Ranger.

(d) Unauthorized entrance upon lands within the watershed is subject to punishment as provided in 36 CFR 261.1b.

(e) The Forest Supervisor of the Stikine Area of the Tongass National Forest may authorize the removal of timber from the watershed under the regulations governing disposal of National Forest timber (36 CFR part 223). In any removal of timber from the watershed, the Forest Supervisor shall provide adequate safeguards for the protection of the Petersburg municipal water supply.

[53 FR 26595, July 14, 1988]

Subpart B—Special Uses

AUTHORITY: 16 U.S.C. 472, 497b, 551, 1134, 3210; 30 U.S.C. 185; 43 U.S.C. 1740, 1761-1771.

SOURCE: 45 FR 38327, June 6, 1980, unless otherwise noted.

§ 251.50 Scope.

(a) All uses of National Forest System lands, improvements, and resources, except those provided for in the regulations governing the disposal of timber (part 223) and minerals (part 228) and the grazing of livestock (part 222), are designated "special uses." Before engaging in a special use, persons or entities must submit an application to an authorized officer and must obtain a special use authorization from the authorized officer unless that requirement is waived by paragraph (c) of this section.

(b) Nothing in this section prohibits the temporary occupancy of National Forest System land for the protection of life or property in emergencies, if a special use authorization for such use is obtained at the earliest opportunity.

(c) A special use authorization is not required for noncommercial recreational activities such as camping, picnicking, hiking, fishing, hunting, horseback riding, and boating, as well as noncommercial activities involving the expression of views such as assem-

36 CFR Ch. II (7-1-00 Edition)

blies, meetings, demonstrations, and parades, except for:

(1) Authorization of such use is required by an order issued pursuant to 36 CFR 261.50;

(2) Authorization of such use is required by a regulation issued pursuant to 36 CFR 261.70;

(3) Noncommercial group uses as defined in § 251.51 of this subpart.

(d) Unless otherwise required by order issued under § 261.50 or by regulation issued under § 261.70 of this chapter, the use of existing forest development roads and trails does not require a special-use authorization; however, any such use is subject to compliance with all Federal and State laws governing the roads or trails to be used.

[45 FR 38327, June 6, 1980, as amended at 49 FR 25449, June 21, 1984; 53 FR 16549, May 10, 1988; 60 FR 45293, Aug. 30, 1995]

§ 251.51 Definitions.

Applicant—any individual, partnership, corporation, association, or other business entity, and any Federal, State or governmental entity or agency which applies for a special use authorization.

Authorized officer—any employee of the Forest Service to whom has been delegated the authority to perform the duties described in this part.

Chief—the Chief of the Forest Service.

Commercial use or activity—any use or activity on National Forest System lands (a) where an entry or participation fee is charged, or (b) where the primary purpose is the sale of a good or service, and in either case, regardless of whether the use or activity is intended to produce a profit.

Easement—a type of special use authorization (usually granted for linear rights-of-way) that is utilized in those situations where a conveyance of a limited and transferable interest in National Forest System land is necessary or desirable to serve or facilitate authorized long-term uses, and that may be compensable according to its terms.

Group use—an activity conducted on National Forest System lands that involves a group of 75 or more people, either as participants or spectators.

Holder—any applicant who has received a special use authorization.

Lease—a type of special use authorization (usually granted for uses other than linear rights-of-way) that is used when substantial capital investment is required and when conveyance of a conditional and transferable interest in National Forest System lands is necessary or desirable to serve or facilitate authorized long-term uses, and that may be revocable and compensable according to its terms.

National Forest System land—all lands, waters, or interests therein administered by the Forest Service.

NEPA procedures—the rules, policies, and procedures governing agency compliance with the National Environmental Policy Act set forth in 50 CFR parts 1500-1508, 7 CFR part 1b, Forest Service Manual Chapter 1950, and Forest Service Handbook 1909.15.

Noncommercial use or activity—any use or activity that does not involve a commercial use or activity as defined in this section.

Permit—a special use authorization which provides permission, without conveying an interest in land, to occupy and use National Forest System land or facilities for specified purposes, and which is both revocable and terminable.

Revocation—the cessation of a special use authorization by action of an authorized officer before the end of the specified period of occupancy or use for reasons set forth in §251.60(a)(1)(i), (a)(2)(i), (g), and (h) of this subpart.

Right-of-way—land authorized to be used or occupied for the construction, operation, maintenance and termination of a project or facility passing over, upon, under or through such land.

Secretary—the Secretary of Agriculture.

Ski area—a site and attendant facilities expressly developed to accommodate alpine or nordic skiing and from which the preponderance of revenue is generated by the sale of lift tickets and fees for ski rentals, for skiing instruction and trail passes for the use of permittee-maintained ski trails. A ski area may also include ancillary facilities directly related to the operation and support of skiing activities.

Sound business management principles—a phrase that refers to accepted industry practices or methods of estab-

lishing fees and charges that are used or applied by the Forest Service to help establish the appropriate charge for a special use. Examples of such practices and methods include, but are not limited to, appraisals, fee schedules, competitive bidding, negotiation of fees, and application of other economic factors, such as cost efficiency, supply and demand, and administrative costs.

Special use authorization—a permit, term permit, lease, or easement which allows occupancy, use, rights, or privileges of National Forest System land.

Suspension—a temporary revocation of a special use authorization.

Termination—the cessation of a special use authorization by operation of law or by operation of a fixed or agreed-upon condition, event, or time as specified in an authorization without the necessity for any decision or action by the authorized officer; for example, expiration of the authorized term or transfer of the authorized improvement to another party.

Term permit—a special use authorization to occupy and use National Forest System land, other than rights-of-way under §251.53(l) of this part, for a specified period which is both revocable and compensable according to its terms.

[45 FR 38327, June 6, 1980, as amended at 49 FR 25449, June 21, 1984; 53 FR 16550, May 10, 1988; 54 FR 22593, May 25, 1989; 60 FR 45293, Aug. 30, 1995; 60 FR 54409, Oct. 23, 1995; 63 FR 65964, Nov. 30, 1998]

§251.52 Delegation of authority.

Special use authorizations shall be issued, granted, amended, renewed, suspended, terminated, or revoked by the Chief, or through delegation, by the Regional Forester, Forest Supervisor, District Ranger or other forest officer, and shall be in such form and contain such terms, stipulations, conditions, and agreements as may be required by the regulations of the Secretary and the instructions of the Chief (7 CFR 2.60; 36 CFR part 200, subpart B).

§251.53 Authorities.

Subject to any limitations contained in applicable statutes, the Chief of the Forest Service, or other Agency official to whom such authority is delegated, may issue special use authorizations for National Forest System land

§ 251.53

36 CFR Ch. II (7-1-00 Edition)

under the authorities cited and for the types of use specified in this section as follows:

(a) Permits governing occupancy and use, including group events and distribution of noncommercial printed materials, under the act of June 4, 1897, 30 Stat. 35 (16 U.S.C. 551);

(b) Leases under the Act of February 28, 1899, 30 Stat. 908 (16 U.S.C. 495) for public sanitariums or hotels near or adjacent to mineral springs;

(c) Permits under the Act of June 8, 1906, 34 Stat. 225 (16 U.S.C. 431, *et seq.*), for the examination of ruins, the excavation of archaeological sites, and the gathering of objects of antiquity in conformity with the rules and regulations prescribed by the Secretaries of the Interior, Agriculture, and War, December 28, 1906 (43 CFR part 3);

(d) Term permits under the Act of March 4, 1915, 38 Stat. 1101, as amended, 70 Stat. 708 (16 U.S.C. 497) for periods not over 30 years and (1) for not over 80 acres for (i) hotels, resorts, and other structures and facilities for recreation, public convenience, or safety; (ii) industrial or commercial purposes, and (iii) education or public activities; and (2) for not over 5 acres for summer homes and stores;

(e) Easements for rights-of-way for pipeline purposes for the transportation of oil and gas and products thereof where no Federal land other than National Forest System land is required, and permits for the temporary use of additional National Forest System land necessary for construction, operation, maintenance or termination of a pipeline or to protect the natural environment or the public safety under section 28 of the Mineral Leasing Act of 1920, 41 Stat. 449, as amended, (30 U.S.C. 185);

(f) Permits, term permits, and easements in the National Grasslands and other lands acquired or administered under title III, Act of July 22, 1937, 50 Stat. 525, as amended, (7 U.S.C. 1011(d));

(g) Permits under section 7 of the Act of April 24, 1950, 64 Stat. 84 (16 U.S.C. 580d) for periods not over 30 years for the use of structures or improvements under the administrative control of the Forest Service and land used in connection therewith;

(h) Permits, term permits, leases, or easements as authorized by the Act of September 3, 1954, 68 Stat. 1146 (43 U.S.C. 931c, 931d), to States, counties, cities, towns, townships, municipal corporations, or other public agencies for periods not over 30 years, at prices representing the fair market value, fixed by the Chief, through appraisal for the purpose of constructing and maintaining on such lands public buildings or other public works;

(i) Permits under the Wilderness Act of September 3, 1964, 78 Stat. 890 (16 U.S.C. 1131-1136) for temporary structures and commercial services and for access to valid mining claims or other valid occupancies and to surrounded State or private land within designated wilderness (see part 293 of this chapter);

(j) Temporary or permanent easements under the Act of October 13, 1964, 78 Stat. 1089 (16 U.S.C. 532-538) for road rights-of-way over lands and interests in land administered by the Forest Service (see §212.10 of this chapter);

(k) Permits under the Land and Water Conservation Fund Act of September 3, 1964, 78 Stat. 897, as amended (16 U.S.C. 4601-6a(c)), for recreation events and other specialized recreation uses;

(l) Permits, leases and easements under the Federal Land Policy and Management Act of 1976, 90 Stat. 2776 (43 U.S.C. 1761-1771) for rights-of-way for:

(1) Reservoirs, canals, ditches, flumes, laterals, pipes, pipelines, tunnels, and other facilities and systems for the impoundment, storage, transportation, or distribution of water;

(2) Pipelines and other systems for the transportation or distribution of liquids and gases, other than water and other than oil, natural gas, synthetic liquid or gaseous fuels, or any refined product produced therefrom, and for storage and terminal facilities in connection therewith;

(3) Pipelines, slurry and emulsion systems, and conveyor belts for transportation and distribution of solid materials, and facilities for the storage of such materials in connection therewith;

Forest Service, USDA

§ 251.54

(4) Systems and related facilities for generation, transmission, and distribution of electric energy, except that the applicant, in addition to obtaining a Forest Service special use authorization, shall also comply with all applicable requirements of the Federal Energy Regulatory Commission under the Federal Power Act of 1935, as amended, 49 Stat. 838 (16 U.S.C. 791a, et seq.);

(5) Systems for transmission or reception of radio, television, telephone, telegraph, and other electronic signals and other means of communication;

(6) Roads, trails, highways, railroads, canals, tunnels, tramways, airways, livestock driveways, or other means of transportation except where such facilities are constructed and maintained in connection with commercial recreation facilities;

(7) Such other necessary transportation or other systems or facilities which are in the public interest and which require rights-of-way over, upon, under, or through National Forest System lands; and

(8) Any Federal department or agency for pipeline purposes for the transportation of oil, natural gas, synthetic liquid or gaseous fuels, or any product produced therefrom;

(m) Permits under the Archaeological Resources Protection Act of 1979, 93 Stat. 721 (16 U.S.C. 470aa).

(n) Operation of nordic and alpine ski areas and facilities for up to 40 years and encompassing such acreage as the Forest Officer determines sufficient and appropriate as authorized by the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b).

[45 FR 38327, June 6, 1980; 45 FR 43167, June 26, 1980, as amended at 49 FR 25449, June 21, 1984; 53 FR 16550, May 10, 1988; 54 FR 22594, May 25, 1989]

§ 251.54 Proposal and application requirements and procedures.

(a) *Early notice.* When an individual or entity proposes to occupy and use National Forest System lands, the proponent is required to contact the Forest Service office(s) responsible for the management of the affected land as early as possible in advance of the proposed use.

(b) *Filing proposals.* Proposals for special uses must be filed in writing with

or presented orally to the District Ranger or Forest Supervisor having jurisdiction over the affected land (§ 200.2 of this chapter), except as follows:

(1) Proposals for projects on lands under the jurisdiction of two or more administrative units of the Forest Service may be filed at the most convenient Forest Service office having jurisdiction over part of the project, and the proponent will be notified where to direct subsequent communications;

(2) Proposals for cost-share and other road easements to be issued under § 251.53(j) must be filed in accordance with regulations in § 212.10(c) and (d) of this chapter; and

(3) Proposals for oil and gas pipeline rights-of-way crossing Federal lands under the jurisdiction of two or more Federal agencies must be filed with the State Office, Bureau of Land Management, pursuant to regulations at 43 CFR part 2882.

(c) *Rights of proponents.* A proposal to obtain a special use authorization does not grant any right or privilege to use National Forest System lands. Rights or privileges to occupy and use National Forest System lands under this subpart are conveyed only through issuance of a special use authorization.

(d) *Proposal content*—(1) *Proponent identification.* Any proponent for a special use authorization must provide the proponent's name and mailing address, and, if the proponent is not an individual, the name and address of the proponent's agent who is authorized to receive notice of actions pertaining to the proposal.

(2) *Required information*—(i) *Non-commercial group uses.* Paragraphs (d)(3) through (d)(5) of this section do not apply to proposals for noncommercial group uses. A proponent for non-commercial group uses shall provide the following:

(A) A description of the proposed activity;

(B) The location and a description of the National Forest System lands and facilities the proponent would like to use;

(C) The estimated number of participants and spectators;

(D) The starting and ending time and date of the proposed activity; and

(E) The name of the person or persons 21 years of age or older who will sign a special use authorization on behalf of the proponent.

(ii) *All other special uses.* At a minimum, proposals for special uses other than noncommercial group uses must include the information contained in paragraphs (d)(3) through (d)(5) of this section. In addition, if requested by an authorized officer, a proponent in one of the following categories must furnish the information specified for that category:

(A) If the proponent is a State or local government agency: a copy of the authorization under which the proposal is made;

(B) If the proponent is a public corporation: the statute or other authority under which it was organized;

(C) If the proponent is a Federal Government agency: the title of the agency official delegated the authority to file the proposal;

(D) If the proponent is a private corporation:

(1) Evidence of incorporation and its current good standing;

(2) If reasonably obtainable by the proponent, the name and address of each shareholder owning three percent or more of the shares, together with the number and percentage of any class of voting shares of the entity which such shareholder is authorized to vote;

(3) The name and address of each affiliate of the entity;

(4) In the case of an affiliate which is controlled by the entity, the number of shares and the percentage of any class of voting stock of the affiliate that the entity owns either directly or indirectly; or

(5) In the case of an affiliate which controls that entity, the number of shares and the percentage of any class of voting stock of that entity owned, either directly or indirectly by the affiliate; or

(E) If the proponent is a partnership, association, or other unincorporated entity: a certified copy of the partnership agreement or other similar document, if any, creating the entity, or a certificate of good standing under the laws of the State.

(3) *Technical and financial capability.* The proponent is required to provide

sufficient evidence to satisfy the authorized officer that the proponent has, or prior to commencement of construction will have, the technical and financial capability to construct, operate, maintain, and terminate the project for which an authorization is requested, and the proponent is otherwise acceptable.

(4) *Project description.* Except for requests for planning permits for a major development, a proponent must provide a project description, including maps and appropriate resource information, in sufficient detail to enable the authorized officer to determine the feasibility of a proposed project or activity, any benefits to be provided to the public, the safety of the proposal, the lands to be occupied or used, the terms and conditions to be included, and the proposal's compliance with applicable laws, regulations, and orders.

(5) *Additional information.* The authorized officer may require any other information and data necessary to determine feasibility of a project or activity proposed; compliance with applicable laws, regulations, and orders; compliance with requirements for associated clearances, certificates, permits, or licenses; and suitable terms and conditions to be included in the authorization. The authorized officer shall make requests for any additional information in writing.

(e) *Pre-application actions.* (1) *Initial screening.* Upon receipt of a request for any proposed use other than for noncommercial group use, the authorized officer shall screen the proposal to ensure that the use meets the following minimum requirements applicable to all special uses:

(i) The proposed use is consistent with the laws, regulations, orders, and policies establishing or governing National Forest System lands, with other applicable Federal law, and with applicable State and local health and sanitation laws.

(ii) The proposed use is consistent or can be made consistent with standards and guidelines in the applicable forest land and resource management plan prepared under the National Forest Management Act and 36 CFR part 219.

Forest Service, USDA

§ 251.54

(iii) The proposed use will not pose a serious or substantial risk to public health or safety.

(iv) The proposed use will not create an exclusive or perpetual right of use or occupancy.

(v) The proposed use will not unreasonably conflict or interfere with administrative use by the Forest Service, other scheduled or authorized existing uses of the National Forest System, or use of adjacent non-National Forest System lands.

(vi) The proponent does not have any delinquent debt owed to the Forest Service under terms and conditions of a prior or existing authorization, unless such debt results from a decision on an administrative appeal or from a fee review and the proponent is current with the payment schedule.

(vii) The proposed use does not involve gambling or providing of sexually oriented commercial services, even if permitted under State law.

(viii) The proposed use does not involve military or paramilitary training or exercises by private organizations or individuals, unless such training or exercises are federally funded.

(ix) The proposed use does not involve disposal of solid waste or disposal of radioactive or other hazardous substances.

(2) *Results of initial screening.* Any proposed use other than a noncommercial group use that does not meet all of the minimum requirements of paragraphs (e)(1)(i)-(ix) of this section shall not receive further evaluation and processing. In such event, the authorized officer shall advise the proponent that the use does not meet the minimum requirements. If the proposal was submitted orally, the authorized officer may respond orally. If the proposal was made in writing, the authorized officer shall notify the proponent in writing that the proposed use does not meet the minimum requirements and shall simultaneously return the request.

(3) *Guidance and information to proponents.* For proposals for noncommercial group use as well as for those proposals that meet the minimum requirements of paragraphs (e)(1)(i)-(ix), the authorized officer, to the extent practicable, shall provide the proponent

guidance and information on the following:

(i) Possible land use conflicts as identified by review of forest land and resource management plans, landownership records, and other readily available sources;

(ii) Proposal and application procedures and probable time requirements;

(iii) Proponent qualifications;

(iv) Applicable fees, charges, bonding, and/or security requirements;

(v) Necessary associated clearances, permits, and licenses;

(vi) Environmental and management considerations;

(vii) Special conditions; and

(viii) identification of on-the-ground investigations which will require temporary use permits.

(4) *Confidentiality.* If requested by the proponent, the authorized officer, or other Forest Service official, to the extent reasonable and authorized by law, shall hold confidential any project and program information revealed during pre-application contacts.

(5) *Second-level screening of proposed uses.* A proposal which passes the initial screening set forth in paragraph (e)(1) and for which the proponent has submitted information as required in paragraph (d)(2)(ii) of this section, proceeds to second-level screening and consideration. In order to complete this screening and consideration, the authorized officer may request such additional information as necessary to obtain a full description of the proposed use and its effects. An authorized officer shall reject any proposal, including a proposal for commercial group uses, if, upon further consideration, the officer determines that:

(i) The proposed use would be inconsistent or incompatible with the purposes for which the lands are managed, or with other uses; or

(ii) The proposed use would not be in the public interest; or

(iii) The proponent is not qualified; or

(iv) The proponent does not or cannot demonstrate technical or economic feasibility of the proposed use or the financial or technical capability to undertake the use and to fully comply with the terms and conditions of the authorization; or

(v) There is no person or entity authorized to sign a special use authorization and/or there is no person or entity willing to accept responsibility for adherence to the terms and conditions of the authorization.

(6) *NEPA compliance for second-level screening process.* A request for a special use authorization that does not meet the criteria established in paragraphs (e)(5)(i) through (e)(5)(v) of this section does not constitute an agency proposal as defined in 40 CFR 1508.23 and, therefore, does not require environmental analysis and documentation.

(f) *Special requirements for certain proposals.* (1) *Oil and gas pipeline rights-of-way.* These proposals must include the citizenship of the proponent(s) and disclose the identity of its participants as follows:

(i) Citizens of another country, the laws, customs, or regulations of which deny similar or like privileges to citizens or corporations of the United States, shall not own an appreciable interest in any oil and gas pipeline right-of-way or associated permit; and

(ii) The authorized officer shall notify the House Committee on Resources and the Senate Committee on Energy and Natural Resources promptly upon receipt of a proposal for a right-of-way for a pipeline twenty-four (24) inches or more in diameter, and no right-of-way for such a pipeline shall be granted until sixty (60) days (not counting days on which the House of Representatives or the Senate has adjourned for more than three (3) days) after a notice of intention to grant the right-of-way, together with the authorized officer's detailed findings as to terms and conditions the officer proposes to impose, has been submitted to such committees, unless each committee by resolution waives the waiting period.

(2) *Electric power transmission lines 66 KV or over.* Any proposal for authority to construct and maintain a facility for the generation of electric power and energy or for the transmission or distribution of electric power and energy of 66 kilovolts or higher under this section must be referred to the Secretary of Energy for consultation.

(3) *Major development.* Proponents of a major development may submit a request for a planning permit of up to 10

years in duration. Requests for a planning permit must include the information contained in paragraphs (d)(1) through (d)(3) of this section. Upon completion of a master development plan developed under a planning permit, proponents may then submit a request for a long-term authorization to construct and operate the development. At a minimum, a request for a long-term permit for a major development must include the information contained in paragraphs (d)(1) and (d)(2)(ii) through (d)(5) of this section. Issuance of a planning permit does not prejudice approval or denial of a subsequent request for a special use permit for the development.

(g) *Application processing and response.*

(1) *Acceptance of applications.* Except for proposals for noncommercial group uses, if a request does not meet the criteria of both screening processes or is subsequently denied, the proponent must be notified with a written explanation of the rejection or denial and any written proposal returned to the proponent. If a request for a proposed use meets the criteria of both the initial and second-level screening processes as described in paragraph (e) of this section, the authorized officer shall notify the proponent that the agency is prepared to accept a written formal application for a special use authorization and shall, as appropriate or necessary, provide the proponent guidance and information of the type described in paragraphs (e)(3)(i) through (e)(3)(viii) of this section.

(2) *Processing applications.* (i) Upon acceptance of an application for a special use authorization other than a planning permit, the authorized officer shall evaluate the proposed use for the requested site, including effects on the environment. The authorized officer may request such additional information as necessary to obtain a full description of the proposed use and its effects.

(ii) Federal, State, and local government agencies and the public shall receive adequate notice and an opportunity to comment upon a special use proposal accepted as a formal application in accordance with Forest Service NEPA procedures.

(iii) The authorized officer shall give due deference to the findings of another agency such as a Public Utility Commission, the Federal Regulatory Energy Commission, or the Interstate Commerce Commission in lieu of another detailed finding. If this information is already on file with the Forest Service, it need not be refiled, if reference is made to the previous filing date, place, and case number.

(iv) Applications for noncommercial group uses must be received at least 72 hours in advance of the proposed activity. Applications for noncommercial group uses shall be processed in order of receipt, and the use of a particular area shall be allocated in order of receipt of fully executed applications, subject to any relevant limitations set forth in this section.

(v) For applications for planning permits, including those issued for a major development as described in paragraph (f)(3) of this section, the authorized officer shall assess only the applicant's financial and technical qualifications and determine compliance with other applicable laws, regulations, and orders. Planning permits may be categorically excluded from documentation in an environmental assessment or environmental impact statement pursuant to Forest Service Handbook 1909.15 (36 CFR 200.4).

(3) *Response to applications for noncommercial group uses.* (i) All applications for noncommercial group uses shall be deemed granted and an authorization shall be issued for those uses pursuant to the determination as set forth below, unless applications are denied within 48 hours of receipt. Where an application for a noncommercial group use has been granted or is deemed to have been granted and an authorization has been issued under this paragraph, an authorized officer may revoke that authorization only as provided under § 251.60(a)(1)(i).

(ii) An authorized officer shall grant an application for a special use authorization for a noncommercial group use upon a determination that:

(A) Authorization of the proposed activity is not prohibited by the rules at 36 CFR part 261, subpart B, or by Federal, State, or local law unrelated to the content of expressive activity;

(B) Authorization of the proposed activity is consistent or can be made consistent with the standards and guidelines in the applicable forest land and resource management plan required under the National Forest Management Act and 36 CFR part 219;

(C) The proposed activity does not materially impact the characteristics or functions of the environmentally sensitive resources or lands identified in Forest Service Handbook 1909.15, chapter 30;

(D) The proposed activity will not delay, halt, or prevent administrative use of an area by the Forest Service or other scheduled or existing uses or activities on National Forest System lands, including but not limited to uses and activities authorized under parts 222, 223, 228, and 251 of this chapter;

(E) The proposed activity does not violate State and local public health laws and regulations as applied to the proposed site. Issues addressed by State and local public health laws and regulations as applied to the proposed site include but are not limited to:

(1) The sufficiency of sanitation facilities;

(2) The sufficiency of waste-disposal facilities;

(3) The availability of sufficient potable drinking water;

(4) The risk of disease from the physical characteristics of the proposed site or natural conditions associated with the proposed site; and

(5) The risk of contamination of the water supply;

(F) The proposed activity will not pose a substantial danger to public safety. Considerations of public safety must not include concerns about possible reaction to the users' identity or beliefs from non-members of the group that is seeking an authorization and shall be limited to the following:

(1) The potential for physical injury to other forest users from the proposed activity;

(2) The potential for physical injury to users from the physical characteristics of the proposed site or natural conditions associated with the proposed site;

(3) The potential for physical injury to users from scheduled or existing

§ 251.55

uses or activities on National Forest System lands; and

(4) The adequacy of ingress and egress in case of an emergency;

(G) The proposed activity does not involve military or paramilitary training or exercises by private organizations or individuals, unless such training or exercises are federally funded; and

(H) A person or persons 21 years of age or older have been designated to sign and do sign a special use authorization on behalf of the applicant.

(iii) If an authorized officer denies an application because it does not meet the criteria in paragraphs (g)(3)(ii)(A) through (g)(3)(ii)(H) of this section, the authorized officer shall notify the applicant in writing of the reasons for the denial. If an alternative time, place, or manner will allow the applicant to meet the eight evaluation criteria, an authorized officer shall offer that alternative. If an application is denied solely under paragraph (g)(3)(ii)(C) of this section and all alternatives suggested are unacceptable to the applicant, the authorized officer shall offer to have completed the requisite environmental and other analyses for the requested site. A decision to grant or deny the application for which an environmental assessment or an environmental impact statement is prepared is subject to the notice and appeal procedures at 36 CFR part 215 and shall be made within 48 hours after the decision becomes final under that appeal process. A denial of an application under paragraphs (g)(3)(ii)(A) through (g)(3)(ii)(H) of this section constitutes final agency action and is immediately subject to judicial review.

(4) *Response to all other applications.* Based on evaluation of the information provided by the applicant and other relevant information such as environmental findings, the authorized officer shall decide whether to approve the proposed use, approve the proposed use with modifications, or deny the proposed use. A group of applications for similar uses having minor environmental impacts may be evaluated with one analysis and approved in one decision.

(5) *Authorization of a special use.* Upon a decision to approve a special use or a

36 CFR Ch. II (7-1-00 Edition)

group of similar special uses, the authorized officer may issue one or more special use authorizations as defined in § 251.51 of this subpart.

[63 FR 65964, Nov. 30, 1998]

§ 251.55 Nature of interest.

(a) A holder is authorized only to occupy such land and structures and conduct such activities as is specified in the special use authorization. The holder may sublet the use and occupancy of the premises and improvements authorized only with the prior written approval of the authorized officer, but the holder shall continue to be responsible for compliance with all conditions of the special use authorization.

(b) All rights not expressly granted are retained by the United States, including but not limited to (1) continuing rights of access to all National Forest System land (including the subsurface and air space); (2) a continuing right of physical entry to any part of the authorized facilities for inspection, monitoring, or for any other purposes or reason consistent with any right or obligation of the United States under any law or regulation; and (3) the right to require common use of the land or to authorize the use by others in any way not inconsistent with a holder's existing rights and privileges after consultation with all parties and agencies involved. When costs can be feasibly allocated and have not been amortized, a new holder may be required to compensate existing holders for an equitable proportion of the original costs or other expense associated with the common use.

(c) Special use authorizations are subject to all outstanding valid rights.

(d) Each special use authorization will specify the lands to be used or occupied which shall be limited to that which the authorized officer determines: (1) Will be occupied by the facilities authorized; (2) to be necessary for the construction, operation, maintenance, and full utilization of the authorized facilities or the conduct of authorized activities; and, (3) to be necessary to protect the public health and safety and the environment.

Forest Service, USDA

§ 251.56

(e) The holder will secure permission under applicable law, and pay in advance, the value as determined by the authorized officer for any mineral and vegetative materials (including timber) to be cut, removed, used, or destroyed by the holder from the authorized use area or other National Forest System land. The authorized officer may, in lieu of requiring an advance payment, require the holder to stockpile or stack the material at designated locations for later disposal by the United States.

§ 251.56 Terms and conditions.

(a) *General.* (1) Each special use authorization must contain:

(i) Terms and conditions which will:

(A) Carry out the purposes of applicable statutes and rules and regulations issued thereunder;

(B) Minimize damage to scenic and esthetic values and fish and wildlife habitat and otherwise protect the environment;

(C) Require compliance with applicable air and water quality standards established by or pursuant to applicable Federal or State law; and

(D) Require compliance with State standards for public health and safety, environmental protection, and siting, construction, operation, and maintenance if those standards are more stringent than applicable Federal standards.

(ii) Such terms and conditions as the authorized officer deems necessary to:

(A) Protect Federal property and economic interests;

(B) Manage efficiently the lands subject to the use and adjacent thereto;

(C) Protect other lawful users of the lands adjacent to or occupied by such use;

(D) Protect lives and property;

(E) Protect the interests of individuals living in the general area of the use who rely on the fish, wildlife, and other biotic resources of the area for subsistence purposes;

(F) Require siting to cause the least damage to the environment, taking into consideration feasibility and other relevant factors; and

(G) Otherwise protect the public interest.

NOTE TO PARAGRAPH (A)(1)(II)(G): The Department is making explicit its preexisting

understanding of § 251.56(a)(1)(ii)(G) of this subpart in the context of authorizing non-commercial group uses of National Forest System lands. Section 251.56(a)(1)(ii)(G) provides that each special use authorization shall contain such terms and conditions as the authorized officer deems necessary to otherwise protect the public interest. In the context of noncommercial group uses, the Forest Service interprets the term "public interest" found in § 251.56(a)(1)(ii)(G) to refer to the three public interests identified by the Forest Service on August 30, 1995. These public interests include the protection of resources and improvements on National Forest System lands, the allocation of space among potential or existing uses and activities, and public health and safety concerns. Under this construction, § 251.56(a)(1)(ii)(G) allows the Forest Service to impose terms and conditions that are not specifically addressed in § 251.56(a)(1)(ii)(A)-(F) but only those that further these public interests. The Forest Service shall implement and enforce § 251.56(a)(1)(ii)(G) in accordance with this interpretation.

(2) Authorizations for use of National Forest System lands may be conditioned to require State, county, or other Federal agency licenses, permits, certificates, or other approval documents, such as a Federal Communication Commission license, a Federal Energy Regulatory Commission license, a State water right, or a county building permit.

(b) *Duration and renewability*—(1) *Requirements.* If appropriate, each special use authorization will specify its duration and renewability. The duration shall be no longer than the authorized officer determines to be necessary to accomplish the purpose of the authorization and to be reasonable in light of all circumstances concerning the use, including

(i) Resource management direction contained in land management and other plans;

(ii) Public benefits provided;

(iii) Cost and life expectancy of the authorized facilities;

(iv) Financial arrangements for the project; and

(v) The life expectancy of associated facilities, licenses, etc. Except for special use authorizations issued under the National Forest Ski Area Permit Act of 1986, authorizations exceeding 30 years shall provide for revision of

terms and conditions at specified intervals to reflect changing times and conditions.

(2) *Ski area permits.* (i) For authorizations issued under the National Forest Ski Area Permit Act of 1986, the authorized officer normally shall issue a ski area authorization for 40 years, if, upon consideration of information submitted by the applicant, the authorized officer finds that the ski area development meets the following standards:

(A) In the case of an existing permit holder, existing on-site investment is of sufficient magnitude to justify authorization for 40 years;

(B) In the case of an existing permit holder, existing investment of capital is in ski-related facilities;

(C) Planned investment capital is directly related to development of ski area facilities and is not for financing regular, ongoing operation and maintenance costs;

(D) Ski facilities requiring long-term investment are, or will be, located predominantly on land authorized under a permit;

(E) The number and magnitude of planned facilities, as detailed in a Master Development Plan, clearly require long-term financing and/or operation;

(F) The United States is not the owner of the principal facilities within the authorized ski area.

(ii) A term of less than 40 years shall be authorized for a ski area when the applicant requests a shorter term or when, in the authorized officer's discretion:

(A) Analysis of the information submitted by the applicant indicates that a shorter term is sufficient for financing of the ski area;

(B) The ski area development, whether existing or proposed, does not meet the standards of paragraph (2)(i)(A) through (F) of this section; or

(C) A 40-year authorization would be inconsistent with the approved forest land and resource management plan governing the area (36 CFR part 219).

(c) *Preconstruction approvals.* Forest Service approval of location, design and plans (or standards, if appropriate) of all developments within the authorized area will be required prior to construction.

(d) *Liability.* Holders shall pay the United States for all injury, loss, or damage, including fire suppression costs, in accordance with existing Federal and State laws.

(1) Holders shall also indemnify the United States for any and all injury, loss, or damage, including fire suppression costs, the United States may suffer as a result of claims, demands, losses, or judgments caused by the holder's use or occupancy.

(2) Holders of special use authorizations for high risk use and occupancy, such as, but not limited to, powerlines and oil and gas pipelines, shall be held liable for all injury, loss, or damage, including fire suppression costs, caused by the holder's use or occupancy, without regard to the holder's negligence, provided that maximum liability shall be specified in the special use authorization as determined by a risk assessment, prepared in accordance with established agency procedures, but shall not exceed \$1,000,000 for any one occurrence. Liability for injury, loss, or damage, including fire suppression costs, in excess of the specified maximum shall be determined by the laws governing ordinary negligence of the jurisdiction in which the damage or injury occurred.

(e) *Bonding.* An authorized officer may require the holder of a special use authorization for other than a non-commercial group use to furnish a bond or other security to secure all or any of the obligations imposed by the terms of the authorization or by any applicable law, regulation or order.

(f) *Special terms and conditions—* (1) *Public service enterprises.* Special use permits authorizing the operation of public service enterprises shall require that the permittee charge reasonable rates and furnish such services as may be necessary in the public interest, except where such rates and services are regulated by Federal, State or municipal agencies having jurisdiction.

(2) *Common carriers.* Oil and gas pipelines and related facilities authorized under section 28 of the Mineral Leasing Act of 1920, 41 Stat. 449, as amended (30 U.S.C. 185), shall be constructed, operated and maintained as common carriers. The owners or operators of pipelines shall accept, convey, transport, or

purchase without discrimination all oil or gas delivered to the pipeline without regard to whether such oil or gas was produced on Federal or nonfederal lands. In the case of oil or gas produced from Federal lands or from the resources on the Federal lands in the vicinity of the pipeline, the Secretary may, after a full hearing with due notice thereof to interested parties and a proper finding of facts, determine the proportionate amounts to be accepted, conveyed, transported, or purchased. The common carrier provisions of this section shall not apply to any natural gas pipeline operated (i) by any person subject to regulation under the Natural Gas Act, 52 Stat. 821, as amended, (15 U.S.C. 717) or (ii) by any public utility subject to regulation by a State or municipal regulatory agency having jurisdiction to regulate the rates and charges for the sale of natural gas to consumers within the State or municipality. Where natural gas not subject to State regulatory or conservation laws governing its purchase by pipeline companies is offered for sale, each pipeline company shall purchase, without discrimination, any such natural gas produced in the vicinity of the pipeline.

(g) *Conversion of Ski Area Authorizations.* (1) The Forest Service shall request that all existing permit holders convert existing authorizations for ski areas to a new authorization issued pursuant to the National Forest Ski Area Permit Act.

(2) Any current holder of a ski area permit who wishes to convert an existing permit to one issued pursuant to the National Forest Ski Area Permit Act must submit a written request for the new authorization to the authorized officer.

(3) With the consent of the holder, the authorized officer shall convert the authorization if:

(i) The holder is in compliance with the existing authorization;

(ii) All fees currently due under the existing authorization are paid in full; and

(iii) Any proposed modifications of terms and conditions of the existing authorization included in a request for conversion meet the standards of paragraphs (2)(i) (A) through (F) of this sec-

tion and the relevant requirements of this subpart.

(4) A holder retains the right to decline a new authorization offered pursuant to this paragraph and to continue to operate under the terms of the existing permit. However, pursuant to the rules at §251.61 of this subpart, major modifications of existing permits shall require conversion to a permit issued under the authority of the National Forest Ski Area Permit Act, unless the holder provides compelling justification for retaining the existing permit.

[45 FR 38327, June 6, 1980, as amended at 49 FR 46895, Nov. 29, 1984; 54 FR 22594, May 25, 1989; 60 FR 45294, Aug. 30, 1995; 63 FR 65967, Nov. 30, 1998; 64 FR 48960, Sept. 9, 1999]

§251.57 Rental fees.

(a) Except as otherwise provided in this part or when specifically authorized by the Secretary of Agriculture, special use authorizations shall require the payment in advance of an annual rental fee as determined by the authorized officer.

(1) The fee shall be based on the fair market value of the rights and privileges authorized, as determined by appraisal or other sound business management principles.

(2) Where annual fees of one hundred dollars (\$100) or less are assessed, the authorized officer may require either annual payment or a payment covering more than one year at a time. If the annual fee is greater than one hundred dollars (\$100), holders who are private individuals (that is, acting in an individual capacity), as opposed to those who are commercial, other corporate, or business or government entities, may, at their option, elect to make either annual payments or payments covering more than one year.

(b) All or part of the fee may be waived by the authorized officer, when equitable and in the public interest, for the use and occupancy of National Forest System land in the following circumstances:

(1) The holder is a State or local government or any agency or instrumentality thereof, excluding municipal utilities and cooperatives whose principal source of revenue from the authorized use is customer charges; or

§ 251.58

(2) The holder is a nonprofit association or nonprofit corporation, which is not controlled or owned by profit-making corporations or business enterprises, and which is engaged in public or semi-public activity to further public health, safety, or welfare, except that free use will not be authorized when funds derived by the holder through the authorization are used to increase the value of the authorized improvements owned by the holder, or are used to support other activities of the holder; or

(3) The holder provides without charge, or at reduced charge, a valuable benefit to the public or to the programs of the Secretary; or

(4) When the rental fee is included in the fees for an authorized use or occupancy for which the United States is already receiving compensation; or

(5) When a right-of-way is authorized in reciprocation for a right-of-way conveyed to the United States; or

(6) For rights-of-way involving cost-share roads or reciprocal right-of-way agreements.

(c) No rental fee will be charged when the holder is the Federal government.

(d) No fee shall be charged when the authorization is for a noncommercial group use as defined in §251.51 of this subpart.

(e) Special use authorizations issued under §251.53(g) of this part may require as all or a part of the consideration the reconditioning and maintenance of the government-owned or controlled structures, improvements, and land to a satisfactory standard. The total consideration will be based upon the fair market value of the rights and privileges authorized.

(f) Special use authorizations involving government-owned or controlled buildings, structures, or other improvements which require caretakers' services, or the furnishing of special services such as water, electric lights, and clean-up, may require the payment of an additional fee or charge to cover the cost of such services.

(g) Except where specified otherwise by terms of a special use authorization, rental fees may be initiated or adjusted whenever necessary: (1) As a result of fee review, reappraisal; or (2) upon a change in the holder's qualifications

36 CFR Ch. II (7-1-00 Edition)

under paragraph (b) of this section; and (3) notice is given prior to initiating or adjusting rental fees.

(h) Each ski area authorization issued under the authority of the National Forest Ski Area Permit Act shall include a clause that provides that the Forest Service may adjust and calculate future rental fees to reflect Agency revisions to the existing system for determining fees based on fair market value or to comply with any new fee system for determining fees based on fair market value that may be adopted after issuance of the authorization.

[45 FR 38327, June 6, 1980, as amended at 51 FR 16683, May 6, 1986; 54 FR 22594, May 25, 1989; 60 FR 45294, Aug. 30, 1995; 63 FR 65967, Nov. 30, 1998]

§ 251.58 Cost reimbursement. [Reserved]

§ 251.59 Transfer of authorized improvements.

If the holder, through death, voluntary sale, transfer, or through enforcement of a valid legal proceeding or operation of law, ceases to be the owner of the authorized improvements, the authorization terminates upon change of ownership. Except for easements issued under authorities other than §251.53(e) and leases and easements under §251.53(l) of this subpart, the new owner of the authorized improvements must apply for and receive a new special use authorization. The new owner must meet requirements under applicable regulations of this subpart and agree to comply with the terms and conditions of the authorization and any new terms and conditions warranted by existing or prospective circumstances.

[63 FR 65967, Nov. 30, 1998]

§ 251.60 Termination, revocation, and suspension.

(a) *Grounds for termination, revocation, and suspension.* (1) *Noncommercial group uses.* (i) *Revocation or suspension.* An authorized officer may revoke or suspend a special use authorization for a non-commercial group use only under one of the following circumstances:

Forest Service, USDA

§ 251.60

(A) Under the criteria for which an application for a special use authorization may be denied under §251.54(h)(1);

(B) For noncompliance with applicable statutes or regulations or the terms and conditions of the authorization;

(C) For failure of the holder to exercise the rights or privileges granted; or

(D) With the consent of the holder.

(ii) *Administrative or judicial review.* Revocation or suspension of a special use authorization under this paragraph constitutes final agency action and is immediately subject to judicial review.

(iii) *Termination.* A special use authorization for a noncommercial group use terminates when it expires by its own terms. Termination of a special use authorization under this paragraph does not involve agency action and is not subject to administrative or judicial review.

(2) *All other special uses.* (i) *Revocation or suspension.* An authorized officer may revoke or suspend a special use authorization for all other special uses, except an easement issued pursuant to §251.53 (e) and (l):

(A) For noncompliance with applicable statutes, regulations, or the terms and conditions of the authorization;

(B) For failure of the holder to exercise the rights or privileges granted;

(C) With the consent of the holder; or

(D) At the discretion of the authorized officer for specific and compelling reasons in the public interest.

(ii) *Administrative review.* Except for revocation or suspension of an easement issued pursuant to §251.53 (e) and (l) of this subpart, a suspension or revocation of a special use authorization under this paragraph is subject to administrative appeal and review in accordance with 36 CFR part 251, subpart C, of this chapter.

(iii) *Termination.* For all special uses except noncommercial group uses, a special use authorization terminates when, by its terms, a fixed or agreed-upon condition, event, or time occurs. Termination of a special use authorization under this paragraph does not involve agency action and is not subject to administrative or judicial review.

(b) For purposes of this section, the authorized officer is that person who issues the authorization or that officer's successor.

(c) A right-of-way authorization granted to another Federal agency will be limited, suspended, revoked, or terminated only with that agency's concurrence.

(d) A right-of-way authorization serving another Federal agency will be limited, suspended, revoked, or terminated only after advance notice to, and consultation with, that agency.

(e) Except when immediate suspension pursuant to paragraph (f) of this section is indicated, the authorized officer shall give the holder written notice of the grounds for suspension or revocation under paragraph (a) of this section and reasonable time to cure any noncompliance, prior to suspension or revocation pursuant to paragraph (a) of this section.

(f) Immediate suspension of a special use authorization, in whole or in part, may be required when the authorized officer deems it necessary to protect the public health or safety or the environment. In any such case, within 48 hours of a request of the holder, the superior of the authorized officer shall arrange for an on-site review of the adverse conditions with the holder. Following this review, the superior officer shall take prompt action to affirm, modify, or cancel the suspension.

(g) The authorized officer may suspend or revoke easements issued pursuant to §251.53 (e) and (l) of this subpart under the Rules of Practice Governing Formal Adjudicatory Administrative Proceedings instituted by the Secretary under 7 CFR 1.130 through 1.151. No administrative proceeding shall be required if the easement, by its terms, provides that it terminates on the occurrence of a fixed or agreed-upon condition, event, or time.

(h)(1) The Chief may revoke any easement granted under the provisions of the Act of October 13, 1964, 78 Stat. 1089, 16 U.S.C. 534:

(i) By consent of the owner of the easement;

(ii) By condemnation; or

(iii) Upon abandonment after a 5-year period of nonuse by the owner of the easement.

(2) Before any such easement is revoked for nonuse or abandonment, the owner of the easement shall be given notice and, upon the owner's request

§ 251.61

made within 60 days after receipt of the notice, an opportunity to present relevant information in accordance with the provisions of 36 CFR part 251, subpart C, of this chapter.

(i) Upon revocation or termination of a special use authorization, the holder must remove within a reasonable time the structures and improvements and shall restore the site to a condition satisfactory to the authorized officer, unless the requirement to remove structures or improvements is otherwise waived in writing or in the authorization. If the holder fails to remove the structures or improvements within a reasonable period, as determined by the authorized officer, they shall become the property of the United States, but holder shall remain liable for the costs of removal and site restoration.

[45 FR 38327, June 6, 1980; 45 FR 43167, June 26, 1980, as amended at 48 FR 28639, June 23, 1983; 60 FR 45295, Aug. 30, 1995; 63 FR 65968, Nov. 30, 1998]

§ 251.61 Modifications.

(a) A holder shall file a new or amended application for a special use authorization to cover new, changed, or additional use(s) or area.

(1) In approving or denying changes or modifications, the authorized officer shall consider among other things, the findings or recommendations of other involved agencies and whether the terms and conditions of the existing authorization may be continued or revised, or a new authorization issued.

(2) Changes during construction, or at any other time, from the approved plans or the location shown in the application or authorization shall be allowed only with the prior approval of the authorized officer.

(b) A holder may be required to furnish as-built plans, map(s), or survey(s) upon completion of construction.

(c) A holder shall obtain prior approval from the authorized officer for modifications to approved uses that involve any activity impacting the environment, other users, or the public.

[45 FR 38327, June 6, 1980, as amended at 63 FR 65968, Nov. 30, 1998]

36 CFR Ch. II (7-1-00 Edition)

§ 251.62 Acceptance.

Except for an easement, a special use authorization shall become effective when signed by both the applicant and the authorized officer. The authorization must be signed by the applicant and returned to the authorized officer within 60 days of its receipt by the applicant, unless extended by the authorized officer. Refusal of an applicant to sign and accept a special use authorization within the time allowed, and before its final approval and signature by an authorized officer, shall terminate an application and constitute denial of the requested use and occupancy.

[53 FR 16550, May 10, 1988]

§ 251.63 Reciprocity.

If it is determined that a right-of-way shall be needed by the United States across nonfederal lands directly or indirectly owned or controlled by an applicant for a right-of-way across Federal lands, the authorized officer may condition a special use authorization to require the holder to grant the United States the needed right-of-way.

§ 251.64 Renewals.

(a) When a special use authorization provides for renewal, the authorized officer shall renew it where such renewal is authorized by law, if the project or facility is still being used for the purpose(s) previously authorized and is being operated and maintained in accordance with all the provisions of the authorization. In making such renewal, the authorized officer may modify the terms, conditions, and special stipulations to reflect any new requirements imposed by current Federal and State land use plans, laws, regulations or other management decisions. Special uses may be reauthorized upon expiration so long as such use remains consistent with the decision that approved the expiring special use or group of uses. If significant new information or circumstances have developed, appropriate environmental analysis must accompany the decision to reauthorize the special use.

(b) When a special use authorization does not provide for renewal, it is discretionary with the authorized officer, upon request from the holder and prior

Forest Service, USDA

§ 251.81

to its expiration, whether or not the authorization shall be renewed. A renewal pursuant to this section shall comply with the same provisions contained in paragraph (a) of this section.

[45 FR 38327, June 6, 1980, as amended at 63 FR 65968, Nov. 30, 1998]

§ 251.65 Information collection requirements.

The rules of this subpart governing special use applications (§ 251.54 and § 251.59), terms and conditions (§ 251.54), rental fees (§ 251.57), and modifications (§ 251.61) specify the information that proponents or applicants for special use authorizations or holders of existing authorizations must provide in order for an authorized officer to act on a request or administer the authorization. As such, these rules contain information requirements as defined in 5 CFR part 1320. These information requirements are assigned OMB Control Number 0596-0082.

[63 FR 65968, Nov. 30, 1998]

Subpart C—Appeal of Decisions Relating to Occupancy and Use of National Forest System Lands

AUTHORITY: 7 U.S.C. 5101-5106; 16 U.S.C. 472, 551.

SOURCE: 54 FR 3362, Jan. 23, 1989, unless otherwise noted.

§ 251.80 Purpose and scope.

(a) This subpart provides a process by which those who hold or, in certain instances, those who apply for written authorizations to occupy and use National Forest System lands, may appeal a written decision by an authorized Forest Service line officer with regard to issuance, approval, or administration of the written instrument. The rules in the subpart establish who may appeal under these rules, the kinds of decisions that can and cannot be appealed, the responsibilities of parties to the appeal, and the various procedures and timeframes that will govern the conduct of appeals under this subpart.

(b) The rules in this subpart seek to offer appellants a fair and deliberate

process for appealing and obtaining administrative review of decisions regarding written instruments that authorize the occupancy and use of National Forest System lands.

§ 251.81 Definitions and terminology.

For the purposes of this subpart, the following terms are defined:

Appeal. A request to a higher ranking officer for relief from a written decision filed under this subpart by an applicant for or a holder of a written instrument issued or approved by a Forest Service line officer.

Appeal decision. The written decision rendered by the Reviewing Officer on an appeal for relief under this subpart. The use of this term is limited to the final decision of a Reviewing Officer and does not refer to a stay decision or to any other determinations or procedural orders made on the conduct of an appeal (§ 251.99).

Appeal record. The documents submitted to the Reviewing Officer by an appellant, intervenor, or Deciding Officer (§ 251.98).

Appellant. An eligible applicant for or holder of a written instrument issued for the occupancy and use of National Forest System land (or their authorized agent or representative) who files an appeal pursuant to the provisions of this subpart (§ 251.86).

Deciding officer. The Forest Service line officer who makes a decision related to issuance, approval, or administration of an authorization to occupancy and use National Forest System lands that is appealed under this subpart.

Decisions regarding a written instrument or authorization to occupy and use National Forest System lands. A broad, all inclusive phrase used throughout this subpart to connote the full range of actions and decisions a forest officer takes to issue written instruments, or to manage authorized uses of National Forest System lands, including, but not limited to, enforcement of terms and conditions, and suspension, cancellation, and/or termination of an authorization.

Forest Service line officer. The Chief of the Forest Service or a Forest Service official who serves in a direct line of command from the Chief and who has

§ 251.82

the delegated authority to make and execute decisions under this subpart. Specifically, for the purposes of this subpart, a Forest Service employee who holds one of the following offices and titles: District Ranger, Forest Supervisor, Deputy Forest Supervisor, Regional Forester, Deputy Regional Forester, Deputy Chief, Associate Deputy Chief, Associate Chief, or the Chief of the Forest Service.

Intervenor. An individual who, or organization that, is an applicant for or holder of the written instrument, or a similar instrument, issued by the Forest Service that is the subject of an appeal, and who has an interest that could be affected by an appeal, and who has made a timely request to intervene in that appeal, and who has been granted intervenor status by the Reviewing Officer (§251.96).

Issuance of a written instrument of authorization. Applies both to decisions to grant and to deny a written instrument or authorization.

Notice of appeal. The document prepared and filed by an appellant to dispute a decision subject to review under this subpart (§251.90).

Oral presentation. An informal meeting (in person or by telephone) at which an appellant, intervenor, and/or Deciding Officer may present information related to an appeal to the Reviewing Officer (§251.97).

Parties to an appeal. The appellant(s), intervenor(s), and the Deciding Officer.

Responsive statement. A written document prepared by a Deciding Officer that responds to the notice of appeal record by an appellant (§251.94).

Reviewing Officer. The officer at the next administrative level above that of the Deciding Officer who conducts appeal proceedings, makes all necessary rulings regarding conduct of an appeal, and issues the appeal decision.

Written instrument or authorization. Any of those kinds of documents listed in §251.82 of this subpart issued or approved by the Forest Service authorizing an individual, organization or other entity to occupy and use National Forest System lands and resources.

[54 FR 3362, Jan. 23, 1989; 54 FR 13807, Apr. 5, 1989]

36 CFR Ch. II (7-1-00 Edition)

§ 251.82 Appealable decisions.

(a) The rules of this subpart govern appeal of written decisions of Forest Service line officers related to issuance, denial, or administration of the following written instruments to occupy and use National Forest System lands, including but not limited to:

(1) Permits for ingress and egress to intermingled and adjacent private lands across National Forest System lands, 36 CFR 212.8 and 212.10.

(2) Permits and occupancy agreements on National Grasslands and other lands administered under the provisions of title III of Bankhead-Jones Farm Tenant Act issued under 36 CFR 213.3.

(3) Grazing and livestock use permits issued under 36 CFR part 222, subpart A.

(4) Mining plans of operation under 36 CFR part 228, subpart A.

(5) Mining operating plans for the Sawtooth National Recreation Area issued under 36 CFR 292.17 and 292.18.

(6) Permits and agreements regarding mineral materials (petrified wood and common varieties of sand, gravel, stone, pumice, pumicite, cinder, clay and other similar materials) under 36 CFR 228, subpart C.

(7) Permits authorizing exercise of mineral rights reserved in conveyance to the United States issued under 36 CFR part 251, subpart A.

(8) Special use authorizations issued under 36 CFR part 251, subpart B, except, as provided in §251.60(g), for suspension or termination of easements issued pursuant to 36 CFR 251.53(e) and (e)(1).

(9) Permits for uses in Wilderness Areas issued under 36 CFR 293.3.

(10) Permits to excavate and/or remove archaeological resources issued under the Archaeological Resources Protection Act 1979 and 36 CFR part 296.

(11) Approval/non-approval of Surface Use Plans of Operations related to the authorized use and occupancy of a particular site or area.

(12) Decisions related to the standards for the use, subdivision, and development of privately owned property within the boundaries of the Sawtooth

Forest Service, USDA

§ 251.84

National Recreation Area pursuant to 36 CFR part 292, subpart C.

(b) Written decisions on any of the matters of the type listed in paragraph (a) of this section issued by a Forest Service staff officer with delegated authority to act for a Forest Service line officer are considered to be decisions of the line officer.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.83 Decisions not appealable.

The following decisions are not appealable under this subpart:

(a) Decisions appealable to the Agriculture Board of Contract Appeals, USDA, under 7 CFR part 24.

(b) Decisions involving Freedom of Information Act denials under 7 CFR part 1 or Privacy Act determinations under 7 CFR 1.118.

(c) Decisions for which the jurisdiction of another Government agency, the Comptroller General, or a court to hear and settle disputes supersedes that of the Department of Agriculture.

(d) Recommendations of Forest Service line officers to higher ranking Forest Service line officers or to other entities having final authority to implement the recommendation in question.

(e) Decisions appealable under separate administrative proceedings, including, but not limited to, those under 36 CFR 223.117 (Administration of Cooperative for Federal Sustained Yield Units); 7 CFR 21.104 (Eligibility for Recreation Payment of Amount); and 4 CFR part 21 (Bid Protests).

(f) Decisions pursuant to Office of Management and Budget Circular A-76, Performance of Commercial Activities.

(g) Decisions concerning contracts under the Federal Property and Administrative Services Act of 1949, as amended.

(h) Decisions covered by the Contract Disputes Act.

(i) Decisions involving Agency personnel matters.

(j) Decisions where relief sought is reformation of a contract or award of monetary damages.

(k) Decisions made during the preliminary planning process pursuant to 36 CFR part 219 and 40 CFR parts 1500-1508 that precede decisions to implement the proposed action.

(l) Decisions related to National Forest land and resource management plans and projects only reviewable under 36 CFR part 217.

(m) Decisions related to rehabilitation of National Forest System lands and recovery of forest resources resulting from natural disasters or other natural phenomena such as wildfires, severe wind, earthquakes, and flooding when the Regional Forester or, in situations of national significance, the Chief of the Forest Service determines and gives notice that good cause exists to exempt such decisions from appeal under this subpart.

(n) Decisions imposing penalties for archaeological violations under 36 CFR 296.15 or for violations of prohibitions and orders under 36 CFR part 261.

(o) Reaffirmation of prior decisions.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.84 Obtaining notice.

(a) A Deciding Officer shall promptly give written notice of decisions subject to appeal under this subpart to applicants and holders defined in § 251.86 of this subpart and to any holder of like instruments who has made a written request to be notified of a specific decision. The notice shall include a statement of the Deciding Officer's willingness to meet with applicants or holders to hear and discuss any concerns or issues related to the decision (§ 251.93). The notice shall also specify the name of the officer to whom an appeal of the decision may be filed, the address, and the deadline for filing an appeal.

(b) In States with Department of Agriculture certified mediation programs, a Deciding Officer shall also give written notice of the opportunity for the affected term grazing permit holder to request mediation of decisions to suspend or cancel term grazing permits, in whole or in part, pursuant to 36 CFR 222.4(a)(2)(i), (ii), (iv), (v) and (a)(3) through (a)(6). Such notice must inform the permit holder that, if mediation is desired, the permit holder must request mediation as part of the filing of an appeal.

[54 FR 3362, Jan. 23, 1989, as amended at 64 FR 37846, July 14, 1999]

§ 251.85

§ 251.85 Election of appeal process.

(a) No decision can be appealed by the same person under both this subpart and part 217 of this chapter.

(b) Should a decision be reviewable under this subpart as well as part 217 of this chapter, a party who qualifies to bring an appeal under this subpart can elect which process to use for obtaining review of a decision, but in so doing, the appellant thereby forfeits all right to appeal the same decision under the other review process. However, a holder who waives the right to appeal under the provisions of 36 CFR part 217 may intervene pursuant to 36 CFR 217.6(b).

§ 251.86 Parties.

Only the following may participate in the appeals process provided under this subpart:

(a) An applicant who, in response to a prospectus or written solicitation or other notice by the Forest Service, files a formal written request for a written authorization to occupy and use National Forest System land covered under § 251.82 of this subpart and

(1) Was denied the authorization, or

(2) Was offered an authorization subject to terms and conditions that the applicant finds unreasonable or impracticable.

(b) The signatory(ies) or holder(s) of a written authorization to occupy and use National Forest System land covered under § 251.82 of this subpart who seeks relief from a written decision related to that authorization.

(c) An intervenor as defined in § 251.81 of this subpart.

(d) The Deciding Officer who made the decision being appealed under this subpart.

§ 251.87 Levels of appeal.

(a) *Decisions made by the Chief.* If the Chief of the Forest Service is the Deciding Officer, the appeal is to the Secretary of Agriculture. Review by the Secretary is discretionary. Within 15 calendar days of receipt of a timely notice of appeal, the Secretary shall determine whether or not to review the decision. If the Secretary has not decided to review the Chief's decision by the expiration of the 15-day period, the requester(s) shall be notified by the Secretary's office that the Chief's deci-

36 CFR Ch. II (7-1-00 Edition)

sion is the final administrative decision of the Department of Agriculture. When the Secretary elects to review an initial decision made by the Chief, the Secretary shall conduct the review in accordance with the first level appeal procedures outlined in this rule.

(b) *Decisions made By Forest Supervisors and Regional Foresters.* Only one level of appeal is available on written decisions by Forest Service line officers below the level of the Chief and above the level of the District Ranger. The levels of available appeal are as follows:

(1) If the decision is made by a Forest Supervisor, the appeal is filed with the Regional Forester;

(2) If the decision is made by a Regional Forester, the appeal is filed with the Chief of the Forest Service.

(c) *Decisions made by the District Ranger.* Two levels of appeal are available for written decisions by District Rangers.

(1) The appeal for initial review is filed with the Forest Supervisor.

(2) The appeal for a second level of review is filed with the Regional Forester within 15 days of the first level appeal decision. Upon receiving such a request, the Regional Forester shall promptly request the first level file from the Forest Supervisor. The review shall be conducted on the existing record and no additional information shall be added to the file.

(d) *Discretionary review of dismissal decisions.* Dismissal decisions rendered by Forest Service line officers pursuant to this part (§ 251.92) are subject to only one level of discretionary review (§ 251.100) as follows:

(1) If the Reviewing Officer was the Forest Supervisor, the Regional Forester has discretion to review.

(2) If the Reviewing Officer was the Regional Forester, the Chief has discretion to review.

(3) If the Reviewing Officer was the Chief, the Secretary of Agriculture has discretion to review.

(e) *Discretionary review of appeal decisions.* Appeal decisions rendered by Regional Foresters and the Chief pursuant to this part are subject to only one level of discretionary review as follows:

Forest Service, USDA

§ 251.90

(1) If the Reviewing Officer is the Regional Forester, the Chief of the Forest Service has discretion to review.

(2) If the Reviewing Officer is Chief, the Secretary of Agriculture has discretion to review.

(3) A Regional Forester's decision on a second-level appeal constitutes the final administrative determination of the Department of Agriculture on the appeal and is not subject to further review by a higher level officer under this subpart.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.88 Filing procedures.

(a) *Filing procedures.* In order to appeal a decision under this subpart, an appellant must:

(1) File a notice of appeal in accordance with § 251.90 of this subpart with the next higher line officer as identified in § 251.87.

(2) File the notice of appeal within 45 days of the date on the notice of the written decision being appealed (§ 251.84); and

(3) Simultaneously send a copy of the notice of appeal to the Deciding Officer.

(b) *Evidence of timely filing.* It is the responsibility of those filing an appeal to file the notice of appeal by the end of the filing period. In the event of questions, legible postmarks will be considered evidence of timely filing. Where postmarks are illegible, the Reviewing Officer shall rule on the timeliness of the notice of appeal. Untimely submissions are subject to dismissal as provided for in § 251.92(a)(2).

(c) *Computation of time period for filing.* (1) The time period for filing a notice of appeal of a decision under this subpart begins on the first day after the Deciding Officer's written notice of the decision. All other time periods applicable to this subpart also will be computed to begin on the first day following an event or action related to the appeal.

(2) Time periods applicable to this subpart are computed using calendar days. Saturdays, Sundays, or Federal holidays are included in computing the time allowed for filing an appeal; however, when the filing period would expire on a Saturday, Sunday, or Federal

holiday the filing time is extended to the end of the next Federal working day.

§ 251.89 Time extensions.

(a) *Filing of notice of appeal.* Time for filing a notice of appeal is not extendable.

(b) *All other time periods.* Appellants, Intervenor, Deciding Officers, and Reviewing Officers shall meet the time periods specified in the rules of this subpart, unless a Reviewing Officer has extended the time as provided in this paragraph. Except as noted in paragraph (a) of this section and as prohibited at the discretionary review level (§ 251.100), the Reviewing Officer may extend all other time periods under this subpart.

(1) For appeals of initial written decisions by the Chief, a Regional Forester, or a Forest Supervisor, a Reviewing Officer, where good cause exists, may grant a written request for extension of time to file a responsive statement or replies thereto. The Reviewing Officer shall rule on requests for extensions within 10 days of receipt of the request and shall provide written notice of the extension ruling to all parties to the appeal.

(2) Except for discretionary reviews of appeal decisions as provided in § 251.100 of this subpart, a Reviewing Officer may extend the time period for issuance of the appeal decision, including for purposes of allowing additional time for the Deciding Officer to resolve disputed issues, as provided in § 251.93 of this subpart.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.90 Content of notice of appeal.

(a) It is the responsibility of an appellant to provide a Reviewing Officer sufficient narrative evidence and argument to show why a decision by a lower level officer should be reversed or changed.

(b) An appellant must include the following information in a notice of appeal:

(1) The appellant's name, mailing address, and daytime telephone number;

§ 251.91

36 CFR Ch. II (7–1–00 Edition)

(2) The title or type of written instrument involved, the date of application for or issuance of the written instrument, and the name of the responsible Forest Service Officer;

(3) A brief description and the date of the written decision being appealed;

(4) A statement of how the appellant is adversely affected by the decision being appealed;

(5) A statement of the facts of the dispute and the issue(s) raised by the appeal;

(6) Specific references to any law, regulation, or policy that the appellant believes to be violated and the reason for such an allegation.

(7) A statement as to whether and how the appellant has tried to resolve the issue(s) being appealed with the Deciding Officer, the date of any discussion, and the outcome of that meeting or contact; and

(8) A statement of the relief the appellant seeks.

(c) An appellant may also include one or more of the following in a notice of appeal: a request for oral presentation (§ 251.97); a request for stay of implementation of the decision pending decision on the appeal (§ 251.91); or, in those States with a Department of Agriculture certified mediation program, a request for mediation of grazing permit cancellation or suspensions pursuant to § 251.103.

[54 FR 3362, Jan. 23, 1989; 54 FR 13807, Apr. 5, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 64 FR 37846, July 14, 1999]

§ 251.91 Stays.

(a) A decision may be implemented during the appeal process, unless the Reviewing Officer grants a stay or unless a term grazing permit holder appeals a decision and simultaneously requests mediation pursuant to § 251.103. In the case of mediation requests, a stay is granted automatically upon receipt of the notice of appeal for the duration of the mediation period as provided in § 251.103.

(b) An appellant or intervenor may request a stay of a decision at any time while an appeal is pending, if the harmful effects alleged pursuant to paragraph (c)(3) of this section would occur during pendency of the appeal. The Reviewing Officer shall not accept any re-

quest to stay implementation of a decision that is not scheduled to begin during pendency of the appeal.

(c) To request a stay of decision, an appellant or intervenor must—

(1) File a written request with the Reviewing Officer;

(2) Simultaneously send a copy of the stay request to any other appellant(s), to intervenor(s), and to the Deciding Officer.

(3) Provide a written justification of the need for a stay, which at a minimum includes the following:

(i) A description of the specific project(s), activity(ies), or action(s) to be stopped.

(ii) Specific reasons why the stay should be granted in sufficient detail to permit the Reviewing Officer to evaluate and rule upon the stay request, including at a minimum:

(A) The specific adverse effect(s) upon the requester;

(B) Harmful site-specific impacts or effects on resources in the area affected by the activity(ies) to be stopped, and

(C) How the cited effects and impacts would prevent a meaningful decision on the merits.

(d) A Deciding Officer and other parties to an appeal may provide the Reviewing Officer with a written response to a stay request. A copy of any response must be sent to all parties to the appeal.

(e) *Timeframe.* The Reviewing Officer must rule on a stay request no later than 10 calendar days from receipt.

(f) *Criteria to consider.* In deciding a stay request, a Reviewing Officer shall consider:

(1) Information provided by the requester pursuant to paragraph (c) of this section including the validity of any claim of adverse effect on the requester;

(2) The effect that granting a stay would have on preserving a meaningful appeal on the merits;

(3) Any information provided by the Deciding Officer or other party to the appeal in response to the stay request; and

(4) Any other factors the Reviewing Officer considers relevant to the decision.

(g) *Notice of decision on a stay request.* A Reviewing Officer must issue a written decision on a stay request.

(1) If a stay is granted, the stay shall specify the specific activities to be stopped, duration of the stay, and reasons for granting the stay.

(2) If a stay is denied in whole or in part, the decision shall specify the reasons for the denial.

(3) A copy of a decision on a stay request shall be sent to all parties to the appeal.

(h) *Duration.* A stay shall remain in effect for the 15-day period for determining discretionary review (§251.100), unless changed by the Reviewing Officer in accordance with paragraph (i) of this section.

(i) *Change in a stay.* A Reviewing Officer may change a stay decision in accordance with any terms established in the stay decision itself or at any time during pendency of an appeal that circumstances support a change of stay. In making any changes to a stay decision, the Reviewing Officer must issue a written notice to all parties to the appeal explaining the reason for making the changes and setting forth any terms or conditions that apply to the change.

(j) *Petitions to change a stay.* An appellant or intervenor may petition a Reviewing Officer to change or lift a stay at any time during the pendency of an appeal. Such petitions must be in writing, must explain how circumstances have changed since the stay was imposed, and must state why the change in the stay is being requested. The petitioner must send a copy of the petition to all parties to the appeal.

(k) *Appeal of stay decision or changes in stay.* A Reviewing Officer's decision to grant, deny, lift, or otherwise change a stay is not subject to further appeal and review, except when the first-level Reviewing Officer was the Forest Supervisor. In this instance, the Regional Forester has discretion to review.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 64 FR 37846, July 14, 1999]

§ 251.92 Dismissal.

(a) The Reviewing Officer shall dismiss an appeal and close the record without a decision on the merits when:

(1) The appellant is not eligible to appeal a decision under this subpart.

(2) Appellant's notice of appeal is not filed within the required time period, or the notice of appeal fails to meet the minimum requirements of §251.90 of this subpart to such an extent that the Reviewing Officer lacks adequate information on which to base a decision.

(3) In cases where there is only one appellant, the appellant withdraws the appeal.

(4) The requested relief cannot be granted under existing law, fact, or regulation.

(5) The decision is excluded from appeal under this subpart (§251.83).

(6) The Deciding Officer has withdrawn the decision under appeal.

(7) A request for review of the same decision has been filed by the same person under part 217 of this chapter.

(8) A mediated agreement is reached (§251.103).

(b) The Reviewing Officer shall give written notice of dismissal that includes an explanation of why the appeal is dismissed.

(c) A Reviewing Officer's dismissal decision is subject to discretionary review at the next administrative level as provided for in §251.87(d), except when a dismissal decision results from withdrawal of an appeal by an appellant, withdrawal of the initial decision by the Deciding Officer, or a mediated resolution of the dispute.

[54 FR 3362, Jan. 23, 1989, as amended at 55 FR 7896, Mar. 6, 1990; 64 FR 37846, July 14, 1999]

§ 251.93 Resolution of issues.

(a) Authorized Forest Service officers shall, to the extent practicable and consistent with the public interest, consult and meet in person, or by phone, with holders of written instruments prior to issuing written decisions related to administration of a written authorization. The purpose of such meetings is to discuss any issues or concerns related to the authorized use and to reach a common understanding and agreement where possible prior to issuance of a written decision.

§ 251.94

(b) When decisions are appealed, the Deciding Officer may discuss the appeal with the appellant(s) and intervenor(s) together or separately to narrow issues, agree on facts, and explore opportunities to resolve the issues by means other than review and decision on the appeal, including mediation pursuant to § 251.103. At the request of the Deciding Officer, the Reviewing Officer may extend the time period to allow for meaningful negotiations, except for appeals under review at the discretionary level. In the event of mediation of a grazing dispute under § 251.103, the Reviewing Officer may extend the time for mediation only as provided in § 251.103.

(c) The Deciding Officer has the authority to withdraw a decision, in whole or in part, during the appeal. Where a Deciding Officer decides to withdraw a decision, all parties to the appeal and the Reviewing Officer must receive written notice.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 64 FR 37846, July 14, 1999]

§ 251.94 Responsive statement.

(a) *Content.* A responsive statement contains the Deciding Officer's response to the specific facts or issues of law or regulation and the requested relief set forth by the appellant in the notice of appeal.

(b) *Timeframe.* Unless the Reviewing Officer has granted an extension or dismissed the appeal, or unless mediation has been requested under this subpart, the Deciding Officer shall prepare a responsive statement and send it to the Reviewing Officer and all parties to the appeal within 30 days of receipt of the notice of appeal. Where mediation occurs but fails to resolve the issues, the Deciding Officer shall prepare a responsive statement and send it to the Reviewing Officer and all parties to the appeal within 30 days of the reinstatement of the appeal timeframes (§ 251.103(c)).

(c) *Replies.* Within 20 days of the post-marked date of the responsive statement, the appellant(s) and any intervenor(s) may file a written reply to the responsive statement with the Reviewing Officer. Appellants and intervenors must send a copy of any reply to a re-

36 CFR Ch. II (7-1-00 Edition)

sponsive statement to all parties to the appeal, including the Deciding Officer.

[54 FR 3362, Jan. 23, 1989, as amended at 64 FR 37846, July 14, 1999]

§ 251.95 Authority of reviewing officer.

(a) *Discretion to establish procedures.* A Reviewing Officer may issue such procedural orders as deemed appropriate to ensure orderly, expeditious, and fair conduct of an appeal providing they are consistent with other provisions of this part.

(1) In appeals involving intervenors, the Reviewing Officer may prescribe special procedures to conduct the appeal.

(2) All parties to an appeal shall receive notice of any orders or decisions on the conduct of the appeal.

(3) Orders and determinations governing the conduct of an appeal are not subject to appeal and further review.

(b) *Consolidation of appeals.* A Reviewing Officer may consolidate multiple appeals of the same decision, or of similar decisions involving common issues of fact or law and issue one appeal decision. Similarly, a Reviewing Officer may issue one decision in cases involving separate reviews filed pursuant to 36 CFR part 217 and under this part when the decision at issue is the same decision. In such case, the Reviewing Officer shall give notice to all parties to multiple appeals.

(1) A decision to consolidate appeals is not subject to appeal and further review.

(2) At the discretion of the Reviewing Officer, the Deciding Officer may prepare one responsive statement to multiple appeals.

(c) *Requests for additional information.* Except in discretionary review conducted pursuant to § 251.100 and second level appeals of decisions made by the District Ranger pursuant to § 251.87(c) of this subpart, the Reviewing Officer may ask any party to an appeal for additional information as deemed necessary to decide the appeal. Such requests will be limited to obtaining and evaluating information needed to clarify issues raised. The Reviewing Officer shall notify all parties of the request for information, provide it to all parties, give opportunity to comment, and extend time periods if necessary to

Forest Service, USDA

§ 251.98

allow for submission of the information.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 55 FR 7896, Mar. 6, 1990]

§ 251.96 Intervention.

(a) A request to intervene in an appeal may be made at any time prior to the closing of the appeal record (§251.98) at the first level of appeal (§251.87). Requests to intervene in an appeal at the discretionary review level (§251.87(d)) shall be denied.

(b) To request intervention in a first-level appeal under this subpart, a party, at a minimum, must:

(1) Submit a written petition to intervene to the Reviewing Officer,

(2) Be, as defined at §251.81 of this subpart, an applicant for or holder of a written instrument issued by the Forest Service that is the subject of or affected by the appeal, and have an interest that could be directly affected by a decision on the appeal, and

(3) Show, in the request for intervention, how the decision on the appeal would directly affect petitioner's interests.

(c) The Reviewing Officer determines whether a party requesting intervention meets the requirements of paragraph (a) of this section. In granting intervention, the Reviewing Officer must give notice to all other parties to the appeal.

(d) A granting or denial of intervention is not subject to appeal to a higher level.

(e) Appellants and intervenors must concurrently furnish copies of all submissions to each other as well as the Deciding Officer. Failure to provide each other copies may result in removal of a submission from the appeal record. At the discretion of the Reviewing Officer, appellants may be given additional time to review and comment on initial submissions by intervenors.

(f) An intervenor cannot continue an appeal if the appellant withdraws the appeal.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.97 Oral presentation.

(a) *Purpose.* An oral presentation provides an additional opportunity for an

appellant, and other parties to an appeal, to present their viewpoints to the Reviewing Officer. The purpose is to restate, emphasize, and/or clarify information related to an appeal. Oral presentations are to be conducted in an informal manner and shall not be subject to formal rules of procedure such as those applicable to judicial proceedings.

(b) *Requests.* Only an appellant may request and be granted an oral presentation. An appellant may request an oral presentation at any time prior to closing of the appeal record (§251.98). A Reviewing Officer shall automatically grant an oral presentation if the appellant requested the presentation as part of the notice of appeal.

(c) *Participation.* At the discretion of the Reviewing Officer, oral presentations may be open to public attendance, but participation is limited to parties to the appeal. The Reviewing Officer shall advise all parties to the appeal, including the Deciding Officer, of the place, time, and date of the oral presentation, and how the oral presentation will be conducted. All parties to an appeal shall be invited to participate. Appellants and intervenors must bear any expense involved in making an oral presentation in person or by telephone.

(d) *Limitation.* Oral presentations shall be held only at the first level of appeal (§251.87(b)).

§ 251.98 Appeal record.

The following rules apply only to the appeal record for appeals at the first level (§251.87 (a), (b)):

(a) It is the responsibility of the Reviewing Officer to maintain in one location the documents related to the appeal.

(b) The record consists of the documents filed with the Reviewing Officer including, but not limited to, the notice of appeal, responsive statement, replies to submissions by various parties to the appeal, orders and determinations made on the conduct of the appeal, and correspondence.

(c) The Reviewing Officer has discretion to remove from the record documents that were not sent to all parties to an appeal.

§ 251.99

(d) Unless the Reviewing Officer has ordered otherwise, the appeal record closes with the expiration of the time period for filing of the reply(ies) to the responsive statement, or at the conclusion of an oral presentation, if there is one. The Reviewing Officer shall notify all parties to an appeal of the closure of the record.

(e) The appeal record is open to public inspection.

(f) In appeals involving initial decisions of the Chief (§251.87(a)), the establishment of an administrative record as defined in paragraph (a) of this section shall not begin unless the Secretary elects to review the appeal. Except for the initial notice of appeal, any filings made previous to the Secretary's election to review will not be accepted.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.99 Appeal decision.

(a) The Reviewing Officer shall base the appeal decision on the appeal record and applicable laws, regulations, orders, policies, and procedures.

(b) The Reviewing Officer shall affirm or reverse the original decision whole or in part and include the reason(s) for the decision. The Reviewing Officer may also include in the appeal decision instructions for further action by the Deciding Officer.

(c) At the first level of appeal, the Reviewing Officer shall make and issue an appeal decision within 30 days of the date the record is closed.

(d) At the second level of appeal provided in §251.87(c), the Reviewing Officer shall make and issue an appeal decision within 30 days of the date the record is received from the first level Reviewing Officer.

(e) The Reviewing Officer shall send a copy of all appeal decisions to all participants.

(f) Unless the next higher officer exercises the discretion to review an appeal decision as provided in §§251.87(e) and 251.100 of this subpart, the appeal decision is the final administrative decision of the Department of Agriculture and is not subject to further re-

36 CFR Ch. II (7-1-00 Edition)

view under this subpart or part 217 of this chapter.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.100 Discretionary review.

(a) Petitions or requests for discretionary review shall not, in and of themselves, give rise to a decision to exercise discretionary review. In electing to exercise discretion, a Reviewing Officer should consider, but is not limited to, such factors as controversy surrounding the decision, the potential for litigation, and whether the appeal decision is precedential in nature or establishes new policy.

(b) As provided for in §§251.87(d) and (e), 251.91(k), and 251.92, stay decisions rendered by a Forest Supervisor, certain dismissal decisions rendered by Forest Service line officers, and first-level appeal decisions rendered by Regional Foresters and the Chief (§251.99), are subject to discretionary review at the next highest administrative level. Within one day following the date of a decision subject to such discretionary review, the Reviewing Officer shall forward a copy of the decision and the initial decision upon which the appeal is predicated to the next higher officer.

(c) The next higher level officer shall have 15 calendar days from date of receipt to decide whether or not to review an appeal decision and may call for or use the appeal record in deciding whether or not to review the appeal decision. If the record is requested, the 15-day period is suspended at that point. The lower level Reviewing Officer shall forward it within 5 days of the request. Upon receipt, the higher level officer shall have 15 days to decide whether or not to review the lower level decision. If that officer takes no action by the expiration of the discretionary review period, appellants shall be notified by the discretionary level officer that the appeal decision of the Reviewing Officer stands as the final administrative review decision of the Department of Agriculture.

(d) When an official exercises the discretion in §251.87(d) or §251.87(e) of this subpart to review a dismissal or appeal decision, the discretionary review shall be made on the existing appeal record and the lower level Reviewing Officer's

appeal decision. The record shall not be reopened to accept additional submissions from any source, including the Reviewing Officer whose appeal decision is being reviewed.

(e) When an official exercises discretion to review an appeal decision, a Reviewing Officer may extend a stay, in whole or in part, during pendency of the discretionary review.

(f) The second level Reviewing Officer shall conclude the review within 30 days of the date of notice issued to an appellant that the lower level decision will be reviewed.

(g) If a discretionary review decision is not issued by the end of the 30-day review period, appellants and intervenors shall be deemed to have exhausted their administrative remedies for purposes of judicial review. In such case, appellants, intervenors, and the lower level Reviewing Officer shall be notified by the discretionary level officer.

(h) The Reviewing Officer shall provide a copy of the decision to all appellants, intervenors, the Deciding Officer, and the lower level Reviewing Officer.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 55 FR 7896, Mar. 6, 1990]

§ 251.101 Policy in event of judicial proceedings.

It is the position of the Department of Agriculture that any filing for Federal judicial review of and relief from a decision appealable under this subpart is premature and inappropriate, unless the appellant has first sought to resolve the dispute by invoking and exhausting the procedures of this subpart. This position may be waived only upon a written finding by the Chief.

§ 251.102 Applicability and effective date.

(a) Except where applicants or holders elect the decision review procedures of part 217 of this chapter, appealable decisions arising from the issuance, approval, and administration of written instruments authorizing occupancy and use of National Forest System lands made on or after February 22, 1989, shall be subject to the procedures of this part.

(b) Decisions made before February 22, 1989, arising from the issuance, approval, and administration of written instruments authorizing occupancy and use of National Forest System lands shall be subject to appeal under the provisions of 36 CFR 211.18.

[54 FR 6892, Feb. 15, 1989]

§ 251.103 Mediation of term grazing permit disputes.

(a) *Decisions subject to mediation.* In those States with Department of Agriculture certified mediation programs, any holder of a term grazing permit may request mediation, if a Deciding Officer issues a decision to suspend or cancel a term grazing permit, in whole or in part, as authorized by 36 CFR 222.4 (a)(2)(i), (ii), (iv), (v), and (a)(3) through (a)(6).

(b) *Parties.* Notwithstanding the provisions addressing parties to an appeal at § 251.86, only the following may participate in mediation of term grazing permit disputes under this section:

(1) A mediator authorized to mediate under a Department of Agriculture State certified mediation program:

(2) The Deciding Officer who made the decision being mediated, or designee;

(3) The holder whose term grazing permit is the subject of the Deciding Officer's decision and who has requested mediation in the notice of appeal;

(4) The holder's creditors, if applicable; and

(5) Legal counsel, if applicable. The Forest Service will have legal counsel participate only if the permittee choose to have legal counsel.

(c) *Timeframe.* When an appellant simultaneously requests mediation at the time an appeal is filed (§ 251.84), the Reviewing Officer shall immediately notify, by certified mail, all parties to the appeal that, in order to allow for mediation, the appeal is suspended for 45 calendar days from the date of the Reviewing Officer's notice. If agreement has not been reached at the end of 45 calendar days, but it appears to the Deciding Officer that a mediated agreement may soon be reached, the Reviewing Officer may notify, by certified mail, all parties to the appeal

that the period for mediation is extended for a period of up to 15 calendar days from the end of the 45-day appeal suspension period. If a mediated agreement cannot be reached under the specified timeframes, the Reviewing Officer shall immediately notify, by certified mail, all parties to the appeal that mediation was unsuccessful, that the stay granted during mediation is lifted, and that the timeframes and procedures applicable to an appeal (§251.89) are reinstated as of the date of such notice.

(d) *Confidentiality.* Mediation sessions shall be confidential; moreover, dispute resolution communications, as defined in 5 U.S.C. 571(5), shall be confidential. However, the final agreement signed by the Forest Service official and the permit holder is subject to public disclosure.

(e) *Records.* Notes taken or factual material received during mediation sessions are not to be entered as part of the appeal record.

(f) *Cost.* The United States Government shall cover only incurred expenses of its own employees in mediation sessions.

(g) *Exparte communication.* Except to request a time extension or communicate the results of mediation pursuant to paragraph (d) of this section, the Deciding Officer, or designee, shall not discuss mediation and/or appeal matters with the Reviewing Officer.

[64 FR 37846, July 14, 1999]

Subpart D—Access to Non-Federal Lands

SOURCE: 56 FR 27417, June 14, 1991, unless otherwise noted.

§ 251.110 Scope and application.

(a) The regulations in this subpart set forth the procedures by which landowners may apply for access across National Forest System lands and the terms and conditions that govern any special use or other authorization that is issued by the Forest Service to permit such access.

(b) These regulations apply to access across all National Forest System lands, including Congressionally designated areas, and supplement the regulations in subpart B of this part, and

in parts 212 and 293 of this chapter. The regulations of this subpart do not affect rights-of-way established under authority of R.S. 2477 (43 U.S.C. 932); rights-of-way transferred to States under 23 U.S.C. 317; access rights outstanding in third parties at the time the United States acquired the land; or the rights reserved in conveyances to the United States and in other easements granted by an authorized officer of the Forest Service. Except for the aforementioned rights-of-way, currently valid special-use authorizations will become subject to the rules of this subpart upon expiration, termination, reversion, modification, or reauthorization.

(c) Subject to the terms and conditions contained in this part and in parts 212 and 293 of this chapter, as appropriate, landowners shall be authorized such access as the authorized officer deems to be adequate to secure them the reasonable use and enjoyment of their land.

(d) In those cases where a landowner's ingress or egress across National Forest System lands would require surface disturbance or would require the use of Government-owned roads, trails, or transportation facilities not authorized for general public use, the landowner must apply for and receive a special-use or road-use authorization documenting the occupancy and use authorized on National Forest System lands or facilities and identifying the landowner's rights, privileges, responsibilities, and obligations.

(e) Where ingress and egress will require the use of existing Government-owned roads, trails, or other transportation facilities which are open and available for general public use, use by the landowner shall be in accordance with the provisions of part 212 of this chapter.

(f) The rules of this subpart do not apply to access within conservation system units in Alaska which are subject to title XI of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3101), except for access to inholdings authorized by section 1110(b) of that Act.

(g) Where there is existing access or a right of access to a property over

Forest Service, USDA

§ 251.114

non-National Forest land or over public roads that is adequate or that can be made adequate, there is no obligation to grant additional access through National Forest System lands.

§ 251.111 Definitions.

In addition to the definitions in subpart B of this part, the following terms apply to this subpart:

Access means the ability of landowners to have ingress and egress to their lands. It does not include rights-of-way for power lines or other utilities.

Adequate access means a route and method of access to non-Federal land that provides for reasonable use and enjoyment of the non-Federal land consistent with similarly situated non-Federal land and that minimizes damage or disturbance to National Forest System lands and resources.

Congressionally designated area means lands which are within the boundaries of a component of the National Wilderness Preservation System, National Wild and Scenic River System, National Trails System, and also National Monuments, Recreation, and Scenic Areas within the National Forest System, and similar areas designated by Federal statute.

Landowner(s) means the owner(s) of non-Federal land or interests in land within the boundaries of the National Forest System.

§ 251.112 Application requirements.

(a) A landowner shall apply for access across National Forest System lands in accordance with the application requirements of § 251.54 of this part. Such application shall specifically include a statement of the intended mode of access to, and uses of, the non-Federal land for which the special-use authorization is requested.

(b) The application shall disclose the historic access to the landowner's property and any rights of access which may exist over non-federally owned land and shall provide reasons why these means of access do not provide adequate access to the landowners property.

(c) The information required to apply for access across National Forest lands under this subpart is approved for use

under subpart B of this part and assigned OMB control number 0596-0082.

§ 251.113 Instrument of authorization.

To grant authority to construct and/or use facilities and structures on National Forest System lands for access to non-Federal lands, the authorized officer shall issue a special-use authorization in conformance with the provisions of subpart B of this part or a road-use permit. In cases where Road Rights-of-way Construction And Use Agreements are in effect, the authorized officer may grant an easement in accordance with the provisions of part 212 of this chapter.

§ 251.114 Criteria, terms and conditions.

(a) In issuing a special-use authorization for access to non-Federal lands, the authorized officer shall authorize only those access facilities or modes of access that are needed for the reasonable use and enjoyment of the land and that minimize the impacts on the Federal resources. The authorizing officer shall determine what constitutes reasonable use and enjoyment of the lands based on contemporaneous uses made of similarly situated lands in the area and any other relevant criteria.

(b) Landowners must pay an appropriate fee for the authorized use of National Forest System lands in accordance with § 251.57 of this part.

(c) A landowner may be required to provide a reciprocal grant of access to the United States across the landowner's property where such reciprocal right is deemed by the authorized officer to be necessary for the management of adjacent Federal land. In such case, the landowner shall receive the fair market value of the rights-of-way granted to the United States. If the value of the rights-of-way obtained by the Government exceeds the value of the rights-of-way granted, the difference in value will be paid to the landowner. If the value of the rights-of-way across Government land exceeds the value of the rights-of-way across the private land, an appropriate adjustment will be made in the fee charged for the special-use authorization as provided in § 251.57(b)(5) of this part.

(d) For access across National Forest System lands that will have significant non-Forest user traffic, a landowner may be required to construct new roads or reconstruct existing roads to bring the roads to a safe and adequate standard. A landowner also may be required to provide for the operation and maintenance of the road. This may be done by arranging for such road to be made part of the local public road system, or formation of a local improvement district to assume the responsibilities for the operation and maintenance of the road as either a private road or as a public road, as determined to be appropriate by the authorizing officer.

(e) When access is tributary to or dependent on forest development roads, and traffic over these roads arising from the use of landowner's lands exceeds their safe capacity or will cause damage to the roadway, the landowner(s) may be required to obtain a road-use permit and to perform such reconstruction as necessary to bring the road to a safe and adequate standard to accommodate such traffic in addition to the Government's traffic. In such case, the landowner(s) also shall enter into a cooperative maintenance arrangement with the Forest Service to ensure that the landowner's commensurate maintenance responsibilities are met or shall make arrangements to have the jurisdiction and maintenance responsibility for the road assumed by the appropriate public road authority.

(f) In addition to ensuring that applicable terms and conditions of paragraphs (a) through (e) of this section are met, the authorizing officer, prior to issuing any access authorization, must also ensure that:

(1) The landowner has demonstrated a lack of any existing rights or routes of access available by deed or under State or common law;

(2) The route is so located and constructed as to minimize adverse impacts on soils, fish and wildlife, scenic, cultural, threatened and endangered species, and other values of the Federal land;

(3) The location and method of access is as consistent as reasonably possible with the management of any congressionally designated area and is con-

sistent with Forest Land and Resource Management Plans or the plans are amended to accommodate the access grant, and;

(4) When access routes exist across the adjacent non-Federal lands or the best route as determined by the authorizing officer is across non-Federal lands, the applicant landowner has demonstrated that all legal recourse to obtain reasonable access across adjacent non-Federal lands has been exhausted or has little chance of success.

(g) In addition to the other requirements of this section, the following factors shall be considered in authorizing access to non-federally owned lands over National Forest System lands which are components of the National Wilderness Preservation System:

(1) The use of means of ingress and egress which have been or are being customarily used with respect to similarly situated non-Federal land used for similar purposes;

(2) The combination of routes and modes of travel, including non-motorized modes, which will cause the least lasting impact on the wilderness but, at the same time, will permit the reasonable use of the non-federally owned land;

(3) The examination of a voluntary acquisition of land or interests in land by exchange, purchase, or donation to modify or eliminate the need to use wilderness areas for access purposes.

Subpart A—Land Exchanges

AUTHORITY: 7 U.S.C. 428a(a) and 1011; 16 U.S.C. 484a, 485, 486, 516, 551, and 555a; 43 U.S.C. 1701, 1715, 1716, and 1740; and other applicable laws.

SOURCE: 59 FR 10867, Mar. 8, 1994, unless otherwise noted.

§ 254.1 Scope and applicability.

(a) These rules set forth the procedures for conducting exchanges of National Forest System lands. The procedures in these rules may be supplemented by instructions issued to Forest Service officers in Chapter 5400 of the Forest Service Manual and Forest Service Handbooks 5409.12 and 5409.13.

(b) These rules apply to all National Forest System exchanges of land or interests in land, including but not limited to minerals, water rights, and timber, except those exchanges made under the authority of Small Tracts Act of January 12, 1983 (16 U.S.C. 521c-521i) (36 CFR part 254, subpart C), and as otherwise noted. These rules also apply to other methods of acquisition, where indicated.

(c) The application of these rules to exchanges made under the authority of

the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1621), or the Alaska National Interest Lands Conservation Act (16 U.S.C. 3192), shall be limited to those provisions which do not conflict with the provisions of these Acts.

(d) Unless the parties to an exchange otherwise agree, land exchanges for which the parties have agreed in writing to initiate prior to April 7, 1994, will proceed in accordance with the rules and regulations in effect at the time of the agreement.

(e) Except for exchanges requiring cash equalization payments made available through the Land and Water Conservation Act of 1965, as amended (16 U.S.C. 460[19]), the boundaries of a national forest are automatically extended to encompass lands acquired under the Weeks Act of March 1, 1911, as amended (16 U.S.C. 516), provided the acquired lands are contiguous to existing national forest boundaries and total no more than 3,000 acres in each exchange.

(f) Exchanges under the Weeks Act of March 1, 1911, or the General Exchange Act of March 20, 1922, may involve land-for-timber (non-Federal land exchanged for the rights to Federal timber), or timber-for-land (the exchange of the rights to non-Federal timber for Federal land), or tripartite land-for-timber (non-Federal land exchanged for the rights to Federal timber cut by a third party in behalf of the exchange parties).

(g) Land exchanges involving National Forest System lands are authorized by a number of statutes, depending upon the status (conditions of ownership) of such lands and the purpose for which an exchange is to be made. The status of National Forest System land is determined by the method by which the land or interests therein became part of the National Forest System. Unless otherwise provided by law, lands acquired by the United States in exchanges assume the same status as the Federal lands conveyed.

(h) The Federal Land Policy and Management Act of 1976, as amended (43 U.S.C. 1701), is supplemental to all applicable exchange laws, except the cash equalization provisions of the

§ 254.2

Sisk Act of December 4, 1967, as amended (16 U.S.C. 484a).

§ 254.2 Definitions.

For the purposes of this subpart, the following terms have the meanings set forth in this section.

Acquisition means the attainment of lands or interests in lands by the Secretary, acting on behalf of the United States, by exchange, purchase, donation, or eminent domain.

Adjustment to relative values means compensation for exchange-related costs, or other responsibilities or requirements assumed by one party, which ordinarily would be borne by the other party. These adjustments do not alter the agreed upon value of the lands involved in an exchange.

Agreement to initiate means a written, nonbinding statement of present intent to initiate and pursue an exchange, which is signed by the parties and which may be amended by consent of the parties or terminated at any time upon written notice by any party.

Appraisal or appraisal report means a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion as to the market value of the lands or interests in lands as of a specific date(s), supported by the presentation and analysis of relevant market information.

Approximately equal value means a comparative estimate of value of the lands involved in an exchange which have readily apparent and substantially similar elements of value, such as location, size, use, physical characteristics, and other amenities.

Arbitration is a process to resolve a disagreement among the parties as to appraised value, performed by an arbitrator appointed by the Secretary from a list recommended by the American Arbitration Association.

Assembled land exchange means an exchange of Federal land for a package of multiple ownership parcels of non-Federal land consolidated for purposes of one land exchange transaction.

Authorized officer means a Forest Service line or staff officer who has been delegated the authority and responsibility to make decisions and per-

36 CFR Ch. II (7-1-00 Edition)

form the duties described in this subpart.

Bargaining is a process other than arbitration, by which parties attempt to resolve a dispute concerning the appraised value of the lands involved in an exchange.

Federal lands means any lands or interests in lands, such as mineral and timber interests, that are owned by the United States and administered by the Secretary of Agriculture through the Chief of the Forest Service, without regard to how the United States acquired ownership.

Hazardous substances are those substances designated under Environmental Protection Agency regulations at 40 CFR part 302.

Highest and best use means an appraiser's supported opinion of the most probable and legal use of a property, based on market evidence, as of the date of valuation.

Lands means any land and/or interests in land.

Market value means the most probable price in cash, or terms equivalent to cash, which lands or interest in lands should bring in a competitive and open market under all conditions requisite to a fair sale, where the buyer and seller each acts prudently and knowledgeably, and the price is not affected by undue influence.

Mineral laws means the mining and mineral leasing laws applicable to Federally owned lands and minerals reserved from the public domain for national forest purposes and the Geothermal Steam Act of 1970 (30 U.S.C. 1001 *et seq.*), but not the Materials Act of 1947 (30 U.S.C. 601 *et seq.*).

Outstanding interests are rights or interests in property held by an entity other than a party to an exchange.

Party means the United States or any person, State, or local government who enters into an agreement to initiate an exchange.

Person means any individual, corporation, or other legal entity legally capable to hold title to and convey land. An individual must be a citizen of the United States and a corporation must be subject to the laws of the United States or of the State where the land is located or the corporation is incorporated. No Member of Congress

may participate in a land exchange with an agency of the United States, as set forth in 18 U.S.C. 431-433.

Public land laws means that body of non-mineral land laws dealing with the disposal of National Forest System lands administered by the Secretary of Agriculture.

Reserved interest means an interest in real property retained by a party from a conveyance of the title to that property.

Resource values means any of the various commodity values or non-commodity values, such as wildlife habitat and aesthetics, contained within land interests, surface and subsurface.

Secretary means the Secretary of Agriculture or the individual to whom responsibility has been delegated.

Segregation means the removal for a limited period, subject to valid existing rights, of a specified area of the Federal lands from appropriation under the public land laws and mineral laws, pursuant to the authority of the Secretary of the Interior to allow for the orderly administration of the Federal lands.

Statement of value means a written report prepared by a qualified appraiser in conformance with the minimum standards of the Uniform Standards of Professional Appraisal Practice that states the appraiser's conclusion(s) of value.

§ 254.3 Requirements.

(a) *Discretionary nature of exchanges.* The Secretary is not required to exchange any Federal lands. Land exchanges are discretionary, voluntary real estate transactions between the Federal and non-Federal parties. Unless and until the parties enter into a binding exchange agreement, any party may withdraw from and terminate an exchange proposal at any time during the exchange process.

(b) *Determination of public interest.* The authorized officer may complete an exchange only after a determination is made that the public interest will be well served.

(1) *Factors to consider.* When considering the public interest, the authorized officer shall give full consideration to the opportunity to achieve better management of Federal lands and re-

sources, to meet the needs of State and local residents and their economies, and to secure important objectives, including but not limited to: protection of fish and wildlife habitats, cultural resources, watersheds, and wilderness and aesthetic values; enhancement of recreation opportunities and public access; consolidation of lands and/or interests in lands, such as mineral and timber interests, for more logical and efficient management and development; consolidation of split estates; expansion of communities; accommodation of existing or planned land use authorizations (§ 254.4(c)(4)); promotion of multiple-use values; implementation of applicable Forest Land and Resource Management Plans; and fulfillment of public needs.

(2) *Findings.* To determine that an exchange well serves the public interest, the authorized officer must find that—

(i) The resource values and the public objectives served by the non-Federal lands or interests to be acquired must equal or exceed the resource values and the public objectives served by the Federal lands to be conveyed, and

(ii) The intended use of the conveyed Federal land will not substantially conflict with established management objectives on adjacent Federal lands, including Indian Trust lands.

(3) *Documentation.* The findings and the supporting rationale shall be documented and made part of the administrative record.

(c) *Equal value exchanges.* Except as provided in § 254.11 of this subpart, lands or interests to be exchanged must be of equal value or equalized in accordance with the methods set forth in § 254.12 of this subpart. An exchange of lands or interests shall be based on market value as determined by the Secretary through appraisal(s), through bargaining based on appraisal(s), through other acceptable and commonly recognized methods of determining market value, or through arbitration.

(d) *Same-State exchanges.* Unless otherwise provided by statute, the Federal and non-Federal lands involved in an exchange must be located within the same State.

(e) *Congressional designations.* Upon acceptance of title by the United

States, lands acquired by the Secretary of the Interior by exchange under the authority granted by the Federal Land Policy and Management Act of 1976, as amended, which are within the boundaries of any unit of the National Forest System, the National Wild and Scenic Rivers System, the National Trails System, the National Wilderness Preservation System, or any other system established by Act of Congress; or the boundaries of any national conservation area or national recreation area established by Act of Congress, immediately are reserved for and become a part of the unit or area in which they are located, without further action by the Secretary of the Interior, and, thereafter, shall be managed in accordance with all laws, rules, regulations, and land resource management plans applicable to such unit or area.

(f) *Land and resource management planning.* The authorized officer shall consider only those exchange proposals that are consistent with land and resource management plans (36 CFR part 219). Lands acquired by exchange that are located within areas having an administrative designation established through the land management planning process shall automatically become part of the area within which they are located, without further action by the Forest Service, and shall be managed in accordance with the laws, rules, regulations, and land and resource management plan applicable to such area.

(g) *Environmental analysis.* After an agreement to initiate an exchange is signed, the authorized officer shall undertake an environmental analysis in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4371), the Council on Environmental Quality regulations (40 CFR parts 1500-1508), and Forest Service environmental policies and procedures (Forest Service Manual Chapter 1950 and Forest Service Handbook 1909.15). In making this analysis, the authorized officer shall consider timely written comments received in response to the exchange notice published pursuant to § 254.8 of this subpart.

(h) *Reservations or restrictions in the public interest.* In any exchange, the authorized officer shall reserve such

rights or retain such interests as are needed to protect the public interest or shall otherwise restrict the use of Federal lands to be exchanged, as appropriate. The use or development of lands conveyed out of Federal ownership are subject to any restrictions imposed by the conveyance documents and all laws, regulations, and zoning authorities of State and local governing bodies.

(i) *Hazardous substances.*

(1) *Federal lands.* The authorized officer shall determine whether hazardous substances are known to be present on the Federal lands involved in the exchange and shall provide notice of known storage, release, or disposal of hazardous substances on the Federal lands in the contract agreement and in the conveyance document, pursuant to 40 CFR part 373 and 42 U.S.C. 9620. For purposes of this section, the notice of hazardous substances on involved Federal lands in an agreement to initiate an exchange or an exchange agreement meets the requirements for notices established in 40 CFR part 373. Unless the non-Federal party is a potentially responsible party under 42 U.S.C. 9607(a) and participated as an owner, or in the operation, arrangement, generation, or transportation of the hazardous substances found on the Federal land, the conveyance document from the United States must contain a covenant warranting that all remedial action necessary to protect human health and the environment with respect to any such substances remaining on the property has been taken before the date of transfer and that any additional remedial action found necessary after the transfer shall be conducted by the United States, pursuant to 42 U.S.C. 9620(h)(3). The conveyance document must also reserve to the United States the right of access to the conveyed property if remedial or corrective action is required after the date of transfer. Where the non-Federal party is a potentially responsible party with respect to the property, it may be appropriate to enter into an agreement as referenced in 42 U.S.C. 9607(e) whereby that party would indemnify the United States and hold the United States harmless against any loss or cleanup costs after conveyance.

(2) *Non-Federal lands.* The non-Federal party shall notify the authorized officer of any hazardous substances known to have been released, stored, or disposed of on the non-Federal land, pursuant to §254.4 of this subpart. Notwithstanding such notice, the authorized officer shall determine whether hazardous substances are known to be present on the non-Federal land involved in an exchange. If hazardous substances are known or believed to be present on the non-Federal land, the authorized officer shall reach an agreement with the non-Federal party regarding the responsibility for appropriate response action concerning the hazardous substances before completing the exchange. The terms of this agreement and any appropriate “hold harmless agreement” shall be included in an exchange agreement, pursuant to §254.14 of this subpart.

(j) *Legal description of properties.* All lands subject to an exchange must be properly described on the basis of either a survey executed in accordance with the Public Land Survey System laws and standards of the United States or, if those laws and standards cannot be applied, the lands shall be properly described and clearly locatable by other means as may be prescribed or allowed by law.

(k) *Special review.* Except as provided in this paragraph, land acquisitions of \$150,000 or more in value made under the authority of the Weeks Act of March 1, 1911, as amended (16 U.S.C. 516), must be submitted to Congress for oversight review, pursuant to the Act of October 22, 1976, as amended (16 U.S.C. 521b). However, minor and insignificant changes in land acquisition proposals need not be resubmitted for congressional oversight, provided the general concept of and basis for the acquisition remain the same.

§254.4 Agreement to initiate an exchange.

(a) Exchanges may be proposed by the Forest Service or by any person, State, or local government. Initial exchange proposals should be directed to the authorized officer responsible for the management of Federal lands proposed for exchange.

(b) To assess the feasibility of an exchange proposal, the prospective parties may agree to obtain a preliminary estimate of the values of the lands involved in the proposal. A qualified appraiser must prepare the preliminary estimate.

(c) If the authorized officer agrees to proceed with an exchange proposal, all prospective parties shall execute a non-binding agreement to initiate an exchange. At a minimum, the agreement must include:

(1) The identity of the parties involved in the proposed exchange and the status of their ownership or ability to provide title to the land;

(2) A description of the lands or interest in lands being considered for exchange;

(3) A statement by a party, other than the United States and State and local governments, that such party is a citizen of the United States or a corporation or other legal entity subject to the laws of the United States or a State thereof;

(4) A description of the appurtenant rights proposed to be exchanged or reserved; any authorized uses, including grants, permits, easements, or leases; and any known unauthorized uses, outstanding interests, exceptions, covenants, restrictions, title defects or encumbrances;

(5) A time schedule for completing the proposed exchange;

(6) An assignment of responsibility for performance of required functions and for costs associated with processing the exchange;

(7) A statement specifying whether compensation for costs assumed will be allowed pursuant to the provisions of §254.7 of this subpart;

(8) Notice of any known release, storage, or disposal of hazardous substances on involved Federal or non-Federal lands and any commitments regarding responsibility for removal or other remedial actions concerning such substances on involved non-Federal lands (§254.3(i) and §254.14);

(9) A grant of permission by each party to physically examine the lands offered by the other party;

(10) The terms of any assembled land exchange arrangement, pursuant to §254.5 of this subpart;

§ 254.5

(11) A statement as to the arrangements for relocation of any tenants occupying non-Federal lands pursuant to §254.15 of this subpart;

(12) A notice to an owner-occupant of the voluntary basis for the acquisition of the non-Federal lands, pursuant to §254.15 of this subpart; and

(13) A statement as to the manner in which documents of conveyance will be exchanged, should the exchange proposal be successfully completed.

(d) Unless the parties agree to some other schedule, no later than 90 days from the date of the executed agreement to initiate an exchange, the parties shall arrange for appraisals which are to be completed within timeframes and under such terms as are negotiated. In the absence of current market information reliably supporting value, the parties may agree to use other acceptable and commonly recognized methods to estimate value.

(e) An agreement to initiate may be amended by consent of the parties or terminated at any time upon written notice by any party.

(f) Entering into an agreement to initiate an exchange does not legally bind any party to proceed with processing or to consummate a proposed exchange, or to reimburse or pay damages to any party to a proposed exchange that is not consummated or to anyone doing business with any such party.

(g) The withdrawal from an exchange proposal by an authorized officer at any time prior to the notice of decision, pursuant to §254.13 of this subpart, is not appealable under 36 CFR part 215 or 36 CFR part 251, subpart C.

[59 FR 10867, Mar. 8, 1994, as amended at 64 FR 25822, May 13, 1999]

§ 254.5 Assembled land exchanges.

(a) Whenever the authorized officer determines it to be practicable, an assembled land exchange arrangement may be used to facilitate exchanges and reduce costs.

(b) The parties to an exchange may agree to such an arrangement where multiple ownership parcels of non-Federal lands are consolidated into a package for the purpose of completing one exchange transaction.

36 CFR Ch. II (7-1-00 Edition)

(c) An assembled land exchange arrangement must be documented in the agreement to initiate an exchange, pursuant to §254.4 of this subpart.

(d) Value of the Federal and non-Federal lands involved in an assembled land exchange arrangement shall be estimated pursuant to §254.9 of this subpart.

[59 FR 10867, Mar. 8, 1994; 59 FR 15501, Apr. 1, 1994]

§ 254.6 Segregative effect.

(a) If a proposal is made to exchange Federal lands, the authorized officer may request the appropriate State Office of the Bureau of Management (BLM) to segregate the Federal lands by a notation on the public land records. Subject to valid existing rights, the Federal lands shall be segregated from appropriation under the public land laws and mineral laws for a period not to exceed 5 years from the date of record notation.

(b) Any interests of the United States in the non-Federal lands that are covered by the exchange proposal may be noted and segregated from appropriation under the mineral laws for a period not to exceed 5 years from the date of notation.

(c) The segregative effect terminates as follows:

(1) Automatically, upon issuance of a patent or other document of conveyance to the affected lands;

(2) On the date and time specified in an opening order, published in the FEDERAL REGISTER by the appropriate BLM State Office, if a decision is made not to proceed with the exchange or upon removal of any lands from the exchange proposal; or

(3) Automatically, at the end of the segregation period not to exceed 5 years from the date of notation on the public land records, whichever occurs first.

§ 254.7 Assumption of costs.

(a) Generally, each party to an exchange will bear their own costs of the exchange. However, if the authorized officer finds it is in the public interest as specified in paragraph (b) of this section, an agreement to initiate an exchange may provide that:

(1) One or more of the parties may assume, without compensation, all or part of the costs or other responsibilities or requirements that the authorized officer determines would ordinarily be borne by the other parties; or

(2) Subject to the limitation in paragraph (c) of this section, the parties may agree to make adjustments to the relative values involved in an exchange transaction, in order to compensate parties for assuming costs or other responsibilities or requirements that the authorized officer determines would ordinarily be borne by the other parties. These costs or services may include but are not limited to: land surveys; appraisals; mineral examinations; timber cruises; title searches; title curative actions; cultural resource surveys and mitigation; hazardous substance surveys and controls; removal of encumbrances; arbitration, including all fees; bargaining; cure of deficiencies preventing highest and best use of the land; conduct of public hearings; assemblage of non-Federal parcels from multiple ownerships; and the expenses of complying with laws, regulations, and policies applicable to exchange transactions, or which are necessary to bring the Federal and non-Federal lands involved in the exchange to their highest and best use for appraisal and exchange purposes.

(b) As a condition of an agreement to initiate, the authorized officer may agree to assume without compensation costs ordinarily borne by the non-Federal party or to compensate the non-Federal party for assuming Federal costs only on an exceptional basis when it is clearly in the public interest and when the authorized officer determines and documents that each of the following circumstances exist:

(1) The amount of such cost assumed or compensation is reasonable and accurately reflects the value of the cost or service provided, or any responsibility and requirement assumed;

(2) The proposed exchange is a high priority of the agency;

(3) The land exchange must be expedited to protect important Federal resource values, such as congressionally designated areas or endangered species habitat;

(4) Cash equalization funds are available for compensation of the non-Federal party; and

(5) There are no other practicable means available to the authorized officer for meeting Federal exchange processing costs, responsibilities, or requirements.

(c) The total amount of an adjustment agreed to as compensation for costs pursuant to this section shall not exceed the limitations set forth in § 254.12(b) of this subpart.

[59 FR 10867, Mar. 8, 1994; 59 FR 15501, Apr. 1, 1994]

§ 254.8 Notice of exchange proposal.

(a) Upon entering into an agreement to initiate an exchange, the authorized officer shall publish a notice once a week for four consecutive weeks in newspapers of general circulation in the counties in which the Federal and non-Federal lands or interests proposed for exchange are located. The authorized officer shall notify authorized users, the jurisdictional State and local governments, and the congressional delegation and shall make other distribution of the notice as appropriate. At a minimum, the notice shall include:

(1) The identity of the parties involved in the proposed exchange;

(2) A description of the Federal and non-Federal lands being considered for exchange;

(3) A statement as to the effect of segregation from appropriation under the public land laws and mineral laws, if applicable;

(4) An invitation to the public to submit in writing any comments on or concerns about the exchange proposal, including advising the agency as to any liens, encumbrances, or other claims relating to the lands being considered for exchange; and

(5) The deadline by which comments must be received, and the name, title, and address of the official to whom comments must be sent and from whom additional information may be obtained.

(b) To be assured of consideration in the environmental analysis of the proposed exchange, all comments must be made in writing to the authorized officer and postmarked or delivered within

§ 254.9

36 CFR Ch. II (7-1-00 Edition)

45 days after the initial date of publication.

(c) The authorized officer is not required to republish legal descriptions of any lands that may be excluded from the final exchange transaction, provided such lands were identified in the notice of exchange proposal. In addition, minor corrections of land descriptions and other insignificant changes do not require republication.

§ 254.9 Appraisals.

The Federal and non-Federal parties to an exchange shall comply with the appraisal standards as set forth in paragraphs (a) through (d) of this section, and, to the extent appropriate, with the Uniform Appraisal Standards for Federal Land Acquisitions: Inter-agency Land Acquisition Conference 1992 (Washington, DC, 1992), ISBN 0-16-038050-2 when appraising the values of the Federal and non-Federal lands involved in an exchange.

(a) *Appraiser qualifications.*

(1) A qualified appraiser(s) shall provide to the authorized officer appraisals estimating the market value of Federal and non-Federal properties involved in an exchange. A qualified appraiser may be an employee or a contractor to the Federal or non-Federal exchange parties. At a minimum, a qualified appraiser shall be an individual agreeable to all parties and approved by the authorized officer, who is competent, reputable, impartial, and has training and experience in appraising property similar to the property involved in the appraisal assignment.

(2) Qualified appraisers shall possess qualifications consistent with State regulatory requirements that meet the intent of Title XI, Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) (12 U.S.C. 3331). In the event a State or Territory does not have approved policies, practices, and procedures regulating the activities of appraisers, the Forest Service may establish appraiser qualification standards commensurate with those generally adopted by other States or Territories meeting the requirements of FIRREA.

(b) *Market value.*

(1) In estimating market value, the appraiser shall:

(i) Determine the highest and best use of the property to be appraised;

(ii) Estimate the value of the lands and interests as if in private ownership and available for sale in the open market;

(iii) Include historic, wildlife, recreation, wilderness, scenic, cultural, or other resource values or amenities as reflected in prices paid for similar properties in the competitive market;

(iv) Consider the contributory value of any interest in land such as water rights, minerals, or timber, to the extent they are consistent with the highest and best use of the property; and

(v) If stipulated in the agreement to initiate in accordance with § 254.4 of this subpart, estimate separately the value of each property optioned or acquired from multiple ownerships by the non-Federal party for purposes of exchange, pursuant to § 254.5 of this subpart. In this case, the appraiser also must estimate the value of the Federal and non-Federal properties in a similar manner.

(2) In estimating market value, the appraiser may not independently add the separate values of the fractional interests to be conveyed, unless market evidence indicates the following:

(i) The various interests contribute their full value (pro rata) to the value of the whole; and

(ii) The valuation is compatible with the highest and best use of the property.

(3) In the absence of current market information reliably supporting value, the authorized officer may use other acceptable and commonly recognized methods to determine market value.

(c) *Appraisal report standards.* Appraisals prepared for exchange purposes must contain the following minimum information:

(1) A summary of facts and conclusions;

(2) The purpose and/or the function of the appraisal, a definition of the estate being appraised, and a statement of the assumptions and limiting conditions affecting the appraisal assignment, if any;

(3) An explanation of the extent of the appraiser's research and actions taken to collect and confirm information relied upon in estimating value;

(4) An adequate description of the physical characteristics of the land being appraised; a statement of all encumbrances; title information; location, zoning, and present use; an analysis of highest and best use; and at least a 5-year sales history of the property;

(5) A disclosure of any condition that is observed during the inspection of the property or becomes known to the appraiser through the normal research which would lead the appraiser to believe that hazardous substances may be present on the property being appraised;

(6) A comparative market analysis and, if more than one method of valuation is used, an analysis and reconciliation of the methods used to support the appraiser's estimate of value;

(7) A description of comparable sales, including a description of all relevant physical, legal, and economic factors such as parties to the transaction, source and method of financing, effect of any favorable financing on sale price, and verification by a party involved in the transaction;

(8) An estimate of market value;

(9) The effective date of valuation, date of appraisal, signature, and certification of the appraiser;

(10) A certification by the appraiser to the following:

(i) The appraiser has personally contacted the property owner or designated representative and offered the owner an opportunity to be present during inspection of the property;

(ii) The appraiser has personally examined the subject property and all comparable sale properties relied upon in the report;

(iii) The appraiser has no present or prospective interest in the appraised property; and

(iv) The appraiser has not received compensation that was contingent on the analysis, opinions, or conclusions contained in the appraisal report; and

(11) Copies of relevant written reports, studies, or summary conclusions prepared by others in association with the appraisal assignment which were relied upon by the appraiser to estimate value, which may include, but is not limited to, current title reports,

mineral reports, or timber cruises prepared by qualified specialists.

(d) *Appraisal review.*

(1) Appraisal reports shall be reviewed by a qualified review appraiser meeting the qualifications set forth in paragraph (a) of this section. Statements of value prepared by agency appraisers are not subject to this review.

(2) The review appraiser shall determine whether the appraisal report:

(i) Is complete, logical, consistent, and supported by market analysis;

(ii) Complies with the standards prescribed in paragraph (c) of this section; and

(iii) Reasonably estimates the probable market value of the lands appraised.

(3) The review appraiser shall prepare a written review report, containing at a minimum:

(i) A description of the review process used;

(ii) An explanation of the adequacy, relevance, and reasonableness of the data and methods used by the appraiser to estimate value;

(iii) The review appraiser's conclusions regarding the appraiser's estimate of market value; and

(iv) A certification by the review appraiser to the following:

(A) The review appraiser has no present or prospective interest in the property which is the subject of the review report; and

(B) The review appraiser has not received compensation that was contingent upon approval of the appraisal report.

§ 254.10 Bargaining; arbitration.

(a) Unless the parties to an exchange agree in writing to suspend or modify the deadlines contained in paragraphs (a)(1) through (a)(4) of this section, the parties shall adhere to the following:

(1)(i) Within 180 days from the date of receipt of the appraisal(s) for review and approval by the authorized officer, the parties to an exchange may agree on the appraised values or may initiate a process of bargaining or some other process to determine values. Bargaining or any other process must be based on an objective analysis of the valuation in the appraisal report(s) and is a means of reconciling differences in

§ 254.11

36 CFR Ch. II (7-1-00 Edition)

such report(s). Bargaining or another process to determine values may involve one or more of the following actions:

(A) Submission of the disputed appraisal(s) to another qualified appraiser for review;

(B) Request for additional appraisals;

(C) Involvement of an impartial third party to facilitate resolution of the value disputes, or

(D) Use of some other acceptable and commonly recognized practice for resolving value disputes.

(ii) Any agreement based upon bargaining must be in writing and made part of the administrative record of the exchange. Such agreement must contain a reference to all relevant appraisal information and state how the parties reconciled or compromised appraisal information to arrive at an agreement based on market value.

(2) If within 180 days from the date of receipt of the appraisal(s) for review and approval by the authorized officer, the parties to an exchange cannot agree on values but wish to continue with the land exchange, the appraisal(s), at the initiative of either party, must be submitted to arbitration, unless, in lieu of arbitration, the parties have employed a process of bargaining or some other process to determine values. If arbitration occurs, it must be conducted in accordance with the real estate valuation arbitration rules of the American Arbitration Association. The Secretary or an official to whom such authority has been delegated shall appoint an arbitrator from a list provided by the American Arbitration Association.

(3) Within 30 days after completion of arbitration, the parties involved in the exchange must determine whether to proceed with the exchange, modify the exchange to reflect the findings of the arbitration or any other factors, or withdraw from the exchange. A decision to withdraw from the exchange may be made upon written notice by either party at this time or at any other time prior to entering into a binding exchange agreement.

(4) If the parties agree to proceed with an exchange after arbitration, the values established by arbitration are binding upon all parties for a period

not to exceed 2 years from the date of the arbitration decision.

(b) Arbitration is limited to the disputed valuation of the lands involved in a proposed exchange and an arbitrator's award decision is limited to the value estimate(s) of the contested appraisal(s). An arbitrator may not include in an award decision recommendations regarding the terms of a proposed exchange, nor may an arbitrator's award decision infringe upon the authority of the Secretary to make all decisions regarding management of Federal lands and to make public interest determinations.

§ 254.11 Exchanges at approximately equal value.

(a) The authorized officer may exchange lands which are of approximately equal value upon a determination that:

(1) The exchange is in the public interest and the consummation of the proposed exchange will be expedited;

(2) The value of the lands to be conveyed out of Federal ownership is not more than \$150,000 as based upon a statement of value prepared by a qualified appraiser and accepted by an authorized officer;

(3) The Federal and non-Federal lands are substantially similar in location, acreage, use, and physical attributes; and

(4) There are no significant elements of value requiring complex analysis.

(b) The authorized officer, not the non-Federal party, determines whether the Federal and non-Federal lands are approximately equal in value and must document how the determination was made.

§ 254.12 Value equalization; cash equalization waiver.

(a) To equalize the agreed upon values of the Federal and non-Federal lands involved in an exchange, either with or without adjustments of relative values as compensation for various costs, the parties to an exchange may agree to:

(1) Modify the exchange proposal by adding or excluding lands; and/or

(2) Use cash equalization, after making all reasonable efforts to equalize values by adding or deleting lands.

(b) The combined amount of any cash equalization payment and/or the amount of adjustments agreed to as compensation for costs under §254.7 of this subpart may not exceed 25 percent of the value of the Federal lands to be conveyed.

(c) The Secretary of Agriculture may not waive cash equalization payment due the United States, but the parties may agree to waive cash equalization payment due the non-Federal party. The amount to be waived may not exceed 3 percent of the value of the lands being exchanged out of Federal ownership or \$15,000, whichever is less.

(d) A cash equalization payment may be waived only after the authorized officer certifies, in writing, that the waiver will expedite the exchange and that the public interest will be best served by the waiver.

§ 254.13 Approval of exchanges; notice of decision.

(a) Upon completion of all environmental analyses and appropriate documentation, appraisals, and all other supporting studies and requirements to determine if a proposed exchange is in the public interest and in compliance with applicable law and regulations, the authorized officer shall decide whether to approve an exchange proposal.

(1) When a decision to approve or disapprove an exchange is made, the authorized officer shall publish a notice of the availability of the decision in newspapers of general circulation. At a minimum, the notice must include:

- (i) The date of decision;
- (ii) A concise description of the decision;
- (iii) The name and title of the deciding official;
- (iv) Directions for obtaining a copy of the decision; and
- (v) The date of the beginning of the appeal period.

(2) The authorized officer shall distribute notices to the State and local governmental subdivisions having authority in the geographical area within which the lands covered by the notice are located, the non-Federal exchange parties, authorized users of involved Federal lands, the congressional delegation, and individuals who requested

notification or filed written objections, and others as appropriate.

(b) For a period of 45 days after the date of publication of a notice of the availability of a decision to approve or disapprove an exchange proposal, the decision shall be subject to appeal as provided under 36 CFR part 215 or, for eligible parties, under 36 CFR part 251, subpart C.

[59 FR 10867, Mar. 8, 1994, as amended at 64 FR 25822, May 13, 1999]

§ 254.14 Exchange agreement.

(a) The parties to a proposed exchange may enter into an exchange agreement subsequent to a decision by the authorized officer to approve the exchange, pursuant to §254.13 of this subpart. Such an agreement is required if hazardous substances are present on the non-Federal lands. An exchange agreement must contain the following:

(1) Identification of the parties, description of the lands and interests to be exchanged, identification of all reserved and outstanding interests, stipulation of any necessary cash equalization, and all other terms and conditions necessary to complete an exchange;

(2) Inclusion of the terms regarding responsibility for removal, indemnification ("hold harmless" agreement), or other remedial actions concerning any hazardous substances on the involved non-Federal lands; and

(3) The agreed upon values of the involved lands, until consummation of the land exchange.

(b) An exchange agreement, as described in paragraph (a) of this section, is legally binding on all parties, subject to the terms and conditions thereof, provided:

- (1) Acceptable title can be conveyed;
- (2) No substantial loss or damage occurs to either property from any cause;
- (3) No undisclosed hazardous substances are found on the involved Federal or non-Federal lands prior to conveyance;
- (4) The exchange proposal receives any required Secretarial approval;
- (5) No objections are raised during any required congressional oversight;

§ 254.15

36 CFR Ch. II (7-1-00 Edition)

(6) In the event of an appeal under 36 CFR part 215 or 36 CFR part 251, subpart C, a decision to approve an exchange proposal pursuant to § 254.13 of this subpart is upheld; and

(7) The agreement is not terminated by mutual consent or upon such terms as may be provided in the agreement.

(c) In the event of a failure to perform or to comply with the terms of an exchange agreement, the noncomplying party is liable for all costs borne by the other party as a result of the proposed exchange, including, but not limited to, land surveys, appraisals, mineral examinations, timber cruises, title searches, title curative actions, cultural resource surveys and mitigation, hazardous substance surveys and controls, removal of encumbrances, arbitration, curing deficiencies preventing highest and best use of the land, and any other expenses incurred in processing the proposed land exchange.

(d) Absent an executed exchange agreement, an action taken by the parties prior to consummation of an exchange does not create any contractual or other binding obligations or rights enforceable against any party.

[59 FR 10867, Mar. 8, 1994; 59 FR 15501, Apr. 1, 1994, as amended at 64 FR 25822, May 13, 1999]

§ 254.15 Title standards.

(a) Title evidence.

(1) Unless otherwise specified by the USDA Office of the General Counsel, evidence of title for the non-Federal lands being conveyed to the United States must be in recordable form and in conformance with the Department of Justice regulations and "Standards for the Preparation of Title Evidence in Land Acquisitions by the United States" in effect at the time of conveyance.

(2) The United States is not required to furnish title evidence for the Federal lands being exchanged.

(b) Conveyance documents.

(1) Unless otherwise specified by the USDA Office of the General Counsel, all conveyances to the United States must be prepared, executed, and acknowledged in accordance with the Department of Justice regulations and "Standards for the Preparation of Title Evidence in Land Acquisitions by the

United States" in effect at the time of conveyance.

(2) Conveyances of lands from the United States are made by patent, quitclaim deed, or deed and without express or implied warranties, except as to hazardous substances pursuant to § 254.3 of this subpart.

(c) Title encumbrances.

(1) Non-Federal lands.

(i) Title to the non-Federal lands must be acceptable to the United States. For example, encumbrances such as taxes, judgment liens, mortgages, and other objections or title defects shall be eliminated, released, or waived in accordance with requirements of the preliminary title opinion of the USDA Office of the General Counsel or the Department of Justice, as appropriate.

(ii) The United States shall not accept lands in which there are reserved or outstanding interests that would interfere with the use and management of the land by the United States or would otherwise be inconsistent with the authority under which, or the purpose for which, the lands are to be acquired. Reserved interests of the non-Federal landowner are subject to the appropriate rules and regulations of the Secretary, except upon special finding by the Chief, Forest Service in the case of States, agencies, or political subdivisions thereof (36 CFR part 251, subpart A).

(iii) Any personal property owned by the non-Federal party which is not a part of the exchange proposal, should be removed by the non-Federal party prior to acceptance of title by the United States, unless the authorized officer and the non-Federal party to the exchange previously agree upon a specified period to remove the personal property. If the personal property is not removed prior to acceptance of title or within the otherwise prescribed time, it shall be deemed abandoned and shall become vested in the United States.

(iv) The exchange parties must reach agreement on the arrangements for the relocation of any tenants. Qualified tenants occupying non-Federal lands affected by a land exchange may be entitled to relocation benefits under 49 CFR 24.2. Unless otherwise provided by

Forest Service, USDA

§ 254.20

law or regulation (49 CFR 24.101(a)(1)), relocation benefits are not applicable to owner-occupants involved in exchanges with the United States provided the owner-occupants are notified in writing that the non-Federal lands are being acquired by the United States on a voluntary basis.

(2) *Federal lands.* If Federal lands proposed for exchange are occupied under grant, permit, easement, or non-mineral lease by a third party who is not a party to the exchange, the third party holder of such authorization and the non-Federal party to the exchange may reach agreement as to the disposition of the existing use(s) authorized under the terms of the grant, permit, easement, or lease. The non-Federal exchange party shall submit documented proof of such agreement prior to issuance of a decision to approve the land exchange, as instructed by the authorized officer. If an agreement cannot be reached, the authorized officer shall consider other alternatives to accommodate the authorized use or shall determine whether the public interest will be best served by terminating such use pursuant to 36 CFR 251.60.

§ 254.16 Case closing.

(a) *Title transfers.* Unless otherwise agreed, and notwithstanding the decision in *United States v. Schurz*, 102 U.S. 378 (1880), or any other law or ruling to the contrary, title to both the non-Federal and Federal lands pass simultaneously and are deemed accepted by the United States and the non-Federal landowner, respectively, when the documents of conveyance are recorded in the county clerk's or other local recorder's office. Before recordation, all instructions, requirements, and conditions set forth by the United States and the non-Federal landowner must be met. The minimum requirements and conditions necessary for recordation include the following, as appropriate:

(1) The determination by the authorized officer that the United States will receive possession, acceptable to it, of such lands;

(2) The issuance of title evidence as of the date of recordation which conforms to the instructions and requirements of the USDA Office of the Gen-

eral Counsel's preliminary title opinion; and

(3) Continuation searches disclosing no matters of record that would require any change in the aforementioned title evidence as issued.

(b) *Automatic segregation of lands.* Subject to valid existing rights, non-Federal lands acquired through exchange by the United States automatically are segregated from appropriation under the public land laws and mineral laws until midnight of the 90th day after acceptance of title by the United States, and the public land records must be noted accordingly. Thereafter, the lands will be open automatically to operation of the public land laws and mineral laws, except to the extent otherwise provided by law, unless action is taken pursuant to 43 CFR part 2300 to initiate a withdrawal within the 90-day period.

§ 254.17 Information requirements.

The requirements governing the preparation of an agreement to initiate in §254.4 of this subpart and an exchange agreement in §254.14 of this subpart constitute information requirements as defined by the Paperwork Reduction Act of 1980 (44 U.S.C. 3507) and have been approved for use pursuant to 5 CFR part 1320 and assigned OMB Control Number 0596-0105.

[59 FR 10867, Mar. 8, 1994; 59 FR 15501, Apr. 1, 1994]

Subpart B—National Forest Townsites

AUTHORITY: Pub. L. 85-569; 72 Stat. 438; 16 U.S.C. 478a, as amended by sec. 213, Pub. L. 94-579; 90 Stat. 2743.

SOURCE: 50 FR 29673, July 22, 1985, unless otherwise noted.

§ 254.20 Purpose and scope.

(a) A Forest Service official may, upon application, set aside and designate for townsite purposes up to 640 acres of National Forest System lands adjacent to or contiguous to an established community in Alaska, Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming.

§ 254.21

(b) National Forest System lands, needed by a community, may be sold under the Townsite Act, for fair market value if those lands would serve indigenous community objectives that outweigh the public objectives and values of retaining the lands in Federal ownership. Indigenous community objectives may include space for housing and for service industries, expansion of existing economic enterprises, new industries utilizing local resources and skills, public schools, public health facilities, community parks, and other recreation areas for local citizens, but would exclude such uses as commercial enterprises or new industries and housing projects that would change the character of the local community.

§ 254.21 Applications.

(a) An application to purchase National Forest System lands—

(1) Must be made by designated officials authorized to do business in the name of a county, city, or local governmental subdivision;

(2) May be in the form of a letter, ordinance, or resolution;

(3) Must be furnished to the District Ranger or the Forest Supervisor for the National Forest area in which the lands are situated; and

(4) Must be limited to 640 acres or less adjacent to an established community.

(b) An application must be accompanied by—

(1) A description of the land desired; and

(2) A development plan, consisting of a narrative statement and map, which gives a detailed description of the intended use of the site and how essential community needs will be met by the purchase.

§ 254.22 Designation and public notice.

(a) A Forest Service official must—

(1) Ensure the application meets the requirements of § 254.21;

(2) Process an order to set aside and designate the lands for townsite purposes; and

(3) Transmit, where applicable, a copy of the designation order to the State Director, Bureau of Land Management.

36 CFR Ch. II (7–1–00 Edition)

(b) The designation order will segregate the lands from other forms of entry as long as the application remains in force.

(c) The designation order does not preclude compatible land adjustments under the Secretary's authority within the area set aside.

(d) A Forest Service official must prepare a public notice of the proposed townsite sale to be inserted once a week for 4 consecutive weeks in a local newspaper:

(1) The notice shall include descriptive information on the proposed townsite sale and identify the applicant and responsible Forest Service official; and

(2) A period of 45 days, from first date of publication, must be provided for accepting public comments.

§ 254.23 Studies, assessments, and approval.

(a) After initial public notice has been published, a Forest Service official must conduct the necessary studies and assessments to—

(1) Determine if the applicant has made a satisfactory showing that the land will meet essential community needs resulting from internal growth;

(2) Determine if lands applied for would serve indigenous community objectives that outweigh other public objectives and values which would be served by maintaining such a tract in Federal ownership;

(3) Determine if the sale would substantially affect or impair important scenic, wildlife, environmental, historical, archeological, or cultural values;

(4) Evaluate the applicability of public comments;

(5) Identify the extent of valid existing rights and uses; and

(6) Determine if zoning ordinances, covenants, or standards are needed to protect adjacent National Forest land and to protect or mitigate valid existing rights and uses.

(b) Upon approval, the authorized Forest Service official shall take appropriate steps to have an assessment made of the fair market value of the land and process the conveyance pursuant to §§ 254.24, 254.25, and 254.26.

(c) Upon disapproval, a Forest Service official shall—

Forest Service, USDA

§ 254.31

(1) Notify the applicant in writing of the reasons the proposal is not acceptable;

(2) Inform the applicant of alternate proposals under other authorities and/or appeal rights.

§ 254.24 Conveyance.

(a) Conveyance of the approved tract(s) may be made by a single transaction or by multiple transactions spread over a period of time in accordance with a prearranged schedule.

(b) The authorized Forest Service official shall—

(1) Execute and convey title to the townsite tract(s) by quitclaim deed;

(2) Ensure deeds are free of terms and covenants, except those deemed necessary to ensure protection of adjacent National Forest System land and/or valid existing rights and uses; and

(3) Deliver executed deeds to the governmental body upon—

(i) Adoption of zoning ordinance and development plan if found necessary; and

(ii) Notice from the authorized Forest Service Fiscal Agent that payment has been received.

§ 254.25 Survey.

The authorized Forest Service official shall conduct or provide for the necessary tract survey and boundary posting of National Forest System land.

§ 254.26 Appraisal.

Fair market value of townsite tracts shall be determined following Forest Service appraisal procedures and the Uniform Standards for Federal Acquisitions.

Subpart C—Conveyance of Small Tracts

AUTHORITY: Pub. L. 97-465; 96 Stat. 2535.

SOURCE: 49 FR 1185, Jan. 10, 1984, unless otherwise noted.

§ 254.30 Purpose.

These regulations set forth procedures by which the Secretary of Agriculture may resolve land disputes and management problems pursuant to Pub. L. 97-465, commonly called the

Small Tracts Act, by conveying, through sale, exchange, or interchange, three categories of tracts of land: Parcels encroached on, road rights-of-way, and mineral survey fractions. Implementation of these regulations does not constitute authorization of nor consent to adverse possession against lands administered by the Secretary of Agriculture.

§ 254.31 Definitions.

For the purpose of this subpart,

An *applicant* is a person who occupies or has improvements on National Forest System land under claim of title or color of title, or who owns land abutting or underlying a road right-of-way, or who owns land interspersed with or adjacent to mineral survey fractions.

Approximately equal value is a comparative estimate of value of lands involved in an interchange where elements of value, such as physical characteristics and other amenities, are readily apparent and substantially similar.

Claim of title is a claim of land as a person's own, based on any reasonable evidence which establishes the person's actual use of the land as though the person had full title thereto from the time the person obtained ownership of abutting land.

Color of title arises from an instrument purporting to convey title to a tract of land.

Encroachments are improvements occupied or used on National Forest System land under claim of title or color of title.

Exchange is a discretionary, voluntary transaction involving mutual transfers of land or interests in land between the Secretary of Agriculture acting by and through the Forest Service and a nonfederal entity.

Good faith is honesty of intention and freedom from knowledge of circumstances which ought to put a prudent person upon inquiry.

Improvements mean an addition to property costing labor or capital which affects its value. The term generally includes fixtures, structures and attendant facilities, or buildings.

Interchange is a land transfer in which the Secretary and another person exchange lands or interests in

§ 254.32

lands of approximately equal value without a formal appraisal.

Mineral survey fractions are small parcels of National Forest System lands interspersed with or adjacent to lands transferred out of Federal ownership under the mining laws.

Person includes any nonfederal entity such as a State or any political subdivision as well as any individual or business entity.

Secretary refers to the Secretary of the United States Department of Agriculture.

§ 254.32 Encroachments.

(a) Conveyances under this subpart are limited to tracts of 10 acres or less to resolve encroachments by persons:

(1) To whom no advance notice was given that the improvements encroached or would encroach, and

(2) Who in good faith relied on an erroneous survey, title search, or other land description which did not reveal such encroachment.

(b) Forest Service officials shall consider the following factors when determining whether to convey lands upon which encroachments exist:

(1) The location of the property boundaries based on historical location and continued acceptance and maintenance,

(2) Factual evidence of claim of title or color of title,

(3) Notice given to persons encroaching on National Forest System lands,

(4) Degree of development in the encroached upon area, and

(5) Creation of an uneconomic remnant.

§ 254.33 Road rights-of-way.

(a) Reserved or acquired road right-of-way parcels subject to conveyance under this subpart are limited to those which are substantially surrounded by lands not owned by the United States.

(b) Forest Service officials shall consider public road system right-of-way needs based on National Forest transportation planning and State and local law before making any conveyance of rights-of-way.

(c) Reimbursement will be required for the value of any improvements made by the United States or other

36 CFR Ch. II (7-1-00 Edition)

highway authorities, unless waived by the Chief of the Forest Service.

§ 254.34 Mineral survey fractions.

(a) Mineral survey fractions subject to conveyance under this subpart are limited to those tracts which:

(1) Cannot be efficiently administered because of size, shape, or location;

(2) Are occupied or could be occupied or used by adjoining owners; and

(3) When sold separately or aggregated in one transaction, do not exceed 40 acres.

(b) Forest Service officials shall consider the following criteria in determining whether to convey mineral survey fractions under this subpart:

(1) The mineral survey fractions are interspersed among and are more or less an integral part of private land holdings;

(2) The feasibility and cost of surveying the parcels in order to manage them effectively;

(3) The size, shape, and location of the parcels as they affect management, utility, access, occupancy or use of the parcels or the lands with which they are interspersed.

§ 254.35 Limitations.

(a) Lands within the National Wilderness Preservation System, the National Wild and Scenic Rivers System, the National Trails System, and National Monuments are excluded from any conveyance under these provisions.

(b) Lands within National Recreation Areas may not be conveyed by sale under this subpart.

(c) The value of Federal lands conveyed in any transaction, pursuant to this subpart, shall not exceed \$150,000.

(d) Compensation for lands conveyed shall be of at least equal value, or in the case of interchange, of approximately equal value, and may be in the form of land, interest in land (including minerals), or cash, or any combination thereof.

(e) The sale, exchange, or interchange of lands or interest in lands under these rules are discretionary and shall be made only if found to be in the public interest.

(f) The abutting landowner(s) shall have the first right of acquisition.

Forest Service, USDA

§ 254.43

(g) The area of land conveyed shall be limited to the minimum necessary to resolve encroachment or land management problems.

[49 FR 1185, Jan. 10, 1984; 49 FR 2762, Jan. 23, 1984]

§ 254.36 Determining public interest.

(a) The requirements of § 254.35 and of one of § 254.32, § 254.33, or § 254.34 must be met before a determination of public interest can be made.

(b) Before a conveyance is made under this subpart, such conveyance must be determined to be in the public interest.

(c) Forest Service officials shall consider the following criteria in determining when the public interest will be served:

(1) Sale, exchange, or interchange of the affected lands is not practicable under any other authority of the Secretary;

(2) Administration and management of National Forest System lands will be more efficient and will result in improved utilization;

(3) Access to and use and enjoyment of National Forest System lands by the general public will not be unduly impeded or restricted;

(4) New or extensive inholdings which would create management problems will not be established;

(5) Scenic, wildlife, environmental, historical, archaeological, or cultural values will not be substantially affected or impaired;

(6) Existence of structures authorized under a special use permit or easement, and

(7) Applicable Federal, State, and local laws, rules, regulations, and zoning ordinances will not be violated.

§§ 254.37—254.39 [Reserved]

§ 254.40 Applications.

(a) A request for conveyance of National Forest System land must be made in writing to the District Ranger or the Forest Supervisor who has administrative jurisdiction over the land.

(b) The applicant shall bear all reasonable costs of administration, survey, and appraisal incidental to the conveyance.

(c) Costs incidental to the conveyance may be waived at the discretion of the Chief of the Forest Service.

§ 254.41 Public sale or exchange in absence of application.

(a) Mineral survey fractions or road rights-of-way which have not been applied for by an abutting landowner may be offered to the public for sale or exchange at not less than fair market value.

(b) Public notice of a proposed sale of land for which there is no applicant shall be published once a week for four consecutive weeks in a local newspaper prior to the date of sale.

(c) The public notice shall describe the lands to be sold, minimum acceptable price, conditions of sale, sealed or oral bid procedures, date and location of sale.

§ 254.42 Valuation of tracts.

(a) Approximately equal value shall be determined by comparing and evaluating the elements of value on the lands or interest in lands to be interchanged. Elements of value to be considered include size, shape, location, physical attributes, functional utility, proximity of other similar sites, and amenities in the immediate environs of the parcel. Findings that tracts are approximately equal in value shall be documented. An applicant must signify acceptance of the value determination by signing the documented findings prior to the interchange.

(b) Equal value in sale or exchange transactions shall be developed by recognized appraisal methods following Forest Service appraisal procedures and the Uniform Appraisal Standards for Federal Land Acquisition. The date of the value estimate will be current with the date of sale or exchange.

(c) Improvements to National Forest System land made by any persons other than the Government may be excluded from the property value determinations.

§ 254.43 Surveys.

All necessary tract surveys of National Forest System land shall be conducted by a licensed private surveyor under Forest Service instructions, contracted by the person applying for the

§ 254.44

conveyance, or by a Forest Service surveyor. The person will also be required to have all Federal property boundaries resulting from a conveyance marked and posted to Forest Service standards.

§ 254.44 Document of conveyance.

(a) Title to the United States may be conveyed by quitclaim or warranty deed. The United States will convey title only by quitclaim deed.

(b) Deeds shall be free of terms, conditions, and covenants except those deemed necessary to ensure protection of the public interest.

(c) A copy of all documents of conveyance will be transmitted after recording, where applicable, to the appropriate State Office of the Bureau of Land Management.

PART 261—PROHIBITIONS

Subpart A—General Prohibitions

- Sec.
- 261.1 Scope.
- 261.1a Special use authorizations, contracts and operating plans.
- 261.1b Penalty.
- 261.2 Definitions.
- 261.3 Interfering with a Forest Officer, volunteer, or human resource program enrollee or giving false report to a Forest Officer.
- 261.4 Disorderly conduct.
- 261.5 Fire.
- 261.6 Timber and other forest products.
- 261.7 Livestock.
- 261.8 Fish and wildlife.
- 261.9 Property.
- 261.10 Occupancy and use.
- 261.11 Sanitation.
- 261.12 Forest development roads and trails.
- 261.13 Use of vehicles off roads.
- 261.14 Developed recreation sites.
- 261.15 Admission, recreation use and special recreation permit fees.
- 261.16 National Forest Wilderness.
- 261.17 Boundary Waters Canoe Area Wilderness.
- 261.18 Pacific Crest National Scenic Trail.
- 261.19 National Forest primitive areas.
- 261.20 Unauthorized use of "Smokey Bear" and "Woodsy Owl!" symbol.
- 261.21 Wild free-roaming horses and burros.

Subpart B—Prohibitions in Areas Designated by Order

- 261.50 Orders.
- 261.51 Posting.
- 261.52 Fire.
- 261.53 Special closures.

36 CFR Ch. II (7–1–00 Edition)

- 261.54 Forest development roads.
- 261.55 Forest development trails.
- 261.56 Use of vehicles off forest development roads.
- 261.57 National Forest wilderness.
- 261.58 Occupancy and use.

Subpart C—Prohibitions in Regions

- 261.70 Issuance of regulations.
- 261.71 Regulations applicable to Region 1, Northern Region, as defined in §200.2. [Reserved]
- 261.72 Regulations applicable to Region 2, Rocky Mountain Region, as defined in §200.2. [Reserved]
- 261.73 Regulations applicable to Region 3, Southwestern Region, as defined in §200.2. [Reserved]
- 261.74 Regulations applicable to Region 4, Intermountain Region, as defined in §200.2. [Reserved]
- 261.75 Regulations applicable to Region 5, California Region, as defined in §200.2.
- 261.76 Regulations applicable to Region 6, Pacific Northwest Region, as defined in §200.2. [Reserved]
- 261.77 Prohibitions in Region 8, Southern Region.
- 261.78 Prohibitions applicable to Region 9, Eastern Region, as defined in §200.2.
- 261.79 Regulations applicable to Region 10, Alaska Region, as defined in §200.2. [Reserved]

AUTHORITY: 16 U.S.C. 551; 16 U.S.C. 472; 7 U.S.C. 1011(f); 16 U.S.C. 1246(i); 16 U.S.C. 1133(C)-(d)(1); 16 U.S.C. 620(f).

SOURCE: 42 FR 2957, Jan. 14, 1977, unless otherwise noted.

Subpart A—General Prohibitions

§ 261.1 Scope.

(a) The prohibitions in this part apply, except as otherwise provided, when:

(1) An act or omission occurs in the National Forest System or on a Forest development road or trail.

(2) An act or omission affects, threatens, or endangers property of the United States administered by the Forest Service.

(3) An act or omission affects, threatens, or endangers a person using, or engaged in the protection, improvement or administration of the National Forest System or a Forest development road or trail.

(4) An act or omission occurs within the designated boundaries of a component of the National Wild and Scenic Rivers System.

Forest Service, USDA

§ 261.2

(b) Nothing in this part shall preclude activities as authorized by the Wilderness Act of 1964 or the U.S. Mining Laws Act of 1872 as amended.

[42 FR 35958, July 13, 1977, as amended at 43 FR 32136, July 25, 1978; 46 FR 33519, June 30, 1981]

§ 261.1a Special use authorizations, contracts and operating plans.

The Chief, each Regional Forester, each Forest Supervisor, and each District Ranger or equivalent officer may issue special-use authorizations, award contracts, or approve operating plans authorizing the occupancy or use of a road, trail, area, river, lake, or other part of the National Forest System in accordance with authority which is delegated elsewhere in this chapter or in the Forest Service Manual. These Forest Officers may permit in the authorizing document or approved plan an act or omission that would otherwise be a violation of a subpart A or subpart C regulation or a subpart B order. In authorizing such uses, the Forest Officer may place such conditions on the authorization as that officer considers necessary for the protection or administration of the National Forest System, or for the promotion of public health, safety, or welfare.

[49 FR 25450, June 21, 1984]

§ 261.1b Penalty.

Any violation of the prohibitions of this part (261) shall be punished by a fine of not more than \$500 or imprisonment for not more than six months or both pursuant to title 16 U.S.C., section 551, unless otherwise provided.

[46 FR 33519, June 30, 1981]

§ 261.2 Definitions.

The following definitions apply to this part:

Archaeological resource means any material remains of prehistoric or historic human life or activities which are of archaeological interest and are at least 50 years of age, and the physical site, location, or context in which they are found.

Campfire means a fire, not within any building, mobile home or living accommodation mounted on a motor vehicle, which is used for cooking, personal

warmth, lighting, ceremonial, or esthetic purposes. *Fire* includes campfire.

Camping means the temporary use of National Forest System lands for the purpose of overnight occupancy without a permanently-fixed structure.

Camping equipment means the personal property used in or suitable for camping, and includes any vehicle used for transportation and all equipment in possession of a person camping. Food and beverage are not considered camping equipment.

Cave means any naturally occurring void, cavity, recess, or system of interconnected passages beneath the surface of the earth or within a cliff or ledge and which is large enough to permit a person to enter, whether the entrance is excavated or naturally formed. Such term shall include any natural pit, sinkhole, or other opening which is an extensive of a cave entrance or which is an integral part of the cave.

Cave resources mean any materials or substances occurring in caves including, but not limited to, biotic, cultural, mineralogic, paleontologic, geologic, and hydrologic resources.

Commercial use or activity— any use or activity on National Forest System lands (a) where an entry or participation fee is charged, or (b) where the primary purpose is the sale of a good or service, and in either case, regardless of whether the use or activity is intended to produce a profit.

Damaging means to injure, mutilate, deface, destroy, cut, chop, girdle, dig, excavate, kill or in any way harm or disturb.

Developed recreation site means an area which has been improved or developed for recreation.

Distribution of printed material— disseminating, posting, affixing, or erecting printed material as defined in this section.

Forest development road means a road wholly or partly within or adjacent to and serving a part of the National Forest System and which has been included in the Forest Development Road System Plan.

Forest development trail means a trail wholly or partly within or adjacent to

§261.2

36 CFR Ch. II (7-1-00 Edition)

and serving a part of the National Forest System and which has been included in the Forest Development Trail System Plan.

Forest officer means an employee of the Forest Service.

Historical resource means any structural, architectural, archaeological, artifactual or other material remains of past human life or activities which are of historical interest and are at least 50 years of age, and the physical site, location, or context in which they are found.

Motorized equipment means any machine activated by a nonliving power source except small battery-powered handcarried devices such as flashlights, shavers, Geiger counters, and cameras.

Motor vehicle means any vehicle which is self-propelled or any vehicle which is propelled by electric power obtained from batteries, but not operated on rails.

National Forest System includes all national forest lands and waters reserved or withdrawn from the public domain of the United States, national forest lands and waters acquired through purchase, exchange, donation, or other means, national grasslands and land utilization projects and waters administered under title III of the Bankhead-Jones Farm Tenant Act (50 Stat. 525, 7 U.S.C. 1010-1012), and other lands, waters, or interests therein acquired under the Wild and Scenic River Act (16 U.S.C. 1271-1287) or National Trails System Act (16 U.S.C. 1241-1249).

National Forest wilderness means those parts of the National Forest System which were designated units of the National Wilderness Preservation System by the Wilderness Act of September 3, 1964, and such other areas of the National Forest System as are added to the wilderness system by act of Congress.

Operating plan means a plan of operations as provided for in 36 CFR part 228, subpart A, and a surface use plan of operations as provided for in 36 CFR part 228, subpart E.

Paleontological resource means any evidence of fossilized remains of multicellular invertebrate and vertebrate animals and multicellular plants, including imprints thereof. Organic remains primarily collected for use as

fuel such as coal and oil are Paleontological Resources, but are excluded from the prohibitions under the rule.

Person means natural person, corporation, company, partnership, trust, firm, or association of persons.

Permission means oral authorization by a forest officer.

Permit means authorization in writing by a forest officer.

Prehistoric resource means any structural, architectural, archaeological, artifactual or other material remains of past human life or activity generally prior to the advent of written records and of anthropological interest, and the physical site, location, or context in which they are found.

Primitive areas are those areas within the National Forest System classified as *Primitive* on the effective date of the Wilderness Act, September 3, 1964.

Printed material—any written and/or graphic material including but not limited to pamphlets, brochures, photographs, graphics, signs, and posters.

Publicly nude means nude in any place where a person may be observed by another person. Any person is nude if the person has failed to cover the rectal area, pubic area or genitals. A female person is also nude if she has failed to cover both breasts below a point immediately above the top of the areola. Each such covering must be fully opaque. No person under the age of 10 years shall be considered publicly nude.

Special-use authorization means a permit, term permit, lease or easement which allows occupancy, or use rights or privileges of National Forest System land.

State means any State, the Commonwealth of Puerto Rico, and the District of Columbia.

State law means the law of any State in whose exterior boundaries an act or omission occurs regardless of whether State law is otherwise applicable.

Stove fire means a campfire built inside an enclosed stove or grill, a portable brazier, or a pressurized liquid or gas stove, including a space-heating device.

Unauthorized livestock means any cattle, sheep, goat, hog, or equine not defined as a wild free-roaming horse or burro by §222.20(b)(13), which is not

Forest Service, USDA

§ 261.5

authorized by permit to be upon the land on which the livestock is located and which is not related to use authorized by a grazing permit; provided, that noncommercial pack and saddle stock used by recreationists, travelers, other Forest visitors for occasional trips, as well as livestock to be trailed over an established driveway when there is no overnight stop on Forest Service administered land do not fall under this definition.

Vehicle means any device in, upon, or by which any person or property is or may be transported, including any frame, chassis, or body of any motor vehicle, except devices used exclusively upon stationary rails or tracks.

Volunteer or hosted enrollee means any person, not a Forest Service employee, officially participating in a Forest Service human resource program as authorized by an act of Congress and identified to accomplish one or more of the following objectives: provide skills training; education; useful work; develop understanding of ecological systems and conservation of natural resources; build cultural and communication bridges between various socioeconomic groups; and further the administration, development, and management of National Forest resources, forest research, and State and Private Forest activities.

Wild free-roaming horses and burros mean all unbranded and unclaimed horses and burros and their progeny that have used lands of the National Forest System on or after December 15, 1971, or do hereafter use these lands as all or part of their habitat, but does not include any horse or burro introduced onto National Forest System lands on or after December 15, 1971, by accident, negligence, or willful disregard of private ownership. Unbranded, claimed horses and burros, where the claim is found to be erroneous, are also considered as wild and free-roaming if they meet the criteria above.

[42 FR 2957, Jan. 14, 1977, as amended at 42 FR 35959, July 13, 1977; 46 FR 33519, June 30, 1981; 47 FR 29230, July 6, 1982; 49 FR 25450, June 24, 1984; 51 FR 1250, Jan. 10, 1986; 55 FR 10452, Mar. 21, 1990; 59 FR 31152, June 17, 1994; 60 FR 45295, Aug. 30, 1995]

§ 261.3 Interfering with a Forest officer, volunteer, or human resource program enrollee or giving false report to a Forest officer.

The following are prohibited:

(a) Threatening, resisting, intimidating, or interfering with any forest officer engaged in or on account of the performance of his official duties in the protection, improvement, or administration of the National Forest System is prohibited.

(b) Giving any false, fictitious or fraudulent report or other information to any Forest Officer engaged in or on account of the performance of his official duties knowing that such report or other information contains false, fictitious or fraudulent statement or entry.

(c) Threatening, intimidating, or intentionally interfering with any Forest officer, volunteer, or human resource program enrollee while engaged in, or on account of, the performance of duties for the protection, improvement, or administration of the National Forest System or other duties assigned by the Forest Service.

[42 FR 2957, Jan. 14, 1977, as amended at 46 FR 33520, June 30, 1981; 49 FR 25450, June 21, 1984]

§ 261.4 Disorderly conduct.

The following are prohibited:

(a) Engaging in fighting.

(b) Addressing any offensive, derisive, or annoying communication to any other person who is lawfully present when such communication has a direct tendency to cause acts of violence by the person to whom, individually, the remark is addressed.

(c) Make statements or other actions directed toward inciting or producing imminent lawless action and likely to incite or produce such action.

(d) Causing public inconvenience, annoyance, or alarm by making unreasonably loud noise.

[46 FR 33520, June 30, 1981]

§ 261.5 Fire.

The following are prohibited:

(a) Carelessly or negligently throwing or placing any ignited substance or other substance that may cause a fire.

(b) Firing any tracer bullet or incendiary ammunition.

§ 261.6

(c) Causing timber, trees, slash, brush or grass to burn except as authorized by permit.

(d) Leaving a fire without completely extinguishing it.

(e) Allowing a fire to escape from control.

(f) Building, attending, maintaining, or using a campfire without removing all flammable material from around the campfire adequate to prevent its escape.

[42 FR 2957, Jan. 14, 1977, as amended at 46 FR 33520, June 30, 1981]

§ 261.6 Timber and other forest products.

The following are prohibited:

(a) Cutting or otherwise damaging any timber, tree, or other forest product, except as authorized by a special-use authorization, timber sale contract, or Federal law or regulation.

(b) Cutting any standing tree, under permit or timber sale contract, before a Forest Officer has marked it or has otherwise designated it for cutting.

(c) Removing any timber or other forest product cut under permit or timber sale contract, except to a place designated for scaling, or removing it from that place before it is scaled, measured, counted, or otherwise accounted for by a forest officer.

(d) Stamping, marking with paint, or otherwise identifying any tree or other forest product in a manner similar to that employed by forest officers to mark or designate a tree or any other forest product for cutting or removal.

(e) Loading, removing or hauling timber or other forest product acquired under any permit or timber sale contract unless such product is identified as required in such permit or contract.

(f) Selling or exchanging any timber or other forest product obtained under free use pursuant to §§ 223.5 through 223.11.

(g) Violating any timber export or substitution restriction in §§ 223.160 through 223.164.

(h) Removing any timber, tree or other forest product, except as authorized by a special-use authorization, timber sale contract, or Federal law or regulation.

(i) Violating the Forest Resources Conservation and Shortage Relief Act

36 CFR Ch. II (7-1-00 Edition)

of 1990 (16 U.S.C. 620, *et seq.*), or its implementing regulations at 36 CFR 223.185-223.203.

[42 FR 2957, Jan. 14, 1977; 42 FR 24739, May 16, 1977, as amended at 49 FR 25450, June 21, 1984; 51 FR 1250, Jan. 10, 1986; 60 FR 46934, Sept. 8, 1995]

§ 261.7 Livestock.

The following are prohibited:

(a) Placing or allowing unauthorized livestock to enter or be in the National Forest System or other lands under Forest Service control.

(b) Not removing unauthorized livestock from the National Forest System or other lands under Forest Service control when requested by a forest officer.

(c) Failing to reclose any gate or other entry.

(d) Molesting, injuring, removing, or releasing any livestock impounded under § 262.10 while in the custody of the Forest Service or its authorized agents.

[42 FR 35959, July 13, 1977, as amended at 51 FR 1251, Jan. 10, 1986]

§ 261.8 Fish and wildlife.

The following are prohibited to the extent Federal or State law is violated:

(a) Hunting, trapping, fishing, catching, molesting, killing or having in possession any kind of wild animal, bird, or fish, or taking the eggs of any such bird.

(b) Possessing a firearm or other implement designed to discharge a missile capable of destroying animal life.

(c) Possessing equipment which could be used for hunting, fishing, or trapping.

(d) Possessing a dog not on a leash or otherwise confined.

(e) Curtail the free movement of any animal or plant life into or out of a cave, except as authorized to protect a cave resource.

[42 FR 2957, Jan. 14, 1977, as amended at 46 FR 33520, June 30, 1981; 59 FR 31152, June 17, 1994]

§ 261.9 Property.

The following are prohibited:

(a) Damaging any natural feature or other property of the United States.

Forest Service, USDA

§ 261.10

(b) Removing any natural feature or other property of the United States.

(c) Damaging any plant that is classified as a threatened, endangered, sensitive, rare, or unique species.

(d) Removing any plant that is classified as a threatened, endangered, sensitive, rare, or unique species.

(e) Entering any building, structure, or enclosed area owned or controlled by the United States when such building, structure, or enclosed area is not open to the public.

(f) Using any pesticide except for personal use as an insect repellent or as provided by special-use authorization for other minor uses.

(g) Digging in, excavating, disturbing, injuring, destroying, or in any way damaging any prehistoric, historic, or archaeological resource, structure, site, artifact, or property.

(h) Removing any prehistoric, historic, or archaeological resource, structure, site, artifact, property.

(i) Excavating, damaging, or removing any vertebrate fossil or removing any paleontological resource for commercial purposes without a special use authorization.

(j) Excavating, damaging, or removing any cave resource from a cave without a special use authorization, or removing any cave resource for commercial purposes.

[46 FR 33520, June 30, 1981, as amended at 49 FR 25450, June 21, 1984; 51 FR 30356, Aug. 26, 1986; 59 FR 31152, June 17, 1994]

§ 261.10 Occupancy and use.

The following are prohibited:

(a) Constructing, placing, or maintaining any kind of road, trail, structure, fence, enclosure, communication equipment, or other improvement on National Forest system land or facilities without a special-use authorization, contract, or approved operating plan.

(b) Taking possession of, occupying, or otherwise using National Forest System lands for residential purposes without a special-use authorization, or as otherwise authorized by Federal law or regulation.

(c) Selling or offering for sale any merchandise or conducting any kind of work activity or service unless author-

ized by Federal law, regulation, or special-use authorization.

(d) Discharging a firearm or any other implement capable of taking human life, causing injury, or damaging property as follows:

(1) In or within 150 yards of a residence, building, campsite, developed recreation site or occupied area, or

(2) Across or on a Forest Development road or a body of water adjacent thereto, or in any manner or place whereby any person or property is exposed to injury or damage as a result in such discharge.

(3) Into or within any cave.

(e) Abandoning any personal property.

(f) Placing a vehicle or other object in such a manner that it is an impediment or hazard to the safety or convenience of any person.

(g) Commercial distribution of printed material without a special use authorization.

(h) When commercially distributing printed material, delaying, halting, or preventing administrative use of an area by the Forest Service or other scheduled or existing uses or activities on National Forest System lands; misrepresenting the purposes or affiliations of those selling or distributing the material; or misrepresenting the availability of the material without cost.

(i) Operating or using in or near a campsite, developed recreation site, or over an adjacent body of water without a permit, any device which produces noise, such as a radio, television, musical instrument, motor or engine in such a manner and at such a time so as to unreasonably disturb any person.

(j) Operating or using a public address system, whether fixed, portable or vehicle mounted, in or near a campsite or developed recreation site or over an adjacent body of water without a special-use authorization.

(k) Use or occupancy of National Forest System land or facilities without special-use authorization when such authorization is required.

(l) Violating any term or condition of a special-use authorization, contract or approved operating plan.

(m) Failing to stop a vehicle when directed to do so by a Forest Officer.

§261.11

(n) Failing to pay any special use fee or other charges as required.

(o) Discharging or igniting a firecracker, rocket or other firework, or explosive into or within any cave.

[42 FR 2957, Jan. 14, 1977, as amended at 46 FR 33520, June 30, 1981; 49 FR 25450, June 21, 1984; 53 FR 16550, May 10, 1988; 59 FR 31152, June 17, 1994; 60 FR 45295, Aug. 30, 1995]

§261.11 Sanitation.

The following are prohibited:

(a) Depositing in any toilet, toilet vault, or plumbing fixture any substance which could damage or interfere with the operation or maintenance of the fixture.

(b) Possessing or leaving refuse, debris, or litter in an exposed or unsanitary condition.

(c) Placing in or near a stream, lake, or other water any substance which does or may pollute a stream, lake, or other water.

(d) Failing to dispose of all garbage, including any paper, can, bottle, sewage, waste water or material, or rubbish either by removal from the site or area, or by depositing it into receptacles or at places provided for such purposes.

(e) Dumping of any refuse, debris, trash or litter brought as such from private property or from land occupied under permit, except, where a container, dump or similar facility has been provided and is identified as such, to receive trash generated from private lands or lands occupied under permit.

[42 FR 2957, Jan. 14, 1977, as amended at 46 FR 33520, June 30, 1981]

§261.12 Forest development roads and trails.

The following are prohibited:

(a) Violating the load, weight, height, length, or width limitations prescribed by State law except by special-use authorization or written agreement or by order issued under §261.54 of this Chapter.

(b) Failing to have a vehicle weighed at a Forest Service weighing station, if required by a sign.

(c) Damaging and leaving in a damaged condition any such road, trail, or segment thereof.

36 CFR Ch. II (7-1-00 Edition)

(d) Blocking, restricting, or otherwise interfering with the use of a road, trail, or gate.

[42 FR 2957, Jan. 14, 1977, as amended at 46 FR 33520, June 30, 1981; 49 FR 25450, June 21, 1984; 55 FR 25832, June 25, 1990]

§261.13 Use of vehicles off roads.

It is prohibited to operate any vehicle off Forest Development, State or County roads:

(a) Without a valid license as required by State law.

(b) Without an operable braking system.

(c) From one-half hour after sunset to one-half hour before sunrise unless equipped with working head and tail lights.

(d) In violation of any applicable noise emission standard established by any Federal or State agency.

(e) While under the influence of alcohol or other drug;

(f) Creating excessive or unusual smoke;

(g) Carelessly, recklessly, or without regard for the safety of any person, or in a manner that endangers, or is likely to endanger, any person or property.

(h) In a manner which damages or unreasonably disturbs the land, wildlife, or vegetative resources.

(i) In violation of State law established for vehicles used off roads.

[42 FR 2957, Jan. 14, 1977, as amended at 42 FR 35959, July 13, 1977]

§261.14 Developed recreation sites.

The following are prohibited:

(a) Occupying any portion of the site for other than recreation purposes.

(b) Building, attending, maintaining, or using a fire outside of a fire ring provided by the Forest Service for such purpose or outside of a stove, grill or fireplace.

(c) Cleaning or washing any personal property, fish, animal, or food, or bathing or washing at a hydrant or water faucet not provided for that purpose.

(d) Discharging or igniting a firecracker, rocket or other firework, or explosive.

(e) Occupying between 10 p.m. and 6 a.m. a place designated for day use only.

Forest Service, USDA

§ 261.19

(f) Failing to remove all camping equipment or personal property when vacating the area or site.

(g) Placing, maintaining, or using camping equipment except in a place specifically designated or provided for such equipment.

(h) Without permission, failing to have at least one person occupy a camping area during the first night after camping equipment has been set up.

(i) Leaving camping equipment unattended for more than 24 hours without permission.

(j) Bringing in or possessing an animal, other than a seeing eye dog, unless it is crated, caged, or upon a leash not longer than six feet, or otherwise under physical restrictive control.

(k) Bringing in or possessing in a swimming area an animal, other than a seeing eye dog.

(l) Bringing in or possessing a saddle, pack, or draft animal except as authorized by posted instructions.

(m) Operating or parking a motor vehicle or trailer except in places developed or designated for this purpose.

(n) Operating a bicycle, motorbike, or motorcycle on a trail unless designated for this use.

(o) Operating a motorbike, motorcycle, or other motor vehicle for any purpose other than entering or leaving the site.

(p) Depositing any body waste except into receptacles provided for that purpose.

[42 FR 2957, Jan. 14, 1977, as amended at 46 FR 33520, June 30, 1981; 49 FR 25450, June 21, 1984; 60 FR 45295, Aug. 30, 1995]

§ 261.15 Admission, recreation use and special recreation permit fees.

Failing to pay any fee established for admission or entrance to or use of a site, facility, equipment or service furnished by the United States is prohibited. The maximum fine shall not exceed \$100.

(Sec. 2, 78 Stat. 897, as amended; 16 U.S.C. 4601-6(e))

[46 FR 33520, June 30, 1981]

§ 261.16 National Forest Wilderness.

The following are prohibited in a National Forest Wilderness:

(a) Possessing or using a motor vehicle, motorboat or motorized equipment except as authorized by Federal Law or regulation.

(b) Possessing or using a hang glider or bicycle.

(c) Landing of aircraft, or dropping or picking up of any material, supplies, or person by means of aircraft, including a helicopter.

[42 FR 2957, Jan. 14, 1977, as amended at 42 FR 35959, July 13, 1977; 50 FR 16231, Apr. 25, 1985]

§ 261.17 Boundary Waters Canoe Area Wilderness.

The following are prohibited in the Boundary Waters Canoe Area Wilderness:

(a) Possessing or transporting any motor or other mechanical device capable of propelling a watercraft through water by any means, except by permit or as specifically authorized by Federal law or regulation.

(b) Transporting, using, or mooring amphibious craft of any type or any watercraft designed for or used as floating living quarters.

(c) Using wheels, rollers, or other mechanical devices for the overland transportation of any watercraft, except by special-use authorization, or as authorized by Federal law or regulation.

[42 FR 2957, Jan. 14, 1977; 42 FR 24739, May 16, 1977, as amended at 49 FR 25450, June 21, 1984; 50 FR 16231, Apr. 25, 1985]

§ 261.18 Pacific Crest National Scenic Trail.

It is prohibited to use a motorized vehicle on the Pacific Crest National Scenic Trail without a special-use authorization.

[49 FR 25450, June 21, 1984]

§ 261.19 National Forest primitive areas.

The following are prohibited in any area classified as a National Forest Primitive Area on September 3, 1964:

(a) Landing of aircraft or using a motor boat, unless such use had become well established before September 3, 1964.

(b) Possessing or using a motor or motorized equipment, except small battery powered, hand-held devices,

§ 261.20

such as cameras, shavers, flashlights, and Geiger-counters.

[42 FR 35959, July 13, 1977]

§ 261.20 Unauthorized use of "Smokey Bear" and "Woodsy Owl" symbol.

(a) Manufacture, importation, reproduction, or use of "Smokey Bear" except as provided under §§ 271.2, 271.3, or 271.4 is prohibited.

(b) Manufacture, importation, reproduction, or use of "Woodsy Owl" except as provided under §§ 272.2, 272.3, or 272.4 is prohibited.

[42 FR 2957, Jan. 14, 1977; 42 FR 24739, May 16, 1977]

§ 261.21 Wild free-roaming horses and burros.

The following are prohibited:

(a) Removing or attempting to remove a wild free-roaming horse or burro from the National Forest System unless authorized by law or regulation.

(b) Causing or allowing the inhumane treatment or harassment of a wild free-roaming horse or burro.

(c) Removing or attempting to remove, alter or destroy any official mark used to identify a wild horse or burro or its remains unless authorized or permitted by law or regulation.

(d) Violating any terms or conditions specified in a care and maintenance agreement or permit.

[46 FR 33520, June 30, 1981]

Subpart B—Prohibitions in Areas Designated by Order

§ 261.50 Orders.

(a) The Chief, each Regional Forester, each Experiment Station Director, the Administrator of the Lake Tahoe Basin Management Unit and each Forest Supervisor may issue orders which close or restrict the use of described areas within the area over which he has jurisdiction. An order may close an area to entry or may restrict the use of an area by applying any or all of the prohibitions authorized in this subpart or any portion thereof.

(b) The Chief, each Regional Forester, each Experiment Station Director, the Administrator of the Lake Tahoe Basin Management Unit and

36 CFR Ch. II (7-1-00 Edition)

each Forest Supervisor may issue orders which close or restrict the use of any forest development road or trail within the area over which he has jurisdiction.

(c) Each order shall:

(1) For orders issued under paragraph (a) of this section, describe the area to which the order applies;

(2) For orders issued under paragraph (b) of this section, describe the road or trail to which the order applies;

(3) Specify the times during which the prohibitions apply if applied only during limited times;

(4) State each prohibition which is applied; and

(5) Be posted in accordance with § 261.51.

(d) The prohibitions which are applied by an order are supplemental to the general prohibitions in Subpart A.

(e) An order may exempt any of the following persons from any of the prohibitions contained in the order:

(1) Persons with a permit specifically authorizing the otherwise prohibited act or omission.

(2) Owners or lessees of land in the area;

(3) Residents in the area;

(4) Any Federal, State, or local officer, or member of an organized rescue or fire fighting force in the performance of an official duty; and

(5) Persons engaged in a business, trade, or occupation in the area.

(6) Any other person meeting exemption requirements specified in the order.

(f) Any person wishing to use a Forest development road or trail or a portion of the National Forest System, should contact the Forest Supervisor, Director, Administrator, or District Ranger to ascertain the special restrictions which may be applicable thereto.

[42 FR 2957, Jan. 14, 1977; 42 FR 24739, May 16, 1977, as amended at 42 FR 35959, July 13, 1977; 46 FR 33521, June 30, 1981]

§ 261.51 Posting.

Posting is accomplished by:

(a) Placing a copy of the order imposing each prohibition in the offices of the Forest Supervisor and District Ranger, or equivalent officer who have jurisdiction over the lands affected by the order, and

Forest Service, USDA

§ 261.56

(b) Displaying each prohibition imposed by an order in such locations and manner as to reasonably bring the prohibition to the attention of the public.

§ 261.52 Fire.

When provided by an order, the following are prohibited:

(a) Building, maintaining, attending or using a fire, campfire, or stove fire.

(b) Using an explosive.

(c) Smoking.

(d) Smoking, except within an enclosed vehicle or building, a developed recreation site, or while stopped in an area at least three feet in diameter that is barren or cleared of all flammable material.

(e) Going into or being upon an area.

(f) Possessing, discharging or using any kind of firework or other pyrotechnic device.

(g) Entering an area without any firefighting tool prescribed by the order.

(h) Operating an internal combustion engine.

(i) Welding, or operating an acetylene or other torch with open flame.

(j) Operating or using any internal or external combustion engine without a spark arresting device properly installed, maintained and in effective working order meeting either:

(1) Department of Agriculture, Forest Service Standard 5100-1a; or

(2) Appropriate Society of Automotive Engineers (SAE) recommended practice J335(b) and J350(a).

(k) Violating any state law specified in the order concerning burning, fires or which is for the purpose of preventing, or restricting the spread of fires.

[42 FR 2957, Jan. 14, 1977; 42 FR 24739, May 16, 1977; as amended at 42 FR 35959, July 13, 1977; 46 FR 33521, June 30, 1981]

§ 261.53 Special closures.

When provided in an order, it is prohibited to go into or be upon any area which is closed for the protection of:

(a) Threatened, endangered, rare, unique, or vanishing species of plants, animals, birds or fish.

(b) Special biological communities.

(c) Objects or areas of historical, archeological, geological, or paleontological interest.

(d) Scientific experiments or investigations.

(e) Public health or safety.

(f) Property.

§ 261.54 Forest development roads.

When provided by an order, the following are prohibited:

(a) Using any type of vehicle prohibited by the order.

(b) Use by any type of traffic prohibited by the order.

(c) Using a road for commercial hauling without a permit or written authorization.

(d) Operating a vehicle in violation of the speed, load, weight, height, length, width, or other limitations specified by the order.

(e) Being on the road.

(f) Operating a vehicle carelessly, recklessly, or without regard for the rights or safety of other persons or in a manner or at a speed that would endanger or be likely to endanger any person or property.

[42 FR 2957, Jan. 14, 1977, as amended at 46 FR 33521, June 30, 1981]

§ 261.55 Forest development trails.

When provided by an order issued in accordance with § 261.50 of this subpart, the following are prohibited on a forest development trail:

(a) Being on a trail.

(b) Using any type of vehicle prohibited by the order.

(c) Use by any type of traffic or mode of transport prohibited by the order.

(d) Operating a vehicle in violation of the width, weight, height, length, or other limitations specified by the order.

(e) Shortcutting a switchback in a trail.

[55 FR 25832, June 25, 1990]

§ 261.56 Use of vehicles off forest development roads.

When provided by an order, it is prohibited to possess or use a vehicle off forest development roads.

§ 261.57

36 CFR Ch. II (7-1-00 Edition)

§ 261.57 National Forest wilderness.

When provided by an order, the following are prohibited:

- (a) Entering or being in the area.
- (b) Possessing camping or pack-outfitting equipment, as specified in the order.
- (c) Possessing a firearm or firework.
- (d) Possessing any non-burnable food or beverage containers, including deposit bottles, except for non-burnable containers designed and intended for repeated use.
- (e) Grazing.
- (f) Storing equipment, personal property or supplies.
- (g) Disposing of debris, garbage, or other waste.
- (h) Possessing or using a wagon, cart or other vehicle.

[42 FR 2957, Jan. 14, 1977, as amended at 49 FR 25450, June 21, 1984]

§ 261.58 Occupancy and use.

When provided by an order, the following are prohibited:

- (a) Camping for a period longer than allowed by the order.
- (b) Entering or using a developed recreation site or portion thereof.
- (c) Entering or remaining in a campground during night periods prescribed in the order except for persons who are occupying such campgrounds.
- (d) Occupying a developed recreation site with prohibited camping equipment prescribed by the order.
- (e) Camping.
- (f) Using a campsite or other area described in the order by more than the number of users allowed by the order.
- (g) Parking or leaving a vehicle in violation of posted instructions.
- (h) Parking or leaving a vehicle outside a parking space assigned to one's own camp unit.
- (i) Possessing, parking or leaving more than two vehicles, except motorcycles or bicycles per camp unit.
- (j) Being publicly nude.
- (k) Entering or being in a body of water.
- (l) Being in the area after sundown or before sunrise.
- (m) Discharging a firearm, air rifle, or gas gun.
- (n) Possessing or operating a motorboat.
- (o) Water skiing.

- (p) Storing or leaving a boat or raft.
- (q) Operating any watercraft in excess of a posted speed limit.
- (r) Launching a boat except at a designated launching ramp.
- (s) Possessing, storing, or transporting any bird, fish, or other animal or parts thereof, as specified in the order.
- (t) Possessing, storing, or transporting any part of a tree or other plant, as specified in the order.
- (u) Being in the area between 10 p.m. and 6 a.m. except a person who is camping or who is visiting a person camping in that area.
- (v) Hunting or fishing.
- (w) Possessing or transporting any motor or mechanical device capable of propelling a watercraft through water by any means.
- (x) Using any wheel, roller, or other mechanical device for the overland transportation of any watercraft.
- (y) Landing of aircraft, or dropping or picking up any material, supplies, or person by means of an aircraft, including a helicopter.
- (z) Entering or being on lands or waters within the boundaries of a component of the National Wild and Scenic Rivers System.
- (aa) Riding, hitching, tethering or hobbling a horse or other saddle or pack animal in violation of posted instructions.
- (bb) Possessing a beverage which is defined as an alcoholic beverage by State law.
- (cc) Possessing or storing any food or refuse, as specified in the order.
- (dd) [Reserved]
- (ee) Depositing any body waste in caves except into receptacles provided for that purpose.

[42 FR 2597, Jan. 14, 1977, as amended at 42 FR 35959, July 13, 1977; 43 FR 32136, July 25, 1978; 46 FR 33521, June 30, 1981; 52 FR 19347, May 22, 1987; 59 FR 31152, June 17, 1994]

Subpart C—Prohibitions in Regions

§ 261.70 Issuance of regulations.

- (a) Pursuant to 7 CFR 2.60, the Chief, and each Regional Forester, to whom the Chief has delegated authority, may issue regulations prohibiting acts or omissions within all or any part of the

Forest Service, USDA

§ 261.75

area over which he has jurisdiction, for one or more of the following purposes:

- (1) Fire prevention or control.
 - (2) Disease prevention or control.
 - (3) Protection of property, roads, or trails.
 - (4) Protection of threatened, endangered, rare, unique, or vanishing species of plants, animals, birds or fish, or special biological communities.
 - (5) Protection of objects or places of historical, archaeological, geological or paleontological interest.
 - (6) Protection of scientific experiments or investigations.
 - (7) Public safety.
 - (8) Protection of health.
 - (9) Establishing reasonable rules of public conduct.
- (b) Regulations issued under this subpart shall not be contrary to or duplicate any prohibition which is established under existing regulations.
- (c) In issuing any regulations under paragraph (a) of this section, the issuing officer shall follow 5 U.S.C. 553.
- (d) In a situation when the issuing officer determines that a notice of proposed rule making and public participation thereon is impracticable, unnecessary, or contrary to the public interest, he shall issue, with the concurrence of the Chief, an interim regulation containing an expiration date.
- (e) No interim regulation issued under paragraph (d) of this section will be effective for more than 90 days unless readopted as a permanent rule after a notice of proposed rule making under 5 U.S.C. 553 (b) and (c).

§ 261.71 Regulations applicable to Region 1, Northern Region, as defined in § 200.2. [Reserved]

§ 261.72 Regulations applicable to Region 2, Rocky Mountain Region, as defined in § 200.2. [Reserved]

§ 261.73 Regulations applicable to Region 3, Southwestern Region, as defined in § 200.2. [Reserved]

§ 261.74 Regulations applicable to Region 4, Intermountain Region, as defined in § 200.2. [Reserved]

§ 261.75 Regulations applicable to Region 5, California Region, as defined in § 200.2.

(a) *Definitions.* In this section: (1) *Middle Fork of the Feather River* means the river and land area in or adjacent to Plumas National Forest described as the *River Area* in the notice at 35 FR 4219 or any amendment to that notice.

(2) *Motorized equipment* means any equipment having or using an engine or motor, except small battery-powered handheld devices such as cameras, shavers, flashlights, and Geiger counters.

(3) *Wild river zone* means the area described as the Bald Rock Canyon Wild River Zone or as the Upper Canyon Wild River Zone in the notice at 35 FR 4219 or any amendment to that notice.

(b) *Prohibitions.* (1) Possessing or using motorized equipment in the wild river zone of the Middle Fork of the Feather River, except on the Stag Point Trail or the Cleghorn Bar Trail, is prohibited.

(2) Paragraph (b)(1) of this section does not apply to any equipment authorized by a permit from the Forest Supervisor, Plumas National Forest, containing such terms and conditions as he considers necessary for the protection or preservation of the wild river zone or the health, safety or welfare of its users. Violation of any term or condition of such a permit is prohibited.

[42 FR 31789, June 23, 1977]

§ 261.76

§ 261.76 Regulations applicable to Region 6, Pacific Northwest Region, as defined in § 200.2. [Reserved]

§ 261.77 Prohibitions in Region 8, Southern Region.

(a) Using or occupying any area of the Sumter National Forest or the Chattahoochee National Forest abutting the Chattooga River for the purpose of entering or going upon the River in, on, or upon any floatable object or craft of every kind or description, unless authorized by permit obtained through registration at Forest Service Registration Stations abutting the Chattooga River located at Highway 28, Low-Water Bridge, Earl's Ford, Sandy Ford, Highway 76, Woodall Shoals, or Overflow Bridge or unless authorized under special use permit.

(b) Using or occupying within the scope of any commercial operation or business any area of the Sumter National Forest or the Chattahoochee National Forest abutting the Chattooga River for the purpose of entering or going upon the River in, on, or upon any floatable object or craft of every kind or description, unless authorized by special use permit.

(c) Violating or failing to comply with any of the terms or conditions of any permit authorizing the occupancy and use specified in paragraph (a) or (b) of this section is prohibited.

(d) Entering, going, riding, or floating upon any portion or segment of the Chattooga River within the boundaries of the Chattahoochee National Forest in, on, or upon any floatable object or craft of every kind or description, unless authorized by a permit obtained through registration at Forest Service Registration Stations abutting the Chattooga River located at Highway 28, Low-Water Bridge, Earl's Ford, Sandy Ford, Highway 76, Woodall Shoals, or Overflow Bridge or unless authorized under special use permit.

(e) Entering, going, riding, or floating within the scope of any commercial operation or business upon any portion or segment of the Chattooga River within the boundaries of the Chattahoochee National Forest in, on, or upon any floatable object or craft of every kind or description, unless authorized by special use permit.

36 CFR Ch. II (7-1-00 Edition)

(f) Violating or failing to comply with any of the terms or conditions of any permit authorizing the occupancy and use specified in paragraph (d) or (e) of this section is prohibited.

[43 FR 3706, Jan. 27, 1978]

§ 261.78 Prohibitions applicable to Region 9, Eastern Region, as defined in § 200.2.

(a) Using or occupying any area of the Manistee National Forest abutting the Pine River between a point commencing 1 mile downstream from Lincoln Bridge to a point one-half mile upstream from Stronach Dam, for the purpose of entering, leaving, or going upon the river, in, on, or upon any floatable object of any kind or description during specific dates set forth annually and posted in such locations and manner as to reasonably bring the closure and dates to the attention of the public, is prohibited unless otherwise authorized by permit.

(b) [Reserved]

§ 261.79 Regulations applicable to Region 10, Alaska Region, as defined in § 200.2. [Reserved]

PART 262—LAW ENFORCEMENT SUPPORT ACTIVITIES

Subpart A—Rewards and Payments

Sec.

262.1 Rewards in connection with fire or property prosecution.

262.2 Purchase of information in furtherance of investigations.

262.3 Purchase of evidence in furtherance of investigations.

262.4 Audit of expenditures.

262.5 Disposal of purchased property.

Subpart B—Impoundments and Removals

262.10 Impoundment and disposal of unauthorized livestock.

262.11 Impounding of dogs.

262.12 Impounding of personal property.

262.13 Removal of obstructions.

AUTHORITY: 30 Stat. 35, as amended (16 U.S.C. 551); sec. 1, 33 Stat. 628 (16 U.S.C. 472); 50 Stat. 526 as amended (7 U.S.C. 1011(f)); 58 Stat. 736 (16 U.S.C. 559(a)).

Subpart A—Rewards and Payments

§ 262.1 Rewards in connection with fire or property prosecutions.

(a) Hereafter, provided Congress shall make the necessary appropriation or authorize the payment thereof, the Department of Agriculture will pay the following rewards:

(1) Not exceeding \$5,000 for information leading to the arrest and conviction of any person on the charge of willfully or maliciously setting on fire, or causing to be set on fire, any timber, underbrush, or grass upon the lands of the United States within the National Forest System or nearby.

(2) Not exceeding \$1,000 for information leading to the arrest and conviction of any person on the charge of having kindled or caused to be kindled a fire on lands of the United States within the National Forest System or nearby, and leaving said fire which escapes before the same has been totally extinguished;

(3) Not exceeding \$5,000 for information leading to the arrest and conviction of any person charged with destroying or stealing any property of the United States; and

(4) Not exceeding \$10,000 for information leading to the arrest and conviction of any person charged with damaging or stealing the Pacific yew tree, *Taxus brevifolia*, or any portion thereof, including but not limited to bark, twigs, needles and other foliage.

(b) A reward may be paid to the person or persons giving the information leading to such arrest and conviction upon presentation to the Department of Agriculture of satisfactory evidence thereof, subject to the necessary appropriation as aforesaid, or otherwise as may be provided.

(c) Officers and employees of the Department of Agriculture are barred from receiving such rewards.

(d) The Department of Agriculture reserves the right to refuse payments of any claim for reward when, in its opinion, collusion or improper methods have been used to secure arrest and conviction. The Department also reserves the right to allow only one reward where several persons have been convicted of the same offense or where

one person has been convicted of several offenses, unless the circumstances entitle the person to a reward on each conviction.

(e) Applications for reward should be forwarded to the Regional Forester, Research Director, or Area Director who has responsibility for the land or property involved in the trespass. However, no application will be considered unless presented to a responsible Forest Service officer within three months from the date of conviction of an offender. In order that all claimants for rewards may have an opportunity to present their claims within the prescribed limit, the Department will not take action with respect to rewards for three months from the date of the conviction of an offender.

[42 FR 2961, Jan. 14, 1977, as amended at 46 FR 33521, June 30, 1981; 56 FR 29182, June 26, 1991]

§ 262.2 Purchase of information in furtherance of investigations.

(a) *Approval of payments.* Payments for purchase of information to further investigations of felonies and misdemeanors related to Forest Service administration are authorized for each transaction as follows:

(1) Criminal investigators in the GS-1811 series and such other personnel as the Chief of the Forest Service or a Regional Forester may designate, may, without prior approval, pay up to but not exceeding \$200 for the purchase of information under this section.

(2) For payments of amounts over \$200 but not exceeding \$500, advance approval of the Forest Supervisor is required.

(3) For payments of amounts over \$500 but not exceeding \$2,500, advance approval of the Regional Forester is required.

(4) For payments of amounts over \$2,500, advance approval of the Chief of the Forest Service is required.

(5) For purchase of information to further investigations within a Regional Office, Forest and Range Experiment Station, State and Private Forestry Area Office, or the National Office, payments in excess of \$200 must be approved in advance by the Chief of the Forest Service or by such other personnel as the Chief may designate.

§ 262.3

(b) *Limitations.* Purchase of information under this section is restricted to furthering investigations of felony and misdemeanor violations. Payment for information to further investigations of petty offenses as classified in title 18 U.S.C., section 1, are not authorized under this section.

[48 FR 26604, June 9, 1983]

§ 262.3 Purchase of evidence in furtherance of investigations.

(a) *Approval of payments.* Payments for purchase of evidence to further investigations of felonies and misdemeanors related to Forest Service administration are authorized for each transaction as follows:

(1) Criminal investigators in the GS-1811 series and such other personnel as the Chief of the Forest Service or a Regional Forester may designate, may, without prior approval, pay up to but not exceeding \$400 for the purchase of evidence under this section.

(2) For payments of amounts over \$400 but not exceeding \$1,000, advance approval of the Forest Supervisor is required.

(3) For payments of amounts over \$1,000 but not exceeding \$5,000, advance approval of the Regional Forester is required.

(4) For payments of amounts over \$5,000, advance approval of the Chief of the Forest Service is required.

(5) For purchase of evidence to further investigations within a Regional Office, Forest and Range Experiment Station, State and Private Forestry Area Office, or the National Office, payments in excess of \$400 must be approved in advance by the Chief of the Forest Service or by such other personnel as the Chief may designate.

(b) *Limitations.* Purchase of evidence under this section is restricted to furthering investigations of felony and misdemeanor violations. Payment for evidence to further investigations of petty offenses as classified in title 18 U.S.C., section 1, are not authorized under this section.

[48 FR 26605, June 9, 1983; 48 FR 34262, July 28, 1983]

36 CFR Ch. II (7-1-00 Edition)

§ 262.4 Audit of expenditures.

The Chief of the Forest Service shall, through appropriate directives to agency personnel, assure the accountability of all funds spent in carrying out the provisions of this subpart and safeguard the identity of those wishing to remain anonymous.

[48 FR 26605, June 9, 1983]

§ 262.5 Disposal of purchased property.

All evidence purchased under the authority of this subpart shall be maintained in accordance with all laws, regulations, and rules applicable to the care, custody, and control of evidence. Evidence purchased under this subpart shall be disposed of in accordance with laws, regulation, rules, and Forest Service policy applicable to the disposal of evidence.

[48 FR 26605, June 9, 1983]

Subpart B—Impoundments and Removals

§ 262.10 Impoundment and disposal of unauthorized livestock.

Unauthorized livestock or livestock in excess of those authorized by a grazing permit on the National Forest System, which are not removed therefrom within the periods prescribed by this regulation, may be impounded and disposed of by a forest officer as provided herein.

(a) When a Forest officer determines that such livestock use is occurring, has definite knowledge of the kind of livestock, and knows the name and address of the owners, such livestock may be impounded any time five days after written notice of intent to impound such livestock is mailed by certified or registered mail or personally delivered to such owners.

(b) When a Forest officer determines that such livestock use is occurring, but does not have complete knowledge of the kind of livestock, or if the name of the owner is unknown, such livestock may be impounded any time 15 days after the date a notice of intent to impound livestock is first published in a local newspaper and posted at the county courthouse and in one or more

Forest Service, USDA

§ 262.12

local post offices. The notice will identify the area in which it will be effective.

(c) Unauthorized livestock or livestock in excess of those authorized by a grazing permit on National Forest System which are owned by persons given notice under paragraph (a) of this section, and any such livestock in areas for which a notice has been posted and published under paragraph (b) of this section, may be impounded without further notice any time within the 12-month period immediately following the effective date of the notice or notices given under paragraphs (a) and (b) of this section.

(d) Following the impoundment of livestock, a notice of sale of impounded livestock will be published in a local newspaper and posted at the county courthouse and in one or more local post offices. The notice will describe the livestock and specify the date, time, and place of the sale. The date shall be at least five days after the publication and posting of such notice.

(e) The owner may redeem the livestock any time before the date and time set for the sale by submitting proof of ownership and paying for all expenses incurred by the United States in gathering, impounding, and feeding or pasturing the livestock. However, when the impoundment costs exceed fair market value a minimum acceptable redemption price at fair market value may be established for each head of livestock.

(f) If the livestock are not redeemed on or before the date and time fixed for their sale, they shall be sold at public sale to the highest bidder, providing this bid is at or above the minimum amount set by the Forest Service. If a bid at or above the minimum amount is not received, the livestock may be sold at private sale at or above the minimum amount, reoffered at public sale, condemned and destroyed, or otherwise disposed of. When livestock are sold pursuant to this regulation, the forest officer making the sale shall furnish the purchaser a bill or other written instrument evidencing the sale. Agreements may be made with State agencies whereby livestock of unknown ownership and livestock of known ownership, which are not redeemed by the

owner, are released to the agency for disposal in accordance with State law, *Provided*, That remuneration of proceeds from the sale of said animals in excess of costs of impoundment and to arrange for disposal of livestock of known ownership will be refunded to the former owner.

[42 FR 2961, Jan. 14, 1977, as amended at 43 FR 36245, Aug. 16, 1978. Redesignated at 48 FR 26605, June 9, 1983]

§ 262.11 Impounding of dogs.

Any dog found running at large in a part of the National Forest System, which has been closed to dogs running at large, may be captured and impounded by Forest officers. Forest officers will notify the owner of the dog, if known, of such impounding, and the owner will be given five days to redeem the dog. A dog may be redeemed by the owner submitting adequate evidence of ownership and paying all expenses incurred by the Forest Service in capturing and impounding it. If the owner fails to redeem the dog within five days after notice, or if the owner cannot be ascertained within 10 days from the date of impounding, the dog may be destroyed or otherwise disposed of at the discretion of the Forest officer having possession of it.

[42 FR 2961, Jan. 14, 1977. Redesignated at 48 FR 26605, June 9, 1983]

§ 262.12 Impounding of personal property.

(a) Automobiles or other vehicles, trailers, boats, and camping equipment and other inanimate personal property on National Forest System lands without the authorization of a Forest officer which are not removed therefrom within the prescribed period after a warning notice as provided in this regulation may be impounded by a Forest officer. Whenever such Forest officer knows the name and address of the owner, such impoundment may be effected at any time five days after the date that written notice of the trespass is mailed by registered mail or delivered to such owner.

(b) In the event the local Forest officer does not know the name and address of the owner, impoundment may be effected at any time 15 days after

§ 262.13

the date a notice of intention to impound the property in trespass is first published in a local newspaper and posted at the county courthouse and in one or more local post offices. A copy of this notice shall also be posted in at least one place on the property or in proximity thereto.

(c) Personal property impounded under this regulation may be disposed of at the expiration of 90-days after the date of impoundment. The owner may redeem the personal property within the 90-day period by submitting proof of ownership and paying all expenses incurred by the United States in advertising, gathering, moving, impounding, storing, and otherwise caring for the property, and also for the value of the use of the site occupied during the period of the trespass.

(d) If the personal property is not redeemed on or before the date fixed for its disposition, it shall be sold by the Forest Service at public sale to the highest bidder. If no bid is received, the property, or portions thereof, may, in the discretion of the responsible Forest officer, be sold at private sale or be condemned and destroyed or otherwise disposed of. When personal property is sold pursuant to this regulation, the Forest officer making the sale shall furnish the purchaser a bill of sale or other written instrument evidencing the sale.

(e) The provisions of this section shall not apply to the impoundment or disposal of beached logs in Alaska if deemed abandoned under State law.

[42 FR 2961, Jan. 14, 1977, as amended at 46 FR 33521, June 30, 1981. Redesignated at 48 FR 26604, June 9, 1983]

§ 262.13 Removal of obstructions.

A Forest officer may remove or cause to be removed, to a more suitable place, a vehicle or other object which is an impediment or hazard to the safety, convenience, or comfort of other users of an area of the National Forest System.

[42 FR 2961, Jan. 14, 1977. Redesignated at 48 FR 26604, June 9, 1983]

36 CFR Ch. II (7-1-00 Edition)

PART 264—PROPERTY MANAGEMENT

Subpart A—Official Forest Service Insignia

Sec.

- 264.1 Definitions.
- 264.2 Use of insignia.
- 264.3 Licensing for commercial use.
- 264.4 Unauthorized use.
- 264.5 Power to revoke.

Subpart B—Mount St. Helens National Volcanic Monument Symbol

- 264.10 Establishment.
- 264.11 Use of symbol.
- 264.12 Use without permission.
- 264.13 Unauthorized use.

AUTHORITY: 5 U.S.C. 301.

Subpart A—Official Forest Service Insignia

SOURCE: 49 FR 7367, Feb. 29, 1984, unless otherwise noted.

§ 264.1 Definitions.

(a) The term *Insignia* means the Official Forest Service Insignia as shown here

or any likeness thereof, in total or in part, which is used in such a manner as to suggest the insignia.

(b) The term *Chief* means the Chief of the Forest Service, U.S. Department of Agriculture, or a person designated to act for the Chief.

§ 264.2 Use of insignia.

The Forest Service insignia is reserved for the official use of the Forest Service. Such use will be primarily for identification purposes. The Chief may authorize other uses of the insignia as follows:

(a) *Public service use.* The Chief may authorize the use of the insignia for non-commercial educational purposes,

Forest Service, USDA

§ 264.12

without charge when such use is essentially a public service and will contribute to public knowledge and understanding of the Forest Service, its mission, and objectives. An example of this would be the use of the insignia on a printed program for a dedication ceremony where the Forest Service participates but is not the sponsor of the event.

(b) *Commercial use.* Through the issuance of licenses, the Chief may authorize commercial use of the insignia to (1) contribute to the public recognition of the Forest Service, such as a likeness of the insignia on a toy forest ranger's truck or (2) promote employee esprit de corps or pride in the organization, such as a likeness of the insignia on belt buckles. Such use must be consistent with the status of a national insignia. Business or calling cards commercially prepared for employees, at employee expense, may display the insignia without special license.

§ 264.3 Licensing for commercial use.

(a) Each commercial license granted for the use of the insignia or likeness thereof shall contain the following terms and conditions:

(1) A use charge, royalty payment, or payment in kind which is reasonably related to the commercial value of the license must be established. This is to be paid by the licensee.

(2) A definite expiration date shall be specified.

(3) The license shall be nonexclusive.

(4) Licensees are not authorized to grant sublicenses, or transfer or reassign licenses to another person or company, in connection with the manufacture and/or sale of an item, unless and except as approved in writing by the Chief.

The Chief may incorporate additional terms and requirements into any commercial license issued under this subpart.

§ 264.4 Unauthorized use.

Whoever manufactures, sells, or possesses the insignia, except as provided under § 264.2, is subject to criminal penalty under 18 U.S.C. 701.

§ 264.5 Power to revoke.

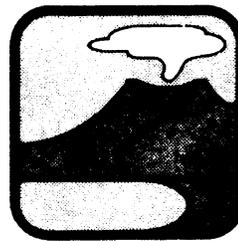

All authorities and licenses granted under this subpart shall be subject to cancellation by the Chief at any time the Chief finds that the use involved is offensive to decency and good taste or injurious to the image of the Forest Service. The Chief may also revoke any license or authorization when there is a failure to comply with the terms and conditions of the license or authorization.

Subpart B—Mount St. Helens National Volcanic Monument Symbol

SOURCE: 49 FR 31413, Aug. 7, 1984, unless otherwise noted.

§ 264.10 Establishment.

There is hereby established an official symbol, as depicted herein, to designate and represent the Mount St. Helens National Volcanic Monument located in the Gifford Pinchot National Forest in the State of Washington.

§ 264.11 Use of symbol.

Except as provided in § 264.12, use of the Mount St. Helens National Volcanic Monument official symbol, including a facsimile thereof, in total or in part, is restricted to official signs, publications, and other materials of the Forest Service, U.S. Department of Agriculture.

§ 264.12 Use without permission.

Business or calling cards commercially prepared at employee expense for employees assigned to the Volcanic Monument may depict the official Monument symbol without special permission from Forest Service officials.

§ 264.13

§ 264.13 Unauthorized use.

Except as provided in §§ 264.11 and 264.12, whoever manufactures, sells, or possesses the official symbol of the Mount St. Helens National Volcanic Monument may be subject to criminal penalty under 18 U.S.C. 701.

PART 271—USE OF “SMOKEY BEAR” SYMBOL

Sec.

- 271.1 Definitions.
- 271.2 Use of official campaign materials.
- 271.3 Public service use.
- 271.4 Commercial license.
- 271.5 [Reserved]
- 271.6 Review of licenses.
- 271.7 Power to revoke.
- 271.8 Consultation with Association of State Foresters and the Advertising Council.

AUTHORITY: 66 Stat. 92 (18 U.S.C. 711).

SOURCE: 27 FR 6928, July 21, 1962, unless otherwise noted.

§ 271.1 Definitions.

(a) The term *Smokey Bear* as used in the regulations in this part means the character *Smokey Bear* originated by the Forest Service of the United States Department of Agriculture in cooperation with the Association of State Foresters and The Advertising Council, or any facsimile thereof, or the name *Smokey Bear*, or any name or designation sufficiently similar as to suggest the character *Smokey Bear*.

(b) The term *Chief* means the Chief of the Forest Service, United States Department of Agriculture, or person designated to act for him.

(c) The term *Association of State Foresters* means the national organization of State Foresters.

(d) The term *The Advertising Council* is the Advertising Council, Inc., organized under the laws of the State of New York.

§ 271.2 Use of official campaign materials.

Official Cooperative Forest Fire Prevention materials may be used without express approval where such use is solely for the purpose of increasing public information regarding forest fire prevention.

§ 271.3 Public service use.

The Chief may authorize the use of *Smokey Bear* for non-commercial educational purposes, without charge, when such use is essentially as a public service, and will, in his judgment, contribute to public information and education concerning the prevention of forest fires.

§ 271.4 Commercial license.

(a) The Chief may authorize the commercial manufacture, importation, reproduction, or use of *Smokey Bear* upon the following findings:

(1) That the use to which the article or published material involving *Smokey Bear* is to be put shall contribute to public information concerning the prevention of forest fires.

(2) That the proposed use is consistent with the status of *Smokey Bear* as the symbol of forest fire prevention and does not in any way detract from such status.

(3) That a use or royalty charge which is reasonably related to the commercial enterprise has been established.

(b) Such other conditions shall be included as the Chief deems necessary in particular cases.

§ 271.5 [Reserved]

§ 271.6 Review of licenses.

The Chief will cooperate with the Association of State Foresters and the Advertising Council, and for this purpose may review with these organizations from time to time the nature and status of licenses granted under these regulations in this part.

§ 271.7 Power to revoke.

It is the intention of the regulations in this part that the Chief, in exercising the authorities delegated hereunder, will at all times consider the primary purpose of fostering public information in the prevention of forest fires. All authorities and licenses granted under the regulations in this part shall be subject to abrogation by the Chief at any time he finds that the use involved is injurious to the purpose of forest fire prevention, is offensive to decency or good taste, or for similar

Forest Service, USDA

§ 272.4

reasons in addition to any other limitations and terms contained in the licenses.

§ 271.8 Consultation with Association of State Foresters and the Advertising Council.

These regulations in this part have been issued after consultation with the Association of State Foresters and the Advertising Council.

PART 272—USE OF “WOODSY OWL” SYMBOL

Sec.

- 272.1 Definitions.
- 272.2 Use of official campaign materials.
- 272.3 Public service use.
- 272.4 Commercial use.
- 272.5 [Reserved]
- 272.6 Power to revoke.

AUTHORITY: 7 U.S.C. 2201 and 16 U.S.C. 528-531.

§ 272.1 Definitions.

(a) The term *Woodsy Owl* means the name and representation of a fanciful owl, who wears slacks (forest green when colored), a belt (brown when colored), and a Robin Hood style hat (forest green when colored) with a feather (red when colored), and who furthers the slogan, *Give a Hoot, Don't Pollute*, originated by the Forest Service of the United States Department of Agriculture, or a facsimile or simulation thereof, in such a manner as suggests *Woodsy Owl*.

(b) The term *Chief* means the Chief of the Forest Service, U.S. Department of Agriculture, or person designated to act for him.

[36 FR 23220, Dec. 7, 1971, as amended at 40 FR 12641, Mar. 20, 1975]

§ 272.2 Use of official campaign materials.

Official materials produced for the *Woodsy Owl* campaign may be used without express approval from the Chief of the Forest Service where such use is solely for the purpose of increasing public knowledge about wise use of the environment and programs which foster maintenance and improvement of environmental quality.

[40 FR 12641, Mar. 20, 1975]

§ 272.3 Public service use.

The Chief of the Forest Service may authorize the use of *Woodsy Owl* for noncommercial educational purposes, without charge, when such use is essentially as a public service and will, in his judgment, contribute to public information and education concerning wise use of the environment and programs which foster maintenance and improvement of environmental quality.

[40 FR 12641, Mar. 20, 1975]

§ 272.4 Commercial use.

(a) *General.* The Chief may authorize the Commercial manufacture, importation, reproduction, or use of *Woodsy Owl* upon the following findings:

(1) That the proposed use of *Woodsy Owl* will contribute to public knowledge about wise use of the environment and programs which foster maintenance and improvement of environmental quality.

(2) That the proposed use is consistent with the status of *Woodsy Owl* as a national symbol for a public service campaign to promote wise use of the environment and programs which foster maintenance and improvement of environmental quality.

(3) That a use charge, royalty charge, or payment in kind which is reasonably related to the commercial value has been established.

(4) That the applicant is well qualified to further the goals and purposes of the *Woodsy Owl* campaign.

(5) That, when an exclusive license is requested, no other qualified applicant can be found who will provide comparable campaign support under a non-exclusive license.

(6) That such other conditions as the Chief may deem necessary in each case have been established.

(b) *Requirements for exclusive licenses.* Exclusive licenses when granted, shall conform to the following:

(1) A definite expiration date shall be specified based on the minimum time determined by the Chief to be needed by the licensee to introduce or popularize the item licensed and to recover the costs and expenses incurred in so doing.

§ 272.5

(2) The Chief shall retain the independent right to use *Woodsy Owl* in any concurrent, noncommercial program, and to allow for the manufacture and sale of *Woodsy Owl* merchandise which, in his judgment, would not be in conflict with the licensed item.

(3) The licensee shall be required to have the licensed item available for sale, and promotion within a specified period, or show cause why this could not be done.

(4) The licensee shall be required to invest a specified minimum amount of money in the development, production, and promotion of the licensed item, as determined by the Chief to be necessary to insure that the licensee's use of *Woodsy Owl* will result in a substantial contribution to public information concerning pollution abatement and environmental enhancement.

(5) The Chief shall retain the right to revoke any license for failure of the licensee to comply with all the terms and conditions of the license.

(6) The licensee shall be required to submit periodic progress reports to apprise the Forest Service of his activities and progress in achieving stated objectives.

(7) The license shall not be subject to transfer or assignment, except as approved in writing by the Chief.

(8) The licensee shall not be authorized to grant sublicenses in connection with the manufacture and sale of the item, except as approved in writing by the Chief.

[37 FR 5700, Mar. 18, 1972, as amended at 40 FR 12641, Mar. 20, 1975]

§ 272.5 [Reserved]

§ 272.6 Power to revoke.

It is the intention of these regulations that the Chief, in exercising the authorities delegated hereunder, will at all times consider the primary purpose of carrying on a public service campaign to promote wise use of the environment and programs which foster maintenance and improvement of environmental quality. All authorities and licenses granted under these regulations shall be subject to abrogation by the Chief at any time he finds that the use involved is injurious to the purpose of the *Woodsy Owl* campaign, is of-

fensive to decency or good taste, or for similar reasons, in addition to any other limitations and terms contained in the licenses and other authorities.

[40 FR 12641, Mar. 20, 1975]

PART 290—CAVE RESOURCES MANAGEMENT

Sec.

290.1 Purpose and scope.

290.2 Definitions.

290.3 Nomination, evaluation, and designation of significant caves.

290.4 Confidentiality of cave location information.

290.5 Collection of information.

AUTHORITY: 16 U.S.C. 4301-4309; 102 Stat. 4546.

SOURCE: 59 FR 31152, June 17, 1994, unless otherwise noted.

§ 290.1 Purpose and scope.

The rules of this part implement the requirements of the Federal Cave Resources Protection Act (16 U.S.C. 4301-4309), hereafter referred to as the "Act". The rules apply to cave management on National Forest System lands. These rules, in conjunction with rules in part 261 of this chapter, provide the basis for identifying and managing significant caves on National Forest System lands in accordance with the Act. National Forest System lands will be managed in a manner which, to the extent practical, protects and maintains significant cave resources in accordance with the policies outlined in the Forest Service Directive System and the management direction contained in the individual forest plans.

§ 290.2 Definitions.

For the purposes of this part, the terms listed in this section have the following meaning:

Authorized officer means the Forest Service employee delegated the authority to perform the duties described in this part.

Cave means any naturally occurring void, cavity, recess, or system of interconnected passages beneath the surface of the earth or within a cliff or ledge and which is large enough to permit a person to enter, whether the entrance is excavated or naturally formed. Such

term shall include any natural pit, sinkhole, or other opening which is an extension of a cave entrance or which is an integral part of the cave.

Cave resources mean any materials or substances occurring in caves including, but not limited to, biotic, cultural, mineralogic, paleontologic, geologic, and hydrologic resources.

National Forest System lands means all national forest lands reserved or withdrawn from the public domain, acquired through purchase, exchange, or donation, national grasslands and land utilization projects, and other lands, waters, or interests administered by the Forest Service.

Secretary means the Secretary of Agriculture.

Significant cave means a cave located on National Forest System lands that has been determined to meet the criteria in §290.3 (c) or (d) and has been designated in accordance with §290.3(e).

§ 290.3 Nomination, evaluation, and designation of significant caves.

(a) *Nominations for initial and subsequent listings.* The authorized officer will give governmental agencies and the public, including those who utilize caves for scientific, educational, or recreational purposes, the opportunity to nominate caves. The authorized officer shall give public notice, including a notice published in the FEDERAL REGISTER, calling for nominations for the initial listing and setting forth the procedures for preparing and submitting the nominations. Nominations for subsequent listings will be accepted from governmental agencies and the public by the Forest Supervisor where the cave is located as new cave discoveries are made. Caves nominated but not approved for designation may be renominated as additional documentation or new information becomes available.

(b) *Evaluation for initial and subsequent listings.* The evaluation of the nominations for significant caves will be carried out in consultation with individuals and organizations interested in the management and use of caves and cave resources, within the limits imposed by the confidentiality provisions of §290.4. Nominations shall be evaluated using the criteria in §290.3 (c) and (d).

(c) *Criteria for significant caves.* A significant cave on National Forest System lands shall possess one or more of the following features, characteristics, or values.

(1) *Biota.* The cave provides seasonal or yearlong habitat for organisms or animals, or contains species or subspecies of flora or fauna native to caves, or are sensitive to disturbance, or are found on State or Federal sensitive, threatened, or endangered species lists.

(2) *Cultural.* The cave contains historic properties or archeological resources (as defined in Parts 800.2 and 296.3 of this chapter respectively, or in 16 U.S.C. 470, *et seq.*), or other features included in or eligible for inclusion on the National Register of Historic Places because of their research importance for history or prehistory, historical associations, or other historical or traditional significance.

(3) *Geologic/Mineralogic/Paleontologic.* The cave possesses one or more of the following features:

(i) Geologic or mineralogic features that are fragile, represent formation processes that are of scientific interest, or that are otherwise useful for study.

(ii) Deposits of sediments or features useful for evaluating past events.

(iii) Paleontologic resources with potential to contribute useful educational or scientific information.

(4) *Hydrologic.* The cave is a part of a hydrologic system or contains water which is important to humans, biota, or development of cave resources.

(5) *Recreational.* The cave provides or could provide recreational opportunities or scenic values.

(6) *Educational or scientific.* The cave offers opportunities for educational or scientific use; or, the cave is virtually in a pristine state, lacking evidence of contemporary human disturbance or impact; or, the length, volume, total depth, pit depth, height, or similar measurements are notable.

(d) *Specially designated areas.* All caves located within special management areas, such as Special Geologic Areas, Research Natural Areas, or National Monuments, that are designated wholly or in part due to the cave resources found therein are determined to be significant.

§ 290.4

36 CFR Ch. II (7-1-00 Edition)

(e) *Designation and documentation.* If the authorized officer determines that a cave nominated and evaluated under paragraphs (a) and (b) of this section meets one or more of the criteria in paragraph (c) of this section, the authorized officer shall designate the cave as significant. The authorized officer will notify the nominating party of the results of the evaluation and designation. Each forest will retain appropriate documentation for all significant caves located within its administrative boundaries. At a minimum, this documentation shall include a statement of finding signed and dated by the authorized officer and the information used to make the determination. This documentation will be retained as a permanent record in accordance with the confidentiality provision in § 290.4.

(f) *Undiscovered passages.* If a cave is determined to be significant, its entire extent on federal land, including passages not mapped or discovered at the time of the determination, is deemed significant. This includes caves that extend from lands managed by any other Federal agency into National Forest System lands, as well as caves initially believed to be separate for which interconnecting passages are discovered after significance is determined.

(g) *Decision final.* The decision to designate or not designate a cave as significant is made at the sole discretion of the authorized officer based upon the criteria in paragraphs (c) and (d) of this section and is not subject to further administrative review or appeal under Parts 217 or 251.82 of this chapter.

§ 290.4 Confidentiality of cave location information.

(a) *Information disclosure.* No Forest Service employee shall disclose any information that could be used to determine the location of a significant cave or a cave nominated for designation, unless the authorized officer determines that disclosure will further the purposes of the Act and will not create a substantial risk of harm, theft, or destruction to cave resources.

(b) *Requesting confidential information.* Notwithstanding paragraph (a) of this section, the authorized officer may make confidential cave information

available to Federal or State governmental agencies, bona fide educational or research institutes, or individuals or organizations assisting the land management agencies with cave management activities. To request confidential cave information, such entities shall make a written request to the authorized officer which includes the following:

(1) Name, address, and telephone number of the individual responsible for the security of the information received;

(2) A legal description of the area for which the information is sought;

(3) A statement of the purpose for which the information is sought; and,

(4) Written assurances that the requesting party will maintain the confidentiality of the information and protect the cave and its resources.

(c) *Decision final.* The decision to permit or deny access to confidential cave information is made at the sole discretion of the authorized officer and is not subject to further administrative review or appeal under 5 U.S.C. 552 or parts 217 or 251.82 of this chapter.

§ 290.5 Collection of information.

The collection of information contained in this rule represents new information requirements as defined in 5 CFR part 1320, Controlling Paperwork Burdens on the Public. In accordance with those rules and the Paperwork Reduction Act of 1980 as amended (44 U.S.C. 3507), the Forest Service has received approval by the Office of Management and Budget to collect cave nomination information under clearance number 0596-0123 and confidential information under 0596-0122. The information provided for the cave nominations will be used to determine which caves will be listed as "significant" and the information in the requests to obtain confidential cave information will be used to decide whether to grant access to this information. Response to the call for cave nominations is voluntary. No action may be taken against a person for refusing to supply the information requested. Response to the information requirements for obtaining confidential cave information is required to obtain a benefit in accordance with section 5 of the Federal

Cave Resources Protection Act of 1988 (16 U.S.C. 4304).

PART 291—OCCUPANCY AND USE OF DEVELOPED SITES AND AREAS OF CONCENTRATED PUBLIC USE

Sec.

291.1 Definitions.

291.2 Admission fees and recreation use fees.

291.3 Reservation fees.

AUTHORITY: 16 U.S.C. 460I-6a.

§ 291.1 Definitions.

For the purposes of this part the following term shall mean:

Area of concentrated public use: An area that is managed primarily for outdoor recreation purposes, contains at least one major recreation attraction where facilities and services necessary to accommodate heavy public use are provided, and provides public access to the area in such a manner that admission fees can be efficiently collected at one or more centralized locations.

[61 FR 1716, Jan. 23, 1996]

§ 291.2 Admission fees and recreation use fees.

(a) Fees shall be charged for admission to Congressionally designated National Recreation Areas, National Monuments, National Volcanic Monuments, and National Scenic Areas administered by the Secretary of Agriculture and no more than 21 areas of concentrated public use designated by the Chief of the Forest Service as provided by section 4(a) of the Land and Water Conservation Fund Act of 1965, as amended.

(b) Recreation use fees will be charged for the use of sites, facilities, equipment or services furnished at Federal expense as provided by section 4(b) of the Land and Water Conservation Fund Act of 1965, as amended. Such fees shall be established by the Chief, Forest Service, or his delegate.

(c) Clear notice that an admission or entrance fee or recreation use fee has been established shall be prominently posted at each area and at appropriate locations therein and shall be included

in publications distributed at such areas.

[39 FR 30037, Aug. 20, 1974, as amended at 42 FR 35959, July 13, 1977; Redesignated and amended at 61 FR 1716, Jan. 23, 1996]

§ 291.3 Reservation fees.

(a) The Forest Service may charge fees to recover expenses incurred in providing reservation services for the public use of recreation areas and sites and Wilderness Areas where limitations on use are deemed necessary or desirable to achieve the management purposes of an area of the National Forest System. The Chief of the Forest Service or his delegate shall establish the amount of such fees.

(b) Forest Service officials shall prominently post clear notice that a reservation fee has been established at each area, site or Wilderness Area and at appropriate locations therein. Publications distributed at such areas, sites, and Wilderness Areas shall also include such notice.

[51 FR 26827, July 25, 1986. Redesignated at 61 FR 1716, Jan. 23, 1996]

AUTHORITY: Sec. 1, 30 Stat. 35, as amended, 62 Stat. 100, Sec. 1, 33 Stat. 628; 16 U.S.C. 551, 472.

SOURCE: 38 FR 5853, Mar. 5, 1973, unless otherwise noted.

36 CFR Ch. II (7–1–00 Edition)

§ 292.11 Introduction.

(a) Administration of the Shasta and Clair Engle-Lewiston Units will be coordinated with the other purposes of the Central Valley Project of the Bureau of Reclamation and of the recreation area as a whole so as to provide for: (1) Public outdoor recreation benefits; (2) conservation of scenic, scientific, historic, and other values contributing to public enjoyment; and (3) the management, utilization, and disposal of renewable natural resources which in the judgment of the Secretary of Agriculture will promote or is compatible with, and does not significantly impair, public recreation and conservation of scenic, scientific, historic, or other values contributing to public enjoyment.

(b) The Secretary may not acquire without consent of the owner any privately owned “improved property” or interests therein within the boundaries of these units, so long as the appropriate local zoning agency shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that is approved by the Secretary. This suspension of the Secretary’s authority to acquire “improved property” without the owner’s consent would automatically cease: (1) If the property is made the subject of a variance or exception to any applicable zoning ordinance that does not conform to the applicable standards contained in §§ 292.11 to 292.13; or (2) if such property is put to any use which does not conform to any applicable zoning ordinance approved by the Secretary.

(c) *Improved property* as used in §§ 292.11 to 292.13, means any building or group of related buildings, the actual construction of which was begun before February 7, 1963, together with not more than three acres of land in the same ownership on which the building or group of buildings is situated, but the Secretary may exclude from such “improved property” any shore or waters, together with so much of the land adjoining such shore or waters, as he deems necessary for public access thereto.

(d) Sections 292.11 to 292.13 specify the standards with which local zoning ordinances for the Shasta and Clair Engle-Lewiston Units must conform if

Forest Service, USDA

§ 292.12

the "improved property" or unimproved property proposed for development as authorized by the Act within the boundaries of the units is to be exempt from acquisition by condemnation. The objectives of §§ 292.11 to 292.13 are to:

(1) Prohibit new commercial or industrial uses other than those which the Secretary considers to be consistent with the purposes of the act establishing the national recreation area; (2) promote the protection and development of properties in keeping with the purposes of that Act by means of use, acreage, setback, density, height or other requirements; and (3) provide that the Secretary receive notice of any variance granted under, or any exception made to, the application of the zoning ordinance approved by him.

(e) Following promulgation of §§ 292.11 to 292.13 of final form, the Secretary is required to approve any zoning ordinance or any amendment to an approved zoning ordinance submitted to him which conforms to the standards contained in the regulations in effect at the time of adoption of the ordinance or amendment.

(f) Any owner of unimproved property who proposes to develop his property for service to the public may submit to the Secretary a development plan setting forth the manner in which and the time by which the property is to be developed and the use to which it is proposed to be put. If the Secretary determines that the development and the use of the property conforms to approved zoning ordinances, and serves the purposes of the National Recreation Area and that the property is not needed for easements and rights-of-way for access, utilities, or facilities, or for administration sites, campgrounds, or other areas needed for use by the United States for visitors, he may in his discretion issue to such owner a certification that so long as the property is developed, maintained, and used in conformity with approved zoning ordinances the Secretary's authority to acquire the property without the owner's consent is suspended.

§ 292.12 General provisions; procedures.

(a) *Approval of zoning ordinance and development plans.* (1) All validly adopted zoning ordinances and amendments thereto pertaining to the Shasta and Clair Engle-Lewiston Units may be submitted by the county of origin to the Secretary for written approval relative to their conformance with the applicable standards of §§ 292.11 to 292.13. Within 60 days following submission, the county will be notified of the Secretary's approval or disapproval of the zoning ordinances or amendments thereto. If more than 60 days are required, the county will be notified of the expected delay and of the additional time deemed necessary to reach a decision. The Secretary's approval shall remain effective so long as the zoning ordinances or amendments thereto remain in effect as approved.

(2) Development plans pertaining to unimproved property within the Shasta and Clair Engle-Lewiston Units may be submitted by the owner to the Secretary for determination as to whether they conform with approved zoning ordinances and whether the planned use and development would serve the Act. Within 30 days following submission of such plans the Secretary will approve or disapprove the plans or, if more than 30 days are required, will notify the applicant of the expected delay and of the additional time deemed necessary.

(b) *Amendment of ordinances.* Amendments of approved ordinances may be furnished in advance of their adoption to the Secretary for written decision as to their conformance with applicable standards of §§ 292.11 to 292.13.

(c) *Variances or exceptions to application of ordinances.* (1) The Secretary shall be given written notice of any variance granted under, or any exception made to, the application of a zoning ordinance or amendment thereto approved by him.

(2) The County, or private owners of improved property, may submit to the Secretary proposed variances or exceptions to the application of an approved zoning ordinance or amendment thereto for written advice as to whether the intended use will make the property

subject to acquisition without the owner's consent. Within 30 days following his receipt of such a request, the Secretary will advise the interested party or parties as to his determination. If more than 30 days are required by the Secretary for such determination, he shall so notify the interested party or parties stating the additional time required and the reasons therefore.

(d) *Certification of property.* Where improvements and land use of improved property conform with approved ordinances, or with approved variances from such ordinances, certification that the Secretary's authority to acquire the property without the owner's consent is suspended may be obtained by any party in interest upon request to the Secretary. Where the development and use of unimproved property for service to the public is approved by the Secretary, certification that the authority to acquire the property without the owner's consent is suspended may be issued to the owner.

(e) *Effect of noncompliance.* Suspension of the Secretary's authority to acquire any improved property without the owner's consent will automatically cease if: (1) Such property is made the subject of variance or exception to any applicable zoning ordinance that does not conform to the applicable standard in the Secretary's regulation, (2) such property is put to a use which does not conform to any applicable zoning ordinance, or, as to property approved by the Secretary for development, a use which does not conform to the approved development plan or (3) the local zoning agency does not have in force a duly adopted, valid zoning ordinance that is approved by the Secretary in accordance with the standards of §§ 292.11 to 292.13.

(f) *Nonconforming commercial or industrial uses.* Any existing commercial or industrial uses not in conformance with approved zoning ordinances shall be discontinued within 10 years from the date such ordinances are approved: *Provided, however,* That with the approval of the Secretary such 10-year period may be extended by the county for a prescribed period sufficient to allow the owner reasonable additional time to amortize investments made in the property before November 8, 1965.

§ 292.13 Standards.

(a) The standards set forth in §§ 292.11-292.13 shall apply to the Shasta and Clair Engle-Lewiston Units, which are defined by the boundary descriptions in the notice of the Secretary of Agriculture of July 12, 1966 (31 FR 9469), and to a strip of land outside the National Recreation Area on either side of Federal Aid Secondary Highway Numbered 1089, as more fully described in 2(a) of the act establishing the recreation area (79 Stat. 1296).

(b) *New industrial or commercial uses.* New industrial or commercial uses will be prohibited in any location except under the following conditions:

(1) The industrial use is such that its operation, physical structures, or waste byproducts would not have significant adverse impacts on surrounding or nearby outdoor recreation, scenic and esthetic values. Industrial uses having an adverse impact include, but are not limited to, cement production, gravel extraction operations involving more than one-fourth acre of surface, smelters, sand, gravel and aggregate processing plants, fabricating plants, pulp mills, and commercial livestock feeder yards.

(2)(i) The commercial use is for purposes of providing food, lodging, automotive or marine maintenance facilities and services to accommodate recreationists and the intended land occupancy and physical structures are such that they can be harmonized with adjacent land development and surrounding appearances in accordance with approved plans and schedules.

(ii) This standard provides for privately owned and operated businesses whose purposes and physical structures are in keeping with objectives for use and maintenance of the area's outdoor recreation resources. It precludes establishment of drive-in theaters, zoos, and similar nonconforming types of commercial entertainment.

(c) *Protection of roadsides.* Provisions to protect natural scenic qualities and maintain screening along public travel routes will include:

(1) Prohibition of new structural improvements or visible utility lines within a strip of land extending back not less than 150 feet from both sides of the centerline of any public road or

roadway except roads within subdivisions or commercial areas. In addition to buildings, this prohibition pertains to above-ground power and telephone lines, borrow pits, gravel, or earth extraction areas, and quarries.

(2) Retention of trees and shrubs in the above-prescribed roadside strips to the full extent that is compatible with needs for public safety and road maintenance. Wholesale clearing by chemical or other means for fire control and other purposes will not be practiced under this standard.

(d) *Protection of shorelines.* Provisions to protect scenic qualities and reduce potentials for pollution of public reservoirs will include: Prohibition of structures within 300 feet horizontal distance from highwater lines of reservoirs other than structures the purpose of which is to service and accommodate boating or to facilitate picnicking and swimming; *Provided*, That exceptions to this standard may be made upon showing satisfactory to the Secretary that proposed structures will not conflict with scenic and antipollution considerations.

(e) *Property development.* Location and development of structures will conform with the following minimum standards:

(1) *Commercial development.* (i) Stores, restaurants, garages, service stations, and comparable business enterprises will be situated in centers zoned for this purpose unless they are operated as part of a resort or hotel. Commercial centers will be of sufficient size that expansion of facilities or service areas is not dependent upon use of public land.

(ii) Sites outside designated commercial centers will be used for resort development contingent upon case by case concurrence of the responsible county officials and the Secretary that such use is, in all aspects, compatible with the purposes for establishing the recreation area.

(iii) Structures for commercial purposes, inclusive of isolated resorts or motels, will not exceed two stories height at front elevation, and will be conventional architecture and will utilize colors, nonglare roofing materials, and spacing or layout that harmonizes with forested settings. Except for

signs, structures designed primarily for purposes of calling attention to products or service will not be permitted.

(2) *Residential development.* (i) Locations approved for residential development will be buffered by distance, topography, or forest cover from existing or planned public use areas such as trailer parks, campgrounds, or organization sites. Separation will be sufficient to avoid conflicts resulting from intervisibility, noise, and proximity that is conducive to private property trespass.

(ii) Requirements for approval of residential areas will include: (a) Construction of access when main access would otherwise be limited to a road constructed by the United States primarily to service publicly owned recreation developments; (b) limitation of residences to single-family units situated at a density not exceeding two per acre, but any lot of less than a half-acre may be used for residential purposes if, on or before promulgation of §§ 292.11-292.13, such lot was in separate ownership or was delineated in a county-approved plat that constitutes part of a duly recorded subdivision; (c) use of set-backs, limitations to natural terrain, neutral exterior colors, nonglare roofing materials, and limitations of building heights fully adequate to harmonize housing development with the objective of the National Recreation Area as set forth in the act.

(3) *Signs and signing.* Only those signs may be permitted which: (i) Do not exceed 1 square foot in area for any residential use; (ii) do not exceed 40 square feet in area, 8 feet in length, and 15 feet maximum height from ground for any other use, including advertisement of the sale or rental of property; and (iii) which are not illuminated by any neon or flashing device. Commercial signs may be placed only on the property on which the advertised use occurs, or on the property which is advertised for sale or rental. Signs shall be subdued in appearance, harmonizing in design and color with the surroundings and shall not be attached to any tree or shrub. Nonconforming signs may continue for a period not to exceed 2 years from the date a zoning ordinance containing these limitations is adopted.

Subpart C—Sawtooth National Recreation Area—Private Lands

AUTHORITY: Sec. 4(a), Act of Aug. 22, 1972 (86 Stat. 613).

§ 292.14 Introduction.

(a) *Purpose.* In accordance with the provisions of the Act establishing the Sawtooth National Recreation Area (86 Stat. 612), the regulations of this subpart establish standards for the use, subdivision and development of privately owned property within the boundaries of the Sawtooth National Recreation Area. The standards are in furtherance of the preservation and protection of the natural, scenic, historic, pastoral, and fish and wildlife values and to provide for the enhancement of the recreational values of the Recreation Area. Unless, in the judgment of the Secretary, such property is being used, or is in imminent danger of being used, in a manner incompatible with such standards, the property or any interest therein may not be acquired by condemnation. However, private land or an interest therein, determined to be necessary for access to and utilization of public property, and for recreation and other facilities, may be condemned without regard to this restriction, subject however, to the limitation in § 292.15(j).

(b) *Amendment of regulations.* Amendments to these regulations shall be made in accordance with the Administrative Procedures Act (60 Stat. 238, 5 U.S.C. 553), including the publishing of the amendments as a notice of proposed rulemaking with final adoption after interested persons have been given an opportunity to participate in the rulemaking through submission of comments.

(c) *Definitions—(1) Cluster-type development.* Planned unit development which allows flexibility in neighborhood and subdivision lot design by dedicating or reserving the land so saved to open space.

(2) *Community development plan.* A narrative plan with maps which sets forth specific standards for desirable development of a community.

(3) *Designated community.* A populated area divided into lots, blocks and streets as platted and recorded in the

official records of the county, containing residences and commercial establishments providing goods and services and retaining the atmosphere of a western frontier ranch-type town and so classified in § 292.15(a).

(4) *Dude ranching.* Development oriented to furnish an outdoor recreational or educational experience related to ranching. Facility development is compatible with the pastoral environment, rustic in nature and harmoniously colored.

(5) *Mineral operations.* All functions, work and activities in connection with exploration, development, mining or processing of mineral resources except prospecting which will not cause significant surface disturbance and will not involve removal of more than a reasonable amount of mineral deposit for analysis and study.

(6) *Private property.* Lands or interests in lands not owned by Federal, State, or local governments but not including unpatented mining claims.

(7) *Ranch-type character.* A low profile, rambling, well-proportioned, rustic appearing, rough-sawn wood or wood and stone structure or group of structures harmoniously situated within a natural environment.

(8) *Residential outbuilding.* Nonhabitable building detached from the residence, such as a garage, woodshed or storage building.

(9) *Secretary.* Secretary of Agriculture.

(10) *Area Ranger.* The Forest Officer having administrative authority for the Sawtooth National Recreation Area.

[39 FR 11544, Mar. 29, 1974]

§ 292.15 General provisions—procedures.

(a) *Classification of private property.* For the purpose of establishing specific standards applicable to the several parcels of private land within the boundaries, such properties are classified and assigned to land use categories as shown on the Land Use Category Map, dated December 15, 1973, as amended July 16, 1976, on file and available for public inspection in the office of the Area Ranger, Sawtooth National Recreation Area, Ketchum, Idaho. The classification of private properties is

based on evaluation of scenic, natural, historic, pastoral, wildlife, and other values.

(b) *Land use categories.* Land use categories shown on the map referred to in paragraph (a) of this section are:

(1) *Designated community.* All properties inside a designated community.

(2) *Residential.* Areas for residential development outside designated communities.

(3) *Commercial.* Areas for commercial development outside designated communities.

(4) *Agriculture.* All properties outside designated communities not placed in a residential or commercial land use category.

(5) *Mineral.* Any areas in the land use in paragraphs (b) (1) through (4) of this section, used for mineral operations.

(c) *Changes in classification.* The Secretary may make changes in the classification of private lands set forth in paragraph (a) of this section by incorporating such changes in an amendment of these regulations.

(d) *Certification of compliance with standards—(1) Present use.* Any owner of property may request in writing the Area Ranger to examine the present use of the property and issue a certification that such present use conforms to the applicable standards established in §292.16 for the land use category in which the property is placed. If after examination the Area Ranger determines that the present use of the property does so conform, he will issue a certification to this effect.

(2) *Planned development or change in use.* Any owner of property who proposes to change the use or develop his property for other than agricultural use may submit to the Area Ranger a use or development plan setting forth the manner in which and the time by which the property is to be developed and the use to which the property is to be put. If the Area Ranger determines that the development and use plan conforms to the applicable standards established in §292.16 for the land use category in which the property is placed, he will issue a certification to this effect.

(3) *Notification of action.* Within 45 days after receipt of request for certification, the Area Ranger shall:

(i) Issue the certification.

(ii) Notify applicant that additional information is needed before action can be taken on the application.

(iii) Notify applicant that certification is denied, and reasons for denial.

(iv) Notify applicant that action on the request is deferred for a specified period of time for stated reasons.

(e) *Qualified certifications.* (1) Any owner of a property classified residential or commercial under paragraph (a) of this section which had been improved and was being used for residential or commercial purposes on the effective date of these regulations, but which does not conform to the standards established for properties in the land use category in which the property is placed may nevertheless be issued a certification for period not to exceed 10 years so that the improvements may be made to conform to the standards. Such certification shall specify that it is only effective so long as the property is not subdivided, and is not further improved and the improvements existing on the effective date of these regulations, are not reconstructed, altered or relocated, except to meet standards. The certification shall specify the date on which it shall terminate.

(2) If the Area Ranger determines, prior to certification, that a part or all of a property, for which a request for certification is made, is needed for access to and utilization of public property or for recreation and other facilities, he may except from the certification that part of the property needed for these purposes.

(f) *Revocation of certification.* The Area Ranger will revoke a certification when he finds that the property is being used or developed not in conformance with the terms of the certification or the applicable standards established in §292.16 or is in imminent danger of being so used or developed. Notice of such revocation will be in writing and delivered to the owner in person or by certified mail. A partial revocation may be made when a portion of a property covered by a certification is determined to be needed for access to and utilization of public property or for recreation and other facilities.

§ 292.16

36 CFR Ch. II (7-1-00 Edition)

(g) *Effect of certification.* Property for which a certification is held by the owner shall not be acquired by the Secretary by condemnation.

(h) *Effect of noncompliance with standards.* Property for which a determination has been made that it is being used or developed not in conformance with the applicable standards established in § 292.16 for the land use category in which the property is placed may be acquired by the Secretary by condemnation.

(i) *Acquisition by negotiated purchase.*

(1) Any privately owned land or interest in land determined by the Secretary to be needed in furtherance of the objectives and purposes for which the Sawtooth National Recreation Area was established may be acquired by negotiated purchase subject only to the limitation in paragraph (j) of this section.

(2) Property which has been developed for use prior to the effective date of these regulations, but which is not in conformance with applicable standards may be acquired by the Secretary through negotiated purchase and the Secretary may permit the owners, their successors or assigns to retain a right of use and occupancy of the improved property for a definite term not beyond December 31, 1988.

(j) *Limitation on acquisitions.* Acquisitions of lands or interests therein for access to and utilization of public property and for recreation and other facilities shall not exceed 5 percent of the total acreage of all private property within the Sawtooth National Recreation Area on August 22, 1972. A land acquisition plan shall be prepared by the Area Ranger and approved by the Regional Forester showing those properties needed for access to and utilization of public property or for recreation and other facilities. Said plan may be revised from time to time upon approval by the Regional Forester. Said plan shall be available for inspection by the public in the office of the Area Ranger.

(k) *Land exchanges.* Some parcels of Federal lands within the Sawtooth National Recreation Area are classified or may be subsequently classified in the overall general plan for the Recreation Area as suitable for selection through

land exchange. Using existing land exchange authorities, these Federal lands may be made available for selection by parties owning land within the boundaries of the National Recreation Area to resolve some existing or potential land use conflicts. The values of the properties so exchanged shall be approximately equal, or, if they are not approximately equal, they shall be equalized by the payment of cash. Federal lands which may be located within the boundaries of designated communities will be considered for exchange only after acceptable community development plans and ordinances have been implemented.

(l) *Appeals.* Any landowner who is adversely affected by a decision of the Area Ranger under these regulations may file an appeal under the provisions of 36 CFR part 251, subpart C.

(m) *Judicial review.* The United States District Court for the District of Idaho shall have jurisdiction to review these regulations upon a compliant filed within 6 months after the effective date of these regulations, by any affected landowner in an action for a declaratory judgment as provided in the Act of August 22, 1972 (86 Stat. 612), section 4(a).

[39 FR 11544, Mar. 29, 1974, as amended at 41 FR 29379, July 16, 1976; 54 FR 3368, Jan. 23, 1989]

§ 292.16 Standards.

The standards established in these regulations are in furtherance of the preservation and protection of the natural, scenic, historic, pastoral, and fish and wildlife values and to provide for the enhancement of the recreation values of the Recreation Area.

(a) *Applicability.* The standards set forth in this section for each land use category shall apply to the private land in each such land use category as classified by the Secretary in accordance with § 292.15.

(b) *Changes in standards.* Changes in and addition to the standards may be made from time to time through amendment of these regulations.

(c) *General standards.* The following standards apply to properties in all land use categories.

Forest Service, USDA

§ 292.16

(1) Use and development of the property will be in conformance with applicable Federal, State, and local laws, regulations and ordinances.

(2) Development, improvement and use of the property will not materially detract from the scenic, natural, historic, pastoral, and fish and wildlife values of the area.

(3) There will be adequate provision for disposal of solid and liquid waste originating on or resulting from use of the property.

(4) All new utilities will be underground.

(5) No structures or other improvements will be constructed in or encroaching upon streambeds, banks and flood plains of live or intermittent streams. Streambeds, banks, and flood plains will not be disturbed, except as may be necessary to construct, operate, and maintain irrigation, fisheries, utilities, roads, and similar facilities or improvements. Any such necessary encroachment will avoid impeding water flow, sedimentation of streams or entrance of deleterious material into streams.

(d) *Designated communities.* (1) The following standards are established until replaced as provided for in paragraph (d)(2) of this section.

(i) No buildings or structures, or part thereof, erected, constructed, reconstructed, altered, moved, or used for any purpose, except in conformance with the standards established herein.

(ii) No excavation or topographic change, except that required for foundations, utilities, or roads, that would modify or change the scenic beauty of natural hillsides or mountain slope lands.

(iii) Minimum 100-foot frontage on new building sites.

(iv) All new buildings set in 10 feet from each side of property line.

(v) All new buildings set back 20 feet from front property line.

(vi) Only one single-family dwelling for each building site or lot.

(vii) No new building to exceed two stories in height as determined from ground level.

(viii) No building or structure erected with foundation pillars or stilts that exceeds 36 inches above ground level.

Pillars or stilts, if used, must be enclosed.

(ix) Minimum of 750 square feet for new residences.

(x) All new buildings constructed of logs, shakes, rough lumber, rough wood, and native stone.

(xi) Mobile or semimobile homes permitted only in existing mobile home parks.

(xii) Nonreflective roofs on new buildings.

(xiii) All new steps and walks constructed of wood.

(xiv) Paints or stains to be of earth tones common to the area.

(xv) All buildings and structures, including fences, to be maintained in a useable and servicable condition or removed. Properties to be maintained in a clean and orderly condition.

(xvi) Existing plus new buildings or structures cannot occupy more than 30 percent of the land surface on a lot less than 20,000 square feet in area. On any lot larger than 20,000 square feet, existing plus new buildings cannot occupy more than 6,500 square feet. Existing properties exceeding this amount as of the effective date of these regulations may not be further developed.

(xvii) The standards in paragraphs (d)(1) (v), (vi), (ix), and (xvi) of this section shall not apply to properties developed for commercial purposes.

(2) The Area Ranger shall cooperate with each designated community in the preparation of a community development plan and implementing ordinances which will assure that use and development of the private properties within the community will be consistent with the purposes for which the Sawtooth National Recreation Area was established and with the overall general plan of the Recreation Area. The Secretary may then, by amendment of these regulations, replace the standards adopted pursuant to paragraph (d)(1) of this section with the standards set forth in such community development plan and implementing ordinances as the standards applicable to that designated community.

(e) *Residential.* (1) Vegetative cover and screening requirements. Any combination of vegetative screening, topography, and structure design that renders the residence inconspicuous

§ 292.16

36 CFR Ch. II (7-1-00 Edition)

and not obtrusive as seen from main travel routes.

(2) *Buildings.* (i) Not more than one residence on each separately owned contiguous property as recorded in the records of the appropriate county on date of publication of these regulations.

(ii) Not more than two outbuildings with each residence. Aggregate square foot area of outbuildings not to exceed 400 square feet.

(iii) Dwelling size not less than 750 square feet of floor space.

(iv) Building architecture compatible with location and the pastoral environment, rustic in nature, harmoniously colored or natural wood finish or suitable wood substitutes, nonreflective roofs and sidings.

(v) Height of buildings to be in keeping with site characteristics and normally not exceeding on-site tree height, or 30 feet.

(vi) Sufficient setback of buildings from centerline of public roads for safety and unhampered traffic flow.

(vii) Minimum building setback from property line—10 feet.

(3) No excavation or topographic change except that required for buildings, roads, and utilities.

(4) Removal of live trees and other vegetation limited to that necessary to accommodate buildings and roads to allow installation of utilities.

(5) Roads designed, located, and constructed to minimize adverse esthetic impact and soil erosion.

(6) Owner identification and sale or rental signs not to exceed 2 square feet in size.

(7) Buildings and structures, including fences, to be maintained in a usable and serviceable condition or removed.

(8) No further reduction in size of residential ownerships except that which will not impair the objectives for which the Sawtooth National Recreation Area was established. A certification will be issued pursuant to §292.15(d) upon application in such cases.

(f) *Commercial*—(1) General. Service provided must serve a need which cannot readily or adequately be provided in a designated community, and must be compatible with the purposes for which the Sawtooth National Recreation Area was established.

(2) *Buildings.* (i) Building architecture to be compatible with the pastoral environment, rustic in nature, harmoniously colored or natural wood finish or suitable wood substitutes, nonreflective roofs and sidings.

(ii) Building height to be in keeping with building size, scale, setback from roads and property boundaries, site size, setting, building design and type of use.

(iii) Sufficient setback of buildings from centerline of public roads for safety and unhampered traffic flow.

(3) Only signs identifying the commercial enterprise being conducted on the property. Signs not to exceed 20 square feet in area, 6 feet in length and 15 feet maximum height. Signs to be subdued in appearance and harmonizing in design and color with the surroundings. Signs not complying with the standard may be approved by certifications issued pursuant to §292.15(d) in special cases.

(4) No flashing lights.

(5) No new mobile or semimobile homes and mobile home parks except where they may be located without substantially impairing or detracting from the scenic, natural, historic, pastoral, and fish and wildlife values of the area.

(g) *Agriculture.* (1) Only structures which do not substantially impair or detract from the scenic, natural, historic, pastoral, and fish and wildlife values of the area and which are necessary for ranching or dude ranching such as dwellings, barns, storage buildings, fences, corrals, irrigation facilities, roads, and utilities.

(2) Buildings to be ranch-type character with log or other rustic exterior with harmoniously colored or natural wood finish and nonreflective surfaces.

(3) Fences and other improvements to be in harmony with the western ranching atmosphere.

(4) Minimum setback of new buildings to be 150 feet from public roads where determined feasible by the Area Ranger.

(5) No further reduction in size of agricultural ownerships except that which will not impair the objectives for which the Sawtooth National Recreation Area was established. A certification will be issued pursuant to

Forest Service, USDA

§ 292.17

§ 292.15(d) upon application in such cases.

(6) No signs, billboards or advertising devices except a property identification sign and one sale or rental sign not to exceed 2 square feet in area, harmonious in design and color with the surroundings. Signs not complying with this standard may be approved by certifications issued pursuant to § 292.15(d) in special cases.

(7) Any tree removal and related slash disposal and soil erosion prevention measures to be conducted in a manner that will minimize detrimental effects to the site and adjoining lands.

(8) The general topography of the landscape to be unaltered except for incidental excavation or topographic change required by ranching activities.

(9) Structures and improvements, including fences, to be maintained in usable condition or removed. Those recognized as having historic or esthetic value may remain.

(10) Roads to be designed, located and constructed to minimize esthetic impact and soil movement.

(11) Agricultural practices to be limited to hay production and pasture and range grazing in a manner which does not degrade water quality or result in accelerated soil erosion.

(h) *Mineral operations.* The standards set forth in this paragraph shall apply to a private property or portion thereof in any land use category which is used for mineral operations. To aid in determining whether a planned mineral operation will conform to these standards, the owner of the property shall submit to the Area Ranger a proposed plan of operations. If the Area Ranger determines that the proposed operation conforms to the standards established herein he will approve the plan and such approval shall constitute the certification provided for in § 292.15(d).

(1) Operations will be confined to those locations where they may be conducted without substantially impairing or detracting from the scenic, natural, historic, pastoral, and fish and wildlife values of the area.

(2) The general standards set forth in paragraph (c) of this section shall apply to any mineral operations.

(3) The operations as described in the plan of operation and as they are car-

ried out in accordance with the plan shall:

(i) Comply with Federal and State air and water quality and waste disposal standards.

(ii) Minimize adverse impacts on scenic values.

(iii) Provide for prompt stabilization and restoration of areas disturbed by the operations.

[39 FR 11544, Mar. 29, 1974]

Subpart D—Sawtooth National Recreation Area—Federal Lands

AUTHORITY: Sec. 1, 30 Stat. 35, 36, as amended, 16 U.S.C. 478, 551; sec. 11, 86 Stat. 612, 16 U.S.C. 460aa-10.

§ 292.17 General provisions.

(a) The use, management and utilization of natural resources on the Federal lands in the Sawtooth National Recreation Area (SNRA) are subject to the General Management Plan and the laws, rules, and regulations pertaining to the National Forests with the exception that part 252 of this chapter does not apply to these resources. No use or disposal of such resources shall be authorized which will result in substantial impairment of the natural values of the Recreation Area.

(b) *Definitions:* (1) *Act* means Pub. L. 92-400 (86 Stat. 612), which established the SNRA.

(2) *Area Ranger or Superintendent* means the Forest Service officer having administrative authority for the SNRA.

(3) *General management plan* means the document setting forth the land allocation and resource decisions for management of the SNRA.

(4) *Letter of authorization* means a letter signed by the Area Ranger, or his designee, authorizing an operator to conduct operations as approved in the operating plan.

(5) *Mineral resources* means all locatable minerals.

(6) *Operator* means a person conducting or proposing to conduct operations.

(7) *Operations* means all functions works, and activities in connection with exploration, development, mining or processing of mineral resources and

§ 292.18

36 CFR Ch. II (7-1-00 Edition)

all uses reasonably incident thereto, including roads and other means of access on lands, regardless of whether said operations take place on or off mining claims.

(8) *Operating plan* means a written instrument describing proposed operations on Federal lands and containing such information as required by § 292.18.

(9) *Person* means any individual, partnership, association, corporation, or other legal entity.

(10) *Substantial impairment* means that level of disturbance of the values of the SNRA which is incompatible with the standards of the General Management Plan. The proposed activities will be evaluated as to:

- (i) The period of impact,
- (ii) The area affected, and
- (iii) The importance of the impact on the SNRA values.

(11) *Unpatented mining claims* means any mining claim or millsite claim located prior to August 22, 1972, pursuant to the Mining Law of 1872, but not patented.

[42 FR 39387, Aug. 4, 1977]

§ 292.18 Mineral resources.

(a) *Occupancy*. No unpatented mining claim may be used or occupied, except as otherwise permitted for any purpose other than exploration, mining, or processing operations and uses reasonably incident thereto.

(b) *Letter of authorization*. A letter of authorization with the posting of an appropriate bond is required prior to conducting operations in the SNRA.

(c) *Operating plan*. A proposed operating plan must be filed with the Area Ranger prior to conducting any operations and prior to construction, reconstruction, improvement or maintenance of roads and trails, bridges, or other facilities for access within the SNRA; provided, that an operating plan is not required for—

- (1) Operations which only involve vehicular travel on existing roads open to public use;
- (2) Marking and/or reestablishing claims corners;
- (3) Sampling and exploration work which will not cause significant damage to surface resources and will not involve the removal of more than 100

pounds of material for analysis and study, provided the Area Ranger has prior notice of such activities; or

(4) The evaluation and study of existing underground mine workings not involving surface disturbances.

(d) *Operating plan—requirements*. Each operating plan shall include:

(1) The names and mailing addresses of operators and their agents, along with a statement of ownership and/or authorization under which the operation is to be conducted, and including a copy of the location notice(s), proof of assessment labor, and quit claim deeds if ownership has changed within the assessment year.

(2) A map or sketch showing information sufficient to locate the proposed area of operations on the ground, existing and/or proposed roads or access routes to be used in connection with the operations and the approximate location and size of areas where surface resources will be disturbed.

(3) Information describing the nature of operations proposed and how they will be conducted, the type and standard of existing and proposed roads or access routes, the means of transportation to be used, the period during which the proposed operations will take place, and measures to be taken for protecting the values of the SNRA and reclaiming the lands.

(e) *Operating plan—approval*. (1) The Area Ranger shall promptly acknowledge receipt of any operating plan to the operator. The Area Ranger shall review the environmental effects and conduct a technical examination of each proposed operating plan.

The technical examination shall identify the resources and the land uses in the area of operations. The Area Ranger shall use the current General Management Plan of the SNRA and the Final Environmental Statement as guides in determining whether the proposed operations may result in substantial impairment of the values of the SNRA. In his review, the Area Ranger may solicit comments from the general public and/or other government agencies in analysis of environmental effects. In his review, the Area Ranger will consider the compatibility of the proposed operating plan with the Act and the General Management Plan.

Forest Service, USDA

§ 292.20

The Area Ranger may not approve an operating plan for an identical claimed area to more than one operator.

(2) Within 30 working days of receipt of a proposed operating plan, the Area Ranger shall take one of the following actions:

(i) Notify the operator that the operating plan has been approved as submitted; or,

(ii) Notify the operator that the operating plan has been approved as subject to the operator accepting the changes or conditions deemed necessary by the Area Ranger; or,

(iii) Notify the operator that more time is necessary to review the plan because of the need to prepare an environmental impact statement, or conduct a cultural resource survey, or other stated reasons; in such cases, the operator will be notified of the approximate time needed to complete the review; or,

(iv) Notify the operator of an apparent conflict of ownership and that additional proof of ownership is required; or,

(v) Notify the operator that the operating plan as submitted is inadequate to support any conclusion as to substantial impairment, and that additional information will be required; or,

(vi) Notify the operator that the operating plan is not approved since such operations as specified in the plan would create substantial impairment.

(f) *Operating plans—suspension or modification.* The Area Ranger may suspend or terminate authorization to operate in whole or in part where such operations are causing substantial impairment which cannot be mitigated. At any time during operations under an approved operation plan, the operator may be required to modify the operating plan in order to minimize or avoid substantial impairment of the values of the SNRA.

(g) *Bond requirements.* (1) An operator shall furnish a bond, in the amount determined by the Area Ranger to be appropriate for reclamation of the disturbed surface area, prior to the commencement of operations. In lieu of a bond, the operator may deposit into a Federal depository, as directed by the Forest Service, cash in an amount equal to the required dollar amount of

the bond or negotiable securities of the United States having market value at the time of deposit or not less than the required dollar amount of the bond.

(2) When the reclamation of the project, or portions thereof, has been completed, the operator will notify the Area Ranger who will examine the area to determine whether the reclamation is acceptable. When the Area Ranger has accepted as completed any portion of the reclamation, he shall reduce proportionately the amount of bond thereafter to be required with respect to the remaining reclamation. However, the operator will not be released from liability under the bond for the amount which may be necessary to revegetate each planting area for a minimum period of at least 5 years after the first efforts at revegetation if those initial efforts are unsuccessful.

(3) If the Area Ranger determines that revegetation is likely to occur before the expiration of such minimum period, he may release the operator from the extended liability under the bond for revegetation of planting area.

(h) *Access.* The operator shall permit free and unrestricted public access to and through lands included within an unpatented mining claim for all lawful and proper purposes. In areas where such access would unduly interfere with authorized operations or would constitute a hazard to public health and safety, public use may be restricted with prior approval of the Area Ranger.

[42 FR 39387, Aug. 4, 1977]

Subpart E—Hells Canyon National Recreation Area—Private Lands

AUTHORITY: 89 Stat. 1117; 16 U.S.C. 460gg-460gg-13.

SOURCE: 59 FR 30497, June 13, 1994, unless otherwise noted.

§ 292.20 Purpose and scope.

(a) *Purpose.* The Act establishing the Hells Canyon National Recreation Area (hereafter referred to as HCNRA) (16 U.S.C. 460gg-460gg-13) encourages the retention of traditional and valid uses of private land within the HCNRA, such as ranching, grazing, farming, timber harvesting, and the occupation

§ 292.21

36 CFR Ch. II (7-1-00 Edition)

of homes and lands associated therewith, as they existed at the time the HCNRA was established on December 31, 1975. To this end, the Act directs the Secretary of Agriculture to promulgate regulations establishing standards for the use and development of private land within the HCNRA and grants the Secretary limited condemnation authority to address situations where the standards are not met. The purpose of this subpart is to establish standards that would guide the Secretary's consideration of the use of the limited condemnation authority granted by the Act.

(b) *Scope.* The regulations in this subpart establish standards applicable to all private property within the boundaries of the HCNRA, including that within the boundaries of the Rapid, Snake, and Innaha Wild and Scenic Rivers and the Hells Canyon Wilderness. The regulations in this subpart do not operate to restrict the use and development of private property; rather, they serve to inform the landowner of those uses that are compatible with purposes for which the HCNRA was established. Uses not compatible with these standards could result in the Secretary acquiring land or interests therein without a landowner's consent.

The regulations in this subpart, in and of themselves, do not effect a taking of private property, including valid, existing water rights, nor do the standards established in this subpart limit or restrict a private landowner's property use that is compatible with the purposes of the Act. The Responsible Official may use the regulations in this subpart solely to determine whether private land uses or developments are compatible with the purposes and direction of the Act and, if not, to determine whether the Secretary should consider initiating condemnation proceedings to acquire land or scenic easements.

§ 292.21 Definitions.

For the purposes of this subpart, the following terms are defined:

Act refers to the act of December 31, 1975, which established the Hells Canyon National Recreation Area (89 Stat. 1117; 16 U.S.C. 460gg-460gg-13).

Archaeological sites are those sites containing relics, artifacts, and other evidence of past human cultures including historic properties as defined by the National Historic Preservation Act.

Commercial land is land within the HCNRA developed for commercial purposes as of June 13, 1994 and which is assigned to the commercial land category (§ 292.22).

Condemnation is the acquisition of lands or interests therein by the Secretary without the consent of the owner. In the case of the Act, condemnation is a limited authority that may be exercised by the Secretary only in the event that a standard or standards set forth herein are violated for all private land categories except mining lands. Where mining lands are involved, the Secretary may exercise his or her condemnation authority notwithstanding the fact that the mining land owner has complied with the relevant standards of this section.

Conservation easement or *Scenic easement* as defined in Section 9(d) of the Act "means the right to control the use of land in order to protect aesthetic values for the purposes of this Act, but shall not be acquired without the consent of the owner to preclude the continuation of any farming or pastoral use exercised by the owner as of the date of enactment of this Act."

Dude ranching is a business oriented primarily towards furnishing small groups with an outdoor recreational and educational experience associated with ranching activities and perpetuates the purposes for which the HCNRA was established. Dude ranching is subservient to the primarily recognized ranching operation.

Existing uses are those uses of or developments to private land as of the date of enactment of the Act on December 31, 1975.

Farm/Forest/Grazing lands are those lands used for farm, forest, and grazing purposes, for maintaining watersheds as fish and wildlife habitat, or for providing outdoor recreational activities. All such lands are assigned to the Farm/Forest/Grazing land category in § 292.22.

Farm/Forest/Grazing Use is any traditional agricultural, silvicultural, or

livestock management use or combination thereof on farm/forest/grazing lands within the HCNRA. This includes, but is not limited to, truck farming, growing and harvesting of timber, grazing of livestock, horticultural use, animal husbandry use, horse, cattle, and sheep ranching, and preparation and storage of the products raised on farm/forest/grazing land for on-site use or for disposal by marketing or otherwise. Farm/forest/grazing uses may also consist of uses related to and in furtherance of the protection of watersheds, maintenance of fish and wildlife habitat, and the pursuit of recreational activities.

Hazardous substance includes any material so classified under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. 9601 et seq.).

Mining lands are lands primarily used for mining purposes as of June 13, 1994 and which are assigned to the mining land category in § 292.22.

Outdoor recreational activities are activities such as camping, picnicking, rafting, boating, hiking, rock climbing, fishing, hunting, horseback riding, and the viewing of wildlife or scenery.

Parcel as used in this subpart refers to contiguous tax lots under one ownership. For the purposes of this subpart, rights-of-way do not divide parcels into smaller units.

Partition is the division of land into lots, and which, under county planning ordinances, is identified by a map, drawing, or writing which contains the descriptions, locations, specifications, and dedications for roads, utilities, etc. and which has been properly filed with the County recorder.

Private land is land not in federal, state, or local government ownership.

Proposed uses are those uses of or development to a private land parcel within the HCNRA initiated after June 13, 1994.

Ranger is the HCNRA Area Ranger, Wallowa-Whitman National Forest, with offices located in Enterprise, Oregon, Riggins, Idaho, and Clarkston, Washington, except for the Rapid Wild and Scenic River where the term refers to the Salmon River District Ranger, Nez Perce National Forest, located in Whitebird, Idaho.

Recreational facilities are facilities associated with or required for outdoor recreational activities and include, but are not limited to, parks, campgrounds, hunting and fishing lodges, and interpretive displays.

Residential lands are lands within the HCNRA developed for residential purposes as of June 13, 1994 and which are assigned to the Residential land category in § 292.22.

Scenic Easement. See *Conservation Easement*.

Screening is the reduction or elimination of the visual impact of any structure or land modification as seen from any public travel route within the HCNRA.

Solid waste is discarded solid materials resulting from mining, industrial, commercial, agricultural, silvicultural, and community activities. This term does not include domestic sewage or pollutants such as silt or dissolved materials in irrigation return flows.

Structure is any permanent building or facility, or part thereof such as barns, outhouses, residences and storage sheds. This includes electric transmission line systems, substations, commercial radio transmitters, relays or repeater stations, antennas, and other electronic sites and associated structures.

Traditional uses are ranching, grazing, farming, timber harvesting and the occupation of homes and land associated therewith within the HCNRA, or other activities including outdoor recreational activities and facilities, which existed on or before December 31, 1975.

Travel route is a route, such as a county or National Forest system road or river or trail, that is open for use by members of the general public.

§ 292.22 Land category assignments.

(a) *Land categories.* (1) All privately owned lands within the HCNRA are to be assigned to one of the following four land categories:

- (i) Farm/forest/grazing land.
- (ii) Mining land.
- (iii) Residential land.
- (iv) Commercial land.

(2) Not later than August 12, 1994, a map or maps displaying the privately owned lands within the HCNRA and the

§ 292.23

land categories to which they have been assigned must be on file and available for public inspection at the Ranger's office. The Ranger shall give notice of the availability of this map or maps in the local newspapers of record.

(b) *Changes in land category assignment.* Lands assigned to the Commercial, Residential, or Mining category may be reclassified as farm/forest/grazing land so long as the intended use or development is consistent with the standards in § 292.23 and the Ranger has given public notice of the proposed change in the local newspaper of record and has notified adjacent landowners and the affected county government at least 30 days prior to any decision on the proposed change.

§ 292.23 Standards of compatible land use and development.

Private land use that conforms to the standards of this section is deemed to be compatible with the purpose for which the HCNRA was established.

(a) *Standards applicable to all private lands.* As of June 13, 1994, the use and development of private lands in all land categories within the HCNRA is deemed compatible with the purposes for which the HCNRA was established, if the use and development of such lands meets the following standards:

(1) Use and development conforms to applicable local, state, and federal environmental, natural resource, cultural resource, and land use development law.

(2) All new or replacement structures are screened and/or constructed of materials that blend with the natural environment, except where structures typify the architectural style and materials of a significant historic era such as pre-World War II. Screening is not required, however, for new or replacement structures that are associated with an existing unscreened structure or structures that were not screened at the time this rule became effective.

(3) No public or commercial solid waste disposal sites or hazardous substance disposal sites are located on private lands within the HCNRA.

(4) All new or replacement utility lines are placed underground where ground conditions and topography permit. This standard does not prevent or

impair routine maintenance of utility lines or related structures in existence prior to June 13, 1994.

(5) No new or replacement structures are developed within the boundaries of the Hells Canyon Wilderness, provided that existing structures may be repaired and/or maintained.

(6) Significant historic, archaeological, or paleontologic sites are protected.

(7) Sites used for the extraction of common mineral materials, such as gravel, for construction and maintenance purposes on all except designated mining lands, are screened where possible, and are not in excess of 2 acres in size.

(8) New recreational facilities enhance and are compatible with the purpose of the Act.

(b) *Farm/forest/grazing lands standards.* The following additional standards are applicable to farm/forest/grazing lands:

(1) Except as otherwise provided in this paragraph, the minimum lot size for residential development is 160 acres. Only residences associated with farm/forest/grazing uses may be developed. Partitions of less than 160 acres may be made to provide for the continuation of existing commercial agriculture, but such partitions may not be developed for residential use. Lots of less than 160 acres existing on June 13, 1994, with residences permanently affixed to a foundation or basement, are considered to be in compliance.

(2) Structures are limited to those necessary to conduct farm/forest/grazing use.

(3) Dude ranching is permitted provided it is compatible with the purpose and direction of the Act and is part of a recognized ranching operation.

(4) New or replacement structures for farm/forest/grazing use are not closer than 25 feet from a property line or 55 feet from the center line of a travel route.

(c) *Mining Lands.* (1) The following standards are applicable to mining lands:

(i) The owner of mining lands must consult with the Ranger concerning proposed mineral development activities prior to submitting a plan of operations to the relevant state or federal agencies.

Forest Service, USDA

§ 292.25

(ii) Operations comply with Federal and State mining, air quality, water quality, hazardous waste, water disposal and reclamation standards.

(iii) The type and number of structures, including but not limited to residences associated with the mining activity, are limited to the minimum necessary for the use and development of the mining lands.

(iv) No new structures are located closer than 25 feet from a property line or 55 feet from the center line of a travel route.

(v) Mining lands are not partitioned.

(2) Notwithstanding compliance with the standards of paragraph (c)(1) of this section, the Secretary may acquire mineral interests in the HCNRA without the consent of the owner, if the Secretary deems this necessary to meet the purposes for which the HCNRA was established.

§ 292.24 Determination of compliance and noncompliance.

(a) *Compliance.* Landowners may request a determination by the Forest Service as to whether an existing or a proposed use or development complies with the relevant standards set out in this subpart.

(1) Requests for a determination of compliance must be made in writing to the Ranger and include the following information:

(i) The current land category to which the land is assigned (§ 292.23);

(ii) The use of development that exists or that is proposed for the property;

(iii) A statement as to whether a change in the land category assignment will be necessary to accommodate the proposed use or development;

(iv) The timeframe for implementing the proposed use or development; and

(v) A statement as to how the proposed use or development satisfies the relevant standards of § 292.23 of this subpart.

(2) The Ranger shall review the request and notify the landowner in writing within 45 days whether the existing or proposed use or development is in compliance with § 292.23 of this subpart. The Ranger may extend the time for making a compliance determination by

30 days if additional information is needed.

(b) *Noncompliance.* (1) In the event that the Forest Service determines that an existing or proposed use of development is not in compliance with the standards of § 292.23 of this subpart, the Ranger shall give the landowner written notice of the manner and nature of noncompliance. To the extent practicable, the notice will include suggestions for achieving compliance. The notice also must include a statement that the violation of a standard or standards and the failure to cure such violation may result in the initiation of condemnation proceedings by the Secretary.

(2) The Forest Service may initiate a noncompliance determination on its own without having first received a landowner request.

(c) *Written petition.* The landowner may file a written petition with the Forest Supervisor for a review of a decision of compliance or noncompliance. The Forest Supervisor shall render a decision within 30 days of the receipt of the petition. A decision by the Forest Supervisor constitutes the final administrative determination by the Department of Agriculture. Petitions of decisions on lands within the Rapid River Wild and Scenic River Corridor should be addressed to the Forest Supervisor, Nez Perce National Forest, Route 2, P.O. Box 475, Grangeville, Idaho 83450. All other petitions should be addressed to the Forest Supervisor, Wallowa-Whitman National Forest, P.O. Box 907, Baker City, Oregon 97814.

§ 292.25 Information requirements.

The information required by § 292.24 of this subpart in order for a landowner to obtain a determination of compliance constitutes an information requirement as defined in the Paperwork Reduction Act (44 U.S.C. 3507) and has been approved for use by the Office of Management and Budget and assigned control number 0596-0135.

Subpart F—Hells Canyon National Recreation Area—Federal Lands

AUTHORITY: 16 U.S.C. 460gg-7.

§ 292.40

36 CFR Ch. II (7-1-00 Edition)

SOURCE: 59 FR 36882, July 19, 1994, unless otherwise noted.

§ 292.40 Purpose and scope.

(a) *Purpose.* The rules of this subpart establish standards and guidelines for the protection and preservation of historic, archeological, and paleontological resources, the use of motorized and mechanical equipment, the use of motorized and non-motorized rivercraft, and the management, utilization, and disposal of natural resources by timber harvesting, mining and grazing on National Forest System lands that comprise the Hells Canyon National Recreation Area located in the Wallowa-Whitman, Nez Perce, and Payette National Forests in the States of Idaho and Oregon as established by the Act of December 31, 1975, as amended (89 Stat. 1117, 16 U.S.C. 460gg *et seq.*).

(b) *Scope.* Management of National Forest System lands within the Hells Canyon National Recreation Area is subject to all laws, rules, and regulations applicable to the national Forest System, except as otherwise provided in this subpart. In the event of a conflict of inconsistency between rules of this subpart and other rules within this title, the rules of this subpart shall take precedence to the extent permitted by law.

§ 292.41 Definitions.

Special terms used in this subpart are defined as follows:

“*Act*” means the Act of December 31, 1975, as amended (Pub. L. 94-199, 89 Stat. 1117) which established the Hells Canyon National Recreation Area.

“*Authorized Officer*” is a Forest Service line officer who has been delegated the authority to take certain actions pursuant to the provisions of this subpart.

“*Comprehensive Management Plan*” is the document that establishes the array, levels, and manner of resource uses within the HCNRA. It is incorporated as part of the Wallowa-Whitman National Forest Land and Resource Management Plan.

“*Cultural resources*” means historic and archeological resources.

“*HCNRA*” is the abbreviation for the Hells Canyon National Recreation Area.

“*Mechanical equipment*” means any contrivance which travels over ground, snow or water on wheels, tracks, skids, or by flotation that is powered by a living source. This term does not include non-motorized rivercraft which is defined separately herein, wheelchairs, or other similar devices used solely to assist persons with disabilities.

“*Mining*” means any activity related to the discovery, extraction and exploitation of minerals under the Mining Act of 1872, 30 U.S.C. 22 *et seq.*, and the Mineral Leasing Act of 1920, 30 U.S.C. 181 *et seq.*, through the use of, among other things, hydraulic equipment, pans, ground sluicing, sluice boxes, rockers, or suction dredges.

“*Motorized equipment*” means any machine powered by a nonliving source. This term does not include motorized rivercraft which is defined separately herein or small, hand-held devices such as flashlights, shavers, wristwatches, and Geiger counters.

“*Motorized rivercraft*” means any boat capable of being mechanically propelled by propeller(s) or jet pump(s) upstream through rapids.

“*Non-Motorized rivercraft*” means any boat which is not a motorized rivercraft.

“*Other lands*” means all National Forest System lands in the HCNRA except for Wild and Scenic Rivers and Wilderness Lands.

“*Paleontological resources*” means any remains, trace, or imprint of a plant or animal that has been preserved in the Earth’s crust prior to the Holocene epoch.

“*Selective cutting*” means single tree or group selection cutting and is the periodic removal of trees individually or in small groups from an uneven aged forest in order to maintain diverse stands, with the sustainability and improvement of the forest using an ecosystem approach to management being a primary consideration.

“*Suitable*” means it is appropriate to apply certain resource management practices to a particular area of land, as determined by an ecological and environmental analysis of the land. A unit of land may be suitable for a variety of individual or combined management practices.

Forest Service, USDA

§ 292.43

“*Wild and Scenic Rivers*” means the segments of the Snake, Rapid, and Imnaha Rivers designated as components of the National Wild and Scenic Rivers System and any other river or segment thereof in the HCNRA hereafter designated. Wild and Scenic Rivers include all National Forest System lands within the designated Wild and Scenic River corridor.

“*Wilderness lands*” means the Hells Canyon Wilderness, that portion of the Eagle Cap Wilderness in the HCNRA, and any other wilderness in the HCNRA hereafter designated as components of the National Wilderness Preservation System.

§ 292.42 Management standards and guidelines.

(a) In addition to existing statutory and regulatory authority governing administration of National Forest System lands and resources, the standards and guidelines in §§ 292.43 to 292.48 of this subpart prescribe the scope and extent of certain activities that may occur in the HCNRA. These standards and guidelines are consistent with the overall objective of administering the HCNRA to preserve its natural beauty, historical and archaeological values and enhance its recreational and ecological values and the public’s enjoyment. The standards and guidelines may vary depending on whether the land where the proposed activity is contemplated is within the Wilderness Lands, Wild and Scenic Rivers, or the Other Lands.

(b) The standards and guidelines of this subpart govern the previous programmatic direction in the Comprehensive Management Plan that has been incorporated into the Wallowa-Whitman National Forest Land and Resource Management Plan. Site specific environmental analysis may be required even in those situations where a use or activity is permissible under the standards and guidelines set forth in this subpart.

(c) The standards and guidelines of this subpart may be enforced by the authorized officer pursuant to 36 CFR part 261.

§ 292.43 Protection and preservation of cultural and paleontological resources.

(a) Other Lands and Wild and Scenic Rivers. The following standards and guidelines of this section apply to the protection and preservation of cultural and paleontological resources on the Other Lands and the Wild and Scenic Rivers in the HCNRA:

(1) The primary objective of managing cultural resources is the protection of the resource from damage or destruction. To the extent consistent with protection, cultural resources may also be managed for scientific research, public education and enjoyment. Where interpretation of these sites for public benefit and knowledge is developed, it shall be compatible with the protection of cultural resources.

(2) The authorized officer shall establish priorities for management emphasis and protection of cultural resources based, in part, on whether the appropriate State Historic Preservation Office has concurred with the Forest Service’s determination that a cultural resource is significant.

(3) Significant cultural resources are to be protected on-site, unless the authorized officer determines that off-site protection is preferable because adequate protection cannot be provided on-site, the resource is already adequately represented and protected on-site elsewhere, protection on-site is not consistent with the administration of Wilderness Lands, or for other good cause shown. Information about significant cultural resources shall be documented.

(4) The primary objective of managing paleontological resources is scientific research. Paleontological resources may only be disturbed or removed in conjunction with scientific research and only upon the issuance of prior written authorization of the disturbance or removal activity.

(b) *Wilderness Lands*. The following standards and guidelines apply to the protection and preservation of cultural and paleontological resources in the Wilderness Lands category of the HCNRA.

§ 292.44

(1) The standards and guidelines for Other Lands and Wild and Scenic Rivers in paragraph (a) of this section also apply to Wilderness Lands.

(2) Public education and information activities concerning cultural resources on Wilderness Lands may not be offered or established inside Wilderness Lands.

(3) New trails and relocations of existing trails may not be developed for the sole purpose of providing public access to cultural resource sites on Wilderness Lands.

§ 292.44 Use of motorized and mechanical equipment.

The standards and guidelines of this section apply to the use of motorized and mechanical equipment in the HCNRA. These standards and guidelines shall not be construed to impair or preclude use of such equipment in the Forest Service's administration of the HCNRA; authorized scientific and other research activities within the HCNRA; timber harvesting, mining, or grazing activities as authorized in §§ 292.46–292.48 of this subpart; responses by the Forest Service or any other Federal, state, or local agency to public health or safety emergencies; or access to private inholdings within the HCNRA.

(a) *Other Lands.* The following standards and guidelines apply to the use of motorized and mechanical equipment in the Other Lands category of the HCNRA.

(1) Motorized and mechanical equipment may be used on designated Forest Service roads, trails, and airstrips subject to terms and conditions deemed necessary by the authorized officer for the safe use of such facilities.

(2) The use of motorized and mechanical equipment is prohibited off of designated Forest Service roads, trails, and airstrips unless authorized by the authorized officer subject to terms and conditions deemed necessary by the authorized officer for the safe use of such equipment and to ensure that its use is compatible with the Act.

(b) *Wild and Scenic Rivers.* The following standards and guidelines apply to the use of motorized and mechanical equipment in the Wild and Scenic Rivers category in the HCNRA.

36 CFR Ch. II (7–1–00 Edition)

(1) The use of motorized and mechanical equipment on designated Forest Service roads, trails and airstrips is permissible on wild and scenic river segments classified “scenic” or “recreational” subject to terms and conditions necessary for safe use of such equipment and to ensure its use is compatible with the Wild and Scenic Rivers Act.

(2) The use of motorized and mechanical equipment on designated Forest Service roads, trails, and airstrips is prohibited on wild and scenic river segments classified “wild” except as provided for by the authorized officer upon a determination that such use is necessary for the administration of the river or to protect and enhance the values for which river was designated.

(c) *Wilderness Lands.* Except as provided for in Sections 4 (c) and (d) of the Wilderness Act and regulations at 36 CFR parts 261 and 293, the use of motorized and mechanical equipment is prohibited on Wilderness Lands.

§ 292.45 Use of motorized and non-motorized rivercraft.

The standards and guidelines of this section apply to the use of motorized and non-motorized rivercraft on rivers within the HCNRA.

(a) The use of non-motorized rivercraft may be permitted subject to restrictions on size, type of craft, numbers, duration, seasons, or other matters which may be deemed by the authorized officer to be necessary to ensure the safe use and enjoyment of the rivers: Provided, that where wild and scenic rivers are concerned, the authorized officer may impose such additional terms and conditions as may be necessary to protect and enhance the values for which the river was designated.

(b) The use of motorized rivercraft is prohibited except on the Snake River and that portion of the Salmon River in the HCNRA administered by the Forest Service where such activity may be permitted subject to restrictions on size, type of craft, numbers, noise limits, duration, seasons or other matters which may be deemed by the authorized officer necessary for the safe use and enjoyment of the rivers: Provided, that where wild and scenic

rivers are involved, the authorized officer may impose such additional terms and conditions as may be necessary to protect and enhance the values for which the river was designated.

(c) The use of motorized and non-motorized rivercraft is subject to all federal and state boating registration and safety laws.

(d) The use of motorized or non-motorized rivercraft on the Snake River and that portion of the Salmon River in the HCNRA administered by the Forest Service requires prior written authorization from the authorized officer.

(e) In authorizing the use of motorized and non-motorized rivercraft on the Snake River, the authorized officer must reasonably accommodate both private and commercial users of each type of rivercraft.

(f) In authorizing the use of motorized and non-motorized rivercraft on the Snake River, the authorized officer must ensure that the carrying capacity of the river is not exceeded.

(g) In authorizing the use of motorized and non-motorized rivercraft on the Snake River, the authorized officer shall seek to minimize, where practicable, conflicts between motorized and non-motorized rivercraft users and between both types of rivercraft users and all other users of the river.

§ 292.46 Timber harvesting activities.

(a) *Other Lands.* The standards and guidelines of this section apply to timber harvesting activities in the Other Lands category of the HCNRA.

(1) Timber may be harvested only to protect and enhance ecosystem health, wildlife habitat, or recreational and scenic uses; to reduce the risk of harm posed by hazard trees; or to respond to natural events such as wildfire, flood, earthquake, volcanic eruption, high winds, and disease or insect infestation.

(2) Where authorized, trees may be harvested by selective cuttings. Openings created by the timber harvesting activity must be limited in size and number to the minimum necessary to accomplish the purpose of the harvest, and must blend with the natural landscape to the extent practicable.

(b) *Wild and Scenic Rivers.* The following standards and guidelines apply to timber harvesting activities in the Wild and Scenic Rivers category of the HCNRA.

(1) Timber may be harvested on river segments classified "scenic" or "recreational" to protect and enhance the values for which the river was designated.

(2) Timber may be harvested on river segments classified "wild" only when necessary to provide for recreational facilities such as trails, to reduce the risk of hazard trees, or to respond to natural events provided that the activity is consistent with the Wild and Scenic Rivers Act.

(3) Where authorized, timber harvesting activities on wild and scenic rivers may be conducted in accordance with and using the same methods as prescribed in section (a)(2) above.

(c) *Wilderness Lands.* Except as provided for in Sections 4 (c) and (d) of the Wilderness Act and regulations at 36 CFR part 293, timber harvesting is prohibited on Wilderness Lands.

§ 292.47 Mining activities.

(a) *Other Lands.* The standards and guidelines of this section apply to mining activities in the Other Lands category of the HCNRA.

(1) All mining activities are prohibited subject to valid existing rights as of December 31, 1975.

(2) The impact of mining activities including, but not limited to, drilling and the development of ingress and egress routes, must be minimized and directed away from Wilderness Lands and Wild and Scenic Rivers to the extent practicable.

(3) Mineral materials including, but not limited to common varieties of gravel, sand, or stone, may be used only within the HCNRA for the purpose of construction and maintenance of facilities including, but not limited to, roads, airfields, trails, and recreation developments.

(4) Sources of mineral materials should be located outside the HCNRA. Sources for mineral materials that may be used to benefit the HCNRA may be located inside the HCNRA if the cost of obtaining the materials outside the HCNRA adds significantly to

§ 292.48

the costs of the materials, or the transportation of mineral materials from outside the HCNRA presents a safety hazard. When mineral materials are obtained from inside the HCNRA, the environmental effects at the source of extraction must be mitigated by site reclamation upon the termination of the extraction activity. Site reclamation may include contouring the land, re-establishing vegetation, and other measures deemed appropriate by the authorized officer to blend the site into the surrounding environment to the extent practicable. The HCNRA shall not be the source of mineral materials for use outside the HCNRA for projects that do not directly benefit the HCNRA.

(b) *Wilderness Lands and Wild and Scenic Rivers.* The standards and guidelines of this section apply to mining activities in the Wilderness Lands and Wild and Scenic Rivers categories of the HCNRA.

(1) The standards and guidelines for Other Lands in paragraphs (a)(1) and (2) of this section also apply to Wilderness Lands and Wild and Scenic Rivers.

(2) Extraction of mineral materials is prohibited on Wilderness Lands and Wild and Scenic Rivers subject to valid existing rights.

§ 292.48 Grazing activities.

The following standards and guidelines apply to domestic livestock grazing activities on Other Lands, Wild and Scenic Rivers, and Wilderness Lands in the HCNRA.

(a) Grazing may be authorized only on rangeland determined by the authorized officer to be suitable for grazing and meeting or moving towards satisfactory condition and meeting the conditions described in paragraph (b) of this section.

(b) Where domestic livestock grazing is incompatible with the protection, restoration, or maintenance of fish and wildlife or their habitats; public outdoor recreation; conservation of scenic, wilderness, and scientific values; rare combinations of outstanding ecosystems, or the protection and enhancement of the values for which a wild and scenic river was designated, the livestock use shall be modified as necessary to eliminate or avoid the incompatibility. In the event an incom-

36 CFR Ch. II (7-1-00 Edition)

patibility persists after the modification or modification is not feasible, the livestock use shall be terminated.

(c) Range improvements must be designed and located to minimize their impact on scenic, cultural, fish and wildlife, and other resources in the HCNRA.

(d) The authorization of grazing use, through a grazing permit, must provide for terms and conditions which protect and conserve riparian areas.

Subpart G—Smith River National Recreation Area

AUTHORITY: 16 U.S.C. 460bbb *et seq.*

SOURCE: 63 FR 15059, Mar. 27, 1998, unless otherwise noted.

§ 292.60 Purpose and scope.

(a) *Purpose.* The regulations of this subpart set forth the rules and procedures by which the Forest Service regulates mineral operations on National Forest System lands within the Smith River National Recreation Area as established by Congress in the Smith River National Recreation Area Act of 1990 (16 U.S.C. 460bbb *et seq.*).

(b) *Scope.* The rules of this subpart apply only to mineral operations on National Forest System lands within the Smith River National Recreation Area.

(c) *Applicability of other rules.* The rules of this subpart supplement existing Forest Service regulations concerning the review, approval, and administration of mineral operations on National Forest System lands including, but not limited to, those set forth at parts 228, 251, and 261 of this chapter.

(d) *Conflicts.* In the event of conflict or inconsistency between the rules of this subpart and other parts of this chapter, the rules of this subpart take precedence, to the extent allowable by law.

§ 292.61 Definitions.

The special terms used in this subpart have the following meaning:

Act means the Smith River National Recreation Area Act of 1990 (16 U.S.C. 460bbb *et seq.*).

Authorized officer means the Forest Service officer to whom authority has

been delegated to take actions pursuant to the provisions of this subpart.

Hazardous material means any hazardous substance, pollutant, contaminant, hazardous waste, and oil or other petroleum products, as those terms are defined under any Federal, State, or local law or regulation.

Outstanding mineral rights means the rights owned by a party other than the surface owner at the time the surface was conveyed to the United States.

SRNRA is the abbreviation for the Smith River National Recreation Area, located within the Six Rivers National Forest, California.

§ 292.62 Valid existing rights.

(a) *Definition.* For the purposes of this subpart, valid existing rights are defined as follows:

(1) *For certain "Wild" River segments.* The rights associated with all mining claims on National Forest System lands within the SRNRA in "wild" segments of the Wild and Scenic Smith River, Middle Fork Smith River, North Fork Smith River, Siskiyou Fork Smith River, South Fork Smith River, and their designated tributaries, except Peridotite Creek, Harrington Creek, and the lower 2.5 miles of Myrtle Creek, which:

(i) Were properly located prior to January 19, 1981;

(ii) Were properly maintained thereafter under the applicable law;

(iii) Were supported by a discovery of a valuable mineral deposit within the meaning of the United States mining laws prior to January 19, 1981, which discovery has been continuously maintained since that date; and

(iv) Continue to be valid.

(2) *For Siskiyou Wilderness.* The rights associated with all mining claims on National Forest System lands within the SRNRA in the Siskiyou Wilderness except, those within the Gasquet-Orleans Corridor addition or those rights covered by paragraph (a)(1) of this section which:

(i) Were properly located prior to September 26, 1984;

(ii) Were properly maintained thereafter under the applicable law;

(iii) Were supported by a discovery of a valuable mineral deposit within the meaning of the United States mining laws prior to September 26, 1984, which discovery has been continuously maintained since that date; and

(iv) Continue to be valid.

(3) *For all other lands.* The rights associated with all mining claims on National Forest System lands in that portion of the SRNRA not covered by paragraph (a)(1) or (a)(2) of this section which:

(i) Were properly located prior to November 16, 1990;

(ii) Were properly maintained thereafter under the applicable law;

(iii) Were supported by a discovery of a valuable mineral deposit within the meaning of the United States mining laws prior to November 16, 1990, which discovery has been continuously maintained since that date; and

(iv) Continue to be valid.

(b) *Operations to confirm discovery.* The authorized officer shall authorize those mineral operations that may be necessary for the purpose of gathering information to confirm or otherwise demonstrate the discovery of a valuable mineral deposit consistent with the definition in paragraph (a) of this section or to obtain evidence for a contest hearing regarding the claim's validity, upon receipt of a proposed plan of operations as defined in § 292.63 of this subpart to conduct such operations and of sufficient information from the operator to show an exposure of valuable minerals on a claim that predates the withdrawal of the federal land from the operation of the United States mining laws. The authorized officer shall authorize only those operations that may be necessary to confirm or demonstrate the discovery of a valuable mineral deposit prior to the date of withdrawal of the federal land on which the claim is situated. Pursuant to this paragraph, the authorized officer shall not authorize any operations which would constitute prospecting, exploration, or otherwise uncovering or discovering a valuable mineral deposit.

§ 292.63

36 CFR Ch. II (7-1-00 Edition)

LOCATABLE MINERALS

§ 292.63 **Plan of operations—supplementary requirements.**

(a) *Applicability.* In addition to the activities for which a plan of operations is required under § 228.4 of this chapter, a plan of operations is required when a proposed operation within the SRNRA involves mechanical or motorized equipment, including a suction dredge and/or sluice.

(b) *Information to support valid existing rights.* A proposed plan of operations within the SRNRA must include at least the following information on the existence of valid existing rights:

(1) The mining claim recordation serial number assigned by the Bureau of Land Management;

(2) A copy of the original location notice and conveyance deeds, if ownership has changed since the date of location;

(3) A copy of affidavits of assessment work or notices of intention to hold the mining claim since the date of recordation with the Bureau of Land Management;

(4) Verification by the Bureau of Land Management that the holding or maintenance fees have been paid or have been exempted;

(5) Sketches or maps showing the location of past and present mineral workings on the claims and information sufficient to locate and define the mining claim corners and boundaries on the ground;

(6) An identification of the valuable mineral that has been discovered;

(7) An identification of the site within the claims where the deposit has been discovered and exposed;

(8) Information on the quantity and quality of the deposit including copies of assays or test reports, the width, locations of veins, the size and extent of any deposit; and

(9) Existing evidence of past and present sales of the valuable mineral.

(c) *Minimum information on proposed operations.* In addition to the requirements of paragraph (b) of this section, a plan of operations must include the information required at §§ 228.4 (c)(1) through (c)(3) of this chapter which includes information about the proponent and a detailed description of the proposed operation. In addition, if

the operator and claim owner are different, the operator must submit a copy of the authorization or agreement under which the proposed operations are to be conducted. A plan of operations must also address the environmental requirements of § 228.8 of this chapter which includes reclamation. In addition, a plan of operations also must include the following:

(1) An identification of the hazardous materials and any other toxic materials, petroleum products, insecticides, pesticides, and herbicides that will be used during the mineral operation, and the proposed means for disposing of such substances;

(2) An identification of the character and composition of the mineral wastes that will be used or generated and a proposed method or strategy for their placement, control, isolation, or removal; and

(3) An identification of how public health and safety are to be maintained.

§ 292.64 **Plan of operations—approval.**

(a) *Timeframe for review.* Except as provided in paragraph (b) of § 292.62 of this subpart, upon receipt of a plan of operations, the authorized officer shall review the information related to valid existing rights and notify the operator in writing within 60 days of one of the following situations:

(1) That sufficient information on valid existing rights has been provided and the anticipated date by which the valid existing rights determination will be completed, which shall not be more than 2 years after the date of notification; unless the authorized officer, upon finding of good cause with written notice and explanation to the operator, extends the time period for completion of the valid existing rights determination.

(2) That the operator has failed to provide sufficient information to review a claim of valid existing rights and, therefore, the authorized officer has no obligation to evaluate whether the operator has valid existing rights or to process the operator's proposed plan of operations.

(b)(1) If the authorized officer concludes that there is not sufficient evidence of valid existing rights, the officer shall so notify the operator in writing of the reasons for the determination, inform the operator that the proposed mineral operation cannot be conducted, advise the operator that the Forest Service will promptly notify the Bureau of Land Management of the determination and request the initiation of a mineral contest action against the pertinent mining claim, and advise the operator that further consideration of the proposed plan of operations is suspended pending final action by the Department of the Interior on the operator's claim of valid existing rights and any final judicial review thereof.

(2) If the authorized officer concludes that there is not sufficient evidence of valid existing rights, the authorized officer also shall notify promptly the Bureau of Land Management of the determination and request the initiation of a mineral contest action against the pertinent mining claims.

(c) An authorized officer's decision pursuant to paragraph (b) of this section that there is not sufficient evidence of valid existing rights is not subject to further agency or Department of Agriculture review or administrative appeal.

(d) The authorized officer shall notify the operator in writing that the review of the remainder of the proposed plan will proceed if:

(1) The authorized officer concludes that there is sufficient evidence of valid existing rights;

(2) Final agency action by the Department of the Interior determines that the applicable mining claim constitutes a valid existing right; or

(3) Final judicial review of final agency action by the Department of the Interior finds that the applicable mining claim constitutes a valid existing right.

(e) Upon completion of the review of the plan of operations, the authorized officer shall ensure that the minimum information required by §292.63(c) of this subpart has been addressed and, pursuant to §228.5(a) of this chapter, notify the operator in writing whether or not the plan of operations is approved.

(f) If the plan of operations is not approved, the authorized officer shall explain in writing why the plan of operations cannot be approved.

(g) If the plan of operations is approved, the authorized officer shall establish a time period for the proposed operations which shall be for the minimum amount of time reasonably necessary for a prudent operator to complete the mineral development activities covered by the approved plan of operations.

(h) An approved plan of operations is subject to review and modification as follows:

(1) To bring the plan into conformance with changes in applicable federal law or regulation; or

(2) To respond to new information not available at the time the authorized officer approved the plan, for example, new listings of threatened or endangered species; or

(3) To correct errors or omissions made at the time the plan was approved, for example, to ensure compliance with applicable federal law or regulation; or

(4) To permit operations requested by the operator that differ in type, scope, or duration from those in an approved plan of operations but that are not subject to paragraph (i) of this section.

(i) If an operator desires to conduct operations that differ in type, scope, or duration from those in an approved plan of operations, and if those changes will result in resource impacts not anticipated when the original plan was approved, the operator must submit a supplemental plan or a modification of the plan for review and approval.

§ 292.65 Plan of operations—suspension.

(a) The authorized officer may suspend mineral operations due to an operator's noncompliance with applicable statutes, regulations, or terms and conditions of the approved plan of operations.

(1) In those cases that present a threat of imminent harm to public health, safety, or the environment, or where such harm is already occurring, the authorized officer may take immediate action to stop the threat or damage without prior notice. In such case,

§ 292.66

written notice and explanation of the action taken shall be given the operator as soon as reasonably practicable following the suspension.

(2) In those cases that do not present a threat of imminent harm to public health, safety, or the environment, the authorized officer must first notify the operator in writing of the basis for the suspension and provide the operator with reasonably sufficient time to respond to the notice of the authorized officer or to bring the mineral operations into conformance with applicable laws, regulations, or the terms and conditions of the approved plan of operations.

(b) Except as otherwise provided in this section, the authorized officer shall notify the operator not less than 30 days prior to the date of the proposed suspension.

OUTSTANDING MINERAL RIGHTS

§ 292.66 Operating plan requirements—outstanding mineral rights.

(a) Proposals for mineral operations involving outstanding mineral rights within the SRNRA must be documented in an operating plan and submitted in writing to the authorized officer.

(b) An operating plan for operations involving outstanding mineral rights within the SRNRA must include the following:

(1) The name and legal mailing address of the operator, owner, and any lessees, assigns, and designees;

(2) A copy of the deed or other legal instrument that conveyed the outstanding mineral rights;

(3) Sketches or maps showing the location of the outstanding mineral rights, the proposed area of operations, including, but not limited to, existing and/or proposed roads or access routes identified for use, any new proposed road construction, and the approximate location and size of the areas to be disturbed, including existing or proposed structures, facilities, and other improvements to be used;

(4) A description of the type of operations which includes, at a minimum, a list of the type, size, location, and number of structures, facilities, and other improvements to be used;

(5) An identification of the hazardous materials and any other toxic materials, petroleum products, insecticides, pesticides, and herbicides that will be used during the mineral operation and the proposed means for disposing of such substances;

(6) An identification of the character and composition of the mineral wastes that will be used or generated and a proposed method or strategy for their placement, control, isolation, remediation, or removal; and

(7) A reclamation plan to reduce or control on-site and off-site damage to natural resources resulting from mineral operations. The plan must:

(i) Provide reclamation to the extent practicable;

(ii) Show how public health and safety are maintained;

(iii) Identify and describe reclamation measures to include, but not limited to, the following:

(A) Reduction and/or control of erosion, landslides, and water runoff;

(B) Rehabilitation of wildlife and fisheries habitat to be disturbed by the proposed mineral operation; and

(C) Protection of water quality.

(iv) Demonstrate how the area of surface disturbance will be reclaimed to a condition or use that is consistent with the Six Rivers National Forest Land and Resource Management Plan.

§ 292.67 Operating plan approval—outstanding mineral rights.

(a) Upon receipt of an operating plan, the authorized officer must review the information related to the ownership of the outstanding mineral rights and notify the operator that:

(1) Sufficient information on ownership of the outstanding mineral rights has been provided; or

(2) Sufficient information on ownership of outstanding mineral rights has not been provided, including an explanation of the specific information that still needs to be provided, and that no further action on the plan of operations will be taken until the authorized officer's receipt of the specified information.

(b) If the review shows outstanding mineral rights have not been verified, the authorized officer must notify the operator in writing that outstanding

mineral rights have not been verified, explain the reasons for such a finding, and that the proposed mineral operation cannot be conducted.

(c) If the review shows that outstanding mineral rights have been verified, the authorized officer must notify the operator in writing that outstanding mineral rights have been verified and that review of the proposed operating plan will proceed.

(d) The authorized officer shall review the operating plan to determine if all of the following criteria are met:

(1) The operating plan is consistent with the rights granted by the deed;

(2) The operating plan is consistent with the Six Rivers National Forest Land and Resource Management Plan; and

(3) The operating plan uses only so much of the surface as is necessary for the proposed mineral operations.

(e) Upon completion of the review of the operating plan, the authorized officer shall notify the operator in writing of one of the following:

(1) The operating plan meets all of the criteria of paragraphs (d)(1) through (d)(3) of this section and, therefore, is approved;

(2) The operating plan does not meet one or more of the criteria in paragraphs (d)(1) through (d)(3) of this section. Where feasible, the authorized officer may indicate changes to the operating plan that would satisfy the criteria in paragraphs (d)(1) through (d)(3) of this section and, thus, if accepted by the operator, would result in approval of the operating plan.

(f) To conduct mineral operations beyond those described in an approved operating plan, the owner or lessee must submit, in writing, an amended operating plan to the authorized officer at the earliest practicable date. New operations covered by the proposed amendment may not begin until the authorized officer has reviewed and responded in writing to the proposed amendment. The authorized officer shall review a proposed amendment of an approved operating plan to determine that the criteria in paragraphs (d)(1) through (d)(3) of this section are met.

MINERAL MATERIALS

§ 292.68 Mineral material operations.

Subject to the provisions of part 228, subpart C, and part 293 of this chapter, the authorized officer may approve contracts and permits for the sale or other disposal of mineral materials, including but not limited to, common varieties of gravel, sand, or stone. However, such contracts and permits may be approved only if the material is not within a designated wilderness area and is to be used for the construction and maintenance of roads and other facilities within the SRNRA or the four excluded areas identified by the Act.

OTHER PROVISIONS

§ 292.69 Concurrent reclamation.

Plans of operations involving locatable minerals, operating plans involving outstanding mineral rights, and contracts or permits for mineral materials should all provide, to the maximum extent practicable, that reclamation proceed concurrently with the mineral operation.

§ 292.70 Indemnification.

The owner and/or operator of mining claims and the owner and/or lessee of outstanding mineral rights are jointly and severally liable in accordance with Federal and State laws for indemnifying the United States for the following:

(a) Costs, damages, claims, liabilities, judgments, injury and loss, including those incurred from fire suppression efforts, and environmental response actions and cleanup and abatement costs incurred by the United States and arising from past, present, and future acts or omissions of the owner, operator, or lessee in connection with the use and occupancy of the unpatented mining claim and/or mineral operation. This includes acts or omissions covered by Federal, State, and local pollution control and environmental statutes and regulations.

(b) Payments made by the United States in satisfaction of claims, demands, or judgments for an injury, loss, damage, or costs, including for

fire suppression and environmental response action and cleanup and abatement costs, which result from past, present, and future acts or omissions of the owner, operator, or lessee in connection with the use and occupancy of the unpatented mining claim and/or mineral operations.

(c) Costs incurred by the United States for any action resulting from noncompliance with an approved plan of operations or activities outside an approved operating plan.

AUTHORITY: 16 U.S.C. 551, 1131-1136 and 92 Stat. 1649.

SOURCE: 38 FR 5855, Mar. 5, 1973, unless otherwise noted.

§ 293.1 Definition.

National Forest Wilderness shall consist of those units of the National Wilderness Preservation System which at least 30 days before the Wilderness Act of September 3, 1964, were designated as Wilderness and Wild under Secretary of Agriculture's Regulations U-1 and U-2 (§§ 251.20, 251.21), the Boundary Waters Canoe Area as designated under Regulation U-3 (§ 294.1), and such other areas of the National Forests as may

later be added to the System by act of Congress. Sections 293.1 to 293.15 apply to all National Forest units now or hereafter in the National Wilderness Preservation System, including the Boundary Waters Canoe Area, Superior National Forest, except as that area is subject to § 293.16.

§ 293.2 Objectives.

Except as otherwise provided in the regulations in this part, National Forest Wilderness shall be so administered as to meet the public purposes of recreational, scenic, scientific, educational, conservation, and historical uses; and it shall also be administered for such other purposes for which it may have been established in such a manner as to preserve and protect its wilderness character. In carrying out such purposes, National Forest Wilderness resources shall be managed to promote, perpetuate, and, where necessary, restore the wilderness character of the land and its specific values of solitude, physical and mental challenge, scientific study, inspiration, and primitive recreation. To that end:

(a) Natural ecological succession will be allowed to operate freely to the extent feasible.

(b) Wilderness will be made available for human use to the optimum extent consistent with the maintenance of primitive conditions.

(c) In resolving conflicts in resource use, wilderness values will be dominant to the extent not limited by the Wilderness Act, subsequent establishing legislation, or the regulations in this part.

§ 293.3 Control of uses.

(a) To the extent not limited by the Wilderness Act, subsequent legislation establishing a particular unit, or the regulations in this part, the Chief, Forest Service, may prescribe measures necessary to control fire, insects, and disease and measures which may be used in emergencies involving the health and safety of persons or damage to property and may require permits for, or otherwise limit or regulate, any use of National Forest land, including, but not limited to, camping, campfires, and grazing of recreation livestock.

Forest Service, USDA

§ 293.6

(b) For all prohibitions in National Forest Wildernesses, see part 261 of this chapter.

[38 FR 5855, Mar. 5, 1973, as amended at 42 FR 35959, July 13, 1977]

§ 293.4 Maintenance of records.

The Chief, Forest Service, in accordance with section 3(a)(2) of the Wilderness Act, shall establish uniform procedures and standards for the maintenance and availability to the public of records pertaining to National Forest Wilderness, including maps and legal descriptions; copies of regulations governing Wilderness; and copies of public notices and reports submitted to Congress regarding pending additions, eliminations, or modifications. Copies of such information pertaining to National Forest Wilderness within their respective jurisdictions shall be available to the public in the appropriate offices of the Regional Foresters, Forest Supervisors, and Forest Rangers.

§ 293.5 Establishment, modification, or elimination.

National Forest Wilderness will be established, modified, or eliminated in accordance with the provisions of sections 3(b), (d), and (e) of the Wilderness Act. The Chief, Forest Service, shall arrange for issuing public notices, appointing hearing officers, holding public hearings, and notifying the Governors of the States concerned and the governing board of each county in which the lands involved are located.

(a) At least 30 days' public notice shall be given of the proposed action and intent to hold a public hearing. Public notice shall include publication in the FEDERAL REGISTER and in a newspaper of general circulation in the vicinity of the land involved.

(b) Public hearings shall be held at locations convenient to the area affected. If the land involved is in more than one State, at least one hearing shall be held in each State in which a portion of the land lies.

(c) A record of the public hearing and the views submitted subsequent to public notice and prior to the close of the public hearing shall be included with any recommendations to the President and to the Congress with respect to any such action.

(d) At least 30 days before the date of the public hearing, suitable advice shall be furnished to the Governor of each State and the governing board of each county or, in Alaska, the borough in which the lands are located, and Federal departments and agencies concerned; and such officers or Federal agencies shall be invited to submit their views on the proposed action at the hearing or in writing by not later than 30 days following the date of the hearing. Any views submitted in response to such advice with respect to any proposed Wilderness action shall be included with any recommendations to the President and to the Congress with respect to any such action.

§ 293.6 Commercial enterprises, roads, motor vehicles, motorized equipment, motorboats, aircraft, aircraft landing facilities, airdrops, structures, and cutting of trees.

Except as provided in the Wilderness Act, subsequent legislation establishing a particular Wilderness unit, or §§ 294.2(b), 294.2(c), and 294.2(e), paragraphs (c) and (d) of this section, and §§ 293.7, 293.8, and 293.12 through 293.16, inclusive, and subject to existing rights, there shall be in National Forest Wilderness no commercial enterprises; no temporary or permanent roads; no aircraft landing strips; no heliports or helispots, no use of motor vehicles, motorized equipment, motorboats, or other forms of mechanical transport; no landing of aircraft; no dropping of materials, supplies, or persons from aircraft; no structures or installations; and no cutting of trees for nonwilderness purposes.

(a) *Mechanical transport*, as herein used, shall include any contrivance which travels over ground, snow, or water on wheels, tracks, skids, or by floatation and is propelled by a nonliving power source contained or carried on or within the device.

(b) *Motorized equipment*, as herein used, shall include any machine activated by a nonliving power source, except that small battery-powered, hand-carried devices such as flashlights, shavers, and Geiger counters are not classed as motorized equipment.

§ 293.7

(c) The Chief, Forest Service, may authorize occupancy and use of National Forest land by officers, employees, agencies, or agents of the Federal, State, and county governments to carry out the purposes of the Wilderness Act and will prescribe conditions under which motorized equipment, mechanical transport, aircraft, aircraft landing strips, heliports, helispots, installations, or structures may be used, transported, or installed by the Forest Service and its agents and by other Federal, State, or county agencies or their agents, to meet the minimum requirements for authorized activities to protect and administer the Wilderness and its resources. The Chief may also prescribe the conditions under which such equipment, transport, aircraft, installations, or structures may be used in emergencies involving the health and safety of persons, damage to property, or other purposes.

(d) The Chief, Forest Service, may permit, subject to such restrictions as he deems desirable, the landing of aircraft and the use of motorboats at places within any Wilderness where these uses were established prior to the date the Wilderness was designated by Congress as a unit of the National Wilderness Preservation System. The Chief may also permit the maintenance of aircraft landing strips, heliports, or helispots which existed when the Wilderness was designated by Congress as a unit of the National Wilderness Preservation System.

§ 293.7 Grazing of livestock.

(a) The grazing of livestock, where such use was established before the date of legislation which includes an area in the National Wilderness Preservation System, shall be permitted to continue under the general regulations covering grazing of livestock on the National Forests and in accordance with special provisions covering grazing use in units of National Forest Wilderness which the Chief of the Forest Service may prescribe for general application in such units or may arrange to have prescribed for individual units.

(b) The Chief, Forest Service, may permit, subject to such conditions as he deems necessary, the maintenance, reconstruction, or relocation of those

36 CFR Ch. II (7-1-00 Edition)

livestock management improvements and structures which existed within a Wilderness when it was incorporated into the National Wilderness Preservation System. Additional improvements or structures may be built when necessary to protect wilderness value.

§ 293.8 Permanent structures and commercial services.

Motels, summer homes, stores, resorts, organization camps, hunting and fishing lodges, electronic installations, and similar structures and uses are prohibited in National Forest Wilderness. The Chief, Forest Service, may permit temporary structures and commercial services within National Forest Wilderness to the extent necessary for realizing the recreational or other wilderness purposes, which may include, but are not limited to, the public services generally offered by packers, outfitters, and guides.

§ 293.9 [Reserved]

§ 293.10 Jurisdiction over wildlife and fish.

Nothing in the regulations in this part shall be construed as affecting the jurisdiction or responsibility of the several States with respect to wildlife and fish in the National Forests.

§ 293.11 Water rights.

Nothing in the regulations in this part constitutes an expressed or implied claim or denial on the part of the Department of Agriculture as to exemption from State water laws.

§ 293.12 Access to surrounded State and private lands.

States or persons, and their successors in interest, who own land completely surrounded by National Forest Wilderness shall be given access as provided in subpart D of part 251 of this chapter.

[56 FR 27419, June 14, 1991]

§ 293.13 Access to valid occupancies.

Persons with valid occupancies wholly within National Forest Wilderness shall be permitted access to such surrounded occupancies by means consistent with the preservation of National Forest Wilderness which have

been or are being customarily used with respect to other such occupancies surrounded by National Forest Wilderness. The Forest Service will, when appropriate, issue permits which shall prescribe the routes of travel to and from the surrounded occupancies, the mode of travel, and other conditions reasonably necessary to preserve the National Forest Wilderness.

[39 FR 31321, Aug. 28, 1974]

§ 293.14 Mineral leases and mineral permits.

(a) All laws pertaining to mineral leasing shall extend to each National Forest Wilderness for the period specified in the Wilderness Act or subsequent establishing legislation to the same extent they were applicable prior to the date the Wilderness was designated by Congress as a part of the National Wilderness Preservation System. No person shall have any right or interest in or to any mineral deposits which may be discovered through prospecting or other information-gathering activity after the legal date on which the laws pertaining to mineral leasing cease to apply to the specific Wilderness, nor shall any person after such date have any preference in applying for a mineral lease, license, or permit.

(b) Mineral leases, permits, and licenses covering lands within National Forest Wilderness will contain reasonable stipulations for the protection of the wilderness character of the land consistent with the use of the land for purposes for which they are leased, permitted, or licensed. The Chief, Forest Service, shall specify the conditions to be included in such stipulations.

(c) Permits shall not be issued for the removal of mineral materials commonly known as *common varieties* under the Minerals Act of July 31, 1947, as amended and supplemented (30 U.S.C. 601-604).

[39 FR 31321, Aug. 28, 1974]

§ 293.15 Gathering information about resources other than minerals.

(a) The Chief, Forest Service, shall allow any activity, for the purposes of gathering information about resources, other than minerals, in National For-

est Wilderness, except that any such activity for gathering information shall be carried on in a manner compatible with the preservation of the wilderness environment. Prospecting for minerals or any activity for the purpose of gathering information about minerals in National Forest Wilderness is subject to the regulations in part 252 of this chapter.

(b) [Reserved]

(c) Any person desiring to use motorized equipment, to land aircraft, or to make substantial excavations for the purpose of gathering information about resources, other than minerals, shall apply in writing to the Office of the Forest Supervisor or District Ranger having jurisdiction over the land involved. Excavations shall be considered *substantial* which singularly or collectively exceed 200 cubic feet within any area which can be bounded by a rectangle containing 20 surface acres. Such use or excavation may be authorized by a permit issued by the Forest Service. Such permits may provide for the protection of National Forest resources, including wilderness values, protection of the public, and restoration of disturbed areas, including the posting of performance bonds.

(d) Prospecting for water resources and the establishment of new reservoirs, water-conservation works, power projects, transmission lines, and other facilities needed in the public interest and the subsequent maintenance of such facilities, all pursuant to section (4)(d)(4)(1) of the Wilderness Act, will be permitted when and as authorized by the President.

[39 FR 31321, Aug. 28, 1974, as amended at 42 FR 35960, July 13, 1977]

§ 293.16 Special provisions governing the Boundary Waters Canoe Area Wilderness, Superior National Forest, Minnesota.

(a) *Motorboat use.* (1) For purposes of this section, motorboats permitted to operate in the BWCA Wilderness are defined as watercraft propelled by a gasoline or electric powered motor with the propeller below the waterline.

(2) Motorboats may operate without restrictions on motor size or number of motors on Sand Point Lake, Little Vermilion Lake, Loon Lake, Loon

§ 293.17

36 CFR Ch. II (7-1-00 Edition)

River, and that portion of Lac La Croix which lies south of Snow Bay and east of Wilkins Bay, all in Saint Louis County.

(3) Motorboats with a motor or combination of motors totaling no more than 25 horsepower may operate on Trout Lake in Saint Louis County, Fall Lake, Moose Lake, Newfound Lake, Newton Lake, Sucker Lake, Snowbank Lake, South Farm Lake, and Basswood Lake, except that portion of Basswood Lake generally north of the narrows at the north end of Jackfish Bay and north of a point on the International Boundary between Ottawa Island and Washington Island, all in Lake County, and East Bearskin Lake and Saganaga Lake, except that portion west of American Point in Cook County.

(4) Motorboats with a motor or combination of motors totaling no more than 10 horsepower may operate on Clearwater Lake, North Fowl Lake, South Fowl Lake, Alder Lake, Canoe Lake, Sea Gull Lake, and Island River east of Lake Isabella, all in Lake County, except that motorboats may not operate—

(i) After January 1, 1999 on that portion of Sea Gull Lake west of Threemile Island, and

(ii) After January 1, 1994, on Brule Lake in Cook County or until the termination of the operation of the resort adjacent to Brule Lake in operation as of 1977, whichever occurs first.

(5) Motorboats with a combination of motors that exceed 25 horsepower may travel on that portion of Saganaga Lake in Cook County described as the Saganaga Corridor extending from the Saganaga Narrows north to the International Boundary east of Campers, Clark and Horseshoe Islands and west of Oskenonton Island; provided that the motor or motors in operation at one time do not exceed 25 horsepower.

(b) *Mechanical and mechanized portages.* (1) BWCA visitors may use portage wheels and other non-motorized devices to transport watercraft over the following routes:

(i) The portages along the International Boundary.

(ii) Four Mile Portage from Fall Lake to Hoist Bay of Basswood Lake.

(iii) The portage from Back Bay to Pipestone Bay of Basswood Lake.

(iv) The portages from Fall Lake to Newton Lake to Pipestone Bay of Basswood Lake.

(v) The portage from Vermilion Lake to Trout Lake.

(2) The Forest Service may authorize, by special use permit, the use of motor vehicles to transport watercraft over the following portages:

(i) Four Mile Portage From Fall Lake to Hoist Bay of Basswood Lake.

(ii) Vermilion Lake to Trout Lake.

(iii) Prairie Portage from Sucker Lake to Basswood Lake

(iv) Loon River to Loon Lake and from Loon Lake to Lac La Croix.

(c) *Snowmobile use.* (1) A snowmobile is defined as a self-propelled, motorized vehicle not exceeding forty inches in width designed to operate on ice and snow, having a ski or skis in contact with the snow and driven by a track or tracks.

(2) The Forest Service permits use of snowmobiles only on the following routes:

(i) The overland portages in Saint Louis County from Crane Lake to Little Vermilion Lake in Canada.

(ii) The route in Cook County from Sea Gull River along the eastern portion of Saganaga Lake to Canada.

(3) The Forest Service may issue special-use authorizations to use snowmobiles for the grooming of specified cross-country ski trails near existing resorts.

[50 FR 16231, Apr. 25, 1985]

§ 293.17 National Forest Primitive Areas.

(a) Within those areas of National Forests classified as *Primitive* on the effective date of the Wilderness Act, September 3, 1964, there shall be no roads or other provision for motorized transportation, no commercial timber cutting, and no occupancy under special-use permit for hotels, stores, resorts, summer homes, organization camps, hunting and fishing lodges, or similar uses: *Provided*, That existing roads over National Forest lands reserved from the public domain and roads necessary for the exercise of a statutory right of ingress and egress may be allowed

Forest Service, USDA

§ 294.2

under appropriate conditions determined by the Chief, Forest Service.

(b) Grazing of domestic livestock, development of water storage projects which do not involve road construction, and improvements necessary for the protection of the National Forests may be permitted, subject to such restrictions as the Chief, Forest Service, deems desirable. Within Primitive Areas, when the use is for other than administrative needs of the Forest Service, use by other Federal agencies when authorized by the Chief, and in emergencies, the landing of aircraft and the use of motorboats are prohibited on National Forest land or water unless such use by aircraft or motorboats has already become well established, the use of motor vehicles is prohibited, and the use of other motorized equipment is prohibited except as authorized by the Chief. These restrictions are not intended as limitations on statutory rights of ingress and egress or of prospecting, locating, and developing mineral resources.

(c) All prohibitions for those areas of National Forest classified as *Primitive* on the effective date of the Wilderness Act, September 3, 1964, are in part 261.

(78 Stat. 890, 16 U.S.C. 1131-1136; 74 Stat. 215, 16 U.S.C. 528-531)

[38 FR 5855, Mar. 5, 1973, as amended at 42 FR 35960, July 13, 1977]

PART 294—SPECIAL AREAS

Sec.

294.1 Recreation areas.

294.2 Navigation of aircraft within airspace reservation over the Boundary Waters Canoe Area Wilderness, Superior National Forest, Minnesota.

§ 294.1 Recreation areas.

Suitable areas of national forest land, other than wilderness or wild areas, which should be managed principally for recreation use may be given special classification as follows:

(a) Areas which should be managed principally for recreation use substantially in their natural condition and on which, in the discretion of the officer making the classification, certain other uses may or may not be permitted may be approved and classified by the Chief of the Forest Service or by

such officers as he may designate if the particular area is less than 100,000 acres. Areas of 100,000 acres or more will be approved and classified by the Secretary of Agriculture.

(b) Areas which should be managed for public recreation requiring development and substantial improvements may be given special classification as public recreation areas. Areas in single tracts of not more than 160 acres may be approved and classified by the Chief of the Forest Service or by such officers as he may designate. Areas in excess of 160 acres will be classified by the Secretary of Agriculture. Classification hereunder may include areas used or selected to be used for the development and maintenance as camp grounds, picnic grounds, organization camps, resorts, public service sites (such as for restaurants, filling stations, stores, horse and boat liveries, garages, and similar types of public service accommodations), bathing beaches, winter sports areas, lodges, and similar facilities and appurtenant structures needed by the public to enjoy the recreation resources of the national forests. The boundaries of all areas so classified shall be clearly marked on the ground and notices of such classification shall be posted at conspicuous places thereon. Areas classified under this section shall thereby be set apart and reserved for public recreation use and such classification shall constitute a formal closing of the area to any use or occupancy inconsistent with the classification.

(Sec. 1, 30 Stat. 35, as amended, 62 Stat. 100, sec. 1, 33 Stat. 628; 16 U.S.C. 551, 472)

[38 FR 5859, Mar. 5, 1973]

§ 294.2 Navigation of aircraft within airspace reservation over the Boundary Waters Canoe Area Wilderness, Superior National Forest, Minnesota.

(a) *Description of areas.* Sections 294.2(b) to 294.2(f), inclusive, apply to those areas of land and water in the Counties of Cook, Lake, and St. Louis, State of Minnesota, within the exterior boundaries of the Superior National Forest, which have heretofore been designated by the Secretary of Agriculture as the Superior Roadless Area, the Little Indian Sioux Roadless Area,

and the Caribou Roadless Area, respectively, and to the airspace over said areas and below the altitude of 4,000 feet above sea level. Said areas are more particularly described in the Executive order setting apart said airspace as an airspace reservation (E.O. 10092, Dec. 17, 1949; 3 CFR 1949 Supp.). Copies of said Executive order may be obtained on request from the Forest Supervisor, Superior National Forest, Duluth, Minnesota (hereinafter called *Forest Supervisor*).

(b) *Emergency landing and rescue operations.* The pilot of any aircraft landing within any of said areas for reasons of emergency or for conducting rescue operations, shall inform the Forest Supervisor within seven days after the termination of the emergency or the completion of the rescue operation as to the date, place, and duration of landing, and the type and registration number of the aircraft.

(c) *Low flights.* Any person making a flight within said airspace reservation for reasons of safety or for conducting rescue operations shall inform the Forest Supervisor within seven days after the completion of the flight or the rescue operation as to the date, place, and duration of flight, and the type and registration number of the aircraft.

(d) *Official flights.* The provisions of §§ 294.2(b) and 294.2(c) do not apply to flights made for conducting or assisting in the conduct of official business of the United States, of the State of Minnesota or of Cook, St. Louis, or Lake Counties, Minnesota.

(e) *Conformity with law.* Nothing in these regulations shall be construed as permitting the operation of aircraft contrary to the provisions of the Civil Aeronautics Act of 1938 (52 Stat. 973), as amended, or any rule, regulation or order issued thereunder.

(16 U.S.C. 1131; 16 U.S.C. 472)

[38 FR 5859, Mar. 5, 1973, as amended at 50 FR 16232, Apr. 25, 1985]

PART 295—USE OF MOTOR VEHICLES OFF FOREST DEVELOPMENT ROADS

Sec.

295.1 Applicability.

295.2 Planning and designation for use of vehicles off forest development roads.

295.3 Public participation.

295.4 Public information.

295.5 Monitoring effects of vehicle use off forest development roads.

295.6 Revision of off-road vehicle management plans.

AUTHORITY: 30 Stat. 35, as amended (16 U.S.C. 551); 50 Stat. 525, as amended (7 U.S.C. 1011); E.O. 11644, 11989 (42 FR 26959).

SOURCE: 43 FR 20006, May 10, 1978, unless otherwise noted.

§ 295.1 Applicability.

The regulations in the following parts pertain to administrative designation and location of specific areas and trails of National Forest System lands on which the use of vehicles traveling off National Forest development roads is allowed, restricted or prohibited. Prohibitions regarding use of vehicles off roads is provided in 36 CFR part 261.

§ 295.2 Planning and designation for use of vehicles off forest development roads.

(a) On National Forest System lands, the continuing land management planning process will be used to allow, restrict, or prohibit use by specific vehicle types off roads. This process will include coordination with appropriate Federal, State and local agencies. The planning process will analyze and evaluate current and potential impacts arising from operation of specific vehicle types on soil, water, vegetation, fish and wildlife, forest visitors and cultural and historic resources. If the analysis indicates that the use of one or more vehicle types off roads will cause considerable adverse effects on the resources or other forest visitors, use of the affected areas and trails by the vehicle type or types likely to cause such adverse effects will be restricted or prohibited until such time as the adverse effects can be eliminated as provided in 36 CFR part 261.

(b) Off-road vehicle management plans shall provide vehicle management direction aimed at resource protection, public safety of all users, minimizing conflicts among users, and provide for diverse use and benefits of the National Forests. Designation of areas

and trails shall be in accordance with the following:

(1) Areas and trails shall be located to minimize damage to soil, watershed, vegetation, or other resources of the public lands.

(2) Areas and trails shall be located to minimize harassment of wildlife or significant disruption of wildlife habitats.

(3) Areas and trails shall be located to minimize conflicts between off-road vehicle use and other existing or proposed recreational uses of the same or neighboring public lands, and to ensure the compatibility of such uses with existing conditions in populated areas, taking into account noise and other factors.

(4) Areas and trails shall not be located in officially designated Wilderness Areas or Primitive Areas.

However, this does not preclude the use of any fire, military, emergency, or law enforcement vehicle for emergency purposes, or the use of any combat or combat support vehicle for national defense purposes, or registered motorboats, or vehicle use expressly authorized by the Chief, Forest Service, under a permit, lease, license, or contract.

§295.3 Public participation.

The public shall be provided an opportunity to participate in the process of allowing, restricting, or prohibiting use of areas and trails to one or more specific vehicle types off forest development roads. Sixty days advance notice will be given to allow for public review of proposed or revised designations. In emergency situations, temporary designations up to one year in length may be made or revised without public participation if needed to protect the resources and/or to provide for public safety.

§295.4 Public information.

In addition to the requirements of 36 CFR 261.51, information and maps will be published and made available to the public, describing:

- (a) The regulation of vehicular use.
- (b) Time periods when use is allowed, restricted or prohibited.
- (c) The type of vehicle regulated.

§295.5 Monitoring effects of vehicle use off forest development roads.

The effects of use by specific types of vehicles off roads on National Forest System lands will be monitored. If the results of monitoring, including public input, indicate that the use of one or more vehicle types off roads is causing or will cause considerable adverse effects on the factors and resource values referred to in §295.2, the area or trail suffering adverse effects will be immediately closed to the responsible vehicle type or types until the adverse effects have been eliminated and measures have been implemented to prevent future recurrence as provided in 36 CFR part 261. Forest Supervisors may delegate immediate closure authority to District Rangers or other forest officers in order to facilitate timely actions to meet these objectives. Designations, use restrictions, and operating conditions will be revised as needed to meet changing conditions.

§295.6 Revision of off-road vehicle management plans.

Forest Supervisors will annually review off-road vehicle management plans and temporary designations implemented since the last annual review. If the plan needs revision, the public will be given the opportunity to participate in the review as stated in §295.3.

L. 95-341, 92 Stat. 469 (42 U.S.C. 1996).

SOURCE: 49 FR 1027, Jan. 6, 1984, unless otherwise noted.

§ 296.1 Purpose.

(a) The regulations in this part implement provisions of the Archaeological Resources Protection Act of 1979, as amended (16 U.S.C. 470aa-mm) by establishing the uniform definitions, standards, and procedures to be followed by all Federal land managers in providing protection for archaeological resources, located on public lands and Indian lands of the United States. These regulations enable Federal land managers to protect archaeological resources, taking into consideration provisions of the American Indian Religious Freedom Act (92 Stat. 469; 42 U.S.C. 1996), through permits authorizing excavation and/or removal of archaeological resources, through civil penalties for unauthorized excavation and/or removal, through provisions for the preservation of archaeological resource collections and data, and through provisions for ensuring confidentiality of information about archaeological resources when disclosure would threaten the archaeological resources.

(b) The regulations in this part do not impose any new restrictions on activities permitted under other laws, authorities, and regulations relating to mining, mineral leasing, reclamation,

36 CFR Ch. II (7-1-00 Edition)

and other multiple uses of the public lands.

[49 FR 1027, Jan. 6, 1984, as amended at 60 FR 5260, Jan. 26, 1995]

§ 296.2 Authority.

(a) The regulations in this part are promulgated pursuant to section 10(a) of the Archaeological Resources Protection Act of 1979 (16 U.S.C. 470ii), which requires that the Secretaries of the Interior, Agriculture and Defense and the Chairman of the Board of the Tennessee Valley Authority jointly develop uniform rules and regulations for carrying out the purposes of the Act.

(b) In addition to the regulations in this part, section 10(b) of the Act (16 U.S.C. 470ii) provides that each Federal land manager shall promulgate such rules and regulations, consistent with the uniform rules and regulations in this part, as may be necessary for carrying out the purposes of the Act.

§ 296.3 Definitions.

As used for purposes of this part:

(a) *Archaeological resource* means any material remains of human life or activities which are at least 100 years of age, and which are of archaeological interest.

(1) *Of archaeological interest* means capable of providing scientific or humanistic understandings of past human behavior, cultural adaptation, and related topics through the application of scientific or scholarly techniques such as controlled observation, contextual measurement, controlled collection, analysis, interpretation and explanation.

(2) *Material remains* means physical evidence of human habitation, occupation, use, or activity, including the site, location, or context in which such evidence is situated.

(3) The following classes of material remains (and illustrative examples), if they are at least 100 years of age, are of archaeological interest and shall be considered archaeological resources unless determined otherwise pursuant to paragraph (a)(4) or (a)(5) of this section:

(i) Surface or subsurface structures, shelters, facilities, or features (including, but not limited to, domestic structures, storage structures, cooking

structures, ceremonial structures, artificial mounds, earthworks, fortifications, canals, reservoirs, horticultural/agricultural gardens or fields, bedrock mortars or grinding surfaces, rock alignments, cairns, trails, borrow pits, cooking pits, refuse pits, burial pits or graves, hearths, kilns, post molds, wall trenches, middens);

(ii) Surface or subsurface artifact concentrations or scatters;

(iii) Whole or fragmentary tools, implements, containers, weapons and weapon projectiles, clothing, and ornaments (including, but not limited to, pottery and other ceramics, cordage, basketry and other weaving, bottles and other glassware, bone, ivory, shell, metal, wood, hide, feathers, pigments, and flaked, ground, or pecked stone);

(iv) By-products, waste products, or debris resulting from manufacture or use of human-made or natural materials;

(v) Organic waste (including, but not limited to, vegetal and animal remains, coprolites);

(vi) Human remains (including, but not limited to, bone, teeth, mummified flesh, burials, cremations);

(vii) Rock carvings, rock paintings, intaglios and other works of artistic or symbolic representation;

(viii) Rockshelters and caves or portions thereof containing any of the above material remains;

(ix) All portions of shipwrecks (including, but not limited to, armaments, apparel, tackle, cargo);

(x) Any portion or piece of any of the foregoing.

(4) The following material remains shall not be considered of archaeological interest, and shall not be considered to be archaeological resources for purposes of the Act and this part, unless found in a direct physical relationship with archaeological resources as defined in this section:

(i) Paleontological remains;

(ii) Coins, bullets, and unworked minerals and rocks.

(5) The Federal land manager may determine that certain material remains, in specified areas under the Federal land manager's jurisdiction, and under specified circumstances, are not or are no longer of archaeological interest and are not to be considered

archaeological resources under this part. Any determination made pursuant to this subparagraph shall be documented. Such determination shall in no way affect the Federal land manager's obligations under other applicable laws or regulations.

(6) For the disposition following lawful removal or excavations of Native American human remains and "cultural items", as defined by the Native American Graves Protection and Repatriation Act (NAGPRA; Pub. L. 101-601; 104 Stat. 3050; 25 U.S.C. 3001-13), the Federal land manager is referred to NAGPRA and its implementing regulations.

(b) *Arrowhead* means any projectile point which appears to have been designed for use with an arrow.

(c) *Federal land manager* means:

(1) With respect to any public lands, the secretary of the department, or the head of any other agency or instrumentality of the United States, having primary management authority over such lands, including persons to whom such management authority has been officially delegated;

(2) In the case of Indian lands, or any public lands with respect to which no department, agency or instrumentality has primary management authority, such term means the Secretary of the Interior;

(3) The Secretary of the Interior, when the head of any other agency or instrumentality has, pursuant to section 3(2) of the Act and with the consent of the Secretary of the Interior, delegated to the Secretary of the Interior the responsibilities (in whole or in part) in this part.

(d) *Public lands* means:

(1) Lands which are owned and administered by the United States as part of the national park system, the national wildlife refuge system, or the national forest system; and

(2) All other lands the fee title to which is held by the United States, except lands on the Outer Continental Shelf, lands under the jurisdiction of the Smithsonian Institution, and Indian lands.

(e) *Indian lands* means lands of Indian tribes, or Indian individuals, which are either held in trust by the United States or subject to a restriction

§ 296.4

36 CFR Ch. II (7–1–00 Edition)

against alienation imposed by the United States, except for subsurface interests not owned or controlled by an Indian tribe or Indian individual.

(f) *Indian tribe* as defined in the Act means any Indian tribe, band, nation, or other organized group or community, including any Alaska village or regional or village corporation as defined in, or established pursuant to, the Alaska Native Claims Settlement Act (85 Stat. 688). In order to clarify this statutory definition for purposes of this part, *Indian tribe* means:

(1) Any tribal entity which is included in the annual list of recognized tribes published in the FEDERAL REGISTER by the Secretary of the Interior pursuant to 25 CFR part 54;

(2) Any other tribal entity acknowledged by the Secretary of the Interior pursuant to 25 CFR part 54 since the most recent publication of the annual list; and

(3) Any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688), and any Alaska Native village or tribe which is recognized by the Secretary of the Interior as eligible for services provided by the Bureau of Indian Affairs.

(g) *Person* means an individual, corporation, partnership, trust, institution, association, or any other private entity, or any officer, employee, agent, department, or instrumentality of the United States, or of any Indian tribe, or of any State or political subdivision thereof.

(h) *State* means any of the fifty states, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands.

(i) *Act* means the Archaeological Resources Protection Act of 1979 (16 U.S.C. 470aa-mm).

[49 FR 1027, Jan. 6, 1984; 49 FR 5923, Feb. 16, 1984; 60 FR 5260, Jan. 26, 1995]

§ 296.4 Prohibited acts and criminal penalties.

(a) Under section 6(a) of the Act, no person may excavate, remove, damage, or otherwise alter or deface, or attempt to excavate, remove, damage, or otherwise alter or deface any archaeological resource located on public lands or Indian lands unless such activity is pur-

suant to a permit issued under § 296.8 or exempted by § 296.5(b) of this part.

(b) No person may sell, purchase, exchange, transport, or receive any archaeological resource, if such resource was excavated or removed in violation of:

(1) The prohibitions contained in paragraph (a) of this section; or

(2) Any provision, rule, regulation, ordinance, or permit in effect under any other provision of Federal law.

(c) Under section (d) of the Act, any person who knowingly violates or counsels, procures, solicits, or employs any other person to violate any prohibition contained in section 6 (a), (b), or (c) of the Act will, upon conviction, be fined not more than \$10,000.00 or imprisoned not more than one year, or both: provided, however, that if the commercial or archaeological value of the archaeological resources involved and the cost of restoration and repair of such resources exceeds the sum of \$500.00, such person will be fined not more than \$20,000.00 or imprisoned not more than two years, or both. In the case of a second or subsequent such violation upon conviction such person will be fined not more than \$100,000.00, or imprisoned not more than five years, or both.

[49 FR 1027, Jan. 6, 1984, as amended at 60 FR 5260, Jan. 26, 1995]

§ 296.5 Permit requirements and exceptions.

(a) Any person proposing to excavate and/or remove archaeological resources from public lands or Indian lands, and to carry out activities associated with such excavation and/or removal, shall apply to the Federal land manager for a permit for the proposed work, and shall not begin the proposed work until a permit has been issued. The Federal land manager may issue a permit to any qualified person, subject to appropriate terms and conditions, provided that the person applying for a permit meets conditions in § 296.8(a) of this part.

(b) *Exceptions:* (1) No permit shall be required under this part for any person conducting activities on the public lands under other permits, leases, licenses, or entitlements for use, when

those activities are exclusively for purposes other than the excavation and/or removal of archaeological resources, even though those activities might incidentally result in the disturbance of archaeological resources. General earth-moving excavation conducted under a permit or other authorization shall not be construed to mean excavation and/or removal as used in this part. This exception does not, however, affect the Federal land manager's responsibility to comply with other authorities which protect archaeological resources prior to approving permits, leases, licenses, or entitlements for use; any excavation and/or removal of archaeological resources required for compliance with those authorities shall be conducted in accordance with the permit requirements of this part.

(2) No permit shall be required under this part for any person collecting for private purposes any rock, coin, bullet, or mineral which is not an archaeological resource as defined in this part, provided that such collecting does not result in disturbance of any archaeological resource.

(3) No permit shall be required under this part or under section 3 of the Act of June 8, 1906 (16 U.S.C. 432), for the excavation or removal by any Indian tribe or member thereof of any archaeological resource located on Indian lands of such Indian tribe, except that in the absence of tribal law regulating the excavation or removal or archaeological resources on Indian lands, an individual tribal member shall be required to obtain a permit under this part;

(4) No permit shall be required under this part for any person to carry out any archaeological activity authorized by a permit issued under section 3 of the Act of June 8, 1906 (16 U.S.C. 432), before the enactment of the Archaeological Resources Protection Act of 1979. Such permit shall remain in effect according to its terms and conditions until expiration.

(5) No permit shall be required under section 3 of the Act of June 8, 1906 (16 U.S.C. 432) for any archaeological work for which a permit is issued under this part.

(c) Persons carrying out official agency duties under the Federal land

manager's direction, associated with the management of archaeological resources, need not follow the permit application procedures of § 296.6. However, the Federal land manager shall insure that provisions of § 296.8 and § 296.9 have been met by other documented means, and that any official duties which might result in harm to or destruction of any Indian tribal religious or cultural site, as determined by the Federal land manager, have been the subject of consideration under § 296.7.

(d) Upon the written request of the Governor of any State, on behalf of the State or its educational institutions, the Federal land manager shall issue a permit, subject to the provisions of § 296.5(b)(5), § 296.7, § 296.8(a) (3), (4), (5), (6), and (7), § 296.9, § 296.10, § 296.12, and § 296.13(a) to such Governor or to such designee as the Governor deems qualified to carry out the intent of the Act, for purposes of conducting archaeological research, excavating and/or removing archaeological resources, and safeguarding and preserving any materials and data collected in a university, museum, or other scientific or educational institution approved by the Federal land manager.

(e) Under other statutory, regulatory, or administrative authorities governing the use of public lands and Indian lands, authorizations may be required for activities which do not require a permit under this part. Any person wishing to conduct on public lands or Indian lands any activities related to but believed to fall outside the scope of this part should consult with the Federal land manager, for the purpose of determining whether any authorization is required, prior to beginning such activities.

§ 296.6 Application for permits and information collection.

(a) Any person may apply to the appropriate Federal land manager for a permit to excavate and/or remove archaeological resources from public lands or Indian lands and to carry out activities associated with such excavation and/or removal.

(b) Each application for a permit shall include:

(1) The nature and extent of the work proposed, including how and why it is

§ 296.7

36 CFR Ch. II (7–1–00 Edition)

proposed to be conducted, proposed time of performance, locational maps, and proposed outlet for public written dissemination of the results.

(2) The name and address of the individual(s) proposed to be responsible for conducting the work, institutional affiliation, if any, and evidence of education, training, and experience in accord with the minimal qualifications listed in § 296.8(a).

(3) The name and address of the individual(s), if different from the individual(s) named in paragraph (b)(2) of this section, proposed to be responsible for carrying out the terms and conditions of the permit.

(4) Evidence of the applicant's ability to initiate, conduct, and complete the proposed work, including evidence of logistical support and laboratory facilities.

(5) Where the application is for the excavation and/or removal of archaeological resources on public lands, the names of the university, museum, or other scientific or educational institution in which the applicant proposes to store all collections, and copies of records, data, photographs, and other documents derived from the proposed work. Applicants shall submit written certification, signed by an authorized official of the institution, of willingness to assume curatorial responsibility for the collections, records, data, photographs and other documents and to safeguard and preserve these materials as property of the United States.

(6) Where the application is for the excavation and/or removal of archaeological resources on Indian lands, the name of the university, museum, or other scientific or educational institution in which the applicant proposes to store copies of records, data, photographs, and other documents derived from the proposed work, and all collections in the event the Indian owners do not wish to take custody or otherwise dispose of the archaeological resources. Applicants shall submit written certification, signed by an authorized official of the institution, or willingness to assume curatorial responsibility for the collections, if applicable, and/or the records, data, photographs, and other documents derived from the proposed work.

(c) The Federal land manager may require additional information, pertinent to land management responsibilities, to be included in the application for permit and shall so inform the applicant.

(d) *Paperwork Reduction Act.* The information collection requirement contained in § 296.6 of these regulations has been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1024-0037. The purpose of the information collection is to meet statutory and administrative requirements in the public interest. The information will be used to assist Federal land managers in determining that applicants for permits are qualified, that the work proposed would further archaeological knowledge, that archaeological resources and associated records and data will be properly preserved, and that the permitted activity would not conflict with the management of the public lands involved. Response to the information requirement is necessary in order for an applicant to obtain a benefit.

§ 296.7 Notification to Indian tribes of possible harm to, or destruction of, sites on public lands having religious or cultural importance.

(a) If the issuance of a permit under this part may result in harm to, or destruction of, any Indian tribal religious or cultural site on public lands, as determined by the Federal land manager, at least 30 days before issuing such a permit the Federal land manager shall notify any Indian tribe which may consider the site as having religious or cultural importance. Such notice shall not be deemed a disclosure to the public for purposes of section 9 of the Act.

(1) Notice by the Federal land manager to any Indian tribe shall be sent to the chief executive officer or other designated official of the tribe. Indian tribes are encouraged to designate a tribal official to be the focal point for any notification and discussion between the tribe and the Federal land manager.

(2) The Federal land manager may provide notice to any other Native American group that is known by the Federal land manager to consider sites

potentially affected as being of religious or cultural importance.

(3) Upon request during the 30-day period, the Federal land manager may meet with official representatives of any Indian tribe or group to discuss their interests, including ways to avoid or mitigate potential harm or destruction such as excluding sites from the permit area. Any mitigation measures which are adopted shall be incorporated into the terms and conditions of the permit under §296.9.

(4) When the Federal land manager determines that a permit applied for under this part must be issued immediately because of an imminent threat of loss or destruction of an archaeological resource, the Federal land manager shall so notify the appropriate tribe.

(b)(1) In order to identify sites of religious or cultural importance, the Federal land manager shall seek to identify all Indian tribes having aboriginal or historic ties to the lands under the Federal land manager's jurisdiction and seek to determine, from the chief executive officer or other designated official of any such tribe, the location and nature of specific sites of religious or cultural importance so that such information may be on file for land management purposes. Information on sites eligible for or included in the National Register of Historic Places may be withheld from public disclosure pursuant to section 304 of the Act of October 15, 1966, as amended (16 U.S.C. 470w-3).

(2) If the Federal land manager becomes aware of a Native American group that is not an Indian tribe as defined in this part but has aboriginal or historic ties to public lands under the Federal land manager's jurisdiction, the Federal land manager may seek to communicate with official representatives of that group to obtain information on sites they may consider to be of religious or cultural importance.

(3) The Federal land manager may enter into agreement with any Indian tribe or other Native American group for determining locations for which such tribe or group wishes to receive notice under this section.

(4) The Federal land manager should also seek to determine, in consultation with official representatives of Indian

tribes or other Native American groups, what circumstances should be the subject of special notification to the tribe or group after a permit has been issued. Circumstances calling for notification might include the discovery of human remains. When circumstances for special notification have been determined by the Federal land manager, the Federal land manager will include a requirement in the terms and conditions of permits, under §296.9(c), for permittees to notify the Federal land manager immediately upon the occurrence of such circumstances. Following the permittee's notification, the Federal land manager will notify and consult with the tribe or group as appropriate. In cases involving Native American human remains and other "cultural items", as defined by NAGPRA, the Federal land manager is referred to NAGPRA and its implementing regulations.

[49 FR 1027, Jan. 6, 1984, as amended at 60 FR 5260, 5261, Jan. 26, 1995]

§ 296.8 Issuance of permits.

(a) The Federal land manager may issue a permit, for a specified period of time appropriate to the work to be conducted, upon determining that:

(1) The applicant is appropriately qualified, as evidenced by training, education, and/or experience, and possesses demonstrable competence in archaeological theory and methods, and in collecting, handling, analyzing, evaluating, and reporting archaeological data, relative to the type and scope of the work proposed, and also meets the following minimum qualifications:

(i) A graduate degree in anthropology or archaeology, or equivalent training and experience;

(ii) The demonstrated ability to plan, equip, staff, organize, and supervise activity of the type and scope proposed;

(iii) The demonstrated ability to carry research to completion, as evidenced by timely completion of theses, research reports, or similar documents;

(iv) Completion of at least 16 months of professional experience and/or specialized training in archaeological field, laboratory, or library research, administration, or management, including at least 4 months experience

§ 296.9

36 CFR Ch. II (7-1-00 Edition)

and/or specialized training in the kind of activity the individual proposes to conduct under authority of a permit; and

(v) Applicants proposing to engage in historical archaeology should have had at least one year of experience in research concerning archaeological resources of the historic period. Applicants proposing to engage in prehistoric archaeology should have had at least one year of experience in research concerning archaeological resources of the prehistoric period.

(2) The proposed work is to be undertaken for the purpose of furthering archaeological knowledge in the public interest, which may include but need not be limited to, scientific or scholarly research, and preservation of archaeological data;

(3) The proposed work, including time, scope, location, and purpose, is not inconsistent with any management plan or established policy, objectives, or requirements applicable to the management of the public lands concerned;

(4) Where the proposed work consists of archaeological survey and/or data recovery undertaken in accordance with other approved uses of the public lands or Indian lands, and the proposed work has been agreed to in writing by the Federal land manager pursuant to section 106 of the National Historic Preservation Act (16 U.S.C. 470f), paragraphs (a) (2) and (3) shall be deemed satisfied by the prior approval.

(5) Written consent has been obtained, for work proposed on Indian lands, from the Indian landowner and the Indian tribe having jurisdiction over such lands;

(6) Evidence is submitted to the Federal land manager that any university, museum, or other scientific or educational institution proposed in the application as the repository possesses adequate curatorial capability for safeguarding and preserving the archaeological resources and all associated records; and

(7) The applicant has certified that, not later than 90 days after the date the final report is submitted to the Federal land manager, the following will be delivered to the appropriate official of the approved university, museum, or other scientific or educational

institution, which shall be named in the permit:

(i) All artifacts, samples, collections, and copies of records, data, photographs, and other documents resulting from work conducted under the requested permit where the permit is for the excavation and/or removal of archaeological resources from public lands.

(ii) All artifacts, samples and collections resulting from work under the requested permit for which the custody or disposition is not undertaken by the Indian owners, and copies of records, data, photographs, and other documents resulting from work conducted under the requested permit, where the permit is for the excavation and/or removal of archaeological resources from Indian lands.

(b) When the area of the proposed work would cross jurisdictional boundaries, so that permit applications must be submitted to more than one Federal land manager, the Federal land managers shall coordinate the review and evaluation of applications and the issuance of permits.

[49 FR 1027, Jan. 6, 1984; 49 FR 5923, Feb. 16, 1984]

§ 296.9 Terms and conditions of permits.

(a) In all permits issued, the Federal land manager shall specify:

(1) The nature and extent of work allowed and required under the permit, including the time, duration, scope, location, and purpose of the work;

(2) The name of the individual(s) responsible for conducting the work and, if different, the name of the individual(s) responsible for carrying out the terms and conditions of the permit;

(3) The name of any university, museum, or other scientific or educational institutions in which any collected materials and data shall be deposited; and

(4) Reporting requirements.

(b) The Federal land manager may specify such terms and conditions as deemed necessary, consistent with this part, to protect public safety and other values and/or resources, to secure work areas, to safeguard other legitimate land uses, and to limit activities incidental to work authorized under a permit.

(c) The Federal land manager shall include in permits issued for archaeological work on Indian lands such terms and conditions as may be requested by the Indian landowner and the Indian tribe having jurisdiction over the lands, and for archaeological work on public lands shall include such terms and conditions as may have been developed pursuant to §296.7.

(d) Initiation of work or other activities under the authority of a permit signifies the permittee's acceptance of the terms and conditions of the permit.

(e) The permittee shall not be released from requirements of a permit until all outstanding obligations have been satisfied, whether or not the term of the permit has expired.

(f) The permittee may request that the Federal land manager extend or modify a permit.

(g) The permittee's performance under any permit issued for a period greater than 1 year shall be subject to review by the Federal land manager, at least annually.

§ 296.10 Suspension and revocation of permits.

(a) *Suspension or revocation for cause.*

(1) The Federal land manager may suspend a permit issued pursuant to this part upon determining that the permittee has failed to meet any of the terms and conditions of the permit or has violated any prohibition of the Act or §296.4. The Federal land manager shall provide written notice to the permittee of the suspension, the cause thereof, and the requirements which must be met before the suspension will be removed.

(2) The Federal land manager may revoke a permit upon assessment of a civil penalty under §296.15 upon the permittee's conviction under section 6 of the Act, or upon determining that the permittee has failed after notice under this section to correct the situation which led to suspension of the permit.

(b) *Suspension or revocation for management purposes.* The Federal land manager may suspend or revoke a permit, without liability to the United States, its agents, or employees, when continuation of work under the permit would be in conflict with management

requirements not in effect when the permit was issued. The Federal land manager shall provide written notice to the permittee stating the nature of and basis for the suspension or revocation.

[49 FR 1027, Jan. 6, 1984; 49 FR 5923, Feb. 16, 1984]

§ 296.11 Appeals relating to permits.

Any affected person may appeal permit issuance, denial of permit issuance, suspension, revocation, and terms and conditions of a permit through existing administrative appeal procedures, or through procedures which may be established by the Federal land manager pursuant to section 10(b) of the Act and this part.

§ 296.12 Relationship to Section 106 of the National Historic Preservation Act.

Issuance of a permit in accordance with the Act and this part does not constitute an undertaking requiring compliance with section 106 of the Act of October 15, 1966 (16 U.S.C. 470f). However, the mere issuance of such a permit does not excuse the Federal land manager from compliance with section 106 where otherwise required.

§ 296.13 Custody of archaeological resources.

(a) Archaeological resources excavated or removed from the public lands remain the property of the United States.

(b) Archaeological resources excavated or removed from Indian lands remain the property of the Indian or Indian tribe having rights of ownership over such resources.

(c) The Secretary of the Interior may promulgate regulations providing for the exchange of archaeological resources among suitable universities, museums, or other scientific or educational institutions, for the ultimate disposition of archaeological resources, and for standards by which archaeological resources shall be preserved and maintained, when such resources have been excavated or removed from public lands and Indian lands.

(d) In the absence of regulations referenced in paragraph (c) of this section, the Federal land manager may provide

§ 296.14

36 CFR Ch. II (7-1-00 Edition)

for the exchange of archaeological resources among suitable universities, museums, or other scientific or educational institutions, when such resources have been excavated or removed from public lands under the authority of a permit issued by the Federal land manager.

(e) Notwithstanding the provisions of paragraphs (a) through (d) of this section, the Federal land manager will follow the procedures required by NAGPRA and its implementing regulations for determining the disposition of Native American human remains and other "cultural items", as defined by NAGPRA, that have been excavated, removed, or discovered on public lands.

[49 FR 1027, Jan. 6, 1984, as amended at 60 FR 5260, 5261, Jan. 26, 1995]

§ 296.14 Determination of archaeological or commercial value and cost of restoration and repair.

(a) *Archaeological value.* For purposes of this part, the archaeological value of any archaeological resource involved in a violation of the prohibitions in § 296.4 of this part or conditions of a permit issued pursuant to this part shall be the value of the information associated with the archaeological resource. This value shall be appraised in terms of the costs of the retrieval of the scientific information which would have been obtainable prior to the violation. These costs may include, but need not be limited to, the cost of preparing a research design, conducting field work, carrying out laboratory analysis, and preparing reports as would be necessary to realize the information potential.

(b) *Commercial value.* For purposes of this part, the commercial value of any archaeological resource involved in a violation of the prohibitions in § 296.4 of this part or conditions of a permit issued pursuant to this part shall be its fair market value. Where the violation has resulted in damage to the archaeological resource, the fair market value should be determined using the condition of the archaeological resource prior to the violation, to the extent that its prior condition can be ascertained.

(c) *Cost of restoration and repair.* For purposes of this part, the cost of res-

toration and repair of archaeological resources damaged as a result of a violation of prohibitions or conditions pursuant to this part, shall be the sum of the costs already incurred for emergency restoration or repair work, plus those costs projected to be necessary to complete restoration and repair, which may include, but need not be limited to, the costs of the following:

- (1) Reconstruction of the archaeological resource;
- (2) Stabilization of the archaeological resource;
- (3) Ground contour reconstruction and surface stabilization;
- (4) Research necessary to carry out reconstruction or stabilization;
- (5) Physical barriers or other protective devices, necessitated by the disturbance of the archaeological resource, to protect it from further disturbance;
- (6) Examination and analysis of the archaeological resource including recording remaining archaeological information, where necessitated by disturbance, in order to salvage remaining values which cannot be otherwise conserved;
- (7) Reinterment of human remains in accordance with religious custom and State, local, or tribal law, where appropriate, as determined by the Federal land manager.
- (8) Preparation of reports relating to any of the above activities.

§ 296.15 Assessment of civil penalties.

(a) The Federal land manager may assess a civil penalty against any person who has violated any prohibition contained in § 296.4 or who has violated any term or condition included in a permit issued in accordance with the Act and this part.

(b) *Notice of violation.* The Federal land manager shall serve a notice of violation upon any person believed to be subject to a civil penalty, either in person or by registered or certified mail (return receipt requested). The Federal land manager shall include in the notice:

- (1) A concise statement of the facts believed to show a violation;
- (2) A specific reference to the provision(s) of this part or to a permit

issued pursuant to this part allegedly violated;

(3) The amount of penalty proposed to be assessed, including any initial proposal to mitigate or remit where appropriate, or a statement that notice of a proposed penalty amount will be served after the damages associated with the alleged violation have been ascertained;

(4) Notification of the right to file a petition for relief pursuant to paragraph (d) of this section, or to await the Federal land manager's notice of assessment, and to request a hearing in accordance with paragraph (g) of this section. The notice shall also inform the person of the right to seek judicial review of any final administrative decision assessing a civil penalty.

(c) The person served with a notice of violation shall have 45 calendar days from the date of its service (or the date of service of a proposed penalty amount, if later) in which to respond. During this time the person may:

(1) Seek informal discussions with the Federal land manager;

(2) File a petition for relief in accordance with paragraph (d) of this section;

(3) Take no action and await the Federal land manager's notice of assessment;

(4) Accept in writing or by payment the proposed penalty, or any mitigation or remission offered in the notice. Acceptance of the proposed penalty or mitigation or remission shall be deemed a waiver of the notice of assessment and of the right to request a hearing under paragraph (g) of this section.

(d) *Petition for relief.* The person served with a notice of violation may request that no penalty be assessed or that the amount be reduced, by filing a petition for relief with the Federal land manager within 45 calendar days of the date of service of the notice of violation (or of a proposed penalty amount, if later). The petition shall be in writing and signed by the person served with the notice of violation. If the person is a corporation, the petition must be signed by an officer authorized to sign such documents. The petition shall set forth in full the legal or factual basis for the requested relief.

(e) *Assessment of penalty.* (1) The Federal land manager shall assess a civil penalty upon expiration of the period for filing a petition for relief, upon completion of review of any petition filed, or upon completion of informal discussions, whichever is later.

(2) The Federal land manager shall take into consideration all available information, including information provided pursuant to paragraphs (c) and (d) of this section or furnished upon further request by the Federal land manager.

(3) If the facts warrant a conclusion that no violation has occurred, the Federal land manager shall so notify the person served with a notice of violation, and no penalty shall be assessed.

(4) Where the facts warrant a conclusion that a violation has occurred, the Federal land manager shall determine a penalty amount in accordance with §296.16.

(f) *Notice of assessment.* The Federal land manager shall notify the person served with a notice of violation of the penalty amount assessed by serving a written notice of assessment, either in person or by registered or certified mail (return receipt requested). The Federal land manager shall include in the notice of assessment:

(1) The facts and conclusions from which it was determined that a violation did occur;

(2) The basis in §296.16 for determining the penalty amount assessed and/or any offer to mitigate or remit the penalty; and

(3) Notification of the right to request a hearing, including the procedures to be followed, and to seek judicial review of any final administrative decision assessing a civil penalty.

(g) *Hearings.* (1) Except where the right to request a hearing is deemed to have been waived as provided in paragraph (c)(4) of this section, the person served with a notice of assessment may file a written request for a hearing with the adjudicatory body specified in the notice. The person shall enclose with the request for hearing a copy of the notice of assessment, and shall deliver the request as specified in the notice of assessment, personally or by

§ 296.16

36 CFR Ch. II (7–1–00 Edition)

registered or certified mail (return receipt requested).

(2) Failure to deliver a written request for a hearing within 45 days of the date of service of the notice of assessment shall be deemed a waiver of the right to a hearing.

(3) Any hearing conducted pursuant to this section shall be held in accordance with 5 U.S.C. section 554. In any such hearing, the amount of civil penalty assessed shall be determined in accordance with this part, and shall not be limited by the amount assessed by the Federal land manager under paragraph (f) of this section or any offer of mitigation or remission made by the Federal land manager.

(h) *Final administrative decision.* (1) Where the person served with a notice of violation has accepted the penalty pursuant to paragraph (c)(4) of this section, the notice of violation shall constitute the final administrative decision;

(2) Where the person served with a notice of assessment has not filed a timely request for a hearing pursuant to paragraph (g)(1) of this section, the notice of assessment shall constitute the final administrative decision;

(3) Where the person served with a notice of assessment has filed a timely request for a hearing pursuant to paragraph (g)(1) of this section, the decision resulting from the hearing or any applicable administrative appeal therefrom shall constitute the final administrative decision.

(i) *Payment of penalty.* (1) The person assessed a civil penalty shall have 45 calendar days from the date of issuance of the final administrative decision in which to make full payment of the penalty assessed, unless a timely request for appeal has been filed with a United States District Court as provided in section 7(b)(1) of the Act.

(2) Upon failure to pay the penalty, the Federal land manager may request the Attorney General to institute a civil action to collect the penalty in a United States District Court for any district in which the person assessed a civil penalty is found, resides, or transacts business. Where the Federal land manager is not represented by the Attorney General, a civil action may be

initiated directly by the Federal land manager.

(j) *Other remedies not waived.* Assessment of a penalty under this section shall not be deemed a waiver of the right to pursue other available legal or administrative remedies.

§ 296.16 Civil penalty amounts.

(a) *Maximum amount of penalty.* (1) Where the person being assessed a civil penalty has not committed any previous violation of any prohibition in § 296.4 or of any term or condition included in a permit issued pursuant to this part, the maximum amount of the penalty shall be the full cost of restoration and repair of archaeological resources damaged plus the archaeological or commercial value of archaeological resources destroyed or not recovered.

(2) Where the person being assessed a civil penalty has committed any previous violation of any prohibition in § 296.4 or of any term or condition included in a permit issued pursuant to this part, the maximum amount of the penalty shall be double the cost of restoration and repair plus double the archaeological or commercial value of archaeological resources destroyed or not recovered.

(3) Violations limited to the removal of arrowheads located on the surface of the ground shall not be subject to the penalties prescribed in this section.

(b) *Determination of penalty amount, mitigation, and remission.* The Federal land manager may assess a penalty amount less than the maximum amount of penalty and may offer to mitigate or remit the penalty.

(1) Determination of the penalty amount and/or a proposal to mitigate or remit the penalty may be based upon any of the following factors:

(i) Agreement by the person being assessed a civil penalty to return to the Federal land manager archaeological resources removed from public lands or Indian lands;

(ii) Agreement by the person being assessed a civil penalty to assist the Federal land manager in activity to preserve, restore, or otherwise contribute to the protection and study of archaeological resources on public lands or Indian lands;

(iii) Agreement by the person being assessed a civil penalty to provide information which will assist in the detection, prevention, or prosecution of violations of the Act or this part;

(iv) Demonstration of hardship or inability to pay, provided that this factor shall only be considered when the person being assessed a civil penalty has not been found to have previously violated the regulations in this part;

(v) Determination that the person being assessed a civil penalty did not willfully commit the violation;

(vi) Determination that the proposed penalty would constitute excessive punishment under the circumstances;

(vii) Determination of other mitigating circumstances appropriate to consideration in reaching a fair and expeditious assessment.

(2) When the penalty is for a violation on Indian lands, the Federal land manager shall consult with and consider the interests of the Indian landowner and the Indian tribe having jurisdiction over the Indian lands prior to proposing to mitigate or remit the penalty.

(3) When the penalty is for a violation which may have had an effect on a known Indian tribal religious or cultural site on public lands, the Federal land manager should consult with and consider the interests of the affected tribe(s) prior to proposing to mitigate or remit the penalty.

[49 FR 1027, Jan. 6, 1984, as amended at 52 FR 47721, Dec. 16, 1987]

§ 296.17 Other penalties and rewards.

(a) Section 6 of the Act contains criminal prohibitions and provisions for criminal penalties. Section 8(b) of the Act provides that archaeological resources, vehicles, or equipment involved in a violation may be subject to forfeiture.

(b) Section 8(a) of the Act provides for rewards to be made to persons who furnish information which leads to conviction for a criminal violation or to assessment of a civil penalty. The Federal land manager may certify to the Secretary of the Treasury that a person is eligible to receive payment. Officers and employees of Federal, State, or local government who furnish information or render service in the per-

formance of their official duties, and persons who have provided information under § 296.16(b)(1)(iii) shall not be certified eligible to receive payment of rewards.

(c) In cases involving Indian lands, all civil penalty monies and any item forfeited under the provisions of this section shall be transferred to the appropriate Indian or Indian tribe.

§ 296.18 Confidentiality of archaeological resource information.

(a) The Federal land manager shall not make available to the public, under subchapter II of chapter 5 of title 5 of the United States Code or any other provision of law, information concerning the nature and location of any archaeological resource, with the following exceptions:

(1) The Federal land manager may make information available, provided that the disclosure will further the purposes of the Act and this part, or the Act of June 27, 1960, as amended (16 U.S.C. 469-469c), without risking harm to the archaeological resource or to the site in which it is located.

(2) The Federal land manager shall make information available, when the Governor of any State has submitted to the Federal land manager a written request for information, concerning the archaeological resources within the requesting Governor's State, provided that the request includes:

(i) The specific archaeological resource or area about which information is sought;

(ii) The purpose for which the information is sought; and

(iii) The Governor's written commitment to adequately protect the confidentiality of the information.

[49 FR 1027, Jan. 6, 1984; 49 FR 5923, Feb. 16, 1984]

§ 296.19 Report.

(a) Each Federal land manager, when requested by the Secretary of the Interior, will submit such information as is necessary to enable the Secretary to comply with section 13 of the Act and comprehensively report on activities carried out under provisions of the Act.

(b) The Secretary of the Interior will include in the annual comprehensive report, submitted to the Committee on

§ 296.20

Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate under section 13 of the Act, information on public awareness programs submitted by each Federal land manager under § 296.20(b). Such submittal will fulfill the Federal land manager's responsibility under section 10(c) of the Act to report on public awareness programs.

(c) The comprehensive report by the Secretary of the Interior also will include information on the activities carried out under section 14 of the Act. Each Federal land manager, when requested by the Secretary, will submit any available information on surveys and schedules and suspected violations in order to enable the Secretary to summarize in the comprehensive report actions taken pursuant to section 14 of the Act.

[60 FR 5260, 5261, Jan. 26, 1995]

§ 296.20 Public Awareness Programs.

(a) Each Federal land manager will establish a program to increase public awareness of the need to protect important archaeological resources located on public and Indian lands. Educational activities required by section 10(c) of the Act should be incorporated into other current agency public education and interpretation programs where appropriate.

(b) Each Federal land manager annually will submit to the Secretary of the Interior the relevant information on public awareness activities required by section 10(c) of the Act for inclusion in the comprehensive report on activities required by section 13 of the Act.

[60 FR 5260, 5261, Jan. 26, 1995]

§ 296.21 Surveys and Schedules.

(a) The Secretaries of the Interior, Agriculture, and Defense and the Chairman of the Board of the Tennessee Valley Authority will develop plans for surveying lands under each agency's control to determine the nature and extent of archaeological resources pursuant to section 14(a) of the Act. Such activities should be consistent with Federal agency planning policies and other historic preservation

36 CFR Ch. II (7-1-00 Edition)

program responsibilities required by 16 U.S.C. 470 *et seq.* Survey plans prepared under this section will be designed to comply with the purpose of the Act regarding the protection of archaeological resources.

(b) The Secretaries of the Interior, Agriculture, and Defense and the Chairman of the Tennessee Valley Authority will prepare schedules for surveying lands under each agency's control that are likely to contain the most scientifically valuable archaeological resources pursuant to section 14(b) of the Act. Such schedules will be developed based on objectives and information identified in survey plans described in paragraph (a) of this section and implemented systematically to cover areas where the most scientifically valuable archaeological resources are likely to exist.

(c) Guidance for the activities undertaken as part of paragraphs (a) through (b) of this section is provided by the Secretary of the Interior's Standards and Guidelines for Archeology and Historic Preservation.

(d) Other Federal land managing agencies are encouraged to develop plans for surveying lands under their jurisdictions and prepare schedules for surveying to improve protection and management of archaeological resources.

(e) The Secretaries of the Interior, Agriculture, and Defense and the Chairman of the Tennessee Valley Authority will develop a system for documenting and reporting suspected violations of the various provisions of the Act. This system will reference a set of procedures for use by officers, employees, or agents of Federal agencies to assist them in recognizing violations, documenting relevant evidence, and reporting assembled information to the appropriate authorities. Methods employed to document and report such violations should be compatible with existing agency reporting systems for documenting violations of other appropriate Federal statutes and regulations. Summary information to be included in the Secretary's comprehensive report will be based upon the system developed by each Federal land

Forest Service, USDA

§ 297.3

manager for documenting suspected violations.

[60 FR 5260, 5261, Jan. 26, 1995]

PART 297—WILD AND SCENIC RIVERS

Subpart A—Water Resources Projects

Sec.

- 297.1 General.
- 297.2 Scope and application.
- 297.3 Definitions.
- 297.4 Requirements for Federal agencies.
- 297.5 Determination.
- 297.6 Environmental analysis requirements.

Subpart B—[Reserved]

AUTHORITY: 16 U.S.C. 551, 1278(c), 1281(d).

SOURCE: 49 FR 1902, Jan. 16, 1984. Correctly designated at 49 FR 6896, Feb. 24, 1984, unless otherwise noted.

Subpart A—Water Resources Projects

§ 297.1 General.

Section 7 of the Wild and Scenic Rivers Act (16 U.S.C. 1278), as amended, provides for the protection of the free-flowing, scenic, and natural values of rivers designated as components or potential components of the National Wild and Scenic Rivers System from the effects of construction of any water resources project.

§ 297.2 Scope and application.

These rules apply to Federal assistance in the construction of water resources projects affecting Wild and Scenic Rivers or Study Rivers administered in whole or part by the Secretary of Agriculture.

§ 297.3 Definitions.

Act means the Wild and Scenic Rivers Act (82 Stat. 906, as amended; 16 U.S.C. 1271–1288).

Construction means any action carried on with Federal assistance affecting the free-flowing characteristics or the scenic or natural values of a Wild and Scenic River or Study River.

Federal assistance means any assistance by an authorizing agency including, but not limited to, the following:

(a) A license, permit, preliminary permit, or other authorization granted by the Federal Energy Regulatory Commission pursuant to sections 4(e) and 4(f) of the Federal Power Act, 16 U.S.C. 797;

(b) A license, permit, or other authorization granted by the Corps of Engineers, Department of the Army, pursuant to the Rivers and Harbors Act of 1899 (33 U.S.C. 401 *et seq.*), and section 404 of the Clean Water Act (33 U.S.C. 1344); and,

(c) Any other license, permit, or authorization which may be required by an agency or Department of the Federal Government before, during, or after construction of a water resources project.

Free-flowing is defined by section 16(b) of the Act as “existing or flowing in natural condition without impoundment, diversion, straightening, riprapping, or other modification of the waterway” (16 U.S.C. 1287(b)).

Study period means the time during which a river is being studied as a potential component of the Wild and Scenic Rivers System and such additional time as provided in section 7(b)(ii) of the Act not to exceed 3 additional years during which a report recommending designation is before the Congress, or such additional time as may be provided by statute.

Study river means a river and the adjacent area within one quarter mile of the banks of the river which is designated for study as a potential addition to the National Wild and Scenic Rivers System pursuant to section 5(a) of the Act.

Water resources project means any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063) as amended, or other construction of developments which would affect the free-flowing characteristics of a Wild and Scenic River or Study River.

Wild and scenic river means a river and the adjacent area within the boundaries of a component of the National Wild and Scenic Rivers System pursuant to section 3(a) or 2(a)(ii) of the Act.

§ 297.4

§ 297.4 Requirements for Federal agencies.

(a) No license, permit, or other authorization can be issued for a Federally assisted water resources project on any portion of a Wild and Scenic River or Study River nor can appropriations be requested to begin construction of such projects, without prior notice to the Secretary of Agriculture, and a determination in accordance with section 7 of the Act.

(b) As soon as practicable, but no less than 60 days prior to the date of proposed action, the Federal agency shall provide a notice of intent to issue such license, permit, or other authorization to the Chief, Forest Service, U.S. Department of Agriculture, P.O. Box 2417, Washington, DC 20013. The Secretary will, to the extent possible, give expedited consideration to a notice of intent for a project needed to address an emergency situation.

(c) The notice shall include the following information:

- (1) Name and location of affected river;
- (2) Location of the project;
- (3) Nature of the permit or other authorization proposed for issuance;
- (4) A description of the proposed activity; and
- (5) Any relevant information, such as plans, maps, and environmental studies, assessments, or environmental impact statements.

§ 297.5 Determination.

(a) The Secretary of Agriculture will consent to the issuance of any Federal license, permit, or other authorization if, as a finding of fact, it is determined that:

- (1) The water resources project will not have a direct and adverse effect on the values for which a Wild and Scenic River or Study River was designated, when any portion of the project is within the boundaries of said river, or;
- (2) The effects of the water resources project will neither invade nor unrea-

36 CFR Ch. II (7-1-00 Edition)

sonably diminish the scenic, recreational, and fish wildlife values of a Wild and Scenic River, when any portion of the project is located above, below, or outside the Wild and Scenic River, or;

(3) The effects of the water resources project will neither invade nor diminish the scenic, recreational, and fish and wildlife values of a Study River when the project is located above, below, or outside the Study River during the study period.

(b) If consent is denied, the Secretary may recommend measures to eliminate adverse effects, and the authorizing agencies may submit revised plans for consideration.

§ 297.6 Environmental analysis requirements.

(a) The determination of the effects of a proposed water resources project shall be made in compliance with the National Environmental Policy Act (NEPA). To the extent possible, authorizing agencies should ensure that any environmental studies, assessments, or environmental impact statements prepared for a water resources project adequately address the environmental effects on resources protected by the Wild and Scenic Rivers Act, and that the Department of Agriculture is apprised of ongoing analyses so as to facilitate coordination and identification of Wild and Scenic River related issues.

(b) To the extent practicable, impacts on Wild and Scenic River values will be considered in the context of other review procedures provided by law. Authorizing agencies are encouraged to consult with the Forest Service in order to identify measures which could eliminate any direct and adverse effects, thereby increasing the likelihood of securing consent.

Subpart B—[Reserved]

PARTS 298—299 [RESERVED]
