Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 41 CFR 102-2.5 refers to title 41, part 102-2, section .5.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 ..............................................................as of January 1
- Title 17 through Title 27 .................................................................as of April 1
- Title 28 through Title 41 .............................................................as of July 1
- Title 42 through Title 50 .............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, July 1, 2000), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

**OBSOLETE PROVISIONS**

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949-1963, 1964-1972, or 1973-1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

**CFR INDEXES AND TABULAR GUIDES**

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

**REPUBLICATION OF MATERIAL**

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

**INQUIRIES**

For a legal interpretation or explanation of any regulation in this volume, contact the issuing agency. The issuing agency’s name appears at the top of odd-numbered pages.

THIS TITLE

As of July 1, 1985, the text of subtitle A is no longer published in the Code of Federal Regulations. For an explanation of the status of subtitle A, see 41 CFR chapters 1—100 (page 3).

Other government-wide procurement regulations relating to public contracts appear in chapters 50 through 100, subtitle B.

The Federal property management regulations in chapter 101 of subtitle C are government-wide property management regulations issued by the General Services Administration. In the remaining chapters of subtitle C are the implementing and supplementing property management regulations issued by individual Government agencies. Those regulations which implement chapter 101 are numerically keyed to it.

The Federal Travel Regulation System in chapters 300-304 of subtitle F is issued by the General Services Administration.

Title 41 is composed of four volumes. The chapters in these volumes are arranged as follows: Chapters 1—100, chapter 101, chapters 102—200, and chapter 201 to End. These volumes represent all current regulations codified under this title of the CFR as of July 1, 2000.

Redesignation tables appear in the finding aids section of the volumes containing chapter 101 and chapters 102 to 200.

For this volume, Kenneth R. Payne was Chief Editor. The Code of Federal Regulations publication program is under the direction of Frances D. McDonald, assisted by Alomha S. Morris.

SUBCHAPTER A—GENERAL

PART 102—GENERAL (RESERVED)

PART 102—FEDERAL MANAGEMENT REGULATION SYSTEM

Subpart A—Regulation System

GENERAL

§ 102–2.5 What is the Federal Management Regulation (FMR)?

The Federal Management Regulation (FMR) is the successor regulation to the Federal Property Management Regulations (FPMR). It contains updated regulatory policies originally found in the FPMR. However, it does not contain FPMR material that described how to do business with the General Services Administration (GSA). “How to” materials on this and other subjects are available in customer service guides, handbooks, brochures and Internet websites provided by GSA. (See § 102–2.125.)

§ 102–2.10 What is the FMR’s purpose?

The FMR prescribes policies concerning property management and related administrative activities. GSA issues the FMR to carry out the Administrator of General Services’ functional responsibilities, as established by statutes, Executive orders, Presidential memoranda, Circulars and bulletins issued by the Office of Management and Budget (OMB), and other policy directives.

Subpart B—Forms

§ 102–2.130 Where are FMR forms prescribed?

§ 102–2.135 How do agencies obtain forms prescribed by the FMR?

Subpart C—Plain Language Regulatory Style

§ 102–2.140 What elements of plain language appear in the FMR?

§ 102–2.145 To what do pronouns refer when used in the FMR?

AUTHORITY: 40 U.S.C. 486(c).

SOURCE: 64 FR 39085, July 21, 1999, unless otherwise noted.

Subpart A—Regulation System

GENERAL

§ 102–2.5 What is the Federal Management Regulation (FMR)?

The Federal Management Regulation (FMR) is the successor regulation to the Federal Property Management Regulations (FPMR). It contains updated regulatory policies originally found in the FPMR. However, it does not contain FPMR material that described how to do business with the General Services Administration (GSA). “How to” materials on this and other subjects are available in customer service guides, handbooks, brochures and Internet websites provided by GSA. (See § 102–2.125.)

§ 102–2.10 What is the FMR’s purpose?

The FMR prescribes policies concerning property management and related administrative activities. GSA issues the FMR to carry out the Administrator of General Services’ functional responsibilities, as established by statutes, Executive orders, Presidential memoranda, Circulars and bulletins issued by the Office of Management and Budget (OMB), and other policy directives.
§ 102–2.15 What is the authority for the FMR system?

The Administrator of General Services prescribes and issues the FMR under the authority of the Federal Property and Administrative Services Act of 1949, as amended, 40 U.S.C. 486(c), as well as other applicable Federal laws and authorities.

§ 102–2.20 Which agencies are subject to the FMR?

The FMR applies to executive agencies unless otherwise extended to Federal agencies in various parts of this chapter. The difference between the two terms is that Federal agencies include executive agencies plus establishments in the legislative or judicial branch of the Government. See paragraphs (a) and (b) of this section for the definitions of each term.

(a) What is an executive agency? An executive agency is any executive department or independent establishment in the executive branch of the Government, including any wholly-owned Government corporation. (See 40 U.S.C. 472(a).)

(b) What is a Federal agency? A Federal agency is any executive agency or any establishment in the legislative or judicial branch of the Government (except the Senate, the House of Representatives, and the Architect of the Capitol and any activities under that person’s direction). (See 40 U.S.C. 472(b).)

§ 102–2.25 When are other agencies involved in developing the FMR?

Normally, GSA will ask agencies to collaborate in developing parts of the FMR.

§ 102–2.30 Where and in what formats is the FMR published?

Proposed rules are published in the FEDERAL REGISTER. FMR bulletins are published in looseleaf format. FMR interim and final rules are published in the following formats—

(a) FEDERAL REGISTER under the “Rules and Regulations” section.
(b) Loose-leaf. (See §102–2.35.)
(c) Code of Federal Regulations (CFR), which is an annual codification of the general and permanent rules published in the FEDERAL REGISTER. The CFR is available on line and in a bound-volume format.
(d) Electronically on the Internet.

§ 102–2.35 How is the FMR distributed?

(a) A liaison appointed by each agency provides GSA with their agency’s distribution requirements of the looseleaf version of the FMR. Agencies must submit GSA Form 2053, Agency Consolidated Requirements for GSA Regulations and Other External Issuances, to—General Services Administration, Office of Communications (X), 1800 F Street, NW, Washington, DC 20405.

(b) Order FEDERAL REGISTER and Code of Federal Regulations copies of FMR material through your agency’s authorizing officer.

§ 102–2.40 May an agency issue implementing and supplementing regulations for the FMR?

Yes, an agency may issue implementing regulations (see §102–2.50) to expand upon related FMR material and supplementing regulations (see §102–2.55) to address subject material not covered in the FMR. The Office of the Federal Register assigns chapters in Title 41 of the Code of Federal Regulations for agency publication of implementing and supplementing regulations.

NUMBERING

§ 102–2.45 How is the FMR numbered?

(a) All FMR sections are designated by three numbers. The following example illustrates the chapter (it’s always 102), part, and section designations:
§ 102-2.85 What are individual and class deviations?

An individual deviation is intended to affect only one action. A class deviation is intended to affect more than one action (e.g., multiple actions, the actions of more than one agency, or individual agency actions that are expected to recur).

§ 102-2.75 What timeframes apply to deviations?

Timeframes vary based on the nature of the deviation. However, deviations cannot be open-ended. When consulting with GSA about using an individual or class deviation, you must set a timeframe for the deviation's duration.

§ 102-2.80 What steps must an agency take to deviate from the FMR?

(a) Consult informally with appropriate GSA program personnel to learn more about how your agency can work within the FMR's requirements instead of deviating from them. The consultation process may also highlight reasons why an agency would not be permitted to deviate from the FMR; e.g., statutory constraints.

(b) Formally request a deviation, if consultations indicate that your agency needs one. The head of your agency or a designated official should write to GSA's Regulatory Secretariat to the attention of a GSA official in the program office that is likely to consider the deviation. (See the FMR bulletin that lists contacts in GSA's program offices and §102-2.90.) The written request must fully explain the reasons for the deviation, including the benefits that the agency expects to achieve.

§ 102-2.85 What are the reasons for writing to GSA about FMR deviations?

The reasons for writing are to:
§ 102–2.90 Explain your agency’s rationale for the deviation. Before it can adequately comment on a potential deviation from the FMR, GSA must know why it is needed. GSA will compare your need against the applicable policies and regulations.

(b) Obtain clarification from GSA as to whether statutes, Executive orders, or other controlling policies, which may not be evident in the regulation, preclude deviating from the FMR for the reasons stated.

(c) Establish a timeframe for using a deviation.

(d) Identify potential changes to the FMR.

(e) Identify the benefits and other results that the agency expects to achieve.

§ 102–2.90 Where should my agency send its correspondence on an FMR deviation?

Send correspondence to: General Services Administration, Regulatory Secretariat (MVRS), Office of Governmentwide Policy, 1800 F Street, NW, Washington, DC 20405.

§ 102–2.95 What information must agencies include in their deviation letters to GSA?

Agencies must include:

(a) The title and citation of the FMR provision from which the agency wishes to deviate;

(b) The name and telephone number of an agency contact who can discuss the reason for the deviation;

(c) The reason for the deviation;

(d) A statement about the expected benefits of using the deviation (to the extent possible, expected benefits should be stated in measurable terms);

(e) A statement about possible use of the deviation in other agencies or Governmentwide; and

(f) The duration of the deviation.

§ 102–2.100 Must agencies provide GSA with a follow-up analysis of their experience in deviating from the FMR?

Yes, agencies that deviate from the FMR must also write to the relevant GSA program office at the Regulatory Secretariat’s address (see §102–2.90) to describe their experiences in using a deviation.

§ 102–2.105 What information must agencies include in their follow-up analysis?

In your follow-up analysis, provide information that may include, but should not be limited to, specific actions taken or not taken as a result of the deviation, outcomes, impacts, anticipated versus actual results, and the advantages and disadvantages of taking an alternative course of action.

§ 102–2.110 When must agencies provide their follow-up letters?

(a) For an individual deviation, once the action is complete.

(b) For a class deviation, at the end of each twelve-month period from the time you first took the deviation and at the end of the deviation period.

Non-Regulatory Material

§ 102–2.115 What kinds of non-regulatory material does GSA publish outside of the FMR?

As GSA converts the FPMR to the FMR, non-regulatory materials in the FPMR, such as guidance, procedures, standards, and information, that describe how to do business with GSA, will become available in separate documents. These documents may include customer service guides, handbooks, brochures, Internet websites, and FMR bulletins. GSA will eliminate non-regulatory material that is no longer needed.

§ 102–2.120 How do I know whom to contact to discuss the regulatory requirements of programs addressed in the FMR?

Periodically, GSA will issue for your reference an FMR bulletin that lists program contacts with whom agencies can discuss regulatory requirements. At a minimum, the list will contain organization names and telephone numbers for each program addressed in the FMR.

§ 102–2.125 What source of information can my agency use to identify materials that describe how to do business with GSA?

The FMR establishes policy; it does not specify procedures for the acquisition of GSA services. However, as a service to users during the transition...
from the FPMR to the FMR and as needed thereafter, GSA will issue FMR bulletins to identify where to find information on how to do business with GSA. References include customer service guides, handbooks, brochures, Internet websites, etc.

Subpart B—Forms

§ 102–2.130 Where are FMR forms prescribed?
In any of its parts, the FMR may prescribe forms and the requirements for using them.

§ 102–2.135 How do agencies obtain forms prescribed by the FMR?
For copies of the forms prescribed by the FMR, do any of the following:
(a) Write to us at: General Services Administration, National Forms and Publications Center (7CPN), Warehouse 4, Dock No. 1, 501 West Felix Street, Fort Worth, TX 76115.
(b) Send e-mail messages to: NFPC@gsa-7FDepot.
(c) Visit our web site at: www.gsa.gov/forms/forms.htm.

Subpart C—Plain Language Regulatory Style

§ 102–2.140 What elements of plain language appear in the FMR?
The FMR is written in a “plain language” regulatory style. This style is easy to read and uses a question and answer format directed at the reader, active voice, shorter sentences, and, where appropriate, personal pronouns.

§ 102–2.145 To what do pronouns refer when used in the FMR?
Throughout its text, the FMR may contain pronouns such as, but not limited to, we, you, and I. When pronouns are used, each subchapter of the FMR will indicate whether they refer to the reader, an agency, GSA, or some other entity. In general, pronouns refer to who or what must perform a required action.

§ 102-34.5 Preamble.

(a) This part governs the economical and efficient management and control of motor vehicles that the Government owns or leases. Agencies will incorporate appropriate provisions of this part into contracts offering Government-furnished equipment in order to ensure adequate control over the use of motor vehicles.

(b) The questions and associated answers in this part are regulatory in effect. Thus compliance with the written text of this part is required by all executive agencies.
§ 102–34.10 What definitions apply to motor vehicle management?

The following definitions apply to motor vehicle management:

Commercial design motor vehicle means a motor vehicle procurable from regular production lines and designed for use by the general public.

Domestic fleet (see § 102–34.20(a)).

Foreign fleet (see § 102–34.20(b)).

GSA Fleet lease (see § 102–34.25(d)).

Large fleet (see § 102–34.20(d)).

Law enforcement motor vehicle means a passenger automobile or light truck that is specifically approved in an agency’s appropriation act for use in apprehension, surveillance, police or other law enforcement work or specifically designed for use in law enforcement. If not identified in an agency’s appropriation language, a motor vehicle qualifies as a law enforcement motor vehicle only in the following cases:

1. A passenger automobile having heavy duty components for electrical, cooling and suspension systems and at least the next higher cubic inch displacement or more powerful engine than is standard for the automobile concerned.

2. A light truck having emergency warning lights and identified with markings such as “police.”

3. An unmarked motor vehicle certified by the agency head as essential for the safe and efficient performance of intelligence, counterintelligence, protective, or other law enforcement duties.

4. A motor vehicle seized by a Federal agency that is subsequently used for the purpose of performing law enforcement activities.

Light duty motor vehicle means any motor vehicle with a gross motor vehicle weight rating (GVWR) of 8,500 pounds or less.

Light truck means a motor vehicle on a truck chassis with a gross motor vehicle weight rating (GVWR) of 8,500 pounds or less.

Military design motor vehicle means a motor vehicle (excluding general-purpose motor vehicles) designed according to military specifications to support directly combat or tactical operations or training for such operations.

Motor vehicle means any vehicle, self-propelled or drawn by mechanical power, designed and operated principally for highway transportation of property or passengers, but does not include a military design motor vehicle or vehicles not covered by this part (see § 102–34.15).

Motor vehicle identification (also referred to as “motor vehicle markings”) means the legends “For Official Use Only” and “U.S. Government” placed on a motor vehicle plus other legends showing the full name of the department, agency, establishment, corporation, or service by which the motor vehicle is used. This identification is usually a decal placed in the rear window or on the side of the motor vehicle.

Motor vehicle lease (see § 102–34.25(b)).

Motor vehicle markings (see “Motor vehicle identification” in this section).

Motor vehicle purchase (see § 102–34.25(a)).

Motor vehicle rental (see § 102–34.25(c)).

Motor vehicles transferred from excess (see § 102–34.25(e)).

Owning agency means the executive agency that holds the vehicle title, manufacturer’s Certificate of Origin, or is the lessee of a motor vehicle lease. This term does not apply to agencies that lease motor vehicles from the GSA Fleet.

Passenger automobile means a sedan or station wagon designed primarily to transport people.

Reportable motor vehicles are vehicles which are reported to GSA as outlined in Subpart I of this part:

1. Included are sedans, station wagons, buses, ambulances, vans, utility motor vehicles, trucks and truck tractors, regardless of fuel type.

2. Excluded are fire trucks, motorcycles, military-design motor vehicles, semi-trailers, trailers and other trailing equipment such as pole trailers, dollies, cable reels, trailer coaches and boggles, and trucks with permanently mounted equipment such as generators and air compressors.

Small fleet (see § 102–34.20(c)).
Federal Management Regulation

Using agency means a Federal agency that obtains motor vehicles from the GSA Fleet, commercial firms or another Federal agency and does not hold the vehicle title or manufacturer’s Certificate of Origin. However, this does not include a Federal agency that obtains a motor vehicle by motor vehicle rental.

§ 102–34.15 What motor vehicles are not covered by this part?
Motor vehicles not covered are:
(a) Designed or used for military field training, combat, or tactical purposes;
(b) Used principally within the confines of a regularly established military post, camp, or depot; or
(c) Used by an agency in the performance of investigative, law enforcement, or intelligence duties if the head of such agency determines that exclusive control of such vehicle is essential to the effective performance of such duties, although such vehicles are subject to subpart C and subpart I of this part.

§ 102–34.20 What types of motor vehicle fleets are there?
The types of motor vehicle fleets are:
(a) Domestic fleet means all reportable agency-owned motor vehicles operated in any State, Commonwealth, territory or possession of the United States, and the District of Columbia.
(b) Foreign fleet means all reportable agency-owned motor vehicles operated in areas outside any State, Commonwealth, territory or possession of the United States, and the District of Columbia.
(c) Small fleet means a fleet of fewer than 2,000 reportable agency-owned motor vehicles, worldwide.

(c) Motor vehicle rental means obtaining a motor vehicle by contract or other arrangement from a commercial source for less than 60 continuous days.
(d) GSA Fleet lease means obtaining a motor vehicle from the General Services Administration (GSA Fleet). Where “lease” is used alone within this part, it refers to “motor vehicle lease” in paragraph (b) of this section and not GSA Fleet lease.
(e) Motor vehicles transferred from excess means obtaining a motor vehicle reported as excess and transferred with or without cost.

Subpart A—Obtaining Fuel Efficient Motor Vehicles

§ 102–34.30 Who must comply with motor vehicle fuel efficiency requirements?
Executive agencies located in any State, Commonwealth, territory or possession of the United States, and the District of Columbia which operate motor vehicles owned or leased by the Government in the conduct of official business. This subpart does not apply to motor vehicles exempted by law or other regulations, such as law enforcement and motor vehicles in foreign areas. Other Federal agencies are encouraged to comply so that maximum energy conservation benefits may be realized in obtaining, operating, and managing motor vehicles owned or leased by the Government.

§ 102–34.35 What are the procedures for purchasing and leasing motor vehicles?
Procedures for purchasing and leasing motor vehicles can be found in subpart 101–26.5 of this title.

§ 102–34.40 How are passenger automobiles classified?
Passenger automobiles are classified in the following table:

<table>
<thead>
<tr>
<th>Sedan class</th>
<th>Station wagon class</th>
<th>Descriptive name</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td></td>
<td>Subcompact.</td>
</tr>
<tr>
<td>II</td>
<td></td>
<td>Compact.</td>
</tr>
</tbody>
</table>
§ 102–34.45 What size motor vehicles may we purchase and lease?

(a) You must select motor vehicles to achieve maximum fuel efficiency.

(b) Limit motor vehicle body size, engine size and optional equipment to what is essential to meet your agency’s mission.

(c) With the exception of motor vehicles used by the President and Vice President and motor vehicles for security and highly essential needs, you must purchase and lease midsize (class III) or smaller sedans.

(d) Purchase and lease large (class IV) sedans only when such motor vehicles are essential to your agency’s mission.

§ 102–34.50 What are fleet average fuel economy standards?

(a) The minimum miles per gallon that a fleet of motor vehicles purchased or leased by an executive agency must obtain. The need to meet these standards is set forth in 49 U.S.C. 32917, Standards for Executive Agency Motor Vehicles, and Executive Order 12375, Motor Vehicles. These standards have two categories:

(1) Average fuel economy standard for all passenger automobiles.

(2) Average fuel economy standard for light trucks.

(b) These standards do not apply to passenger automobiles and light trucks designed to perform combat-related missions for the U.S. Armed Forces or motor vehicles designed for use in law enforcement or emergency rescue work.

§ 102–34.55 What are the minimum fleet average fuel economy standards?

The minimum fleet average fuel economy standards appear in the following table:

<table>
<thead>
<tr>
<th>Fiscal year</th>
<th>Passenger automobile</th>
<th>Light truck</th>
</tr>
</thead>
<tbody>
<tr>
<td>1995</td>
<td>27.5</td>

\(^a\) These figures represent miles/gallon.

\(^1\) Established by section 49 U.S.C. 32902 and the Secretary of Transportation.

\(^2\) Fleet average fuel economy standard set by the Secretary of Transportation and mandated by Executive Order 12375 beginning in fiscal year 1982.

\(^3\) Fleet average fuel economy for light trucks is the combined fleet average fuel economy for all 4\(\times\)2 and 4\(\times\)4 light trucks.

\(^4\) Requirements not yet set by the Secretary of Transportation.

§ 102–34.60 How do we calculate the average fuel economy for our fleet?

(a) Due to the variety of motor vehicle configurations, you must take an average of all motor vehicles, by category (passenger automobiles or light truck) purchased and leased by your agency during the fiscal year. This calculation is the sum of passenger automobiles or light trucks that your executive agency purchases or leases from commercial sources divided by the sum of the fractions representing the number of motor vehicles of each category by model divided by the unadjusted city/highway mile-per-gallon ratings for that model, developed by the Environmental Protection Agency (EPA) for each fiscal year. The EPA mile-per-gallon rating for each motor vehicle make, model, and model year may be obtained from the: General Services Administration, Attn: FFA, Washington, DC 20406.

(b) An example follows:

Light trucks: i. 600 light trucks acquired in a specific year. These are broken down into:

A. 200 Six cylinder automatic transmission pick-up trucks, EPA rating: 24.3 mpg, plus
B. 150 Six cylinder automatic transmission mini-vans, EPA rating 24.8 mpg, plus
C. 150 Eight cylinder automatic transmission pick-up trucks, EPA rating: 20.4 mpg, plus
D. 100 Eight cylinder automatic transmission cargo vans, EPA rating: 22.2 mpg.
Federal Management Regulation

§ 102–34.70 How does GSA monitor the fuel economy of purchased and leased motor vehicles?

(a) Executive agencies report to GSA their leases and purchases of passenger automobiles and light trucks. GSA keeps a master record of the miles per gallon for passenger automobiles and light trucks acquired by each agency during the fiscal year. GSA verifies that each agency’s passenger automobile and light truck leases and purchases achieve the fleet average fuel economy for the applicable fiscal year, as required by Executive Order 12375.

(b) The GSA Federal Vehicle Policy Division (MTV) issues information about the EPA miles-per-gallon ratings to executive agencies at the beginning of each fiscal year to help agencies with their acquisition plans.

§ 102–34.75 How must we report fuel economy data for passenger automobiles and light trucks we purchase or commercially lease?

(a) You must send copies or synopses of motor vehicle leases and purchases to GSA. Use the unadjusted combined city/highway mile-per-gallon ratings for passenger automobiles and light trucks developed each fiscal year by the Environmental Protection Agency (EPA). All submissions for a fiscal year must reach GSA by December 1 of the next fiscal year. Submit the information as soon as possible after the purchase or effective date of each lease to the General Services Administration, ATTN: MTV, Washington, DC 20405. Email: vehicle.policy@gsa.gov.

(b) Include in your submission to GSA motor vehicles purchased or leased by your agency for use in any State, Commonwealth, territory or possession of the United States, and the District of Columbia.

(c) Your submission to GSA must include:

1. Number of passenger automobiles and light trucks, by category.
2. Year.
3. Make.
4. Model.
5. Transmission type (if manual, number of forward speeds).
6. Cubic inch displacement of engine.
7. Fuel type (i.e., gasoline, diesel, or type of alternative fuel).
8. Monthly lease cost, if applicable.

Note to §102–34.75: Do not include passenger automobile and light truck lease renewal options as new acquisition motor vehicle leases. Do not report passenger automobiles and light trucks exempted from fleet average fuel economy.
§ 102–34.80  Do we report fuel economy data for passenger automobiles and light trucks purchased for our agency by the GSA Automotive Division?

No. The GSA Automotive Division provides information for passenger automobiles and light trucks it purchases for agencies.

§ 102–34.85  Do we have to submit a negative report if we don’t purchase or lease any motor vehicles in a fiscal year?

Yes, you must submit a negative report if you don’t purchase or lease any motor vehicles in a fiscal year.

§ 102–34.90  Are any motor vehicles exempted from these reporting requirements?

Yes. You do not need to report passenger automobiles and light trucks that are:
(a) Purchased or leased for use outside any State, Commonwealth, territory or possession of the United States, or the District of Columbia.
(b) Designed to perform combat-related missions for the U.S. Armed Forces.
(c) Designed for use in law enforcement or emergency rescue work.

§ 102–34.95  Does fleet average fuel economy reporting affect our acquisition plan?

It may. If previous motor vehicle purchases and leases have caused your fleet to fail to meet the required fuel economy by the end of the fiscal year, GSA may encourage you to adjust future requests to meet fuel economy requirements.

§ 102–34.100  Where may we obtain help with our motor vehicle acquisition plans?

For help with your motor vehicle acquisition plan, contact the: General Services Administration, Attn: MTV, Washington, DC 20405. Email: vehicle.policy@gsa.gov

§ 102–34.210 What special requirements apply to exempted motor vehicles operating in the District of Columbia?

If your agency wants to use regular District of Columbia license plates for motor vehicles exempt from displaying U.S. government license plates and motor vehicle identification, your agency head must designate an official to authorize them. Provide the name and facsimile signature of that official to the District of Columbia, Department of Transportation, annually.

§ 102–34.215 Can GSA ask for a listing of exempted motor vehicles?

§ 102–34.235 What does GSA do if it learns of unofficial use of a motor vehicle owned or leased by the Government?

Subpart E—Scheduled Maintenance of Motor Vehicles

§ 102–34.285 What kind of maintenance programs must we have?

You must have a scheduled maintenance program for each motor vehicle you own or lease. This requirement applies to motor vehicles operated in any State, Commonwealth, territory or possession of the United States, and the District of Columbia. The GSA Fleet will develop maintenance programs for GSA Fleet vehicles. The scheduled maintenance program must: (a) Meet Federal, State, and local emission standards; (b) Meet manufacturer warranty requirements; (c) Ensure that inspections and servicing occur as recommended by the manufacturer or more often if local operating conditions require.

§ 102–34.290 Must our motor vehicles pass State inspections?

Yes your motor vehicles must pass State inspections, where mandated.

(a) Each motor vehicle owned or leased by the Government must pass Federally-mandated emission inspections in the jurisdictions in which they operate when required by State motor vehicle administrations or State environmental departments. You must reimburse State activities for the cost of these inspections if the fee is not waived. GSA will pay the cost of these inspections for motor vehicles leased from the GSA Fleet.

(b) Motor vehicles owned or leased by the Government that are exempted from the display of U.S. Government license plates and motor vehicle identification must comply with emission and mechanical inspection programs of the State, Commonwealth, territory or possession of the United States or the District of Columbia in which they are regularly operated. Your agency must pay for these inspections, unless the fee is waived. Payment for these inspections for motor vehicles leased from the GSA Fleet are the responsibility of the using agency.

Subpart F—Motor Vehicle Accident Reporting

§ 102–34.300 What forms do I use to report an accident involving a motor vehicle owned or leased by the Government?

GSF recommends the following forms for use to report an accident in any State, Commonwealth, territory or possession of the United States and the District of Columbia. The forms should be carried in any motor vehicle owned or leased by the Government.

(a) Standard Form 91, Motor Vehicle Accident Report. The motor vehicle operator should complete this form at the time and scene of the accident if possible, even if damage to the motor vehicle is not noticeable.
§ 102-34.305  To whom do we send accident reports?

Send accident reports as follows:
(a) If the motor vehicle is owned or leased by your agency, follow your internal agency directives.
(b) If the motor vehicle is managed by the GSA Fleet, report the accident to GSA in accordance with subpart 101-39.4 of this title.

Subpart G—Disposal of Motor Vehicles

§ 102-34.310 How do we dispose of a motor vehicle in any State, Commonwealth, territory or possession of the United States, or the District of Columbia?

After meeting the replacement standards under subpart D of this part, you may dispose of a Government-owned motor vehicle by transferring the motor vehicle title, or manufacturer's Certificate of Origin, to the new owner. Detailed instructions on the disposal process are in parts 101-45 and 101-46 of this title.

§ 102-34.315 What forms do we use to transfer ownership when selling a motor vehicle?

Use the following forms to transfer ownership:
(a) Standard Form 97, The United States Government Certificate to Obtain Title to a Motor Vehicle, if both of the following apply:
   (1) The motor vehicle will be retitled by a State, Commonwealth, territory or possession of the United States or the District of Columbia; and
   (2) The purchaser intends to operate the motor vehicle on highways.

NOTE TO § 102-34.315(a)(2): Do not use Standard Form 97 if the Government-owned motor vehicle is either not designed or not legal for operation on highways. Examples are construction equipment, farm machinery, and certain military-design motor vehicles. Instead, use an appropriate bill of sale or award document. Examples are Optional Form 16, Sales Slip-Sale of Government Personal Property, and Standard Form 114, Sale of Government Property—Bid and Award.

(b) Standard Form 97 is optional in foreign countries because foreign governments may require the use of other forms.

NOTE TO § 102-34.315: The original Standard Form 97 is printed on secure paper to identify readily any attempt to alter the form. The form is also pre-numbered to prevent duplicates. State motor vehicle agencies may reject certificates showing erasures or strikeovers.

§ 102-34.320 How do we distribute the completed Standard Form 97?

Standard Form 97 is a 4-part set printed on continuous-feed paper. Distribute the form as follows:
(a) Original SF 97 to the purchaser or donee.
(b) One copy to the owning agency.
(c) One copy to the contracting officer making the sale or transfer of the motor vehicle.

(b) A Government agency fueling facility; or
(c) Personal funds and obtaining reimbursement from your agency.

§ 102-34.330 What Government-issued charge cards may I use to purchase fuel and motor vehicle related services?

(a) You may use a fleet charge card specifically issued for this purpose. These cards are designed to collect motor vehicle data at the time of purchase. Where appropriate, State sales and motor fuel taxes are deducted from fuel purchases by the fleet charge card services contractor before your agency is billed. The GSA contractor issued fleet charge card is the only Government-issued charge card that may be used for GSA Fleet motor vehicles. For further information on acquiring these fleet charge cards and their use, contact the General Services Administration, Attn: FCX, Washington, DC 20406.
(b) You may use a Government purchase card if you do not have a fleet charge card or if the use of such a Government purchase card is required by your agency mission. However, the Government purchase card does not collect motor vehicle data nor does it deduct State sales and motor fuel taxes.

§ 102–34.335 What type of fuel do I use in motor vehicles?
(a) Use the grade (octane rating) of fuel recommended by the motor vehicle manufacturer when fueling motor vehicles owned or leased by the Government.
(b) Do not use premium grade gasoline in any motor vehicle owned or leased by the Government unless the motor vehicle specifically requires premium grade gasoline.
(c) Use unleaded gasoline in all Government owned or leased motor vehicles designed to operate on gasoline and used overseas unless:
(1) Such use would be in conflict with country-to-country or multi-national logistics agreements; or
(2) Such gasoline is not available locally.

§ 102–34.340 Do I have to use self-service fuel pumps?

§ 102–34.350 What records do we need to keep?
For owned motor vehicles, you are responsible for developing adequate accounting and reporting procedures to ensure accurate reporting of inventory, cost, and operational data needed to manage and control motor vehicles.

§ 102–34.355 When and how do we report motor vehicle data?
(a) Within 75 calendar days after the end of the fiscal year, use Standard Form 82, Agency Report of Motor Vehicle Data, to report motor vehicle inventory, cost, and operating information. Send the Standard Form 82 to the: General Services Administration, Attn: MTV, Washington, DC 20405. Email: vehicle.policy@gsa.gov
(b) Use separate forms to report data for domestic and foreign fleets.
(1) For motor vehicles lent to another agency during the reporting period, the owning agency reports all data.
(2) For motor vehicles transferred from one owning agency to another, each agency reports data for the time it retained accountability.
(c) Detailed instructions are included as part of the form. You can also complete the Standard Form 82 electronically using a computerized input medium. For further information, contact the: General Services Administration, Attn: MTV, Washington, DC 20405. Email: vehicle.policy@gsa.gov

Section 202 of the Property Act (40 U.S.C. 483) authorizes the General Services Administration (GSA) to prescribe policies to promote the maximum use of excess Government personal property by executive agencies.

§ 102–36.10 What does this part cover?
This part covers the acquisition, transfer, and disposal, by executive agencies, of excess personal property located in the United States, the U.S. Virgin Islands, American Samoa, Guam, the Commonwealth of Puerto Rico, and the Commonwealth of the Northern Mariana Islands.

§ 102–36.15 Who must comply with the provisions of this part?
All executive agencies must comply with the provisions of this part. The legislative and judicial branches are encouraged to report and transfer excess personal property and fill their personal property requirements from excess in accordance with these provisions.

§ 102–36.20 To whom do “we”, “you”, and their variants refer?

§ 102–36.30 When is personal property excess?

§ 102–36.35 What is the typical process for disposing of excess personal property?
(a) You must ensure personal property not needed by your activity is offered for use elsewhere within your agency. If the property is no longer needed by any activity within your agency, your agency declares the property excess and reports it to GSA for possible transfer to eligible recipients, including Federal agencies for direct use or for use by their contractors, project grantees, or cooperative agreement recipients. All executive agencies must, to the maximum extent practicable, fill requirements for personal property by using existing agency property or by obtaining excess property from other Federal agencies in lieu of new procurements.

(b) If GSA determines that there are no Federal requirements for your excess personal property, it becomes surplus property and is available for donation to State and local public agencies and other eligible non-Federal activities. The Property Act requires that surplus personal property be distributed to eligible recipients by an agency established by each State for this purpose, the State Agency for Surplus Property.

(c) Surplus personal property not selected for donation is offered for sale to the public by competitive offerings such as sealed bid sales, spot bid sales or auctions. You may conduct or contract for the sale of your surplus personal property, or have GSA or another executive agency conduct the sale on behalf of your agency in accordance with part 101–45 of this title. You must inform GSA at the time the property is reported as excess if you do not want GSA to conduct the sale for you.

(d) If a written determination is made that the property has no commercial value or the estimated cost of its continued care and handling would exceed the estimated proceeds from its sale, you may dispose of the property by abandonment or destruction, or donate it to public bodies.

Federal Management Regulation

§ 102–36.45

102–36.45 What are our responsibilities in the management of excess personal property?

(a) Agency procurement policies should require consideration of excess personal property before authorizing procurement of new personal property.

(b) You are encouraged to designate national and regional property management officials to:

1. Promote the use of available excess personal property to the maximum extent practicable by your agency.

2. Review and approve the acquisition and disposal of excess personal property.

3. Ensure that any agency implementing procedures comply with this part.

(c) When acquiring excess personal property, you must:

1. Limit the quantity acquired to that which is needed to adequately perform the function necessary to support the mission of your agency.

2. Establish controls over the processing of excess personal property transfer orders.

3. Facilitate the timely pickup of acquired excess personal property from the holding agency.

(d) While excess personal property you have acquired is in your custody, or the custody of your non-Federal recipients and the Government retains title, you and/or the non-Federal recipient must do the following:

1. Establish and maintain a system for property accountability.

2. Protect the property against hazards including but not limited to fire, theft, vandalism, and weather.
§ 102–36.50 May we use a contractor to perform the functions of excess personal property disposal?

Yes, you may use service contracts to perform disposal functions that are not inherently Governmental, such as warehousing or custodial duties. You are responsible for ensuring that the contractor conforms with the requirements of the Property Act and the Federal Management Regulation (41 CFR chapter 102), and any other applicable statutes and regulations when performing these functions.

§ 102–36.55 What is GSA's role in the disposition of excess personal property?

In addition to developing and issuing regulations for the management of excess personal property, GSA:

(a) Screens and offers available excess personal property to Federal agencies and eligible non-Federal recipients.
(b) Approves and processes transfers of excess personal property to eligible activities.
(c) Determines the amount of reimbursement for transfers of excess personal property when appropriate.
(d) Conducts sales of surplus and exchange/sale personal property when requested by an agency.
(e) Maintains an automated system, FEDS, to facilitate the reporting and transferring of excess personal property.
§ 102–36.70 What must we consider when acquiring excess personal property?
Consider the following when acquiring excess personal property:
(a) There must be an authorized requirement.
(b) The cost of acquiring and maintaining the excess personal property (including packing, shipping, pickup, and necessary repairs) does not exceed the cost of purchasing and maintaining new material.
(c) The sources of spare parts or repair/maintenance services to support the acquired item are readily accessible.
(d) The supply of excess parts acquired must not exceed the life expectancy of the equipment supported.
(e) The excess personal property will fulfill the required need with reasonable certainty without sacrificing mission or schedule.
(f) You must not acquire excess personal property with the intent to sell or trade for other assets.

§ 102–36.75 Do we pay for excess personal property we acquire from another Federal agency under a transfer?
(a) No, except for the situations listed in paragraph (b) of this section, you do not pay for the property. However, you are responsible for shipping and transportation costs. Where applicable, you may also be required to pay packing, loading, and any costs directly related to the dismantling of the property when required for the purpose of transporting the property.
(b) You may be required to reimburse the holding agency for excess personal property transferred to you (i.e., transfer with reimbursement) when:
(1) Reimbursement is directed by GSA.
(2) The property was originally acquired with funds not appropriated from the general fund of the Treasury or appropriated therefrom but by law reimbursable from assessment, tax, or other revenue and the holding agency requests reimbursement. It is executive branch policy that working capital fund property shall be transferred without reimbursement.
(3) The property was acquired with appropriated funds, but reimbursement is required or authorized by law.
(4) You or the holding agency is the U.S. Postal Service (USPS).
(5) You are acquiring excess personal property for use by a project grantee that is a public agency or a nonprofit organization and exempt from taxation under 26 U.S.C. 501.
(6) You or the holding agency is the DC Government.
(7) You or the holding agency is a wholly owned or mixed-ownership Government corporation as defined in the Government Corporation Control Act (31 U.S.C. 9101–9110).

§ 102–36.80 How much do we pay for excess personal property on a transfer with reimbursement?
(a) You may be required to reimburse the holding agency the fair market value when the transfer involves any of the conditions in §102–36.75(b)(1) through (b)(4).
(b) When acquiring excess personal property for your project grantees (§102–36.75(b)(5)), you are required to deposit into the miscellaneous receipts fund of the U.S. Treasury an amount equal to 25 percent of the original acquisition cost of the property, except for transfers under the conditions cited in §102–36.190.
(c) When you or the holding agency is the DC Government or a wholly owned or mixed-ownership Government corporation (§102–36.75(b)(6) or (b)(7)), you are required to reimburse the holding agency using fair value reimbursement. Fair value reimbursement is 20 percent of the original acquisition cost for new or unused property (i.e., condition code 1), and zero percent for other personal property. Where circumstances warrant, a higher fair value may be used if the agencies concerned agree. Due to special circumstances or the unusual nature of the property, the holding agency may use other criteria for establishing fair value if approved or directed by GSA. You must refer any disagreements to the appropriate regional
§ 102–36.85

GSA Personal Property Management office.

§ 102–36.85 Do we pay for personal property we acquire when it is disposed of by another agency under the exchange/sale authority, and how much do we pay?

Yes, you must pay for personal property disposed of under the exchange/sale authority, in the amount required by the holding agency. The amount of reimbursement is normally the fair market value.

Screening of Excess

§ 102–36.90 How do we find out what personal property is available as excess?

You may use the following methods to find out what excess personal property is available:

(a) Check GSA’s automated excess personal property system FEDS. For information on FEDS access http://pub.fss.gsa.gov/property/.

(b) Contact or submit want lists to regional GSA Personal Property Management offices.

(c) Check any available holding agency websites (see http://www.policyworks.gov/surplus for a list of Federal agency websites).

(d) Conduct on-site screening at various Federal facilities.

§ 102–36.95 How long is excess personal property available for screening?

The screening period for excess personal property is normally 21 calendar days. GSA may extend or shorten the screening period in coordination with the holding agency. For screening timeframes for Government property in the possession of contractors see the Federal Acquisition Regulation (48 CFR part 45).

§ 102–36.100 When does the screening period start for excess personal property?

Screening starts when GSA receives the report of excess personal property (see §102–36.230).

§ 102–36.105 Who is authorized to screen and where do we go to screen excess personal property on-site?

You may authorize your agency employees, contractors, or non-Federal recipients that you sponsor to screen excess personal property. You may visit Defense Reutilization and Marketing Offices (DRMOs) and DOD contractor facilities to screen excess personal property generated by the Department of Defense. You may also inspect excess personal property at various civilian agency facilities throughout the United States.

§ 102–36.110 Do we need authorization to screen excess personal property?

(a) Yes, when entering a Federal facility, Federal agency employees must present a valid Federal ID. Non-Federal individuals will need proof of authorization from their sponsoring Federal agency in addition to a valid picture identification.

(b) Entry on some Federal and contractor facilities may require special authorization from that facility. Persons wishing to screen excess personal property on such a facility must obtain approval from that agency. Contact your regional GSA Personal Property Management office for locations and accessibility.

§ 102–36.115 What information must we include in the authorization form for non-Federal persons to screen excess personal property?

(a) For non-Federal persons to screen excess personal property, you must provide on the authorization form:

(1) The individual’s name and the organization he/she represents;

(2) The period of time and location(s) in which screening will be conducted; and

(3) The number and completion date of the applicable contract, cooperative agreement, or grant.

(b) An authorized official of your agency must sign the authorization form.

§ 102–36.120 What are our responsibilities in authorizing a non-Federal individual to screen excess personal property?

Federal Management Regulation

(b) Maintain a record of the authorized screeners under your authority, to include names, addresses and telephone numbers, and any additional identifying information such as driver’s license or social security numbers.

(c) Retrieve any expired or invalid screener’s authorization forms.

PROCESSING TRANSFERS

§ 102–36.125 How do we process a Standard Form 122 (SF 122), Transfer Order Excess Personal Property, through GSA?

(a) You must first contact the appropriate regional GSA Personal Property Management office to assure the property is available to you. Submit your request on a SF 122, Transfer Order Excess Personal Property, to the region in which the property is located. For the types of property listed in the table in paragraph (b) of this section, submit the SF 122 to the corresponding GSA regions. You may submit the SF 122 manually or transmit the required information by electronic media (FEDS) or any other transfer form specified and approved by GSA.

§ 102–36.130 What are our responsibilities in processing transfer orders of excess personal property?

Whether the excess is for your use or for use by a non-Federal recipient that you sponsor, you must:

(a) Ensure that only authorized Federal officials of your agency sign the SF 122 prior to submission to GSA for approval.

(b) Ensure that excess personal property approved for transfer is used for authorized official purpose(s).

(c) Advise GSA of names of agency officials that are authorized to approve SF 122s, and notify GSA of any changes in signatory authority.

§ 102–36.135 How much time do we have to pick up excess personal property that has been approved for transfer?

When the holding agency notifies you that the property is ready for removal, you normally have 15 calendar days to pick up the property, unless otherwise coordinated with the holding agency.

§ 102–36.140 May we arrange to have the excess personal property shipped to its final destination?

Yes, when the holding agency agrees to provide assistance in preparing the property for shipment. You may be required to pay the holding agency any direct costs in preparing the property for shipment. You must provide shipping instructions and the appropriate fund code for billing purposes on the SF 122.

DIRECT TRANSFERS

§ 102–36.145 May we obtain excess personal property directly from another Federal agency without GSA approval?

Yes, but only under the following situations:

(a) You may obtain excess personal property that has not yet been reported to GSA, provided the total acquisition cost of the excess property does not exceed $10,000 per line item. You must ensure that a SF 122 is completed for the direct transfer and that an authorized official of your agency signs the SF 122. You must provide a copy of the SF 122 to the appropriate regional GSA office within 10 workdays from the date of the transaction.

(b) You may obtain excess personal property exceeding the $10,000 per line item limitation, provided you first contact the appropriate regional GSA Personal Property Management office for verbal approval of a prearranged transfer. You must annotate the SF 122 with the name of the GSA approving official and the date of the verbal approval,
§ 102–36.150 and provide a copy of the SF 122 to GSA within 10 workdays from the date of transaction.

(c) You are subject to the requirement to pay reimbursement for the excess personal property under a direct transfer when any of the conditions in §102–36.75(b) applies.

(d) You may obtain excess personal property directly from another Federal agency without GSA approval when that Federal agency has statutory authority to dispose of such excess personal property and you are an eligible recipient.

Subpart C—Acquiring Excess Personal Property for Non-Federal Recipients

§ 102–36.150 For which non-Federal activities may we acquire excess personal property?

Under the Property Act you may acquire and furnish excess personal property for use by your nonappropriated fund activities, contractors, cooperatives, and project grantees. You may acquire and furnish excess personal property for use by other eligible recipients only when you have specific statutory authority to do so.

§ 102–36.155 What are our responsibilities when acquiring excess personal property for use by a non-Federal recipient?

When acquiring excess personal property for use by a non-Federal recipient, your authorized agency official must:

(a) Ensure the use of excess personal property by the non-Federal recipient is authorized and complies with applicable Federal regulations and agency guidelines.

(b) Determine that the use of excess personal property will reduce the costs to the Government and/or that it is in the Government’s best interest to furnish excess personal property.

(c) Review and approve transfer documents for excess personal property as the sponsoring Federal agency.

(d) Ensure the non-Federal recipient is aware of his obligations under the FMR and your agency regulations regarding the management of excess personal property.

(e) Ensure the non-Federal recipient does not stockpile the property but places the property into use within a reasonable period of time, and has a system to prevent nonuse, improper use, or unauthorized disposal or destruction of excess personal property furnished.

(f) Establish provisions and procedures for property accountability and disposition in situations when the Government retains title.

(g) Report annually to GSA excess personal property furnished to nonFederal recipients during the year (see §102–36.295).

§ 102–36.160 What additional information must we provide on the SF 122 when acquiring excess personal property for non-Federal recipients?

Annotate on the SF 122, the name of the non-Federal recipient and the contract, grant or agreement number, when applicable, and the scheduled completion/expiration date of the contract, grant or agreement. If the remaining time prior to the expiration date is less than 60 calendar days, you must certify that the contract, grant or agreement will be extended or renewed or provide other written justification for the transfer.

NONAPPROPRIATED FUND ACTIVITIES

§ 102–36.165 Do we retain title to excess personal property furnished to a nonappropriated fund activity within our agency?

Yes, title to excess personal property furnished to a nonappropriated fund activity remains with the Federal Government and you are accountable for establishing controls over the use of such excess property in accordance with §102–36.45(d). When such property is no longer required by the nonappropriated fund activity, you must reuse or dispose of the property in accordance with this part.

§ 102–36.170 May we transfer personal property owned by one of our nonappropriated fund activities?

Property purchased by a nonappropriated fund activity is not Federal property. A nonappropriated fund activity has the option of making its
privately owned personal property available for transfer to a Federal agency, usually with reimbursement. If such reimbursable personal property is not transferred to another Federal agency, it may be offered for sale. Such property is not available for donation.

CONTRACTORS

§ 102–36.175 Are there restrictions to acquiring excess personal property for use by our contractors?

Yes, you may acquire and furnish excess personal property for use by your contractors subject to the criteria and restrictions in the Federal Acquisition Regulation (48 CFR part 45). When such property is no longer needed by your contractors or your agency, you must dispose of the excess personal property in accordance with the provisions of this part.

COOPERATIVES

§ 102–36.180 Is there any limitation/condition to acquiring excess personal property for use by cooperatives?

Yes, you must limit the total dollar amount of property transfers (in terms of original acquisition cost) to the dollar value of the cooperative agreement. For any transfers in excess of such amount, you must ensure that an official of your agency at a level higher than the officer administering the agreement approves the transfer. The Federal Government retains title to such property, except when provided by specific statutory authority.

PROJECT GRANTEES

§ 102–36.185 What are the requirements for acquiring excess personal property for use by our grantees?

You may furnish excess personal property for use by your grantees only when:

(a) The grantee holds a Federally sponsored project grant;

(b) The grantee is a public agency or a nonprofit tax-exempt organization under section 501 of the Internal Revenue Code of 1986 (26 U.S.C. 501);

(c) The property is for use in connection with the grant; and

(d) You pay 25 percent of the original acquisition cost of the excess personal property, such funds to be deposited into the miscellaneous receipts fund of the U.S. Treasury. Exceptions to paying this 25 percent are provided in §102–36.190. Title to property vests in the grantee when your agency pays 25 percent of the original acquisition cost.

§ 102–36.190 Must we always pay 25 percent of the original acquisition cost when furnishing excess personal property to project grantees?

No, you may acquire excess personal property for use by a project grantee without paying the 25 percent fee when any of the following conditions apply:

(a) The personal property was originally acquired from excess sources by your agency and has been placed into official use by your agency for at least one year. The Federal Government retains title to such property.

(b) The property is furnished under section 203 of the Department of Agriculture Organic Act of 1944 (16 U.S.C. 580a) through the U.S. Forest Service in connection with cooperative State forest fire control programs. The Federal Government retains title to such property.

(c) The property is furnished by the U.S. Department of Agriculture to State or county extension services or agricultural research cooperatives under 40 U.S.C. 483(d)(2)(E). The Federal Government retains title to such property.

(d) The property is not needed for donation under part 101–44 of this title, and is transferred under section 608 of the Foreign Assistance Act of 1961, as amended (22 U.S.C. 2358). Title to such property transfers to the grantee. (You need not wait until after the donation screening period when furnishing excess personal property to recipients under the Agency for International Development (AID) Development Loan Program.)

(e) The property is scientific equipment transferred under section 11(e) of the National Science Foundation (NSF) Act of 1950, as amended (42 U.S.C. 1870(e)). GSA will limit such transfers to property within Federal Supply
§ 102–36.195 What type of excess personal property may we furnish to our project grantees?

You may furnish to your project grantees any property, except for consumable items, determined to be necessary and usable for the purpose of the grant. Consumable items are generally not transferable to project grantees. GSA may approve transfers of excess consumable items when adequate justification for the transfer accompanies such requests. For the purpose of this section “consumable items” are items which are intended for one-time use and are actually consumed in that one time; e.g., drugs, medicines, surgical dressings, cleaning and preserving materials, and fuels.

§ 102–36.200 May we acquire excess personal property for cannibalization purposes by the grantees?

Yes, subject to GSA approval, you may acquire excess personal property for cannibalization purposes. You may be required to provide a supporting statement that indicates disassembly of the item for secondary use has greater benefit than utilization of the item in its existing form and cost savings to the Government will result.

§ 102–36.205 Is there a limit to how much excess personal property we may furnish to our grantees?

Yes, you must monitor transfers of excess personal property so the total dollar amount of property transferred (in original acquisition cost) does not exceed the dollar value of the grant. Any transfers above the grant amount must be approved by an official at an administrative level higher than the officer administering the grant.

Subpart D—Disposition of Excess Personal Property

§ 102–36.210 Why must we report excess personal property to GSA?

You must report excess personal property to promote reuse by the Government to enable Federal agencies to benefit from the continued use of property already paid for with taxpayers’ money, thus minimizing new procurement costs. Reporting excess personal property to GSA helps assure that the information on available excess personal property is accessible and disseminated to the widest range of reuse customers.

§ 102–36.215 How do we report excess personal property?

Report excess personal property as follows:

(a) Electronically submit the data elements required on the Standard Form 120 (SF 120), Report of Excess Personal Property, in a format specified and approved by GSA; or

(b) Submit a paper SF 120 to the regional GSA Personal Property Management office.

§ 102–36.220 Must we report all excess personal property to GSA?

(a) Generally yes, regardless of the condition code, except as authorized in §102–36.145 for direct transfers or as exempted in paragraph (b) of this section. Report all excess personal property, including excess personal property to which the Government holds title but is in the custody of your contractors, cooperatives, or project grantees.

(b) You are not required to report the following types of excess personal property to GSA for screening:

1. Property determined appropriate for abandonment/destruction (see §102–36.305).

§ 102–36.230 Where do we send the reports of excess personal property?

(a) You must direct electronic submissions of excess personal property to the Federal Disposal System (FEDS) maintained by the Property Management Division (FBP), GSA, Washington, DC 20406.

(b) For paper submissions, you must send the SF 120 to the regional GSA Personal Property Management office for the region in which the property is located. For the categories of property listed in §102–36.125(b), forward the SF 120 to the corresponding regions.

§ 102–36.235 What information do we provide when reporting excess personal property?

§ 102–36.245 Are we accountable for the personal property that has been reported excess, and who is responsible for the care and handling costs?

Yes, you are accountable for the excess personal property until the time it is picked up by the designated recipient or its agent. You are responsible for all care and handling charges while the excess personal property is going through the screening and disposal process.

§ 102–36.250 Does GSA ever take physical custody of excess personal property?

Generally you retain physical custody of the excess personal property prior to its final disposition. Very rarely GSA may consider accepting physical custody of excess personal property. Under special circumstances, GSA may take custody or may direct the transfer of partial or total custody to other executive agencies, with their consent.

§ 102–36.255 What options do we have when unusual circumstances do not allow adequate time for disposal through GSA?

Contact your regional GSA Personal Property Management office for any existing interagency agreements that would allow you to turn in excess personal property to a Federal facility. You are responsible for any turn-in costs and all costs related to transporting the excess personal property to these facilities.

§ 102–36.260 How do we promote the expeditious transfer of excess personal property?

For expeditious transfer of excess personal property you should:

(a) Provide complete and accurate property descriptions and condition codes on the report of excess to facilitate the selection of usable property by potential users.

(b) Ensure that any available operating manual, parts list, diagram, maintenance log, or other instructional publication is made available with the property at the time of transfer.

(c) Advise the designated recipient of any special requirements for dismantling, shipping and transportation.

(d) When the excess personal property is located at a facility due to be closed, provide advance notice of the scheduled date of closing, and ensure there is sufficient time for screening and removal of property.

§ 102–36.265 What if there are competing requests for the same excess personal property?

(a) GSA will generally approve transfers on a first-come, first-served basis. When more than one Federal agency requests the same item, and the quantity available is not sufficient to meet the demand of all interested agencies, GSA will consider factors such as national defense requirements, emergency needs, avoiding the necessity of a new procurement, energy conservation, transportation costs, and retention of title in the Government. GSA will normally give preference to the agency that will retain title in the Government.

(b) Requests for property for the purpose of cannibalization will normally be subordinate to requests for use of the property in its existing form.

§ 102–36.270 What if a Federal agency requests personal property that is undergoing donation screening or in the sales process?

Prior to final disposition, GSA will consider requests from authorized Federal activities for excess personal property undergoing donation screening or in the sales process. Federal transfers may be authorized prior to removal of the property under a donation or sales action.

§ 102–36.275 May we dispose of excess personal property without GSA approval?

No, you may not dispose of excess personal property without GSA approval except under the following limited situations:

(a) You may transfer to another Federal agency excess personal property that has not yet been reported to GSA, under direct transfer procedures contained in §102–36.145.
Federal Management Regulation

§ 102–36.300  How much do we charge for excess personal property on a transfer with reimbursement?

(a) You may require reimbursement in an amount up to the fair market value of the property when the transfer involves property meeting conditions in §102–36.285(a)(1) through (a)(4).

(b) When you or the recipient is the DC Government or a wholly owned or mixed-ownership Government corporation (§102–36.285(a)(5) and (a)(6)), you may only require fair value reimbursement. Fair value reimbursement is 20 percent of the original acquisition cost for new or unused property (i.e., condition code 1), and zero percent for other personal property. A higher fair value may be used if you and the recipient agency agree. Due to special circumstances or the nature of the property, you may use other criteria for establishing fair value if approved or directed by GSA. You must refer any disagreements to the appropriate regional GSA Personal Property Management office.

§ 102–36.290  How much do we charge for excess personal property on a transfer with reimbursement?

(a) You may require reimbursement in an amount up to the fair market value of the property when the transfer involves property meeting conditions in §102–36.285(a)(1) through (a)(4).

(b) When you or the recipient is the DC Government or a wholly owned or mixed-ownership Government corporation (§102–36.285(a)(5) and (a)(6)), you may only require fair value reimbursement. Fair value reimbursement is 20 percent of the original acquisition cost for new or unused property (i.e., condition code 1), and zero percent for other personal property. A higher fair value may be used if you and the recipient agency agree. Due to special circumstances or the nature of the property, you may use other criteria for establishing fair value if approved or directed by GSA. You must refer any disagreements to the appropriate regional GSA Personal Property Management office.
§ 102–36.305 May we abandon or destroy excess personal property without reporting it to GSA?

Yes, you may abandon or destroy excess personal property when you have made a written determination that the property has no commercial value or the estimated cost of its continued care and handling would exceed the estimated proceeds from its sale. An item has no commercial value when it has neither utility nor monetary value (either as an item or as scrap).

§ 102–36.310 Who makes the determination to abandon or destroy excess personal property?

To abandon or destroy excess personal property, an authorized official of your agency makes a written finding that must be approved by a reviewing official who is not directly accountable for the property.

§ 102–36.315 Are there any restrictions to the use of the abandonment/destruction authority?

Yes, the following restrictions apply:
(a) You must not abandon or destroy property in a manner which is detrimental or dangerous to public health or safety. Additional guidelines for the abandonment/destruction of hazardous materials are prescribed in part 101–42 of this title.

(b) If you become aware of an interest from an entity in purchasing the property, you must implement sales procedures in lieu of abandonment/destruction.

§ 102–36.320 May we transfer or donate excess personal property that has been determined appropriate for abandonment/destruction without GSA approval?

In lieu of abandonment/destruction, you may donate such excess personal property only to a public body without going through GSA. A public body is any department, agency, special purpose district, or other instrumentality of a State or local government; any Indian tribe; or any agency of the Federal Government. If you become aware of an interest from an eligible non-profit organization (see part 101–44 of this title) that is not a public body in acquiring the property, you must contact the regional GSA Personal Property Management office and implement donation procedures in accordance with part 101–44 of this title.

§ 102–36.325 What must be done before the abandonment/destruction of excess personal property?

Except as provided in § 102–36.330, you must provide public notice of intent to abandon or destroy excess personal property, in a format and timeframe specified by your agency regulations (such as publishing a notice in a local newspaper, posting of signs in common use facilities available to the public, or providing bulletins on your website through the internet). You must also include in the notice an offer to sell in accordance with part 101–45 of this title.

§ 102–36.330 Are there occasions when public notice is not needed regarding abandonment/destruction of excess personal property?

Yes, you are not required to provide public notice when:
(a) The value of the property is so little or the cost of its care and handling, pending abandonment/destruction, is so great that its retention for advertising for sale, even as scrap, is clearly not economical;
Federal Management Regulation

§ 102–36.350

(b) Abandonment or destruction is required because of health, safety, or security reasons; or
(c) When the original acquisition cost of the item (estimated if unknown) is less than $500.

(b) When the designated transfer or donation recipient’s intended use is for non-flight purposes, you must remove and return the dataplate to GSA Property Management Branch, San Francisco, California prior to releasing the aircraft to the authorized recipient. GSA will forward the dataplates to FAA.

(c) You must also submit a report of the final disposition of the aircraft to the Federal Aviation Interactive Reporting System (FAIRS) maintained by the Aircraft Management Policy Division (MTA), GSA, 1800 F Street, NW, Washington, DC 20405. For additional instructions on reporting to FAIRS see part 101-37 of this title.

§ 102–36.345 May we dispose of excess Flight Safety Critical Aircraft Parts (FSCAP)?

Yes, you may dispose of excess FSCAP, but first you must determine whether the documentation available is adequate to allow transfer, donation, or sale of the part in accordance with part 101-37, subpart 101-37.6, of this title. Otherwise, you must mutilate undocumented FSCAP that has no traceability to its original equipment manufacturer and dispose of it as scrap. When reporting excess FSCAP, annotate the manufacturer, date of manufacture, part number, serial number, and the appropriate Criticality Code on the SF 120, and ensure that all available historical and maintenance records accompany the part at the time of issue.

§ 102–36.350 How do we identify a FSCAP?

Any aircraft part designated as FSCAP is assigned an alpha Criticality
§ 102-36.355 What are the FSCAP Criticality Codes?

The FSCAP Criticality Codes are contained in the following table:

§ 102-36.360 How do we dispose of aircraft parts that are life-limited but have no FSCAP designation?

When disposing of life-limited aircraft parts that have no FSCAP designation, you must ensure that tags and labels, historical data and maintenance records accompany the part on any transfers, donations or sales. For additional information regarding the disposal of life-limited parts with or without tags or documentation refer to part 101-37 of this title.

§ 102-36.365 May we transfer or donate canines that have been used in the performance of law enforcement duties?

Yes, under Public Law 105-27 (111 Stat. 244), when the canine is no longer needed for law enforcement duties, you may donate the canine to an individual who has experience handling canines in the performance of those official duties.

§ 102-36.370 Are there special requirements concerning the use of excess personal property for disaster relief?

Yes, upon declaration by the President of an emergency or a major disaster, you may loan excess personal property to State and local governments, with or without compensation and prior to reporting it as excess to GSA, to alleviate suffering and damage resulting from any emergency or major disaster (Disaster Relief Act of 1974 (Public Law 93-288 (42 U.S.C. 5121)) and Executive Orders 11795 (3 CFR, 1971-1975 Comp., p. 887) and 12148 (3 CFR, 1979 Comp., p. 412), as amended). If the loan involves property that has already been reported excess to GSA, you may withdraw the item from the disposal process subject to approval by GSA. You may also withdraw excess personal property for use by your agency in providing assistance in disaster relief. You are still accountable for this property and your agency is responsible for developing agencywide procedures for recovery of such property.

§ 102-36.375 May we dispose of excess firearms?

Yes, unless you have specific statutory authority to do otherwise, excess firearms may be transferred only to those Federal agencies authorized to acquire firearms for official use. GSA may donate certain classes of surplus firearms to State and local government activities whose primary function is the enforcement of applicable Federal, State, and/or local laws and whose compensated law enforcement officers have the authority to apprehend and arrest. Firearms not transferred or donated must be destroyed and sold as scrap. For additional guidance on the disposition of firearms refer to part 101-42 of this title.
§ 102–36.380 Who is responsible for disposing of foreign excess personal property?

Your agency is responsible for disposing of your foreign excess personal property, as provided by title IV of the Property Act.

§ 102–36.385 What are our responsibilities in the disposal of foreign excess personal property?

When disposing of foreign excess personal property you must:

(a) Determine whether it is in the interest of the U.S. Government to return foreign excess personal property to the U.S. for further re-use or to dispose of the property overseas.

(b) Ensure that any disposal of property overseas conforms to the foreign policy of the United States and the terms and conditions of any applicable Host Nation Agreement.

(c) Ensure that, when foreign excess personal property is donated or sold overseas, donation/sales conditions include a requirement for compliance with U.S. Department of Commerce and Department of Agriculture regulations when transporting any personal property back to the U.S.

(d) Inform the U.S. State Department of any disposal of property to any foreign governments or entities.

§ 102–36.390 How may we dispose of foreign excess personal property?

To dispose of foreign excess personal property, you may:

(a) Offer the property for re-use by U.S. Federal agencies overseas;

(b) Return the property to the U.S. for re-use by eligible recipients;

(c) Sell, exchange, lease, or transfer such property for cash, credit, or other property;

(d) Donate medical materials or supplies to nonprofit medical or health organizations, including those qualified under sections 214(b) and 607 of the Foreign Assistance Act of 1961, as amended (22 U.S.C. 2174, 2357); or

(e) Abandon, destroy or donate such property when you determine that it has no commercial value or the estimated cost of care and handling would exceed the estimated proceeds from its sale, in accordance with sec. 402(a) of the Property Act. Abandonment, destruction or donation actions must also comply with the laws of the country in which the property is located.

§ 102–36.395 How may GSA assist us in disposing of foreign excess personal property?

You may request GSA’s assistance in the screening of foreign excess personal property for possible re-use by eligible recipients within the U.S. GSA may, after consultation with you, designate property for return to the United States for transfer or donation purposes.

§ 102–36.400 Who pays for the transportation costs when foreign excess personal property is returned to the United States?

When foreign excess property is to be returned to the U.S. for the purpose of an approved transfer or donation under the provisions of Sections 202 and 203 of the Property Act, the receiving agency is responsible for all direct costs involved in the transfer, which include packing, handling, crating, and transportation.

§ 102–36.405 May we keep gifts given to us from the public?

If your agency has gift retention authority, you may retain gifts from the public. Otherwise, you must report gifts you receive on a SF 120 to GSA. You must report gifts received from a foreign government in accordance with part 101–49 of this title.

§ 102–36.410 How do we dispose of a gift in the form of money or intangible personal property?

Report intangible personal property to GSA, Personal Property Management Division (FBP), Washington, D.C. 20406. You must not transfer or dispose of this property without prior approval of GSA. The Secretary of the Treasury will dispose of money and negotiable instruments such as bonds, notes, or other securities under the authority of 31 U.S.C. 324.
§ 102-36.415 How do we dispose of gifts other than intangible personal property?

(a) When the gift is offered with the condition that the property be sold and the proceeds used to reduce the public debt, report the gift to the regional GSA Personal Property Management office in which the property is located. GSA will convert the gift to money upon acceptance and deposit the proceeds into a special account of the U.S. Treasury.

(b) When the gift is offered with no conditions or restrictions, and your agency has gift retention authority, you may use the gift for an authorized official purpose without reporting to GSA. The property will then lose its identity as a gift and you must account for it in the same manner as Federal personal property acquired from authorized sources. When the property is no longer needed, you must report it as excess personal property to GSA.

(c) When the gift is offered with no conditions or restrictions, but your agency does not have gift retention authority, you must report it to the regional GSA Personal Property Management office. GSA will offer the property for screening for possible transfer to a Federal agency or convert the gift to money and deposit the funds with U.S. Treasury. If your agency is interested in keeping the gift for an official purpose, you must annotate your interest on the SF 120 and also submit a SF 122.

§ 102-36.420 How do we dispose of gifts from foreign governments or entities?

Report foreign gifts on a SF 120 to GSA, Personal Property Management Division (FBP), Washington, DC 20406, for possible use by your agency, or for transfer, donation or sale in accordance with the provisions of part 101-49 of this title.

MUNITIONS LIST ITEMS/COMMERCE CONTROL LIST ITEMS (MLIs/CCLIs)

§ 102-36.430 May we dispose of excess Munitions List Items (MLIs)/Commerce Control List Items (CCLIs)?

You may dispose of excess MLIs/CCLIs only when you comply with the additional disposal and demilitarization (DEMIL) requirements contained in part 101-42 of this title. MLIs may require demilitarization when issued to any non-DoD entity, and will require appropriate licensing when exported from the U.S. CCLIs usually require export licensing when transported from the U.S.

§ 102-36.435 How do we identify Munitions List Items (MLIs)/Commerce Control List Items (CCLIs) requiring demilitarization?

You identify MLIs/CCLIs requiring demilitarization by the demilitarization code that is assigned to each MLI or CCLI. The code indicates the type and scope of demilitarization and/or export controls that must be accomplished, when required, before issue to any non-DOD activity. For a listing of the codes and additional guidance on DEMIL procedures see DOD Demilitarization and Trade Security Control Manual, DOD 4160.21-M-1.

PRINTING EQUIPMENT AND SUPPLIES

§ 102-36.440 Are there special procedures for reporting excess printing and binding equipment and supplies?

Yes, in accordance with 44 U.S.C. 312, you must submit reports of excess printing and binding machinery, equipment, materials, and supplies to the Public Printer, Government Printing Office (GPO), Customer Service Manager, North Capitol and H Streets, NW, Washington, DC 20401. If GPO has no requirement for the property, you must then submit the report to GSA.
§ 102-36.445 Do we report excess personal property originally acquired from or through the American National Red Cross?

Yes, when reporting excess personal property which was processed, produced, or donated by the American National Red Cross, note “RED CROSS PROPERTY” on the SF 120 or report document. GSA will offer to return this property to the Red Cross if no other Federal agency has a need for it. If the Red Cross has no requirement the property continues in the disposal process and is available for donation.

§ 102-36.450 Do we report excess shelf-life items?

(a) When there are quantities on hand that would not be utilized by the expiration date and cannot be returned to the vendor for credit, you must report such expected overage as excess for possible transfer and disposal to ensure maximum use prior to deterioration.

(b) You need not report expired shelf-life items. You may dispose of property with expired shelf-life by abandonment/destruction in accordance with §102-36.305 and in compliance with Federal, State, and local waste disposal and air and water pollution control standards.

§ 102-36.455 How do we report excess shelf-life items?

You must identify the property as shelf-life items by “SL”, indicate the expiration date, whether the date is the original or an extended date, and if the date is further extendable. GSA may adjust the screening period based on re-use potential and the remaining useful shelf life.

§ 102-36.460 Do we report excess medical shelf-life items held for national emergency purposes?

When the remaining shelf life of any medical materials or supplies held for national emergency purposes is of too short a period to justify their continued retention, you should report such property excess for possible transfer and disposal. You must make such excess determinations at such time as to ensure that sufficient time remains to permit their use before their shelf life expires and the items are unfit for human use. You must identify such items with “MSL” and the expiration date, and indicate any specialized storage requirements.

§ 102-36.465 May we transfer or exchange excess medical shelf-life items with other Federal agencies?

Yes, you may transfer or exchange excess medical shelf-life items held for national emergency purposes with any other Federal agency for other medical materials or supplies, without GSA approval and without regard to part 101-46 of this title. You and the transferee agency will agree to the terms and prices. You may credit any proceeds derived from such transactions to your agency’s current applicable appropriation and use the funds only for the purchase of medical materials or supplies for national emergency purposes.

Vessels

§ 102-36.470 What must we do when disposing of excess vessels?

(a) When you dispose of excess vessels you must indicate on the SF 120 the following information:

(1) Whether the vessel has been inspected by the Coast Guard.

(2) Whether testing for hazardous materials has been done. And if so, the result of the testing, specifically the presence or absence of PCB’s and asbestos and level of contamination.

(3) Whether hazardous materials clean-up is required, and when it will be accomplished by your agency.

(b) In accordance with section 203(i) of the Property Act, the Federal Maritime Administration (FMA), Department of Transportation, is responsible for disposing of surplus vessels determined to be merchant vessels or capable of conversion to merchant use and weighing 1,500 gross tons or more. The SF 120 for such vessels shall be forwarded to GSA for submission to FMA.

(c) Disposal instructions regarding vessels in this part do not apply to battleships, cruisers, aircraft carriers, destroyers, and submarines.
§ 102–36.475  What is the authority for transfers under “Computers for Learning”? (a) The Stevenson-Wydler Technology Innovation Act of 1980, as amended (15 U.S.C. 3710(i)), authorizes Federal agencies to transfer excess education-related Federal equipment to educational institutions or non-profit organizations for educational and research activities. Executive Order 12999 (3 CFR, 1996 Comp., p. 180) requires, to the extent permitted by law and where appropriate, the transfer of computer equipment for use by schools or non-profit organizations.

(b) Each Federal agency is required to identify a point of contact within the agency to assist eligible recipients, and to publicize the availability of such property to eligible communities. Excess education-related equipment may be transferred directly under established agency procedures, or reported to GSA as excess for subsequent transfer to potential eligible recipients as appropriate. You must include transfers under this authority in the annual Non-Federal Recipients Report (See §102–36.295) to GSA.

(c) The “Computers for Learning” website has been developed to streamline the transfer of excess and surplus Federal computer equipment to schools and nonprofit educational organizations. For additional information about this program access the “Computers for Learning” website, http://www.computers.fed.gov.

What is a transportation audit?

A transportation audit is a thorough review and validation of transportation related bills. The audit must examine the validity, propriety, and conformity of the charges with tariffs, quotations, agreements, or tenders, as appropriate.

Each agency must ensure that its internal transportation audit procedures prevent duplicate payments and only allow payment for authorized services, and that the TSP's bill is complete with required documentation.

What is a transportation payment?

A transportation payment is a payment made by an agency to a TSP for the movement of goods or people and/or transportation related services.

Who is subject to this part?

All agencies and TSPs defined in §102-118.35 are subject to this part. Your agency is required to incorporate this part into its internal regulations.

Does GSA still require my agency to submit its overall transportation policies for approval?

GSA no longer requires your agency to submit its overall transportation policies for approval. However, as noted in §102-118.325, agencies must submit their prepayment audit plans for approval. In addition, GSA may from time to time request to examine your agency’s transportation policies to verify the correct performance of the prepayment audit of your agency’s transportation bills.

Are Government corporations bound by this part?

No, Government corporations are not bound by this part. However, they may choose to use it if they wish.
§ 102-118.35  Definitions

§ 102-118.35  What definitions apply to this part?

The following definitions apply to this part:

Agency means Executive agency, but does not include:

(1) A Government Controlled Corporation;
(2) The Tennessee Valley Authority;
(3) The Virgin Islands Corporation;
(4) The Atomic Energy Commission;
(5) The Central Intelligence Agency;
(6) The Panama Canal Commission; and

NOTE TO THE DEFINITION OF AGENCY: All agencies' payments for transportation services are subject to the transportation audit provisions of section 322 of the Transportation Act of 1940, as amended (31 U.S.C. 3726).

Agency claim means any demand by an agency upon a TSP for the payment of overcharges, ordinary debts, fines, penalties, administrative fees, special charges, and interest.

Bill of lading, sometimes referred to as a commercial bill of lading (but includes GBLs), is the document used as a receipt of goods, and documentary evidence of title. It is also a contract of carriage when movement is under 49 U.S.C. 10721 and 49 U.S.C. 13712.

Document reference number means the unique number on a bill of lading, Government Bill of Lading, Government Transportation Request, or transportation ticket, used to track the movement of shipments and individuals.

EDI signature means a discrete authentication code which serves in place of a paper signature and binds parties to the terms and conditions of a contract in electronic communication.

Electronic commerce means electronic techniques for performing business transactions (ordering, billing, and paying for goods and services), including electronic mail or messaging, Internet technology, electronic bulletin boards, charge cards, electronic funds transfers, and electronic data interchange.

Electronic data interchange means electronic techniques for carrying out transportation transactions using electronic transmissions of the information between computers instead of paper documents. These electronic transmissions must use established and published formats and codes as authorized by the applicable Federal Information Processing Standards.

Electronic funds transfer means any transfer of funds, other than transactions initiated by cash, check, or similar paper instrument, that is initiated through an electronic terminal, telephone, computer, or magnetic tape, for the purpose of ordering, instructing, or authorizing a financial institution to debit or credit an account. The term includes Automated Clearinghouse transfers, Fed Wire transfers, and transfers made at automatic teller machines and point of sale terminals.

Government Bill of Lading (GBL) means Optional Forms 1103 and 1203, the transportation documents issued by GSA and used as a receipt of goods, evidence of title, and generally a contract of carriage.

Government contractor-issued charge card means both an individually billed travel card, which the individual is required to pay, and a centrally billed account for paying travel expenses, which the agency is required to pay.

Government Transportation Request (GTR) means Optional Form 1169, the Government document used to buy transportation services. The document normally obligates the Government to pay for the transportation services provided.

Offset means agency use of money owed by the agency to a transportation service provider (TSP) to cover a previous debt incurred to the agency by the TSP.

Ordinary debt means an amount that a TSP owes an agency other than for the repayment of an overcharge. Ordinary debts include, but are not limited to, payments for transportation services ordered and not provided (including unused transportation tickets), duplicate payments, and amounts for which a TSP is liable because of loss and/or damage to property it transported.

Overcharge means those charges for transportation and travel services that exceed those applicable under the contract for carriage. This also includes charges more than those applicable...
under rates, fares and charges established pursuant to section 13712 and 10721 of the Revised Interstate Commerce Act, as amended (49 U.S.C. 13712 and 10721), or other equivalent contract, arrangement or exemption from regulation.

Postpayment audit means an audit of transportation billing documents after payment to decide their validity, propriety, and conformity with tariffs, quotations, agreements, or tenders. This process may also include subsequent adjustments and collections actions taken against a TSP by the Government.

Prepayment audit means an audit of transportation billing documents before payment to determine their validity, propriety, and conformity with tariffs, quotations, agreements, or tenders.

Privately Owned Personal Property Government Bill of Lading, Optional Form 1203, means the agency transportation document used as a receipt of goods, evidence of title, and generally a contract of carriage. It is only available for the transportation of household goods. Use of this form is mandatory for Department of Defense, but optional for other agencies.

Rate authority means the document that establishes the legal charges for a transportation shipment. Charges included in a rate authority are those rates, fares, and charges for transportation and related services contained in tariffs, tenders, and other equivalent documents.

Released value is stated in dollars and is considered the assigned value of the cargo for reimbursement purposes, not necessarily the actual value of the cargo. Released value may be more or less than the actual value of the cargo. The released value is the maximum amount that could be recovered by the agency in the event of loss or damage for the shipments of freight and household goods. In return, when negotiating for rates and the released value is proposed to be less than the actual value of the cargo, the TSP should offer a rate lower than other rates for shipping cargo at full value. The statement of released value may be shown on any applicable tariff, tender, contract, transportation document or other documents covering the shipment.

Reparation means the payment involving a TSP to or from an agency of an improper transportation billing as determined by a postpayment audit. Improper routing, overcharges, or duplicate payments may cause such improper billing. This is different from payments to settle a claim for loss and damage to items shipped under those rates.

Standard carrier alpha code (SCAC) means an unique four-letter code assigned to each TSP by the National Motor Freight Traffic Association, Inc.

Statement of difference means a statement issued by an agency or its designated audit contractor during a prepayment audit when they determine that a TSP has billed the agency for more than the proper amount for the services. This statement tells the TSP on the invoice the amount allowed and the basis for the proper charges. The statement also cites the applicable rate references and other data relied on for support. The agency issues a separate statement of difference for each transportation transaction.

Statement of difference rebuttal means a document used by the agency to respond to a TSP’s claim about an improper reduction made against the TSP's original bill by the paying agency.

Supplemental bill means a bill for services that the TSP submits to the agency for additional payment after reimbursement for the original bill. The need to submit a supplemental bill may occur due to an incorrect first bill or due to charges which were not included on the original bill.

Taxpayer identification number (TIN) means the number required by the Internal Revenue Service to be used by the TSP in reporting income tax or other returns. For a TSP, the TIN is an employer identification number.

Transportation document (TD) means any executed agreement for transportation service, such as a bill of lading (including a Government Bill of Lading), a Government Transportation Request, or transportation ticket.

Transportation service means service involved in the physical movement
§ 102–118.40 41 CFR Ch. 102 (7–1–00 Edition)

(a) Transportation of freight and household goods and related transportation services (e.g., packing, storage) with a charge card, bill of lading, purchase order (or electronic equivalent), or for domestic shipments until September 30, 2001, a Government Bill of Lading (GBL). GBLs will continue to be available after that date, if needed, for international shipments (including domestic overseas shipments).

(b) Transportation of people through the purchase of transportation tickets with a Government issued charge card (or centrally billed travel account citation), Government issued individual travel charge card, personal charge card, cash (in accordance with Department of the Treasury regulations), or in limited prescribed situations, a Government Transportation Request (GTR). § 102–118.50 How does my agency pay for transportation services?

Your agency may pay for transportation services in three ways:

(a) Electronic funds transfer (EFT) (31 U.S.C. 3332, et seq.). Your agency is required by statute to make all payments by EFT unless your agency receives a waiver from the Department of the Treasury.

(b) Check. For those situations where EFT is not possible and the Department of the Treasury has issued a waiver, your agency may make payments by check.

(c) Cash. In very unusual circumstances and as a last option, your agency payments may be made in cash in accordance with Department of the Treasury regulations (31 CFR part 208).

§ 102–118.60 To what extent must my agency use electronic commerce?

Your agency should use electronic commerce (i.e., electronic methods for ordering, receiving bills, and paying for transportation and transportation services) to the maximum extent possible.

§ 102–118.65 Can my agency receive electronic billing for payment of transportation services?

Yes, when mutually agreeable to the agency and the GSA Audit Division, your agency is encouraged to use electronic billing for the procurement and billing of transportation services.

§ 102–118.70 Must my agency make all payments via electronic funds transfer?

Yes, under 31 U.S.C. 3332, et seq., your agency must make all payments for goods and services via EFT (this includes goods and services ordered using charge cards).
§ 102–118.75 What if my agency or the TSP does not have an account with a financial institution or approved payment agent?
Under 31 U.S.C. 3332, et seq., your agency must obtain an account with a financial institution or approved payment agent in order to meet the statutory requirements to make all Federal payments via EFT unless your agency receives a waiver from the Department of the Treasury. To obtain a waiver, your agency must contact:
The Commissioner
Financial Management Service
Department of the Treasury
401 Fourteenth Street, SW.
Washington, DC 20227
http://www.fms.treas.gov/

§ 102–118.80 Who is responsible for keeping my agency’s electronic commerce transportation billing records?
Your agency’s internal financial regulations will identify responsibility for recordkeeping. In addition, the GSA Audit Division keeps a central repository of electronic transportation billing records for legal and auditing purposes. Therefore, your agency must forward all relevant electronic transportation billing documents to:
General Services Administration
Federal Supply Service
Audit Division (FBA)
1800 F Street, NW.
Washington, DC 20405
http://pub.fss.gsa.gov/transtrav

§ 102–118.85 Can my agency use a Government contractor issued charge card to pay for transportation services?
Yes, your agency may use a Government contractor issued charge card to purchase transportation services if permitted under the charge card contract or task order. In these circumstances your agency will receive a bill for these services from the charge card company.

§ 102–118.90 If my agency orders transportation and/or transportation services with a Government contractor issued charge card or charge account citation, is this subject to prepayment audit?
Generally, no transportation or transportation services ordered with a Government contractor issued charge card or charge account citation can be prepayment audited because the bank or charge card contractor pays the TSP directly, before your agency receives a bill that can be audited from the charge card company. However, if your agency contracts with the charge card or charge account provider to provide for a prepayment audit, then, as long as your agency is not liable for paying the bank for improper charges (as determined by the prepayment audit verification process), a prepayment audit can be used. As with all prepayment audit programs, the charge card prepayment audit must be approved by the GSA Audit Division prior to implementation. If the charge card contract does not provide for a prepayment audit, your agency must submit the transportation line items on the charge card to the GSA Audit Division for a postpayment audit.

§ 102–118.95 What forms can my agency use to pay transportation bills?
Your agency must use commercial payment practices and forms to the maximum extent possible; however, when viewed necessary by your agency, your agency may use the following Government forms to pay transportation bills:
(a) Standard Form (SF) 1113, Public Voucher for Transportation Charges, and SF 1113-A, Memorandum Copy;
(b) Optional Form (OF) 1103, Government Bill of Lading and OF 1103A Memorandum Copy (used for movement of things, both privately owned and Government property for official uses);
(c) OF 1169, Government Transportation Request (used for pay for tickets to move people); and
(d) OF 1203, Privately Owned Personal Property Government Bill of Lading, and OF 1203A, Memorandum Copy (used by the Department of Defense to move private property for official transfers).

Note to § 102–118.95: By September 30, 2001, your agency may no longer use the GBLs (OF 1103 and OF 1203) for domestic shipments. After September 30, 2000, your agency should minimize the use of GTRs (OF 1169).
§ 102-118.100 What must my agency ensure is on each SF 1113?

Your agency must ensure during its prepayment audit of a TSP bill that the TSP filled out the Public Vouchers, SF 1113, completely including the taxpayer identification number (TIN), and standard carrier alpha code (SCAC). An SF 1113 must accompany all billings.

§ 102-118.105 Where can I find the rules governing the use of a Government Bill of Lading?

§ 102-118.115 Must my agency use a GBL?

No, your agency is not required to use a GBL and must use commercial payment practices to the maximum extent possible. Effective September 30, 2001, your agency must phase out the use of the Optional Forms 1103 and 1203 for domestic shipments. After this date, your agency may use the GBL solely for international shipments.

§ 102-118.120 Must my agency use a GTR?

No, your agency is not required to use a GTR. Your agency must adopt commercial practices and eliminate GTR use to the maximum extent possible.

§ 102-118.125 What if my agency uses a TD other than a GBL?

If your agency uses any other TD for shipping under its account, the requisite and the named safeguards must be in place (i.e., terms and conditions found herein and in the “U.S. Government Freight Transportation—Handbook,” appropriate numbering, etc.).

§ 102-118.130 Must my agency use a GBL for express, courier, or small package shipments?

No, however, in using commercial forms all shipments must be subject to the terms and conditions set forth for use of a bill of lading for the Government. Any other non-conflicting applicable contracts or agreements between the TSP and an agency involving buying transportation services for Government traffic remain binding. This purchase does not require a SF 1113. When you are using GSA’s schedule for small package express delivery, the terms and conditions of that contract are binding.

§ 102-118.135 Where are the mandatory terms and conditions governing the use of bills of lading?

The mandatory terms and conditions governing the use of bills of lading are contained in this part and the “U.S. Government Freight Transportation Handbook.”

§ 102-118.140 What are the major mandatory terms and conditions governing the use of GBLs and bills of lading?

The mandatory terms and conditions governing the use of GBLs and bills of lading are:

(a) Unless otherwise permitted by statute, the TSP must not demand prepayment or collect charges from the consignee. The TSP, providing service under the bill of lading, must present the original, properly certified GBL or bill of lading attached to an SF 1113, Public Voucher for Transportation Charges, to the paying office for payment;

(b) The shipment must be made at the restricted or limited valuation specified in the tariff or classification or limited contract, arrangement or exemption at or under which the lowest

§ 102–118.160 Who is liable if my agency makes an overpayment on a transportation bill?

If the agency conducts prepayment audits of its transportation bills, agency transportation certifying and disbursing officers are liable for any overpayments made. If GSA has granted a waiver to the prepayment audit requirement and the agency performs a postpayment audit (31 U.S.C. 3528 and 31 U.S.C. 3322) neither the certifying nor disbursing officers are liable for the reasons listed in these two cited statutes.

§ 102–118.165 What must my agency do if it finds an error on a TSP bill?

Your agency must advise the TSP via statement of difference of any adjustment that you make either electronically or in writing within 7 days of receipt of the bill, as required by the Prompt Payment Act (31 U.S.C. 3901, et seq.). § 102–118.170 Will GSA continue to maintain a centralized numbering system for Government transportation documents?

Yes, GSA will maintain a numbering system for GBLs and GTRs. For commercial TDs, each agency must create a unique numbering system to account for and prevent duplicate numbers. The GSA Audit Division must approve this system. Write to:

§ 102–118.175 Must my agency prepare for the GBL retirement?

Yes, your agency must prepare for the GBL retirement. Effective September 30, 2001, your agency must phase out the use of the SF 1103, Government Bill of Lading, GBL, and SF 1203, Privately Owned Personal Property Government Bill of Lading (PPGBLs), for domestic shipments. After September 30, 2001, your agency may use the GBL or PPGBL solely for international shipments (including domestic overseas shipments).

§ 102–118.180 Must my agency prepare for the GTR retirement?

Yes, your agency must use the GTR only in situations that do not lend themselves to the use of commercial payment methods.

Yes, your agency must reference the applicable contract or tender when buying transportation on a bill of lading (including GBLs). However, the referenced information on a GBL or bill of lading does not limit an audit of charges.

§ 102–118.190 When buying passenger transportation must my agency reference the applicable contract?

Yes, when buying passenger transportation, your agency must reference the applicable contract on a GTR or passenger transportation document (e.g., ticket).
§ 102–118.195 What documents must a transportation service provider (TSP) send to receive payment for a transportation billing?

For shipments bought on a TD, the TSP must submit an original properly certified GBL, PP GBL, or bill of lading attached to an SF 1113, Public Voucher for Transportation Charges. The TSP must submit this package and all supporting documents to the agency paying office.

§ 102–118.200 Can a TSP demand advance payment for the transportation charges submitted on a bill of lading (including GBL)?

No, a TSP cannot demand advance payment for transportation charges submitted on a bill of lading (including GBL), unless authorized by law.

§ 102–118.205 May my agency pay an agent functioning as a warehouseman for the TSP providing service under the bill of lading?

No, your agency may only pay the TSP with whom it has a contract. The bill of lading will list the TSP with whom the Government has a contract.

§ 102–118.210 May my agency use bills of lading other than the GBL for a transportation shipment?

Yes, as long as the mandatory terms and conditions contained in this part (as also stated on a GBL) apply. The TSP must agree in writing to the mandatory terms and conditions (also found in the “U.S. Government Freight Transportation Handbook”) contained in this part.

§ 102–118.220 If a transportation debt is owed to my agency by a TSP because of loss or damage to property, does my agency report it to GSA?

No, if your agency has administratively determined that a TSP owes a debt resulting from loss or damage, follow your agency regulations.

§ 102–118.225 What constitutes final receipt of shipment?

Final receipt of the shipment occurs when the consignee or a TSP acting on behalf of the consignee with the agency’s permission, fully signs and dates both the delivering TSP’s documents and the consignee’s copy of the same documents indicating delivery and/or explaining any delay, loss, damage, or shrinkage of shipment.

§ 102–118.230 What if my agency creates or eliminates a field office approved to prepare transportation documents?

Your agency must tell the GSA Audit Division whenever it approves a new or existing agency field office to prepare transportation documents or when an agency field office is no longer authorized to do so. This notice must show the name, field office location of the bureau or office, and the date on which your agency granted or canceled its authority to schedule payments for transportation service.

AGENCY RESPONSIBILITIES WHEN USING GOVERNMENT BILLS OF LADING (GBLS) OR GOVERNMENT TRANSPORTATION REQUESTS (GTRS)

§ 102–118.235 Must my agency keep physical control and accountability of the GBL and GTR forms or GBL and GTR numbers?

Yes, your agency is responsible for the physical control and accountability of the GBL and GTR stock and must have procedures in place and available for inspection by GSA. Your agency must consider these Government transportation documents to be the same as money.

§ 102–118.240 How does my agency get GBL and GTR forms?

Your agency can get GBL and GTR forms, in either blank or prenumbered formats, from:
§ 102–118.245 How does my agency get an assigned set of GBL or GTR numbers?

If your agency does not use prenumbered GBL and GTR forms, you may get an assigned set of numbers from:

General Services Administration
Federal Supply Service
General Products Commodity Center (7FXM–WS)
819 Taylor Street, Room 6A24
Fort Worth, TX 76102

§ 102–118.250 Who is accountable for the issuance and use of GBL and GTR forms?

Agencies and employees are responsible for the issuance and use of GBL and GTR forms and are accountable for their disposition.

§ 102–118.255 Are GBL and GTR forms numbered and used sequentially?

Yes, GBL and GTR forms are always sequentially numbered when printed and/or used. No other numbering of the forms, including additions or changes to the prefixes or additions of suffixes, is permitted.

§ 102–118.260 Must my agency send all quotations, tenders, or contracts with a TSP to GSA?

(a) Yes, your agency must send two copies of each quotation, tender, or contract of special rates, fares, charges, or concessions with TSPs including those authorized by 49 U.S.C. 10721 and 13712, upon execution to:

General Services Administration
Federal Supply Service
Audit Division (FBA)
1800 F Street, NW.
Washington, DC 20405
http://policyworks.gov/org/main/MT

(b) When this information is in an electronic format approved by the GSA Audit Division, your agency will transfer the information electronically.

§ 102–118.265 What is a prepayment audit?

A prepayment audit is a review of a transportation service provider (TSP) bill that occurs prior to your agency making payment to a TSP. This review compares the charges on the bill against the charge permitted under the contract, rate tender, or other agreement under which the TSP provided the transportation and/or transportation related services.

§ 102–118.270 Must my agency establish a prepayment audit program?

(a) Yes, under 31 U.S.C. 3726, your agency is required to establish a prepayment audit program. Your agency must send a preliminary copy of your prepayment audit program to:

General Services Administration
Office of Transportation and Personal Property (MT)
1800 F Street, NW.
Washington, DC 20405
http://policyworks.gov/org/main/MT

(b) The final plan must be approved and in place by April 20, 2000.

§ 102–118.275 What must my agency consider when designing and implementing a prepayment audit program?

As shown in §102–118.45, the manner in which your agency orders transportation services determines how and by whom the bill for those services will be presented. Your agency’s prepayment audit program must consider all of the methods that you use to order and pay for transportation services. With each method of ordering transportation services, your agency should ensure that each TSP bill or employee travel voucher contains enough information for the prepayment audit to determine which contract or rate tender is used and that the type and quantity of any additional services are clearly delineated. Each method of ordering transportation and transportation services may require a different kind of prepayment audit.
§ 102-118.280 What advantages does the prepayment audit offer my agency?

Prepayment auditing will allow your agency to detect and eliminate billing errors before payment and will eliminate the time and cost of recovering agency overpayments.

§ 102-118.285 What options for performing a prepayment audit does my agency have?

Your agency may perform a prepayment audit by:
(a) Creating an internal prepayment audit program;
(b) Contracting directly with a prepayment audit service provider; or
(c) Using the services of a prepayment audit contractor under GSA's multiple award schedule covering audit and financial management services.

NOTE TO § 102-118.285: Either of the choices in paragraph (a), (b) or (c) of this section might include contracts with charge card companies that provide prepayment audit services.

§ 102-118.290 Must every electronic and paper transportation bill undergo a prepayment audit?

Yes, all transportation bills and payments must undergo a prepayment audit unless your agency's prepayment audit program uses a statistical sampling technique of the bills or the Administrator of General Services grants a specific waiver from the prepayment audit requirement. If your agency chooses to use statistical sampling, all bills must be at or below the Comptroller General specified limit of $2,500.00 (31 U.S.C. 3521(b) and General Accounting Office Policy and Procedures Manual Chapter 7, obtainable from:
U.S. General Accounting Office
P.O. Box 6015
Gaithersburg, MD 20884-6015
http://www.gao.gov

§ 102-118.295 What are the limited exceptions to every bill undergoing a prepayment audit?

The limited exceptions to bills undergoing a prepayment audit are those bills subject to a waiver from GSA (which may include bills determined to be below your agency's threshold). The waiver to prepayment audit requirements may be for bills, mode or modes of transportation or for an agency or subagency.

§ 102-118.300 How does my agency fund its prepayment audit program?

Your agency must pay for the prepayment audit from those funds appropriated for transportation services.

§ 102-118.305 Must my agency notify the TSP of any adjustment to the TSP's bill?

Yes, your agency must notify the TSP of any adjustment to the TSP's bill either electronically or in writing within 7 days of receipt of the bill. This notice must refer to the TSP's bill number, agency name, taxpayer identification number, standard carrier alpha code, document reference number, amount billed, amount paid, payment voucher number, complete tender or tariff authority, including item or section number.

§ 102-118.310 Must my agency prepayment audit program establish appeal procedures whereby a TSP may appeal any reduction in the amount billed?

Yes, your agency must establish an appeal process that directs TSP appeals to an agency official who is able to provide adequate consideration and review of the circumstances of the claim. Your agency must complete the review of the appeal within 30 days.

§ 102-118.315 What must my agency do if the TSP disputes the findings and my agency cannot resolve the dispute?

(a) If your agency is unable to resolve the disputed amount with the TSP, your agency should forward all relevant documents including a complete billing history, and the appropriation or fund charged, to:
General Services Administration
Federal Supply Service
Audit Division (FBA)
1800 F Street, NW.
Washington, DC 20405
http://pub.fss.gsa.gov/transtrav

(b) The GSA Audit Division will review the appeal of an agency's final, full or partial denial of a claim and
issue a decision. A TSP must submit claims within 3 years under the guidelines established in §102-118.460.

§ 102-118.320 What information must be on transportation bills that have completed my agency’s prepayment audit?

(a) The following information must be annotated on all transportation bills that have completed a prepayment audit:
   (1) The date received from a TSP;
   (2) A TSP’s bill number;
   (3) Your agency name;
   (4) A Document Reference Number (DRN);
   (5) The amount billed;
   (6) The amount paid;
   (7) The payment voucher number;
   (8) Complete tender or tariff authority, including item or section number;
   (9) The TSP’s taxpayer identification number (TIN);
   (10) The TSP’s standard carrier alpha code (SCAC);
   (11) The auditor’s authorization code or initials; and
   (12) A copy of any statement of difference sent to the TSP.

(b) Your agency can find added guidance in the “U.S. Government Freight Transportation—Handbook,” obtainable from:

General Services Administration
Federal Supply Service
Audit Division (FBA)
1800 F Street, NW.
Washington, DC 20405
http://pub.fss.gsa.gov/transtrav

§ 102-118.325 Must I get approval for my agency’s prepayment audit program?

Yes, your agency must get approval for your prepayment audit program. The highest level budget or financial official of each agency, such as the Chief Financial Officer, initially approves your agency’s prepayment audit program. After internal agency approval, your agency submits the plan in writing to the GSA Audit Division for final approval.

§ 102-118.330 What are the elements of an acceptable prepayment audit program?

An acceptable prepayment audit program must:
   (a) Verify all transportation bills against filed rates and charges before payment;
   (b) Comply with the Prompt Payment Act (31 U.S.C. 3901, et seq.);
   (c) Allow for your agency to establish minimum dollar thresholds for transportation bills subject to audit;
   (d) Require your agency’s paying office to offset debts from amounts owed to the TSP within the 3 years as per 31 U.S.C. 3726(b);
   (e) Be approved by the GSA Audit Division. After the initial approval, the agency may be subject to periodic program review and reapproval;
   (f) Complete accurate audits of transportation bills and notify the TSP of any adjustment within 7 calendar days of receipt;
   (g) Create accurate notices to the TSPs that describe in detail the reasons for any full or partial rejection of the stated charges on the invoice. An accurate notice must include the TSP’s invoice number, the billed amount, TIN, standard carrier alpha code, the charges calculated by the agency, and the specific reasons including applicable rate authority for the rejection;
   (h) Forward documentation monthly to the GSA Audit Division, which will store paid transportation bills under the General Records Schedule 9, Travel and Transportation (36 CFR Chapter XII, 1228.22) which requires keeping records for 3 years. GSA will arrange for storage of any document requiring special handling (e.g., bankruptcy, court case, etc.). These bills will be retained pursuant to 44 U.S.C. 3309 until claims have been settled;
   (i) Establish procedures in which transportation bills not subject to prepayment audit (i.e., bills for unused tickets and charge card billings) are handled separately and forwarded to the GSA Audit Division; and
   (j) Implement a unique agency numbering system to handle commercial paper and practices (see §102-118.55).
§ 102–118.335 What does the GSA Audit Division consider when verifying an agency prepayment audit program?

The GSA Audit Division bases verification of agency prepayment audit programs on objective cost-savings, paperwork reductions, current audit standards and other positive improvements, as well as adherence to the guidelines listed in this part.

§ 102–118.340 How does my agency contact the GSA Audit Division?

Your agency may contact the GSA Audit Division by writing to:

General Services Administration
Federal Supply Service
Audit Division (FBA)
1800 F Street, NW.
Washington, DC 20405
http://pub.fss.gsa.gov/transav

§ 102–118.345 If my agency chooses to change an approved prepayment audit program, does the program need to be reapproved?

Yes, you must receive approval of any changes in your agency’s prepayment audit program from the GSA Audit Division.

LIABILITY FOR CERTIFYING AND DISBURSING OFFICERS

§ 102–118.350 Does establishing a prepayment audit system or program change the responsibilities of the certifying officers?

Yes, in a prepayment audit environment, an official certifying a transportation voucher is held liable for verifying transportation rates, freight classifications, and other information provided on a transportation billing instrument or transportation request undergoing a prepayment audit (31 U.S.C. 3528).

§ 102–118.355 Does a prepayment audit waiver change any liabilities of the certifying officer?

Yes, a certifying official is not personally liable for verifying transportation rates, freight classifications, or other information provided on a GBL or passenger transportation request when the Administrator of General Services or designee waives the prepayment audit requirement and your agency uses postpayment audits.

§ 102–118.360 What relief from liability is available for the certifying official under a postpayment audit?

The agency counsel relieves a certifying official from liability for overpayments in cases where postpayment is the approved method of auditing and:

(a) The overpayment occurred solely because the administrative review before payment did not verify transportation rates; and

(b) The overpayment was the result of using improper transportation rates or freight classifications or the failure to deduct the correct amount under a land grant law or agreement.

§ 102–118.365 Do the requirements of a prepayment audit change the disbursing official’s liability for overpayment?

Yes, the disbursing official has a liability for overpayments on all transportation bills subject to prepayment audit (31 U.S.C. 3322).

§ 102–118.370 Where does relief from prepayment audit liability for certifying, accountable, and disbursing officers reside in my agency?

Your agency’s counsel has the authority to relieve liability and give advance opinions on liability issues to certifying, accountable, and disbursing officers (31 U.S.C. 3527).

WAIVERS FROM MANDATORY PREPAYMENT AUDIT

§ 102–118.375 Who has the authority to grant a waiver of the prepayment audit requirement?

Only the Administrator of General Services or designee has the authority to grant waivers from the prepayment audit requirement.

§ 102–118.380 How does my agency apply for a waiver from a prepayment audit of requirement?

Your agency must submit a request for a waiver from the requirement to perform a prepayment in writing to:

General Services Administration
Office of Transportation and Personal Property (MT)
§ 102-118.385 What must a waiver request include?

A waiver request must explain in detail how the use of a prepayment audit increases costs over a postpayment audit, decreases efficiency, involves a relevant public interest, adversely affects the agency’s mission, or is not feasible for the agency. A waiver request must identify the mode or modes of transportation, agency or subagency to which the waiver would apply.

§ 102-118.390 On what basis does GSA grant a waiver to the prepayment audit requirement?

GSA issues waivers to the prepayment audit requirement based on:
(a) Cost-effectiveness;
(b) Government efficiency;
(c) Public interest; or
(d) Other factors the Administrator of General Services considers appropriate.

§ 102-118.395 How long will GSA take to respond to a waiver request?

GSA will respond to a written waiver request within 30 days from the receipt of the request.

§ 102-118.400 Must my agency renew a waiver of the prepayment audit requirements?

Yes, your agency waiver to the prepayment audit requirement will not exceed 2 years. Your agency must reapply to ensure the circumstances at the time of approval still apply.

§ 102-118.405 Are my agency’s prepayment audited transportation bills subject to periodic postpayment audit oversight from the GSA Audit Division?

Yes, two years or more after starting prepayment audits, the GSA Audit Division (depending on its evaluation of the results) may subject your agency’s prepayment audited transportation bills to periodic postpayment audit oversight rather than blanket postpayment audits. The GSA Audit Division will then prepare a report analyzing the success of your agency’s prepayment audit program. This report will be on file at GSA and available for your review.

§ 102-118.410 Can GSA suspend my agency’s prepayment audit program?

(a) Yes, the Director of the GSA Audit Division may suspend your agency’s prepayment audit program based on his or her determination of a systematic or frequent failure of the program to:
(1) Conduct an accurate prepayment audit of your agency’s transportation bills;
(2) Abide by the terms of the Prompt Payment Act;
(3) Adjudicate TSP claims disputing prepayment audit positions of the agency regularly within 30 days of receipt;
(4) Follow Comptroller General decisions, GSA Board of Contract Appeals decisions, the Federal Management Regulation and GSA instructions or precedents about substantive and procedure matters; and/or
(5) Provide information and data or to cooperate with on-site inspections necessary to conduct a quality assurance review.

(b) A systematic or a multitude of individual failures will result in suspension. A suspension of an agency’s prepayment audit program may be in whole or in part for failure to conduct proper prepayment audits.

Subpart E—Postpayment Transportation Audits

§ 102-118.415 Will the widespread mandatory use of prepayment audits eliminate postpayment audits?

No, the mandatory use of prepayment audits will not eliminate postpayment audits because:
(a) Postpayment audits will continue for those areas which do not lend themselves to the prepayment audit; and
(b) The GSA Audit Division will continue to review and survey the progress of the prepayment audit by performing a postpayment audit on the bills. The GSA Audit Division has a Congressionally mandated responsibility under 31
U.S.C. 3726 to perform oversight on transportation bill payments. During the early startup period for prepayment audits, transportation bills are subject to a possible postpayment audit to discover the effectiveness of the prepayment audit process.

§ 102–118.420 Can the Administrator of General Services waive the postpayment auditing provisions of this subpart?

Yes, in certain circumstances, the Administrator of General Services or designee may waive the postpayment audit oversight requirements of this subpart on a case by case basis.

§ 102–118.425 Is my agency allowed to perform a postpayment audit on our transportation bills?

No, your agency must forward all transportation bills to GSA for a postpayment audit regardless of any waiver allowing for postpayment audit.

§ 102–118.430 What information must be on my agency’s transportation bills submitted for a postpayment audit?

Your agency must annotate all of its transportation bills submitted for postpayment audit with:
(a) The date received from a TSP;
(b) A TSP’s bill number;
(c) Your agency name;
(d) A Document Reference Number;
(e) The amount requested;
(f) The amount paid;
(g) The payment voucher number;
(h) Complete tender or tariff authority, including contract price (if purchased under the Federal Acquisition Regulation), item or section number;
(i) The TSP’s taxpayer identification number; and
(j) The TSP’s standard carrier alpha code (SCAC).

§ 102–118.435 What procedures does GSA use to perform a postpayment audit?

When GSA performs a postpayment audit, the GSA Audit Division has the delegated authority to implement the following procedures:
(a) Audit selected TSP bills after payment;
(b) Audit selected TSP bills before payment as needed to protect the Government’s interest (i.e., bankruptcy, fraud);
(c) Examine, settle, and adjust accounts involving payment for transportation and related services for the account of agencies;
(d) Adjudicate and settle transportation claims by and against agencies;
(e) Offset an overcharge by any TSP from an amount subsequently found to be due that TSP;
(f) Issue a Notice of Overcharge stating that a TSP owes a debt to the agency. This notice states the amount paid, the basis for the proper charge for the document reference number, and cites applicable tariff or tender along with other data relied on to support the overcharge. A separate Notice of Overcharge is prepared and mailed for each bill; and
(g) Issue a GSA Notice of Indebtedness when a TSP owes an ordinary debt to an agency. This notice states the basis for the debt, the TSP’s rights, interest, penalty, and other results of nonpayment. The debt is due immediately and subject to interest charges, penalties, and administrative cost under 31 U.S.C. 3717.

§ 102–118.440 What are the postpayment audit responsibilities and roles of the GSA Audit Division?

When the GSA Audit Division performs a postpayment audit for your agency, GSA will:
(a) Examine and analyze payments to discover their validity, relevance and conformity with tariffs, quotations, contracts, agreements or tenders and make adjustments to protect the interest of an agency;
(b) Examine, adjudicate, and settle transportation claims by and against the agency;
(c) Collect from TSPs by refund, setoff, offset or other means, the amounts determined to be due the agency;
(d) Adjust, terminate or suspend debts due on TSP overcharges;
(e) Prepare reports to the Attorney General of the United States with recommendations about the legal and technical bases available for use in prosecuting or defending suits by or
against an agency and provide technical, fiscal, and factual data from relevant records;

(f) Provide transportation specialists and lawyers to serve as expert witnesses, assist in pretrial conferences, draft pleadings, orders, and briefs, and participate as requested in connection with transportation suits by or against an agency;

(g) Review agency policies, programs, and procedures to determine their adequacy and effectiveness in the audit of freight or passenger transportation payments, and review related fiscal and transportation practices;

(h) Furnish information on rates, fares, routes, and related technical data upon request;

(i) Tell an agency of irregular shipping routing practices, inadequate commodity descriptions, excessive transportation cost authorizations, and unsound principles employed in traffic and transportation management; and

(j) Confer with individual TSPs or related groups and associations presenting specific modes of transportation to resolve mutual problems concerning technical and accounting matters and acquainting them with agency requirements.

§ 102–118.445 Must my agency pay for a postpayment audit when using the GSA Audit Division?

No, the expenses of postpayment audit contract administration and audit-related functions are financed from overpayments collected from the TSP’s bills previously paid by the agency and similar type of refunds.

Subpart F—Claims and Appeal Procedures

General Agency Information for All Claims

§ 102–118.450 Can a TSP file a transportation claim against my agency?

§ 102–118.470 Are there statutory time limits for a TSP on filing an administrative claim with the GSA Audit Division?

Yes, an administrative claim must be received by the GSA Audit Division or its designee (the agency where the claim arose) within 6 years beginning the day after the latest of the following dates (except in time of war):

(a) Accrual of the cause of action;
(b) Payment of charges for the transportation involved;
(c) Subsequent refund for overpayment of those charges; or
(d) Deductions made to a TSP claim by the Government under 28 U.S.C. 2415.

§ 102–118.475 Does interest apply after certification of payment of claims?

Yes, interest under the Prompt Payment Act (28 U.S.C. 2415) begins 6 years after certification for payment by GSA.
(b) Once a Notice of Overcharge is issued by the GSA Audit Division, then any refund is no longer considered voluntary and the agency must forward the refund to the GSA Audit Division.

§ 102–118.505Must my agency send a voluntary refund to the Treasurer of the United States?

No, your agency may keep and use voluntary refunds submitted by a TSP, if the refund was made prior to a Notice of Overcharge issued by the GSA Audit Division.

§ 102–118.510Can my agency revise or alter a GSA Form 7931, Certificate of Settlement?

Generally, no, an agency must not revise or alter amounts on a GSA Form 7931. The only change an agency can make to a GSA Form 7931 is to change the agency financial data to a correct cite. Any GSA Form 7931 that cannot be paid (e.g., an amount previously paid), must be immediately returned to the GSA Audit Division with an explanation.

§ 102–118.515Does my agency have any recourse not to pay a Certificate of Settlement?

No, a Certificate of Settlement is the final administrative action.

§ 102–118.520Who is responsible for determining the standards for collection, compromise, termination, or suspension of collection action on any outstanding debts to my agency?

§ 102–118.525What are my agency’s responsibilities for verifying the correct amount of transportation charges?

Your agency’s employees are responsible for diligently verifying the correct amount of transportation charges prior to payment (31 U.S.C. 3527).

§ 102–118.530Will GSA instruct my agency’s disbursing offices to offset unpaid TSP billings?

Yes, GSA will instruct one or more of your agency’s disbursing offices to deduct the amount due from an unpaid TSP’s bill. A 3-year limitation applies on the deduction of overcharges from amounts due a TSP (31 U.S.C. 3726) and a 10-year limitation applies on the deduction of ordinary debts (31 U.S.C. 3716).

§ 102–118.535Are there principles governing my agency’s TSP debt collection procedures?

Yes, the principles governing your agency collection procedures for reporting debts to the General Accounting Office (GAO) or the Department of Justice are found in 4 CFR parts 101 through 105 and in the GAO Policy and Procedures Manual for Guidance of Federal Agencies. The manual may be obtained by writing:

Superintendent of Documents
Government Printing Office
Washington, DC 20402
http://www.access.gpo.gov/

§ 102–118.540Who has the authority to audit, settle accounts, and/or start collection action for all transportation services provided for my agency?

The Director of the GSA Audit Division has the authority and responsibility to audit and settle all transportation related accounts (31 U.S.C. 3726). The reason for this is that he or she has access to Governmentwide data on a TSP’s payments and billings with the Government. Your agency has the responsibility to correctly pay individual transportation claims.

TRANSPORTATION SERVICE PROVIDER (TSP) FILING REQUIREMENTS

§ 102–118.545What information must a TSP claim include?

Transportation service provider (TSP) claims received by GSA or its designee must include one of the following:

(a) The signature of an individual or party legally entitled to receive payment for services on behalf of the TSP;
(b) The signature of the TSP’s agent or attorney accompanied by a duly executed power of attorney or other documentary evidence of the agent’s or attorney’s right to act for the TSP; or

(c) An electronic signature, when mutually agreed upon.

§ 102–118.550 How does a TSP file an administrative claim using EDI or other electronic means?

The medium and precise format of data for an administrative claim filed electronically must be approved in advance by the GSA Audit Division. GSA will use an authenticating EDI signature to certify receipt of the claim. The data on the claim must contain proof of the delivery of goods, and an itemized bill reflecting the services provided, with the lowest charges available for service. The TSP must be able to locate, identify, and reproduce the records in readable form without loss of clarity.

§ 102–118.555 Can a TSP file a supplemental administrative claim?

Yes, a TSP may file a supplemental administrative claim. Each supplemental claim must cover charges relating to one paid transportation document.

§ 102–118.560 What is the required format that a TSP must use to file an administrative claim?

A TSP must bill for charges claimed on a SF 1113, Public Voucher for Transportation Charges, in the manner prescribed in the “U.S. Government Freight Transportation—Handbook” or the “U.S. Government Passenger Transportation—Handbook.” To get a copy of these handbooks, you may write to:

General Services Administration
Federal Supply Service
Audit Division (FBA)
1800 F Street, NW
Washington, DC 20405
http://pub.fss.gsa.gov/transtrav

§ 102–118.565 What documentation is required when filing an administrative claim?

An administrative claim must be accompanied by the transportation document, payment record, reports and information available to GSA and/or to the agency involved and the written and documentary records submitted by the TSP. Oral presentations supplementing the written record are not acceptable.

TRANSPORTATION SERVICE PROVIDER (TSP) AND AGENCY APPEAL PROCEDURES FOR PREPAYMENT AUDITS

§ 102–118.570 If my agency denies the TSP’s challenge to the statement of difference, may the TSP appeal?

Yes, the TSP may appeal if your agency denies its challenge to the statement of difference. However, the appeal must be handled at a higher level in your agency.

§ 102–118.575 If a TSP disagrees with the decision of my agency, can the TSP appeal?

Yes, the TSP may file a claim with the GSA Audit Division, which will review the TSP’s appeal of your agency’s final full or partial denial of a claim. The TSP may also appeal to the GSA Audit Division if your agency has not responded to a challenge within 30 days.

§ 102–118.580 May a TSP appeal a prepayment audit decision of the GSA Audit Division?

(a) Yes, the TSP may appeal to the GSA’s Board of Contract Appeals (GSBCA), under guidelines established in this subpart, or file a claim with the United States Court of Federal Claims. The TSP’s request for review must be received by the GSBCA in writing within 6 months (not including time of war) from the date the settlement action was taken or within the periods of limitation specified in 31 U.S.C. 3726, as amended, whichever is later. The TSP must address requests to:

GSA Board of Contract Appeals
1800 F Street, NW.
Room 7022
Washington, DC 20405

(b) The GSBCA will accept legible submissions via facsimile (FAX) on (202) 501-0664.
§ 102-118.585 May a TSP appeal a prepayment audit decision of the GSBCA?

No, a ruling by the GSBCA is the final administrative remedy available and the TSP has no statutory right of appeal. This subpart governs administrative actions only and does not affect any of the TSP's rights. A TSP may still pursue a legal remedy through the courts.

§ 102-118.590 May my agency appeal a prepayment audit decision of the GSA Audit Division?

No, your agency may not appeal. A GSA Audit Division decision is administratively final for your agency.

§ 102-118.595 May my agency appeal a prepayment audit decision by the GSBCA?

No, your agency may not appeal a prepayment audit decision. Your agency must follow the ruling of the GSBCA.

TRANSPORTATION SERVICE PROVIDER (TSP) AND AGENCY APPEAL PROCEDURES FOR POSTPAYMENT AUDITS

§ 102-118.600 When a TSP disagrees with a Notice of Overcharge resulting from a postpayment audit, what are the appeal procedures?

A TSP who disagrees with the Notice of Overcharge may submit a written request for reconsideration to the GSA Audit Division at:

General Services Administration  
Federal Supply Service  
Audit Division (FBA)  
1800 F Street, NW.  
Washington, DC 20405  
http://pub.fss.gsa.gov/transtrav

§ 102-118.605 What if a TSP disagrees with the Notice of Indebtedness?

If a TSP disagrees with an ordinary debt, as shown on a Notice of Indebtedness, it may:

(a) Inspect and copy the agency's records related to the claim;
(b) Seek administrative review by the GSA Audit Division of the claim decision; and/or
(c) Enter a written agreement for the payment of the claims.

§ 102-118.610 Is a TSP notified when GSA allows a claim?

Yes, the GSA Audit Division will acknowledge each payable claim using GSA Form 7931, Certificate of Settlement. The certificate will give a complete explanation of any amount that is disallowed. GSA will forward the certificate to the agency whose funds are to be charged for processing and payment.

§ 102-118.615 Will GSA notify a TSP if they internally offset a payment?

Yes, the GSA Audit Division will inform the TSP if they internally offset a payment.

§ 102-118.620 How will a TSP know if the GSA Audit Division disallows a claim?

The GSA Audit Division will furnish a GSA Form 7932, Settlement Certificate, to the TSP explaining the disallowance.

§ 102-118.625 Can a TSP request a reconsideration of a settlement action by the GSA Audit Division?

Yes, a TSP desiring a reconsideration of a settlement action may request a review by the Administrator of General Services.

§ 102-118.630 How must a TSP refund amounts due to GSA?

(a) TSPs must promptly refund amounts due to GSA, preferably by EFT. If an EFT is not used, checks must be made payable to "General Services Administration", including the document reference number, TSP name, bill number(s), taxpayer identification number and standard carrier alpha code, then mailed to:

General Services Administration  
P.O. Box 93746  
Chicago, IL 60673

(b) If an EFT address is needed, please contact the GSA Audit Division at:

General Services Administration

Washington, DC 20405  
http://pub.fss.gsa.gov/transtrav
NOTE TO §102-118.630: Amounts collected by GSA are returned to the Treasurer of the United States (31 U.S.C. 3726).

§ 102-118.635 Can the Government charge interest on an amount due from a TSP?

Yes, the Government can charge interest on an amount due from a TSP. This procedure is provided for under the Debt Collection Act (31 U.S.C. 3717), the Federal Claims Collection Standards (4 CFR parts 101 through 105), and 41 CFR part 105±55.

§ 102-118.640 If a TSP fails to pay or to appeal an overcharge, what actions will GSA pursue to collect the debt?

GSA will pursue debt collection through one of the following methods:
(a) When an indebted TSP files a claim, GSA will apply all or any portion of the amount it determines to be due the TSP, to the outstanding balance owed by the TSP, under the Federal Claims Collection Standards (4 CFR parts 101 through 105) and 41 CFR part 105±55;
(b) When the action outlined in paragraph (a) of this section cannot be taken by GSA, GSA will instruct one or more Government disbursing offices to deduct the amount due to the agency from an unpaid TSP’s bill. A 3-year limitation applies on the deduction of overcharges from amounts due a TSP (31 U.S.C. 3726) and a 10-year limitation applies on the deduction of ordinary debt (31 U.S.C. 3716);
(c) When collection cannot be accomplished through either of the procedures in paragraph (a) or (b) of this section, GSA normally sends two additional demand letters to the indebted TSP requesting payment of the amount due within a specified time. Lacking a satisfactory response, GSA may place a complete stop order against amounts otherwise payable to the indebted TSP by adding the name of that TSP to the Department of the Army “List of Contractors Indebted to the United States”; and
(d) When collection actions, as stated in paragraphs (a) through (c) of this section are unsuccessful, GSA may report the debt to the Department of Justice for collection, litigation, and related proceedings, as prescribed in 4 CFR parts 101 through 105.

§ 102-118.645 Can a TSP file an administrative claim on collection actions?

Yes, a TSP may file an administrative claim involving collection actions resulting from the transportation audit performed by the GSA directly with the GSA Audit Division. Any claims submitted to GSA will be considered “disputed claims” under section 4(b) of the Prompt Payment Act (31 U.S.C. 3001, et seq.). The TSP must file all other transportation claims with the agency out of whose activities they arose. If this is not feasible (e.g., where the responsible agency cannot be determined or is no longer in existence) claims may be sent to the GSA Audit Division for forwarding to the responsible agency or for direct settlement by the GSA Audit Division. Claims for GSA processing must be addressed to:
General Services Administration
Federal Supply Service
Audit Division (FBA)
1800 F Street, NW.
Washington, DC 20405
http://pub.fss.gsa.gov/transtrav

§ 102-118.650 Can a TSP request a review of a settlement action by the Administrator of General Services?

Yes, a TSP desiring a review of a settlement action taken by the Administrator of General Services may request a review by the GSA Board of Contract Appeals (GSBCA) or file a claim with the United States Court of Federal Claims (28 U.S.C. 1491).

§ 102-118.655 Are there time limits on a TSP request for an administrative review by the GSBCA?

(a) Yes, the GSBCA must receive a request for review from the TSP within six months (not including time of war) from the date the settlement action was taken or within the periods of limitation specified in 31 U.S.C. 3726, as amended, whichever is later. The request must be addressed to:
GSA Board of Contract Appeals
1800 F Street, NW.
Room 7022
Washington, DC 20405
(b) The GSBCA will accept legible submissions via facsimile (FAX) on (202) 501-0664.
§ 102–118.660 May a TSP appeal a postpayment audit decision of the GSBCA?

No, a ruling by the GSBCA is the final administrative remedy and the TSP has no statutory right of appeal. This subpart governs administrative actions only and does not affect any rights of the TSPs. A TSP may still pursue a legal remedy through the courts.

§ 102–118.665 May my agency appeal a postpayment audit decision by the GSBCA?

No, your agency may not appeal a postpayment audit decision and must follow the ruling of the GSBCA.

TRANSPORTATION SERVICE PROVIDER (TSP) NON-PAYMENT OF A CLAIM

§ 102–118.670 If a TSP cannot immediately pay a debt, can they make other arrangements for payment?

Yes, if a TSP is unable to pay the debt promptly, the Director of the GSA Audit Division has the discretion to enter into alternative arrangements for payment.

§ 102–118.675 What recourse does my agency have if a TSP does not pay a transportation debt?

If a TSP does not pay a transportation debt, GSA may refer delinquent debts to consumer reporting agencies and Federal agencies including the Department of the Treasury and Department of Justice.

§ 105-1.000-50 Scope of part.

This part describes the method by which the General Services Administration (GSA) implements and supplements the Federal Property Management Regulations (FPMR) and implements certain regulations prescribed by other agencies. It contains procedures that implement and supplement part 101-1 of the FPMR.

Subpart 105-1.1—Regulations System

§ 105-1.100 Scope of subpart.

This subpart establishes the General Services Administration Property Management Regulations (GSPMR) and provides certain introductory material.

§ 105-1.101 General Services Administration Property Management Regulations.

The General Services Administration Property Management Regulations (GSPMR) include the GSA property management policies and procedures which, together with the Federal Property Management Regulations, certain regulations prescribed by other agencies, and various GSA orders govern the management of property and records and certain related activities of GSA. They may contain policies and procedures of interest to other agencies and the general public and are prescribed by the Administrator of General Services in this chapter 105.

§ 105-1.101-50 Exclusions.

(a) Certain GSA property management and related policies and procedures which come within the scope of this chapter 105 nevertheless may be excluded therefrom when there is justification. These exclusions may include the following categories:

1. Subject matter that bears a security classification;
2. Policies and procedures that are expected to be effective for a period of less than 6 months;
3. Policies and procedures that are effective on an experimental basis for a reasonable period;
4. Policies and procedures pertaining to other functions of GSA as well as property management functions and there is need to make the issuance available simultaneously to all GSA employees involved; and
5. Where speed of issuance is essential, numerous changes are required in chapter 105, and all necessary changes cannot be made promptly.

(b) Property management policies and procedures issued in other than the FPMR system format under paragraphs (a)(4) and (5) of this section, shall be codified into chapter 105 at the earliest practicable date, but in any event not later than 6 months from date of issuance.

§ 105-1.102 Relationship of GSPMR to FPMR.

(a) GSPMR implement and supplement the FPMR and implement certain other regulations. They are part of the General Services Administration Regulations System. Material published in the FPMR (which has Governmentwide applicability) becomes effective throughout GSA upon the effective date of the particular FPMR material. In general, the FPMR that are implemented and supplemented shall not be repeated, paraphrased, or otherwise restated in chapter 105.

(b) Implementing is the process of expanding upon the FPMR or other Government-wide regulations.
§ 105-1.104 Supplementing is the process of prescribing material for which there is no counterpart in the Government-wide regulations.

(c) GSPMR may deviate from the regulations that are implemented when a deviation (see §105-1.110) is authorized and explicitly referenced to such regulations. Where chapter 105 contains no material implementing the FPMR, the FPMR shall govern.

§ 105-1.104 Publication of GSPMR.

(a) Most GSPMR are published in the FEDERAL REGISTER. This practice helps to ensure that interested business concerns, other agencies, and the public are apprised of GSA policies and procedures pertaining to property and records management and certain related activities.

§ 105-1.106 Applicability.

Chapter 105 applies to the management of property and records and to certain other programs and activities of GSA. Unless otherwise specified, chapter 105 applies to activities outside as well as within the United States.

§ 105-1.109 Numbering.

§ 105-1.109-50 General plan.

Chapter 105 is divided into parts, subparts, and further subdivisions as necessary.

§ 105-1.109-51 Arrangement.

(a) Parts 105-2 through 105-49 are used for GSPMR that implement regulations in the corresponding parts of chapter 101. This practice results in comparable grouping by subject area without establishment of subchapters.

(b) Parts 105-50 and above are used for GSPMR that supplement regulations in the FPMR and implement regulations of other agencies. Part numbers are assigned so as to accomplish a similar subject area grouping. Regulations on advisory committee management are recodified as part 105-54 to place them in the appropriate subject area category. Regulations on standards of conduct remain in part 105-735 because the number 735 identifies regulations of the U.S. Civil Service Commission and various civil agencies on this subject.

§ 105-1.109-52 Cross-references.

(a) Within chapter 105, cross-references to the FPMR shall be made in the same manner as used within the FPMR. Illustrations of cross-references to the FPMR are:

(1) Part 101-3;

(2) Subpart 101-3.1;

(3) §101-3.413-5.

(b) Within chapter 105, cross-references to parts, subparts, sections, and subsections of chapter 105 shall be made in a manner generally similar to that used in making cross-references to the FPMR. For example, this paragraph would be referenced as §105-1.109-52(b).

§ 105-1.110 Deviation.

(a) In the interest of establishing and maintaining uniformity to the greatest extent feasible, deviations; i.e., the use of any policy or procedure in any manner that is inconsistent with a policy or procedure prescribed in the Federal Property Management Regulations, are prohibited unless such deviations have been requested from and approved by the Administrator of General Services or his authorized designee. Deviations may be authorized by the Administrator of General Services or his authorized designee when so doing will be in the best interest of the Government. Request for deviations shall clearly state the nature of the deviation and the reasons for such special action.

(b) Requests for deviations from the FPMR shall be sent to the General Services Administration for consideration in accordance with the following:

(1) For onetime (individual) deviations, requests shall be sent to the address provided in the applicable regulation. Lacking such direction, requests shall be sent to the Administrator of General Services, Washington, DC 20405.
(2) For class deviations, requests shall be sent to only the Administrator of General Services.

[55 FR 1673, Jan. 18, 1990]

§ 105–1.150 Citation.

(a) In formal documents, such as legal briefs, citations of chapter 105 material shall include a citation to title 41 of the Code of Federal Regulations or other titles as appropriate; e.g., 41 CFR 105–1.150.

(b) Any section of chapter 105, for purpose of brevity, may be informally identified as “GSPMR” followed by the section number. For example, this paragraph would be identified as “GSPMR 105–1.150(b).”

§ 105–8.150–1 General.

The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This section does not—

(a) Necessarily require the agency to make each of its existing facilities accessible to and usable by individuals with handicaps; or

(b) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property.

(a) General. The agency may comply with the requirements of §105–8.150 through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.

(b) Historic preservation programs. In meeting the requirements of §105–8.105–1 in historic preservation programs, the agency shall give priority to methods that provide physical access to individuals with handicaps. In cases where a physical alteration to a historic property is not required because of §§105–8.105–1(b) or 105–8.154 alternative methods of achieving program accessibility include—

(1) Using audio-visual materials and devices to depict those portions of a historic property that cannot otherwise be made accessible;

(2) Assigning persons to guide individuals with handicaps into or through portions of historic properties that cannot otherwise be made accessible; or

(3) Adopting other innovative methods.

§ 105–8.150–3 Time period for compliance.

The agency shall comply with the obligations established under §105–8.150 by May 7, 1991; except where structural changes in facilities are undertaken, such changes shall be made by March 8, 1994, but in any event as expeditiously as possible.

§ 105–8.150–4 Transition plan.

In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by March 9, 1992, the transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handicaps. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151-4157), as established in 41 CFR 101-19.600 to 101-19.607, apply to buildings covered by this section.

§ 105-8.152  Program accessibility: Assignment of space.

(a) When GSA assigns or reassigns space to an agency, it shall consult with the agency to ensure that the assignment or reassignment will not result in one or more of the agency’s programs or activities being inaccessible to individuals with handicaps.

(b) Prior to the assignment or reassignment of space to an agency, GSA shall inform the agency of the accessibility features, of the space in which GSA intends to locate the agency. If the agency informs GSA that the use of the space will result in one or more of the agency’s programs being inaccessible, GSA shall take one or more of the following actions to make the programs accessible:

(1) Arrange for alterations, improvements, and repairs to buildings and facilities;

(2) Locate and provide alternative space that will not result in one or more of the agency’s programs being inaccessible; or

(3) Take any other actions that result in making this agency’s programs accessible.

The responsibility for payment to make the physical changes in the space shall be assigned on a case-by-case basis as agreed to by GSA and the user agency, dependent on individual circumstances.

(c) GSA may not require the agency to accept space that results in one or more of the agency’s programs being inaccessible.

§ 105-8.153  Program accessibility: Interagency cooperation.

§ 105-8.153-1 General.

GSA, upon request from an occupant agency engaged in the development of a transition plan under section 504, shall participate with the occupant agency in the development and implementation of the transition plan and shall provide information and guidance to the occupant agency. Upon request, GSA shall conduct space inspections to assist the agency in determining whether a current assignment of space results in one or more of the occupant agency’s programs or activities being inaccessible. GSA shall provide the occupant agency with a written summary of significant findings and recommendations, together with data concerning programmed repairs and alterations planned by GSA and alterations that can be effected by the agency.

§ 105-8.153-2 Requests from occupant agencies.

(a) Upon receipt of an occupant agency’s request for new space, additional space, relocation to accessible space, alterations, or other actions under GSA’s control that are needed to ensure program accessibility in the requesting agency’s program(s) as required by the agency’s section 504 transition plan, GSA shall assist or advise the requesting agency in providing or arranging for the requested action within the timeframes specified in the requesting agency’s transition plan.

(b) If the requested action cannot be completed within the timeframe specified in an agency’s transition plan, GSA shall so advise the requesting agency within 30 days of the request by submitting, after consultation with the agency, a revised schedule specifying the date by which the action shall be
completed. If the delay in completing the action results in or continues the inaccessibility of the requesting agency's program, GSA and the agency shall, after consultation, take interim measures to make the agency's program accessible.

(c) If GSA determines that it is unable to take the requested action, GSA shall—

(1) Within 30 days, set forth in writing to the requesting agency the reasons for denying the agency's request, and

(2) Within 90 days, propose to the requesting agency other methods for making the agency's program accessible.

(d) Receipt of a copy of an occupant agency's transition plan under section 504 shall constitute notice to GSA of the requested actions in the transition plan and of the times frames which the actions are required to be completed.

§ 105–8.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD) or equally effective telecommunication systems shall be used to communicate with persons with impaired hearing.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §105-8.160 would result in such alteration or burdens.

In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §105-8.160 would result in such alteration or burdens.
The decision that compliance would result in such alteration or burdens must be made by the Administrator or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with §105-8.160 would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

The ALJ may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. (6) All other expenses shall be paid by the party, the intervening party, or amicus curiae incurring them.

If the Special Counsel for Ethics and Civil Rights determines that he or she needs additional information from any party, he or she shall request the information and provide the other party or parties an opportunity to respond to that information. The Special Counsel shall have 60 days from receipt of the additional information to render the decision on the appeal. The Special Counsel shall transmit his or her decision by letter to the parties. The time limits established in this paragraph may be extended with the permission of the Assistant Attorney General. The decision shall set forth the findings, remedial action required, and reasons for the decision. If the decision is based on a hearing record, the Special Counsel shall consider the recommended decision of the ALJ and render a final decision based on the entire record. The Special Counsel may also remand the hearing record to the ALJ for a fuller development of the record.

(b) Any respondent required to take action under the terms of the decision of the agency shall do so promptly. The Official may require periodic compliance reports specifying—

(1) The manner in which compliance with the provisions of the decision has been achieved;

(2) The reasons any action required by the final decision has not yet been taken; and

If the Special Counsel for Ethics and Civil Rights determines that he or she needs additional information from any party, he or she shall request the information and provide the other party or parties an opportunity to respond to that information. The Special Counsel shall have 60 days from receipt of the additional information to render the decision on the appeal. The Special Counsel shall transmit his or her decision by letter to the parties. The time limits established in this paragraph may be extended with the permission of the Assistant Attorney General. Subpart 105-54.4—Reports

105-54.400 Scope of subpart.

105-54.401 Reports on GSA Federal Advisory Committees.

Source: 53 FR 40224, Oct. 14, 1988, unless otherwise noted.

§ 105-54.000 Scope of part.

This part sets forth policies and procedures in GSA regarding the establishment, operation, termination, and control of advisory committees for which GSA has responsibility. It implements the Federal Advisory Committee Act (Pub. L. 92-463), which authorizes a system governing the establishment and operation of advisory committees in the executive branch of the Federal Government, and Executive Order 11686 of October 7, 1972, which directs the heads of all executive departments and agencies to take appropriate action to ensure their ability to comply with the provisions of the Act.

Subpart 105-54.1—General Provisions

§ 105-54.101 Applicability.

This part 105-54 applies to all advisory committees for which GSA has responsibility. This part also applies to any committee that advises GSA officials even if the committee were not established for that purpose. This applicability, however, is limited to the period of the committee’s use as an advisory body. This part does not apply to:

(a) An advisory committee exempted by an Act of Congress;

(b) A local civic group whose primary function is to render a public service in connection with a Federal program;

(c) A State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies;

(d) A meeting initiated by the President or one or more Federal official(s) for the purpose of obtaining advice or recommendations from one individual;

(e) A meeting initiated by a group with the President or more Federal official(s) for the purpose of exchanging facts or information;

(f) A meeting initiated by a group with the President or one or more Federal official(s) for the purpose of expressing the group’s views, provided that the President or Federal official(s) does not use the group recurrently as a preferred source of advice or recommendations;

(g) A committee that is established to perform primarily operational as opposed to advisory functions. Operational functions are those specifically provided by law, such as making or implementing Government decisions or policy. An operational committee would be covered by the Act if it becomes primarily advisory in nature;

(h) A meeting initiated by a Federal official(s) with more than one individual for the purpose of obtaining the advice of individual attendees and not for the purpose of utilizing the group to obtain consensus advice or recommendations. However, such a group would be covered by the Act when an agency accepts the group’s deliberations as a source of consensus advice or recommendations;

(i) A meeting of two or more advisory committee or subcommittee members convened solely to gather information or conduct research for a chartered advisory committee, to analyze relevant issues and facts, or to draft proposed position papers for deliberation by the advisory committee or a subcommittee of the advisory committee; and

(j) A committee composed wholly of full-time officers or employees of the Federal Government.

§ 105-54.102 Definitions.

(a) The term “advisory committee” means any committee, board, commission, council, conference, panel, task force, or other similar group or any subcommittee thereof that is:

(1) Established by statute,

(2) Established or utilized by the President, or

(3) Established or utilized by any agency official to obtain advice or recommendations that are within the scope of his/her responsibilities.

The term “advisory committee” excludes the Advisory Committee on Intergovernmental Relations and any...
committees composed wholly of full-time officers or employees of the Federal Government.

(b) "Presidential advisory committee" means any committee that advises the President. It may be established by the President or by the Congress, or may be used by the President to obtain advice or recommendations.

(c) "Independent Presidential advisory committee" means any Presidential advisory committee not assigned by the President, or the President's delegate, or by the Congress in law, to an agency for administrative and other support and for which the Administrator of General Services may provide administrative and other support on a reimbursable basis.

(d) "Committee member" means an individual who serves by appointment on a committee and has the full right and obligation to participate in the activities of the committee, including voting on committee recommendations.

(e) "Staff member" means any individual who serves in a support capacity to an advisory committee.

(f) "Secretariat" means the General Services Administration's Committee Management Secretariat. Established pursuant to the Federal Advisory Committee Act, it is responsible for all matters relating to advisory committees, and carries out the Administrator's responsibilities under the Act and Executive Order 12024.

(g) "Utilized" (or used), as stated in the definition of "advisory committee" above, refers to a situation in which a GSA official adopts a committee or other group composed in whole or in part of other than full-time Federal officers or employees with an established existence outside GSA as a preferred source from which to obtain advice or recommendations on a specific issue or policy within the scope of his/her responsibilities in the same manner as that official would obtain advice or recommendations from an established advisory committee.

§ 105-54.103 Policy.

The basic GSA policy on committee management is as follows:

(a) Advisory committees will be formed or used by GSA only when specifically authorized by law, or by the President, or specifically determined as a matter of formal record by the Administrator of General Services to be in the public interest in connection with the performance of duties imposed on GSA by law:

(b) Advisory committees will not be used to administer a function that is the assigned responsibility of a service or staff office;

(c) The assigned responsibility of a GSA official may not be delegated to any committee;

(d) No advisory committee may be used for functions that are not solely advisory unless specifically authorized by statute or Presidential directive. Making policy decisions and determining action to be taken with respect to any matter considered by an advisory committee is solely the responsibility of GSA; and

(e) In carrying out its responsibilities, GSA will consult with and obtain the advice of interested groups substantially affected by its programs. The use of advisory committees for this purpose is considered to be in the public interest and necessary for the proper performance by GSA of its assigned functions.

§ 105-54.104 Responsibilities.

(a) Responsibility for coordination and control of committee management in GSA is vested in the Associate Administrator for Administration, who serves as the GSA Committee Management Officer (CMO). This Officer carries out the functions prescribed in section 8(b) of the Federal Advisory Committee Act. In doing so, the Officer controls and supervises the establishment, procedures, and accomplishments of GSA-sponsored advisory committees. The Organization and Productivity Improvement Division, Office of Management Services, Office of Administration, provides staff resources and furnishes the Staff Contact Person (SCP) to the CMO.

(b) The Head of each Service and Staff Office and each Regional Administrator selects a Committee Management Officer (CMO) to coordinate and control committee management within the service, staff office, or regional office and to act as liaison to the GSA.
Committee Management Officer. The duties of the CMOs are as follows:

(1) Assemble and maintain the reports, records, and other papers of any GSA-sponsored committee during its existence (Arrangements may be made, however, for the Government chairperson or other GSA representative to retain custody of reports, records, and other papers to facilitate committee operations. After the committee is terminated, all committee records are disposed of following existing regulations); and

(2) Under agency regulations in 41 CFR 105-60, carry out the provisions of 5 U.S.C. 552 with respect to the reports, records, and other papers of GSA-sponsored advisory committees.

Subpart 105-54.2—Establishment of Advisory Committees

§105-54.200 Scope of subpart.

This subpart prescribes the policy and procedures for establishing advisory committees within GSA.

§105-54.201 Proposals for establishing advisory committees.

(a) The Administrator approves the establishment of all GSA Federal Advisory Committees.

(b) When it is decided that it is necessary to establish a committee, the appropriate Head of the Service or Staff Office (HSSO) must consider the functions of similar committees in GSA to ensure that no duplication of effort will occur.

(c) The HSSO proposes the establishment of a Central Office or regional advisory committee within the scope of assigned program responsibilities. In doing so, the HSSO assures that advisory committees are established only if they are essential to the conduct of agency business. Advisory committees are established only if there is a compelling need for the committees, the committees have a truly balanced membership, and the committees conduct their business as openly as possible under the law and their mandate. Each proposal is submitted to the GSA Committee Management Officer for review and coordination and includes:

(1) A letter addressed to the Committee Management Secretariat signed by the HSSO with information copies for the Administrator, Deputy Administrator, the Associate Administrator for Congressional and Industry Relations, and the Special Counsel for Ethics and Civil Rights, describing the nature and purpose of the proposed advisory committee; why it is essential to agency business and in the public interest; why its functions cannot be performed by an existing committee of GSA, by GSA, or other means such as a public hearing; and the plans to ensure balanced membership;

(2) A notice for publication in the Federal Register containing the Administrator’s certification that creation of the advisory committee is in the public interest and describing the nature and purpose of the committee; and

(3) A draft charter for review by the Committee Management Secretariat.

(d) Subcommittees that do not function independently of the full or parent advisory committee need not follow the requirements of paragraph (c) of this section. However, they are subject to all other requirements of the Federal Advisory Committee Act.

(e) The requirements of paragraphs (a) through (c) of this section apply to any subcommittee of a chartered committee, whether its members are drawn in whole or in part from the full or parent advisory committee, that functions independently of the parent advisory committee, such as by making recommendations directly to a GSA official rather than for consideration by the chartered advisory committee.

§105-54.202 Review and approval of proposals.

(a) The GSA Committee Management Officer reviews each proposal to make sure it conforms with GSA policies and procedures. The Officer sends the letter of justification, including the draft charter, to the Committee Management Secretariat. The Secretariat reviews the proposal and provides its views within 15 calendar days of receipt, if possible. The Administrator retains final authority for establishing a particular advisory committee.
§ 105–54.203

(b) When the Secretariat notifies the Officer that establishing the committee conforms with the Federal Advisory Committee Act, the Officer obtains the Administrator's approval of the charter and the Federal Register notice. The Officer publishes the notice in the Federal Register at least 15 calendar days before the filing of the charter under §105–54.203 with the standing committees of the Senate and the House of Representatives having legislative jurisdiction over GSA. The date of filing constitutes the date of establishment.

§ 105–54.203 Advisory committee charters.

No advisory committee may operate, meet, or take any action until the Administrator approves its charter and the Committee Management Officer sends a copy of it to the standing committees of the Senate and the House of Representatives having legislative jurisdiction over GSA.

§ 105–54.203–1 Preparation of charters.

Each committee charter contains the following information:

(a) The committee's official designation;
(b) The committee's objectives and the scope of its activities;
(c) The period of time necessary for the committee to carry out its purpose (if the committee is intended to function as a standing advisory committee, this should be made clear);
(d) The official to whom the committee reports, including the official's name, title, and organization;
(e) The agency and office responsible for providing the necessary support for the committee;
(f) A description of the duties for which the committee is responsible (if the duties are not solely advisory, the statutory or Presidential authority for additional duties shall be specified);
(g) The estimated annual operating costs in dollars and person-years for the committee;
(h) The estimated number and frequency of committee meetings;
(i) The committee's termination date, if it is less than 2 years from the date of its establishment; and
(j) The date the charter is filed. This date is inserted by the GSA Committee Management Officer after the Administrator approves the charter.

The GSA Committee Management Officer retains each original signed charter in a file of active charters.

The GSA Committee Management Officer furnishes a copy of each charter to the Library of Congress when or shortly after copies are filed with the requisite committees of the Congress. Copies for the Library are addressed: Library of Congress, Exchange and Gift Division, Federal Documents Section, Federal Advisory Committee Desk, Washington, DC 20540.

§ 105–54.204 Advisory committee membership.

(a) Advisory committees that GSA establishes represent the points of view of the profession, industry, or other group to which it relates, taking into account the size, function, geographical location, affiliation, and other considerations affecting the character of a committee. To ensure balance, the agency considers for membership a cross-section of interested persons and groups with professional or personal qualifications or experience to contribute to the functions and tasks to be performed. This should be construed neither to limit the participation nor to compel the selection of any particular individual or group to obtain different points of view relevant to committee business. The Administrator designates members, alternates, and observers, as appropriate, of advisory committees. He/she designates a Federal officer or employee to chair or attend each meeting of each advisory committee. The Administrator also designates GSA employees to serve on advisory committees sponsored by other Government agencies. The HSSO or Regional Administrator submits nominations and letters of designation for the Administrator’s signature to
§ 105-54.300 Scope of subpart.

This subpart sets forth the procedures that will be followed in the operation of advisory committees within GSA.

§ 105-54.301 Meetings.

(a) Each GSA advisory committee meeting is open to the public unless the Administrator decides otherwise;

(b) Each meeting is held at a reasonable time and in a place reasonably accessible to the public;

(c) The meeting room size is sufficient to accommodate committee members, committee or GSA staff, and interested members of the public;

(d) Any private citizen is permitted to file a written statement with the advisory committee;

(e) Any private citizen is permitted to speak at the advisory committee meeting, at the chairperson's discretion;

(f) All persons attending committee meetings at which classified information will be considered are required to have an adequate security clearance;

(g) The Designated Federal Officer (who may be either full time or permanent part-time) for each advisory committee and its subcommittees does the following:

(1) Approves or calls the meetings of the advisory committee;

(2) Approves the meeting agenda, which lists the matters to be considered at the meeting and indicates whether any part of the meeting will be closed to the public under the Government in the Sunshine Act (5 U.S.C. 552b(c)). Ordinarily, copies of the agenda are distributed to committee members before the date of the meeting;

(3) Attends all meetings (no part of a meeting may proceed in the Designated Federal Officer's absence);

(4) Adjourns the meeting when he or she determines that adjournment is in the public interest; and

(5) Chairs the meeting when asked to do so.

(h) The Committee Chairperson makes sure that detailed minutes of each meeting are kept and certifies to their accuracy. The minutes include:

(1) Time, date, and place;

(2) A list of the following persons who were present;

(i) Advisory committee members and staff;

(ii) Agency employees; and

(iii) Private citizens who presented oral or written statements;

(3) The estimated number of private citizens present;

(4) An accurate description of each matter discussed and the resolution of the matter, if any; and

(5) Copies of each report or other document the committee received, issued, or approved.

(i) The responsible HSSO or the Regional Administrator publishes at least 15 calendar days before the meeting a notice in the Federal Register that includes:

(1) The name of the advisory committee as chartered;

(2) The time, date, place, and purpose of the meeting;

(3) A summary of the agenda; and

(4) A statement whether all or part of the meeting is open to the public of if closed; and if closed, the reasons why, and citing the specific exemptions of the Government in the Sunshine Act (5 U.S.C. 552b) as the basis for closure;

(j) In exceptional circumstances and when approved by the General Counsel or designee, less than 15 calendar days notice may be given, provided the reasons for doing so are included in the committee meeting notice published in the Federal Register;

(k) Notices to be published in the Federal Register are submitted to the Federal Register Liaison Officer.
§ 105-54.302 Committee records and reports.

(a) Subject to the Freedom of Information Act (5 U.S.C. 552), the records, reports, transcripts, minutes, appendices, working papers, drafts, studies, agenda, or other documents that were available to or prepared for or by a GSA advisory committee are available for public inspection and copying in the office of the Government Chairperson or Designated Federal Officer. Requests to inspect or copy these records are processed under 41 CFR 105-60.4. Except where prohibited by a contract entered into before January 5, 1973, copies of transcripts, if any, of committee meetings are made available by the Government chairperson or Designated Federal Officer to any person at the cost of duplication. After the committee's work ends, disposition of the committee documents and the release of information from them are made in accordance with Federal records, statutes, and regulations.

(b) Subject to 5 U.S.C. 552(b) and instructions of the Committee Management Secretariat, the Government chairperson or Designated Federal Officer files at least eight copies of each report an advisory committee makes, including any report on closed meetings with the Library of Congress at the time of its issuance. Where appropriate, the chairperson also files copies of background papers that consultants to the advisory committee prepare with the Library of Congress. The transmittal letter identifies the materials being furnished, with a copy of the transmittal provided to the GSA Committee Management Officer.
§ 105–54.303 Fiscal and administrative provisions.

(a) Each HSSO and each Regional Administrator ensures that under established GSA procedures, records are kept that fully disclose the disposition of funds at the disposal of an advisory committee and the nature and extent of the committee’s activities.

(b) When GSA is assigned to provide administrative support for a Presidential advisory committee, the Agency Liaison Coordinator in the Office of the Deputy Regional Administrator, National Capital Region, as a part of its support, arranges with the Office of Finance, Office of the Comptroller, for maintaining all financial records.

(c) Unless otherwise provided in a Presidential order, statute, or other authority, the GSA service or staff office sponsoring an advisory committee provides support services for the committee.

(d) The guidelines in paragraph (e) through (l) of this section are established under section 7(d) of the Federal Advisory Committee Act, 86 Stat. 773. They apply to the pay of members, staff, and consultants of an advisory committee, except that nothing in this paragraph will affect a rate of pay or a limitation on a rate of pay that is established by statute or a rate of pay established under the General Schedule classification and pay system in Chapter 51 and Subchapter III of Chapter 53 of Title 5, U.S.C.

(e) The members of GSA advisory committee established pursuant to the Administrator’s authority under section 205(g) of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 486(g)), are not compensated, since, by law, members so appointed shall serve without compensation. A person who (without regard to his or her service with an advisory committee) is a full-time Federal employee will normally receive compensation at the rate at which he or she would otherwise be compensated.

(f) When required by law, the pay of the members of GSA advisory committees will be fixed to the daily equivalent of a rate of the General Schedule in 5 U.S.C. 5332 unless the members are appointed as consultants and compensated as provided in paragraph (h) of this section. In determining an appropriate rate of pay for the members, GSA must give consideration to the significance, scope, and technical complexity of the matters with which the advisory committee is concerned and the qualifications required of the members of the advisory committee. GSA may not fix the pay of the members of an advisory committee at a rate higher than the daily equivalent of the maximum rate for a GS–15 under the General Schedule, unless a higher rate is mandated by statute, or the Administrator has personally determined that a higher rate of pay under the General Schedule is justified and necessary. Such a determination must be reviewed by the Administrator annually. Accordingly, the Administrator may not fix the pay of the members of an advisory committee at a rate of pay higher than the daily equivalent of a rate for a GSA 18, as provided in 5 U.S.C. 5332.

(g) The pay of each staff member of an advisory committee is fixed at a rate of the General Schedule, General Management Schedule, or Senior Executive Service pay rate in which the staff member’s position would be placed (5 U.S.C. Chapter 51). GSA cannot fix the pay of a staff member higher than the daily equivalent of the maximum rate for GS–15 unless the Administrator decides that under the General Schedule, General Management Schedule, or Senior Executive Service classification system, the staff member’s position should be higher than GS–15. The Administrator must review this decision annually.

(h) The pay of a consultant to an advisory committee will be fixed after giving consideration to the qualifications required of the consultant and the significance, scope, and technical complexity of the work. The rate of
§ 105–54.304 Cost guidelines.

(a) The reporting and estimating of the costs of advisory committees include direct obligations for the following items:

(1) Pay compensation of committee members; consultants to the committee; all permanent, temporary, or part-time (GM, GS, WB, or other) positions which are a part of or support the committee; and all overtime related to committee functions (Compensation should reflect actual or estimated Federal person-years or parts thereof devoted to a committee's activities. It includes the compensation of Federal employees assigned to committees, on a reimbursable or nonreimbursable basis, from agencies or departments other than to which the committee reports.);

(2) Personnel benefits associated with the above compensation (13 percent of basic payroll);

(3) Travel costs (including per diem) of committee members; consultants; and all permanent, temporary, or part-time positions which are a part of or support the committee;

(4) Transportation of things, communications, and printing and reproduction;

(5) Rent for additional space acquired for committee use;

(6) Other services required by the committee, including data processing services, management studies and evaluations, contractual services, and reimbursable services; and

(7) Supplies, materials, and equipment acquired for committee use.

(b) The reporting and estimating of the cost of advisory committees does not include indirect or overhead costs; e.g., the costs of the committee management system (committee management officers, etc.).

§ 105–54.305 Renewal of advisory committees.

(a) Each advisory committee being continued is renewed for successive 2-year periods beginning with the date when it was established according to the following, except for statutory advisory committees: (For renewal of statutory advisory committees, see paragraph (b) of this section.)

(1) Advisory committees are not renewed unless there is a compelling need for them, they have balanced membership, and they conduct their business as openly as possible under the law.

(2) The renewal of a committee requires that the responsible HSSO submit to the GSA Committee Management Officer the following:

(i) An updated charter with an explanation of the need for the renewal of the committee. The charter and explanation are furnished 60 calendar days before the 2-year anniversary date of the committee.;

(ii) A letter signed by the HSSO to the Director, Committee Management Secretariat, with information copies to the Administrator and the Deputy Administrator, setting forth:
Federal Management Regulation

§ 105–54.307

(A) An explanation of why the committee is essential to the conduct of agency business and is in the public interest;

(B) GSA’s plan to attain balanced membership of the committee; and

(C) An explanation of why the committee’s functions cannot be performed by GSA, another existing GSA advisory committee, or other means such as a public hearing;

(iii) A notice for publication in the FEDERAL REGISTER describing the nature and purpose of the committee and containing a certification by the Administrator that renewing the advisory committee is in the public interest.

(3) On receiving the above documents, the GSA Committee Management Officer submits the renewal letter to the Committee Management Secretariat not more than 60 calendar days nor less than 30 days before the committee expires. Following receipt of the Committee Management Secretariat’s views on the committee renewal, the Officer obtains the Administrator’s approval of the charter and the FEDERAL REGISTER notice. The Officer publishes notice of the renewal in the FEDERAL REGISTER and files copies of the updated charter. The 15-day notice requirement does not apply to committee renewals, notices of which may be published concurrently with the filing of the charter.

(b) Each statutory advisory committee is renewed by the filing of a renewal charter upon the expiration of each successive 2-year period following the date of enactment of the statute establishing the committee according to the following:

(1) The procedures in paragraph (a)(2) of this section apply to the renewal of a statutory committee except that neither prior consultation with the Committee Management Secretariat nor a FEDERAL REGISTER notice is required. Accordingly, the letter that paragraph a(2)(i) requires is sent to the Administrator rather than the Committee Management Secretariat. Due to the nature of a committee the law established, the explanation of the need to continue the committee’s existence is less extensive than the explanation for the continuation of a non-statutory committee; and

(2) The GSA Committee Management Officer provides the Committee Management Secretariat with a copy of the filed charter.

(c) An advisory committee required to file a new charter may not take any action other than preparing the charter between the date it is to be filed and the date it is actually filed.

§ 105–54.306 Amendment of advisory committee charters.

(a) A charter is amended when GSA decides that the existing charter no longer accurately reflects the objectives or functions of the committee. Changes may be minor, such as revising the name of the committee or modifying the estimated number or frequency of meetings, or they may be major dealing with the basic objectives or composition of the committee. The Administrator retains final authority for amending the charter of an advisory committee. Amending an existing advisory committee charter does not constitute renewal of the committee.

(b) To make a minor amendment, the Administrator approves the amended charter and has it filed according to §105–54.203–1.

(c) To make a major amendment, the Committee Management Officer submits an amended charter and a letter to the Committee Management Secretariat, signed by the HSSO with the concurrence of the General Counsel or designee, requesting the Secretariat’s views on the amended language, along with an explanation of the purpose of the changes and why they are necessary. The Secretariat reviews the proposed changes and notifies the Committee Management Officer of its views within 15 calendar days of receiving it, if possible. The Administrator has the charter filed according to §105–54.203–1.

(d) Amending an existing charter does not constitute renewal of the committee.

§ 105–54.307 Termination of advisory committees.

(a) The sponsoring HSSO terminates an advisory committee that has fulfilled the purpose stated in its charter. The official takes action to rescind any existing orders relating to the committee and to notify committee members, the

§ 105–54.310 Advisory committee duties of the GSA Committee Management Officer.

In addition to implementing the provisions of section 8(b) of the Federal Advisory Committee Act, the GSA Committee Management Officer carries out all responsibilities delegated by the Administrator. § 105–55.001 Background.

§ 105–55.002 Purpose.

In keeping with the suggestion in the preamble to the amended Federal Claims Collection Standards and the directives in the Debt Collection Act of 1982 and the Federal Claims Collection Standards as to administrative offset and the collection of interest and charges, this part provides procedures for the General Services Administration to collect, compromise, or terminate collection action on claims owed to the United States arising from activities under GSA jurisdiction. It implements the Federal Claims Collection Act as amended by the Debt Collection Act. It supplants the regulations published jointly by the General Accounting Office and the Department of Justice. It sets forth procedures by which GSA:

(a) Will collect claims owed to the United States;
(b) Will determine and collect interest and other charges on those claims;
(c) Will compromise claims; and
(d) Will refer unpaid claims for litigation.

§ 105–55.003 Applicability.

(a) This part applies to all claims due the United States under the Federal
§ 105-55.004 Demand for payment.

(a) A total of three progressively stronger written demands at approximately 30-day intervals will normally be made, unless a response or other information indicates that additional written demands would either be unnecessary or futile. When necessary to protect the Government's interest, written demand may be preceded by other appropriate actions under the Federal Claims Collection Standards, including immediate referral for litigation and/or offset.

(b) The initial written demand for payment shall inform the debtor of:

(1) The basis for the claim;

(2) The amount of the claim;

(3) The date when payment is due (30 days from date of mailing or hand delivery of the initial demand for payment);

(4) The provision for interest, penalties, and administrative charges in accordance with 31 U.S.C. 3717, if payment is not received by the due date (See §105-55.005 for details regarding interest, administrative charges, and penalty charges);

(5) The intent of the agency to collect by administrative offset, including asking the assistance of other Federal agencies to help in the offset whenever possible, if the debtor has not made payment by the payment due date, has not requested a review of the claim within the agency as set out in paragraph (b)(8) of this section or has not made an arrangement for payment by the payment due date;

(6) The right of the debtor to inspect and copy the records of the agency related to the claim. Any costs associated therewith shall be borne by the debtor. The debtor shall give reasonable notice in advance to the agency of the date upon which it intends to inspect and copy the records involved;

(7) The right of the debtor to a review of the claim within the agency. If the claim is disputed in full or part, the debtor shall respond to the demand in writing by making a request for a review of the claim within the agency by the payment due date stated in the demand. The debtor's written response shall state the basis for the dispute. If only part of the claim is disputed, the undisputed portion should be paid by the date stated in the initial demand. The agency shall acknowledge receipt of the request for a review, and upon completion of consideration shall notify the debtor whether its determination has been sustained, amended, or canceled within 15 days of the receipt of the request for a review. If the agency either sustains or amends its determination, it shall notify the debtor of its intent to collect by administrative offset unless payment is received within 15 days of the mailing of the notification of its decision following a review of the claim;

(8) The right of the debtor to offer to make a written agreement to repay the amount of the claim. The acceptance of such an agreement is discretionary with the agency. If the debtor requests a repayment arrangement because a payment of the amount due would create a financial hardship, the appropriate GSA Regional Finance Division will date upon which it intends to collect by administrative offset unless payment is received within 15 days of the mailing of the notification of its decision following a review of the claim.
Federal Management Regulation

§ 105-55.006

the terms of the arrangement. The size and frequency of installment payments should bear a reasonable relation to the size of the debt and the debtor's ability to pay. Interest, administrative charges, and penalty charges shall be provided for in the note. The debtor shall be provided with a written explanation of the consequences of signing a confess-judgment note. The debtor shall sign a statement acknowledging receipt of the written explanation which shall recite that the statement was read and understood before execution of the notice and that the note is being signed knowingly and voluntarily. Some form of objective evidence of these facts should be maintained in the agency's file on the debtor.

(c) If no response to the demand is received by the date stated in the demand, GSA will take further action under this subpart or under the Federal Claims Collection Standards. These actions may include reports to credit bureaus, referrals to collection agencies, termination of contract, debarment, offset of Federal salary, and other administrative offset, as authorized in 31 U.S.C. 3701-3719.

§ 105-55.005 Interest, administrative charges, and penalty charges.

(a) GSA shall assess interest on unpaid claims at the rate of the current value of funds to the Treasury as prescribed by the Secretary of the Treasury on the date interest begins to run. GSA shall assess administrative charges to cover the costs of processing and handling overdue claims. GSA shall assess penalty charges of six percent a year on any part of a debt more than 90 days past due. The imposition of interest, administrative charges, and penalty charges are made in accordance with 31 U.S.C. 3717.

(b) Interest will be computed from the date of mailing or hand delivery of the initial demand if the amount of the claim is not paid within 30 days. The 30-day period may be extended in individual cases if there is good cause to do so and it is in the public interest. Interest will only be computed on the principal of the claim and the interest rate will remain fixed for the duration of the indebtedness, except where a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement. A new rate which reflects the current value of funds to the Treasury at the time the new agreement is executed may be set if applicable and interest on interest and related charges may be charged where the debtor has defaulted on a previous repayment agreement. Charges which accrued but were not collected under the defaulted agreement shall be added to the principal to be paid under the new repayment schedule.

(c) GSA may waive interest, administrative charges, or penalty charges if it finds that:

(1) The debtor is unable to pay any significant sum toward the claim within a reasonable period of time;

(2) Collection of interest, administrative charges, or penalty charges will jeopardize collection of the principal of the claim; or

(3) It is otherwise in the best interests of the United States, including the situation where an offset or installment payment agreement is in effect.

§ 105-55.006 Responsibility for collection.

(a) Heads of Central Office Services and Staff Offices and Regional Administrators must initiate actions on claims arising from their program operations and immediately notify the appropriate Regional Finance Division. A claim will be recorded and controlled by the Regional Finance Division upon receipt of documentation from a competent authority establishing the amount due.

(b) The collection of claims under the control of Regional Finance Divisions will be aggressively pursued in accordance with the provisions of part 102 of the Federal Claims Collection Standards (4 CFR part 102). Whenever feasible, debts owed to the United States, together with interest, administrative charges and penalty charges, should be collected in full in one lump sum. If the debtor requests installment payments, the Regional Finance Divisions shall be responsible for determining the financial hardship of debtors and when appropriate shall arrange installment payment schedules. Claims which cannot be collected either directly or by administrative offset shall either be
written off as administratively uncollectible in accordance with authority delegated to the Director, Office of Finance and the Directors, Regional Finance Divisions, or referred to the appropriate Assistant General Counsel or Regional Counsel for further consideration.

(c) The General Counsel, delegated officials in the Office of General Counsel, and each Regional Counsel may compromise or suspend or terminate the collection of, referred claims under $20,000, exclusive of interest, penalties and administrative charges under the Act and the Federal Claims Collection Standards 4 CFR parts 103 and 104.

(d) The Office of General Counsel officials listed in paragraph (c) of this section have the responsibility for referring to the Department of Justice all claims over $20,000 exclusive of interest, penalties and administrative charges which cannot be compromised, suspended or terminated in accordance with the Federal Claims Collection Act and the Federal Claims Collections Standards. Referrals to the Department of Justice shall be made in accordance with 4 CFR part 105 of the Federal Claims Collections Standards.

§ 105–55.007 Collection by offset.

(a) Whenever feasible, after a debtor fails to pay the claim, request a review of the claim, or make an arrangement for payment. The Comptroller or his appropriate regional designee will collect claims under this part by means of administrative offset against obligations of the United States to the debtor, pursuant to 31 U.S.C. 3716, except offset of Federal salaries and claims arising out of contracts subject to the Contract Disputes Act of 1978, 41 U.S.C. 601 et. seq.

(b) Salary offsets and offsets against military retired pay are governed by 5 U.S.C. 5514.

(c) Collection by administrative offset of amounts payable from Civil Service Retirement and Disability Fund will be made pursuant to 5 U.S.C. 5514 and 5 U.S.C. 5705 and regulations thereunder.

(d) The offset of claims arising out of contracts subject to the Contract Disputes Act of 1978, 41 U.S.C. 601 et. seq. will be made pursuant to the Government common law right of offset.

(e) GSA will promptly make requests for offset to other agencies holding funds payable to a debtor and provide instructions for the transfer of these funds. Requests for offset received from other agencies shall be processed promptly and the funds transferred to the requesting agency.

(f) If administrative offset cannot be effected through GSA or other known agency accounts receivable, then GSA will place a complete stop order against amounts otherwise payable to the debtor by placing the name of that debtor on the Department of the Army "List of Contractors Indebted to the United States." If any amounts are discovered under this procedure, they will be offset against the debt owed to GSA.

(g) GSA should not attempt to effect collection by administrative offset when:

(1) The debtor has ceased to do business and there are no known or potential obligations payable by any agency of the United States Government to the debtor.

(2) The debt in question is over ten years old.

(3) The debtor has either gone into receivership and has liquidated all of its assets or has filed a petition in bankruptcy as a no asset debtor, and there is no likelihood of the debtor resuming operations; and there are no known or potential obligations payable by any agency of the United States Government to the debtor. In the case of a bankruptcy petition, the automatic stay against setoff must be honored pending release from the stay.

(4) The debtor is deceased, and there are no attachable assets in the estate.

(5) Any other circumstances which would indicate that the likelihood of collection by administrative offset is less than probable.

§ 105–55.008 Settlement of claims.

(a) In accordance with the provisions of 4 CFR part 103, GSA officials listed in §105–55.006(c) may settle claims not exceeding $20,000 exclusive of interest, penalties and administrative charges...
by compromise at less than the principal of the claim if:

1. The debtor shows an inability to pay the full amount within a reasonable time;
2. The Government would be unable to enforce complete collection by any means within a reasonable time;
3. The amount of the claim does not justify the actual foreseeable collection cost of the claim; or
4. A combination of the above reasons.

(b) GSA may suspend or terminate collection action in accordance with the terms and procedures contained in 4 CFR part 104.

§ 105–55.009 Referral for litigation.

Claims which cannot be settled under § 105–55.008 or for which collection action cannot be suspended or terminated under 4 CFR parts 103 and 104, will be referred to the General Accounting Office or the Department of Justice, whichever is appropriate, in accordance with the procedures in 4 CFR part 105.

§ 105–55.010 Disclosure to credit reporting agencies and referrals to collection agencies.

The Comptroller and his designees may disclose debtor information to credit reporting agencies and may refer delinquent debts to debt collection agencies under the Federal Claims Collection Act, as amended, and other applicable authorities, provided, however, that no claim arising from the dishonor of any check or other negotiable instrument shall be disclosed to a credit reporting agency or referred to a collection agency without the concurrence of the appropriate Regional Inspector General for Investigations. Information will be disclosed to reporting agencies and referred to debt collection agencies in accordance with the terms and conditions of agreements entered into between GSA and the reporting and collection agencies. The terms and conditions of such agreements shall specify that all of the rights and protections afforded to the debtor under 31 U.S.C. 3711(f) have been fulfilled.

§ 105–56.002

Federal Management Regulation

In order to aid the agency in making appropriate determinations as to the collection and compromise of claims, the collection of interest, administrative charges, and penalty charges; the use of administrative offset; the use of other collection methods; and the likelihood of collecting the claim, the Comptroller or his designees may institute a credit investigation of the debtor or immediately following receipt of knowledge of the claim.

PART 105–56—SALARY OFFSET FOR INDEBTEDNESS OF GENERAL SERVICES ADMINISTRATION EMPLOYEES TO THE UNITED STATES

(b) To any case where collection of a debt by salary offset is explicitly provided for or prohibited by another statute, such as travel advances in 5 U.S.C. 5705 and employee training expenses in 5 U.S.C. 4108. Debt collection procedures under other statutory authorities, however, must be consistent with the provisions of FCCS, defined below.

(c) An employee election of coverage or of a change of coverage under a Federal benefits program which requires periodic deductions from pay if the amount to be recovered was accumulated over four pay periods or less.

§ 105±56.004 Pre-offset notice.
The employee is entitled to written notice from an appropriate program officer in his or her employing activity at least 30 days in advance of initiating a deduction from disposable pay informing him or her of:

(a) The nature, origin and amount of the indebtedness determined by the General Services Administration or another agency to be due;

(a) Voluntary repayment agreement. An employee may submit a request to the official who signed the demand letter to enter into a written repayment agreement of the debt in lieu of offset. The request must be made within 7 days of receipt of notice under §105-56.004. The agreement must be in writing, signed by both the employee and the program official making the demand and a signed copy must be sent to the regional finance division serving the program activity. Acceptance of such an agreement is discretionary with the agency. An employee who enters into such an agreement may nevertheless seek a waiver under paragraph (b) of this section.

The employee may testify on his or her own behalf, subject to cross examination. Other witnesses may be called to testify where the hearing official determines the testimony to be relevant and not redundant.

(b) The hearing official shall—
(1) Conduct a fair and impartial hearing; and
(2) Preside over the course of the hearing, maintain decorum, and avoid delay in the disposition of the hearing.

(c) The employee may represent himself or herself or may be represented by another person at the hearing. The employee may not be represented by a person who creates an actual or apparent conflict of interest.

(d) Oral hearings are open to the public. However, the hearing official may close all or any portion of the hearing when doing so is in the best interests of the employee or the public.

(e) Oral hearings may be conducted by conference call at the request of the employee or at the discretion of the hearing official.

§ 105–56.008 Pre-offset “paper hearing.”

If a hearing is to be held only upon written submissions, the hearing official shall issue a decision based upon the record and responses submitted by both the agency and the employee.

§ 105–56.009 Written decision.

Within 60 days of filing of the employee’s petition for a pre-offset hearing, the hearing official will issue a written decision setting forth: The facts supporting the nature and origin of the debt; the hearing official’s analysis, findings and conclusions as to the employee’s or agency’s grounds, the amount and validity of the debt and the repayment schedule.
§ 105–56.010 Deductions.

(a) When deductions may begin. If the employee filed a petition for hearing with the program official before the expiration of the period provided for in §105–56.006, then deductions will begin after the hearing official has provided the employee with a hearing, and the final written decision is in favor of the agency. It is the responsibility of the employee’s program official to issue the pre-offset notice to the employee and to instruct the National Payroll Center to begin offset in accordance with the final written decision.

(b) Retired or separated employees. If the employee retires, resigns, or is terminated before collection of the amount of the indebtedness is completed, the remaining indebtedness will be offset from any subsequent payments of any nature. If the debt cannot be satisfied from subsequent payments, then the debt must be collected according to the procedures for administrative offset pursuant to 31 U.S.C. 3716.

(c) Types of collection. A debt may be collected in one lump sum or in installments. Collection will be by lump-sum unless the employee is able to demonstrate to the program official who signed the demand letter that he or she is financially unable to pay in one lump-sum. In these cases, collection will be by installment deductions.

(d) Methods of collection. If the debt cannot be collected in one lump sum, the debt will be collected by deductions at officially established pay intervals from an employee’s current pay account, unless the employee and the program official agree to an alternative repayment schedule. The alternative arrangement must be in writing and signed by both the employee and the program official.

(1) Installment deductions. Installment deductions will be made over the shortest period possible. The size and frequency of installment deductions will bear a reasonable relation to the size of the debt and the employee’s ability to pay. However, the amount deducted for any period will not exceed 15 percent of the disposable pay from which the deduction is made, unless the employee has agreed in writing to the deduction of a greater amount. The installment payment will be sufficient in size and frequency to pay the debt over the shortest period possible and never to exceed three years. Installment payments of less than $100 per pay period will be accepted only in the most unusual circumstances.

(2) Sources of deductions. GSA will make deductions only from basic pay, special pay, incentive pay, retired pay, retainer pay, or in the case of an employee not entitled to basic pay, other authorized pay.

(e) Interest, penalties and administrative costs on debts under this part will be assessed according to the provisions of 4 CFR 102.13.

§ 105–56.011 Non-waiver of rights.

An employee’s involuntary payment of all or any portion of a debt being collected under 5 U.S.C. 5514 shall not be construed as a waiver of any rights which the employee may have under 5 U.S.C. 5514 or any other provision of contract or law unless there are statutory or contractual provisions to the contrary.

§ 105–56.012 Refunds.

GSA will refund promptly to the appropriate individual amounts offset under these regulations when:

(a) A debt is waived or otherwise found not owing the United States (unless expressly prohibited by statute or regulation); or

(b) GSA is directed by an administrative or judicial order to refund amounts deducted from the employee’s current pay.

§ 105–56.013 Coordinating offset with another Federal agency.

(a) When GSA is owed the debt. When GSA is owed a debt by an employee of another agency, the other agency shall not initiate the requested offset until GSA provides the agency with a written certification that the debtor owes GSA a debt and that GSA has complied with these regulations. This certification shall include the amount and basis of the debt and the due date of the payment.

(b) When another agency is owed the debt. GSA may use salary offset against one of its employees who is indebted to another agency if requested to do so by that agency. Any such request must be
accompanied by a certification from
the requesting agency that the person
owes the debt, the amount of the debt
and that the employee has been given
the procedural rights required by 5
U.S.C. 5514 and 5 CFR part 550, subpart
K.

mission to IRS.

AUTHORITY: 31 U.S.C. 3720A.

SOURCE: 59 FR 1277, Jan. 10, 1994, unless
otherwise noted.

§ 105–57.001 Purpose.

This part establishes procedures for
the General Services Administration
(GSA) to refer past due debts to the In-
ternal Revenue Service (IRS) for offset
against income tax refunds of tax-
payers owing debts to GSA.

§ 105–57.002 Applicability and scope.

(a) This part implements 31 U.S.C.
3720A which authorizes the IRS to re-
duce a tax refund by the amount of a
past due legally enforceable debt owed
to the United States.

(b) For purposes of this section, a
past due legally enforceable debt ref-
erable to the IRS is a debt which is
owed to the United States and:
(1) Has been delinquent for at least
three months but, except in the case of
a judgment debt, has not been delin-
quent more than ten years at the time
the offset is made;
(2) With respect to which, GSA has
given the taxpayer at least 60 days,
from the date of notification, to
present evidence that all or part of the
debt is not past due or legally enforce-
able, has considered such evidence, and
has determined that the debt is past
due and legally enforceable;
(3) Cannot be currently collected pur-
suant to the salary offset provisions of
5 U.S.C. 5514(a)(1); (4) Cannot be currently collected pursu-
ant to the administrative offset pro-
visions of 31 U.S.C. 3716;
(5) Has been disclosed by GSA to a
credit reporting agency, including a
consumer reporting agency as author-
ized by 31 U.S.C. 3711(f);
(6) With respect to which, GSA has
notified, or has made a reasonable at-
tempt to notify, the taxpayer that the
debt is past due and, unless repaid
within 60 days thereafter, will be re-
ferred to the IRS for offset against any
income tax refunds due the taxpayer;
(7) Is at least $25.00;
(8) All other requirements of 31
U.S.C. 3720A and the Department of the
Treasury regulations relating to eligi-
bility of a debt for tax refund offset, at
26 CFR 301.6402–6T, have been satisfied.

§ 105–57.003 Administrative charges.

All administrative charges incurred
in connection with the referral of debts
to the IRS will be added to the debt,
thus increasing the amount of the off-
set.

§ 105–57.004 Reasonable attempt to no-
tify.

In order to constitute a reasonable
attempt to notify the debtor, GSA
must have used a mailing address for
the debtor obtained from the IRS pur-
suant to the Internal Revenue Code, 26
U.S.C. 6103(m)(2) or (m)(4), within one
year preceding the attempt to notify
the debtor.

§ 105–57.005 Notice requirement before
offset.

The notification provided by GSA to
the debtor will inform the debtor how
to go about presenting evidence to GSA
that all or part of the debt is either not
past due or is not legally enforceable.

§ 105–57.006 Consideration of evidence.

Evidence submitted by the debtor
will be considered by officials or em-
ployees of GSA. Any determination
that an amount of such debt is past due
and legally enforceable will be made by
such officials or employees. Evidence
that the debt is affected by a bank-
ruptcy proceeding involving the debtor
shall bar referral of the debt.
§ 105–57.007 Change in conditions after submission to IRS.

If the amount of a debt is reduced after submission by GSA and offset by IRS, GSA will refund to the debtor any excess amount and will promptly notify IRS of the refund. GSA will also promptly notify the IRS if, after submission of a debt to the IRS for offset, GSA:

(a) Determines that an error has been made with respect to the information submitted;
(b) Receives a payment or credits a payment to an account submitted; or
(c) Receives notification that the debtor has filed for bankruptcy under title 11 of the United States Code or has been adjudicated bankrupt and the debt has been discharged.

§ 105–60.000 Scope of part.

(a) This part sets forth policies and procedures of the General Services Administration (GSA) regarding public access to records documenting:
(1) Agency organization, functions, decisionmaking channels, and rules and regulations of general applicability;
§ 105–60.101 Purpose.
This part 105–60 implements the provisions of the Freedom of Information Act (FOIA), as amended, 5 U.S.C. 552. The regulations in this part also implement Executive Order 12600, Predisclosure Notification Procedures for Confidential Commercial Information, of June 23, 1987 (3 CFR, 1987 Comp., p. 233). This part prescribes procedures by which the public may inspect and obtain copies of GSA records under the FOIA, including administrative procedures which must be exhausted before a requester invokes the jurisdiction of an appropriate United States District Court for GSA's failure to respond to a proper request within the statutory time limits, for a denial of agency records or challenge to the adequacy of a search, or for a denial of a fee waiver.

§ 105–60.102 Application.
This part applies to all records and informational materials generated, maintained, and controlled by GSA that come within the scope of 5 U.S.C. 552.

§ 105–60.103 Policy.

§ 105–60.103–1 Availability of records.
The policies of GSA with regard to the availability of records to the public are:
(a) GSA records are available to the greatest extent possible in keeping with the spirit and intent of the FOIA. GSA will disclose information in any existing GSA record, with noted exceptions, regardless of the form or format of the record. GSA will provide the record in the form or format requested if the record is reproducible by the agency in that form or format without significant expenditure of resources. GSA will make reasonable efforts to maintain its records in forms or formats that are reproducible for purposes of this section.
(b) The person making the request does not need to demonstrate an interest in the records or justify the request.
(c) The FOIA does not give the public the right to demand that GSA compile a record that does not already exist. For example, FOIA does not require GSA to collect and compile information from multiple sources to create a new record. GSA may compile records or perform minor reprogramming to extract records from a database or system when doing so will not significantly interfere with the operation of the automated system in question or involve a significant expenditure of resources.
(d) Similarly, FOIA does not require GSA to reconstruct records that have been destroyed in compliance with disposition schedules approved by the Archivist of the United States. However, GSA will not destroy records after a member of the public has requested access to them and will process the request even if destruction would otherwise be authorized.
(e) If the record requested is not complete at the time of the request, GSA may, at its discretion, inform the requester that the complete record will be provided when it is available, with no additional request required, if the record is not exempt from disclosure.
(f) Requests must be addressed to the office identified in § 105–60.402–1.
§ 105–60.103–2 Applying exemptions.

GSA may deny a request for a GSA record if it falls within an exemption under the FOIA outlined in subpart 105–60.5 of this part. Except when a record is classified or when disclosure would violate any Federal statute, the authority to withhold a record from disclosure is permissive rather than mandatory. GSA will not withhold a record unless there is a compelling reason to do so; i.e., disclosure will likely cause harm to a Governmental or private interest. In the absence of a compelling reason, GSA will disclose a record even if it otherwise is subject to exemption. GSA will cite the compelling reason(s) to requesters when any record is denied under FOIA.

§ 105–60.104 Records of other agencies.

If GSA receives a request for access to records that are known to be the primary responsibility of another agency, GSA will refer the request to the agency concerned for appropriate action. For example, GSA will refer requests to the appropriate agency in cases in which GSA does not have sufficient knowledge of the action or matter that is the subject of the requested records to determine whether the records must be released or may be withheld under one of the exemptions listed in Subpart 105–60.5 of this part. If GSA does not have the requested records, the agency will attempt to determine whether the requested records exist at another agency and, if possible, will forward the request to that agency. GSA will inform the requester that GSA has forwarded the request to another agency.

Subpart 105–60.2—Publication of General Agency Information and Rules in the Federal Register

§ 105–60.201 Published information and rules.

In accordance with 5 U.S.C. 552(a)(1), GSA publishes in the FEDERAL REGISTER, for the guidance of the public, the following general information concerning GSA:

(a) Description of the organization of the Central Office and regional offices and the established places at which, the employees from whom, and the methods whereby, the public may obtain information, make submittals or requests, or obtain decisions;
(b) Statements of the general course and method by which its functions are channeled and determined, including the nature and requirements of all formal and informal procedures available;
(c) Rules of procedure, descriptions of forms available or the places where forms may be obtained, and instructions on the scope and contents of all papers, reports, or examinations;
(d) Substantive rules of general applicability adopted as authorized by law, and statements of general policy or interpretations of general applicability formulated and adopted by GSA;
(e) Each amendment, revision, or repeal of the materials described in this section.

§ 105–60.202 Published materials available for sale to the public.

(a) Substantive rules of general applicability adopted by GSA as authorized by law that this agency publishes in the FEDERAL REGISTER and which are available for sale to the public by the Superintendent of Documents at pre-established prices are: The General Services Administration Acquisition Regulation (48 CFR Ch. 5), the Federal Acquisition Regulation (48 CFR Ch. 1), the Federal Property Management Regulations (41 CFR Ch. 101), and the Federal Travel Regulation (41 CFR Ch. 301–304).

(b) GSA provides technical information, including manuals and handbooks, to other Federal entities, e.g., the National Technical Information Service, with separate statutory authority to make information available to the public at pre-established fees.

(c) Requests for information available through the sources in paragraphs (a) and (b) of this section will be referred to those sources.
§ 105–60.301

General.

GSA makes available to the public the materials described under 5 U.S.C. 552(a)(2), which are listed in §105–60.302 through an extensive electronic home page, http://www.gsa.gov/. A public handbook listing those materials as described in §105–60.304 is available at GSA’s Central Office in Washington, DC, and at the website at http://www.gsa.gov/staff/ca/pub1.htm. Members of the public who do not have the means to access this information electronically, and who are not located in the Washington, DC area, may contact the Freedom of Information Act office in any of the regional offices listed in this regulation. These offices will make arrangements for members of the public to access the information at a computer located at the FOIA office. Reasonable copying services are provided at the fees specified in §105–60.305.

§ 105–60.302 Available materials.

GSA materials available under this subpart 105–60.3 are as follows:

(a) Final opinions, including concurring and dissenting opinions and orders, made in the adjudication of cases.

(b) Those statements and policy and interpretations that have been adopted by GSA and are not published in the FEDERAL REGISTER.

(c) Administrative staff manuals and instructions to staff affecting a member of the public unless these materials are promptly published and copies offered for sale.

§ 105–60.305 Fees.

§ 105–60.305–1 Definitions.

For the purpose of this part:

(a) A statute specifically providing for setting the level of fees for particular types of records (5 U.S.C. § 552(a)(4)(A)(vii)) means any statute that specifically requires a Government agency to set the level of fees for particular types of records, as opposed to a statute that generally discusses such fees. Fees are required by statute to:

(1) Make Government information conveniently available to the public and to private sector organizations;
(2) Ensure that groups and individuals pay the cost of publications and other services which are for their special use so that these costs are not borne by the general taxpaying public;
(3) Operate an information dissemination activity on self-sustaining basis to the maximum extent possible; or
(4) Return revenue to the Treasury for defraying, wholly or in part, appropriated funds used to pay the cost of disseminating Government information.

(b) The term direct costs means those expenditures which GSA actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing and redacting) documents to respond to a FOIA request. Direct costs include, for example, the salary of the employee performing the work (the basic rate of pay for the employee plus 16 percent of that rate to cover benefits), and the cost of operating duplicating machinery. Overhead expenses such as costs of space, and heating or lighting the facility where the records are stored are not included in direct costs.

(c) The term search includes all time spent looking for material that is responsive to a request, including line-by-line identification of material within documents. Searches will be performed in the most efficient and least expensive manner so as to minimize costs for both the agency and the requester. Line-by-line searches will not be undertaken when it would be more efficient to duplicate the entire document. Search for responsive material is not the same as review of a record to

§ 105–60.304 Public information handbook and index.

GSA publishes a handbook for the public that identifies information regarding any matter described in § 105–60.302. This handbook also lists published information available from GSA and describes the procedures the public may use to obtain information using the Freedom of Information Act (FOIA). This handbook may be obtained without charge from any of the GSA FOIA offices listed in § 105–60.303(a), or at the GSA Internet Home page (http://www.gsa.gov/staff/c/ca/cai/links.htm).

§ 105–60.305 Fees.

§ 105–60.305–1 Definitions.

For the purpose of this part:

(a) A statute specifically providing for setting the level of fees for particular types of records (5 U.S.C. § 552(a)(4)(A)(vii)) means any statute that specifically requires a Government agency to set the level of fees for particular types of records, as opposed to a statute that generally discusses such fees. Fees are required by statute to:

(1) Make Government information conveniently available to the public and to private sector organizations; (2) Ensure that groups and individuals pay the cost of publications and other services which are for their special use so that these costs are not borne by the general taxpaying public; (3) Operate an information dissemination activity on self-sustaining basis to the maximum extent possible; or (4) Return revenue to the Treasury for defraying, wholly or in part, appropriated funds used to pay the cost of disseminating Government information.

(b) The term direct costs means those expenditures which GSA actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing and redacting) documents to respond to a FOIA request. Direct costs include, for example, the salary of the employee performing the work (the basic rate of pay for the employee plus 16 percent of that rate to cover benefits), and the cost of operating duplicating machinery. Overhead expenses such as costs of space, and heating or lighting the facility where the records are stored are not included in direct costs.

(c) The term search includes all time spent looking for material that is responsive to a request, including line-by-line identification of material within documents. Searches will be performed in the most efficient and least expensive manner so as to minimize costs for both the agency and the requester. Line-by-line searches will not be undertaken when it would be more efficient to duplicate the entire document. Search for responsive material is not the same as review of a record to
§ 105–60.305–2 Scope of this subpart.

This subpart sets forth policies and procedures to be followed in the assessment and collection of fees from a requester for the search, review, and reproduction of GSA records.

§ 105–60.305–3 GSA records available without charge.

GSA records available to the public are displayed in the Business Service Center for each GSA region. The address and phone number of the Business Service Centers are listed in §105–60.303. Certain material related to bids (excluding construction plans and specifications) and any material displayed are available without charge upon reuest.

§ 105–60.305–4 GSA records available at a fee.

(a) GSA will make a record not subject to exemption available at a time and place mutually agreed upon by GSA and the requester at fees shown in §105–60.305–10. Waivers of these fees are available under the conditions described in §105–60.305–13. GSA will agree to:

1. Show the originals to the requester;
2. Make one copy available at a fee; or
3. A combination of these alternatives.

(b) GSA will make copies of voluminous records as quickly as possible. GSA may, in its discretion, make a reasonable number of additional copies for a fee when commercial reproduction services are not available to the requester.
§ 105–60.305–5 Searches.

(a) GSA may charge for the time spent in the following activities in determining “search time” subject to applicable fees as provided in §105–60.305–10:

1. Time spent in trying to locate GSA records which come within the scope of the request;
2. Time spent in either transporting a necessary agency searcher to a place of record storage, or in transporting records to the locations of a necessary agency searcher; and
3. Direct costs of the use of computer time to locate and extract requested records.

(b) GSA will not charge for the time spent in monitoring a requester’s inspection of disclosed agency records.

(c) GSA may assess fees for search time even if the search proves unsuccessful or if the records located are exempt from disclosure.

§ 105–60.305–6 Reviews.

(a) GSA will charge only commercial-use requesters for review time.

(b) GSA will charge for the time spent in the following activities in determining “review time” subject to applicable fees as provided in §105–60.305–10:

1. Time spent in examining a requested record to determine whether any or all of the record is exempt from disclosure, including time spent consulting with submitters of requested information; and
2. Time spent in deleting exempt matter being withheld from records otherwise made available.

(c) GSA will not charge for:

1. Time spent in resolving issues of law or policy regarding the application of exemptions; or
2. Review at the administrative appeal level of an exemption already applied. However, records or portions of records withheld in full under an exemption which is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. GSA will charge for such subsequent review.

§ 105–60.305–7 Assurance of payment.

If fees for search, review, and reproduction will exceed $25 but will be less than $250, the requester must provide written assurance of payment before GSA will process the request. If this assurance is not included in the initial request, GSA will notify the requester that assurance of payment is required before the request is processed. GSA will offer requesters an opportunity to modify the request to reduce the fee.

§ 105–60.305–8 Prepayment of fees.

(a) Fees over $250. GSA will require prepayment of fees for search, review, and reproduction which are likely to exceed $250. When the anticipated total fee exceeds $250, the requester will receive notice to prepay and at the same time will be given an opportunity to modify his or her request to reduce the fee. When fees will exceed $250, GSA will notify the requester that it will not start processing a request until payment is received.

(b) Delinquent payments. As noted in §105–6.305–12(d), requesters who are delinquent in paying for previous requests will be required to repay the old debt and to prepay for any subsequent request. GSA will inform the requester that it will process no additional requests until all fees are paid.

§ 105–60.305–9 Form of payment.

Requesters should pay fees by check or money order made out to the General Services Administration and addressed to the official named by GSA in its correspondence. Payment may also be made by means of Mastercard or Visa. For information concerning payment by credit cards, call 816–926–7551.

§ 105–60.305–10 Fee schedule.

(a) When GSA is aware that documents responsive to a request are maintained for distribution by an agency operating a statutory fee based program, GSA will inform the requester of the procedures for obtaining records from those sources.

(b) GSA will consider only the following costs in fees charged to requesters of GSA records:

1. Review and search fees.
§ 105–60.305–11 Fees for authenticated and attested copies.

The fees set forth in § 105–60.305–10 apply to requests for authenticated and attested copies of GSA records.

§ 105–60.305–12 Administrative actions to improve assessment and collection of fees.

(a) Charging interest. GSA may charge requesters who fail to pay fees interest on the amount billed starting on the 31st day following the day on which the billing was sent. Interest will be at the rate prescribed in 31 U.S.C. 3717.

(b) Effect of the Debt Collection Act of 1982. GSA will take any action authorized by the Debt Collection Act of 1982 (Pub. L. 97–365, 96 Stat. 1749), including disclosure to consumer reporting agencies, use of collection agencies, and assessment of penalties and administrative costs, where appropriate, to encourage payment.

(c) Aggregating requests. When GSA reasonably believes that a requester, or
group of requesters acting in concert, is attempting to break down a request into a series of requests related to the same subject for the purpose of evading the assessment of fees, GSA will combine any such requests and charge accordingly, including fees for previous requests where charges were not assessed. GSA will presume that multiple requests of this type within a 30-day period are made to avoid fees.

(d) Advanced payments. Whenever a requester is delinquent in paying the fee for a previous request (i.e., within 30 days of the date of the billing), GSA will require the requester to pay the full amount owed plus any applicable interest penalties and administrative costs as provided in paragraph (a) of this section or to demonstrate that he or she has, in fact, paid the fee. In such cases, GSA will also require advance payment of the full amount of the estimated fee before the agency begins to process a new request or a pending request from that requester. When advance payment is required under this selection, the administrative time limits in subsection (a)(6) of the FOIA (i.e., 10 working days from receipt of appeals from initial denial plus permissible time extensions) will begin only after GSA has received the fee payments described in §105-60.305-8.

§ 105-60.305-13 Waiver of fee.

(a) Any request for a waiver or the reduction of a fee should be included in the initial letter requesting access to GSA records under §105-60.402-1. The waiver request should explain how disclosure of the information would contribute significantly to public's understanding of the operations or activities of the Government and would not be primarily in the commercial interest of the requestor. In responding to a requestor, GSA will consider the following factors:

(1) Whether the subject of the requested records concerns “the operations or activities of the Government.” The subject matter of the requested records must specifically concern identifiable operations or activities of the Federal Government. The connection between the records and the operations or activities must be direct and clear, not remote or attenuated.

(2) Whether the disclosure is “likely to contribute” to an understanding of Government operations or activities. In this connection, GSA will consider whether the requested information is already in the public domain. If it is, then disclosure of the information would not be likely to contribute to an understanding of Government operations or activities, as nothing new would be added to the public record.

(3) Whether disclosure of the requested information will contribute to “public’s understanding.” There must be an contribution to public’s understanding rather than personal benefit to be derived by the requestor. For purposes of this analysis, the identity and qualifications of the requestor should be considered to determine whether the requestor is in a position to contribute to public’s understanding through the requested disclosure.

(4) Whether the requestor has a commercial interest that would be furthered by the requested disclosure; and if so: whether the magnitude of the identified commercial interest of the requestor is sufficiently large, in comparison with the public’s interest in disclosure, that disclosure is “primarily in the commercial interest of the requestor.”

(b) GSA will ask the requestor to furnish additional information if the initial request is insufficient to evaluate the merits of the request. GSA will not start processing a request until the fee waiver issue has been resolved unless the requestor has provided written assurance of payment in full if the fee waiver is denied by the agency.

Subpart 105–60.4—Described Records

§ 105-60.401 General.

(a) Except for records made available in accordance with subparts 105–60.2 and 105–60.3 of this part, GSA will make records available to a requester promptly when the request reasonably describes the records unless GSA invokes an exemption in accordance with subpart 105–60.5 of this part. Although the burden of reasonable description of the records rests with the requester,
§ 105–60.402 Whenever practical GSA will assist requesters to describe records more specifically.

(b) Whenever a request does not reasonably describe the records requested, GSA may contact the requester to seek a more specific description. The 20-workday time limit set forth in §105–60.402–2 will not start until the official identified in §105–60.402–1 or other responding official receives a request reasonably describing the records.

§ 105–60.402–1 Submission of requests.

For records located in the GSA Central Office, the requester must submit a request in writing to the GSA FOIA Officer, General Services Administration (CAI), Washington, DC 20405. Requesters may FAX requests to (202) 501–2727, or submit a request by electronic mail to gsa.foi@gsa.gov. For records located in the Office of Inspector General, the requester must submit a request to the FOIA Officer, Office of Inspector General, General Services Administration, 1800 F Street NW., Room 5324, Washington, DC 20405. For records located in the GSA regional offices, the requester must submit a request to the GSA FOIA Office for the relevant region, at the address listed in §105–60.303(a). Requests should include the words “Freedom of Information Act Request” prominently marked on both the face of the request letter and the envelope. The 20-workday time limit for agency decisions set forth in §105–60.402–2 begins with receipt of a request in the office of the official identified in this section, unless the provisions under §§105–60.305–8 and 105–60.305–12(d) apply. Failure to include the words “Freedom of Information Act Request” or to submit a request to the official identified in this section will result in processing delays. A requester with questions concerning a FOIA request should contact the GSA FOIA Office, General Services Administration (CAI), 18th and F Streets, NW., Washington, DC 20405, (202) 501–2262.

§ 105–60.402–2 Response to initial requests.

(a) GSA will respond to an initial FOIA request that reasonably describes requested records, including a fee waiver request, within 20 workdays (that is, excluding Saturdays, Sundays, and legal holidays) after receipt of a request by the office of the appropriate official specified in §105–60.402–1. This letter will provide the agency’s decision with respect to disclosure or nondisclosure of the requested records, or, if appropriate, a decision on a request for a fee waiver. If the records to be disclosed are not provided with the initial letter, the records will be sent as soon as possible thereafter.

(b) In unusual circumstances, as described in §105–60.404, GSA will inform the requester of the agency’s need to take an extension of time, not to exceed an additional 10 workdays. This notice will afford requesters an opportunity to limit the scope of the request so that it may be processed within prescribed time limits or an opportunity to arrange an alternative time frame for processing the request or a modified request. Such mutually agreed time frames will supersede the 10 day limit for extensions.

(c) GSA will consider requests for expedited processing from requesters who submit a statement describing a compelling need and certifying that this need is true and correct to the best of such person’s knowledge and belief. A compelling need means:

(1) Failure to obtain the records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(2) The information is urgently needed by an individual primarily engaged in disseminating information in order to inform the public concerning actual or alleged Federal Government activity. An individual primarily engaged in disseminating information means a person whose primary activity involves publishing or otherwise disseminating information to the public. "Urgently needed" information has a particular
§ 105–60.404  Extension of time limits.

(a) In unusual circumstances, the GSA FOIA Officer or the regional FOIA Officer may extend the time limits prescribed in §§105–60.402 and 105–60.403. For purposes of this section, the term unusual circumstances means:

1. The need to search for an collect the requested records from field facilities or other establishments that are separate from the office processing the request;
2. The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are described in a single request;
3. The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or
§ 105-60.405 Processing requests for confidential commercial information.

(a) General. The following additional procedures apply when processing requests for confidential commercial information.

(b) Definitions. For the purposes of this section, the following definitions apply:

(1) Confidential commercial information means records provided to the Government by a submitter that contain material arguably exempt from release under 5 U.S.C. 552(b)(4), because disclosure could reasonably be expected to cause substantial competitive harm.

(2) Submitter means a person or entity which provides to the Government information which may constitute confidential commercial information. The term submitter includes, but is not limited to, individuals, partnerships, corporations, State governments, and foreign governments.

(c) Designating confidential commercial information. Since January 1, 1988, submitters have been required to designate confidential commercial information as such when it is submitted to GSA or at a reasonable time thereafter. For information submitted in connection with negotiated procurements, the requirements of Federal Acquisition Regulation 48 CFR 15.407(c)(6) and 52.215-12 also apply.

(d) Procedural requirements—consultation with the submitter. (1) If GSA receives a FOIA request for potentially confidential commercial information, it will notify the submitter immediately by telephone and invite an opinion whether disclosure will or will not cause substantial competitive harm.

(2) GSA will follow up the telephonic notice promptly in writing before releasing any records unless paragraph (f) of this section applies.

(3) If the submitter indicates an objection to disclosure GSA will give the submitter seven workdays from receipt of the letter to provide GSA with a detailed written explanation of how disclosure of any specified portion of the records would be competitively harmful.

(4) If the submitter verbally states that there is no objection to disclosure, GSA will confirm this fact in writing before disclosing any records.

(5) At the same time GSA notifies the submitter, it will also advise the requester that there will be a delay in responding to the request due to the need to consult with the submitter.

(6) GSA will review the reasons for nondisclosure before independently deciding whether the information must be released or should be withheld. If GSA decides to release the requested information, it will provide the submitter with a written statement explaining why his or her objections are not sustained. The letter to the submitter will contain a copy of the material to be disclosed or will offer the submitter an opportunity to review the material in none of GSA's offices. If GSA decides not to release the material, it will notify the submitter orally or in writing.

(7) If GSA determines to disclose information over a submitter's objections, it will inform the submitter the GSA will delay disclosure for 5 workdays from the estimated date the submitter receives GSA's decision before it releases the information. The decision letter to the requester shall state that GSA will delay disclosure of material it has determined to disclose to allow for the notification of the submitter.

(e) When notice is required. (1) For confidential commercial information submitted prior to January 1, 1988, GSA will notify a submitter whenever it receives a FOIA request for such information:

(i) If the records are less than 10 years old and the information has been
designated by the submitter as confidential commercial information; or
   (ii) If GSA has reason to believe that disclosure of the information could reasonably be expected to cause substantial competitive harm.

   (2) For confidential commercial information submitted on or after January 1, 1988, GSA will notify a submitter whenever it determines that the agency may be required to disclose records:
      (i) That the submitter has previously designated as privileged or confidential; or
      (ii) That GSA believes could reasonably be expected to cause substantial competitive harm.

   (3) GSA will provide notice to a submitter for a period of up to 10 years after the date of submission.

   (f) When notice is not required. The notice requirements of this section will not apply if:
      (1) GSA determines that the information should not be disclosed;
      (2) The information has been published or has been officially made available to the public;
      (3) Disclosure of the information is required by law other than the FOIA;
      (4) Disclosure is required by an agency rule that
         (i) Was adopted pursuant to notice and public comment;
         (ii) specifies narrow classes of records submitted to the agency that are to be released under FOIA; and
         (iii) provides in exceptional circumstances for notice when the submitter provides written justification, at the time the information is submitted for a reasonable time thereafter, that disclosure of the information could reasonably be expected to cause substantial competitive harm;
      (5) The information is not designated by the submitter as exempt from disclosure under paragraph (c) of this section, unless GSA has substantial reason to believe that disclosure of the information would be competitively harmful; or
      (6) The designation made by the submitter in accordance with paragraph (c) of this section appears obviously frivolous; except that, in such cases, the agency must provide the submitter with written notice of any final administrative decision five workdays prior to disclosing the information.

   (g) Lawsuits. If a FOIA requester sues the agency to compel disclosure of confidential commercial information, GSA will notify the submitter as soon as possible. If the submitter sues GSA to enjoin disclosure of the records, GSA will notify the requester.

Subpart 105–60.5—Exemptions
§ 105–60.501 Categories of records exempt from disclosure under the FOIA.

(a) 5 U.S.C. 552(b) provides that the requirements of the FOIA do not apply to matters that are:
   (1) Specifically authorized under the criteria established by an executive order to be kept secret in the interest of national defense or foreign policy and are in fact properly classified pursuant to such executive order;
   (2) Related solely to the internal personnel rules and practices of an agency;
   (3) Specifically exempted from disclosure by statute (other than section 552b of this title), provided that such statute
      (i) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue; or
      (ii) establishes particular criteria for withholding or refers to particular types of matters to be withheld;
   (4) Trade secrets and commercial or financial information obtained from a person and privileged or confidential;
   (5) Interagency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;
   (6) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
   (7) Records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information
      (i) could reasonably be expected to interfere with enforcement proceedings;
§ 105–60.501

(ii) would deprive a person of a right to a fair trial or an impartial adjudication;

(iii) could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(iv) could reasonably be expected to disclose the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source;

(v) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(vi) could reasonably be expected to endanger the life or physical safety of any individual;

(b) GSA will provide any reasonably segregable portion of a record to a requester after deletion of the portions that are exempt under this section. If GSA must delete information from a record before disclosing it, this information, and the reasons for withholding it, will be clearly described in the cover letter to the requester or in an attachment. Unless indicating the extent of the deletion would harm an interest protected by the exemption under which the exemption was made, unless including the indication would harm an interest protected by the exemption under which the exemption was made.

(c) GSA will invoke no exemption under this section to deny access to records that would be available pursuant to a request made under the Privacy Act of 1974 (5 U.S.C. 552a) and implementing regulations, 41 CFR part 105–64, or if disclosure would cause no demonstrable harm to any governmental or private interest.

(d) Pursuant to National Defense Authorization Act of Fiscal Year 1997, Pub. L. No. 104–201, section 821, 110 Stat. 2422, GSA will invoke Exemption 3 to deny access to any proposal submitted by a vendor in response to the requirements of a solicitation for a competitive proposal unless the proposal is set forth or incorporated by reference in a contract entered into between the agency and the contractor that submitted the proposal.

(e) Whenever a request is made which involves access to records described in §105–60.501(a)(7)(i) and the investigation or proceeding involves a possible violation of criminal law, and there is reason to believe that the subject of the investigation or proceeding is not aware of it, and disclosure of the existence of the records could reasonably be expected to interfere with enforcement proceedings, the agency may, during only such time as that circumstance continues, treat the records as not subject to the requirements of this section.

(f) Whenever informant records maintained by a criminal law enforcement agency under an informant’s name or personal identifier are requested by a third party according to the informant’s name or personal identifier, the agency may treat the records as not subject to the requirements of this section unless the informant’s status as an informant has been officially confirmed.

(g) Whenever a request is made that involves access to records maintained by the Federal Bureau of Investigation pertaining to foreign intelligence or counterintelligence, or international terrorism, and the existence of the
Federal Management Regulation

records is classified information as provided in paragraph (a)(1) of this section, the Bureau may, as long as the existence of the records remains classified information, treat the records are not subject to the requirements of this section.

Subpart 105-60.6—Production or Disclosure by Present or Former General Services Administration Employees in Response to Subpoenas or Similar Demands in Judicial or Administrative Proceedings

§ 105-60.601 Purpose and scope of subpart.

(a) By virtue of the authority vested in the Administrator of General Services by 5 U.S.C. 301 and 40 U.S.C. 486(c) this subpart establishes instructions and procedures to be followed by current and former employees of the General Services Administration in response to subpoenas or similar demands issued in judicial or administrative proceedings for production or disclosure of material or information obtained as part of the performance of a person's official duties or because of the person's official status. Nothing in these instructions applies to responses to subpoenas or demands issued by the Congress or in Federal grand jury proceedings.

(b) This subpart provides instructions regarding the internal operations of GSA and the conduct of its employees, and is not intended and does not, and may not, be relied upon to create any right or benefit, substantive or procedural, enforceable at law by a party against GSA.

§ 105-60.602 Definitions.

For purposes of this subpart, the following definitions apply:

(a) Material means any document, record, file or data, regardless of the physical form or the media by or through which it is maintained or recorded, which was generated or acquired by a current or former GSA employee by reason of the performance of that person's official duties or because of the person's official status, or any other tangible item, e.g., personal property possessed or controlled by GSA.

(b) Information means any knowledge or facts contained in material, and any knowledge or facts acquired by current or former GSA employee as part of the performance of that person's official duties or because of that person's official status.

(c) Demand means any subpoena, order, or similar demand for the production or disclosure of material, information or testimony regarding such material or information, issued by a court or other authority in a judicial or administrative proceeding, excluding congressional subpoenas or demands in Federal grand jury proceedings, and served upon a present or former GSA employee.

(d) Appropriate Authority means the following officials who are delegated authority to approve or deny responses to demands for material, information or testimony:

(1) The Counsel to the Inspector General for material and information which is the responsibility of the GSA Office of Inspector General or testimony of current or former employees of the Office of the Inspector General;

(2) The Counsel to the GSA Board of Contract Appeals for material and information which is the responsibility of the Board of Contract Appeals or testimony of current or former Board of Contract Appeals employees;

(3) The GSA General Counsel, Associate General Counsel(s) or Regional Counsel for all material, information, or testimony not covered by paragraphs (d)(1) and (2) of this section.

§ 105-60.603 Acceptance of service of a subpoena duces tecum or other legal demand on behalf of the General Services Administration.

(a) The Administrator of General Services and the following officials are the only GSA personnel authorized to accept service of a subpoena or other legal demand on behalf of GSA: The GSA General Counsel and Associate General Counsel(s) and, with respect to material or information which is the responsibility of a regional office, the Regional Administrator and Regional Counsel. The Inspector General and Counsel to the Inspector General, as
§ 105-60.604 Production or disclosure prohibited unless approved by the Appropriate Authority.

No current or former GSA employee shall, in response to a demand, produce any material or disclose, through testimony or other means, any information covered by this subpart, without prior approval of the Appropriate Authority.

§ 105-60.605 Procedure in the event of a demand for production or disclosure.

(a) Whenever service of a demand is attempted in person or via mail upon a current or former GSA employee for the production of material or the disclosure of information covered by this subpart, the employee or former employee shall immediately notify the Appropriate Authority through his or her supervisor or his or her former service, staff office, or regional office. The supervisor shall notify the Appropriate Authority. For current or former employees of the Office of Inspector General located in regional offices, Counsel to the Inspector General shall be notified through the immediate supervisor or former employing field office.

(b) The Appropriate Authority shall require that the party seeking material or testimony provide the Appropriate Authority with an affidavit, declaration, statement, and/or a plan as described in paragraphs (c) (1), (2), and (3) of this section if not included with or described in the demand. The Appropriate Authority may waive this requirement for a demand arising out of proceedings to which GSA or the United States is a party. Any waiver will be coordinated with the United States Department of Justice (DOJ) in proceedings in which GSA, its current or former employees, or the United States are represented by DOJ.

(c) (1) Oral testimony. If oral testimony is sought by a demand, the Appropriate Authority shall require the party seeking the testimony or the party's attorney to provide, by affidavit or other statement, a detailed summary of the testimony sought and its relevance to the proceeding. Any authorization for the testimony of a current or former GSA employee shall be limited to the scope of the demand as summarized in such statement or affidavit.

(2) Production of material. When information other than oral testimony is sought by a demand, the Appropriate Authority shall require the party seeking production or the party's attorney to provide a detailed summary, by affidavit or other statement, of the information sought and its relevance to the proceeding.

(3) The Appropriate Authority may require a plan or other information from the party seeking testimony or production of material of all demands reasonably foreseeable, including, but not limited to, names of all current and former GSA employees from whom testimony or production is or will likely be sought, areas of inquiry, for current employees the length of time away from duty anticipated, and identification of documents to be used in each deposition or other testimony, where appropriate.

(d) The Appropriate Authority will notify the current or former employee, the appropriate supervisor, and such other persons as circumstances may warrant, whether disclosure or production is authorized, and of any conditions or limitations to disclosure or production.

(e) Factors to be considered by the Appropriate Authority in responding to demands:
§ 105–60.607 Procedure in the event of an adverse ruling.

If the court or other authority declines to stay the effect of the demand or the production of records or information, the demandor shall be promptly notified of the decision and shall be given a reasonable time to respond to the GSA attorney. The GSA attorney shall then coordinate with DOJ, if relevant, to determine if the records or information should be produced. If the records or information are produced, the GSA attorney shall promptly inform the court or other authority of its decision and the basis for that decision.

§ 105–60.606 Procedure where response to demand is required prior to receiving instructions.

(a) If a response to a demand is required before the appropriate authority's decision is issued, a GSA attorney designated by the appropriate authority for that purpose shall appear with the employee or former employee upon whom the demand has been made, and shall furnish the judicial or other authority with a copy of the instructions contained in this subpart. The attorney shall inform the court or other authority that the demand has been or is being referred for the prompt consideration by the appropriate authority. The attorney shall respectfully request the judicial or administrative authority to stay the demand pending receipt of the requested instructions.

(b) The designated GSA attorney shall coordinate GSA's response with DOJ's Civil Division or the relevant Office of the United States Attorney and may request that a DOJ or Assistant United States Attorney appear with the employee in addition to or in lieu of a designated GSA attorney.

(c) If an immediate demand for production or disclosure is made in circumstances which preclude the appearance of a GSA or DOJ attorney, the employee or former employee shall respectfully make a request to the demanding authority for sufficient time to obtain advice of counsel.
§ 105–60.608 Fees, expenses, and costs.

(a) In consultation with the Appropriate Authority, a current employee who appears as a witness pursuant to a demand shall ensure that he or she receives all fees and expenses, including travel expenses, to which witnesses are entitled pursuant to rules applicable to the judicial or administrative proceedings out of which the demand arose.

(b) Witness fees and reimbursement for expenses received by a GSA employee shall be disposed of in accordance with rules applicable to Federal employees in effect at the time.

(c) Reimbursement to the GSA for costs associated with producing material pursuant to a demand shall be determined in accordance with rules applicable to the proceedings out of which the demand arose.

PART 105–62—DOCUMENT SECURITY AND DECLASSIFICATION

Sec.
105–62.000 Scope of part.

Subpart 105.62.1—Classified Materials

105–62.102 Authority to originally classify.
105–62.103 Access to GSA-originated materials.

Subpart 105–62.2—Declassification and Downgrading

105–62.201 Declassification and downgrading.

AUTHORITY: Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c); and E.O. 12065 dated June 28, 1978.
§ 105–62.103 Access to GSA-originated materials.

Classified information shall not be disseminated outside the executive branch of the Government without the express permission of the GSA Security Officer except as otherwise provided in this § 105–62.103.

(a) Access by historical researchers. Persons outside the executive branch who are engaged in historical research projects, may be authorized access to classified information or material, provided that:

(1) A written determination is made by the Administrator of General Services that such access is clearly consistent with the interests of national security.

(2) Access is limited to that information over which GSA has classification jurisdiction.

(3) The material requested is reasonably accessible and can be located with a reasonable amount of effort.

(4) The person agrees to safeguard the information and to authorize a review of his or her notes and manuscript for determination that no classified information is contained therein by signing a statement entitled “Conditions Governing Access to Official Records for Historical Research Purposes.”

(b) Access by former Presidential appointees. Persons who previously occupied policymaking positions to which they were appointed by the President may not remove classified information or material upon departure from office as all such material must remain under the security control of the U.S. Government. Such persons may be authorized access to classified information or material which they originated, received, reviewed, signed, or which was addressed to them while in public office, provided that the GSA element having classification jurisdiction for such information or material makes a written determination that access is consistent with the interests of national security, approval is granted by the GSA Security Officer, and the individual seeking access agrees:

(1) To safeguard the information,

(2) To authorize a review of his or her notes for determination that no classified information is contained therein, and

(3) To ensure that no classified information will be further disseminated or published.

(c) Access during judicial proceedings. Classified information will not normally be released in the course of any civilian judicial proceeding. In special circumstances however, and upon the receipt of an order or subpoena issued...
by a Federal court, the Administrator may authorize the limited release of classified information if he or she determines that the interests of justice cannot otherwise be served. Appropriate safeguards will be established to protect such classified material released for use in judicial proceedings.

(d) Access to material in NARS custody. The Archivist of the United States prepares procedures governing access to materials transferred to NARS custody. These procedures are issued by the Administrator of General Services in 41 CFR part 105–61.

(e) Access by the General Accounting Office and congressional committees. Classified information may be released to the General Accounting Office (GAO) and congressional committees when specifically authorized by the GSA Security Officer except as otherwise provided by law.

Subpart 105–62.2—Declassification and Downgrading

§ 105–62.201 Declassification and downgrading.

(a) Authority to downgrade and declassify. The authority to downgrade and declassify national security information or material shall be exercised as follows:

(1) Information or material may be downgraded or declassified by the GSA official authorizing the original classification, by a successor in capacity, by a supervisory official of either, or by the Information Security Oversight Committee on appeal.

(2) Downgrading and declassification authority may also be exercised by an official specifically authorized by the Administrator.

(3) In the case of classified information or material officially transferred to GSA by or under statute or Executive order in conjunction with a transfer of functions and not merely for storage purposes, GSA shall be deemed the originating agency for all purposes under these procedures including downgrading and declassification.

(4) In the case of classified information or material held in GSA not officially transferred under paragraph (a)(3) of this section but originated in an agency which has since ceased to exist, GSA is deemed the originating agency. Such information or material may be downgraded and declassified 30 calendar days after consulting with any other agencies having an interest in the subject matter.

(5) Classified information or material under the final declassification jurisdiction of GSA which has been transferred to NARS for accession into the Archives of the United States may be downgraded and declassified by the Archivist of the United States in accordance with Executive Order 12065, directives of the Information Security Oversight Office, and the systematic review guidelines issued by the Administrator of General Services.

(f) It is presumed that information which continues to meet classification requirements requires continued protection. In some cases, however, the need to protect such information may be outweighed by the public interest in disclosure of the information, and in these cases the information should be declassified. When such questions arise they shall be referred to the Administrator, the Director of the Information Security Oversight Office, or in accordance with the procedures for mandatory review described in § 105–62.202(b).

(b) Declassification. Declassification of information shall be given emphasis comparable to that accorded classification. Information classified under Executive Order 12065 and prior orders shall be declassified as early as national security considerations permit. Decisions concerning declassification shall be based on the loss of sensitivity of the information with the passage of time or on the occurrence of an event which permits declassification. When information is reviewed for declassification it shall be declassified unless the declassification authority established in §105–62.202 determines that the information continues to meet the classification requirements prescribed despite the passage of time.

(c) Downgrading. Classified information that is marked for automatic downgrading is downgraded accordingly without notification to holders. Classified information that is not marked for automatic downgrading may be assigned a lower classification designation by the originator or by an

(a) Systematic review for declassification. Except for foreign government information, classified information constituting permanently valuable records of GSA as defined by 44 U.S.C. 2103, and information in the possession and under control of NARA, under 44 U.S.C. 2107 or 2107 note, shall be reviewed for declassification as it becomes 20 years old. Transition to systematic review at 20 years shall be implemented as rapidly as practicable and shall be completed by December 1, 1988. Foreign government information shall be reviewed for declassification as it becomes 30 years old.

(b) Mandatory review for declassification. All classified information upon request by a member of the public or a Government employee or agency to declassify and release such information under the provisions of Executive Order 12065 shall be reviewed by the responsible GSA element for possible declassification in accordance with the procedures set forth in paragraphs (c) through (g) of this section.

(c) Submission of requests for review. Requests for mandatory review of classified information shall be submitted in accordance with the following:

(1) Requests originating within GSA shall in all cases be submitted directly to the service or staff office that originated the information.

(2) For expeditious action, requests from other governmental agencies or from members of the public should be submitted directly to the service or staff office that originated the material, or, if the originating element is not known, or no longer exists, the requester shall submit the request to the GSA Security Officer who shall cause such request to be reviewed.

(d) Requirements for processing. Requests for declassification review and release of information shall be processed in accordance with the provisions set forth in paragraphs (e) through (h) of this section subject to the following conditions:

(1) The request is in writing and reasonably describes the information sought with sufficient particularity to enable the element to identify it.

(2) The requester shall be asked to correct a request that does not comply with paragraph (d)(1) of this section, to provide additional information.

(3) If within 30 days the requester does not correct the request, describe the information sought with sufficient particularity or narrow the scope of the request, the element that received the request shall notify the requester and state the reason why no action will be taken on the request.

(e) Processing of requests. Requests that meet the foregoing requirements for processing will be acted upon as follows:

(1) GSA action upon the initial request shall be completed within 60 days.

(2) Receipt of the request shall be acknowledged within 7 days.

(3) The designated service or staff office shall determine if the requested information may be declassified and shall make such information available to the requester, unless withholding it is otherwise warranted under applicable law. If the information may not be released in whole or in part, the requester shall be given a brief statement as to the reasons for denial, a notice of the right to appeal the determination to the Deputy Administrator (the notice shall include the Deputy Administrator's name, title, and address), and a notice that such an appeal must be filed with the Deputy Administrator within 60 days in order to be considered.

(f) Foreign government information. Except as provided hereinafter, requests for mandatory review for the declassification of classified documents that contain foreign government information shall be processed and acted upon in accordance with the provisions of paragraphs (c) through (e) of this section. If the request involves information that was initially received or classified by GSA, then the corresponding service or staff office shall be designated by the GSA Security Officer to determine whether the foreign government information in the document
§ 105–62.202

may be declassified and released in accordance with GSA policy or guidelines, after consulting with other agencies that have subject matter interest as necessary. If GSA is not the agency that received or classified the foreign government information, it shall refer the request to the appropriate agency. In those cases where agency policy or guidelines do not apply, consultation with the foreign originator, through the GSA Security Officer, may be made prior to final action on the request.

(g) Information classified outside the service or staff office. When a service or staff office receives a request for declassification of information in a document which is in the custody of the service or staff office but was classified by another service or staff office or by another Government agency, the service or staff office shall refer the request to the classifying service or staff office or Government agency, together with a copy of the document containing the information requested when practicable, and shall notify the requester of the referral, unless the agency that classified the information objects on the grounds that its association with the information requires protection. When a GSA service or staff office receives such a referral, it shall process the request in accordance with the requirements of this paragraph and, if so requested, shall notify the referring service, staff office, or agency of the determination made on the request.

(h) Action on appeal. The following procedures shall be followed when denials of requests for declassification are appealed:

(1) The Deputy Administrator shall, within 15 days of the date of the appeal, convene a meeting of the GSA Information Security Oversight Committee (ISOC) that shall include the GSA Security Officer, or his or her representative, and the GSA official who denied the original request (and, at the option of that official, any subordinates or personnel from other agencies that participated in the decision for denial).

(2) The ISOC shall learn from the official the reasons for denying the request, concentrating in particular upon which requirement continued classification is based and the identifiable damage that would result if the information were declassified. The ISOC shall also learn from the official the part or parts of the information that is classified and if by deleting minor segments of the information it might not then be declassified.

(3) The ISOC’s decision to uphold or deny the appeal, in whole or in part, shall be based upon the unanimous opinion of its membership. In the event that unanimity cannot be attained, the matter shall be referred to the Administrator, whose decision shall be final.

(4) Based upon the outcome of the appeal, a reply shall be made to the person making the appeal that either encloses the requested information or part of the information, or explains why the continued classification of the information is required. A copy of the reply shall be sent to the GSA official who originally denied the request for declassification, to the GSA Security Officer, and to any other agency expressing an interest in the decision.

(5) Final action on appeals shall be completed within 30 days of the date of the appeal.

(i) Prohibition. No service of staff office in possession of a classified document may refuse to confirm the existence of the document in response to a request for the document under the provisions for mandatory review, unless the fact of its existence would itself be classifiable.

(j) Presidential papers. Information less than 10 years old which was originated by the President, by the White House staff, or by committees or commissions appointed by the President, or by others acting on behalf of the President, is exempted from mandatory review for declassification. Such information 10 years old or older is subject to mandatory review for declassification in accordance with procedures developed by the Archivist of the United States which provide for consultation with GSA on matters of primary subject interest to this agency.
§ 105–64.000 Scope of part.

The policies and procedures for collecting, using, and disseminating records maintained by GSA are subject to 5 U.S.C. 552a, and defined in §105–64.002. This part states procedures for notifying an individual of a GSA system of records containing a record pertaining to him or her, procedures for gaining access to or contesting the content of records, and other procedures for carrying out the Act.

§ 105-64.101-1 Collection and use.

(a) General. The system manager (also called the manager) should collect information used for determining an individual's rights, benefits, or privileges under GSA programs directly from the subject individual if practical. The system manager should ensure that information collected is used only as intended by the Act and these regulations.

(b) Soliciting information. Manager must ensure that when information is solicited, the person is informed of the authority for collecting it; whether providing it is mandatory or voluntary; the purpose for which it will be used; routine uses of the information; and the effect on the individual, if any, of not providing the information. Heads of Services and Staff Offices and Regional Administrators must ensure that forms used to solicit information comply with the Act and these regulations.

(c) Soliciting a social security number. Before requesting a person to disclose his or her social security number, ensure either:

(1) The disclosure is required by Federal statute, or;

(2) Disclosure is required under a statute or regulation adopted before January 1, 1975, to verify the person's identity, and that it was part of a system of records in existence before January 1, 1975.

Federal Management Regulation
§ 105–64.101–3 Rules of conduct.
Those who design, develop, operate, or maintain a system of records, or any record, must review 5 U.S.C. 552a and the regulations in this part and follow 41 CFR part 105–735, Standards of Conduct, for protecting personal information.

§ 105–64.101–4 Safeguarding systems of records.
Managers must ensure that administrative, technical, and physical safeguards are established to ensure the security and confidentiality of records and to protect against possible threats or hazards which could be harmful, embarrassing, inconvenient, or unfair to any individual. They must protect personnel information contained in manual and automated systems of records by using the following safeguards:
(a) Storing official personnel folders and work folders in a lockable filing cabinet when not in use. The system manager may use an alternative storage system if it provides the same security as a locked cabinet.
(b) Designating other sensitive records that need safeguards similar to those described in paragraph (a) of this section.
(c) Permitting access to and use of automated or manual personnel records only to persons whose official duties require it, or to a subject individual or to his or her representative.

§ 105–64.101–5 Inconsistent directives of GSA superseded.
This part 105–64 applies or takes precedence when any GSA directive disagrees with it.

§ 105–64.102 Records of other agencies.
If a GSA employee receives a request to review records that are the primary responsibility of another agency, but are maintained by or in the temporary possession of GSA, the employee should consult with the other agency before releasing the records. Records in the custody of GSA that are the responsibility of the Office of Personnel Management (OPM) are governed by rules issued by OPM under the Privacy Act.

§ 105–64.103 Subpoenas and other legal demands.
Access to systems of records by subpoena or other legal process must meet the provisions of subpart 105–60.6 of this chapter.

Subpart 105–64.2—Disclosure of Records
§ 105–64.201 Conditions of disclosure.
GSA employees may not disclose any record to a person or another agency without the express written consent of the subject individual unless the disclosure is:
(a) To GSA officials or employees who need the information to perform their official duties;
(b) Required by the Freedom of Information Act;
(c) For a routine use identified in the Federal Register;
(d) For Bureau of the Census use under Title 13 of the United States Code;
(e) To someone who has assured GSA in writing that the record is to be used solely for statistical research or reporting, and if it does not identify an individual;
(f) To the National Archives of the United States as a record that has historical or other value warranting permanent retention;
(g) To another agency or instrumentality under the jurisdiction or control of the United States for a civil or criminal law enforcement activity, if the head of the agency or instrumentality or the designated representative has made a written request to GSA specifying the part needed and the law enforcement agency seeking it;
(h) To a person showing compelling circumstances affecting someone’s health and safety not necessarily the subject individual (Upon disclosure, a notification must be sent to the subject individual’s last known address);
(i) To either House of Congress or to a committee or Subcommittee (joint or of either house), to the extent that the matter falls within its jurisdiction;
(j) To the Comptroller General or an authorized representative while performing the duties of the General Accounting Office;

(k) Under an order of a court of competent jurisdiction; or

(l) To a consumer reporting agency under section 3(d) of the Federal Claims Collection Act of 1966 (31 U.S.C. 3711(f)(1)).

§ 105–64.202 Procedures for disclosure.

(a) On receiving a request to disclose a record, the manager should verify the requester's right to obtain the information under §105–64.201. Upon verification, the manager may make the records available.

(b) If the manager decides the record can't be disclosed, he or she must inform the requester in writing and state that the denial can be appealed to the GSA Privacy Act Officer, General Services Administration (ATRAI), for a final decision.

§ 105–64.203 Accounting of disclosure.

(a) Except for disclosures made under §105–64.201 (a) and (b), an accurate account of each disclosure is kept and retained for 5 years or for the life of the record, whichever is longer. The date, reason, and type of information disclosed, as well as the name and address of the person or agency to whom you disclosed it are noted.

(b) The manager also keeps with the account of information disclosed:

(1) A statement justifying the disclosure;

(2) Any documentation related to disclosing a record for statistical or law enforcement use; and

(3) The written consent of the person concerned.

(c) Except when records are disclosed to agencies or instrumentalities for law enforcement under §105–64.201(g) or from exempt systems (see subpart 105–64.6), accounts of information disclosed must be opened to the person concerned, upon request. Procedures to request such access are given in the following subpart.
§ 105–64.301–3 Granting access.

(a) Upon receiving a request for access to nonexempt records, the manager must make them available to the subject individual or acknowledge the request within 10 workdays after it is received, stating when the records will be available.

(b) If the manager expects a delay of more than the 10 days allowed, he or she should state the reason why in the acknowledgement.

(c) If a request for access does not contain enough information to find the records, the manager should request additional information from the individual and is allowed 10 more workdays after receiving it to make the records available or acknowledge receiving the request.

(d) Records are available during normal business hours at the offices where the records are maintained. Requesters should be prepared to identify themselves by signature and to show other identification verifying their signature.

(e) Managers may permit an individual to examine the original of a nonexempt record and, if asked, provide the person with a copy of the record. Fees are charged only for copies given to the person, not for copies made for the agency’s convenience.

(f) A requester may pick up a record in person or receive it by mail, directed to an address provided in the request. The manager should not give a record to a third party to deliver to the subject individual, except medical records as outlined in §105–64.301–2 or as described in paragraph (g) of this section.

(g) If a person wants to have someone else accompany him or her while reviewing a record or when obtaining a copy of it, he or she must first sign a statement authorizing the disclosure of the record. The system manager shall maintain this statement with the record.

(h) The procedure to review the account of disclosures is the same as the procedures for reviewing a record.

§ 105–64.301–4 Denials of access.

(a) A manager may deny access to a record only if the information is being compiled in reasonable anticipation of a civil action or proceeding as provided under 5 U.S.C. 552(d)(5) or if rules published in the Federal Register state that it is in a system of records that may not be disclosed. These systems are described in Subpart 105–64.6.

(b) If a manager receives a request for access to a record in an exempt system of record, he or she should forward it to the Head of the Service or Staff Office or Regional Administrator, attaching an explanation and recommending the request be denied or granted.

(c) If the manager is the Head of a Service or Staff Office or a Regional Administrator, he or she retains the responsibility for granting or denying the request.

(d) The head of the Service or Staff Office or Regional Administrator, in consultation with legal counsel and other officials concerned, should decide whether the requested record is exempt from disclosure and,

1. If the record is not exempt, notify the system manager to grant the request under §105–64.301–3; or

2. If the record is part of an exempt system he or she should:
   (i) Notify the requester that the request is denied, explain why it is denied, and inform the requester of his or her right to have GSA review the decision; or
   (ii) Notify the manager to make the record available under §105–64.301–3, even though it is in an exempted system.

(e) A copy of any denial of a request should be sent to the GSA Privacy Act Officer (ATRAI).
§ 105–64.301–5 Appeal of denial of access within GSA.

(a) A requester who is denied access, in whole or in part, to records pertaining to him or her may file an administrative appeal. Appeals should be addressed to the GSA Privacy Act Officer, General Services Administration (ATRAI), Washington, DC 20405, regardless whether the denial was made by a Central Office or a regional official.

(b) Each appeal to the Privacy Act Officer must be in writing. The appeal should be marked Privacy Act-Access Appeal, on the face of the letter and on the envelope.

(c) On receiving an appeal, the Privacy Act Officer consults with the manager, the official who made the denial, legal counsel, and other officials concerned. If the Privacy Act Officer, after consultation, decides to grant the request, he or she notifies the manager in writing to grant access to the record under § 105–64.301–3, or grants access himself or herself and notifies the requester of that action.

(d) If the Privacy Act Officer decides the appeal should be rejected, he or she sends the request file and any appeal, with a recommendation, to the Deputy Administrator for a final administrative decision.

(e) If the Deputy Administrator decides to grant a request, he or she promptly instructs the system manager in writing to grant access to the record under § 105–64.301–3. The Deputy Administrator sends a copy of the instructions to the Privacy Act Officer, who notifies the requester.

(f) If the Deputy Administrator rejects an appeal, he or she should promptly notify the requester in writing. This action constitutes the final administrative decision on the request and should state:

1. The reason for rejecting the appeal; and
2. That the requester has the right to have a court review the final decision under § 105–64.408.

(g) The final decision must be made within 30 workdays from the date the appeal is received by the Privacy Act Officer. The Deputy Administrator may extend the time limit by notifying the requester in writing before the 30 days are up. The Deputy Administrator’s letter should explain why the time was extended.

The manager should advise the Privacy Act Officer that the request to amend was approved.

§ 105–64.404 Denial of requests to amend.

§ 105–64.406 Appeal of denial of request to amend a record.

(a) A requester who is denied a request to amend a record may appeal the denial. The appeal should be sent to the General Services Administration, Privacy Act Officer (ATRAI), Washington, DC 20405. A person who is debarred or suspended shall be excluded from Federal financial and non-financial assistance and benefits under Federal programs and activities. Debarment or suspension of a participant in a program by one agency shall have governmentwide effect.

(b) These regulations implement section 3 of E.O. 12549 and the guidelines promulgated by the Office of Management and Budget under section 6 of the E.O. by:

(1) Prescribing the programs and activities that are covered by the governmentwide system;

(2) Prescribing the governmentwide criteria and governmentwide minimum due process procedures that each agency shall use;

(3) Providing for the listing of debarred and suspended participants, participants declared ineligible (see definition of "ineligible" in §105–68.105), and participants who have voluntarily excluded themselves from participation in covered transactions;

(4) Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion; and

(5) Offering such other guidance as necessary for the effective implementation and administration of the governmentwide system.

(c) These regulations also implement Executive Order 12689 (3 CFR, 1989 Comp., p. 235) and 31 U.S.C. 6101 note (Public Law 103–355, sec. 2455, 108 Stat. 3327) by—

(1) Providing for the inclusion in the List of Parties Excluded from Federal Procurement and Nonprocurement Programs all persons proposed for debarment, debarred or suspended under the Federal Acquisition Regulation, 48 CFR part 9, subpart 9.4; persons against which governmentwide exclusions have been entered under this part; and persons determined to be ineligible; and

(2) Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion.

(d) Although these regulations cover the listing of ineligible participants and the effect of such listing, they do not prescribe policies and procedures governing declarations of ineligibility.

§ 105-68.110 Coverage.

(a) These regulations apply to all persons who have participated, are currently participating or may reasonably be expected to participate in transactions under Federal nonprocurement programs. For purposes of these regulations such transactions will be referred to as “covered transactions.”

1. Covered transaction. For purposes of these regulations, a covered transaction is a primary covered transaction or a lower tier covered transaction. Covered transactions at any tier need not involve the transfer of Federal funds.

(i) Primary covered transaction. Except as noted in paragraph (a)(2) of this section, a primary covered transaction is any nonprocurement transaction between an agency and a person, regardless of type, including: grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurance, payments for specified use, donation agreements and any other nonprocurement transactions between a Federal agency and a person. Primary covered transactions also include those transactions specially designated by the U.S. Department of Housing and Urban Development in such agency’s regulations governing debarment and suspension.

(ii) Lower tier covered transaction. A lower tier covered transaction is:

(A) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction.

(B) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold fixed at 10 U.S.C. 2304(g) and 41 U.S.C. 253(g) (currently $25,000) under a primary covered transaction.

(C) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount, under which that person will have a critical influence on or substantive control over that covered transaction. Such persons are:

1. Principal investigators.
2. Providers of federally-required audit services.

(2) Exceptions. The following transactions are not covered:

(i) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(ii) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, entities consisting wholly or partially of foreign governments or foreign governmental entities;

(iii) Benefits to an individual as a personal entitlement without regard to the individual’s present responsibility (but benefits received in an individual’s business capacity are not excepted).

Federal Management Regulation § 105–68.200

(iv) Federal employment;
(v) Transactions pursuant to national or agency-recognized emergencies or disasters;
(vi) Incidental benefits derived from ordinary governmental operations; and
(vii) Other transactions where the application of these regulations would be prohibited by law.

(b) Relationship to other sections. This section describes the types of transactions to which a debarment or suspension under the regulations will apply. Subpart 105–68.2, “Effect of Action,” § 105–68.200, “Debarment or suspension,” sets forth the consequences of a debarment or suspension. Those consequences would obtain only with respect to participants and principals in the covered transactions and activities described in § 105–68.110(a). Sections 105–68.325, “Scope of debarment,” and 105–68.420, “Scope of suspension,” govern the extent to which a specific participant or organizational elements of a participant would be automatically included within a debarment or suspension action, and the conditions under which affiliates or persons associated with a participant may also be brought within the scope of the action.

(c) Relationship to Federal procurement activities. In accordance with E.O. 12689 and section 2455 of Public Law 103–355, any debarment, suspension, proposed debarment or other governmentwide exclusion initiated under the Federal Acquisition Regulation (FAR) on or after August 25, 1995, shall be recognized and effective for Executive Branch of the Federal Government for the period of their debarment, suspension, or the period they are proposed for debarment under 48 CFR part 9, subpart 9.4. Accordingly, no agency shall enter into primary covered transactions with such excluded persons during such period, except as permitted pursuant to § 105–68.215.

(b) Debarment and suspension are serious actions which shall be used only in the public interest and for the Federal Government’s protection and not for purposes of punishment. Agencies may impose debarment or suspension for the causes and in accordance with the procedures set forth in these regulations.

(c) When more than one agency has an interest in the proposed debarment or suspension of a person, consideration shall be given to designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.

Subpart 105–68.2—Effect of Action
§ 105–68.200 Debarment or suspension.

(a) Primary covered transactions. Except to the extent prohibited by law, persons who are debarred or suspended shall be excluded from primary covered transactions as either participants or principals throughout the Executive Branch of the Federal Government for the period of their debarment, suspension, or the period they are proposed for debarment under 48 CFR part 9, subpart 9.4. Accordingly, no agency shall enter into primary covered transactions with such excluded persons during such period, except as permitted pursuant to § 105–68.215.

(b) Lower tier covered transactions. Except to the extent prohibited by law, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, debarred or suspended shall be excluded from participating as either participants or principals in all lower tier covered transactions (see § 105–68.110(a)(1)(ii)) for the period of their exclusion.

(c) Exceptions. Debarment or suspension does not affect a person’s eligibility for—

(1) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;
§ 105–68.205

(2) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities;

(3) Benefits to an individual as a personal entitlement without regard to the individual’s present responsibility (but benefits received in an individual’s business capacity are not excepted);

(4) Federal employment;

(5) Transactions pursuant to national or agency-recognized emergencies or disasters;

(6) Incidental benefits derived from ordinary governmental operations; and

(7) Other transactions where the application of these regulations would be prohibited by law.

§ 105–68.205 Ineligible persons.

Persons who are ineligible, as defined in §105–68.105(i), are excluded in accordance with the applicable statutory, executive order, or regulatory authority.

§ 105–68.210 Voluntary exclusion.

Persons who accept voluntary exclusions under §105–68.315 are excluded in accordance with the terms of their settlements. GSA shall, and participants may, contact the original action agency to ascertain the extent of the exclusion.

§ 105–68.215 Exception provision.

GSA may grant an exception permitting a debarred, suspended, or voluntarily excluded person, or a person proposed for debarment under 48 CFR part 9, subpart 9.4, to participate in a particular covered transaction upon a written determination by the agency head or an authorized designee stating the reason(s) for deviating from the Presidential policy established by Executive Order 12549 and §105–68.200. However, in accordance with the President’s stated intention in the Executive Order, exceptions shall be granted only infrequently. Exceptions shall be reported in accordance with §105–68.505(a).

[60 FR 33041 and 33059, June 26, 1995]

§ 105–68.220 Continuation of covered transactions.

(a) Notwithstanding the debarment, suspension, proposed debarment under 48 CFR part 9, subpart 9.4, determination of ineligibility, or voluntary exclusion of any person by an agency, agencies and participants may continue covered transactions in existence at the time the person was debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, declared ineligible, or voluntarily excluded. A decision as to the type of termination action, if any, to be taken should be made only after thorough review to ensure the propriety of the proposed action.

(b) Agencies and participants shall not renew or extend covered transactions (other than no-cost time extensions) with any person who is debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible or voluntarily excluded, except as provided in §105–68.215.

[60 FR 33041 and 33059, June 26, 1995]

§ 105–68.225 Failure to adhere to restrictions.

(a) Except as permitted under §105–68.215 or §105–68.220, a participant shall not knowingly do business under a covered transaction with a person who is—

(1) Debarred or suspended;

(2) Proposed for debarment under 48 CFR part 9, subpart 9.4;

(3) Ineligible for or voluntarily excluded from the covered transaction.

(b) Violation of the restriction under paragraph (a) of this section may result in disallowance of costs, annulment or termination of award, issuance of a stop work order, debarment or suspension, or other remedies as appropriate.

(c) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible, or voluntarily excluded.
from the covered transaction (See appendix B of these regulations), unless it knows that the certification is erroneous. An agency has the burden of proof that a participant did knowingly do business with a person that filed an erroneous certification.

Subpart 105–68.3—Debarment

§ 105–68.300 General.

The debarring official may debar a person for any of the causes in §105–68.305, using procedures established in §§105–68.310 through 105–68.314. The existence of a cause for debarment, however, does not necessarily require that the person be debarred; the seriousness of the person’s acts or omissions and any mitigating factors shall be considered in making any debarment decision.

§ 105–68.305 Causes for debarment.

Debarment may be imposed in accordance with the provisions of §§105–68.300 through 105–68.314 for:

(a) Conviction of or civil judgment for:

(1) Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;

(2) Violation of Federal or State antitrust statutes, including those prescribing price fixing between competitors, allocation of customers between competitors, and bid rigging;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(4) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(b) Violation of the terms of a public agreement or transaction so serious as to affect the integrity of an agency program, such as:

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions; or

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(c) Any of the following causes:

(1) A nonprocurement debarment by any Federal agency taken before October 1, 1988, the effective date of these regulations, or a procurement debarment by any Federal agency taken pursuant to 48 CFR subpart 9.4;

(2) Knowingly doing business with a debarred, suspended, ineligible, or voluntarily excluded person, in connection with a covered transaction, except as permitted in §105–68.215 or §105–68.220;

(3) Failure to pay a single substantial debt, or a number of outstanding debts (including disallowed costs and overpayments, but not including sums owed the Federal Government under the Internal Revenue Code) owed to any Federal agency or instrumentality, provided the debt is uncontested by the debtor or, if contested, provided that the debtor’s legal and administrative remedies have been exhausted;

(4) Violation of a material provision of a voluntary exclusion agreement entered into under §105–68.315 or of any settlement of a debarment or suspension action; or

(5) Violation of any requirement of subpart 105–68.6 of this part, relating to providing a drug-free workplace, as set forth in §105–68.615 of this part.

(d) Any other cause of so serious or compelling a nature that it affects the present responsibility of a person.

§ 105–68.310 Procedures.

GSA shall process debarment actions as informally as practicable, consistent with the principles of fundamental fairness, using the procedures in §§105–68.311 through 105–68.314 and 48 CFR subpart 509.4.

[53 FR 19198, 19204, May 26, 1988, as amended at 56 FR 29438, June 27, 1991]
§ 105–68.311 Investigation and referral.

Information concerning the existence of a cause for debarment from any source shall be promptly reported, investigated, and referred, when appropriate, to the debarring official for consideration. After consideration, the debarring official may issue a notice of proposed debarment.

§ 105–68.312 Notice of proposed debarment.

A debarment proceeding shall be initiated by notice to the respondent advising:

(a) That debarment is being considered;

(b) Of the reasons for the proposed debarment in terms sufficient to put the respondent on notice of the conduct or transaction(s) upon which it is based;

(c) Of the cause(s) relied upon under § 105–68.305 for proposing debarment;

(d) Of the provisions of § 105–68.311 through § 105–68.314, and any other GSA procedures, if applicable, governing debarment decisionmaking; and

(e) Of the potential effect of a debarment.

§ 105–68.313 Opportunity to contest proposed debarment.

(a) Submission in opposition. Within 30 days after receipt of the notice of proposed debarment, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment.

(b) Additional proceedings as to disputed material facts. (1) In actions not based upon a conviction or civil judgment, if the debarring official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the proposed debarment, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents.

(2) A transcribed record of any additional proceedings shall be made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 105–68.314 Debarring official’s decision.

(a) No additional proceedings necessary. In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the debarring official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The debarring official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The debarring official may refer disputed material facts to another official for findings of fact. The debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(3) The debarring official’s decision shall be made after the conclusion of the proceedings with respect to disputed facts.

(c) (1) Standard of proof. In any debarment action, the cause for debarment must be established by a preponderance of the evidence. Where the proposed debarment is based upon a conviction or civil judgment, the standard shall be deemed to have been met.

(2) Burden of proof. The burden of proof is on the agency proposing debarment.

(d) Notice of debarring official’s decision. (1) If the debarring official decides to impose debarment, the respondent shall be given prompt notice:

(i) Referring to the notice of proposed debarment;

(ii) Specifying the reasons for debarment;

(iii) Stating the period of debarment, including effective dates; and
§ 105–68.325 Scope of debarment.

(a) Scope in general. (1) Debarment of a person under these regulations constitutes debarment of all its divisions and other organizational elements from all covered transactions, unless the debarment decision is limited by its terms to one or more specifically identified individuals, divisions or other organizational elements or to specific types of transactions.

(2) The debarment action may include any affiliate of the participant that is specifically named and given notice of the proposed debarment and an opportunity to respond (see §§ 105–68.311 through 105–68.314).

(b) Imputing conduct. For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) Conduct imputed to participant. The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a participant may be imputed to the participant when the conduct occurred in connection with the individual's performance of duties for or on behalf of the participant, or with the participant's knowledge, approval, or acquiescence. The participant’s acceptance of the benefits derived from the conduct shall
§ 105–68.400 General.

(a) The suspending official may suspend a person for any of the causes in § 105–68.405 using procedures established in §§ 105–68.410 through 105–68.413.

(b) Suspension is a serious action to be imposed only when:

1. There exists adequate evidence of one or more of the causes set out in § 105–68.405.

2. Immediate action is necessary to protect the public interest.

(c) In assessing the adequacy of the evidence, the agency should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as grants, cooperative agreements, loan authorizations, and contracts.

§ 105–68.405 Causes for suspension.

(a) Suspension may be imposed in accordance with the provisions of §§ 105–68.400 through 105–68.413 upon adequate evidence:

1. To suspect the commission of an offense listed in § 105–68.305(a); or

2. That a cause for debarment under § 105–68.305 may exist.

(b) Indictment shall constitute adequate evidence for purposes of suspension actions.

§ 105–68.410 Procedures.

(a) Investigation and referral. Information concerning the existence of a cause for suspension from any source shall be promptly reported, investigated, and referred, when appropriate, to the suspending official for consideration. After consideration, the suspending official may issue a notice of suspension.

(b) Decisionmaking process. GSA shall process suspension actions as informally as practicable, consistent with principles of fundamental fairness, using the procedures in § 105–68.411 through § 105–68.413 and 48 CFR subpart 509.4.

§ 105–68.411 Notice of suspension.

When a respondent is suspended, notice shall immediately be given:

(a) That suspension has been imposed;

(b) That the suspension is based on an indictment, conviction, or other adequate evidence that the respondent has committed irregularities seriously reflecting on the propriety of further Federal Government dealings with the respondent;

(c) Describing any such irregularities in terms sufficient to put the respondent on notice without disclosing the Federal Government’s evidence;

(d) Of the cause(s) relied upon for imposing suspension;

(e) That the suspension is for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings;

(f) Of the provisions of § 105–68.411 through § 105–68.413 and any other GSA
procedures, if applicable, governing suspension decisionmaking; and (g) Of the effect of the suspension.

§ 105–68.412 Opportunity to contest suspension.

(a) Submission in opposition. Within 30 days after receipt of the notice of suspension, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension.

(b) Additional proceedings as to disputed material facts. If the suspending official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the suspension, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents, unless:

(i) The action is based on an indictment, conviction or civil judgment, or

(ii) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Federal Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced.

(2) A transcribed record of any additional proceedings shall be prepared and made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 105–68.413 Suspending official’s decision.

The suspending official may modify or terminate the suspension (for example, see §105–68.320(c) for reasons for reducing the period or scope of debarment) or may leave it in force. However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of suspension by any other agency or debarment by any agency. The decision shall be rendered in accordance with the following provisions:

(a) No additional proceedings necessary. In actions: based on an indictment, conviction, or civil judgment; in which there is no genuine dispute over material facts; or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary or capricious or clearly erroneous.

(c) Notice of suspending official’s decision. Prompt written notice of the suspending official’s decision shall be sent to the respondent.

§ 105–68.415 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings, unless terminated sooner by the suspending official or as provided in paragraph (b) of this section. The suspending official shall notify the Department of Justice of an
impending termination of a suspension, at least 30 days before the 12-month period expires, to give that Department an opportunity to request an extension.

§ 105-68.420 Scope of suspension.

The scope of a suspension is the same as the scope of a debarment (see §105-68.325), except that the procedures of §§105-68.410 through 105-68.413 shall be used in imposing a suspension.

Subpart 105–68.5—Responsibilities of GSA, Agency and Participants

§ 105–68.500 GSA responsibilities (information dissemination).

(a) In accordance with the OMB guidelines, GSA shall compile, maintain, and distribute a list of all persons who have been debarred, suspended, or voluntarily excluded by agencies under Executive Order 12549 and these regulations, and those who have been determined to be ineligible.

(b) At a minimum, this list shall indicate:

(1) The names and addresses of all debarred, suspended, ineligible, and voluntarily excluded persons, in alphabetical order, with cross-references when more than one name is involved in a single action;

(2) The type of action;

(3) The cause for the action;

(4) The scope of the action;

(5) Any termination date for each listing; and

[53 FR 19198 and 19204, May 26, 1988, as amended at 56 FR 29439, June 27, 1991]

§ 105–68.505 GSA responsibilities.

(a) The agency shall provide GSA with current information concerning debarments, suspension, determinations of ineligibility, and voluntary exclusions it has taken. Until February 18, 1989, the agency shall also provide GSA and OMB with information concerning all transactions in which GSA has granted exceptions under §105-68.215 permitting participation by debarred, suspended, or voluntarily excluded persons.

(b) Unless an alternative schedule is agreed to by GSA, the agency shall advise GSA of the information set forth in §105-68.500(b) and of the exceptions granted under §105-68.215 within five working days after taking such actions.

(c) The agency shall direct inquiries concerning listed persons to the agency that took the action.

(d) Agency officials shall check the Nonprocurement List before entering covered transactions to determine whether a participant in a primary transaction is debarred, suspended, ineligible, or voluntarily excluded.

(e) Agency officials shall check the Nonprocurement List before approving principals or lower tier participants where agency approval of the principal or lower tier participant is required under the terms of the transaction, to determine whether such principals or participants are debarred, suspended, ineligible, or voluntarily excluded.

§ 105–68.510 Participants’ responsibilities.

(a) Certification by participants in primary covered transactions. Each participant shall submit the certification in appendix A to this part for it and its principals at the time the participant submits its proposal in connection with a primary covered transaction, except that States need only complete such certification as to their principals. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, each participant may, but is not required to, check the Nonprocurement List for its principals (202) 501–0688. Adverse information on the certification will not necessarily result in denial of participation. However, the certification, and any additional information pertaining to the certification submitted by the participant, shall be considered in the administration of covered transactions.

(b) Certification by participants in lower tier covered transactions. Each participant shall require participants in lower tier covered transactions to include the certification in appendix B.

(2) Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

(3) Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

(4) Drug-free workplace means a site for the performance of work done in connection with a specific grant at which employees of the grantee are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance;

(i) All direct charge employees;

(ii) All indirect charge employees, unless their impact or involvement is insignificant to the performance of the grant; and,

(iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll.

This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces).
§ 105–68.610

(a) This subpart applies to any grantee of the agency.

(b) This subpart applies to any grant, except where application of this subpart would be inconsistent with the international obligations of the United States or the laws or regulations of a foreign government. A determination of such inconsistency may be made only by the agency head or his/her designee.

(c) The provisions of subparts 105–68.1, 105–68.2, 105–68.3, 105–68.4 and 105–68.5 of this part apply to matters covered by this subpart, except where specifically modified by this subpart. In the event of any conflict between provisions of this subpart and other provisions of this part, the provisions of this subpart are deemed to control with respect to the implementation of drug-free workplace requirements concerning grants.

§ 105–68.615 Grounds for suspension of payments, suspension or termination of grants, or suspension or debarment.

A grantee shall be deemed in violation of the requirements of this subpart if the agency head or his or her official designee determines, in writing, that—

(a) The grantee has made a false certification under §105–68.630;

(b) With respect to a grantee other than an individual—

(1) The grantee has violated the certification by failing to carry out the requirements of paragraphs (A)(a) through (g) and/or (B) of the certification (Alternate I to Appendix C) or

(2) Such a number of employees of the grantee have been convicted of violations of criminal drug statutes for violations occurring in the workplace as to indicate that the grantee has failed to make a good faith effort to provide a drug-free workplace.

(c) With respect to a grantee who is an individual—

(1) The grantee has violated the certification by failing to carry out its requirements (Alternate II to Appendix C); or

(2) The grantee is convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity.

§ 105–68.620 Effect of violation.

(a) In the event of a violation of this subpart as provided in §105–68.615, and in accordance with applicable law, the
Federal Management Regulation

§ 105-68.630 Certification requirements and procedures.

(a)(1) As a prior condition of being awarded a grant, each grantee shall make the appropriate certification to the Federal agency providing the grant, as provided in appendix C to this part.

(2) Grantees are not required to make a certification in order to continue receiving funds under a grant awarded before March 18, 1989, or under a no-cost time extension of such a grant. However, the grantee shall make a one-time drug-free workplace certification for a non-automatic continuation of such a grant made on or after March 18, 1989.

(b) Except as provided in this section, all grantees shall make the required certification for each grant. For mandatory formula grants and entitlements that have no application process, grantees shall submit a one-time certification in order to continue receiving awards.

(c) A grantee that is a State may elect to make one certification in each Federal fiscal year. States that previously submitted an annual certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. Except as provided in paragraph (d) of this section, this certification shall cover all grants to all State agencies from any Federal agency. The State shall retain the original of this statewide certification in its Governor’s office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency has designated a central location for submission.

(d)(1) The Governor of a State may exclude certain State agencies from the statewide certification and authorize these agencies to submit their own certifications to Federal agencies. The statewide certification shall name any State agencies so excluded.

(2) A State agency to which the statewide certification does not apply, or a State agency in a State that does not have a statewide certification, may elect to make one certification in each Federal fiscal year. State agencies that previously submitted a State agency certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. The State agency shall retain the original of this State agency-wide certification in its central office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency designates a central location for submission.

(3) When the work of a grant is done by more than one State agency, the certification of the State agency directly receiving the grant shall be deemed to certify compliance for all workplaces, including those located in other State agencies.

(e)(1) For a grant of less than 30 days performance duration, grantees shall have this policy statement and program in place as soon as possible, but in any case by a date prior to the date on which performance is expected to be completed.

(2) For a grant of 30 days or more performance duration, grantees shall have this policy statement and program in place within 30 days after award.

(3) Where extraordinary circumstances warrant for a specific

(1) Within 10 calendar days of receiving notice of the conviction, the grantee shall provide written notice, including the convicted employee's position title, to every grant officer, or other designee on whose grant activity the convicted employee was working, unless a Federal agency has designated a central point for the receipt of such notifications. Notification shall include the identification number(s) for each of the Federal agency's affected grants.

(2) Within 30 calendar days of receiving notice of the conviction, the grantee shall do the following with respect to the employee who was convicted.

(i) Take appropriate personnel action against the employee, up to and including termination, consistent with requirements of the Rehabilitation Act of 1973, as amended; or

(ii) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

(b) A grantee who is an individual who is convicted for a violation of a criminal drug statute occurring during the conduct of any grant activity shall report the conviction, in writing, within 10 calendar days, to his or her Federal agency grant officer, or other designee, unless the Federal agency has designated a central point for the receipt of such notices. Notification shall include the identification number(s) for each of the Federal agency's affected grants.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters—Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in transit authority or State highway departments, workers in government buildings) or other sites where work under the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee’s drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. § 105–69.110 Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

1. Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or
2. An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

1. A Federal contract, grant, or cooperative agreement exceeding $100,000;
2. A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000, unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraph (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

1. A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
2. A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,
3. A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraph (a) or (b) of this section:

2. A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;

Federal Management Regulation

§ 105–69.205

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement, shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraph (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 105–69.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in § 105–69.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95–507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ 105–69.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § 105–69.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract,
§ 105–69.210
grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission, or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission, or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 105–69.210 Reporting.
No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 105–69.300 Professional and technical services.
(a) The prohibition on the use of appropriated funds, in §105–69.100 (a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in §105–69.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement.

(c) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational
capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ 105–69.405 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ 105–69.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.
§ 105–69.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 105–69.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports

§ 105–69.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committee on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(e) The Office of Management and Budget (OMB), are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President’s Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.
Federal Management Regulation

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency's covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

(e) The ALJ may refuse to consider any motion, request, response, brief or other document which is not filed in a timely fashion.

§ 105–70.030 The hearing and burden of proof.

(a) The ALJ shall conduct a hearing on the record in order to determine whether the defendant is liable for a civil penalty or assessment under §105–70.003 and, if so, the appropriate amount of any such civil penalty or assessment considering any aggravating or mitigating factors.

(b) The authority shall prove defendant's liability and any aggravating factors by a preponderance of the evidence.

(c) The defendant shall prove any affirmative defenses and any mitigating factors by a preponderance of the evidence.
§ 105–70.031 Determining the amount of penalties and assessments.

In determining an appropriate amount of civil penalties and assessments, the ALJ and the Authority Head, upon appeal, should evaluate any circumstances presented that mitigate or aggravate the violation and should articulate in their opinions the reasons that support the penalties and assessments they impose.

§ 105–70.032 Location of hearing.

(a) The hearing may be held—
(1) In any judicial district of the United States in which the defendant resides or transacts business;
(2) In any judicial district of the United States in which the claim or statement in issue was made; or
(3) In such other place as may be agreed upon by the defendant and the ALJ.

(b) Each party shall have the opportunity to present arguments with respect to the location of the hearing.

(c) The hearing shall be held at the place and at the time ordered by the ALJ.

§ 105–70.033 Witnesses.

(a) Except as provided in paragraph (b) of this section, testimony at the hearing shall be given orally by witnesses under oath or affirmation.

(b) At the discretion of the ALJ, testimony may be admitted in the form of a written statement or deposition. Any such written statement must be provided to all other parties along with the last known address of such witness, in a manner which allows sufficient time for other parties to subpoena such witness for cross-examination at the hearing. Prior written statements of witnesses proposed to testify at the hearing and deposition transcripts shall be exchanged as provided in §105–70.022(a).

(c) The ALJ shall exercise reasonable control over the mode and order of interrogating witnesses and presenting evidence so as to—

(1) Make the interrogation and presentation effective for the ascertainment of the truth,
(2) Avoid needless consumption of time, and
(3) Protect witnesses from harassment or undue embarrassment.

(d) The ALJ shall permit the parties to conduct such cross-examination as may be required for a full and true disclosure of the facts.

(e) To the extent permitted by the ALJ, cross-examination on matters outside the scope of direct examination shall be conducted in the manner of direct examination and may proceed by leading questions only if the witness is a hostile witness, an adverse party, or a witness identified with an adverse party.

(f) Upon motion of any party, the ALJ shall order witnesses excluded so that they cannot hear the testimony of other witnesses. This rule does not authorize exclusion of—
(1) A party who is an individual;
(2) In the case of a party that is not an individual, an officer or employee of the party appearing for the entity prose or designated by the party’s representative; or
(3) An individual whose presence is shown by a party to be essential to the presentation of its case, including an individual employed by the Government engaged in assisting the representative for the Government.

§ 105–70.034 Evidence.

(a) The ALJ shall determine the admissibility of evidence.

(b) Except as provided in this part, the ALJ shall not be bound by the Federal Rules of Evidence. However, the ALJ may apply the Federal Rules of Evidence where appropriate, e.g., to exclude unreliable evidence.

(c) The ALJ shall exclude irrelevant and immaterial evidence.

(d) Although relevant, evidence may be excluded if its probative value is substantially outweighed by the danger of unfair prejudice, confusion of the issues, or by considerations of undue delay or needless presentation of cumulative evidence.

(e) Although relevant, evidence may be excluded if it is privileged under Federal law.
§ 105–70.038 Reconsideration of initial decision.

(a) Except as provided in paragraph (d) of this section, any party may file a motion for reconsideration of the initial decision within 20 days of receipt of the initial decision. If service was made by mail, receipt will be presumed to be five days from the date of mailing in the absence of contrary proof.

(b) Every such motion must set forth the matters claimed to have been erroneously decided and the nature of the alleged errors. Such motion shall be accompanied by a supporting brief.

(c) Responses to such motions shall be allowed only upon request of the ALJ.

(d) No party may file a motion for reconsideration of an initial decision that has been revised in response to a previous motion for reconsideration.

(e) The ALJ may dispose of a motion for reconsideration by denying it or by issuing a revised initial decision.

(f) If the ALJ denies a motion for reconsideration, the initial decision shall constitute the final decision of the Authority Head and shall be final and binding on the parties 30 days after it is issued by the ALJ.
§ 105-70.039 Appeal to Authority Head.

(a) Any defendant who has filed a timely answer and who is determined in an initial decision to be liable for a civil penalty or assessment may appeal such decision to the Authority Head by filing a notice of appeal with the Authority Head in accordance with this section.

(b)(1) A notice of appeal may be filed at any time within 30 days after the ALJ issues an initial decision. However, if another party files a motion for reconsideration under §105-70.038, consideration of the appeal shall be stayed automatically pending resolution of the motion for reconsideration.

(2) If a motion for reconsideration is timely filed, a notice of appeal may be filed within 30 days after the ALJ denies the motion or issues a revised initial decision, whichever applies.

(c) The Authority Head may extend the initial 30 day period for an additional 30 days if the defendant files with the Authority Head a request for an extension within the initial 30 day period and shows good cause.

(d) If the defendant files a timely notice of appeal with the Authority Head and the time for filing motions for reconsideration under §105-70.038 has expired, the ALJ shall forward the record of the proceeding to the Authority Head.

(e) A notice of appeal shall be accompanied by a written brief specifying exceptions to the initial decision and reasons supporting the exceptions.

(f) The representative for the Authority may file a brief in opposition to exceptions within 30 days of receiving the notice of appeal and accompanying brief.

(g) There is no right to appeal personally before the Authority Head.

(h) There is no right to appeal any interlocutory ruling by the ALJ.

(i) In reviewing the initial decision, the Authority Head shall not consider any objection that was not raised before the ALJ unless a demonstration is made of extraordinary circumstances causing the failure to raise the objection.

(j) If any party demonstrates to the satisfaction of the Authority Head that additional evidence not presented at such hearing is material and that there were reasonable grounds for the failure to present such evidence at such hearing, the Authority Head shall remand the matter to the ALJ for consideration of such additional evidence.

(k) The Authority Head may affirm, reduce, reverse, compromise, remand, or settle any penalty or assessment, determined by the ALJ in any initial decision.

(l) The Authority Head shall promptly serve each party to the appeal with a copy of the decision of the Authority Head and a statement describing the right of any person determined to be liable for a penalty or assessment to seek judicial review.

(m) Unless a petition for review is filed as provided in 31 U.S.C. 3805 after a defendant has exhausted all administrative remedies under this part and within 60 days after the date on which the Authority Head serves the defendant with a copy of the Authority Head's decision, a determination that a defendant is liable under §105-70.003 is final and is not subject to judicial review.

§ 105-70.040 Stays ordered by the Department of Justice.

If at any time the Attorney General or an Assistant Attorney General designated by the Attorney General transmits to the Authority Head a written finding that continuation of the administrative process described in this part with respect to a claim or statement may adversely affect any pending or potential criminal or civil action related to such claim or statement, the Authority Head shall stay the process immediately. The Authority Head may order the process resumed only upon
Federal Management Regulation

receipt of the written authorization of the Attorney General.

§ 105–70.041 Stay pending appeal.

(a) An initial decision is stayed automatically pending disposition of a motion for reconsideration or of an appeal to the Authority Head.

(b) No administrative stay is available following a final decision of the Authority Head.

§ 105–70.042 Judicial review.

Section 3805 of title 31, United States Code, authorizes judicial review by an appropriate United States District Court of a final decision of the Authority Head imposing penalties or assessments under this part and specifies the procedures for such review.

§ 105–70.043 Collection of civil penalties and assessments.

Sections 3806 and 3808(b) of title 31, United States Code, authorize action for collection of civil penalties and assessments imposed under this part and specify the procedures for such actions.

§ 105–70.044 Right to administrative offset.

The amount of any penalty or assessment which has become final, or for which a judgment has been entered under §105–70.042 or §105–70.043, or any amount agreed upon in a compromise or settlement under §105–70.046, may be collected by administrative offset under 30 U.S.C. 3716, except that an administrative offset may not be made under this subsection against a refund of an overpayment of Federal taxes, then or later owing by the United States to the defendant.

§ 105–70.045 Deposit in Treasury of United States.

All amounts collected pursuant to this part shall be deposited as miscellaneous receipts in the Treasury of the United States, except as provided in 31 U.S.C. 3806(g).

§ 105–70.046 Compromise or settlement.

(a) Parties may make offers of compromise or settlement at any time.

(b) The reviewing official has the exclusive authority to compromise or settle a case under this part at any time after the date on which the reviewing official is permitted to issue a complaint and before the date on which the ALJ issues an initial decision.

(c) The Authority Head has exclusive authority to compromise or settle a case under this part at any time after the date on which the ALJ issues an initial decision, except during the pendency of any review under §105–70.042 or during the pendency of any action to collect penalties and assessments under §105–70.043.

(d) The Attorney General has exclusive authority to compromise or settle a case under this part at any time after the date on which the ALJ issues an initial decision, except during the pendency of any review under §105–70.042 or during the pendency of any action to collect penalties and assessments under §105–70.043.

(e) The investigating official may recommend settlement terms to the reviewing official, the Authority Head, or the Attorney General, as appropriate. The reviewing official may recommend settlement terms to the Authority Head, or the Attorney General, as appropriate.

(f) Any compromise or settlement must be in writing.

§ 105–70.047 Limitations.

(a) The Program Fraud Civil Remedies Act of 1986 provides that a hearing shall be commenced within 6 years after the date on which a claim or statement is made. 31 U.S.C. 3808(a). The statute also provides that the hearing is commenced by the mailing or delivery of the presiding officer’s (ALJ’s) notice. 31 U.S.C. 3803(d)(2)(B). Accordingly, the notice of hearing provided for in §105–70.012 herein shall be served within 6 years after the date on which a claim or statement is made.

(b) If the defendant fails to file a timely answer, service of a notice under §105–70.010(b) shall be deemed a

Federal Management Regulation

§ 105-71.102

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee's cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) For non-construction grants, the SF-269 “Financial Status Report” (or other equivalent report); (2) for construction grants, the SF-271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat. 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district,
intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under State law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrual expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of work, rather than to the grantee's cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency's portion of real property, equipment or supplies, means the same percentage as the awarding agency's portion of the acquiring party's total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of the third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee.

Termination does not include: (1) Withdrawal of funds awarded on the basis of the grantee's underestimate of
Federal Management Regulation

§ 105–71.103

the unobligated balance in a prior period; (2) Withdrawal of the unobligated balance as of the expiration of a grant; (3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 105–71.103 Applicability.

§ 105–71.110 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial result of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 105–71.121 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this
Federal Management Regulation

§ 105–71.122

section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, awarding agency’s payments to the grantee or subgrantee will be based on the grantee’s or subgrantee’s actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital the awarding agency may provide cash or a working capital, advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee’s disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee’s actual cash disbursements.

(f) Effect of program income, refunds and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments(395,463),(472,486) and interest earned on a revolving fund before requesting additional cash payments for the same activity. (2) Except as provided in paragraph (f) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—

(i) The grantee or subgrantee has failed to comply with grant award conditions or

(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award conditions, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §105–71.143(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§ 105–71.122 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and
(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles:

§ 105–71.123 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover or unobligated balances are permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF–269). The Federal agency may extend this deadline at the request of the grantee.

§ 105–71.124 Matching or cost sharing.

(a) Basic rule. Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by other cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements apply.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §105–71.125, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §105–71.125(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other
provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect cost. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of contributions.

(iii) A third party in-kind contribution to a fixed price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee's or subgrantee's organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employee other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee's normal line of work, the services will be valued at the employee's regular rate of pay exclusive of the employee's fringe benefits and overhead costs. If the services are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and the title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply.

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be
counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-Federal share of the property may be counted as cost sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in §105-71.122, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property’s market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal funds, only the non-Federal share of the property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental value of land or of space in the building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the grantee. This requirement will also be imposed by the grantee on subgrantees.

§ 105-71.125 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Government revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §105-71.131 and §105-71.132.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described above, unless the Federal agency regulations or the
grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(1) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise.

§ 105–71.126 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–110, “Audits of States, Local Governments, and Other Non-Profit Organizations.” The audits shall be made by independent auditors in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A–110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A–110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure the appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, § 105–71.136 shall be followed.

§ 105–71.130 Changes.
(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see § 105–71.122) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes— (1) Non-construction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a non-construction award:
   (i) Any revision which would result in the need for additional funding.
   (ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.
   (iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).
   (2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.
   (3) Combined construction and non-construction projects. When a grant or subgrant provides funding for both construction and non-construction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from non-construction to construction or vice versa.
   (d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:
   (1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).
   (2) Need to extend the period of availability of funds.
   (3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.
   (4) Under non-construction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of § 105–71.136 but does not apply to the procurement of equipment, supplies, and general support services.
   (e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.
   (f) Requesting prior approval. (1) A request for prior approval under the applicable Federal cost principles (see § 105–71.122) may be made by letter.
   (2) A request for a prior approval under the applicable Federal cost principles shall be accomplished by a narrative justification for the proposed revision.
   (3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee’s approved
Federal Management Regulation

§ 105–71.131 Real property.
(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.
(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purpose, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.
(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives.
(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency's percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.
(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency's percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from the sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.
(3) Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee's percentage of participation in the purchase of the real property to the current fair market value of the property.

§ 105–71.132 Equipment.
(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.
(b) Use. Except as otherwise provided by Federal statutes, equipment will be used by the grantee or subgrantee for the originally authorized purposes as long as needed for that purpose, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.
(c) Disposition. When equipment is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives.
(1) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency's percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from the sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.
(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.
(3) Notwithstanding the encouragement in § 105–71.125(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.
(4) When acquiring replacement equipment, the grantee or subgrantee...
§ 105–71.133 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are

may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds the title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the data of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage or theft of the property. Any loss, damage or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) Federal equipment. In the event grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.

(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.

(3) When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third party named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

(1) The property shall be identified in the grant or otherwise made known to the grantee in writing.

(2) The Federal awarding agency shall issue disposition instruction within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow § 105–71.132(e).

(3) When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§ 105–71.133 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are
not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§ 105–71.134 Copyrights.
The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:
(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and
(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 105–71.135 Subawards to debarred and suspended parties.
Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension".

§ 105–71.136 Procurement.
(a) States. When procuring property and services under a grant, a State will allow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.
(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.
(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions and specifications of their contracts or purchase orders.
(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:
(i) The employee, officer or agent,
(ii) Any member of his immediate family,
(iii) His or her partner, or
(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee's or subgrantee's officers, employees or agent will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to sub-agreements. Grantees and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards of conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee's officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.
(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.
(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements.
for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: Rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protests to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of grantee's or subgrantee's protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §105-71.136. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement,

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except
Federal Management Regulation § 105–71.136

in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated;

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §105–71.136(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such
discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;
(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
(C) The awarding agency authorizes noncompetitive proposals; or
(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.
(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated costs, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor’s investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see § 105-71.122). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., when:

(i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a "brand name" product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system
§ 105–71.136

41 CFR Ch. 102 (7–1–00 Edition)

to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee’s and subgrantee’s contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR part 3). (All contracts and subgrants for construction or repair)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR part 5). (Construction contracts awarded in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining
§ 105–71.140 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Non-construction performance reports. The Federal agency may, if it decides that performance information
available from subsequent applications contains sufficient information to meet its programatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semiannual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semiannual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.

(d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(3) Changes in Federal law, regulations, or guidelines which will significantly alter the scope of work or the terms, conditions, and cost of the grant.

(e) Federal agencies may make site visits as warranted by program needs.

(f) Waivers, extensions. (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

§ 105-71.141 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB.
Federal Management Regulation

§ 105–71.141

to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decision making purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date on any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all non-construction grants and for construction grants when required in accordance with paragraph (e)(2)(iii) of this section.

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee's accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through an analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—(1) Form. (i) For grants paid by letter of credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272A, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the "Remarks" section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days' needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form
§ 105–71.142
270. Request for Advance or Reimbursement. This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.

(2) Reimbursements. Requests for reimbursement under non-construction grants will also be submitted on Standard Form 270. For reimbursement requests under construction grants, see paragraph (e)(1) of this section.

(3) The frequency for submitting payment requests is treated in §105–71.141(b)(3).

§ 105–71.142 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees of subgrantees or subgrantees which are:

(i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or

(ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

(2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §105–71.136(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

(2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

(3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

(c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on
the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year's records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

(2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

(3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee's fiscal year in which the income is earned.

(4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rates at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(ii) If not submitted for negotiation. If the proposal, plan, or other computations are not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilmimg, photocopying, or similar methods may be substituted for the original records.

(e) Access to records—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records. Unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 105–71.143 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporary withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency.

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award for the grantee's or subgrantee's program.

(4) Without further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency
§ 105–71.144 Termination for convenience.

Except as provided in §105–71.143 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or

(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated.

§ 105–71.145 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:

1. Final performance or progress report.
2. Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF–271) (as applicable).
3. Final request for payment (SF–270) (if applicable).
4. Invention disclosure (if applicable).
5. Federally-owned property report: In accordance with §105–71.132(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

(c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.

(d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.

(2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash
advanced that is not authorized to be retained for use on other grants.

§ 105–71.151 Later disallowances and adjustments.

The closeout of a grant does not affect:
(a) The Federal agency’s right to disallow costs and recover funds on the basis of a later audit or other review;
(b) The grantee’s obligation to return any funds due as a result of later refunds, corrections, or other transactions;
(c) Records retention as required in § 105–71.142;
(d) Property management requirements in § 105–71.131 and § 105–71.132; and
(e) Audit requirements in § 105–71.126.

§ 105–71.152 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:
(1) Making an administrative offset against other requests for reimbursement,
(2) Withholding advance payments otherwise due to the grantee, or
(3) Other action permitted by law.
(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch.II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

Subpart 105–72.1—General
§ 105–72.100  Purpose.
This part establishes uniform administrative requirements for Federal grants and agreements awarded to institutions of higher education, hospitals, and other non-profit organizations. Federal awarding agencies shall not impose additional or inconsistent requirements, except as provided in § 105–72.103, and § 105–72.204 or unless specifically required by Federal statute or executive order. Non-profit organizations that implement Federal programs for the States are also subject to State requirements.

§ 105–72.101 Definitions.
(a) Accrued expenditures means the charges incurred by the recipient during a given period requiring the provision of funds for:
(1) Goods and other tangible property received;
(2) Services performed by employees, contractors, subrecipients, and other payees; and
(3) Other amounts becoming owed under programs for which no current services or performance is required.
(b) Accrued income means the sum of:
(1) Earnings during a given period from
(i) Services performed by the recipient, and
(ii) Goods and other tangible property delivered to purchasers, and
(2) Amounts becoming owed to the recipient for which no current services or performance is required by the recipient.
(c) Acquisition cost of equipment means the net invoice price of the equipment, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges, such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the recipient’s regular accounting practices.
(d) Advance means a payment made by Treasury check or other appropriate payment mechanism to a recipient upon its request either before outlays are made by the recipient or through the use of predetermined payment schedules.
(e) Award means financial assistance that provides support or stimulation to accomplish a public purpose. Awards include grants and other agreements in the form of money or property in lieu of money, by the Federal Government to an eligible recipient. The term does not include: technical assistance, which provides services instead of money; other assistance in the form of loans, loan guarantees, interest subsidies, or insurance; direct payments of
any kind to individuals; and, contracts which are required to be entered into and administered under procurement laws and regulations.

(f) Cash contributions means the recipient’s cash outlay, including the outlay of money contributed to the recipient by third parties.

(g) Closeout means the process by which a Federal awarding agency determines that all applicable administrative actions and all required work of the award have been completed by the recipient and Federal awarding agency.

(h) Contract means a procurement contract under an award or subaward, and a procurement subcontract under a recipient’s or subrecipient’s contract.

(i) Cost sharing or matching means that portion of project or program costs not borne by the Federal Government.

(j) Date of completion means the date on which all work under an award is completed or the date on the award document, or any supplement or amendment thereto, on which Federal sponsorship ends.

(k) Disallowed costs means those charges to an award that the Federal awarding agency determines to be unallowable, in accordance with the applicable Federal cost principles or other terms and conditions contained in the award.

(l) Equipment means tangible non-expendable personal property including exempt property charged directly to the award having a useful life of more than one year and an acquisition cost of $5000 or more per unit. However, consistent with recipient policy, lower limits may be established.

(m) Excess property means property under the control of any Federal awarding agency that, as determined by the head thereof, is no longer required for its needs or the discharge of its responsibilities.

(n) Exempt property means tangible personal property acquired in whole or in part with Federal funds, where the Federal awarding agency has statutory authority to vest title in the recipient without further obligation to the Federal Government. An example of exempt property authority is contained in the Federal Grant and Cooperative Agreement Act (31 U.S.C. 6306), for property acquired under an award to conduct basic or applied research by a non-profit institution of higher education or non-profit organization whose principal purpose is conducting scientific research.

(o) Federal awarding agency means the Federal agency that provides an award to the recipient.

(p) Federal funds authorized means the total amount of Federal funds obligated by the Federal Government for use by the recipient. This amount may include any authorized carryover of unobligated funds from prior funding periods when permitted by agency regulations or agency implementing instructions.

(q) Federal share of real property, equipment, or supplies means that percentage of the property’s acquisition costs and any improvement expenditures paid with Federal funds.

(r) Funding period means the period of time when Federal funding is available for obligation by the recipient.

(s) Intangible property and debt instruments means, but is not limited to, trademarks, copyrights, patents and patent applications and such property as loans, notes and other debt instruments, lease agreements, stock and other instruments of property ownership, whether considered tangible or intangible.

(t) Obligations means the amounts of orders placed, contracts and grants awarded, services received and similar transactions during a given period that require payment by the recipient during the same or a future period.

(u) Outlays or expenditures means charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense charged, the value of third party in-kind contributions applied and the amount of cash advances and payments made to subrecipients. For reports prepared on an accrual basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the net increase (or decrease) in the amounts
owed by the recipient for goods and other property received, for services performed by employees, contractors, subrecipients and other payees and other amounts becoming owed under programs for which no current services or performance are required.

(v) Personal property means property of any kind except real property. It may be tangible, having physical existence, or intangible, having no physical existence, such as copyrights, patents, or securities.

(w) Prior approval means written approval by an authorized official evidencing prior consent.

(x) Program income means gross income earned by the recipient that is directly generated by a supported activity or earned as a result of the award (see exclusions in §105–72.304(e) and (h)). Program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights, and interest on loans made with award funds. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in Federal awarding agency regulations or the terms and conditions of the award, program income does not include the receipt of principal on loans, rebates, credits, discounts, etc., or interest earned on any of them.

(y) Project costs means all allowable costs, as set forth in the applicable Federal cost principles, incurred by a recipient and the value of the contributions made by third parties in accomplishing the objectives of the award during the project period.

(z) Project period means the period established in the award document during which Federal sponsorship begins and ends.

(aa) Property means, unless otherwise stated, real property, equipment, intangible property and debt instruments.

(bb) Real property means land, including land improvements, structures and appurtenances thereto, but excludes movable machinery and equipment.

(cc) Recipient means an organization receiving financial assistance directly from Federal awarding agencies to carry out a project or program. The term includes public and private institutions of higher education, public and private hospitals, and other quasi-public and private non-profit organizations such as, but not limited to, community action agencies, research institutes, educational associations, and health centers. The term may include commercial organizations, foreign or international organizations (such as agencies of the United Nations) which are recipients, subrecipients, or contractors or subcontractors of recipients or subrecipients at the discretion of the Federal awarding agency. The term does not include government-owned contractor-operated facilities or research centers providing continued support for mission-oriented, large-scale programs that are government-owned or controlled, or are designated as federally-funded research and development centers.

(dd) Research and development means all research activities, both basic and applied, and all development activities that are supported at universities, colleges, and other non-profit institutions. “Research” is defined as a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. “Development” is the systematic use of knowledge and understanding gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes. The term research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.

(ee) Small awards means a grant or cooperative agreement not exceeding the small purchase threshold fixed at 41 U.S.C. 403(11) (currently $25,000).

(ff) Subaward means an award of financial assistance in the form of money, or property in lieu of money, made under an award to an eligible subrecipient or by a subrecipient to a lower tier subrecipient.
The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but does not include procurement of goods and services nor does it include any form of assistance which is excluded from the definition of "award" in paragraph 105-72.101(e).

(gg) Subrecipient means the legal entity to which a subaward is made and which is accountable to the recipient for the use of the funds provided. The term may include foreign or international organizations (such as agencies of the United Nations) at the discretion of the Federal awarding agency.

(hh) Supplies means all personal property excluding equipment, intangible property, and debt instruments as defined in this section, and inventions of a contractor conceived or first actually reduced to practice in the performance of work under a funding agreement ("subject inventions"), as defined in 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts, and Cooperative Agreements."

(ii) Suspension means an action by a Federal awarding agency that temporarily withdraws Federal sponsorship under an award, pending corrective action by the recipient or pending a decision to terminate the award by the Federal awarding agency. Suspension of an award is a separate action from suspension under Federal agency regulations implementing E.O.s 12549 and 12689, "Debarment and Suspension."

(jj) Termination means the cancellation of Federal sponsorship, in whole or in part, under an agreement at any time prior to the date of completion.

(kk) Third party in-kind contributions means the value of noncash contributions provided by non-Federal third parties. Third party in-kind contributions may be in the form of real property, equipment, supplies and other expendable property, and the value of goods and services directly benefiting and specifically identifiable to the project or program.

(ll) Unliquidated obligations, for financial reports prepared on a cash basis, means the amount of obligations incurred by the recipient that have not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the recipient for which an outlay has not been recorded.

(mm) Unobligated balance means the portion of the funds authorized by the Federal awarding agency that has not been obligated by the recipient and is determined by deducting the cumulative obligations from the cumulative funds authorized.

(nn) Unrecovered indirect cost means the difference between the amount awarded and the amount which could have been awarded under the recipient's approved negotiated indirect cost rate.

(oo) Working capital advance means a procedure where by funds are advanced to the recipient to cover its estimated disbursement needs for a given initial period.

§ 105-72.102 Effect on other issuances.

For awards subject to this regulation, all administrative requirements of codified program regulations, program manuals, handbooks and other nonregulatory materials which are inconsistent with the requirements of this regulation shall be superseded, except to the extent they are required by statute, or authorized in accordance with the deviations provision in §105-72.103.

§ 105-72.103 Deviations.

The Office of Management and Budget (OMB) may grant exceptions for classes of grants or recipients subject to the requirements of this regulation when exceptions are not prohibited by statute. However, in the interest of maximum uniformity, exceptions from the requirements of this regulation shall be permitted only in unusual circumstances. Federal awarding agencies may apply more restrictive requirements to a class of recipients when approved by OMB. Federal awarding agencies may apply less restrictive requirements when awarding small awards, except for those requirements which are statutory. Exceptions on a case-by-case basis may also be made by Federal awarding agencies.
§ 105–72.104 Subawards.

Unless sections of this regulation specifically exclude subrecipients from coverage, the provisions of this regulation shall be applied to subrecipients performing work under awards if such subrecipients are institutions of higher education, hospitals or other non-profit organizations. State and local government subrecipients are subject to the provisions of regulations implementing the grants management common rule, “Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments,” 41 CFR 105–71.

Subpart 105–72.2—Pre-Award Requirements

§ 105–72.200 Purpose.

Sections 105–72.201 through 105–72.207 prescribe forms and instructions and other pre-award matters to be used in applying for Federal awards.

§ 105–72.201 Pre-award policies.

(a) Use of grants and cooperative agreements, and contracts. In each instance, the Federal awarding agency shall decide on the appropriate award instrument (i.e., grant, cooperative agreement, or contract). The Federal Grant and Cooperative Agreement Act (31 U.S.C. 6301–08) governs the use of grants, cooperative agreements and contracts. A grant or cooperative agreement shall be used only when the principal purpose of a transaction is to accomplish a public purpose of support or stimulation authorized by Federal statute. The statutory criterion for choosing between grants and cooperative agreements is that for the latter, “substantial involvement is expected between the executive agency and the State, local government, or other recipient when carrying out the activity contemplated in the agreement.” Contracts shall be used when the principal purpose is acquisition of property or services for the direct benefit or use of the Federal Government.

(b) Public notice and priority setting. Federal awarding agencies shall notify the public of its intended funding priorities for discretionary grant programs, unless funding priorities are established by Federal statute.

(a) Federal awarding agencies shall comply with the applicable report clearance requirements of 5 CFR part 1320, “Controlling Paperwork Burdens on the Public,” with regard to all forms used by the Federal awarding agency in place of or as a supplement to the Standard Form 424 (SF–424) series.

(b) Applicants shall use the SF–424 series or those forms and instructions prescribed by the Federal awarding agency.

(c) For Federal programs covered by E.O. 12372, “Intergovernmental Review of Federal Programs,” the applicant shall complete the appropriate sections of the SF–424 (Application for Federal Assistance) indicating whether the application was subject to review by the State Single Point of Contact (SPOC). The name and address of the SPOC for a particular State can be obtained from the Federal awarding agency or the Catalog of Federal Domestic Assistance. The SPOC shall advise the applicant whether the program for which application is made has been selected by that State for review.

(d) Federal awarding agencies that do not use the SF–424 form should indicate whether the application is subject to review by the State under E.O. 12372.

§ 105–72.203 Debarment and suspension.

Federal awarding agencies and recipients shall comply with the non-procurement debarment and suspension common rule implementing E.O.s 12549 and 12689, “Debarment and Suspension.” This common rule restricts subawards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

§ 105–72.204 Special award conditions.

If an applicant or recipient:

(a) Has a history of poor performance,

(b) Is not financially stable,
Federal Management Regulation

§ 105–72.301

(c) Has a management system that does not meet the standards prescribed in this regulation,
(d) Has not conformed to the terms and conditions of a previous award, or
(e) Is not otherwise responsible;
Federal awarding agencies may impose additional requirements as needed, provided that such applicant or recipient is notified in writing as to: the nature of the additional requirements, the reason why the additional requirements are being imposed, the nature of the corrective action needed, the time allowed for completing the corrective actions, and the method for requesting reconsideration of the additional requirements imposed. Any special conditions shall be promptly removed once the conditions that prompted them have been corrected.

§ 105–72.205 Metric system of measurement.
The Metric Conversion Act, as amended by the Omnibus Trade and Competitiveness Act (15 U.S.C. 205) declares that the metric system is the preferred measurement system for U.S. trade and commerce. The Act requires each Federal agency to establish a date or dates in consultation with the Secretary of Commerce, when the metric system of measurement will be used in the agency’s procurements, grants, and other business-related activities. Metric implementation may take longer where the use of the system is initially impractical or likely to cause significant inefficiencies in the accomplishment of federally-funded activities. Federal awarding agencies shall follow the provisions of E.O. 12770, “Metric Usage in Federal Government Programs.”

Under the Resource Conservation and Recovery Act (RCRA) (Pub. L. 94–580 enacted at 42 U.S.C. 6901), any State agency or agency of a political subdivision of a State which is using appropriated Federal funds must comply with section 6002. Section 6002 requires that preference be given in procurement programs to the purchase of specific products containing recycled materials identified in guidelines developed by the Environmental Protection Agency (EPA) (40 CFR parts 247 through 254). Accordingly, State and local institutions of higher education, hospitals, and non-profit organizations that receive direct Federal awards or other Federal funds shall give preference in their procurement programs funded with Federal funds to the purchase of recycled products pursuant to the EPA guidelines.

§ 105–72.207 Certifications and representations.

Unless prohibited by statute or codified regulation, each Federal awarding agency is authorized and encouraged to allow recipients to submit certifications and representations required by statute, executive order, or regulation on an annual basis, if the recipients have ongoing and continuing relationships with the agency. Annual certifications and representations shall be signed by responsible officials with the authority to ensure recipients’ compliance with the pertinent requirements.

Subpart 105–72.30—Post-Award Requirements/Financial and Program Management

§ 105–72.300 Purpose of financial and program management.

§ 105–72.301 Standards for financial management systems.

(a) Federal awarding agencies shall require recipients to relate financial data to performance data and develop unit cost information whenever practical.
(b) Recipients’ financial management systems shall provide for the following:
(1) Accurate, current and complete disclosure of the financial results of each federally-sponsored project or program in accordance with the reporting requirements set forth in §105-
72.602. If a Federal awarding agency requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient shall not be required to establish an accrual accounting system. These recipients may develop such accrual data for its reports on the basis of an analysis of the documentation on hand.

(2) Records that identify adequately the source and application of funds for federally-sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, income and interest.

(3) Effective control over and accountability for all funds, property and other assets. Recipients shall adequately safeguard all such assets and assure they are used solely for authorized purposes.

(4) Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data.

(5) Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury and the issuance or redemption of checks, warrants, or payment by other means by the recipients. Payment methods of State agencies or instrumentalities shall be consistent with Treasury-State CMIA agreements or default procedures codified at 31 CFR part 205.

(a) Payment methods shall minimize the time elapsing between the transfer of funds from the United States Treasury and the issuance or redemption of checks, warrants, or payment by other means by the recipients. Payment methods of State agencies or instrumentalities shall be consistent with Treasury-State CMIA agreements or default procedures codified at 31 CFR part 205.

(b)(1) Recipients are to be paid in advance, provided they maintain or demonstrate the willingness to maintain:

(i) Written procedures that minimize the time elapsing between the transfer of funds and disbursement by the recipient, and

(ii) Financial management systems that meet the standards for fund control and accountability as established in §105–72.301.

(2) Cash advances to a recipient organization shall be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the recipient organization in carrying out the purpose of the approved program or project. The timing and amount of cash advances shall be as close as administratively feasible to the actual disbursements by the recipient organization for direct program or project costs and the proportionate share of any allowable indirect costs.

(c) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the Federal awarding agency, at its discretion, may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(d) The Federal awarding agency may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government's interest.

(e) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 223, “Surety Companies Doing Business with the United States.”
Federal awarding agency to the recipient.

(1) Advance payment mechanisms include, but are not limited to, Treasury check and electronic funds transfer.

(2) Advance payment mechanisms are subject to 31 CFR part 205.

(3) Recipients shall be authorized to submit requests for advances and reimbursements at least monthly when electronic fund transfers are not used.

(d) Requests for Treasury check advance payment shall be submitted on SF-270, “Request for Advance or Reimbursement,” or other forms as may be authorized by OMB. This form is not to be used when Treasury check advance payments are made to the recipient automatically through the use of a predetermined payment schedule or if precluded by special Federal awarding agency instructions for electronic funds transfer.

(e) Reimbursement is the preferred method when the requirements in paragraph (b) cannot be met. Federal awarding agencies may also use this method on any construction agreement, or if the major portion of the construction project is accomplished through private market financing or Federal loans, and the Federal assistance constitutes a minor portion of the project.

(1) When the reimbursement method is used, the Federal awarding agency shall make payment within 30 days after receipt of the billing, unless the billing is improper.

(2) Recipients shall be authorized to submit request for reimbursement at least monthly when electronic funds transfers are not used.

(f) If a recipient cannot meet the criteria for advance payments and the Federal awarding agency has determined that reimbursement is not feasible because the recipient lacks sufficient working capital, the Federal awarding agency may provide cash on a working capital advance basis. Under this procedure, the Federal awarding agency shall advance cash to the recipient to cover its estimated disbursement needs for an initial period generally geared to the awardee’s disbursing cycle. Thereafter, the Federal awarding agency shall reimburse the recipient for its actual cash disbursements. The working capital advance method of payment shall not be used for recipients unwilling or unable to provide timely advances to their subrecipient to meet the subrecipient’s actual cash disbursements.

(g) To the extent available, recipients shall disburse funds available from repayments to and interest earned on a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(h) Unless otherwise required by statute, Federal awarding agencies shall not withhold payments for proper charges made by recipients at any time during the project period unless paragraphs (h)(1) or (2) of this section apply.

(1) A recipient has failed to comply with the project objectives, the terms and conditions of the award, or Federal reporting requirements.

(2) The recipient or subrecipient is delinquent in a debt to the United States as defined in OMB Circular A-129, “Managing Federal Credit Programs.” Under such conditions, the Federal awarding agency may, upon reasonable notice, inform the recipient that payments shall not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness to the Federal Government is liquidated.

(i) Standards governing the use of banks and other institutions as depositories of funds advanced under awards are as follows:

(1) Except for situations described in paragraph (i)(2), Federal awarding agencies shall not require separate depository accounts for funds provided to a recipient or establish any eligibility requirements for depositories for funds provided to a recipient. However, recipients must be able to account for the receipt, obligation and expenditure of funds.

(2) Advances of Federal funds shall be deposited and maintained in insured accounts whenever possible.

(j) Consistent with the national goal of expanding the opportunities for women-owned and minority-owned business enterprises, recipients shall be encouraged to use women-owned and
§ 105–72.303

minority-owned banks (a bank which is owned at least 50 percent by women or minority group members).

(k) Recipients shall maintain advances of Federal funds in interest bearing accounts, unless paragraph (k)(1), (2) or (3) of this section apply.

1. The recipient receives less than $120,000 in Federal awards per year.

2. The best reasonably available interest bearing account would not be expected to earn interest in excess of $250 per year on Federal cash balances.

3. The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

(l) For those entities where CMIA and its implementing regulations do not apply, interest earned on Federal advances deposited in interest bearing accounts shall be remitted annually to Department of Health and Human Services, Payment Management System, P.O. Box 6021, Rockville, MD 20852. Interest amounts up to $250 per year may be retained by the recipient for administrative expense. State universities and hospitals shall comply with CMIA, as it pertains to interest. If an entity subject to CMIA uses its own funds to pay pre-award costs for discretionary awards without prior written approval from the Federal awarding agency, it waives its right to recover the interest under CMIA.

(m) Except as noted elsewhere in this regulation, only the following forms shall be authorized for the recipients in requesting advances and reimbursements. Federal agencies shall not require more than an original and two copies of these forms.

(1) SF–270, Request for Advance or Reimbursement. Each Federal awarding agency shall adopt the SF–270 as the standard form to be used for requesting reimbursement for construction programs. However, a Federal awarding agency may substitute the SF–270 when the Federal awarding agency determines that it provides adequate information to meet Federal needs.

§ 105–72.303 Cost sharing or matching.

(a) All contributions, including cash and third party in-kind, shall be accepted as part of the recipient’s cost sharing or matching when such contributions meet all of the following criteria.

1. Are verifiable from the recipient’s records.

2. Are not included as contributions for any other federally-assisted project or program.

3. Are necessary and reasonable for proper and efficient accomplishment of project or program objectives.

4. Are allowable under the applicable cost principles.

5. Are not paid by the Federal Government under another award, except where authorized by Federal statute to be used for cost sharing or matching.

6. Are provided for in the approved budget when required by the Federal awarding agency.

7. Conform to other provisions of this regulation, as applicable.

(b) Unrecovered indirect costs may be included as part of cost sharing or matching only with the prior approval of the Federal awarding agency.

(c) Values for recipient contributions of services and property shall be established in accordance with the applicable cost principles. If a Federal awarding agency authorizes recipients to donate buildings or land for construction/facilities acquisition projects or long-term use, the value of the donated property for cost sharing or matching shall be the lesser of paragraph (c)(1) or (2) of this section.

1. The certified value of the remaining life of the property recorded in the recipient’s accounting records at the time of donation.

2. The current fair market value. However, when there is sufficient justification, the Federal awarding agency may approve the use of the current...
fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project.

(d) Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services shall be consistent with those paid for similar work in the recipient's organization. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(e) When an employer other than the recipient furnishes the services of an employee, these services shall be valued at the employee's regular rate of pay (plus an amount of fringe benefits that are reasonable, allowable, and allocable, but exclusive of overhead costs), provided these services are in the same skill for which the employee is normally paid.

(f) Donated supplies may include such items as expendable equipment, office supplies, laboratory supplies or workshop and classroom supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(g) The method used for determining cost sharing or matching for donated equipment, buildings and land for which title passes to the recipient may differ according to the purpose of the award, if paragraph (g)(1) or (2) of this section apply.

1. If the purpose of the award is to assist the recipient in the acquisition of equipment, buildings or land, the total value of the donated property may be claimed as cost sharing or matching.

2. If the purpose of the award is to support activities that require the use of equipment, buildings or land, normally only depreciation or use charges for equipment and buildings may be made. However, the full value of equipment or other capital assets and fair rental charges for land may be allowed, provided that the Federal awarding agency has approved the charges.

(h) The value of donated property shall be determined in accordance with the usual accounting policies of the recipient, with the following qualifications.

1. The value of donated land and buildings shall not exceed its fair market value at the time of donation to the recipient as established by an independent appraiser (e.g., certified real property appraiser or General Services Administration representative) and certified by a responsible official of the recipient.

2. The value of donated equipment shall not exceed the fair market value of equipment of the same age and condition at the time of donation.

3. The value of donated space shall not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.

4. The value of loaned equipment shall not exceed its fair rental value.

5. The following requirements pertain to the recipient's supporting records for in-kind contributions from third parties.

(i) Volunteer services shall be documented and, to the extent feasible, supported by the same methods used by the recipient for its own employees.

(ii) The basis for determining the valuation for personal service, material, equipment, buildings and land shall be documented.

§ 105–72.304 Program income.

(a) Federal awarding agencies shall apply the standards set forth in this section in requiring recipient organizations to account for program income related to projects financed in whole or in part with Federal funds.

(b) Except as provided in paragraph (h) of this section, program income earned during the project period shall be retained by the recipient and, in accordance with Federal awarding agency regulations or the terms and conditions of the award, shall be used in one
§ 105–72.305 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved during the award process. It may include either the Federal and non-Federal share, or only the Federal share, depending upon Federal awarding agency requirements. It shall be related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with this section.

(c) For nonconstruction awards, recipients shall request prior approvals from Federal awarding agencies for one or more of the following program or budget related reasons.

(1) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(2) Change in a key person specified in the application or award document.

(3) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(4) The need for additional Federal funding.

(5) The transfer of amounts budgeted for indirect costs to absorb increases in direct costs, or vice versa, if approval is required by the Federal awarding agency.

or more of the ways listed in the following.

(1) Added to funds committed to the project by the Federal awarding agency and recipient and used to further eligible project or program objectives.

(2) Used to finance the non-Federal share of the project or program.

(3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

(c) When an agency authorizes the disposition of program income as described in paragraphs (b)(1) or (b)(2), program income in excess of any limits stipulated shall be used in accordance with paragraph (b)(3).

(d) In the event that the Federal awarding agency does not specify in its regulations or the terms and conditions of the award how program income is to be used, paragraph (b)(3) shall apply automatically to all projects or programs except research. For awards that support research, paragraph (b)(1) shall apply automatically unless the awarding agency indicates in the terms and conditions another alternative on the award or the recipient is subject to special award conditions, as indicated in § 105–72.204.

(e) Unless Federal awarding agency regulations or the terms and conditions of the award provide otherwise, recipients shall have no obligation to the Federal Government regarding program income earned after the end of the project period.

(f) If authorized by Federal awarding agency regulations or the terms and conditions of the award, costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

(g) Proceeds from the sale of property shall be handled in accordance with the requirements of the Property Standards (See § 105–72.400 through § 105–72.407).

(h) Unless Federal awarding agency regulations or the terms and condition of the award provide otherwise, recipients shall have no obligation to the Federal Government with respect to program income earned from license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under an award. However, Patent and Trademark Amendments (35 U.S.C. 18) apply to inventions made under an experimental, developmental, or research award.

41 CFR Ch. 102 (7–1–00 Edition)
Federal Management Regulation

Cost Principles and Procedures,” as applicable.

(7) The transfer of funds allotted for training allowances (direct payment to trainees) to other categories of expense.

(8) Unless described in the application and funded in the approved awards, the subaward, transfer or contracting out of any work under an award. This provision does not apply to the purchase of supplies, material, equipment or general support services.

(d) No other prior approval requirements for specific items may be imposed unless a deviation has been approved by OMB.

(e) Except for requirements listed in paragraphs (c)(1) and (c)(4) of this section, Federal awarding agencies are authorized, at their option, to waive cost-related and administrative prior written approvals required by this regulation and OMB Circulars A–21 and A–122. Such waivers may include authorizing recipients to do any one or more of the following.

(1) Incur pre-award costs 90 calendar days prior to award or more than 90 calendar days with the prior approval of the Federal awarding agency. All pre-award costs are incurred at the recipient’s risk (i.e., the Federal awarding agency is under no obligation to reimburse such costs if for any reason the recipient does not receive an award or if the award is less than anticipated and inadequate to cover such costs).

(2) Initiate a one-time extension of the expiration date of the award of up to 12 months unless one or more of the following conditions apply. For one-time extensions, the recipient must notify the Federal awarding agency in writing with the supporting reasons and revised expiration date at least 10 days before the expiration date specified in the award. This one-time extension may not be exercised merely for the purpose of using unobligated balances.

(i) The terms and conditions of award prohibit the extension.

(ii) The extension requires additional Federal funds.

(iii) The extension involves any change in the approved objectives or scope of the project.

(3) Carry forward unobligated balances to subsequent funding periods.

(4) For awards that support research, unless the Federal awarding agency provides otherwise in the award or in the agency’s regulations, the prior approval requirements described in paragraph (e) are automatically waived (i.e., recipients need not obtain such prior approvals) unless one of the conditions included in paragraph (e)(2) applies.

(f) The Federal awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for awards in which the Federal share of the project exceeds $100,000 and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent of the total budget as last approved by the Federal awarding agency. No Federal awarding agency shall permit a transfer that would cause any Federal appropriation or part thereof to be used for purposes other than those consistent with the original intent of the appropriation.

(g) All other changes to nonconstruction budgets, except for the changes described in paragraph (j), do not require prior approval.

(h) For construction awards, recipients shall request prior written approval promptly from Federal awarding agencies for budget revisions whenever paragraphs (h)(1), (2) or (3) of this section apply.

(i) The revision results from changes in the scope or the objective of the project or program.

(2) The need arises for additional Federal funds to complete the project.

(3) A revision is desired which involves specific costs for which prior written approval requirements may be imposed consistent with applicable OMB cost principles listed in §105–72.307.

(i) No other prior approval requirements for specific items may be imposed unless a deviation has been approved by OMB.

(j) When a Federal awarding agency makes an award that provides support for both construction and nonconstruction work, the Federal awarding agency may require the recipient to request
prior approval from the Federal awarding agency before making any fund or budget transfers between the two types of work supported.

(k) For both construction and non-construction awards, Federal awarding agencies shall require recipients to notify the Federal awarding agency in writing promptly whenever the amount of Federal authorized funds is expected to exceed the needs of the recipient for the project period by more than $5000 or five percent of the Federal award, whichever is greater. This notification shall not be required if an application for additional funding is submitted for a continuation award.

(l) When requesting approval for budget revisions, recipients shall use the budget forms that were used in the application unless the Federal awarding agency indicates a letter of request suffices.

(m) Within 30 calendar days from the date of receipt of the request for budget revisions, Federal awarding agencies shall review the request and notify the recipient whether the budget revisions have been approved. If the revision is still under consideration at the end of 30 calendar days, the Federal awarding agency shall inform the recipient in writing of the date when the recipient may expect the decision.

(a) Recipients and subrecipients that are institutions of higher education or other non-profit organizations (including hospitals) shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations.”

(b) State and local governments shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations.”

(c) For-profit hospitals not covered by the audit provisions of revised OMB Circular A–133 shall be subject to the audit requirements of the Federal awarding agencies.

(d) Commercial organizations shall be subject to the audit requirements of the Federal awarding agency or the prime recipient as incorporated into the award document.

§ 105–72.307 Allowable costs.

For each kind of recipient, there is a set of Federal principles for determining allowable costs. Allowability of costs shall be determined in accordance with the cost principles applicable to the entity incurring the costs. Thus, allowability of costs incurred by State, local or federally-recognized Indian tribal governments is determined in accordance with the provisions of OMB Circular A–87, “Cost Principles for State and Local Governments.” The allowability of costs incurred by non-profit organizations is determined in accordance with the provisions of OMB Circular A–122, “Cost Principles for Non-Profit Organizations.” The allowability of costs incurred by institutions of higher education is determined in accordance with the provisions of OMB Circular A–21, “Cost Principles for Educational Institutions.” The allowability of costs incurred by hospitals is determined in accordance with the provisions of appendix E of 45 CFR part 74, “Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals.” The allowability of costs incurred by commercial organizations and those non-profit organizations listed in Attachment C to Circular A–122 is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR part 31.

§ 105–72.308 Period of availability of funds.

Where a funding period is specified, a recipient may charge to the grant only allowable costs resulting from obligations incurred during the funding period and any pre-award costs authorized by the Federal awarding agency.
Subpart 105–72.40—Post-Award Requirements/Property Standards

§ 105–72.400 Purpose of property standards.

Sections 105–72.401 through 105–72.407 set forth uniform standards governing management and disposition of property furnished by the Federal Government whose cost was charged to a project supported by a Federal award. Federal awarding agencies shall require recipients to observe these standards under awards and shall not impose additional requirements, unless specifically required by Federal statute. The recipient may use its own property management standards and procedures provided it observes the provisions of § 105–72.401 through § 105–72.407.

§ 105–72.401 Insurance coverage.

Recipients shall, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired with Federal funds as provided to property owned by the recipient. Federally-owned property need not be insured unless required by the terms and conditions of the award.

§ 105–72.402 Real property.

Each Federal awarding agency shall prescribe requirements for recipients concerning the use and disposition of real property acquired in whole or in part under awards. Unless otherwise provided by statute, such requirements, at a minimum, shall contain the following.

(a) Title to real property shall vest in the recipient subject to the condition that the recipient shall use the real property for the authorized purpose of the project as long as it is needed and shall not encumber the property without approval of the Federal awarding agency.

(b) The recipient shall obtain written approval by the Federal awarding agency for the use of real property in other federally-sponsored projects when the recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects shall be limited to those under federally-sponsored projects (i.e., awards) or programs that have purposes consistent with those authorized for support by the Federal awarding agency.

(c) When the real property is no longer needed as provided in paragraphs (a) and (b), the recipient shall request disposition instructions from the Federal awarding agency or its successor Federal awarding agency. The Federal awarding agency shall observe one or more of the following disposition instructions.

(1) The recipient may be permitted to retain title without further obligation to the Federal Government after it compensates the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project.

(2) The recipient may be directed to sell the property under guidelines provided by the Federal awarding agency and pay the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project (after deducting actual and reasonable selling and fix-up expenses, if any, from the sales proceeds). When the recipient is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

(3) The recipient may be directed to transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the recipient shall be entitled to compensation for its attributable percentage of the current fair market value of the property.

§ 105–72.403 Federally-owned and exempt property.

(a) Federally-owned property.

(i) Title to federally-owned property remains vested in the Federal Government. Recipients shall submit annually an inventory listing of federally-owned property in their custody to the Federal awarding agency. Upon completion of the award or when the property is no longer needed, the recipient shall report the property to the Federal awarding agency for further Federal agency utilization.
§ 105–72.404  Equipment.

(a) Title to equipment acquired by a recipient with Federal funds shall vest in the recipient, subject to conditions of this section.

(b) The recipient shall not use equipment acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute, for as long as the Federal Government retains an interest in the equipment.

(c) The recipient shall use the equipment in the project or program for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds and shall not encumber the property without approval of the Federal awarding agency. When no longer needed for the original project or program, the recipient shall use the equipment in connection with its other federally-sponsored activities, in the following order of priority:

(1) Activities sponsored by the Federal awarding agency which funded the original project, then

(2) Activities sponsored by other Federal awarding agencies.

(d) During the time that equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs if such other use will not interfere with the work on the project or program for which the equipment was originally acquired. First preference for such other use shall be given to other projects or programs sponsored by the Federal awarding agency that financed the equipment; second preference shall be given to projects or programs sponsored by other Federal awarding agencies. If the equipment is owned by the Federal Government, use on other activities not sponsored by the Federal Government shall be permissible if authorized by the Federal awarding agency. User charges shall be treated as program income.

(e) When acquiring replacement equipment, the recipient may use the equipment to be replaced as trade-in or sell the equipment and use the proceeds to offset the costs of the replacement equipment subject to the approval of the Federal awarding agency.

(f) The recipient’s property management standards for equipment acquired with Federal funds and federally-owned equipment shall include all of the following.

(i) Equipment records shall be maintained accurately and shall include the following information.

(ii) A description of the equipment.

(iii) Manufacturer’s serial number, model number, Federal stock number, national stock number, or other identification number.

(iv) Source of the equipment, including the award number.

(v) Whether title vests in the recipient or the Federal Government.

(vi) Acquisition date (or date received, if the equipment was furnished by the Federal Government) and cost.

(vii) Information from which one can calculate the percentage of Federal...
participation in the cost of the equipment (not applicable to equipment furnished by the Federal Government).
(vii) Location and condition of the equipment and the date the information was reported.
(viii) Unit acquisition cost.
(ix) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates the Federal awarding agency for its share.
(2) Equipment owned by the Federal Government shall be identified to indicate Federal ownership.
(3) A physical inventory of equipment shall be taken and the results reconciled with the equipment records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment.
(4) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented; if the equipment was owned by the Federal Government, the recipient shall promptly notify the Federal awarding agency.
(5) Adequate maintenance procedures shall be implemented to keep the equipment in good condition.
(6) Where the recipient is authorized or required to sell the equipment, proper sales procedures shall be established which provide for competition to the extent practicable and result in the highest possible return.
(g) When the recipient no longer needs the equipment, the equipment may be used for other activities in accordance with the following standards. For equipment with a current per unit fair market value of $5000 or more, the recipient may retain the equipment for other uses provided that compensation is made to the original Federal awarding agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the equipment. If the recipient has no need for the equipment, the recipient shall request disposition instructions from the Federal awarding agency. The Federal awarding agency shall determine whether the equipment can be used to meet the agency’s requirements. If no requirement exists within that agency, the availability of the equipment shall be reported to the General Services Administration by the Federal awarding agency to determine whether a requirement for the equipment exists in other Federal agencies. The Federal awarding agency shall issue instructions to the recipient no later than 120 calendar days after the recipient’s request and the following procedures shall govern:
(1) If so instructed or if disposition instructions are not issued within 120 calendar days after the recipient’s request, the recipient shall sell the equipment and reimburse the Federal awarding agency an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the recipient shall be permitted to deduct and retain from the Federal share $500 or ten percent of the proceeds, whichever is less, for the recipient’s selling and handling expenses.
(2) If the recipient is instructed to ship the equipment elsewhere, the recipient shall be reimbursed by the Federal Government by an amount which is computed by applying the percentage of the recipient’s participation in the cost of the original project or program to the current fair market value of the equipment, plus any reasonable shipping or interim storage costs incurred.
(3) If the recipient is instructed to otherwise dispose of the equipment, the recipient shall be reimbursed by the Federal awarding agency for such costs incurred in its disposition.
(4) The Federal awarding agency may reserve the right to transfer the title to the Federal Government or to a third party named by the Federal Government when such third party is otherwise eligible under existing statutes.
§ 105–72.405

Such transfer shall be subject to the following standards.

(i) The equipment shall be appropriately identified in the award or otherwise made known to the recipient in writing.

(ii) The Federal awarding agency shall issue disposition instructions within 120 calendar days after receipt of a final inventory. The final inventory shall list all equipment acquired with grant funds and federally-owned equipment. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar day period, the recipient shall apply the standards of this section, as appropriate.

(iii) When the Federal awarding agency exercises its right to take title, the equipment shall be subject to the provisions for federally-owned equipment.

§ 105–72.405 Supplies and other expendable property.

(a) Title to supplies and other expendable property shall vest in the recipient upon acquisition. If there is a residual inventory of unused supplies exceeding $5000 in total aggregate value upon termination or completion of the project or program and the supplies are not needed for any other federally-sponsored project or program, the recipient shall retain the supplies for use on non-Federal sponsored activities or sell them, but shall, in either case, compensate the Federal Government for its share. The amount of compensation shall be computed in the same manner as for equipment. If the Federal awarding agency(ies) reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.

(b) Recipients are subject to applicable regulations governing patents and inventions, including governmentwide regulations issued by the Department of Commerce at 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements.”

(c) Unless waived by the Federal awarding agency, the Federal Government has the right to paragraph (c)(1) and (2) of this section.

(1) Obtain, reproduce, publish or otherwise use the data first produced under an award.

(2) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

(d) Title to intangible property and debt instruments acquired under an award or subaward vests upon acquisition in the recipient. The recipient shall use that property for the originally-authorized purpose, and the recipient shall not encumber the property without approval of the Federal awarding agency. When no longer needed for the originally authorized purpose, disposition of the intangible property shall occur in accordance with the provisions of §105–72.404(g).

Real property, equipment, intangible property and debt instruments that are acquired or improved with Federal funds shall be held in trust by the recipient as trustee for the beneficiaries of the project or program under which the property was acquired or improved. Agencies may require recipients to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with Federal funds and that use and disposition conditions apply to the property.
Federal Management Regulation

Subpart 105–72.50—Post-Award Requirements/Procurement Standards

§ 105–72.500 Purpose of procurement standards.

Sections 105–72.501 through 105–72.508 set forth standards for use by recipients in establishing procedures for the procurement of supplies and other expendable property, equipment, real property and other services with Federal funds. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal statutes and executive orders. No additional procurement standards or requirements shall be imposed by the Federal awarding agencies upon recipients, unless specifically required by Federal statute or executive order or approved by OMB.

§ 105–72.501 Recipient responsibilities.

The standards contained in this section do not relieve the recipient of the contractual responsibilities arising under its contract(s). The recipient is the responsible authority, without recourse to the Federal awarding agency, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of an award or other agreement. This includes disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of statute are to be referred to such Federal, State or local authority as may have proper jurisdiction.

§ 105–72.502 Codes of conduct.

The recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipient.

§ 105–72.503 Competition.

All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be excluded from competing for such procurements. Awards shall be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the recipient, price, quality and other factors considered. Solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient. Any and all bids or offers may be rejected when it is in the recipient's interest to do so.

§ 105–72.504 Procurement procedures.

(a) All recipients shall establish written procurement procedures. These procedures shall provide for, at a minimum, that paragraphs (a)(1), (2) and (3) of this section apply.

(1) Recipients avoid purchasing unnecessary items.

(2) Where appropriate, an analysis is made of lease and purchase alternatives to determine which would be
the most economical and practical procurement for the Federal Government.

(3) Solicitations for goods and services provide for all of the following.
   (i) A clear and accurate description of the technical requirements for the material, product or service to be procured. In competitive procurements, such a description shall not contain features which unduly restrict competition.
   (ii) Requirements which the bidder/offeror must fulfill and all other factors to be used in evaluating bids or proposals.
   (iii) A description, whenever practicable, of technical requirements in terms of functions to be performed or performance required, including the range of acceptable characteristics or minimum acceptable standards.
   (iv) The specific features of "brand name or equal" descriptions that bidders are required to meet when such items are included in the solicitation.
   (v) The acceptance, to the extent practicable and economically feasible, of products and services dimensioned in the metric system of measurement.
   (vi) Preference, to the extent practicable and economically feasible, for products and services that conserve natural resources and protect the environment and are energy efficient.

(b) Positive efforts shall be made by recipients to utilize small businesses, minority-owned firms, and women's business enterprises, whenever possible. Recipients of Federal awards shall take all of the following steps to further this goal.

1. Ensure that small businesses, minority-owned firms, and women's business enterprises are used to the fullest extent practicable.
2. Make information on forthcoming opportunities available and arrange timeframes for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.
3. Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.
4. Encourage contracting with consortiums of small businesses, minority-owned firms and women's business enterprises when a contract is too large for one of these firms to handle individually.
5. Use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Department of Commerce's Minority Business Development Agency in the solicitation and utilization of small businesses, minority-owned firms and women's business enterprises.

(c) The type of procuring instruments used (e.g., fixed price contracts, cost reimbursable contracts, purchase orders, and incentive contracts) shall be determined by the recipient but shall be appropriate for the particular procurement and for promoting the best interest of the program or project involved. The "cost-plus-a-percentage-of-cost" or "percentage of construction cost" methods of contracting shall not be used.

(d) Contracts shall be made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources or accessibility to other necessary resources. In certain circumstances, contracts with certain parties are restricted by agencies' implementation of E.O.s 12549 and 12689, "Debarment and Suspension."

(e) Recipients shall, on request, make available for the Federal awarding agency, pre-award review and procurement documents, such as request for proposals or invitations for bids, independent cost estimates, etc., when any of the following conditions apply.

1. A recipient's procurement procedures or operation fails to comply with the procurement standards in the Federal awarding agency's implementation of this regulation.
2. The procurement is expected to exceed the small purchase threshold fixed at 41 U.S.C. 403 (11) (currently $25,000) and is to be awarded without competition or only one bid or offer is received in response to a solicitation.

252
(3) The procurement, which is expected to exceed the small purchase threshold, specifies a "brand name" product.

(4) The proposed award over the small purchase threshold is to be awarded to other than the apparent low bidder under a sealed bid procurement.

(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the amount of the small purchase threshold.

§ 105–72.505 Cost and price analysis.

Some form of cost or price analysis shall be made and documented in the procurement files in connection with every procurement action. Price analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability and allowability.

§ 105–72.506 Procurement records.

Procurement records and files for purchases in excess of the small purchase threshold shall include the following at a minimum:

(a) Basis for contractor selection,

(b) Justification for lack of competition when competitive bids or offers are not obtained, and

(c) Basis for award cost or price.

§ 105–72.507 Contract administration.

A system for contract administration shall be maintained to ensure contractor conformance with the terms, conditions and specifications of the contract and to ensure adequate and timely follow up of all purchases. Recipients shall evaluate contractor performance and document, as appropriate, whether contractors have met the terms, conditions and specifications of the contract.

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts.

(a) Contracts in excess of the small purchase threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(b) All contracts in excess of the small purchase threshold shall contain suitable provisions for termination by the recipient, including the manner by which termination shall be effected and the basis for settlement. In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(c) Except as otherwise required by statute, an award that requires the contracting (or subcontracting) for construction or facility improvements shall provide for the recipient to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds $100,000. For those contracts or subcontracts exceeding $100,000, the Federal awarding agency may accept the bonding policy and requirements of the recipient, provided the Federal awarding agency has made a determination that the Federal Government's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows.

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the
§ 105–72.600

contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and material in the execution of the work provided for in the contract.

(4) Where bonds are required in the situations described herein, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR part 223, “Surety Companies Doing Business with the United States.”

(d) All negotiated contracts (except those for less than the small purchase threshold) awarded by recipients shall include a provision to the effect that the recipient, the Federal awarding agency, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(e) All contracts, including small purchases, awarded by recipients and their contractors shall contain the procurement provisions of appendix A to this part, as applicable.

Subpart 105–72.60—Post-Award Requirements/Reports and Records

§ 105–72.600 Purpose of reports and records.

Sections 105–72.601 through 105–72.603 set forth the procedures for monitoring and reporting on the recipient's financial and program performance and the necessary standard reporting forms. They also set forth record retention requirements.

§ 105–72.601 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by the Federal award. Recipients shall monitor subawards to ensure sub-recipients have met the audit requirements as delineated in §105–72.306.

(b) The Federal awarding agency shall prescribe the frequency with which the performance reports shall be submitted. Except as provided in paragraph (f) of this section, performance reports shall not be required more frequently than quarterly or, less frequently than annually. Annual reports shall be due 90 calendar days after the grant year; quarterly or semiannual reports shall be due 30 days after the reporting period. The Federal awarding agency may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report shall not be required after completion of the project.

(d) When required, performance reports shall generally contain, for each award, brief information on each of the following:

(1) A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(e) Recipients shall not be required to submit more than the original and two copies of performance reports.

(f) Recipients shall immediately notify the Federal awarding agency of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) Federal awarding agencies may make site visits, as needed.
(h) Federal awarding agencies shall comply with clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

§ 105±72.602 Financial reporting.

(a) The following forms or such other forms as may be approved by OMB are authorized for obtaining financial information from recipients.

(1) SF-269 or SF-269A, Financial Status Report. (i) Each Federal awarding agency shall require recipients to use the SF-269 or SF-269A to report the status of funds for all nonconstruction projects or programs. A Federal awarding agency may, however, have the option of not requiring the SF-269 or SF-269A when the SF-270, Request for Advance or Reimbursement, or SF-272, Report of Federal Cash Transactions, is determined to provide adequate information to meet its needs, except that a final SF-269 or SF-269A shall be required at the completion of the project when the SF-270 is used only for advances.

(ii) The Federal awarding agency shall prescribe whether the report shall be on a cash or accrual basis. If the Federal awarding agency requires accrual information and the recipient’s accounting records are not normally kept on the accrual basis, the recipient shall not be required to convert its accounting system, but shall develop such accrual information through best estimates based on an analysis of the documentation on hand.

(iii) The Federal awarding agency shall determine the frequency of the Financial Status Report for each project or program, considering the size and complexity of the particular project or program. However, the report shall not be required more frequently than quarterly or less frequently than annually. A final report shall be required at the completion of the agreement.

(iv) The Federal awarding agency shall require recipients to submit the SF-269 or SF-269A (an original and no more than two copies) no later than 30 days after the end of each specified reporting period for quarterly and semiannual reports, and 90 calendar days for annual and final reports. Extensions of reporting due dates may be approved by the Federal awarding agency upon request of the recipient.

(ii) Federal awarding agencies may require forecasts of Federal cash requirements in the “Remarks” section of the report.

(iii) When practical and deemed necessary, Federal awarding agencies may require recipients to report in the “Remarks” section the amount of cash advances received in excess of three days. Recipients shall provide short narrative explanations of actions taken to reduce the excess balances.

(iv) Recipients shall be required to submit not more than the original and two copies of the SF-272, 15 calendar days following the end of each quarter. The Federal awarding agencies may require a monthly report from those recipients receiving advances totaling $1 million or more per year.

(v) Federal awarding agencies may waive the requirement for submission of the SF-272 for any one of the following reasons:

(A) When monthly advances do not exceed $25,000 per recipient, provided that such advances are monitored through other forms contained in this section;

(B) If, in the Federal awarding agency’s opinion, the recipient’s accounting controls are adequate to minimize excessive Federal advances; or,

(C) When the electronic payment mechanisms provide adequate data.

(b) When the Federal awarding agency needs additional information or more frequent reports, the following shall be observed.

(1) When additional information is needed to comply with legislative requirements, Federal awarding agencies shall issue instructions to require recipients to submit such information under the “Remarks” section of the reports.
§ 105–72.603

(2) When a Federal awarding agency determines that a recipient’s accounting system does not meet the standards in §105-72.301, additional pertinent information to further monitor awards may be obtained upon written notice to the recipient until such time as the system is brought up to standard. The Federal awarding agency, in obtaining this information, shall comply with report clearance requirements of 5 CFR part 1320.

(3) Federal awarding agencies are encouraged to shade out any line item on any report if not necessary.

(4) Federal awarding agencies may accept the identical information from the recipients in machine readable format or computer printouts or electronic outputs in lieu of prescribed formats.

(5) Federal awarding agencies may provide computer or electronic outputs to recipients when such expedite or contributes to the accuracy of reporting.

§ 105–72.603 Retention and access requirements for records.

(a) This section sets forth requirements for record retention and access to records for awards to recipients. Federal awarding agencies shall not impose any other record retention or access requirements upon recipients.

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final expenditure report or, for awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, as authorized by the Federal awarding agency. The only exceptions are the following.

(1) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

(2) Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

(3) When records are transferred to or maintained by the Federal awarding agency, the 3-year retention requirement is not applicable to the recipient.

(4) Indirect cost rate proposals, cost allocations plans, etc., as specified in paragraph (g) of this section.

(c) Copies of original records may be substituted for the original records if authorized by the Federal awarding agency.

(d) The Federal awarding agency shall request transfer of certain records to its custody from recipients when it determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, a Federal awarding agency may make arrangements for recipients to retain any records that are continuously needed for joint use.

(e) The Federal awarding agency, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient’s personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) Unless required by statute, no Federal awarding agency shall place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when the Federal awarding agency can demonstrate that such records shall be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to the Federal awarding agency.

(g) Indirect cost rate proposals, cost allocations plans, etc. Paragraphs (g)(1) and (g)(2) apply to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation
Federal Management Regulation

§ 105–72.702

plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(1) If submitted for negotiation. If the recipient submits to the Federal awarding agency or the subrecipient submits to the recipient the proposal, plan, or other computation to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts on the date of such submission.

(2) If not submitted for negotiation. If the recipient is not required to submit to the Federal awarding agency or the subrecipient is not required to submit to the recipient the proposal, plan, or other computation for negotiation purposes, then the 3-year retention period for the proposal, plan, or other computation and its supporting records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

Subpart 105–72.70—Post-Award Requirements/Termination and Enforcement

§ 105–72.700 Purpose of termination and enforcement.

Section 105–72.701 and § 105–72.702 set forth uniform suspension, termination and enforcement procedures.

§ 105–72.701 Termination.

(a) Awards may be terminated in whole or in part only if paragraph (a)(1), (2) or (3) of this section apply.

(1) By the Federal awarding agency, if a recipient materially fails to comply with the terms and conditions of an award.

(2) By the Federal awarding agency with the consent of the recipient, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.

(3) By the recipient upon sending to the Federal awarding agency written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if the Federal awarding agency determines in the case of partial termination that the reduced or modified portion of the grant will not accomplish the purposes for which the grant was made, it may terminate the grant in its entirety under either paragraphs (a) (1) or (2).

(b) If costs are allowed under an award, the responsibilities of the recipient referred to in § 105–72.801(a), including those for property management as applicable, shall be considered in the termination of the award, and provision shall be made for continuing responsibilities of the recipient after termination, as appropriate.

§ 105–72.702 Enforcement.

(a) Remedies for noncompliance. If a recipient materially fails to comply with the terms and conditions of an award, whether stated in a Federal statute, regulation, assurance, application, or notice of award, the Federal awarding agency may, in addition to imposing any of the special conditions outlined in § 105–72.204, take one or more of the following actions, as appropriate in the circumstances.

(1) Temporarily withhold cash payments pending correction of the deficiency by the recipient or more severe enforcement action by the Federal awarding agency.

(2) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award.

(4) Withhold further awards for the project or program.

(5) Take other remedies that may be legally available.

(b) Hearings and appeals. In taking an enforcement action, the awarding agency shall provide the recipient an opportunity for hearing, appeal, or other administrative proceeding to which the recipient is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of a recipient resulting from obligations incurred by the recipient during a suspension or after
termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other recipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if paragraph (c) (1) and (2) of this section apply.

(1) The costs result from obligations which were properly incurred by the recipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are noncancellable.

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude a recipient from being subject to debarment and suspension under E.O. 12549 and 12689 and the Federal awarding agency implementing regulations (see §105-72.203).

Subpart 105-72.80—After-the-Award Requirements

§105-72.800 Purpose.

Sections 105-72.801 through 105-72.803 contain closeout procedures and other procedures for subsequent disallowances and adjustments.

§105-72.801 Closeout procedures.

(a) Recipients shall submit, within 90 calendar days after the date of completion of the award, all financial, performance, and other reports as required by the terms and conditions of the award. The Federal awarding agency may approve extensions when requested by the recipient.

(b) Unless the Federal awarding agency authorizes an extension, a recipient shall liquidate all obligations incurred under the award not later than 90 calendar days after the funding period or the date of completion as specified in the terms and conditions of the award or in agency implementing instructions.

(c) The Federal awarding agency shall make prompt payments to a recipient for allowable reimbursable costs under the award being closed out.

(d) The recipient shall promptly refund any balances of unobligated cash that the Federal awarding agency has advanced or paid and that is not authorized to be retained by the recipient for use in other projects. OMB Circular A-129 governs unreturned amounts that become delinquent debts.

(e) When authorized by the terms and conditions of the award, the Federal awarding agency shall make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

(f) The recipient shall account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with §105-72.401 through §105-72.407.

(g) In the event a final audit has not been performed prior to the closeout of an award, the Federal awarding agency shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

§105-72.802 Subsequent adjustments and continuing responsibilities.

(a) The closeout of an award does not affect any of the following.

(1) The right of the Federal awarding agency to disallow costs and recover funds on the basis of a later audit or other review.

(2) The obligation of the recipient to return any funds due as a result of later refunds, corrections, or other transactions.

(3) Audit requirements in §105-72.306.

(4) Property management requirements in §105-72.401 through §105-72.407.

(5) Records retention as required in §105-72.603.

(b) After closeout of an award, a relationship created under an award may be modified or ended in whole or in part with the consent of the Federal awarding agency and the recipient, provided the responsibilities of the recipient referred to in §105-72.803(a), including those for property management
as applicable, are considered and provisions made for continuing responsibilities of the recipient, as appropriate.

§ 105–72.803 Collection of amounts due.

(a) Any funds paid to a recipient in excess of the amount to which the recipient is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government. If not paid within a reasonable period after the demand for payment, the Federal awarding agency may reduce the debt by paragraph (a) (1), (2) or (3) of this section.

(1) Making an administrative offset against other requests for reimbursement.

(2) Withholding advance payments otherwise due to the recipient.

(3) Taking other action permitted by statute.

(b) Except as otherwise provided by law, the Federal awarding agency shall charge interest on an overdue debt in accordance with 4 CFR Chapter II, Federal Management Regulation Pt. 105–72, App. A

APPENDIX A TO PART 105–72—CONTRACT PROVISIONS

All contracts, awarded by a recipient including small purchases, shall contain the following provisions as applicable:

2. Copeland "Anti-Kickback" Act (18 U.S.C. 874 and 40 U.S.C. 276c)—All contracts and subcontracts in excess of $2000 for construction or repair awarded by recipients and subrecipients shall include a provision for compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874), as supplemented by Department of Labor regulations (29 CFR part 3, "Contractors and Subcontractors on Public Buildings or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the Federal awarding agency.

3. Davis-Bacon Act, as amended (40 U.S.C. 276a to a–7)—When required by Federal program legislation, all construction contracts awarded by the recipients and subrecipients of more than $2000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a–7) and as supplemented by Department of Labor regulations (29 CFR part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction"). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to the Federal awarding agency.

4. Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333)—Where applicable, all contracts awarded by recipients in excess of $2000 for construction contracts and in excess of $2500 for other contracts that involve contracts awarded by the recipients and subrecipients of more than $2000 shall include a provision for compliance with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333), as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

5. Rights to Inventions Made Under a Contract or Agreement—Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative..."
Agreements,” and any implementing regulations issued by the awarding agency.

6. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended—Contracts and subgrants of amounts in excess of $100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

8. Debarment and Suspension (E.O.s 12549 and 12689)—No contract shall be made to parties listed on the General Services Administration’s List of Parties Excluded from Federal Procurement or Nonprocurement Programs in accordance with E.O.s 12549 and 12689. “Debarment and Suspension.” This list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractors declared ineligible under statutory or regulatory authority other than E.O. 12549. Contractors with awards that exceed the small purchase threshold shall provide the required certification regarding its exclusion status and that of its principal employees.

This subpart sets forth the Department of Energy (DOE) Property Management Regulations (DOE-PMR) which establish uniform DOE property management policies, regulations, and procedures that implement and supplement the Federal Property Management Regulations. Property management statutory authorities that are unique to the Department (e.g., section 161a of the Atomic Energy Act of 1954 (42 U.S.C. 2201(g)) and section 3155 of
§109-1.100-51 Definitions and acronyms.

(a) Definitions. As used in this chapter, the terms personal property and property are synonymous. In addition, the following definitions apply:

Administratively controlled items means personal property controlled at the discretion of individual DOE offices, but for which there is no DOE requirement to maintain formal records.

Automatic data processing equipment means, as used in this part and to the extent that such equipment is used to process export controlled information or unclassified controlled nuclear information, any equipment or interconnected system or subsystems of equipment that is used in the automatic acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information.

Designated contractors means those on-site DOE contractors to which the DOE-PMR is made applicable when included as a contractual requirement. The contractors to which these regulations may be made applicable include management and operating (M&O) contractors, environmental restoration and management contractors, and other major prime contractors located at DOE sites.

Direct operations means operations conducted by DOE personnel.

Disposal means the process of reutilizing, transferring, donating, selling, abandoning, destroying, or other disposition of Government-owned personal property.

Dual-Use List means nuclear-related material, equipment, and related technology as described in the International Atomic Energy Agency Information Circular (INFCIRC) 254 Part 2.

Equipment means any item of personal property having a unit acquisition cost of $5,000 or more and having the potential for maintaining its integrity (i.e., not expendable due to use) as an item.

Especially designed or prepared property means equipment and material designed or prepared especially for use in the nuclear fuel cycle and described in the Nuclear Suppliers Group Trigger List (INFCIRC 254 Part 1).

Export controlled information means unclassified U.S. Government information under DOE cognizance that, if proposed for export by the private sector, would require a U.S. Department of Commerce or U.S. Department of State validated license, or a DOE authorization for export, and which, if given uncontrolled release, could reasonably be expected to adversely affect U.S. national security or nuclear nonproliferation objectives.

Export controlled property means property the export of which is subject to licensing by the U.S. Department of Commerce, the U.S. Department of State, the U.S. Nuclear Regulatory Commission, or authorized by the U.S. Department of Energy.

Hazardous property means any personal property, including scrap or waste but excluding property involving a radiological hazard, that is ignitable, corrosive, reactive, or toxic because of its quantity, concentration, or physical, chemical, or infectious characteristics, or that is deemed a hazardous material, chemical substance or mixture, or hazardous waste under the Hazardous Material Transportation Act, the Resource Conservation and Recovery Act, or the Toxic Substances Control Act. Such property may be in solid, liquid, semi-liquid, or contained gas form and may cause or significantly contribute to an increase in mortality or illness, or pose present or potential hazard to human health or the environment when improperly used, treated, stored, transported, disposed of, or mismanaged.

Heads of field organizations means the heads of any Departmental office located outside the Washington, D.C. metropolitan area. In addition, the Federal Energy Regulatory Commission, and the Office of Headquarters Procurement Operations, shall be considered a field organization for purposes of these regulations.

High risk personal property means property that, because of its potential impact on public health and safety, the
environment, national security interests, or proliferation concerns, must be controlled, and disposed of in other than the routine manner. The categories of high risk property are automatic data processing equipment, especially designed or prepared property, export controlled information, export controlled property, hazardous property, nuclear weapon components or weapon-like components, proliferation sensitive property, radioactive property, special nuclear material, and unclassified controlled nuclear information.

Munitions list means articles, services, and related technical data designated as defense articles and defense services by the Arms Export Control Act of 1968, as amended.

Nuclear weapon component or weapon-like component means parts of whole war reserve nuclear weapon systems, joint test assemblies, trainers, or test devices, including associated testing, maintenance, and handling equipment; or items that simulate such parts.

Personal property means property of any kind, except for real estate and interests therein (such as easements and rights-of-way), and permanent fixtures which are Government-owned, chartered, rented, or leased from commercial sources by and in the custody of DOE or its designated contractors; source, byproduct, special nuclear materials, and atomic weapons as defined in section 11 of the Atomic Energy Act of 1954 (42 U.S.C. 2014), as amended; and petroleum in the Strategic Petroleum Reserve and the Naval Petroleum Reserves.

Personal property management means the development, implementation, and administration of policies, standards, programs, practices and procedures for effective and economical acquisition, receipt, storage, issue, use, control, physical protection, care and maintenance, determination of requirements, maintenance of related operating records, and disposal of personal property (exclusive of the property accounting records).

Proliferation-sensitive property means nuclear-related or dual-use equipment, material, or technology as described in the Nuclear Suppliers Group Trigger List and Dual-Use List, or equipment, material or technology used in the research, design, development, testing, or production of nuclear or other weapons.

Radioactive property means any item or material that is contaminated with radioactivity and which emits ionizing radiation in excess of background radiation as measured by appropriate instrumentation.

Sensitive items means those items of personal property which are considered to be susceptible to being appropriated for personal use or which can be readily converted to cash, for example: Firearms, portable photographic equipment, binoculars, portable tape recorders, portable calculators, portable power tools, portable computers, and portable communications equipment.

Special nuclear material means plutonium, uranium 233, uranium enriched in the isotope 233 or 235, any other materials which the Nuclear Regulatory Commission pursuant to the Atomic Energy Act of 1954, as amended, determines to be special nuclear material, or any material artificially enriched by any of the foregoing, but does not include source material.

Trigger List means nuclear material, equipment, and related technology as described in the INF CIRC 254, Part 1.

Unclassified controlled nuclear information means U.S. Government information pertaining to atomic energy defense activities as defined in section 148 of the Atomic Energy Act. Such information can relate to aspects of nuclear weapons design, development, testing, physical security, production, or utilization facilities.

Subpart 109–1.50—Personal Property Management Program

§109–1.5000 Scope of subpart.

This subpart supplements the FPMR, states DOE personal property management policy and program objectives, and prescribes authorities and responsibilities for the conduct of an efficient personal property management program in DOE.

§109–1.5001 Policy.

It is DOE policy that a program for the management of personal property shall be established and maintained to meet program needs efficiently and in accordance with applicable Federal statutes and regulations.

§109–1.5002 Personal property management program objectives.

The objectives of the DOE personal property management program are to provide:

(a) A system for efficiently managing personal property in the custody or possession of DOE organizations and designated contractors; and
§ 109-1.5100 (b) Uniform principles, policies, and standards for efficient management of personal property that are sufficiently broad in scope and flexible in nature to facilitate adaptation to local needs and various kinds of operations.

Subpart 109-1.51—Personal Property Management Standards and Practices

§ 109-1.5100 Scope of subpart.

This subpart provides guidance on DOE standards and practices to be applied in the management of personal property. The standards and practices that apply to equipment shall be based on the unit acquisition cost threshold specified in the definition of equipment contained in section § 109-1.100-51 of this part. No other acquisition cost threshold shall apply.

§ 109-1.5101 Official use of personal property.

Personal property shall be used only in the performance of official work of the United States Government, except:

(a) In emergencies threatening loss of life or property as authorized by law;

(b) As otherwise authorized by law and approved by the Director, Office of Administrative Services; heads of field organizations for their respective organizations; or a contracting officer for contractor-held property.

§ 109-1.5102 Maximum use of personal property.

Personal property management practices shall assure the best possible use of personal property. Supplies and equipment shall be generally limited to those items essential for carrying out the programs of DOE efficiently.

§ 109-1.5103 Loan of personal property.

(a) Personal property which is not excess and would otherwise be out of service for temporary periods may be loaned to other DOE offices and contractors, other Federal agencies, and to others for official purposes. The loan request shall be in writing, stating the purpose of the loan and period of time required. The loan shall be executed on DOE Form 4420.2, Personal Property Loan Agreement or computer generated equivalent when approved in writing by the OPMO or on-site DOE property administrator. When approved, a memorandum transmitting the loan agreement shall be prepared identifying the loan period, delivery time, method of payment and transportation, and point of delivery and return, to ensure proper control and protect DOE’s interest. The loan period shall not exceed one year, but may be renewed in one year increments. Second renewals of loan agreements shall be reviewed and justified at a level of management at least two levels above that of the individual making the determination to loan the property. Third renewals shall be approved by the head of the field organization or designee.

(b) Requests for loans to foreign Governments and other foreign organizations shall be submitted to the Deputy Assistant Secretary for International Energy Policy, Trade and Investment for approval, with a copy to the cognizant Headquarters program office.

§ 109-1.5104 Borrowing of personal property.

(a) DOE organizations and designated contractors are encouraged to borrow personal property within DOE to further DOE programs. Property classified as Equipment Held For Future Projects (EHFFP) or as In Standby should be reviewed by those receiving availability inquiries for short-term use (one year or less). Borrowing of Government personal property from other Federal agencies is also encouraged when required for short periods of time. Such transactions shall be covered by written agreements which include all terms of the transaction.

(b) In determining whether it is practical and economical to borrow personal property, consideration shall be given to suitability, condition, value, extent and nature of use, extent of availability, portability, cost of transportation, and other similar factors.

(c) Adequate records and controls shall be established and maintained for borrowed property to ensure its proper control and prompt return to the lender.
§ 109–1.5105 Identification marking of personal property.
(a) Personal property shall be marked “U.S. Government property” (if marking space is limited, property may be marked “U.S. DOE”) subject to the criteria below. The markings shall be securely affixed to the property, legible, and conspicuous. Examples of appropriate marking media are bar code labels, decals, and stamping.

(1) Equipment and sensitive items shall be marked “U.S. Government property” and numbered for control purposes.

(2) Administratively controlled property and other personal property susceptible to unauthorized personal use should be marked “U.S. Government property” and numbered for control purposes.

(b) Personal property which by its nature cannot be marked, such as stores items, metal stock, etc., is exempted from this requirement.

(c) To the extent practicable and economical, markings shall be removed prior to disposal outside of DOE, or, if removal is impractical, additional permanent markings must be added to indicate such disposal.

§ 109–1.5106 Segregation of personal property.
Ordinarily, contractor-owned personal property shall be segregated from Government personal property. Commingling of Government and contractor-owned personal property may be allowed only when:

(a) The segregation of the property would materially hinder the progress of the work (i.e., segregation is not feasible for reasons such as small quantities, lack of space, or increased costs); and

(b) Control procedures are adequate (i.e., the Government property is specifically marked or otherwise identified as Government property).

§ 109–1.5107 Physical protection of personal property.
Controls such as property pass systems, memorandum records, regular or intermittent gate checks, and/or perimeter fencing shall be established as appropriate to prevent loss, theft, or unauthorized removal of property from the premises on which such personal property is located.

§ 109–1.5108 Personal property records requirements.
The contractor’s property control records shall provide the following basic information for every accountable item of Government personal property in the contractor’s possession and any other data elements required by specific contract provisions:

(a) Contract number or equivalent code designation.

(b) Asset type.

(c) Description of item (name, serial number, national stock number (if available)).

(d) Property control number (Government ownership identity).

(e) Unit acquisition cost (including delivery and installation cost, when appropriate, and unit of measure).

(f) Acquisition document reference and date.

(g) Manufacturer’s name, model and serial number.

(h) Quantity received, fabricated, issued or on hand.

(i) Location (physical area)

(j) Custodian name and organization code.

(k) Use status (active, storage, excess, etc.)

(l) High risk designation.

(m) Disposition document reference and date.

§ 109–1.5108–1 Equipment.
An individual property record will be developed and maintained for each item of equipment.

§ 109–1.5108–2 Sensitive items.
Individual item records will be maintained for each sensitive item. Minimum dollar value thresholds for controlling sensitive items, if used, will be determined by the OPMO for each DOE organization in consultation with appropriate management officials. This threshold may be applied organization-wide or by individual contractors or location. Identification of types of property meeting the DOE-PMR definition of sensitive property should be the primary determinant of sensitive category, with dollar thresholds, if any.
§ 109-1.5108-3 Considered as a guideline only. Sensitive items which are also equipment will be controlled as both sensitive items and equipment.

§ 109-1.5108-3 Stores inventories.
Perpetual inventory records are to be maintained for stores inventory items.

§ 109-1.5108-4 Precious metals.
Perpetual inventory records are to be maintained for precious metals.

§ 109-1.5108-5 Administratively controlled items.
No formal property management records are required to be maintained for this category of personal property, which includes such items as those controlled for calibration or maintenance purposes, contaminated property, tool crib items, and equipment pool items. Various control records can be employed to help safeguard this property against waste and abuse, including purchase vs. use information, tool crib check-outs, loss and theft reports, calibration records, disposal records, and other similar records. Control techniques would include physical security, custodial responsibility, identification/marking, or other locally established control techniques.

§ 109-1.5109 Control of sensitive items.
(a) A list of types of personal property considered to be sensitive shall be developed and maintained by each DOE activity/site, taking into consideration value, costs of administration, need for control, and other factors that management determines should apply.
(b) Items of equipment which are also designated as sensitive items will be controlled as sensitive items and as equipment.
(c) Written procedures shall be established for control of sensitive items and shall address:
(1) Approval of purchase requisitions or issue documents at an appropriate supervisory level;
(2) Establishment of controls in the central receiving and warehousing department, such as extraordinary physical protection, handling, and maintenance of a current listing of sensitive items;
(3) Establishment and maintenance of appropriate records;
(4) Requirement for tagging and identification;
(5) Use of memorandum receipts or custody documents at time of assignment or change in custody;
(6) Establishment of custodial responsibilities describing:
   (i) Need for extraordinary physical protection;
   (ii) Requirement for efficient physical and administrative control of sensitive items assigned for general use within an organizational unit as appropriate to the type of property and the circumstances;
   (iii) Requirement for prompt reporting and investigation of loss, damage or destruction; and
   (iv) Requirement for promptly reporting changes in custody.
(7) Requirement for periodic physical inventories (see § 109-1.5110 of this part).
(8) Requirement for an employee transfer or termination check-out procedure and examination and adjustment of records;
(9) Reminder of prohibition of use for other than official purposes and penalties for misuse;
(10) A clear statement of the extent of responsibility for financial accountability depending upon contractor policy; and
(11) Other procedures which have demonstrated efficient physical and administrative control over sensitive items.

§ 109-1.5110 Physical inventories of personal property.
(a) Physical inventories of those categories of personal property as specified in paragraph (f) of this section shall be conducted at all DOE and designated contractor locations.
(b) Physical inventories shall be performed by the use of personnel other than custodians of the property. Where staffing restraints or other considerations apply, the inventory may be performed by the custodian with verification by a second party.
General Services Administration § 109–1.5112

(c) Detailed procedures for the taking of physical inventories shall be developed for each DOE office and designated contractor. The OPMO shall review and approve the DOE office and contractor procedures.

(d) The conduct of a physical inventory will be observed, or follow-on audits made, by independent representatives, e.g., finance, audit, or property personnel, to the extent deemed necessary to assure that approved procedures are being followed and results are accurate. These observations or audits shall be documented and the documentation retained in the inventory record file.

(e) Procedures that are limited to a check-off of a listing of recorded property without actual verification of the location and existence of such property do not meet the requirements of a physical inventory.

(f) The frequency of physical inventories of personal property shall be as follows:

1. Equipment—biennial.
2. Sensitive items—annual (see paragraph 109–1.5110(l) of this section).
3. Stores inventories—annual.
4. Precious metals—annual.
5. Administratively controlled items—there is no formal Department requirement for the performance of physical inventories of this property. However, OPMOs should determine such requirements based on management needs.

(g) Physical inventories shall be performed at intervals more frequently than required when experience at any given location or with any given item or items indicates that this action is necessary for effective property accounting, utilization, or control.

(h) Physical inventories of equipment may be conducted by the “inventory by exception” method. The system and procedures for taking physical inventories by this method must be fully documented and approved in writing by the OPMO.

(i) The results of physical inventories shall be reconciled with the property records, and with applicable financial control accounts.

(j) The results of physical inventories shall be reported to the OPMO within 30 days after the reconciliation required above.

(k) Physical inventories of equipment and stores inventories may be conducted using statistical sampling methods in lieu of the normal wall-to-wall method. The sampling methods employed must be statistically valid and approved in writing by the OPMO. If use of the statistical methods of physical inventory does not produce acceptable results, the wall-to-wall method shall be used to complete the inventories.

(l) Physical inventories of sensitive items (excluding arms, ammunition, and military property) having an acquisition cost of $2,000 or less may also be conducted using statistical sampling methods. However, if statistical sampling methods are used, a wall-to-wall inventory is required no less frequently than every three years and at contract completion (unless there is a follow-on contract with the same contractor).

§ 109–1.5111 Retirement of property.

When Government property is worn out, lost, stolen, destroyed, abandoned, or damaged beyond economical repair, it shall be listed on a retirement work order. A full explanation shall be supported by an investigation, if necessary, as to the date and circumstances surrounding the wear, loss, theft, destruction, abandonment, or damage. The retirement work order shall be signed by the responsible official initiating the report and reviewed and approved by an official at least one supervisory level above the official initiating the report.

§ 109–1.5112 Loss, damage, or destruction of personal property in possession of DOE direct operations.

DOE offices shall establish procedures to provide for the reporting, documentation, and investigation of instances of loss, damage, or destruction of personal property including:

(a) Notification to appropriate DOE organizations and law enforcement offices;
(b) Determination of cause or origin;
(c) Liability and responsibility for repair or replacement; and
(d) Actions taken to prevent further loss, damage, or destruction, and to prevent repetition of similar incidents.

§ 109–1.5113 Loss, damage, or destruction of personal property in possession of designated contractors.

(a) Designated contractors shall report any loss, damage, or destruction of personal property in its possession or control, including property in the possession or control of subcontractors, to the property administrator as soon as it becomes known.

(b) When physical inventories, consumption analyses, or other actions disclose consumption of property considered unreasonable by the property administrator; or loss, damage, or destruction of personal property not previously reported by the contractor, the property administrator shall require the contractor to investigate the incidents and submit written reports.

(c) Reports of physical inventory results and identified discrepancies shall be submitted to the property administrator within 90 days of completion of physical inventories. An acceptable percentage of shrinkage for stores inventories shall be determined by the property administrator on a location-by-location basis, based on type and cost of materials, historical data, and other site-specific factors. This determination shall be in writing and be supported by appropriate documentation.

(d) The contractor's report referenced above shall contain factual data as to the circumstances surrounding the loss, damage, destruction or excessive consumption, including:

(1) The contractor's name and contract number;

(2) A description of the property;

(3) Cost of the property, and cost of repairs in instances of damage (in event actual cost is not known, use reasonable estimate);

(4) The date, time (if pertinent), and cause or origin; and

(5) Actions taken by the contractor to prevent further loss, damage, destruction, or unreasonable consumption, and to prevent repetition of similar incidents.

(e) The property administrator shall ensure that the corrective actions taken by the contractor under paragraph (d)(5) of this section satisfactorily address system weaknesses.

(f) The contracting officer shall make a determination of contractor liability with a copy of the determination furnished to the contractor and the property administrator. Costs may be assessed against a contractor for physical inventory discrepancies or other instances of loss of Government property within the terms of the contract. Credit should only be applied if specific items reported as lost can be uniquely identified. General physical inventory write-ons are not to be used as a credit.

(g) If part of a designated contractor's personal property management system is found to be unsatisfactory, the property administrator shall increase surveillance of that part to prevent, to the extent possible, any loss, damage, destruction or unreasonable consumption of personal property. The property administrator shall give special attention to reasonably assuring that any loss, damage, destruction or unreasonable consumption occurring during a period when a contractor's personal property management system is not approved is identified before approval or reinstatement of approval.

§ 109–1.5114 Use of non-Government-owned property.

Non-Government-owned personal property shall not be installed in, affixed to, or otherwise made a part of any Government-owned personal property when such action will adversely affect the operation or condition of the Government property.

Subpart 109–1.52—Personal Property Management Program for Designated Contractors

§ 109–1.5200 Scope of subpart.

This subpart prescribes policy and responsibilities for the establishment, maintenance, and appraisal of designated contractors’ programs for the management of personal property.

§ 109–1.5201 Policy.

(a) Designated contractors shall establish, implement, and maintain a system that provides for an efficient personal property management program. The system shall be consistent with the terms of the contract; prescribed policies, procedures, regulations, statutes, and instructions; and directions from the contracting officer.

(b) Designated contractors’ personal property management systems shall not be considered acceptable until reviewed and approved in writing by the cognizant DOE contracting office in accordance with § 109–1.5205 of this subpart.

(c) Designated contractors shall maintain their personal property management systems in writing. Revisions to the systems shall be approved in writing by the cognizant DOE contracting office in accordance with § 109–1.5205 of this subpart.

(d) Designated contractors shall include their personal property management system in their management surveillance or internal review program in order to identify weaknesses and functions requiring corrective action.

(e) Designated contractors are responsible and accountable for all Government personal property in the possession of subcontractors, and shall include appropriate provisions in their subcontracts and property management systems to assure that subcontractors establish and maintain efficient systems for the management of Government personal property in their possession in accordance with § 109–1.5204 of this subpart.

§ 109–1.5202 Establishment of a personal property holdings baseline.

(a) If the contractor is a new designated contractor, the contractor may accept the previous contractor’s personal property records as a baseline or may perform a complete physical inventory of all personal property. This physical inventory is to be performed within the time period specified by the contracting officer or the contract, but no later than one year after the execution date of the contract. If the physical inventory is not accomplished within the allotted time frame, the previous contractor’s records will be considered as the baseline.

(b) If any required physical inventories have not been accomplished within the time periods prescribed in § 109–1.5110(f) of this part, the new contractor shall either perform such physical inventories within 120 days of contract renegotiation, or accept the existing property records as the baseline.

§ 109–1.5203 Management of subcontractor-held personal property.

Designated contractors shall require those subcontractors provided Government-owned personal property to establish and maintain a system for the management of such property. As a minimum, a subcontractor’s personal property management system shall provide for the following:

(a) Adequate records.

(b) Controls over acquisitions.
(c) Identification as Government-owned personal property.
(d) Physical inventories.
(e) Proper care, maintenance, and protection.
(f) Controls over personal property requiring special handling (i.e., nuclear-related, proliferation-sensitive, hazardous, or contaminated property).
(g) Reporting, redistribution, and disposal of excess and surplus personal property.
(h) Accounting for personal property that is lost, damaged, destroyed, stolen, abandoned, or worn out.
(i) Periodic reports, including physical inventory results and total acquisition cost of Government property.
(j) An internal surveillance program, including periodic reviews, to ensure that personal property is being managed in accordance with established procedures.

§ 109-1.5204 Review and approval of a designated contractor's personal property management system.

(a) An initial review of a designated contractor's personal property management system shall be performed by the property administrator within one year after the execution date of the contract, except for contract extensions or renewals or when an existing contractor has been awarded a follow-on contract. The purpose of the review is to determine whether the contractor's system provides adequate protection, maintenance, utilization, and disposition of personal property, and reasonable assurance that the Department's personal property is safeguarded against waste, loss, unauthorized use, or misappropriation, in accordance with applicable statutes, regulations, contract terms and conditions, programmatic needs, and good business practices. If circumstances preclude completion of the initial review within the "within one year" initial review requirement, the property administrator shall request a deviation from the requirement in accordance with the provisions of §109-1.110-50 of this part.

(b) If a designated contractor is the successor to a previous designated contractor and the contract award was based in part on the contractor's proposal to overhaul the existing personal property management system(s), the "within one year" initial review requirement may be extended based on:
(1) The scope of the overhaul; and
(2) An analysis of the cost to implement the overhaul within a year versus a proposed extended period.
(c) When an existing contract has been extended or renewed, or the designated contractor has been awarded a follow-on contract, an initial review of the contractor's personal property management system is not required. In such cases, the established appraisal schedule will continue to be followed as prescribed in paragraph (d) of this section.
(d) At a minimum of every three years after the date of approval of a designated contractor's property management system, the OPMO shall make an appraisal of the personal property management operation of the contractor. The purpose of the appraisal is to determine if the contractor is managing personal property in accordance with its previously approved system and procedures, and to establish whether such procedures are efficient. The appraisal may be based on a formal comprehensive appraisal or a series of formal appraisals of the functional segments of the contractor's operation.
(e) A designated contractor's property management system shall be approved, conditionally approved, or disapproved in writing by the head of the field organization with advice of the contracting officer, property administrator, OPMO, legal counsel, DPMO, and appropriate program officials. Approval authority may be redelegated to the contracting officer or contracting officer's designee. Conditional approval and disapproval authority cannot be redelegated. When a system is conditionally approved or disapproved, the property administrator or contracting officer shall advise the contractor, in writing, of deficiencies that need to be corrected, and a time schedule established for completion of corrective actions.
(f) Appropriate follow-up will be made by the property administrator to ensure that corrective actions have been initiated and completed.
(g) When a determination has been made by the property administrator...
that all major system deficiencies identified in the review or appraisal have been corrected, the head of the field organization shall withdraw the conditional approval or disapproval, and approve the system with the concurrence of the OPMD. The approval shall be in writing and addressed to appropriate contractor management.

(h) The property administrator shall maintain a copy of all designated contractor personal property management system appraisals and approvals in such manner as to be readily available to investigative and external review teams.

§ 109–1.5205 Personal property management system changes.

Any proposed significant change to a designated contractor's approved personal property management system shall be reviewed by the property administrator at the earliest possible time. Such changes should then be approved in writing on an interim basis, or disapproved in writing, by the property administrator as appropriate.

Subpart 109–1.53—Management of High Risk Personal Property

§ 109–1.5300 Scope of subpart.

(a) This subpart provides identification, accounting, control, and disposal policy guidance for the following categories of high risk personal property: especially designed or prepared property, export controlled property, nuclear weapon components or weapon-like components, and proliferation sensitive property. The guidance is intended to ensure that the disposition of these categories of high risk personal property does not adversely affect the national security or nuclear nonproliferation objectives of the United States.

(b) The other categories of high risk personal property are controlled by other life cycle management programs and procedures monitored by other Departmental elements.

§ 109–1.5301 Applicability.

This subpart is applicable to all DOE organizations which purchase, manage or dispose of Government personal property, or contract for the management of Government facilities, programs, or related services, which may directly or indirectly require the purchase, management, or disposal of Government-owned personal property. Using the high risk personal property control requirements in this subpart as guidance, heads of field organizations or OPMDs shall assure that designated contractors and financial assistance recipients are responsible for developing a cost effective high risk property management system, covering all operational responsibilities enumerated in this subpart.

§ 109–1.5302 Policies.

(a) It is the responsibility of DOE organizations and designated contractors to manage and control Government-owned high risk personal property in an efficient manner. High risk personal property will be managed throughout its life cycle so as to protect public and DOE personnel safety and to advance the national security and the nuclear nonproliferation objectives of the U.S. Government.

(b) The disposition of high risk property is subject to special considerations. Items of high risk property may present significant risks to the national security and nuclear nonproliferation objectives of the Government which must be evaluated. Organizations will identify high risk property and control its disposition to eliminate or mitigate such risks. In no case shall property be transferred or disposed unless it receives a high risk assessment and is handled accordingly.

§ 109–1.5303 Procedures.

(a) Identification, marking and control. To ensure the appropriate treatment of property at its disposal and to prevent inadvertent, uncontrolled release of high risk property, property should be assessed and evaluated as high risk property as early in its life cycle as practical.

(b) Newly acquired high risk personal property shall be identified and tracked during the acquisition process and marked upon receipt.

(b) All personal property shall be reviewed for high risk identification, marking, and database entry during
§ 109-1.5304

regularly scheduled physical inventories, unless access to the property is difficult or impractical because the property is a component of a larger assembly, a complex operating system, or an older facility. The review of this property will be completed, prior to disposition, when replacing components or when operating systems and facilities are decommissioned and dismantled.

(3) High risk personal property which by its nature cannot be marked, such as stores items and metal stock, is exempt from this requirement. However, personal property management programs should contain documentation on the characterization of this property as high risk.

(b) Disposition of high risk property.

(1) Prior to disposition, all personal property, materials or data will be assessed to determine:

(i) Whether it should be characterized as high risk and

(ii) What actions are necessary to ensure compliance with applicable national security or nonproliferation controls.

(2) The DOE or designated contractor property management organization may not process high risk personal property into a reutilization/disposal program without performing the reviews prescribed by the local high risk property management system. The reviews must be properly documented, and all appropriate certifications and clearances received, in accordance with the approved site or facility personal property management program.

(3) The disposition (including demilitarization of items on the Munitions List) and handling of high risk personal property are subject to applicable provisions of Subchapter H of the FPMR, subchapter H of this chapter, and the DOE Guidelines on Export Control and Nonproliferation.

(4) Documentation. All applicable documentation, including records concerning the property’s categorization as high risk, shall be included as part of the property transfer. The documentation shall be included with all transfers within, or external to, DOE.

(5) Unless an alternative disposition option appears to be in the best interest of the Government, surplus Trigger List components, equipment, and materials and nuclear weapon components shall either be sold for scrap after being rendered useless for their originally intended purpose or destroyed, with the destruction verified and documented. Requests for approval of an alternative disposition may be made through the cognizant Assistant Secretary to the Director of the Office of Nonproliferation and National Security.

(6) Export Restriction Notice. The following Export Restriction Notice, or approved equivalent notice, shall be included in all transfers, sales, or other offerings:

**Export Restriction Notice**

The use, disposition, export and reexport of this property are subject to all applicable U.S. laws and regulations, including the Atomic Energy Act of 1954, as amended; the Arms Export Control Act (22 U.S.C. 2751 et seq.); the Export Administration Act of 1979 (560 U.S.C. Append 2401 et seq.); Assistance to Foreign Atomic Energy Activities (10 CFR part 810); Export and Import of Nuclear Equipment and Material (10 CFR part 110); International Traffic in Arms Regulations (22 CFR parts 120 et seq.); Export Administration Regulations (15 CFR part 730 et seq.); Foreign Assets Control Regulations (31 CFR parts 500 et seq.); and the Espionage Act (37 U.S.C. 791 et seq.) which among other things, prohibit:

(a) The making of false statements and concealment of any material information regarding the use or disposition, export or reexport of the property; and

(b) Any use or disposition, export or reexport of the property which is not authorized in accordance with the provisions of this agreement.

§ 109-1.5304 Deviations.

(a) Life cycle control determinations. When the HFO approves a contractor program containing controls, other than life cycle control consistent with this subpart, the decision shall be justified in writing and a copy sent to the Deputy Assistant Secretary for Procurement and Assistance Management. A HFO’s decision not to provide life cycle control shall take into account:

(1) The nature and extent of high risk property typically purchased or otherwise brought to a DOE or designated contractor facility or site;
(2) The projected stability of DOE and designated contractor operations; and
(3) The degree of confidence in the property control measures available at disposition.
(b) Certain transfers, sales, or other offerings of high risk personal property may require special conditions or specific restrictions as determined necessary by the property custodian or cognizant program office.
(c) Requests for deviations from the requirements of this subpart may be made through the cognizant HFO to the Deputy Assistant Secretary for Procurement and Assistance Management.

§ 109-6.400 Scope and applicability.
(a) With the exception of §109-6.400-50, the provisions of this subpart and 41 CFR 101-6.4 do not apply to designated contractors. Official use provisions applicable to these contractors are contained in §109-38.3 of this chapter.
(b) When an employee on temporary duty is authorized to travel by Government motor vehicle, and in the interest of the Government, is scheduled to depart before the beginning of regular working hours, or if there will be a significant savings in time, a Government motor vehicle may be issued at the close of the preceding working day. Similarly, when scheduled to return after the close of working hours, the motor vehicle may be returned the next regular working day. This use of a Government motor vehicle is not regarded as prohibited by 31 U.S.C. 1344 (25 Comp. Gen. 844).

§ 109-6.400-50 Instructions to DOE passenger carrier operators.
DOE offices shall ensure that DOE employees operating Government motor vehicles are informed concerning:
(a) The statutory requirement that Government motor vehicles shall be used only for official purposes;
(b) Personal responsibility for safe driving and operation of Government motor vehicles, and for compliance with Federal, state, and local laws and regulations, and all accident reporting requirements;
(c) The need to possess a valid state, District of Columbia, or commonwealth operator’s license or permit for the type of vehicle to be operated and some form of agency identification;
(d) The penalties for unauthorized use of Government motor vehicles;
(e) The prohibition against providing transportation to strangers or hitchhikers;
(f) The proper care, control and use of Government credit cards;
(g) Mandatory use of seat belts by each employee operating or riding in a Government motor vehicle;
(h) The prohibition against the use of tobacco products in GSA-Interagency Fleet Management System (IFMS) motor vehicles;
(i) Any other duties and responsibilities assigned to operators with regard to the use, care, operation, and maintenance of Government motor vehicles;
(j) The potential income tax liability when they use a Government motor vehicle for transportation between residence and place of employment; and
(k) Protection for DOE employees under the Federal Tort Claims Act when acting within the scope of their employment.

§ 109-6.402 Policy.
(a) It is DOE policy that Government motor vehicles operated by DOE employees are to be used only for official Government purposes or for incidental
§ 109–6.450  

purposes as prescribed in this section. Official use does not include use of vehicles between residence and place of employment unless provided for in accordance with paragraph (b) of this section. The Director, Office of Administrative Services and heads of field organizations for their respective organizations shall establish appropriate controls to ensure that the use of a Government motor vehicle for transportation between an employee's residence and place of employment is in accordance with the provisions of 41 CFR 101-6.4 and this subpart.

(b) The use of Government motor vehicles between an employee's residence and place of employment (home-to-work) is limited to:

(1) The Secretary of Energy; and
(2) Those persons engaged in field work as determined by the Secretary of Energy in accordance with 41 CFR 101–6.403(b).

(c) It is DOE policy that space in a Government motor vehicle used for home-to-work transportation may be shared with a spouse, relative, or friend in accordance with the restrictions contained in 41 CFR 101–6.402(f).

(d) A Departmental official who is authorized home-to-work transportation is permitted to use Government-owned or leased motor vehicles for non-official purposes incidental to the official use of the vehicle, provided that the incremental cost (e.g., driver time and mileage) of such use is de minimis or such costs are outweighed by other considerations, such as the efficient use of the official's time.

§ 109–6.450 Statutory provisions.

(a) In accordance with 31 U.S.C. 1349(b), any officer or employee of the Government who willfully uses or authorizes the use of a Government passenger motor vehicle for other than official purposes shall be suspended from duty by the head of the department concerned, without compensation, for not less than one month and shall be suspended for a longer period or summarily removed from office if circumstances warrant.

(b) Under the provisions of 18 U.S.C. 641, any person who knowingly misuses any Government property (including Government motor vehicles) may be subject to criminal prosecution and, upon conviction, to fines or imprisonment.

The submission to the head of the laboratory or facility of a report of walk-throughs conducted shall be at the discretion of the laboratory or facility management. However, DOE field organizations may require designated contractors to submit a report of walk-throughs to the OPMOs. Equipment identified as idle and unneeded shall be redeployed, reassigned, placed in equipment pools, or excessed, as appropriate. All walk-throughs shall be documented to include, at a minimum, the identity of the participants, areas covered, findings, recommendations, corrective action plans, and results achieved. The documentation shall be made available for review by appropriate contractor management, DOE offices, and audit teams.

(b) Members of management walk-through inspection teams should be coordinated with the property administrator and the OPMO.

(c) OPMOs shall periodically review walk-through procedures and practices of DOE offices and designated contractors to determine their effectiveness.

(a)-(c) [Reserved]
§ 109–25.302

(d) The report on the use and effectiveness of equipment pools shall be submitted to the head of the DOE office at the discretion of that official. However, documentation of evaluations of pools shall be maintained and made available for review by appropriate contractor management, DOE offices, and audit teams.

Subpart 109–26.5—GSA Procurement Programs

Source: 63 FR 19626, Apr. 20, 1998, unless otherwise noted.

(a) [Reserved]
(b) Motor vehicles may be purchased directly rather than through GSA when a waiver has been granted by GSA. The waiver request should be submitted directly to GSA and a copy forwarded to the DPMO. However, where GSA refuses to grant a waiver and it is believed that procurement through GSA would adversely affect or otherwise impair a program, the DPMO may, upon written request of the head of the DOE field organization, grant the authority for direct purchase of general purpose motor vehicles. Upon receipt of written authorization from the DPMO, the head of the field organization may authorize direct purchase of special purpose vehicles. The purchase price for passenger motor vehicles shall not exceed any statutory limitation in effect at the time the purchase is made.

An original and two copies of requisitions for passenger motor vehicles and law enforcement motor vehicles shall be forwarded with justification for purchase to the DPMO, for approval and submission to GSA. Requisitions for all other types of motor vehicles shall be submitted directly to GSA.

§ 109±26.501±50 Authority and allocations for the acquisition of passenger motor vehicles.
(a) Authority for the acquisition of passenger motor vehicles is contained in the Department's annual appropriation act.
(b) DOE offices shall include in their budget submissions the number of passenger motor vehicles to be purchased during the fiscal year. The procurements will be identified as either additions to the motor vehicle fleet or replacement vehicles. A copy of the motor vehicle portion of the submission should be submitted to the DPMO.
(c) To assure that DOE does not exceed the number of passenger motor vehicles authorized to be acquired in any fiscal year, the Deputy Assistant Secretary for Procurement and Assistance Management or designee shall allocate to and inform the field organizations in writing of the number of passenger motor vehicles which may be acquired under each appropriation. These allocations and the statutory cost limitations imposed on these motor vehicles shall not be exceeded.

Normally, DOE does not purchase or authorize contractors to purchase used motor vehicles. However, the Director, Office of Administrative Services and heads of field organizations may authorize the purchase of used motor vehicles where justified by special circumstances, e.g., when new motor vehicles are in short supply; motor vehicles are to be used for experimental or test purposes; or motor vehicles are acquired from exchange/sale. The statutory passenger motor vehicle allocation requirements shall apply to any purchase of used passenger motor vehicles except in the case of motor vehicles to be used exclusively for experimental or test purposes.

§ 109±26.501±52 Justification for purchase.
(a) Requisitions for additions to the passenger motor vehicle fleet must contain adequate written justification of need. Such justifications shall be prepared by the motor vehicle fleet manager and approved by the OPMO, and should include:
(1) A statement as to why the present fleet size is inadequate to support requirements;
(2) Efforts made to achieve maximum use of on-hand motor vehicles through pool arrangements, shuttle buses, and taxicabs;
(3) The programmatic requirement for the motor vehicles and the impact
§ 109–26.501–53

Acquisitions by transfer.

(a) The acquisition of passenger motor vehicles by transfer from another Government agency or DOE organization shall be within the allocations prescribed in §109–26.501–50 of this subpart.

(b) Passenger motor vehicles may be acquired by transfer provided they are:

1. Considered as an addition to the motor vehicle fleet of the receiving office;

2. Acquired for replacement purposes and an equal number of replaced motor vehicles are reported for disposal within 30 days;

3. For temporary emergency needs exceeding three months and approved in writing by the DPMO; or

4. For temporary emergency needs of three months or less in lieu of commercial rentals. These transfers will not count toward the allocation.

§ 109–26.501–54

Communications equipment.

Communications equipment considered to be essential for the accomplishment of security and safety responsibilities is exempt from the requirements of 41 CFR 101–26.501. The Fleet Manager shall approve the installation of communications equipment in motor vehicles.

§ 109–27.000–50 Definitions.

As used in this part the following definitions apply:

Inventories mean stocks of stores, construction, supplies, and parts used in support of DOE programs.

Inventory management means the efficient use of methods, procedures and techniques for recording, analyzing, and adjusting inventories in accordance with established policy. The following related functions are included:

1. Providing adequate protection against misuse, theft, and misappropriation.
2. Providing accurate analyses of quantities to determine requirements so that only minimal obsolescence losses will be encountered, while ensuring adequate inventory levels to meet program schedules.
3. Providing adequate and accessible storage facilities and services based upon analyses of program requirements so that a minimum and economical amount of time is required to service the program.

Stock record means a device for collecting, storing, and providing historical data on recurring transactions for each line item of inventory.

Sub-store means a geographically removed part of the main store's operation conducted as a subordinate element of it and subject to the same management policies and inventory controls.

Systems contracting means a materials management purchasing technique for the purchase of general, common-use, and repetitive supply items in a particular product family. An example is office supplies, purchased from a commercial vendor, that are needed for immediate use instead of purchasing in bulk for future use, storing in warehouses, and issuing to customers by use of a requisitioning system. Systems contracting and just-in-time contracting are synonymous.

Subpart 109–27.1—Stock Replenishment

§ 109–27.102 Economic order quantity principle.

§ 109–27.102–1 Applicability.

Replenishment of inventories of stock items having recurring demands will be by use of the economic order quantity (EOQ) principle. However, when considered more suitable, designated contractors may use other generally accepted approaches to EOQ.

Systems contracting may be used instead of or along with EOQ once a determination is made that such a system is feasible and cost effective, and that adequate controls are in place to ensure proper use.

§ 109–27.102–51 Policy.

Systems contracting for supply operations is a proven cost-effective approach to meeting procurement needs and may be implemented in DOE offices and designated contractors whenever significant cost savings to the Government will result. Impacts on local suppliers and small and disadvantaged business concerns should be considered in the overall business strategy.

§ 109–27.102–52 Implementation.

(a) DOE OPMOs shall establish required property management controls relative to the implementation of systems contracting.

(b) DOE offices and designated contractors operating a materials management function who have not performed an initial feasibility study for the implementation of systems contracting shall perform such a study for selected

When considered more suitable, designated contractors may use other generally accepted approaches to the management of shelf-life materials.

Subpart 109–27.3—Maximizing Use of Inventories

§ 109–27.302 Applicability.

When considered more suitable, designated contractors may use other generally accepted approaches to maximizing use of inventories.
§ 109–27.5003 Stock control.

(a) Stock control shall be maintained on the basis of stock record accounts of inventories on hand, on order, received, issued, and disposed of, and supported by proper documents in evidence of these transactions. Stock record accounts shall be available for review and inspection.

(b) Personal property under stock control for greater than 90 days shall be maintained in stock record accounts.

§ 109–27.5004 Sub-stores.

(a) Sub-stores shall be established when necessary to expedite delivery of materials and supplies to the users, serve emergencies, provide economy in transportation, reduce shop and site stocks, and enable stores personnel to provide assistance in obtaining materials and supplies as needed.

(b) Items stored for issue in the sub-stores shall be treated as inventory items for control and reporting purposes. Stock records shall be integrated with central stock records so that the total amount on hand of any item at all locations is known.

§ 109–27.5005 Shop, bench, cupboard or site stock.

Shop, bench, cupboard or site stocks are an accumulation of small inventories of fast-moving materials at the point of use. Normally, these inventories are expensed at time of issue from controlled stores. However, when stocks of such inventories are not consumed or do not turn over in a reasonable period of time, which normally should not exceed 90 days, these items should be subject to the required physical controls and recorded in the proper inventory account.

§ 109–27.5006 Stores catalogs.

A stores catalog for customer use that lists items available from stock shall be established for each stores operation. Exceptions to this requirement are authorized where establishment of a catalog is impracticable or uneconomical because of small total value or number of items involved, or temporary need for the facility.

§ 109–27.5007 Physical inventories.

§ 109–27.5007–1 Procedures.

The following procedures shall be established for taking physical inventory of stocks subjected to quantity controls as well as those under financial control:

(a) Completion of a physical inventory not less frequently than every twelve months.

(b) Reconciliation of inventory quantities with the stock records.

(c) Preparation of a report of the physical inventory results.

§ 109–27.5007–2 Inventory adjustments.

Discrepancies between physical inventories and stock records shall be adjusted and the supporting adjustment records shall be reviewed and approved by a responsible official at least one supervisory level above the supervisor in charge of the warehouse or storage facility. Items on an adjustment report which are not within reasonable tolerances for particular items shall be thoroughly investigated before report approval. Adjustment reports shall be retained on file for inspection and review.

§ 109–27.5008 Control of drug substances and potable alcohol.

Effective procedures and practices shall provide for the management and physical security of controlled substances and potable alcohol from receipt to the point of use. Such procedures shall, as a minimum, provide for safeguarding, proper use, adequate records, and compliance with applicable laws and regulations. Controls and records of potable alcohol shall be maintained on quantities of one quart and above.

§ 109–27.5009 Control of hypodermic needles and syringes.

Effective procedures and practices shall provide for the management and physical security of hypodermic needles and syringes to prevent illegal use. Controls shall include supervisory approval for issue, storage in locked receptories, and the rendering of the items useless prior to disposal.
§ 109-27.5010 Containers returnable to vendors.

Containers furnished by vendors shall be administratively and physically controlled before and after issuance. Prompt action shall be taken to return such containers to vendors for credit after they have served their intended use.

§ 109-27.5011 Identification marking of metals and metal products.

§ 109-27.5011-1 General.

Metals and metal products shall be identified and marked in accordance with applicable Federal standards. This requirement applies to direct charges as well as to items procured for store, shop or floor stock, or for use on construction projects. Additional markings not covered by Federal standards should be used to show special properties, corrosion data, or test data as required. The preferred process is for the marking to be done in the manufacturing process, but it may be applied by suppliers when circumstances warrant.

§ 109-27.5011-2 Exception.

Exceptions to the marking requirement may be made when:
(a) It is necessary to procure small quantities from suppliers not equipped to do the marking;
(b) It would delay delivery of emergency orders; or
(c) Procurement is from DOE or other Federal agency excess.

Subpart 109-27.51—Management of Precious Metals

§ 109-27.5100 Scope of subpart.

This subpart provides policies, principles, and guidelines to be used in the management of purchased and recovered precious metals used to meet research, development, production, and other programmatic needs.

§ 109-27.5101 Definition.

Precious metals means uncommon and highly valuable metals characterized by their superior resistance to corrosion and oxidation. Included are gold, silver, and the platinum group metals—platinum, palladium, rhodium, iridium, ruthenium and osmium.

§ 109-27.5102 Policy.

DOE organizations and contractors shall establish effective procedures and practices for the administrative and physical control of precious metals in accordance with the provisions of this subpart.

§ 109-27.5103 Precious Metals Control Officer.

Each DOE organization and contractor holding precious metals shall designate in writing a Precious Metals Control Officer. This individual shall be the organization’s primary point of contact concerning precious metals control and management, and shall be responsible for the following:
(a) Assuring that the organization’s precious metals activities are conducted in accordance with Departmental requirements.
(b) Maintaining an accurate list of the names of precious metals custodians.
(c) Providing instructions and training to precious metals custodians and/or users as necessary to assure compliance with regulatory responsibilities.
(d) Insuring that physical inventories are performed as required, and in accordance with these regulations.
(e) Witnessing physical inventories.
(f) Performing periodic unannounced inspections of a custodian’s precious metals inventory and records.
(g) Conducting an annual review of precious metals holdings to determine excess quantities.
(h) Preparing and submitting to the Business Center for Precious Metals Sales and Recovery the annual forecast of anticipated withdrawals from, and returns to, the DOE precious metals pool.
(i) Conducting a program for the recovery of silver from used hypo solution and scrap film in accordance with 41 CFR 101-45.10 and § 109-45.10 of this chapter.
(j) Preparing and submitting of the annual report on recovery of silver from used hypo solution and scrap film as required by §109-45.1002-2 of this chapter.
(k) Developing and issuing current authorization lists of persons authorized by management to withdraw precious metals from stockrooms.

§ 109–27.5104–1 Acquisitions.

DOE organizations and contractors shall contact the Business Center for Precious Metals Sales and Recovery to determine the availability of precious metals prior to acquisition on the open market.

§ 109–27.5104–2 Physical protection and storage.

Precious metals shall be afforded exceptional physical protection from time of receipt until disposition. Precious metals not in use shall be stored in a noncombustible combination locked repository with access limited to the designated custodian and an alternate. When there is a change in custodian or alternate having access to the repository, the combination shall be changed immediately.

§ 109–27.5104–3 Perpetual inventory records.

Perpetual inventory records shall be maintained as specified in Chapter V of DOE Order 534.1, Accounting.

(a) Physical inventories shall be conducted annually by custodians, and witnessed by the Precious Metals Control Officer or his designee.

(b) Precious metals not in use shall be inspected and weighed on calibrated scales. The inventoried weight and form shall be recorded on the physical inventory sheets by metal content and percent of metal. Metals in use in an experimental process or contaminated metals, neither of which can be weighed, shall be listed on the physical inventory sheet as observed and/or not observed as applicable.

(c) Any obviously idle or damaged metals should be recorded during the physical inventory. Justification for further retention of idle metals shall be required from the custodian and approved one level above the custodian, or disposed of in accordance with established procedures.

(d) The dollar value of physical inventory results shall be reconciled with the financial records. All adjustments shall be supported by appropriate adjustment reports, and approved by a responsible official.

§ 109–27.5104–5 Control and issue of stock.

Precious metals in stock are metals held in a central location and later issued to individuals when authorized requests are received. The following control procedures shall be followed for such metals:

(a) Stocks shall be held to a minimum consistent with efficient support to programs.

(b) The name and organization number of each individual authorized to withdraw precious metals, and the type and kind of metals, shall be prominently maintained in the stockroom. This authorization shall be issued by the Precious Metals Control Officer or his designee and updated annually. Issues of metals will be made only to authorized persons.

(c) Accurate records of all receipts, issues, returns, and disposals shall be maintained in the stockroom.

(d) Receipts for metal issues and returns to stock shall be provided to users. Such receipts, signed by the authorized requesting individual and the stockroom clerk, shall list the requesting organization, type and form of metal, quantity, and date of transaction.

§ 109–27.5104–6 Control by using organization.

(a) After receipt, the using organization shall provide necessary controls for precious metals. Materials shall be stored in a non-combustible, combination locked repository at all times except for quantities at the actual point of use.

(b) Each using organization shall maintain a log showing the individual user, type and form of metal, and the time, place, and purpose of each use. The log shall be kept in a locked repository when not in use.

(c) The logs and secured locked storage facilities are subject to review by
§ 109–27.5105 Management reviews and audits.

(a) Unannounced inspections of custodian's precious metals inventory and records may be conducted between scheduled inventories.

(b) DOE organizations and contractors holding precious metals shall annually review the quantity of precious metals on hand to determine if the quantity is in excess of program requirements. Precious metals which are not needed for current or foreseeable requirements shall be promptly reported to the DOE precious metals pool. The results of this annual review are to be documented and entered into the precious metals inventory records.

§ 109–27.5106 Purpose.

The purpose of the precious metals pool is to recycle, at a minimum cost to pool participants, DOE-owned precious metals within the Department and to dispose of DOE-owned precious metals that are excess to DOE needs. However, if the pool is unable to accept any potential precious metal return, the using activity will dispose of the precious metals through the disposal process specified in subchapter H of the FPMR and this regulation.

§ 109–27.5106–1 Withdrawals.

Pure metals, parts, fabricated products, catalysts, or solutions, are generally available and the Business Center for Precious Metals Sales and Recovery can provide assistance in supplying such requirements. Metals can be shipped to any facility to fulfill fabrication requirements.

All excess precious metals must be returned to the precious metals pool except as noted in §109–27.5106–1 of this subpart. The pool is entirely dependent on metal returns; therefore, metal inventories should be maintained on an as-needed basis, and any excess metals must be returned to the pool for recycling. With the exception of silver, this includes precious metals in any form, including shapes, scrap, or radioactively contaminated. Only high grade nonradioactively contaminated silver should be included. Procedures have been developed by the precious metals pool contractor for metal returns, including storing, packaging, shipping, and security.

The Business Center for Precious Metals Sales and Recovery will request annually from each DOE field organization its long-range forecast of anticipated withdrawals from the pool and returns to the pool.

§ 109–27.5106–5 Assistance.

The Business Center for Precious Metals Sales and Recovery operates the precious metals pool. DOE organizations and contractors may obtain specific information regarding the operation of the precious metals pool (operating contractor's name, address, and telephone number; processing charges; etc.) by contacting the Chief, Property Management Branch, Oak Ridge Operations Office.

§ 109–27.5107 Recovery of silver from used hypo solution and scrap film.

The requirements for the recovery of silver from used hypo solution and scrap film are contained in §109–45.1003 of this chapter.

Subpart 109-28.3—Customer Supply Centers

§ 109-28.306 Customer supply center (CSC) accounts and related controls.

§ 109-28.306-3 Limitations on use.

DOE offices and designated contractors shall establish internal controls for ensuring that the use of CSC accounts is limited to the purchase of items for official Government use.

DOE offices and designated contractors shall establish internal controls for ensuring that the customer access codes assigned for their accounts are properly protected.
Subpart 109–28.50—Management of Equipment Held for Future Projects

This subpart provides policies, principles, and guidelines to be used in the management of equipment held for future projects (EHFFP).

Equipment held for future projects means items being retained, based on approved justifications, for a known future use, or for a potential use in planned projects.

The objective of the EHFFP program is to enable DOE offices and contractors to retain equipment not in use in current programs but which has a known or potential use in future DOE programs, while providing visibility on the types and amounts of equipment so retained through review and reporting procedures. It is intended that equipment be retained where economically justifiable for retention, considering cost of maintenance, replacement, obsolescence, storage, deterioration, or future availability; made available for use by others; and promptly excessed when no longer needed.

Records of all EHFFP shall be maintained by the holding organization, including a listing of items with original date of classification as EHFFP; initial justifications for retaining EHFFP; rejustifications for retention; and documentation of reviews made by higher levels of management.

Procedures shall provide for the following:
(a) The original decision to classify and retain equipment as EHFFP shall be justified in writing, providing sufficient detail to support the need for retention of the equipment. This justification will cite the project for which retained, the potential use to be made of the equipment, or other reasons for retention.

(b) The validity of the initial classification EHFFP shall be reviewed by management at a level above that of the individual making the initial determination.

(c) Retention of equipment as EHFFP must be rejustified annually to ensure that original justifications remain valid. The rejustifications will contain sufficient detail to support retention.

(d) When equipment is retained as EHFFP for longer than one year, the annual rejustification shall be reviewed at a level of management at least two levels above that of the individual making the determination to retain the EHFFP. Equipment retained as EHFFP for longer than three years should be approved by the head of the DOE field organization.

§ 109–28.5005 EHFFP program review.
OPMOs or on-site DOE property administrators shall conduct periodic reviews to ensure that the EHFFP program is being conducted in accordance with established procedures and this subpart. Included in the review will be proper determinations of property as EHFFP, the validity of justifications for retaining EHFFP, and the inclusion of EHFFP in management walk-throughs as prescribed in §109–25.109–1 of this chapter.

It is DOE policy that, where practicable and consistent with program needs, EHFFP be considered as a source of supply to avoid or postpone acquisition.

Subpart 109–28.51—Management of Spare Equipment

This subpart provides policy guidance to be used in the management of spare equipment.

§ 109–28.5101 Definition.
Spare equipment means items held as replacement spares for equipment in current use in DOE programs.
The following categories of equipment will not be considered spare equipment:
(a) Equipment installed for emergency backup, e.g., an emergency power facility, or an electric motor or a pump, any of which is in place and electrically connected.
(b) Equipment items properly classified as stores inventory.

(a) Procedures shall require the maintenance of records for spare equipment, cross-referenced to the location in the facility and the engineering drawing number. The purpose for retention shall be in the records.
(b) Reviews shall be made based on technical evaluations of the continued need for the equipment. The reviews should be held biennially. In addition, individual item levels shall be reviewed when spare equipment is installed for use, the basic equipment is removed from service, or the process supported is changed.
(c) Procedures shall be established to provide for the identification and reporting of unneeded spare equipment as excess property.

This subpart prescribes the requirements governing the use of Government motor vehicles for official purposes by designated contractors.

§ 109-38.301 Authorized use.

The use of Government motor vehicles by officers and employees of the Government is governed by the provisions of 41 CFR 101-6.4 and section 109-6.4 of this chapter.

§ 109-38.301-1 Contractors' use.

Heads of field organizations shall ensure that provisions of the FPMR concerning contractor use of Government motor vehicles are complied with by their designated contractors.

§ 109-38.301-1.50 Authorization for transportation between residence and place of employment.

(a) Government motor vehicles shall not be used for transportation between residence and place of employment by designated contractor personnel except under extenuating circumstances specifically provided for under the terms of the contract. Examples of circumstances eligible for prior approval of home-to-work motor vehicle use which would be appropriate to include in the terms of the contract include: use related to safety or security operations, use related to compelling operational considerations, and use determined as cost effective to DOE's interest. Under no circumstances shall the comfort and convenience, or managerial position, of contractor employees be considered justification for authorization of use.

(b) The use of Government motor vehicles for transportation between residence and place of employment (including sporadic use) by designated contractor personnel shall be approved in writing by the Head of the field organization or designee, with delegation no lower than the Assistant Manager for Administration at the Operations Offices or the equivalent position at other DOE contracting activities provided that the individual is a warranted contracting officer. The contractor's request for approval shall include the name and title of the employee, the reason for the use, and the expected duration of the use. Each authorization is limited to one year, but can be extended for an unlimited number of additional one-year periods.

§ 109-38.301-1.51 Emergency use.

(a) Procedures for authorization of designated contractor use of Government motor vehicles in emergencies, including unscheduled overtime situations at remote sites where prior approval is not possible, shall be included in a contractor's approved property management procedures. The procedures shall include examples of emergency situations warranting such use. Records detailing instances of emergency use shall be maintained and review of all such emergency or overtime use must be certified through established audit procedures on at least an annual basis by the OPMO.

(b) In limiting the use of Government motor vehicles to official purposes, it is not intended to preclude their use in emergencies threatening loss of life or
§ 109-38.301-1.52 Property. Such use shall be documented and the documentation retained for three years.

§ 109-38.301-1.52 Maintenance of records.

Designated contractors shall maintain logs or other records on the use of a Government motor vehicle for transportation between an employee's residence and place of employment. As a minimum, these logs shall indicate the employee's name, date of use, time of departure and arrival, miles driven, and names of other passengers. Cognizant finance offices shall be provided with applicable data on employees who utilize Government motor vehicles for such transportation for purposes of the Deficit Reduction Act of 1984 concerning the taxation of fringe benefits.

§ 109-38.301-1.53 Responsibilities of motor vehicle operators.

Designated contractors shall assure that their employees are aware of their responsibilities, identical to those listed in §109-6.400-50 of this chapter for DOE employees, concerning the use and operation of Government motor vehicles.

§ 109-38.402 Replacement standards.

(a) [Reserved]

(b) Motor vehicles may be replaced without regard to the replacement standards in 41 CFR 101-38.402 only after certification by the Director of Administrative Services or the Head of the field organization for their respective organizations that a motor vehicle is beyond economical repair due to accident damage or wear caused by abnormal operating conditions.

A replaced motor vehicle shall be removed from service and disposed of prior to or as soon as practicable after delivery of the replacement motor vehicle to avoid concurrent operation of both motor vehicles.

§ 109-38.403 Responsibility for damages.

§ 109-38.403-1 Policy.

The policy for assigning responsibility for vehicle damage is to recover from users the costs for damages which would adversely affect the vehicle's resale.

§ 109-38.403-2 Responsibility.

The designated contractor will charge the using organization all costs resulting from damage, including vandalism, theft and parking lot damage to a DOE vehicle which occurs during the period that the vehicle is assigned to an employee of that organization. The charges recovered by the designated maintenance operation will be used to repair the vehicle. Other examples for which organizations will be charged are as follows:

(a) Damage caused by misuse or abuse inconsistent with normal operation and local conditions; or

(b) Repair costs which are incurred as a result of user’s failure to obtain required preventative maintenance; or

(c) Unauthorized purchases or repairs, including credit card misuse, provided there is a clear, flagrant, and documented pattern of such occurrences.

§ 109-38.403-3 Exceptions.

Exceptions to §109-38.403-2 of this subpart are as follows:

(a) As the result of the negligent or willful act of a party other than the organization or its employee, and the responsible party can be determined; or

(b) As a result of mechanical failure and the employee was not otherwise negligent. Proof of the failure must be provided; or

(c) As a result of normal wear comparable to similar vehicles.

(a) Whenever practicable and cost effective, commercial service facilities shall be utilized for the maintenance of motor vehicles.

(b) Individual vehicle maintenance records shall be kept to provide records of past repairs, as a control against unnecessary repairs and excessive maintenance, and as an aid in determining the most economical time for replacement.

(2) Providing motor vehicle operators with appropriate instructions regarding the use and protection of credit cards against theft and misuse,

(3) The taking of reasonable precautions in the event an SF 149 or SF 149A is lost or stolen to minimize the opportunity of purchases being made by unauthorized persons, including notification to the paying office of the loss or theft,

(4) Validation of credit card charges to ensure they are for official use only items, and

(5) Being on the alert for any unauthorized bills.

DOE offices electing to use national credit cards shall request the assignment of billing address code numbers from the DPMO. Following the assignment, DOE organizations shall submit orders for issuance of national credit cards in accordance with the instructions provided by GSA.

(d) Personal computer generated reports are acceptable provided that the standard report format is followed.

Subpart 109–38.51—Utilization of Motor Equipment

§ 109–38.5100 Scope of subpart.

This subpart prescribes policies and procedures concerning the utilization of motor equipment.

§ 109–38.5101 Policy.

It is DOE policy to keep the number of motor vehicles and other motor equipment at the minimum needed to satisfy programmatic requirements. To attain this goal, controls and practices shall be established which will achieve the most practical and economical utilization of motor equipment. These controls and practices apply to all DOE-owned and commercially leased motor equipment and to GSA Interagency Fleet Management System motor vehicles.

§ 109–38.5102 Utilization controls and practices.

Controls and practices to be used by DOE organizations and designated contractors for achieving maximum economical utilization of motor equipment shall include, but not be limited to:

(a) The maximum use of motor equipment pools, taxicabs, shuttle buses, or other common service arrangements;

(b) The minimum, practical assignment of motor equipment to individuals, groups, or specific organizational components;

(c) The maintenance of individual motor equipment use records, such as trip tickets or vehicle logs, or hours of use, as appropriate, showing sufficiently detailed information to evaluate appropriateness of assignment and adequacy of use being made. If one-time use of a motor vehicle is involved, such as assignments from motor pools, the individual's trip records must, as a minimum, identify the motor vehicle and show the name of the operator, dates, destination, time of departure and return, and mileage;

(d) The rotation of motor vehicles between high and low mileage assignments where practicable to maintain the fleet in the best overall replacement age and mileage balance and operating economy;

(e) The charging, if considered feasible, to the user organization for the cost of operating and maintaining motor vehicles assigned to groups or organizational components. These charge-back costs should include all direct and indirect costs of the motor vehicle fleet operation as determined by the field organization and contractor finance and accounting functions;

(f) The use of dual-purpose motor vehicles capable of hauling both personnel and light cargo whenever appropriate to avoid the need for two motor vehicles when one can serve both purposes. However, truck-type or van vehicles shall not be acquired for passenger use merely to avoid statutory limitations on the number of passenger motor vehicles which may be acquired;

(g) The use of motor scooters and motorcycles in place of higher cost motor vehicles for certain applications within plant areas, such as mail and messenger service and small parts and tool delivery. Their advantage, however, should be weighed carefully from the standpoint of overall economy (comparison with cost for other types of motor vehicles) and increased safety hazards, particularly when mingled with other motor vehicle traffic; and
(h) The use of electric vehicles for certain applications. The use of these vehicles is encouraged wherever it is feasible to use them to further the goal of fuel conservation.

§ 109–38.5103 Motor vehicle utilization standards.

(a) The following average utilization standards are established for DOE as objectives for those motor vehicles operated generally for those purposes for which acquired:

1. Sedans and station wagons, general purpose use—12,000 miles per year.
2. Light trucks (4×2’s) and general purpose vehicles, one ton and under (less than 12,500 GVWR)—10,000 miles per year.
3. Medium trucks and general purpose vehicles, 1½ ton through 2½ ton (12,500 to 23,999 GVWR)—7,500 miles per year.
4. Heavy trucks and general purpose vehicles, three ton and over (24,000 GVWR and over)—7,500 miles per year.
5. Truck tractors—10,000 miles per year.
6. All-wheel-drive vehicles—7,500 miles per year.
7. Other motor vehicles—No utilization standards are established for other trucks, ambulances, buses, law enforcement motor vehicles, and special purpose vehicles. The use of these motor vehicles shall be reviewed at least annually by the motor equipment fleet manager and action shall be taken and documented to verify that the motor vehicles are required to meet programmatic, health, safety, or security requirements.

§ 109–38.5104 Other motor equipment utilization standards.

No utilization standards are established for motor equipment other than motor vehicles. Each DOE office should establish through an agreement between the fleet manager and the OP MO utilization criteria for other motor equipment including heavy mobile equipment and review, adjust, and approve such criteria annually. Utilization of various classifications of other motor equipment can be measured through various statistics including miles, hours of use, number of trips, and fuel consumption. A utilization review of other motor equipment shall be performed at least annually by the motor equipment fleet manager to justify retention or disposition of excess equipment not needed to fulfill Departmental, programmatic, health, safety, or security requirements.

§ 109–38.5105 Motor vehicle local use objectives.

(a) Individual motor vehicle utilization cannot always be measured or evaluated strictly on the basis of miles operated or against any Department-wide mileage standard. For example, light trucks specifically fitted for use by a plumber, welder, etc., in the performance of daily work assignments, would have uniquely tailored use objectives, different from those set forth for a truck used for general purposes. Accordingly, efficient local use objectives, which represent practical units of measurement for motor vehicle utilization and for planning and evaluating future motor vehicle requirements, must be established and documented by the Organizational Motor Equipment Fleet Manager. The objectives should take into consideration past performance, future requirements, geographical disbursement, and special operating requirements.

(b) These objectives shall be reviewed and adjusted as appropriate, but not less often than annually, by the motor equipment fleet manager. The reviews shall be documented. The Organizational Motor Equipment Fleet Manager is responsible for reviewing and approving in writing all proposed local use objectives.

§ 109–38.5106 Application of motor vehicle use goals.

(a) At least annually, the motor equipment fleet manager will review motor vehicle utilization statistics and all motor vehicles failing to meet the applicable DOE utilization standard or local use objective must be identified.

(b) Prompt action must be initiated to:
§ 109–38.5200  
(1) Reassign the underutilized motor vehicles;
(2) Dispose of the underutilized motor vehicles; or
(3) Obtain a special justification from users documenting their continued requirement for the motor vehicle and any proposed actions to improve utilization. Any requirement for underutilized motor vehicles which the motor equipment fleet manager proposes to continue in its assignment, must be submitted in writing to the Organizational Motor Equipment Fleet Manager for approval.

c) Both Department-wide standards and local use objectives should be applied in such a manner that their application does not stimulate motor vehicle use for the purpose of meeting the objective. The ultimate standard against which motor vehicle use must be measured is that the minimum number of motor vehicles will be retained to satisfy program requirements.

Subpart 109–38.52—Watercraft

§ 109–38.5201 Definition.  
As used in this subpart the following definition applies:

Watercraft means any vessel used to transport persons or material on water.

§ 109–38.5202 Watercraft operations.  
(a) No person may operate a watercraft on a waterway until skill of operation and basic watercraft knowledge have been demonstrated.
(b) Operators of watercraft shall check the vessel to ensure that necessary equipment required by laws applicable to the area of operation are present, properly stowed, and in proper working order.
(c) Operators shall comply with all applicable Federal, state, and local laws pertaining to the operation of watercraft.
(d) Operators shall not use watercraft or carry passengers except in the performance of official Departmental assignments.

§ 109–38.5203 Watercraft identification and numbers.  
Watercraft in the custody of DOE or designated contractors shall display identifying numbers, whether issued by the U.S. Coast Guard, State, or local field organization, in accordance with applicable requirements.

establishment of a GSA fleet management system to serve their organization.

§ 109–39.103 Agency appeals.

The Director, Office of Administrative Services and heads of field organizations for their respective organizations may appeal, or request exemption from, a determination made by GSA concerning the establishment of a fleet management system. A copy of the appeal or request shall be forwarded to the DPMO.

§ 109–39.105 Discontinuance or curtailment of service.

Should circumstances arise that would tend to justify discontinuance or curtailment of participation by a DOE organization of a given interagency fleet management system, the participating organization should forward complete details to the DPMO for consideration and possible referral to the Administrator of General Services.

The Director, Office of Administrative Services and heads of field organizations for their respective organizations shall make the determination that an unlimited exemption from inclusion of a motor vehicle in a fleet management system is warranted. A copy of the determination shall be forwarded to GSA and to the DPMO.

The Director, Office of Administrative Services and heads of field organizations for their respective organizations shall seek limited exemptions from the fleet management system.

Subpart 109–39.3—Use and Care of GSA Interagency Fleet Management System Vehicles

(a)–(c) [Reserved]

(d) Motor equipment fleet managers shall ensure that operators and passengers in GSA Interagency Fleet Management System (IFMS) motor vehicles are aware of the prohibition against the use of tobacco products in these vehicles.

DOE activities utilizing GSA IFMS motor vehicles will receive and review vehicle utilization statistics in order to determine if miles traveled justify vehicle inventory levels. Activities should retain justification for the retention of vehicles not meeting DOE utilization guidelines or established local use objectives, as appropriate. Those vehicles not justified for retention shall be returned to the issuing GSA interagency fleet management center.

Subpart 109–40.1—General Provision

§ 109–40.000 Scope of part.

This part describes DOE regulations governing transportation and traffic management activities. It also covers arrangements for transportation and related services by bill of lading. These regulations are designed to ensure that all transportation and traffic management activities will be carried out in the manner most advantageous to the Government in terms of economy, efficiency, service, environment, safety and security.

§ 109–40.000–50 Applicability to contractors.

DOE–PMR 109–40, Transportation and Traffic Management, should be applied to cost-type contractors’ transportation and traffic management activities. Departure by cost-type contractors from the provisions of these regulations may be authorized by the contracting officer provided the practices and procedures followed are consistent with the basic policy objectives in these regulations and DOE Order 460.2, Departmental Materials Transportation and Packaging Management, except to the extent such departure is prohibited by statute or executive order.

§ 109–40.102 Representation before regulatory bodies.

Participation in proceedings related to carrier applications to regulatory bodies for temporary or permanent authority to operate in specified geographical locations shall be confined to statements or testimony in support of a need for service and shall not extend to support of individual carriers or groups of carriers.

§ 109–40.103 Selection of carriers.

§ 109–40.103–1 Domestic transportation.

(a) Preferential treatment, normally, shall not be accorded to any mode of transportation (motor, rail, air, water) or to any particular carrier when arranging for domestic transportation services. However where, for valid reasons, a particular mode of transportation or a particular carrier within that mode must be used to meet specific program requirements and/or limitations, only that mode or carrier shall be considered. Examples of valid reasons for considering only a particular mode or carrier are:

(1) Where only a certain mode of transportation or individual carrier is able to provide the needed service or is able to meet the required delivery date; and

(2) Where the consignee’s installation and related facilities preclude or are not conducive to service by all modes of transportation.

(b) The following factors are considered in determining whether a carrier or mode of transportation can meet DOE’s transportation service requirements for each individual shipment:

(1) Availability and suitability of carrier equipment;

(2) Carrier terminal facilities at origin and destination;

(3) Pickup and delivery service, if required;

(4) Availability of required or accessorital and special services, if needed;

(5) Estimated time in transit;

(6) Record of past performance of the carrier; and

(7) Availability and suitability of transit privileges.
§ 109–40.103–2 Disqualification and suspension of carriers.

Disqualification and suspension are measures which exclude carriers from participation, for temporary periods of time, in DOE traffic. To ensure that the Government derives the benefits of full and free competition of interested carriers, disqualification and suspension shall not apply for any period of time longer than necessary to protect the interests of the Government.

§ 109–40.103–3 International transportation.

See 4 CFR 52.2 for a certificate required in nonuse of U.S. flag vessels or U.S. flag certificated air carriers.

(a) U.S.-flag ocean carriers. Arrangements for international ocean transportation services shall be made in accordance with the provisions of section 901(b) of the Merchant Marine Act of 1936, as amended (46 U.S.C. 1241(b)) concerning the use of privately owned U.S.-flag vessels.

(b) U.S.-flag certificated air carriers. Arrangements for international air transportation services shall be made in accordance with the provisions of section 5(a) of the International Air Transportation Fair Competition Practices Act of 1974 (49 U.S.C. 1517), which requires the use of U.S.-flag certificated air carriers for international travel of persons or property to the extent that services by these carriers is available.

The preferred method of transporting property for the Government is through use of the facilities and services of commercial carriers. However, Government vehicles may be used when they are available to meet emergencies and accomplish program objectives which cannot be attained through use of commercial carriers.

§ 109–40.109 Utilization of special contracts and agreements.

From time to time special transportation agreements are entered into on a Government-wide or DOE-wide basis and are applicable, generally, to DOE shipments. The HQ DOE Manager, Transportation Operations and Traffic, will distribute information on such agreements to field offices as it becomes available.

§ 109–40.110 Assistance to economically disadvantaged transportation businesses.

§ 109–40.110–1 Small business assistance.

Consistent with the policies of the Government with respect to small businesses, DOE shall place with small business concerns a fair proportion of the total purchases and contracts for transportation and related services such as packing and crating, loading and unloading, and local drayage.

Minority business enterprises shall have the maximum practical opportunity to participate in the performance of Government contracts. DOE shall identify transportation-related minority enterprises and encourage them to provide services that will support DOE’s transportation requirements.

§ 109–40.112 Transportation factors in the location of Government facilities.

Transportation rate, charges, and commercial carrier transportation services shall be considered and evaluated prior to the selection of new site locations and during the planning and construction phases in the establishment of leased or relocated Government installations or facilities to ensure that consideration is given to the various transportation factors that may be involved in this relocation or deactivation.

§ 109–40.113 Insurance against transportation hazards.

The policy of the Government with respect to insurance of its property while in the possession of commercial carriers is set forth in 41 CFR 1–19.107.
Subpart 109–40.3—Traffic Management

§ 109–40.301 Traffic management functions administration.

The DOE traffic management functions are accomplished by established field traffic offices under provisions of appropriate Departmental directives and Headquarters’ staff traffic management supervision.

(a) Shipments shall be routed using the mode of transportation, or individual carriers within the mode, that can provide the required service at the lowest overall delivered cost to the Government.

(b) When more than one mode of transportation, or more than one carrier within a mode, can provide equally satisfactory service at the same overall cost the traffic shall be distributed as equitably as practicable among the modes and among the carriers within the modes.

§ 109–40.303 Most fuel efficient carrier/mode.

When more than one mode, or more than one carrier within a mode, can satisfy the service requirements of a specific shipment at the same lowest aggregate delivered cost, the carrier/mode determined to be the most fuel efficient will be selected. In determining the most fuel efficient carrier/mode, consideration will be given to such factors as use of the carrier’s equipment in “turn around” service, proximity of carrier equipment to the shipping activity, and ability of the carrier to provide the most direct service to the destination points.

§ 109–40.304 Rate tenders to the Government.

Under the provisions of section 10721 of the Interstate Commerce Act (49 U.S.C. 10721), common carriers are permitted to submit to the Government tenders which contain rates lower than published tariff rates available to the general public. In addition, rates tenders may be applied to shipments other than those made by the Government provided the total benefits accrue to the Government; that is, provided the Government pays the charges or directly and completely reimburses the party that initially bears the freight charges (323 ICC 347 and 332 ICC 161).

§ 109–40.305 Negotiations involving national security.

Title 49 U.S.C., section 10721(b)(2) provides that rate tenders to the Government must be filed by the carriers within the Interstate Commerce Commission unless a carrier is advised by the U.S. Government that disclosure of a quotation or tender of a rate established *** for transportation provided to the U.S. Government would endanger the National security. Carriers will be informed by the negotiating official if any quotation or tender to the Department of Energy involves such information.

§ 109–40.306–1 Recommended rate tender format.

Only those rate tenders which have been submitted by the carriers in writing shall be considered for use. Carriers should be encouraged to use the format “Uniform Tender of Rates and/or Charges for Transportation Services” when preparing and submitting rate tenders to the Government. Rate tenders that are ambiguous in meaning shall be resolved in favor of the Government.

§ 109–40.306–2 Required shipping documents and annotations.

(a) To qualify for transportation under section 10721 rates, property must be shipped by or for the Government on:

(1) Government bills of lading;

(2) Commercial bills of lading endorsed to show that these bills of lading are to be converted to Government bills of lading after delivery to the consignee;

(3) Commercial bills of lading showing that the Government is either the consignor or the consignee and endorsed with the following statement:

Transportation hereunder is for the U.S. Department of Energy, and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are assignable to, and are to be reimbursed by, the Government.
(b) When a rate tender is used for transportation furnished under a cost-reimbursable contract, the following endorsement shall be used on covering commercial bills of lading:

Transportation hereunder is for the U.S. Department of Energy, and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are to be reimbursed by the Government, pursuant to cost-reimbursable contract number (insert contract number). This may be confirmed by contacting the agency representative at (name and telephone number).

See 332 ICC 161.

(c) To ensure proper application of a Government rate tender on all shipments qualifying for their use, the issuing officer shall show on the bills of lading covering such shipments the applicable rate tender number and carrier identification, such as: “Section 10721 tender, ABC Transportation Company, ICC No. 374.” In addition, if commercial bills of lading are used, they shall be endorsed as specified above.

Each agency receiving rate tenders shall promptly submit one signed copy to the Transportation and Public Utilities Service (WIT), General Services Administration, Washington, DC 20407. Also, two copies (including at least one signed copy) shall be promptly submitted to the General Services Administration (TA), Chester A. Arthur Building, Washington, DC 20406.

Subpart 109–40.50—Bills of Lading

§ 109–40.5000 Scope of subpart.

This subpart sets forth the requirements under which commercial or Government bills of lading may be used.

§ 109–40.5001 Policy.

Generally DOE cost-type contractors will use commercial bills of lading in making shipments for the account of DOE. Cost-type contractors may be authorized by the contracting officer to use Government bills of lading if such use will be advantageous to the Government. Such authorizations shall be coordinated with the HQ DOE Manager, Transportation Operations and Traffic.

§ 109–40.5002 Applicability.

The policy and procedures set forth in this subpart shall be applied when DOE’s cost-type contractors use commercial bills of lading.

§ 109–40.5003 Commercial bills of lading.

(a) DOE’s cost-type contractors using commercial bills of lading in making shipments for the account of DOE shall include the following statement on all commercial bills of lading:

This shipment is for the account of the U.S. Government which will assume the freight charges and is subject to the terms and conditions set forth in the standard form of the U.S. Government bills of lading and to any available special rates or charges.

(b) The language in paragraph (a) of this section may be varied without materially changing its substance to satisfy the needs of particular cost-type contractors for the purpose of obtaining the benefit of the lowest available rates for the account of the Government.

(c) Where practicable, commercial bills of lading shall provide for consignment of a shipment to DOE c/o the cost-type contractor or by the contractor “for the DOE.”

(d) Commercial bills of lading exceeding $10,000 issued by cost-type contractors shall be annotated with a typewritten, rubber stamp, or similar impression containing the following wording:

Equal Employment Opportunity. All provisions of Executive Order 11246, as amended by Executive Order 11375, and of the rules, regulations, and relevant orders of the Secretary of Labor are incorporated herein.

In those instances where DOE cost-type contractors are authorized to use Government bills of lading, specific employees of cost-type contractors will be authorized by the contracting officer to issue such Government bills of lading (see Title V, U.S. Government Accounting Office Policy and Procedures Manual for Guidance of Federal Agencies).
§ 109-40.5005 Description of property for shipment.

(a) Each shipment shall be described on the bill of lading or other shipping document as specified by the governing freight classification, carrier’s tariff, or rate tender. Shipments shall be described as specifically as possible. Trade names such as “Foamite” or “Formica,” or general terms such as “vehicles,” “furniture,” or “Government supplies,” shall not be used as bill of lading descriptions.

(b) A shipment containing hazardous materials, such as explosives, radioactive materials, flammable liquids, flammable solids, oxidizers, or poison A or poison B, shall be prepared for shipment and described on bills of lading or other shipping documents in accordance with the Department of Transportation Hazardous Materials Regulation, 49 CFR, parts 100-189.

Subpart 109-40.51—Price-Anderson Coverage Certifications for Nuclear Shipments

§ 109-40.5100 Scope of subpart.

This subpart sets forth the policy for issuance of certifications regarding Price-Anderson coverage of particular shipments of nuclear materials.

§ 109-40.5101 Policy.

Upon request of a carrier, an appropriate certification will be issued by an authorized representative of the DOE to the carrier regarding the applicability of Price-Anderson indemnity to a particular shipment. Copies of such certifications, if performed by a Field Manager or a DOE cost-type contractor, shall be provided to the HQ DOE Manager, Transportation Operations and Traffic.
Subpart 109±42.11—Special Types of Hazardous Material and Certain Categories of Property

§ 109±42.1100.50 Scope of subpart.

This subpart sets forth policies and procedures for the utilization and disposal outside of DOE of excess and surplus personal property which has been radioactively or chemically contaminated.

§ 109±42.1100.51 Policy.

When the holding organization determines it is appropriate to dispose of contaminated personal property, it shall be disposed of by DOE in accordance with appropriate Federal regulations governing radiation/chemical exposure and environmental contamination. In special cases where Federal regulations do not exist or apply, appropriate state and local regulations shall be followed.

§ 109±42.1102±8 United States Munitions List items which require demilitarization.

Heads of field organizations shall determine demilitarization requirements regarding combat material and military personal property using DoD 4100.21-M-1, Defense Demilitarization Manual as a guide.

§ 109±42.1102±51 Suspect personal property.

(a) Excess personal property (including scrap) having a history of use in an area where radioactive or chemical contamination may occur shall be considered suspect and shall be monitored using appropriate instruments and techniques by qualified personnel of the DOE office or contractor generating the excess.

(b) With due consideration to the economic factors involved, every effort shall be made to reduce the level of contamination of excess or surplus personal property to the lowest practicable level. Contaminated personal property that exceeds applicable contamination standards shall not be utilized or disposed outside DOE.

(c) If contamination is suspected and the property is of such size, construction, or location as to make testing for contamination impossible, the property shall not be utilized or disposed outside of DOE.

§ 109±42.1102±52 Low level contaminated personal property.

If monitoring of suspect personal property indicates that contamination does not exceed applicable standards, it may be utilized and disposed of in the same manner as uncontaminated personal property, provided the guidance in § 109±45.5005±1(a) of this chapter has been considered. However, recipients shall be advised where levels of radioactive contamination require specific controls for shipment as provided in Department of Transportation Regulations (49 CFR parts 171-179) for shipment of radioactive personal property. In addition, when any contaminated personal property is screened within DOE, reported to GSA, or otherwise disposed of, the kind and degree of contamination must be plainly indicated on all pertinent documents.

§ 109–43.307–2.50

REAPS also provides for a 15-day expedited screening period for certain categories of personal property for economic development and to satisfy urgent conditions.

(b) An additional 30-day screening period shall be allocated for items eligible for screening by educational institutions through ERLE.

(c) Items in FSCG 66 (Instruments and Laboratory Equipment), 70 (General Purpose Information Processing Equipment (including firmware)), and 99 (Miscellaneous) are reportable when the unit acquisition cost is $1,000 or more.

(d) In exceptional or unusual cases when time is critical, screening of excess property may be accomplished by telegram or facsimile with due consideration given to the additional costs involved. Examples of situations when this method of screening would be used are when there is a requirement for quick disposal actions due to unplanned contract terminations or facilities closing; to alleviate the paying of storage costs; when storage space is critical; to process exchange/sale transactions; property dangerous to public health and safety; property determined to be classified or otherwise sensitive for reasons of national security (when classified communications facilities are used); or for hazardous materials which may not be disposed of outside of the Department.

(e) Concurrent DOE and Federal agency screening generally shall not be conducted.

§ 109–43.304–1.51 Transfers within DOE.

Transfers within DOE generally shall be effected by completion of a SF–122, Transfer Order Excess Personal Property. Except for those designated contractors authorized by the DOE contracting office to execute transfer orders, transfers to DOE contractors must be approved by the cognizant DOE property administrator for the contractor receiving the property.

§ 109–43.304–2 Form and distribution of reports.

Reportable property will be electronically reported by REAPS directly to GSA following internal DOE and ERLE screening.

§ 109–43.304–4 Property at installations due to be discontinued.

When closing installations, DOE offices shall work with the appropriate GSA regional offices to develop site utilization and disposal programs:

(a) In developing a disposal program, property shall be determined to be excess to DOE needs before reporting it to GSA.

(b) If a deviation from DOE policy or procedures is required, prior written approval of the Deputy Assistant Secretary for Procurement and Assistance Management shall be obtained.

(c) When deviation from existing GSA regulations is involved, approval by the appropriate GSA regional office will be sufficient to validate the disposition. A copy of the GSA approval should be forwarded for information to the DPMO.

(b) When personal property subject to export controls is transferred under work-for-others agreements, co-operative agreements, or technical programs, the recipients will be informed in writing that:

(1) The property is subject to export controls;

(2) They are responsible for obtaining export licenses or authorizations prior to transferring or moving the property to another country; and

Facility in standby means a complete plant or section of a plant, which is neither in service or declared excess.

§ 109-43.5002 Reviews to determine need for retaining items.

Procedures and practices shall require an initial review at the time the plant is placed in standby to determine which items can be made available for use elsewhere within the established start-up criteria; periodic reviews (no less than biennially) to determine need for continued retention of property; and special reviews when a change in start-up time is made or when circumstances warrant. Such procedures should recognize that:

(a) Equipment, spares, stores items, and materials peculiar to a plant should be retained for possible future operation of the plant;

(b) Where practicable, common-use stores should be removed and used elsewhere; and

(c) Uninstalled equipment and other personal property not required should be utilized elsewhere on-site or be disposed of as excess.

(b) [Reserved]

§ 109-45.304-2.50 Negotiated sales and negotiated sales at fixed prices by designated contractors.

(a) Negotiated sales by designated contractors of surplus contractor inventory may be made when the DOE contracting officer determines and documents prior to the sale that the use of this method of sale is justified on the basis of the circumstances enumerated below, provided that the Government’s interests are adequately protected. These sales shall be at prices which are fair and reasonable and not less than the proceeds which could reasonably be expected to be obtained if the personal property was offered for competitive sale. Specific conditions justifying negotiated sales include:

(1) No acceptable bids have been received as a result of competitive bidding under a suitable advertised sale;

(2) Personal property is of such small value that the proceeds to be derived would not warrant the expense of a formal competitive sale;

(3) The disposal will be to a state, territory, possession, political subdivision thereof, or tax-supported agency therein, and the estimated fair market value of the personal property and other satisfactory terms of disposal are obtained by negotiation;

(4) The specialized nature and limited use potential of the personal property would create negligible bidder interest;

(5) Removal of the personal property would result in a significant reduction in value, or the accrual of disproportionate expense in handling; or

(6) It can be clearly established that such action is in the best interests of the Government.

(b) When determined to be in the best interests of the Government, heads of field organizations may authorize fixed-price sales of surplus contractor inventory by designated contractors provided:

(1) The fair market value of the item to be sold does not exceed $15,000;

(2) Adequate procedures for publicizing such sales have been established;

(3) The sales prices are not less than could reasonably be expected if competitive bid sales methods were employed and the prices have been approved by a reviewing authority designated by the head of the field organization; and

(4) The warranty prescribed in §109-45.302-50(a) of this subpart is obtained when sales are made to employees.
§ 109–45.304–6 Reviewing authority.
The reviewing authority may consist of one or more persons designated by the head of the field organization.

§ 109–45.304–50 Processing bids and awarding of contracts.
The procedures established in 48 CFR 14.4 and 48 CFR 914.4 shall be made applicable to the execution, receipt, safeguarding, opening, abstraction, and evaluation of bids and awarding contracts, except that in evaluating bids and awarding contracts, disposal under conditions most advantageous to the Government based on high bids received shall be the determining factor.

§ 109–45.304–51 Documentation.
Files pertaining to surplus property sales shall contain copies of all documents necessary to provide a complete record of the sales transactions and shall include the following as appropriate:

(a) A copy of the request/invitation for bids if a written request/invitation for bids is employed. A list of items or lots sold, indicating acquisition cost, upset price and sales price indicated.

(b) A copy of the advertising literature distributed to prospective bidders.

(c) A list of prospective bidders solicited.

(d) An abstract of bids received.

(e) Copies of bids received, including Standard Form 119, Contractor’s Statement of Contingent or Other Fees, together with other relevant information.

(f) A statement concerning the basis for determination that proceeds constitute a reasonable return for property sold.

(g) When appropriate, full and adequate justification for not advertising the sale when the fair market value of property sold in this manner in any one case exceeds $1,000.

(h) A justification concerning any award made to other than the high bidder.

(i) The approval of the reviewing authority when required.

(j) A copy of the notice of award.

(k) All related correspondence.

(l) In the case of auction or spot bid sales, the following additional information should be included:

(1) A summary listing of the advertising used (e.g., newspapers, radio, television, and public postings).

(2) The names of the prospective bidders who attended the sale.

(3) A copy of any pertinent contract for auctioneering services and related documents.

(4) A reference to files containing record of deposits and payments.

§ 109–45.5005–1 General.

(a) Nuclear-related, proliferation-sensitive, low level contaminated property, and classified personal property shall not be transferred, sold, exchanged, leased, donated, abandoned, or destroyed without approval of the cognizant program office. Disposal of this personal property is subject to the restrictions contained in applicable sections of part 109–42 and §§109–43.307–50, 109–43.307–51, and 109–43.307–52 of this chapter, and applicable sections of 41 CFR part 101–42.

Subpart 109–45.51—Disposal of Excess and Surplus Personal Property in Foreign Areas

§ 109–45.5100 Scope of subpart.

This subpart sets forth policies and procedures governing the disposal of DOE-owned foreign excess and surplus personal property.

§ 109–45.5101 Authority.

The policies and procedures contained in this subpart are issued pursuant to the provisions of 40 USC 471, Federal Property and Administrative Services Act of 1949, as amended. Title IV of the Act entitled “Foreign Excess Property” provides that, except where commitments exist under previous agreements, all excess personal property located in foreign areas shall be disposed of by the owning agency, and directs that the head of the agency conform to the foreign policy of the United States in making such dispositions.

§ 109–45.5102 General.

Disposal of Government-owned personal property in the custody of DOE organizations or its contractors in foreign areas shall be made in an efficient and economical manner, and in conformance with the foreign policy of the United States.

§ 109–45.5103 Definitions.

As used in this subpart, the following definitions apply:

Foreign means outside the United States, Puerto Rico, American Samoa, Guam, the Trust Territory of the Pacific Islands, and the Virgin Islands.

Foreign service post means the local diplomatic or consular post in the area where the excess personal property is located.

§ 109–45.5104 Disposal.

§ 109–45.5104–1 General.

Foreign excess personal property which is not required for transfer within DOE or to other U.S. Government agencies, except for the personal property identified in §109–45.5005–1(a) of this part, shall be considered surplus and may be disposed of by transfer, sale, exchange, or lease, for cash, credit, or other property and upon such other terms and conditions as may be deemed proper. Such personal property may also be donated, abandoned, or destroyed under the conditions specified in §109–45.5105–2(c) of this subpart. Most foreign governments have indicated to the U.S. State Department that they wish to be consulted before U.S. Government property is disposed of in their countries (except in the case of transfers to other U.S. Government agencies). Matters concerning customs duties and taxes, or similar charges, may require prior agreement with the foreign government involved. The State Department shall be contacted in regard to these issues. Whenever advice or approval of the State Department is required by this subpart, it may be obtained either through the foreign service post in the foreign area involved or from the State Department in Washington, DC. If the issue is to be presented to the State Department in Washington, DC, it shall be referred through appropriate administrative channels to the Deputy Assistant Secretary for Procurement and Assistance Management for review, coordination, and handling.
§ 109–45.5104–2 Methods of disposal.

(a) Sales of foreign surplus personal property shall be conducted in accordance with the following guidelines:

(1) Generally, all sales of foreign surplus personal property shall be conducted under the competitive bid process unless it is advantageous and more practicable to the Government not to do so. When competitive bids are not solicited, reasonable inquiry of prospective purchasers shall be made in order that sales may be made on terms most advantageous to the U.S. Government.

(2) In no event shall any personal property be sold in foreign areas without a condition which states that its importation into the United States is forbidden unless the U.S. Secretary of Agriculture (in the case of any agricultural commodity, food, cotton, or woollen goods), or the U.S. Secretary of Commerce (in the case of any other property), has determined that the importation of such property would relieve domestic shortages or otherwise be beneficial to the economy of the United States.

(3) Sales documents shall provide that the purchaser must pay any import duties or taxes levied against personal property sold in the country involved and further provide that the amount of this duty or tax shall not be included as a part of the price paid the U.S. Government for the personal property. In the event the levy is placed upon the seller by law, the buyer will be required to pay all such duties or taxes and furnish the seller copies of his receipts prior to the release of the personal property to him. However, if the foreign government involved will not accept payment from the buyer, the seller will collect the duties or taxes and turn the amounts collected over to the foreign government. Accounting for the amounts collected shall be coordinated with the disbursing officer of the nearest United States foreign service post. The property shall not be released to the purchaser until the disposal officer is satisfied that there is no responsibility for payment by the United States (as contrasted to collection by the United States) of taxes, duties, excises, etc.

(4) Certain categories of personal property, including small arms and machine guns; artillery and projectiles; ammunition, bombs, torpedoes, rockets and guided missiles; fire control equipment and range finders; fire control equipment; tanks and ordnance vehicles; chemical and biological agents, propellants and explosives; vessels of war and special naval equipment; aircraft and all components, parts and accessories for aircraft; military electronic equipment; aerial cameras, military photo-interpretation, stereoscopic plotting and photogrammetry equipment; and all material not enumerated which is included in the United States Munitions List, 22 CFR 121.01, and is subject to disposal restrictions. Advance approval must be obtained from the State Department for the sale of all such articles. Therefore, prior to the sale of any of the articles enumerated in the U.S. Munitions List, the foreign service post in the area shall be consulted.

(b) While there is authority for exchange or lease of foreign surplus personal property, such authority shall be exercised only when such action is clearly in the best interests of the U.S. Government. Disposals by exchange are subject to the same requirements as disposals by sale under § 109–45.5105–2(a) of this subpart.

(c)(1) Foreign excess or surplus personal property (including salvage and scrap) may be donated, abandoned, or destroyed provided:

(i) The property has no commercial value or the estimated cost of its care and handling would exceed the estimated proceeds from its sale; and
(ii) A written finding to that effect is made and approved by the Deputy Assistant Secretary for International Energy Policy, Trade and Investment.

(2) No personal property shall be abandoned or destroyed if donation is feasible. Donations under these conditions may be made to any agency of the U.S. Government, or to educational, public health, or charitable nonprofit organizations.

(3) Foreign excess personal property may also be abandoned or destroyed when such action is required by military necessity, safety, or considerations of health or security. A written statement explaining the basis for disposal by these means and approval by the Deputy Assistant Secretary for International Energy Policy, Trade and Investment is required.

(4) Property shall not be abandoned or destroyed in a manner which is detrimental or dangerous to public health and safety, or which will cause infringement on the rights of other persons.

§ 109–45.5105 Reports.

(a) Proposed sales of foreign surplus personal property having an acquisition cost of $250,000 or more shall be reported to the DPIMO and should include all pertinent data, including the following:

(1) The description of personal property to be sold, including:
   (i) Identification of personal property (description should be in terms understandable to persons not expert in technical nomenclature). Personal property covered by the U.S. Munitions List and regulations pertaining thereto (as published in 22 CFR 121.01) should be clearly identified;
   (ii) Quantity;
   (iii) Condition; and
   (iv) Acquisition cost.

(2) The proposed method of sale (e.g., sealed bid, negotiated sale, etc.)

(3) Any currency to be received and payment provisions (i.e., U.S. dollars, foreign currency, or credit, including terms of the proposed sale).

(4) Any restrictions on use of personal property to be sold (such as resale of property, disposal as scrap, demilitarization, etc.).

(5) Any special terms or conditions of sale.

(6) The categories of prospective purchasers (e.g., host country, other foreign countries, special qualifications, etc.).

(7) How taxes, excises, duties, etc., will be handled.

(b) Instructions for reporting foreign excess utilization and disposal transactions are contained in Chapter III of DOE Order 534.1, Accounting.

§ 109–50.000 Scope of part.

This part provides guidance on the policies, practices, and procedures for the disposal of DOE property under special legislative authorities.

§ 109–50.001 Applicability.

The provisions of this part apply to direct DOE operations and to designated contractors only when specifically provided for in the appropriate subpart.

Subpart 109–50.1—Used Energy-Related Laboratory Equipment Grant Program

§ 109–50.100 Scope of subpart.

§ 109–50.101 Applicability.

This subpart is applicable to DOE offices and designated contractors.

§ 109–50.102 General.

DOE, to encourage research and development in the field of energy, awards grants of excess energy-related laboratory equipment to eligible institutions for use in energy-oriented educational programs. Under the Used Energy-Related Laboratory Equipment (ERLE) Grant Program, grants of used energy-related equipment excess to the requirements of DOE offices and designated contractors may be made to eligible institutions prior to reporting the equipment to GSA for reutilization screening.

§ 109–50.103 Definitions.

As used in this subpart the following definitions apply: Book value means acquisition cost less depreciation. DOE Financial Assistance Rules (10 CFR part 600) means the DOE regulation which establishes a uniform administrative system for application, award, and administration of assistance awards, including grants and cooperative agreements.

Eligible institution means any nonprofit educational institution of higher learning, such as universities, colleges, junior colleges, hospitals, and technical institutes or museums located in the United States and interested in establishing or upgrading energy-oriented education programs.

Energy-oriented education program means one that deals partially or entirely in energy or energy-related topics.

§ 109–50.104 Equipment which may be granted.

Generally, equipment items classified in FSCG 66, Instruments and Laboratory Equipment, are eligible for granting under this program. Other selected items designated by the Office of Laboratory Policy and Infrastructure Management and approved by the
§ 109–50.105 Equipment which may not be granted.

Equipment which will not be granted include:
(a) Any equipment determined to be required by DOE direct operations or DOE designated contractors; or
(b) General supplies, such as Bunsen burners, hoods, work benches; office equipment and supplies; furniture; drafting supplies; refrigerators; tools; presses; lathes; furnaces; hydraulic and mechanical jacks; cranes; and hoists.

(a) After DOE utilization screening through REAPS, items eligible for ERLE grants are extracted from the REAPS system and provided to the Office of Energy Research by electronic means.
(b) The Office of Energy Research provides this information to prospective grantees through an automated system.
(c) The following periods have been established during which time equipment will remain available to this program prior to reporting it to GSA for reutilization by other Federal agencies:
(1) Thirty days from the date DOE utilization screening is completed to permit suitable time for eligible institutions to review and earmark the desired equipment.
(2) An additional thirty days after the equipment is earmarked to permit the eligible institutions to prepare and submit an equipment proposal request and to provide time for field organizations to review and evaluate the proposal and take appropriate action.
(d) Upon approval of the proposal, a grant will be issued to the institution upon completion.
(e) A copy of the completed grant, shall be used to transfer title and drop accountability of the granted equipment from the financial records.
(f) The cost of care and handling of personal property incident to the grant shall be charged to the receiving institution. Such costs may consist of packing, crating, shipping and insurance, and are limited to actual costs. In addition, where appropriate, the cost of any repair and/or modification to any equipment shall be borne by the recipient institution.

§ 109–50.107 Reporting.
(a) Gifts made under this program shall be included in the annual report of property transferred to non-Federal recipients, as required by 41 CFR 101–43.4701(c) and 109–43.4701(c).
(b) A copy of each equipment agreement shall be forwarded to the Director, Office of Laboratory Policy and Infrastructure Management.

Subpart 109–50.2—Math and Science Equipment Gift Program

This subpart provides guidance on providing gifts of excess and/or surplus education related and Federal research equipment to elementary and secondary educational institutions or nonprofit organizations for the purpose of improving math and science curricula or conducting of technical and scientific education and research activities.

§ 109–50.201 Applicability.
The provisions of this subpart are applicable to DOE offices and designated contractors.

As used in this subpart the following definitions apply:
DOE Field Organizations means the DOE Federal management activities, including Operations Offices, Field Offices, Area Offices, Site Offices, Energy Technology Centers, and Project Offices staffed by Federal employees.
Education-related and Federal research equipment includes but is not limited to DOE-owned property in FSCG 34, 36, 41, 52, 60, 61, 66, 67, 70, and 74 (See 41 CFR 101–43.4801(d)), and other related equipment, which is deemed appropriate for use in improving math and science curricula or activities for elementary and secondary school education, or for the conduct of technical and scientific education and research activities.
General Services Administration § 109–50.205

Eligible recipient means local elementary and secondary schools and non-profit organizations.

Elementary and secondary schools means individual public or private educational institutions encompassing kindergarten through twelfth grade, as well as public school districts.

Facilities under DOE Field Organization cognizance means national laboratories, production plants, and project sites managed and operated by DOE contractors or subcontractors.

§ 109–50.203 Eligible equipment.

(b) Other related equipment may be provided if deemed appropriate and approved by the Director, Office of Laboratory Policy and Infrastructure Management.

§ 109–50.204 Limitations.

(a) Excess and/or surplus education-related and Federal research equipment at DOE Field Organizations and cognizant facilities is eligible for transfer as a gift under this program. However, safety, environmental, and health matters must be considered.

(b) Title to the equipment will transfer upon the recipient's written acknowledgement of receipt.

(c) The Director, Office of Laboratory Policy and Infrastructure Management may authorize gifts of excess and/or surplus education-related and Federal research equipment by signature on the appropriate gift instrument where the book value of an item of equipment exceeds $25,000 or the cumulative book value of the gifts under this program to any one institution exceeds $25,000. HCA or designee may authorize gifts of excess and/or surplus education-related and Federal research equipment of lesser individual and cumulative book value by signature on the appropriate gift instrument. Delegations by the HCA to authorize gifts of excess and/or surplus education related and Federal research equipment shall be in writing to a specific individual, for a specified period of time, and for a specified (or unlimited) level of authority.

(d) Gifts shall be serviceable and in working order. Disposal Condition Codes 1 and 4, as defined in 41 CFR 101-43.4801(e), meet this criteria. Serviceability of equipment should be verified before the gift is made to the eligible recipient.

§ 109–50.205 Procedure.

(a) The DOE facility will set aside an appropriate amount of excess and/or surplus education-related and Federal research equipment for transfer under this program.

(b) A list of available education-related and Federal research equipment will be prepared and distributed to eligible recipients and the chief State School Board Officer.

(c) Precollege institutions with partnership arrangements with the DOE or its facilities (e.g., an adopted school) may receive gifts of equipment in support of the partnership.

(d) Precollege institutions not in a partnership with DOE may receive equipment at the recommendation of the chief State School Board Officer. The Chief State School Board Officer will determine which schools within the state will receive which equipment. Consideration for placement of the equipment should be based on:

(1) The elementary or secondary schools determined to have the greatest need; or

(2) Recipients of federally funded math and science projects where the equipment would further enhance the progress of the project.

(e) Eligible recipients will have 30 days to select and freeze, on a first
§ 109-50.206 Reporting.

(a) Gifts made under this program shall be included in the annual report of property transferred to non-Federal recipients, as required by 41 CFR §101-43.4701(c) and §109-43.4701(c) of this chapter.

(b) A copy of each equipment agreement shall be forwarded to the Director, Office of Laboratory Policy and Infrastructure Management.

Subpart 109-50.3 [Reserved]

Subpart 109-50.4—Programmatic Disposal to Contractors of DOE Property in a Mixed Facility

§ 109-50.401 Definitions.

As used in this subpart, the following definitions apply:

Contractor means the operator of the mixed facility.

DOE property means DOE-owned personal property located in a mixed facility.

Mixed facility means a partly DOE-owned and partly contractor-owned facility. For purposes of this subpart, however, this definition does not apply to such a facility operated by an educational or other nonprofit institution under a basic research contract with DOE.

Proposals involving programmatic disposals of DOE personal property located in mixed facilities to contractors operating that facility shall be forwarded through the appropriate program organization to the DPOMO, for review and processing for approval. Each such request shall include all information necessary for a proper evaluation of the proposal. The proposal shall include, as a minimum:

(a) The purpose of the mixed facility;
(b) The description, condition, acquisition cost, and present use of the DOE personal property involved;
(c) The programmatic benefits which could accrue to DOE from the disposal to the contractor (including the considerations which become important if the disposal is not made);
(d) The appraised value of the DOE personal property (preferably by independent appraisers); and
(e) The proposed terms and conditions of disposal including:

(1) Price;
(2) Priority to be given work for DOE requiring the use of the transferred property, and including the basis for any proposed charge to DOE for amortizing the cost of plant and equipment items;
(3) Recapture of the property if DOE foresees a possible future urgent need; and
(4) Delivery of the property, whether “as is—where is,” etc.

§ 109-50.403 Need to establish DOE program benefit.

When approval for a proposed programmatic disposal of DOE personal property in a mixed facility is being sought, it must be established that the disposal will benefit a DOE program.
For example, approval might be contingent on showing that:
(a) The entry of the contractor as a private concern into the energy program is important and significant from a programmatic standpoint; and
(b) The sale of property to the contractor will remove obstacles which otherwise discourage entry into the field.

Subpart 109–50.48—Exhibits

§ 109–50.4800 Scope of subpart.
This subpart exhibits information referenced in the text of part 109–50 of this chapter that is not suitable for inclusion elsewhere in that part.

§ 109–50.4801 Equipment Gift Agreement.
(a) The following Equipment Gift Agreement format will be used to provide gifts of excess and/or surplus equipment to eligible recipients under the Math and Science Equipment Gift Program (see subpart 109–50.2 of this chapter).

PART 128—INTRODUCTION

Subpart 128–1.1—Regulation System

§ 128–1.100 Scope of subpart.

This part introduces the Department of Justice Property Management Regulations (JPMR) as part of the Federal Property Management Regulations System (FPMR) (41 CFR part 101); states its relationship to the FPMR; and provides instructions for the issuance and use of these property management policies and procedures of the Department of Justice.

The JPMR, established in this subpart, implement and supplement, as necessary, the FPMR provisions governing the acquisition, utilization, management, and disposal of real and personal property. The JPMR are issued to establish uniform property management policies, regulations, and, as necessary, procedures in the Department of Justice.

§ 128–1.105 Authority for JPMR.

The Department of Justice Property Management Regulations are prescribed by the Assistant Attorney General for Administration under authority of 5 U.S.C. 301, 40 U.S.C. 486(c), 41 CFR 101–1.108, and 28 CFR 0.75(j).

§ 128–1.152 Citation.

The JPMR will be cited in accordance with the Federal Register standards applicable to the FPMR. Accordingly, when this section is referred to formally in official documents, it should be cited as “41 CFR 128–1.152.” When a section of the JPMR is referred to informally, however, it may be identified simply by “JPMR” followed by the complete paragraph reference number, e.g., “JPMR 128–1.152.”

Subpart 128–1.50—Authorities and Responsibilities for Personal Property Management

§ 128–1.5001 Scope of subpart.

This subpart sets forth general definitions of terms used throughout the JPMR and states responsibilities and authorities within the Department of
Justice as they pertain to personal property management functions.

§ 128-1.5002 Definitions.

§ 128-1.5002-1 Acquire.

To procure, purchase, or obtain in any manner, except by lease, including transfer, donation or forfeiture, manufacture, or production at Government-owned plants or facilities.

§ 128-1.5002-2 Department.

The Department of Justice, including all its Bureaus and their respective field operations in all locations.

§ 128-1.5002-3 Head of the Agency/Department.

The Attorney General of the United States.

§ 128-1.5002-4 Bureau.

The Federal Bureau of Investigation; the Law Enforcement Assistance Administration; the Immigration and Naturalization Service; the Drug Enforcement Administration; the Bureau of Prisons; the Federal Prison Industries, Incorporated; and the Operations Support Staff (OSS) of the Office of Management and Finance. The OSS has authority and is responsible for all personal property management functions for the Offices, Boards, and Divisions of the Department, the United States Marshals Service, and the United States Parole Commission.

§ 128-1.5002-5 Personal property.

Property of any kind or interest therein, except real and related property (as defined in FPMR 41 CFR 101-43.104-15), records of the Federal Government, and naval vessels, cruisers, aircraft-carriers, destroyers, and submarines (FPMR 41 CFR 101-43.104-13). For management and accounting control, personal property is categorized as follows:

(a) “Expendable personal property” is that which, by its nature or function, is consumed in use; is used as repair parts or components of an end product considered nonexpendable; or has an expected service life of less than one year.

(b) “Non-expendable personal property” is that which is complete within itself, does not lose its identity or become a component part of another article when put into use, and is of a durable nature with an expected service life one or more years.

(c) “Controlled personal property” is that personal property for which good management practice dictates that it would be in the interest of the Government to assign and record accountability to assure the proper use, maintenance, protection and disposal of property for which the Government is responsible. Includes, but is not restricted to property which:

(1) Is leased by, in the custody of, or is loaned to or from the Department.

(2) Due to inherent attractiveness and or portability is subject to a high probability of theft or misuse.

(3) Is warranted, requires knowledge of age and/or previous repair data when determining whether repair or replacement is appropriate.

§ 128-1.5002-6 Personal property management.

A system for controlling the acquisition, receipt, storage issue, utilization, maintenance, protection, accountability, and disposal of personal property to best satisfy the program needs of the Department.

§ 128-1.5002-7 Property management officer (PMO).

An individual responsible for the overall administration, coordination, and control of the personal property management program of a bureau. The designation as PMO may or may not correspond to the individual’s official job title.

§ 128-1.5002-8 Property custodian (PC).

An individual responsible for the immediate physical custody of all personal property under his control and for providing documentation as required on all actions affecting the personal property within his jurisdiction. The designation as PC may or may not correspond to the individual’s official job title.
§ 128-1.5002–9 Supply support system.

The sum of all actions taken in providing buildings, equipment, supplies, and services to support program areas.

§ 128-1.5003 Primary authority and responsibility.

(a) The Attorney General of the United States has the primary authority and responsibility for providing direction, leadership, and general supervision in the development and administration of an effective and efficient supply support system for the Department, to include:

(1) The establishment of Department-wide policies, directions, regulations, and procedures satisfying the requirements of law, regulations, and sound management practice; and

(2) The review, evaluation, and improvement of personal property management programs, functions, operations, and procedures throughout the Department.

(b) Pursuant to 28 CFR 0.75 and subject to the general supervision of the Attorney General and the direction of the Deputy Attorney General, the functions described above are assigned to the Assistant Attorney General for Administration as delegations of authority.

§ 128-1.5004 Basis for delegations of authority and assignment of responsibilities.

Certain personal property management functions can be performed by an individual only under a specific grant of authority to that individual. Other functions may be performed simply on the basis of general instructions or directions or by virtue of an individual occupying the position to which the responsibility for the function is assigned. In either situation, to eliminate excessive delay and to reduce unnecessary involvement of multiple management levels, it is considered generally desirable to place authority and responsibility for and to exercise property management actions at the lowest organizational unit practical. Accordingly, specific redelegations of the authority vested in the Assistant Attorney General for Administration are made to the heads of bureaus for the personal property management functions listed in §128-1.5005 below. The authority to prescribe and issue Department-wide policies, regulations, and procedures for personal property management is not redelegated and remains solely within the jurisdiction of the Assistant Attorney General for Administration.

§ 128-1.5005 Delegations of authority.

§ 128-1.5005–1 Primary delegations.

The following authorities are redelegated to the heads of bureaus for use within their respective jurisdictions and shall be exercised in accordance with the policies and procedures established by the Assistant Attorney General for Administration.

(a) Designating the PMO, for the bureau, within the following limitations:

(1) Only one PMO is to be designated for the bureau, at the bureau level. Neither the title designation nor the responsibilities of the PMO are to be delegated below that level.

(2) One or more PC’s also may be designated for the bureau, depending upon the size and complexity of the organizational structure. Each PC is responsible solely for that property within his respective jurisdiction. The number and distribution of PC’s designated is entirely at the option of the head of the bureau.

(3) There is no restriction on designating a single individual as PMO and PC providing that the functions and responsibilities are compatible and are within the capabilities of a single person.

(b) Authorizing exceptions to the FPMR use and replacement standards for office machines, furniture, furnishings and typewriters specified in §§101-25.3 and 101-25.4.

(c) Authorizing exceptions to FPMR replacement standards for materials handling equipment specified in §101-25.304.

(d) Authorizing the procurement of passenger motor vehicles with additional systems or equipment or the procurement of additional systems or equipment for passenger motor vehicles already owned or operated by the Government, in conformance with Federal Standards No. 122 and §101-25.304.
§ 128–1.5005–2 Redelegations of authority.

(a) The authorities delegated by the Assistant Attorney General for Administration to heads of bureaus may, in turn, be redelegated as necessary to enable personal property management functions to be performed at the organizational level best equipped to handle such functions, unless otherwise prohibited by this regulation.

(b) Such redelegations can be made without the specific approval of the Assistant Attorney General for Administration to deputys, principal administrative officers, heads of field offices and installations and their respective deputys. Such redelegations shall not conflict with the duties or responsibilities assigned to the PMO, or PC under the J PMR.

(c) Existing delegations of authority by the Assistant Attorney General for Administration in matters of personal property management which are not covered in this section shall continue in effect until modified or revoked.

(d) Redelegations of authorities made in accordance with this section shall be in writing and shall be made available for audits, surveys, or as otherwise appropriate.

§ 128–1.5006 General responsibilities.

§ 128–1.5006–1 Head of bureau.

Subpart 128-1.80—Seismic Safety Program

SOURCE: 58 FR 42876, Aug. 12, 1993; 59 FR 33439, June 29, 1994, unless otherwise noted.

§ 128-1.8000 Scope.
This subpart establishes a Seismic Safety Program for the Department of Justice and sets forth the policies and procedures for obtaining compliance with Executive Order 12699 (Executive Order), “Seismic Safety of Federal and Federally Assisted or Regulated New Building Construction.”
§ 128-1.8001 Background.

The Earthquake Hazards Reduction Act of 1977 (Act), 42 U.S.C. 7701, et seq., as amended, directs the Federal government to establish and maintain an effective earthquake hazards reduction program to reduce the risks to life and property from future earthquakes. Executive Order 12699 implements certain provisions of the Act by requiring Federal agencies responsible for the design and construction of new buildings to develop and implement a seismic safety program. The regulations in this subpart implement the Executive Order, and apply to buildings designed and constructed under the responsibility of the Department of Justice. These regulations do not apply to buildings used by the Department and obtained, through purchase or lease, by the General Services Administration or other Federal agencies.

§ 128-1.8002 Definitions of terms.

(a) Construction documents—Detailed plans and specifications for the construction of a building.

(b) Building—Any structure, fully or partially enclosed, used or intended for sheltering persons or property.

(c) New building—A building, or an addition to an existing building, for which development of construction documents was initiated after January 5, 1990.

(d) Leased building—A new building constructed expressly for lease by the Department of Justice, and for which the Department contracted with the lessor or owner to develop construction documents to meet the specifications of the Department.

(e) Purchased building—A new building constructed expressly for purchase by the Department, and for which the Department contracted with the owner/developer to develop construction documents meeting the specifications of the Department.

(f) Assisted or regulated building—A new building designed and constructed with funding assistance from the Department through Federal grants or loans, or guarantees of financing, through loan or mortgage insurance programs.

(g) Covered building—a new building owned, leased, purchased, or assisted or regulated by the Department of Justice.

§ 128-1.8003 Objective.

The Department shall comply with Executive Order 12699 for the purpose of reducing the risks to lives of occupants of new buildings owned by the Department, leased for Department uses, or purchased and constructed with assistance from the Department, and to other persons who would be affected by the failure of such buildings in earthquakes; improving the capability of essential new Department buildings to function during or after an earthquake; and protecting public investments in all covered buildings; all in a cost-effective manner.

§ 128-1.8004 Seismic Safety Coordinators.

(a) The Justice Management Division shall designate an individual with technical training, engineering experience and a seismic background as the Department of Justice Seismic Safety Coordinator who shall provide overall guidance for the implementation of the Seismic Safety Program for the Department. The Department Seismic Safety Coordinator shall, at a minimum:

(1) Monitor the execution and results of the efforts of the Department to upgrade the seismic safety of the Department’s new construction activities;

(2) Implement seismic safety program changes, as required;

(3) Act as a point-of-contact for the Department in maintaining necessary records, and consolidate data pertaining to the seismic safety activities in the Department;

(4) Monitor and record the cost, construction and other consequences attributable to compliance with the Executive Order;

(5) Notify each Component Seismic Coordinator about what information he must maintain under the Seismic Safety Program and what reports he must prepare;

(6) Prepare and forward for submission all reports, as required by law and regulation;
§ 128–1.8006

(7) Manage the Seismic Safety Program for all components of the Department, with the exception of the components listed in paragraph (b) of this section.

(b) The Component Head for the Bureau of Prisons, the Drug Enforcement Administration, the Federal Bureau of Investigation, the Immigration and Naturalization Service, and the United States Marshals Service, shall designate a Component Seismic Safety Coordinator for his/her respective component. Each of these Component Seismic Safety Coordinators shall manage and implement the seismic safety policies and activities within the component. The Component Seismic Safety Coordinators shall, at a minimum:

(1) Provide guidance to component employees who undertake building activity;

(2) Maintain and provide data about the Seismic Safety Program, as requested by the Department Seismic Safety Coordinator;

(3) Monitor and record the cost, construction and other consequences attributable to compliance with the Executive Order; and

(4) Submit an annual Seismic Safety Program status report as directed by the Department Seismic Safety Coordinator.

§ 128–1.8005 Seismic safety standards.

(a) To meet the building and construction requirements of this subpart, the Department, except as noted, adopts as its seismic safety standards the seismic safety levels set forth in the model building codes that the Interagency Committee on Seismic Safety in Construction (ICSSC) recognizes and recommends as appropriate for implementing the Executive Order. The ICSSC, as of the date of this rule, recognizes and recommends:

(1) The 1991 International Conference of Building Officials’ (ICBO) Uniform Building Code (UBC);

(2) The 1992 Supplement to the Building Officials and Code Administrators International (BOCA) National Building Code (NBC); and

(b) The seismic design and construction of a covered building shall conform to the model code applicable in the locality where the building is constructed, unless:

(1) The building code for the locality provides a higher level of seismic safety than provided by the appropriate model code, in which case the local code shall be utilized as the standard; or

(2) The locality does not have seismic safety building requirements, in which case the ICSSC model building code appropriate for that geographic area shall be utilized as the standard.

§ 128–1.8006 Seismic Safety Program requirements.

The Department Seismic Safety Coordinator and each Component Seismic Safety Coordinator shall ensure that an individual familiar with seismic design provisions of the Seismic Safety Standards (appropriate standards), or a professional, licensed engineer shall conduct the reviews required under this section, as appropriate.

(a) New building projects—Construction documents initiated after August 12, 1993, and which apply to new construction projects, shall comply with the appropriate standards and shall be reviewed for compliance. Once the reviewer determines that the documents comply, the reviewer shall affix his/her signature and seal (if a licensed engineer) to the approved documents and provide a statement certifying compliance with the appropriate standards.

(b) Existing building projects.—For new buildings with construction documents that were initiated prior to August 12, 1993, the documents shall be reviewed to determine whether they comply with the appropriate standards. If the reviewer determines that the documents comply with the standard, the reviewer shall affix his/her signature and seal (if a licensed engineer) to the approved documents and provide a statement certifying compliance with the appropriate standards. If the reviewer determines that seismic deficiencies exist, the appropriate Component Head shall ensure completion of one of the following:

(1) For a new building project for which a contract for construction has
§ 128-1.8007

not been awarded, the construction documents shall be revised to incorporate the appropriate standards. The revised construction documents shall then be reviewed for compliance. Once the reviewer determines that the documents comply with the standard, the reviewer shall affix his/her signature and seal (if a licensed engineer) to the approved documents and provide a statement certifying compliance with the Department standards.

(2) For a new building under construction, or for which construction has been completed, a corrective action plan shall be devised to bring the building into compliance with the appropriate standards. The plan shall then be reviewed for compliance. Once the reviewer determines that the plan complies with the standard, the reviewer shall affix his/her signature and seal (if a licensed engineer) to the approved documents and provide a statement certifying compliance with the Department standards. The Component Head shall ensure implementation of the approved plan.

(3) For an addition to an existing building, the review shall account for, in addition to the requirements provided in paragraphs (b) (1) or (2) of this section, as appropriate, any effect the addition will have on the seismic resistance of the existing portion of the structure. If the reviewer determines that the addition will decrease the level of seismic resistance of the existing building, the appropriate Component Head shall develop a plan of corrective action to restore the seismic integrity of the existing structure. Once the plan of corrective action has been accomplished, the reviewer shall verify that the current level of seismic resistance of the existing building at least equals the seismic resistance level of the building before the addition.

(c) The Department Seismic Safety Coordinator and each Component Seismic Safety Coordinator shall ensure that statements verifying compliance made under this subpart have been completed and retained by the appropriate contracting officer when the Department contracted for design or design review.

§ 128-1.8007 Reporting.

The Department shall file reports on the execution of the Executive Order as required under the Order, and as required by the Federal Emergency Management Agency.

§ 128-1.8008 Exemptions.

The Executive Order exempts from the regulations in this subpart only those categories of buildings exempted by the “National Earthquake Hazards Reduction Program Recommended Provisions for the Development of Seismic Regulations for New Buildings.” The Department Seismic Safety Coordinator shall maintain the latest version of this document.

§ 128-1.8009 Review of Seismic Safety Program.

The Department shall review and, as necessary, revise the Seismic Safety Program once every three years from August 12, 1993.

§ 128-1.810 Judicial review.

Nothing in this subpart is intended to create any right or benefit, substantive or procedural, enforceable at law by a party against the Department of Justice, its Seismic Safety Coordinators, its officers, or any employee of the Department.

§ 128–48.001–50 Administrative or summary process.

Forfeiture is achieved by direction of the seizing bureau in lieu of the courts. The phrase shall be interpreted to mean by administrative process.

Subpart 128–48.1—Utilization of Abandoned and Forfeited Personal Property

(a) Abandoned or other unclaimed property, subject to the provisions of section 203(m) of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 484(m)), shall remain in the custody of and be the responsibility of the bureau finding such property.

(b) If the owner of such property is known, the owner shall be notified within 20 days of finding such property by certified mail at the owner’s address of record that the property may be claimed by the owner or his designee and that if the property is not claimed within 30 days from the date the letter of notification is postmarked, the title of the property will vest in the United States.

(c) If the owner of such property is not known and the estimated value of the property exceeds $100, the bureau shall post notice within 20 days of finding such property by certified mail at the owner’s address of record that the property may be claimed by the owner or his designee and that if the property is not claimed within 30 days from the date the letter of notification is postmarked, the title of the property will vest in the United States.

the date of first publication a claim for said property.

(4) A complete mailing address is to be provided as a point of contact within the bureau for any person to obtain additional information concerning the property or the procedures involved in filing a claim.

Notice must be published once a week for at least three successive weeks. Sound judgment and discretion must be used in selecting the publication medium. Advertisements should be placed in a publication of general circulation within the judicial district where the property was found.

(d) Property, as described in paragraphs (b) and (c) of this section, shall be held for a period of 30 days from the date of the first publication of notice. Upon the expiration of this 30-day period, title to such property vests in the United States, except that title reverts to the owner where a proper claim is filed within three years from the date of vesting of title in the United States, but if the property has been in official use, transferred for official use by the finding bureau or transferred for official use by the finding bureau or sold at the time the proper claim is approved, title shall not revert back to the former owner. The former owner shall instead obtain reimbursement in accordance with 41 CFR 101-48.102-4 or 101-48.305-1.

(e) If the owner of such property is unknown and the estimated value of the property is $100 or less, no notice is required, and the property shall be held for a period of 30 days from the date of finding the property. Upon expiration of this 30-day period, title to such property vests in the United States.

§ 128-48.102-4 Proceeds.

(a) Records of abandoned or other unclaimed property will be maintained in such a manner as to permit identification of the property with the original owner, if known, when such property is put into official use or transferred for official use by the finding bureau. Records will be maintained until the three-year period for filing claims has elapsed to enable the bureau to determine the amount of reimbursement due to a former owner who has filed a proper claim for abandoned or other unclaimed property.

(b) Reimbursement for official use by the finding bureau or transfer for official use of abandoned or other unclaimed property that has been placed in a special fund by the bureau for more than three years shall be deposited in the Treasury of the United States as miscellaneous receipts, or in such other bureau accounts as provided by law.

§ 128-48.150 Determination of type of property.

If a bureau is unable to determine whether the personal property in its custody is abandoned or voluntarily abandoned, the bureau shall contact the regional office of the General Services Administration for the region in which the property is located for such a determination.

Subpart 128-48.3—Disposal of Abandoned and Forfeited Personal Property

§ 128-48.305-1 Abandoned or other unclaimed property.

Proceeds from the sale of abandoned or other unclaimed property that have been placed in a special fund by a bureau for more than three years shall be deposited in the Treasury of the United States as miscellaneous receipts, or in such other bureau accounts as provided by law.

Subpart 128-48.50—Proper Claims for Abandoned or Other Unclaimed Personal Property

§ 128-48.500 Scope of subpart.

This subpart sets forth the policies in regard to proper claims for abandoned or other unclaimed property.

The official who has the authority to grant or deny the claim for the abandoned or other unclaimed property.

The person who submitted the claim for the abandoned or other unclaimed property.

The person who has primary and direct title to property (see 28 CFR 9.2(e)).

An individual, partnership, corporation, joint venture, or other entity capable of owning property (see 28 CFR 9.2(f)).

(a) Upon receipt of a claim, an investigation shall be conducted to determine the merits of the claim, and the investigation's report shall be submitted to the determining official.

(b) The determining official shall be designated by the head of a bureau.

(c) Upon receipt of a claim and the report thereon by the determining official, he shall make a ruling based upon the claim and the investigation's report.

(d) Notice of the granting or denial of a claim for abandoned or other unclaimed property shall be mailed to the claimant or his attorney. If the claim is granted, the conditions of relief and the procedures to be followed to obtain the relief shall be set forth. If the claim is denied, the claimant shall be advised of the reason for such denial.

(e) A request for reconsideration of the claim may be submitted within 10 days from the date of the letter denying the claim. Such request shall be addressed to the head of the bureau and shall be based on evidence recently developed or not previously considered.

(a) Claims shall be sworn and shall include the following information in clear and concise terms:

(1) A complete description of the property including serial numbers, if any.

(2) The interest of the claimant in the property, as owner, mortgagee, or otherwise, to be supported by bills of sale, contracts, mortgages, or other satisfactory documentary evidence.

(3) The facts and circumstances, to be established by satisfactory proof, relied upon by the claimant to justify the granting of the claim.

(b) If the claim is filed before title has vested in the United States, the determining official shall not grant the claim for the abandoned or other unclaimed property unless the claimant establishes a valid, good faith interest in the property.

(c) If the claim is filed after title has vested in the United States, the determining official shall not grant the claim for abandoned or other unclaimed property unless the claimant:

(1) Establishes that he would have a valid, good faith interest in the property had not title vested in the United States; and

(2) Establishes that he had no actual or constructive notice, prior to the vesting of title in the United States, that the property was in the custody of a bureau and that title, after the appropriate time period, would vest in the United States. A claimant shall be presumed to have constructive notice upon publication in a suitable medium concerning the property unless he was in such circumstances as to prevent him from knowing of the status of the property or having the opportunity to see the notice.

(c) If the discrepancy cannot be eliminated and involves an overage, the bureau shall determine if the property has any evidentiary value. If the property does have evidentiary value, the property shall be properly stored and inventoried. If the property does not have any evidentiary value, the bureau shall determine whether the property is forfeitable to the United States, voluntarily abandoned, or abandoned. Proper proceedings shall be commenced as soon as possible to vest title of the forfeitable property in the United States.
