AUTHORITY: 40 U.S.C. 486(c).

SOURCE: 55 FR 7635, Mar. 2, 1990, unless otherwise noted.

3501.000 Scope of part.

This part sets forth basic policies and general information about the Panama Canal Commission Acquisition Regulation, referred to as the PAR, and its relationship to the Federal Acquisition Regulation, referred to as the FAR.

Subpart 3501.1—Purpose, Authority, Issuance

3501.101 Purpose.

(a) The Federal Acquisition Regulations System brings together, in title 48 of the Code of Federal Regulations (CFR), the acquisition regulations of all executive agencies of the United States Government. This subpart establishes the PAR as chapter 35 of title 48, CFR. The FAR, which is the primary document for all agencies within this system, is issued as chapter 1 of title 48, CFR.

(b) The purpose of the PAR is to implement the FAR where further implementation is needed and to supplement the FAR when coverage is needed for subject matter not contained in the FAR. The PAR is not, by itself, a complete regulation. It must be used in conjunction with, and is subordinate to, the FAR.

3501.102 Authority.

The PAR and amendments thereto are issued by the Administrator of the Panama Canal Commission (Commission) pursuant to the authority of section 205(c) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 486(c)), as amended, and other applicable law.

3501.103 Applicability.

The FAR and the PAR apply to all acquisitions of the Commission, except where expressly excluded.

3501.104 Issuance.

3501.104-1 Publication and code arrangement.

(a) The PAR is published in—

3501.104-2

- (1) The FEDERAL REGISTER;
- (2) Cumulated form at 48 CFR chapter 35; and
- (3) A separate loose-leaf form.

3501.104-2 Arrangement of regulations.

(a) *General.* The PAR is divided into the same parts, subparts, sections, subsections and paragraphs as is the FAR. However, when the FAR coverage is adequate by itself, there will be no corresponding PAR coverage.

(b) *Numbering.* (1) Where the PAR implements the FAR, the implementing part, subpart, section or subsection of the PAR will be numbered and captioned, to the extent feasible, the same as the FAR part, subpart, section or subsection being implemented except that the implementation will be preceded with a 35 or a 350 such that there will always be four numbers to the left of the decimal. For example, the PAR implementation of FAR 1.104-1 is shown as 3501.104-1 and the PAR implementation of FAR subpart 24.1 is shown as subpart 3524.1. Similarly, individual paragraphs at the section and subsection levels of the PAR correspond, to the extent feasible, to the FAR paragraph designations that are being implemented.

(2) Material which supplements the FAR as new parts, subparts, sections, or subsections will be assigned the numbers 70 and up. For example, there is no FAR coverage on the preferential acquisition of supplies and services obtainable in the Republic of Panama as provided for in Article IX of the Agreement in Implementation of Article III of the Panama Canal Treaty of 1977. This supplementary material is identified as part 3570.

(3) Because the PAR implements the FAR only where further implementation is necessary, there are gaps in the PAR numbering and paragraphing sequence. For example, the PAR skips from part 3510 to part 3513, from subpart 3501.4 to subpart 3501.6, and from section 3501.301 to section 3501.303 because the FAR coverage at parts 11 and 12, subpart 1.5, and section 1.302, respectively, does not require further implementation. Similarly, section 3501.405 of the PAR begins at paragraph (d) because paragraphs (a), (b), and (c)

48 CFR Ch. 35 (10-1-00 Edition)

at FAR 1.405 do not require further implementation.

(c) *References and citations.* (2) This regulation may be referred to as the Panama Canal Commission Acquisition Regulation or the PAR. References to PAR material outside this regulation may be cited in informal documents as PAR followed by the identifying number. For example, this subparagraph would be informally cited as PAR 3501.104-2(c)(2). In formal documents outside this regulation, such as legal briefs, references to PAR material should include reference to title 48 of the Code of Federal Regulations. For example, this subparagraph would be formally cited as 48 CFR 3501.104-2(c)(2).

(3) References to FAR or PAR material within this regulation will be made as follows:

(i) FAR parts or subparts will be referred to in those terms followed by the identifying number—for example, FAR part 1; FAR subpart 1.1. FAR subdivisions below the subpart level (i.e., sections, subsections, paragraphs, subparagraphs, or subdivisions) will simply state FAR followed by the identifying number—for example, FAR 1.104-2(c)(3)(i).

(ii) PAR parts or subparts will be referred to only as part or subpart followed by the identifying number—for example, part 1; subpart 1.1. PAR subdivisions below the subpart level will simply indicate the identifying number—for example, this subdivision would be cited as 3501.104-2(c)(3)(ii).

3501.104-3 Copies.

Copies of the PAR in FEDERAL REGISTER and CFR form may be purchased from the Superintendent of Documents, Government Printing Office (GPO), Washington, DC 20402. Copies of the loose-leaf PAR are distributed within the Panama Canal Commission and may be obtained from the Administrative Services Division, Records Management Branch, telephone (507) 52-7642.

Subpart 3501.2—Administration

3501.201 Maintenance of the FAR.

3501.201-1 The two councils.

(e)(2) The Commission's Procurement Executive, in consultation with the General Counsel, is responsible for overseeing the development of the agency position on proposed revisions to the FAR and responding to the FAR Secretariat when such action is appropriate.

Subpart 3501.3—Agency Acquisition Regulations

3501.301 Policy.

(a)(1) The Procurement Executive, in consultation with the General Counsel and such other agency officials as may be appropriate, is responsible for the development, preparation, and maintenance of PAR issuances by the Administrator. In addition, the Procurement Executive is authorized to issue internal policies, procedures, instructions, and guidelines to clarify or implement the FAR or PAR within the Commission. Such internal issuances are subject to review by the General Counsel.

(2) Heads of contracting activities and division chiefs are authorized to issue internal guidance of the type described in FAR 1.301(a)(2).

(b) Public participation in the promulgation of the PAR shall be in the same manner as specified for the FAR in FAR subpart 1.5. Where solicitation of public comment on significant revisions is impracticable prior to promulgation, the revisions may be set forth in temporary regulations. Comments will be solicited on the temporary reg-

ulations and considered prior to formulating the final regulations.

3501.303 Publication and codification.

(a) The PAR is codified as chapter 35 in title 48, Code of Federal Regulations.

(c) The PAR replaces the former Part 87—Procurement, of the Panama Canal Administration and Regulations (PCAR), in its entirety.

3501.304 Agency control and compliance procedures.

(a) Whenever contracting activities and organizational components thereof wish to propose for publication in the FEDERAL REGISTER an agency acquisition regulation that they consider necessary to implement or supplement the FAR or PAR, they must prepare a memorandum that explains the need, background, justification, and significant aspects of the proposed regulation and send it to the Procurement Executive. The Procurement Executive and General Counsel will (1) review the proposed regulation to assure compliance with FAR part 1, and (2) either approve or disapprove it. If approved, the Procurement Executive will prepare the proposed regulation in FEDERAL REGISTER format for issuance by the Administrator.

Subpart 3501.4—Deviations From the FAR and PAR

3501.401 Definition.

A deviation from the PAR is defined in the same manner as a deviation from the FAR (see FAR 1.401).

3501.403 Individual deviations.

Requests for individual deviations from the FAR and the PAR shall be submitted by the Head of the Contracting Activity (HCA) through the General Counsel to the Procurement Executive for approval. Requests submitted shall cite the specific part of the FAR or PAR from which it is desired to deviate, shall set forth the nature of the deviation(s), and shall give the reasons for the action requested. The Procurement Executive shall transmit copies of approved individual FAR deviations to the FAR Secretariat.

3501.404 Class deviations.

Requests for class deviations to the PAR shall be submitted in advance by the HCA through the General Counsel to the Procurement Executive for processing in accordance with FAR 1.404 and this section. Requests submitted shall include the same type of information as required for individual deviations as prescribed in 3501.403. The Procurement Executive may approve class deviations to the FAR and the PAR and shall transmit copies of approved class FAR deviations to the FAR Secretariat as required by FAR 1.404.

3501.405 Deviations pertaining to treaties and executive agreements.

(d) The Procurement Executive is designated as the central control point within the Commission for transmittal of deviations from the FAR required to comply with treaties and executive agreements to which the United States is a party. Copies of the text of any deviation authorized in accordance with FAR 1.405 (b) or (c) shall be forwarded by the HCA to the Procurement Executive through the General Counsel for further transmittal to the FAR Secretariat.

(e) When a deviation required to comply with a treaty or executive agreement is inconsistent with FAR coverage based on law, the Procurement Executive shall forward a request for deviation to the FAR Secretariat for processing as required by FAR 1.405(e).

Subpart 3501.6—Contracting Authority and Responsibilities**3501.601 General.**

(a) Commission contracting activities are established within the General Services Bureau for the acquisition of supplies and services, and the Engineering and Construction Bureau for the acquisition of construction, including architect-engineer services and other services related to construction. The Directors of these bureaus are designated by the Administrator as Heads of Contracting Activities and are the officials who have the authority and responsibility to appoint contracting officers to contract for authorized sup-

plies and services, including construction and architect-engineer services, that fall within the scope of their respective contracting activities.

(b) In addition, bureau directors and heads of independent units are delegated contracting authority, not to exceed amounts established by the General Services Director, for the decentralized procurement of supplies and services on Division Purchase Orders (see 3513.505-71). This authority is granted to assist Commission activities in expediting minor purchases. Such authority may be redelegated pursuant to 3513.505-71(b)(1)(ii).

3501.602 Contracting officers.**3501.602-3 Ratification of unauthorized commitments.****(a) Definitions.**

Responsible contracting officer, as used in 3501.602-370, means the individual at the appropriate level of contracting authority who can execute any contractual document that may be required to formalize an unauthorized commitment. Depending on the circumstances, the term can apply to the existing contracting officer, the prospective contracting officer (when a purchase order or contract does not exist) or, in the case of a contracting officer who acted in excess of the limits of his delegated authority, the next individual in the chain of contracting authority who has the appropriate authority to execute the necessary contractual document.

(b) *Policy.* (1) Unauthorized commitments do not legally obligate the Commission for the expenditure of funds. If an unauthorized commitment would have been valid had it been authorized by a contracting officer acting within the limits of his delegated authority, then the unauthorized commitment may be ratified in accordance with the procedures prescribed in 3501.602-370. If an unauthorized commitment is otherwise improper, it cannot be ratified and the Commission must deny legal liability, in which case the individual who made the unauthorized commitment may be personally liable for such action.

(2) The cognizant Head of the Contracting Activity (HCA) is the ratification official for the approval of unauthorized commitments and the Procurement Executive is the reviewing official for such approvals. The HCA may ratify an unauthorized commitment only if:

(i) The conditions in FAR 1.602-3(c) are applicable, and

(ii) The Procurement Executive concurs with the proposed ratification.

3501.602-370 Procedures.

These procedures apply to all unauthorized commitments, whether written or oral and without regard to dollar value. Unauthorized commitments (other than claims to be processed in accordance with FAR subpart 33.2) shall be processed as follows:

(a) Whenever it is discovered that any person is performing or has performed work as a result of an unauthorized commitment, that person shall be advised by the cognizant contracting office that such work is being or was performed at that person's own risk pending establishment of valid contractual coverage.

(b) The individual who made the unauthorized commitment shall furnish to the responsible contracting officer all records and documents concerning the commitment and a complete, written statement of the facts including, but not limited to, a description of the work or product ordered; why the work or product was necessary to and for the benefit of the Commission; the estimated or agreed upon price; citation of funds available at time of commitment; the current status of performance by the actual or prospective contractor; the reason why normal acquisition procedures were not followed and, if a contract does not exist, a statement as to why the prospective contractor was selected including, if applicable, identification of other sources that were considered.

(c) The responsible contracting officer shall—

(1) Obtain from the head of the requisitioning office with appropriate approval authority:

(i) Affirmation that the Commission has or will obtain a benefit from the unauthorized commitment,

(ii) A written certification by the responsible funding certification officer that funds presently are available and were available at the time the unauthorized commitment was made, and when applicable,

(iii) A statement of corrective action that office will take to preclude repetition of the incident;

(2) Review and determine the adequacy of all facts, records, and documents furnished, and when necessary, obtain any additional material or information pertinent to the review and evaluation of the unauthorized commitment;

(3) Determine whether the price is fair and reasonable, and state in the record the reason therefor;

(4) Prepare, certify, and obtain any necessary written approval of a justification for other than full and open competition when required pursuant to FAR subpart 6.3;

(5) State in the record the corrective action to be taken to preclude repetition of the incident if the individual that made the unauthorized commitment is under the supervision of the responsible contracting officer; and

(6) Forward the request for ratification (i.e., all the information required in paragraphs (b) and (c) of this subsection) to the cognizant HCA, together with a written recommendation of an appropriate course of action including, at a minimum, a specific recommendation as to whether payment should be made and the reasons therefor.

(d) The cognizant HCA, upon receipt and review of the request for ratification file, shall determine whether ratification is in order. If so, the HCA shall forward the file to the Procurement Executive for review. If not, the HCA shall return the file to the responsible contracting officer, together with a written explanation for the decision and instructions for disposition of the case.

(e) The Procurement Executive shall review proposed ratifications submitted by HCAs. If the Procurement Executive concurs that ratification is in order, he shall obtain General Counsel concurrence that payment may be

3501.603

made and return the file to the cognizant HCA for that individual's ratification and subsequent return to the responsible contracting officer together with, when appropriate, instructions to issue a purchase order, contract, or contract modification, as applicable. If the Procurement Executive does not concur with the proposed ratification, he shall return the file to the HCA, together with a written explanation for the decision and instructions for disposition of the case. He will provide a copy to the General Counsel.

3501.603 Selection, appointment, and termination of appointment.

3501.603-1 General.

Heads of Contracting Activities may appoint as contracting officers one or more capable and qualified individuals of their respective staffs. These appointments may be made by memorandum delegating contracting authority, including any limitations to such authority, to positions or to named individuals. Appointments shall be evidenced by a "Certificate of Appointment", as required by FAR 1.603-3. If contracting authority is delegated to a position by memorandum, the "Certificate of Appointment" shall state the name of the individual assigned to the position.

3501.670 Legal review of proposed contract actions.

3501.670-1 Contract actions requiring legal review.

The following contract actions shall be submitted to the General Counsel for review for legal sufficiency:

- (a) All proposed contracts with an estimated cost of \$100,000 or more (in advance of issuance);
- (b) All alleged mistakes in bids, other than apparent clerical mistakes that can be corrected pursuant to FAR 14.406-2;
- (c) All determinations and findings required under the FAR;
- (d) All proposed utility contracts;
- (e) All proposed contracts containing insurance requirements not prescribed in the FAR or this PAR;

48 CFR Ch. 35 (10-1-00 Edition)

(g) Rejections of all bids and cancellations of invitations for bids;

(h) Proposed letter contracts;

(i) Written protests, whether before or after award;

(j) Unusual, novel, or unique proposed agreements, and unsolicited proposals that are to be negotiated pursuant to FAR subpart 15.5 and subpart 3515.5;

(k) Proposed ADP contracts of \$25,000 or more when purchase is to be from other than a Federal Supply Service contract source;

(l) Termination actions, including pre-termination letters;

(m) All actions taken under the Disputes clause, including final decisions;

(n) Any action concerning suspension or debarment of an individual or concern;

(o) Deviations from the FAR or PAR;

(p) Any contract matter relating to litigation, disputes, or protest resolution before the courts of the United States or of the Republic of Panama, or before the Corps of Engineers Board of Contract Appeals or the Comptroller General of the United States;

(q) Determinations of nonresponsibility;

(r) Any proposed contract modification, including proceed orders, which may result in a change in the contract price of more than \$25,000, or any proposed contract modification or proceed order granting a time extension of more than 20 calendar days;

(s) Any proposed contract modification resulting from either a contractor's settlement proposal under the Termination for Convenience clause, or a contractor's claim under the Suspension of Work clause, regardless of the contract value or the terms of the proposed modification;

(t) Freedom of Information Act and Privacy Act matters involving contractors or arising under or in relation to any contract;

(u) Administrative setoffs to recoup Government funds under any contract; and

(v) Requests for approval of advance payments on contracts other than those excluded in FAR 32.404.

3501.670-2 Documents to be submitted for legal review.

The following documents are to be submitted in connection with contract actions requiring legal review pursuant to 3501.670-1:

(a) For proposed construction contracts, a copy of the solicitation documents, excluding drawings, prior to the time they are furnished to prospective offerors, when feasible;

(b) For all other proposed contracts and agreements, a copy of the document to be used in the solicitation and/or award, including any other documents, excluding drawings, which support the proposed procurement action, prior to the time they are mailed to the prospective offerors, when feasible;

(c) For all other contract actions not specified in paragraph (a) or (b) of this subsection, a copy of the document itself and copies of all other documents, excluding drawings, relating to the action.

3501.670-3 General Counsel's legal review.

(a) The General Counsel shall conduct a review of the legal sufficiency of the contract action. The General Counsel shall provide to the contracting officer a written determination of whether the proposed action is legally sufficient, or the details of any insufficiency and a recommended course of action to overcome the insufficiency. A contracting officer shall not take action which is contrary to a written and timely determination of legal insufficiency from the General Counsel.

(b) The General Counsel shall complete the legal review as quickly as possible, with due regard to those procurement actions where circumstances dictate an unusually short period for completing the action.

Subpart 3503.2—Contractor Gratuities to Government Personnel

3503.203 Reporting suspected violations of the Gratuities clause.

Any Commission employee who suspects that a violation of the Gratuities clause has occurred shall immediately report the suspected violation to the cognizant Head of the Contracting Activity. Upon being notified of the suspected violation, the HCA shall inform the Designated Agency Ethics Official and the Procurement Executive, by written memorandum, of the pertinent details of the suspected violation.

3503.204 Treatment of violations.

(b) When the HCA determines that there is probable cause to believe that a violation of the Gratuities clause has been committed, the case shall be handled as provided in the Commission debarment and suspension procedures in subpart 3509.4.

(c) The final decision as to which remedies the Commission may pursue if a violation of the Gratuities clause is found by the Debarment Committee (see 3509.406–3(b)), is reserved to the Administrator.

Subpart 3503.3—Reports of Suspected Antitrust Violations

3503.301 General.

(b) The contracting officer shall report any suspected violations of antitrust laws to the General Counsel

through the cognizant Head of the Contracting Activity for referral to the Attorney General and the Commission's Debarment Committee in accordance with FAR subpart 3.3.

3503.408–1 Responsibilities.

(b) The contracting officer's documentation of the evaluation of the Standard Form 119, Statement of Contingent or Other Fees, conclusions, and any proposed actions shall be reviewed by the cognizant Head of the Contracting Activity in coordination with the General Counsel.

3503.409 Misrepresentations or violations of the Covenant Against Contingent Fees.

(a) Commission personnel who suspect or have evidence of attempted or actual exercise of improper influence, misrepresentations, or violations of the Covenant Against Contingent Fees shall report the matter promptly to the Designated Agency Ethics Official and the cognizant Head of the Contracting Activity.

Subpart 3503.5—Other Improper Business Practices

3503.502–2 General.

Any Commission employee who suspects that a violation of the Anti-Kickback Act has occurred shall immediately report the suspected violation to the Designated Agency Ethics Official and the cognizant Head of the Contracting Activity. Suspected violations shall be treated in accordance with the debarment and suspension procedures at subpart 3509.4.

Subpart 3503.6—Contracts With Government Employees or Organizations Owned or Controlled by Them

3503.600–70 Scope of subpart.

This subpart implements and supplements FAR subpart 3.6 and sets forth

Commission policy and procedures for identifying and dealing with conflicts of interest and improper influence or favoritism in connection with contracts involving current or former Commission employees. This subpart does not apply to agreements with other departments or agencies of the Federal Government.

3503.600-71 Definitions.

Commission employee means:

(a) Any officer or employee of the Panama Canal Commission who is employed or appointed, with or without compensation, to serve more than 130 days during any period of 365 consecutive days, or

(b) Any officer or employee of the Commission who is retained, designated, appointed or employed to perform, with or without compensation, temporary duties either on a full-time or intermittent basis for not more than 130 days during any period of 365 consecutive days and who actually served more than 60 days during such 365-day period.

3503.601 Policy.

Except as authorized at 3503.602 or excluded at 3503.670, no contract shall be awarded without competition to a—

(a) Former Commission employee (or to a business concern or other organization owned or substantially owned or controlled by a former Commission employee) whose employment terminated within 365 calendar days before submission of an offer to the Commission; or

(b) Prospective contractor which employs, or proposes to employ, a current Commission employee or a former Commission employee whose employment terminated within 365 calendar days before submission of an offer to the Commission, if either of the following conditions exist:

(1) The current or former Commission employee is or was involved in developing or negotiating the offer for the prospective contractor.

(2) The current or former Commission employee will be involved directly or indirectly in the management, administration, or performance of the contract.

3503.602 Exceptions.

(a) The Director, Office of Executive Administration in his capacity as the Designated Agency Ethics Official may authorize an exception, in writing, to the policy in FAR 3.601 and 3503.601 for the reasons stated in FAR 3.602, if the exception would not involve a violation of 18 U.S.C. 203, 18 U.S.C. 205, 18 U.S.C. 207, 18 U.S.C. 208, section 27 of the Office of Federal Procurement Policy Act, or Commission regulations in the "Employee Code of Conduct". The Director, Office of Executive Administration shall consult with the cognizant Bureau or Staff Director who originated the request and with the General Counsel before authorizing any exceptions.

(b) This subpart does not apply to subcontracts, that is, agreements to undertake part of the work as an independent contractor. However, where subcontracts essentially create an "employer-employee" relationship between the Commission and the subcontractors, the subpart shall apply. In determining whether such a relationship exists, the contracting officer shall generally be guided by the standards of Chapter 304, Subchapter 1-4 of the "Federal Personnel Manual" in distinguishing between employees and independent contractors.

3503.603 Responsibilities of the contracting officer.

Before awarding a contract, the contracting officer shall obtain an authorization under 3503.602 for any of the reasons stated in FAR 3.603.

3503.670 Exclusions.

Former or current Commission employees who participated personally and substantially in the conduct of any Commission procurement of supplies or services, including those who were responsible for reviewing and approving the award, modification, or extension of any contract for such procurement, are excluded from the 365 calendar day "before submission of an offer" time period specified in 3503.601 (a) and (b). Instead, the time period for such employees shall be two years after the last date the employee participated personally and substantially in the

Panama Canal Commission

3504.903

conduct of any Commission procurement of supplies or services, or personally reviewed and approved the award, modification, or extension of any contract for such procurement. This two-year prohibition applies irrespective of whether the contract being sought is on a competitive or noncompetitive basis.

SOURCE: 55 FR 7640, Mar. 2, 1990, unless otherwise noted.

3505.000 Scope of part.

This part implements FAR part 5 and provides Commission policies and procedures for publicizing contract opportunities, and provides for an additional exception to the requirements for use of "Commerce Business Daily" notices.

Subpart 3505.2—Synopsis of Proposed Contract Actions

3505.202 Exceptions.

(a)(13) The contract action is one for which participation in the acquisition will be limited to sources in Panama pursuant to the conditions prescribed in 3570.102(e). The Procurement Executive will monitor and maintain a record of proposed contract actions that are exempt from the notice requirements of FAR 5.201 by operation of this exception.

Subpart 3505.5—Paid Advertisements

3505.502 Authority.

(a) *Newspapers.* Authority to approve the publication of paid advertisements in newspapers is vested in the HCA or designee.

3505.503 Procedures.

(a) *General.* When there is a reasonable probability that supplies or services (including construction) are available in Panama that are comparable in quality and price to those which may be obtained from other sources, and when local advertising is reasonably practical, the contracting officer shall request authorization from the HCA or designee to advertise the procurement action within the appropriate Panamanian market. The request for authorization shall include—

(1) A description of the proposed procurement action and the supplies or services to be procured;

(2) A description of how the determination was made that the Panamanian preference may apply; and

(3) A summary of how the appropriate advertising market was identified.

3505.503-70 Authorization.

The HCA or designee shall review the request for authorization of paid advertising and, if concurring, shall grant authorization in writing to the contracting officer to proceed. The written authorization shall specify any limitations on the advertising that are deemed appropriate. The HCA shall furnish a copy of each such authorization to the Procurement Executive.

SOURCE: 55 FR 7640, Mar. 2, 1990, unless otherwise noted.

3506.000 Scope of part.

This part implements FAR part 6 and prescribes Commission policies and procedures related to competition requirements.

Subpart 3506.3—Other Than Full and Open Competition

3506.300 Scope of subpart.

This subpart provides guidance on:

(a) The application of the Panama Canal Treaty of 1977 between the United States and Panama as an exemption to the requirement for full and open competition, and

(b) The preparation and approval of individual and class Justifications for Other Than Full and Open Competition (JOFOC's).

3506.302-4 International agreement.

(a) *Authority.* Article IX of the Agreement in Implementation of Article III of the Panama Canal Treaty of 1977 establishes that the Commission shall give preference to Panamanian supplies and services in its procurement activities. Such preference is understood to mean that if supplies or services (including construction) of comparable quality and price are available when required and can be obtained from sources both within and without the Republic of Panama, preference shall be afforded to those sources within the Republic of Panama to the maximum extent possible. When choosing between goods from sources within the Republic of Panama, preference shall be given to those with a larger percentage of components of Panamanian origin. This is not intended to require the purchase of Panamanian supplies and services, as defined herein, where superior quality or lower prices are available from other sources. Part 3570 sets forth specific guidance and policy with respect to the Commission's implementation of Article IX.

(c) *Limitations.* Solicitations above the small purchase limitation that are intended for exclusive acquisition from

sources in Panama shall be supported by a class or individual determination and findings as required by 3570.102(e).

3506.303 Justifications.

3506.303-1 Requirements.

(c) The scope of the actual procurement shall not exceed the scope of the proposed procurement cited in the JOFOC. If a change to the contract exceeds this limitation, the contract change shall not be consummated until an amended JOFOC has been approved.

(d) When contract actions are subject to the Agreement on Government Procurement and the authority of FAR 6.302-3(a)(2)(i) or 6.302-7 is being cited as the basis for not providing full and open competition, a copy of the justification shall be forwarded to the Procurement Executive as the point of contact with the Office of the United States Trade Representative.

3506.303-2 Content.

In addition to the requirements of FAR 6.303-2, the justification shall include—

- (a) The type of contract;
- (b) A statement of delivery requirements;
- (c) The total estimated dollar value, including options, for the acquisitions covered by the justification; and
- (d) A copy of the approved Acquisition Plan when the acquisitions meet the criteria for a written Acquisition Plan under subpart 3507.1.

3506.304 Approval of the justification.

(a) Except as noted at FAR 6.304(b), the approval of a justification for other than full and open competition shall be in writing and at the levels given below—

(1) For a proposed contract not exceeding \$100,000, the HCA is the approval authority. This approval is not required when the contract is one of those cited in FAR 6.304(a)(1) (i) through (iv).

(2) For a proposed contract over \$100,000, but not exceeding \$1,000,000, the Competition Advocate is the approval authority.

(3) For a proposed contract over \$1,000,000, but not exceeding \$5,000,000,

3506.304-70

the Procurement Executive is the approval authority.

(4) For a proposed contract over \$5,000,000, the Administrator is the approval authority.

(b) Contracting officers shall consult with the Competition Advocate prior to submitting any justification for approval pursuant to paragraph (a) of this section.

3506.304-70 Class justifications.

(a) Class justifications shall be approved in the same manner as individual justifications. To determine the approval level for a class justification, the aggregate estimated dollar value of all actions contemplated for one year shall be used to establish the appropriate dollar threshold for approval.

(b) The following are examples of appropriate class justifications:

(1) A basic ordering agreement (BOA) including all orders to be issued under the BOA for the term of the BOA;

(2) Contracts to be awarded to more than one contractor to provide Government-furnished property for assembly into an end item, in which case the circumstances of the class justification must justify all the contracts proposed under the justification.

(c) Requests for approval at any level must be submitted to the approval authority before release of the solicitation. The solicitation shall not be released until the justification is approved in writing (but see FAR 6.303-1(e)).

(d) The Procurement Executive shall maintain a list of products, materials, and services that have been granted a class justification for exclusive acquisition from sources in Panama (see 3506.302-4(c)).

Subpart 3506.5—Competition Advocate

3506.501 Requirement.

The Administrator shall designate in writing one Competition Advocate who shall serve as the agency and procuring activities competition advocate for all Commission acquisitions.

Subpart 3507.1—Acquisition Plans

Sec.
3507.103 Agency-head responsibilities.

Subpart 3507.3—Contractor Versus Government Performance

3507.301 Policy.
AUTHORITY: 40 U.S.C. 486(c).

Subpart 3507.1—Acquisition Plans

3507.103 Agency-head responsibilities.

(c)(1) Formal acquisition planning provided at FAR subpart 7.1 is primarily designed for complex and costly acquisitions. However, the disciplines of the prescribed planning process are useful to all acquisitions, even if on a less formal basis.

(2) Written acquisition plans shall be prepared for—

(i) All development (see FAR 35.001) acquisitions whose estimated contractual cost is \$1,000,000 or more annually;

(ii) Supply, service, and construction acquisitions whose estimated contractual cost is \$3,000,000 or more for any fiscal year. Excluded are repetitive requirements-type and fuel contracts.

(d) The Acquisition Plan (AP) shall include all subsystems, Government-furnished property, major component contractual actions, and all other contracts which have a significant effect on the total program.

(f) The planner for acquisitions requiring a formal, written plan shall be the program manager or other official having overall responsibility for the program concerned.

(g)(1) The planner shall obtain the written concurrence of the appropriate contracting officer for each acquisition plan.

(2) The Head of the Contracting Activity shall review and approve the acquisition plan and ensure that (i) the objectives of the AP are realistic and achievable, and (ii) solicitations and contracts are appropriately structured to equitably distribute the technical, financial, and business risks, considering the phase of the acquisition, the

Panama Canal Commission

3508.404-1

technical requirements, and business and legal constraints.

(3) Acquisition plans shall be furnished by the cognizant HCA to the Procurement Executive.

(j) When a need is urgent enough to require an unusually compressed delivery or performance schedule, and the preparation of a detailed written AP would interfere with the successful meeting of that schedule, the Procurement Executive may waive appropriate requirements of FAR subpart 7.1 and this subpart 3507.1. The waiver shall be in writing and shall specifically designate those requirements that are waived.

[55 FR 7641, Mar. 2, 1990]

Subpart 3507.3—Contractor Versus Government Performance

3507.301 Policy.

(a) For the purposes of OMB Circular No. A-76, a commercial source is defined as “a business or other non-Federal activity located in the United States, its territories and possessions, the District of Columbia or the Commonwealth of Puerto Rico, which provides a commercial product or service.” Accordingly, by virtue of the Commission’s location in the Republic of Panama, FAR subpart 7.3 is not applicable to the Panama Canal Commission because commercial services would have to be contracted out to sources located in Panama. Commission policy regarding commercial services to be contracted out to sources in Panama is set forth in paragraph (b) of this section.

(b) Commercial work and services shall be contracted out when there are available reliable local contractors and the expected cost is beneficial to the Commission. However, when commercial work/service to be done requires skills that the Commission should have and/or develop, then a careful evaluation shall be made before such work/service is contracted outside the agency. The cognizant Head of the Contracting Activity shall be the approving official for commercial work and services to be contracted out pursuant to this policy.

AUTHORITY: 40 U.S.C. 486(c); Article IX of the Agreement in Implementation of Article III of the Panama Canal Treaty of 1977.

SOURCE: 55 FR 7642, Mar. 2, 1990, unless otherwise noted.

3508.001 Priorities for use of Government supply sources.

(a) Under Article IX of the Agreement in Implementation of Article III of the Panama Canal Treaty of 1977, the Panama Canal Commission is required under certain conditions to give preference, to the maximum extent possible, to procuring supplies and services obtainable in Panama (see 3506.302-4(a), subpart 3525.8, and part 3570). Therefore, when supplies or services are to be procured from sources in Panama under the preference requirement of Article IX, the mandatory use of sources for a like item of supply or service, as required by FAR part 8, shall not be applicable.

Subpart 3508.4—Ordering From Federal Supply Schedules

3508.404 Using schedules.

3508.404-1 Mandatory use.

When supplies or services are procured from sources in Panama under the preference requirement of Article IX, as stated in 3508.001(a), the mandatory use of a Federal Supply Schedule for a like item of supply or service shall not be applicable. When a procurement is not made under the Panamanian preference of Article IX, and delivery or performance is to be made in Panama, the mandatory supply schedule should be carefully evaluated for the following exceptions to mandatory use:

(d) *Geographic coverage.* Each Federal Supply Schedule delineates the specific

geographic area for which it is mandatory for use. The geographic area applies to the location where final delivery of the supplies is to be made, or the service to be performed, and not to the location of the ordering office. In most cases, the Republic of Panama will not be within the geographic limitations of the schedule and mandatory use will not be applicable. The mandatory use provisions of FAR 8.4 and 41 CFR 101-26.4 are applicable to Commission offices located in the United States when ordering supplies or services to be delivered or performed in the United States for their own use.

(e) *Lower prices for identical items.* The Commission may purchase products from any source pursuant to the conditions set forth in FAR 8.404-1(e).

3509.106-70 Professional type services preaward surveys.

(c) The PE is the designee of the agency head for the purposes of FAR 9.406-1(c) and may, upon the written recommendation of the pertinent HCA, take the action referenced therein.

3509.406-2 Causes for debarment.

In addition to the causes listed in FAR 9.406-2, the use of a Panama Canal Commission employee or a member of the Commission's Board of Directors as an agent or advocate for a Commission contractor, or prospective contractor, shall be a cause for debarment.

3509.406-3 Procedures.

(a) Investigation and referral.

(1)(i) Any Commission official or employee who suspects or has knowledge of any conduct, statement, act, or omission of, or attributable to, a Commission contractor or a potential Commission contractor which could justify debarment under FAR subpart 9.4 or this subpart shall immediately report this information to the Commission General Counsel (hereinafter "GC") or to the appropriate contracting officer.

(ii) Any Commission official or employee who suspects or has knowledge that a debarred individual or company has reestablished itself under a new name shall immediately report this information to the GC or to the appropriate contracting officer.

(2) When the GC receives such information he shall refer the matter to the appropriate contracting officer for investigation and shall notify the PE and the pertinent HCA. When the con-

48 CFR Ch. 35 (10-1-00 Edition)

tracting officer receives such information he shall notify the PE and the pertinent HCA.

(3) The contracting officer shall, in coordination with the pertinent HCA, promptly investigate the matter, assemble all relevant information and prepare a written report containing all available evidentiary material, including copies of indictments and conviction notices when applicable, and the names of the owners and officers, as well as any affiliates, of the contractor in question. The written report shall include a recommendation whether a debarment action should be commenced and, if so, shall identify the causes for debarment, see FAR 9.406-2 and 3509.406-2 of this subpart, and identify each company and individual, including divisions of companies and affiliates, which the contracting officer recommends should be specifically named in the action.

(4) The contracting officer shall submit his report to the pertinent HCA and a copy thereof to the PE and the GC. The HCA shall study the report and promptly advise the PE, in writing, whether or not he concurs in the contracting officer's recommendation and shall explain the reasons for his concurrence or nonconcurrence.

(5) The PE shall study the contracting officer's report and the recommendation of the HCA. If the HCA and the PE agree that a debarment action should not be commenced, the PE shall so inform the debarring official and shall prepare a memorandum for record describing and closing the matter. If, however, either the HCA or the PE recommend that a debarment action should be commenced, the PE shall forward the contracting officer's report to the debarring official, together with the recommendation of the HCA as well as the PE's own written recommendation.

(b) Decisionmaking process.

(1) If the debarring official, after reviewing the contracting officer's report and the recommendations of the HCA and the PE, considering fully the provisions of FAR 9.402 and 9.406-1(a), and consulting with the GC, determines there is a reasonable basis to commence a debarment action, the debarring official shall instruct the PE to

sign and send to each specifically named company, individual or affiliate to which the action is to apply, via certified mail, return receipt requested, either:

(i) An informal notice of the Commission's intention to propose debarment, see 3509.406-3(b)(2) of this subpart; or

(ii) A formal notice of the Commission's proposal to debar under FAR 9.406-3(c).

(2) An informal notice of the Commission's intention to propose debarment shall advise the addressee, in writing, of the following:

(i) The issuance under FAR 9.406-3(c) of a formal notice of proposal to debar the addressee is seriously being considered by the Commission;

(ii) The basic factual reasons for the contemplated debarment;

(iii) The causes relied upon under FAR 9.406-2 and 3509.406-2 of this subpart;

(iv) The Commission's procedures governing the debarment process;

(v) The addressee's right to reply to the PE in writing within 21 calendar days of receipt of the informal notice, and show cause why the Commission should not issue, to the addressee, a formal notice of proposal to debar under FAR 9.406-3(c) for the reasons and causes cited by the Commission;

(vi) That, if the PE does not receive a reply from the addressee to the informal notice within 21 calendar days of the addressee's receipt of the informal notice, the Commission will issue to the addressee a formal notice of proposal to debar;

(vii) The effect of the issuance of a formal notice of proposal to debar;

(viii) The potential effect of an actual debarment; and

(ix) That, while the Commission will carefully consider the content of a timely reply to the informal notice, the Commission reserves the right to issue a formal notice of proposal to debar without additional discussion or correspondence.

(3) The PE shall study the timely reply of an addressee to an informal notice and shall forward the reply to the GC and the debarring official with the PE's evaluation and recommendation.

(4) If, after reviewing a timely reply to an informal notice, as well as the views of the PE and the GC, the debarring official determines, considering fully the provisions of FAR 9.402 and 9.406-1(a), that a formal debarment action should commence, the debarring official shall instruct the PE to sign and send a formal notice of proposal to debar to the addressee.

(c) *Notice of proposal to debar.* In addition to the matters listed at FAR 9.406-3(c), a formal notice of proposal to debar shall advise the contractor and any specifically named individual or affiliate of the specific, fundamental allegations of material fact supporting the proposed debarment.

(d) *Debarring official's decision.*

(1) A submission in opposition to the Commission's formal notice of proposal to debar presented by a contractor, or any named individual or affiliate, shall include information and argument in opposition to the proposed debarment, including any additional specific information or documents that raise a genuine dispute over material facts. The submission shall be addressed to the PE.

(2) If a timely submission in opposition to a formal notice of proposal to debar is not presented by a named contractor, individual or affiliate to whom a formal notice was sent, the PE shall, with respect only to each such contractor, individual or affiliate that failed to present a timely submission, study all the information in the administrative record and shall forward the entire record to the debarring official with an evaluation and recommendation whether to debar the non-responding contractor, individual or affiliate and, if so, for what period of time.

(3) If a timely submission in opposition to a formal notice of proposal to debar is submitted in actions based upon a conviction or civil judgment, the PE shall evaluate all the information in the administrative record, including the submission in opposition, and shall forward these materials to the debarring official with a recommendation whether to debar and, if so, for what period of time.

(4)(i) If a timely submission in opposition to a formal notice of proposal to

debar is presented in actions not based upon a conviction or civil judgment, the PE shall evaluate the formal notice of proposal to debar and the submission in opposition and shall determine, with the advice of the GC, if the submission raises a genuine dispute over any facts material to the proposed debarment. If it does not, the PE shall forward the entire administrative record, including the submission in opposition, to the debarring official with an evaluation and a recommendation whether to debar and, if so, for what period of time.

(ii) If, however, the PE determines, in consultation with the GC, that a timely submission in opposition to a formal notice of proposal to debar in actions not based upon a conviction or civil judgment raises a genuine dispute over any fact material to the proposed debarment, the PE shall so advise the contractor, named individual or affiliate, and shall inquire whether a fact-finding hearing is desired. If a fact-finding hearing is not requested by the contractor, named individual or affiliate, the PE shall forward the entire administrative record, including the submission in opposition, to the debarring official with an evaluation and a recommendation whether to debar and, if so, for what period of time.

(iii) If a fact-finding hearing is requested, the PE shall appoint a fact-finding official to whom all matters involving disputed material facts shall be referred. The PE will provide the fact-finding official with a copy of the entire administrative record including the submission in opposition. The fact-finding official shall study the Commission's notice(s) of proposal to debar and the submission(s) in opposition, and shall identify specifically the material facts in genuine dispute and so advise the pertinent contractor, named individual or affiliate, as well as the Commission's designated advocate in the Office of General Counsel. A fact-finding hearing shall be scheduled and conducted by the fact-finding official, and shall take place in a Commission facility in Panama unless the fact-finding official determines that fundamental fairness compels the use of another location. The rules governing the fact-finding hearing shall be established by the fact-finding official but

shall conform fully with FAR 9.406-3(b)(2) and (d)(2) and (3).

(5) The fact-finding official shall present written findings of fact and the transcribed record of the hearing, if made, to the debarring official within 21 calendar days from his receipt of the transcript or from the final day of the hearing if no transcript is ordered. The findings shall resolve each material fact previously determined to be in genuine dispute based on a preponderance of the evidence presented.

(6) Upon receiving the complete administrative record and the evaluation and recommendation of the PE or, if there was a fact-finding hearing, upon receiving the hearing record and the findings of fact of the fact-finding official and the evaluation and recommendation of the PE, the debarring official shall, considering fully the provisions of FAR 9.402 and 9.406-1(a), make a final decision whether to impose debarment. If debarment is chosen, the debarring official shall also determine the period of debarment.

(e) *Notice of debarring official's decision.* The debarring official shall promptly notify the contractor and any named individual or affiliate of the final decision in writing by certified mail, return receipt requested.

3509.406-70 Settlement.

(a) At any time prior to the debarring official's issuance of a final decision whether to debar, the debarring official may, in the best interests of the U.S. Government, forgo or withdraw a proposed debarment by entering into a written agreement with the contractor, named individual or affiliate, in which the contractor, individual or affiliate agrees to perform, accomplish or implement such remedial measures or mitigating factors as are listed at FAR 9.406-1(a). The contractor, individual or affiliate shall also agree that its failure to observe any term or condition of the agreement shall constitute sufficient cause for the immediate imposition of debarment by the debarring official without entitlement to a fact-finding hearing.

(b) The debarring official shall not enter into a settlement agreement if the proposed debarment is based on a

Panama Canal Commission

3509.471

conviction of or civil judgment for any of the causes in FAR 9.406-2(a).

3509.406-71 Voluntary exclusion.

(a)(1) At any time prior to the debarring official's issuance of a final decision whether to debar, the debarring official may, in the best interests of the U.S. Government, forgo or withdraw a proposed debarment by entering into a written agreement with the contractor, named individual or affiliate, in which the contractor, individual or affiliate agrees to voluntarily refrain, for a specified period of time, from attempting to obtain, and from entering into, any contract, purchase agreement or other form of contractual relationship, regardless of dollar amount, with, as the debarring official may determine, either: (i) the Commission; or (ii) the Commission and one or more, or all, other agencies, departments or entities of the U.S. Government.

(2) A voluntary exclusion will not be reported to the GSA nor appear in the "List of Parties Excluded from Federal Procurement and Nonprocurement Programs," and if the contractor, individual or affiliate is currently listed due to a Commission notice of proposal to debar the PE will advise the GSA of the voluntary exclusion and request the immediate cessation of the listing. The contractor, individual or affiliate shall agree that its failure to observe any term or condition of the voluntary exclusion shall constitute sufficient cause for the immediate imposition of debarment by the debarring official without entitlement to a fact-finding hearing.

(b) The debarring official shall not enter into a voluntary exclusion agreement if the proposed debarment is based on a conviction of or civil judgment for any of the causes in FAR 9.406-2(a).

3509.407 Suspension.

3509.407-2 Causes for suspension.

In addition to the causes listed in FAR 9.407-2, the cause for debarment identified in 48 CFR (PAR) 3509.406-2 also applies to suspension actions.

3509.407-3 Procedures.

(a) The procedures set forth in 48 CFR (PAR) 3509.406-3 for debarment also apply, insofar as they are compatible with the procedures set forth in FAR 9.407-3, to suspension actions except those procedures identified in paragraph (b) of this subsection.

(b) The following procedures in 48 CFR (PAR) 3509.406-3 do *not* apply to suspension actions: 3509.406-3(b)(1)(i), 3509.406-3(b)(2) through (4) and 3509.406-3(c).

(c) *Notice of suspension.* In addition to the matters listed at FAR 9.407-3(c), in actions not based on an indictment, a notice of suspension shall advise the contractor and any specifically named individual or affiliate of the specific, fundamental allegations of material fact supporting the suspension.

3509.407-70 Settlement.

Where a suspension is being considered, the suspending official may enter into a settlement agreement in the same manner and under the same terms as are provided in 48 CFR (PAR) 3509.406-70.

3509.407-71 Voluntary exclusion.

Where a suspension is being considered, the suspending official may enter into a voluntary exclusion agreement in the same manner and under the same terms as are provided in 48 CFR (PAR) 3509.406-71.

3509.470 Special notice.

The Commander in Chief, United States Southern Command, shall be notified by the Procurement Executive of the issuance of any Commission notice of proposal to debar and of any debarment or suspension decision made by the debarring or suspending official.

3509.471 Equal application.

These procedures for debarment and suspension apply equally to all firms, individuals and affiliates doing business with the Panama Canal Commission regardless of their nationality, residence or location.

Subpart 3509.5—Organizational Conflicts of Interest

3509.500 Scope of subpart.

This subpart establishes Commission policy and procedures for identifying, evaluating, and resolving organizational conflicts of interest. It is the Commission's policy to avoid, neutralize, or mitigate organizational conflicts of interest. If the Commission is unable to neutralize or mitigate the effects of a potential conflict of interest, it will disqualify the prospective contractor or will terminate the contract when potential or actual conflicts are identified after award.

3509.502 Applicability.

This subpart applies to all Commission contracts except agreements with other Federal agencies.

3509.503 Waiver.

The Commission's General Counsel is designated as the authority to waive any general rule or procedure of this subpart by determining that its application in a particular situation would not be in the Commission's interest. Any request for waiver must be in accordance with FAR 9.503.

3509.504 Contracting officer responsibilities.

(a) Contracting officers will be responsible for determining the existence of actual and potential organizational conflicts of interest which would result from the award of the contract. The contracting officer will be guided by information submitted by offerors and by the contracting officer's own judgment. The contracting officer may obtain the advice of legal counsel and the assistance of technical specialists in evaluating potential organizational conflicts.

(b) If it is determined that organizational conflicts of interest will be created by the award of the contract, the contracting officer may find an offeror nonresponsible.

(c) Notwithstanding the existence of organizational conflicts of interest, it may be determined that the award of the contract would be in the best interest of the Commission. In that case, the contracting officer may, with the

approval of the cognizant Head of the Contracting Activity, set terms and conditions which will reduce the organizational conflicts of interest to the greatest extent possible.

(d) The contracting officer shall, in addition to any certifications required by this subpart, require in all solicitations for consulting services that the offeror submit as part of an offer a statement which discloses all relevant facts relating to existing or potential organizational conflicts of interest surrounding the contract, including disclosure of such conflicts of interest with respect to proposed subcontractors.

3509.506 Information sources.

(a) *Disclosure.* At the request of the contracting officer, prospective Commission contractors responding to solicitations or submitting unsolicited proposals shall provide information to the contracting officer for use in identifying, evaluating, or resolving potential organizational conflicts of interest. The submittal may be a certification or a disclosure, pursuant to paragraphs (a)(1) or (2) of this section.

(1) If the prospective contractor is not aware of any information bearing on the existence of any organizational conflict of interest, the contractor shall so certify.

(2) Prospective contractors not certifying in accordance with paragraph (a)(1) of this section must provide a disclosure statement which describes concisely all relevant facts concerning any past, present, or planned interests relating to the work to be performed and bearing on whether they, including their chief executives, directors, or any proposed consultant or subcontractor, may have a potential organizational conflict of interest.

(b) *Failure to disclose information.* Any prospective contractor failing to provide full disclosure, certification, or other required information will not be eligible for award. Nondisclosure or misrepresentation of any relevant information may also result in disqualification from award, termination of the contract for default, or debarment from Government contracts, as well as other legal action or prosecution. In response to solicitations requesting the

Panama Canal Commission

3510.004-70

information in paragraph (a) of this section, the Commission will consider any inadvertent failure to provide disclosure certification as a "minor informality" (as explained in FAR 14.405); however, the prospective contractor must correct the omission promptly.

(c) *Exception.* When the contractor has previously submitted a conflict of interest certification or disclosure for a contract, only an update of such statement is required when the contract is modified.

3509.507 Procedures.

(a) The contracting officer shall document in writing the resolution of any potential or actual conflicts of interest identified. This documentation shall be reviewed and approved by the General Counsel prior to award. If the organizational conflict of interest cannot be resolved, the contracting officer shall disqualify the prospective contractor from receiving the contract award.

(b) The General Counsel shall review and make the final decision required at FAR 9.507(c)(4) on any contractor request for higher review of the contracting officer's decision.

3509.508 Solicitation provision and contract clause.

3509.508-1 Solicitation provision.

The contracting officer shall insert the provision at 3552.209-70, Organizational Conflict of Interest Certification/Disclosure in solicitations that in the contracting officer's judgment may be susceptible to organizational conflicts of interest.

3509.508-2 Contract clause.

The contracting officer shall insert the clause at 3552.209-71, Organizational Conflict of Interest, in solicitations and contracts that will include the provision at 3552.209-70, Organizational Conflict of Interest Certification/Disclosure.

3510.001 Definitions.

Salient characteristics mean those particular characteristics that specifically describe the essential physical and/or functional features of a brand name product. They are those essential physical and/or functional features which are identified in the specifications as a mandatory requirement which a proposed "equal" product must possess in order for the product to be considered responsive. The term excludes those physical and/or functional features of a brand name product that:

(a) Are not essential to the needs of the Commission, or

(b) Do not affect the suitability of the product for its intended use.

3510.004 Selecting specifications or descriptions for use.

3510.004-70 Brand name or equal purchase descriptions.

(a) Purchase descriptions which contain references to one or more brand name products followed by the words "or equal" may be used only under the conditions indicated in FAR 10.004(b)(2) and (3) and shall be in accordance with this subsection. The office initiating the "brand name or equal" purchase request is responsible for documenting to the contracting officer's satisfaction that the conditions for its use are valid. Where feasible, all known acceptable brand name products should be referenced.

(b) The words "or equal" should not be added when the contracting officer has determined, with the concurrence of the General Counsel and the signed approval of the cognizant HCA, that only a particular product meets the essential requirements of the Commission.

(c) Brand name or equal purchase descriptions shall include, in addition to those characteristics set forth in FAR

10.004(b)(1) to the extent they are applicable, the following type of information to clearly identify the specific item named by brand(s) and its salient characteristics:

(1) Complete common generic identification of the item required;

(2) Applicable model, make, or catalog number for each brand name product referenced, and identity, if applicable, of the commercial catalog in which it appears;

(3) Name of manufacturer, producer, or distributor of each brand name product reference (and address if company is not well known); and

(4) All salient characteristics of the brand name product or products which have been determined by the initiating office, with the concurrence of the contracting officer, to be essential to meet the Commission's minimum physical and/or functional requirements. The purchase description shall state or otherwise indicate that the salient characteristics are mandatory features which proposed equal products must possess in order to be considered responsive.

(d) Except as provided in paragraph (e) of this subsection, when a brand name or equal purchase description is included in a solicitation, the following shall be inserted after each item so described in the solicitation schedule for completion by the offeror:

To be completed by offeror:

Manufacturer's Name: _____

Manufacturer's Address: _____

Brand Name of Product (if any): _____

NOTE: Offerors are cautioned and advised to read provision 3552.210-70, Brand Name Products or Equal, located elsewhere in this solicitation, prior to completing the above. As indicated therein, offerors proposing to furnish an "equal" product must furnish all descriptive material necessary to determine the acceptability of such product.

(e) Where component parts of an end item are described in the solicitation by a brand name or equal purchase description and the contracting officer determines that application of the provision at 3552.210-70 to such component parts would be impracticable, the requirements of paragraph (d) of this subsection and 3510.011(h) shall not apply with respect to such component parts. However, if the provision is included in the solicitation for other reasons, there shall also be included in the solici-

tion a statement to identify either the component parts (described by brand name or equal purchase descriptions) to which the provision applies or those to which it does not apply. Depending upon whether the former or latter alternative is used, the statement should be substantially as follows:

The provision 3552.210-70, Brand Name Products or Equal, located elsewhere in this solicitation, applies to the following component parts: (List the component parts to which the provision applies.)

or

The provision 3552.210-70, Brand Name Products or Equal, located elsewhere in this solicitation, does not apply to the following component parts: (List the component parts to which the provision does not apply.)

This paragraph (e) also applies to accessories related to an end item where a brand name or equal purchase description of the accessories is a part of the description of the end item.

(f) When considered appropriate by the contracting officer, solicitations incorporating brand name or equal purchase descriptions may require the submission of offer samples in the case of offerors proposing to furnish "equal" products; such samples shall not be required from offerors who offer brand name products referenced in purchase descriptions.

(g) Offers proposing to furnish products other than those specifically referenced by brand name shall be considered for award when the contracting officer determines under provision 3552.210-70 that the offered products meet the salient characteristics identified in the purchase description. Offers shall not be rejected as nonresponsive for failure of the product to equal a characteristic of a brand name product if such characteristic was not specified as a salient characteristic in the brand name or equal purchase description. However, if it is clearly established that the unspecified characteristic is essential to the intended use, the solicitation is defective and no award shall be made. In such cases, the contracting officer should resolicit the requirements, using a purchase description that sets forth all salient characteristics.

(h) The brand name or equal policies and procedures in this subsection may

Panama Canal Commission

3510.011

be used in small purchase acquisitions to the extent that they are applicable and practicable.

(i) This subsection is not applicable to construction contracts since the use of equal equipment, materials, articles, or processes are covered by FAR clause 52.236-5, Material and Workmanship.

3510.007 Deviations.

Heads of Contracting Activities are designated to authorize the deviations permitted under FAR 10.007 and are responsible for ensuring that the actions required by FAR 10.007 are accomplished.

3510.011 Solicitation provisions and contract clauses.

(h) The contracting officer shall insert the provision at 3552.210-70, Brand Name Products or Equal, in solicitations that call for the delivery of a brand name or equal product, selecting the language that is appropriate for (1) invitation for bids, or (2) requests for proposals, as parenthetically indicated in the provision. (However, see 3510.004-70(e) regarding the applicability of the provision to component parts of an end item and to accessories related to an end item.)

3513.203 Establishment of Blanket Purchase Agreements.

3513.203-1 General.

(a) Blanket purchase agreements may be established for supplies or services which are readily available and for which their purchase does not require detailed technical specifications, technical inspection, or complex terms and conditions.

(b) Only the contracting officer (CO) and officials authorized by a CO and designated in the BPA shall be permitted to request deliveries. Delivery (call) orders shall usually be made by telephone or in person. Before placing a call order against the BPA, each requirement shall be screened for availability from Commission inventory sources and from the mandatory sources of supply prescribed in FAR part 8. Necessary controls shall be maintained by the person placing the call orders under the BPA to ensure that any limitation stated therein is not exceeded. The BPA identification number shall be specified each time a delivery is requested.

(c) The procedure for establishing and using BPA's is prescribed in the Commission's Financial Systems Manual 14.020, covering BPA's in general, and 14.007, covering BPA's for automotive parts.

3513.204 Purchases under Blanket Purchase Agreements.

(a) Individual call orders under a BPA shall not exceed the dollar limitation specified in the BPA, which limitation shall not exceed the dollar limitations established by the:

(1) Engineering and Construction Director for the rental of construction equipment, and

(a) *Panama Canal Form No. 1010, Purchase Order.* This form may be used by the Inventory Management Branch (1) for the small purchase acquisition of standard stock items, and (2) as a delivery order for ordering or scheduling deliveries against established contracts or from Government sources of supply.

(b) *Panama Canal Form No. 1820, Purchase Order.* This form may be used by the Purchasing and Contracts Branch (1) for the small purchase acquisition of non-stock items and services, and (2) as a delivery order for ordering or scheduling deliveries against established contracts or from Government sources of supply.

(c) *Panama Canal Form No. 3083, Purchase Order Continuation.* This form may be used with Panama Canal Form No. 1820 when additional space is needed.

(d) *Panama Canal Form No. 3163, Division Purchase Order.* This form may be used by all activities having contracting authority for the decentralized procurement of supplies and services (see 3513.505-71).

(e) *Panama Canal Form No. 3163-MTD, Division Purchase Order.* This form may

be used by the Motor Transportation Division and the New Orleans Branch, Logistical Support Division for purchases of nonstandard stock automotive repair parts that do not exceed dollar amounts established by the General Services Director.

3513.505-70 Purchase requisition.

Panama Canal Form No. 1821, Purchase Requisition, shall be used by requiring activities to request purchasing action by the Purchasing and Contracts Branch, Logistical Support Division. The procedure for using purchase requisitions is prescribed in the Commission's Financial Systems Manual 14.010.

3513.505-71 Division Purchase Order.

(a) *General.* The Division Purchase Order (DPO), PCC Form No. 3163, may be used by all activities that have contracting authority for the decentralized procurement of supplies and services (see 3501.601(b)). When repetitive purchases within the authorized DPO dollar limitation are made for the same supplies or services, the activity shall request the Chief, Purchasing and Contracts Branch to establish a BPA (see subpart 3513.2). A detailed procedure for the use of the DPO is prescribed in the Commission's Financial Systems Manual 14.005, covering DPO's in general, and 14.007, covering DPO's for automotive parts.

(b) *Responsibilities.* (1) Bureau directors and heads of independent units that use the DPO shall—

(i) Ensure that, whenever practicable, the functions of procurement approval, receipt documentation, and payment approval in the use of a DPO are performed by three separate persons. In no case shall the same person be permitted to perform all three functions.

(ii) Approve and sign all DPO's, subject to the conditions specified in paragraphs (b) (2)(iii) and (3) of this subsection, or appoint in writing by position or by name one or more purchasing agents to act as approval and signatory authority. Such appointees shall be at an organizational level sufficient to ensure responsible control over the obligation of funds that the DPO represents.

(2) Designated purchasing agents shall—

(i) Approve and sign DPO's within their delegated dollar authority.

(ii) Supervise the use and issuance of DPO's and verify that such use and issuance are in compliance with the FAR, this PAR, and the Commission's Financial Systems Manual.

(iii) Ensure that the following conditions exist before approving purchases to be made on DPO's:

(A) There is a valid need for the supplies or services;

(B) A unit fund controller has certified the availability of funds for the proposed purchase;

(C) The vendor is reputable and the price is reasonable; and

(D) The DPO is not being used as a means to purchase a known requirement in excess of the authorized DPO dollar limitation by fragmentizing the requirement (i.e., by breaking the total quantity of the requirement into smaller quantities that can be purchased on two or more DPO's, each of which does not exceed the authorized dollar limitation but which, collectively, will result in the purchase of the total quantity of the requirement).

(3) Individuals authorized to approve and sign DPO's shall ensure that Government funds are not expended for standard stock items, unauthorized office supplies, furnishings, appliances, or for items that are intended solely for personal convenience or to satisfy personal desires of an official or that are nonessential to the needs of the Government and do not contribute to the fulfillment of the Commission's mission.

(4) The General Services Director shall delegate authority for contracting by means of DPO's to bureau directors and heads of independent units. Such delegation shall be published from time to time in bulletin or memorandum form and shall conform to dollar limitations approved by the Administrator.

(c) *Panama Preference.* DPO purchases shall conform to the Treaty preference given to supplies and services obtainable in Panama, as prescribed in subpart 3570.1.

(c) The contracting officer shall insert the provision at 3552.214-74, All or None Award—Sealed Bidding, in invitations for bids for supplies or services if the contracting officer determines that award will be made on an “all or none” basis to one bidder for all items because of the nature of the items (e.g., supply items must interface or otherwise be fully compatible with each other; items covering services are so interrelated that it would be impracticable to split the award).

(d)(1) The contracting officer shall insert the provision at 3552.214-75, All or None Award—Sealed Bidding—Construction, in invitations for bids for construction work that is estimated to exceed \$10,000 if the contracting officer determines:

(i) To require bidding on all items, and

(ii) That award will be made on an “all or none” basis to one bidder for all items.

(2) If the construction work is not estimated to exceed \$10,000, the contracting officer shall use the Alternate I version of provision 3552.214-75.

(3) If the contracting officer determines that:

(i) The contract work, regardless of its estimated value, will be awarded to one bidder for all the work, and

(ii) Bidding on all items will not be required, the Alternate II version of provision 3552.214-75 is to be used.

Subpart 3514.4—Opening of Bids and Award of Contract

3514.404 Rejection of bids.

3514.404-1 Cancellation of invitations after opening.

(c) The Procurement Executive, upon recommendation of the cognizant HCA, is authorized to make the determinations prescribed in FAR 14.404-1(c) when an invitation is to be cancelled and all bids rejected after bid opening but prior to award.

(e)(1) The Procurement Executive, upon recommendation of the cognizant HCA, may authorize the contracting officer to complete the acquisition through negotiation in the determination to cancel the invitation for bids when the conditions in FAR 14.404-1(c) (6) or (7) apply.

3514.406 Mistakes in bids.

3514.406-3 Other mistakes disclosed before award.

The cognizant HCA is delegated the authority to make the administrative determinations in connection with mistakes in bids prior to award. This authority may not be redelegated. The General Counsel must review and concur with all determinations under FAR 14.406-3.

3514.406-4 Mistakes after award.

(b) The cognizant HCA is authorized to make determinations on mistakes in bids disclosed after award. The General Counsel must review and concur with all determinations made under FAR 14.406-4.

3514.407 Award.

3514.407-1 General.

(a) The contracting officer shall make a contract award to that responsible bidder whose bid, conforming to the invitation, will be most advantageous to the Government, considering only the price and price-related factors contained in FAR 14.201-8. Particular attention shall be paid in supply contracts to evaluation of transportation costs to ensure that the award is made to the lowest overall responsive and responsible bidder.

3514.407-6 Equal low bids.

(a) Contracts shall be awarded in the following order of priority when two or more low bids are equal in all respects:

(1) Preference shall be given to the bidder whose supplies or services are obtainable in the Republic of Panama;

(2) When two or more bidders offer supplies or services obtainable in Panama, preference shall be given to the bidder whose bid has a larger percentage of components of Panamanian origin;

(3) If two or more bidders remain equally low after application of paragraphs (a) (1) and (2) of this subsection, the tie-breaking procedures prescribed in FAR 14.407-6(b) shall be followed;

(4) The order of precedence established in FAR 14.407-6 (a) and (b).

(c) When award is made by using the priorities under this 3514.407-6, the contracting officer shall incorporate the written agreement prescribed in FAR 14.407-6(c) in the contract.

3515.000 Scope of part.

This part implements and supplements FAR part 15 by providing additional solicitation provisions and by providing Commission policies and procedures on unsolicited proposals, price negotiations, and profit.

Subpart 3515.4—Solicitation and Receipt of Proposals and Quotations

3515.407 Solicitation provisions.

(a) In addition to the provisions prescribed in FAR 15.407, the contracting officer shall insert in solicitations the provisions at—

- (1) 3552.215-70, Price; and
- (2) 3552.215-71, Caution.

(b) The contracting officer shall insert the provision at 3552.215-72, All or None Award, in solicitations for supplies or services if the contracting officer determines that award will be made on an “all or none” basis to one offeror for all items because of the nature of the items (e.g., supply items must interface or otherwise be fully compatible with each other; items covering services are so interrelated that it would be impracticable to split the award). This provision may also be used in solicitations for construction if the contracting officer determines that its use is appropriate.

Subpart 3515.5—Unsolicited Proposals

3515.500 Scope of subpart.

This subpart implements and supplements the policies and procedures governing unsolicited proposals prescribed in FAR subpart 15.5. It also establishes the Commission contact point for coordinating the receipt, evaluation, and disposition of unsolicited proposals.

3515.502 Policy.

It is the policy of the Commission to receive, review, and consider for acceptance unsolicited proposals, as that term is defined in FAR 15.501 and fur-

ther described in FAR 15.503(c). As indicated in FAR 15.502, such proposals may be accepted for sole source negotiation only when appropriate authority exists in FAR subpart 6.3 and when all conditions in FAR 15.507(b) have been complied with.

3515.503 General.

(f) Unsolicited proposals for the performance of services are, except as discussed in this paragraph, unacceptable as the performance of services is unlikely to necessitate innovative and unique concepts. There may be rare instances in which an unsolicited proposal offers an innovative and unique approach to the accomplishment of a service. If such a proposal offers a previously unknown or an alternative approach to generally recognized techniques for the accomplishment of a specific service, and such approach will provide significantly greater economy or enhanced quality, it may be considered for acceptance, provided that such acceptance can be made in conformance with the policy in 3515.502.

3515.504 Advance guidance.

(a) It is not uncommon for sales representatives and engineers to approach field personnel of the Commission to discuss their products or proposals. Bureau Directors and Heads of Independent Units shall take the necessary steps to ensure that Commission employees do not make any commitments, explicit or implied, on behalf of the Commission to eventually procure such products or proposals. Whenever any person orally makes an “unsolicited proposal”, Commission personnel shall inform the offeror that unsolicited proposals must be in writing and that further information should be obtained from the Commission’s Procurement Executive or Assistant Procurement Executive before the offeror proceeds with the submission of a written proposal. Commission personnel may provide copies, if practicable, of FAR subpart 15.5 and subpart 3515.5 of this regulation to persons interested in submitting unsolicited proposals.

3515.506

48 CFR Ch. 35 (10–1–00 Edition)

3515.506 Agency procedures.

(a) In order to allow the Commission sufficient time to evaluate the unsolicited proposal and negotiate any resultant contract, prospective contractors should submit their proposals, in triplicate, well in advance of the time they desire to commence their effort or activity. A minimum of six months advance submission is suggested (see FAR 15.505(c)(2)).

(b) The Procurement Executive is the Commission contact point to coordinate the receipt and handling of unsolicited proposals within the commission.

3515.506–1 Receipt and initial review.

(a) The Procurement Executive shall conduct an initial review of each unsolicited proposal to determine if it appears to (1) constitute a valid unsolicited proposal as described in FAR 15.503(c), and (2) meet the requirements contained in FAR 15.506–1(a). If so, the Procurement Executive shall acknowledge its receipt to the sender and initiate processing of the proposal for evaluation in accordance with 3515.506–2 of this subpart. If the proposal does not meet the requirements of FAR 15.506–1(a), or otherwise does not qualify as an unsolicited proposal, the Procurement Executive shall return it to the sender with appropriate comments.

3515.506–2 Evaluation.

(a) Promptly after receipt of an unsolicited proposal deemed to satisfy the requirements of 3515.506–1(a), the Procurement Executive shall forward the original and all copies to the cognizant contracting officer for further coordination of the technical evaluation of the proposal. The cognizant contracting officer shall (1) determine the appropriate Commission organization that would fund the acquisition (see FAR 15.507(b)(3)) in the event the unsolicited proposal would be acceptable for a negotiated award pursuant to FAR 15.507(b), and (2) forward a copy to that organization for technical evaluation. If more than one organization has a potential interest in the proposal, or should otherwise be included in the evaluation phase because of its technical expertise, copies of the proposal shall be circulated to each such office.

(b) Evaluating organizations shall complete their evaluations as quickly as practicable and forward them, together with all copies of the unsolicited proposal, to the cognizant contracting officer. Evaluations shall take into consideration the factors in FAR 15.506–2(a), shall be in writing, and shall include, in addition to a comprehensive technical analysis and conclusion(s), a recommendation as to the ultimate disposition of the proposal. When the recommendation is to accept the unsolicited proposal, the evaluation shall include the documentation required in FAR 15.507(b)(3).

3515.507 Contracting methods.

(a) If the unsolicited proposal is not recommended for acceptance after technical evaluation, the cognizant contracting officer shall return the proposal and all copies thereof to the offeror, citing the reasons why the proposal is not acceptable. A copy of the letter shall be furnished to the Procurement Executive.

(c) If the unsolicited proposal is acceptable as a basis for negotiation, the cognizant contracting officer shall:

(1) Obtain the concurrence of the General Counsel before proceeding with negotiations, and

(2) Advise the Procurement Executive in writing of such action.

3515.508 Prohibitions.

(b) All unsolicited proposals received by units of the Commission shall be treated “FOR OFFICIAL USE ONLY” and shall be protected from unauthorized disclosure. No copies shall be made except as authorized by the Procurement Executive or cognizant contracting officer, as appropriate. All Commission personnel who handle a proposal are responsible for safeguarding the information therein, and shall not disclose the information to unauthorized personnel within or outside of the Commission.

Subpart 3515.8—Price Negotiation

3515.802 Policy.

It is the policy of the Commission to obtain the cost or pricing data required pursuant to FAR 15.804 from all U.S. or

Panama Canal Commission

3516.000

foreign (including Panama) prime contractors and subcontractors.

3515.804 Cost or pricing data.

3515.804-2 Requiring certified cost or pricing data.

When determining the contract amount for purposes of applying the dollar threshold at FAR 15.804-2(a) for requesting certified cost or pricing data, the value of the contract shall include any priced options. Exercise of a priced option is not considered a price adjustment and does not require submission of cost or pricing data.

3515.804-3 Exemptions from or waiver of submission of certified cost or pricing data.

All findings rendered pursuant to FAR 15.804-3 (b)(2)(iii) and (c)(8) shall be approved by the cognizant HCA with the concurrence of the General Counsel. The exemptions permitted under FAR 15.804-3(g) and the waivers permitted under FAR 15.804-3(i) shall be authorized by the cognizant HCA with the concurrence of the General Counsel.

3515.804-6 Procedural requirements.

For requests for proposals or modifications not exceeding \$25,000, the contracting officer may require contractors to submit information for cost or price analysis on Panama Canal Form No. 6122, Cost Breakdown, at 3553.215.

Subpart 3515.9—Profit

3515.902 Policy.

(a) The Commission shall use a structured approach to determine the profit or fee prenegotiation objective in acquisition actions of \$500,000 or more that require cost analysis based on the profit analysis factors in FAR 15.905.

(b) The following types of acquisitions are exempt from the requirements of the structured approach, but the contracting officer shall comply with FAR 15.905-1 when analyzing profit for these contracts or actions:

- (1) All actions which do not require cost analysis;
- (2) Architect-engineer contracts;

- (3) Construction contracts;
- (4) Contracts primarily requiring delivery of material supplied by subcontractors;

- (5) Termination settlements; and
- (6) Other professional services.

(c) In developing a profit or fee prenegotiation objective, the contracting officer shall comply with the requirements in FAR 15.903.

(d) When profit analysis is required, any amount proposed by the prospective contractor for the cost of money for facilities capital allowable under FAR 31.205-10 shall be deducted from the prenegotiation cost base objective before calculating the profit objective.

(e) The cognizant HCA is responsible for establishing procedures to ensure compliance with this subpart.

This subpart does not apply to contracts for services involving:

(a) Construction, alteration, or repair of real property;

(b) Architect-engineer services;

(c) Automatic data processing equipment systems; and

(d) Telecommunication equipment and services.

However, it does not preclude the use of options in those contracts.

Subpart 3517.5—Interagency Acquisitions Under the Economy Act

3517.500 Scope of subpart.

This subpart prescribes policies and procedures applicable to the use of Interservice Support Agreements and Memorandums of Understanding.

3517.501 Definitions.

Interservice Support Agreement (ISA) means an agreement entered into be-

tween the Panama Canal Commission and any other department or agency of the United States for the use of facilities, furnishing of supplies or services, or performance of functions. ISA's may be based upon Memorandums of Understanding.

Memorandum of Understanding (MOU) means the basic document which outlines host-tenant relationships. MOU's serve as the standard for relationships between host units and supporting or supported activities.

3517.502 General.

The General Services Director is the Commission official authorized to enter into ISA's. The Director, by written appointment, may delegate this authority to one or more contracting officers in the General Services Bureau. (a) Articles, materials, or supplies that are produced in Panama (mined, produced, or manufactured);

(b) End products, the largest percentage of which are components of Panamanian origin; and

(c) Services which are available in Panama.

3525.302 Policy.

(a) The cognizant HCA is the official designated to make the determination required by FAR 25.302(b)(3) that a requirement can only be filled by a foreign end product or service, and that it is not feasible to forego filling it or to provide a domestic substitute.

(b)(6) The Procurement Executive is the official designated to make the determination, with the assistance of legal counsel, that the acquisition of foreign end products or services is required by a treaty or executive agreement between governments.

(c) Pursuant to a delegation from the United States Trade Representative under the authority provided by section 302(b)(2) of the Trade Agreements Act, the Administrator of the Panama Canal Commission is authorized to waive, on a case-by-case basis, the purchasing prohibition of section 302(a)(1) of the Act. The Administrator has delegated this waiver authority to the Procurement Executive.

3525.670-1 Policy.

(a) Article XVI of the Agreement in Implementation of Article III of the Panama Canal Treaty provides that all property imported into the Republic of Panama for the official use or benefit of the Commission, including that imported by its contractors or subcontractors in connection with the various activities authorized under said Agreement, shall be exempt from the payment of all customs duties or other import taxes and charges and from all license requirements.

(b) All property imported into the Republic of Panama free of customs duties and other taxes may be exported free of customs duties, export permits, export taxes, and other assessments. All property acquired in the Republic of Panama by, or in the name of, the Commission may be exported free of customs duties, export licenses, and other export taxes or charges.

3525.670-2 Procedures.

When requested by the contractor or its representative, the contracting officer will initiate a cargo certification document stating that the property being imported is for the official use or benefit of the Commission. The cargo certification document is then processed by the Cargo Documentation Section of the Commission's Administrative Services Division for presentation by the contractor or representative to the appropriate authorities in the Republic of Panama.

Subpart 3525.8—International Agreements and Coordination

3525.801 International agreements.

The Panama Canal Treaty and the Agreement in Implementation of Article III of the Treaty affect the contracting activities of the Commission. Contracting officers shall give particular attention to the provisions in these agreements that pertain to acquisition procedures, contractors' taxes, facilities, and other matters relating to contracting.

3525.801-70 Language.

(a) Solicitations and contracts shall be issued in the English language.

(b) All offers, correspondence and documents related to solicitations and contracts shall be submitted in the English language.

awarded by the Commission shall be determined in accordance with the applicable Federal law of the United States.

3525.801-73 Designated contractors.

(a) Definition.

Designated contractors means:

(1)(i) Natural persons who are nationals or permanent residents of the United States, or

(ii) Corporations or other legal entities organized under the laws of the United States, any state thereof, or the District of Columbia, and which are under the effective control of such natural persons—

(A) To whom contracts are awarded by the Commission, and

(B) Who are so designated in writing by the Commission.

(2) The term also includes subcontractors of designated contractors:

(i) Who are nationals or permanent residents of the United States, or

(ii) Which are corporations or other legal entities organized under the laws of the United States, any state thereof, or the District of Columbia, and which are under the effective control of United States nationals or permanent residents.

(3) Because Article XI of the Treaty's Implementing Agreement (see paragraph (b) of this subsection and 3502.101) imposes certain obligations and confers certain benefits on designated contractors, all of which are dependent upon their or their employees' physical presence in Panama, the term is understood to mean only those contractors and/or subcontractors that will perform all or a portion of the contract work in the Republic of Panama. Such contractors are normally designated at the time of contract award.

(b) *Obligations and benefits.* Designated contractors are subject to the laws and regulations of the Republic of Panama except for certain obligations and benefits established in Article XI of the Agreement in Implementation of Article III of the Treaty. These obligations and benefits are cited below.

(1) The contractor must engage exclusively in activities related to the execution of the work for which the contractor has been contracted by the Commission or related to other works or activities authorized by the Republic of Panama.

(2) The contractor must refrain from carrying out practices which may constitute violations of the laws of the Republic of Panama.

(3) The contractor shall enter and depart from the territory of the Republic of Panama in accordance with procedures prescribed for United States citizen employees in Article XII of the Implementing Agreement.

(4) The contractor must obtain a document indicating his/her identity as a contractor, which the proper authorities of the United States shall issue when they are satisfied that the contractor is duly qualified. This certificate shall be sufficient to permit the contractor to operate under Panamanian law as a contractor of the United States. Nevertheless, the authorities of the Republic of Panama may require the registration of the appropriate documents to establish juridical presence in the Republic of Panama.

(5) The contractor shall not be obliged to pay any tax or other assessment to the Republic of Panama on income derived under a contract with the Commission, so long as the contractor is taxed in the United States at a rate substantially equivalent to the corresponding taxes and assessments of the Republic of Panama.

(6) The contractor may move freely within the Republic of Panama, and shall have exemptions from customs duties and other charges, as provided for United States citizen employees in the Implementing Agreement.

(7) The contractor may use public services and installations in accordance with the terms and conditions of Article XIII of the Implementing

Agreement and, on a non-discriminatory basis, shall pay the Republic of Panama highway tolls and taxes on plates for private vehicles.

(8) The contractor shall be exempt from any taxes imposed on depreciable assets belonging to the contractor, other than real estate, which are used exclusively for the execution of contracts with the United States.

(9) The contractor may use the services and facilities provided for in Articles X and XVIII of the Agreement in Implementation of Article IV of the Panama Canal Treaty, to the extent such use is authorized by the United States; provided, however, that after five years from the entry into force of the Implementing Agreement, the use of military postal services by such contractors shall be limited to that related to the execution of contracts with the United States.

(c) *Notification of designation.* The contracting officer shall, through the Director, Office of Executive Administration, advise contractors that they are "designated contractors" within the meaning of Article XI of the Implementing Agreement and advise them to review their obligations thereunder. Such designations shall be communicated to the authorities of the Republic of Panama by the authorities of the United States. Contracting officers shall maintain current lists of "designated contractors" at all times.

(d) *Withdrawal of designation.* The Commission shall withdraw the designation of a contractor when any of the following circumstances occur:

(1) Completion or termination of the contract with the Commission.

(2) Proof that during the life of the contract such contractors have engaged in the Republic of Panama in business activities not related to their contracts with the United States nor authorized by the Republic of Panama.

(3) Proof that such contractors are engaged in practices which in the view of the Republic of Panama constitute serious violations of the laws of the Republic of Panama.

Panama Canal Commission

3525.801-76

The authorities of the United States shall notify the authorities of the Republic of Panama whenever the designation of a contractor has been withdrawn. If, within sixty days after notification of the withdrawal of the designation of a contractor who entered the territory of the Republic of Panama in the capacity of a contractor, the authorities of the Republic of Panama require such contractor to leave its territory, the United States shall ensure that the Republic of Panama shall not incur any expense due to the cost of transportation.

(e) *Impact on subcontractors, employees, and dependents.* The provisions of this 3525.801-73 shall similarly apply to the subcontractors and to the employees of the contractors and subcontractors and their dependents who are nationals or residents of the United States. These employees and dependents shall not be subject to the Panamanian Social Security system.

3525.801-74 Panamanian preference.

(a) Article IX of the Agreement in Implementation of Article III of the Treaty provides that:

In procuring supplies and services, the Commission shall give preference to those obtainable in the Republic of Panama. Such preference shall apply to the maximum extent possible when such supplies and services are available as required, and are comparable in quality and price to those which may be obtained from other sources. For the comparison of prices there shall be taken into account the cost of transport to the Republic of Panama, including freight, insurance and handling, of the supplies and services which compete with Panamanian supplies and services. In the acquisition of goods in the Republic of Panama, preference shall be given to goods having a larger percentage of components of Panamanian origin.

(b) Part 3570 provides guidance on the implementation of the Panamanian

preference provisions of the Treaty's Implementing Agreement.

3525.801-75 Customary local business usage.

In acquisitions conducted in the Republic of Panama, customary local business usage, where not inconsistent with the applicable Federal law of the United States, may be followed. When conflicts develop between local business usage and the requirements of the Federal Acquisition Regulation, the matter shall be referred to the Procurement Executive, who shall seek the opinion of legal counsel, as a deviation for processing as required by 3501.405 and FAR 1.405.

3525.801-76 Contract clauses.

As used in this subsection, the term "foreign" means any country other than the United States. The contracting officer shall insert the following clauses in solicitations and contracts, as indicated below:

(a) In lieu of FAR clause 52.225-14, Inconsistency Between English Version and Translation of Contract, the clause at 3552.225-70, Language, whenever foreign offers are anticipated or contracts are awarded to foreign contractors.

(b) The clause at 3552.225-71, Notice of Applicability of United States Federal Law, whenever foreign offers are anticipated or contracts are awarded to foreign contractors.

(c) The clause at 3552.225-72, Designated Contractors, whenever the contract work is to be performed in whole or in part in the Republic of Panama and offers are anticipated from, or contracts are awarded to, U.S. contractors.

(d) The clause at 3552.225-73, Responsibility for Observance of Laws, Orders, and Regulations, whenever the contract work is to be performed in whole or in part in the Republic of Panama.

Subpart 3528.1—Bonds

3528.100 Scope of subpart.

Bid or proposal guarantees, performance bonds, and payment bonds in Panama Canal Commission acquisitions may be required in contracts for construction as that term is defined at FAR 36.102, and in contracts for other than construction as explained at FAR 28.103.

3528.101 Bid or proposal guarantees.

3528.101-3 Contract clauses.

(a) When a guarantee is required, the contracting officer shall insert the clause at 3552.228-70, Bid Guarantee Amount, in sealed bid solicitations and contracts, or the clause at 3552.228-75, Proposal Guarantee, in negotiated solicitations and contracts, as applicable.

(b) If the contract is to be negotiated, the contracting officer shall insert the clause at 3552.228-75, Proposal Guarantee, in lieu of the bid guarantee clause at FAR 52.228-1.

3528.102 Performance and payment bonds for construction contracts.

3528.102-1 General.

(a) The Miller Act (40 U.S.C. 270a-270f) requires performance and payment bonds for any construction contract (including contracts for alteration, or repair of any public building or public work) exceeding \$25,000, except that this requirement may be waived by the contracting officer for work to be performed in a foreign country upon the finding contemplated in FAR 28.102-1(a)(1). It has been determined by the Panama Canal Commission General Counsel, however, that the contracting officer may also establish requirements for such bonds for lesser dollar value contracts when it

has been determined that the financial protection against damages is in the best interests of the Government. Accordingly, the provisions of 3528.102-3 regarding solicitation requirements must be followed.

3528.102-3 Solicitation requirements.

When performance or payment bonds are required, the contracting officer shall insert the clauses at 3552.228-71, Bonds and Insurance, and 3552.228-72, Bonds, in the solicitation and contract.

3528.103 Performance and payment bonds for other than construction contracts.

3528.103-2 Performance bonds.

(a) Contracts for high dollar acquisitions of vital supplies, such as cargo lot shipments of Bunker C fuel oil, is another situation that may warrant a performance bond.

3528.103-3 Payment bonds.

(a) A payment bond may be considered to be in the Government's interest when substantial progress payments are made before delivery of end items starts (for example, in the acquisition of tugboats and dredges).

3528.103-70 Contract clauses.

(a) *Performance bonds.* When a performance bond for other than construction contracts is required pursuant to FAR 28.103-2(a), but a payment bond is not required, the contracting officer shall insert the clause at 3552.228-76, Performance Bond, in all such solicitations and contracts. If a payment bond is also required (see FAR 28.103-3(a) and 3528.103-3(a)), the contracting officer shall insert the clause at 3552.228-77, Performance and Payment Bonds, in lieu of clause 3552.228-76.

(b) *Payment bonds.* When a payment bond for other than construction contracts is required pursuant to FAR 28.103-3(a) and 3528.103-3(a), the contracting officer shall insert the clause at 3552.228-77, Performance and Payment Bonds, in all such solicitations and contracts.

Subpart 3528.2—Sureties

3528.201 Requirements for sureties.

(a) In addition to those acceptable forms of security enumerated in FAR 28.201, contracting officers may accept such Panamanian sureties as may be approved in accordance with 3528.202(b).

(b) Contracting officers may not preclude the use by any offeror of any type of security or surety permitted by FAR subpart 28.2 or this subpart.

[55 FR 7656, Mar. 2, 1990; 55 FR 38331, Sept. 18, 1990]

3528.202 Acceptability of corporate sureties.

(b) The authority delegated to contracting officers in FAR 28.202(b) to determine the acceptability of sureties not appearing on Treasury Department Circular 570 for contracts performed in a foreign country is vested in the Chief Financial Officer of the Panama Canal Commission. The procedure for approving such sureties is prescribed in the Commission's Financial Systems Manual 99.333.

[55 FR 7656, Mar. 2, 1990. Redesignated and amended at 55 FR 38331, Sept. 18, 1990]

3528.202-70 Corporate seals.

(a) In the event that a "Corporate Seal," as required in the instructions for preparation of any standard form or document, is not used due to the dictates of custom, practice, or law within Panama or other foreign countries, such bonds shall be accepted provided the contracting officer is satisfied, with the concurrence of legal counsel, that the person signing the bond is authorized to bind the surety (see FAR 4.102).

(b) In the case of acquisitions conducted using the sealed bid method described in FAR part 14, bids which do not include required bid bonds must be rejected as nonresponsive except as provided in FAR 28.101-4. See also FAR 14.405 regarding minor informalities or irregularities in bids.

Subpart 3528.3—Insurance**3528.301 Policy.**

(b) In addition to the requirements of FAR 28.301(b), designated contractors (see 3525.801-73(a)), as prescribed at paragraph 7 of Article XVIII of the Agreement in Implementation of Article III of the Panama Canal Treaty of 1977, shall, upon initiation of work or construction activities, obtain appropriate insurance to cover civil liabilities in the Republic of Panama that may arise as a result of acts or omissions done in the performance of official duty by their employees. The insurance coverage shall include coverage for the tortious conduct of their employees. Such insurance may be obtained from insurance companies licensed to engage in such business within the Republic of Panama.

3528.305 Overseas workers' compensation and war-hazard insurance.

(d) Pursuant to a waiver granted by the Secretary of Labor, effective January 22, 1980, the provisions of the Defense Base Act are not applicable to any public-work contract awarded by the Panama Canal Commission in the Panama Canal area with respect to non-U.S. citizen employees, i.e., any Panamanian or other foreign national, employed under such contracts. The waiver does not apply, however, to employees who are:

- (1) Hired in the United States by any contractor;
- (2) Residents of the United States; or
- (3) Citizens of the United States.

The waiver was granted with the proviso that the non-U.S. citizen employees thus exempted from the provisions of the Defense Base Act will be provided workers' compensation benefits prescribed in the Panamanian Social Security System.

3528.309 Contract clause for workers' compensation insurance.

(a) In addition to FAR clause 52.228-3, Workers' Compensation Insurance (Defense Base Act), prescribed at FAR 28.309(a)(1), the contracting officer shall insert the clause at 3552.228-73, Non-U.S. Workers' Compensation Insurance, in all public-work solicitations and contracts in which the em-

ployment of Panamanian or other foreign nationals is anticipated (see 3528.305(d)).

3528.370 Contract clause for special Panama insurance.

The contracting officer shall insert the clause at 3552.228-74, Special Panama Insurance, in all public-work solicitations and contracts:

- (a) Which are to be performed in whole or in part in the Republic of Panama, and
- (b) For which offers are anticipated from, or contracts are awarded to, U.S. contractors.

AUTHORITY: 40 U.S.C. 486(c); Articles XI and XII of the Agreements in Implementation of Articles III and IV of the Panama Canal Treaty of 1977, respectively.

Subpart 3529.4—Contract Clauses**3529.402 Foreign contracts.****3529.402-1 Foreign fixed-price contracts.**

(a) *Procedures regarding FAR clause 52.229-6.* In recognition of the fundamental purpose of paragraph 2(e) of Articles XI and XII of the Agreements in Implementation of Articles III and IV of the Panama Canal Treaty of 1977, respectively, representatives of the Governments of the United States and Panama approved an Agreement on Taxation of Contractors on August 6, 1986. This taxation agreement impacts on U.S. contractors in certain circumstances. In order to alert prospective contractors to this possibility, the following procedures shall apply regarding FAR clause 52.229-6:

(1) The contracting officer shall supplement FAR clause 52.229-6, Taxes—Foreign Fixed-Price Contracts, by inserting the following note at the end of the clause in all solicitations and contracts, unless the acquisition is a small purchase under FAR part 13 that:

- (i) Will not require the contractor's presence in Panama, or
- (ii) Does not solicit U.S. offerors:

NOTE: If the Contractor is a U.S. contractor, such contractor is advised that, pursuant to a taxation agreement between the Governments of the United States and Panama, U.S. contractors and subcontractors, including their U.S. citizen or U.S. permanent resident employees, may be required to file tax returns with, as well as provide corresponding U.S. tax information to, the Government of Panama on income arising under or relating to Panama Canal Commission contracts. This requirement is applicable when the contractor, subcontractor, or individual employee is present in the Republic of Panama in connection with one or more Commission contracts for more than 90 calendar days during the relevant tax year. This description of the stated requirement is not intended, nor should it be construed, to be a legal analysis of the taxation agreement. The Commission assumes no responsibility or liability for a contractor's or individual's obligation under the taxation agreement, nor for the interpretation of such agreement. A copy of the taxation agreement will be provided to the contractor or prospective contractor upon request to the contracting officer.

(2) If clause 52.229-6 is incorporated by reference, rather than in full text, insert the note directly below the title of the clause.

(3) Include elsewhere in the body of the solicitation the following note to alert offerors that clause 52.229-6 has been supplemented. In supply and service solicitations, this note should normally be inserted in Section B following the blanks provided for offerors to insert line item prices. In construction solicitations, the note should normally be attached to Standard Form 1442 or inserted in the solicitation's Special Conditions. In small purchase acquisitions, the note is to be included in the document requesting prices or by separate attachment to the document. If a U.S. contractor wins the small purchase award, the note shall be incorporated either (i) in full text, or (ii) by reference, on the purchase order or other award document.

NOTE: Offerors' attention is directed to the note added at the end of clause 52.229-6, Taxes—Foreign Fixed-Price Contracts. The note is an advisory notice regarding possible tax obligations under certain circumstances of U.S. contractors, subcontractors, and their employees to the Government of Panama. If the circumstances appear to be applicable, offerors may obtain additional information by contacting the contracting office at the address or phone number provided elsewhere in this solicitation.

(4) If additional information regarding the taxation agreement is requested of Panama Canal Commission employees, either before or after award, the individual who receives the request shall promptly notify the contracting officer and the Office of General Counsel who shall determine, in conjunction with the Office of Executive Administration, the appropriate action to be taken.

(5) Contracting officers shall serve as the official liaison, for purposes of the taxation agreement, between offerors/contractors and the Commission. The taxation agreement provides for the classification of contractors into two categories, resident and non-resident, by representatives of the Governments of the United States and Panama according to criteria set forth in the agreement. The representative of the United States Government is the Assistant Director, Policy and Programs, Office of Executive Administration. Classifications, when confirmed by the two representatives, will be communicated to the respective contractors by the contracting officer.

Panama Canal Commission

3532.901

3532.608 Negotiation of contract debts.

3532.608-70 Procedures.

The Commission shall adhere to the following procedures prior to withholding a payment due a contractor to satisfy a debt owed by the contractor.

(a) The Commission shall use all proper means available for collecting a contract debt as rapidly as possible. This includes direct communication to obtain full payment or to negotiate an appropriate settlement.

(b) If the contractor fails to respond expeditiously and in good faith to contacts from the contracting officer, and if justifiable under the contract, the contracting officer shall promptly make a unilateral determination of the amount the contractor owes the Commission. The unilateral debt determination is made when neither payment nor a settlement has been reached. The unilateral debt determination is issued to the contractor by the contracting officer as a final decision under the Contract Disputes Act.

3537.000 Scope of part.

This part implements FAR part 37 and provides additional Commission policies and procedures for the acquisition of personal and nonpersonal services, including advisory and assistance services.

Subpart 3537.1—Service Contracts—General**3537.102 Policy.**

(a) The Commission's policy regarding the contracting out of commercial services is set forth at 3507.301.

3537.104 Personal services contracts.

(b) Authority for the acquisition by contract of the personal services of experts and consultants is found at 5 U.S.C. 3109 which provides that, when authorized by an appropriation or

other statute, the head of an agency may acquire by contract the temporary (not to exceed one year) or intermittent services of experts or consultants. For the purpose of this section, the terms "experts" and "consultants" are not interchangeable. Consequently, their meanings are distinguishable from the meaning of the collective term "Individual experts and consultants" at FAR 37.203(a). As used herein, an "expert" is an individual who is a recognized professional or highly skilled practitioner normally used to perform or supervise an operating function, rather than to provide advisory or consulting services. A "consultant", as used herein, is an individual possessing special, current knowledge or skill who primarily serves in an advisory capacity in a particular field, rather than in the performance or supervision of an operating function. Acquiring the personal services of individual experts or consultants shall be subject to the limitations applicable to advisory and assistance services at FAR 37.202(c). In addition, the services of individual experts and consultants shall be acquired through personal services contracts only—

(1) When the services required cannot be obtained by appointment in accordance with standard Commission personnel procedures, and

(2) If the nature of the duties to be performed is temporary (not more than one year) or intermittent (not cumulatively more than 130 days in one year). Accordingly, no such contract shall be entered into for longer than one year at a time.

3537.104-70 Procedures.

Requests for the acquisition of personal services should include:

(a) A description of the services to be performed;

(b) Name and address of the person or firm;

(c) Background material to show the unique qualifications of such person or firm to accomplish the requirement;

(d) Place where the duties are to be performed and the period of service;

(e) The estimated cost; and

(f) Determinations that:

(1) It is not feasible to obtain personnel with the necessary skills

through standard Commission personnel appointment procedures;

(2) A nonpersonal services contract is not practicable; and

(3) Existing staffing is inadequate to furnish the services.

Subpart 3537.2—Advisory and Assistance Services

3537.200 Scope of subpart.

This subpart provides additional policy and management controls for the acquisition of personal and nonpersonal advisory and assistance services.

3537.202 Policy.

(d) The acquisition of advisory and assistance services shall conform to the Competition in Contracting Act of 1984. Preference shall, however, be given to sources located in the Republic of Panama when the services are available as required and are comparable in quality and price to those which may be obtained from other sources (see part 3570). However, see subpart 3503.6 concerning contracts with current or former Commission employees.

3537.204 Exclusions.

In addition to the exclusions or exemptions identified at FAR 37.204, the services of arbitrators for the resolution of labor disputes are exempted from the definition of advisory and assistance services. As authorized by section 7121 of the Federal Service Labor-Management Relations Act, 5 U.S.C. 7121, the procedure for the contracting of arbitrators shall be governed by the negotiated grievance procedure set forth in the individual collective bargaining agreements between the Commission and the various certified representatives (i.e., unions).

3537.206 Requesting activity responsibilities.

(c) Requests for the acquisition of advisory and assistance services shall include the documentation required at FAR 37.206 (a), (b), and (d), and shall be prepared by the initiating bureau director or head of independent unit and forwarded to the Administrator for approval, through, in turn, the Personnel Director; General Counsel; Chief Finan-

cial Officer; and the General Services Director for their review and concurrence. Before the proposal is routed to the Administrator, the General Services Director will add the cognizant contracting officer's determination as to whether or not the requested acquisition constitutes advisory and assistance services as described in FAR subpart 37.2. As mandated by FAR 37.207, the contracting officer's determination shall be final.

[55 FR 7662, Mar. 2, 1990; 55 FR 38331, Sept. 18, 1990]

3537.206-70 Procedures.

(a) When a request has been approved pursuant to 3537.206(c), the initiating bureau director or head of independent unit shall—

(1) Forward all papers to the cognizant contracting officer for processing the contract action. If not already included in the request for approval, the forwarding official shall provide the contracting officer with a work statement that is specific and complete, including: a detailed description of services to be performed; the place where the services are to be performed; the period of performance; the names and addresses of potential contractors (if applicable); and any other information the contracting officer considers to be pertinent.

(2) Coordinate with the Director, Office of Executive Administration or the contracting officer, as applicable, to obtain certification as a Panama Canal Commission designated contractor, entry/exit permits, identification cards, and any other required legal documents.

(3) Prepare replies to all inquiries from the General Accounting Office, the Office of Management and Budget, and the Congress, in coordination with the Personnel Director, Chief Financial Officer, General Counsel and the contracting officer, as may be necessary.

(b) At the conclusion of the contract, the initiating bureau director or head of independent unit shall furnish to the contracting officer the written evaluation required at FAR 37.205.

3537.270 Duration.

No contract for advisory and assistance services shall be entered into for

3537.270

longer than one year at a time. In unusual circumstances, and when approved by the Administrator, options for additional one-year extensions may be used when the need for continuity of

services carries beyond a one-year period. In no case shall the total period under a specific contract exceed the basic year plus four additional optional years.

As prescribed in 3509.508-2, insert the following clause:

ORGANIZATIONAL CONFLICT OF INTEREST (JAN 1990)

(a) The Contractor warrants that, to the best of the Contractor's knowledge and belief: (1) There are no relevant facts or circumstances which could give rise to an organizational conflict of interest, as defined in provision 3552.209-70, Organizational Conflict of Interest Certification/Disclosure, of the solicitation; or (2) That the Contractor has disclosed all such relevant information.

(b) The Contractor agrees that if an actual or potential organizational conflict of interest is discovered after award, the Contractor will make a full disclosure in writing to the Contracting Officer. This disclosure shall include a description of actions which the Contractor has taken or proposes to take, after consultation with the Contracting Officer, to avoid, mitigate, or neutralize the actual or potential conflict.

(c) Remedies—The Panama Canal Commission may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid an organizational conflict of interest. If the Contractor was aware of a potential organizational conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose or misrepresented relevant information to the Contracting Officer, the Government may terminate the contract for default, debar the Contractor from Government contracting, or pursue such other remedies as may be permitted by law or this contract.

(d) The contractor further agrees to insert in any subcontract or consultant agreement hereunder, terms which shall conform substantially to the language of this clause, including this paragraph (d).

(End of clause)

3552.210-70 Brand Name Products or Equal.

As prescribed in 3510.011(h), insert the following provision:

BRAND NAME PRODUCTS OR EQUAL (JAN 1990)

(As used in this provision, the term "brand name" includes identification of products by make and model.)

48 CFR Ch. 35 (10-1-00 Edition)

(a) If items called for by this (*invitation for bids/request for proposals*) have been identified in the schedule by a "brand name or equal" description, such identification is characteristic of products that will be satisfactory. (*Bids/Proposals*) offering "equal" products (including products of the brand name manufacturer other than the one described by brand name) will be considered for award if such products are clearly identified in the (*bids/proposals*) and are determined by the Government to meet fully the salient characteristics, requirements listed in the invitation.

(b) Unless the (*bidder/offeror*) clearly indicates in its (*bid/proposal*) that it is offering an "equal" product, its (*bid/proposal*) shall be considered as offering a brand name product referenced in the (*invitation for bids/request for proposals*).

(c)(1) If the (*bidder/offeror*) proposes to furnish an "equal" product, the brand name, if any, of the product to be furnished shall be inserted in the space identified in the (*bid/proposal*). The evaluation of (*bids/proposals*) and the determination as to equality of the product offered shall be the responsibility of the Government and will be based on information furnished by the (*bidder/offeror*) or identified in its (*bid/proposal*) as well as other information reasonably available to the purchasing activity. Caution to (*bidders/offerors*): the purchasing activity is not responsible for locating or securing any information which is not identified in the (*bid/proposal*) and reasonably available to the purchasing activity. Accordingly, to ensure that sufficient information is available, the (*bidder/offeror*) shall furnish as part of its (*bid/proposal*) all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the purchasing activity to (i) determine whether the product offered meets the salient characteristics requirement of the (*invitation for bids/request for proposals*), and (ii) establish exactly what the (*bidder/offeror*) proposes to furnish and what the Government would be binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the purchasing activity.

(2) If the (*bidder/offeror*) proposes to modify a product so as to make it conform to the requirements of the (*invitation for bids/request for proposals*). It shall (i) include in its (*bid/proposal*) a clear description of such proposed modifications, and (ii) clearly mark any descriptive material to show the proposed modifications.

(3) Modifications proposed after (*bid/proposal*) opening to make a product conform to a brand name product referenced in the (*invitation for bids/request for proposals*) will not be considered.

3552.214-70 Price—Sealed Bidding.

As prescribed in 3514.201-6(a)(1), insert the following provision:

PRICE—SEALED BIDDING (JAN 1990)

Only bids stating a firm, fixed-price expressed in U.S. dollars shall be considered for award. Bids that qualify the bid price in terms of the rate of exchange between U.S. dollars and a foreign currency will be rejected as nonresponsive.

(End of provision)

3552.214-71 Additional Data To Be Submitted.

As prescribed in 3514.201-6(b)(1), insert the following provision:

ADDITIONAL DATA TO BE SUBMITTED (JAN 1990)

Prior to award of the contract, the Contracting Officer may require the apparent low bidder to furnish the following information:

(a) Evidence establishing that the bidder maintains a permanent place of business and has satisfactory and acceptable financial resources to meet obligations incident to the work.

(b) A brief description of work experience by the bidder and the location of major projects.

(c) A list of key personnel which the bidder has available for prosecution of the work to be performed, and a brief summary of such personnel's experience in work similar to that required by this contract.

(d) A complete list and description of all equipment, shops, yards, and storage facilities that the bidder now has or will have available for commencement and prosecution of the work.

(e) Evidence establishing that the bidder positively meets responsibility requirements, such as experience, which are included in the solicitation.

(End of provision)

3552.214-72 Rejection of Bids.

As prescribed in 3514.201-6(b)(2), insert the following provision:

REJECTION OF BIDS (JAN 1990)

Any bid will be rejected that is conditioned upon or proposes that the Panama Canal Commission agree to the use of a price adjustment clause calling for an upward revision of the bid price or to the use of a cost-plus-fixed-fee or comparable pricing arrangement. The right is reserved, as the interest

of the Panama Canal Commission may require, to reject any and all bids and to waive any informality in the bids. A bid may be rejected if the bidder fails to furnish a guaranty and submit the data required with the bid; or if the bidder cannot show to the satisfaction of the Contracting Officer that it has the experience and owns or controls by firm option, or can procure the necessary plant to commence work within the time prescribed in the specifications and, thereafter, to prosecute and complete the work at the rate or time specified; or if the bidder cannot show that he is not already obligated to perform other work contemplated in this Solicitation. Any unbalanced bid which, in the opinion of the Contracting Officer, jeopardizes the interests of the Panama Canal Commission will be subject to rejection for that reason.

(End of provision)

3552.214-73 Caution—Sealed Bidding.

As prescribed in 3514.201-6(a)(2), insert the following provision:

CAUTION—SEALED BIDDING (JAN 1990)

Bidders are cautioned that any condition, qualification, provision, or comment in their bid, or in a letter transmitting their bid, which in any way modifies, takes exception to, or is inconsistent with the specifications, requirements, or any of the terms, conditions, or provisions of this solicitation, may require the rejection of their bid as non-responsive.

(End of provision)

3552.214-74 All or None Award—Sealed Bidding.

As prescribed in 3514.201-6(c), insert the following provision:

ALL OR NONE AWARD—SEALED BIDDING (JAN 1990)

Notwithstanding paragraph (c) of provision 52.214-10, Contract Award—Sealed Bidding, award will be made on an "all or none" basis to one bidder for all items, in the quantities and at the unit prices specified for each item. Consequently, for the purpose of determining the most advantageous bid in accordance with paragraph (a) of provision 52.214-10, the word "price" as used therein shall be construed to mean the bidder's aggregate price for all items. Any bid which fails to quote on all items, in the quantities specified for each item, shall be rejected as non-responsive.

3552.214-75

(End of provision)

3552.214-75 All or None Award—Sealed Bidding—Construction.

As prescribed in 3514.201-6(d)(1), insert the following provision:

ALL OR NONE AWARD—SEALED BIDDING—CONSTRUCTION (JAN 1990)

Regarding paragraph (c) of provision 52.214-19, Contract Award—Sealed Bidding—Construction, award will be made on an “all or none” basis to one bidder for all items. Consequently, for the purpose of determining the most advantageous bid in accordance with paragraph (a) of provision 52.214-19, the word “price” as used therein shall be construed to mean the bidder’s aggregate price for all items. As indicated in paragraph (c) of provision 52.214-18, Preparation of Bids—Construction, failure to bid on all items will disqualify the bid.

(End of provision)

Alternate I (Jan 1990)

If the construction work is not estimated to exceed \$10,000, substitute the following text in place of the basic text:

A contract award will be made on an “all or none” basis to one bidder for all items at the prices specified for each item. The award will be made, without discussions, to the overall low, responsible bidder whose bid, conforming to the solicitation, will be the most advantageous to the Government considering only the bidder’s aggregate price for all items and the price-related factors, if any, specified elsewhere in the solicitation. Consequently, bidders are required to bid on all items. Failure to do so will disqualify the bid.

Alternate II (Jan 1990)

If the contracting officer determines that (a) the contract work, regardless of its estimated value, will be awarded to one bidder for all the work, and (b) bidding on all items will not be required, substitute the following text in place of the basic text:

A contract award will be made on an “all or none” basis to one bidder for all the contract work. The award will be made, without discussions, to the overall low, responsible bidder whose bid, conforming to the solicitation, will be the most advantageous to the Government considering only the bidder’s aggregate price for all items and the price-related factors, if any, specified elsewhere in the solicitation.

3552.215-70 Price.

As prescribed in 3515.407(a)(1), insert the following provision:

48 CFR Ch. 35 (10-1-00 Edition)

PRICE (JAN 1990)

Only offers stating a firm-fixed-price expressed in U.S. dollars shall be considered for award. Offers that qualify the offer price in terms of the rate of exchange between U.S. dollars and a foreign currency will be rejected as nonresponsive.

(End of provision)

3552.215-71 Caution.

As prescribed in 3515.407(a)(2), insert the following provision:

CAUTION (JAN 1990)

Offerors are cautioned that any condition, qualification, provision, or comment in their offer, or in a letter transmitting their offer, which in any way modifies, takes exception to, or is inconsistent with the specifications, requirements, or any of the terms, conditions, or provisions of this solicitation, may require the rejection of their offer as non-responsive.

(End of provision)

3552.215-72 All or None Award.

As prescribed in 3515.407(b), insert the following provision:

ALL OR NONE AWARD (JAN 1990)

Notwithstanding paragraph (d) of provision 52.215-16, Contract Award, a contract award will be made on an “all or none” basis to one offeror for all items, in the quantities and at the unit prices specified for each item. Consequently, for the purpose of determining the most advantageous offer in accordance with paragraph (a) of provision 52.215-16, the words “cost or price” as used therein shall be construed to mean the offeror’s aggregate cost or price for all items. Therefore, offerors are cautioned to quote on all items, in the quantities specified for each item. Failure to do so will, in effect, eliminate the offeror from consideration for contract award in the event a contract is to be awarded on the basis of initial offers received without discussions, pursuant to paragraph (c) of provision 52.215-16.

(End of provision)

3552.225-70 Language.

As prescribed in 3525.801-76(a), Language, insert the following clause:

(2) Designated contractors shall be accorded the same rights established for U.S. citizens employed by the U.S. Government in Panama pertaining to Panamanian immigration requirements, relief from the payment of certain Panamanian taxes and duties, and the use of certain facilities located on U.S. military installations in Panama.

(c) The provisions of Article XI shall be similarly applied to the subcontractors and to the employees of the contractors and subcontractors and their dependents who are nationals or residents of the United States. These employees and dependents shall not be

The Contractor shall be responsible for complying with all applicable laws, regulations, standards and requirements, including traffic and vehicular laws and regulations, prescribed by the Republic of Panama for contractors performing work for the Panama Canal Commission (hereinafter referred to as the Commission). The Contractor shall similarly be responsible for complying with all laws, Executive Orders, and United States Government rules and regulations which the Commission, as an agency of the United States Government performing work in the Republic of Panama, is required to follow. The areas of legal competence have been agreed to between both countries pursuant to and in accordance with the Panama Canal Treaty of 1977, including such executive agreements and implementing legislation as may be in effect. Failure of the Contractor to familiarize himself with all laws, orders, rules, regulations or standards promulgated by either country, which are or may become applicable to the work under this contract, shall not constitute a basis for adjustments under the contract.

(End of clause)

3552.227-70 Government Rights.

As prescribed in 3527.304-3(b), insert the following clause:

GOVERNMENT RIGHTS (JAN 1990)

Corporations executing the bond as sureties must be among those appearing on the current U.S. Treasury Department Circular 570, entitled "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies", and must be acting within the limitations set forth therein. (b) To constitute a proper invoice for supply or service (other than architect-engineer service) contracts, the invoice must include the items listed in paragraph (a)(4), subdivisions (i) through (viii) of clause 52.232-25, Prompt Payment. The invoice must be accompanied by a copy of the packing list, showing weights and measurements (gross and net) and contents of each package, if applicable. If items are mailed, the insurance parcel post receipt or copy thereof must accompany the invoice.

(c) To constitute a proper invoice for construction contracts, the invoice must include the items listed in paragraph (a)(2), subdivisions (i) through (ix) of clause 52.232-27, Prompt Payment for Construction Contracts.

(d) To constitute a proper invoice for architect-engineer services, the invoice must include the items listed in paragraph (a)(3), subdivisions (i) through (viii) of clause 52.232-26, Prompt Payment for Fixed-Price Architect-Engineer Contracts.

(e) If this contract requires a written release from the Contractor with respect to

claims, the release must accompany the invoice.

(a) Prospective bidders may submit inquiries concerning the specifications by writing the following:

(For local bidders)

(For other bidders)

(b) Bids to be mailed shall be addressed as follows:

(For local bidders)

(End of provision)

3552.236-71 Additive Items.

As prescribed in 3536.371(a)(7), insert the following provision:

ADDITIVE ITEMS (JAN 1990)

(a) The low bidder for purposes of award shall be the conforming responsive bidder offering the lowest total price for the base bid item plus the largest number of additive bid items that can be awarded in the numerical order of priority listed in the schedule within the funds determined by the Contracting Officer to be available on the date of bid opening.

(b) For example, when the amount of available funds is \$100,000, and a bidder's base bid and bid for successive additives are \$85,000, \$10,000, \$8,000, \$6,000, and \$4,000, respectively, the total amount of this bid for purposes of award would be \$95,000 for the base bid plus the first additive, with the second, third and fourth additives being omitted because the second additive (\$8,000) would cause the total bid to exceed \$100,000. If, for more than one

bidder, the lowest total price for the base bid item plus the largest number of additive bid items that can be awarded are equal, then the low bidder for purposes of award shall be the one submitting the lowest price for the base bid item.

(c) After the low bidder has been determined, the Contracting Officer shall be free to award the contract for the base bid item and any quantity of the additive bid items, but only in the numerical order of priority listed in the schedule, and provided that the total price is within the amount of funds available on the date of award and that the award does not exceed the price offered by any other conforming responsive bidder for the same bid items.

(d) The Contracting Officer may reject a bid as nonresponsive if it is materially unbalanced as to prices for any of the different bid items. A bid is unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated for other work.

(End of provision)

Alternate I (Jan 1990)

If the additives may be awarded with the base bid item in any combination, substitute the following text in place of the basic text:

(a) The low bidder for purposes of award shall be the conforming responsive bidder offering the lowest total price for the base bid item plus, in the numerical order of priority listed in the schedule, the largest number of additive bid items that can be awarded within the funds determined by the Contracting Officer to be available on the date of bid opening.

(b) If, for all bidders, inclusion of the next additive bid item in the listed order of priority would make the award exceed such available funds, it shall be omitted and the next subsequent additive bid item or items shall be included if the prices on one or more bids allow award thereon within the funds available. For example, when the amount of available funds is \$100,000, and a bidder's base bid and bid for successive additives are \$85,000, \$10,000, \$8,000, \$6,000, and \$4,000, respectively, the total amount of this bid item for purposes of award would be \$99,000 for the base bid plus the first (\$10,000) and fourth (\$4,000) additives. All bids shall be evaluated and the low bidder determined on the basis of the same additive bid items, as above provided. If, for more than one bidder, the lowest total price for the base bid item plus the largest number of additive bid items that can be awarded are equal, then the low bidder for purposes of award shall be the one submitting the lowest price for the base bid item.

(c) After the low bidder has been determined, the Contracting Officer shall be free to award the contract for the base bid item

and any quantity and combination of the additive bid items regardless of their numerical order of priority listed in the schedule, provided that the total price is within the amount of funds available on the date of award and that the award does not exceed the price offered by any other conforming responsive bidder for the same bid items.

(d) The Contracting Officer may reject a bid as nonresponsive if it is materially unbalanced as to prices for any of the different bid items. A bid is unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated for other work.

3552.236-72 Cost Limitation.

As prescribed in 3536.371(a)(9), insert the following provision:

COST LIMITATION (JAN 1990)

A bid which does not contain separate bid prices for the items identified as subject to a cost limitation may be considered non-responsive. By signing its bid, the bidder certifies that each price bid on items subject to a cost limitation includes an appropriate apportionment of all applicable estimated costs, direct and indirect, as well as overhead and profit. Bids may be rejected which (1) have been materially unbalanced for the purpose of bringing affected items within cost limitations, or (2) exceed the cost limitations unless such limitations have been waived by the Commission's Procurement Executive prior to award.

(End of provision)

3552.236-73 Scope of Work.

As prescribed in 3536.570(k), insert the following clause:

SCOPE OF WORK (JAN 1990)

The Contractor shall furnish all plant, materials, equipment, supplies, labor and transportation, including, fuel, power, water (except any materials, equipment, utility or service, if any, specified herein to be furnished by the Commission), as required to accomplish all work under the contract, in strict accordance with the specifications, schedules, and drawings, all of which are made a part hereof, and including such detail drawings as may be furnished by the Contracting Officer from time to time during the prosecution of the work in explanation of said drawings.

(End of clause)

3552.236-74 Work Sites, Yards, Shops, and Offices.

As prescribed in 3536.570(l), insert the following clause:

Panama Canal Commission

3552.236-76

WORK SITES, YARDS, SHOWS, AND OFFICES (JAN 1990)

(a) The term "work site" will embrace all areas wherein operations are conducted by the Contractor in connection with the contract, including Commission work areas, plant, shops, yards, offices, camps and other facilities. The Contractor may be permitted to use areas within the Canal Operating Area for storage-of-work purposes on a temporary basis.

(b) Prior to commencement of work, the Contractor shall, upon request, submit for the approval of the Contracting Officer, prints in quadruplicate, showing the locations of its major plant, offices, buildings, shops, storage yards, and other construction appurtenances which it proposes to construct. The Contractor shall remove any structure which it may construct in Canal Operating Areas, and restore the work site to its original condition after completion of the work.

(c) If, at any time during the progress of the work, areas which have been allocated to the Contractor are not being used by the Contractor or are not essential to the future execution of the work, as determined by the Contracting Officer, the Contractor shall, when so directed, promptly clean up and vacate such areas at no expense to the Commission. The Contractor shall keep the buildings and grounds in use by the contractor at the work site in an orderly and sanitary condition, subject to the approval of the Contracting Officer.

(d) Only equipment and materials required or used in connection with the work under the contract may be stored in Canal Operating Areas. Upon completion of the contract, and before final payment is made, the Contractor shall remove all equipment and materials from such areas.

(End of clause)

3552.236-75 Work Time Limitations.

As prescribed in 3536.570(m), insert the following clause:

WORK TIME LIMITATIONS (JAN 1990)

No work shall be done on Sundays or on days treated as a holiday for employees of United States Government agencies in the Republic of Panama, unless authorized or directed by the Contracting Officer. Requests by the Contractor to work on such days must be made in writing at least three days in advance.

(End of clause)

3552.236-76 Accident Prevention.

As prescribed in 3536.570(n), insert the following clause:

ACCIDENT PREVENTION (JAN 1990)

(a) In performing this contract, the Contractor shall provide for protecting the lives and health of employees and other persons; preventing damage to property, materials, supplies and equipment; and avoiding work interruptions. For these purposes, the Contractor shall—

(1) Provide appropriate safety barricades, signs, and signal lights;

(2) Comply with the standards issued by the Secretary of Labor at 29 CFR part 1926 and 29 CFR part 1910; and

(3) Ensure that any additional measures the Contracting Officer determines to be reasonably necessary for this purpose are taken.

(b) The Contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to property, materials, supplies, or equipment. The Contractor shall report this data in the manner prescribed by the Contracting Officer.

(c) The Contracting Officer shall notify the Contractor of any noncompliance with these requirements and of the corrective action required. This notice, when delivered to the Contractor or the Contractor's representative at the site of the work, shall be deemed sufficient notice of the noncompliance and corrective action required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to take corrective action promptly, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. The Contractor shall not base any claim or request for equitable adjustment for additional time or money on any stop order issued under these circumstances.

(d) The Contractor shall call to the attention of the Contracting Officer or his representative any unsafe condition which is not within the power of the Contractor to correct but which could be corrected by others.

(e) The Contractor shall, when performing work of an electrical nature, or when working in close proximity to electrical equipment or circuits, observe the following:

(1) Be responsible for determining that the facility on which his men are to work is de-energized, isolated, and identified with accepted tag out/lock out procedures. The Commission will de-energize or isolate the cable, conductor, bus, circuit breaker, or line on which the Contractor desires to work. The Commission will also re-energize the cable, conductor, bus, circuit breaker, or line upon which the Contractor has completed work and which he certifies is ready for service.

(2) When performing work, such as painting, roofing or modifying buildings, in close

3552.236-77

proximity to electric wires, work shall be scheduled in such a manner that these wires shall be de-energized during the period men are working around them. Arrangements shall be made with the Contracting Officer's representative for de-energizing such service wires and, unless otherwise specified, work requests shall be furnished by the Contractor to the Commission's Electrical Division to cover such work.

(3) Painting, alterations, and additions to Commission facilities frequently require work to be performed in close proximity to electrical equipment and circuits within buildings. When such work, in the opinion of the Contracting Officer, requires the de-energization of circuits, arrangement for de-energizing services will be made by the Contracting Officer with the agency involved.

(4) De-energization of circuits required in paragraphs (e)(2) and (3) of this clause shall be scheduled in such a manner that prolonged service interruptions shall be avoided.

(f) In addition to the above, the Contractor shall:

(1) Submit, within 30 calendar days after date of award, a written outline of his proposed safety program for the contract. The safety program shall include frequent and appropriate safety training sessions for employees as a regular and integral part of the contract activities.

(2) Submit for approval a list of the personal protective equipment, by type and manufacturer, to be used by employees in hazardous occupations.

(3) Confer with representatives of the Contracting Officer to discuss and develop mutual understandings relative to administration of the overall safety program.

(g) The Contractor shall be responsible for its subcontractors' compliance with this clause.

This policy is set forth in a pamphlet entitled "Panama Canal Commission Confined Spaces Policy", which will be made available to the Contractor, or a prospective contractor, upon request to the Contracting Officer or his representative.

The sign shall be 6 feet by 4 feet in size and shall conform to the requirements of the sketch attached at the end of these General Conditions. The sign shall be erected as soon as possible, but not later than 10 days after work is initiated at the work site. No separate payment will be made for erecting and maintaining the safety sign.

The Contractor shall protect and preserve all material, supplies and equipment of every description (including property which may be furnished or owned by the Commission) and all work performed. All reasonable requests of the Contracting Officer to enclose or specially protect such property shall be complied with. If, as determined by the Contracting Officer, material, equipment, supplies, and work performed are not adequately protected by the Contractor, such property may be protected by the Commission, and the cost thereof may be charged to the Contractor or deducted from any payments due the Contractor.

The number, types and locations of such toilet facilities shall be approved by the Contracting Officer. The toilet facilities shall be maintained by the Contractor in a clean and sanitary condition.

Unless otherwise noted, the Contractor shall provide suitable drinking water and sanitary dispensing facilities for the Contractor's employees.

(End of clause)

3552.236-82 Contract Bid Breakdown.

As prescribed in 3536.570(t), insert the following clause:

CONTRACT BID BREAKDOWN (JAN 1990)

The Contractor shall, within 10 days after receipt of the Notice to Proceed, or on receipt of request, submit for approval a breakdown of its bid in a form to be outlined by the Contracting Officer. Supplementary bid breakdowns of all or part of the bid shall be furnished if requested by the Contracting Officer. Payments to the Contractor shall be based upon the information presented in the approved bid breakdown.

(End of clause)

3552.236-83 Descriptive Data and Correspondence.

As prescribed in 3536.570(u), insert the following clause:

DESCRIPTIVE DATA AND CORRESPONDENCE (JAN 1990)

(a) All catalogs, operating instructions, descriptive literature, references, specifications, drawings and notes relevant to the equipment furnished under the specifications, and correspondence shall be in the English language. All drawings shall be prepared in accordance with American Standard Drafting Room Practice as approved by the American National Standard Institute (ANSI) standards and in accordance with the following:

(1) All dimensions shall be given in feet and inches.

(2) All weights shall be avoirdupois scales.

(3) All volume measurements shall be in cubic feet, cubic inches or U.S. gallons (231 cu. in./gal).

(4) All heat quantities shall be in British thermal units (Btu's).

(5) All instruments shall read in units of the English system, except gallons shall be U.S. gallons as noted in paragraph (a)(3) of this clause.

(b) When required by the various sections of these specifications or when requested by the Contracting Officer, seven (7) copies (unless otherwise specified) of the following items shall be submitted by the Contractor to the Contracting Officer for approval.

(1) *Material Lists:* Before any materials, fixtures or equipment are purchased, the Contractor shall submit a complete list of materials, fixtures and equipment to be incorporated in the work, together with the names and addresses of the manufacturers and their catalog numbers and trade names. A separate complete list shall be furnished for the equipment called for under each section of the specifications. No consideration will be given to partial lists submitted from time to time.

(2) *Descriptive Data:* In order to establish quality or suitability of materials, fixtures and equipment, the Contractor shall furnish detailed information and descriptive data for the various items. Approval of items will be based on manufacturer's published ratings. Any items which are not in accordance with the specifications will be rejected. The product of any reputable manufacturer regularly engaged in the commercial production of specified equipment will not be excluded on the basis of minor differences, provided all essential requirements of this specification relative to materials, capacity, and performance are met.

(3) *Samples:* (i) The Contractor shall submit all samples within a reasonable time before use to permit inspection and testing. Samples of materials subject to laboratory tests require, generally, a minimum of 20 days for tests after receipt of sample by the Contracting Officer. However, considerably more time may be required depending on the nature of the tests and the ability of the laboratory to take care of current testing requirements.

(ii) Samples of the sizes and numbers required by the Contracting Officer or specified in the contract shall be submitted (except when this requirement is waived by the Contracting Officer) with label on each, giving contract number, specification paragraph, name and materials, trade name, name of manufacturer, place of origin, name and location of building on which to be used, and name of Contractor submitting same.

(iii) Samples shall be so packed as to ensure delivery at destination in good condition and with all transportation charges prepaid by sender.

(iv) Samples of materials not subject to destructive tests, when approved, will be kept on file in the office of the Contracting Officer until the completion of the work, except samples of hardware or other items approved by the Contracting Officer, which may be suitably marked for identification and installed in the work. If the Contractor desires an approved sample for the Contractor's own

3552.236-84

file or for a manufacturer, the Contractor shall submit sufficient additional samples to permit the desired distribution. Samples approved or rejected will be returned to the Contractor only at the Contractor's request and expense.

(v) Samples selected will be tested in accordance with the requirements of the applicable material specifications. If a sample fails to meet specification requirements, the cost of testing shall be at the expense of the Contractor. Failure of samples to pass specified requirements will be sufficient cause for refusal to consider for this work any further samples from the manufacturer whose materials have failed to pass the required tests.

(c) *Submittals*: Each submittal shall be accompanied by the required number of Panama Canal Form 3062, Submittal Data For Approval, fully executed and certified by the Contractor. When possible, a single transmittal shall be used for all work of a section of the specifications, but in no instance shall a transmittal include work of more than one section. Each copy of each item submitted for approval shall also be properly identified as to the subject matter indicated thereon, the item of equipment or material to which it pertains, and the contract number under which it is submitted. Each point of difference between the proposed equipment or material and the specified equipment or material shall be clearly indicated on the submittal. The submittals shall be complete and shall be checked by both the materials or equipment supplier and the Contractor, and shall contain all required and necessary detailed information. Fabrication of the equipment and construction where involved shall not start until the submittals have been approved.

(d) If approved by the Contracting Officer, each copy of the submittal will be identified as having received such approval by being stamped either "Approved" or "Approved as Noted", and one set will be returned to the Contractor. Such approved submittals need not be resubmitted. If, however, the set returned to the Contractor is stamped "Disapproved", such submittal shall be resubmitted as expeditiously as possible. If the Contractor desires to have more than one copy returned for the Contractor's use, the Contractor must increase the number of copies submitted accordingly and must so indicate on the transmittal form.

(e) The approval of submittals by the Contracting Officer shall not be construed as a complete check, but will indicate only that, in general, the materials, equipment, system, arrangement, detailing and method of construction are satisfactory. Approval will not relieve the Contractor of the responsibility for any error or omission which may exist, and the Contractor shall be responsible for the dimensions and design of adequate connections, details, satisfactory construc-

3552.236-84 Instruction Books.

As prescribed in 3536.570(u), insert the following clause:

INSTRUCTION BOOKS (JAN 1990)

The Contractor shall deliver to the Contracting Officer nine (9) copies (unless otherwise specified) of all instruction books as called for under the various sections of the Technical Conditions. The instruction books shall be submitted and approved before work can be started on installation of the equipment to which they pertain. Each copy of the instruction books shall provide legible, complete and clear instructions, descriptions and data for installation, operation, maintenance and repair of the equipment as well as replacement parts lists. Each copy of an instruction book shall be bound in separate durable covers. Method of binding shall be post type or equivalent to permit insertion of replacement pages. Ring or spiral type loose leaf binders are not acceptable. Each copy shall be properly and indelibly identified with the name of the project, the contract number, and the name and location of the equipment to which it pertains.

(End of clause)

3552.236-85 Record Drawings.

As prescribed in 3536.570(u), insert the following clause:

RECORD DRAWINGS (JAN 1990)

The Contractor shall, during the progress of the work, keep a careful and current record, on a separate set of contract drawings, of all changes and corrections from the layouts shown on the drawings. These drawings shall be available for inspection at all times at the work site indicated by the drawings. If the Contracting Officer determines that the record drawings are seriously out of date, the Contracting Officer may require the Contractor to cease physical work on the portion of the work covered by the drawings until the drawings are brought up to date. Any costs of delays resulting from such actions by the Contracting Officer shall be borne by the Contractor. Upon completion, the Contractor shall revise one set of prints of contract drawings, furnished by the Contracting Officer, showing the work as actually constructed. These drawings shall be delivered to the Contracting Officer within 14 calendar days after receipt of the "Acceptance of Work" letter. All revisions made to

As prescribed in 3543.205 insert the following clause:

RESTRICTED AREAS (JAN 1990)

MODIFICATION PROPOSALS—PRICE BREAKDOWN
(JAN 1990)

(a) If any of the work is located within a restricted area (such as locks areas, power stations, water purification plants, pump stations, and industrial areas), installation clearances, at no cost to the Contractor, will be required for all employees who must work in the restricted area. The Contractor shall submit to the Contracting Officer a listing of all employees to be cleared. The listing should be submitted at least 15 days before the anticipated starting date and should include the full name and cedula or identification card number of each employee and must be in alphabetical order.

The Contractor shall furnish an itemized price breakdown, as required by the Contracting Officer, with the Contractor's proposal in connection with a contract modification. Unless otherwise directed, the breakdown shall be in sufficient detail to permit an analysis of all material, labor, equipment, subcontract and overhead costs as well as profit, and shall cover all work involved to accomplish the modification, whether deleted, added or changed. Any amount claimed for subcontracts shall be supported by a similar price breakdown. In addition, if the proposal includes a time extension, a justification therefore shall also be furnished. The proposal, together with the price breakdown and time extension justification, shall be furnished by such date as may be specified by the Contracting Officer.

(b) Employees of the Contractor must carry their cedulas or identification cards at all times and produce them upon request of authorized personnel. The Contractor shall ensure that the Contractor's employees remain in the immediate area of work and do not wander indiscriminately about the restricted areas.

3552.244-70 Subcontractors.

As prescribed in 3536.570(y), insert the following clause:

As prescribed in 3536.570(x), insert the following clause:

SURPLUS SPACE (JAN 1990)

SUBCONTRACTORS (JAN 1990)

Surplus space in Commission buildings, facilities, or land areas may be rented by Commission contractors, or by subcontractors through and in the name of a Commission contractor, for use in support of contract performance upon a written request by the Contractor to the Contracting Officer. The request shall include specific information regarding the location desired, the number of square feet required, and the type of activities to be conducted. If the request is accepted, the space assignment will be administered under the terms of a "Letter of Authorization" (LOA). Failure by the Contractor to comply with any of the terms of the LOA, or to completely remove itself from the rented space after the Contracting Officer has advised the Contractor that the LOA is terminated, shall be construed as a violation of this contract clause and shall entitle the Contracting Officer to take whatever action is appropriate under the con-

If subcontracts have been awarded for work under this contract, the Contractor shall submit to the Contracting Officer, within 30 calendar days after the date of award, a statement on the Commission's standard "Subcontractors" form setting forth the name and address of the subcontractor, a summary description of the work subcontracted and a description of subcontractor's previous experience in related work. If, at any time, the Contracting Officer determines that any subcontractor's performance is unsatisfactory, the Contracting Officer will notify the contractor accordingly, and steps will be taken immediately for cancellation of such subcontract. Subletting by subcontractors shall be subject to the same regulations. Nothing contained in this contract shall create any contractual relation between the subcontractor and the Commission. Subcontractors and their employees shall be considered to be employees of the Contractor.

3552.247-70 Evaluation of Delivery Terms in Contract Awards.

As prescribed in 3547.370, insert the following provision:

EVALUATION OF DELIVERY TERMS IN CONTRACT AWARDS (JAN 1990)

(a) When competing offers are received which specify the two different allowable terms of delivery, the offers will be evaluated at the actual or constructive landed cost in the Republic of Panama in accordance with the procedures stated below. In this connection, and for evaluation purposes only, the point of delivery will be the Port of Balboa, Panama or the Port of Cristobal, Panama for all offerors. Therefore, offerors quoting on an f.o.b. destination New Orleans basis shall furnish the total cubic measurement for each item being offered in order to apply the following procedures:

(1) *F.o.b. Destination New Orleans:* Offers quoting delivery in the United States are required on an f.o.b. destination New Orleans, Louisiana basis since transportation from New Orleans will be by a vessel, operating pursuant to a U.S. Government contract, which will discharge at the Port of Balboa. In order to compare these offers with offers quoting c.i.f. destination Panama, the following factors will be applied:

(i) Ocean freight, New Orleans to Balboa \$_____ (*Contracting Officer insert appropriate amount*) per measurement ton of 40 cubic feet (MTON). This rate includes stevedoring and handling fees.

(ii) A self-insured loss factor of one percent of the dollar value of the offer price.

(iii) If the delivery port specified in the Commission solicitation is Cristobal, transportation from Balboa to Cristobal will be calculated at the rate of \$_____ (*Contracting Officer insert appropriate amount*) per MTON.

(2) *C.i.f. Destination Panama:* Foreign offerors proposing to ship from foreign countries, U.S. offerors preferring to ship directly to Panama, and Panamanian offerors proposing to ship from stock within the Republic of Panama, are required to ship on a c.i.f. Balboa, Panama or Cristobal, Panama basis, as applicable.

(b) Failure to furnish the total cubic measurements of the individual items could result in the rejection of the offer. Moreover, if actual total cubic measurements vary from the information furnished and the award was made to the Contractor on the constructive cost based on the erroneous information, the Contractor will be charged for the difference between the actual cost and the price of the next low responsive offeror.

SUBCHAPTER I—AGENCY SUPPLEMENTARY REGULATIONS

PART 3570—ACQUISITION OF PANAMANIAN SUPPLIES AND SERVICES

Sec.
3570.000 Scope of part.

Subpart 3570.1—Panamanian Preference

3570.101 Determination and definitions.
3570.102 Policy.

AUTHORITY: 40 U.S.C. 486(c); Article IX of the Agreement in Implementation of Article III of the Panama Canal Treaty of 1977.

SOURCE: 55 FR 7674, Mar. 2, 1990, unless otherwise noted.

3570.000 Scope of part.

This part provides guidance on implementation of Article IX of the Agreement in Implementation of Article III of the Panama Canal Treaty of 1977 as it relates to the preferential acquisition of supplies and services obtainable in the Republic of Panama. (The pertinent Article IX language is set forth at 3525.801-74.)

Subpart 3570.1—Panamanian Preference

3570.101 Determination and definitions.

(a) It has been determined by the Administrator of the Panama Canal Commission that the acquisition of supplies and services obtainable in the Republic of Panama is required under the conditions contemplated by Article IX.

(b) For the purposes of this determination, the following words and terms, as used in Article IX and this part 3570, shall have the meanings stated below:

Comparable in quality and price means the supplies or services (1) must conform to the purchase description, specifications, or statement of work that sets forth the Commission's requirements; and (2) can be acquired at a price equal to or lower than the price for similarly conforming supplies or services obtainable from sources outside the Republic of Panama.

Goods means manufactured or unmanufactured articles, materials and supplies.

Obtainable in the Republic of Panama means the supplies or services can be obtained from sources in the Republic of Panama.

Panamanian origin means goods that are grown, mined, or produced in the Republic of Panama; or in the case of goods which consist in whole or in part of materials from another country, have been substantially transformed by processes performed in the Republic of Panama into new and different articles of commerce with a name, character, or use distinct from that of the article or articles from which they were so transformed.

Supplies, pursuant to the definition in FAR 2.101, means "all property except land or interest in land." Accordingly, the term includes construction.

3570.102 Policy.

(a) When supplies or services can be obtained from sources both within and without the Republic of Panama, and the following conditions exist, preference shall be afforded to those sources within Panama to the maximum extent possible:

(1) The supplies or services can be provided at the time they are required;

(2) The supplies or services are comparable in quality and price to those that can be obtained from sources outside Panama; and

(3) The sources in Panama:

(i) Are determined to be responsible prospective contractors pursuant to FAR subpart 9.1, and

(ii) Can comply in all material respects with the terms and conditions of the acquisition document.

(b) In the comparison of prices with respect to subparagraph (a)(2) of this section, there shall be taken into account the cost of transport to the Republic of Panama, including freight, insurance, and handling. The cost of insurance shall be calculated at one percent (1%) of the value of the supplies, or any supplies incidental to services, in the event the contract does not require insurance.

3570.102

48 CFR Ch. 35 (10-1-00 Edition)

(c) When choosing between goods from sources within Panama that are otherwise equal, preference shall be given to those goods having a larger percentage of components of Panamanian origin.

(d) When conducting an acquisition of supplies or services for which the estimated cost is not expected to exceed the small purchase limitation in FAR part 13, participation may be limited to sources in Panama unless the contracting officer determines that there is no reasonable expectation of obtaining quotations from two or more such sources that:

(1) Will be responsive to the required delivery time, and

(2) Will be comparable in quality and price to supplies or services from sources outside Panama.

(e)(1) In order to conduct an acquisition of supplies or services above the small purchase limitation and limit participation in the acquisition to

sources in Panama, the contracting officer shall:

(i) Prepare and submit a class or an individual determination and findings to the Procurement Executive, and

(ii) Obtain that official's written approval of such determination and findings.

(2) The determination and findings must clearly document that:

(i) An acquisition limited to such sources would result in obtaining supplies or services at the time they are required that would be comparable in quality and price to those obtainable from sources outside Panama, or

(ii) An acquisition from sources outside Panama would be impracticable because of the nature of the acquisition (e.g., a requirements type contract where deliveries must be made within a very short time span by trucks or pipeline from stockpiles or storage facilities located in Panama).
