

§ 37.155 Factors in decision to grant an undue financial burden waiver.

(a) In making an undue financial burden determination, the FTA Administrator will consider the following factors:

(1) Effects on current fixed route service, including reallocation of accessible fixed route vehicles and potential reduction in service, measured by service miles;

(2) Average number of trips made by the entity's general population, on a per capita basis, compared with the average number of trips to be made by registered ADA paratransit eligible persons, on a per capita basis;

(3) Reductions in other services, including other special services;

(4) Increases in fares;

(5) Resources available to implement complementary paratransit service over the period covered by the plan;

(6) Percentage of budget needed to implement the plan, both as a percentage of operating budget and a percentage of entire budget;

(7) The current level of accessible service, both fixed route and paratransit;

(8) Cooperation/coordination among area transportation providers;

(9) Evidence of increased efficiencies, that have been or could be effectuated, that would benefit the level and quality of available resources for complementary paratransit service; and

(10) Unique circumstances in the submitting entity's area that affect the ability of the entity to provide paratransit, that militate against the need to provide paratransit, or in some other respect create a circumstance considered exceptional by the submitting entity.

(b)(1) Costs attributable to complementary paratransit shall be limited to costs of providing service specifically required by this part to ADA paratransit eligible individuals, by entities responsible under this part for providing such service.

(2) If the entity determines that it is impracticable to distinguish between trips mandated by the ADA and other trips on a trip-by-trip basis, the entity shall attribute to ADA complementary paratransit requirements a percentage of its overall paratransit costs. This

percentage shall be determined by a statistically valid methodology that determines the percentage of trips that are required by this part. The entity shall submit information concerning its methodology and the data on which its percentage is based with its request for a waiver. Only costs attributable to ADA-mandated trips may be considered with respect to a request for an undue financial burden waiver.

(3) Funds to which the entity would be legally entitled, but which, as a matter of state or local funding arrangements, are provided to another entity and used by that entity to provide paratransit service which is part of a coordinated system of paratransit meeting the requirements of this part, may be counted in determining the burden associated with the waiver request.

§§ 37.157–37.159 [Reserved]

Subpart G—Provision of Service**§ 37.161 Maintenance of accessible features: General.**

(a) Public and private entities providing transportation services shall maintain in operative condition those features of facilities and vehicles that are required to make the vehicles and facilities readily accessible to and usable by individuals with disabilities. These features include, but are not limited to, lifts and other means of access to vehicles, securement devices, elevators, signage and systems to facilitate communications with persons with impaired vision or hearing.

(b) Accessibility features shall be repaired promptly if they are damaged or out of order. When an accessibility feature is out of order, the entity shall take reasonable steps to accommodate individuals with disabilities who would otherwise use the feature.

(c) This section does not prohibit isolated or temporary interruptions in service or access due to maintenance or repairs.

§ 37.163 Keeping vehicle lifts in operative condition: Public entities.

(a) This section applies only to public entities with respect to lifts in non-rail vehicles.
