(3) Despite the existence of separate or different programs or activities provided in accordance with this part, a recipient may not deny a qualified handicapped person the opportunity to participate in such programs or activities that are not separate or different.

(5) In determining the site or location of a facility, an applicant for assistance or a recipient may not make selections (i) that have the effect of excluding handicapped persons, from denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives or benefits from Federal financial assistance or (ii) that have the

(2) In the case of Federal financial assistance extended to provide personal property, the assurance will obligate

If a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on the property for the purposes for which the property was transferred, the Secretary may, upon request of the transferee and if necessary to accomplish such financing and upon such conditions as the Secretary deems appropriate, agree to forebear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

§ 15b.7

one person to coordinate its efforts to comply with this part.

Such procedures need not be established with respect to complaints from applicants for employment or from applicants for admission to postsecondary educational institutions.

(c) The Secretary may require any recipient with fewer than fifteen employees to designate a responsible employee and adopt grievance procedures when the Secretary finds a violation of this part or finds that complying with these administrative requirements will not significantly impair the ability of the recipient to provide benefits or services.

§ 15b.7 Notice of nondiscrimination and accessible services.

(a) A recipient shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of handicap in violation of section 504 and this part. The notification shall state, where appropriate, that the recipient does not discriminate in admission or access to, or treatment or employment in, its programs and activities. The recipient shall also identify the responsible employee designated pursuant to § 15b.6(a), and identify the existence and location of accessible services, activities, and facilities. A recipient shall make the initial notification required by this paragraph within 90 days of the effective date of this part. Methods of initial and continuing notification may include but are not limited to the posting of notices, placement of notices in the recipient's publications, radio announcements, and the use of other visual and aural media.

(b) If a recipient publishes or uses recruitment materials or publications

7 CFR Subtitle A (1-1-00 Edition)

containing general information that it makes available to participants, beneficiaries, applicants or employees, it shall include in those materials or publications a statement of the policy described in paragraph (a) of this section. A recipient may meet the requirement of this paragraph either by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

§ 15b.8 Remedial action, voluntary action, and self-evaluation.

(a) *Remedial action.* (1) If the Secretary finds that a recipient has discriminated against persons on the basis of handicap in violation of section 504 or this part, the recipient shall take such remedial action as the Secretary deems necessary to overcome the effects of the discrimination.

(2) Where a recipient is found to have discriminated against persons on the basis of handicap in violation of section 504 or this part and where another recipient exercises control over the recipient that has discriminated, the Secretary, where appropriate, may require either or both recipients to take remedial action.

(3) The Secretary may, where necessary to overcome the effects of discrimination in violation of section 504 or this part, require a recipient to take remedial action (i) with respect to handicapped persons who are no longer participants in the recipient's program but who were participants in the program when such discrimination occurred or (ii) with respect to handicapped persons who would have been participants in the program had the discrimination not occurred, or (iii) with respect to handicapped persons presently in the program, but not receiving full benefits or equal and integrated treatment within the program.

(b) *Voluntary action.* A recipient may take steps, in addition to any action that is required by this part, to overcome the effects of conditions that resulted in limited participation in the recipient's program or activity by qualified handicapped persons.

(c) *Self-evaluation.* (1) A recipient shall, within one year of the effective date of this part:

(i) Evaluate, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, its current policies and practices and the effects thereof that do not or may not meet the requirements of this part.

(ii) Modify, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part; and

(iii) Take, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, appropriate remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices.

(2) A recipient shall, for at least three years following completion of the evaluation required under paragraph (c)(1) of this section, maintain on file, make available for public inspection, and provide to the Secretary upon request: (i) A list of the interested persons consulted, (ii) a description of areas examined and any problems identified, and (iii) a description of any modifications made and of any remedial steps taken.

§ 15b.9 Effect of State or local law or other requirements, and effect of employment opportunities.

(a) The obligation to comply with this part is not obviated or alleviated by the existence of any State or local law or other requirement that, on the basis of handicap, imposes prohibitions or limits upon the eligibility of qualified handicapped persons to receive services or to practice any occupation or profession.

(b) The obligation to comply with this part is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for handicapped persons than for nonhandicapped persons.

§ 15b.10 Effect of compliance with regulations of other Federal agencies.

A recipient that has designated a responsible official and established a grievance procedure, provided notice,

completed a self-evaluation, or prepared a transition plan in the course of complying with regulations issued by other Federal agencies under section 504 will be in compliance with § 15b.6, § 15b.7, § 15b.8(c), or § 15b.18(f), respectively, if all requirements of those sections have been met in regard to programs assisted by this Department.

Subpart B—Employment Practices

§ 15b.11 Applicability.

This subpart applies to all programs and activities that receive Federal financial assistance provided by the Department of Agriculture after the effective date of this part.

[47 FR 25470, June 11, 1982, as amended at 55 FR 52139, Dec. 19, 1990]

§ 15b.12 Discrimination prohibited.

(a) *General.* (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity receiving assistance from this Department.

(2) A recipient shall make all decisions concerning employment in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(3) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. This includes relationships with employment and referral agencies, with labor unions with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

(4) All provisions of this subpart pertaining to employment, apply equally to volunteer service.

(b) *Specific activities.* The provisions of this subpart apply to:

(1) Recruitment, advertising, and the processing of applications for employment;

§ 15b.13

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right to return from layoff, and rehiring;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absence, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(7) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

(8) Employer sponsored activities, including social or recreational programs; and

(9) Any other term, condition, or privilege of employment.

(c) A recipient's obligation to comply with this subpart is not affected by any inconsistent term of any collective bargaining agreement to which it is a party.

§ 15b.13 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

(b) Reasonable accommodation may include (1) Making facilities used by employees readily accessible to and useable by handicapped persons, and (2) Job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices, the provisions of readers or interpreters, and other similar actions.

(c) In determining pursuant to paragraph (a) of this section whether an accommodation would impose an undue hardship on the operation of a recipient's programs, factors to be considered include:

(1) The overall size of the recipient's program with respect to number of em-

7 CFR Subtitle A (1-1-00 Edition)

ployees, number and type of facilities, and size of budget;

(2) The type of the recipient's operation, including the composition and structure of recipient's workforce;

(3) The nature and cost of the accommodation needed.

(d) A recipient may not deny any employment opportunity to a qualified handicapped employee or applicant if the basis for the denial is the need to make reasonable accommodation to the physical or mental limitations of the employee or applicant.

§ 15b.14 Employment criteria.

(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless: (1) The recipient shows that the test score or other selection criterion, as used by the recipient, is job-related for the position in question, and (2) the Secretary cannot show that alternative job-related tests or criteria are available that do not screen out or tend to screen out as many handicapped persons.

(b) A recipient shall select and administer tests concerning employment so as best to ensure that, when administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's or employee's job skills, aptitude, or whatever other factor the test purports to measure, rather than reflecting the applicant's or employee's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

§ 15b.15 Preemployment inquiries.

(a) Except as provided in paragraphs (b) and (c) of this section, a recipient may not conduct a preemployment medical examination or may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.

(b) When a recipient is taking remedial action to correct the effects of past discrimination pursuant to § 15b.8(a), when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to § 15b.8(b), or when a recipient is taking affirmative action pursuant to section 503 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped: *Provided*, That (1) the recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary affirmative action efforts; and (2) the recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient for conditioning an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty: *Provided*, That (1) all entering employees are subjected to such an examination regardless of handicap; and (2) the results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded the same confidentiality as medical records except that:

(1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(2) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and

(3) Government officials investigating compliance with the Act shall

be provided relevant information upon request.

§ 15b.16 Applicability.

This subpart applies to all programs and activities that receive Federal financial assistance provided by the Department of Agriculture after the effective date of this part.

[47 FR 25470, June 11, 1982, as amended at 55 FR 52139, Dec. 19, 1990]

§ 15b.17 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity receiving assistance from this Department.

§ 15b.18 Existing facilities.

(a) *Program accessibility*. A recipient shall operate each assisted program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by qualified handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of an existing facility accessible to and usable by qualified handicapped persons.

(b) *Method*. A recipient may comply with the requirements of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities in conformance with the requirements of § 15b.19, or any other method that results in making its program or activity accessible to qualified handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among

available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most intergrated setting appropriate to obtain the full benefits of the program.

(c) *Small providers.* If a recipient with fewer than fifteen employees finds, after consultation with a handicapped person seeking its services, that there is no method of complying with paragraph (a) of this section other than by making a significant alteration in its existing facilities, the recipient may, as an alternative, refer the handicapped person to other providers of those services that are accessible at no additional cost to handicapped persons.

(d) *Application for modification of requirements.* Recipients that determine after a self-evaluation conducted according to the requirements of § 15b.8(c), that program accessibility can only be accomplished through substantial modifications which would result in a fundamental alteration in the nature of the program, may apply to the Secretary for a modification of the requirements of this section.

(e) *Historic preservation programs. Application for waiver of program accessibility requirements.* (1) In the case of historic preservation programs, program accessibility means that, when viewed in its entirety, a program is readily accessible to and usable by handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing historic properties or every part of an historic property accessible to and usable by handicapped persons. Methods of achieving program accessibility include:

- (i) Making physical alterations which enable handicapped persons to have access to otherwise inaccessible areas or features of historic properties;
- (ii) Using audio-visual materials and devices to depict otherwise inaccessible areas or features of historic properties;
- (iii) Assigning persons to guide handicapped persons into or through otherwise inaccessible portions of historic properties;
- (iv) Adopting other innovative methods to achieve program accessibility. Because the primary benefit of an his-

toric preservation program is the experience of the historic property itself, in taking steps to achieve program accessibility, recipients shall give priority to those means which make the historic property, or portions thereof physically accessible to handicapped individuals.

(2) Where program accessibility cannot be achieved without causing a substantial impairment of significant historic features, the Secretary may grant a waiver of the program accessibility requirement. In determining whether program accessibility can be achieved without causing a substantial impairment, the Secretary shall consider the following factors:

- (i) Scale of property, reflecting its ability to absorb alterations;
- (ii) Use of the property, whether primarily for public or private purpose;
- (iii) Importance of the historic features of the property to the conduct of the program; and,
- (iv) Cost of alterations in comparison to the increase in accessibility.

The Secretary shall periodically review any waiver granted under this section and may withdraw it if technological advances or other changes so warrant.

(3) Where the property is federally owned or where Federal funds may be used for alterations, the comments of the Advisory Council on Historic Preservation shall be obtained when required by section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470), and 36 CFR part 800, prior to effectuation of structural alterations.

(f) *Time period.* A recipient shall comply with the requirements of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes in facilities are necessary, such changes shall be made within three years of the effective date of this part and as expeditiously as possible.

(g) *Transition plan.* In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within one year of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The

plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve full program accessibility and if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Identify the person responsible for implementation of the plan.

§ 15b.19 New construction.

(a) *Design and construction.* Each facility or part of a facility constructed by, on behalf of, or for the use of a recipient shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by handicapped persons, if the construction is commenced after the effective date of this part.

(b) *Alteration.* Each facility or part of a facility which is altered by, on behalf of, or for the use of a recipient after the effective date of this part in a manner that affects or could affect the usability of the facility or part of the facility shall to the maximum extent feasible, be altered in such manner that the altered portion of the facility is readily accessible to and usable by handicapped persons.

(c) *Conformance with Uniform Federal Accessibility Standards.* (1) Effective as of January 18, 1991, design, construction, or alteration of buildings in conformance with sections 3-8 of the Uniform Federal Accessibility Standards (USAF) (appendix A to 41 CFR subpart 101-19.6) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted

where substantially equivalent or greater access to and usability of the building is provided.

(2) For purposes of this section, section 4.1.6(1)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of persons with physical handicaps.

(3) This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.

(d) *Compliance with the Architectural Barriers Act of 1968.* Nothing in this section of §15b.18 relieves recipients, whose facilities are covered by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157) from their responsibility of complying with the requirements of that Act and any implementing regulations.

Subpart D—Preschool, Elementary, Secondary, Adult, and Extension Education

§ 15b.20 Applicability.

Except as otherwise noted, this subpart applies to public and private schools, elementary, secondary, adult, and extension education programs and activities that receive Federal financial assistance provided by the Department of Agriculture after the effective date of this part and to recipients that operate, or that receive Federal financial assistance for the operation of, such programs or activities.

[47 FR 25470, June 11, 1982, as amended at 55 FR 52139, Dec. 19, 1990]

§ 15b.21 Location and notification.

A recipient that operates a public elementary or secondary education program shall annually:

(a) Undertake to identify and locate every qualified handicapped person residing in the recipient's jurisdiction who is not receiving a public education; and

§ 15b.22

(b) Take appropriate steps to notify handicapped persons and their parents or guardians of the recipient's duty under this subpart.

§ 15b.22 Free appropriate public education.

(a) *General.* A recipient that operates a public elementary or secondary education program shall provide a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction, regardless of the nature or severity of the person's handicap.

(b) *Appropriate education.* (1) For the purpose of this subpart, the provision of an appropriate education is the provision of regular or special education and related aids and services that (i) are designed to meet individual educational needs of handicapped persons as adequately as the needs of nonhandicapped persons are met and (ii) are based upon adherence to procedures that satisfy the requirements of § 15b.23, § 15b.24, and § 15b.25.

(2) Implementation of an individualized education program developed in accordance with the Education of the Handicapped Act is one means of meeting the standard established in paragraph (b)(1)(i) of this section.

(3) A recipient may place a handicapped person in or refer such person to a program other than the one that it operates as its means of carrying out the requirements of this subpart. If so, the recipient remains responsible for ensuring that the requirements of this subpart are met with respect to any handicapped person so placed or referred.

(c) *Free education—(1) General.* For the purpose of this section, the provision of a free education is the provision of educational and related services without cost to handicapped persons or their parents or guardians, except for those fees that are imposed on nonhandicapped persons or their parents or guardians. It may consist either of the provision of free services or, if a recipient places a handicapped person in or refers such person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, payment for the costs of the program. Funds available from any

7 CFR Subtitle A (1-1-00 Edition)

public or private agency may be used to meet the requirements of this subpart. Nothing in this section shall be construed to relieve an insurer or similar third party from an otherwise valid obligation to provide or pay for services provided to a handicapped person.

(2) *Transportation.* If a recipient places a handicapped person in or refers such person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, the recipient shall ensure that adequate transportation to and from the program is provided at no greater cost than would be incurred by the person or his or her parents or guardian if the person were placed in the program operated by the recipient.

(3) *Residential placement.* If placement in a public or private residential program is necessary to provide a free appropriate public education to a handicapped person because of their handicap, the program, including nonmedical care and room and board, shall be provided at no cost to the person or his or her parents or guardian.

(4) *Placement of handicapped persons by parents.* If a recipient has made available in conformance with the requirements of this section and § 15b.23, a free appropriate public education to a handicapped person and the person's parents or guardian choose to place the person in a private school, the recipient is not required to pay for the person's education in the private school. Disagreements between a parent or guardian and a recipient regarding whether the recipient has made such a program available or otherwise regarding the question of financial responsibility are subject to the due process procedures of § 15b.25.

(d) *Compliance.* A recipient may not exclude any qualified handicapped person from a public elementary or secondary education after the effective date of this regulation. A recipient that is not, on the effective date of this regulation, in full compliance with the other requirements of the preceding paragraphs of this section shall meet such requirements at the earliest practicable time but in no event later than September 1, 1982.

§ 15b.23 Educational setting.

(a) *Academic setting.* A recipient to which this subpart applies shall educate, or shall provide for the education of each qualified handicapped person in its jurisdiction with persons who are not handicapped to the maximum extent appropriate to the needs of the handicapped person. A recipient shall place a handicapped person in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. Whenever a recipient places a person in a setting other than the regular educational environment pursuant to this paragraph, it shall take into account the proximity of the alternate setting to the person's home.

(b) *Nonacademic setting.* In providing or arranging for the provision of non-academic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in §15b.26(a)(2), a recipient shall ensure that handicapped persons participate with nonhandicapped persons in such activities and services to the maximum extent appropriate to the needs of the handicapped person in question.

(c) *Comparable facilities.* If a recipient, in compliance with paragraph (a) of this section, operates a facility that is identifiable as being for handicapped persons, the recipient shall ensure that the facility and the services and activities provided therein are comparable to the other facilities, services, and activities of the recipient.

§ 15b.24 Evaluation and placement.

(a) *Placement evaluation.* A recipient that operates a public elementary or secondary education program shall conduct an evaluation in accordance with the requirements of paragraph (b) of this section of any person who, because of handicap, needs or is believed to need special education or related services before taking any action with respect to the initial placement of the person in a regular or special education program and any subsequent significant change in placement.

(b) *Evaluation procedures.* A recipient to which this section applies shall establish standards and procedures for the evaluation and placement of persons who, because of handicap, need or are believed to need special education or related services which ensure that:

(1) Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer;

(2) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

(3) Tests are selected and administered so as best to ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills (except where those skills are the factors that the test purports to measure).

(c) *Placement procedures.* In interpreting evaluation data and in making placement decisions, a recipient shall (1) draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical conditions, social or cultural background, and adaptive behavior, (2) establish procedures to ensure that information obtained from all such sources is documented and carefully considered, (3) ensure that the placement decision is made by a group of persons, including persons knowledgeable about the child, the meaning of the evaluation data, and the placement options, and (4) ensure that the placement decision is made in conformity with § 15b.23.

(d) *Reevaluation.* A recipient to which this section applies shall establish procedures, in accordance with paragraph (b) of this section, for periodic reevaluation of students who have been provided special education and related services. A reevaluation procedure consistent with the Education for the

§ 15b.25

Handicapped Act is one means of meeting this requirement.

§ 15b.25 Procedural safeguards.

A recipient that operates a public elementary or secondary education program shall establish and implement, with respect to action regarding the identification, evaluation, or educational placement of persons who, because of handicap, need or are believed to need special instruction or related services, a system of procedural safeguards that includes notice, an opportunity for the parents or guardian of the person to examine relevant records, an impartial hearing with opportunity for participation by the person's parents or guardian and representation by counsel, and a review procedure. Compliance with the procedural safeguards of section 615 of the Education of the Handicapped Act is one means of meeting this requirement.

§ 15b.26 Nonacademic services.

(a) *General.* (1) Recipients to which this subpart applies shall provide non-academic and extracurricular services and activities in such a manner as is necessary to afford handicapped students an equal opportunity for participation in such services and activities.

(2) Nonacademic and extracurricular services and activities may include counseling services, physical education and athletics, food services, transportation, health services, recreational activities, special interest groups or clubs sponsored by the recipient, referrals to agencies which provide assistance to handicapped persons, and assistance in obtaining outside employment.

(b) *Counseling services.* A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities.

(c) *Physical education and athletics.* (1) In providing physical education courses and athletics and similar programs and

7 CFR Subtitle A (1-1-00 Edition)

activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors interscholastic, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer handicapped students physical education and athletic activities that are separate or different from those offered to nonhandicapped students only if separation or differentiation is consistent with requirements of § 15b.23, and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

(d) *Food services.* In providing food services to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. (1) Recipients shall serve special meals, at no extra charge, to students whose handicap restricts their diet. Recipients may require students to provide medical certification that special meals are needed because of their handicap.

(2) Where existing food service facilities are not completely accessible and usable, recipients may provide aides or use other equally effective methods to serve food to handicapped persons. Recipients shall provide all food services in the most intergrated setting appropriate to the needs of handicapped persons as required by § 15b.23(b).

§ 15b.27 Extension education.

(a) *General.* A recipient to which this subpart applies that operates an extension education program or activity receiving assistance from this Department may not, on the basis of handicap, exclude qualified handicapped persons from the program or activity. A recipient shall take into account the needs of such persons in determining the benefits or services to be provided under the program or activity.

(b) *Program delivery sites.* (1) Where existing extension office facilities are inaccessible, recipients may make program services normally provided at

those sites available to qualified handicapped persons through other methods which are equally effective. These methods may include meetings in accessible locations, home visits, written or telephonic communications, and other equally effective alternatives.

(2) For program services delivered at other publicly-owned facilities, recipients shall select accessible facilities wherever possible. If accessible facilities cannot be selected because they are unavailable or infeasible due to the nature of the activity, recipients shall use other methods to deliver program benefits to qualified handicapped persons. These methods may include the redesign of activities or some sessions of activities, the provision of aides, home visits, or other equally effective alternatives.

(3) For program services delivered at privately-owned facilities, such as homes and farm buildings, recipients shall use accessible facilities whenever qualified handicapped persons requiring such accessibility are participating, have expressed an interest in participating, or are likely to participate. If accessible facilities cannot be selected because they are unavailable or infeasible due to the nature of the activity, recipients shall use other methods to deliver program benefits to qualified handicapped persons. These methods may include the redesign of activities or some sessions of activities, the provision of aides, home visits, or other equally effective alternatives.

(4) Recipients shall make camping activities accessible to qualified handicapped persons. Recipients are not required to make every existing camp, all existing camp facilities, or all camp sessions accessible, but recipients who operate more than one camp or session may not limit qualified handicapped persons to one camp or session.

(c) *Program materials.* Recipients shall make program materials accessible to qualified handicapped persons with sensory or mental impairments. Commonly-used materials shall be readily available in alternate forms such as Braille or tape. Upon request, recipients shall make other materials available through appropriate means such as Braille, tape, readers, large print

formats, simplified versions, written scripts, or interpreters. Recipients need not provide individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

§ 15b.28 Private education programs.

(a) A recipient that operates a private elementary or secondary education program receiving assistance from this Department may not, on the basis of handicap, exclude a qualified handicapped person from such program if the person can, with minor adjustments, be provided an appropriate education, as defined by § 15b.22(b)(1)(i). Each recipient to which this section applies is also subject to the provisions of § 15b.23 and § 15b.26.

(b) A recipient to which this section applies may not charge more for the provision of an appropriate education to handicapped persons than to non-handicapped persons except to the extent that any additional charge is justified by a substantial increase in cost to the recipient.

Subpart E—Postsecondary Education

§ 15b.29 Applicability.

Subpart E applies to public and private postsecondary education programs and activities, including postsecondary vocational education programs and activities, that receive Federal financial assistance provided by the Department of Agriculture after the effective date of this part.

[47 FR 25470, June 11, 1982, as amended at 55 FR 52139, Dec. 19, 1990]

§ 15b.30 Admissions and recruitment.

(a) *General.* Qualified handicapped persons may not, on the basis of handicap, be denied admission or be subjected to discrimination in admission or recruitment by a recipient to which this subpart applies.

(b) *Admissions.* In administering its admission policies, a recipient to which this subpart applies:

(1) May not apply limitations upon the number or proportion of handicapped persons who may be admitted;

§ 15b.31

(2) May not make use of any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons or any class of handicapped persons unless (i) the test or criterion, as used by the recipient, has been validated as a predictor of success in the education program or activity in question and (ii) alternate tests or criteria that have a less disproportionate, adverse effect are not shown by the Secretary to be available.

(3) Shall assure itself that (i) admissions tests are selected and administered so as best to ensure that, when a test is administered to an applicant who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the applicant's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure); (ii) admissions tests that are designed for persons with impaired sensory, manual, or speaking skills are offered as often and in as timely a manner as are other admissions tests; and (iii) admissions tests are administered in facilities that, on the whole, are accessible to handicapped persons; and

(4) Except as provided in paragraph (c) of this section, may not make preadmission inquiry as to whether an applicant for admission is a handicapped person but, after admission, may take inquiries on a confidential basis as to handicaps that may require accommodation.

(c) *Preadmission inquiry exception.* When a recipient is taking remedial action to correct the effects of past discrimination pursuant to §15b.8(a) or when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to §15b.8(b), the recipient may invite applicants for admissions to indicate whether and to what extent they are handicapped: *Provided*, That (1) the recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is

7 CFR Subtitle A (1-1-00 Edition)

intended for use solely in connection with its remedial action obligations or its voluntary action efforts; and (2) the recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential, that refusal to provide it will not subject the applicant to any adverse treatment, and that it will be used only in accordance with this part.

(d) *Validity studies.* For the purpose of paragraph (b)(2) of this section, a recipient may base prediction equations on first year grades, but shall conduct periodic validity studies against the criterion of overall success in the education program or activity in question in order to monitor the general validity of the test scores.

§ 15b.31 Treatment of students.

(a) *General.* No qualified handicapped student shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any academic, research, occupational training, housing, health, insurance, counseling, financial aid, physical education, athletics, recreation, transportation, other extracurricular, other postsecondary education program or activity to which this subpart applies.

(b) A recipient to which this subpart applies that considers participation by students in education programs or activities not operated wholly by the recipient as part of, or equivalent to, an education program or activity operated by the recipient shall assure itself that the other education program or activity, as a whole, provides an equal opportunity for the participation of qualified handicapped persons.

(c) A recipient to which this subpart applies may not, on the basis of handicap, exclude any qualified handicapped student from any course, course of study, or other part of its education program or activity.

(d) A recipient to which this subpart applies shall operate its programs and activities in the most integrated setting appropriate.

§ 15b.32 Academic adjustments.

(a) *Academic requirements.* A recipient to which this subpart applies shall

make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating on the basis of handicap, against a qualified handicapped applicant or student. Academic requirements that the recipient can demonstrate are essential to the program or instruction being pursued by such student or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

(b) *Other rules.* A recipient to which this subpart applies may not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient's education program or activity.

(c) *Course examinations.* In its course examinations or other procedures for evaluating students' academic achievement in its program, a recipient to which this subpart applies shall provide such methods for evaluating the achievement of students who have a handicap that impairs sensory, manual, or speaking skills as will best ensure that the results of the evaluation represent the students' achievements in the course, rather than reflecting the students' impaired sensory, manual, or speaking skills (except where such skills are the factors that the test purports to measure).

(d) *Auxiliary aids.* (1) A recipient to which this subpart applies shall take such steps as are necessary to ensure that no handicapped student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under the education program or activity operated by the recipient because of the absence of educational auxiliary aids for students with impaired sensory, manual, or speaking skills.

(2) Auxiliary aids may include taped texts, interpreters or other effective methods of making orally delivered materials available to students with hearing impairments, readers in libraries for students with visual impairments, classroom equipment adapted for use by students with manual impairments, and other similar services and actions. Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

§ 15b.33 Housing.

(a) *Housing provided by the recipient.* A recipient that provides housing to its nonhandicapped students shall provide comparable, convenient, and accessible housing to handicapped students at the same cost as to others. At the end of the transition period provided for in subpart C, such housing shall be available in sufficient quantity and variety so that the scope of handicapped students' choice of living accommodations is, as a whole, comparable to that of nonhandicapped students.

(b) *Other housing.* A recipient that assists any agency, organization, or person in making housing available to any of its students shall take such action as may be necessary to assure itself that such housing is, as a whole, made available in a manner that does not result in discrimination on the basis of handicap.

§ 15b.34 Financial and employment assistance to students.

(a) *Provision of financial assistance.* (1) In providing financial assistance to qualified handicapped persons, a recipient to which this subpart applies may not, (i) on the basis of handicap, provide less assistance than is provided to nonhandicapped persons, limit eligibility for assistance, or otherwise discriminate or (ii) assist any entity or person that provides assistance to any of the recipient's students in a manner that discriminates against qualified handicapped persons on the basis of handicap.

(2) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established under

§ 15b.35

wills, trusts, bequests, or similar legal instruments that require awards to be made on the basis of factors that discriminate or have the effect of discriminating on the basis of handicap only if the overall effect of the award of scholarships, fellowships, and other forms of financial assistance is not discriminatory on the basis of handicap.

(b) *Assistance in making available outside employment.* A recipient that assists any agency, organization, or person in providing employment opportunities to any of its students shall assure itself that such employment opportunities, as a whole, are made available in a manner that would not violate subpart B if they were provided by the recipient.

(c) *Employment of students by recipients.* A recipient that employs any of its students may not do so in a manner that violates subpart B.

§ 15b.35 Nonacademic services.

(a) *Physical education and athletics.* (1) In providing physical education courses and athletics and similar programs and activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors intercollegiate, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different only if separation or differentiation is consistent with the requirements of § 15b.31(d) and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

(b) *Counseling and placement services.* A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped

7 CFR Subtitle A (1-1-00 Edition)

students with similar interests and abilities. This requirement does not preclude a recipient from providing factual information about licensing and certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.

(c) *Social organizations.* A recipient that provides significant assistance to fraternities, sororities, or similar organizations shall assure itself that the membership practices of such organizations do not permit discrimination otherwise prohibited by this subpart.

Subpart F—Other Programs and Activities

§ 15b.36 Applicability.

Subpart F applies to programs and activities, other than those covered by subparts D and E, that receive Federal financial assistance provided by the Department of Agriculture after the effective date of this part.

[47 FR 25470, June 11, 1982, as amended at 55 FR 52139, Dec. 19, 1990]

§ 15b.37 Auxiliary aids.

(a) A recipient to which this subpart applies that employs fifteen or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills, where necessary to afford such persons an equal opportunity to benefit from the service in question.

(b) The Secretary may require recipients with fewer than fifteen employees to provide auxiliary aids where the provision of aids would not significantly impair the ability of the recipient to provide its benefits or services.

(c) For the purpose of this section, auxiliary aids may include Brailled and taped material, interpreters, and other aids for persons with impaired hearing or vision.

§ 15b.38 Health care facilities.

(a) *Communications.* A recipient that provides notice concerning benefits or services or written material concerning waivers of rights or consent to treatment shall take such steps as are necessary to ensure that qualified handicapped persons, including those

with impaired sensory or speaking skills, are not denied effective notice because of their handicap.

(b) *Emergency treatment for the hearing impaired.* A recipient hospital that provides health services or benefits shall establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care.

(c) *Drug and alcohol addicts.* A recipient to which this subpart applies that operates a general hospital or outpatient facility may not discriminate in admission or treatment against a drug or alcohol abuser or alcoholic who is suffering from a medical condition, because of the person's drug or alcohol abuse or alcoholism.

§ 15b.39 Education of institutionalized persons.

A recipient to which this subpart applies that operates or supervises a program or activity for persons who are institutionalized because of handicap shall ensure that each qualified handicapped person, as defined in § 15b.3(n)(2), in its program, or activity is provided an appropriate education, as defined in § 15b.22(b). Nothing in this section shall be interpreted as altering in any way the obligations of recipients under subpart D.

§ 15b.40 Food services.

(a) Recipients which operate food service programs assisted by this Department shall serve special meals, at no extra charge, to persons whose handicap restricts their diet.
