NOTE TO PARAGRAPH (a): Requests for items in Federal Supply Code Groups other than those listed in this paragraph shall be referred to the Director of OPPM for consideration and approval.

(b) Excess personal property may be transferred for the purpose of cannibalization, provided the eligible institution submits a supporting statement which clearly indicates that cannibalizing the requested property for secondary use has greater benefit than utilization of the item in its existing form.

(c) Use of the procedures in this part for the purpose of stockpiling of excess

personal property for future cannibalization is prohibited. Transfer requests for the purpose of cannibalization will be considered, but are normally subordinate to requests for complete items.

§ 3200.7 Title.

Title to excess personal property obtained under Part 3200 will automatically pass to the 1890 Land Grant Institutions (including Tuskegee University), 1994 Land Grant Institutions, and the Hispanic-Serving Institutions once USDA receives the SF-122 indicating that the institution has received the property. Note: When competing Federal claims are made for particular items of excess personal property held by agencies other than USDA, with or without payment of reimbursement, GSA will give preference to the Federal agency that will retain title in the Government.

§ 3200.8 Costs.

Excess personal property obtained under this part is provided free of charge. However, the institution must pay all costs associated with packaging and transportation. The institution should specify the method of shipment on the SF-122.

§ 3200.9 Accountability and record keeping.

USDA requires that Federal excess personal property received by an eligible institution pursuant to this part shall be placed into use for a research, educational, technical, or scientific activity, or for a related purpose, within 1 year of receipt of the property, and used for such purpose for at least 1 year thereafter. The institution's property management officer must establish and maintain accountable records identifying the property's location, description, utilization and value. To ensure that the excess personal property is being used for its intended purpose under this part, compliance reviews will be conducted by an authorized representative of USDA. The review will include site visit inspections of the property and the accountability and record keeping systems.
