**§210.11 Competitive food services.**

(a) *Definitions.* For the purpose of this section:

(1) *Competitive foods* means any foods sold in competition with the Program to children in food service areas during the lunch periods.

(2) *Food of minimal nutritional value* means: (i) In the case of artificially sweetened foods, a food which provides less than five percent of the Reference Daily Intakes (RDI) for each of eight specified nutrients per serving; and (ii) in the case of all other foods, a food which provides less than five percent of the RDI for each of eight specified nutrients per 100 calories and less than five percent of the RDI for each of eight specified nutrients per serving. The eight nutrients to be assessed for this purpose are—protein, vitamin A, vitamin C, niacin, riboflavin, thiamine, calcium, and iron. All categories of food of minimal nutritional value and petitioning requirements for changing the categories are listed in appendix B of this part.

(b) *General.* State agencies and school food authorities shall establish such rules or regulations as are necessary to control the sale of foods in competition with lunches served under the Program. Such rules or regulations shall prohibit the sale of foods of minimal nutritional value, as listed in appendix B of this part, in the food service areas during the lunch periods. The sale of other competitive foods may, at the discretion of the State agency and school food authority, be allowed in the food service area during the lunch

period only if all income from the sale of such foods accrues to the benefit of the nonprofit school food service or the school or student organizations approved by the school. State agencies and school food authorities may impose additional restrictions on the sale of and income from all foods sold at any time throughout schools participating in the Program.

**§210.12 Student, parent and community involvement.**

(a) *General.* School food authorities shall promote activities to involve students and parents in the Program. Such activities may include menu planning, enhancement of the eating environment, Program promotion, and related student-community support activities. School food authorities are encouraged to use the school food service program to teach students about good nutrition practices and to involve the school faculty and the general community in activities to enhance the Program.

(b) *Food service management companies.* School food authorities contracting with a food service management company shall comply with the provisions of §210.16(a) regarding the establishment of an advisory board of parents, teachers and students.

(c) *Residential child care institutions.* Residential child care institutions shall comply with the provisions of this section, to the extent possible.
