§ 247.4 Donation of supplemental foods.

The Department shall donate supplemental foods for use in the Program in accordance with the terms and conditions of this part and with the terms and conditions applicable to distributing agencies under 7 CFR part 250 subchapter B, Food Distribution Regulations, as long as these provisions are not inconsistent with this part. The State agency is strictly liable to FNS for losses of supplemental foods donated by the Department and shall safeguard items from theft, spoilage, other damage or destruction or other loss. If supplemental foods donated by the Department are lost through any cause, prior to issuance to the participant, the State agency shall provide replacement in kind or submit payment to FNS in accordance with § 250.6(m) under 7 CFR part 250 subchapter B, Food Distribution regulations.

§ 247.5 State agency plan of program operation and administration.

(a) *Requirements.* State applications to continue or initiate program operations and requests for additional caseload to expand service to women, infants, children, and elderly persons shall be made through State Plan submissions. By August 15 of each year, the State agency shall submit to FNS for approval a State Plan for the following fiscal year. State agencies whose Plans are approved by the beginning of the fiscal year shall be eligible to commence program operations or receive caseload increases at the beginning of the first caseload cycle to commence after that date. date may be considered for caseload assignment if additional resources become available during that caseload cycle. The State agency may submit the State Plan in the format provided by FNS guidance. Alternatively, the State agency may submit the Plan in combination with other federally required planning documents or develop its own format, provided that the information required below is included. FNS requests advance notification that a State agency intends to use an alternative format. The State Plan and all amendments shall be signed by the State-designated official responsible for ensuring that the program is operated in accordance with the State Plan. FNS shall provide written approval or denial of a completed State Plan or amendment within 30 days of receipt. Within 15 days after FNS receives an incomplete submission, FNS shall notify the State agency that additional information is needed to complete the Plan. Any disapproval shall be accompanied by a statement of the reasons for the disapproval. Approval of the Plan by FNS is a prerequisite to the assignment of caseload and payment of funds for administration to the State agency. In approving the State Plan or Plan amendment to initiate or expand program operations, FNS shall specify the number of caseload slots it believes the State agency can use, and which the State agency has the administrative capacity to manage. This determination shall be based on the content of the Plan or amendment, demographic data, past performance of the State agency, and other information which FNS considers relevant. Portions of the State Plan which do not change from year to year need not be resubmitted. However, the State agency shall provide the title of each section that remains unchanged, as well as the year of the last Plan in which the section was submitted. The State Plan shall provide the following:

(1) The names and addresses of each local agency (i) which have an agreement with the State agency for Program administration; and (ii) the name and address of each certification, food distribution and storage site under the jurisdiction of the local agency.
