Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16.................................as of January 1
- Title 17 through Title 27.................................as of April 1
- Title 28 through Title 41.................................as of July 1
- Title 42 through Title 50.................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2001), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, or 1973–1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

PART 1—INVESTMENT SECURITIES

§ 1.1 Authority, purpose, and scope.

(a) Authority. This part is issued pursuant to 12 U.S.C. 1 et seq., 12 U.S.C. 24 (Seventh), and 12 U.S.C. 93a.

(b) Purpose. This part prescribes standards under which national banks may purchase, sell, deal in, underwrite, and hold securities, consistent with the authority contained in 12 U.S.C. 24 (Seventh) and safe and sound banking practices.

(c) Scope. The standards set forth in this part apply to national banks, District of Columbia banks, and federal branches of foreign banks. Further, pursuant to 12 U.S.C. 335, State banks that are members of the Federal Reserve System are subject to the same limitations and conditions that apply to national banks in connection with purchasing, selling, dealing in, and underwriting securities and stock. In addition to activities authorized under this part, foreign branches of national banks are authorized to conduct international activities and invest in securities pursuant to 12 CFR part 211.

§ 1.2 Definitions.

(a) Capital and surplus means:

(1) A bank’s Tier 1 and Tier 2 capital calculated under the OCC’s risk-based capital standards set forth in appendix A to 12 CFR part 3 (or comparable capital guidelines of the appropriate Federal banking agency) as reported in the bank’s Consolidated Report of Condition and Income filed under 12 U.S.C. 161 (or under 12 U.S.C. 1817 in the case of a state member bank); plus

(2) The balance of a bank’s allowance for loan and lease losses not included in the bank’s Tier 2 capital, for purposes of the calculation of risk-based capital described in paragraph (a)(1) of this section, as reported in the bank’s Consolidated Report of Condition and Income filed under 12 U.S.C. 161 (or under 12 U.S.C. 1817 in the case of a state member bank).

(b) General obligation of a State or political subdivision means:

(1) An obligation supported by the full faith and credit of an obligor possessing general powers of taxation, including property taxation; or

(2) An obligation payable from a special fund or by an obligor not possessing general powers of taxation, when an obligor possessing general powers of taxation, including property taxation, has unconditionally promised to make payments into the fund or otherwise provide funds to cover all required payments on the obligation.

(c) Investment company means an investment company, including a mutual fund, registered under section 8 of the Investment Company Act of 1940, 15 U.S.C. 80a–8.

(1) Two or more NRSROs; or

(2) One NRSRO if the security has been rated by only one NRSRO.

(e) Investment security means a marketable debt obligation that is not predominantly speculative in nature. A security is not predominantly speculative in nature if it is rated investment grade. When a security is not rated, the security must be the credit equivalent of a security rated investment grade.

(f) Marketable means that the security:
§ 1.2

(1) Is registered under the Securities Act of 1933, 15 U.S.C. 77a et seq.;
(2) Is a municipal revenue bond exempt from registration under the Securities Act of 1933, 15 U.S.C. 77c(a)(2);
(3) Is offered and sold pursuant to Securities and Exchange Commission Rule 144A, 17 CFR 230.144A, and rated investment grade or is the credit equivalent of investment grade; or
(4) Can be sold with reasonable promptness at a price that corresponds reasonably to its fair value.

(g) NRSRO means a nationally recognized statistical rating organization.

(h) Political subdivision means a county, city, town, or other municipal corporation, a public authority, and generally any publicly-owned entity that is an instrumentality of a State or of a municipal corporation.

(i) Type I security means:
(1) Obligations of the United States;
(2) Obligations issued, insured, or guaranteed by a department or an agency of the United States Government, if the obligation, insurance, or guarantee commits the full faith and credit of the United States for the repayment of the obligation;
(3) Obligations issued by a department or an agency of the United States, or an agency or political subdivision of a State of the United States, that represent an interest in a loan or a pool of loans made to third parties, if the full faith and credit of the United States has been validly pledged for the full and timely payment of interest on, and principal of, the loans in the event of non-payment by the third party obligor(s);
(4) General obligations of a State of the United States or any political subdivision;
(5) Obligations authorized under 12 U.S.C. 24 (Seventh) as permissible for a national bank to deal in, underwrite, purchase, and sell for the bank's own account, including qualified Canadian government obligations; and
(6) Other securities the OCC determines to be eligible as Type I securities under 12 U.S.C. 24 (Seventh).

(j) Type II security means an investment security that represents:
(1) Obligations issued by a State, or a political subdivision or agency of a State, for housing, university, or dormitory purposes;
(2) Obligations of international and multilateral development banks and organizations listed in 12 U.S.C. 24 (Seventh);
(3) Other obligations listed in 12 U.S.C. 24 (Seventh) as permissible for a bank to deal in, underwrite, purchase, and sell for the bank's own account, subject to a limitation per obligor of 10 percent of the bank's capital and surplus; and
(4) Other securities the OCC determines to be eligible as Type II securities under 12 U.S.C. 24 (Seventh).

(l) Type IV security means:
(1) A small business-related security as defined in section 3(a)(53)(A) of the Securities Exchange Act of 1934, 15 U.S.C. 78c(a)(53)(A), that is rated investment grade or is the credit equivalent thereof, that is fully secured by interests in a pool of loans to numerous obligors.
(2) A commercial mortgage-related security that is offered or sold pursuant to section 4(5) of the Securities Act of 1933, 15 U.S.C. 77d(5), that is rated investment grade or is the credit equivalent thereof, or a commercial mortgage-related security as described in section 3(a)(41) of the Securities Exchange Act of 1934, 15 U.S.C. 78c(a)(41), that is rated investment grade in one of the two highest investment grade rating categories, and that represents ownership of a promissory note or certificate of interest or participation that is directly secured by a first lien on one or more parcels of real estate upon which one or more commercial structures are located and that is fully secured by interests in a pool of loans to numerous obligors.
(3) A residential mortgage-related security that is offered and sold pursuant to section 4(5) of the Securities Act of 1933, 15 U.S.C. 77d(5), that is rated investment grade or is the credit equivalent thereof, or a residential mortgage-related security as described in section 3(a)(41) of the Securities Exchange Act of 1934, 15 U.S.C. 78c(a)(41)), that is
rated investment grade in one of the two highest investment grade rating
categories, and that does not otherwise qualify as a Type I security.

(m) Type V security means a security that is:
   (1) Rated investment grade;
   (2) Marketable;
   (3) Not a Type IV security; and
   (4) Fully secured by interests in a pool of loans to numerous obligors and
   in which a national bank could invest directly.

§ 1.3 Limitations on dealing in, under-
writing, and purchase and sale of
securities.

(a) Type I securities. A national bank
may deal in, underwrite, purchase, and
sell Type I securities for its own ac-
count. The amount of Type I securities
that the bank may deal in, underwrite,
purchase, and sell is not limited to a
specified percentage of the bank’s cap-
tal and surplus.

(b) Type II securities. A national bank
may deal in, underwrite, purchase, and
sell Type II securities for its own ac-
count, provided the aggregate par
value of Type II securities issued by
any one obligor held by the bank does
not exceed 10 percent of the bank’s cap-
tal and surplus. In applying this limi-
tation, a national bank shall take ac-
count of Type II securities that the
bank is legally committed to purchase
or to sell in addition to the bank’s ex-
isting holdings.

(c) Type III securities. A national bank
may purchase and sell Type III securi-
ties for its own account, provided the
aggregate par value of Type III securi-
ties issued by any one obligor held by
the bank does not exceed 10 percent of
the bank’s capital and surplus. In ap-
plying this limitation, a national bank
shall take account of Type III securi-
ties that the bank is legally committed
to purchase or to sell in addition to the
bank’s existing holdings.

(d) Type II and III securities; other in-
vestment securities limitations. A na-
tional bank may not hold Type II and
III securities issued by any one obligor
with an aggregate par value exceeding
10 percent of the bank’s capital and
surplus. However, if the proceeds of
each issue are to be used to acquire and
lease real estate and related facilities
to economically and legally separate
industrial tenants, and if each issue is
payable solely from and secured by a
first lien on the revenues to be derived
from rentals paid by the lessee under
net noncancellable leases, the bank
may apply the 10 percent investment
limitation separately to each issue of a
single obligor.

(e) Type IV securities—(1) General. A
ational bank may purchase and sell
Type IV securities for its own account.
Except as described in paragraph (e)(2)
of this section, the amount of the Type
IV securities that a bank may purchase
and sell is not limited to a specified
percentage of the bank’s capital and
surplus.

(2) Limitation on small business-related
securities rated in the third and fourth
highest rating categories by an NRSRO. A
ational bank may hold small busi-
ness-related securities, as defined in
section 3(a)(53)(A) of the Securities Ex-
78c(a)(53)(A), of any one issuer with an
aggregate par value not exceeding 25
percent of the bank’s capital and sur-
plus if those securities are rated in-
vestment grade in the third or fourth
highest investment grade rating cat-
gories. In applying this limitation, a
ational bank shall take account of se-
curities that the bank is legally com-
mitted to purchase or to sell in addi-
tion to the bank’s existing holdings. No
percentage of capital and surplus limit
applies to small business related secu-
rities rated investment grade in the
highest two investment grade rating
categories.

(f) Type V securities. A national bank
may purchase and sell Type V securi-
ties for its own account provided that
the aggregate par value of Type V secu-
rities issued by any one issuer held by
the bank does not exceed 25 percent of
the bank’s capital and surplus. In ap-
plying this limitation, a national bank
shall take account of Type V securities
that the bank is legally committed to
purchase or to sell in addition to the
bank’s existing holdings.

(g) Securitization. A national bank
may securitize and sell assets that it
holds, as a part of its banking business.
The amount of securitized loans and
obligations that a bank may sell is not
§ 1.4 Limited to a specified percentage of the bank’s capital and surplus.

(b) Investment company shares—(1) General. A national bank may purchase and sell for its own account investment company shares provided that:

(i) The portfolio of the investment company consists exclusively of assets that the national bank may purchase and sell for its own account under this part; and

(ii) The bank’s holdings of investment company shares do not exceed the limitations in §1.4(e).

(2) Other issuers. The OCC may determine that a national bank may invest in an entity that is exempt from registration as an investment company under section 3(c)(1) of the Investment Company Act of 1940, provided that the portfolio of the entity consists exclusively of assets that a national bank may purchase and sell for its own account under this part.

Securities held based on estimates of obligor’s performance. (1) Notwithstanding §§1.2(d) and (e), a national bank may treat a debt security as an investment security for purposes of this part if the bank concludes, on the basis of estimates that the bank reasonably believes are reliable, that the obligor will be able to satisfy its obligations under that security, and the bank believes that the security may be sold with reasonable promptness at a price that corresponds reasonably to its fair value.

(2) The aggregate par value of securities treated as investment securities under paragraph (i)(1) of this section may not exceed 5 percent of the bank’s capital and surplus.

§ 1.4 Calculation of limits.

(a) Calculation date. For purposes of determining compliance with 12 U.S.C. 24 (Seventh) and this part, a bank shall determine its investment limitations as of the most recent of the following dates:

(1) The last day of the preceding calendar quarter; or

(2) The date on which there is a change in the bank’s capital category for purposes of 12 U.S.C. 1831o and 12 CFR 6.3.

(b) Effective date. (1) A bank’s investment limit calculated in accordance with paragraph (a)(1) of this section will be effective on the earlier of the following dates:

(i) The date on which the bank’s Consolidated Report of Condition and Income (Call Report) is submitted; or

(ii) The date on which the bank’s Consolidated Report of Condition and Income is required to be submitted.

(2) A bank’s investment limit calculated in accordance with paragraph (a)(2) of this section will be effective on the date that the limit is to be calculated.

(c) Authority of OCC to require more frequent calculations. If the OCC determines for safety and soundness reasons that a bank should calculate its investment limits more frequently than required by paragraph (a) of this section, the OCC may provide written notice to the bank directing the bank to calculate its investment limitations at a more frequent interval. The bank shall thereafter calculate its investment limits at that interval until further notice.

(d) Calculation of Type III and Type V securities holdings—(1) General. In calculating the amount of its investment in Type III or Type V securities issued by any one obligor, a bank shall aggregate:

(i) Obligations issued by obligors that are related directly or indirectly through common control; and

(ii) Securities that are credit enhanced by the same entity.

(2) Aggregation by type. The aggregation requirement in paragraph (d)(1) of this section applies separately to the Type III and Type V securities held by a bank.

(e) Limit on investment company holdings—(1) General. In calculating the amount of its investment in investment company shares under this part, a bank shall use reasonable efforts to calculate and combine its pro rata share of a particular security in the portfolio of each investment company with the bank’s direct holdings of that security. The bank’s direct holdings of the particular security and the bank’s pro rata interest in the same security in the investment company’s portfolio may not, in the aggregate, exceed the
§ 1.8 Nonconforming investments.

(a) A national bank’s investment in securities that no longer conform to this part but conformed when made will not be deemed in violation but instead will be treated as nonconforming if the reason why the investment no longer conforms to this part is because:

(1) The bank’s capital declines;
(2) Issuers, obligors, or credit-enhancers merge;
(3) Issuers become related directly or indirectly through common control;
(4) The investment securities rules change;
(5) The security no longer qualifies as an investment security; or
(6) Other events identified by the OCC occur.

(b) A bank shall exercise reasonable efforts to bring an investment that is nonconforming as a result of events described in paragraph (a) of this section...
§ 1.100 into conformity with this part unless to do so would be inconsistent with safe and sound banking practices.

INTERPRETATIONS

§ 1.100 Indirect general obligations.

(a) Obligation issued by an obligor not possessing general powers of taxation. Pursuant to §1.2(b), an obligation issued by an obligor not possessing general powers of taxation qualifies as a general obligation of a State or political subdivision for the purposes of 12 U.S.C. 24 (Seventh), if a party possessing general powers of taxation unconditionally promises to make sufficient funds available for all required payments in connection with the obligation.

(b) Indirect commitment of full faith and credit. The indirect commitment of the full faith and credit of a State or political subdivision (that possesses general powers of taxation) in support of an obligation may be demonstrated by any of the following methods, alone or in combination, when the State or political subdivision pledges its full faith and credit in support of the obligation.

(1) Lease/rental agreement. The lease agreement must be valid and binding on the State or the political subdivision, and the State or political subdivision must unconditionally promise to pay rentals that, together with any other available funds, are sufficient for the timely payment of interest on, and principal of, the obligation. These lease/rental agreement may, for instance, provide support for obligations financing the acquisition or operation of public projects in the areas of education, medical care, transportation, recreation, public buildings, and facilities.

(2) Service/purchase agreement. The agreement must be valid and binding on the State or the political subdivision, and the State or political subdivision must unconditionally promise in the agreement to make payments for services or resources provided through or by the issuer of the obligation. These payments, together with any other available funds, must be sufficient for the timely payment of interest on, and principal of, the obligation.

An agreement to purchase municipal sewer, water, waste disposal, or electric services may, for instance, provide support for obligations financing the construction or acquisition of facilities supplying those services.

(3) Refillable debt service reserve fund. The reserve fund must at least equal the amount necessary to meet the annual payment of interest on, and principal of, the obligation as required by applicable law. The maintenance of a refillable reserve fund may be provided, for instance, by statutory direction for an appropriation, or by statutory automatic apportionment and payment from the State funds of amounts necessary to restore the fund to the required level.

(4) Other grants or support. A statutory provision or agreement must unconditionally commit the State or the political subdivision to provide funds which, together with other available funds, are sufficient for the timely payment of interest on, and principal of, the obligation. Those funds may, for instance, be supplied in the form of annual grants or may be advanced whenever the other available revenues are not sufficient for the payment of principal and interest.

§ 1.110 Taxing powers of a State or political subdivision.

(a) An obligation is considered supported by the full faith and credit of a State or political subdivision possessing general powers of taxation when the promise or other commitment of the State or the political subdivision will produce funds, which (together with any other funds available for the purpose) will be sufficient to provide for all required payments on the obligation. In order to evaluate whether a commitment of a State or political subdivision is likely to generate sufficient funds, a bank shall consider the impact of any possible limitations regarding the State’s or political subdivision’s taxing powers, as well as the availability of funds in view of the projected revenues and expenditures. Quantitative restrictions on the general powers of taxation of the State or political subdivision do not necessarily mean that an obligation is not supported by the full faith and credit of
§ 1.130

Type II securities; guidelines for obligations issued for university and housing purposes.

(a) Investment quality. An obligation issued for housing, university, or dormitory purposes is a Type II security only if it:

(1) Qualifies as an investment security, as defined in §1.2(e); and

(2) Is issued for the appropriate purpose and by a qualifying issuer.

(b) Obligation issued for university purposes. (1) An obligation issued by a State or political subdivision or agency of a State or political subdivision for the purpose of financing the construction or improvement of facilities at or used by a university or a degree-granting college-level institution, or financing loans for studies at such institutions, qualifies as a Type II security. Facilities financed in this manner may include student buildings, classrooms, university utility buildings, cafeterias, stadiums, and university parking lots.

(2) An obligation that finances the construction or improvement of facilities used by a hospital may be eligible as a Type II security, if the hospital is a department or a division of a university, or otherwise provides a nexus with university purposes, such as an affiliation agreement between the university and the hospital, faculty positions of the hospital staff, and training of medical students, interns, residents, and nurses (e.g., a “teaching hospital”).

(c) An obligation issued to refund an indirect general obligation may be supported in a number of ways that, in combination, are sufficient at all times to support the obligation with the full faith and credit of the United States or a State or a political subdivision possessing general powers of taxation. During the period following its issuance, the proceeds of the refunding obligation may be invested in U.S. obligations or municipal general obligations that will produce sufficient interest income for payment of principal and interest. Upon the retirement of the outstanding indirect general obligation bonds, the same indirect commitment, such as a lease agreement or a reserve fund, that supported the prior issue, may support the refunding obligation.

§ 1.120

Prerefunded or escrowed bonds and obligations secured by Type I securities.

(a) An obligation qualifies as a Type I security if it is secured by an escrow fund consisting of obligations of the United States or general obligations of a State or a political subdivision, and the escrowed obligations produce interest earnings sufficient for the full and timely payment of interest on, and principal of, the obligation.

(b) If the interest earnings from the escrowed Type I securities alone are not sufficient to guarantee the full repayment of an obligation, a promise of a State or a political subdivision possessing general powers of taxation to maintain a reserve fund for the timely payment of interest on, and principal of, the obligation may further support a guarantee of the full repayment of an obligation.

§ 1.130

Type II securities; guidelines for obligations issued for university and housing purposes.
(c) Obligation issued for housing purposes. An obligation issued for housing purposes may qualify as a Type II security if the security otherwise meets the criteria for a Type II security.

PART 2—SALES OF CREDIT LIFE INSURANCE

Sec.
2.1 Authority, purpose, and scope.
2.2 Definitions.
2.3 Distribution of credit life insurance income.
2.4 Bonus and incentive plans.
2.5 Bank compensation.

AUTHORITY: 12 U.S.C. 24 (Seventh), 93a, and 1818(n).

SOURCE: 61 FR 51781, Oct. 4, 1996, unless otherwise noted.

§ 2.1 Authority, purpose, and scope.

(a) Authority. A national bank may provide credit life insurance to loan customers pursuant to 12 U.S.C. 24 (Seventh).

(b) Purpose. The purpose of this part is to set forth the principles and standards that apply to a national bank’s provision of credit life insurance and the limitations that apply to the receipt of income from those sales by certain individuals and entities associated with the bank.

(c) Scope. This part applies to the provision of credit life insurance by any national bank employee, officer, director, or principal shareholder, and certain entities in which such persons own an interest of more than ten percent.

§ 2.2 Definitions.

(a) Bank means a national banking association or a bank located in the District of Columbia and subject to the supervision of the Comptroller of the Currency.

(b) Credit life insurance means credit life, health, and accident insurance, sometimes referred to as credit life and disability insurance, and mortgage life and disability insurance.

(c) Owning an interest includes:
   (1) Ownership through a spouse or minor child;
   (2) Ownership through a broker, nominee, or other agent; or
   (3) Ownership through any corporation, partnership, association, joint venture, or proprietorship, that is controlled by the director, officer, employee, or principal shareholder of the bank.

(d) Officer, director, employee, or principal shareholder includes the spouse and minor children of an officer, director, employee, or principal shareholder.

(e) Principal shareholder means any shareholder who directly or indirectly owns or controls an interest of more than ten percent of the bank’s outstanding voting securities.

§ 2.3 Distribution of credit life insurance income.

(a) Distribution of credit life insurance income by a national bank must be consistent with the requirements and principles of this section.

(b) It is an unsafe and unsound practice for any director, officer, employee, or principal shareholder of a national bank (including any entity in which this person owns an interest of more than ten percent), who is involved in the sale of credit life insurance to loan customers of the national bank, to take advantage of that business opportunity for personal profit. Recommendations to customers to buy insurance should be based on the benefits of the policy, not the commissions received from the sale.

(c) Except as provided in §§ 2.4 and 2.5(b), and paragraph (d) of this section, a director, officer, employee, or principal shareholder of a national bank, or an entity in which such person owns an interest of more than ten percent, may not retain commissions or other income from the sale of credit life insurance in connection with any loan made by that bank, and income from credit life insurance sales to loan customers must be credited to the income accounts of the bank.

(d) The requirements of paragraph (c) of this section do not apply to a director, officer, employee, or principal shareholder if:
   (1) The person is employed by a third party that has contracted with the bank on an arm's-length basis to sell financial products on bank premises; and
§ 3.2 Definitions.

For the purposes of this part:

(a) Adjusted total assets means the average total assets figure required to be computed for and stated in a bank’s most recent quarterly Consolidated Report of Condition and Income (Call Report) minus end-of-quarter intangible assets and deferred tax assets that are deducted from Tier 1 capital. The OCC reserves the right to require a bank to compute and maintain its capital ratios on the basis of actual, rather than
average, total assets when necessary to carry out the purposes of this part.

(b) Bank means a national banking association or District of Columbia Bank.

(c) Tier 1 capital means Tier 1 capital as determined according to section 2 of appendix A of this part, including the deductions described therein.

(d) Tier 2 capital means Tier 2 capital as determined according to section 2 of appendix A of this part, including the limitations described therein.

(e) Total capital means Total capital as determined according to section 1(25) and section 2 of appendix A of this part, including the deductions described therein.

[55 FR 38800, Sept. 21, 1990, as amended at 60 FR 7907, Feb. 10, 1995]

§ 3.3 Transitional rules.

Intangible assets, other than mortgage servicing rights, purchased prior to April 15, 1985, and accounted for in accordance with the instruction of the OCC, need not be deducted from Tier 1 capital until December 31, 1992. However, when combined with other qualifying intangible assets, these intangibles may not exceed 25 percent of Tier 1 capital. After December 31, 1992, only those intangible assets that meet the criteria contained in section 2(c)(2) of appendix A will not be deducted from Tier 1 capital.

[55 FR 38800, Sept. 21, 1990]

§ 3.4 Reservation of authority.

Notwithstanding the definitions of Tier 1 capital and Tier 2 capital in §3.2 (c) and (d), the OCC may find that a newly developed or modified capital instrument constitutes Tier 1 capital or Tier 2 capital, and may permit one or more banks to include all or a portion of funds obtained through such capital instruments as Tier 1 or Tier 2 capital, permanently or on a temporary basis, for the purposes of compliance with this part or for other purposes. Similarly, the OCC may find that a particular intangible asset need not be deducted from Tier 1 or Tier 2 capital. Conversely, the OCC may find that a particular intangible asset or Tier 1 or Tier 2 capital component has characteristics or terms that diminish its contribution to a bank’s ability to absorb losses, and may require the deduction of this component from the computation of Tier 1 or Tier 2 capital.

[55 FR 38800, Sept. 21, 1990]

Subpart B—Minimum Capital Ratios

§ 3.5 Applicability.

This subpart is applicable to all banks unless the Office determines, pursuant to the procedures set forth in subpart C, that different minimum capital ratios are appropriate for an individual bank based upon its particular circumstances, or unless different minimum capital ratios have been established or are established for an individual bank in a written agreement or a temporary or final order pursuant to 12 U.S.C. 1818 (b) or (c), or as a condition for approval of an application.

§ 3.6 Minimum capital ratios.

(a) Risk-based capital ratio. All national banks must have and maintain the minimum risk-based capital ratio as set forth in appendix A (and, for certain banks, in appendix B).

(b) Total assets leverage ratio. All national banks must have and maintain Tier 1 capital in an amount equal to at least 3.0 percent of adjusted total assets.

(c) Additional leverage ratio requirement. An institution operating at or near the level in paragraph (b) of this section should have well-diversified risks, including no undue interest rate risk exposure; excellent control systems; good earnings; high asset quality; high liquidity; and well managed on- and off-balance sheet activities; and in general be considered a strong banking organization, rated composite 1 under the Uniform Financial Institutions Rating System (CAMELS) rating system of banks. For all but the most highly-rated banks meeting the conditions set forth in this paragraph (c), the minimum Tier 1 leverage ratio is 4
percent. In all cases, banking institutions should hold capital commensurate with the level and nature of all risks.

§ 3.7 Plan to achieve minimum capital ratios.

Effective December 31, 1990, any bank having capital ratios less than the minimums required under §3.6 (a) and (b) shall, within 60 days, submit to the OCC a plan describing the means and schedule by which the bank shall achieve the applicable minimum capital ratios. The plan may be considered acceptable unless the bank is notified to the contrary by the OCC. A bank in compliance with an acceptable plan to achieve the applicable minimum capital ratios will not be deemed to be in violation of §3.6.

[55 FR 38800, Sept. 21, 1990]

§ 3.8 Reservation of authority.

When, in the opinion of the Office the circumstances so require, a bank may be authorized to have less than the minimum capital ratios in §3.6 during a time period specified by the Office.

§ 3.9 Purpose and scope.

The rules and procedures specified in this subpart are applicable to a proceeding to establish required minimum capital ratios that would otherwise be applicable to a bank under §3.6. The OCC is authorized under 12 U.S.C. 3907 (a)(2) to establish such minimum capital requirements for a bank as the OCC, in its discretion, deems appropriate in light of the particular circumstances at that bank. Proceedings under this subpart also may be initiated to require a bank having capital ratios above those set forth in §3.6, or other legal authority to continue to maintain those higher ratios.

[55 FR 38800, Sept. 21, 1990]

§ 3.10 Applicability.

The OCC may require higher minimum capital ratios for an individual bank in view of its circumstances. For example, higher capital ratios may be appropriate for:

(a) A newly chartered bank;
(b) A bank receiving special supervisory attention;
(c) A bank that has, or is expected to have, losses resulting in capital inadequacy;
(d) A bank with significant exposure due to the risks from concentrations of credit, certain risks arising from nontraditional activities, or management’s overall inability to monitor and control financial and operating risks presented by concentrations of credit and nontraditional activities;
(e) A bank with significant exposure to declines in the economic value of its capital due to changes in interest rates;
(f) A bank with significant exposure due to fiduciary or operational risk;
(g) A bank exposed to a high degree of asset depreciation, or a low level of liquid assets in relation to short term liabilities;
(h) A bank exposed to a high volume or, or particularly severe, problem loans;
(i) A bank that is growing rapidly, either internally or through acquisitions; or
(j) A bank that may be adversely affected by the activities or condition of its holding company, affiliate(s), or other persons or institutions including chain banking organizations, with which it has significant business relationships.

[60 FR 39493, Aug. 2, 1995]

§ 3.11 Standards for determination of appropriate individual minimum capital ratios.

The appropriate minimum capital ratios for an individual bank cannot be determined solely through the application of a rigid mathematical formula or wholly objective criteria. The decision is necessarily based in part on subjective judgment grounded in agency expertise. The factors to be considered in the determination will vary in each case and may include, for example:
§ 3.12 Procedures.

(a) Notice. When the OCC determines that minimum capital ratios above those set forth in §3.6 or other legal authority are necessary or appropriate for a particular bank, the OCC will notify the bank in writing of the proposed minimum capital ratios and the date by which they should be reached (if applicable) and will provide an explanation of why the ratios proposed are considered necessary or appropriate for the bank.

(b) Response. (1) The bank may respond to any or all of the items in the notice. The response should include any matters which the bank would have the Office consider in deciding whether individual minimum capital ratios should be established for the bank, what those capital ratios should be, and, if applicable, when they should be achieved. The response must be in writing and delivered to the designated OCC official within 30 days after the date on which the bank received the notice. The Office may shorten the time period when, in the opinion of the Office, the condition of the bank so requires, provided that the bank is informed promptly of the new time period, or with the consent of the bank. In its discretion, the Office may extend the time period for good cause.

(2) Failure to respond within 30 days or such other time period as may be specified by the Office shall constitute a waiver of any objections to the proposed minimum capital ratios or the deadline for their achievement.

(c) Decision. After the close of the bank’s response period, the Office will decide, based on a review of the bank’s response and other information concerning the bank, whether individual minimum capital ratios should be established for the bank and, if so, the ratios and the date the requirements will become effective. The bank will be notified of the decision in writing. The notice will include an explanation of the decision, except for a decision not to establish individual minimum capital requirements for the bank.

(d) Submission of plan. The decision may require the bank to develop and submit to the Office, within a time period specified, an acceptable plan to reach the minimum capital ratios established for the bank by the date required.

(e) Change in circumstances. If, after the Office’s decision in paragraph (c) of this section, there is a change in the circumstances affecting the bank’s capital adequacy or its ability to reach the required minimum capital ratios by the specified date, either the bank or the Office may propose to the other a change in the minimum capital ratios for the bank, the date when the minimums must be achieved, or the bank’s plan (if applicable). The Office may decline to consider proposals that are not based on a significant change in circumstances or are repetitive or frivolous. Pending a decision on reconsideration, the Office’s original decision and any plan required under that decision shall continue in full force and effect.

B of this part, in a decision pursuant to subpart C of this part, in a written agreement or temporary or final order under 12 U.S.C. 1818 (b) or (c), or in a condition for approval of an application, or a bank that has failed to submit or comply with an acceptable plan to attain those ratios, will be subject to such administrative action or sanctions as the OCC considers appropriate. These sanctions may include the issuance of a Directive pursuant to subpart E of this part or other enforcement action, assessment of civil money penalties, and/or the denial, conditioning, or revocation of applications. A national bank’s failure to achieve or maintain minimum capital ratios in §3.6 (a) or (b) may also be the basis for an action by the Federal Deposit Insurance Corporation to terminate federal deposit insurance. See 12 CFR 325.4.

[55 FR 38801, Sept. 21, 1990]

Subpart E—Issuance of a Directive

§3.15 Purpose and scope.

This subpart is applicable to proceedings by the Office to issue a directive under 12 U.S.C. 3907(b)(2). A directive is an order issued to a bank that does not have or maintain capital at or above the minimum ratios set forth in §3.6, or established for the bank under subpart C, by a written agreement under 12 U.S.C. 1818(b), or as a condition for approval of an application. A directive may order the bank to:

(a) Achieve the minimum capital ratios applicable to it by a specified date;
(b) Adhere to a previously submitted plan to achieve the applicable capital ratios;
(c) Submit and adhere to a plan acceptable to the Office describing the means and time schedule by which the bank shall achieve the applicable capital ratios;
(d) Take other action, such as reduction of assets or the rate of growth of assets, or restrictions on the payment of dividends, to achieve the applicable capital ratios; or
(e) A combination of any of these or similar actions.

A directive issued under this rule, including a plan submitted under a directive, is enforceable in the same manner and to the same extent as an effective and outstanding cease and desist order which has become final as defined in 12 U.S.C. 1818(k). Violation of a directive may result in assessment of civil money penalties in accordance with 12 U.S.C. 3909(d).

§3.16 Notice of intent to issue a directive.

The Office will notify a bank in writing of its intention to issue a directive. The notice will state:
(a) Reasons for issuance of the directive; and
(b) The proposed contents of the directive.

§3.17 Response to notice.

(a) A bank may respond to the notice by stating why a directive should not be issued and/or by proposing alternative contents for the directive. The response should include any matters which the bank would have the Office consider in deciding whether to issue a directive and/or what the contents of the directive should be. The response may include a plan for achieving the minimum capital ratios applicable to the bank. The response must be in writing and delivered to the designated OCC official within 30 days after the date on which the bank received the notice. The Office may shorten the 30-day time period:
(1) When, in the opinion of the Office, the condition of the bank so requires, provided that the bank shall be informed promptly of the new time period;
(2) With the consent of the bank; or
(3) When the bank already has advised the Office that it cannot or will not achieve its applicable minimum capital ratios. In its discretion, the Office may extend the time period for good cause.

(b) Failure to respond within 30 days or such other time period as may be specified by the Office shall constitute a waiver of any objections to the proposed directive.

§3.18 Decision.

After the closing date of the bank’s response period, or receipt of the bank’s response, if earlier, the Office will consider the bank’s response, and
may seek additional information or clarification of the response. Thereafter, the Office will determine whether or not to issue a directive, and if one is to be issued, whether it should be as originally proposed or in modified form.

§ 3.19 Issuance of a directive.
(a) A directive will be served by delivery to the bank. It will include or be accompanied by a statement of reasons for its issuance.
(b) A directive is effective immediately upon its receipt by the bank, or upon such later date as may be specified therein, and shall remain effective and enforceable until it is stayed, modified, or terminated by the Office.

§ 3.20 Change in circumstances.
Upon a change in circumstances, a bank may request the Office to reconsider the terms of its directive or may propose changes in the plan to achieve the bank’s applicable minimum capital ratios. The Office also may take such action on its own motion. The Office may decline to consider requests or proposals that are not based on a significant change in circumstances or are repetitive or frivolous. Pending a decision on reconsideration, the directive and plan shall continue in full force and effect.

§ 3.21 Relation to other administrative actions.
A directive may be issued in addition to, or in lieu of, any other action authorized by law, including cease and desist proceedings, civil money penalties, or the conditioning or denial of applications. The Office also may, in its discretion, take any action authorized by law, in lieu of a directive, in response to a bank’s failure to achieve or maintain the applicable minimum capital ratios.

INTERPRETATIONS

§ 3.100 Capital and surplus.
For purposes of determining statutory limits that are based on the amount of bank’s capital and/or surplus, the provisions of this section are to be used, rather than the definitions of capital contained in §3.2.

(a) Capital. The term capital as used in provisions of law relating to the capital of national banking associations shall include the amount of common stock outstanding and unimpaired plus the amount of perpetual preferred stock outstanding and unimpaired.

(b) Capital Stock. The term capital stock as used in provisions of law relating to the capital stock of national banking associations, other than 12 U.S.C. 101, 177 and 178, shall have the same meaning as the term capital set forth in paragraph (a) of this section.

(c) Surplus. The term surplus as used in provisions of law relating to the surplus of national banking associations means the sum of paragraphs (c) (1), (2), (3) and (4) of this section:
(1) Capital surplus; undivided profits; reserves for contingencies and other capital reserves (excluding accrued dividends on perpetual and limited life preferred stock); net worth certificates issued pursuant to 12 U.S.C. 1823(i); minority interests in consolidated subsidiaries; and allowances for loan and lease losses; minus intangible assets;
(2) Mortgage servicing assets;
(3) Mandatory convertible debt to the extent of 20% of the sum of paragraphs (a) and (c) (1) and (2) of this section;
(4) Other mandatory convertible debt, limited life preferred stock and subordinated notes and debentures to the extent set forth in paragraph (f)(2) of this section.

(d) Unimpaired Surplus Fund. The term unimpaired surplus fund as used in provisions of law relating to the unimpaired surplus fund of national banking associations shall have the same meaning as the term surplus set forth in paragraph (c) of this section.

(e) Definitions. (1) Allowance for loan and lease losses means the balance of the valuation reserve on December 31, 1968, plus additions to the reserve charged to operations since that date, less losses charged against the allowance net of recoveries.
(2) Capital surplus means the total of those accounts reflecting:
(i) Amounts paid in in excess of the par or stated value of capital stock;
(ii) Amounts contributed to the bank other than for capital stock;
(iii) amounts transferred from undivided profits pursuant to 12 U.S.C. 60; and
(iv) Other amounts transferred from undivided profits.

(3) **Intangible assets** means those purchased assets that are to be reported as intangible assets in accordance with the Instructions—Consolidated Reports of Condition and Income (Call Report).

(4) **Limited Life preferred stock** means preferred stock which has a maturity or which may be redeemed at the option of the holder.

(5) **Mandatory convertible debt** means subordinated debt instruments which unqualifiedly require the issuer to exchange either common or perpetual preferred stock for such instruments by a date at or before the maturity of the instrument. The maturity of these instruments must be 12 years or less. In addition, the instrument must meet the requirements of paragraphs (f)(1)(i) through (v) of this section for subordinated notes and debentures or other requirements published by the OCC.

(6) **Minority interest in consolidated subsidiaries** means the portion of equity capital accounts of all consolidated subsidiaries of the bank that is allocated to minority shareholders of such subsidiaries.

(7) **Mortgage servicing assets** means the bank-owned rights to service for a fee mortgage loans that are owned by others.

(8) **Perpetual preferred stock** means preferred stock that does not have a stated maturity date and cannot be redeemed at the option of the holder.

(i) **Requirements and restrictions:** Limited life preferred stock, mandatory convertible debt, and other subordinated debt—(1) **Requirements.** Issues of limited life preferred stock and subordinated notes and debentures (except mandatory convertible debt) shall have original weighted average maturities of at least five years to be included in the definition of surplus. In addition, a subordinated note or debenture must also:

   (i) Be subordinated to the claims of depositors;
   (ii) State on the instrument that it is not a deposit and is not insured by the FDIC;
   (iii) Be unsecured;

   (iv) Be ineligible as collateral for a loan by the issuing bank;
   (v) Provide that once any scheduled payments of principal begin, all scheduled payments shall be made at least annually and the amount repaid in each year shall be no less than in the prior year; and
   (vi) Provide that no prepayment (including payment pursuant to an acceleration clause or redemption prior to maturity) shall be made without prior OCC approval unless the bank remains an eligible bank, as defined in 12 CFR 5.3(g), after the prepayment.

(2) **Restrictions.** The total amount of mandatory convertible debt not included in paragraph (c)(3) of this section, limited life preferred stock, and subordinated notes and debentures considered as surplus is limited to 50 percent of the sum of paragraphs (a) and (c) (1), (2) and (3) of this section.

(3) **Reservation of authority.** The OCC expressly reserves the authority to waive the requirements and restrictions set forth in paragraphs (f) (1) and (2) of this section, in order to allow the inclusion of other limited life preferred stock, mandatory convertible notes and subordinated notes and debentures in the capital base of any national bank for capital adequacy purposes or for purposes of determining statutory limits. The OCC further expressly reserves the authority to impose more stringent conditions than those set forth in paragraphs (f) (1) and (2) of this section to exclude any component of Tier 1 or Tier 2 capital, in whole or in part, as part of a national bank’s capital and surplus for any purpose.

(g) **Transitional rules.** (1) Equity commitment notes approved by the OCC as capital and issued prior to April 15, 1985, may continue to be included in paragraph (c)(3) of this section. All other instruments approved by the OCC as capital and issued prior to April 15, 1985, are to be included in paragraph (c)(4) of this section.

(2) **Intangible assets (other than mortgage servicing assets)** purchased prior to April 15, 1985, and accounted for in accordance with OCC instructions, may continue to be included as
surplus up to 25% of the sum of paragraphs (a) and (c)(1) of this section.

(Approved by the Office of Management and Budget under control number 1577-0166)

APPENDIX A TO PART 3—RISK-BASED CAPITAL GUIDELINES

Section 1. Purpose, Applicability of Guidelines, and Definitions.

(a) Purpose. (1) An important function of the Office of the Comptroller of the Currency (OCC) is to evaluate the adequacy of capital maintained by each national bank. Such an evaluation involves the consideration of numerous factors, including the riskiness of a bank's assets and off-balance sheet items. This appendix A implements the OCC's risk-based capital guidelines. The risk-based capital ratio derived from those guidelines is more systematically sensitive to the credit risk associated with various bank activities than is a capital ratio based strictly on a bank's total balance sheet assets. A bank's risk-based capital ratio is obtained by dividing its capital base (as defined in section 2 of this appendix A) by its risk-weighted assets (as calculated pursuant to section 3 of this appendix A). These guidelines were created within the framework established by the report issued by the Committee on Banking Regulations and Supervisory Practices in July 1988. The OCC believes that the risk-based capital ratio is a useful tool in evaluating the capital adequacy of all national banks, not just those that are active in the international banking system.

(b) Applicability. (1) The risk-based capital ratio derived from these guidelines is an important factor in the OCC's evaluation of a bank's capital adequacy. However, since this measure addresses only credit risk, the 8% minimum ratio should not be viewed as the level to be targeted, but rather as a floor. The final supervisory judgment on a bank's capital adequacy is based on an individualized assessment of numerous factors, including those listed in 12 CFR 3.10. With respect to the consideration of these factors, the OCC will give particular attention to any bank with significant exposure to declines in the economic value of its capital due to changes in interest rates. As a result, it may differ from the conclusion drawn from an isolated comparison of a bank's risk-based capital ratio to the 8% minimum specified in these guidelines. In addition to the standards established by these risk-based capital guidelines, all national banks must maintain a minimum capital-to-total assets ratio in accordance with the provisions of 12 CFR part 3.

(2) Effective December 31, 1990, these risk-based capital guidelines will apply to all national banks. In the interim, banks must maintain minimum capital-to-total assets ratios as required by 12 CFR part 3, and should begin preparing for the implementation of these risk-based capital guidelines. In this regard, each national bank that does not currently meet the final minimum ratio established in section 4(b)(1) of this appendix A should begin planning for achieving that standard.

(3) These risk-based capital guidelines will not be applied to federal branches and agencies of foreign banks.

(c) Definitions. For purposes of this appendix A, the following definitions apply:

(1) Allowances for loan and lease losses means the balance of the valuation reserve on December 31, 1988, plus additions to the reserve charged to operations since that date, less losses charged against the allowance net of recoveries.

(2) Associated company means any corporation, partnership, business trust, joint venture, association or similar organization in which a national bank directly or indirectly holds a 20 to 50 percent ownership interest.

(3) Banking and finance subsidiary means any subsidiary of a national bank that engages in banking- and finance-related activities.

(4) Cash items in the process of collection means checks or drafts in the process of collection that are drawn on another depository institution, including a central bank, and that are payable immediately upon presentation in the United States Treasury or any other U.S. Government checks that are drawn on the United States Treasury or any other U.S. Government or Government-sponsored agency and that are payable immediately upon presentation; broker's security drafts and commodity or bill-of-lading drafts payable immediately upon presentation in the United States or the country in which the reporting bank's office that is handling the drafts is located; and unposted debits.

(5) Central government means the national governing authority of a country; it includes...
the departments, ministries and agencies of the central government and the central bank. The U.S. Central Bank includes the 12 Federal Reserve Banks. The definition of central government does not include the following: State, provincial, or local governments; commercial enterprises owned by the central government, which are entities engaged in activities involving trade, commerce, or profit that are generally conducted or performed in the private sector of the United States economy; and non-central government entities whose obligations are guaranteed by the central government.

(6) **Commitment** means any arrangement that obligates a national bank to: (i) Purchase loans or securities; or (ii) extend credit in the form of loans or leases, participations in loans or leases, overdraft facilities, revolving credit facilities, or similar transactions.

(7) **Common stockholders’ equity** means common stock, common stock surplus, undivided profits, capital reserves, and adjustments for the cumulative effect of foreign currency translation, less net unrealized holding losses on available-for-sale equity securities with readily determinable fair values.

(8) **Conditional guarantee** means a contingent obligation of the United States Government or its agencies, or the central government of an OECD country, the validity of which to the beneficiary is dependent upon some affirmative action—e.g., servicing requirements—on the part of the beneficiary of the guarantee or a third party.

(9) **Deferred tax assets** means the tax consequences attributable to tax carryforwards and deductible temporary differences. Tax carryforwards are deductions or credits that cannot be used for tax purposes during the current period, but can be carried forward to reduce taxable income or taxes payable in a future period or periods. Temporary differences are financial events or transactions that are recognized in one period for financial statement purposes, but are recognized in another period or periods for income tax purposes. Deductible temporary differences are temporary differences that result in a reduction of taxable income in a future period or periods.

(10) **Derivative contract** means generally a financial contract whose value is derived from the values of one or more underlying assets, reference rates or indexes of asset values. Derivative contracts include interest rate, foreign exchange rate, equity, precious metals and commodity contracts, or any other instrument that poses similar credit risks.

(11) **Depository institution** means a financial institution that engages in the business of banking; that is recognized as a bank by the bank supervisory or monetary authorities of the country of its incorporation and the country of its principal banking operations; that receives deposits to a substantial extent in the regular course of business; and that has the power to accept demand deposits. In the U.S., this definition encompasses all federally insured offices of commercial banks, mutual and stock savings banks, savings or building and loan associations (stock and mutual), cooperative banks, credit unions, and international banking facilities of domestic depository institution. Bank holding companies are excluded from this definition. For the purposes of assigning risk weights, the differentiation between OECD depository institutions and non-OECD depository institutions is based on the country of incorporation. Claims on branches and agencies of foreign banks located in the United States are to be categorized on the basis of the parent bank’s country of incorporation.

(12) **Exchange rate contracts** include: Cross-currency interest rate swaps; forward foreign exchange rate contracts; currency options purchased; and any similar instrument that, in the opinion of the OCC, gives rise to similar risks.

(13) **Goodwill** means an intangible asset that represents the excess of the purchase price over the fair market value of tangible and identifiable intangible assets acquired in purchases accounted for under the purchase method of accounting.

(14) **Intangible assets** include mortgage and non-mortgage servicing assets (but exclude any interest only (IO) strips receivable related to these mortgage and non-mortgage servicing assets), purchased credit card relationships, goodwill, favorable leaseholds, and core deposit value.

(15) **Interest rate contracts** include: Single currency interest rate swaps; basis swaps; forward rate agreements; interest rate options purchased; forward forward deposits accepted; and any similar instrument that, in the opinion of the OCC, gives rise to similar risks, including when-issued securities.

(16) **Multifamily residential property** means any residential property consisting of five or more dwelling units including apartment buildings, condominiums, cooperatives, and other similar structures primarily for residential use, but not including hospitals, nursing homes, or other similar facilities.

(17) The OECD-based group of countries comprises all full members of the Organization for Economic Cooperation and Development (OECD) regardless of entry date, as well as countries that have concluded special lending arrangements with the International Monetary Fund (IMF) associated with the IMF’s General Arrangements to Borrow, but

---

1 As of November 1995, the OECD included the following countries: Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Continued
excludes any country that has rescheduled its external sovereign debt within the previous five years. These countries are herein-after referred to as OECD countries. A rescheduling of external sovereign debt generally would include any renegotiation of terms arising from a country’s inability or unwillingness to meet its external debt service obligations, but generally would not include renegotiations of debt in the normal course of business, such as a renegotiation to allow the borrower to take advantage of a decline in interest rates or other change in market conditions.

(18) Original maturity means, with respect to a commitment, the earliest possible date after a commitment is made on which the commitment is scheduled to expire (i.e., it will reach its stated maturity and cease to be binding on either party), provided that either:

(i) The commitment is not subject to extension or renewal and will actually expire on its stated expiration date; or

(ii) If the commitment is subject to extension or renewal beyond its stated expiration date, the stated expiration date will be deemed the original maturity only if the extension or renewal must be based upon terms and conditions independently negotiated in good faith with the customer at the time of the extension or renewal and upon a new, bona fide credit analysis utilizing current information on financial condition and trends.

(19) Preferred stock includes the following instruments: (i) Convertible preferred stock, which means preferred stock that is mandatorily convertible into either common or perpetual preferred stock; (ii) Intermediate-term preferred stock, which means preferred stock with an original maturity of at least five years, but less than 20 years; (iii) Long-term preferred stock, which means preferred stock with an original maturity of 20 years or more; and (iv) Perpetual preferred stock, which means preferred stock without a fixed maturity date that cannot be redeemed at the option of the holder, and that has no other provisions that will require future redemption of the issue. For purposes of these instruments, preferred stock that can be redeemed at the option of the holder is deemed to have an original maturity of the earliest possible date on which it may be so redeemed.

(20) Public-sector entities include states, local authorities and governmental subdivisions below the central government level in Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Portugal, Spain, Sweden, Switzerland, Turkey, the United Kingdom, and the United States; and Saudi Arabia had concluded special lending arrangements with the IMF associated with the IMF’s General Arrangements to Borrow, an OECD country. In the United States, this definition encompasses a state, county, city, town, or other municipal corporation, a public authority, and generally any publically-owned entity that is an instrumentality of a state or municipal corporation. This definition does not include commercial companies owned by the public sector.21

(21) Reciprocal holdings of bank capital instruments means cross-holdings or other formal or informal arrangements in which two or more banking organizations swap, exchange, or otherwise agree to hold each other’s capital instruments. This definition does not include holdings of capital instruments issued by other banking organizations that were taken in satisfaction of debts previously contracted, provided that the reporting national bank has not held such instruments for more than five years or a longer period approved by the OCC.

(22) Replacement cost means, with respect to interest rate and exchange rate contracts, the loss that would be incurred in the event of a counterparty default, as measured by the net cost of replacing the contract at the current market value. If default would result in a theoretical profit, the replacement value is considered to be zero. The mark-to-market process should incorporate changes in both interest rates and counterparty credit quality.

(23) Residential properties means houses, condominiums, cooperative units, and manufactured homes. This definition does not include boats or motor homes, even if used as a primary residence.

(24) Risk-weighted assets means the sum of total risk-weighted balance sheet assets and the total of risk-weighted off-balance sheet credit equivalent amounts. Risk-weighted balance sheet and off-balance sheet assets are calculated in accordance with section 3 of this appendix A.

(25) State means any one of the several states of the United States of America, the District of Columbia, Puerto Rico, and the territories and possessions of the United States.

(26) Subsidiary means any corporation, partnership, business trust, joint venture, association or similar organization in which a national bank directly or indirectly holds more than a 50% ownership interest. This definition does not include ownership interests that were taken in satisfaction of debts previously contracted, provided that the reporting bank has not held the interest for more than five years or a longer period approved by the OCC.

21 See Definition (5), Central government, for further explanation of commercial companies owned by the public sector.
Comptroller of the Currency, Treasury

(27) **Total capital** means the sum of a national bank's core (Tier 1) and qualifying supplementary (Tier 2) capital elements.

(28) **Unconditionally cancelable** means, with respect to a commitment-type lending arrangement, that the bank may, at any time, with or without cause, refuse to advance funds or extend credit under the facility. In the case of home equity lines of credit, the bank is deemed able to unconditionally cancel the commitment if it can, at its option, prohibit additional extensions of credit, reduce the line, and terminate the commitment to the full extent permitted by relevant Federal law.

(29) **United States Government or its agencies** means an instrumentality of the U.S. Government whose debt obligations are fully and explicitly guaranteed as to the timely payment of principal and interest by the full faith and credit of the United States Government.

(30) **United States Government-sponsored agency** means an agency originally established or chartered to serve public purposes specified by the United States Congress, but whose obligations are not explicitly guaranteed as to the timely payment of principal and interest by the full faith and credit of the United States Government.

(31) **Walkaway clause** means a provision in a bilateral netting contract that permits a nondefaulting counterparty to make a lower payment than it would make otherwise under the bilateral netting contract, or no payment at all, to a defaulter or the estate of a defaulter, even if the defaulter or the estate of the defaulter is a net creditor under the bilateral netting contract.

**Section 2. Components of Capital.**

A national bank's qualifying capital base consists of two types of capital—core (Tier 1) and supplementary (Tier 2).

(a) **Tier 1 Capital.** The following elements comprise a national bank's Tier 1 capital:

(1) Common stockholders' equity;

(2) Noncumulative perpetual preferred stock and related surplus; and

(3) Minority interests in the equity accounts of consolidated subsidiaries.

(b) **Tier 2 Capital.** The following elements comprise a national bank's Tier 2 capital:

(1) Allowance for loan and lease losses, up to a maximum of 1.25% of risk-weighted assets,

subject to the transition rules in section 4(a)(2) of this appendix A;

(2) Cumulative perpetual preferred stock, long-term preferred stock, convertible preferred stock, and any related surplus, without limit, if the issuing national bank has the option to defer payment of dividends on these instruments. For long-term preferred stock, the amount that is eligible to be included as Tier 2 capital is reduced by 20% of the original amount of the instrument (net of redemptions) at the beginning of each of the last five years of the life of the instrument;

(3) Hybrid capital instruments, without limit. Hybrid capital instruments are those instruments that combine certain characteristics of debt and equity, such as perpetual debt. To be included as Tier 2 capital, these instruments must meet the following criteria:

(i) The instrument must be unsecured, subordinated to the claims of depositors and general creditors, and fully paid-up.

(ii) The instrument must not be redeemable at the option of the holder prior to maturity, except with the prior approval of the OCC.

(iii) The instrument must be available to participate in losses while the issuer is operating as a going concern (in this regard, the instrument must automatically convert to common stock or perpetual preferred stock, if the sum of the retained earnings and capital surplus accounts of the issuer shows a negative balance); and

(iv) The instrument must provide the option for the issuer to defer principal and interest payments, if

(A) The issuer does not report a net profit for the most recent combined four quarters, and

2Preferred stock issues where the dividend is reset periodically based upon current market conditions and the bank's current credit rating, including but not limited to, auction rate, money market or remarketable preferred stock, are assigned to Tier 2 capital, regardless of whether the dividends are cumulative or noncumulative.

3The amount of the allowance for loan and lease losses that may be included in capital is based on a percentage of risk-weighted assets. The gross sum of risk-weighted assets used in this calculation includes all risk-weighted assets, with the exception of the assets required to be deducted under section 3 in establishing risk-weighted assets (i.e., the assets required to be deducted from capital under section 2(c)) of this appendix. A banking organization may deduct reserves for loan and lease losses in excess of the amount permitted to be included as capital, as well as allocated transfer risk reserves and reserves held against other real estate owned, from the gross sum of risk-weighted assets in computing the denominator of the risk-based capital ratio.

4Mandatory convertible debt instruments that meet the requirements of 12 CFR 3.100(e)(5), or that have been previously approved as capital by the OCC, are treated as qualifying hybrid capital instruments.
readily determinable fair values.\textsuperscript{5} Unrealized available-for-sale equity securities with actualized holding gains (that is, the excess, if any, of the fair value over historical cost) on available-for-sale equity securities with readily determinable fair values.\textsuperscript{5} Unrealized gains (losses) on other types of assets, such as bank premises and available-for-sale debt securities, are not included in Tier 2 capital, but the OCC may take these unrealized gains (losses) into account as additional factors when assessing a bank’s overall capital adequacy.

(c) Deductions from Capital. The following items are deducted from the appropriate portion of a national bank’s capital base when calculating its risk-based capital ratio:

1. Goodwill;
2. Other intangible assets, except as provided in section 2(c)(2) of this appendix A; and
3. Deferred tax assets, except as provided in section 2(c)(3) of this appendix A, that are dependent upon future taxable income, which exceed the lesser of:
   (A) The amount of deferred tax assets that the bank could reasonably expect to realize within one year of the quarter-end Call Report, based on its estimate of future taxable income for that year; or
   (B) 10\% of Tier 1 capital, net of goodwill and all intangible assets other than mortgage servicing assets, non-mortgage servicing assets, and purchased credit card relationships, and before any disallowed deferred tax assets are deducted.

(2) Qualifying intangible assets. Subject to the following conditions, mortgage servicing assets, non-mortgage servicing assets\textsuperscript{6} and purchased credit card relationships need not be deducted from Tier 1 capital:

1. The total of all intangible assets that are included in Tier 1 capital is limited to 100 percent of Tier 1 capital, of which no more than 25 percent of Tier 1 capital can consist of mortgage servicing assets and mortgage servicing assets in the aggregate. Calculation of these limitations must be based on Tier 1 capital net of goodwill and all identifiable intangible assets, other than mortgage servicing assets, non-mortgage servicing assets and purchased credit card relationships.

2. Banks must value each intangible asset included in Tier 1 capital at least quarterly at the lesser of:
   (A) 90 percent of the fair value of each intangible asset, determined in accordance with section 2(c)(2)(ii) of this appendix A; or
   (B) 10\% of the remaining unamortized book value.

3. The quarterly determination of the current fair value of the intangible asset must include adjustments for any significant changes in original valuation assumptions, including changes in prepayment estimates.

4. Banks may elect to deduct disallowed servicing assets on a basis that is net of any associated deferred tax liability. Deferred tax liabilities netted in this manner cannot also be netted against deferred tax assets when determining the amount of deferred tax assets that are dependent upon future taxable income.

(3) Deferred tax assets—(1) Net unrealized gains and losses on available-for-sale securities. Before calculating the amount of deferred tax assets subject to the limit in section 2(c)(1)(iii) of this appendix A, a bank may eliminate the deferred tax effects of any net unrealized holding gains and losses on available-for-sale debt securities. Banks report these net unrealized holding gains and losses in their Call Reports as a separate component of equity capital, but exclude any IO strips receivable related to these mortgage and non-mortgage servicing assets. See section 1(c)(14) of this appendix A. Consequently, IO strips receivable related to mortgage and non-mortgage servicing assets are not required to be deducted under section 2(c)(2) of this appendix A. However, these IO strips receivable are subject to a 100 percent risk weight under section 3(a)(4) of this appendix A.

\textsuperscript{5}The OCC reserves the authority to exclude all or a portion of unrealized gains from Tier 2 capital if the OCC determines that the equity securities are not prudently valued.

\textsuperscript{6}Intangible assets are defined to exclude any IO strips receivable related to these mortgage and non-mortgage servicing assets. See section 1(c)(14) of this appendix A. Consequently, IO strips receivable related to mortgage and non-mortgage servicing assets are not required to be deducted under section 2(c)(2) of this appendix A. However, these IO strips receivable are subject to a 100 percent risk weight under section 3(a)(4) of this appendix A.
them from the definition of common stockholders’ equity for regulatory capital purposes. A bank that adopts a policy to deduct these amounts must apply that approach consistently in all future calculations of the amount of disallowed deferred tax assets under section 2(c)(1)(iii) of this appendix A.

(ii) Consolidated groups. The amount of deferred tax assets that a bank can realize from taxes paid in prior carryback years and from reversals of existing taxable temporary differences generally would not be deducted from capital. However, for a bank that is a member of a consolidated group (for tax purposes), the amount of carryback potential a bank may consider in calculating the limit on deferred tax assets under section 2(c)(1)(ii) of this appendix A, may not exceed the amount that the bank could reasonably expect to have refunded by its parent holding company.

(ii) Nontaxable Purchase Business Combination. In calculating the amount of net deferred tax assets under section 2(c)(1)(i) of this appendix A, a deferred tax liability that is specifically associated with an intangible asset (other than purchased mortgage servicing rights and purchased credit card relationships) due to a nontaxable purchase business combination may be netted against that intangible asset. Only the net amount of the intangible asset must be deducted from Tier 1 capital. Deferred tax liabilities netted in this manner cannot also be netted against deferred tax assets when determining the amount of net deferred tax assets that are dependent upon future taxable income.

(iv) Estimated future taxable income. Estimated future taxable income does not include net operating loss carryforwards to be used during that year or the amount of existing temporary differences expected to reverse within the year. A bank may use future taxable income projections for their closest fiscal year, provided it adjusts the projections for any significant changes that occur or that it expects to occur. Such projections must include the estimated effect of tax planning strategies that the bank expects to implement to realize net operating losses or tax credit carryforwards that will otherwise expire during the year.

(4) Deductions from total capital. The following items are deducted from total capital:

(i) Investments, both equity and debt, in unconsolidated banking and finance subsidiaries that are deemed to be capital of the subsidiary;

(ii) Reciprocal holdings of bank capital instruments.

The OCC may require deduction of investments in other subsidiaries and associated companies, on a case-by-case basis.

Section 3, Risk Categories/Weights for On-Balance Sheet Assets and Off-Balance Sheet Items

The denominator of the risk-based capital ratio, i.e., a national bank’s risk-weighted assets, is derived by assigning that bank’s assets and off-balance sheet items to one of the four risk categories detailed in section 3(a) of this appendix A. Each category has a specific risk weight. Before a particular on-balance sheet item is assigned a risk weight, it is converted to an on-balance sheet credit equivalent amount in accordance with section 3(b) of this appendix A. The risk weight assigned to a particular asset or on-balance sheet credit equivalent amount determines the percentage of that asset/credit equivalent that is included in the denominator of the bank’s risk-based capital ratio. Any asset deducted from a bank’s capital in computing the numerator of the risk-based capital ratio is not included as part of the bank’s risk-weighted assets.

Some of the assets on a bank’s balance sheet may represent an indirect holding of a pool of assets, e.g., mutual funds, that encompasses more than one risk weight within the pool. In those situations, the bank may assign the asset to the risk category applicable to the highest risk-weighted asset that pool is permitted to hold pursuant to its stated investment objectives in the fund’s prospectus. Alternatively, the bank may assign the asset on a pro rata basis to different risk categories according to the investment limits in the fund’s prospectus. In either case, the minimum risk weight that may be assigned to such a pool is 20%. If a bank assigns the asset on a pro rata basis, and the sum of the investment limits in the fund’s prospectus exceeds 100%, the bank must assign the highest pro rata amounts of its total investment to the higher risk category. If, in order to maintain a necessary degree of liquidity, the fund is permitted to hold an insignificant amount of its assets in short-term, highly-liquid securities of superior credit quality (that do not qualify for a preferential risk weight), such securities generally will not be taken into account in determining the risk category into which the bank’s holding in the overall pool should be assigned. The prudent use of hedging instruments by a fund to reduce the risk of its assets will not increase the risk weighting of the investment in that fund above the 20% category. However, if a fund engages in any activities that are deemed to be speculative in nature or has any other characteristics that are inconsistent with the preferential

The OCC reserves the right to require a bank to compute its risk-based capital ratio on the basis of average, rather than period-end, risk-weighted assets when necessary to carry out the purposes of these guidelines.
risk weighting assigned to the fund’s assets, the bank’s investment in the fund will be assigned to the 100% risk category. More detail on the treatment of mortgage-backed securities is provided in section 3(a)(3)(vi) of this appendix A.

(a) On-Balance Sheet Assets. The following are the risk categories/weights for on-balance sheet assets.

(i) Zero percent risk weight. (i) Cash, including domestic and foreign currency owned and held in all offices of a national bank or in transit. Any foreign currency held by a national bank should be converted into U.S. dollar equivalents.

(ii) Deposit reserves and other balances at Federal Reserve Banks.

(iii) Securities issued by, and other direct claims on, the United States Government or its agencies, or the central government of an OECD country.

(iv) That portion of assets directly and unconditionally guaranteed by the United States Government or its agencies, or the central government of an OECD country.

(v) That portion of local currency claims on or unconditionally guaranteed by central governments of non-OECD countries, to the extent the bank has local currency liabilities in that country. Any amount of such claims that exceeds the amount of the bank’s local currency liabilities is assigned to the 100% risk category of section 3(a)(4) of this appendix.

(vi) Gold bullion held in the bank’s own vaults or in another bank’s vaults on an allocated basis, to the extent it is backed by gold bullion liabilities.

(viii) That portion of assets and off-balance sheet transactions collateralized by cash or securities issued or directly and unconditionally guaranteed by the United States Government or its agencies, or the central government of an OECD country, provided that:

For the treatment of privately-issued mortgage-backed securities where the underlying pool is comprised solely of mortgage-related securities issued by GNMA, see infra note 10.

Assets and off-balance sheet transactions collateralized by securities issued or guaranteed by the United States Government or its agencies, or the central government of an OECD country include, but are not limited to, securities lending transactions, repurchase agreements, collateralized letters of credit, such as reinsurance letters of credit, and other similar financial guarantees. Swaps, forwards, futures, and options trans-

(A) The bank maintains control over the collateral:

(1) If the collateral consists of cash, the cash must be held on deposit by the bank or by a third-party for the account of the bank;

(2) If the collateral consists of OECD government securities, then the OECD government securities must be held by the bank or by a third-party acting on behalf of the bank;

(B) The bank maintains a daily positive margin of collateral fully taking into account any change in the market value of the collateral held as security;

(C) Where the bank is acting as a customer’s agent in a transaction involving the loan or sale of securities that is collateralized by cash or OECD government securities delivered to the bank, any obligation by the bank to indemnify the customer is limited to no more than the difference between the market value of the securities lent and the market value of the collateral received, and any reinvestment risk associated with the collateral is borne by the customer; and

(D) The transaction involves no more than minimal risk.

(2) 20 percent risk weight. (i) All claims on depository institutions incorporated in an OECD country, and all assets backed by the full faith and credit of depository institutions incorporated in an OECD country. This includes the credit equivalent amount of participations in commitments and standby letters of credit sold to other depository institutions incorporated in an OECD country, but only if the originating bank remains liable to the customer or beneficiary for the full amount of the commitment or standby letter of credit. Also included in this category are the credit equivalent amounts of risk participations in bankers’ acceptances conveyed to other depository institutions incorporated in an OECD country. However, bank-issued securities that qualify as capital of the issuing bank are not included in this risk category, but are assigned to the 100% risk category of section 3(a)(4) of this appendix A.

(ii) Claims on, or guaranteed by depository institutions, other than the central bank, incorporated in a non-OECD country, with a residual maturity of one year or less.

(iii) Cash items in the process of collection.

(iv) That portion of assets collateralized by cash or by securities issued or directly and unconditionally guaranteed by the United States Government or its agencies, or the central government of an OECD country, with a residual maturity of one year or less. Actions are also eligible, if they meet the collateral requirements. However, the OCC may at its discretion require that certain collateralized transactions be risk weighted at 20 percent if they involve more than a minimal risk.

States Government or its agencies, or the central government of an OECD country, that does not qualify for the zero percent risk-weight category.

(v) That portion of assets conditionally guaranteed by the United States Government or its agencies, or the central government of an OECD country.

(vi) Securities issued by, or other direct claims on, United States Government-sponsored agencies.

(vii) That portion of assets guaranteed by United States Government-sponsored agencies.

(viii) That portion of assets collateralized by the current market value of securities issued or guaranteed by United States Government-sponsored agencies.

(ix) Claims representing general obligations of any public-sector entity in an OECD country, and that portion of any claims guaranteed by any such public-sector entity. In the U.S., these obligations must meet the requirements of 12 CFR 1.3(g).

(x) Claims on, or guaranteed by, official multilateral lending institutions or regional development institutions in which the United States Government is a shareholder or contributing member.\(^{11}\)

10Privately issued mortgage-backed securities, e.g., CMOs and REMICs, where the underlying pool is comprised solely of mortgage-related securities issued by GNMA, FNMA and FHLMC, will be treated as an indirect holding of the underlying assets and assigned to the 20% risk category of this section 3(a)(2). If the underlying pool is comprised of assets which attract different risk weights, e.g., FNMA securities and conventional mortgages, the bank should generally assign the security to the highest risk category appropriate for any asset in the pool. However, on a case-by-case basis, the OCC may allow the bank to assign the security proportionately to the various risk categories based on the proportion in which the risk categories are represented by the composition cash flows of the underlying pool of assets. Before the OCC will consider a request to proportionately risk-weight such a security, the bank must have current information for the reporting date that details the composition and cash flows of the underlying pool of assets. Furthermore, before a mortgage-related security will receive a risk weight lower than 100%, it must meet the criteria set forth in section 3(a)(3)(vi) of this appendix A.

Pt. 3, App. A

(A) The builder must incur at least the first 10% of the direct costs (i.e., actual costs of the land, labor, and material) before any drawdown is made under the construction loan and the construction loan may not exceed 80% of the sales price of the resold home.

(B) The individual purchaser has made a substantial “earnest money deposit” of no less than 3% of the sales price of the home that must be subject to forfeiture by the individual purchaser if the sales contract is terminated by the individual purchaser; however, the earnest money deposit shall not be subject to forfeiture by reason of breach or termination of the sales contract on the part of the builder.

(C) The earnest money deposit must be held in escrow by the bank financing the buyer(s) in trust for the bank. The escrow agreement must provide that in the event of default the escrow funds must be used to defray any cost incurred relating to any cancellation of the sales contract by the buyer(s);

(D) If the individual purchaser terminates the contract or if the loan fails to satisfy any other criterion under this section, then the bank must immediately recategorize the loan at a 100% risk weight and must accurately report the loan in the bank’s next quarterly Consolidated Reports of Condition and Income (Call Report);

(E) The individual purchaser must intend that the home will be owner-occupied;

(F) The loan is made by the bank in accordance with prudent underwriting standards;

(G) The loan is not more than 90 days past due, or on nonaccrual; and

(H) The purchaser is an individual(s) and not a partnership, joint venture, trust, corporation, or any other entity (including an entity acting as a sole proprietorship) that is purchasing one or more of the homes for speculative purposes.

(v) Loans secured by a first mortgage on multifamily residential properties.

(A) The amortization of principal and interest occurs in not more than 30 years;

(B) The minimum original maturity for repayment of principal is not less than 7 years;

(C) All principal and interest payments have been made on a timely basis in accordance with the terms of the loan for at least one year immediately preceding the risk weighting of the loan in the 56% risk weight category, and the loan is not otherwise 90 days or more past due, or on nonaccrual status;

(D) The loan is made in accordance with all applicable requirements and prudent underwriting standards;

(E) If the rate of interest does not change over the term of the loan:

(I) The current loan amount outstanding does not exceed 80% of the current value of the property, as measured by either the value of the property at origination of the loan (which is the lower of the purchase price or the value as determined by the initial appraisal, or if appropriate, the initial evaluation) or the most current appraisal, or if appropriate, the most current evaluation; and

(II) In the most recent fiscal year, the ratio of annual net operating income generated by the property (before payment of any debt service on the loan) to annual debt service on the loan is not less than 120%.

(F) If the rate of interest changes over the term of the loan:

(I) The current loan amount outstanding does not exceed 75% of the current value of the property, as measured by either the value of the property at origination of the loan (which is the lower of the purchase price or the value as determined by the initial appraisal, or if appropriate, the initial evaluation) or the most current appraisal, or if appropriate, the most current evaluation; and

(II) In the most recent fiscal year, the ratio of annual net operating income generated by the property (before payment of any debt service on the loan) to annual debt service on the loan is not less than 120%.

11b For the purposes of the debt service requirements in sections 3(a)(3)(v)(E)(II) and 3(a)(3)(v)(F)(II) of this appendix A, other forms of debt service coverage that generate sufficient cash flows to provide comparable protection to the institution may be considered for (a) a loan secured by cooperative housing or (b) a multifamily residential property loan if the purpose of the loan is for the development or purchase of multifamily residential property primarily intended to provide low- to moderate-income housing, including special operating reserve accounts or special operating subsidies provided by federal, state, local or private sources. However, the OCC reserves the right, on a case-by-case basis, to review the adequacy of any other forms of comparable debt service coverage relied on by the bank.
any debt service on the loan) to annual debt service on the loan is not less than 115%; and

(G) If the loan was refinanced by the borrower:

(I) All principal and interest payments on the loan being refinanced which were made in the preceding year prior to refinancing shall apply in determining the one-year timely payment requirement under paragraphs (a)(3)(vii)(C) of this section; and

(II) The operating income generated by the property in the preceding year prior to refinancing shall apply in determining the applicable debt service requirements under paragraphs (a)(3)(vii)(C) of this section.

(vi) Privately-issued mortgage-backed securities, i.e., those that do not carry the guarantee of a government or government-sponsored agency, if the privately-issued mortgage-backed securities are at the time the mortgage-backed securities are originated fully secured by or otherwise represent a sufficiently secure interest in mortgages that qualify for the 50% risk weight under paragraphs (a)(3)(vii)(E) and (a)(3)(vii)(F) of this section.

12 If all of the underlying mortgages in the pool do not qualify for the 50% risk weight, the bank should generally assign the entire value of the security to the 100% risk category of section 3(a)(4) of this appendix A; however, on a case-by-case basis, the OCC may allow the bank to assign only the portion of the security which represents an interest in, and the cash flows of, nonqualifying mortgages to the 100% risk category, with the remainder being assigned a risk weight of 50%. Before the OCC will consider a request to weight a mortgage-backed security on a proportionate basis, the bank must have current information for the reporting date that details the composition and cash flows of the underlying pool of mortgages.

In determining the one-year timely payment requirement under paragraph (a)(3)(vii)(C) of this section, 100 percent risk weight. All other assets not specified above, including, but not limited to:

(i) Claims on or guaranteed by depository institutions incorporated in a non-OECD country, as well as claims on the central bank of a non-OECD country, with a residual maturity exceeding one year.

(ii) All non-local currency claims on non-OECD central governments, as well as local currency claims on non-OECD central governments that are not included in section 3(a)(1)(v) of this appendix A.

(iii) Any classes of a mortgage-backed security that can absorb more than their pro rata share of the principal loss without the whole issue being in default, e.g., subordinated classes or residual interests, regardless of the issuer or guarantee.

(iv) All stripped mortgage-backed securities, including interest only portions (IOs), principal only portions (POs) and other similar instruments, regardless of the issuer or guarantor.

(v) Obligations issued by any state or any political subdivision thereof for the benefit of a private party or enterprise where that party or enterprise, rather than the issuing state or political subdivision, is responsible for the timely payment of principal and interest on the obligation, e.g., industrial development bonds.

(vi) Claims on commercial enterprises owned by non-OECD and OECD central governments.

(vii) Any investment in an unconsolidated subsidiary that is not required to be deducted from total capital pursuant to section 2(c)(3) of this appendix A.

(viii) Instruments issued by depository institutions incorporated in OECD and non-OECD countries that qualify as capital of the issuer.

(ix) Investments in fixed assets, premises, and other real estate owned.

(b) Off-Balance Sheet Activities. The risk weight assigned to an off-balance sheet item is determined by a two-step process. First, the face amount of the off-balance sheet item is multiplied by the appropriate credit conversion factor specified in this section. This calculation translates the face amount of an off-balance sheet item into an on-balance sheet credit equivalent amount. Second, the resulting credit equivalent amount is then assigned to the proper risk category using the criteria regarding obligors, guarantors, and collateral listed in section 3(a) of this appendix A. Collateral and guarantees are applied to the face amount of an off-balance sheet item; however, with respect to derivative contracts under section 3(b)(5) of this appendix A, collateral and guarantees are applied to the credit equivalent amounts of such derivative contracts. The following
are the credit conversion factors and the off-balance sheet items to which they apply.

(i) 100 percent credit conversion factor. (i) Direct credit substitutes, including financial guarantee-type standby letters of credit that support financial claims on the account party.13 The face amount of a direct credit substitute is netted against the amount of any participations sold in that item. The amount not sold is converted to an off-balance sheet credit equivalent and assigned to the proper risk category using the criteria regarding obligors, guarantors and collateral listed in section 3(a) of this appendix A. Participations are treated as follows:

(A) If the originating bank remains liable to the beneficiary for the full amount of the standby letter of credit, in the event the participant fails to perform under its participation agreement, the amount of participations sold are converted to an off-balance sheet credit equivalent using a credit conversion factor of 100 percent, with that amount then being assigned to the risk category appropriate for the purchaser of the participation.

(B) If the participations are such that each participant is responsible only for its pro rata share of the risk, and there is no recourse to the originating bank, the full amount of the participations sold is excluded from the originating bank’s risk-weighted assets:

(ii) Risk participations purchased in bankers’ acceptances and participations purchased in direct credit substitutes;

(iii) Assets sold under an agreement to repurchase and assets sold with recourse.14 To the extent that these assets are not reported on a national bank’s statement of condition (this includes loan strips sold without direct recourse, where the maturity of the participation is shorter than the maturity of the underlying loan); and

(iv) Contingent obligations with a certain draw down, e.g., legally binding agreements to purchase assets as a specified future date.

15 When a bank lends its own securities, the transaction is treated as a loan. When a bank lends its own securities on a recourse basis, the transaction is assigned to the risk weight appropriate to the obligor or collateral that is delivered to the lending or indemnifying institution or to an independent custodian acting on their behalf.

16 For purposes of this section 3(b)(1)(i), a “financial guarantee-type standby letter of credit” is any letter of credit, or similar arrangement, however named or described, which represents an irrevocable obligation to the beneficiary on the part of the issuer (1) to repay money borrowed by or advanced to or for the account of the account party or (2) to make payment on account of any indebtedness undertaken by the account party, in the event that the account party fails to fulfill its obligation as described. Performance-based standby letters of credit are defined differently in section 3(b)(2)(i), infra note 16.
extent permitted by law or regulation, performance-based standby letters of credit include such things as arrangements backing subcontractors’ and suppliers’ performance, labor and materials contracts, and construction bids; 

(ii) Unused portion of commitments, including home equity lines of credit, with an original maturity exceeding one year; and 

(iii) Revolving underwriting facilities, note issuance facilities, and similar arrangements pursuant to which the bank’s customer can issue short-term debt obligations in its own name, for which the bank has a legally binding commitment to either: 

(A) Purchase the obligations the customer is unable to sell by a stated date; or 

(B) Advance funds to its customer, if the obligations cannot be sold.

(a) 20 percent credit conversion factor. (i) Trade-related contingencies. These are short-term self-liquidating instruments used to finance the movement of goods and are collateralized by the underlying shipment. A commercial letter of credit is an example of such an instrument.

(ii) Unused portion of commitments with an original maturing of one year or less.

(iii) The unused portion of retail credit—

(A) A separate credit decision based upon the borrower’s current financial condition, before each drawing under the lending facility; or 

(B) An annual (or more frequent) credit review based upon the borrower’s current financial condition to determine whether or not the lending facility should be continued; and 

19 For purposes of calculating either the potential future credit exposure under section 3(b)(5)(i)(A) of this appendix A or the gross potential future credit exposure under section 3(b)(5)(i)(A)(2) of this appendix A for foreign exchange contracts and other similar contracts in which the notional principal is equivalent to the cash flows, total notional principal is the net receipts to each party falling due on each value date in each currency.

20 No potential future credit exposure is calculated for single currency interest rate swaps in which payments are made based upon two floating indices, so-called floating/fixed, or basis swaps; the credit equivalent amount is measured solely on the basis of the current credit exposure.

Calculation of potential future credit exposure. The potential future credit exposure for a single derivative contract, including a derivative contract with negative mark-to-market value, is calculated by multiplying the notional principal of the derivative contract by one of the credit conversion factors in Table A—Conversion Factor Matrix of this appendix A, for the appropriate category.20 The potential future credit exposure for multiple derivative contracts executed with a single counterparty and subject to a qualifying bilateral netting contract is determined as provided by section 3(b)(5)(i)(A) of this appendix A.

(b) Potential future credit exposure. The potential future credit exposure for a single derivative contract, including a derivative contract with a negative mark-to-market value, is calculated by multiplying the notional principal of the derivative contract by one of the credit conversion factors in Table A—Conversion Factor Matrix of this appendix A.

Potential future credit exposure shall be calculated using the other commodity conversion factors. Subject to examiner review, banks should use the effective rather than the apparent or stated notional amount in calculating the potential future credit exposure. The potential future credit exposure for multiple derivatives contracts executed with a single counterparty and subject to a qualifying bilateral netting contract is determined as provided by section 3(b)(5)(i)(A) of this appendix A.
A future credit exposure is calculated as:

\[ \text{Net current credit exposure} \times (1 - NGR) \]

where \( \text{Net current credit exposure} \) is the net sum of the positive and negative mark-to-market values of the individual derivative contracts subject to a qualifying bilateral netting contract.

1 For derivative contracts with multiple exchanges of principal, the conversion factors are multiplied by the number of remaining payments in the derivative contract.

2 For derivative contracts that automatically reset to zero value following a payment, the remaining maturity equals the time until the next payment. However, interest rate contracts with remaining maturities of greater than one year shall be subject to a minimum conversion factor of 0.5 percent.
(6) The bank maintains in its files documentation adequate to support the netting of a derivative contract,21

(ii) Risk weighting. Once the bank determines the credit equivalent amount for a derivative contract or a set of derivative contracts subject to a qualifying bilateral netting contract, the bank assigns that amount to the risk weight category appropriate to the counterparty, or, if relevant, the nature of any collateral or guarantee.22 However, the maximum weight that will be applied to the credit equivalent amount of such derivative contract(s) is 50 percent.

(iv) Exceptions. The following derivative contracts are not subject to the above calculation, and therefore, are not part of the denominator of a national bank’s risk-based capital ratio:

(A) An exchange rate contract with an original maturity of 14 calendar days or less;23 and

(B) A derivative contract that is traded on an exchange requiring the daily payment of any variations in the market value of the contract.

(c) Alternative Capital Calculation for Small Business Obligations. (1) Definitions. For purposes of this section 3(c):

(i) Qualified bank means a bank that:

(A) Is well capitalized as defined in 12 CFR 6.4 without applying the capital treatment described in this section 3(c), or

(B) Is adequately capitalized as defined in 12 CFR 6.4 without applying the capital treatment described in this section 3(c) and has received written permission from the appropriate district office of the OCC to apply the capital treatment described in this section 3(c).

(ii) Recourse has the meaning given to such term under generally accepted accounting principles.

(iii) Small business means a business that meets the criteria for a small business concern established by the Small Business Administration in 13 CFR part 121 pursuant to 15 U.S.C. 632.

(2) Capital and reserve requirements. With respect to a transfer of a small business loan or a lease of personal property with recourse that is a sale under generally accepted accounting principles, a qualified bank may elect to apply the following treatment:

(i) The bank establishes and maintains a non-capital reserve under generally accepted accounting principles sufficient to meet the reasonable estimated liability of the bank under the recourse arrangement;

(ii) For purposes of calculating the bank’s risk-based capital ratio, the bank includes only the amount of its retained recourse in its risk-weighted assets; and

(iii) For purposes of calculating the bank’s tier 1 leverage ratio, the bank excludes from its average total consolidated assets the outstanding principal amount of the small business loans and leases transferred with recourse.

(3) Limit on aggregate amount of recourse. The total outstanding amount of recourse retained by a qualified bank with respect to transfers of small business loans and leases of personal property and included in the risk-weighted assets of the bank as described in section 3(c)(2) of this appendix A may not exceed 15 percent of the bank’s total capital after adjustments and deductions, unless the OCC specifies a greater amount by order.

(4) Bank that ceases to be qualified or that exceeds aggregate limit. If a bank ceases to be a qualified bank or exceeds the aggregate limit in section 3(c)(3) of this appendix A, the bank may continue to apply the capital treatment described in section 3(c)(2) of this appendix A to transfers of small business loans and leases of personal property that occurred when the bank was qualified and did not exceed the limit.

(5) Prompt Corrective Action not affected. (i) A bank shall compute its capital without regard to this section 3(c) for purposes of prompt corrective action (12 U.S.C. 1831o and 12 CFR part 6) unless the bank is an adequately or well capitalized bank (without applying the capital treatment described in this section 3(c)) and, after applying the capital treatment described in this section 3(c), the bank would be well capitalized.

(ii) A bank shall compute its capital without regard to this section 3(c) for purposes of
12 U.S.C. 1831o(g) regardless of the bank’s capital level.

(d) Recourse Obligations. Where the amount of recourse liability retained by a bank is less than the capital requirement for credit-risk exposure, the bank shall maintain capital for the recourse liability equal to the amount of credit-risk exposure retained. Any recourse liability that is subject to this section (c) is not subject to any additional capital treatment under sections (a) or (b) of this appendix A.

Section 4. Implementation, Transition Rules, and Target Ratios

(a) December 31, 1990 to December 30, 1992.
During this time period:
(1) All national banks are expected to maintain a minimum ratio of total capital (after deductions) to risk-weighted assets of 7.25%.
   (i) Fifty percent of this 7.25% must be made up of Tier 1 capital; however, up to 10% of Tier 1 capital can be comprised of Tier 2 capital elements, before any deductions for goodwill. The amount of Tier 2 elements included in Tier 1 will not be subject to the sublimits on the amount of such elements in Tier 2 capital, with the exception of the allowance for loan and lease losses.
   (ii) Goodwill that national banks have been allowed to count as capital as a result of the transition rules contained in 12 CFR 3.3 is grandfathered until December 31, 1992, but will be deducted from Tier 1 capital after that date.
(2) The allowance for loan and lease losses can be included in total capital up to a maximum of 1.5% of a bank’s risk-weighted assets, including the portion that can be borrowed to make up Tier 1.
(3) Tier 2 capital elements that are not used as part of Tier 1 capital will qualify as part of a national bank’s total capital base up to a maximum of 100% of the bank’s Tier 1 capital.
(4) In addition to the standards established by these risk-based capital guidelines, all national banks must maintain a minimum capital-to-total assets ratio in accordance with the provisions of 12 CFR part 3.

(b) On December 31, 1992.
(1) All national banks are expected to maintain a minimum ratio of total capital (after deductions) to risk-weighted assets of 8.0%.
(2) Tier 2 capital elements qualify as part of a national bank’s total capital base up to a maximum of 100% of that bank’s Tier 1 capital.
(3) In addition to the standards established by these risk-based capital guidelines, all national banks must maintain a minimum capital-to-total assets ratio in accordance with the provisions of 12 CFR part 3.

For the purpose of calculating the risk-based capital ratio, a U.S. Government agency is defined as an instrumentality of the U.S. Government whose obligations are fully and explicitly guaranteed as to the timely repayment of principal and interest by the full faith and credit of the U.S. Government. Degree of collateralization is determined by current market value.

For the purpose of calculating the risk-based capital ratio, a U.S. Government-sponsored agency is defined as an agency originally established or chartered to serve public purposes specified by the U.S. Congress but whose obligations are not explicitly guaranteed by the full faith and credit of the U.S. Government.

### Definition of Capital

Capital components are distributed between two categories (Tier 1 and Tier 2). Tier 2 capital elements will qualify as part of a bank’s total capital base up to a maximum of 100% of that bank’s Tier 1 capital. Beginning December 31, 1992, the minimum risk-based capital standard will be 8.0%.

**Tier 1:**
- Common stockholders’ equity;
- Noncumulative perpetual preferred stock and any related surplus; and
- Minority interests in the equity accounts of consolidated subsidiaries.

**Tier 2:**
- Cumulative perpetual, long-term and convertible preferred stock, and any related surplus;5
- Perpetual debt and other hybrid debt-equity instruments;
- Intermediate-term preferred stock and term subordinated debt (to a maximum of 50% of Tier 1 capital); and
- Loan loss reserves (to a maximum of 1.25% of risk-weighted assets).

### Deductions from Capital:

From Tier 1:
- Goodwill and other intangibles, with the exception of identified intangibles that satisfy the criteria included in the guidelines.

From Total Capital:
- Investments in unconsolidated banking and finance subsidiaries;
- Reciprocal holdings of capital instruments

### Transitional Definition

During a transition period beginning December 31, 1990, all national banks are expected to maintain a capital to risk-weighted asset ratio of 7.25%, of which at least 3.25 percentage points must consist of Tier 1 capital. In other words, during this period upon to approximately 4 percentage points of the 7.25% capital ratio may consist of Tier 2 capital. Also during this period, the sublimit on loan loss reserves will be 1.5% of risk-weighted assets.6

Appendix B to Part 3—Risk-Based Capital Guidelines; Market Risk Adjustment

Section 1. Purpose, Applicability, Scope, and Effective Date

(a) Purpose. The purpose of this appendix is to ensure that banks with significant exposure to market risk maintain adequate capital to support that exposure. This appendix supplements and adjusts the risk-based capital ratio calculations under appendix A of this part with respect to those banks.

(b) Applicability. (1) This appendix applies to any national bank whose trading activity (on a worldwide consolidated basis) equals:

(i) 10 percent or more of total assets; or

(ii) $1 billion or more.

(2) The OCC may apply this appendix to any national bank if the OCC deems it necessary or appropriate for safe and sound banking practices.

(3) The OCC may exclude a national bank from coverage under this appendix if it determines the bank meets such criteria as a consequence of accounting, operational, or similar considerations, and the OCC deems it consistent with safe and sound banking practices.

(c) Scope. The capital requirements of this appendix support market risk associated with a bank’s covered positions.

(d) Effective date. This appendix is effective as of January 1, 1997. Compliance is not mandatory until January 1, 1998. Subject to supervisory approval, a bank may opt to comply with this appendix as early as January 1, 1997.

Section 2. Definitions

For purposes of this appendix, the following definitions apply:

(a) Covered positions means all positions in a bank’s trading account, and all foreign exchange and commodity positions, whether or not in the trading account. Positions include on-balance-sheet assets and liabilities and off-balance-sheet items. Securities subject to repurchase and lending agreements are included as if they are still owned by the lender.

(b) Market risk means the risk of loss resulting from movements in market prices. Market risk consists of general market risk and specific risk components.

(1) General market risk means changes in the market value of covered positions resulting from broad market movements, such as changes in the general level of interest rates, equity prices, foreign exchange rates, or commodity prices.

(2) Specific risk means changes in the market value of specific positions due to factors other than broad market movements and includes default and event risk as well as idiosyncratic variations.

(c) Tier 1 and Tier 2 capital are the same as defined in appendix A of this part.

(d) Tier 3 capital is subordinated debt that is unsecured; is fully paid up; has an original maturity of at least two years; is not redeemable before maturity without prior approval by the OCC; includes a lock-in clause precluding payment of either interest or principal (even at maturity) if the payment would cause the issuing bank’s risk-based capital ratio to fall or remain below the minimum required under appendix A of this part; and does not contain and is not covered by any covenants, terms, or restrictions that are inconsistent with safe and sound banking practices.

(e) Value-at-risk (VAR) means the estimate of the maximum amount that the value of covered positions could decline during a fixed holding period within a stated confidence level, measured in accordance with section 4 of this appendix.

1 This appendix is based on a framework developed jointly by supervisory authorities from the countries represented on the Basle Committee on Banking Supervision and endorsed by the Group of Ten Central Bank Governors. The framework is described in a Basle Committee paper entitled “Amendment to the Capital Accord to Incorporate Market Risk,” January 1996.

2 Trading activity means the gross sum of trading assets and liabilities as reported in the bank’s most recent quarterly Consolidated Report of Condition and Income (Call Report).

3 Total assets means quarter-end total assets as reported in the bank’s most recent Call Report.

4 A bank that voluntarily complies with the final rule prior to January 1, 1998, must comply with all of its provisions.

5 Subject to supervisory review, a bank may exclude structural positions in foreign currencies from its covered positions.

6 The term trading account is defined in the instructions to the Call Report.
Section 3. Adjustments to the Risk-Based Capital Ratio Calculations

(a) Risk-based capital ratio denominator. A bank subject to this appendix shall calculate its risk-based capital ratio denominator as follows:

(1) Adjusted risk-weighted assets. Calculate adjusted risk-weighted assets, which equals risk-weighted assets (as determined in accordance with appendix A of this part), excluding the risk-weighted amounts of all covered positions (except foreign exchange positions outside the trading account and over-the-counter derivative positions).7

(2) Measure for market risk. Calculate the measure for market risk, which equals the sum of the VAR-based capital charge, the specific risk add-on (if any), and the capital charge for de minimis exposure (if any).

(i) VAR-based capital charge. The VAR-based capital charge equals the higher of:

(A) The previous day’s VAR measure; or

(B) The average of the daily VAR measures for each of the preceding 60 business days multiplied by three, except as provided in section 4(e) of this appendix;

(ii) Specific risk add-on. The specific risk add-on is calculated in accordance with section 5 of this appendix; and

(iii) Capital charge for de minimis exposure. The capital charge for de minimis exposure is calculated in accordance with section 4(a) of this appendix.

(3) Market risk equivalent assets. Calculate market risk equivalent assets by multiplying the measure for market risk (as calculated in paragraph (a)(2) of this section) by 12.5.

(4) Denominator calculation. Add market risk equivalent assets (as calculated in paragraph (a)(3) of this section) to adjusted risk-weighted assets (as calculated in paragraph (a)(1) of this section). The resulting sum is the bank’s risk-based capital ratio denominator.

(b) Risk-based capital ratio numerator. A bank subject to this appendix shall calculate its risk-based capital ratio numerator by allocating capital as follows:

(1) Credit risk allocation. Allocate Tier 1 and Tier 2 capital equal to 8.0 percent of adjusted risk-weighted assets (as calculated in paragraph (a)(1) of this section).8

(2) Market risk allocation. Allocate Tier 1, Tier 2, and Tier 3 capital equal to the measure for market risk as calculated in paragraph (a)(2) of this section. The sum of Tier 2 and Tier 3 capital allocated for market risk must not exceed 250 percent of Tier 1 capital allocated for market risk. (This requirement means that Tier 1 capital allocated in this paragraph (b)(2) must equal at least 28.6 percent of the measure for market risk.)

(3) Restrictions. (1) The sum of Tier 2 capital (both allocated and excess) and Tier 3 capital (allocated in paragraph (b)(2) of this section) may not exceed 100 percent of Tier 1 capital (both allocated and excess).9

(i) Term subordinated debt (and intermediate-term preferred stock and related surplus) included in Tier 2 capital (both allocated and excess) may not exceed 50 percent of Tier 1 capital (both allocated and excess).

(4) Numerator calculation. Add Tier 1 capital (both allocated and excess), Tier 2 capital (both allocated and excess), and Tier 3 capital (allocated under paragraph (b)(2) of this section). The resulting sum is the bank’s risk-based capital ratio numerator.

Section 4. Internal Models

(a) General. For risk-based capital purposes, a bank subject to this appendix must use its internal model to measure its daily VAR, in accordance with the requirements of this section.10 The OCC may permit a bank to use alternative techniques to measure the market risk of de minimis exposures so long as the techniques adequately measure associated market risk.

(b) Qualitative requirements. A bank subject to this appendix must have a risk management system that meets the following minimum qualitative requirements:

(1) The bank must have a risk control unit that reports directly to senior management and is independent from business trading units.

---

7Foreign exchange positions outside the trading account and all over-the-counter derivative positions, whether or not in the trading account, must be included in adjusted risk-weighted assets as determined in appendix A of this part.

8A bank may not allocate Tier 3 capital to support credit risk (as calculated under appendix A).

9Excess Tier 1 capital means Tier 1 capital that has not been allocated in paragraphs (b)(1) and (b)(2) of this section. Excess Tier 2 capital means Tier 2 capital that has not been allocated in paragraph (b)(1) and (b)(2) of this section, subject to the restrictions in paragraph (b)(3) of this section.

10A bank’s internal model may use any generally accepted measurement techniques, such as variance-covariance models, historical simulations, or Monte Carlo simulations. However, the level of sophistication and accuracy of a bank’s internal model must be commensurate with the nature and size of its covered positions. A bank that modifies its existing modeling procedures to comply with the requirements of this appendix for risk-based capital purposes should, nonetheless, continue to use the internal model it considers most appropriate in evaluating risks for other purposes.
(2) The bank’s internal risk measurement model must be integrated into the daily management process.

(3) The bank’s policies and procedures must identify, and the bank must conduct, appropriate stress tests and backtests. The bank’s policies and procedures must identify the procedures to follow in response to the results of such tests.

(4) The bank must conduct independent reviews of its risk measurement and risk management systems at least annually.

(c) Market risk factors. The bank’s internal model must use risk factors sufficient to measure the market risk inherent in all covered positions. The risk factors must address interest rate risk, equity price risk, foreign exchange rate risk, and commodity price risk.

(d) Quantitative requirements. For regulatory capital purposes, VAR measures must meet the following quantitative requirements:

(1) The VAR measures must be calculated on a daily basis using a 99 percent, one-tailed confidence level with a price shock equivalent to a ten-business day movement in rates and prices. In order to calculate VAR measures based on a ten-day price shock, the bank may either calculate ten-day figures directly or convert VAR figures based on holding periods other than ten days to the equivalent of a ten-day holding period (for instance, by multiplying a one-day VAR measure by the square root of ten).

(2) The VAR measures must be based on an historical observation period (or effective observation period for a bank using a weighting scheme or other similar method) of at least one year. The bank must update data sets at least once every three months or more frequently as market conditions warrant.

(3) The VAR measures must include the risks arising from the non-linear price characteristics of options positions and the sensitivity of the market value of the positions to changes in the volatility of the underlying rates or prices. A bank with a large or complex options portfolio must measure the volatility of options positions by different maturities.

(4) The VAR measures may incorporate empirical correlations within and across risk categories, provided that the bank’s process for measuring correlations is sound. In the event that the VAR measures do not incorporate empirical correlations across risk categories, then the bank must add the separate VAR measures for the four major risk categories to determine its aggregate VAR measure.

(e) Backtesting. (1) Beginning one year after a bank starts to comply with this appendix, a bank must conduct backtesting by comparing each of its most recent 250 business days’ actual net trading profit or loss with the corresponding daily VAR measures generated for internal risk measurement purposes and calibrated to a one-day holding period and a 99 percent, one-tailed confidence level.

(2) Once each quarter, the bank must identify the number of exceptions, that is, the number of business days for which the magnitude of the actual daily net trading loss, if any, exceeds the corresponding daily VAR measure.

(3) A bank must use the multiplication factor indicated in Table 1 of this appendix in determining its capital charge for market risk under section 3(a)(2)(i)(B) of this appendix until it obtains the next quarter’s backtesting results, unless the OCC determines that a different adjustment or other action is appropriate.

Section 5. Specific Risk

(a) Specific risk surcharge. For purposes of section 3(a)(2)(ii) of this appendix, a bank shall calculate its specific risk surcharge as follows:

(i) Internal models that incorporate specific risk: (1) No specific risk surcharge required for qualifying internal models. A bank that incorporates specific risk in its internal model has no specific risk surcharge for purposes of

---

11 Stress tests provide information about the impact of adverse market events on a bank’s covered positions. Backtests provide information about the accuracy of an internal model by comparing a bank’s daily VAR measures to its corresponding daily trading profits and losses.

12 For material exposures in the major currencies and markets, modeling techniques must capture spread risk and must incorporate enough segments of the yield curve—at least six—to capture differences in volatility and less than perfect correlation of rates along the yield curve.

13 Actual net trading profits and losses typically include such things as realized and unrealized gains and losses on portfolio positions as well as fee income and commissions associated with trading activities.

---
section 3(a)(2)(i) of this appendix if the bank demonstrates to the OCC that its internal model adequately measures all aspects of specific risk, including default and event risk. In evaluating a bank’s internal model the OCC will take into account the extent to which the internal model:
(A) Explains the historical price variation in the trading portfolio; and
(B) Captures concentrations.
(ii) Specific risk surcharge for modeled specific risk that fails to adequately measure default or event risk. A bank that incorporates specific risk in its internal model but fails to demonstrate that its internal model adequately measures all aspects of specific risk, including default and event risk, as provided by this section 5(a)(1), must calculate its specific risk surcharge in accordance with one of the following methods:
(A) If the bank’s internal model separates the VAR measure into a specific risk portion and a general market risk portion, then the specific risk surcharge equals the previous day’s specific risk portion.
(B) If the bank’s internal model does not separate the VAR measure into a specific risk portion and a general market risk portion, then the specific risk surcharge equals the sum of the previous day’s VAR measure for subportfolios of covered debt and equity positions.
(2) Specific risk surcharge for specific risk not modeled. If a bank does not model specific risk in accordance with section 5(a)(1) of this appendix, then the bank shall calculate its specific risk surcharge using the standard specific risk capital charge in accordance with section 5(c) of this appendix.
(b) Covered debt and equity positions. If a model includes the specific risk of covered debt positions but not covered equity positions (or vice versa), then the bank may reduce its specific risk charge for the included positions under section 5(a)(1)(ii) of this appendix. The specific risk charge for the positions not included equals the standard specific risk capital charge under paragraph (c) of this section.
(c) Standard specific risk capital charge. The standard specific risk capital charge equals the sum of the components for covered debt and equity positions as follows:
(1) Covered debt positions. (i) For purposes of this section 5, covered debt positions means fixed-rate or floating-rate debt instruments located in the trading account and instruments located in the trading account with values that react primarily to changes in interest rates, including certain non-convertible preferred stock, convertible bonds, and instruments subject to repurchase and lending agreements. Also included are derivatives (including written and purchased options) for which the underlying instrument is a covered debt instrument that is subject to a non-zero specific risk capital charge.
(A) For covered debt positions that are derivatives, a bank must risk-weight (as described in paragraph (c)(1)(ii) of this section) the market value of the effective notional amount of the underlying debt instrument or index portfolio. Swaps must be included as the notional position in the underlying debt instrument or index portfolio, with a receiving side treated as a long position and a paying side treated as a short position; and
(B) For covered debt positions that are options, whether long or short, a bank must risk-weight (as described in paragraph (c)(1)(iii) of this section) the market value of the effective notional amount of the underlying debt instrument or index multiplied by the option’s delta.
(ii) A bank may net long and short covered debt positions (including derivatives) in identical debt issues or indices.
(iii) A bank must multiply the absolute value of the current market value of each net long or short covered debt position by the appropriate specific risk weighting factor indicated in Table 2 of this appendix. The specific risk capital charge component for covered debt positions is the sum of the weighted values.

1 The “government” category includes all debt instruments of central governments of OECD countries (as defined in appendix A of this part) including bonds, Treasury bills, and other short-term instruments, as well as local currency instruments of non-OECD central governments to the extent the bank has liabilities booked in that currency.
2 The “qualifying” category includes debt instruments of U.S. government-sponsored agencies (as defined in appendix A of this part), general obligation debt instruments issued by states and other political subdivisions of OECD countries, and multilateral development banks (as defined in appendix A of this part), and debt instruments issued by U.S. depository institutions or OECD banks (as defined in appendix A of this part) that do not qualify as capital of the issuing institution.
3 The “other” category includes debt instruments that are not included in the government or qualifying categories.

Pt. 3, App. B

(2) Covered equity positions. (i) For purposes of this section 5, covered equity positions means equity instruments located in the trading account with values that react primarily to changes in equity prices, including voting or non-voting common stock, certain convertible bonds, and commitments to buy or sell equity instruments. Also included are derivatives (including written and purchased options) for which the underlying is a covered equity position.

(A) For covered equity positions that are derivatives, a bank must risk weight (as described in paragraph (c)(2)(iii) of this section) the market value of the effective notional amount of the underlying equity instrument or equity portfolio. Swaps must be included as the notional position in the underlying equity instrument or index portfolio, with a receiving side treated as a long position and a paying side treated as a short position; and

(B) For covered equity positions that are options, whether long or short, a bank must risk weight (as described in paragraph (c)(2)(iii) of this section) the market value of the effective notional amount of the underlying equity instrument or index multiplied by the option’s delta.

(ii) A bank may net long and short covered equity positions (including derivatives) in identical equity issues or equity indices in the same market.

(iii)(A) A bank must multiply the absolute value of the current market value of each net long or short covered equity position by a risk weighting factor of 8.0 percent, or by 4.0 percent if the equity is held in a portfolio that is both liquid and well-diversified.15 For covered equity positions that are index contracts comprising a well-diversified portfolio of equity instruments, the net long or short position is multiplied by a risk weighting factor of 2.0 percent.

14 A bank may also net positions in depositary receipts against an opposite position in the underlying equity or identical equity in different markets, provided that the bank includes the costs of conversion.

15 A portfolio is liquid and well-diversified if: (1) It is characterized by a limited sensitivity to price changes of any single equity issue or closely related group of equity issues held in the portfolio; (2) the volatility of the portfolio’s value is not dominated by the volatility of any individual equity issue or by equity issues from any single industry or economic sector; (3) it contains a large number of individual equity positions, with no single position representing a substantial portion of the portfolio’s total market value; and (4) it consists mainly of issues traded on organized exchanges or in well-established over-the-counter markets.

(B) For covered equity positions from the following futures-related arbitrage strategies, a bank may apply a 2.0 percent risk weighting factor to one side (long or short) of each position with the opposite side exempt from charge:

(i) Long and short positions in exactly the same index at different dates or in different market centers; or

(ii) Long and short positions in index contracts at the same date in different but similar indices.

(C) For futures contracts on broadly-based indices that are matched by offsetting positions in a basket of stocks comprising the index, a bank may apply a 2.0 percent risk weighting factor to the bank’s posting of covered equity and stock basket positions (long and short), provided that such trades are deliberately entered into and separately controlled, and that the basket of stocks comprises at least 90 percent of the capitalization of the index.

(iv) The specific risk capital charge component for covered equity positions is the sum of the weighted values.

Section 6. Reservation of Authority

The OCC reserves the authority to modify the application of any of the provisions in this appendix to any bank, upon reasonable justification.

Effective Date Note: At 65 FR 75858, Dec. 5, 2000, appendix B to part 3, in section 3, was amended by revising paragraph (a)(1), effective Jan. 4, 2001. For the convenience of the user, the revised text is set forth as follows:

Appendix B to Part 3—Risk-Based Capital Guidelines; Market Risk Adjustment

(a) * * *

(1) Adjusted risk-weighted assets. (i) Covered positions. Calculate adjusted risk-weighted assets, which equal risk-weighted assets (as determined in accordance with appendix A of this part), excluding the risk-weighted amount of all covered positions (except foreign exchange positions outside the trading account and over-the-counter derivatives positions).7

(ii) Securities borrowing transactions. In calculating adjusted risk-weighted assets, a bank also may exclude a receivable that results from the bank’s posting of cash collateral in a securities borrowing transaction to the extent that the receivable is collateralized by the market value of the borrowed securities and subject to the following conditions:

(A) The borrowed securities must be includable in the trading account and must be liquid and readily marketable;
Pt. 4

(B) The borrowed securities must be marked to market daily;
(C) The receivable must be subject to a daily margining requirement; and

7 Foreign exchange positions outside the trading account and all over-the-counter derivative positions, whether or not in the trading account, must be included in adjusted risk-weighted assets as determined in appendix A of this part 4.

Subpart A—Organization and Functions

§ 4.1 Purpose.

This subpart describes the organization and functions of the Office of the Comptroller of the Currency (OCC), and provides the OCC’s principal addresses.

§ 4.2 Office of the Comptroller of the Currency.

The OCC supervises and regulates national banks and Federal branches and agencies of foreign banks by examining these institutions to determine compliance with applicable laws and regulations; approving or denying applications for new charters or for changes in corporate or banking structure; approving or denying activities; taking
§ 4.6 Frequency of examination of national banks.

(a) General. The OCC examines national banks pursuant to authority conferred by 12 U.S.C. 481 and the requirements of 12 U.S.C. 1820(d). The OCC is required to conduct a full-scope, on-site examination of every national bank at least once during each 12-month period.

(b) 18-month rule for certain small institutions. The OCC may conduct a full-scope, on-site examination of a national bank at least once during each 18-month period, rather than each 12-
month period as provided in paragraph (a) of this section, if the following conditions are satisfied:

(1) The bank has total assets of $250 million or less;

(2) The bank is well capitalized as defined in part 6 of this chapter;

(3) At the most recent examination, the OCC found the bank to be well managed;

(4) At the most recent examination, the OCC assigned the bank a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System (copies are available at the addresses specified in §4.14);

(5) The bank currently is not subject to a formal enforcement proceeding or order by the FDIC, OCC, or Federal Reserve System; and

(6) No person acquired control of the bank during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(c) Authority to conduct more frequent examinations. This section does not limit the authority of the OCC to examine any national bank as frequently as the agency deems necessary.

§4.7 Frequency of examination of Federal agencies and branches.

(a) General. The OCC examines Federal agencies and Federal branches (as these entities are defined in §28.11 (h) and (i), respectively, of this chapter) pursuant to the authority conferred by 12 U.S.C. 3105(c)(1)(C). Except as noted in paragraph (b) of this section, the OCC will conduct a full-scope, on-site examination of every Federal branch and agency at least once during each 12-month period.

(b) 18-month rule for certain small institutions—(1) Mandatory standards. The OCC may conduct a full-scope, on-site examination at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the Federal branch or AGENCY:

(i) Has total assets of $250 million or less;

(ii) Has received a composite ROCA supervisory rating (which rates risk management, operational controls, compliance, and asset quality) of 1 or 2 at its most recent examination;

(iii) Satisfies the requirements of either the following paragraph (b)(1)(iii) (A) or (B):

(A) The foreign bank’s most recently reported capital adequacy position consists of, or is equivalent to, Tier 1 and total risk-based capital ratios of at least 6 percent and 10 percent, respectively, on a consolidated basis; or

(B) The branch or agency has maintained on a daily basis, over the past three quarters, eligible assets in an amount not less than 108 percent of the preceding quarter’s average third party liabilities (determined consistent with applicable federal and state law), and sufficient liquidity is currently available to meet its obligations to third parties;

(iv) Is not subject to a formal enforcement action or order by the Federal Reserve Board, the Federal Deposit Insurance Corporation, or the OCC; and

(v) Has not experienced a change in control during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(2) Discretionary standards. In determining whether a Federal branch or agency that meets the standards of paragraph (b)(1) of this section should not be eligible for an 18-month examination cycle pursuant to this paragraph (b), the OCC may consider additional factors, including whether:

(i) Any of the individual components of the ROCA rating of the Federal branch or agency is rated “3” or worse;

(ii) The results of any off-site supervision indicate a deterioration in the condition of the Federal branch or agency;

(iii) The size, relative importance, and role of a particular office when viewed in the context of the foreign bank’s entire U.S. operations otherwise necessitate an annual examination; and

(iv) The condition of the foreign bank gives rise to such a need.

(c) Authority to conduct more frequent examinations. Nothing in paragraph (a) or (b) of this section limits the authority of the OCC to examine any Federal
Comptroller of the Currency, Treasury

branch or agency as frequently as the OCC deems necessary.

Subpart B—Availability of Information Under the Freedom of Information Act

§ 4.11 Purpose and scope.

(a) Purpose. This subpart sets forth the standards, policies, and procedures that the OCC applies in administering the Freedom of Information Act (FOIA) (5 U.S.C. 552) to facilitate the OCC’s interaction with the banking industry and the public.

(b) Scope. (1) This subpart describes the information that the FOIA requires the OCC to disclose to the public (§ 4.12), and the three methods by which the OCC discloses that information under the FOIA (§§ 4.13, 4.14, and 4.15).

(2) This subpart also sets forth predisclosure notice procedures that the OCC follows, in accordance with Executive Order 12600 (3 CFR, 1987 Comp., p. 235), when the OCC receives a request under § 4.15 for disclosure of records that arguably are exempt from disclosure as confidential commercial information (§ 4.16). Finally, this subpart describes the fees that the OCC assesses for the services it renders in providing information under the FOIA (§ 4.17).

(3) This subpart does not apply to a request for records pursuant to the Privacy Act (5 U.S.C. 552a). A person requesting records from the OCC pursuant to the Privacy Act should refer to 31 CFR part 1, subpart C, and appendix J of subpart C.

§ 4.12 Information available under the FOIA.

(a) General. In accordance with the FOIA, OCC records are available to the public, except the exempt records described in paragraph (b) of this section.

(b) Exemptions from availability. The following records, or portions thereof, are exempt from disclosure under the FOIA:

(1) A record that is specifically authorized, under criteria established by an Executive order, to be kept secret in the interest of national defense or foreign policy, and that is properly classified pursuant to that Executive order;

(2) A record relating solely to the internal personnel rules and practices of an agency;

(3) A record specifically exempted from disclosure by statute (other than 5 U.S.C. 552b), provided that the statute requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, establishes particular criteria for withholding, or refers to particular types of matters to be withheld;

(4) A record that is privileged or contains trade secrets, or commercial or financial information, furnished in confidence, that relates to the business, personal, or financial affairs of any person (see § 4.16 for notice requirements regarding disclosure of confidential commercial information);

(5) An intra-agency or interagency memorandum or letter not routinely available by law to a private party in litigation, including memoranda, reports, and other documents prepared by OCC employees, and records of deliberations and discussions at meetings of OCC employees;

(6) A personnel, medical, or similar record, including a financial record, or any portion thereof, where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(7) A record or information compiled for law enforcement purposes, but only to the extent that the OCC reasonably believes that producing the record or information may:

(i) Interfere with enforcement proceedings;

(ii) Deprive a person of the right to a fair trial or an impartial adjudication;

(iii) Constitute an unwarranted invasion of personal privacy;

(iv) Disclose the identity of a confidential source, including a State, local, or foreign agency or authority, or any private institution that furnished information on a confidential basis;

(v) Disclose information furnished by a confidential source, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful
§ 4.13 National security intelligence investigation;

(vi) Disclose techniques and procedures for law enforcement investigations or prosecutions, or disclose guidelines for law enforcement investigations or prosecutions if such disclosure reasonably could be expected to risk circumvention of the law; or

(vii) Endanger the life or physical safety of any individual;

(b) A record contained in or related to an examination, operating, or condition report prepared by, on behalf of, or for the use of the OCC or any other agency responsible for regulating or supervising financial institutions; and

(c) Discretionary disclosure of exempt records. Even if a record is exempt under paragraph (b) of this section, the OCC may elect, on a case-by-case basis, not to apply the exemption to the requested record. The OCC’s election not to apply an exemption to a requested record has no precedential significance as to the application or nonapplication of the exemption to any other requested record, regardless of who requests the record or when the OCC receives the request. The OCC will provide predisclosure notice to submitters of confidential commercial information in accordance with §4.16.

(d) Segregability. The OCC provides copies of reasonably segregable portions of a record to any person properly requesting the record pursuant to §4.15, after redacting any portion that is exempt under paragraph (b) of this section.

§ 4.13 Publication in the Federal Register.

The OCC publishes certain documents in the FEDERAL REGISTER for the guidance of the public, including the following:

(a) Proposed and final rules; and

(b) Certain notices and policy statements of concern to the general public.

§ 4.14 Public inspection and copying.

(a) Available information. Subject to the exemptions listed in §4.12(b), the OCC makes the following information readily available for public inspection and copying:

1 Some forms and instructions that national banks use, such as the Consolidated Report of Condition and Income (FFIEC 031–034), are not available from the OCC. The OCC will provide information on where persons may obtain these forms and instructions upon request.

1 (1) Any final order, agreement, or other enforceable document issued in the adjudication of an OCC enforcement case, including a final order published pursuant to 12 U.S.C. 1818(a);

(2) Any final opinion issued in the adjudication of an OCC enforcement case;

(3) Any statement of general policy or interpretation of general applicability not published in the FEDERAL REGISTER;

(4) Any administrative staff manual or instruction to staff that may affect a member of the public as such;

(5) A current index identifying the information referred to in paragraphs (a)(1) through (a)(4) of this section issued, adopted, or promulgated after July 4, 1967;

(6) A list of available OCC publications;

(7) A list of forms available from the OCC, and specific forms and instructions;

(8) Any public Community Reinvestment Act performance evaluation;

(9) Any public securities-related filing required under part 11 or 16 of this chapter;

(10) Any public comment letter regarding a proposed rule; and

(11) The public file (as defined in 12 CFR 5.9) with respect to a pending application described in part 5 of this chapter.

(b) Redaction of identifying details. To the extent necessary to prevent an invasion of personal privacy, the OCC may redact identifying details from any information described in paragraph (a) of this section before making the information available for public inspection and copying.

(c) Addresses. The information described in paragraphs (a)(1) through (a)(10) of this section is available from the Disclosure Officer, Communications Division, Office of the Comptroller of the Currency, 250 E Street,
§ 4.15 Specific requests for records.

(a) Available information. Subject to the exemptions described in §4.12(b), any OCC record is available to any person upon specific request in accordance with this section.

(b) Where to submit request or appeal—

(1) General. Except as provided in paragraph (b)(2) of this section, a person requesting a record or filing an administrative appeal under this section must submit the request or appeal to the Disclosure Officer, Communications Division, Office of the Comptroller of the Currency, 250 E Street, SW, Washington, DC 20219.

(2) Exceptions—

(i) Records at the Federal Deposit Insurance Corporation. A person requesting any of the following records, other than blank forms (see §4.14(a)(7)), must submit the request to the Disclosure Group, Federal Deposit Insurance Corporation, 550 17th Street, NW, Washington, DC 20429, (800) 945-2186:

(A) Consolidated Report of Condition and Income (FFIEC 031, 032, 033, 034);
(B) Annual Report of Trust Assets (FFIEC 001);
(C) Uniform Bank Performance Report; and
(D) Special Report.

(ii) Records of another agency. When the OCC receives a request for records in its possession that another Federal agency either generated or provided to the OCC, the OCC promptly informs the requester and immediately forwards the request to that agency for processing in accordance with that agency’s regulations.

(c) Request for records—

(1) Content of request for records. A person requesting records under this section must state, in writing:

(i) The requester’s full name, address, and telephone number;

(ii) A reasonable description of the records sought (including sufficient detail to enable OCC employees who are familiar with the subject matter of the request to locate the records with a reasonable amount of effort);

(iii) A statement agreeing to pay all fees that the OCC assesses under §4.17;

(iv) A description of how the requester intends to use the records, if a requester seeks placement in a lower fee category (i.e., a fee category other than “commercial use requester”) under §4.17; and

(v) Whether the requester prefers the OCC to deliver a copy of the records or to allow the requester to inspect the records at the appropriate OCC office.

(2) Initial determination. The OCC’s Director of Communications or that person’s delegate initially determines whether to grant a request for OCC records.

(3) If request is granted. If the OCC grants a request for records, in whole or in part, the OCC promptly discloses the records in one of two ways, depending on the requester’s stated preference:

(i) The OCC may deliver a copy of the records to the requester. If the OCC delivers a copy of the records to the requester, the OCC duplicates the records at reasonable and proper times that do not interfere with their use by the OCC or preclude other persons from making inspections; or

(ii) The OCC may allow the requester to inspect the records at reasonable and proper times that do not interfere with their use by the OCC or preclude other persons from making inspections. If the OCC allows the requester to inspect the records, the OCC may place a reasonable limit on the number of records that a person may inspect during a day.

(4) If request is denied. If the OCC denies a request for records, in whole or in part, the OCC notifies the requester by mail. The notification is dated and contains a brief statement of the reasons for the denial, sets forth the name and title or position of the official making the decision, and advises the requester of the right to an administrative appeal in accordance with paragraph (d) of this section.
§ 4.15  Administrative appeal of a denial—

(1) Procedure. A requester must submit an administrative appeal of denial of a request for records in writing within 35 days of the date of the initial determination. The appeal must include the circumstances and arguments supporting disclosure of the requested records.

(2) Appellate determination. The Comptroller or the Comptroller’s delegate determines whether to grant an appeal of a denial of a request for OCC records.

(3) If appeal is granted. If the OCC grants an appeal, in whole or in part, the OCC treats the request as if it were originally granted, in whole or in part, by the OCC in accordance with paragraph (c)(3) of this section.

(4) If appeal is denied. If the OCC denies an appeal, in whole or in part, the OCC notifies the requester by mail. The notification contains a brief statement of the reasons for the denial, sets forth the name and title or position of the official making the decision, and advises the requester of the right to judicial review of the denial under 5 U.S.C. 552(a)(4)(B).

(e) Judicial review—

(1) General. If the OCC denies an appeal pursuant to paragraph (d) of this section, or if the OCC fails to make a determination within the time limits specified in paragraph (f) of this section, the requester may commence an action to compel disclosure of records, pursuant to 5 U.S.C. 552(a)(4)(B), in the United States district court in:

(i) The district where the requester resides;

(ii) The district where the requester’s principal place of business is located;

(iii) The district where the records are located; or

(iv) The District of Columbia.

(2) Service of process. In commencing an action described in paragraph (e)(1) of this section, the requester, in addition to complying with the Federal Rules of Civil Procedure (28 U.S.C. appendix) for service upon the United States or agencies thereof, must serve process on the Chief Counsel or the Chief Counsel’s delegate at the following location: Office of the Comptroller of the Currency, 250 E Street, SW, Washington, DC 20219.

(f) Time limits—

(1) Request. The OCC makes an initial determination to grant or deny a request for records within 10 business days after the date of receipt of the request, as described in paragraph (g) of this section, except as stated in paragraph (f)(3) of this section.

(2) Appeal. The OCC makes a determination to grant or deny an administrative appeal within 20 business days after the date of receipt of the appeal, as described in paragraph (g) of this section, except as stated in paragraph (f)(3) of this section.

(3) Extension of time. The time limits set forth in paragraphs (f)(1) and (2) of this section may be extended as follows:

(i) In unusual circumstances. The OCC may extend the time limits in unusual circumstances for a maximum of 10 business days. If the OCC extends the time limits, the OCC provides written notice to the person making the request or appeal, containing the reason for the extension and the date on which the OCC expects to make a determination. Unusual circumstances exist when the OCC expects additional time to:

(A) Search for and collect the requested records from field facilities or other buildings that are separate from the office processing the request or appeal;

(B) Search for, collect, and appropriately examine a voluminous amount of requested records;

(C) Consult with another agency that has a substantial interest in the determination of the request; or

(D) Allow two or more components of the OCC that have substantial interest in the determination of the request to consult with each other;

(ii) By agreement. A requester may agree to extend the time limits for any amount of time; or

(iii) By judicial action. If a requester commences an action pursuant to paragraph (e) of this section for failure to comply with the time limits set forth in this paragraph (f), a court with jurisdiction may, pursuant to 5 U.S.C. 552(a)(6)(C), allow the OCC additional time to complete the review of the records requested.
§ 4.16 Predisclosure notice for confidential commercial information.

(a) Definitions. For purposes of this section, the following definitions apply:

(1) Confidential commercial information means records that arguably contain material exempt from release under Exemption 4 of the FOIA (5 U.S.C. 552(b)(4); §4.12(b)(4)), because disclosure reasonably could cause substantial competitive harm to the submitter.

(2) Submitter means any person or entity that provides confidential commercial information to the OCC. This term includes corporations, State governments, foreign governments, and banks and their employees, officers, directors, and principal shareholders.

(b) Notice to submitter—(1) When provided. In accordance with Executive Order 12600 (3 CFR, 1987 Comp., p. 235), when the OCC receives a request under §4.15(c) or, where appropriate, an appeal under §4.15(d) for disclosure of confidential commercial information, the OCC provides a submitter with prompt written notice of the receipt of that request (except as provided in paragraph (b)(2) of this section) in the following circumstances:

(i) With respect to confidential commercial information submitted to the OCC prior to January 1, 1988, if:

(A) The records are less than 10 years old and the submitter designated the information as confidential commercial information;

(B) The OCC reasonably believes that disclosure of the information may cause substantial competitive harm to the submitter; or

(C) The information is subject to a prior express OCC commitment of confidentiality; and

(ii) With respect to confidential commercial information submitted to the OCC on or after January 1, 1988, if:

(A) The submitter in good faith designated the information as confidential commercial information;

(B) The OCC designated the class of information to which the requested information belongs as confidential commercial information; or

(C) The OCC reasonably believes that disclosure of the information may cause substantial competitive harm to the submitter.

(2) Exceptions. The OCC generally does not provide notice under paragraph (b)(1) of this section if the OCC determines that:

(i) It will not disclose the information;

(ii) The information already has been disclosed officially to the public;

(iii) The OCC is required by law (other than 5 U.S.C. 552) to disclose the information;

(iv) The OCC acquired the information in the course of a lawful investigation of a possible violation of criminal law;

(v) The submitter had an opportunity to designate the requested information as confidential commercial information at the time of submission of the information or a reasonable time thereafter and did not do so, unless the OCC has substantial reason to believe that disclosure of the information would result in competitive harm; or

(vi) The OCC determines that the submitter's designation under paragraph (b)(1)(ii)(A) of this section is frivolous; in such case, however, the OCC will provide the submitter with written notice of any final administrative determination to disclose the information at least 10 business days prior to the date that the OCC intends to disclose the information.

(3) Content of notice. The OCC either describes in the notice the exact nature of the confidential commercial information requested or includes with the notice copies of the records or portions of records containing that information.

(4) Expiration of notice period. The OCC provides notice under this paragraph (b) with respect to information that the submitter designated under paragraph (b)(1)(ii)(A) of this section only for a period of 10 years after the

§4.17 Fees for services.

(a) Definitions. For purposes of this section, the following definitions apply:

(1) Actual costs means those expenditures that the OCC incurs in providing services (including searching for, reviewing, and duplicating records) in response to a request for records under §4.15.

(2) Search means the process of locating a record in response to a request, including page-by-page or line-by-line identification of material within a record. The OCC may perform a search manually or by electronic means.

(3) Review means the process of examining a record located in response to a request to determine which portions of that record should be released. It also includes processing a record for disclosure.

(4) Duplication means the process of copying a record in response to a request. A copy may take the form of a paper copy, microform, audiovisual materials, or machine readable material (e.g., magnetic tape or disk), among others.

(5) Commercial use requester means a person who seeks records for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made.

(6) Educational institution requester means a person who seeks records on behalf of a public or private educational institution, including a preschool, an elementary or secondary school, an institution of undergraduate education, a library, a museum, or a research organization.

(c) Notice to requester. If the OCC provides notice to a submitter under paragraph (b) of this section, the OCC notifies the person requesting confidential commercial information (requester) that it has provided notice to the submitter. The OCC also advises the requester that if there is a delay in its decision whether to grant or deny access to the information sought, the delay may be considered a denial of access to the information, and that the requester may proceed with an administrative appeal or seek judicial review. However, the requester may agree to a voluntary extension of time to allow the OCC to review the submitter’s objection to disclosure (see §4.15(f)(3)(ii)).

(d) Opportunity to object to disclosure. Within 10 days after receiving notice under paragraph (b) of this section, the submitter may provide the OCC with a detailed statement of objection to disclosure of the information. That statement must specify the grounds for withholding any of the information under any exemption of the FOIA. Any statement that the submitter provides under this paragraph (d) may be subject to disclosure under the FOIA.

(e) Notice of intent to disclose. The OCC considers carefully a submitter’s objection and specific grounds for nondisclosure prior to determining whether to disclose the requested information. If the OCC decides to disclose information over the objection of the submitter, the OCC provides to the submitter, with a copy to the requester, a written notice that includes:

(1) A statement of the OCC’s reasons for not sustaining the submitter’s objections to disclosure;

(2) A description of the information to be disclosed;

(3) The anticipated disclosure date, which is not less than 10 business days after the OCC mails the written notice required under this paragraph (e); and

(4) A statement that the submitter must notify the OCC immediately if the submitter intends to seek injunctive relief.

(f) Notice of requester’s lawsuit. Whenever the OCC receives service of process indicating that a requester has brought suit seeking to compel the OCC to disclose information covered by paragraph (b)(1) of this section, the OCC promptly notifies the submitter.

§4.17 Fees for services.

(a) Definitions. For purposes of this section, the following definitions apply:

(1) Actual costs means those expenditures that the OCC incurs in providing services (including searching for, reviewing, and duplicating records) in response to a request for records under §4.15.

(2) Search means the process of locating a record in response to a request, including page-by-page or line-by-line identification of material within a record. The OCC may perform a search manually or by electronic means.

(3) Review means the process of examining a record located in response to a request to determine which portions of that record should be released. It also includes processing a record for disclosure.

(4) Duplication means the process of copying a record in response to a request. A copy may take the form of a paper copy, microform, audiovisual materials, or machine readable material (e.g., magnetic tape or disk), among others.

(5) Commercial use requester means a person who seeks records for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made.

(6) Educational institution requester means a person who seeks records on behalf of a public or private educational institution, including a preschool, an elementary or secondary school, an institution of undergraduate education, a library, a museum, or a research organization.

(c) Notice to requester. If the OCC provides notice to a submitter under paragraph (b) of this section, the OCC notifies the person requesting confidential commercial information (requester) that it has provided notice to the submitter. The OCC also advises the requester that if there is a delay in its decision whether to grant or deny access to the information sought, the delay may be considered a denial of access to the information, and that the requester may proceed with an administrative appeal or seek judicial review. However, the requester may agree to a voluntary extension of time to allow the OCC to review the submitter’s objection to disclosure (see §4.15(f)(3)(ii)).

(d) Opportunity to object to disclosure. Within 10 days after receiving notice under paragraph (b) of this section, the submitter may provide the OCC with a detailed statement of objection to disclosure of the information. That statement must specify the grounds for withholding any of the information under any exemption of the FOIA. Any statement that the submitter provides under this paragraph (d) may be subject to disclosure under the FOIA.

(e) Notice of intent to disclose. The OCC considers carefully a submitter’s objection and specific grounds for nondisclosure prior to determining whether to disclose the requested information. If the OCC decides to disclose information over the objection of the submitter, the OCC provides to the submitter, with a copy to the requester, a written notice that includes:

(1) A statement of the OCC’s reasons for not sustaining the submitter’s objections to disclosure;

(2) A description of the information to be disclosed;

(3) The anticipated disclosure date, which is not less than 10 business days after the OCC mails the written notice required under this paragraph (e); and

(4) A statement that the submitter must notify the OCC immediately if the submitter intends to seek injunctive relief.

(f) Notice of requester’s lawsuit. Whenever the OCC receives service of process indicating that a requester has brought suit seeking to compel the OCC to disclose information covered by paragraph (b)(1) of this section, the OCC promptly notifies the submitter.
or graduate higher education, an institution of professional education, or an institution of vocational education that operates a program of scholarly research.

(7) *Noncommercial scientific institution requester* means a person who is not a “commercial use requester,” as that term is defined in paragraph (a)(5) of this section, and who seeks records on behalf of an institution operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(8) *Requester who is a representative of the news media* means a person who seeks records for the purpose of gathering news (i.e., information about current events or of current interest to the public) on behalf of, or a free-lance journalist who reasonably expects to have his or her work product published or broadcast by, an entity organized and operated to publish or broadcast news to the public.

(b) *Fees*—(1) *General.* The hourly and per page rate that the OCC generally charges requesters is set forth in the “Notice of Comptroller of the Currency Fees” (Notice) described in 12 CFR 8.8. Any interested person may request a copy of the Notice from the OCC by mail or may obtain a copy at the location described in §4.14(c). The OCC may contract with a commercial service to search for, duplicate, or disseminate records, provided that the OCC determines that the fee assessed upon a requester is no greater than if the OCC performed the tasks itself. The OCC does not contract out responsibilities that the FOIA provides that the OCC alone may discharge, such as determining the applicability of an exemption or whether to waive or reduce a fee.

(2) *Fee categories.* The OCC assesses a fee based on the fee category in which the OCC places the requester. If the requester states how the requester intends to use the requested records (see §4.15(c)(1)(iv)), the OCC may place the requester in a lower fee category; otherwise, the OCC categorizes the requester as a “commercial use requester.” If the OCC reasonably doubts the requester’s stated intended use, or if that use is not clear from the request, the OCC may place the requester in the “commercial use” category or may seek additional clarification. The fee categories are as follows:

(i) *Commercial use requesters.* The OCC assesses a fee for a requester in this category for the actual cost of search, review, and duplication. A requester in this category does not receive any free search, review, or duplication services.

(ii) *Educational institution requesters,* noncommercial scientific institution requesters, and requesters who are representatives of the news media. The OCC assesses a fee for a requester in this category for the actual cost of duplication. A requester in this category receives 100 free pages.

(iii) *All other requesters.* The OCC assesses a fee for a requester who does not fit into either of the above categories for the actual cost of search and duplication. A requester in this category receives 100 free pages and two hours of free search time.

(3) *Special services.* The OCC may, in its discretion, accommodate a request for special services. The OCC may recover the actual cost of providing any special services.

(4) *Waiving or reducing a fee.* The OCC may waive or reduce a fee under this section whenever, in its opinion, disclosure of records is in the public interest because the disclosure:

(i) Is likely to contribute significantly to public understanding of the operations or activities of the government; and

(ii) Is not primarily in the commercial interest of the requester.

(5) *Fee for unsuccessful search.* The OCC generally assesses a fee when it delivers the records in response to the request, if any. A requester must send payment within 30 calendar days of the billing date to the Communications Division, Office of the Comptroller of the Currency, 250 E Street, SW., Washington, DC 20219.

(2) Fee likely to exceed $25. If the OCC estimates that a fee is likely to exceed $25, the OCC notifies the requester of the estimated fee, unless the requester has indicated in advance a willingness...
§ 4.31  

Purpose and scope.

(a) Purpose. The purposes of this subpart are to:

(1) Afford an orderly mechanism for the OCC to process expeditiously requests for non-public OCC information; to address the release of non-public OCC information without a request; and, when appropriate, for the OCC to assert evidentiary privileges in litigation;

(2) Recognize the public's interest in obtaining access to relevant and necessary information and the countervailing public interest of maintaining the effectiveness of the OCC supervisory process and appropriate confidentiality of OCC supervisory information;

(3) Ensure that the OCC's information is used in a manner that supports the public interest and the interests of the OCC;

(4) Ensure that OCC resources are used in the most efficient manner consistent with the OCC's statutory mission;

(5) Minimize burden on national banks, the public, and the OCC;

(6) Limit the expenditure of government resources for private purposes; and

(7) Maintain the OCC's impartiality among private litigants.

(b) Scope. (1) This subpart applies to requests for, and dissemination of, non-public OCC information, including requests for records or testimony arising out of civil lawsuits and administrative proceedings to which the OCC is not a party and the release of non-public OCC information without a specific request. Lawsuits and administrative proceedings to which the OCC is not a party include proceedings in which a Federal agency is a party in opposition to the private requester.

(2) This subpart does not apply to:

(i) A request for a record or testimony in a proceeding in which the OCC is a party; or

(ii) A request for a record that is required to be disclosed under the Freedom of Information Act (FOIA) (5 U.S.C. 552), as described in §4.12.

Subpart C—Release of Non-Public OCC Information

§ 4.31  

Purpose and scope.

(a) Purpose. The purposes of this subpart are to:

(1) Afford an orderly mechanism for the OCC to process expeditiously requests for non-public OCC information; to address the release of non-public OCC information without a request; and, when appropriate, for the OCC to assert evidentiary privileges in litigation;

(2) Recognize the public's interest in obtaining access to relevant and necessary information and the countervailing public interest of maintaining the effectiveness of the OCC supervisory process and appropriate confidentiality of OCC supervisory information;

(3) Ensure that the OCC's information is used in a manner that supports the public interest and the interests of the OCC;

(4) Ensure that OCC resources are used in the most efficient manner consistent with the OCC's statutory mission;

(5) Minimize burden on national banks, the public, and the OCC;

(6) Limit the expenditure of government resources for private purposes; and

(7) Maintain the OCC's impartiality among private litigants.

(b) Scope. (1) This subpart applies to requests for, and dissemination of, non-public OCC information, including requests for records or testimony arising out of civil lawsuits and administrative proceedings to which the OCC is not a party and the release of non-public OCC information without a specific request. Lawsuits and administrative proceedings to which the OCC is not a party include proceedings in which a Federal agency is a party in opposition to the private requester.

(2) This subpart does not apply to:

(i) A request for a record or testimony in a proceeding in which the OCC is a party; or

(ii) A request for a record that is required to be disclosed under the Freedom of Information Act (FOIA) (5 U.S.C. 552), as described in §4.12.
(3) A request for a record or testimony made by the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, a government agency of the United States or a foreign government, a state agency with authority to investigate violations of criminal law, or a state bank regulatory agency is governed solely by § 4.37(c).

§ 4.32 Definitions.

(a) Complete request means a request containing sufficient information to allow the OCC to make an informed decision.

(b) Non-public OCC information.

(1) Means information that the OCC is not required to release under the FOIA (5 U.S.C. 552) or that the OCC has not yet published or made available pursuant to 12 U.S.C. 1818(u) and includes:

(i) A record created or obtained by the OCC in connection with the OCC’s performance of its responsibilities, such as a record concerning supervision, licensing, regulation, and examination of a national bank, a bank holding company, or an affiliate;

(ii) A record compiled by the OCC in connection with the OCC’s enforcement responsibilities;

(iii) A report of examination, supervisory correspondence, an investigatory file compiled by the OCC in connection with an investigation, and any internal agency memorandum, whether the information is in the possession of the OCC or some other individual or entity;

(iv) Confidential OCC information obtained by a third party or otherwise incorporated in the records of a third party, including another government agency;

(v) Testimony from, or an interview with, a current or former OCC employee, officer, or agent concerning information acquired by that person in the course of his or her performance of official duties with the OCC or due to that person’s official status at the OCC;

(vi) Confidential information relating to operating and no longer operating national banks as well as their subsidiaries and their affiliates; and

[60 FR 57322, Nov. 15, 1995, as amended at 63 FR 62929, Nov. 10, 1998; 64 FR 29216, June 1, 1999]

§ 4.33 Requirements for a request of records or testimony.

(a) Generally—(1) Form of request. A person seeking non-public OCC information must submit a request in writing to the OCC. The requester must explain, in as detailed a description as is necessary under the circumstances, the bases for the request and how the requested non-public OCC information relates to the issues in the lawsuit or matter.

(2) Expedited request. A requester seeking a response in less than 60 days must explain why the request was not submitted earlier and why the OCC should expedite the request.
§ 4.34 Where to submit a request.

(a) A request for non-public OCC information. A person requesting information under this subpart, requesting authentication of a record under §4.39(d), or submitting a notification of the issuance of a subpoena or compulsory process under §4.37, shall send the request or notification to: Office of the Comptroller of the Currency, 250 E Street, SW, Washington, DC 20219, Attention: Director, Litigation Division.

(b) Combined requests for non-public and other OCC information. A person requesting public OCC information and non-public OCC information under this subpart may submit a combined request for both to the address in paragraph (a) of this section. If a requester decides to submit a combined request under this subpart, the OCC will process the combined request under this subpart and not under subpart B of this part (FOIA).

(c) Request by government agencies. A request made pursuant to §4.37(c) must be submitted:

(1) In a civil action, to the Director of the OCC’s Litigation Division at the Washington office; or

(2) In a criminal action, to the appropriate district counsel or the Director of the OCC’s Enforcement and Compliance Division at the Washington office.

[60 FR 57322, Nov. 15, 1995, as amended at 64 FR 29216, June 1, 1999]

§ 4.35 Consideration of requests.

(a) In general—(1) OCC discretion. The OCC decides whether to release non-public OCC information based on its weighing of all appropriate factors including the requestor’s fulfilling of the requirements enumerated in §4.33. Each decision is at the sole discretion of the Comptroller or the Comptroller’s delegate and is a final agency decision. OCC action on a request for non-public OCC information exhausts administrative remedies for discovery of the information.

(2) Bases for denial. The OCC may deny a request for non-public OCC information for reasons that include the following:

(i) The requester was unsuccessful in showing that the information is relevant to the pending matter;

(ii) The requester seeks testimony and the requestor did not show a compelling need for the information;
(iii) The request arises from an adversarial matter and other evidence reasonably suited to the requester’s need is available from another source;
(iv) A lawsuit or administrative action has not yet been filed and the request was made in connection with potential litigation; or
(v) The production of the information would be contrary to the public interest or unduly burdensome to the OCC.

(3) Additional information. A requester must submit a complete request. The OCC may require the requester to provide additional information to complete a request. Consistent with the purposes stated in §4.31, the OCC may inquire into the circumstances of any case underlying the request and rely on sources of information other than the requester, including other parties.

(4) Time required by the OCC to respond. The OCC generally will process requests in the order in which they are received. The OCC will notify the requester in writing of the final decision. Absent exigent or unusual circumstances, the OCC will respond to a request within 60 days from the date that the OCC receives a request that it deems a complete request. Consistent with §4.33(a)(2), the OCC weighs a request to respond in less than 60 days against the unfairness to other requesters whose pending requests may be delayed and the burden imposed on the OCC by the expedited processing.

(5) Notice to subject national banks. Following receipt of a request for non-public OCC information, the OCC generally notifies the national bank that is the subject of the requested information, unless the OCC, in its discretion, determines that to do so would advantage or prejudice any of the parties in the matter at issue.

(b) Testimony. (1) The OCC generally will not authorize a current OCC employee to provide expert or opinion evidence for a private party.

(2) The OCC may restrict the scope of any authorized testimony and may act to ensure that the scope of testimony given by the OCC employee adheres to the scope authorized by the OCC.

(3) Once a request for testimony has been submitted, and before the requested testimony occurs, a party to the relevant case, who did not join in the request and who wishes to question the witness beyond the scope of testimony sought by the request, shall timely submit the party’s own request for OCC information pursuant to this subpart.

(4) The OCC may offer the requester the employee’s written declaration in lieu of testimony.

(c) Release of non-public OCC information by others. In appropriate cases, the OCC may respond to a request for information by authorizing a party to the case who is in possession of non-public OCC information to release the information to the requester. An OCC authorization to release records does not preclude the party in possession from asserting its own privilege, arguing that the records are not relevant, or asserting any other argument for which it has standing to protect the records from release.

(a) Discretionary disclosure of non-public OCC information. The OCC may make non-public OCC information available to a supervised entity and to other persons, that in the sole discretion of the Comptroller may be necessary or appropriate, without a request for records or testimony.

(b) OCC policy. It is the OCC’s policy regarding non-public OCC information that such information is confidential and privileged. Accordingly, the OCC will not normally disclose this information to third parties.

Except as authorized by this subpart or otherwise by the OCC, no current or former OCC employee or agent may, in any manner, disclose or permit the disclosure of any non-public OCC information to anyone other than an employee or agent of the Comptroller for use in the performance of OCC duties.

(2) Duty of person served. Any current or former OCC employee or agent subpoenaed or otherwise requested to provide information covered by this subpart must immediately notify the OCC as provided in this paragraph. The OCC may intervene, attempt to have the compulsory process withdrawn, and register appropriate objections when a current or former OCC employee or agent receives a subpoena and the subpoena requires the current or former employee or agent to appear or produce OCC information. If necessary, the current or former employee or agent must appear as required and respectfully decline to produce the information sought, citing this subpart as authority and United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951). The current or former OCC employee or agent must immediately notify the OCC if subpoenaed or otherwise asked for non-public OCC information:

(i) In a civil action, by notifying the Director of the OCC’s Litigation Division at the Washington office; or

(ii) In a criminal action, by notifying the appropriate district counsel for current and former district employees or agents; or the Director of the OCC’s Enforcement and Compliance Division at the Washington office, for current and former Washington employees or agents.

(b) Non-OCC employees or entities—(1) Generally. (i) Without OCC approval, no person, national bank, or other entity, including one in lawful possession of non-public OCC information under paragraph (b)(2) of this section, may disclose information covered by this subpart in any manner, except:

(A) After the requester has sought the information from the OCC pursuant to the procedures set forth in this subpart; and

(B) As ordered by a Federal court in a judicial proceeding in which the OCC has had the opportunity to appear and oppose discovery.

(ii) Any person who discloses or uses non-public OCC information except as expressly permitted by the Comptroller of the Currency or as ordered by a Federal court, under paragraph (b)(1)(i) of this section, may be subject to the penalties provided in 18 U.S.C. 641.

(2) Exception for national banks. When necessary or appropriate for bank business purposes, a national bank or holding company, or any director, officer, or employee thereof, may disclose non-public OCC information, including information contained in, or related to, OCC reports of examination, to a person or organization officially connected with the bank as officer, director, employee, attorney, auditor, or independent auditor. A national bank or holding company or a director, officer, or employee thereof may also release non-public OCC information to a consultant under this paragraph if the consultant is under a written contract to provide services to the bank and the consultant has a written agreement with the bank in which the consultant:

(i) States its awareness of, and agreement to abide by, the prohibition on the dissemination of non-public OCC information contained in paragraph (b)(1) of this section; and

(ii) Agrees not to use the non-public OCC information for any purpose other than as provided under its contract to provide services to the bank.

(3) Duty of person or entity served. Any person, national bank, or other entity

(i) Immediately notify the Director of the OCC’s Litigation Division at the Washington, DC office and inform the Director of all relevant facts, including the documents and information requested, so that the OCC may intervene in the judicial or administrative action if appropriate;

(ii) Inform the requester of the substance of these rules and, in particular, of the obligation to follow the request procedures in §§4.33 and 4.34; and

(iii) At the appropriate time, inform the court or tribunal that issued the process of the substance of these rules.

(4) Actions of the OCC following notice of service.

Following receipt of notice pursuant to paragraph (b)(3) of this section, the OCC may direct the requester to comply with §§4.33 and 4.34, intervene in the judicial or administrative action, attempt to have the compulsory process withdrawn, or register other appropriate objections.

(5) Return of records. The OCC may require any person in possession of OCC records to return the records to the OCC.

(c) Disclosure to government agencies. When not prohibited by law, the Comptroller may make available to the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and, in the Comptroller’s sole discretion, to certain other government agencies of the United States and foreign governments, state agencies with authority to investigate violations of criminal law, and state bank regulatory agencies, a copy of a report of examination, testimony, or other non-public OCC information for their use, when necessary, in the performance of their official duties. All non-public OCC information made available pursuant to this paragraph is OCC property, and the OCC may condition its use on appropriate confidentiality protections, including the mechanisms identified in §4.37.

(d) Intention of OCC not to waive rights. The possession by any of the entities or individuals described in paragraphs (a), (b), and (c) of this section of non-public OCC information does not constitute a waiver by the OCC of its right to control, or impose limitations on, the subsequent use and dissemination of the information.

§4.38 Restrictions on dissemination of released information.

(a) Records. The OCC may condition a decision to release non-public OCC information on entry of a protective order by the court or administrative tribunal presiding in the particular case or, in non-adversarial matters, on a written agreement of confidentiality. In a case in which a protective order has already been entered, the OCC may condition approval for release of non-public OCC information upon the inclusion of additional or amended provisions in the protective order. The OCC may authorize a party who obtained records for use in one case to provide them to another party in another case.

(b) Testimony. The OCC may condition its authorization of deposition testimony on an agreement of the parties to appropriate limitations, such as an agreement to keep the transcript of the testimony under seal or to make the transcript available only to the parties, the court, and the jury. Upon request or on its own initiative, the OCC may allow use of a transcript in other litigation. The OCC may require the requester, at the requester’s expense, to furnish the OCC with a copy of the transcript. The OCC employee whose deposition was transcribed does not waive his or her right to review the transcript and to note errors.

Subpart D—Minority- , Women- , and Individuals With Disabilities-Owned Business Contracting Outreach Program; Contracting for Goods and Services

§ 4.61 Purpose.

Pursuant to the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, Sec. 1216(c), Pub. L. 101-73, 103 Stat. 183, 529 (12 U.S.C. 1833e(c)) and consistent with the Rehabilitation Act of 1973, as amended (29 U.S.C. 701 et seq.), this subpart establishes the OCC Minority- , Women- , and Individuals with Disabilities-Owned Business Contracting Outreach Program (Outreach Program). The Outreach Program is intended to ensure that firms owned and operated by minorities, women, and individuals with disabilities have the opportunity to participate, to the maximum extent possible, in all contracting activities of the OCC.

§ 4.62 Definitions.

(a) Minority- and/or women-owned (small and large) businesses and entities owned by minorities and women (MWOB) means firms at least 51 percent unconditionally-owned by one or more members of a minority group or by one or more women who are citizens of the United States. In the case of publicly-owned companies, at least 51 percent of
§ 4.63 Policy.

The OCC’s policy is to ensure that MWOBs and IDOBs have the opportunity to participate, to the maximum extent possible, in contracts awarded by the OCC. The OCC awards contracts consistent with the principles of full and open competition and best value acquisition, and with the concept of contracting for agency needs at the lowest practicable cost. The OCC ensures that MWOBs and IDOBs have the opportunity to participate fully in all contracting activities that the OCC enters into for goods and services, whether generated by the headquarters office in Washington, DC, or any other office of the OCC. Contracting opportunities may include small purchase awards, contracts above the small purchase threshold, and delivery orders issued against other governmental agency contracts.

§ 4.64 Promotion.

(a) Scope. The OCC, under the direction of the Deputy Comptroller for Resource Management, engages in promotion and outreach activities designed to identify MWOBs and IDOBs capable of providing goods and services needed by the OCC, to facilitate interaction between the OCC and the MWOBs and IDOBs community, and to indicate the OCC’s commitment to doing business with that community. The Outreach Program is designed to facilitate OCC’s participation in business promotion events sponsored by other government agencies and attended by minorities, women and individuals with disabilities. Once the OCC has identified a prospective participant, it will assist the minority- or women-owned business or individual with disabilities-owned business in understanding the OCC’s needs and contracting process.

(b) Outreach activities. OCC’s Outreach Program includes the following:

(e) Unconditional ownership means ownership that is not subject to conditions or similar arrangements which cause the benefits of the Outreach Program to accrue to persons other than the participating MWOB or IDOB.
(1) Obtaining various lists and directories of MWOBs and IDOBs maintained by government agencies;
(2) Contacting appropriate firms for participation in the OCC’s Outreach Program;
(3) Participating in business promotion events comprised of or attended by MWOBs and IDOBs to explain OCC contracting opportunities and to obtain names of potential MWOBs and IDOBs;
(4) Ensuring that the OCC contracting staff understands and actively promotes this Outreach Program; and
(5) Registering MWOBs and IDOBs in the Department of the Treasury’s database to facilitate their participation in the competitive procurement process for OCC contracts. This database is used by OCC procurement staff to identify firms to be solicited for OCC procurements.

§ 4.65 Certification.

(a) Objective. To preserve the integrity and foster the Outreach Program’s objectives, each prospective MWOB or IDOB must demonstrate that it meets the ownership and control requirements for participation in the Outreach Program.

(b) MWOB. A prospective MWOB may demonstrate its eligibility for participation in the Outreach Program by:

(1) Submitting a valid MWOB certification received from another government agency whose definition of MWOB is substantially similar to that specified in §4.62(a); or
(2) Self-certifying MWOB ownership status by filing with the OCC a completed and signed certification form as prescribed in the Federal Acquisition Regulation, 48 CFR 53.301–129, and adding an additional certifying statement to read as follows:

I certify that I am an individual with disabilities as defined in 12 CFR 4.62(d), and that my firm, (Name of Firm) qualifies as an individual with disabilities-owned business as defined in 12 CFR 4.62(c).

§ 4.66 Oversight and monitoring.

The Deputy Comptroller for Resource Management shall appoint an Outreach Program Manager, who shall appoint an Outreach Program Specialist. The Outreach Program Manager is primarily responsible for program advocacy, oversight and monitoring.

Upon the request of an applicant for a transaction subject to the OCC’s public notice requirements and public notice required by another Federal agency, the OCC may accept publication of a single joint notice containing the information required by both the OCC and the other Federal agency, provided that the notice states that comments must be submitted to both the OCC and, if applicable, the other Federal agency.

(f) Public notice by the OCC. In addition to the foregoing, the OCC may require or give public notice and request comment on any filing and in any manner the OCC determines appropriate for the particular filing.

§ 5.9 Public availability.

(a) General. The OCC provides a copy of the public file to any person who requests it. A requestor should submit a request for the public file concerning a pending application to the appropriate district office. A requestor should submit a request for the public file concerning a decided or closed application to the Disclosure Officer, Communications Division, at the address listed in the Manual. Moreover, at its own initiative, the OCC may determine that certain information should be treated as confidential and withhold that information from the public file. A person requesting information withheld from the public file should submit the request to the Disclosure Officer, Communications Division, under the procedures described in 12 CFR part 4, subpart B. That request may be subject to the predisclosure notice procedures of 12 CFR 4.16.

   (iii) The OCC determines that other extenuating circumstances exist.

(3) Applicant response. The OCC may give the applicant an opportunity to respond to comments received.

§ 5.11 Hearings and other meetings.

(a) Hearing requests. Prior to the end of the comment period, any person may submit to the appropriate district office a written request for a hearing on a filing. A person requesting a hearing shall simultaneously submit a copy of the request to the applicant.

(b) Action on a hearing request. The OCC may grant or deny a request for a hearing and may limit the issues to those it deems relevant or material. The OCC generally grants a hearing request only if the OCC determines that written submissions would be insufficient or that a hearing would otherwise benefit the decisionmaking process. The OCC also may order a hearing if it concludes that a hearing would be in the public interest.

(c) Denial of a hearing request. If the OCC denies a hearing request, it shall notify the person requesting the hearing of the reason for the denial.

(d) OCC procedures prior to the hearing—(1) Notice of Hearing. The OCC issues a Notice of Hearing if it grants a request for a hearing or orders a hearing because it is in the public interest. The OCC sends a copy of the Notice of Hearing to the applicant, to the person requesting the hearing, and anyone else requesting a copy. The Notice of Hearing states the subject and date of the filing, the time and place of the hearing, and the issues to be addressed.

(g) Conduct of the hearing—(1) Presentations. Subject to the rulings of the presiding officer, the applicant and participants may make opening statements and present witnesses, material, and data.

(2) Information submitted. A person presenting documentary material shall furnish one copy to the OCC, and one copy to the applicant and each participant.

(h) Closing the hearing record. At the applicant’s or participant’s request,
§ 5.12 Computation of time.

In computing the period of days, the OCC includes the day of the act (e.g., the date an application is received by the OCC) from which the period begins to run and the last day of the period, regardless of whether it is a Saturday, Sunday, or legal holiday.

§ 5.13 Decisions.

(a) General. The OCC may approve, conditionally approve, or deny a filing after appropriate review and consideration of the record. In deciding an application under this part, the OCC may consider the activities, resources, or condition of an affiliate of the applicant that may reasonably reflect on or affect the applicant.

(1) Conditional approval. The OCC may impose conditions on any approval, including to address a significant supervisory, CRA (if applicable), or compliance concern, if the OCC determines that the conditions are necessary or appropriate to ensure that approval is consistent with relevant statutory and regulatory standards and OCC policies thereunder and safe and sound banking practices.

(2) Expedited review. The OCC grants eligible banks expedited review within a specified time after filing or commencement of the public comment period, including any extension of the comment period granted pursuant to §5.10, as described in applicable sections of this part.

(i) The OCC may extend the expedited review process for a filing subject to the CRA up to an additional 10 days if a comment contains specific assertions concerning a bank’s CRA performance that, if true, would indicate a reasonable possibility that:

(A) A bank’s CRA rating would be less than satisfactory, institution-wide, or, where applicable, in a state or multistate MSA; or

(B) A bank’s CRA performance would be less than satisfactory in an MSA, or in the non-MSA portion of a state, in which it seeks to expand through approval of an application for a deposit facility as defined in 12 U.S.C. 2902(3).

(ii) The OCC will remove a filing from expedited review procedures, if the OCC concludes that the filing, or an adverse comment regarding the filing, presents a significant supervisory, CRA (if applicable), or compliance concern, or raises a significant legal or policy issue, requiring additional OCC review. The OCC will provide the applicant with a written explanation if it decides not to process an application from an eligible bank under expedited review pursuant to this paragraph (a)(2)(ii). For purposes of this section, a significant CRA concern exists if the OCC concludes that:

(A) A bank’s CRA rating is less than satisfactory, institution-wide, or, where applicable, in a state or multistate MSA; or

(B) A bank’s CRA performance is less than satisfactory in an MSA, or in the non-MSA portion of a state, in which it seeks to expand through approval of an application for a deposit facility as defined in 12 U.S.C. 2902(3).

(iii) Adverse comments that the OCC determines do not raise a significant supervisory, CRA (if applicable), or compliance concern, or a significant legal or policy issue, or are frivolous, filed primarily as a means of delaying action on the filing, or that raise a CRA concern that the OCC determines has been satisfactorily resolved, do not affect the OCC’s decision under paragraphs (a)(2)(i) or (a)(2)(ii) of this section. The OCC considers a CRA concern to have been satisfactorily resolved if
the OCC previously reviewed (e.g., in an examination or an application) a concern presenting substantially the same issue in substantially the same assessment area during substantially the same time, and the OCC determines that the concern would not warrant denial or imposition of a condition on approval of the application.

(iv) If a bank files an application for any activity or transaction that is dependent upon the approval of another application under this part, or if requests for approval for more than one activity or transaction are combined in a single application under applicable sections of this part, none of the subject applications may be deemed approved upon expiration of the applicable time periods, unless all of the applications are subject to expedited review procedures and the longest of the time periods expires without the OCC issuing a decision or notifying the bank that the filings are not eligible for expedited review under the standards in paragraph (a)(2)(ii) of this section.

(b) Denial. The OCC may deny a filing if:

(1) A significant supervisory, CRA (if applicable), or compliance concern exists with respect to the applicant;
(2) Approval of the filing is inconsistent with applicable law, regulation, or OCC policy thereunder; or
(3) The applicant fails to provide information requested by the OCC that is necessary for the OCC to make an informed decision.

(c) Required information and abandonment of filing. A filing must contain information required by the applicable section set forth in this part. To the extent necessary to evaluate an application, the OCC may require an applicant to provide additional information. The OCC may deem a filing abandoned if information required or requested by the OCC in connection with the filing is not furnished within the time period specified by the OCC.

(d) Notification of final disposition. The OCC notifies the applicant, and any person who makes a written request, of the final disposition of a filing, including confirmation of an expedited review under this part. If the OCC denies a filing, the OCC notifies the applicant in writing of the reasons for the denial.

(e) Publication of decision. The OCC will issue a public decision when a decision represents a new or changed policy or presents issues of general interest to the public or the banking industry. In rendering its decisions, the OCC may elect not to disclose information that the OCC deems to be private or confidential.

(f) Appeal. An applicant may file an appeal of an OCC decision with the Deputy Comptroller for Bank Organization and Structure or with the Ombudsman. Relevant addresses and telephone numbers are located in the Manual.

(g) Extension of time. When the OCC approves or conditionally approves a filing, the OCC generally gives the applicant a specified period of time to commence that new or expanded activity. The OCC does not generally grant an extension of the time specified to commence a new or expanded corporate activity approved under this part, unless the OCC determines that the delay is beyond the applicant’s control.

(h) Nullifying a decision—(1) Material misrepresentation or omission. An applicant shall certify that any filing or supporting material submitted to the OCC contains no material misrepresentations or omissions. The OCC may review and verify any information filed in connection with a notice or an application. If the OCC discovers a material misrepresentation or omission after the OCC has rendered a decision on the filing, the OCC may nullify its decision. Any person responsible for any material misrepresentation or omission in a filing or supporting materials may be subject to enforcement action and other penalties, including criminal penalties provided in 18 U.S.C. 1001.

(2) Other nullifications. The OCC may nullify any decision on a filing that is:

(i) Contrary to law, regulation, or OCC policy thereunder; or
(ii) Granted due to clerical or administrative error, or a material mistake of law or fact.
§ 5.20 Organizing a bank.

(a) Authority. 12 U.S.C. 21, 22, 24(Seventh), 26, 27, 92a, 93a, 1814(b), 1816, and 2903.

(b) Licensing requirements. Any person desiring to establish a national bank shall submit an application and obtain prior OCC approval.

(c) Scope. This section describes the procedures and requirements governing OCC review and approval of an application to establish a national bank, including a national bank with a special purpose. Information regarding an application to establish an interim national bank solely to facilitate a business combination is set forth in §5.33.

(d) Definitions. For purposes of this section:

(1) Bankers’ bank means a bank owned exclusively (except to the extent directors’ qualifying shares are required by law) by other depository institutions or depository institution holding companies (as that term is defined in section 3 of the Federal Deposit Insurance Act, 12 U.S.C. 1813), the activities of which are limited by its articles of association exclusively to providing services to or for other depository institutions, their holding companies, and the officers, directors, and employees of such institutions and companies, and to providing correspondent banking services at the request of other depository institutions or their holding companies.

(2) Control means control as used in section 2 of the Bank Holding Company Act, 12 U.S.C. 1841(a)(2).

(3) Final approval means the OCC action issuing a charter certificate and authorizing a national bank to open for business.

(4) Holding company means any company that controls or proposes to control a national bank whether or not the company is a bank holding company under section 2 of the Bank Holding Company Act, 12 U.S.C. 1841(a)(1).

(5) Lead depository institution means the largest depository institution controlled by a bank holding company based on a comparison of the average total assets controlled by each depository institution as reported in its Consolidated Report of Condition and Income required to be filed for the immediately preceding four calendar quarters.

(6) Organizing group means five or more persons acting on their own behalf, or serving as representatives of a sponsoring holding company, who apply to the OCC for a national bank charter.

(7) Preliminary approval means a decision by the OCC permitting an organizing group to go forward with the organization of the proposed national bank. A preliminary approval generally is subject to certain conditions that an applicant must satisfy before the OCC will grant final approval.

(e) Statutory requirements—(1) General. The OCC charters a national bank under the authority of the National Bank Act of 1864, as amended, 12 U.S.C. 1 et seq. The name of a proposed bank must include the word “national.” In determining whether to approve an application to establish a national bank, the OCC verifies that the proposed national bank has complied with the following requirements of the National Bank Act. A national bank shall:

(i) Draft and file articles of association with the OCC;

(ii) Draft and file an organization certificate containing specified information with the OCC;

(iii) Ensure that all capital stock is paid in; and

(iv) Have at least five elected directors.

(2) Community Reinvestment Act. Twelve CFR part 25 requires the OCC to take into account a proposed insured national bank’s description of how it will meet its CRA objectives.

(f) Policy—(1) General. The marketplace is normally the best regulator of economic activity, and competition within the marketplace promotes efficiency and better customer service. Accordingly, it is the OCC’s policy to approve proposals to establish national banks, including minority-owned institutions, that have a reasonable chance of success and that will be operated in a safe and sound manner. It is not the OCC’s policy to ensure that a proposal to establish a national bank is without risk to the organizers or to protect existing institutions from healthy competition from a new national bank.
(2) Policy considerations. (i) In evaluating an application to establish a national bank, the OCC considers whether the proposed bank:

(A) Has organizers who are familiar with national banking laws and regulations;

(B) Has competent management, including a board of directors, with ability and experience relevant to the types of services to be provided;

(C) Has capital that is sufficient to support the projected volume and type of business;

(D) Can reasonably be expected to achieve and maintain profitability; and

(E) Will be operated in a safe and sound manner.

(ii) The OCC may also consider additional factors listed in section 6 of the Federal Deposit Insurance Act, 12 U.S.C. 1816, including the risk to the Federal deposit insurance fund, and whether the proposed bank’s corporate powers are consistent with the purposes of the Federal Deposit Insurance Act and the National Bank Act.

(3) OCC evaluation. The OCC evaluates a proposed national bank’s organizing group and its operating plan together. The OCC’s judgment concerning one may affect the evaluation of the other. An organizing group and its operating plan must be stronger in markets where economic conditions are marginal or competition is intense.

(g) Organizing group—(1) General. Strong organizing groups generally include diverse business and financial interests and community involvement. An organizing group must have the experience, competence, willingness, and ability to be active in directing the proposed national bank’s affairs in a safe and sound manner. The bank’s initial board of directors generally is comprised of many, if not all, of the organizers. The operating plan and other information supplied in the application must demonstrate an organizing group’s collective ability to establish and operate a successful bank in the economic and competitive conditions of the market to be served. Each organizer should be knowledgeable about the operating plan. A poor operating plan reflects adversely on the organizing group’s ability, and the OCC generally denies applications with poor operating plans.

(2) Management selection. The initial board of directors must select competent senior executive officers before the OCC grants final approval. Early selection of executive officers, especially the chief executive officer, contributes favorably to the preparation and review of an operating plan that is accurate, complete, and appropriate for the type of bank proposed and its market, and reflects favorably upon an application. As a condition of the charter approval, the OCC retains the right to object to and preclude the hiring of any officer, or the appointment or election of any director, for a two-year period from the date the bank commences business.

(3) Financial resources. (i) Each organizer must have a history of responsibility, personal honesty, and integrity. Personal wealth is not a prerequisite to become an organizer or director of a national bank. However, directors’ stock purchases, individually and in the aggregate, should reflect a financial commitment to the success of the national bank that is reasonable in relation to their individual and collective financial strength. A director should not have to depend on bank dividends, fees, or other compensation to satisfy financial obligations.

(ii) Because directors are often the primary source of additional capital for a bank not affiliated with a holding company, it is desirable that an organizer who is also proposed as a director of the national bank be able to supply or have a realistic plan to enable the bank to obtain capital when needed.

(iii) Any financial or other business arrangement, direct or indirect, between the organizing group or other insider and the proposed national bank must be on nonpreferential terms.

(4) Organizational expenses. (i) Organizers are expected to contribute time and expertise to the organization of the bank. Organizers should not bill excessive charges to the bank for professional and consulting services or unduly rely upon these fees as a source of income.

(ii) A proposed national bank shall not pay any fee that is contingent upon an OCC decision. Such action generally
§ 5.20 12 CFR Ch. I (1–1–01 Edition)

is grounds for denial of the application or withdrawal of preliminary approval. Organizational expenses for denied applications are the sole responsibility of the organizing group.

(5) Sponsor’s experience and support. A sponsor must be financially able to support the new bank’s operations and to provide or locate capital when needed. The OCC primarily considers the financial and managerial resources of the sponsor and the sponsor’s record of performance, rather than the financial and managerial resources of the organizing group, if an organizing group is sponsored by:

(i) An existing holding company;
(ii) Individuals currently affiliated with other depository institutions; or
(iii) Individuals who, in the OCC’s view, are otherwise collectively experienced in banking and have demonstrated the ability to work together effectively.

(h) Operating plan—(1) General. (i) Organizers of a proposed national bank shall submit an operating plan that adequately addresses the statutory and policy considerations set forth in paragraphs (e) and (f)(2) of this section. The plan must reflect sound banking principles and demonstrate realistic assessments of risk in light of economic and competitive conditions in the market to be served.

(ii) The OCC may offset deficiencies in one factor by strengths in one or more other factors. However, deficiencies in some factors, such as unrealistic earnings prospects, may have a negative influence on the evaluation of other factors, such as capital adequacy, or may be serious enough by themselves to result in denial. The OCC considers inadequacies in an operating plan to reflect negatively on the organizing group’s ability to operate a successful bank.

(2) Earnings prospects. The organizing group shall submit pro forma balance sheets and income statements as part of the operating plan. The OCC reviews all projections for reasonableness of assumptions and consistency with the operating plan.

(3) Management. (i) The organizing group shall include in the operating plan information sufficient to permit the OCC to evaluate the overall management ability of the organizing group. If the organizing group has limited banking experience or community involvement, the senior executive officers must be able to compensate for such deficiencies.

(ii) The organizing group may not hire an officer or elect or appoint a director if the OCC objects to that person at any time prior to the date the bank commences business.

(4) Capital. A proposed bank must have sufficient initial capital, net of any organizational expenses that will be charged to the bank’s capital after it begins operations, to support the bank’s projected volume and type of business.

(5) Community service. (i) The operating plan must indicate the organizing group’s knowledge of and plans for serving the community. The organizing group shall evaluate the banking needs of the community, including its consumer, business, nonprofit, and government sectors. The operating plan must demonstrate how the proposed bank responds to those needs consistent with the safe and sound operation of the bank. The provisions of this paragraph may not apply to an application to organize a bank for a special purpose.

(ii) As part of its operating plan, the organizing group shall submit a statement that demonstrates its plans to achieve CRA objectives.

(iii) Because community support is important to the long-term success of a bank, the organizing group shall include plans for attracting and maintaining community support.

(6) Safety and soundness. The operating plan must demonstrate that the organizing group (and the sponsoring company, if any), is aware of, and understands, national banking laws and regulations, and safe and sound banking operations and practices. The OCC will deny an application that does not meet these safety and soundness requirements.

(7) Fiduciary services. The operating plan must indicate if the proposed bank intends to offer fiduciary services. The information required by §5.26 shall be filed with the charter application. A separate application is not required.
§ 5.20

(1) Procedures—(1) Prefiling meeting. The OCC normally requires a prefiling meeting with the organizers of a proposed national bank before the organizers file an application. Organizers should be familiar with the OCC's chartering policy and procedural requirements in the Manual before the prefiling meeting. The prefiling meeting normally is held in the district office where the application will be filed but may be held at another location at the request of the applicant.

(2) Operating plan. An organizing group shall file an operating plan that addresses the subjects discussed in paragraph (h) of this section.

(3) Spokesperson. The organizing group shall designate a spokesperson to represent the organizing group in all contacts with the OCC. The spokesperson shall be an organizer and proposed director of the new bank, except a representative of the sponsor or sponsors may serve as spokesperson if an application is sponsored by an existing holding company, individuals currently affiliated with other depository institutions, or individuals who, in the OCC's view, are otherwise collectively experienced in banking and have demonstrated the ability to work together effectively.

(4) Decision notification. The OCC notifies the spokesperson and other interested persons in writing of its decision on an application.

(5) Post-decision activities. (1) Before the OCC grants final approval, a proposed national bank must be established as a legal entity. A national bank becomes a legal entity after it has filed its organization certificate and articles of association with the OCC as required by law. In addition, the organizing group shall elect a board of directors. The proposed bank may not conduct the business of banking until the OCC grants final approval.

(2) For all capital obtained through a public offering a proposed national bank shall use an offering circular that complies with the OCC's securities offering regulations, 12 CFR part 16.

(iii) A national bank in organization shall raise its capital before it commences business. Preliminary approval expires if a national bank in organization does not raise the required capital within 12 months from the date the OCC grants preliminary approval. Approval expires if the national bank does not commence business within 18 months from the date the OCC grants preliminary approval.

(j) Expedited review. An application to establish a full-service national bank that is sponsored by a bank holding company whose lead depository institution is an eligible bank or eligible depository institution is deemed preliminarily approved by the OCC as of the 15th day after the close of the public comment period or the 45th day after the filing is received by the OCC, whichever is later, unless the OCC:

(1) Notifies the applicant prior to that date that the filing is not eligible for expedited review, or the expedited review process is extended, under §5.13(a)(2); or

(2) Notifies the applicant prior to that date that the OCC has determined that the proposed bank will offer banking services that are materially different than those offered by the lead depository institution.

(k) National bankers' banks—(1) Activities and customers. In addition to the other requirements of this section, when an organizing group seeks to organize a national bankers' bank, the organizing group shall list in the application the anticipated activities and customers or clients of the proposed national bankers' bank.

(2) Waiver of requirements. At the organizing group's request, the OCC may waive requirements that are applicable to national banks in general if those requirements are inappropriate for a national bankers' bank and would impede its ability to provide desired services to its market. An applicant must submit a request for a waiver with the application and must support the request with adequate justification and legal analysis. A national bankers' bank that is already in operation may also request a waiver. The OCC cannot waive statutory provisions that specifically apply to national bankers' banks pursuant to 12 U.S.C. 27(b)(1).

(3) Investments. A national bank may invest up to ten percent of its capital and surplus in a bankers' bank and may own five percent or less of any
§ 5.24 Conversion.

(a) Authority. 12 U.S.C. 35, 93a, 214a, 214b, 214c, and 2903.

(b) Licensing requirements. A state bank (including a “state bank” as defined in 12 U.S.C. 214(a)) or a Federal savings association shall submit an application and obtain prior OCC approval to convert to a national bank charter. A national bank shall give notice to the OCC before converting to a state bank (including a “state bank” as defined in 12 U.S.C. 214(a)) or Federal savings association.

(c) Scope. This section describes procedures and standards governing OCC review and approval of an application by a state bank or Federal savings association to convert to a national bank charter. This section also describes notice procedures for a national bank seeking to convert to a state bank or Federal savings association.

(d) Conversion of a state bank or Federal savings association to a national bank—(1) Policy. Consistent with the OCC’s chartering policy, it is OCC policy to allow conversion to a national bank charter by another financial institution that can operate safely and soundly as a national bank in compliance with applicable laws, regulations, and policies. The OCC may deny an application by any state bank (including a “state bank” as defined in 12 U.S.C. 214(a)) and any Federal savings association to convert to a national bank charter on the basis of the standards for denial set forth in §5.13(b), or when conversion would permit the applicant to escape supervisory action by its current regulator.

(2) Procedures. (i) Prefiling communications. The applicant should consult with the appropriate district office prior to filing if it anticipates that its application will raise unusual or complex issues. If a prefiling meeting is appropriate, it will normally be held in the district office where the application will be filed, but may be held at another location at the request of the applicant.

(ii) A state bank (including a state bank as defined in 12 U.S.C. 214(a)) or Federal savings association shall submit its application to convert to a national bank to the appropriate district office. The application must:

(A) Be signed by the president or other duly authorized officer;

(B) Identify each branch that the resulting bank expects to operate after conversion;

(C) Include the institution’s most recent audited financial statements (if any);

(D) Include the latest report of condition and report of income (the most recent daily statement of condition will suffice if the institution does not file these reports);

(E) Unless otherwise advised by the OCC in a prefiling communication, include an opinion of counsel that, in the case of a state bank, the conversion is not in contravention of applicable state law, or in the case of a Federal savings association, the conversion is not in contravention of applicable Federal law;

(F) State whether the institution wishes to exercise fiduciary powers after the conversion;

(G) Identify all subsidiaries that will be retained following the conversion, and provide the information and analysis of the subsidiaries’ activities that would be required if the converting
§ 5.26 Fiduciary powers.

(b) Licensing requirements. A national bank must submit an application and obtain prior approval from, or in certain circumstances file a notice with, the OCC in order to exercise fiduciary powers. No approval or notice is required in the following circumstances:

(1) Where two or more national banks consolidate or merge, and any of the banks has, prior to the consolidation or merger, received OCC approval to exercise fiduciary powers and that approval is in force at the time of the consolidation or merger, the resulting bank may exercise fiduciary powers in the same manner and to the same extent as the
§ 5.26  12 CFR Ch. I (1–1–01 Edition)

national bank to which approval was originally granted; and

(2) Where a national bank with prior OCC approval to exercise fiduciary powers is the resulting bank in a merger or consolidation with a state bank.

(c) Scope. This section sets forth the procedures governing OCC review and approval of an application, and in certain cases the filing of a notice, by a national bank to exercise fiduciary powers. A national bank’s fiduciary activities are subject to the provisions of 12 CFR part 9.

(d) Policy. The exercise of fiduciary powers is primarily a management decision of the national bank. The OCC generally permits a national bank to exercise fiduciary powers if the bank is operating in a satisfactory manner, the proposed activities comply with applicable statutes and regulations, and the bank retains qualified fiduciary management.

(e) Procedure—(1) General. The following institutions must obtain approval from the OCC in order to offer fiduciary services to the public:

(i) A national bank without fiduciary powers;

(ii) A national bank without fiduciary powers that desires to exercise fiduciary powers after merging with a state bank or savings association with fiduciary powers; and

(iii) A national bank that results from the conversion of a state bank or a state or Federal savings association that was exercising fiduciary powers prior to the conversion.

(2) Application. (i) Except as provided in paragraph (e)(2)(ii) of this section, a national bank that desires to exercise fiduciary powers after merging with a state bank or savings association that was exercising fiduciary powers shall submit to the OCC an application requesting approval. The application must contain:

(A) A statement requesting full or limited powers (specifying which powers);

(B) An opinion of counsel that the proposed activities do not violate applicable Federal or state law, including citations to applicable law;

(C) A statement that the capital and surplus of the national bank is not less than the capital and surplus required by state law of state banks, trust companies, and other corporations exercising comparable fiduciary powers;

(D) Sufficient biographical information on proposed trust management personnel to enable the OCC to assess their qualifications; and

(E) A description of the locations where the bank will conduct fiduciary activities.

(ii) If approval to exercise fiduciary powers is desired in connection with any other transaction subject to an application under this part, the applicant covered under paragraph (e)(1)(ii) or (e)(1)(iii) of this section may include a request for approval of fiduciary powers, including the information required by paragraph (e)(2)(i) of this section, as part of its other application. The OCC does not require a separate application requesting approval to exercise fiduciary powers under these circumstances.

(3) Expedited review. (i) An application by an eligible bank to exercise fiduciary powers is deemed approved by the OCC as of the 30th day after the application is received by the OCC, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review under §5.13(a)(2).

(ii) An eligible bank applying for fiduciary powers may omit the opinion of counsel required by paragraph (e)(2)(i)(B) of this section unless such opinion is specifically requested by the OCC.

(4) Permit. Approval of an application under this section constitutes a permit under 12 U.S.C. 92a to conduct the fiduciary powers requested in the application.

(5) Notice of fiduciary activities. No further application under this section is required when a national bank with prior OCC approval to exercise fiduciary powers commences fiduciary activities in a state in addition to the state(s) described in the application for which it received OCC approval to exercise fiduciary powers. Instead, the bank shall provide written notice to the OCC within ten days after commencing fiduciary activities. The written notice must identify the state involved and describe the fiduciary activities to be conducted to the extent that they materially differ from fiduciary activities the bank was previously authorized to conduct.
Exceptions to rules of general applicability. Sections 5.8, 5.10, and 5.11 do not apply to this section. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that any or all parts of §§ 5.8, 5.10, and 5.11 apply.

Expiration of approval. Approval expires if a national bank does not commence fiduciary activities within 18 months from the date of approval.

Establishment, acquisition, and relocation of a branch.

(b) Licensing requirements. A national bank shall submit an application and obtain prior OCC approval in order to establish or relocate a branch.

(c) Scope. This section describes the procedures and standards governing OCC review and approval of a national bank’s application to establish a new branch or to relocate a branch. The standards of this section and, as applicable, 12 U.S.C. 36(b), but not the procedures set forth in this section, apply to a branch established as a result of a business combination approved under §5.33. A branch established through a business combination is subject only to the procedures set forth in §5.33.

(d) Definitions—(1) Branch includes any branch bank, branch office, branch agency, additional office, or any branch place of business established by a national bank in the United States or its territories at which deposits are received, checks paid, or money lent. A branch does not include an automated teller machine (ATM) or a remote service unit.

(i) A branch established by a national bank includes a mobile facility, temporary facility, drop box or a seasonal agency, as described in 12 U.S.C. 36(c).

(ii) A facility otherwise described in this paragraph (d)(1) is not a branch if:

(A) The bank establishing the facility does not permit members of the public to have physical access to the facility for purposes of making deposits, paying checks, or borrowing money (e.g., an office established by the bank that receives deposits only through the mail); or

(B) It is located at the site of, or is an extension of, an approved main or branch office of the national bank. The OCC determines whether a facility is an extension of an existing main or branch office on a case-by-case basis.

(2) Home state means the state in which the national bank’s main office is located.

(3) Messenger service has the meaning set forth in 12 CFR 7.1012.

(4) Mobile branch is a branch, other than a messenger service branch, that does not have a single, permanent site, and includes a vehicle that travels to various public locations to enable customers to conduct their banking business. A mobile branch may provide services at various regularly scheduled locations or it may be open at irregular times and locations such as at county fairs, sporting events, or school registration periods. A branch license is needed for each mobile unit.

(5) Temporary branch means a branch that is located at a fixed site and which, from the time of its opening, is scheduled to, and will, permanently close no later than a certain date (not longer than one year after the branch is first opened) specified in the branch application and the public notice.

(e) Policy. In determining whether to approve an application to establish or relocate a branch, the OCC is guided by the following principles:

(1) Maintaining a sound banking system;

(2) Encouraging a national bank to help meet the credit needs of its entire community;

(3) Relying on the marketplace as generally the best regulator of economic activity; and

(4) Encouraging healthy competition to promote efficiency and better service to customers.

(f) Procedures—(1) General. Except as provided in paragraph (f)(2) of this section, each national bank proposing to establish a branch shall submit to the appropriate district office a separate application for each proposed branch.

(2) Messenger services. A national bank may request approval, through a
§ 5.33 Business combinations.

(b) Licensing requirements. A national bank shall submit an application and obtain prior OCC approval for a business combination between the national bank and another depository institution when the resulting institution is a national bank. A national bank shall give notice to the OCC prior to engaging in a combination where the resulting institution will not be a national bank.

(c) Scope. This section sets forth the standards for OCC review and approval of an application for a business combination resulting in a national bank and for notices and other procedures for national banks involved in all forms of combinations.

(d) Definitions—(1) Business combination means any merger or consolidation between a national bank and one or more depository institutions in which the resulting institution is a national bank, the acquisition by a national bank of all, or substantially all, of the assets of another depository institution, or the assumption by a national bank...
bank of deposit liabilities of another depository institution.

(2) Business reorganization means either:

(i) A business combination between eligible banks, or between an eligible bank and an eligible depository institution, that are controlled by the same holding company or that will be controlled by the same holding company prior to the combination; or

(ii) A business combination between an eligible bank and an interim bank chartered in a transaction in which a person or group of persons exchanges its shares of the eligible bank for shares of a newly formed holding company and receives after the transaction substantially the same proportional share interest in the holding company as it held in the eligible bank (except for changes in interests resulting from the exercise of dissenters’ rights), and the reorganization involves no other transactions involving the bank.

(3) Home state means, with respect to a national bank, the state in which the main office of the bank is located and, with respect to a state bank, the state by which the bank is chartered.

(4) Interim bank means a national bank that does not operate independently but exists solely as a vehicle to accomplish a business combination.

(e) Policy—(1) Factors. The OCC considers the following factors in evaluating an application for a business combination:

(i) Competition. (A) The OCC considers the effect of a proposed business combination on competition. The applicant shall provide a competitive analysis of the transaction, including a definition of the relevant geographic market or markets. An applicant may refer to the Manual for procedures to expedite its competitive analysis.

(B) The OCC will deny an application for a business combination if the combination would result in a monopoly or would be in furtherance of any combination or conspiracy to monopolize or attempt to monopolize the business of banking in any part of the United States. The OCC also will deny any proposed business combination whose effect in any section of the United States may be substantially to lessen competition, or tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the probable effects of the transaction in meeting the convenience and needs of the community clearly outweigh the anticompetitive effects of the transaction. For purposes of weighing against anticompetitive effects, a business combination may have favorable effects in meeting the convenience and needs of the community if the depository institution being acquired has limited long-term prospects, or if the resulting national bank will provide significantly improved, additional, or less costly services to the community.

(ii) Financial and managerial resources and future prospects. The OCC considers the financial and managerial resources and future prospects of the existing or proposed institutions.

(iii) Convenience and needs of community. The OCC considers the probable effects of the business combination on the convenience and needs of the community served. The applicant shall describe these effects in its application, including any planned office closings or reductions in services following the business combination and the likely impact on the community. The OCC also considers additional relevant factors, including the resulting national bank’s ability and plans to provide expanded or less costly services to the community.

(iv) Community reinvestment. The OCC considers the performance of the applicant and the other depository institutions involved in the business combination in helping to meet the credit needs of the relevant communities, including low- and moderate-income neighborhoods, consistent with safe and sound banking practices.

(2) Acquisition and retention of branches. An applicant shall disclose the location of any branch it will acquire and retain in a business combination. The OCC considers the acquisition and retention of a branch under the standards set out in §5.30, but it does not require a separate application under §5.30.

(3) Subsidiaries. (i) An applicant must identify any subsidiary to be acquired in a business combination and state the activities of
§ 5.33

12 CFR Ch. I (1–1–01 Edition)

each subsidiary. The OCC does not require a separate application under §5.34 or a separate notice under §5.39.

(ii) An applicant proposing to acquire, through a business combination, a subsidiary of a depository institution other than a national bank must provide the same information and analysis of the subsidiary’s activities that would be required if the applicant were establishing the subsidiary pursuant to §§5.34 or 5.39.

(4) Interim bank—(i) Application. An applicant for a business combination that plans to use an interim bank to accomplish the transaction shall file an application to organize an interim bank as part of the application for the related business combination.

(ii) Conditional approval. The OCC grants conditional approval to form an interim bank when it acknowledges receipt of the application for the related business combination.

(iii) Corporate status. An interim bank becomes a legal entity and may enter into legally valid agreements when it has filed, and the OCC has accepted, the interim bank’s duly executed articles of association and organization certificate. OCC acceptance occurs:

(A) On the date the OCC advises the interim bank that its articles of association and organization certificate are acceptable; or

(B) On the date the interim bank files articles of association and an organization certificate that conform to the form for those documents provided by the OCC in the Manual.

(iv) Other corporate procedures. An applicant should consult the Manual to determine what other information is necessary to complete the chartering of the interim bank as a national bank.

(5) Nonconforming assets. An applicant shall identify any nonconforming activities and assets, including nonconforming subsidiaries, of other institutions involved in the business combination, that will not be disposed of or discontinued prior to consummation of the transaction. The OCC generally requires a national bank to divest or conform nonconforming assets, or discontinue nonconforming activities, within a reasonable time following the business combination.

(6) Fiduciary powers. An applicant shall state whether the resulting bank intends to exercise fiduciary powers pursuant to §5.26(b) (1) or (2).

(7) Expiration of approval. Approval of a business combination, and conditional approval to form an interim bank charter, if applicable, expires if the business combination is not consummated within one year after the date of OCC approval.

(8) Adequacy of disclosure. (i) An applicant shall inform shareholders of all material aspects of a business combination and shall comply with any applicable requirements of the Federal securities laws and securities regulations of the OCC. Accordingly, an applicant shall ensure that all proxy and information statements prepared in connection with a business combination do not contain any untrue or misleading statement of a material fact, or omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading.

(ii) A national bank applicant with one or more classes of securities subject to the registration provisions of section 12 (b) or (g) of the Securities Exchange Act of 1934, 15 U.S.C. 78(b) or 78(g), shall file preliminary proxy materials or information statements for review with the Director, Securities and Corporate Practices Division, OCC, Washington, DC 20219, and with the appropriate district office. Any other applicant shall submit the proxy materials or information statements it uses in connection with the combination to the appropriate district office no later than when the materials are sent to the shareholders.

(9) Exceptions to rules of general applicability—(1) National bank applicant. Section 5.8 (a) through (c) does not apply to a national bank applicant that is subject to specific statutory notice requirements for a business combination. A national bank applicant shall follow, as applicable, the public notice requirements contained in 12 U.S.C. 1828(c)(3) (business combinations), 12 U.S.C. 215(a) (consolidation under a national bank charter), 12 U.S.C. 215a(a)(2) (merger under a national bank charter), and paragraph (g) of this
Comptroller of the Currency, Treasury

§ 5.33

section (merger or consolidation with a Federal savings association resulting in a state bank).

(2) Interim bank. Sections 5.8, 5.10, and 5.11 do not apply to an application to organize an interim bank. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that any or all parts of §§5.8, 5.10, and 5.11 apply. The OCC treats an application to organize an interim bank as part of the related application to engage in a business combination and does not require a separate public notice and public comment process.

(3) State bank or Federal savings association as resulting institution. Sections 5.2 and 5.5 through 5.13 do not apply to transactions covered by paragraph (g)(3) of this section.

(g) Approval procedures and treatment of dissenting shareholders in consolidations and mergers—(1) Consolidations and mergers with other national banks and state banks as defined in 12 U.S.C. 215 resulting in a national bank. A national bank entering into a consolidation or merger authorized pursuant to 12 U.S.C. 215 or 215a, respectively, is subject to the approval procedures and requirements with respect to treatment of dissenting shareholders set forth in those provisions.

(2) Consolidations and mergers with Federal savings associations under 12 U.S.C. 215c resulting in a national bank. (i) With the approval of the OCC, any national bank and any Federal savings association may consolidate or merge with a national bank as the resulting institution by complying with the following procedures:

(A) A national bank entering into the consolidation or merger shall follow the procedures of 12 U.S.C. 215 or 215a, respectively, as if the Federal savings association were a state or national bank.

(B) A Federal savings association entering into the consolidation or merger also shall follow the procedures of 12 U.S.C. 215 or 215a, respectively, as if the Federal savings association were a state bank or national bank, except where the laws or regulations governing Federal savings associations specifically provide otherwise.

(ii) The OCC may conduct an appraisal or reappraisal of dissenters’ shares of stock in a national bank involved in a consolidation or merger with a Federal savings association if all parties agree that the determination is final and binding on each party.

(3) Merger or consolidation of a national bank resulting in a state bank or Federal savings association—(i) Policy. Prior OCC approval is not required for the merger or consolidation of a national bank with a state bank or Federal savings association when the resulting institution will be a state bank or Federal savings association. Termination of a national bank’s status as a national banking association is automatic upon completion of the requirements of 12 U.S.C. 214a, in accordance with 12 U.S.C. 214c, in the case of a merger or consolidation when the resulting institution is a state bank, or paragraph (g)(3)(iii) of this section, in the case of a merger or consolidation when the resulting institution is a Federal savings association, and consummation of the transaction.

(ii) Procedures. A national bank desiring to merge or consolidate with a state bank or Federal savings association when the resulting institution will be a state bank or Federal savings association shall submit a notice to the appropriate district office advising of its intention. The national bank shall submit this notice at the time the application to merge or consolidate is filed with the responsible agency under the Bank Merger Act, 12 U.S.C. 1828(c). The OCC then provides instructions to the national bank for terminating its status as a national bank, including requiring the bank to provide the appropriate district office with the bank’s charter (or a copy) in connection with the consummation of the transaction.

(iii) Special procedures for merger or consolidation into a Federal savings association. (A) With the exception of the procedures in paragraph (g)(3)(ii)(B) of this section, a national bank entering into a merger or consolidation with a Federal savings association when the resulting institution will be a Federal savings association shall comply with the requirements of 12 U.S.C. 214a and 12 U.S.C. 214c as if the Federal savings
association were a state bank. However, for these purposes the references in 12 U.S.C. 214c to “law of the State in which such national banking association is located” and “any State authority” mean “laws and regulations governing Federal savings associations” and “Office of Thrift Supervision,” respectively.

(B) National bank shareholders who dissent from a plan to merge or consolidate may receive in cash the value of their national bank shares if they comply with the requirements of 12 U.S.C. 214a as if the Federal savings association were a state bank. The OCC conducts an appraisal or reappraisal of the value of the national bank shares held by dissenting shareholders only if all parties agree that the determination will be final and binding. The parties shall also agree on how the total expenses of the OCC in making the appraisal will be divided among the parties and paid to the OCC. The plan of merger or consolidation must provide, consistent with the requirements of the Office of Thrift Supervision, the manner of disposing of the shares of the resulting Federal savings association not taken by the dissenting shareholders of the national bank.

(b) Interstate combinations. A business combination between banks under the authority of 12 U.S.C. 1831u(a)(1) must satisfy the standards and requirements and comply with the procedures of 12 U.S.C. 1831u and the procedures of 12 U.S.C. 215 and 215a as applicable. For purposes of this section, the acquisition of a branch without the acquisition of all or substantially all of the assets of a bank is treated as the acquisition of a bank whose home state is the state in which the branch is located.

(i) Expedited review for business reorganizations and streamlined applications. A filing that qualifies as a business reorganization as defined in paragraph (d)(2) of this section, or a filing that qualifies as a streamlined application as described in paragraph (j) of this section, is deemed approved by the OCC as of the 45th day after the application is received by the OCC, or the 15th day after the close of the comment period, whichever is later, unless the OCC notifies the applicant that the filing is not eligible for expedited review, or the expedited review process is extended, under §5.13(a)(2). An application under this paragraph must contain all necessary information for the OCC to determine if it qualifies as a business reorganization or streamlined application.

(j) Streamlined applications. (1) An applicant may qualify for a streamlined business combination application in the following situations:

(i) At least one party to the transaction is an eligible bank, and all other parties to the transaction are eligible banks or eligible depository institutions, the resulting national bank will be well capitalized immediately following consummation of the transaction, and the total assets of the target institution are no more than 50 percent of the total assets of the acquiring bank, as reported in each institution’s Consolidated Report of Condition and Income filed for the quarter immediately preceding the filing of the application;

(ii) The acquiring bank is an eligible bank, the target bank is not an eligible bank or an eligible depository institution, the resulting national bank will be well capitalized immediately following consummation of the transaction, and the applicants in a prefiling communication request and obtain approval from the appropriate district office to use the streamlined application; or

(iii) The acquiring bank is an eligible bank, the target bank is not an eligible bank or an eligible depository institution, the resulting bank will be well capitalized immediately following consummation of the transaction, and the total assets acquired do not exceed 10 percent of the total assets of the acquiring national bank, as reported in each institution’s Consolidated Report of Condition and Income filed for the quarter immediately preceding the filing of the application.

(ii) When a business combination qualifies for a streamlined application, the applicant should consult the Manual to determine the abbreviated application information required by the OCC. The OCC encourages prefiling
§ 5.34 Operating subsidiaries. 

(b) Licensing requirements. A national bank must file a notice or application as prescribed in this section to acquire or establish an operating subsidiary, or to commence a new activity in an existing operating subsidiary.

(c) Scope. This section sets forth authorized activities and application or notice procedures for national banks engaging in activities through an operating subsidiary. The procedures in this section do not apply to financial subsidiaries authorized under §5.39.

(d) Definitions. For purposes of this §5.34:

(1) Authorized product means a product that would be defined as insurance under section 302(c) of the Gramm-Leach-Bliley Act (Public Law 106–102, 113 Stat. 1338, 1407) (GLBA) (15 U.S.C. 6712) that, as of January 1, 1999, the OCC had determined in writing that national banks may provide as principal or national banks were in fact lawfully providing the product as principal, and as of that date no court of relevant jurisdiction had, by final judgment, overturned a determination by the OCC that national banks may provide the product as principal. An authorized product does not include title insurance, or an annuity contract the income of which is subject to treatment under section 72 of the Internal Revenue Code of 1986 (26 U.S.C. 72).

(2) Well capitalized means the capital level described in 12 CFR 6.4(b)(1).

(3) Well managed means, unless otherwise determined in writing by the OCC:

(i) The national bank has received a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System in connection with its most recent examination; or

(ii) In the case of any national bank that has not been examined, the existence and use of managerial resources that the OCC determines are satisfactory.

(e) Standards and requirements—(1) Authorized activities. A national bank may conduct in an operating subsidiary activities that are permissible for a national bank to engage in directly either as part of, or incidental to, the business of banking, as determined by the OCC, or otherwise under other statutory authority, including:

(i) Providing authorized products as principal; and

(ii) Providing title insurance as principal if the national bank or subsidiary thereof was actively and lawfully underwriting title insurance before November 12, 1999, and no affiliate of the national bank (other than a subsidiary) provides insurance as principal. A subsidiary may not provide title insurance as principal if the state had in effect before November 12, 1999, a law which prohibits any person from underwriting title insurance with respect to real property in that state.

(2) Qualifying subsidiaries. An operating subsidiary in which a national bank may invest includes a corporation, limited liability company, or similar entity if the parent bank owns more than 50 percent of the voting (or similar type of controlling) interest of the operating subsidiary; or the parent bank otherwise controls the operating subsidiary and no other party controls more than 50 percent of the voting (or similar type of controlling) interest of the operating subsidiary. However, the following subsidiaries are not operating subsidiaries subject to this section:

(i) A subsidiary in which the bank’s investment is made pursuant to specific authorization in a statute or OCC regulation (e.g., a bank service company under 12 U.S.C. 1861 et seq. or a financial subsidiary under section 5136A of the Revised Statutes (12 U.S.C. 24a)); and

(ii) A subsidiary in which the bank has acquired, in good faith, shares through foreclosure on collateral, by way of compromise of a doubtful claim, or to avoid a loss in connection with a debt previously contracted.
§ 5.34  12 CFR Ch. I (1–1–01 Edition)

(3) Examination and supervision. An operating subsidiary conducts activities authorized under this section pursuant to the same authorization, terms and conditions that apply to the conduct of such activities by its parent national bank. If, upon examination, the OCC determines that the operating subsidiary is operating in violation of law, regulation, or written condition, or in an unsafe or unsound manner or otherwise threatens the safety or soundness of the bank, the OCC will direct the bank or operating subsidiary to take appropriate remedial action, which may include requiring the bank to divest or liquidate the operating subsidiary, or discontinue specified activities. OCC authority under this paragraph is subject to the limitations and requirements of section 45 of the Federal Deposit Insurance Act (12 U.S.C. 1831v) and section 115 of the Gramm-Leach-Bliley Act (12 U.S.C. 1820a).

(4) Consolidation of figures. Pertinent book figures of the parent bank and its operating subsidiary shall be combined for the purpose of applying statutory or regulatory limitations when combination is needed to effect the intent of the statute or regulation, e.g., for purposes of 12 U.S.C. 56, 60, 84, and 371d.

(5) Procedures—(i) Application required. (A) Except as provided in paragraph (e)(5)(iv) or (e)(5)(vi) of this section, a national bank that intends to acquire or establish an operating subsidiary, or to perform a new activity in an existing operating subsidiary, must first submit an application to, and receive approval from, the OCC. The application must include a complete description of the bank’s investment in the subsidiary, the proposed activities of the subsidiary, the organizational structure and management of the subsidiary, the relations between the bank and the subsidiary, and other information necessary to adequately describe the proposal. To the extent the application relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable. The application must state whether the operating subsidiary will conduct any activity at a location other than the main office of a previously approved branch of the bank. The OCC may require the applicant to submit a legal analysis if the proposal is novel, unusually complex, or raises substantial unresolved legal issues. In these cases, the OCC encourages applicants to have a pre-filing meeting with the OCC.

(B) A national bank must file an application and obtain prior approval before acquiring or establishing an operating subsidiary, or performing a new activity in an existing operating subsidiary, if the bank controls the subsidiary but owns 50 percent or less of the voting (or similar type of controlling) interest of the subsidiary. These applications are not subject to the filing exemption in paragraph (e)(5)(vi) of this section and are not eligible for the notice procedures in paragraph (e)(5)(iv) of this section.

(ii) Exceptions to rules of general applicability. Sections 5.8, 5.10, and 5.11 do not apply to this section. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that some or all provisions in §§5.8, 5.10, and 5.11 apply.

(iii) OCC review and approval. The OCC reviews a national bank’s application to determine whether the proposed activities are legally permissible and to ensure that the proposal is consistent with safe and sound banking practices and OCC policy and does not endanger the safety or soundness of the parent national bank. As part of this process, the OCC may request additional information and analysis from the applicant.

(iv) Notice process for certain activities. A national bank that is “well capitalized” and “well managed” may acquire or establish an operating subsidiary, or perform a new activity in an existing operating subsidiary, by providing the appropriate district office written notice within 10 days after acquiring or establishing the subsidiary, or commencing the activity, if the activity is
listed in paragraph (e)(5)(v) of this section. The written notice must include a complete description of the bank’s investment in the subsidiary and of the activity conducted and a representation and undertaking that the activity will be conducted in accordance with OCC policies contained in guidance issued by the OCC regarding the activity. To the extent the notice relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable.

Any bank receiving approval under this paragraph is deemed to have agreed that the subsidiary will conduct the activity in a manner consistent with published OCC guidance.

(v) Activities eligible for notice. The following activities qualify for the notice procedures, provided the activity is conducted pursuant to the same terms and conditions as would be applicable if the activity were conducted directly by a national bank:

(A) Holding and managing assets acquired by the parent bank, including investment assets and property acquired by the bank through foreclosure or otherwise in good faith to compromise a doubtful claim, or in the ordinary course of collecting a debt previously contracted;

(B) Providing services to or for the bank or its affiliates, including accounting, auditing, appraising, advertising and public relations, and financial advice and consulting;

(C) Making loans or other extensions of credit, and selling money orders, savings bonds, and travelers checks;

(D) Purchasing, selling, servicing, or warehousing loans or other extensions of credit, or interests therein;

(E) Providing courier services between financial institutions;

(F) Providing management consulting, operational advice, and services for other financial institutions;

(G) Providing check guaranty, verification and payment services;

(H) Providing data processing, data warehousing and data transmission products, services, and related activities and facilities, including associated equipment and technology, for the bank or its affiliates;

(I) Acting as investment adviser (including an adviser with investment discretion) or financial adviser or counselor to governmental entities or instrumentalities, businesses, or individuals, including advising registered investment companies and mortgage or real estate investment trusts, furnishing economic forecasts or other economic information, providing investment advice related to futures and options on futures, and providing consumer financial counseling;

(J) Providing tax planning and preparation services;

(K) Providing financial and transactional advice and assistance, including advice and assistance for customers in structuring, arranging, and executing mergers and acquisitions, divestitures, joint ventures, leveraged buyouts, swaps, foreign exchange, derivative transactions, coin and bullion, and capital restructurings;

(L) Underwriting credit related insurance to the extent permitted under section 302 of the GLBA (15 U.S.C. 6712);

(M) Leasing of personal property and acting as an agent or adviser in leases for others;

(N) Providing securities brokerage or acting as a futures commission merchant, and providing related credit and other related services;

(O) Underwriting and dealing, including making a market, in bank permissible securities and purchasing and selling as principal, asset backed obligations;

(P) Acting as an insurance agent or broker, including title insurance to the extent permitted under section 303 of the GLBA (15 U.S.C. 6713);

(Q) Reinsuring mortgage insurance on loans originated, purchased, or serviced by the bank, its subsidiaries, or its affiliates, provided that if the subsidiary enters into a quota share agreement, the subsidiary assumes less than 50 percent of the aggregate insured risk covered by the quota share agreement. A “quota share agreement” is an agreement under which the reinsurer is
§ 5.35 Bank service companies.

(a) Authority. 12 U.S.C. 93a and 1861–1867.

(b) Licensing requirements. Except where otherwise provided, a national bank shall submit a notice and obtain prior OCC approval to invest in the equity of a bank service company or to perform new activities in an existing bank service company.

(c) Scope. This section describes the procedures and requirements regarding OCC review and approval of a notice to invest in a bank service company.

(d) Definitions—(1) Bank service company means a corporation or limited liability company organized to provide services authorized by the Bank Service Company Act, 12 U.S.C. 1861 et seq., all of whose capital stock is owned by one or more insured banks in the case of a corporation, or all of the members of which are one or more insured banks in the case of a limited liability company.

(2) Limited liability company means any non-corporate company, partnership, trust, or similar business entity organized under the law of a State (as defined in section 3 of the Federal Deposit Insurance Act) which provides that a member or manager of such company is not personally liable for a debt, obligation, or liability of the company solely by reason of being, or acting as, a member or manager of such company.

(3) Depository institution, for purposes of this section, means an insured bank, a financial institution subject to examination by the Office of Thrift Supervision, or the National Credit Union Administration Board, or a financial institution whose accounts or deposits

(R) Acting as a finder pursuant to 12 CFR 7.1002 to the extent permitted by published OCC precedent; ¹

(S) Offering correspondent services to the extent permitted by published OCC precedent;

(T) Acting as agent or broker in the sale of fixed or variable annuities;

(U) Offering debt cancellation or debt suspension agreements;

(V) Providing real estate settlement, closing, escrow, and related services; and real estate appraisal services for the subsidiary, parent bank, or other financial institutions;

(W) Acting as a transfer or fiscal agent;

(X) Acting as a digital certification authority to the extent permitted by published OCC precedent, subject to the terms and conditions contained in that precedent; and

(Y) Providing or selling public transportation tickets, event and attraction tickets, gift certificates, prepaid phone cards, promotional and advertising material, postage stamps, and Electronic Benefits Transfer (EBT) script, and similar media, to the extent permitted by published OCC precedent, subject to the terms and conditions contained in that precedent.

(vi) No application or notice required. A national bank may acquire or establish an operating subsidiary without filing an application or providing notice to the OCC, if the bank is adequately capitalized or well capitalized and the:

(A) Activities of the new subsidiary are limited to those activities previously reported by the bank in connection with the establishment or acquisition of a prior operating subsidiary;

(B) Activities in which the new subsidiary will engage continue to be legally permissible for the subsidiary; and

are insured or guaranteed under state law and eligible to be insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration Board.

(4) **Invest** includes making any advance of funds to a bank service company, whether by the purchase of stock, the making of a loan, or otherwise, except a payment for rent earned, goods sold and delivered, or services rendered before the payment was made.

(5) **Principal investor** means the insured bank that has the largest amount invested in the equity of a bank service company. In any case where two or more insured banks have equal amounts invested, the bank service company shall designate one of the banks as its principal investor.

(e) **Standards and requirements.** A national bank may invest in a bank service company that conducts activities described in paragraphs (f)(3) and (f)(4) of this section, and activities (other than taking deposits) permissible for the national bank and other state and national bank shareholders or members in the bank service company.

(f) **Procedures**—(1) **OCC notice and approval required.** Except as provided in paragraphs (f)(2) and (f)(4) of this section, a national bank that intends to make an investment in a bank service company, or to perform new activities in an existing bank service company, must submit a notice to and receive prior approval from the OCC. The OCC approves or denies a proposed investment within 60 days after the filing is received by the OCC, unless the OCC notifies the bank prior to that date that the filing presents a significant supervisory or compliance concern, or raises a significant legal or policy issue. The notice must include the information required by paragraph (g) of this section.

(2) **Notice process only for certain activities.** A national bank that is “well capitalized” and “well managed” as defined in §5.34(d) may invest in a bank service company, or perform a new activity in an existing bank service company, by providing the appropriate district office written notice within 10 days after the investment, if the bank service company engages only in the activities listed in §5.34(e)(5)(v). No prior OCC approval is required. The written notice must include a complete description of the bank’s investment in the bank service company and of the activity conducted and a representation and undertaking that the activity will be conducted in accordance with OCC guidance. To the extent the notice relates to the initial affiliation of the bank with a company engaged in insurance activities, the bank should describe the type of insurance activity that the company is engaged in and has present plans to conduct. The bank must also list for each state the lines of business for which the company holds, or will hold, an insurance license, indicating the state where the company holds a resident license or charter, as applicable. Any bank receiving approval under this paragraph is deemed to have agreed that the bank service company will conduct the activity in a manner consistent with the published OCC guidance.

(3) **Investments requiring no approval.** A national bank does not need OCC approval to invest in a bank service company, or to perform a new activity in an existing bank service company, if the bank service company will provide the following services only for depository institutions: check and deposit posting and sorting; computation and posting of interest and other credits and charges; preparation and mailing of checks, statements, notices, and similar items; or any other clerical, bookkeeping, accounting, statistical, or similar function.

(4) **Federal Reserve approval.** A national bank also may, with the approval of the Board of Governors of the Federal Reserve System (Federal Reserve Board), invest in the equity of a bank service company that provides any other service (except deposit taking) that the Federal Reserve Board has determined, by regulation, to be permissible for a bank holding company under 12 U.S.C. 1843(c)(8).

(5) **Exceptions to rules of general applicability.** Sections 5.8, 5.10, and 5.11 do not apply to a request for approval to invest in a bank service corporation. However, if the OCC concludes that an application presents significant and novel policy, supervisory, or legal issues, the OCC may determine that
§ 5.36 Other equity investments.  

(a) Authority. 12 U.S.C. 1 et seq., 24(Seventh), and 93a.  

(b) Scope. National banks are permitted to make various types of equity investments pursuant to 12 U.S.C. 24(Seventh) and other statutes. These investments are in addition to those subject to §§5.34, 5.35, and 5.37. This section describes the procedure governing the filing of the notice that the OCC requires in connection with certain of these investments. Other investments authorized under this section may be reviewed on a case-by-case basis by the OCC.  

(c) Definitions. For purposes of this §5.36:  

(1) Enterprise means any corporation, limited liability company, partnership, trust, or similar business entity.  

(2) Well capitalized means the capital level described in 12 CFR 6.4(b)(1).  

(3) Well managed has the meaning set forth in §5.34(d)(3).  

(d) Procedure. (1) A national bank must provide the appropriate district office with written notice within ten days after making an equity investment in the following:  

(i) An agricultural credit corporation;  

(ii) A savings association eligible to be acquired under section 13 of the Federal Deposit Insurance Act (12 U.S.C. 1823); and  

(iii) Any other equity investment that may be authorized by statute after February 12, 1990, if not covered by other applicable OCC regulation.
(2) The written notice required by paragraph (c)(1) of this section must include a description, and the amount, of the bank’s investment.

(3) The OCC reserves the right to require additional information as necessary.

(e) Non-controlling investments. A national bank may make a non-controlling investment, directly or through its operating subsidiary, in an enterprise that engages in the activities described in paragraph (e)(2) of this section by filing a written notice. The written notice must be filed with the appropriate district office no later than 10 days after making the investment and must:

(1) Describe the structure of the investment and the activity or activities conducted by the enterprise in which the bank is investing. (5) Certify that the bank will account for its investment under this section under the equity or cost method of accounting;

(6) Describe how the investment is convenient and useful to the bank in carrying out its business and not a mere passive investment unrelated to the bank’s banking business;

(7) Certify that the bank’s loss exposure is limited, as a legal and accounting matter, and the bank does not have open-ended liability for the obligations of the enterprise; and

(8) Certify that the enterprise in which the bank is investing agrees to be subject to OCC supervision and examination, subject to the limitations and requirements of section 45 of the Federal Deposit Insurance Act (12 U.S.C. 1831v) and section 115 of the Gramm-Leach-Bliley Act (12 U.S.C. 1820a).

(3) If the national bank is one of the 100 largest insured banks, determined on the basis of the bank’s consolidated total assets at the end of the calendar year, the bank has at least one issue of outstanding eligible debt that is currently rated in one of the three highest investment grade rating categories by a nationally recognized statistical rating organization. The bank shall be deemed to have received such notice three business days after mailing of the letter by the OCC;

(ii) Not later than 45 days after receipt of the notice under paragraph (j)(1)(i) of this section, or any additional time as the OCC may permit, the national bank shall execute an agreement with the OCC to comply with the requirements in paragraphs (g)(1) and (2) and (h)(1), (2), (3), and (4) of this section;

(i) The acquisition of additional shares of a national bank by a person who:

(A) Has, continuously since March 9, 1979, (or since that institution commenced business, if later) held power to vote 25 percent or more of the voting securities of that bank; or

(B) Under paragraph (f)(2)(i) of this section, would be presumed to have controlled that bank continuously since March 9, 1979, if the transaction will not result in that person’s direct or indirect ownership or power to vote 25 percent or more of any class of voting securities of the national bank; or, in other cases, where the OCC determines that the person has controlled the bank continuously since March 9, 1979;

(ii) Unless the OCC otherwise provides in writing, the acquisition of additional shares of a national bank by a person who has lawfully acquired and maintained continuous control of the bank under paragraph (f) of this section after complying with the procedures and filing the notice required by this section;

(iv) Any transaction described in section 2(a)(5) or 3(a) (A) or (B) of the Bank Holding Company Act, 12 U.S.C. 1841(a)(5) and 1842(a) (A) and (B), by a person described in those provisions;

(v) A customary one-time proxy solicitation or receipt of pro rata stock dividends; and

(vi) The acquisition of shares of a foreign bank that has a Federally licensed branch in the United States. This exemption does not extend to the reports and information required under paragraph (h) of this section.

(3) Prior notice exemption. The following transactions are not subject to the prior notice requirements of this section but are otherwise subject to this section, including filing a notice and paying the appropriate filing fee, within 90 calendar days after the transaction occurs:

(i) The acquisition of control as a result of acquisition of voting shares of a national bank through testate or intestate succession;

(ii) The acquisition of control as a result of acquisition of voting shares of a national bank as a bona fide gift;

(iii) The acquisition of voting shares of a national bank resulting from a redemption of voting securities;

(iv) The acquisition of control of a national bank as a result of actions by third parties (including the sale of securities) that are not within the control of the acquiror; and

(v) The acquisition of control as a result of the acquisition of voting shares of a national bank in satisfaction of a debt previously contracted in good faith.

(3)(a)(5) “Good faith” means that a person must either make or acquire a loan secured by voting securities of a national bank in advance of any known default. A person who purchases a previously defaulted loan secured by voting securities of a national bank may not rely on this paragraph (c)(3)(v) to foreclose on that loan, seize or purchase the underlying collateral, and acquire control of the national bank without complying with the prior notice requirements of this section.

(B) To ensure compliance with this section, the acquirer of a defaulted loan secured by a controlling amount of a national bank’s voting securities shall file a notice prior to the time the loan is acquired unless the acquirer can demonstrate to the satisfaction of the OCC that the voting securities are not the anticipated source of repayment for the loan.

(d) Definitions. As used in this section:
(1) **Acquisition** includes a purchase, assignment, transfer, or pledge of voting securities, or an increase in percentage ownership of a national bank resulting from a redemption of voting securities.

(2) **Acting in concert** means:
   (i) Knowing participation in a joint activity or parallel action towards a common goal of acquiring control whether or not pursuant to an express agreement; or
   (ii) A combination or pooling of voting or other interests in the securities of an issuer for a common purpose pursuant to any contract, understanding, relationship, agreement, or other arrangement, whether written or otherwise.

(3) **Control** means the power, directly or indirectly, to direct the management or policies of a national bank or to vote 25 percent or more of any class of voting securities of a national bank.

(4) **Notice** means a filing by a person in accordance with paragraph (f) of this section.

(5) **Person** means an individual or a corporation, partnership, trust, association, joint venture, pool, syndicate, sole proprietorship, unincorporated organization, or any other form of entity, and includes voting trusts and voting agreements and any group of persons acting in concert.

(6) **Voting securities** means:
   (i) Shares of common or preferred stock, or similar interests, if the shares or interests, by statute, charter, or in any manner, allow the holder to vote for or select directors (or persons exercising similar functions) of the issuing national bank, or to vote on or to direct the conduct of the operations or other significant policies of the issuing national bank. However, preferred stock or similar interests are not voting securities if:
   (A) Any voting rights associated with the shares or interests are limited solely to voting rights customarily provided by statute regarding matters that would significantly affect the rights or preference of the security or other interest. This includes the issuance of additional amounts of classes of senior securities, the modification of the terms of the security or interest, the dissolution of the issuing national bank, or the payment of dividends by the issuing national bank when preferred dividends are in arrears;
   (B) The shares or interests are a passive investment or financing device and do not otherwise provide the holder with control over the issuing national bank; and
   (C) The shares or interests do not allow the holder by statute, charter, or in any manner, to select or to vote for the selection of directors (or persons exercising similar functions) of the issuing national bank.
   (ii) Securities, other instruments, or similar interests that are immediately convertible, at the option of the owner or holder thereof, into voting securities.

(e) **Policy**—(1) General. The OCC seeks to enhance and maintain public confidence in the banking system by preventing a change in control of a national bank that could have serious adverse effects on a bank’s financial stability or management resources, the interests of the bank’s customers, the Federal deposit insurance fund, or competition.

(2) **Acquisitions subject to the Bank Holding Company Act.** (i) If corporations, partnerships, certain trusts, associations, and similar organizations, that are not already bank holding companies, are not required to secure prior Federal Reserve Board approval to acquire control of a bank under section 3 of the Bank Holding Company Act, 12 U.S.C. 1842, they are subject to the notice requirements of this section.

   (ii) Certain transactions, including foreclosures by depository institutions and other institutional lenders, fiduciary acquisitions by depository institutions, and increases of majority holdings by bank holding companies, are described in sections 2(a)(5)(D) and 3(a)(A) (A) and (B) of the Bank Holding Company Act, 12 U.S.C. 1841(a)(5)(D) and 12 U.S.C. 1842(a)(A) and (B), but do not require the Federal Reserve Board’s prior approval. For purposes of this section, they are considered subject to section 3 of the Bank Holding Company Act, 12 U.S.C. 1842, and do not require either a prior or subsequent notice to the OCC under this section.
§ 5.50 Assessing financial condition. In assessing the financial condition of the acquiring person, the OCC weighs any debt servicing requirements in light of the acquiring person’s overall financial strength; the institution’s earnings performance, asset condition, capital adequacy, and future prospects; and the likelihood of the acquiring party making unreasonable demands on the resources of the institution.

(f) Procedures—(1) Exceptions to rules of general applicability. Sections 5.8(a), 5.9, 5.10, 5.11, and 5.13(a) through (f) do not apply to filings under this section.

(2) Who must file. (i) Any person seeking to acquire the power, directly or indirectly, to direct the management or policies, or to vote 25 percent or more of a class of voting securities of a national bank, shall file a notice with the OCC 60 days prior to the proposed acquisition, unless the acquisition is exempt under paragraph (c)(2) of this section.

(ii) The OCC presumes, unless rebutted, that an acquisition or other disposition of voting securities through which any person proposes to acquire ownership of, or the power to vote, ten percent or more of a class of voting securities of a national bank is an acquisition by a person of the power to direct the bank’s management or policies if:

(A) The securities to be acquired or voted are subject to the registration requirements of section 12 of the Securities Exchange Act of 1934, 15 U.S.C. 78l; or

(B) Immediately after the transaction no other shareholder of the national bank would own or have the power to vote a greater percentage of the class, each of the acquiring persons shall either file a notice or rebut the presumption of control.

(v) An acquiring person may seek to rebut the presumption established in paragraph (f)(2)(ii) of this section by presenting relevant information in writing to the appropriate district office. The OCC shall respond in writing to any person that seeks to rebut the presumption of control. No rebuttal filing is effective unless the OCC indicates in writing that the information submitted has been found to be sufficient to rebut the presumption of control.

(3) Filings. (i) The OCC does not accept a notice of a change in control unless it is technically complete, i.e., the information provided is responsive to every item listed in the notice form and is accompanied by the appropriate fee.

(A) The notice must contain personal and biographical information, detailed financial information, details of the proposed change in control, information on any structural or managerial changes contemplated for the institution, and other relevant information required by the OCC. The OCC may waive any of the informational requirements of the notice if the OCC determines that it is in the public interest.

(B) When the acquiring person is an individual, or group of individuals acting in concert, the requirement to provide personal financial data may be satisfied with a current statement of assets and liabilities and an income summary, together with a statement of any material changes since the date of the statement or summary. However, the OCC may require additional information, if appropriate.

(ii) The OCC has 60 days from the date it declares the notice to be technically complete to review the notice. As set forth in paragraph (g) of this section, the applicant shall publish
an announcement within 10 days of filing the notice with the OCC. The publication of the announcement triggers a 20-day public comment period. The OCC may waive or shorten the public comment period if an emergency exists. The OCC also may shorten the comment period for other good cause. The OCC may act on a proposed change in control prior to the expiration of the public comment period if the OCC makes a written determination that an emergency exists.

(C) An applicant shall notify the OCC immediately of any material changes in a notice submitted to the OCC, including changes in financial or other conditions, that may affect the OCC’s decision on the filing.

(iii) Within the 60-day period, the OCC may inform the applicant that the acquisition has been disapproved, has not been disapproved, or that the OCC will extend the 60-day review period. The applicant may request a hearing by the OCC within 10 days of receipt of a disapproval (see 12 CFR part 19, subpart H, for hearing initiation procedures). Following final agency action under 12 CFR part 19, further review by the courts is available.

(4) Disapproval of notice. The OCC may disapprove a notice if it finds that any of the following factors exist:

(i) The proposed acquisition of control would result in a monopoly or would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States;

(ii) The effect of the proposed acquisition of control in any section of the country may be substantially to lessen competition or to tend to create a monopoly or the proposed acquisition of control would in any other manner be in restraint of trade, and the anticompetitive effects of the proposed acquisition of control are not clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served;

(iii) The financial condition of any acquiring person is such as might jeopardize the financial stability of the bank or prejudice the interests of the depositors of the bank;

(iv) The competence, experience, or integrity of any acquiring person, or of any of the proposed management personnel, indicates that it would not be in the interest of the depositors of the bank, or in the interest of the public, to permit that person to control the bank;

(v) An acquiring person neglects, fails, or refuses to furnish the OCC all the information it requires; or

(vi) The OCC determines that the proposed transaction would result in an adverse effect on the Bank Insurance Fund or the Savings Association Insurance Fund.

(5) Disapproval notification. If the OCC disapproves a notice, it mails a written notification to the proposed acquiring person within three days after the decision containing a statement of the basis for disapproval.

(g) Disclosure—(1) Announcement. The applicant shall publish an announcement in a newspaper of general circulation in the community where the affected national bank is located within ten days of filing. The OCC may authorize a delayed announcement if an immediate announcement would not be in the public interest.

(i) In addition to the information required by §5.8(b), the announcement must include the name of the national bank named in the notice and the comment period (i.e., 20 days from the date of the announcement). The announcement also must state that the public portion of the notice is available upon request.

(ii) Notwithstanding any other provisions of this paragraph (g), if the OCC determines in writing that an emergency exists and that the announcement requirements of this paragraph (g) would seriously threaten the safety and soundness of the national bank to be acquired, including situations where the OCC must act immediately in order to prevent the probable failure of a national bank, the OCC may waive or shorten the publication requirement.

(2) Release of information. (i) Upon the request of any person, the OCC releases the information provided in the public portion of the notice and makes it available for public inspection and
§ 5.50 12 CFR Ch. I (1–1–01 Edition)

copying as soon as possible after a notice has been filed. In certain circumstances the OCC may determine that the release of the information would not be in the public interest. In addition, the OCC makes a public announcement of a technically complete notice, the disposition of the notice, and the consummation date of the transaction, if applicable, in the OCC’s “Weekly Bulletin.”

(ii) The OCC handles requests for the non-public portion of the notice as requests under the Freedom of Information Act, 5 U.S.C. 552, and other applicable law.

(h) Reporting of stock loans—(1) Requirements. (i) Any foreign bank, or any affiliate thereof, shall file a consolidated report with the appropriate district office of the national bank if the foreign bank or any affiliate thereof, has credit outstanding to any person or group of persons that, in the aggregate, is secured, directly or indirectly, by 25 percent or more of any class of voting securities of the same national bank.

(ii) The foreign bank, or any affiliate thereof, shall also file a copy of the report with its appropriate district office if that office is different from the national bank’s appropriate district office. If the foreign bank, or any affiliate thereof, is not supervised by the OCC, it shall file a copy of the report filed with the OCC with its appropriate Federal banking agency.

(iii) Any shares of the national bank held by the foreign bank, or any affiliate thereof, as principal must be included in the calculation of the number of shares in which the foreign bank or any affiliate thereof has a security interest for purposes of paragraph (h)(1)(i) of this section.

(2) Definitions. For purposes of this paragraph (h):

(i) Foreign bank and affiliate have the same meanings as in section 1 of the International Banking Act of 1978, 12 U.S.C. 3201.

(ii) Credit outstanding includes any loan or extension of credit; the issuance of a guarantee, acceptance, or letter of credit, including an endorsement or standby letter of credit; and any other type of transaction that extends credit or financing to a person or group of persons.

(iii) Group of persons includes any number of persons that a foreign bank, or an affiliate thereof, has reason to believe:

(A) Are acting together, in concert, or with one another to acquire or control shares of the same insured national bank, including an acquisition of shares of the same national bank at approximately the same time under substantially the same terms; or

(B) Have made, or propose to make, a joint filing under 15 U.S.C. 78m regarding ownership of the shares of the same depository institution.

(3) Exceptions. Compliance with paragraph (h)(1) of this section is not required if:

(i) The person or group of persons referred to in paragraph (h)(1) of this section has disclosed the amount borrowed and the security interest therein to the appropriate district office in connection with a notice filed under this section or any other application filed with the appropriate district office as a substitute for a notice under this section, such as for a national bank charter; or

(ii) The transaction involves a person or group of persons that has been the owner or owners of record of the stock for a period of one year or more or, if the transaction involves stock issued by a newly chartered bank, before the bank’s opening.

(4) Report requirements. (i) The consolidated report must indicate the number and percentage of shares securing each applicable extension of credit, the identity of the borrower, and the number of shares held as principal by the foreign bank and any affiliate thereof.

(ii) The foreign bank and all affiliates thereof shall file the consolidated report in writing within 30 days of the date on which the foreign bank or affiliate thereof first believes that the security for any outstanding credit consists of 25 percent or more of any class of voting securities of a national bank.

(5) Other reporting requirements. A foreign bank or any affiliate thereof, supervised by the OCC and required to report credit outstanding secured by the shares of a depository institution to another Federal banking agency also
shall file a copy of the report with its appropriate district office.

§ 5.51 Changes in directors and senior executive officers.

(a) Authority. 12 U.S.C. 1831i.

(b) Scope. This section describes the circumstances when a national bank must notify the OCC of a change in its directors and senior executive officers, and the OCC’s authority to disapprove those notices.

(c) Definitions—(1) Director means a person who serves on the board of directors of a national bank except:
   (i) A director of a foreign bank that operates a Federal branch; and
   (ii) An advisory director who does not have the authority to vote on matters before the board of directors and provides solely general policy advice to the board of directors.

(2) National bank, as defined in § 5.3(j), includes a Federal branch for purposes of this section only.

(3) Senior executive officer means the chief executive officer, chief operating officer, chief financial officer, chief lending officer, chief investment officer, and any other individual the OCC identifies to the national bank who exercises significant influence over, or participates in, major policy making decisions of the bank without regard to title, salary, or compensation. The term also includes employees of entities retained by a national bank to perform such functions in lieu of directly hiring the individuals, and, with respect to a Federal branch operated by a foreign bank, the individual functioning as the chief managing official of the Federal branch.

(4) Technically complete notice means a notice that provides all the information requested in paragraph (e)(2) of this section, including complete explanations where material issues arise regarding the competence, experience, character, or integrity of proposed directors or senior executive officers, and any additional information that the OCC may request following a determination that the original submission of the notice was not technically complete.

(5) Technically complete notice date means the date on which the OCC has received a technically complete notice.

(6) Troubled condition means a national bank that:
   (i) Has a composite rating of 4 or 5 under the Uniform Financial Institutions Rating System (CAMELS);
   (ii) Is subject to a cease and desist order, a consent order, or a formal written agreement, unless otherwise informed in writing by the OCC; or
   (iii) Is informed in writing by the OCC that as a result of an examination it has been designated in “troubled condition” for purposes of this section.

(d) Prior notice. A national bank shall provide written notice to the OCC at least 90 days before adding or replacing any member of its board of directors, employing any person as a senior executive officer of the national bank, or changing the responsibilities of any senior executive officer so that the person would assume a different executive officer position, if:

(1) The national bank is not in compliance with minimum capital requirements applicable to such institution, as prescribed in 12 CFR part 3, or is otherwise in troubled condition; or

(2) The OCC determines, in connection with the review by the agency of the plan required under section 38 of the Federal Deposit Insurance Act, 12 USC 1831o, or otherwise, that such prior notice is appropriate.

(e) Procedures—(1) Filing notice. A national bank shall file a notice with its appropriate supervisory office. When a national bank files a notice, the individual to whom the filing pertains shall attest to the validity of the information pertaining to that individual. The 90-day review period begins on the technically complete notice date.

(2) Content of notice. A notice must contain the identity, personal history, business background, and experience of each person whose designation as a director or senior executive officer is subject to this section. The notice must include:

(i) A description of his or her material business activities and affiliations during the five years preceding the date of the notice;

(ii) Any criminal indictment or conviction by a state or Federal court; and
(4) **Notice of disapproval.** The OCC may disapprove an individual proposed as a member of the board of directors or as a senior executive officer if the OCC determines on the basis of the individual’s competence, experience, character, or integrity that it would not be in the best interests of the depositors of the national bank or the public to permit the individual to be employed by, or associated with, the national bank. The OCC sends a notice of disapproval to both the national bank and the disapproved individual stating the basis for disapproval.

(5) **Notice of intent not to disapprove.** An individual proposed as a member of the board of directors or as a senior executive officer may begin service before the expiration of the review period if the OCC notifies the national bank that the OCC does not disapprove the proposed director or senior executive officer.

(6) **Waiver of prior notice.** (i) A national bank may send a letter to the appropriate supervisory office requesting a waiver of the prior notice requirement. The OCC may waive the prior notice requirement but not the filing required under this section. The OCC may grant a waiver if it finds that delay could harm the national bank or the public interest, or that other extraordinary circumstances justify waiving the prior notice requirement. The length of any waiver depends on the circumstances in each case. If the OCC grants a waiver, the national bank shall file the required notice within the time period specified in the waiver, and the proposed individual may assume the position on an interim basis until the individual and the national bank receive a notice of disapproval or, if an appeal has been filed, until a notice of disapproval has been upheld on appeal as set forth in paragraph (f) of this section. If the required notice is not filed within the time period specified in the waiver, the proposed individual shall resign his or her position. Thereafter, the individual may assume the position on a permanent basis only after the national bank receives a notice of intent not to disapprove, after the review period elapses, or after a notice of disapproval has been overturned on appeal as set forth in paragraph (f) of this section. A waiver does not affect the OCC’s authority to issue a notice of disapproval within 30 days of the expiration of such waiver.

(ii) In the case of the election at a meeting of the shareholders of a new director not proposed by management, a waiver is granted automatically and the elected individual may begin service as a director. However, under these circumstances, the national bank shall file the required notice with the appropriate supervisory office as soon as practical, but not later than seven days from the date the individual is notified of the election. The individual’s continued service is subject to the conditions specified in paragraph (e)(6)(i) of this section.

(7) **Commencement of service.** An individual proposed as a member of the board of directors or as a senior executive officer may assume the office following the end of the review period, which begins on the technically complete notice date, unless:

(i) The OCC issues a notice of disapproval during the review period; or

(ii) The national bank does not provide additional information within the time period required by the OCC pursuant to paragraph (e)(3) of this section and the OCC deems the notice to be abandoned pursuant to §5.13(c).

(8) **Exceptions to rules of general applicability.** Sections 5.8, 5.10, 5.11, and 5.13 (a) through (f) do not apply to a notice for a change in directors and senior executive officers.

(f) **Appeal.** (1) If the national bank, the proposed individual, or both, disagree with a disapproval, they may
seek review by appealing the disapproval to the Comptroller, or an authorized delegate, within 15 days of the receipt of the notice of disapproval. The national bank or the individual may appeal on the grounds that the reasons for disapproval are contrary to fact or insufficient to justify disapproval. The appellant shall submit all documents and written arguments that the appellant wishes to be considered in support of the appeal.

(2) The Comptroller, or an authorized delegate, may designate an appellate official who was not previously involved in the decision leading to the appeal at issue. The Comptroller, an authorized delegate, or the appellate official considers all information submitted with the original notice, the material before the OCC official who made the initial decision, and any information submitted by the appellant at the time of the appeal.

(3) The Comptroller, an authorized delegate, or the appellate official shall independently determine whether the reasons given for the disapproval are contrary to fact or insufficient to justify the disapproval. If either is determined to be the case, the Comptroller, an authorized delegate, or the appellate official may reverse the disapproval.

(4) Upon completion of the review, the Comptroller, an authorized delegate, or the appellate official shall notify the appellant in writing of the decision. If the original decision is reversed, the individual may assume the position in the bank for which he or she was proposed.

[61 FR 60363, Nov. 27, 1996, as amended at 64 FR 60098, Nov. 4, 1999]

(a) General limitation. Except as provided by 12 U.S.C. 59 and §5.46, a national bank may not withdraw, or permit to be withdrawn, either in the form of a dividend or otherwise, any portion of its permanent capital. Further, a national bank may not declare a dividend in excess of undivided profits.

(b) Preferred stock. The provisions of 12 U.S.C. 56 do not apply to dividends on preferred stock. However, if the undivided profits of the national bank are not sufficient to cover a proposed dividend on preferred stock, the proposed dividend constitutes a reduction in capital subject to 12 U.S.C. 59 and §5.46.
§ 5.64 Earnings limitation under 12 U.S.C. 60.

(a) Transfers to capital surplus. Subject to the restrictions in 12 U.S.C. 56 and this subpart, the directors of a national bank may declare and pay dividends as frequently and of such amount of undivided profits as they judge prudent. However, a national bank may not declare a dividend unless capital surplus equals or exceeds the capital stock of the bank, except:

(1) In the case of an annual dividend, the bank may declare a dividend if the bank transfers 10 percent of its net income for the preceding four quarters to capital surplus; or

(2) In the case of a quarterly or semi-annual dividend, or any other special dividend, the bank may declare a dividend if the bank transfers 10 percent of its net income for the preceding two quarters to capital surplus.

(b) Earnings limitation. For purposes of 12 U.S.C. 60, a national bank may not declare a dividend if the total amount of all dividends (common and preferred), including the proposed dividend, declared by the national bank in any calendar year exceeds the total of the national bank’s retained net income of that year to date, combined with its retained net income of the preceding two years, unless the dividend is approved by the OCC. A national bank shall submit a request for OCC approval of a dividend under 12 U.S.C. 60 to the appropriate supervisory office.

(c) Surplus surplus. Any amount in capital surplus in excess of capital stock required by 12 U.S.C. 60(a) (referred to as “surplus surplus”) may be transferred to undivided profits and available as dividends, provided:

(1) The bank can demonstrate that the surplus came from earnings of prior periods, excluding the effect of any stock dividend; and

(2) The board of directors of the bank approves the transfer of the surplus surplus from capital surplus to undivided profits.

§ 5.65 Restrictions on undercapitalized institutions.

Notwithstanding any other provision in this subpart, a national bank may not declare or pay any dividend if, after making the dividend, the national bank would be “undercapitalized” as defined in 12 CFR part 6.

§ 5.66 Dividends payable in property other than cash.

In addition to cash dividends, directors of a national bank may declare dividends payable in property, with the approval of the OCC. Even though the property distributed has been previously charged down or written off entirely, the dividend is equivalent to a cash dividend in an amount equal to the actual current value of the property. Before the dividend is declared, the bank should show the excess of the actual value over book value on the books of the national bank as a recovery, and the dividend should then be declared in the amount of the full book value (equivalent to the actual current value) of the property being distributed.

§ 5.67 Fractional shares.

To avoid complicated recordkeeping in connection with fractional shares, a national bank issuing additional stock by stock dividend, upon consolidation or merger, or otherwise, may adopt arrangements such as the following to preclude the issuance of fractional shares. The bank may:

(a) Issue scripts or warrants for trading;

(b) Make reasonable arrangements to provide those to whom fractional shares would otherwise be issued an opportunity to realize at a fair price upon the fraction not being issued through its sale, or the purchase of the additional fraction required for a full share, if there is an established and active market in the national bank’s stock;

(c) Remit the cash equivalent of the fraction not being issued to those to whom fractional shares would otherwise be issued. The cash equivalent is based on the market value of the stock, if there is an established and active market in the national bank’s stock. In the absence of such a market, the cash equivalent is based on a reliable and disinterested determination as to the fair market value of the stock if such stock is available; or
(d) Sell full shares representing all the fractions at public auction, or to the highest bidder after having solicited and received sealed bids from at least three licensed stock brokers. The national bank shall distribute the proceeds of the sale pro rata to shareholders who otherwise would be entitled to the fractional shares.

Subpart F—Federal Branches and Agencies

§ 5.70 Federal branches and agencies.

(a) Authority. 12 U.S.C. 93a and 3101 et seq.

(b) Scope. This subpart describes the filing requirements for corporate activities and transactions involving Federal branches and agencies of foreign banks. Substantive rules and policies for specific applications are contained in 12 CFR part 28.

(c) Definitions. For purposes of this subpart:

(1) Change the status of an office means conversion of a:

(i) State branch or state agency operated by a foreign bank, or a commercial lending company controlled by a foreign bank, into a Federal branch, limited Federal branch, or Federal agency;

(ii) Federal agency to a Federal branch or limited Federal branch;

(iii) Federal branch to a limited Federal branch or Federal agency;

(iv) Limited Federal branch to a Federal branch or Federal agency.

(2) To establish a Federal branch or agency means to:

(i) Open and conduct business through a Federal branch or agency;

(ii) Acquire directly, through merger, consolidation, or similar transaction with another foreign bank, the operations of a Federal branch or agency that is open and conducting business;

(iii) Acquire a Federal branch or agency through the acquisition of a foreign bank subsidiary that will cease to operate in the same corporate form following the acquisition;

(iv) Change the status of an office; or

(v) Relocate a Federal branch or agency within a state or from one state to another.

(d) Filing requirements—(1) General. Unless otherwise provided in 12 CFR part 28, a Federal branch or agency shall comply with the applicable requirements of this part.

(2) Applications. A foreign bank shall submit an application and obtain prior approval from the OCC before it:

(i) Establishes a Federal branch, Federal agency, or limited Federal branch;

(ii) Exercises fiduciary powers at a Federal branch. A foreign bank may submit an application to exercise fiduciary powers at the time of filing an application for a Federal branch license or at any subsequent date.

PART 6—PROMPT CORRECTIVE ACTION

Subpart A—Capital Categories

§ 6.1 Authority, purpose, scope, and other supervisory authority.

(b) Purpose. Section 38 of the FDI Act establishes a framework of supervisory actions for insured depository institutions that are not adequately capitalized. The principal purpose of this subpart is to define, for insured national banks, the capital measures and capital levels, and for insured federal branches, comparable asset-based measures and levels, that are used for determining the supervisory actions authorized under section 38 of the FDI Act. This part 6 also establishes procedures for submission and review of capital restoration plans and for issuance and review of directives and orders pursuant to section 38.

(c) Scope. This subpart implements the provisions of section 38 of the FDI Act as they apply to insured national banks and insured federal branches. Certain of these provisions also apply to officers, directors and employees of these insured institutions. Other provisions apply to any company that controls an insured national bank or insured federal branch and to the affiliates of an insured national bank or insured federal branch.

(d) Other supervisory authority. Neither section 38 nor this part in any way limits the authority of the OCC under any other provision of law to take supervisory actions to address unsafe or unsound practices, deficient capital levels, violations of law, unsafe or unsound conditions, or other practices. Action under section 38 of the FDI Act and this part may be taken independently of, in conjunction with, or in addition to any other enforcement action available to the OCC, including issuance of cease and desist orders, capital directives, approval or denial of applications or notices, assessment of civil money penalties, or any other actions authorized by law.

(e) Disclosure of capital categories. The assignment of an insured national bank or insured federal branch under this subpart within a particular capital category is for purposes of implementing and applying the provisions of section 38. Unless permitted by the OCC or otherwise required by law, no bank may state in any advertisement or promotional material its capital category under this subpart or that the OCC or any other federal banking agency has assigned the bank to a particular capital category.

Shares shall not be deemed to have been acquired in a fiduciary capacity if the acquiring insured depository institution or company has sole discretionary authority to exercise voting rights with respect thereto.

(3) Exclusion for debts previously contracted. No insured depository institution or company controls another insured depository institution or company by virtue of its ownership or control of shares acquired in securing or collecting a debt previously contracted in good faith, until two years after the date of acquisition. (c) Controlling person means any person having control of an insured depository institution and any company controlled by that person.

(d) Leverage ratio means the ratio of Tier 1 capital to adjusted total assets, as calculated in accordance with the OCC’s Minimum Capital Ratios in part 3 of this chapter.

(e) Management fee means any payment of money or provision of any other thing of value to a company or

(h) Tier 1 capital means the amount of Tier 1 capital as defined in the OCC’s Minimum Capital Ratios in part 3 of this chapter.

(i) Tier 1 risk-based capital ratio means the ratio of Tier 1 capital to risk weighted assets, as calculated in accordance with the OCC’s Minimum Capital Ratios in part 3 of this chapter.

(j) Total risk-based capital ratio means the ratio of qualifying total capital to risk-weighted assets, as calculated in accordance with the OCC’s Minimum Capital Ratios in part 3 of this chapter.

§ 6.3 Notice of capital category.

(a) Effective date of determination of capital category. A bank shall be deemed to be within a given capital category for purposes of section 38 of the FDI Act and this part as of the date the bank is notified of, or is deemed to have notice of, its capital category pursuant to paragraph (b) of this section.

(b) Notice of capital category. A bank shall be deemed to have been notified of its capital levels and its capital category as of the most recent date:

1. A Consolidated Report of Condition and Income (Call Report) is required to be filed with the OCC;

3. Written notice is provided by the OCC to the bank of its capital category for purposes of section 38 of the FDI Act and this part or that the bank’s capital category has changed as provided in paragraph (c) of this section or §6.1 of this subpart and subpart M of part 19 of this chapter.

(c) Adjustments to reported capital levels and capital category—(1) Notice of adjustment by bank. A bank shall provide the OCC with written notice that an adjustment to the bank’s capital category may have occurred no later than 15 calendar days following the date that any material event has occurred that would cause the bank to be placed in a lower capital category from the category assigned to the bank for purposes of section 38 and this part on the basis of the bank’s most recent Call Report or report of examination.

(2) Determination to change capital category. After receiving notice pursuant to paragraph (c)(1) of this section, the OCC shall determine whether to change the capital category of the bank and shall notify the bank of the OCC’s determination.

§ 6.4 Capital measures and capital category definitions.

(a) Capital measures. For purposes of section 38 and this part, the relevant capital measures shall be:

1. The total risk-based capital ratio;

capital categories for insured federal branches. For purposes of the provisions of section 38 of the FDI Act and this part, an insured federal branch shall be deemed to be:
(1) Well capitalized if the insured federal branch:
(i) Maintains the pledge of assets required under 12 CFR 346.19; and
(ii) Maintains the eligible assets prescribed under 12 CFR 346.20 at 108 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities; and

d) Reclassification based on supervisory criteria other than capital. The OCC may reclassify a well capitalized bank as adequately capitalized and may require an adequately capitalized or an undercapitalized bank to comply with certain mandatory or discretionary supervisory actions as if the bank were in the next lower capital
category (except that the OCC may not reclassify a significantly undercapitalized bank as critically undercapitalized) (each of these actions are hereinafter referred to generally as reclassifications) in the following circumstances:

(1) **Unsafe or unsound condition.** The OCC has determined, after notice and opportunity for hearing pursuant to subpart M of part 19 of this chapter, that the bank is in unsafe or unsound condition; or

(2) **Unsafe or unsound practice.** The OCC has determined, after notice and opportunity for hearing pursuant to subpart M of part 19 of this chapter, that in the most recent examination of the bank, the bank received, and has not corrected a less-than-satisfactory rating for any of the categories of asset quality, management, earnings, or liquidity.

§ 6.5 Capital restoration plans.

(a) **Schedule for filing plan—(1) In general.** A bank shall file a written capital restoration plan with the OCC within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized, unless the OCC notifies the bank in writing that the plan is to be filed within a different period. An adequately capitalized bank that has been required pursuant to § 6.4 and subpart M of part 19 of this chapter to comply with supervisory actions as if the bank were undercapitalized, unless the OCC notifies the bank in writing that the plan is to be filed within a different period. An adequately capitalized bank that has been required pursuant to § 6.4 and subpart M of part 19 of this chapter to comply with supervisory actions as if the bank were undercapitalized is not required to submit a capital restoration plan solely by virtue of the reclassification.

(2) **Additional capital restoration plans.** Notwithstanding paragraph (a)(1) of this section, a bank that has already submitted and is operating under a capital restoration plan approved under section 38 and this subpart is not required to submit an additional capital restoration plan based on a revised calculation of its capital measures or a reclassification of the institution under § 6.4 and subpart M of part 19 of this chapter unless the OCC notifies the bank that it must submit a new or revised capital restoration plan. A bank that is notified that it must submit a new or revised capital restoration plan shall file the plan in writing with the OCC within 45 days of receiving such notice, unless the OCC notifies the bank in writing that the plan must be filed within a different period.

(b) **Contents of plan.** All financial data submitted in connection with a capital restoration plan shall be prepared in accordance with the instructions provided on the Call Report, unless the OCC instructs otherwise. The capital restoration plan shall include all of the information required to be filed under section 38(e)(2) of the FDI Act. A bank that is required to submit a capital restoration plan as the result of a reclassification of the bank, pursuant to § 6.4 and subpart M of part 19 of this chapter, shall include a description of the steps the bank will take to correct the unsafe or unsound condition or practice. No plan shall be accepted unless it includes any performance guarantee described in section 38(e)(2)(C) of that Act by each company that controls the bank.

(c) **Review of capital restoration plans.** Within 60 days after receiving a capital restoration plan under this subpart, the OCC shall provide written notice to the bank of whether the plan has been approved. The OCC may extend the time within which notice regarding approval of a plan shall be provided.

(d) **Disapproval of capital restoration plan.** If a capital restoration plan is not approved by the OCC, the bank shall submit a revised capital restoration plan within the time specified by the OCC. Upon receiving notice that its capital restoration plan has not been approved, any undercapitalized bank (as defined in § 6.4) shall be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized institutions. These provisions shall be applicable until such time as a new or revised capital restoration plan submitted by the bank has been approved by the OCC.

(e) **Failure to submit a capital restoration plan.** A bank that is undercapitalized (as defined in § 6.4) and that fails to submit a written capital restoration plan within the period provided in this section shall, upon the expiration of
that period, be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized banks.

(f) Failure to implement a capital restoration plan. Any undercapitalized bank that fails, in any material respect, to implement a capital restoration plan shall be subject to all of the provisions of section 38 and this part applicable to significantly undercapitalized banks.

(g) Amendment of capital restoration plan. A bank that has submitted an approved capital restoration plan may, after prior written notice to and approval by the OCC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the capital restoration plan as approved prior to the proposed amendment.

(h) Notice to FDIC. Within 45 days of the effective date of OCC approval of a capital restoration plan or any amendment to a capital restoration plan, the OCC shall provide a copy of the plan or amendment to the Federal Deposit Insurance Corporation.

(i) Performance guarantee by companies that control a bank—(1) Limitation on liability—(i) Amount limitation. The aggregate liability under the guarantee provided under section 38 and this subpart for all companies that control a specific bank that is required to submit a capital restoration plan under this subpart shall be limited to the lesser of:

(A) An amount equal to 5.0 percent of the bank’s total assets at the time the bank was notified or deemed to have notice that the bank was undercapitalized; or

(B) The amount necessary to restore the relevant capital measures of the bank to the levels required for the bank to be classified as adequately capitalized, as those capital measures and levels are defined at the time that the bank initially fails to comply with a capital restoration plan under this subpart.

(ii) Limit on duration. The guarantee and limit of liability under section 38 and this subpart shall expire after the OCC notifies the bank that it has remained adequately capitalized for each of four consecutive calendar quarters. The expiration or fulfillment by a company of a guarantee of a capital restoration plan shall not limit the liability of the company under any guarantee required or provided in connection with any capital restoration plan filed by the same bank after expiration of the first guarantee.

(iii) Collection on guarantee. Each company that controls a given bank shall be jointly and severally liable for the guarantee for such bank as required under section 38 and this subpart, and the OCC may require payment of the full amount of that guarantee from any or all of the companies issuing the guarantee.

(2) Failure to provide guarantee. In the event that a bank that is controlled by any company submits a capital restoration plan that does not contain the guarantee required under section 38(e)(2) of the FDI Act, the bank shall, upon submission of the plan, be subject to the provisions of section 38 and this part that are applicable to banks that have not submitted an acceptable capital restoration plan.

(3) Failure to perform guarantee. Failure by any company that controls a bank to perform fully its guarantee of any capital plan shall constitute a material failure to implement the plan for purposes of section 38(f) of the FDI Act. Upon such failure, the bank shall be subject to the provisions of section 38 and this part that are applicable to banks that have failed in a material respect to implement a capital restoration plan.

(j) Enforcement of capital restoration plan. The failure of a bank to implement, in any material respect, a capital restoration plan required under section 38 and this section shall subject the bank to the assessment of civil money penalties pursuant to section 8(i)(2)(A) of the FDI Act.

§6.6 Mandatory and discretionary supervisory actions under section 38.

(a) Mandatory supervisory actions—(1) Provisions applicable to all banks. All banks are subject to the restrictions contained in section 38(d) of the FDI Act on payment of capital distributions and management fees.
(2) Provisions applicable to undercapitalized, significantly undercapitalized, and critically undercapitalized banks. Immediately upon receiving notice or being deemed to have notice, as provided in §6.3, that the bank is undercapitalized, significantly undercapitalized, or critically undercapitalized, the bank shall become subject to the provisions of section 38 of the FDI Act—

(i) Restricting payment of capital distributions and management fees (section 38(d));

(ii) Requiring that the OCC monitor the condition of the bank (section 38(e)(1));

(iii) Requiring submission of a capital restoration plan within the schedule established in this subpart (section 38(e)(2));

(iv) Restricting the growth of the bank’s assets (section 38(e)(3)); and

(v) Requiring prior approval of certain expansion proposals (section 38(e)(4)).

(3) Additional provisions applicable to significantly undercapitalized, and critically undercapitalized banks. In addition to the provisions of section 38 of the FDI Act described in paragraph (a)(2) of this section, immediately upon receiving notice or being deemed to have notice, as provided in this subpart, that the bank is significantly undercapitalized, or critically undercapitalized or that the bank is subject to the provisions applicable to institutions that are significantly undercapitalized because it has failed to submit or implement, in any material respect, an acceptable capital restoration plan, the bank shall become subject to the provisions of section 38 of the FDI Act that restrict compensation paid to senior executive officers of the institution (section 38(f)(4)).

(4) Additional provisions applicable to critically undercapitalized banks. In addition to the provisions of section 38 of the FDI Act described in paragraphs (a)(2) and (3) of this section, immediately upon receiving notice or being deemed to have notice, as provided in §6.3, that the bank is critically undercapitalized, the bank shall become subject to the provisions of section 38 of the FDI Act—

(i) Restricting the activities of the bank (section 38(h)(1)); and

(ii) Restricting payments on subordinated debt of the bank (section 38(h)(2)).

(b) Discretionary supervisory actions. In taking any action under section 38 that is within the OCC’s discretion to take in connection with a bank that is deemed to be undercapitalized, significantly undercapitalized, or critically undercapitalized, or has been reclassified as undercapitalized or significantly undercapitalized; an officer or director of such bank; or a company that controls such bank, the OCC shall follow the procedures for issuing directives under subpart B of this part and subpart N of part 19 of this chapter, unless otherwise provided in section 38 or this part.
§ 6.22 Response to notice.

(a) Time for response. A bank may file a written response to a notice of intent to issue a directive within the time period set by the OCC. The date shall be at least 14 calendar days from the date of the notice unless the OCC determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.

(b) Content of response. The response should include:

(1) An explanation why the action proposed by the OCC is not an appropriate exercise of discretion under section 38;

(2) Any recommended modification of the proposed directive; and

(3) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank regarding the proposed directive.

(c) Failure to file response. Failure by a bank to file with the OCC, within the specified time period, a written response to a proposed directive shall constitute a waiver of the opportunity to respond and shall constitute consent to the issuance of the directive.

§ 6.23 Decision and issuance of a prompt corrective action directive.

(a) OCC consideration of response. After considering the response, the OCC may:

(1) Issue the directive as proposed or in modified form;

(2) Determine not to issue the directive and so notify the bank; or

(3) Seek additional information or clarification of the response from the bank, or any other relevant source.

(b) [Reserved]

§ 6.24 Request for modification or rescission of directive.

Any bank that is subject to a directive under this subpart may, upon a change in circumstances, request in writing that the OCC reconsider the terms of the directive, and may propose that the directive be rescinded or modified. Unless otherwise ordered by the OCC, the directive shall continue in place while such request is pending before the OCC.

§ 6.25 Enforcement of directive.

(a) Judicial remedies. Whenever a bank fails to comply with a directive issued under section 38, the OCC may seek enforcement of the directive in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act.

(b) Administrative remedies. Pursuant to section 8(i)(2)(A) of the FDI Act, the OCC may assess a civil money penalty against any bank that violates or otherwise fails to comply with any final directive issued under section 38 and against any institution-affiliated party who participates in such violation or noncompliance.

(c) Other enforcement action. In addition to the actions described in paragraphs (a) and (b) of this section, the OCC may seek enforcement of the provisions of section 38 or this part.
Comptroller of the Currency, Treasury

through any other judicial or administrative proceeding authorized by law.

PART 7—BANK ACTIVITIES AND OPERATIONS

Subpart A—Bank Powers

Sec. 7.1000 National bank ownership of property. (a) Investment in real estate necessary for the transaction of business—(1) General. Under 12 U.S.C. 29(First), a national bank may invest in real estate that is necessary for the transaction of its business.

(2) Type of real estate. For purposes of 12 U.S.C. 29(First), this real estate includes:

(i) Premises that are owned and occupied (or to be occupied, if under construction) by the bank, its branches, or its consolidated subsidiaries;

(ii) Real estate acquired and intended, in good faith, for use in future expansion;
§ 7.1001 National bank acting as general insurance agent.

Pursuant to 12 U.S.C. 92, a national bank may act as an agent for any fire, life, or other insurance company in any place the population of which does not exceed 5,000 inhabitants. This provision is applicable to any office of a national bank when the office is located in a community having a population of less than 5,000, even though the principal office of such bank is located in a community whose population exceeds 5,000.

§ 7.1002 National bank acting as finder.

(a) General. A national bank may act as a finder in bringing together a buyer and seller.

(b) Qualification. Acting as a finder includes, without limitation, identifying potential parties, making inquiries as to interest, introducing or arranging meetings of interested parties, and otherwise bringing parties together for a transaction that the parties themselves negotiate and consummate. Acting as a finder does not include activities that would characterize the bank as a broker under applicable Federal law.

(c) Advertisement and fee. Unless otherwise prohibited, a national bank may advertise the availability of, and accept a fee for, the services provided pursuant to this section.
§ 7.1003 Money lent at banking offices or at other than banking offices.

(a) General. For purposes of what constitutes a branch within the meaning of 12 U.S.C. 36(j) and 12 CFR 5.30, "money" is deemed to be "lent" only at the place, if any, where the borrower in-person receives loan proceeds directly from bank funds:

(1) From the lending bank or its operating subsidiary; or

(2) At a facility that is established by the lending bank or its operating subsidiary.

(b) Receipt of bank funds representing loan proceeds. Loan proceeds directly from bank funds may be received by a borrower in person at a place that is not the bank’s main office and is not licensed as a branch without violating 12 U.S.C. 36, 12 U.S.C. 81 and 12 CFR 5.30, provided that a third party is used to deliver the funds and the place is not established by the lending bank or its operating subsidiary. A third party includes a person who satisfies the requirements of §7.1012(c)(2), or one who customarily delivers loan proceeds directly from bank funds under accepted industry practice, such as an attorney or escrow agent at a real estate closing.

§ 7.1004 Loans originating at other than banking offices.

(a) General. A national bank may use the services of, and compensate persons not employed by, the bank for originating loans.

(b) Approval. An employee or agent of a national bank or of its operating subsidiary may originate a loan at a site other than the main office or a branch office of the bank. This action does not violate 12 U.S.C. 36 and 12 U.S.C. 81 if the loan is approved and made at the main office or a branch office of the bank or at an office of the operating subsidiary located on the premises of, or contiguous to, the main office or branch office of the bank.

§ 7.1005 Credit decisions at other than banking offices.

A national bank and its operating subsidiary may make a credit decision regarding a loan application at a site other than the main office or a branch office of the bank without violating 12 U.S.C. 36 and 12 U.S.C. 81, provided that "money" is not deemed to be "lent" at those other sites within the meaning of §7.1003.

§ 7.1006 Loan agreement providing for a share in profits, income, or earnings or for stock warrants.

A national bank may take as consideration for a loan a share in the profit, income, or earnings from a business enterprise of a borrower. A national bank also may take as consideration for a loan a stock warrant issued by a business enterprise of a borrower, provided that the bank does not exercise the warrant. The share or stock warrant may be taken in addition to, or in lieu of, interest. The borrower’s obligation to repay principal, however, may not be conditioned upon the value of the profit, income, or earnings of the business enterprise or upon the value of the warrant received.

§ 7.1007 Acceptances.

A national bank is not limited in the character of acceptances it may make in financing credit transactions. Bankers’ acceptances may be used for such purpose, since the making of acceptances is an essential part of banking authorized by 12 U.S.C. 24.

§ 7.1008 Preparing income tax returns for customers or public.

A national bank may not serve as an expert tax consultant. However, a national bank may assist its customers in preparing their tax returns, either gratuitously or for a reasonable fee.

§ 7.1009 National bank holding collateral stock as nominee.

A national bank that accepts stock as collateral for a loan may have such stock transferred to the bank’s name as nominee.

§ 7.1010 Postal service by national bank.

(a) General. A national bank may maintain and operate a postal substation on banking premises and receive income from it. The services performed by the substation are those permitted under applicable rules of the United States Postal Service and may include meter stamping of letters and
§ 7.1011 National bank acting as payroll issuer.

A national bank may disburse to an employee of a customer payroll funds deposited with the bank by that customer. The bank may disburse those funds by direct payment to the employee, by crediting an account in the employee’s name at the disbursing bank, or by forwarding funds to another institution in which an employee maintains an account.

§ 7.1012 Messenger service.

(a) Definition. For purposes of this section, a “messenger service” means any service, such as a courier service or armored car service, used by a national bank and its customers to pick up from, and deliver to, specific customers at locations such as their homes or offices, items relating to transactions between the bank and those customers.

(b) Pick-up and delivery of items constituting nonbranching activities. Pursuant to 12 U.S.C. 24 (Seventh), a national bank may establish and operate a messenger service, or use, with its customers, a third party messenger service. The bank may use the messenger service to transport items relevant to the bank’s transactions with its customers without regard to the branching limitations set forth in 12 U.S.C. 36, provided the service does not engage in branching functions within the meaning of 12 U.S.C. 36(j). In establishing or using such a facility, the national bank may establish terms, conditions, and limitations consistent with this section and appropriate to assure compliance with safe and sound banking practices.

(c) Pick-up and delivery of items constituting branching functions by a messenger service established by a third party. (1) Pursuant to 12 U.S.C. 24 (Seventh), a national bank and its customers may use a messenger service to pick up from, and deliver to customers items that relate to branching functions within the meaning of 12 U.S.C. 36, provided the messenger service is established and operated by a third party. In using such a facility, a national bank may establish terms, conditions, and limitations, consistent with this section and appropriate to assure compliance with safe and sound banking practices.

(2) The OCC reviews whether a messenger service is established by a third party on a case-by-case basis, considering all of the circumstances. However, a messenger service is clearly established by a third party if:

(i) A party other than the national bank owns or rents the messenger service and its facilities and employs the persons who provide the service;

(ii)(A) The messenger service retains the discretion to determine in its own business judgment which customers and geographic areas it will serve; or

(B) If the messenger service and the bank are under common ownership or control, the messenger service actually provides its services to the general public, including other depository institutions, and retains the discretion to determine in its own business judgment which customers and geographic areas it will serve;

(iii) The messenger service maintains ultimate responsibility for scheduling, movement, and routing;

(iv) The messenger service does not operate under the name of the bank, and the bank and the messenger service do not advertise, or otherwise represent, that the bank itself is providing the service, although the bank may advertise that its customers may use one or more third party messenger services to transact business with the bank;

(v) The messenger service assumes responsibility for the items during transit and for maintaining adequate...
§ 7.1013 Debt cancellation contracts.

A national bank may enter into a contract to provide for loss arising from cancellation of an outstanding loan upon the death or disability of a borrower. The imposition of an additional charge and the establishment of necessary reserves in order to enable the bank to enter into such debt cancellation contracts are a lawful exercise of the powers of a national bank.

§ 7.1014 Sale of money orders at nonbanking outlets.

A national bank may designate bonded agents to sell the bank’s money orders at nonbanking outlets. The responsibility of both the bank and its agent should be defined in a written agreement setting forth the duties of both parties and providing for remuneration of the agent. The bank’s agents need not report on sales and transmit funds from the nonbanking outlets more frequently than at the end of the third business day following receipt of the funds.

§ 7.1015 Receipt of stock from a small business investment company.

A national bank may purchase the stock of a small business investment company (SBIC) (see 15 U.S.C. 682(b)), and may receive the benefits of such stock ownership (e.g., stock dividends). The receipt and retention of a dividend by a national bank from an SBIC in the form of stock of a corporate borrower of the SBIC is not a purchase of stock within the meaning of 12 U.S.C. 24 (Seventh).

§ 7.1016 Independent undertakings to pay against documents.

(a) General authority. A national bank may issue and commit to issue letters of credit and other independent undertakings within the scope of the applicable laws or rules of practice recognized by law.30 Under such letters of credit and other independent undertakings, the bank’s obligation to honor depends upon the presentation of specified documents and not upon nondocumentary

conditions or resolution of questions of fact or law at issue between the applicant and the beneficiary. A national bank may also confirm or otherwise undertake to honor or purchase specified documents upon their presentation under another person’s independent undertaking within the scope of such laws or rules.

(b) Safety and soundness considerations—(1) Terms. As a matter of safe and sound banking practice, banks that issue independent undertakings should not be exposed to undue risk. At a minimum, banks should consider the following:
   (i) The independent character of the undertaking should be apparent from its terms (such as terms that subject it to laws or rules providing for its independent character);
   (ii) The undertaking should be limited in amount;
   (iii) The undertaking should:
      (A) Be limited in duration; or
      (B) Permit the bank to terminate the undertaking either on a periodic basis (consistent with the bank’s ability to make any necessary credit assessments) or at will upon either notice or payment to the beneficiary; or
   (C) Entitle the bank to cash collateral from the applicant on demand (with a right to accelerate the applicant’s obligations, as appropriate); and
   (iv) The bank either should be fully collateralized or have a post-honor right of reimbursement from the applicant or from another issuer of an independent undertaking. Alternatively, if the bank’s undertaking is to purchase documents of title, securities, or other valuable documents, the bank should obtain a first priority right to realize on the documents if the bank is not otherwise to be reimbursed.

(2) Additional considerations in special circumstances. Certain undertakings require particular protections against credit, operational, and market risk:
   (i) In the event that the undertaking is to honor by delivery of an item of value other than money, the bank should ensure that market fluctuations that affect the value of the item will not cause the bank to assume undue market risk;
   (ii) In the event that the undertaking provides for automatic renewal, the terms for renewal should be consistent with the bank’s ability to make any necessary credit assessments prior to renewal;
   (iii) In the event that a bank issues an undertaking for its own account, the underlying transaction for which it is issued must be within the bank’s authority and comply with any safety and soundness requirements applicable to that transaction.

(3) Operational expertise. The bank should possess operational expertise that is commensurate with the sophistication of its independent undertaking activities.

(4) Documentation. The bank must accurately reflect the bank’s undertakings in its records, including any acceptance or deferred payment or other absolute obligation arising out of its contingent undertaking.

(c) Coverage. An independent undertaking within the meaning of this section is not subject to the provisions of §7.1017.

§7.1017 National bank as guarantor or surety on indemnity bond.

A national bank may lend its credit, bind itself as a surety to indemnify another, or otherwise become a guarantor (including, pursuant to 12 CFR 28.4, guaranteeing the deposits and other liabilities of its Edge corporations and Agreement corporations and of its corporate instrumentalities in foreign countries), if:

(a) The bank has a substantial interest in the performance of the transaction involved (for example, a bank, as fiduciary, has a sufficient interest in the faithful performance by a co-fiduciary of its duties to act as surety on the bond of such co-fiduciary); or

(b) The transaction is for the benefit of a customer and the bank obtains from the customer a segregated deposit that is sufficient in amount to cover the bank’s total potential liability. A segregated deposit under this section includes collateral:

(1) In which the bank has perfected its security interest (for example, if the collateral is a printed security, the
§ 7.1000 Corporate governance procedures.

(a) General. A national bank proposing to engage in a corporate governance procedure shall comply with applicable Federal banking statutes and regulations, and safe and sound banking practices.

(b) Other sources of guidance. To the extent not inconsistent with applicable Federal banking statutes or regulations, or bank safety and soundness, a national bank may elect to follow the corporate governance procedures of the law of the state in which the main office of the bank is located, the law of the state in which the holding company of the bank is incorporated, the Delaware General Corporation Law, Del. Code Ann. tit. 8 (1991, as amended 1994, and as amended thereafter), or the Model Business Corporation Act (1984, as amended 1994, and as amended thereafter). A national bank shall designate in its bylaws the body of law selected for its corporate governance procedures.

(c) No-objection procedures. The OCC also considers requests for its staff’s position on the ability of a national bank to engage in a particular corporate governance procedure in accordance with the no-objection procedures set forth in Banking Circular 205 or any subsequently published agency procedures.\(^2\) Requests should demonstrate how the proposed practice is

§ 7.2001 Notice of shareholders’ meetings.

A national bank must mail shareholders notice of the time, place, and purpose of all shareholders’ meetings at least 10 days prior to the meeting by first class mail, unless the OCC determines that an emergency circumstance exists. Where a national bank is a wholly-owned subsidiary, the sole shareholder is permitted to waive notice of the shareholder’s meeting. The articles of association, bylaws, or law applicable to a national bank may require a longer period of notice.

§ 7.2002 Director or attorney as proxy.

Any person or group of persons, except the bank’s officers, clerks, tellers, or bookkeepers, may be designated to act as proxy. The bank’s directors or attorneys may act as proxy if they are not also employed as an officer, clerk, teller or bookkeeper of the bank.

§ 7.2003 Annual meeting for election of directors.

When the day fixed for the regular annual meeting of the shareholders falls on a legal holiday in the state in which the bank is located, the shareholders’ meeting shall be held, and the directors elected, on the next following banking day.

§ 7.2004 Honorary directors or advisory boards.

A national bank may appoint honorary or advisory members of a board of directors to act in advisory capacities without voting power or power of final decision in matters concerning the business of the bank. Any listing of honorary or advisory directors must distinguish between them and the bank’s board of directors or indicate their advisory status.

§ 7.2005 Ownership of stock necessary to qualify as director.

(a) General. A national bank director must own a qualifying equity interest in a national bank or a company that has control of a national bank. The director must own the qualifying equity interest in his or her own right and meet a certain minimum threshold ownership.

(b) Qualifying equity interest—(1) Minimum required equity interest. For purposes of this section, a qualifying equity interest includes common or preferred stock of the bank or of a company that controls the bank that has not less than an aggregate par value of $1,000, an aggregate shareholders’ equity of $1,000, or an aggregate market value of $1,000.

(i) The value of the common or preferred stock held by a national bank director is valued as of the date purchased or the date on which the individual became a director, whichever value is greater.

(ii) In the case of a company that owns more than one national bank, a director may use his or her equity interest in the controlling company to satisfy, in whole or in part, the equity interest requirement for any or all of the controlled national banks.

(iii) Upon request, the OCC may consider whether other interests in a company controlling a national bank constitute an interest equivalent to $1,000 par value of national bank stock.

(2) Joint ownership and tenancy in common. Shares held jointly or as a tenant in common are qualifying shares held by a director in his or her own right only to the extent of the aggregate value of the shares which the director would be entitled to receive on dissolution of the joint tenancy or tenancy in common.

(3) Shares in a living trust. Shares deposited by a person in a living trust (inter vivos trust) as to which the person is a trustee and retains an absolute power of revocation are shares owned by the person in his or her own right.

(4) Other arrangements—(i) Shares held through retirement plans and similar arrangements. A director may hold his or her qualifying interest through a profit-sharing plan, individual retirement account, retirement plan, or similar arrangement, if the director retains beneficial ownership and legal control over the shares.

(ii) Shares held subject to buyback agreements. A director may acquire and

hold his or her qualifying interest pursuant to a stock repurchase or buyback agreement with a transferring shareholder under which the director purchases the qualifying shares subject to an agreement that the transferring shareholder will repurchase the shares when, for any reason, the director ceases to serve in that capacity. The agreement may give the transferring shareholder a right of first refusal to repurchase the qualifying shares if the director seeks to transfer ownership of the shares to a third person.

(iii) Assignment of right to dividends or distributions. A director may assign the right to receive all dividends or distributions on his or her qualifying shares to another, including a transferring shareholder, if the director retains beneficial ownership and legal control over the shares.

(iv) Execution of proxy. A director may execute a revocable or irrevocable proxy authorizing another, including a transferring shareholder, to vote his or her qualifying shares, provided the director retains beneficial ownership and legal control over the shares.

(c) Non-qualifying ownership. The following are not shares held by a director in his or her own right:

(1) Shares pledged by the holder to secure a loan. However, all or part of the funds used to purchase the required qualifying equity interest may be borrowed from any party, including the bank or its affiliates;

(2) Shares purchased subject to an absolute option vested in the seller to repurchase the shares within a specified period; and

(3) Shares deposited in a voting trust where the depositor surrenders:

(i) Legal ownership (depositor ceases to be registered owner of the stock);

(ii) Power to vote the stock or to direct how it shall be voted; or

(iii) Power to transfer legal title to the stock.

§ 7.2006 Cumulative voting in election of directors.

When electing directors, a shareholder shall have as many votes as the number of directors to be elected multiplied by the number of the shareholder’s shares. The shareholder may cast all these votes for one candidate, or distribute the votes among as many candidates as the shareholder chooses. If, after the first ballot, subsequent ballots are necessary to elect directors, a shareholder may not vote shares that he or she has already fully cumulated and voted in favor of a successful candidate.

§ 7.2007 Filling vacancies and increasing board of directors other than by shareholder action.

(a) Increasing board of directors. If authorized by the bank’s articles of association, between shareholder meetings a majority of the board of directors may increase the number of the bank’s directors within the limits specified in 12 U.S.C. 71a. The board of directors may increase the number of directors only by up to two directors, when the number of directors last elected by shareholders was 15 or fewer, and by up to four directors, when the number of directors last elected by shareholders was 16 or more.

(b) Vacancies. If a vacancy occurs on the board of directors, including a vacancy resulting from an increase in the number of directors, the vacancy may be filled by the shareholders, a majority of the board of directors remaining in office, or, if the directors remaining in office constitute fewer than a quorum, by an affirmative vote of a majority of all the directors remaining in office.

§ 7.2008 Oath of directors.

(a) Administration of the oath. A notary public, including one who is a director but not an officer of the national bank, may administer the oath of directors. Any person, other than an officer of the bank, having an official seal and authorized by the state to administer oaths, may also administer the oath.

(b) Execution of the oath. Each director attending the organization meeting shall execute either a joint or individual oath. A director not attending the organization meeting (the first meeting after the election of the directors) shall execute the individual oath. A director shall take another oath upon re-election, notwithstanding
§ 7.2009 Uninterrupted service. Appropriate sample oaths are located in the “Comptroller’s Corporate Manual”.
(c) Filing and recordkeeping. A national bank must file the original executed oaths of directors with the OCC and retain a copy in the bank’s records in accordance with the Comptroller’s Corporate Manual filing and recordkeeping instructions for executed oaths of directors.

§ 7.2009 Quorum of the board of directors; proxies not permissible.
A national bank shall provide in its articles of association or bylaws that for the transaction of business, a quorum of the board of directors is at least a majority of the entire board then in office. A national bank director may not vote by proxy.

§ 7.2010 Directors’ responsibilities.
The business and affairs of the bank shall be managed by or under the direction of the board of directors. The board of directors should refer to OCC published guidance for additional information regarding responsibilities of directors.

§ 7.2011 Compensation plans.
Consistent with safe and sound banking practices and the compensation provisions of 12 CFR part 30, a national bank may adopt compensation plans, including, among others, the following:
(a) Bonus and profit-sharing plans. A national bank may adopt a bonus or profit-sharing plan designed to ensure adequate remuneration of bank officers and employees.
(b) Pension plans. A national bank may provide employee pension plans and make reasonable contributions to the cost of the pension plan.
(c) Employee stock option and stock purchase plans. A national bank may provide employee stock option and stock purchase plans.

§ 7.2012 President as director; chief executive officer.
Pursuant to 12 U.S.C. 76, the president of a national bank must be a member of the board of directors, but a director other than the president may be elected chairman of the board. A person other than the president may serve as chief executive officer, and this person is not required to be a director of the bank.

§ 7.2013 Fidelity bonds covering officers and employees.
(a) Adequate coverage. All officers and employees of a national bank must have adequate fidelity coverage. The failure of directors to require bonds with adequate sureties and in sufficient amount may make the directors liable for any losses that the bank sustains because of the absence of such bonds. Directors should not serve as sureties on such bonds.
(b) Factors. The board of directors should determine the amount of such coverage, premised upon a consideration of factors, including:
(1) Internal auditing safeguards employed;
(2) Number of employees;
(3) Amount of deposit liabilities; and
(4) Amount of cash and securities normally held by the bank.

(a) Administrative proceedings or civil actions initiated by Federal banking agencies. A national bank may only make or agree to make indemnification payments to an institution-affiliated party with respect to an administrative proceeding or civil action initiated by any Federal banking agency, that are reasonable and consistent with the requirements of 12 U.S.C. 1828(k) and the implementing regulations thereunder. The term “institution-affiliated party” has the same meaning as set forth at 12 U.S.C. 1813(u).
(b) Administrative proceeding or civil actions not initiated by a Federal banking agency—
(1) General. In cases involving an administrative proceeding or civil action not initiated by a Federal banking agency, a national bank may indemnify an institution-affiliated party for damages and expenses, including the advancement of expenses and legal fees, in accordance with the law of the state in which the main office of the bank is located, the law of the state in which the bank’s holding company is located, or the law of the state or states in which the bank’s business is transacted.
incorporated, or the relevant provisions of the Model Business Corporation Act (1984, as amended 1994, and as amended thereafter), or Delaware General Corporation Law, Del. Code Ann. tit. 8 (1991, as amended 1994, and as amended thereafter), provided such payments are consistent with safe and sound banking practices. A national bank shall designate in its bylaws the body of law selected for making indemnification payments under this paragraph.

(2) Insurance premiums. A national bank may provide for the payment of reasonable premiums for insurance covering the expenses, legal fees, and liability of institution-affiliated parties to the extent that the expenses, fees, or liability could be indemnified under paragraph (b)(1) of this section.

§ 7.2015 Cashier.

A national bank’s bylaws, board of directors, or a duly designated officer may assign some or all of the duties previously performed by the bank’s cashier to its president, chief executive officer, or any other officer.

§ 7.2016 Restricting transfer of stock and record dates.

(a) Conditions for stock transfer. Under 12 U.S.C. 52, a national bank may impose conditions upon the transfer of its stock reasonably calculated to simplify the work of the bank with respect to stock transfers, voting at shareholders’ meetings, and related matters and to protect it against fraudulent transfers.

(b) Record dates. A national bank may close its stock records for a reasonable period to ascertain shareholders for voting purposes. The board of directors may fix a record date for determining the shareholders entitled to notice of, and to vote at, any meeting of shareholders. The record date should be in reasonable proximity to the date that notice is given to the shareholders of the meeting.

§ 7.2017 Facsimile signatures on bank stock certificates.

The president and cashier, or other officers authorized by the bank’s bylaws, shall sign each national bank stock certificate. The signatures may be manual or facsimile, including electronic means of signature. Each certificate must be sealed with the seal of the association.

§ 7.2018 Lost stock certificates.

If a national bank does not provide for replacing lost, stolen, or destroyed stock certificates in its articles of association or bylaws, the bank may adopt procedures in accordance with § 7.2000.

§ 7.2019 Loans secured by a bank’s own shares.

(a) Permitted agreements, relating to bank shares. A national bank may require a borrower holding shares of the bank to execute agreements:

(1) Not to pledge, give away, transfer, or otherwise assign such shares;

(2) To pledge such shares at the request of the bank when necessary to prevent loss; and

(3) To leave such shares in the bank’s custody.

(b) Use of capital notes and debentures. A national bank may not make loans secured by a pledge of the bank’s own capital notes and debentures. Such notes and debentures must be subordinated to the claims of depositors and other creditors of the issuing bank, and are, therefore, capital instruments within the purview of 12 U.S.C. 83.

§ 7.2020 Acquisition and holding of shares as treasury stock.

(a) Acquisition of outstanding shares. Pursuant to 12 U.S.C. 59, including the requirements for prior approval by the bank’s shareholders and the OCC imposed by that statute, a national bank may acquire its outstanding shares and hold them as treasury stock, if the acquisition and retention of the shares is, and continues to be, for a legitimate corporate purpose.

(b) Legitimate corporate purpose. Examples of legitimate corporate purposes include the acquisition and holding of treasury stock to:

(1) Have shares available for use in connection with employee stock option, bonus, purchase, or similar plans;

(2) Sell to a director for the purpose of acquiring qualifying shares;
§ 7.2021

(3) Purchase a director’s qualifying shares upon the cessation of the director’s service in that capacity if there is no ready market for the shares;

(4) Reduce the number of shareholders in order to qualify as a Subchapter S corporation; and

(5) Reduce costs associated with shareholder communications and meetings.

(c) Prohibition. It is not a legitimate corporate purpose to acquire or hold treasury stock on speculation about changes in its value.

[64 FR 60099, Nov. 4, 1999]

§ 7.2021 Preemptive rights.

A national bank in its articles of association must grant or deny preemptive rights to the bank’s shareholders. Any amendment to a national bank’s articles of association which modifies such preemptive rights must be approved by a vote of the holders of two-thirds of the bank’s outstanding voting shares.

§ 7.2022 Voting trusts.

The shareholders of a national bank may establish a voting trust under the applicable law of a state selected by the participants and designated in the trust agreement, provided the implementation of the trust is consistent with safe and sound banking practices.

§ 7.2023 Reverse stock splits.

(a) Authority to engage in reverse stock splits. A national bank may engage in a reverse stock split if the transaction serves a legitimate corporate purpose and provides adequate dissenting shareholders’ rights.

(b) Legitimate corporate purpose. Examples of legitimate corporate purposes include a reverse stock split to:

(1) Reduce the number of shareholders in order to qualify as a Subchapter S corporation; and

(2) Reduce costs associated with shareholder communications and meetings.

[64 FR 60099, Nov. 4, 1999]

§ 7.3000 Bank hours and closings.

(a) Bank hours. A national bank’s board of directors should review its banking hours, and, independently of any other bank, take appropriate action to establish a schedule of banking hours.

(b) Emergency closings. Pursuant to 12 U.S.C. 95(b)(1), the Comptroller of the Currency (Comptroller), a state, or a legally authorized state official may declare a day a legal holiday if emergency conditions exist. That day is a legal holiday for national banks or their offices in the affected geographic area (i.e., throughout the country, in a state, or in part of a state). Emergency conditions include natural disasters and civil and municipal emergencies (e.g., severe flooding, or a power emergency declared by a local power company or government requesting that businesses in the affected area close). The Comptroller issues a proclamation authorizing the emergency closing in accordance with 12 U.S.C. 95 at the time of the emergency condition, or soon thereafter. When the Comptroller, a state, or a legally authorized state official declares a day to be a legal holiday due to emergency conditions, a national bank may choose to remain open or to close any of its banking offices in the affected geographic area.

(c) Ceremonial closings. A state or a legally authorized state official may declare a day a legal holiday for ceremonial reasons. When a state or a legally authorized state official declares a day to be a legal holiday for ceremonial reasons, a national bank may choose to remain open or to close.

(d) Liability. A national bank should assure that all liabilities or other obligations under the applicable law due to the bank’s closing are satisfied.

§ 7.3001 Sharing space and employees.

(a) Sharing space. A national bank may:

(1) Lease excess space on bank premises to one or more other businesses (including other banks and financial institutions);
(2) Share space jointly held with one or more other businesses; or
(3) Offer its services in space owned or leased to other businesses.

(b) Sharing employees. When sharing space with other businesses as described in paragraph (a) of this section, a national bank may provide, under one or more written agreements among the bank, the other businesses, and their employees, that:
(1) A bank employee may act as agent for the other business; or
(2) An employee of the other business may act as agent for the bank.

(c) Supervisory conditions. When a national bank engages in arrangements of the types listed in paragraphs (a) and (b) of this section, the bank shall ensure that:
(1) The other business is conspicuously, accurately, and separately identified;
(2) Shared employees clearly and fully disclose the nature of their agency relationship to customers of the bank and of the other businesses so that customers will know the identity of the bank or business that is providing the product or service;
(3) The arrangement does not constitute a joint venture or partnership with the other business under applicable state law;
(4) All aspects of the relationship between the bank and the other business are conducted at arm's length, unless a special arrangement is warranted because the other business is a subsidiary of the bank;
(5) Security issues arising from the activities of the other business on the premises are addressed;
(6) The activities of the other business do not adversely affect the safety and soundness of the bank;
(7) The shared employees or the entity for which they perform services are duly licensed or meet qualification requirements of applicable statutes and regulations pertaining to agents or employees of such other business; and
(8) The assets and records of the parties are segregated.

(d) Other legal requirements. When entering into arrangements, of the types described in paragraphs (a) and (b) of this section, and in conducting operations pursuant to those arrangements the bank must ensure that each arrangement complies with 12 U.S.C. 29 and 36 and with any other applicable laws and regulations. If the arrangement involves an affiliate or a shareholder, director, officer or employee of the bank:
(1) The bank must ensure compliance with all applicable statutory and regulatory provisions governing bank transactions with these persons or entities;
(2) The parties must comply with all applicable fiduciary duties; and
(3) The parties, if they are in competition with each other, must consider limitations, if any, imposed by applicable antitrust laws.

Subpart D—Preemption

§ 7.4000 Visitorial powers.

(a) General rule. (1) Only the OCC or an authorized representative of the OCC may exercise visitorial powers with respect to national banks, except as provided in paragraph (b) of this section. State officials may not exercise visitorial powers with respect to national banks, such as conducting examinations, inspecting or requiring the production of books or records of national banks, or prosecuting enforcement actions, except in limited circumstances authorized by federal law. However, production of a bank’s records (other than non-public OCC information under 12 CFR part 4, subpart C) may be required under normal judicial procedures.
(2) For purposes of this section, visitorial powers include:
(i) Examination of a bank;
(ii) Inspection of a bank’s books and records;
(iii) Regulation and supervision of activities authorized or permitted pursuant to federal banking law; and
(iv) Enforcing compliance with any applicable federal or state laws concerning those activities.
(b) Exceptions to the general rule. Federal law expressly provides special authority for state or other federal officials to:
(1) Inspect the list of shareholders, provided the official is authorized to assess taxes under state authority (12 U.S.C. 62; this section also authorizes
inspection of the shareholder list by shareholders and creditors of a national bank);

(2) Review, at reasonable times and upon reasonable notice to a bank, the bank’s records solely to ensure compliance with applicable state unclaimed property or escheat laws upon reasonable cause to believe that the bank has failed to comply with those laws (12 U.S.C. 484(b));

(3) Verify payroll records for unemployment compensation purposes (26 U.S.C. 3305(c));

(4) Ascertain the correctness of federal tax returns (26 U.S.C. 7602); and

c) Report of examination. The report of examination made by an OCC examiner is designated solely for use in the supervision of the bank. The bank’s copy of the report is the property of the OCC and is loaned to the bank and any holding company thereof solely for its confidential use. The bank’s directors, in keeping with their responsibilities both to depositors and to shareholders, should thoroughly review the report. The report may be made available to other persons only in accordance with the rules on disclosure in 12 CFR part 4.

[61 FR 4862, Feb. 9, 1996, as amended at 64 FR 60100, Nov. 4, 1999]

§ 7.4001 Charging interest at rates permitted competing institutions; charging interest to corporate borrowers.

(a) Definition. The term “interest” as used in 12 U.S.C. 85 includes any payment compensating a creditor or prospective creditor for an extension of credit, making available of a line of credit, or any default or breach by a borrower of a condition upon which credit was extended. It includes, among other things, the following fees connected with credit extension or availability: numerical periodic rates, late fees, not sufficient funds (NSF) fees, overlimit fees, annual fees, cash advance fees, and membership fees. It does not ordinarily include appraisal fees, premiums and commissions attributable to insurance guaranteeing repayment of any extension of credit, finders’ fees, fees for document preparation or notarization, or fees incurred to obtain credit reports.

(b) Authority. A national bank located in a state may charge interest at the maximum rate permitted to any state-chartered or licensed lending institution by the law of that state. If state law permits different interest charges on specified classes of loans, a national bank making such loans is subject only to the provisions of state law relating to that class of loans that are material to the determination of the permitted interest. For example, a national bank may lawfully charge the highest rate permitted to be charged by a state-licensed small loan company, without being so licensed, but subject to state law limitations on the size of loans made by small loan companies.

c) Effect on state definitions of interest. The Federal definition of the term “interest” in paragraph (a) of this section does not change how interest is defined by the individual states (nor how the state definition of interest is used) solely for purposes of state law. For example, if late fees are not “interest” under state law where a national bank is located but state law permits its most favored lender to charge late fees, then a national bank located in that state may charge late fees to its intrastate customers. The national bank may also charge late fees to its interstate customers because the fees are interest under the Federal definition of interest and an allowable charge under state law where the national bank is located. However, the late fees would not be treated as interest for purposes of evaluating compliance with state usury limitations because state law excludes late fees when calculating the maximum interest that lending institutions may charge under those limitations.

(d) Usury. A national bank located in a state the law of which denies the defense of usury to a corporate borrower may charge a corporate borrower any rate of interest agreed upon by a corporate borrower.

§ 7.4002 National bank charges.

(a) Customer charges and fees. A national bank may charge its customers
non-interest charges and fees, including deposit account service charges. For example, a national bank may impose deposit account service charges that its board of directors determines to be reasonable on dormant accounts. A national bank may also charge a borrower reasonable fees for credit reports or investigations with respect to a borrower’s credit. All charges and fees should be arrived at by each bank on a competitive basis and not on the basis of any agreement, arrangement, undertaking, understanding, or discussion with other banks or their officers.

(b) Considerations. The establishment of non-interest charges and fees, and the amounts thereof, is a business decision to be made by each bank, in its discretion, according to sound banking judgment and safe and sound banking principles. A bank reasonably establishes non-interest charges and fees if the bank considers the following factors, among others:

1. The cost incurred by the bank, plus a profit margin, in providing the service;
2. The deterrence of misuse by customers of banking services;
3. The enhancement of the competitive position of the bank in accordance with the bank’s marketing strategy; and
4. The maintenance of the safety and soundness of the institution.

(c) Interest. Charges and fees that are “interest” within the meaning of 12 U.S.C. 85 are governed by §7.4001 and not by this section.

(d) State law. The OCC evaluates on a case-by-case basis whether a national bank may establish non-interest charges or fees pursuant to paragraphs (a) and (b) of this section notwithstanding a contrary state law that purports to limit or prohibit such charges or fees. In issuing an opinion on whether such state laws are preempted, the OCC applies preemption principles derived from the Supremacy Clause of the United States Constitution and applicable judicial precedent.

(e) National bank as fiduciary. This section does not apply to charges imposed by a national bank in its capacity as a fiduciary, which are governed by 12 CFR part 9.

§ 7.4003 Establishment and operation of a remote service unit by a national bank.

A remote service unit (RSU) is an automated facility, operated by a customer of a bank, that conducts banking functions, such as receiving deposits, paying withdrawals, or lending money. A national bank may establish and operate an RSU pursuant to 12 U.S.C. 24(Seventh). An RSU includes an automated teller machine, automated loan machine, and automated device for receiving deposits. An RSU may be equipped with a telephone or televideo device that allows contact with bank personnel. An RSU is not a “branch” within the meaning of 12 U.S.C. 36(j), and is not subject to state geographic or operational restrictions or licensing laws.

§ 7.4004 Establishment and operation of a deposit production office by a national bank.

(a) General rule. A national bank or its operating subsidiary may engage in deposit production activities at a site other than the main office or a branch of the bank. A deposit production office (DPO) may solicit deposits, provide information about deposit products, and assist persons in completing application forms and related documents to open a deposit account. A DPO is not a branch within the meaning of 12 U.S.C. 36(j) and 12 CFR 5.30(d)(1) so long as it does not receive deposits, pay withdrawals, or make loans. All deposit and withdrawal transactions of a bank customer using a DPO must be performed by the customer, either in person at the main office or a branch office of the bank, or by mail, electronic transfer, or a similar method of transfer.

(b) Services of other persons. A national bank may use the services of, and compensate, persons not employed by the bank in its deposit production activities.

§ 7.4005 Combination of loan production office, deposit production office, and remote service unit.

A location at which a national bank operates a loan production office
(LPO), a deposit production office (DPO), and a remote service unit (RSU) is not a "branch" within the meaning of 12 U.S.C. 36(j) by virtue of that combination. Since an LPO, DPO, or RSU is not, individually, a branch under 12 U.S.C. 36(j), any combination of these facilities at one location does not create a branch.

(1) Every national bank falls into one of the ten asset-size brackets denoted by Columns A and B. A bank’s semiannual assessment is composed of two parts. The first part is the calculation of a base amount of the assessment, which is computed on the assets of the bank up to the lower endpoint (Column A) of the bracket in which it falls. This base amount of the assessment is calculated by the OCC in Column C.

(2) The second part is the calculation by the bank of assessments due on the remaining assets of the bank in excess of Column E. The excess is assessed at the marginal rate shown in Column D.

(3) The total semiannual assessment is the amount in Column C, plus the amount of the bank’s assets in excess Column E times the marginal rate in Column D: Assessments = C + (Assets—E) x D.

(4) Each year, the OCC may index the marginal rates in Column D to adjust for the percent change in the level of prices, as measured by changes in the Gross Domestic Product Implicit Price Deflator (GDPIPD) for each June-to-June period. The OCC may at its discretion adjust marginal rates by amounts less than the percentage change in GDPIPD. The OCC will also
adjust the amounts in Column C to reflect any change made to the marginal rate.

(5) The specific marginal rates and complete assessment schedule will be published in the “Notice of Comptroller of the Currency Fees”, provided for at §8.8 of this part. Each semiannual assessment is based upon the total assets shown in the bank’s most recent “Consolidated Report of Condition (Including Domestic and Foreign Subsidiaries)” (Call Report) preceding the payment date. The assessment shall be computed in the manner and on the form provided by the Comptroller of the Currency. Each bank subject to the jurisdiction of the Comptroller of the Currency on the date of the second or fourth quarterly Call Report required by the Office under 12 U.S.C. 161 is subject to the full assessment for the next six-month period.

(6)(i) Notwithstanding any other provision of this part, the OCC may reduce the semiannual assessment for each non-lead bank by a percentage that it will specify in the Notice of Comptroller of the Currency Fees described in §8.8.

(ii) For purposes of this paragraph (a)(6):

(A) Lead bank means the largest national bank controlled by a company, based on a comparison of the total assets held by each national bank controlled by that company as reported in each bank’s Call Report filed for the quarter immediately preceding the payment of a semiannual assessment.

(B) Non-lead bank means a national bank that is not the lead bank controlled by a company that controls two or more national banks.

(C) Control and company have the same meanings as these terms have in sections 2(a)(2) and 2(b), respectively, of the Bank Holding Company Act of 1956 (12 U.S.C. 1841 (a)(2) and (b)).

(7) The OCC shall adjust the semiannual assessment computed in accordance with paragraphs (a)(1) through (a)(6) of this section by multiplying that figure by 1.25 for each bank that receives a rating of 3, 4, or 5 under the Uniform Financial Institutions Rating System at its most recent examination.

(b)(1) Each Federal branch and each Federal agency shall pay to the Comptroller of the Currency on or before January 31 and July 31 of each year a semiannual assessment fee for the six month period beginning thirty days before each payment date.

(2) The amount of the semiannual assessment paid by each Federal branch and Federal agency shall be computed at the same rate as provided in the Table in 12 CFR 8.2(a); however, only the total domestic assets of the Federal branch or Federal agency shall be subject to assessment.

(3) Each semiannual assessment of each Federal branch or Federal agency is based upon the total assets shown in the Call Report most recently preceding the payment date. The assessment shall be computed in the manner and on the form provided by the OCC. Each Federal branch or Federal agency subject to the jurisdiction of the OCC on the date of the second and fourth Call Reports is subject to the full assessment for the next six month period.

(4)(i) Notwithstanding any other provision of this part, the OCC may reduce the semiannual assessment for each non-lead Federal branch or agency by an amount that it will specify in the Notice of Comptroller of the Currency Fees described in §8.8.

(ii) For purposes of this paragraph (b)(4):

(A) Lead Federal branch or agency means the largest Federal branch or agency of a foreign bank, based on a comparison of the total assets held by each Federal branch or agency of that foreign bank as reported in each Federal branch’s or agency’s Call Report filed for the quarter immediately preceding the payment of a semiannual assessment.

(B) Non-lead Federal branch or agency means a Federal branch or Federal agency that is not the lead Federal branch or agency of a foreign bank that controls two or more Federal branches or agencies.

(5) The OCC shall adjust the semiannual assessment computed in accordance with paragraphs (b)(1) through (b)(4) of this section by multiplying that figure by 1.25 for each Federal branch or Federal agency that receives
§ 8.6  Fees and assessments for examinations and investigations; independent trust banks.

(a) Fees. Pursuant to the authority contained in 12 U.S.C. 481 and 482, the Office of the Comptroller of the Currency assesses a fee for examining fiduciary activities of national and District of Columbia banks and related entities, for conducting special examinations and investigations of national and District of Columbia banks, for conducting examinations of affiliates of national and District of Columbia banks, and for conducting examinations and investigations made pursuant to 12 CFR Part 5, Rules, Policies, and Procedures for Corporate Activities.

(b) Notice of Comptroller of the Currency Fees. The OCC publishes the fee schedule for fiduciary activities, special examinations and investigations, examinations of affiliates and examinations related to corporate activities in the Notice of Comptroller of the Currency Fees described in §8.8.

(c) Additional assessments on trust banks. (1) Independent trust banks. The assessment of independent trust banks will include a managed asset component, in addition to the assessment calculated according to §8.2 of this part, as follows:

(i) Minimum fee. All independent trust banks will pay a minimum fee, to be provided in the Notice of Comptroller of the Currency Fees.

(ii) Additional amount for independent trust banks with managed assets in excess of $1 billion. Independent trust banks with managed assets in excess of $1 billion will pay an amount that exceeds the minimum fee. The amount to be paid will be calculated by multiplying the amount of trust assets under management by a rate or rates provided by the OCC in the Notice of Comptroller of the Currency Fees.

(2) Trust banks affiliated with full-service national banks. The OCC will assess a trust bank in accordance with paragraph (c)(1) of this section, notwithstanding that the bank is affiliated with a full-service national bank, if the OCC concludes that the affiliation is intended to evade the assessment regulation.

(3) Definitions. For purposes of this paragraph (c) of this section, the following definitions apply:

(i) Affiliate has the same meaning as this term has in 12 U.S.C. 221a(b);

(ii) Independent trust bank is a national bank that has trust powers, does not primarily offer full-service banking, and is not affiliated with a full-service national bank; and

(iii) Trust assets are those assets reported on Schedule A, Line 18 of the Annual Report of Trust Assets (FFIEC Form 001). The form is available by mail from the Office of the Comptroller of the Currency, Asset Management Division, 250 E Street, SW., Washington, DC 20219.

§ 8.7  Payment of interest on delinquent assessments and examination and investigation fees.

(a) Each national bank, each district bank, each Federal branch, and each Federal agency shall pay to the Comptroller of the currency interest on its delinquent payments of semiannual assessments. In addition, each national bank and each entity with a trust department examined by the Comptroller of the Currency shall pay to the Comptroller of the Currency interest on its delinquent payments of examination and investigation fees. Semiannual assessment payments will be considered delinquent if they are received after the time for payment specified in §8.2. Examination and investigation fees will be considered delinquent if not received by the Comptroller of the Currency within 30 calendar days of the invoice date.
(b) Where an entity which is required to make semiannual assessment payments or trust examination fee payments determines that it has made any such payment in an amount exceeding that required by the Comptroller of the Currency, that entity shall provide the Office of Financial Operations, Comptroller of the Currency, with written notice of the overpayment. Within 30 calendar days of receipt of such notice, the Comptroller of the Currency shall either—

1. Refund the amount of the overpayment or
2. Provide notice of its unwillingness to accept the calculation of overpayment. In the latter instance, the Comptroller of the Currency and the entity claiming the overpayment shall thereafter attempt to reach agreement on the amount, if any, to be refunded; the Comptroller of the Currency shall refund this amount within 30 calendar days of such agreement.

The Comptroller of the Currency shall be considered delinquent if it fails to return an overpayment in accordance with the time limitations specified in this paragraph (b). The Comptroller of the Currency shall pay interest on any such delinquent payments.

(c) Interest on delinquent payments, as described in paragraphs (a) and (b) of this section, will be assessed beginning the first calendar day on which payment is considered delinquent, and on each calendar day thereafter up to and including the day payment is received. Interest will be simple interest, calculated for each day payment is delinquent by multiplying the daily equivalent of the applicable interest rate by the amount delinquent. The rate of interest will be the United States Treasury Department’s current value of funds rate (the “TFRM rate”); that rate is issued under the Treasury Fiscal Requirements Manual and is published quarterly in the FEDERAL REGISTER. The interest rates applicable to a delinquent payment will be determined as follows:

1. For delinquent days occurring from January 1 to March 31, the rate will be the TFRM rate that is published the preceding December for the first quarter of the ensuing year.
2. For delinquent days occurring from April 1 to June 30, the rate will be the TFRM rate that is published the preceding March for the second quarter of that year.
3. For delinquent days occurring from July 1 to September 30, the rate will be the TFRM rate that is published the preceding June for the third quarter of that year.
4. For delinquent days occurring from October 1 to December 31, the rate will be the TFRM rate that is published the preceding September for the fourth quarter of that year.

§ 8.8 Notice of Comptroller of the Currency fees.

(a) December notice of fees. A “Notice of Comptroller of the Currency Fees” shall be published no later than the first business day in December of each year for fees to be charged by the Office during the upcoming year. These fees will be effective January 1 of that upcoming year.

(b) Interim notice of comptroller of the Currency fees. The Office may issue an “Interim Notice of Comptroller of the Currency Fees” or issue an amended “Notice of Comptroller of the Currency Fees” from time to time throughout the year as necessary. Interim or amended notices will be effective 30 days after issuance.

§ 9.1 Authority, purpose, and scope.
§ 9.1 Authority, purpose, and scope.

(a) Authority. The Office of the Comptroller of the Currency (OCC) issues this part pursuant to its authority under 12 U.S.C. 24 (Seventh), 92a, and 93a, and 15 U.S.C. 78q, 78q–1, and 78w.

(b) Purpose. The purpose of this part is to set forth the standards that apply to the fiduciary activities of national banks.

(c) Scope. This part applies to all national banks that act in a fiduciary capacity, as defined in §9.2(e). This part also applies to all Federal branches of foreign banks to the same extent as it applies to national banks.

§ 9.2 Definitions.

For the purposes of this part, the following definitions apply:

(a) Affiliate has the same meaning as in 12 U.S.C. 221a(b).

(b) Applicable law means the law of a state or other jurisdiction governing a national bank’s fiduciary relationships, any applicable Federal law governing those relationships, the terms of the instrument governing a fiduciary relationship, or any court order pertaining to the relationship.

(c) Custodian under a uniform gifts to minors act means a fiduciary relationship established pursuant to a state law substantially similar to the Uniform Gifts to Minors Act or the Uniform Transfers to Minors Act as published by the American Law Institute.

(d) Fiduciary account means an account administered by a national bank acting in a fiduciary capacity.

(e) Fiduciary capacity means: trustee, executor, administrator, registrar of stocks and bonds, transfer agent, guardian, assignee, receiver, or custodian under a uniform gifts to minors act; investment adviser, if the bank receives a fee for its investment advice; any capacity in which the bank possesses investment discretion on behalf of another; or any other similar capacity that the OCC authorizes pursuant to 12 U.S.C. 92a.

(f) Fiduciary officers and employees means all officers and employees of a national bank to whom the board of directors or its designee has assigned functions involving the exercise of the bank’s fiduciary powers.

(g) Fiduciary powers means the authority the OCC permits a national bank to exercise pursuant to 12 U.S.C. 92a. The extent of fiduciary powers is the same for out-of-state national banks as for in-state national banks, and that extent depends upon what powers the state grants to the fiduciaries in the state with which national banks compete.

(h) Guardian means the guardian or conservator, by whatever name used by state law, of the estate of a minor, an incompetent person, an absent person, or a person over whose estate a court has taken jurisdiction, other than under bankruptcy or insolvency laws.

(i) Investment discretion means, with respect to an account, the sole or shared authority (whether or not that authority is exercised) to determine what securities or other assets to purchase or sell on behalf of the account. A bank that delegates its authority over investments and a bank that receives delegated authority over investments are both deemed to have investment discretion.

§ 9.3 Approval requirements.

(a) A national bank may not exercise fiduciary powers unless it obtains prior approval from the OCC to the extent required under 12 CFR 5.26.

(b) A person seeking approval to organize a special-purpose national bank limited to fiduciary powers shall file an application with the OCC pursuant to 12 CFR 5.20.
§ 9.4 Administration of fiduciary powers.

(a) Responsibilities of the board of directors. A national bank’s fiduciary activities shall be managed by or under the direction of its board of directors. In discharging its responsibilities, the board may assign any function related to the exercise of fiduciary powers to any director, officer, employee, or committee thereof.

(b) Use of other personnel. The national bank may use any qualified personnel and facilities of the bank or its affiliates to perform services related to the exercise of its fiduciary powers, and any department of the bank or its affiliates may use fiduciary officers, employees, and facilities to perform services unrelated to the exercise of fiduciary powers, to the extent not prohibited by applicable law.

(d) Bond requirement. A national bank shall ensure that all fiduciary officers and employees are adequately bonded.

§ 9.5 Policies and procedures.

A national bank exercising fiduciary powers shall adopt and follow written policies and procedures adequate to maintain its fiduciary activities in compliance with applicable law. Among other relevant matters, the policies and procedures should address, where appropriate, the bank’s:

(a) Brokerage placement practices;

(b) Methods for ensuring that fiduciary officers and employees do not use material inside information in connection with any decision or recommendation to purchase or sell any security;

(c) Methods for preventing self-dealing and conflicts of interest;

(d) Selection and retention of legal counsel who is readily available to advise the bank and its fiduciary officers and employees on fiduciary matters; and

(e) Investment of funds held as fiduciary, including short-term investments and the treatment of fiduciary funds awaiting investment or distribution.

§ 9.6 Review of fiduciary accounts.

(a) Pre-acceptance review. Before accepting a fiduciary account, a national bank shall review the prospective account to determine whether it can properly administer the account.

(b) Initial post-acceptance review. Upon the acceptance of a fiduciary account for which a national bank has investment discretion, the bank shall conduct a prompt review of all assets of the account to evaluate whether they are appropriate for the account.

(c) Annual review. At least once during every calendar year, a bank shall conduct a review of all assets of each fiduciary account for which the bank has investment discretion to evaluate whether they are appropriate, individually and collectively, for the account.

§ 9.8 Recordkeeping.

(a) Documentation of accounts. A national bank shall adequately document the establishment and termination of each fiduciary account and shall maintain adequate records for all fiduciary accounts.

(b) Retention of records. A national bank shall retain records described in paragraph (a) of this section for a period of three years from the later of the termination of the account or the termination of any litigation relating to the account.

(c) Separation of records. A national bank shall ensure that records described in paragraph (a) of this section are separate and distinct from other records of the bank.

§ 9.9 Audit of fiduciary activities.

(a) Annual audit. At least once during each calendar year, a national bank shall arrange for a suitable audit (by internal or external auditors) of all significant fiduciary activities, under the direction of its fiduciary audit committee, unless the bank adopts a continuous audit system in accordance with paragraph (b) of this section. The bank shall note the results of the audit (including significant actions taken as a result of the audit) in the minutes of the board of directors.
§ 9.10 Fiduciary funds awaiting investment or distribution.

(a) In general. With respect to a fiduciary account for which a national bank has investment discretion or discretion over distributions, the bank may not allow funds awaiting investment or distribution to remain uninvested and undistributed any longer than is reasonable for the proper management of the account and consistent with applicable law. With respect to a fiduciary account for which a national bank has investment discretion, the bank shall obtain for funds awaiting investment or distribution a rate of return that is consistent with applicable law.

The market value of the collateral set aside must at all times equal or exceed the amount of the uninsured fiduciary funds.

(ii) Securities that qualify as eligible for investment by national banks pursuant to 12 CFR part 1;

(iii) Readily marketable securities of the classes in which state banks, trust companies, or other corporations exercising fiduciary powers are permitted to invest fiduciary funds under applicable state law;

(iv) Surety bonds, to the extent they provide adequate security, unless prohibited by applicable law; and

(v) Any other assets that qualify under applicable state law as appropriate security for deposits of fiduciary funds.

(c) Affiliate deposits. A national bank, acting in its fiduciary capacity, may deposit funds of a fiduciary account that are awaiting investment or distribution with an affiliated insured depository institution, unless prohibited by applicable law. A national bank may set aside collateral as security for a deposit by or with an affiliate of fiduciary funds awaiting investment or distribution, unless prohibited by applicable law.

§ 9.18

12 CFR Ch. I (1–1–01 Edition)

fund may admit an account to or withdraw an account from a collective investment fund only if the bank has approved a request for or a notice of intention of taking that action on or before the valuation date on which the admission or withdrawal is based. No requests or notices may be canceled or countermanded after the valuation date.

(iii) Prior notice period for withdrawals from funds with assets not readily marketable. A bank administering a collective investment fund described in paragraph (a)(2) of this section that is invested primarily in real estate or other assets that are not readily marketable, may require a prior notice period, not to exceed one year, for withdrawals.

(iv) Method of distributions. A bank administering a collective investment fund shall make distributions to accounts withdrawing from the fund in cash, ratably in kind, a combination of cash and ratably in kind, or in any other manner consistent with applicable law in the state in which the bank maintains the fund.

(v) Segregation of investments. If an investment is withdrawn in kind from a collective investment fund for the benefit of all participants in the fund at the time of the withdrawal but the investment is not distributed ratably in kind, the bank shall segregate and administer it for the benefit ratably of all participants in the collective investment fund at the time of withdrawal.

(6) Audits and financial reports—(1) Annual audit. At least once during each 12-month period, a bank administering a collective investment fund shall arrange for an audit of the collective investment fund by auditors responsible only to the board of directors of the bank.

(ii) Financial report. At least once during each 12-month period, a bank administering a collective investment fund shall prepare a financial report of the fund based on the audit required by paragraph (b)(6)(i) of this section. The report must disclose the fund’s fees and expenses in a manner consistent with applicable law in the state in which the bank maintains the fund. This report must contain a list of investments in the fund showing the cost and current market value of each investment, and a statement covering the period after the previous report showing the following (organized by type of investment):

(A) A summary of purchases (with costs);

(B) A summary of sales (with profit or loss and any other investment changes);

(C) Income and disbursements; and

(D) An appropriate notation of any investments in default.

(iii) Limitation on representations. A bank may include in the financial report a description of the fund’s value on previous dates, as well as its income and disbursements during previous accounting periods. A bank may not publish in the financial report any predictions or representations as to future performance. In addition, with respect to funds described in paragraph (a)(1) of this section, a bank may not publish the performance of individual funds other than those administered by the bank or its affiliates.

(iv) Availability of the report. A bank administering a collective investment fund shall provide a copy of the financial report, or shall provide notice that a copy of the report is available upon request without charge, to each person who ordinarily would receive a regular periodic accounting with respect to each participating account. The bank may provide a copy of the financial report to prospective customers. In addition, the bank shall provide a copy of the report upon request to any person for a reasonable charge.

(7) Advertising restriction. A bank may not advertise or publicize any fund authorized under paragraph (a)(1) of this section, except in connection with the advertisement of the general fiduciary services of the bank.

(8) Self-dealing and conflicts of interest. A national bank administering a collective investment fund must comply
with the following (in addition to § 9.12):

(i) Bank interests. A bank administering a collective investment fund may not have an interest in that fund other than in its fiduciary capacity. If, because of a creditor relationship or otherwise, the bank acquires an interest in a participating account, the participating account must be withdrawn on the next withdrawal date. However, a bank may invest assets that it holds as fiduciary for its own employees in a collective investment fund.

(ii) Loans to participating accounts. A bank administering a collective investment fund may not make any loan on the security of a participant’s interest in the fund. An unsecured advance to a fiduciary account participating in the fund until the time of the next valuation date does not constitute the acquisition of an interest in a participating account by the bank.

(iii) Purchase of defaulted investments. A bank administering a collective investment fund may purchase for its own account any defaulted investment held by the fund (in lieu of segregating the investment in accordance with paragraph (b)(5)(v) of this section) if, in the judgment of the bank, the cost of segregating the investment is excessive in light of the market value of the investment. If a bank elects to purchase a defaulted investment, it shall do so at the greater of market value or the sum of cost and accrued unpaid interest.

(9) Management fees. A bank administering a collective investment fund may charge a reasonable fund management fee only if:

(i) The fee is permitted under applicable law (and complies with fee disclosure requirements, if any) in the state in which the bank maintains the fund; and

(ii) The amount of the fee does not exceed an amount commensurate with the value of legitimate services of tangible benefit to the participating fiduciary accounts that would not have been provided to the accounts were they not invested in the fund.

(10) Expenses. A bank administering a collective investment fund may charge reasonable expenses incurred in operating the collective investment fund, to the extent not prohibited by applicable law in the state in which the bank maintains the fund. However, a bank shall absorb the expenses of establishing or reorganizing a collective investment fund.

(11) Prohibition against certificates. A bank administering a collective investment fund may not issue any certificate or other document representing a direct or indirect interest in the fund, except to provide a withdrawing account with an interest in a segregated investment.

(12) Good faith mistakes. The OCC will not deem a bank’s mistake made in good faith and in the exercise of due care in connection with the administration of a collective investment fund to be a violation of this part if, promptly after the discovery of the mistake, the bank takes whatever action is practicable under the circumstances to remedy the mistake.

(c) Other collective investments. In addition to the collective investment funds authorized under paragraph (a) of this section, a national bank may collectively invest assets that it holds as fiduciary, to the extent not prohibited by applicable law, as follows:

(1) Single loans or obligations. In the following loans or obligations, if the bank’s only interest in the loans or obligations is its capacity as fiduciary:

(i) A single real estate loan, a direct obligation of the United States, or an obligation fully guaranteed by the United States, or a single fixed amount security, obligation, or other property, either real, personal, or mixed, of a single issuer; or

(ii) A variable amount note of a borrower of prime credit, if the bank uses the note solely for investment of funds held in its fiduciary accounts.

(2) Mini-funds. In a fund maintained by the bank for the collective investment of cash balances received or held by a bank in its capacity as trustee, executor, administrator, guardian, or custodian under a uniform gifts to minors act, that the bank considers too small to be invested separately to advantage. The total assets in the fund must not exceed $1,000,000 and the number of participating accounts must not exceed 100.
§ 9.20 Transfer agents.

References to the “Commission” are deemed to refer to the “OCC.”

(b) The rules adopted by the SEC pursuant to section 17A of the Securities Exchange Act of 1934 prescribing operational and reporting requirements for transfer agents (17 CFR 240.17Ac2–2, and 240.17Ad–1 through 240.17Ad–16) apply to the domestic activities of national bank transfer agents.

§ 9.100 Acting as indenture trustee and creditor.

With respect to a debt securities issuance, a national bank may act both as indenture trustee and as creditor until 90 days after default, if the bank maintains adequate controls to manage the potential conflicts of interest.

§ 9.101 Providing investment advice for a fee.

(a) In general. The term “fiduciary capacity” at § 9.2(e) is defined to include “investment adviser, if the bank receives a fee for its investment advice.” In other words, if a bank is providing investment advice for a fee, then it is acting in a fiduciary capacity. For purposes of that definition, “investment adviser” generally means a national bank that provides advice or recommendations concerning the purchase or sale of specific securities, such as a national bank engaged in portfolio advisory and management activities (including acting as investment adviser to a mutual fund). Additionally, the qualifying phrase “if the bank receives a fee for its investment advice” excludes those activities in which the investment advice is merely incidental to other services.

(b) Specific activities—(1) Full-service brokerage. Engaging in full-service brokerage may entail providing investment advice for a fee, depending upon the commission structure and specific facts. Full-service brokerage involves investment advice for a fee if a non-bank broker engaged in that activity is considered an investment adviser under the Investment Advisers Act of 1940 (15 U.S.C. 80b–1 et seq.).

(2) Activities not involving investment advice for a fee. The following activities generally do not entail providing investment advice for a fee:

(i) Financial advisory and counseling activities, including strategic planning of a financial nature, merger and acquisition advisory services, advisory and structuring services related to project finance transactions, and providing market economic information to customers in general;

(ii) Client-directed investment activities (i.e., the bank has no investment...
discretion) where investment advice and research may be made available to the client, but the fee does not depend on the provision of investment advice;

(iii) Investment advisory activities incidental to acting as a municipal securities dealer;

(iv) Real estate management services provided to other financial institutions;

(v) Real estate consulting services, including acting as a finder in locating, analyzing, and making recommendations regarding the purchase of property, and making recommendations concerning the sale of property;

(vi) Advisory activities concerning bridge loans;

(vii) Advisory activities for homeowners’ associations;

(viii) Advisory activities concerning tax planning and structuring; and

(ix) Investment advisory activities authorized by the OCC under 12 U.S.C. 24(Seventh) as incidental to the business of banking.

(i) Transmit orders to or place orders with registered broker/dealers;

(ii) Execute transactions in securities for customers; or

(iii) Process orders for notification or settlement purposes, or perform other back office functions with respect to securities transactions effected for customers. Policies and procedures for personnel described in this paragraph (a)(1)(iii) must provide for supervision and reporting lines that are separate from supervision and reporting lines for personnel described in paragraphs (a)(1) (i) and (ii) of this section;

(2) Provide for the fair and equitable allocation of securities and prices to accounts when the bank receives orders for the same security at approximately the same time and places the orders for execution either individually or in combination;

(3) Provide for the crossing of buy and sell orders on a fair and equitable basis to the parties to the transaction, where permissible under applicable law; and

(4) Require bank officers and employees to report to the bank, within ten business days after the end of the calendar quarter, all personal transactions in securities made by them or
on their behalf in which they have a beneficial interest, if the officers and employees:

(i) Make investment recommendations or decisions for the accounts of customers;

(ii) Participate in the determination of the recommendations or decisions; or

(iii) In connection with their duties, obtain information concerning which securities are purchased, sold, or recommended for purchase or sale by the bank.

(b) Required information. The report required under paragraph (a)(4) of this section must contain the following information:

(1) The date of the transaction, the title and number of shares, and the principal amount of each security involved;

(2) The nature of the transaction (i.e. purchase, sale, or other type of acquisition or disposition);

(3) The price at which the transaction was effected; and

(4) The name of the registered broker, registered dealer, or bank with or through whom the transaction was effected.

(c) Report not required. This section does not require a bank officer or employee to report transactions if:

(1) The officer or employee has no direct or indirect influence or control over the transaction;

(2) The transaction is in mutual fund shares;

(3) The transaction is in government securities; or

(4) The transactions involve an aggregate amount of purchases and sales per officer or employee of $10,000 or less during the calendar quarter.

(d) Additional reporting requirement. A national bank that acts as an investment adviser to an investment company is subject to the requirements of Securities and Exchange Commission (SEC) Rule 17j–1 (17 CFR 270.17j–1) issued under the Investment Company Act of 1940. SEC Rule 17j–1 requires an “access person” of the investment adviser to report certain personal securities transactions to the investment adviser for review by the Securities and Exchange Commission. “Access person” includes directors, officers, and certain employees of the investment adviser. The reporting requirement under paragraph (a)(4) of this section is a separate requirement from any applicable requirements under SEC Rule 17j–1. However, an “access person” required to file a report with a national bank pursuant to SEC Rule 17j–1 need not file a separate report under paragraph (a)(4) of this section if the required information is the same.

§ 12.9 Settlement of securities transactions.

(a) A national bank shall not effect or enter into a contract for the purchase or sale of a security (other than an exempted security as defined in 15 U.S.C. 78c(a)(12), government security, municipal security, commercial paper, bankers’ acceptances, or commercial bills) that provides for payment of funds and delivery of securities later than the third business day after the date of the contract, unless otherwise expressly agreed to by the parties at the time of the transaction.

(b) Paragraphs (a) and (c) of this section do not apply to contracts:

(1) For the purchase or sale of limited partnership interests that are not listed on an exchange or for which quotations are not disseminated through an automated quotation system of a registered securities association;

(2) For the purchase or sale of securities that the Securities and Exchange Commission (SEC) may from time to time, taking into account then existing market practices, exempt by order from the requirements of paragraph (a) of SEC Rule 15c6–1, 17 CFR 240.15c6–1(a), either unconditionally or on specified terms and conditions, if the SEC
§ 12.101  National bank disclosure of remuneration for mutual fund transactions.

A national bank may fulfill its obligation to disclose information on the source and amount of remuneration, required by §12.4, for mutual fund transactions by providing this information to the customer in a current prospectus, at or before completion of the securities transaction. The OCC’s view is consistent with the position of the Securities and Exchange Commission (SEC) as provided in a no-action letter dated March 19, 1979, which permits confirmations for mutual funds to refer to the sales load disclosed in the prospectus. See Letter to the Investment Company Institute, reprinted in [1979 Transfer Binder] Fed. Sec. L. Rep. (CCH) 82041 (Mar. 19, 1979). The OCC would reconsider its position upon any change in the SEC’s practice.

§ 12.102 National bank use of electronic communications as customer notifications.

(a) In appropriate situations, a national bank may satisfy the “written” notification requirement under §§12.4 and 12.5 through electronic communications. Where a customer has a facsimile machine, a national bank may fulfill its notification delivery requirement by sending the notification by facsimile transmission. Similarly, a bank may satisfy the notification delivery requirement by other electronic communications when:

1. The parties agree to use electronic instead of hard-copy notifications;
2. The parties have the ability to print or download the notification;
3. The recipient affirms or rejects the trade through electronic notification;
4. The system cannot automatically delete the electronic notification; and
5. Both parties have the capacity to receive electronic messages.

(b) The OCC would consider the permissibility of other situations using electronic notifications on a case-by-case basis.

PART 13—GOVERNMENT SECURITIES SALES PRACTICES

Sec.
13.1 Scope.
13.2 Definitions.
13.3 Business conduct.
13.4 Recommendations to customers.
13.5 Customer information.

INTERPRETATIONS

13.100 Obligations concerning institutional customers.

SOURCE: 62 FR 13320, Mar. 19, 1997, unless otherwise noted.
§ 13.1 Scope.
This part applies to national banks that have filed notice as, or are required to file notice as, government securities brokers or dealers pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o–5) and Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401).

§ 13.2 Definitions.
(a) Bank that is a government securities broker or dealer means a national bank that has filed notice, or is required to file notice, as a government securities broker or dealer pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o–5) and Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401).

(b) Customer does not include a broker or dealer or a government securities broker or dealer.

(c) Government security has the same meaning as this term has in section 3(a)(42) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(42)).

(d) Non-institutional customer means any customer other than:
(1) A bank, savings association, insurance company, or registered investment company;

(2) An investment adviser registered under section 203 of the Investment Advisers Act of 1940 (15 U.S.C. 80b–3); or

(3) Any entity (whether a natural person, corporation, partnership, trust, or otherwise) with total assets of at least $50 million.

§ 13.3 Business conduct.
A bank that is a government securities broker or dealer shall observe high standards of commercial honor and just and equitable principles of trade in the conduct of its business as a government securities broker or dealer.

§ 13.4 Recommendations to customers.
In recommending to a customer the purchase, sale or exchange of a government security, a bank that is a government securities broker or dealer shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer's other security holdings and as to the customer's financial situation and needs.

§ 13.5 Customer information.
Prior to the execution of a transaction recommended to a non-institutional customer, a bank that is a government securities broker or dealer shall make reasonable efforts to obtain information concerning:
(a) The customer's financial status;
(b) The customer's tax status;
(c) The customer's investment objectives; and
(d) Such other information used or considered to be reasonable by the bank in making recommendations to the customer.

INTERPRETATIONS
§ 13.100 Obligations concerning institutional customers.
(a) As a result of broadened authority provided by the Government Securities Act Amendments of 1993 (15 U.S.C. 78o–3 and 78o–5), the OCC is adopting sales practice rules for the government securities market, a market with a particularly broad institutional component. Accordingly, the OCC believes it is appropriate to provide further guidance to banks on their suitability obligations when making recommendations to institutional customers.

(b) The OCC's suitability rule (§13.4) is fundamental to fair dealing and is intended to promote ethical sales practices and high standards of professional conduct. Banks' responsibilities include having a reasonable basis for recommending a particular security or strategy, as well as having reasonable grounds for believing the recommendation is suitable for the customer to whom it is made. Banks are expected to meet the same high standards of competence, professionalism, and good faith regardless of the financial circumstances of the customer.

(c) In recommending to a customer the purchase, sale, or exchange of any government security, the bank shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer's other security
§ 13.100 12 CFR Ch. I (1–1–01 Edition)

holdings and financial situation and needs.

(d) The interpretation in this section concerns only the manner in which a bank determines that a recommendation is suitable for a particular institutional customer. The manner in which a bank fulfills this suitability obligation will vary, depending on the nature of the customer and the specific transaction. Accordingly, the interpretation in this section deals only with guidance regarding how a bank may fulfill customer-specific suitability obligations under §13.4.1

(e) While it is difficult to define in advance the scope of a bank’s suitability obligation with respect to a specific institutional customer transaction recommended by a bank, the OCC has identified certain factors that may be relevant when considering compliance with §13.4. These factors are not intended to be requirements or the only factors to be considered but are offered merely as guidance in determining the scope of a bank’s suitability obligations.

(f) The two most important considerations in determining the scope of a bank’s suitability obligations in making recommendations to an institutional customer are the customer’s capability to evaluate investment risk independently and the extent to which the customer is exercising independent judgement in evaluating a bank’s recommendation. A bank must determine, based on the information available to it, the customer’s capability to evaluate investment risk. In some cases, the bank may conclude that the customer is not capable of making independent investment decisions in general. In other cases, the institutional customer may have general capability, but may not be able to understand a particular type of instrument or its risk. This is more likely to arise with relatively new types of instruments, or those with significantly different risk or volatility characteristics than other investments generally made by the institution. If a customer is either generally not capable of evaluating investment risk or lacks sufficient capability to evaluate the particular product, the scope of a bank’s customer-specific obligations under §13.4 would not be diminished by the fact that the bank was dealing with an institutional customer. On the other hand, the fact that a customer initially needed help understanding a potential investment need not necessarily imply that the customer did not ultimately develop an understanding and make an independent investment decision.

(g) A bank may conclude that a customer is exercising independent judgement if the customer’s investment decision will be based on its own independent assessment of the opportunities and risks presented by a potential investment, market factors and other investment considerations. Where the bank has reasonable grounds for concluding that the institutional customer is making independent investment decisions and is capable of independently evaluating investment risk, then a bank’s obligations under §13.4 for a particular customer are fulfilled.2 Where a customer has delegated decision-making authority to an agent, such as an investment advisor or a bank trust department, the interpretation in this section shall be applied to the agent.

(h) A determination of capability to evaluate investment risk independently will depend on an examination of the customer’s capability to make its own investment decisions, including the resources available to the customer to make informed decisions. Relevant considerations could include:

1 The interpretation in this section does not address the obligation related to suitability that requires that a bank have "a 'reasonable basis' to believe that the recommendation could be suitable for at least some customers." In the Matter of the Application of F.J. Kaufman and Company of Virginia and Frederick J. Kaufman, Jr., 50 SEC 164 (1989).

2 See footnote 1 in paragraph (d) of this section.
(3) The customer's ability to understand the economic features of the security involved;
(4) The customer's ability to independently evaluate how market developments would affect the security; and
(5) The complexity of the security or securities involved.

(i) A determination that a customer is making independent investment decisions will depend on the nature of the relationship that exists between the bank and the customer.

Relevant considerations could include:
(1) Any written or oral understanding that exists between the bank and the customer regarding the nature of the relationship between the bank and the customer and the services to be rendered by the bank;
(2) The presence or absence of a pattern of acceptance of the bank's recommendations;
(3) The use by the customer of ideas, suggestions, market views and information obtained from other government securities brokers or dealers or market professionals, particularly those relating to the same type of securities; and
(4) The extent to which the bank has received from the customer current comprehensive portfolio information in connection with discussing recommended transactions or has not been provided important information regarding its portfolio or investment objectives.

(j) Banks are reminded that these factors are merely guidelines that will be utilized to determine whether a bank has fulfilled its suitability obligation with respect to a specific institutional customer transaction and that the inclusion or absence of any of these factors is not dispositive of the determination of suitability. Such a determination can only be made on a case-by-case basis taking into consideration all the facts and circumstances of a particular bank/customer relationship, assessed in the context of a particular transaction.

(k) For purposes of the interpretation in this section, an institutional customer shall be any entity other than a natural person. In determining the applicability of the interpretation in this section to an institutional customer, the OCC will consider the dollar value of the securities that the institutional customer has in its portfolio and/or under management. While the interpretation in this section is potentially applicable to any institutional customer, the guidance contained in this section is more appropriately applied to an institutional customer with at least $10 million invested in securities in the aggregate in its portfolio and/or under management.

SOURCE: 65 FR 75839, Dec. 4, 2000, unless otherwise noted.

EFFECTIVE DATE NOTE: At 65 FR 75839, Dec. 4, 2000, part 14 was added, effective April 1, 2001.

§14.10 Purpose and scope.

(a) General rule. This part establishes consumer protections in connection with retail sales practices, solicitations, advertising, or offers of any insurance product or annuity to a consumer by:

(1) Any national bank;
(2) Any other person that is engaged in such activities at an office of the bank or on behalf of the bank.

(b) Application to operating subsidiaries. For purposes of §5.34(e)(3) of this chapter, an operating subsidiary is subject to this part only to the extent that it sells, solicits, advertises, or offers insurance products or annuities at an office of a bank or on behalf of a bank.

§14.20 Definitions.

As used in this part:

(a) Affiliate means a company that controls, is controlled by, or is under
§ 14.30 Prohibited practices.

(a) **Anticoercion and antitying rules.** A covered person may not engage in any practice that would lead a consumer to believe that an extension of credit, in violation of section 106(b) of the Bank Holding Company Act Amendments of 1970 (12 U.S.C. 1972), is conditional upon either:

(1) The purchase of an insurance product or annuity from the bank or any of its affiliates; or

(2) An agreement by the consumer not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(b) **Bank** means a national bank or a Federal branch, or agency of a foreign bank as defined in section 1 of the International Banking Act of 1978 (12 U.S.C. 3101, et seq.).

(c) **Company** means any corporation, partnership, business trust, association or similar organization, or any other trust (unless by its terms the trust must terminate within twenty-five years or not later than twenty-one years and ten months after the death of individuals living on the effective date of the trust). It does not include any corporation the majority of the shares of which are owned by the United States or by any State, or a qualified family partnership, as defined in section 2(o)(10) of the Bank Holding Company Act of 1956, as amended (12 U.S.C. 1841(o)(10)).

(d) **Consumer** means an individual who purchases, applies to purchase, or is solicited to purchase from a covered person insurance products or annuities primarily for personal, family, or household purposes.

(e) **Control** of a company has the same meaning as in section 3(w)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1813(w)(5)).

(f)(1) **Covered person** means:

(i) A bank; or

(ii) Any other person only when the person sells, solicits, advertises, or offers an insurance product or annuity to a consumer at an office of the bank or on behalf of a bank.

(2) For purposes of this definition, activities on behalf of a bank include activities where a person, whether at an office of the bank or at another location sells, solicits, advertises, or offers an insurance product or annuity and at least one of the following applies:

(i) The person represents to a consumer that the sale, solicitation, advertisement, or offer of any insurance product or annuity is by or on behalf of the bank;

(ii) The bank refers a consumer to a seller of insurance products or annuities and the bank has a contractual arrangement to receive commissions or fees derived from a sale of an insurance product or annuity resulting from that referral; or

(iii) Documents evidencing the sale, solicitation, advertising, or offer of an insurance product or annuity identify or refer to the bank.

(g) **Domestic violence** means the occurrence of one or more of the following acts by a current or former family member, household member, intimate partner, or caretaker:

(1) Attempting to cause or causing or threatening another person physical harm, severe emotional distress, psychological trauma, rape, or sexual assault;

(2) Engaging in a course of conduct or repeatedly committing acts toward another person, including following the person without proper authority, under circumstances that place the person in reasonable fear of bodily injury or physical harm;

(3) Subjecting another person to false imprisonment; or

(4) Attempting to cause or causing damage to property so as to intimidate or attempt to control the behavior of another person.

(h) **Electronic media** includes any means for transmitting messages electronically between a covered person and a consumer in a format that allows visual text to be displayed on equipment, for example, a personal computer monitor.

(i) **Office** means the premises of a bank where retail deposits are accepted from the public.

(j) **Subsidiary** has the same meaning as in section 3(w)(4) of the Federal Deposit Insurance Act (12 U.S.C. 1813(w)(4)).

§ 14.30 Prohibited practices.

(a) **Anticoercion and antitying rules.** A covered person may not engage in any practice that would lead a consumer to believe that an extension of credit, in violation of section 106(b) of the Bank Holding Company Act Amendments of 1970 (12 U.S.C. 1972), is conditional upon either:

(1) The purchase of an insurance product or annuity from the bank or any of its affiliates; or

(2) An agreement by the consumer not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.
§ 14.40 What a covered person must disclose.

(a) Insurance disclosures. In connection with the initial purchase of an insurance product or annuity by a consumer from a covered person, a covered person must disclose to the consumer, except to the extent the disclosure would not be accurate, that:

1. The insurance product or annuity is not a deposit or other obligation of, or guaranteed by, the bank or an affiliate of the bank;

2. The insurance product or annuity is not insured by the Federal Deposit Insurance Corporation (FDIC) or any other agency of the United States, the bank, or (if applicable) an affiliate of the bank; and

3. In the case of an insurance product or annuity that involves an investment risk, there is investment risk associated with the product, including the possible loss of value.

(b) Credit disclosure. In the case of an application for credit in connection with which an insurance product or annuity is solicited, offered, or sold, a covered person must disclose that the bank may not condition an extension of credit on either:

1. The consumer’s purchase of an insurance product or annuity from the bank or any of its affiliates; or

2. The consumer’s agreement not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(c) Timing and method of disclosures—

1. In general. The disclosures required by paragraph (a) of this section must be provided orally and in writing before the completion of the initial sale of an insurance product or annuity to a consumer. The disclosure required by paragraph (b) of this section must be made orally and in writing at the time the consumer applies for an extension of credit in connection with which an insurance product or annuity is solicited, offered, or sold.

2. Exception for transactions by mail. If a sale of an insurance product or annuity is conducted by mail, a covered person is not required to make the oral disclosures required by paragraph (a) of this section. If a covered person takes an application for credit by mail, the covered person is not required to make the oral disclosure required by paragraph (b).

3. Exception for transactions by telephone. If a sale of an insurance product or annuity is conducted by telephone, a
covered person may provide the written disclosures required by paragraph (a) of this section by mail within 3 business days beginning on the first business day after the sale, excluding Sundays and the legal public holidays specified in 5 U.S.C. 6103(a). If a covered person takes an application for credit by telephone, the covered person may provide the written disclosure required by paragraph (b) of this section by mail, provided the covered person mails it to the consumer within three days beginning the first business day after the application is taken, excluding Sundays and the legal public holidays specified in 5 U.S.C. 6103(a).

(4) Electronic form of disclosures. (i) Subject to the requirements of section 101(c) of the Electronic Signatures in Global and National Commerce Act (12 U.S.C. 7001(c)), a covered person may provide the written disclosures required by paragraph (a) and (b) of this section through electronic media instead of on paper, if the consumer affirmatively consents to receiving the disclosures electronically and if the disclosures are provided in a format that the consumer may retain or obtain later, for example, by printing or storing electronically (such as by downloading).

(ii) Any disclosures required by paragraphs (a) or (b) of this section that are provided by electronic media are not required to be provided orally.

(5) Disclosures must be readily understandable. The disclosures provided shall be conspicuous, simple, direct, readily understandable, and designed to call attention to the nature and significance of the information provided. For instance, a covered person may use the following disclosures in visual media, such as television broadcasting, ATM screens, billboards, signs, posters and written advertisements and promotional materials, as appropriate and consistent with paragraphs (a) and (b) of this section:

- **NOT A DEPOSIT**
- **NOT FDIC-INSURED**
- **NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY**
- **NOT GUARANTEED BY THE BANK [OR SAVINGS ASSOCIATION]**
- **MAY GO DOWN IN VALUE**

(6) Disclosures must be meaningful. (i) A covered person must provide the disclosures required by paragraphs (a) and (b) of this section in a meaningful form. Examples of the types of methods that could call attention to the nature and significance of the information provided include:

- (A) A plain-language heading to call attention to the disclosures;
- (B) A typeface and type size that are easy to read;
- (C) Wide margins and ample line spacing;
- (D) Boldface or italics for key words; and
- (E) Distinctive type style, and graphic devices, such as shading or sidebars, when the disclosures are combined with other information.

(ii) A covered person has not provided the disclosures in a meaningful form if the covered person merely states to the consumer that the required disclosures are available in printed material, but does not provide the printed material when required and does not orally disclose the information to the consumer when required.

(iii) With respect to those disclosures made through electronic media for which paper or oral disclosures are not required, the disclosures are not meaningfully provided if the consumer may bypass the visual text of the disclosures before purchasing an insurance product or annuity.

(7) Consumer acknowledgment. A covered person must obtain from the consumer, at the time a consumer receives the disclosures required under paragraphs (a) or (b) of this section, or at the time of the initial purchase by the consumer of an insurance product or annuity, a written acknowledgment by the consumer that the consumer received the disclosures. A covered person may permit a consumer to acknowledge receipt of the disclosures electronically or in paper form. If the disclosures required under paragraphs (a) or (b) of this section are provided in connection with a transaction that is conducted by telephone, a covered person must:

(i) Obtain an oral acknowledgment of receipt of the disclosures and maintain sufficient documentation to show that the acknowledgment was given; and
(i) Make reasonable efforts to obtain a written acknowledgment from the consumer.
(d) Advertisements and other promotional material for insurance products or annuities. The disclosures described in paragraph (a) of this section are required in advertisements and promotional material for insurance products or annuities unless the advertisements and promotional materials are of a general nature describing or listing the services or products offered by the bank.

§ 14.50 Where insurance activities may take place.
(a) General rule. A bank must, to the extent practicable, keep the area where the bank conducts transactions involving insurance products or annuities physically segregated from areas where retail deposits are routinely accepted from the general public, identify the areas where insurance product or annuity sales activities occur, and clearly delineate and distinguish those areas from the areas where the bank’s retail deposit-taking activities occur.
(b) Referrals. Any person who accepts deposits from the public in an area where such transactions are routinely conducted in the bank may refer a consumer who seeks to purchase an insurance product or annuity to a qualified person who sells that product only if the person making the referral receives no more than a one-time, nominal fee of a fixed dollar amount for each referral that does not depend on whether the referral results in a transaction.

§ 14.60 Qualification and licensing requirements for insurance sales personnel.
A bank may not permit any person to sell or offer for sale any insurance product or annuity in any part of its office or on its behalf, unless the person is at all times appropriately qualified and licensed under applicable State insurance licensing standards with regard to the specific products being sold or recommended.

(a) General requirement. Every filing or submission of record following the issuance of a notice shall be signed by at least one counsel of record in his or her individual name and shall state that counsel’s address and telephone number. A party who acts as his or her own counsel shall sign his or her individual name and state his or her address and telephone number on every filing or submission of record.

(b) Effect of signature. (1) The signature of counsel or a party shall constitute a certification that: the counsel or party has read the filing or submission of record; to the best of his or her knowledge, information, and belief formed after reasonable inquiry, the filing or submission of record is well-grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and the filing or submission of record is not made for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

(2) If a filing or submission of record is not signed, the administrative law judge shall strike the filing or submission of record, unless it is signed promptly after the omission is called to the attention of the pleader or movant.

(c) Effect of making oral motion or argument. The act of making any oral motion or oral argument by any counsel or party constitutes a certification that to the best of his or her knowledge, information, and belief formed after reasonable inquiry, his or her statements are well-grounded in fact and are warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law, and are not made for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

§ 19.8 Conflicts of interest.

(a) Conflict of interest in representation. No person shall appear as counsel for another person in an adjudicatory proceeding if it reasonably appears that such representation may be materially limited by that counsel’s responsibilities to a third person or by the counsel’s own interests. The administrative law judge may take corrective measures at any stage of a proceeding to cure a conflict of interest in representation, including the issuance of an order limiting the scope of representation or disqualifying an individual from appearing in a representative capacity for the duration of the proceeding.

(b) Certification and waiver. If any person appearing as counsel represents two or more parties to an adjudicatory proceeding or also represents a non-party on a matter relevant to an issue in the proceeding, counsel must certify in writing at the time of filing the notice of appearance required by §19.6(a):

(1) That the counsel has personally and fully discussed the possibility of conflicts of interest with each such party and non-party; and

(2) That each such party and non-party waives any right it might otherwise have had to assert any known conflicts of interest or to assert any non-
material conflicts of interest during the course of the proceeding.

§ 19.9 Ex parte communications.

(a) Definition—(1) Ex parte communication means any material oral or written communication relevant to the merits of an adjudicatory proceeding that was neither on the record nor on reasonable prior notice to all parties that takes place between:
   (i) An interested person outside the OCC (including such person’s counsel); and
   (ii) The administrative law judge handling that proceeding, the Comptroller, or a decisional employee.

(2) Exception. A request for status of the proceeding does not constitute an ex parte communication.

(b) Prohibition of ex parte communications. From the time the notice is issued by the Comptroller until the date that the Comptroller issues his or her final decision pursuant to § 19.40(c):
   (1) No interested person outside the OCC shall make or knowingly cause to be made an ex parte communication to the Comptroller, the administrative law judge, or a decisional employee; and
   (2) The Comptroller, administrative law judge, or decisional employee shall not make or knowingly cause to be made to any interested person outside the OCC any ex parte communication.

(c) Procedure upon occurrence of ex parte communication. If an ex parte communication is received by the administrative law judge, the Comptroller or any other person identified in paragraph (a) of this section, that person shall cause all such written communications (or, if the communication is oral, a memorandum stating the substance of the communication) to be placed on the record of the proceeding and served on all parties. All other parties to the proceeding shall have an opportunity, within ten days of receipt of service of the ex parte communication, to file responses thereto and to recommend any sanctions, in accordance with paragraph (d) of this section, that they believe to be appropriate under the circumstances.

(d) Sanctions. Any party or his or her counsel who makes a prohibited ex parte communication, or who encourages or solicits another to make any such communication, may be subject to any appropriate sanction or sanctions imposed by the Comptroller or the administrative law judge including, but not limited to, exclusion from the proceedings and an adverse ruling on the issue which is the subject of the prohibited communication.

(e) Separation of functions. Except to the extent required for the disposition of ex parte matters as authorized by law, the administrative law judge may not consult a person or party on any matter relevant to the merits of the adjudication, unless on notice and opportunity for all parties to participate. An employee or agent engaged in the performance of investigative or prosecuting functions for the OCC in a case may not, in that or a factually related case, participate or advise in the decision, recommended decision, or agency review of the recommended decision under § 19.40, except as witness or counsel in public proceedings.

§ 19.10 Filing of papers.

(a) Filing. Any papers required to be filed, excluding documents produced in response to a discovery request pursuant to §§ 19.25 and 19.26, shall be filed with OFIA, except as otherwise provided.

(b) Manner of filing. Unless otherwise specified by the Comptroller or the administrative law judge, filing may be accomplished by:
   (1) Personal service;
   (2) Delivering the papers to a reliable commercial courier service, overnight delivery service, or to the U.S. Post Office for Express Mail delivery;
   (3) Mailing the papers by first class, registered, or certified mail; or
   (4) Transmission by electronic media, only if expressly authorized, and upon any conditions specified, by the Comptroller or the administrative law judge. All papers filed by electronic media shall also concurrently be filed in accordance with paragraph (c) of this section.
§ 19.11 Service of papers.

(a) By the parties. Except as otherwise provided, a party filing papers shall serve a copy upon the counsel of record for all other parties to the proceeding so represented, and upon any party not so represented.

(b) Method of service. Except as provided in paragraphs (c)(2) and (d) of this section, a serving party shall use one or more of the following methods of service:

(1) Personal service;
(2) Delivering the papers to a reliable commercial courier service, overnight delivery service, or to the U.S. Post Office for Express Mail delivery;
(3) Mailing the papers by first class, registered, or certified mail; or
(4) Transmission by electronic media, only if the parties mutually agree. Any papers served by electronic media shall also concurrently be served in accordance with the requirements of §19.10(c).

(c) By the Comptroller or the administrative law judge. (1) All papers required to be served by the Comptroller or the administrative law judge upon a party who has appeared in the proceeding in accordance with §19.6 shall be served by any means specified in paragraph (b) of this section.

(2) If a party has not appeared in the proceeding in accordance with §19.6, the Comptroller or the administrative law judge shall make service by any of the following methods:

(i) By personal service;
(ii) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;
(iii) If the person to be served is a corporation or other association, by delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;
(iv) By registered or certified mail addressed to the person’s last known address; or
(v) By any other method reasonably calculated to give actual notice.

(d) Subpoenas. Service of a subpoena may be made:

(1) By personal service;
(2) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;
(3) By delivery to an agent, which, in the case of a corporation or other association, is delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;
(4) By registered or certified mail addressed to the person’s last known address; or
(5) By any other method reasonably calculated to give actual notice.

(e) Area of service. Service in any state, territory, possession of the United States, or the District of Columbia, or on any person as otherwise provided by law, is effective without regard to the place where the hearing is held, provided that if service is made on a foreign bank in
connection with an action or proceeding involving one or more of its branches or agencies located in any state, territory, possession of the United States, or the District of Columbia, service shall be made on at least one branch or agency so involved. [56 FR 38028, Aug. 9, 1991, as amended at 61 FR 20334, May 6, 1996]

§ 19.12 Construction of time limits.

(a) General rule. In computing any period of time prescribed by this subpart, the date of the act or event that commences the designated period of time is not included. The last day so computed is included unless it is a Saturday, Sunday, or Federal holiday. When the last day is a Saturday, Sunday, or Federal holiday, the period runs until the end of the next day that is not a Saturday, Sunday, or Federal holiday. Intermediate Saturdays, Sundays, and Federal holidays are included in the computation of time. However, when the time period within which an act is to be performed is ten days or less, including any additional time allowed for in paragraph (c) of this section, intermediate Saturdays, Sundays, and Federal holidays are not included.

(b) When papers are deemed to be filed or served. (1) Filing and service are deemed to be effective:

(i) In the case of personal service or same day commercial courier delivery, upon actual service;

(ii) In the case of overnight commercial delivery service, U.S. Express Mail delivery, or first class, registered, or certified mail, upon deposit in or delivery to an appropriate point of collection;

(iii) In the case of transmission by electronic media, as specified by the authority receiving the filing, in the case of filing, and as agreed among the parties, in the case of service.

(2) The effective filing and service dates specified in paragraph (b)(1) of this section may be modified by the Comptroller or administrative law judge in the case of filing, or by agreement among the parties in the case of service.

§ 19.13 Change of time limits.

Except as otherwise provided by law, the administrative law judge may, for good cause shown, extend the time limits prescribed by the Uniform Rules or by any notice or order issued in the proceedings. After the referral of the case to the Comptroller pursuant to §19.38, the Comptroller may grant extensions of the time limits for good cause shown. Extensions may be granted at the motion of a party after notice and opportunity to respond is afforded all non-moving parties or on the Comptroller’s or the administrative law judge’s own motion.

§ 19.14 Witness fees and expenses.

Witnesses subpoenaed for testimony or depositions shall be paid the same fees for attendance and mileage as are paid in the United States district courts in proceedings in which the United States is a party, provided that, in the case of a discovery subpoena addressed to a party, no witness fees or mileage need be paid. Fees for witnesses shall be tendered in advance by the party requesting the subpoena, except that fees and mileage need not be tendered in advance where the OCC is the party requesting the subpoena. The OCC shall not be required to pay any fees or expenses of, any witness not subpoenaed by the OCC.
§ 19.15 Opportunity for informal settlement.

Any respondent may, at any time in the proceeding, unilaterally submit to Enforcement Counsel written offers or proposals for settlement of a proceeding, without prejudice to the rights of any of the parties. No such offer or proposal shall be made to any OCC representative other than Enforcement Counsel. Submission of a written settlement offer does not provide a basis for adjourning or otherwise delaying all or any portion of a proceeding under this part. No settlement offer or proposal, or any subsequent negotiation or resolution, is admissible as evidence in any proceeding.

§ 19.16 OCC’s right to conduct examination.

Nothing contained in this subpart limits in any manner the right of the OCC to conduct any examination, inspection, or visitation of any institution or institution-affiliated party, or the right of the OCC to conduct or continue any form of investigation authorized by law.

§ 19.17 Collateral attacks on adjudicatory proceeding.

If an interlocutory appeal or collateral attack is brought in any court concerning all or any part of an adjudicatory proceeding, the challenged adjudicatory proceeding shall continue without regard to the pendency of that court proceeding. No default or other failure to act as directed in the adjudicatory proceeding within the times prescribed in this subpart shall be excused based on the pendency before any court of any interlocutory appeal or collateral attack.

§ 19.18 Commencement of proceeding and contents of notice.

(a) Commencement of proceeding. (1)(i) Except for change-in-control proceedings under section 7(j)(4) of the FDIA, 12 U.S.C. 1817(j)(4), a proceeding governed by this subpart is commenced by issuance of a notice by the Comptroller.

(ii) The notice must be served by the Comptroller upon the respondent and given to any other appropriate financial institution supervisory authority where required by law.

(b) Contents of notice. The notice must set forth:

(1) The legal authority for the proceeding and for the OCC’s jurisdiction over the proceeding;

(2) A statement of the matters of fact or law showing that the OCC is entitled to relief;

(3) A proposed order or prayer for an order granting the requested relief;

(4) The time, place, and nature of the hearing as required by law or regulation;

(5) The time within which to file an answer as required by law or regulation;

(6) The time within which to request a hearing as required by law or regulation; and

(7) That the answer and/or request for a hearing shall be filed with OFIA.

§ 19.19 Answer.

(a) When. Within 20 days of service of the notice, respondent shall file an answer as designated in the notice. In a civil money penalty proceeding, respondent shall also file a request for a hearing within 20 days of service of the notice.

(b) Content of answer. An answer must specifically respond to each paragraph or allegation of fact contained in the notice and must admit, deny, or state that the party lacks sufficient information to admit or deny each allegation of fact. A statement of lack of information has the effect of a denial. Denials must fairly meet the substance of each allegation of fact denied; general denials are not permitted. When a respondent denies part of an allegation, that part must be denied and the remainder specifically admitted. Any allegation of fact in the notice which is not denied in the answer must be deemed admitted for purposes of the proceeding. A respondent is not required to respond...
to the portion of a notice that constitutes the prayer for relief or proposed order. The answer must set forth affirmative defenses, if any, asserted by the respondent.

(c) Default—(1) Effect of failure to answer. Failure of a respondent to file an answer required by this section within the time provided constitutes a waiver of his or her right to appear and contest the allegations in the notice. If no timely answer is filed, Enforcement Counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file with the Comptroller a recommended decision containing the findings and the relief sought in the notice. Any final order issued by the Comptroller based upon a respondent’s failure to answer is deemed to be an order issued upon consent.

(2) Effect of failure to request a hearing in civil money penalty proceedings. If respondent fails to request a hearing as required by law within the time provided, the notice of assessment constitutes a final and unappealable order.

§19.20 Amended pleadings.

(a) Amendments. The notice or answer may be amended or supplemented at any stage of the proceeding. The respondent must answer an amended notice within the time remaining for the respondent’s answer to the original notice, or within ten days after service of the amended notice, whichever period is longer, unless the Comptroller or administrative law judge orders otherwise for good cause.

(b) Amendments to conform to the evidence. When issues not raised in the notice or answer are tried at the hearing by express or implied consent of the parties, they will be treated in all respects as if they had been raised in the notice or answer, and no formal amendments are required. If evidence is objected to at the hearing on the ground that it is not within the issues raised by the notice or answer, the administrative law judge may admit the evidence when admission is likely to assist in adjudicating the merits of the action and the objecting party fails to satisfy the administrative law judge that the admission of such evidence would unfairly prejudice that party’s action or defense upon the merits. The administrative law judge may grant a continuance to enable the objecting party to meet such evidence.

[61 FR 20335, May 6, 1996]

§19.21 Failure to appear.

Failure of a respondent to appear in person at the hearing or by a duly authorized counsel constitutes a waiver of respondent’s right to a hearing and is deemed an admission of the facts as alleged and consent to the relief sought in the notice. Without further proceedings or notice to the respondent, the administrative law judge shall file with the Comptroller a recommended decision containing the findings and the relief sought in the notice.

§19.22 Consolidation and severance of actions.

(a) Consolidation. (1) On the motion of any party, or on the administrative law judge’s own motion, the administrative law judge may consolidate, for some or all purposes, any two or more proceedings, if each such proceeding involves or arises out of the same transaction, occurrence or series of transactions or occurrences, or involves at least one common respondent or a material common question of law or fact, unless such consolidation would cause unreasonable delay or injustice.

(2) In the event of consolidation under paragraph (a)(1) of this section, appropriate adjustment to the prehearing schedule must be made to avoid unnecessary expense, inconvenience, or delay.

(b) Severance. The administrative law judge may, upon the motion of any party, sever the proceeding for separate resolution of the matter as to any respondent only if the administrative law judge finds that:

(1) Undue prejudice or injustice to the moving party would result from not severing the proceeding; and

(2) Such undue prejudice or injustice would outweigh the interests of judicial economy and expedition in the complete and final resolution of the proceeding.
§ 19.23 Motions.

(a) In writing. (1) Except as otherwise provided herein, an application or request for an order or ruling must be made by written motion.

(2) All written motions must state with particularity the relief sought and must be accompanied by a proposed order.

(3) No oral argument may be held on written motions except as otherwise directed by the administrative law judge. Written memoranda, briefs, affidavits or other relevant material or documents may be filed in support of or in opposition to a motion.

(b) Oral motions. A motion may be made orally on the record unless the administrative law judge directs that such motion be reduced to writing.

(c) Filing of motions. Motions must be filed with the administrative law judge, except that following the filing of the recommended decision, motions must be filed with the Comptroller.

(d) Responses. (1) Except as otherwise provided herein, within ten days after service of any written motion, or within any such other period of time as may be established by the administrative law judge or the Comptroller, any party may file a written response to a motion. The administrative law judge shall not rule on any oral or written motion before each party has had an opportunity to file a response.

(2) The failure of a party to oppose a written motion or an oral motion made on the record is deemed a consent by that party to the order in the form of the order accompanying the motion.

(e) Dilatory motions. Frivolous, dilatory or repetitive motions are prohibited. The filing of such motions may form the basis for sanctions.

(f) Dispositive motions. Dispositive motions are governed by §§19.29 and 19.30.

§ 19.24 Scope of document discovery.

(a) Limits on discovery. (1) Subject to the limitations set out in paragraphs (b), (c), and (d) of this section, a party to a proceeding under this subpart may obtain document discovery by serving a written request to produce documents. For purposes of a request to produce documents, the term “documents” may be defined to include drawings, graphs, charts, photographs, recordings, data stored in electronic form, and other data compilations from which information can be obtained, or translated, if necessary, by the parties through detection devices into reasonably usable form, as well as written material of all kinds.

(2) Discovery by use of deposition is governed by subpart I of this part.

(3) Discovery by use of interrogatories is not permitted.

(b) Relevance. A party may obtain document discovery regarding any matter, not privileged, that has material relevance to the merits of the pending action. Any request to produce documents that calls for irrelevant material, that is unreasonable, oppressive, excessive in scope, unduly burdensome, or repetitive of previous requests, or that seeks to obtain privileged documents will be denied or modified. A request is unreasonable, oppressive, excessive in scope, or unduly burdensome if, among other things, it fails to include justifiable limitations on the time period covered and the geographic locations to be searched, the time provided to respond in the request is inadequate, or the request calls for copies of documents to be delivered to the requesting party and fails to include the requestor’s written agreement to pay in advance for the copying, in accordance with §19.25.

(c) Privileged matter. Privileged documents are not discoverable. Privileges include the attorney-client privilege, work-product privilege, any government’s or government agency’s deliberative process privilege, and any other privileges the Constitution, any applicable act of Congress, or the principles of common law provide.

(d) Time limits. All discovery, including all responses to discovery requests, shall be completed at least 20 days prior to the date scheduled for the commencement of the hearing, except as provided in the Local Rules. No exceptions to this time limit shall be permitted, unless the administrative law judge finds on the record that good cause exists for waiving the requirements of this paragraph.

§ 19.25 Request for document discovery from parties.

(a) General rule. Any party may serve on any other party a request to produce for inspection any discoverable documents that are in the possession, custody, or control of the party upon whom the request is served. The request must identify the documents to be produced either by individual item or by category, and must describe each item and category with reasonable particularity. Documents must be produced as they are kept in the usual course of business or must be organized to correspond with the categories in the request.

(b) Production or copying. The request must specify a reasonable time, place, and manner for production and performing any related acts. In lieu of inspecting the documents, the requesting party may specify that all or some of the responsive documents be copied and the copies delivered to the requesting party. If copying of fewer than 250 pages is requested, the party to whom the request is addressed shall bear the cost of copying and shipping charges. If a party requests 250 pages or more of copying, the requesting party shall pay for the copying and shipping charges. Copying charges are the current per-page copying rate imposed by 12 CFR part 4 implementing the Freedom of Information Act (5 U.S.C. 552). The party to whom the request is addressed may require payment in advance before producing the documents.

(c) Obligation to update responses. A party who has responded to a discovery request with a response that was complete when made is not required to supplement the response to include documents thereafter acquired, unless the responding party learns that:

(1) The response was materially incorrect when made; or

(2) The response, though correct when made, is no longer true and a failure to amend the response is, in substance, a knowing concealment.

(d) Motions to limit discovery. (1) Any party that objects to a discovery request may, within ten days of being served with such request, file a motion in accordance with the provisions of §19.23 to strike or otherwise limit the request. If an objection is made to only a portion of an item or category in a request, the portion objected to shall be specified. Any objections not made in accordance with this paragraph and §19.23 are waived.

(2) The party who served the request that is the subject of a motion to strike or limit may file a written response within five days of service of the motion. No other party may file a response.

(e) Privilege. At the time other documents are produced, the producing party must reasonably identify all documents withheld on the grounds of privilege and must produce a statement of the basis for the assertion of privilege. When similar documents that are protected by deliberative process, attorney work-product, or attorney-client privilege are voluminous, these documents may be identified by category instead of by individual document. The administrative law judge retains discretion to determine when the identification by category is insufficient.

(f) Motions to compel production. (1) If a party withholds any documents as privileged or fails to comply fully with a discovery request, the requesting party may, within ten days of the assertion of privilege or of the time the failure to comply becomes known to the requesting party, file a motion in accordance with the provisions of §19.23 for the issuance of a subpoena compelling production.

(2) The party who asserted the privilege or failed to comply with the request may file a written response to a motion to compel within five days of service of the motion. No other party may file a response.

(g) Ruling on motions. After the time for filing responses pursuant to this section has expired, the administrative law judge shall rule promptly on all motions filed pursuant to this section. If the administrative law judge determines that a discovery request, or any of its terms, calls for irrelevant material, is unreasonable, oppressive, excessive in scope, unduly burdensome, or repetitive of previous requests, or seeks to obtain privileged documents, he or she may deny or modify the request, and may issue appropriate protective orders, upon such conditions as

§ 19.26 Document subpoenas to nonparties.

(a) General rules. (1) Any party may apply to the administrative law judge for the issuance of a document discovery subpoena addressed to any person who is not a party to the proceeding. The application must contain a proposed document subpoena and a brief statement showing the general relevance and reasonableness of the scope of documents sought. The subpoenaing party shall specify a reasonable time, place, and manner for making production in response to the document subpoena.

(2) A party shall only apply for a document subpoena under this section within the time period during which such party could serve a discovery request under §19.24(d). The party obtaining the document subpoena is responsible for serving it on the subpoenaed person and for serving copies on all parties. Document subpoenas may be served in any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law.

(b) Motion to quash or modify. (1) Any person to whom a document subpoena is directed may file a motion to quash or modify such subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant shall serve the motion on all parties, and any party may respond to such motion within ten days of service of the motion.

(2) Any motion to quash or modify a document subpoena must be filed on the same basis, including the assertion of privilege, upon which a party could object to a discovery request under §19.25(d), and during the same time limits during which such an objection could be filed.

(c) Enforcing document subpoenas. If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with so much of the document subpoena as the administrative law judge has not quashed or modified. A party’s right to seek court enforcement of a document subpoena shall in no way limit the sanctions that may be imposed by the administrative law judge on a party who induces a failure to comply with subpoenas issued under this section.

§ 19.26 Document subpoenas to nonparties.

(a) General rules. (1) Any party may apply to the administrative law judge for the issuance of a document discovery subpoena addressed to any person who is not a party to the proceeding. The application must contain a proposed document subpoena and a brief statement showing the general relevance and reasonableness of the scope of documents sought. The subpoenaing party shall specify a reasonable time, place, and manner for making production in response to the document subpoena.

(2) A party shall only apply for a document subpoena under this section within the time period during which such party could serve a discovery request under §19.24(d). The party obtaining the document subpoena is responsible for serving it on the subpoenaed person and for serving copies on all parties. Document subpoenas may be served in any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law.

(3) The administrative law judge shall promptly issue any document subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon such conditions as may be consistent with the Uniform Rules.

(b) Motion to quash or modify. (1) Any person to whom a document subpoena is directed may file a motion to quash or modify such subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant shall serve the motion on all parties, and any party may respond to such motion within ten days of service of the motion.

(2) Any motion to quash or modify a document subpoena must be filed on the same basis, including the assertion of privilege, upon which a party could object to a discovery request under §19.25(d), and during the same time limits during which such an objection could be filed.

(c) Enforcing document subpoenas. If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with so much of the document subpoena as the administrative law judge has not quashed or modified. A party’s right to seek court enforcement of a document subpoena shall in no way limit the sanctions that may be imposed by the administrative law judge on a party who induces a failure to comply with subpoenas issued under this section.

§ 19.27 Deposition of witness unavailable for hearing.

(a) General rules. (1) If a witness will not be available for the hearing, a party desiring to preserve that witness’ testimony for the record may apply in accordance with the procedures set forth in paragraph (a)(2) of this section, to the administrative law judge for the issuance of a subpoena, including a subpoena duces tecum, requiring the attendance of the witness at a deposition. The administrative law judge may issue a deposition subpoena under this section upon showing that:

(i) The witness will be unable to attend or may be prevented from attending the hearing because of age, sickness or infirmity, or will otherwise be unavailable;

(ii) The witness’ unavailability was not procured or caused by the subpoenaing party;

(iii) The testimony is reasonably expected to be material; and

(iv) Taking the deposition will not result in any undue burden to any other party and will not cause undue delay of the proceeding.

(2) The application must contain a proposed deposition subpoena and a brief statement of the reasons for the issuance of the subpoena. The subpoena must name the witness whose deposition is to be taken and specify the time and place for taking the deposition. A deposition subpoena may require the witness to be deposed at any place within the country in which that witness resides or has a regular place of employment or such other convenient place as the administrative law judge shall fix.

(3) Any requested subpoena that sets forth a valid basis for its issuance must be promptly issued, unless the administrative law judge on his or her own motion, requires a written response or requires attendance at a conference concerning whether the requested subpoena should be issued.

(b) Objections to deposition subpoenas. (1) The witness and any party who has not had an opportunity to oppose a deposition subpoena issued under this section may file a motion with the administrative law judge to quash or modify the subpoena prior to the time for compliance specified in the subpoena, but not more than ten days after service of the subpoena.

(2) A statement of the basis for the motion to quash or modify a subpoena issued under this section must accompany the motion. The motion must be served on all parties.

(c) Procedure upon deposition. (1) Each witness testifying pursuant to a deposition subpoena must be duly sworn, and each party shall have the right to examine the witness. Objections to questions or documents must be in short form, stating the grounds for the objection. Failure to object to questions or documents is not deemed a waiver except where the ground for the objection might have been avoided if the objection had been timely presented. All questions, answers, and objections must be recorded.

(2) Any party may move before the administrative law judge for an order compelling the witness to answer any questions the witness has refused to answer or submit any evidence the witness has refused to submit during the deposition.

(3) The deposition must be subscribed by the witness, unless the parties and the witness, by stipulation, have waived the signing, or the witness is ill, cannot be found, or has refused to sign. If the deposition is not subscribed by the witness, the court reporter taking the deposition shall certify that the transcript is a true and complete transcript of the deposition.

(d) Enforcing subpoenas. If a subpoenaed person fails to comply with any order of the administrative law judge which directs compliance with all or any portion of a deposition subpoena

subpoenas may be served in any state, territory, possession of the United States, or the District of Columbia, on any person or company doing business in any state, territory, possession of the United States, or the District of Columbia, or as otherwise permitted by law.
under paragraph (b) or (c)(3) of this section, the subpoenaing party or other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with the portions of the subpoena that the administrative law judge has ordered enforced. A party’s right to seek court enforcement of a deposition subpoena in no way limits the sanctions that may be imposed by the administrative law judge on a party who fails to comply with, or procures a failure to comply with, a subpoena issued under this section.

§ 19.28 Interlocutory review.

(a) General rule. The Comptroller may review a ruling of the administrative law judge prior to the certification of the record to the Comptroller only in accordance with the procedures set forth in this section and §19.23.

(b) Scope of review. The Comptroller may exercise interlocutory review of a ruling of the administrative law judge if the Comptroller finds that:

(1) The ruling involves a controlling question of law or policy as to which substantial grounds exist for a difference of opinion;

(2) Immediate review of the ruling may materially advance the ultimate termination of the proceeding;

(3) Subsequent modification of the ruling at the conclusion of the proceeding would be an inadequate remedy; or

(4) Subsequent modification of the ruling would cause unusual delay or expense.

(c) Procedure. Any request for interlocutory review shall be filed by a party with the administrative law judge within ten days of his or her ruling and shall otherwise comply with §19.23. Any party may file a response to a request for interlocutory review in accordance with §19.23(d). Upon the expiration of the time for filing all responses, the administrative law judge shall refer the matter to the Comptroller for final disposition.

(d) Suspension of proceeding. Neither a request for interlocutory review nor any disposition of such a request by the Comptroller under this section suspends or stays the proceeding unless otherwise ordered by the administrative law judge or the Comptroller.

§ 19.29 Summary disposition.

(a) In general. The administrative law judge shall recommend that the Comptroller issue a final order granting a motion for summary disposition if the undisputed pleaded facts, admissions, affidavits, stipulations, documentary evidence, matters as to which official notice may be taken, and any other evidentiary materials properly submitted in connection with a motion for summary disposition show that:

(1) There is no genuine issue as to any material fact; and

(2) The moving party is entitled to a decision in its favor as a matter of law.

(b) Filing of motions and responses. (1) Any party who believes there is no genuine issue of material fact to be determined and that he or she is entitled to a decision as a matter of law may move at any time for summary disposition in its favor of all or any part of the proceeding. Any party, within 20 days after service of such a motion, or within such time period as allowed by the administrative law judge, may file a response to such motion.

(2) A motion for summary disposition must be accompanied by a statement of the material facts as to which the moving party contends there is no genuine issue. Such motion must be supported by documentary evidence, which may take the form of admissions in pleadings, stipulations, depositions, investigatory depositions, transcripts, affidavits and any other evidentiary materials that the moving party contends support his or her position. The motion must also be accompanied by a brief containing the points and authorities in support of the contention of the moving party. Any party opposing a motion for summary disposition must file a statement setting forth those material facts as to which he or she contends a genuine dispute exists. Such opposition must be supported by evidence of the same type as that submitted with the motion for summary disposition and a brief containing the points and authorities in support of the contention that summary disposition would be inappropriate.
(c) Hearing on motion. At the request of any party or on his or her own motion, the administrative law judge may hear oral argument on the motion for summary disposition.

(d) Decision on motion. Following receipt of a motion for summary disposition and all responses thereto, the administrative law judge shall determine whether the moving party is entitled to summary disposition. If the administrative law judge determines that summary disposition is warranted, the administrative law judge shall submit a recommended decision to that effect to the Comptroller. If the administrative law judge finds that no party is entitled to summary disposition, he or she shall make a ruling denying the motion.

§ 19.30 Partial summary disposition.

If the administrative law judge determines that a party is entitled to summary disposition as to certain claims only, he or she shall defer submitting a recommended decision as to those claims. A hearing on the remaining issues must be ordered. Those claims for which the administrative law judge has determined that summary disposition is warranted will be addressed in the recommended decision filed at the conclusion of the hearing.

§ 19.31 Scheduling and prehearing conferences.

(a) Scheduling conference. Within 30 days of service of the notice or order commencing a proceeding or such other time as parties may agree, the administrative law judge shall direct counsel for all parties to meet with him or her in person at a specified time and place prior to the hearing or to confer by telephone for the purpose of scheduling the course and conduct of the proceeding. This meeting or telephone conference is called a “scheduling conference.” The identification of potential witnesses, the time for and manner of discovery, and the exchange of any prehearing materials including witness lists, statements of issues, stipulations, exhibits and any other materials may also be determined at the scheduling conference.

(b) Prehearing conferences. The administrative law judge may, in addition to the scheduling conference, on his or her own motion or at the request of any party, direct counsel for the parties to meet with him or her (in person or by telephone) at a prehearing conference to address any or all of the following:

1. Simplification and clarification of the issues;
2. Stipulations, admissions of fact, and the contents, authenticity and admissibility into evidence of documents;
3. Matters of which official notice may be taken;
4. Limitation of the number of witnesses;
5. Summary disposition of any or all issues;
6. Resolution of discovery issues or disputes;
7. Amendments to pleadings; and
8. Such other matters as may aid in the orderly disposition of the proceeding.

(c) Transcript. The administrative law judge, in his or her discretion, may require that a scheduling or prehearing conference be recorded by a court reporter. A transcript of the conference and any materials filed, including orders, becomes part of the record of the proceeding. A party may obtain a copy of the transcript at his or her expense.

(d) Scheduling or prehearing orders. At or within a reasonable time following the conclusion of the scheduling conference or any prehearing conference, the administrative law judge shall serve on each party an order setting forth any agreements reached and any procedural determinations made.

§ 19.32 Prehearing submissions.

(a) Within the time set by the administrative law judge, but in no case later than 14 days before the start of the hearing, each party shall serve on every other party, his or her:

1. Prehearing statement;
2. Final list of witnesses to be called to testify at the hearing, including name and address of each witness and a short summary of the expected testimony of each witness;
3. List of the exhibits to be introduced at the hearing along with a copy of each exhibit; and
4. Stipulations of fact, if any.
§ 19.33 Public hearings.

(a) General rule. All hearings shall be open to the public, unless the Comptroller, in the Comptroller’s discretion, determines that holding an open hearing would be contrary to the public interest. Within 20 days of service of the notice or, in the case of change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)), within 20 days from service of the hearing order, any respondent may file with the Comptroller a request for a private hearing, and any party may file a reply to such a request. A party must serve on the administrative law judge a copy of any request or reply the party files with the Comptroller. The form of, and procedure for, these requests and replies are governed by §19.23. A party’s failure to file a request or a reply constitutes a waiver of any objections regarding whether the hearing will be public or private.

(b) Filing document under seal. Enforcement Counsel, in his or her discretion, may file any document or part of a document under seal if disclosure of the document would be contrary to the public interest. The administrative law judge shall take all appropriate steps to preserve the confidentiality of such documents or parts thereof, including closing portions of the hearing to the public.

§ 19.34 Hearing subpoenas.

(a) Issuance. (1) Upon application of a party showing general relevance and reasonableness of scope of the testimony or other evidence sought, the administrative law judge may issue a subpoena or a subpoena duces tecum requiring the attendance of a witness at the hearing or the production of documentary or physical evidence at the hearing. The application for a hearing subpoena must also contain a proposed subpoena specifying the attendance of a witness or the production of evidence from any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law at any designated place where the hearing is being conducted. The party making the application shall serve a copy of the application and the proposed subpoena on every other party.

(2) A party may apply for a hearing subpoena at any time before the commencement of a hearing. During a hearing, a party may make an application for a subpoena orally on the record before the administrative law judge.

(3) The administrative law judge shall promptly issue any hearing subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon any conditions consistent with this subpart. Upon issuance by the administrative law judge, the party making the application shall serve the subpoena on the person named in the subpoena and on each party.

(b) Motion to quash or modify. (1) Any person to whom a hearing subpoena is directed or any party may file a motion to quash or modify the subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant must serve the motion on each party and on the person named in the subpoena. Any party may respond to the motion within ten days of service of the motion.

(2) Any motion to quash or modify a hearing subpoena must be filed prior to the time specified in the subpoena for compliance but not more than ten days after the date of service of the subpoena upon the movant.

(c) Enforcing subpoenas. If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may seek
§ 19.35 Conduct of hearings.

(a) General rules. (1) Hearings shall be conducted so as to provide a fair and expeditious presentation of the relevant disputed issues. Each party has the right to present its case or defense by oral and documentary evidence and to conduct such cross examination as may be required for full disclosure of the facts.

(2) Order of hearing. Enforcement Counsel shall present its case-in-chief first, unless otherwise ordered by the administrative law judge, or unless otherwise expressly specified by law or regulation. Enforcement Counsel shall be the first party to present an opening statement and a closing statement, and may make a rebuttal statement after the respondent’s closing statement. If there are multiple respondents, respondents may agree among themselves as to their order of presentation of their cases, but if they do not agree, the administrative law judge shall fix the order.

(3) Examination of witnesses. Only one counsel for each party may conduct an examination of a witness, except that in the case of extensive direct examination, the administrative law judge may permit more than one counsel for the party presenting the witness to conduct the examination. A party may have one counsel conduct the direct examination and another counsel conduct re-direct examination of a witness, or may have one counsel conduct the cross examination of a witness and another counsel conduct the re-cross examination of a witness.

(4) Stipulations. Unless the administrative law judge directs otherwise, all stipulations of fact and law previously agreed upon by the parties, and all documents, the admissibility of which have been previously stipulated, will be admitted into evidence upon commencement of the hearing.

(b) Transcript. The hearing must be recorded and transcribed. The reporter will make the transcript available to any party upon payment by that party to the reporter of the cost of the transcript. The administrative law judge may order the record corrected, either upon motion to correct, upon stipulation of the parties, or following notice to the parties upon the administrative law judge’s own motion.

§ 19.36 Evidence.

(a) Admissibility. (1) Except as is otherwise set forth in this section, relevant, material, and reliable evidence that is not unduly repetitive is admissible to the fullest extent authorized by the Administrative Procedure Act and other applicable law.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted pursuant to this subpart.

(3) Evidence that would be inadmissible under the Federal Rules of Evidence may not be deemed or ruled to be inadmissible in a proceeding conducted pursuant to this subpart if such evidence is relevant, material, reliable and not unduly repetitive.

(b) Official notice. (1) Official notice may be taken of any material fact which may be judicially noticed by a United States district court and any material information in the official public records of any Federal or state government agency.

(2) All matters officially noticed by the administrative law judge or the Comptroller shall appear on the record.

(3) If official notice is requested or taken of any material fact, the parties, upon timely request, shall be afforded an opportunity to object.

(c) Documents. (1) A duplicate copy of a document is admissible to the same extent as the original, unless a genuine issue is raised as to whether the copy is in some material respect not a true and legible copy of the original.

(2) Subject to the requirements of paragraph (a) of this section, any document, including a report of examination, supervisory activity, inspection or visitation, prepared by an appropriate Federal financial institutions regulatory agency or by a state regulatory agency, is admissible either with or without a sponsoring witness.
§ 19.37 Post-hearing filings.

(a) Proposed findings and conclusions and supporting briefs. (1) Using the same method of service for each party, the administrative law judge shall serve notice upon each party that the certified transcript, together with all hearing exhibits and exhibits introduced but not admitted into evidence at the hearing, has been filed. Any party may file with the administrative law judge proposed findings of fact, proposed conclusions of law, and a proposed order within 30 days following service of this notice by the administrative law judge or within such longer period as may be ordered by the administrative law judge.

(b) Reply briefs. Reply briefs may be filed within 15 days after the date on which the parties' proposed findings, conclusions, and order are due. Reply briefs must be strictly limited to responding to new matters, issues, or arguments raised in another party's papers. A party who has not filed proposed findings of fact and conclusions of law or a post-hearing brief may not file a reply brief.

(c) Simultaneous filing required. The administrative law judge shall not order the filing by any party of any brief or reply brief in advance of the other party's filing of its brief.

§ 19.38 Recommended decision and filing of record.

(a) Filing of recommended decision and record. Within 45 days after expiration of the time allowed for filing reply
briefs under §19.37(b), the administrative law judge shall file with and certify to the Comptroller, for decision, the record of the proceeding. The record must include the administrative law judge’s recommended decision, recommended findings of fact, recommended conclusions of law, and proposed order; all prehearing and hearing transcripts, exhibits, and rulings; and the motions, briefs, memoranda, and other supporting papers filed in connection with the hearing. The administrative law judge shall serve upon each party the recommended decision, findings, conclusions, and proposed order.

(b) Filing of index. At the same time the administrative law judge files with and certifies to the Comptroller for final determination the record of the proceeding, the administrative law judge shall furnish to the Comptroller a certified index of the entire record of the proceeding. The certified index shall include, at a minimum, an entry for each paper, document or motion filed with the administrative law judge in the proceeding, the date of the filing, and the identity of the filer. The certified index shall also include an exhibit index containing, at a minimum, an entry consisting of exhibit number and title or description for: Each exhibit introduced and admitted into evidence at the hearing; each exhibit introduced but not admitted into evidence at the hearing; each exhibit introduced and admitted into evidence after the completion of the hearing; and each exhibit introduced but not admitted into evidence after the completion of the hearing.

§19.39 Exceptions to recommended decision.

(a) Filing exceptions. Within 30 days after service of the recommended decision, findings, conclusions, and proposed order under §19.38, a party may file with the Comptroller written exceptions to the administrative law judge’s recommended decision, findings, conclusions or proposed order, to the admission or exclusion of evidence, or to the failure of the administrative law judge to make a ruling proposed by a party. A supporting brief may be filed at the time the exceptions are filed, either as part of the same document or in a separate document.

(b) Effect of failure to file or raise exceptions. (1) Failure of a party to file exceptions to those matters specified in paragraph (a) of this section within the time prescribed is deemed a waiver of objection thereto.

(2) No exception need be considered by the Comptroller if the party taking exception had an opportunity to raise the same objection, issue, or argument before the administrative law judge and failed to do so.

(c) Contents. (1) All exceptions and briefs in support of such exceptions must be confined to the particular matters in, or omissions from, the administrative law judge’s recommendations to which that party takes exception.

(2) All exceptions and briefs in support of exceptions must set forth page or paragraph references to the specific parts of the administrative law judge’s recommendations to which exception is taken, the page or paragraph references to those portions of the record relied upon to support each exception, and the legal authority relied upon to support each exception.

§19.40 Review by the Comptroller.

(a) Notice of submission to the Comptroller. When the Comptroller determines that the record in the proceeding is complete, the Comptroller shall serve notice upon the parties that the proceeding has been submitted to the Comptroller for final decision.

(b) Oral argument before the Comptroller. Upon the initiative of the Comptroller or on the written request of any party filed with the Comptroller within the time for filing exceptions, the Comptroller may order and hear oral argument on the recommended findings, conclusions, decision, and order of the administrative law judge. A written request by a party must show good cause for oral argument and state reasons why arguments cannot be presented adequately in writing. A denial of a request for oral argument may be set forth in the Comptroller’s final decision. Oral argument before the Comptroller must be on the record.

(c) Comptroller’s final decision. (1) Decisional employees may advise and
assist the Comptroller in the consideration and disposition of the case. The final decision of the Comptroller will be based upon review of the entire record of the proceeding, except that the Comptroller may limit the issues to be reviewed to those findings and conclusions to which opposing arguments or exceptions have been filed by the parties.

(2) The Comptroller shall render a final decision within 90 days after notification of the parties that the case has been submitted for final decision, or 90 days after oral argument, whichever is later, unless the Comptroller orders that the action or any aspect thereof be remanded to the administrative law judge for further proceedings. Copies of the final decision and order of the Comptroller shall be served upon each party to the proceeding, upon other persons required by statute, and, if directed by the Comptroller or required by statute, upon any appropriate state or Federal supervisory authority.

§ 19.41 Stays pending judicial review.

The commencement of proceedings for judicial review of a final decision and order of the Comptroller may not, unless specifically ordered by the Comptroller or a reviewing court, operate as a stay of any order issued by the Comptroller. The Comptroller may, in his or her discretion, and on such terms as he or she finds just, stay the effectiveness of all or any part of an order pending a final decision on a petition for review of that order.

Subpart B—Procedural Rules for OCC Adjudications

§ 19.100 Filing documents.

All materials required to be filed with or referred to the Comptroller or the administrative law judge in any proceeding under this part must be filed with the Hearing Clerk, Office of the Comptroller of the Currency, 250 E Street, SW, Washington, DC 20219. Filings to be made with the Hearing Clerk include the notice and answer; motions and responses to motions; briefs; the record filed by the administrative law judge after the issuance of a recommended decision; the recommended decision filed by the administrative law judge following a motion for summary disposition (except that in removal and prohibition cases the administrative law judge will file the record and the recommended decision with the Board of Governors of the Federal Reserve System); referrals by the administrative law judge of motions for interlocutory review; exceptions and requests for oral argument; and any other papers required to be filed with the Comptroller or the administrative law judge under this part.

§ 19.101 Delegation to OFIA.

Unless otherwise ordered by the Comptroller, administrative adjudications subject to subpart A of this part shall be conducted by an administrative law judge assigned to OFIA.

Subpart C—Removals, Suspensions, and Prohibitions When a Crime Is Charged or a Conviction Is Obtained

§ 19.110 Scope.

This subpart applies to informal hearings afforded to any institution-affiliated party who has been suspended or removed from office or prohibited from further participation in bank affairs by a notice or order issued by the Comptroller.

§ 19.111 Suspension or removal.

The Comptroller may serve a notice of suspension or order of removal or prohibition on an institution-affiliated party. A copy of such notice or order will be served on the bank, whereupon the institution-affiliated party involved must immediately cease service to the bank or participation in the affairs of the bank. The notice or order will indicate the basis for suspension, removal or prohibition and will inform the institution-affiliated party of the right to request in writing, to be received by the OCC within 30 days from the date that the institution-affiliated party was served with such notice or order, an opportunity to show at an informal hearing that continued service to or participation in the conduct of the affairs of the bank does not, or is
not likely to, pose a threat to the interest of the bank’s depositors or threaten to impair public confidence in the bank. The written request must be sent by certified mail to, or served personally with a signed receipt on, the District Administrator in the OCC district in which the bank in question is located, or to the Deputy Comptroller for Multinational Banking, Office of the Comptroller of the Currency, Washington, DC 20219, if the bank is supervised by the Multinational Banking Department. The request must state specifically the relief desired and the grounds on which that relief is based.

§ 19.112 Informal hearing.

(a) Issuance of hearing order. After receipt of a request for hearing, the District Deputy Comptroller or Administrator, the Deputy Comptroller for Multinational Banking, or the Deputy Comptroller or Director for Special Supervision, as appropriate, must notify the petitioner requesting the hearing, the OCC’s Enforcement and Compliance Division, and the appropriate OCC District Counsel of the date, time, and place fixed for the hearing. The hearing must be scheduled to be held not later than 30 days from the date when a request for hearing is received unless the time is extended in response to a written request of the petitioner. The District Deputy Comptroller or Administrator, the Deputy Comptroller for Multinational Banking, or the Deputy Comptroller or Director for Special Supervision, as appropriate, may extend the hearing date only for a specific period of time and must take appropriate action to ensure that the hearing is not unduly delayed.

(b) Appointment of presiding officer. The District Deputy Comptroller or Administrator, the Deputy Comptroller for Multinational Banking, or the Deputy Comptroller or Director for Special Supervision, as appropriate, must appoint one or more OCC employees as the presiding officer to conduct the hearing. The presiding officer(s) may not have been involved in the proceeding, a factually related proceeding, or the underlying enforcement action in a prosecutorial or investigative role.

(c) Waiver of oral hearing—(1) Petitioner. When the petitioner requests a hearing, the petitioner may elect to have the matter determined by the presiding officer solely on the basis of written submissions by serving on the District Deputy Comptroller or Administrator, the Deputy Comptroller for Multinational Banking, or the Deputy Comptroller or Director for Special Supervision, as appropriate, and all parties, a signed document waiving the statutory right to appear and make oral argument. The petitioner must present the written submissions to the presiding officer, and serve the other parties, not later than ten days prior to the date fixed for the hearing, or within such shorter time period as the presiding officer may permit.

(2) OCC. The OCC may respond to the petitioner’s submissions by presenting the presiding officer with a written response, and by serving the other parties, not later than the date fixed for the hearing, or within such other time period as the presiding officer may require.

(d) Hearing procedures—(1) Conduct of hearing. Hearings under this subpart are not subject to the provisions of subpart A of this part or the adjudicative provisions of the Administrative Procedure Act (5 U.S.C. 554–557).

(2) Powers of the presiding officer. The presiding officer shall determine all procedural issues that are governed by this subpart. The presiding officer may also permit or limit the number of witnesses and impose time limitations as he or she deems reasonable. The informal hearing will not be governed by the formal rules of evidence. All oral presentations, when permitted, and documents deemed by the presiding officer to be relevant and material to the proceeding and not unduly repetitious will be considered. The presiding officer may ask questions of any person participating in the hearing and may make any rulings reasonably necessary to facilitate the effective and efficient operation of the hearing.

(3) Presentation. (i) The OCC may appear and the petitioner may appear personally or through counsel at the hearing to present relevant written materials and oral argument. Except as permitted in paragraph (c) of this section, each party, including the OCC, must file a copy of any affidavit,
memorandum, or other written material to be presented at the hearing with the presiding officer and must serve the other parties not later than ten days prior to the hearing or within such shorter time period as permitted by the presiding officer.

(ii) If the petitioner or the appointed OCC attorney desires to present oral testimony or witnesses at the hearing, he or she must file a written request with the presiding officer not later than ten days prior to the hearing, or within a shorter time period as permitted by the presiding officer. The names of proposed witnesses should be included, along with the general nature of the expected testimony, and the reasons why oral testimony is necessary. The presiding officer generally will not admit oral testimony or witnesses unless a specific and compelling need is demonstrated. Witnesses, if admitted, shall be sworn.

(iii) In deciding on any suspension, the presiding officer shall not consider the ultimate question of the guilt or innocence of the individual with respect to the criminal charges which are outstanding. In deciding on any removal, the presiding officer shall not consider challenges to or efforts to impeach the validity of the conviction. The presiding officer may consider facts in either situation, however, which show the nature of the events on which the indictment or conviction was based.

(4) Record. A transcript of the proceedings may be taken if the petitioner requests a transcript and agrees to pay all expenses or if the presiding officer determines that the nature of the case warrants a transcript. The presiding officer may order the record to be kept open for a reasonable period following the hearing, not to exceed five business days, to permit the petitioner or the appointed OCC attorney to submit additional documents for the record. Thereafter, no further submissions may be accepted except for good cause shown.

§ 19.113 Recommended and final decisions.

(a) The presiding officer must issue a recommended decision to the Comptroller within 20 days of the conclusion of the hearing or, when the petitioner has waived an oral hearing, within 20 days of the date fixed for the hearing. The presiding officer must serve promptly a copy of the recommended decision on the parties to the proceeding. The decision must include a summary of the facts and arguments of the parties.

(b) Each party may, within ten days of being served with the presiding officer’s recommended decision, submit to the Comptroller comments on the recommended decision.

(c) Within 60 days of the conclusion of the hearing or, when the petitioner has waived an oral hearing, within 60 days from the date fixed for the hearing, the Comptroller must notify the petitioner by registered mail whether the suspension or removal from office, and prohibition from participation in any manner in the affairs of the bank, will be affirmed, terminated, or modified. The Comptroller’s decision must include a statement of reasons supporting the decision. The Comptroller’s decision is a final and unappealable order.

(d) A finding of not guilty or other disposition of the charge on which a notice of suspension was based does not preclude the Comptroller from thereafter instituting removal proceedings pursuant to section 8(e) of the FDIA (12 U.S.C. 1818(e)) and subpart A of this part.

(e) A removal or prohibition by order remains in effect until terminated by the Comptroller. A suspension or prohibition by notice remains in effect until the criminal charge is disposed of or until terminated by the Comptroller.

(f) A suspended or removed individual may petition the Comptroller to reconsider the decision any time after the expiration of a 12-month period from the date of the decision, but no petition for reconsideration may be made within 12 months of a previous petition. The petition must state specifically the relief sought and the grounds therefor, and may be accompanied by a supporting memorandum and any other
§ 19.123 Informal hearing.

(a) Conduct of proceeding. The adjudicative provisions of the Administrative Procedure Act, formal rules of evidence and subpart A of this part do not apply to hearings conducted under this subpart, except as provided in §19.100(b).

(b) Notice of hearing. Following the comment period, the Comptroller shall send a notice which fixes a date, time and place for hearing to each applicant and to any person who has requested an opportunity to be heard.

(c) Presiding officer. The Comptroller shall designate a presiding officer to conduct the hearing. The presiding officer shall determine all procedural questions not governed by this subpart and may limit the number of witnesses and impose time and presentation limitations as are deemed reasonable. At the conclusion of the informal hearing, the presiding officer shall issue a recommended decision to the Comptroller as to whether the exemption should issue. The decision shall include a summary of the facts and arguments of the parties.

(d) Attendance. The applicant and any individual applicants; the type of exemption sought; the fact that a hearing will be held; and a statement that interested persons may submit to the Securities and Corporate Practices Division, Office of the Comptroller of the Currency, Washington, DC 20219, within 30 days from the date of the newspaper notice, written comments concerning the application and a written request for an opportunity to be heard. The applicant shall promptly furnish a copy of the notice to the Securities and Corporate Practices Division, and to bank shareholders.

§ 19.122 Newspaper notice.

Upon being informed that an application will be considered at a hearing, the applicant shall publish a notice one time in a newspaper of general circulation in the community where the issuer’s main office is located. The notice must state: the name and title of any individual applicants; the type of exemption sought; the fact that a hearing will be held; and a statement that interested persons may submit to the

§ 19.121 Application for exemption.

An issuer or an individual (officer, director or shareholder) may submit a written application for an exemption order to the Securities and Corporate Practices Division, Office of the Comptroller of the Currency, Washington, DC 20219. The application must specify the type of exemption sought and the reasons therefor, including an explanation of why an exemption would not be inconsistent with the public interest or the protection of investors. The Securities and Corporate Practices Division shall inform the applicant in writing whether a hearing will be held to consider the matter.

§ 19.120 Scope.

The rules in this subpart apply to informal hearings that may be held by the Comptroller to determine whether, pursuant to authority in sections 12(h) and (i) of the Exchange Act (15 U.S.C. 78l(h) and (i)), to exempt in whole or in part an issuer or a class of issuers from the provisions of section 12(g), or from section 13 or 14 of the Exchange Act (15 U.S.C. 78m or 78n), or whether to exempt from section 16 of the Exchange Act (15 U.S.C. 78p) any officer, director, or beneficial owner of securities of an issuer. The only issuers covered by this subpart are banks whose securities are registered pursuant to section 12(g) of the Exchange Act (15 U.S.C. 78l(g)). The Comptroller may deny an application for exemption without a hearing.

§ 19.100(b).

§ 19.123 Informal hearing.

(a) Conduct of proceeding. The adjudicative provisions of the Administrative Procedure Act, formal rules of evidence and subpart A of this part do not apply to hearings conducted under this subpart, except as provided in §19.100(b).

(b) Notice of hearing. Following the comment period, the Comptroller shall send a notice which fixes a date, time and place for hearing to each applicant and to any person who has requested an opportunity to be heard.

(c) Presiding officer. The Comptroller shall designate a presiding officer to conduct the hearing. The presiding officer shall determine all procedural questions not governed by this subpart and may limit the number of witnesses and impose time and presentation limitations as are deemed reasonable. At the conclusion of the informal hearing, the presiding officer shall issue a recommended decision to the Comptroller as to whether the exemption should issue. The decision shall include a summary of the facts and arguments of the parties.

(d) Attendance. The applicant and any individual applicants; the type of exemption sought; the fact that a hearing will be held; and a statement that interested persons may submit to the

§ 19.121 Application for exemption.

An issuer or an individual (officer, director or shareholder) may submit a written application for an exemption order to the Securities and Corporate Practices Division, Office of the Comptroller of the Currency, Washington, DC 20219. The application must specify the type of exemption sought and the reasons therefor, including an explanation of why an exemption would not be inconsistent with the public interest or the protection of investors. The Securities and Corporate Practices Division shall inform the applicant in writing whether a hearing will be held to consider the matter.

§ 19.120 Scope.

The rules in this subpart apply to informal hearings that may be held by the Comptroller to determine whether, pursuant to authority in sections 12(h) and (i) of the Exchange Act (15 U.S.C. 78l(h) and (i)), to exempt in whole or in part an issuer or a class of issuers from the provisions of section 12(g), or from section 13 or 14 of the Exchange Act (15 U.S.C. 78m or 78n), or whether to exempt from section 16 of the Exchange Act (15 U.S.C. 78p) any officer, director, or beneficial owner of securities of an issuer. The only issuers covered by this subpart are banks whose securities are registered pursuant to section 12(g) of the Exchange Act (15 U.S.C. 78l(g)). The Comptroller may deny an application for exemption without a hearing.

§ 19.100(b).

§ 19.123 Informal hearing.

(b) Notice of hearing. Following the comment period, the Comptroller shall send a notice which fixes a date, time and place for hearing to each applicant and to any person who has requested an opportunity to be heard.

(c) Presiding officer. The Comptroller shall designate a presiding officer to conduct the hearing. The presiding officer shall determine all procedural questions not governed by this subpart and may limit the number of witnesses and impose time and presentation limitations as are deemed reasonable. At the conclusion of the informal hearing, the presiding officer shall issue a recommended decision to the Comptroller as to whether the exemption should issue. The decision shall include a summary of the facts and arguments of the parties.

(d) Attendance. The applicant and any individual applicants; the type of exemption sought; the fact that a hearing will be held; and a statement that interested persons may submit to the

§ 19.124 Decision of the Comptroller.

Following the conclusion of the hearing and the submission of the record and the presiding officer’s recommended decision to the Comptroller for decision, the Comptroller shall notify the applicant and all persons who have so requested in writing of the final disposition of the application. Exemptions granted must be in the form of an order which specifies the type of exemption granted and its terms and conditions.
§ 19.19. Any party who fails to appear at a hearing personally or by a duly authorized representative shall be deemed to have consented to the issuance of a disciplinary order.

(b) All proceedings under this subpart must be commenced, and the notice of charges must be filed, on a public basis, unless otherwise ordered by the Comptroller. Pursuant to §19.33(a), a request for a private hearing may be filed within 20 days of service of the notice.

§ 19.132 Disciplinary orders.

(a) In the event of consent, or if on the record filed by the administrative law judge, the Comptroller finds that any act or omission or violation specified in the notice of charges has been established, the Comptroller may serve on the bank or persons concerned a disciplinary order, as provided in the Exchange Act. The order may:

(1) Censure, limit the activities, functions or operations, or suspend or revoke the registration of a bank which is a municipal securities dealer;

(2) Censure, suspend or bar any person associated or seeking to become associated with a municipal securities dealer;

(3) Censure, limit the activities, functions or operations, or suspend or bar a bank which is a government securities broker or dealer;

(4) Censure, limit the activities, functions or operations, or suspend or bar any person associated with a government securities broker or dealer;

(5) Deny registration to, limit the activities, functions, or operations or suspend or revoke the registration of a bank which is a transfer agent; or

(6) Censure or limit the activities or functions, or suspend or bar, any person associated or seeking to become associated with a transfer agent.

(b) A disciplinary order is effective when served on the party or parties involved and remains effective and enforceable until it is stayed, modified, terminated, or set aside by action of the Comptroller or a reviewing court.

§ 19.140 Scope.

(a) Except as provided in this subpart, subpart A of this part applies to proceedings by the Comptroller to determine whether, pursuant to authority contained in section 21B of the Exchange Act (15 U.S.C. 78u–2), in proceedings commenced pursuant to sections 15B, 15C, and 17A of the Exchange Act (15 U.S.C. 78o–4, 78o–5, or 78q–1) for which the OCC is the appropriate regulatory agency under section 3(a)(34) of the Exchange Act (15 U.S.C. 78c(a)(34)), the Comptroller may impose a civil money penalty against the following:

(1) A bank which is a municipal securities dealer, or any person associated
or seeking to become associated with such a municipal securities dealer;

(2) A bank which is a government securities broker or dealer, or any person associated with such government securities broker or dealer; or

(3) A bank which is a transfer agent, or any person associated or seeking to become associated with such transfer agent.

(b) All proceedings under this subpart must be commenced, and the notice of assessment must be filed, on a public basis, unless otherwise ordered by the Comptroller. Pursuant to §19.33(a), any request for a private hearing must be filed within 20 days of service of the notice.

Subpart G—Cease-and-Desist Authority Under the Securities Laws

§ 19.150 Scope.

(a) Except as provided in this subpart, subpart A of this part applies to proceedings by the Comptroller to determine whether, pursuant to authority contained in sections 12(i) and 21C of the Exchange Act (15 U.S.C. 78l(i) and 78u–3), the Comptroller may initiate cease-and-desist proceedings against a national bank for violations of sections 12, 13, 14(a), 14(c), 14(d), 14(f), and 16 of the Exchange Act or regulations or rules issued thereunder (15 U.S.C. 78l, 78m, 78n(a), 78n(c), 78n(d), 78n(f), and 78p).

(b) All proceedings under this subpart must be commenced, and the notice of assessment must be filed, on a public basis, unless otherwise ordered by the Comptroller. Pursuant to §19.33(a), any request for a private hearing must be filed within 20 days of service of the notice.

§ 19.161 Notice of disapproval and hearing initiation.

(a) Notice of disapproval. The OCC’s written disapproval of a proposed acquisition of control of a national bank must:

(1) Contain a statement of the basis for the disapproval; and

(2) Indicate that the filer may request a hearing.

(b) Hearing request. Following receipt of a notice of disapproval, a filer may request a hearing on the proposed acquisition. A hearing request must:

(1) Be in writing; and

(2) Be filed with the Hearing Clerk of the OCC within ten days after service on the filer of the notice of disapproval. If a filer fails to request a hearing with a timely written request, the notice of disapproval constitutes a final and unappealable order.

(c) Hearing order. Following receipt of a hearing request, the Comptroller shall issue, within 20 days, an order that sets forth:

(1) The legal authority for the proceeding and for the OCC’s jurisdiction over the proceeding;

(2) The matters of fact or law upon which the disapproval is based; and

(3) The requirement for filing an answer to the hearing order with OFIA within 20 days after service of the hearing order.

(d) Answer. An answer to a hearing order must specifically deny those portions of the order that are disputed. Those portions of the order that the
filer does not specifically deny are deemed admitted by the filer. Any hearing under this subpart is limited to those portions of the order that are specifically denied.

(e) Effect of failure to answer. Failure of a filer to file an answer within 20 days after service of the hearing order constitutes a waiver of the filer’s right to appear and contest the allegations in the hearing order. If a filer does not file a timely answer, enforcement counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file with the Comptroller a recommended decision containing the findings and the relief sought in the hearing order. Any final order issued by the Comptroller based upon a filer’s failure to answer is deemed to be an order issued upon consent and is a final and unappealable order.

§ 19.170 Discovery depositions.

(a) General rule. In any proceeding instituted under or subject to the provisions of subpart A of this part, a party may take the deposition of an expert, or of a person, including another party, who has direct knowledge of matters that are non-privileged, relevant, and material to the proceeding, and where there is need for the deposition. The deposition of experts shall be limited to those experts who are expected to testify at the hearing.

(b) Notice. A party desiring to take a deposition shall give reasonable notice in writing to the deponent and to every other party to the proceeding. The notice must state the time and place for taking the deposition, and the name and address of the person to be deposed.

The witness must be duly sworn, and each party will have the right to examine the witness with respect to all non-privileged, relevant, and material matters of which the witness has factual, direct, and personal knowledge. Objections to questions or exhibits must be in short form and must state the grounds for the objection. Failure to object to questions or exhibits is not a waiver except where the grounds for the objection might have been avoided if the objection had been timely presented.

(e) Recording the testimony—(1) Generally. The party taking the deposition must have a certified court reporter record the witness’s testimony: (i) By stenotype machine or electronic sound recording device; (ii) Upon agreement of the parties, by any other method; or (iii) For good cause and with leave of the administrative law judge, by any other method.

(2) Cost. The party taking the deposition must bear the cost of the recording and transcribing the witness’s testimony.

(3) Transcript. Unless the parties agree that a transcription is not necessary, the court reporter must provide a transcript of the witness’s testimony to the party taking the deposition and must make a copy of the transcript available to each party upon payment by that party of the cost of the copy.

(f) Protective orders. At any time after notice of a deposition has been given, a party may file a motion for the issuance of a protective order. Such protective order may prohibit, terminate, or limit the scope or manner of the taking of a deposition. The administrative law judge shall grant such protective order upon a showing of sufficient grounds, including that the deposition:

(1) Is unreasonable, oppressive, excessive in scope, or unduly burdensome;

(2) Involves privileged, irrelevant, or immaterial matters;

(3) Involves unwarranted attempts to pry into a party’s preparation for trial; or

(g) Fees. Deposition witnesses, including expert witnesses, shall be paid the same expenses in the same manner as are paid witnesses in the district courts of the United States in proceedings in which the United States is a party. § 19.171 Deposition subpoenas.

(a) Issuance. At the request of a party, the administrative law judge shall issue a subpoena requiring the attendance of a witness at a discovery deposition under paragraph (a) of this section. The attendance of a witness may be required from any place in any state or territory that is subject to the jurisdiction of the United States or as otherwise permitted by law.

3. Make summary notes during the testimony solely for the use of the person.

Any person who has given or will give testimony and counsel representing the person may be excluded from the proceedings during the taking of testimony of any other witness.

Any person who is compelled to give testimony is entitled to inspect any transcript that has been made of the testimony but may not obtain a copy if the Comptroller’s representatives conducting the proceedings have cause to believe that the contents should not be disclosed pending completion of the investigation.

Any designated representative conducting an investigative proceeding shall report to the Comptroller any instances where a person has been guilty of dilatory, obstructionist or insubordinate conduct during the course of the proceeding or any other instance involving a violation of this part. The Comptroller may take such action as the circumstances warrant, including exclusion of the offending individual or individuals from participation in the proceedings.

§ 19.192 Sanctions relating to conduct in an adjudicatory proceeding.

(a) General rule. Appropriate sanctions may be imposed when any party or person representing a party in an adjudicatory proceeding under this part has failed to comply with an applicable statute, regulation, or order, and that failure to comply:

(1) Constitutes contumacious conduct;

(2) Materially injures or prejudices another party in terms of substantive injury, incurring additional expenses including attorney’s fees, prejudicial delay, or otherwise;

(3) Is a clear and unexcused violation of an applicable statute, regulation, or order; or

(4) Unduly delays the proceeding.

(b) Sanctions. Sanctions which may be imposed include any one or more of the following:

(1) Issuing an order against the party;

(2) Rejecting or striking any testimony or documentary evidence offered, or other papers filed, by the party;

(3) Precluding the party from contesting specific issues or findings;

(4) Precluding the party from offering certain evidence or from challenging or contesting certain evidence offered by another party;

(5) Precluding the party from making a late filing or conditioning a late filing on any terms that are just; and

(6) Assessing reasonable expenses, including attorney’s fees, incurred by any other party as a result of the improper action or failure to act.

(c) Procedure for imposition of sanctions. (1) Upon the motion of any party, or on his or her own motion, the administrative law judge or other presiding officer may impose sanctions in accordance with this section. The administrative law judge or other presiding officer shall submit to the Comptroller for final ruling any sanction entering a final order that determines the case on the merits.

(2) No sanction authorized by this section, other than refusal to accept late filings, shall be imposed without prior notice to all parties and an opportunity for any party against whom sanctions would be imposed to be heard. Such opportunity to be heard may be on such notice, and the response may be in such form as the administrative law judge or other presiding officer directs. The administrative law judge or other presiding officer may limit the opportunity to be heard to an opportunity of a party or a party’s representative to respond orally immediately after the act or inaction covered by this section is noted by the administrative law judge or other presiding officer.

(3) Requests for the imposition of sanctions by any party, and the imposition of sanctions, are subject to interlocutory review pursuant to §19.25 in the same manner as any other ruling.

(d) Section not exclusive. Nothing in this section shall be read as precluding the administrative law judge or other presiding officer or the Comptroller from taking any other action, or imposing any restriction or sanction, authorized by applicable statute or regulation.

§ 19.193 Censure, suspension or debarment.

The Comptroller may censure an individual or suspend or debar such individual from practice before the OCC if he or she is incompetent in representing a client’s rights or interest
§ 19.194 Eligibility of attorneys and accountants to practice.

(a) Attorneys. Any attorney who is qualified to practice as an attorney and is not currently under suspension or debarment pursuant to this subpart may practice before the OCC.

(b) Accountants. Any accountant who is qualified to practice as a certified public accountant or public accountant and is not currently under suspension or debarment by the OCC may practice before the OCC.

§ 19.195 Incompetence.

Incompetence in the representation of a client’s rights and interests in a significant matter before the OCC is grounds for suspension or debarment. The term “incompetence” encompasses conduct that reflects a lack of the knowledge, judgment and skill that a professional would ordinarily and reasonably be expected to exercise in adequately representing the rights and interests of a client. Such conduct includes, but is not limited to:

(a) Handling a matter which the individual knows or should know that he or she is not competent to handle, without associating with a professional who is competent to handle such matter.

(b) Handling a matter without adequate preparation under the circumstances.

(c) Neglect in a matter entrusted to him or her.

§ 19.196 Disreputable conduct.

Disreputable conduct for which an individual may be censured, debarred or suspended from practice before the OCC includes, but is not limited to:

(a) Willfully violating or willfully aiding and abetting the violation of any provision of the Federal banking or applicable securities laws or the rules and regulations thereunder or conviction of any offense involving dishonesty or breach of trust.

(b) Knowingly giving false or misleading information, or participating in any way in the giving of false information to the OCC or any officer or employee thereof, or to any tribunal authorized to pass upon matters administered by the OCC in connection with any matter pending or likely to be pending before it. The term “information” includes facts or other statements contained in testimony, financial statements, applications for enrollment, affidavits, declarations, or any other document or written or oral statement.

(c) Directly or indirectly attempting to influence, or offering or agreeing to attempt to influence, the official action of any officer or employee of the OCC by the use of threats, false accusations, duress or coercion, by the offer of any special inducement or promise of advantage or by the bestowing of any gift, favor, or thing of value.

(d) Disbarment or suspension from practice as an attorney, or debarment or suspension from practice as a certified public accountant or public accountant, by any duly constituted authority of any state, possession, or commonwealth of the United States, or the District of Columbia for the conviction of a felony or misdemeanor involving moral turpitude in matters relating to the supervisory responsibilities of the OCC, where the conviction has not been reversed on appeal.

(e) Knowingly aiding or abetting another individual to practice before the OCC during that individual’s period of suspension, debarment, or ineligibility.

(f) Contemptuous conduct in connection with practice before the OCC, and knowingly making false accusations and statements, or circulating or publishing malicious or libelous matter.

(g) Suspension or debarment from practice before the Board of Governors, the FDIC, the OTS, the Securities and Exchange Commission, the Commodity Futures Trading Commission, or any other Federal agency based on matters relating to the supervisory responsibilities of the OCC.
§ 19.197 Initiation of disciplinary proceeding.

(a) Receipt of information. An individual, including any employee of the OCC, who has reason to believe that an individual practicing before the OCC in a representative capacity has engaged in any conduct that would serve as a basis for censure, suspension or debarment under §19.192, may make a report thereof and forward it to the OCC or to such person as may be delegated responsibility for such matters by the Comptroller.

(b) Censure without formal proceeding. Upon receipt of information regarding an individual’s qualification to practice before the OCC, the Comptroller or the Comptroller’s delegate may, after giving the individual notice and opportunity to respond, censure such individual.

(c) Institution of formal disciplinary proceeding. When the Comptroller has reason to believe that any individual who practices before the OCC in a representative capacity has engaged in conduct that would serve as a basis for censure, suspension or debarment under §19.192, the Comptroller may, after giving the individual notice and opportunity to respond, institute a formal disciplinary proceeding against such individual. The proceeding will be conducted pursuant to §19.199 and initiated by a complaint which names the individual as a respondent and is signed by the Comptroller or the Comptroller’s delegate. Except in cases of willfulness, or when time, the nature of the proceeding, or the public interest do not permit, a proceeding under this section may not be commenced until the respondent has been informed, in writing, of the facts or conduct which warrant institution of a proceeding and the respondent has been accorded the opportunity to comply with all lawful requirements or take whatever action may be necessary to remedy the conduct that is the basis for the commencement of the proceeding.

§ 19.198 Conferences.

(a) General. The Comptroller may confer with a proposed respondent concerning allegations of misconduct or other grounds for censure, debarment or suspension, regardless of whether a proceeding for debarment or suspension has been commenced. If a conference results in a stipulation in connection with a proceeding in which the individual is the respondent, the stipulation may be entered in the record at the request of either party to the proceeding.

(b) Resignation or voluntary suspension. In order to avoid the institution of, or a decision in, a debarment or suspension proceeding, a person who practices before the OCC may consent to suspension from practice. At the discretion of the Comptroller, the individual may be suspended or debarred in accordance with the consent offered.

§ 19.199 Proceedings under this subpart.

Any hearing held under this subpart is held before an administrative law judge pursuant to procedures set forth in subpart A of this part. The Comptroller or the Comptroller’s delegate shall appoint a person to represent the OCC in the hearing. Any person having prior involvement in the matter which is the basis for the suspension or debarment proceeding is disqualified from representing the OCC in the hearing. The hearing will be closed to the public unless the Comptroller on his or her own initiative, or on the request of a party, otherwise directs. The administrative law judge shall issue a recommended decision to the Comptroller who shall issue the final decision and order. The Comptroller may censure, debar or suspend an individual, or take such other disciplinary action as the Comptroller deems appropriate.

§ 19.200 Effect of suspension, debarment or censure.

(a) Debarment. If the final order against the respondent is for debarment, the individual may not practice before the OCC unless otherwise permitted to do so by the Comptroller.

(b) Suspension. If the final order against the respondent is for suspension, the individual may not practice
before the OCC during the period of suspension.
(c) Censure. If the final order against the respondent is for censure, the individual may be permitted to practice before the OCC, but such individual’s future representations may be subject to conditions designed to promote high standards of conduct. If a written letter of censure is issued, a copy will be maintained in the OCC’s files.
(d) Notice of debarment or suspension. Upon the issuance of a final order for suspension or debarment, the Comptroller or the Comptroller’s delegate shall also give notice to the appropriate authorities of the state in which any debarred or suspended individual is or was licensed to practice.

§ 19.201 Petition for reinstatement.
At the expiration of the period of time designated in the order of debarment, the Comptroller may entertain a petition for reinstatement from any person debarred from practice before the OCC. The Comptroller may grant reinstatement only if satisfied that the petitioner is likely to act in accordance with the regulations in this part, and that granting reinstatement would not be contrary to the public interest. Any request for reinstatement shall be limited to written submissions unless the Comptroller, in his or her discretion, affords the petitioner a hearing.

Subpart M—Procedures for Reclassifying a Bank Based on Criteria Other Than Capital

Source: 57 FR 44895, Sept. 29, 1992, unless otherwise noted.

§ 19.220 Scope.
This subpart applies to the procedures afforded to any bank that has been reclassified to a lower capital category by a notice or order issued by the OCC pursuant to section 38 of the Federal Deposit Insurance Act and this part.

§ 19.221 Reclassification of a bank based on unsafe or unsound condition or practice.

(a) Issuance of notice of proposed reclassification—(1) Grounds for reclassification. (i) Pursuant to § 6.4 of this chapter, the OCC may reclassify a well capitalized bank as adequately capitalized or subject an adequately capitalized bank or undercapitalized bank to the supervisory actions applicable to the next lower capital category if:
(A) The OCC determines that the bank is in an unsafe or unsound condition; or
(B) The OCC deems the bank to be engaging in an unsafe or unsound practice and not to have corrected the deficiency.
(ii) Any action pursuant to this paragraph (a)(1) shall hereinafter be referred to as “reclassification.”
(2) Prior notice to institution. Prior to taking action pursuant to § 6.4 of this chapter, the OCC shall issue and serve on the bank a written notice of the OCC’s intention to reclassify the bank.
(b) Contents of notice. A notice of intention to reclassify a bank based on unsafe or unsound condition will include:
(1) A statement of the bank’s capital measures and capital levels and the category to which the bank would be reclassified;
(2) The reasons for reclassification of the bank;
(3) The date by which the bank subject to the notice of reclassification may file with the OCC a written appeal of the proposed reclassification and a request for a hearing, which shall be at least 14 calendar days from the date of service of the notice unless the OCC determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.
(c) Response to notice of proposed reclassification. A bank may file a written
response to a notice of proposed reclassification within the time period set by the OCC. The response should include:

(1) An explanation of why the bank is not in unsafe or unsound condition or otherwise should not be reclassified;

(2) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank or company regarding the reclassification.

(d) Failure to file response. Failure by a bank to file, within the specified time period, a written response with the OCC to a notice of proposed reclassification shall constitute a waiver of the opportunity to respond and shall constitute consent to the reclassification.

(e) Request for hearing and presentation of oral testimony or witnesses. The response may include a request for an informal hearing before the OCC under this section. If the bank desires to present oral testimony or witnesses at the hearing, the bank shall include a request to do so with the request for an informal hearing. A request to present oral testimony or witnesses shall specify the names of the witnesses and the general nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to a hearing, and failure to request the opportunity to present oral testimony or witnesses shall constitute a waiver of any right to present oral testimony or witnesses.

(f) Order for informal hearing. Upon receipt of a timely written request that includes a request for a hearing, the OCC shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the OCC allows further time at the request of the bank. The hearing shall be held in Washington, DC or at such other place as may be designated by the OCC, before a presiding officer(s) designated by the OCC to conduct the hearing.

(g) Hearing procedures. (1) The bank shall have the right to introduce relevant written materials and to present oral argument at the hearing. The bank may introduce oral testimony and present witnesses only if expressly authorized by the OCC or the presiding officer(s). Neither the provisions of the Administrative Procedure Act (5 U.S.C. 554–557) governing adjudications required by statute to be determined on the record nor the Uniform Rules of Practice and Procedure in subpart A of this part apply to an informal hearing under this section unless the OCC orders that such procedures shall apply.

(2) The informal hearing shall be recorded, and a transcript furnished to the bank upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officer(s). The presiding officer(s) may ask questions of any witness.

(3) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(h) Recommendation of presiding officer(s). Within 20 calendar days following the date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the OCC on the reclassification.

(i) Time for decision. Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the OCC will decide whether to reclassify the bank and notify the bank of the OCC’s decision.

§ 19.222 Request for rescission of reclassification.

Any bank that has been reclassified under part 6 of this chapter and this subpart, may, upon a change in circumstances, request in writing that the OCC reconsider the reclassification, and may propose that the reclassification be rescinded and that any directives issued in connection with the reclassification be modified, rescinded, or removed. Unless otherwise ordered by the OCC, the bank shall remain subject to the reclassification and to any directives issued in connection with that reclassification while such request is pending before the OCC.
Subpart N—Order To Dismiss a Director or Senior Executive Officer

SOURCE: 57 FR 44896, Sept. 29, 1992, unless otherwise noted.

§ 19.231 Order to dismiss a director or senior executive officer.

(a) Service of notice. When the OCC issues and serves a directive on a bank pursuant to subpart B of part 6 of this chapter requiring the bank to dismiss from office any director or senior executive officer under section 38(f)(2)(F)(ii) of the FDI Act, the OCC shall also serve a copy of the directive, or the relevant portions of the directive where appropriate, upon the person to be dismissed.

(b) Response to directive—(1) Request for reinstatement. A director or senior executive officer who has been served with a directive under paragraph (a) of this section (Respondent) may file a written request for reinstatement. The request for reinstatement shall be filed within 10 calendar days of the receipt of the directive by the Respondent, unless further time is allowed by the OCC at the request of the Respondent.

(2) Contents of request; informal hearing. The request for reinstatement shall include reasons why the Respondent should be reinstated, and may include a request for an informal hearing before the OCC or its designee under this section. If the Respondent desires to present oral testimony or witnesses at the hearing, the Respondent shall include a request to do so with the request for an informal hearing. The request to present oral testimony or witnesses shall specify the names of the witnesses and the general nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to a hearing and failure to request the opportunity to present oral testimony or witnesses shall constitute a waiver of any right or opportunity to present oral testimony or witnesses.

(3) Effective date. Unless otherwise ordered by the OCC, the dismissal shall remain in effect while a request for reinstatement is pending.

(c) Order for informal hearing. Upon receipt of a timely written request from a Respondent for an informal hearing on the portion of a directive requiring a bank to dismiss from office any director or senior executive officer, the OCC shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the Respondent requests a later date. The hearing shall be held in Washington, DC, or at such other place as may be designated by the OCC, before a presiding officer(s) designated by the OCC to conduct the hearing.

(d) Hearing procedures. (1) A Respondent may appear at the hearing personally or through counsel. A Respondent shall have the right to introduce relevant written materials and to present oral argument. A Respondent may introduce oral testimony and present witnesses only if expressly authorized by the OCC or the presiding officer(s). Neither the provisions of the Administrative Procedure Act governing adjudications required by statute to be determined on the record nor the Uniform Rules of Practice and Procedure in subpart A of this part apply to an informal hearing under this section unless the OCC orders that such procedures shall apply.

(2) The informal hearing shall be recorded, and a transcript furnished to the Respondent upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officer(s). The presiding officer(s) may ask questions of any witness.

(3) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(e) Standard for review. A Respondent shall bear the burden of demonstrating that his or her continued employment

by or service with the bank would materially strengthen the bank’s ability:

(1) To become adequately capitalized, to the extent that the directive was issued as a result of the bank’s capital level or failure to submit or implement a capital restoration plan; and

(2) To correct the unsafe or unsound condition or unsafe or unsound practice, to the extent that the directive was issued as a result of classification of the bank based on supervisory criteria other than capital, pursuant to section 38(g) of the FDI Act.

(f) Recommendation of presiding officer. Within 20 calendar days following the date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the OCC concerning the Respondent’s request for reinstatement with the bank.

(g) Time for decision. Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the OCC shall grant or deny the request for reinstatement and notify the Respondent of the OCC’s decision. If the OCC denies the request for reinstatement, the OCC shall set forth in the notification the reasons for the OCC’s action.

SOURCE: 56 FR 29564, June 28, 1991, unless otherwise noted.

§ 21.1 Purpose and scope of subpart A of this part.

(a) This subpart is issued by the Comptroller of the Currency pursuant to section 3 of the Bank Protection Act of 1968 (12 U.S.C. 36) and is applicable to all national banking associations and all banks located in the District of Columbia subject to the supervision of the Office of the Comptroller of the Currency. It requires each bank to adopt appropriate security procedures to discourage robberies, burglaries, and larcenies and to assist in identifying and apprehending persons who commit such acts.

(b) It is the responsibility of a bank’s board of directors to comply with this regulation and ensure that a security program which equals or exceeds the standards prescribed by this part is developed and implemented for the bank’s main office and branches (as the term “branch” is used in 12 U.S.C. 36).

§ 21.2 Designation of security officer.

Within 30 days after the opening of a new bank, the bank’s board of directors shall designate a security officer who shall have the authority, subject to the approval of the board of directors, for immediately developing and administering a written security program to protect each banking office from robberies, burglaries, and larcenies and to assist in identifying and apprehending persons who commit such acts.

(Approval by the Office of Management and Budget under control number 1557-0180)

§ 21.3 Security program.

(a) Contents of security program. The security program shall:

1. Establish procedures for opening and closing for business and for the safekeeping of all currency, negotiable securities, and similar valuables at all times;

2. Establish procedures that will assist in identifying persons committing crimes against the institution and that will preserve evidence that may aid in their identification or conviction; such procedures may include, but are not limited to:

   (i) Using identification devices, such as prerecorded serial-numbered bills, or chemical and electronic devices;

   (ii) Maintaining a camera that records activity in the banking office; and

   (iii) Retaining a record of any robbery, burglary or larceny committed or attempted against a banking office;

3. Provide for initial and periodic training of employees in their responsibilities under the security program and in proper employee conduct during and after a robbery; and

4. Provide for selecting, testing, operating and maintaining appropriate security devices, as specified in paragraph (b) of this section.

(b) Security devices. Each national bank shall have, at a minimum, the following security devices:

1. A means of protecting cash or other liquid assets, such as a vault, safe, or other secure space;

2. A lighting system for illuminating, during the hours of darkness, the area around the vault, if the vault is visible from outside the banking office;

3. Tamper-resistant locks on exterior doors and exterior windows designed to be opened;

4. An alarm system or other appropriate device for promptly notifying the nearest responsible law enforcement officers of an attempted or perpetrated robbery, burglary or larceny; and

5. Such other devices as the security officer determines to be appropriate, taking into consideration:

   (i) The incidence of crimes against financial institutions in the area;
§ 21.4 Report.

The security officer for a national bank shall report at least annually to the bank’s board of directors on the effectiveness of the security program. The substance of such report shall be reflected in the minutes of the Board meeting in which it is given.

(Approved by the Office of Management and Budget under control number 1557–0180)

Subpart B—Reports of Suspicious Activities

§ 21.11 Suspicious Activity Report.

(a) Purpose and scope. This section ensures that national banks file a Suspicious Activity Report when they detect a known or suspected violation of Federal law or a suspicious transaction related to a money laundering activity or a violation of the Bank Secrecy Act. This section applies to all national banks as well as any Federal branches and agencies of foreign banks licensed or chartered by the OCC.

(b) Definitions. For the purposes of this section:

(1) FinCEN means the Financial Crimes Enforcement Network of the Department of the Treasury.

(2) Institution-affiliated party means any institution-affiliated party as that term is defined in sections 3(u) and 8(b)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1813(u) and 1818(b)(5)).

(3) SAR means a Suspicious Activity Report on the form prescribed by the OCC.

(c) SARs required. A national bank shall file a SAR with the appropriate Federal law enforcement agencies and the Department of the Treasury in accordance with the form’s instructions, by sending a completed SAR to FinCEN in the following circumstances:

(1) Insider abuse involving any amount. Whenever the national bank detects any known or suspected Federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, where the bank believes that it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying one of its directors, officers, employees, agents or other institution-affiliated parties as having committed or aided in the commission of a criminal act, regardless of the amount involved in the violation.

(2) Violations aggregating $5,000 or more where a suspect can be identified. Whenever the national bank detects any known or suspected Federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank and involving or aggregating $5,000 or more in funds or other assets where the bank believes that it was either an actual or potential victim of a criminal violation, or series of criminal violations or that it was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying a possible suspect or group of suspects. If it is determined prior to filing this report that the identified suspect or group of suspects has used an alias, then information regarding the true identity of the suspect or group of suspects, as well as alias identifiers, such as drivers’ license or social security numbers, addresses and telephone numbers, must be reported.

(3) Violations aggregating $25,000 or more regardless of potential suspects. Whenever the national bank detects any known or suspected Federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted...
through the bank and involving or aggregating $25,000 or more in funds or other assets where the bank believes that it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, even though there is no substantial basis for identifying a possible suspect or group of suspects.

(4) **Transactions aggregating $5,000 or more that involve potential money laundering or violate the Bank Secrecy Act.** Any transaction (which for purposes of this paragraph (c)(4) means a deposit, withdrawal, transfer between accounts, exchange of currency, loan, extension of credit, or purchase or sale of any stock, bond, certificate of deposit, or other monetary instrument or investment security, or any other payment, transfer, or delivery by, through, or to a financial institution, by whatever means effected) conducted or attempted by, at or through the national bank and involving or aggregating $5,000 or more in funds or other assets, if the bank knows, suspects, or has reason to suspect that:

(ii) The transaction is designed to evade any regulations promulgated under the Bank Secrecy Act;

(iii) The transaction has no business or apparent lawful purpose or is not the sort in which the particular customer would normally be expected to engage, and the institution knows of no reasonable explanation for the transaction after examining the available facts, including the background and possible purpose of the transaction.

(d) **Time for reporting.** A national bank is required to file a SAR no later than 30 calendar days after the date of the initial detection of facts that may constitute a basis for filing a SAR. If no suspect was identified on the date of detection of the incident requiring the filing, a national bank may delay filing a SAR for an additional 30 calendar days to identify a suspect. In no case shall reporting be delayed more than 60 calendar days after the date of initial detection of a reportable transaction. In situations involving violations requiring immediate attention, such as when a reportable violation is ongoing, the financial institution shall immediately notify, by telephone, an appropriate law enforcement authority and the OCC in addition to filing a timely SAR.

(e) **Reports to state and local authorities.** National banks are encouraged to file a copy of the SAR with state and local law enforcement agencies where appropriate.

(f) **Exceptions.** (1) A national bank need not file a SAR for a robbery or burglary committed or attempted that is reported to appropriate law enforcement authorities.

(2) A national bank need not file a SAR for lost, missing, counterfeit, or stolen securities if it files a report pursuant to the reporting requirements of 17 CFR 240.17f-1.

(g) **Retention of records.** A national bank shall maintain a copy of any SAR filed and the original or business record equivalent of any supporting documentation for a period of five years from the date of the filing of the SAR. Supporting documentation shall be identified and maintained by the bank as such, and shall be deemed to have been filed with the SAR. A national bank shall make all supporting documentation available to appropriate law enforcement agencies upon request.

(h) **Notification to board of directors—** (1) Generally. Whenever a national bank files a SAR pursuant to this section, the management of the bank shall promptly notify its board of directors, or a committee of directors or executive officers designated by the board of directors to receive notice.

(2) **Suspect is a director or executive officer.** If the bank files a SAR pursuant to paragraph (c) of this section and the suspect is a director or executive officer, the bank may not notify the suspect, pursuant to 31 U.S.C. 5318(g)(2),
but shall notify all directors who are not suspects.

(i) Compliance. Failure to file a SAR in accordance with this section and the instructions may subject the national bank, its directors, officers, employees, agents, or other institution-affiliated parties to supervisory action.

(j) Obtaining SARs. A national bank may obtain SARs and the Instructions from the appropriate OCC District Office listed in 12 CFR part 4.

(k) Confidentiality of SARs. SARs are confidential. Any national bank or person subpoenaed or otherwise requested to disclose a SAR or the information contained in a SAR shall decline to produce the SAR or to provide any information that would disclose that a SAR has been prepared or filed, citing this section, applicable law (e.g., 31 U.S.C. 5318(g)), or both, and shall notify the OCC.

(l) Safe harbor. The safe harbor provision of 31 U.S.C. 5318(g), which exempts any financial institution that makes a disclosure of any possible violation of law or regulation from liability under any law or regulation of the United States, or any constitution, law, or regulation of any state or political subdivision, covers all reports of suspected or known criminal violations and suspicious activities to law enforcement and financial institution supervisory authorities, including supporting documentation, regardless of whether such reports are required to be filed pursuant to this section or are filed on a voluntary basis.

(c) Scope. This part, except for §§22.6 and 22.8, applies to loans secured by buildings or mobile homes located or to be located in areas determined by the Director of the Federal Emergency Management Agency to have special flood hazards. Sections 22.6 and 22.8 apply to loans secured by buildings or mobile homes, regardless of location.

§ 22.2 Definitions.

(b) Bank means a national bank or a bank located in the District of Columbia and subject to the supervision of the Comptroller of the Currency.

(c) Building means a walled and roofed structure, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, and a walled and roofed structure while in the course of construction, alteration, or repair.

(d) Community means a State or a political subdivision of a State that has zoning and building code jurisdiction over a particular area having special flood hazards.

(e) Designated loan means a loan secured by a building or mobile home that is located or to be located in a special flood hazard area in which flood insurance is available under the Act.

(f) Director of FEMA means the Director of the Federal Emergency Management Agency.

(g) Mobile home means a structure, transportable in one or more sections, that is built on a permanent chassis and designed for use with or without a permanent foundation when attached to the required utilities. The term mobile home does not include a recreational vehicle. For purposes of this part, the term mobile home means a mobile home on a permanent foundation. The term mobile home includes a manufactured home as that term is used in the NFIP.

(h) NFIP means the National Flood Insurance Program authorized under the Act.

(i) Residential improved real estate means real estate upon which a home or other residential building is located or to be located.

(j) Servicer means the person responsible for:

(2) Making payments of principal and interest and any other payments from the amounts received from the borrower as may be required under the terms of the loan.

(k) Special flood hazard area means the land in the flood plain within a community having at least a one percent chance of flooding in any given year, as designated by the Director of FEMA.

(l) Table funding means a settlement at which a loan is funded by a contemporaneous advance of loan funds and an assignment of the loan to the person advancing the funds.

§ 22.3 Requirement to purchase flood insurance where available.

(a) In general. A bank shall not make, increase, extend, or renew any designated loan unless the building or mobile home and any personal property securing the loan is covered by flood insurance for the term of the loan. The amount of insurance must be at least equal to the lesser of the outstanding principal balance of the designated loan or the maximum limit of coverage available for the particular type of property under the Act. Flood insurance coverage under the Act is limited to the overall value of the property securing the designated loan minus the value of the land on which the property is located.

(b) Table funded loans. A bank that acquires a loan from a mortgage broker or other entity through table funding shall be considered to be making a loan for the purposes of this part.
§ 22.4 Exemptions.

The bank, or a servicer acting on behalf of the bank, shall deposit the flood insurance premiums on behalf of the borrower in an escrow account. This escrow account will be subject to escrow requirements adopted pursuant to section 10 of the Real Estate Settlement Procedures Act of 1974 (12 U.S.C. 2609) (RESPA), which generally limits the amount that may be maintained in escrow accounts for certain types of loans and requires escrow account statements for those accounts, only if the loan is otherwise subject to RESPA. Following receipt of a notice from the Director of FEMA or other provider of flood insurance that premiums are due, the bank, or a servicer acting on behalf of the bank, shall pay the amount owed to the insurance provider from the escrow account by the date when such premiums are due.

The standard flood hazard determination form may be used in a printed, computerized, or electronic manner. A bank may obtain the standard flood hazard determination form from FEMA, P.O. Box 2012, Jessup, MD 20794–2012.

(b) Retention of form. A bank shall retain a copy of the completed standard flood hazard determination form, in either hard copy or electronic form, for the period of time the bank owns the loan.

If the borrower fails to obtain flood insurance within 45 days after notification, then the bank or its servicer shall purchase insurance on the borrower’s behalf. The bank or its servicer may charge the borrower for the cost of premiums and fees incurred in purchasing the insurance.

§ 22.8 Determination fees.

(a) General. Notwithstanding any Federal or State law other than the Flood Disaster Protection Act of 1973 as amended (42 U.S.C. 4001–4129), any bank, or a servicer acting on behalf of the bank, may charge a reasonable fee for determining whether the building or mobile home securing the loan is located or will be located in a special flood hazard area. A determination fee may also include, but is not limited to, a fee for life-of-loan monitoring.

(b) Borrower fee. The determination fee authorized by paragraph (a) of this section may be charged to the borrower if the determination:
Comptroller of the Currency, Treasury § 22.10

(2) Reflects the Director of FEMA’s revision or updating of floodplain areas or flood-risk zones;

(3) Reflects the Director of FEMA’s publication of a notice or compendium that:
   (i) Affects the area in which the building or mobile home securing the loan is located; or
   (ii) By determination of the Director of FEMA, may reasonably require a determination whether the building or mobile home securing the loan is located in a special flood hazard area; or

(4) Results in the purchase of flood insurance coverage by the bank or its servicer on behalf of the borrower under §22.7.

(c) **Purchaser or transferee fee.** The determination fee authorized by paragraph (a) of this section may be charged to the purchaser or transferee of a loan in the case of the sale or transfer of the loan.

§ 22.9 Notice of special flood hazards and availability of Federal disaster relief assistance.

(a) **Notice requirement.** When a bank makes, increases, extends, or renews a loan secured by a building or a mobile home located or to be located in a special flood hazard area, the bank shall mail or deliver a written notice to the borrower and to the servicer in all cases whether or not flood insurance is available under the Act for the collateral securing the loan.

(b) **Contents of notice.** The written notice must include the following information:
   (1) A warning, in a form approved by the Director of FEMA, that the building or the mobile home is or will be located in a special flood hazard area;
   (2) A description of the flood insurance purchase requirements set forth in section 102(b) of the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4012a(b));
   (3) A statement, where applicable, that flood insurance coverage is available under the NFIP and may also be available from private insurers; and
   (4) A statement whether Federal disaster relief assistance may be available in the event of damage to the building or mobile home caused by flooding in a Federally declared disaster.

(c) **Timing of notice.** The bank shall provide the notice required by paragraph (a) of this section to the borrower within a reasonable time before the completion of the transaction, and to the servicer as promptly as practicable after the bank provides notice to the borrower and in any event no later than the time the bank provides other similar notices to the servicer concerning hazard insurance and taxes. Notice to the servicer may be made electronically or may take the form of a copy of the notice to the borrower.

(d) **Record of receipt.** The bank shall retain a record of the receipt of the notices by the borrower and the servicer for the period of time the bank owns the loan.

(e) **Alternate method of notice.** Instead of providing the notice to the borrower required by paragraph (a) of this section, a bank may obtain satisfactory written assurance from a seller or lessor that, within a reasonable time before the completion of the sale or lease transaction, the seller or lessor has provided such notice to the purchaser or lessee. The bank shall retain a record of the written assurance from the seller or lessor for the period of time the bank owns the loan.

(f) **Use of prescribed form of notice.** A bank will be considered to be in compliance with the requirement for notice to the borrower of this section by providing written notice to the borrower containing the language presented in appendix A to this part within a reasonable time before the completion of the transaction. The notice presented in appendix A to this part satisfies the borrower notice requirements of the Act.

§ 22.10 Notice of servicer’s identity.

(a) **Notice requirement.** When a bank makes, increases, extends, renews, sells, or transfers a loan secured by a building or mobile home located or to be located in a special flood hazard area, the bank shall notify the Director of FEMA (or the Director’s designee) in writing of the identity of the servicer
of the loan. The Director of FEMA has designated the insurance provider to receive the bank’s notice of the servicer’s identity. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA’s designee.

(b) Transfer of servicing rights. The bank shall notify the Director of FEMA (or the Director’s designee) of any change in the servicer of a loan described in paragraph (a) of this section, the duty in the servicing of a loan described in paragraph (a) of this section, the duty to provide notice under this paragraph (b) shall transfer to the transferee servicer.

APPENDIX A TO PART 22—SAMPLE FORM OF NOTICE OF SPECIAL FLOOD HAZARDS AND AVAILABILITY OF FEDERAL DISASTER RELIEF ASSISTANCE

We are giving you this notice to inform you that:

The building or mobile home securing the loan for which you have applied is or will be located in an area with special flood hazards.

The area has been identified by the Director of the Federal Emergency Management Agency (FEMA) as a special flood hazard area using FEMA’s Flood Insurance Rate Map or the Flood Hazard Boundary Map for the following community: ______. This area has at least a one percent (1%) chance of a flood equal to or exceeding the base flood elevation (a 100-year flood) in any given year. During the life of a 30-year mortgage loan, the risk of a 100-year flood in a special flood hazard area is 26 percent (26%).

Federal law allows a lender and borrower jointly to request the Director of FEMA to review the determination of whether the property securing the loan is located in a special flood hazard area. If you would like to make such a request, please contact us for further information.

The community in which the property securing the loan is located participates in the National Flood Insurance Program (NFIP). Federal law will not allow us to make you the loan that you have applied for if you do not purchase flood insurance. The flood insurance must be maintained for the life of the loan. If you fail to purchase or renew flood insurance on the property, Federal law authorizes and requires us to purchase the flood insurance for you at your expense.

• Flood insurance coverage under the NFIP may be purchased through an insurance agent who will obtain the policy either directly through the NFIP or through an insurance company that participates in the NFIP. Flood insurance also may be available from private insurers that do not participate in the NFIP.

• At a minimum, flood insurance purchased must cover the lesser of:

  (1) the outstanding principal balance of the loan; or
  (2) the maximum amount of coverage allowed for the type of property under the NFIP.

Flood insurance coverage under the NFIP is limited to the overall value of the property securing the loan minus the value of the land on which the property is located.

• Federal disaster relief assistance (usually in the form of a low-interest loan) may be available for damages incurred in excess of your flood insurance if your community’s participation in the NFIP is in accordance with NFIP requirements.

Flood insurance coverage under the NFIP is not available for the property securing the loan because the community in which the property is located does not participate in the NFIP. In addition, if the non-participating community has been identified for at least one year as containing a special flood hazard area, properties located in the community will not be eligible for Federal disaster relief assistance in the event of a Federally-declared flood disaster.

Subpart A—General Provisions

§ 23.1 Authority, purpose, and scope.
(a) Authority. A national bank may engage in personal property lease financing transactions pursuant to 12 U.S.C. 24(Seventh) or 12 U.S.C. 24(Tenth).
(b) Purpose. The purpose of this part is to set forth standards for personal property lease financing transactions authorized for national banks.
(c) Scope. This part applies to the acquisition of personal property by a national bank for the purpose of, or in connection with, the leasing of that property.

§ 23.2 Definitions.
(a) Affiliate means an affiliate as described in § 23.6.
(b) Capital and surplus means:
1) A bank’s Tier 1 and Tier 2 capital calculated under the OCC’s risk-based capital standards set forth in appendix A to 12 CFR part 3 as reported in the bank’s Consolidated Report of Condition and Income filed under 12 U.S.C. 161; plus
2) The balance of a bank’s allowance for loan and lease losses not included in the bank’s Tier 2 capital, for purposes of the calculation of risk-based capital described in paragraph (b)(1) of this section, as reported in the bank’s Consolidated Report of Condition and Income filed under 12 U.S.C. 161.
(c) CEBA Lease means a personal property lease authorized under 12 U.S.C. 24(Tenth).
(d) Conforming lease means:
1) A CEBA Lease that conforms with the requirements of subparts A and B of this part; or
2) A Section 24(Seventh) Lease that conforms with the requirements of subparts A and C of this part.
(e) Full-payout lease means a lease in which the national bank reasonably expects to realize the return of its full investment in the leased property, plus the estimated cost of financing the property over the term of the lease, from:
1) Rentals;
2) Estimated tax benefits; and
3) The estimated residual value of the property at the expiration of the lease term.
(f) Net lease means a lease under which the national bank will not, directly or indirectly, provide or be obligated to provide for:
1) Servicing, repair, or maintenance of the leased property during the lease term;
2) Parts or accessories for the leased property;
3) Loan of replacement or substitute property while the leased property is being serviced;
4) Payment of insurance for the lessee, except where the lessee has failed in its contractual obligation to purchase or maintain required insurance; or
5) Renewal of any license or registration for the property unless renewal by the bank is necessary to protect its interest as owner or financier of the property.
(g) Off-lease property means property that reverts to a national bank’s possession or control upon the expiration of a lease or upon the default of the lessee.
(h) Section 24(Seventh) Lease means a personal property lease authorized under 12 U.S.C. 24(Seventh).

§ 23.3 Lease requirements.
(a) General requirements. A national bank may acquire personal property for the purpose of, or in connection with leasing that property, and may engage in activities incidental thereto, if the lease qualifies as a full-payout lease and a net lease.
(b) Exceptions—(1) Change in condition. If, in good faith, a national bank believes that there has been a change in condition that threatens its financial position by increasing its exposure to loss, then the bank may:
(i) Take reasonable and appropriate action, including the actions specified in §23.2(f), to salvage or protect the value of the leased property or its interests arising under the lease; and
(ii) Acquire or perfect title to the leased property pursuant to any existing rights.

(2) Provisions to protect the bank’s interests. A national bank may include any provision in a lease, or make any
additional agreement, to protect its financial position or investment in the event of a change in conditions that would increase its exposure to loss.

(3) Arranging for services by a third party. A national bank may arrange for a third party to provide any of the services enumerated in §23.2(f) to the lessee at the expense of the lessee.

§23.4 Investment in personal property.

(a) General rule. A national bank may acquire specific property to be leased only after the bank has entered into:

(1) A conforming lease;
(2) A legally binding written agreement that indemnifies the bank against loss in connection with its acquisition of the property; or
(3) A legally binding written commitment to enter into a conforming lease.

(b) Exception. A national bank may acquire property to be leased without complying with the requirements of paragraph (a) of this section, if:

(1) The acquisition of the property is consistent with the leasing business then conducted by the bank or is consistent with a business plan for expansion of the bank’s existing leasing business or for entry into the leasing business; and
(2) The bank’s aggregate investment in property held pursuant to this paragraph (b) does not exceed 15 percent of the bank’s capital and surplus.

(c) Holding period. At the expiration of the lease (including any renewals or extensions with the same lessee), or in the event of a default on a lease agreement prior to the expiration of the lease term, a national bank shall either liquidate the off-lease property or re-lease it under a conforming lease as soon as practicable. Liquidation or re-lease must occur not later than five years from the date that the bank acquires the legal right to possession or control of the property, except the OCC may extend the period for up to an additional five years, if the bank provides a clearly convincing demonstration why any additional holding period is necessary. The bank must value off-lease property at the lower of current fair market value or book value promptly after the property becomes off-lease property.

(d) Bridge or interim leases. During the holding period allowed by paragraph (c) of this section, a national bank may enter into a short-term bridge or interim lease pending the liquidation of off-lease property or the re-lease of the property under a conforming lease. A short-term bridge or interim lease must be a net lease, but need not comply with any requirement of subpart B or C of this part.

§23.5 Requirement for separate records.

If a national bank enters into both CEBA Leases and Section 24(Seventh) Leases, the bank’s records must distinguish the CEBA Leases from the Section 24(Seventh) Leases.

§23.6 Application of lending limits; restrictions on transactions with affiliates.

A lease entered into pursuant to this part is subject to the lending limits prescribed by 12 U.S.C. 84 or, if the lessee is an affiliate of the bank, to the restrictions on transactions with affiliates prescribed by 12 U.S.C. 371c and 371c–1. The OCC may also determine that other limits or restrictions apply. The term affiliate means an affiliate as defined in 12 U.S.C. 371c or 371c–1, as applicable. For the purpose of measuring compliance with the lending limits prescribed by 12 U.S.C. 84, a national bank records the investment in a lease net of any nonrecourse debt the bank has incurred to finance the acquisition of the leased asset.

Subpart B—CEBA Leases

§23.10 General rule.

Pursuant to 12 U.S.C. 24(Tenth) a national bank may invest in tangible personal property, including vehicles, manufactured homes, machinery, equipment, or furniture, for the purpose of, or in connection with leasing that property, if the aggregate book value of the property does not exceed 10 percent of the bank’s consolidated assets and the related lease is a conforming lease. For the purpose of measuring compliance with the 10 percent limit prescribed by this section, a national bank records the investment in a lease entered into pursuant to this
subpart net of any nonrecourse debt the bank has incurred to finance the acquisition of the leased asset.

§ 23.11 Lease term.
A CEBA Lease must have an initial term of not less than 90 days. A national bank may acquire property subject to an existing lease with a remaining maturity of less than 90 days if, at its inception, the lease was a conforming lease.

§ 23.12 Transition rule.
(a) General rule. A CEBA Lease entered into prior to July 22, 1991, may continue to be administered in accordance with the lease terms in effect as of that date. For purposes of applying the lending limits and the restrictions on transactions with affiliates described in §23.6, however, a national bank that enters into a new extension of credit to a customer, including a lease, on or after July 22, 1991, shall include all outstanding leases regardless of the date on which they were made.

(b) Renewal of non-conforming leases. A national bank may renew a CEBA Lease that was entered into prior to July 22, 1991, and that is not a conforming lease only if the following conditions are satisfied:
(1) The bank entered into the CEBA Lease in good faith;
(2) The expiring lease contains a binding agreement requiring that the bank renew the lease at the lessee’s option, and the bank cannot reasonably avoid its commitment to do so; and
(3) The bank determines in good faith, and demonstrates by appropriate documentation, that renewal of the lease is necessary to avoid financial loss and to recover its investment in, and its cost of financing, the leased property.

Subpart C—Section 24(Seventh) Leases

§ 23.20 General rule.
Pursuant to 12 U.S.C. 24(Seventh) a national bank may invest in tangible or intangible personal property, including vehicles, manufactured homes, machinery, equipment, furniture, patents, copyrights, and other intellectual property, for the purpose of, or in connection with leasing that property, if the related lease is a conforming lease representing a noncancelable obligation of the lessee (notwithstanding the possible early termination of that lease).

§ 23.21 Estimated residual value.
(a) Recovery of investment and costs. A national bank’s estimate of the residual value of the property that the bank relies upon to satisfy the requirements of a full-payout lease, for purposes of this subpart:
(1) Must be reasonable in light of the nature of the leased property and all circumstances relevant to the transaction; and
(2) Any unguaranteed amount must not exceed 25 percent of the original cost of the property to the bank.

(b) Estimated residual value subject to guarantee. The amount of any estimated residual value guaranteed by the manufacturer, the lessee, or other third party may exceed 25 percent of the original cost of the property if the bank determines, and demonstrates by appropriate documentation, that the guarantor has the resources to meet the guarantee and the guarantor is not an affiliate of the bank.

(c) Leases to government entities. A bank’s calculations of estimated residual value in connection with leases of personal property to Federal, State, or local governmental entities may be based on future transactions or renewals that the bank reasonably anticipates will occur.

§ 23.22 Transition rule.
(a) Exclusion. A Section 24(Seventh) Lease entered into prior to June 12, 1979, may continue to be administered in accordance with the lease terms in effect as of that date. For purposes of applying the lending limits and the restrictions on transactions with affiliates described in §23.6, however, a national bank that enters into a new extension of credit to a customer, including a lease, on or after June 12, 1979, shall include all outstanding leases regardless of the date on which they were made.

(b) Renewal of non-conforming leases. A national bank may renew a Section 24(Seventh) Lease that was entered into prior to June 12, 1979, and that is
not a conforming lease only if the following conditions are satisfied:

1. The bank entered into the Section 24(Seventh) Lease in good faith;
2. The expiring lease contains a binding agreement requiring that the bank renew the lease at the lessor’s option, and the bank cannot reasonably avoid its commitment to do so; and
3. The bank determines in good faith, and demonstrates by appropriate documentation, that renewal of the lease is necessary to avoid financial loss and to recover its investment in, and its cost of financing, the leased property.

Subpart B—Standards for Assessing Performance

§ 25.21 Performance tests, standards, and ratings, in general.

(a) Performance tests and standards. The OCC assesses the CRA performance of a bank in an examination as follows:

(1) Lending, investment, and service tests. The OCC applies the lending, investment, and service tests, as provided in §§25.22 through 25.24, in evaluating the performance of a bank, except as provided in paragraphs (a)(2), (a)(3), and (a)(4) of this section.

(2) Community development test for wholesale or limited purpose banks. The OCC applies the community development test for a wholesale or limited purpose bank, as provided in §25.25, except as provided in paragraph (a)(4) of this section.

(3) Small bank performance standards. The OCC applies the small bank performance standards as provided in §25.26 in evaluating the performance of a small bank or a bank that was a small bank during the prior calendar year, unless the bank elects to be assessed as provided in paragraphs (a)(2), (a)(3), and (a)(4) of this section. The bank may elect to be assessed as provided in paragraph (a)(1) of this section only if it collects and reports the data required for other banks under §25.42.

(4) Strategic plan. The OCC evaluates the performance of a bank under a strategic plan if the bank submits, and the OCC approves, a strategic plan as provided in §25.27.

(b) Performance context. The OCC applies the tests and standards in paragraph (a) of this section and also considers whether to approve a proposed strategic plan in the context of:

(1) Demographic data on median income levels, distribution of household income, nature of housing stock, housing costs, and other relevant data pertaining to a bank’s assessment area(s);

(2) Any information about lending, investment, and service opportunities in the bank’s assessment area(s) maintained by the bank or obtained from community organizations, state, local, and tribal governments, economic development agencies, or other sources;

(3) The bank’s product offerings and business strategy as determined from data provided by the bank;

(4) Institutional capacity and constraints, including the size and financial condition of the bank, the economic climate (national, regional, and local), safety and soundness limitations, and any other factors that significantly affect the bank’s ability to provide lending, investments, or services in its assessment area(s);

(5) The bank’s past performance and the performance of similarly situated lenders;

(6) The bank’s public file, as described in §25.43, and any written comments about the bank’s CRA performance submitted to the bank or the OCC; and

(7) Any other information deemed relevant by the OCC.

(c) Assigned ratings. The OCC assigns to a bank one of the following four ratings pursuant to §25.28 and appendix A of this part: “outstanding”; “satisfactory”; “needs to improve”; or “substantial noncompliance” as provided in 12 U.S.C. 2906(b)(2). The rating assigned by the OCC reflects the bank’s record of helping to meet the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with the safe and sound operation of the bank.

(d) Safe and sound operations. This part and the CRA do not require a bank to make loans or investments or to provide services that are inconsistent with safe and sound operations. To the contrary, the OCC anticipates banks can meet the standards of this part with safe and sound loans, investments, and services on which the banks expect to make a profit. Banks are permitted and encouraged to develop and apply flexible underwriting standards for loans that benefit low- or moderate-income geographies or individuals, only if consistent with safe and sound operations.
§ 25.22 Lending test.

(a) Scope of test. (1) The lending test evaluates a bank’s record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank’s home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank’s business, the OCC will evaluate the bank’s consumer lending in one or more of the following categories: motor vehicle, credit card, home equity, other secured, and other unsecured loans. In addition, at a bank’s option, the OCC will evaluate one or more categories of consumer lending, if the bank has collected and maintained, as required in §25.42(c)(1), the data for each category that the bank elects to have the OCC evaluate.

(2) The OCC considers originations and purchases of loans. The OCC will also consider any other loan data the bank may choose to provide, including data on loans outstanding, commitments and letters of credit.

(3) A bank may ask the OCC to consider loans originated or purchased by consortia in which the bank participates or by third parties in which the bank has invested only if the loans meet the definition of community development loans and only in accordance with paragraph (d) of this section. The OCC will not consider these loans under any criterion of the lending test except the community development lending criterion.

(b) Performance criteria. The OCC evaluates a bank’s lending performance pursuant to the following criteria:

(1) Lending activity. The number and amount of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, in the bank’s assessment area(s);

(2) Geographic distribution. The geographic distribution of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:

(i) The proportion of the bank’s lending in the bank’s assessment area(s); and

(ii) The dispersion of lending in the bank’s assessment area(s); and

(iii) The number and amount of loans in low-, moderate-, middle-, and upper-income geographies in the bank’s assessment area(s);

(3) Borrower characteristics. The distribution, particularly in the bank’s assessment area(s), of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:

(i) Home mortgage loans to low-, moderate-, middle-, and upper-income individuals;

(ii) Small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;

(iii) Small business and small farm loans by loan amount at origination; and

(iv) Consumer loans, if applicable, to low-, moderate-, middle-, and upper-income individuals;

(4) Community development lending. The bank’s community development lending, including the number and amount of community development loans, and their complexity and innovativeness; and

(5) Innovative or flexible lending practices. The bank’s use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies.

(c) Affiliate lending. (1) At a bank’s option, the OCC will consider loans by an affiliate of the bank, if the bank provides data on the affiliate’s loans pursuant to §25.42.

(2) The OCC considers affiliate lending subject to the following constraints:

(i) No affiliate may claim a loan origination or loan purchase if another institution claims the same loan origination or purchase; and

(ii) If a bank elects to have the OCC consider loans within a particular lending category made by one or more of the bank’s affiliates in a particular assessment area, the bank shall elect to have the OCC consider, in accordance with paragraph (c)(1) of this section, all the loans within that lending category in that particular assessment area made by all of the bank’s affiliates.
The OCC does not consider affiliate lending in assessing a bank’s performance under paragraph (b)(2)(i) of this section.

(d) Lending by a consortium or a third party. Community development loans originated or purchased by a consortium in which the bank participates or by a third party in which the bank has invested:

(1) Will be considered, at the bank’s option, if the bank reports the data pertaining to these loans under §25.32(b)(2); and

(2) May be allocated among participants or investors, as they choose, for purposes of the lending test, except that no participant or investor:

(i) May claim a loan origination or loan purchase if another participant or investor claims the same loan origination or purchase; or

(ii) May claim loans accounting for more than its percentage share (based on the level of its participation or investment) of the total loans originated by the consortium or third party.

(e) Lending performance rating. The OCC rates a bank’s lending performance as provided in appendix A of this part.

§25.23 Investment test.

(a) Scope of test. The investment test evaluates a bank’s record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank’s assessment area(s).

(b) Exclusion. Activities considered under the lending or service tests may not be considered under the investment test.

(c) Affiliate investment. At a bank’s option, the OCC will consider, in its assessment of a bank’s investment performance, a qualified investment made by an affiliate of the bank, if the qualified investment is not claimed by any other institution.

(d) Disposition of branch premises. Donating, selling on favorable terms, or making available on a rent-free basis a branch of the bank that is located in a predominantly minority neighborhood to a minority depository institution or women’s depository institution (as these terms are defined in 12 U.S.C. 2907(b)) will be considered as a qualified investment.

(e) Performance criteria. The OCC evaluates the investment performance of a bank pursuant to the following criteria:

(1) The dollar amount of qualified investments;

(2) The innovativeness or complexity of qualified investments;

(3) The responsiveness of qualified investments to credit and community development needs; and

(4) The degree to which the qualified investments are not routinely provided by private investors.

(f) Investment performance rating. The OCC rates a bank’s investment performance as provided in appendix A of this part.

§25.24 Service test.

(a) Scope of test. The service test evaluates a bank’s record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of a bank’s systems for delivering retail banking services and the extent and innovativeness of its community development services.

(b) Area(s) benefitted. Community development services must benefit a bank’s assessment area(s) or a broader statewide or regional area that includes the bank’s assessment area(s).

(c) Affiliate service. At a bank’s option, the OCC will consider, in its assessment of a bank’s service performance, a community development service provided by an affiliate of the bank, if the community development service is not claimed by any other institution.

(d) Performance criteria—retail banking services. The OCC evaluates the availability and effectiveness of a bank’s systems for delivering retail banking services, pursuant to the following criteria:

(1) The current distribution of the bank’s branches among low-, moderate-, middle-, and upper-income geographies;

(2) In the context of its current distribution of the bank’s branches, the bank’s record of opening and closing branches, particularly branches located...
§ 25.25 Community development test for wholesale or limited purpose banks.

(a) Scope of test. The OCC assesses a wholesale or limited purpose bank’s record of helping to meet the credit needs of its assessment area(s) under the community development test through its community development lending, qualified investments, or community development services.

(b) Designation as a wholesale or limited purpose bank. In order to receive a designation as a wholesale or limited purpose bank, a bank shall file a request, in writing, with the OCC, at least three months prior to the proposed effective date of the designation. If the OCC approves the designation, it remains in effect until the bank requests revocation of the designation or until one year after the OCC notifies the bank that the OCC has revoked the designation on its own initiative.

(c) Performance criteria. The OCC evaluates the community development performance of a wholesale or limited purpose bank pursuant to the following criteria:

(1) The number and amount of community development loans (including originations and purchases of loans and other community development loan data provided by the bank, such as data on loans outstanding, commitments, and letters of credit), qualified investments, or community development services;

(2) The use of innovative or complex qualified investments, community development loans, or community development services and the extent to which the investments are not routinely provided by private investors; and

(3) The bank’s responsiveness to credit and community development needs.

(d) Indirect activities. At a bank’s option, the OCC will consider in its community development performance assessment:

(1) Qualified investments or community development services provided by an affiliate of the bank, if the investments or services are not claimed by any other institution; and

(2) Community development lending by affiliates, consortia and third parties, subject to the requirements and limitations in §25.22(c) and (d).

(e) Benefit to assessment area(s)—(1) Benefit inside assessment area(s). The OCC considers all qualified investments, community development loans, and community development services that benefit areas within the bank’s assessment area(s) or a broader statewide or regional area that includes the bank’s assessment area(s).

(2) Benefit outside assessment area(s). The OCC considers the qualified investments, community development loans, and community development services that benefit areas outside the bank’s assessment area(s), if the bank has adequately addressed the needs of its assessment area(s).

(f) Community development performance rating. The OCC rates a bank’s community development performance as provided in appendix A of this part.

§ 25.26 Small bank performance standards.

(a) Performance criteria. The OCC evaluates the record of a small bank, or a
bank that was a small bank during the prior calendar year, of helping to meet the credit needs of its assessment area(s) pursuant to the following criteria:

(1) The bank’s loan-to-deposit ratio, adjusted for seasonal variation and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;

(2) The percentage of loans and, as appropriate, other lending-related activities located in the bank’s assessment area(s);

(3) The bank’s record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes;

(4) The geographic distribution of the bank’s loans; and

(5) The bank’s record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

(b) Small bank performance rating. The OCC rates the performance of a bank evaluated under this section as provided in appendix A of this part.

§ 25.27 Strategic plan.

(a) Alternative election. The OCC will assess a bank’s record of helping to meet the credit needs of its assessment area(s) under a strategic plan if:

(1) The bank has submitted the plan to the OCC as provided for in this section;

(2) The OCC has approved the plan;

(3) The plan is in effect; and

(4) The bank has been operating under an approved plan for at least one year.

(b) Data reporting. The OCC’s approval of a plan does not affect the bank’s obligation, if any, to report data as required by §25.42.

(c) Plans in general.—(1) Term. A plan may have a term of no more than five years, and any multi-year plan must include annual interim measurable goals under which the OCC will evaluate the bank’s performance.

(2) Multiple assessment areas. A bank with more than one assessment area may prepare a single plan for all of its assessment areas or one or more plans for one or more of its assessment areas.

(3) Treatment of affiliates. Affiliated institutions may prepare a joint plan if the plan provides measurable goals for each institution. Activities may be allocated among institutions at the institutions’ option, provided that the same activities are not considered for more than one institution.

(d) Public participation in plan development. Before submitting a plan to the OCC for approval, a bank shall:

(1) Informally seek suggestions from members of the public in its assessment area(s) covered by the plan while developing the plan;

(2) Once the bank has developed a plan, formally solicit public comment on the plan for at least 30 days by publishing notice in at least one newspaper of general circulation in each assessment area covered by the plan; and

(3) During the period of formal public comment, make copies of the plan available for review by the public at no cost at all offices of the bank in any assessment area covered by the plan and provide copies of the plan upon request for a reasonable fee to cover copying and mailing, if applicable.

(e) Submission of plan. The bank shall submit its plan to the OCC at least three months prior to the proposed effective date of the plan. The bank shall also submit with its plan a description of its informal efforts to seek suggestions from members of the public, any written public comment received, and, if the plan was revised in light of the comment received, the initial plan as released for public comment.

(f) Plan content.—(1) Measurable goals.

(i) A bank shall specify in its plan measurable goals for helping to meet the credit needs of each assessment area covered by the plan, particularly the needs of low- and moderate-income geographies and low- and moderate-income individuals, through lending, investment, and services, as appropriate.

(ii) A bank shall address in its plan all three performance categories and, unless the bank has been designated as a wholesale or limited purpose bank, shall emphasize lending and lending-related activities. Nevertheless, a different emphasis, including a focus on one or more performance categories,
§ 25.28  Assigned ratings.

(a) Ratings in general. Subject to paragraphs (b) and (c) of this section, the OCC assigns to a bank a rating of “outstanding,” “satisfactory,” “needs to improve,” or “substantial noncompliance” based on the bank’s performance under the lending, investment, and service tests, the community development test, the small bank performance standards, or an approved strategic plan, as applicable.

(b) Lending, investment, and service tests. The OCC assigns a rating for a bank assessed under the lending, investment, and service tests in accordance with the following principles:

(1) A bank that receives an “outstanding” rating on the lending test receives an assigned rating of at least “satisfactory”;

(2) A bank that receives an “outstanding” rating on both the service test and the investment test and a rating of at least “high satisfactory” on the lending test receives an assigned rating of “outstanding”; and
§ 25.41 Assessment area delineation.

(a) In general. A bank shall delineate one or more assessment areas within which the OCC evaluates the bank’s record of helping to meet the credit needs of its community. The OCC does not evaluate the bank’s delineation of its assessment area(s) as a separate performance criterion, but the OCC reviews the delineation for compliance with the requirements of this section.

(b) Geographic area(s) for wholesale or limited purpose banks. The assessment area(s) for a wholesale or limited purpose bank must consist generally of one or more MSAs (using the MSA boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns, in which the bank has its main office, branches, and deposit-taking ATMs.

(c) Geographic area(s) for other banks. The assessment area(s) for a bank other than a wholesale or limited purpose bank must:

(1) Consist generally of one or more MSAs (using the MSA boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns; and

(2) Include the geographies in which the bank has its main office, its branches, and its deposit-taking ATMs, as well as the surrounding geographies in which the bank has originated or purchased a substantial portion of its loans (including home mortgage loans, small business and small farm loans, and any other loans the bank chooses,
such as those consumer loans on which the bank elects to have its performance assessed).

(d) Adjustments to geographic area(s). A bank may adjust the boundaries of its assessment area(s) to include only the portion of a political subdivision that it reasonably can be expected to serve. An adjustment is particularly appropriate in the case of an assessment area that otherwise would be extremely large, of unusual configuration, or divided by significant geographic barriers.

(e) Limitations on the delineation of an assessment area. Each bank’s assessment area(s):

(1) Must consist only of whole geographic units;

(2) May not reflect illegal discrimination;

(3) May not arbitrarily exclude low- or moderate-income geographic areas, taking into account the bank’s size and financial condition; and

(4) May not extend substantially beyond a CMSA boundary or beyond a state boundary unless the assessment area is located in a multistate MSA. If a bank serves a geographic area that extends substantially beyond a state boundary, the bank shall delineate separate assessment areas for the areas in each state. If a bank serves a geographic area that extends substantially beyond a CMSA boundary, the bank shall delineate separate assessment areas for the areas inside and outside the CMSA.

(f) Banks serving military personnel. Notwithstanding the requirements of this section, a bank whose business predominantly consists of serving the needs of military personnel or their dependents who are not located within a defined geographic area may delineate its entire deposit customer base as its assessment area.

(g) Use of assessment area(s). The OCC uses the assessment area(s) delineated by a bank in its evaluation of the bank’s CRA performance unless the OCC determines that the assessment area(s) do not comply with the requirements of this section.

§ 25.42 Data collection, reporting, and disclosure.

(a) Loan information required to be collected and maintained. A bank, except a small bank, shall collect, and maintain in machine readable form (as prescribed by the OCC) until the completion of its next CRA examination, the following data for each small business or small farm loan originated or purchased by the bank:

(1) A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;

(2) The loan amount at origination;

(3) The loan location; and

(4) An indicator whether the loan was to a business or farm with gross annual revenues of $1 million or less.

(b) Loan information required to be reported. A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall report annually by March 1 to the OCC in machine readable form (as prescribed by the OCC) the following data for the prior calendar year:

(1) Small business and small farm loan data. For each geography in which the bank originated or purchased a small business or small farm loan, the aggregate number and amount of loans:

   (i) With an amount at origination of $100,000 or less;
   
   (ii) With amount at origination of more than $100,000 but less than or equal to $250,000;
   
   (iii) With an amount at origination of more than $250,000; and
   
   (iv) To businesses and farms with gross annual revenues of $1 million or less (using the revenues that the bank considered in making its credit decision);

(2) Community development loan data. The aggregate number and aggregate amount of community development loans originated or purchased; and

(3) Home mortgage loans. If the bank is subject to reporting under part 203 of this title, the location of each home mortgage loan application, origination, or purchase outside the MSAs in which the bank has a home or branch office (or outside any MSA) in accordance with the requirements of part 203 of this title.
Comptroller of the Currency, Treasury

§ 25.42

(c) Optional data collection and maintenance—(1) Consumer loans. A bank may collect and maintain in machine readable form (as prescribed by the OCC) data for consumer loans originated or purchased by the bank for consideration under the lending test. A bank may maintain data for one or more of the following categories of consumer loans: motor vehicle, credit card, home equity, other secured, and other unsecured. If the bank maintains data for loans in a certain category, it shall maintain data for all loans originated or purchased within that category. The bank shall maintain data separately for each category, including for each loan:

(i) A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;
(ii) The loan amount at origination or purchase;
(iii) The loan location; and
(iv) The gross annual income of the borrower that the bank considered in making its credit decision.

(2) Other loan data. At its option, a bank may provide other information concerning its lending performance, including additional loan distribution data.

(d) Data on affiliate lending. A bank that elects to have the OCC consider loans by an affiliate, for purposes of the lending or community development test or an approved strategic plan, shall collect, maintain, and report for those loans the data that the bank would have collected, maintained, and reported pursuant to paragraphs (a), (b), and (c) of this section had the loans been originated or purchased by the bank. For home mortgage loans, the bank shall also be prepared to identify the home mortgage loans reported under part 203 of this title by the affiliate.

(e) Data on lending by a consortium or a third party. A bank that elects to have the OCC consider community development loans by a consortium or third party, for purposes of the lending or community development tests or an approved strategic plan, shall report for those loans the data that the bank would have reported under paragraph (b) of this section had the loans been originated or purchased by the bank.

(f) Small banks electing evaluation under the lending, investment, and service tests. A bank that qualifies for evaluation under the small bank performance standards but elects evaluation under the lending, investment, and service tests shall collect, maintain, and report the data required for other banks pursuant to paragraphs (a) and (b) of this section.

(g) Assessment area data. A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall collect and report to the OCC by March 1 of each year a list for each assessment area showing the geographies within the area.

(h) CRA Disclosure Statement. The OCC prepares annually for each bank that reports data pursuant to this section a CRA Disclosure Statement that contains, on a state-by-state basis:

(1) For each county (and for each assessment area smaller than a county) with a population of 500,000 persons or fewer in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in low-, moderate-, middle-, and upper-income geographies;

(ii) A list grouping each geography according to whether the geography is low-, moderate-, middle-, or upper-income;

(iii) A list showing each geography in which the bank reported a small business or small farm loan; and

(iv) The number and amount of small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;

(2) For each county (and for each assessment area smaller than a county) with a population in excess of 500,000 persons in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in geographies with median income relative to the area median income of less than 10 percent, 10 or more but less than 20 percent, 20 or more but less than 30 percent, 30 or more but less than 40 percent, 40 or more but less than 50 percent, 50 or more but less than 60 percent, 60 or more but less
than 70 percent, 70 or more but less than 80 percent, 80 or more but less than 90 percent, 90 or more but less than 100 percent, 100 or more but less than 110 percent, 110 or more but less than 120 percent, and 120 percent or more;

(ii) A list grouping each geography in the county or assessment area according to whether the median income in the geography relative to the area median income is less than 10 percent, 10 or more but less than 20 percent, 20 or more but less than 30 percent, 30 or more but less than 40 percent, 40 or more but less than 50 percent, 50 or more but less than 60 percent, 60 or more but less than 70 percent, 70 or more but less than 80 percent, 80 or more but less than 90 percent, 90 or more but less than 100 percent, 100 or more but less than 110 percent, 110 or more but less than 120 percent, and 120 percent or more;

(iii) A list showing each geography in which the bank reported a small business or small farm loan; and

(iv) The number and amount of small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;

(4) The number and amount of community development loans reported as originated or purchased.

(i) Aggregate disclosure statements. The OCC, in conjunction with the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and the Office of Thrift Supervision, prepares annually, for each MSA (including an MSA that crosses a state boundary) and the non-MSA portion of each state, an aggregate disclosure statement of small business and small farm lending by all institutions subject to reporting under this part or parts 228, 345, or 563e of this title. These disclosure statements indicate, for each geography, the number and amount of all small business and small farm loans originated or purchased by reporting institutions, except that the OCC may adjust the form of the disclosure if necessary, because of special circumstances, to protect the privacy of a borrower or the competitive position of an institution.

(j) Central data depositories. The OCC makes the aggregate disclosure statements, described in paragraph (i) of this section, and the individual bank CRA Disclosure Statements, described in paragraph (h) of this section, available to the public at central data depositories. The OCC publishes a list of the depositories at which the statements are available.

§ 25.43 Content and availability of public file.

(a) Information available to the public. A bank shall maintain a public file that includes the following information:

(1) All written comments received from the public for the current year and each of the prior two calendar years that specifically relate to the bank’s performance in helping to meet community credit needs, and any response to the comments by the bank, if neither the comments nor the responses contain statements that reflect adversely on the good name or reputation of any persons other than the bank or publication of which would violate specific provisions of law;

(2) A copy of the public section of the bank’s most recent CRA Performance Evaluation prepared by the OCC. The bank shall place this copy in the public file within 30 business days after its receipt from the OCC;

(3) A list of the bank’s branches, their street addresses, and geographies;

(4) A list of branches opened or closed by the bank during the current year and each of the prior two calendar years, their street addresses, and geographies;

(5) A list of services (including hours of operation, available loan and deposit products, and transaction fees) generally offered at the bank’s branches and descriptions of material differences in the availability or cost of services at particular branches, if any. At its option, a bank may include information regarding the availability of alternative systems for delivering retail banking services (e.g., ATMs, ATMs not
owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs;

(6) A map of each assessment area showing the boundaries of the area and identifying the geographies contained within the area, either on the map or in a separate list; and

(7) Any other information the bank chooses.

(b) Additional information available to the public—

(1) Banks other than small banks. A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall include in its public file the following information pertaining to the bank and its affiliates, if applicable, for each of the prior two calendar years:

(i) If the bank has elected to have one or more categories of its consumer loans considered under the lending test, for each of these categories, the number and amount of loans:

(A) To low-, moderate-, middle-, and upper-income individuals;

(B) Located in low-, moderate-, middle-, and upper-income census tracts; and

(2) Banks required to report Home Mortgage Disclosure Act (HMDA) data. A bank required to report home mortgage loan data pursuant part 203 of this title shall include in its public file a copy of the HMDA Disclosure Statement provided by the Federal Financial Institutions Examination Council pertaining to the bank for each of the prior two calendar years. In addition, a bank that elected to have the OCC consider the mortgage lending of an affiliate for any of these years shall include in its public file the affiliate’s HMDA Disclosure Statement for those years. The bank shall place the statement(s) in the public file within three business days after its receipt.

(3) Small banks. A small bank or a bank that was a small bank during the prior calendar year shall include in its public file:

(i) The bank’s loan-to-deposit ratio for each quarter of the prior calendar year and, at its option, additional data on its loan-to-deposit ratio; and

(5) Banks with less than satisfactory ratings. A bank that received a less than satisfactory rating during its most recent examination shall include in its public file a description of its current efforts to improve its performance in helping to meet the credit needs of its entire community. The bank shall update the description quarterly.

(c) Location of public information. A bank shall make available to the public for inspection upon request and at no cost the information required in this section as follows:

Only a branch of a bank having more than one assessment area shall include the bracketed material in the notice for branch offices. Only a bank that is an affiliate of a holding company shall include the next to the last sentence of the notices. A bank shall include the last sentence of the notices only if it is an affiliate of a holding company that is not prevented by statute from acquiring additional banks.

The OCC publishes at least 30 days in advance of the beginning of each calendar quarter a list of banks scheduled for CRA examinations in that quarter.

Subpart E—Prohibition Against Use of Interstate Branches Primarily for Deposit Production

Source: 62 FR 47734, Sept. 10, 1997, unless otherwise noted.

§ 25.61 Purpose and scope.

(a) Purpose. The purpose of this subpart is to implement section 109 (12 U.S.C. 1835a) of the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 (Interstate Act).

(b) Scope. (1) This subpart applies to any national bank that has operated a covered interstate branch for a period of at least one year, and any foreign bank that has operated a covered interstate branch that is a Federal branch for a period of at least one year.

(2) This subpart describes the requirements imposed under 12 U.S.C. 1835a, which requires the appropriate Federal banking agencies (the OCC, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation) to prescribe uniform rules that prohibit a bank from using any authority to engage in interstate branching pursuant to the Interstate Act, or any amendment made by the Interstate Act to any other provision of law, primarily for the purpose of deposit production.

§ 25.62 Definitions.

For purposes of this subpart, the following definitions apply:

(a) Bank means, unless the context indicates otherwise:

(1) A national bank; and

(2) A foreign bank as that term is defined in 12 U.S.C. 3101(7) and 12 CFR 28.11(j).

(b) Covered interstate branch means any branch of a national bank, and any Federal branch of a foreign bank, that:

(1) Is established or acquired outside the bank’s home state pursuant to the interstate branching authority granted by the Interstate Act or by any amendment made by the Interstate Act to any other provision of law; or

(2) Could not have been established or acquired outside of the bank’s home state but for the establishment or acquisition of a branch described in paragraph (b)(1) of this section.

(c) Federal branch means Federal branch as that term is defined in 12 U.S.C. 3101(6) and 12 CFR 28.11(i).

(d) Home state means:

(1) With respect to a state bank, the state that chartered the bank;

(2) With respect to a national bank, the state in which the main office of the bank is located; and

(3) With respect to a foreign bank, the home state of the foreign bank as determined in accordance with 12 U.S.C. 3103(c) and 12 CFR 28.11(o).

(e) Host state means a state in which a bank establishes or acquires a covered interstate branch.

(f) Host state loan-to-deposit ratio generally means, with respect to a particular host state, the ratio of total loans in the host state relative to total deposits from the host state for all banks (including institutions covered under the definition of “bank” in 12 U.S.C. 1813(a)(1)) that have that state as their home state, as determined and updated periodically by the appropriate Federal banking agencies and made available to the public.

(g) State means state as that term is defined in 12 U.S.C. 1813(a)(3).

(h) Statewide loan-to-deposit ratio means, with respect to a bank, the ratio of the bank’s loans to its deposits
in a state in which the bank has one or more covered interstate branches, as determined by the OCC.

§ 25.63 Loan-to-deposit ratio screen.

(a) Application of screen. Beginning no earlier than one year after a bank establishes or acquires a covered interstate branch, the OCC will consider whether the bank’s statewide loan-to-deposit ratio is less than 50 percent of the relevant host state loan-to-deposit ratio.

(b) Results of screen. (1) If the OCC determines that the bank’s statewide loan-to-deposit ratio is 50 percent or more of the host state loan-to-deposit ratio, no further consideration under this subpart is required.

(2) If the OCC determines that the bank’s statewide loan-to-deposit ratio is less than 50 percent of the host state loan-to-deposit ratio, or if reasonably available data are insufficient to calculate the bank’s statewide loan-to-deposit ratio, the OCC will make a credit needs determination for the bank as provided in §25.64.

§ 25.64 Credit needs determination.

(a) In general. The OCC will review the loan portfolio of the bank and determine whether the bank is reasonably helping to meet the credit needs of the communities in the host state that are served by the bank.

(b) Guidelines. The OCC will use the following considerations as guidelines when making the determination pursuant to paragraph (a) of this section:

(1) Whether covered interstate branches were formerly part of a failed or failing depository institution;

(2) Whether covered interstate branches were acquired under circumstances where there was a low loan-to-deposit ratio because of the nature of the acquired institution’s business or loan portfolio;

(3) Whether covered interstate branches have a high concentration of commercial or credit card lending, trust services, or other specialized activities, including the extent to which the covered interstate branches accept deposits in the host state;

(4) The CRA ratings received by the bank, if any;

(5) Economic conditions, including the level of loan demand, within the communities served by the covered interstate branches;

(6) The safe and sound operation and condition of the bank; and

(7) The OCC’s CRA regulations (subparts A through D of this part) and interpretations of those regulations.

§ 25.65 Sanctions.

(a) In general. If the OCC determines that a bank is not reasonably helping to meet the credit needs of the communities served by the bank in the host state, and that the bank’s statewide loan-to-deposit ratio is less than 50 percent of the host state loan-to-deposit ratio, the OCC:

(1) May order that a bank’s covered interstate branch or branches be closed unless the bank provides reasonable assurances to the satisfaction of the OCC, after an opportunity for public comment, that the bank has an acceptable plan under which the bank will reasonably help to meet the credit needs of the communities served by the bank in the host state; and

(2) Will not permit the bank to open a new branch in the host state that would be considered to be a covered interstate branch unless the bank provides reasonable assurances to the satisfaction of the OCC, after an opportunity for public comment, that the bank will reasonably help to meet the credit needs of the community that the new branch will serve.

(b) Notice prior to closure of a covered interstate branch. Before exercising the OCC’s authority to order the bank to close a covered interstate branch unless the bank provides reasonable assurances to the satisfaction of the OCC, after an opportunity for public comment, that the bank will reasonably help to meet the credit needs of the community that the new branch will serve.

(c) Hearing. The OCC will conduct a hearing scheduled under paragraph (b) of this section in accordance with the provisions of 12 U.S.C. 1818(h) and 12 CFR part 19.

APPENDIX A TO PART 25—RATINGS

(a) Ratings in general. (1) In assigning a rating, the OCC evaluates a bank’s performance under the applicable performance criteria in this part, in accordance with §§25.21, and 25.26, which provides for adjustments on the
basis of evidence of discriminatory or other illegal credit practices.

(2) A bank’s performance need not fit each aspect of a particular rating profile in order to receive that rating, and exceptionally strong performance with respect to some aspects may compensate for weak performance in others. The bank’s overall performance, however, must be consistent with safe and sound banking practices and generally with the appropriate rating profile as follows.

(b) **Banks evaluated under the lending, investment, and service tests.** (1) **Lending performance rating.** The OCC assigns each bank’s lending performance one of the five following ratings.

(i) **Outstanding.** The OCC rates a bank’s lending performance “outstanding” if, in general, it demonstrates:

(B) A substantial majority of its loans are made in its assessment(s);

(C) An excellent geographic distribution of loans in its assessment(s);

(E) An excellent record of serving the credit needs of highly economically disadvantaged areas in its assessment(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;

(F) Extensive use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made an adequate level of community development loans.

(ii) **High satisfactory.** The OCC rates a bank’s lending performance “high satisfactory” if, in general, it demonstrates:

(F) Limited use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made an adequate level of community development loans.

(iii) **Low satisfactory.** The OCC rates a bank’s lending performance “low satisfactory” if, in general, it demonstrates:

(A) Adequate responsiveness to credit needs in its assessment(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment(s);

(B) An adequate percentage of its loans are made in its assessment(s);

(C) An adequate geographic distribution of loans in its assessment(s);

(F) Use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made a relatively high level of community development loans.

(iv) **Needs to improve.** The OCC rates a bank’s lending performance “needs to improve” if, in general, it demonstrates:

(A) Poor responsiveness to credit needs in its assessment(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment(s);

(B) A small percentage of its loans are made in its assessment(s);

(C) A poor geographic distribution of loans, particularly to low- or moderate-income geographies, in its assessment(s);

(G) It has made a low level of community development loans.

(v) Substantial noncompliance. The OCC rates a bank’s lending performance as being in “substantial noncompliance” if, in general, it demonstrates:

(A) A very poor responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(F) No use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made few, if any, community development loans.

(2) Investment performance rating. The OCC assigns each bank’s investment performance one of the five following ratings:

(i) Outstanding. The OCC rates a bank’s investment performance “outstanding” if, in general, it demonstrates:

(A) An excellent level of qualified investments, particularly those that are not routinely provided by private investors, often in a leadership position;

(B) Extensive use of innovative or complex qualified investments; and

(C) Excellent responsiveness to credit and community development needs.

(A) Its service delivery systems are readily accessible to geographies and individuals of different income levels in its assessment area(s);

(D) It provides few, if any, community development services.

(c) Wholesale or limited purpose banks. The OCC assigns each wholesale or limited purpose bank’s community development performance one of the four following ratings:

(1) Outstanding. The OCC rates a wholesale or limited purpose bank’s community development performance “outstanding” if, in general, it demonstrates:

(i) A high level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(d) Banks evaluated under the small bank performance standards. The OCC rates the performance of each bank evaluated under the small bank performance standards as follows:

(1) Eligibility for a satisfactory rating. The OCC rates a bank’s performance “satisfactory” if, in general, the bank demonstrates:

(i) A reasonable loan-to-deposit ratio (considering seasonal variations) given the bank’s size, financial condition, the credit needs of its assessment area(s), and taking into account, as appropriate, lending-related activities such as loan originations for sale to the secondary markets and community development loans and qualified investments;

(ii) A majority of its loans and, as appropriate, other lending-related activities are in its assessment area(s);

(iii) A distribution of loans to and, as appropriate, other lending-related activities are in areas for individuals of different income levels (including low- and moderate-income individuals) and businesses and farms of different sizes that is reasonable given the demographics of the bank’s assessment area(s);

(iv) A record of taking appropriate action, as warranted, in response to written complaints, if any, about the bank’s performance in helping to meet the credit needs of its assessment area(s); and

(v) A reasonable geographic distribution of loans given the bank’s assessment area(s).

(2) Eligibility for an outstanding rating. A bank that meets each of the standards for a “satisfactory” rating under this paragraph and exceeds some or all of those standards may warrant consideration for an overall rating of “outstanding.” In assessing whether a bank’s performance is “outstanding,” the OCC considers the extent to which the bank exceeds each of the performance standards for a “satisfactory” rating and its performance in making qualified investments and its performance in providing branches and other services and delivery systems that enhance credit availability in its assessment area(s).

(3) Needs to improve or substantial noncompliance ratings. A bank also may receive a rating of “needs to improve” or “substantial noncompliance” depending on the degree to which its performance has failed to meet the standards for a “satisfactory” rating.

(e) Strategic plan assessment and rating—(1) Satisfactory goals. The OCC approves as “satisfactory” measurable goals that adequately help to meet the credit needs of the bank’s assessment area(s).

(2) Outstanding goals. If the plan identifies a separate group of measurable goals that substantially exceed the levels approved as “satisfactory,” the OCC will approve those goals as “outstanding.”

(3) Rating. The OCC assesses the performance of a bank operating under an approved plan to determine if the bank has met its plan goals:

(i) If the bank substantially achieves its plan goals for a satisfactory rating, the OCC will rate the bank’s performance under the plan as “satisfactory.”

(ii) If the bank exceeds its plan goals for a satisfactory rating and substantially achieves its plan goals for an outstanding rating, the OCC will rate the bank’s performance under the plan as “outstanding.”

(iii) If the bank fails to meet substantially its plan goals for a satisfactory rating, the OCC will rate the bank as either “needs to improve” or “substantial noncompliance,” depending on the extent to which it falls short of its plan goals, unless the bank elected in its plan to be rated otherwise, as provided in §25.27(1)(4).

PART 26—MANAGEMENT OFFICIAL INTERLOCKS

Sec.

26.1 Authority, purpose, and scope.
26.2 Definitions.
26.3 Prohibitions.
26.4 Interlocking relationships permitted by statute.
26.5 Small market share exemption.
26.6 General exemption.
26.7 Change in circumstances.
26.8 Enforcement.

SOURCE: 61 FR 40300, Aug. 2, 1996, unless otherwise noted.

§ 26.1 Authority, purpose, and scope.

(b) Purpose. The purpose of the Interlocks Act and this part is to foster competition by generally prohibiting a management official from serving two nonaffiliated depository organizations in situations where the management interlock likely would have an anti-competitive effect.

(c) Scope. This part applies to management officials of national banks, District banks, and affiliates of either.

§ 26.2 Definitions.

For purposes of this part, the following definitions apply:

(a) Affiliate. (1) The term affiliate has the meaning given in section 202 of the Interlocks Act (12 U.S.C. 3201). For purposes of that section 202, shares held by
an individual include shares held by members of his or her immediate family. ‘‘Immediate family’’ means spouse, mother, father, child, grandchild, sister, brother, or any of their spouses, whether or not any of their shares are held in trust.

(2) For purposes of section 202(3)(B) of the Interlocks Act (12 U.S.C. 3201(3)(B)), an affiliate relationship involving a national bank based on common ownership does not exist if the OCC determines, after giving the affected persons the opportunity to respond, that the asserted affiliation was established in order to avoid the prohibitions of the Interlocks Act and does not represent a true commonality of interest between the depository organizations. In making this determination, the OCC considers, among other things, whether a person, including members of his or her immediate family, whose shares are necessary to constitute the group owns a nominal percentage of the shares of one of the organizations and the percentage is substantially disproportionate to that person’s ownership of shares in the other organization.

(b) Area median income means:

(1) The median family income for the metropolitan statistical area (MSA), if a depository organization is located in an MSA; or

(2) The statewide nonmetropolitan median family income, if a depository organization is located outside an MSA.

(c) Community means a city, town, or village, and contiguous or adjacent cities, towns, or villages.

(d) Contiguous or adjacent cities, towns, or villages means cities, towns, or villages whose borders touch each other or whose borders are within 10 road miles of each other at their closest points. The property line of an office located in an unincorporated city, town, or village is the boundary line of that city, town, or village for the purpose of this definition.

(e) Depository holding company means a bank holding company or a savings and loan holding company (as more fully defined in section 202 of the Interlocks Act (12 U.S.C. 3201)) having its principal office located in the United States.

(f) Depository institution means a commercial bank (including a private bank), a savings bank, a trust company, a savings and loan association, a building and loan association, a homestead association, a cooperative bank, an industrial bank, or a credit union, chartered under the laws of the United States and having a principal office located in the United States. Additionally, a United States office, including a branch or agency, of a foreign commercial bank is a depository institution.

(g) Depository institution affiliate means a depository institution that is an affiliate of a depository organization.

(h) Depository organization means a depository institution or a depository holding company.

(j) Low- and moderate-income areas means census tracts (or, if an area is not in a census tract, block numbering areas delineated by the United States Bureau of the Census) where the median family income is less than 100 percent of the area median income.

(k) Management official. (1) The term management official means:

(i) A director;

(ii) An advisory or honorary director of a depository institution with total assets of $100 million or more;

(iii) A senior executive officer as that term is defined in 12 CFR 5.51(c)(3);

(iv) A branch manager;

§ 26.3 Prohibitions.

(a) Community. A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same community.

(b) RMSA. A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same RMSA and each depository organization has total assets of $20 million or more.

(c) Major assets. A management official of a depository organization with total assets exceeding $2.5 billion (or any affiliate of such an organization) may not serve at the same time as a management official of an unaffiliated depository organization with total assets exceeding $1.5 billion (or any affiliate of such an organization), regardless of the location of the two depository organizations. The OCC will adjust these thresholds, as necessary, based on the year-to-year change in the average of the Consumer Price Index for the Urban Wage Earners and Clerical Workers, not seasonally adjusted, with rounding to the nearest $100 million. The OCC will announce the revised thresholds by publishing a final rule without notice and comment in the Federal Register.

§ 26.4 Interlocking relationships permitted by statute.

The prohibitions of §26.3 do not apply in the case of any one or more of the following organizations or to a subsidiary thereof:
(a) A depository organization that has been placed formally in liquidation, or which is in the hands of a receiver, conservator, or other official exercising a similar function;

(b) A corporation operating under section 25 or section 25A of the Federal Reserve Act (12 U.S.C. 601 et seq. and 12 U.S.C. 611 et seq., respectively) (Edge Corporations and Agreement Corporations);

(c) A credit union being served by a management official of another credit union;

(d) A depository organization that does not do business within the United States except as an incident to its activities outside the United States;

(e) A State-chartered savings and loan guaranty corporation;

(f) A Federal Home Loan Bank or any other bank organized solely to serve depository institutions (a bankers’ bank) or solely for the purpose of providing securities clearing services and services related thereto for depository institutions and securities companies;

(g) A depository organization that is closed or is in danger of closing as determined by the appropriate Federal depository institutions regulatory agency and is acquired by another depository organization. This exemption lasts for five years, beginning on the date the depository organization is acquired;

(h) (1) A diversified savings and loan holding company (as defined in section 10(a)(1)(F) of the Home Owners’ Loan Act (12 U.S.C. 1467a(a)(1)(F)) with respect to the service of a director of such company who also is a director of an unaffiliated depository organization if:

(i) Both the diversified savings and loan holding company and the unaffiliated depository organization notify their appropriate Federal depository institutions regulatory agency at least 60 days before the dual service is proposed to begin; and

(ii) The appropriate regulatory agency does not disapprove the dual service before the end of the 60-day period.

(2) The OCC may disapprove a notice of proposed service if it finds that:

(i) The service cannot be structured or limited so as to preclude an anti-competitive effect in financial services in any part of the United States;

(ii) The service would lead to substantial conflicts of interest or unsafe or unsound practices; or

(iii) The notificant failed to furnish all the information required by the OCC.

(3) The OCC may require that any interlock permitted under this paragraph (h) be terminated if a change in circumstances occurs with respect to one of the interlocked depository organizations that would have provided a basis for disapproval of the interlock during the notice period.

§ 26.5 Small market share exemption.

(a) Exemption. A management interlock that is prohibited by §26.3 is permissible, if:

(1) The interlock is not prohibited by §26.3(c); and

(2) The depository organizations (and their depository institution affiliates) hold, in the aggregate, no more than 20 percent of the deposits in each RMSA or community in which both depository organizations (or their depository institution affiliates) have offices. The amount of deposits shall be determined by reference to the most recent annual Summary of Deposits published by the FDIC for the RMSA or community.

(b) Confirmation and records. Each depository organization must maintain records sufficient to support its determination of eligibility for the exemption under paragraph (a) of this section, and must reconfirm that determination on an annual basis.

[64 FR 51678, Sept. 24, 1999]

§ 26.6 General exemption.

(a) Exemption. The OCC may by order issued following receipt of an application, exempt an interlock from the prohibitions in §26.3 if the OCC finds that the interlock would not result in a monopoly or substantial lessening of competition and would not present safety and soundness concerns.

(b) Presumptions. In reviewing an application for an exemption under this section, the OCC will apply a rebuttable presumption that an interlock will not result in a monopoly or substantial lessening of competition if the
§ 26.7 Change in circumstances.

(a) Termination. A management official shall terminate his or her service or apply for an exemption if a change in circumstances causes the service to become prohibited. A change in circumstances may include an increase in asset size of an organization, a change in the delineation of the RMSA or community, the establishment of an office, an increase in the aggregate deposits of the depository organization, or an acquisition, merger, consolidation, or any reorganization of the ownership structure of a depository organization that causes a previously permissible interlock to become prohibited.

(b) Transition period. A management official described in paragraph (a) of this section may continue to serve the depository organization involved in the interlock for 15 months following the date of the change in circumstances. The OCC may shorten this period under appropriate circumstances.

§ 26.8 Enforcement.

Except as provided in this section, the OCC administers and enforces the Interlocks Act with respect to national banks, District banks, and affiliates of either, and may refer any case of a prohibited interlocking relationship involving these entities to the Attorney General of the United States to enforce compliance with the Interlocks Act and this part. If an affiliate of a national bank or a District bank is subject to the primary regulation of another Federal depository organization supervisory agency, then the OCC does not administer and enforce the Interlocks Act with respect to that affiliate.

§ 27.1 Scope and OMB control number.

(a) Scope. This part applies to the activities of national banks and banks located in the District of Columbia, and their subsidiaries, which make home loans for the purpose of purchasing, construction-permanent financing, or refinancing of residential real property.

(b) OMB control number. The collection of information requirements contained in this part were approved by the Office of Management and Budget under OMB control number 1557-0160.

[49 FR 11825, Mar. 28, 1984]
§ 27.2 Definitions.

For the purpose of this part, including all forms and instructions issued for use under this part:

(a) Applicant means a natural person, including a co-applicant, who makes an application.

(b) Application means an oral in-person or written request for an extension of credit for a home loan that is made in accordance with procedures established by a bank for the type of credit requested.

(c) Bank means a national bank or bank located in the District of Columbia, and any subsidiaries of such a bank.

(d) Completed application means an application in connection with which a bank has received all the information that it regularly obtains and considers in evaluating the amount and type of credit requested.

(e) Decision center means the place where home loan applications are accepted or rejected.

(f) Home loan means a real estate loan for the purchase, permanent financing for construction, or the refinancing of residential real property which the applicant intends to occupy as a principal residence.

(g) Inquirer means a natural person who makes an inquiry.

(h) Inquiry means a written or an oral in-person request for information about the terms of a home loan by a natural person on his/her own behalf which is received on a bank’s premises by any person at the bank who customarily receives or is authorized to receive such requests. Telephonic communications do not constitute an inquiry for purposes of this part.

(i) Real estate loan means any loan secured by real estate where the bank relies upon such real estate as the primary security for the loan. Where the bank in its judgment relies substantially upon other factors, such as the general credit standing of the borrower, guaranties, or security other than real estate, the loan does not constitute a real estate loan, although as a matter of prudent banking practice it may also be secured by real estate.

(j) Residential real property means improved real property (not vacant land) used or intended to be used for residential purposes, including single family homes, dwellings for from two to four families, and individual units of condominiums and cooperatives.

§ 27.3 Recordkeeping requirements.

(a) Quarterly recordkeeping requirement. (1) A bank that is required to collect data on home loans under part 203 of this title shall present the data on Federal Reserve Form FR HMDA-LAR or in an automated format in accordance with the instructions, except that:

(i) A bank shall maintain the reason(s) it denied a loan application, using the codes provided in part 203 of this title; and

(ii) A bank shall record all information required by this paragraph and part 203 of this title within 30 calendar days after the end of each calendar quarter.

(2) A bank that receives 50 or more home loan applications a year, as measured by the previous calendar year, and that is not required to collect data under paragraph (a)(1) of this section, shall record and maintain for each decision center the following information on home loan activity:

(i) Number of applications received for each of the following: Purchase; construction-permanent; refinance.

(ii) Number of loans closed for each of the following: Purchase; construction-permanent; refinance.

(iii) Number of loans denied for each of the following: Purchase; construction-permanent; refinance.

(iv) Number of loans withdrawn by applicant, for each of the following: as a prudent banking practice the security interest is recorded or otherwise perfected as if the mobile home were real estate. For purposes of this part, a loan made in reliance upon the security of a mobile home and the parcel of land to which it is permanently affixed will be considered a real estate loan.

(2) Where the bank relies substantially on the insurance guaranty of a governmental agency in making a loan, it does not constitute a real estate loan except for the purposes of §27.4 of this part (Inquiry/Application Log).
§ 27.3 Purchase; construction-permanent; refinance

(3) The information required to be maintained under paragraph (a)(2) of this section shall be updated quarterly, within 30 calendar days after the end of each calendar quarter, in a format consistent with the bank’s recordkeeping procedures.

(4) A bank exempted under paragraph (a)(2) of this section shall be covered by that requirement beginning the month following any quarter in which their average monthly volume of home loan applications exceeds four applications per month. Banks which are subject to this paragraph may discontinue keeping this information beginning the month following two consecutive quarters in which their average monthly volume of home loan applications drops to four or fewer applications per month. A bank which is otherwise exempted under this paragraph may be required upon notification received from the Comptroller, to record and maintain such information where there is cause to believe that the bank is not in compliance with the fair housing laws based on prior examinations and/or has substantive consumer complaints, among other factors.

(5) A bank required to maintain information under paragraph (a)(2) or (a)(4) of this section may choose to comply with the quarterly recordkeeping requirement by maintaining information in accordance with paragraph (a)(1) of this section.

(b) Information required on applications for home loans—(1) Each bank shall attempt to obtain all of the information listed below, as part of completed applications for home loans:

When a bank changes its regular practice, such change and its effective date should be identifiable with respect to the bank’s new policy.

(xv) Purchase price. Sales price or approximate current market value of the property which will secure the loan.

(8) Any additional information used by the bank in determining whether or not to extend credit, or in establishing the terms, including, but not limited to, credit reports, employment verification forms, Federal Income Tax Forms, availability of insurance, and the complete appraisal.

§ 27.4 Inquiry/Application Log.

(a) The Comptroller, among other things, may require a bank to maintain a Fair Housing Inquiry/Application Log (“Log”), based upon, but not limited to, one or more of the following causes:

(1) There is reason(s) to believe that the bank may be prescreening or otherwise engaging in discriminatory practices on a prohibited basis.

(2) Complaints filed with the Comptroller or letters in the Community Reinvestment Act file are found to be substantive in nature, indicating that the bank’s home lending practices are, or may be, discriminatory.

(3) Analysis of the data compiled by the bank under the provisions of the Home Mortgage Disclosure Act (12 U.S.C. 2801 et seq. and Regulation C of the Federal Reserve Board, 12 CFR part 203) indicates a pattern of significant variation in the number of home loans between census tracts with similar incomes and home ownership levels, differentiated only by race or national origin (i.e., possible racial redlining).

(b) The Comptroller, when requiring the maintenance of a Log, will specify in writing:

(1) The location(s) where the information shall be obtained;

(2) The length of time it shall be maintained;

(3) The frequency with which it shall be submitted to the Comptroller; and

(4) The reason(s) for imposing this requirement.

(5) Race/national origin of the inquirer(s) or applicant(s) using the categories: American Indian or Alaskan Native; Asian or Pacific Islander; Black, not of Hispanic origin; White, not of Hispanic origin; Hispanic; Other. In the case of inquiries, this item shall be noted on the basis of visual observation or surname(s) only. In the case of applications, the information shall be obtained pursuant to §27.3(b)(2).

(6) Location. Complete street address, city, county, state and zip code of the property which will secure the extension of credit. The census tract shall also be recorded when the property is located in an SMSA in which the bank has a home office or branch office.

(d) The information required under §27.4(c), of this part, shall be recorded and maintained on the form set forth in appendix III. Additional information may be recorded and maintained at the bank’s discretion.

§ 27.5 Record retention period.

(a) Each bank shall retain the records required under §27.3 for 25 months after the bank notifies an applicant of action taken on an application, or after withdrawal of an application. This requirement also applies to records of home loans which are originated by the bank and subsequently sold.

248
(b) The Comptroller of the Currency may, by written notice to a bank, extend the retention period.

§ 27.6 Substitute monitoring program.

The recordkeeping provisions of §27.3 constitute a substitute monitoring program as authorized under §202.13(d) of Regulation B of the Federal Reserve Board (12 CFR 202.13(d)). A bank collecting the data in compliance with §27.3 of this part will be in compliance with the requirements of §202.13 of Regulation B.

§ 27.7 Availability, submission and use of data.

(a) Each bank shall make all information collected under §27.3 and §27.4 available for review at the bank to national bank examiners upon request.

(b) Prior to a scheduled bank examination, the Comptroller may request the information maintained under §27.3(a). A bank required to maintain information under §27.3(a)(2) shall submit the information to the Comptroller on the form prescribed in appendix I of this part. A bank which is exempt from maintaining the information required under §27.3(a) shall notify the Comptroller of this fact in writing within 30 calendar days of its receipt of the Comptroller’s request.

(c) If, upon review of the information maintained under §27.3(a), the Comptroller determines that statistical analysis prior to examination is warranted, the bank will be notified.

(1) Within 30 calendar days after receipt of notification from the Comptroller, the bank shall submit, for application records specified by the Comptroller, completed Home Loan Data Submission Forms (set forth as appendix IV). The Comptroller may, upon the request of a bank and for good reason, extend the 30-day period.

(2) The number of Home Loan Data Submission Forms requested by the Comptroller will not exceed 250 per decision center, or 2,000 per bank with multiple decision centers, unless there is cause to believe that a bank is not in compliance with fair housing laws based on examination findings or substantiated complaints, among other factors.

(3) A bank with fewer than 75 home loan applications in the preceding year will not be required to submit such forms unless:

   (i) The home loan activity is concentrated in the few months preceding the request for data, indicating the likelihood of increased activity over the subsequent year; or

   (ii) There is cause to believe that a bank is not in compliance with the fair housing laws based on prior examinations and/or complaints, among other factors.

(d) If there is cause to believe that a bank is in noncompliance with fair housing laws, the Comptroller may require submission of additional Home Loan Data Submission Forms. The Comptroller may also require submission of the information maintained under §27.3(a) and Home Loan Data Submission Forms at more frequent intervals than specified in paragraphs (b) and (c) of this section.

(1) Permissible for a national bank in the United States; and

(2) Usual in connection with the business of banking in the country where it transacts business.

(h) **Federal agency** means an office or place of business, licensed by the OCC and operated by a foreign bank in any state, that may engage in the business of banking, including maintaining credit balances, cashing checks, and lending money, but may not accept deposits from citizens or residents of the United States. Obligations may not be considered credit balances unless they are:

1. Incidental to, or arise out of the exercise of, other lawful banking powers;
2. To serve a specific purpose;
3. Not solicited from the general public;
4. Not used to pay routine operating expenses in the United States such as salaries, rent, or taxes;

[61 FR 19532, May 2, 1996, as amended at 61 FR 60387, Nov. 27, 1996]

§ 28.12 Approval of a Federal branch or agency.

(a) Approval requirements. A foreign bank shall submit an application to and obtain prior approval from the OCC before it:

(1) Establishes a Federal branch, Federal agency, or limited Federal branch; or

(2) Exercises fiduciary powers at a Federal branch. (A foreign bank may submit an application to exercise fiduciary powers at the time of filing an application for a Federal branch or at any subsequent date.)

(b) Standards for approval. Generally, in reviewing an application by a foreign bank to establish a Federal branch or agency, the OCC considers:

(1) The financial and managerial resources and future prospects of the applicant foreign bank and the Federal branch or agency;

(2) Whether the foreign bank has furnished to the OCC the information the OCC requires to assess the application adequately, and provided the OCC with adequate assurances that information will be made available to the OCC on the operations or activities of the foreign bank or any of its affiliates that the OCC deems necessary to determine and enforce compliance with the IBA and other applicable Federal banking statutes;

(3) Whether the foreign bank and its United States affiliates are in compliance with applicable United States law;

(4) The convenience and needs of the community to be served and the effects of the proposal on competition in the domestic and foreign commerce of the United States;

(5) Whether the foreign bank is subject to comprehensive supervision or regulation on a consolidated basis by its home country supervisor; and

(6) Whether the home country supervisor has consented to the proposed establishment of the Federal branch or agency.
(c) Comprehensive supervision or regulation on a consolidated basis. In determining whether a foreign bank is subject to comprehensive supervision or regulation on a consolidated basis, the OCC reviews various factors, including whether the foreign bank is supervised or regulated in a manner so that its home country supervisor receives sufficient information on the worldwide operations of the foreign bank to assess the foreign bank’s overall financial condition and compliance with laws and regulations as specified in the FRB’s Regulation K, 12 CFR 211.24.

(d) Conditions on approval. The OCC may impose conditions on its approval including a condition permitting future termination of activities based on the inability of the foreign bank to provide information on its activities, or those of its affiliate, that the OCC deems necessary to determine and enforce compliance with United States banking laws.

(e) Expedited review. Unless the OCC concludes that the filing presents significant supervisory or compliance concerns, or raises significant legal or policy issues, the OCC generally processes the following filings by an eligible foreign bank, as defined in paragraph (f) of this section, under expedited review procedures:

1. Intrastate relocations. An application submitted by an eligible foreign bank to relocate a Federal branch or agency within a state is deemed approved by the OCC as of the seventh day after the close of the applicable public comment period in 12 CFR part 5, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review.

2. Change of status. An application to change the status of an office submitted by an eligible foreign bank is deemed approved by the OCC 45 days after filing with the OCC, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review.

3. Fiduciary powers. An application submitted by an eligible foreign bank to exercise fiduciary powers at an established Federal branch is deemed approved by the OCC 30 days after filing with the OCC, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review.

(f) Eligible foreign bank. For purposes of this section, a foreign bank is an eligible foreign bank if each Federal branch and agency of the foreign bank in the United States:

1. Has a composite rating of 1 or 2 under the interagency rating system for United States branches and agencies of foreign banks;

2. Is not subject to a cease and desist order, consent order, formal written agreement, Prompt Corrective Action directive (see 12 CFR part 6) or, if subject to such order, agreement, or directive, is informed in writing by the OCC that the Federal branch or agency may be treated as an “eligible foreign bank” for purposes of this section; and

3. Has, if applicable, a Community Reinvestment Act (CRA), 12 U.S.C. 2906, rating of “Outstanding” or “Satisfactory”.

(g) After-the-fact approval. Unless otherwise provided by the OCC, a foreign bank proposing to establish a Federal branch or agency through the acquisition of, or merger or consolidation with, a foreign bank that has an office in the United States, may proceed with the transaction before an application to establish the Federal branch or agency has been filed or acted upon, if the applicant:

1. Gives the OCC reasonable advance notice of the proposed acquisition, merger, or consolidation;

2. Prior to consummation of the acquisition, merger, or consolidation, commits in writing to comply with the OCC application procedures within a reasonable period of time, or has already submitted an application; and

3. Commits in writing to abide by the OCC’s decision on the application, including a decision to terminate activities of the Federal branch or agency.

(h) Procedures for approval. A foreign bank shall file an application for approval pursuant to this section in accordance with 12 CFR part 5 and the Manual.
§ 28.13 Additional requirements. Nothing in this section relieves a foreign bank of any requirement to obtain the approval of the FRB as may be necessary under the FRB’s Regulation K, 12 CFR part 211.

§ 28.13 Permissible activities.

(a) Applicability of laws—(1) General. Except as otherwise provided by the IBA, other Federal laws or regulations, or otherwise determined by the OCC, the operations of a foreign bank at a Federal branch or agency shall be conducted with the same rights and privileges and subject to the same duties, restrictions, penalties, liabilities, conditions, and limitations that would apply if the Federal branch or agency were a national bank operating at the same location.

(2) Parent foreign bank senior management approval. Unless otherwise provided by the OCC, any provision in law, regulation, policy, or procedure that requires a national bank to obtain the approval of its board of directors will be deemed to require a Federal branch or agency to obtain the approval of parent foreign bank senior management.

(b) Management of shell branches—(1) Federal branches and agencies. A Federal branch or agency of a foreign bank shall not manage, through an office of the foreign bank that is located outside the United States and that is managed or controlled by that Federal branch or agency, any type of activity that a United States bank is not permitted to manage at any branch or subsidiary of the United States bank that is located outside the United States.

(2) Activities managed in foreign branches or subsidiaries of United States banks. The types of activities referred to in paragraph (b)(1) of this section include the types of activities authorized to a United States bank by state or Federal charters, regulations issued by chartering or regulatory authorities, and other United States banking laws. However, United States procedural or quantitative requirements that may be applicable to the conduct of those activities by United States banks do not apply.

(c) Additional guidance regarding permissible activities. For purposes of section 7(h) of the IBA, 12 U.S.C. 3105(h), the OCC may issue opinions, interpretations, or rulings regarding permissible activities of Federal branches.

§ 28.14 Limitations based upon capital of a foreign bank.

(a) General. Any limitation or restriction based upon the capital of a national bank shall be deemed to refer, as applied to a Federal branch or agency, to the dollar equivalent of the capital of the foreign bank.

(b) Calculation. Unless otherwise provided by the OCC, a foreign bank must calculate its capital in a manner consistent with 12 CFR part 3, for purposes of this section.

(c) Aggregation. The foreign bank shall aggregate business transacted by all Federal branches and agencies with the business transacted by all state branches and state agencies controlled by the foreign bank in determining its compliance with limitations based upon the capital of the foreign bank. The foreign bank shall designate one Federal branch or agency office in the United States to maintain consolidated information so that the OCC can monitor compliance.

§ 28.15 Capital equivalency deposits.

(a) Capital equivalency deposits—(1) General. For purposes of section 4(g) of the IBA, 12 U.S.C. 3102(g), unless otherwise provided by the OCC, a foreign bank’s capital equivalency deposits (CED) must consist of:

(i) Investment securities eligible for investment by national banks;

(ii) United States dollar deposits payable in the United States, other than certificates of deposit;

(iii) Certificates of deposit, payable in the United States, and banker’s acceptances, provided that, in either case, the issuer or the instrument is rated investment grade by an internationally recognized rating organization, and neither the issuer nor the instrument is rated lower than investment grade by any such rating organization that has rated the issuer or the instrument; or

(iv) Other assets permitted by the OCC to qualify as CED.

(2) Legal requirements. The agreement with the depository bank to hold the
CED and the amount of the deposit must comply with the requirements in section 4(g) of the IBA, 12 U.S.C. 3102(g). If a foreign bank has more than one Federal branch or agency in a state, it shall determine the CED and the amount of liabilities requiring capital equivalency coverage on an aggregate basis for all the foreign bank’s Federal branches or agencies in that state.

(b) Increase in capital equivalency deposits. For prudential or supervisory reasons, the OCC may require, in individual cases or otherwise, that a foreign bank increase its CED above the minimum amount.

(c) Value of assets. The obligations referred to in paragraph (a) of this section must be valued at principal amount or market value, whichever is lower.

(d) Deposit arrangements. A foreign bank should require its depository bank to segregate its CED on the depository bank’s books and records. The funds deposited and obligations referred to in paragraph (a) of this section that are placed in safekeeping at a depository bank to satisfy a foreign bank’s CED requirement:

(1) May not be reduced in aggregate value by withdrawal without the prior approval of the OCC;

(2) Must be pledged and maintained pursuant to an agreement prescribed by the OCC; and

(3) Must be free from any lien, charge, right of setoff, credit, or preference in connection with any claim of the depository bank against the foreign bank.

(e) Maintenance of capital equivalency ledger account. Each Federal branch or agency shall maintain a capital equivalency account and keep records of the amount of liabilities requiring capital equivalency coverage in a manner and form prescribed by the OCC.

§ 28.16 Deposit-taking by an uninsured Federal branch.

(a) Policy. In carrying out this section, the OCC shall consider the importance of according foreign banks competitive opportunities equal to those of United States banks and the availability of credit to all sectors of the United States economy, including international trade finance.

(b) General. An uninsured Federal branch may accept initial deposits of less than $100,000 only from:

(1) Individuals who are not citizens or residents of the United States at the time of the initial deposit;

(2) Individuals who are not citizens of the United States, but are residents of the United States, and are employed by a foreign bank, foreign business, foreign government, or recognized international organization;

(3) Persons (including immediate family members of an individual) to whom the branch or foreign bank (including any affiliate thereof) has extended credit or provided other non-deposit banking services within the past 12 months, or with whom the branch or foreign bank has a written agreement to extend credit or provide such services within 12 months after the date of the initial deposit;

(4) Foreign businesses and large United States businesses;

(5) Foreign governmental units, including political subdivisions, and recognized international organizations;

(6) Federal and state governmental units, including political subdivisions and agencies thereof;

(7) Persons who are depositing funds in connection with the issuance of a financial instrument by the branch for transmission of funds, or transmission of funds by any electronic means;

(8) Persons who may deposit funds with an Edge corporation as provided in the FRB’s Regulation K, 12 CFR 211.4, including persons engaged in certain international business activities; and

(9) Any other depositor if:

(i) The aggregate amount of deposits received from those depositors does not exceed, on an average daily basis, 1 percent of the average of the branch’s deposits for the last 30 days of the most recent calendar quarter, excluding deposits of other offices, branches, agencies, or wholly owned subsidiaries of the foreign bank; and

(ii) The branch does not solicit deposits from the general public by advertising, display of signs, or similar activity designed to attract the attention of the general public.
§ 28.17 Notice of change in activity or operations.

Notice. A Federal branch or agency shall notify the OCC if:

(a) It changes its corporate title;
(b) It changes its mailing address;
(c) It converts to a state branch, state agency, or representative office; or
(d) The parent foreign bank changes the designation of its home state.

§ 28.18 Recordkeeping and reporting.

(a) General. A Federal branch or agency shall comply with applicable recordkeeping and reporting requirements that apply to national banks and with any additional requirements that may be prescribed by the OCC. A Federal branch or agency, and the parent foreign bank, shall furnish information relating to the affairs of the parent foreign bank and its affiliates that the OCC may from time to time request.

(b) Regulatory reports filed with other agencies. A foreign bank operating a Federal branch or agency in the United States shall provide the OCC with a copy of reports filed with other Federal regulatory agencies that are designated in guidance issued by the OCC.

(c) Maintenance of accounts, books, and records. (1) Each Federal branch or agency shall maintain a set of accounts and records reflecting its transactions that are separate from those of the foreign bank and any other branch or agency. § 28.21

(b) Valuation. For the purposes of this section, marketable securities must be valued at principal amount or market value, whichever is lower.

1. Capital equivalency deposits maintained pursuant to §28.15;
2. Reserves required to be maintained by the Federal branch or agency pursuant to the FRB’s authority under 12 U.S.C. 3105(a); and
3. Assets pledged, and surety bonds payable, to the FDIC to secure the payment of domestic deposits.

(d) Exclusions. In determining eligible assets for purposes of this section, the OCC may require asset maintenance, and the OCC will give the Federal branch or agency credit for:

1. Any amount due from the head office or any other branch, office, agency, subsidiary, or affiliate of the foreign bank;
2. Any classified asset;
3. Any asset that, in the determination of the OCC, is not supported by sufficient credit information;
4. Any deposit with a bank in the United States, unless that bank has executed a valid waiver of offset agreement;
5. Any asset not in the Federal branch’s actual possession unless the branch holds title to the asset and maintains records sufficient to enable independent verification of the branch’s ownership of the asset, as determined at the most recent examination; and
6. Any other particular asset or class of assets as provided by the OCC, based on a case-by-case assessment of the risks associated with the asset.

(e) International banking facility. Unless specifically exempted by the OCC, the eligible assets and liabilities of any international banking facility operated through the Federal branch or agency must be included in the computation of eligible assets and liabilities for purposes of this section.

(c) Report of condition. The Federal branch or agency shall submit a Report of Assets and Liabilities of United States Branches and Agencies of Foreign Banks as of the close of the last business day prior to the start of liquidation of the Federal branch or agency. This report must include a certified maturity schedule of all remaining liabilities, if any.

(d) Return of certificate. The Federal branch or agency shall return the Federal branch or agency license certificate within 30 days of closure to the public.

§ 28.23 Termination of a Federal branch or agency.

(a) Grounds for termination. The OCC may revoke the authority of a foreign bank to operate a Federal branch or agency if:

(1) The OCC determines that there is reasonable cause to believe that the foreign bank has violated or failed to comply with any of the provisions of the IBA, other applicable Federal laws or regulations, or orders of the OCC;

(2) A conservator is appointed for the foreign bank, or a similar proceeding is initiated in the foreign bank’s home country;

(3) One or more grounds for receivership, including insolvency, as specified in 12 U.S.C. 3102(j), exists;

(4) One or more grounds for termination, including unsafe and unsound practices, insufficiency of assets, concealment of books and records, a money laundering conviction, or other grounds as specified in 12 U.S.C. 191, exists; or

(5) The OCC receives a recommendation from the FRB, pursuant to 12 U.S.C. 3105(e)(5), that the license of a Federal branch or agency be terminated.

(b) Procedures—(1) Notice and hearing. Except as otherwise provided in this section, the OCC may issue an order to terminate the license of a Federal branch or agency after providing notice to the Federal branch or agency and after providing an opportunity for a hearing.

(2) Procedures for hearing. The OCC shall conduct a hearing under this section pursuant to the OCC’s Rules of Practice and Procedure in 12 CFR part 19.

(3) Expedited procedure. The OCC may act without providing an opportunity for a hearing if it determines that expeditious action is necessary in order to protect the public interest. (i) Provide the Federal branch or agency with notice of the intended termination order;

(ii) Grant the Federal branch or agency an opportunity to present a written submission opposing issuance of the order; or

(iii) Take any other action designed to provide the Federal branch or agency with notice and an opportunity to present its views concerning the termination order.

§ 28.51 Definitions.

For the purposes of this subpart:

(a) Banking institution means a national bank or a District of Columbia bank.

(b) Federal banking agencies means the OCC, the FRB, and the FDIC.

(c) International assets means those assets required to be included in banking institutions’ Country Exposure Report forms (FFIEC 009).

(e) Restructured international loan means a loan that meets the following criteria:

(1) The borrower is unable to service the existing loan according to its terms and is a resident of a foreign country in which there is a generalized inability of public and private sector obligors to meet their external debt obligations on a timely basis because of a lack of, or restraints on the availability of, needed foreign exchange in the country; and

(2) The terms of the existing loan are amended to reduce stated interest or extend the schedule of payments; or

(3) A new loan is made to, or for the benefit of, the borrower, enabling the borrower to service or refinance the existing debt.

(f) Transfer risk means the possibility that an asset cannot be serviced in the currency of payment because of a lack of, or restraints on the availability of, needed foreign exchange in the country of the obligor.

§ 28.52 Allocated transfer risk reserve.

(a) Establishment of allocated transfer risk reserve. A banking institution shall establish an allocated transfer risk reserve (ATRR) for specified international assets when required by the OCC in accordance with this section.

(b) Procedures and standards—(1) Joint agency determination. At least annually, the Federal banking agencies shall determine jointly, based on the standards set forth in paragraph (b)(2) of this section, the following:

(i) Which international assets subject to transfer risk warrant establishment of an ATRR;

(ii) The amount of the ATRR for the specified assets; and

(iii) Whether an ATRR established for specified assets may be reduced.

(2) Standards for requiring ATRR—(i) Evaluation of assets. The Federal banking agencies shall apply the following criteria in determining whether an ATRR is required for particular international assets:

(A) Whether the quality of a banking institution’s assets has been impaired by a protracted inability of public or private obligors in a foreign country to make payments on their external indebtedness as indicated by such factors, among others, as whether:

(1) Such obligors have failed to make full interest payments on external indebtedness;

(2) Such obligors have failed to comply with the terms of any restructured indebtedness; or

(3) A foreign country has failed to comply with any International Monetary Fund or other suitable adjustment program; or

(B) Whether no definite prospects exist for the orderly restoration of debt service.

(ii) Determination of amount of ATRR. (A) In determining the amount of the ATRR, the Federal banking agencies shall consider:

(1) The length of time the quality of the asset has been impaired;

(2) Recent actions taken to restore debt service capability;

(3) Prospects for restored asset quality; and

(4) Such other factors as the Federal banking agencies may consider relevant to the quality of the asset.

(B) The initial year’s provision for the ATRR shall be 10 percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the
§ 28.53 Accounting for fees on international loans.

(a) Restrictions on fees for restructured international loans. No banking institution shall charge, in connection with the restructuring of an international loan, any fee exceeding the administrative costs of the restructuring unless it amortizes the amount of the fee exceeding the administrative cost over the effective life of the loan.

(b) Accounting treatment. Subject to paragraph (a) of this section, a banking institution is to account for fees in accordance with generally accepted accounting principles.

(2) Pursuant to section 907(b) of ILSA (12 U.S.C. 3906), a banking institution shall submit to the OCC information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the OCC on request.

The OCC may, based upon an examination, inspection, or any other information that becomes available to the OCC, determine that a bank has failed to satisfy the safety and soundness standards contained in the Interagency Guidelines Establishing Standards for Safety and Soundness set forth in Appendix A to this part, the Interagency Guidelines Establishing Year 2000 Standards for Safety and Soundness for National Bank Transfer Agents and Brokers or Dealers are set forth in Appendix C to this part.

APPENDIX C TO PART 30—SUPPLEMENTAL GUIDELINES ESTABLISHING YEAR 2000 STANDARDS FOR SAFETY AND SOUNDNESS FOR NATIONAL BANK TRANSFER AGENTS AND BROKERS OR DEALERS

AUTHORITY: 12 U.S.C. 93a, 1818, 1831p-1, 3102(b).

SOURCE: 60 FR 35680, July 10, 1995, unless otherwise noted.

§ 30.1 Scope.

The rules and procedures set forth in this part apply to national banks and federal branches of foreign banks, that are subject to the provisions of section 39 of the Federal Deposit Insurance Act (section 39) (12 U.S.C. 1831p-1).

§ 30.2 Purpose.

Section 39 of the FDI Act, 12 U.S.C. 1831p-1, requires the Office of the Comptroller of the Currency (OCC) to establish safety and soundness standards. Pursuant to section 39, a bank may be required to submit a compliance plan if it is not in compliance with a safety and soundness standard prescribed by guideline under section 39(a) or (b). An enforceable order under section 8 of the FDI Act, 12 U.S.C. 1818(b), may be issued if, after being notified that it is in violation of a safety and soundness standard prescribed under section 39, the bank fails to submit an acceptable compliance plan or fails in any material respect to implement an accepted plan. This part establishes procedures for requiring submission of a compliance plan and issuing an enforceable order pursuant to section 39. The Interagency Guidelines Establishing Standards for Safety and Soundness are set forth in Appendix A to this part, the Interagency Guidelines Establishing Year 2000 Standards for Safety and Soundness are set forth in Appendix B to this part, and the Supplemental Guidelines Establishing Year 2000 Standards for Safety and Soundness for National Bank Transfer Agents and Brokers or Dealers are set forth in Appendix C to this part.

§ 30.4 Filing of safety and soundness compliance plan.

(a) Schedule for filing compliance plan—(1) In general. A bank shall file a written safety and soundness compliance plan with the OCC within 30 days of receiving a request for a compliance plan pursuant to §30.3(b) unless the OCC notifies the bank in writing that the plan is to be filed within a different period.

(2) Other plans. If a bank is obligated to file, or is currently operating under, a capital restoration plan submitted pursuant to section 38 of the FDI Act (12 U.S.C. 1831o), a cease-and-desist order entered into pursuant to section 8 of the FDI Act (12 U.S.C. 1818(b)), a formal or informal agreement, or a response to a report of examination or report of inspection, it may, with the permission of the OCC, submit a compliance plan under this section as part of that plan, order, agreement, or response, subject to the deadline provided in paragraph (a) of this section.

(b) Contents of plan. The compliance plan shall include a description of the steps the bank will take to correct the deficiency and the time within which those steps will be taken.

(c) Review of safety and soundness compliance plans. Within 30 days after receiving a safety and soundness compliance plan under this part, the OCC shall provide written notice to the bank of whether the plan has been approved or seek additional information from the bank regarding the plan. The OCC may extend the time within which notice regarding approval of a plan will be provided.

(d) Failure to submit or implement a compliance plan—(1) Supervisory actions. If a bank fails to submit an acceptable plan within the time specified by the OCC or fails in any material respect to implement a compliance plan, then the OCC shall, by order, require the bank to correct the deficiency and may take further actions provided in section 39(e)(2)(B). Pursuant to section 39(e)(3), the OCC may be required to take certain actions if the bank commenced operations or experienced a change in control within the previous 24-month period, or the bank experienced extraordinary growth during the previous 18-month period.

(2) Extraordinary growth. For purposes of paragraph (d)(1) of this section, extraordinary growth means an increase in assets of more than 7.5 percent during any quarter within the 18-month period preceding the issuance of a request for submission of a compliance plan, by a bank that is not well capitalized for purposes of section 38 of the FDI Act. For purposes of calculating an increase in assets, assets acquired through merger or acquisition approved pursuant to the Bank Merger Act (12 U.S.C. 1828(c)) will be excluded.

(e) Amendment of compliance plan. A bank that has filed an approved compliance plan may, after prior written notice to and approval by the OCC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the compliance plan as previously approved.

§ 30.5 Issuance of orders to correct deficiencies and to take or refrain from taking other actions.

(a) Notice of intent to issue order—(1) In general. The OCC shall provide a bank prior written notice of the OCC’s intention to issue an order requiring the bank to correct a safety and soundness deficiency or to take or refrain from taking other actions pursuant to section 39 of the FDI Act. The bank shall have such time to respond to a
proposed order as provided by the OCC under paragraph (c) of this section.

(2) Immediate issuance of final order. If the OCC finds it necessary in order to carry out the purposes of section 39 of the FDI Act, the OCC may, without providing the notice prescribed in paragraph (a)(1) of this section, issue an order requiring a bank immediately to take actions to correct a safety and soundness deficiency or take or refrain from taking other actions pursuant to section 39. A bank that is subject to such an immediately effective order may submit a written appeal of the order to the OCC. Such an appeal must be received by the OCC within 14 calendar days of the issuance of the order, unless the OCC permits a longer period. The OCC shall consider any such appeal, if filed in a timely matter, within 60 days of receiving the appeal. During such period of review, the order shall remain in effect unless the OCC, in its sole discretion, stays the effectiveness of the order.

(b) Content of notice. A notice of intent to issue an order shall include:

(1) A statement of the safety and soundness deficiency or deficiencies that have been identified at the bank;
(2) A description of any restrictions, prohibitions, or affirmative actions that the OCC proposes to impose or require;
(3) The proposed date when such restrictions or prohibitions would be effective or the proposed date for completion of any required action; and
(4) The date by which the bank subject to the order may file with the OCC a written response to the notice.

(c) Response to notice—(1) Time for response. A bank may file a written response to a notice of intent to issue an order within the time period set by the OCC. Such a response must be received by the OCC within 14 calendar days from the date of the notice unless the OCC determines that a different period is appropriate in light of the safety and soundness of the bank or other relevant circumstances.

(2) Content of response. The response should include:

(i) An explanation why the action proposed by the OCC is not an appropriate exercise of discretion under section 39;
(ii) Any recommended modification of the proposed order; and
(iii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank regarding the proposed order.

(d) Agency consideration of response. After considering the response, the OCC may:

(1) Issue the order as proposed or in modified form;
(2) Determine not to issue the order and so notify the bank; or
(3) Seek additional information or clarification of the response from the bank, or any other relevant source.

(e) Failure to file response. Failure by a bank to file with the OCC, within the specified time period, a written response to a proposed order shall constitute a waiver of the opportunity to respond and shall constitute consent to the issuance of the order.

(f) Request for modification or rescission of order. Any bank that is subject to an order under this part may, upon a change in circumstances, request in writing that the OCC reconsider the terms of the order, and may propose that the order be rescinded or modified. Unless otherwise ordered by the OCC, the order shall continue in place while such request is pending before the OCC.

§ 30.6 Enforcement of orders.

(a) Judicial remedies. Whenever a bank fails to comply with an order issued under section 39, the OCC may seek enforcement of the order in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act.

(b) Failure to comply with order. Pursuant to section 8(i)(2)(A) of the FDI Act, the OCC may assess a civil money penalty against any bank that violates or otherwise fails to comply with any final order issued under section 39 and against any institution-affiliated party who participates in such violation or noncompliance.

(c) Other enforcement action. In addition to the actions described in paragraphs (a) and (b) of this section, the OCC may seek enforcement of the provisions of section 39 or this part through any other judicial or administrative proceeding authorized by law.

I. INTRODUCTION

i. Section 39 of the Federal Deposit Insurance Act (FDI Act) requires each Federal banking agency (collectively, the agencies) to establish certain safety and soundness standards by regulation or by guideline for all insured depository institutions. Under section 39, the agencies must establish three types of standards: (1) Operational and managerial standards; (2) compensation standards; and (3) such standards relating to asset quality, earnings, and stock valuation as they determine to be appropriate.

ii. Section 39(a) requires the agencies to establish operational and managerial standards relating to: (1) Internal controls, information systems and internal audit systems, in accordance with section 36 of the FDI Act (12 U.S.C. 1831m); (2) loan documentation; (3) credit underwriting; (4) interest rate exposure; (5) asset growth; and (6) compensation, fees, and benefits, in accordance with subsection (c) of section 39. Section 39(b) requires the agencies to establish standards relating to asset quality, earnings, and stock valuation that the agencies determine to be appropriate.

iii. Section 39(c) requires the agencies to establish standards prohibiting as an unsafe and unsound practice any compensatory arrangement that would provide any executive officer, employee, director, or principal shareholder of the institution with excessive compensation, fees or benefits and any compensatory arrangement that could lead to material financial loss to an institution. Section 39(c) also requires that the agencies establish standards that specify when compensation is excessive.

iv. If an agency determines that an institution fails to meet any standard established by guideline under subsection (a) or (b) of section 39, the agency may require the institution to submit to the agency an acceptable plan to achieve compliance with the standard. In the event that an institution fails to submit an acceptable plan within the time allowed by the agency or fails in any material respect to implement an accepted plan, the agency must, by order, require the institution to correct the deficiency. The agency may, and in some cases must, take other supervisory actions until the deficiency has been corrected.

v. The agencies have adopted amendments to their rules and regulations to establish deadlines for submission and review of compliance plans.2

vi. The following Guidelines set out the safety and soundness standards that the agencies use to identify and address problems at insured depository institutions before capital becomes impaired. The agencies believe that the standards adopted in these Guidelines serve this end without dictating how institutions must be managed and operated. These standards are designed to identify potential safety and soundness concerns and ensure that action is taken to address those concerns before they pose a risk to the deposit insurance funds.

A. Preservation of Existing Authority

Neither section 39 nor these Guidelines in any way limits the authority of the agencies to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. Action under section 39 and these Guidelines may be taken independently of, in conjunction with, or in addition to any other enforcement action available to...
the agencies. Nothing in these Guidelines limits the authority of the FDIC pursuant to section 38(i)(2)(F) of the FDI Act (12 U.S.C. 1831(o)) and Part 325 of Title 12 of the Code of Federal Regulations.

B. Definitions

1. In general. For purposes of these Guidelines, except as modified in the Guidelines or unless the context otherwise requires, the terms used have the same meanings as set forth in sections 3 and 39 of the FDI Act (12 U.S.C. 1813 and 1831p–1).

2. Board of directors. In the case of a state-licensed insured branch of a foreign bank and in the case of a federal branch of a foreign bank, means the managing official in charge of the insured foreign branch.

3. Compensation means all direct and indirect payments or benefits, both cash and non-cash, granted to or for the benefit of any executive officer, employee, director, or principal shareholder, including but not limited to payments or benefits derived from an employment contract, compensation or benefit agreement, fee arrangement, perquisite, employment contract, compensation or benefit agreement, fee arrangement, perquisite, or other compensatory arrangement.

4. Director shall have the meaning described in 12 CFR 215.2(e).

5. Executive officer shall have the meaning described in 12 CFR 215.2(d).

6. Principal shareholder shall have the meaning described in 12 CFR 215.2(b).

II. Operational and Managerial Standards

A. Internal controls and information systems. An institution should have internal controls and information systems that are appropriate to the size of the institution and the nature, scope and risk of its activities and that provide for:

1. An organizational structure that establishes clear lines of authority and responsibility for monitoring adherence to established policies;
2. Effective risk assessment;
3. Timely and accurate financial, operational and regulatory reports;
4. Adequate procedures to safeguard and manage assets; and
5. Compliance with applicable laws and regulations.

B. Internal audit system. An institution should have an internal audit system that is appropriate to the size of the institution and the nature and scope of its activities and that provides for:

1. Adequate monitoring of the system of internal controls through an internal audit function. For an institution whose size, complexity or scope of operations does not warrant a full scale internal audit function, a system of independent reviews of key internal controls may be used;
2. Independence and objectivity;
3. Qualified persons;
4. Adequate testing and review of information systems;
5. Adequate documentation of tests and findings and any corrective actions;
6. Verification and review of management actions to address material weaknesses; and
7. Review by the institution’s audit committee or board of directors of the effectiveness of the internal audit systems.

C. Loan documentation. An institution should establish and maintain loan documentation practices that:

1. Enable the institution to make an informed lending decision and to assess risk, as necessary, on an ongoing basis;
2. Identify the purpose of a loan and the source of repayment, and assess the ability of the borrower to repay the indebtedness in a timely manner;
3. Ensure that any claim against a borrower is legally enforceable;
4. Demonstrate appropriate administration and monitoring of a loan; and
5. Take account of the size and complexity of a loan.

D. Credit underwriting. An institution should establish and maintain prudent credit underwriting practices that:

1. Are commensurate with the types of loans the institution will make and consider the terms and conditions under which they will be made;
2. Consider the nature of the markets in which loans will be made;
3. Provide for consideration, prior to credit commitment, of the borrower’s overall financial condition and resources, the financial responsibility of any guarantor, the nature and value of any underlying collateral, and the borrower’s character and willingness to repay as agreed;
4. Establish a system of independent, ongoing credit review and appropriate communication to management and to the board of directors;
5. Take adequate account of concentration of credit risk; and
6. Are appropriate to the size of the institution and the nature and scope of its activities.

E. Interest rate exposure. An institution should:
Pt. 30, App. B

1. Manage interest rate risk in a manner that is appropriate to the size of the institution and the complexity of its assets and liabilities; and
2. Provide for periodic reporting to management and the board of directors regarding interest rate risk with adequate information for management and the board of directors to assess the level of risk.

F. Asset growth. An institution's asset growth should be prudent and consider:
1. The source, volatility and use of the funds that support asset growth;
2. Any increase in credit risk or interest rate risk as a result of growth; and
3. The effect of growth on the institution's capital.

G. Asset quality. An insured depository institution should establish and maintain a system that is commensurate with the institution's size and the nature and scope of its operations to identify problem assets and prevent deterioration in those assets. The institution should:
1. Conduct periodic asset quality reviews to identify problem assets;
2. Estimate the inherent losses in those assets and establish reserves that are sufficient to absorb estimated losses;
3. Compare problem asset totals to capital;
4. Take appropriate corrective action to resolve problem assets;
5. Consider the size and potential risks of material asset concentrations; and
6. Provide periodic asset reports with adequate information for management and the board of directors to assess the level of asset risk.

H. Earnings. An insured depository institution should establish and maintain a system that is commensurate with the institution's size and the nature and scope of its operations to evaluate and monitor earnings and ensure that earnings are sufficient to maintain adequate capital and reserves. The institution should:
1. Compare recent earnings trends relative to equity, assets, or other commonly used benchmarks to the institution's historical results and those of its peers;
2. Evaluate the adequacy of earnings given the size, complexity, and risk profile of the institution's assets and operations;
3. Assess the source, volatility, and sustainability of earnings, including the effect of nonrecurring or extraordinary income or expense;
4. Take steps to ensure that earnings are sufficient to maintain adequate capital and reserves after considering the institution's asset quality and growth rate; and
5. Provide periodic earnings reports with adequate information for management and the board of directors to assess earnings performance.

I. Compensation, fees and benefits. An institution should maintain safeguards to prevent the payment of compensation, fees, and benefits that are excessive or that could lead to material financial loss to the institution.

III. PROHIBITION ON COMPENSATION THAT CONSTITUTES AN UNSAFE AND UNSOUND PRACTICE

A. Excessive Compensation

Excessive compensation is prohibited as an unsafe and unsound practice. Compensation shall be considered excessive when amounts paid are unreasonable or disproportionate to the services performed by an executive officer, employee, director, or principal shareholder, considering the following:
1. The combined value of all cash and non-cash benefits provided to the individual;
2. The compensation history of the individual and other individuals with comparable expertise at the institution;
3. The financial condition of the institution;
4. Comparable compensation practices at comparable institutions, based upon such factors as asset size, geographic location, and the complexity of the loan portfolio or other assets;
5. For postemployment benefits, the projected total cost and benefit to the institution;
6. Any connection between the individual and any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the institution; and
7. Any other factors the agencies determines to be relevant.

B. Compensation Leading to Material Financial Loss

Compensation that could lead to material financial loss to an institution is prohibited as an unsafe and unsound practice.

I. INTRODUCTION

The Interagency Guidelines Establishing Year 2000 Standards for Safety and Soundness (the Guidelines) set forth safety and soundness standards pursuant to section 39 of the Federal Deposit Insurance Act (section 39) (12 U.S.C. 1831p-1) that are applicable to an insured depository institution’s efforts to achieve Year 2000 readiness. The Guidelines, which also interpret the general standards in the Interagency Guidelines Establishing Standards for Safety and Soundness adopted in 1995, apply to all insured depository institutions.

A. Preservation of Existing Authority

Neither section 39 nor the Guidelines in any way limits the authority of the Federal banking agencies to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. The Federal banking agencies, in their sole discretion, may take appropriate actions so that insured depository institutions will be able to successfully continue business operations after January 1, 2000, including on a case-by-case basis requiring actions by dates that are later than the key dates set forth in the Guidelines. Action under section 39 and the Guidelines may be taken independently of, in conjunction with, or in addition to any other action, including enforcement action, available to the Federal banking agencies.

B. Definitions

1. In general. For purposes of the Guidelines the following definitions apply:
   a. **Business resumption contingency plan** means a plan that describes how mission-critical systems of the insured depository institution will continue to operate in the event there are system failures in processing, calculating, comparing, or sequencing date or time data from, into, or between the 20th and 21st centuries; and the years 1999 and 2000; and with regard to leap year calculations.
   b. **External system** means a system the renovation of which is not controlled by the insured depository institution, including systems provided by service providers and any interfaces with external third party suppliers and other material third parties.
   c. **External third party supplier** means a service provider or software vendor that supplies services or products to insured depository institutions.
   d. **Internal system** means a system the renovation of which is controlled by the insured depository institution, including software, operating systems, mainframe computers, personal computers, readers/sorters, and proof machines. An internal system also may include a system controlled by the insured depository institution with embedded integrated circuits (e.g., heating and cooling systems, vaults, communications, security systems, and elevators).
   e. **Mission-critical system** means an application or system that is vital to the successful continuance of a core business activity or process. An application or system may be mission-critical if it interfaces with a designated mission-critical system. Software products also may be mission-critical.
   f. **Other material third party** means a third party, other than an external third party supplier, to whom an insured depository institution transmits data or from whom an insured depository institution receives data, including business partners (e.g., credit bureaus), other insured depository institutions, payment system providers, clearinghouses, customers, and utilities.
   g. **Remediation contingency plan** means a plan that describes how the insured depository institution will mitigate the risks associated with the failure to successfully complete renovation, testing, or implementation of its mission-critical systems.
   h. **Renovation** means code enhancements, hardware and software upgrades, system replacements, and other associated changes that ensure that the insured depository institution’s mission-critical systems and applications are Year 2000 ready.
   i. **Year 2000 ready or readiness** with respect to a system or application means a system or application accurately processes, calculates, compares, or sequences date or time data from, into, or between the 20th and 21st centuries; and the years 1999 and 2000; and with regard to leap year calculations.

II. Year 2000 Standards for Safety and Soundness

A. Review of Mission-Critical Systems For Year 2000 Readiness. Each insured depository institution shall in writing:
1. Identify all internal and external mission-critical systems that are not Year 2000 ready;
2. Establish priorities for accomplishing work and allocating resources to renovating internal mission-critical systems;
3. Identify the resource requirements and individuals assigned to the Year 2000 project on internal mission-critical systems;
4. Establish reasonable deadlines for completing the renovation of such internal mission-critical systems;
5. Develop and adopt a project plan that addresses the insured depository institution’s Year 2000 renovation, testing, contingency planning, and management oversight process; and
6. Develop a due diligence process to monitor and evaluate the efforts of external
third party suppliers to achieve Year 2000 readiness.

**B. Renovation of Internal Mission-Critical Systems.** Each insured depository institution shall commence renovation of all internal mission-critical systems that are not Year 2000 ready in sufficient time that testing of the renovation can be substantially completed by December 31, 1998.

**C. Renovation of External Mission-Critical Systems.** Each insured depository institution shall:
1. Determine the ability of external third party suppliers to renovate external mission-critical systems that are not Year 2000 ready and to complete the renovation in sufficient time to substantially complete testing by March 31, 1999;
2. Maintain written documentation of all its communications with external third party suppliers regarding their ability to renovate timely and effectively external mission-critical systems that are not Year 2000 ready; and
3. Develop in writing an ongoing due diligence process to monitor and evaluate the efforts of external third party suppliers to achieve Year 2000 readiness, including:
   a. monitoring the efforts of external third party suppliers to achieve Year 2000 readiness on at least a quarterly basis and documenting communications with these suppliers; and
   b. reviewing the insured depository institution’s contractual arrangements with external third party suppliers to determine the parties’ rights and obligations to achieve Year 2000 readiness.

**D. Testing of Mission-Critical Systems.** Each insured depository institution shall:
1. Develop and implement an effective written testing plan for both internal and external systems. Such a plan shall include the testing environment, testing methodology, testing schedules, budget projections, participants to be involved in testing, and the critical dates to be tested to achieve Year 2000 readiness;
2. Verify the adequacy of the testing process and validate the results of the tests with the assistance of the project manager responsible for Year 2000 readiness, the owner of the system tested, and an objective independent party (such as an auditor, a consultant, or a qualified individual from within or outside of the insured depository institution who is independent of the process under review);
3. Substantially complete testing of internal mission-critical systems by December 31, 1998;
4. Commence testing of external mission-critical systems by January 1, 1999;
5. Substantially complete testing of external mission-critical systems by March 31, 1999;
6. Commence testing with other material third parties by March 31, 1999; and

**E. Business Resumption Contingency Planning.** Each insured depository institution shall develop and implement an effective written business resumption contingency plan that, at a minimum:
1. Defines scenarios for mission-critical systems failing to achieve Year 2000 readiness;
2. Evaluates options and selects a reasonable contingency strategy for those systems;
3. Provides for the periodic testing of the business resumption contingency plan; and
4. Provides for independent testing of the business resumption contingency plan by an objective independent party, such as an auditor, consultant, or qualified individual from another area of the insured depository institution who was not involved in the formulation of the business resumption contingency plan.

**F. Remediation Contingency Planning.** Each insured depository institution that has failed to successfully complete renovation, testing, and implementation of a mission-critical system, or is in the process of remediation and is not on schedule with the key dates in section II.D., shall develop and implement an effective written remediation contingency plan that, at a minimum:
1. Outlines the alternatives available if remediation efforts are not successful, including the availability of alternative external third party suppliers, and selects a reasonable contingency strategy; and
2. Establishes trigger dates for activating the remediation contingency plan, taking into account the time necessary to convert to alternative external third party suppliers or to complete any other selected strategy.

**G. Customer Risk.** Each insured depository institution shall develop and implement a written due diligence process that:
1. Identifies customers, including fund providers, fund takers, and capital market/asset management counterparties, that represent material risk exposure to the institution;
2. Evaluates their Year 2000 preparedness;
3. Assesses their existing and potential Year 2000 risk to the institution; and
4. Implements appropriate risk controls, including controls for underwriting risk, to manage and mitigate their Year 2000 risk to the institution.

**H. Involvement of the Board of Directors and Management.**
1. During all stages of the renovation, testing, and contingency planning process, the board of directors and management of each insured depository institution shall:
   a. be actively involved in efforts to plan, allocate resources, and monitor progress towards attaining Year 2000 readiness;
b. oversee the efforts of the insured depository institution to achieve Year 2000 readiness and allocate sufficient resources to resolve problems relating to the institution’s Year 2000 readiness; and

c. evaluate the Year 2000 risk associated with any strategic business initiatives contemplated by the insured depository institution, including mergers and acquisitions, major systems development, corporate alliances, and system interdependencies.

2. In addition, the board of directors, at a minimum, shall require from management, and management shall provide to the board of directors, written status reports, at least quarterly and as otherwise appropriate to keep the directorate fully informed, of the insured depository institution’s efforts in achieving Year 2000 readiness. Such written status reports shall, at a minimum, include:

a. The overall progress of the insured depository institution’s efforts in achieving Year 2000 readiness;

b. The insured depository institution’s interim progress in renovating, validating, and contingency planning measured against the insured depository institution’s Year 2000 project plan as adopted under section II.A.6. of appendix B;

APPENDIX C TO PART 30—SUPPLEMENTAL GUIDELINES ESTABLISHING YEAR 2000 STANDARDS FOR SAFETY AND SOUNDNESS FOR NATIONAL BANK TRANSFER AGENTS AND BROKERS OR DEALERS

TABLE OF CONTENTS
A. Introduction.
B. Preservation of existing authority.
C. Definitions.
D. Year 2000 Standards for safety and soundness.

A. Introduction

These Supplemental Guidelines are issued pursuant to section 39 of the Federal Deposit Insurance Act (FDI Act) (12 U.S.C. 1831p-1) and apply to transfer agent and broker or dealer systems that a national bank has not designated as mission-critical. These Supplemental Guidelines are in addition to, but do not supersede, the Year 2000 Guidelines previously adopted as Appendix B to 12 CFR Part 30. The Guidelines in Appendix B continue to apply to efforts of national banks to achieve Year 2000 readiness of their mission-critical systems.

B. Preservation of existing authority

Neither section 39 nor these Supplemental Guidelines in any way limits the authority of the OCC to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices of bank transfer agents and brokers or dealers. For example, failure to complete any of the standards set forth in the Supplemental Guidelines may constitute an unsafe or unsound practice under 12 U.S.C. 1818(b). Action under section 39 and the Supplemental Guidelines may be taken independently of, in conjunction with, or in addition to any other remedy, including enforcement action, available to the OCC.

C. Definitions

1. In general. For purposes of the Supplemental Guidelines the following definitions apply:

a. Bank transfer agent means a national bank that provides transfer agent services directly or through an operating subsidiary, or a Federal branch that is subject to the provisions of section 39 of the FDI Act (12 U.S.C. 1831p-1), if the national bank, operating subsidiary or Federal branch is a registered transfer agent whose appropriate regulatory agency, as that term is defined in 15 U.S.C. 78c(a)(34), is the Office of the Comptroller of the Currency. The term bank transfer agent does not include a transfer agent that qualifies as an issuer or small transfer agent, as these terms are defined in 17 CFR 240.17Ad-13(d) (1) and (2).

b. Bank broker or dealer means a national bank that effects securities brokerage or dealer transactions for customers, or a Federal branch that is subject to the provisions of section 39 of the FDI Act (12 U.S.C. 1831p-1). The term bank broker or dealer does not include operating subsidiaries of national banks. The term bank broker or dealer does not include a national bank effecting fewer than 500 securities brokerage transactions per year for customers during the prior three calendar year period.

c. System means an automated system and related applications necessary to ensure the prompt and accurate processing of securities transactions, including order entry, transfer execution, comparison, allocation and settlement of securities transactions, the maintenance of customer accounts, the delivery of funds and securities, or the production or retention of required records.

d. Business resumption contingency plan means a plan that describes how a bank transfer agent or bank broker or dealer will continue to perform transfer agent or broker or dealer functions, respectively, in the...
event transfer agent or broker or dealer systems fail to function because of Year 2000 readiness.

e. Year 2000 ready or readiness with respect to a system means the system accurately processes, calculates, compares, or sequences date or time data from, into, or between the 20th and 21st centuries; and the years 1999 and 2000; and with regard to leap year calculations.

D. Year 2000 standards for safety and soundness

1. No later than November 1, 1999, each bank transfer agent and bank broker or dealer shall identify all transfer agent and broker or dealer systems that are not Year 2000 ready.

2. For each system identified pursuant to section D.1., each bank transfer agent and bank broker or dealer shall develop and implement an effective written business resumption contingency plan by November 15, 1999, that, at a minimum:

a. Defines scenarios for transfer agent and broker or dealer systems failing to achieve Year 2000 readiness;

b. Evaluates options and selects a reasonable contingency strategy for those systems; and

c. Provides for independent testing of the business resumption contingency plan by an objective independent party (such as an auditor, consultant, or qualified individual from another area of the insured depository institution who is independent of the plan under review).

PART 31—EXTENSIONS OF CREDIT TO INSIDERS AND TRANSACTIONS WITH AFFILIATES

Sec.

31.1 Authority.

31.2 Insider lending restrictions and reporting requirements.

APPENDIX A TO PART 31—INTERPRETATIONS

APPENDIX B TO PART 31—COMPARISON OF SELECTED PROVISIONS OF PART 31 AND PART 32 (AS OF OCTOBER 1, 1996)

APPENDIX D TO PART 31—INTERPRETATIONS

§ 31.2 Insider lending restrictions and reporting requirements.

(a) General rule. A national bank and its insiders shall comply with the provisions contained in 12 CFR part 215.

(b) Enforcement. The Comptroller of the Currency administers and enforces insider lending standards and reporting requirements as they apply to national banks and their insiders.

APPENDIX A TO PART 31—INTERPRETATIONS

Section 1. Loans Secured by Stock or Obligations of an Affiliate

A bank that makes a loan to an unaffiliated third party may take a security interest in securities of an affiliate as collateral for the loan without the loan being deemed a covered transaction under section 23A of the Federal Reserve Act (12 U.S.C. 371c) if:

a. The borrower provides additional collateral that, taken alone, meets or exceeds the collateral requirements specified in section 23A(c) (12 U.S.C. 371c(c)); and

b. The loan proceeds:

1. Are not used to purchase the bank affiliate’s securities that serve as collateral; and

2. Are not otherwise used for the benefit of, or transferred to, any affiliate.

Section 2. Deposits Between Affiliated Banks

a. General rule. The OCC considers a deposit made by a bank in an affiliated bank to be a loan or extension of credit to the affiliate under 12 U.S.C. 371c. These deposits must be secured in accordance with 12 U.S.C. 371c(c). However, a national bank may not pledge assets to secure private deposits unless otherwise permitted by law (see, e.g., 12 U.S.C. 90 (permitting collateralization of deposits of public funds); 12 U.S.C. 92a (trust funds); and 25 U.S.C. 156 and 162a (Native American funds)). Thus, unless one of the exceptions to 12 U.S.C. 371c noted in paragraph b. of this interpretation applies or unless another exception applies that enables a bank to meet the collateral requirements of 12 U.S.C. 371c(c), a national bank may not:

1. Make a deposit in an affiliated national bank;

2. Make a deposit in an affiliated State-chartered bank unless the affiliated State-chartered bank can legally offer collateral for the deposit in conformance with applicable State law and 12 U.S.C. 371c; or

3. Receive deposits from an affiliated bank.

b. Exceptions. The restrictions of 12 U.S.C. 371c (other than 12 U.S.C. 371a(4)), which requires affiliate transactions to be consistent with safe and sound banking practices, do not apply to deposits:

1. Made in the ordinary course of correspondent business; or

2. Made in the ordinary course of correspondent business; or

APPENDIX B TO PART 31—COMPARISON OF SELECTED PROVISIONS OF PART 31 AND PART 32 (AS OF OCTOBER 1, 1996)

NOTE: Even though part 31 now simply requires that national banks comply with the insider lending provisions contained in Regulation O (Reg. O) (12 CFR part 215), the chart in this appendix refers to part 31 because Reg. O is a Federal Reserve Board regulation and part 31 is the means by which several provisions of Reg. O are made applicable to national banks and their insiders.
**DEFINITION OF “LOAN OR EXTENSION OF CREDIT”**

**Renewals**

In most cases, the two definitions of “loan or extension of credit” will be applied in the same manner. A difference exists, however, in the treatment of renewals. Under Part 31, a renewal of a loan to an “insider” (which, unless noted otherwise, includes a bank’s executive officers, directors, principal shareholders, and “related interests” of such persons) is considered to be an extension of credit. Under Part 32, renewals generally are not considered to be an extension of credit if the bank exercises reasonable efforts, consistent with safe and sound banking practices, to bring the loan into conformance with the lending limit. Renewals would be considered an extension of credit under Part 32, however, if new funds are advanced to the borrower, a new borrower replaces the original borrower, or the OCC determines that the renewal was undertaken to evade the lending limits.

**Commitments to extend credit.**

A binding commitment to make a loan is treated as an extension of credit under Part 31. Under Part 32, a commitment to make a loan will not be treated as an extension of credit if the amount of the commitment exceeds the lending limit. Rather, the commitment will be deemed a “non-qualifying commitment” under Part 32 and advances may be made thereunder only if the advance, together with all other outstanding loans to the borrower, will not exceed the bank’s lending limit.

**Overdrafts**

An advance by means of an overdraft (except for an intraday overdraft) generally is considered to be an extension of credit under both Parts 31 and 32. However, indebtedness in amounts up to $5,000 is excluded from the definition of “extension of credit” under Part 31 if the indebtedness arises pursuant to a written, preauthorized, interest-bearing plan or written, preauthorized transfer of funds from another account. Under Part 31, if an overdraft is not made pursuant to this type of plan or transfer, a bank is prohibited from paying an overdraft of an insider (which, in this case, includes only an executive officer or director of the insider’s bank) unless the overdraft is inadvertent, in amounts not exceeding $1,000, outstanding for not more than 5 business days, and subject to the bank’s standard overdraft fee. Part 32 does not contain these exceptions for overdrafts, and simply treats overdrafts (except for intraday overdrafts) as extensions of credit subject to lending limits.

**Guarantees**

Generally speaking, guarantees are included in the Part 31 definition of “extension of credit” but are not included in the definition of “extension of credit” in Part 32 unless other criteria are satisfied. Part 31 applies to any transaction as a result of which an insider becomes obligated to pay money to a bank, whether the obligation arises (i) directly or indirectly, (ii) because of an endorsement on an obligation or otherwise, or (iii) by any means whatsoever. Accordingly, a loan guaranteed by an insider will be deemed to have been made to that insider. In contrast, Part 32 does not consider a loan on which someone signs as guarantor as having been made to the guarantor unless that person is deemed to be a borrower under the “direct benefit” or “common enterprise” tests (see discussion of these tests in the discussion of the “General Rule” under “Combination/Attribution Rules,” below).
**EXCLUSIONS TO DEFINITION**

**Funds advanced for taxes, etc., necessary to preserve collateral or that are incidental to indebtedness.**

Both rules exclude funds advanced for items such as taxes, insurance, or other expenses related to existing indebtedness. However, Part 32 includes these advances for the purpose of determining whether subsequent loans meet the lending limit, whereas Part 31 excludes these advances for all purposes. In addition, Part 32 requires that the funds, which are advanced "for the benefit of" a borrower, be advanced by the bank directly to the third party to whom the borrower is indebted. Part 31 contains no such requirement.

**Loan participations**

Both rules exclude loan participations if the participation is without recourse. However, Part 32 elaborates on this exclusion by requiring that the participation result in a pro rata sharing of credit risk proportionate to the respective interests of the originating and participating lenders. Part 32 also requires the originating bank, if funding the entire loan, to receive funding from the participants before the close of the next business day. Otherwise, the portion funded will be treated as a loan by the originating bank to the underlying borrower, and may be treated as a "non-conforming" loan rather than a violation if (i) the originating bank had an agreement with the participating bank that reduced the loan to an amount within the originating bank’s lending limit, (ii) the participating bank reconfirmed its participation and the originating bank had no knowledge of information that would permit the participating bank to withhold its participation, and (iii) the participation was to be funded by close of business of the originating bank’s next business day.

**Acquisition of debt through merger or foreclosure.**

Under Part 31, a note or other evidence of indebtedness acquired through a merger is excluded from the definition of "extension of credit." Under Part 32, the indebtedness is deemed to be a loan or extension of credit. However, if a loan that conformed with Part 32 when originally made exceeds the lending limits following a merger after the loan is aggregated with other extensions of credit to the same borrower, the loan will not be deemed to be a lending limits violation. Rather, the loan will be treated as "nonconforming," and the bank will have to exercise reasonable efforts to bring the loan into compliance unless to do so would be inconsistent with safe and sound banking practices.

**Credit card indebtedness**

An insider may incur up to $15,000 in debt on a credit card or similar open-end credit plan offered by the insider’s bank without the debt counting as an extension of credit under Part 31. The terms of the credit card or other credit plan must be no more favorable than those offered by the bank to the general public. Part 32 does not exclude credit card debt from the lending limits.
COMBINATION ATTRIBUTION RULES

General rule ................................... Under Part 31, a loan will be attributed to an insider if the loan proceeds are "transferred to," or used for the "tangible economic benefit of," the insider or if the loan is made to a "related interest" of the insider. Under Part 32, a loan will be attributed to another person when either (i) the proceeds of the loan are to be used for the direct benefit of the other person or (ii) a common enterprise exists between the borrower and the other person. The "transfer" test and "tangible economic benefit" test of Part 31 are substantially the same as the "direct benefit" test of Part 32. Under each of these tests, a loan will be attributed to another person where the proceeds are transferred to the other person, unless the proceeds are used in a "bona fide arm's length transaction to acquire property, goods, or services. However, the "related interest" test of Part 31 and the "common enterprise" test under Part 32 will lead to different results in many instances. Under Part 31, a "related interest" is a company or a political or campaign committee that is "controlled" by an insider. Part 31 defines "control" as meaning, generally speaking, that someone owns or controls at least 25 percent of a class of voting securities of a company, controls the election of a majority of the company's directors, or can "exercise a controlling influence" over the company. Part 32 uses the same definition of "control" in the "common enterprise" test, but a mere finding of "control" is not, by itself, a sufficient basis to find that a common enterprise exists. Part 32 will attribute a loan under the "common enterprise" test if the borrowers are under common control (including where one of the persons in question controls the other) and there is "substantial financial interdependence" between the borrowers (i.e., where at least 50 percent of the gross receipts or expenditures of one borrower comes from transactions with the other). If there is not both common control and substantial financial interdependence, the OCC will not attribute a loan under the "common enterprise" test unless (i) the expected source of repayment for a loan is the same for each borrower and neither borrower has another source of income from which the loan may be repaid, (ii) two people borrow to acquire a business of which they will own a majority of the voting securities, or (iii) OCC determines that a common enterprise exists based on facts and circumstances of a particular transaction.

Loans to corporate groups .......... Both Parts 31 and 32 will consider a loan that was made to a corporation to have been made to a third person if the tests identified in the previous discussion of the "General Rule" are satisfied. If these tests are not met, Parts 31 and 32 still may require attribution, but the circumstances when this will occur and the consequences of attribution under these circumstances differ under the two rules. Under Part 31, a loan to a corporation will be deemed to have been made to an insider if the corporation is a "related interest" of the insider (i.e., the insider owns at least 25% percent of a class of voting shares of the company, controls the election of a majority of the company's directors, or has the power to exercise a controlling influence over the company). Under Part 32, a loan to an individual or company will not be considered to have been made to a corporate group until a "person" (which includes individuals and companies) owns more than 50% of the voting shares of a company. If a loan is found to have been made to a related interest of an insider under Part 31, the loan must comply with all of the insider lending restrictions of Part 31. If a loan is found to have been made to a corporate group under Part 32, the loan, when aggregated with all other loans to that corporate group, generally may not exceed 50% of the bank's capital and surplus.

PART 32—LENDING LIMITS

Sec.
32.1 Authority, purpose and scope.
32.2 Definitions.
32.3 Lending limits.
32.4 Calculation of lending limits.
32.5 Combination rules.
32.6 Nonconforming loans.

AUTHORITY: 12 U.S.C. 1 et seq., 84, and 93a.

SOURCE: 60 FR 8532, Feb. 15, 1995, unless otherwise noted.

§ 32.1 Authority, purpose and scope.

(b) Purpose. The purpose of this part is to protect the safety and soundness of national banks by preventing excessive loans to one person, or to related persons that are financially dependent, and to promote diversification of loans and equitable access to banking services.

(c) Scope. (1) This part applies to all loans and extensions of credit made by national banks and their domestic operating subsidiaries. This part does not apply to loans made by a national bank and its domestic operating subsidiaries to the bank’s “affiliates,” as that term is defined in 12 U.S.C. 371c(b)(1), to the bank’s operating subsidiaries, or to Edge Act or Agreement Corporation subsidiaries.

(2) The lending limits in this part are separate and independent from the investment limits prescribed by 12 U.S.C. 24 (Seventh), and a national bank may make loans or extensions of credit to one borrower up to the full amount permitted by this part and also hold eligible securities of the same obligor up to the full amount permitted under 12 U.S.C. 24 (Seventh) and 12 CFR part 1.

(3) Extensions of credit to executive officers, directors and principal shareholders of national banks, and their related interests are subject to limits prescribed by 12 U.S.C. 375a and 375b in addition to the lending limits established by 12 U.S.C. 84 and this part.

(4) In addition to the foregoing, loans and extensions of credit made by national banks and their domestic operating subsidiaries must be consistent with safe and sound banking practices.

§ 32.2 Definitions.

(a) Borrower means a person who is named as a borrower or debtor in a loan or extension of credit, or any other person, including a drawer, endorser, or guarantor, who is deemed to be a borrower under the “direct benefit” or the “common enterprise” tests set forth in §32.5.

(b) Capital and surplus means—

(1) A bank’s Tier 1 and Tier 2 capital calculated under the OCC’s risk-based capital standards set forth in Appendix A to 12 CFR part 3 as reported in the bank’s Consolidated Report of Condition and Income filed under 12 U.S.C. 161; plus

(2) The balance of a bank’s allowance for loan and lease losses not included in the bank’s Tier 2 capital, for purposes of the calculation of risk-based capital described in paragraph (b)(1) of this section, as reported in the bank’s Call Report filed under 12 U.S.C. 161.

(c) Close of business means the time at which a bank closes its accounting records for the business day.

(d) Consumer means the user of any products, commodities, goods, or services, whether leased or purchased, but does not include any person who purchases products or commodities for resale or fabrication into goods for sale.

(e) Consumer paper means paper relating to automobiles, mobile homes, residences, office equipment, household items, tuition fees, insurance premium fees, and similar consumer items. Consumer paper also includes paper covering the lease (where the bank is not the owner or lessor) or purchase of equipment for use in manufacturing, farming, construction, or excavation.

(f) Contractual commitment to advance funds. (1) The term includes a bank’s obligation to—

(1) Make payment (directly or indirectly) to a third person contingent upon default by a customer of the bank in performing an obligation and to make such payment in keeping with the agreed upon terms of the customer’s contract with the third person, or to make payments upon some other stated condition;

(ii) Guarantee or act as surety for the benefit of a person;
(iii) Advance funds under a qualifying commitment to lend, as defined in paragraph (l) of this section; and

(iv) Advance funds under a standby letter of credit as defined in paragraph (p) of this section, a put, or other similar arrangement.

(2) The term does not include commercial letters of credit and similar instruments where the issuing bank expects the beneficiary to draw on the issuer, that do not guarantee payment, and that do not provide for payment in the event of a default by a third party.

(g) Control is presumed to exist when a person directly or indirectly, or acting through or together with one or more persons—

(1) Owns, controls, or has the power to vote 25 percent or more of any class of voting securities of another person;

(2) Controls, in any manner, the election of a majority of the directors, trustees, or other persons exercising similar functions of another person; or

(3) Has the power to exercise a controlling influence over the management or policies of another person.

(h) Current market value means the bid or closing price listed for an item in a regularly published listing or an electronic reporting service.

(1) Financial instrument means stocks, notes, bonds, and debentures traded on a national securities exchange, OTC margin stocks as defined in Regulation U, 12 CFR part 221, commercial paper, negotiable certificates of deposit, bankers’ acceptances, and shares in money market and mutual funds of the type that issue shares in which banks may perfect a security interest. Financial instruments may be denominated in foreign currencies that are freely convertible to U.S. dollars. The term “financial instrument” does not include mortgages.

(j) Loans and extensions of credit means a bank’s direct or indirect advance of funds to or on behalf of a borrower based on an obligation of the borrower to repay the funds or repayable from specific property pledged by or on behalf of the borrower.

(i) Loans or extensions of credit for purposes of 12 U.S.C. 84 and this part include—

(i) A contractual commitment to advance funds, as defined in paragraph (f) of this section;

(ii) A maker or endorser’s obligation arising from a bank’s discount of commercial paper;

(iii) A bank’s purchase of securities subject to an agreement that the seller will repurchase the securities at the end of a stated period, but not including a bank’s purchase of Type I securities, as defined in part 1 of this chapter, subject to a repurchase agreement, where the purchasing bank has assured control over or has established its rights to the Type I securities as collateral;

(iv) A bank’s purchase of third-party paper subject to an agreement that the seller will repurchase the paper upon default or at the end of a stated period. The amount of the bank’s loan is the total unpaid balance of the paper owned by the bank less any applicable dealer reserves retained by the bank and held by the bank as collateral security. Where the seller’s obligation to repurchase is limited, the bank’s loan is measured by the total amount of the paper the seller may ultimately be obligated to repurchase. A bank’s purchase of third party paper without direct or indirect recourse to the seller is not a loan or extension of credit to the seller;

(v) An overdraft, whether or not prearranged, but not an intra-day overdraft for which payment is received before the close of business of the bank that makes the funds available;

(vi) The sale of Federal funds with a maturity of more than one business day, but not Federal funds with a maturity of one day or less or Federal funds sold under a continuing contract; and

(vii) Loans or extensions of credit that have been charged off on the books of the bank in whole or in part, unless the loan or extension of credit—

(A) Is unenforceable by reason of discharge in bankruptcy;

(B) Is no longer legally enforceable because of expiration of the statute of limitations or a judicial decision; or

(C) Is no longer legally enforceable for other reasons, provided that the bank maintains sufficient records to
demonstrate that the loan is unenforceable.

(2) The following items do not constitute loans or extensions of credit for purposes of 12 U.S.C. 84 and this part—

(i) Additional funds advanced for the benefit of a borrower by a bank for payment of taxes, insurance, utilities, security, and maintenance and operating expenses necessary to preserve the value of real property securing the loan, consistent with safe and sound banking practices, but only if the advance is for the protection of the bank’s interest in the collateral, and provided that such amounts must be treated as an extension of credit if a new loan or extension of credit is made to the borrower;

(ii) Accrued and discounted interest on an existing loan or extension of credit, including interest that has been capitalized from prior notes and interest that has been advanced under terms and conditions of a loan agreement;

(iii) Financed sales of a bank’s own assets, including Other Real Estate Owned, if the financing does not put the bank in a worse position than when the bank held title to the assets;

(iv) A renewal or restructuring of a loan as a new ‘‘loan or extension of credit,’’ following the exercise by a bank of reasonable efforts, consistent with safe and sound banking practices, to bring the loan into conformance with the lending limit, unless new funds are advanced by the bank to the borrower (except as permitted by §32.3(b)(5)), or a new borrower replaces the original borrower, or unless the OCC determines that a renewal or restructuring was undertaken as a means to evade the bank’s lending limit;

(v) Amounts paid against uncollected funds in the normal process of collection; and

(vi)(A) That portion of a loan or extension of credit sold as a participation by a bank on a nonrecourse basis, provided that the participation results in a pro rata sharing of credit risk proportionate to the respective interests of the originating and participating lenders. Where a participation agreement provides that repayment must be applied first to the portions sold, a pro rata share will be deemed to exist only if the agreement also provides that, in the event of a default or comparable event defined in the agreement, participants must share in all subsequent repayments and collections in proportion to their percentage participation at the time of the occurrence of the event.

(k) Person means an individual; sole proprietorship; partnership; joint venture; association; trust; estate; business trust; corporation; limited liability company; not-for-profit corporation; sovereign government or agency, instrumentality, or political subdivision thereof; or any similar entity or organization.

(l) Qualifying commitment to lend means a legally binding written commitment to lend that, when combined with all other outstanding loans and qualifying commitments to a borrower, was within the bank’s lending limit when entered into, and has not been disqualified.

(1) In determining whether a commitment is within the bank’s lending limit when made, the bank may deduct from the amount of the commitment the amount of any legally binding loan participation commitments that are
§ 32.3 Lending limits.

(a) Combined general limit. A national bank's total outstanding loans and extensions of credit to one borrower may not exceed 15 percent of the bank's capital and surplus, plus an additional 10 percent of the bank's capital and surplus, if the amount that exceeds the bank's 15 percent general limit is fully secured by readily marketable collateral, as defined in §32.2(m). To qualify for the additional 10 percent limit, the bank must perfect a security interest in the collateral under applicable law and the collateral must have a current market value at all times of at least 100 percent of the amount of the loan or extension of credit that exceeds the bank's 15 percent general limit.

(b) Loans subject to special lending limits. The following loans or extensions of credit are subject to the lending limits set forth below. When loans and extensions of credit qualify for more than one special lending limit, the special limits are cumulative.

(1) Loans secured by bills of lading or warehouse receipts covering readily marketable staples. (i) A national bank's loans or extensions of credit to one borrower secured by bills of lading,
warehouse receipts, or similar documents transferring or securing title to readily marketable staples, as defined in §32.2(n), may not exceed 35 percent of the bank’s capital and surplus in addition to the amount allowed under the bank’s combined general limit. The market value of the staples securing the loan must at all times equal at least 115 percent of the amount of the outstanding loan that exceeds the bank’s combined general limit.

(ii) Staples that qualify for this special limit must be nonperishable, may be refrigerated or frozen, and must be fully covered by insurance if such insurance is customary. Whether a staple is non-perishable must be determined on a case-by-case basis because of differences in handling and storing commodities.

(iii) This special limit applies to a loan or extension of credit arising from a single transaction or secured by the same staples, provided that the duration of the loan or extension of credit is:

(A) Not more than ten months if secured by nonperishable staples; or
(B) Not more than six months if secured by refrigerated or frozen staples.

(iv) The holder of the warehouse receipts, order bills of lading, documents qualifying as documents of title under the Uniform Commercial Code, or other similar documents, must have control and be able to obtain immediate possession of the staple so that the bank is able to sell the underlying staples and promptly transfer title and possession to a purchaser if default should occur on a loan secured by such documents. The existence of a brief notice period, or similar procedural requirements under applicable law, for the disposal of the collateral will not affect the eligibility of the instruments for this special limit.

(A) Field warehouse receipts are an acceptable form of collateral when issued by a duly bonded and licensed grain elevator or warehouse having exclusive possession and control of the staples even though the grain elevator or warehouse is maintained on the premises of the owner of the staples.

(B) Warehouse receipts issued by the borrower-owner that is a grain elevator or warehouse company, duly-bonded and licensed and regularly inspected by state or Federal authorities, may be considered eligible collateral under this provision only when the receipts are registered with an independent registrar whose consent is required before the staples may be withdrawn from the warehouse.

(2) Discount of installment consumer paper. (i) A national bank’s loans and extensions of credit to one borrower that arise from the discount of negotiable or nonnegotiable installment consumer paper, as defined at §32.2(e), that carries a full recourse endorsement or unconditional guarantee by the person selling the paper, may not exceed 10 percent of the bank’s capital and surplus in addition to the amount allowed under the bank’s combined general limit. An unconditional guarantee may be in the form of a repurchase agreement or separate guarantee agreement. A condition reasonably within the power of the bank to perform, such as the repossession of collateral, will not make conditional an otherwise unconditional guarantee.

(ii) Where the seller of the paper offers only partial recourse to the bank, the lending limits of this section apply to the obligation of the seller to the bank, which is measured by the total amount of paper the seller may be obligated to repurchase or has guaranteed.

(iii) Where the bank is relying primarily upon the maker of the paper for payment of the loans or extensions of credit and not upon any full or partial recourse endorsement or guarantee by the seller of the paper, the lending limits of this section apply only to the maker. The bank must substantiate its reliance on the maker with—

(A) Records supporting the bank’s independent credit analysis of the maker’s ability to repay the loan or extension of credit, maintained by the bank or by a third party that is contractually obligated to make those records available for examination purposes; and

(B) A written certification by an officer of the bank authorized by the bank’s board of directors or any designee of that officer, that the bank is relying primarily upon the maker to repay the loan or extension of credit.
§32.3 Loans not subject to the lending limits. The following loans or extensions of credit are not subject to the lending limits of 12 U.S.C. 84 or this part.

(1) Loans arising from the discount of commercial or business paper. (i) Loans or extensions of credit arising from the discount of negotiable commercial or business paper that evidences an obligation to the person negotiating the paper. The paper—

(A) Must be given in payment of the purchase price of commodities purchased for resale, fabrication of a product, or any other business purpose that may reasonably be expected to provide funds for payment of the paper; and

(B) Must bear the full recourse endorsement of the owner of the paper, does not meet the requirements of the exception.

(4) Loans secured by dairy cattle. A national bank’s loans and extensions of credit to one borrower that arise from the discount by dealers in dairy cattle of paper given in payment for the cattle may not exceed 10 percent of the bank’s capital and surplus in addition to the amount allowed under the bank’s combined general limit. To qualify, the paper—

(i) Must carry the full recourse endorsement or unconditional guarantee of the seller; and

(ii) Must be secured by the cattle being sold, pursuant to liens that allow the bank to maintain a perfected security interest in the cattle under applicable law.

(5) Additional advances to complete project financing pursuant to renewal of a qualifying commitment to lend. A national bank may renew a qualifying commitment to lend, as defined by §32.2(l), and complete funding under that commitment if all of the following criteria are met—

(i) The completion of funding is consistent with safe and sound banking practices and is made to protect the position of the bank;

(ii) The completion of funding will enable the borrower to complete the project for which the qualifying commitment to lend was made; and

(iii) The amount of the additional funding does not exceed the unfunded portion of the bank’s qualifying commitment to lend.

(c) Loans not subject to the lending limits. The following loans or extensions of credit are not subject to the lending limits of 12 U.S.C. 84 or this part.

(1) Loans arising from the discount of commercial or business paper. (i) Loans or extensions of credit arising from the discount of negotiable commercial or business paper that evidences an obligation to the person negotiating the paper. The paper—

(A) Must be given in payment of the purchase price of commodities purchased for resale, fabrication of a product, or any other business purpose that may reasonably be expected to provide funds for payment of the paper; and

(B) Must bear the full recourse endorsement of the owner of the paper,
except that paper discounted in connection with export transactions, that is transferred without recourse, or with limited recourse, must be supported by an assignment of appropriate insurance covering the political, credit, and transfer risks applicable to the paper, such as insurance provided by the Export-Import Bank.

(ii) A failure to pay principal or interest on commercial or business paper when due does not result in a loan or extension of credit to the maker or endorser of the paper; however, the amount of such paper thereafter must be counted in determining whether additional loans or extensions of credit to the same borrower may be made within the limits of 12 U.S.C. 84 and this part.

(2) Bankers’ acceptances. A bank’s acceptance of drafts eligible for rediscount under 12 U.S.C. 372 and 373, or a bank’s purchase of acceptances created by other banks that are eligible for rediscount under those sections; but not including—

(i) A bank’s acceptance of drafts ineligible for rediscount (which constitutes a loan by the bank to the customer for whom the acceptance was made, in the amount of the draft);

(ii) A bank’s purchase of ineligible acceptances created by other banks (which constitutes a loan from the purchasing bank to the accepting bank, in the amount of the purchase price); and

(iii) A bank’s purchase of its own acceptances (which constitutes a loan to the bank’s customer for whom the acceptance was made, in the amount of the purchase price).

(3)(i) Loans secured by U.S. obligations. Loans or extensions of credit, or portions thereof, to the extent fully secured by the current market value of:

(A) Bonds, notes, certificates of indebtedness, or Treasury bills of the United States or by similar obligations fully guaranteed as to principal and interest by the United States;

(B) Loans to the extent guaranteed as to repayment of principal by the full faith and credit of the U.S. government, as set forth in paragraph (c)(4)(ii) of this section.

(ii) To qualify under this paragraph, the bank must perfect a security interest in the collateral under applicable law.

(4) Loans to or guaranteed by a Federal agency. (i) Loans or extensions of credit to any department, agency, bureau, board, commission, or establishment of the United States or any corporation wholly owned directly or indirectly by the United States.

(ii) Loans or extensions of credit, including portions thereof, to the extent secured by unconditional takeout commitments or guarantees of any of the foregoing governmental entities. The commitment or guarantee—

(A) Must be payable in cash or its equivalent within 60 days after demand for payment is made;

(B) Is considered unconditional if the protection afforded the bank is not substantially diminished or impaired if loss should result from factors beyond the bank’s control. Protection against loss is not materially diminished or impaired by procedural requirements, such as an agreement to pay on the obligation only in the event of default, including default over a specific period of time, a requirement that notification of default be given within a specific period after its occurrence, or a requirement of good faith on the part of the bank.

(5) Loans to or guaranteed by general obligations of a State or political subdivision. Loans or extensions of credit to a State or political subdivision that constitutes a general obligation of the State or political subdivision, as defined in Part 1 of this chapter, and for which the lending bank has obtained the opinion of counsel that the loan or extension of credit is a valid and enforceable general obligation of the borrower, and loans or extensions of credit, including portions thereof, to the extent guaranteed or secured by a general obligation of a State or political subdivision and for which the lending bank has obtained the opinion of counsel that the guarantee or collateral is a valid and enforceable general obligation of that public body.

(6) Loans secured by segregated deposit accounts. Loans or extensions of credit, including portions thereof, to the extent secured by a segregated deposit account in the lending bank, provided a security interest in the deposit has been perfected under applicable law.
§ 32.4 Calculation of lending limits.

(a) Calculation date. For purposes of determining compliance with 12 U.S.C. 84 and this part, a bank shall determine its lending limit as of the most recent of the following dates:

(1) The last day of the preceding calendar quarter; or

(2) The date on which there is a change in the bank's capital category for purposes of 12 U.S.C. 1831o and 12 CFR 6.3.

(b) Effective date. (1) A bank's lending limit calculated in accordance with paragraph (a)(1) of this section will be effective as of the earlier of the following dates:

(i) The date on which the bank's Call Report is submitted; or

(ii) The date on which the bank's Call Report is required to be submitted.

(2) A bank's lending limit calculated in accordance with paragraph (a)(2) of this section will be effective on the date that the limit is to be calculated.

(i) Where the deposit is eligible for withdrawal before the secured loan matures, the bank must establish internal procedures to prevent release of the security without the lending bank's prior consent.

(ii) A deposit that is denominated and payable in a currency other than that of the loan or extension of credit that it secures may be eligible for this exception if the currency is freely convertible to U.S. dollars.

(A) This exception applies to only that portion of the loan or extension of credit that is covered by the U.S. dollar value of the deposit.

(B) The lending bank must establish procedures to periodically revalue foreign currency deposits to ensure that the loan or extension of credit remains fully secured at all times.

(7) Loans to financial institutions with the approval of the Comptroller. Loans or extensions of credit to any financial institution or to any receiver, conservator, superintendent of banks, or other agent in charge of the business and property of a financial institution when an emergency situation exists and a national bank is asked to provide assistance to another financial institution, and the loan is approved by the Comptroller. For purposes of this paragraph, financial institution means a commercial bank, savings bank, trust company, savings association, or credit union.

(8) Loans to the Student Loan Marketing Association. Loans or extensions of credit to the Student Loan Marketing Association.

(9) Loans to industrial development authorities. A loan or extension of credit to an industrial development authority or similar public entity created to construct and lease a plant facility, including a health care facility, to an industrial occupant will be deemed a loan to the lessee, provided that—

(i) The bank evaluates the creditworthiness of the industrial occupant before the loan is extended to the authority;

(ii) The authority's liability on the loan is limited solely to whatever interest it has in the particular facility;

(iii) The authority's interest is assigned to the bank as security for the loan or the industrial occupant issues a promissory note to the bank that provides a higher order of security than the assignment of a lease; and

(iv) The industrial occupant's lease rentals are assigned and paid directly to the bank.

(10) Loans to leasing companies. A loan or extension of credit to a leasing company for the purpose of purchasing equipment for lease will be deemed a loan to the lessee, provided that—

(i) The bank evaluates the creditworthiness of the lessee before the loan is extended to the leasing corporation;

(ii) The loan is without recourse to the leasing corporation;

(iii) The bank is given a security interest in the equipment in the event of default, may proceed directly against the equipment and the lessee for any deficiency resulting from the sale of the equipment;

(iv) The leasing corporation assigns all of its rights under the lease to the bank;

(v) The lessee's lease payments are assigned and paid to the bank; and

(vi) The lease terms are subject to the same limitations that would apply to a national bank acting as a lessor.

[60 FR 8532, Feb. 15, 1995, as amended at 63 FR 15746, Apr. 1, 1998]
§ 32.5 Combination rules.

(a) General rule. Loans or extensions of credit to one borrower will be attributed to another person and each person will be deemed a borrower—

(1) When proceeds of a loan or extension of credit are to be used for the direct benefit of the other person, to the extent of the proceeds so used; or

(2) When a common enterprise is deemed to exist between the persons.

(b) Direct benefit. The proceeds of a loan or extension of credit to a borrower will be deemed to be used for the direct benefit of another person and will be attributed to the other person when the proceeds, or assets purchased with the proceeds, are transferred to another person, other than in a bona fide arm’s length transaction where the proceeds are used to acquire property, goods, or services.

(c) Common enterprise. A common enterprise will be deemed to exist and loans to separate borrowers will be aggregated:

(1) When the expected source of repayment for each loan or extension of credit is the same for each borrower and neither borrower has another source of income from which the loan (together with the borrower’s other obligations) may be fully repaid. An employer will not be treated as a source of repayment under this paragraph because of wages and salaries paid to an employee, unless the standards of paragraph (c)(2) of this section are met;

(2) When loans or extensions of credit are made—

(i) To borrowers who are related directly or indirectly through common control, including where one borrower is directly or indirectly controlled by another borrower; and

(ii) Substantial financial interdependence exists between or among the borrowers. Substantial financial interdependence is deemed to exist when 50 percent or more of one borrower’s gross receipts or gross expenditures (on an annual basis) are derived from transactions with the other borrower. Gross receipts and expenditures include gross revenues/expense, intercompany loans, dividends, capital contributions, and similar receipts or payments;

(3) When separate persons borrow from a bank to acquire a business enterprise of which those borrowers will own more than 50 percent of the voting securities or voting interests, in which case a common enterprise is deemed to exist between the borrowers for purposes of combining the acquisition loans; or

(4) When the OCC determines, based upon an evaluation of the facts and circumstances of particular transactions, that a common enterprise exists.

(d) Special rule for loans to a corporate group. (1) Loans or extensions of credit by a bank to a corporate group may not exceed 50 percent of the bank’s capital and surplus. This limitation applies only to loans subject to the combined general limit. A corporate group includes a person and all of its subsidiaries. For purposes of this paragraph, a corporation or a limited liability company is a subsidiary of a person if the person owns or beneficially owns directly or indirectly more than 50 percent of the voting securities or voting interests of the corporation or company.

(2) Except as provided in paragraph (d)(1) of this section, loans or extensions of credit to a person and its subsidiary, or to different subsidiaries of a person, are not combined unless either the direct benefit or the common enterprise test is met.

(e) Special rules for loans to partnerships, joint ventures, and associations—

(1) Partnership loans. Loans or extensions of credit to a partnership, joint venture, or association are deemed to be loans or extensions of credit to each member of the partnership, joint venture, or association. This rule does not apply to limited partners in limited partnerships or to members of joint
§ 32.5 Ventures or associations if the partners or members, by the terms of the partnership or membership agreement, are not held generally liable for the debts or actions of the partnership, joint venture, or association, and those provisions are valid under applicable law.

(2) Loans to partners. (i) Loans or extensions of credit to members of a partnership, joint venture, or association are not attributed to the partnership, joint venture, or association unless either the direct benefit or the common enterprise tests are met. Both the direct benefit and common enterprise tests are met between a member of a partnership, joint venture or association, when loans or extensions of credit are made to the member to purchase an interest in the partnership, joint venture or association.

(ii) Loans or extensions of credit to members of a partnership, joint venture, or association are not attributed to other members of the partnership, joint venture, or association unless either the direct benefit or common enterprise test is met.

(i) Loans to foreign governments, their agencies, and instrumentalities—(1) Aggregation. Loans and extensions of credit to foreign governments, their agencies, and instrumentalities will be aggregated with one another only if the loans or extensions of credit are made to the member to purchase an interest in the partnership, joint venture or association.

(ii) Loans or extensions of credit to members of a partnership, joint venture, or association are not attributed to other members of the partnership, joint venture, or association unless either the direct benefit or common enterprise test is met.

(i) The means test is satisfied if the borrower has resources or revenue of its own sufficient to service its debt obligations. If the government’s support (excluding guarantees by a central government of the borrower’s debt) exceeds the borrower’s annual revenues from other sources, it will be presumed that the means test has not been satisfied.

(ii) The purpose test is satisfied if the purpose of the loan or extension of credit is consistent with the purposes of the borrower’s general business.

(2) Documentation. In order to show that the means and purpose tests have been satisfied, a bank must, at a minimum, retain in its files the following items:

(i) A statement (accompanied by supporting documentation) describing the legal status and the degree of financial and operational autonomy of the borrowing entity;

(ii) Financial statements for the borrowing entity for a minimum of three years prior to the date the loan or extension of credit was made or for each year that the borrowing entity has been in existence, if less than three;

(iii) Financial statements for each year the loan or extension of credit is outstanding;

(iv) The bank’s assessment of the borrower’s means of servicing the loan or extension of credit, including specific reasons in support of that assessment. The assessment shall include an analysis of the borrower’s financial history, its present and projected economic and financial performance, and the significance of any financial support provided to the borrower by third parties, including the borrower’s central government;

(v) A loan agreement or other written statement from the borrower which clearly describes the purpose of the loan or extension of credit. The written representation will ordinarily constitute sufficient evidence that the purpose test has been satisfied. However, when, at the time the funds are disbursed, the bank knows or has reason to know of other information suggesting that the borrower will use the proceeds in a manner inconsistent with the written representation, it may not, without further inquiry, accept the representation.

(3) Restructured loans—(i) Non-combination rule. Notwithstanding paragraphs (a) through (e) of this section, when previously outstanding loans and other extensions of credit to a foreign government, its agencies, and instrumentalities (i.e., public-sector obligors) that qualified for a separate lending limit under paragraph (f)(1) of this section are consolidated under a central obligor in a qualifying restructuring, such loans will not be aggregated and attributed to the central obligor. This includes any substitution in named obligors, solely because of the restructuring. Such loans (other than loans originally attributed to the central obligor in their own right) will not be
considered obligations of the central obligor and will continue to be attributed to the original public-sector obligor for purposes of the lending limit.

(ii) Qualifying restructuring. Loans and other extensions of credit to a foreign government, its agencies, and instrumentalities will qualify for the non-combination process under paragraph (f)(3)(i) of this section only if they are restructured in a sovereign debt restructuring approved by the OCC, upon request by a bank for application of the non-combination rule. The factors that the OCC will use in making this determination include, but are not limited to, the following:

(A) Whether the restructuring involves a substantial portion of the total commercial bank loans outstanding to the foreign government, its agencies, and instrumentalities;
(B) Whether the restructuring involves a substantial number of the foreign country’s external commercial bank creditors;
(C) Whether the restructuring and consolidation under a central obligor is being done primarily to facilitate external debt management; and
(D) Whether the restructuring includes features of debt or debt-service reduction.

(iii) 50 percent aggregate limit. With respect to any case in which the non-combination process under paragraph (f)(3)(i) of this section applies, a national bank’s loans and other extensions of credit to a foreign government, its agencies and instrumentalities, (including restructured debt) shall not exceed, in the aggregate, 50 percent of the bank’s capital and surplus.

§ 32.6 Nonconforming loans.

(a) A loan, within a bank’s legal lending limit when made, will not be deemed a violation but will be treated as nonconforming if the loan is no longer in conformity with the bank’s lending limit because—

(1) The bank’s capital has declined, borrowers have subsequently merged or formed a common enterprise, lenders have merged, the lending limit or capital rules have changed; or
(2) Collateral securing the loan to satisfy the requirements of a lending limit exception has declined in value.

(b) A bank must use reasonable efforts to bring a loan that is nonconforming as a result of paragraph (a)(1) of this section into conformity with the bank’s lending limit unless to do so would be inconsistent with safe and sound banking practices.

(c) A bank must bring a loan that is nonconforming as a result of circumstances described in paragraph (a)(2) of this section into conformity with the bank’s lending limit within 30 calendar days, except when judicial proceedings, regulatory actions or other extraordinary circumstances beyond the bank’s control prevent the bank from taking action.

34.61 Purpose and scope.
34.62 Real estate lending standards.
§ 34.1 Purpose and scope.

(a) Purpose. The purpose of this part is to set forth standards for real estate-related lending and associated activities by national banks.

(b) Scope. This part applies to national banks and their operating subsidiaries as provided in 12 CFR 5.34. For the purposes of 12 U.S.C. 371 and subparts A and B of this part, loans secured by liens on interests in real estate include loans made upon the security of condominiums, leaseholds, cooperatives, forest tracts, land sales contracts, and construction project loans. Construction project loans are not subject to subparts A and B of this part, however, if they have a maturity not exceeding 60 months and are made to finance the construction of either:

1. A building where there is a valid and binding agreement entered into by a financially responsible lender or other party to advance the full amount of the bank’s loan upon completion of the building; or
2. A residential or farm building.

§ 34.2 Definitions.

(a) Due-on-sale clause means any clause that gives the lender or any assignee or transferee of the lender the power to declare the entire debt payable if all or part of the legal or equitable title to an equivalent contractual interest in the property securing the loan is transferred to another person, whether by deed, contract, or otherwise.

(b) State means any State of the United States of America, the District of Columbia, Puerto Rico, the Virgin Islands, the Northern Mariana Islands, American Samoa, and Guam.

(c) State law limitations means any State statute, regulation, or order of any State agency, or judicial decision interpreting State law.

§ 34.4 Applicability of State law.

(a) Specific preemption. A national bank may make real estate loans under 12 U.S.C. 371 and § 34.3 without regard to State law limitations concerning:

1. The amount of a loan in relation to the appraised value of the real estate;
2. The schedule for the repayment of principal and interest;
3. The term to maturity of the loan;
4. The aggregate amount of funds that may be loaned upon the security of real estate; and
5. The covenants and restrictions that must be contained in a lease to qualify the leasehold as acceptable security for a real estate loan.

(b) General standards. The OCC will apply recognized principles of Federal preemption in considering whether State laws apply to other aspects of real estate lending by national banks.

§ 34.5 Due-on-sale clauses.

A national bank may make or acquire a loan or interest therein, secured by a lien on real property, that includes a due-on-sale clause. Except as set forth in 12 U.S.C. 1701j-3(d) (which contains a list of transactions in which due-on-sale clauses may not be enforced), due-on-sale clauses in loans, whenever originated, will be valid and enforceable, notwithstanding any State law limitations to the contrary. For the purposes of this section,
Comptroller of the Currency, Treasury

the term real property includes residential dwellings such as condominium units, cooperative housing units, and residential manufactured homes.

**Subpart B—Adjustable-Rate Mortgages**

SOURCE: 61 FR 11301, Mar. 20, 1996, unless otherwise noted.

§ 34.20 Definitions.

Adjustable-rate mortgage (ARM) loan means an extension of credit made to finance or refinance the purchase of, and secured by a lien on, a one-to-four family dwelling, including a condominium unit, cooperative housing unit, or residential manufactured home, where the lender, pursuant to an agreement with the borrower, may adjust the rate of interest from time to time. An ARM loan does not include fixed-rate extensions of credit that are payable at the end of a term that, when added to any terms for which the bank has promised to renew the loan, is shorter than the term of the amortization schedule.

§ 34.21 General rule.

(a) Authorization. A national bank and its subsidiaries may make, sell, purchase, participate in, or otherwise deal in ARM loans and interests therein without regard to any State law limitations on those activities.

(b) Purchase of loans not in compliance. A national bank may purchase or participate in ARM loans that were not made in accordance with this part, except that loans purchased, in whole or in part, from an affiliate or subsidiary must comply with this part. For purposes of this paragraph, the terms affiliate and subsidiary have the same meaning as in 12 U.S.C. 371c.

§ 34.22 Index.

If a national bank makes an ARM loan to which 12 CFR 226.19(b) applies (i.e., the annual percentage rate of a loan may increase after consummation, the term exceeds one year, and the consumer’s principal dwelling secures the indebtedness), the loan documents must specify an index to which changes in the interest rate will be linked. This index must be readily available to, and verifiable by, the borrower and beyond the control of the bank. A national bank may use as an index any measure of rates of interest that meets these requirements. The index may be either single values of the chosen measure or a moving average of the chosen measure calculated over a specified period. A national bank also may increase the interest rate in accordance with applicable loan documents specifying the amount of the increase and the times at which, or circumstances under which, it may be made. A national bank may decrease the interest rate at any time.

§ 34.23 Prepayment fees.

A national bank offering or purchasing ARM loans may impose fees for prepayments notwithstanding any State law limitations to the contrary. For purposes of this section, prepayments do not include:

(a) Payments that exceed the required payment amount to avoid or reduce negative amortization; or

(b) Principal payments, in excess of those necessary to retire the outstanding debt over the remaining loan term at the then-current interest rate, that are made in accordance with rules governing the determination of monthly payments contained in the loan documents.

§ 34.24 Nonfederally chartered commercial banks.

Pursuant to 12 U.S.C. 3803(a), a State chartered commercial bank may make ARM loans in accordance with the provisions of this subpart. For purposes of this section, the terms “State” shall have the same meaning as set forth in §34.2(b).

§ 34.25 Transition rule.

If, on October 1, 1988, a national bank had made a loan or binding commitment to lend under an ARM loan program that complied with the requirements of 12 CFR part 29 in effect prior to October 1, 1988 (see 12 CFR Parts 1 to 199, revised as of January 1, 1988) but would have violated any of the provisions of this subpart, the national bank may continue to administer the loan or
§ 34.41 Authority, purpose, and scope.

(b) Purpose and scope. (1) Title XI provides protection for federal financial and public policy interests in real estate-related transactions by requiring real estate appraisals used in connection with federally related transactions to be performed in writing, in accordance with uniform standards, by appraisers whose competency has been demonstrated and whose professional conduct will be subject to effective supervision. This subpart implements the requirements of title XI, and applies to all federally related transactions entered into by the OCC or by institutions regulated by the OCC (regulated institutions).

(2) This subpart:

(i) Identifies which real estate-related financial transactions require the services of an appraiser;

(ii) Prescribes which categories of federally related transactions shall be appraised by a State certified appraiser and which by a State licensed appraiser; and

(iii) Prescribes minimum standards for the performance of real estate appraisals in connection with federally related transactions under the jurisdiction of the OCC.

§ 34.42 Definitions.

Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

(1) Buyer and seller are typically motivated;

(2) Both parties are well informed or well advised, and acting in what they consider their own best interests;

(3) A reasonable time is allowed for exposure in the open market;

(4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and

(5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

(i) **Real estate-related financial transaction** means any transaction involving:

(1) The sale, lease, purchase, investment in or exchange of real property, including interests in property, or the financing thereof; or

(j) **State certified appraiser** means any individual who has satisfied the requirements for certification in a State or territory whose criteria for certification as a real estate appraiser currently meet the minimum criteria for certification issued by the Appraiser Qualifications Board of the Appraisal Foundation. No individual shall be a State certified appraiser unless such individual has achieved a passing grade upon a suitable examination administered by a State or territory that is consistent with and equivalent to the Uniform State Certification Examination issued or endorsed by the Appraiser Qualifications Board of the Appraisal Foundation. In addition, the Appraisal Subcommittee must not have issued a finding that the policies, practices, or procedures of the State or territory are inconsistent with title XI of FIRREA. The OCC may, from time to time, impose additional qualification criteria for licensed appraisers performing appraisals in connection with federally related transactions within its jurisdiction.

(k) **State licensed appraiser** means any individual who has satisfied the requirements for licensing in a State or territory where the licensing procedures comply with title XI of FIRREA and where the Appraisal Subcommittee has not issued a finding that the policies, practices, or procedures of the State or territory are inconsistent with title XI. The OCC may, from time to time, impose additional qualification criteria for licensed appraisers performing appraisals in connection with federally related transactions within its jurisdiction.

(m) **Transaction value** means:

(1) For loans or other extensions of credit, the amount of the loan or extension of credit;

(2) For sales, leases, purchases, and investments in or exchanges of real property, the market value of the real property interest involved; and

(3) For the pooling of loans or interests in real property for resale or purchase, the amount of the loan or market value of the real property calculated with respect to each such loan or interest in real property.

§ 34.43 Appraisals required; transactions requiring a State certified or licensed appraiser.

(a) **Appraisals required.** An appraisal performed by a State certified or licensed appraiser is required for all real estate-related financial transactions except those in which:

(1) The transaction value is $250,000 or less;

(2) A lien on real estate has been taken as collateral in an abundance of caution;

(3) The transaction is not secured by real estate;

(4) A lien on real estate has been taken for purposes other than the real estate’s value;

(5) The transaction is a business loan that:

(i) Has a transaction value of $1 million or less; and

(ii) Is not dependent on the sale of, or rental income derived from, real estate as the primary source of repayment;

(6) A lease of real estate is entered into, unless the lease is the economic equivalent of a purchase or sale of the leased real estate;
§ 34.43  Appraisal requirements

(7) The transaction involves an existing extension of credit at the lending institution, provided that:
   (i) There has been no obvious and material change in market conditions or physical aspects of the property that threatens the adequacy of the institution's real estate collateral protection after the transaction, even with the advancement of new monies; or
   (ii) There is no advancement of new monies, other than funds necessary to cover reasonable closing costs;

(8) The transaction involves the purchase, sale, investment in, exchange of, or extension of credit secured by, a loan or interest in a loan, pooled loans, or interests in real property, including mortgaged-backed securities, and each loan or interest in a loan, pooled loan, or real property interest met OCC regulatory requirements for appraisals at the time of origination;

(9) The transaction is wholly or partially insured or guaranteed by a United States government agency or United States government sponsored agency;

(10) The transaction either:
   (i) Qualifies for sale to a United States government agency or United States government sponsored agency; or
   (ii) Involves a residential real estate transaction in which the appraisal conforms to the Federal National Mortgage Association and Federal Home Loan Mortgage Corporation appraisal standards applicable to that category of real estate;

(11) The regulated institution is acting in a fiduciary capacity and is not required to obtain an appraisal under other law; or

(12) The OCC determines that the services of an appraiser are not necessary in order to protect Federal financial and public policy interests in real estate-related financial transactions or to protect the safety and soundness of the institution.

(b) Evaluations required. For a transaction that does not require the services of a State certified or licensed appraiser under paragraph (a)(1), (a)(5) or (a)(7) of this section, the institution shall obtain an appropriate evaluation of real property collateral that is consistent with safe and sound banking practices.

(c) Appraisals to address safety and soundness concerns. The OCC reserves the right to require an appraisal under this subpart whenever the agency believes it is necessary to address safety and soundness concerns.

(d) Transactions requiring a State certified appraiser—(1) All transactions of $1,000,000 or more. All federally related transactions having a transaction value of $1,000,000 or more shall require an appraisal prepared by a State certified appraiser.

(2) Nonresidential transactions of $250,000 or more. All federally related transactions having a transaction value of $250,000 or more, other than those involving appraisals of 1-to-4 family residential properties, shall require an appraisal performed by a State certified appraiser.

(3) Complex residential transactions of $250,000 or more. All complex 1-to-4 family residential property appraisals rendered in connection with federally related transactions shall require a State certified appraiser if the transaction value is $250,000 or more. A regulated institution may presume that appraisals of 1-to-4 family residential properties are not complex, unless the institution has readily available information that a given appraisal will be complex. The regulated institution shall be responsible for making the final determination whether the appraisal is complex. If during the course of the appraisal a licensed appraiser identifies factors that would result in the property, form of ownership, or market conditions being considered atypical, then either:
   (i) The regulated institution may ask the licensed appraiser to complete the appraisal and have a certified appraiser approve and co-sign the appraisal; or
   (ii) The institution may engage a certified appraiser to complete the appraisal.

(e) Transactions requiring either a State certified or licensed appraiser. All appraisals for federally related transactions not requiring the services of a State certified appraiser shall be prepared by either a State certified appraiser or a State licensed appraiser.
§ 34.47 Effective date.
National banks are required to use State certified or licensed appraisers as set forth in this part no later than December 31, 1992.

§ 34.44 Minimum appraisal standards.
For federally related transactions, all appraisals shall, at a minimum:

(a) Conform to generally accepted appraisal standards as evidenced by the Uniform Standards of Professional Appraisal Practice (USPAP) promulgated by the Appraisal Standards Board of the Appraisal Foundation, 1029 Vermont Ave., NW., Washington, DC 20005, unless principles of safe and sound banking require compliance with stricter standards;

(b) Be written and contain sufficient information and analysis to support the institution’s decision to engage in the transaction;

(c) Analyze and report appropriate deductions and discounts for proposed construction or renovation, partially leased buildings, non-market lease terms, and tract developments with unsold units;

(d) Be based upon the definition of market value as set forth in this subpart; and

(e) Be performed by State licensed or certified appraisers in accordance with requirements set forth in this subpart.

§ 34.45 Appraiser independence.

(a) Staff appraisers. If an appraisal is prepared by a staff appraiser, that appraiser must be independent of the lending, investment, and collection functions and not involved, except as an appraiser, in the federally related transaction, and have no direct or indirect interest, financial or otherwise, in the property. If the only qualified persons available to perform an appraisal are involved in the lending, investment, or collection functions of the regulated institution, the regulated institution shall take appropriate steps to ensure that the appraisers exercise independent judgment. Such steps include, but are not limited to, prohibiting an individual from performing an appraisal in connection with federally related transactions in which the appraiser is otherwise involved and prohibiting directors and officers from participating in any vote or approval involving assets on which they performed an appraisal.

(b) Fee appraisers. (1) If an appraisal is prepared by a fee appraiser, the appraiser shall be engaged directly by the regulated institution or its agent, and have no direct or indirect interest, financial or otherwise, in the property or the transaction.

(2) A regulated institution also may accept an appraisal that was prepared by an appraiser engaged directly by another financial services institution, if:
   (i) The appraiser has no direct or indirect interest, financial or otherwise, in the property or the transaction;
   (ii) The regulated institution determines that the appraisal conforms to the requirements of this subpart and is otherwise acceptable.

§ 34.46 Professional association membership; competency.

(a) Membership in appraisal organizations. A State certified appraiser or a State licensed appraiser may not be excluded from consideration for an assignment for a federally related transaction solely by virtue of membership or lack of membership in any particular appraisal organization.

(b) Competency. All staff and fee appraisers performing appraisals in connection with federally related transactions must be State certified or licensed, as appropriate. However, a State certified or licensed appraiser may not be considered competent solely by virtue of being certified or licensed. Any determination of competency shall be based upon the individual’s experience and educational background as they relate to the particular appraisal assignment for which he or she is being considered.

§ 34.47 Enforcement.
Institutions and institution-affiliated parties, including staff appraisers and fee appraisers, may be subject to removal and/or prohibition orders, cease and desist orders, and the imposition of
§ 34.61 Purpose and scope.

This subpart, issued pursuant to section 304 of the Federal Deposit Insurance Corporation Improvement Act of 1991, 12 U.S.C. 1828(o), prescribes standards for real estate lending to be used by national banks in adopting internal real estate lending policies.

§ 34.62 Real estate lending standards.

(a) Each national bank shall adopt and maintain written policies that establish appropriate limits and standards for extensions of credit that are secured by liens on or interests in real estate, or that are made for the purpose of financing permanent improvements to real estate.

(b)(1) Real estate lending policies adopted pursuant to this section must:
   (i) Be consistent with safe and sound banking practices;
   (ii) Be appropriate to the size of the institution and the nature and scope of its operations; and
   (iii) Be reviewed and approved by the bank’s board of directors at least annually.

(2) The lending policies must establish:
   (i) Loan portfolio diversification standards;
   (ii) Prudent underwriting standards, including loan-to-value limits, that are clear and measurable;
   (iii) Loan administration procedures for the bank’s real estate portfolio; and
   (iv) Documentation, approval, and reporting requirements to monitor compliance with the bank’s real estate lending policies.

(c) Each national bank must monitor conditions in the real estate market in its lending area to ensure that its real estate lending policies continue to be appropriate for current market conditions.

(d) The real estate lending policies adopted pursuant to this section should reflect consideration of the Interagency Guidelines for Real Estate Lending Policies established by the Federal bank and thrift supervisory agencies.

APPENDIX A TO SUBPART D OF PART 34—INTERAGENCY GUIDELINES FOR REAL ESTATE LENDING

The agencies’ regulations require that each insured depository institution adopt and maintain a written policy that establishes appropriate limits and standards for all extensions of credit that are secured by liens on or interests in real estate or made for the purpose of financing the construction of a building or other improvements. The guidelines are intended to assist institutions in the formulation and maintenance of a real estate lending policy that is appropriate to the size of the institution and the nature and scope of its individual operations, as well as satisfies the requirements of the regulation. Each institution’s policies must be comprehensive, and consistent with safe and sound lending practices, and must ensure that the institution operates within limits and according to standards that are reviewed and approved at least annually by the board of directors. Real estate lending is an integral part of many institutions’ business plans and, when undertaken in a prudent manner, will not be subject to examiner criticism.

LOAN PORTFOLIO MANAGEMENT CONSIDERATIONS

The lending policy should contain a general outline of the scope and distribution of the institution’s credit facilities and the manner in which real estate loans are made, serviced, and collected. In particular, the institution’s policies on real estate lending should:

• Identify the geographic areas in which the institution will consider lending.
• Establish a loan portfolio diversification policy and set limits for real estate loans by type and geographic market (e.g., limits on higher risk loans).
• Identify appropriate terms and conditions by type of real estate loan.
• Establish loan origination and approval procedures, both generally and by size and type of loan.

1 The agencies have adopted a uniform rule on real estate lending. See 12 CFR part 365 (FDIC); 12 CFR part 208, subpart C (FRB); 12 CFR part 34, subpart D (OCC); and 12 CFR 563.100-101 (OTS).
Comptroller of the Currency, Treasury

- Establish prudent underwriting standards that are clear and measurable, including loan-to-value limits, that are consistent with these supervisory guidelines.

- Establish review and approval procedures for exception loans, including loans with loan-to-value percentages in excess of supervisory limits.

- Establish loan administration procedures, including documentation, disbursement, collateral inspection, collection, and loan review.

- Establish real estate appraisal and evaluation programs.

- Require that management monitor the loan portfolio and provide timely and adequate reports to the board of directors.

The institution should consider both internal and external factors in the formulation of its loan policies and strategic plan. Factors that should be considered include:

- The size and financial condition of the institution.

- The expertise and size of the lending staff.

- The need to avoid undue concentrations of risk.

- Compliance with all real estate related laws and regulations, including the Community Reinvestment Act, anti-discrimination laws, and for savings associations, the Qualified Thrift Lender test.

- Market conditions.

The institution should monitor conditions in the real estate markets in its lending area so that it can react quickly to changes in market conditions that are relevant to its lending decisions. Market supply and demand factors that should be considered include:

- Demographic indicators, including population and employment trends.

- Zoning requirements.

- Current and projected vacancy, construction, and absorption rates.

- Current and projected lease terms, rental rates, and sales prices, including concessions.

- Current and projected operating expenses for different types of projects.

- Economic indicators, including trends and diversification of the lending area.

- Valuation trends, including discount and direct capitalization rates.

**UNDERWRITING STANDARDS**

Prudently underwritten real estate loans should reflect all relevant credit factors, including:

- The capacity of the borrower, or income from the underlying property, to adequately service the debt.

- The value of the mortgaged property.

- The overall creditworthiness of the borrower.

- The level of equity invested in the property.

- Any secondary sources of repayment.

- Any additional collateral or credit enhancements (such as guarantees, mortgage insurance or takeout commitments).

The lending policies should reflect the level of risk that is acceptable to the board of directors and provide clear and measurable underwriting standards that enable the institution’s lending staff to evaluate these credit factors. The underwriting standards should address:

- The maximum loan amount by type of property.

- Maximum loan maturities by type of property.

- Amortization schedules.

- Pricing structure for different types of real estate loans.

- Loan-to-value limits by type of property.

For development and construction projects, and completed commercial properties, the policy should also establish, commensurate with the size and type of the project or property:

- Requirements for feasibility studies and sensitivity and risk analyses (e.g., sensitivity of income projections to changes in economic variables such as interest rates, vacancy rates, or operating expenses).

- Minimum requirements for initial investment and maintenance of hard equity by the borrower (e.g., cash or unencumbered investment in the underlying property).

- Minimum standards for net worth, cash flow, and debt service coverage of the borrower or underlying property.

- Standards for the acceptability of and limits on non-amortizing loans.

- Standards for the acceptability of and limits on the use of interest reserves.

- Pre-leasing and pre-sale requirements for income-producing property.

- Pre-sale and minimum unit release requirements for non-income-producing property loans.

- Limits on partial recourse or non-recourse loans and requirements for guarantor support.

- Requirements for takeout commitments.

- Minimum covenants for loan agreements.

**LOAN ADMINISTRATION**

The institution should also establish loan administration procedures for its real estate portfolio that address:

- Documentation, including:
  - Type and frequency of financial statements, including requirements for verification of information provided by the borrower.
  - Type and frequency of collateral evaluations (appraisals and other estimates of value).
  - Loan closing and disbursement.

- Payment processing.
- Escrow administration.
- Collateral administration.
- Loan payoffs.
- Collection and foreclosure, including: Delinquency follow-up procedures; Foreclosure timing; Extensions and other forms of forbearance; Attachment; and Judicial foreclosure and related matters.
- Claims processing (e.g., seeking recovery on a defaulted loan covered by a government guaranty or insurance program).
- Servicing and participation agreements.

**SUPERVISORY LOAN-TO-VALUE LIMITS**

Institutions should establish their own internal loan-to-value limits for real estate loans. These internal limits should not exceed the following supervisory limits:

<table>
<thead>
<tr>
<th>Loan category</th>
<th>Loan-to-value limit (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Raw land</td>
<td>65</td>
</tr>
<tr>
<td>Land development</td>
<td>75</td>
</tr>
<tr>
<td>Construction:</td>
<td></td>
</tr>
<tr>
<td>Commercial, multifamily,(^1) and other non-residential</td>
<td>80</td>
</tr>
<tr>
<td>1- to 4-family residential</td>
<td>85</td>
</tr>
<tr>
<td>Improved property</td>
<td>85</td>
</tr>
<tr>
<td>Owner-occupied 1- to 4-family and home equity</td>
<td>(f)</td>
</tr>
</tbody>
</table>

\(^1\)Multifamily construction includes condominiums and cooperatives.

A loan-to-value limit has not been established for permanent mortgage or home equity loans on owner-occupied, 1- to 4-family residential property. However, for any such loan with a loan-to-value ratio that equals or exceeds 90 percent at origination, an institution should require appropriate credit enhancement in the form of either mortgage insurance or readily marketable collateral.

The supervisory loan-to-value limits should be applied to the underlying property that collateralizes the loan. For loans that fund multiple phases of the same real estate project (e.g., a loan for both land development and construction of an office building), the appropriate loan-to-value limit is the limit applicable to the final phase of the project funded by the loan; however, loan disbursements should not exceed actual development or construction outlays. In situations where a loan is fully cross-collateralized by two or more properties or is secured by a collateral pool of two or more properties, the appropriate maximum loan amount under supervisory loan-to-value limits is the sum of the value of each property, less senior liens, multiplied by the appropriate loan-to-value limit for each property.

To ensure that collateral margins remain within the supervisory limits, lenders should redetermine conformity whenever collateral substitutions are made to the collateral pool.

In establishing internal loan-to-value limits, each lender is expected to carefully consider the institution-specific and market factors listed under “Loan Portfolio Management Considerations,” as well as any other relevant factors, such as the particular subcategory or type of loan. For any subcategory of loans that exhibits greater credit risk than the overall category, a lender should consider the establishment of an internal loan-to-value limit for that subcategory that is lower than the limit for the overall category.

The loan-to-value ratio is only one of several pertinent credit factors to be considered when underwriting a real estate loan. Other credit factors to be taken into account are highlighted in the “Underwriting Standards” section above. Because of these other factors, the establishment of these supervisory limits should not be interpreted to mean that loans at these levels will automatically be considered sound.

**LOANS IN EXCESS OF THE SUPERVISORY LOAN-TO-VALUE LIMITS**

The agencies recognize that appropriate loan-to-value limits vary not only among categories of real estate loans but also among individual loans. Therefore, it may be appropriate in individual cases to originate or purchase loans with loan-to-value ratios in excess of the supervisory loan-to-value limits, based on the support provided by other credit factors. Such loans should be identified in the institution’s records, and their aggregate amount reported at least quarterly to the institution’s board of directors. (See additional reporting requirements described under “Exceptions to the General Policy.”)

The aggregate amount of all loans in excess of the supervisory loan-to-value limits should not exceed 100 percent of total capital.\(^2\) Moreover, within the aggregate limit, total loans for all commercial, agricultural, multifamily or other non-1-to-4 family residential properties should not exceed 30 percent of total capital. An institution will come under increased supervisory scrutiny as the total of such loans approaches these levels.

In determining the aggregate amount of such loans, institutions should: (a) Include all loans secured by the same property if any one of those loans exceeds the supervisory loan-to-value limits; and (b) include the recourse obligation of any such loan sold with recourse. Conversely, a loan should no longer

---

\(^2\)For the state member banks, the term “total capital” means “total risk-based capital” as defined in appendix A to 12 CFR part 208. For insured state non-member banks, “total capital” refers to that term described in table I of appendix A to 12 CFR part 323. For national banks, the term “total capital” is defined at 12 CFR 327.5(c).
be reported to the directors as part of aggregate totals when reduction in principal or senior liens, or additional contribution of collateral or equity (e.g., improvements to the real property securing the loan), bring the loan-to-value ratio into compliance with supervisory limits.

EXCLUDED TRANSACTIONS

The agencies also recognize that there are a number of lending situations in which other factors significantly outweigh the need to apply the supervisory loan-to-value limits. These include:

- Loans guaranteed or insured by the U.S. government or its agencies, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.
- Loans backed by the full faith and credit of a State government, provided that the amount of the assurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.
- Loans guaranteed or insured by a State, municipal or local government, or an agency thereof, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit, and provided that the lender has determined that the guarantor or insurer has the financial capacity and willingness to perform under the terms of the guaranty or insurance agreement.
- Loans that are to be sold promptly after origination, without recourse, to a financially responsible third party.
- Loans that are renewed, refinanced, or restructured without the advancement of new funds or an increase in the line of credit (except for reasonable closing costs), or loans that are renewed, refinanced, or restructured in connection with a workout situation, either with or without the advancement of new funds, where consistent with safe and sound banking practices and part of a clearly defined and well-documented program to achieve orderly liquidation of the debt, reduce risk of loss, or maximize recovery on the loan.
- Loans that facilitate the sale of real estate acquired by the lender in the ordinary course of collecting a debt previously contracted in good faith.
- Loans for which a lien on or interest in real property is taken as additional collateral through an abundance of caution by the lender (e.g., the institution takes a blanket lien on all or substantially all of the assets of the borrower, and the value of the real property is low relative to the aggregate value of all other collateral).
- Loans, such as working capital loans, where the lender does not rely principally on real estate as security and the extension of credit is not used to acquire, develop, or construct permanent improvements on real property.
- Loans for the purpose of financing permanent improvements to real property, but not secured by the property, if such security interest is not required by prudent underwriting practice.

EXCEPTIONS TO THE GENERAL LENDING POLICY

Some provision should be made for the consideration of loan requests from creditworthy borrowers whose credit needs do not fit within the institution’s general lending policy. An institution may provide for prudently underwritten exceptions to its lending policies, including loan-to-value limits, on a loan-by-loan basis. However, any exceptions from the supervisory loan-to-value limits should conform to the aggregate limits on such loans discussed above.

The board of directors is responsible for establishing standards for the review and approval of exception loans. Each institution should establish an appropriate internal process for the review and approval of loans that do not conform to its own internal policy standards. The approval of any such loan should be supported by a written justification that clearly sets forth all of the relevant credit factors that support the underwriting decision. The justification and approval documents for such loans should be maintained as a part of the permanent loan file. Each institution should monitor compliance with its real estate lending policy and individually report exception loans of a significant size to its board of directors.

SUPERVISORY REVIEW OF REAL ESTATE LENDING POLICIES AND PRACTICES

The real estate lending policies of institutions will be evaluated by examiners during the course of their examinations to determine if the policies are consistent with safe and sound lending practices, these guidelines, and the requirements of the regulation. In evaluating the adequacy of the institution’s real estate lending policies and practices, examiners will take into consideration the following factors:

- The nature and scope of the institution’s real estate lending activities.
- The size and financial condition of the institution.
- The quality of the institution’s management and internal controls.
- The expertise and size of the lending and loan administration staff.
- Market conditions.

Lending policy exception reports will also be reviewed by examiners during the course of their examinations to determine whether the institutions’ exceptions are adequately documented and appropriate in light of all of the relevant credit considerations. An excessive volume of exceptions to an institution’s
§ 34.81 Definitions.

For the purposes of these Guidelines:

1. A bank means a national bank or state bank as defined in section 5 of the Banking Act of 1933.

2. Other Real Estate Owned means property containing fewer than five individual dwelling units, including manufactured homes permanently affixed to the underlying property (when deemed to be real property under State law).

3. Other income-producing property includes, but is not limited to:
   a. Farmland, ranchland or timberland committed to ongoing management and agricultural production;
   b. 1- to 4-family residential property that is not owner-occupied;
   c. Residential property containing five or more individual dwelling units;
   d. Completed commercial property;
   e. Other income-producing property that has been completed and is available for occupancy and use, except income-producing owner-occupied 1- to 4-family residential property.

4. Improved property means an improvement of real property, prepared in accordance with safe and sound lending practices, that is consistent with the lender’s usual practices for making loans secured by such collateral.

5. Other acceptable collateral includes, among other items, unconditional irrevocable standby letters of credit for the benefit of the lender.

6. Owner-occupied, when used in conjunction with the term 1- to 4-family residential property means that the owner of the underlying real property occupies at least one unit of the real property as a principal residence of the owner.

7. Readily marketable collateral means insured deposits, financial instruments, and bullion in which the lender has a perfected interest. Financial instruments and bullion must be salable under ordinary circumstances with reasonable promptness at a fair market value determined by quotations based on actual transactions, on an auction or similarly available daily bid and ask price market.

8. Value means an opinion or estimate, set forth in an appraisal or evaluation, which may be appropriate, of the market value of real property, prepared in accordance with the agency’s appraisal regulations and guidelines. For loans to purchase an existing property, the term “value” means the lesser of the actual acquisition cost or the estimate of value.

9. Loan-to-value ratio means the percentage or ratio that is derived at the time of loan origination by dividing an extension of credit by the total value of the property(ies) securing or being improved by the extension of credit. The total amount of all senior liens on or interests in such property(ies) should be included in determining the loan-to-value ratio. When mortgage insurance or collateral is used in the calculation of the loan-to-value ratio, and such credit enhancement is later released or replaced, the loan-to-value ratio should be recalculated.

10. Other acceptable collateral means any collateral in which the lender has a perfected security interest, that has a quantifiable value, and is accepted by the lender in accordance with safe and sound lending practices. Other acceptable collateral should be appropriately discounted by the lender consistent with the lender’s usual practices for making loans secured by such collateral. Other acceptable collateral includes, among other items, unconditional irrevocable standby letters of credit for the benefit of the lender.

Subpart E—Other Real Estate Owned

§ 34.81 Definitions.

Comptroller of the Currency, Treasury

§ 34.83

Condition and Income filed under 12 U.S.C. 161; plus
(2) The balance of a bank’s allowance for loan and lease losses not included in the bank’s Tier 2 capital, for purposes of the calculation of risk-based capital under Appendix A to 12 CFR part 3, based upon the bank’s Consolidated Report of Condition and Income filed under 12 U.S.C. 161.

(b) Debts previously contracted (DPC) real estate means real estate (including capitalized and operating leases) acquired by a national bank through any means in full or partial satisfaction of a debt previously contracted.

(c) Former banking premises means real estate (including capitalized and operating leases) for which banking use no longer is contemplated. This includes real estate originally acquired for future expansion that no longer will be used for expansion or other banking purposes.

(d) Market value means the value determined in accordance with subpart C of this part.

(e) Other real estate owned (OREO) means:
(1) DPC real estate; and
(2) Former banking premises.

(f) Recorded investment amount means:
(1) For loans, the recorded loan balance, as determined by generally accepted accounting principles; and
(2) For former banking premises, the net book value.

§ 34.82  Holding period.

(a) Holding period for OREO. A national bank shall dispose of OREO at the earliest time that prudent judgment dictates, but not later than the end of the holding period (or an extension thereof) permitted by 12 U.S.C. 29.

(b) Commencement of holding period. The holding period begins on the date that:
(1) Ownership of the property is originally transferred to a national bank;
(2) A bank completes relocation from former banking premises to new banking premises or ceases to use the former banking premises without relocating; or
(3) A bank decides not to use real estate acquired for future bank expansion.

(c) Effect of statutory redemption period. For DPC real estate that is subject to a redemption period imposed under State law, the holding period begins at the expiration of that redemption period.

§ 34.83  Disposition of real estate.

(a) Disposition. A national bank may comply with its obligation to dispose of real estate under 12 U.S.C. 29 in the following ways:
(1) With respect to OREO in general:
(i) By entering into a transaction that is a sale under generally accepted accounting principles;
(ii) By entering into a transaction that involves a loan guaranteed or insured by the United States government or by an agency of the United States government or a loan eligible for purchase by a Federally-sponsored instrumentality that purchases loans; or
(iii) By selling the property pursuant to a land contract or a contract for deed;
(2) With respect to DPC real estate, by retaining the property for its own use as bank premises or by transferring it to a subsidiary or affiliate for use in the business of the subsidiary or affiliate;
(3) With respect to a capitalized or operating lease:
(i) By obtaining an assignment or a coterminous sublease. If a national bank enters into a lease, extension of a lease, or a sublease for the duration of the lease that would exceed the holding period referred to in §34.82 if the extension meets the following criteria:
(A) The extension is necessary in order to sublease the master lease;
(B) The national bank, prior to entering into the extension, has a firm commitment from a prospective subtenant to sublease the property; and
(C) The term of the extension is reasonable and does not materially exceed the term of the sublease;
(ii) Should the OCC determine that a bank has entered into a lease, extension of a lease, or a sublease for the
§ 34.84 Future bank expansion.

A national bank normally should use real estate acquired for future bank expansion within five years. After holding such real estate for one year, the bank shall state, by resolution of the board of directors or an appropriately authorized bank official or subcommittee of the board, definite plans for its use. The resolution or other official action must be available for inspection by national bank examiners.

§ 34.85 Appraisal requirements.

(a) General. (1) Upon transfer to OREO, a national bank shall substantiate the parcel’s market value by obtaining either:
   (i) An appraisal in accordance with subpart C of this part; or
   (ii) An appropriate evaluation when the recorded investment amount is equal to or less than the threshold amount in subpart C of this part.
   (2) A national bank shall develop a prudent real estate collateral evaluation policy that allows the bank to monitor the value of each parcel of OREO in a manner consistent with prudent banking practice.
   (b) Exception. If a national bank has a valid appraisal or an appropriate evaluation obtained in connection with a real estate loan and in accordance with subpart C of this part, then the bank need not obtain another appraisal or evaluation when it acquires ownership of the property.

(c) Sales of OREO. A national bank need not obtain a new appraisal or evaluation when selling OREO if the sale is consummated based on a valid appraisal or an appropriate evaluation.

§ 34.86 Additional expenditures and notification.

(a) Additional expenditures on OREO. For OREO that is a development or improvement project, a national bank may make advances to complete the project if the advances:
   (1) Are reasonably calculated to reduce any shortfall between the parcel’s market value and the bank’s recorded investment amount;
   (2) Are not made for the purpose of speculation in real estate; and
   (3) Are consistent with safe and sound banking practices.
   (b) Notification procedures. (1) A national bank shall notify the appropriate supervisory office at least 30 days before implementing a development or improvement plan for OREO when the sum of the plan’s estimated cost and the bank’s current recorded investment amount (including any unpaid prior liens on the property) exceeds 10 percent of the bank’s capital and surplus. A national bank need notify the OCC under this paragraph (b)(1) only once. A national bank need not notify the OCC that the bank intends to re-fit an existing building for new tenants or to make normal repairs and incur maintenance costs to protect the value of the collateral.
   (2) The required notification must demonstrate that the additional expenditure is consistent with the conditions and limitations in paragraph (a) of this section.
   (3) Unless informed otherwise, the bank may implement the proposed plan on the thirty-first day (or sooner, if notified by the OCC) following receipt by the OCC of the bank’s notification, subject to any conditions imposed by the OCC.
§ 34.87 Accounting treatment.

A national bank shall account for OREO, and sales of OREO, in accordance with the Instructions for the preparation of the Consolidated Reports of Condition and Income.

§ 40.2 Rule of construction.

The examples in this part and the sample clauses in appendix A of this part are not exclusive. Compliance with an example or use of a sample clause, to the extent applicable, constitutes compliance with this part.

§ 40.3 Definitions.

(C) Uses definite, concrete, everyday words and active voice whenever possible;

(D) Avoids multiple negatives;

(E) Avoids legal and highly technical business terminology whenever possible; and

(B) Uses a typeface and type size that are easy to read;

(C) Provides wide margins and ample line spacing;

(D) Uses boldface or italics for key words; and

(E) In a form that combines the bank’s notice with other information, uses distinctive type size, style, and graphic devices, such as shading or sidebars, when you combine your notice with other information.

(iii) Notices on web sites. If a bank provides a notice on a web page, the bank designs its notice to call attention to the nature and significance of the information in it if the bank uses text or visual cues to encourage scrolling down the page if necessary to view the entire notice and ensure that other elements on the web site (such as text, graphics, hyperlinks, or sound) do not distract attention from the notice, and the bank either:

(A) Places the notice on a screen that consumers frequently access, such as a page on which transactions are conducted; or

(B) Places a link on a screen that consumers frequently access, such as a page on which transactions are conducted, that connects directly to the notice and is labeled appropriately to convey the importance, nature, and relevance of the notice.

(c) Collect means to obtain information that the bank organizes or can retrieve by the name of an individual or by identifying number, symbol, or other identifying particular assigned to the individual, irrespective of the source of the underlying information.

(iii) An individual who provides non-public personal information to a bank in connection with obtaining or seeking to obtain financial, investment, or economic advisory services is a consumer regardless of whether the bank establishes a continuing advisory relationship.

(iv) If a bank holds ownership or servicing rights to an individual’s loan that is used primarily for personal, family, or household purposes, the individual is the bank’s consumer, even if the bank holds those rights in conjunction with one or more other institutions. (The individual is also a consumer with respect to the other financial institutions involved.) An individual who has a loan in which a bank has ownership or servicing rights is the bank’s consumer, even if the bank, or another institution with those rights, hires an agent to collect on the loan.

(v) An individual who is a consumer of another financial institution is not a bank’s consumer solely because the bank acts as agent for, or provides processing or other services to, that financial institution.

(vi) An individual is not a bank’s consumer solely because he or she has designated the bank as trustee for a trust.

(vii) An individual is not a bank’s consumer solely because he or she is a beneficiary of a trust for which the bank is a trustee.

(i) Customer relationship means a continuing relationship between a consumer and a bank under which the bank provides financial products or services to the consumer that are to be used primarily for personal, family, or household purposes.

(m)(1) Nonaffiliated third party means any person except:
   (i) A bank’s affiliate; or
   (ii) A person employed jointly by a bank and any company that is not the bank’s affiliate (but nonaffiliated third party includes the other company that jointly employs the person).

(ii) Whether an individual can direct that the information not be made available to the general public and, if so, that the bank’s consumer has not done so.

(3) Examples. (i) Government records. Publicly available information in government records includes information in government real estate records and security interest filings.

(ii) Widely distributed media. Publicly available information from widely distributed media includes information from a telephone book, a television or radio program, a newspaper, or a web site that is available to the general public on an unrestricted basis. A web site is not restricted merely because an Internet service provider or a site operator requires a fee or a password, so long as access is available to the general public.

(iii) Reasonable basis. (A) A bank has a reasonable basis to believe that mortgage information is lawfully made available to the general public if the bank has determined that the information is of the type included on the public record in the jurisdiction where the mortgage would be recorded.

(B) A bank has a reasonable basis to believe that an individual’s telephone number is lawfully made available to the general public if the bank has located the telephone number in the telephone book or the consumer has informed you that the telephone number is not unlisted.

Subpart A—Privacy and Opt Out Notices

(a) Initial notice requirement. A bank must provide a clear and conspicuous notice that accurately reflects its privacy policies and practices to:

(1) Customer. An individual who becomes the bank’s customer, not later

(i) That the information is of the type that is available to the general public; and

(ii) Whether an individual can direct that the information not be made available to the general public and, if so, that the bank’s consumer has not done so.

(3) Examples. (i) Government records. Publicly available information in government records includes information in government real estate records and security interest filings.

(ii) Widely distributed media. Publicly available information from widely distributed media includes information from a telephone book, a television or radio program, a newspaper, or a web site that is available to the general public on an unrestricted basis. A web site is not restricted merely because an Internet service provider or a site operator requires a fee or a password, so long as access is available to the general public.

(iii) Reasonable basis. (A) A bank has a reasonable basis to believe that mortgage information is lawfully made available to the general public if the bank has determined that the information is of the type included on the public record in the jurisdiction where the mortgage would be recorded.

(B) A bank has a reasonable basis to believe that an individual’s telephone number is lawfully made available to the general public if the bank has located the telephone number in the telephone book or the consumer has informed you that the telephone number is not unlisted.

Subpart A—Privacy and Opt Out Notices

§ 40.4 Initial privacy notice to consumers required.

(a) Initial notice requirement. A bank must provide a clear and conspicuous notice that accurately reflects its privacy policies and practices to:

(1) Customer. An individual who becomes the bank’s customer, not later
§40.4 than when the bank establishes a customer relationship, except as provided in paragraph (e) of this section; and

(2) Consumer. A consumer, before the bank discloses any nonpublic personal information about the consumer to any nonaffiliated third party, if the bank makes such a disclosure other than as authorized by §§40.14 and 40.15.

(b) When initial notice to a consumer is not required. A bank is not required to provide an initial notice to a consumer under paragraph (a) of this section if:

(1) The bank does not disclose any nonpublic personal information about the consumer to any nonaffiliated third party, other than as authorized by §§40.14 and 40.15; and

(2) The bank does not have a customer relationship with the consumer.

(c) When the bank establishes a customer relationship. (1) General rule. A bank establishes a customer relationship when it and the consumer enter into a continuing relationship.

(ii) Special rule for loans. A bank establishes a customer relationship with a consumer when the bank originates a loan to the consumer for personal, family, or household purposes. If the bank subsequently transfers the servicing rights to that loan to another financial institution, the customer relationship transfers with the servicing rights.

(iii) Examples of establishing customer relationship. A bank establishes a customer relationship when the consumer:

(A) Opens a credit card account with the bank;

(B) Executes the contract to open a deposit account with the bank, obtains credit from the bank, or purchases insurance from the bank;

(C) Agrees to obtain financial, economic, or investment advisory services from the bank for a fee; or

(D) Becomes the bank’s client for the purpose of the bank’s providing credit counseling or tax preparation services.

(i) Examples of loan rule. A bank establishes a customer relationship with a consumer who obtains a loan for personal, family, or household purposes when the bank:

(A) Originates the loan to the consumer; or

(B) Purchases the servicing rights to the consumer’s loan.

310

(d) Existing customers. When an existing customer obtains a new financial product or service from a bank that is to be used primarily for personal, family, or household purposes, the bank satisfies the initial notice requirements of paragraph (a) of this section as follows:

(1) The bank may provide a revised privacy notice, under §40.8, that covers the customer’s new financial product or service; or

(2) If the initial, revised, or annual notice that the bank most recently provided to that customer was accurate with respect to the new financial product or service, the bank does not need to provide a new privacy notice under paragraph (a) of this section.

(e) Exceptions to allow subsequent delivery of notice. (1) A bank may provide the initial notice required by paragraph (a)(1) of this section within a reasonable time after the bank establishes a customer relationship if:

(i) Establishing the customer relationship is not at the customer’s election; or

(ii) Providing notice not later than when the bank establishes a customer relationship would substantially delay the customer’s transaction and the customer agrees to receive the notice at a later time.

(2) Examples of exceptions. (i) Not at customer’s election. Establishing a customer relationship is not at the customer’s election if a bank acquires a customer’s deposit liability or the servicing rights to a customer’s loan from another financial institution and the customer does not have a choice about the bank’s acquisition.

(ii) Substantial delay of customer’s transaction. Providing notice not later than when a bank establishes a customer relationship would substantially delay the customer’s transaction when:

(A) The bank and the individual agree over the telephone to enter into a customer relationship involving prompt delivery of the financial product or service; or

(B) The bank establishes a customer relationship with an individual under a program authorized by Title IV of the Higher Education Act of 1965 (20 U.S.C.
§ 40.5 Annual privacy notice to customers required.

(a)(1) General rule. A bank must provide a clear and conspicuous notice to customers that accurately reflects its privacy policies and practices not less than annually during the continuation of the customer relationship. Annually means at least once in any period of 12 consecutive months during which that relationship exists. A bank may define the 12-consecutive-month period, but the bank must apply it to the customer on a consistent basis.

(2) Example. A bank provides a notice annually if it defines the 12-consecutive-month period as a calendar year and provides the annual notice to the customer once in each calendar year following the calendar year in which the bank provided the initial notice. For example, if a customer opens an account on any day of year 1, the bank must provide an annual notice to that customer by December 31 of year 2.

(b)(1) Termination of customer relationship. A bank is not required to provide an annual notice to a former customer.

(2) Examples. A bank’s customer becomes a former customer when:

(i) In the case of a deposit account, the account is inactive under the bank’s policies;

(ii) In the case of a closed-end loan, the customer pays the loan in full, the bank charges off the loan, or the bank sells the loan without retaining servicing rights;

(iii) In the case of a credit card relationship or other open-end credit relationship, the bank no longer provides any statements or notices to the customer concerning that relationship or the bank sells the credit card receivables without retaining servicing rights; or

(iv) The bank has not communicated with the customer about the relationship for a period of 12 consecutive months, other than to provide annual privacy notices or promotional material.

(c) Special rule for loans. If a bank does not have a customer relationship with a consumer under the special rule for loans in §40.4(c)(2), then the bank need not provide an annual notice to that consumer under this section.

(d) Delivery. When a bank is required to deliver an annual privacy notice by this section, the bank must deliver it according to §40.9.

§ 40.6 Information to be included in privacy notices.

(a) General rule. The initial, annual, and revised privacy notices that a bank provides under §§40.4, 40.5, and 40.8 must include each of the following items of information, in addition to any other information the bank wishes to provide, that applies to the bank and to the consumers to whom the bank sends its privacy notice:

(1) The categories of nonpublic personal information that the bank collects;

(2) The categories of nonpublic personal information that the bank discloses;

(3) The categories of affiliates and nonaffiliated third parties to whom the bank discloses nonpublic personal information, other than those parties to whom the bank discloses information under §§40.14 and 40.15;

(4) The categories of nonpublic personal information about the bank’s former customers that the bank discloses and the categories of affiliates and nonaffiliated third parties to whom the bank discloses nonpublic personal information about the bank’s former customers, other than those parties to
§ 40.6 whom the bank discloses information under §§40.14 and 40.15:

(5) If a bank discloses nonpublic personal information to a nonaffiliated third party under §40.13 (and no other exception in §§40.14 or 40.15 applies to that disclosure), a separate statement of the categories of information the bank discloses and the categories of third parties with whom the bank has contracted;

(6) An explanation of the consumer’s right under §40.10(a) to opt out of the disclosure of nonpublic personal information to nonaffiliated third parties, including the method(s) by which the consumer may exercise that right at that time;

(7) Any disclosures that the bank makes under section 603(d)(2)(A)(iii) of the Fair Credit Reporting Act (15 U.S.C. 1681a(d)(2)(A)(iii)) (that is, notices regarding the ability to opt out of disclosures of information among affiliates);

(8) The bank’s policies and practices with respect to protecting the confidentiality and security of nonpublic personal information; and

(9) Any disclosure that the bank makes under paragraph (b) of this section.

(b) Description of nonaffiliated third parties subject to exceptions. If a bank discloses nonpublic personal information to third parties as authorized under §§40.14 and 40.15, the bank is not required to list those exceptions in the initial or annual privacy notices required by §§40.4 and 40.5. When describing the categories with respect to those parties, the bank is required to state only that it makes disclosures to other nonaffiliated third parties as permitted by law.

(c) Examples. (1) Categories of nonpublic personal information that the bank collects. A bank satisfies the requirement to categorize the nonpublic personal information that it collects if it lists the following categories, as applicable:

(i) Information from the consumer;

(ii) Information about the consumer's transactions with the bank or its affiliates;

(iii) Information about the consumer's transactions with nonaffiliated third parties; and

(iv) Information from a consumer reporting agency.

(2) Categories of nonpublic personal information the bank discloses. (i) A bank satisfies the requirement to categorize the nonpublic personal information that it discloses if the bank lists the categories described in paragraph (e)(1) of this section, as applicable, and a few examples to illustrate the types of information in each category.

(ii) If a bank reserves the right to disclose all of the nonpublic personal information about consumers that it collects, it may simply state that fact without describing the categories or examples of the nonpublic personal information it discloses.

(3) Categories of affiliates and nonaffiliated third parties to whom the bank discloses. A bank satisfies the requirement to categorize the affiliates and nonaffiliated third parties to whom it discloses nonpublic personal information if the bank lists the following categories, as applicable, and a few examples to illustrate the types of third parties in each category:

(i) Financial service providers;

(ii) Non-financial companies; and

(iii) Others.

(4) Disclosures under exception for service providers and joint marketers. If a bank discloses nonpublic personal information under the exception in §40.13 to a nonaffiliated third party to market products or services that it offers alone or jointly with another financial institution, the bank satisfies the disclosure requirement of paragraph (a)(5) of this section if it:

(i) Lists the categories of nonpublic personal information it discloses, using the same categories and examples the bank used to meet the requirement of paragraph (a)(2) of this section, as applicable; and

(ii) States whether the third party is:

(A) A service provider that performs marketing services on the bank’s behalf or on behalf of the bank and another financial institution; or

(B) A financial institution with whom the bank has a joint marketing agreement.

(5) Simplified notices. If a bank does not disclose, and does not wish to reserve the right to disclose, nonpublic personal information about customers
or former customers to affiliates or nonaffiliated third parties except as authorized under §§40.14 and 40.15, the bank may simply state that fact, in addition to the information it must provide under paragraphs (a)(1), (a)(8), (a)(9), and (b) of this section.

6. Confidentiality and security. A bank describes its policies and practices with respect to protecting the confidentiality and security of nonpublic personal information if it does both of the following:
   (i) Describes in general terms who is authorized to have access to the information; and
   (ii) States whether the bank has security practices and procedures in place to ensure the confidentiality of the information in accordance with the bank’s policy. The bank is not required to describe technical information about the safeguards it uses.

(d) Short-form initial notice with opt out notice for non-customers. (1) A bank may satisfy the initial notice requirements in §§40.4(a)(2), 40.7(b), and 40.7(c) for a consumer who is not a customer by providing a short-form initial notice at the same time as the bank delivers an opt out notice as required in §40.7.
   (2) A short-form initial notice must:
      (i) Be clear and conspicuous;
      (ii) State that the bank’s privacy notice is available upon request; and
      (iii) Explain a reasonable means by which the consumer may obtain that notice.
   (3) The bank must deliver its short-form initial notice according to §40.9. The bank is not required to deliver its privacy notice with its short-form initial notice. The bank instead may simply provide the consumer a reasonable means to obtain its privacy notice. If a consumer who receives the bank’s short-form notice requests the bank’s privacy notice, the bank must deliver its privacy notice according to §40.9.

4. Examples of obtaining privacy notice. The bank provides a reasonable means by which a consumer may obtain a copy of its privacy notice if the bank:
   (i) Provides a toll-free telephone number that the consumer may call to request the notice; or
   (ii) For a consumer who conducts business in person at the bank’s office, maintain copies of the notice on hand that the bank provides to the consumer immediately upon request.

(e) Future disclosures. The bank’s notice may include:
   (1) Categories of nonpublic personal information that the bank reserves the right to disclose in the future, but do not currently disclose; and
   (2) Categories of affiliates or nonaffiliated third parties to whom the bank reserves the right in the future to disclose, but to whom the bank does not currently disclose, nonpublic personal information.

(f) Sample clauses. Sample clauses illustrating some of the notice content required by this section are included in Appendix A of this part.

§ 40.7 Form of opt out notice to consumers; opt out methods.

(a) (1) Form of opt out notice. If a bank is required to provide an opt out notice under §40.10(a), it must provide a clear and conspicuous notice to each of its consumers that accurately explains the right to opt out under that section. The notice must state:
   (i) That the bank discloses or reserves the right to disclose nonpublic personal information about its consumer to a nonaffiliated third party;
   (ii) That the consumer has the right to opt out of that disclosure; and
   (iii) A reasonable means by which the consumer may exercise the opt out right.
   (2) Examples. (i) Adequate opt out notice. A bank provides adequate notice that the consumer can opt out of the disclosure of nonpublic personal information to a nonaffiliated third party if the bank:
      (A) Identifies all of the categories of nonpublic personal information that it discloses or reserves the right to disclose, and all of the categories of nonaffiliated third parties to which the bank discloses the information, as described in §40.6(a)(2) and (3), and states that the consumer can opt out of the disclosure of that information; and
      (B) Identifies the financial products or services that the consumer obtains from the bank, either singly or jointly, to which the opt out direction would apply.

313
(ii) Reasonable opt out means. A bank provides a reasonable means to exercise an opt out right if it:
(A) Designates check-off boxes in a prominent position on the relevant forms with the opt out notice;
(B) Includes a reply form together with the opt out notice;
(C) Provides an electronic means to opt out, such as a form that can be sent via electronic mail or a process at the bank’s web site, if the consumer agrees to the electronic delivery of information; or
(D) Provides a toll-free telephone number that consumers may call to opt out.

(iii) Unreasonable opt out means. A bank does not provide a reasonable means of opting out if:
(A) The only means of opting out is for the consumer to write his or her own letter to exercise that opt out right; or
(B) The only means of opting out as described in any notice subsequent to the initial notice is to use a check-off box that the bank provided with the initial notice but did not include with the subsequent notice.

(iv) Specific opt out means. A bank may require each consumer to opt out through a specific means, as long as that means is reasonable for that consumer.

(b) Same form as initial notice permitted. A bank may provide the opt out notice together with or on the same written or electronic form as the initial notice the bank provides in accordance with §40.4.

(c) Initial notice required when opt out notice delivered subsequent to initial notice. If a bank provides the opt out notice later than required for the initial notice in accordance with §40.4, the bank must also include a copy of the initial notice with the opt out notice in writing or, if the consumer agrees, electronically.

(d) Joint relationships. (1) If two or more consumers jointly obtain a financial product or service from a bank, the bank may provide a single opt out notice. The bank’s opt out notice must explain how the bank will treat an opt out direction by a joint consumer (as explained in paragraph (d)(5) of this section).

(2) Any of the joint consumers may exercise the right to opt out. The bank may either:
(i) Treat an opt out direction by a joint consumer as applying to all of the associated joint consumers; or
(ii) Permit each joint consumer to opt out separately.
(3) If a bank permits each joint consumer to opt out separately, the bank must permit one of the joint consumers to opt out on behalf of all of the joint consumers.

(4) A bank may not require all joint consumers to opt out before it implements any opt out direction.

(5) Example. If John and Mary have a joint checking account with a bank and arranges for the bank to send statements to John’s address, the bank may do any of the following, but it must explain in its opt out notice which opt out policy the bank will follow:
(i) Send a single opt out notice to John’s address, but the bank must accept an opt out direction from either John or Mary.
(ii) Treat an opt out direction by either John or Mary as applying to the entire account. If the bank does so and John opts out, the bank may not require Mary to opt out as well before implementing John’s opt out direction.
(iii) Permit John and Mary to make different opt out directions. If the bank does so:
(A) It must permit John and Mary to opt out for each other;
(B) If both opt out, the bank must permit both of them to notify it in a single response (such as on a form or through a telephone call); and
(C) If John opts out and Mary does not, the bank may only disclose non-public personal information about Mary, but not about John and not about John and Mary jointly.

(e) Time to comply with opt out. A bank must comply with a consumer’s opt out direction as soon as reasonably practicable after the bank receives it.

(f) Continuing right to opt out. A consumer may exercise the right to opt out at any time.

(g) Duration of consumer’s opt out direction. (1) A consumer’s direction to opt out under this section is effective

§ 40.9 Delivering privacy and opt out notices.

(a) How to provide notices. A bank must provide any privacy notices and opt out notices, including short-form initial notices, that this part requires so that each consumer can reasonably be expected to receive actual notice in writing or, if the consumer agrees, electronically.

(b) Examples of reasonable expectation of actual notice. A bank may not, however, reasonably expect that a consumer will receive actual notice of its privacy policies and practices if it:

(1) Only posts a sign in its branch or office or generally publish advertisements of its privacy policies and practices;

(2) Sends the notice via electronic mail to a consumer who does not obtain a financial product or service from the bank electronically.

(c) Annual notices only. A bank may reasonably expect that a customer will receive actual notice of the bank’s annual privacy notice if:

until the consumer revokes it in writing or, if the consumer agrees, electronically.

(2) When a customer relationship terminates, the customer’s opt out direction continues to apply to the nonpublic personal information that the bank collected during or related to that relationship. If the individual subsequently establishes a new customer relationship with the bank, the opt out direction that applied to the former relationship does not apply to the new relationship.

(h) Delivery. When a bank is required to deliver an opt out notice by this section, the bank must deliver it according to §40.9.

§ 40.8 Revised privacy notices.

(a) General rule. Except as otherwise authorized in this part, a bank must not, directly or through any affiliate, disclose any nonpublic personal information about a consumer to a nonaffiliated third party other than as described in the initial notice that the bank provided to that consumer under §40.4, unless:

(1) The bank has provided to the consumer a clear and conspicuous revised notice that accurately describes its policies and practices;

(2) The bank has provided to the consumer a new opt out notice;

(3) The bank has given the consumer a reasonable opportunity, before the bank discloses the information to the nonaffiliated third party, to opt out of the disclosure; and

(4) The consumer does not opt out.

(b) Examples. (1) Except as otherwise permitted by §§40.13, 40.14, and 40.15, a bank must provide a revised notice before it:

(i) Discloses a new category of nonpublic personal information to any nonaffiliated third party;

(ii) Discloses nonpublic personal information to a new category of nonaffiliated third party; or

(iii) Disclose nonpublic personal information about a former customer to a nonaffiliated third party, if that former customer has not had the opportunity to exercise an opt out right regarding that disclosure.

(2) A revised notice is not required if the bank discloses nonpublic personal information to a new nonaffiliated third party that the bank adequately described in its prior notice.

(c) Delivery. When a bank is required to deliver a revised privacy notice by this section, the bank must deliver it according to §40.9.

§ 40.9 Delivering privacy and opt out notices.

(a) How to provide notices. A bank must provide any privacy notices and opt out notices, including short-form initial notices, that this part requires so that each consumer can reasonably be expected to receive actual notice in writing or, if the consumer agrees, electronically.

(b) Examples of reasonable expectation of actual notice. A bank may not, however, reasonably expect that a consumer will receive actual notice of its privacy policies and practices if it:

(1) Hand-delivers a printed copy of the notice to the consumer;

(2) Mails a printed copy of the notice to the last known address of the consumer;

(3) For the consumer who conducts transactions electronically, posts the notice on the electronic site and requires the consumer to acknowledge receipt of the notice as a necessary step to obtaining a particular financial product or service;

(4) For an isolated transaction with the consumer, such as an ATM transaction, posts the notice on the ATM screen and requires the consumer to acknowledge receipt of the notice as a necessary step to obtaining the particular financial product or service.

(2) Examples of unreasonable expectation of actual notice. A bank may not, however, reasonably expect that a consumer will receive actual notice of its privacy policies and practices if it:

(1) Only posts a sign in its branch or office or generally publish advertisements of its privacy policies and practices;

(2) Sends the notice via electronic mail to a consumer who does not obtain a financial product or service from the bank electronically.

(c) Annual notices only. A bank may reasonably expect that a customer will receive actual notice of the bank’s annual privacy notice if:
§ 40.10 Limits on disclosure of nonpublic personal information to nonaffiliated third parties.

(a)(1) Conditions for disclosure. Except as otherwise authorized in this part, a bank may not, directly or through any affiliate, disclose any nonpublic personal information about a consumer to a nonaffiliated third party unless:

(i) The bank has provided to the consumer an initial notice as required under § 40.4;

(ii) The bank has provided to the consumer an opt out notice as required in § 40.7;

(iii) The bank has given the consumer a reasonable opportunity, before it discloses the information to the nonaffiliated third party, to opt out of the disclosure; and

(iv) The consumer does not opt out.

(2) Opt out definition. Opt out means a direction by the consumer that the bank not disclose nonpublic personal information about that consumer to a nonaffiliated third party, other than as permitted by §§ 40.13, 40.14, and 40.15.

(3) Examples of reasonable opportunity to opt out. A bank provides a consumer with a reasonable opportunity to opt out if:

(i) By mail. The bank mails the notices required in paragraph (a)(1) of this section to the consumer and allows the consumer to opt out by mailing a form, calling a toll-free telephone number, or any other reasonable means within 30 days from the date the bank mailed the notices.

(ii) By electronic means. A customer opens an on-line account with a bank and agrees to receive the notices required in paragraph (a)(1) of this section electronically, and the bank allows the customer to opt out by any reasonable means within 30 days after the date that the customer acknowledges receipt of the notices in conjunction with opening the account.

(iii) Isolated transaction with consumer. For an isolated transaction, such as the purchase of a cashier's check by a consumer, a bank provides the consumer with a reasonable opportunity to opt out if the bank provides the notices required in paragraph (a)(1)

§ 40.11 Limits on redisclosure and reuse of information.

(a)(1) Information the bank receives under an exception. If a bank receives nonpublic personal information from a nonaffiliated financial institution under an exception in §§40.14 or 40.15 of this part, the bank's disclosure and use of that information is limited as follows:

(i) The bank may disclose the information to the affiliates of the financial institution from which the bank received the information;

(ii) The bank may disclose the information to its affiliates, but the bank's affiliates may, in turn, disclose and use the information only to the extent that the bank may disclose and use the information; and

(iii) The bank may disclose and use the information pursuant to an exception in §§40.14 or 40.15 in the ordinary course of business to carry out the activity covered by the exception under which the bank received the information.

(2) Example. If a bank receives a customer list from a nonaffiliated financial institution in order to provide account processing services under the exception in §40.14(a), the bank may disclose that information under any exception in §§40.14 or 40.15 in the ordinary course of business in order to provide those services. For example, the bank could disclose the information in response to a properly authorized subpoena or to its attorneys, accountants, and auditors. The bank could not disclose that information to a third party for marketing purposes or use that information for its own marketing purposes.

(b)(1) Information a bank receives outside of an exception. If a bank receives nonpublic personal information from a nonaffiliated financial institution other than under an exception in §§40.14 or 40.15 of this part, the bank may disclose the information only:

(i) To the affiliates of the financial institution from which the bank received the information;

(ii) To its affiliates, but its affiliates may, in turn, disclose the information only to the extent that the bank can disclose the information; and

(iii) To any other person, if the disclosure would be lawful if made directly to that person by the financial institution from which the bank received the information.

(2) Example. If a bank obtains a customer list from a nonaffiliated financial institution outside of the exceptions in §§40.14 and 40.15:

(i) The bank may use that list for its own purposes; and

(ii) The bank may disclose that list to another nonaffiliated third party only if the financial institution from which the bank purchased the list could have lawfully disclosed the list to that third party. That is, the bank may disclose the list in accordance with the privacy policy of the financial institution from which the bank received the list, as limited by the opt out direction of each consumer whose nonpublic personal information the bank intends to disclose and the bank may disclose the list in accordance with an exception in §§40.14 or 40.15, such as to the bank's attorneys or accountants.

(c) Information a bank discloses under an exception. If a bank discloses nonpublic personal information to a nonaffiliated third party under an exception in §§40.14 or 40.15 of this part, the
third party may disclose and use that information only as follows:

(1) The third party may disclose the information to the bank’s affiliates;

(2) The third party may disclose the information to its affiliates, but its affiliates may, in turn, disclose and use the information only to the extent that the third party may disclose and use the information; and

(3) The third party may disclose and use the information pursuant to an exception in §§ 40.14 or 40.15 in the ordinary course of business to carry out the activity covered by the exception under which it received the information.

(d) Information a bank discloses outside of an exception. If a bank discloses nonpublic personal information to a nonaffiliated third party other than under an exception in §§ 40.14 or 40.15 of this part, the third party may disclose the information only:

(1) To the bank’s affiliates;

(2) To the third party’s affiliates, but the third party’s affiliates, in turn, may disclose the information only to the extent the third party can disclose the information; and

(3) To any other person, if the disclosure would be lawful if the bank made it directly to that person.

§ 40.12 Limits on sharing account number information for marketing purposes.

(a) General prohibition on disclosure of account numbers. A bank must not, directly or through an affiliate, disclose, other than to a consumer reporting agency, an account number or similar form of access number or access code for a consumer’s credit card account, deposit account, or transaction account to any nonaffiliated third party for use in telemarketing, direct mail marketing, or other marketing through electronic mail to the consumer.

(b) Exceptions. Paragraph (a) of this section does not apply if a bank discloses an account number or similar form of access number or access code:

(1) To the bank’s agent or service provider solely in order to perform marketing for the bank’s own products or services, as long as the agent or service provider is not authorized to directly initiate charges to the account; or

(2) To a participant in a private label credit card program or an affinity or similar program where the participants in the program are identified to the customer when the customer enters into the program.

(c) Examples. (1) Account number. An account number, or similar form of access number or access code, does not include a number or code in an encrypted form, as long as the bank does not provide the recipient with a means to decode the number or code.

(2) Transaction account. A transaction account is an account other than a deposit account or a credit card account. A transaction account does not include an account to which third parties cannot initiate charges.

Subpart C—Exceptions

§ 40.13 Exception to opt out requirements for service providers and joint marketing.

(a) General rule. (1) The opt out requirements in §§ 40.7 and 40.10 do not apply when a bank provides nonpublic personal information to a nonaffiliated third party to perform services for the bank or functions on the bank’s behalf, if the bank:

(i) Provides the initial notice in accordance with § 40.4; and

(ii) Enters into a contractual agreement with the third party that prohibits the third party from disclosing or using the information other than to carry out the purposes for which the bank disclosed the information, including use under an exception in § 40.14 or 40.15 in the ordinary course of business to carry out those purposes.

(2) Example. If a bank discloses nonpublic personal information under this section to a financial institution with which the bank performs joint marketing, the bank’s contractual agreement with that institution meets the requirements of paragraph (a)(i)(ii) of this section if it prohibits the institution from disclosing or using the nonpublic personal information except as necessary to carry out the joint marketing or under an exception in §§ 40.14 or 40.15 in the ordinary course of business to carry out that joint marketing.
§ 40.15 Other exceptions to notice and opt out requirements.

(a) Exceptions to opt out requirements. The requirements for initial notice to consumers in §40.4(a)(2), the opt out in §§40.7 and 40.10, and service providers and joint marketing in §40.13 do not apply when a bank discloses nonpublic personal information:

(1) With the consent or at the direction of the consumer, provided that the consumer has not revoked the consent or direction;
§ 40.16 Protection of Fair Credit Reporting Act; Effective Date

(2) (i) To protect the confidentiality or security of a bank’s records pertaining to the consumer, service, product, or transaction;

(ii) To protect against or prevent actual or potential fraud, unauthorized transactions, claims, or other liability;

(iii) For required institutional risk control or for resolving consumer disputes or inquiries;

(iv) To persons holding a legal or beneficial interest relating to the consumer;

(v) To persons acting in a fiduciary or representative capacity on behalf of the consumer;

(3) To provide information to insurance rate advisory organizations, guaranty funds or agencies, agencies that are rating a bank, persons that are assessing the bank’s compliance with industry standards, and the bank’s attorneys, accountants, and auditors;

(4) To the extent specifically permitted or required under other provisions of law and in accordance with the Right to Financial Privacy Act of 1978 (12 U.S.C. 3401 et seq.), to law enforcement agencies (including a federal functional regulator, the Secretary of the Treasury, with respect to 31 U.S.C. Chapter 53, Subchapter II (Records and Reports on Monetary Instruments and Transactions) and 12 U.S.C. Chapter 21 (Financial Recordkeeping), a State insurance authority, with respect to any person domiciled in that insurance authority’s State that is engaged in providing insurance, and the Federal Trade Commission), self-regulatory organizations, or for an investigation on a matter related to public safety;

(5)(i) To a consumer reporting agency in accordance with the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.); or

(ii) From a consumer report reported by a consumer reporting agency;

(6) In connection with a proposed or actual sale, merger, transfer, or exchange of all or a portion of a business or operating unit if the disclosure of nonpublic personal information concerns solely consumers of such business or unit; or

(7)(i) To comply with Federal, State, or local laws, rules and other applicable legal requirements;

(ii) To comply with a properly authorized civil, criminal, or regulatory investigation, or subpoena or summons by Federal, State, or local authorities; or

(iii) To respond to judicial process or government regulatory authorities having jurisdiction over a bank for examination, compliance, or other purposes as authorized by law.

(b) Examples of consent and revocation of consent.

(1) A consumer may specifically consent to a bank’s disclosure to a nonaffiliated insurance company of the fact that the consumer has applied to the bank for a mortgage so that the insurance company can offer homeowner’s insurance to the consumer.

(2) A consumer may revoke consent by subsequently exercising the right to opt out of future disclosures of nonpublic personal information as permitted under § 40.7(f).

Subpart D—Relation to Other Laws; Effective Date

§ 40.16 Protection of Fair Credit Reporting Act.

Nothing in this part shall be construed to modify, limit, or supersede the operation of the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.), and no inference shall be drawn on the basis of the provisions of this part regarding whether information is transaction or experience information under section 603 of that Act.

§ 40.17 Relation to State laws.

(a) In general. This part shall not be construed to supersede, altering, or affecting any statute, regulation, order, or interpretation in effect in any State, except to the extent that such State statute, regulation, order, or interpretation is inconsistent with the provisions of this part, and then only to the extent of the inconsistency.

(b) Greater protection under State law. For purposes of this section, a State statute, regulation, order, or interpretation is not inconsistent with the provisions of this part if the protection such statute, regulation, order, or interpretation affords any consumer is greater than the protection provided under this part, as determined by the Federal Trade Commission, after consultation with the OCC, on the Federal Trade Commission’s own motion, or
Comptroller of the Currency, Treasury

§ 40.18 Effective date; transition rule.

(a) Effective date. This part is effective November 13, 2000. In order to provide sufficient time for banks to establish policies and systems to comply with the requirements of this part, the OCC has extended the time for compliance with this part until July 1, 2001.

(b)(1) Notice requirement for consumers who are the bank’s customers on the compliance date. By July 1, 2001, a bank must have provided an initial notice, as required by §40.4, to consumers who are the bank’s customers on July 1, 2001.

(2) Example. A bank provides an initial notice to consumers who are its customers on July 1, 2001, if, by that date, the bank has established a system for providing an initial notice to all new customers and has mailed the initial notice to all the bank’s existing customers.

(c) Two-year grandfathering of service agreements. Until July 1, 2002, a contract that a bank has entered into with a nonaffiliated third party to perform services for the bank or functions on the bank’s behalf satisfies the provisions of §40.13(a)(1)(ii) of this part, even if the contract does not include a requirement that the third party maintain the confidentiality of nonpublic personal information, as long as the bank entered into the agreement on or before July 1, 2000.
