that its members have provided written confirmation of their membership in the petitioning group.

(g) Neither the petitioner nor its members are the subject of congressional legislation that has expressly terminated or forbidden the Federal relationship.

§ 83.8 Previous Federal acknowledgment.

(a) Unambiguous previous Federal acknowledgment is acceptable evidence of the tribal character of a petitioner to the date of the last such previous acknowledgment. If a petitioner provides substantial evidence of unambiguous Federal acknowledgment, the petitioner will then only be required to demonstrate that it meets the requirements of § 83.7 to the extent required by this section.

(b) A determination of the adequacy of the evidence of previous Federal action acknowledging tribal status shall be made during the technical assistance review of the documented petition conducted pursuant to § 83.10(b). If a petition is awaiting active consideration at the time of adoption of these regulations, this review will be conducted while the petition is under active consideration unless the petitioner requests in writing that this review be made in advance.

(c) Evidence to demonstrate previous Federal acknowledgment includes, but is not limited to:

(1) Evidence that the group has had treaty relations with the United States.

(2) Evidence that the group has been denominated a tribe by act of Congress or Executive Order.

(3) Evidence that the group has been treated by the Federal Government as having collective rights in tribal lands or funds.

(d) To be acknowledged, a petitioner that can demonstrate previous Federal acknowledgment must show that:

(1) The group meets the requirements of the criterion in § 83.7(a), except that such identification shall be demonstrated since the point of last Federal acknowledgment. The group must further have been identified by such sources as the same tribal entity that was previously acknowledged or as a

portion that has evolved from that entity.

(2) The group meets the requirements of the criterion in § 83.7(b) to demonstrate that it comprises a distinct community at present. However, it need not provide evidence to demonstrate existence as a community historically.

(3) The group meets the requirements of the criterion in § 83.7(c) to demonstrate that political influence or authority is exercised within the group at present. Sufficient evidence to meet the criterion in § 83.7(c) from the point of last Federal acknowledgment to the present may be provided by demonstration of substantially continuous historical identification, by authoritative, knowledgeable external sources, of leaders and/or a governing body who exercise political influence or authority, together with demonstration of one form of evidence listed in § 83.7(c).

(4) The group meets the requirements of the criteria in paragraphs 83.7 (d) through (g).

(5) If a petitioner which has demonstrated previous Federal acknowledgment cannot meet the requirements in paragraphs (d) (1) and (3), the petitioner may demonstrate alternatively that it meets the requirements of the criteria in § 83.7 (a) through (c) from last Federal acknowledgment until the present.

§ 83.9 Notice of receipt of a petition.

(a) Within 30 days after receiving a letter of intent, or a documented petition if a letter of intent has not previously been received and noticed, the Assistant Secretary shall acknowledge such receipt in writing and shall have published within 60 days in the FEDERAL REGISTER a notice of such receipt. This notice must include the name, location, and mailing address of the petitioner and such other information as will identify the entity submitting the letter of intent or documented petition and the date it was received. This notice shall also serve to announce the opportunity for interested parties and informed parties to submit factual or legal arguments in support of or in opposition to the petitioner's request for acknowledgment and/or to request to be kept informed of all general actions
