To cite the regulations in this volume use title, part and section number. Thus, 27 CFR 1.1 refers to title 27, part 1, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 ..............................................................as of January 1
- Title 17 through Title 27 .................................................................as of April 1
- Title 28 through Title 41 .................................................................as of July 1
- Title 42 through Title 50 ...............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, April 1, 2001), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, or 1973–1985, published in seven separate volumes. For the period beginning January 1, 1986, a "List of CFR Sections Affected" is published at the end of each CFR volume.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

Properly approved incorporations by reference in this volume are listed in the Finding Aids at the end of this volume.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call (202) 523–4534.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of "Title 3—The President" is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the "Contents" entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.
REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the 
Code of Federal Regulations.

EDITORIAL NOTE 1: At 48 FR 10309, March 11, 1983, the following document was published affecting parts 4, 5, and 7.

Bureau of Alcohol, Tobacco and Firearms

27 CFR Parts 4, 5, and 7

[Notice No. 459]

Ingredient Labeling of Wine, Distilled Spirits, and Malt Beverages

AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Treasury.

ACTION: Reinstatement of Treasury Decision ATF-66.

SUMMARY: This notice announces the Treasury Department’s reinstatement of the ingredient labeling regulations as originally promulgated in T.D. ATF-66 (45 FR 40538; June 13, 1980). The Treasury Department and ATF are making this announcement pursuant to the order of the United States District Court for the District of Columbia, in Center
for Science in the Public Interest v. Department of the Treasury, Civil Action No. 82–610.

EFFECTIVE DATE: March 11, 1983.

FOR FURTHER INFORMATION CONTACT: Imelda M. Koett Kirk, Bureau of Alcohol, Tobacco and Firearms, P.O. Box 385, Washington, DC 20204–0385, 202–566–7806.

SUPPLEMENTARY INFORMATION: The Treasury Department and the Bureau of Alcohol, Tobacco and Firearms are announcing that T.D. ATF–66, 45 FR 48538 (June 13, 1980), requiring ingredient labeling of alcoholic beverages will be mandatory on February 8, 1984. The Treasury Department and ATF are making this announcement pursuant to the order of the United States District Court for the District of Columbia, in Center for Science in the Public Interest v. Department of the Treasury, Civil Action No. 82–610.

By order dated February 8, 1983, the court vacated and set aside T.D. ATF–94, 46 FR 55093 (November 8, 1981) which rescinded T.D. ATF–66. The court further ordered the Department to announce within 30 days a new date, not to exceed one year from the date of its order, upon which T.D. ATF–66 will be mandatory. The Government subsequently moved the court to amend its order to allow the Government 60 days in which to announce a new effective date so that the Government could decide whether to appeal before announcing a new mandatory compliance date. This motion was denied.

Publication of this notice is without prejudice to, and not a waiver of, the Government’s right to appeal the district court’s decision, seek a stay of the court mandated effective date of T.D. ATF–66 or take other appropriate administrative action. Such appeal, stay, or other action which the Government is still considering could result in a change in the mandatory date.

Signed: March 8, 1983.

Stephen E. Higgins,
Acting Director.

Approved: March 9, 1983.

David Q. Bates,
Acting Assistant Secretary (Enforcement and Operations).

Subpart C—Standards of Identity for Wine

§ 4.20 Application of standards.

The standards of identity for the several classes and types of wine set forth herein shall be applicable to all regulations and permits issued under the act. Whenever any term for which a standard of identity has been established herein is used in any such regulation or permit, such term shall have the meaning assigned to it by such standard of identity.

§ 4.21 The standards of identity.

Standards of identity for the several classes and types of wine set forth in this part shall be as follows:

(a) Class I; grape wine—(1) Grape wine is wine produced by the normal alcoholic fermentation of the juice of sound, ripe grapes (including restored or unrestored pure condensed grape must), with or without the addition, after fermentation, of pure condensed grape must, and with or without added grape brandy or alcohol, but without other addition or abstraction except as may occur in cellar treatment: Provided, That the product may be ameliorated before, during or after fermentation by either of the following methods:

(i) By adding, separately or in combination, dry sugar, or such an amount of sugar and water solution as will not increase the volume of the resulting product more than 35 percent, but in no event shall any product so ameliorated have an alcoholic content derived by fermentation, of more than 13 percent by volume, or a natural acid content, if water has been added, of less than 5 parts per thousand, or a total solids content of more than 22 grams per 100 cubic centimeters.

(ii) By adding, separately or in combination, not more than 20 percent by weight of dry sugar, or not more than 10 percent by weight of water.

(iii) In the case of domestic wine, in accordance with 26 U.S.C. 5383.

(iv) The maximum volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide is 0.14 gram per 100 mL (20 °C) for natural red wine and 0.12 gram per 100 mL (20 °C) for other grape wine: Provided, That the maximum volatile acidity for wine produced from unameliorated juice of 28 or more degrees Brix is 0.17 gram per 100 milliliters for red wine and 0.15 gram per 100 milliliters for white wine. Grape wine derived from its characteristic color or lack of color from the presence or absence of the red coloring matter of the skins, juice, or pulp of grapes may be designated as “red wine,” “pink (or rose) wine,” “amber wine,” or “white wine” as the case may be. Any grape wine containing no added grape brandy or alcohol may be further designated as “natural.”

(2) Table wine is grape wine having an alcoholic content not in excess of 14 percent by volume. Such wine may also be designated as “light wine,” “red table wine,” “light white wine,” “sweet table wine,” etc., as the case may be.

(3) Dessert wine is grape wine having an alcoholic content in excess of 14 percent but not in excess of 24 percent by volume. Dessert wine having the taste,
aroma and characteristics generally attributed to sherry and an alcoholic content, derived in part from added grape brandy or alcohol, of not less than 17 percent by volume, may be designated as “sherry”. Dessert wines having the taste, aroma and characteristics generally attributed to angelica, madeira, muscatel and port and an alcoholic content, derived in part from added grape brandy or alcohol, of not less than 18 percent by volume, may be designated as “angelica,” “madeira,” “muscatel,” or “port” respectively. Dessert wines having the taste, aroma, and characteristics generally attributed to any of the above products and an alcoholic content, derived in part from added grape brandy or alcohol, in excess of 14 percent by volume but, in the case of sherry, less than 17 percent, or, in other cases, less than 18 percent by volume, may be designated as “light sherry,” “light angelica,” “light madeira,” “light muscatel” or “light port,” respectively.

(b) Class 2; sparkling grape wine. (1) Sparkling grape wine (including “sparkling red wine” and “sparkling white wine”) is grape wine made effervescent with carbon dioxide resulting solely from the fermentation of the wine within a closed container, tank or bottle.

(2) Champagne is a type of sparkling light wine which derives its effervescence solely from the secondary fermentation of the wine within glass containers of not greater than one gallon capacity, and which possesses the taste, aroma, and other characteristics attributed to champagne as made in the champagne district of France.

(3)(i) A sparkling light wine having the taste, aroma, and characteristics generally attributed to champagne but not otherwise conforming to the standard for “champagne” may, in addition to but not in lieu of the class designation “sparkling wine,” be further designated as:

(A) “Champagne style;” or

(B) “Champagne type;” or

(C) “American (or New York State, Napa Valley, etc.) champagne,” along with one of the following terms: “Bulk process;” “fermented outside the bottle;” “secondary fermentation outside the bottle;” “secondary fermentation before bottling;” “not fermented in the bottle;” or “not bottle fermented.” The term “charmat method” or “charmat process” may be used as additional information.

(ii) Labels shall be so designed that all the words in such further designation are readily legible under ordinary conditions and are on a contrasting background. In the case of paragraph (b)(3)(i)(C) of this section, ATF will consider whether the label as a whole provides the consumer with adequate information about the method of production and origin of the wine. ATF will evaluate each label for legibility and clarity, based on such factors as type size and style for all components of the further designation and the optional term “charmat method” or “charmat process,” as well as the contrast between the lettering and its background, and the placement of information on the label.

(iii) Notwithstanding the provisions of paragraphs (b)(3)(i)(A), (B) and (C) of this section, the appropriate ATF officer may authorize the use of a term on sparkling wine labels, as an alternative to those terms authorized in paragraph (b)(3)(i) of this section, but not in lieu of the required class designation “sparkling wine,” upon a finding that such term adequately informs the consumer about the method of production of the sparkling wine.

(4) Crackling wine, petillant wine, frizzante wine (including cremant, perlant, recioto, and other similar wine) is sparkling light wine normally less effervescent than champagne or other similar sparkling wine, but containing sufficient carbon dioxide in solution to produce, upon pouring under normal conditions, after the disappearance of air bubbles, a slow and steady effervescence evidenced by the formation of gas bubbles flowing through the wine. Crackling wine which derives its effervescence from secondary fermentation in containers greater than 1-gallon capacity shall be designated “crackling wine—bulk process,” and the words “bulk process” shall appear in lettering of substantially the same size as the words “crackling wine.”

(c) Class 3; carbonated grape wine. “Carbonated grape wine” (including “carbonated wine,” “carbonated red
wine,” and “carbonated white wine”) is grape wine made effervescent with carbon dioxide other than that resulting solely from the secondary fermentation of the wine within a closed container, tank or bottle.

(d) Class 4; citrus wine. (1)(i) Citrus wine or citrus fruit wine is wine produced by the normal alcoholic fermentation of the juice of sound, ripe citrus fruit (including restored or unrestored pure condensed citrus must), with or without the addition, after fermentation, of pure condensed citrus must, and with or without added citrus brandy or alcohol, but without any other addition or abstraction except as may occur in cellaring treatment: Provided, That a domestic product may be ameliorated or sweetened in accordance with the provisions of 26 U.S.C. 5384 and any product other than domestic may be ameliorated before, during, or after fermentation by adding, separately or in combination, dry sugar, or such an amount of sugar and water solution as will not increase the volume of the resulting product more than 35 percent, but in no event shall any product so ameliorated have an alcoholic content, derived by fermentation, of more than 13 percent by volume, or a natural acid content, if water has been added, of less than 5 parts per thousand, or a total solids content of more than 22 grams per 100 cubic centimeters.

(ii) The maximum volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, shall not be, for natural citrus wine, more than 0.14 gram, and for other citrus wine, more than 0.12 gram, per 100 milliliters (20 °C.).

(iii) Any citrus wine containing no added brandy or alcohol may be further designated as “natural.”

(2) Citrus table wine or citrus fruit table wine is citrus wine having an alcoholic content not in excess of 14 percent by volume. Such wine may also be designated “light citrus wine,” “light citrus fruit wine,” “light sweet citrus fruit wine,” etc., as the case may be.

(3) Citrus dessert wine or citrus fruit dessert wine is citrus wine having an alcoholic content in excess of 14 percent but not in excess of 21 percent by volume.

(4) Citrus wine derived wholly (except for sugar, water, or added alcohol) from one kind of citrus fruit, shall be designated by the word “wine” qualified by the name of such citrus fruit, e.g., “orange wine,” “grapefruit wine.” Citrus wine not derived wholly from one kind of citrus fruit shall be designated as “citrus wine” or “citrus fruit wine” qualified by a truthful and adequate statement of composition appearing in direct conjunction therewith. Citrus wine rendered effervescent by carbon dioxide resulting solely from the secondary fermentation of the wine within a closed container, tank, or bottle shall be further designated as “sparkling”; and citrus wine rendered effervescent by carbon dioxide otherwise derived shall be further designated as “carbonated.”

(e) Class 5; fruit wine. (1)(i) Fruit wine is wine (other than grape wine or citrus wine) produced by the normal alcoholic fermentation of the juice of sound, ripe fruit (including restored or unrestored pure condensed fruit must), with or without the addition, after fermentation, of pure condensed fruit must, and with or without added fruit brandy or alcohol, but without other addition or abstraction except as may occur in cellaring treatment: Provided, That a domestic product may be ameliorated or sweetened in accordance with the provisions of 26 U.S.C. 5384 and any product other than domestic may be ameliorated before, during, or after fermentation by adding, separately or in combination, dry sugar, or such an amount of dry sugar and water solution as will increase the volume of resulting product, in the case of wines produced from any fruit or berry other than grapes, having a natural acidity of 20 parts or more per thousand, not more than 60 percent, but in no event shall any product so ameliorated have an alcoholic content, derived by fermentation, of more than 13 percent by volume, or a natural acid content, if water has been added, of less than 5 parts per thousand, or a total solids content of more than 22 grams per 100 cubic centimeters.

(ii) The maximum volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, shall not be, for natural fruit wine, more than 0.14 gram,
and for other fruit wine, more than 0.12 gram, per 100 milliliters (20 °C).

(iii) Any fruit wine containing no added brandy or alcohol may be further designated as “natural.”

(2) **Berry wine** is fruit wine produced from berries.

(3) **Fruit table wine or berry table wine** is fruit or berry wine having an alcoholic content not in excess of 14 percent by volume. Such wine may also be designated “light fruit wine,” or “light berry wine.”

(4) **Fruit dessert wine or berry dessert wine** is fruit or berry wine having an alcoholic content in excess of 14 percent but not in excess of 24 percent by volume.

(5) Fruit wine derived wholly (except for sugar, water, or added alcohol) from one kind of fruit shall be designated by the word “wine” qualified by the name of such fruit, e.g., “peach wine,” “blackberry wine.” Fruit wine not derived wholly from one kind of fruit shall be designated as “fruit wine” or “berry wine,” as the case may be, qualified by a truthful and adequate statement of composition appearing in direct conjunction therewith. Fruit wines which are derived wholly (except for sugar, water, or added alcohol) from apples or pears may be designated “cider” and “perry,” respectively, and shall be so designated if lacking in vinous taste, aroma, and characteristics; however, the term “hard cider” may not be used to designate any fruit wine; it may only be used to designate hard cider as defined in part 24 of this chapter. Fruit wine rendered effervescent by carbon dioxide resulting solely from the secondary fermentation of the wine within a closed container, tank, or bottle shall be further designated as “sparkling”; and fruit wine rendered effervescent by carbon dioxide otherwise derived shall be further designated as “carbonated.”

(1) **Class 6; wine from other agricultural products.** (1)(i) Wine of this class is wine (other than grape wine, citrus wine, or fruit wine) made by the normal alcoholic fermentation of sound fermentable agricultural products, either fresh or dried, or of the restored or unrestored pure condensed must thereof, with the addition before or during fermentation of a volume of water not greater than the minimum necessary to correct natural moisture deficiencies in such products, with or without the addition, after fermentation, of pure condensed must, and with or without added alcohol or such other spirits as will not alter the character of the product, but without other addition or abstraction except as may occur in cellar treatment: **Provided,** That a domestic product may be ameliorated or sweetened in accordance with part 24, of this chapter, and any product other than domestic may be ameliorated before, during, or after fermentation by adding, separately or in combination, dry sugar or such an amount of sugar and water solution as will not increase the volume of the resulting product more than 35 percent, but in no event shall any product so ameliorated have an alcoholic content, derived by fermentation of more than 13 percent by volume, or a natural acid content, if water has been added, of less than 5 parts per thousand, or a total solids content of more than 22 grams per 100 cubic centimeters.

(ii) The maximum volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, shall not be, for natural wine of this class, more than 0.14 gram, and for other wine of this class, more than 0.12 gram, per 100 milliliters (20 °C).

(iii) Wine of this class containing no added alcohol or other spirits may be further designated as “natural.”

(2) **Table wine** of this class is wine having an alcoholic content not in excess of 14 percent by volume. Such wine may also be designated as “light.”

(3) **Dessert wine** of this class is wine having an alcoholic content in excess of 14 percent but not in excess of 24 percent by volume.

(4) **Raisin wine** is wine of this class made from dried grapes.

(5) **Sake** is wine of this class produced from rice in accordance with the commonly accepted method of manufacture of such product.

(6) Wine of this class derived wholly (except for sugar, water, or added alcohol) from one kind of agricultural product shall except in the case of “sake,” be designated by the word “wine” qualified by the name of such agricultural product, e.g., “honey
wine,” “raisin wine,” “dried blackberry wine.” Wine of this class not derived wholly from one kind of agricultural product shall be designated as “wine” qualified by a truthful and adequate statement of composition appearing in direct conjunction therewith. Wine of this class rendered effervescent by carbon dioxide resulting solely from the secondary fermentation of wine within a closed container, tank, or bottle shall be further designated as “sparkling”; and wine of this class rendered effervescent by carbon dioxide otherwise derived shall be further designated as “carbonated.”

(g) Class 7; aperitif wine. (1) Aperitif wine is wine having an alcoholic content of not less than 15 percent by volume, compounded from grape wine containing added brandy or alcohol, flavored with herbs and other natural aromatic flavoring materials, with or without the addition of caramel for coloring purposes, and possessing the taste, aroma, and characteristics generally attributed to vermouth, and shall be so designated unless designated as “vermouth” under paragraph (g)(2) of this section.

(ii) Any wine for which no maximum volatile acidity is prescribed in §§4.20 to 4.25, inclusive, having a volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, in excess of 0.14 gram per 100 milliliters (20°C).

(iii) Any wine for which a standard of identity is prescribed in this §§4.20 to 4.25, inclusive, having a volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, in excess of 0.14 gram per 100 milliliters (20°C).

(iv) Any “grape wine,” “citrus wine,” “fruit wine,” or “wine from other agricultural products” to which has been added sugar and water solution in an amount which is in excess of the limitations prescribed in the standards of identity for these products, unless, in the case of “citrus wine,” “fruit wine” and “wine from other agricultural products” the normal acidity of the material from which such wine is produced is 20 parts or more per thousand and the volume of the resulting product has not been increased more than 60 percent by such addition.

(i) Class 9; retsina wine. “Retsina wine” is grape table wine fermented or flavored with resin.

Cross Reference: For regulations relating to the use of spirits in wine, see part 24 of this chapter.

§ 4.22 Blends, cellar treatment, alteration of class or type.

(a) If the class or type of any wine shall be altered, and if the product as so altered does not fall within any other class or type either specified in §§4.20 through 4.25 or known to the
trade, then such wine shall, unless otherwise specified in this section, be designated with a truthful and adequate statement of composition in accordance with §4.34.

(b) Alteration of class or type shall be deemed to result from any of the following occurring before, during, or after production.

(1) Treatment of any class or type of wine with substances foreign to such wine which remain therein: Provided, That the presence in finished wine of not more than 350 parts per million of total sulfur dioxide, or sulphites expressed as sulfur dioxide, shall not be precluded under this paragraph.

(2) Treatment of any class or type of wine with substances not foreign to such wine but which remain therein in larger quantities than are naturally and normally present in other wines of the same class or type not so treated.

(3) Treatment of any class or type of wine with methods or materials of any kind to such an extent or in such manner as to affect the basic composition of the wine so treated by altering any of its characteristic elements.

(4) Blending of wine of one class with wine of another class or the blending of wines of different types within the same class.

(5) Treatment of any class or type of wine for which a standard of identity is prescribed in this article with sugar or water in excess of the quantities specifically authorized by such standard: Provided, That the class or type thereof shall not be deemed to be altered:

(i) Where such wine (other than grape wine) is derived from fruit, or other agricultural products, having a high normal acidity, if the total solids content is not more than 22 grams per 100 cubic centimeters, and the content of natural acid is not less than 7.5 parts per thousand and

(ii) Where such wine is derived exclusively from fruit, or other agricultural products, the normal acidity of which is 20 parts or more per thousand, if the volume of the resulting product has been increased not more than 60 percent by the addition of sugar and water solution, for the sole purpose of correcting natural deficiencies due to such acidity, and (except in the case of such wine when produced from fruit or berries other than grapes) there is stated as part of the class and type designation the phrase “Made with over 35 percent sugar solution”.

(c) Nothing in this section shall preclude the treatment of wine of any class or type in the manner hereinafter specified, provided such treatment does not result in the alteration of the class or type of the wine under the provisions of paragraph (b) of this section.

(1) Treatment with filtering equipment, and with fining or sterilizing agents.

(2) Treatment with pasteurization as necessary to perfect the wines to commercial standards in accordance with acceptable cellar practice but only in such a manner and to such an extent as not to change the basic composition of the wine nor to eliminate any of its characteristic elements.

(3) Treatment with refrigeration as necessary to perfect the wine to commercial standards in accordance with acceptable cellar practice but only in such a manner and to such an extent as not to change the basic composition of the wine nor to eliminate any of its characteristic elements.

(4) Treatment with methods and materials to the minimum extent necessary to correct cloudiness, precipitation, or abnormal color, odor, or flavor developing in wine.

(5) Treatment with constituents naturally present in the kind of fruit or other agricultural product from which the wine is produced for the purpose of correcting deficiencies of these constituents, but only to the extent that such constituents would be present in normal wines of the same class or type not so treated.

(6) Treatment of any class or type of wine involving the use of volatile fruit-flavor concentrates in the manner provided in section 5382 of the Internal Revenue Code.

(7) Notwithstanding the provisions of §4.21(b) (1), (2) and (4), (c), (d)(4), (e)(5), and (f)(6) carbon dioxide may be used to maintain counterpressure during the transfer of finished sparkling wines from (i) bulk processing tanks to bottles, or (ii) bottle to bottle: Provided, That the carbon dioxide content of the wine shall not be increased by more
§ 4.23 Varietal (grape type) labeling.

(a) General. The names of one or more grape varieties may be used as the type designation of a grape wine only if the wine is also labeled with an appellation of origin as defined in § 4.25a.

(b) One variety. Except as provided in paragraph (c) of this section, the name of a single grape variety may be used as the type designation if not less than 75 percent of the wine is derived from grapes of that variety, the entire 75 percent of which was grown in the labeled appellation of origin area.

(c) Exceptions.

(1) Wine made from any Vitis labrusca variety (exclusive of hybrids with Vitis labrusca parentage) may be labeled with the variety name if:

(i) Not less than 51 percent of the wine is derived from grapes of the named variety;

(ii) The statement “contains not less than 51 percent (name of variety)” is shown on the brand label, back label, or a separate strip label, (except that this statement need not appear if 75 percent or more of the wine is derived from grapes of the named variety); and

(iii) The entire qualifying percentage of the named variety was grown in the labeled appellation of origin area.

(2) Wine made from any variety of any species found by the appropriate ATF officer upon appropriate application to be too strongly flavored at 75 percent minimum varietal content may be labeled with the variety name if:

(i) Not less than 51 percent of the wine is derived from grapes of that variety;

(ii) The statement “contains not less than 51 percent (name of variety)” is shown on the brand label, back label, or a separate strip label (except that this statement need not appear if 75 percent or more of the wine is derived from grapes of the named variety); and

(iii) The entire qualifying percentage of the named variety was grown in the labeled appellation of origin area.

(d) Two or more varieties. The names of two or more grape varieties may be used as the type designation if:

(1) All of the grapes used to make the wine are of the labeled varieties;

(2) The percentage of the wine derived from each variety is shown on the label (with a tolerance of plus or minus 2 percent); and

(3)(i) If labeled with a multicounty appellation of origin, the percentage of the wine derived from each variety from each county is shown on the label; or

(ii) If labeled with a multistate appellation of origin, the percentage of the wine derived from each variety from each state is shown on the label.

(e) List of approved variety names. Effective February 7, 1996, the name of a grape variety may be used as a type designation for an American wine only if that name has been approved by the Director. A list of approved grape variety names appears in subpart J of this part.

§ 4.24 Generic, semi-generic, and non-generic designations of geographic significance.

(a)(1) A name of geographic significance which is also the designation of a class or type of wine, shall be deemed to have become generic only if so found by the appropriate ATF officer.

(2) Examples of generic names, originally having geographic significance, which are designations for a class or type of wine are: Vermouth, Sake.

(b)(1) A name of geographic significance, which is also the designation of a class or type of wine, shall be deemed to have become semi-generic only if so found by the appropriate ATF officer.

Semi-generic designations may be used to designate wines of an origin other than that indicated by such name only if there appears in direct conjunction therewith an appropriate appellation of origin disclosing the true place of origin of the wine, and if the wine so designated conforms to the standard of identity, if any, for such wine contained in the regulations in this part or, if there be no such standard, to the trade understanding of such class or type. See § 24.257(c) of this chapter for
exceptions to the appropriate ATF officer’s authority to remove names from paragraph (b)(2) of this section.

(2) Examples of semi-generic names which are also type designations for grape wines are Angelica, Burgundy, Claret, Chablis, Champagne, Chianti, Malaga, Marsala, Madeira, Moselle, Port, Rhine Wine (syn. Hock), Sauterne, Haut Sauterne, Sherry, Tokay.

(c)(1) A name of geographic significance, which has not been found by the appropriate ATF officer to be generic or semi-generic may be used only to designate wines of the origin indicated by such name, but such name shall not be deemed to be the distinctive designation of a wine unless the Director finds that it is known to the consumer and to the trade as the designation of a specific wine of a particular place or region, distinguishable from all other wines.

(2) Examples of nongeneric names which are not distinctive designations of specific grape wines are: American, California, Lake Erie, Napa Valley, New York State, French, Spanish. Additional examples of foreign nongeneric names are listed in subpart C of part 12 of this chapter.

(3) Examples of nongeneric names which are also distinctive designations of specific grape wines are: Bordeaux Blanc, Bordeaux Rouge, Graves, Medoc, Saint–Julien, Chateau Yquem, Chateau Margaux, Chateau Lafite, Pommard, Chambertin, Montreatch, Rhone, Liebstraumlich, Budeheimer, Forster, Deidesheimer, Schloss Johannisberger, Lagrima, and Lacryma Christi. A list of foreign distinctive designations, as determined by the Director, appears in subpart D of part 12 of this chapter.

An American appellation of origin is: (i) The United States; (ii) a State; (iii) two or no more than three States which are all contiguous; (iv) a county (which must be identified with the word “county”, in the same size of type, and in letters as conspicuous as the name of the county); (v) two or no more than three counties in the same States; or (vi) a viticultural area (as defined in paragraph (e) of this section).

(2) Imported wine. An appellation of origin for imported wine is: (i) A country, (ii) a state, province, territory, or similar political subdivision of a country equivalent to a state or county; or (iii) a viticultural area.

(b) Qualification—(1) American wine. An American wine is entitled to an appellation of origin other than a multi-county or multistate appellation, or a viticultural area, if:

(i) At least 75 percent of the wine is derived from fruit or agricultural products grown in the place or region indicated by such appellation, (ii) it has been fully manufactured and finished within the State in which such place or region is located, and (3) it conforms to the requirements of the laws and regulations of such place or region governing the composition, method of manufacture, and designation of wines for home consumption.

(b) Wines subjected to cellar treatment outside the place or region of origin under the provisions of § 4.22(c), and blends of wines of the same origin blended together outside the place or region of origin (if all the wines in the blend have a common class, type or other designation which is employed as the designation of the blend) shall be entitled to the same appellation of origin to which they would be entitled if such cellar treatment or blending took place within the place or region of origin.

(c) This section does not apply after December 31, 1982.
§ 4.25a

labeled “American”; or, if labeled with a State appellation, within the labeled State or an adjacent State; or if labeled with a county appellation, within the State in which the labeled county is located; and (iii) it conforms to the laws and regulations of the named appellation area governing the composition, plus or minus two percent designation of wines made in such place.

(2) Imported wine. An imported wine is entitled to an appellation of origin other than a viticultural area if:

(i) At least 75 percent of the wine is derived from fruit or agricultural products grown in the area indicated by the appellation of origin; and (ii) The wine conforms to the requirements of the foreign laws and regulations governing the composition, method of production, and designation of wines available for consumption within the country of origin.

(c) Multicounty appellations. An appellation of origin comprising two or no more than three counties in the same State may be used if all of the fruit or other agricultural products were grown in the counties indicated, and the percentage of the wine derived from each county is shown on the label with a tolerance of plus or minus two percent.

(d) Multistate appellation. An appellation of origin comprising two or no more than three States which are all contiguous may be used if:

(1) All of the fruit or other agricultural products were grown in the States indicated, and the percentage of the wine derived from grapes grown in each State is shown on the label with a tolerance of plus or minus two percent.

(2) It has been fully finished (except for cellar treatment pursuant to §4.22(c), and blending which does not result in an alteration of class or type under §4.22(b)) in one of the labeled appellation States; (3) It conforms to the laws and regulations governing the composition, method of manufacture, and designation of wines in all the States listed in the appellation.

(e) Viticultural area—(1) Definition—(i) American wine. A delimited grape growing region distinguishable by geographical features, the boundaries of which have been recognized and defined in part 9 of this chapter.

(ii) Imported wine. A delimited place or region (other than an appellation defined in paragraph (a)(2)(i) or (a)(2)(ii)) the boundaries of which have been recognized and defined by the country of origin for use on labels of wine available for consumption within the country of origin.

(2) Establishment of American viticultural areas. Petitions for establishment of American viticultural areas may be made to the Director by any interested party, pursuant to the provisions of §70.701(c) of this title. The petition may be in the form of a letter, and should contain the following information referred to in §9.3(b) of this title.

(3) Requirements for use. A wine may be labeled with a viticultural area appellation if:

(i) The appellation has been approved under part 9 of this title or by the appropriate foreign government;

(ii) Not less than 85 percent of the wine is derived from grapes grown within the boundaries of the viticultural area;

(iii) In the case of foreign wine, it conforms to the requirements of the foreign laws and regulations governing the composition, method of production, and designation of wines available for consumption within the country of origin; and

(iv) In the case of American wine, it has been fully finished within the State, or one of the States, within which the labeled viticultural area is located (except for cellar treatment pursuant to §4.22(c), and blending which does not result in an alteration of class and type under §4.22(b)).

(4) Overlap viticultural area appellations. An appellation of origin comprising of more than one viticultural area may be used in the case of overlapping viticultural areas if not less than 85 percent of the volume of the
wine is derived from grapes grown in the overlapping area.

§ 4.27 Vintage wine.

(a) General. Vintage wine is wine labeled with the year of harvest of the grapes and made in accordance with the standards prescribed in classes 1, 2, or 3 of § 4.21. At least 95 percent of the wine must have been derived from grapes harvested in the labeled calendar year, and the wine must be labeled with an appellation of origin other than a country (which does not qualify for vintage labeling). The appellation shall be shown in direct conjunction with the designation required by § 4.32(a)(2), in lettering substantially as conspicuous as that designation. In no event may the quantity of wine removed from the producing winery, under labels bearing a vintage date, exceed the volume of vintage wine produced in that winery during the year indicated by the vintage date.

(b) American wine. A permittee who produced and bottled or packed the wine, or a person other than the producer who repackaged the wine in containers of 5 liters (or 1-gallon before January 1, 1979) or less may show the year of vintage upon the label if the person possesses appropriate records from the producer substantiating the year of vintage and the appellation of origin; and if the wine is made in compliance with the provisions of paragraph (a) of this section.

(c) Import. Import wine may bear a vintage date if: (1) It is made in compliance with the provisions of paragraph (a) of this section; (2) it is bottled in containers of 5 liters (or 1-gallon before January 1, 1979) or less prior to importation, or bottled in the United States from the original container of the product (showing a vintage date); (3) if the invoice is accompanied by, or the American bottler possesses, a certificate issued by a duly authorized official of the country of origin (if the country of origin authorizes the issuance of such certificates) certifying that the wine is of the vintage shown, that the laws of the country regulate the appearance of vintage dates upon the labels of wine produced for consumption within the country of origin, that the wine has been produced in conformity with those laws, and that the wine would be entitled to bear the vintage date if it had been sold within the country of origin.

§ 4.28 Type designations of varietal significance.

The following are type designations of varietal significance for American
wine. These names may be used as type designations for American wines only if the wine is labeled with an appellation of origin as defined in §4.25a.

(a) Muscadine. An American wine which derives at least 75 percent of its volume from Muscadinia rotundifolia grapes.

(b) Muscatel. An American wine which derives its predominant taste, aroma, characteristics and at least 75 percent of its volume from any Muscat grape source, and which meets the requirements of §4.21(a)(3).

(c) Muscat or Moscato. An American wine which derives at least 75 percent of its volume from any Muscat grape source.

(d) Scuppernong. An American wine which derives at least 75 percent of its volume from bronze Muscadinia rotundifolia grapes.

(e)(1) Gamay Beaujolais. An American wine which derives at least 75 percent of its volume from Pinot noir grapes, Valdiguié grapes, or a combination of both.

(2) For wines bottled on or after January 1, 1999, and prior to April 9, 2007, the name “Gamay Beaujolais” may be used as a type designation only if there appears in direct conjunction therewith, but on a separate line and separated by the required appellation of origin, the name(s) of the grape variety or varieties used to satisfy the requirements of paragraph (e)(1) of this section. Where two varietal names are listed, they shall appear on the same line, in order of predominance. The appellation of origin shall appear either on a separate line between the name “Gamay Beaujolais” and the grape variety name(s) or on the same line as the grape variety name(s) in a manner that qualifies the grape variety name(s). The following statement shall also appear on the brand or back label: “Gamay Beaujolais is made from at least 75 percent Pinot noir and/or Valdiguié grapes.”

(3) The designation “Gamay Beaujolais” may not be used on labels of American wines bottled on or after April 9, 2007.

§ 4.32 Mandatory label information.

(a) There shall be stated on the brand label:
(1) Brand name, in accordance with § 4.33.
(2) Class, type, or other designation, in accordance with § 4.34.
(3) Alcohol content, in accordance with § 4.36.
(4) On blends consisting of American and foreign wines, if any reference is made to the presence of foreign wine, the exact percentage by volume.
(b) There shall be stated on any label affixed to the container:
(1) Name and address, in accordance with § 4.35.
(2) Net contents, in accordance with § 4.37. If the net contents is a standard of fill other than an authorized metric standard of fill as prescribed in § 4.73, the net contents statement shall appear on a label affixed to the front of the bottle.
(c) There shall be stated on the brand label or on a back label a statement that the product contains FD&C Yellow No. 5, where that coloring material is used in a product bottled on or after October 6, 1984.
(d) There shall be stated on a front or back label, separate and apart from all other information, the following statement when saccharin is present in the finished product: Use of this product may be hazardous to your health. This product contains saccharin which has been determined to cause cancer in laboratory animals.
(e) Declaration of sulfites. There shall be stated on a front label, back label, strip label or neck label, the statement "Contains sulfites" or "Contains (a) sulfit ing agent(s)" or a statement identifying the specific sulfiting agent where sulfur dioxide or a sulfiting agent is detected at a level of 10 or more parts per million, measured as total sulfur dioxide. The provisions of this paragraph shall apply to:
(1) Any certificate of label approval issued on or after January 9, 1987;
(2) Any wine bottled on or after July 9, 1987, regardless of the date of issuance of the certificate of label approval; and,
(3) Any wine removed on or after January 9, 1988.

(Paragraph (e) approved by the Office of Management and Budget under Control No. 1512-0469)

§ 4.33 Brand names.

(a) General. The product shall bear a brand name, except that if not sold under a brand name, then the name of the person required to appear on the brand label shall be deemed a brand name for the purpose of this part.
(b) Misleading brand names. No label shall contain any brand name, which, standing alone, or in association with other printed or graphic matter creates any impression or inference as to the age, origin, identity, or other characteristics of the product unless the appropriate ATF officer finds that such brand name, either when qualified by the word “brand” or when not so qualified, conveys no erroneous impressions as to the age, origin, identity, or other characteristics of the product.
(c) Trade name of foreign origin. This section shall not operate to prohibit the use by any person of any trade name or brand of foreign origin not effectively registered in the United States Patent Office on August 29, 1935, which has been used by such person or his predecessors in the United States for a period of at least five years immediately preceding August 29, 1935: Provided, That if such trade name or brand is used, the designation of the product shall be qualified by the name of the locality in the United States in which produced, and such qualifications shall be in script, type, or printing as conspicuous as the trade name or brand.

§ 4.34 Class and type.

(a) The class of the wine shall be stated in conformity with subpart C of this part if the wine is defined therein, except that “table” (“light”) and “dessert” wines need not be designated as such. In the case of still grape wine there may appear, in lieu of the class
§ 4.35 Name and address.

(a) American wine. On labels of containers of American wine, there shall be stated the name of the bottler or packer and the place where bottled or packed (or until January 1, 1985, in lieu of such place, the principal place of business of the bottler or packer if in the same State where the wine was bottled or packed, and, if bottled or packed on bonded premises, the APT registry number of the premises) immediately preceded by the words “bottled by” or “packed by” except that:

(1) If the bottler or packer is also the person who made not less than 75 percent of such wine by fermenting the must and clarifying the resulting wine, or if such person treated the wine in such manner as to change the class thereof, there may be stated, in lieu of the words “bottled by” or “packed by,” the words “produced and bottled by,” or “produced and packed by.”

(2) If the bottler or packer has also either made or treated the wine, otherwise than as described in paragraph (a)(1) of this section, there may be stated, in lieu of the words “Bottled by” or “Packed by” the phrases “Blended and bottled (packed) by,” “Rectified and bottled (packed) by,” “Prepared and bottled (packed) by,” “Made and bottled (packed) by,” as the case may be, or, in the case of imitation wine only, “Manufactured and bottled (packed) by.”

(3) In addition to the name of the bottler or packer and the place where bottled or packed (but not in lieu thereof) there may be stated the name of any varietal (grape type) designation, type designation of varietal significance, semigeneric geographic type designation, or geographic distinctive designation, to which the wine may be entitled. In the case of champagne, or crackling wines, the type designation “champagne” or “crackling wine” (“petillant wine,” “frizzante wine”) may appear in lieu of the class designation “sparkling wine.”

In the case of wine which has a total solids content of more than 17 grams per 100 cubic centimeters the words “specially sweet”, “specially sweetened”, “specially sweet” or “sweetened with excess sugar” shall be stated as a part of the class and type designation. The last of these quoted phrases shall appear where required by part 24 of this chapter, on wines sweetened with sugar in excess of the maximum quantities specified in such regulations. If the class of the wine is not defined in subpart C, a truthful and adequate statement of composition will not be in direct conjunction and in let-
tering substantially of the same size and kind.

(b) An appellation of origin such as “American,” “New York,” “Napa Valley,” or “Chilean,” disclosing the true place of origin of the wine, shall appear in direct conjunction with and in let-
tering substantially as conspicuous as the class and type designation if:

(1) A varietal (grape type) designation is used under the provisions of § 4.23;

(2) A type designation of varietal significance is used under the provisions of § 4.28;

(3) A semi-generic type designation is employed as the class and type designation of the wine pursuant to § 4.24(b);

(4) A product name is qualified with the word “Brand” under the requirements of § 4.39(j); or

(5) The wine is labeled with the year of harvest of the grapes, and otherwise conforms with the provisions of § 4.27.

The appellation of origin for vintage wine shall be other than a country.

[312 FR 59724, Oct. 6, 2000]

(a) American wine. On labels of containers of American wine, there shall be stated the name of the bottler or packer and the place where bottled or packed (or until January 1, 1985, in lieu of such place, the principal place of business of the bottler or packer if in the same State where the wine was bottled or packed, and, if bottled or packed on bonded premises, the APT registry number of the premises) immediately preceded by the words “bottled by” or “packed by” except that:

(1) If the bottler or packer is also the person who made not less than 75 percent of such wine by fermenting the must and clarifying the resulting wine, or if such person treated the wine in such manner as to change the class thereof, there may be stated, in lieu of the words “bottled by” or “packed by,” the words “produced and bottled by,” or “produced and packed by.”

(b) Imported wine. On labels of containers of imported wine, there shall be stated the words “Imported by” or a similar appropriate phrase, and immediately thereafter the name of the permittee who is the importer, agent, sole distributor, or other person responsible for the importation, together with the principal place of business in the United States of such person. In addition, but not in lieu thereof, there may be stated the name and principal place of business of the foreign producer, blender, rectifier, maker, bottler, packer, or shipper, preceded by the phrases “Produced by,” “Blended by,” “Rectified by,” “Made by,” “Bottled by,” “Packed by,” “Shipped by,” respectively, or, in the case of imitation wine only, “Manufactured by.”

(1) If the wine is bottled or packed in the United States, there shall be stated, in addition, the name of the bottler or packer and the place where bottled or packed immediately preceded by the words “bottled by” or “packed by” except that if the wine is bottled or packed in the United States for the person responsible for the importation there may be stated, in lieu of the above-required statements, the name and principal place of business in the United States of such person, immediately preceded by the phrase “imported by and bottled (packed) in the United States for” (or a similar appropriate phrase). If, however, the wine is bottled or packed in the United States by the person responsible for the importation there may be stated, in lieu of the above-required statements, the name and principal place of business in the United States of such person, immediately preceded by the phrase “Imported and bottled (packed) by” or a similar appropriate phrase.

(2) If the wine is blended, bottled, or packed in a foreign country other than the country of origin and the country of origin is stated or otherwise indicated on the label, there shall also be stated the name of the bottler, packer, or blender, and the place where bottled, packed, or blended, immediately preceded by the words “Bottled by,” “Packed by”, “Blended by”, or other appropriate statement.

(c) Form of address. The “place” stated shall be the post office address (after December 31, 1984, the post office address shall be the address shown on the basic permit or other qualifying document of the premises at which the operations took place; and there shall be shown the address for each operation which is designated on the label. An example of such use would be “Produced at Gilroy, California, and bottled at San Mateo, California, by XYZ Winery”), except that the street address may be omitted. No additional places or addresses shall be stated for the same person unless (1) such person is actively engaged in the conduct of an additional bona fide and actual alcoholic beverage business at such additional place or address in connection with the particular product.

(d) Trade or operating names. The trade or operating name of any person appearing upon any label shall be identical with a name appearing on the basic permit or notice.

(e) This section does not apply after July 27, 1994.

§ 4.35a Name and address.

(a) American wine—(1) Mandatory statement. A label on each container of American wine shall state either “bottled by” or “packed by” followed by the name of the bottler or packer and
the address (in accordance with paragraph (c)) of the place where the wine was bottled or packed. Other words may also be stated in addition to the required words “bottled by” or “packed by” and the required name and address if the use of such words is in accordance with paragraph (a)(2) of this section.

(2) Optional statements. (i) In addition to the statement required by paragraph (a)(1), the label may also state the name and address of any other person for whom the wine was bottled or packed, immediately preceded by the words “bottled for” or “packed for” or “distributed by.”

(ii) The words defined in paragraphs (a)(2)(iii)–(a)(2)(vi) may be used, in accordance with the definitions given, in addition to the name and address statement required by paragraph (a)(1). Use of these words may be conjoined, using the word “and”, and with the words “bottled by” or “packed by” only if the same person performed the defined operation at the same address. More than one name is necessary if the defined operation was performed by a person other than the bottler or packer and more than one address statement is necessary if the defined operation was performed at a different address.

(iii) Produced or Made means that the named winery:

(A) Fermented not less than 75% of such wine at the stated address, or

(B) Changed the class or type of the wine by addition of alcohol, brandy, flavors, colors, or artificial carbonation at the stated address, or

(C) Produced sparkling wine by secondary fermentation at the stated address.

(iv) Blended means that the named winery mixed the wine with other wines of the same class and type at the stated address.

(v) Cellared, Vinted or Prepared means that the named winery, at the stated address, subjected the wine to cellar treatment in accordance with §4.22(c).

(b) Imported wine—(1) Mandatory statements. (i) A label on each container of imported wine shall state “imported by” or a similar appropriate phrase, followed immediately by the name of the importer, agent, sole distributor, or other person responsible for the importation, followed immediately by the address of the principal place of business in the United States of the named person.

(ii) If the wine was bottled or packed in the United States, the label shall also state one of the following:

(A) “Bottled by” or “packed by” followed by the name of the bottler or packer and the address (in accordance with paragraph (c)) of the place where the wine was bottled or packed; or

(B) If the wine was bottled or packed for the person responsible for the importation, the words “imported by and bottled (packed) in the United States for” (or a similar appropriate phrase) followed by the name and address of the principal place of business in the United States of the person responsible for the importation; or

(C) If the wine was bottled or packed by the person responsible for the importation, the words “imported and bottled (packed) by” followed by the name and address of the principal place of business in the United States of the person responsible for the importation.

(iii) If the wine was blended, bottled or packed in a foreign country other than the country of origin, and the label identifies the country of origin, the label shall state “blended by,” “bottled by,” or “packed by,” or other appropriate statement, followed by the name of the blender, bottler or packer and the place where the wine was blended, bottled or packed.

(2) Optional statements. In addition to the statements required by paragraph (b) (1), the label may also state the name and address of the principal place of business of the foreign producer. Other words, or their English-language equivalents, denoting winemaking operations may be used in accordance with the requirements of the country of origin, for wines sold within the country of origin.

(c) Form of address. The “place” stated shall be the post office address shown on the basic permit or other qualifying document of the premises at which the operations took place; and there shall be shown the address for each operation which is designated on the label. An example of such use
§ 4.36 Alcoholic content.

(a) Alcoholic content shall be stated in the case of wines containing more than 14 percent of alcohol by volume, and, in the case of wine containing 14 percent or less of alcohol by volume, either the type designation “table” wine (“light” wine) or the alcoholic content shall be stated. Any statement of alcoholic content shall be made as prescribed in paragraph (b) of this section.

(b) Alcoholic content shall be stated in terms of percentage of alcohol by volume, and not otherwise, as provided in either paragraph (b)(1) or (2) of this section:

(1) “Alcohol ___% by volume,” or similar appropriate phrase; Provided, that if the word “alcohol” and/or “volume” are abbreviated, they shall be shown as “alc.” (alc) and/or “vol.” (vol), respectively. Except as provided in paragraph (c) of this section, a tolerance of 1 percent, in the case of wines containing more than 14 percent of alcohol by volume, and of 1.5 percent, in the case of wines containing 14 percent or less of alcohol by volume, will be permitted either above or below the stated percentage.

(2) “Alcohol % to % by volume,” or similar appropriate phrase; Provided, that if the word “alcohol” and/or “volume” are abbreviated, they shall be shown as “alc.” (alc) and/or “vol.” (vol), respectively. Except as provided in paragraph (c) of this section, a range of not more than 2 percent, in the case of wines containing more than 14 percent of alcohol by volume, and of not more than 3 percent, in the case of wines containing 14 percent or less of alcohol by volume, will be permitted between the minimum and maximum percentages stated, and no tolerances will be permitted either below such minimum or above such maximum.

(c) Regardless of the type of statement used and regardless of tolerances normally permitted in direct statements and ranges normally permitted in maximum and minimum statements, alcoholic content statements, whether required or optional, shall definitely and correctly indicate the class, type and taxable grade of the wine so labeled and nothing in this section shall be construed as authorizing the appearance upon the labels of any wine of an alcoholic content statement in terms of maximum and minimum percentages which overlaps a prescribed limitation on the alcoholic content of any class, type, or taxable grade of wine, or a direct statement of alcoholic content which indicates that the alcoholic content of the wine is within such a limitation when in fact it is not.

§ 4.37 Net contents.

(a) Statement of net contents. The net contents of wine for which a standard of fill is prescribed in §4.73 shall be stated in the same manner and form as set forth in the standard of fill. The net content of wine for which no standard of fill is prescribed in §4.73 shall be stated in the metric system of measure as follows:

(1) If more than one liter, net contents shall be stated in liters and in decimal portions of a liter accurate to the nearest one-hundredth of a liter.
§ 4.38 General requirements.

(a) Legibility. All labels shall be so designed that all the statements thereon required by §§ 4.30 through 4.39 are readily legible under ordinary conditions, and all such statement shall be on a contrasting background.

(b) Size of type. (1) Containers of more than 187 milliliters. All mandatory information required on labels by this part, except the alcoholic content statement, shall be in script, type, or printing not smaller than 2 millimeters; except that if contained among other descriptive or explanatory information, the script, type, or printing of the mandatory information shall be of a size substantially more conspicuous than that of the descriptive or explanatory information.

(2) Containers of 187 milliliters or less. All mandatory information required on labels by this part, except the alcoholic content statement, shall not be smaller than 1 millimeter, except that if contained among other descriptive or explanatory information, the script, type, or printing of the mandatory information shall be of a size substantially more conspicuous than that of the descriptive or explanatory information.

(2) Containers of 187 milliliters or less. All mandatory information required on labels by this part, except the alcoholic content statement, shall not be smaller than 1 millimeter, except that if contained among other descriptive or explanatory information, the script, type, or printing of the mandatory information shall be of a size substantially more conspicuous than that of the descriptive or explanatory information.

(3) Alcoholic content statements shall not appear in script, type, or printing larger or more conspicuous than 3 millimeters nor smaller than 1 millimeter on labels of containers having a capacity of 5 liters or less and tured so as to be of approximately uniform capacity.

(3) Discrepancies in measure due to differences in atmospheric conditions in various places and which unavoidably result from the ordinary and customary exposure of alcoholic beverages in containers to evaporation. The reasonableness to discrepancies under this paragraph shall be determined on the facts in each case.

(c) Net contents marked in bottle. The net contents need not be stated on any label if the net contents are displayed by having the same blown, etched, sand-blasted, marked by underglaze coloring, or otherwise permanently marked by any method approved by the appropriate ATF officer, in the sides, front, or back of the bottle, in letters and figures in such manner as to be plainly legible under ordinary circumstances, and such statement is not obscured in any manner in whole or in part.

(d) Tolerances. Statement of net contents shall indicate exactly the volume of wine within the container, except that the following tolerances shall be allowed:

(1) Discrepancies due exclusively to errors in measuring which occur in filling conducted in compliance with good commercial practice.

(2) Discrepancies due exclusively to differences in the capacity of containers, resulting solely from unavoidable difficulties in manufacturing such containers so as to be of uniform capacity: Provided, That no greater tolerance shall be allowed in case of containers which, because of their design, cannot be made of approximately uniform capacity than is allowed in case of containers which can be manufac-
§ 4.39

shall not be set off with a border or otherwise accentuated.

(c) English language. All mandatory label information shall be stated on labels in the English language, except that the brand name, the place of production, and the name of the manufacturer, producer, blender, bottler, packer, or shipper appearing on the label need not be in the English language if the words ‘‘product of’’ immediately precede the name of the country of origin stated in accordance with customs requirements. Additional statements in foreign languages may be made on labels, if they do not in any way conflict with, or contradict the requirements of §§ 4.30 through 4.39.

(d) Location of label. Labels shall not obscure Government stamps nor be obscured thereby.

(e) Labels firmly affixed. All labels shall be affixed to containers of wine in such manner that they cannot be removed without thorough application of water or other solvents.

(f) Additional information on labels. Labels may contain information other than the mandatory label information required by §§ 4.30 through 4.39, if such information complies with the requirements of such sections and does not conflict with, nor in any manner qualify statements required by this part. In addition, information which is truthful, accurate, and specific, and which is neither disparaging nor misleading may appear on wine labels.

(g) Representations as to materials. If any representation (other than representations or information required by §§ 4.30 through 4.39 or percentage statements required or permitted by this part) is made as to the presence, excellence, or other characteristic of any ingredient in any wine, or used in its production, the label containing such representation shall state, in print, type, or script, substantially as conspicuous as such representation, the name and amount in percent by volume of each such ingredient.

(h) Statement of contents of containers. Upon request of the appropriate ATF officer, there shall be submitted a full and accurate statement of the contents of the containers to which labels are to be or have been affixed.

§ 4.38a Bottle cartons, booklets and leaflets.

(a) General. An individual covering, carton, or other container of the bottle used for sale at retail (other than a shipping container), or any written, printed, graphic, or other matter accompanying the bottle to the consumer buyer shall not contain any statement, design, device, or graphic, pictorial, or emblematic representation that is prohibited by §§ 4.30 through 4.39 on labels.

(b) Sealed cartons. If bottles are enclosed in sealed opaque coverings, cartons, or other containers used for sale at retail (other than a shipping container), such coverings, cartons, or other containers must bear all mandatory label information.

(c) Other cartons. (1) If an individual covering, carton, or other container of the bottle used for sale at retail (other than a shipping container) is so designed that the bottle is readily removable, it may display any information which is not in conflict with the label on the bottle contained therein.

(2) Cartons displaying brand names and/or designations must display such names and designations in their entirety—brand names required to be modified, e.g. by ‘‘Brand’’ or ‘‘Product of U.S.A.’’, must also display such modification.

(3) Wines for which a truthful and adequate statement of composition is required must display such statement.

§ 4.39 Prohibited practices.

(a) Statements on labels. Containers of wine, or any label on such containers, or any individual covering, carton, or other wrapper of such container, or any written, printed, graphic, or other matter accompanying such container to the consumer shall not contain:
§ 4.39

(1) Any statement that is false or untrue in any particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter, tends to create a misleading impression.

(2) Any statement that is disparaging of a competitor’s products.

(3) Any statement, design, device, or representation which is obscene or indecent.

(4) Any statement, design, device, or representation of or relating to analyses, standards, or tests, irrespective of falsity, which the appropriate ATF officer finds to be likely to mislead the consumer.

(5) Any statement, design, device or representation of or relating to any guarantee, irrespective of falsity, which the appropriate ATF officer finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) A trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, or is a name that is in simulation or is an abbreviation thereof, or any graphic, pictorial, or emblematic representation of any such individual or organization, if the use of such name or representation is likely falsely to lead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of, such individual or organization; Provided, That this paragraph shall not apply to the use of the name of any person engaged in business as a producer, blender, rectifier, importer, wholesaler, retailer, bottler, or warehouseman of wine, nor to the use by any person of a trade or brand name that is the name of any living individual of public prominence or existing private or public organization, provided such trade or brand name was used by him or his predecessors in interest prior to August 29, 1935.

(7) Any statement, design, device, or representation (other than a statement of alcohol content in conformity with § 4.36), which tends to create the impression that a wine:

(i) Contains distilled spirits;

(ii) Is comparable to a distilled spirit; or

(iii) Has intoxicating qualities.

However, if a statement of composition is required to appear as the designation of a product not defined in these regulations, such statement of composition may include a reference to the type of distilled spirits contained therein.

(8) Any coined word or name in the brand name or class and type designation which simulates, imitates, or which tends to create the impression that the wine so labeled is entitled to bear, any class, type, or permitted designation recognized by the regulations in this part unless such wine conforms to the requirements prescribed with respect to such designation and is in fact so designated on its labels.

(9) Any word in the brand name or class and type designation which is the name of a distilled spirits product or which simulates, imitates, or created the impression that the wine so labeled is, or is similar to, any product customarily made with a distilled spirits base. Examples of such words are: "Manhattan," "Martini," and "Daquiri" in a class and type designation or brand name of a wine cocktail; "Cuba Libre," "Zombie," and "Collins" in a class and type designation or brand name of a wine specialty or wine highball; "creme," "cream," "de," or "of" when used in conjunction with "menthe," "mint," or "cacao" in a class and type designation or a brand name of a mint or chocolate flavored wine specialty.

(b) Statement of age. No statement of age or representation relative to age (including words or devices in any brand name or mark) shall be made, except (1) for vintage wine, in accordance with the provisions of § 4.27; (2) references relating to methods of wine production involving storage or aging in accordance with § 4.38(f); or (3) use of the word "old" as part of a brand name.

(c) Statement of bottling dates. The statement of any bottling date shall not be deemed to be a representation relative to age, if such statement appears in lettering not greater than 8-point Gothic caps and in the following form: “Bottled in” (inserting the year in which the wine was bottled).
(d) Statement of miscellaneous dates. No date, except as provided in paragraphs (b) and (c) of this section with respect to statement of vintage year and bottling date, shall be stated on any label unless in addition thereto and in direct conjunction therewith in the same size and kind of printing, there shall be stated an explanation of the significance thereof such as "established" or "founded in". If any such date refers to the date of establishment of any business or brand name, it shall not be stated, in the case of containers of a capacity of 5 liters or less, in any script, type, or printing larger than 2 millimeters, and shall be stated in direct conjunction with the name of the person, company, or brand name to which it refers if the appropriate ATF officer finds that this is necessary in order to prevent confusion as to the person, company, or brand name to which the establishment date is applicable.

(e) Simulation of Government stamps. (1) No labels shall be of such design as to resemble or simulate a stamp of the United States Government or any State or foreign government. No label, other than stamps authorized or required by the United States Government or any State or foreign government, shall state or indicate that the wine contained in the labeled container is produced, blended, bottled, packed, or sold under, or in accordance with, any municipal, State or Federal Government authorization, law, or regulation, unless such statement is required or specifically authorized by Federal, State or municipal law or regulation, or is required or specifically authorized by the laws or regulations of a foreign country. If the municipal, State, or Federal Government permit number is stated upon a label, it shall not be accompanied by any additional statement relating thereto. The reference to such certificate or certification shall be substantially in the following form:

This product accompanied at the time of the importation by a certificate issued by the

(1) State
(2) Class and type as stated on the label
(3) Year of vintage stated on the label

(f) Use of the word "Importer", or similar words. The word Importer, or similar words, shall not be stated on labels on containers of domestic wine except as part of the bona fide name of a permittee for or by whom, or of a retailer for whom, such wine is bottled, packed or distributed: Provided, That in all cases where such words are used as part of such name, there shall be stated on the same label the words "Product of the United States", or similar words to negative any impression that the product is imported, and such negative statement shall appear in the same size and kind of printing as such name.

(g) Flags, seals, coats of arms, crests, and other insignia. Labels shall not contain, in the brand name or otherwise, any statement, design, device, or pictorial representation which the appropriate ATF officer finds relates to, or is capable of being construed as relating to, the armed forces of the United States.
States, or the American flag, or any emblem, seal, insignia, or decoration associated with such flag or armed forces; nor shall any label contain any statement, design, device, or pictorial representation of or concerning any flag, seal, coat of arms, crest or other insignia, likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crest, or insignia is associated.

(h) Curative and therapeutic claims. Labels shall not contain any statement, design, representation, pictorial representation, or device representing that the use of wine has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(i) Geographic brand names. (1) Except as provided in subparagraph 2, a brand name of viticultural significance may not be used unless the wine meets the appellation of origin requirements for the geographic area named.

(2) For brand names used in existing certificates of label approval issued prior to July 7, 1986:

(i) The wine shall meet the appellation of origin requirements for the geographic area named; or

(ii) The wine shall be labeled with an appellation of origin in accordance with §4.34(b) as to location and size of type of either:

(A) A county or a viticultural area, if the brand name bears the name of a geographic area smaller than a state, or;

(B) A state, county or a viticultural area, if the brand name bears a state name; or

(iii) The wine shall be labeled with some other statement which the appropriate ATF officer finds to be sufficient to dispel the impression that the geographic area suggested by the brand name is indicative of the origin of the wine.

(3) A name has viticultural significance when it is the name of a state or county (or the foreign equivalents), when approved as a viticultural area in part 9 of this chapter, or by a foreign government, or when found to have viticultural significance by the appropriate ATF officer.

(j) Product names of geographical significance (not mandatory before January 1, 1983). The use of product names with specific geographical significance is prohibited unless the appropriate ATF officer finds that because of their long usage, such names are recognized by consumers as fanciful product names and not representations as to origin. In such cases the product names shall be qualified with the word “brand” immediately following the product name, in the same size of type, and as conspicuous as the product name itself. In addition, the label shall bear an appellation of origin under the provisions of §4.34(b), and, if required by the appropriate ATF officer, a statement disclaiming the geographical reference as a representation as to the origin of the wine.

(k) Other indications of origin. Other statements, designs, devices or representations which indicate or infer an origin other than the true place of origin of the wine are prohibited.

(l) Foreign terms. Foreign terms which: (1) Describe a particular condition of the grapes at the time of harvest (such as “Auslese,” “Eiswein,” “Trockenbeerenauslese”); or (2) denote quality under foreign law (such as “Qualitatswein” and “Kabinett”) may not be used on the labels of American wine.

(m) Use of a vineyard, orchard, farm or ranch name. When used in a brand name, a vineyard, orchard, farm or ranch name having geographical or viticultural significance is subject to the requirements of §§4.33(b) and 4.39(i) of this part. Additionally, the name of a vineyard, orchard, farm or ranch shall not be used on a wine label, unless 95 percent of the wine in the container was produced from primary winemaking material grown on the named vineyard, orchard, farm or ranch.

(n) Use of a varietal name, type designation of varietal significance, semi-generic name, or geographic distinctive designation. Labels that contain in the brand name, product name, or distinctive or fanciful name, any varietal
(grape type) designation, type designation of varietal significance, semi-generic geographic type designation, or geographic distinctive designation, are misleading unless the wine is made in accordance with the standards prescribed in classes 1, 2, or 3 of §4.21. Any other use of such a designation on other than a class 1, 2, or 3 wine is presumed misleading.

Subpart E—Requirements for Withdrawal of Wine From Customs Custody

§4.40 Label approval and release.

(a) Certificate of label approval. No imported beverage wine in containers shall be released from U.S. Customs custody for consumption unless there is deposited with the appropriate Customs officer at the port of entry the original or a photostatic copy of an approved certificate of label approval, ATF Form 5100.31.

(b) If the original or photostatic copy of ATF Form 5100.31 has been approved, the brand or lot of imported wine bearing labels identical with those shown thereon may be released from U.S. Customs custody.

(c) Relabeling. Imported wine in U.S. Customs custody which is not labeled in conformity with certificates of label approval issued by the appropriate ATF officer must be relabeled prior to release under the supervision and direction of Customs officers of the port at which the wine is located.

(d) Cross reference. For procedures regarding the issuance, denial, and revocation of certificates of label approval, as well as appeal procedures, see part 13 of this chapter.

§4.45 Certificates of origin and identity.

Imported wine shall not be released from customs custody for consumption unless the invoice is accompanied by a certificate of origin issued by a duly authorized officer of the appropriate foreign government, if the issuance of such certificates with respect to such wine has been authorized by the foreign government concerned, certifying as to the identity of the wine and that the wine has been produced in compliance with the laws of the respective foreign government regulating the production of such wine for home consumption.

§4.46 Certificate of nonstandard fill.

A person may import wine in containers not conforming to the metric standards of fill prescribed at §4.73 if the wine is:

(a) Accompanied by a statement signed by a duly authorized official of the appropriate foreign country, stating that the wine was bottled or packed before January 1, 1979;

(b) Being withdrawn from a Customs bonded warehouse into which it was entered before January 1, 1979; or

(c) Exempt from the standard of fill requirements as provided by §4.70(b)(1) or (2).

Subpart F—Requirements for Approval of Labels of Wine Domestically Bottled or Packed

§4.50 Certificates of label approval.

(a) No person shall bottle or pack wine, other than wine bottled or packed in U.S. Customs custody, or remove such wine from the plant where bottled or packed, unless an approved certificate of label approval, ATF Form 5100.31, is issued by the appropriate ATF officer.

(b) Any bottler or packer of wine shall be exempt from the requirements of this section if upon application the bottler or packer shows to the satisfaction of the appropriate ATF officer that the wine to be bottled or packed is not to be sold, offered for sale, or shipped or delivered for shipment, or otherwise introduced in interstate or
§ 4.51 Exhibiting certificates to Government officials.

Any bottler or packer holding an original or duplicate original of a certificate of label approval or a certificate of exemption shall, upon demand, exhibit such certificate to a duly authorized representative of the United States Government.

§ 4.52 Photoprints.

Photoprints or other reproductions of certificates of label approval or certificates of exemption are not acceptable, for the purposes of §§ 4.50 through 4.52, as substitutes for an original or duplicate original of a certificate of label approval, or a certificate of exemption. The appropriate ATF officer will, upon the request of the bottler or packer, issue duplicate originals of certificates of label approval or of certificates of exemption if wine under the same brand is bottled or packed at more than one plant by the same person, and if the necessity for the duplicate originals is shown and there is listed with the appropriate ATF officer the name and address of the additional bottling or packing plant where the particular label is to be used.

Subpart G—Advertising of Wine

§ 4.60 Application.

No person engaged in the business as a producer, rectifier, blender, importer, or wholesaler of wine, directly or indirectly or through an affiliate, shall publish or disseminate or cause to be published or disseminated by radio or television broadcast, or in any newspaper, periodical, or any publication, by any sign or outdoor advertisement, or any other printed or graphic matter, any advertisement of wine, if such advertising is in, or is calculated to induce sale in, interstate or foreign commerce, or is disseminated by mail, unless such advertisement is in conformity with §§ 4.60–4.65 of this part. Provided, that such sections shall not apply to outdoor advertising in place on September 7, 1984, but shall apply upon replacement, restoration, or renovation of any such advertising; and provided further, that such sections shall not apply to a retailer or the publisher of any newspaper, periodical, or other publication, or radio or television broadcaster is engaged in business as a producer, rectifier, blender, importer, or wholesaler of wine, directly or indirectly, or through an affiliate.

§4.64 with the name and address of the person operating such winery or store-
room. Statement of bonded winecellar and bonded winery numbers may be
made in the following form: “Bonded Winecellar No. ___,” “Bonded Winery
No. ___,” “B. W. C. No. ___,” “B. W. No. ___.” No additional reference
thereto shall be made, nor shall any use be made of such statement that
may convey the impression that the wine has been made or matured under
Government supervision or in accordance with Government specifications
or standards.
(8) Any statement, design, device, or representation which relates to alcohol
content or which tends to create the impression that a wine:
(i) Contains distilled spirits; or
(ii) Is comparable to a distilled spirit; or
(iii) Has intoxicating qualities.
However, if a statement of composition is required to appear as the designation
of a product not defined in these regulations, such statement of composition
may include a reference to the type of distilled spirits contained therein. Fur-
ther, an approved wine label, which bears the statement of alcohol content
may be depicted in any advertising media, or an actual wine bottle show-
ing the approved label bearing the statement of alcoholic content may be
displayed in any advertising media.
(9) Any word in the brand name or class and type designation which is the
name of a distilled spirits product or which simulates, imitates, or creates
the impression that the wine so labeled is, or is similar to, any product cus-
tomarily made with a distilled spirits base.
(b) Statements inconsistent with labeling. (1) Advertisements shall not con-
tain any statement concerning a brand or lot of wine that is inconsistent with
any statement on the labeling thereof.
(2) Any label depicted on a bottle in an advertisement shall be a reproduc-
tion of an approved label.
(c) Statement of age. No statement of age or representation relative to age
(including words or devices in any brand name or mark) shall be made, ex-
cept (1) for vintage wine, in accordance with the provisions of §4.27; (2) ref-
erences in accordance with §4.38(f); or
(3) use of the word “old” as part of a brand name.
(d) Statement of bottling dates. The statement of any bottling date shall
not be deemed to be a representation relative to age, if such statement ap-
pears without undue emphasis in the following form: “Bottled in ___” (in-
serting the year in which the wine was bottled).
(c) Statement of miscellaneous dates. No date, except as provided in paragraphs
(c) and (d) of this section, with respect to statement of vintage year and bot-
tling date, shall be stated unless, in ad-
dition thereto, and in direct conjunc-
tion therewith, in the same size and
kind of printing there shall be stated an explanation of the significance of
such date: Provided, That if any date
refers to the date of establishment of
any business, such date shall be stated
without undue emphasis and in direct
conjunction with the name of the per-
son to whom it refers.
(d) Flags, seals, coats of arms, crests,
and other insignia. No advertisement
shall contain any statement, design,
device, or pictorial representation of or
relating to, or capable of being con-
strued as relating to, the armed forces
of the United States, or of the Amer-
ican flag, or of any emblem, seal, insig-
nia, or decoration associated with such
flag or armed forces; nor shall any ad-
vertisement contain any statement, de-
vice, design, or pictorial representation of or concerning any flag, seal, coat of
arms, crest, or other insignia likely to
mislead the consumer to believe that
the product has been endorsed, made,
or used by, or produced for, or under
the supervision of, or in accordance
with the specifications of the govern-
ment, organization, family, or indi-
vidual with whom such flag, seal, coat
of arms, crests, or insignia is associ-
ated.
(e) Statements indicative of origin. No statement, design, device, or represen-
tation which tends to create the im-
pression that the wine originated in a
particular place or region, shall appear
in any advertisement unless the label
of the advertised product bears an app-
ellation of origin, and such appella-
tion of origin appears in the advertise-
ment in direct conjunction with the
class and type designation.
§ 4.70

(h) Use of the word “importer” or similar words. The word importer or similar words shall not appear in advertisements of domestic wine except as part of the bona fide name of the permittee by or for whom, or of a retailer for whom, such wine is bottled, packed or distributed: Provided, That in all cases where such words are used as part of such name, there shall be stated the words “Product of the United States” or similar words to negate any impression that the product is imported, and such negating statements shall appear in the same size and kind of printing as such name.

(i) Curative and therapeutic claims. Advertisements shall not contain any statement, design, representation, pictorial representation, or device representing that the use of wine has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(j) Confusion of brands. Two or more different brands or lots of wine shall not be advertised in one advertisement (or in two or more advertisements in one issue of a periodical or newspaper, or in one piece of other written, printed, or graphic matter) if the advertisement tends to create the impression that representations made as to one brand or lot apply to the other or others, and if as to such latter the representations contravene any provision of §§ 4.60 through 4.64 or are in any respect untrue.

(k) Deceptive advertising techniques. Subliminal or similar techniques are prohibited. “Subliminal or similar techniques,” as used in this part, refers to any device or technique that is used to convey, or attempts to convey, a message to a person by means of images or sounds of a very brief nature that cannot be perceived at a normal level of awareness.

§ 4.70 Application.

(a) Except as provided in paragraph (b) of this section, no person engaged in business as a producer, rectifier, blender, importer, or wholesaler of wine, directly or indirectly or through an affiliate, shall sell or ship or deliver for sale or shipment, or otherwise introduce in interstate or foreign commerce, or receive therein, or remove from customs custody, any wine unless such wine is bottled or packed in the standard wine containers herein prescribed.

(b) Sections 4.70 through 4.73 do not apply to:

(1) Sake;

(2) Wine packed in containers of 18 liters or more;

(3) Imported wine in the original containers in which entered customs custody if the wine was bottled or packed before January 1, 1979; or

§ 4.65 Comparative advertising.

(a) General. Comparative advertising shall not be disparaging of a competitor’s product.

(b) Taste tests. (1) Taste test results may be used in advertisements comparing competitors’ products unless they are disparaging, deceptive, or likely to mislead the consumer.

(2) Fill. It shall be so filled as to contain the quantity of wine specified in one of the standards of fill prescribed in § 4.72 or § 4.73; and

(3) Headspace. It shall be made and filled as to have a headspace not in excess of 6 percent of its total capacity after closure if the net content of the container is 187 milliliters or more, and a headspace not in excess of 10 percent of such capacity in the case of all other containers.

(1) Geographical names for distinctive types of distilled spirits (other than names found by the appropriate ATF officer under paragraph (k)(2) of this section to have become generic) shall not be applied to distilled spirits produced in any other place than the particular region indicated by the name, unless (i) in direct conjunction with the name there appears the word “type” or the word “American” or some other adjective indicating the true place of production, in lettering substantially as conspicuous as such name, and (ii) the distilled spirits to which the name is applied conform to the distilled spirits of that particular region. The following are examples of distinctive types of distilled spirits with geographical names that have not become generic: Eau de Vie de Dantzigr (Danziger Goldwasser), Ojen, Swedish punch. Geographical names for distinctive types of distilled spirits shall be used to designate only distilled spirits conforming to the standard of identity, if any, for such type specified in this section, or if no such standard is so specified, then in accordance with the trade understanding of that distinctive type.

(2) Only such geographical names for distilled spirits as the appropriate ATF officer finds have by usage and common knowledge lost their geographical significance to such extent that they have become generic shall be deemed to have become generic. Examples at London dry gin, Geneva (Hollands) gin.

§ 5.23 Alteration of class and type.

(a) Additions. (1) The addition of any coloring, flavoring, or blending materials to any class and type of distilled spirits, except as otherwise provided in this section, alters the class and type thereof and the product shall be appropriately redesignated.

(2) There may be added to any class or type of distilled spirits, without changing the class or type thereof, (i) such harmless coloring, flavoring, or blending materials as are an essential component part of the particular class or type of distilled spirits to which added, and (ii) harmless coloring, flavoring, or blending materials such as caramel, straight malt or straight rye malt whiskies, fruit juices, sugar, infusion of oak chips when approved by the Director, or wine, which are not an essential component part of the particular distilled spirits to which added, but which are customarily employed therein in accordance with established trade usage, if such coloring, flavoring, or blending materials do not total more than 2½ percent by volume of the finished product.

(3) “Harmless coloring, flavoring, and blending materials” shall not include (i) any material which would render the product to which it is added an imitation, or (ii) any material, other than caramel, infusion of oak chips, and sugar, in the case of Cognac brandy; or (iii) any material whatsoever in the case of neutral spirits or straight whiskey, except that vodka may be treated with sugar in an amount not to exceed 2 grams per liter and a trace amount of citric acid.

(b) Extractions. The removal from any distilled spirits of any constituents to such an extent that the product does not possess the taste, aroma, and characteristics generally attributed to that class or type of distilled spirits alters the class and type thereof, and the product shall be appropriately redesignated. In addition, in the case of straight whisky the removal of more than 15 percent of the fixed acids, or volatile acids, or esters, or soluble solids, or higher alcohols, or more than 25 percent of the soluble color, shall be deemed to alter the class or type thereof.

(c) Exceptions. (1) This section shall not be construed as in any manner modifying the standards of identity for cordials and liqueurs, flavored brandy, flavored gin, flavored rum, flavored vodka, and flavored whiskey or as authorizing any product which is defined in § 5.22(j), Class 10, as an imitation to be otherwise designated.
§ 5.25 Application.
The requirements of this subpart shall apply to:
(a) Proprietors of distilled spirits plants qualified as processors under 27 CFR part 19;
(b) Persons in Puerto Rico who manufacture distilled spirits products for shipment to the United States. Formulas need only be filed for those products which will be shipped to the United States; and
(c) Persons who ship into the United States, Virgin Islands distilled spirits products.

§ 5.26 Formula requirements.
(a) General. An approved formula is required to blend, mix, purify, refine, compound, or treat spirits in a manner which results in a change of character, composition, class or type of the spirits. Form 5110.38 (27–B Supplemental) shall be filed in accordance with the instructions on the form and shall designate all ingredients and, if required, the process used. Any approved formula on Form 27–B Supplemental or Form 5110.38 shall remain in effect until revoked, superseded, or voluntarily surrendered. Any existing qualifying statements as to the rate of tax or the limited use of drawback flavors appearing on a Form 27–B Supplemental are obsolete.
(b) Change in formula. Any change in an approved formula shall require the filing of a new Form 5110.38. After a change in a formula is approved, the original formula shall be surrendered to the appropriate ATF officer.

§ 5.27 Formulas.
Formulas are required for distilled spirits operations which change the character, composition, class or type of spirits as follows:
(a) The compounding of spirits through the mixing of any coloring, flavoring, wine, or other material with distilled spirits;
(b) The manufacture of an intermediate product to be used exclusively in other distilled spirits products on bonded premises;
(c) Any filtering or stabilizing process which results in a product which does not possess the taste, aroma, and characteristics generally attributed to that class or type of distilled spirits; and, in the case of straight whisky, results in the removal of more than 15 percent of the fixed acids, volatile acids, esters, soluble solids, or higher alcohols, or more than 25 percent of the soluble color;
(d) The mingling of spirits (including merchandise returned to bond) which differ in class or type of materials from which produced;
(e) The mingling of spirits stored in charred cooperage with spirits stored in plain or reused cooperage, or the mixing of spirits that have been treated with wood chips with spirits not so treated, or the mixing of spirits that have been subjected to any treatment which changes their character with spirits not so treated, unless it is determined that the composition of the spirits is the same, notwithstanding the storage in different kinds of cooperage or the treatment of a portion of the spirits;
(f) The use (except as authorized for production or storage operations as provided by 27 CFR part 19) of any physical or chemical process or any apparatus which accelerates the maturing of the spirits;
(g) The steeping or soaking of fruits, berries, aromatic herbs, roots, seeds, etc., in spirits or wines;
(h) The artificial carbonating of spirits;
(i) The blending in Puerto Rico of spirits with any liquors manufactured outside of Puerto Rico;
(j) The production of gin by—
(1) Redistillation over juniper berries and other natural aromatics, or the extracted oils of such, of spirits distilled at or above 190 degrees of proof, free from impurities, including spirits of
such a nature recovered by redistillation of imperfect gin spirits; and
(2) Mixing gin with other spirits;
(k) The treatment of gin by—
(1) Addition or abstraction of any substance or material other than pure water after redistillation in a manner that would change its class and type designation; and
(2) Addition of any substance or material other than juniper berries or other natural aromatics, or the extracted oils of such, or pure water to the spirits, before or during redistillation, in a manner that would change its class and type designation;
(1) The production of vodka by—
(1) Treatment of neutral spirits with not less than one ounce of activated carbon per 100 wine gallons of spirits;
(2) Redistillation of pure spirits so as to be without distinctive character, aroma, taste, or color;
(3) Mixing with other spirits or with any other substance or material except pure water, after production; and
(m) The recovery of spirits by redistillation from distilled spirits products containing other alcoholic ingredients and from spirits which have previously been entered for deposit. However, no formula shall be required for spirits redistilled into any type of neutral spirits other than vodka or spirits redistilled at less than 190 degrees of proof which lack the taste, aroma and other characteristics generally attributed to whisky, brandy, rum, or gin, and are designated as “Spirits,” preceded or followed by a word or phrase descriptive of the material from which produced. Such spirits redistilled on or after July 1, 1972, may not be designated “Spirits Grain” or “Grain Spirits.”

§ 5.28 Adoption of predecessor's formulas.

The adoption by a successor of approved Forms 5110.38 (27-B Supplemental) shall be in the form of an application filed with the appropriate ATF officer. The application shall list the formulas for adoption by:

(a) Formula number,
(b) Name of product, and
(c) Date of approval.

The application shall clearly show that the predecessor has authorized the use of his previously approved formulas by the successor.

(1) A statement of the classes and types of distilled spirits used in the manufacture thereof shall be deemed a sufficient statement of composition in the case of highballs, cocktails, and similar prepared specialties when the designation adequately indicates to the consumer the general character of the product.

(2) No statement of composition is required if the designation through general and established usage adequately indicates to the consumer the composition of the product.

A product shall not bear a designation which indicates it contains a class or type of distilled spirits unless the distilled spirits therein conform to such class and type.

(c) Origin of whiskies in mixtures. In the case of any of the types of whisky defined in §5.22(b), Class 2, which contains any whisky or whiskies produced in a country other than that indicated by the type designation, there shall be stated on the brand label the percentage of such whisky and the country or origin thereof. In the case of mixtures of whisky, not conforming to any type designation in §5.22(b), Class 2, the components of which were distilled in more than one country, there shall be stated in direct conjunction with the class designation “whisky” a truthful and adequate statement of the composition of the product.

(d) Whisky manufactured in Scotland, Ireland, or Canada. All whisky manufactured in Scotland, Ireland, or Canada, shall be deemed to be Scotch, Irish, or Canadian whisky, and shall be so designated, in conformity with §5.22(b), (7), (8), and (9), unless the application of such designation to the particular product will result in consumer deception, or unless such a product is not entitled to such designation under the laws of the country in which manufactured.

(e) Cordials and liqueurs. The alcoholic components of cordials and liqueurs may, but need not, be stated on labels.

§5.36 Name and address.

(a) “Bottled by”. (1) On labels of domestic distilled spirits there shall be stated the phrase “bottled by”, “packed by”, or “filled by”, immediately followed by the name (or trade name) of the bottler and the place where such distilled spirits are bottled. If the bottler is the actual bona fide operator of more than one distilled spirits plant engaged in bottling operations, there may, in addition, be stated immediately following the name (or trade name) of such bottler the addresses of such other plants.

(2) Where distilled spirits are bottled by or for the distiller thereof, there may be stated, in lieu of the phrase “bottled by”, “packed by”, or “filled by”, followed by the bottler’s name (or trade name) and address, the phrase “distilled by”, followed by the name, or the trade name under which the particular spirits were distilled, and the address (or addresses) of the distiller.

(3) Where “straight whiskies” of the same type which have been produced in the same State by two or more different distillers are combined (either at time of bottling or at a warehouseman’s bonded premises for further storage) and subsequently bottled and labeled as “straight whisky,” such “straight whisky” shall be labeled in accordance with the requirements of paragraph (a)(1) of this section. Where such “straight whisky” is bottled by or for the distillers thereof, there may be stated on the label, in lieu of the requirements of paragraph (a)(1) of this section, the phrase “distilled by,” followed by the names (or trade names) of the different distillers who distilled a portion of the “straight whisky,” the addresses of the distilleries where the “straight whisky” was distilled, and

59
the percentage of “straight whisky” distilled by each distiller (with a tolerance of plus or minus 2 percent). In the case where “straight whisky” is made up of a mixture of “straight whiskies” of the same type from two or more different distilleries of the same proprietor located within the same State, and where the “straight whisky” is bottled by or for the proprietor thereof, such “straight whisky” may be labeled, in lieu of the requirements of paragraph (a)(1) of this section, with the phrase “distilled by” followed by the name (or trade name) of the proprietor and the addresses of the different distilleries which distilled a portion of the “straight whisky.”

(4) Where distilled spirits are bottled by or for the rectifier thereof, there may be stated, in lieu of the phrase “bottled by”, “packed by”, or “filled by”, followed by the bottler’s name (or trade name) and address, the phrases “blended by”, “made by”, “prepared by”, “manufactured by”, or “produced by” (whichever may be appropriate to the act of rectification involved) followed by the name (or trade name) and address of the rectifier.

(5) In addition to the requirements of paragraphs (a)(1) and (a)(2) of this paragraph, the labels of bottled in bond distilled spirits shall bear the real name of the distillery or the trade name under which the distillery produced and warehoused the spirits, the number of the plant in which produced and the number of the plant in which bottled.

(6) The label may state the address of the proprietor’s principal place of business in lieu of the place where the bottling, distilling or rectification operation occurred, if the address where the operation occurred is indicated by printing, coding, or other markings, on the label or on the bottle.

(b) “Imported by”. (1) On labels of imported distilled spirits, bottled prior to importation, there shall be stated the words “imported by”, “imported exclusively by”, or a similar appropriate phrase, and immediately thereafter the name of the importer, or exclusive agent, or sole distributor, or other person responsible for the importation, together with the principal place of business in the United States of such person.

(ii) The name of the bottler and place where bottled, immediately preceded by the words “bottled by”, “packed by”, or “filled by” and in conjunction therewith the name and address of the person responsible for the importation, in the manner prescribed in paragraph (b)(1) of this section; or

(iii) The name and principal place of business in the United States of the person responsible for the importation, if the spirits are bottled for such person, immediately preceded by the phrase “imported by and bottled (packed), (filled) in the United States for” (or a similar appropriate phrase); or

(iv) In the case of imported distilled spirits bottled after importation by the person responsible for the importation, the words “imported and bottled (packed), (filled) by”, “imported and bottled (packed), (filled) exclusively by”, or a similar appropriate phrase, and immediately thereafter the name of such person and the address of the place where bottled or the address of such person’s principal place of business.

(c) Post office address. The “place” stated shall be the post office address, except that the street address may be omitted. No additional places or addresses shall be stated for the same person, firm or corporation, unless (1) such person or retailer is actively engaged in the conduct of an additional bona fide and actual alcoholic beverage business at such additional place or address, and (2) the label also contains in direct conjunction therewith, appropriate descriptive material indicating the function occurring at such additional place or address.

(d) State of distillation. Except in the case of “light whisky”, “blended light whisky”, “blended whisky”, “a blend of straight whiskies”, “spirit whisky”, the State of distillation shall be
shown on the label of any whisky produced in the United States if the whisky is not distilled in the State given in the address on the brand label. The appropriate ATF officer may, however, require the State of distillation to be shown on the label or he may permit such other labeling as may be necessary to negate any misleading or deceptive impression which might be created as to the actual State of distillation. In the case of “light whisky”, as defined in § 5.22(b)(3), the State of distillation shall not appear in any manner on any label, when the appropriate ATF officer finds such State is associated by consumers with an American type whisky, except as a part of a name and address as set forth in paragraph (a) of this section.

(b) Country of origin. On labels of imported distilled spirits there shall be stated the country of origin in substantially the following form “Product of ___”, the blank to be filled in with the name of the country of origin.

(a) Bottles conforming to metric standards of fill. The net contents of distilled spirits shall be stated in the same manner and form as set forth in the standards of fill in § 5.47a.

(b) Bottles not conforming to the metric standards of fill. The net contents for distilled spirits bottled before January 1, 1980, in bottles not conforming to the metric standards of fill, shall be stated in the same manner and form as set forth in § 5.47a, except for cordials and liqueurs, cocktails, highballs, bitters and specialties, as specified by the Director. The net contents for these specialty products shall be stated in U.S. measure (i.e., gallons, quarts, pints, fluid ounces).

(c) Net contents marked in bottles. The net contents need not be marked on any label if they are legibly blown, etched, sandblasted, marked by underglaze coloring, or otherwise permanently marked by any method approved by the appropriate ATF officer on the side, front, or back of the container in an unobscured location. Containers of 200 ml or greater capacity shall bear letters and figures of not less than one-quarter inch height.
§ 5.39 Presence of neutral spirits and coloring, flavoring, and blending materials.

(a) Neutral spirits and name of commodity. (1) In the case of distilled spirits (other than cordials, liqueurs, and specialties) produced by blending or rectification, if neutral spirits have been used in the production thereof, there shall be stated the percentage of neutral spirits so used and the name of the commodity from which such neutral spirits have been distilled. The statement of the name of the commodity from which such neutral spirits have been used in the production thereof, shall be stated in the following form: “% neutral spirits distilled from (insert grain, cane products, or fruit as appropriate)”;

(2) In the case of neutral spirits or of gin produced by a process of continuous distillation, there shall be stated the name of the commodity from which such neutral spirits or gin have been distilled. (b) Coloring materials. The words “artificially colored” shall be stated on the label of any distilled spirits containing synthetic or natural materials which primarily contribute color, or when the label conveys the impression that the color is derived from a source other than the actual source, except that:

(1) If no coloring material other than natural flavoring material has been added, there may be stated in lieu of the words “artificially colored” a truthful and adequate statement of the source of the color;

(2) If no coloring material other than those certified as suitable for use in foods by the Food and Drug Administration has been added, there may be stated in lieu of the words “artificially colored,” the words “colored with caramel,” or a substantially similar statement, but no such statement is required for the use of caramel in brandy, rum, or tequila, or in any type of whisky other than straight whisky.

(c) Treatment with wood. The words “colored and flavored with wood” (insert chips, slabs, etc., as appropriate)” shall be stated as a part of the class and type designation for whisky and brandy treated, in whole or in part, with wood through percolation, or otherwise, during distillation or storage, other than through contact with the oak container. Provided, that the above statement shall not apply to brandy treated with an infusion of oak chip in accordance with §5.23(a).

§ 5.40 Statements of age and percentage for whisky.

(a) Statements of age and percentage for whisky. In the case of straight whisky bottled in conformity with the bottled in bond labeling requirements and of domestic or foreign whisky, whether or not mixed or blended, all of which is 4 years old or more, statements of age and percentage are optional. As to all other whiskies there shall be stated the following:

the blend:

and no other whisky is contained in the blend: "____ percent straight whisky ____ years old."

(ii) If more than one straight whisky and no other whisky is contained in the blend: "____ percent straight whiskies ____ years or more old." The age blank shall be filled in with the age of the youngest straight whisky. In lieu of the foregoing, a statement may be made of the ages and percentages of each of the straight whiskies contained in the blend: "____ percent straight whisky ____ years old, ____ percent straight whisky ____ years old, and ____ percent straight whisky ____ years old."

(iii) If only one straight whisky and one other whisky is contained in the blend: "____ percent straight whisky ____ years old, ____ percent whisky ____ years old."

(iv) If more than one straight whisky and more than one other whisky is contained in the blend: "____ percent straight whiskies ____ years or more old, ____ percent whiskies ____ years or more old." The age blanks shall be filled in with the ages of the youngest straight whisky and the youngest other whisky. In lieu of the foregoing, a statement may be made of the ages and percentages of each of the straight whiskies and other whiskies contained in the blend: "____ percent straight whisky ____ years old, ____ percent straight whisky ____ years old, ____ percent whisky ____ years old, and ____ percent whisky ____ years old."

(4) Notwithstanding the foregoing provisions of this paragraph, in the case of whisky produced in the United States and stored in reused oak containers, except for corn whisky, and for light whisky produced on or after January 26, 1968, there shall be stated in lieu of the words "____ years old" the period of storage in reused oak containers as follows: "___ stored ___ years in reused cooperage."

(5) Optional age statements shall appear in the same form as required age statements.

If age is stated, it shall be substantially as follows: "____ years old"; the blank to be filled in with the age of the youngest distilled spirits in the product.

(c) Statement of storage for grain spirits. In case of grain spirits, the period of storage in oak containers may be stated in immediate conjunction with the required percentage statement; for example, "___% grain spirits stored ___ years in oak containers."

(d) Other distilled spirits. Age, maturity, or similar statements or representations as to neutral spirits (except for grain spirits as stated in paragraph (c) of this section), gin, liqueurs, cordials, cocktails, highballs, bitters, flavored brandy, flavored gin, flavored rum, flavored vodka, flavored whiskey, and specialties are misleading and are prohibited from being stated on any label.

(e) Miscellaneous age representations. (1) Age may be understated but shall not be overstated.

(2) If any age, maturity, or similar representation is made relative to any distilled spirits (such representations for products enumerated in paragraph (d) of this section are prohibited), the age shall also be stated on all labels where such representation appears, and in a manner substantially as conspicuous as such representation: Provided. That the use of the word "old" or
§ 5.41

other word denoting age, as part of the brand name, shall not be deemed to be an age representation: And provided further, that the labels of whiskies and brandies (except immature brandies) not required to bear a statement of age, and rum and Tequila aged for not less than 4 years, may contain general inconspicuous age, maturity or similar representations without the label bearing an age statement.

   (2) Any statement that is disparaging of a competitor’s product.
   (3) Any statement, design, device, or representation which is obscene or indecent.
   (4) Any statement, design, device, or representation of or relating to analyses, standards, or tests, irrespective of falsity, which the appropriate ATF officer finds to be likely to mislead the consumer.

   (6) A trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, or is a name that is in simulation or is an abbreviation thereof, or any graphic, pictorial, or emblematic representation of any such individual or organization: Provided, That this paragraph shall not apply to the use of the name of any person engaged in business as a distiller, rectifier, blender, or other producer, or as an importer, wholesaler, retailer, bottler, or warehouseman, of distilled spirits, nor to the use by any person of a trade or brand name that is the name
of any living individual of public prominence or existing private or public organization, provided such trade or brand name was used by him or his predecessors in interest prior to August 29, 1935.

(b) Miscellaneous. (1) Labels shall not be of such design as to resemble or simulate a stamp of the U.S. Government or any State or foreign government. Labels, other than stamps authorized or required by this or any other government, shall not state or indicate that the distilled spirits are distilled, blended, made, bottled, or sold under, or in accordance with, any municipal, State, Federal, or foreign authorization, law, or regulations, unless such statement is required or specifically authorized by Federal, State, municipal, or foreign law or regulations. The statements authorized by this part to appear on labels for domestic distilled spirits are “Distilled (produced, barreled, warehoused, blended, or bottled, or any combination thereof, as the case may be) under United States (U.S.) Government supervision”, or in the case of distilled spirits labeled as bottled in bond, “Bottled in bond under United States (U.S.) Government supervision”. If the municipal, State, or Federal Government permit number is stated on a label, it shall not be accompanied by any additional statement relating thereto.

(2) If imported distilled spirits are covered by a certificate of origin or of age issued by a duly authorized official of the appropriate foreign government, the label, except where prohibited by the foreign government, may refer to such certificate or the fact of such certification, but shall not be accompanied by any additional statement relating thereto. The reference to such certificate or certification shall, in the case of Cognac, be substantially in the following form: “This product accompanied at the time of importation by an Acquit Regional Jaune d’Or issued by the French Government, indicating that this grape brandy was distilled in the Cognac Region of France”; and in the case of other distilled spirits, substantially in the following form: “This product accompanied at time of importation by a certificate issued by the ____ government (name of government) indicating that the product is (class and type as required to be stated on the label), and (if label claims age) that none of the distilled spirits are of an age less than stated on this label.”

(3) The words “bond”, “bonded”, “bottled in bond”, “aged in bond”, or phrases containing these or synonymous terms, shall not be used on any label or as part of the brand name of domestic distilled spirits unless the distilled spirits are:

(iii) Stored for at least four years in wooden containers wherein the spirits have been in contact with the wood surface except for gin and vodka which must be stored for at least four years in wooden containers coated or lined with paraffin or other substance which will preclude contact of the spirits with the wood surface;

(iv) Unaltered from their original condition or character by the addition or subtraction of any substance other than by filtration, chill proofing, or other physical treatments (which do not involve the addition of any substance which will remain incorporated in the finished product or result in a change in class or type);

(vi) Bottles at 100 degrees of proof.

In addition to the requirements of §5.36(a) (1) or (2), the label shall bear the real name of the distillery or the trade name under which the distillery produced and warehoused the spirits, and the plant (or registered distillery) number in which produced; and the plant number in which bottled. § 5.46  Standard liquor bottles.

(b) Tolerances. The following tolerances shall be allowed:

(1) Discrepancies due to errors in measuring which occur in filling conducted in compliance with good commercial practice.

(2) Discrepancies due to differences in the capacity of bottles, resulting solely from unavoidable difficulties in manufacturing such bottles to a uniform capacity. Provided, That no greater tolerance shall be allowed in case of bottles which, because of their design, cannot be made of approximately uniform capacity than is allowed in case of bottles which can be manufactured so as to be of approximately uniform capacity.

(3) Discrepancies in measure due to differences in atmospheric conditions in various places and which unavoidably result from the ordinary and customary exposure of alcoholic beverages in bottles to evaporation. The reasonableness of discrepancies under this paragraph shall be determined on the facts in each case.

(4) Unreasonable shortages. Unreasonable shortages in certain of the bottles in any shipment shall not be compensated by overages in other bottles in the same shipment.

(d) Limitations. This section does not apply after December 31, 1979.

- 50 milliliters

(b) Tolerances. The following tolerances shall be allowed:

(1) Discrepancies due to errors in measuring which occur in filling conducted in compliance with good commercial practice.

(2) Discrepancies due to differences in the capacity of bottles, resulting solely
§ 5.51 Label approval and release.

(a) Certificate of label approval. Bottled distilled spirits shall not be released from customs custody for consumption unless there is deposited with the appropriate customs officer at the port of entry the original or a photostatic copy of an approved certificate of label approval, ATF Form 5100.31.

(b) Release. If the original or photostatic copy of ATF Form 5100.31 has been approved, the brand or lot of distilled spirits bearing labels identical with those shown thereon may be released from U.S. customs custody.

(c) Relabeling. Imported distilled spirits in U.S. customs custody which are not labeled in conformity with certificates of label approval issued by the appropriate ATF officer must be relabeled prior to release under the supervision of the customs officers of the port at which the spirits are located.

(e) Miscellaneous. Distilled spirits (other than Scotch, Irish, and Canadian whiskies, and Cognac) in bottles shall not be released from customs custody for consumption unless the invoice is accompanied by a certificate of origin issued by a duly authorized official of the appropriate foreign government, if the issuance of such certificates with respect to such distilled spirits has been authorized by the foreign government concerned, certifying as to the identity of the distilled spirits and that...
the distilled spirits have been manufactured in compliance with the laws of the respective foreign government regulating the manufacture of such distilled spirits for home consumption.

Subpart G—Requirements for Approval of Labels of Domestically Bottled Distilled Spirits

§ 5.55 Certificates of label approval.

(a) Requirement. Distilled spirits shall not be bottled or removed from a plant, except as provided in paragraph (b) of this section, unless the proprietor possesses a certificate of label approval, ATF Form 5100.31, covering the labels on the bottle, issued by the appropriate ATF officer pursuant to application on such form. Application for certificates of label approval covering labels for imported gin bearing the word “distilled” as a part of the designation shall be accompanied by a statement prepared by the manufacturer setting forth a step-by-step description of the manufacturing process.

(b) Exemption. Any bottler of distilled spirits shall be exempt from the requirements in paragraph (a) of this section and § 5.56 if the bottler possesses a certificate of exemption from label approval, ATF Form 5100.31, issued by the appropriate ATF officer pursuant to application on that Form showing that the distilled spirits to be bottled are not to be sold, offered for sale, or shipped or delivered for shipment, or otherwise introduced into interstate or foreign commerce.

(7) The words “bond”, “bonded”, “bottled in bond”, “aged in bond”, or phrases containing these or synonymous terms, unless such words or phrases appear, pursuant to §5.42, on labels of the distilled spirits advertised, and are stated in the advertisement in the manner and form in which they are permitted to appear on the label.

(8) The word “pure” unless:

(i) It refers to a particular ingredient used in the production of the distilled spirits, and is a truthful representation about the ingredient; or

(e) Place of origin. The advertisement shall not represent that the distilled spirits were manufactured in or imported from a place or country other than that of their actual origin, or were produced or processed by one who was not in fact the actual producer or processor.

(f) Confusion of brands. Two or more different brands or lots of distilled spirits shall not be advertised in one advertisement (or in two or more advertisements in one issue of a periodical or newspaper, or in one piece of other written, printed, or graphic matter) if the advertisement tends to create the impression that representations made as to one brand or lot apply to the other or others, and if as to such latter the representations contravene any provisions of this subpart or are in any respect untrue.

(g) Flags, seals, coats of arms, crests, and other insignia. [T.D. ATF–364, 60 FR 20424, Apr. 26, 1995]

§ 6.101 Merchandise.

(a) General. The act by an industry member, who is also in business as a bona fide producer or vendor of other merchandise (for example, groceries or pharmaceuticals), of selling that merchandise to a retailer does not constitute a means to induce within the
§ 6.102 meaning of section 105(b)(3) of the Act, provided:

(1) The merchandise is sold at its fair market value;

(2) The merchandise is not sold in combination with distilled spirits, wines, or malt beverages (except as provided in §6.93);

(3) The industry member’s acquisition or production costs of the merchandise appears on the industry member’s purchase invoices or other records; and

(4) The individual selling prices of merchandise and distilled spirits, wines, or malt beverages sold in a single transaction can be determined from commercial documents covering the sales transaction.

(b) Things of value covered in other sections of this part. Subpart E—Exclusion

Source: T.D. ATF–364, 60 FR 20424, Apr. 26, 1995, unless otherwise noted.

§ 6.151 Exclusion, in general.

(a) Exclusion, in whole or in part occurs:

(1) When a practice by an industry member, whether direct, indirect, or through an affiliate, places (or has the potential to place) retailer independence at risk by means of a tie or link between the industry member and retailer or by any other means of industry member control over the retailer; and

(2) Such practice results in the retailer purchasing less than it would have of a competitor's product.

(b) Section 6.152 lists practices that create a tie or link that places retailer independence at risk. Section 6.153 lists the criteria used for determining whether other practices can put retailer independence at risk.

§ 6.152 Practices which put retailer independence at risk.

The practices specified in this section put retailer independence at risk. The practices specified here are examples and do not constitute a complete list of those practices that put retailer independence at risk.

(a) The act by an industry member of resetting stock on a retailer’s premises (other than stock offered for sale by the industry member).

(b) The act by an industry member of purchasing or renting display, shelf, storage or warehouse space (i.e. slotting allowance).

(c) Ownership by an industry member of less than a 100 percent interest in a retailer, where such ownership is used to influence the purchases of the retailer.

(d) The act by an industry member of requiring a retailer to purchase one alcoholic beverage product in order to be allowed to purchase another alcoholic beverage product at the same time.

The criteria specified in this section are indications that a particular practice, other than those in §6.152, places retailer independence at risk. A practice need not meet all of the criteria specified in this section in order to place retailer independence at risk.

(a) The practice restricts or hampers the free economic choice of a retailer to decide which products to purchase
or the quantity in which to purchase them for sale to consumers.

(b) The industry member obligates the retailer to participate in the promotion to obtain the industry member’s product.

(c) The retailer has a continuing obligation to purchase or otherwise promote the industry member’s product.

(d) The retailer has a commitment not to terminate its relationship with the industry member with respect to purchase of the industry member’s products.

(e) The practice involves the industry member in the day-to-day operations of the retailer. For example, the industry member controls the retailer’s decisions on which brand of products to purchase, the pricing of products, or the manner in which the products will be displayed on the retailer’s premises.

(f) The practice is discriminatory in that it is not offered to all retailers in the local market on the same terms without business reasons present to justify the difference in treatment.

(b) Marking, branding, and labeling. No person engaged in business as a brewer, wholesaler, or importer of malt beverages, directly or indirectly, or through an affiliate, shall sell or ship, or deliver for sale or shipment, or otherwise introduce in interstate or foreign commerce, or receive therein, or remove from Customs custody any malt beverages in containers unless the malt beverages are packaged, and the packages are marked, branded, and labeled in conformity with this subpart.

(2) Application for permission to relabel shall be accompanied by two complete sets of the old labels and two complete sets of any proposed labels, together with a statement of the reasons for relabeling, the quantity and the location of the malt beverages, and the name and address of the person by whom they will be relabeled.

§ 7.21 Misbranding.

Malt beverages in containers shall be deemed to be misbranded:

(a) If the container fails to bear on it a brand label (or a brand label and other permitted labels) containing the mandatory label information as required by §§ 7.20 through 7.29 and conforming to the general requirements specified in this part.

(b) If the container, cap, or any label on the container, or any carton, case, or other covering of the container used for sale at retail, or any written, printed, graphic, or other matter accompanying the container to the consumer contains any statement, design, device, or graphic, pictorial, or emblematic representation that is prohibited by §§ 7.20 through 7.29.

(c) If the container has been, branded, or burned therein the name or other distinguishing mark of any person engaged in business as a brewer, wholesaler, bottler, or importer, of malt beverages, or of any other person, except
§ 7.22 Mandatory label information.

There shall be stated:

(a) On the brand label:

(1) Brand name, in accordance with § 7.23.

(2) Class, in accordance with § 7.24.

(3) Name and address (except when branded or burned in the container) in accordance with § 7.25, except as provided in paragraph (b) of this section.

(4) Net contents (except when blown, branded, or burned, in the container) in accordance with § 7.27.

(b) On the brand label or on a separate label (back or front):

(1) In the case of imported malt beverages, name and address of importer in accordance with § 7.25.

(2) In the case of malt beverages bottled or packed for the holder of a permit or a retailer, the name and address of the bottler or packer, in accordance with § 7.25.

(3) Alcoholic content, when required by State law, in accordance with § 7.71.

(4) A statement that the product contains FD&C Yellow No. 5, where that coloring material is used in a product bottled on or after October 6, 1984.

(5) The following statement, separate and apart from all other information, when saccharin is present in the finished product: Use of this product may be hazardous to your health. This product contains saccharin which has been determined to cause cancer in laboratory animals.

(6) Declaration of sulfites. The statement “Contains sulfites” or “Contains (a) sulfiting agent(s)” or a statement identifying the specific sulfiting agent where sulfur dioxide or a sulfiting agent is detected at a level of 10 or more parts per million, measured as total sulfur dioxide. The sulfite declaration may appear on a strip label or neck label in lieu of appearing on the front or back label. The provisions of this paragraph shall apply to:

(i) Any certificate of label approval issued on or after January 9, 1987;

(Paragraph (b)(6) approved by the Office of Management and Budget under Control No. 1512–0469)

§ 7.23 Brand names.

(a) General. The product shall bear a brand name, except that if not sold under a brand name, then the name of the person required to appear on the brand label shall be deemed a brand name for the purpose of this part.

(b) Misleading brand names. No label shall contain any brand name, which, standing alone, or in association with other printed or graphic matter, creates any impression or inference as to the age, origin, identity, or other characteristics of the product unless the appropriate ATF officer finds that such brand name, either when qualified by the word “brand” or when not so qualified, conveys no erroneous impressions as to the age, origin, identity, or other characteristics of the product.

(c) Trade name of foreign origin. This section shall not operate to prohibit the use by any person of any trade name or brand of foreign origin not effectively registered in the United States Patent Office on August 29, 1935, which has been used by such person or his predecessors in the United States for a period of at least 5 years immediately preceding August 29, 1935: Provided, That if such trade name or brand is used, the designation of the product shall be qualified by the name of the locality in the United States in which produced, and such qualification shall
be in script, type, or printing as conspicuous as the trade name or brand.

§ 7.24 Class and type.

(a) The class of the malt beverage shall be stated and, if desired, the type thereof may be stated. Statements of class and type shall conform to the designation of the product as known to the trade. If the product is not known to the trade under a particular designation, a distinctive or fanciful name, together with an adequate and truthful statement of the composition of the product, shall be stated, and such statement shall be deemed to be a statement of class and type for the purposes of this part.

(b) Malt beverages which have been concentrated by the removal of water therefrom and reconstituted by the addition of water and carbon dioxide shall for the purpose of this part be labeled in the same manner as malt beverages which have not been concentrated and reconstituted, except that there shall appear in direct conjunction with, and as a part of, the class designation the statement “PRODUCED FROM—CONCENTRATE” (the blank to be filled in with the appropriate class designation). All parts of the class designation shall appear in lettering of substantially the same size and kind.

(c) No product shall be designated as “half and half” unless it is in fact composed of equal parts of two classes of malt beverages the names of which are conspicuously stated in conjunction with the designation “half and half”.

(d) Products containing less than one-half of 1 percent (0.5%) of alcohol by volume shall bear the class designation “malt beverage,” or “cereal beverage,” or “near beer.” If the designation “near beer” is used, both words must appear in the same size and style of type, in the same color of ink, and on the same background. No product containing less than one-half of 1 percent of alcohol by volume shall bear the class designations “beer,” “lager beer,” “ale,” “porter,” or “stout,” or any other class or type designation commonly applied to malt beverages containing one-half of 1 percent or more of alcohol by volume.

(e) No product other than a malt beverage fermented at comparatively high temperature, possessing the characteristics generally attributed to “ale,” “porter,” or “stout” and produced without the use of coloring or flavoring materials (other than those recognized in standard brewing practices) shall bear any of these class designations.

(f) Geographical names for distinctive types of malt beverages (other than names found under paragraph (g) of this section to have become generic) shall not be applied to malt beverages produced in any place other than the particular region indicated by the name unless (1) in direct conjunction with the name there appears the word “type” or the word “American”, or some other statement indicating the true place of production in lettering substantially as conspicuous as such name, and (2) the malt beverages to which the name is applied conform to the type so designated. The following are examples of distinctive types of beer with geographical names that have not become generic: Dortmunder, Dortmunder, Vienna, Wein, Weiner, Bavarian, Munich, Munchner, Salvator, Kulmbacher, Wurtzburger, Pilsen (Pilsner and Pilsner): Provided, That notwithstanding the foregoing provisions of this section, beer which is produced in the United States may be designated as “Pilsen,” “Pilsner,” or “Pilsner” without further modification, if it conforms to such type.

(g) Only such geographical names for distinctive types of malt beverages as the appropriate ATF officer finds have by usage and common knowledge lost their geographical significance to such an extent that they have become generic shall be deemed to have become generic, e.g., India Pale Ale.

(h) Except as provided in §7.23(b), geographical names that are not names for distinctive types of malt beverages shall not be applied to malt beverages produced in any place other than the particular place or region indicated in the name.

§ 7.25 Name and address.

(a) Domestic malt beverages. (1) On labels of containers of domestic malt beverages there shall be stated the name of the bottler or packer and the place where bottled or packed. The bottler’s or packer’s principal place of business may be shown in lieu of the actual place where bottled or packed if the address shown is a location where bottling or packing operation takes place. The appropriate ATF officer may disapprove the listing of a principal place of business if its use would create a false or misleading impression as to the geographic origin of the beer.

(2) If malt beverages are bottled or packed for a person other than the actual bottler or packer there may be stated in addition to the name and address of the bottler or packer (but not in lieu of), the name and address of such other person immediately preceded by the words “bottled for,” “distributed by,” or other similar appropriate phrase.

(b) Imported malt beverages. On labels of containers of imported malt beverages, there shall be stated the words “imported by,” or a singular appropriate phrase, and immediately thereafter the name of the permittee who is the importer, or exclusive agent, or sole distributor, or other person responsible for the importation, together with the principal place of business in the United States of such person. In addition there may, but need not, be stated unless required by State or foreign law or regulation the name and principal place of business of the foreign manufacturer, bottler, packer, or shipper.

(c) Post-office address. The “place” stated shall be the post-office address, except that the street address may be omitted. No additional places or addresses shall be stated for the same person, unless (1) such person is actively engaged in the conduct of an additional bona fide and actual malt beverage business at such additional place or address, and (2) the label also contains, in direct conjunction therewith, appropriate descriptive material indicating the function occurring at such additional place or address in connection with the particular malt beverage.

§ 7.26 Alcoholic content [suspended as of April 19, 1993; see § 7.71].

(a) The alcoholic content and the percentage and quantity of the original extract shall not be stated unless required by State law. When alcoholic content is required to be stated, but the manner of statement is not specified in the State law, it shall be stated in percentage of alcohol by weight or by volume, and not by proof or by maximums or minimums. Otherwise the manner of statement shall be as specified in the State law.

(b) The terms “low alcohol” or “reduced alcohol” may be used only on malt beverage products containing less than 2.5 percent alcohol by volume.

(c) The term “non-alcoholic” may be used on malt beverage products, provided the statement “contains less than 0.5 percent (or .5%) alcohol by volume” appears in direct conjunction with it, in readily legible printing and on a completely contrasting background.

(d) The term “alcohol-free” may be used only on malt beverage products containing no alcohol.

§ 7.27 Net contents.

(a) Net contents shall be stated as follows:

(1) If less than 1 pint, in fluid ounces, or fractions of a pint.

(2) If 1 pint, 1 quart, or 1 gallon, the net contents shall be so stated.

(3) If more than 1 pint, but less than 1 quart, the net contents shall be stated in fractions of a quart, or in pints and fluid ounces.

(4) If more than 1 quart, but less than 1 gallon, the net contents shall be stated in fractions of a gallon, or in quarts, pints, and fluid ounces.
(5) If more than 1 gallon, the net contents shall be stated in gallons and fractions thereof.
(b) All fractions shall be expressed in their lowest denominations.
(c) The net contents need not be stated on any label if the net contents are displayed by having the same blown, branded, or burned in the container in letters or figures in such manner as to be plainly legible under ordinary circumstances and such statement is not obscured in any manner in whole or in part.

§ 7.28 General requirements.
(a) Contrasting background. All labels shall be so designed that all statements required by this subpart are readily legible under ordinary conditions, and all the statements are on a contrasting background.
(b) Size of type—(1) Containers of more than one-half pint. Except for statements of alcoholic content, all mandatory information required on labels by this part shall be in script, type, or printing not smaller than 2 millimeters. If contained among other descriptive or explanatory information, the script, type, or printing of all mandatory information shall be of a size substantially more conspicuous than that of the descriptive or explanatory information.
(2) Containers of one-half pint or less. Except for statements of alcoholic content, all mandatory information required on labels by this part shall be in script, type, or printing not smaller than 1 millimeter. If contained among other descriptive or explanatory information, the script, type, or printing of all mandatory information shall be of a size substantially more conspicuous than that of the descriptive or explanatory information.
(c) Alcoholic content statement. All portions of the alcoholic content statement shall be of the same size and kind of lettering and of equally conspicuous color. Unless otherwise required by State law, the statement of alcoholic content shall be in script, type, or printing:
(1) Not smaller than 1 millimeter for containers of one-half pint or less, or smaller than 2 millimeters for containers larger than one-half pint; or
(ii) Not larger than 3 millimeters for containers of 40 fl. oz. or less, or larger than 4 millimeters for containers larger than 40 fl. oz.
(d) English language. All information, other than the brand name, required by this subpart to be stated on labels shall be in the English language. Additional statements in foreign languages may be made, if the statements do not conflict with, or are contradictory to, the requirements of this subpart. Labels on containers of malt beverages bottled or packed for consumption within Puerto Rico may, if desired, state the information required by this subpart solely in the Spanish language, in lieu of the English language, except that the net contents shall also be stated in the English language.
(e) Labels firmly affixed. All labels shall be affixed to containers of malt beverages in such manner that they cannot be removed without thorough application of water or other solvents.
(f) Additional information. Labels may contain information other than the mandatory label information required by this subpart if the information complies with the requirements of this subpart and does not conflict with, or in any manner qualify, statements required by this part.

§ 7.29 Prohibited practices.
(a) Statements on labels. Containers of malt beverages, or any labels on such containers, or any carton, case, or individual covering of such containers, used for sale at retail or any written, printed, graphic, or other matter accompanying such containers to the consumer shall not contain:
(1) Any statement that is false or untrue in any particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter, tends to create a misleading impression.

(5) Any statement, design, device, or representation of or relating to any guarantee, irrespective of falsity, which the appropriate ATF officer finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) A trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, or a name that is in simulation or is an abbreviation thereof, or any graphic, pictorial, or emblematic representation of any such individual or organization, if the use of such name or representation is likely falsely to lead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of, such individual or organization: Provided, That this paragraph shall not apply to the use of the name of any person engaged in business as a producer, importer, bottler, packer, wholesaler, retailer, or warehouseman, of malt beverages, nor to the use by any person of a trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, provided such trade or brand name was used by him or his predecessors in interest prior to August 29, 1935.

(b) Simulation of Government stamps. No label shall be of such design as to resemble or simulate a stamp of the United States Government or of any State or foreign government. No label, other than stamps authorized or required by the United States Government or any State or foreign government, shall state or indicate that the malt beverage contained in the labeled container is brewed, made, bottled, packed, labeled, or sold under, or in accordance with, any municipal, State, Federal, or foreign government authorization, law, or regulation, unless such statement is required or specifically authorized by Federal, State, or municipal, law or regulation, or is required or specifically authorized by the laws or regulations of the foreign country in which such malt beverages were produced. If the municipal or State government permit number is stated upon a label, it shall not be accompanied by an additional statement relating thereto, unless required by State law.

(c) Use of word "bonded"; etc. The words "bonded", "bottled in bond", "aged in bond", "bonded under customs supervision", or phrases containing these or synonymous terms which imply governmental supervision over production, bottling, or packing, shall not be used on any label for malt beverages.

(d) Flags, seals, coats of arms, crests, and other insignia. Labels shall not contain, in the brand name or otherwise, any statement, design, device, or pictorial representation which the appropriate ATF officer finds relates to, or is capable of being construed as relating to, the armed forces of the United States, or the American flag, or any emblem, seal, insignia, or decoration associated with such flag or armed forces; nor shall any label contain any statement, design, device, or pictorial representation of or concerning any flag, seal, coat of arms, crest or other insignia, likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or, in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crest, or insignia is associated.

(e) Curative and therapeutic claims. Labels shall not contain any statement, design, representation, pictorial representation, or device representing that the use of malt beverage has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(f) Use of words "strong," "full strength," and similar words. Labels shall not contain the words "strong," "full strength," "extra strength," "high test," "high proof," "pre-war strength," "full oldtime alcoholic
§ 7.41

(c) Relabeling. Imported malt beverages in U.S. Customs custody which are not labeled in conformity with certificates of label approval issued by the appropriate ATF officer must be relabeled, prior to release, under the supervision and direction of the U.S. Customs officers of the port at which the malt beverages are located.

(d) Cross reference. For procedures regarding the issuance, denial, and revocation of certificates of label approval, as well as appeal procedures, see part 13 of this chapter.

Subpart E—Requirements for Approval of Labels of Malt Beverages Domestically Bottled or Packed

§ 7.40 Application.

Sections 7.40 through 7.42 shall apply only to persons bottling or packing malt beverages (other than malt beverages in customs custody) for shipment, or delivery for sale or shipment, into a State, the laws or regulations of which require that all malt beverages sold or otherwise disposed of in such State be labeled in conformity with the requirements of §§ 7.20 through 7.29.

§ 7.41 Certificates of label approval.

Any bottler or packer holding an original or duplicate original of a certificate of label approval shall, upon demand exhibit such certificate to a duly authorized representative of the United States Government or any duly authorized representative of a State or political subdivision thereof.

Subpart F—Advertising of Malt Beverages

§ 7.50 Application.

No person engaged in business as a brewer, wholesaler, or importer, of malt beverages directly or indirectly or through an affiliate, shall publish or disseminate or cause to be published or disseminated by radio or television broadcast, or in any newspaper, periodical, or any publication, by any sign or outdoor advertisement, or in any other printed or graphic matter, any advertisement of malt beverages. (a) Responsible advertiser. The advertisement shall state the name and address of the brewer, bottler, packer, wholesaler, or importer responsible for its publication or broadcast. Street number and name may be omitted in the address.

(b) Class. The advertisement shall contain a conspicuous statement of the
class to which the product belongs, corresponding to the statement of class which is required to appear on the label of the product.

(c) Exception. (1) If an advertisement refers to a general malt beverage line or all of the malt beverage products of one company, whether by the company name or by the brand name common to all the malt beverages in the line, the only mandatory information necessary is the name and address of the responsible advertiser. This exception does not apply where only one type of malt beverage is marketed under the specific brand name advertised.

(2) On consumer specialty items, the only information necessary is the company name or brand name of the product.

§ 7.54 Prohibited statements.

(a) General prohibition. An advertisement of malt beverages shall not contain:

(1) Any statement that is false or untrue in any material particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter, tends to create a misleading impression.

(2) Any statement that is disparaging of a competitor’s products.

(3) Any statement, design, device, or representation which is obscene or indecent.

(4) Any statement, design, device, or representation of or relating to analyses, standards, or tests, irrespective of falsity, which the appropriate ATF officer finds to be likely to mislead the consumer.

(5) Any statement, design, device, or representation of or relating to any guarantee, irrespective of falsity, which the appropriate ATF officer finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) Any statement that the malt beverages are brewed, made, bottled, packed, labeled, or sold under, or in accordance with, any municipal, State, or Federal authorization, law, or regulation; and if a municipal or State permit number is stated, the permit number shall not be accompanied by any additional statement relating thereto.

(7) The words “bonded”, “bottled in bond”, “aged in bond”, “bonded age”, “bottled under customs supervision”, or phrases containing these or synonymous terms which imply governmental supervision over production, bottling, or packing.

(b) Statements inconsistent with labeling. (1) Advertisements shall not contain any statement concerning a brand or lot of malt beverages that is inconsistent with any statement on the labeling thereof.

(2) The words “bonded”, “bottled in bond”, “aged in bond”, “bonded age”, “bottled under customs supervision”, or phrases containing these or synonymous terms which imply governmental supervision over production, bottling, or packing.

(c) Alcoholic content. (1) Advertisements shall not contain the words “strong,” “full strength,” “extra strength,” “high test,” “high proof,” “full alcohol strength,” or any other
§ 7.55

27 CFR Ch. I (4–1–01 Edition)

statement of alcoholic content, or any statement of the percentage and quantity of the original extract, or any numerals, letters, characters, figures, or similar words or statements, likely to be considered as statements of alcoholic content, unless required by State law. This does not preclude use of the terms “low alcohol,” “reduced alcohol,” “non-alcoholic,” and “alcohol-free,” as used on labels, in accordance with §7.71 (d), (e), and (f).

(2) An approved malt beverage label which bears a statement of alcoholic content permitted under §7.71 may be depicted in any advertising media. The statement of alcoholic content on the label may not appear more prominently in the advertisement than it does on the approved label.

(3) An actual malt beverage bottle showing the approved label bearing a statement of alcoholic content permitted under §7.71 may be displayed in any advertising media.

(2) No product other than a malt beverage fermented at comparatively high temperature, possessing the characteristics generally attributed to “ale,” “porter,” or “stout,” and produced without the use of coloring or flavoring materials (other than those recognized in standard brewing practices) shall be designated in any advertisement by any of these class designations.

(e) Curative and therapeutic claims. Advertisements shall not contain any statement, design, representation, pictorial representation, or device representing that the use of malt beverages has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(f) Confusion of brands. Two or more different brands or lots of malt beverages shall not be advertised in one advertisement (or in two or more advertisements in one issue of a periodical or a newspaper or in one piece of other written, printed, or graphic matter) if the advertisement tends to create the impression that representations made as to one brand or lot apply to the other or others, and if as to such latter the representations contravene any provision of §§7.50 through 7.54 or are in any respect untrue.

(g) Flags, seals, coats of arms, crests, and other insignia. No advertisement shall contain any statement, design, device, or pictorial representation of or relating to, or capable of being construed as relating to the armed forces of the United States, or of the American flag, or of any emblem, seal, insignia, or decoration associated with such flag or armed forces; nor shall any advertisement contain any statement, device, design, or pictorial representation of or concerning any flag, seal, coat of arms, crest, or other insignia, likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crest, or insignia is associated.

(h) Deceptive advertising techniques. Subliminal or similar techniques are prohibited. “Subliminal or similar techniques,” as used in this part, refers to any device or technique that is used to convey, or attempts to convey, a message to a person by means of images or sounds of a very brief nature that cannot be perceived at a normal level of awareness.

§ 7.55 Comparative advertising.

(a) General. Comparative advertising shall not be disparaging of a competitor’s product.

(b) Taste tests. (1) Taste test results may be used in advertisements comparing competitors’ products unless they are disparaging, deceptive, or likely to mislead the consumer.

(2) The taste test procedure used shall meet scientifically accepted procedures. An example of a scientifically accepted procedure is outlined in the
Subpart G—General Provisions

§ 7.60 Exports.

This part shall not apply to malt beverages exported in bond.

Subpart H—Interim Regulations for Alcoholic Content Statements

§ 7.71 Alcoholic content.

(a) General. Alcoholic content and the percentage and quantity of the original gravity or extract may be stated on a label unless prohibited by State law. When alcoholic content is stated, and the manner of statement is not required under State law, it shall be stated as prescribed in paragraph (b) of this section.

(b) Form of statement. (1) Statement of alcoholic content shall be expressed in percent alcohol by volume, and not by percent by weight, proof, or by maximums or minimums.

(2) For malt beverages containing 0.5 percent or more alcohol by volume, statements of alcoholic content shall be expressed to the nearest one-tenth of a percent, subject to the tolerance permitted by paragraph (c)(1) and (2) of this section. For malt beverages containing less than 0.5 percent alcohol by volume, alcoholic content may be expressed in one-hundredths of a percent, subject to the tolerance permitted in paragraph (c)(3) of this section.

(3) Alcoholic content shall be expressed in the following fashion: “alcohol—percent by volume.” “alcohol by volume—percent.” “—percent alcohol by volume,” or “—percent alcohol/volume.” The abbreviations “alc” and “vol” may be used in lieu of the words “alcohol” and “volume,” and the symbol “%” may be used in lieu of the word “percent.”

(c) Tolerances. (1) For malt beverages containing 0.5 percent or more alcohol by volume, a tolerance of 0.3 percent will be permitted, either above or below the stated percentage of alcohol. Any malt beverage which is labeled as containing 0.5 percent or more alcohol by volume may not contain less than 0.5 percent alcohol by volume, regardless of any tolerance.

(2) For malt beverages which are labeled as “low alcohol” or “reduced alcohol” under paragraph (d) of this section, the actual alcoholic content may not equal or exceed 2.5 percent alcohol by volume, regardless of any tolerance permitted by paragraph (c)(1) of this section.

(3) For malt beverages containing less than 0.5 percent alcohol by volume, the actual alcoholic content may not exceed the labeled alcoholic content. A malt beverage may not be labeled with an alcoholic content of 0.0 percent alcohol by volume unless it is also labeled as “alcohol free” and contains no alcohol.

(d) Low alcohol and reduced alcohol. The terms “low alcohol” or “reduced alcohol” may be used only on malt beverages containing less than 2.5 percent alcohol by volume.

(e) Non-alcoholic. The term “non-alcoholic” may be used on malt beverages, provided the statement “contains less than 0.5 percent (or .5%) alcohol by volume” appears in direct conjunction with it, in readily legible printing and on a completely contrasting background.

(f) Alcohol free. The term “alcohol free” may be used only on malt beverages containing no alcohol.

The regulations in this part, issued pursuant to section 105 of the Federal Alcohol Administration Act (27 U.S.C. 205), specify arrangements which are exclusive outlets under section 105(a) of the Act and criteria for determining whether a practice is a violation of section 105(a) of the Act. [T.D. ATF–364, 60 FR 20425, Apr. 26, 1995]

§ 8.2 Territorial extent.
This part applies to the several States of the United States, the District of Columbia, and Puerto Rico.

§ 8.3 Application.
(a) General. This part applies only to transactions between industry members and retailers. It does not apply to transactions between two industry members; for example, between a producer and a wholesaler.
(b) Transactions involving State agencies. The regulations in this part apply only to transactions between industry members and State agencies operating as retailers as defined in this part. The regulations do not apply to State agencies with regard to their wholesale dealings with retailers.

§ 8.4 Jurisdictional limits.
(a) General. The regulations in this part apply where:
(1) The industry member requires, by agreement or otherwise, a retailer to purchase distilled spirits, wine, or malt beverages from such industry member to the exclusion in whole or in part of products sold or offered for sale by other persons in interstate or foreign commerce; and
(2) If: (i) The requirement is made in the course of interstate or foreign commerce; or
(ii) The industry member engages in the practice of using a requirement to such an extent as substantially to restrain or prevent transactions in interstate or foreign commerce in any such products; or
(iii) The direct effect of the requirement is to prevent, deter, hinder, or restrict other persons from selling or offering for sale any such products to such retailer in interstate or foreign commerce.
(b) Malt beverages. In the case of malt beverages, this part applies to transactions between a retailer in any State and a brewer, importer, or wholesaler of malt beverages inside or outside such State only to the extent that the law of such State imposes requirements similar to the requirements of section 5(a) of the Federal Alcohol Administration Act (27 U.S.C. 205(a)), with respect to similar transactions between a retailer in such State and a brewer, importer, or wholesaler of malt beverages in such State.

§ 8.5 Delegations of the Director.
Most of the regulatory authorities of the Director contained in this part 8 are delegated to appropriate ATF officers. These ATF officers are specified in ATF Order 1130.7, Delegation Order—Delegation of the Director’s Authorities in 27 CFR parts 6, 8, 10 and 11. ATF delegation orders, such as ATF Order 1130.7, are available to any interested person by mailing a request to the ATF Distribution Center, P.O. Box 5950, Springfield, Virginia 22150–5190, or by accessing the ATF web site (http://www.atf.treas.gov/).

§ 8.6 Administrative provisions.

(a) General. The Act makes applicable the provisions including penalties of sections 49 and 50 of Title 15, United States Code, to the jurisdiction, powers and duties of the Director under this Act, and to any person (whether or not a corporation) subject to the provisions of law administered by the Director under this Act. The Act also provides that the Director is authorized to require, in such manner and such form as he or she shall prescribe, such reports as are necessary to carry out the powers and duties under this chapter.

(b) Examination and subpoena. Any appropriate ATF officer shall at all reasonable times have access to, for the purpose of examination, and the right to copy any documentary evidence of any person, partnership, or corporation being investigated or proceeded against. An appropriate ATF officer shall also have the power to require by subpoena the attendance and testimony of witnesses and the production of all such documentary evidence relating to any matter under investigation, upon a satisfactory showing the requested evidence may reasonably be expected to yield information relevant to any matter being investigated under the Act.

(c) Reports required by the appropriate ATF officer—(1) General. The appropriate ATF officer may, as part of a trade practice investigation of an industry member, require such industry member to submit a written report containing information on sponsorships, advertisements, promotions, and other activities pertaining to its business subject to the Act conducted by, or on behalf of, or benefiting the industry member.

(2) Preparation. The report will be prepared by the industry member in letter form, executed under the penalties of perjury, and will contain the information specified by the appropriate ATF officer. The period covered by the report will not exceed three years.

(3) Filing. The report will be filed in accordance with the instructions of the appropriate ATF officer.

Subpart B—Definitions

§ 8.11 Meaning of terms.

As used in this part, unless the context otherwise requires, terms have the meanings given in this section. Any other term defined in the Federal Alcohol Administration Act and used in this part shall have the meaning assigned to it by that Act.

Appropriate ATF Officer. An officer or employee of the Bureau of Alcohol, Tobacco and Firearms (ATF) authorized to perform any functions relating to the administration or enforcement of this part by ATF Order 1130.7, Delegation Order—Delegation of the Director’s Authorities in 27 CFR parts 6, 8, 10 and 11.

Director. The Director, Bureau of Alcohol, Tobacco and Firearms, the Department of the Treasury, Washington, DC.

Industry member. Any person engaged in business as a distiller, brewer, rectifier, blender, or other producer, or as an importer or wholesaler, of distilled spirits, wine or malt beverages, or as a bottler, or warehouseman and bottler, of distilled spirits; industry member does not include an agency of a State or political subdivision thereof, or an officer or employee of such agency.

Product. Distilled spirits, wine or malt beverages, as defined in the Federal Alcohol Administration Act.

Retailer. Any person engaged in the sale of distilled spirits, wine or malt beverages to consumers. A wholesaler who makes incidental retail sales representing less than five percent of the wholesaler’s total sales volume for the preceding two-month period shall not
§ 8.21 General.

It is unlawful for an industry member to require, by agreement or otherwise, that any retailer purchase distilled spirits, wine, or malt beverages from the industry member to the exclusion, in whole or in part, of products sold or offered for sale by other persons in interstate or foreign commerce. This prohibition includes purchases coerced by industry members, through acts or threats of physical or economic harm, as well as voluntary industry member-retailer purchase agreements.

§ 8.22 Contracts to purchase distilled spirits, wine, or malt beverages.

Any contract or agreement, written or unwritten, which has the effect of requiring the retailer to purchase distilled spirits, wine, or malt beverages from the industry member beyond a single sales transaction is prohibited. Examples of such contracts are:

(a) An advertising contract between an industry member and a retailer with the express or implied requirement of the purchase of the advertiser’s products; or
(b) A sales contract awarded on a competitive bid basis which has the effect of prohibiting the retailer from purchasing from other industry members by:

(1) Requiring that for the period of the agreement, the retailer purchase a product or line of products exclusively from the industry member; or
(2) Requiring that the retailer purchase a specific or minimum quantity during the period of the agreement.

§ 8.23 Third party arrangements.

Industry member requirements, by agreement or otherwise, with non-retailers which result in a retailer being required to purchase the industry member’s products are within the exclusive outlet provisions. These industry member requirements are covered whether the agreement or other arrangement originates with the industry member or the third party. For example, a supplier enters into a contractual agreement or other arrangement with a third party. This agreement or arrangement contains an industry member requirement as described above. The third party, a ballpark, or municipal or private corporation, not acting as a retailer, leases the concession rights and is able to control the purchasing decisions of the retailer. The third party, as a result of the requirement, by agreement or otherwise, with the industry member, requires the retailer to purchase the industry member’s products to the exclusion, in whole or in part, of products sold or offered for sale by other persons in interstate or foreign commerce. The business arrangements entered into by the industry member and the third party may consist of such things as sponsoring radio or television broadcasting, paying for advertising, or providing other services or things of value.

[T.D. ATF–364, 60 FR 20425, Apr. 26, 1995]

Subpart D—Exclusion

§ 8.51 Exclusion, in general.

(a) Exclusion, in whole or in part occurs:

(1) When a practice by an industry member, whether direct, indirect, or through an affiliate, places (or has the potential to place) retailer independence at risk by means of a tie or link between the industry member and retailer or by any other means of industry member control over the retailer, and

(2) Such practice results in the retailer purchasing less than it would have of a competitor’s product.

(b) Section 8.52 lists practices that result in exclusion. Section 8.53 lists practices not resulting in exclusion. Section 8.54 lists the criteria used for determining whether other practices can put retailer independence at risk.
§ 8.52 Practices which result in exclusion.

The practices specified in this section result in exclusion under section 105(a) of the Act. The practices specified here are examples and do not constitute a complete list of such practices:

(a) Purchases of distilled spirits, wine or malt beverages by a retailer as a result, directly or indirectly, of a threat or act of physical or economic harm by the selling industry member.

(b) Contracts between an industry member and a retailer which require the retailer to purchase distilled spirits, wine, or malt beverages from that industry member and expressly restrict the retailer from purchasing, in whole or in part, such products from another industry member.

§ 8.53 Practice not resulting in exclusion.

The practice specified in this section is deemed not to result in exclusion under section 105(a) of the Act: a supply contract for one year or less between the industry member and retailer under which the industry member agrees to sell distilled spirits, wine, or malt beverages to the retailer on an “as needed” basis provided that the retailer is not required to purchase any minimum quantity of such product.

§ 8.54 Criteria for determining retailer independence.

The criteria specified in this section are indications that a particular practice, other than those in §§ 8.52 and 8.53, places retailer independence at risk. A practice need not meet all of the criteria specified in this section in order to place retailer independence at risk.

(a) The practice restricts or hampers the free economic choice of a retailer to decide which products to purchase or the quantity in which to purchase them for sale to consumers.

(b) The industry member obligates the retailer to participate in the promotion to obtain the industry member’s product.

(c) The retailer has a continuing obligation to purchase or otherwise promote the industry member’s product.

(d) The retailer has a commitment not to terminate its relationship with the industry member with respect to purchase of the industry member’s products.

(e) The practice involves the industry member in the day-to-day operations of the retailer. For example, the industry member controls the retailer’s decisions on which brand of products to purchase, the pricing of products, or the manner in which the products will be displayed on the retailer’s premises.

(f) The practice is discriminatory in that it is not offered to all retailers in the local market on the same terms without business reasons present to justify the difference in treatment.

§ 10.11
Meaning of terms.
As used in this part, unless the context otherwise requires, terms have the meanings given in this section. Any other term defined in the Federal Alcohol Administration Act and used in this part shall have the meaning assigned to it by that Act.

Appropriate ATF Officer. An officer or employee of the Bureau of Alcohol, Tobacco and Firearms (ATF) authorized to perform any functions relating to the administration or enforcement of this part by ATF Order 1130.7, Delegation Order—Delegation of the Director’s Authorities in 27 CFR parts 6, 8, 10 and 11.

Director. The Director, Bureau of Alcohol, Tobacco and Firearms, the Department of the Treasury, Washington, DC.

Industry member. Any person engaged in business as a distiller, brewer, rectifier, blender, or other producer, or as an importer or wholesaler of distilled spirits, wine or malt beverages, or as a bottler, or warehouseman and bottler, of distilled spirits; industry member does not include an agency of a State or political subdivision thereof, or an officer or employee of such agency.

Officer. All corporate executives, including presidents, vice presidents, treasurers, and chief executive officers.
§ 10.51 Exclusion, in general.

(a) Exclusion, in whole or in part occurs:

(1) When a practice by an industry member, whether direct, indirect, or through an affiliate, places (or has the potential to place) trade buyer independence at risk by means of a tie or link between the industry member and trade buyer or by any other means of industry member control over the trade buyer, and

(2) Such practice results in the trade buyer purchasing less than it would have of a competitor’s product.

(b) Section 10.52 lists practices that create a tie or link that places trade buyer independence at risk. Section 10.53 is reserved and will list practices not resulting in exclusion. Section 10.54 lists the criteria used for determining whether other practices can put trade buyer independence at risk.
§ 10.52 Practice which puts trade buyer independence at risk.

The practice specified in this section is deemed to place trade buyer independence at risk within the description of exclusion in §10.51: Industry member payments of money to the employee(s) of a trade buyer without the knowledge or consent of the trade buyer-employer in return for the employee agreeing to order distilled spirits, wine, or malt beverages from the industry member. The practice enumerated here is an example and does not constitute a complete list of those situations which result in such control.

§ 10.53 Practices not resulting in exclusion. [Reserved]

§ 10.54 Criteria for determining trade buyer independence.

The criteria specified in this section are indications that a particular practice between an industry member and an officer, employee, or representative of a trade buyer, other than those in §10.52, places trade buyer independence at risk. A practice need not meet all of the criteria specified in this section in order to place trade buyer independence at risk.

(a) The practice restricts or hampers the free economic choice of a trade buyer to decide which products to purchase or the quantity in which to purchase them for sale to retailers and consumers.

(b) The industry member obligates the trade buyer to participate in the promotion to obtain the industry member’s product.

(c) The trade buyer has a continuing obligation to purchase or otherwise promote the industry member’s product.

(d) The trade buyer has a commitment not to terminate its relationship with the industry member with respect to purchase of the industry member’s products.

(e) The practice involves the industry member in the day-to-day operations of the trade buyer. For example, the industry member controls the trade buyer’s decisions on which brand of products to purchase, the pricing of products, or the manner in which the products will be displayed on the trade buyer’s premises.

(f) The practice is discriminatory in that it is not offered to all trade buyers in the local market on the same terms without business reasons present to justify the difference in treatment.

(2) If: (i) The sale, purchase, offer or contract is made in the course of interstate or foreign commerce; or
(ii) The industry member engages in using the practice to such an extent as substantially to restrain or prevent transactions in interstate or foreign commerce in any such products; or
(iii) The direct effect of the sale, purchase, offer or contract is to prevent, deter, hinder, or restrict other persons from selling or offering for sale any such products to such trade buyer in interstate or foreign commerce.

(b) Malt beverages. In the case of malt beverages, this part applies to transactions between a retailer in any State and a brewer, importer, or wholesaler of malt beverages inside or outside such State only to the extent that the law of such State imposes requirements similar to the requirements of section 5(d) of the Federal Alcohol Administration Act (27 U.S.C. 205(d)), with respect to similar transactions between a retailer in such State and a brewer, importer, or wholesaler of malt beverages in such State.

§ 13.21 Application for certificate.

(a) Form of application. An applicant for a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval, must send or deliver signed duplicate copies of ATF Form 5100.31, “Application For And Certification/Exemption Of Label/Bottle Approval” to the Product Compliance Branch, Bureau of Alcohol, Tobacco and Firearms, Washington, DC 20226. If the application complies with applicable laws and regulations, a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval will be issued. If the approval is qualified in any manner, such qualifications will be set forth in the appropriate space on the form.

(b) Time period for action on application. Within 90 days of receipt of an application, the Product Compliance Branch must notify the applicant whether the application has been approved or denied. The Product Compliance Branch may extend this period of time once by an additional 90 days if it finds that unusual circumstances require additional time to consider the issues presented by an application. If the Product Compliance Branch extends the period, it must notify the applicant by letter, along with a brief explanation of the issues presented by the label. If the applicant receives no decision from the Product Compliance Branch within the time periods set forth in this paragraph, the applicant may file an appeal as provided in §13.25 of this part.

The applicant may then submit a new application for approval after making the necessary corrections.

§ 13.25 Appeal of qualification or denial.

(a) Form of appeal. If an applicant for a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval wishes to appeal the qualified approval or denial of an application, the applicant may file a written appeal with the Chief, Product Compliance Branch, within 45 days after the date of the notice of qualification or denial. The appeal should explain why the applicant believes that the label or bottle is in compliance with applicable laws and regulations. If no appeal is filed within 45 days after the date of the notice of qualification or denial, the notice will be the final decision of ATF.

(b) Informal resolution. Applicants may choose to pursue informal resolution of disagreements regarding correction sheets or qualifications by requesting an informal conference with the Specialist or the Chief, Product Compliance Branch. However, formal administrative appeals must comply with the provisions of paragraph (a) of this section.

§ 13.26 Decision after appeal of qualification or denial.

(a) Decision. After considering any written arguments or evidence presented by the applicant, the Chief, Product Compliance Branch, must issue a written decision to the applicant. If the decision is that the qualified approval or denial should stand, a copy of the application, marked “appeal denied,” must be returned to the applicant with an explanation of the decision and the specific laws or regulations relied upon in qualifying or denying the application. If the decision is that the certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle application should be approved without qualification, the applicant should resubmit ATF Form 5100.31 and the certificate will be issued.

(b) Time limits for decision. Within 90 days of receipt of an appeal, the Chief, Product Compliance Branch, must notify the appellant whether the appeal has been granted or denied. If an applicant requests an informal conference as part of an appeal, as authorized in §13.71, the 90-day period will begin 10 days after the date of the conference to allow for consideration of any written arguments, facts or evidence submitted after the conference. The Chief, Product Compliance Branch, may extend this period of time once by an additional 90 days if he or she finds that unusual circumstances require additional time to consider the issues presented by an appeal. If the Chief, Product Compliance Branch, extends the period, he or she must notify the applicant by letter, briefly explaining the issues presented by the label. If the appellant receives no decision from the Chief, Product Compliance Branch, within the time periods set forth in this paragraph, the appellant may appeal as provided in §13.27.

(c) Judicial review. Prior to applying to the Federal courts for review, an applicant must first exhaust his or her administrative remedies, including the appeal rights set forth in this section and §13.27.

§ 13.27 Second appeal of qualification or denial.

(a) Form of appeal. The decision of the Chief, Product Compliance Branch, may be appealed in writing to the Chief, Alcohol and Tobacco Programs Division, within 45 days after the date of the decision of the Chief, Product Compliance Branch. If the decision is that the qualified approval or denial was correct, a copy of the application, marked “appeal denied,” must be returned to the applicant, with an explanation of the decision and the specific laws or regulations relied upon in
qualifying or denying the application. If the decision is that the certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle application should be approved without qualification, the applicant may resubmit ATF Form 5100.31 and the certificate will be issued.

(b) Time limits for decision. Within 90 days of receipt of an appeal, the Chief, Alcohol and Tobacco Programs Division, must notify the appellant whether the appeal has been granted or denied. If an applicant requests an informal conference as part of an appeal, as authorized in §13.71, the 90-day period will begin 10 days after the date of the conference to allow for consideration of any written arguments, facts or evidence submitted after the conference. The Chief, Alcohol and Tobacco Programs Division, may extend this period of time once by an additional 90 days if he or she finds that unusual circumstances require additional time to consider the unique issues presented by an appeal. If the Chief, Alcohol and Tobacco Programs Division, extends the time period, he or she must notify the certificate holder a notice of proposed revocation. The notice must set forth the basis for the proposed revocation and must provide the certificate holder with 45 days from the date of receipt of the notice to present written arguments or evidence why the revocation should not occur.

§13.42 Notice of proposed revocation.
Except as provided in §13.51, when the Chief, Product Compliance Branch, determines that a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval has been issued for a label or bottle that is not in compliance with the laws or regulations, he or she must issue to the certificate holder a notice of proposed revocation. The notice must set forth the basis for the proposed revocation and must provide the certificate holder with 45 days from the date of receipt of the notice to present written arguments or evidence why the revocation should not occur.

§13.43 Decision after notice of proposed revocation.
(a) Decision. After considering any written arguments or evidence presented by the certificate holder, the Chief, Alcohol and Tobacco Programs Division, must issue a decision. If the decision is to revoke the certificate, a letter must be sent to the holder explaining the revocation of the certificate, and the specific laws or regulations relied upon in determining that the label or bottle was not in compliance with law or regulations. If the decision is to withdraw the proposed revocation, a letter of explanation must be sent.

(b) Time limits for decision. Within 90 days of receipt of written arguments or evidence submitted after the conference. The Chief, Alcohol and Tobacco Programs Division, shall be the final decision of ATF.

(c) Judicial review. An appeal to the Chief, Alcohol and Tobacco Programs Division is required prior to application to the Federal courts for review of any denial or qualification of an application.

Subpart D—Revocations of Specific Certificates

§13.41 Authority to revoke certificates.
Certificates of label approval, certificates of exemption from label approval, and distinctive liquor bottle approvals, previously approved on ATF Form 5100.31, may be revoked by the Chief, Alcohol and Tobacco Programs Division, upon a finding that the label or bottle at issue is not in compliance with the applicable laws or regulations.
§ 13.44 Appeal of revocation.

(a) Filing of appeal. A certificate holder who wishes to appeal the decision of the Chief, Alcohol and Tobacco Programs Division, to revoke a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval, may file a written appeal with the Assistant Director, Alcohol and Tobacco, setting forth why the holder believes that the decision of the Chief, Alcohol and Tobacco Programs Division, was erroneous. The appeal must be filed with the Assistant Director, Alcohol and Tobacco within 45 days after the date of receipt of the decision of the Chief, Alcohol and Tobacco Programs Division.

(b) Judicial review. An appeal to the Assistant Director, Alcohol and Tobacco, is required prior to application to the Federal courts for review of any revocation of a certificate.

§ 13.45 Final decision after appeal.

(a) Issuance of decision. After considering any written arguments or evidence presented by the certificate holder or the holder’s representative, the Assistant Director, Alcohol and Tobacco, must issue a final decision. If the decision is to revoke the certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval, a letter must be issued explaining the basis for the revocation, and the specific laws or regulations relied upon in determining that the label or bottle was not in compliance with law or regulations. If the decision is to withdraw the proposed revocation, a letter explaining the decision must be sent.

(b) Time limits for decision. Within 90 days of receipt of an appeal, the Assistant Director, Alcohol and Tobacco, must notify the holder whether the appeal has been granted or denied. If a certificate holder requests an informal conference as part of an appeal, as authorized in §13.71, the 90-day period will begin 10 days after the date of the conference to allow for consideration of any written arguments, facts or evidence submitted after the conference. The Assistant Director, Alcohol and Tobacco, may extend this period of time once by an additional 90 days if he or she finds that unusual circumstances require additional time to consider the issues presented by an appeal. If the Assistant Director, Alcohol and Tobacco, extends the period, he or she must notify the holder by letter, briefly explaining the issues presented by the label. The decision of the Assistant Director, Alcohol and Tobacco, will be the final decision of the Bureau.

Subpart E—Revocation by Operation of Law or Regulation

§ 13.51 Revocation by operation of law or regulation.

ATF will not individually notify all holders of certificates of label approval, certificates of exemption from label approval, or distinctive liquor bottle approvals, that their approvals have been revoked if the revocation occurs by operation of law or regulation. If changes in labeling or other requirements are made as a result of amendments or revisions to the law or regulations, the certificate holder must voluntarily surrender all certificates that are no longer in compliance. The holder must submit applications for new certificates in compliance with the new requirements, unless ATF determines that new applications are not necessary. It is the responsibility of the certificate holder to ensure that labels are in compliance with their requirements of the new regulations or law.

§ 13.52 Notice of revocation.

If ATF determines that a certificate holder is still using a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval that is no longer in compliance due to amendments or revisions in the law or regulations, the Chief, Product Compliance Branch, will notify the certificate holder in writing that the subject certificate has been revoked by operation of law or regulations, with a brief description of the grounds for such revocation.
§ 13.53 Appeal of notice of revocation.

Within 45 days after the date of receipt of a notice of revocation by operation of law or regulations, the certificate holder may file a written appeal with the Chief, Alcohol and Tobacco Programs Division. The appeal should set forth the reasons why the certificate holder believes that the regulation or law at issue does not require the revocation of the certificate.

§ 13.54 Decision after appeal.

(a) Issuance of decision. After considering all written arguments and evidence submitted by the certificate holder, the Chief, Alcohol and Tobacco Programs Division, must issue a final decision regarding the revocation by operation of law or regulation of the certificate. If the decision is that the law or regulation at issue requires the revocation of the certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval, a letter must be issued explaining the basis for the revocation, and citing the specific laws or regulations which required the revocation of the certificate. If the decision is that the law or regulation at issue does not require the revocation of such certificate, a letter explaining the decision must be sent to the certificate holder. The decision of the Chief, Alcohol and Tobacco Programs Division, will be the final decision of ATF.

(b) Time limits for decision. Within 90 days of receipt of an appeal, the Chief, Alcohol and Tobacco Programs Division, must notify the holder whether the appeal has been granted or denied. If a certificate holder requests an informal conference as part of an appeal, as authorized in §13.71, the 90-day period will begin 10 days after the date of the conference to allow for consideration of any written arguments, facts or evidence submitted after the conference. The Chief, Alcohol and Tobacco Programs Division, may extend this period of time once by an additional 90 days if he or she finds that unusual circumstances require additional time to consider the issues presented by the label. The decision of the Chief, Alcohol and Tobacco Programs Division, will be the final decision of ATF.

(b) Informal conference procedures. The deciding official, or such official’s delegate, and the applicant or certificate holder will agree upon a date for an informal conference. The informal conference is for purposes of discussion only, and no transcript shall be made. If the applicant or certificate holder wishes to rely upon arguments, facts, or evidence presented at the informal conference, he or she has 10 days after the date of the conference to incorporate such arguments, facts, or evidence in a written submission to the deciding official.

§ 13.72 Effective dates of revocations.

(a) Effective dates—(1) Revocation of specific certificates. A written decision to revoke a certificate becomes effective 60 days after the date of the decision.

(2) Revocation by operation of law or regulation. If a certificate is revoked by operation of law or regulation, the revocation becomes effective on the effective date of the change in law or regulation with which the certificate does not comply, or if a separate label compliance date is given, on that date.

(b) Use of certificate during period of appeal. If a certificate holder files a timely appeal after receipt of a decision to revoke a certificate from the Chief, Alcohol and Tobacco Programs Division, pursuant to §13.45, the holder may continue to use the certificate at issue until the effective date of a final decision issued by the Assistant Director, Alcohol and Tobacco. However, the effective date of a notice of revocation by operation of law or regulations, issued pursuant to §13.52, is not stayed pending the appeal.

§ 13.73 Effect of revocation.

On and after the effective date of a revocation of a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval, the label or distinctive liquor bottle in question may not be used to bottle or pack distilled spirits, wine or malt beverages, to remove such products from the place where they were bottled or packed, or to remove such products from customs custody for consumption.

§ 13.74 Surrender of certificates.

On the effective date of a final decision that has been issued by the Chief, Alcohol and Tobacco Programs Division, or the Assistant Director, Alcohol and Tobacco, to revoke a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval, the certificate holder must surrender the original of the certificate to ATF for manual cancellation. Regardless of whether the original certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval has been manually canceled or not, the certificate is null and void after the effective date of the revocation. It is a violation of this section for
any certificate holder to present a certificate of label approval, certificate of exemption from label approval, or distinctive liquor bottle approval to an official of the United States Government as a valid certificate after the effective date of the revocation of the certificate if the certificate holder has been previously notified that such certificate has been revoked by ATF.

§ 13.75 Evidence of receipt by ATF.
If there is a time limit on ATF action that runs from ATF's receipt of a document, the date of receipt may be established by a certified mail receipt or equivalent written acknowledgment secured by a commercial delivery service or by a written acknowledgment of personal delivery. In the absence of proof of receipt, the date the document is logged in by ATF will be considered the date of receipt.

§ 13.76 Service on applicant or certificate holder.
(a) Method of service. ATF must serve notices of denial on an applicant by first class mail, or by personal delivery. ATF must serve notices of proposed revocation and notices of revocation on a certificate holder by certified mail, return receipt requested, by a commercial delivery service that will provide an equivalent written acknowledgment from the recipient, or by personal delivery.
(b) Date of receipt. If there is a time limit on a certificate holder's action that runs from the holder's receipt of a document, the date of receipt may be established by a certified mail receipt, an equivalent written acknowledgment secured by a commercial delivery service, or by a written acknowledgment of personal delivery.
(c) Person to be served. When service is by mail or other commercial delivery service, a copy of the document must be sent to the applicant or certificate holder at the address stated in the application or at the last known address. If authorized by the applicant or certificate holder, the copy of the document may be mailed to a designated representative. If service is by personal delivery, a copy of the document must be delivered to the certificate holder or to a designated representative. In the case of a corporation, partnership, or association, personal delivery may be made to an officer, manager, or general agent thereof, or to the attorney of record.

§ 13.81 Representation before ATF.
An applicant or certificate holder may be represented by an attorney, certified public accountant, or other person recognized to practice before ATF as provided in 31 CFR part 8 (Practice Before the Bureau of Alcohol, Tobacco and Firearms). The applicable requirements of 26 CFR 601.521 through 601.527 (conference and practice requirements for alcohol, tobacco, and firearms activities) shall apply.

§ 13.91 Computation of time.
In computing any period of time prescribed or allowed by this part, the day of the act, event or default after which the designated period of time is to run, is not counted. The last day of the period to be computed is counted, unless it is a Saturday, Sunday, or legal holiday, in which case the period runs until the next day that is not a Saturday, Sunday, or legal holiday. Papers or documents that are required or permitted to be filed under this part must be received at the appropriate office within the filing time limits, if any.

Subpart B—Definitions

§ 17.11 Meaning of terms.

As used in this part, unless the context otherwise requires, terms have the meanings given in this section. Words in the plural form include the singular, and vice versa, and words indicating the masculine gender include the feminine. The terms “includes” and “including” do not exclude things not listed which are in the same general class.

Appropriate ATF Officer. An officer or employee of the Bureau of Alcohol, Tobacco and Firearms (ATF) authorized to perform any functions relating to the administration or enforcement of this part by ATF Order 1130.13, Delegation Order—Delegation of the Director’s Authorities in 27 CFR Parts 17 and 18.

Approved, or approved for drawback. When used with reference to products and their formulas, this term means that drawback may be claimed on eligible spirits used in such products in accordance with this part.

CFR. The Code of Federal Regulations.

Director. The Director, Bureau of Alcohol, Tobacco and Firearms, the Department of Treasury, Washington, DC 20226.

Distilled spirits, or spirits. That substance known as ethyl alcohol, ethanol, spirits, or spirits of wine in any
form (including all dilutions and mixtures thereof, from whatever source or by whatever process produced).

**Effective tax rate.** The net tax rate, after reduction for any credit allowable under 26 U.S.C. 5001 for wine and flavor content, at which the tax imposed on distilled spirits by 26 U.S.C. 5001 or 7652 is paid or determined. For distilled spirits with no wine or flavors content, the effective tax rate equals the rate of tax imposed by 26 U.S.C. 5001 or 7652.

**Eligible, or eligible for drawback.** When used with reference to spirits, this term designates taxpaid spirits which have not yet been used in nonbeverage products.

**Filed.** Subject to the provisions of §§70.305 and 70.306 of this chapter, a claim for drawback or other document or payment submitted under this part is generally considered to have been "filed" when it is received by the office of the proper Government official; but if an item is mailed timely with postage prepaid, then the United States postmark date is treated as the date of filing.

**Food products.** Includes food adjuncts, such as preservatives, emulsifying agents, and food colorings, which are manufactured and used, or sold for use, in food.

**Intermediate products.** Products to which all three of the following conditions apply: they are made with taxpaid distilled spirits, they have been disapproved for drawback, and they are made by the manufacturer exclusively for its own use in the manufacture of nonbeverage products approved for drawback. However, ingredients treated as unfinished nonbeverage products under §17.127 are not considered to be intermediate products.

**Medicines.** Includes laboratory stains and reagents for use in medical diagnostic procedures.

**Special tax.** The special (occupational) tax on manufacturers of nonbeverage products, imposed by 26 U.S.C. 5131.

**Subject to drawback.** This term is used with reference to spirits. Eligible spirits become “subject to drawback” when they are used in the manufacture of a nonbeverage product. When spirits have become “subject to drawback,” they may be included in the manufacturer’s claim for drawback of tax covering the period in which they were first used.

**Tax year.** The period from July 1 of one calendar year through June 30 of the following year.

**Taxpaid.** When used with respect to distilled spirits, this term shall mean that all taxes imposed on such spirits by 26 U.S.C. 5001 or 7652 have been determined or paid as provided by law.

**This chapter.** Chapter I of title 27 of the Code of Federal Regulations.

### § 17.21 Payment of special tax.

Each person who uses taxpaid distilled spirits in the manufacture or production of nonbeverage products shall pay special tax as specified in §17.22 in order to be eligible to receive drawback on the spirits so used. Special tax shall be paid for each tax year during which spirits were used in the manufacture of a product covered by a drawback claim. If a claim is filed covering taxpaid distilled spirits used during the preceding tax year, and special tax has not been paid for the preceding
tax year, then special tax for the preceding tax year shall be paid. Regardless of the portion of a tax year covered by a claim, the full annual special tax shall be paid. The manufacturer is not required to pay the special tax if drawback is not claimed.

§ 17.22 Rate of special tax.

Effective January 1, 1988, the rate of special tax is $500 per tax year for all persons claiming drawback on distilled spirits used in the manufacture or production of nonbeverage products.

§ 17.23 Special tax for each place of business.

A separate special tax shall be paid for each place where distilled spirits are used in the manufacture or production of nonbeverage products, except for any such place in a tax year for which no claim is filed, or no drawback is paid, on spirits used at that place.

§ 17.24 Time for payment of special tax.

Special tax may be paid in advance of actual use of distilled spirits. Special tax shall be paid before a claimant may receive drawback. Special tax may be paid without penalty under 26 U.S.C. 5134(c) at any time prior to completion of final action on the claim.

SPECIAL TAX RETURNS

§ 17.31 Filing of return and payment of special tax.

Special tax shall be paid by return. The prescribed return is ATF Form 5630.5, Special Tax Registration and Return. Special tax returns, with payment of tax, shall be filed with ATF in accordance with instructions on the form.

(a) General. All of the information called for on Form 5630.5 shall be provided, including:

(1) The true name of the taxpayer.
(2) The trade name(s) (if any) of the business(es) subject to special tax.
(3) The employer identification number (see §§ 17.41–43).
(4) The exact location of the place of business, by name and number of building or street, or if these do not exist, by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown shall be the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer).
(5) The class of special tax to which the taxpayer is subject.
(6) Ownership and control information: The name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. ‘‘Owner of the business’’ shall include every partner if the taxpayer is a partnership, and every person owning 10% or more of its stock if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF, and if the information previously provided is still current.

(b) Multiple locations. A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

(1) File one special tax return, ATF Form 5630.5, with payment of tax, to cover all such locations and classes of tax; and
(2) Prepare, in duplicate, a list identified with the taxpayer’s name, address (as shown on the Form 5630.5), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer) for the period specified in §17.170.

(26 U.S.C. 6011, 7011)

§ 17.33 Signature on returns, ATF Form 5630.5.

The return of an individual proprietor shall be signed by the proprietor; the return of a partnership shall be
signed by a general partner; and the return of a corporation shall be signed by a corporate officer. All signatures must be original; photocopies are not acceptable. In each case, the person signing the return shall designate his or her capacity, as “individual owner,” “member of partnership,” or, in the case of a corporation, the title of the officer. Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

§ 17.34 Verification of returns.
ATF Forms 5630.5 shall contain or be verified by a written declaration that the return is made under the penalties of perjury.

EMPLOYER IDENTIFICATION NUMBER

§ 17.41 Requirement for employer identification number.
The employer identification number (defined in 26 CFR 301.7701–12) of the taxpayer who has been assigned such a number shall be shown on each special tax return (ATF Form 5630.5), including amended returns filed under this subpart. Failure of the taxpayer to include the employer identification number on Form 5630.5 may result in assertion and collection of the penalty specified in §70.113 of this chapter.

(68A Stat. 749 (26 U.S.C. 6065))

§ 17.42 Application for employer identification number.
(a) An employer identification number is assigned pursuant to application on IRS Form SS–4, Application for Employer Identification Number, filed by the taxpayer. Form SS–4 may be obtained from any office of the Internal Revenue Service.

(b) Each taxpayer who files a return on ATF Form 5630.5 shall make application on IRS Form SS–4 for an employer identification number, unless he or she has already been assigned such a number or made application for one. The application on Form SS–4 shall be filed on or before the seventh day after the date on which the first return on Form 5630.5 is filed.

(c) Each taxpayer shall make application for and shall be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file Form 5630.5.

(68A Stat. 749 (26 U.S.C. 6065))

Subpart D—Special Tax Stamps

§ 17.51 Issuance of stamps.
Each manufacturer of nonbeverage products, upon filing a properly executed return on ATF Form 5630.5, together with the proper tax payment in the full amount due, shall be issued a special tax stamp designated “Manufacturer of Nonbeverage Products.” This special tax stamp shall not be sold or otherwise transferred to another person (except as provided in §§17.71 and 17.72). If the Form 5630.5 submitted with the tax payment covers multiple locations, the taxpayer shall be issued one appropriately designated stamp for each location listed in the attachment to Form 5630.5 required by §17.32(b)(2), but showing, as to name and address, only the name of the taxpayer and the address of the taxpayer’s principal place of business (or principal office in the case of a corporate taxpayer).

§ 17.52 Distribution of stamps for multiple locations.
On receipt of the special tax stamps, the taxpayer shall verify that a stamp has been obtained for each location listed on the retained copy of the attachment to ATF Form 5630.5 required by §17.32(b)(2). The taxpayer shall designate one stamp for each location and shall type on it the trade name (if different from the name in which the stamp was issued) and address of the
business conducted at the location for which the stamp is designated. The taxpayer shall then forward each stamp to the place of business designated on the stamp.

§ 17.53 Correction of errors on stamps.

(a) Single location. On receipt of a special tax stamp, the taxpayer shall examine it to ensure that the name and address are correctly stated. If an error has been made, the taxpayer shall return the stamp to ATF at the address shown thereon, with a statement showing the nature of the error and setting forth the proper name or address. On receipt of the stamp and statement, the data shall be compared with that on ATF Form 5630.5, and if an error on the part of ATF has been made, the stamp shall be corrected and returned to the taxpayer. If the Form 5630.5 agrees with the data on the stamp, the taxpayer shall be required to file a new Form 5630.5, designated “Amended Return,” disclosing the proper name and address.

(b) Multiple locations. If an error is discovered on a special tax stamp obtained under the provisions of §17.32(b), relating to multiple locations, and if the error concerns any of the information contained in the attachment to Form 5630.5, the taxpayer shall return the stamp, with a statement showing the nature of the error and the correct data, to his or her principal office. The data on the stamp shall then be compared with the taxpayer’s copy of the attachment to Form 5630.5, retained at the principal office. If the error is in the name and address and was made by the taxpayer, the taxpayer shall correct the stamp and return it to the designated place of business. If the error was made in the attachment to Form 5630.5, the taxpayer shall file with ATF an amended Form 5630.5 and an amended attachment with a statement showing the error.

§ 17.54 Lost or destroyed stamps.

If a special tax stamp is lost or accidentally destroyed, the taxpayer shall immediately notify the appropriate ATF officer. On receipt of this notification, the appropriate ATF officer shall issue to the taxpayer a “Certificate in Lieu of Lost or Destroyed Special Tax Stamp.” The taxpayer shall keep the certificate available for inspection in the same manner as prescribed for a special tax stamp in §17.55.

§ 17.55 Retention of special tax stamps.

Taxpayers shall keep their special tax stamps at the place of business covered thereby for the period specified in §17.170, and shall make them available for inspection by any appropriate ATF officer during business hours.

CHANGE IN LOCATION

§ 17.61 General.

A manufacturer who, during a tax year for which special tax has been paid, moves its place of manufacture to a place other than that specified on the related special tax stamp, shall register the change with ATF within 90 days after the move to the new premises, by executing a new return on ATF Form 5630.5, designated as “Amended Return.” This Amended Return shall set forth the time of the move and the address of the new location. The taxpayer shall also submit the special tax stamp to ATF, for endorsement of the change in location.

§ 17.62 Failure to register.

A manufacturer who fails to register a change of location with ATF, as required by §17.61, shall pay a new special tax for the new location if a claim for drawback is filed on distilled spirits used at the new location during the tax year for which the original special tax was paid.

§ 17.63 Certificates in lieu of lost stamps.

The provisions of §§17.61 and 17.62 apply to certificates issued in lieu of lost or destroyed special tax stamps.

CHANGE IN CONTROL

§ 17.71 General.

Certain persons, other than the person who paid the special tax, may qualify for succession to the same privileges granted by law to the taxpayer,

257
§ 17.72 to cover the remainder of the tax year for which the special tax was paid. Those who may qualify are specified in §17.72. To secure these privileges, the successor or successors shall file with ATF, within 90 days after the date on which the successor or successors assume control, a return on ATF Form 5630.5, showing the basis of the succession.

§ 17.72 Right of succession.
Under the conditions set out in §17.71, persons listed below have the right of succession:
(a) The surviving spouse or child, or executor, administrator, or other legal representative of a taxpayer.
(b) A husband or wife succeeding to the business of his or her living spouse.
(c) A receiver or trustee in bankruptcy, or an assignee for the benefit of creditors.
(d) The members of a partnership remaining after the death or withdrawal of a general partner.

§ 17.73 Failure to register.
A person eligible for succession to the privileges of a taxpayer, in accordance with §§17.71 and 17.72, who fails to register the succession with ATF, as required by §17.71, shall pay a new special tax if a claim for drawback is filed on distilled spirits used by the successor during the tax year for which the original special tax was paid.

§ 17.74 Certificates in lieu of lost stamps.
The provisions of §§17.71–73 apply to certificates issued in lieu of lost or destroyed special tax stamps.

§ 17.75 Formation of partnership or corporation.
If one or more persons who have paid special tax form a partnership or corporation, as a separate legal entity, to take over the business of manufacturing nonbeverage products, the new firm or corporation shall pay a new special tax in order to be eligible to receive drawback.

§ 17.76 Addition or withdrawal of partners.
(a) General partners. When a business formed as a partnership, subject to special tax, admits one or more new general partners, the new partnership shall pay a new special tax in order to be eligible to receive drawback. Withdrawal of general partners is covered by §17.72(d).

(b) Limited partners. Changes in the membership of a limited partnership requiring amendment of the certificate but not dissolution of the partnership are not changes that incur liability to additional special tax.

§ 17.77 Reincorporation.
When a new corporation is formed to take over and conduct the business of one or more corporations that have paid special tax, the new corporation shall pay special tax and obtain a stamp in its own name.

CHANGE IN NAME OR STYLE
§ 17.81 General.
A person who paid special tax is not required to pay a new special tax by reason of a mere change in the trade name or style under which the business is conducted, nor by reason of a change in management which involves no change in the proprietorship of the business.

§ 17.82 Change in capital stock.
A new special tax is not required by reason of a change of name or increase in the capital stock of a corporation, if the laws of the State of incorporation provide for such changes without creating a new corporation.

§ 17.83 Sale of stock.
A new special tax is not required by reason of the sale or transfer of all or a controlling interest in the capital stock of a corporation.

REFUND OF SPECIAL TAX
§ 17.91 Absence of liability, refund of special tax.
The special tax paid may be refunded if it is established that the taxpayer did not file a claim for drawback for the period covered by the special tax stamp. If a claim for drawback is filed, the special tax may be refunded if no drawback is paid or allowed for the period covered by the stamp.
§ 17.92 Filing of refund claim.
Claim for refund of special tax must be filed on ATF Form 2635 (5620.8), Claim—Alcohol, Tobacco and Firearms Taxes. The claim must set forth in detail sufficient reasons and supporting facts of the exact basis of the claim. The special tax stamp shall be attached to the claim.
(68A Stat. 791 (26 U.S.C. 6402))

§ 17.93 Time limit for filing refund claim.
A claim for refund of special tax shall not be allowed unless filed within three years after the payment of the tax.
(68A Stat. 808 (26 U.S.C. 6511))

Subpart E—Bonds and Consents of Sureties

§ 17.101 General.
A bond shall be filed by each person claiming drawback on a monthly basis. Persons who claim drawback on a quarterly basis are not required to file bonds. Bonds shall be prepared and executed on ATF Form 5154.3, Bond for Drawback Under 26 U.S.C. 5131, in accordance with the provisions of this part and the instructions printed on the form. The bond requirement of this part shall be satisfied either by bonds obtained from authorized surety companies or by deposit of collateral security. Appropriate ATF officers are authorized to approve all bonds and consents of surety required by this part.

§ 17.102 Amount of bond.
The bond shall be a continuing one, in an amount sufficient to cover the total drawback to be claimed on spirits used during any quarter. However, the amount of any bond shall not exceed $200,000 nor be less than $1,000.

§ 17.103 Bonds obtained from surety companies.
(a) The bond may be obtained from any surety company authorized by the Secretary of the Treasury to be a surety on Federal bonds. Surety companies so authorized are listed in the current revision of Department of the Treasury Circular 570 (Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies), and subject to such amendatory circulars as may be issued from time to time. Bonds obtained from surety companies are also governed by the provisions of 31 U.S.C. 9304, and 31 CFR part 223.
(b) A bond executed by two or more surety companies shall be the joint and several liability of the principal and the sureties; however, each surety company may limit its liability, in terms upon the face of the bond, to a definite, specified amount. This amount shall not exceed the limitations prescribed for each surety company by the Secretary, as stated in Department of the Treasury Circular 570. If the sureties limit their liability in this way, the total of the limited liabilities shall equal the required amount of the bond.
(c) Department of the Treasury Circular No. 570 is published in the Federal Register annually on the first workday in July. As they occur, interim revisions of the circular are published in the Federal Register. Copies of the circular may be obtained from: Surety Bond Branch, Financial Management Service, Department of the Treasury, Washington, DC 20227.

§ 17.104 Deposit of collateral.
Except as otherwise provided by law or regulations, bonds or notes of the United States, or other obligations which are unconditionally guaranteed as to both interest and principal by the United States, may be pledged and deposited by principals as collateral security in lieu of bonds obtained from surety companies. Deposit of collateral security is governed by the provisions of 31 U.S.C. 9303, and 31 CFR part 225.

§ 17.105 Filing of powers of attorney.
(a) Surety companies. The surety company shall prepare and submit with each bond, and with each consent to changes in the terms of a bond, a power
§ 17.106 Consents of surety.

The principal and surety shall execute on ATF Form 1533 (5000.18), Consent of Surety, any consents of surety to changes in the terms of bonds. Form 1533 (5000.18) shall be executed with the same formality and proof of authority as is required for the execution of bonds.

§ 17.107 Strengthening bonds.

Whenever the amount of a bond on file and in effect becomes insufficient, the principal may give a strengthening bond in a sufficient amount, provided the surety is the same as on the bond already on file and in effect; otherwise a superseding bond covering the entire liability shall be filed. Strengthening bonds, filed to increase the bond liability of the surety, shall not be construed in any sense to be substitute bonds, and the appropriate ATF officer shall not approve a strengthening bond containing any notation which may be interpreted as a release of any former bond or as limiting the amount of either bond to less than its full amount.

§ 17.108 Superseding bonds.

(a) The principal on any bond filed pursuant to this part may at any time replace it with a superseding bond.

(b) Executors, administrators, assignees, receivers, trustees, or other persons acting in a fiduciary capacity continuing or liquidating the business of the principal, shall execute and file a superseding bond or obtain the consent of the surety or sureties on the existing bond or bonds.

(c) When, in the opinion of the appropriate ATF officer, the interests of the Government demand it, or in any case where the security of the bond becomes impaired in whole or in part for any reason whatever, the principal shall file a superseding bond. A superseding bond shall be filed immediately in case of the insolvency of the surety. If a bond is found to be not acceptable or for any reason becomes invalid or of no effect, the principal shall immediately file a satisfactory superseding bond.

(d) A bond filed under this section to supersede an existing bond shall be marked by the obligors at the time of execution, “Superseding Bond.” When such a bond is approved, the superseded bond shall be released as to transactions occurring wholly subsequent to the effective date of the superseding bond, and notice of termination of the superseded bond shall be issued, as provided in §17.111.

TERMINATION OF BONDS

§ 17.111 General.

(a) Bonds on ATF Form 5154.3 shall be terminated by the appropriate ATF officer, as to liability on drawback allowed after a specified future date, in the following circumstances:

(1) Pursuant to a notice by the surety as provided in §17.112.

(2) Following approval of a superseding bond, as provided in §17.108.

(3) Following notification by the principal of an intent to discontinue the filing of claims on a monthly basis.

(b) However, the bond shall not be terminated until all outstanding liability under it has been discharged. Upon termination, the appropriate ATF officer shall mark the bond “canceled,” followed by the date of cancellation, and shall issue a notice of termination of bond. A copy of this notice shall be given to the principal and to each surety.

§ 17.112 Notice by surety of termination of bond.

A surety on any bond required by this part may at any time, in writing, notify the principal and the appropriate ATF officer in whose office the
bond is on file that the surety desires, after a date named, to be relieved of liability under the bond. Unless the notice is withdrawn, in writing, before the date named in it, the notice shall take effect on that date. The date shall not be less than 60 days after the date on which both the notice and proof of service on the principal have been received by the appropriate ATF officer. The surety shall deliver one copy of the notice to the principal and the original to the appropriate ATF officer. The surety shall also file with the appropriate ATF officer an acknowledgment or other proof of service on the principal.

§17.113 Extent of release of surety from liability under bond.

The rights of the principal as supported by the bond shall cease as of the date when termination of the bond takes effect, and the surety shall be relieved from liability for drawback allowed on and after that date. Liability for drawback previously allowed shall continue until the claims for such drawback have been properly verified by the appropriate ATF officer according to law and this part.

§17.114 Release of collateral.

The release of collateral security pledged and deposited to satisfy the bond requirement of this part is governed by the provisions of 31 CFR part 225. When the appropriate ATF officer determines that there is no outstanding liability under the bond, and is satisfied that the interests of the Government will not be jeopardized, the security shall be released and returned to the principal.

Subpart F—Formulas and Samples

§17.121 Product formulas.

(a) General. Except as provided in §§17.132 and 17.182, manufacturers shall file quantitative formulas for all preparations for which they intend to file drawback claims. Such formulas shall state the quantity of each ingredient, and shall separately state the quantity of spirits to be recovered or to be consumed as an essential part of the manufacturing process.

(b) Filing. Formulas shall be filed on ATF Form 5154.1, Formula and Process for Nonbeverage Products. Filing shall be accomplished no later than 6 months after the end of the quarter in which taxpaid distilled spirits were first used to manufacture the product for purposes of drawback. If a product’s formula is disapproved, no drawback shall be allowed on spirits used to manufacture that product, unless it is later used as an intermediate product, as provided in §17.137.

(c) Numbering. The formulas shall be serially numbered by the manufacturer, commencing with number 1 and continuing thereafter in numerical sequence. However, a new formula for use at several plants shall be given the highest number next in sequence at any of those plants. The numbers that were skipped at the other plants shall not be used subsequently.

(d) Distribution and retention of approved formulas. One copy of each approved Form 5154.1 shall be returned to the manufacturer. The formulas returned to manufacturers shall be kept in serial order at the place of manufacture, as provided in §17.170, and shall be made available to appropriate ATF officers for examination in the investigation of drawback claims.

§17.122 Amended or revised formulas.

Except as provided in this section, amended or revised formulas are considered to be new formulas and shall be numbered accordingly. Minor changes may be made to a current formula on ATF Form 5154.1 with retention of the original formula number, if approval is obtained from the appropriate ATF officer. In order to obtain approval to make a minor formula change, the person holding the Form 5154.1 shall submit a letter of application to the appropriate ATF officer. In order to obtain approval to make a minor formula change, the person holding the Form 5154.1 shall submit a letter of application to the appropriate ATF officer. In order to obtain approval to make a minor formula change, the person holding the Form 5154.1 shall submit a letter of application to the appropriate ATF officer. In order to obtain approval to make a minor formula change, the person holding the Form 5154.1 shall submit a letter of application to the appropriate ATF officer.
§ 17.123 Statement of process.

Any person claiming drawback under the regulations in this part may be required, at any time, to file a statement of process, in addition to that required by ATF Form 5154.1, as well as any other data necessary for consideration of the claim for drawback. When pertinent to consideration of the claim, submission of copies of the commercial labels used on the finished products may also be required.

§ 17.124 Samples.

Any person claiming drawback or submitting a formula for approval under the regulations in this part may be required, at any time, to submit a sample of each nonbeverage or intermediate product for analysis. If the product is manufactured with a mixture of oil or other ingredients, the composition of which is unknown to the claimant, a 1-ounce sample of the mixture shall be submitted with the sample of finished product when so required.

§ 17.125 Adoption of formulas and processes.

(a) Adoption of predecessor’s formulas. If there is a change in the proprietorship of a nonbeverage plant and the successor desires to use the predecessor’s formulas at the same location, the successor may, in lieu of submitting new formulas in its own name, adopt any or all of the formulas of the predecessor by filing a notice of adoption with the appropriate ATF officer. The notice shall be filed with the first claim relating to any of the adopted formulas. The notice shall list, by name and serial number, all formulas to be adopted, and shall state that the products will be manufactured in accordance with the adopted formulas and processes. The notice shall be accompanied by a certified copy of the articles of incorporation or other document(s) necessary to prove the transfer of ownership. The manufacturer shall retain a copy of the notice with the related formulas.

(b) Adoption of manufacturer’s own formulas from a different location. A manufacturer’s own formulas may be adopted for use at another of the manufacturer’s plants. Further, a wholly owned subsidiary may adopt the formulas of the parent company, and vice versa. A letterhead notice must be filed with the appropriate ATF officer and be accompanied by two photocopies of each formula to be adopted. The notice shall list the numbers of all formulas to be adopted and shall indicate the plant where each was originally approved and the plant(s) where each is to be adopted. Some evidence of the relationship between the plants involved in the adoption shall be attached to the notice. The notice shall be referenced in Part IV of the supporting data (ATF Form 5154.2) filed with the first claim relating to the adopted formula(s).

§ 17.126 Formulas for intermediate products.

(a) The manufacturer shall submit a formula on ATF Form 5154.1 for each self-manufactured ingredient made with taxpaid spirits and intended for the manufacturer’s own use in nonbeverage products, unless the formula for any such ingredient is fully expressed as part of the approved formula for each nonbeverage product in which that ingredient is used, or unless the formula for the ingredient is contained in one of the pharmaceutical publications listed in §17.132.

(b) Upon receipt of Form 5154.1 covering a self-manufactured ingredient made with taxpaid spirits, the formula shall be examined under §17.131. If the formula is approved for drawback, the ingredient shall be treated as a finished nonbeverage product for purposes of this part, rather than as an intermediate product, notwithstanding its use by the manufacturer. (For example,
§ 17.133 Food product formulas.

Formulas for nonbeverage food products on ATF Form 5154.1 may be approved if they are unfit for beverage purposes. Approval does not authorize manufacture or sale contrary to State law. Examples of food products that have been found to be unfit for beverage purposes are stated below:

(a) Sauces or syrups. Sauces, or syrups consisting of sugar solutions and distilled spirits, in which the alcohol content is not more than 12 percent by volume and the sugar content is less than 60 grams per 100 cubic centimeters.

(b) Brandied fruits. Brandied fruits consisting of solidly packaged fruits, either whole or segmented, and distilled spirits products not exceeding the quantity and alcohol content necessary for flavoring and preserving. Generally, brandied fruits will be considered to have met these standards if the container is well filled, the alcohol in the liquid portion does not exceed 23 percent by volume, and the liquid portion does not exceed 45 percent of the volume of the container.

(c) Candies. Candies with alcoholic fillings, if the fillings meet the standards prescribed for sauces and syrups by paragraph (a) of this section.
§ 17.134 Other food products. Food products such as mincemeat, plum pudding, and fruit cake, where only sufficient distilled spirits are used for flavoring and preserving; and ice cream and ices where only sufficient spirits are used for flavoring purposes. Also food adjuncts, such as preservatives, emulsifying agents, and food colorings, that are unfit for beverage purposes and are manufactured and used, or sold for use, in food.

§ 17.134 Determination of unfitness for beverage purposes.

The appropriate ATF officer has responsibility for determining whether products are fit or unfit for beverage purposes within the meaning of 26 U.S.C. 5131. This determination may be based either on the content and description of the ingredients as shown on ATF Form 5154.1, or on organoleptic examination. In such examination, samples of products may be diluted with water to an alcoholic concentration of 15% and tasted. Sale or use for beverage purposes is indicative of fitness for beverage use.

§ 17.135 Use of specially denatured alcohol (S.D.A.).

(a) Use of S.D.A. in nonbeverage or intermediate products—(1) General. Except as provided in paragraph (b) of this section, the use of specially denatured alcohol (S.D.A.) and taxpaid spirits in the same product by a nonbeverage manufacturer is prohibited where drawback of tax is claimed.

(2) Alternative formulations. No formula for a product on ATF Form 5154.1 shall be approved for drawback under this subpart if the manufacturer also has on file an approved ATF Form 1479-A or Form 5150.19, Formula for Article Made With Specially Denatured Alcohol or Rum, pertaining to the same product.

(b) Use of S.D.A. in ingredients—(1) Purchased ingredients. Generally, purchased ingredients containing S.D.A. may be used in nonbeverage or intermediate products. However, such ingredients shall not be used in medicinal preparations or flavoring extracts intended for internal human use, where any of the S.D.A. remains in the finished product.

(2) Self-manufactured ingredients. Self-manufactured ingredients may be made with S.D.A. and used in nonbeverage or intermediate products, provided—

(i) No taxpaid spirits are used in manufacturing such ingredients; and

(ii) All S.D.A. is recovered or dissipated from such ingredients prior to their use in nonbeverage or intermediate products. (Recovery of S.D.A. shall be in accordance with subpart K of part 20 of this chapter; recovered S.D.A., with or without its original denaturants, shall not be reused in nonbeverage or intermediate products.)

§ 17.136 Compliance with Food and Drug Administration requirements.

A product is not a medicine, medicinal preparation, food product, flavor, flavoring extract, or perfume for nonbeverage drawback if its formula would violate a ban or restriction of the U.S. Food and Drug Administration (FDA) pertaining to such products. If FDA bans or restricts the use of any ingredient in such a way that further manufacture of a product in accordance with its formula would violate the ban or restriction, then the manufacturer shall change the formula and resubmit it on ATF Form 5154.1. This section does not preclude approval for products manufactured solely for export or for uses other than internal human consumption (e.g., tobacco flavors or animal feed flavors) in accordance with laws and regulations administered by FDA. Under §17.123, manufacturers may be required to demonstrate compliance with FDA requirements applicable to this section.

§ 17.137 Formulas disapproved for drawback.

A formula may be disapproved for drawback either because it does not prescribe appropriate ingredients in sufficient quantities to make the product unfit for beverage use, or because the product is neither a medicine, a medicinal preparation, a food product, a flavor, nor a flavoring extract. The formula for a disapproved product may be used as an intermediate product formula under §17.126. No drawback will be allowed on distilled spirits used in a
disapproved product, unless that product is later used in the manufacture of an approved nonbeverage product. In the case of a product that is disapproved because it is fit for beverage use, any further use or disposition of such a product, other than as an intermediate product in accordance with this part, subjects the manufacturer to the qualification requirements of parts 1 and 19 of this chapter.

Subpart G—Claims for Drawback

§ 17.141 Drawback.

Upon the filing of a claim as provided in this subpart, drawback shall be allowed to any person who meets the requirements of this part. Drawback shall be paid at the rate specified by 26 U.S.C. 5134 on each proof gallon of distilled spirits on which the tax has been paid or determined and which have been used in the manufacture of nonbeverage products. The drawback rate is $1.00 less than the effective tax rate. Drawback shall be allowed only to the extent that the claimant can establish, by evidence satisfactory to the appropriate ATF officer, the actual quantity of taxpaid or tax-determined distilled spirits used in the manufacture of the product, and the effective tax rate applicable to those spirits. Special tax as a manufacturer of nonbeverage products shall be paid before drawback is allowed.

§ 17.142 Claims.

(a) General. The manufacturer must file claim for drawback with the appropriate ATF officer who has the authority to approve or disapprove claims. A separate claim shall be filed for each place of business. Each claim shall pertain only to distilled spirits used in the manufacture or production of nonbeverage products during any one quarter of the tax year. Unless the manufacturer is eligible to file monthly claims (see §§17.143 and 17.144), only one claim per quarter may be filed for each place of business. Claims shall be filed on ATF Form 2635 (5620.8), Claim—Alcohol and Tobacco Taxes.

(b) Manufacturers who are also proprietors of distilled spirits plants. If a manufacturer of nonbeverage products is owned and operated by the same business entity that owns and operates a distilled spirits plant, the manufacturer’s claim for drawback may be filed for credit on Form 2635 (5620.8). After the claim is approved, the distilled spirits plant may use the claim as an adjustment decreasing the taxes due in Schedule B of ATF Form 5000.24, Excise Tax Return. Adjustments resulting from an approved drawback claim are not subject to interest. This procedure may be utilized only if the manufacturer of nonbeverage products and the distilled spirits plant have the same employer identification number.

§ 17.143 Notice for monthly claims.

If the manufacturer has notified the appropriate ATF officer, in writing, of an intention to file claims on a monthly basis instead of a quarterly basis, and has filed a bond in compliance with the provisions of this part, claims may be filed monthly instead of quarterly. The election to file monthly claims shall not preclude a manufacturer from filing a single claim covering an entire quarter, or a single claim covering just two months of a quarter, or two claims (one of them covering one month and the other covering two months). An election for the filing of monthly claims may be withdrawn by the manufacturer by filing a notice to that effect, in writing, with the appropriate ATF officer.

§ 17.144 Bond for monthly claims.

Each person intending to file claims for drawback on a monthly basis shall file an executed bond on ATF Form 5154.3, conforming to the provisions of subpart E of this part. A monthly drawback claim shall not be allowed until bond coverage in a sufficient amount has been approved by the regional director (compliance). When the limit of liability under a bond given in less than the maximum amount has been reached, further drawback on monthly claims may be suspended until a strengthening or superseding bond in a sufficient amount is furnished.
§ 17.145 Date of filing claim.

Quarterly claims for drawback shall be filed within six months after the quarter in which the distilled spirits covered by the claim were used in the manufacture of nonbeverage products. Monthly claims for drawback may be filed at any time after the end of the month in which the distilled spirits covered by the claim were used in the manufacture of nonbeverage products, but shall be filed not later than the close of the sixth month succeeding the quarter in which the spirits were used.

§ 17.146 Information to be shown by the claim.

The claim shall set forth the following:

(a) Whether the special tax has been paid.

(b) That the distilled spirits on which drawback is claimed were fully taxpaid or tax-determined at the effective tax rate applicable to the distilled spirits.

(c) That the distilled spirits on which the drawback is claimed were used in the manufacture of nonbeverage products.

(d) Whether the nonbeverage products were manufactured in compliance with quantitative formulas approved under subpart P of this part. (If not, attach explanation.)

(e) That the data submitted in support of the claim are correct.

§ 17.147 Supporting data.

(a) Each claim for drawback shall be accompanied by supporting data presented according to the format shown on ATF Form 5154.2, Supporting Data for Nonbeverage Drawback Claims (or according to any other suitable format which provides the same information). Modifications of Form 5154.2 may be used without prior authorization, if the modified format clearly shows all of the required information that is pertinent to the manufacturing operation. Under §17.123, the appropriate ATF officer may require additional supporting data when needed to determine the correctness of drawback claims.

(b) Separate data shall be shown for eligible distilled spirits taxpaid at different effective tax rates. This requirement applies to all eligible spirits, including eligible recovered alcohol and eligible spirits contained in intermediate products.

(c) Separate data shall be shown for imported rum, spirits from Puerto Rico containing at least 92% rum, and spirits from the U.S. Virgin Islands containing at least 92% rum. The total number of proof gallons of each such category used subject to drawback during the claim period shall also be shown, with separate totals for each effective tax rate. These amounts shall include eligible spirits and rum from intermediate products or recovered alcohol.

(d) Any gain in eligible distilled spirits reported in the supporting data shall be reflected by an equivalent deduction from the amount of drawback claimed. Gains shall not be offset by known losses.

§ 17.148 Allowance of claims.

(a) General. Except in the case of fraudulent noncompliance, no claim for drawback shall be denied for a failure to comply with either 26 U.S.C. 5131–5134 or the requirements of this part, if the claimant establishes that spirits on which the tax has been paid or determined were in fact used in the manufacture of medicines, medicinal preparations, food products, flavors, flavoring extracts, or perfume, which were unfit for beverage purposes.

(b) Penalty. Noncompliance with the requirements of 26 U.S.C. 5131–5134 or of this part subjects the claimant to a civil penalty of $1,000 for each separate product, reflected in a claim for drawback, to which the noncompliance relates, or the amount claimed for that product, whichever is less, unless the claimant establishes that the noncompliance was due to reasonable cause. Late filing of a claim subjects the claimant to a civil penalty of $1,000 or the amount of the claim, whichever is less, unless the claimant establishes that the lateness was due to reasonable cause.

(c) Reasonable cause. Reasonable cause exists where a claimant establishes it exercised ordinary business care and prudence, and still was unable to comply with the statutory and regulatory requirements. Ignorance of law or regulations, in and of itself, is not...
reasonable cause. Each case is individually evaluated.

(Sec. 452, Pub. L. 98–369, 98 Stat. 819 (26 U.S.C. 5134(c))

SPIRITS SUBJECT TO DRAWBACK

§ 17.151 Use of distilled spirits.

Distilled spirits are considered to have been used in the manufacture of a product under this part if the spirits are consumed in the manufacture, are incorporated into the product, or are determined by ATF to have been otherwise utilized as an essential part of the manufacturing process. However, spirits lost by causes such as spillage, leakage, breakage or theft, and spirits used for purposes such as rinsing or cleaning a system, are not considered to have been used in the manufacture of a product.

§ 17.152 Time of use of spirits.

(a) General. Distilled spirits shall be considered used in the manufacture of a product as soon as that product contains all the ingredients called for by its formula.

(b) Spirits used in an ion exchange column. Distilled spirits used in recharging an ion exchange column, the operation of which is essential to the production of a product, shall be considered to be used when the spirits are entered into the manufacturing system in accordance with the product’s formula.

(c) Products requiring additional processing or treatment. Further manipulation of a product, such as aging or filtering, subsequent to the mixing together of all of its ingredients, shall not postpone the time when spirits are considered used, as determined under paragraph (a) of this section. This is true even if at the time of use there has not yet been a final determination of alcoholic content by assay. If, however, it is later found necessary to add more distilled spirits to standardize the product, such added spirits shall be considered as used in the period during which they were added.

(d) Nonbeverage products used to manufacture other products. Nonbeverage products may be used to manufacture other nonbeverage (or intermediate) products. However, such subsequent usage of a nonbeverage product shall not affect the time when the distilled spirits contained therein are considered used. When distilled spirits are used in the manufacture of a nonbeverage product, the time of use shall be the point at which that product first contains all of its prescribed ingredients, and such use shall not be determined by the time of any subsequent usage of that product in another product.

§ 17.153 Recovered spirits.

(a) Recovery from intermediate products. Eligible spirits recovered in the manufacture of intermediate products are not subject to drawback until such recovered spirits are used in the manufacture of a nonbeverage product. (However, see §17.127 with respect to optional treatment of ingredients as unfinished nonbeverage products, rather than as intermediate products.) Spirits recovered in the manufacture of intermediate products shall be reused only in the manufacture of intermediate or nonbeverage products.

(b) Recovery from nonbeverage products. Distilled spirits recovered in the manufacture of a nonbeverage product are considered as having been used in the manufacture of that product. If the spirits were eligible when so used, they became subject to drawback at that time. Upon recovery, such spirits may be reused in the manufacture of nonbeverage products, but shall not be reused for any other purpose. When reused, such recovered spirits are not again eligible for drawback and shall not be used in the manufacture of intermediate products.

(c) Cross references. For additional provisions respecting the recovery of distilled spirits and related record-keeping requirements, see §§17.168 and 17.183.

§ 17.154 Spirits contained in intermediate products.

Spirits contained in an intermediate product are not subject to drawback until that intermediate product is used in the manufacture of a nonbeverage product.
§ 17.155 Spirits consumed in manufacturing intermediate products.

Spirits consumed in the manufacture of an intermediate product—which are not contained in the intermediate product at the time of its use in nonbeverage products—are not subject to drawback. Such spirits are not considered to have been used in the manufacture of nonbeverage products. However, see §17.127 with respect to optional treatment of ingredients as unfinished nonbeverage products, rather than as intermediate products.

Subpart H—Records
§ 17.161 General.

Each person claiming drawback on taxpaid distilled spirits used in the manufacture of nonbeverage products shall maintain records showing the information required in this subpart. No particular form is prescribed for these records, but the data required to be shown shall be clearly recorded and organized to enable appropriate ATF officers to trace each operation or transaction, monitor compliance with law and regulations, and verify the accuracy of each claim. Ordinary business records, including invoices and cost accounting records, are acceptable if they show the required information or are annotated to show any such information that is lacking. The records shall be kept complete and current at all times, and shall be retained by the manufacturer at the place covered by the special tax stamp for the period prescribed in §17.170.

§ 17.162 Receipt of distilled spirits.

(a) Distilled spirits received in tank cars, tank trucks, barrels, or drums. For distilled spirits received in tank cars, tank trucks, barrels, or drums, the manufacturer shall record, with respect to each shipment received—

(1) The date of receipt;
(2) The name and address of the person from whom received;
(3) The serial number or other identification mark (if any) of each tank car, tank truck, barrel, or drum;
(4) The name of the producer or warehouseman who paid or determined the tax;
(5) The effective tax rate (if other than the rate prescribed by 26 U.S.C. 5001); and
(6) The kind, quantity, and proof (or alcohol percentage by volume) of the spirits.

(b) Distilled spirits received in bottles. For distilled spirits received in bottles, the manufacturer shall record—

(1) The date of receipt;
(2) The name and address of the seller;
(3) The serial number of each case, if the bottles are received in cases;
(4) The name of the bottler;
(5) The effective tax rate (if other than the rate prescribed by 26 U.S.C. 5001); and
(6) The kind, quantity, and proof (or alcohol percentage by volume) of the spirits.

(c) Distilled spirits received by pipeline. For distilled spirits received by pipeline, the manufacturer shall record—

(1) The date of receipt;
(2) The name of the producer or warehouseman who paid or determined the tax;
(3) The effective tax rate (if other than the rate prescribed by 26 U.S.C. 5001); and
(4) The kind, quantity, and proof (or alcohol percentage by volume) of the spirits.

(d) Determination of quantity. At the time of receipt, each manufacturer shall determine (preferably by weight) and record the exact number of proof gallons of distilled spirits received. The amount received in bottles may be determined from the record of shipment, which is required by §19.780 of this chapter to accompany spirits received from a distilled spirits plant. If spirits are received in a tank car or tank truck, and the result of the manufacturer’s gauge of the spirits is within 0.2 percent of the number of proof gallons reported on the record of shipment required by §19.780, then the number of proof gallons reported on that record may be recorded as the quantity received. Nevertheless, the receiving gauge shall be noted on the record of receipt. If, for any shipment,
the amount recorded in the manufacturer's records as the quantity received is greater than the amount shown as taxpaid on the record required by §19.780, a deduction equivalent to the excess shall be made from the amount of drawback claimed in the manufacturer's claim covering that period. If no claim is filed for that period, then the deduction shall be made in the manufacturer's next claim. Losses in transit that exceed the 0.2 percent limitation provided in this paragraph shall be determined and noted on the record of receipt. Such losses shall not be recorded as distilled spirits received.

(e) Receipt of imported rum, or spirits from Puerto Rico or the Virgin Islands. If spirits are received which contain at least 92% rum, and which originate from Puerto Rico or the U.S. Virgin Islands, the record of receipt shall indicate the place of origin. If rum is received, the record shall indicate whether it is from Puerto Rico, from the U.S. Virgin Islands, imported from other countries, or domestic.

(f) Shipments from distilled spirits plants. If spirits are received directly from the distilled spirits plant that paid or determined the tax, the manufacturer shall retain the record of shipment required by §19.780 of this chapter. To the extent that the information on that record duplicates the requirements of this section, retention of that record shall satisfy those requirements. If there are differences between the information on the record of shipment and the information required to be recorded by this section, the requirements of this section may be met by appropriate annotations on the record of shipment.

§ 17.163 Evidence of taxpayment of distilled spirits.

(a) Shipments from distilled spirits plants. For each shipment of taxpaid spirits from the bonded premises of a distilled spirits plant, the manufacturer shall obtain the record of shipment prepared by the supplier under §19.780 of this chapter. This record shall be retained with the commercial invoice (if the latter is a separate document) as evidence of taxpayment of the spirits. The record shall show the effective tax rate(s) (if other than the rate prescribed by 26 U.S.C. 5001) applicable to the shipment.

(b) Purchases from wholesale and retail liquor dealers. Manufacturers shall obtain commercial invoices or other documentation pertaining to purchases of distilled spirits from wholesale and retail liquor dealers (including such dealer-ship operations when conducted in conjunction with a distilled spirits plant). For spirits other than alcohol, grain spirits, neutral spirits, distilled gin, or straight whisky (as defined in the standards of identity prescribed by §5.22 of this chapter), the manufacturer of nonbeverage products shall obtain evidence, from the producer or bottler of the spirits, as to the effective tax rate paid thereon.

(c) Imported spirits. For imported spirits that were taxpaid through Customs, evidence of such taxpayment (such as Customs Forms 7501 and 7505, receipted to indicate payment of tax, and the certificate of effective tax rate computation, if applicable) shall be secured from the importer and retained by the manufacturer.

(d) Evidence of effective tax rate. If the evidence of effective tax rate, required by this section for distilled spirits products that may contain wine or flavors, is not obtained, drawback shall only be allowed based on the lowest effective tax rate possible for the kind of distilled spirits product used.

§ 17.164 Production record.

(a) General. Each manufacturer shall keep a production record for each batch of intermediate product and for each batch of nonbeverage product. The production record shall be an original record made at the time of production by a person (or persons) having actual knowledge thereof. If any product is produced by a continuous process rather than by batches, the production record shall pertain to the total quantity of that product produced during each claim period.

(b) Information to be shown. The record shall show the name and formula number of the product, the actual quantities of all ingredients used in the manufacture of the batch (including the proof or alcohol percentage by volume of all spirits), the date when eligible spirits were considered used (see
§ 17.152), the effective tax rate applicable to those spirits (if other than the rate prescribed by 26 U.S.C. 5001), and the quantity of product produced. The alcohol content of the product shall be shown if a test of alcohol content was made (see paragraph (e) of this section). Usage of eligible and ineligible spirits shall be shown separately. If spirits from Puerto Rico or the U.S. Virgin Islands, containing at least 92% rum, were used, the record shall indicate their place of origin. If rum was used, the record shall indicate whether it was from Puerto Rico, from the U.S. Virgin Islands, imported from other countries, or domestic. If spirits were recovered, the production record shall so indicate, and the record required by §17.168 shall be kept. If drawback is claimed on spirits consumed as an essential part of the manufacture of a nonbeverage product, which were not contained in that product at its completion, then the production record shall show the quantity of spirits so consumed in the manufacture of each batch.

(c) Specificity of information. The production record shall refer to ingredients by the same names as are used for them in the product’s formula. This includes formulas submitted to ATF and formulas contained in the publications listed in §17.132. Other names for the ingredients may be added in the production record, if necessary for the manufacturer’s operations. Usage of ingredients (including spirits) may be shown in units of weight or volume.

(d) Determining quantity of distilled spirits used. Each manufacturer shall accurately determine, by weight or volume, and record in the production records the quantity of all distilled spirits used. When the quantity used is determined by volume, adjustments shall be made if the temperature of the spirits is above or below 60 degrees Fahrenheit. A table for correction of volume of spirituous liquors to 60 degrees Fahrenheit, Table 7 of the “Gauging Manual,” is available. See subpart E of part 30 of this chapter and §30.67. Losses after receipt due to leakage, spillage, evaporation, or other causes not essential to the manufacturing process shall be accurately recorded in the manufacturer’s permanent records at the time such losses are determined.

(e) Tests of alcohol content. At representative intervals, the manufacturer shall verify the alcohol content of nonbeverage products. The results of such tests shall be recorded.

§ 17.165 Receipt of raw ingredients.

For raw ingredients destined to be used in nonbeverage or intermediate products, the manufacturer shall record, for each shipment received—

(a) The date of receipt;
(b) The quantity received; and
(c) The identity of the supplier.

§ 17.166 Disposition of nonbeverage products.

(a) Shipments. For each shipment of nonbeverage products, the manufacturer shall record—

(1) The formula number of the product;
(2) The date of shipment;
(3) The quantity shipped; and
(4) The identity of the consignee.

(b) Other disposition. For other disposi-
tions of nonbeverage products, the manufacturer shall record—

(1) The type of disposition;
(2) The date of disposition; and
(3) The quantity of each product so disposed of.

(c) Exception. The manufacturer need not keep the records required by paragraphs (a) and (b) of this section for any nonbeverage product which either contains less than 3 percent of distilled spirits by volume, or is sold by the producer directly to the consumer in retail quantities. However, when needed for protection of the revenue, the appropriate ATF officer may at any time require the keeping of these records upon giving at least five days’ notice to the manufacturer.

§ 17.167 Inventories.

(a) Distilled spirits. The “on hand” figures reported in Part II of ATF Form 5154.2 shall be verified by physical inventories taken as of the end of each quarter in which nonbeverage products were manufactured for purposes of drawback. Spirits taxpaid at different effective tax rates shall be inventoried separately. The inventory record shall show the date inventory was taken, the
person(s) by whom it was taken, sub-
totals for each product inventoried, and any gains or losses disclosed; and shall be retained with the manufacturer’s records. The manufacturer shall explain in Part IV of the supporting data (Form 5154.2) any discrepancy between the amounts on hand as disclosed by physical inventory and the amounts indicated by the manufacturer’s records. Any gain in eligible spirits disclosed by inventory requires an equivalent deduction from the claim with which the inventory is reported. Gains shall not be offset by known losses. If no claim is filed for a quarter (nor for any monthly period therein), then no physical inventory is required for that quarter.

(b) Raw ingredients and nonbeverage products. When necessary for ensuring compliance with regulations and protection of the revenue, the appropriate ATF officer may require a manufacturer to take physical inventories of finished nonbeverage products, and/or raw ingredients intended for use in the manufacture of nonbeverage or intermediate products. The results of such inventories shall be recorded in the manufacturer’s records. Any discrepancy between the amounts on hand as disclosed by physical inventory and such amounts as indicated by the manufacturer’s records shall also be recorded with an explanation of its cause.

§ 17.168 Recovered spirits.

(a) Each manufacturer intending to recover distilled spirits under the provisions of this part shall first notify the appropriate ATF officer. Any apparatus used to separate alcohol is subject to the registration requirements of 26 U.S.C. 5179 and subpart C of part 170 of this chapter. Recovery operations shall only be conducted on the premises covered by the manufacturer’s special tax stamp.

(b) The manufacturer shall keep a record of the distilled spirits recovered and the subsequent use to which such spirits are put. The record shall show—

1. The date of recovery;
2. The commodity or process from which the spirits were recovered;
3. The amount in proof gallons, or by weight and proof (or alcohol percentage by volume) of distilled spirits recovered;
4. The amount in proof gallons, or by weight and proof (or alcohol percentage by volume) of recovered distilled spirits reused;
5. The commodity in which the recovered distilled spirits were reused; and
6. The date of reuse.

(c) Whenever recovered spirits are destroyed (see §17.183), the record shall further show—

1. The reason for the destruction;
2. The date, time, location, and manner of destruction;
3. The number of proof gallons destroyed; and
4. The name of the individual who accomplished or supervised the destruction.

§ 17.169 Transfer of intermediate products.

When intermediate products are transferred as permitted by §17.185(b), supporting records of such transfers shall be kept at the shipping and receiving plants, showing the date and quantity of each product transferred.

§ 17.170 Retention of records.

Each manufacturer shall retain for a period of not less than 3 years all records required by this part, a copy of all claims and supporting data filed in support thereof, all commercial invoices or other documents evidencing tax payment or tax-determination of domestic spirits, all documents evidencing tax payment of imported spirits, and all bills of lading received which pertain to shipments of spirits. In addition, a copy of each formula submitted on ATF Form 5154.1 shall be retained at each factory where the formula is used, for not less than 3 years from the date of filing of the last claim for drawback under the formula. A copy of an approval to use an alternate method or procedure shall be retained as long as the manufacturer employs the method or procedure, and for 3 years thereafter. Further, the appropriate ATF officer may require these records, forms, and documents to be retained for an additional period of not more than 3 years in any case where he
§ 17.171 Inspection of records.

All of the records, forms, and documents required to be retained by §17.170 shall be kept at the place covered by the special tax stamp and shall be readily available during the manufacturer’s regular business hours for examination and copying by appropriate ATF officers. At the same time, any other books, papers, records or memoranda in the possession of the manufacturer, which have a bearing upon the matters required to be alleged in a claim for drawback, shall be available for inspection by appropriate ATF officers.

Subpart I—Miscellaneous Provisions

§ 17.181 Exportation of medicinal preparations and flavoring extracts.

Medicinal preparations and flavoring extracts, approved for drawback under the provisions of this part, may be exported subject to 19 U.S.C. 1313(d), which authorizes export drawback equal to the entire amount of internal revenue tax found to have been paid on the domestic alcohol used in the manufacture of such products. (Note: Export drawback is not allowed for imported alcohol under this provision of customs law.) Claims for such export drawback shall be filed in accordance with the applicable regulations of the U.S. Customs Service. Such claims may cover either the full rate of tax which has been paid on the alcohol, if no nonbeverage drawback has been claimed thereon, or else the remainder of the tax if nonbeverage drawback under 26 U.S.C. 5134 has been or will be claimed.

§ 17.182 Drawback claims by druggists.

Drawback of tax under 26 U.S.C. 5134 is allowable on taxpaid distilled spirits used in compounding prescriptions by druggists who have paid the special tax prescribed by 26 U.S.C. 5131. The prescriptions so compounded shall be shown in the supporting data by listing the first and last serial numbers thereof. The amount of taxpaid spirits used in each prescription need not be shown, but such prescriptions shall be made available for examination by appropriate ATF officers. If refills have been made of prescriptions received in a previous claim period, their serial numbers shall be recorded separately. Druggists claiming drawback as authorized by this section are subject to all the applicable requirements of this part, except those requiring the filing of quantitative formulas.

§ 17.183 Disposition of recovered alcohol and material from which alcohol can be recovered.

(a) Recovered alcohol. Manufacturers of nonbeverage products shall not sell or transfer recovered spirits to any other premises without ATF authorization under §17.3. If recovered spirits are stored pending reuse, storage facilities shall be adequate to protect the revenue. If recovered spirits are destroyed, the record required by §17.168(c) must be kept. Spirits recovered from intermediate products may be destroyed without notice to ATF. Spirits recovered from nonbeverage products may be destroyed pursuant to a notice filed with the regional director (compliance) at least 12 days prior to the date of destruction. The notice shall state the intended date of destruction, and the approximate quantity involved. The regional director (compliance) may impose specific conditions, including requiring that the destruction be witnessed by an appropriate ATF officer. Unless the manufacturer is otherwise advised by the regional director (compliance) before the date specified in the notice, the destruction may proceed as planned.

(b) By-product material (general). Byproduct material from which alcohol can be recovered shall not be sold or transferred unless the alcohol has been removed or an approved substance has been added to prevent recovery of residual alcohol. Material from which alcohol can be recovered may also be destroyed on the manufacturer’s premises by a suitable method. Except as
provided in paragraph (c) of this section, prior written approval shall be obtained from the appropriate ATF officer as to the adequacy, under this section, of any substance proposed to be added to prevent recovery of alcohol, or of any proposed method of destruction.

(c) spent vanilla beans. Specific approval from the appropriate ATF officer is not required when spent vanilla beans containing residual alcohol are destroyed on the manufacturer’s premises by burning, or when they are removed from those premises after treatment with sufficient kerosene, mineral spirits, rubber hydrocarbon solvent, or gasoline to prevent recovery of residual alcohol.

§17.184 Distilled spirits container marks.
All marks required by Part 19 of this chapter shall remain on containers of taxpaid distilled spirits until the contents are emptied. Whenever such a container is emptied, such marks shall be completely obliterated.

(Sec. 454, Pub. L. 98–369, 98 Stat. 820 (26 U.S.C. 5206(d))

§17.185 Requirements for intermediate products and unfinished nonbeverage products.

(a) General. Self-manufactured ingredients made with taxpaid spirits may be accounted for either as intermediate products or as unfinished nonbeverage products. The manufacturer may choose either method of accounting for such self-manufactured ingredients (see §17.127). However, the method selected determines the requirements that will apply to those ingredients, as prescribed in paragraphs (b) and (c) of this section.

(b) Intermediate products. Intermediate products shall be used exclusively in the manufacture of nonbeverage products. Intermediate products may be accumulated and stored indefinitely and may be used in any nonbeverage product whose formula calls for such use. Intermediate products shall be manufactured by the same entity that manufactures the finished nonbeverage products. Intermediate products shall not be sold or transferred between separate and distinct entities. However, they may be transferred to another branch or plant of the same manufacturer, for use there in the manufacture of approved nonbeverage products. (See §17.169 for recordkeeping requirement.) For the purposes of this section, the phrase “separate and distinct entities” includes parent and subsidiary corporations, regardless of any corporate (or other) relationship, and even if the stock of both the manufacturing firm and the receiving firm is owned by the same persons.

(c) Unfinished nonbeverage products. An unfinished nonbeverage product shall only be used in the particular nonbeverage product for which it was manufactured, and shall be entirely so used within the time limit stated in the approved ATF Form 5154.1. Spirits dissipated or recovered in the manufacture of unfinished nonbeverage products shall be regarded as having been dissipated or recovered in the manufacture of nonbeverage products. Spirits contained in such unfinished products shall be accounted for in the supporting data under §17.147 and inventoried under §17.167 as “in process” in nonbeverage products. Production of unfinished nonbeverage products shall be recorded as an integral part of the production records for the related nonbeverage products. Unfinished nonbeverage products shall not be transferred to other premises.

§17.186 Transfer of distilled spirits to other containers.
A manufacturer may transfer taxpaid distilled spirits from the original package to other containers at any time for the purpose of facilitating the manufacture of products unfit for beverage use. Containers into which distilled spirits have been transferred under this section shall bear a label identifying their contents as taxpaid distilled spirits, and shall be marked with the serial number of the original package from which the spirits were withdrawn.

§17.187 Discontinuance of business.
The manufacturer shall notify ATF when business is to be discontinued. Upon discontinuance of business, a manufacturer’s entire stock of taxpaid distilled spirits on hand may be sold in a single sale without the necessity of

qualifying as a wholesaler under part 1 of this chapter or paying special tax as a liquor dealer under part 194 of this chapter. The spirits likewise may be returned to the person from whom purchased, or they may be destroyed or given away.

Subpart C—Administrative and Miscellaneous Provisions

§ 18.12 Delegations of the Director.

The regulatory authorities of the Director contained in this part 18 are delegated to appropriate ATF officers. These ATF officers are specified in ATF Order 1130.13, Delegation Order—Delegation of the Director’s Authorities in 27 CFR Parts 17 and 18. ATF delegation orders, such as ATF Order 1130.13, are available to any interested person by mailing a request to the ATF Distribution Center, PO Box 5950, Springfield, VA 22150–5190, or by accessing the ATF web site (http://www.atf.treas.gov/).

§ 18.13 Alternate methods or procedures.

(a) General. The proprietor, on specific approval by the appropriate ATF officer, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. The appropriate ATF officer may approve an alternate method or procedure, subject to stated conditions, when he finds that:

(1) Good cause has been shown for the use of the alternate method or procedure;

(2) The alternate method or procedure is within the purpose of, and consistent with the effect intended by the specifically prescribed method or procedure, and affords equivalent security to the revenue; and

(3) The alternate method or procedure will not be contrary to any provision of law.

(b) Application. A proprietor who desires to employ an alternate method or procedure shall submit a written application to the appropriate ATF officer. The application will specifically describe the proposed alternate method or procedure and set forth the reasons therefor. (3) Will not be contrary to any provision of law.

Variations from requirements granted under this section are conditioned on compliance with the procedures, conditions, and limitations stated in the approval of the application. Failure to comply in good faith with such procedures, conditions and limitations will automatically terminate the authority for such variations and the proprietor thereupon shall fully comply with the prescribed requirements of regulations from which the variations were authorized. Authority for any variation may be withdrawn whenever in the judgment of the regional director (compliance) the revenue is jeopardized or the effective administration of this part is hindered by the continuation of such variation.

(b) Application. A proprietor who desires to employ emergency variations shall submit a written application to
the appropriate ATF officer. The application will describe the proposed variations and set forth the reasons therefor. Variations will not be employed until the application has been approved, except when an emergency requires immediate action to correct a situation that is threatening to life or property. Such corrective action may then be taken concurrent with the filing of the application and notification of the appropriate ATF officer via telephone.

§ 18.15 Right of entry and examination.

Appropriate ATF officers may at all times, as well by night as by day, enter any concentrate plant to make examination of the materials, equipment, and facilities thereon; and make such gauges and inventories as they deem necessary. Whenever appropriate ATF officers, having demanded admittance and declared their name and office, are not admitted into such premises by the proprietor or other person having charge thereof, they may at all times use such force as is necessary for them to gain entry to such premises.

(c) Rendering concentrate unfit for beverage use. Concentrate may be rendered unfit for beverage use by reducing the alcohol content to not more than 15 percent alcohol by volume (if the reduction does not result in a concentrate of less than 100-fold), and adding to each gallon thereof, in a quantity sufficient to render the concentrate unfit for beverage use, the following:

(1) Sucrose; or

Subpart C—Taxes

GALLONAGE TAXES

§ 19.21 Tax.

(a) A tax is imposed by 26 U.S.C. 5001 and 7652 on all spirits produced, imported into or brought into the United States at the rate prescribed in section 5001 on each proof gallon and a proportionate tax at a like rate on all fractional parts of a proof gallon. Wines containing more than 24 percent of alcohol by volume are taxed as spirits. All products of distillation, by whatever name known, which contain spirits, on which the tax imposed by law has not been paid, and any alcoholic ingredient added to such products, are considered and taxed as spirits.

(b) A credit against the tax imposed on distilled spirits by 26 U.S.C. 5001 or 7652 is allowable under 26 U.S.C. 5010 on each proof gallon of alcohol derived from eligible wine or from eligible flavors which do not exceed 2 1/2 percent of the finished product on a proof gallon basis. The credit is allowable at the time the tax is payable as if it constituted a reduction in the rate of tax.

(c) Where credit against the tax is desired, the person liable for the tax shall establish an effective tax rate in accordance with § 19.34. The effective tax rate established will be applied to each withdrawal or other taxable disposition of the distilled spirits.

§ 19.22 Attachment of tax.

Under 26 U.S.C. 5001(b), the tax attaches to spirits as soon as the substance comes into existence as such, whether it be subsequently separated as pure or impure spirits, or be immediately, or at any subsequent time, transferred into any other substance, either in the process of original production, or by any subsequent process.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1314, as amended (26 U.S.C. 5001))

§ 19.23 Lien.

Under 26 U.S.C. 5004, the tax becomes a first lien on the spirits from the time the spirits come into existence as such. The conditions under which the first lien shall be terminated are described in 26 U.S.C. 5004.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1317, as amended (26 U.S.C. 5004))

§ 19.25 Time for tax determination.

(a) Imposition of tax. A tax is imposed by 26 U.S.C. 5041 or 7652 on wine (including imitation, substandard, or artificial wine, and compounds sold as wine) produced in or imported or brought into the United States. Proprietors of distilled spirits plants may become liable for wine taxes under 26 U.S.C. 5062(b)(3) in connection with wine transferred in bond to a distilled spirits plant. Wine may not be removed from the bonded premises of a distilled spirits plant for consumption or sale as wine.

(b) Liability for tax. Except as otherwise provided by law, the liability for tax on wine transferred in bond from a

the tax and that each proprietor or possessor of, and person in any manner interested in the use of, any still, distilling apparatus, or distillery, shall be jointly and severally liable for the tax on distilled spirits produced. However, a person, not an officer or director of a corporate proprietor, owning or having the right of control of not more than 10 percent of any class of stock of that proprietor, is not liable by reason of the stock ownership or control. Persons transferring spirits in bond so liable for the tax are relieved of liability if

(1) The proprietors of transferring and receiving premises are independent of each other and neither has a proprietary interest, directly or indirectly, in the business of the other, and

(2) No person so liable for the tax on the spirits transferred retains any interest in the spirits.

(b) Storage on bonded premises. 26 U.S.C. 5005(c) provides that each person operating bonded premises shall be liable for the tax on all spirits while the spirits are stored on the premises, and on all spirits which are in transit to the premises from the time of removal from the transferor's bonded premises, pursuant to an approved application. Liability for the tax continues until the spirits are transferred or withdrawn from bonded premises as authorized by law, or until the liability for tax is relieved under the provisions of 26 U.S.C. 5008(a). Claims for relief from liability for spirits lost are provided for in §19.41. Voluntary destruction of spirits in bond is provided for in subpart U of this part.

(c) Withdrawals without payment of tax. Under 26 U.S.C. 5005(e), any person who withdraws spirits from the bonded premises of a plant without payment of tax, as provided in 26 U.S.C. 5214, shall be liable for the tax on the spirits from the time of withdrawal. The person shall be relieved of any liability at the time the spirits are exported, deposited in a foreign-trade zone, used in production of wine, deposited in a customs bonded warehouse, laden as supplies upon or used in the maintenance or repair of certain vessels or aircraft, or used for certain research, development or testing, as provided by law.

(d) Withdrawals free of tax. Persons liable for tax under paragraph (a) of this section, are relieved of the liability on spirits withdrawn from bonded premises free of tax under this part, at the time the spirits are withdrawn.

(e) Withdrawn from customs custody without payment of tax. 26 U.S.C. 5232(a) provides that when imported distilled spirits in bulk containers are withdrawn from customs custody and transferred to the bonded premises of a distilled spirits plant without payment of the tax imposed on imported distilled spirits by 26 U.S.C. 5001, the person operating the bonded premises of the distilled spirits plant to which spirits are transferred shall become liable for the tax on the spirits upon their release from customs custody, and the importer thereupon relieved of liability for the tax.

bonded wine cellar to a distilled spirits plant, or transferred in bond between distilled spirits plants, will continue until the wine is used in a distilled spirits product.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1331, as amended, 1380, as amended (26 U.S.C. 5041, 5362))

§ 19.34 Computation of effective tax rate.

(a) The proprietor shall compute the effective tax rate for distilled spirits containing eligible wine or eligible flavors as the ratio of the numerator and denominator as follows:

1. The numerator will be the sum of:
   (i) The proof gallons of all distilled spirits used in the product (exclusive of distilled spirits derived from eligible flavors), multiplied by the tax rate prescribed by 26 U.S.C. 5001;
   (ii) The wine gallons of each eligible wine used in the product, multiplied by the tax rate prescribed by 26 U.S.C. 5041(b)(1), (2), or (3), which would be imposed on the wine but for its removal to bonded premises; and
   (iii) The proof gallons of all distilled spirits derived from eligible flavors used in the product, multiplied by the tax rate prescribed by 26 U.S.C. 5001, but only to the extent that such distilled spirits exceed 21 3/2% of the denominator prescribed in paragraph (a)(2) of this section.

2. The denominator will be the sum of:
   (i) The proof gallons of all distilled spirits used in the product, including distilled spirits derived from eligible flavors; and
   (ii) The wine gallons of each eligible wine used in the product, multiplied by twice the percentage of alcohol by volume of each, divided by 100.

(b) In determining the effective tax rate, quantities of distilled spirits, eligible wine, and eligible flavors will be expressed to the nearest tenth of a proof gallon. The effective tax rate may be rounded to as many decimal places as the proprietor deems appropriate, provided that, such rate is expressed no less exactly than the rate rounded to the nearest whole cent, and the effective tax rates for all products will be consistently expressed to the same number of decimal places. In such case, if the number is less than five it
§ 19.35 Application of effective tax rate (Actual).

Any proprietor who does not apply effective tax rates to taxable removals in accordance with §19.36, 19.37 or 19.38 shall establish an effective tax rate for each batch of distilled spirits in the processing account on which credit against tax is desired for alcohol derived from eligible wine or eligible flavors. The effective tax rate will be computed in accordance with §19.34 and will be recorded on the dump or batch record for the product, as required by §19.748. The serial numbers of the cases removed at such rate shall be recorded on the record of tax determination prescribed in §19.761 or other related record available for examination by any ATF officer.

§ 19.36 Standard effective tax rate.

(a) The proprietor may establish a permanent standard effective tax rate for any eligible distilled spirits product based on the least quantity and the lowest alcohol content of eligible wine or eligible flavors used in the manufacture of the product. The permanent standard effective tax rate must equal the highest tax rate applicable to the product. The proprietor shall maintain a permanent record of the standard effective tax rate established for each product in accordance with §19.765. Whenever the proprietor manufactures a batch of the product with a lesser quantity or lower alcohol content of eligible wine or eligible flavor, he shall keep the cased goods segregated from other completed cases of the same product and shall tax determine the product in accordance with §19.35.

(b) If the regional director (compliance) finds that the use of this procedure jeopardizes the revenue or causes administrative difficulty, the proprietor shall discontinue the use of the procedure.

§ 19.37 Average effective tax rate.

(a) The proprietor may establish an average effective tax rate for any eligible distilled spirits product based on the total proof gallons in all batches of the same composition which have been
produced during the preceding 6-month period and which have been or will be bottled or packaged, in whole or in part, for domestic consumption. At the beginning of each month, the proprietor shall recompute the average effective tax rate so as to include only the immediately preceding 6-month period. The average effective tax rate established for a product will be shown in the record of average effective tax rates prescribed in §19.763.

(b) If the regional director (compliance) finds that the use of this procedure jeopardizes the revenue or causes administrative difficulty, the proprietor shall discontinue the use of this procedure.

§19.38 Inventory reserve account.

(a) The proprietor may establish an inventory reserve account for any eligible distilled spirits product by maintaining an inventory reserve record as prescribed by §19.764. The effective tax rate applied to each removal or other disposition will be the effective tax rate recorded on the inventory reserve record from which the removal or other disposition is depleted.

(b) If the regional director (compliance) finds that the use of this procedure jeopardizes the revenue or causes administrative difficulty, the proprietor shall discontinue the use of this procedure.

§19.41 Claims on spirits, denatured spirits, articles, or wines lost or destroyed in bond.

5. Date of the loss or destruction (or, if not known, date of discovery), the cause or nature thereof, and all the facts relative thereto;

6. Name of the carrier, where a loss in transit is involved;

7. The name and address of the consignee, in the case of spirits withdrawn without payment of tax which are lost before being used for research, development or testing;

8. If lost by theft, facts establishing that the loss did not occur as the result of any negligence, connivance, collusion or fraud on the part of the proprietor of the plant, owner, consignor, consignee, bailee, or carrier, or the employees or agents of any of them;

9. In the case of a loss by theft, whether the claimant is indemnified or recompensed for the spirits or wines lost and if so, the amount and nature of indemnity or recompense and the actual value of the spirits or wines, less the tax.

(b) Claims for abatement, credit or refund. Claims for abatement of an assessment, or for credit or refund of tax which has been paid or determined, for spirits, denatured spirits, articles, or wines lost or destroyed in bond shall be filed with the regional director (compliance). The claims shall set forth the

(c) Claims for credit or refund of tax on spirits containing eligible wine or eligible flavors must set forth the date and serial number of the record of tax determination and the effective tax rate at which the tax was paid or determined. If this information is not provided, the amount of tax claimed will be based on the lowest effective tax rate applied to the product.

(d) Claims for credit or refund of tax shall be filed by the proprietor of the plant to which the spirits were returned within six months of the date of the return. No interest is allowed on any claims for refund or credit.

Subpart Ca—Special (Occupational) Taxes

§ 19.49 Liability for special tax.

(a) Proprietor of distilled spirits plant—

(1) General. Except as provided in §19.906, every proprietor of a distilled spirits plant shall pay a special (occupational) tax at a rate specified by §19.50. The tax shall be paid on or before the date of commencing business as a distilled spirits plant proprietor, and thereafter every year on or before July 1. On commencing business, the tax shall be computed from the first day of the month in which liability is incurred, through the following June 30. Thereafter, the tax shall be computed for the entire year (July 1 through June 30).

(2) Transition rule. For purposes of paragraph (a)(1) of this section, a proprietor engaged in distilled spirits plant operations on January 1, 1988, shall be treated as having commenced business on that date. The special tax imposed by this transition rule shall cover the period January 1, 1988, through June 30, 1988, and shall be paid on or before April 1, 1988.

(b) Liquor Dealer—(1) General. A proprietor of a distilled spirits plant shall be subject to or exempt from a liquor dealer’s special (occupational) tax as provided in part 194 of this chapter.

(2) Exemption for sales by a proprietor of a distilled spirits plant. A proprietor of a distilled spirits plant is not required to pay special tax as a wholesale or retail dealer in liquor because of sales, at the principal place of business or at the distilled spirits plant, of liquor which at the time of sale is stored at the distilled spirits plant or which had been removed and stored in a tax-paid storeroom operated in connection with the distilled spirits plant. Each proprietor of a distilled spirits plant shall have only one exemption from dealer’s special tax for each distilled spirits plant. The distiller may designate, in writing to the regional director (compliance), that the principal place of business will be exempt from dealer’s special tax; otherwise, the exemption will apply to the distilled spirits plant.

(c) Each place of business taxable—(1) General. A proprietor of a distilled spirits plant incurs special tax liability at

§ 19.50 Rates of special tax.

(a) General. Title 26 U.S.C. 5081(a)(1) imposes a special tax of $1,000 per year on every proprietor of a distilled spirits plant.

(b) Reduced rate for small proprietors. Title 26 U.S.C. 5081(b) provides for a reduced rate of $500 per year with respect to any distilled spirits plant proprietor whose gross receipts (for the most recent taxable year ending before the first day of the taxable period to which the special tax imposed by §19.49 relates) are less than $500,000. The “taxable year” to be used for determining gross receipts is the taxpayer’s income tax year. All gross receipts of the taxpayer shall be included, not just the gross receipts of the business subject to special tax. Proprietors of new businesses that have not yet begun a taxable year, who commence a new activity subject to special tax, qualify for the reduced special (occupational) tax rate, unless the business is a member of a “controlled group”; in that case, the rules of paragraph (c) of this section shall apply.

(c) Controlled group. All persons treated as one taxpayer under 26 U.S.C. 5061(e)(3) shall be treated as one taxpayer for the purpose of determining gross receipts under paragraph (b) of this section. “Controlled group” means a controlled group of corporations, as defined in 26 U.S.C. 1563 and implementing regulations in 26 CFR 1.1563–1 through 1.1563–4, except that the words “at least 80 percent” shall be replaced by the words “more than 50 percent” in each place they appear in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of this section.

(d) Short taxable year. Gross receipts for any taxable year of less than 12 months shall be annualized by multiplying the gross receipts for the short period by 12 and dividing the result by the number of months in the short period, as required by 26 U.S.C. 448(c)(3).

(e) Returns and allowances. Gross receipts for any taxable year shall be reduced by returns and allowances made during that year under 26 U.S.C. 448(c)(3).

§ 19.51 Special tax returns.

(a) General. Special tax shall be paid by return. The prescribed return is ATF Form 5630.5, Special Tax Registration and Return. Special tax returns, with payment of tax, shall be filed with ATF in accordance with instructions on the form.

(b) Preparation of ATF Form 5630.5. All of the information called for on Form 5630.5 shall be provided, including:

(1) The true name of the taxpayer.

(2) The trade name(s) (if any) of the business(es) subject to special tax.

(3) The employer identification number (see §19.52).

(4) The exact location of the place of business, by name and number of building or street, or if these do not exist,
by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown shall be the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer).

(5) The class(es) of special tax to which the taxpayer is subject.

(6) Ownership and control information: that is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. “Owner of the business” shall include every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in accordance with instructions previously provided is still current.

(c) Multiple locations and/or classes of tax. A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

(1) File one special tax return, ATF Form 5630.5, with payment of tax, to cover all such locations and classes of tax; and

(2) Prepare, in duplicate, a list identified with the taxpayer’s name, address (as shown on ATF Form 5630.5), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer) for the period specified in §19.722(c).

(d) Signing of ATF Forms 5630.5—(1) Ordinary returns. The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner. The return of a corporation shall be signed by any officer. In each case, the person signing the return shall designate his or her capacity as “individual owner,” “member of firm,” or, in the case of a corporation, the title of the officer.

(2) Fiduciaries. Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(3) Agent or attorney in fact. If a return is signed by an agent or attorney in fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney in fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office with which the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) Perjury statement. ATF Forms 5630.5 shall contain or be verified by a written declaration that the return has been executed under the penalties of perjury.

(26 U.S.C. 6061, 6065, 6151, 7011)

§19.52 Employer identification number.

(a) Requirement. The employer identification number (defined in 26 CFR §301.7701-12) of the taxpayer who has been assigned such a number shall be shown on each special tax return, including amended returns, filed under this subpart. Failure of the taxpayer to include the employer identification number may result in the imposition of the penalty specified in §70.113 of this chapter.

(b) Application for employer identification number. Each taxpayer who files a special tax return, who has not already been assigned an employer identification number, shall file IRS Form SS-4 to apply for one. The taxpayer shall apply for and be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a special tax return. The employer identification number shall be applied for not later than 7 days after the filing of the taxpayer’s first special tax return. IRS Form SS-4 may be obtained from the director of an IRS service center or from any IRS district director.
§ 19.53 Preparation and filing of IRS Form SS-4. The taxpayer shall prepare and file IRS Form SS-4, together with any supplementary statement, in accordance with the instructions on the form or issued in respect to it.

(26 U.S.C. 6109)

SPECIAL TAX STAMPS

§ 19.53 Issuance, distribution, and examination of special tax stamps.

(a) Issuance of special tax stamps. Upon filing a properly executed return on ATF Form 5630.5, together with the full remittance, the taxpayer will be issued an appropriately designated special tax stamp. If the return covers multiple locations, the taxpayer will be issued one appropriately designated stamp for each location listed on the attachment required by §19.51(c), but showing, as to name and address, only the name of the taxpayer and the address of the taxpayer’s principal place of business (or principal office in the case of a corporate taxpayer).

(b) Distribution of special tax stamps for multiple locations. On receipt of the special tax stamps, the taxpayer shall verify that there is one stamp for each location listed on the attachment to ATF Form 5630.5. The taxpayer shall designate one stamp for each location and shall type on each stamp the address of the business conducted at the location for which that stamp is designated. The taxpayer shall then forward each stamp to the place of business designated on the stamp.

(c) Examination of special tax stamps. All stamps denoting payment of special tax shall be kept available for inspection by ATF officers, at the location for which designated, during business hours.

(26 U.S.C. 5146, 6806)

§ 19.54 Changes in special tax stamps.

(a) Change in name. If there is a change in the corporate or firm name, or in the trade name, as shown on Form 5630.5, the proprietor shall file an amended special tax return as soon as practicable after the change, covering the new corporate or firm name, or trade name. No new special tax is required to be paid. The proprietor shall attach the special tax stamp for endorsement of the change in name.

(b) Change in proprietorship—(1) General. If there is a change in the proprietorship of a distilled spirits plant, the successor shall pay a new special tax and obtain the required special tax stamps.

(2) Exemption for certain successors. Persons having the right of succession provided for in paragraph (c) of this section may carry on the business for the remainder of the period for which the special tax was paid, without paying a new special tax, if within 30 days after the date on which the successor begins to carry on the business, the successor files a special tax return on ATF Form 5630.5 with ATF, which shows the basis of succession. A person who is a successor to a business for which special tax has been paid and who fails to register the succession is liable for special tax computed from the first day of the calendar month in which he or she began to carry on the business.

(c) Persons having right of succession. Under the conditions indicated in paragraph (b)(2) of this section, the right of succession will pass to certain persons in the following cases:

(1) Death. The widowed spouse or child, or executor, administrator, or other legal representative of the taxpayer;

(2) Succession of spouse. A husband or wife succeeding to the business of his or her spouse (living);

(3) Insolvency. A receiver or trustee in bankruptcy, or an assignee for benefit of creditors;

(4) Withdrawal from firm. The partner or partners remaining after death or withdrawal of a member.

(d) Change in location. If there is a change in location of a taxable place of business, the proprietor shall, within 30 days after the change, file with ATF an amended special tax return covering the new location. The proprietor shall attach the special tax stamp or stamps, for endorsement of the change in location. No new special tax is required to be paid. However, if the proprietor does not file the amended return within 30
days, the proprietor is required to pay a new special tax and obtain a new special tax stamp.

Subpart D—Administrative and Miscellaneous Provisions

ACTIVITIES NOT SUBJECT TO THIS PART

§ 19.57 Recovery and reuse of denatured spirits in manufacturing processes.

The following persons are not, by reason of the activities listed below, subject to the provisions of this part, but they shall comply with the provisions of part 20 of this chapter relating to the use and recovery of spirits or denatured spirits:

(a) Manufacturers who use denatured spirits, or articles or substances containing denatured spirits, in a process wherein any part or all of the spirits, including denatured spirits, are recovered.

(b) Manufacturers who use denatured spirits in the production of chemicals which do not contain spirits but which are used on the permit premises in the manufacture of other chemicals resulting in spirits as a by-product.

(c) Manufacturers who use chemicals or substances which do not contain spirits or denatured spirits (but which were manufactured with specially denatured spirits) in a process resulting in spirits as a by-product.

(Sec 201, Pub. L. 85–217, 72 Stat. 1372, as amended (26 U.S.C. 5273))

[T.D. ATF–379, 61 FR 31425, June 20, 1996]

§ 19.58 Use of taxpaid distilled spirits to manufacture products unfit for beverage use.

(a) General. Apothecaries, pharmacists, and manufacturers are not required to qualify as processors under 26 U.S.C. 5171 before manufacturing or compounding the following products, if the tax has been paid or determined on all of the distilled spirits contained therein:

(1) Medicines, medicinal preparations, food products, flavors, flavoring extracts, and perfume, conforming to the standards for approval of nonbeverage drawback products found in §§17.131–17.137 of this chapter, whether or not drawback is actually claimed on those products. Except as provided in paragraph (c) of this section, a formula need not be submitted if drawback is not desired.

(2) Patented, patent, and proprietary medicines that are unfit for use for beverage purposes.

(3) Toilet, medicinal, and antiseptic preparations and solutions that are unfit for use for beverage purposes.

(4) Laboratory reagents, stains, and dyes that are unfit for use for beverage purposes.

(5) Flavoring extracts, syrups, and concentrates that are unfit for use for beverage purposes.

(b) Exceptions; products classed as beverages. Products specified under part 17 of this chapter as being fit for beverage use are alcoholic beverages. Bitters, patent medicines, and similar alcoholic preparations which are fit for beverage purposes, although held out as having certain medicinal properties, are also alcoholic beverages. Such products are required to be manufactured on the bonded premises of a distilled spirits plant, and are subject to the provisions of this part.

(c) Formulas and samples; when required. On request of the Director, or when in doubt as to the classification of a product, the manufacturer shall submit to the Director the formula for and a sample of the product for examination to verify the manufacturer’s claim of exemption from qualification requirements.

(d) Change of formula; when required. If the regional director (compliance) finds at any time that any product manufactured under paragraph (a) of this section is being used for beverage purposes, or for mixing with beverage spirits other than by a processor, he or she shall notify the manufacturer to desist from manufacturing the product until the formula is changed to make the product not susceptible of beverage use and the change is approved by the Director. (However, the provisions of this paragraph shall not prohibit such products, which are unfit for beverage use, from being used in small quantities for flavoring drinks at the time of serving for immediate consumption.)
§ 19.61 Form prescribed.

(a) The Director is authorized to prescribe all forms required by this part. All of the information required by each form shall be furnished, as indicated by the headings on the form and the instructions thereon or issued in respect thereto, and as required by this part.

(b) Requests for forms should be mailed to the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

§ 19.62 Alternate methods or procedures.

The proprietor, on specific approval by the Director as provided in this paragraph, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. The Director may approve an alternate method or procedure, subject to stated conditions, when he finds that—

(a) Good cause has been shown for the use of the alternate method or procedure;

(b) The alternate method or procedure is within the purpose of, and consistent with the effect intended by, the specifically prescribed method or procedure, and affords equivalent security to the revenue; and

(c) The alternate method or procedure will not be contrary to any provision of law, and will not result in an increase in cost to the Government or hinder the effective administration of this part. No alternate method or procedure relating to the giving of any bond or to the assessment, payment, or collection of tax, shall be authorized under this paragraph. Where the proprietor desires to employ an alternate method or procedure, he shall submit a written application to do so to the regional director (compliance), for transmittal to the Director. The application shall specifically describe the proposed alternate method or procedure, and shall set forth the reasons therefor. Alternate methods or procedures shall not be employed until the application has been approved by the Director. The proprietor shall, during the period of authorization of an alternate method or procedure, comply with the terms of the approved application. Authorization for any alternate method or procedure may be withdrawn whenever in the judgment of the Director the revenue is jeopardized or the effective administration of this part is hindered by the continuation of such authorization. As used in this paragraph, alternate methods or procedures shall include alternate construction or equipment.

§ 19.63 Pilot operations.

The Director may waive any regulatory provisions of 26 U.S.C. Chapter 51, and of the regulations in this part, for temporary pilot or experimental operations for the purpose of facilitating the development and testing of improved methods of governmental supervision (necessary for the protection of the revenue) over plants. For this purpose, the Director may, with the approval of the proprietor thereof, designate any plant for such operations. The provisions of law and regulations waived and the period of time during which such waiver shall continue shall be stated in writing by the Director. The provisions of this section shall not be construed as authority to waive the filing of any bond or the payment of any tax, including special (occupational) tax, provided for in 26 U.S.C. Chapter 51.
§ 19.64 [Reserved]

§ 19.65 Experimental distilled spirits plants.

The Director may authorize the establishment and operation of experimental plants for specific and limited periods of time solely for experimentation in, or development of—

(a) Sources of materials from which spirits may be produced;
(b) Processes by which spirits may be produced or refined; or
(c) Industrial uses of spirits.

The Director may waive any provision of 26 U.S.C. Chapter 51 (other than 26 U.S.C. 5312) and of this part (other than this section and § 19.66) to the extent he deems necessary to effectuate the purposes of 26 U.S.C. 5312(b), except that he may not waive the payment of any tax on spirits removed from such plant. A proprietor of an experimental distilled spirits plant established under this section is subject to special (occupational) tax under subpart Ca of this part and shall hold a separate special tax stamp to cover the experimental operations.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1375, as amended (26 U.S.C. 5312))

§ 19.66 Application to establish experimental plants.

Any person desiring to establish an experimental plant shall make written application to the Director, through the regional director (compliance), and obtain the Director’s approval of the proposed establishment. The applicant shall file with such application a bond in such form and penal sum as required by the Director. The application shall state the nature, extent, and purpose of the operations to be conducted and describe the operations and equipment, the location of the plant (including the proximity to other premises or operations subject to the provisions of 26 U.S.C. Chapter 51) and the security measures to be provided. The Director may require the submission of additional information as he deems necessary. The regional director (compliance) shall not permit operations until he has found that the plant conforms to the specifications set forth in the application, as approved, and the applicant has complied with provisions of 26 U.S.C. Chapter 51, and this part not specifically waived by the Director.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1375, as amended (26 U.S.C. 5312))

§ 19.67 Spirits produced in industrial processes.

(a) Applicability. (1) Persons who produce spirits in industrial processes (including spirits produced as a by-product in connection with chemical or other processes) are distillers and are required to qualify and pay special (occupational) tax under provisions of 26 U.S.C. Chapter 51 and this part.

(2) The Director may, however, waive any provision of 26 U.S.C. Chapter 51, or of this part, with respect to the production of nonpotable chemical mixtures containing spirits, including any provision relating to qualification (except the payment of special (occupational) tax), if such mixtures are produced:

(i) For transfer to the bonded premises of a distilled spirits plant for completion of distilling; or
(ii) As a by-product which would require expensive and complex equipment for the recovery of spirits.

(3) The waiver under the provisions of paragraph (a)(2)(ii) of this section is further conditioned that such mixture would:

(i) Be destroyed on the premises where produced; or
(ii) Contain a minimum quantity of spirits practicable with the procedure employed, not be subjected to further operations solely for the purification or recovery of spirits, and be found by the Director to be as nonpotable and at least as difficult with respect to recovery as completely denatured alcohol.

(b) Application for waiver. (1) When the producer of nonpotable mixtures desires to secure a waiver of designated provisions of 26 U.S.C. Chapter 51, or this part, he shall file an application with the Director through the regional director (compliance).

(2) The application shall include, as applicable—

(i) Name and address of producer;
(ii) Chemical composition and source of the nonpotable mixture;
§ 19.68 Other businesses.

The Director may authorize the carrying on of other businesses (not specifically prohibited by 26 U.S.C. 5601(a)(6)) on premises of plants if he finds that those businesses will not jeopardize the revenue and will not unduly hinder supervision of the operations, he may approve the application under such terms and conditions as he deems advisable and subject to the furnishing of any bond which he deems necessary.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.69 Exemptions to meet the requirements of National defense.

The Director may temporarily exempt proprietors from any provision of the internal revenue laws or this part relating to spirits except those requiring payment of tax thereon whenever in his judgement it is expedient to do so to meet the requirements of the National defense.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1397, as amended (26 U.S.C. 5561))

§ 19.70 Experimental or research operations by scientific institutions and colleges of learning.

(a) General. The Director may authorize any scientific university, college of learning, or institution of scientific research to produce, receive, blend, treat, test, and store spirits, without payment of tax, for experimental or research use but not for consumption (other than organoleptic tests) or sale, in quantities as may be reasonably necessary for such purposes. The Director may waive any provision of 26 U.S.C. Chapter 51 (other than 26 U.S.C. 5312), or this part (other than this section) to the extent necessary to effect the purposes of 26 U.S.C. 5312(a), except he may not waive the payment of any tax on distilled spirits removed from any university, college, or institution. A person conducting experimental or research operations authorized under this section is subject to special (occupational) tax under subpart Ca of this part and shall hold a special tax stamp to cover the experimental or research operations.

(b) Qualification. Any university, college, or institution desiring to conduct any of the experimental or research operations listed in the preceding paragraphs shall make written application, to the Director, through the regional director (compliance), and obtain the Director’s approval of the proposed operations. The applicant shall file with the application a bond in a form and penal sum as required by the Director. The application shall state the nature, extent, and purpose of the operations to be conducted and describe the operations and equipment, the location at which operations will be conducted (including identification of the building or buildings, or the portions thereof to be used), and the security measures to be provided. The Director may require any additional information. Operations shall not be commenced until authorized by the Director.

(c) Records. Reports concerning the operations need not be submitted unless required by the Director, but records of the quantities of spirits produced, received, and used each day shall be made and retained for inspection by ATF officers.

(d) Discontinuance of operations. When operations authorized by the Director are discontinued, all remaining spirits shall be disposed of by destruction. When these spirits have been destroyed, notice of the discontinuance of

27 CFR Ch. I (4–1–01 Edition)
operations shall be given to the regional director (compliance).

(Sec. 201, Pub. L. 85-859, 72 Stat. 1375, as amended (26 U.S.C. 5512))

AUTHORITIES OF THE REGIONAL DIRECTOR (COMPLIANCE)

§ 19.72 Other businesses.

Application to conduct at a distilled spirits plant a type of business other than that of a distiller, warehouseman, or processor may be approved by the regional director (compliance) if the Director has, as provided in §19.68, authorized the carrying on of a business of the type proposed, unless the regional director (compliance) finds that there are particular conditions in respect to the applicant’s plant that would cause the carrying on of such business to be a jeopardy to the revenue or a hindrance to the effective administration of this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended, 1395, as amended (26 U.S.C. 5178, 5552))

§ 19.73 Emergency variations from requirements.

The regional director (compliance) may approve construction, equipment, and methods of operation other than as specified in this part, where he finds that an emergency exists and the proposed variations from the specified requirements are necessary, and the proposed variations—

(a) Will afford the security and protection to the revenue intended by the prescribed specifications;
(b) Will not hinder the effective administration of this part; and
(c) Will not be contrary to any provisions of law.

Variations from requirements granted under this paragraph are conditioned on compliance with the procedures, conditions, and limitations with respect thereto set forth in the approval of the application. Failure to comply in good faith with such procedures, conditions, and limitations shall automatically terminate the authority for such variations and the proprietor thereupon shall fully comply with the prescribed requirements of regulations from which the variations were authorized. Authority for any variation may be withdrawn whenever in the judgment of the regional director (compliance) the revenue is jeopardized or the effective administration of this part is hindered by the continuation of such variation. Where the proprietor desires to employ such variation, he shall submit a written application to do so to the regional director (compliance). The application shall describe the proposed variations and set forth the reasons therefor. Variations shall not be employed until the application has been approved.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178, 5512))

§ 19.74 Disaster exemptions.

The regional director (compliance) may, whenever he finds that it is necessary or desirable, by reason of disaster, temporarily exempt the proprietor of any plant from any provisions of the internal revenue laws and this part relating to spirits, except those requiring the payment of tax on spirits, to the extent he may deem necessary or desirable.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1397, as amended (26 U.S.C. 5562))

§ 19.75 Assignment of officers and supervision of operations.

(a) General. The regional director (compliance) may assign such number of ATF officers to distilled spirits plants and utilize controls (including the use of Government locks and seals) as necessary to maintain supervision of operations conducted at such plants. When supervision is necessary:

(1) The regional director (compliance) may require a proprietor to delay any distilled spirits operation so that it may be conducted in the presence of an ATF officer; and
(2) The regional director (compliance) may require the proprietor to submit a schedule of operations to an ATF officer.

(b) Hours of operation. When operations at a distilled spirits plant are to be conducted in the presence of an ATF officer, such operations:

(1) Shall not
§ 19.76 Allowance of remission, abatement, credit or refund of tax.

§ 19.77 Installation of meters, tanks and other apparatus.

The regional director (compliance) is authorized to require the proprietor to install meters, tanks, pipes, or any other apparatus which the regional director (compliance) deems advisable for the purpose of protecting the revenue. Any proprietor refusing or neglecting to install such apparatus when so required shall not be permitted to conduct business.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1395, as amended (26 U.S.C. 5552))

§ 19.78 Approval of qualifying documents.

The regional director (compliance) is authorized to approve, except as otherwise provided in this part, all qualifying documents, including bonds and consents of surety, required by this part.

§ 19.79 Discontinuance of storage facilities.

When the regional director (compliance) finds that any facilities for the storage of spirits on bonded premises are unsafe or unfit for use, or that spirits stored are subject to great loss or wastage, he may require the discontinuance of the use of such facilities and require the spirits contained therein to be transferred to such other storage facilities as he may designate. Such transfer shall be made at such time and under such supervision as the regional director (compliance) may require and the expense of the transfer shall be paid by the owner or the warehouseman of the spirits. Whenever the owner of such spirits or the warehouseman fails to make such transfer within the time prescribed or to pay the just and proper expense of such transfer, as ascertained and determined by the regional director (compliance), such spirits may be seized and sold in the same manner as goods sold on distraint for taxes, and the proceeds of such sale shall be applied to the payment of the taxes due thereon and the cost and expense of such sale and removal, and the balance shall be paid over to the owner of such spirits.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1369, as amended (26 U.S.C. 5236))
AUTHORITIES OF ATF OFFICERS

§ 19.81 Right of entry and examination.

Any ATF officer may at all times, as well by night as by day, enter any distilled spirits plant, or any other premises where distilled spirits operations are carried on, or structure or place used in connection therewith for storage or other purposes; to make examination of the materials, equipment, and facilities thereon; and make such gauges and inventories as he deems necessary. Whenever any ATF officer, having demanded admittance, and having declared his name and office, is not admitted into such premises by the proprietor or other person having charge thereof, he may at all times, use such force as is necessary for him to gain entry to such premises.

§ 19.82 Detention of containers.

Any ATF officer may detain any container containing, or supposed to contain, spirits when such officer has reason to believe that the tax imposed by law on such spirits has not been paid or determined as required by law or this part, or that such container is being removed in violation of law or this part. Every such container may be held by the ATF officer at a safe place until it shall be determined whether the property so detained is liable by law to be proceeded against for forfeiture. However, such summary detention shall not continue in any case longer than 72 hours without process of law or intervention of the regional director (compliance), unless the person in possession of the container immediately prior to its detention, in consideration of the container being kept on his premises during detention, executes a waiver of the 72-hours limitation on detention of the container.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1375 (26 U.S.C. 5311))

§ 19.83 Samples for the United States.

Any ATF officer is authorized to take samples of spirits, denatured spirits, articles, wines, or any other materials which may be added to such products for analysis, testing, or other determinations to ascertain whether there is compliance with the provisions of law and regulations. When such samples are removed from the bonded premises, the ATF officer shall give the proprietor a receipt covering the sample so removed.

§ 19.84 Gauging and measuring equipment.

All gauging and measuring equipment and means required by 27 CFR part 30 and this part to be furnished by the proprietor for the purpose of ascertaining the quantity, alcoholic content, specific gravity, and producing capacity of any materials, denaturants, mash, wort, or beer, or the quantity and alcoholic content of spirits, denatured spirits, or wines, shall be maintained by the proprietor in accurate and readily usable condition. Any ATF officer may disapprove the use of any equipment or means if such officer finds it would be insufficiently accurate and the proprietor shall promptly provide accurate equipment or means in lieu of the disapproved equipment or means.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1320, as amended, 1358, as amended (26 U.S.C. 5006, 5204))

ENTRY AND EXAMINATION OF PREMISES

§ 19.86 Furnishing facilities and assistance.

On the demand of any ATF officer or agent, the proprietor shall furnish the necessary facilities and assistance to enable the officer or agent to gauge the spirits in any container or to examine any apparatus, equipment, containers, or materials on the distilled spirits plant premises. The proprietor shall also, on demand of an ATF officer or agent, open all doors, and open for examination all containers on the plant premises. The proprietor shall, on request of an ATF officer, furnish the exact locations (including the number of containers at each location) of all packages and similar portable approved containers within a given lot.
§ 19.91  Gauging.

(a) Gauging of spirits and wine. Gauges shall be made by the proprietor. However, the regional director (compliance) may require that such gauges be made in the presence of and be verified by an ATF officer. Gauges of spirits, denatured spirits, or wine shall be made in accordance with 27 CFR part 30 and as provided in this part. However, the gauge for wine that is to be transferred to a bonded wine cellar shall be recorded by kind and percent of alcohol by volume. When bulk spirits, denatured spirits, or wines are to be volumetrically measured, the measurement shall be in a tank or bulk conveyance for which a calibration chart is provided, by a meter approved under § 19.277, or, when approved by the Director, by other devices or methods. Calibration charts shall be certified as accurate by persons qualified to calibrate tanks or bulk conveyances. When spirits in bottles are gauged, the gauge may be established on the basis of legible case markings and label information, if (1) the bottles are full, and (2) there is no evidence that the bottles have been tampered with.

(b) Gauging of alcoholic flavoring materials. Each alcoholic flavoring material shall be gauged when dumped, except that when received from a manufacturer in a closed nonporous bottle, can, or package such material may be gauged by using the proof derived from the container label or a related statement of the proof from the manufacturer. When proof is determined from a label or manufacturer’s statement, the proprietor shall periodically test a sufficient number of samples of the alcoholic flavoring material to verify the accuracy of the proof so determined and shall record the results of those tests on the gauge record. The regional director (compliance) may require that all alcoholic flavoring materials be gauged by the methods provided in 27 CFR part 30.

§ 19.92  When gauges are required.

(a) Initial proof. Except for a gauge required by §19.383 or §19.517 or in any case where the proof changes as a result of a storage or processing operation, the initial determination of proof for distilled spirits, wine, or eligible flavors may be used whenever a subsequent gauge is required by this part to be made at the same plant.

(b) Required gauges. Spirits, wine and alcoholic flavoring materials shall be gauged whenever required by this part. Such gauges include:

1. Entered for deposit,
2. Filled into packages from storage tanks,
3. Transferred or received in bond,
4. Transferred between operational accounts,
5. Mixed in the manufacture of a distilled spirits product,
6. Reduced in proof prior to commencement of bottling,
7. Destroyed,
8. Removed or withdrawn from bond,
9. Returned to bond, or
10. As otherwise required by the regional director (compliance).

§ 19.93  Quantity determination of spirits in bond.

Where bulk spirits in bond are gauged for determination of tax, or are gauged in packages, the quantity shall be determined by weight pursuant to the provisions of 27 CFR part 30. In all other instances where spirits are gauged in bond, gauged for denaturation, or are gauged for transfer in bond or for withdrawal from bond free of tax or without payment of tax, the quantity may be determined by weight or volume. Volumetric determinations of
§ 19.96 Securing of conveyances.

(a) Construction for securing. If a conveyance is required by this part to be secured, the conveyance shall be constructed in such manner that all openings, including valves (if any) on bulk conveyances, may be closed and secured.

(b) Approval of securing devices. (1) All seals, locks, or other devices that are required to be used on conveyances in which spirits are transferred in bond, or withdrawn free of tax or without payment of tax, shall be approved by the Director prior to use. However, cap seals, at least 3⁄4 of an inch in diameter, and ball-strap-type (railroad) seals with a strap at least 5⁄16 of an inch wide may be used on conveyances without prior approval of the Director. Such seals shall:

(i) Be made of durable materials,
(ii) Bear the plant registration number or name, or readily recognizable abbreviation of the name of the proprietor,
(iii) Bear a serial number including letter prefixes or suffixes, that will not be repeated within a six month period,
(iv) Be durably marked in readily legible form, and
(v) Be made so that their being opened will leave evidence thereof.

(2) Seals, locks, or other devices that are used on conveyances to transport taxpaid spirits, or denatured spirits transferred in bond or withdrawn free of tax, need not be approved.

(c) Furnishing and affixing securing devices. (1) Seals, locks, or other devices for use on conveyances shall be furnished and affixed by the proprietor.

(2) The regional director (compliance) may, if he deems necessary, require conveyances in which spirits are: (i) transferred in bond, (ii) withdrawn free of tax, or (iii) withdrawn without payment of tax, to be secured by seals, locks, or other devices approved and furnished by the Bureau and affixed by an ATF officer.

(3) Seals, locks, or other devices shall be affixed:

(i) As soon as the conveyance is loaded for shipment, and
(ii) In such a manner that access to the contents of the conveyance cannot be gained without showing evidence of tampering.

(4) The openings of bulk conveyances may be secured with permanent seals, locks, or other devices.

(d) Numbers and marks on proprietor’s securing devices. Seals, locks, or other devices that are furnished by the proprietor for use on conveyances shall be serially numbered. Letter abbreviations of the name of a proprietor may not be used unless approved by the Director pursuant to written application.

§ 19.97 Taxpaid spirits or wines on bonded premises.

Spirits or wines on which the tax has been paid or determined may be conveyed within a plant across bonded premises, but such spirits or wines shall not be stored or allowed to remain on the bonded premises and shall be kept separate and apart from spirits or wines on which the tax has not been paid or determined. However, spirits returned to bonded premises in accordance with the provisions of 26 U.S.C. 5215 shall be allowed to remain on the bonded premises.

§ 19.98 Conveyance of untaxpaid spirits or wines within a distilled spirits plant.

Untaxpaid spirits or wines may be conveyed between different portions of the bonded premises of the same distilled spirits plant, across any other premises of such plant; or (by uninterrupted transportation) over any public thoroughfare; or (by uninterrupted transportation) over a private roadway if the owner, or lessee, of the roadway agrees, in writing, to allow ATF officers access to the roadway to perform any inspection or examination necessary to determine that the spirits or wines are being transported in compliance with the laws and regulations governing the handling and transportation of such spirits or wines.
§ 19.99 Spirits in customs custody.

Spirits in customs custody may be conveyed, when necessary, across distilled spirits plant premises if:

(a) The spirits are not stored or allowed to remain on the premises of the distilled spirits plant;

(b) The spirits are kept separate and apart from other spirits on the premises and are moved expeditiously;

(c) A description of the means and route of conveyance of the spirits across the plant premises has been submitted to and approved by the regional director (compliance), and

(d) Consent of surety on the operations or unit bond has been furnished by the proprietor, on Form 1533, extending the terms of the bond to cover conveyance of the spirits.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.100 Execution under penalties of perjury.

(a) Declaration. When a return, claim, form, or other document called for under this part, or in the instructions thereon, is required to be executed under penalties of perjury, it shall contain the following declaration:

I declare under the penalties of perjury that this (insert type of document, such as report, or claim), including supporting documents, has been examined by me and, to the best of my knowledge and belief, is true, correct, and complete.

(b) Signing. The declaration shall bear the signature and title of the proprietor or other duly authorized person.

(iv) Data or documents indicating the prospective volume of business or need for establishment.

(c) Approval. (1) The regional director (compliance) may approve the application for registration if the proposed location of the warehouse will not be a jeopardy to the revenue and there is satisfactory evidence of the need for establishing a warehouse.

(2) The regional director (compliance) may also limit the type of operation to be conducted at a bonded warehouse established with less than the minimum storage requirements.

(d) Special condition. The proprietor of a warehouse established for a limited type of operation shall not, in any manner, expand or change his operation to include any other type of operations until, pursuant to written application to make such change, he has obtained the approval of the regional director (compliance).

CHANGES AFTER ORIGINAL QUALIFICATION

§ 19.180 Application for amended registration.

Where there is a change with respect to the information shown in the notice of registration, the proprietor shall submit, within 30 days of such change (except as otherwise provided in this subpart), an application on Form 5110.41 for amended registration. Such application shall set forth, on sheets appropriately numbered or otherwise identified, the information necessary to make the notice of registration accurate and current. Where the change affects only pages or parts of pages of the notice of registration, such complete pages shall be submitted as will enable the replacement of the pages affected and maintenance of the file as provided in §19.155.

§ 19.181 Automatic termination of permits.

(a) Permits not transferable. Operating permits issued under this part shall not be transferred. In the event of the lease, sale, or other transfer of such a permit, or of the operations authorized thereby, the permit shall thereupon automatically terminate.

(b) Corporations. In the case of a corporation holding an operating permit under this part, if actual or legal control of the permittee corporation changes, directly or indirectly, whether by reason of change in stock ownership or control (in the permittee corporation or in any other corporation), by operation of law, or in any other manner, such permit may remain in effect with respect to the operation covered thereby until the expiration of 30 days after such change, whereupon such permit shall automatically terminate. However, if within such 30 day period an application for a new permit covering such operation is made, then the outstanding operating permit may remain in effect with respect to the continuation of the operation covered thereby until final action is taken on such application. When such final action is taken, such outstanding operating permit shall thereupon automatically terminate.

(c) Basic permits. The termination of basic permits is governed by the provisions of 27 CFR part 1.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1370, as amended (26 U.S.C. 5271))

§ 19.183 Change of trade name.

If there is to be a change in, or addition of, a trade name, the proprietor shall file application to amend the operating and/or basic permit; a new bond or consent of surety will not be required. Operations may not be conducted under the new trade name prior to issuance of the amended permit.

§ 19.184 Changes in stockholders.

Changes in the list of stockholders furnished under the provisions of §19.167(c)(1) may, in lieu of submission within 30 days of the change under the provisions of §19.180, be submitted annually by the proprietor on May 1 or other date approved by the regional director (compliance), except where the sale or transfer of capital stock results in a change in the control or management of the business.

§ 19.185 Changes in officers and directors.

Where there is any change in the list of officers and directors furnished under the provisions of §19.167(a)(2), the proprietor shall submit, within 30 days of any such change, an application on Form 5110.41 for amended registration, supported by a new list of officers and directors and a statement of the changes reflected in such list. Where the proprietor has shown to the satisfaction of the regional director (compliance) that certain corporate officers listed on the original application have no responsibilities in connection with the operations covered by the registration, the regional director (compliance) may waive the requirements for submitting applications for amended registration to cover changes of such corporate officers.

§ 19.186 Change in proprietorship.

(a) General.

If there is a change in the proprietorship of a plant qualified under this part, the outgoing proprietor shall comply with the requirements of §19.211, and the successor shall, before commencing operations, apply for and obtain the required permits, file the required bonds, and file application for and receive notice of registration of the plant in the same manner as a person qualifying as the proprietor of a new plant, except that the successor may, in the manner provided in §19.187, adopt the approved formulas (5150.9) of the predecessor. Spirits may be transferred from an outgoing proprietor of a plant to a successor in the manner provided in §19.201.

(b) Fiduciary.

If the successor to the proprietorship of a plant is an administrator, executor, receiver, trustee, assignee or other fiduciary, he shall comply with the provisions of paragraph (a) of this section except that he may, in lieu of filing a new bond, furnish consent of surety extending the terms of the predecessor’s bond, and he may also incorporate by reference in the application for registration on Form 5110.41 any pertinent information contained in the predecessor’s notice of registration. The fiduciary shall furnish a certified copy of the order of the court or other pertinent document showing qualification as such fiduciary. The effective dates of the qualifying documents filed by the fiduciary shall be the effective date of the court order, or the date specified therein for him to assume control. If the fiduciary was not appointed by a court, the date of assuming control shall coincide with
the effective date of the qualifying documents filed by the fiduciary.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1349, as amended (26 U.S.C. 5172))

§ 19.188 Partnerships.

If under the laws of the particular State, the partnership is not terminated on death or insolvency of a partner, but continues until the winding up of the partnership affairs is completed, and the surviving partner has the exclusive right to the control and possession of the partnership assets for the purpose of liquidation and settlement, such surviving partner may continue to operate the plant under the prior qualification of the partnership, provided a consent of surety is filed, wherein the surety and the surviving partner agree to remain liable on the operations or unit bond. If such surviving partner acquires the business on completion of the settlement of the partnership, he shall qualify in his own name from the date of acquisition, as provided in §19.186(a). The rule set forth in this section shall also apply where there is more than one surviving partner.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1349, as amended (26 U.S.C. 5172))

§ 19.189 Change in location.

Where there is a change in the location of the plant, the proprietor shall file applications to amend the registration of the plant and the operating and/or basic permit, and either a new bond or a consent of surety on Form 1533. Operation of the plant may not be commenced at the new location prior to approval of the amended registration and issuance of the amended permit.

§ 19.190 Changes in premises.

Except as provided in §§19.202, 19.203, 19.204, and 19.205, where bonded premises, or any other premises included as a part of the plant are to be extended or curtailed, the proprietor shall file an application for registration, Form 5110.41, to cover such extension or curtailment. Premises and equipment to be included by extension or to be excluded by curtailment shall not, prior to approval by the regional director (compliance) of the required documents, be used for other than previously approved purposes.

§ 19.191 Change in operations.

If the proprietor proposes to conduct a new business or operation involving spirits, he shall file applications to amend the registration of the plant and the operating and/or basic permit. If the proprietor desires to engage, on the plant premises, in other businesses, as provided in subpart D, he shall submit an application to amend the registration of the plant to include the information required under §19.152(l)(4). The additional operation or business may not be carried on prior to approval of the amended registration and (if required) issuance of the amended permit.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1349, as amended (26 U.S.C. 5172))
§ 19.192 Change in production procedure.

If the proprietor desires to produce a new product or make a change in a production procedure which would affect the designation, or substantially affect the character of his product, the proprietor shall file an application to amend the registration of the plant to include the amended or new statement of production procedure. The new or changed procedure may not be used prior to approval of the amended registration.

§ 19.193 Changes in construction or use of buildings and equipment.

(a) Changes. When a material change, affecting the accuracy of the notice of registration, is to be made in the construction or use of buildings or equipment of a plant, other than a change covered by §§ 19.190, 19.202, 19.203, 19.204, or 19.205, the proprietor shall, before making such change, submit a letterhead notice to the regional director (compliance) through the area supervisor.

(b) Letterhead notice. The letterhead notice shall:

(1) Describe the proposed change in detail;
(2) Be kept on file with the proprietor's current notice of registration; and
(3) After completion of the change, be incorporated in the next amendment of the notice of registration on Form 5110.34, unless the regional director (compliance) requires immediate amendment.

(c) Emergency changes. The proprietor may make emergency material changes without prior notification, but when such emergency changes are made, the proprietor shall promptly report such changes to the area supervisor.

§ 19.201 Procedure for alternating proprietors.

(a) General. A plant, or any part thereof which is suitable for qualification as a separate plant, may be operated alternately by proprietors who have filed and received approval of the necessary bonds and applications for registration, and have otherwise qualified under the provisions of this subpart. Where operations by alternating proprietors are limited to parts of the plant, the notice of registration shall describe the areas, rooms or buildings or combination thereof, which will be alternated, and shall be accompanied by special diagrams designating the parts of the plant which are to be alternated. A special diagram shall be submitted for each arrangement under which the premises will be operated. Once such qualifying documents have been approved, and initial operations have been conducted thereunder, the plant, or parts thereof, may be alternated by the proprietor filing notices on Form 5110.34 with the regional director (compliance). Any transfer of spirits, idenatured spirits, and wines shall be indicated on Form 5110.34 filed by each proprietor.

(b) Production. Distilling materials and unfinished spirits in any bonded areas, rooms or buildings to be alternated shall be processed to completion by the outgoing proprietor unless transferred to the incoming proprietor. All finished spirits shall be marked and removed by the outgoing proprietor in the name in which produced, before production gauge is made of any spirits by the incoming proprietor.

(c) Storage. Spirits and wines in any bonded areas, rooms, or buildings to be alternated shall be transferred in bond to the incoming proprietor. The outgoing proprietor shall execute a consent of surety on Form 1533 (5000.18) to continue in effect the operations or unit bond whenever operation of the areas, rooms, or buildings is to be resumed by him following suspension of operations by an alternate proprietor.
(d) Processing. Spirits, denatured spirits, wines and articles in any rooms, areas, or buildings to be alternated shall be processed to completion and removed from the affected areas, rooms, or buildings by the outgoing proprietor prior to the effective date and hours given in the notice unless transferred or retained in locked tanks as provided in this paragraph. Spirits, denatured spirits, and wines may be transferred to the incoming proprietor. Further, the outgoing proprietor shall execute a consent of surety on Form 1533 (5000.18) to continue in effect the operations or unit bond whenever operation of the affected areas, rooms, or buildings is to be resumed by him following suspension of operations by the alternate proprietor. Denatured spirits and articles may be retained in tanks locked by approved locks, the keys to which are in the custody of the outgoing proprietor. In this case, the outgoing proprietor shall execute a consent of surety on Form 1533 (5000.18) to continue liability on the operations or unit bond for the tax on such denatured spirits or articles retained in such tanks, notwithstanding the change in proprietorship.

(e) Records. Each proprietor shall maintain separate records and submit separate reports. Records kept by the outgoing proprietor for spirits, wines, and alcoholic flavoring materials may be used by the incoming proprietor. All transfers of distilling materials, unfinished spirits, spirits, denatured spirits, and wines shall be reflected in the records of each proprietor.

(a) General. The premises of a distilled spirits plant may, as provided in this section, be alternately curtailed and extended to permit the facilities of the distilled spirits plant to be used temporarily by customs officers, under applicable customs law and regulations, for the purpose of gauging or processing distilled spirits. The use of the excluded portion of the premises for customs purposes is subject to the approval of the district director of customs. When it is necessary to convey spirits in customs custody across the premises of a distilled spirits plant, the proprietor shall comply with the provisions of §19.99. When a portion of the distilled spirits plant premises is first to be excluded as provided in this section, the proprietor shall file with the regional director (compliance) (1) an application for registration, Form 5110.41, to cover alternate curtailment and extension of premises, and (2) a special diagram, in duplicate, delineating the premises as they will exist, both during extension and curtailment, and clearly depicting all buildings, floors, rooms, areas, equipment and spirits lines (identified individually by letter or number) which are to be subject to alternation, in their relative operating sequence. Once such qualifying documents have been approved by the regional director (compliance), the designated premises and equipment may be alternately curtailed or extended pursuant to notice on Form 5110.34. Portions of the premises to be excluded by curtailment or included by extension shall not be used for purposes other than as set forth in the current notice. The proprietor shall remove all spirits from the premises or equipment affected by the notice prior to the effective date and hours of the notice. However, on release by customs, spirits being transferred to bonded premises under 26 U.S.C. 5232, may remain on the premises to be reincluded in bonded premises.

(b) Separation of premises. The portion of the premises which is to be excluded from the distilled spirits plant premises as provided in this section shall be separated from the remaining portion of the distilled spirits plant premises in a manner which satisfies the regional director (compliance) that the revenue will not be jeopardized.

(c) Exception. Notwithstanding the provisions of paragraphs (a) and (b) of this section, the bonded premises may be used temporarily without filing Form 5110.41 or Form 5110.34, for the sole purpose of gauging bulk distilled

(3) Evidence of existing bond, consent of surety, or a new bond to cover the proposed alternation of premises.

(c) Proprietor’s responsibility. After approval of qualifying documents for the alternation of premises, and after initial operations have been conducted thereunder, the proprietor shall execute Form 5110.34 each time the premises are alternated. Prior to the effective hour of the date shown on the Form 5110.34, the proprietor shall remove all spirits, denatured spirits, articles, and wines from the distilled spirits plant premises alternated to bonded wine cellar premises. Any wine on bonded wine cellar premises shall be removed prior to alternation to distilled spirits plant premises unless wine is being simultaneously transferred in bond to the distilled spirits plant.

(d) Separation of premises. Separation of distilled spirits plant premises from bonded wine cellar premises after alternation shall be in a manner which satisfies the regional director (compliance) that the revenue will not be jeopardized.
§ 19.205 Alternate curtailment and extension of bonded premises for use as general premises.

(a) General. The premises of a distilled spirits plant may, as provided in this section, be alternately curtailed and extended to permit the bonded premises of the distilled spirits plant to be used temporarily as general premises, or to permit the general premises of a distilled spirits plant to be used temporarily as bonded premises.

(c) Proprietor’s responsibility. Once such qualifying documents have been approved by the regional director (compliance), the designated premises and equipment may be alternately curtailed or extended pursuant to notice on Form 5110.34. Portions of the premises to be excluded by curtailment or included by extension shall not be used for purposes other than as set forth in the current notice. The proprietor shall remove all spirits, denatured spirits, articles, and wines from the premises or equipment affected by the notice prior to the effective date and hour of the notice, except that—

1. Bonded spirits on portions of bonded premises that are to be curtailed to general premises need not be removed if the spirits are taxpaid concurrent with the filing of Form 5110.34 to effect curtailment; and

2. Taxpaid spirits on portions of general premises to be curtailed to bonded premises need not be removed if the spirits are to be immediately dumped and returned to bond under the provisions of subpart U of this part.

(d) Separation of premises. The portion of the premises which is to be curtailed or extended as provided in this section shall be separated from the remaining portion of the distilled spirits plant in a manner which satisfies the regional director (compliance) that the revenue will not be jeopardized.

(c) Proprietor’s responsibility. Every person intending to establish a distilled spirits plant shall file an operations or unit bond as prescribed in this subpart, covering distilled spirits operations at such plant, with the regional director (compliance), at the time of filing the original application for registration of the plant, and at such other times as are required by this part. Such bond shall be conditioned that he shall faithfully comply with all provisions of law and regulations relating to activities covered by such bond, will pay all taxes imposed by 26 U.S.C. Chapter 51, and shall pay all penalties incurred or fines imposed for violation of any such provisions. The regional director (compliance) may require, in connection with any operations or unit bond, a statement, executed under the penalties of perjury, as to whether the principal or any person owning, controlling, or actively participating in the management of the business of the principal has been convicted of or has compromised any offense set forth in §19.237(a)(1) or has been convicted of any offense set forth in §19.237(a)(2). In the event the above statement contains an affirmative answer, the applicant shall submit a statement describing in detail the circumstances surrounding such conviction or compromise. No person shall commence or continue distilled spirits operations at such plant unless he has a valid operations or unit bond (and

§ 19.232 Additional condition of operations bond.

In addition to the requirements of §19.231, the operations bond shall be conditioned on payment of the tax now or hereafter in force, except as provided by law, including taxes on all unexplained shortages of bottled distilled spirits.

§ 19.233 Corporate surety.

(a) Surety bonds required by this part may be given only with corporate sureties holding certificates of authority from, and subject to the limitations prescribed by, the Secretary as set forth in the current revision of Treasury Department Circular 570 (Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies).

(b) Treasury Department Circular No. 570 is published in the Federal Register yearly as of the first workday of July. As they occur, interim revisions of the circular are published in the Federal Register. Copies may be obtained from the Audit Staff, Bureau of Government Financial Operations, Department of the Treasury, Washington, DC 20226.

§ 19.234 Deposit of securities in lieu of corporate surety.

In lieu of corporate surety, the principal may pledge and deposit, as surety for his bond, securities which are transferable and are guaranteed as to both interest and principal by the United States, in accordance with the provisions of 31 CFR part 225.

§ 19.235 Consents of surety.

Consents of surety to changes in the terms of bonds shall be executed on Form 1533 by the principal and by the surety with the same formality and proof of authority as is required for the execution of bonds.

§ 19.236 Filing and execution of powers of attorney.

(a) Filing. Each bond, and each consent to changes in the terms of a bond, shall be accompanied by a power of attorney authorizing the agent or officer who executed the bond or consent to so act on behalf of the surety. The regional director (compliance) who is authorized to approve the bond may require additional evidence of the authority of the agent or officer to execute the bond or consent.

(b) Execution. The power of attorney shall be prepared on a form provided by the surety company and executed under the corporate seal of the company. If the power of attorney submitted is other than a manually signed original, it shall be accompanied by certification of its validity.

§ 19.237 Disapproval of bonds or consents of surety.

(a) Disapproval. The regional director (compliance) may disapprove any bond or consent of surety submitted in respect to the operations of a distiller, warehouseman, or processor, if the principal or any person owning, controlling, or actively participating in the management of the business of the principal shall have been previously convicted, in a court of competent jurisdiction of—

(1) Any fraudulent noncompliance with any provision of any law of the United States, if such provision related to internal revenue or customs taxation of spirits, wines, or beer, or if such an offense shall have been compromised with the person on payment of penalties or otherwise, or

(2) Any felony under a law of any State or the District of Columbia, or the United States, prohibiting the

manufacture, sale, importation, or transportation of spirits, wine, beer, or other intoxicating liquor.

(b) Appeal. Where a bond or consent of surety is disapproved by the regional director (compliance), the person giving the bond may appeal to the Director, who will hear such appeal. The decision of the Director shall be final.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1394, as amended (26 U.S.C. 5551))

§§ 19.238–19.240 [Reserved]

(a) General. A wine cellar under the provisions of 27 CFR part 24 shall be treated as being adjacent to a distilled spirits plant if—

(1) Such distilled spirits plant is qualified under subpart G for the production of distilled spirits; and

(2) Such wine cellar and distilled spirits plant are operated by the same person (or in the case of a corporation, by such corporation and its controlled subsidiaries). For the purpose of this section a controlled subsidiary is a corporation where more than 50 percent of the voting power is controlled by the parent corporation.

(b) Bond in lieu of wine cellar bond. In the case of an adjacent bonded wine cellar, a bond furnished under this subpart which covers operations at such bonded wine cellar shall be in lieu of any bond which would otherwise be required under 26 U.S.C. 5354 with respect to such wine cellar (other than supplemental bonds required under the second sentence of 26 U.S.C. 5354) and the operations bond listed in §19.245(a)(1).

(c) Liability. Bonds given under this section shall contain the terms and conditions of the bonds in lieu of which they are given. The total amount of such operations bond shall be available for the satisfaction of any liability incurred under the terms or conditions of such bond.

(Sec. 805(c), Pub. L. 96–39, 93 Stat. 276 (26 U.S.C. 5173))

§ 19.242 Area operations bond.

Any person (or, in the case of a corporation, a corporation and its controlled subsidiaries) operating more than one plant in a region may give an area operations bond covering the operation of any two or more of such plants, and any bonded wine cellars which are adjacent to such plants and which otherwise could be covered by an operations bond. For the purpose of this section, a controlled subsidiary is a corporation where more than 50 percent of the voting power is controlled by the parent corporation. Bonds given under this section shall be in lieu of the bonds which would be required under §19.245(a) and shall contain the terms and conditions of such bonds. If the area operations bond covers the operations of more than one corporation, each corporation shall be shown as principal, and the bond shall be signed for each corporation. The total amount of the area operations bond shall be available for the satisfaction of any liability incurred under the terms or conditions of such bond.

(Sec. 805(c), Pub. L. 96–39, 93 Stat. 276 (26 U.S.C. 5173))

Any person (or, in the case of a corporation, a corporation and its controlled subsidiaries) operating one or more distilled spirits plants within a region and who intends to withdraw spirits from bond on determination, but before payment, of the tax shall, before making any such withdrawal, furnish a withdrawal bond to secure payment of the tax on all spirits so withdrawn. Such bond shall be in addition to the operations bond, and if the distilled spirits are withdrawn under the withdrawal bond, the operations bond shall no longer cover liability for payment of the tax on the spirits withdrawn. For the purpose of this section, a controlled subsidiary is a corporation where more than 50 percent of the voting power is controlled by the parent corporation. The bond, if it covers more than one plant, shall show as to each plant covered by the bond the part of the total sum which represents the penal sum (computed in accordance with §19.245) for each such plant. If the

Penal sum of the bond covering a plant, or the penal sum allocated to any plant (where the bond covers more than one plant), is in an amount less than the maximum prescribed in §19.245, withdrawals from such plant shall not exceed the quantity permissible, as reflected by the penal sum in the bond for such plant. Such withdrawal bond shall be conditioned that the total amount of the bond shall be available for satisfaction of any liability incurred under the terms and conditions of such bond.

(Sec. 805(c), Pub. L. 96–39, 93 Stat. 276 (26 U.S.C. 5173))

§ 19.244 Unit bond.

Any person (or, in the case of a corporation, a corporation and its controlled subsidiaries) who would otherwise be required to give bonds for both operations at one or more distilled spirits plants (and any adjacent bonded wine cellars) and withdrawals from one or more distilled spirits plants within a region may, in lieu of furnishing separate bonds for operations and withdrawals, furnish a unit bond containing the terms and conditions of the bonds in lieu of which it is given. For the purpose of this section, a controlled subsidiary is a corporation where more than 50 percent of the voting power is controlled by the parent corporation. The unit bond shall show as to each plant covered by the bond the part of the total sum which represents the penal sum (computed in accordance with §19.245) for operations at and withdrawals from such plant. If the penal sum of the bond covering a plant, or the penal sum allocated to any plant (if the bond covers more than one plant), is in an amount less than the maximum prescribed in §19.245, operations at and/or withdrawals from such plant shall not exceed the quantity permissible as reflected by the penal sum in the bond for such plant. The unit bond shall be conditioned that the total amount of the bond shall be available for satisfaction of any liability incurred under the terms and conditions of such bond.

§ 19.246 Strengthening bonds.

In all cases when the penal sum of any bond becomes insufficient, the principal shall either give a strengthening bond with the same surety to attain a sufficient penal sum, or give a new bond to cover the entire liability. Strengthening bonds will not be approved where any notation is made thereon which is intended, or which may be construed, as a release of any former bond, or as limiting the amount of any bond to less than its full penal sum. Strengthening bonds shall show the current date of execution and the effective date.

§ 19.247 General.

New bonds shall be required in case of insolvency or removal of any surety, and may, at the discretion of the regional director (compliance), be required in any other contingency affecting the validity or impairing the efficiency of such bond. Executors, administrators, assignees, receivers, trustees, or other persons acting in a fiduciary capacity, continuing or liquidating the business of the principal, shall execute and file a new bond or obtain the consent of the surety or sureties on the existing bond or bonds. When, under the provisions of § 19.250, the surety on any bond given under this subpart has filed an application to be relieved of liability under said bond and the principal desires or intends to continue the business of operations to which such bond relates, he shall file a valid superseding bond to be effective on or before the date specified in the surety’s notice. New or superseding bonds shall show the current date of execution and the effective date.

§ 19.248 New or superseding bond.

(a) Operations bond. When a new or superseding operations bond is not given as required in § 19.247, the principal shall immediately discontinue the business or distilled spirits operations to which such bond relates.

(b) Withdrawal bond. When a new or superseding withdrawal bond is not given as required by § 19.247, the principal may not withdraw any distilled spirits from bonded premises (other than distilled spirits withdrawn under 26 U.S.C. 5214 or 7510) except on prior payment of tax.

(c) Unit bond. When a new or superseding unit bond is not given as required by § 19.247, the principal shall immediately discontinue the business or distilled spirits operations to which such bond relates and may not withdraw any distilled spirits from bonded premises (other than distilled spirits withdrawn under 26 U.S.C. 5214 or 7510) except on prior payment of tax.

§ 19.249 Termination of bonds.

Operations, withdrawal, or unit bonds may be terminated as to liability for future withdrawals and/or to future production or deposits.

(a) Pursuant to application of the surety as provided in § 19.250.

(b) On approval of a superseding bond.

(c) On notification by the principal that he has discontinued withdrawals under the bond if such bond was filed solely as a withdrawal bond, or

(d) On notification by the principal that he has discontinued business.

§ 19.250 Application of surety for relief from bond.

A surety on any operations, withdrawal, or unit bond may at any time in writing notify the principal and the regional director (compliance) in whose office the bond is on file that he desires, after a date named, to be relieved
of liability under said bond. Such date shall be not less than 10 days after the date the notice is received by the regional director (compliance) in the case of a withdrawal bond, and not less than 90 days after the date the notice is received in the case of an operations or unit bond. The surety shall also file with the regional director (compliance) an acknowledgment or other proof of service on the principal. If such notice is not thereafter in writing withdrawn, the rights of the principal as supported by said bond shall be terminated on the date named in the notice, and the surety shall be relieved from liability to the extent set forth in §19.251.

§19.251 Relief of surety from bond.

(a) General. The surety on an operations, withdrawal, or unit bond who has filed application for relief from liability as provided in §19.250 shall be relieved from liability under such bond as set forth in this section.

(b) Operations or unit bonds. Where a new or superseding bond is filed, the surety shall be relieved of future liability with respect to production and deposits wholly subsequent to the effective date of the new or superseding bond. Notwithstanding such relief, the surety shall remain liable for the tax on all distilled spirits or wines produced, or for other liabilities incurred, during the term of the bond. Where a new or superseding bond is not filed the surety shall, in addition to the continuing liabilities above specified, remain liable under the bond for all spirits or wines on hand or in transit to the bonded premises or bonded wine cellar, as the case may be, on the date named in the notice until all such spirits or wines have been lawfully disposed of, or a new bond has been filed by the principal covering the same.

(c) Withdrawal or unit bonds. The surety shall be relieved from liability for withdrawals made wholly subsequent to the date specified in the notice, or the effective date of a new bond, if one is given.

§19.252 Release of pledged securities.

Securities of the United States pledged and deposited as provided in §19.224 shall be released only in accordance with the provisions of 31 CFR part 225. Such securities will not be released by the regional director (compliance) until liability under the bond for which they were pledged has been terminated. When the regional director (compliance) is satisfied that they may be released, he shall fix the date or dates on which a part or all of such securities may be released. At any time prior to the release of such securities, the regional director (compliance) may extend the date of release for such additional length of time as he deems necessary.

(4) Lots of spirits weighing 1,000 pounds or less shall be weighed on scales having 1/2 pound graduations.

(c) Testing of scale tanks. (1) Proprietors shall ensure the accuracy of scales used for weighing lots of spirits or denatured spirits through tests conducted at intervals of not more than 6 months, and whenever scales are adjusted or repaired.

(2) Proprietors shall also test, at least once a month, the gallonage represented to be in a scale tank against the gallonage indicated by volumetric determination of the contents of the tank. However, if the scale is not used during a month the volumetric determination need only be verified at the next time actually used.

(3) The volumetric determination shall be made in accordance with 27 CFR part 30, and if the variation exceeds 0.5 percent of the quantities shown to be in the tank, the proprietor shall take appropriate steps to have the accuracy of the scale verified.

(b) Instruments. Hydrometers and thermometers used by proprietors to gauge spirits shall show subdivisions or graduations of proof and temperature which are at least as delimited as those prescribed in 27 CFR part 30. Proprietors shall make frequent tests of their hydrometers and thermometers, and, if they appear to be in error in excess of one subdivision, the instruments shall not be used until they are further tested and certified as accurate by the manufacturer or another qualified person.

(c) Meters. The regional director (compliance) may approve applications to measure spirits by meter for purposes other than tax determination. Applications shall include sufficient technical data, such as the make, model and accuracy tolerance, to enable the regional director (compliance) to evaluate the suitability of the meter for its intended use. Corrections for temperature of the spirits being measured shall be made in conjunction with the volumetric measurement of spirits by meter. If a meter does not have a temperature compensating feature, temperature correction shall be ascertained and made from a representative sample taken from the spirits being measured.

Except as otherwise specifically provided in this section, quantities may be determined by volume or by weight, by approved meter, or, when approved by the Director, by other devices or methods which accurately determine the quantities. If caramel is added to brandy or rum, the proof of the spirits shall be determined after the addition. Spirits in each receiving tank shall be gauged before reduction in proof and both before and after each removal of spirits therefrom. The gauges shall be recorded by the proprietor in the records required by §19.736.

§ 19.322 Distillates containing extraneous substances.

(a) Use in production. Distillates containing substantial quantities of fusel oil, aldehydes, or other extraneous substances may be removed from the distilling system prior to the production gauge for addition to fermenting or distilling material at the distillery where produced. Distillates removed from the distilling system under the provisions of this paragraph shall be added promptly to the fermenting or distilling material.

(b) Use at bonded wine cellar. Distillates containing aldehydes may be removed, without payment of tax, to an adjacent bonded wine cellar for use therein for fermentation of wine to be used as distilling material at the distilled spirits plant from which the distillates were removed. The gauge and removal of distillates to an adjacent bonded wine cellar shall be in accordance with applicable provisions of subpart P of this part relating to withdrawal of wine spirits for use in wine production and the receipt and use of such distillates at an adjacent bonded wine cellar shall be in accordance with the provisions of 27 CFR part 240.

(b) As provided in 27 CFR 5.27, an approved formula on Form 5110.38 is required for the redistillation of spirits in the production account.

CHEMICAL BY-PRODUCTS

§ 19.326 Spirits content of chemicals produced.

All chemicals produced, including chemical by-products of the spirits production system, shall be substantially free of spirits before being removed from bonded premises. Except as authorized by the Director, the spirits content of such chemicals to be removed from bonded premises shall not exceed 10 percent by volume. Proprietors shall test chemicals for spirits content. Records of the tests will be maintained according to §19.736.

§ 19.327 Disposition of chemicals.

Chemicals meeting the requirements in §19.326 may be removed from bonded premises by pipeline or in such containers as the proprietor may desire. The quantities of such chemicals removed from bonded premises shall be determined by the proprietor and records of removals maintained according to §19.736. Packages of such chemicals may be secured by ATF officers.

§ 19.328 Wash water.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

Subpart K—Redistillation

§ 19.331 General.

Proprietors may also receive and redistill recovered denatured spirits and recovered articles returned under the provisions of §19.683, and articles and spirits residues received under the provisions of §19.684.

§ 19.333 Redistillation.
Spirits shall not be redistilled at a proof lower than that prescribed for the class and type at which such spirits were originally produced, unless the redistilled spirits are to be used in wine production, to be used in the manufacture of gin or vodka, or to be designated as alcohol. Different kinds of spirits must be redistilled separately, or with distilling material of the same kind or type as that from which the spirits were originally produced. However, such restriction shall not apply when (a) brandy is redistilled into “spirits-fruit” (not for use in wine production), (b) whiskey is distilled into “spirits-grain” or “neutral spirits-grain”, (c) spirits originally distilled from different kinds of material are redistilled into “spirits-mixed” or “neutral spirits-mixed”, or (d) the spirits are redistilled into alcohol. All spirits redistilled subsequent to production gauge shall be treated the same as if such spirits had been originally produced by the redistiller and all provisions of this part and 26 U.S.C. Chapter 51 (including liability for tax attaching to spirits at the time of production) applicable to the original production of spirits shall be applicable thereto, except that spirits recovered by redistillation of denatured spirits, articles, or spirits residues may not be withdrawn from bonded premises except for industrial use or after denaturation thereof. Nothing in this section shall be construed as affecting any provision of this chapter or of 27 CFR part 5 relating to the labeling of distilled spirits.

Subpart L—Storage

(a) Deposit. All spirits entered for deposit in the storage account after production as provided in subpart J shall be deposited on the bonded premises designated in the entry for deposit. Spirits withdrawn from customs custody without payment of tax under the provisions of this part shall be received on the bonded premises to which so withdrawn and (unless to be immediately redistilled) shall be deposited...
on such premises. Spirits transferred in bond as provided in subpart P shall be deposited on the bonded premises designated on the transfer record.

(b) Tanks. If spirits or wines are being deposited in a partially filled tank in storage on bonded premises, simultaneous withdrawals may not be made therefrom unless the flow of spirits or wines into and out of the tank is being measured by meters or other devices approved by the regional director (compliance) which permit a determination of the quantity being deposited and the quantity being removed. Proprietors shall maintain records of spirits or wines in tanks in accordance with subpart W of this part.

(c) Storage. Spirits or wines may be held in the storage account in tanks or portable bulk containers on the bonded premises. When used for such storage, containers shall be kept so that they can be readily inspected or inventoried by ATF officers.

§ 19.345 Change of packages.

Spirits or wines in storage may be transferred from one package to another. Except in the case of spirits of 190 degrees or more proof, each new package shall contain spirits from only one package. Packages shall be marked as provided in subpart R of this part. In the case of wines, each package shall bear the same marks as the package from which the wine was transferred.

§ 19.346 Mingling or blending of spirits for further storage.

The following mingling or blending operations are permissible in the storage account of a warehouseman:

(a) Mingling of spirits distilled at 190 degrees of proof or more. Spirits distilled at 190 degrees of proof, whether or not subsequently reduced, may be mingled in storage.

(b) Mingling of spirits distilled at less than 190 degrees of proof. Spirits distilled at less than 190 degrees of proof may be mingled for withdrawal or further storage if—

(1) In the case of domestic spirits:

(ii) Such spirits were produced in the same foreign country; and

(iii) Such spirits were treated, blended, or compounded in the same foreign country and the duty was paid at the same rate.

(3) In the case of imported spirits which are recognized as distinctive products in 27 CFR part 5:

(i) Such spirits are of the same kind;
§ 19.347 Packages dumped for mingling.

When dumping packages of spirits of less than 190 degrees of proof for mingling in the storage account, the proprietor shall record such mingling on the tank record prescribed in §19.742 covering such tank. When packages of spirits of 190 degrees or more of proof are to be mingled, the proprietor shall record such mingling in the tank summary record prescribed in §19.743 for all tanks of spirits of 190 degrees or more of proof. Each package of spirits to be mingled under this subpart shall be examined by the proprietor, and if any package bears evidence of loss due to theft or unauthorized voluntary destruction, such package shall not be dumped until the area supervisor has been notified.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.348 Determining age of mingled spirits.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

INVENTORIES

§ 19.353 Storage inventories.

Each warehouseman shall take a physical inventory of all spirits and wines held in the storage account in tanks and other vessels (except packages) at the close of each calendar quarter and at such other times as the regional director (compliance) may require. The inventory shall separately identify spirits and wines. The results of the inventory shall be recorded in accordance with subpart W of this part.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

Spirits and wines received by pipeline shall be deposited in tanks, gauged by the proprietor, and recorded as dumped. Alcoholic flavoring materials may be retained in the containers in which received or may be transferred to another container if the proprietor marks or otherwise indicates thereon, the full identification of the original container, the date of receipt, and the quantity deposited. Alcoholic flavoring materials and nonalcoholic ingredients shall be considered dumped when mixed with spirits or wines. The proof gallon content of spirits, wines, and alcoholic flavoring materials shall be determined at the time of dumping.

(a) Dump record. When spirits, wines, or alcoholic flavoring materials are dumped for use in the manufacture of a distilled spirits product, and when spirits are dumped for redistillation in the processing account, the proprietor shall prepare a dump record.

(b) Batch record. The proprietor shall prepare a batch record to report:

(1) The dumping of spirits which are to be used immediately and in their entirety in preparing a batch of a product manufactured under an approved formula;

(2) The use of spirits or wines previously dumped, reported on dump records and retained in tanks or receptacles; and

(3) Any combination of ingredients in paragraphs (b) (1) and (2) of this section used in preparing a batch of a product manufactured under an approved formula.

Distilled spirits and wine may be used for the manufacture of flavors or flavoring extracts of a nonbeverage nature as intermediate products to be used exclusively in the manufacture of other distilled spirits products on bonded premises. Nonbeverage products on which drawback will be claimed, as provided in 26 U.S.C. 5131–5134, may not be manufactured on bonded premises. Premises used for the manufacture of nonbeverage products on which drawback will be claimed must be separated from bonded premises. For purposes of computing an effective tax rate, flavors manufactured on either the bonded or general premises of a distilled spirits plant are not eligible flavors.

(See 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.376 Determining obscuration.

Proprietors may determine the proof obscuration as prescribed in 27 CFR §30.32 of spirits to be bottled on the basis of a representative sample taken:

(a) from a storage tank incident to the transfer of the spirits to the processing account, or (b) from a tank after the spirits have been dumped for processing, whether or not combined with
other alcoholic ingredients. The obscuration shall be determined after the sample has been reduced to within one degree of the proof at which the spirits will be bottled. Only water may be added to a lot of spirits to be bottled for which the determination of proof obscuration is made from a sample under this section. The proof obscuration for products gauged pursuant to this section shall be frequently verified by testing samples taken from bottling tanks prior to commencement of bottling.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1358, as amended (26 U.S.C. 5204))

FORMULAS

§ 19.378 Formula requirements.

An approved formula on ATF Form 5110.38 must be secured for spirits for domestic use or export as provided in 27 CFR 5.26–5.27 before processors may blend, mix, purify, refine, compound or treat spirits in any manner which results in a change of character, composition, class or type of the spirits including redistillation as provided in §19.331, and the production of gin or vodka by other than original and continuous distillation.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201, 5555))

Spirits or wines may be removed in any approved bulk container, by pipeline or in bulk conveyances on compliance with the provisions of this part.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1314, as amended, 1320, as amended, 1323, as amended, 1356, as amended, 1360, as amended, 1362, as amended, 1365, as amended, 1380, as amended (26 U.S.C. 5001, 5006, 5008, 5201, 5206, 5212, 5214, 5223, 5362))

§ 19.382 Bottling tanks.

All spirits shall be bottled from tanks listed and certified as accurately calibrated in the notice of registration. However, the regional director (compliance) may authorize bottling from original packages or special containers where it is impracticable to use a bottling tank. Bottlers desiring to bottle from packages or special containers shall file notice with the area supervisor. The notice shall show the necessity for the operations.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.383 Bottling tank gauge.

When a distilled spirits product is to be bottled or packaged, the proprietor shall gauge the product, on completion of any filtering, reduction, or other treatment, and prior to commencement of bottling or packaging. Any gauge made under this section shall be made at labeling or package marking proof while the product is in the tank from which it is to be bottled or packaged, and the details of the gauge shall be entered on the bottling and packaging record prescribed in §19.749.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

Labels affixed to containers shall agree in every respect with the spirits in the tanks from which the containers were filled. If they do not the proprietor shall relabel such spirits with a proper label. The proprietor’s records shall be such that they will enable ATF officers to readily determine, by case or package serial number, which label was used on any given filled container.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.386 Alcohol content and fill.

(a) General. (1) At representative intervals during bottling operations, proprietors shall test and examine bottled spirits to determine whether those spirits agree in alcohol content and quantity (fill) with that stated on the label or bottle.

(2) If the regional director (compliance) finds that a proprietor’s test procedures do not protect the revenue and ensure label accuracy of the bottled product, the regional director may require corrective measures.

(b) Variations in alcohol content and fill. The proprietor shall rebottle, recondition, or relabel spirits if the bottle contents do not agree with the respective data on the label or bottle as to:

(1) Quantity (fill), except for such variation as may occur in filling conducted in compliance with good commercial practice with an overall objective of maintaining 100 percent fill for spirits bottled; and/or

(2) Alcohol content, subject to a normal drop in alcohol content which may occur during bottling operations not to exceed:

(i) 0.25 percent alcohol by volume for products containing solids in excess of 600 mg per 100 ml, or

(ii) 0.25 percent alcohol by volume for all spirits products bottled in 50 or 100 ml size bottles, or

(iii) 0.15 percent alcohol by volume for all other spirits and bottle sizes.

For example, a product with a solids content of less than 600 mg per 100 ml, labeled as containing 40 percent alcohol by volume and bottled in a 750 ml bottle, would be acceptable if the test for alcohol content found that it contained 39.85 percent alcohol by volume.

(c) Records. Proprietors shall record the results of all tests of alcohol content and quantity (fill) in the record required by §19.750.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended, 1394, as amended (26 U.S.C. 5201, 5301))

§ 19.387 Completion of bottling.

When the contents of a bottling tank are not completely bottled at the close of the day, the bottler shall make entries on the bottling and packaging record covering the total quantity bottled that day from the tank. Entries shall be made not later than the morning of the following business day unless the bottler maintains auxiliary or supplemental records as provided in §19.731.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

(2) Each case of spirits filled shall be marked as prescribed by subpart R of this part before removal from such premises.

(b) Unsealed cases. (1) Cases may be temporarily retained on bonded premises without being sealed pending the affixing to bottles of any required labels, State stamps, or seals.

(2) Unsealed cases containing bottles without labels shall be marked in accordance with subpart R of this part, and segregated from other cases on bonded premises pending affixing of the labels, State stamps, or seals.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended, 1360, as amended (26 U.S.C. 5201, 5206))

§ 19.389 Remnants.
Where incident to bottling there remain bottles less than the number necessary to fill a case, the bottles, after being affixed with closures or other devices and labeled, may be marked as a remnant case as provided in subpart R of this part or kept uncased on the bonded premises until spirits of the same kind are again bottled. Appropriate notation shall be made on the bottling and packaging record to cover the bottling and disposition of the remnant. If the remnant is subsequently used to complete the filling of a case, an accounting shall be made on the subsequent bottling and packaging record showing the use of the remnant by adding the remnant gallonage to the quantity to be accounted for together with appropriate notation explaining the transactions.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended, 1360, as amended (26 U.S.C. 5201))

Such packages shall be marked as prescribed by subpart R of this part.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.391 Removals by bulk conveyances or pipelines.

When the spirits in the processing accounts are to be removed in bulk conveyances or by pipeline, the proprietor shall record the filling of the conveyance or the transfer by pipeline on the bottling and packaging record. The spirits shall be removed from bonded premises in accordance with subpart P of this part. The cosignor shall forward to the consignee a statement of composition or a copy of any formula under which such spirits were processed for determining the proper use of the spirits, or for the labeling of the finished product. Bulk conveyances shall be marked as provided in subpart R of this part.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.393 Reclosing and relabeling.

The proprietor may reclose or relabel distilled spirits, either before removal from bonded premises or after return thereto. The reclosing or relabeling of spirits returned to bonded premises shall be done immediately, and the spirits promptly removed. When spirits were originally bottled by another proprietor, the relabeling proprietor shall have on file a statement from the original bottler consenting to the relabeling. When spirits are relabeled, the proprietor shall have a certificate of label approval or certificate of exemption from label approval issued under 27 CFR part 5 for labels used on relabeled spirits. The proprietor shall prepare a separate record according to §19.747 to cover the relabeling or reclosing. For spirits returned to bond under 26 U.S.C. 5215(c), the proprietor shall annotate such information on the record.

The bottler may place on the label any additional information that he may desire if it is not inconsistent with the required information. The label information may be stated in the language of the country to which the spirits are to be exported provided the proprietor maintains on file an English translation of the information. The net contents and proof may be stated in the units of measurement of the foreign country provided the proprietor maintains a record of the equivalent units; and

§ 19.396 Spirits removed for shipment to Puerto Rico.

The proprietor may relabel the spirits to show any of the information provided for in § 19.395. When the proprietor desires to file a claim for drawback on spirits prepared for export under this section, the provisions of 27 CFR 252.195b shall be followed. When the proprietor desires to withdraw spirits without payment of tax, he shall file a notice in accordance with 27 CFR 252.92.

(a) Physical inventories. (1) Physical inventories of bottled and packaged spirits in the processing account shall be taken for the return periods ending June 30 and December 31 of each year, and for other return periods as may be required by the regional director (compliance).

(2) Physical inventories may be taken within a period of a few days before or after June 30 or December 31 (or other dates approved by the regional director (compliance), if:

(i) Such period does not include more than one complete weekend; and

(ii) Necessary adjustments are made to reflect pertinent transactions, so that the recorded inventories will agree with the actual quantities of bottled or packaged spirits on hand in processing at the prescribed times.

(3) On approval of an application filed with the regional director (compliance), required physical inventories may be taken on dates other than June 30 and December 31 if the dates established for taking such inventories:

(i) Coincide with the end of a return period, and

(ii) Are approximately six months apart.

(4) On approval of the application, the designated inventory dates shall take effect with the first inventory scheduled to be taken within six months of the previous June 30 or December 31 inventory.

(b) Waiver of physical inventory. (1) The regional director (compliance), on receipt of an application, may relieve a proprietor of the requirement of taking the June 30 or December 31 physical inventory, (or other date approved under paragraph (a) of this section) if he finds that only one such inventory during any 24 consecutive return periods is necessary.

(2) The regional director (compliance) may reimpose the requirement for the waived inventory if he finds that it is necessary for law enforcement or protection of the revenue.

(c) Notification of physical inventory. Whenever a physical inventory of bottled or packaged spirits is to be taken, the proprietor shall, at least 5 business days in advance, notify the area supervisor of the date and time he will take such inventory.

(d) Supervision of physical inventories. Physical inventories required under
the provisions of this section shall be taken under such supervision, or verified in such manner, as the regional director (compliance) may require.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

Subpart N—Denaturing Operations and Manufacture of Articles

§ 19.451 General.

Authorized proprietors who are qualified as processors may conduct denaturing operations or manufacture articles pursuant to the provisions of this part. Proprietors shall not conduct denaturing operations or manufacture articles except as provided in this part. Records of denaturing operations and the manufacture of articles shall be maintained in accordance with §19.752 and §19.753.

DENATURATION

§ 19.452 Formulas.

Spirits shall be denatured in accordance with formulas as authorized in 27 CFR part 21 or their alternatives. Denaturing materials shall be thoroughly mixed with the spirits being denatured.

§ 19.453 Testing of denaturants.

(a) Testing. Proprietors shall ensure that the materials they receive for use in denaturing conform to the specifications prescribed in 27 CFR part 21. The regional director (compliance) may require the testing of denaturants at any time.

(b) Samples. Samples of denaturants shall be taken in such manner as to represent a true composite of the total lot being sampled. When samples are tested by persons other than a proprietor, a copy of the analysis or a statement, signed by the chemist performing the test, shall be secured and filed by the proprietor for each test.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1369, as amended (26 U.S.C. 5242))

Samples of denaturants may be taken by ATF officers at any time for testing by Government chemists.

(c) Conformity. When a denaturant does not conform to the specifications prescribed under 27 CFR part 21, the proprietor shall not use the material unless he treats or manipulates the denaturant to make it conform to such specifications. Such treated or manipulated denaturant shall again be tested.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1369, as amended (26 U.S.C. 5242))

§ 19.454 Gauge for denaturation.

The proprietor shall gauge spirits before denaturation and after denaturation and record each gauge on the record of denaturation as prescribed in §19.752(b). However, spirits dumped from previously gauged containers or spirits transferred directly to mixing tanks from gauge tanks where they were gauged, need not again be gauged. Measurements of spirits and denaturants shall be made by volume, weight, by approved meter, or, when approved by the Director, other devices or methods.

§ 19.455 Dissolving of denaturants.

Denaturants which are difficult to dissolve in spirits at usual working temperatures, which are highly volatile, or which become solid at such usual temperatures may be liquefied or dissolved in a small quantity of spirits or water in advance of their use in the production of specially denatured spirits, pursuant to the prescribed formula, so long as the proof of the denatured spirits manufactured does not fall below the proof prescribed for the applicable formula in 27 CFR part 21. Any spirits used in dissolving denaturants and contained in the resulting solution shall be included as part of the total quantity of spirits denatured in each batch.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1369, as amended (26 U.S.C. 5242))
§ 19.456 Adding denaturants.

Denaturants and spirits shall be mixed in packages, tanks, or bulk conveyances on bonded premises. The regional director (compliance) may, on written application, authorize other methods of mixing denaturants and spirits if he deems such denaturation will not hinder effective administration of this part or jeopardize the revenue. If requested by the regional director (compliance), the proprietor shall submit a flow diagram of the intended process or method of adding denaturants.

(See 201, Pub. L. 85–859, 72 Stat. 1369, as amended (26 U.S.C. 5242))

§ 19.457 Neutralizing denatured spirits.

Proprietors may add trace quantities of compounds such as caustics or acids to certain formulas of denatured spirits to neutralize such spirits, if the intended effect of the denaturants is not reduced. Proprietors who neutralize denatured spirits must record, for each formula the kinds and quantities of compounds used, and the formula number of the denatured spirits neutralized.

§ 19.458 Restoration and redenaturation of recovered denatured spirits and recovered articles.

Recovered denatured spirits and recovered articles received on bonded premises, as provided in subpart U of this part, for restoration (including redistillation, if necessary) and/or redenaturation may not be withdrawn from bonded premises except for industrial use or after denaturation thereof. If the recovered or restored denatured spirits or recovered articles are to be redenatured and do not require the full amount of denaturants for redenaturation, a notation to that effect will be made on the record of denaturation required by §19.752(b).

(See 201, Pub. L. 85–859, 72 Stat. 1369, as amended (26 U.S.C. 5242))

§ 19.459 Mixing of denatured spirits.

(a) Denatured spirits produced under the same formula may be mixed on bonded premises.

(b) Denatured spirits of different formulas may be mixed on bonded premises for immediate redistillation at the same plant or at another plant in accordance with the provisions of subpart K of this part.

(See 201, Pub. L. 85–859, 72 Stat. 1369, as amended (26 U.S.C. 5242); sec. 21.32 of this chapter. For specially denatured alcohol Formulas No. 3–A and No. 30, the methyl alcohol content shall be reduced to the level prescribed for specially denatured alcohol Formula No. 1 by the addition of ethyl alcohol before adding one of the other ingredients prescribed in §21.32 of this chapter.

(c) General rule. In addition to the conversions provided in paragraphs (a) and (b) of this section, any specially denatured alcohol may be converted to another specially denatured alcohol formula, if the resultant alcohol-denaturant mixture contains only the alcohol and denaturant or denaturants in the proportions authorized in 27 CFR part 21 for the formula to which converted. Specially denatured alcohol which is converted under this paragraph may only be used as authorized in 27 CFR part 21 for the formula to which converted.

(d) Conditions governing conversion and use. The quantities of denaturants
required for conversions authorized in paragraphs (a), (b) and (c) of this section shall be determined on the basis of the alcohol in the formulations. Special denatured alcohol converted to Formula No. 29 may be used as authorized in 27 CFR 21.56(b) except that it shall not be used in the manufacture of vinegar, drugs, or medicinal chemicals, and the conditions governing use provided in 27 CFR 21.56(c) shall apply.

(e) Conversion to other formulations. Proprietors desiring to convert specially denatured alcohol other than as provided in paragraphs (a), (b), and (c) of this section shall obtain approval from the Director prior to such conversion.

(f) Conversion to completely denatured alcohol. Any specially denatured alcohol not containing methanol or wood alcohol may be converted to any one of the completely denatured alcohol formulas, prescribed in 27 CFR part 21, by adding the required denaturants.

§ 19.461 Receipt and storage of denatured spirits.

(b) Tanks. Proprietors shall maintain a record in accordance with §19.753 for tanks in which denatured spirits are stored.

(c) Storage. Denatured spirits may be stored on bonded premises in any container into which denatured spirits may be filled on bonded premises. Such containers shall be so stored that they can be readily inspected by ATF officers and inventoried. The provisions of §19.133 are applicable to storage of denatured spirits in portable containers. However, upon application, the regional director (compliance) may authorize the proprietor to store packages and cases in any manner which safeguards the interests of the Government.

§ 19.462 Filling of containers from tanks.

Denatured spirits may be drawn into portable containers from tanks on bonded premises. The denatured spirits in the tanks shall be gauged prior to filling of the containers, and when only a portion of the contents of the tank is drawn into containers, the denatured spirits remaining in the tank shall be again gauged and such gauges shall be recorded by the proprietor. The provisions of paragraph (a) and (c) of §19.319 shall be applicable to the filling and gauging of portable containers, and denatured spirits may be withdrawn from bonded premises for any lawful purpose on the filling gauge.

§ 19.463 Containers for denatured spirits.

Packaging of denatured spirits and the marking of portable containers of such denatured spirits shall be in accordance with requirements of subpart R of this part.

§ 19.464 Denatured spirits inventories.

Each proprietor shall take a physical inventory of all denatured spirits in the processing account at the close of each calendar quarter and at such other times as the regional director (compliance) may require. The results of the inventory shall be recorded as provided in subpart W of this part.
§ 19.471 Manufacture of articles.

Proprietors shall manufacture, label, mark, and dispose of articles as provided in 27 CFR part 20.

If the last official gauge indicates a substantial variation in the contents of the packages, the proprietor shall group the packages into lots according to their approximate contents, and assign a separate lot identification to each group of packages, based on the date the packages were received on bonded premises.

(b) When packages of spirits are received from customs custody in the processing account, the proprietor shall determine the proof gallons of spirits received in each package. The determination may be made by use of the last official gauge.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1360, as amended (26 U.S.C. 5232))

When the production or filling gauge is made under §19.319(c), spirits may be withdrawn without payment of tax for export on the production or filling gauge. § 19.503 Determination of tare.

When packages are to be individually gauged for withdrawal from bonded premises, actual tare shall be determined in accordance with 27 CFR part 30.

TRANSFERS BETWEEN BONDED PREMISES

§ 19.505 Authorized transfers.

(a) Spirits. Bulk spirits or denatured spirits may be transferred in bond between the bonded premises of plants qualified under 26 U.S.C. 5171 or 26 U.S.C. 5181, in accordance with §§19.506 and 19.998, respectively.

(b) Wine. (1) Wines may be transferred (i) from a bonded wine cellar to the bonded premises of a distilled spirits plant, (ii) from the bonded premises of a distilled spirits plant to a bonded wine cellar, or (iii) between the bonded premises of distilled spirits plants.

(2) Wines transferred to the bonded premises of a distilled spirits plant may be used in the manufacture of a distilled spirits product, and may not be removed from such bonded premises for consumption or sale as wine.

(c) Alcohol for industrial purposes. Alcohol bottled for industrial purposes, as provided in §19.398, may be transferred between the bonded premises of distilled spirits plants in accordance with the procedures prescribed in §§19.506 through 19.510 for bulk distilled spirits.

§ 19.506 Application to receive spirits in bond.

When a proprietor qualified under 26 U.S.C. 5171 desires to have spirits or denatured spirits transferred to him in bond which shall not include spirits withdrawn from customs custody under 26 U.S.C. 5232, he shall make application for such transfer to the regional director (compliance) on Form 5100.16. Application to receive such spirits by
§ 19.508

transfer in bond shall not be approved unless the applicant’s operations or unit bond is in the maximum penal sum, or, if in less than the maximum penal sum, is sufficient to cover the tax on the spirits or denatured spirits to be transferred in addition to all other liabilities chargeable against such bond. The applicant shall deliver one of the approved copies of the application to the consignor proprietor.

§ 19.507 Termination of application.

A proprietor may terminate an approved application, Form 5100.16, at any time by

(a) Retrieving the consignor’s copy, and
(b) Returning this copy, together with his own to the regional director (compliance) for cancellation.

§ 19.508 Consignor premises.

(a) General. (1) A transfer record shall be prepared according to §19.770 by (i) the consignor proprietor of a distilled spirits plant (A) to cover the transfer of spirits or denatured spirits in bond to another distilled spirits plant, pursuant to an approved application on Form 5100.16, (B) to cover the transfer in bond of spirits or denatured spirits to an alcohol fuel plant, or (C) to cover the transfer of wine in bond to the bonded premises of a distilled spirits plant or bonded wine cellar; or (ii) the consignor proprietor of an alcohol fuel plant to cover the transfer of spirits to the bonded premises of a distilled spirits plant pursuant to an approved application on Form 5100.16. Except as otherwise provided herein, a transfer record shall be prepared for each conveyance. The proprietor shall also enter on the transfer record the serial numbers of any seals or other devices affixed to a conveyance used for shipment of spirits, or denatured spirits. On completion of lading (or completion of transfer by pipeline), the proprietor shall retain one copy of the transfer record and any accompanying document for his files and forward the original of the transfer record and any accompanying document to the consignee (to accompany the shipment, if by truck).

(2) Spirits or denatured spirits produced from petroleum, natural gas, or coal may not be transferred to alcohol fuel plants qualified under 26 U.S.C. 5181.

(3) The consignor proprietor may cover on one transfer record all packages of spirits shipped by truck on the same day from his bonded premises to the bonded premises of another plant. In such case, the proprietor shall prepare a shipment and delivery order for each shipment, showing the number of packages, their package identification or serial numbers, the name of the producer, warehouseman, or processor, and the serial numbers of the seals or other devices (if any) applied to the truck. Such shipping and delivery order shall be properly authenticated and shall constitute a complete record of the spirits so transferred in each truck each day. A copy of each shipping and delivery order shall be retained by the consignor. On completion of the lading of the last truck for the day, the proprietor shall retain one copy of the transfer record and one copy of any accompanying document for his files and forward the original of the transfer record and any accompanying document to the consignee.

(b) Packages. When spirits are to be transferred in bond in packages, the consignor proprietor shall weigh each package, except (1) when the transfer is to be made in a secured conveyance, (2) when the individual packages have been securely sealed by the proprietor, or (3) when this requirement has been waived by the regional director (compliance) on a finding that, because of the location of the premises and the proposed method of operation, there will be no jeopardy to the revenue. When packages are weighed at the time of shipment, the proprietor shall assign temporary serial numbers to the packages and show for each package its gross shipment weight on a package gauge record prepared according to §19.768. A copy of the package gauge record shall accompany each copy of the transfer record.
§ 19.509

(c) Bulk conveyances and pipelines. When spirits, denatured spirits, or wines are to be transferred in bond in bulk conveyances or by pipelines, the consignor shall gauge the spirits, denatured spirits, or wines and record the quantity so determined on the transfer record prescribed in §19.770. Bulk conveyances of spirits or denatured spirits shall be secured by the proprietor.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1367, as amended, 1380, as amended (26 U.S.C. 5212, 5362))

§ 19.509 Reconsignment.

Where, prior to or on arrival at the premises of a consignee, spirits, denatured spirits, or wines transferred in bond are found to be unsuitable for the purpose for which intended, were shipped in error, or, for any other bona fide reason, are not accepted by such consignee, or are not accepted by a carrier, they may be reconsigned, by the consignor, to himself, or to another consignee. In such case, application to receive spirits or denatured spirits by transfer in bond (on Form 5100.16) shall have been previously approved for the consignee (not required in the case of wines or in the case of alcohol fuel plants receiving spirits or denatured spirits) and the bond of the proprietor to whom the spirits, denatured spirits, or wines are reconsigned shall cover such spirits, denatured spirits, or wines while in transit after reconsignment. Notice of cancellation of the shipment shall be made by the consignor to the consignee. Where the reconsignment is to another proprietor, a new transfer record shall be prepared and prominently marked with the word “Reconsignment”.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1367, as amended, 1380, as amended (26 U.S.C. 5212, 5362))

§ 19.510 Consignee premises.

(a) General. When spirits, denatured spirits, or wines are received by transfer in bond, the consignee proprietor shall examine each conveyance to determine whether the securing devices, if any, are intact upon arrival at his premises. If the securing devices are not intact, he shall immediately notify the area supervisor before removal of any spirits from the conveyance. The proprietor shall follow the provisions of subpart Q of this part to determine, record, and report losses, if any. After execution on the transfer record as prescribed in §19.770 or Form 703, as appropriate, of his receipt of the shipment of spirits, denatured spirits, or wines, the consignee shall retain the original of the transfer record and any accompanying documents for his files, or dispose of Form 703 (in the case of wines from a bonded wine cellar), as provided in the instructions on the form. Retained copies of transfer records and Forms 703 shall become deposit records. Spirits which are produced at alcohol fuel plants shall be separately identified and accounted for as for fuel use, and may not be withdrawn, used, sold or otherwise disposed of for other than fuel use.

(b) Packages. When spirits are received in packages, the consignee proprietor shall weigh each package, except: (1) when the transfer is made in a secured conveyance and the securing devices are intact on arrival, (2) when the individual packages have been sealed by the consignor proprietor and are intact on arrival, or (3) when the requirement for weighing the packages at the consignor premises has been waived under the provisions of §19.508(b)(3). The proprietor shall record the receiving weight of each package on the accompanying package gauge record or on a list with temporary package serial numbers prepared by the consignor. A copy of such package gauge record or list shall remain with the original of the transfer record.

(c) Bulk conveyances and pipelines. When spirits, denatured spirits, or wines are received in bulk conveyances or by pipeline, the consignee shall gauge the spirits, denatured spirits, or wines and record the gauge on the transfer record prescribed in §19.770 or, in the case of wines received from a bonded wine cellar, on Form 703. The consignee shall ensure that each conveyance emptied has been thoroughly drained. The regional director (compliance) may waive the requirement for gauging spirits, denatured spirits, or wines on receipt by pipeline if he finds that because of the location of the
§ 19.518 Imported spirits.

When spirits which have been imported for nonbeverage purposes and transferred to bonded premises pursuant to 26 U.S.C. 5232 are withdrawn for beverage purposes, there shall be paid, in addition to the internal revenue tax imposed by 26 U.S.C. 5001, a tax equal to the duty which would have been paid had the spirits been imported for beverage purposes, less the duty already paid thereon. The additional tax shall be referred to as “additional tax—less duty”, and shall be paid at the time and in the manner that the basic tax is paid. The total quantity in proof gallons withdrawn shall be the basis of
§ 19.519 Methods of tax payment.

The tax on spirits shall be paid pursuant to a return on Form 5000.24, filed as provided in §19.523 or §19.524 and §19.525. Except for remittance to be effected by electronic fund transfer under §19.524, remittance for the tax in full shall accompany the return and may be in any form which the regional director (compliance) is authorized to accept under the provisions of §70.61 (Payment by check or money order) and which is acceptable to him. However, where a check or money order tendered in payment for taxes is not paid on presentment, or where the taxpayer is otherwise in default in payment, any remittance made during the period of such default, and until the regional director (compliance) finds that the revenue will not be jeopardized by the acceptance of a personal check (if acceptable to the regional director (compliance)), shall be in cash or in the form of a certified, cashier’s, or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States, or under the laws of any State, Territory, or possession of the United States, or a money order, as provided in §70.61. Checks and money orders shall be made payable to “Bureau of Alcohol, Tobacco and Firearms”.

§ 19.520 Employer identification number.

The employer identification number (defined at 26 CFR 301.7701–12) of the taxpayer who has been assigned such a number shall be shown on each return on Form 5000.24 filed pursuant to the provisions of this part. Failure of the taxpayer to include his employer identification number on Form 5000.24 may result in assertion and collection of the penalty specified in §70.113 of this chapter.

§ 19.521 Application for employer identification number.

(a) An employer identification number will be assigned pursuant to application on Form SS–4 filed by the taxpayer. Form SS–4 may be obtained from the director of the service center or from the district director.

(b) An application on Form SS–4 for an employer identification number shall be made by every taxpayer who files a return on Form 5000.24, but who prior to the filing of his first return on Form 5000.24 has neither secured an employer identification number nor made application therefor. Such application on Form SS–4 shall be filed on or before the seventh day after the date on which such first return on Form 5000.24 is filed.

(c) Each taxpayer shall make application for and shall be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a tax return under the provisions of this part.

§ 19.522 Taxes to be collected by returns.

(a) Deferred taxes. The tax on spirits to be withdrawn from bond for deferred payment of tax shall be paid pursuant to a semimonthly return on Form 5000.24. Except as provided in section 19.523(c), the periods to be covered by semimonthly returns on Form 5000.24 shall run from the 1st day through the 15th day of each month, and from the 16th day through the last day of each month. A return, Form 5000.24, shall be
§ 19.523 Time for filing returns.

(a) Payment pursuant to semimonthly return. Where the proprietor of bonded premises has withdrawn spirits from such premises on determination and before payment of tax, the proprietor shall file a semimonthly tax return covering such spirits on Form 5000.24, and remittance, as required by §19.524 or §19.525, not later than the 14th day after the last day of the return period, except as provided by paragraph (c) of this section. If the due date falls on a Saturday, Sunday, or legal holiday, the return and remittance shall be due on the immediately preceding day which is not a Saturday, Sunday, or legal holiday, except as provided by paragraph (c)(3) of this section.

(b) Payment pursuant to prepayment return. If the proprietor of a distilled spirits plant desires to withdraw spirits from bonded premises on determination of tax and does not have on file an approved withdrawal or unit bond of sufficient penal sum to cover the withdrawal, if there is default by him in any payment of tax under this part, or the proprietor is notified by the regional director (compliance) as provided in §19.522(b)(2), the proprietor shall not remove the spirits from the bonded premises until the tax thereon has been paid. To pay the tax, the proprietor of the bonded premises shall file a prepayment return on Form 5000.24, and remittance as required by §19.524 or §19.525, before removal of the spirits.

(c) Special rule for taxes due for the month of September (effective after December 31, 1994). (1)(i) Except as provided in paragraph (c)(1)(ii) of this section, the second semimonthly period for the month of September shall be divided into two payment periods, from the 16th day through the 26th day, and from the 27th day through the 30th day. The proprietor shall file a return on Form 5000.24, and make remittance, for the period September 16-26, no later than October 14.

(ii) Tax payment not by electronic fund transfer. In the case of taxes not required to be remitted by electronic fund transfer as prescribed by §19.524, the second semimonthly period of September shall be divided into two payment periods, from the 16th day through the 25th day, and the 26th day through the 30th day. The proprietor shall file a return on Form 5000.24, and...
$19.524 Payment of tax by electronic fund transfer.

(a) General. (1) Each taxpayer who was liable, during a calendar year, for a gross amount equal to or exceeding five million dollars in distilled spirits taxes combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, shall use a commercial bank in making payment by electronic fund transfer (EFT) of distilled spirits taxes during the succeeding calendar year. Payment of distilled spirits taxes by cash, check, or money order, as described in $19.525, is not authorized for a taxpayer who is required, by this section, to make remittances by EFT. For purposes of this section, the dollar amount of tax liability is defined as the gross tax liability on all taxable withdrawals and importations (including distilled spirits products brought into the United States from Puerto Rico or the Virgin Islands) during the calendar year, without regard to any drawbacks, credits, or refunds, for all premises from which such activities are conducted by the taxpayer. Overpayments are not taken into account in summarizing the gross tax liability.

(2) For the purposes of this section, a taxpayer includes a controlled group of corporations, as defined in 26 U.S.C. 1563, and implementing regulations in 26 CFR 1.1563–1 through 1.1563–4, except that the words “at least 80 percent” shall be replaced by the words “more than 50 percent” in each place it appears in subsection (a) of 26 U.S.C. 1563.
as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of determining who is required to make remittances by EFT.

(3) A taxpayer who is required by this section to make remittances by EFT, shall make a separate EFT remittance and file a separate return, ATF F 5000.24, for each distilled spirits plant from which spirits are withdrawn upon determination of tax.

(b) Requirements. (1) On or before January 10 of each calendar year, except for a taxpayer already remitting the tax by EFT, each taxpayer who was liable for a gross amount equal to or exceeding five million dollars in distilled spirits taxes during the previous calendar year, combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, shall notify the regional director (compliance), for each region in which taxes are paid. The notice shall be an agreement to make remittances by EFT.

(2) For each return filed in accordance with this part, the taxpayer shall direct the taxpayer’s bank to make an electronic fund transfer in the amount of the tax payment to the Treasury Account as provided in paragraph (e) of this section. The request shall be made to the bank early enough for the transfer to be made to the Treasury Account by no later than the close of business on the last day for filing the return, prescribed in §19.523. The request shall take into account any time limit established by the bank.

(3) If a taxpayer was liable for less than five million dollars in distilled spirits taxes during the preceding calendar year, combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, the taxpayer may choose either to continue remitting the tax as provided in this section or to remit the tax with the return as prescribed by §19.525. Upon filing the first return on which the taxpayer chooses to discontinue remitting the tax by EFT and to begin remitting the tax with the tax return, the taxpayer shall notify the regional director (compliance) by attaching a written notification to ATF F 5000.24, stating that no taxes are due by EFT, because the tax liability during the preceding calendar year was less than five million dollars, and that the remittance shall be filed with the tax return.

(c) Remittance. (1) Each taxpayer shall show on the return, ATF F 5000.24, information about remitting the tax for that return by EFT and shall file the return with ATF, in accordance with the instructions on ATF F 5000.24.

(2) Remittances shall be considered as made when the tax payment by electronic fund transfer is received by the Treasury Account. For purposes of this section, a tax payment by electronic fund transfer shall be considered as received by the Treasury Account when it is paid to a Federal Reserve Bank.

(3) When the taxpayer directs the bank to effect an electronic fund transfer message as required by paragraph (b)(2) of this section, any transfer data record furnished to the taxpayer, through normal banking procedures, will serve as the record of payment, and shall be retained as part of required records.

(d) Failure to make a tax payment by EFT. The taxpayer is subject to a penalty imposed by 26 U.S.C. 5684, 6651, or 6656, as applicable, for failure to make a tax payment by EFT on or before the close of business on the prescribed last day for filing.

(e) Procedure. Upon the notification required under paragraph (b)(1) of this section, the regional director (compliance) will issue to the taxpayer an ATF Procedure entitled, Payment of Tax by Electronic Fund Transfer. This publication outlines the procedure a taxpayer is to follow when preparing returns and EFT remittances in accordance with this part. The U.S. Customs Service will provide the taxpayer with
instructions for preparing EFT remittances for payments to be made to the U.S. Customs Service.

§ 19.525 Manner of filing returns.

If the return and remittance are to be filed with a designated ATF Officer, the proprietor shall file the return and remittance no later than 2:00 p.m. on the date the return is required to be filed.

(b) When the proprietor sends the return on Form 5000.24 by U.S. mail, the official postmark of the U.S. Postal Service stamped on the cover in which the return was mailed shall be considered the date of delivery of the remittance. When the postmark on the cover is illegible, the burden of proving when the postmark was made will be on the proprietor. When the proprietor sends the return with or without remittance by registered mail or by certified mail, the date of registry or the date of the postmark on the sender’s receipt of certified mail, as the case may be, shall be treated as the date of delivery of the return and, if accompanied, of the remittance.

(2) Voluntary destruction carried out other than as provided in subpart U of this part;

(3) Unexplained shortage of bottled spirits.

(c) Burden of proof. When it appears that a loss occurred due to theft, the burden of proof shall be on the proprietor or other person liable for the tax to establish to the satisfaction of the regional director (compliance) that the loss did not result from connivance, collusion, fraud, or negligence on the part of the proprietor, owner, consignor, consignee, bailee, or carrier, or the employees or agents of any of them;

(d) Claims for losses allowable under this section shall be filed in accordance with applicable provisions of subpart C of this part.

(i) Each time a tank or bulk conveyance is emptied;

(ii) On the basis of required physical inventories; and

(iii) Upon discovery of required physical inventories; and

(2) When it appears that any container in bond has sustained a loss resulting from theft or unauthorized voluntary destruction, such loss shall be taxpaid or the container shall be segregated (as necessary) with the loss reported promptly to the area supervisor.

(3) In any instance in which spirits, denatured spirits or wines are lost or destroyed in bond, whether by theft, unauthorized voluntary destruction, or otherwise, the regional director (compliance) may require the proprietor or other person liable for the tax to file a claim for relief from the tax in accordance with §19.41.

(b) Missing packages. Whenever any packages of spirits, denatured spirits, or wine recorded as deposited on bonded premises cannot be located or otherwise accounted for, the proprietor shall promptly report such fact to the area supervisor, and the proprietor shall either pay the tax on the lost spirits, denatured spirits, or wines, or file a claim with respect thereto under the provisions of §19.41.

(c) Tampering, material deficiency, or loss of proof. When it is found that spirits, denatured spirits, or wines in a container have been tampered with, or when a material deficiency in the recorded quantity of such products is
found without evidence of loss by leakage or casualty, or when there is a loss of proof of such products not attributable to variations in gauging, the proprietor shall segregate the container (as necessary) and shall promptly report such fact to the area supervisor, unless the proprietor acknowledges liability for the tax on the loss and elects to pay the tax on the quantity lost.

(d) Excessive in-transit losses. Losses of spirits, denatured spirits, or wines received in bond in bulk conveyances which exceed one percent of the quantity of a product consigned shall be considered as excessive in-transit losses. However, in the case of transcontinental transfers in bond of wine, only losses in excess of two percent of the quantity of wine consigned shall be considered as excessive in-transit losses. The proprietor shall promptly report all such excessive in-transit losses to the area supervisor.

(e) Storage account loss limitation. When the quantity of spirits lost from all the storage tanks and bulk conveyances exceeds 1 1/2 percent of the total quantity contained in the tanks and bulk conveyances during the calendar quarter, the loss shall be tax paid unless a claim for remission is filed in accordance with the provisions of §19.41 and is allowed by the regional director (compliance).

An unexplained shortage of bottled distilled spirits shall be taxpaid: (a) Immediately on a prepayment return on Form 5000.24, or (b) on the semi-monthly return on Form 5000.24 for the return period during which the shortage was ascertained. Unexplained shortages shall be determined by comparing the spirits recorded to be on hand with the results of the quantitative determination of the spirits found to be on hand by actual count during the physical inventory required by §19.402. When the recorded quantity is greater than the quantity determined by the physical inventory, the difference is an unexplained shortage. The records shall be adjusted to reflect the physical inventory.

If another container is so authorized by the Director, he shall prescribe the detail and manner in which such container shall be constructed, protected, and marked, consistent with the provisions of this part and the extent of such use. Similarly, where a container authorized for a particular purpose is required by this subpart to be made of specified materials, the Director may authorize the use of containers made of other materials which he has found to be suitable for the intended purpose.

Proprietors shall assign temporary serial numbers to packages for control purposes when they are transferred in bond in an unsecured conveyance or gauged after being tampered within the storage account.

Prior to using a coding system, the distilled spirits plant proprietor shall send a notice explaining the coding system to the regional director (compliance) of each region where a label code is used.

proposed alternate method or procedure, and will set forth the reasons therefor. The proprietor shall not employ any alternate method or procedure until the application has been approved. The proprietor shall, during the period of authorization of an alternate method or procedure, comply with the terms of the approved application. Authorization for any alternate method or procedure may be withdrawn whenever in the judgment of the Director the revenue is jeopardized or the effective administration of this part is hindered by the continuation of such authorization. As used in this section, alternate methods or procedures include alternate construction or equipment. The proprietor shall retain, as part of the records available for examination by AFT officers, any application approved by the Director under the provisions of this section.

§ 19.904 Emergency variations from requirements.

The regional director (compliance) may approve construction, equipment, and methods of operation other than as specified in this part, where he finds that an emergency exists and the proposed variations from the specified requirements are necessary, and the proposed variations—
(a) Will afford the security and protection to the revenue intended by the prescribed specifications;
(b) Will not hinder the effective administration of this part; and
(c) Will not be contrary to any applicable provisions of law. Variations from requirements granted under this section are conditioned on compliance with the procedures, conditions, and limitations with respect thereto set forth in the approval of the application. Failure to comply in good faith with such procedures, conditions, and limitations will automatically terminate the authority for such variations and the proprietor thereupon shall fully comply with the prescribed requirements of regulations from which the variations were authorized. Authority for any variation may be withdrawn whenever in the judgment of the regional director (compliance) the revenue is jeopardized or the effective administration of this part is hindered by the continuation of such variation. Where the proprietor desires to employ such variation, he shall submit a written application to do so to the regional director (compliance). The application will describe the proposed variations and set forth the reasons therefor. Variations will not be employed until the application has been approved, except when the emergency requires immediate action to correct a situation that is threatening to life or property. Such corrective action may then be taken concurrent with the filing of the application and notification of the regional director (compliance), via telephone. The proprietor shall retain, as part of the records available for examination by ATF officers, any application approved by the regional director (compliance) under the provisions of this section.

(b) Medium plants. Where the proprietor of a medium plant intends to increase production (including receipts) above 500,000 proof gallons of spirits per calendar year, the proprietor shall first obtain an amended permit by filing an application under §19.915. A new or strengthening bond may be required (see §19.956). Information already on file may be incorporated by reference in the new application.

(c) Curtailment of activities. Proprietors of large or medium plants who have curtailed operations to a level where they are eligible to be requalified as medium or small plants may, on approval of a letter of application by the regional director (compliance), be relieved from the additional requirements incident to their original qualification. (b) Fiduciary. A successor to the proprietorship of a plant who is an administrator, executor, receiver, trustee, assignee or other fiduciary, shall comply with the applicable provisions of §19.186(b).

(Sec. 201, Pub. L. 85–859, 72 Stat. 1349, as amended (26 U.S.C. 5172))

§ 19.925 Continuing partnerships.

If under the laws of the particular State, the partnership is not immediately terminated on death or insolvency of a partner, but continues until the winding up of the partnership affairs is completed, and the surviving partner has the exclusive right to the controlling possession of the partnership assets for the purpose of liquidation and settlement, the surviving partner may continue to operate the plant under the prior qualification of the partnership. However, in the case of a large or a medium plant, a consent of surety must be filed, wherein the surety and the surviving partner agree to remain liable on the bond. If the surviving partner acquires the business on completion of the settlement of the partnership, he shall qualify in his own name from the date of acquisition, as provided in §19.924(a). The rule set forth in this section will also apply where there is more than one surviving partner.

Operation of the plant may not be commenced at the new location prior to issuance of the amended permit.

ALTERNATE OPERATIONS

§ 19.930 Alternating proprietorship.

(a) General. (1) An alcohol fuel plant, or a part thereof, may be operated alternately by proprietors if—

(i) The alcohol fuel plant and the proprietors are otherwise qualified under the provisions of this subpart, and

(ii) The necessary operations bonds (if any) and applications covering such operations have been filed with and approved by the regional director (compliance).

(2) Where alternating proprietorship is to be limited to a part of a plant, that part must be suitable for qualification as a separate plant.

(b) Qualifying Documents. Each person desiring to operate an alcohol fuel plant as an alternating proprietor shall file with the regional director (compliance):

(1) An application on Form 5110.74 to cover the proposed alternation of premises.

(2) Diagram of premises, in duplicate, showing the arrangement under which
§ 19.945

the premises will be operated. Diagrams will be prepared in accordance with paragraph (c) of this section.

(3) Evidence of existing operations bond (if any), consent of surety, or a new operations bond to cover the proposed alternation of premises.

(4) When required by the regional director (compliance), additional information as may be necessary to determine whether the application should be approved.

(c) Diagram of premises. Each person filing an application for operation of a plant as an alternating proprietor shall submit a diagram of the premises. Where operations by alternating proprietors are limited to parts of a plant, a diagram which designates the parts of the plant that are to be alternated will be submitted. A diagram will be submitted for each arrangement under which the premises will be operated. The diagram will be in sufficient detail to establish the boundaries of the plant or any part thereof which is to be alternated.

(d) Alternation Journal. Once the applications have been approved and initial operations conducted thereunder, the plant, or parts thereof, may be alternated. The outgoing and incoming proprietor shall enter into an alternation journal the following information:

(1) Name or trade name;
(2) Alcohol fuel plant permit number;
(3) Date and time of alternation; and
(4) Quantity of spirits transferred in proof gallons.

The alternation journal will remain in the possession of the incoming proprietor until the premises are again alternated whereupon it will be transferred to the new incoming proprietor.

(e) Commencement of operations. Except for spirits transferred to the incoming proprietor, the outgoing proprietor shall remove all spirits from areas, rooms, or buildings to be alternated, prior to the effective date and time shown in the alternation journal.

(f) Records. Each proprietor shall maintain separate records and submit separate reports. All transfers of spirits will be reflected in the records of each proprietor. The quantity of spirits and fuel alcohol transferred will be shown in the production and disposition records of the outgoing proprietor. The quantity of spirits transferred will be shown in the receipt record of the incoming proprietor. Each outgoing and incoming proprietor shall include spirits transferred in determinations of plant size and bond amounts. The provisions of §19.921 regarding change in type of plant are applicable to each proprietor. Entries into these records will be in the manner prescribed in §§19.982, 19.984, and 19.986.

PERMANENT DISCONTINUANCE OF BUSINESS

§ 19.945 Notice of permanent discontinuance.

A proprietor who permanently discontinues operations as an alcohol fuel plant shall, after completion of the operations, file a letterhead notice with the regional director (compliance). The notice shall be accompanied—

(a) By the alcohol fuel producer’s permit, and by the proprietor’s request that such permit be canceled;

(b) By a written statement disclosing, as applicable, whether (1) all spirits (including fuel alcohol) have been lawfully disposed of, and (2) any spirits are in transit to the premises; and

410
(c) By a report covering the discontinued operations (the report shall be marked “Final Report”).

SUSPENSION OR REVOCATION OF PERMITS

§ 19.950 Suspension or revocation.
Whenever the regional director (compliance) has reason to believe that any person holding an alcohol fuel producer’s permit—

(a) Has not in good faith complied with the applicable provisions of 26 U.S.C. Chapter 51, or regulations issued thereunder; or

(b) Has violated conditions of the permit; or

(c) Has made any false statements as to any material fact in the application therefor; or

(d) Has failed to disclose any material information required to be furnished; or

(e) Has violated or conspired to violate any law of the United States relating to intoxicating liquor or has been convicted of any offense under Title 26, U.S.C. punishable as a felony or of any conspiracy to commit such offense; or

(Sec. 201, Pub. L. 85–859, 72 Stat. 1370, as amended (26 U.S.C. 5271))

BONDS

§ 19.955 Bonds.

An operations bond is required for medium and large plants. The bond will be executed, in duplicate, on Form 5115.56. Surety bonds may be given only with corporate sureties holding certificates of authority from, and subject to the limitations prescribed by, the Secretary as set forth in the current revision of Treasury Department Circular 570. However, in lieu of corporate surety the proprietor may pledge and deposit as surety for his bond, securities which are transferable and are guaranteed as to both interest and principal by the United States, in accordance with the provisions of 31 CFR part 225. The regional director (compliance) will not release such securities until liability under the bond for which they were pledged has been terminated.

§ 19.956 Amount of bond.

The penal sum of the bond is based on the total quantity of distilled spirits to be produced (including receipts) during a calendar year. If the level of production and/or receipts at the plant is to be increased, and the bond is not in the maximum penal sum, a new or strengthening bond shall be obtained.

(a) Medium plants. A medium plant which will produce (including receipts) between 10,000 and 20,000 proof gallons of spirits per year requires a bond in the amount of $2,000. For each additional 10,000 proof gallons the amount of the bond is increased $2,000. The maximum bond for a medium plant is $50,000.

(b) Large plants. The minimum bond for a large plant is $52,000 (more than 500,000, but not more than 510,000 proof gallons annual production (including receipts)). For each additional 10,000 (or fraction) proof gallons, the amount of the bond is increased $2,000. The maximum bond for a large plant is $200,000 (more than 1,240,000 proof gallons).

§ 19.957 Instructions to compute bond penal sum.

(a) Medium plants. To find the required amount of your bond, estimate the total proof gallons of spirits to be produced and received in a calendar year. The amount of the bond is $1,000 for each 10,000 proof gallons (or fraction), subject to a minimum of $2,000 and a maximum of $50,000. The following table provides some examples:

$§ 19.959 Conditions of bond.

The bond shall be conditioned on payment of all taxes (including any penalties and interest) imposed by 26 U.S.C. Chapter 51, on compliance with all requirements of law and regulations, and on payment of all penalties incurred or fines imposed for violations of any such provisions.

§ 19.960 Additional provisions with respect to bonds.

Subpart H of this part contains further provisions applicable to bonds which, where not inconsistent with this subpart, are applicable to bonds of alcohol fuel plants.

CONSTRUCTION, EQUIPMENT AND SECURITY

§ 19.965 Construction and equipment.

Buildings and enclosures where distilled spirits will be produced, proc-essed, or stored shall be constructed and arranged to enable the proprietor to maintain security adequate to deter diversion of the spirits. Distilling equipment shall be constructed to prevent unauthorized removal of spirits, from the point where distilled spirits come into existence until production is complete and the quantity of spirits has been determined. Tanks and other vessels for containing spirits shall be equipped for locking and be constructed to allow for determining the quantities of spirits therein.

Proprietors shall provide security adequate to deter the unauthorized removal of spirits. The proprietor shall store spirits either in a building, a storage tank, or within an enclosure, which the proprietor will keep locked when operations are not being conducted.

§ 19.967 Additional security.

If the regional director (compliance) finds that security is inadequate to deter diversion of the spirits, as may be evidenced by the occurrence of break-ins or by diversion of spirits to unauthorized purposes, additional security measures may be required. Such additional measures may include, but are not limited to, the following:

(a) The erection of a fence around the plant or the alcohol storage facility;
(b) Flood lights;
(c) Alarm systems;
(d) Watchman services; or,
(e) Locked or barred windows.

The exact additional security requirements would depend on the extent of the security problems, the volume of alcohol produced, the risk to tax revenue, and safety requirements.

§ 19.970 Supervision of operations.

The regional director (compliance) may assign ATF officers to premises of plants qualified under this subpart. The authorities of ATF officers, provided in §§19.81 through 19.84, and the requirement that proprietors furnish facilities and assistance to ATF officers, provided in §19.86, apply to plants qualified under this subpart. The provisions of §19.75 of this part pertaining to the assignment of ATF officers and hours of operation, to the extent deemed necessary by the regional director (compliance), are applicable to plants qualified under this subpart.

§ 19.980 Gauging.

(a) Equipment and method. Proprietors shall gauge spirits by accurately determining the proof and quantity of spirits. The proof of the spirits shall be determined using a glass cylinder, hydrometer, and thermometer. Proprietors may account for fuel alcohol in wine gallons. Unless proprietors desire to do so, it is not necessary to determine the proof of fuel alcohol manufactured, on-hand, or removed. The proprietor may determine quantity either by volume or weight. A tank or receptacle with a calibrated sight glass installed, a calibrated dipstick, conversion charts, meters (subject to approval by the regional director (compliance)), or other devices or methods approved by the Director, may be used to determine quantity by volume. The proprietor shall ensure that hydrometers, thermometers, and other equipment used to determine proof, volume, or weight are accurate. From time to time ATF officers shall verify the accuracy of such equipment. Detailed procedures for gauging spirits are provided in 27 CFR part 30.

(b) When Required. Proprietors shall gauge spirits and record the results in their records at the following times:

1. On completion of production of distilled spirits;
2. On receipt of spirits at the plant;  
3. Prior to the addition of materials to render the spirits unfit for beverage use;
4. Before withdrawal from plant premises or other disposition of spirits (including fuel alcohol); and
5. When spirits are to be inventoried.

§ 19.981 Inventories.

Proprietors shall take actual physical inventory of all spirits (including fuel alcohol) on bonded premises at least once during each period for which a report is required by §19.988. The results of the inventory shall be posted in the applicable records required by §19.982.

§ 19.982 Records.

(a) All plants. All proprietors shall maintain records with respect to: (1) The quantity and proof of spirits produced; (2) The proof gallons of spirits on-hand and received; (3) The quantities and types of materials added to render the spirits unfit for beverage use; (4) The quantity of fuel alcohol manufactured; and, (5) All dispositions of spirits (including fuel alcohol). Fuel alcohol may be recorded in wine gallons.

(b) Medium and large plants. Proprietors of medium and large plants shall also record the kind and quantity of materials used to produce spirits.

(c) General requirements. (1) The records must contain sufficient information to allow ATF officers to determine the quantities of spirits produced, received, stored, or processed and to verify that all spirits have been lawfully disposed of or used.

(2) Records which the proprietor prepares for other purposes (i.e. invoices or other commercial records) may be used to meet the record requirements of this subpart, so long as they show the required information.
(3) Where the format or arrangement of the record is such that the information is not clearly or accurately reflected, the regional director (compliance) may require a format or arrangement which will clearly and accurately reflect the information.

(4) Entries required by this subpart to be made into records will be made on the day on which the operation or transaction occurs. However, these entries may be deferred until the third business day succeeding the day on which the operation or transaction occurs when the proprietor prepares commercial records concurrent with the individual operation or transaction.

§ 19.983 Spirits rendered unfit for beverage use in the production process.

Where spirits are rendered unfit for beverage use before removal from the production system, the proprietor shall enter into the production records, in addition to the quantity and proof of spirits produced, the kind and quantity of materials added to each lot of spirits. In such a case, a separate record under §19.983 is not required. The quantity of spirits produced will be determined by subtracting the quantity of materials added to render the spirits unfit for beverage use from the quantity of fuel alcohol produced and multiplying the resulting figure by the proof of each lot of spirits. The proprietor shall determine the proof of each lot of spirits. The proprietor shall procure a representative sample of each lot, prior to the addition of any material for rendering the spirits unfit for beverage use, and proof the sample in accordance with the provisions of §19.980(a). This paragraph applies to in-line addition of materials and to systems in which, before any spirits come off the production equipment, the proprietor adds materials for rendering the spirits unfit for beverage use to the first receptacle where spirits are to be deposited.

§ 19.984 Record of spirits received.

The proprietor’s copy of the consignor’s invoice or other document received with the shipment, on which the proprietor has noted the date of receipt and quantity received, constitutes the required record.

§ 19.985 Record of spirits rendered unfit for beverage use.

The proprietor shall record the kind and quantity of materials added to render each lot of spirits unfit for beverage use and the quantity of fuel alcohol manufactured (which may be given in wine gallons).

§ 19.986 Record of dispositions.

(a) Fuel alcohol removed. For fuel alcohol removed from the plant premises, the commercial record or other document required by §19.997 constitutes the required record.

(b) Spirits transferred. For spirits transferred in bond (including transfers from small plants) to a distilled spirits plant qualified under subpart G of this part or to another alcohol fuel plant, the commercial invoice or other document required by §§19.508 and 19.999 constitutes the required record.

(c) Other dispositions. For spirits or fuel alcohol used or otherwise disposed of (e.g., lost, destroyed, redistilled) on the premises of the alcohol fuel plant, the proprietor shall maintain a record as follows:

(1) The quantity of spirits (in proof gallons) or fuel alcohol (in gallons) and the date of disposition; and,

(2) The purpose for which used or the nature of the other disposition.

(d) Separate records. Records for dispositions of fuel alcohol and spirits will be maintained separately.

§ 19.987 Maintenance and retention of records.

The proprietor shall retain at the plant where an operation or transaction occurs the records required by
§ 19.996 Withdrawal of spirits.

Before spirits may be withdrawn from the premises of an alcohol fuel plant, they must be rendered unfit for beverage use as provided in this subpart. Spirits rendered unfit for beverage use (fuel alcohol) may be withdrawn free of tax from plant premises exclusively for fuel use.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1362, as amended (26 U.S.C. 5181))
§ 19.997 Withdrawal of fuel alcohol.

For each shipment or other removal of fuel alcohol from the plant premises the consignor shall prepare a commercial invoice, sales slip, or similar document. The consignor shall enter on the document the date, the quantity of fuel alcohol removed, a description of the shipment (for example, number and size of containers, tank truck, etc.), and the name and address of the consignee. The consignor shall retain a copy of the document as a record.

§ 19.998 Transfer in bond of spirits.

(a) Transfer between alcohol fuel plants. A proprietor may remove spirits from the bonded premises of an alcohol fuel plant (including the premises of a small plant) for transfer in bond to another alcohol fuel plant. Bulk conveyances in which spirits are transferred shall be secured with locks, seals or other devices as prescribed by §19.96. The spirits need not be rendered unfit for beverage use prior to transfer. Spirits so transferred may not be withdrawn, used, sold, or otherwise disposed of for other than fuel use.

(b) Transfer to or from other distilled spirits plants. Spirits (not including spirits produced from petroleum, natural gas, or coal) may be transferred in bond from distilled spirits plants qualified under subpart G of this part to alcohol fuel plants. Alcohol fuel plants may transfer spirits in bond to distilled spirits plants qualified under subpart G of this part. Bulk conveyances in which spirits are transferred shall be secured with locks, seals, or other devices as prescribed by §19.96. The spirits need not be rendered unfit for beverage use prior to transfer. Spirits so transferred may not be withdrawn, used, sold, or otherwise disposed of for other than fuel use.

(c) Transfer procedures. The procedures in §§19.999 through 19.1001 pertain only to the transfer of spirits between alcohol fuel plants. The procedures in §§19.506 through 19.509 and 19.770 pertain to the transfer of spirits from an alcohol fuel plant to a distilled spirits plant qualified under 26 U.S.C. 5171. The alcohol fuel plant transferring in bond spirits filled into portable containers to the bonded premises of a distilled spirits plant qualified under 26 U.S.C. 5171 shall mark each container as required by §19.1008(b). The procedures in §§19.508, 19.510 and 19.770 pertain to the transfer of spirits from a distilled spirits plant to an alcohol fuel plant.

§ 19.999 Consignor premises.

The consignor shall prepare, in duplicate, a commercial invoice or shipping document to cover each shipment of spirits. The consignor shall enter on the document the quantity of spirits transferred, the proof of the spirits transferred, a description of the shipment (for example, number and size of drums or barrels, tank truck, etc.), the name, address, and permit number of the consignor and of the consignee, and the serial numbers of seals, locks, or other devices used to secure the conveyance. The consignor shall forward the original of the document to the consignee with the shipment and retain the copy as a record.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1362, as amended (26 U.S.C. 5212))

§ 19.1000 Reconsignment in transit.

When, prior to or on arrival at the premises of a consignee, spirits transferred in bond are found to be unsuitable for the intended purpose, were shipped in error, or, for any other bona fide reason, are not accepted by such consignee, or are not accepted by a carrier, they may be reconsigned, by the consignor, to himself, or to another qualified consignee. In such case, the bond, if any, of the proprietor to whom the spirits are reconsigned shall cover such spirits while in transit after reconsignment. In addition, if the spirits are reconsigned to a distilled spirits plant qualified under subpart G of this part, an application to receive spirits by transfer in bond (on Form 5100.16) must have been previously approved for the consignee. Notice of cancellation of the shipment shall be made by the consignor to the consignee and the consignor shall note the reconsignment on
his copy of the document covering the original shipment. Where the reconsignment is to another proprietor, a new document shall be prepared and prominently marked with the word “Reconsignment”.

§ 19.1001 Consignee premises.

(a) General. When spirits are received by transfer in bond, the proprietor shall examine each conveyance to determine whether the locks, seals, or other devices are intact upon arrival at his premises. If the locks, seals or other devices are not intact, he shall immediately notify the area supervisor, before removal of any spirits from the conveyance. The consignee shall determine the quantity of spirits received and record the quantity and the date received on the document received with the shipment. The consignee shall retain the document as the record of receipt required by §19.984.

(b) Portable containers. When spirits are received in barrels, drums, or similar portable containers, the proprietor shall examine each container and, unless the transfer was made in a secured conveyance and the seals or other devices are intact on arrival, verify the contents of each container. The proprietor shall record the quantity received for each container on a list, and shall attach a copy of the list to the invoice or other document received with the shipment.

(c) Bulk conveyances and pipelines. When spirits are received in bulk conveyances or by pipeline, the consignee shall gauge the spirits received and shall record the quantity so determined on the invoice or other document received with shipment. However, the regional director (compliance) may waive the requirement for gauging spirits on receipt by pipeline if, because of the location of the premises, there will be no jeopardy to the revenue.

§ 19.1002 Prohibited uses, transfers, and withdrawals.

No person shall withdraw, use, sell, or otherwise dispose of distilled spirits (including fuel alcohol) produced under this subpart for other than fuel use. The law imposes criminal penalties on any person who withdraws, uses, sells or otherwise disposes of distilled spirits (including fuel alcohol) produced under this subpart for other than fuel use.

§ 19.1005 Authorized materials.

(a) General. The Director shall determine and authorize for use materials for rendering spirits unfit for beverage use which will not impair the quality of the spirits for fuel use. Spirits treated under this section will be considered rendered unfit for beverage use and eligible for withdrawal as fuel alcohol.

(b) List. The Director will compile and issue periodically a list of materials authorized for rendering spirits unfit for beverage use. The list will specify for each material (1) name and (2) quantity required to render spirits unfit for beverage use. The list may be obtained at no cost upon request from the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

(c) Authorized material. Until issuance of the initial list of materials authorized for rendering spirits unfit for beverage use, proprietors are authorized to add to each 100 gallons of spirits any of the following materials in the quantities specified.

(1) 2 gallons or more of—
   (i) Gasoline or automotive gasoline (for use in engines which require unleaded gasoline Environmental Protection Agency and manufacturers specifications may require that unleaded gasoline be used to render the spirits unfit for beverage use).
   (ii) Kerosene.
   (iii) Deodorized kerosene.
   (iv) Rubber hydrocarbon solvent.
   (v) Methyl isobutyl ketone.
   (vi) Mixed isomers of nitropropane.
   (vii) Heptane, or,
§ 19.1006 Other materials.

If a proprietor desires to use a material not authorized under §19.1005 to render spirits unfit for beverage use, the proprietor shall submit an application to the Director. The application must state the name of the material and the quantity of material that the proprietor proposes to add to each 100 gallons of spirits. The proprietor may be required to submit an 8 ounce sample of the material with the application. Material that impairs the quality of the spirits for fuel use will not be approved. The proprietor shall not use any proposed material prior to its approval. Materials approved for use under this section will appear in the next subsequent issuance of the list of materials authorized for rendering spirits unfit for beverage use provided for under §19.1005. The proprietor shall retain as part of the records available for inspection by ATF officers, any application approved by the Director under the provisions of this section.

§ 19.1007 Samples.

A proprietor may take samples of spirits and fuel alcohol for testing and analysis. Samples of spirits may not be removed from the premises of the alcohol fuel plant. Samples of fuel alcohol may be removed from the premises of the alcohol fuel plant to a bona fide laboratory for testing and analysis. The proprietor shall indicate on sample containers that the spirits or fuel alcohol contained therein is a sample. The proprietor shall account for samples in the record provided for in §19.986.

This subpart prescribes requirements relating to articles which may affect persons who are not required to obtain a permit under this part. These requirements, described in general terms §20.132, are imposed by law. Criminal penalties imposed for violating these requirements are described in §20.137. In this subpart, the term “article” means any substance or preparation in the manufacture of which denatured spirits are used, including the product obtained by further manufacture or by combination with other materials, if the article subjected to further manufacture or combination contains denatured spirits.

§ 20.132 General requirements.

(a) Internal medicinal preparations and flavoring extracts—(1) Manufacture. No person shall use denatured spirits in the manufacture of medicinal preparations or flavoring extracts for internal human use where any of the spirits remain in the finished product.

(2) Sale. No person shall sell or offer for sale for internal human use any medicinal preparations or flavoring extracts manufactured from denatured distilled spirits where any of the spirits remain in the finished product.

(3) Labeling and advertising. Labeling and advertising of articles shall not imply that the article is intended for or suitable for internal human use.

(b) Beverage use. No person shall sell or offer for sale any article containing denatured spirits for beverage purposes. Labeling and advertising of articles shall not imply that the article is intended for or suitable for use as a beverage.

(c) Trafficking in articles. The appropriate ATF officer may impose the requirements of §20.133 on any person who reprocesses, repackages articles, deals in articles, or receives articles in containers exceeding one gallon.

§ 20.133 Registration of persons trafficking in articles.

(b) Articles for external human use. Except as provided in paragraph (c) of this section, an article intended for external human use shall, before removal from the manufacturer's premises, have a label affixed to its immediate container identifying the name, trade name or brand name of the article. If the volume of the article in the container exceeds 8-fluid ounces, the label shall also show the information required by paragraph (b) (1) or (2) of this section.

(1) If the article was packaged or bottled by the person who manufactured it, the label shall identify—
   (i) The manufacturer's name and the address (city and State) of the actual place or places where article was manufactured, or
   (ii) The name and principal office address (city and State) of the manufacturer, and the permit number or numbers of the place or places of manufacture. However, in lieu of such permit number or numbers, the place or places where the manufacturing operation occurred may be indicated by a coding system. Prior to using a coding system, the manufacturer shall send a notice explaining the coding system to the appropriate ATF officer, or
   (iii) The manufacturer's permit number and the name and address (city and State), of the person for whom the article was packaged and bottled.

(2) If the article was packaged or bottled by a person other than the manufacturer of the article, the label shall identify—
   (i) The name and address (city and State) of the person by whom or for whom the article was packaged or bottled, and
   (ii) The permit number of the manufacturer or distributor.

(c) Shipment of unlabeled articles. A manufacturer may, subject to the approval of the appropriate ATF officer and compliance with §20.133, remove an unlabeled article from the manufacturer's premises, if the outer containers of the article are labeled with the name, trade name or brand name of the article and the names and addresses (city and State) of the manufacturer and the consignee.

(d) Use of the words “denatured alcohol.” If the words “denatured alcohol” appear on the label of an article, the label shall also have a name, trade name or brand name which appears as conspicuously as the words “denatured alcohol.”

(e) Use of the words “rubbing alcohol.” If the words “rubbing alcohol” appear on the label of an article, (1) the article shall be made in accordance with §20.118 of this part, and (2) the label (i) shall have the words “rubbing alcohol” in letters of the same color and size, (ii) shall identify the name and address (city and State) of the manufacturer or bottler, (iii) shall state the alcohol content as 70% by volume with no reference to the proof strength, and (iv) shall have the warning “For external use only. If taken internally, will cause
serious gastric disturbances.” An alcohol rub made from any other material, such as isopropyl alcohol, shall not be labeled “Rubbing Alcohol” unless the label informs the consumer that the preparation was not made with specially denatured alcohol.

(f) Distributor labeling. Distributors of an article may place minimal identifying information (name, address and a phrase such as “distributed by”) on the label of that article (or on an additional label) without qualifying in any manner under this part; provided:

(1) The article is produced, packaged and labeled as provided in this part; and

(2) The distributor does not produce, repackage or reprocess the article.

§ 20.136 Labeling regulations of other agencies.

(a) General. Other Federal agencies have promulgated regulations which may affect labeling of articles, as described in this section.

(b) Consumer Product Safety Commission. The Consumer Product Safety Commission has promulgated regulations to administer the Federal Hazardous Substances Act. The regulations in 16 CFR Chapter II require warning labels for products containing certain specified substances. For example, S.D.A. Formula Nos. 3–A and 30 require warning labels because they contain methyl alcohol, a hazardous substance at levels of 4% or more by weight. Manufacturers, reprocers, rebottlers, and repackagers who convey articles containing strong chemicals should refer to 16 CFR Chapter II for warning label requirements.

(c) Federal Trade Commission. The Federal Trade Commission (F.T.C.) has promulgated regulations to administer the Fair Packaging and Labeling Act. The regulations in 16 CFR Chapter I affect packaging and labeling of “consumer commodities.” The term “consumer commodities” generally means products intended for retail sale to an individual for personal or household use. The F.T.C. regulations do not apply to drugs, medical devices, or cosmetics for which the Food and Drug Administration enforces the Fair Packaging and Labeling Act (see paragraph (d) of this section). Manufacturers, reprocers, rebottlers, and repackagers who convey articles which are “consumer commodities” should refer to 16 CFR Chapter I for packaging and labeling requirements.

(d) Food and Drug Administration, Department of Health and Human Services. The Food and Drug Administration has promulgated regulations in 21 CFR Chapter I to administer the Fair Packaging and Labeling Act (as it applies to drugs, medical devices, or cosmetics) and the Federal Food, Drug and Cosmetic Act. Manufacturers, reprocers, rebottlers, and repackagers who convey articles which are drugs, medical devices, or cosmetics should refer
§ 20.137 Penalties.
Violation of the requirements prescribed in §20.132 is punishable by a fine of not more than $10,000 and/or imprisonment for not more than 5 years for each offense. In addition, persons who manufacture (including reprocess), sell, or transport articles in violation of this part are liable for payment of a tax on the articles at the rate imposed by law on distilled spirits.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1314, as amended, 1402 (26 U.S.C. 5001, 5607))

Subpart H—Sale and Use of Completely Denatured Alcohol

§ 20.141 General.
(a) Each formula of completely denatured alcohol may be sold and used for any purpose, subject to the limitations in the formula prescribed in part 21 of this chapter: For example, C.D.A. Formula No. 18 or 19 may be used:
(1) In the manufacture of definite chemical substances where the alcohol is changed into some other chemical substance and does not appear in the finished product;
(2) In the arts and industries, including but not limited to the manufacture of cleaning fluids, detergents, proprietary antifreeze solutions, thinners, lacquers, and brake fluids; and
(3) For fuel, light, and power.
(b) Completely denatured alcohol may not be used in the manufacture of preparations or products for internal human use or consumption where any of the alcohol or the denaturants used in that alcohol remain in the finished product.
(c) Persons distributing and using (but not recovering for reuse) completely denatured alcohol are not required to obtain a permit or file a bond under this part.
(d) Any person recovering completely denatured alcohol for reuse shall obtain a permit under subpart D of this part if the recovered alcohol does not contain all of the original denaturants of the completely denatured alcohol.
(e) Containers of products manufactured with completely denatured alcohol (such as proprietary antifreeze solutions, solvents, thinners, and lacquers) may not be branded as completely denatured alcohol. These products may not be advertised, shipped, sold, or offered for sale as completely denatured alcohol.

§ 20.142 Records of bulk conveyances.
If completely denatured alcohol is to be shipped in a bulk conveyance, the shipment shall be accompanied by a record which identifies each car, truck, or compartment, the name and location (city or town and State) of both the consignor and consignee, the quantity in gallons, and the formula number of the completely denatured alcohol.

(Approved by the Office of Management and Budget under control number 1512–0337)

§ 20.143 Receipt.
Unless completely denatured alcohol received in bulk conveyances or by pipeline is to be used immediately, it shall be deposited in storage tanks, stored in the tank cars or tank trucks in which received, or drawn into packages which shall be marked or labeled as required by this subpart.

§ 20.144 Packages of completely denatured alcohol.
Packages containing more than 5 gallons of completely denatured alcohol shall be of metal or other equally suitable material approved by the appropriate ATF officer. The openings of these packages shall be sealed with appropriate seals furnished by the person filling the packages.

§ 20.145 Encased containers.
Completely denatured alcohol may be packaged by distributors in unlabeled containers which are completely encased in wood, fiberboard, or similar material so that the surface (including the opening) of the actual container is not exposed. When completely denatured spirits are packaged in unlabeled containers, the distributor shall apply the required marks or label to an exposed surface of the case. The case shall be so constructed that the portion containing the marks will be securely attached to the encased container until all of the contents have
§ 20.146 Labels on bulk containers.

(a) Completely denatured alcohol in bulk containers with a capacity exceeding 1 gallon shall be labeled on the head or side of the container or on the side of the casing, with the following:

(1) The name and address of the person filling the container;

(2) The contents in gallons;

(3) The words “Completely Denatured Alcohol”; and

(4) The formula number.

(b) Packages of 5 gallons or less shall bear labels required by § 20.147, in lieu of the labels required by this section.

(c) The letters and figures used for marking packages shall be large enough to be easily read and, when printed, labeled, or stenciled, shall be in permanent ink and shall contrast distinctly with the background to which applied.

(d) Packages may also be marked with the brand name and a statement to the type of merchandise contained in the package if these markings do not obscure or detract from the required markings. The person filling the packages shall maintain the record required by § 20.261.

§ 20.147 Labels on consumer-size containers.

(a) Each consumer-size container with a capacity of 5 gallons or less of completely denatured alcohol sold or offered for sale by a distributor shall bear a label showing, in plain, legible letters, the following:

(1) The words “Completely Denatured Alcohol”;

(2) The statement “Caution—contains poisonous ingredients”; and

(3) The name and address of the distributor filling the packages, unless shown elsewhere on the package.

(b) No other information (except that required by State or Federal law) may be shown on the label without the appropriate ATF officer’s approval. The word “pure”, qualifying denatured alcohol may not appear on the label or the container.

(c) The requirements of paragraphs (a) and (b) of this section apply to any person who sells completely denatured alcohol at wholesale or retail.

§ 20.148 Manufacture of articles with completely denatured alcohol.

Articles may be made with completely denatured alcohol for sale under brand names. If ingredients are added in sufficient quantities to materially change the composition and character of the completely denatured alcohol, the article is not classified as completely denatured alcohol and may not be marked, branded, or sold as completely denatured alcohol.

§ 20.149 Records.

Records of transactions in completely denatured alcohol and articles made with completely denatured alcohol shall be maintained as prescribed in § 20.261.

(Approved by the Office of Management and Budget under control number 1512-0337)

Subpart I—Operations by Dealers and Users of Specially Denatured Spirits

§ 20.161 Withdrawals under permit.

(a) General. The permit, Form 5150.9, issued under subpart D of this part, authorizes a person to withdraw specially denatured spirits from the bonded premises of a distilled spirits plant or a dealer. If the permittee is located in a foreign-trade zone, the permit will be qualified so that the permittee may obtain domestic specially denatured spirits only. The alcohol in domestic denatured spirits must be produced entirely in the United States, including Puerto Rico.

(b) Photocopying of permit, Form 5150.9.

(1) As provided in § 20.54, a permittee may make photocopies of its permit, or amended permit, for the exclusive purpose of furnishing proof of authorization to withdraw specially denatured spirits.

(2) A permittee need only furnish the photocopy of its permit, or amended permit, to a distilled spirits plant or
§ 20.162 Regulation of withdrawals.

(a) Each permittee shall regulate its withdrawals of specially denatured spirits to ensure that (1) the quantity on hand and unaccounted for does not exceed the capacity of the storage facilities, and (2) the cumulative quantity withdrawn or received in any calendar year does not exceed the quantity authorized by the permit, Form 5150.9. Recovered alcohol will be taken into account in determining the total quantity of alcohol on hand.

(b) For the purpose of this section, specially denatured spirits and recovered alcohol will be considered as unaccounted for if lost under circumstances where a claim for allowance is required by this part but the claim has not been allowed, or if used or disposed of in any manner not provided for in this part.

§ 20.163 Receipt and storage of specially denatured spirits.

(a) Receipt of bulk conveyances or by pipeline. A permittee who receives specially denatured spirits in bulk conveyances or by pipeline shall: (1) Deposit the specially denatured spirits into storage tanks as provided by § 20.165; (2) draw the specially denatured spirits into packages marked and labeled as required by paragraph (b) of this section; (3) store the specially denatured spirits in the tank truck or tank car in which received if the conveyance is effectively immobilized within an enclosure secured to prevent unauthorized access; or (4) use the specially denatured spirits immediately in accordance with an approved formula or statement of process.

(b) Marks on portable containers. (1) A user who receives specially denatured spirits in bulk conveyances or by pipeline and who transfers the spirits to drums shall plainly label them to show (i) the words “Specially Denatured Alcohol” or “Specially Denatured Rum”, and (ii) the formula number.

(2) A dealer who fills packages of specially denatured spirits shall label them in accordance with § 20.178.

(c) Receipt of portable containers. A permittee who receives specially denatured spirits in portable containers such as drums or barrels shall transfer the specially denatured spirits to storage tanks or deposit the specially denatured spirits in a storeroom as provided in § 20.165, or use the spirits in accordance with an approved formula or statement of process. A user may not transfer the spirits to other portable containers for storage except in the following circumstances:

(1) Contents of damaged packages may be transferred to new packages to prevent loss or waste; or
(2) Contents of portable containers may be transferred to “safety” containers to comply with city or State fire code regulations, or on filing notice with the appropriate ATF officer to comply with the safety practices of the user. The user shall label the new containers with the information marked on the original containers and shall also identify the new containers as “repackaged.”

(d) Record of receipt. Records of receipt will consist of the consignor’s invoice of bill or lading which identifies the quantities, formula number(s), and serial numbers of containers of specially denatured spirits, and which has been annotated by the consignee with the date of receipt of the shipment.

(e) Losses. On receipt of specially denatured spirits, the user shall determine and account for any losses in transit in accordance with subpart J of this part.

(Approved by the Office of Management and Budget under control number 1512–0337)

PREMISES AND EQUIPMENT

§ 20.164 Premises.

(a) A permittee shall have premises suitable for the business being conducted and adequate for protecting the revenue.

(b) Storage facilities shall be provided on the premises for specially denatured spirits received or recovered. Except as provided in paragraph (c) of this section, storage facilities shall consist of storerooms, compartments, or stationary storage tanks (not necessarily in a room or building).

(c) A permittee receiving and storing specially denatured spirits in tank cars or tank trucks, as provided in §20.163, need not provide stationary storage tanks.

(d) If specially denatured spirits are received at or removed from a permittee’s premises in bulk conveyances, suitable facilities for those operations shall be provided.

(e) The appropriate ATF officer may require the storage facilities or distilling equipment to be secured with Government locks or seals, or both.

§ 20.165 Storage facilities.

(a) Storerooms shall be constructed and secured to prevent unauthorized access and the entrance doors shall be equipped for locking.

(b) Each stationary tank used for the storage of specially denatured spirits shall be equipped for locking to control access to the denatured spirits. An accurate means of measuring its contents shall be provided for each tank.

(c) Storerooms and storage tanks shall be kept locked when unattended. A storage cabinet or locker kept inside a room which is locked when unattended is considered to be adequately secured.

§ 20.166 Stills and other equipment.

If recovered denatured spirits or articles are to be restored on the permittee’s premises, all equipment to be used in the restoration process shall be located on the permit premises. Distilling apparatus or other equipment, including pipelines, for restoration or for recovery, shall be constructed and secured in such a manner as to prevent unauthorized access to the denatured spirits and so arranged as to be readily inspected by appropriate ATF officers.

§ 20.167 Recovered and restored denatured spirits tanks.

Suitable storage tanks shall be provided for recovered and restored denatured spirits. Each storage tank for recovered and restored denatured spirits shall be—

(a) Durably marked to show its capacity and use,

(b) Equipped for locking to control access to the contents, and

(c) Provided with an accurate means of measuring its contents.

§ 20.170 Physical inventory.

Once in each calendar year and when requested by an appropriate ATF officer, each permittee shall perform and record a physical inventory of each formula of new and recovered specially denatured spirits.

(Approved by the Office of Management and Budget under control number 1512–0337)
§ 20.171 Record of shipment.

(a) Dealer. When a dealer transfers new or recovered specially denatured spirits to a distilled spirits plant or permittee in the normal course of business or in accordance with § 20.216 or § 20.231 of this part, the dealer shall prepare a record of shipment in accordance with paragraph (c) of this section. Dealers shall consistently use the same record series for the record of shipment. A dealer’s record of shipment shall show a serial number or other unique number.

(b) User. When a user transfers new or recovered specially denatured spirits to a distilled spirits plant or permittee in accordance with § 20.216, 20.231, or 20.235 of this part, the user shall prepare a record of shipment in accordance with paragraph (c) of this section.

(c) Record. The record of shipment shall consist of an invoice, bill of lading or similar document which shows the following information:

(1) Date of shipment;
(2) Consignor’s name and address;
(3) Consignee’s name, address, and permit number or distilled spirits plant registry number;
(4) For each formula of specially denatured spirits—
   (i) The formula number,
   (ii) The number and sizes of containers, and
   (iii) The total quantity; and,
(5) If the specially denatured spirits are recovered, the word “recovered” shall appear on the record.

(Approved by the Office of Management and Budget under control number 1512-0337)

§ 20.172 Records.

In addition to the records required by this subpart, permittees shall maintain records required in subpart P of this part.

(Approved by the Office of Management and Budget under control number 1512-0337)

§ 20.175 Shipment for account of another dealer.

(a) A dealer may order specially denatured spirits shipped directly from a denaturer or another dealer to a customer (dealer or user).

(b) The dealer who ordered the shipment of specially denatured spirits shall forward a copy of his or her permit, Form 5150.9, and the consignee’s permit, Form 5150.9, to the person actually shipping the specially denatured spirits.

(c) The bond of the dealer who ordered the shipment shall be liable for the tax while the specially denatured spirits are in transit and the bond of the person actually shipping the specially denatured spirits shall not be liable.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1370, as amended (26 U.S.C. 5271))

§ 20.176 Packaging by a dealer.

A dealer may package specially denatured spirits in containers of any size necessary for the conduct of business. After filling packages, the dealer shall accurately determine the contents of each package. After filling drums, the dealer shall seal all the drum openings with the dealer’s own seals. Packages of specially denatured spirits shall be marked or labeled in accordance with § 20.178.

§ 20.177 Encased containers.

(a) A dealer may package specially denatured spirits in unlabeled containers which are completely encased in wood, fiberboard, or similar material. The total surface (including the opening) of the actual container of the spirits must be enclosed.

(b) When specially denatured spirits are packaged in unlabeled containers, the bonded dealer shall apply the required marks to an exposed surface of the case. The case shall be constructed so that the portion bearing the marks will remain securely attached to the encased container until all the spirits have been removed. A statement reading “Do not remove inner container until emptied,” or of similar meaning, shall be placed on the portion of the case bearing the marks.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1360, as amended (26 U.S.C. 5206))
§ 20.178 Marks and brands on containers of specially denatured spirits.

(a) Required marks. Each dealer who fills packages of specially denatured spirits shall mark or label each package with the following information:

(1) Quantity, in gallons, or in liters and gallons;

(5) Formula number;

(6) Proof, if the spirits were denatured at other than 190° proof;

(7) Denaturants used, if alcohol was denatured under an approved formula authorizing a choice of denaturants; and

(8) Quantity of denaturants used, if the approved formula authorizes a choice of quantities of denaturants.

(b) Location of marks. The dealer shall place the required marks on the head of the package or on the side of the case.

(c) Other marks. Other marks authorized by this paragraph may not interfere with or detract from the marks required by this subpart. The dealer may place marks other than the required marks on the Government head or Government side of the package if the other marks—

(1) Are authorized by the appropriate ATF officer, or

(2) Consist of a brand name, or consist of caution notices, or consist of other material required by Federal or State law or regulations.

(See 201, Pub. L. 85-859, 72 Stat. 1360, as amended (26 U.S.C. 5206))

§ 20.179 Package identification number or serial number.

(a) Requirement. A dealer who fills packages with specially denatured spirits shall mark each package with a package identification number, in accordance with paragraph (b) of this section, or a serial number, in accordance with paragraph (c) of this section.

(b) Package identification number. A package identification number shall apply to all of the packages filled at the same time on which all of the marks required by §20.178 (a)(1) and (a)(3) through (a)(8) are identical. All of the packages in one lot shall be the same type, have the same rated capacity, and be uniformly filled with the same quantity. A package identification number shall be derived from the date on which the package is filled, and shall consist of the following elements, in the order shown—

(1) The last two digits of the calendar year;

(2) An alphabetical designation from “A” through “L,” representing January through December, in that order;

(3) The digits corresponding to the day of the month; and

(4) A letter suffix when more than one identical lot is filled into packages during the same day. For successive lots after the first lot, a letter suffix shall be added in alphabetical order, with “A” representing the second lot of the day, “B” representing the third lot of the day, etc. (e.g. the first three lots filled into packages on November 19, 1983, would be identified as “83K19,” “83K19A,” and “83K19B”).

(c) Serial number. A consecutive serial number shall be marked on each package, beginning with the number “1” and continuing in regular sequence. The dealer shall use a separate but similar number series for packages containing specially denatured rum. When any numbering series reaches “1,000,000”, the dealer may recommence the series by providing an alphabetical prefix or suffix for each number in the new series.

(d) Continuation of numbering series. If a change in proprietorship, name, or trade name occurs, the numbering system in use at the time of the change may be continued. If serial numbers are used at the time of a change, the numbering series in use at the time of the change may be continued.

(See 201, Pub. L. 85-859, 72 Stat. 1360, as amended (26 U.S.C. 5206))

§ 20.180 Record of packages filled.

(a) Requirement to keep record. A dealer shall keep a record when filling packages with specially denatured spirits. The dealer shall keep a separate record of packages for each formula of
§ 20.181  Limitations on shipments.

(a) Shipments made under permit. A dealer may ship specially denatured spirits to users and other dealers under the consignee’s permit, Form 5150.9. The dealer may not ship specially denatured spirits before receiving the consignee’s permit, Form 5150.9, unless the shipment has been authorized by the appropriate ATF officer.

(b) Shipments of samples. A dealer may ship samples of specially denatured spirits to the persons authorized to receive them, and in the quantities permitted by subpart O of this part.

§ 20.182  Bulk shipments.

(a) Use. Dealers may ship specially denatured spirits in bulk conveyances. The dealer shall seal the bulk conveyances at the time of filling with railroad or other appropriate serially numbered seals dissimilar in marking from cap seals used by the Bureau of Alcohol, Tobacco and Firearms. Specially denatured alcohol or specially denatured rum from only one consignor may be placed in any one compartment of a bulk conveyance. Not less than the entire contents of any one compartment may be delivered to any one consignee at any one premises.

(b) Construction of bulk conveyances. Bulk conveyances shall be constructed to conform to the following requirements:

(1) All openings (including valves) shall be constructed so that they may be sealed to prevent unauthorized access to the contents of the conveyance. Outlets, valves or other openings to or from tank cars may be constructed in such a manner that they may be closed and securely fastened on the inside.

(2) If the conveyance has two or more compartments, the outlets of each shall be so equipped that delivery of any compartment will not afford access to the contents of any other compartment.

(3) Each compartment shall be arranged so that it can be completely drained.

(4) Each tank car or tank truck shall be permanently and legibly marked with its number, capacity in gallons or liters, and the name or symbol of its owner. If the tank car or truck consists of two or more compartments, each compartment shall be identified and the capacity of each shall be marked thereon.

(5) Permanent facilities must be provided on tank trucks to permit ready examination of manholes or other openings.

(6) Calibrated charts, prepared or certified by recognized authorities or engineers, showing the capacity of each compartment in gallons or liters for each inch of depth, must accompany each tank truck, tank ship, or tank barge.

OPERATIONS BY USERS

§ 20.189  Use of specially denatured spirits.

(a) Specially denatured spirits shall not be used for any purpose not authorized in this section.

(b) Specially denatured spirits shall be used (1) in the manufacture of articles in accordance with the formula requirements of subpart F of this part, (2) for other purposes in accordance with approved statements of process (§20.94), or (3) in the case of S.D.A. Formula No. 3-A, 3-C, or 30, for mechanical or laboratory purposes not involving the development of a product.

(c) Each formula of specially denatured spirits may be used only for the purposes authorized under part 21 of this chapter.
(d) By the use of essential oils and chemicals used in the manufacture of each liquid article, the user shall ensure that the finished article cannot be reclaimed or diverted to beverage use or internal human use.

(e) Each finished article shall conform to the sample, if any, and formula for that article approved in accordance with subpart F of this part.

§ 20.190 Diversion of articles for internal human use or beverage use.

An appropriate ATF officer who has reason to believe that the spirits in any article are being reclaimed or diverted to beverage or internal human use may direct the permittee to modify an approved formula to prevent the reclamation or diversion. The appropriate ATF officer may require the permittee to discontinue the use of the formula until it has been modified and again approved.

§ 20.191 Bulk articles.

Users who convey articles in containers exceeding one gallon may provide the recipient with a photocopy of subpart G of this part to ensure compliance with requirements relating to articles. Copies of subpart G are printed as ATF Publication 5150.5 and are available from the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

§ 20.192 Manufacturing record.

For each manufacturing process in which specially denatured spirits are used, the user shall record:

(a) Quantity and formula number of new or recovered specially denatured spirits used;

(b) Names and quantities of ingredients used; and

(c) Name, trade name or brand name and alcoholic content of each article or intermediate product manufactured, as applicable.

(Approved by the Office of Management and Budget under control number 1512–0337)

Subpart J—Losses

§ 20.201 Liability and responsibility of carrier.

(a) A person or carrier transporting specially denatured spirits to a consignee or returning it to the consignor is responsible for the safe delivery and is accountable for any specially denatured spirits not delivered.

(b) A person or carrier transporting specially denatured spirits in violation of any law or regulation pertaining thereto, is subject to all provisions of law relating to alcohol and the payment of tax thereon, and shall be required to pay the tax.

(26 U.S.C. 5001)

(a) Reporting losses. Upon discovering any loss of specially denatured spirits while in transit, the carrier shall immediately inform the consignee, in writing, of the facts and circumstances relating to the loss. In the case of theft, the carrier shall also immediately notify the consignee’s appropriate ATF officer of the facts and circumstances relating to the loss.

(b) Recording losses. At the time the shipment or report of loss is received, the consignee shall determine the quantity of specially denatured spirits lost. The consignee shall note the quantity lost on the receiving document and attach all relevant information to the record of receipt, prescribed in §20.163. For the purpose of maintaining the records prescribed in subpart P of this part, receipts of specially denatured spirits will only include the quantity actually received.

(c) Claims. A claim for allowances of losses of specially denatured spirits will, as prescribed in §20.205, be filed:

1. If the quantity lost in transit exceeds one percent of the total quantity shipped and is more than 10 gallons, the consignee shall file a claim for allowance of the entire quantity lost; or
§ 20.203 Losses on premises.

(a) Recording of losses. A permittee shall determine and record, in the records prescribed by subpart P of this part, the quantity of specially denatured spirits or recovered alcohol lost on premises:

(1) When an inventory is taken,
(2) At the time a container is emptied, or
(3) Immediately upon the discovery of any loss due to casualty, theft or other unusual causes.

(b) Claims. A claim for allowance of specially denatured spirits will be filed as prescribed in §20.205, in the following circumstances:

(1) If the quantity lost during the annual accounting period (§20.263(c)) exceeds one percent of the quantity to be accounted for during that period, and is more than 50 gallons; or,
(2) If the loss was due to theft or unlawful use or removal, the permittee shall file a claim for allowance of losses regardless of the quantity involved.

(Approved by the Office of Management and Budget under control number 1512–0337)

§ 20.204 Incomplete shipments.

(a) Subject to the provisions of this part (and Part 19 of this chapter for shipments made by a distilled spirits plant), when containers of specially denatured spirits have sustained losses in transit other than by theft, and the shipment will not be delivered to the consignee, the carrier may return the shipment to the shipper.

(b) When specially denatured spirits are returned to the shipper in accordance with this section, the carrier shall inform the shipper, in writing, of the facts and circumstances relating to the loss. In the case of theft, the carrier shall also immediately notify the shipper's appropriate ATF officer of the facts and circumstances relating to the loss.

(c) Subject to the limitations for loss prescribed in §20.202, the dealer or proprietor shall file a claim for allowance of the entire quantity lost, in the same manner provided in that section. The claim shall include the applicable data required by §20.205.

Subpart K—Recovery of Denatured Alcohol, Specially Denatured Rum, or Articles

§ 20.211 General.

(a) Upon filing the appropriate qualifying documents under the applicable provisions of subparts D and F of this part and receiving approval, a manufacturer using denatured alcohol, specially denatured rum, or articles in an approved process may recover the denatured alcohol, specially denatured rum, or articles. However, a person
who recovers (1) completely denatured alcohol with all its original ingredients, (2) an article made with specially denatured spirits with all its original ingredients (or practically so, to the extent that the presence of the original denaturants and other ingredients in the recovered article make it as non-potable as the original article), or (3) an article made with completely denatured alcohol with all the denaturants of the completely denatured alcohol, shall not be required to obtain a permit under this part.

(b) For a determination as to whether obtaining a permit under this part is necessary, each person who intends to conduct the recovery operations outlined in paragraph (a) of this section shall forward Form 5150.19 with a sample of the recovered article, to the appropriate ATF officer, in accordance with subpart F of this part.

If the recovered product is to be shipped under § 20.214, it may be accumulated in appropriately marked packages. All denatured alcohol or specially denatured rum recovered shall be measured and a record of the measurement shall be made before being redenatured or reused. In these cases, the appropriate ATF officer will require samples of the recovered product to be taken from time to time to determine if the product requires redenaturation.

(b) If the denatured alcohol or specially denatured rum is not recovered in its original denatured state, or practically so, it shall be redenatured at the premises of the manufacturer or a denaturer before being used. The appropriate ATF officer may require supervision of the redenaturation of the recovered spirits by an appropriate ATF officer.

§ 20.214 Shipment for restoration or redenaturation.

Recovered denatured alcohol, recovered specially denatured rum, or recovered articles requiring restoration or redenaturation (or both, unless the restoration or redenaturation is to be done on the manufacturer’s premises) shall be shipped to a distilled spirits plant or to a permittee. Packages shall be numbered with a package identification number or serial number in accordance with § 20.179 (b) or (c). Packages shall be labeled with the name, address, and permit number of the manufacturer, the quantity (in gallons) of spirits contained in the package, and the applicable words “Recovered denatured alcohol formula No. ” or “Recovered specially denatured rum formula No. ” If the restoration or redenaturation is performed by a user or dealer permittee (not a distilled spirits plant), the permittee shall return the same materials to the same manufacturer and shall not intermingle them with materials received from other sources.

(b) Bond coverage. In the case of reconsignment, the bond, if required, of the permittee to whom the specially denatured spirits were reconsigned will cover the specially denatured spirits while in transit. Subpart Ca—Special (Occupational) Taxes

§ 22.37 Liability for special tax.

(a) Tax-free alcohol permittee. Except as otherwise provided in this section, every person who is required to hold a permit under 26 U.S.C. 5271 to procure,
use, sell, and/or recover alcohol free of tax for nonbeverage purposes shall pay a special (occupational) tax at the rate of $250 per year. A separate tax shall be paid for each tax-free alcohol permit which the permittee holds, and permits issued under this part shall not be valid unless special tax is paid. The tax shall be paid on or before the date of commencing the business of a tax-free alcohol permittee, and thereafter every year on or before July 1. On commencing business, the tax shall be computed from the first day of the month in which liability is incurred, through the following June 30. Thereafter, the tax shall be computed for the entire year (July 1 through June 30).

(b) Transition rule. For purposes of paragraph (a) of this section, a permittee engaged in nonbeverage tax-free distilled spirits operations on January 1, 1988, shall be treated as having commenced business on that date. The special tax imposed by this transition rule shall cover the period January 1, 1988, through June 30, 1988, and shall be paid on or before April 1, 1988.

(c) Each place of business taxable. Special (occupational) tax liability is incurred at each place of business for which a permit under subpart D of this part to procure, use, and/or recover distilled spirits free of tax has been issued. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Passageways, streets, highways, rail crossings, waterways, or partitions dividing the premises are not sufficient separation to require additional special tax, if the divisions of the premises are otherwise contiguous.

(d) Exception for United States. Agencies and instrumentalities of the United States are not required to pay special tax under this subpart.

(e) Exception for certain educational institutions. (1) On and after July 1, 1989, a scientific university, college of learning, or institution of scientific research as specified in §22.104, which holds a permit to procure and use distilled spirits free of tax under this part, is not required to pay special tax under this subpart if—

(i) The university, college, or institution procures less than 25 gallons of tax free spirits per calendar year; and

(ii) Such spirits are procured for use exclusively for experimental or research use and not for consumption (other than organoleptic tests) or sale.

(2) A scientific university, college of learning, or institution of scientific research, which holds a permit under this part, and which does not operate as described in paragraphs (e)(1) (i) and (ii) of this section during any calendar year, shall pay special tax as provided in paragraph (a) of this section for the special tax year (July 1 through June 30) commencing during that calendar year.

(2) The trade name(s) (if any) of the business(es) subject to special tax.

(3) The employer identification number (see §22.38a).

(4) The exact location of the place of business, by name and number of building or street, or if these do not exist, by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown shall be the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer).

(5) The class(es) of special tax to which the taxpayer is subject.

(6) Ownership and control information: That is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. “Owner of the
“business” shall include every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with a permit application, and if the information previously provided is still current.

(c) Multiple locations and/or classes of tax. A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

(1) File one special tax return, ATF Form 5630.5, with payment of tax, to cover all such locations and classes of tax; and

(2) Prepare, in duplicate, a list identified with the taxpayer’s name, address (as shown on ATF Form 5630.5), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer’s principal place of business (or principal office, in the case of corporate taxpayer) for the period specified on §22.164.

(d) Signing of ATF Forms 5630.5.—(1) Ordinary returns. The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner. The return of a corporation shall be signed by any officer. In each case, the person signing the return shall designate his or her capacity as “individual owner,” “member of firm,” or, in the case of a corporation, the title of the officer.

(2) Fiduciaries. Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(3) Agent or attorney in fact. If a return is signed by an agent or attorney in fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney in fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office with which the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) Perjury statement. ATF Forms 5630.5 shall contain or be verified by a written declaration that the return has been executed under the penalties of perjury.

(a) Requirement. The employer identification number (defined in 26 CFR 301.7701–12) of the taxpayer who has been assigned such a number shall be shown on each special tax return, including amended returns, filed under this subpart. Failure of the taxpayer to include the employer identification number may result in the imposition of the penalty specified in §70.105 of this chapter.

(b) Application for employer identification number. Each taxpayer who files a special tax return, who has not already been assigned an employer identification number, shall file IRS Form SS-4 to apply for one. The taxpayer shall apply for and be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a special tax return. The employer identification number shall be applied for no later than 7 days after the filing of the taxpayer’s first special tax return. IRS Form SS-4 may be obtained from the director of an IRS service center or from any IRS district director.

No new special tax is required to be paid. The permittee shall attach the special tax stamp for endorsement of the change in name.

(b) Change in proprietorship—(1) General. If there is a change in the proprietorship of a tax-free alcohol operation, the successor shall pay a new special tax and obtain the required special tax stamps.

(2) Exemption for certain successors. Persons having the right of succession provided for in paragraph (c) of this section may carry on the business for the remainder of the period for which the special tax was paid, without paying a new special tax, if within 30 days after the date on which the successor begins to carry on the business, the successor files a special tax return on ATF Form 5630.5 with ATF, which shows the basis of succession. A person who is a successor to a business for which special tax has been paid and who fails to register the succession is liable for special tax computed from the first day of the calendar month in which he or she began to carry on the business.

(c) Persons having right of succession. Under the conditions indicated in paragraph (b)(2) of this section, the right of succession will pass to certain persons in the following cases:

The permittee shall attach the special tax stamp or stamps, for endorsement of the change in location. No new special tax is required to be paid. However, if the permittee does not file the amended return within 30 days, he or she is required to pay a new special tax and obtain a new special tax stamp.

(b) The waiver provided for in this section will terminate for a permittee, other than States or political subdivisions thereof or the District of Columbia, when the permittee files an application to amend the permit and the appropriate ATF officer determines that the conditions justifying the waiver no longer exist. In this case, the permittee will furnish the information in respect to the previously waived items, as provided in §22.57(a)(2).

§ 22.44 Disapproval of application.

### § 22.74 Filing of powers of attorney.

Each bond, and each consent to changes in the terms of a bond, shall be accompanied by a power of attorney authorizing the agent or officer who executed the bond or consent to act on behalf of the surety. The appropriate ATF officer may require additional evidence of the authority of the agent or officer to execute the bond or consent.

### § 22.75 Execution of powers of attorney.

The power of attorney shall be prepared on a form provided by the surety company and executed under the corporate seal of the company. If the power of attorney submitted is not a manually signed original, it shall be accompanied by certification of its validity.

### § 22.76 Deposit of securities instead of corporate surety.

Instead of corporate surety, the principal may pledge and deposit as surety for the bond, securities which are transferable and which are guaranteed as to both interest and principal by the United States, under the provisions of 31 CFR part 225.

### § 22.77 Consents of surety.

Consents of surety to changes in the terms of bonds shall be executed on Form 1533 by the principal and by the surety with the same formality and proof of authority as is required for the execution of bonds.

Department of the Treasury, Washington, DC 20226.
§ 22.78 Strengthening bonds.

(a) When the penal sum of any bond becomes insufficient based on projected annual withdrawals, the principal shall either give a strengthening bond with the same surety to attain a sufficient penal sum, or give a new bond to cover the entire liability. A strengthening bond will not be approved if it bears any notation which is intended or which may be considered—
   (1) To be a release of any former bond, or
   (2) As limiting the amount of any bond to less than its full sum.
(b) Strengthening bonds will show the date of execution and the effective date, and will be marked “Strengthening Bond.”

§ 22.79 Superseding bonds.

Superseding bonds are required when insolvency or removal of any surety occurs. Superseding bonds may also be required at the discretion of the appropriate ATF officer when any other contingency affects the validity or impairs the sufficiency of the bond. If the principal intends to continue the transactions to which the bond relates after the surety, under §22.80, has applied for relief of liability under the bond, the principal shall file a valid superseding bond to be effective on or before the date specified in the surety’s application for relief of liability. Superseding bonds will show the date of execution and the effective date, and will be marked “Superseding Bond.” If the principal does not file a superseding bond when required, the principal may not conduct any operation under the permit.

§ 22.80 Notice by surety of termination of bond.

A surety on any bond required by this part may at any time, in writing, notify the principal and appropriate ATF officer with whom the bond is filed, that the surety desires (after a specified date) to be relieved of liability under the bond. The specified date may not be less than 90 days after the date the notice is received by the appropriate ATF officer. The surety shall also file with the appropriate ATF officer an acknowledgment or other proof of service of the notice of termination on the principal.

(Approved by the Office of Management and Budget under control number 1512–0335)

§ 22.81 Termination of rights and liability under a bond.

(a) If the notice of termination given by the surety is not withdrawn in writing, the rights of the principal as supported by the bond terminate on the date named in the notice. The surety is relieved from liability under a bond as to any operations which are wholly subsequent to—
   (1) The date named in a notice of termination (§22.80); or
   (2) The effective date of a superseding bond (§22.79); or
   (3) The date of approval of the discontinuance of operations by the principal.
(b) If the principal fails to file a valid superseding bond before the date on which the surety desires to be relieved from liability under the bond, the surety, notwithstanding the release from liability as specified in paragraph (a)(1) of this section, shall remain liable under the bond for all tax-free alcohol and recovered alcohol on hand or in transit to the principal on that date until the spirits have been lawfully disposed of or a new bond has been filed by the principal.

§ 22.82 Release of pledged securities.

Securities of the United States, pledged and deposited as provided in §22.76, will be released only under the provisions of 31 CFR part 225. When the appropriate ATF officer is satisfied that they may be released, the appropriate ATF officer shall fix the date or dates on which a part or all of the securities may be released. At any time before the release of the securities, the appropriate ATF officer may extend the date of release for any additional length of time considered necessary.

§ 22.91 Premises.
All persons qualified to withdraw and use tax-free alcohol shall have premises suitable for the business being conducted and adequate for the protection of the revenue. The storage facilities may consist of a combination of storerooms, compartments, or stationary storage tanks.

§ 22.92 Storage facilities.
(a) Storerooms or compartments shall be so constructed and secured as to prevent unauthorized access and will be equipped for locking. These storage facilities shall be of sufficient capacity to hold the maximum quantity of tax-free alcohol which will be on hand at one time.
(b) Each stationary storage tank used to hold tax-free alcohol shall be equipped for locking in such a manner as to control access to the spirits. All stationary storage tanks shall be equipped with an accurate means of measuring the spirits.
(c) Storerooms and storage tanks shall be kept locked when unattended. A storage cabinet or locker kept inside a room which is locked when unattended is considered to be adequately secured.

(d) Liability for tax. Permittees who use tax-free alcohol in any manner prohibited by this section become liable for the tax on the alcohol. Any permittee who sells tax-free alcohol also becomes liable for special (occupational) tax as a liquor dealer.

§ 22.103 States and the District of Columbia.

Subpart H—Withdrawal and Receipt of Tax-Free Alcohol

§ 22.111 Withdrawals under permit.

(a) General. The permit, Form 5150.9, issued under subpart D of this part, authorizes a person to withdraw tax-free alcohol from the bonded premises of a distilled spirits plant or, under the provisions of 26 U.S.C. 5688(a)(2)(B), receive alcohol from the General Services Administration.

(b) Photocopying of permit, Form 5150.9.

(1) As provided in §22.54, a permittee may make photocopies of its permit, or amended permit, for the exclusive purpose of furnishing proof of authorization to withdraw tax-free alcohol.

(2) A permittee need only furnish the photocopy of its permit, or amended permit, to a distilled spirits plant for the “initial order” from that distilled spirits plant.

(3) When a permittee makes photocopies of its permit, Form 5150.9, each copy shall be signed, dated, and contain the word “COPY” across the face.

(4) A permittee is responsible for obtaining and, as applicable, destroying all photocopies of its permit from distilled spirits plants when (i) an amended or corrected permit is issued which supersedes the copy on file, (ii) the permit is canceled by reason of requalification as a new permittee, (iii) the permit is revoked or suspended, or (iv)
§ 22.112 Regulation of withdrawals.

(a) Each permittee shall regulate its withdrawals of tax-free alcohol to ensure that (1) the quantity on hand and unaccounted for does not exceed the capacity of the storage facilities, and (2) the cumulative quantity withdrawn or received in any calendar year does not exceed the quantity authorized by the permit, Form 5150.9. Recovered alcohol and alcohol received from the General Services Administration shall be taken into account in determining the total quantity of alcohol on hand.

(b) For the purpose of this section, tax-free alcohol and recovered alcohol shall be considered as unaccounted for if lost under circumstances where a claim for allowance is required by this part and the claim has not been allowed, or if used or disposed of in any manner not provided for in this part.

§ 22.113 Receipt of tax-free alcohol.

(a) When tax-free alcohol is received, it shall be placed in the storage facilities prescribed by § 22.91 and kept there under lock until withdrawn for use. Unless required by city or State fire code regulations or authorized by the appropriate ATF officer or the terms of the permit, the permittee may not remove tax-free alcohol from the original packages or containers in which received until the alcohol is withdrawn for use. If the tax-free alcohol is transferred to “safety” containers in accordance with fire code regulations, the containers to which they are transferred shall be appropriately marked to identify the package from which transferred, the quantity transferred, the date of transfer, and the name and address of the vendor.

(b) When tax-free alcohol is received, the permittee shall ascertain and account for any losses in transit in accordance with subpart I of this part. The permittee shall note any loss or deficiency in the shipment on the record of receipt.

(c) Records of receipt shall consist of the consignor’s invoice or bill. The filing system shall systematically and accurately account for the receipt of all tax-free alcohol.

§ 22.114 Alcohol received from the General Services Administration.

These ATF officers are specified in ATF Order 1130.5, Delegation Order—Delegation of the Director’s Authorities in 27 CFR Part 24—Wine. ATF delegation orders, such as ATF Order 1130.5, are available to any interested person by mailing a request to the ATF Distribution Center, P.O. Box 5950, Springfield, Virginia 22150–5190, or by accessing the ATF web site (http://www.atf.treas.gov/).

§ 24.20 Forms prescribed.

(a) The appropriate ATF officer is authorized to prescribe all forms required by this part. The form will be filed in accordance with the instructions for the form.

(b) Forms may be requested from the ATF Distribution Center, P.O. Box 5950, Springfield, Virginia 22150–5190, or by accessing the ATF web site (http://www.atf.treas.gov/).
§ 24.21 Modified forms.

(a) General. The appropriate ATF officer may approve the use of a modified form in lieu of the prescribed form required by this part, when in the judgment of the appropriate ATF officer:

(1) Good cause has been shown for the use of the modified form and

(2) The use of the modified form will not result in a net increase in cost to the Government or hinder the effective administration of this part.

Except to adapt tax returns for use with data processing equipment, no proposal for modification of a prescribed form relating to qualification, to the giving of any bond, or to the assessment, payment, or collection of tax will be approved under this section.

(b) Application. The proprietor who desires to modify a prescribed form shall submit a written application to the appropriate ATF officer. The application will state the reasons a modified form is necessary and be accompanied by a copy of the proposed form with typical entries.

(c) Conditions. A modified form may not be used until the application has been approved by the appropriate ATF officer. Authorization for the use of a modified form is conditioned on compliance with the procedures, conditions, and limitations specified in the approval of the application. The use of a modified form does not relieve the proprietor from any requirement of this part. Authority for use of a modified form may be withdrawn whenever in the judgment of the appropriate ATF officer the effective administration of this part is hindered by the continuation of the authority.

§ 24.22 Alternate method or procedure.

(a) General. The proprietor, on specific approval of the appropriate ATF officer as provided in this section, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. As used in this section, an alternate method or procedure also includes alternate construction or equipment. No alternate method or procedure relating to the giving of any bond or to the assessment, payment, or collection of tax, will be authorized under this section. The appropriate ATF officer may approve an alternate method or procedure, subject to stated conditions, when in the judgment of the appropriate ATF officer:

(1) Good cause has been shown for the use of the alternate method or procedure;

(2) The alternate method or procedure is within the purpose of, and consistent with the effect intended by, the specifically prescribed method or procedure, and affords equivalent security to the revenue; and

(3) The alternate method or procedure will not be contrary to any provision of law, will not result in an increase in cost to the Government, and will not hinder the effective administration of this part.

(b) Application. The proprietor who desires to employ an alternate method or procedure shall submit a written application to the appropriate ATF officer. The application will specifically describe the proposed alternate method or procedure, and will set forth the reasons therefor. Alternate methods or procedures will not be employed until the application is approved by the appropriate ATF officer.

(c) Conditions. The proprietor shall, during the period of authorization for an alternate method or procedure, comply with the terms of the approved application. Authorization for any alternate method or procedure may be withdrawn whenever in the judgment of the appropriate ATF officer the revenue is jeopardized or the effective administration of this part is hindered by the continuation of the authorization.

§ 24.25 Emergency variations from requirements.

(a) General. The appropriate ATF officer may approve construction, equipment, and methods of operation other than as specified in this part, when in the judgment of such officer an emergency exists, the proposed variations from the specified requirements are necessary, and the proposed variations:

(1) Will afford the security and protection to the revenue intended by the prescribed specifications;

(2) Will not hinder the effective administration of this part; and

(3) Will not be contrary to any provisions of law.

(b) Application. The proprietor must submit a written application to the appropriate ATF officer within 24 hours of any temporary approval granted under paragraph (c) of this section, which describes the proposed variation, and sets forth the reasons therefor.

(c) Temporary approval. The proprietor who desires to employ an emergency variation from requirements must contact the appropriate ATF officer and request temporary approval until the written application, required by paragraph (b) of this section, is acted upon. The appropriate ATF officer will be a subordinate of the ATF officer designated in paragraph (a) of this section. Where the emergency threatens life or property, the proprietor may take immediate action to correct the situation without prior notification; however, the proprietor must promptly contact the appropriate ATF officer and file with that officer a report concerning the emergency and the action taken to correct the situation.

(d) Conditions. The proprietor must, during the period of variation from requirements granted under this section, comply with the terms of the approved application. A failure to comply in good faith with any procedures, conditions, and limitations will automatically terminate the authority for a variation. Upon termination of the variation, the proprietor must fully comply with requirements of regulations for which the variation was authorized. Authority for any variation may be withdrawn whenever in the judgment of the appropriate ATF officer the revenue is jeopardized or the effective administration of this part is hindered by the continuation of the variation.

EMPLOYER IDENTIFICATION NUMBER

§ 24.45 Use on returns.

The employer identification number (as defined at 26 CFR 301.7701–12) of the taxpayer who has been assigned such a number will be shown on each return filed pursuant to the provisions of this part, including amended returns. Failure of the taxpayer to include the employer identification number on any return filed pursuant to the provisions of this part may result in the assertion and collection of the penalty prescribed in 27 CFR 70.113 of this chapter. (Pub. L. 87–397, 75 Stat. 828, as amended (26 U.S.C. 6109, 6676))

(Approved by the Office of Management and Budget under control number 1512–0492)

§ 24.46 Application.

(a) An employer identification number will be assigned pursuant to application on Internal Revenue Service (IRS) Form SS–4 filed by the taxpayer. IRS Form SS–4 may be obtained from the director of the service center or from any district director.

(b) An application on IRS Form SS–4 will be made by the taxpayer who, prior to filing the first return, has neither secured nor made application for an employer identification number. An application on IRS Form SS–4 will be filed on or before the seventh day after the date on which the first return is filed.

(c) Each taxpayer shall make application for and be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a tax return under the provisions of this part. (Pub. L. 87–397, 75 Stat. 828, as amended (26 U.S.C. 6109))

(Approved by the Office of Management and Budget under control number 1512–0492)

§ 24.47 Execution of IRS Form SS–4.

(a) Preparation. The application on IRS Form SS–4, together with any supplementary statement, will be prepared in accordance with the form instructions and applicable regulations. The
§ 24.51

application will be filed with the director of the internal revenue service center as instructed on the Form SS–4.

(b) Signature. The application will be signed by:

(1) The individual, if the taxpayer is an individual; or,

(2) The president, vice president, other principal officer, or other person authorized to sign, if the taxpayer is a corporation; or,

(3) A responsible and duly authorized member or officer having knowledge of its affairs, if the taxpayer is a partnership or other unincorporated organization; or,

(4) The fiduciary, if the taxpayer is a trust or estate. (Pub. L. 87–397, 75 Stat. 828, as amended (26 U.S.C. 6109))

§ 24.51 Rates of special (occupational) tax.

(a) General. Title 26 U.S.C. 5081(a) (2), (3), and (4) impose a special (occupational) tax of $1,000 per year on every proprietor of a bonded wine premises or a taxpaid wine bottling house.

(b) Reduced rate for small proprietors. Title 26 U.S.C. 5081(b) provides for a reduced rate of $500 per year with respect to any proprietor of a bonded wine premises or a taxpaid wine bottling house whose gross receipts (for the most recent taxable year ending before the first day of the taxable period to which the special (occupational) tax imposed by § 24.50 relates) are less than $500,000. The “taxable year” to be used for determining gross receipts is the taxpayer’s income tax year. All gross receipts of the taxpayer will be included, not just the gross receipts of the business subject to special (occupational) tax. Proprietors of new businesses that have not yet begun a taxable year, as well as proprietors of existing businesses that have not yet ended a taxable year, who commence a new activity subject to special (occupational) tax, qualify for the reduced special (occupational) tax rate, unless the business is a member of a “controlled group”; in that case, the rules of paragraph (c) of this section apply.

(c) Controlled group. All persons treated as one taxpayer under 26 U.S.C. 5061(e)(3) shall be treated as one taxpayer for the purpose of determining gross receipts under paragraph (b) of this section. “Controlled group” means a controlled group of corporations, as defined in 26 U.S.C. 1563 and implementing regulations in 26 CFR 1.1563–1 through 1.1563–4, except that the words “at least 80 percent” is replaced by the
words “more than 50 percent” in each place they appear in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of this section.

(d) Short taxable year. Gross receipts for any taxable year of less than 12 months will be annualized by multiplying the gross receipts for the short period by 12 and dividing the result by the number of months in the short period, as required by 26 U.S.C. 448(c)(3).

(e) Returns and allowances. Gross receipts for any taxable year will be reduced by returns and allowances made during such year under 26 U.S.C. 448(c)(3). (26 U.S.C. 448, 5061, 5061)

(Approved by the Office of Management and Budget under control numbers 1512-0472 and 1512-0492)

§ 24.52 Exemption from special (occupational) tax.

(a) General. The proprietor of a bonded wine premises or a taxpaid wine bottling house will not be required to pay special (occupational) tax as a wholesale dealer or retail dealer on account of the sale, at the bonded wine premises or the taxpaid wine bottling house, or at the principal business office as designated in writing to the appropriate ATF officer, of wine which, at the time of sale, is stored at the bonded wine premises or taxpaid wine bottling house, or has been removed from the bonded wine premises to a taxpaid wine premises, the operations of which are integrated with the operations of the bonded wine premises and which is adjacent to or in the immediate vicinity of the bonded wine premises. The proprietor may not have more than one place of sale, as to each bonded wine premises or taxpaid wine bottling house, that will be exempt from special (occupational) tax under this section.

(b) Place of exemption. Unless the proprietor has claimed the exemption elsewhere, it will be presumed that the exemption is claimed at the bonded wine premises or taxpaid wine bottling house where the wine or spirits are stored. If exemption from payment of special (occupational) tax is to be claimed for sales at the principal business office rather than for sales at the bonded wine premises or taxpaid wine bottling house, the proprietor shall state such intention in the approved application or file a notice in letter form of this intention with the appropriate ATF officer. Where the exemption is claimed for a place other than the bonded wine premises or taxpaid wine bottling house, the special (occupational) tax will be paid for any sales made at the bonded wine premises or taxpaid wine bottling house.

(c) Exception. Where the proprietor of a bonded wine premises or a taxpaid wine bottling house has not paid special (occupational) tax as a wholesale dealer and consummates sales of wine to another dealer at the purchaser’s place of business through a delivery route sales personnel or otherwise, the proprietor of the bonded wine premises or taxpaid wine bottling house shall be required to pay special (occupational) tax as a wholesale dealer.

(d) Wholesaler’s special (occupational) tax. A wholesale dealer in liquors who has paid the appropriate special (occupational) tax as provided in part 194 of this chapter will not again be required to pay special (occupational) tax as a wholesale dealer because of sales of wine to wholesale or retail dealers in liquors, or to limited retail dealers, at the purchaser’s place of business. (Sec. 201, Pub. L. 85–859, 72 Stat. 1340, as amended (26 U.S.C. 5111, 5113, 5142))

(Approved by the Office of Management and Budget under control numbers 1512-0472 and 1512-0492)

§ 24.53 Special (occupational) tax returns.

(a) General. Special (occupational) tax is paid by filing ATF F 5630.5, Special Tax Registration and Return, with payment of tax, in accordance with the instructions on the form.

(b) Preparation of ATF F 5630.5. Unless correctly preprinted on a renewal form,
all of the information called for on F 5630.5 shall be provided, including:

(1) The true name of the taxpayer.
(2) The trade name(s) (if any) of the business(es) subject to special (occupational) tax.
(3) The employer identification number (see §24.45).
(4) The exact location of the place of business, by name and number of building or street, or if these do not exist, by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown will be the taxpayer’s principal place of business (or principal office, in case of a corporate taxpayer).
(5) The class(es) of special (occupational) tax to which the taxpayer is subject.
(6) Ownership and control information: that is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special (occupational) tax. “Owner of the business” includes every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with a permit application, and if the information previously provided is still current.

(c) Multiple locations and/or classes of tax. A taxpayer subject to special (occupational) tax for the same period at more than one location or for more than one class of tax shall:

(1) File one special (occupational) tax return, ATF F 5630.5, with payment of tax, to cover all such locations and classes of tax; and
(2) Unless correctly printed on a renewal form, prepare, in duplicate, a list identified with the taxpayer’s name, address (as shown on ATF F 5630.5), employer identification number, and period covered by the return. The list will show, by States, the name, address, and tax class of each location for which special (occupational) tax is being paid. The original of the list will be filed with ATF in accordance with instructions on the return, and the copy will be retained at the taxpayer’s principal place of business (or principal office, in case of a corporate taxpayer) for the period specified in §24.300(d).

(d) Signing of ATF F 5630.5—(1) Ordinary returns. The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner. The return of a corporation shall be signed by any corporate officer. In each case, the person signing the return shall designate his or her capacity as “individual owner,” “member of firm,” or, in the case of a corporation, the title of the officer.

(2) Fiduciaries. Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(3) Agent or attorney-in-fact. If a return is signed by an agent or attorney-in-fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney-in-fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office where the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) Perjury statement. ATF F 5630.5 will contain or be verified by a written declaration that the return has been executed under the penalties of perjury. (26 U.S.C. 5142, 6061, 6065, 6151, 7011)

§24.54 Special (occupational) tax stamps.

(a) Issuance of special (occupational) tax stamps. Upon filing a properly executed return on ATF F 5630.5, together with the full remittance, the taxpayer will be issued an appropriately designated special (occupational) tax stamp. If the return covers multiple locations, the taxpayer will be issued one appropriately designated stamp for each location listed on the attachment required by §24.53(c), but showing, as to
§ 24.55  

name and address, only the name of the taxpayer and the address of the taxpayer’s principal place of business (or principal office in case of a corporate taxpayer).

(b) Distribution of special (occupational) tax stamps for multiple locations. On receipt of the special (occupational) tax stamps, the taxpayer shall verify that there is one stamp for each location listed on the attachment to ATF F 5630.5. Unless correctly printed on the renewal stamp, the taxpayer shall designate one stamp for each location and shall type or print on each stamp the address of the business conducted at the location for which that stamp is designated. The taxpayer shall then forward each stamp to the place of business designated on the stamp.

(c) Examination of special (occupational) tax stamps. All stamps denoting payment of special (occupational) tax will be kept available for inspection by appropriate ATF officers, at the location for which designated, during business hours. (26 U.S.C. 5146, 6806)

§ 24.55 Changes in special (occupational) tax stamps.

(a) Change in name. If there is a change in the corporate or firm name, or in the trade name, as shown on ATF F 5630.5, the proprietor shall file an amended special (occupational) tax return as soon as practicable after the change covering the new corporate or firm name, or trade name. No new special (occupational) tax is required to be paid. The proprietor shall attach the special (occupational) tax stamp for endorsement of the change in name.

(b) Change in proprietorship—(1) General. If there is a change in the proprietorship of a bonded wine premises or taxpaid wine bottling house, the successor shall pay a new special (occupational) tax and obtain the required special (occupational) tax stamps.

(2) Exemption for certain successors. Persons having the right of succession provided for in paragraph (c) of this section may carry on the business for the remainder of the period for which the special (occupational) tax was paid, without paying a new special (occupational) tax, if within 30 days after the date on which the successor begins to carry on the business, the successor files a special (occupational) tax return on ATF F 5630.5 with ATF, which shows the basis of succession. A person who is a successor to a business for which special (occupational) tax has been paid and who fails to register the succession is liable for special (occupational) tax computed from the first day of the calendar month in which he or she began to carry on the business.

(c) Persons having right of succession. Under the conditions indicated in paragraph (b)(2) of this section, the right of succession will pass to certain persons in the following cases:

(1) Death. The widowed spouse or child, or executor, administrator, or other legal representative of the taxpayer:

(2) Succession of spouse. A husband or wife succeeding to the business of his or her spouse (living):

(3) Insolvency. A receiver or trustee in bankruptcy, or an assignee for benefit of creditors; and

(4) Withdrawal from firm. The partner or partners remaining after death or withdrawal of a member:

(d) Change in location. If there is a change in location of a taxable place of business, the proprietor shall, within 30 days after the change, file with ATF an amended special (occupational) tax return covering the new location. The proprietor shall attach the special (occupational) tax stamp or stamps for endorsement of the change in location. No new special (occupational) tax is required to be paid. However, if the proprietor does not file the amended return within 30 days, the proprietor is required to pay a new special (occupational) tax and obtain a new special (occupational) tax stamp. ASSESSMENTS

§ 24.60 General.

Where the appropriate ATF officer determines by examination of records, inventories, or otherwise that the proprietor has incurred liability for the tax on wine, distilled spirits, or special (occupational) tax, and the proprietor does not pay the tax upon notification of the liability, the tax will be assessed. (August 16, 1954, Ch. 736, 68A Stat. 767, as amended (26 U.S.C. 6201))

(Approved by the Office of Management and Budget under control number 1512–0492)

The power of attorney will be prepared on a form provided by the surety and executed under the corporate seal of the surety. If the power of attorney is other than a manually signed original, the appropriate ATF officer may require a certification of validity. (July 30, 1947, Ch. 390, Pub. L. 80–280, 61 Stat. 648, as amended (26 U.S.C. 6, 7))

§ 24.152 Consents of surety.

In any instance where the penal sum of the bond on file becomes insufficient, the principal shall either give a strengthening bond with the same surety to attain a sufficient penal sum or give a new bond covering the entire liability. Strengthening bonds will not be approved where any notation is made thereon which is intended, or which may be construed, as a release of any former bond, or as limiting the amount of either bond to less than its full penal sum. Strengthening bonds will show the current date of execution and the effective date. (Sec. 201, Pub. L. 85–559, 72 Stat. 1394, as amended (26 U.S.C. 5551))

§ 24.154 New or superseding bonds.

When, in the opinion of the appropriate ATF officer, the interests of the Government demand it, or in any case where the validity of the bond becomes impaired in whole or in part for any reason, the principal will be required to give a new bond. A new bond will be required immediately in the case of the insolvency of a corporate surety. Executors, administrators, assignees, receivers, trustees, or other persons acting in a fiduciary capacity, to continue or to liquidate the business of the principal, will execute and file a new bond or obtain the consent of the surety or sureties on the existing bond or bonds. When under the provisions of § 24.157 the surety has filed an application to be relieved of liability under any bond given under this part and the principal desires or intends to continue business or operations to which the bond relates, the principal shall file a valid superseding bond to be effective on or before the date specified in the surety’s notice. New or superseding bonds will show the current date of execution and the effective date. (Sec. 201, Pub. L. 85–859, 72 Stat. 1379, as amended, 1380, as amended, 1394, as amended (26 U.S.C. 5354, 5362, 5551))

§ 24.155 Disapproval and appeal from disapproval.

(a) Disapproval. The appropriate ATF officer may disapprove any bonded wine premises bond or consent of surety if the individual, firm, partnership, corporation, or association giving the bond, or owning, controlling, or actively participating in the management of the bonded wine premises of the individual, firm, partnership, corporation, or association giving the bond, has been previously convicted in a court of competent jurisdiction of:

(1) Any fraudulent noncompliance with any provision of any law of the United States, if such provision relates to internal revenue or customs taxation of distilled spirits, wine, or beer, or if such offense has been compromised with the person on payment of penalties or otherwise, or

(2) Any felony under a law of any State, or of the District of Columbia, or of the United States, prohibiting the manufacture, sale, importation, or transportation of distilled spirits, wine, beer, or other intoxicating liquor.

(b) Appeal from disapproval. Where a bond or consent of surety is disapproved by the appropriate ATF officer, the person giving the bond may appeal the disapproval to the Director. The decision of the Director will be final. (Sec. 201, Pub. L. 85–859, 72 Stat. 1394, as amended (26 U.S.C. 5551))

(Approved by the Office of Management and Budget under control number 1512–0058)

§ 24.156 Termination of bonds.

A bond prescribed in § 24.146 may be terminated as to future liability pursuant to application by the surety as provided in § 24.157; pursuant to approval of a superseding bond; upon receipt of notification from the principal that the business has been discontinued and all wine and spirits have been removed from the bonded wine premises as provided in § 24.140(b); or in the case of a tax deferral bond, the termination will be issued upon receipt of written notification from the principal that removals of wine requiring a tax deferral bond have been discontinued. (Sec. 201, Pub. L. 85–859, 72 Stat. 1379, as amended (26 U.S.C. 5354))

§ 24.157 Application by surety for relief from bond.

A surety on any bond required by this part may at any time, in writing, notify the principal and the appropriate ATF officer in whose office the bond is on file, that it desires after a specified date, to be relieved of liability under the bond. The date may not be less than 10 days after the date notice is received by the appropriate ATF officer in the case of a tax deferral bond, and not less than 90 days after the date the notice is received in the
case of a bonded wine premises bond or wine vinegar plant bond. The surety will also file with the appropriate ATF officer an acknowledgment, or other evidence of service, of a notice on the principal. The 10 day or 90 day period does not commence until both the acknowledgment or other evidence of service and the notice are filed. If a notice is not thereafter withdrawn in writing, the rights of the principal as supported by the bond will be terminated on the date specified in the notice, and the surety will be relieved from liability to the extent set forth in §24.158. (Sec. 201, Pub. L. 85–859, 72 Stat. 1379, as amended, 1380, as amended (26 U.S.C. 5354, 5362)) (Approved by the Office of Management and Budget under control number 1512–0058) (T.D. ATF–299, 55 FR 24989, June 19, 1990, as amended by T.D. ATF–409, 64 FR 13683, Mar. 22, 1999)

§ 24.158 Extent of relief.

(a) General. The surety on any bond required by this part who has filed a notice for relief from liability as provided in §24.157 will be relieved from liability under bond as set forth in this section.

(b) Wine bond. Where a new or superseding bond is filed, the surety of the existing bond will be relieved of future liability with respect to wine, spirits, volatile fruit-flavor concentrate, or any other commodities subject to tax under 26 U.S.C. chapter 51 on hand or in transit to bonded wine premises on or after the effective date of the new or superseding bond. Notwithstanding such relief, the surety will remain liable for the tax on all wine or volatile fruit-flavor concentrate produced at, and for wine, spirits, and volatile fruit-flavor concentrate consigned to, the bonded wine premises, and for all other liabilities incurred, during the term of the bond. Where a new or superseding bond is not filed the surety will, in addition to the continuing liabilities specified above, remain liable for all wine, spirits, volatile fruit-flavor concentrate, or other commodities subject to tax under 26 U.S.C. chapter 51 on hand or in transit to bonded wine premises on the date specified in the notice, until all the wine, spirits, volatile fruit-flavor concentrate, or commodities subject to tax under 26 U.S.C. chapter 51 have been lawfully disposed of, or a new bond has been filed covering the liability.

(c) Tax deferral bond. The surety will be relieved of liability for the tax on any wine removed from the bonded wine premises after the date specified in the notice. The surety will continue to be liable for the tax on wine removed for consumption or sale on or before the date specified in the notice, until all tax is fully paid.

(d) Wine vinegar plant bond. The surety will be relieved of liability for tax on wine withdrawn for the manufacture of vinegar after the date specified in the notice. The surety will continue to be liable for the tax on wine withdrawn on or before the date specified in the notice, until all wine is fully accounted for. (Sec. 201, Pub. L. 85–859, 72 Stat. 1379, as amended, 1380, as amended (26 U.S.C. 5354, 5362))

§ 24.159 Release of collateral security.

Collateral security pledged and deposited will be released only in accordance with the provisions of 31 CFR part 225. The collateral security will not be released by the appropriate ATF officer until liability under the bond for which it was pledged has been terminated. If satisfied that the interests of the Government will not be jeopardized, the appropriate ATF officer will fix the date or dates on which a part or all of the collateral security may be released. At any time prior to the release of the collateral security, the appropriate ATF officer may, for proper cause, extend the date of release of the security for such additional length of time as deemed appropriate. § 24.165 Premises.

Wine premises will be located, constructed, and equipped, subject to approval by the appropriate ATF officer, in a manner suitable for the operations to be conducted and to afford adequate protection to the revenue. (Sec. 201, Pub. L. 85–859, 72 Stat. 1378, as amended, 1379, as amended, 1380, as amended, 1381, as amended (26 U.S.C. 5351, 5352, 5357))

§ 24.166 Buildings or rooms.

All buildings or rooms on wine premises in which wine operations or other operations as are authorized in this part are conducted will be located, constructed, and equipped in a manner suitable for the intended purpose and to afford adequate protection to the revenue. Each building or room will be constructed of substantial materials and separated from adjacent or contiguous buildings, rooms, or designated areas in a manner satisfactory to the appropriate ATF officer. Where spirits are to be received and stored in packages, a storage room equipped for locking will be provided. The proprietor shall make provisions to assure ATF officers have ready ingress to and egress from any building or room on wine premises, and shall furnish at the request of the appropriate ATF officer evidence that the means of ingress and egress by ATF officers are assured. Where the appropriate ATF officer finds that any building or room on wine premises is located, constructed, or equipped as to afford inadequate protection to the revenue, the proprietor will be required to make changes in location, construction, or equipment to the extent necessary to afford adequate protection to the revenue. (Sec. 201, Pub. L. 85–859, 72 Stat. 1378, as amended, 1379, as amended (26 U.S.C. 5352, 5357))

§ 24.167 Tanks.

(a) General. All tanks on wine premises used for wine operations or for other operations as are authorized in this part will be suitable for the intended purpose. Each tank used for wine operations will be located, constructed, and equipped as to permit ready examination and a means of accurately determining the contents. Any tank used for wine operations not enclosed within a building or room will be enclosed within a secure fence unless the premises where the tank is located are enclosed by a fence or wall, or all tank openings are equipped for locking and are locked when used for wine operations and there is no proprietor’s representative on the wine premises, or the appropriate ATF officer has approved some other adequate means of revenue protection. All open tanks will be under a roof or other suitable covering.

(b) Other requirements. Each tank used for the tax payment of wine, storage of spirits, or spirits additions will be constructed and equipped as follows:

(1) An accurate means of measuring the contents of each tank will be provided by the proprietor. When a means of measuring is not a permanent fixture of the tank, the tank will be equipped with a fixed device to allow the approximate contents to be determined readily;

(2) Safe access to all parts of a tank will be provided by the proprietor;

(3) Tanks may not be used until they are accurately calibrated and a statement of certification of accurate calibration is on file at the premises;

(4) If a tank or its means of measuring is changed as to location or position subsequent to original calibration, the tank may not be used until recalibrated; and
§ 24.168 Identification of tanks.

(a) General. Each tank, barrel, puncheon, or similar bulk container, used to ferment wine or used to process or store wine, spirits, or wine making materials will have the contents marked and will be marked as required by this section.

(b) Tank markings. (1) Each tank will have a unique serial number;

(2) Each tank will be marked to show its current use, either by permanent markings or by removable signs of durable material; and

(3) If used to store wine made in accordance with a formula, the formula number will be marked or otherwise indicated on the tank.

(c) Puncheon and barrel markings. Puncheons and barrels, or similar bulk containers over 100 gallons capacity, will be marked in the same manner as tanks. A permanent serial number need not be marked on puncheons and barrels, or similar bulk containers of less than 100 gallons capacity, used for storage, but the capacity will be permanently marked. (Sec. 201, Pub. L. 85–859, 72 Stat. 1378, as amended, 1379, as amended, 1395, as amended (26 U.S.C. 5352, 5357, 5552))

(Approved by the Office of Management and Budget under control number 1512–0053)

§ 24.169 Pipelines.

Pipelines, including flexible hoses, used to convey wine, spirits, or volatile fruit-flavor concentrate will be constructed, connected, arranged, and secured so as to afford adequate protection to the revenue and to permit ready examination. The appropriate ATF officer may approve pipelines which cannot be readily examined if no jeopardy to the revenue is created. (Sec. 201, Pub. L. 85–859, 72 Stat. 1378, as amended, 1379, as amended, 1395, as amended (26 U.S.C. 5352, 5357, 5552))

(Approved by the Office of Management and Budget under control number 1512–0053)

§ 24.170 Measuring devices and testing instruments.

(a) Measuring devices. The appropriate ATF officer may at any time require proprietors to provide at their own expense equipment for ascertaining the capacity and contents of tanks and other storage containers, and scales and measuring devices for weighing and measuring wine, spirits, volatile fruit-flavor concentrate, or materials received and used in the production or treatment of wine. Where winemaking materials or other materials used in the treatment of wine are used immediately upon receipt on wine premises, or received and stored on bonded wine premises in original sealed shipping containers with a stated capacity, the quantity shown on the commercial invoice or other document covering the shipment may be accepted by the proprietor and entered into records in lieu of measuring the materials upon receipt.

(b) Testing instruments. The proprietor shall have ready access to equipment for determining the alcohol content unless the proprietor only receives and stores on wine premises bottled or packed wine with evidence showing the alcohol content has been determined. The proprietor who bottles or packs wine shall have ready access to equipment for determining the net contents of bottled or packed wine. The appropriate ATF officer may require other testing instruments based upon the proprietor’s operations. (Sec. 201, Pub. L. 85–859, 72 Stat. 1378, as amended, 1395, as amended (26 U.S.C. 5352, 5552))
Subpart F—Production of Wine

§ 24.175 General.

The kinds of wine which may be produced on bonded wine premises are as follows:
(a) Natural wine produced in accordance with subparts F and G of this part;
(b) Special natural wine produced in accordance with subpart H of this part;
(c) Agricultural wine produced in accordance with subpart I of this part; and
(d) Other than standard wine produced in accordance with subpart J of this part. (Sec. 201, Pub. L. 85–859, 72 Stat. 1380, as amended, 1383, as amended, 1384, as amended, 1385, as amended, 1386, as amended (26 U.S.C. 5361, 5382, 5384, 5385, 5386, 5387))

§ 24.176 Crushing and fermentation.

(a) Natural wine production. Water may be used to flush equipment during the crushing process or to facilitate fermentation but the density of the juice may not be reduced below 22 degrees Brix. However, if the juice is already less than 23 degrees Brix, the use of water to flush equipment or facilitate fermentation is limited to a juice density reduction of no more than one degree Brix. At the start of fermentation no material may be added except water, sugar, concentrated fruit juice from the same kind of fruit, malo-lactic bacteria, yeast or yeast cultures grown in juice of the same kind of fruit, and yeast foods, sterilizing agents, precipitating agents or other approved fermentation adjuncts. Water may be used to rehydrate yeast to a maximum to two gallons of water for each pound of yeast; however, except for an operation involving the preparation of a yeast culture starter and must mixture for later use in initiating fermentation, the maximum volume increase of the juice after the addition of rehydrated yeast is limited to 0.5 percent. After fermentation natural wines may be blended with each other only if produced from the same kind of fruit.
(b) Determination of wine produced. Upon completion of fermentation or removal from the fermenter, the volume of wine will be accurately determined, recorded and reported on ATF F 5120.17, Report of Bonded Wine Premises Operations, as wine produced. Any wine or juice remaining in fermentation tanks at the end of the reporting period will be recorded and reported on ATF F 5120.17.

§ 24.177 Chaptalization (Brix adjustment).

In producing natural grape wine from juice having a low sugar content, pure dry sugar or concentrated grape juice may be added before or during fermentation to develop alcohol. The quantity of sugar or concentrated juice added may not raise the original density of the juice above 25 degrees Brix. If grape juice or grape wine is ameliorated after chaptalization, the quantity of pure dry sugar added to juice for chaptalization will be included as ameliorating material. If fruit juice or fruit wine is ameliorated after chaptalization, pure dry sugar added under this section is not considered as ameliorating material. However, if fruit juice or fruit wine is ameliorated after chaptalization and liquid sugar or invert sugar syrup is used to chaptalize the fruit juice, the volume of water contained in the liquid sugar or invert sugar syrup will be included as ameliorating material. (Sec. 201, Pub. L. 85–859, 72 Stat. 1385, as amended (26 U.S.C. 5382, 5384))

§ 24.178 Amelioration.

(a) General. In producing natural wine from juice having a fixed acid level exceeding 5.0 grams per liter, the winemaker may adjust the fixed acid level by adding ameliorating material (water, sugar, or a combination of both) before, during and after fermentation. The fixed acid level of the
juice is determined prior to fermentation and is calculated as tartaric acid for grapes, malic acid for apples, and citric acid for other fruit. Each 20 gallons of ameliorating material added to 1,000 gallons of juice or wine will reduce the fixed acid level of the juice or wine by 0.1 gram per liter (the fixed acid level of the juice or wine may not be less than 5.0 gram per liter after the addition of ameliorating material).

(b) Limitations. (1) Amelioration is permitted only at the bonded wine premises where the natural wine is produced.

(2) The ameliorating material added to juice or wine may not reduce the fixed acid level of the ameliorated juice or wine to less than 5.0 grams per liter.

(3) For all wine, except for wine described in (b) (4), the volume of ameliorating material added to juice or wine may not exceed 35 percent of the total volume of ameliorated juice or wine (calculated exclusive of pulp). Where the starting fixed acid level is or exceeds 7.69 grams per liter, a maximum of 538.4 gallons of ameliorating material may be added to each 1,000 gallons of wine or juice.

(4) For wine produced from any fruit (excluding grapes) or berry with a natural fixed acid of 20 parts per thousand or more (before any correction of such fruit or berry), the volume of ameliorating material added to juice or wine may not exceed 60 percent of the total volume of ameliorated juice or wine (calculated exclusive of pulp). If the starting fixed acid level is or exceeds 12.5 grams per liter, a maximum of 1,500 gallons of ameliorating material may be added to each 1,000 gallons of wine or juice.

(a) General. In producing natural wine, sugar, juice or concentrated fruit juice of the same kind of fruit may be added after fermentation to sweeten wine. When juice or concentrated fruit juice is added, the solids content of the finished wine may not exceed 21 percent by weight. When liquid sugar or invert sugar syrup is used, the resulting volume may not exceed the volume which would result from the maximum use of pure dry sugar only.

(b) Grape wine. Any natural grape wine of a winemaker’s own production may have sugar added after amelioration and fermentation provided the finished wine does not exceed 17 percent total solids by weight if the alcohol content is more than 14 percent by volume or 21 percent total solids by weight if the alcohol content is not more than 14 percent by volume.

(c) Fruit wine. Any natural fruit wine of a winemaker’s own production may have sugar added after amelioration and fermentation provided the finished wine does not exceed 21 percent total solids by weight and the alcohol content is not more than 14 percent by volume.

(d) Specially sweetened natural wine. Specially sweetened natural wine is produced by adding to natural wine of the winemaker’s own production sufficient pure dry sugar, juice or concentrated fruit juice of the same kind of fruit, separately or in combination, so that the finished product has a total solids content between 17 percent and 35 percent by weight, and an alcohol content of not more than 14 percent by volume. Natural wine containing added wine spirits may be used in the production of specially sweetened natural wine; however, wine spirits may not be added to specially sweetened natural wine. Specially sweetened natural wines may be blended with each other, or with natural wine or heavy bodied blending wine (including juice or concentrated fruit juice to which wine spirits have been added), in the further production of specially sweetened natural wine only if the wines (or juice) so blended are made from the same kind of fruit. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended, 1384, as amended, 1385, as amended, 1386, as amended (26 U.S.C. 5382, 5383, 5384, 5385))

[26 U.S.C. 5382, 5383, 5384, 5385]
between its original density and 22 degrees Brix, and unconcentrated fruit juice reduced with water to not less than 22 degrees Brix, is considered juice for the purpose of standard wine production. Concentrated fruit juice reduced with water to any degree of Brix greater than 22 degrees Brix may be further reduced with water to any degree of Brix between its original density and 22 degrees Brix. The proprietor, prior to using concentrated fruit juice in wine production, shall obtain a statement in which the producer certifies the kind of fruit from which it was produced and the total solids content of the juice before and after concentration. Concentrated or unconcentrated fruit juice may be used in juice or wine made from the same kind of fruit for the purposes of chaptalizing or sweetening, as provided in this part. Concentrated fruit juice, or juice which has been concentrated and reconstituted, may not be used in standard wine production if at any time it was concentrated to more than 80 degrees Brix. (Sec. 201, Pub. L. 85–859, 72 Stat. 1383, as amended (26 U.S.C. 5383, 5384, 5392))

(Approved by the Office of Management and Budget under control number 1512–0298)

§ 24.181 Use of sugar.

Only sugar, as defined in §24.10, may be used in the production of standard wine. The quantity of sugar used will be determined either by measuring the increase in volume or by considering that each 13.5 pounds of pure dry sugar results in a volumetric increase of one gallon. (Sec. 201, Pub. L. 85–859, 72 Stat. 1383, as amended, 1384, as amended, 1385, as amended, 1387, as amended (26 U.S.C. 5382, 5383, 5384, 5392))

§ 24.182 Use of acid to correct natural deficiencies.

(a) General. Acids of the kinds occurring in grapes or other fruit (including berries) may be added within the limitations of §24.246 to juice or wine in order to correct natural deficiencies; however, no acid may be added to juice or wine which is ameliorated to correct natural deficiencies except that in the production of grape wine, tartaric acid may be used to reduce the pH of the juice or wine. If tartaric acid is used to correct the pH of grape juice or wine, the fixed acid level of the juice shall be measured prior to the addition of any tartaric acid to determine the maximum quantity of ameliorating material allowed. In addition, when using tartaric acid to reduce the pH of ameliorated grape juice or wine, the pH cannot be reduced below 3.0.

(b) Grape wine. Tartaric acid or malic acid, or a combination of tartaric acid and malic acid, may be added prior to or during fermentation, to grapes or juice from grapes. In addition, after fermentation is completed, citric acid, fumaric acid, malic acid, lactic acid or tartaric acid, or a combination of two or more of these acids, may be added to correct natural deficiencies. However, the use of these acids, either prior to, during or after fermentation, may not increase the fixed acid level of the finished wine (calculated as tartaric acid) above 9.0 grams per liter. In cases where the wine contains 8.0 or more grams of total solids per 100 milliliters of wine, acids may be added to the extent that the finished wine does not contain more than 11.0 grams per liter of fixed acid (calculated as tartaric acid).

(c) Fruit wine. Only citric acid may be added to citrus fruit, juice or wine, only malic acid may be added to apples, apple juice or wine, and only citric acid or malic acid may be added to other fruit (including berries) to correct natural deficiencies to 9.0 grams per liter of finished wine; however, if the wine contains 8.0 or more grams of total solids per 100 milliliters of wine, acids may be added to correct natural deficiencies to the extent that the finished wine does not contain more than 11.0 grams per liter of fixed acid (calculated as malic acid for apples and citric acid for other fruit (including berries)).

(d) Other use of acid. A winemaker desiring to use an acid other than the acids allowed in paragraphs (a) and (b)
§ 24.183 Use of distillates containing aldehydes.

Distillates containing aldehydes may be received on wine premises for use in the fermentation of wine and then returned to the distilled spirits plant from which distillates were withdrawn as distilling material. Distillates produced from one kind of fruit may not be used in the fermentation of wine made from a different kind of fruit. Distillates containing aldehydes which are received at bonded wine premises and not immediately used will be placed in a locked room or tank on bonded wine premises. Distillates containing aldehydes may not be mingled with wine spirits. If the distillates contain less than 0.1 percent of aldehydes, the proprietor shall comply with any additional condition relating to the receipt, storage, and use which the appropriate ATF officer may require to assure that the distillates are properly used and accounted for. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5367, 5373))

§ 24.184 Use of volatile fruit-flavor concentrate.

(a) General. In the cellar treatment of natural wine of the winemaker’s own production there may be added volatile fruit-flavor concentrate produced from the same kind of fruit or from the same variety of berry or grape so long as the proportion of volatile fruit-flavor concentrate added to the wine does not exceed the equivalent proportion of volatile fruit-flavor concentrate of the original juice or must from which the wine was produced.

(b) Use of juice or must from which volatile fruit-flavor has been removed. Juice, concentrated fruit juice, or must processed at a concentrate plant is considered to be pure juice, concentrated fruit juice, or must even though volatile fruit-flavor has been removed if, at a concentrate plant or at bonded wine premises, there is added to the juice, concentrated fruit juice, or must (or in the case of bonded wine premises, to wine of the winemaker’s own production made therefrom), either the identical volatile fruit-flavor removed or an equivalent quantity of volatile fruit-flavor concentrate derived from the same kind of fruit or from the same variety of berry or grape.

(c) Certificate required. The proprietor, prior to the use of volatile fruit flavor concentrate in wine production, shall obtain a certificate from the producer stating the kind of fruit or the variety of berry or grape from which it was produced and the total solids content of the juice before and after concentration. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5367, 5373))
§ 24.191 Segregation of operations.

Where more than one process of producing sparkling wine or artificially carbonated wine is used, the appropriate ATF officer may require the portion of the premises used for the production and storage of wine made by each process (bottle fermented, bulk fermented or artificially carbonated) to be segregated as provided by §24.27.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

§ 24.192 Process and materials.

In preparing still wine for the production of sparkling wine or artificially carbonated wine, sugar and acid of the kinds and within the limitations prescribed in §24.182 may be added with yeast or yeast culture to acclimate the yeast and to facilitate the process of secondary fermentation or to correct the wine. Fruit syrup, sugar, wine, wine spirits, and acid may be used in preparing a finishing dosage for sparkling wine or artificially carbonated wine provided the dosage does not exceed 10 percent by volume of the finished product. Where the proprietor desires to use more than 10 percent by volume finishing dosage, the proprietor shall file for a formula approval under §24.80. The fruit syrup, wine spirits and wine used will come from the same kind of fruit as the wine from which the sparkling wine or artificially carbonated wine is made. In the production of sparkling wine or artificially carbonated wine, taxpaid wine spirits or wine spirits withdrawn tax-free may be used. Tax-free wine spirits may only be used in the production of sparkling wine or artificially carbonated wine which is a natural wine. In the refermentation and finishing of a sparkling wine, the acids and materials specifically authorized in §24.246 may be used.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

§ 24.193 Conversion into still wine.

Sparkling wine or artificially carbonated wine may be dumped for use as still wine. The dumping process will allow the loss of carbon dioxide remaining in the wine. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5041, 5361))

Subpart H—Production of Special Natural Wine

§ 24.195 General.

Special natural wine is a flavored wine made on bonded wine premises from a base of natural wine. The flavoring added may include natural herbs, spices, fruit juices, natural aromatics, natural essences or other natural flavoring, in quantities or proportions such that the resulting product derives character and flavor distinctive from the base wine and distinguishable from other natural wine. Fruit juices may not be used to give to one natural wine the flavor of another but may be used with herbs or spices to produce a wine having a distinctive flavor. Caramel and sugar may be used in a special natural wine. However, the minimum 60 degrees Brix limitations prescribed in the definition of “Liquid pure sugar” and “Invert sugar syrup” in §24.10 do not apply to materials used in the manufacture of vermouth. Finished vermouth will contain a minimum of 80 percent by volume natural wine. Heavy bodied blending wine and juice or concentrated fruit juice to which wine spirits have been added may be used in the production of special natural wine pursuant to formula approval. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended (26 U.S.C. 5386))

(Approved by the Office of Management and Budget under control number 1512–0059)

§ 24.196 Formula required.

Before producing any special natural wine, the proprietor shall receive approval of the formula by which it is to be made as provided by §24.80. Any change in a formula will be approved in
§ 24.197 Production by fermentation.

In producing special natural wine by fermentation, flavoring materials may be added before or during fermentation. Special natural wine produced by fermentation may be ameliorated in the same manner and to the same extent as natural wine made from the same fruit. Spirits may not be added to special natural wine with the exception of spirits contained in the natural wine used as a base or in authorized essences made on bonded wine premises as provided in § 24.86 or in approved essences made elsewhere. Upon removal of the wine from fermenters, the volume of liquid will be determined accurately and recorded as wine produced. The quantity of liquid in fermenters at the close of each reporting period will be reported on the ATF F 5120.17, Report of Bonded Wine Premises Operations. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended (26 U.S.C. 5386))

(Approved by the Office of Management and Budget under control numbers 1512–0059)

Subpart I—Production of Agricultural Wine

§ 24.200 General.

Agricultural wine may be produced on bonded wine premises from suitable agricultural products other than the juice of fruit. Water or sugar, or both, may be used within the limitations of this subpart in the production of agricultural wine. Agricultural wine may not be flavored or colored; however, hops may be used in the production of honey wine. Spirits may not be used in the production of the wine and a wine made from one agricultural product may not be blended with a wine made from another agricultural product. Agricultural wine made with sugar in excess of the limitations of this subpart is other than standard wine and will be segregated and clearly identified. Since grain, cereal, malt, or molasses are not suitable materials for the production of agricultural wine, these materials may not be received on bonded wine premises. Beverage alcohol products made with these materials are not classed as wine and may not be produced or stored on bonded wine premises. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended (26 U.S.C. 5387))

(Approved by the Office of Management and Budget under control number 1512–0059)

§ 24.201 Formula required.

Before producing any agricultural wine, the proprietor shall obtain an approval of the formula and process by which it is to be made pursuant to the provisions of § 24.80. Any change in a formula will be approved in advance as provided by § 24.81. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended (26 U.S.C. 5387))

§ 24.202 Dried fruit.

In the production of wine from dried fruit, a quantity of water sufficient to restore the moisture content to that of...
the fresh fruit may be added. If it is desired not to restore the moisture content of the dried fruit to that of the fresh fruit, or if the moisture content is not known, sufficient water may be added to reduce the density to 22 degrees Brix. If the dried fruit liquid after restoration is found to be deficient in sugar, sufficient pure dry sugar may be added to increase the total solids content to 25 degrees Brix. After addition of water to the dried fruit, the resulting liquid may be ameliorated with either water or sugar, or both, in such total volume as may be necessary to reduce the natural fixed acid level of the mixture to a minimum of 5.6 grams per liter; however, in no event may the volume of the ameliorating material exceed 35 percent of the total volume of the ameliorated juice or wine (calculated exclusive of pulp). Pure dry sugar may be used for sweetening. After complete fermentation or complete fermentation and sweetening, the finished product may not have an alcohol content of more than 14 percent by volume nor may the total solids content exceed 35 degrees Brix. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended, 1387, as amended (26 U.S.C. 5387))

§ 24.211 Formula required.

The proprietor who desires to produce wine other than standard wine shall first obtain approval of the formula by which it is to be made, except that no formula is required for distilling material or vinegar stock. The formula is filed as provided by §24.80. Any change in the formula will be approved in advance as provided by

In the production of wine from agricultural products, other than dried fruit and honey, water and sugar may be added to the extent necessary to facilitate fermentation; Provided, That the total weight of pure dry sugar used for fermentation is less than the weight of the primary winemaking material and the density of the mixture prior to fermentation is not less than 22 degrees Brix, if water, or liquid sugar, or invert sugar syrup is used. Additional pure dry sugar may be used for sweetening, provided the alcohol content of the finished wine after complete fermentation or after complete fermentation and sweetening, is not more than 14 percent by volume and the total solids content is not more than 35 degrees Brix. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended, 1387, as amended (26 U.S.C. 5387))

§ 24.203 Honey wine.

In the production of wine from honey, a quantity of water may be added to facilitate fermentation provided the density of the mixture of honey and water is not reduced below 22 degrees Brix. Hops may be added in quantities not to exceed one pound for each 1,000 pounds of honey. Pure dry sugar or honey may be added for sweetening. After complete fermentation or complete fermentation and sweetening, the wine may not have an alcohol content of more than 14 percent by volume nor may the total solids content exceed 35 degrees Brix. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended, 1387, as amended (26 U.S.C. 5387))
§ 24.212 High fermentation wine.

High fermentation wine is wine made with the addition of sugar within the limitations prescribed for natural wine except that the alcohol content after complete fermentation or complete fermentation and sweetening is more than 14 percent and wine spirits have not been added. Although high fermentation wine is not a standard wine, it is produced, stored, and handled on bonded wine premises subject to the same marking or labeling requirements.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1387, as amended (26 U.S.C. 5388))

§ 24.213 Heavy bodied blending wine.

Heavy bodied blending wine is wine made for blending purposes from grapes or other fruit without added sugar, and with or without added wine spirits, and having a total solids content in excess of 21 percent. Heavy bodied blending wine may be used in blending with other wine made from the same kind of fruit or for removal upon payment of tax, not for sale or consumption as beverage wine. Upon removal, the shipping containers and shipping records will be marked “Heavy Bodied Blending Wine—Not for Sale or Consumption as Beverage Wine.” (Sec. 201, Pub. L. 85–859, 72 Stat. 1380, as amended, 1381, as amended, 1387, as amended (26 U.S.C. 5361, 5388))

§ 24.214 Spanish type blending sherry.

Blending wine made with partially caramelized grape concentrate may be produced, stored, and handled on, or transferred in bond between, bonded wine premises, or removed upon payment of tax, not for sale or consumption as beverage wine. Wine of a high solids content and dark in color, produced under this section, is designated “Spanish Type Blending Sherry.” Upon removal, the shipping containers will be marked with the applicable designation and the legend “Not for Sale or Consumption as Beverage Wine.” Spanish type blending sherry is not standard wine and may not be blended with standard wine except pursuant to an approved formula or in the further production of this type of wine. § 24.215 Wine or wine products not for beverage use.

(a) General. Wine, or wine products made from wine, may be treated with methods or materials which render the wine or wine products unfit for beverage use. No wine or wine products so treated may contain more than 21 percent of alcohol by volume at the time of withdrawal free of tax from bonded wine premises; nor may any wine or wine product so withdrawn be used in the compounding of distilled spirits or wine for beverage use or in the manufacture of any product intended to be used in the compounding. Wine or wine products produced under this section will be clearly identified and segregated from beverage wine products while stored on bonded wine premises and may be transferred in bond between bonded wine premises. The shipping records for transfers in bond of nonbeverage wine or wine products will be marked “Not for Sale or Consumption as Beverage Wine.” Upon removal from bonded wine premises free of tax, containers of nonbeverage wine or wine products will be marked to clearly indicate such products are not for sale or consumption as beverage wine, e.g., salted wine, vinegar, nonbeverage cooking wine.

(b) Salted wine. Salted wine is a wine or wine product not for beverage use produced in accordance with the provisions of this section and having not less than 1.5 grams of salt per 100 milliliter of wine. (12.5 pounds of salt/100 gallons of wine.)

(c) Vinegar. Vinegar is a wine or wine product not for beverage use produced in accordance with the provisions of
§ 24.225 General.

The proprietor of a bonded wine premises may withdraw and receive spirits without payment of tax from the bonded premises of a distilled spirits plant for uses as are authorized in this part. Wine spirits produced in the United States may be added to natural wine on bonded wine premises if both the wine and the spirits are produced from the same kind of fruit. In the case of natural still wine, wine spirits may be added in any State only to wine produced by fermentation on bonded wine premises located within the same State. If wine has been ameliorated, wine spirits may be added (whether or not wine spirits were previously added) only if the wine contains not more than 14 percent of alcohol by volume derived from fermentation. Spirits other than wine spirits may be received, stored and used on bonded wine premises only for the production of nonbeverage wine and nonbeverage wine products. Wooden storage tanks used for the addition of spirits may be used for the baking of wine. (Sec. 201, Pub. L. 85–859 and Sec. 455, Pub. L. 98–369, 72 Stat. 1381 as amended, 1382, as amended (26 U.S.C. 5365, 5388))

Subpart K—Spirits

§ 24.226 Distilling material.

Wine may be produced on bonded wine premises from grapes and other fruit, natural fruit products, or fruit residues, for use as distilling material, using any quantity of water desired to facilitate fermentation or distillation. No sugar may be added in the production of distilling material. Distillates containing aldehydes may be used in the fermentation of wine to be used as distilling material. Lees, filter wash, and other wine residues may also be accumulated on bonded wine premises for use as distilling material. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1387, as amended (26 U.S.C. 5365, 5388))

§ 24.227 Vinegar stock.

Vinegar stock may be produced on bonded wine premises with the addition of any quantity of water desired to meet commercial standards for the production of vinegar. Vinegar stock may be made only by the addition of water to wine or by the direct fermentation of the juice of grapes or other fruit with added water. (Sec. 201, Pub. L. 85–859, 72 Stat. 1380, as amended, 1381, as amended, 1382, as amended (26 U.S.C. 5361, 5373))

(2) Wine made by blending wines produced from different kinds of fruit.

(3) Wine made with sugar other than pure dry sugar, liquid pure sugar, and invert sugar syrup.

(4) Wine made with materials not authorized for use in standard wine.

(b) Production of other wine. Other wine may be made on bonded wine premises but will remain segregated from standard wine. Other wine will have a basic character derived from the primary winemaking material. If sugar is used to make other wine, the aggregate weight of the sugar used before and during fermentation will be less than the weight of the primary wine producing material. Wine spirits may be added to other wine. Upon removal, other wine will be marked or labeled with a designation which will adequately disclose the nature and composition of the wine. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1387, as amended (26 U.S.C. 5365, 5388))

§ 24.226 Receipt or transfer of spirits.

When spirits are received at the bonded wine premises, the proprietor shall determine that the spirits are the same as described on the transfer record and follow the procedures prescribed by 27 CFR 19.510. A copy of the transfer record, annotated to show any difference between the description of spirits and quantity received, will be maintained by the proprietor as a record of receipt. If spirits are to be transferred to a distilled spirits plant or to bonded wine premises, the proprietor shall use the transfer record and procedures prescribed by 27 CFR 19.508.

§ 24.227 Transfer of spirits by pipeline for immediate use.

Spirits transferred by pipeline for immediate use are gauged either by weight or by volume on the bonded premises of the distilled spirits plant. Where the spirits are gauged on the bonded premises of the distilled spirits plant, the pipelines will be directly connected with the spirits addition tanks. The valves in the pipeline will be closed and locked with a lock at all times except when necessary to be opened for the transfer of spirits. Where the proprietor has placed wine in a spirits addition tank and has determined the quantity of spirits to be added, the spirits may be transferred.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1382, as amended (26 U.S.C. 5373))

§ 24.228 Transfer of spirits by pipeline to a spirits storage tank.

Where it is desired to transfer spirits by pipeline to bonded wine premises and store the spirits prior to use, there will be provided a suitable tank for storing the spirits. The spirits to be transferred, if not gauged on the bonded premises of the distilled spirits plant, will be gauged by weight or volume on bonded wine premises. (Sec. 201, Pub. L. 85–859, 72 Stat. 1382, as amended (26 U.S.C. 5373))

§ 24.229 Tank car and tank truck requirements.

Railroad tank cars and tank trucks used to transport spirits for use in wine production will be constructed, marked, filled, labeled, and inspected in the manner required by regulations in 27 CFR part 19. (Sec. 201, Pub. L. 85–859, 72 Stat. 1380, as amended, 1382, as amended (26 U.S.C. 5206, 5214))

§ 24.230 Examination of tank car or tank truck.

Upon arrival of a tank car or tank truck at the bonded wine premises, the proprietor shall carefully examine the car or truck to see whether the seals are intact and whether there is any evidence of tampering or loss by leaking or otherwise. Any evidence of loss will be reported to the appropriate ATF officer. The contents of the tank car or tank truck will be gauged by weight or volume at the time of receipt by the proprietor. If the tank car or tank truck has been accurately calibrated and the calibration chart is available at the bonded wine premises, the spirits may be gauged by volume in the tank car or tank truck. In any case where a volume gauge is made, the actual measurements of the spirits in the gauging tank, tank car, or tank truck, and the temperature of the spirits will be recorded on the copy of the transfer record accompanying the shipment.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1380, as amended, 1382, as amended, 1381, as amended (26 U.S.C. 5206, 5214, 5366))

§ 24.231 Receipt of spirits in sealed bulk containers.

The proprietor shall examine sealed bulk containers (packages) of spirits
received at the bonded wine premises to verify that the containers are the same as those described on the transfer record accompanying the shipment. Any container which appears to have been tampered with or from which spirits appear to have been removed or lost will be gauged by the proprietor and the proprietor shall prepare and submit to the appropriate ATF officer a statement setting forth fully the circumstances and apparent cause of any loss. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1382, as amended (26 U.S.C. 5367, 5368, 5373))

§ 24.232 Gauge of spirits.

(a) If the spirits to be used are in a spirits storage tank on bonded wine premises, or are received immediately prior to use from a distilled spirits plant not adjacent or contiguous to bonded wine premises, the proprietor shall determine the proof of the spirits and the quantity used by volume gauge or by weight. Upon completion of the transfer of spirit from the spirits storage tank to the spirits addition tank, the proprietor shall lock the spirits storage tank.

(b) If the spirits are received from the adjacent or contiguous bonded premises of a distilled spirits plant and are transferred directly into a spirits addition tank, the gauge of the spirits made on the distilled spirits plant premises will be used. The proprietor at the distilled spirits plant premises shall deliver a transfer record to the proprietor of bonded wine premises who shall acknowledge receipt of the spirits on the transfer record.

(c) If the spirits are received in packages and the quantity of spirits needed for the addition is not equal to the contents of full packages, a portion of one package may be used and the remnant package returned to the spirits storage room. The proprietor shall gauge the remnant package and attach to it a label showing the date of gauge, the weight of the remnant package, and the proof. The remnant package will be used at the first opportunity. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1382, as amended (26 U.S.C. 5367, 5368, 5373))

(Approved by the Office of Management and Budget under control number 1512–0298)

§ 24.233 Addition of spirits to wine.

(a) Prior to the addition of spirits. Wine will be placed in tanks approved for the addition of spirits. The proprietor shall accurately measure the other than wine spirits required, determine the proof of the spirits to be added, calculate the quantity of spirits required, and enter the details in the record of spirits added to wine.

(b) After the addition of spirits. The proprietor shall thoroughly agitate the contents of the tank to assure a complete mixture of the wine and spirits. The proprietor shall then measure the volume of wine in the tank, take a representative sample of the wine, and test for alcohol content. The result of the measurement and test and the quantity of spirits added will be entered in the record of spirits added to wine. The volume of wine used and the volume of wine resulting from the addition of spirits will be entered in the bulk wine record. The alcohol content of wine after the addition of spirits may not exceed 24 percent by volume. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1382, as amended, 1383, as amended (26 U.S.C. 5367, 5373, 5382))

§ 24.234 Other use of spirits.

The proprietor producing sparkling wine, artificially carbonated wine, formula wine, or essences for which spirits are required may use tax-free wine spirits or brandy. For nonbeverage wine, tax-free spirits other than wine spirits or brandy may also be used. The spirits received by the proprietor will be locked in a secure room or locker on bonded wine premises. The spirits will remain in the original container in the storeroom until withdrawn for use. (Sec. 201, Pub. L. 85–859, 72 Stat. 1382, as amended, 1383, as amended (26 U.S.C. 5373, 5382))

§ 24.236 Losses of spirits.

Losses by theft or any other cause of spirits while on bonded wine premises or in transit are to be determined and reported at the time the losses are discovered. A physical inventory of the spirits storage tanks will be taken at the close of any month during which spirits were used in wine production, or upon completion of spirits use for the month or at any other time required by the appropriate ATF officer. Any loss which has not previously been reported will be determined by the inventory. (Sec. 201, Pub. L. 85–859, 72 Stat. 1378, as amended, 1379, as amended, 1383, as amended, 1385, as amended (26 U.S.C. 5352, 5357, 5382, 5552))

(Approved by the Office of Management and Budget under control number 1512–0292)

§ 24.237 Spirits added to juice or concentrated fruit juice.

Juice or concentrated fruit juice to which spirits have been added may not have an alcohol content exceeding 24 percent by volume. Although not considered to be wine, juice or concentrated fruit juice to which spirits have been added will be included in the appropriate tax class of any wine inventory and will be properly identified. Juice or concentrated juice to which wine spirits are added will be reported on the ATF F 5120.17, Report of Bonded Wine Premises Operations, as wine, but a separate record will be maintained. (Sec. 201, Pub. L. 85–859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

(Approved by the Office of Management and Budget under control numbers 1512–0216 and 1512–0298)

§ 24.240 General.

Wine will be stored on bonded wine premises in buildings or tanks constructed and secured in accordance with the provisions of §§24.166 and 24.167. Wine will be stored in tanks, casks, barrels, cased or uncased bottles, or in any other suitable container, which will not contaminate the wine. Specifically authorized materials and processes for the treatment and finishing of wine are listed in §§24.246 and 24.248 of this subpart. (Sec. 201, Pub. L. 85–859, 72 Stat. 1378, as amended, 1379, as amended, 1383, as amended, 1385, as amended (26 U.S.C. 5352, 5357, 5382, 5552))

§ 24.241 Decolorizing juice or wine.

(a) Conditions and limitations. If the proprietor wishes to use activated carbon or other decolorizing material to remove color from juice or wine, the following conditions and limitations will be met:

(1) The wine will retain a vinous character after being treated with activated carbon or other decolorizing material;

(2) The quantity of activated carbon used to treat the wine, including the juice from which the wine was produced, may not exceed twenty-five pounds per 1,000 gallons (3.0 grams per liter) (see paragraph (b) of this section); and

(3) The wine treated with decolorizing material will have a color of not less than 0.6 Lovibond in a one-half inch cell or not more than 95 percent transmittance per AOAC Method
11.003–11.004 (see paragraph (c) of this section). However, the proprietor may produce a wine having a color of less than 0.6 Lovibond or more than 95 percent transmittance per AOAC Method 11.003–11.004 by using normal methods and without the use of decolorizing material.

(b) Transfer in bond. When a consignor proprietor transfers wine treated with activated carbon or other decolorizing material to a consignee proprietor, the consignor proprietor shall record on the shipping record:

(1) The amount of wine which has been treated under the provisions of this section; and

(2) The quantity of decolorizing material used in treating the wine, including the juice from which the wine was produced, before its transfer. The consignee proprietor may further treat the wine with decolorizing material as long as the consignee proprietor has a copy of the shipping record and complies with the requirements of this section.

(c) Incorporation by reference. The “Official Methods of Analysis of the Association of Official Analytical Chemists” (AOAC Method 11.003–11.004; 13th Edition 1980) is incorporated by reference in this part. This incorporation by reference was approved by the Director of the Federal Register, and is available for inspection at the Office of the Federal Register, 800 North Capitol Street, NW., suite 700, Washington, DC.

(Approved by the Office of Management and Budget under control number 1512–0292)

§ 24.242 Authority to use greater quantities of decolorizing material in juice or wine.

(a) Proprietor’s notice. If the proprietor desires to remove color from juice prior to fermentation or if color in excess of that normally present in wine develops during the production or storage of a particular lot or lots, and if the proprietor desires to use activated carbon in excess of twenty-five pounds per 1,000 gallons (3.0 grams per liter) of juice or wine to remove this color, the proprietor, prior to starting the treatment, shall submit to the appropriate ATF officer a written notice for each lot of juice or wine to be treated for decolorization. The written notice will state:

(1) The reason for the treatment;

(2) The volume, kind, and type of juice or wine to be treated;

(3) The kind and quantity of decolorizing material to be used; and,

(4) The length of time the decolorizing material is in contact with the juice or wine.

(b) Action by the appropriate ATF officer on proprietor’s notice. Upon receipt of the proprietor’s notice, the appropriate ATF officer may require the proprietor to submit samples representative of the lot of juice or wine for examination by the ATF laboratory.

(c) Samples and chemical analysis—

(1) Samples. If the appropriate ATF officer requires samples under paragraph (b) of this section, the proprietor shall prepare samples representative of the lot of juice or wine for examination. The samples will consist of:

(i) The juice or wine before treatment with decolorizing material,

(ii) The juice or wine after treatment with decolorizing material, and

(iii) The decolorizing material used.

(2) Chemical analysis. If the ATF chemical analyses of the samples shows that the proposed treatment would remove only color and will not remove the vinous characteristics of the wine, the appropriate ATF officer will return an approved copy of the proprietor’s written notice. If the ATF chemical analysis shows that the proposed treatment is not acceptable, the appropriate ATF officer will send the proprietor a letter stating the reason(s) for disallowing the proposed treatment. (Sec. 201, Pub. L. 85–859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

(Approved by the Office of Management and Budget under control number 1512–0292 and 1512–0286)

§ 24.243 Filtering aids.

Inert fibers, pulps, earths, or similar materials, may be used as filtering aids in the cellar treatment and finishing of
wine. Agar-agar, carrageenan, cellulose, and diatomaceous earth are commonly employed inert filtering and clarifying aids. In general, there is no limitation on the use of inert materials and no records need be maintained concerning their use. However, if the inert material is dissolved in water prior to addition to wine, then the records required by §24.301 will be maintained. Filtering aids which contain active chemical ingredients or which may alter the character of wine, may be used only in accordance with the provisions of §24.246. (Sec. 201, Pub. L. 85–859, 72 Stat. 1331, as amended, 1381, as amended, 1407, as amended (26 U.S.C. 5041, 5367, 5662))

§24.244 Use of acid to stabilize standard wine.

Standard wine other than citrus wine, regardless of the fixed acid level, may be stabilized as a part of the finishing process by the addition of citric acid within the limitations of §24.246. Standard wine (including citrus wine) may be stabilized by the addition of fumaric acid within the limitations of §24.246. (Sec. 201, Pub. L. 85–859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

§24.245 Use of carbon dioxide in still wine.

The addition of carbon dioxide to (and retention in) still wine is permitted if at the time of removal for consumption or sale the still wine does not contain more than 0.392 grams of carbon dioxide per 100 milliliters of wine. However, a tolerance of not more than 0.009 grams per 100 milliliters to the maximum limitation of carbon dioxide in still wine will be allowed where the amount of carbon dioxide in excess of 0.392 grams per 100 milliliters is due to mechanical variations which can not be completely controlled under good commercial practice. A tolerance will not be allowed where it is found that the proprietor continuously or intentionally exceeds 0.392 grams of carbon dioxide per 100 milliliters of wine or where the variation results from the use of methods or equipment determined by the appropriate ATF officer not in accordance with good commercial practice. The proprietor shall determine the amount of carbon dioxide added to wine using authorized test procedures. Penalties are provided in 26 U.S.C. 5662 for any person who, whether by manner of packaging or advertising or by any other form of representation, misrepresents any still wine to be effervescent wine or a substitute for effervescent wine. (Sec. 201, Pub. L. 85–859, 72 Stat. 1331, as amended, 1381, as amended, 1407, as amended (26 U.S.C. 5041, 5367, 5662))

§24.246 Materials authorized for the treatment of wine and juice.

(a) Wine. Materials used in the process of filtering, clarifying, or purifying wine may remove cloudiness, precipitation, and undesirable odors and flavors, but the addition of any substance foreign to wine which changes the character of the wine, or the abstraction of ingredients which will change its character, to the extent inconsistent with good commercial practice, is not permitted on bonded wine premises. The materials listed in this section are approved, as being consistent with good commercial practice in the production, cellar treatment, or finishing of wine, and where applicable in the treatment of juice, within the general limitations of this section: Provided, That:

(1) When the specified use or limitation of any material on this list is determined to be unacceptable by the U.S. Food and Drug Administration, the appropriate ATF officer may cancel or amend the approval for use of the material in the production, cellar treatment, or finishing of wine; and

(2) Where water is added to facilitate the solution or dispersal of a material, the volume of water added, whether the material is used singly or in combination with other water based treating materials, may not total more than one percent of the volume of the treated wine, juice, or both wine and juice, from which such wine is produced.

(b) Formula wine. In addition to the material listed in this section, other material may be used in formula wine if approved for such use.

¹GRAS—An acronym for “generally recognized as safe.” The term means that the treating material has an FDA listing in title 21, Code of Federal Regulations, part 182 or part 184, or is considered to be generally recognized as safe by the U.S. Food and Drug Administration.

§ 24.248 Processes authorized for the treatment of wine, juice, and distilling material.

Any process which changes the character of the wine to the extent inconsistent with good commercial practice is not permitted on bonded wine premises. The processes listed in this section are approved as being consistent with good commercial practice for use by proprietors in the production, cellar treatment, or finishing of wine, juice, and distilling material, within the general limitations of this section: Provided, That when the specified use or limitation of any process on this list is determined to be unacceptable for use in foods and beverages by the U.S. Food and Drug Administration, the appropriate ATF officer may cancel or amend the approval for use of the process in the production, cellar treatment, or finishing of wine, juice, and distilling material.

1 This process must be done on distilled spirits plant premises. However, reverse osmosis, under certain limited conditions, may be used on bonded winery premises if ethyl alcohol is only temporarily created within a closed system.

§ 24.249 Experimentation with new treating material or process.

(a) General. The proprietor may, under the provisions of this section, conduct on bonded wine premises such experimentation with a treating material or process as the appropriate ATF officer finds may be conducted in a manner that will not jeopardize the revenue, conflict with wine operations, or be contrary to law.

(b) Application. The proprietor who wants to conduct experimentation must file an application with the appropriate ATF officer setting forth in detail the experimentation to be conducted and the facilities and equipment to be used. The proposed experimentation must not be conducted until the appropriate ATF officer has determined that the conduct of such experimentation must not jeopardize the revenue, conflict with wine operations, or be contrary to law, and has approved the application.

(c) Segregation of operations. Experimentation authorized under this section will be conducted with the degree of segregation from wine operations as may be required by the appropriate ATF officer under the provisions of §24.27.

(d) Records. The proprietor shall, with respect to each experiment authorized by this section, keep records of the kind and quantity of materials received and used and the volume of wine treated and the manner by which disposed.

(e) Disposition of the wine. The disposition of the wine subjected to experimental treatment will conform to the conditions stated in the authorization to conduct the experimentation. (Sec. 201, Pub. L. 85-859 (72 Stat. 1383, as amended (26 U.S.C. 5361, 5382))

§ 24.250 Application for use of new treating material or process.

(a) General. If the proprietor desires to use a material or process which is not specifically authorized in §§24.246, 24.247, 24.248, or elsewhere in this part, an application shall be filed with the appropriate ATF officer to show that the proposed material or process is a cellar treatment consistent with good commercial practice.
(b) **Data required.** The application will include the following:

1. The name and description of the material or process;
2. The purpose, the manner, and the extent to which the material or process is to be used together with any technical bulletin or other pertinent information relative to the material or process;
3. A sample, if a proposed material;
4. Documentary evidence of the U.S. Food and Drug Administration’s approval of the material for its intended purpose in the amounts proposed for the particular treatment contemplated;
5. The test results of any laboratory-scale pilot study conducted by the winemaker in testing the material and an evaluation of the product and of the treatment including the results of tests of the shelf life of the treated wine;
6. A tabulation of pertinent information derived from the testing program conducted by the chemical manufacturer demonstrating the function of the material or process;
7. A list of all chemicals used in compounding the treating material and the quantity of each component;
8. The recommended maximum and minimum amounts, if any, of the material proposed to be used in the treatment and a statement as to the volume of water required, if any, to facilitate the addition of the material or operation of the process; and
9. Two 750-milliliter samples representative of the wine before and after treatment. Information of a confidential or proprietary nature to the manufacturer or supplier of the treating material or process may be forwarded by the manufacturer or supplier to the appropriate ATF officer with a reference to the application filed by the winemaker.

(d) **Processing of application.** After evaluation of the data submitted with the application, the appropriate ATF officer will make a decision regarding the acceptability of the proposed treatment in good commercial practice. The appropriate ATF officer will notify the proprietor of the approval or disapproval of the application. (Sec. 201, Pub. L. 85–859, 72 Stat. 1383, as amended (26 U.S.C. 5381, 5382, 5385, 5386, and 5387))

**BOTTLING, PACKING, AND LABELING OF WINE**

§ 24.255 **Bottling or packing wine.**

(a) **General.** Proprietors of a bonded wine premises and a taxpaid wine bottling house premises shall be held strictly responsible for the correct determination of the quantity and alcohol content of wine removed. As required by §24.170, appropriate and accurate measures and instruments for measuring and testing the wine will be provided at each wine premises.

(b) **Bottle or other container fill.** Proprietors of bonded wine premises and taxpaid wine bottling house premises shall fill bottles or other containers as nearly as possible to conform to the amount shown on the label or blown in the bottle or marked on any container other than a bottle; but in no event may the amount of wine contained in any individual bottle, due to lack of uniformity of the bottles, vary from the amount stated more than 1.0 percent for 15.0 liters and above, 1.5 percent for 1.0 liter to 14.9 liters, 2.0 percent for 750 mL, 3.0 percent for 375 mL, 4.5 percent for 187 mL and 100 mL, and 9.0 percent for 50 mL; and in such case, there will be substantially as many bottles overfilled as there are bottles underfilled for each lot of wine bottled. Short-filled bottles or other containers of wine which are sold or otherwise disposed of by the proprietor to employees for personal consumption need not be labeled, but, if labeled, need not show an accurate statement of net contents.
§ 24.256 Bottle aging wine.

Wine bottled or packed and stored for the purpose of aging need not have labels affixed until the wine is removed for consumption or sale. However, the bins, pallets, stacks, cases or containers of unlabeled wine will be marked in some manner to show the kind (class and type) and alcohol content of the wine. If the unlabeled wine is stored at a location other than the bottling or packing winery, the registry number of the bottling or packing winery will also be shown. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1407, as amended (26 U.S.C. 5368, 5388, 5662)) (Approved by the Office of Management and Budget under control number 1512–0503)

§ 24.257 Labeling wine containers.

(a) The proprietor shall securely affix to each bottle or other container of beverage wine prior to removal for consumption or sale a label showing:

(1) The name and address of the wine premises where bottled or packed;

(2) The brand name (the name and address required by (a)(1) of this section may be the brand name);

(3) The kind of wine. The designation as to kind will be shown as follows:

(i) For wine requiring a label approval under 27 CFR part 4, the class, type, or other designation provided in 27 CFR part 4.

(ii) For wine labeled under an exemption from label approval, an adequate statement of composition may be the designation in lieu of the kind (class and type) stated in 27 CFR part 4.

(iii) For any wine with less than 7 percent alcohol by volume (except hard cider as defined in § 24.10), the words “wine” or the words “carbonated wine” if the wine contains more than 0.392 grams of carbon dioxide per 100 milliliters, will appear as part of the brand name or in a phrase in direct conjunction with the brand name;

(iv) For hard cider as defined in § 24.10, the words “hard cider”;

(4) The alcohol content as percent by volume or the alcohol content stated in accordance with 27 CFR part 4. For wine with less than 7 percent alcohol by volume stated on the label there is allowed an alcohol content tolerance of plus or minus .75 percent by volume;

(5) The net content of the container unless the net content is permanently marked on the container as provided in 27 CFR part 4.

(b) The information shown on any label applied to bottled or packed wine is subject to the recordkeeping requirements of § 24.314. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1407, as amended (26 U.S.C. 5368, 5388, 5662))

(c) Use of semi-generic designations—(1) In general. Semi-generic designations may be used to designate wines of an origin other than that indicated by such name only if—

§ 24.259 Marks.

(a) Required marks. Each container larger than four liters or each case used to remove wine for consumption or sale will be durably marked to show the following information:

(1) The serial number or filling date as provided in §24.260;

(2) The name (or trade name) and the registry number of the bottlers wine premises;

(3) The kind (class and type) and the alcohol content of the wine. The kind of wine and alcohol content will be stated in accordance with §24.257. The formula number will be marked on bulk containers of special natural wine or other wine produced under §24.218;

(4) The net contents of each container larger than four liters or each case in wine gallons, or for containers larger than four liters or cases filled according to metric measure, the contents in liters. If wine is removed in cases, the cases may be marked to show the number and size of bottles or other containers in each case in lieu of the net contents of the case; and

(5) Except for cases, the date of removal or shipment.

(b) Application of marks. Required marks may be cut, printed, or otherwise legibly and durably marked upon the container larger than four liters or the case or placed on a label or tag securely affixed to the case or container larger than four liters.

(c) Location of marks. Required marks will be placed on a container larger than four liters or on the side of a case for ready examination by appropriate ATF officers. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1937, as amended, 1407, as amended (26 U.S.C. 5368, 5388, 5662))

(Approved by the Office of Management and Budget under control number 1512-0503)

§ 24.260 Serial numbers or filling date.

Each container larger than four liters or each case used for removing wine for consumption or sale will be marked with a serial number or filling date at the time of filling or when such containers or cases are prepared for removal. Serial numbers will commence with “1” and continue until the numeral “1,000,000” is reached, whereupon the series may recommence with the numeral “1.” However, the proprietor may initiate a new series after the numeral “1,000,000” has been reached provided no numeral will be used more than once during a 12-month period. If desired, a separate series of numbers with letter prefixes may be used for containers larger than four liters and for cases, or for cases filled on different bottling lines, or for removals from different loading docks. The proprietor may mark containers larger than four liters or the cases with the filling date in lieu of using a serial number or use
§ 24.265  
both a serial number and the filling date. However, if the proprietor desires to change from the use of a serial number to use of a filling date, or vice versa, a notice will be sent to the appropriate ATF officer before making the change.
Where United States or foreign wine is recased, the cases will be marked with the date of recasing, preceded by the letter “R”, in lieu of serial number or filling date. (72 Stat. 1381; 26 U.S.C. 5367, 5368)
(Approved by the Office of Management and Budget under control number 1512-0503)

Subpart M—Losses of Wine

§ 24.266  

(a) General. The proprietor shall take a physical inventory of all untaxpaid wine on-hand on bonded wine premises as of the close of business each tax year, or where a cycle different from the tax year has been established as provided in §24.313, the inventory will be taken annually at the end of that cycle, or at any time required by an ATF officer. The physical inventory of bulk and bottled or packed wine will be recorded and reported as required by §24.313.

(b) Bulk wine losses. The physical inventory of bulk wine will determine losses due to spillage, leakage, soakage, evaporation, and other losses normally occurring from racking and filtering since the previous physical inventory required by this section. A claim for allowance of loss, under the provisions of §24.65, is required for inventory losses in production or storage:

(1) Where there are circumstances indicating that all or a part of the wine reported lost was unlawfully removed, or

(2) Where the loss on bonded wine premises during the annual period exceeds three percent of the aggregate volume of wine on-hand at the beginning of the annual period and the volume of wine received in bond during the annual period; or the loss exceeds six percent of the still wine produced by fermentation; or the loss exceeds six percent of the sparkling wine produced by fermentation in bottles; or the loss exceeds three percent of the special natural wine produced under §24.195 or other wine produced under §24.218; or the loss exceeds three percent of the artificially carbonated wine produced; or the loss exceeds three percent of the bulk process sparkling wine produced. The percentage applicable to each tax class of wine will be calculated separately, unless the calculation is impracticable because of the mixture of different tax classes by addition of wine spirits or blending during the annual period, in which case the percentage will be calculated on the aggregate volume. Wine removed immediately after production for use as distilling material and on which the usual racking, clarifying, and filtering losses are not sustained, will not be included in the calculations.

(c) Bottle and other container wine losses. Wine filled into a bottle or other similar containers are not subject to losses due to spillage, leakage, soakage, evaporation, and other losses normally occurring from racking and filtering. In addition, wine that has been filled into a bottle or other similar containers can be accurately accounted for and any unexplained shortage is considered evidence of an unreported removal. Therefore, the proprietor
shall pay the tax on any unexplained loss of untaxed bottled or packed wine disclosed by inventory or otherwise. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5367, 5369, 5370))

(Approved by the Office of Management and Budget under control number 1512–0492)

§ 24.267 Losses in transit.
Where the loss in transit of bulk wine shipped in bond or the total daily bulk wine in bond shipments received in bond from the same winery exceeds one percent (two percent on transcontinental shipments) of the volume shipped, the proprietor of the receiving bonded wine premises shall immediately notify the appropriate ATF officer and file a claim under the provisions of §24.65. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5370))

(Approved by the Office of Management and Budget under control number 1512–0492)

§ 24.268 Losses by fire or other casualty.
The proprietor must immediately report any loss by theft, fire or other casualty, or any other extraordinary or unusual loss to the appropriate ATF officer. If required by the appropriate ATF officer, the proprietor must file a claim under the provisions of §24.65. The volume of wine loss must be reported on ATF F 5120.17 for the reporting period during which the loss occurred. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5370))

(Approved by the Office of Management and Budget under control number 1512–0492)

§ 24.270 Determination of tax.
The tax on wine is determined at the time of removal from a bonded wine premises for consumption or sale. Section 5041 of title 26, United States Code, imposes an excise tax, at the rates prescribed, on all wine (including imitation, substandard, or artificial wine, and compounds sold as wine, which contain 24 percent or less of alcohol by volume) produced in or imported into the United States. Wine containing more that 24 percent of alcohol by volume is classed as distilled spirits and taxed accordingly. The tax is determined and paid on the volume of wine:
   (a) In bottles or other containers filled according to United States measure recorded to the nearest 10th gallon; or,
   (b) In bottles or other containers filled according to metric measure, on the volume of wine in United States wine gallons to the nearest 10th gallon; or
   (c) In the case of pipeline removals, on the volume of bulk wine removed recorded to the nearest whole gallon, five-tenths gallon being converted to the next full gallon. (Sec. 201, Pub. L. 85–859, 72 Stat. 1331, as amended (26 U.S.C. 5041))

See §§24.278 and 24.279 of this part for regulations concerning credit against the wine tax for certain bonded wine premises proprietors.

§ 24.271 Payment of tax by check, cash, or money order.
   (a) General. Unless prepaid or no tax is due, the tax on wine is paid by a semi-monthly or annual Excise Tax Return, ATF F 5000.24, which is filed with remittance (check or money order) for the full amount of tax due. Prepayments of tax on wine during the period
covered by the return are shown separately on the Excise Tax Return form.

(b) Return periods. Except as provided for in paragraph (c) of this section and §24.273, or where there is no tax due, return periods are from the 1st day of each month through the 15th day of that month and from the 16th day of each month through the last day of that month. The proprietor shall file returns with remittances, for each return period not later than the 14th day after the last day of the return period. If the due date falls on a Saturday, Sunday, or legal holiday, the return and remittance shall be due on the immediately preceding day which is not a Saturday, Sunday, or legal holiday, except as provided by §24.271(c)(3).

(c) Special rule for taxes due for the month of September (effective after December 31, 1994). (1)(i) Except as provided in paragraph (c)(1)(ii) of this section, the second semimonthly period for the month of September shall be divided into two payment periods, from the 16th day through the 26th day, and from the 27th day through the 30th day. The proprietor shall file a return on Form 5000.24, and make remittance, for the period September 16–26, no later than September 28. The proprietor shall file a return on Form 5000.24, and make remittance, for the period September 27–30, no later than October 14.

(ii) Taxpayers are considered to have met the requirements of paragraph (c)(1)(i) of this section, if the amount paid no later than September 28 is not less than 2/3rds (66.7 percent) of the tax liability incurred for the semimonthly period beginning on September 1 and ending on September 15, and if any underpayment of tax is paid by October 14.

(iii) Taxpayers are considered to have met the requirements of paragraph (c)(1)(i) of this section, if the amount paid no later than September 29 is not less than 11/15 (73.3 percent) of the tax liability incurred for the semimonthly period beginning on September 1 and ending on September 15, and if any underpayment of tax is paid by October 14.

(3) Last day for payment. If the required due date for taxpayment for the periods September 16–26 or September 27–30 as applicable, falls on a Saturday or legal holiday, the return and remittance shall be due on the immediately preceding day. If the required due date falls on a Sunday, the return and remittance shall be due on the immediately following day.

(4) Example. Payment of tax for the month of September. (i) Facts. X, a proprietor required to pay taxes by electronic fund transfer, incurred tax liability in the amount of $30,000 for the first semimonthly period of September. For the period September 16–26, X incurred tax liability in the amount of $30,000, and for the period September 27–30, X incurred tax liability in the amount of $2,000.

(ii) Payment requirement. X’s payment of tax in the amount of $30,000 for the first semimonthly period of September is due no later than September 29 (~§24.271(b)). X’s payment of tax for the period September 16–26 is also due no later than September 29 (~§24.271(c)(1)(i)). X may use the safe harbor rule to determine the amount of payment due for the period of September 16–26 (~§24.271(c)(2)). Under the safe harbor rule, X’s payment of tax must equal $21,990.00, 11/15ths of the tax liability incurred during the first semimonthly period of September. Additionally, X’s payment of tax in the amount of $30,000 for the period September 27–30 must be paid no later than October 14 (~§24.271(c)(1)(i)). X must also pay the underpayment of tax, $23,010.00,
§ 24.272 Payment of tax by electronic fund transfer.

(a) General. (1) During a calendar year any proprietor who is liable for a gross amount of wine excise tax equal to or exceeding $5 million combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, shall during the succeeding calendar year use a financial institution in making payment by electronic fund transfer (EFT) of wine taxes for that year. A proprietor who is required by this section to make remittance by EFT may not effect payment of wine taxes by cash, check, or money order as described in §24.271.

(2) For the purposes of this section, the dollar amount of tax liability is defined as the gross tax liability on all taxable withdrawals and importations (including wines brought into the United States from Puerto Rico or the Virgin Islands) during the calendar year, without regard to any drawback, credit, or refund, for all premises from which the activities are conducted by the proprietor.

(3) For the purposes of this section, a proprietor includes a controlled group of corporations, as defined in 26 U.S.C. 5061(e)(3). Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50 percent control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of determining who is required to make remittances by EFT.

(4) A proprietor who is required by this section to make remittances by EFT shall, for each bonded wine premises from which wine is withdrawn upon determination of tax, make a separate EFT remittance and file a separate tax return.

(b) Requirements. (1) On or before January 10 of each calendar year, except for a proprietor already remitting the tax by EFT, each proprietor who was liable during the previous calendar year for a gross amount of wine excise tax equal to or exceeding $5 million, combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, shall give written notice to the appropriate ATF officer agreeing to make remittances by EFT.

(2) For each return filed in accordance with this subpart, the proprietor shall direct the proprietor’s financial institution to make an electronic fund transfer in the amount of the tax payment to the Treasury Account as provided in paragraph (e) of this section. The request will be made to the financial institution early enough for the transfer of funds to be made to the Treasury Account by no later than the close of business on the last day for filing the return as prescribed in §24.271. The request will take into account any time limit established by the financial institution.

(3) If the proprietor was liable during the preceding calendar year for less than $5 million in wine excise taxes, combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, the proprietor may choose either to continue remitting the tax as provided in this section or to remit the tax with return as prescribed by §24.271. Upon filing the first return on which the proprietor chooses to discontinue remittance of the tax by EFT and to begin remittance of the tax with the tax return, the proprietor shall notify the appropriate ATF officer by attaching a written notification to the tax form stating that no wine excise tax is due by EFT because the tax liability during the preceding calendar year was less than $5 million, and that the remittance will be filed with the tax return.

(c) Remittance. (1) The proprietor shall show on the tax return information about remitting the tax for that return by EFT and shall file the return with ATF in accordance with the instructions on the tax form.

(2) Remittances will be considered as made when the tax payment by electronic fund transfer is received by the
§ 24.273 Treasury Account. For purposes of this section, a tax payment by electronic fund transfer will be considered as received by the Treasury Account when it is paid to a Federal Reserve Bank.

(3) When the proprietor directs the financial institution to effect an electronic fund transfer message as required by paragraph (b) (2) of this section, the transfer data record furnished to the proprietor through normal banking procedures will serve as the record of payment, and will be retained as part of the required records.

(d) Failure to make a tax payment by EFT. The proprietor is subject to a penalty imposed by 26 U.S.C. 5684, 6651, and 6656, as applicable, for failure to make a tax payment by EFT on or before the close of business on the prescribed last day for filing.

(e) Procedure. Upon the notification required under paragraph (b)(1) of this section, the appropriate ATF officer will issue to the proprietor an ATF Procedure entitled, Payment of Tax by Electronic Fund Transfer. This publication outlines the procedure a proprietor follows when preparing returns and EFT remittances in accordance with this subpart. The United States Customs Service will provide the proprietor with instructions for preparing EFT remittances for payments to be made to the United States Customs Service for payment of excise tax on imported wine. Penalties for failure to pay tax at the time required, for willful refusal to pay the tax and for fraudulent nonpayment of tax are provided for in 26 U.S.C. 5661 and 6656. In addition to these penalties, there is a penalty for the delinquent filing of a tax return, imposed as an addition to the tax shown on the return, amounting to five percent for each month or fraction thereof of the delinquency, not exceeding 25 percent in the aggregate, unless it is shown that the delinquency is due to reasonable cause before the end of the calendar year, may file the Excise Tax Return, ATF F 5000.24, and remittance, within 30 days after the end of the calendar year instead of semimonthly as required by § 24.271. However, if before the close of the current calendar year the wine excise tax owed will exceed the amount of the coverage under the proprietor’s operations bond for wine removed from bonded wine premises on which tax has been determined but not paid, the proprietor will file an Excise Tax Return with the total remittance on the date the wine excise tax owed will exceed such amount and file an aggregate Excise Tax Return within 30 days after the close of the calendar year showing the total wine tax liability for such calendar year. If before the close of the current calendar year the wine excise tax liability (including any amounts paid or owed) equals $1000 or more, the proprietor will commence semimonthly filing of the wine Excise Tax Returns and making of payments as required by § 24.271.

(b) A proprietor who files under this section is subject to the failure to pay or file provisions of § 24.274. If there is a jeopardy to the revenue, the appropriate ATF officer may deny the exceptions to filing tax returns provided in this section at any time. (Sec. 201, Pub. L. 85–859, 72 Stat. 1335, as amended (26 U.S.C. 5061))

However, if before the close of the current calendar year the wine excise tax owed will exceed the amount of the coverage under the proprietor’s operations bond for wine removed from bonded wine premises on which tax has been determined but not paid, the proprietor will file an Excise Tax Return with the total remittance on the date the wine excise tax owed will exceed such amount and file an aggregate Excise Tax Return within 30 days after the close of the calendar year showing the total wine tax liability for such calendar year. If before the close of the current calendar year the wine excise tax liability (including any amounts paid or owed) equals $1000 or more, the proprietor will commence semimonthly filing of the wine Excise Tax Returns and making of payments as required by § 24.271.

(b) A proprietor who files under this section is subject to the failure to pay or file provisions of § 24.274. If there is a jeopardy to the revenue, the appropriate ATF officer may deny the exceptions to filing tax returns provided in this section at any time. (Sec. 201, Pub. L. 85–859, 72 Stat. 1335, as amended (26 U.S.C. 5061))

(3) There is no approved tax deferral bond and the total amount of tax unpaid at any one time exceeds the amount of the wine operations coverage of the wine bond designated for wine removed from bonded wine premises on which tax has been determined but not paid.  

The return with remittance is forwarded pursuant to the instructions printed on the return. For the purpose of complying with this section, the term “forwarding” means deposit in the United States mail properly addressed to ATF.  

(b) Electronic fund transfer. When the proprietor is required by §24.272 to deliver payment of tax by electronic fund transfer, the proprietor shall prepay the tax before any wine can be removed for consumption or sale by:

§ 24.276 Prepayment of tax; proprietor in default.  

When the proprietor fails to forward a payment for wine excise tax due by presentment of a check or money order, or when the proprietor is otherwise in default of payment of the tax, no wine may be removed for consumption or sale until the tax has been paid for the period of the default and until the appropriate ATF officer finds the revenue will not be jeopardized by the lateness in payment of the tax. Any remittance made during the period of the default will be in cash, or will be in the form of a certified, cashier’s, or treasurer’s check drawn on any financial institution incorporated under the laws of the United States, or under the laws of any State, Territory, or possession of the United States, or in the form of a money order, as provided in 27 CFR 70.61 (payment by check or money order) or in the form of an electronic fund transfer. (August 16, 1954, ch. 736, 68A Stat. 775, as amended, 777, as amended, 391 as amended (26 U.S.C. 6301, 6311, 6302))

§ 24.277 Date of mailing or delivering of returns.  

(a) When the proprietor sends the Excise Tax Return, ATF F 5000.24, with or without remittance, by United States mail, the official postmark of the United States Postal Service stamped on the cover of the envelope in which the return was mailed is considered the date of delivery of the tax return and, if accompanied, the date of delivery of the remittance. When the postmark on the cover is illegible, it is the proprietor’s responsibility to prove when the postmark was made.  

(b) When the proprietor sends the tax return by registered mail or by certified mail, the date of registry or the date of the postmark on the sender’s receipt of certified mail, as the case
§ 24.278 Tax credit for certain small domestic producers.

(a) General. In the case of a person who produces not more than 250,000 gallons of wine during the calendar year, there shall be allowed as a credit against any tax imposed by Title 26, U.S.C. (other than Chapters 2, 21 and 22), an amount computed in accordance with paragraph (d) of this section, on the first 100,000 gallons of wine (other than champagne and other sparkling wine) removed during such year for consumption or sale. Such credit applies only to wine which has been produced at a qualified bonded wine premises in the United States. The small wine producer’s tax credit is available only to eligible proprietors engaged in the business of producing wine. A proprietor who has a basic permit to produce wine but does not produce wine during a calendar year may not take the small producers’ wine credit on wine removed during such calendar year. A proprietor who has obtained a new wine producers’ basic permit may not take the small producers’ wine tax credit on wine removed until wine is produced by such proprietor. “Wine production operations” include those activities described in paragraph (e) of this section.

(b) Special rules relating to eligibility for wine credit—(1) Controlled groups. For purposes of this section and § 24.279, the term “person” includes a controlled group of corporations, as defined in 26 U.S.C. 1563(a), except that the phrase “more than 50 percent” shall be substituted for the phrase “at least 80 percent” wherever it appears. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. Production and removals of all members of a controlled group are treated as if they were the production and removals of a single taxpayer for the purpose of determining what credit may be used by a person.

(2) Credit for transferees in bond. A person other than an eligible small producer (hereafter in this paragraph referred to as the “transferee”) shall be allowed the credit under paragraph (a) of this section which would be allowed to the producer if the wine removed by the transferee had been removed by the producer on that date, under the following conditions:

(i) Wine produced by any person would be eligible for any credit under this section if removed by such person during the calendar year,

(ii) Wine produced by such person is removed during such calendar year by the transferee to whom such wine was transferred in bond and who is liable for the tax imposed by this section with respect to such wine, and

(iii) Such producer holds title to such wine at the time of its removal and provides to the transferee such information as is necessary to properly determine the transferee’s credit under this paragraph.

(iv) At the time of taxable removal, the following information shall be provided to the transferee by the producer, in writing, and the producer and transferee shall each retain a copy with the record of taxpaid removal from bond required by § 24.310:

(A) The names of the producer and transferee;

(B) The quantity and tax class of the wines to be shipped;

(C) The date of removal from bond for consumption or sale;

(D) A confirmation that the producer is eligible for credit, with the credit rate to which the wines are entitled; and

(E) A confirmation that the subject shipment is within the first 100,000 gallons of eligible wine removed by (or on behalf of) the producer for the calendar year.

(c) Time for determining and allowing credit. The credit allowable by paragraph (a) of this section shall be determined at the same time as the tax is determined under 26 U.S.C. 5041(a), and shall be allowable at the time any tax.
Bureau of Alcohol, Tobacco and Firearms, Treasury § 24.279

described in paragraph (a) of this section is payable. The credit allowable by this section is treated as if it constituted a reduction in the rate of such tax.

(d) Computation of credit. The credit which may be taken on the first 100,000 gallons of wine (other than champagne and other sparkling wine) removed for consumption or sale by an eligible person during a calendar year shall be computed as follows:

(1) For persons who produce 150,000 gallons or less of wine during the calendar year, the credit is $0.90 per gallon for wine ($0.056 for hard cider) eligible for such credit at the time it is removed for consumption or sale;

(2) For persons who produce more than 150,000 gallons but not more than 250,000 gallons during the calendar year, the credit shall be reduced by 1 percent for every 1,000 gallons produced in excess of 150,000 gallons. For example, the credit which would be taken by a person who produced 160,500 gallons of wine and hard cider during a calendar year would be reduced by 10 percent, for a net credit against the tax of $0.81 per gallon for wine or $0.0504 for hard cider, as long as the wine or hard cider was among the first 100,000 gallons removed for consumption or sale during the calendar year.

(e) Definitions—(1) Production. For the purpose of determining if a person’s production is within the 250,000 gallon limitation, in addition to wine produced by fermentation, production includes any increases in the volume of such wine due to the winery operations of amelioration, wine spirits addition, sweetening, and the production of formula wine. Production of champagne and other sparkling wines is not excluded for purposes of determining whether total production of a winery exceeds 250,000 gallons. Production includes all wine produced at qualified bonded wine premises within the United States and wine produced outside the United States by such person.

(2) Removals. For the purpose of determining if a person’s removals are within the 100,000 gallon limitation, removals include wine removed from all qualified bonded wine premises within the United States by such person. Wine removed by a transferee in bond under the provisions §24.278(b)(2) will be counted as a removal by the small producer who owns such wine, and not by the transferee in bond.

(f) Preparation of tax return. A person who is eligible for the credit shall show the amount of wine tax before credit on the Excise Tax Return, ATF F 5000.24, and enter the quantity of wine subject to credit and the applicable credit rate as the explanation for an adjusting entry in Schedule B of the return for each tax period. Where a person does not use the credit authorized by this section to directly reduce the rate of Federal excise tax on wine, that person shall report on ATF F 5000.24 where such credit will be, or has been, applied. Where a transferee in bond takes credit on behalf of one or more small producers, the names of such producers, their credit rate, and the total credit taken on behalf of each during the tax return period shall be shown in schedule B.

(g) Denial of deduction. Any deduction under 26 U.S.C. chapters 1–6, with respect to any tax against which the credit is allowed under paragraph (a) of this section shall only be for the amount of such tax as reduced by such credit.

(h) Exception to credit. The appropriate ATF officer shall deny any tax credit taken under paragraph (a) of this section where it is determined that the allowance of such credit would benefit a person who would otherwise fail to qualify for the use of such credit. (26 U.S.C. 5041(c).)

(Approved by the Office of Management and Budget under control number 1512–0540)

(a) Increasing adjustments. Persons who produce more wine than the amount used in computation of the credit, or who lose eligibility by not producing during a calendar year, must make increasing tax adjustments. Where an increasing adjustment to a person’s tax return is necessary as a result of an incorrect credit rate claimed pursuant to §24.278, such adjustment
shall be made on Excise Tax Return, ATF F 5000.24, no later than the return period in which production (or the production of the controlled group of which the person is a member) exceeds the amount used in computation of the credit. If the adjustment is due to failure to produce, it shall be made no later than the last return period of the calendar year. The adjustment is the difference between the credit taken for prior return periods in that year and the appropriate credit for such return periods. The person shall make tax adjustments for all bonded wine premises where excessive credits were taken against tax that year, and shall include interest payable. In the case of a person who continued to deduct credit after reaching the 100,000 gallon maximum during the calendar year, the adjustment is the full amount of excess credit taken, and shall include interest payable under 26 U.S.C. 6601 from the date on which the excess credit was taken, and may include the penalty payable under 26 U.S.C. 6662, at the discretion of the appropriate ATF officer. The appropriate ATF officer will provide information, when requested, regarding interest rates applicable to specific time periods, and any applicable penalties. In the case of a controlled group of bonded wine premises who took excess credits, all member proprietors who took incorrect credits shall make tax adjustments as determined in this section. In the case of a small producer who instructed a transferee in bond to take credit as authorized by §24.278(b)(2), the transferee in bond must show the conditions of §24.278(b)(2) were met. (26 U.S.C. 5041(c).)

Water may not be added to taxpaid wine. The proprietor who desires to treat wine in any manner (other than by simple filtration or the use of sulfur compounds, refrigeration or pasteurization) shall first file with the appropriate ATF officer an application giving the details of the proposed treatment. The proprietor may not use the treatment prior to approval. The proprietor may incur civil or criminal liability for using an unauthorized treatment of untaxpaid wine. Wine of the same kind (class and type), national origin and tax class may only be mixed to facilitate handling at a taxpaid wine bottling house; otherwise, the blending of taxpaid wine on such premises is prohibited. Taxpaid wine of different national origins, but of the same kind and tax class, may only be blended on taxpaid wine premises. (Sec. 201, Pub. L. 85–859, 72 Stat. 1407 (26 U.S.C. 5352, 5661))

Subpart O—Records and Reports

§ 24.300 General.

(a) Records and reports. A proprietor who conducts wine operations shall maintain wine transaction records and submit reports as required by this part. Transaction records may be recorded in wine gallons or in liters. However, required reports will show wine volumes in wine gallons. The equivalent wine gallons of wine bottled or packed and labeled according to metric measure will be determined using the following conversion factors:

(1) Per case. Equivalent gallonage may be determined using the following conversion factors for cases of metric bottles:

(2) Per liter. Equivalent gallonage may be determined by multiplying total liters by a conversion factor of 0.26417 gallons per liter.

(b) Time of making entries. Any operation or transaction is to be entered in records or commercial papers at the time the operation or transaction occurs, except that where records are
posted from source records or from supplemental auxiliary records prepared at the time the operation or transaction occurs, entries in another record may be deferred to not later than the close of business of the third business day succeeding the day on which the operation or transaction occurs. The proprietor shall retain all source records and all supplemental or auxiliary records which support entries in other records or commercial papers in order to facilitate verification of operations by appropriate ATF officers. Source records and supplemental or auxiliary records may be used as a record of an operation or transaction and to prepare the ATF F 5120.17, Report of Bonded Wine Premises Operations, provided the record will readily allow for verification of an operation or transaction by appropriate ATF officers.

(c) Prescribed forms. All reports required by this part must be submitted on forms prescribed by §24.20. Entries will be made as indicated by the headings of the columns and lines, and as required by the instructions for the form. Report forms are furnished free of cost.

(d) Period of retention. All prescribed returns, reports and records (including source records) will be retained by the proprietor for a period of not less than three years from the record date or the date of the last entry required to be made in the record, whichever is later. However, the appropriate ATF officer may require records to be kept an additional period not exceeding three years in any case where retention is determined to be necessary.

(e) Data processing. (1) Notwithstanding any other provision of this section, data maintained on data processing equipment may be kept at a location other than the wine premises if the original operation or transaction source records required by this subpart are kept available for inspection at the wine premises.

(2) Data which has been accumulated on cards, tapes, discs, or other accepted recording media will be retrievable within five business days.

(3) The applicable data processing program will be made available for examination if requested by an appropriate ATF officer.

(f) Photographic copies of records. The proprietor may record, copy, or reproduce records required by this part and may use any process which accurately reproduces the original record and which forms a durable medium for reproducing and preserving the original record. Whenever records are reproduced under this section, the reproduced records will be preserved in conveniently accessible files, and provisions will be made for examining, viewing and using the reproduced record the same as if it were the original record, and it will be treated and considered for all purposes as though it were the original record. All provisions of law and regulations applicable to the original are applicable to the reproduced record. As used in this paragraph, “original record” means the record required to be maintained or preserved by the proprietor, even though it may be an executed duplicate or other copy of the document.

(g) ATF F 5120.17, Report of Bonded Wine Premises Operations. A proprietor who conducts bonded wine premises operations will summarize transaction entries and submit an ATF F 5120.17 on a monthly basis, except that:

(1) A proprietor who files a monthly ATF F 5120.17 and does not expect an inventory change or any reportable operations to be conducted in a subsequent month or months, may attach a statement to the ATF F 5120.17 filed that, until a change in the inventory or a reportable operation occurs, an ATF F 5120.17 will not be filed.

(2) A proprietor may file ATF F 5120.17 reports on a calendar year basis if (i) The proprietor expects to be exempt from filing semimonthly returns under §24.273 for the calendar year and (ii) The sum of the bulk and bottled wine to be accounted for in all tax classes is not expected to exceed 20,000 gallons for any one month during the calendar year when adding up the bulk and bottled wine on hand at the beginning of the month, bulk wine produced by fermentation, sweetening, blending, amelioration or addition of wine spirits, bulk wine bottled, bulk and bottled wine received in bond, taxpaid wine returned to bond, bottled wine dumped to
bulk, inventory gains, and any activity written in the untitled lines of the report form which increases the amount of wine to be accounted for. To begin the annual filing of a report of bonded wine premises operations, a proprietor will state such intent in the “Remarks” section when filing the prior month’s ATF F 5120.17. A proprietor who is commencing operations during a calendar year and expects to meet these criteria may use a letter notice to the appropriate ATF officer, and file an annual ATF F 5120.17 for the remaining portion of the calendar year. If a proprietor determines that the wine excise tax liability for the current year will exceed $1,000 or that the 20,000 gallon activity level will be exceeded in any month, an ATF F 5120.17 will be filed for that month and for all subsequent months of the calendar year. If there is a jeopardy to the revenue, the appropriate ATF officer may at any time require any proprietor otherwise eligible for annual filing of a report of bonded wine premises operations to file such report monthly. The information reported on the ATF F 5120.17 will be maintained in accordance with the requirements of this part.

§ 24.301 Bulk still wine record.

A proprietor who produces or receives still wine in bond, (including wine intended for use as distilling material or vinegar stock to which water has not yet been added) shall maintain records of transactions for bulk still wine. Records will be maintained for each tax class of still wine including the date the transaction occurred. The bulk still wine record will contain the following:

(a) The volume produced by fermentation in wine gallons determined by actual measurement;

(b) The volume received, shipped taxpaid, removed (e.g., taxpaid, in bond, export, family use, samples) and used in sparkling wine production; if a tax credit under 26 U.S.C. 5041(c) may be claimed, the record will be maintained in sufficient detail to insure that such a tax credit is properly claimed;

(c) The specific type of production method used, e.g., natural fermentation, amelioration, sweetening, addition of spirits, blending;

(d) The volume of wine used and produced by amelioration, addition of spirits or sweetening, as determined by measurements of the wine before and after production.

(e) The volume of wine used for and produced by blending, if wines of different tax classes are blended together;

(f) The volume of wine used to produce formula wine, vinegar stock and distilling material;

(g) The volume of wine removed to fermenters for refermentation or removed directly to the production facilities of a distilled spirits plant or vinegar plant;

(h) Where a process authorized under §24.248 is employed, records will be maintained to allow for verification of any limitation specified for the process employed and to ensure that the use of the process is consistent with good commercial practice;

(i) Where a treating material is dissolved or dispersed in water as authorized in this part, the volume of water added to the wine; and

§ 24.302 Effervescent wine record.

A proprietor who produces or receives sparkling wine or artificially carbonated wine in bond shall maintain records showing the transaction date and details of production, receipt, storage, removal, and any loss incurred. Records will be maintained for each specific process used (bulk or bottle fermented, artificially carbonated) and by the specific kind of wine, e.g., grape, pear, cherry. The record will contain the following:
§ 24.304 Chaptalization (Brix adjustment) and amelioration record.

(a) General. A proprietor who chaptalizes juice or ameliorates juice or wine, or both, shall maintain a record of the operation and the transaction date. Records will be maintained for each kind of wine produced (grape, apple, strawberry, etc.). No form of record is prescribed, but the record maintained will contain the information necessary to enable appropriate ATF officers to readily determine compliance with chaptalization and amelioration limitations. All quantities will be recorded in wine gallons, and, where sugar is used, the quantity will be determined either by measuring the increase in volume or, for pure dry sugar by considering that each 13.5 pounds results in a volumetric increase of one gallon. If grape juice is chaptalized and subsequently this juice or wine is ameliorated, the quantity of pure dry sugar added to juice will be included as ameliorating material. If fruit juice other than grape is chaptalized and this juice or wine is ameliorated, the quantity of pure dry sugar added for chaptalization is not considered ameliorating material; however, if liquid sugar or invert sugar syrup is used, the quantity of water in such sugar is included as ameliorating material. The record will include the following:

(1) The volume of juice (exclusive of pulp) deposited in fermenters;

(2) The maximum volume of ameliorating material to which the juice is entitled, as provided in §24.178;

(3) The volume of ameliorating or chaptalizing material used; and

(4) The volume of material authorized but not yet used.
Supporting records. The amelioration record will show the basis for entries and calculations, including determination of the natural fixed acid level and total solids content of juice, as applicable. The records are maintained on the basis of annual accounting periods, with each period commencing on July 1 of a year and ending on the following June 30, except the record for an accounting period may be continued after June 30, where the juice or wine included therein is to be held after that date. When the amelioration of wine included in the record for one accounting period is complete, the record is closed and any unused ameliorating material may not be used. The proprietor may mix wines before amelioration of the wine is completed; however, the proprietor shall additionally maintain records necessary to establish the quantity of unused authorized material to which the resultant mixture would be entitled so that ATF officers may readily ascertain compliance with amelioration limitations. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5367, 5384))

Sweetening record. A proprietor who sweetens natural wine with sugar or juice (unconcentrated or concentrated) under the provisions of this part shall maintain a record of sweetening by transaction date. The record will contain the following:

(a) The gallons and degrees Brix of the wine before sweetening;
(b) If concentrate is used, the degrees Brix of the concentrate;
(c) If sugar or juice, or both, are used, the gallon equivalent that would be required to sweeten the volume of wine to its maximum authorized total solids content;
(d) The quantity of sugar or juice used for sweetening; and
(e) The gallons and degrees Brix of the wine produced by sweetening. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5367))

The volume of distilling material or vinegar stock produced, including wine lees refermented for use as distilling material, will be recorded upon removal from fermenting tanks. However, the provisions of this section do not apply to standard wine or unwatered wine lees recorded on the proprietor's record of bulk still wine and removed for use as distilling material or vinegar stock. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended (26 U.S.C. 5367))

(a) The kind, volume, and percent alcohol by volume of wine or wine products made from wine, which was rendered unfit for beverage use;
(b) The kind and quantity of materials received and used to render wine, or wine products made from wine, unfit for beverage use;

§ 24.314 Label information record.

A proprietor who removes bottled or packed wine with information stated on the label (e.g., varietal, vintage, appellation of origin, analytical data, date of harvest) shall have complete records so that the information appearing on the label may be verified by an ATF audit. When a brewer desires to discontinue business permanently, he or she must file a notice on Form 5130.10. The brewer must state the purpose of the notice as “Discontinuance of business” and give the date of the discontinuance. When all beer has been lawfully disposed of, appropriate ATF officer will approve the Form 5130.10 and return a copy to the brewer. The brewer shall file a report on Form 5130.9 showing no beer or cereal beverage on hand and marked “Final Report.”

§ 25.91 Requirement for bond.

(a) General. Every person intending to commence the business of a brewer shall file a bond, Form 5130.22, as prescribed in this subpart, covering operations at the brewery, at the time of filing the original Brewer’s Notice, Form 5130.10. Every brewer intending to continue the business of a brewer shall, once every 4 years, or as provided in §25.95, execute and file a new bond, or continuation certificate as provided in §25.97.

(b) Conditions of the bond. The Brewer’s Bond, Form 5130.22, will be conditioned upon the brewer faithfully complying with all provisions of law and regulations relating to the activities covered by the bond, and upon paying all taxes imposed by 26 U.S.C. Chapter 51 and all interest and penalties incurred or fines imposed for violations of those provisions.

(c) Additional information. The appropriate ATF officer shall require, in connection with any brewer’s bond, a statement executed under the penalties of perjury, as to whether the principal or any person owning, controlling, or actively participating in the management of the business of the principal has been convicted of or has compromised any offense set forth in §25.101(a)(1), or has been convicted of any offense set forth in §25.101(a)(2). In the event the above statement contains an affirmative answer, the applicant shall submit a statement describing in detail the circumstances surrounding the conviction or compromise.

(d) Bond required before beginning business. A person may not begin business or continue business as a brewer until first receiving notice that the appropriate ATF officer has approved the bond, continuation certificate, or consent of surety, as required by this part.
§ 25.92 Consent of surety.

A brewer may change the terms of any bond filed under this part by filing a consent of surety. Consents of surety will be executed on Form 1533 (5000.18) by the brewer and the surety on the bond, with the same formality and proof of authorization as required for the execution of a bond.

§ 25.93 Penal sum of bond.

(a) Calculation. The penal sum of the brewer’s bond will be equal to 10 percent of the maximum amount of tax, calculated at the rates prescribed by law, which the brewer will become liable to pay during a calendar year during the period of the bond on beer:

(1) Removed for transfer to the brewery from other breweries owned by the same brewer;

(2) Removed without payment of tax for export or for use as supplies on vessels and aircraft;

(3) Removed without payment of tax for use in research, development, or testing; and

(4) Removed for consumption or sale.

(b) Concentrate. A brewer who concentrates beer under subpart R of this part shall calculate the penal sum of the bond by computing 10 percent of the amount of tax at the rates prescribed by law, on the maximum quantity of beer used in the production of concentrate during a calendar year. The brewer shall add this amount to the penal sum calculated under paragraph (a) of this section to determine the total penal sum of the brewer’s bond.

(c) Maximum and minimum penal sums. The maximum penal sum of the bond (or total penal sum if original and strengthening bonds are filed) is not to exceed $150,000 when the tax on beer is to be prepaid, or $500,000 when the tax is to be deferred as provided in §25.164. The minimum penal sum of a bond is $1,000.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§ 25.94 Strengthening bonds.

(a) Requirement. When the penal sum of the brewer’s bond (calculated as provided in §25.93) in effect is not sufficient, the principal may prepay the tax on beer as provided in subpart K of this part, or give a strengthening bond in sufficient penal sum if the surety is the same as on the bond in effect. If the surety is not the same, a new bond covering the entire liability is required.

(b) Restrictions. A strengthening bond may not in any way release a former bond or limit a bond to less than the full penal sum.

(c) Date of execution. Strengthening bonds will show the current date of execution and their effective date.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

Executors, administrators, assignees, receivers, trustees, or other persons acting in a fiduciary capacity shall execute a new bond or obtain a consent of surety on all bonds in effect. When the interests of the Government so demand, or in any case when the security of the bond becomes impaired for any reason, the principal will be required to give a new bond. When a bond is found to be not acceptable by the appropriate ATF officer, the principal will be required immediately to obtain a new and satisfactory bond or discontinue business.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§ 25.96 Superseding bond.

When the principal submits a new bond to supersede a bond or bonds in effect, the appropriate ATF officer after approving the superseding bond, will issue a notice of termination for the superseded bond under the provisions of this subpart. Superseding bonds will show the current date of execution and their effective date.

§ 25.97 Continuation certificate.

A surety may, at any time, in writing, notify the principal and the appropriate ATF officer that the surety desires after a specified date (not less than 60 days after the date of service on the principal) to be relieved of any liability under the bond which is incurred by the principal after the date named in the notice. The surety shall include proof of service of the notice on the principal with the notice filed with the appropriate ATF officer. The notice will become effective on the date named, unless the surety withdraws the notice, in writing. The surety on the bond remains liable under the bond with respect to any liability incurred by the principal while the bond is in effect.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

Brewer's bonds may be terminated as to liability for future removals or receipts (a) pursuant to application of the surety as provided in § 25.103, (b) on approval of a superseding bond, or (c) on notification by the principal that the business has been discontinued. On termination of the surety's liability under a bond, the appropriate ATF officer will notify the principal and sureties.

§ 25.105 Release of collateral security.

Bonds, notes, and other obligations of the United States, pledged and deposited as security in connection with bonds required by this part will be released in accordance with 31 CFR Part 225. § 25.111 Brewer's special tax.

(a) General. Every brewer shall pay a special (occupational) tax at the rate specified by § 25.111a or § 25.111b, whichever is applicable. The tax shall be paid on or before the date of commencing business as a brewer, and thereafter every year on or before July 1. On commencing business, the tax shall be computed from the first day of the month in which liability is incurred, through the following June 30. Thereafter, the tax shall be computed for the entire year (July 1 through June 30).

(b) Transition rule. A brewer who was engaged in business on January 1, 1988, and paid a special (occupational) tax for a taxable period which began before January 1, 1988, and included that date, shall pay an increased special tax for the period January 1, 1988, through June 30, 1988. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Pas sageways, streets, highways, rail crossings, waterways, or partitions dividing the premises are not sufficient separation to require additional special tax, if the divisions of the premises are otherwise contiguous.

Each brewer shall have only one exemption from dealer's special tax for each brewery. The brewer may designate, in writing to the appropriate ATF officer, that the principal place of business will be exempt from dealer's special tax; otherwise, the exemption will apply to the brewery.

(b) Wholesale dealer. A wholesale dealer in beer who has paid the appropriate special tax will not again be required to pay special tax as a wholesale dealer in beer because of sales of beer to wholesale or retail dealers in liquors or beer or to limited retail dealers, at the purchaser's place of business.

(e) The class(es) of special tax to which the taxpayer is subject.

(f) Ownership and control information: that is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. “Owner of the business” shall include every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with the Brewer’s Notice, and if the information previously provided is still current.

§ 25.119 Multiple locations and/or classes of tax.

A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

(a) File one special tax return, ATF Form 5630.5, with payment of tax, to cover all such locations and classes of tax; and

(b) Prepare, in duplicate, a list identified with the taxpayer’s name, address (as shown on ATF Form 5630.5), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer) for the period specified in § 25.300(c).

Each taxpayer who files a special tax return, who has not already been assigned an employer identification number, shall file IRS Form SS–4 to apply for one. A person who is a successor to a business for which special tax has been paid and who fails to register the succession is liable for special tax computed from the first day of the calendar month in which he or she began to carry on the business.

Subpart K—Tax on Beer

LIABILITY FOR TAX

§ 25.151 Rate of tax.

All beer, brewed or produced, and removed for consumption or sale, is subject to the tax prescribed by 26 U.S.C. 5051, for every barrel containing not more than 31 gallons, and at a like rate for any other quantity or for the fractional parts of a barrel as authorized in §25.156.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1333, as amended (26 U.S.C. 5051, 5052))

§ 25.152 Reduced rate of tax for certain brewers.

(a) General. Section 5051(a)(2) of Title 26 U.S.C. provides for a reduced rate of tax on the first 60,000 barrels of beer removed for consumption or sale by a brewer during a calendar year. To be eligible to pay the reduced rate of tax, a brewer:

(1) Shall brew or produce the beer at a qualified brewery in the United States;
(2) May not produce more than 2,000,000 barrels of beer per calendar year; and
(3) May not be a member of a “controlled group” of brewers whose members together produce more than 2,000,000 barrels of beer per calendar year.

The appropriate ATF officer shall deny use of the reduced rate of tax provided by 26 U.S.C. 5051(a)(2) where it is determined that the allowance of such a reduced rate would benefit a person who would otherwise fail to qualify for use of such rate.

(b) Definitions. For the purpose of determining eligibility for payment of the reduced rate of tax on beer, terms have the following meanings:

(1) Controlled group. A related group of brewers as defined in 26 U.S.C. 5051(a)(2)(B). Controlled groups include, but are not limited to:

(i) Parent-subsidiary controlled groups as defined in 26 CFR 1.1563–1(a)(2);
(ii) Brother-sister controlled groups as defined in 26 CFR 1.1563–1(a)(3); and
(iii) Combined groups as defined in 26 CFR 1.1563–1(a)(4). Stock ownership in a corporation need not be direct and 51% constructive ownership, defined in 26 CFR 1.1563–3, may be acquired through:

(A) An option to purchase stock;
(B) Attribution from partnerships;
(C) Attribution from estate or trusts;
(D) Attribution from corporations; or
(E) Ownership by spouses, children, grandchildren, parents, and grandparents.

(2) Production of beer. The production of beer as recorded in the brewer’s daily records and reported in the Brewer’s Report of Operations, Form 5130.9. For the purpose of determining compliance with the 2,000,000 barrel limitation, production of beer by a brewer or a controlled group of brewers includes both beer produced at qualified breweries within the United States and beer produced outside the United States.

(c) Brewers operating more than one brewery. Brewers who operate more than one brewery shall include the combined production of beer by a brewer or a controlled group of brewers includes both beer produced at qualified breweries within the United States and beer produced outside the United States.
§ 25.153 Persons liable for tax.

The tax imposed by law on beer (including beer purchased or procured by one brewer from another) shall be paid by the brewer of the beer at the brewery where produced. The tax on beer transferred to a brewery from other breweries owned by the same brewer in accordance with subpart L of this part shall be paid by the brewer at the brewery from which the beer is removed for consumption or sale.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1333, as amended (26 U.S.C. 5054, 5412, 5416))

§ 25.155 Types of containers.

Beer may be removed from a brewery for consumption or sale only in barrels, kegs, bottles, and similar containers, as provided in this part. A container which the appropriate ATF officer determines to be similar to a bottle or can will be treated as a bottle for purposes of this part. A container which the appropriate ATF officer determines to be similar to a barrel or keg and which conforms to one of the sizes prescribed for barrels or kegs in § 25.156 will be treated as such for purposes of this part.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1333, as amended (26 U.S.C. 5054, 5412, 5414))

§ 25.156 Determination of tax on keg beer.

(a) In determining the tax on beer removed in kegs, a barrel is regarded as a quantity of not more than 31 gallons. The authorized fractional parts of a barrel are whole barrels, halves, thirds, quarters, sixths, and eighths, and beer may be removed in kegs rated at those capacities. The following keg sizes are also authorized at the stated barrel equivalents:

<tr>

</tr>
<tr>

<td>0.42608</td>
</tr>
</tbody>
</table>

(b) If any barrel or authorized size keg contains a quantity of beer more than 2 percent in excess of its rated capacity, the tax will be determined and paid on the actual quantity of beer (without benefit of any tolerance) contained in the keg.

(c) The quantities of keg beer removed subject to tax will be computed to 5 decimal places. The sum of the quantities computed for any one day will be rounded to 2 decimal places and the tax will be calculated and paid on the rounded sum.

(26 U.S.C. 5051)

§ 25.157 Determination of tax on bottled beer.

The quantities of bottled beer removed subject to tax shall be computed to 5 decimal places in accordance with the table and instructions in § 25.158. The sum of the quantities computed for any one day will be rounded to 2 decimal places and the tax will be calculated and paid on the rounded sum.

§ 25.159 Time of tax determination and payment; offsets.

(a) Time and payment. The tax on beer will be determined at the time of its removal for consumption or sale, and will be paid by return as provided in this part.

(b) Offsets. During any business day, the quantity of beer returned to the same brewery from which removed is to be taken as an offset against or deducted from the total quantity of beer removed for consumption or sale from that brewery on the day that the beer is returned.

(c) Offsets not allowed. An offset or deduction for returned beer will not be allowed if:

1. The brewer was indemnified by insurance or otherwise in respect of the tax; or
2. The brewer does not issue credit to the customer for the tax on the returned beer within 30 days of the return of the beer. If the tax is not timely credited after the offset or deduction is taken, the brewer shall make an increasing adjustment on the next tax return.

§ 25.160 Tax adjustment for brewers who produce more than 2,000,000 barrels of beer.

Each brewer who has paid tax on beer by return, Form 5000.24, at the reduced rate of tax during a calendar year, but whose production (or the production of a controlled group of brewers of which the brewer is a member) exceeds 2,000,000 barrels of beer in that calendar year, is no longer eligible to pay tax on beer at the reduced rate of tax for any removed that calendar year for consumption or sale. The brewer shall make a tax adjustment for the payment of additional tax no later than the return period in which production (or the production of a controlled group of brewers of which the brewer is a member) exceeds 2,000,000 barrels of beer. The adjustment will be determined by multiplying the difference between the higher and lower rates of tax applicable to beer by the number of barrels removed by the brewer that year at the reduced rate of tax. [T.D. ATF-345, 58 FR 40357, July 28, 1993]
§ 25.163 Brewer shall make tax adjustments for all breweries where tax was paid at the lower rate that year, and shall include interest payable from the date on which tax was paid at the lower rate. In the case of a controlled group of brewers whose production exceeds 2,000,000 barrels of beer, all member brewers who paid tax at the lower rate shall make tax adjustments as determined in this section.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1333, as amended (26 U.S.C. 5051))

PREPARATION AND REMITTANCE OF TAX RETURNS

§ 25.163 Method of tax payment.

A brewer shall pay the tax on beer by return on Form 5000.24, as provided in §§ 25.164, 25.164a, 25.173 and 25.175. The brewer shall pay the tax by remittance at the time the tax return is rendered, and the remittance will be by check or money order payable to the “Bureau of Alcohol, Tobacco and Firearms” and mailed with the return, or will be effected by an electronic fund transfer. In paying the tax, a fractional part of a cent will be disregarded unless it amounts to one-half cent or more, in which case it will be increased to one cent.

§ 25.164 Semimonthly return.

(a) Requirement for filing. Each brewer shall pay the tax on beer (unless prepaid) by semimonthly return on Form 5000.24. The brewer shall file Form 5000.24 as a semimonthly return regardless of whether tax has been prepaid as provided in § 25.175 during the return period. The brewer shall file a return on Form 5000.24 for each return period even though no beer was removed for consumption or sale.

(b) Payment of tax. The brewer shall include for payment with the return the full amount of tax required to be determined (and which has not been prepaid) on all beer removed for consumption or sale during the period covered by the return.

(c) Return periods. Except as provided in § 25.164a, return periods run from the brewer’s business day beginning on the first day of each month through the brewer’s business day beginning on the 15th day of that month, and from the brewer’s business day beginning on the 16th day of the month through the brewer’s business day beginning on the last day of the month.

(d) Time for filing returns and paying tax. Except as provided in § 25.164a the brewer shall file the semimonthly tax return, Form 5000.24, for each return period, and make remittance as required by this section, not later than the 14th day after the last day of the return period. If the due date falls on a Saturday, Sunday, or legal holiday, the return and remittance shall be due on the immediately preceding day which is not a Saturday, Sunday, or legal holiday, except as provided by § 25.164a(c).

(e) Timely filing. (1) When the brewer sends the semimonthly tax return, Form 5000.24, by U.S. mail, in accordance with the instructions on the form, as required by this section, with remittance as provided for in § 25.165, the date of the official postmark of the United States Postal Service stamped on the cover in which the return and remittance were mailed is considered the date of delivery of the return and the date of delivery of the remittance, if enclosed with the return.

When the postmark on the cover is illegible, the burden is on the brewer to prove when the postmark was made.

(2) When the brewer sends the semimonthly return with or without remittance by registered mail or by certified mail, the date of registry or the date of the postmark on the sender’s receipt of certified mail be treated as the date of delivery of the semimonthly return and of the remittance, if enclosed with the return.

(Approved by the Office of Management and Budget under control number 1512–0467)

§ 25.164a Special rule for taxes due for the month of September (effective after December 31, 1994).

(a)(1) Except as provided in paragraph (a)(2) of this section, the second semimonthly period for the month of September shall be divided into two payment periods, from the 16th day through the 26th day, and from the 27th day through the 30th day. The brewer shall file a return on Form 5000.24, and make remittance, for the period September 16–26, no later than September 29. The brewer shall file a return on Form 5000.24, and make remittance, for the period September 27–30, no later than October 14.

(2) Taxpayer not by electronic fund transfer. In the case of taxes not required to be remitted by electronic fund transfer as prescribed by § 25.165, the second semimonthly period of September shall be divided into two payment periods, from the 16th day through the 25th day, and the 26th day through the 30th day. The brewer shall file a return on Form 5000.24, and make remittance, for the period September 16–25, no later than September 28. The brewer shall file a return on Form 5000.24, and make remittance, for the period September 26–30, no later than October 14.

(b) Amount of payment: Safe harbor rule. (1) Taxpayers are considered to have met the requirements of paragraph (a)(1) of this section, if the amount paid no later than September 29 is not less than \(\frac{2}{3}\)rd (73.3 percent) of the tax liability incurred for the semimonthly period beginning on September 1 and ending on September 15, and if any underpayment of tax is paid by October 14.

(2) Taxpayers are considered to have met the requirements of paragraph (a)(2) of this section, if the amount paid no later than September 28 is not less than \(\frac{2}{3}\)rd (66.7 percent) of the tax liability incurred for the semimonthly period beginning on September 1 and ending on September 15, and if any underpayment of tax is paid by October 14.

(c) Last day for payment. If the required due date for tax payment for the periods September 16–25 or September 16–26 as applicable, falls on a Saturday or legal holiday, the return and remittance shall be due on the immediately preceding day. If the required due date falls on a Sunday, the return and remittance shall be due on the immediately following day.

(d) Example. Payment of tax for the month of September—(1) Facts. X, a brewer required to pay taxes by electronic fund transfer, incurred tax liability in the amount of $30,000 for the first semimonthly period of September. For the period September 16–26, X incurred tax liability in the amount of $45,000, and for the period September 27–30, X incurred tax liability in the amount of $2,000.

(2) Payment requirement. X’s payment of tax in the amount of $30,000 for the first semimonthly period of September is due no later than September 29 (§ 25.164a(b)). Under the safe harbor rule, X’s payment of tax must equal $21,990.00, \(\frac{2}{3}\)rdths of the tax liability incurred during the first semimonthly period of September. Additionally, X’s payment of tax for the period September 16–26 must be no later than October 14 (§ 25.164a(b)). Under the safe harbor rule, X’s payment of tax for the period September 16–26, no later than October 14 (§ 25.164a(b)).

§ 25.165 Payment of tax by electronic fund transfer.

(a) Eligible brewers. (1) Each taxpayer who was liable, during a calendar year, for a gross amount equal to or exceeding five million dollars in beer taxes combining tax liabilities incurred under this part and Parts 250 and 251 of this chapter, shall use a commercial bank in making payment by electronic fund transfer (EFT) of beer taxes during the succeeding calendar year. Payment of beer taxes by cash, check, or money order, as described in § 25.163, is not authorized for a taxpayer who is required by this section to make remittances by EFT. For purposes of this section, the dollar amount of tax liability referred to in subsection (a) is defined as the gross tax liability...
§25.165  27 CFR Ch. I (4–1–01 Edition)

on all taxable removals, determined in accordance with §25.159, and importations (including beer brought into the United States from Puerto Rico or the Virgin Islands) during the calendar year, without regard to any drawbacks, credits, or refunds, for all premises from which such activities are conducted by the taxpayer. Overpayments are not taken into account in summarizing the gross tax liability.

(2) For the purposes of this section, a taxpayer includes a controlled group of corporations, as defined in 26 U.S.C. 1563, and implementing regulations in 26 CFR 1.1563–1 through 1.1563–4, except that the words “at least 80 percent” shall be replaced by the words “more than 50 percent” in each place it appears in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of determining who is required to make remittances by EFT.

(3) If a taxpayer was liable for less than five million dollars in beer taxes during the preceding calendar year, combining tax liabilities incurred under this part and Parts 250 and 251 of this chapter, the taxpayer may choose either to continue remitting the tax as provided in this section or to remit the tax with the return as prescribed by §25.164. Upon filing the first return on which the taxpayer chooses to discontinue remitting the tax by EFT and to begin remitting the tax with the tax return, the taxpayer shall notify the appropriate ATF officer by attaching a written notification to Form 5000.24, stating that no taxes are due by EFT because the tax liability during the preceding calendar year was less than five million dollars, and that the remittance will be filed with the tax return.

(c) Remittance. (1) Each taxpayer shall show on the return, Form 5000.24, information about remitting the tax for that return by EFT and shall file the return with ATF, in accordance with the instructions on Form 5000.24.

(2) Remittances shall be considered as made when the tax payment is received by the Treasury Account. For purposes of this section, a tax payment by electronic fund transfer shall be considered as received by the Treasury Account when it is paid to a Federal Reserve Bank.

(3) When the taxpayer directs the bank to effect an electronic fund transfer message as required by paragraph (b)(2) of this section, any transfer data record furnished to the taxpayer, through normal banking procedures, will serve as the record of payment, and will be retained as part of required records.

(d) Failure to make a tax payment by EFT. The taxpayer is subject to a penalty imposed by 26 U.S.C. 5684, 6651, or 6656, as applicable, for failure to make a tax payment by EFT on or before the
close of business on the prescribed last day for filing.

(e) Procedure. Upon the notification required under paragraph (b)(1) of this section, the appropriate ATF officer will issue to the taxpayer an ATF Procedure entitled “Payment of Tax by Electronic Fund Transfer.” This publication outlines the procedure a taxpayer is to follow when preparing returns and EFT remittances in accordance with this part. The U.S. Customs Service will provide the taxpayer with instructions for preparing EFT remittances for payments to be made to the U.S. Customs Service.

§ 25.167 Notice of brewer to pay reduced rate of tax.

(a) Requirement to file notice. Every brewer who desires to pay the reduced rate of tax on beer authorized by 26 U.S.C. 5051(a)(2) by tax return. Form 5000.24, shall prepare a notice containing the information required by paragraph (b) of this section. The brewer shall file this notice with the appropriate ATF officer for the first return period (or prepayment return) during which the brewer pays tax on beer at the reduced rate. The brewer shall file the notice each year in which payment of the reduced rate of tax on beer is made by return.

(b) Information to be furnished. Each notice described in paragraph (a) of this section will contain the following information:

(1) A statement that the brewer will not or is not likely to produce more than 2,000,000 barrels of beer in the calendar year for which the notice is filed.

(2) A statement that the brewer is not a member of a controlled group of brewers, or if the brewer is a member of a controlled group of brewers, a statement that the controlled group will not or is not likely to produce more than 2,000,000 barrels of beer in the calendar year for which the notice is filed.

(3) If the brewer operates more than one brewery, a statement of the locations of all the breweries and a statement of how the 60,000 barrel limitation for the reduced rate of tax will be apportioned among the breweries. If the brewer is a member of a controlled group of brewers, a statement of the names and locations of all other brewers in the group and a statement of how the 60,000 barrels limitation will be apportioned among the brewers in the group.

(c) Perjury statement. Each notice described in this section will be executed by the brewer under penalties of perjury as defined in § 25.11.

§ 25.168 Employer identification number.

The employer identification number (defined at 26 CFR 301.7701–12) of the taxpayer who has been assigned the number will be shown on each return on Form 5000.24, filed under this part. Failure of the taxpayer to include the employer identification number on Form 5000.24 may result in imposition of the penalty specified in §70.113 of this chapter. A brewer shall apply for an employer identification number on IRS Form SS–4 as provided in §§25.122 and 25.123.

§ 25.173 Brewer in default.

(a) When a remittance in payment of taxes on beer is not paid upon presentation of check or money order tendered, or when the brewer is otherwise in default in payment of tax under §25.164, beer may not be removed for consumption or sale until the tax has been prepaid as provided in §25.175. The brewer shall continue to prepay while in default and thereafter until the appropriate ATF officer finds the revenue will not be jeopardized by deferred payment of tax as provided in §25.164.

(b) Any remittance made while the brewer is required to prepay under this section will be in cash or in the form of a certified, cashier’s or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States, or under the law of any State, Territory, or possession of the United States, or in the form of a money order as provided in §70.61 of this chapter (payment by check or money order), or will be made in the form of an electronic fund transfer as provided by §§25.164 and 25.165.

§ 25.174 Bond not sufficient.

When the penal sum of the brewer’s bond is in less than the maximum amount, the brewer shall prepay the tax on any withdrawal which would cause the outstanding liability for tax to exceed the limits of coverage of the bond. Prepayments will be made in accordance with §25.175.

§ 25.175 Prepayment of tax.

(a) General. When a brewer is required to prepay tax under §25.173, or if the penal sum of the bond, Form 5130.22, is insufficient for deferral of payment of tax on beer to be removed for consumption or sale, or if a brewer is not entitled to defer the tax under the provisions of this subpart, the brewer shall prepay the tax before any beer is removed for consumption or sale, or taken out of the brewery for removal for consumption or sale.

(b) Method of prepayment. (1) Prepayment will be made by forwarding a tax return, Form 5000.24, with remittance, covering the tax on beer.

(2) If a brewer is required by §25.165 to make payment of tax by electronic fund transfer, the brewer shall prepay the tax before any beer can be removed for consumption or sale by completing the return and by forwarding it, in accordance with the instructions on the form. At the same time, the brewer shall direct his or her bank to make remittance by EFT.

(3) For the purpose of complying with this section, the term forwarding means depositing in the U.S. mail, properly addressed in accordance with the instructions on the form.

§ 25.177 Evasion of or failure to pay tax; failure to file a tax return.

Sections 5671, 5673, 5684, 6651, and 6656 of Title 26 United States Code provide penalties for evasion or failure to pay...
tax on beer or for failure to file a tax return.

(c) Beer lost or destroyed. When beer is lost or destroyed, whether by theft or otherwise, the appropriate ATF officer may require the brewer to file a claim for relief from the tax and to submit proof as to the cause of the loss.

(d) Beer lost by theft. When it appears that beer was lost by theft, the tax shall be collected unless the brewer proves to the satisfaction of the appropriate ATF officer that the theft occurred before removal from the brewery and occurred without connivance, collusion, fraud, or negligence on the part of the brewe, consignor, consignee, bailee, or carrier, or the employees or agents of any of them.

(e) Notification of appropriate ATF officer. (1) A brewer who sustains a loss of beer before transfer of title of the beer to another person and who desires to adjust the tax on the excise tax return or to file a claim for refund or for relief from liability of tax, must, on learning of the loss of beer, immediately notify in writing the appropriate ATF officer of the nature, cause, and extent of the loss, and the place where the loss occurred. Statements of witnesses or other supporting documents must be furnished if available.

(2) A brewer possessing unmerchantable beer and who desires to adjust the tax on the excise tax return or to file a claim for refund or for relief from liability must notify in writing the appropriate ATF officer, of the circumstances by which the beer became unmerchantable, and must state why the beer cannot be salvaged.
§ 25.283 Claims for refund of tax.

(a) Beer returned to brewery or voluntarily destroyed at a location other than a brewery. Claims for refund of tax on beer returned to a brewery under the provisions of §25.213 or voluntarily destroyed at a location other than a brewery shall include:

(1) The name and address of the brewer filing the claim, the address of the brewery from which the beer was removed, and the address of the brewery to which the beer was returned, as applicable;

(2) The quantity of beer covered by the claim and the rate(s) of tax at which the beer was tax paid or determined;

(3) The amount of tax for which the claim is filed;

(4) The reason for return or voluntary destruction of the beer and the related facts;

(5) Whether the brewer is indemnified by insurance or otherwise in respect of the tax, and if so, the nature of the indemnification;

(6) The claimant’s reasons for believing the claim should be allowed;

(7) The date the beer was returned to the brewery, if applicable;

(8) The name of the person from whom the beer was received;

(10) A reference to the notice (if required) filed under §§25.213 or 25.222.

(b) Beer lost, destroyed, or rendered unmerchantable. Claims for refund of tax on beer lost, whether by theft or otherwise, or destroyed or otherwise rendered unmerchantable by fire, casualty, or act of God shall contain:

(1) Information required by paragraphs (a)(1), (2), (3), (5), and (6) of this section;

(2) A statement of the circumstances surrounding the loss;

(3) When applicable, the reason the beer rendered unmerchantable cannot be returned to the market for consumption or sale;

(4) Date of the loss, and if lost in transit, the name of the carrier;

(5) A reference incorporating the notice required by §25.282; and

(6) When possible, affidavits of persons having knowledge of the loss, unless the affidavits are contained in the notice given under §25.282.

(c) Voluntary destruction of taxpaid beer which was never removed from brewery premises. Claims for refund or credit of tax on beer voluntarily destroyed under the provisions of §25.225, shall include:

(e) Filing of claim. Claim for refund of tax shall be filed on Form 2635 (5620.8). Claims shall be filed within 6 months after the date of the return, loss, destruction, or rendering unmerchantable. Claims will not be allowed if filed after the prescribed time or if the claimant was indemnified by insurance or otherwise in respect of the tax.

(§ 25.284 Adjustment of tax.

(a) Adjustment of tax in lieu of refund. In lieu of filing a claim for refund of tax as provided in §25.283, a brewer may make an adjustment (without interest) to the excise tax return, Form 5000.24, for the amount of tax paid on beer returned to the brewery, voluntarily destroyed, lost, destroyed, or rendered unmerchantable.

(b) Beer returned to brewery other than from which removed. An adjustment
may be made on the excise tax return for the amount of tax paid on beer returned to the brewery under §25.213. The adjustment will be made on the tax return filed for the brewery to which the beer was returned. If the brewer is required to file a notice under §25.213, the adjustment may not be made until the appropriate ATF officer authorizes disposition of the beer.

(c)Beer voluntarily destroyed. An adjustment may be made on the excise tax return for the amount of tax paid on beer voluntarily destroyed under subpart N of this part. The adjustment will be made on the tax return filed for the brewery from which the beer was removed. The adjustment may not be made prior to the destruction of the beer.

(d)Beer lost, destroyed or rendered unmerchantable. An adjustment may be made on the excise tax return for the amount of tax paid on beer lost, destroyed, or rendered unmerchantable under §25.282. The adjustment will be made on the tax return filed for the brewery from which the beer was removed. A brewer may not make an adjustment prior to notification required under §25.282(e). When beer appears to have been lost due to theft, the brewer may not make an adjustment to the tax return until establishing to the satisfaction of the appropriate ATF officer that the theft occurred before removal from the brewery and occurred without connivance, collusion, fraud, or negligence on the part of the brewer, consignor, consignee, bailee, or carrier, or the employees or agents of any of them.

(e)Condition of adjustments. (1) All adjustments will be made within 6 months of the return, destruction, loss, or rendering unmerchantable of the beer.

(2) Adjustment of the tax paid will be made without interest.

(3) An adjustment may not be taken if the brewer was indemnified by insurance or otherwise in respect of the tax.

(f)Records. When brewers make adjustments on the excise tax return in lieu of filing a claim, they shall keep the following records:

(1) For beer returned to the brewery or voluntarily destroyed, the records required by §§25.283(a)(1), (2), (4), (5), (7), (8), and (10).

(2) For beer lost, destroyed, or rendered unmerchantable, the records required by §§25.283(a)(1), (2), (5), (b)(2), (3), (4), (5), and (6).

§25.285Refund of beer tax excessively paid.

(a)Eligibility. A brewer who, under the provisions of §25.152, is eligible to pay the reduced rate of tax on beer prescribed by 26 U.S.C. 5051(a)(2), but who did not pay tax at the reduced rate by return, Form 5000.24, during the calendar year for which the brewer was eligible, may file a claim for refund of tax excessively paid on beer for that year. The brewer shall file the claim for refund to tax on Form 2635 (5620.8) within the period of limitation prescribed in 26 U.S.C. 6511(a). For rules relating to the period of limitation on filing claims, see §§70.82 and 70.83.

(b)Calculation of refund. The brewer shall file the claim based on the quantity of beer eligible to be taxpaid at the lower rate of tax, but which was paid at the higher rate of tax by return, Form 5000.24, during the calendar year for which the brewer was eligible, may file a claim for refund of tax excessively paid on beer for that year. The brewer shall file the claim for refund to tax on Form 2635 (5620.8) within the period of limitation prescribed in 26 U.S.C. 6511(a). For rules relating to the period of limitation on filing claims, see §§70.82 and 70.83.

(c)Information to be furnished. Each claim for refund of tax filed under this section shall include the following information:

(1) Name and address of the brewer.

(2) Quantity of beer covered by the claim as determined in paragraph (b) of this section.

(3) Amount of tax paid in excess.

(4) A statement of the exact number of barrels of beer which the brewer produced during the calendar year.

(5) A statement that the brewer is not a member of a controlled group of brewers (as defined in §25.152(b)(1) or, if
§ 25.286  Claims for remission of tax on beer lost in transit between breweries.

(a) Filing of claim. Claims for remission of tax on beer lost in transit between breweries of the same ownership shall be prepared on Form 2635 (ATF F 5620.8) by the brewer or the brewer’s authorized agent and submitted with the Form 5130.9 of the receiving brewery for the reporting period in which the shipment is received. When the loss is by casualty, the claim will be submitted with the Form 5130.9 for the reporting period in which the loss is discovered. When, for valid reason, the required claim cannot be submitted with Form 5130.9, the brewer shall attach a statement to Form 5130.9 stating the reason why the claim cannot be filed at the time and stating when it will be filed. A claim will not be allowed unless filed within 6 months of the date of the loss.

(b) Information to be shown. The claim will show the following information:

(1) The date of the shipment;
(2) The quantity of beer lost (number and size of packages and their equivalent in barrels), and the rate(s) of tax at which the beer would have been removed for consumption or sale;
(3) The percent of loss;
(4) The specific cause of the loss;
(5) The nature of the loss (leakage, breakage, casualty, etc.);
(6) Information as to whether the claimant has been indemnified by insurance or otherwise in respect to the tax, or has any claim for indemnification; and
(7) For losses due to casualty or accident, statements from the carrier or other persons having personal knowledge of the loss, if available.

Subpart U—Records and Reports

§ 25.291 Records.

(a) General. (1) The records to be maintained by brewers include:

(i) All individual transaction forms, records, and summaries specifically required by this part;
(ii) All supplemental, auxiliary, and source data used in the compilation of required forms, records, and summaries, and for preparation of reports, returns, and claims; and
(iii) Copies of notices, reports, returns, and approved applications and other documents relating to operations and transactions.

(2) The records required by this part may consist of the brewer’s commercial documents, rather than records prepared expressly to meet the requirements of this part, if those documents contain all the details required by this part, are consistent with the general requirements of clarity and accuracy, and do not result in difficulty in their examination.

(b) Entries. (1) Each entry required by this part to be made in daily records will be made not later than the close of the business day next succeeding the day on which the transaction occurs.

(2) When the brewer prepares transaction or business records concurrently with the individual operation or transaction and these records contain all the required information with respect to the operation or transaction, entries in daily records may be made not later than the close of business the third business day succeeding the day on which the operation or transaction occurs.
§ 25.292 Daily records of operations.

(a) Daily records. A brewer shall maintain daily records of operations which show by quantity the following:

(1) Each kind of material received and used in the production of beer and cereal beverage (including the balling and the quantity of each type of material used in the production of wort or concentrated wort).

(2) Beer and cereal beverage produced (including water added after production is determined).

(3) Beer and cereal beverage transferred for and returned from bottling.

(8) Beer removed for consumption or sale. For each removal, the record will show the date of removal, the person to whom the beer was shipped or delivered (not required for sales in quantities of one-half barrel or less for delivery at the brewery), and the quantities of beer removed in kegs and in bottles.

(9) Beer removed without payment of tax. For each removal, the record will show the date of removal, the person to whom the beer was shipped or delivered, and the quantities of beer removed in kegs, bottles, tanks, tank cars, tank trucks, tank ships, barges or deep tanks of vessels.

(10) Packaged beer used for laboratory samples at the brewery.

(11) Beer consumed at the brewery.

(12) Beer returned to the brewery from which removed.

(13) Beer returned to the brewery after removal from another brewery owned by the brewer.

(15) Beer received from other breweries or received from pilot brewing plants.

(16) Beer and cereal beverage lost due to breakage, theft, casualty, or other unusual cause.

(17) Brewing materials sold or transferred to pilot brewing plants (including the name and address of the person to whom shipped or delivered) and brewing materials used in the manufacture of wort, wort concentrate, malt syrup, and malt extract for sale or removal.

(18) Record of tests of measuring devices.

(19) Beer purchased from other brewers in the purchasing brewer’s barrels and kegs and such beer sold to other brewers.

(b) Daily summary records. A brewer shall maintain daily summaries of the following transactions:

(2) Beer and cereal beverage racked;

(3) Beer removed for consumption or sale;

(4) Beer returned to the brewery from which removed;

(5) Beer returned to the brewery after removal from another brewery owned by the brewer; and
§ 25.293 Record of ballings and alcohol content.

The brewer shall maintain a record of the ballings of the wort produced, and of the ballings and the alcohol content of beer and cereal beverage transferred for bottling and racking, between breweries in bulk conveyances, and to pilot brewing plants. Records showing ballings and alcohol content need not be consolidated and averaged daily unless the brewer so desires.

§ 25.294 Inventories.

(a) The brewer shall take a physical inventory of beer and cereal beverage at least once each calendar month. The brewer may take this inventory within 7 days of the close of the calendar month for which made.

(b) The brewer shall make a record of inventories of beer or cereal beverage which will show the following:
   (1) Date taken;
   (2) Quantity of beer and cereal beverage on hand;
   (3) Losses, gains, and shortages; and
   (4) Signature, under penalties of perjury of the brewer or person taking this inventory.

(c) The brewer shall retain inventory records and make them available for inspection by an appropriate ATF officer.

§ 25.295 Record of unsalable beer.

A brewer having unsalable beer in packages or tanks in the brewery may destroy, recondition, or use the beer as material. The brewer shall report the quantity of the beer destroyed, reconditioned, or used as materials, in daily records and on Form 5130.9. If the unsalable beer consists of rejects from the packaging operations, the beer may be destroyed without being included in the packaging production records, and, when so destroyed, will be so reported in the brewer’s daily records and on Form 5130.9. When reject bottled beer is to be consumed at the brewery or sold to brewery employees, or is cased or otherwise accumulated pending other disposition, the quantity will be included in the packaging production and be so reported in the brewer’s daily records and on Form 5130.9.

§ 25.296 Record of beer concentrate.

(a) Daily records. A brewer who produces concentrate or reconstitutes beer shall maintain daily records which accurately reflect the balling, quantity, and alcohol content of—
   (1) Beer entered into the concentration process;
   (2) Concentrate produced;
   (3) Concentrate transferred to other breweries;
   (4) Concentrate exported;
   (5) Concentrate received;
   (6) Concentrate used in reconstituting beer; and
   (7) Beer reconstituted.

(b) Summary report of operations. A brewer who produces concentrate or reconstitutes beer shall report by specific entries on Form 5130.9, the quantity of beer entered into the concentration process, and the quantity of beer reconstituted from concentrate. In addition, the brewer shall prepare on Form 5130.9, a summary accounting of all concentrate operations at the brewery for the reporting period. This summary accounting will show, in barrels of 31 gallons with fractions rounded to 2 decimal places:
   (1) Concentrate on hand beginning of the reporting period;
   (2) Concentrate on hand end of the reporting period;
   (3) Concentrate produced;
   (4) Concentrate received; and
§ 25.300 Retention and preservation of records.

(a) Place of maintenance. Records required by this part will be prepared and kept by the brewer at the brewery where the operation or transaction occurs and will be available for inspection by any appropriate ATF officer during business hours.

(b) Reproduction of original records. Whenever any record, because of its condition, becomes unsuitable for its intended or continued use, the brewer shall reproduce the record by a process under §25.301. The reproduced record will be treated and considered for all purposes as though it were the original record, and all provisions of law applicable to the original are applicable to the reproduction.

(c) Retention of records. Records required by this part will be preserved for a period of not less than three years from the date thereof or the date of the last entry required to be made thereon, whichever is later. The appropriate

(a) Monthly report of operations. Except as provided in paragraph (b) of this section, each brewer shall prepare and submit a monthly report of brewery operations on Form 5130.9.

(b) Quarterly report of operations. (1) For calendar quarters commencing on or after October 1, 1993, a brewer who produces less than 10,000 barrels of beer per calendar year may file the report of brewery operations quarterly. The report will be filed on Form 5130.9. For the purpose of establishing whether a quarterly report may be filed, the brewer will determine annual production of beer by adding up the quantities of beer produced, water/liquids added in cellars, and beer received from other breweries and from pilot brewing plants for all months of the previous calendar year.

(2) To begin the quarterly filing of a Brewer's Report of Operations, a brewer will state such intent in the “Remarks” section when filing the last monthly Form 5130.9 before the calendar quarter during which the brewer will commence quarterly filings. A brewer beginning business may file Form 5130.9 quarterly if the brewer states in the “Remarks” section of its initial monthly Form 5130.9 that the annual production of beer is not likely to exceed 10,000 barrels.

(3) If a brewer determines that the 10,000 barrel quantity for a calendar year will be exceeded in any month, the brewer shall file a Form 5130.9 for that month and for all subsequent months of the calendar year.

(4) The appropriate ATF officer may at any time require a brewer who is filing a Brewer's Report of Operations quarterly to file such report monthly if there is a jeopardy to the revenue.

(c) Retention. The brewer shall retain a copy of the Form 5130.9 as part of the brewery records.

§ 25.298 Excise tax return, Form 5000.24.

All entries on the excise tax return, Form 5000.24, will be fully supported by accurate and complete records. The brewer shall file a copy of Form 5000.24 as a part of the records at the brewery.

§ 25.299 Execution under penalties of perjury.

When a return, form, or other document is required by this part or in the instruction on or with the return, form, or other document to be executed under the penalties of perjury, as defined in §25.11, it will be so executed and will be signed by the brewer or other duly authorized person.

§ 25.300 Retention and preservation of records.

(a) Place of maintenance. Records required by this part will be prepared and kept by the brewer at the brewery where the operation or transaction occurs and will be available for inspection by any appropriate ATF officer during business hours.

(b) Reproduction of original records. Whenever any record, because of its condition, becomes unsuitable for its intended or continued use, the brewer shall reproduce the record by a process under §25.301. The reproduced record will be treated and considered for all purposes as though it were the original record, and all provisions of law applicable to the original are applicable to the reproduction.

(c) Retention of records. Records required by this part will be preserved for a period of not less than three years from the date thereof or the date of the last entry required to be made thereon, whichever is later. The appropriate
§ 25.301

ATF officer may require records to be kept for an additional period not exceeding three years in any case where such retention is deemed necessary or advisable for the protection of the revenue.

(d) Data Processing. (1) Notwithstanding any other provision of this section, record data maintained on data processing equipment may be kept at a location other than the brewery if the original transaction (source) records required by §§25.292-25.298 are kept available for inspection at the brewery.

(2) Data which has been accumulated on cards, tapes, discs, or other accepted record media will be retrievable within five business days.

(3) The applicable data processing program will be made available for examination if requested by an appropriate ATF officer.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1390, as amended (26 U.S.C. 5415))

§ 25.301 Photographic copies of records.

(a) General. Brewers may record, copy, or reproduce records required by this part. Brewers may use any process which accurately reproduces the original record and which forms a durable medium for reproducing and preserving the original record.

(b) Copies of records treated as original records. Whenever records are reproduced under this section, the reproduced records will be preserved in conveniently accessible files, and provisions will be made for examining, viewing and using the reproduced record the same as if it were the original record, and it will be treated and considered for all purposes as through it were the original record. All provisions of law and regulations applicable to the original are applicable to the reproduced record. As used in this section, "original record" means the record required by this part to be maintained or preserved by the brewer, even though it may be an executed duplicate or other copy of the document.

Subpart A—Scope of Regulations

§30.1 Gauging of distilled spirits.

(a) General. This part relates to the gauging of distilled spirits. The term “gauging” means the determination of the proof and the quantity of distilled spirits. The procedures prescribed in or authorized under the provisions of this part, except as may be otherwise authorized in this chapter, shall be followed in making any determination of quantity or proof of distilled spirits required by or under the authority of regulations in this chapter. The tables referred to in subpart E of this part appear in the “Gauging Manual Embracing Instructions and Tables for Determining Quantity of Distilled Spirits by Proof and Weight” (ATF Publication 5110.6; November 1978) as incorporated by reference in this part. This incorporation by reference was approved by the Director of the Federal Register on March 23, 1981. This publication may be inspected at the Office of the Federal Register, 800 North Capitol Street, NW., suite 700, Washington, DC, and is available from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

(b) Tables referred to in subpart E of this part. Table 1 provides a method of correcting hydrometer indications at temperatures between 0 and 100 degrees Fahrenheit to true proof. If distilled spirits contain dissolved solids, temperature correction of the hydrometer reading by the use of this table would result in apparent proof rather than true proof. Tables 2 and 3 show the gallonage of spirituous liquor according to weight and proof. Table 4 shows the gallons per pound at each one-tenth proof from 1 to 200 proof. Table 5 shows the weight per wine gallon and proof gallon at each proof. Table 6 shows the volumes of alcohol and water and the specific gravity (air and vacuum) of spirituous liquor at each proof. Table 7 provides a means of ascertaining the volume (at 60 degree Fahrenheit) of spirits at various temperatures ranging from 18 degrees through 100 degrees Fahrenheit.

(c) Incorporation by reference. The “Gauging Manual Embracing Instructions and Tables for Determining Quantity of Distilled Spirits by Proof and Weight” (ATF Publication 5110.6; November 1978) is incorporated by reference in this part. This incorporation by reference was approved by the Director of the Federal Register on March 23, 1981. This publication may be inspected at the Office of the Federal Register, 800 North Capitol Street, NW., suite 700, Washington, DC, and is available from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

Subpart B—Definitions

§30.11 Meaning of terms.

When used in this part, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof, terms shall have the meanings ascribed in this section. Words in the plural form shall include the singular, and vice versa, and words importing the masculine gender shall include the feminine. The terms “includes” and “including” do not exclude things not enumerated which are in the same general class.

Appropriate ATF Officer. An officer or employee of the Bureau of Alcohol, Tobacco and Firearms (ATF) authorized to perform any functions relating to the administration or enforcement of this part by ATF Order 1130.17, Delegation Order—Delegation of the Director’s Authorities in 27 CFR Part 30—Gauging Manual.

Bulk conveyance. Any tank car, tank truck, tank ship, tank barge, or other similar container approved by the appropriate ATF officer, authorized for the conveyance of spirits (including denatured spirits) in bulk.
§ 30.21 Requirements.

(a) General. The proof of distilled spirits shall be determined by the use of gauging instruments as prescribed in this part.

(b) Proprietors. Proprietors shall use only accurate hydrometers and thermometers that show subdivisions or graduations of proof and temperature which are at least as delimitated as the instruments described in §30.22.

(c) Appropriate ATF Officers. Appropriate ATF officers shall use only hydrometers and thermometers furnished by the Government. However, where this part requires the use of a specific gravity hydrometer, ATF officers shall use precision grade specific gravity hydrometers conforming to the provisions of §30.24, furnished by the proprietor. However, the appropriate ATF officer may authorize the use of other instruments approved by the appropriate ATF officer as being equally satisfactory for determination of specific gravity and for gauging. From time to time appropriate ATF officers shall verify the accuracy of hydrometers and thermometers used by proprietors.

§ 30.22 Hydrometers and thermometers.

The hydrometers used are graduated to read the proof of aqueous alcoholic solutions at 60 degrees Fahrenheit; thus, they read 0 for water, 100 for proof spirits, and 200 for absolute alcohol. Because of temperature-density relationships and the selection of 60 degrees Fahrenheit for reporting proof, the hydrometer readings will be less than the true percent of proof at temperatures below 60 degrees Fahrenheit and greater than the true percent of proof at temperatures above 60 degrees Fahrenheit. Hence, corrections are necessary for hydrometer readings at temperatures other than 60 degrees Fahrenheit. Precision hydrometers shall be used for gauging spirits. Hydrometers and thermometers shall be used and
the true percent of proof shall be determined in accordance with §30.31. Hydrometers are designated by letter according to range of proof and are provided in ranges and subdivisions of stems as follows:

§30.23 Use of precision hydrometers and thermometers.

Care should be exercised to obtain accurate hydrometer and thermometer readings. In order to accomplish this result, the following precautions should be observed. Bulk spirits should be thoroughly agitated so that the test samples will be representative of the entire quantity. The hydrometers should be kept clean and free of any oily substance. Immediately before readings are taken, the glass cylinder containing the thermometer should be rinsed several times with the spirits which are to be gauged so as to bring both the cylinder and the thermometer to the temperature of the spirits (if time permits, it is desirable to bring both the spirits and the instruments to room temperature). If the outer surface of the cylinder becomes wet, it should be wiped dry to avoid the cooling effect of rapid evaporation. During the readings the cylinder should be protected from drafts or other conditions which might affect its temperature or that of the spirits which it contains. The hands should not be placed on the cylinder in such a manner as to warm the liquid contained therein. The hydrometer should be inserted in the liquid and the hydrometer bulb raised and lowered from top to bottom 5 or 6 times to obtain an even temperature distribution over its surface, and while the hydrometer bulb remains in the liquid, the stem should be dried and the hydrometer allowed to come to rest without wetting more than a few tenths degrees of the exposed stem. Special care should be taken to ascertain the exact point at which the level of the surface liquid intersects the scale of proof in the stem of the hydrometer. The hydrometer and thermometer should be immediately read, as nearly simultaneously as possible. In reading the hydrometer, a sighting should be made slightly below the plane of the surface of the liquid and the line of sight should be raised slowly, being kept perpendicular to the hydrometer stem, until the appearance of the surface changes from an ellipse to a straight line. The point where this line intersects the hydrometer scale is the correct reading of the hydrometer. When the correct readings of the hydrometer and the thermometer have been determined, the true percent of proof shall be ascertained from Table 1.

Another sample of the spirits should then be taken and be tested in the same manner so as to verify the proof originally ascertained. Hydrometer readings should be made to the nearest 0.05 degree and thermometer readings should be made to the nearest 0.1 degree, and instrument correction factors, if any, should be applied. It is necessary to interpolate in Table 1 for fractional hydrometer and thermometer readings.

Example. A hydrometer reads 192.8° at 72.10° F. The correction factors for the hydrometer and the thermometer, respectively are minus 0.03° and plus 0.05°. The corrected reading, then, is 192.82° at 72.15° F.

§ 30.24 Specific gravity hydrometers.

(a) The specific gravity hydrometers furnished by proprietors to appropriate ATF officers shall conform to the standard specifications of the American Society for Testing and Materials (ASTM) for such instruments. Such specific gravity hydrometers shall be of a precision grade, standardization temperature 60 °F., and provided in the following ranges and subdivisions:

No instrument shall be in error by more than 0.0005 specific gravity.

(b) A certificate of accuracy prepared by the instrument manufacturer for the instrument shall be furnished to the appropriate ATF officer.

§ 30.25 Use of precision specific gravity hydrometers.

The provisions of §30.23 respecting the care, handling, and use of precision instruments shall be followed with respect to the care, handling, and use of precision grade specific gravity hydrometers. Specific gravity hydrometers shall be read to the nearest subdivision. Because of temperature density relationships and the selection of the standardization temperature of 60 °F., the specific gravity readings will be greater at temperatures below 60 degrees Fahrenheit and less at temperatures above 60 degrees Fahrenheit. Hence, correction of the specific gravity readings will be made for temperature other than 60 degrees Fahrenheit. Such correction may be ascertained by dividing the specific gravity hydrometer reading by the applicable correction factor in Table 7.

Example: The specific gravity hydrometer reading is 1.1520, the thermometer reading is 68 degrees Fahrenheit, and the true proof of the spirits is 115 degrees. The correct specific gravity reading will be ascertained as follows:

(a) From Table 7, the correction factor for 115° proof at 68 °F. is 0.996.
(b) 1.1520 divided by 0.996=1.1571, the corrected specific gravity.

Subpart D—Gauging Procedures

§ 30.31 Determination of proof.

(a) General. The proof of spirits shall be determined to the nearest tenth degree which shall be the proof used in determining the proof gallons.

(b) Solids content not more than 600 milligrams. Except as otherwise authorized by the appropriate ATF officer, the proof of spirits containing not more than 600 milligrams of solids per
100 milliliters of spirits shall be determined by the use of a hydrometer and thermometer in accordance with the provisions of §30.23 except that if such spirits contain solids in excess of 400 milligrams per 100 milliliters at gauge proof, there shall be added to the proof so determined the obscuration determined as prescribed in §30.32.

(c) Solids content over 600 milligrams. If such spirits contain solids in excess of 600 milligrams per 100 milliliters at gauge proof, the proof shall be determined on the basis of true proof determined as follows:

(1) By the use of a hydrometer and a thermometer after the spirits have been distilled in a small laboratory still and restored to the original volume and temperature by the addition of pure water to the distillate; or

(2) By a recognized laboratory method which is equal or superior in accuracy to the distillation method.

(d) Initial proof. Except when the proof of spirits is used in making the gauge prescribed in 27 CFR 19.383 or in making a gauge for determination of tax, the initial determination of proof made on the bonded premises of a distilled spirits plant for such spirits may be used whenever a subsequent gauge is required to be made at that same plant provided that no material has been added to change the proof of the spirits.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1358, as amended, 1362, as amended (26 U.S.C. 5204, 5211))

§ 30.32 Determination of proof obscuration.

(a) General. Proof obscuration of spirits containing more than 400 but not more than 600 milligrams of solids per 100 milliliters shall be determined by one of the following methods. The evaporation method may be used only for spirits in the range of 80–100 degrees centigrade for 30 minutes and then weigh the residue precisely. Multiply the weight of the residue by 4 to determine the weight of solids in 100 milliliters. The resulting weight per 100 milliliters multiplied by 4 will give the obscuration. Experience has shown that 0.1 gram (100 milligrams) of solids per 100 milliliters of spirits in the range of 80–100 degrees proof will obscure the true proof by 0.4 of one degree of proof. For example, if the weight of solids remaining after evaporation of 25 milliliters 0.125 gram, the amount of solids present in 100 milliliters of the spirits is 0.50 gram (4 times 0.125). The obscuration is 4 times 0.50, which is two degrees of proof. This value added to the temperature corrected hydrometer reading will give the true proof.

(1) By the use of a hydrometer and a thermometer after the spirits have been distilled in a small laboratory still and restored to the original volume and temperature by the addition of pure water to the distillate; or

(2) By a recognized laboratory method which is equal or superior in accuracy to the distillation method.

(d) Initial proof. Except when the proof of spirits is used in making the gauge prescribed in 27 CFR 19.383 or in making a gauge for determination of tax, the initial determination of proof made on the bonded premises of a distilled spirits plant for such spirits may be used whenever a subsequent gauge is required to be made at that same plant provided that no material has been added to change the proof of the spirits.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1358, as amended (26 U.S.C. 5204, 5211))

§ 30.32 Determination of proof obscuration.

(a) General. Proof obscuration of spirits containing more than 400 but not more than 600 milligrams of solids per 100 milliliters shall be determined by one of the following methods. The evaporation method may be used only for spirits in the range of 80–100 degrees centigrade for 30 minutes and then weigh the residue precisely. Multiply the weight of the residue by 4 to determine the weight of solids in 100 milliliters. The resulting weight per 100 milliliters multiplied by 4 will give the obscuration. Experience has shown that 0.1 gram (100 milligrams) of solids per 100 milliliters of spirits in the range of 80–100 degrees proof will obscure the true proof by 0.4 of one degree of proof. For example, if the weight of solids remaining after evaporation of 25 milliliters 0.125 gram, the amount of solids present in 100 milliliters of the spirits is 0.50 gram (4 times 0.125). The obscuration is 4 times 0.50, which is two degrees of proof. This value added to the temperature corrected hydrometer reading will give the true proof.

(b) Evaporation method. Evaporate the water and alcohol from a carefully measured 25 milliliter sample of spirits, dry the residue at 100 degrees centigrade for 30 minutes and then weigh the residue precisely. Multiply the weight of the residue by 4 to determine the weight of solids in 100 milliliters. The resulting weight per 100 milliliters multiplied by 4 will give the obscuration. Experience has shown that 0.1 gram (100 milligrams) of solids per 100 milliliters of spirits in the range of 80–100 degrees proof will obscure the true proof by 0.4 of one degree of proof. For example, if the weight of solids remaining after evaporation of 25 milliliters 0.125 gram, the amount of solids present in 100 milliliters of the spirits is 0.50 gram (4 times 0.125). The obscuration is 4 times 0.50, which is two degrees of proof. This value added to the temperature corrected hydrometer reading will give the true proof.

(c) Distillation method. Determine the apparent proof and temperature of the sample of spirits and then distill a carefully measured sample in a small laboratory still, and collect a quantity of the distillate, 1 or 2 milliliters less than the original sample. The distillate is adjusted to the original temperature and restored to the original volume by addition of distilled water. The proof of the restored distillate is then determined by use of a precision hydrometer and thermometer in accordance with the provisions of §13.23 to the nearest 0.1 degree of proof. The difference between the proof so determined and the apparent proof of the undistilled sample is the obscuration; or

(d) Pycnometer method. Determine the specific gravity of the undistilled sample, distill and restore the samples as provided in paragraph (c) of this section and determine the specific gravity of the restored distillate by means of a pycnometer. The specific gravities so obtained will be converted to degrees of proof by interpolation of Table 6 to the nearest 0.1 degree of proof. The difference in proof so obtained is the obscuration.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1358, as amended (26 U.S.C. 5204, 5211))

§ 30.36 DETERMINATION OF QUANTITY

§ 30.36 General requirements.

The quantity determination of distilled spirits that are withdrawn from bond in bulk upon tax determination or payment shall be by weight. The quantity of other distilled spirits or denatured spirits may be determined by weight or by volume. When the quantity of distilled spirits or denatured distilled spirits is determined by volume, such determination may be by meter as provided in 27 CFR Part 19, or when approved by the appropriate ATF officer, another method or device.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1358, as amended (26 U.S.C. 5204))

§ 30.41 Bulk spirits.

When spirits (including denatured spirits) are to be gauged by weight in bulk quantities, the weight shall be determined by means of weighing tanks, mounted on accurate scales. Before each use, the scales shall be balanced at zero load; thereupon the spirits shall be run into the weighing tank and proofed as prescribed in §30.31. However, if the spirits are to be reduced in proof, the spirits shall be so reduced before final determination of the proof. The scales shall then be brought to a balanced condition and the weight of the spirits determined by reading the beam to the nearest graduation mark. From the weight and the proof thus ascertained, the quantity of the spirits in proof gallons shall be determined by reference to Table 4. However, in the case of spirits which contain solids in excess of 600 milligrams per 100 milliliters, the quantity in proof gallons shall be determined by first ascertaining the wine gallons per pound of the spirits and multiplying the wine gallons per pound by the weight, in pounds, of the spirits being gauged and by the true proof (determined as prescribed in §30.31) and dividing the result by 100. The wine gallons per pound of spirits containing solids in excess of 600 milligrams per 100 milliliters shall be ascertained by:

(a) Use of a precision hydrometer and thermometer, in accordance with the provisions of §30.23, to determine the apparent proof of the spirits (if specific gravity at the temperature of the spirits is not more than 1.0) and reference to Table 4 for the wine gallons per pound, or

(b) Use of a specific gravity hydrometer, in accordance with the provisions of §30.23, to determine the specific gravity of the spirits (if the specific gravity at the temperature of the spirits is more than 1.0) and dividing that specific gravity (corrected to 60 degrees Fahrenheit) into the factor 0.120074 (the wine gallons per pound for water at 60 degrees Fahrenheit). When withdrawing a portion of the contents of a weighing tank, the difference between the quantity (ascertained by proofing and weighing) in the tank immediately before the removal of the spirits and the quantity (ascertained by proofing and weighing) in the tank immediately after the removal of the spirits shall be the quantity considered to be withdrawn.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1358, as amended (26 U.S.C. 5204))

§ 30.42 Denatured spirits.

The quantity, in gallons, of any lot or package of specially denatured spirits may be determined by weighing it and then dividing its weight by the weight per gallon of the formula concerned, as given in the appropriate tables in subpart H of 27 CFR Part 21. In the case of completely denatured spirits, the gallonage of any lot or package may be ascertained by determining its weight and apparent proof (hydrometer indication, corrected to 60 degrees Fahrenheit) and then multiplying the weight of the wine gallons per pound factor shown in Table 4 for the (apparent) proof.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1358, as amended (26 U.S.C. 5204))

§ 30.43 Packaged spirits.

When the quantity of spirits (including denatured spirits when gauged by weight) in packages, such as barrels, drums, and similar portable containers,
§ 30.44 Weighing containers.

(a) Weighing containers of more than 10 wine gallons. The weight of containers having a capacity in excess of 10 wine gallons shall be determined and recorded in pounds and half pounds.

(b) Weighing containers of 10 wine gallons or less. The weight for containers of a capacity of 10 wine gallons or less shall be determined in pounds and ounces, or pounds and hundredths of a pound, and shall be recorded in pounds and hundredths of a pound. The equivalent pounds and hundredths of pounds and the corresponding wine gallons and proof gallons shall be expressed as shown in the following table for the respective weights in pounds and ounces and proofs shown therein or, as applicable, computed in accordance with rules in this section.

(c) Containers of other proofs or sizes. Where containers of proofs or sizes not shown above are to be filled, the following rule may be used for ascertaining the weight of the spirits to be placed in the container: Divide the number of gallons representing the quantity of spirits to be placed in the container by the fractional part of a gallon equivalent to 1 pound, to obtain the weight of the spirits in pounds and fractions of a pound to two decimal places. Reduce the decimal fraction of a pound to ounces by multiplying by 16, calling any fraction of an ounce a whole ounce. The pounds and ounces thus obtained will determine the point to which the spirits must be weighed to produce the results desired. If the weight must be marked on the container in pounds and decimal fractions of a pound, it will be necessary to convert the ounces to hundredths of a pound. The fraction of a gallon equivalent to 1 pound at any given proof shall be ascertained by reference to Table 4. However, if the spirits contain solids in excess of 600 milligrams per 100 milliliters, the fraction of a gallon equivalent to 1 pound shall be determined as prescribed for such spirits in §30.41.
§ 30.45 Withdrawal gauge for packages.

When wooden packages are to be individually gauged for withdrawal, actual tare of the packages shall be determined. The actual tare of a package shall be determined by weighing it after its contents (including rinse water, if any) have been temporarily removed to a separate container or vessel. Where the contents of packages have been temporarily removed for determination of tare, the proof, if any rinse water is added to the spirits, shall be determined after a thorough mixing of the rinse water and the spirits and before return of the spirits to the rinsed packages, and the gross weight shall be determined after the spirits and any added rinse water have been returned to the packages. In the case of metal packages the tare established at the time of filling may be used unless it appears to be incorrect. From the proofs and the net weights of the packages, the wine gallons (if desired) and the gross weight shall be determined by the use of Table 2. However, if the spirits contain solids in excess of 600 milligrams per 100 milliliters, the wine gallon and proof gallon contents shall be determined as prescribed for such spirits in §30.41. If either the weight or the proof is beyond the limitations of table 2, either table 3 or table 4 may be used.

Example

Gauge glass reading inches—88. Wine gallons per inch—48.96. Temperature °F—72. Proof of spirits—86.8. Temperature correction factor (Table 7)—0.956. 48.96 W.G.×0.956=46.84 wine gallons. 46.84 W.G.×0.956=45.04 wine gallons. 45.04 W.G.×0.956=43.21 wine gallons. 88 W.G.×0.956=83.721.6392=83.721.1 proof gallons.

Determination of quantity by volume

§ 30.51 Procedures for measurement of bulk spirits.

Where the quantity of spirits (including denatured spirits) in bulk is to be determined by volume as authorized by this chapter, the measurement shall be made in tanks, by meters as provided in 27 CFR part 19, or by other devices or methods authorized by the appropriate ATF official, or as otherwise provided in this chapter, or such measurement may be made in tank cars or tank trucks if calibration charts for such conveyances are provided and such charts have been accurately prepared, and certified as accurate, by engineers or other persons qualified to calibrate such conveyances. Volumetric measurements in tanks shall be made only in accurately calibrated tanks equipped with suitable measuring devices, whereby the actual contents can be correctly ascertained. If the temperature of spirits (including denatured spirits) is other than the standard of 60 degrees Fahrenheit, gallonage determined by volumetric measurements shall be corrected to the standard temperature by means of table 7. In the case of denatured spirits, the temperature-correction factor for the proof of the spirits used in denaturing will give sufficiently accurate results, except that the temperature-correction factor used for specially denatured spirits, Formula No. 18, should be that given in table 7 for 100 proof spirits. When the quantity of spirits, in wine gallons, has been determined by volumetric measurement, the number of proof gallons shall be obtained by multiplying the wine gallons by the proof of the spirits as determined under §30.31.

Example

Gauge glass reading inches—88. Wine gallons per inch—48.96. Temperature °F—72. Proof of spirits—86.8. Temperature correction factor (Table 7)—0.956. 48.96 W.G.×0.956=46.84 wine gallons. 46.84 W.G.×0.956=45.04 wine gallons. 45.04 W.G.×0.956=43.21 wine gallons. 88 W.G.×0.956=83.721.6392=83.721.1 proof gallons.
§ 30.62 Procedure for measurement of cased spirits.

Where the quantity of spirits in a case is to be determined by volume, such determination shall be made by ascertaining the contents of one bottle in the case and multiplying that figure by the number of bottles in the case. For cases containing bottles filled according to the metric system of measure, the quantity determined shall be converted to wine gallons, as provided in §19.722 of this chapter. The wine gallons of spirits thus determined for one case may then be multiplied by the number of cases containing spirits at the same proof when determining the quantity of spirits for more than one case. The proof gallons of spirits in cases shall be determined by multiplying the wine gallons by the proof (divided by 100).

(26 U.S.C. 5204)

§ 30.61 Table 1, showing the true percent of proof spirit for any indication of the hydrometer at temperatures between zero and 100 degrees Fahrenheit.

This table shows the true percent of proof of distilled spirits for indications of the hydrometer likely to occur in practice at temperatures between zero and 100 degrees Fahrenheit and shall be used in determining the proof of spirits. The left-hand column contains the reading of the hydrometer on the same horizontal line, in the body of the table, in the "Temperature" column corresponding to the reading of the thermometer is the corrected reading or "true percent of proof." The table is computed for tenths of a percent.

</tbody>
</table>

Where fractional readings are ascertained, the proper interpolations will be made (see §30.23). If the distilled spirits contain dissolved solids, temperature-correction of the hydrometer reading by the use of this table would result in apparent proof rather than true proof.

(26 U.S.C. 5204)

§ 30.62 Table 2, showing wine gallons and proof gallons by weight.

The wine and proof gallon content by weight and proof of packages of distilled spirits usually found in actual practice will be ascertained from this table. The left-hand column contains the weights. The true percent of proof is shown on the heading of each page in a range from 90 degrees to 200 degrees. Under the true percent of proof and on the same horizontal line with the weight will be found the wine gallons (at 60 degrees Fahrenheit) and the proof gallons respectively. Where either the weight or the proof of a quantity of spirits is beyond the limitations of this table, the number of proof gallons may be ascertained by reference to Table 3. This table may also be used to ascertain the wine gallons (at 60 degrees Fahrenheit) and proof gallons of spirituous liquor containing dissolved solids where the weight, apparent proof (hydrometer indication corrected to 60 degrees Fahrenheit), and obscuration factor have been determined.

Example.

334 lbs. of distilled spirits.
Apparent proof—96.0°.
Obscuration—0.8°.
True Proof 96.0°+0.8°=96.8°.
334 lbs. at 96.0° apparent proof=42.8 wine gallons.
42.8 wine gallons x 96.8°=41.4 proof gallons.

In addition this table may be used to obtain the wine gallons, at the prevailing temperature, of most liquids within the range of the table, from the weight of the liquid and the uncorrected reading of the hydrometer stem. An application of this would be in determining the capacity of a package.

Example. It is desired to determine, or to check the rated capacity of a package having a net weight of 395 pounds when completely filled with spirits having an uncorrected hydrometer reading of 113.0°. The full capacity of the package, 51.5 wine gallons, would be...
§ 30.63 Table 3, for determining the number of proof gallons from the weight and proof of spirituous liquor.

When the weight or proof of a quantity of distilled spirits is not found in Table 2, the proof gallons may be ascertained from Table 3. The wine gallons (at 60 degrees Fahrenheit) may be ascertained by dividing the proof gallons by the proof.

Example. A tank car of spirits of 190 degrees of proof weighed 60,378 pounds net. We find—

That is, the total weight of 60,378 pounds of spirits at 190 proof is equal to 16,884.1 proof gallons. The equivalent gallonage for 70 pounds is found from the column 700 pounds by moving the decimal point one place to the left; that for 8 pounds from the column 800 pounds by moving the decimal point two places to the left.

Example. A package of spirits at 86 proof weighed 321 ½ pounds net. We find—

That is, 321 ½ pounds of spirits at 86 proof is equal to 35.1 proof gallons. The equivalent gallonage for 20 pounds is found from the column 200 pounds by moving the decimal point one place to the left; that for 1 pound from the column 100 pounds by moving the decimal point two places to the left; that for the ½ pound from the column 500 pounds by moving the decimal point three places to the left.

Fractional gallons beyond the first decimal ascertained through use of this table will be dropped if less than 0.05 or will be added as 0.1 if 0.05 or more. The wine gallons (at 60 degrees Fahrenheit) may be determined by dividing the proof gallons by the proof. For example: 35.1 divided by 0.86 equals 40.8 wine gallons.
total weight of the liquid and its apparent proof (hydrometer indication, corrected to 60 degrees Fahrenheit). The proof gallons may then be found by multiplying the wine gallons by the true proof.

Example.
5,350 pounds of blended whisky containing added solids
Temperature °F.................................75.0
Hydrometer reading.................................92.0
Apparent proof.........................................85.5
Obscuration ...........................................0.5
True proof ............................................86.0
5,350.0 lbs. × 0.12676 (W.G. per pound factor for apparent proof of 85.5°) = 678.2 wine gallons
678.2 W.G. × 0.86 = 583.3 proof gallons

§ 30.65 Table 5, showing the weight per wine gallon (at 60 degrees Fahrenheit) and proof gallon at each percent of proof of spirituous liquor.

This table may be used to ascertain the weight of any given number of wine gallons (at 60 degrees Fahrenheit) or proof gallons of spirits by multiplying the pounds per gallon by the given number of gallons of the spirits. The table should be especially useful where it is desired to weigh a precise quantity of spirits.

Example. It is desired to ascertain the weight of 100 wine gallons of 190 proof spirits:
6.79434 × 100 equals 679.43 pounds, net weight of 100 wine gallons of 190 proof spirits.

Example. It is desired to ascertain the weight of 100 proof gallons of 190 proof spirits:
3.37597 × 100 equals 337.60 pounds, net weight of 100 proof gallons of 190 proof spirits.

The slight variation between this table and Tables 2 and 3 on some calculations is due to dropping or adding of fractions beyond the first decimal on those tables. This table also shows the weight per wine gallon (at the prevailing temperature) corresponding to each uncorrected reading of a proof hydrometer.

Example. It is desired to determine the number of gallons in 400 pounds of spirits of 141 percent of proof. Multiply the weight of one gallon of water in air by the specific gravity in air of the spirits—8.32923 by 0.88862—the product (7.40063) divided into 400 gives 54.049 wine gallons, which rounded to the nearest hundredth is 54.05 and multiplied by 1.41 gives 76.2 proof gallons. In rounding off where the decimal is less than five, it will

§ 30.66 Table 6, showing respective volumes of alcohol and water and the specific gravity in both air and vacuum of spirituous liquor.

This table provides an alternate method for use in ascertaining the quantity of water needed to reduce the strength of distilled spirits by a definite amount. To do this, divide the alcohol in the given strength by the alcohol in the required strength, multiply the quotient by the water in the required strength, and subtract the water in the given strength from the product. The remainder is the number of gallons of water to be added to 100 gallons of spirits of the given strength to produce a spirit of a required strength.

Example. It is desired to reduce spirits of 191 proof to 188 proof. We find that 191 proof spirits contains 95.5 parts alcohol and 5.59 parts water, and 188 proof spirits contains 94.0 parts alcohol and 7.36 parts water.
95.5 (the strength of 100 wine gallons of spirits at 191 proof) divided by 94.0 (the strength of 100 wine gallons of spirits at 188 proof) equals 1.01.
7.36 (the water in 188 proof) multiplied by 1.01 equals 7.43.
7.43 less 5.59 (the water in 191 proof spirits) equal 1.84 gallons of water to be added to each 100 wine gallons of 191 proof spirits to be reduced.

This rule is applicable for reducing to any proof; but when it is desired to reduce to 100 proof, it is sufficient to point off two decimals in the given proof, multiply by 53.73, and deduct the water in the given strength. Thus, to reduce 112 proof spirits to 100 proof:
1.12×53.73=7.48 equals 12.42 gallons of water to be added to each 100 wine gallons of 191 proof spirits to be reduced.

This table may also be used to obtain the proof gallonage of spirituous liquor according to weight and percent of proof.

Example. It is desired to determine the number of gallons in 400 pounds of spirits of 141 percent of proof. Multiply the weight of one gallon of water in air by the specific gravity in air of the spirits—8.32923 by 0.88862—the product (7.40063) divided into 400 gives 54.049 wine gallons, which rounded to the nearest hundredth is 54.05 and multiplied by 1.41 gives 76.2 proof gallons. In rounding off where the decimal is less than five, it will

be dropped; if it is five or over a unit will be added.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1358, as amended (26 U.S.C. 5204))

§ 30.67 Table 7, for correction of volume of spirituous liquors to 60 degrees Fahrenheit.

This table is prescribed for use in correcting spirits to volume at 60 degrees Fahrenheit. To do this, multiply the wine gallons of spirits which it is desired to correct to volume at 60 degrees Fahrenheit by the factor shown in the table at the percent of proof and temperature of the spirits. The product will be the corrected gallonage at 60 degrees Fahrenheit. This table is also prescribed for use in ascertaining the true capacity of containers where the wine gallon contents at 60 degrees Fahrenheit have been determined by weight in accordance with Tables 2, 3, 4, or 5. This is accomplished by dividing the wine gallons at 60 degrees Fahrenheit by the factor shown in the table at the percent of proof and temperature of the spirits. The quotient will be the true capacity of the container.

Example. It is desired to ascertain the volume at 60 degrees Fahrenheit of 1,000 wine gallons of 190 proof spirits at 76 degrees Fahrenheit:

1,000 x 0.991 = 991 wine gallons, the corrected gallonage at 60 degrees Fahrenheit.

Example. It is desired to ascertain the capacity of a container of 190 proof spirits at 76 degrees Fahrenheit, shown by Table 2 to contain 55.1 wine gallons at 60 degrees Fahrenheit:

55.1 divided by 0.991 equals 55.6 wine gallons, the true capacity of the container when filled with spirits of 60 degrees temperature.

It will be noted the table is prepared in multiples of 5 percent of proof and 2 degrees temperature. Where the spirits to be corrected are of an odd temperature, one-half of the difference, if any, between the factors for the next higher and lower temperature, should be added to the factor for the next higher temperature.

Example. It is desired to correct spirits of 180 proof at 51 degrees temperature:

1.006 (50°) – 1.005 (52°) = 0.001 divided by 2 = 0.0005

0.0005 + 1.005 = 1.0055 correction factor at 51 °F.

Example. It is desired to correct spirits of 180 proof at 53 degrees temperature:

1.005 (52°) – 1.003 (54°) = 0.002 divided by 2 = 0.001

0.001 + 1.003 = 1.0044 correction factor at 53 °F.

Where the percent of proof is other than a multiple of five, the difference, if any, between the factors for the next higher and lower proofs should be divided by five and multiplied by the degrees of proof beyond the next lower proof, and the fractional product so obtained should be added to the factor for the next lower proof (if the temperature is above 60 degrees Fahrenheit, the fractional product so obtained must be subtracted from the factor for next lower proof), or if it is also necessary to correct the factor because of odd temperature, to the temperature corrected factor for the next lower proof.

Example. It is desired to ascertain the correction factor for spirits of 112 proof at 47 degrees temperature:

1.006 (46°) – 1.005 (48°) = 0.001 divided by 2 = 0.0005

0.0005 + 1.005 = 1.0055 correction factor at 47 °F.

0.001 (115 proof) – 1.006 (110 proof) = 0.001

0.001 divided by 5 = 0.0002 (for each percent of proof beyond 112 proof)

0.0004 + 1.0055 = 1.0059 correction factor at 47 °F.

Example. It is desired to ascertain the correction factor for spirits of 97 proof at 93 degrees temperature:

0.986 (92°) – 0.985 (94°) = 0.001 divided by 2 = 0.0005

0.0005 + 0.985 = 0.9855 correction factor at 93 °F.

0.001 (95 proof) – 0.986 (100 proof) = 0.001

0.001 divided by 5 = 0.0002 (for each percent of proof beyond 97 proof)

0.0004 + 0.9855 = 0.9859 correction factor at 93 °F.

Subpart A—Introduction

§ 53.2 Attachment of tax.

(a) For purposes of this part, the manufacturers excise tax generally attaches when the title to the article sold passes from the manufacturer to a purchaser.

(b) When title passes is dependent upon the intention of the parties as gathered from the contract of sale and the attendant circumstances. In the absence of expressed intention, the legal rules of presumption followed in the jurisdiction where the sale is made govern in determining when title passes.

(c) In the case of a sale on credit, the tax attaches whether or not the purchase price is actually collected.

(d) Where a consignor (such as a manufacturer) consigns articles to a consignee (such as a dealer), retaining ownership in them until they are disposed of by the consignee, title does not pass, and the tax does not attach until sale by the consignee. Where the relationship between a manufacturer and a dealer is that of principal and agent, title does not pass, and the tax does not attach, until sale by the dealer.

(e) In the case of a lease, an installment sale, a conditional sale, or a chattel mortgage arrangement or similar arrangement creating a security interest, a proportionate part of the tax attaches to each payment. See section 4217 and §§ 53.103 and 53.104 for a limitation on the amount of tax payable on lease payments.

(f) In the case of use by the manufacturer, the tax attaches at the time the use begins.

§ 53.3 Exemption certificates.

Several sections of the regulations in this part, relating to sales exempt from manufacturers excise tax, require the manufacturer to obtain an exemption certificate from the purchaser to substantiate the exempt character of the sale. Any form of exemption certificate will be acceptable if it includes all the information required to be contained in such a certificate by the pertinent sections of the regulations in this part. These certificates are available as preprinted documents which may be ordered from the Bureau’s Distribution Center (see §53.21 for the address of the Distribution Center). The preprinted certificates may be reproduced as needed.

Subpart B—Definitions

§ 53.11 Meaning of terms.

When used in this part and in forms prescribed under this part, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof, terms shall have the meanings assigned in this section. Words in the plural form shall include the singular, and vice versa, and words importing the masculine gender shall include the feminine. The terms "includes" and "including" do not exclude other things not enumerated which are in the same general class or are otherwise within the scope thereof.

ATF officer. An officer or employee of the Bureau of Alcohol, Tobacco and Firearms (ATF) authorized to perform any function relating to the administration or enforcement of this part.

Calendar quarter. A period of 3 calendar months ending on March 31, June 30, September 30, or December 31.

Calendar year. The period which begins January 1 and ends on the following December 31.

Chapter 32. For purposes of this part chapter 32 means section 4181, chapter 32, of the Internal Revenue Code of 1986, as amended.

Director. The Director, Bureau of Alcohol, Tobacco and Firearms, the Department of the Treasury, Washington, DC 20226.

Electronic fund transfer (EFT). Any transfer of funds effected by a taxpayer’s financial institution, either directly or through a correspondent banking relationship, via the Federal Reserve Communications System (FRCS) or Fedwire to the Treasury Account at the Federal Reserve Bank.

Exportation. The severance of an article from the mass of things belonging within the United States with the intention of uniting it with the mass of things belonging within some foreign country or within a possession of the United States.

Exporter. The person named as shipper or consignor in the export bill of lading.

Financial institution. A bank or other financial institution, whether or not a member of the Federal Reserve System, which has access to the Federal Reserve Communications Systems (FRCS) or Fedwire. The “FRCS” or “Fedwire” is a communications network that allows Federal Reserve System member financial institutions to effect a transfer of funds for their customers (or other financial institutions) to the Treasury Account at the Federal Reserve Bank.

Firearms. Any portable weapons, such as rifles, carbines, machine guns, shotguns, or fouling pieces, from which a shot, bullet, or other projectile may be discharged by an explosive.

Importer. Any person who brings a taxable article into the United States from a source outside the United States, or who withdraws such an article from a customs bonded warehouse for sale or use in the United States. If the nominal importer of a taxable article is not its beneficial owner (for example, the nominal importer is a customs broker engaged by the beneficial owner), the beneficial owner is the “importer” of the article for purposes of chapter 32 of the Code and is liable for tax on his sale or use of the article in the United States. See section 4219 of the Code and 27 CFR 53.121 for the circumstances under which sales by persons other than the manufacturer or importer are subject to the manufacturers excise tax.

Knockdown condition. A taxable article that is unassembled but complete as to all component parts.

Manufacturer. Includes any person who produces a taxable article from scrap, salvage, or junk material, or from new or raw material, by processing, manipulating, or changing the form of an article or by combining or assembling two or more articles. The term also includes a “producer” and an “importer.” Under certain circumstances, as where a person manufactures or produces a taxable article for another person who furnishes materials under an agreement whereby the person who furnished the materials retains title thereto and to the finished article, the person for whom the taxable article is manufactured or produced, and not the person who actually manufactures or produces it, will be considered the manufacturer.
§ 53.21  A manufacturer who sells a taxable article in a knockdown condition is liable for the tax as a manufacturer. Whether the person who buys such component parts or accessories and assembles a taxable article from them will be liable for tax as a manufacturer of a taxable article will depend on the relative amount of labor, material, and overhead required to assemble the completed article and on whether the article is assembled for business or personal use.

Person. An individual, trust, estate, partnership, association, company, or corporation. When used in connection with penalties, seizures, and forfeitures, the term includes an officer or employee of a partnership, who as an officer, employee or member, is under a duty to perform the act in respect of which the violation occurs.

Pistols. Small projectile firearms which have a short one-hand stock or butt at an angle to the line of bore and a short barrel or barrels, and which are designed, made, and intended to be aimed and fired from one hand. The term does not include gadget devices, guns altered or converted to resemble pistols, or small portable guns erroneously referred to as pistols, as, for example, Nazi belt buckle pistols, glove pistols, or one-hand stock guns firing fixed shotgun or fixed rifle ammunition.

Possession of the United States. Includes Guam, the Midway Islands, Palmyra, the Panama Canal Zone, the Commonwealth of Puerto Rico, American Samoa, the Virgin Islands, and Wake Island.

Purchaser. Includes a lessee where the lessor is also the manufacturer of the article.

Region. A Bureau of Alcohol, Tobacco and Firearms Region.

Regional director (compliance). The principal ATF regional official responsible for administering regulations in this part.

Revolvers. Small projectile firearms of the pistol type, having a breech-loading chambered cylinder so arranged that the cocking of the hammer or movement of the trigger rotates it and brings the next cartridge in line with the barrel for firing.

Sale. An agreement whereby the seller transfers the property (that is, the title or the substantial incidents of ownership in goods) to the buyer for a consideration called the price, which may consist of money, services, or other things.

Secretary. The Secretary of the Treasury or his delegate.

Shells and cartridges. Include any article consisting of a projectile, explosive, and container that is designed, assembled, and ready for use without further manufacture in firearms, pistols or revolvers. A person who reloads used shell or cartridge casings is a manufacturer of shells or cartridges within the meaning of section 4181 if such reloaded shells or cartridges are sold by the reloader. However, the reloader is not a manufacturer of shells or cartridges if, in return for a fee and expenses, he reloads casings of shells or cartridges submitted by a customer and returns the reloaded shells or cartridges with the identical casings provided by the customer to that customer. Under such circumstances, the customer would be the manufacturer of the shells or cartridges and may be liable for tax on the sale of articles. See section 4218 of the Code and § 53.112.

Taxable article. Any article taxable under section 4181 of the Code.

Treasury Account. The Department of Treasury's General Account at the Federal Reserve Bank of New York.

Vendor. Includes a lessee where the lessor is also the manufacturer of the article.

Subpart C—Administrative and Miscellaneous Provisions

§ 53.21  Forms prescribed.

(a) The Director is authorized to prescribe all forms required by this part. All of the information called for in each form shall be furnished as indicated by the headings on the form and the instructions on or pertaining to the form. In addition, information called for in each form shall be furnished as required by this part.
(b) Requests for forms should be mailed to the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

(c) Signature authorization. An individual's signature on a return, statement, or other document made by or for a corporation or a partnership shall be prima facie evidence that the individual is authorized to sign the return, statement, or other document.

§ 53.22 Employer identification number.

(a) Requirement of application. (1) Except for one-time or occasional filers, every person who makes a sale or use of an article with respect to which a tax is imposed by section 4181 of the Code, and who has not earlier been assigned an employer identification number or has not applied for one, shall make an application on Form SS–4 for an employer identification number. The application and any supplementary statement accompanying it shall be prepared in accordance with the applicable form, instructions, and regulations and shall set forth fully and clearly the data therein called for. Form SS–4 may be obtained from any internal revenue district office, internal revenue service center or ATF regional office. The application shall be filed with the internal revenue officer designated in the instructions applicable to Form SS–4. The application shall be signed by:

(i) The individual if the person is an individual;

(ii) The president, vice-president, or other principal officer, if the person is a corporation;

(iii) A responsible and duly authorized member or officer having knowledge of its affairs, if the person is a partnership or other unincorporated organization; or

(iv) The fiduciary, if the person is a trust or estate.

An employer identification number will be assigned to the person in due course upon the basis of information reported on the application required under this section.

(2) Time for filing Form SS–4. The application for an employer identification number shall be filed no later than the seventh day after the date of the first sale or use of an article with respect to which a tax is imposed by chapter 32 of the Code. However, the application should be filed far enough in advance of the first required use of such number to permit issuance of the number in time for compliance with such requirement.

(3) One-time or occasional filers. A person who files a return under the provisions of section 53.151(a)(5) is not required to make application for an employer identification number. Such persons may use their social security number on any return, statement or other document submitted to ATF by that person in lieu of an employer identification number.

§ 53.23 Alternate methods or procedures.

(a) A taxpayer, on specific approval by the Director as provided in this section, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. The Director may approve an alternate method or procedure, subject to stated conditions, when—

(1) Good cause has been shown for the use of the alternate method or procedure;

(2) The alternate method or procedure is within the purpose of, and consistent with the effect intended by, the specifically prescribed method or procedure, and affords equivalent security to the revenue; and

(3) The alternate method or procedure will not be contrary to any provision of law and will not result in an increase in cost to the Government or hinder the effective administration of
§ 53.24 Records.

(a) In general—(1) Form of records. The records required by the regulations in this part shall be kept accurately, but no particular form is required for keeping the records. Such forms and systems of accounting shall be used as will enable an ATF officer to ascertain whether liability for tax is incurred and, if so, the amount thereof.

(2) [Reserved]

(b) Copies of returns, schedules, and statements. Every person who is required, by the regulations in this part or by instructions applicable to any form prescribed thereunder, to keep any copy of any return, schedule, statement, or other document, shall keep such copy as a part of the records.

(c) Records of claimants. Any person who, pursuant to the regulations in this part, claims a refund, credit, or abatement, shall keep a complete and detailed record with respect to the tax, interest, addition to the tax, additional amount, or assessable penalty to which the claim relates. Such record shall include any records required of the claimant by paragraph (b) of this section and subpart L of this part.

(d) Place and period for keeping records. (1) All records required by this part shall be prepared and kept by the person required to keep them, at one or more convenient and safe locations accessible to ATF officers, and shall at all times be immediately available for inspection by such officers.

(2) Except as otherwise provided in this subparagraph, every person required by the regulations in this part to keep records in respect of a tax shall maintain such records for at least three years after the due date of such tax for the return period to which the records relate, or the date such tax is paid, whichever is later. The records of claimants required by paragraph (c) of this section shall be maintained for a period of at least three years after the date the claim is filed.

(e) Reproduction of original records. (1) General books of account, such as cash books, journals, voucher registers, ledgers, etc., shall be maintained and preserved in their original form. However, reproductions of supporting records of details, such as invoices, vouchers, production reports, sales records, certificates, proofs of exportation, etc., may be kept in lieu of the original records. Any process may be used which accurately and timely reproduces the original record, and which forms a durable medium for reproducing and preserving the original record.

(2) Copies of records treated as original records. Whenever records are reproduced under this section, the reproduced records shall be preserved in conveniently accessible files, and provisions shall be made for examining, viewing, and using the reproduced records the same as if they were the original record. Such reproduced records shall be treated and considered for all purposes as though they were the original record. All provisions of law and regulations applicable to the original record are applicable to the reproduced record.

[T.D. ATF-365, 60 FR 33670, June 28, 1995]
§ 53.61 Imposition and rates of tax.

(a) Imposition of tax. Section 4181 of the Code imposes a tax on the sale of the following articles by the manufacturer, producer, or importer thereof:

(1) Pistols;
(2) Revolvers;
(3) Firearms (other than pistols and revolvers); and
(4) Shells and cartridges.

(b) Parts or accessories—(1) In general. No tax is imposed by section 4181 of the Code on the sale of parts or accessories of firearms, pistols, revolvers, shells, and cartridges when sold separately or when sold with a complete firearm for use as spare parts or accessories. The tax does attach, however, to sales of such articles that, although in knockdown condition, are complete as to all component parts.

(2) Component parts. Component parts are items that would ordinarily be attached to a firearm during use and, in the ordinary course of trade, are packaged with the firearm at the time of sale by the manufacturer or importer. All component parts for firearms are includible in the price for which the article is sold.

(3) Nontaxable parts. Parts sold with firearms that duplicate component parts that are not includible in the price for which the article is sold.

(4) Nontaxable accessories. Items that are not designed to be attached to a firearm during use or that are not, in the ordinary course of trade, provided with the firearm at the time of sale by the manufacturer or importer are not includible in the price for which the article is sold.

(5) Examples—(i) In general. The following examples are provided as guidelines and are not meant to be all inclusive.

(ii) Component parts. Component parts include such items as a frame or receiver, breech mechanism, trigger mechanism, barrel, buttstock, forestock, handguard, grips, buttplate, fore end cap, trigger guard, sight or set of sights (iron or optical), sight mount or set of sight mounts, a choke, a flash hider, a muzzle brake, a magazine, a set of sling swivels, and/or an attachable ramrod for muzzle loading firearms when provided by the manufacturer or importer for use with the firearm in the ordinary course of commercial trade. Component parts also include any part provided with the firearm that would affect the tax status of the firearm, such as an attachable shoulder stock.

(iii) Nontaxable parts. Nontaxable parts include items such as extra barrels, extra sights, optical sights and mounts (in addition to iron sights), spare magazines, spare cylinders, extra choke tubes, and spare pins.

(iv) Nontaxable accessories. Nontaxable accessories include items such as cleaning equipment, slings, slip on recoil pads (in addition to standard buttplate), tools, gun cases for storage or transportation, separate items such as knives, belt buckles, or medallions. Nontaxable accessories also include optional items purchased by the customer at the time of retail sale that do not change the tax classification of the firearm, such as telescopic sights and mounts, recoil pads, slings, sling swivels, chokes, and flash hiders/muzzle brakes of a type not provided by the manufacturer or importer.

(c) Rates of tax. Tax is imposed on the sale of the articles specified in section 4181 of the Code at the rates indicated below.

(d) Computation of tax. The tax is computed by applying to the price for which the article is sold the applicable rate. For definition of the term ‘price’ see section 4216 of the Code and the regulations contained in subpart J of this part.

(e) Liability for tax. The tax imposed by section 4181 of the Code is payable by the manufacturer, producer, or importer making the sale.

§ 53.62 Exemptions.

(a) Firearms subject to the National Firearms Act. Section 4182(a) provides that the tax imposed by section 4181 of the Code shall not attach to the sale of any firearms on which the tax imposed by section 5811 of the Code (relating to tax on the transfer of machine guns, short-barreled firearms, and other weapons) has been paid. Any manufacturer, producer, or importer claiming such an exemption from the tax imposed by section 4181 of the Code must maintain such records and be prepared to produce such evidence as will establish the right to the exemption.

(b) Sales to Defense Department or to U.S. Coast Guard—(1) Military department. Section 4182(b) of the Code provides that the tax imposed by section 4181 of the Code shall not attach to the sale of firearms, pistols, revolvers, shells, or cartridges that are purchased with funds appropriated for a military department of the United States. For this purpose, the term "military department" means the Department of the Army, the Department of the Navy, and Department of the Air Force. Included in the Department of the Navy are naval aviation and the Marine Corps.

(2) Coast Guard. Section 655, title 14, U.S.C., provides that no tax on the sale or transfer of firearms, pistols, revolvers, shells, or cartridges may be imposed on such articles when bought with funds appropriated for the United States Coast Guard.

(3) Supporting evidence. Any manufacturer, producer, or importer claiming an exemption from the tax imposed by section 4181 of the Code by reason of section 4182(b) and section 655, title 14 of the Code must maintain such records and be prepared to produce such evidence as will establish the right to the exemption. Generally, clearly identified orders or contracts of a military department signed by an authorized officer of the military department will be sufficient to establish the right to the exemption. In the absence of such orders or contracts, a statement, signed by an authorized officer of a military department or the Coast Guard, that the prescribed articles were purchased with funds appropriated for that military department or the Coast Guard will constitute satisfactory evidence of the right to an exemption.

§ 53.63 Other tax-free sales.

For provisions relating to tax-free sales of firearms and ammunition see:

(a) Section 4221 and 27 CFR 53.131, "Tax-free sales; general rule".

(b) Section 4223 and 27 CFR 53.132, "Tax-free sale of articles to be used for, or resold for, further manufacture".

(c) Section 4222 and 27 CFR 53.140, "Registration".

Subparts H-I [Reserved]

Subpart J—Special Provisions Applicable to Manufacturers Taxes

§ 53.91 Charges to be included in sale price.

(a) In general. The "price" for which an article is sold includes the total consideration paid for the article, whether that consideration is in the form of money, services, or other things. However, for purposes of the taxes imposed under chapter 32 of the Code, certain collateral charges made in connection with the sale of a taxable article must be included in the taxable sale price, whereas others may be excluded. Any charge which is required by a manufacturer, producer, or importer to be paid as a condition of its sale of a taxable article and which is not attributable to an expense falling within one of the exclusions provided in section 4216 of the Code or the regulations thereunder is includable in the taxable sale price. It is immaterial for this purpose that the charge may be paid to a person other than the manufacturer, producer, or importer, or that it may be separately billed to the purchaser as a charge earmarked for expenses incurred or to be incurred in his behalf, such as charges for demonstration or display of the article, for sales promotion programs, or otherwise.

With respect to the rules relating to exclusion of charges for local advertising of a manufacturer’s products, see
section 4216(e) of the Code and §53.100. In the case of sales on credit, a carrying, finance, or service charge is excludable from the sale price if it is reasonably related to the costs of carrying the deferred portion of the sale price (such as interest on the deferred portion of the sale price, expenses of bookkeeping necessary to keep the records of such sales, and expenses of correspondence and other communication in connection with collection).

(b) **Tools and dies.** Separate charges for tools and dies used in the manufacture or production of a taxable article are to be included, in whole or in part, in the sale price on which the tax is based. It is immaterial whether the charges for such items are billed in a lump sum or are amortized or allocated to each of the taxable articles. If, at the termination of a contract to manufacture taxable articles, the tools and dies used in production pass to the purchaser, only the amount of depreciation of the tools and dies incurred in production, computed on a "production output" basis, should be included in the sale price. If the purchaser furnishes the tools and dies, the amount of the cost thereof, to the extent that such cost has been depreciated in the production of the taxable articles (computed on a "production output" basis), shall be included in determining the sale price of the articles for purposes of computing the tax.

(c) **Charges for warranty.** A charge for a warranty of an article which the manufacturer, producer, or importer requires the purchaser to pay in order to obtain the article shall be included in the sale price of the article on which the tax is computed. On the other hand, a charge for a warranty of a taxable article paid at the purchaser's option shall not be included in the sale price for purposes of computing tax thereon.

(d) **Charges for coverings, containers, and packing.** Any charge by the manufacturer, producer, or importer for coverings and containers of whatever nature used to pack an article for shipment shall be included as part of the sale price for the purpose of computing the tax, whether or not the charges are identified as such on the invoice or are billed separately. Even though there is an agreement that the manufacturer, producer, or importer will repay all or a portion of the charge for the coverings or containers upon the return thereof, the full charge nevertheless shall be included in the sale price. It is immaterial whether the charge made at the time of sale is more or less than the actual value of the covering or container. See §53.173(b)(4) for provisions relating to the claiming of a credit or refund in the case of a price readjustment due to the return or repossession of a covering or container. Packing charges are to be included in the sale price whether the charges cover normal packing or special packing services, such as for extra protection of the article or for odd-lot quantities. This rule shall apply whether the packing services are initiated by the manufacturer, producer, or importer or are furnished at the request of the purchaser and whether the packing is performed by the manufacturer, producer, or importer or by another person at his request. If the purchaser supplies packing materials, the fair market value of such materials must be included in the tax base when computing tax liability on the sale of the article.

(e) **Taxable and nontaxable articles sold as a unit.** Where a taxable article and a nontaxable article are sold by the manufacturer as a unit, the tax attaches to that portion of the manufacturer's sale price of the unit which is properly allocable to the taxable article. Normally, the taxable portion of such a unit may be determined by applying to the manufacturer's sale price of the unit the ratio which the manufacturer's separate sale price of the taxable article bears to the sum of the sale prices of both the taxable and nontaxable articles, if such articles are sold separately by the manufacturer. Where the articles (or either one of them) are not sold separately by the manufacturer and do not have established sale prices, the taxable portion is to be determined from a comparison of the actual costs of the articles to the manufacturer. Thus, if the cost of the taxable article represents four-fifths of the total cost of the complete unit, the tax applies to
four-fifths of the price charged by the manufacturer for the unit.

§ 53.92 Exclusions from sale price.

(a) Tax—(1) Tax not part of taxable sale price. The tax imposed by chapter 32 of the Code on the sale of an article is not part of the taxable sale price of the article. Thus, if a manufacturer computes the tax on a sale price which is determined without regard to the tax, and it charges the proper tax as a separate item, the amount of tax so charged does not become a part of the taxable sale price and no tax is due on the tax so charged. Where no separate charge is made as tax, it will be presumed that the price charged to the purchaser for the article includes the proper tax, and the proper percentage of such price will be allocated to the tax.

(2) Computation of tax. If an article subject to tax at the rate of 10 percent is sold for $100 and an additional item of $10 is billed as tax, $100 is the taxable selling price and $10 is the amount of tax due thereon. However, if the article is sold for $100 with no separate billing or indication of the amount of the tax, it will be presumed that the tax is included in the $100, and a computation will be necessary to determine what portion of the total amount represents the sale price of the article and what portion represents the tax. The computation is as follows:

\[
\text{Taxable sale price} = \frac{\text{sale price including tax}}{100 + \text{rate of tax}}
\]

Thus, if the tax rate is 10 percent and the sale price including tax is $100, the taxable sale price is $90.91 (that is, $100 divided by (100+10)), and the tax is 10 percent of $90.91, or $9.09.

(b) Transportation, delivery, insurance, or installation charges—(1) Charges incurred pursuant to sale. Charges for transportation, delivery, insurance, installation, and other expenses actually incurred in connection with the delivery of an article to a purchaser pursuant to a bona fide sale shall be excluded from the sale price in computing the tax. Such charges include all items of transportation, delivery, insurance, installation, and similar expense incurred after shipment to a customer begins, in response to the customer's order, pursuant to a bona fide sale. However, costs of such nature incurred by a manufacturer, producer, or importer in transporting, in the normal course of business and for its benefit and convenience, articles from a factory or port of entry to a warehouse or other facility (regardless of the location of such warehouse or facility) are not considered as being incurred in connection with the delivery of an article to a purchaser pursuant to a bona fide sale, and charges therefore cannot be excluded from the sale price in computing tax liability. Similarly, an allowance granted by a manufacturer as reimbursement for expenses incurred by the purchaser in shipping used articles to the manufacturer for credit against the purchase price of taxable articles shall not be excluded from the sale price when computing tax due on the sale of the taxable articles. In any event, no charge may be excluded from the sale price unless the conditions set forth in paragraph (b)(2) of this section are complied with. Said conditions are prescribed under the authority granted the Secretary in section 4216(a) of the Code.

(2) Only actual expenses to be excluded. Where a separate charge is made for transportation or other expenses incurred in connection with the delivery of an article to the purchaser pursuant to a bona fide sale, there shall be excluded in arriving at the sale price subject to tax only that portion of the charge which represents the actual expenses incurred for the transportation or other excludable expenses. Where a separate charge is less than the actual expense, the difference is presumed to be included in the billed price. Such difference, together with the separate charge, shall be excluded in arriving at the sale price on which the tax is computed. Similarly, where no separate charge is made but the manufacturer, producer, or importer incurs an expense of the type to which this paragraph has application, the amount of such expense actually incurred shall be
excluded from the sale price on which the tax is computed. Where transportation expense is incurred in conjunction with a shipment composed of both taxable and nontaxable articles, only the portion of the expense allocable to the taxable articles shall be excludable. In general, unless the taxpayer establishes to the satisfaction of the regional director that another method reasonably apportions such freight expense between taxable and nontaxable articles, such expense should be apportioned on the basis of the relative weights (or, if available, the relative published tariff rates) applicable to the taxable and nontaxable articles. Where it is not feasible to apportion such expense on the basis of relative weights or tariff rates, the expense shall be apportioned on another reasonable basis; for example, in the case of a shipment including both taxable and nontaxable articles which are subject to the same tariff rate, it may be appropriate to apportion the transportation expense on the basis of the relative sale prices. A charge for insurance in connection with the delivery of an article to a purchaser is considered to represent an expense actually incurred only to the extent that an amount equivalent to such charge is paid or payable by the manufacturer to a person authorized to assume such insurance risk.

(3) Transportation, delivery, or installation services performed by manufacturer. For purposes of computing the taxable sale price of articles, it is immaterial whether the transportation, delivery, or other services of the type to which this paragraph has application are performed by a common carrier or independent agency for or on behalf of the manufacturer, producer, or importer, or are performed by the manufacturer, producer, or importer with the use of its own vehicles or other facilities. Thus, where a manufacturer, producer, or importer performs the transportation, delivery, or other services with its equipment, tools, employees, etc., the cost of such services allocable to the sale of the taxable article shall be excluded. In determining whether an expense is an excludable transportation or delivery expense, only those expenses incurred by reason of the fact that the purchaser accepts delivery at some point other than the manufacturer’s place of business shall be considered excludable transportation or delivery expenses. All expenses incurred in placing an article packed, ready for shipment on the loading dock at the manufacturer’s factory are not excludable transportation or delivery expenses. An allowance granted by the manufacturer, producer, or importer to the purchaser for transportation, delivery, or other expenses incurred or to be incurred by the purchaser in connection with the sale shall be excluded in computing the taxable sale price, if charges for similar expenses would be excludable if incurred by the manufacturer.

(4) Records in support of exclusion. Every manufacturer, producer, or importer making sales of taxable articles shall keep records which will disclose the amount of transportation, delivery, insurance, installation or other expense actually incurred by it in connection with the delivery of a taxable article to a purchaser pursuant to a bona fide sale.

(c) Other charges. A charge or expense not within the scope of paragraph (a) or (b) of this section, whether or not separately stated, may not be excluded or deducted, under any condition, in computing the sale price upon which the tax is computed.

§ 53.93 Other items relating to tax on sale price.

(a) Exchanges. If, in connection with the sale of an article subject to a tax imposed under chapter 32 of the Code on the price for which sold, a manufacturer receives from its vendee another article in exchange, the tax on the manufacturer's sale shall be computed on the basis of the amount allowed for the article received from the vendee,
plus any additional amount charged the vendee.

(b) Replacements under warranty. If an article, subject to a tax imposed under chapter 32 of the Code on the price for which sold, is returned to the manufacturer by reason of the failure of the article under a warranty as to its quality or service, and a new article is given by the manufacturer, free, or at a reduced price, the tax on the new article shall be computed on the actual amount, if any, to be paid to the manufacturer for the new article. See §53.174(b) for the circumstances under which the allowance made by the manufacturer, producer, or importer upon the return of the first article constitutes a price readjustment of the sale price of the first article and the extent, if any, to which a credit may be allowed, or refund made, of the tax paid by the manufacturer, producer, or importer on the sale of the first article.

(c) Readjustments in sale price. Readjustment in sale price (such as allowable discounts, rebates, bonuses, etc.) cannot be anticipated. The tax must be based upon the original price unless the readjustments have actually been made prior to the close of the period for which the tax upon the sale is returned. However, if the price upon which the tax was computed is subsequently readjusted, credit may be taken against the tax due on a subsequent return or a claim for refund filed as provided by section 6416(b)(1) of the Code and §§53.174–53.176.

§53.94 Constructive sale price; scope and application.

(a) In general. Section 4216(b) of the Code pertains to those taxes imposed under chapter 32 of the Code that are based on the price for which an article is sold, and contains the provisions for constructing a tax base other than the actual sale price of the article, under certain defined conditions.

(b) Specific applications. (1) Section 4216(b)(1) of the Code applies to:

(i) Arm’s-length sales at retail or on consignment, other than those sales at retail and to retailers to which section 4216(b)(2) of the Code and §53.96 apply; and

(ii) Sales otherwise than at arm’s length, and at less than fair market price.

(2) Section 4216(b)(2) of the Code applies generally to arm’s-length sales of an article at retail or to retailers, or both, where the manufacturer also sells the same article to wholesale distributors.

(3) Section 4216(b)(3) of the Code provides a formula for determining a constructive sale price for sales of taxable articles between members of an affiliated group of corporations (as “affiliated group” is defined in section 1504(a) of the Code) in those instances where the purchasing corporation regularly resells to retailers but does not regularly resell to wholesale distributors, and except for situations where section 4216(b)(4) of the Code applies.

(4) Section 4216(b)(4) of the Code provides a special method for computing a constructive sale price for sales of taxable articles between affiliated corporations where the purchasing corporation sells only to retailers, and the normal method of selling within the industry is for manufacturers to sell to wholesale distributors.

(c) Definitions. For purposes of section 4216(b) of the Code and §§53.94–53.97 and unless otherwise indicated:

(1) Sale at retail. A “sale at retail,” or a “retail sale”, is a sale of an article to a purchaser who intends to use or lease the article rather than resell it. The fact that articles are sold in wholesale lots, or at wholesale prices, will not change the character of such sales as “sales at retail” if the purchaser is not engaged in the business of reselling such articles, and acquires them for the purpose of using them rather than reselling them.

(2) Retail dealers. A “retail dealer”, or “retailer”, is a person engaged in the business of selling articles at retail.

(3) Wholesale distributor. The term “wholesale distributor” means a person engaged in the business of selling articles to persons engaged in the business of reselling such articles.
§ 53.95 Constructive sale price; basic rules.

(a) In general. Section 4216(b)(1) of the Code sets forth the conditions that require the Secretary to construct a sale price on which to compute a tax imposed under chapter 32 of the Code on the price for which an article is sold. The section requires a constructive sale price to be established where a taxable article is:

(1) Sold at retail;
(2) Sold while on consignment; or,
(3) Sold otherwise than through an arm’s-length transaction at less than fair market price.

(b) Sales at retail. Section 4216(b)(1)(A) of the Code relates to the determination of a constructive sale price for sales of taxable articles sold at arm’s-length and at retail. In the case of such sales, the constructive sale price is the highest price for which such articles are sold to wholesale distributors, in the ordinary course of trade, by manufacturers or producers thereof, as determined by the Secretary. If the constructive sale price is less than the actual sale price, the constructive sale price shall be used as the tax base. If the constructive sale price is not less than the actual sale price, the actual sale price shall be considered as not less than fair market, and shall be used as the tax base. In determining the highest price for which articles are sold by manufacturers to wholesale distributors, there must be taken into consideration the normal industry practices with respect to inclusions and exclusions under section 4216(a) of the Code. However, once a constructive sale price has been determined by the Secretary, no further adjustment of such price shall be made. See sections 4216(b) (3) and (4) of the Code, and §53.97, for specific methods for determining constructive sale prices for intercompany sales under certain defined conditions.

§ 53.96 Constructive sale price; special rule for arm’s-length sales.

(a) In general. Section 4216(b)(2) of the Code provides a special rule under which a manufacturer shall determine a constructive sale price for this sale of taxable articles at retail, and to retail dealers, under certain conditions. The rule is applicable where:

(1) The manufacturer regularly sells such articles at retail, or to retailers, or both, as the case may be.
(2) The manufacturer also regularly sells such articles to one or more
wholesale distributors in arm’s-length transactions, and the manufacturer establishes that its prices in such cases are determined without regard to any benefit to be derived under section 4216(b)(2) of the Code, and

(3) The transactions are arm’s-length transactions.

(4) A manufacturer meeting the foregoing requirements shall base its tax liability for sales at retail and sales to retailers on the lower of its actual sale price or the highest price for which it sells the same articles under the same conditions to wholesale distributors.

(b) Definitions. For purposes of section 4216(b)(2) of the Code and this section:

(1) Actual sale price. “Actual sale price” means the actual selling price for an article determined in the same manner as sale price is determined for a taxable sale. Accordingly, such price must reflect the inclusions and exclusions set forth in section 4216(a) of the Code, and any price adjustments described in section 6416(b)(1) of the Code.

(2) Highest price to wholesale distributors. The “highest price” charged wholesale distributors for an article by a manufacturer, producer, or importer thereof, is the highest price at which the manufacturer, producer, or importer sells the article to wholesale distributors, determined without regard to quantity. Such price shall be determined in the same manner as sale price is determined for a taxable sale with respect to the inclusions and exclusions under section 4216(a) of the Code; however, since the price is to be a “highest” price, no further adjustment may be made for price readjustments under section 6416(b)(1) of the Code.

(3) Regular sales. An article is considered to be sold “regularly” at retail or to retailers if sales are made at retail or to retailers periodically and recurring as a regular part of the seller’s business. If a seller makes only isolated or casual sales of an article at retail or to retailers, it is not considered to be selling “regularly” at retail or to retailers. Similarly, a manufacturer is considered to be making regular sales of an article to one or more distributors if it sells the article to at least one distributor periodically and recurring as a regular part of its business.

(4) Normal method of sales in industry. In the absence of a showing to the Director of a more appropriate manner of determining the normal method of sales within an industry which is practical in application, the normal method of sales within an industry shall be regarded as not being at retail or to retailers, or both, if the industry dollar volume of sales which are at retail or to retailers, or both, is less than half the total industry dollar volume of sales at all levels of distribution by manufacturers, producers, or importers, including sales to other manufacturers, producers, or importers.

§53.97 Constructive sale price; affiliated corporations.

(a) In general. Sections 4216(b)(3) and (4) of the Code establish procedures for determining a constructive sale price under section 4216(b)(1)(C) of the Code for sales between corporations that are members of the same “affiliated group”, as that term is defined in section 1504(a) of the Code.

(b) Sales to which section 4216(b)(3) of the Code applies. Section 4216(b)(3) of the Code provides a procedure for determining a constructive sale price under section 4216(b)(1)(C) of the Code in those instances where:

(1) A manufacturer, producer or importer regularly sells a taxable article to a wholesale distributor which is a member of the same affiliated group as the manufacturer, producers or importer, and

(2) The wholesale distributor regularly sells such article to one or more independent retailers, but does not regularly sell to wholesale distributors. Under such circumstances the constructive sale price for the article shall be an amount equal to 90 percent of the lowest price for which the distributor regularly sells the article in arm’s-length transactions to such independent retailers. Once the constructive sale price has been determined, no adjustment shall be made for inclusions or exclusions under section 4216(b)(1)(C) of the Code.
4216(a) of the Code or price readjustments under section 4216(b)(1) of the Code. If both sections 4216(b)(3) and 4216(b)(4) of the Code apply with respect to the sale of an article, the constructive sale price for such article shall be the lower of the prices computed under sections 4216(b)(3) and 4216(b)(4).

(c) Sales to which section 4216(b)(4) of the Code applies. Section 4216(b)(4) of the Code provides a procedure for determining a constructive sale price under section 4216(b)(1)(C) of the Code in those instances where:

(1) A manufacturer, producer, or importer regularly sells (except for tax-free sales) a taxable article only to a wholesale distributor which is a member of the same affiliated group as the manufacturer, producer, or importer.

(2) The distributor regularly sells (except for tax-free sales) such article only to retail dealers, and

(3) The normal method of sales for articles within the industry is to sell such articles in arm's-length transactions to wholesale distributors.

(4) Under section 4216(b)(4) of the Code, the constructive sale price of such article shall be the median price at which the distributor, at the time of the sale by the manufacturer, resells the article to retail dealers, reduced by a percentage of such price equal to the percentage which:

(i) The difference between the median price for which comparable articles are sold to wholesale distributors, in the ordinary course of trade, by manufacturers thereof, and the median price at which such wholesale distributors in arm's-length transactions sell such comparable articles to retail dealers, is of

(ii) The median price at which such wholesale distributors in arm's-length transactions sell such comparable articles to retailers.

(iii) For purposes of this paragraph, the "median price" for which an article is sold at a particular level of distribution is the price midway between the highest and lowest prices charged vendees at the particular level of distribution. Where only one price is charged at a level of distribution, "median price" is equivalent to "actual price".

All sale prices referred to in paragraphs (c) and (d) of this section and paragraphs (e) and (f) of section 4216(b) of the Code, the term "regularly sells" has the same meaning as that accorded the term "regularly sells".
§ 53.98 Computation of tax on leases and installment sales.

(a) Leases. When a taxable article is leased by a manufacturer, producer, or importer, liability for tax is incurred, except as provided by section 4217(b) of the Code and §53.104, on each payment made with respect to such lease. Tax is payable on each lease payment as long as the article is leased by the manufacturer, producer, or importer. The tax payable with respect to each lease payment is a percentage of each payment based on the rate of tax, if any, in effect on the date the lease payment is due. If the article is subsequently sold by the manufacturer, producer, or importer, the tax applies also to such sale, without regard to the tax paid when the article was leased. For definition of the term "lease", see §53.103.

(b) Installment sales. When a taxable article is sold under an installment payment contract with title reserved in the seller, or under a conditional sale contract, chattel mortgage arrangement or other arrangement creating a security interest with payments to be made in installments, tax shall be computed and paid on each payment made by the purchaser. The tax payable with each payment is a percentage of each payment based on the rate of tax, if any, in effect on the date the payment is due. The part of each payment that is subject to tax is that portion of the payment equal to the percentage of the total portion of the payment equal to the percentage of the total charge for the article that is subject to tax. For example, if the total charge for the article is $1,000, and of the total amount charged only 90 percent thereof, or $900, is subject to tax by reason of exclusions, then only 90 percent of the installment payment is subject to tax. If the tax base is a constructive sale price computed under section 4216(b) of the Code that is less than the actual sale price of the article, the portion of each payment subject to tax is the percentage of such payment equal to the percentage that the constructive sale price bears to the actual sale price. For example, if an article is sold at retail for $100, and the constructive sale price for such an article computed under the provisions of section 4216(b)(1)(A) of the Code is $75, the percentage which the constructive sale price bears to the actual sale price is 75 percent. Accordingly, only 75 percent of each installment payment is subject to tax.

(c) Sales on credit. Where articles are sold on credit under conditions other than those specified in paragraph (b) of this section, the entire tax shall be reported and paid with the return covering the period in which the sale is made, even though the price may not be paid to the manufacturer, producer, or importer until a later date, or not paid at all.

§ 53.99 Sales of installment accounts.

(a) In general. Except as provided in paragraph (d) of this section, in case of a sale or other disposition by a manufacturer, producer, or importer of an installment account of the type specified in section 4216(c) of the Code, the tax shall not apply to subsequent installment payments on such account. Instead, there shall be paid an amount equal to the difference between the tax previously paid on such installment account and the total tax computed by applying:

(1) To each installment due before the sale of the installment account, the rate of tax applicable at the time payment thereof was due, and

(2) To each installment, the time for payment of which has not arrived, the rate of tax which, under the provisions of chapter 32 of the Code as in effect on the date of the sale of the installment account, is (or is to be) in effect on the date such installment is due. However, see paragraph (b) of this section if the sale is made in a bankruptcy or insolvency proceeding. The tax due under this paragraph shall be included in the return for the period in which the account is sold.

(b) Sale in bankruptcy or insolvency proceeding. In the case of a sale of an installment account of a manufacturer, producer, or importer pursuant to the
order of, or subject to the approval of, a court of competent jurisdiction in a bankruptcy or insolvency proceeding, the amount of tax due shall be computed and paid as provided in paragraph (a) of this section but shall not exceed the amount of tax computed by multiplying:

(1) The proportionate share of the amount for which such accounts are sold which is allocable to each unpaid installment payment, by

(2) The rate of tax which, under the provisions of chapter 32 of the Code as in effect on the date of the sale of the installment account, is (or is to be) in effect on the date such payment is due.

(c) Collection of installment accounts on behalf of the manufacturer. Where a manufacturer, producer, or importer retains title to an installment account but turns it over to another person for collection on a fee basis, no sale of such account (or other disposition as contemplated in section 4216(d) of the Code) has been made. The tax shall continue to be paid as provided by section 4216(c) of the Code.

(d) Returned installment accounts. Where an installment account which has been sold or otherwise disposed of is returned to the manufacturer, producer, or importer who sold it under an agreement under which the account was sold, and credit or refund has been allowed under section 6416(b)(5) of the Code and §53.183, the manufacturer, producer, or importer shall pay tax as provided by section 4216(c) of the Code and §53.98 on any subsequent payments made on such returned installment account until such time as there shall have been paid the total tax liability with respect to the account as computed under paragraph (a) of this section.

(e) Limitation. The sum of the amounts payable under this section and §53.98 or an installment account shall not exceed the total amount of tax which would be payable if such installment account had not been sold or otherwise disposed of (computed as provided in subsection (c)).

§53.100 Exclusion of local advertising charges from sale price.

(a) In general. Section 4216(e) of the Code deals with the treatment to be accorded charges made by a manufacturer for, and reimbursements by a manufacturer or expenditures in connection with the advertising of certain articles subject to excise tax under chapter 32 of the Code. Section 4216(e) of the Code provides an exclusion (which is in addition to the exclusions provided by section 4216(a) of the Code and §53.92) in respect of charges for local advertising, as defined in paragraph (b) of this section, for purposes of determining the price for which an article is sold. See paragraph (c) of this section. The exclusion provided by section 4216(e) of the Code and paragraph (c) of this section has application only if the advertising is broadcast over a radio or television station, appears in a newspaper or magazine, or is displayed by means of an outdoor advertising sign or poster. Section 4216(e) of the Code also provides an overall limitation in respect of the sum of the amount of the exclusions from price as charges for local advertising and the amount of the readjustments authorized under section 6416(b)(1) of the Code (relating to credits or refunds for price readjustments) in respect of reimbursements by a manufacturer of expenditures for local advertising. See §53.101.

For provisions prohibiting exclusion from price or readjustment of price in respect of charges for, and reimbursements of expenditures for, advertising other than local advertising, see §53.102.

(b) Definition of local advertising—(1) In general. For purposes of the regulations under sections 4216(e) and 6416(b)(1) of the Code (§§53.100–53.102 and 53.173–53.176), the term “local advertising” means advertising which relates to an article with respect to which tax is imposed under chapter 32 of the Code on the price for which sold and which:

(i) Is initiated or obtained by the purchaser or any subsequent vendee,

(ii) Names the article for which the price is determinable under section 4216 and states the location at which such article may be purchased at retail, and

(iii) Is broadcast over a radio station or television station, appears in a newspaper or magazine, or is displayed by means of an outdoor advertising sign or poster.
(2) **Initiating or obtaining advertising.** For purposes of paragraph (b)(1) of this section, the advertising must be initiated or obtained by one or more of the persons in the chain of distribution of the article (wholesale distributor, jobber, dealer, etc.) who purchased the article for resale. For purposes of this subparagraph, the manufacturer is not considered to be one of the persons in the chain of distribution of the article. In general, advertising of an article is considered to be initiated or obtained by one or more persons in the chain of distribution of the article if any such person:

(i) Takes an active part in the actual planning and development, or in the arrangements or negotiations leading to the development, of the form and content of the advertising, or

(ii) Contracts for the placement of the advertising.

The participation by the manufacturer of the article in the planning, development, or placement of the advertising is immaterial provided the advertising is in fact initiated or obtained by one or more persons in the chain of distribution of the article. Furthermore, it is immaterial whether or not the advertising is subject to the approval of the manufacturer of the article. However, if no person in the chain of distribution of the article takes an active part in the actual planning and development, or in the arrangements or negotiations leading to the development, of the form and content of the advertising, but, rather, all such planning, development, arrangements, and negotiations are accomplished by the manufacturer of the article, then such manufacturer is considered to have initiated the advertising, and if he also contracts for the placement of the advertising, such advertising does not qualify as “local advertising”.

(3) **Identification of article and sales location.** To meet the requirements of paragraph (b)(1) of this section, the advertising must identify the article for which the price is determinable under section 4216 of the Code and give the location or locations at which the article may be purchased at retail. All products taxable at the same rate under the same section of chapter 32 of the Code shall be considered to be an “article” for purposes of the preceding sentence. No specific method or means of identification is prescribed. The identification of the article may be made through the use of the name of the manufacturer or the use of an established trade-mark, such as a seal, picture, letter or letters, etc., or a combination thereof. The advertising must identify the particular retail establishment or establishments at which the article may be purchased at retail but need not specify the location of any such establishment in terms of the number by which the premises are designated or the name of the street on which the retail premises are situated. However, the location of the retail premises must be described sufficiently, as, for example, by reference to a particular named shopping area or shopping center, to enable customers to find the retail establishment.

(4) **Determination of costs of local advertising.** Where an advertisement identifies more than one article, and all such articles are not taxable, or are not taxable at the same rate under the same section of chapter 32 of the Code, a reasonable allocation of the cost of the advertisement must be made among:

(i) Articles taxable at the same rate under the same section of the Code, and

(ii) Articles which are not taxable under chapter 32 of the Code.

For example, in the case of a single page newspaper or magazine advertisement, an allocation of costs reflecting the lineage or space devoted to the specified categories will be considered to reflect a reasonable allocation of the cost of advertising the different articles. As a general rule, only the cost of the “spot” portion identifying the retail establishment is considered “local advertising” in the case of national television or radio programs.

(5) **Meaning of “newspaper.”** The term newspaper, as used in paragraph (b)(1) of this section, is limited to those publications which are commonly understood to be newspapers and which are printed and distributed periodically at daily, weekly, or other short intervals.
for the dissemination of news of a general character and of a general interest. The term does not include handbills, circulars, flyers, or the like, unless printed and distributed as a part of a publication which constitutes a newspaper within the meaning of this subparagraph. For purposes of this subparagraph, advertising is not considered to be news of a general character and of a general interest.

(6) Meaning of “magazine”. The term magazine, as used in paragraph (b)(1) of this section, is limited to those publications which are:
   (i) Commonly understood to be magazines,
   (ii) Printed and distributed periodically at least twice a year, and
   (iii) Published for the dissemination of information of a general nature or of special interest to particular groups.
(iv) The term does not include handbills, circulars, flyers or the like, unless printed and distributed as a part of a publication which constitutes a magazine within the meaning of this subparagraph. For purposes of this subparagraph, advertising is not considered to be news of a general character and of a general interest.

(7) Meaning of “outdoor advertising sign or poster”. The term “outdoor advertising sign or poster”, as used in paragraph (b)(1) of this section, means a sign or poster displaying advertising matter, which is located outside of a roofed enclosure. This term includes both signs or posters on billboards, whether placed on or affixed to land, building, or other structures, and those which are displayed on or attached to moving objects, provided the signs or posters are located outside of a roofed enclosure. The term “roofed enclosure” means a roof structure which is enclosed on more than one-half of its sides by walls, fences, or other barriers.

(c) Exclusion—(1) Conditions and limitations. A charge for local advertising which is required by a manufacturer to be paid as a condition to his sale of an article is not a part of the taxable price of the article, to the extent that such charge meets each of the following conditions and limitations:
   (i) Such charge does not exceed 5 percent of the difference between:
      (A) An amount which would constitute the taxable price of the article (computed at the time of the sale of the article) if no part of any charge for local advertising were excludable in computing taxable price, and
      (B) The amount of any separate charge for local advertising, whatever the amount of such charge may be,
   (ii) Such charge is specifically shown as a separate charge for local advertising on the invoice or statement covering the sale of the article.
   (iii) Such charge is billed by the manufacturer with the intention on his part of repaying the amount of the charge to the person purchasing the article from him, or to any person who subsequently purchases the article for resale, in reimbursement of costs incurred for local advertising of such article or some other article or articles taxable at the same rate under the same section of the Code. In the absence of evidence to the contrary, the fact of such intention will be assumed in all cases where the manufacturer and his vendees are parties to an advertising plan which calls for such repayments, or the manufacturer can otherwise establish that the vendees to whom he bills such charges understand and expect that such repayments will be made.

(2) When exclusion ceases to apply. To the extent that charges for local advertising meet the conditions and limitations stated in paragraph (c)(1) of this section, such charge is excludable in computing the taxable price of the article in respect of which the charge was made. However, the exclusion will cease to apply in respect of any part of such charge which the manufacturer fails to repay before May 1 of the calendar year following the calendar year in which the article was sold, to the person who purchased the article from
§53.101  Limitation on aggregate of exclusions and price readjustments.

(a) In general. The sum of the amount excluded from taxable price in respect of charges for local advertising, as provided in section 4216(e)(1) of the Code and §53.100, plus the amount of the readjustments for which credits or refunds may be claimed in respect of local advertising, as provided in section 6416(b)(1) of the Code and §53.175, is subject to an overall 5 percent limitation. This limitation applies to each manufacturer, as of the close of each calendar quarter, in respect of all articles taxable under the same section of chapter 32 of the Code which were sold by such manufacturer in such quarter (and the preceding quarter or quarters, if any, in the calendar year).

(b) Computation of overall 5 percent limitation—(1) In general. The limitation prescribed by section 4216(e)(2) of the Code (the “overall 5 percent limitation” referred to in paragraph (a) of this section) as to the total of the exclusions from price and readjustments of price which may be claimed for local advertising in respect of all articles taxable under the same section of chapter 32 of the Code shall be computed as of the close of each calendar quarter of the calendar year. The overall 5 percent limitation is 5 percent of the difference between:

(i) The amount which would constitute the total taxable price (computed at the time of sale) of all articles taxable under the same section of chapter 32 of the Code sold by the manufacturer during the elapsed calendar quarters of the calendar year, if no part of any charge for local advertising were excluded in computing taxable price, and

(ii) The total of all amounts billed as separate charges for local advertising of such articles (whatever the amount of any single charge of the total of all charges).

(ii) In making the computations under paragraphs (b)(1) (i) and (ii) of this section, credits or refunds under section 6416(b) of the Code of tax paid on the sale of any such articles are to be disregarded and articles sold tax-free by the manufacturer are to be excluded. The amount by which the overall 5 percent limitation computed as of the close of a particular calendar quarter in respect of articles taxable under the same section of chapter 32 of the Code exceeds the sum of the charges for local advertising excluded in computing the taxable price and the amount of reimbursements for local advertising of such articles made during the elapsed calendar quarters of the calendar year, in respect of which credit or refund has been claimed, represents the unused portion of the overall 5 percent limitation. Such unused portion is the maximum amount of reimbursements for local advertising in respect of which credit or refund may be claimed at the close of the particular calendar quarter, subject to the applicable conditions and limitations governing the right to claim a credit or reimbursement.
refund in respect of local advertising (see §53.175). The unused portion of the overall 5 percent limitation as of the close of the fourth calendar quarter of a calendar year in respect of which credit or refund may not be claimed as of the close of such quarter must be disregarded in computing the overall 5 percent limitation for any subsequent calendar quarter. Moreover, the amount of any reimbursements for local advertising made by a manufacturer in a calendar year which is in excess of the amount of such reimbursements in respect of which credit or refund may be claimed, within the overall limitation, as of the close of the calendar year, may not subsequently serve as the basis for a credit or refund.

(2) Alternative method of computation in certain cases. If during the portion of the calendar year ending with the date as of which the overall 5 percent limitation is being computed the amount of the local advertising charge separately billed by the manufacturer has not, in respect of any sale of any articles taxable under the same section of chapter 32 of the Code, exceeded the amount excludable pursuant to §53.100 in computing taxable price, the overall 5 percent limitation as of the close of a particular calendar quarter in respect of articles taxable under such section is 5 percent of the total taxable price (computed at the time of the sale) of all such articles sold taxpaid during the calendar year.

(3) Allocation of amounts paid in reimbursement of expenditures for local advertising. If a manufacturer makes contributions to a local advertising program in connection with which he makes excludable local advertising charges, it is necessary that reimbursements by the manufacturer for local advertising be attributed to the charges for local advertising, to the manufacturer's contributions, or allocated between them. Whether an amount paid by a manufacturer in reimbursement of expenses for local advertising is or is not a repayment of a local advertising charge which was excluded from taxable price under section 4216(c)(1) of the Code and §53.100, shall be determined on the basis of an allocation made under the agreement between the manufacturer and his vendee (or any subsequent vendee).

(c) Examples. The application of paragraphs (a) and (b) of this section may be illustrated by the following examples:

Example (1). During the first and second calendar quarters of the year, a manufacturer makes sales of articles taxable under section 4181 to his distributors. The total charges for such sales, exclusive of the tax, transportation charges, delivery charges, or other charges which are excludable, pursuant to section 4216(a) of the Code, in computing taxable price, are as follows:

First Quarter:

| Articles taxable under Section 4181 | $100,000 |
| Local advertising charges | 3,000 |
| **Total Charges** | **103,000** |

Second Quarter:

| Articles taxable under Section 4181 | $150,000 |
| Local advertising charges | 4,000 |
| **Total Charges** | **154,000** |

Assume further that the manufacturer contributes to the advertising plan and that the manufacturer pays $5,500 and $1,000 during the first and second calendar quarters of the year, respectively, to his distributors in reimbursement of expenses incurred by them for local advertising of the articles purchased from the manufacturer.

Computation as of close of first calendar quarter:

1. Amount which would constitute total taxable price (computed at time of sale) if no part of any charge for local advertising were excludable in computing taxable price

   \[
   \text{Difference} \quad \text{(computed at time of sale)} = 100,000
   \]

2. Amounts billed as separate charges for local advertising

   \[
   \text{Amount excluded in computing taxable price} = 3,000
   \]

3. Difference

   \[
   \text{Difference} = 100,000
   \]

4. Overall 5 percent limitation

   \[
   \text{(5 percent of item 3)} = 5,000
   \]

5. Amount excluded in computing taxable price

   \[
   \text{Amount excluded in computing taxable price} = 3,000
   \]

6. Unused portion of limitation

   \[
   \text{Unused portion of limitation} = 2,000
   \]

7. Allocation, pursuant to agreement, of $5,500 paid to distributors:

   Charges for local advertising

   \[
   \text{Charges for local advertising} = 3,000
   \]

   Contributions by manufacturer

   \[
   \text{Contributions by manufacturer} = 2,500
   \]

Readjustment may be claimed in respect of that portion of the total amount repaid to the distributors which is allocated to the manufacturer's contribution ($2,500) to the
contributions to the advertising plan and that charge of $106,000 was billed as follows:

Although the total reimbursements for local advertising expenses attributable to contributions by the manufacturer ($3,000) does not exceed the unused portion of the overall 5 percent limitation ($3,500), the manufacturer, having taken, at the close of the first calendar quarter, a price readjustment in the amount of $2,000 in respect to his contributions, is entitled at the close of the second calendar quarter to claim credit or refund in respect of a price readjustment in the amount of $1,000 ($3,000 – $2,000).

Example 2. During the first calendar quarter of the year, a manufacturer sold articles taxable under section 4181 to his distributors at a total charge of $106,000, exclusive of the tax, transportation charges, delivery charges, or other charges which are excludable, pursuant to section 4216(a) of the Code, in computing taxable price. This total charge of $106,000 was billed as follows:

| Total Charge: Articles taxable under Section 4181 | $100,000 |
| Local advertising charges | 6,000 |
| Total charges | 106,000 |

Assume further that the manufacturer contributes to the advertising plan and that the manufacturer pays $3,000 during the first calendar quarter of the year to his distributors in reimbursement of expenses incurred by them for local advertising of the articles purchased from the manufacturer.

Computation as of close of first calendar quarter:

1. Amount which would constitute total taxable price (computed at time of sale) if no part of any charge for local advertising were excludable in computing taxable price ($103,000+$154,000) $257,000
2. Amounts billed as separate charges for local advertising ($3,000+$4,000) $7,000
3. Difference $180,000
4. Overall 5 percent limitation (5 percent of item 3) $9,000
5. Amount excluded in computing taxable price ($3,000+$4,000) plus readjustment claimed at end of first calendar quarter ($2,000) $25,000
6. Unused portion of limitation 0
7. Allocation, pursuant to agreement, of $3,000 paid to distributors: Charges for local advertising $2,000 Contributions by manufacturer $1,000

Credit or refund may not be claimed in respect of that portion of the total amount repaid to the distributors ($3,000) which is allocated to the manufacturer’s contribution ($1,000) since the amount excluded in computing taxable price is equal to the overall 5 percent limitation.

§ 53.102 No exclusion or readjustment for other advertising charges or reimbursements.

(a) Exclusions from price. No exclusion in computing the taxable price of any article sold by the manufacturer may be allowed in respect of any charge for advertising if, and to the extent that, such charge:

(1) Is for advertising which does not qualify as local advertising within the meaning of section 4216(e)(4) of the Code and paragraphs (a) and (b) of §53.100, or

(2) Does not satisfy all of the conditions and limitations stated in section 4216(e)(1) of the Code and paragraph (c) of §53.100.

(b) Readjustments of price. No credit or refund under section 6416(b)(1) of the Code may be allowed in respect of any
amount which was included in the taxable price of an article sold by the manufacturer and which was later paid by him to his vendee in reimbursement of costs incurred for advertising, if, and to the extent that, the amount so paid:

(1) Is for advertising which does not qualify as local advertising within the meaning of section 4216(e)(4) of the Code and paragraph (a) of §53.100, or

(2) Is not within the limitation provided in section 4216(e)(2) of the Code, as computed in accordance with §53.101, as of the close of the calendar quarter in which the amount is so paid over or as of the close of any subsequent calendar quarter in the same calendar year. See, however, §53.175, relating to redetermination of price readjustments in cases where local advertising charges excluded from taxable price in one calendar year become taxable as of May 1 of the following calendar year.

§ 53.103 Lease considered as sale.

For purposes of chapter 32 of the Code, the lease of an article by a manufacturer, producer, or importer shall be considered a sale of the article. The term lease means a contract or agreement, written or verbal, which gives the lessee an exclusive, continuous right to the possession or use of a particular article for a period of time. The term includes any renewal or extension of a lease or any subsequent lease of the article.

§ 53.104 Limitation on amount of tax applicable to certain leases.

(a) Conditions for eligibility. Section 4217(b) of the Code provides for a limitation on the amount of tax that shall apply to the lease, any renewal, or further lease, of an article which, if sold, would be subject to tax on the basis of sale price. Such limitation on the amount of the tax applies with respect to the lease of an article only if, at the time of making the lease, the lessor is engaged in the business of selling in arm’s length transactions the same type and model of article. In case of a lease to which section 4217(b) of the Code does not apply, tax shall be computed and paid as provided in section 4216(c) of the Code and paragraph (a) of §53.98.

(b) Lessor engaged in business of selling. The lessor will be regarded as being engaged in the business of selling in arm’s length transactions the same type and model of an article as the one being leased if it periodically and recurrently makes bona fide offers for sale of such articles in the regular course of operation of its business, which offers if accepted would constitute sales at arm’s length. Whether the offers are bona fide shall be determined on the basis of the facts in each case, such as sales actually made, the nature of the advertising, sales literature, and other means used to effectuate sales. It is not necessary that the offers for sale be made to the same class of purchasers as those to whom the article is being leased.

(c) Same type and model of article. To qualify as the “same type and model of article”, the article offered for sale must be an unused article essentially the same in size, design, and function as the article being leased. Slight differences in appearance or accessories will not render articles dissimilar which are identical in all other respects.

(d) Basis for tax—(1) Tax payable until total tax in paid. In case of a lease of an article to which section 4217(b) of the Code applies, tax shall be paid on each lease payment in an amount computed by applying to such lease payment a percentage equal to the rate of tax in effect on the date of the lease payment. Such tax payments shall continue to be made under such lease, or any subsequent lease of the article, until the cumulative total of the tax payments equals the total tax. Lease payments made thereafter with respect to that article shall not be subject to tax. For definition of the term “total tax,” see paragraph (e) of this section.

(2) Changes in tax rates. If the rate of tax is increased or decreased during a lease period, the new rate shall apply to the lease payments made on and after the date of the change, but the
§ 53.111 Tax on use by manufacturer, producer, or importer.

(a) In general. Section 4218 of the Code imposes tax in respect of certain uses of articles by the actual manufacturer, producer, or importer thereof. This section also applies in respect of the use of articles by any other person who, pursuant to a provision of chapter 32 of the Code, is considered to be, or is treated as, the manufacturer or producer of the articles. See, for example, section 4223 of the Code relating to articles purchased tax free for use in further manufacture.

(b) Taxable articles in general—(1) Application of tax. If the manufacturer, producer, or importer of an article taxable under chapter 32 of the Code uses the article for any purpose other than that indicated in paragraph (b) (3) of this section, he shall be liable for tax with respect to the use of such article in the same manner as if the article were sold by him.

(2) Taxable use in manufacturer of nontaxable articles—(1) In general. In the case of an article to which paragraph (b) (1) of this section applies, tax attaches when the manufacturer, producer, or importer of the articles uses it as material in the manufacture or production of, or as a component part of, another article which is not taxable under chapter 32 of the Code, regardless of the disposition made of such other article. (See paragraph (c) of §53.115 for computation of tax on such use.)

(ii) Types of use in manufacture of nontaxable articles. Taxable use may consist of the incorporation of a taxable article into a nontaxable article. Taxable use may also result from the combining of a taxable article (or the components thereof) with a nontaxable article (or the components of a nontaxable article) resulting in a combination end article which itself is not taxable. Although the taxable article may not be a completely separable unit, within the contemplation of the law a taxable article has been produced and incorporated in the combination end article.

(3) Nontaxable use in manufacturer of taxable articles. The tax on the use of an article to which paragraph (b) (1) of this section has application shall not apply if the article is used by the manufacturer, producer, or importer thereof as material in the manufacture or production of, or as a component part of, another article taxable under chapter 32 of the Code to be manufactured or produced by him. It is immaterial what disposition is made of such other article.

(c) Use after lease. If the manufacturer, producer, or importer of a taxable article leases such article and thereafter uses the article, he incurs liability for tax on such use as provided...
in these regulations to the same extent as if the article were sold after being leased. See section 4217 of the Code and the regulations thereunder in this subpart for application and computation of tax in case of leased articles.

(d) **Time of application of tax.** In the case of a taxable use of an article by the manufacturer, producer, or importer thereof, the tax attaches at the time such use begins. If tax applies by reason of the sale of an article by the manufacturer, producer, or importer thereof on or in connection with his sale of another article, the tax attaches at the time of the sale of such other article.

(e) **Exemptions because of other statutory provisions.** Tax does not apply on the use of an article by the manufacturer, producer, or importer thereof if under the applicable provisions of the Code the sale of the article for a similar use would not be subject to tax. Also, tax need not be paid with respect to the use of an article by the manufacturer, producer, or importer thereof if such use would qualify, under the provisions of section 6416(b) of the Code, for credit or refund of the tax paid.

§ 53.113 **Events subsequent to taxable use of article.**

Liability for tax incurred on the use of an article is not extinguished or reduced because of any subsequent sale or lease of the article even if such sale or lease would have been exempt if the article had been so sold or leased prior to use. If a manufacturer, producer, or importer of an article incurs liability for tax on his use thereof, and thereafter sells or leases the article in a transaction which otherwise would be subject to tax, liability for tax is not incurred on such sale or lease.

§ 53.114 **Use in further manufacture.**

For purposes of section 4218 and §53.111, an article is used as material in the manufacture or production of, or as a component part of, another article, if it is incorporated in, or is a part or accessory of, the other article. In addition, an article is considered to be used as material in the manufacture of another article if it is partly or entirely consumed in testing such other article; for example, shells or cartridges used in testing new firearms. Similarly, if an article is partly or wholly consumed in quality testing a production run of like articles, such article is also considered to have been used as material in the manufacture of another article. However, if a taxable article that has been used tax free and only partly consumed in testing is later sold, or put to a taxable use by the manufacturer, tax attaches to such sale or use. An article that is consumed in the manufacturing process other than in testing, so that it is not a physical part of the manufactured article, is not used as material in the manufacture or production of or as a component part of, such other article.

§ 53.115 **Computation of tax.**

(a) **Tax based on price.** Tax liability incurred on the use of an article shall be computed on the price at which such
§ 53.115

or similar articles are sold in the ordinary course of trade by manufacturers, producers, or importers thereof and in the absence of special arrangements. For additional provisions applicable in computing the tax in the case of the use of an article by a manufacturer and producer who purchased the article free of tax under section 4221(a)(1) of the Code for use by him in further manufacture, see section 4223(b) of the Code and the regulations thereunder (§ 53.143).

(b) Articles regularly sold by manufacturer. If the manufacturer, producer, or importer of an article regularly sells such articles at wholesale in arm’s length transactions, tax liability on his use of any such article shall be computed on his lowest established wholesale price for such articles in effect at the time of the taxable use. In establishing such price, there shall be included and excluded, as applicable, the charges and readjustments specified in sections 4216(a) and 6416(b)(1) of the Code, as in effect at the time tax liability on the use of the article is incurred, and the regulations thereunder contained in this subpart and subpart L (§§ 53.91–53.94 and 53.173–53.176). If the manufacturer, producer, or importer of an article does not regularly sell such articles at wholesale in arm’s length transactions, a constructive price on which the use tax shall be computed will be determined by the Director. This price will be established after considering the selling practices and price structures of manufacturers, producers, and importers of similar articles.

(c) Articles governed by section 4218(a) used in manufacture of nontaxable combination articles. If the manufacturer, producer, or importer of an article to which section 4218(a) of the Code applies does not regularly sell such article separately but uses it as material in the manufacture or production of, or as a component part of, a nontaxable combination article consisting of a taxable and nontaxable article, liability for tax on his use shall be computed on the constructive price of the taxable article at the time of use. To determine the constructive price of the taxable article in such case, the combination article is considered to be composed of:

1. Parts used exclusively in the functioning of the taxable article in the combination;
2. Parts used exclusively in the functioning of the nontaxable article in the combination, and
3. Parts, called common parts, which serve a dual function in connection with the parts in both paragraphs (c) (1) and (2) of this section.

The ratio which the cost of the parts in paragraph (c)(1) of this section bears to the sum of the cost of such parts and the parts in paragraph (c)(2) of this section is applied to the lowest established wholesale price for which like combination articles are at the time of the taxable use being sold by the manufacturer or producer in the ordinary course of trade. The resulting amount is the constructive sale price for the taxable article on which tax is to be computed. The cost of the common parts is allocable to the parts in paragraphs (c)(1) and (2) of this section in the same ratio, and, therefore, need not be taken into account in the computation since the inclusion and allocation of the cost of such parts in the determination would not result in a different ratio. In determining the lowest establishment wholesale price for the combination article, there shall be included and excluded, as applicable, the charges and readjustments specified in sections 4216(a) and 6416(b)(1) of the Code, as in effect at the time tax liability on the use of the taxable article is incurred, and the regulations thereunder contained in this subpart and subpart L of this part (§§ 53.91–53.94 and §§ 53.173–53.176). The tax applicable to the use of the article for which a constructive price has been computed is not affected by any charges or readjustments of the price for which the nontaxable combination article is sold, whether by reason of the return or re-possession of the nontaxable article or its covering or container, or by a bona fide discount, rebate, allowance, or other factor.

APPLICATION OF TAX IN CASE OF SALES BY OTHER THAN MANUFACTURER OR IMPORTER

§ 53.121 Sales of taxable articles by a person other than the manufacturer, producer, or importer.

(a) General rule. If the title to, or ownership of, an article taxable under chapter 32 of the Code is transferred from the manufacturer, producer, or importer thereof, and, under the law, no tax attaches to such transfer, the subsequent sale, lease, or use of such article by the transferee is subject to tax to the same extent and manner as if such transferee were the manufacturer, producer, or importer of the article. The following examples illustrate this rule:

(1) The surviving spouse, child or children, executors or administrators, or other legal representatives, as the case may be, of a deceased manufacturer, producer, or importer of taxable articles, incur liability for tax on all such articles sold by them.

(2) A receiver or trustee in bankruptcy who under a court order conducts or liquidates the business of a manufacturer, producer, or importer of taxable articles, incurs liability for tax on all taxable articles sold by him, regardless of whether the articles were manufactured, produced, or imported before or after he took charge of the business.

(3) An assignee for the benefit of creditors of a manufacturer, producer, or importer incurs liability for tax with respect to all taxable articles sold by him as such assignee.

(4) If one or more member of a partnership withdraw, or if new partners are admitted, the new partnership so constituted incurs liability for tax on all taxable articles sold by it regardless of when such articles were manufactured, produced, or imported.

(5) A person who acquires title to taxable articles as a result of default of the manufacturer, producer, or importer pursuant to an agreement under the terms of which the articles were pledged as collateral incurs liability for tax with respect to his sale of the articles so acquired.

(6) A person who succeeds to the business of a manufacturer, producer, or importer of taxable articles, such as:

(i) A corporation which results from a consolidation, merger, or reorganization;

(ii) A corporation which acquires the business of an individual or partnership;

(iii) A stockholder in a corporation who, after its dissolution, continues the business;

incurs liability for the tax on all taxable articles sold by such person. However, where a manufacturer, producer, or importer sells only his assets, rather than ownership of his business, he incurs liability for tax on the sale of any taxable articles included in such assets.

(b) Transfer of title to damaged articles. If title to a damaged taxable article is transferred by the manufacturer, producer, or importer thereof to a carrier or insurance company in adjustment of a damage claim, such transfer is not considered a taxable sale of the article. If the article is usable, even though damaged, the carrier or insurance company incurs liability for tax on its sale, lease, or use of the article. Where the article has been damaged to the extent that its only value is as scrap, and it is not restored to usable condition, sale thereof by the carrier or insurance company is not subject to tax.

Subpart K—Exemptions, Registration, Etc.

§ 53.131 Tax-free sales; general rule.

(a) In general. Section 4221(a) of the Code sets forth the following exempt purposes for which an article subject to tax under chapter 32 of the Code may be sold tax-free by the manufacturer, producer, or importer:

(1) For use by the purchaser for further manufacture, or for resale by the purchaser to a second purchaser for use by such second purchaser in further manufacture,

(2) For export, or for resale by the purchaser to a second purchaser for export,

(3) For use by the purchaser as supplies for vessels or aircraft,
(4) To a State or local government for the exclusive use of a State or local government, and

(5) To a nonprofit educational organization for its exclusive use.

Section 4221(a) of the Code applies only in those cases where the exportation or use referred to is to occur before any other use, and where the seller, first purchaser, and second purchaser, as may be appropriate, have registered as required under section 4222 of the Code and paragraph (a) of §53.140. See paragraph (c) of this section for provisions relating to evidence required in support of tax-free sales. See §53.141 for exceptions to the requirement for registration. Where tax is paid on the sale of an article, but the article is used or resold for use for an exempt purpose, a claim for credit or refund may be filed in accordance with and to the extent provided in sections 6402(a) and 6416 of the Code, and the regulations thereunder (§§53.161 and 53.171–53.186).

(b) Manufacturer relieved of liability in certain cases—(1) General rule. Under the provisions of section 4221(c) of the Code, if an article subject to tax under Chapter 32 of the Code is sold free of tax by the manufacturer of the article for an exempt purpose referred to in section 4221(c) of the Code and paragraph (b)(2) of this section, the manufacturer shall be relieved of any tax liability under chapter 32 of the Code with respect to such sale if the manufacturer in good faith accepts a proper certification by the purchaser that the article or articles will be used by the purchaser in the stated exempt manner. See paragraph (b)(2) of this section for a list of the exempt purposes referred to in section 4221(c) of the Code.

(2) Situations wherein section 4221(c) of the Code is applicable. The following are situations wherein section 4221(c) of the Code is applicable with respect to sales made tax free on the assumption that one of the following sections of the Code provides exemption for such sales:

(i) Section 4221(a)(1) of the Code, to the extent that it relates to sales for further manufacture by a first purchaser (see §53.132),

(ii) Section 4221(a)(3) of the Code, relating to supplies for vessels and aircraft (see §53.134),

(iii) Section 4221(a)(4) of the Code, relating to sales to State or local governments (see §53.135),

(iv) Section 4221(a)(5) of the Code, relating to sales to nonprofit educational organizations (see §53.136).

(3) Situations wherein section 4221(c) of the Code is not applicable. The relief from liability for the payment of tax provided by section 4221(c) of the Code is not applicable with respect to sales made tax free on the assumption that one of the following sections of the Code provides exemption for such sales:

(i) Section 4221(a)(1) of the Code, to the extent that it relates to sales for resale to a second purchaser for use by the second purchaser in further manufacture (see §53.132),

(ii) Section 4221(a)(2) of the Code, relating to sales for export (see §53.133).

(4) Duty of seller to ascertain validity of tax-free sale. If the manufacturer at the time of its sale has reason to believe that the article sold by it is not intended for the exempt purpose indicated by the purchaser, or that the purchaser has failed to register as required, the manufacturer is not considered to have accepted certification from the purchaser in good faith, and is not relieved from liability under the provisions of section 4221(c) of the Code.

(5) Information to be furnished to purchaser. A manufacturer selling articles free of tax under this section shall indicate to the purchaser that:

(i) Certain articles normally subject to tax are being sold tax free, and

(ii) The purchaser is obtaining those articles tax free for an exempt purpose under an exemption certificate or its equivalent.

(6) The manufacturer may transmit this information by any convenient means, such as coding of sales invoices, provided that the information is presented with sufficient particularity so that the purchaser is informed that he has obtained the articles tax free and:

(i) The purchaser can compute and remit the tax due if an article sold tax free for further manufacture is diverted to a taxable use,
(i) The manufacturer can remit the tax due with respect to an article purchased tax free for resale for use in further manufacture or for export if, within the 6-month period described in §53.132(c) or §53.133(c), the manufacturer does not receive proof that the article has been exported or resold for use in further manufacturer, or
(ii) The manufacturer can remit the tax due with respect to an article purchased tax free for resale for use in further manufacture or for export if, within the 6-month period described in §53.132(c) or §53.133(c), the manufacturer does not receive proof that the article has been exported or resold for use in further manufacturer, or
(iii) The purchaser can notify the manufacturer if an article otherwise purchased tax free is diverted to a taxable use.

(c) Evidence required in support of tax-free sales—(1) Purchasers required to be registered. Every purchaser who is required to be registered (see §53.140) shall furnish to the seller, as evidence in support of each tax-free sale made by the seller to such purchaser, the exempt purpose for which the article or articles are being purchased and the registration number of the purchaser. Such information must be in writing and may be noted on the purchase order or other document furnished by the purchaser to the seller in connection with each sale.

(2) Purchasers not required to be registered. For the evidence which purchasers not required to register must furnish to the seller in support of each tax-free sale made by the seller to such purchasers, see paragraph (b) of §53.133 for sales or resales to a foreign purchaser for export, paragraph (d) of §53.134 for sales of supplies to vessels or aircraft, paragraph (c) of §53.135 for sales to State and local governments, and paragraph (c) of §53.141 for sales and purchases by the United States.

§53.132 Tax-free sale of articles to be used for, or resold for, further manufacture.

(a) Further manufacture—(1) In general. Under prescribed conditions, an article subject to tax under Chapter 32 of the Code may be sold tax free by the manufacturer, pursuant to section 4221(a)(1) of the Code, for use by the purchaser in further manufacture, or for resale by the purchaser to a second purchaser for use by the second purchaser in further manufacture. See section 4221(d) (6) of the Code and paragraph (b) of this section for the circumstances under which an article is considered to have been sold for use in further manufacture. See section 6416(b)(3) of the Code and §53.180 for the circumstances under which credit or refund is available when tax-paid articles are used in further manufacture.

(2) Proof of resale for use in further manufacture. See section 4221(b)(1) of the Code and paragraph (c) of this section for provisions under which the exemption provided in section 4221(a)(1) of the Code shall cease to apply in the case of an article sold by the manufacturer to a purchaser for resale to a second purchaser for use in further manufacture unless the manufacturer receives timely proof of resale for further manufacture.

(b) Circumstances under which an article is considered to have been sold for use in further manufacture. (1) For purposes of the exemption from the manufacturers excise tax provided by section 4221(a)(1) of the Code, an article shall be treated as sold for use in further manufacture if the article is sold for use by the purchaser as material in the manufacture or production of, or as a component of, another article taxable under chapter 32 of the Code;

(2) An article is used as material in the manufacture or production of, or as a component of, another article if it is incorporated in, or is a part or accessory of, the other article when the other article is sold by the manufacturer. In addition, an article is considered to be used as material in the manufacture of another article if it is consumed in whole or in part in testing such other article; for example, shells or cartridges that are used by the manufacturer of firearms to test new firearms. However, an article that is consumed in the manufacturing process other than in testing, so that it is not a physical part of the manufactured article, is not considered to have been used as material in the manufacture of, or as a component part of, another article.

(c) Proof of resale for further manufacture—(1) Cessation of exemption. The exemption provided in section 4221(a)(1) of the Code and described in paragraph
§ 53.132 27 CFR Ch. I (4–1–01 Edition)

(a) of this section in respect of an article sold by the manufacturer to a purchaser for resale to a second purchaser for use by the second purchaser in further manufacture shall cease to apply on the first day following the close of the 6-month period which begins on the date of the sale of such article by the manufacturer, or the date of shipment of the article by the manufacturer, whichever is earlier, unless, within such 6-month period, the manufacturer receives proof, in the form prescribed by paragraph (c)(2) of this section, that the article was actually resold by the purchaser to a second purchaser for such use. If, on the first day following the close of the 6-month period, such proof has not been received, the manufacturer shall become liable for tax at that time at the rate in effect when the sale was made but otherwise in the same manner as if the article had been sold by it on such first day at a taxable price equivalent to that at which the article was actually sold. If the manufacturer later obtains such proof, it may file a claim for refund or credit of this tax. The payment of this tax by the manufacturer is not considered an overpayment by the subsequent manufacturer or producer for which the subsequent manufacturer or producer is entitled to a credit or refund under section 6416(b)(3) of the Code. See section 4221(d)(6) of the Code and paragraph (b) of this section for the circumstances under which an article is considered to have been sold for use in further manufacture.

(2) Proof of resale—(i) Certificate of purchaser. The proof of resale to be received by the manufacturer, as required under section 4221(b)(1) of the Code, may consist of either a copy of the invoice of the manufacturer’s vendee directed to his purchaser which discloses the certificate of registry number held by each party or a statement described in this paragraph. In the case of an invoice of manufacturer’s vendee, it must appear from such invoice (or by statement attached thereto) that the article was in fact resold for use in further manufacture. In lieu of such an invoice, proof of resale may consist of a statement, executed and signed by the manufacturer’s vendee which includes the following:

(A) Date statement was executed.
(B) Name and address of manufacturer’s vendee (if other than the person executing statement).
(C) Certificate of registry number held by vendee.
(D) Specify article(s) purchased tax-free, by whom purchased, certificate of registry number of second purchaser, date of purchase(s), whether articles were purchased as material in the manufacture or production of, or as a component part or parts of, an article or articles taxable under Chapter 32 of the Code.
(E) Statement that person executing statement or manufacturer’s vendee possesses proof of tax-free resale of the article(s) in the form of purchase orders and sales invoices and identifying the person who will maintain custody of such proof for 3 years from the date of the statement and will make such proof available for inspection by ATF during such 3 year period.
(F) Statement that a previous statement has not been executed in respect of such certificate of resale and that the person signing the statement is aware that fraudulent use of the statement may subject the person signing the statement and all parties making fraudulent use of the statement to all applicable criminal penalties under the Code.
(G) Name, signature, and title of individual executing statement.

(ii) Period covered. Any statement executed and signed by the manufacturer’s vendee, as provided in paragraph (c)(2)(i) of this section, may be executed with respect to any one or more articles purchased tax free from a manufacturer and resold for use in further manufacture within the 6-month period prescribed in section 4221(a)(1) of the Code and paragraph (c)(1) of this section. Such statement (or other prescribed proof of resale) must be retained for inspection by the regional director as provided in section 6001 of the Code.

(iii) ATF I 5600.37. A preprinted statement, ATF I 5600.37, Statement of Manufacturer’s Vendee, is available from the Bureau’s Distribution Center which, when completed, contains all necessary information for a properly executed statement. Extra copies of
§ 53.133 Tax-free sale of articles for export, or for resale by the purchaser to a second purchaser for export.

(a) In general. (1) An article subject to tax under chapter 32 of the Code may be sold tax free by the manufacturer, pursuant to section 4221(a)(2) of the Code and this section, for export, or for resale by the purchaser to a second purchaser for export. See § 53.11 for the meaning of the term “exportation”. An article may be sold tax free by the manufacturer under the provisions of this section only if the person to whom the manufacturer sells the article intends either to export the article or to resell it to a person who intends to export it. An article may not be sold tax free under the provisions of this section by a manufacturer to a purchaser for resale to a second purchaser which does not intend to export the article itself but plans to resell it to a third purchaser for export. See section 6416(b)(2)(A) of the Code and § 53.177 for the circumstances under which credit or refund of tax is available where tax-paid articles are exported from the United States.

(2) If an article, otherwise taxable under chapter 32 of the Code:

(i) Is sold tax free by the manufacturer pursuant to section 4221(a)(2) of the Code and this section, and

(ii) Is returned subsequently to the United States in an unused and undamaged condition,

then the importer is liable for the tax imposed by chapter 32 of the Code on the subsequent sale or use of the article in the United States. The provisions of this paragraph (a)(2) of this section may be illustrated by the following examples:

Example (1). Q, a U.S. manufacturer of shells and cartridges, previously sold shells and cartridges to R, a company in Canada. The sale was tax free under section 4221(a)(2). Prior to use, R sold the shells and cartridges to S, who imports the articles into the United States and sells them. The sale of the shells and cartridges subjects S to an excise tax liability under section 4181.

Example (2). X, a U.S. firearms manufacturer, sold a rifle to Y company in France. The sale was tax free under section 4221(a)(2). The rifle was sold by Y to W, an individual in the City of Nice, France. After initial use, W resold the rifle to X. X returned the rifle to the United States where it was resold. The resale of the rifle by X does not subject X to an excise tax liability under section 4181.

(b) Sales or resales to a foreign purchaser for export. In the case of sales or resales to a foreign purchaser for export, if the first or the second purchaser is located in a foreign country or possession of the United States, such purchaser is not required to register as provided in section 4222(a) of the Code and § 53.140. To establish the right to sell articles tax free for export to a purchaser who is not registered and who is located in a foreign country or a possession of the United States, the manufacturer must obtain from such purchaser at the time title to the article passes or at the time of shipment, whichever is earlier, either:

(1) A written order or contract of sale showing that the manufacturer is to ship the article to a foreign destination; or

(2) Where delivery by the manufacturer is to be made within the United States, a statement from the purchaser showing:

(i) That the article is purchased either to fill existing or future orders for delivery to a foreign destination or for resale to another person engaged in the business of exporting who will export the article, and

(ii) That such article will be transported to its foreign destination in due course prior to use or further manufacture and prior to any resale except for export. See section 4221(b) of the Code and paragraphs (c) and (d) of this section for requirements as to timely proof of exportation and cessation of the exemption for export unless the evidence to show actual exportation has been received by the manufacturer.

(c) Cessation of exemption. The exemption provided in section 4221(a)(2) of the Code and paragraph (a) of this section for an article sold by the manufacturer for export or for resale by the purchaser to a second purchaser for export shall cease to apply on the first day following the close of the 6-month period which begins on the date of the
sale of the article by the manufacturer, or the date of shipment of the article by the manufacturer, whichever is earlier, unless within the 6-month period the manufacturer receives proof, in the form prescribed by paragraph (d) of this section, that the article was actually exported. If, on the first day following the close of the 6-month period, the proof has not been received, the manufacturer shall become liable for tax at that time at the rate in effect when the sale was made but otherwise in the same manner as if the article had been sold by it on such first day at a taxable price equivalent to that at which the article was actually sold.

(d) Proof of exportation. (1) Exportation may be evidenced by:
   (i) A copy of the export bill of lading issued by the delivering carrier.
   (ii) A certificate by the agent or representative of the export carrier showing actual exportation of the article.
   (iii) A certificate of landing signed by a customs officer of the foreign country to which the article is exported.
   (iv) Where the foreign country has no customs administration, a statement of the foreign consignee showing receipt of the article, or
   (v) Where a department or agency of the United States Government is unable to furnish any one of the foregoing four types of proof of exportation, a statement or certification on the department or agency stationery, executed by an authorized officer, that the listed or identified articles have, in fact, been exported.

(2) In any case where the manufacturer is not the exporter, the manufacturer must have in its possession a statement from the vendee to whom the manufacturer sold the article stating the following:
   (i) Date statement was executed.
   (ii) Name and address of manufacturer's vendee (if other than the person executing statement).
   (iii) Certificate of registry number held by vendee.
   (iv) Specify article(s) purchased tax-free, by whom purchased, and date of purchase.
   (v) Statement that article(s) was either exported in due course by the vendee or was sold to another person who in due course exported the article(s).
   (vi) Name and address of vendee who will maintain possession of the proof of exportation documents, description of the documents, and statement that vendee will maintain documents for 3 years and make them available to ATF for inspection.
   (vii) Statement that a previous statement has not been executed in respect of the articles covered by this statement and that fraudulent use of this statement may subject person executing statement and all parties making fraudulent use of statement to all applicable criminal penalties under the Code.
   (viii) Name, signature, title, and address of individual executing certificate.

(3) The statement executed and signed by the manufacturer's vendee, as provided in paragraph (d)(2) of this section, may be executed with respect to any one or more articles purchased tax free from a manufacturer and exported within the 6-month period prescribed in section 4221(b)(2) of the Code and paragraph (c) of this section. Such statement shall be kept for inspection by the regional director as provided in section 6001 of the Code.

(4) ATF I 5600.36. A preprinted statement, ATF I 5600.36, Statement of Manufacturer's Vendee, is available from the Bureau's Distribution Center which, when completed, contains all necessary information for a properly executed statement. Extra copies of ATF I 5600.36 may be reproduced as needed.

§ 53.134 Tax-free sale of articles for use by the purchaser as supplies for vessels or aircraft.

(a) Supplies for vessels or aircraft—(1) In general. An article subject to tax under chapter 32 of the Code may be sold tax free by the manufacturer, pursuant to section 4221(a)(3) of the Code and this section, for use by the purchaser as supplies for vessels or aircraft. See paragraph (b) of this section for the meaning of the term "supplies
for vessels or aircraft."

An article may be sold tax free under the provisions of this section only in those cases where the sale of an article by the manufacturer is made directly to the owner, officer, charterer, or authorized agent of a vessel or aircraft for use as supplies for the vessel or aircraft. No sale may be made tax free to a dealer for resale for use as supplies for vessels or aircraft, even though it is known at the time of sale by the manufacturer that the article will be so resold. See section 6416(b)(3)(B) of the Code and paragraph (c) of §53.178 for circumstances under which credit or refund of tax is available where tax-paid articles are used, or sold for use, as supplies for vessels or aircraft. An article may not be sold tax free under the provisions of this section by the manufacturer to passengers or members of the crew of a vessel or aircraft.

(2) **Civil aircraft of foreign registry.** In the case of any article sold by the manufacturer for use by the purchaser as supplies for civil aircraft of foreign registry employed in foreign trade or in trade between the United States and any of its possessions, the provisions of this paragraph apply only if the reciprocity requirements of section 222(f)(1) of the Code are met. See paragraph (c) of this section.

(b) **Meaning of terms—(1) Supplies for vessels or aircraft.** The term "supplies for vessels or aircraft" means fuel supplies, ships' stores, sea stores, or legitimate equipment on vessels of war of the United States or of any foreign nation, vessels employed in the fisheries or in the whaling business, or vessels actually engaged in foreign trade or trade between the Atlantic and Pacific ports of the United States or of any foreign nation, vessels employed in the fisheries or in the whaling business, or vessels actually engaged in foreign trade or in trade between the Atlantic and Pacific ports of the United States or between the United States and any of its possessions, even though such vessels may make intermediate stops in the United States. The term does not include supplies for vessels engaged in trade:

(i) Between domestic ports in the Atlantic Ocean and the Gulf of Mexico,

(ii) Between domestic ports on the Pacific Ocean,

(iii) Between domestic ports on the Great Lakes, or

(iv) On the inland waterways of the United States.

(3) **Sea stores.** The term sea stores includes any article purchased for use or consumption by the passengers or crew, or both, of a vessel during its voyage.

(4) **Vessel.** The term vessel includes:

(i) Every description of watercraft or other contrivance used, or capable of being used, as a means of transportation on water,

(ii) Civil aircraft registered in the United States and employed in foreign trade or in trade between the United States and any of its possessions, and

(iii) Civil aircraft registered in a foreign country and employed in foreign trade or trade between the U.S. and its possessions.

(5) **Vessels of war of the United States or of any foreign nation.** The term vessels of war of the United States or of any foreign nation includes:

(i) Every description of watercraft or other contrivance used, or capable of being used, as a means of transportation on water and constituting equipment of the armed forces (including the U.S. Coast Guard and U.S. National Guard) of the United States or of a foreign nation, and

(ii) Aircraft owned by the United States or by any foreign nation and constituting equipment of the armed forces thereof.

(iii) For purposes of this section, vessels or aircraft owned by armed forces are not considered to be equipment of such armed forces while on lease or loan to an organization that is not part of the armed forces.

(6) **Vessels used in fisheries or whaling business.** The exemption provided by section 4221(a)(3) of the Code and paragraph (a) of this section in the case of articles sold for the prescribed use on
§ 53.134 Vessels employed in the fisheries or whaling business is limited to articles sold by the manufacturer for such use on vessels while employed, and to the extent employed, exclusively in the fisheries or in the whaling business. For purposes of this section, vessels engaged in sport fishing are not considered to be employed in the fisheries business.

(7) Civil aircraft. The exemption provided by section 4221(a)(3) of the Code and paragraph (a) of this section relating to supplies for vessels or aircraft, with respect to civil aircraft, extends only to civil aircraft when employed in foreign trade, or in trade between the United States and any of its possessions. Sales of supplies to civil aircraft engaged in trade between the Atlantic and the Pacific ports of the United States are not exempt from the tax imposed under chapter 32 of the Code. See section 4221(e)(1) of the Code and paragraph (c) of this section for requirement of reciprocal exemption in the case of a civil aircraft registered in a foreign country.

(8) Trade. The term “trade” includes the transportation of persons or property for hire and the making of the necessary preparations for such transportation. The term “trade” also includes the transportation of property on a vessel or aircraft owned or chartered by the owner of the property in connection with the purchase, sale, or exchange of the property in a commercial business operation. However, a vessel owned or chartered by a company and used in the transportation of personnel or property of such company to or from its business properties located in a foreign country, or in a possession of the United States, is not engaged in “trade”.

(c) Reciprocity required in the case of civil aircraft. The exemption provided by section 4221(a)(3) of the Code and paragraph (a) of this section with respect to the sales of supplies for civil aircraft registered in a foreign country is further limited in that the privilege of exemption may be granted only if the Secretary of Commerce advises the Secretary of the Treasury that the foreign country allows, or will allow, substantially the same reciprocal privileges. If a foreign country discontinues the allowance of such substantially reciprocal exemption, the exemption allowed by the United States will not apply after the Secretary of the Treasury is notified by the Secretary of Commerce of the discontinuance of the exemption allowed by the foreign country.

(d) Evidence required to establish—(1) In general. The exemption provided in section 4221(a)(3) of the Code and paragraph (a) of this section for articles sold for use by the purchaser as supplies for vessels or aircraft applies only:

(i) If both the manufacturer and purchaser are registered under the provisions of section 4222 of the Code, or

(ii) The purchaser or both the manufacturer and the purchaser are not registered but have satisfied the provisions of paragraph (d)(2) of this section. See paragraph (c) of § 53.131 for the evidence required to establish exemption where the purchaser is registered pursuant to section 4222 of the Code and § 53.140.

(2) Exemption certificates for use in support of tax-free sales of supplies for vessels and aircraft. (i) In order to establish exemption from tax under section 4221(a)(3) of the Code in those instances where the purchaser or both the manufacturer and purchaser are not registered under section 4222 of the Code, the manufacturer must obtain (prior to or at the time of the sale) from the owner, charterer, or authorized agent of the vessel or aircraft and retain in the manufacturer’s possession a properly executed exemption certificate in the form prescribed by paragraph (d)(2)(iii) of this section. If articles are sold tax-free for use as supplies for civil aircraft employed in foreign trade or in trade between the United States and any of its possessions, the exemption certificate must show the name of the country in which the aircraft is registered.

(ii) Where only occasional sales of articles are made to a purchaser for use as supplies for vessels or aircraft, a separate exemption certificate shall be furnished for each order. However, where sales are regularly or frequently made to a purchaser for such exempt use, a certificate covering all orders for
§ 53.135 Tax-free sale of articles to State and local governments for their exclusive use.

(a) In general. An article subject to tax under Chapter 32 of the Code may be sold tax free by the manufacturer, pursuant to section 4221(a)(4) of the Code and this section, to a State or local government for the exclusive use of such State or local government. See paragraph (b) of this section for the meaning of the term "State or local government." An article may be sold tax free by the manufacturer under this paragraph only in those cases where the sale is made directly to a State or local government for its exclusive use. Accordingly, no sale may be made tax free to a dealer for resale to a State or local government for its exclusive use, even though it is known at the time of sale by the manufacturer that the article will be so resold. A sale of an article to a State or local government for resale is not considered to be a sale for the "exclusive use" of the State or local government, within the meaning of section 4221(a)(4) of the Code, and, therefore, such sales may not be made tax free. Such sales are not exempt regardless of whether the resales are made to government employees, or the fact that the article is an item of equipment the employee is required to possess in carrying out his duties. For example, pistols or revolvers may not be sold tax free to a State or local government for resale to its police officers. See section 6416(b)(2)(C) of the Code, and paragraph (d) of § 53.178, for the circumstances under
§ 53.135 which credit or refund of tax is available where tax-paid articles are sold for the exclusive use of a State or local government.

(b) State or local government. The term State or local government includes any State, the District of Columbia, and any political subdivision of any of the foregoing. See, section 7871(a)(2)(B) of the Code and 26 CFR 365.7701–1 et seq., which provide that an Indian tribal government shall be treated as a State for purposes of exemption from an excise tax imposed by chapter 32. Section 7871(b) of the Code provides that the exemption from tax applies only if the transaction involves the exercise of an essential governmental function of the Indian tribal government.

(c) Evidence required in support of tax-free sales to State or local governments.

(1) In the case of a State or local government which is registered (see §53.141 for provisions under which a State or local government may register if it so desires), the provisions of paragraph (c) of §53.131 have application as to the evidence required in support of tax-free sales. If a State or local government is not registered, the evidence required in support of a tax-free sale to the State or local government shall, except as provided in paragraph (c)(2) of this section, consist of a certificate, executed and signed by an officer or employee authorized by the State or local government to execute and sign the certificate. If it is impracticable to furnish a separate certificate for each order or contract because of frequency of purchases, a certificate covering all orders between given dates (such period not to exceed 12 calendar quarters) will be acceptable. The certificates and proper records of invoices, orders, etc., relative to tax-free sales must be retained by the manufacturer as provided in §53.24(d). A certificate of exemption to support tax-free sales under this section must contain the following:

(i) Title of official executing certificate, branch of government, date executed, and statement that official is authorized to execute certificate.

(ii) List articles covered by the certificate or beginning and ending dates during which orders will be placed by the purchaser (period not to exceed 12 calendar quarters).

(iii) Name of manufacturer from which articles purchased.

(iv) Governmental unit purchasing articles.

(v) Statement that is understood that articles purchased under this certificate of exemption are limited to use exclusively by the purchasing governmental entity.

(vi) Statement that is understood that any fraudulent use of this certificate may subject the person executing the certificate and all parties making fraudulent use of the certificate to all applicable criminal penalties under the Code.

(vii) Name, address, and signature of person executing the certificate.

(2) A purchase order, provided that all of the information required by paragraph (c)(1) of this section is included therein, is acceptable in lieu of a separate exemption certificate.

(3) ATF I 5600.35. A preprinted certificate, ATF I 5600.35, Exemption Certificate, is available from the Bureau’s Distribution Center which, when completed, contains all necessary information for a properly executed certificate. Extra copies of ATF I 5600.35 may be reproduced as needed.

(d) Resale of articles purchased tax free by a State or local government. If articles purchased tax free for the exclusive use of a State or local government (whether on the basis of a registration number or an exemption certificate) are, prior to use by the State or local government, resold under circumstances that do not amount to an exclusive use by the State or local government (such as pistols or revolvers that are resold by a police department to its police officers), the parties responsible in the State or local government are required to inform the manufacturer, producer, or importer from whom the articles were purchased that they were disposed of in a manner that did not amount to an exclusive use by the State or local government. A willful failure to supply the manufacturer, producer, or importer with the information required by this subparagraph will subject responsible parties to the penalties provided by section 7203 of the Code.

§ 53.136 Tax-free sales of articles to nonprofit educational organizations.

(a) In general. An article subject to tax under chapter 32 of the Code may be sold tax free by the manufacturer, pursuant to section 4221(a)(5) of the Code and this section, to a nonprofit educational organization for its exclusive use. See paragraph (b) of this section for the meaning of the term “nonprofit educational organization”. An article may be sold tax free by the manufacturer under this paragraph only in those cases where the sale of an article by the manufacturer is made directly to a nonprofit educational organization for its exclusive use. Accordingly, no sale may be made tax free to a dealer for resale to a nonprofit educational organization for its exclusive use even though it is known at the time of sale by the manufacturer that the article will be so resold. See section 6416(b)(2)(D) of the Code, and paragraph (e) of §53.178, for the circumstances under which credit or refund of tax is available where tax-paid articles are sold for the exclusive use of a nonprofit educational organization.

(b) Nonprofit educational organization. The term “nonprofit educational organization” means an organization described in section 170(b)(1)(A)(ii) of the Code that is exempt from income tax under section 501(a) of the Code. Section 170(b)(1)(A)(ii) describes an “educational organization” as one that normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on. The term also includes a school operated as an activity of an organization described in section 501(c)(3) of the Code which is exempt from income tax under section 501(a) of the Code, provided the primary function of such school is the presentation of formal instruction and provided such school normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on.

(c) Evidence required in support of tax-free sales to nonprofit educational organizations. Every nonprofit educational organization purchasing tax free under section 4221(a)(5) of the Code must furnish the following information to the seller:

(1) The tax exempt purpose for which the article or articles are being purchased, and

(2) Its registration number, and the regional director’s office that issued the registration number. Such information must be in writing and may be noted on the purchase order or other document furnished by the purchaser to the seller in connection with each sale “except that a single notification containing the information described in this paragraph may cover all sales by the seller to the purchaser made during a designated period not to exceed 12 successive calendar quarters.”. See paragraph (c) of §53.131 for the evidence required to establish exemption.

§§ 53.137–53.139 [Reserved]

§ 53.140 Registration.

(a) General rule. Except as provided in §53.141, tax-free sales under section 4221 of the Code may be made only if the manufacturer, first purchaser, and second purchaser, as the case may be, have registered as required by this section. To secure a Certificate of Registry, the applicant must furnish the information required in paragraph (b) of this section.

(b) Information to be submitted. Except as provided in §53.141, any person who is eligible to sell or purchase articles free of a tax imposed by section 4181 of the Code and who has not registered with the Commissioner of the Internal Revenue Service prior to January 1, 1991 or with ATF in accordance with the provisions of this section shall, prior to making a tax-free sale or purchase, file ATF Form 5300.28, in duplicate, executed in accordance with the instructions contained on the reverse of ATF Form 5300.28. This form shall be filed with the regional director of ATF for the region in which the principal place of business of the applicant is located (or the applicant has no principal place of business in the United States, with the Director, ATF). Copies of the
§ 53.141 Exceptions to the requirement for registration.

(a) State and local governments. (1) A State or local government purchasing articles direct from the manufacturer for its exclusive use may, but is not required to, register as provided in §53.140. To establish the right to sell articles tax free to a State or local government that is not registered, the manufacturer must obtain from an authorized official of the State or local government and retain in the manufacturer's possession either a properly executed exemption certificate, or a purchase order that contains the same information required to be furnished in an exemption certificate. See §53.135(c) for the information necessary to substantiate a tax-free sale under such circumstances.

(2) Each State requesting registration will be assigned one Certificate of Registry. The registration number shown on this certificate may be used by all agencies, boards, and commissions of the State that are authorized by the State to make purchases for the exclusive use of the State. However, the registration number assigned to a State may not be used by any political subdivision of that State, such as a county or municipality. Each political subdivision of a State desiring to obtain a Certificate of Registry must obtain a separate registration number.

(b) Sales or resales to foreign purchasers for export. Persons whose principal place of business is not within the United States may, but are not required to, register in order to purchase articles tax free for export. To establish the right to sell articles tax free for export to a purchaser who is not registered and who is located in a foreign country or a possession of the United States, the manufacturer must obtain the evidence required by §53.133(b).

(c) United States. The registration requirements of the regulations in this part do not apply to purchases and sales by the United States or any of its agencies or instrumentalities. The evidence required in support of such tax-free purchases and sales is a notation on the purchase order or other document furnished to the seller clearly indicating that the article or articles are being purchased tax free as authorized by chapter 32 of the Code.

(d) Supplies for vessels and aircraft. An article subject to an excise tax imposed by chapter 32 of the Code may be sold tax free by the manufacturer under the provisions of §53.134 for use by the purchaser as supplies for a vessel or aircraft if both the manufacturer and the purchaser are registered under the provisions of §53.140. The article also may be sold tax free for such use even though neither the manufacturer nor the purchaser is so registered if the provisions of paragraph (d) of §53.134 are satisfied.

§ 53.142 Denial, revocation or suspension of registration.

(a) The regional director is authorized to deny, revoke or temporarily suspend, upon written notice, the registration of any person and the right of
such person to sell or purchase articles tax free under section 4221 of the Code in any case in which he finds that:

(1) The registrant is not a bona fide manufacturer, or a purchaser reselling direct to manufacturers or exporters;

(2) The registrant is for some other reason not eligible under these regulations to retain a Certificate of Registration; or

(3) The registrant has used his registration to avoid payment of the tax imposed by section 4181 of the Code, or to postpone or interfere in any manner with the collection of such tax:

(4) Such denial, revocation, or suspension is necessary to protect the revenue; or

(5) The registrant failed to comply with the requirements of paragraph (c) of §53.140, relating to the evidence required to support a tax-free sale.

(b) The denial, revocation, or suspension of registration is in addition to any other penalty that may apply under the law for any act or failure to act.

§ 53.143 Special rules relating to further manufacture.

(a) Purchasing manufacturer to be treated as the manufacturer. For purposes of Chapter 32 of the Code, a manufacturer or producer to whom an article is sold or resold tax free under section 4221(a)(1) of the Code for use by it in further manufacture shall be treated as the manufacturer or producer of such article. If a manufacturer who purchases an article tax free for further manufacture does not use the article for further manufacture, the sale of the article by it, or its use of the article other than in further manufacture, shall, for purposes of the taxes imposed by chapter 32 of the Code, be treated as a sale or use of the article by the manufacturer thereof. See paragraphs (b) and (c) of this section for determination of taxable sale price where an article purchased tax free for further manufacture is resold, or used other than in further manufacture.

(b) Computation of tax. Except as provided in paragraph (c) of this section, the tax liability referred to in paragraph (a) of this section shall be based on the price for which the article was sold by the purchasing manufacturer, or, where the manufacturer uses the article for a purpose other than that for which it was purchased, the tax shall be based on the price at which such or similar articles are sold, in the ordinary course of trade, by manufacturers, producers, or importers thereof. See section 4218(e) of the Code and §53.115.

(c) Election. (1) Instead of computing the tax as described under paragraph (b) of this section, the purchasing manufacturer who has incurred liability for tax on its sale or use of an article as provided by paragraph (a) of this section may compute the tax incurred under chapter 32 of the Code by using as the tax base either the price for which the article was sold to it by the first purchaser, if any, or the price for which such article was sold by the actual manufacturer, producer, or importer of such article. The purchasing manufacturer must have in its possession information upon which to substantiate such basis for tax. For purposes of this paragraph, the price for which the article was sold by the actual manufacturer or by the first purchaser shall be determined as provided in section 4216 of the Code and §§53.91–53.102. However, such price shall not be adjusted for any discount, rebate, allowance, return, or repossession of a container or covering, or otherwise.

(2) The election under this paragraph shall be in the form of a statement attached to the return reporting the tax applicable to the sale or use of the article which gave rise to such tax liability. Such election, once made, may not be revoked.

Subpart L—Refunds and Other Administrative Provisions of Special Application to Manufacturers Taxes

§ 53.151 Returns.

(a) In general. (1) Liability for tax imposed under chapter 32 of the Code shall be reported on ATF Form 5300.26, Federal Firearms and Ammunition Excise Tax Return. Except as provided in paragraphs (a)(2) and (b) of this section, a return on Form 5300.26 shall be
§ 53.151

filed for a period of one calendar quarter.

(2) Return periods after September 30, 1992. For return periods after September 30, 1992, every person required to make a return on ATF Form 5300.26 who does not incur any firearms and ammunition excise tax liability in a given calendar quarter shall not be required to file a return on ATF Form 5300.26 for that calendar quarter. Except as provided in paragraph (a)(5) of this section, every person required to make a return on ATF Form 5300.26 who does not incur any firearms and ammunition excise tax liability for the entire calendar year and who has not filed a final return in accordance with § 53.152 shall file an annual return on ATF Form 5300.26.

(3) Return periods prior to October 1, 1992. For return periods prior to October 1, 1992, every person required to make a return on ATF Form 5300.26 shall make a return for each calendar quarter (whether or not liability was incurred for any tax reportable on the return for the return period) until the person has filed a final return in accordance with § 53.152.

(4) Forms, etc. Each return required under the regulations in this part, together with any prescribed copies, records, or supporting data, shall be completed in accordance with the applicable forms, instructions, and regulations.

(5) Special rule for one-time or occasional filings for return periods on or after July 1, 1995. One-time or occasional filers are not required to file quarterly or annual returns pursuant to paragraph (a)(2) of this section if the person reporting tax does not engage in any activity with respect to which tax is reportable on the return in the course of a trade or business. Such persons shall file and pay tax for periods only when liability is incurred. See § 53.159(b)(2), providing that a deposit of taxes is not required for a one-time or occasional filing.

(b) Monthly and semimonthly returns—

(1) Requirement. If the regional director determines that any taxpayer who is required to deposit taxes under the provision of § 53.157 or 53.159 has failed to make deposits of those taxes, the taxpayer shall be required, if so notified in writing by the regional director, to file a monthly or semimonthly return on ATF Form 5300.26. Every person so notified by the regional director shall file a return for the calendar month or semimonthly period in which the notice is received and for each calendar month or semimonthly period thereafter until the person has filed a final return in accordance with § 53.152 or is required to file returns on the basis of a different return period pursuant to notification as provided in paragraph (b)(2) of this section.

(2) Change of requirement. The regional director may require the taxpayer, by notice in writing, to file a quarterly or monthly return, if the taxpayer has been filing returns for a semimonthly period, or may require the taxpayer to file a quarterly or semimonthly return, if the taxpayer has been filing monthly returns.

(3) Return for period change takes effect. (i) If a taxpayer who has been filing quarterly returns receives notice to file a monthly or semimonthly return, or a taxpayer who has been filing monthly returns receives notice to file a semimonthly return, or the last month or semimonthly period of the calendar quarter in which the notice is received.

(ii) If a taxpayer who has been filing monthly or semimonthly returns receives notice to file a quarterly return, the last month or semimonthly period of the calendar quarter in which the notice is received.

(iii) If a taxpayer who has been filing semimonthly returns receives notice to file a monthly return, the last semimonthly period for which a return shall be made is the last semimonthly period of the month in which the notice is received.

§ 53.152 Final returns.

(a) In general. Any person who is required to make a return on ATF Form 5300.26 pursuant to §53.151 and who in any return period ceases operations in respect of which the person is required to make a return on the form, shall make the return for that return period as a final return. A return made as a final return shall be marked “Final Return” by the person filing the return. A taxpayer who has only temporarily ceased to incur liability for tax required to be reported on ATF Form 5300.26 because of temporary or seasonal suspension of business or for other reasons, shall not make a final return until such operations are permanently ceased.

(b) Statement to accompany final return. Each final return shall have attached a statement showing the address at which the records required by the regulations in this part will be kept, the name of the person keeping the records, and, if the business of the taxpayer has been sold or otherwise transferred to another person, the name and address of that person and the date on which the sale or transfer took place. If no sale or transfer occurred or if the taxpayer does not know the name of the person to whom the business was sold or transferred, that fact should be included in the statement.

§ 53.153 Time for filing returns.

(a) Quarterly returns. Each return required to be made under §53.151(a) for a return period of one calendar quarter shall be filed on or before the last day of the first calendar month following the close of the period for which it is made. However, a return may be filed on or before the 10th day of the second calendar month following the close of the period if timely deposits under section 6302(c) of the Code and §53.157 have been made in full payment of the taxes due for the period. For purposes of the preceding sentence, a deposit which is not required by regulations in respect of the return period may be made on or before the last day of the first calendar month following the close of the period.

§ 53.154 Manner of filing returns.

(a) Each return on ATF Form 5300.26 shall be filed with ATF, in accordance with the instructions on the form.

(b) When the taxpayer sends the return on ATF Form 5300.26 by U.S. Mail, the official postmark of the U.S. Postal Service stamped on the cover in which the return was mailed shall be considered the date of delivery of the return. When the postmark on the cover is illegible, the burden of proving when the postmark was made will be on the taxpayer. When the taxpayer sends the return with or without remittance by registered mail or by certified mail,
§ 53.155 Extension of time for filing returns.

(a) In general. Ordinarily, no extension of time will be granted for filing any return statement or other document required with respect to the taxes impose by chapter 32, because the information required for the filing of those documents is under normal circumstances readily available. However, if because of temporary conditions beyond the taxpayer's control, a taxpayer believes an extension of time for filing is justified, the taxpayer may apply to the regional director for an extension. An extension of time for filing a return does not operate to extend the time for payment of the tax unless so specified in the extension. For extensions of time for payment of the tax, see §53.156.

(b) Application for extension of time. The application for an extension of time for filing the return shall be addressed to the regional director with whom the return is to be filed and must contain a full recital of the causes for the delay. It should be made on or before the due date of the return, and failure to do so may indicate negligence and constitute sufficient cause for denial. It should, where possible, be made sufficiently early to permit consideration of the matter and reply before what otherwise would be the due date of the return.

(c) Filing the return. If an extension of time for filing the return is granted, a return shall be filed before the expiration of the period of extension.

§ 53.156 Extension of time for paying tax shown on return.

(a) In general. (1) Ordinarily, no extensions of time will be granted for payment of any tax imposed by Chapter 32 of the Code, and shown or required to be shown on any return. However, if because of temporary conditions beyond the taxpayer's control a taxpayer believes an extension of time for payment is justified, the taxpayer may apply to the regional director for an extension. The period of an extension shall not be in excess of 6 months from the date fixed for payment of the tax, except that if the taxpayer is abroad the period of the extension may be in excess of 6 months.

(2) The granting of an extension of time for filing a return does not operate to extend the time for the payment of the tax or any part of the tax unless so specified in the extension. See §53.155.

(b) Undue hardship required for extension. An extension of the time for payment shall be granted only upon a satisfactory showing that payment on the due date of the amount with respect to which the extension is desired will result in an undue hardship. The extension will not be granted upon a general statement of hardship. The term "undue hardship" means more than an inconvenience to the taxpayer. It must appear that substantial financial loss, for example, loss due to the sale of property at a sacrifice price, will result to the taxpayer from making payment on the due date of the amount with respect to which the extension is desired. If a market exists, the sale of property at the current market price is not ordinarily considered as resulting in an undue hardship.

(c) Application for extension. An application for an extension of time for payment of the tax shown or required to be shown on any return shall be made on ATF Form 5300.29, Application for Extension of Time for Payment of Tax, and shall be accompanied by evidence showing the undue hardship that would result to the taxpayer if the extension were refused. The application shall also be accompanied by a statement of the assets and liabilities of the taxpayer and an itemized statement showing all receipts and disbursements for each of the 3 months immediately preceding the due date of the amount to which the application relates. The application, with supporting documents, must be filed on or before the date prescribed for payment of the amount with respect to which the extension is desired, with the regional director shown on
the form. The application will be examined, and within 30 days, if possible, will be denied, granted, or tentatively granted subject to certain conditions of which the taxpayer will be notified. If an additional extension is desired, the request for it must be made on or before the expiration of the period for which the prior extension is granted.

(d) Payment pursuant to extension. If an extension of time for payment is granted, the payment shall be made on or before the expiration of the period of the extension without the necessity of notice and demand. The granting of an extension of time for payment of the tax does not relieve the taxpayer from liability for the payment of interest on the tax during the period of the extension. See section 6601 of the Code and 26 CFR 301.6601-1.

§ 53.157 Deposit requirement for deposits made for calendar quarters prior to July 1, 1995.

NOTE: For deposit requirement for deposits made for calendar quarters beginning on or after July 1, 1995, see § 53.159.

(a) Monthly deposits. Except as provided in paragraph (b) of this section, if for any calendar month (other than the last month of a calendar quarter) any person required to file a quarterly excise tax return on ATF Form 5300.26 has a total liability under this part of more than $100 for all excise taxes reportable on that form, the amount of liability for taxes shall be deposited by the person in accordance with the instructions on ATF Form 5300.27 on or before the last day of the month following the calendar month.

(b) Semimonthly deposits. (1) If any person required to file an excise tax return on ATF Form 5300.26 for any calendar quarter has a total liability under this part of more than $2,000 for all excise taxes reportable on that form for any calendar month in the preceding calendar quarter, the amount of that liability for taxes under this part for any semimonthly period (as defined in paragraph (d)(1) of this section) in the succeeding calendar quarter shall be deposited by the person in accordance with the instructions on ATF Form 5300.27 on or before the depositary date (as defined in paragraph (d)(2) of this section) applicable to the semimonthly period.

(2) A person will be considered to have complied with the requirements of paragraph (b)(1) of this section for a semimonthly period if—

(i)(A) The person’s deposit for the semimonthly period is not less than 90 percent of the total amount of the excise taxes reportable by the person on ATF Form 5300.26 for the period, and

(B) If the semimonthly period occurs in a calendar month other than the last month in a calendar quarter, the person deposits any underpayment for the month by the 9th day of the second month following the calendar month; or

(ii)(A) The person’s deposit for each semimonthly period in the calendar month is not less than 45 percent of the total amount of the excise taxes reportable by the person on ATF Form 5300.26 for the month, and

(B) If such month is other than the last month in a calendar quarter, the person deposits any underpayment for such month by the 9th day of the second month following the calendar month; or

(iii)(A) The person’s deposit for each semimonthly period in the calendar month is not less than 50 percent of the total amount of the excise taxes reportable by the person on ATF Form 5300.26 for the second preceding calendar month, and

(B) If such month is other than the last month in a calendar quarter, the person deposits any underpayment for such month by the 9th day of the second month following the calendar month; or

(iv)(A) The requirements of paragraph (b)(2) (i)(A), (ii)(A), or (iii)(A) of this section are satisfied for the first semimonthly period of a calendar month after December 1990.

(B) If the person’s deposit for the second semimonthly period of the calendar month is, when added to the deposit for the first semimonthly period, not less than 90 percent of the total amount of the excise taxes reportable by the person on ATF Form 5300.26 for the calendar month, and
§ 53.157

(C) If the semimonthly periods occur in a calendar month other than the last month in a calendar quarter, the person deposits any underpayment for the month by the 9th day of the second month following the calendar month.

(3)(i) Paragraph (b)(2) (ii) and (iii) of this section shall not apply to any person who normally incurs in the first semimonthly period in each calendar month more than 75 percent of the person’s total excise tax liability under this part for the month.

(ii) Persons who make their deposits in accordance with paragraph (b)(2) (iii), or (iv) of this section will find it unnecessary to keep their books and records on a semimonthly basis.

(c) Deposit of certain excess undeposited amounts. Notwithstanding paragraphs (a) and (b) of this section, if any person required to file an excise tax return on ATF Form 5300.26 for any calendar quarter beginning after December 31, 1990, has a total liability under this part for all excise taxes reportable on the form for the calendar quarter which exceeds by more than $100 the total amount of taxes deposited by the person pursuant to paragraph (a) or (b) of this section for the calendar quarter, the person shall, on or before the last day of the calendar month following the calendar quarter for which the return is required to be filed, deposit in accordance with the instructions on ATF Form 5300.27 the full amount by which the person’s liability for all excise taxes previously deposited by the person for that calendar quarter exceeds the amount of excise taxes previously deposited by the person for that calendar quarter.

(d) Definitions.—(1) Semimonthly period. The term semimonthly period means the first 15 days of a calendar month or the portion of a calendar month following the 15th day of that month.

(2) Depository date. The term depository date means, in the case of deposits for semimonthly periods beginning after December 31, 1990, the 9th day of the semimonthly period following the semimonthly period for which the taxes are reportable.

(3) Lockbox financial institution. The term lockbox financial institution means the financial institution designated as a depository for the payment of excise taxes on ATF Form 5300.27, Federal Firearms and Ammunition Excise Tax Deposit form.

(e) Depository forms and procedures—

(1) In general. Each remittance of amounts required to be deposited for periods beginning after December 31, 1990 shall be accompanied by an ATF Form 5300.27, Federal Firearms and Ammunition Excise Tax Deposit form, or ATF Form 5300.26, Federal Firearms and Ammunition Excise Tax Return, which shall be prepared in accordance with the applicable instructions. Taxpayers electing to remit deposits by EFT pursuant to §53.158 shall prepare and submit ATF Form 5300.26 or ATF Form 5300.27 in accordance with the instructions on the form. The timeliness of the deposit will be determined by the date it is received (or is deemed received under section 7502(e) and 26 CFR 301.7502–1) by the lockbox financial institution, or the ATF officer designated on ATF Form 5300.27 or ATF Form 5300.26 accompanying the deposit, or when made by electronic fund transfer, the Treasury Account. Amounts deposited pursuant to this paragraph shall be considered to be paid on the last day prescribed for filing the return in respect of the tax (determined without regard to any extension of time for filing the returns), or at the time deposited, whichever is later.

(2) Number of remittances. A person required by this section to make deposits may make one or more remittances with respect to the amount required to be deposited. An amount of tax which is not otherwise required by this section to be deposited may, nevertheless, be deposited if the person liable for the tax so desires.

(3) Information required. Each person making deposits pursuant to this section shall report on the return for the period with respect to which the deposits are made information regarding the deposits in accordance with the instructions applicable to the return and pay (or deposits by the due date of the return) the balance, if any, of the taxes due for the period.

(4) Procurement of prescribed forms. Copies of the Federal Firearms and Ammunition Excise Tax Deposit form will be furnished, so far as possible, to
§ 53.158 Payment of tax by electronic fund transfer.

(a) In general. For return periods after September 30, 1992, any taxpayer liable for firearms and ammunition excise taxes incurred under this part may elect to remit payments and deposits of the taxes (taxpayments) by electronic fund transfer (EFT). A taxpayer who elects to make remittance by EFT must use that method of remitting excise taxes on firearms and ammunition for a minimum of four consecutive calendar quarters. A taxpayer who makes remittance by EFT for a calendar quarter may not use any other method of remitting and ammunition excise taxes for that quarter.

(b) Requirements. (1) On or before the 10th day of the calendar quarter preceding the calendar quarter in which the taxpayer will begin remitting taxes by EFT, each taxpayer who elects to make remittances by EFT of firearms and ammunition excise taxes incurred under this part shall give written notice to the regional director (compliance) of the ATF region in which taxes are paid, indicating that remittances will be paid by EFT. Taxpayers who gave written notification in a previous calendar quarter electing to make remittances of tax by EFT are not required to give additional written notifications to continue remitting tax by EFT for succeeding calendar quarters.

(2) For each deposit made or return filed in accordance with this subpart, the taxpayer shall direct the taxpayer’s financial institution to make an EFT in the amount of the taxpayment to the Treasury Account as provided in paragraph (e) of this section. The request will be made to the financial institution early enough for the transfer of funds to be made to the Treasury Account no later than the close of business on the last day for making the deposit or filing the return as prescribed in §§53.157 or 53.159, and 53.153. The request will take into account any time limit established by the financial institution.

(3) Taxpayers who elect to discontinue making remittances by EFT of firearms and ammunition excise taxes may make such election at any time following four consecutive calendar quarters in which tax is remitted by EFT. Taxpayers electing to discontinue making remittances by EFT shall remit the tax with the next deposit or return as prescribed in §§53.157 or 53.159, and 53.153. The request will take into account any time limit established by the financial institution.

(c) Remittance. (1) Taxpayers who elect to make firearms and ammunition excise taxpayments by EFT shall file the deposit form and/or return with ATF in accordance with the applicable instructions on the forms.

(2) Remittances will be considered as made when the taxpayment by EFT is received by the Treasury Account when it is paid to a Federal Reserve Bank.

(3) When the taxpayer directs the financial institution to effect an electronic fund transfer message as required by paragraph (b) of this section, the transfer data record furnished
§ 53.159 Deposit requirement for deposits made for calendar quarters beginning on or after July 1, 1995.

(a) Definitions—(1) Definition of tax liability. For purposes of this section, the term "tax liability" means the total tax liability for the specified period, plus or minus any allowable adjustments made in accordance with the instructions applicable to the form on which the return is made.

(2) Semimonthly period. Except as provided in paragraph (c)(4)(ii) of this section, the term "semimonthly period" means the first 15 days of a calendar month or the remaining portion of a calendar month following the 15th day of that month.

(b) In general—(1) Semimonthly deposits. Except as provided in paragraphs (b)(2), (c)(2), and (j) of this section, any person required to file a quarterly excise tax return on ATF Form 5300.26 must make a deposit of tax for each semimonthly period as prescribed in paragraph (c) of this section.

(2) One-time or occasional filings. No deposit is required in the case of any taxes reportable on a one-time or occasional filing (as defined in §53.151(a)(5)).

(c) Amount of deposit—(1) In general. Except as provided in paragraphs (c)(2), (c)(3) and (c)(6) of this section, the deposit of tax for each semimonthly period must be equal to the amount of tax liability incurred during that semimonthly period. Except as provided in paragraph (c)(3) of this section, no deposit is required for any semimonthly period in which no tax liability is incurred.

(2) De minimis exception. Except as provided in paragraph (c)(3) of this section, any person who has a tax liability for the current calendar quarter of $2,000 or less is not required to make deposits for that quarter. However, semimonthly deposits of tax are required beginning with the semimonthly period in which unpaid tax liability exceeds $2,000 and for every semimonthly period thereafter in which tax liability is incurred. The first deposit for the current quarter shall be equal to the unpaid tax liability; thereafter, deposits shall be equal to the amount of tax liability incurred during that semimonthly period.

(3) Amount of deposit; safe harbor rule based on look-back quarter liability; In general. Except as provided in paragraph (c)(3) of this section, any person who made a return of tax on ATF Form 5300.26 reporting taxes for the second preceding calendar quarter (the "look-back quarter"), or who did not file a return for the look-back quarter because of the provisions of §53.151(a)(2), is considered to have complied with the requirement for deposit of taxes for the current calendar quarter if—

(i) The deposit of taxes for each semimonthly period in the current calendar quarter is an amount equal to not less than 1/6 (16.67 percent) of the total tax liability incurred for the look-back quarter;

(ii) Each deposit is made on time; and

(iii) The amount of any underpayment of taxes for the current calendar quarter is paid by the due date of the return.

(4) Modification for third calendar quarter. The safe harbor rule in paragraph (c)(3) of this section does not apply for the third calendar quarter unless—

(i) The deposit of taxes for the semimonthly period July 1–September 15 meets the requirements of paragraph (c)(3) of this section; and
(i) Each deposit of taxes for the periods September 16–25 and September 26–30 is not less than 1/12th (8.33 percent) of the total tax liability incurred for the look-back quarter.

(5) Modification for tax rate increase—

Applicability. The safe harbor rule as prescribed in paragraph (c)(3) is modified for the first and second calendar quarters beginning on or after the effective date of an increase in the rate of any tax prescribed by 26 U.S.C. 4181 to which this part 53 applies.

Modification. The amount of deposit for calendar quarters referred to in paragraph (c)(3) of this section must be adjusted so that the deposit of taxes for each semimonthly period in the calendar quarter is not less than 1/6 (16.67 percent) of the tax liability the person would have had with respect to the tax for the look-back quarter if the increased rate of tax had been in effect for that look-back quarter.

(6) First time filers. Any person who did not file a return of tax on ATF Form 5500.26 for the first and second preceding calendar quarters because they were not engaged in any activity with respect to which tax is reportable on the return in the course of a trade or business, is considered to have complied with the requirement for deposit of taxes for the current calendar quarter if—

(i) The deposit of taxes for each semimonthly period in the calendar quarter is not less than 95 percent of the tax liability incurred with respect to those taxes during the semimonthly period;

(ii) Each deposit is made on time; and

(iii) The amount of any underpayment of taxes for the current calendar quarter is paid by the due date of the return.

(d) Failure to comply with deposit requirements. (1) If a person fails to make deposits as required under this part, the regional director may withdraw the person’s right to use the safe harbor rule provided by paragraph (c)(3) of this section.

(2) Cross reference. The regional director may also require a taxpayer who fails to make deposits of tax to file a monthly or semimonthly return, see §53.151(b)(1).

e) Time for making deposit. Except for deposits for the period September 16–25, each deposit required to be made by this section shall be made not later than the 9th day of the semimonthly period following the close of the period for which it is made. The deposit for the period September 16–25 shall be made not later than September 28. The deposit for the period September 26–30 is due not later than October 9.

(f) Last day for filing. (1) Except as provided by paragraph (f)(2) of this section, if the due date of the deposit falls on a Saturday, Sunday, or legal holiday, the deposit and remittance shall be due on the next succeeding day which is not a Saturday, Sunday, or legal holiday. For purposes of this section, “legal holiday” is defined by section 7503 of the Code and 27 CFR 70.306(b) of this chapter.

(2) If the required due date of the deposit for the period September 16–25 falls on a Saturday, the deposit and remittance shall be due on the preceding day. If such required due date falls on a Sunday, the return and remittance shall be due on the following day.

(g) Forms and procedures. Each remittance of amounts required to be deposited shall be accompanied by ATF Form 5300.27, Federal Firearms and Ammunition Excise Tax Deposit form, or ATF Form 5500.26, Federal Firearms and Ammunition Excise Tax Return, which shall be prepared in accordance with the applicable instructions. Taxpayers electing to remit deposits by EFT pursuant to §53.158 shall prepare and submit ATF Form 5300.26 or ATF Form 5500.27 in accordance with the instructions contained in ATF Procedure 92–1, Publication 5000.11. The timeliness of the deposit will be determined by the date it is received by the lockbox financial institution, or the ATF officer designated on the form accompanying the deposit, or the Treasury Account, when made by EFT. In order for deposits of less than $20,000 made by U.S. Mail to be considered received timely, the date of mailing must be on or before the second day preceding the due date of the deposit as evidenced by the official postmark of the U.S. Postal Service stamped on the cover in which the deposit was mailed. When the postmark on the cover is illegible, the burden of proving when the
§ 53.159 27 CFR Ch. I (4–1–01 Edition)

postmark was made will be on the taxpayer. When the taxpayer sends the deposit by registered mail or by certified mail, the date of registry or the date of the postmark on the sender’s receipt of certified mail, as the case may be, shall be treated as the date of delivery of the deposit. Any deposit of $20,000 or more must be received by the last day prescribed for making such deposit, regardless of when mailed. Amounts deposited pursuant to this paragraph shall be considered to be paid on the last day prescribed for filing the return in respect of the tax (determined without regard to any extension of time for filing the returns), or at the time deposited, whichever is later.

(h) Number of remittances. A person required by this section to make deposits shall make one deposit for a semimonthly period.

(i) Procurement of prescribed forms. Copies of the Federal Firearms and Ammunition Excise Tax Deposit form will be furnished, so far as possible, to persons required to make deposits under this section. Such a person will not be excused from making a deposit however, by the fact that no form has been furnished. A person not supplied with the form is required to obtain the form in ample time to make the required deposits within the time prescribed. Copies of the Federal Firearms and Ammunition Excise Tax Deposit form may be obtained by request from the ATF Distribution Center, P.O. Box 5950, Springfield, Virginia 22153–5950.

(j) Taxpayers required to file monthly or semimonthly returns. This section does not apply to taxes for:

(1) Any month or semimonthly period in which the taxpayer receives notice from the regional director pursuant to section 53.151(b) to file ATF Form 5300.26; or

(2) Any subsequent month or semimonthly period for which a return on ATF Form 5300.26 is required.

(k) Examples.

Example 1. One-time filing or occasional filing—(1) Facts. On October 18, 1995, A, an individual who lives in the United States purchases a custom made rifle outside the United States and imports it into the United States. A uses the rifle on October 20, 1995. A is liable for the firearms excise tax imposed by sections 4181 and 4218(a). Since A does not regularly sell rifles in arm’s length transactions, a constructive sale price of $20,000 is determined (§51.115(b)). The amount of A’s tax liability is $2200, 11 percent of the constructive sale price of the rifle. The liability is incurred during the fourth calendar quarter of 1995, the quarter during which the rifle is used (§53.111(d)). A did not import the rifle in the course of its trade or business and does not engage in any activities with respect to which tax is reportable on ATF Form 5300.26 in the course of a trade or business.

(2) Filing requirement. A must file a return on Form 5300.26 (§53.151(a)) for the fourth calendar quarter of 1995 reporting A’s $2200 firearms excise tax liability. The Form 5300.26 is due by January 31, 1996, the last day of the first month following the calendar quarter (§53.153(a)). Because A did not import the firearm in the course of its trade or business and does not engage in any activities with respect to which tax is reportable in the course of a trade or business, the return is a one-time filing or occasional filing.

Example 2. Deposit requirement; based on look-back quarter liability—(1) Facts. B is a manufacturer of firearms. B sells 75 pistols which have a taxable sale price of $500 each during the second calendar quarter of 1996. B sold 50 of the pistols in the first semimonthly period of May, 1996, and the other 25 pistols in the second semimonthly period of April, 1996. B did not incur tax liability in any other semimonthly period in the second quarter. The amount of B’s tax liability for the second calendar quarter is $3,750, 10 percent of the taxable sale price of the pistols. B filed Form 5300.26 for the second preceding calendar quarter, the look-back quarter, on January 31, 1996 reporting tax liability in the amount of $2,700.

(2) Deposit requirement. B is required to make deposits of tax for each semimonthly period in the calendar quarter because B has incurred more than $2,000 in liability for the current quarter. B may use the safe harbor rule based on look-back quarter liability to determine the amount of the required deposits (§53.159(c)(3)). Under this safe harbor rule,
### Bureau of Alcohol, Tobacco and Firearms, Treasury

**§ 53.159**

B's deposit for each semimonthly period must equal at least $450.00, 1/6 (16.67 percent) of the tax liability incurred for the look-back quarter. B's deposit must be timely and B must pay the underpayment by the due date of the return. Accordingly, B meets the deposit requirement if B makes the following deposits:

The deposit due on June 10, 1996, would ordinarily be due on June 9, 1996. However, because June 9, 1996, is a Sunday, under section 7503, B has an additional day to make the required deposit.

(3) **Filing requirement.** B must file a return on Form 5300.26 for the second calendar quarter of 1996 reporting B's $3750 tax liability (§53.153(a)). The form 5300.26 is due by July 31, 1996, the last day of the first month following the calendar quarter (§53.159(c)(3)). B must also pay $1050.00, the underpayment amount by which the total tax liability for the second calendar quarter exceeds the total tax liability for the look-back quarter, by the due date of the return.

### Example 5. Deposit amount; third calendar quarter—(1) Facts. C, a manufacturer of ammunition, filed returns for the first, second and third quarters of 1996 reporting C's $3750 tax liability (§53.153(a)). The form 5300.26 is due by July 31, 1996, incurring a tax liability of $2805. C must make a deposit of tax when D's tax liability exceeds $2,000. Because C's tax liability exceeded $2,000, C is required to make deposits of tax for each semimonthly period of March, 1996.

(2) **Deposit requirement.** D is required to make a deposit of tax when D's tax liability exceeds $2,000 (§53.159(c)(2)). Therefore, D must make a deposit of tax beginning with the first semimonthly period in March, the semimonthly period in which D's tax liability exceeded $2,000. Because D, a first-time filer, does not have an established look-back quarter, D's deposit of tax must be at least 95 percent of the incurred tax liability. D is required to make deposits of tax for each semimonthly period, the semimonthly period in the quarter thereafter. D's deposits must be timely and any underpayment of tax must be paid by the due date of the return. Accordingly, D meets the deposit requirement if D makes the following deposits:

The deposits due on March 11, 1996, and March 25, 1996, would ordinarily be due on March 9, 1996, and March 24, 1996, respectively. However, because March 9, 1996, is a Saturday, and March 24, 1996, is a Sunday, under section 7503, D has until March 11, 1996, to make the deposit due on March 9, 1996, and until March 25, 1996, to make the deposit due on March 24, 1996.

(3) **Filing requirement.** D must file a return on Form 5300.26 for the first calendar quarter of 1996 reporting D's $6,930 tax liability (§53.151(a)). The form 5300.26 is due by April 30, 1996, incurring a tax liability of $2905.

**Example 5. Deposit amount; third calendar quarter—(1) Facts.** E, a manufacturer of firearms, began business on 2/16/96. D sold 300 shotguns which had a taxable sales price of $210 each during the first quarter of 1996. D sold 70 shotguns in the second semimonthly period of February, 1996, 130 shotguns in the first semimonthly period of March, 1996 and 100 shotguns in the second semimonthly period of March, 1996. The amount of D's tax liability for the first quarter of 1996 is $6,830, 11 percent of the taxable sales price of the shotguns.

(2) **Deposit requirement.** Because E has incurred more than $2,000 in liability and has chosen to make deposits of tax based on the...

For provisions relating to credits and refunds of certain taxes on sales and services see section 6416 of the Code and §§ 53.171–53.186. § 53.163–53.170 [Reserved]

§ 53.171 Claims for credit or refund of overpayments of manufacturers taxes.

Any claims for credit or refund of an overpayment of a tax imposed by chapter 32 of the Code shall be made in accordance with the applicable provisions of this subpart and the applicable provisions of 27 CFR 70.123 (Procedure and Administration). A claim on ATF Form 2635 (5620.8) is not required in the case of a claim for credit, but the amount of the credit shall be claimed by entering that amount as a credit on a return of tax under this subpart filed by the person making the claim. In this regard, see § 53.185.

§ 53.172 Credit or refund of manufacturers tax under chapter 32.

(a) Overpayment not described in section 6416(b)(2) of the Code—(1) Claims included. This paragraph applies only to claims for credit or refund of an overpayment of manufacturers tax imposed by Chapter 32. It does not apply, however, to a claim for credit or refund on any overpayment described in paragraph (b) of this section which arises by reason of the application of section 6416(b)(2) of the Code.

(2) Supporting evidence required. No credit or refund of any overpayment to which this paragraph (a) applies shall be allowed unless the person who paid the tax submits with the claim a written consent of the ultimate purchaser to the allowance of the credit or refund, or submits with the claim a statement, supported by sufficient available evidence, asserting that:

(i) The person has neither included the tax in the price of the article with respect to which it was imposed nor collected the amount of the tax from a vendee, and identifying the nature of the evidence available to establish these facts, or

(ii) The person has repaid the amount of the tax to the ultimate purchaser of the article.

(3) Ultimate purchaser—(1) General rule. The term "ultimate purchaser", as used in paragraph (a)(2) of this section, means the person who purchased the article for consumption, or for use in the manufacture of other articles...
not for resale in the form in which purchased.

(ii) Special rule under section 6416(a)(3)—(A) Conditions to be met. If tax under chapter 32 of the Code is paid in respect of an article and the Director determines that the article is not subject to tax under chapter 32, the term “ultimate purchaser”, as used in paragraph (a)(2) of this section, includes any wholesaler, jobber, distributor, or retailer who, on the 15th day after the date of the determination holds for sale any such article with respect to which tax has been paid, if the claim for credit or refund of the overpayment in respect of the articles held for sale by wholesaler, jobber, distributor, or retailer is filed on or before the date on which the person who paid the tax is required to file a return for the period ending with the first calendar quarter which begins more than 60 days after the date of the determination by the Director.

(B) Supporting statement. A claim for credit or refund of an overpayment of tax in respect of an article as to which a wholesaler, jobber, distributor, or retailer is the ultimate purchaser, as provided in this paragraph (a)(3)(ii), must be supported by a statement that the person filing the claim has a statement, by each wholesaler, jobber, distributor, or retailer whose articles are covered by the claim, showing total inventory, by model number and quantity, of all such articles purchased taxpaid and held for sale as of 12:01 a.m. of the 15th day after the date of the determination by the Director.

(C) Inventory requirement. The inventory shall not include any such article, title to which, or possession of which, has previously been transferred to any person for purposes of consumption unless the entire purchase price was repaid to the person or credited to the person’s account and the sale was rescinded or any such article purchased by the wholesaler, jobber, distributor, or retailer as a component part of, or on or in connection with, another article. An article in transit at the first moment of the 15th day after the date of the determination is regarded as being held by the person to whom it was shipped, except that if title to the article does not pass until delivered to the person the article is deemed to be held by the shipper.

(b) Overpayments described in section 6416(b)(2) of the Code—(1) Claims included. This paragraph applies only to claims for credit or refund of amounts paid as tax under chapter 32 of the Code that are determined to be overpayments by reason of section 6416(b)(2) of the Code (relating to tax payments in respect of certain uses, sales, or resales of a taxable article).

(2) Supporting evidence required. No credit or refund of an overpayment to which this paragraph (b) applies shall be allowed unless the person who paid the tax submits with the claim a statement, supported by sufficient available evidence, asserting that:

(i) The person neither included the tax in the price of the article with respect to which it was imposed nor collected the amount of the tax from a vendee, and identifying the nature of the evidence available to establish these facts, or

(ii) The person repaid, or agreed to repay, the amount of the tax to the ultimate vendor of the article, or

(iii) The person has secured, and will submit upon request of the Regional Director, the written consent of the ultimate vendor to the allowance of the credit or refund.

(3) Ultimate vendor—General rule. The term ultimate vendor, as used in paragraph (b)(2) of this section, means the seller making the sale which gives rise to the overpayment or which last precedes the exportation or use which has given rise to the overpayment.

(c) Overpayments not included. This section does not apply to any overpayment determined under section 6416(b)(1) of the Code (relating to price readjustments), section 6416(b)(3)(A) of the Code (relating to certain cases in which refund or credit is allowable to the manufacturer who uses, in the further manufacture of a second article, a taxable article purchased by the manufacturer taxpaid), or section 6416(b)(5) of the Code (relating to the return to the seller of certain installment accounts which the seller had previously
§ 53.173

Price readjustments causing overpayments of manufacturers' tax.

In the case of any payment of tax under chapter 32 of the Code that is determined to be an overpayment by reason of a price readjustment within the meaning of section 6416(b)(1) of the Code and §53.174 or §53.175, the person who paid the tax may file a claim for refund of the overpayment or may claim credit for the overpayment on any return of tax under this subpart which the person subsequently files. Price readjustments may not be anticipated. However, if the readjustment has actually been made before the return is filed for the period in which the sale was made, the tax to be reported in respect of the sale may, at the election of the taxpayer, be based either:

(a) On the price as so readjusted, or

(b) On the original sale price and a credit or refund claimed in respect of the price readjustment.

A price readjustment will be deemed to have been made at the time when the amount of the readjustment has been refunded to the vendor or the vendor has been informed that the vendor's account has been credited with the amount. No interest shall be paid on any credit or refund allowed under this section. For provisions relating to the evidence required in support of a claim for credit or refund, see 27 CFR 70.123 (Procedure and Administration), §53.172(a)(2) and §53.176. For provisions authorizing the taking of a credit in lieu of filing a claim for refund, see section 6416(d) of the Code and §53.185.

§ 53.174 Determination of price readjustments.

(a) In general—(1) Rules of usual application—(i) Amount treated as overpayment. If the tax imposed by chapter 32 of the Code has been paid and thereafter the price of the article on which the tax was based is readjusted, that part of the tax which is proportionate to the part of the price which is repaid or credited to the purchaser is considered to be an overpayment. A readjustment of price to the purchaser may occur by reason of:

(A) The return of the article,

(B) The repossession of the article,

(C) The return or repossession of the covering or container of the article, or

(D) A bona fide discount, rebate, or allowance against the price at which the article was sold.

(ii) Requirements of price readjustment. A price readjustment will not be deemed to have been made unless the person who paid the tax either:

(A) Repays part or all of the purchase price in cash to the vendee,

(B) Credits the vendee's account for part or all of the purchase price, or

(C) Directly or indirectly reimburses a third party for part or all of the purchase price for the direct benefit of the vendee.

In addition, to be deemed a price readjustment, the payment or credit must be contractually or economically related to the taxable sale that the payment or credit purports to adjust. Thus, commissions or bonuses paid to a manufacturer's own agents or salesperson for selling the manufacturer's taxable products are not price readjustments for purposes of this section, since those commissions or bonuses are not paid or credited either to the manufacturer's vendee or to a third party for the vendee's benefit. On the other hand, a bonus paid by the manufacturer to a dealer's salesperson for negotiating the sale of a taxable article previously sold to the dealer by the manufacturer is considered to be a readjustment of the price on the original sale of the taxable article, regardless of whether the payment to the salesperson is made directly by the manufacturer or to the salesperson through the dealer. In such a case, the payment is related to the sale of a taxable article and is made for the benefit of the dealer because it is made to the dealer's salesperson to encourage the sale of a product owned by the dealer. Similarly, payments or credits made by a manufacturer to a vendee as reimbursement of interest expense incurred by the vendee in connection with a so-called “free flooring” arrangement for
§ 53.174

the purchase of taxable articles is a price readjustment, regardless of whether the payment or credit is made directly to the vendee or to the vendee’s creditor on behalf of the vendee.

(iii) Limitation on credit or refund. The credit or refund allowable by reason of a price readjustment in respect of the sale of a taxable article may not exceed an amount which bears the same ratio to the total tax originally due and payable on the article as the amount of the tax-included readjustment bears to the original tax-included sale price of the article.

(2) Rules of special application—

(i) Constructive sale price. If, in the case of a taxable sale, the tax imposed by chapter 32 of the Code is based on a constructive sale price determined under any paragraph of section 4216(b) of the Code and §§53.94–53.97, as determined without reference to section 4218 of the Code, then any price readjustment made with respect to the sale may be taken into account under this section only to the extent that the price readjustment reduces the actual sale price of the article below the constructive sale price.

Examples:

(A) A manufacturer sells a taxable article at retail for $110 tax included. Under section 4216(b)(1) of the Code the constructive sale price (tax included) of the article is determined to be $93. Thereafter, the manufacturer grants an allowance of $10 to the purchaser, which reduces the actual selling price (tax included) to $100. Since the readjustment price exceeds the amount of the constructive sale price, this readjustment is not recognized as a price readjustment under this section.

(B) Subsequently, the manufacturer extends to the purchaser an additional price allowance of $10, thereby reducing the actual sale price to $90. Since the actual sale price is now $3 less than the constructive sale price of $93, the manufacturer has overpaid by the amount of tax attributable to the $3. Assuming the tax rate involved is 10 percent, and the prices involved are tax-included, the overpayment of tax would be $0.27, determined as follows:

\[
\frac{\text{tax rate}}{100 + \text{tax rate}} \times \text{tax - included readjustment} = \text{tax overpayment} \quad (\frac{10}{100} \times 3 = 0.27)
\]

(ii) Price determined under section 4223(b)(2) of the Code. If a manufacturer (within the meaning of section 4223(a) of the Code) to whom an article is sold or resold free of tax in accordance with the provisions of section 4221(a)(1) of the Code for use in further manufacture diverts the article to a taxable use or sells it in a taxable sale, and pursuant to the provisions of section 4223(b)(2) of the Code computes the tax liability in respect of the use or sale on the price for which the article was sold to the manufacturer or on the price at which the article was sold by the actual manufacturer, a reduction of the price on which the tax was based does not result in an overpayment within the meaning of section 6416(b)(1) of the Code of this section. Moreover, if a manufacturer purchases an article tax free and computes the tax in respect of a subsequent sale of the article pursuant to the provisions of section 4223(b)(2) of the Code, an overpayment does not arise by reason of readjustment of the price for which the article was sold by the manufacturer except where the readjustment results from the return or repossession of the article by the manufacturer, and all of the purchase price is refunded by the manufacturer. See, however, paragraph (b)(4) of this section as to repurchased articles.

(b) Return of an article—

(1) Price readjustment. If a taxable article is returned to the manufacturer who paid the tax imposed by Chapter 32 of the Code on the sale of the article, a price readjustment giving rise to an overpayment results:

(i) If the article is returned before use, and all of the purchase price is repaid to the vendee or credited to the vendee’s account, or

(ii) If the article is returned under an express or implied warranty as to quality or service, and all or a part of the purchase price is repaid to the vendee or credited to the vendee’s account, or
§53.174  27 CFR Ch. I (4–1–01 Edition)

(iii) If title is still in the seller, as, for example, in the case of certain installment sales contracts, and all or a part of the purchase price is repaid to the vendee or credited to the vendee’s account.

(2) Return of purchase price. For purposes of paragraph (b)(1) of this section, if all of the purchase price of an article has been returned to the vendee, except for an amount retained by the manufacturer pursuant to contract as reimbursement of expense incurred in connection with the sale (such as a handling or restocking charge), all of the purchase price is considered to have been returned to the vendee.

(3) Taxability of subsequent sale or use. If, under any of the conditions described in paragraph (b)(1) of this section, an article is returned to the manufacturer who paid the tax and all of the purchase price is returned to the vendee, the sale is considered to have been rescinded. Any subsequent sale or use of the article by the manufacturer will be considered to be an original sale or use of the article by the manufacturer which is subject to tax under Chapter 32 of the Code unless otherwise exempt. If under any such condition an article is returned to the manufacturer who paid the tax and only part of the purchase price is returned to the vendee, a subsequent sale of the article by the manufacturer will be subject to tax to the extent that the sale price exceeds the adjusted sale price of the first taxable sale.

(4) Treatment of other transactions as repurchases. Except as provided in paragraph (b)(1) of this section, a price readjustment will not result when a taxable article is returned to the manufacturer who paid the tax on the sale of the article, even though all or a part of the purchase price is repaid to the vendee or credited to the vendee’s account, since such a transaction will be considered to be a repurchase of the article.

(c) Repossession of an article. If a taxable article is repossessed by the manufacturer who paid the tax imposed by chapter 32 of the Code on the sale of the article, and all or a part of the purchase price is repaid to the vendee or credited to the vendee’s account, a price readjustment giving rise to an overpayment will result. However, if the manufacturer later resells the repossessed article for a price in excess of the original adjusted sale price, the manufacturer will be liable for tax under chapter 32 of the Code to the extent that the resale price exceeds the original adjusted sale price.

(d) Return or repossession of covering or container. If the covering or container of a taxable article is returned to, or repossessed by the manufacturer who paid the tax imposed by chapter 32 of the Code on the sale of the article, and all or a portion of the purchase price is repaid to the vendee or credited to the vendee’s account by reason of the return or repossession of the covering or container, a price adjustment giving rise to an overpayment will result. If a taxable article is considered to have been repurchased, as provided in paragraph (b)(4) of this section, and the covering or container accompanies the taxable article as part of the transaction, the covering or container will also be considered to have been repurchased.

(e) Bona fide discounts, rebates, or allowances—(1) In general. Except as provided in §53.175 (relating to readjustments in respect of local advertising), the basic consideration in determining, for purposes of this section, whether a bona fide discount, rebate, or allowance has been made is whether the price actually by, or charged against, the purchaser has in fact been reduced by subsequent transactions between the parties. Generally, the price will be considered to have been readjusted by reason of a bona fide discount, rebate, or allowance, only if the manufacturer who made the taxable sale repays a part of the purchase price in cash to the vendee, or credits the vendee’s account, or directly or indirectly reimburses a third party for part or all of the purchase price for the direct benefit of the vendee, in consideration of factors which, if taken into account at the time of the original transaction, would have resulted at that time in a lower sale price. For example, a price readjustment will be considered to have been made when a bona fide discount, rebate, or allowance is given in consideration of such factors as prompt
payment, quantity buying over a specified period, the vendee’s inventory of an article when new models are introduced, or a general price reduction affecting articles held in stock by the vendee as of a certain date. On the other hand, repayments made to the vendee do not effectuate price readjustments if given in consideration of circumstances under which the vendee has incurred, or is required to incur, an expense which, if treated as a separate item in the original transaction, would have been incudable in the price of the article for purposes of computing the tax.

Examples. The provisions of paragraph (e)(1) of this section may be illustrated by the following examples:

Example (1). B, a manufacturer of shotguns, bills its distributors in a specified amount per shotgun purchased by them. Thereafter, B issues to each distributor a credit memorandum in the amount of X dollars for each demonstration by the distributor of the shotguns at a sporting goods exhibition. The credit which B allows the distributor for demonstration of B’s product does not effect a readjustment of price.

Example (2). C, a manufacturer of firearms, bills its dealers in a specified amount per firearm purchased by them. Thereafter, C remits to the dealer X dollars of the original sale price for each firearm sold by the dealer. An additional amount of Y dollars is paid to the dealer upon a showing by the dealer that the dealer has paid Y dollars to the salesperson who made the sale. In this case, the X dollars paid to the dealer by C constitutes a bona fide discount, rebate, or allowance and does not, in and of itself, effect a readjustment of price.

(2) Inability to collect price. A charge-off of an amount outstanding in an open account, due to inability to collect, is not a bona fide discount, rebate, or allowance and does not, in and of itself, give rise to a price readjustment within the meaning of this section.

(3) Loss or damage in transit. If title to an article has passed to the vendee, the subsequent loss, damage, or destruction of the article while in the possession of a carrier for delivery to the vendee does not, in and of itself, effect the price at which the article was sold. However, if the article was sold under a contract providing that, if the article was lost, damaged, or destroyed in transit, title would revert to the vendor and the vendor would reimburse the vendee in full for the sale price, then the original sale is considered to have been rescinded. The vendor is entitled to credit or refund of the tax paid upon reimbursement of the full tax-included sale price to the vendee.

§ 53.175 Readjustment for local advertising charges.

(a) In general. If a manufacturer has paid the tax imposed by chapter 32 of the Code on the price of any article sold by the manufacturer and thereafter has repaid a portion of the price to the purchaser or any subsequent vendee in reimbursement of expenses for local advertising of the article or any other article sold by the manufacturer which is taxable at the same rate under the same section of chapter 32 of the Code, the reimbursement will be considered a price readjustment constituting an overpayment which the manufacturer may claim as a credit or refund. The amount of the reimbursement may not, however, exceed the limitation provided by section 4216(e)(2) of the Code and §53.101, determined as of the close of the calendar quarter in which the reimbursement is made or as of the close of any subsequent calendar quarter of the same calendar year in which it is made. The term ‘local advertising,’’ as used in this section, has the same meaning as prescribed by section 4216(e)(4) of the Code and includes generally, advertising which is broadcast over a radio station or television station, or appears in a newspaper or magazine, or is displayed by means of an outdoor advertising sign or poster.

(b) Local advertising charges excluded from taxable price in one year but repaid in following year—(1) Determination of price readjustments for year in which charge is repaid. If the tax imposed by chapter 32 of the Code was paid with respect to local advertising charges that were excluded in computing the taxable price of an article sold in any calendar year but are not repaid to the
§ 53.176 Supporting evidence required in case of price readjustments.

No credit or refund of an overpayment arising by reason of a price readjustment described in §53.174 or §53.175 shall be allowed unless the manufacturer who paid the tax submits a statement, supported by sufficient available evidence:

(a) Describing the circumstances which gave rise to the price readjustment,

(b) Identifying the article in respect of which the price readjustment was allowed,

(c) Showing the price at which the article was sold, the amount of tax paid in respect of the article, and the date on which the tax was paid,

(d) Giving the name and address of the purchaser to whom the article was sold, and

(e) Showing the amount repaid to the purchaser or credited to the purchaser’s account.

§ 53.177 Certain exportations, uses, sales, or resales causing overpayments of tax.

In the case of any payment of tax under chapter 32 of the Code that is determined to be an overpayment by reason of certain exportations, uses, sales, or resales described in section 6416(b)(2) of the Code and §53.178, the person who paid the tax may file a claim for refund of the overpayment or, in the case of overpayments under chapter 32 of the Code, may claim credit for the overpayment on any return of tax under this subpart which the person subsequently files. However, under the circumstances described in section 6416(c) of the Code and §53.184, the overpayments under chapter 32 may be refunded to an exporter or shipper. No interest shall be paid on any credit or refund allowed under this section. For provisions relating to the evidence required in support of a claim for credit or refund under this section, see 27 CFR 70.123 (Procedure and Administration) and 53.179. For provisions authorizing the taking of a credit in lieu of filing a claim for refund, see section 6416(d) of the Code and §53.185.

§ 53.178 Exportations, uses, sales, and resales included.

(a) In general. The payment of tax imposed by chapter 32 of the Code on the sale of any article, will be considered to be an overpayment by reason of any exportation, use, sale, or resale described in any one of paragraphs (b) to (e), inclusive, of this section. This section applies only in those cases where the exportation, use, sale, or resale (or any combination thereof) referred to in any one or more of these paragraphs occurs before any other use. If any article is sold or resold for a use described in any one of these paragraphs and is not in fact so used, the paragraph is treated in all respects as inapplicable.

(b) Exportation of tax-paid articles. A payment of tax under chapter 32 of the
Code on the sale of any article will be considered to be an overpayment under section 6416(b)(2)(A) of the Code if the article is by any person exported to a foreign country or shipped to a possession of the United States. It is immaterial for purposes of this paragraph, whether the person who made the taxable sale had knowledge at the time of the sale that the article was being purchased for export to a foreign country or shipment to a possession of the United States. See §53.184 for the circumstances under which a claim for refund by reason of the exportation of an article may be claimed by the exporter or shipper, rather than by the person who paid the tax. For definition of the term "possession of the United States", see §53.11.

(c) Supplies for vessels or aircraft. A payment of tax under chapter 32 of the Code on the sale of any article, will be considered to be an overpayment under section 6416(b)(2)(B) of the Code if the article is used by any person, or is sold by any person for use by the purchaser, as supplies for vessels or aircraft. The term "supplies for vessels or aircraft", as used in this paragraph, has the same meaning as when used in sections 4221(a)(3), 4221(d)(3), and 4221(e)(1) of the Code, and the regulations thereunder (§53.134(b)(1)).

(d) Use by State or local government. A payment of tax under chapter 32 of the Code on the sale of any article will be considered to be an overpayment under section 6416(b)(2)(C) of the Code if the article is sold by any person to a State, any political subdivision thereof, or the District of Columbia for the exclusive use of a State, any political subdivision thereof, or the District of Columbia. For provisions relating to tax-free sales to a State, any political subdivision thereof, or the District of Columbia, see section 4221(a)(4) of the Code and §53.131.

(e) Use by nonprofit educational organization. A payment of tax under chapter 32 of the Code on the sale of any article will be considered to be an overpayment under section 6416(b)(2)(D) of the Code if the article is sold by any person to a nonprofit educational organization for its exclusive use. The term "nonprofit educational organization", as used in this paragraph (e), has the same meaning as when used in section 4221(a)(5) or (d)(5) of the Code, whichever applies, and the regulations under §53.136.

§53.179 Supporting evidence required in case of manufacturers tax involving exportations, uses, sales, or resales.

(a) Evidence to be submitted by claimant. No claim for credit or refund of an overpayment, within the meaning of section 6416(b)(2) of the Code and §53.178, of tax under chapter 32 of the Code shall be allowed unless the person who paid the tax submits with the claim the evidence required by §53.172(b)(2) and a statement, supported by sufficient available evidence:

(1) Showing the amount claimed in respect of each category of exportations, uses, sales, or resales on which the claim is based and which give rise to a right of credit or refund under section 6416(b)(2) of the Code and §53.177, (2) Identifying the article, both as to nature and quantity, in respect of which credit or refund is claimed,

(3) Showing the amount of tax paid in respect of the article or articles and the dates of payment, and

(4) Indicating that the person claiming a credit or refund possesses evidence (as set forth in paragraph (b)(1) of this section) that the article has been exported, or has been used, sold, or resold in a manner or for a purpose which gives rise to an overpayment within the meaning of section 6416(b)(2) of the Code and §53.178.

(b) Evidence required to be in possession of claimant—(1) Evidence required under paragraph (a)(4)—(i) In general. The evidence required to be retained by the person who paid the tax, as provided in paragraph (a)(4) of this section, must, in the case of an article exported, consist of proof of exportation in the form prescribed in §53.133 or must, in the case of other articles sold tax-paid by that person, consist of a certificate, executed and signed by the ultimate purchaser of the article, in the form prescribed in paragraph (b)(1)(ii) of this section. However, if the article to which the claim relates has passed through a chain of sales from the person who paid the tax to the ultimate purchaser, the evidence required to be
§ 53.179  Retained by the person who paid the tax may consist of a certificate, executed and signed by the ultimate vendor of the article, in the form provided in paragraph (b)(1)(iii) of this section, rather than the proof of exportation itself or the certificate of the ultimate purchaser.

(ii) Certificate of ultimate purchaser.

(A) The certificate executed and signed by the ultimate purchaser of the article to which the claim relates must identify the article, both as to nature and quantity; show the address of the ultimate purchaser of the article, and the name and address of the ultimate vendor of the article; and describe the use actually made of the article in sufficient detail to establish that credit or refund is due, except that the use to be made of the article must be described in lieu of actual use if the claim is made by reason of the sale or resale of an article for a specified use which gives rise to the overpayment.

(B) If the certificate sets forth the use to be made of any article, rather than its actual use, it must show that the ultimate purchaser has agreed to notify the claimant if the article is not in fact used as specified in the certificate.

(C) The certificate must also contain a statement that the ultimate purchaser understands that the ultimate purchaser and any other party may, for fraudulent use of the certificate, be subject to all applicable criminal penalties under the Code.

(D) A purchase order will be acceptable in lieu of a separate certificate of the ultimate purchaser if it contains all the information required by this paragraph.

(iii) Certificate of ultimate vendor. Any certificate executed and signed by an ultimate vendor as evidence to be retained by the person who paid the tax as provided in paragraph (a)(4) of this section may be executed with respect to any one or more overpayments by the person which arose under section 6416(b)(2) and §53.178 by reason of exportations, uses, sales or resales, occurring within any period of not more than 12 consecutive calendar quarters, the beginning and ending dates of which are specified in the certificate. A certificate supporting a claim for credit or refund under this section shall contain the following:

(A) Name of ultimate vendor if other than person executing the certificate.

(B) Statement that article(s) was purchased by the ultimate vendor tax-paid and was thereafter exported, used, sold, or resold.

(C) Description of proof which supports exportation or certificate as to use executed by ultimate purchaser.

(D) Statement that ultimate vendor retains such proof for 3 years from the date of the statement and will, upon request, supply such proof at any time within such 3 year period to the taxpayer to establish that credit or refund is due in respect of the article.

(E) Statement that to the best knowledge and belief of the person executing the certificate, no statement in respect of the proof of exportation or certificate has previously been executed and that the person executing the certificate understands that any fraudulent use of the certificate may subject the person executing the certificate or any other party to all applicable criminal penalties under the Code.

(F) Name, title, address and signature of person executing certificate and date signed.

(G) Description of all articles covered by the certificate, with the corresponding vendor’s invoice number, date of resale of article, quantity, whether articles were exported or used and the use made of article or to be made of article.

(iv) ATF I 5600.33. ATF I 5600.33, Statement of Ultimate Vendor, is available from the Bureau’s Distribution Center which, when completed, contains all necessary information for a properly executed certificate. Additional copies may be reproduced as needed.

(2) Repayment or consent of ultimate vendor. If the person claiming credit or refund or an overpayment to which this section applies has repaid, or agreed to repay, the amount of the overpayment to the ultimate vendor or if the ultimate vendor consents to the allowance of the credit or refund, a statement to that effect signed by the ultimate vendor, must be shown on, or
made a part of, the supporting evidence required under this section to be retained by the person claiming the credit or refund. In this regard, see §53.172(b)(2).

§53.180 Tax-paid articles used for further manufacture and causing overpayments of tax.

In the case of any payment of tax under chapter 32 of the Code that is determined to be an overpayment under section 6416(b)(3) of the Code and §53.181 by reason of the sale of an article, directly or indirectly, by the manufacturer of the article to a subsequent manufacturer who uses the article in further manufacture of a second article or who sells the article with, or as a part of, the second article manufactured or produced by the subsequent manufacturer, the subsequent manufacturer may file claim for refund of the overpayment or may claim credit for the overpayment on any return of tax under this subpart subsequently filed. No interest shall be paid on any credit or refund allowed under this section. For provisions relating to the evidence required in support of a claim for credit or refund, see 27 CFR §70.123 (Procedure and Administration), 53.172 and 53.182. For provisions authorizing the taking of a credit in lieu of filing a claim for refund, see section 6416(d) of the Code and §53.185.

§53.182 Supporting evidence required in case of tax-paid articles used for further manufacture.

(a) Evidence to be submitted by claimant. No claim for credit or refund of an overpayment, within the meaning of section 6416(b)(3) of the Code and §53.181 shall be allowed unless the subsequent manufacturer submits with the claim the evidence required by §53.132 and a statement, supported by sufficient available evidence:

(1) Showing the amount claimed in respect of each category of exports, uses, or sales on which the claim is based and which give rise to a right of credit or refund under section 6416(b)(3) of the Code and §53.180.

(2) Showing the name and address of the manufacturer, producer, or importer of the article in respect of which credit or refund is claimed.

(3) Identifying the article, both as to nature and quantity, in respect of which credit or refund is claimed.

(4) Showing the amount of tax paid in respect of the article by the manufacturer or producer of the article and the date of payment.

(5) Indicating that the article was used by the claimant as material in the
manufacture or production of, or as a component part of, a second article manufactured or produced by the manufacturer or was sold on or in connection with, or with the sale of, a second article manufactured or produced by the manufacturer, and

(6) Identifying the second article, both as to nature and quantity.

(b) Evidence required to be in possession of claimant—

(1) Certificate of ultimate purchaser of second article. The certificate executed and signed by the ultimate purchaser of the second article must contain the same information as that required in §53.179(b)(1)(ii), except that the information must be furnished in respect of the second article, rather than the article to which the claim relates.

(2) Certificate of ultimate vendor of second article. Any certificate executed and signed by an ultimate vendor as evidence to be retained by the person claiming credit or refund must be executed in the same form and manner as that provided in §53.179(b)(2)(iii).

(3) Repayment or consent of ultimate vendor. If the person claiming credit or refund of an overpayment to which this section applies has repaid, or agreed to repay, the amount of the overpayment to the ultimate vendor or if the ultimate vendor consents to the allowance of the credit or refund, a statement to that effect, signed by the ultimate vendor, must be shown on, or made a part of, the evidence required to be retained by the person claiming the credit or refund. In this regard, see §53.172(b)(2).

§53.183 Return of installment accounts causing overpayments of tax.

(a) In general. In the case of any payment of tax under section 4216(d)(1) of the Code in respect of the sale of any installment account that is determined to be an overpayment under section 6416(b)(5) of the Code and paragraph (b) of this section upon return of the installment account, the person who paid the tax may file a claim for refund of the overpayment or may claim credit for the overpayment on any return of tax under this subpart which that person subsequently files. No interest shall be paid on any credit or refund allowed under this section. For provisions relating to the evidence required in support of a claim for credit or refund under this section, see 27 CFR 70.123 (Procedure and Administration) and paragraph (c) of this section. For provisions authorizing the taking of a credit in lieu of filing a claim for refund, see section 6416(d) of the Code and §53.183.

(b) Overpayment of tax allocable to repaid consideration. The payment of tax imposed by section 4216(d)(1) of the Code on the sale of an installment account by the manufacturer will be considered to be an overpayment under section 6416(b)(5) of the Code to the extent of the tax allocable to any consideration repaid or credited to the purchaser of the installment account upon the return of the account to the manufacturer pursuant to the agreement under which the account originally was sold, if the readjustment of the consideration occurs pursuant to the provisions of the agreement. The tax allocable to the repaid or credited consideration is the amount which bears the same ratio to the total tax paid under section 4216(d)(1) of the Code with respect to the installment account as the amount of consideration repaid or credited to the purchaser bears to the total consideration for which the account was sold. This paragraph (b) does not apply where an installment account is originally sold pursuant to the order of, or subject to the approval of, a court of competent jurisdiction in a bankruptcy or insolvency proceeding.

(c) Evidence to be submitted by claimant. No claim for credit or refund of an overpayment, within the meaning of section 6416(b)(5) of the Code and paragraph (b) of this section, of tax under section 4216(d)(1) of the Code shall be allowed unless the person who paid the tax submits with the claim a statement, supported by sufficient available evidence, indicating:

(1) The name and address of the person to whom the installment account was sold,

(2) The amount of tax due under section 4216(d)(1) of the Code by reason of the sale of the installment account, the amount of the tax paid under section
§ 53.184 Refund to exporter or shipper.

(a) In general. Any payment of tax imposed by chapter 32 of the Code that is determined to be an overpayment within the meaning of section 6416(b)(2)(A) of the Code and §§ 53.178 and 53.179, by reason of the exportation of any article may be refunded to the exporter or shipper of the article pursuant to section 6416(c) of the Code, if:

(1) The exporter or shipper files a claim for refund of the overpayment, and

(2) The person who paid the tax waives the right to claim credit or refund of the tax.

No interest shall be paid on any refund allowed under this section. For provisions relating to the evidence required in support of a claim under this paragraph, see 27 CFR 70.123 (Procedure and Administration) and paragraph (b) of this section.

(b) Supporting evidence required. No claim for refund of any overpayment of tax to which this section applies shall be allowed unless the exporter or shipper submits with that claim proof of exportation in the form prescribed by §53.133, and a statement, signed by the person who paid the tax, showing:

(1) That the person who paid the tax waives the right to claim credit or refund of the tax, and

(2) The amount of tax paid on the sale of the article and the date of payment.

§ 53.185 Credit on returns.

Any person entitled to claim refund of any overpayment of tax imposed by chapter 32 of the Code may, in lieu of claiming refund of the overpayment, claim credit for the overpayment on any return of tax under this subpart subsequently filed. Any such credit claimed on a return must be supported by the evidence prescribed in the applicable regulations in this subpart and 27 CFR 70.123 (Procedure and Administration).

§ 53.186 Accounting procedures for like articles.

(a) Identification of manufacturer. In applying section 6416 of the Code and the regulations thereunder, a person who has purchased like articles from various manufacturers may determine the particular manufacturer from whom that person purchased any one of those articles by a first-in, first-out (FIFO) method, by a last-in, first-out (LIFO) method, or by any other consistent method approved by the regional director. For the first year for which a person makes a determination under this section, the person may adopt any one of the following methods without securing prior approval by the regional director.

(1) FIFO method.

(2) LIFO method.

(3) Any method by which the actual manufacturer of the article is in fact identified.

(4) Any other method of determining the manufacturer of a particular article must be approved by the regional director before its adoption. After any method for identifying the manufacturer has been properly adopted, it may not be changed without first securing the consent of the regional director.

(b) Determining amount of tax paid. In applying section 6416 and §§53.171–53.186, if the identity of the manufacturer of any article has been determined by a person pursuant to a method prescribed in paragraph (a) of this section, that manufacturer of the article must determine the tax paid under chapter 32 of the Code with respect to that article consistently with the method used in identifying the manufacturer.

A licensee or permittee who does not file an application within 30 days from the date of his indictment or information, or within 30 days from the date his conviction becomes final, shall not continue licensed or permit operations beyond 30 days from the date of his indictment or information or beyond 30 days from the date his conviction becomes final.

(2) In the event the term of a license or permit of a person expires during the 30 day period following the date of indictment of information of during the 30 day period after the date upon which his conviction becomes final or while his application for relief is pending, he shall file a timely application for renewal of his license or permit in order to continue licensed or permit operations. The license or permit application is to show that the applicant has been indicted or under information for, or convicted of, a crime punishable by imprisonment for a term exceeding one year.

(3) A licensee or permittee shall not continue licensed or permit operations beyond 30 days following the date the Director issues notification that the licensee’s or permittee’s application for renewal of license or permit in order to continue licensed or permit operations. The license or permit application is to show that the applicant has been indicted or under information for, or convicted of, a crime punishable by imprisonment for a term exceeding one year.

(4) When a licensee or permittee may no longer continue licensed or permit operations under this section, any application for renewal of license or permit filed by the licensee or permittee while his application for removal of disabilities resulting from an indictment, information or conviction has been denied.

(See
§ 55.180 Prohibitions relating to unmarked plastic explosives.

(a) No person shall manufacture any plastic explosive that does not contain a detection agent.

(b) No person shall import or bring into the United States, or export from the United States, any plastic explosive that does not contain a detection agent. This paragraph does not apply to the importation or bringing into the United States, or the exportation from the United States, of any plastic explosive that was imported or brought into, or manufactured in the United States prior to April 24, 1996, or on behalf of any agency of the United States performing military or police functions (including any military reserve component) or by or on behalf of the National Guard of any State, not later than 15 years after the date of entry into force of the Convention on the Marking of Plastic Explosives with respect to the United States, i.e., not later than June 21, 2013.

(c) No person shall ship, transport, transfer, receive, or possess any plastic explosive that does not contain a detection agent. This paragraph does not apply to:

(1) The shipment, transportation, receipt, or possession of any plastic explosive that was imported or brought into, or manufactured in the United States prior to April 24, 1996, by any person during the period beginning on that date and ending on April 24, 1999; or

(d) When used in this subpart, terms are defined as follows:

(3) Detection agent means any one of the substances specified in this paragraph when introduced into a plastic explosive or formulated in such explosive as a part of the manufacturing process in such a manner as to achieve homogeneous distribution in the finished explosive, including—

(i) Ethylene glycol dinitrate (EGDN), C$_2$H$_4$(NO$_3$)$_2$, molecular weight 152, when the minimum concentration in the finished explosive is 0.2 percent by mass;

(v) Any other substance in the concentration specified by the Director, after consultation with the Secretary of State and Secretary of Defense, that has been added to the table in Part 2 of the Technical Annex to the Convention on the Marking of Plastic Explosives.

(4) Plastic explosive means an explosive material in flexible or elastic sheet form formulated with one or more high explosives which in their
pure form has a vapor pressure less than $10^{-4}$ Pa at a temperature of 25°C, is formulated with a binder material, and is as a mixture malleable or flexible at normal room temperature. *High explosives*, as defined in §55.202(a), are explosive materials which can be caused to detonate by means of a blasting cap when unconfined.

§ 55.181 Reporting of plastic explosives.

All persons, other than an agency of the United States (including any military reserve component) or the National Guard of any State, possessing any plastic explosive on April 24, 1996, shall submit a report to the Director no later than August 22, 1996. The report shall be in writing and mailed by certified mail (return receipt requested) to the Director at P.O. Box 50204, Washington, DC 20091–0204. The report shall include the quantity of plastic explosives possessed on April 24, 1996; any marks of identification on such explosives; the name and address of the manufacturer or importer; the storage location of such explosives, including the city and State; and the name and address of the person possessing the plastic explosives.

§ 55.182 Exceptions.

It is an affirmative defense against any proceeding involving §§55.180 and 55.181 if the proponent proves by a preponderance of the evidence that the plastic explosive—

(a) Consisted of a small amount of plastic explosive intended for and utilized solely in lawful—

Subpart K—Storage

§ 55.201 General.  
(a) Section 842(j) of the Act and § 55.29
of this part require that the storage of
explosive materials by any person must
be in accordance with the regulations
in this part. Further, section 846 of this
Act authorizes regulations to prevent
the recurrence of accidental explo-
sions in which explosive materials were
involved. The storage standards pre-
scribed by this subpart confer no right
or privileges to store explosive mate-
rials in a manner contrary to State or
local law.

(b) The Director may authorize alter-
нате construction for explosives stor-
age magazines when it is shown that
the alternate magazine construction is
substantially equivalent to the stand-
ards of safety and security contained in
this subpart. Any alternate explosive
magazine construction approved by the
Director prior to August 9, 1982, will
continue as approved unless notified in
writing by the Director. Any person in-
tending to use alternate magazine con-
struction shall submit a letter applica-
tion to the regional director (compli-
ance) for transmittal to the Director,
specifically describing the proposed
magazine. Explosive materials may not
be stored in alternate magazines before
the applicant has been notified that
the application has been approved.

(c) A licensee or permittee who in-
tends to make changes in his maga-
zines, or who intends to construct or
acquire additional magazines, shall
comply with § 55.63.

(d) The regulations set forth in
§§ 55.221 through 55.224 pertain to the
storage of display fireworks, pyro-
technic compositions, and explosive
materials used in assembling fireworks
and articles pyrotechnic.

(e) The provisions of § 55.202(a)
classifying flash powder and bulk sal-
lutes as high explosives are mandatory
after March 7, 1990: Provided, that those
persons who hold licenses or permits
under this part on that date shall, with
respect to the premises covered by such
licenses or permits, comply with the
high explosives storage requirements
for flash powder and bulk salutes by

(f) Any person who stores explosive
materials shall notify the authority
having jurisdiction for fire safety in
the locality in which the explosive ma-
terials are being stored of the type,
magazine capacity, and location of
each site where such explosive mate-
rials are stored. Such notification shall
be made orally before the end of the
day on which storage of the explosive
materials commenced and in writing
within 48 hours from the time such
storage commenced.

§ 55.202 Classes of explosive materials.  
For purposes of this part, there are
three classes of explosive materials.
These classes, together with the de-
scription of explosive materials com-
prising each class, are as follows:

(a) High explosives. Explosive mate-
rials which can be caused to detonate
by means of a blasting cap when unconfined, (for example, dynamite, flash powders, and bulk salutes). See also §55.201(e).

(b) Low explosives. Explosive materials which can be caused to deflagrate when confined (for example, black powder, safety fuses, igniters, igniter cords, fuse lighters, and “display fireworks” classified as UN0333, UN0334, or UN0335 by the U.S. Department of Transportation regulations at 49 CFR 172.101, except for bulk salutes).

(c) Blasting agents. (For example, ammonium nitrate-fuel oil and certain water-gels (see also §55.11).

§55.203 Types of magazines.

For purposes of this part, there are five types of magazines. These types, together with the classes of explosive materials, as defined in §55.202, which will be stored in them, are as follows:

(a) Type 1 magazines. Permanent magazines for the storage of high explosives, subject to the limitations prescribed by §§55.206 and 55.213. Other classes of explosive materials may also be stored in type 1 magazines.

(b) Type 2 magazines. Mobile and portable indoor and outdoor magazines for the storage of high explosives, subject to the limitations prescribed by §§55.206, 55.208(b), and 55.213. Other classes of explosive materials may also be stored in type 2 magazines.

(c) Type 3 magazines. Portable outdoor magazines for the temporary storage of high explosives while attended (for example, a “day-box”), subject to the limitations prescribed by §§55.206 and 55.213. Other classes of explosives may also be stored in type 3 magazines.

(d) Type 4 magazines. Magazines for the storage of low explosives, subject to the limitations prescribed by §§55.206(b), 55.210(b), and 55.213. Blasting agents may be stored in type 4 magazines, subject to the limitations prescribed by §§55.206(c), 55.211(b), and 55.213. Detonators that will not mass detonate may also be stored in type 4 magazines, subject to the limitations prescribed by §§55.206(a), 55.210(b), and 55.213.

(e) Type 5 magazines. Magazines for the storage of blasting agents, subject to the limitations prescribed by §§55.206(c), 55.211(b), and 55.213.

§55.204 Inspection of magazines.

Any person storing explosive materials shall inspect his magazines at least every seven days. This inspection need not be an inventory, but must be sufficient to determine whether there has been unauthorized entry or attempted entry into the magazines, or unauthorized removal of the contents of the magazines.

§55.205 Movement of explosive materials.

All explosive materials must be kept in locked magazines meeting the standards in this subpart unless they are:

(a) In the process of manufacture;

(b) Being physically handled in the operating process of a licensee or user;

(c) Being used; or

(d) Being transported to a place of storage or use by a licensee or permittee or by a person who has lawfully acquired explosive materials under §55.106.

§55.206 Location of magazines.

(a) Outdoor magazines in which high explosives are stored must be located no closer to inhabited buildings, passenger railways, public highways, or other magazines in which high explosives are stored, than the minimum distances specified in the table of distances for storage of explosive materials in §55.218.

(b) Outdoor magazines in which low explosives are stored must be located no closer to inhabited buildings, passenger railways, public highways, or other magazines in which explosive materials are stored, than the minimum distances specified in the table of distances for storage of low explosives in §55.219, except that the table of distances in §55.224 shall apply to the storage of display fireworks. The distances shown in §55.219 may not be reduced by the presence of barricades.

(c)(1) Outdoor magazines in which blasting agents in quantities of more than 50 pounds are stored must be located no closer to inhabited buildings,
passenger railways, or public highways than the minimum distances specified in the table of distances for storage of explosive materials in §55.218.

(2) Ammonium nitrate and magazines in which blasting agents are stored must be located no closer to magazines in which high explosives or other blasting agents are stored than the minimum distances specified in the table of distances for the separation of ammonium nitrate and blasting agents in §55.220. However, the minimum distances for magazines in which explosives and blasting agents are stored from inhabited buildings, etc., may not be less than the distances specified in the table of distances for storage of explosives materials in §55.218.

§ 55.207 Construction of type 1 magazines.

A type 1 magazine is a permanent structure: a building, an igloo or “Army-type structure”, a tunnel, or a dugout. It is to be bullet-resistant, fire-resistant, weather-resistant, theft-resistant, and ventilated.

(a) Buildings. All building type magazines are to be constructed of masonry, wood, metal, or a combination of these materials, and have no openings except for entrances and ventilation. The ground around building magazines must slope away for drainage or other adequate drainage provided.

(1) Masonry wall construction. Masonry wall construction is to consist of brick, concrete, tile, cement block, or cinder block and be not less than 6 inches in thickness. Hollow masonry units used in construction must have all hollow spaces filled with well-tamped, coarse, dry sand or weak concrete (at least a mixture of one part cement and eight parts of sand with enough water to dampen the mixture while tamping in place). Interior walls are to be constructed of, or covered with, a nonsparking material.

(2) Fabricated metal wall construction. Metal wall construction is to consist of sectional sheets of steel or aluminum not less than number 14-gauge, securely fastened to a metal framework. Metal wall construction is either lined inside with brick, solid cement blocks, hardwood not less than four inches thick, or will have at least a six inch sand fill between interior and exterior walls. Interior walls are to be constructed of, or covered with, a nonsparking material.

(3) Wood frame wall construction. The exterior of outer wood walls is to be covered with iron or aluminum not less than number 26-gauge. An inner wall of, or covered with nonsparking material will be constructed so as to provide a space of not less than six inches between the outer and inner walls. The space is to be filled with coarse, dry sand or weak concrete.

(4) Floors. Floors are to be constructed of, or covered with, a nonsparking material and shall be strong enough to bear the weight of the maximum quantity to be stored. Use of pallets covered with a nonsparking material is considered equivalent to a floor constructed of or covered with a nonsparking material.

(5) Foundations. Foundations are to be constructed of brick, concrete, cement block, stone, or wood posts. If piers or posts are used, in lieu of a continuous foundation, the space under the buildings is to be enclosed with metal.

(6) Roof. Except for buildings with fabricated metal roofs, the outer roof is to be covered with no less than number 26-gauge iron or aluminum, fastened to at least 5/8 inch sheathing.

(7) Bullet-resistant ceilings or roofs. Where it is possible for a bullet to be fired directly through the roof and into the magazine at such an angle that the bullet would strike the explosives within, the magazine is to be protected by one of the following methods:

(i) A sand tray lined with a layer of building paper, plastic, or other nonporous material, and filled with not less than four inches of coarse, dry sand, and located at the tops of inner walls covering the entire ceiling area, except that portion necessary for ventilation.

(ii) A fabricated metal roof constructed of 3/16-inch plate steel lined with four inches of hardwood. (For each additional 1/8 inch of plate steel, the hardwood lining may be decreased one inch.)
§ 55.208 Construction of type 2 magazines.

A type 2 magazine is a box, trailer, semitrailer, or other mobile facility.

(a) Outdoor magazines—(1) General. Outdoor magazines are to be bullet-resistant, fire-resistant, weather-resistant, theft-resistant, and ventilated. They are to be supported to prevent direct contact with the ground and, if less than one cubic yard in size, must be securely fastened to a fixed object. The ground around outdoor magazines must slope away for drainage or other adequate drainage provided. When unattended, vehicular magazines must have wheels removed or otherwise effectively immobilized by kingpin locking devices or other methods approved by the Director.

(2) Exterior construction. The exterior and doors are to be constructed of not less than ¼-inch steel and lined with at least two inches of hardwood. Magazines with top openings will have lids with water-resistant seals or which overlap the sides by at least one inch when in a closed position.

(3) Hinges and hasps. Hinges and hasps are to be attached to doors by welding, riveting, or bolting (nuts on inside of door). Hinges and hasps must be installed so that they cannot be removed when the doors are closed and locked.

(4) Locks. Each door is to be equipped with (i) two mortise locks; (ii) two padlocks fastened in separate hasps and staples; (iii) a combination of a mortise lock and a padlock; (iv) a mortise lock that requires two keys to open; or (v) a three-point lock. Padlocks must be protected with not less than 1/4-inch steel hoods constructed so as to prevent sawing or cutting contact with explosive materials. They must have an earth mound covering of not less than 24 inches on the top, sides and rear unless the magazine meets the requirements of paragraph (a)(7) of this section. Interior walls and floors must be constructed of, or covered with, a nonsparking material. Magazines of this type are also to be constructed in conformity with the requirements of paragraph (a)(4) and paragraphs (a)(8) through (11) of this section.

(b) Igloos, “Army-type structures”, tunnels, and dugouts. Igloo, “Army-type structure”, tunnel, and dugout magazines are to be constructed of reinforced concrete, masonry, metal, or a combination of these materials. They must have an earth mound covering of not less than 24 inches on the top, sides and rear unless the magazine meets the requirements of paragraph (a)(7) of this section. Interior walls and floors must be constructed of, or covered with, a nonsparking material. Magazines of this type are also to be constructed in conformity with the requirements of paragraph (a)(4) and paragraphs (a)(8) through (11) of this section.
§ 55.209

lever action on the locks, hasps, and staples. These requirements do not apply to magazine doors that are adequately secured on the inside by means of a bolt, lock, or bar that cannot be actuated from the outside.

(b) Indoor magazines—(1) General. Indoor magazines are to be fire-resistant and theft-resistant. They need not be bullet-resistant and weather-resistant if the buildings in which they are stored provide protection from the weather and from bullet penetration. No indoor magazine is to be located in a residence or dwelling. The indoor storage of high explosives must not exceed a quantity of 50 pounds. More than one indoor magazine may be located in the same building if the total quantity of explosive materials stored does not exceed 50 pounds. Detonators must be stored in a separate magazine (except as provided in §55.213) and the total quantity of detonators must not exceed 5,000.

(2) Exterior construction. Indoor magazines are to be constructed of wood or metal according to one of the following specifications:

(i) Wood indoor magazines are to have sides, bottoms and doors constructed of at least two inches of hard- wood and are to be well braced at the corners. They are to be covered with sheet metal of not less than number 26-gauge (.0179 inches). Nails exposed to the interior of magazines must be countersunk.

(ii) Metal indoor magazines are to have sides, bottoms and doors constructed of not less than number 12-gauge (.1046 inches) metal and be lined inside with a nonsparking material. Edges of metal covers must overlap sides at least one inch.

(3) Hinges and hasps. Hinges and hasps are to be attached to doors by welding, riveting, or bolting (nuts on inside of door). Hinges and hasps must be installed so that they cannot be removed when the doors are closed and locked.

(4) Locks. Each door is to be equipped with (i) two mortise locks; (ii) two padlocks fastened in separate hasps and staples; (iii) a combination of a mortise lock and a padlock; (iv) a mortise lock that requires two keys to open; or (v) a three-point lock. Padlocks must have at least five tumblers and a case-hardened shackle of at least ¾-inch diameter. Padlocks must be protected with not less than ¼-inch steel hoods constructed so as to prevent sawing or lever action on the locks, hasps, and staples. Indoor magazines located in secure rooms that are locked as provided in this subparagraph may have each door locked with one steel padlock (which need not be protected by a steel hood) having at least five tumblers and a case-hardened shackle of at least ¾-inch diameter, if the door hinges and lock hasp are securely fastened to the magazine. These requirements do not apply to magazine doors that are adequately secured on the inside by means of a bolt, lock, or bar that cannot be actuated from the outside.

(c) Detonator boxes. Magazines for detonators in quantities of 100 or less are to have sides, bottoms and doors constructed of not less than number 12-gauge (.1046 inches) metal and lined with a nonsparking material. Hinges and hasps must be attached so they cannot be removed from the outside. One steel padlock (which need not be protected by a steel hood) having at least five tumblers and a case-hardened shackle of at least ¾-inch diameter is sufficient for locking purposes.

§ 55.209 Construction of type 3 magazines.

A type 3 magazine is a “day-box” or other portable magazine. It must be fire-resistant, weather-resistant, and theft-resistant. A type 3 magazine is to be constructed of not less than number 12-gauge (.1046 inches) steel, lined with at least either ½-inch plywood or ½-inch Masonite-type hardboard. Doors must overlap sides by at least one inch. Hinges and hasps are to be attached by welding, riveting or bolting (nuts on inside). One steel padlock (which need not be protected by a steel hood) having at least five tumblers and a case-hardened shackle of at least ¾-inch diameter is sufficient for locking purposes. Explosive materials are not to be left unattended in type 3 magazines and must be removed to type 1 or 2 magazines for unattended storage.
§ 55.210 Construction of type 4 magazines.

A type 4 magazine is a building, igloo or "Army-type structure", tunnel, dug-out, box, trailer, or a semitrailer or other mobile magazine.

(a) Outdoor magazines—(1) General. Outdoor magazines are to be fire-resistant, weather-resistant, and theft-resistant. The ground around outdoor magazines must slope away for drainage or other adequate drainage be provided. When unattended, vehicular magazines must have wheels removed or otherwise be effectively immobilized by kingpin locking devices or other methods approved by the Director.

(2) Construction. Outdoor magazines are to be constructed of masonry, metal-covered wood, fabricated metal, or a combination of these materials. Foundations are to be constructed of brick, concrete, cement block, stone, or metal or wood posts. If piers or posts are used, in lieu of a continuous foundation, the space under the building is to be enclosed with fire-resistant material. The walls and floors are to be constructed of, or covered with, a nonsparking material or lattice work. The doors must be metal or solid wood covered with metal.

(3) Hinges and hasps. Hinges and hasps are to be attached to doors by welding, riveting, or bolting (nuts on inside of door). Hinges and hasps must be installed so that they cannot be removed when the doors are closed and locked.

(4) Locks. Each door is to be equipped with (i) two mortise locks; (ii) two padlocks fastened in separate hasps and staples; (iii) a combination of a mortise lock and a padlock; (iv) a mortise lock that requires two keys to open; or (v) a three-point lock. Padlocks must have at least five tumblers and a case-hardened shackle of at least 3/8 inch diameter. Padlocks must be protected with not less than 1/4 inch steel hoods constructed so as to prevent sawing or lever action on the locks, hasps, and staples. Indoor magazines located in secure rooms that are locked as provided in this subparagraph may have each door locked with one steel padlock (which need not be protected by a steel hood) having at least five tumblers and a case-hardened shackle of at least 3/8 inch diameter, if the door hinges and lock hasp are securely fastened to the magazine. These requirements do not apply to magazine doors that are adequately secured on the inside by means of a bolt, lock, or bar that cannot be actuated from the outside.

(b) Indoor magazine—(1) General. Indoor magazines are to be fire-resistant and theft-resistant. They need not be weather-resistant if the buildings in which they are stored provide protection from the weather. No indoor magazine is to be located in a residence or dwelling. The indoor storage of low explosives must not exceed a quantity of 50 pounds. More than one indoor magazine may be located in the same building if the total quantity of explosive materials stored does not exceed 50 pounds. Detonators that will not mass detonate must be stored in a separate magazine and the total number of electric detonators must not exceed 5,000.

(2) Construction. Indoor magazines are to be constructed of masonry, metal-covered wood, fabricated metal, or a combination of these materials. The walls and floors are to be constructed of, or covered with, a nonsparking material. The doors must be metal or solid wood covered with metal.
§ 55.211 Construction of type 5 magazines.

A type 5 magazine is a building, igloo or "Army-type structure", tunnel, dug-out, bin, box, trailer, or a semitrailer or other mobile facility.

(a) Outdoor magazines—(1) General. Outdoor magazines are to be weather-resistant and theft-resistant. The ground around magazines must slope away for drainage or other adequate drainage be provided. When unattended, vehicular magazines must have wheels removed or otherwise be effectively immobilized by kingpin locking devices or other methods approved by the Director.

(2) Construction. The doors are to be constructed of solid wood or metal.

(3) Hinges and hasps. Hinges and hasps are to be attached to doors by welding, riveting, or bolting (nuts on inside of door). Hinges and hasps must be installed so that they cannot be removed when the doors are closed and locked.

(4) Locks. Each door is to be equipped with (i) two mortise locks; (ii) two padlocks fastened in separate hasps and staples; (iii) a combination of a mortise lock and a padlock; (iv) a mortise lock that requires two keys to open; or (v) a three-point lock. Padlocks must have at least five tumblers and a case-hardened shackle of at least 3/8 inch diameter. Padlocks must be protected with not less than 1/4 inch steel hoods constructed so as to prevent sawing or lever action on the locks, hasps, and staples. Indoor magazines located in secure rooms that are locked as provided in this subparagraph may have each door locked with one steel padlock (which need not be protected by a steel hood) having at least five tumblers and a case-hardened shackle of at least 3/8 inch diameter, if the door hinges and lock hasps are securely fastened to the magazine and to the door frame. These requirements do not apply to magazine doors that are adequately secured on the inside by means of a bolt, lock, or bar that cannot be actuated from the outside.

§ 55.212 Smoking and open flames.

Smoking, matches, open flames, and spark producing devices are not permitted:

(a) In any magazine;
(b) Within 50 feet of any outdoor magazine; or
(c) Within any room containing an indoor magazine.
§ 55.213 Quantity and storage restrictions.

(a) Explosive materials in excess of 300,000 pounds or detonators in excess of 20 million are not to be stored in one magazine unless approved by the Director.

(b) Detonators are not to be stored in the same magazine with other explosive materials, except under the following circumstances:

1. In a type 4 magazine, detonators that will not mass detonate may be stored with electric squibs, safety fuse, igniters, and igniter cord.
2. In a type 1 or type 2 magazine, detonators may be stored with delay devices and any of the items listed in paragraph (b)(1) of this section.

§ 55.214 Storage within types 1, 2, 3, and 4 magazines.

(a) Explosive materials within a magazine are not to be placed directly against interior walls and must be stored so as not to interfere with ventilation. To prevent contact of stored explosive materials with walls, a non-sparking lattice work or other non-sparking material may be used.

(b) Containers of explosive materials are to be stored so that marks are visible. Stocks of explosive materials are to be stored so they can be easily counted and checked upon inspection.

(c) Except with respect to fiberboard or other nonmetal containers, containers of explosive materials are not to be unpacked or repacked inside a magazine or within 50 feet of a magazine, and must not be unpacked or repacked close to other explosive materials. Containers of explosive materials must be closed while being stored.

(d) Tools used for opening or closing containers of explosive materials are to be of nonsparking materials, except that metal slitters may be used for opening fiberboard containers. A wood wedge and a fiber, rubber, or wooden mallet are to be used for opening or closing wood containers of explosive materials. Metal tools other than non-sparking transfer conveyors are not to be stored in any magazine containing high explosives.

§ 55.215 Housekeeping.

Magazines are to be kept clean, dry, and free of grit, paper, empty packages and containers, and rubbish. Floors are to be regularly swept. Brooms and other utensils used in the cleaning and maintenance of magazines must have no spark-producing metal parts, and may be kept in magazines. Floors stained by leakage from explosive materials are to be cleaned according to instructions of the explosives manufacturer. When any explosive material has deteriorated it is to be destroyed in accordance with the advice or instructions of the manufacturer. The area surrounding magazines is to be kept clear of rubbish, brush, dry grass, or trees (except live trees more than 10 feet tall), for not less than 25 feet in all directions. Volatile materials are to be kept a distance of not less than 50 feet from outdoor magazines. Living foliage which is used to stabilize the earthen covering of a magazine need not be removed.

§ 55.216 Repair of magazines.

Before repairing the interior of magazines, all explosive materials are to be removed and the interior cleaned. Before repairing the exterior of magazines, all explosive materials must be removed if there exists any possibility that repairs may produce sparks or flame. Explosive materials removed from magazines under repair must be

(a) placed in other magazines appropriate for the storage of those explosive materials under this subpart, or
(b) placed a safe distance from the magazines under repair where they are to be properly guarded and protected until the repairs have been completed.

§ 55.217 Lighting.

(a) Battery-activated safety lights or battery-activated safety lanterns may be used in explosives storage magazines.

(b) Electric lighting used in any explosives storage magazine must meet the standards prescribed by the “National Electrical Code,” (National Fire Protection Association, NFPA 70-81),
§ 55.218

27 CFR Ch. I (4–1–01 Edition)

for the conditions present in the magazine at any time. All electrical switches are to be located outside of the magazine and also meet the standards prescribed by the National Electrical
Code.

(c) Copies of invoices, work orders or
similar documents which indicate the
lighting complies with the National
Electrical Code must be available for
inspection by ATF officers.

§ 55.219  
Table: American Table of Distances for Storage of Explosives (December 1910), as revised and approved by the Institute of Makers of Explosives—July, 1991.

Notes to the Table of Distances for Storage of Explosives

1. Terms found in the table of distances for storage of explosive materials are defined in § 55.11.

2. When two or more storage magazines are located on the same property, each magazine must comply with the minimum distances specified from inhabited buildings, railways, and highways, and, in addition, they should be separated from each other by not less than the distances shown for “Separation of Magazines,” except that the quantity of explosives contained in cap magazines shall govern in regard to the spacing of said cap magazines from magazines containing other explosives. If any two or more magazines are separated from each other by less than the specified “Separation of Magazines” distances, then such two or more magazines, as a group, must be considered as one magazine, and the total quantity of explosives stored in such group must be treated as if stored in a single magazine located on the site of any magazine of the group, and must comply with the minimum of distances specified from other magazines, inhabited buildings, railways, and highways.

3. All types of blasting caps in strengths through No. 8 cap should be rated at 1 1⁄2 lbs. of explosives per 1,000 caps (1.5 lbs.). For strengths higher than No. 8 cap, consult the manufacturer.

4. For quantity and distance purposes, detonating cord of 50 or 60 grains per foot should be calculated as equivalent to 9 lbs. of high explosives per 1,000 feet. Heavier or lighter core loads should be rated proportionately.

Notes of Table of Separation Distances of Ammonium Nitrate and Blasting Agents From Explosives or Blasting Agents

(1) This table specifies separation distances to prevent explosion of ammonium nitrate and ammonium nitrate-based blasting agents by propagation from nearby stores of high explosives or blasting agents referred to in the table as the “donor.” Ammonium nitrate, by itself, is not considered to be a donor when applying this table. Ammonium nitrate, ammonium nitrate-fuel oil or combinations thereof are acceptors. If stores of ammonium nitrate are located within the sympathetic detonation distance of explosives or blasting agents, one-half the mass of the ammonium nitrate is to be included in the mass of the donor.

(2) When the ammonium nitrate and/or blasting agent is not barricaded, the distances shown in the table must be multiplied by six. These distances allow for the possibility of high velocity metal fragments from mixers, hoppers, truck bodies, sheet metal structures, metal containers, and the like which may enclose the “donor.” Where explosives storage is in bullet-resistant magazines or where the storage is protected by a bullet-resistant wall, distances and barricade thicknesses in excess of those prescribed in the table in §55.218 are not required.

(3) These distances apply to ammonium nitrate that passes the insensitivity test prescribed in the definition of ammonium nitrate fertilizer issued by the Fertilizer Institute. Ammonium nitrate failing to pass the test must be stored at separation distances in accordance with the table in §55.218.

(4) These distances apply to blasting agents which pass the insensitivity test prescribed in regulations of the U.S. Department of Transportation (49 CFR part 173).

(5) Earth or sand dikes, or enclosures filled with the prescribed minimum thickness of earth or sand are acceptable artificial barricades. Natural barricades, such as hills or timber of sufficient density that the surrounding exposures which require protection cannot be seen from the “donor” when the trees are bare of leaves, are also acceptable.

(6) For determining the distances to be maintained from inhabited buildings, passenger railways, and public highways, use the table in §55.218.

§ 55.221 Requirements for display fireworks, pyrotechnic compositions, and explosive materials used in assembling fireworks or articles pyrotechnic.

(a) Display fireworks, pyrotechnic compositions, and explosive materials used to assemble fireworks and articles pyrotechnic shall be stored at all times as required by this Subpart unless they are in the process of manufacture, assembly, packaging, or are being transported.

(b) No more than 500 pounds (227 kg) of pyrotechnic compositions or explosive materials are permitted at one time in any fireworks mixing building.

1 Net weight is the weight of all pyrotechnic compositions, and explosive materials and fuse only.
2 The distances in this column apply only with natural or artificial barricades. If such barricades are not used, the distances must be doubled.
3 While consumer fireworks or articles pyrotechnic in a finished state are not subject to regulation, explosive materials used to manufacture or assemble such fireworks or articles are subject to regulation. Thus, fireworks process buildings where consumer fireworks or articles pyrotechnic are being processed shall meet these requirements.
4 A maximum of 500 pounds of in-process pyrotechnic compositions, either loose or in partially-assembled fireworks, is permitted in any fireworks process building. Finished display fireworks may not be stored in a fireworks process building.
5 A maximum of 10 pounds of flash powder, either in loose form or in assembled units, is permitted in any fireworks process building. Quantities in excess of 10 pounds must be kept in an approved magazine.

§ 70.26 Third-party recordkeepers.

(a) Definitions—(1) Accountant. A person is an “accountant” under 26 U.S.C. 7609(a)(3)(F) for purposes of determining whether that person is a third-party recordkeeper if the person is registered, licensed, or certified under State law as an accountant.

(2) Attorney. A person is an “attorney” under 26 U.S.C. 7609(a)(3)(E) for purposes of determining whether that person is a third-party recordkeeper if the person is admitted to the bar of a State or the District of Columbia.

(3) Credit cards—(i) Person extending credit through credit cards. The term “person extending credit through credit cards or similar devices” under 26 U.S.C. 7609(a)(3)(C) generally includes any person who issues a credit card. It does not include a seller of goods or services that honors credit cards issued by other parties but does not extend credit on the basis of credit cards or similar devices issued by itself.

(ii) [Reserved]

(iii) Similar devices to credit cards. An object is a “similar device” to a credit card under 26 U.S.C. 7609(a)(3)(C) only if it is physical in nature, such as a coupon book, a charge plate, or a letter of credit. Thus, a person who extends credit by requiring credit customers to sign sales slips without requiring use of physical objects issued by that person is not a third-party recordkeeper under 26 U.S.C. 7609(a)(3)(C).

(b) When third-party recordkeeper status arises. A person is a “third-party recordkeeper” with respect to a given set of records only if the person made or kept the records in the person’s capacity as a third-party recordkeeper. Thus, for instance, an accountant is not a third-party recordkeeper (by reason of being an accountant) with respect to the accountant’s records of a sale of property by the accountant to another person. Similarly, a credit
card issuer is not a third-party recordkeeper (by reason of being a person extending credit through the use of credit cards or similar devices) with respect to:

(1) Records relating to noncredit card transactions, such as a cash sale by the issuer to a holder of the issuer’s credit card; or

(2) Records relating to transactions involving the use of another issuer’s credit card.

(c) Duty of third-party recordkeeper—

(1) In General. Upon receipt of a summons, the third-party recordkeeper ("recordkeeper") must begin to assemble the summoned records. The recordkeeper must be prepared to produce the summoned records on the date which the summons states the records are to be examined regardless of the institution or anticipated institution of a proceeding to quash or the recordkeeper’s intervention (as allowed under 26 U.S.C. 7609(a)(3)(C)) into a proceeding to quash.

(2) Disclosing recordkeepers not liable—

(i) In general. A recordkeeper, or an agent or employee thereof, who makes a disclosure of records as required by this section, in good faith reliance on the "Certificate of the Secretary" (as defined in paragraph (c)(2)(ii) of this section) or an order of a court requiring production of records, will not be liable for such disclosure to any customer, or to any party with respect to whose tax liability the summons was issued, or to any other person.

(ii) Certificate of the Secretary. The Director may issue to the recordkeeper a "Certificate of the Secretary” stating both:

(A) That the 20-day period, within which a notified person may institute a proceeding to quash the summons has expired; and

(B) That no proceeding has been properly instituted within that period. The Director may also issue a "Certificate of the Secretary” to the recordkeeper if the taxpayer, with respect to whose tax liability the summons was issued, expressly consents to the examination of the records summoned.

(3) Reimbursement of costs. Recordkeepers may be entitled to reimbursement of their costs of assembling and preparing to produce summoned records, to the extent allowed by 26 U.S.C. 7610, even if the summons ultimately is not enforced.

(26 U.S.C. 7609)

§ 70.27 Right to intervene; right to institute a proceeding to quash.

(a) Notified person. Under 26 U.S.C. 7609(a), the Bureau must give a notice of summons to any person, other than the person summoned, who is identified in the description of the books and records contained in the summons in order that such person may contest the right of the Bureau to examine the summoned records by instituting a proceeding to quash the summons. Thus, if the Bureau issues a summons to a bank requesting checking account records of more than one person all of whom are identified in the description of the records contained in the summons, then all such persons are notified persons entitled to notice under 26 U.S.C. 7609(a). Therefore, if the Bureau requests the records of a joint bank account of A and B, both of whom are named in the summons, then both A and B are notified persons entitled to notice under 26 U.S.C. 7609(a).

(b) Right to institute a proceeding to quash—

(1) In general. Title 26 U.S.C. 7609(b) grants a notified person the right to institute a proceeding to quash the summons in the United States district court for the district within which the person summoned resides or is found. Jurisdiction of the court is based on 26 U.S.C. 7609(b). The act of filing a petition in district court does not in and of itself institute a proceeding to quash under 26 U.S.C. 7609(b)(2). Rather, the filing of the petition must be coupled with notice as required by 26 U.S.C. 7609(b)(2)(B).

(2) Elements of institution of a proceeding to quash. In order to institute a proceeding to quash a summons, the notified person (or the notified person’s agent, nominee, or other person acting under the direction or control of the notified person) must, not later than the 20th day following the day the notice of the summons was served on or mailed to such notified person:
§ 70.28

(i) File a petition to quash in the name of the notified person in a district court having jurisdiction.

(ii) Notify the Bureau by sending a copy of that petition by registered or certified mail to the Bureau employee and office designated to receive the copy in the notice of summons that was given to the notified person, and

(iii) Notify the recordkeeper by sending to that recordkeeper by registered or certified mail a copy of the petition. Failure to give timely notice to either the summoned party or the Bureau in the manner described in this paragraph means that the notified person has failed to institute a proceeding to quash and the district court has no jurisdiction to hear the proceeding. Thus, for example, if the notified person mails a copy of the petition to the summoned person but not to the designated Bureau employee and office, the notified person has failed to institute a proceeding to quash. Similarly, if the notified person mails a copy of such petition to the summoned person, but instead of sending a copy of the petition by registered or certified mail to the designated employee and office, the notified person gives the designated employee and office the petition by some other means, the notified person has failed to institute a proceeding to quash.

(3) Failure to institute a proceeding to quash. If the notified person fails to institute a proceeding to quash within 20 days following the day the notice was served on or mailed to such notified person, the Bureau may examine the summoned records following the 23rd day after notice of the summons was served on or mailed to the notified person (see 26 U.S.C. 7609(d)(1)).

(c) Presumption no notice has been mailed. Title 26 U.S.C. 7609(b)(2)(B) permits a notified person to institute a proceeding to quash by filing a petition in district court and notifying both the Bureau and the summoned person. Unless the notified person has notified both the Bureau and the summoned person in the appropriate manner, the notified person has failed to institute a proceeding to quash. If the copy of the petition has not been delivered to the summoned person or the person and office designated to receive the notice on behalf of the Bureau within 3 days from the close of the 20-day period allowed to institute a proceeding to quash, it is presumed that the notification has not been timely mailed.

[T.D. ATF-301, 55 FR 47609, Nov. 14, 1990]

§ 70.28 Summonses excepted from 26 U.S.C. 7609 procedures.

(a) In aid of the collection of certain liabilities—(1) In general. Title 26 U.S.C. 7609(c)(2)(B) contains an exception to the general notice requirement when a summons is issued to a third-party recordkeeper. That section excepts summonses issued in aid of the collection of the liability of any person against whom an assessment has been made or judgment rendered or the liability at law or in equity of any transferee of such a person.

(2) Examples. Examples of summonses referred to in paragraph (a)(1) of this section are:

(i) Summonses issued to determine the amount held in a bank in the name of a person against whom an assessment has been made or judgment rendered;

(ii) Summonses issued to enforce transferee liability for a tax which has been assessed.

(b) Numbered account (or similar arrangement). Under 26 U.S.C. 7609(c)(2), a summons issued solely to determine the identity of a person having a numbered account (or similar arrangement) with a bank or other institution is excepted from the requirements of 26 U.S.C. 7609. A “numbered account (or similar arrangement)” under 26 U.S.C. 7609(c)(2) is an account through which a person may authorize transactions solely through the use of a number, symbol, code name, or other device not involving the disclosure of the person’s identity. A “person having a numbered account (or similar arrangement)” includes the person who opened the account and any person authorized to use the account or to receive records or statements concerning it.

[T.D. ATF-301, 55 FR 47610, Nov. 14, 1990]
§ 70.29 Suspension of statutes of limitations.

(a) Suspension while a proceeding under 26 U.S.C. 7609(b) is pending. Under 26 U.S.C. 7609(e)(1), the statutes of limitations of 26 U.S.C. 6501 and 6531 are suspended if a notified person with respect to whose liability a summons is issued, or the notified person’s agent, nominee, or other person acting under the direction or control of the notified person, takes any action as provided in 26 U.S.C. 7609(b).

(1) Agent, nominee, etc. A person is a notified person’s agent, nominee, or other person acting under the direction or control of a notified person for purposes of 26 U.S.C. 7609(e) if the person with respect to whose liability the summons is issued has the ability in fact or at law to cause the agent, etc., to take the actions permitted under 26 U.S.C. 7609(b). Thus, in the case of a corporation, direction or control by the notified person may exist even though less than 50 percent of the voting power of the corporation is held by the notified person.

(2) Period during which a proceeding, etc., is pending. Under 26 U.S.C. 7609(e), the statute of limitations shall be suspended for the period during which a proceeding and any appeals regarding the enforcement of such summons is pending. This period begins on the date the petition to quash the summons is filed in district court. The period continues until all appeals are disposed of, or until the expiration of the period in which an appeal may be taken or a request for a rehearing may be made. Full compliance, partial compliance, and noncompliance have no effect on the suspension provisions. The periods of limitations which are suspended under 26 U.S.C. 7609(e) are those which apply to the taxable periods to which the summons relates.

(b) Suspension after 6 months of service of summons. In the absence of the resolution of the third-party recordkeeper’s response to the summons described in 26 U.S.C. 7609(c) or the summoned party’s response to a summons described in 26 U.S.C. 7609(f) the running of any period of limitations under 26 U.S.C. 6501 or under 26 U.S.C. 6531 with respect to any person with respect to whose liability the summons is issued (other than a person taking action as provided in 26 U.S.C. 7609(b)) shall be suspended for the period:

(1) Beginning on the date which is 6 months after the service of such summons, and
(2) Ending with the final resolution of such response.

§ 70.30 Time and place of examination.

(a) Time and place. The time and place of examination pursuant to the provisions of 26 U.S.C. 7602 shall be such time and place as may be fixed by an officer or employee of the Bureau and as are reasonable under the circumstances. The date fixed for appearance before an officer or employee of the Bureau shall not be less than 10 days from the date of the summons.

(b) Restrictions on examination of taxpayer. No taxpayer shall be subjected to unnecessary examination or investigations, and only one inspection of a taxpayer’s books of account shall be made for each taxable year unless the taxpayer requests otherwise or unless

(c) In respect to the performance of such duty, make arrests without warrant for any offense against the United States committed in his presence, or for any felony cognizable under the laws of the United States if he has reasonable grounds to believe that the person to be arrested has committed, or is committing, such felony; and
§ 70.41 Rewards for information relating to violations of tax laws administered by the Bureau.

(a) In general. A special agent in charge may approve such reward as he deems suitable for information that leads to the detection and punishment of any person guilty of violating any tax law administered by the Bureau or conniving at the same. The rewards provided for by 26 U.S.C. 7623 are limited in their aggregate to the sum appropriated therefor and shall be paid only in cases not otherwise provided for by law.

(b) Eligibility to file claim for reward—

(1) In general. Any person, other than certain present or former federal employees (see paragraph (b)(2) of this section), who submits, in the manner set forth in paragraph (d) of this section, information relating to the violation of tax laws administered and enforced by the Bureau, is eligible to file a claim for reward under 26 U.S.C. 7623.

(2) Federal employees. No person who was an officer or employee of the Department of the Treasury at the time he came into possession of information relating to violations of tax laws administered by the Bureau, or at the time he divulged such information, shall be eligible to file a claim for reward if the information submitted came to his knowledge other than in the course of his official duties.

(3) Deceased informants. A claim for reward may be filed by an executor, administrator, or other legal representative on behalf of a deceased informant if, prior to his death, the informant...
§ 70.42 27 CFR Ch. I (4–1–01 Edition)

was eligible to file a claim for such reward under 26 U.S.C. 7623 and this section. Certified copies of the letters testamentary, letters of administration, or other similar evidence must be annexed to such a claim for reward on behalf of a deceased informant in order to show the authority of the legal representative to file the claim for reward.

(c) Amount and payment of reward. All relevant factors, including the value of the information furnished in relation to the facts developed by the investigation of the violation, shall be taken into account by a SAC in determining whether a reward shall be paid, and, if so, the amount thereof. The amount of a reward shall represent what the special agent in charge deems to be adequate compensation in the particular case, normally not to exceed 10 percent of the additional taxes, penalties, and fines which are recovered as a result of the information. No reward, however, shall be paid with respect to any additional interest that may be collected. Payment of a reward will be made as promptly as the circumstances of the case permit, but generally not until the taxes, penalties, or fines involved have been collected. However, the informant may waive any claim for reward with respect to an uncollected portion of the taxes, penalties, or fines involved, in which case the claim may be immediately processed. No person is authorized under these regulations to make any offer, or promise, or otherwise to bind a special agent in charge with respect to the payment of any reward or the amount thereof.

(d) Submission of information. Persons desiring to claim rewards under the provisions of 26 U.S.C. 7623 and this section may submit information relating to violations of tax laws administered by the Bureau, in person, to the Office of the Director, Bureau of Alcohol, Tobacco and Firearms, Washington, DC 20226 or to the office of a special agent in charge. If the information is submitted in person, either orally or in writing, the name and official title of the person to whom it is submitted and the date on which it is submitted must be included in the formal claim for reward.

(e) Anonymity. No unauthorized person shall be advised of the identity of an informant.

(f) Filing claim for reward. An informant who intends to claim a reward under 26 U.S.C. 7623 should notify the person to whom he submits his information of such intention, and must file a formal claim, signed with his true name, as soon after submission of the information as practicable. If other than the informant’s true name was used in furnishing the information, the claimant must include with his claim satisfactory proof of his identity as that of the informant. Claim for reward under the provisions of 26 U.S.C. 7623 shall be made on Form 25. Form 25 should be obtained from offices where claims for reward may be submitted: These are offices of SAC and the Office of the Director, Washington, DC 20226.

§ 70.42 Returns prepared or executed by regional directors (compliance) or by other ATF officers.

(a) Preparation of returns—(1) General. If any person required by provisions of 26 U.S.C. enforced and administered by the Bureau or by the regulations prescribed thereunder to make a return fails to make such return, it may be prepared by the regional director (compliance), the Chief, Tax Processing Center, or other authorized ATF officer provided the person required to make the return consents to disclose all information necessary for the preparation of such return. The return upon being signed by the person required to make it shall be received by the regional director (compliance) or the Chief, Tax Processing Center, as the return of such person.

(2) Responsibility of person for whom return is prepared. A person for whom a return is prepared in accordance with paragraph (a)(1) of this section shall for all legal purposes remain responsible
for the correctness of the return to the same extent as if the return had been prepared by such person.

(b) Execution of returns—(1) General. If any person required by provisions of 26 U.S.C. enforced and administered by the Bureau or by the regulations prescribed thereunder to make a return fails to make a return at the time prescribed therefor, or makes, willfully or otherwise, a false or fraudulent return, the regional director (compliance), the Chief, Tax Processing Center, or other authorized ATF officer shall make such return from the officer’s own knowledge and from such information as the officer can obtain through testimony or otherwise.

(2) Status of returns. Any return made in accordance with paragraph (b)(1) of this section and subscribed by the regional director (compliance), the Chief, Tax Processing Center, or other authorized ATF officer shall be prima facie good and sufficient for all legal purposes.

(c) Cross references. (1) For provisions that the return executed by a regional director (compliance), the Chief, Tax Processing Center, or other authorized ATF officer will not start the running of the period of limitations on assessment and collection, see 26 U.S.C. 6501(b)(3) and §70.222(b) of this part.

§70.61 Payment by check or money order.

(a) Authority to Receive—(1) General. (1) Regional director(s) (compliance) or the Chief, Tax Processing Center, may accept checks drawn on any bank or trust company incorporated under the laws of the United States or under the laws of any State, Territory, or possession of the United States, or money orders in payment for internal revenue.
§ 70.61 27 CFR Ch. I (4–1–01 Edition)

taxes, provided such checks or money orders are collectible in U.S. currency at par, and subject to the further provisions contained in this section. The Director may accept such checks or money orders in payment for internal revenue stamps (authorized under Subtitle E of the Internal Revenue Code or any provision of Subtitle F which relates to Subtitle E) to the extent and under the conditions prescribed in paragraph (a)(2) of this section. A check or money order in payment for internal revenue taxes or internal revenue stamps should be made payable to the Bureau of Alcohol, Tobacco and Firearms. A check or money order is payable at par only if the full amount thereof is payable without any deduction for exchange or other charges. As used in this section, the term ‘money order’ means:

(A) U.S. postal, bank, express, or telegraph money order; and

(B) Money order issued by a domestic building and loan association (as defined in section 7701(a)(19) of the Internal Revenue Code) or by a similar association incorporated under the laws of a possession of the United States;

(C) A money order issued by such other organization as the Director may designate; and

(D) A money order described in paragraph (a)(1)(ii) of this section in cases therein described. However, the regional director(s) (compliance) or the Chief, Tax Processing Center, may refuse to accept any personal check whenever there is good reason to believe that such check will not be honored upon presentment.

(ii) An American citizen residing in a country with which the United States maintains direct exchange of money orders on a domestic basis may pay his/her tax by postal money order of such country. For a list of such countries, see section 171.27 of the Postal Manual of the United States.

(iii) If one check or money order is remitted to cover two or more persons’ taxes, the remittance should be accompanied by a letter of transmittal clearly identifying—

(A) Each person whose tax is to be paid by the remittance;

(B) The amount of the payment on account of each such person; and

(C) The kind of tax paid.

(2) Payment for internal revenue stamps—In general. The Director may accept checks and money orders described in paragraph (a)(1) of this section, in payment for internal revenue stamps authorized under Subtitle E of the Internal Revenue Code or under any provision of Subtitle F which relates to Subtitle E. However, the Director may refuse to accept any personal check whenever there is good reason to believe that the check will not be honored upon presentment.

(3) Payment of tax on distilled spirits, wine, beer, tobacco products, pistols, revolvers, firearms (other than pistols and revolvers), shells and cartridges; proprietor in default. Where a check or money order tendered in payment for taxes on distilled spirits, wine or beer products (imposed under Chapter 51 of the Internal Revenue Code), or tobacco products (imposed under chapter 52 of the Internal Revenue Code), or pistols, revolvers, firearms (other than pistols and revolvers), shells and cartridges (imposed under chapter 32 of the Internal Revenue Code) is not paid on presentment, or where a taxpayer is otherwise in default in payment of such taxes, any remittance for such taxes made during the period of such default, and until the regional director(s) (compliance) or the Chief, Tax Processing Center, finds that the revenue will not be jeopardized by the acceptance of personal checks, shall be in cash, or shall be in the form of a certified, cashier’s, or treasurer’s check, drawn on any bank or trust company incorporated under the laws of the United States, or under the laws of any State or possession of the United States, or a money order as described in paragraph (a)(1) of this section.

(b) Checks or money orders not paid—

(1) Ultimate liability. The person who tenders any check (whether certified or uncertified, cashier’s, treasurer’s, or other form of check) or money order in payment for taxes is not released from liability until the check or money order is paid; and, if the check or money order is not duly paid, the person shall also be liable for all legal penalties and additions, to the same extent as if such check or money order had not been tendered. For the penalty
in case a check or money order is not duly paid, see section 6657 of the Internal Revenue Code. For assessment of the amount of a check or money order not duly paid see section 6201(a)(2)(B) of the Internal Revenue Code.

(2) Liability of banks and others. If any certified, treasurer’s, or cashier’s check (or other guaranteed draft) or money order is not duly paid, the United States shall have a lien for the amount of such check upon all assets of the bank or trust company on which drawn or for the amount of such money order upon the assets of the issuer thereof. The unpaid amount shall be paid out of such assets in preference to any other claims against such bank or issuer except the necessary costs and expenses of administration and the reimbursement of the United States for the amount expended in the redemption of the circulating notes of such bank. In addition, the Government has the right to exact payment from the person required to make the payment.

(26 U.S.C. 6311)

§ 70.62 Fractional parts of a cent.

In the payment of any tax, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent. Fractional parts of a cent shall not be disregarded in the computation of taxes.

(26 U.S.C. 6313)

§ 70.63 Computations on returns or other documents.

(a) Amounts shown on forms. To the extent permitted by any ATF form or instructions prescribed for use with respect to any ATF return, declaration, statement, or other document, or supporting schedules, any amount required to be reported in such form may be entered at the nearest whole dollar amount. The extent to which, and the conditions under which, such whole dollar amounts may be entered on any form will be set forth in the instructions issued with respect to such form.

For the purpose of the computation to the nearest dollar, a fractional part of a dollar shall be disregarded unless it amounts to one-half dollar or more, in which case the amount (determined without regard to the fractional part of a dollar) shall be increased by $1. The following illustrates the application of this paragraph:

<tr>
<td>$18.51</td>

(b) Election not to use whole dollar amounts—(1) Method of election. Where any ATF form, or the instructions issued with respect to such form, provide that whole dollar amounts shall be reported, any person making a return, declaration, statement, or other document on such form may elect not to use whole dollar amounts by reporting thereon all amounts in full, including cents.

(2) Time of election. The election not to use whole dollar amounts must be made at the time of filing the return, declaration, statement, or other document. Such election may not be revoked after the time prescribed for filing such return, declaration, statement, or other document, including extensions of time granted for such filing. Such election may be made on any return, declaration, statement, or other document which is filed after the time prescribed for filing (including extensions of time), and such an election is irrevocable.

(3) Effect of election. The taxpayer’s election shall be binding only on the return, declaration, statement, or other document filed for a taxable year or period, and a new election may be made on the return, declaration, statement, or other document filed for a subsequent taxable year or period.

(4) Fractional part of a cent. For treatment of the fractional part of a cent in the payment of taxes, see 26 U.S.C. 6313 and § 70.62 of this part.

(c) Inapplicability to computation of amount. The provisions of paragraph (a) of this section apply only to amounts
§ 70.64 Receipt for taxes.

The regional director (compliance) or the Chief, Tax Processing Center shall, upon request, issue a receipt for each tax payment made (other than a payment for stamps sold or delivered). In addition, the regional director (compliance) or the Chief, Tax Processing Center or other authorized ATF officer or employee shall issue a receipt for each payment of 1 dollar or more made in cash, whether or not requested. In the case of payments made by check, the canceled check is usually a sufficient receipt. No receipt shall be issued in lieu of a stamp representing a tax, whether the payment is in cash or otherwise.

ASSESSMENT

§ 70.71 Assessment authority.

The regional director (compliance) and the Chief, Tax Processing Center are authorized and required to make all inquiries necessary to the determination and assessment of all taxes imposed under the provisions of 26 U.S.C. enforced and administered by the Bureau. The regional director (compliance) and the Chief, Tax Processing Center are further authorized and required to make the determinations and the assessments of such taxes. The term “taxes” includes interest, additional amounts, additions to the taxes, and assessable penalties. The authority of the regional director (compliance) and the Chief, Tax Processing Center to make assessment includes the following:

(a) Taxes shown on return. The regional director (compliance) or the Chief, Tax Processing Center shall assess all taxes determined by the taxpayer or by the regional director (compliance) or by the Chief, Tax Processing Center and disclosed on a return or list.

(b) Unpaid taxes payable by stamp. (1) If without use of the proper stamp:

(i) Any article upon which a tax is required to be paid by means of a stamp is sold or removed for sale or use by the manufacturer thereof, or

(ii) Any transaction or act upon which a tax is required to be paid by means of a stamp occurs, the regional director (compliance) or the Chief, Tax Processing Center, upon such information as can be obtained, must estimate the amount of the tax which has not been paid and the regional director (compliance) or the Chief, Tax Processing Center must make assessment therefor upon the person the regional director (compliance) or the Chief, Tax Processing Center determines to be liable for the tax. However, the regional director (compliance) or the Chief, Tax Processing Center may not assess any tax which is payable by stamp unless the taxpayer fails to pay such tax at the time and in the manner provided by law or regulations.

(2) If a taxpayer gives a check or money order as a payment for stamps but the check or money order is not paid upon presentment, then the regional director (compliance) or the Chief, Tax Processing Center may assess the amount of the check or money order against the taxpayer as if it were
§ 70.72 Method of assessment.

The regional director (compliance) and the Chief, Tax Processing Center shall appoint one or more assessment officers. The assessment shall be made by an assessment officer signing the summary record of assessment. The summary record, through supporting records, shall provide identification of the taxpayer, the character of the liability assessed, the taxable period, if applicable, and the amount of the assessment. The amount of the assessment shall, in the case of tax shown on a return by the taxpayer, be the amount so shown, and in all other cases the amount of the assessment shall be the amount shown on the supporting list or record. The date of the assessment is the date the summary record is signed by an assessment officer. If the taxpayer requests a copy of the record of assessment, the taxpayer shall be furnished a copy of the pertinent parts of the assessment which set forth the name of the taxpayer, the date of assessment, the character of the liability assessed, the taxable period, if applicable, and the amounts assessed.

§ 70.73 Supplemental assessments.

If any assessment is incomplete or incorrect in any material respect, the regional director (compliance) or the Chief, Tax Processing Center, subject to the applicable period of limitation, may make a supplemental assessment for the purpose of correcting or completing the original assessment.

§ 70.75 Jeopardy assessment of alcohol, tobacco, and firearms taxes.

(a) If the regional director (compliance) or the Chief, Tax Processing Center believes that the collection of any tax imposed under provisions of 26 U.S.C. enforced and administered by the Bureau will be jeopardized by delay, the regional director (compliance) or the Chief, Tax Processing Center shall, whether or not the time otherwise prescribed by law for filing the return or paying such tax has expired, immediately assess such tax, together with all interest, additional amounts and additions to the tax provided by law. A regional director (compliance) or the Chief, Tax Processing Center will make an assessment under this section if collection is determined to be in jeopardy because at least one of the following conditions exists.

(1) The taxpayer is or appears to be designing quickly to depart from the United States or to conceal himself or herself.

(2) The taxpayer is or appears to be designing quickly to place the taxpayer’s property beyond the reach of the Government either by removing it from the United States, by concealing it, or by dissipating it, or by transferring it to other persons.

(3) The taxpayer’s financial solvency is or appears to be threatened.

(b) The tax, interest, additional amounts, and additions to the tax will, upon assessment, become immediately due and payable, and the regional director (compliance) or the Chief, Tax Processing Center shall, without delay, issue a notice and demand for payment thereof in full.

(c) See 26 U.S.C. 7429 with respect to requesting the regional director (compliance) or the Chief, Tax Processing Center to review the making of the jeopardy assessment.

(d) For provisions relating to stay of collection of jeopardy assessments, see §70.76 of this part.

(26 U.S.C. 6862 and 6863)

[T.D. ATF–301, 55 FR 47612, Nov. 14, 1990]

§ 70.76 Stay of collection of jeopardy assessment; bond to stay collection.

(a) The collection of taxes assessed under 26 U.S.C. 6862 (referred to as a “jeopardy assessment” for purposes of this section) of any tax may be stayed by filing with the regional director (compliance) or Chief, Tax Processing Center a bond on the form to be furnished by ATF upon request.

(b) The bond may be filed:

(1) At any time before the time collection by levy is authorized under 26 U.S.C. 6331(a), or

(2) After collection by levy is authorized and before levy is made on any property or rights to property, or

(3) In the discretion of the regional director (compliance) or the Chief, Tax Processing Center, after any such levy has been made and before the expiration of the period of limitations on collection.

(c) The bond must be in an amount equal to the portion (including interest thereon to the date of payment as calculated by the regional director (compliance) or the Chief, Tax Processing Center) of the jeopardy assessment collection of which is sought to be stayed. See 26 U.S.C. 7101 and §70.281, relating to the form of bond and the sureties thereon. The bond shall be conditioned upon the payment of the amount (together with interest thereon), for which the collection is stayed, at the time at which, but for the making of the jeopardy assessment, such amount would be due.
(d) Upon the filing of a bond in accordance with this section, the collection of so much of the assessment as is covered by the bond will be stayed. The taxpayer may at any time waive the stay of collection of the whole or of any part of the amount covered by the bond. If as a result of such waiver any part of the amount covered by the bond is paid, or if any portion of the jeopardy assessment is abated by the regional director (compliance) or the Chief, Tax Processing Center, then the bond shall (at the request of the taxpayer) be proportionately reduced.

§ 70.77 Collection of jeopardy assessment; stay of sale of seized property pending court decision.

(a) General rule. In the case of an assessment under 26 U.S.C. 6862, and property seized for the collection of such assessment shall not (except as provided in paragraph (b) of this section) be sold until the latest of the following occurs:

(1) The period provided in 26 U.S.C. 7429(a)(2) to request the regional director (compliance) or Chief, Tax Processing Center to review the action taken expires.

(2) The period provided in 26 U.S.C. 7429(b)(1) to file an action in U.S. District Court expires if a request for redetermination is made to the regional director (compliance) or Chief, Tax Processing Center.

(3) The U.S. District Court judgment in such action becomes final, if a civil action is begun in accordance with 26 U.S.C. 7429(b).

(b) Exceptions. Notwithstanding the provisions of paragraph (a) of this section, any property seized may be sold:

(1) If the taxpayer files with the regional director(s) (compliance) or the Chief, Tax Processing Center a written consent to the sale, or

(2) If the regional director(s) (compliance) or the Chief, Tax Processing Center determines that the expenses of conservation and maintenance of the property will greatly reduce the net proceeds from the sale of such property, or

(3) If the property is of a type to which 26 U.S.C. 6336 (relating to sale of perishable goods) is applicable.

NOTICE AND DEMAND

§ 70.81 Notice and demand for tax.

(a) General rule. Where it is not otherwise provided by provisions of 26 U.S.C. enforced and administered by the Bureau, the regional director (compliance) or the Chief, Tax Processing Center shall, after the making of an assessment of a tax pursuant to §70.71 of this part, give notice to each person liable for the unpaid tax, stating the basis for the tax due, the amount of tax, interest, additional amounts, additions to the tax and assessable penalties, and demanding payment thereof. Such notice shall be given as soon as possible and within 60 days. However, the failure to give notice within 60 days does not invalidate the notice. Such notice shall be left at the dwelling or usual place of business of such person, or shall be sent by mail to such person’s last known address.

§ 70.82 Payment on notice and demand.

Upon receipt of notice and demand from the regional director (compliance) or the Chief, Tax Processing Center, there shall be paid at the place and time stated in such notice the amount of any tax (including any interest, additional amounts, additions to the tax, and assessable penalties) stated in such notice and demand.

[T.D. ATF–301, 55 FR 47613, Nov. 14, 1990]
§ 70.90 Interest on underpayments.

(a) General rule. Interest at the underpayment rate referred to in §70.93 of this part shall be paid on any unpaid amount of tax from the last date prescribed for payment of the tax (determined without regard to any extension of time for payment) to the date on which payment is received.

(b) Interest on penalties, additional amounts, or additions to the tax—(1) General. Interest shall be imposed on any assessable penalty, additional amount, or addition to the tax (other than an addition to tax imposed under section 6651(a)(1) of the Internal Revenue Code) only if such assessable penalty, additional amount, or addition to the tax is not paid within 10 days from the date of notice and demand therefor, and in such case interest shall be imposed only for the period from the date of the notice and demand to the date of payment.

(2) Interest on certain additions to tax. Interest shall be imposed under this section on any addition to tax imposed by section 6651(a)(1) of the Internal Revenue Code for the period which (i) begins on the date on which the return of the tax with respect to which such addition to tax is imposed is required to be filed (including any extensions), and (ii) ends on the date of payment of such addition to tax.

(c) Payments made within 10 days after notice and demand. If notice and demand is made for payment of any amount, and if such amount is paid within 10 days after the date of such notice and demand, interest under this section on the amount so paid shall not be imposed for the period after the date of such notice and demand.

(d) Satisfaction by credits. If any portion of a tax is satisfied by credit of an overpayment, then no interest shall be imposed on the portion of the tax so satisfied for any period during which, if the credit had not been made, interest would have been allowable with respect to such overpayment.

(e) Last date prescribed for payment. (1) In determining the last date prescribed for payment, any extension of time granted for payment of tax shall be disregarded. The granting of an extension of time for the payment of tax does not relieve the taxpayer from liability for the payment of interest thereon during the period of the extension. Thus, except as provided in paragraph (d) of this section, interest at the underpayment rate referred to in §70.93 of this part is payable on any unpaid portion of the tax for the period during which such portion remains unpaid by reason of an extension of time for the payment thereof.

(2) In the case of taxes payable by stamp and in all other cases where the last date for payment of the tax is not otherwise prescribed, such last date for the purpose of the interest computation shall be deemed to be the date on which the liability for the tax arose. However, such last date shall in no event be later than the date of issuance of a notice and demand for the tax.

§ 70.91 Interest on erroneous refund recoverable by suit.

Any portion of an internal revenue tax (or any interest, assessable penalty, additional amount, or addition to tax) which has been erroneously refunded, and which is recoverable by a civil action pursuant to 26 U.S.C. 7405, shall bear interest at the underpayment rate referred to in §70.93 of this part.

(26 U.S.C. 6602)

[T.D. ATF–301, 55 FR 47614, Nov. 14, 1990]

§ 70.92 Interest on overpayments.

(a) General rule. Except as otherwise provided, interest shall be allowed on any overpayment of any tax at the overpayment rate referred to in §70.93 of this part from the date of overpayment of the tax.

(b) Date of overpayment. Except as provided in section 6401(a) of the Internal Revenue Code, relating to assessment and collection after the expiration of the applicable period of limitation, there can be no overpayment of tax until the entire tax liability has been satisfied. Therefore, the dates of overpayment of any tax are the date of
payment of the first amount which (when added to previous payments) is in excess of the tax liability (including any interest, addition to the tax, or additional amount) and the dates of payment of all amounts subsequently paid with respect to such tax liability.

(c) Period for which interest is allowable in case of refunds. If an overpayment of tax is refunded, interest shall be allowed from the date of the overpayment to a date determined by the regional director (compliance) or the Chief, Tax Processing Center which shall not be more than 30 days prior to the date of the refund check. The acceptance of a refund check shall not deprive the taxpayer of the right to make a claim for any additional overpayment and interest thereon, provided the claim is made within the applicable period of limitation. However, if a taxpayer does not accept a refund check, no additional interest on the amount of the overpayment included in such check shall be allowed.

(d) Period for which interest allowable in case of credits—(1) General rule. If an overpayment of tax is credited, interest shall be allowed from the date of overpayment to the due date determined under paragraph (d)(2) of this section of the amount against which such overpayment is credited.

(2) Determination of due date—(i) General. The term due date, as used in this section, means the last day fixed by law or regulations for the payment of the tax (determined without regard to any extension of time), and not the date on which the regional director (compliance) or the Chief, Tax Processing Center makes demand for the payment of the tax. Therefore, the due date of the tax is the date fixed for the payment of the tax;

(ii) Tax not due yet. If a taxpayer agrees to the crediting of an overpayment against tax and the schedule of allowance is signed prior to the date on which such tax would otherwise become due, then the due date of such tax shall be the date on which such schedule is signed;

(iii) Interest. In the case of a credit against interest that accrues for any period ending prior to January 1, 1983, the due date is the earlier of the date of assessment of such interest or December 31, 1982. In the case of a credit against interest that accrues from any period beginning on or after December 31, 1982, such interest is due as it economically accrues on a daily basis, rather than when it is assessed.

(iv) Additional amount, addition to the tax, or assessable penalty. In the case of a credit against an additional amount, addition to the tax, or assessable penalty, the due date is the earlier of the date of assessment or the date from which such amount would bear interest if not satisfied by payment or credit.

§ 70.93 Interest rate.

(a) In general. The interest rate established under 26 U.S.C. 6621(a)(2) shall be:

(1) On amounts outstanding before July 1, 1975, 6 percent per annum.

(2) On amounts outstanding:

<table>
<thead>
<tr>
<th>After</th>
<th>And before</th>
<th>Rate per annum (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>June 30, 1975</td>
<td>Feb. 1, 1976</td>
<td>9</td>
</tr>
</tbody>
</table>

(3) On amounts outstanding after December 31, 1982, the adjusted rates for overpayment and underpayment established by the Commissioner of Internal Revenue under 26 U.S.C. 6621. These adjusted rates shall be published by the Commissioner in a Revenue Ruling. See §70.94 of this part for application of daily compounding in determining interest accruing after December 31, 1982. Because interest accruing after December 31, 1982, accrues at the prescribed rate per annum compounded daily, the effective annual percentage rate of interest will exceed the prescribed rate of interest.

(b) Applicability of interest rates. (1) Computation. Interest and additions to tax on any amount outstanding on a specific day shall be computed at the annual rate applicable on such day.
§ 70.94 Additions to tax.

(2) Additions to tax. Additions to tax under any section of the Internal Revenue Code that refers to the annual rate established under 26 U.S.C. 6621, shall be computed at the same rate per annum as the interest rate set forth under paragraph (a) of this section.

(3) Interest. Interest provided for under any section of the Internal Revenue Code that refers to the annual rate established under this section, including 26 U.S.C. 6332(d)(1), 6343(c), 6601(a), 6602, 6611(a), 7426(g), and 28 U.S.C. 1961(c)(1) or 2411, shall be computed at the rate per annum set forth under paragraph (a) of this section.

§ 70.94 Interest compounded daily.

(a) General rule. Effective for interest accruing after December 31, 1982, in computing the amount of any interest required to be paid under any provision of 26 U.S.C. or under 28 U.S.C. 1961(c)(1) or 2411, by the Director or by the taxpayer, or in computing any other amount determined by reference to such amount of interest, or by reference to the interest rate established under 26 U.S.C. 6621, such interest or such other amount shall be compounded daily by dividing such rate of interest by 365 (366 in a leap year) and compounding such daily interest rate each day.

(b) Applicability to unpaid amounts on December 31, 1982. The unpaid interest (or other amount) that shall be compounded daily includes the interest (or other amount) accrued but unpaid on December 31, 1982.

ADDITIONS TO THE TAX, ADDITIONAL AMOUNTS, AND ASSESSABLE PENALTIES

Additions to the Tax and Additional Amounts

§ 70.95 Scope.

For purposes of the administration of excise taxes by the Bureau of Alcohol, Tobacco and Firearms in accordance with Title 26 of the United States Code, the penalties prescribed in §§ 70.96 through 70.107 shall apply.

§ 70.96 Failure to file tax return or to pay tax.

(a) Addition to the tax—(1) Failure to file tax return. In the case of failure to file a return required under authority of:

(i) Title 26 U.S.C. 61, relating to returns and records;

(ii) Title 26 U.S.C. 51, relating to distilled spirits, wines and beer;

(iii) Title 26 U.S.C. 52, relating to tobacco products, and cigarette papers and tubes; or

(iv) Title 26 U.S.C. 53, relating to machine guns, destructive devices, and certain other firearms; and the regulations thereunder, on or before the date prescribed for filing (determined with regard to any extension of time for such filing), there shall be added to the tax required to be shown on the return the amount specified below unless the failure to file the return within the prescribed time is shown to the satisfaction of the regional director(s) (compliance) or the Chief, Tax Processing Center to be due to reasonable cause and not to willful neglect. The amount to be added to the tax is 5 percent thereof if the failure is not for more than one month, with an additional 5 percent for each additional month or fraction thereof during which the failure continues, but not to exceed 25 percent in the aggregate. The amount of any addition under paragraph (a)(1) of this section shall be reduced by the amount of the addition under paragraph (a)(2) of this section for any month to which an addition to tax applies under both paragraphs (a)(1) and (a)(2) of this section.

(2) Failure to pay tax shown on return. In case of failure to pay the amount shown as tax on any return required to be filed after December 31, 1969 (without regard to any extension of time for filing thereof), specified in paragraph (a)(1) of this section, on or before the date prescribed for payment of such tax (determined with regard to any extension of time for payment), there shall
be added to the tax shown on the return the amount specified below unless the failure to pay the tax within the prescribed time is shown to the satisfaction of the regional director(s) (compliance) or the Chief, Tax Processing Center to be due to reasonable cause and not to willful neglect. The amount to be added to the tax is 0.5 percent of the amount of tax shown on the return if the failure is for not more than 1 month, with an additional 0.5 percent for each additional month or fraction thereof during which the failure continues, but not to exceed 25 percent in the aggregate.

(3) Failure to pay tax not shown on return. In case of failure to pay any amount in respect of any tax required to be shown on a return specified in paragraph (a)(1) of this section, which is not so shown (including an assessment made pursuant to 26 U.S.C. 6213(b)) within 10 days from the date of the notice and demand therefor, there shall be added to the amount shown in the notice and demand the amount specified below unless the failure to pay the tax within the prescribed time is shown to the satisfaction of the regional director(s) (compliance) or the Chief, Tax Processing Center to be due to reasonable cause and not to willful neglect. The amount to be added to the tax is 0.5 percent of the amount stated in the notice and demand if the failure is for not more than one month, with an additional 0.5 percent for each additional month or fraction thereof during which the failure continues, but not to exceed 25 percent in the aggregate. The maximum amount of the addition permitted under this subparagraph shall be reduced by the amount of the addition under paragraph (a)(1) of this section, which is attributable to the tax for which the notice and demand is made and which is not paid within 10 days from the date of notice and demand. The preceding sentence applies to amounts assessed on or before December 31, 1988.

(4) Increases in penalties in certain cases. For increases in penalties for failure to file a return or pay tax in certain cases, see 26 U.S.C. 6651(d) or (f).

(b) Month defined. (1) If the date prescribed for filing the return or paying tax is the last day of a calendar month, each succeeding calendar month or fraction thereof during which the failure to file or pay tax continues shall constitute a month for purposes of section 6651.

(2) If the date prescribed for filing the return or paying tax is a date other than the last day of a calendar month, the period which terminates with the date numerically corresponding thereunto in the succeeding calendar month and each such successive period shall constitute a month for purposes of section 6651. If, in the month of February, there is no date corresponding to the date prescribed for filing the return or paying tax, the period from such date in January through the last day of February shall constitute a month for purposes of section 6651. Thus, if a return is due on January 30, the first month shall end on February 28 (or 29 if a leap year), and the succeeding months shall end on March 30, April 30, etc.

(3) If a return is not timely filed or tax is not timely paid, the fact that the date prescribed for filing the return or paying tax, or the corresponding date in any succeeding calendar month, falls on a Saturday, Sunday, or legal holiday is immaterial in determining the number of months for which the addition to the tax under section 6651 applies.

(c) Showing of reasonable cause. A taxpayer who wishes to avoid the addition to the tax for failure to file a return or pay, or the corresponding date in any succeeding calendar month, falls on a Saturday, Sunday, or legal holiday is immaterial in determining the number of months for which the addition to the tax under section 6651 applies.
the addition to the tax will not be assessed. If the taxpayer exercised ordinary business care and prudence and was nevertheless unable to file the return within the prescribed time, then the delay is due to a reasonable cause. A failure to pay will be considered to be due to reasonable cause to the extent that the taxpayer has made a satisfactory showing that the taxpayer exercised ordinary business care and prudence in providing for payment of the tax liability and was nevertheless either unable to pay the tax or would suffer an undue hardship (as described in 26 CFR 1.6661–1(b)) if paid on the due date. In determining whether the taxpayer was unable to pay the tax in spite of the exercise of ordinary business care and prudence in providing for payment of a tax liability, consideration will be given to all the facts and circumstances of the taxpayer’s financial situation, including the amount and nature of the taxpayer’s expenditures in light of the income (or other amounts) the taxpayer could, at the time of such expenditures, reasonably expect to receive prior to the date prescribed for the payment of the tax. Thus, for example, a taxpayer who incurs lavish or extravagant living expenses in an amount such that the remainder of assets and anticipated income will be insufficient to pay the tax, has not exercised ordinary business care and prudence in providing for the payment of a tax liability. Further, a taxpayer who invests funds in speculative or illiquid assets has not exercised ordinary business care and prudence in providing for the payment of a tax liability unless, at the time of the investment, the remainder of the taxpayer’s assets and estimated income will be sufficient to pay the tax or it can be reasonably foreseen that the speculative or illiquid investment made by the taxpayer can be utilized (by sale or as security for a loan) to realize sufficient funds to satisfy the tax liability. A taxpayer will be considered to have exercised ordinary business care and prudence if such taxpayer made reasonable efforts to conserve sufficient assets in marketable form to satisfy a tax liability and nevertheless was unable to pay all or a portion of the tax when it became due. 

(d) Penalty imposed on net amount due—(1) Credits against the tax. The amount of tax required to be shown on the return for purposes of section 6651(a)(1) and the amount shown as tax on the return for purposes of section 6651(a)(2) shall be reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed on the return. 

(2) Partial payments. (i) The amount of tax required to be shown on the return for purposes of section 6651(a)(2) of the Internal Revenue Code shall, for the purpose of computing the addition for any month, be reduced by the amount of any part of the tax which is paid after the date prescribed for payment and on or before the first day of such month, and (ii) The amount of tax stated in the notice and demand for purposes of section 6651(a)(3) of the Internal Revenue Code shall, for the purpose of computing the addition for any month, be reduced by the amount of any part of the tax which is paid before the first day of such month.

(e) No addition to tax if fraud penalty assessed. No addition to the tax under section 6651 of the Internal Revenue Code shall be assessed with respect to an underpayment of tax if an addition to the tax for fraud is assessed with respect to the same underpayment under section 6653(b). See section 6653(d) of the Internal Revenue Code.

(26 U.S.C. 6651)

§ 70.97 Failure to pay tax.

(a) Negligence—(1) General. If any part of any underpayment (as defined in paragraph (d) of this section) is due to negligence or disregard of rules or regulations, there shall be added to the tax an amount equal to the sum of 5 percent of the underpayment, and an amount equal to 50 percent of the interest payable under section 6611 of the Internal Revenue Code with respect to the portion of such underpayment which is attributable to negligence for the period beginning on the last date
prescribed by law for payment of such underpayment (determined without regard to any extension) and ending on the date of the assessment of the tax (or if earlier, the date or the payment of the tax).

(2) Underpayment taken into account reduced by a portion attributable to fraud. There shall not be taken into account under paragraph (a) of this section any portion of an underpayment attributable to fraud with respect to which a penalty is imposed under paragraph (b) of this section.

(3) Negligence. For purposes of paragraph (a) of this section, the term “negligence” includes any failure to make a reasonable attempt to comply with the provisions of the Internal Revenue Code, and the term “disregard” includes any careless, reckless, or intentional disregard.

(4) The provisions of paragraph (a) apply to returns the due date for which (determined without regard to extensions) is after December 31, 1986.

(b) Fraud—(1) General. If any part of any underpayment (as defined in paragraph (d) of this section) of tax required to be shown on a return is due to fraud, there shall be added to the tax an amount equal to 50 percent of the portion of the underpayment which is attributable to fraud and an amount equal to 50 percent of the interest payable under section 6601 of the Internal Revenue Code with respect to such portion for the period beginning on the last day prescribed by law for payment of such underpayment (determined without regard to any extension) and ending on the date of the assessment of the tax or, if earlier, the date of the payment of the tax.

(2) Determination of portion attributable to fraud. If the regional director(s) (compliance) or the Chief, Tax Processing Center establishes that any portion of an underpayment is attributable to fraud, the entire underpayment shall be treated as attributable to fraud, except with respect to any portion of the underpayment which the taxpayer establishes is not attributable to fraud.

(3) The provisions of this paragraph (c) apply to returns the due date for which (determined without regard to extensions) is after December 31, 1986.

(d) Definition of underpayment. For purposes of this section, the term underpayment means the amount by which such tax imposed by the Internal Revenue Code exceeds the excess of—

(1) The sum of,

(i) The amount shown as the tax by the taxpayer upon the taxpayers return (determined without regard to any credit for an overpayment for any prior period, and without regard to any adjustment under authority of sections 6205(a) and 6413(a) of the Internal Revenue Code), if a return was made by the taxpayer within the time prescribed for filing such return (determined with regard to any extension of time for such filing) and an amount was shown as the tax by the taxpayer thereon, plus;

(ii) Any amount, not shown on the return, paid in respect of such tax, over—

(2) The amount of rebates made. For purposes of paragraph (d) of this section, the term rebate means so much of an abatement, credit, refund, or other repayment, as was made on the ground that the tax imposed was less than the excess of the amount specified in paragraph (d)(1) of this section over the rebates previously made.

(e) No delinquency penalty if fraud assessed. If any penalty is assessed under paragraph (b) or (c) of this section (relating to fraud) for an underpayment of tax which is required to be shown on a return, no penalty under section 6651 of
§ 70.98  Penalty for underpayment of deposits.

(a) General rule. If any person is required by the provisions of 26 U.S.C. enforced and administered by the Bureau or regulations prescribed thereunder to deposit any tax in a government depository that is authorized under 26 U.S.C. 6302(c) to receive the deposit, and fails to deposit the tax within the time prescribed therefor, a penalty shall be imposed on such person unless the failure is shown to be due to reasonable cause and not due to willful neglect. The penalty shall be:

(1) For penalties assessed before October 22, 1986, 5 percent of the amount of the underpayment without regard to the period during which the underpayment continues.

(2) For penalties assessed after October 21, 1986, on deposits of taxes required to be made before January 1, 1990, 10 percent of the amount of the underpayment without regard to the period during which the underpayment continues.

(3) For deposits of taxes required to be made after December 31, 1989.

(i) 2 percent of the amount of the underpayment if the failure is for not more than 5 days,

(ii) 5 percent of the amount of the underpayment if the failure is for more than 5 days but not more than 15 days,

(iii) 10 percent of the amount of the underpayment if the failure is for more than 15 days,

(iv) 15 percent of the amount of the underpayment if the tax is not deposited before the earlier of:

(A) The day 10 days after the date of the first delinquency notice to the taxpayer under section 6333, or

(B) The day on which notice and demand for immediate payment is given under 26 U.S.C. 6862 or the last sentence of 26 U.S.C. 6331(a).

For purposes of this section, the term “underpayment” means the amount of tax required to be deposited less the amount, if any, that was deposited on or before the date prescribed therefor.

Section 7502(e) of the Internal Revenue Code applies in determining the date a deposit is made.

(b) Assertion of reasonable cause. To show that the underpayment was due to reasonable cause and not due to willful neglect, a taxpayer must make an affirmative showing of all facts alleged as a reasonable cause in a written statement containing a declaration that it is made under the penalties of perjury. The statement must be filed with the regional director (compliance) of the region in which the taxpayer is located or with the Chief, Tax Processing Center. If the regional director (compliance) or the Chief, Tax Processing Center determines that the underpayment was due to reasonable cause and not due to willful neglect, the penalty will not be imposed.

Whenever any person fraudulently claims or seeks to obtain an allowance of drawback on goods, wares, or merchandise on which no internal revenue tax shall have been paid, or fraudulently claims any greater allowance of drawback than the tax actually paid, that person shall forfeit triple the amount wrongfully or fraudulently claimed or sought to be obtained, or
§ 70.101 Bad checks.

If any check or money order in payment of any amount receivable under Title 26 of the United States Code is not duly paid, in addition to any other penalties provided by law, there shall be paid as a penalty by the person who tendered such check, upon notice and demand, in the same manner as tax, an amount equal to 1 percent of the amount of such check, except that if the amount of such check is less than $500, the penalty under this section shall be $5 or the amount of such check, whichever is the lesser. This section shall not apply if the person establishes to the satisfaction of the regional director (compliance) or the Chief, Tax Processing Center that such check was tendered in good faith and that such person had reasonable cause to believe that such check would be duly paid.

(26 U.S.C. 6657)

§ 70.102 Coordination with title 11.

(a) Certain failures to pay tax. No addition to the tax shall be made under section 6651 of the Internal Revenue Code for failure to make timely payment of tax with respect to a period during which a case is pending under Title 11 of the United States Code—

(1) If such tax was incurred by the estate and the failure occurred pursuant to an order of the court finding probable insufficiency of funds of the estate to pay administrative expenses, or

(2) If such tax was incurred by the debtor before the earlier of the order for relief or (in the involuntary case) the appointment of a trustee and

(i) The petition was filed before the due date prescribed by law (including extensions) for filing a return of such tax, or

(ii) The date for making the addition to the tax occurs on or after the day on which the petition was filed.

(b) Exception for collected taxes. Paragraph (a) of this section shall not apply to any liability for an addition to the tax which arises from the failure to pay or deposit a tax withheld or collected from others and required to be paid to the United States.

Except as otherwise provided, any reference in the Internal Revenue Code to “tax” imposed thereunder shall also be deemed to refer to the penalties and liabilities provided by Subchapter B of Chapter 68.

(b) Person defined. For purposes of Subchapter B of Chapter 68 of the Internal Revenue Code, the term “person” includes an officer or employee of a corporation, or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

(26 U.S.C. 6671)
§ 70.112 Failure to collect and pay over tax, or attempt to evade or defeat tax.

Any person required to collect, truthfully account for, and pay over any tax imposed by the Internal Revenue Code who willfully fails to collect such tax, or willfully attempts in any manner to evade or defeat any such tax or the payment thereof, shall, in addition to other penalties, be liable to a penalty equal to the total amount of the tax evaded, or not collected, or not accounted for and paid over. The penalty imposed by section 6672 of the Internal Revenue Code applies only to the collection, accounting for, or payment over of taxes imposed on a person other than the person who is required to collect, account for, and pay over such taxes. No penalty under section 6653 of the Internal Revenue Code, relating to failure to pay tax, shall be imposed for any offense to which this section shall not apply.

Except as provided in paragraph (b) of this section, any person who is required by the regulations under section 6109 of the Internal Revenue Code to supply a taxpayer identification number fails to comply with such requirement at the time prescribed by such regulations, but establishes to the satisfaction of the regional director (compliance) or the Chief, Tax Processing Center that such failure was due to reasonable cause, the penalty set forth in paragraph (a) of this section shall not apply.

(c) Persons required to supply taxpayer identification numbers. For regulations under section 6109 of the Internal Revenue Code relating to persons required to supply an identifying number, see the regulations relating to the particular tax.

(1) Who aids or assists in, procures, or advises with respect to, the preparation or presentation of any portion of a return, affidavit, claim, or other document in connection with any matter arising under the internal revenue laws,

(2) Who knows that such portion will be used in connection with any material matter arising under the internal revenue laws, and

(3) Who knows that such portion (if so used) will result in an understatement of the liability for tax of another person, shall pay a penalty with respect to each such document in the amount determined under paragraph (b).

(b) Amount of penalty—(1) General. Except as provided in paragraph (b)(2) of this section, the amount of the penalty imposed by paragraph (a) of this section shall be $1,000.

(2) Corporations. If the return, affidavit, claim, or other document relates to the tax liability of a corporation, the amount of the penalty imposed by paragraph (a) of this section shall be $10,000.

(3) Only one penalty per person per period. If any person is subject to a penalty under paragraph (a) of this section with respect to any document relating

(e) Certain actions not treated as aid or assistance. For purposes of paragraph (a)(1) of this section, a person furnishing typing, reproducing, or other mechanical assistance with respect to a document shall not be treated as having aided or assisted in the preparation of such document by reason of such assistance.

(f) Penalty in addition to other penalties. The penalty imposed by this section shall be in addition to any other penalty provided by law.

§ 70.122 Authority to make credits or refunds.

The regional director (compliance) or the Chief, Tax Processing Center, within the applicable period of limitations, may credit any overpayment of tax, including interest thereon, against any outstanding liability for any tax (or for any interest, additional amount, addition to the tax, or assessable penalty) owed by the person making the overpayment and the balance, if any, shall be refunded, subject to 26 U.S.C. 6402 (c) and (d) and the regulations thereunder, to such person by the regional director (compliance) or the Chief, Tax Processing Center.

(26 U.S.C. 6402)

[T.D. ATF–301, 55 FR 47615, Nov. 14, 1990]

§ 70.123 Claims for credit or refund.

(a) Requirement that claim be filed. (1) Credits or refunds of overpayments may not be allowed or made after the expiration of the statutory period of limitation properly applicable unless, before the expiration of such period, a claim therefor has been filed by the taxpayer. Furthermore, under section 7422 of the Internal Revenue Code, a civil action for refund may not be instituted unless a claim has been filed within the proper applicable period of limitation.

(2) All claims relating to provisions of 26 U.S.C. enforced and administered by the Bureau, together with appropriate supporting evidence, shall be filed with the regional director (compliance), for the region in which the claimant is located, or, in the case of special (occupational) tax, with the Chief, Tax Processing Center. As to interest in the case of credits or refunds, see section 6611 of the Internal Revenue Code. See section 7502 for provisions
§ 70.124 Payments in excess of amounts shown on return.

In certain cases, the taxpayer’s payments in respect of a tax liability, made before the filing of the taxpayer’s return, may exceed the amount of tax shown on the return. In any case in which the regional director (compliance) or the Chief, Tax Processing Center determines that the payments by the taxpayer (made within the period prescribed for payment and before the filing of the return) are in excess of the amount of tax shown on the return, the regional director (compliance) or the Chief, Tax Processing Center may make credit or refund of such overpayment without awaiting examination of the completed return and without awaiting filing of a claim for refund. However, the provisions of §70.123 of 

treating timely mailing as timely filing and section 7503 for time for filing claim when the last day falls on a Saturday, Sunday, or legal holiday.

(b) Grounds set forth in claim. (1) No refund or credit will be allowed after the expiration of the statutory period of limitation applicable to the filing of a claim therefor except upon one or more of the grounds set forth in a claim filed before the expiration of such period. The claim must set forth in detail each ground upon which credit or refund is claimed and facts sufficient to apprise the regional director (compliance) or the Chief, Tax Processing Center of the exact basis thereof. The statement of the grounds and facts must be verified by a written declaration that it is made under the penalties of perjury. A claim which does not comply with this paragraph will not be considered for any purpose as a claim for the refund or credit.

(2) The regional director (compliance) and the Chief, Tax Processing Center do not have authority to refund on equitable grounds penalties or other amounts legally collected.

(c) Form for filing claim. All claims by taxpayers for the refunding of taxes, interest, penalties, and additions to tax shall be made on Form 2635 (5620.8). 

(d) Proof of representative capacity. If a return is filed by an individual and, after the individual’s death, a refund claim is filed by a legal representative, certified copies of the letters testamentary, letters of administration, or other similar evidence must be annexed to the claim, to show the authority of the legal representative to file the claim. If an executor, administrator, guardian, trustee, receiver, or other fiduciary files a return and thereafter a refund claim is filed by the same fiduciary, documentary evidence to establish the legal authority of the fiduciary need not accompany the claim, provided a statement is made in the claim showing that the return was filed by the fiduciary and that the latter is still acting. In such cases, if a refund is to be paid, letters testamentary, letters of administration, or other evidence may be required, but should be submitted only upon the receipt of a specific request therefor. If a claim is filed by a fiduciary other than the one by whom the return was filed, the necessary documentary evidence should accompany the claim. A claim may be executed by an agent of the person assessed, but in such case a power of attorney must accompany the claim.

(e) Mailing of refund check. (1) Checks in payment of claims allowed will be drawn in the names of the persons entitled to the money and, except as provided in paragraph (e)(2) of this section, the checks may be sent direct to the claimant or to such person in care of an attorney or agent who has filed a power of attorney specifically authorizing the attorney or agent to receive such checks.

(2) Checks in payment of claims which have either been reduced to judgment or settled in the course or as a result of litigation will be drawn in the name of the person or persons entitled to the money and will be sent to the Assistant Attorney General, Tax Division, Department of Justice, for delivery to the taxpayer or the counsel of record in the court proceeding.

(3) For restrictions on the assignment of claims, see 31 U.S.C. 3727.

(b) If more than the correct amount of tax, interest, additional amount, addition to the tax, or assessable penalty is assessed but not paid to ATF, the person against whom the assessment is made may file a claim for abatement of such overassessment. Each claim for abatement under this section shall be made on Form 2635 (5020.8), Claim—Alcohol, Tobacco and Firearms Taxes, in accordance with the instructions on the form. All such claims shall be filed with the ATF official who made demand for the amount assessed.

SOURCE: Sections 70.141 through 70.151 added by T.D. ATF–301, 55 FR 47616, Nov. 14, 1990, unless otherwise noted.

§ 70.141 Lien for taxes.

If any person liable to pay any tax under provisions of 26 U.S.C. enforced and administered by the Bureau neglects or refuses to pay the same after demand, the amount (including any interest, additional amount, addition to tax, or assessable penalty, together with any costs that may accrue in addition thereto) shall be a lien in favor of the United States upon all property.
and rights to property, whether real or personal, tangible or intangible, belonging to such person. The lien attaches to all property and rights to property belonging to such person at any time during the period of the lien, including any property or rights to property acquired by such person after the lien arises. Solely for purposes of this section and §§ 70.161 and 70.162 of this part, any interest in restricted land held in trust by the United States for an individual noncompetent Indian (and not for a tribe) shall not be deemed to be property, or a right to property, belonging to such Indian.

(26 U.S.C. 6321)

§ 70.142 Scope of definitions.

Except as otherwise provided by §§ 70.143 through 70.149 and §§ 70.161 and 70.162 of this part, the definitions provided by §§ 70.143 apply for purposes of § 70.142 through 70.149 and §§ 70.231 through 70.234 of this part.

§ 70.143 Definitions.

(a) Security interest—(1) In general. The term security interest means any interest in property acquired by contract for the purpose of securing payment or performance of an obligation or indemnifying against loss or liability. A security interest exists at any time: (i) If, at such time, the property is in existence within the meaning of paragraph (a)(1) of this section, a security interest is deemed to be protected against a subsequent judgment lien if the holder of a security interest has been protected under local law against a subsequent judgment lien on: (i) The date on which all actions required under local law to establish the priority of a security interest against a judgment lien have been taken, or (ii) If later, the date on which all required actions are deemed effective, under local law, to establish the priority of the security interest against a judgment lien.

For purposes of paragraph (a)(2) of this section, the dates described in paragraphs (a)(2) (i) and (ii) of this section shall be determined without regard to any rule or principle of local law which permits the relation back or the making of any requisite action retroactive to a date earlier than the date on which the action is actually performed. For purposes of paragraph (a) of this section, a judgment lien is a lien held by a judgment lien creditor as defined in paragraph (g) of this section.

(3) Money or money’s worth. For purposes of paragraph (a) of this section, the term “money or money’s worth” includes money, a security (as defined in paragraph (d) of this section), tangible or intangible property, services, and other consideration reducible to a money value. Money or money’s worth also includes any consideration which otherwise would constitute money or money’s worth under the preceding sentence which was parted with before the security interest would otherwise exist if, under local law, past consideration is sufficient to support an agreement giving rise to a security interest. A relinquishing or promised relinquishment of dower, curtesy, or of a statutory estate created in lieu of dower or curtesy, or of other marital rights is not a consideration in money or money’s worth. Nor is love and affection, promise of marriage, or any other consideration not reducible to a money value a consideration in money or money’s worth.

(4) Holder of a security interest. For purposes of paragraph (a) of this section, the holder of a security interest is
the person in whose favor there is a security interest. For provisions relating
to the treatment of a purchaser of commercial financing security as a holder
of a security interest, see §70.232(e) of this part.

(b) Mechanic's lienor. The term mechanic's lienor means any person who
under local law has a lien on real property (or on the proceeds of a contract
relating to real property) for services, labor, or materials furnished in connection
with the construction or improvement (including demolition) of the
property. A mechanic's lienor is treated as having a lien on the later of:

(1) The date on which the mechanic's lien first becomes valid under local law
against subsequent purchasers of the real property without actual notice, or
(2) The date on which the mechanic's lienor begins to furnish the services,
labor, or materials.

(c) Motor vehicle. (1) The term motor vehicle means a self-propelled vehicle
which is registered for highway use under the laws of any State, the Dis-

immediately prior to the sale it is so registered under the laws of any State, the Dist-

(d) Security. The term security means any bond, debenture, note, or certifi-
cate or other evidence of indebtedness, issued by a corporation or a govern-
ment or political subdivision thereof, with interest coupons or in registered
form, share of stock, voting trust certificate, or any certificate of interest
or participation in, certificate of de-

(e) Tax lien filing. The term tax lien filing means the filing of notice of the
lien imposed by 26 U.S.C. 6321 in ac-

(f) Purchaser.—(1) In general. The term purchaser means a person who, for ade-
quate and full consideration in money
or money’s worth (as defined in para-

(2) Interest in property. For purposes
of paragraph (f) of this section, each of
the following interests is treated as an
interest in property, if it is not a lien
or security interest:

(i) A lease of property,
(ii) A written executory contract to
purchase or lease property,
(iii) An option to purchase or lease
property and any interest therein,
or
(iv) An option to renew or extend a
lease of property.

(3) Adequate and full consideration in
money or money’s worth. For purposes
of paragraph (f) of this section, the term
“adequate and full consideration in
money or money’s worth” means a con-
sideration in money or money’s worth
having a reasonable relationship to the
ture value of the interest in property
acquired. See paragraph (a)(3) of this
section for definition of the term
“money or money’s worth.” Adequate
and full consideration in money or
money’s worth may include the consid-
eration in a bona fide bargain pur-
chase. The term also includes the con-
sideration in a transaction in which
the purchaser has not completed per-
formance of an obligation, such as the
consideration in an installment pur-
chase contract where the purchaser has
not completed the installment pay-
ments.

(g) Judgment lien creditor. The term
judgment lien creditor means a person
who has obtained a valid judgment, in
a court of record and of competent ju-
risdiction, for the recovery of specifi-
cally designated property or for a cer-
tain sum of money. In the case of a
judgment for the recovery of a certain
sum of money, a judgment lien creditor
is a person who has perfected a lien
under the judgment on the property in-
volved. A judgment lien is not per-
fected until the identity of the lienor,
the property subject to the lien, and the
amount of the lien are established. A
Accordingly, a judgment lien does not

(a) Actual notice or knowledge. For purposes of 26 U.S.C. 6321 through 6327, an organization is deemed, in any transaction, to have actual notice or knowledge of any fact from the time the fact is brought to the attention of the individual conducting the transaction, and in any event from the time the fact would have been brought to the individual’s attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless such communication is part of the individual’s regular duties or unless the individual has reason to know of the transaction and that the transaction would be materially affected by the information.

(b) Subrogation: Where, under local law, one person is subrogated to the rights of another with respect to a lien or interest, such person shall be subrogated to such rights for purposes of any lien imposed by 26 U.S.C. 6321 or 6324. Thus, if a tax lien imposed by 26 U.S.C. 6321 or 6324 is not valid with respect to a particular interest as against the holder of that interest, then the tax lien also is not valid with respect to that interest as against any person who, under local law, is a successor in interest to the holder of that interest.

(c) Disclosure of amount of outstanding lien. If a notice of lien has been filed (see §70.148 of this part), the amount of the outstanding obligation secured by the lien is authorized to be disclosed as a matter of public record on ATF Form 5651.2 “Notice of Federal Tax Lien Under Internal Revenue Laws.” The amount of the outstanding obligation secured by the lien remaining unpaid at the time of an inquiry is authorized to be disclosed to any person who has a proper interest in determining this amount. Any person who has a right in the property or intends to obtain a right in the property by purchase or otherwise will, upon presentation of satisfactory evidence, be considered to have a proper interest. Any person desiring this information may make a request to the office of the Bureau named on the notice of lien with respect to which the request is made. The request should clearly describe the property subject to the lien, identify the applicable lien, and give the reasons for requesting the information.

(26 U.S.C. 6323)

§ 70.145  Purchasers, holders of security interests, mechanic’s liensors, and judgment lien creditors.

(a) Invalidity of lien without notice. The lien imposed by 26 U.S.C. 6321 is not valid against any purchaser (as defined in §70.143(f) of this part), holder of a security interest (as defined in §70.143(a) of this part), mechanic’s liensor (as defined in §70.143(b) of this part), or judgment lien creditor (as defined in §70.143(g) of this part) until a notice of lien is filed in accordance with §70.148 of this part. Except as provided by 26 U.S.C. 6323, if a person becomes a purchaser, holder of a security interest, mechanic’s liensor, or judgment lien creditor after a notice of lien is filed in accordance with §70.148 of this part, the interest acquired by such person is subject to the lien imposed by 26 U.S.C. 6321.
(b) Cross references. For provisions relating to the protection afforded a security interest arising after tax lien filing, which interest is covered by a commercial transactions financing agreement, real property construction or improvement financing agreement, or an obligatory disbursement agreement, see §§70.232, 70.233, and 70.234 of this part, respectively. For provisions relating to the protection afforded to a security interest coming into existence by virtue of disbursements, made before the 46th day after the date of tax lien filing, see §70.146 of this part. For provisions relating to priority afforded to interest and certain other expenses with respect to a lien or security interest having priority over the lien imposed by 26 U.S.C. 6321, see §70.147 of this part. For provisions relating to certain other interests arising after tax lien filing, see §70.231 of this part.

§ 70.146 45-day period for making disbursements.

Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.149 of this part, the lien is not valid with respect to a security interest which comes into existence, after tax lien filing, by reason of disbursements made before the 46th day after the date of tax lien filing, or if earlier, before the person making the disbursements has actual notice or knowledge of the tax lien filing, but only if the security interest is:

(a) In property which is subject, at the time of tax lien filing, to the lien imposed by 26 U.S.C. 6321 and which is covered by the terms of a written agreement entered into before tax lien filing, and

(b) Protected under local law against a judgment lien arising, as of the time of tax lien filing, out of an unsecured obligation.

For purposes of paragraph (a) of this section, a contract right (as defined in §70.232(c)(2)(i) of this part) is subject, at the time of tax lien filing, to the lien imposed by 26 U.S.C. 6321 if the contract has been made by such time. An account receivable (as defined in §70.232(c)(2)(ii) of this part) is subject, at the time of tax lien filing, to the lien imposed by 26 U.S.C. 6321 if, and to the extent, a right to payment has been earned by performance at such time. For purposes of paragraph (b) of this section, a judgment lien is a lien held by a judgment lien creditor as defined in §70.148(g) of this part. For purposes of this section, it is immaterial that the written agreement provides that the disbursements are to be made at the option of the person making the disbursements. See §70.143(a) and (e) of this part for definitions of the terms “security interest” and “tax lien filing,” respectively. See §70.144(a) of this part for certain circumstances under which a person is deemed to have actual notice or knowledge of a fact.

(26 U.S.C. 6323)

§ 70.147 Priority of interest and expenses.

(a) In general. If the lien imposed by 26 U.S.C. 6321 is not valid as against another lien or security interest, the priority of the other lien or security interest also extends to each of the following items to the extent that under local law the item has the same priority as the lien or security interest to which it relates:

(1) Any interest or carrying charges (including finance, service, and similar charges) upon the obligation secured,

(2) The reasonable charges and expenses of an indenture trustee (including, for example, the trustee under a deed of trust) or agent holding the security interest for the benefit of the holder of the security interest,

(3) The reasonable expenses, including reasonable compensation for attorneys, actually incurred in collecting or enforcing the obligation secured,

(4) The reasonable costs of insuring, preserving, or repairing the property to which the lien or security interest relates,

(5) The reasonable costs of insuring payment of the obligation secured (including amounts paid by the holder of the security interest for mortgage insurance, such as that issued by the Federal Housing Administration), and

(6) Amounts paid to satisfy any lien on the property to which the lien or security interest relates, but only if the lien so satisfied is entitled to priority over the lien imposed by 26 U.S.C. 6321.
(b) Collection expenses. The reasonable expenses described in paragraph (a)(3) of this section include expenditures incurred by the protected holder of the lien or security interest to establish the priority of the holder’s interest or to collect, by foreclosure or otherwise, the amount due the holder from the property subject to the protected holder’s lien. Accordingly, the amount of the encumbrance which is protected is increased by the amounts so expended by the holder of the security interest.

(c) Costs of insuring, preserving, etc. The reasonable costs of insuring, preserving, or repairing described in paragraph (a)(4) of this section include expenditures by the holder of a security interest for fire and casualty insurance on the property subject to the security interest and amounts paid by the holder of the lien or security interest to repair the property. Such reasonable costs also include the amounts paid by the holder of the lien or security interest in a leasehold to the lessor of the leasehold to preserve the leasehold subject to the lien or security interest. Accordingly, the amount of the lien or security interest which is protected is increased by the amounts so expended by the holder of the lien or security interest.

(d) Satisfaction of liens. The amounts described in paragraph (a)(6) of this section include expenditures incurred by the protected holder of a lien or security interest to discharge a statutory lien for State sales taxes on the property subject to the lien or security interest if both the lien or security interest and the sales tax lien have priority over a Federal tax lien. Accordingly, the amount of the lien or security interest is increased by the amounts so expended by the holder of the lien or security interest even though under local law the holder of the lien or security interest is not subrogated to the rights of the holder of the State sales tax lien. However, if the holder of the lien or security interest is subrogated, within the meaning of §70.144(b) of this part, to the rights of the holder of the sales tax lien, the holder of the lien or security interest will also be entitled to any additional protection afforded by 26 U.S.C. 6323(i)(2) (26 U.S.C. 6323).
§ 70.149 Refiling of notice of tax lien.

(a) In general—(1) Requirement to refile. In order to continue the effect of a notice of lien, the notice must be refiled in the place described in paragraph (b) of this section during the required refiling period (described in paragraph (c) of this section). In the event that two or more notices of lien are filed with respect to a particular tax assessment, the failure to comply with the provision of paragraphs (b)(1)(i) and (c) of this section in respect of one of the notices of lien does not affect the effectiveness of the refiled notice of lien.

(b) Situs of property subject to lien. For purposes of paragraph (a) of this section, property is deemed situated as follows:

(1) Real property. Real property is deemed situated at its physical location.

(2) Personal property. Personal property, whether tangible or intangible, is deemed situated at the residence of the taxpayer at the time the notice of lien is filed.

For purposes of paragraph (b)(2) of this section, the residence of a corporation or partnership is deemed to be the place at which the principal executive office of the business is located, and the residence of a taxpayer whose residence is not within the United States is deemed to be in the District of Columbia.

(c) Form—(1) In general. The notice referred to in § 70.145 of this part shall be filed on ATF Form 5651.2, “Notice of Federal Tax Lien under Internal Revenue Laws”. Such notice is valid notwithstanding any other provision of law regarding the form or content of a notice of lien. For example, omission from the notice of lien of a description of the property subject to the lien does not affect the validity thereof even though State law may require that the notices contain a description of the property subject to the lien.

(2) ATF Form 5651.2 defined. The term “ATF Form 5651.2” generally means a paper form. However, if a State in which a notice referred to in § 70.145 of this part is filed permits a notice of Federal tax lien to be filed by the use of an electronic or magnetic medium, the term “ATF Form 5651.2” includes an ATF Form 5651.2 filed by the use of any electronic or magnetic medium permitted by that State. An ATF Form 5651.2 must identify the taxpayer, the tax liability giving rise to the lien, and the date the assessment arose regardless of the method used to file the notice of Federal tax lien.

(26 U.S.C. 6323)
discussed or released unless refilled during the required refiling period. Failure to refile a notice of lien does not affect the existence of the lien.

(4) Filing of new notice. If a notice of lien is not refilled, and if the lien remains in existence, the Bureau may nevertheless file a new lien either on the prescribed form for the filing of a notice of lien or on the form prescribed for refilling a notice of lien. This new filing must meet the requirements of 26 U.S.C. 6323(f) and §70.148 of this part and is effective from the date on which such filing is made.

(b) Place for refiling notice of lien—(1) In general. A notice of lien refilled during the required refiling period (described in paragraph (c) of this section) shall be effective only:

(i) If the notice of lien is refilled in the office in which the prior notice of lien (including a refilled notice) was filed under the provisions of 26 U.S.C. 6323; and

(ii) In any case in which 90 days or more prior to the date the refiling of the notice of lien under paragraph (a)(1)(i) of this section is completed, the Bureau receives written information (in the manner described in paragraph (b)(2) of this section) concerning a change in the taxpayer’s residence, if a notice of such lien is also filed in accordance with 26 U.S.C. 6323(f)(1)(A)(ii) in the State in which such new residence is located (or, if such new residence is located in the District of Columbia or outside the United States, in the District of Columbia).

A notice of lien is considered as refilled in the office in which the prior notice or refilled notice was filed under the provisions of 26 U.S.C. 6323 if it is refilled in the office which, pursuant to a change in the applicable local law, assumed the functions of the office in which the prior notice or refilled notice was filed. If on or before the 90th day referred to in paragraph (b)(1)(ii) of this section, more than one written notice is received concerning a change in the taxpayer’s residence, a notice of lien is required by this subdivision to be filed only with respect to the residence shown on the written notice received on the most recent date. Paragraph (b)(1)(ii) of this section is applicable regardless of whether the taxpayer resides at the new residence on the date the refiling of notice of lien under paragraph (b)(1)(i) of this section is completed.

(c) Other rules applicable. Except as provided in paragraph (b)(2)(i) of this section, no communication (either written or oral) to the Bureau will be considered effective as notice of a change of a taxpayer’s residence under this section, whether or not the Bureau has actual notice or knowledge of the taxpayer’s new residence. For the purpose of determining the date on which a notice of change of a taxpayer’s residence is received under this section, the notice shall be treated as received on the date it is actually received by the Bureau without reference to the provisions of 26 U.S.C. 7502.

(c) Required refiling period. For the purpose of this section, the term “required refiling period” means:

(1) The 1-year period ending 30 days after the expiration of 6 years after the date of the assessment of the tax, and

(2) The 1-year period ending with the expiration of 6 years after the close of
the preceding required refiling period for such notice of lien.

(26 U.S.C. 6323)

§ 70.150 Release of lien or discharge of property.

(a) Release of lien. Generally, the Chief, Tax Processing Center is the ATF official charged with releasing liens or discharging property from liens, but whenever necessary to protect the interests of the government, a regional director (compliance) may also release a lien or discharge property from a lien, following the procedures set forth in this section. The Chief, Tax Processing Center shall issue a certificate of release of a lien imposed with respect to any tax imposed by a provision of 26 U.S.C. enforced and administered by the Bureau, not later than 30 days after the day on which either:

(1) The Chief, Tax Processing Center finds that the entire liability for the tax has been satisfied or has become unenforceable as a matter of law (and not merely uncollectible or unenforceable as a matter of fact). Tax liabilities frequently are unenforceable in fact for the time being, due to the temporary nonpossession by the taxpayer of discoverable property or property rights. In all cases the liability for the payment of the tax continues until satisfaction of the tax in full or until the expiration of the statutory period for collection, including such extension of the period for collection as may be agreed upon in writing by the taxpayer and the Chief, Tax Processing Center.

(2) The Chief, Tax Processing Center is furnished and accepts a bond that is conditioned upon the payment of the amount assessed (together with all interest in respect thereof and any expenses to which the Government has been put in the matter), within the time agreed upon in the bond, not later than 6 months before the expiration of the statutory period for collection, including any period for collection agreed upon in writing by the Chief, Tax Processing Center and the taxpayer. For provisions relating to bonds, see 26 U.S.C. 7101 and 7102 and §§ 70.281 and 70.282 of this part.

(b) Discharge of specific property from the lien—(1) Property double the amount of the liability. The Chief, Tax Processing Center may, in that official’s discretion, issue a certificate of discharge of any part of the property subject to a lien imposed under 26 U.S.C. 64 if the Bureau determines that the fair market value of that part of the property remaining subject to the lien is at least double the sum of the amount of the unsatisfied liability secured by the lien and of the amount of all other liens upon the property which have priority over the lien. In general, fair market value is that amount which one ready and willing but not compelled to buy would pay to another ready and willing but not compelled to sell the property.

(2) Part payment; interest of United States valueless—(i) Part payment. The Chief, Tax Processing Center may, in that official’s discretion, issue a certificate of discharge of any part of the property subject to a lien imposed under 26 U.S.C. 64 if there is paid over to the Bureau in partial satisfaction of the liability secured by the lien an amount determined by the Bureau to be not less than the value of the interest of the United States in the property to be so discharged. In determining the amount to be paid, the Chief, Tax Processing Center will take into consideration all the facts and circumstances of the case, including the expenses to which the Government has been put in the matter. In no case shall the amount to be paid be less than the value of the interest of the United States in the property with respect to which the certificate of discharge is to be issued.

(ii) Interest of the United States valueless. The Chief, Tax Processing Center may, in that official’s discretion, issue a certificate of discharge of any part of the property subject to a lien if the Bureau determines that the interest of the United States in the property to be so discharged has no value.

(iii) Valuation of interest of United States. For purposes of this paragraph (b)(2), in determining the value of the interest of the United States in the property, or any part thereof, with respect to which the certificate of discharge is to be issued, the Chief, Tax Processing Center shall give consideration to the value of the property and
the amount of all liens and encumbrances thereon having priority over the Federal tax lien. In determining the value of the property, the Chief, Tax Processing Center may, in that official's discretion, give consideration to the forced sale value of the property in appropriate cases.

(3) Discharge of property by substitution of proceeds of sale. The Chief, Tax Processing Center may, in that official's discretion, issue a certificate of discharge of any part of the property subject to a lien imposed under 26 U.S.C. 64 if such part of the property is sold and, pursuant to a written agreement with the Chief, Tax Processing Center, the proceeds of the sale are held, as a fund subject to the liens and claims of the United States, in the same manner and with the same priority as the lien or claim had with respect to the discharged property. This subparagraph does not apply unless the sale divests the taxpayer of all right, title, and interest in the property sought to be discharged. Any reasonable and necessary expenses incurred in connection with the sale of the property and the administration of the sale proceeds shall be paid by the applicant or from the proceeds of the sale before satisfaction of any lien or claim of the United States.

(4) Application for certificate of discharge. Any person desiring a certificate of discharge under this paragraph shall submit an application to the Chief, Tax Processing Center. The application shall contain such information as the Chief, Tax Processing Center may require.

(c) Subordination of lien—(1) By payment of the amount subordinated. The Chief, Tax Processing Center may, in that official's discretion, issue a certificate of subordination of a lien imposed under 26 U.S.C. 64 upon any part of the property subject to the lien if there is paid over to the Chief, Tax Processing Center an amount equal to the amount of the lien or interest to which the certificate subordinates the lien of the United States. For this purpose, the tax lien may be subordinated to another lien or interest on a dollar-for-dollar basis. For example, if a notice of a Federal tax lien is filed and a delinquent taxpayer secures a mortgage loan on a part of the property subject to the tax lien and pays over the proceeds of the loan to the Chief, Tax Processing Center after an application for a certificate of subordination is approved, the Chief, Tax Processing Center will issue a certificate of subordination. This certificate will have the effect of subordinating the tax lien to the mortgage.

(2) To facilitate tax collection. The Chief, Tax Processing Center may, in that official's discretion, issue a certificate of subordination of a lien imposed under 26 U.S.C. 64 upon any part of the property subject to the lien if the Chief, Tax Processing Center believes that the subordination of the lien will ultimately result in an increase in the amount realized by the United States from the property subject to lien and will facilitate the ultimate collection of the tax liability.

(3) Application for certificate of subordination. Any person desiring a certificate of subordination under this paragraph shall submit an application therefor in writing to the Chief, Tax Processing Center. The application shall contain such information as the Chief, Tax Processing Center may require.

(d) Nonattachment of lien. If the Chief, Tax Processing Center determines that, because of confusion of names or otherwise, any person (other than the person against whom the tax was assessed) is or may be injured by the appearance that a notice of lien filed in accordance with §70.148 of this part refers to such person, the Chief, Tax Processing Center may issue a certificate of nonattachment. Such certificate shall state that the lien, notice of which has been filed, does not attach to the property of such person. Any person desiring a certificate of nonattachment under this paragraph shall submit an application therefor in writing to the Chief, Tax Processing Center. The application shall contain such information as the Chief, Tax Processing Center may require.

(e) Effect of certificate—(1) Conclusiveness. Except as provided in paragraphs (e) (2) and (3) of this section, if a certificate is issued under 26 U.S.C. 6325 by the Chief, Tax Processing Center and
the certificate is filed in the same office as the notice of lien to which it relates (if the notice of lien has been filed), the certificate shall have the following effect:

(i) In the case of a certificate of release issued under paragraph (a) of this section, the certificate shall be conclusive that the tax lien referred to in the certificate is extinguished;

(ii) In the case of a certificate of discharge issued under paragraph (b) of this section, the certificate shall be conclusive that the property covered by the certificate is discharged from the tax lien;

(iii) In the case of a certificate of subordination issued under paragraph (c) of this section, the certificate shall be conclusive that the lien or interest to which the Federal tax lien is subordinated is superior to the tax lien; and

(iv) In the case of a certificate of nonattatchment issued under paragraph (d) of this section, the certificate shall be conclusive that the lien of the United States does not attach to the property of the person referred to in the certificate.

(2) Revocation of certificate of release or nonattachment—(i) In general. If the Chief, Tax Processing Center determines that either:

(A) A certificate of release or a certificate of nonattachment of the general tax lien imposed by 26 U.S.C. 6321 was issued erroneously or improvidently, or

(B) A certificate of release of such lien was issued in connection with a compromise agreement under 26 U.S.C. 7122 which has been breached, and if the period of limitation on collection after assessment of the tax liability has not expired, the Chief, Tax Processing Center may revoke the certificate and reinstate the tax lien.

(ii) Method of revocation and reinstatement. The revocation and reinstatement described in paragraph (e)(2)(i) of this section is accomplished by:

(A) Mailing notice of the revocation to the taxpayer at the taxpayer’s last known address, and

(B) Filing notice of the revocation of the certificate in the same office in which the notice of lien to which it relates was filed (if the notice of lien has been filed).

(iii) Effect of reinstatement—(A) Effective date. A tax lien reinstated in accordance with the provisions of this paragraph (e)(2) is effective on and after the date the notice of revocation is mailed to the taxpayer in accordance with the provisions of paragraph (e)(2)(ii)(A) of this section, but the reinstated lien is not effective before the filing of notice of revocation, in accordance with the provisions of paragraph (e)(2)(ii)(B) of this section, if the filing is required by reason of the fact that a notice of the lien had been filed.

(B) Treatment of reinstated lien. As of the effective date of reinstatement, a reinstated lien has the same force and effect as a general tax lien imposed by 26 U.S.C. 6321 which arises upon assessment of a tax liability. The reinstated lien continues in existence until the liability is satisfied or until the expiration of the period of limitation on collection after assessment of the tax liability to which it relates. The reinstatement of the lien does not retroactively reinstate a previously filed notice of lien. The reinstated lien is not valid against any holder of a lien or interest described in $70.145 of this part until notice of the reinstated lien has been filed in accordance with the provisions of $70.148 of this part subsequent to or concurrent with the time the reinstated lien became effective.

(3) Certificates void under certain conditions. Notwithstanding any other provisions of 26 U.S.C. subtitle F, any lien for Federal taxes attaches to any property with respect to which a certificate of discharge has been issued if the person liable for the tax reacquires the property after the certificate has been issued. Thus, if property subject to a Federal tax lien is discharged therefrom and is later reacquired by the delinquent taxpayer at a time when the lien is still in existence, the tax lien attaches to the reacquired property and is enforceable against it as in the case of after-acquired property generally.

(4) Filing of certificates and notices. If a certificate or notice described in this section may not be filed in the office designated by State law in which the notice of lien imposed by 26 U.S.C. 6321 (to which the certificate or notice relates) is filed, the certificate or notice
§ 70.151 Administrative appeal of the erroneous filing of notice of Federal tax lien.

(a) In general. Any person may appeal to the official who filed the Federal tax lien on the property or rights to property of such person for a release of lien alleging an error in the filing of notice of lien. Such appeal may be used only for the purpose of correcting the erroneous filing of a notice of lien, not to challenge the underlying tax liability that led to the imposition of a lien.

(b) Certificate of Release. If the official who filed the lien determines that the filing of the notice of any lien was erroneous that official shall expeditiously, and to the extent practicable, within 14 days after such determination, issue a certificate of release of lien. The certificate of release of such lien shall include a statement that the filing of notice of lien was erroneous.

(c) Appeal alleging an error in the filing of notice of lien. For purposes of paragraph (a) of this section, an appeal of the filing of notice of Federal tax lien must be based on any one of the following allegations:

(1) The tax liability that gave rise to the lien, plus any interest and additions to tax associated with said liability, was satisfied prior to the filing of notice of lien;

(2) The tax liability that gave rise to the lien was assessed in violation of title 11 of the United States Code (the Bankruptcy Code); or

(3) The statutory period for collection of the tax liability that gave rise to the lien expired prior to the filing of notice of Federal tax lien.

(d) Notice of Federal tax lien that lists multiple liabilities. When a notice of Federal tax lien lists multiple liabilities, a person may appeal the filing of notice of lien with respect to one or more of the liabilities listed in the notice, if the notice was erroneously filed with respect to such liabilities. If a notice of Federal tax lien was erroneously filed with respect to one or more liabilities listed in the notice, the official who filed the Federal tax lien shall issue a certificate of release with respect to such liabilities.

(e) Procedures for appeal—(1) Manner. An appeal of the filing of notice of Federal tax lien shall be made in writing to the official who filed the lien.

(2) Form. The appeal shall include the following information and documents:

(i) Name, current address, and taxpayer identification number of the person appealing the filing of notice of Federal tax lien;

(ii) A copy of the notice of Federal tax lien affecting the property, if available; and

(iii) The grounds upon which the filing of notice of Federal tax lien is being appealed.

(A) If the ground upon which the filing of notice is being appealed is that the tax liability in question was satisfied prior to the filing, proof of full payment as defined in paragraph (f) of this section must be provided.

(B) If the ground upon which the filing of notice is being appealed is that the tax liability that gave rise to the lien was assessed in violation of title 11 of the United States Code (the Bankruptcy Code), the appealing party must provide the identity of the court, the district in which the bankruptcy petition was filed, a docket number and the date of filing of the bankruptcy petition.

(3) Time. An administrative appeal of the erroneous filing of notice of Federal tax lien shall be made within 1 year after the taxpayer becomes aware of the erroneously filed tax lien.

(f) Proof of full payment. As used in paragraph (e)(2)(iii)(A) of this section, the term “proof of full payment” means:

(1) A Bureau of Alcohol, Tobacco and Firearms receipt reflecting full payment of the tax liability in question prior to the date the Federal tax lien was filed;

(2) A cancelled check payable to the Bureau of Alcohol, Tobacco and Firearms in an amount which was sufficient to satisfy the tax liability for which release is being sought; or

(3) Any other manner of proof acceptable to the official who filed the lien.
(g) Exception. Whenever necessary to protect the interests of the government, the regional director (compliance) of the region in which a notice of Federal tax lien was filed or the Chief, Tax Processing Center other than the official who filed the lien, may receive and act on an administrative appeal of a lien in accordance with this section.

(h) Exclusive remedy. The appeal established by section 6326 of the Internal Revenue Code and by this section shall be the exclusive administrative remedy with respect to the erroneous filing of a notice of Federal tax lien.

SEIZURE OF PROPERTY FOR COLLECTION OF TAXES § 70.161 Levy and distraint.

(a) Authority to levy—(1) In general. If any person liable to pay any tax neglects or refuses to pay the tax within 10 days after notice and demand, the regional director (compliance) or Chief, Tax Processing Center who initiated the assessment (or, on that official’s request, any other regional director (compliance) or the Chief, Tax Processing Center) may proceed to collect the tax by levy, provided the taxpayer has been furnished the notice described in §70.162(a) of this part. The regional director (compliance) or the Chief, Tax Processing Center may levy upon any property, or rights to property, whether real or personal, tangible or intangible, belonging to the taxpayer. The regional director (compliance) or the Chief, Tax Processing Center may also levy upon property with respect to which there is a lien provided by 26 U.S.C. 6321 for the payment of the tax. For exemption of certain property from levy, see 26 U.S.C. 6334 and §§70.241 through 70.245 of this part. As used in 26 U.S.C. 6331 and this section, the term “tax” includes any interest, additional amount, addition to tax, or assessable penalty, together with costs and expenses. Property subject to a Federal tax lien which has been sold or otherwise transferred by the taxpayer may be seized while in the hands of the transferee or any subsequent transferee. However, see 26 U.S.C. 6323(a)(2) and §70.144 of this part concerning the subrogation rights of certain transferees. Levy may be made by serving a Notice of Levy on any person in possession of, or obligated with respect to, property or rights to property subject to levy, including receivables, bank accounts, evidences of debt, securities, and salaries, wages, commissions, or other compensation. Except as provided in §70.162(c) of this part with regard to a levy on salary or wages, a levy extends only to property possessed and obligations which exist at the time of the levy. Obligations exist when the liability of the obligor is fixed and determinable although the right to receive payment thereof may be deferred until a later date. For example, if on the first day of the month a delinquent taxpayer sold personal property subject to an agreement that the buyer remit the purchase price on the last day of the month, a levy made on the buyer on the 10th day of the month would reach the amount due on the sale, although the buyer need not satisfy the levy by paying over the amount to the regional director (compliance) or the Chief, Tax Processing Center until the last day of the month. Similarly, a levy only reaches property in the possession of the person levied upon at the time the levy is made. For example, a levy made on a bank with respect to the account of a delinquent taxpayer is satisfied if the bank surrenders the amount of the taxpayer’s balance at the time the levy is made, including interest thereon to the date of surrender. The levy has no effect upon any subsequent deposit made in the bank by the taxpayer. Subsequent deposits may be reached only by a subsequent levy on the bank.

(2) Jeopardy cases. If the regional director (compliance) or the Chief, Tax Processing Center finds that the collection of any tax is in jeopardy, that official may make notice and demand for immediate payment of such tax and, upon failure or refusal to pay such tax, collection thereof by levy shall be lawful without regard to the 10-day period provided in 26 U.S.C. 6331(a) or the 30-day period provided in 26 U.S.C. 6331(d).

(3) Bankruptcy or receivership cases. During a bankruptcy proceeding or a receivership proceeding in either a Federal or a State court, the assets of the taxpayer are in general under the
control of the court in which such proceeding is pending. Taxes cannot be collected by levy upon assets in the custody of a court, whether or not such custody is incident to a bankruptcy or receivership proceeding, except where the proceeding has progressed to such a point that the levy would not interfere with the work of the court or where the court grants permission to levy. Any assets which under applicable provisions of law are not under the control of the court may be levied upon, for example, property exempt from court custody under State law or the bankrupt’s earnings and property acquired after the date of bankruptcy. However, levy upon such property is not mandatory and the Government may rely upon payment of taxes in the proceeding.

4 Certain types of compensation—(i) Federal employees. Levy may be made upon the salary or wages of any officer or employee (including members of the Armed Forces), or elected or appointed official, of the United States, the District of Columbia, or any agency or instrumentality of either, by serving a notice of levy on the employer of the delinquent taxpayer. As used in this paragraph, the term “employer” means:

(A) The officer or employee of the United States, the District of Columbia, or of the agency or instrumentality of the United States or the District of Columbia, who has control of the payment of the wages, or

(B) Any other officer or employee designated by the head of the branch, department, or agency, or instrumentality of the United States or of the District of Columbia as the party upon whom service of the notice of levy may be made.

If the head of such branch, department, agency or instrumentality designates an officer or employee other than one who has control of the payment of the wages, as the party upon whom service of the notice of levy may be made, such head shall promptly notify the Director of the name and address of each officer or employee so designated and the scope or extent of the authority of such designee.

(ii) State and municipal employees. Salaries, wages, or other compensation of any officer, employee, or elected or appointed official of a State or Territory, or of any agency, instrumentality, or political subdivision thereof, are also subject to levy to enforce collection of any Federal tax.

(iii) Seamen. Notwithstanding the provisions of section 12 of the Seamen’s Act of 1915 (46 U.S.C. 601), wages of seamen, apprentice seamen, or fishermen employed on fishing vessels are subject to levy. See 26 U.S.C. 6334(c).

5 Noncompetent Indians. Solely for purposes of 26 U.S.C. 6321 and 6331, any interest in restricted land held in trust by the United States for an individual noncompetent Indian (and not for a tribe) shall not be deemed to be property, or a right to property, belonging to such Indian.

(b) Successive seizures. Whenever any property or rights to property upon which a levy has been made are not sufficient to satisfy the claim of the United States for which the levy is made, the regional director (compliance) or the Chief, Tax Processing Center may thereafter, and as often as may be necessary, proceed to levy in like manner upon any other property or rights to property subject to levy of the person against whom such claim exists or on which there is a lien imposed by 26 U.S.C. 6321 (or the corresponding provision of prior law) for the payment of such claim until the amount due from such person, together with all costs and expenses, is fully paid.

(c) Service of notice of levy by mail. A notice of levy may be served by mailing the notice to the person upon whom the service of a notice of levy is authorized under paragraph (a)(1) of this section. In such a case the date and time the notice is delivered to the person to be served is the date and time the levy is made. If the notice is sent by certified or registered mail, return receipt requested, the date of delivery on the receipt is treated as the date the levy is made. If, after receipt of a notice of levy, an officer or other person authorized to act on behalf of the person served signs and notes the date and time of receipt on the notice of levy, the date and time so noted will be presumed to be, in the absence of proof to the contrary, the date and
time of delivery. Any person may upon written notice to the Chief, Tax Processing Center or to the region director (compliance) having jurisdiction over such person, have all notices of levy by mail sent to one designated office. After such a notice is received by the Chief, Tax Processing Center or the regional director (compliance), notices of levy by mail will sent to the designated office until a written notice withdrawing the request or a written notice designating a different office is received by the Chief, Tax Processing Center or the regional director (compliance).

§70.162 Levy and distraint on salary and wages.

(a) Notice of intent to levy. Levy may be made for any unpaid tax only after the regional director (compliance) or the Chief, Tax Processing Center has notified the taxpayer in writing of the intent to levy. The notice must be given in person, left at the dwelling or usual place of business of the taxpayer, or be sent by certified or registered mail to the taxpayer’s last known address, no less than 30 days before the day of levy. The notice of intent to levy is in addition to, and may be given at the same time as, the notice and demand described in §70.161 of this part.

(b) Jeopardy. Paragraph (a) of this section does not apply to a levy if the regional director (compliance) or the Chief, Tax Processing Center has made a finding under §70.161(a)(2) of this part that the collection of tax is in jeopardy.

(c) Continuing effect of levy on salary or wages. A levy on salary or wages is continuous from the time of the levy until the liability out of which the levy arose is released under 26 U.S.C. 6343 and §70.167 of this part. For this purpose, the term “salary or wages” includes compensation for services paid in the form of fees, commissions, bonuses, and similar items. The levy attaches to both salary or wages earned but not yet paid at the time of the levy, and salary or wages earned and becoming payable (or paid in the form of an advance) subsequent to the date of the levy, until the levy is released pursuant to paragraph (d) of this section. In general, salaries or wages that are the subject of a continuing levy, if not exempt from levy under 26 U.S.C. 6334(a)(8) or (9), become payable to the official who made the levy as the payor would otherwise be obligated to pay over the money to the taxpayer. For example, if the wage earner is paid on the Wednesday following the close of each workweek, a levy made upon the taxpayer’s employer on any Monday would reach both the wages due for the prior workweek and the wages for succeeding workweeks as such wages become payable. In such a case the levy would be satisfied if the employer, on the first Wednesday after the levy and on each Wednesday thereafter, pays over to the official who made the levy the wages which would otherwise be paid to the employee on such Wednesday, until the employer receives a notice of release from levy described in paragraph (d) of this section. See, however, §70.245(d) of this part for rules which permit a delayed payment to the official who made the levy in certain cases where amounts payable to the taxpayer are exempt from levy under 26 U.S.C. 6334(a)(9) and (d).

(d) Release and notice of release from levy. The official who made the levy will promptly release a continuing levy on salary or wages when the conditions of 26 U.S.C. 6343 are met. The official who made the levy will also promptly notify the person upon whom the levy was made that it has been released.

§70.163 Surrender of property subject to levy.

(a) Requirement—(1) In general. Except as otherwise provided in 26 U.S.C. 6332, relating to levy in the case of banks or life insurance and endowment contracts, any person in possession of (or obligated with respect to) property or rights to property subject to levy and upon which a levy has been made shall, upon demand of the official who made the levy, surrender the property or rights (or discharge the obligation) to the official who made the levy, except that part of the property or rights (or obligation) which, at the time of the demand, is actually or constructively under the jurisdiction of a court because of an attachment or execution under any judicial process.
§ 70.163

(2) Property held by banks. (i) Any bank shall surrender any deposits (including interest thereon) in such bank only after 21 days after service of levy.

(ii) Notwithstanding paragraph (a)(1) of this section, if a levy has been made upon property or rights to property subject to levy which a bank engaged in the banking business in the United States or a possession of the United States is in possession of (or obligated with respect to), the Director shall not enforce the levy with respect to any deposits held in an office of the bank outside the United States or a possession of the United States, unless the notice of levy specifies that the regional director (compliance) or the Chief, Tax Processing Center intends to reach such deposits. The notice of levy shall not specify that the regional director (compliance) or the Chief, Tax Processing Center intends to reach such deposits unless that official believes:

(A) That the taxpayer is within the jurisdiction of a U.S. court at the time the levy is made and that the bank is in possession of (or obligated with respect to) deposits of the taxpayer in an office of the bank outside the United States or a possession of the United States; or

(B) That the taxpayer is not within the jurisdiction of a U.S. court at the time the levy is made, that the bank is in possession of (or obligated with respect to) deposits of the taxpayer in an office outside the United States or a possession of the United States, and that such deposits consist, in whole or in part, of funds transferred from the United States or a possession of the United States in order to hinder or delay the collection of a tax imposed by provisions of 26 U.S.C. enforced and administered by the Bureau.

(b) Enforcement of levy—(1) Extent of personal liability. Any person who, upon demand of the regional director (compliance) or the chief, Tax Processing Center, fails or refuses to surrender any property or right to property subject to levy is liable in his/her own person and estate in a sum equal to the value of the property or rights not so surrendered, together with costs and interests. The liability, however, may not exceed the amount of the taxes for the collection of which the levy was made. Interest is to be computed at the annual rate referred to in regulations under 26 U.S.C. 6221 from the date of the levy, or, in the case of a continuing levy on salary or wages (see 26 U.S.C. 6331(e)), from the date the person would otherwise have been obligated to pay over the wages or salary to the taxpayer. Any amount recovered, other than cost, will be credited against the tax liability for the collection of which the levy was made.

(2) Penalty for violation. In addition to the personal liability described in paragraph (b)(1) of this section, any person who is required to surrender property or rights to property and who fails or refuses to surrender them without reasonable cause is liable for a penalty equal to 50 percent of the amount recoverable under 26 U.S.C. 6332(d)(2). No part of the penalty described in this subparagraph shall be credited against the tax liability for the collection of which the levy was made. The penalty described in this subparagraph is not applicable in cases where a bona fide dispute exists concerning the amount of the property to be surrendered pursuant to a levy or concerning the legal effectiveness of the levy. However, if a court in a later enforcement suit sustains the levy, then reasonable cause would usually not exist to refuse to honor a later levy made under similar circumstances.

(c) Effect of honoring levy. Any person in possession of, or obligated with respect to, property or rights to property subject to levy and upon which a levy has been made who, upon demand by the regional director (compliance) or the Chief, Tax Processing Center, surrenders the property or rights to property, or discharges the obligation, to that official, or who pays a liability described in paragraph (b)(1) of this section, is discharged from any obligation or liability to the delinquent taxpayer with respect to the property or rights to property arising from the surrender or payment. If an insuring organization satisfies a levy with respect to a life insurance or endowment contract in accordance with § 70.164 of this part, the insuring organization is discharged from any obligation or liability to any beneficiaries of the contract arising from the surrender or payment. Also, it
is discharged from any obligation or liability to the insured or other owner. Any person who mistakenly surrenders to the United States property or rights to property not properly subject to levy is not relieved from liability to a third party who owns the property. The owners of mistakenly surrendered property may, however, secure from the United States the administrative relief provided for in 26 U.S.C. 6343(b) or may bring suit to recover the property under 26 U.S.C. 7426.

(d) Person defined. In addition to the definition given in §70.11 of this part, the term “person,” as used in 26 U.S.C.A 6332(a) and this section, includes an officer or employee of a corporation or a member or employee of a partnership, who is under a duty to surrender the property or rights to property or to discharge the obligation. In the case of a levy upon the salary or wages of an officer, employee, or elected or appointed official of the United States, the District of Columbia, or any agency or instrumentality of either, the term “person” includes the officer or employee of the United States, of the District of Columbia, or of such agency or instrumentality who is under a duty to discharge the obligation. As to the officer or employee who is under such duty, see §70.161(a)(4)(i) of this part.

(26 U.S.C. 6332)

§ 70.164 Surrender of property subject to levy in the case of life insurance and endowment contracts.

(a) In general. This section provides special rules relating to the surrender of property subject to levy in the case of life insurance and endowment contracts. The provisions of §70.163 of this part which relate generally to the surrender of property subject to levy apply, to the extent not inconsistent with the special rules set forth in this section, to a levy in the case of life insurance and endowment contracts.

(b) Effect of service of notice of levy—(1) In general. A notice of levy served by a regional director (compliance) or the chief, Tax Processing Center on an insuring organization with respect to a life insurance or endowment contract issued by the organization shall constitute:

(i) A demand by the official who made the levy for the payment of the cash loan value of the contract adjusted in accordance with paragraph (c) of this section, and

(ii) The exercise of the right of the person against whom the tax is assessed to the advance of such cash loan value.

It is unnecessary for the official who made the levy to surrender the contract document to the insuring organization upon which the levy is made. However, the notice of levy will include a certification by the official who made the levy that a copy of the notice of levy has been mailed to the person against whom the tax is assessed at that person’s last known address. At the time of service of the notice of levy, the levy is effective with respect to the cash loan value of the insurance contract, subject to the condition that if the levy is not satisfied or released before the 90th day after the date of service, the levy can be satisfied only by payment of the amount described in paragraph (c) of this section. Other than satisfaction or release of the levy, no event during the 90-day period subsequent to the date of service of the notice of levy shall release the cash loan value from the effect of the levy. For example, the termination of the policy by the taxpayer or by the death of the insured during such 90-day period shall not release the levy. For the rules relating to the time when the insuring organization is to pay over the required amount, see paragraph (c) of this section.

(2) Notification of amount subject to levy—(i) Full payment before the 90th day. In the event that the unpaid liability to which the levy relates is satisfied at any time during the 90-day period subsequent to the date of service of the notice of levy, the official who filed the notice of levy will promptly give the insuring organization written notification that the levy is released.

(ii) Notification after the 90th day. In the event that notification is not given under paragraph (b)(2)(i) of this section, the official who filed the notice of levy will, promptly following the 90th day after service of the notice of levy, give the insuring organization written notification of the current status of all
§ 70.165 Production of books.

If a levy has been made or is about to be made on any property or rights to property, any person, having custody or control of any books or records containing evidence or statements relating to the property or rights to property subject to levy, shall, upon demand of the ATF officer who has made

accounts listed on the notice of levy, and of the total payments received since service of the notice of levy. This notification will be given to the insuring organization whether or not there has been any change in the status of the accounts.

(c) Satisfaction of levy. The levy described in paragraph (b) of this section with respect to a life insurance or endowment contract shall be deemed to be satisfied if the insuring organization pays over to the official who made the levy the amount which the person against whom the tax is assessed could have had advanced by the organization on the 90th day after service of the notice of levy on the organization. However, this amount is increased by the amount of any advance (including contractual interest thereon), generally called a policy loan, made to the person on or after the date the organization has actual notice or knowledge, within the meaning of 26 U.S.C. 6323(i)(1), of the existence of the tax lien with respect to which the levy is made. The insuring organization may, nevertheless, make an advance (including contractual interest thereon), generally called an automatic premium loan, made automatically to maintain the contract in force under an agreement entered into before the organization has such actual notice or knowledge. In any event, the amount paid to the Chief, Tax Processing Center by the insuring organization is not to exceed the amount of the unpaid liability shown on the notification described in paragraph (b)(2) of this section. The amount determined in accordance with the provisions of this section, subject to the levy, shall be paid to the Chief, Tax Processing Center by the insuring organization promptly after receipt of the notification described in paragraph (b)(2) of this section. The satisfaction of a levy with respect to a life insurance or endowment contract will not discharge the contract from the tax lien. However, see 26 U.S.C. 6323(b)(9)(C) and §70.231(i) of this part concerning the liability of an insurance company after satisfaction of a levy with respect to a life insurance or endowment contract. If the person against whom the tax is assessed so directs, the insuring organization, on a date before the 90th day after service of the notice of levy, may satisfy the levy by paying over an amount computed in accordance with the provisions of this subparagraph substituting such date for the 90th day.

In the event of termination of the policy by the taxpayer or by the death of the insured on a date before the 90th day after service of the notice of levy, the amount to be paid over to the Chief, Tax Processing Center by the insuring organization in satisfaction of the levy shall be an amount computed in accordance with the provisions of this subparagraph substituting the date of termination of the policy or the date of death for the 90th day.

(d) Other enforcement proceedings. The satisfaction of the levy described in paragraph (b) of this section by an insuring organization shall be without prejudice to any civil action for the enforcement of any Federal tax lien with respect to a life insurance or endowment contract. Thus, this levy procedure is not the exclusive means of subjecting the life insurance and endowment contracts of the person against whom a tax is assessed to the collection of the person’s unpaid assessment. The United States may choose to foreclose the tax lien in any case where it is appropriate, as, for example, to reach the cash surrender value (as distinguished from cash loan value) of a life insurance or endowment contract.

(e) Cross references. (1) For provisions relating to priority of certain advances with respect to a life insurance or endowment contract after satisfaction of a levy pursuant to 26 U.S.C. 6332(b), see 26 U.S.C. 6323(b)(9) and §70.231(i) of this part.

(2) For provisions relating to the issuance of a certificate of discharge of a life insurance or endowment contract subject to a tax lien, see 26 U.S.C. 6325(b) and §70.150(b) of this part.

§ 70.167 Authority to release levy and return property.

(a) Release of levy—(1) Authority. A regional director (compliance) or the Chief, Tax Processing Center may release the levy upon all or part of the property or rights to property levied upon as provided in paragraphs (a)(2), (3) and (4) of this section. Generally, the official who made the levy will receive and act on requests for release of a levy and return of property, but whenever necessary to protect the interests of the government, any regional director (compliance) or the Chief, Tax Processing Center may release a levy and return property seized by another ATF official. A levy may be released under paragraph (a)(3) of this section only if the delinquent taxpayer complies with such of the conditions thereunder as a regional director (compliance) or the Chief, Tax Processing Center may require and if the regional director (compliance) or the Chief, Tax Processing Center determines that such action will facilitate the collection of the liability. A release pursuant to paragraph (a)(4) of this section is considered to facilitate the collection of the liability. The release under this section shall not operate to prevent any subsequent levy.

(ii) In the case of any tangible personal property essential in carrying on the trade or business of the taxpayer, the regional director (compliance) or the Chief, Tax Processing Center shall provide for an expedited determination under paragraph (a)(2)(i) if levy on such tangible personal property would prevent the taxpayer from carrying on such trade or business.

(3) Conditions for discretionary release.

A regional director (compliance) or the Chief, Tax Processing Center may release the levy as authorized under paragraph (a)(1) of this section, if:

(i) Escrow arrangement. The delinquent taxpayer offers a satisfactory arrangement, which is accepted by a regional director (compliance) or the Chief, Tax Processing Center, for placing property in escrow to secure the payment of the liability (including the expenses of levy) which is the basis of the levy.

(ii) Bond. The delinquent taxpayer delivers an acceptable bond to a regional director (compliance) or the Chief, Tax Processing Center conditioned upon the payment of the liability (including the expenses of levy) which is the basis of the levy. Such bond shall be in the form provided in 26 U.S.C. 7101 and §70.281 of this part.

(iii) Payment of amount of U.S. interest in the property. There is paid to a regional director (compliance) or the Chief, Tax Processing Center an amount determined by ATF to be equal to the interest of the United States in the seized property or the part of the seized property to be released.

(iv) Assignment of salaries and wages. The delinquent taxpayer executes an agreement directing the taxpayer’s employer to pay to a regional director (compliance) or the Chief, Tax Processing Center amounts deducted from
§ 70.167  27 CFR Ch. I (4–1–01 Edition)

the employee’s wages on a regular, continuing, or periodic basis, in such manner and in such amount as is agreed upon with a regional director (compliance) or the Chief, Tax Processing Center, until the full amount of the liability is satisfied, and such agreement is accepted by the employer.

(v) Extension of statute of limitations. The delinquent taxpayer executes an agreement to extend the statute of limitations in accordance with 26 U.S.C. 6502(a)(2) and §70.224 of this part.

(4) Release where value of interest of United States is insufficient to meet expenses of sale. A regional director (compliance) may release the levy as authorized under paragraph (a)(1) of this section if that official determines that the value of the interest of the United States in the seized property, or in the part of the seized property to be released is insufficient to cover the expenses of the sale of such property.

(b) Return of property—(1) General rule. If a regional director (compliance) or the Chief, Tax Processing Center determines that property has been wrongfully levied upon, the regional director (compliance) or the Chief, Tax Processing Center may return:

(i) The specific property levied upon,

(ii) An amount of money equal to the amount of money levied upon (together with interest thereon at the overpayment rate from the date ATF receives the money to a date not more than 30 days before the date of return), or

(iii) An amount of money equal to the amount of money received by the United States from a sale of the property (together with interest thereon at the overpayment rate from the date of the sale of the property to a date not more than 30 days before the date of return).

If the United States is in possession of specific property, the property may be returned at any time. An amount equal to the amount of money levied upon or received from a sale of the property may be returned at any time before the expiration of 9 months from the date of the levy. When a request described in paragraph (b)(2) of this section is filed for the return of property before the expiration of 9 months from the date of levy, an amount of money may be returned after a reasonable period of time subsequent to the expiration of the 9-month period if necessary for the investigation and processing of such request. In cases where money is specifically identifiable, as in the case of a coin collection which may be worth substantially more than its face value, the money will be treated as specific property and, whenever possible, this specific property will be returned. For purposes of paragraph (b)(1)(iii) of this section, if property is declared purchased by the United States at a sale pursuant to 26 U.S.C. 6335(e), the United States is treated as having received an amount of money equal to the minimum price determined by the regional director (compliance) before the sale or, if larger, the amount received by the United States from the resale of the property.

(2) Request for return of property. A written request for the return of property wrongfully levied upon shall be addressed to the official who authorized the levy. The written request shall contain the following information:

(i) The name and address of the person submitting the request,

(ii) A detailed description of the property levied upon,

(iii) A description of the claimant’s basis for claiming an interest in the property levied upon, and

(iv) The name and address of the taxpayer, the originating ATF office, and the date of lien or levy as shown on the Notice of Tax Lien, Notice of Levy, or, in lieu thereof, a statement of the reasons why such information cannot be furnished.

(3) Inadequate request. A request shall not be considered adequate unless it is a written request containing the information required by paragraph (b)(2) of this section. However, unless a notification is mailed by the official who received the request to the claimant within 30 days of receipt of the request to inform the claimant of the inadequacies, any written request shall be considered adequate. If the official who received the request timely notifies the claimant of the inadequacies of the request, the claimant shall have 30 days from the receipt of the notification of inadequacy to supply in writing any omitted information. Where the omitted information is so supplied within
§ 70.168 Redemption of property.

(a) Before sale. Any person whose property has been levied upon shall have the right to pay the amount due, together with costs and expenses of the proceeding, if any, to the regional director (compliance) at any time prior to the sale of the property. Upon such payment the regional director (compliance) shall restore such property to the owner and all further proceedings in connection with the levy on such property shall cease from the time of such payment.

(b) Redemption of real estate after sale—(1) Period. The owner of any real estate sold as provided in 26 U.S.C. 6335, the owner’s heirs, executors, or administrators, or any person having any interest therein, or a lien thereon, or any person in their behalf, shall be permitted to redeem the property sold, or any particular tract of such property, at any time within 180 days after the sale thereof.

(2) Price. Such property or tract of property may be redeemed upon payment to the purchaser, or in case the purchaser cannot be found in the county in which the property to be redeemed is situated, to the regional director (compliance) for the ATF region in which the property is situated, for the use of the purchaser, or in case the purchaser’s heirs, or assigns, the amount paid by such purchaser and interest thereon at the rate of 20 percent per annum. In case real and personal property (or several tracts of real property) are purchased in the aggregate, the regional director (compliance) shall properly apportion the expenses to the real property (or to each tract).

§ 70.169 Expense of levy and sale.

The regional director (compliance) shall determine the expenses to be allowed in all cases of levy and sale. Such expenses shall include the expenses of protection and preservation of the property during the period subsequent to the levy, as well as the actual expenses incurred in connection with the sale thereof. In case real and personal property (or several tracts of real property) are sold in the aggregate, the regional director (compliance) shall properly apportion the expenses to the real property (or to each tract).

§ 70.170 Application of proceeds of levy.

(a) Collection of liability. Any money realized by proceedings under 26 U.S.C. 6331 through 6344, or by sale of property redeemed by the United States (if the interest of the United States in the property was a lien arising under the provisions of 26 U.S.C. enforced and administered by the Bureau), is applied in the manner specified in paragraphs (a)(1), (2), and (3) of this section. Money realized by proceedings under 26 U.S.C. 6331 through 6344, includes money realized by seizure, by sale of seized property, or by surrender under 26 U.S.C. 6332 except money realized by the imposition of a 50 percent penalty pursuant to 26 U.S.C. 6332(d)(2)).

(1) Expense of levy and sale. First, against the expenses of the proceedings or sale, including expenses allowable
under 26 U.S.C. 6341 and amounts paid by the United States to redeem property.

(2) Specific tax liability on seized property. If the property seized and sold is subject to a tax imposed by any provision of 26 U.S.C. which has not been paid, the amount remaining after applying paragraph (a)(1) of this section, shall then be applied against such tax liability (and, if such tax was not previously assessed, it shall then be assessed);

(3) Liability of delinquent taxpayer. The amount, if any, remaining after applying paragraphs (a)(1) and (2) of this section, shall then be applied against the liability in respect of which the levy was made or the sale of redeemed property was conducted.

(b) Surplus proceeds. Any surplus proceeds remaining after the application of paragraph (a) of this section shall, upon application and satisfactory proof in support thereof, be credited or refunded by the Chief, Tax Processing Center to the person or persons legally entitled thereto. The delinquent taxpayer is the person entitled to the surplus proceeds unless another person establishes a superior claim thereto.

(26 U.S.C. 6342)
(3) Whenever levy is made without regard to the 10-day period provided in 26 U.S.C. 6331(a) (relating to cases in which collection is in jeopardy), a public notice of sale of the property seized shall not be made within such 10-day period unless 26 U.S.C. 6336 (relating to perishable goods) is applicable.

(c) Time, place, manner, and conditions of sale. The time, place, manner, and conditions of sale of property seized by levy shall be as follows:

(1) Time and place of sale—(i) In general. The time of sale shall not be less than 10 days nor more than 40 days from the time of giving public notice under 26 U.S.C. 6335(b) (see paragraph (b) of this section). The place of sale shall be within the county in which the property is seized, except that if it appears to the regional director (compliance) under whose supervision the seizure was made that substantially higher bids may be obtained for the property if the sale is held at a place outside such county, the regional director (compliance) may order that the sale be held in such other place. The sale shall be held at the time and place stated in the notice of sale.

(ii) Right to request sale of seized property within 60 days. The owner of any property seized by levy may request that the regional director (compliance) sell such property within 60 days after such request (or within such longer period as may be specified by the owner). The regional director (compliance) shall comply with such request unless it is determined (and the owner is notified within such period) that such compliance would not be in the best interests of the United States.

(2) Adjournment of sale. When it appears to the regional director (compliance) that an adjournment of the sale will best serve the interest of the United States or that of the taxpayer, the regional director (compliance) may adjourn, or cause the ATF officer conducting the sale to adjourn, the sale from time to time, but the date of the sale shall not be later than one month after the date fixed in the original notice of sale.

(3) Minimum price. (i) Before the sale of property seized by levy, the regional director (compliance) shall determine:

(A) A minimum price, taking into account the expenses of levy and sale, for which the property shall be sold, and

(B) Whether the purchase of such property by the United States at such minimum price would be in the best interest of the United States.

If, at the sale, one or more persons offer to purchase such property for not less than the amount of the minimum price, the property shall be declared to be sold to the highest bidder. If no person offers for such property at the sale the amount of the minimum price and the regional director (compliance) has determined that the purchase of such property by the United States would be in the best interest of the United States, the property shall be declared to be sold to the United States at such minimum price. If, at the sale, the property is not declared sold to the highest bidder or the United States, the property shall be released to the owner thereof and the expense of the levy and sale shall be added to the amount of tax for the collection of which the levy was made. Any property released to the owner under these circumstances shall remain subject to any lien imposed by 26 U.S.C. chapter 64, subchapter C.

(ii) The ATF officer conducting the sale shall either announce the minimum price before the sale begins or defer announcement of the minimum price until after the receipt of the highest bid, and, if the highest bid is greater than the minimum price, no announcement of the minimum price shall be made.

(4) Offering of property—(i) Sale of indivisible property. If any property levied upon is not divisible, so as to enable the regional director (compliance) by sale of a part thereof to raise the whole amount of the tax and expenses of levy and sale, the whole of such property shall be sold. For application of surplus proceeds of sale, see 26 U.S.C. 6342(b).

(ii) Separately, in groups, or in the aggregate. The seized property may be offered for sale:

(A) As separate items, or

(B) As groups of items, or

(C) In the aggregate, or

(D) Both as separate items (or in groups) and in the aggregate. In such cases, the property shall be sold under
the method which produces the highest aggregate amount.

The regional director (compliance) shall select whichever of the foregoing methods of offering the property for sale as is most feasible under all the facts and circumstances of the case, except that if the property to be sold includes both real and personal property, only the personal property may be grouped for the purpose of offering such property for sale. However, real and personal property may be offered for sale in the aggregate, provided the real property, as separate items, and the personal as a group, or as groups, or as separate items, are first offered separately.

(iii) Condition of title and of property. Only the right, title, and interest of the delinquent taxpayer in and to the property seized shall be offered for sale, and such interest shall be offered subject to any prior outstanding mortgages, encumbrances, or other liens in favor of third parties which are valid as against the delinquent taxpayer and are superior to the lien of the United States. All seized property shall be offered for sale “as is” and “where is” and without recourse against the United States. No guaranty or warranty, express or implied, shall be made by the ATF officer offering the property for sale, as to the validity of the title, quality, quantity, weight, size, or condition of any of the property, or its fitness for any use or purpose. No claim shall be considered for allowance or adjustment or for rescission of the sale based upon failure of the property to conform with any representation, express or implied.

(iv) Terms of payment. The property shall be offered for sale upon whichever of the following terms is fixed by the regional director (compliance) in the public notice of sale:

(A) Payment in full upon acceptance of the highest bid, without regard to the amount of such bid, or
(B) If the aggregate price of all property purchased by a successful bidder at the sale is more than $200, an initial payment of $200 or 20 percent of the purchase price, whichever is the greater, and payment of the balance (including all costs incurred for the protection or preservation of the property subsequent to the sale and prior to final payment) within a specified period, not to exceed 1 month from the date of the sale.

(5) Method of sale. The regional director (compliance) shall sell the property either:

(i) At public auction, at which open competitive bids shall be received, or
(ii) At public sale under sealed bids.

The following rules, in addition to the other rules provided in this paragraph, shall be applicable to public sale under sealed bids:

(A) Invitation to bidders. Bids shall be solicited through a public notice of sale.

(B) Form for use by bidders. A bid shall be submitted on a form which will be furnished by the regional director (compliance) upon request. The form shall be completed in accordance with the instructions thereon.

(C) Remittance with bid. If the total bid is $200 or less, the full amount of the bid shall be submitted therewith. If the total bid is more than $200, 20 percent of such bid or $200, whichever is greater, shall be submitted therewith. (In the case of alternative bids submitted by the same bidder for items of property offered separately, or groups, or in the aggregate, the bidder shall remit the full amount of the highest alternative bid submitted, if the bid is $200 or less. If the highest alternative bid submitted is more than $200, the bidder shall remit 20 percent of the highest alternative bid or $200, whichever is greater.) Such remittance shall be by a certified, cashier’s, or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States or under the laws of any State, Territory, or possession of the United States, or by a U.S. postal, bank, express, or telegraph money order.

(D) Time for receiving and opening bids. Each bid shall be submitted in a securely sealed envelope. The bidder shall indicate in the upper left hand corner of the envelope the bidder’s name and address and the time and place of sale as announced in the public notice of sale. A bid will not be considered unless it is received by the ATF officer conducting the sale prior to the opening of the bids. The bids will be
opened at the time and place stated in the notice or sale, or at the time fixed in the announcement of the adjournment of the sale.

(E) Consideration of bids. The public notice of sale shall specify whether the property is to be sold separately, by groups, or in the aggregate or by a combination of these methods, as provided in paragraph (c)(4)(ii) of this section. If the notice specifies an alternative method, bidders may submit bids under one or more of the alternatives. In case of error in the extension of prices in any bid, the unit price will govern. The ATF officer conducting the sale shall have the right to waive any technical defects in a bid. In the event two or more highest bids are equal in amount, the ATF officer conducting the sale shall determine the successful bidder by drawing lots. After the opening, examination, and consideration of all bids, the ATF officer conducting the sale shall announce the amount of the highest bid or bids and the name of the successful bidder or bidders. Any remittance submitted in connection with an unsuccessful bid shall be returned at the conclusion of the sale.

(F) Withdrawal of bids. A bid may be withdrawn on written or telegraphic request received from the bidder prior to the time fixed for opening the bids. A technical defect in a bid confers no right on the bidder for the withdrawal of his bid after it has been opened.

(6) Payment of bid price. All payments for property sold under this section shall be made by cash or by a certified, cashier’s, or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States, or under the laws of any State, Territory, or possession of the United States, or by a U.S. postal, bank, express, or telegraph money order. If payment in full is required upon acceptance of the highest bid, the payment shall be made at such time. If deferred payment is permitted, the initial payment shall be made upon acceptance of the bid, and the balance shall be paid on or before the date fixed for payment thereof. Any remittance submitted with a successful sealed bid shall be applied toward the purchase price.

(7) Delivery and removal of personal property. Responsibility of the United States for the protection or preservation of seized personal property shall cease immediately upon acceptance of the highest bid. The risk of loss is on the purchaser of personal property upon acceptance of his bid. Possession of any personal property shall not be delivered to the purchaser until the purchase price has been paid in full. If payment of part of the purchase price for personal property is deferred, the United States will retain possession of such property as security for the payment of the balance of the purchase price and, as agent for the purchaser, will cause the property to be cared for until the purchase price has been paid in full or the sale is declared null and void for failure to make full payment of the purchase price. In such case, all charges and expenses incurred in caring for the property after the acceptance of the bid shall be borne by the purchaser.

(8) Default in payment. If payment in full is required upon acceptance of the bid and is not then and there paid, the ATF officer conducting the sale shall forthwith proceed again to sell the property in the manner provided in 26 U.S.C. 6335(e) and this section. If the conditions of the sale permit part of the payment to be deferred, and if such part is not paid within the prescribed period, suit may be instituted against the purchaser for the purchase price or such part thereof as has not been paid, together with interest at the rate of 6 percent per annum from the date of the sale; or, in the discretion of the regional director (compliance), the sale may be declared by the regional director (compliance) to be null and void for failure to make full payment of the purchase price and the property may again be advertised and sold as provided in 26 U.S.C. 6335(b), (c), and (e) and this section. In the event of such readvertisement and sale, any new purchaser shall receive such property or rights to property free and clear of any claim or right of the former defaulting purchaser, of any nature whatsoever, and the amount paid upon the bid price by such defaulting purchaser shall be forfeited to the United States.

(26 U.S.C. 6335)
§ 70.182 Disposition of personal property acquired by the United States.

(a) Sale—(1) In general. Any personal property (except bonds, notes, checks, and other securities) acquired by the United States in payment of or as security for debts arising under the internal revenue laws may be sold by the regional director (compliance) who acquired such property for the United States. United States saving bonds shall not be sold by the regional director (compliance), but shall be transferred to the appropriate office of the Treasury Department for redemption. Other bonds, notes, checks, and other securities shall be disposed of in accordance with instructions issued by the Director.

(2) Time, place, manner and terms of sale. The time, place, manner and terms of sale of personal property acquired for the United States shall be as follows:

(i) Time, notice, and place of sale. The property may be sold at any time after it has been acquired by the United States. A public notice of sale shall be posted at the post office nearest the place of sale and in at least two other public places. The notice shall specify the property to be sold and the time, place, manner, and conditions of sale. In addition, the regional director (compliance) may use such other methods of advertising as the regional director (compliance) believes will result in obtaining the highest price for the property. The place of sale shall be within the region where the property was originally acquired by the United States. However, if the regional director (compliance) believes that a substantially higher price may be obtained, the sale may be held outside the region.

(ii) Rejection of bids and adjournment of sale. The ATF officer conducting the sale reserves the right to reject any and all bids and withdraw the property from the sale. When it appears to the ATF officer conducting the sale that an adjournment of the sale will best serve the interest of the United States, that officer may order the sale adjourned from time to time. If the sale is adjourned for more than 30 days in the aggregate, public notice of the sale must again be given in accordance with paragraph (a)(2)(i) of this section.

(iii) Liquidated damages. The notice shall state whether, in the case of default in payment of the bid price, any amount deposited with the United States will be retained as liquidated damages. In case liquidated damages are provided, the amount thereof shall not exceed $200.

(3) Agreement to bid. The regional director (compliance) may, before giving notice of sale, solicit offers from prospective bidders and enter into agreements with such persons that they will bid at least a specified amount in case the property is offered for sale. In such cases, the regional director (compliance) may also require such persons to make deposits to secure the performance of their agreements. Any such deposit, but not more than $200, shall be retained as liquidated damages in case such person fails to bid the specified amount and the property is not sold for as much as the amount specified in such agreement.

(4) Terms of payment. The property shall be offered for sale upon whichever of the following terms is fixed by the regional director (compliance) in the public notice of sale:

(i) Payment in full upon acceptance of the highest bid, without regard to the amount of such bid, or

(ii) If the aggregate price of all property purchased by a successful bidder at the sale is more than $200, an initial payment of $200 or 20 percent of the purchase price, whichever is the greater, and payment of the balance (including all costs incurred for the protection or preservation of the property subsequent to the sale and prior to final payment) within a specified period, not to exceed one month from the date of the sale.

(5) Method of sale. The property may be sold either:

(i) At public auction, at which open competitive bids shall be received, or

(ii) At public sale under sealed bids.

(6) Sales under sealed bids. The following rules, in addition to the other rules provided in this paragraph, shall be applicable to public sales under sealed bids.
(i) **Invocation to bidders.** Bids shall be solicited through a public notice of sale.

(ii) **Form for use by bidders.** A bid shall be submitted on a form which will be furnished by the regional director (compliance) upon request. The form shall be completed in accordance with the instructions thereon.

(iii) **Remittance with bid.** If the total bid is $200 or less, the full amount of the bid shall be submitted therewith. If the total bid is more than $200, 20 percent of such bid or $200, whichever is greater, shall be submitted therewith. Such remittance shall be by a certified, cashier’s, or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States or under the laws of any State, Territory, or possession of the United States, or by a U.S. postal, bank, express, or telegraph money order. If payment in full is required upon acceptance of the highest bid, the payment shall be made at such time. If payment in full is not made at such time, the ATF officer conducting the sale may forthwith proceed again to sell the property in the manner provided in paragraph (a)(5) of this section. If deferred payment is permitted, the initial payment shall be made upon acceptance of the bid, and the balance shall be paid on or before the date fixed for payment thereof. Any remittance submitted with a successful sealed bid shall be applied toward the purchase price.

(iv) **Time for receiving and opening bids.** Each bid shall be submitted in a securely sealed envelope. The bidder shall indicate in the upper left hand corner of the envelope the bidder’s name and address and the time and place of sale as announced in the public notice of sale. A bid will not be considered unless it is received by the ATF officer conducting the sale prior to the opening of the bids. The bids will be opened at the time and place stated in the notice of sale, or at the time fixed in the announcement of the adjournment of the sale.

(v) **Consideration of bids.** The ATF officer conducting the sale shall have the right to waive any technical defects in a bid. After the opening, examination, and consideration of all bids, the ATF officer conducting the sale shall announce the amount of the highest bid or bids and the name of the successful bidder or bidders, unless in the opinion of the officer a higher price can be obtained for the property than has been bid. In the event the highest bids are equal in amount (and unless in the opinion of the ATF officer conducting the sale a higher price can be obtained for the property than has been bid), the officer shall determine the successful bidder by drawing lots. Any remittance submitted in connection with an unsuccessful bid shall be returned to the bidder at the conclusion of the sale.

(vi) **Withdrawal of bids.** A bid may be withdrawn on written or telegraphic request received from the bidder prior to the time fixed for opening the bids. A technical defect in a bid confers no right on the bidder for the withdrawal of the bid after it has been opened.

(7) **Payment of bid price.** All payments for property sold pursuant to this section shall be made by cash or by a certified, cashier’s or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States or under the laws of any State, Territory, or possession of the United States, or by a U.S. postal, bank, express, or telegraph money order. If payment in full is required upon acceptance of the highest bid, the payment shall be made at such time. If payment in full is not made at such time, the ATF officer conducting the sale may forthwith proceed again to sell the property in the manner provided in paragraph (a)(5) of this section. If deferred payment is permitted, the initial payment shall be made upon acceptance of the bid, and the balance shall be paid on or before the date fixed for payment thereof. Any remittance submitted with a successful sealed bid shall be applied toward the purchase price.

(8) **Delivery and removal of personal property.** The risk of loss is on the purchaser of the property upon acceptance of the purchaser’s bid. Possession of any property shall not be delivered to the purchaser until the purchase price has been paid in full. If payment of part of the purchase price for the property is deferred, the United States will retain possession of such property as security for the payment of the balance of the purchase price and, as agent for the purchaser, will cause the property to be cared for until the purchase price has been paid in full or the sale in declared null and void for failure to make full payment of the purchase price. In such case, all charges and expenses incurred in caring for the property after acceptance of the bid shall be borne by the purchaser.

(9) **Certificate of sale.** The ATF officer conducting the sale shall issue a certificate of sale to the purchaser upon payment in full of the purchase price.
§ 70.183 Administration and disposition of real estate acquired by the United States

(a) Persons charged with. The regional director (compliance) for the region in which the property is situated shall have charge of all real estate which has been or shall be assigned, set off, or otherwise conveyed to the United States in payment of debts or penalties arising under provisions of 26 U.S.C. enforced and administered by the Bureau or which has been or shall be vested in the United States by mortgage, or other security for payment of such debts, or which has been redeemed by the United States, or which has been or shall be acquired by the United States for payment of or as security for debts arising under provisions of 26 U.S.C. enforced and administered by the Bureau, and of all trusts created for the use of the United States in payment of such debts due the United States.

(b) Sale. The regional director (compliance) for the region in which the property is situated may sell any real estate owned or held by the United States as aforesaid, subject to the following rules:

(1) Property purchased at sale under levy. If the property was acquired as a result of being declared purchased for the United States at a sale under 26 U.S.C. 6335, relating to sale of seized property, the property shall not be sold until after the expiration of 180 days after such sale under levy.

(2) Notice of sale. A notice of sale shall be published in some newspaper published or generally circulated within the county where the property is situated, or a notice shall be posted at the post office nearest the place where the property is situated and in at least two other public places. The notice shall specify the property to be sold and the time, place, manner and conditions of sale. In addition, the regional director (compliance) may use other methods of advertising and of giving notice of the sale if the regional director (compliance) believes such methods will enhance the possibility of obtaining a higher price for the property.

(3) Time and place of sale. The time of the sale shall be not less than 20 days from the date of giving public notice of sale under paragraph (b)(2) of this section. The place of sale shall be within the county where the property is situated. However, if the regional director (compliance) believes a substantially better price may be obtained, the sale may be held outside such county.

(4) Rejection of bids and adjournment of sale. The ATF officer conducting the sale reserves the right to reject any and all bids and withdraw the property from the sale. When it appears to the ATF officer conducting the sale that an adjournment of the sale will best serve the interest of the United States, that officer may order the sale adjourned from time to time. If the sale is adjourned for more than 30 days in the aggregate, public notice of the sale must be given again in accordance with paragraph (b)(2) of this section.

(5) Liquidated damages. The notice shall state whether, in the case of default in payment of the bid price, any amount deposited with the United States will be retained as liquidated damages. In case liquidated damages are provided, the amount thereof shall not exceed $200.

(6) Agreement to bid. The regional director (compliance) may, before giving notice of sale, solicit offers from prospective bidders and enter into agreements with such persons that they will bid at least a specified amount in case the property is offered for sale. In such cases, the regional director (compliance) may also require such persons to make deposits to secure the performance of their agreements. Any such deposit, but not more than $200, shall be retained as liquidated damages in case such person fails to bid the specified amount and the property is not sold for as much as the amount specified in such agreement.
(7) Terms. The property shall be offered for sale upon whichever of the following terms is fixed by the regional director (compliance) in the public notice of sale:
   (i) Payments in full upon acceptance of the highest bid, or
   (ii) If the price of the property purchased by a successful bidder at the sale is more than $200, an initial payment of $200 or 20 percent of the purchase price, whichever is the greater, and payment of the balance within a specified period, not to exceed one month from the date of the sale.

(8) Method of sale. The property may be sold either:
   (i) At public auction, at which open competitive bids shall be received, or
   (ii) At public sale under sealed bids.

(9) Sales under sealed bids. The following rules, in addition to the other rules provided in this paragraph (b), shall be applicable to public sales under sealed bids.

   (i) Invitation to bidders. Bids shall be solicited through a public notice of sale.
   (ii) Form for use by bidders. A bid shall be submitted on a form which will be furnished by the regional director (compliance) upon request. The form shall be completed in accordance with the instructions thereon.
   (iii) Remittance with bid. If the total bid is $200 or less, the full amount of the bid shall be submitted therewith. If the total bid is more than $200, 20 percent of such bid or $200, whichever is greater, shall be submitted therewith. Such remittance shall be by a certified, cashier’s, or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States or under the laws of any State, Territory, or possession of the United States, or by a U.S. postal, bank, express, or telegraph money order. If payment in full is required upon acceptance of the highest bid, the payment shall be made at such time. If payment in full is not made at such time, the ATF officer conducting the sale may forthwith proceed again to sell the property in the manner provided in paragraph (b)(8) of this section. If deferred payment is permitted, the initial payment shall be made upon acceptance of the bid, and the balance shall be paid on or before the date fixed for payment thereof. Any remittance submitted with a successful sealed bid shall be applied toward the purchase price.

(10) Payment of bid price. All payments for property sold pursuant to this section shall be made by cash or by a certified cashier’s or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States or under the laws of any State, Territory, or possession of the United States, or by a U.S. postal, bank, express, or telegraph money order. If payment in full is required upon acceptance of the highest bid, the payment shall be made at such time. If payment in full is not made at such time, the ATF officer conducting the sale may forthwith proceed again to sell the property in the manner provided in paragraph (b)(8) of this section. If deferred payment is permitted, the initial payment shall be made upon acceptance of the bid, and the balance shall be paid on or before the date fixed for payment thereof. Any remittance submitted with a successful sealed bid shall be applied toward the purchase price.
§ 70.184 Disposition of perishable goods.

(a) Appraisal of certain seized property. If the regional director (compliance) determines that any property seized by levy is liable to perish or become greatly reduced in price or value by keeping, or that such property cannot be kept without great expense, the regional director (compliance) shall appraise the value of such property and return it to the owner if the owner complies with the conditions prescribed in paragraph (b) of this section or, if the owner does not comply with such conditions, dispose of the property in accordance with paragraph (c) of this section.

(b) Return to owner. If the owner of the property can be readily found, the regional director (compliance) shall give the owner written notice of the regional director (compliance)'s determination of the appraised value of the property. However, if the regional director (compliance) determines that the circumstances require immediate action, the regional director (compliance) may give the owner an oral notice of the determination of the appraised value of the property, which notice shall be confirmed in writing prior to sale. The property shall be returned to the owner if, within the time specified in the notice, the owner:

(1) Pays to the regional director (compliance) an amount equal to the appraised value, or
(2) Gives an acceptable bond as prescribed by 26 U.S.C. 7101 and §70.281 of this part. Such bond shall be in an amount not less than the appraised value of the property and shall be conditioned upon the payment of such amount at such time as the regional director (compliance) determines to be appropriate in the circumstances.

(c) Immediate sale. If the owner does not pay the amount of the appraised value of the seized property within the time specified in the notice, or furnish bond as provided in paragraph (b) of this section within such time, the regional director (compliance) shall as soon as practicable make public sale of the property in accordance with the following terms and conditions:

(1) Notice of sale. If the owner can readily be found, a notice shall be
given to the owner. A notice of sale also shall be posted in two public places in the county which the property is to be sold. The notice shall specify the time and place of sale, the property to be sold, and the manner and conditions of sale. The regional director (compliance) may give such other notice and in such other manner as the regional director (compliance) deems advisable under the circumstances.

(2) Sale. The property shall be sold at public auction to the higher bidder.

(3) Terms. The purchase price shall be paid in full upon acceptance of the highest bid. The payment shall be made by cash, or by a certified, cashier's or treasurer's check drawn on any bank or trust company incorporated under the laws of the United States or under the laws of any State, Territory, or possession of the United States, or by a U.S. postal, bank, express, or telegraph money order.

(26 U.S.C. 6336)

§ 70.185 Certificate of sale; deed of real property.

(a) Certificate of sale. In the case of property sold as provided in 26 U.S.C. 6335 (relating to sale of seized property), the regional director (compliance) shall give to the purchaser's a certificate of sale upon payment in full of the purchase price. A certificate of sale of real property shall set forth the real property purchased, for whose taxes the same was sold, the name of the purchaser, and the price paid therefor.

(b) Deed to real property. In case of any real property sold as provided in 26 U.S.C. 6335 and not redeemed in the manner and within the time prescribed in 26 U.S.C. 6337, the regional director (compliance) shall execute (in accordance with the laws of the State in which the real property is situated pertaining to sales of real property under execution) to the purchaser of such real property at the sale or his assigns, upon surrender of the certificate of sale, a deed of the real property so purchased, reciting the facts set forth in the certificate.

(c) Deed to real property purchased by the United States. If real property is declared purchased by the United States at a sale pursuant to 26 U.S.C. 6335, the regional director (compliance) shall at the proper time execute a deed therefor and shall, without delay, cause the deed to be duly recorded in the proper registry of deeds.

(26 U.S.C. 6338)

§ 70.186 Legal effect of certificate of sale of personal property and deed of real property.

(a) Certificate of sale of property other than real property. In all cases of sale pursuant to 26 U.S.C. 6335 of property (other than real property), the certificate of such sale.

(1) As evidence. Shall be prima facie evidence of the right of the officer to make such sale, and conclusive evidence of the regularity of the officer’s proceedings in making the sale; and

(2) As conveyance. Shall transfer to the purchaser all right, title, and interest of the party delinquent in and to the property sold; and

(3) As authority for transfer of corporate stock. If such property consists of corporate stocks, shall be notice, when received, to any corporation, company, or association to record the transfer on its books and records in the same manner as if the stocks were transferred or assigned by the party holding the stock certificate, in lieu of any original or prior certificate, which shall be void, whether canceled or not; and

(4) As receipts. If the subject of sale is securities or other evidence of debt, shall be a good and valid receipt to the person holding the certificate of sale as against any person holding or claiming to hold possession of such securities or other evidences of debt; and

(5) As authority for transfer of title to motor vehicle. If such property consists of a motor vehicle, shall be notice, when received, to any public official charged with the registration of title to motor vehicles, of such transfer and shall be authority to such official to record the transfer on his books and records in the same manner as if the certificate of title to such motor vehicle were transferred or assigned by the party holding the certificate of title, in lieu of any original or prior certificate,
which shall be null and void, whether canceled or not.

(b) Deed to real property. In the case of the sale of real property pursuant to 26 U.S.C. 6338:

(1) Deed as evidence. The deed of sale given pursuant to 26 U.S.C. 6338 shall be prima facie evidence of the facts therein stated; and

(2) Deed as conveyance of title. If the proceedings of the regional director (compliance as set forth have been substantially in accordance with the provisions of law, such deed shall be considered and operate as a conveyance of all the right, title, and interest the party delinquent had in and to the real property thus sold at the time the lien of the United States attached thereto.

(c) Effect of junior encumbrances. A certificate of sale of personal property given or a deed to real property executed pursuant to 26 U.S.C. 6338 discharges the property from all liens, encumbrances, and titles over which the lien of the United States, with respect to which the levy was made, has priority. For example, a mortgage on real property executed after a notice of a Federal tax lien has been filed is extinguished when the regional director (compliance) executes a deed to the real property to a purchaser thereof at a sale pursuant to 26 U.S.C. 6335 following the seizure of the property by the United States. The proceeds of such a sale are distributed in accordance with priority of the liens, encumbrances, or titles. See 26 U.S.C. 6342(b) and 7426(a)(2) and §§70.170 and 70.207(a)(2) of this part with respect to surplus proceeds.

(26 U.S.C. 6339)

§ 70.187 Records of sale.

(a) Requirement. Each regional director (compliance) shall make a record of all sales under 26 U.S.C. 6335 of real property situated within that region and of redemptions of such property. The records shall set forth the tax for which any such sale was made, the dates of seizures and sale, the name of the party assessed and all proceedings in making such sale, the amount of expenses, the names of the purchasers, and the date of the deed. In the case of redemption of the property, the records shall additionally set forth the date of such redemption and of the transfer of the certificate of sale, the amount of the redemption price, and the name of the party to whom such redemption price was paid. The original record shall be retained by the Chief, Tax Processing Center.

(b) Copy as evidence. A copy of such record, or any part thereof, certified by the Chief, Tax Processing Center shall be evidence in any court of the truth of the facts therein stated.

(26 U.S.C. 6340)

§ 70.188 Expense of levy and sale.

The regional director (compliance) shall determine the expenses to be allowed in all cases of levy and sale. Such expenses shall include the expenses of protection and preservation of the property during the period subsequent to the levy, as well as the actual expenses incurred in connection with the sale thereof. In case real and personal property (or several tracts of real property) are sold in the aggregate, the regional director (compliance) shall properly apportion the expenses to the real property (or to each tract).

(26 U.S.C. 6341)

JUDICIAL PROCEEDINGS

Civil Action by the United States

§ 70.191 Authorization.

(a) In general. No civil action for the collection or recovery of taxes, or of any fine, penalty, or forfeiture (with respect to the provisions of 26 U.S.C. enforced and administered by the Bureau) shall be commenced unless the Director, Bureau of Alcohol, Tobacco and Firearms, or designated delegate, or the Chief Counsel for the Bureau, or designated delegate, directs that the action be commenced.

(b) Property held by banks. The Director shall not authorize or sanction any civil action for the collection or recovery of taxes, or of any fine, penalty, or forfeiture, from any deposits held in a foreign office of a bank engaged in the banking business in the United States
or a possession of the United States unless the Director believes:

(1) That the taxpayer is within the jurisdiction of a U.S. court at the time the civil action is authorized or sanctioned and that the bank is in possession of (or obligated with respect to) deposits of the taxpayer in an office of the bank outside the United States or a possession of the United States; or

(2) That the taxpayer is not within the jurisdiction of a U.S. court at the time the civil action is authorized or sanctioned, that the bank is in possession of (or obligated with respect to) deposits of the taxpayer in an office of the bank outside the United States or a possession of the United States, and that such deposits consist, in whole or in part, of funds transferred from the United States or a possession of the United States in order to hinder or delay the collection of a tax imposed by the provisions of 26 U.S.C. enforced and administered by the Bureau.

(26 U.S.C. 7403)

§ 70.192 Disposition of judgments and moneys recovered.

All judgments and moneys recovered or received for taxes, costs, forfeitures, and penalties (with respect to the provisions of 26 U.S.C. enforced and administered by the Bureau) shall be paid to the Bureau as collections of taxes imposed under the provisions of 26 U.S.C. enforced and administered by the Bureau.

(26 U.S.C. 7406)

Proceedings by Taxpayers and Third Parties

§ 70.202 Intervention.

If the United States is not a party to a civil action or suit, the United States may intervene in such action or suit to assert any lien arising under provisions of 26 U.S.C. enforced and administered by the Bureau on the property which is the subject of such action or suit. The provisions of 26 U.S.C. 2410 (except subsection (b)) and of 28 U.S.C. 1444 shall apply in any case in which the United States intervenes as if the United States had originally been named a defendant in such action or suit. If the application of the United States to intervene is denied, the adjudication in such civil action or suit shall have no effect upon such lien.

(26 U.S.C. 7424)

§ 70.203 Discharge of liens; scope and application; judicial proceedings.

(a) In general. A tax lien of the United States, or a title derived from the enforcement of a tax lien of the United States, may be discharged or divested under local law only in the manner prescribed in 28 U.S.C. 2410 or in the manner prescribed in 26 U.S.C. 7425.
Title 26 U.S.C. 7425(a) contains provisions relating to the discharge of a lien when the United States is not joined as a party to the judicial proceedings described in subsection (a) of 28 U.S.C. 2410. These judicial proceedings are plenary in nature and proceed on formal pleadings. Title 26 U.S.C. 7425(b) contains provisions relating to the discharge of a lien or a title derived from the enforcement of a lien in the event of a nonjudicial sale with respect to the property involved. Title 26 U.S.C. 7425(c) contains special rules relating to the notice of sale requirements contained in 26 U.S.C. 7425(b).

(b) Judicial proceedings—(1) In general. Title 26 U.S.C. 7425(a) provides rules, where the United States is not joined as a party, to determine the effect of a judgment in any civil action or suit described in subsection (a) of 28 U.S.C. 2410 (relating to joinder of the United States in certain proceedings), or a judicial sale pursuant to such a judgment, with respect to property on which the United States has or claims a lien under the provisions of 26 U.S.C. If the United States is improperly named as a party to a judicial proceeding, the effect is the same as if the United States were not joined.

(2) Notice of lien filed when the proceeding is commenced. Where the United States is not properly joined as a party in the court proceeding and a notice of lien has been filed in accordance with 26 U.S.C. 6323(f) or (g) in the place provided by law for such filing at the time the action or suit is commenced, a judgment or judicial sale pursuant to such a judgment shall be made subject to and without disturbing the lien of the United States.

(3) Notice of lien not filed when the proceeding is commenced. Where the United States is not joined as a party in the court proceeding and either a notice of lien has not been filed in accordance with 26 U.S.C. 6323(f) or (g) in the place provided by law for such filing at the time the action or suit is commenced, or the law makes no provision for that filing, a judgment or judicial sale pursuant to such a judgment shall have the same effect with respect to the discharge or divestment of the lien of the United States as may be provided with respect to these matters by the local law of the place where the property is situated.

(4) Proceeds of a judicial sale. If a judicial sale of property pursuant to a judgment in any civil action or suit to which the United States is not a party discharges a lien of the United States arising under the provisions of 26 U.S.C., the United States may claim the proceeds of the sale (exclusive of costs) prior to the time that distribution of the proceeds is ordered. The claim of the United States in such a case is treated as having the same priority with respect to the proceeds as the lien had with respect to the property which was discharged from the lien by the judicial sale.

Title 26 U.S.C. 7425(b) contains provisions with respect to the effect on the interest of the United States in property in which the United States has or claims a lien, or a title derived from the enforcement of a lien, of a sale made pursuant to:

(a) In general. Title 26 U.S.C. 7425(b) provides rules, where the United States is not joined as a party, to determine the effect of a sale made pursuant to:

(1) An instrument creating a lien on the property sold.

(2) A confession of judgment on the obligation secured by an instrument creating a lien on the property sold.

(3) A statutory lien on the property sold.

For purposes of this section, such a sale is referred to as a “nonjudicial sale.” The term “nonjudicial sale” includes, but is not limited to, the divestment of the taxpayer’s interest in property which occurs by operation of law, by public or private sale, by forfeiture, or by termination under provisions contained in a contract for a deed or a conditional sales contract. Under 26 U.S.C. 7425(b)(1), if a notice of lien is filed in accordance with 26 U.S.C. 6323(f) or (g), or the title derived from the enforcement of a lien is recorded as provided by local law, more than 30 days before the date of sale and the appropriate ATF official is not given notice of the sale (in the manner prescribed in §70.205 of this part), the sale shall be made subject to and without disturbing the lien or title of the United States. Under 26 U.S.C.
§ 70.205 Discharge of liens; special rules.

(a) Notice of sale requirements—(1) In general. Except in the case of the sale of perishable goods described in paragraph (c) of this section, a notice (as described in paragraph (d) of this section) of a nonjudicial sale shall be given, in writing by registered or certified mail or by personal service, not less than 25 days prior to the date of sale (determined under the provisions of §70.204(b) of this part), to the Chief, Tax Processing Center. The provisions of 26 U.S.C. 7502 (relating to timely mailing treated as timely filing) and 7503 (relating to time for performance of acts where the last day falls on Saturday, Sunday, or legal holiday) apply in the case of notices required to be made under this paragraph.

(2) Postponement of scheduled sale—(i) Where notice of sale is given. In the event that notice of a sale is given in accordance with paragraph (a)(1) of this section, with respect to a scheduled sale which is postponed to a later time or date, the seller of the property is required to give notice of the postponement to the Chief, Tax Processing Center, in the same manner as is required under local law with respect to other secured creditors. For example, assume that in State M local law requires that in the event of a postponement of a scheduled foreclosure sale of real property, an oral announcement of the postponement at the place and time of the scheduled sale constitutes sufficient notice to secured creditors of the postponement. Accordingly, if at the place and time of a scheduled sale in State M an oral announcement of the postponement is made, the Bureau is considered to have notice of the postponement for the purpose of this paragraph (a)(2).

(ii) Where notice of sale is not given. In the event that:

(A) Notice of a nonjudicial sale would not be required under paragraph (a)(1) of this section, if the sale were held on the originally scheduled date,

(B) Because of a postponement of the scheduled sale, more than 30 days elapse between the originally scheduled date of the sale and the date of the sale, and

(C) A notice of lien with respect to the property to be sold is filed more than 30 days before the date of the sale, notice of the sale is required to be
given to the Chief, Tax Processing Center in accordance with the provisions of paragraph (a)(1) of this section. In any case in which notice of sale is required to be given with respect to a scheduled sale, and notice of the sale is not given, any postponement of the scheduled sale does not affect the rights of the United States under 26 U.S.C. 7425(b).

(b) Consent to sale—(1) In general. Notwithstanding the notice of sale provisions of paragraph (a) of this section a nonjudicial sale of property shall discharge or divest the property of the lien or title of the United States if the Chief, Tax Processing Center consents to the sale of the property free of the lien or title. Pursuant to 26 U.S.C. 7425(c)(2), where adequate protection is afforded the lien or title of the United States, the Chief, Tax Processing Center may, in that official’s discretion, consent with respect to the sale of property in appropriate cases. Such consent shall be effective only if given in writing and shall be subject to such limitations and conditions as the Chief, Tax Processing Center may require. However, the Chief, Tax Processing Center may not consent to a sale of property under this section after the date of sale, as determined under §70.204(b) of this part. For provisions relating to the authority of the Chief, Tax Processing Center and the regional director (compliance) to release a lien or discharge property subject to a tax lien, see 26 U.S.C. 6325 and §70.150 of this part.

(2) Application for consent. Any person desiring the Chief, Tax Processing Center’s consent to sell property free of a tax lien or a title derived from the enforcement of a tax lien of the United States in the property shall submit to the Chief, Tax Processing Center a written application, in triplicate, declaring that it is made under penalties of perjury, and requesting that such consent be given. The application shall contain the information required in the case of a notice of sale, as set forth in paragraph (d)(1) of this section, and, in addition, shall contain a statement of the reasons why the consent is desired.

(c) Sale of perishable goods—(1) In general. A notice (as described in paragraph (d) of this section) of a nonjudicial sale of perishable goods (as defined in paragraph (c)(2) of this section) shall be given in writing, by registered or certified mail or delivered by personal service, at any time before the sale, to the Chief, Tax Processing Center. If a notice of a nonjudicial sale is timely given in the manner described in this paragraph the nonjudicial sale shall discharge or divest the tax lien, or a title derived from the enforcement of a tax lien, of the United States in the property. The provisions of 26 U.S.C. 7502 (relating to timely mailing treated as timely filing) and 7503 (relating to time for performance of acts where the last days falls on Saturday, Sunday, or a legal holiday) apply in the case of notices required to be made under this paragraph. The seller of the perishable goods shall hold the proceeds (exclusive of costs) of the sale as a fund, for not less than 30 days after the date of the sale, subject to the liens and claims of the United States, in the same manner and with the same priority as the liens and claims of the United States had with respect to the property sold. If the seller fails to hold the proceeds of the sale in accordance with the provisions of this paragraph and if the Chief, Tax Processing Center asserts a claim to the proceeds within 30 days after the date of sale, the seller shall be personally liable to the United States for an amount equal to the value of the interest of the United States in the fund. However, even if the proceeds of the sale are not so held by the seller, but all the other provisions of this paragraph the nonjudicial sale are satisfied, the buyer of the property at the sale takes the property free of the liens and claims of the United States. In the event of a postponement of the scheduled sale of perishable goods, the seller is not required to notify the Chief, Tax Processing Center of the postponement. For provisions relating to the authority of the Chief, Tax Processing Center and the regional director (compliance) to release a lien or discharge property subject to a tax lien, see 26 U.S.C. 6325 and §70.150 of this part.

(2) Definition of perishable goods. For the purpose of this paragraph, the term ‘‘perishable goods’’ means any tangible personal property which, in the reasonable view of the person selling the
property, is liable to perish or become greatly reduced in price or value by keeping, or cannot be kept without great expense.

(d) Forfeiture of land sales contract. For purposes of paragraph (a) of this section, a nonjudicial sale of property includes any forfeiture of a land sales contract.

(e) Content of notice of sale—(1) In general. With respect to a notice of sale described in paragraph (a) or (c) of this section, the notice will be considered adequate if it contains the information described in paragraph (d)(1), (ii), (iii), and (iv) of this section.

(i) The name and address of the person submitting the notice of sale;

(ii) A copy of each Notice of Federal Tax Lien (ATF Form 5651.2) affecting the property to be sold, or the following information as shown on each such Notice of Federal Tax Lien:

(A) The initiating office named thereon,

(B) The name and address of the taxpayer, and

(C) The date and place of filing of the notice;

(iii) With respect to the property to be sold the following information:

(A) A detailed description, including location of the property affected by the notice (in the case of real property, the street address, city, and State and the legal description contained in the title or deed to the property and, if available, a copy of the abstract of title),

(B) The date, time, place, and terms of proposed sale of the property, and

(C) In case of a sale of perishable property described in paragraph (c) of this section, a statement of the reasons why the property is believed to be perishable; and

(iv) The approximate amount of the principal obligation, including interest, secured by the lien sought to be enforced and a description of the other expenses (such as legal expenses, selling costs, etc.) which may be charged against the sale proceeds.

(2) Inadequate notice. Except as otherwise provided in this subparagraph, a notice of sale described in paragraph (a) of this section which does not contain the information described in paragraph (d)(1) of this section shall be considered inadequate by the Chief, Tax Processing Center. If the Chief, Tax Processing Center determines that the notice is inadequate, that official will give written notification of the items of information which are inadequate to the person who submitted the notice. A notice of sale which does not contain the name and address of the person submitting such notice shall be considered to be inadequate for all purposes without notification of any specific inadequacy. In any case where a notice of sale, does not contain the information required under paragraph (d)(1)(i), (ii), (iii), and (iv) of this section.

(i) The name and address of the person submitting the notice of sale;

(ii) A copy of each Notice of Federal Tax Lien (ATF Form 5651.2) affecting the property to be sold, or the following information as shown on each such Notice of Federal Tax Lien:

(A) The initiating office named thereon,

(B) The name and address of the taxpayer, and

(C) The date and place of filing of the notice;

(iii) With respect to the property to be sold the following information:

(A) A detailed description, including location of the property affected by the notice (in the case of real property, the street address, city, and State and the legal description contained in the title or deed to the property and, if available, a copy of the abstract of title),

(B) The date, time, place, and terms of proposed sale of the property, and

(C) In case of a sale of perishable property described in paragraph (c) of this section, a statement of the reasons why the property is believed to be perishable; and

(iv) The approximate amount of the principal obligation, including interest, secured by the lien sought to be enforced and a description of the other expenses (such as legal expenses, selling costs, etc.) which may be charged against the sale proceeds.

(3) Acknowledgment of notice. If a notice of sale described in paragraph (a) or (c) of this section is submitted in duplicate to the Chief, Tax Processing Center with a written request that receipt of the notice be acknowledged and returned to the person giving the notice, this request will be honored by the Chief, Tax Processing Center. The acknowledgment by the Chief, Tax Processing Center will indicate the
§ 70.206 Discharge of liens; redemption by United States.

(a) Right to redeem—(1) In general. In the case of a nonjudicial sale of real property to satisfy a lien prior to the tax lien or a title derived from the enforcement of a tax lien, the regional director (compliance) may redeem the property within the redemption period (as described in paragraph (a)(2) of this section). The right of redemption of the United States exists under 26 U.S.C. 7425(d) even though the Chief, Tax Processing Center has consented to the sale under 26 U.S.C. 7425(c) and §70.205 of this part. For purposes of this section, the term “nonjudicial sale” shall have the same meaning as used in §70.204(a) of this part.

(2) Redemption period. For purposes of this section, the redemption period shall be:

(i) The period beginning with the date of the sale (as determined under §70.204(b)) and ending with the 120th day after such date, or

(ii) The period for redemption of real property allowable with respect to other secured creditors, under the local law of the place where the real property is located, whichever expires later. Which ever period is applicable, 26 U.S.C. 7425 and this section shall govern the amount to be paid and the procedure to be followed.

(3) Limitations. In the event a sale does not ultimately discharge the property from tax lien (whether by reason of local law or the provisions of 26 U.S.C. 7425(b)), the provisions of this section do not apply because the tax lien will continue to attach to the property after the sale. In a case in which the Bureau is not entitled to a notice of sale under 26 U.S.C. 7425(b) and §70.205 of this part, the United States does not have a right of redemption under 26 U.S.C. 7425(d). However, in such a case, if a tax lien has attached to the property at the time of sale, the United States has the same right of redemption, if any, which is afforded similar creditors under the local law of the place in which the property is situated.

(b) Amount to be paid—(1) In general. In any case in which a regional director (compliance) exercises the right to redeem real property under 26 U.S.C. 7425(d), the amount to be paid is the sum of the following amounts:

(i) The actual amount paid for the property (as determined under paragraph (b)(2) of this section) being redeemed (which, in the case of a purchaser who is the holder of the lien being foreclosed, shall include the amount of the obligation secured by such lien to the extent legally satisfied by reason of the sale);

(ii) Interest on the amount paid (described in paragraph (b)(1)(i) of this section) at the sale by the purchaser of the real property computed at the rate of 6 percent per annum for the period from the date of the sale (as determined under §70.204(b) of this part) to the date of redemption;

(iii) The amount, if any, equal to the excess of the expenses necessarily incurred to maintain such property (as determined under paragraph (b)(3) of this section) by the purchaser (and the purchaser’s successor in interest, if any) over the income from such property realized by the purchaser (and the purchaser’s successor in interest, if any) plus a reasonable rental value of such property to the extent the property is used by or with the consent of the purchaser or the purchaser’s successor in interest or is rented at less than its reasonable rental value); and

(iv) The amounts, if any, of a payment made by the purchaser or the purchaser’s successor in interest after the foreclosure sale to a holder of a
Bureau of Alcohol, Tobacco and Firearms, Treasury § 70.206

senior lien (to the extent provided under paragraph (b)(4) of this section).

(2) Actual amount paid. (i) The actual amount paid for property by a purchaser, other than holder of the lien being foreclosed, is the amount paid by the purchaser at the sale. For purposes of this paragraph, the amount paid by the purchaser at the sale includes deferred payments upon the bid price. The actual amount paid does not include costs and expenses incurred prior to the foreclosure sale by the purchaser except to the extent such expenses are included in the amount bid and paid for the property. For example, the actual amount paid does not normally include the expenses of the purchaser such as title searches, professional fees, or interest on debt incurred to obtain funds to purchase the property.

(ii) In the case of a purchaser who is the holder of the lien being foreclosed, the actual amount paid is the sum of:

(A) The amount of the obligation secured by such lien to the extent legally satisfied by reason of the sale and

(B) Any additional amount bid and paid at the sale.

For purposes of this section, a purchaser who acquires title as a result of a nonjudicial foreclosure sale is treated as the holder of the lien being foreclosed if a lien (or any interest reserved, created, or conveyed as security for the payment of a debt or fulfillment of other obligation) held by the purchaser is partially or fully satisfied by reason of the foreclosure sale. For example, a person whose title is derived from a tax deed issued under local law shall be treated as the holder of the lien foreclosed if a lien on the property arising from the payment of property taxes, ripens into title. The amount paid by a purchaser at the sale includes deferred payments upon any portion of the bid price which is in excess of the amount of the lien being foreclosed. The actual amount paid does not include costs and expenses incurred prior to the foreclosure sale by the purchaser except to the extent such expenses are included in the amount of the lien being foreclosed which is legally satisfied by reason of the sale or in the amount bid and paid at the sale. Where the lien being foreclosed attaches to other property not subject to the foreclosure sale, the amount legally satisfied by reason of the sale does not include the amount of such lien that attaches to the other property. However, for purposes of the preceding sentences, the amount of the lien that attaches to the other property shall be considered to be equal to the amount by which the value of the other property exceeds the amount of any other senior lien on that property. Where, after the sale, the holder of the lien being foreclosed has the right to the unpaid balance of the amount due the holder, the amount legally satisfied by reason of the sale does not include the amount of such lien to the extent a deficiency judgment may be obtained therefor. However, for purposes of the preceding sentence, an amount, with respect to which the holder of the lien being foreclosed would otherwise have a right to a deficiency judgment, shall be considered to be legally satisfied by reason of the foreclosure sale to the extent that the holder has waived the holder’s right to a deficiency judgment prior to the foreclosure sale. For this purpose, the waiver must be in writing and legally binding upon the foreclosing lienholder as of the time the sale is concluded. If, prior to the foreclosure, payments have been made by the foreclosing lienholder to a holder of a superior lien, the payments are included in the actual amount paid to the extent they give rise to an interest which is legally satisfied by reason of the foreclosure sale.

(3) Excess expenses incurred by purchaser. (i) Expenses necessarily incurred in connection with the property after the foreclosure sale and before redemption by the United States are taken into account in determining if there are excess expenses payable under paragraph (b)(1)(iii) of this section. Expenses incurred by the purchaser prior to the foreclosure sale are not considered under paragraph (b)(3) of this section. (See paragraph (b)(2)(ii) of this section for circumstances under which such expenses may be included in the amount to be paid.) Expenses necessarily incurred in connection with
§ 70.206 27 CFR Ch. I (4–1–01 Edition)

the property include, for example, rental agent commissions, repair and maintenance expenses, utilities expenses, legal fees incurred after the foreclosure sale and prior to redemption in defending the title acquired through the foreclosure sale, and a proportionate amount of casualty insurance premiums and ad valorem taxes. Improvements made to the property are not considered as an expense unless the amounts incurred for such improvements are necessarily incurred to maintain the property.

(ii) At any time prior to the expiration of the redemption period applicable under paragraph (a)(2) of this section, the regional director (compliance) may, by certified or registered mail or hand delivery, request a written itemized statement of the amount claimed by the purchaser or the purchaser’s successor in interest to be payable under paragraph (b)(1)(iii) of this section. Unless the purchaser or the purchaser’s successor in interest furnishes the written itemized statement within 15 days after the request is made by the regional director (compliance), it shall be presumed that no amount is payable for expenses in excess of income and the Bureau shall tender only the amount otherwise payable under paragraph (b)(1) of this section.

(iii) Payments made by purchaser or the purchaser’s successor in interest to a senior lienor.

(i) The amount to be paid upon a redemption by the United States shall include the amount of a payment made by the purchaser or the purchaser’s successor in interest to a holder of a senior lien to the extent a request for the reimbursement thereof (made in accordance with paragraph (b)(4)(i) of this section) is approved as provided under paragraph (b)(4)(ii) of this section. This paragraph applies only to a payment made after the foreclosure sale and before the redemption to a holder of a lien that was, immediately prior to the foreclosure sale, superior to the lien foreclosed. A payment of principal or interest to a senior lienor shall be taken into account. Generally, the portion, if any, of a payment which is to be held in escrow for the payment of an expense, such as hazard insurance or real property taxes, is not considered under this paragraph. However, a payment by the escrow agent of a real property tax or special assessment lien, which was senior to the lien foreclosed, shall be considered to be a payment made by the purchaser or the purchaser’s successor in interest for purposes of this paragraph. With respect to real property taxes assessed after the foreclosure sale, see paragraph (b)(3)(i) of this section, relating to excess expenses incurred by the purchaser.

(ii) Before the expiration of the redemption period applicable under paragraph (a)(2) of this section, the regional director (compliance) shall, in any case where a redemption is contemplated, send notice to the purchaser (or the purchaser’s successor in interest of record) by certified or registered mail or hand delivery of the right under paragraph (b)(4) of this section to request reimbursement (payable in the event the right to redeem under 26 U.S.C. 7425(d) is exercised) for a payment made to a senior lienor. No later than 15 days after the notice from the regional director (compliance) is sent, the request for reimbursement shall be mailed or delivered to the office specified in such notice and shall consist of:

(A) A written itemized statement, signed by the claimant, of the amount claimed with respect to a payment made to a senior lienor, together with the supporting evidence requested in the notice from the regional director (compliance), and

(B) A waiver or other document that will be effective upon redemption by the United States to discharge the
property from, or transfer to the United States, any interest in or lien on the property that may arise under local law with respect to the payment made to a senior lienor.

Upon a showing of reasonable cause, a regional director (compliance) may, in that official’s discretion and at any time before the expiration of the applicable period for redemption, grant an extension for a reasonable period of time to submit, amend, or supplement a request for reimbursement. Unless a request for reimbursement is timely submitted (determined with regard to any extension of time granted), no amount shall be payable to the purchaser or the purchaser’s successor in interest on account of a payment made to a senior lienor if the right to redeem under 26 U.S.C. 7425(d) is exercised. A waiver or other document submitted pursuant to paragraph (b)(4)(ii) of this section shall be treated as effective only to the extent of the amount included in the redemption price under this paragraph. If the right to redeem is not exercised or a request for reimbursement is withdrawn, the regional director (compliance) shall, by certified or registered mail or hand delivery, return to the purchaser or the purchaser’s successor any waiver or other document submitted pursuant to paragraph (b)(4)(ii) of this section as soon as is practicable.

(c) Certificate of redemption—(1) In general. If a regional director (compliance) exercises the right of redemption of the United States described in paragraph (a) of this section, the regional director (compliance) shall apply to the officer designated by local law, if any, for the documents necessary to evidence the fact of redemption and to record title to the redeemed property in the name of the United States. If no such officer has been designated by local law or if the officer designated by local law fails to issue the necessary documents, the regional director (compliance) is authorized to issue a certificate of redemption for the property redeemed by the United States.

(2) Filing. The regional director (compliance) shall, without delay, cause either the documents issued by the local officer or the certificate of redemption executed by the regional director (compliance) to be filed with the local office where certificates of redemption are generally filed. If a certificate of redemption is issued by the regional director (compliance) and if the State in which the real property redeemed by the United States is situated has no office with which certificates of redemption may be filed, the regional director (compliance) shall file the certificate of redemption in the office of the clerk of the United States district court for the judicial district in which the redeemed property is situated.

(3) Effect of certificate of redemption. A certificate of redemption executed pursuant to paragraph (c)(1) of this section, shall constitute prima facie evidence of the regularity of the redemption. When a certificate of redemption is recorded, it shall transfer to the United States all the rights, title, and interest in and to the redeemed property acquired by the person, from
§ 70.207 Civil actions by persons other than taxpayers.

(a) Actions permitted—(1) Wrongful levy. If a levy has been made on property, or property has been sold pursuant to a levy, any person (other than the person against whom is assessed the tax out of which such levy arose) may bring a civil action against the United States in a district court of the United States described in this section, the regional director (compliance) may, in that official’s discretion, release the right of redemption with respect to the property. The application for the release shall be submitted in writing to a regional director (compliance) and shall contain such information as the regional director (compliance) may require. If the regional director (compliance) determines that the right of redemption of the United States is without value, no amount shall be required to be paid with respect to the release of the right of redemption.

(26 U.S.C. 7425(d))

(ii) That such property was wrongfully levied upon.

No action is permitted under 26 U.S.C. 7426(a)(1) unless there has been a levy upon the property claimed.

(2) Surplus proceeds. If property has been sold pursuant to levy, any person (other than the person against whom is assessed the tax out of which such levy arose) may bring a civil action against the United States in a district court of the United States described in this section, the regional director (compliance) shall issue a certificate of redemption and such document shall be conclusively binding upon the United States against a purchaser of the property or a holder of a lien upon the property.

(3) Substituted sale proceeds. Any person who claims to be legally entitled to all or any part of the amount which is held as a fund from the sale of property pursuant to an agreement described in 26 U.S.C. 6325(b)(3) may bring a civil action against the United States in a district court of the United States described in this section, and the regional director (compliance) shall issue a certificate of redemption and such document shall be conclusively binding upon the United States against a purchaser of the property or a holder of a lien upon the property.

(b) Adjudication—(1) Wrongful levy. If the court determines that property has been wrongfully levied upon, the court may:

(i) Grant an injunction to prohibit the enforcement of such levy or to prohibit a sale of such property if such sale would irreparably injure rights in the property which are superior to the rights of the United States in such property; or

(ii) Order the return of specific property if the United States is in possession of such property; or

(iii) Grant a judgment for the amount of money levied upon, with interest thereon at the overpayment rate established under 26 U.S.C. 6621 from the date that the official who made the levy receives the money wrongfully levied upon to the date of payment of such judgment, or

(iv) Grant a judgment for an amount not exceeding the amount received by the United States from the sale of such property (which, in the case of property declared purchased by the United
States at a sale, shall be the greater of the minimum amount determined pursuant to 26 U.S.C. 6335(e) or the amount received by the United States from the resale of such property, or the fair market value of such property immediately before the levy, with interest thereon at the overpayment rate established under 26 U.S.C. 6621 from the date of the sale of the property to the date of payment of such judgment.

For purposes of paragraph (b)(1) of this section, a levy is wrongful against a person (other than the taxpayer against whom the assessment giving rise to the levy is made), if the levy is upon property exempt from levy under 26 U.S.C. 6334, or the levy is upon property in which the taxpayer had no interest at the time the lien arose or thereafter, or the levy is upon property with respect to which such person is a purchaser against whom the lien is invalid under 26 U.S.C. 6323 or 6324(a)(2) or (b), or the levy or sale pursuant to levy will or does effectively destroy or otherwise irreparably injure such person’s interest in the property which is senior to the Federal tax lien. A levy may be wrongful against a holder of a senior lien upon the taxpayer’s property under certain circumstances although legal rights to enforce the holder’s interest survive the levy procedure. For example, the levy may be wrongful against such a person if the property is an obligation which is collected pursuant to the levy rather than sold and nothing thereafter remains for the senior lienholder, or the property levied upon is of such a nature that when it is sold at a public sale the property subject to the senior lien is not available as security for the enforcement of the holder’s interest.

Some of the factors which should be taken into account in determining whether property remains or will remain a realistic source from which the senior lienholder may realize collection are: The nature of the property, the number of purchasers, the value of each unit sold or to be sold, whether, as a direct result of the distrain sale, the costs of realizing collection from the security have or will be so substantially increased as to render the security substantially valueless as a source of collection, and whether the property subject to the distrain sale constitutes substantially all of the property available as security for the payment of the indebtedness to the senior lienholder.

(2) Surplus proceeds. If the court determines that the interest or lien of any party to an action under 26 U.S.C. 7426 was transferred to the proceeds of a sale of the property, the court may grant a judgment in an amount equal to all or any part of the amount of the surplus proceeds of such sale. The term “surplus proceeds” means property remaining after application of the provisions of 26 U.S.C. 6342(a).

(3) Substituted sale proceeds. If the court determines that a party has an interest in or lien on the amount held as a fund pursuant to an agreement described in 26 U.S.C. 6325(b)(3), the court may grant a judgment in an amount equal to all or any part of the amount of such fund.

§ 70.208 Review of jeopardy assessment or levy procedures; information to taxpayer.

Not later than 5 days after the day on which an assessment is made under 26 U.S.C. 6862 or when a levy is made less than 30 days after the notice and demand described in 26 U.S.C. 6331(a), the official who authorized the assessment or levy shall provide the taxpayer a written statement setting forth the information upon which that official relies in authorizing such assessment or levy.

(26 U.S.C. 7429(a)(1))

§ 70.209 Review of jeopardy assessment or levy procedures; administrative review.

(a) Request for administrative review. Any request for the review of a jeopardy assessment or levy provided for by 26 U.S.C. 7429(a)(2) shall be filed with the official who authorized the assessment or levy, within 30 days after the statement described in § 70.208 of this part is given to the taxpayer. However, if no statement is given within the 5-day period described in § 70.208, any request for review of the jeopardy assessment shall be filed within 35 days after the date the assessment is made. Such request shall be in writing, shall state...
§ 70.210

fully the reasons for the request, and shall be supported by such evidence as will enable the reviewing official to make the redetermination described in 26 U.S.C. 7429(a)(3).

(b) Administrative review. In determining whether the assessment or levy is reasonable and the amount assessed appropriate, the reviewing official shall take into account not only information available at the time the assessment is made but also information which subsequenbtly becomes available.

(26 U.S.C. 7429(a)(2))

§ 70.210 Review of jeopardy assessment or levy procedures; judicial action.

(a) Time for bringing judicial action. An action for judicial review described in 26 U.S.C. 7429(b) may be instituted by the taxpayer during the period beginning on the earlier of:

(1) The date of the reviewing official notifies the taxpayer of the determination described in 26 U.S.C. 7429(a)(3); or

(2) The 16th day after the request described in 26 U.S.C. 7429(a)(2) was made by the taxpayer; and ending on the 90th day thereafter.

(b) Extension of the period for judicial review. The U.S. Government may not seek an extension of the 20-day period described in 26 U.S.C. 7429(b)(2), but it may join with the taxpayer in seeking such an extension.

(26 U.S.C. 7429)

§ 70.213 Repayments to officers or employees.

The Director is authorized to repay to any officer or employee of the Bureau the full amount of such sums of money as may be recovered against such officer or employee in any court for any taxes imposed under provisions of 26 U.S.C. enforced and administered by the Bureau, under the provisions of 26 U.S.C. enforced and administered by the Bureau.

(26 U.S.C. 7423)

§ 70.221 Period of limitations upon assessment.

(a) The amount of any tax imposed by the Internal Revenue Code (other than a tax collected by means of stamps) shall be assessed within 3 years after the return was filed. For rules applicable in cases where the return is filed prior to the due date thereof, see section 6501(b) of the Internal Revenue Code. In the case of taxes payable by stamps, assessment shall be made at any time after the tax becomes due and before the expiration of 3 years after the date on which any part of the tax was paid. For exceptions and additional rules, see subsections (b) and (c) of section 6501 of the Internal Revenue Code.

(b) No proceeding in court without assessment for the collection of any tax shall be begun after the expiration of the applicable period for the assessment of such tax.

(26 U.S.C. 6501)

§ 70.222 Time return deemed filed for purposes of determining limitations.

(a) Early Return. Any return filed prior to the last day prescribed by law or regulations for the filing thereof (determined without regard to any extension of time for filing) shall be considered as filed on such last day.

(b) Returns executed by regional directors (compliance) or other ATF officers. The execution of a return by a regional director (compliance) or other authorized officer or employee of the Bureau of Alcohol, Tobacco and Firearms under the authority of section 6020(b) of the Internal Revenue Code shall not
§ 70.223 Exceptions to general period of limitations on assessment and collection.

(a) False return. In the case of a false or fraudulent return with intent to evade any tax, the tax may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time after such false or fraudulent return is filed.

(b) Willful attempt to evade tax. In the case of a willful attempt in any manner to defeat or evade any tax imposed by provisions of 26 U.S.C. enforced and administered by the Bureau, the tax may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time.

(c) No return. In the case of a failure to file a return, the tax may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time after the date prescribed for filing the return.

(d) Extension by agreement. The time prescribed by 26 U.S.C. 6501 for the assessment of any tax imposed by provisions of 26 U.S.C. enforced and administered by the Bureau may, prior to the expiration of such time, be extended for any period of time agreed upon in writing by the taxpayer and the regional director (compliance). Whenever necessary to protect the revenue, the Chief, Tax Processing Center may also execute a written agreement with the taxpayer to extend the period of limitation. The extension shall become effective upon execution of the agreement by both the taxpayer and the regional director (compliance) or the Chief, Tax Processing Center.

(ii) The period of limitation on collection after assessment of any tax may, prior to the expiration thereof, be extended for any period of time agreed upon in writing by the taxpayer and the regional director (compliance). Whenever necessary to protect the revenue, the Chief, Tax Processing Center may also execute a written agreement with the taxpayer to extend the period of limitation. The extension shall become effective upon execution of the agreement by both the taxpayer and the regional director (compliance) or the Chief, Tax Processing Center.

(iii) Any period agreed upon under the provisions of paragraph (a)(1) of this section may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

§ 70.224 Collection after assessment.

(a) Length of period.—(1) General rule. In any case in which a tax has been assessed within the statutory period of limitation properly applicable thereto, a proceeding in court to collect such tax may be begun, or levy for the collection of such tax may be made, within 6 years after the assessment thereof.

(2) Extension by agreement. (i) The 6-year period of limitation on collection after assessment of any tax may, prior to the expiration thereof, be extended for any period of time agreed upon in writing by the taxpayer and the regional director (compliance). Whenever necessary to protect the revenue, the Chief, Tax Processing Center may also execute a written agreement with the taxpayer to extend the period of limitation. The extension shall become effective upon the execution of the agreement by both the taxpayer and the regional director (compliance) or the Chief, Tax Processing Center.

(ii) The period of limitation on collection after assessment of any tax (including any extension of such period) may be extended after the expiration thereof if there has been a levy on any part of the taxpayer’s property prior to such expiration and if the extension is agreed upon in writing prior to a release of the levy under the provisions of 26 U.S.C. 6343. An extension under this paragraph has the same effect as an agreement made prior to the expiration of the period of limitation on collection after assessment, and during the period of the extension collection may be enforced as to all property or rights to property owned by the taxpayer whether or not seized under the levy which was released.

(iii) Any period agreed upon under the provisions of paragraph (a)(1) of this section may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(3) If a timely proceeding in court for the collection of a tax is commenced, the period during which such tax may be collected by levy shall be extended and shall not expire until the liability for the tax (or a judgment against the taxpayer arising from such liability) is satisfied or becomes unenforceable.
§ 70.225 Date when levy is considered made.

The date on which a levy on property or rights to property is made is the date on which the notice of seizure provided in 26 U.S.C. 6335(a) is given.

(26 U.S.C. 6502)

§ 70.225 Suspension of running of period of limitation; assets of taxpayer in control or custody of court.

Where all or substantially all of the assets of a taxpayer are in the control or custody of the court in any proceeding before any court of the United States, or any State of the United States, or the District of Columbia, the period of limitations on collection after assessment prescribed in 26 U.S.C. 6502 is suspended with respect to the outstanding amount due on the assessment for the period such assets are in the control or custody of the court, and for 6 months thereafter.

(26 U.S.C. 6503)

[T.D. ATF–301, 55 FR 47642, Nov. 14, 1990]

§ 70.226 Suspension of running of period of limitation; taxpayer outside of United States.

The running of the period of limitations on collection after assessment prescribed in 26 U.S.C. 6502 (relating to collection after assessment) is suspended for the period during which the taxpayer is absent from the United States if such period is a continuous period of absence from the United States extending for 6 months or more.

In a case where the running of the period of limitations has been suspended under the first sentence of this paragraph and at the time of the taxpayer’s return to the United States the period of limitations would expire before the expiration of 6 months from the date of the taxpayer’s return, the period of limitations shall not expire until after 6 months from the date of the taxpayer’s return. The taxpayer will be deemed to be absent from the United States for purposes of this section if the taxpayer is generally and substantially absent from the United States, even though the taxpayer makes casual temporary visits during the period.

[T.D. ATF–301, 55 FR 47642, Nov. 14, 1990]

§ 70.227 Suspension of running of period of limitation; wrongful seizure of property of third party.

The running of the period of limitations on collection after assessment prescribed in 26 U.S.C. 6502 (relating to collection after assessment) shall be suspended for a period equal to a period beginning on the date property (including money) is wrongfully seized or received by a regional director (compliance) and ending on the date 30 days after the date on which the regional director (compliance) returns the property pursuant to 26 U.S.C. 6343(b) (relating to authority to return property) or the date 30 days after the date on which a judgment secured pursuant to 26 U.S.C. 7426 (relating to civil actions by persons other than taxpayers) with respect to such property becomes final.

The running of the period of limitations on collection after assessment shall be suspended under this section only with respect to the amount of such assessment which is equal to the amount of money or the value of specific property returned.

(26 U.S.C. 6503)

[T.D. ATF–301, 55 FR 47642, Nov. 14, 1990]

§ 70.231 Protection for certain interests even though notice filed.

(a) Securities. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid with respect to a security (as defined in §70.143(d) of this part) against:

(1) A purchaser (as defined in §70.143(f) of this part) of the security who at the time of purchase did not have actual notice or knowledge (as defined in §70.143(a) of this part) of the existence of the lien;

(2) A holder of a security interest (as defined in §70.143(a) of this part) in the
security who did not have actual notice or knowledge (as defined in §70.144(a) of this part) of the existence of the lien at the time the security interest came into existence or at the time such security interest was acquired from a previous holder for a consideration in money or money’s worth (as defined in §70.143(a) of this part); or

(3) A transferee of an interest protected under paragraph (a) (1) or (2) of this section to the same extent the lien is invalid against the transferor to the transferee. For purposes of this paragraph, no person can improve that person’s position with respect to the lien by reacquiring the interest from an intervening purchaser or holder of a security interest against whom the lien is invalid.

(b) Motor vehicles—(1) In general. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid against a purchaser (as defined in §70.143(i) of this part) of a motor vehicle (as defined in §70.143(c) of this part) if:

(i) At the time of purchase, the purchaser did not have actual notice or knowledge (as defined in §70.144(a) of this part) of the existence of the lien, and

(ii) Before the purchaser obtains such notice or knowledge, the purchaser has acquired actual possession of the motor vehicle and has not thereafter relinquished actual possession to the seller or seller’s agent.

(2) Cross reference. For provisions relating to additional circumstances in which the lien imposed by 26 U.S.C. 6321 may not be valid against the purchaser of tangible personal property (including a motor vehicle) purchased at retail, see paragraph (c) of this section.

(c) Personal property purchased at retail—(1) In general. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed (with respect to any tax imposed under the provisions of 26 U.S.C. enforced and administered by the Bureau) in accordance with §70.148 of this part, the lien is not valid against a purchaser (as defined in §70.143(f) of this part) of tangible personal property purchased at a retail sale (as defined in paragraph (c)(2) of this section) unless at the time of purchase the purchaser intends the purchase to (or knows that the purchase will) hinder, evade, or defeat the collection of any tax imposed by the provisions of 26 U.S.C. enforced and administered by the Bureau.

(2) Definition of retail sale. For purposes of this section, the term “retail sale” means a sale made in the ordinary course of the seller’s trade or business, of tangible personal property of which the seller is the owner. Such term includes a sale in customary retail quantities by a seller who is going out of business, but does not include a bulk sale or an auction sale in which goods are offered in quantities substantially greater than are customary in the ordinary course of the seller’s trade or business or an auction sale of goods the owner of which is not in the business of selling such goods.

(d) Personal property purchased in casual sale—(1) In general. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid against a purchaser (as defined in §70.143(f) of this part) of household goods, personal effects, or other tangible personal property of a type described in §70.241 of this part (which includes wearing apparel, school books, fuel, provisions, furniture, arms for personal use, livestock, and poultry (whether or not the seller is the head of a family); and books and tools of a trade, business, or profession (whether or not the trade, business, or profession of the seller)), purchased, other than for resale, in a casual sale for less than $250 (excluding interest and expenses described in §70.147 of this part). For purposes of this paragraph, a casual sale is a sale not made in the ordinary course of the seller’s trade or business.

(2) Limitation. This paragraph applies only if the purchaser does not have actual notice or knowledge (as defined in §70.144(a) of this part):

(i) Of the existence of the tax lien, or

(ii) That the sale is one of a series of sales.

For purposes of paragraph (d)(2)(ii) of this section, a sale is one of a series of sales if the seller plans to dispose of, in separate transactions, substantially all
§ 70.231

of the seller’s household goods, personal effects, and other tangible personal property described in §70.241 of this part.

(e) Personal property subject to possessory liens. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid against a holder of a lien on tangible personal property which under local law secures the reasonable price of the repair or improvement of the property if the property is, and has been, continuously in the possession of the holder of the lien from the time the possessory lien arose. For example, if local law gives an automobile mechanic the right to retain possession of an automobile the mechanic has repaired as security for payment of the repair bill and the mechanic retains continuous possession of the automobile until such lien is satisfied, a tax lien filed in accordance with 26 U.S.C 6323(f)(1) which has attached to the automobile will not be valid to the extent of the reasonable price of the repairs. It is immaterial that the notice of tax lien was filed before the mechanic undertook the work or that the mechanic knew of the lien before undertaking the work.

(f) Real property tax and special assessment liens. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid against the holder of another lien upon the real property (regardless of when such other lien arises), if such other lien is entitled under local law to priority over security interests in real property which are prior in time and if such other lien on real property secures payment of:

(1) A tax of general application levied by any taxing authority based upon the value of the property, or

(2) A special assessment imposed directly upon the property by any taxing authority, if the assessment is imposed for the purpose of defraying the cost of any public improvement; or

(3) Charges for utilities or public services furnished to the property by the United States, a State or political subdivision thereof, or an instrumentality of any one or more of the foregoing.

(g) Residential property subject to a mechanic’s lien for certain repairs and improvements. Even though a notice of lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid against a mechanic’s lienor (as defined in §70.143(b) of this part) who holds a lien for the repair or improvement of a personal residence if:

(1) The residence is occupied by the owner and contains no more than four dwelling units, and

(2) The contract price on the prime contract with the owner for the repair or improvement (excluding interest and expenses described in §70.147 of this part) is not more than $1,000. For purposes of this paragraph, the amounts of subcontracts under the prime contract with the owner are not to be taken into consideration for purposes of computing the $1,000 prime contract price. It is immaterial that the notice of tax lien was filed before the contractor undertakes the work or that the contractor knew of the lien before undertaking the work.

(h) Attorney’s liens.—(1) In general. Even though notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid against an attorney who, under local law, holds a lien upon, or a contract enforceable against, a judgment or other amount in settlement of a claim or of a cause of action. The priority afforded an attorney’s lien under this paragraph shall not exceed the amount of the attorney’s reasonable compensation for obtaining the judgment or procuring the settlement. For purposes of this paragraph, reasonable compensation means the amount customarily allowed under local law for an attorney’s service for litigating or settling a similar case or administrative claim. However, reasonable compensation shall be determined on the basis of the facts and circumstances of each individual case. It is immaterial that the notice of tax lien is filed before the attorney undertakes the work or that the attorney knows of the tax lien before undertaking the work. This paragraph does not apply to an attorney’s lien which may arise from the defense of a claim or cause of action against a taxpayer except to the extent such lien is
§ 70.232 Protection for commercial transactions financing agreements.

(a) In general. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid with respect to a security interest which:

(b) Certain insurance contracts. Even though a notice of a lien imposed by 26 U.S.C. 6321 (with respect to any tax imposed under the provisions of 26 U.S.C. enforced and administered by the Bureau) is filed in accordance with §70.148 of this part, the lien is not valid with respect to a life insurance, endowment, or annuity contract, against an organization which is the insurer under the contract, at any time:

(1) Before the insuring organization has actual notice or knowledge (as defined in §70.144(a) of this part) of the existence of the tax lien.

(2) After the insuring organization has actual notice or knowledge of the lien (as defined in §70.144(a) of this part) with respect to advances (including contractual interest thereon as provided in §70.147(a) of this part) required to be made automatically to maintain the contract in force under an agreement entered into before the insuring organization had such actual notice or knowledge, or

(3) After the satisfaction of a levy pursuant to 26 U.S.C. 6332(b), unless and until the Chief, Tax Processing Center delivers to the insuring organization a notice (for example, another notice of levy, a letter, etc.), executed after the date of such satisfaction, that the lien exists.

Delivery of the notice described in paragraph (i)(3) of this section may be made by any means, including regular mail, and delivery of the notice shall be effective only from the time of actual receipt of the notification by the insuring organization. The provisions of this paragraph are applicable to matured as well as unmatured insurance contracts.

(j) Passbook loans—(1) In general. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid against an institution described in 26 U.S.C. 581 or 591 to the extent of any loan made by the institution which is secured by a savings deposit, share, or other account evidenced by a passbook (as defined in paragraph (j)(2) of this section) if the institution has been continuously in possession of the passbook from the time the loan is made. This paragraph applies only to a loan made without actual notice or knowledge (as defined in §70.144(a) of this part) of the existence of the lien. Even though an original passbook loan is made without actual notice or knowledge of the existence of the lien, this paragraph does not apply to any additional loan made after knowledge of the lien is acquired by the institution even if it continues to retain the passbook from the time the original passbook loan is made.

(2) Definition of passbook. For purposes of paragraph (j) of this section, the term “passbook” includes:

(i) Any tangible evidence of a savings deposit, share, or other account which, when in the possession of the bank or other savings institution, will prevent a withdrawal from the account to the extent of the loan balance, and

(ii) Any procedure or system, such as an automatic data processing system, the use of which by the bank or other savings institution will prevent a withdrawal from the account to the extent of the loan balance.

(26 U.S.C. 6323)
§ 70.232

(1) Comes into existence after the tax lien filing.
(2) Is in qualified property covered by the terms of a commercial transactions financing agreement entered into before the tax lien filing, and
(3) Is protected under local law against a judgment lien arising, as of the time of the tax lien filing, out of an unsecured obligation.

See §70.143(a) and (e) of this part for definitions of the terms “security interest” and “tax lien filing,” respectively. For purposes of this section, a judgment lien is a lien held by a judgment lien creditor as defined in §70.143(g) of this part.

(b) Commercial transactions financing agreement. For purposes of this section, the term “commercial transactions financing agreement” means a written agreement entered into by a person in the course of such person’s trade or business:

(1) To make loans to the taxpayer (whether or not at the option of the person agreeing to make such loans) to be secured by commercial financing security acquired by the taxpayer in the ordinary course of the taxpayer’s trade or business, or
(2) To purchase commercial financing security, other than inventory, acquired by the taxpayer in the ordinary course of the taxpayer’s trade or business.

Such an agreement qualifies as a commercial transactions financing agreement only with respect to loans or purchases made under the agreement before the 46th day after the date of tax lien filing or the time when the lender or purchaser has actual notice or knowledge (as defined in §70.144(a) of this part) of the tax lien filing, if earlier. For purposes of this paragraph, a loan or purchase is considered to have been made in the course of the lender’s or purchaser’s trade or business if such person is in the business of financing commercial transactions (such as a bank or commercial factor) or if the agreement is incidental to the conduct of such person’s trade or business. For example, if a manufacturer finances the accounts receivable of one of its customers, the manufacturer is considered to engage in such financing in the course of its trade or business. The extent of the priority of the lender or purchaser over the tax lien is the amount of the disbursement made before the 46th day after the date the notice of tax lien is filed, or made before the day (before such 46th day) on which the lender or purchaser has actual notice or knowledge of the filing of the notice of the tax lien.

(c) Commercial financing security—(1) In general. The term “commercial financing security” means:

(i) Paper of a kind ordinarily arising in commercial transactions,
(ii) Accounts receivable (as defined in paragraph (c)(2) of this section),
(iii) Mortgages on real property, and
(iv) Inventory.

For purposes of this subparagraph, the term “paper of a kind ordinarily arising in commercial transactions” in general includes any written document customarily used in commercial transactions. For example, such written documents include paper giving contract rights (as defined in paragraph (c)(2) of this section), chattel paper, documents of title to personal property, and negotiable instruments or securities. The term “commercial financing security” does not include general intangibles such as patents or copyrights. A mortgage on real estate (including a deed of trust, contract for sale, and similar instrument) may be commercial financing security if the taxpayer has an interest in the mortgage as a mortgagor or assignee. The term “commercial financing security” does not include a mortgage when the taxpayer is the mortgagor of realty owned by the taxpayer. For purposes of this subparagraph, the term “inventory” includes raw materials and goods in process as well as property held by the taxpayer primarily for sale to customers in the ordinary course of the taxpayer’s trade or business.

(2) Definitions. For purposes of §§70.143 and 70.146 of this part, and this section:

(i) A contract right is any right to payment under a contract not yet earned by performance and not evidenced by an instrument or chattel paper, and
(ii) An account receivable is any right to payment for goods sold or leased or for services rendered which is
§ 70.233 Protection for real property construction or improvement financing agreements.

(a) In general. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid with respect to a security interest which:

(1) Comes into existence after the tax lien filing,

(2) Is on qualified property covered by the terms of a real property construction or improvement financing agreement entered into before the tax lien filing, and

(3) Is protected under local law against a judgment lien arising, as of the time of tax lien filing, out of an unsecured obligation.

For purposes of this section, it is immaterial that the holder of the security interest had actual notice or knowledge of the lien at the time disbursements are made pursuant to such an agreement. See §70.143(a) and (e) of this part for general definitions of the terms “security interest” and “tax lien filing.” For purposes of this section, a judgment lien is a lien held by a judgment lien creditor as defined in §70.143(g) of this part.

(b) Real property construction or improvement financing agreement. For purposes of this section, the term “real property construction or improvement financing agreement” means any written agreement to make cash disbursements (whether or not at the option of the party agreeing to make such disbursements).
§ 70.234 Protection for obligatory disbursement agreements.

(a) In general. Even though a notice of a lien imposed by 26 U.S.C. 6321 is filed in accordance with §70.148 of this part, the lien is not valid with respect to security interest which:

(1) Comes into existence after the tax lien filing.

(2) Is in qualified property covered by the terms of an obligatory disbursement agreement entered into before the tax lien filing, and

(3) Is protected under local law against a judgment lien arising, as of the time of tax lien filing, out of an unsecured obligation.

See §70.143 (a) and (e) of this part for definitions of the terms “security interest” and “tax lien filing.” For purposes of this section, a judgment lien creditor as defined in §70.143(g) of this part.

(b) Obligatory disbursement agreement. For purposes of this section, the term “obligatory disbursement agreement” means a written agreement, entered into by a person in the course of the person’s trade or business, to make disbursements. An agreement is treated as an obligatory disbursement agreement only with respect to disbursements which are required to be made by reason of the intervention of the rights of a person other than the taxpayer. The obligation to pay must be conditioned upon an event beyond the control of the obligor. For example, the provisions of this section are applicable where an issuing bank obligates itself to honor drafts or other demands for payment on a letter of credit and a bank, in good faith, relies upon that letter of credit in making advances. The provisions of this section are also applicable, for example, where a bonding company obligates itself to make payments to indemnify against loss or liability and, under the terms of the bond, makes a payment with respect to a loss. The priority described in this section is not applicable, for example, in the case of an accommodation endorsement by an endorser who assumes the obligation other than in the course of the endorser’s trade or business.

(c) Qualified property. Except as provided under paragraph (d) of this section, the term “qualified property,” for purposes of this section, means property subject to the lien imposed by 26 U.S.C. 6321 at the time of tax lien filing and, to the extent that the acquisition is directly traceable to the obligatory disbursement, property acquired by the taxpayer after tax lien filing.

(d) Special rule for surety agreements. Where the obligatory disbursement
agreement is an agreement insuring the performance of a contract of the taxpayer and another person, the term “qualified property” shall be treated as also including:

(1) The proceeds of the contract the performance of which was insured, and

(2) If the contract the performance of which was insured is a contract to construct or improve real property, to produce goods, or to furnish services, any tangible personal property used by the taxpayer in the performance of the insured contract.

For example, a surety company which holds a security interest, arising from cash disbursements made after tax lien filing under a payment or performance bond on a real estate construction project, has priority over the tax lien with respect to the proceeds of the construction contract and, in addition, with respect to any tangible personal property used by the taxpayer in the construction project if its security interest in the tangible personal property is protected under local law against a judgment lien arising, as of the time the tax lien was filed, out of an unsecured obligation.

Limitations on Leves

SOURCE: Sections 70.241 through 70.245 added by T.D. ATF–301, 55 FR 47646, Nov. 14, 1990, unless otherwise noted.

§ 70.241 Property exempt from levy.

(a) Enumeration. There shall be exempt from levy:

(1) Wearing apparel and school books. Such items of wearing apparel and such school books as are necessary for the taxpayer or for members of the taxpayer’s family. Expensive items of wearing apparel, such as furs, which are luxuries and are not necessary for the taxpayer or for members of the taxpayer’s family, are not exempt from levy.

(2) Fuel, provisions, furniture, and personal effects. If the taxpayer is the head of a family, so much of the fuel, provisions, furniture, and personal effects in the taxpayer’s household, and of the arms for personal use, livestock, and poultry, as does not exceed $1,650 in value. For purposes of this provision, an individual who is the only remaining member of a family and who lives alone is not the head of a family.

(3) Books and tools of a trade, business or profession. So many of the books and tools necessary for the trade, business, or profession of an individual taxpayer as do not exceed in the aggregate $1,100 in value.

(4) Unemployment benefits. Any amount payable to an individual with respect to that individual’s unemployment (including any portion thereof payable with respect to dependents) under an unemployment compensation law of the United States, of any State, or of the District of Columbia or of the Commonwealth of Puerto Rico.

(5) Undelivered mail. Mail, addressed to any person, which has not been delivered to the addressee.

(6) Certain annuity and pension payments. Annuity or pension payments under the Railroad Retirement Act (45 U.S.C. chapter 9), benefits under the Railroad Unemployment Insurance Act (45 U.S.C. chapter 11), special pension payments received by a person whose name has been entered on the Army, Navy, Air Force, and Coast Guard Medal of Honor roll (38 U.S.C. 562), and annuities based on retired or retainer pay under 10 U.S.C. chapter 73.

(7) Workmen’s compensation. Any amount payable to an individual as workmen’s compensation (including any portion thereof payable with respect to dependents) under a workmen’s compensation law of the United States, any State, the District of Columbia, or the Commonwealth of Puerto Rico.

(8) Judgments for support of minor children. If the taxpayer is required under any type of order or decree (including an interlocutory decree or a decree of support pendente lite) of a court of competent jurisdiction, entered prior to the day of levy, to contribute to the support of such taxpayer’s minor children, so much of the taxpayer’s salary, wages, or other income as is necessary to comply with such order or decree. The taxpayer must establish the amount necessary to comply with the order or decree. The Chief, Tax Processing Center is not required to release a levy until such time as that official
§ 70.242  Wages, salary and other income.

(a) In general. Under 26 U.S.C. 6334(a)(9) and (d) certain amounts payable to or received by a taxpayer as wages, salary or other income are exempt from levy. This section described the income of a taxpayer that is eligible for the exemption from levy (paragraph (b) of this section) and how exempt amounts are to be paid to the taxpayer (paragraph (c) of this section). Section 70.243 of this part describes the sum which will be exempt from levy for each of the taxpayer’s payroll periods. Payroll periods are described in §70.244 of this part. Amounts exempt from levy are determined in part by the number of persons claimed by the taxpayer as dependents. Section 70.245 of this part describes the manner in which the employer is to claim any dependent exemptions and the manner in which the employer is to compute the exempt amount and pay the balance to the Chief, Tax Processing Center.

(b) Eligible taxpayer income. Only wages, salary or other income payable

is satisfied that the amount to be released from levy will actually be applied in satisfaction of the support obligation. The Chief, Tax Processing Center may make arrangements with a delinquent taxpayer to establish a specific amount of such taxpayer’s salary, wage, or other income for each pay period which shall be exempt from levy. Any request for such an arrangement shall be directed to the Chief, Tax Processing Center. Where the taxpayer has more than one source of income sufficient to satisfy the support obligation imposed by the order or decree, the amount exempt from levy may at the discretion of the Chief, Tax Processing Center be allocated entirely to one salary, wage, or source of other income or be apportioned between the several salaries, wages, or other sources of income.

(9) Minimum exemption for wages, salary, and other income. Amounts payable to or received by the taxpayer as wages or salary for personal services, or as other income, to the extent provided in §§70.242 through 70.245 of this part.

(10) Certain service-connected disability payments. Any amount payable to an individual as a service-connected (within the meaning of 38 U.S.C. 101(16)) disability benefit under:

(i) 38 U.S.C. chapter 11, subchapter II, III, IV, V, or VI, or

(ii) 38 U.S.C. chapter 13, 21, 23, 31, 32, 34, 35, 37, or 39 shall be exempt from levy.

(11) Certain public assistance payments. Any amount payable to an individual as a recipient of public assistance under:

(i) Title 42 U.S.C. subchapter IV (relating to aid to families with dependent children) or 42 U.S.C. subchapter XVI (relating to supplemental security income for the aged, blind, and disabled), or

(ii) State or local government public assistance or public welfare programs for which eligibility is determined by a needs or income test shall be exempt from levy.

(12) Assistance under job training partnership act. Any amount payable to a participant under the Job Training Partnership Act (29 U.S.C. 1501 et seq.) from funds appropriated pursuant to such Act shall be exempt from levy.

(13) Principal residence exempt in absence of certain approval or jeopardy. Except to the extent provided in §70.166 of this part, the principal residence of the taxpayer (within the meaning of 26 U.S.C. 1034) is exempt from levy.

(b) Appraisal. The ATF officer seizing property of the type described in 26 U.S.C. 6334(a) shall appraise and set aside to the owner the amount of such property declared to be exempt. If the taxpayer objects at the time of the seizure to the valuation fixed by the officer making the seizure, such officer shall summon three disinterested individuals who shall make the valuation.

(c) Other property. No other property or rights to property are exempt from levy except the property specifically exempted by 26 U.S.C. 6334(a). No provisions of a State law may exempt property or rights to property from levy for the collection of any Federal tax. Thus, property exempt from execution under State personal or homestead exemption laws is, nevertheless, subject to levy by the United States for collection of its taxes.

(26 U.S.C. 6334)
to the taxpayer after the levy is made on the payor may be exempt from levy under 26 U.S.C. 6334 (a)(9). No amount of wages, salary or other income which is paid to the taxpayer before levy is made on the payor will be so exempt from levy.

(c) Payment of exempt amounts to taxpayer—(1) From wages, salary or other income not subject to levy. In the case of a taxpayer who has more than one source of wages, salary or other income, the Chief, Tax Processing Center may elect to levy on only one or more such source while leaving other sources of salary or other income free from levy. If those wages, salary or other income which the Chief, Tax Processing Center leaves free from levy equal or exceed the amount to which the taxpayer is entitled as an exemption from levy under 26 U.S.C. 6334(a)(9) and (d) and §70.243 of this part (and are not otherwise exempt), then no amount of the taxpayer's wages, salary or other income on which the Chief, Tax Processing Center elects to levy is exempt from levy. The Chief, Tax Processing Center shall notify the employer or other person subject to levy that no amount of the taxpayer's wages, salary or other income is exempt from levy.

(2) From wages, salary or other income subject to levy. If the taxpayer's income upon which the Chief, Tax Processing Center does not levy is less than that amount to which the taxpayer is entitled as an exemption, then an amount determined pursuant to §70.243 of this part is to be paid to the taxpayer from those wages, salary or other income subject to levy from which such amount will be paid to the taxpayer. The Chief, Tax Processing Center will designate those wages, salary or other income subject to levy from which such amount will be paid to the taxpayer. The Chief, Tax Processing Center will generally make this designation by delivering to the employer, or other person levied upon, the form upon which the taxpayer is to claim any dependent exemption. The form will accompany the notice of levy. The person receiving the form from the Chief, Tax Processing Center must promptly deliver it to the taxpayer. In the case of some employers having a large number of employees, the Chief, Tax Processing Center will send the form upon which an employee is to claim any dependent exemption directly to the employee. In such a case, the notice of levy will indicate that the form for claiming dependent exemptions has been sent to the taxpayer. If a notice of levy is not accompanied by the form for claiming dependent exemptions and does not indicate that the form was sent directly to the taxpayer, then the person levied upon must make payment to the Chief, Tax Processing Center without regard to amounts prescribed by §70.243 of this part as exempt from levy. If a notice of levy is accompanied by the form for claiming dependent exemptions or indicates that the form was sent directly to the taxpayer, then the person levied upon is to pay over to the taxpayer, amounts determined to be exempt from levy pursuant to §70.243 and §70.245 (b) and (c) of this part (relating to the requirement that the taxpayer submit a claim for any dependent exemption). Amounts not exempt from levy are to be paid to the Chief, Tax Processing Center in accordance with the terms of the levy.

(26 U.S.C. 6334)

§ 70.243 Exempt amount.

Amount payable to the taxpayer as wages, salary, or other income for each payroll period described in §70.244 of this part are exempt from levy as follows:

(a) If the payroll period is weekly, an amount equal to:

(1) The sum of:

(i) The standard deduction, and

(ii) The aggregate amount of the deductions for personal exemption allowed the taxpayer under 26 U.S.C. 151 in the taxable year in which such levy occurs, divided by

(2) 52.

(b) If the payroll period is not weekly, the amount exempt from levy shall be an amount which as nearly as possible will result in the same total exemption from levy for such individual over a period of time as such individual would have under paragraph (a) of this section if (during such period of time) the individual were paid or received
§ 70.244 Payroll period.

For purpose of determining the amount of wages, salary or other income exempt from levy under 26 U.S.C. 6334(a)(9):

(a) Regularly used calendar periods. In the case of wages, salary or other income paid to the taxpayer on the basis of an established calendar period regularly used by the employer or other person levied upon for payroll or payment purpose (e.g., daily, weekly, biweekly, semimonthly, or monthly), that period is the taxpayer’s payroll period.

(b) Amounts paid on recurrent but irregular basis. In the case of wages, salary, or other income paid to the taxpayer on a recurrent but irregular basis, the first day of the taxpayer’s payroll period is that day following the day upon which the wages, salary, or other income were last paid to the taxpayer. The last day of the payroll period is that day upon which the current payment becomes payable to him or her. However, in any case in which:

(1) Amounts are paid to the taxpayer on a recurrent but irregular basis, and

(2) the last payment was paid to the taxpayer more than 60 days before the current payment becomes payable, the current payment will be deemed a one-time payment (see paragraph (c) of this section).

(c) Nonrecurrent payments. In the case of wages, salary or other income paid to the taxpayer on a one-time basis, the taxpayer’s payroll period is deemed to be weekly (i.e., the 1-week period ending on the day of payment).

(26 U.S.C. 6334)

§ 70.245 Computation of exempt amount and payment of amounts not exempt from levy to the Chief, Tax Processing Center.

(a) General. Unless advised by the Chief, Tax Processing Center that no part of the money due to the taxpayer is exempt from levy, the employer or other person levied upon will compute the exempt amount, using the formula in §70.243 of this part and the taxpayer’s statement of exemptions and filing status described in paragraph (b) of this section.

(b) Statement of exemptions and filing status. Unless the taxpayer submits a statement of exemptions and filing status to the employer or other person levied upon, the exempt amount will be applied as if the taxpayer were a married individual filing a separate return with only 1 personal exemption. A statement of exemptions and filing status shall be made by either:

(1) Completion of the form provided for this purpose by the Bureau, or

(2) A written statement that:

(i) Gives the taxpayer’s filing status for income tax purposes,

(ii) Shows any additional standard deduction if the taxpayer or the taxpayer’s spouse is at least 65 and/or blind,

(iii) Identified by name and by relationship to the taxpayer each person for whom a dependent exemption is claimed,

(iv) Is signed by the taxpayer, and

(v) Contains a declaration that it is made under the penalties of perjury.

(c) Time for submission of statement. The taxpayer must submit the statement of exemptions and filing status to the employer or other person levied upon no later than the later of:

(1) The third day before the last day of the payroll period for which the exemption is claimed (that is, the third day before payday), or

(2) If the Chief, Tax Processing Center delivers the forms for the statement of exemption and filing status to the employer or other person levied upon no later than the later of:

(1) The third day before the last day of the payroll period for which the exemption is claimed (that is, the third day before payday), or

(2) If the Chief, Tax Processing Center delivers the forms for the statement of exemption and filing status to the employer or other person levied upon no later than the later of:

(1) The third day before the last day of the payroll period for which the exemption is claimed (that is, the third day before payday), or

(2) If the Chief, Tax Processing Center delivers the forms for the statement of exemption and filing status to the employer or other person levied upon no later than the later of:

(1) The third day before the last day of the payroll period for which the exemption is claimed (that is, the third day before payday), or

(2) If the Chief, Tax Processing Center delivers the forms for the statement of exemption and filing status to the employer or other person levied upon no later than the later of:

(1) The third day before the last day of the payroll period for which the exemption is claimed (that is, the third day before payday), or
and filing status not timely submitted in accordance with this paragraph, and may prepare a disbursement to the taxpayer based upon the information properly verified therein, if payment to the Chief, Tax Processing Center in accordance with the levy is not thereby delayed.

(d) Payment of amounts not exempt from levy to the Chief, Tax Processing Center—(1) In General. Wages, Salary, or other income the subject of a levy are payable to the Chief, Tax Processing Center on the date the paysor is otherwise obligated to pay the taxpayer (see §70.242(c) of this part).

(2) Delayed payment in certain cases. If, however, as described in paragraph (c)(2) of this section, the taxpayer may submit a statement of exemptions and filing status after the third day before payday, amounts payable to the taxpayer on that payday, to the extent not exempt from levy, are payable to the Chief, Tax Processing Center on the third day following the date on which the taxpayer may timely submit the statement of exemptions and filing status under paragraph (c)(2) of this section. For purposes of this rule, the term ‘day’ does not include Saturday, Sunday or a legal holiday within the meaning of 26 U.S.C. 7503.

§ 70.251 Periods of limitation on suits by taxpayers.

(a) No suit or proceeding under section 7422(a) of the Internal Revenue Code for the recovery of any internal revenue tax, penalty, or other sum shall be begun until whichever of the following first occurs:

(1) The expiration of 6 months from the date of the filing of the claim for credit or refund, or

(2) A decision is rendered on such claim prior to the expiration of 6 months after the filing thereof. Except as provided in paragraph (b) of this section, no suit or proceeding for the recovery of any tax, penalty, or other sum imposed under the provision of 26 U.S.C. enforced and administered by the Bureau may be brought after the expiration of 2 years from the date of mailing, by either registered or certified mail, by a regional director (compliance) or the Chief, Tax Processing Center, to a taxpayer of a statutory notice of disallowance of the part of the claim to which the suit or proceeding relates.

(b) The 2-year period described in paragraph (a) of this section may be extended if an agreement to extend the running of the period of limitations is executed. The agreement must be signed by the taxpayer or by an attorney, agent, trustee, or other fiduciary on behalf of the taxpayer. If the agreement is signed by a person other than the taxpayer, it shall be accompanied by an authenticated copy of the power of attorney or other legal evidence of the authority of such person to act on behalf of the taxpayer. If the taxpayer is a corporation, the agreement should be signed with the corporate name followed by the signature of a duly authorized officer of the corporation. The agreement will not be effective until signed by a regional director (compliance) or the Chief, Tax Processing Center.

(c) The taxpayer may sign a waiver of the requirement that the taxpayer be mailed a notice of disallowance. Such waiver is irrevocable and will commence the running of the 2-year period described in paragraph (a) of this section on the date the waiver is filed. The waiver shall set forth:

(1) The type of tax and the taxable period covered by the taxpayer’s claim for refund;

(2) The amount of the claim;

(3) The amount of the claim disallowed;

(4) A statement that the taxpayer agrees the filing of the waiver will commence the running of the 2-year period provided for in section 6532(a)(1) as if a notice of disallowance had been sent the taxpayer by either registered or certified mail.

The filing of such a waiver prior to the expiration of 6 months from the date the claim was filed does not permit the filing of a suit for refund prior to the time specified in section 6532(a)(1) and paragraph (a) of this section.

(d) Any consideration, reconsideration, or other action with respect to a
§ 70.252 Periods of limitation on suits by the United States.

The United States may not recover any erroneous refund by civil action under section 7405 of the Internal Revenue Code unless such action is begun within 2 years after the making of such refund. However, if any part of the refund was induced by fraud or misrepresentation of a material fact, the action to recover the erroneous refund may be brought at any time within 5 years from the date the refund was made.

(26 U.S.C. 6532)

§ 70.253 Periods of limitation on suits by persons other than taxpayers.

(a) General rule. No suit or proceeding, except as otherwise provided in 26 U.S.C. 6532(c)(2) and paragraph (b) of this section, under 26 U.S.C. 7426 and §70.207 of this part relating to civil actions by persons other than taxpayers, shall be begun after the expiration of 9 months from the date of levy or agreement under 26 U.S.C. 6325(b)(3) giving rise to such action.

(b) Period when claim is filed. The 9-month period described in 26 U.S.C. 6532(c)(1) and paragraph (a) of this section shall be extended to the shorter of

(1) 12 months from the date of filing by a third party of a written request under §70.67(b)(2) of this part for the return of property wrongfully levied upon, or

(2) 6 months from the date of mailing by registered or certified mail by the regional director (compliance) to the party claimant of a notice of disallowance of the part of the request to which the action relates. A request which, under §70.67(b)(3) of this part, is not considered adequate does not extend the 9-month period described in paragraph (a) of this section.

(26 U.S.C. 6532)

[T.D. ATV-301, 55 FR 47648, Nov. 14, 1990]

§ 70.261 Period of limitation on filing claim.

(a) In the case of any tax (other than a tax payable by stamp):

(1) If a return is filed, a claim for credit or refund of an overpayment must be filed by the taxpayer within 3 years from the time the return was filed or within 2 years from the time the tax was paid, whichever of such periods expires the later.

(2) If no return is filed, the claim for credit or refund of an overpayment must be filed by the taxpayer within 2 years from the time the tax was paid.

(b) In the case of any tax payable by means of a stamp, a claim for credit or refund of an overpayment of such tax must be filed by the taxpayer within 3 years from the time the tax was paid. For provisions relating to redemption of unused stamps, see section 6805 of the Internal Revenue Code.

(c) For limitations on allowance of credit or refund, special rules, and exceptions, see subsections (b) and (c) of section 6511 of the Internal Revenue Code. For rules as to time return is deemed filed and tax considered paid, see section 6513 of the Internal Revenue Code.

(26 U.S.C. 6511)

§ 70.262 Limitations on allowance of credits and refunds.

(a) Effect of filing claim. Unless a claim for credit or refund of an overpayment is filed within the period of limitation prescribed in section 6511(a), no credit or refund shall be allowed or made after the expiration of such period.

(b) Limit on amount to be credited or refunded. In the case of any tax (other than a tax payable by stamp):
(1) If a return was filed, and a claim is filed within 3 years from the time the return was filed, the amount of the credit or refund shall not exceed the portion of the tax paid within the period, immediately preceding the filing of the claim, equal to 3 years plus the period of any extension of time for filing the return.

(2) If a return was filed, and a claim is filed after the 3 year period described in paragraph (b)(1) of this section, but within 2 years from the time the tax was paid, the amount of the credit or refund shall not exceed the portion of the tax paid within the 2 years immediately preceding the filing of the claim.

(3) If no return was filed, but a claim is filed, the amount of the credit or refund shall not exceed the portion of the tax paid within the 2 years immediately preceding the filing of the claim.

(4) If no claim is filed, the amount of the credit or refund allowed or made by the regional director (compliance) shall not exceed the amount that would have been allowable under the preceding subparagraphs if a claim had been filed on the date the credit or refund is allowed.

§ 70.263 Special rules applicable in case of extension of time by agreement.

(a) Scope. If, within the period prescribed in section 6511(a) of the Internal Revenue Code for the filing of a claim for credit or refund, an agreement extending the period for assessment of a tax has been made in accordance with the provisions of section 6501(c)(4) of the Internal Revenue Code, the special rules provided in this section become applicable. This section shall not apply to any claim filed, or credit or refund allowed if no claim is filed, either (1) prior to the execution of an agreement extending the period in which assessment may be made, or (2) more than 6 months after the expiration of the period within which an assessment may be made pursuant to the agreement or any extension thereof.

(b) Period in which claim may be filed. Claim for credit or refund of an overpayment may be filed, or credit or refund may be allowed if no claim is filed, at any time within which an assessment may be made pursuant to an agreement, or any extension thereof, under section 6501(c)(4), and for 6 months thereafter.

(c) Limit on amount to be credited or refunded. (1) If a claim is filed within the time prescribed in paragraph (b) of this section, the amount of the credit or refund allowed or made shall not exceed the portion of the tax paid after the execution of the agreement and before the filing of the claim, plus the amount that could have been properly credited or refunded under the provisions of section 6511(b)(2) if a claim had been filed on the date of the execution of the agreement.

(2) If no claim is filed, the amount of credit or refund allowed or made within the time prescribed in paragraph (b) of this section shall not exceed the portion of the tax paid after the execution of the agreement and before the making of the credit or refund, plus the amount that could have been properly credited or refunded under the provisions of section 6511(b)(2) if a claim had been filed on the date of the execution of the agreement.

(d) Effective date of agreement. The agreement referred to in this section shall become effective when signed by
§ 70.264 Time return deemed filed and tax considered paid.

For purposes of section 6511(b) (2) and (c), payment of any portion of the tax made before the last day prescribed for payment shall be considered made on such last day. § 70.265 Credits or refunds after period of limitation.

In the case of the liability of a transferee of a transferee, 1 year after the expiration of the period of limitations for assessment against the preceding transferee, or 3 years after the expiration of the period of limitations for assessment against the taxpayer, whichever of such periods first expires.

(3) Court proceeding against taxpayer or last preceding transferee. If, before the expiration of the period specified in paragraph (c)(1) or (2) of this section, (whichever is applicable), a court proceeding against the taxpayer or last preceding transferee for the collection of the tax or liability in respect thereof, respectively, has been begun within the period of limitation for the commencement of such proceeding, then within 1 year after the return of execution in such proceeding.

(d) Extension by agreement—(1) Extension of time for assessment. The time prescribed by 26 U.S.C. 6901 for the assessment of the liability of a transferee may, prior to the expiration of such time, be extended for any period of time agreed upon in writing by the transferee and the regional director (compliance) or the Chief, Tax Processing Center. The extension shall become effective when the agreement has been executed by both parties. The period agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(2) Extension of times for credit or refund. (1) For the purposes of determining the period of limitations on credit or refund to the transferee of overpayments made by such transferee or overpayments made by the taxpayer to which such transferee may be legally entitled to credit or refund, an agreement and any extension thereof referred to in paragraph (d)(1) of this section, shall be deemed an agreement and extension thereof for purposes of 26 U.S.C. 6511(c) (relating to limitations on credit or refund in case of extension of time by agreement).

(ii) For the purpose of determining the limit specified in 26 U.S.C. 6511(c)(2) on the amount of the credit or refund, if the agreement is executed after the expiration of the period of limitations for assessment against the taxpayer with reference to whom the liability of such transferee arises, the periods specified in 26 U.S.C. 6511(b)(2) shall be increased by the period from the date of such expiration to the date the agreement is executed.

(e) Period of assessment against taxpayer. For the purpose of determining the period of limitations for assessment against a transferee, if the taxpayer is deceased, or, in the case of a corporation, has terminated its existence, the period of limitations for assessment against the taxpayer shall be the period that would be in effect had the termination of existence not occurred.

In the case of bonds required under this part, a single bond will not be accepted in lieu of two or more bonds.

MISCELLANEOUS PROVISIONS

§ 70.301 Reproduction of returns and other documents.

(a) In general. The Director may contract with any Federal agency or any person to have such agency or person process films and other photoimpressions of any return, statement, document, or of any card, record, from the Secretary as an acceptable surety on Federal bonds; or

(ii) It is secured by bonds or notes of the United States as provided in by 31 U.S.C. 9303.

(2) Other surety acceptable in discretion of ATF officials. Unless otherwise expressly provided in 26 U.S.C. or this part, a bond may, in the discretion of the regional director (compliance) or the Chief, Tax Processing Center, be considered executed with satisfactory surety if, in lieu of being executed or secured as provided in paragraph (b)(1) of this section, it is:

(i) Executed by a corporate surety (other than a surety company) provided such corporate surety establishes that it is within its corporate powers to act as surety for another corporation or an individual;

(ii) Executed by two or more individual sureties, provided such individual sureties meet the conditions contained in paragraph (b)(3) of this section;

(iii) Secured by a mortgage on real or personal property;

(iv) Secured by a certified, cashier’s, or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States or any State, Territory, or possession of the United States, or by a U.S. postal, bank, express or telegraph money order;

(ii) The surety must have property subject to execution of a current market value, above all encumbrances, equal to at least the penalty of the bond;

(4) Adequacy of surety. No surety or security shall be accepted if it does not adequately protect the interest of the United States.

§ 70.302 Fees and costs for witnesses.

(a) **Introduction.** Title 26 U.S.C. 7610 provides that the Bureau may make payments to certain persons who are summoned to give information to the Bureau under 26 U.S.C. 7602 and §70.22 of this part. Under 26 U.S.C. 7610 witnesses generally will not be reimbursed for actual expenses incurred but instead will be paid in accordance with the payment rates established by regulations. Paragraph (b) of this section contains elaborations of certain terms found in 26 U.S.C. 7610 and definitions of other terms used in the regulations under 26 U.S.C. 7610 (a) and (b); and paragraphs (c) and (d) of this section contain rules and rates applicable to payments under 26 U.S.C. 7610.

(b) **Definitions—**

(1) **Directly incurred costs.** Directly incurred costs are costs incurred solely, immediately, and necessarily as a consequence of searching for, reproducing, or transporting records in order to comply with a summons. They do not include a proportionate allocation of fixed costs, such as overhead, equipment depreciation, etc. However, where a third party’s records are stored at an independent storage facility that charges the third party a search fee to search for, reproduce, or transport particular records requested, these fees are considered to be directly incurred by the summoned third party.

(2) **Reproduction cost.** Reproduction costs are costs incurred in making copies or duplicates of summoned documents, transcripts, and other similar material.

(3) **Search costs.** Search costs include only the total cost of personnel time directly incurred in searching for records or information and the cost of retrieving information stored by computer. Salaries of persons locating and retrieving summoned material are not included in search costs. Also, search costs do not include salaries, fees, or
similar expenditures for analysis of material or for managerial or legal advice, expertise, or research, or time spent for these activities.

(4) Third party. A third party is any person served with a summons, other than a person with respect to whose liability a summons is issued, or an officer, employee, agent, accountant, or attorney of that person.

(5) Third party records. Third party records are books, papers, records, or other data in which the person with respect to whose liability a summons is issued does not have a proprietary interest at the time the summons is served.

(6) Transportation costs. Transportation costs include only costs incurred to transport personnel to search for records or information requested and costs incurred solely by the need to transport the summoned material to the place of examination. These costs do not include the cost of transporting the summoned witness for appearance at the place of examination. See paragraph (c)(2) of this section for payment of travel expenses.

(c) Conditions and rates of payments—

(1) Basis for payment. Payment for search, reproduction, and transportation costs will be made only to third parties served with a summons to produce third party records or information and only for material requested by the summons. Payment will be made only for those costs both directly incurred and reasonably necessary. No payment will be made until the third party has satisfactorily complied with the summons and has submitted an itemized bill or invoice showing specific details concerning the costs to the Bureau employee before whom the third party was summoned.

(2) Payment rates. The following rates are established.

(i) Search costs. (A) For the total amount of personnel time required to locate records or information, $8.50 per person hour. (B) For retrieval of information stored by computer in the format in which it is normally produced, actual costs, based on computer time and necessary supplies, except that personnel time for computer search is payable only under paragraph (c)(2)(i)(A) of this section.

(ii) Reproduction costs. (A) For copies of documents $.20 per page. (B) For photographers, films and other materials, actual cost, except that personnel time is payable only under paragraph (a)(2)(i)(A) of this section.

(iii) Transportation costs. For transportation costs, actual cost, except that personnel time is payable only under paragraph (c)(2)(i)(A) of this section.

(d) Appearance fees and allowances—

(1) In general. Under 26 U.S.C. 7610(a)(1) and this paragraph, the Bureau shall pay a summoned person certain fees and allowances. No payments will be made until after the party summoned appears and has submitted any necessary receipts or other evidence of costs to the Bureau employee before whom the person was summoned.

(2) Attendance fees. A summoned person shall be paid an attendance fee for each day’s attendance. A summoned person shall also be paid the attendance fee for the time necessarily occupied in going to and returning from the place of attendance at the beginning and end of the attendance or at any time during the attendance. The attendance fee is the higher of $30 per day or the amount paid under 28 U.S.C. 1821(b) to witnesses in attendance at courts of the United States at the time of the summoned person’s appearance.

(3) Travel allowances. A summoned person who travels by common carrier shall be paid for the actual expenses of travel on the basis of the means of transportation reasonably utilized and the distance necessarily traveled to and from the summoned person’s residence by the shortest practical route in going to and returning from the place of attendance. Such a summoned person shall utilize a common carrier at the most economical rate reasonably available. A receipt or other evidence of actual cost shall be furnished. A travel allowance equal to the mileage
allowance which the Administrator of General Services has prescribed, under 5 U.S.C. 5704, for official travel of employees of the Federal Government shall be paid to each summoned person who travels by privately owned vehicle. Computation of mileage under this paragraph shall be made on the basis of a uniform table of distances adopted by the Administrator of General Services. Toll charges for toll roads, bridges, tunnels and ferries, taxicab fares between places of lodging and carrier terminals, and parking fees (upon presentation of a valid parking receipt) shall be paid in full to a summoned person incurring those expenses.

(4) Subsistence allowances. A subsistence allowance shall be paid to a summoned person (other than a summoned person who is incarcerated) when an overnight stay is required at the place of attendance because the place is so far removed from the residence of the summoned person as to prohibit return thereto from day to day. A subsistence allowance for a summoned person shall be paid in an amount not to exceed the maximum allowance prescribed by the Administrator of General Services, under 5 U.S.C. 5702(a), for official travel in the area of attendance by employees of the Federal Government. An alien who has been paroled into the United States by the Attorney General, under 8 U.S.C. 1182(d)(5)(A), or an alien who either has admitted belonging to a class of aliens who are deportable or has been determined under 8 U.S.C. 1252(b) to be deportable, shall be ineligible to receive the fees or allowances provided for under 26 U.S.C. 7610(a)(1).

(26 U.S.C. 7610)

§ 70.305 Timely mailing treated as timely filing.

(a) General rule. Title 26 U.S.C. 7502 provides that, if the requirements of such section are met, a document shall be deemed to be filed on the date of the postmark stamped on the cover in which such document was mailed.

(b) Retroactivity. The Director, with the approval of the Secretary, may prescribe the extent, if any, to which any regulation or Treasury decision relating to the laws within the Director’s jurisdiction shall be applied without retroactive effect. The Director may prescribe the extent, if any, to which any ruling relating to the laws within the Director’s jurisdiction, issued by or pursuant to authorization from the Director, shall be applied without retroactive effect.

(c) Preparation and distribution of regulations, forms, stamps, and other matters. The Director, under the direction of the Secretary, shall prepare and distribute all the instructions, regulations, directions, forms, blanks, stamps, and other matters pertaining to the assessment and collection of taxes within the Director’s jurisdiction.
Thus, if the cover containing such document bears a timely postmark, the document will be considered filed timely although it is received after the last date, or the last day of the period, prescribed for filing such document. Title 26 U.S.C. 7502 is applicable only to those documents which come within the definition of such term provided by paragraph (b) of this section and only if the document is mailed in accordance with paragraph (c) of this section and is delivered in accordance with paragraph (d) of this section.

(b) Document defined. The term document, as used in this section, means any return, claim, statement, or other document required to be filed within a prescribed period or on or before a prescribed date under authority of any provisions of 26 U.S.C. enforced and administered by the Bureau.

(c) Mailing requirements. (1) Title 26 U.S.C. 7502 is not applicable unless the document is mailed in accordance with the following requirements:

(i) The document must be contained in an envelope or other appropriate wrapper, properly addressed to the agency, officer, or office with which the document is required to be filed.

(ii) The document must be deposited within the prescribed time in the mail in the United States with sufficient postage prepaid. For this purpose, a document is deposited in the mail in the United States when it is deposited with the domestic mail service of the U.S. Postal Service, as defined by the postal regulations (39 CFR Part 2). Title 26 U.S.C. 7502 does not apply to any document which is deposited with the mail service of any other country.

(iii)(A) If the postmark on the envelope or wrapper is made by the U.S. Postal Service, such postmark must bear a date on or before the last date, or the last day of the period, prescribed for filing the document. If the postmark does not bear a date on or before the last date, or the last day of the period, prescribed for filing the document, the document will be considered not to be filed timely, regardless of when the document is deposited in the mail. Accordingly, the sender who relies upon the applicability of 26 U.S.C. 7502 assumes the risk that the postmark will bear a date on or before the last date, or the last day of the period, prescribed for filing the document, but see paragraph (c)(2) of this section, with respect to the use of registered mail or certified mail to avoid this risk. If the postmark on the envelope or wrapper is not legible, the person who is required to file the document has the burden of proving the time when the postmark was made. Furthermore, in case the cover containing a document bearing a timely postmark made by the U.S. Postal Service is received after the time when a document postmarked and mailed at such time would ordinarily be received, the sender may be required to prove that it was timely mailed.

(B) If the postmark on the envelope or wrapper is made other than by the U.S. Postal Service, the postmark so made must bear a date on or before the last date, or the last day of the period, prescribed for filing the document, and the document must be received by the agency, officer, or office with which it is required to be filed not later than the time when a document contained in an envelope or other appropriate wrapper which is properly addressed and mailed and sent by the same class of mail would ordinarily be received and mailed and sent by the U.S. Postal Service on the last date, or the last day of the period, prescribed for filing the document. However, in case the document is received after the time when a document so mailed and so postmarked by the U.S. Postal Service would ordinarily be received, such document will be treated as having been received at the time when a document so mailed and so postmarked by the U.S. Postal Service would ordinarily be received, if the person who is required to file the document establishes that it was actually deposited in the mail before the last collection of the mail from the place of deposit which was postmarked (except for the metered mail) by the U.S. Postal Service on or before the last date, or the last day of the period, prescribed for filing the document, that the delay in receiving the document was due to a delay in the transmission of the mail, and the cause of such delay. If the envelope has a postmark made by the U.S. Postal Service in addition to the postmark
§ 70.306 Time for performance of acts other than payment of tax or filing of any return where last day falls on Saturday, Sunday, or legal holiday.

(a) In general. Title 26 U.S.C. 7503 provides that when the last day prescribed under provisions of 26 U.S.C. enforced and administered by the Bureau, for the performance of any act falls on a Saturday, Sunday, or legal holiday, such act shall be considered performed timely if performed on the next succeeding day which is not a Saturday, Sunday, or legal holiday. For this purpose, any authorized extension of time shall be included in the determining of the last day for performance of any act. Title 26 U.S.C. 7503 is not applicable to the filing of returns and payment of tax under 26 U.S.C. subtitle E. Title 26 U.S.C. 7503 is applicable only in case an act is required under authority of any provisions of 26 U.S.C. enforced and administered by the Bureau to be performed on or before a prescribed date or within a prescribed period. Title 26 U.S.C. 7503 applies to acts to be performed by the taxpayer (such as the filing of a claim for credit or refund of tax) and acts to be performed by the Director, the Chief, Tax Processing Center, or a regional director (compliance), (such as, the giving of any notice with respect to, or making any demand for the payment of, any tax; the assessment or collection of any tax). For rules concerning the payment of any tax or filing of any return required under the authority of 26 U.S.C. subtitle E relating to alcohol, tobacco, and
§ 70.311 Authority for establishment, alteration, and distribution of stamps, marks, or labels.

The Director may establish, and from time to time alter, renew, replace, or change the form, style, character, material, and device of any stamp, mark, or label under any provision of the law relating to Subtitle E of the Internal Revenue Code (or to any provision of Subtitle F which relates to Subtitle E).

(26 U.S.C. 6801)

§ 70.412 Excise taxes.

(a) Collection. Taxes on distilled spirits, wines, and beer are paid by returns. If the person responsible for paying the taxes has filed a proper bond with the regional director (compliance), such person may file semimonthly returns, with proper remittances, to cover the taxes incurred on distilled spirits, wines, and beer during such semimonthly period. Payment must accompany the return unless required to be made by electronic fund transfer (EFT). If the taxpayer is not qualified to defer tax payment, or has been placed on a prepayment basis by the regional director (compliance), the taxpayer must prepay the tax on the distilled spirits, wines, or beer. Distilled spirits, wines, and beer tax returns are filed in accordance with the instructions on the return forms, which are furnished to industry members by ATF. Special tax stamps are issued to denote the payment of special (occupational) taxes by liquor dealers, brewers, manufacturers of nonbeverage products, and industrial users of tax-free distilled spirits; by dealers, users, and recoverers of specially denatured spirits; and by proprietors of distilled spirits plants, bonded wine cellars, bonded wine warehouses, and taxpaid wine bottling houses. Detailed information respecting the payment of tax on liquors and the payment of occupational taxes, including the forms to be used and procedures to be followed, is contained in the respective regulations described in §70.411(c).

If additional or delinquent tax liability is disclosed by an investigation, or by an examination of records, of a qualified plant or permittee, a notice (except where delay may jeopardize collection of the tax, or where the amount involved is nominal or the result of an evident mathematical error) is sent to the taxpayer advising of the basis and amount of the liability and affording the taxpayer an opportunity to submit a protest, with supporting facts, or to request a conference.

(Approved by the Office of Management and Budget under control number 1512-0472)

§ 70.413 Claims.

(a) Claims for remission. When distilled spirits (including distilling material and denatured spirits), wine, or beer on which the tax has not been paid or determined is lost, and the person liable for payment of the tax thereon desires to be relieved from such liability, such person may file claim on Form 5620.8 for remission of tax on the quantity which the tax has not been paid or determined is lost, and the person liable for remission of tax on the quantity which the tax has not been paid or determined is lost, and the person liable for payment of the tax thereon desires to be relieved from such liability, such person may file claim on Form 5620.8 for remission of tax on the quantity that was lost. The regional director (compliance) may, in any event, require such a claim to be filed, and will require it if circumstances indicate that the loss was caused by theft or, in the case of distilled spirits (including distilling material), unauthorized voluntary destruction. On receipt of a claim the regional director (compliance) makes a factual determination, and notifies the claimant of allowance or rejection of the claim. If the claim is rejected, and circumstances so warrant, the regional director (compliance) will take appropriate steps to collect the tax.

(b) Claims for abatement. When the tax on distilled spirits, wines, or beer is assessed and the taxpayer thinks that the tax is not due under the law, such taxpayer may file a claim for abatement of the tax on ATF Form 5620.8 with the official who made demand for
the tax. ATF Form 5620.8 may be procured from the regional director (compliance) or the Chief, Tax Processing Center. The regional director (compliance) or the Chief, Tax Processing Center may call upon the taxpayer to file a bond in double the amount of the tax in order to insure collection of the tax if the claim is rejected. When the claim is acted upon, the taxpayer is notified of the allowance or rejection of the claim. If the claim is rejected, the regional director (compliance) or the Chief, Tax Processing Center may call upon the taxpayer to file a bond in double the amount of the tax in order to insure collection of the tax if the claim is rejected. When the claim is acted upon, the taxpayer is notified of the allowance or rejection of the claim. If the claim is rejected, the regional director (compliance) or the Chief, Tax Processing Center will initiate action to collect the tax.

(c) Claims for refund—(1) Taxes illegally, erroneously, or excessively collected. A claim for refund of taxes illegally, erroneously, or excessively collected may be filed by the taxpayer with the official who collected the tax. Such claim must be filed within three years (two years under certain circumstances) after the date of payment of the tax. If the claim is rejected, the taxpayer is notified of the rejection by registered or certified mail, and the taxpayer may then bring suit in the U.S. District Court or the Court of Claims for recovery of the tax. Such suits must be filed generally within two years from the date of mailing of the rejection notice. If the claim is allowed, a check for the amount of the refund is forwarded to the claimant; except, that where there are any unpaid taxes outstanding against the claimant, the refund may be applied to the outstanding taxes and a check for the balance, if any, forwarded to the claimant. If the claim is rejected, a copy of the claim giving the reasons for rejection is forwarded to the claimant.

(d) Claims for allowance, credit, or relief. A qualified permittee, manufacturer, or proprietor may, subject to the conditions in the appropriate regulations, file claim on Form 5620.8 with the regional director (compliance) for allowance of loss, credit of tax, or relief from tax liability, as applicable, on

(5) Tax-free spirits lost on the premises of a qualified user or in transit to such premises.

(e) Claims for payment-disaster losses. When distilled spirits, wines, rectified products, or beer held or intended for sale is lost, rendered unmarketable, or condemned by a duly authorized official by reason of a “major disaster” as determined by the President of the United States, the person holding such product for sale at that time may, subject to the conditions in the appropriate regulations, file claim on Form 5620.8 with the regional director (compliance) of the region in which the product was lost, rendered unmarketable, or condemned, for payment of an amount equal to the internal revenue taxes paid or determined and any customs duties paid thereon. Claims must be filed within 6 months from the date

Procedural instructions in respect of claims for remission, abatement, credit, or refund of tax on spirits (including denatured spirits) lost or destroyed on or lost in transit to, or on spirits returned to, the premises of a distilled spirits plant are contained in Part 19 of Title 27 CFR. It is not necessary to file a claim for credit of tax on taxpaid samples taken by ATF officers from distilled spirits plants, as the regional director (compliance) will allow credit, without claim, for tax on such samples.

(b) Specially denatured spirits. Procedural instructions in respect of claims for allowance of loss on specially denatured spirits lost on the premises of a bonded dealer or user, or while in transit to such premises, are contained in part 20 of title 27 CFR. Occupational taxes are imposed by manufacturers of tobacco products, manufacturers of cigarette papers and tubes, and export warehouse proprietors. Subchapter D of chapter 78 of the Internal Revenue Code imposes a tax (equal to the internal revenue tax imposed in the United States upon the like articles of merchandise of domestic manufacture) on tobacco products, and cigarette papers and tubes of Puerto Rican and Virgin Islands manufacture brought into the United States and withdrawn for consumption or sale.

(b) Regulations. The procedural requirements with respect to matters relating to tobacco products, and cigarette papers and tubes are contained in the regulations listed below:

(1) Part 200 of title 27 CFR relates to the procedure and practice in connection with the disapproval of applications for permits, and the suspension and revocation of permits, under chapter 52 of the Internal Revenue Code.

(2) Part 270 of title 27 CFR relates to the manufacture of tobacco products, the payment by manufacturers of tobacco products of internal revenue taxes imposed by chapter 52 of the Internal Revenue Code, and the qualification of and operations by manufacturers of tobacco products.

(3) Part 275 of title 27 CFR relates to tobacco products, and cigarette papers and tubes imported into the United States from a foreign country or brought into the United States from Puerto Rico, the Virgin Islands, or a possession of the United States; the removal of cigars from a customs bonded manufacturing warehouse, Class 6; and the release of such articles from customs custody, without payment of internal revenue tax on customs duty attributable to the internal revenue tax.

(4) Part 285 of title 27 CFR relates to the manufacture of cigarette papers and tubes, the payment by manufacturers of cigarette papers and tubes of internal revenue taxes imposed by chapter 52 of the Internal Revenue Code, and the qualification of and operations by manufacturers of such articles.

(6) Part 295 of title 27 CFR relates to the removal of tobacco products, and cigarette papers and tubes, without payment of tax, for use of the United States.

(7) Part 296 of title 27 CFR relates to the provisions of a miscellaneous nature or not of continuing application. Included are regulations relating to:

(i) Limitations imposed by section 6423 of the Internal Revenue Code on the refund or credit of tax paid or collected on tobacco products, and cigarette papers and tubes;

(ii) Losses of tobacco products, and cigarette papers and tubes caused by disasters occurring in the United States on or after September 3, 1958; and
§ 70.432 Qualification and bonding requirements.

(a) Manufacturers of tobacco products and proprietors of export warehouses. Every person, before commencing business as a manufacturer of tobacco products or as a proprietor of an export warehouse, is required to qualify with the Bureau of Alcohol, Tobacco and Firearms by making application for a permit and filing bond and other required documents with, and obtaining a permit from, the regional director (compliance) for the region in which operations are to be conducted.

(b) Manufacturers of cigarette papers and tubes. Every person, before commencing business as a manufacturer of cigarette papers and tubes, is required to qualify with the Bureau of Alcohol, Tobacco and Firearms by filing bond and other required documents with, and obtaining a permit from, the regional director (compliance) for the region in which operations are to be conducted.

(c) Puerto Rican manufacturers of tobacco products. Every manufacturer of tobacco products in Puerto Rico who desires to defer payment in Puerto Rico of the internal revenue tax imposed by section 7652(a) of the Internal Revenue Code on tobacco products of Puerto Rican manufacture coming into the United States must file a bond with the regional director (compliance). Such bond is conditioned on the principal’s paying, at the time and in the manner prescribed in the regulations, the full amount of tax computed on the tobacco products which are released for shipment to the United States. No bond is required if the tax is prepaid.

(d) Proprietors of customs warehouses. Every proprietor of a customs bonded manufacturing warehouse, Class 6, who desires to remove under part 290 tax-exempt cigars for exportation (including supplies for vessels and aircraft), or for delivery for subsequent exportation, is required to file a bond with the regional director (compliance) for the region in which the customs warehouse is located. However, removal of cigars for sale or consumption in the United States is subject to customs regulations.

As a condition precedent to the allowance of any drawback claim, the claimant is required to file a bond in an amount not less than the amount of tax covered in the claim.

(f) General. Detailed information relating to the qualification and bonding requirements, including the forms to be used and the procedure to be followed, is fully set forth in the regulations referred to in §70.431.

§ 70.433 Collection of taxes.

(a) Tobacco products. Taxes on tobacco products are paid by the manufacturer on the basis of a return. If the manufacturer has filed a proper bond, such manufacturer may defer payment at the time of removal and file semi-monthly returns to cover the taxes. If the manufacturer has not filed such a bond or if the manufacturer has defaulted in any way in paying the taxes, the manufacturer is required to file a prepayment return prior to removal of such products, and to continue so doing until the regional director (compliance) finds that the revenue will not be jeopardized by deferred payment. Tax returns, with remittances, are filed by the domestic manufacturer with the appropriate regional director (compliance). Taxes on cigars produced in a customs bonded manufacturing warehouse, Class 6, are paid on the basis of a return to the director of customs in accordance with customs procedures and regulations. Taxes on tobacco products imported or brought into the
United States from a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States are paid by the importer to the director of customs on the basis of a return made on the customs form by which release from customs custody is to be effected. However, taxes on tobacco products manufactured in Puerto Rico and brought into the United States may be prepaid in Puerto Rico on the basis of a return. If a Puerto Rican manufacturer has filed a proper bond, such manufacturer may defer payment at the time of release for shipment to the United States and file a semimonthly return to cover the taxes. If the manufacturer has not filed such a bond or if such manufacturer has defaulted in any way in payment of taxes, the manufacturer must file a prepayment return prior to removal of such products for shipment to the United States and file a semimonthly return to cover the taxes. If the manufacturer has not filed such a bond or if such manufacturer has defaulted in any way in payment of taxes, the manufacturer must file a prepayment return prior to removal of such products for shipment to the United States, and continue to do so until the regional director (compliance) finds that the revenue will not be jeopardized by deferred payment. Tax returns in Puerto Rico, with remittances, are filed with the Chief, Puerto Rico Operations, in the Bureau of Alcohol, Tobacco and Firearms.

(b) Cigarette papers and tubes. Taxes on cigarette papers and tubes are paid by the manufacturer on the basis of a semimonthly return. Such returns, with remittances, are filed with the regional director (compliance) for the region in which the factory is located. Taxes on cigarette papers and tubes imported or brought into the United States from a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States are paid to the director of customs before removal on the basis of a return made on the customs form by which release from customs custody is effected. However, taxes on cigarette papers and tubes of Puerto Rican manufacture which are to be shipped to the United States may be prepaid in Puerto Rico on the basis of a return.

(c) Special tax. Special (occupational) taxes are paid by manufacturers of tobacco products, manufacturers of cigarette papers and tubes, and export warehouse proprietors on the basis of a return. Special tax stamps are issued to denote the payment of special (occupational) taxes.

(d) General. Detailed information about the payment of taxes on tobacco products, and cigarette papers and tubes, including the forms to be used, records to be kept, and reports and inventories to be filed, is contained in the respective regulations referred to in §70.431.

(Approved by the Office of Management and Budget under control number 1512–0472)

§ 70.434 Assessments.

When additional or delinquent tax liability on tobacco products, and cigarette papers and tubes is disclosed by an investigation or by an examination of the taxpayer’s records, a notice (except where delay may jeopardize collection of the tax, or where the amount is nominal or the result of an evident mathematical error) is forwarded to the taxpayer indicating the basis for, and amount of, the liability and affording the taxpayer an opportunity to show cause, in writing, against assessment.

§ 70.435 Claims.

(a) General. Detailed requirements, including the procedure to be followed in the filing of a claim, the form to be used, the supporting documents which must be submitted, the time within which a claim must be filed, and any other limitations or instructions are contained in the applicable regulations referred to in §70.431.

(b) Abatement of assessment. Abatement of the unpaid portion of an assessment of any tax on tobacco products, and cigarette papers and tubes, or any liability in respect thereof, may be allowed to the extent that such assessment is excessive in amount, is assessed after expiration of the applicable period of limitation, or is erroneously or illegally assessed.

(c) Allowance of tax. Relief from the payment of tax on tobacco products,
and cigarette papers and tubes may be extended to a manufacturer by approval of a claim for allowance where such articles, after removal from the factory upon determination of tax and prior to the time for payment of such tax, are lost (otherwise than by theft) or destroyed by fire, casualty, or act of God, while in the possession or ownership of the manufacturer who removed such articles, or are withdrawn by the manufacturer from the market.

(d) Remission of tax liability. Remission of the tax liability on tobacco products, and cigarette papers and tubes may be extended to a manufacturer or export warehouse proprietor liable for the tax, where such articles in bond are lost (otherwise than by theft) or destroyed by fire, casualty, or act of God, while in the possession or ownership of the manufacturer or export warehouse proprietor.

(e) Refund of tax. Taxes paid on tobacco products, cigarette papers and tubes lost (otherwise than by theft) or destroyed by fire, casualty, or act of God, while in the possession or ownership of the manufacturer, importer, or export warehouse proprietor, or withdrawn from the market, may be refunded. Refunds may also be made within certain limitations for overpayments of tax on tobacco products, and cigarette papers and tubes.

(f) Losses caused by disaster. Payment of an amount equal to the amount of internal revenue taxes paid or determined and customs duties paid on tobacco products, and cigarette papers and tubes released from customs custody, which are lost, rendered unmarketable, or condemned by a duly authorized official by reason of a “major disaster” as determined by the President of the United States may be made only if, at the time of the disaster, such articles were being held for sale by the claimant. Claims must be filed within 6 months from the date on which the President makes the determination that the disaster has occurred. The determination date is construed to mean the date the Director, Office of Emergency Preparedness, identifies the specific disaster area.

(g) Drawback of tax. Drawback may be allowed to the person who paid the tax on tobacco products, and cigarette papers and tubes which are shipped to a foreign country, Puerto Rico, the Virgin Islands, or a possession of the United States.

(h) Credit of tax. Taxes paid on tobacco products, and cigarette papers and tubes lost (otherwise than by theft) or destroyed by fire, casualty, or act of God, while in the possession or ownership of the manufacturer, or withdrawn from the market, may be credited upon approval of a claim.

(i) Reopening claims. A claimant who wishes to have a rejected claim reopened must, within the applicable statutory period of limitations, submit a written application to the regional director (compliance) for reconsideration of the claim. Such application must show that the additional evidence to be presented is new and material, and that such evidence was unknown to the claimant, or unobtainable by the claimant, when the claim was previously under consideration.

(j) Claimant’s rights under law and regulations. Before final action has been taken on a claim, a claimant who, by reason of an oversight, misunderstanding of law and regulations, miscalculation, or other cause, did not claim the full amount of abatement, refund, credit, or drawback, as the case may be, of tax to which the claimant is legitimately entitled, may amend a valid claim, and statements filed in support thereof, in instances where such a claim is deficient in establishing the claimant’s eligibility to rights extended under law and regulations.

§ 70.436 Offers in compromise.

Procedure in the case of offers in compromise of liabilities under 26 U.S.C. chapter 52 is set forth in §§70.482 through 70.484.

RULINGS

§ 70.481 Agreements for payment of liability in installments.

(a) Authorization of agreements. The regional director (compliance) or the Chief, Tax Processing Center, is authorized to enter into written agreements with any taxpayer under which such taxpayer is allowed to satisfy liability for payment of any tax in installment payments if the regional director (compliance) or the Chief, Tax Processing Center determines that such agreement will facilitate collection of such liability.

(b) Extent to which agreements remain in effect—(1) In general. Except as otherwise provided in this paragraph (b), any agreement entered into by an authorized ATF official under paragraph (a) of this section shall remain in effect for the term of the agreement.

(2) Inadequate information or jeopardy. The official who entered into an installment agreement under paragraph (a) of this section may terminate such agreement if:
   (i) Information which the taxpayer provided prior to the date such agreement was entered into was inaccurate or incomplete, or
   (ii) The regional director (compliance) or the Chief, Tax Processing Center believes that collection of any tax to which an agreement under this section relates is in jeopardy.

(3) Subsequent change in financial conditions—(i) In general. If the official who entered into an installment agreement under paragraph (a) of this section makes a determination that the financial condition of the taxpayer has significantly changed, the official may alter, modify, or terminate such agreement.
(ii) Notice. Action may be taken by the regional director (compliance) or the Chief, Tax Processing Center under paragraph (b)(3)(i) of this section only if:

(A) Notice of such determination is provided to the taxpayer no later than 30 days prior to the date of such action, and

(4) Failure to pay an installment or any other tax liability when due or to provide requested financial information. The official who entered into an installment agreement under paragraph (a) of this section may alter, modify, or terminate such agreement in the case of the failure of the taxpayer:

§ 70.482 Offers in compromise of liabilities (other than forfeiture) under 26 U.S.C.

(a) In general. The Director may compromise any civil or criminal liability arising under the provisions of 26 U.S.C. enforced and administered by ATF prior to reference of a case involving such liability to the Department of Justice for prosecution or defense. (For compromise of forfeiture liability, see §70.484 of this part.) Any such liability may be compromised only upon one or both of the following two grounds:

(1) Doubt as to liability; or

(2) Doubt as to collectibility.

No such liability will be compromised if the liability has been established by a valid judgment or is certain, and there is no doubt as to the ability of the Government to collect the amounts owing with respect to such liability.

(b) Scope of compromise agreement. A compromise agreement may relate to civil or criminal liability for taxes, interest, ad valorem penalties, or specific penalties. However, a criminal liability may be compromised only if it involves a violation of a regulatory provision of 26 U.S.C., or a related statute, and then only if such violation was not deliberately committed with an intent to defraud.

(c) Effect of compromise agreement. A compromise agreement relates to the entire liability of the taxpayer (including taxes, ad valorem penalties, and interest) with respect to which the offer in compromise is submitted and all questions of such liability are conclusively settled thereby. Specific penalties, however, shall be compromised separately and not in connection with taxes, interest, or ad valorem penalties. Neither the taxpayer nor the Government shall, upon acceptance of an offer in compromise, be permitted to reopen the case except by reason of falsification or concealment of assets by the taxpayer, or mutual mistake of a material fact sufficient to cause a contract to be reformed or set aside. However, acceptance of an offer in compromise of a civil liability does not remit a criminal liability, nor does acceptance of an offer in compromise of a criminal liability remit a civil liability.

(d) Procedure with respect to offers in compromise—(1) Submission of offers. (i) Offers in compromise under this section shall be submitted on ATF Form 5640.1, along with any additional information required by the official authorized to accept or reject the offer. If the offer in compromise is based on inability to pay, the proponent must submit any financial statement required by such official.

(ii) The Associate Director (Compliance Operations) has the authority to accept or reject offers in compromise of civil liability (which do not exceed $1,000,000) and criminal liability arising under 26 U.S.C. 4181 and chapters 51, 52, and 53 in cases not subject to compromise by regional directors (compliance).

(iii) Each regional director (compliance) has the authority to accept or reject offers in compromise of:

(A) Tax liabilities arising from:
§ 70.482  

(1) The illegal production of untaxpaid distilled spirits, wines, or beer,

(2) The failure to file returns of, or to pay, occupational taxes with respect to distilled spirits, wines, beer, tobacco products, cigarette papers and tubes, or firearms,

(3) The failure to pay firearms making or transfer taxes; and

(B) Criminal liabilities of retail dealers in liquor arising from violations of the internal revenue laws relating to liquor, including the reuse or refilling of liquor bottles.

(iv) The Director accepts or rejects all other offers in compromise except those in compromise of liabilities listed in §§ 70.483 and 70.484 of this part.

(v) In civil cases involving liability of $500 or over and in criminal cases the functions of the General Counsel under 26 U.S.C. 7122(b) are performed by the Chief Counsel of the Bureau of Alcohol, Tobacco and Firearms.

(vi) The offer should generally be accompanied by a remittance representing the amount of the compromise offer or a deposit if the offer provides for future installment payments. When final action has been taken, the regional director (compliance), when applicable, and the proponent are notified of the acceptance or rejection of the offer.

(2) Stay of collection. The submission of an offer in compromise shall not automatically operate to stay the collection of any tax liability. However, enforcement of collection may be deferred if the interests of the United States will not be jeopardized thereby.

(3) Acceptance. An offer in compromise shall be considered accepted only when the proponent thereof is so notified in writing. As a condition to accepting an offer in compromise, the taxpayer may be required to enter into any collateral agreement or to post any security which is deemed necessary for the protection of the interests of the United States. If the final payment on an accepted offer is contingent upon the immediate or simultaneous release of a tax lien in whole or in part, such payment must be in cash, or in the form of a certified, cashier’s, or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States or any State, Territory, or possession of the United States, or by a U.S. postal, bank, express, or telegraph money order.

(4) Withdrawal or rejection. An offer in compromise may be withdrawn by the proponent at any time prior to its acceptance. In the event an offer is rejected, the proponent shall be promptly notified in writing. Frivolous offers or offers submitted for the purpose of delaying the collection of tax liabilities shall be immediately rejected. If an offer in compromise is withdrawn or rejected, the amount tendered with the offer, including all installments paid, shall be refunded without interest, unless the taxpayer has stated or agreed that the amount tendered may be applied to the liability with respect to which the offer was submitted.

(e) Record. Except as otherwise provided in this paragraph, if an offer in compromise is accepted, there shall be placed on file the opinion of the Chief Counsel for the Bureau with respect to such compromise, with that official’s reason therefor, and including a statement of:

(1) The amount of tax assessed,

(2) The amount of interest, additional amount, addition to the tax, or assessable penalty, imposed by law on the person against whom the tax is assessed, and

(3) The amount actually paid in accordance with the terms of the compromise.

However, no such opinion shall be required with respect to the compromise of any civil case in which the unpaid amount of tax assessed (including any interest, additional amount, addition to the tax, or assessable penalty) is less than $500.

(f) Requirement with respect to statute of limitations. No offer in compromise shall be accepted unless the taxpayer waives the running of the statutory period of limitations on both or either assessment or collection of the tax liability involved for the period during which the offer is pending, or the period during which any installment remains unpaid, and for one year thereafter.

906
(g) **Inspection with respect to accepted offers in compromise.** For provisions relating to the inspection of returns and accepted offers in compromise, see 26 U.S.C. 6103(k)(1).

(26 U.S.C. 7122)

(Approved by the Office of Management and Budget under control number 1512–0472)

§ 70.483 **Offers in compromise of violations of Federal Alcohol Administration Act.**

The Federal Alcohol Administration Act provides penalties for violations of its provisions. The Associate Director (Compliance Operations), Bureau of Alcohol, Tobacco and Firearms is authorized to compromise such liabilities. Persons desiring to submit offers in compromise may submit such offers on Form 5640.2 to the regional director (compliance) or an ATF officer. Such offers are considered by the regional director (compliance) and are forwarded to the Associate Director (Compliance Operations) for final action. When the offer is acted upon, the proponent and the regional director (compliance) are notified of the acceptance or rejection of the offer. If the offer is rejected, the sum submitted with the offer in compromise is returned to the proponent. If the offer is accepted, the proponent is notified and the case is closed. Acceptance of an offer in compromise of civil liabilities does not remit criminal liabilities, nor does acceptance of an offer in compromise of criminal liabilities remit civil liabilities.

[T.D. ATF–301, 55 FR 47655, Nov. 14, 1990]

§ 70.485 **Closing agreements.**

(a) **In general.** The Director may enter into a written agreement with any person relating to the liability of such person (or of the person or estate for whom the person acts) in respect of any tax imposed under the provisions of 26 U.S.C. enforced and administered by the Bureau for any taxable period ending prior or subsequent to the date of such agreement. A closing agreement may be entered into in any case in which there appears to be an advantage in having the case permanently and conclusively closed, or if good and sufficient reasons are shown by the taxpayer for desiring a closing agreement and it is determined by the Director that the United States will sustain no disadvantage through consummation of such an agreement.

(b) **Scope of closing agreement—**

(1) **In general.** A closing agreement may be executed even though under the agreement the taxpayer is not liable for any tax for the period to which the agreement relates. There may be a series of closing agreements relating to the tax liability for a single period.

(2) **Taxable periods ended prior to date of closing agreement.** Closing agreements with respect to taxable periods which ended prior to the date of the agreement may relate to the total tax liability of the taxpayer or to one or more separate items affecting the tax liability of the taxpayer.

(3) **Taxable periods ending subsequent to date of closing agreement.** Closing agreements with respect to taxable periods ending subsequent to the date of the agreement may relate to one or more separate items affecting the tax liability of the taxpayer.

(c) **Finality.** A closing agreement which is approved within such time as may be stated in such agreement, or later agreed to, shall be final and conclusive, and, except upon a showing of fraud or malfeasance, or misrepresentation of a material fact:
(1) The case shall not be reopened as to the matters agreed upon or the agreement modified by any officer, employee, or agent of the United States, and

(2) In any suit, action, or proceeding, such agreement, or any determination, assessment, collection, payment, abatement, refund, or credit made in accordance therewith, shall not be annulled, modified, set aside, or disregarded.

However, a closing agreement with respect to a taxable period ending subsequent to the date of the agreement is subject to any change in, or modification of, the law enacted subsequent to the date of the agreement and made applicable to such taxable period, and each closing agreement shall so recite.

(d) Procedure with respect to closing agreements—(1) Submission of request. A request for a closing agreement which relates to a prior taxable period may be submitted at any time before a case with respect to the tax liability involved is filed with a court of the United States. The procedure with respect to requests for closing agreements shall be under such rules as may be prescribed from time to time by the Director in accordance with the regulations under this section.

(2) Collection, credit, or refund. Any tax or deficiency in tax determined pursuant to a closing agreement shall be assessed and collected, and any overpayment determined pursuant thereto shall be credited or refunded, in accordance with the applicable provisions of law.

§ 70.486 Managerial review.

If at any step in the collection process a taxpayer does not agree with an ATF employee under the authority of the regional director (compliance) or the Chief, Tax Processing Center, the taxpayer has the right to discuss the matter with the employee’s immediate supervisor. The ATF employee will give the taxpayer the name and telephone number of the person to be contacted.

The term includes an extraction denominated a ‘‘tax’’, and any penalty, addition to tax, additional amount, or interest applicable to any such tax.

§ 70.502 Applicability to certain credits or refunds.

The provisions of this subpart apply only where the credit or refund is claimed on the grounds that an amount

(a) Any claim for drawback,

(b) Any claim made in accordance with any law expressly providing for credit or refund where an article is withdrawn from the market, returned to bond, or lost or destroyed, and

(c) Any claim based solely on errors in computation of the amount of the tax due, or to any claim in respect of tax collected or paid on an article seized and forfeited, or destroyed, as contraband.

§ 70.503 Ultimate burden.

For the purposes of this subpart, the claimant, or owner, shall be treated as having borne the ultimate burden of an amount of tax only if:

(a) The claimant or owner has not, directly or indirectly, been relieved of such burden or shifted such burden to any other person,

(b) No understanding or agreement exists for any such relief or shifting, and

(c) If the claimant or owner has neither sold nor contracted to sell the articles involved in such claim, such claimant or owner agrees that there will be no such relief or shifting.

§ 70.504 Conditions to allowance of credit or refund.

No credit or refund to which this subpart is applicable shall be allowed or made, pursuant to a court decision or otherwise, of any amount paid or collected as a tax unless a claim therefor has been filed, as provided in this subpart, by the person who paid the tax and the claimant, in addition to establishing that such claimant is otherwise legally entitled to credit or refund of the amount claimed, establishes:

(a) That the claimant bore the ultimate burden of the amount claimed, or

(b) That the claimant has unconditionally repaid the amount claimed to the person who bore the ultimate burden of such amount, or

(c) That:

1. The owner of the article furnished the claimant the amount claimed for payment of the tax;

2. The claimant has filed with the regional director (compliance) the written consent of such owner to the allowance to the claimant of the credit or refund; and

3. Such owner satisfies the requirements of paragraph (a) or (b) of this section.

§ 70.505 Requirements on persons intending to file claim.

Any person who, having paid the tax with respect to an article, desires to claim refund or credit of any amount of such tax to which the provisions of this subpart are applicable must:

(a) File a claim, as provided in § 70.506, and

(b) Comply with any other provisions of law or regulations which may apply to the claim.

CLAIM PROCEDURE

The claim shall set forth each ground upon which the claim is made in sufficient detail to apprise the regional director (compliance) of the exact basis therefor. Allegations pertaining to the bearing of the ultimate burden relate to additional conditions which must be established for a claim to be allowed and are not in themselves legal grounds for allowance of a claim. There shall also be attached to the
§ 70.507 Data to be shown in claim.

Claims to which this subpart is applicable, in addition to the requirements of §70.506 must set forth or contain the following:

(a) A statement that the claimant paid the amount claimed as a “tax” as defined in this subpart.
(b) Full identification (by specific reference to the form number, the date of filing, the place of filing, and the amount paid on the basis of the particular form or return) of the tax forms or returns covering the payments for which refund or credit is claimed.
(c) The written consent of the owner to the allowance of the refund or credit to the claimant (where the owner of the article in respect of which the tax was paid furnished the claimant the amount claimed for the purpose of paying the tax).
(d) If the claimant (or owner, as the case may be) has neither sold nor contracted to sell the articles involved in the claim, a statement that the claimant (or owner, as the case may be) agrees not to shift, directly or indirectly in any manner whatsoever, the burden of the tax to any other person.
(e) If the claim is for refund of a floor stocks tax, or of an amount resulting from an increase in rate of tax applicable to an article, a statement as to whether the price of the article was increased on or following the effective date of such floor stocks tax or rate increase, and if so, the date of the increase, together with full information as to the amount of such price increase.
(f) Specific evidence (such as relevant records, invoices, or other documents, or affidavits of individuals having personal knowledge of pertinent facts) which will satisfactorily establish the conditions to allowance set forth in §70.504.
(g) The regional director (compliance) may require the claimant to furnish as a part of the claim such additional information as may be deemed necessary.

§ 70.508 Time for filing claim.

No credit or refund of any amount of tax to which the provisions of this subpart apply shall be made unless the claimant files a claim therefor within the time prescribed by law and in accordance with the provisions of this subpart.

§ 70.509 Penalties.

It is an offense punishable by fine and imprisonment for anyone to make or cause to be made any false or fraudulent claim upon the United States, or to make any false or fraudulent statements, or representations, in support of any claim, or to falsely or fraudulently execute any documents required by the provisions of the internal revenue laws, or any regulations made in pursuance thereof.

Subpart H—Rules, Regulations and Forms

§ 70.701 Rules and regulations.

(a) Formulation. (1) Alcohol, tobacco, firearms, and explosives rules take various forms. The most important rules are issued as Treasury decisions, prescribed by the Director, and approved by the Secretary. Other rules may be issued over the signature of the Director or the signature of any other official to whom authority has been delegated. The channeling of rules varies with the circumstances. Treasury decisions are prepared in the Office of Compliance Operations and reviewed in the Office of Chief Counsel, Bureau of Alcohol, Tobacco, and Firearms. After approval by the Director, Treasury decisions are forwarded to the Secretary for further consideration and final approval.

(2) Where required by 5 U.S.C. 553, the Director publishes in the Federal Register general notice of proposed rules unless all persons subject thereto are named and either personally served or otherwise have actual notice thereof in accordance with law. Notice may also be published in the Federal Register in such other instances as may be desirable. This notice includes (i) a statement of the time, place, and nature of public rulemaking proceedings; (ii) reference to the authority under which the rule is proposed; and (iii) either the terms or substance of the proposed rule or a description of the subjects and issues involved. Interested persons may participate in the rulemaking by submitting written data, views, or arguments. Persons may also submit requests for a public hearing. However, the Bureau reserves the right to determine, in the light of all circumstances, whether a public hearing should be held.

(3) If the Bureau determines that the public good will be served thereby, it may hold a public hearing for discussion of the issues raised by the proposed regulations. Such a hearing is announced by a notice in the Federal Register, stating the time and place where the hearing is to be held. The following rules govern the conduct of the public hearing only if incorporated by reference in the notice announcing the hearing:

(i) A person wishing to make oral comments at a public hearing shall submit, within the time prescribed in the notice of hearing, an outline of the topics he wishes to discuss, and the time he wishes to devote to each topic. Ordinarily, a period of 10 minutes is the time allotted to each person for making his oral comments.

(ii) A person making oral comments should be prepared to answer questions not only on the topics listed in his outline but also on matters relating to any written comments which he has submitted.

(iii) At the conclusion of the presentation of comments of persons listed in the agenda, to the extent time permits, other comments will be received.

(iv) Written comments submitted prior to the hearing shall be available at the hearing for inspection. Any request for copies of such written comments is treated as a request for records under 27 CFR 70.802(g).

(v) To the extent resources permit, the public hearings to which this paragraph applies may be transcribed.

(vi) In unusual circumstances or for good cause shown, the application of rules contained in this paragraph may be waived.

(b) Comments on proposed rules. Interested persons may submit data, views, or arguments with respect to a notice of proposed rulemaking published pursuant to 5 U.S.C. 553. Procedures are provided in §70.802(g) for members of the public to inspect and obtain copies of written comments submitted in response to proposed rules. All such comments are open in their entirety to public inspection. Therefore, the Bureau does not recognize any designation of material in comments as confidential or not to be disclosed, and any material that the commenter considers to be confidential or inappropriate for disclosure to the public should not be included in his comments. The name of any person submitting comments or requesting a public hearing, the issues which may be discussed at the hearing, and outlines relating to the hearing are
open to public disclosure. (See paragraph (a)(3) of this section for rules relating to hearing outlines.)

(c) Petition to change rules. Interested persons may petition for the issuance, amendment, or repeal of a rule. A petition for the issuance of a rule shall identify the section or sections of law involved; and a petition for the amendment or repeal of a rule shall set forth the section or sections of the regulations involved. The petition shall set forth the reasons for the requested action. Such petitions shall be given careful consideration, and the petitioner shall be advised of the action taken thereon. Petitions shall be addressed to the Director, Washington, DC 20226. Attention: Compliance Operations.

(d) Publication of rules and regulations—(1) General. All Bureau of Alcohol, Tobacco and Firearms regulations and amendments thereto are published as Treasury Decisions which appear in the FEDERAL REGISTER, the Code of Federal Regulations, and the quarterly Alcohol, Tobacco and Firearms (ATF) Bulletin. The ATF Bulletin is the authoritative instrument of the Bureau for announcing Treasury decisions, legislation, administrative matters, and other items of general interest. The Bulletin incorporates, into one publication, all matters of the Bureau which are of public record. It is the policy of the Bureau to publish in the Bulletin all substantive rulings necessary to promote a uniform application of all laws administered by the Bureau as well as rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin (including those published prior to July 1, 1972, in the Internal Revenue Bulletin). Procedures relating solely to matters of internal management are not published; however, regulations appearing in internal management documents and statements of internal practices and procedures that affect the rights and duties of the public are published. Rulings and procedures reported in the Bulletin do not have the force and effect of Department of the Treasury Regulations, but they may be used as precedents. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered. Concerned parties are cautioned against reaching the same conclusion in other cases unless the facts and circumstances are substantially the same. The Bulletin is published quarterly and may be obtained, on a subscription basis, from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

(2) Objectives and standards for publication of ATF Rulings and ATF Procedures in the Alcohol, Tobacco and Firearms Bulletin. (i)(A) An “ATF Ruling” is an official interpretation by the Bureau that has been published in the Bulletin for the information and guidance of taxpayers, Bureau officials, and others concerned. ATF Rulings represent the conclusions of the Bureau on the application of the law to the entire state of facts involved. In those that are based on positions taken in rulings to industry members or technical advice to Bureau field offices, identifying details and confidential information are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements concerning disclosure of information obtained from the public.

(B) An “ATF Procedure” is a statement of procedure that affects the rights or duties of taxpayers or other members of the public under law and regulations administered by the Bureau or information that, although not necessarily affecting the rights and duties of the public, should be a matter of public knowledge. ATF Procedures establish methods for performing operations in compliance with the requirements of law and regulations. It is Bureau practice to publish as much of the internal management document or communication as is necessary for an understanding of the procedure. ATF Procedures may also be based on internal management documents which should be a matter of public knowledge even though not necessarily affecting the rights and duties of the public.

(ii) It is the policy of the Bureau to publish in the Bulletin all rulings and other communications to members of the public or to Bureau field offices involving substantive law, procedures affecting taxpayer’s rights or duties, or
§ 70.701 27 CFR Ch. I (4–1–01 Edition)

industry regulations, except those involving:
(A) Issues specifically and clearly covered by statute or regulations;
(B) Issues specifically covered by rulings, procedures, opinions, or court decisions previously published in the Bulletin;
(C) Issues not likely to arise again because of unique or specific facts;
(D) Determinations of fact rather than interpretations of law;
(E) Acceptability under the law and regulations of containers, labels, and advertising involving alcoholic beverages;
(F) Tobacco operations, such as the disposition of abandoned, seized, or condemned tobacco products;
(G) Informers and informers’ rewards; or
(H) Disclosure of secret formulas, processes, business practices, and other similar information.

(iii)(A) It is the practice of the Bureau to publish as much of the ruling or communication as is necessary for an understanding of the position stated. However, in order to prevent unwarranted invasions of personal privacy and to comply with statutory provisions, such as 18 U.S.C. 1905 and 26 U.S.C 6103 and 7213, dealing with disclosure of information obtained from members of the public, identifying details, including the names and addresses of persons involved, and information of a confidential nature are deleted from the ruling.
(B) ATF Rulings published in the Bulletin do not have the force and effect of Department of the Treasury Regulations (including amendatory Treasury decisions) but are published to provide precedents to be used in the disposition of other cases, and may be cited and relied upon for that purpose. No unpublished ruling or decision may be relied on, used, or cited by any officer or employee of the Bureau as a precedent in the disposition of other cases.
(C) Concerned persons generally may rely upon ATF Rulings published in the Bulletin in determining the Bureau treatment of their own transactions and need not request specific rulings applying the principles of a published ATF Ruling to the facts of their particular cases. However, since each ATF Ruling represents the conclusion of the Bureau as to the application of the law to the entire state of facts involved, taxpayers, Bureau personnel, and others concerned are cautioned against reaching the same conclusion in other cases unless the facts and circumstances are substantially the same. They should consider the effect of subsequent legislation, regulations, court decisions and ATF Rulings.

(iv)(A) The Associate Director (Compliance Operations) is responsible for administering the program for the publication of ATF Rulings and ATF Procedures in the Bulletin including the standards for style and format.
(B) In accordance with the standards set forth in paragraph (d)(2)(ii) of this section, each Assistant Director is responsible for the preparation and appropriate referral for publication of ATF Rulings reflecting interpretations of substantive law made by his office and communicated in writing to members of the public or field offices. In this connection, the Chief Counsel is responsible for the referral to the appropriate Assistant Director, for consideration for publication as ATF rulings, of interpretations of substantive law made by his office.
(C) In accordance with the standards set forth in paragraph (d)(2)(ii) of this section, the Assistant Directors and the Chief Counsel are responsible for determining whether procedures established by an office under their jurisdiction should be published as ATF Procedures and for the initiation, content, and appropriate referral for publication of such ATF Procedures.

§ 70.802 Rules for disclosure of certain specified matters.

(a) Accepted offers in compromise. For each offer in compromise submitted and accepted pursuant to 26 U.S.C. 7122 in any case arising under Chapter 32 (relating to firearms and ammunition excise taxes) and Subtitle E (relating to alcohol, tobacco, and certain other excise taxes) of Title 26 of the United States Code, under section 107 of the Federal Alcohol Administration Act (27 U.S.C. 207) in any case arising under that Act, or in connection with property seized under Title I of the Gun Control Act of 1968 (18 U.S.C., Chapter 44) or title XI of the Organized Crime Control Act of 1970 (18 U.S.C., Chapter 40), a copy of the abstract and statement relating to the offer shall be kept available for public inspection, for a period of 1 year from the date of acceptance, in the office of the regional director (compliance) who received the offer and in the office of the Assistant Director (Liaison and Public Information), Bureau of Alcohol, Tobacco and Firearms, Washington, DC 20226. (a) Authority. The provisions of this section are prescribed under the authority of 5 U.S.C. 301; section 2 of Reorganization Plan No. 26 of 1950 (64 Stat. 1280); 12 U.S.C. 3412; 18 U.S.C. 1905; section 2(g) of the Federal Alcohol Administration Act (27 U.S.C. 202(c)); and sections 5274, 6103, 7213, 7803 and 7805 of the Internal Revenue Code of 1954 (26 U.S.C. 5274, 6103, 7213, 7803 and 7805).
(b) Definitions. The following definitions apply whenever the defined terms appear in this section.

1. ATF officer or employee. The terms ATF officer and ATF employee mean all officers and employees of the United States, engaged in the administration and enforcement of laws administered by the Bureau of Alcohol, Tobacco and Firearms, and appointed or employed by, or subject to the directions, instructions or orders of, the Secretary of the Treasury or his delegate.

2. ATF records or information. The terms ATF records and ATF information mean any records (including copies thereof) or information, made or obtained by, furnished to, or coming to the knowledge of, any ATF officer or employee while acting in his official capacity, or because of his official status, with respect to the administration of laws administered by or concerning the Bureau of Alcohol, Tobacco and Firearms.

3. Demand. The term demand means any subpoena, notice of deposition either upon oral examination or written interrogatory, or other order, of any court, administrative agency, or other authority.

(c) Disclosure of ATF records or information prohibited without prior approval of the Director. The disclosure, including the production, of ATF records or information to any person outside the Department of the Treasury or to any court, administrative agency, or other authority, in response to any request or demand for the disclosure of such records or information shall be made only with the prior approval of the Director. However, nothing in this section shall restrict the disclosure of ATF records or information which the Director has determined is authorized under any provision of statute, Executive order, or regulations, or for which a procedure has been established by the Director. For example, this section does not restrict the disclosure of ATF records or information under §71.701(d), nor does it restrict the disclosure of ATF records or information which is requested by U.S. attorneys or attorneys of the Department of Justice for use in cases which arise under the laws administered by or concerning the Bureau of Alcohol, Tobacco and Firearms and which are referred by the Department of the Treasury to the Department of Justice for prosecution or defense.

(d) Delegation to Director of authority to determine disclosure and establish procedures. The Director is hereby authorized to determine whether or not ATF officers and employees will be permitted to disclose ATF records or information in response to:

1. A request by any court, administrative agency, or other authority, or by any person, for the disclosure of such records or information; or

2. A demand for the disclosure of such records or information.

The Director is also authorized to establish such other procedures as he may deem necessary with respect to the disclosure of ATF records or information by ATF officers and employees. Any determination by the Director as to whether ATF records or information will be disclosed, or any procedure established by him in connection therewith, shall be made in accordance with applicable statutes, Executive orders, regulations, and any instructions that may be issued by the Secretary or his delegate. Notwithstanding the preceding provisions of this paragraph, the Director shall, where either he or the Secretary deems it appropriate, refer the opposing of a request or demand for disclosure of ATF records or information to the Secretary.

(e) Procedure in the event of a request or demand for ATF records or information—(1) Request procedure. Any ATF officer or employee who receives a request for ATF records or information, the disposition of which is not covered by a procedure established by the Director, shall promptly communicate the contents of the request to the Director through the appropriate supervisor for the district or region in which he serves. The officer or employee shall await instructions from the Director concerning the response to the request. For the procedure to be followed in the event a person making a request seeks to obtain a court order or other demand requiring the production of ATF records or information, see paragraph (e)(2) of this section (immediately below).
§ 70.803 27 CFR Ch. 1 (4–1–01 Edition)

(2) Demand procedure. Any ATF officer or employee who is served with a demand for ATF records or information, the disposition of which is not covered by a procedure established by the Director, shall promptly, and without awaiting appearance before the court, administrative agency, or other authority, communicate the contents of the demand to the Director through the appropriate supervisor for the district or region in which he serves. The officer or employee shall await instructions from the Director concerning the response to the demand. If it is determined by the Director that the demand should be opposed, the U.S. attorney, his assistant, or other appropriate legal representative shall be requested to respectfully inform the court, administrative agency, or other authority that the Director has instructed the officer or employee to refuse to disclose the ATF records or information sought. If instructions have not been received from the Director at the time when the officer or employee is required to appear before the court, administrative agency, or other authority in response to the demand, the U.S. attorney, his assistant, or other appropriate legal representative shall be requested to appear with the officer or employee upon whom the demand has been served and request additional time in which to receive such instructions. In the event the court, administrative agency, or other authority rules adversely with respect to the refusal to disclose the records or information pursuant to the instructions of the Director, or declines to defer a ruling until instructions from the Director have been received, the officer or employee upon whom the demand has been served shall, pursuant to this section, respectfully decline to disclose the ATF records or information sought.

(3) Affidavit required for testimony. If testimony of an ATF officer or employee is sought by a request or demand on behalf of a party other than a State in any case or matter in which the United States is not a party, an affidavit, or if that is not feasible, a statement shall be prepared by the party (or party’s attorney) seeking the testimony, and shall set forth a summary of the testimony sought and its relevance to the proceedings. The affidavit or statement must be submitted before permission to testify may be granted. The Director may, upon request and for good cause shown, waive the requirement of this paragraph.

(4) Time limit for serving request or demand. The request or demand, together with the affidavit or statement (if required by paragraph (e)(3) of this section), shall be served at least 5 working days prior to the scheduled date of testimony or disclosure of records, in order to ensure that the Director has adequate time to consider whether to grant the request or demand. The Director may, upon request and for good cause shown, waive the requirement of this paragraph.

(5) Factors to be considered in determining whether a request or demand will be granted. The Director shall consider whether granting the request or demand would be appropriate under the relevant rules of procedure and substantive law concerning privilege. Among the requests or demands that will not be granted are those that would, if granted, result in—

(i) The violation of a statute, such as 26 U.S.C. 6103 or 7213, or a rule of procedure, such as the grand jury secrecy rule (F.R.Cr.P. Rule 6(e)), or a specific regulation;

(ii) The disclosure of classified information;

(iii) The disclosure of a confidential source or informant, unless the ATF officer or employee and the source or informant, have no objection;

(iv) The disclosure of investigative records compiled for law enforcement purposes if enforcement proceedings would thereby be impeded, or of investigative techniques and procedures whose effectiveness would thereby be impaired, unless the Director determines that the administration of justice requires disclosure;

(v) The disclosure of trade secrets without the owner’s consent; or

(vi) Testimony in a case in which ATF has no interest, records or other official information.

(f) State cases. Regional directors (compliance), special agents in charge,
chiefs of field laboratories, and regional administrative officers, may, in the interest of Federal and State law enforcement, upon receipt of demands or requests of State authorities, and at the expense of the State, authorize employees under their supervision to attend trials and administrative hearings in liquor, tobacco, firearms, or explosives cases in which the State is a party or on behalf of the State in any criminal case, to produce records, and to testify as to facts coming to their knowledge in their official capacities. However, in cases where a defendant in a criminal case requests or demands testimony or the production of ATF records or information, authorization from the Director is required. Production or testimony may not divulge information contrary to 26 U.S.C. 6103 and 7213, or 12 U.S.C. 3412. See also 18 U.S.C. 1905.

(g) Penalties. Any ATF officer or employee who disobeys the provisions of this section will be subject to dismissal and may incur criminal liability.

The owner may apply to the Director or his delegate to have the property examined any time prior to referral of the property to the U.S. Marshal for disposition, and if in the opinion of the Director or his delegate it shall be necessary to sell such property to prevent waste or expense, the Director or his delegate shall cause the property to be appraised. Thereupon the owner shall have the property returned to him upon giving a corporate surety bond (see § 72.24) in an amount equal to the appraised value of the property, which bond shall be conditioned to abide the final order, decree, or judgment of the court having cognizance of the case, and to pay the amount of the appraised value to the Director or his delegate, the U.S. Marshal, or otherwise, as may be ordered and directed by the court, which bond shall be filed by the Director or his delegate officer with the U.S. Attorney for the district in which the proceedings may be commenced. § 72.27 Summary destruction of explosives subject to forfeiture.

(a) Notwithstanding the provisions of §55.166 of this Title, in the case of the seizure of any explosive materials for any offense for which the materials would be subject to forfeiture in which it would be impracticable or unsafe to remove the materials to a place of storage or would be unsafe to store them, the seizing officer may destroy the explosive materials forthwith. Any destruction under this paragraph shall be in the presence of at least 1 credible witness.

(b) Within 60 days after any destruction made pursuant to paragraph (a) of this section, the owner of the property and any other persons having an interest in the property so destroyed may make application to the Director for reimbursement of the value of the property destroyed, if the claimant establishes to the satisfaction of the Director that—

1. The property has not been used or involved in a violation of law; or
2. Any unlawful involvement or use of the property was without the claimant’s knowledge, consent, or willful blindness.

§ 72.31 Laws applicable.

Remission or mitigation of forfeitures shall be governed by the applicable customs laws.

§ 72.32 Interest claimed.

Any person claiming an interest in property, including carriers, seized by alcohol, tobacco and firearms officers as subject to administrative forfeiture may file a petition addressed to the Director, for remission or mitigation of the forfeiture of such property.

§ 72.33 Form of the petition.

There is no set or standardized form provided or required by the Department for use in filing a petition for remission or mitigation of forfeiture. However, it is preferable that the petition be typewritten on legal size paper; and it is necessary that the petition be executed under oath, prepared in triplicate and addressed to the Director, and that all copies of original documents submitted as exhibits in support of allegations of the petition be certified as true and accurate copies of originals. Each copy of the petition must contain a complete set of exhibits.

§ 72.34 Contents of the petition.

(a) Description of the property. The petition should contain such a description of the property or carrier and such facts of the seizure as will enable the alcohol, tobacco and firearms officers concerned to identify the property or carrier.

(b) Statement regarding knowledge of seizure. In the event the petition is filed for the restoration of the proceeds derived from sale of the property or carrier pursuant to summary forfeiture, it should also contain, or be
supported by, satisfactory proof that the petitioner did not know of the seizure prior to the declaration or condemnation of forfeiture, and that he was in such circumstances as prevented him from knowing of the same. (See also §72.35.)

(c) **Interest of petitioner.** The petitioner should state in clear and concise terms the nature and amount of the present interest of the petitioner in the property or carrier, and the facts relied upon to show that the forfeiture was incurred without willful negligence or without any intention upon the part of the petitioner to defraud the revenue or to violate the law, or such other mitigating circumstances as, in the opinion of the petitioner, would justify the remission or mitigation of the forfeiture.

(d) **Petitioner innocent party.** If the petitioner is not the one who in person committed the act which caused the seizure the petition should state how the property or carrier came into the possession of such other person, and that the petitioner had no knowledge or reason to believe, if such be the fact, that the property or carrier would be used in violation of law. If known to the petitioner, at the time the petition is filed, that such other person had either a record or a reputation, or both, as a violator in the field of commercial crime, the petition should state whether the petitioner had actual knowledge of such record or reputation, or both, before the petitioner acquired his interest in the property or carrier, before such other person acquired his right in the property or carrier, whichever occurred later. When personal property is seized for violation of the liquor laws, the determining factor will be whether the person dealt with by the petitioner had either a record or a reputation, or both, as a violator of the liquor laws.

(e) **Documents supporting claim.** The petition should also be accompanied by copies, certified by the petitioner under oath as correct, of contracts, bills of sale, chattel mortgages, reports of investigators or credit reporting agencies, affidavits, and any other papers or documents that would tend to support the claims made in the petition.

(f) **Costs.** The petition should also contain an undertaking to pay the costs, if costs are assessed as a condition of allowance of the petition. Costs shall include all the expenses incurred in seizing and storing the property or carrier; the costs borne or to be borne by the United States; the taxes, if any, payable by the petitioner or imposed in respect of the property or carrier to which the petition relates; the penalty, if any, asserted by the Director; and, if the property or carrier has been sold, or is in the course of being sold, the expenses so incurred.

§ 72.35 **Time of filing petition.**

A petition may be filed at any time prior to the sale or other disposition of the property or carrier involved pursuant to administrative forfeiture, but a petition in regard to property or a carrier which has already been sold or otherwise disposed of pursuant to administrative forfeiture must be filed within three months from the date of sale, and must contain the proof defined in §72.34(b). Acquisition for official use is equivalent to sale so far as remission or mitigation of any forfeiture is concerned.

(Sec. 306, 49 Stat. 880; 40 U.S.C. 304k)

§ 72.36 **Place of filing.**

The petition should be filed in triplicate with the Director or his delegate for the region in which the seizure was made.

§ 72.37 **Discontinuance of administrative proceedings.**

If the petition is filed prior to administrative sale or retention for official use, proceedings to effect such sale or retention will be discontinued.

§ 72.38 **Return of defective petition.**

If the petition is defective in some correctable respect, the original of the petition will be returned by letter to the petitioner for his submission of a corrected petition, in triplicate, within a reasonable time.
§ 72.39 Final action.

(a) Petitions for remission or mitigation of forfeiture. (1) The Director shall take final action on any petition filed pursuant to these regulations. Such final action shall consist either of the allowance or denial of the petition. In the case of allowance, the Director shall state the conditions of the allowance.

(2) In the case of an allowed petition, the Director may order the property or carrier returned to the petitioner, sold for the account of the petitioner, or, pursuant to agreement, acquired for official use.

(3) The Director or his delegate shall notify the petitioner of the allowance or denial of the petition and, in the case of allowance, the terms and conditions under which the Director allowed the petition.

(b) Offers in compromise of liability to forfeiture. The Director or his delegate shall take final action on any offer in compromise of the liability to forfeiture of personal property, including carriers, seized as provided in § 72.21. Such action shall consist either of the acceptance or rejection of the offer.

§ 72.40 Acquisition for official use and sale for account of petitioner in allowed petitions.

(a) Acquisition for official use. The property or carrier may be purchased by the United States pursuant to agreement and retained for official use. Where the petitioner is the owner, the purchase price is the appraised value of the property or carrier less all costs. Where the petitioner is a creditor, the purchase price is whichever one of these amounts is the smaller: (1) The petitioner’s equity, or (2) the appraised value of the property or carrier less the amount of all costs incident to the seizure and forfeiture.

(b) Sale for account of petitioner. The petitioner may elect not to comply with the condition on which the property or carrier may be returned. In this event, the Director or his delegate is authorized to sell it. Where the petitioner is the owner of the property or carrier, there is deducted from the proceeds of the sale all costs incident to the seizure, forfeiture, and sale, and the Director or his delegate pays to the petitioner, out of the proper appropriation, an amount equal to the balance, if any. Where the petitioner is a creditor, there is deducted from the proceeds of the sale all costs incident to the seizure, forfeiture, and sale, and the Director or his delegate pays to the petitioner, out of the proper appropriation, an amount equal to the balance, if any, of the selling price after deduction of all costs incident to the seizure, forfeiture, or sale: Provided, That if the amount of such balance exceeds the amount of the equity of the petitioner, only the latter amount is paid to the petitioner.

§ 72.41 Re-appraisal of property involved in an allowed petition.

In determining the nature and extent of the relief to be afforded a petitioner pursuant to allowance of his petition, the value of the property or carrier involved in the allowed petition shall be considered to mean the value placed on said property or carrier pursuant to official appraisal thereof immediately following seizure: Provided, however, That if the petitioner desires an up-to-date re-appraisal made of the property or carrier, after notification as to the terms of allowance of the petition, and makes written request therefor, undertaking in said request to pay, or to be liable for, the total costs of such re-appraisal, the property or carrier shall be re-appraised officially in the same manner in which the original appraisal was made, and the terms and conditions of allowance shall stand modified to the extent required by such re-appraisal.

Subpart E—Appraiser’s Fees

§ 72.51 Rate of compensation.

Each appraiser selected under § 72.22(a)(2) shall receive compensation at a reasonable fee not to exceed $15.00
§ 72.65 Sale of forfeited tobacco products and cigarette papers and tubes.

All tobacco products and cigarette papers and tubes forfeited under the internal revenue laws shall be sold at a price which will include the tax due and payable on those forfeited articles. Written, timely notice shall be given by the Director or his delegate to the

Subpart F—Administrative Sale or Disposition of Personal Property

§ 72.61 Alternative methods of sale.

(a) Sale by auction or competitive bid. The sale shall not occur in less than 10 days from the date of the publication of the notice. At the discretion of the Director or his delegate based upon which method in his sound judgment is most advantageous to the best interests of the United States, the forfeited personal property or carrier may be advertised for sale, and sold, at public auction to the highest bidder on open, competitive bids, or to the highest bidder on sealed, competitive bids.

§ 72.63 Conditions of sale.

(a) No recourse. All personal property and carriers to be sold shall be offered for sale “as is” and without recourse against the United States.

§ 72.67 Sale on open, competitive bids.

If the personal property or carrier is to be sold at public auction to the highest bidder on open, competitive bids, the notice of sale shall so specify, and state the date, hour, and place of sale.

§ 72.68 Sale on sealed, competitive bids.

If the property or carrier is to be sold to the highest bidder on sealed, competitive bids, the notice of sale shall so specify, and shall state the date, hour, and place of sale, and the date, hour, and place before the sale when and where the property, including carriers, may be viewed by prospective sealed bidders, and necessary information obtained. All sealed bids must be filed with the Director or his delegate before the sale. No bids will be accepted after the sale starts. § 170.42 Delegations of the Director.

All of the regulatory authorities of the Director contained in this part are delegated to appropriate ATF officers. These ATF officers are specified in ATF Order 1130.20, Delegation Order—Delegation of the Director’s Authorities in 27 CFR Part 170—Miscellaneous Regulations Relating to Liquor. ATF delegation orders, such as ATF Order 1130.20, are available to any interested person by mailing a request to the ATF Distribution Center, P.O. Box 5950, Springfield, Virginia 22150–5950, or by accessing the ATF web site (http://www.atf.treas.gov).

§ 170.43 Forms prescribed.

(a) The appropriate ATF officer is authorized to prescribe all forms, including all notices and records, required by this subpart. All of the information called for in each form shall be furnished as indicated by the headings on the form and the instructions on or pertaining to the form. In addition, information called for in each form shall be furnished as required by this subpart. The form will be filed in accordance with the instructions for the form.

(b) Forms may be requested from the ATF Distribution Center, P.O. Box 5950, Springfield, Virginia 22150–5950, or by accessing the ATF web site (http://www.atf.treas.gov).

§ 170.45 Meaning of terms.

When used in this subpart and in the forms prescribed under this subpart, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof, terms shall have the meaning ascribed in this section. Words in the plural form shall include the singular, and vice versa, and words in the masculine shall include the feminine. The terms “includes” and “including” do not exclude things not enumerated which are in the same general class.

Appropriate ATF Officer. An officer or employee of the Bureau of Alcohol, Tobacco and Firearms (ATF) authorized to perform any functions relating to the administration or enforcement of this part by ATF Order 1130.20, Delegation Order—Delegation of the Director’s Authorities in 27 CFR Part 170—
§ 170.47 Notice requirement; manufacture of stills.

(a) General. When required by letter issued by the appropriate ATF officer and until notified to the contrary by the appropriate ATF officer, every person who manufactures any still, boiler (double or pot still), condenser, or other apparatus to be used for the purpose of distilling shall give written notice before the still or distilling apparatus is removed from the place of manufacture.

(b) Preparation. The notice will be prepared in letter form, executed under the penalties of perjury, and show the following information:

1. The name and address of the manufacturer;
2. The name and complete address of the person by whom the apparatus is to be used, and of any other person for, by, or through whom the apparatus is ordered or disposed of;
3. The distilling purpose for which the apparatus is to be used (distillation of spirits, redistillation of spirits or recovery of spirits, including denatured spirits and articles containing spirits or denatured spirits);
4. The manufacturer’s serial number of the apparatus;
5. The type and kind of apparatus;
6. The distilling capacity of the apparatus; and
7. The date the apparatus is to be removed from the place of manufacture.
§ 170.55 Registry of stills and distilling apparatus.

Every person having possession, custody, or control of any still or distilling apparatus set up shall, immediately on its being set up, register the still or distilling apparatus, except that a still or distilling apparatus not used or intended for use in the distillation, redistillation, or recovery of distilled spirits is not required to be registered. Registration may be accomplished by describing the still or distilling apparatus on the registration or permit application prescribed in this chapter for qualification under 26 U.S.C. chapter 51 or, if qualification is not required under 26 U.S.C. chapter 51, on a letter application, and filing the application with the appropriate ATF officer. Approval of the application by the appropriate ATF officer will constitute registration of the still or distilling apparatus.

(b) When still is set up. A still will be regarded as set up and subject to registry when it is in position over a furnace, or connected with a boiler so that heat may be applied, irrespective of whether a condenser is in position. This rule is intended merely as an illustration and should not be construed as covering all types of stills or condensers requiring registration.

§ 170.54 Notice requirement; setup of still.

(a) General. When required by letter issued by the appropriate ATF officer, no still, boiler (double or pot still), condenser, or other distilling apparatus may be set up without the manufacturer of the still or distilling apparatus first giving written notice of that purpose.

(b) Marking requirements. The apparatus will be identified in a legible and durable manner. The required identification marks will be placed on the apparatus in a location where they will not be obscured or concealed.
§ 170.57  
(c) Change in location or ownership. Where any distilling apparatus registered under this section is to be removed to another location, sold or otherwise disposed of, the registrant shall, prior to the removal or disposition, file a letter notice with the appropriate ATF officer. The letter notice will show the intended method of disposition (sale, destruction, or otherwise), the name and complete address of the person to whom disposition will be made, and the purpose for which the apparatus will be used. After removal, sale, or other disposal, the person having possession, custody, or control of any distilling apparatus intended for use in distilling shall immediately register the still or distilling apparatus on its being set up or, if already set up, immediately on obtaining possession, custody, or control. In addition, each manufacturer or vendor of stills shall maintain at their premises a record showing all stills and distilling apparatus (including those to be used for purposes other than distilling) manufactured, received, removed, or otherwise disposed of. The record will also show the name and address of the purchaser and the purpose for which each apparatus is to be used. Any commercial document on which all the required information has been recorded may be used for the record. If an individual is on active duty as a member of the Armed Forces, the individual’s State of residence is the State in which his or her permanent duty station is located. An alien who is legally in the United States shall be considered to be a resident of a State only if the alien is residing in the State and has resided in the State for a period of at least 90 days prior to the date of sale or delivery of a firearm. The following are examples that illustrate this definition:

*Example 1.* A maintains a home in State X. A travels to State Y on a hunting, fishing, business, or other type of trip. A does not become a resident of State Y by reason of such trip.

*Example 2.* A is a U.S. citizen and maintains a home in State X and a home in State Y. A resides in State X except for weekends or the summer months of the year and in State Y for the weekends or the summer months of the year. During the time that A actually resides in State X, A is a resident of State X, and during the time that A actually resides in State Y, A is a resident of State Y.

*Example 3.* A, an alien, travels on vacation or on a business trip to State X. Regardless of the length of time A spends in State X, A does not have a State of residence in State X. This is because A does not have a home in State X at which he has resided for at least 90 days.

**Unlawful user of or addicted to any controlled substance.** A person who uses a controlled substance and has lost the power of self-control with reference to the use of controlled substance; and any person who is a current user of a controlled substance in a manner other than as prescribed by a licensed physician. Such use is not limited to the use of drugs on a particular day, or within a matter of days or weeks before, but rather that the unlawful use has occurred recently enough to indicate that the individual is actively engaged in such conduct. A person may be an unlawful current user of a controlled substance even though the substance is not being used at the precise time the person seeks to acquire a firearm or receives or possesses a firearm. An inference of current use may be drawn from evidence of a recent use or possession of a controlled substance or a pattern of use or possession that reasonably covers the present time, e.g., a conviction for use or possession of a controlled substance within the past year; or persons found through a drug test to use a controlled substance unlawfully, provided that the test was administered within the past year. For a current or former member of the Armed Forces, an inference of current use may be drawn from recent disciplinary or other administrative action based on confirmed drug use, e.g., court-martial conviction, nonjudicial punishment, or an administrative discharge based on drug use or drug rehabilitation failure.

**Unserviceable firearm.** A firearm which is incapable of discharging a shot by means of an explosive and is incapable of being readily restored to a firing condition.

If no request for a hearing...
§ 178.72 Hearing after application denial.

If the applicant for an original or renewal license desires a hearing to review the denial of his application, he shall file a request therefor, in duplicate, with the Director of Industry Operations within 15 days after receipt of the notice of denial. (b) Issuance of notice. The notice shall set forth the matters of fact constituting the violations specified, dates, places, and the sections of law and regulations violated. If the licensee does not file a timely request for a hearing, the Director of Industry Operations shall issue a final notice of suspension or revocation and/or imposition of a civil fine on ATF Form 4501, as provided in § 178.74.

§ 178.74 Request for hearing after notice of suspension, revocation, or imposition of civil fine.

If a licensee desires a hearing after receipt of a notice of suspension or revocation of a license, or imposition of a civil fine, the licensee shall file a request, in duplicate, with the Director of Industry Operations within 15 days after receipt of the notice of suspension or revocation of a license, or imposition of a civil fine. On receipt of such request, the Director of Industry Operations shall, as expeditiously as possible, make necessary arrangements for the hearing and advise the licensee of the date, time, location and the name of the officer before whom the hearing will be held. Such notification shall be made no less than 10 days in advance of the date set for the hearing. On conclusion of the hearing and consideration of all the relevant presentations made by the licensee or the licensee's representative, the Director of Industry Operations shall render a decision and
§ 178.75 shall prepare a brief summary of the findings and conclusions on which the decision is based. If the decision is that the license should be revoked, or, in actions under 18 U.S.C. 922(t)(5), that the license should be revoked or suspended, and/or that a civil fine should be imposed, a certified copy of the summary shall be furnished to the licensee with the final notice of revocation, suspension, or imposition of a civil fine on ATF Form 4501. If the decision is that the license should not be revoked, or in actions under 18 U.S.C. 922(t)(5), that the license should not be revoked or suspended, and a civil fine should not be imposed, the licensee shall be notified in writing.

§ 178.76 Representation at a hearing.

An applicant or licensee may be represented by an attorney, certified public accountant, or other person recognized to practice before the Bureau of Alcohol, Tobacco and Firearms as provided in 31 CFR Part 8 (Practice Before the Bureau of Alcohol, Tobacco and Firearms), if he has otherwise complied with the applicable requirements of 26 CFR 601.521 through 601.527 (conference and practice requirements for alcohol, tobacco, and firearms activities) of this chapter. The Director of Industry Operations may be represented in proceedings by an attorney in the office of the Assistant Chief Counsel or Division Counsel who is authorized to execute and file motions, briefs and other papers in the proceeding, on behalf of the Director of Industry Operations, in his own name as “Attorney for the Government.”

§ 178.77 Designated place of hearing.

The designated place of the hearing shall be a location convenient to the aggrieved party.

§ 178.78 Operations by licensee after notice.

In any case where denial, suspension, or revocation proceedings are pending before the Bureau of Alcohol, Tobacco and Firearms, or notice of denial, suspension, or revocation has been served on the licensee and he has filed timely request for a hearing, the license in the possession of the licensee shall remain in effect even though such license has expired, or the suspension or revocation date specified in the notice of revocation on Form 4500 served on the licensee has passed: Provided, That with respect to a license that has expired, the licensee has timely filed an application for the renewal of his license. If a licensee is dissatisfied with a posthearing decision revoking or suspending the license or denying the application or imposing a civil fine, as the case may be, he may, pursuant to 18 U.S.C. 923(f)(3), within 60 days after receipt of the final notice denying the application or revoking or suspending the license or imposing the civil fine, file a petition for judicial review of such action. Such petition should be filed with the U.S. district court for the district in which the applicant or licensee resides or has his principal place of business. In such case, when the Director of Industry Operations finds that justice so requires, he may postpone.
the effective date of suspension or revocation of a license or authorize continued operations under the expired license, as applicable, pending judicial review.

Subpart F—Conduct of Business

§ 178.91 Posting of license.

Any license issued under this part shall be kept posted and kept available for inspection on the premises covered by the license.

§ 178.92 Identification of firearms, armor piercing ammunition, and large capacity ammunition feeding devices.

(a)(1) **Firearms.** Each licensed manufacturer or licensed importer of any firearm manufactured or imported shall legibly identify each such firearm by engraving, casting, stamping (impressing), or otherwise conspicuously placing or causing to be engraved, cast, stamped (impressed) or placed on the frame or receiver thereof in a manner not susceptible of being readily obliterated, altered, or removed, an individual serial number not duplicating any serial number placed by the manufacturer or importer on any other firearm, and by engraving, casting, stamping (impressing), or otherwise conspicuously placing or causing to be engraved, cast, stamped (impressed) or placed on the frame, receiver, or barrel thereof in a manner not susceptible of being readily obliterated, altered or removed, the model, if such designation has been made; the caliber or gauge; the name (or recognized abbreviation of same) of the manufacturer and also, when applicable, of the importer; in the case of a domestically made firearm, the city and State (or recognized abbreviation thereof) wherein the licensed manufacturer maintains its place of business; and in the case of an imported firearm, the name of the country in which manufactured and the city and State (or recognized abbreviation thereof) of the importer.

(2) **Special markings for semiautomatic assault weapons, effective July 3, 1993.** In the case of any semiautomatic assault weapon manufactured after September 13, 1994, the frame or receiver shall be marked “RESTRICTED LAW ENFORCEMENT/GOVERNMENT USE ONLY” or, in the case of weapons manufactured for export, “FOR EXPORT ONLY,” in the manner prescribed in paragraph (a)(1) of this section.

(3) **Exceptions—(i) Alternate means of identification.** The Director may authorize other means of identification of the licensed manufacturer or licensed importer upon receipt of a letter application, in duplicate, showing that such other identification is reasonable and will not hinder the effective administration of this part.

(ii) **Destructive devices.** In the case of a destructive device, the Director may authorize other means of identifying that weapon upon receipt of a letter application, in duplicate, from the licensed manufacturer or licensed importer showing that engraving, casting, or stamping (impressing) such a weapon would be dangerous or impracticable.

(iii) **Machine guns, silencers, and parts.** A firearm frame or receiver, or any part defined as a machine gun, firearm muffler, or firearm silencer in §178.11, which is not a component part of a complete weapon at the time it is sold, shipped, or otherwise disposed of by a licensed manufacturer or licensed importer, shall be identified as required by this section. The Director may authorize other means of identifying parts defined as machine guns other than frames or receivers and parts defined as mufflers or silencers upon receipt of a letter application, in duplicate, showing that such other identification is reasonable and will not hinder the effective administration of this part.

(b) **Armor piercing ammunition—(1) Marking of ammunition.** Each licensed manufacturer or licensed importer of armor piercing ammunition shall identify such ammunition by means of painting, staining or dying the exterior of the projectile with an opaque black coloring. This coloring must completely cover the point of the projectile and at least 50 percent of that portion of the projectile which is visible when the projectile is loaded into a cartridge case.

(2) **Labeling of packages.** Each licensed manufacturer or licensed importer of
Section 178.93

armor piercing ammunition shall clearly and conspicuously label each package in which armor piercing ammunition is contained, e.g., each box, carton, case, or other container. The label shall include the words “ARMOR PIERCING” in block letters at least \( \frac{3}{4} \) inch in height. The lettering shall be located on the exterior surface of the package which contains information concerning the caliber or gauge of the ammunition. There shall also be placed on the same surface of the package in block lettering at least \( \frac{1}{8} \) inch in height the words “FOR GOVERNMENTAL ENTITIES OR EXPORTATION ONLY.” The statements required by this subparagraph shall be on a contrasting background.

(c) Large capacity ammunition feeding devices manufactured after September 13, 1994

(i) Additionally, in the case of a domestically made large capacity ammunition feeding device, such device shall be marked with the name, city and State (or recognized abbreviation thereof) of the manufacturer;

(ii) And in the case of an imported large capacity ammunition feeding device, such device shall be marked:

(A) With the name of the manufacturer, country of origin, and,

(B) Effective July 5, 1995, the name, city and State (or recognized abbreviation thereof) of the importer.

(ii) Further, large capacity ammunition feeding devices manufactured after September 13, 1994, shall be marked “RESTRICTED LAW ENFORCEMENT/GOVERNMENT USE ONLY” or, in the case of devices manufactured or imported for export, effective July 5, 1995, “FOR EXPORT ONLY.”

(2) All markings required by this paragraph (c) shall be cast, stamped, or engraved on the exterior of the device. In the case of a magazine, the markings shall be placed on the magazine body.

(3) Exceptions—(i) Metallic links. Persons who manufacture or import metallic links for use in the assembly of belted ammunition are only required to place the identification marks prescribed in paragraph (c)(1) of this section on the containers used for the packaging of the links.

(ii) Alternate means of identification. The Director may authorize other means of identifying large capacity ammunition feeding devices upon receipt of a letter application, in duplicate, from the manufacturer or importer showing that such other identification is reasonable and will not hinder the effective administration of this part.

§ 178.93 Authorized operations by a licensed collector.

The license issued to a collector of curios or relics under the provisions of this part shall cover only transactions by the licensed collector in curios and relics. The collector’s license is of no force or effect and a licensed collector is of the same status under the Act and this part as a nonlicensee with respect to (a) any acquisition or disposition of firearms other than curios or relics, or any transportation, shipment, or receipt of firearms other than curios or relics in interstate or foreign commerce, and (b) any transaction with a nonlicensee involving any firearm other than a curio or relic. (See also §178.50.) A collector’s license is not necessary to receive or dispose of ammunition, and a licensed collector is not precluded by law from receiving or disposing of armor piercing ammunition. However, a licensed collector may not dispose of any ammunition to a person prohibited from receiving or possessing ammunition (see §178.99(c)). Any licensed collector who disposes of armor piercing ammunition must record the disposition as required by §178.125 (a) and (b).

§ 178.94 Sales or deliveries between licensees.

A licensed importer, licensed manufacturer, or licensed dealer selling or otherwise disposing of firearms, and a licensed collector selling or otherwise disposing of curios or relics, to another licensee shall verify the identity and licensed status of the transferee prior to making the transaction. Verification shall be established by the transferee furnishing to the transferor a certified copy of the transferee’s license and by such other means as the transferor deems necessary: Provided, That it shall not be required (a) for a transferee who has furnished a certified copy of its license to a transferor to again furnish such certified copy to that transferor during the term of the transferee’s current license, (b) for a licensee to furnish a certified copy of its license to another licensee if a firearm is being returned either directly or through another licensee to such licensee and (c) for licensees of multilicensed business organizations to furnish certified copies of their licenses to other licensed locations operated by such organization: Provided further, That a multilicensed business organization may furnish to a transferor, in lieu of a certified copy of each license, a list, certified to be true, correct and complete, containing the name, address, license number, and the date of license expiration of each licensed location operated by such organization.

§ 178.95 Certified copy of license.

The license furnished to each person licensed under the provisions of this part contains a purchasing certification statement. This original license may be reproduced and the reproduction then certified by the licensee for use pursuant to §178.94. If the licensee desires an additional copy of the license for certification (instead of making a reproduction of the original license), the licensee may submit a request, in writing, for a certified copy or copies of the license to the Chief, National Licensing Center. The request must set forth the name, trade name (if any) and address of the licensee, and the number of license copies desired. There is a charge of $1 for each copy. The fee paid for copies of the license shall be paid in advance, by (a) cash, or (b) money order or check payable to the Bureau of Alcohol, Tobacco and Firearms.

§ 178.96 Out-of-State and mail order sales.

(a) The provisions of this section shall apply when a firearm is purchased by or delivered to a person not otherwise prohibited by the Act from purchasing or receiving it.

(b) A licensed importer, licensed manufacturer, or licensed dealer may sell a firearm that is not subject to the provisions of §178.102(a) to a nonlicensee who does not appear in person at the licensee’s business premises if the nonlicensee is a resident of the same State in which the licensee’s business premises are located, and the nonlicensee furnishes to the licensee the firearms transaction record, Form 4473, required by §178.124. The nonlicensee shall attach to such record a true copy of any permit or other information required pursuant to any statute of the State and published ordinance applicable to the locality in which he resides. The licensee shall prior to shipment or delivery of the firearm, forward by registered or certified mail (return receipt requested) a copy of the record, Form 4473, to the chief law enforcement officer named on such record, and delay shipment or delivery of the firearm for a period of at...
§ 178.97 Loan or rental of firearms.

(a) A licensee may lend or rent a firearm to any person for temporary use off the premises of the licensee for lawful sporting purposes: Provided, That the delivery of the firearm to such person is not prohibited by §178.99(b) or §178.99(c), the licensee complies with the requirements of §178.102, and the licensee records such loan or rental in the records required to be kept by him under Subpart H of this part.

(b) A club, association, or similar organization temporarily furnishing firearms (whether by loan, rental, or otherwise) to participants in a skeet, trap, target, or similar shooting activity for use at the time and place such activity is held does not, unattended by other circumstances, cause such club, association, or similar organization to be engaged in the business of a dealer in firearms or as engaging in firearms transactions. Therefore, licensing and recordkeeping requirements contained in this part pertaining to firearms transactions would not apply to this temporary furnishing of firearms for use on premises on which such an activity is conducted.

§ 178.98 Sales or deliveries of destructive devices and certain firearms.

The sale or delivery by a licensee of any destructive device, machine gun, short-barreled shotgun, or short-barreled rifle, to any person other than another licensee who is licensed under this part to deal in such device or firearm, is prohibited unless the person to receive such device or firearm furnishes to the licensee a sworn statement setting forth

(a) The reasons why there is a reasonable necessity for such person to purchase or otherwise acquire the device or weapon; and

(b) That such person’s receipt or possession of the device or weapon would be consistent with public safety. Such sworn statement shall be made on the application to transfer and register the firearm required by Part 179 of this chapter. The sale or delivery of the device or weapon shall not be made until the application for transfer is approved.
by the Director and returned to the licensee (transferor) as provided in Part 179 of this chapter.

§ 178.99 Certain prohibited sales or deliveries.

(a) Interstate sales or deliveries. A licensed importer, licensed manufacturer, licensed dealer, or licensed collector shall not sell or deliver any firearm to any person not licensed under this part and who the licensee knows or has reasonable cause to believe does not reside in (or if a corporation or other business entity, does not maintain a place of business in) the State in which the licensee’s place of business or activity is located: Provided, That the foregoing provisions of this paragraph (1) shall not apply to the sale or delivery of a rifle or shotgun (curio or relic, in the case of a licensed collector) to a resident of a State other than the State in which the licensee’s place of business or collection premises is located if the requirements of §178.96(c) are fully met, and (2) shall not apply to the loan or rental of a firearm to any person for temporary use for lawful sporting purposes (see §178.97).

(b) Sales or deliveries to underaged persons. A licensed importer, licensed manufacturer, licensed dealer, or licensed collector shall not sell or deliver (1) any firearm or ammunition to any individual who the importer, manufacturer, dealer, or collector knows or has reasonable cause to believe is less than 18 years of age, and, if the firearm, or ammunition, is other than a shotgun or rifle, or ammunition for a shotgun or rifle, to any individual who the importer, manufacturer, dealer, or collector knows or has reasonable cause to believe is less than 21 years of age, or (2) any firearm to any person in any State where the purchase or possession by such person of such firearm would be in violation of any State law or any published ordinance applicable at the place of sale, delivery, or other disposition, unless the importer, manufacturer, dealer, or collector knows or has reasonable cause to believe that the purchase or possession would not be in violation of such State law or such published ordinance.

(c) Sales or deliveries to prohibited categories of persons. A licensed manufacturer, licensed importer, licensed dealer, or licensed collector shall not sell or otherwise dispose of any firearm or ammunition to any person knowing or having reasonable cause to believe that such person:

(1) Is, except as provided by §178.143, under indictment for, or, except as provided by §178.144, has been convicted in any court of a crime punishable by imprisonment for a term exceeding 1 year;

(2) Is a fugitive from justice;

(3) Is an unlawful user of or addicted to any controlled substance (as defined in section 102 of the Controlled Substance Act, 21 U.S.C. 802);

(4) Has been adjudicated as a mental defective or has been committed to any mental institution;

(5) Is an alien illegally or unlawfully in the United States;

(6) Has been discharged from the Armed Forces under dishonorable conditions;

(7) Who, having been a citizen of the United States, has renounced citizenship;

(8) Is subject to a court order that restrains such person from harassing, stalking, or threatening an intimate partner of such person or child of such intimate partner or person, or engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or child, except that this paragraph shall only apply to a court order that—

(i) Was issued after a hearing of which such person received actual notice, and at which such person had the opportunity to participate; and

(ii)(A) Includes a finding that such person represents a credible threat to the physical safety of such intimate partner or child; or

(B) By its terms explicitly prohibits the use, attempted use, or threatened use of physical force against such intimate partner or child that would reasonably be expected to cause bodily injury, or

(9) Has been convicted of a misdemeanor crime of domestic violence.

(d) Manufacture, importation, and sale of armor piercing ammunition by licensed importers and licensed manufacturers. A
§ 178.100 Conduct of business away from licensed premises.

(a)(1) A licensee may conduct business temporarily at a gun show or event as defined in paragraph (b) if the gun show or event is located in the same State specified on the license: Provided, That such business shall not be conducted from any motorized or towed vehicle. The premises of the gun show or event at which the licensee conducts business shall be considered part of the licensed premises. Accordingly, no separate fee or license is required for the gun show or event locations. However, licensees shall comply with the provisions of §178.91 relating to posting of licenses (or a copy thereof) while conducting business at the gun show or event.

(2) A licensed importer, manufacturer, or dealer may engage in the business of dealing in curio or relic firearms with another licensee at any location.

(b) A gun show or an event is a function sponsored by any national, State, or local organization, devoted to the collection, competitive use, or other sporting use of firearms, or an organization or association that sponsors functions devoted to the collection, competitive use, or other sporting use of firearms in the community.

(c) Licensees conducting business at locations other than the premises specified on their license under the provisions of paragraph (a) of this section shall maintain firearms records in the form and manner prescribed by subpart H of this part. In addition, records of firearms transactions conducted at such locations shall include the location of the sale or other disposition, be entered in the acquisition and disposition records of the licensee, and retained on the premises specified on the license.

§ 178.101 Record of transactions.

Every licensee shall maintain firearms and armor piercing ammunition records in such form and manner as prescribed by subpart H of this part.

§ 178.102 Sales or deliveries of firearms on and after November 30, 1998.

(a) Background check. Except as provided in paragraph (d) of this section, a licensed importer, licensed manufacturer, or licensed dealer (the licensee) shall not sell, deliver, or transfer a firearm to any other person who is not licensed under this part unless the licensee meets the following requirements:

(1) Before the completion of the transfer, the licensee has contacted NICS;
(2)(i) NICS informs the licensee that it has no information that receipt of the firearm by the transferee would be in violation of Federal or State law and provides the licensee with a unique identification number; or
(ii) Three business days (meaning days on which State offices are open) have elapsed from the date the licensee contacted NICS and NICS has not notified the licensee that receipt of the firearm by the transferee would be in violation of law; and
(iii) The licensee verifies the identity of the transferee by examining the identification document presented in accordance with the provisions of §178.124(c).

Example for paragraph (a). A licensee contacts NICS on Thursday, and gets a "delayed" response. The licensee does not get a further response from NICS. If State offices are not open on Saturday and Sunday, 3 business days would have elapsed on the following Tuesday. The licensee may transfer the firearm on the next day, Wednesday.

(b) Transaction number. In any transaction for which a licensee receives a transaction number from NICS (which shall include either a NICS transaction number or, in States where the State is recognized as a point of contact for NICS checks, a State transaction number), such number shall be recorded on a firearms transaction record, Form 4473, which shall be retained in the records of the licensee in accordance with the provisions of §178.129. This applies regardless of whether the transaction is approved or denied by NICS, and regardless of whether the firearm is actually transferred.

(c) Time limitation on NICS checks. A NICS check conducted in accordance with paragraph (a) of this section may be relied upon by the licensee only for use in a single transaction, and for a period not to exceed 30 calendar days from the date that NICS was initially contacted. If the transaction is not completed within the 30-day period, the licensee shall initiate a new NICS check prior to completion of the transfer.

Example 1 for paragraph (c). A purchaser completes the Form 4473 on December 15, 1998, and a NICS check is initiated by the licensee on that date. The licensee is informed by NICS that the information available to the system does not indicate that receipt of the firearm by the transferee would be in violation of law, and a unique identification number is provided. However, the State imposes a 7-day waiting period on all firearms transactions, and the purchaser does not return to pick up the firearm until January 22, 1999. The licensee must conduct another NICS check before transferring the firearm to the purchaser.

Example 2 for paragraph (c). A purchaser completes the Form 4473 on January 25, 1999, and arranges for the purchase of a single firearm. A NICS check is initiated by the licensee on that date. The licensee is informed by NICS that the information available to the system does not indicate that receipt of the firearm by the transferee would be in violation of law, and a unique identification number is provided. The State imposes a 7-day waiting period on all firearms transactions, and the purchaser returns to pick up the firearm on February 15, 1999. Before the licensee executes the Form 4473, and the firearm is transferred, the purchaser decides to purchase an additional firearm. The transfer of these two firearms is considered a single transaction; accordingly, the licensee may add the second firearm to the Form 4473, and transfer that firearm without conducting another NICS check.

Example 3 for paragraph (c). A purchaser completes a Form 4473 on February 15, 1999. The licensee receives a unique identification number from NICS on that date, the Form 4473 is executed by the licensee, and the firearm is transferred. On February 20, 1999, the purchaser returns to the licensee's premises and wishes to purchase a second firearm. The purchase of the second firearm is a separate transaction; thus, a new NICS check must be initiated by the licensee.

(d) Exceptions to NICS check. The provisions of paragraph (a) of this section shall not apply if—
(1) The transferee has presented to the licensee a valid permit or license that—
(i) Allows the transferee to possess, acquire, or carry a firearm;
(ii) Was issued not more than 5 years earlier by the State in which the transfer is to take place; and
(iii) The law of the State provides that such a permit or license is to be issued only after an authorized government official has verified that the information available to such official does not indicate that possession of a firearm by the transferee would be in violation of Federal, State, or local law: Provided, That on and after November 30, 1998, the information available to such official includes the NICS;
§ 178.103

(2) The firearm is subject to the provisions of the National Firearms Act and has been approved for transfer under 27 CFR part 179; or

(3) On application of the licensee, in accordance with the provisions of §178.150, the Director has certified that compliance with paragraph (a)(1) of this section is impracticable.

(e) The document referred to in paragraph (d)(1) of this section (or a copy thereof) shall be retained or the required information from the document shall be recorded on the firearms transaction record in accordance with the provisions of §178.131.

(Approved by the Office of Management and Budget under control number 1512–0544)

§ 178.103. Posting of signs and written notification to purchasers of handguns.

(b) The written notification (ATF I 5300.2) required by paragraph (a) of this section shall state as follows:

(1) The misuse of handguns is a leading contributor to juvenile violence and fatalities.

(2) Safely storing and securing firearms away from children will help prevent the unlawful possession of handguns by juveniles, stop accidents, and save lives.

(3) Federal law prohibits, except in certain limited circumstances, anyone under 18 years of age from knowingly possessing a handgun, or any person from transferring a handgun to a person under 18.

(4) A knowing violation of the prohibition against selling, delivering, or otherwise transferring a handgun to a person under the age of 18 is, under certain circumstances, punishable by up to 10 years in prison.

18 U.S.C. 922(x)

(ii) with the prior written consent of the juvenile’s parent or guardian who is not prohibited by Federal, State, or local law from possessing a firearm, except—

(I) during transportation by the juvenile of an unloaded handgun in a locked container directly from the place of transfer to a place at which an activity described in clause (i) is to take place and transportation by the juvenile of that handgun, unloaded and in a locked container, directly from the place at which such an activity took place to the transferor; or

(II) with respect to ranching or farming activities as described in clause (i) a juvenile may possess and use a handgun or ammunition with the prior written approval of the juvenile’s parent or legal guardian and at the direction of an adult who is not prohibited by Federal, State, or local law from possessing a firearm;

(4) A handgun or ammunition, the possession of which is transferred to a juvenile in circumstances in which the transferor is not in violation of this subsection shall not be
subject to permanent confiscation by the Government if its possession by the juvenile subsequently becomes unlawful because of the conduct of the juvenile, but shall be returned to the lawful owner when such handgun or ammunition is no longer required by the Government for the purposes of investigation or prosecution.

(6) For purposes of this subsection, the term "juvenile" means a person who is less than 18 years of age.

(b) In a prosecution of a violation of this subsection, the court shall require the presence of a juvenile defendant’s parent or legal guardian at all proceedings.

(B) The court may use the contempt power to enforce subparagraph (A).

(C) The court may excuse attendance of a parent or legal guardian of a juvenile defendant at a proceeding in a prosecution of a violation of this subsection for good cause shown.

18 U.S.C. 924(a)(6)

(b)(A) A juvenile who violates section 922(x) shall be fined under this title, imprisoned not more than 1 year, or both, except that a juvenile described in clause (ii) shall be sentenced to probation on appropriate conditions and shall not be incarcerated unless the juvenile fails to comply with a condition of probation.

(B) A juvenile is described in this clause if—

(I) the offense of which the juvenile is charged is possession of a handgun or ammunition in violation of section 922(x)(2); and

(II) the juvenile has not been convicted in any court of an offense (including an offense under section 922(x)) or a similar State law, but not including any other offense consisting of conduct that if engaged in by an adult would not constitute an offense) or adjudicated as a juvenile delinquent for conduct that if engaged in by an adult would constitute an offense.

(B) A person other than a juvenile who knowingly violates section 922(x)—

(i) shall be fined under this title, imprisoned not more than 1 year, or both; and

(ii) if the person sold, delivered, or otherwise transferred a handgun or ammunition to a juvenile knowing or having reasonable cause to know that the juvenile intended to carry or otherwise possess or discharge or otherwise use the handgun or ammunition in the commission of a crime of violence, shall be fined under this title, imprisoned not more than 10 years, or both.

(c) This written notification shall be delivered to the nonlicensee on ATF I 5300.2, or in the alternative, the same written notification may be delivered to the nonlicensee on another type of written notification, such as a manufacturer’s or importer’s brochure accompanying the handgun; a manufacturer’s or importer’s operational manual accompanying the handgun; or a sales receipt or invoice applied to the handgun package or container delivered to a nonlicensee. Any written notification delivered to a nonlicensee other than on ATF I 5300.2 shall include the language set forth in paragraph (b) of this section in its entirety. Any written notification other than ATF I 5300.2 shall be legible, clear, and conspicuous, and the required language shall appear in type size no smaller than 10-point type.

(d) Except as provided in paragraph (f) of this section, each licensed importer, manufacturer, or dealer who delivers a handgun to a nonlicensee shall display at its licensed premises (including temporary business locations at gun shows) a sign as described in paragraph (e) of this section. The sign shall be displayed where customers can readily see it. Licensed importers, manufacturers, and dealers will be provided with such signs by ATF. Accordingly, no firearm, firearm barrel, or ammunition may be imported or brought into the United States except as provided by this part.

A licensed manufacturer who proposes to use alternate records shall submit a letter application, in duplicate, to the Director of Industry Operations and shall describe the proposed alternate record and the need therefor. Such alternate records shall not be employed by the licensed manufacturer until approval in such regard is received from the Director of Industry Operations.

(b) A licensed manufacturer, licensed importer, or licensed dealer shall retain in alphabetical (by name of purchaser), chronological (by date of disposition), or numerical (by transaction serial number) order, and as a part of the required records, each Form 4473 obtained in the course of transferring custody of the firearms.

(c)(1) Prior to making an over-the-counter transfer of a firearm to a nonlicensee who is a resident of the State in which the licensee’s business premises is located, the licensed importer, licensed manufacturer, or licensed dealer so transferring the firearm shall obtain a Form 4473 from the transferee showing the transferee’s name, sex, residence address (including county or similar political subdivision), date and place of birth; height, weight and race of the transferee; whether the transferee is a citizen of the United States; the transferee’s State of residence; and certification by the transferee that the transferee is not prohibited by the Act from transporting or shipping a firearm in interstate or foreign commerce or receiving a firearm which has been shipped or transported in interstate or foreign commerce or possessing a firearm in or affecting commerce.

(2) In order to facilitate the transfer of a firearm and enable NICS to verify the identity of the person acquiring the firearm, ATF Form 4473 also requests certain optional information. This information includes the transferee’s social security number and alien registration number (if applicable). Such information may help avoid the possibility of the transferee being misidentified as a felon or other prohibited person.

(3) After the transferee has executed the Form 4473, the licensee:

(i) Shall verify the identity of the transferee by examining the identification document (as defined in §178.11) presented, and shall note on the Form 4473 the type of identification used;

(ii) Shall, in the case of a transferee who is an alien legally in the United States, cause the transferee to present documentation establishing that the transferee is a resident of the State (as defined in §178.11) in which the licensee’s business premises is located, and shall note on the form the documentation used. Examples of acceptable documentation include utility bills or a lease agreement which show that the transferee has resided in the State continuously for at least 90 days prior to the transfer of the firearm; and

(4) The licensee shall identify the firearm to be transferred by listing on the Form 4473 the name of the manufacturer, the name of the importer (if any), the type, model, caliber or gauge, and the serial number of the firearm.

(5) The licensee shall sign and date the form if the licensee does not know or have reasonable cause to believe that the transferee is disqualified by law from receiving the firearm and transfer the firearm described on the Form 4473.

(d) Prior to making an over-the-counter transfer of a shotgun or rifle under the provisions contained in §178.96(c) to a nonlicensee who is not a resident of the State in which the licensee’s business premises is located, the licensee so transferring the shotgun or rifle, and such transferee, shall comply with the requirements of paragraph (c) of this section: Provided, That in the case of a transferee who is an alien legally in the United States, the documentation required by paragraph (c)(3)(ii) of this section need only establish that the transferee is a resident of any State and has resided in such State continuously for at least 90 days prior to the transfer of the firearm. Examples of acceptable documentation include utility bills or a lease agreement. The licensee shall note on the form the documentation used.

(e) Prior to making a transfer of a firearm to any nonlicensee who is not a resident of the State in which the licensee’s business premises is located, and such nonlicensee is acquiring the firearm by loan or rental from the licensee for temporary use for lawful sporting purposes, the licensed importer, licensed manufacturer, or licensed dealer so furnishing the firearm, and such transferee, shall comply with

Upon receipt of such Forms 4473, the licensee shall identify the firearm to be transferred by listing in the Forms 4473 the name of the manufacturer, the name of the importer (if any), the type, model, caliber or gauge, and the serial number of the firearm to be transferred. The licensee shall prior to shipment or delivery of the firearm to such transferee, forward by registered or certified mail (return receipt requested) a copy of the Form 4473 to the principal law enforce-

The original Form 4473, and evidence of receipt or rejection of delivery of the copy of the Form 4473 sent to the principal law enforcement officer, shall be retained by the licensee as a part of the records required to be kept under this subpart.

(g) A licensee who sells or otherwise disposes of a firearm to a nonlicensee who is other than an individual, shall obtain from the transferee the information required by this section from an individual authorized to act on behalf of the transferee. In addition, the licensee shall obtain from the individual acting on behalf of the transferee a written statement, executed under the penalties of perjury, that the firearm is being acquired for the use of and will be the property of the transferee, and showing the name and address of that transferee.

(h) The requirements of this section shall be in addition to any other recordkeeping requirement contained in this part.

(i) A licensee may obtain, upon request, an emergency supply of Forms 4473 from any Director of Industry Operations. For normal usage, a licensee should request a year’s supply from the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

§ 178.126a Reporting multiple sales or other disposition of pistols and revolvers.

Each licensee shall prepare a report of multiple sales or other disposition whenever the licensee sells or otherwise disposes of, at one time or during any five consecutive business days, two or more pistols, or revolvers, or any combination of pistols and revolvers totaling two or more, to an unlicensed person: Provided, That a report need not be made where pistols or revolvers, or any combination thereof, are returned to the same person from whom they were received. The report shall be prepared on Form 3310.4, Report of Multiple Sale or Other Disposition of Pistols and Revolvers. Not later than the close of business on the day that the multiple sale or other disposition occurs, the licensee shall forward two copies of Form 3310.4 to the ATF office specified thereon and one copy to the State police or to the local law enforcement agency in which the sale or other disposition took place. Example. 3. A licensee maintaining business hours on Monday through Saturday sells a revolver to an unlicensed person on Monday and sells another revolver to the same person on the following Saturday. This does not constitute a multiple sale and need not be reported since the sales did not occur during five consecutive business days.

The term shall not include any device which is neither designed or redesigned for use as a weapon; any device, although originally designed for use as a weapon, which is redesigned for use as a signaling, pyrotechnic, line throwing, safety, or similar device; surplus ordnance sold, loaned, or given by the Secretary of the Army under 10 U.S.C. 4684(2), 4685, or 4686, or any device which the Director finds is not likely to be used as a weapon, or is an antique or is a rifle which the owner intends to use solely for sporting purposes.

For purposes of this definition, the length of the barrel having an integral chamber(s) on a shotgun or rifle shall be determined by measuring the distance between the muzzle and the face of the bolt, breech, or breech block when closed and when the shotgun or rifle is cocked. Shotgun. A weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of the explosive in a fixed shotgun shell to fire through a smooth bore either a number of projectiles (ball shot) or a single projectile for each pull of the trigger, and shall include any such weapon which may be readily restored to fire a fixed shotgun shell.

§ 179.23 Restrictive use of required information.

No information or evidence obtained from an application, registration, or record required to be submitted or retained by a natural person in order to comply with any provision of 26 U.S.C. Chapter 53, or this part or section 207 of the Gun Control Act of 1968 shall be used, directly or indirectly, as evidence against that person in a criminal proceeding with respect to a violation of law occurring prior to or concurrently with the filing of the application or registration, or the compiling of the record containing the information or evidence: Provided, however, That the provisions of this section shall not preclude the use of any such information or evidence in a prosecution or other action under any applicable provision of law with respect to the furnishing of false information.

Subpart C—Administrative and Miscellaneous Provisions

§ 179.21 Forms prescribed.

(a) The Director is authorized to prescribe all forms required by this part. All of the information called for in each form shall be furnished as indicated by the headings on the form and the instructions or pertaining to the form. In addition, information called for in each form shall be furnished as required by this part. Each form requiring that it be executed under penalties of perjury shall be executed under penalties of perjury.

(b) Requests for forms should be mailed to the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

(3 U.S.C. 552(a); 80 Stat. 383, as amended)

§ 179.24 Destructive device determination.

The Director shall determine in accordance with 26 U.S.C. 5845(f), whether a device is excluded from the definition of a destructive device. A person who desires to obtain a determination under that provision of law for any device which he believes is not likely to be used as a weapon shall submit a written request, in triplicate, for a ruling thereon to the Director. Each such request shall be executed under the penalties of perjury and contain a complete and accurate description of the device, the name and address of the manufacturer or importer thereof, the purpose of and use for which it is intended, and such photographs, diagrams, or drawings as may be necessary to enable the Director to make his determination. The Director may require the submission to him, of a sample of such device for examination and evaluation. If the submission of such device is impracticable, the person requesting the ruling shall so advise the Director and designate the place where the device will be available for examination and evaluation.

§ 179.25 Collector's items.

The Director shall determine in accordance with 26 U.S.C. 5845(a), whether a firearm or device, which although originally designed as a weapon, is by reason of the date of its manufacture, value, design, and other characteristics primarily a collector's item and is not likely to be used as a weapon. A person who desires to obtain a determination under that provision of law shall follow the procedures prescribed in § 179.24 relating to destructive device determinations, and shall include information as to date of manufacture, value, design and other characteristics which would sustain a finding that the firearm or device is primarily a collector's item and is not likely to be used as a weapon.

§ 179.26 Alternate methods or procedures; emergency variations from requirements.

(a) Alternate methods or procedures. Any person subject to the provisions of this part, on specific approval by the Director as provided in this paragraph, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. The Director may approve an alternate method or procedure, subject to stated conditions, when it is found that:

(1) Good cause is shown for the use of the alternate method or procedure;

(2) The alternate method or procedure is within the purpose of, and consistent with the effect intended by, the specifically prescribed method or procedure and that the alternate method or procedure is substantially equivalent to that specifically prescribed method or procedure; and

(3) The alternate method or procedure will not be contrary to any provision of law and will not result in an increase in cost to the Government or hinder the effective administration of this part. Where such person desires to employ an alternate method or procedure, a written application shall be submitted to the appropriate regional director (compliance), for transmittal to the Director. The application shall specifically describe the proposed alternate method or procedure and shall set forth the reasons for it. Alternate methods or procedures may not be employed until the application is approved by the Director. Such person shall, during the period of authorization of an alternate method or procedure, comply with the terms of the approved application. Authorization of any alternate method or procedure may be withdrawn whenever, in the judgment of the Director, the effective administration of this part is hindered by the continuation of the authorization.

(b) Emergency variations from requirements. The Director may approve a method of operation other than as specified in this part, where it is found that an emergency exists and the proposed variation from the specified requirements are necessary and the proposed variations (1) will not hinder the effective administration of this part,
§ 179.31 Liability for tax.

(a) General. Every person who engages in the business of importing, manufacturing, or dealing in (including pawnbrokers) firearms in the United States shall pay a special (occupational) tax at a rate specified by §179.32. The tax shall be paid on or before the date of commencing the taxable business, and thereafter every year on or before July 1. Special (occupational) tax shall not be prorated. The tax shall be computed for the entire tax year (July 1 through June 30), regardless of the portion of the year during which the taxpayer engages in business. Persons commencing business at any time after July 1 in any year are liable for the special (occupational) tax for the entire tax year.

(b) Each place of business taxable. An importer, manufacturer, or dealer in firearms incurs special tax liability at each place of business where an occupation subject to special tax is conducted. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Passageways, streets, highways, rail crossings, waterways, or partitions dividing the premises are not sufficient separation to require additional special tax, if the divisions of the premises are otherwise contiguous. See also §§179.38–179.39.

(26 U.S.C. 5413, 5801, 5846)

(c) A taxpayer who was engaged in a business on January 1, 1988, for which a special (occupational) tax was paid for a taxable period which began before January 1, 1988, and included that date, shall pay an increased special tax for the period January 1, 1988, through
June 30, 1988. The increased tax shall not exceed one-half the excess (if any) of (1) the rate of special tax in effect on January 1, 1988, over (2) the rate of such tax in effect on December 31, 1987. The increased special tax shall be paid on or before April 1, 1988.

§ 179.32a Reduced rate of tax for small importers and manufacturers.

(a) General. Effective January 1, 1988, 26 U.S.C. 5801(b) provides for a reduced rate of special tax with respect to any importer or manufacturer whose gross receipts (for the most recent taxable year ending before the first day of the taxable period to which the special tax imposed by §179.32 relates) are less than $500,000. The rate of tax for such an importer or manufacturer is $500 per year or fraction thereof. The “taxable year” to be used for determining gross receipts is the taxpayer’s income tax year. All gross receipts of the taxpayer shall be included, not just the gross receipts of the business subject to special tax. Proprietors of new businesses that have not yet begun a taxable year, as well as proprietors of existing businesses that have not yet ended a taxable year, who commence a new activity subject to special tax, qualify for the reduced special (occupational) tax rate, unless the business is a member of a “controlled group”; in that case, the rules of paragraph (b) of this section shall apply.

(b) Controlled group. All persons treated as one taxpayer under 26 U.S.C. 5061(c)(3) shall be treated as one taxpayer for the purpose of determining gross receipts under paragraph (a) of this section. “Controlled group” means a controlled group of corporations, as defined in 26 U.S.C. 1563 and implementing regulations in 26 CFR 1.1563–1 through 1.1563–4, except that the words “at least 80 percent” shall be replaced by the words “more than 50 percent” in each place they appear in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of this section.

(c) Short taxable year. Gross receipts for any taxable year of less than 12 months shall be annualized by multiplying the gross receipts for the short period by 12 and dividing the result by the number of months in the short period, as required by 26 U.S.C. 448(c)(3).

(d) Returns and allowances. Gross receipts for any taxable year shall be reduced by returns and allowances made during that year under 26 U.S.C. 448(c)(3).

(26 U.S.C. 448, 5061, 5801)

§ 179.33 Special exemption.

(a) Any person required to pay special (occupational) tax under this part shall be relieved from payment of that tax if he establishes to the satisfaction of the Director that his business is conducted exclusively with, or on behalf of, the United States or any department, independent establishment, or agency thereof. The Director may relieve any person manufacturing firearms for or on behalf of the United States from compliance with any provision of this part in the conduct of the business with respect to such firearms.

(b) The exemption in this section may be obtained by filing with the Director an application, in letter form, setting out the manner in which the applicant conducts his business, the type of firearm to be manufactured, and proof satisfactory to the Director of the existence of the contract with the United States, department, independent establishment, or agency thereof, under which the applicant intends to operate.

§ 179.34 Special tax registration and return.

(a) General. Special tax shall be paid by return. The prescribed return is ATF Form 5630.7, Special Tax Registration and Return. Special tax returns, with payment of tax, shall be filed with ATF in accordance with instructions on the form. Properly completing, signing, and timely filing of a return (Form
§ 179.34 Preparing and Filing Special Tax Returns

5630.7) constitutes compliance with 26 U.S.C. 5802.

(b) Preparation of ATF Form 5630.7. All of the information called for on Form 5630.7 shall be provided, including:

1. The true name of the taxpayer.
2. The trade name(s) (if any) of the business(es) subject to special tax.
3. The employer identification number (see §179.35).
4. The exact location of the place of business, by name and number of building or street, or if these do not exist, by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown shall be the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer).
5. The class(es) of special tax to which the taxpayer is subject.
6. Ownership and control information: That is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. “Owner of the business” shall include every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with a license application under Part 178 of this chapter, and if the information previously provided is still current.

(c) Multiple locations and/or classes of tax. A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

1. File one special tax return, ATF Form 5630.7, with payment of tax, to cover all such locations and classes of tax; and
2. Prepare, in duplicate, a list identified with the taxpayer’s name, address (as shown on ATF Form 5630.7), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer) for not less than 3 years.

(d) Signing of ATF Forms 5630.7—(1) Ordinary returns. The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner. The return of a corporation shall be signed by any officer. In each case, the person signing the return shall designate his or her capacity as “individual owner,” “member of firm,” or, in the case of a corporation, the title of the officer.

2. Fiduciaries. Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(3) Agent or attorney in fact. If a return is signed by an agent or attorney in fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney in fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office with which the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) Perjury statement. ATF Forms 5630.7 shall contain or be verified by a written declaration that the return has been executed under the penalties of perjury.

(e) Identification of taxpayer. If the taxpayer is an individual, with the initial return such person shall securely attach to Form 5630.7 a photograph of the individual 2 × 2 inches in size, clearly showing a full front view of the features of the individual with head bare, with the distance from the top of the head to the point of the chin approximately 1¾ inches, and which shall have been taken within 6 months prior to the date of completion of the return. The individual shall also attach to the return a properly completed FBI Form FD-258 (Fingerprint Card). The fingerprints must be clear for accurate classification and should be taken by someone properly equipped to take them:

§ 179.38 Engaging in business at more than one location.

A person shall pay the special (occupational) tax for each location where he engages in any business taxable under 26 U.S.C. 5801. However, a person paying a special (occupational) tax covering his principal place of business may utilize other locations solely for storage of firearms without incurring special (occupational) tax liability at such locations. A manufacturer, upon the single payment of the appropriate special (occupational) tax, may sell firearms, if such firearms are of his own manufacture, at the place of manufacture and at his principal office or place of business if no such firearms, except samples, are kept at such office or place of business. When a person changes the location of a business for which he has paid the special (occupational) tax, he will be liable for another such tax unless the change is properly registered with the regional director (compliance) for the region in which the special tax stamp was issued, as provided in §179.46.

§ 179.39 Engaging in more than one business at the same location.

If more than one business taxable under 26 U.S.C. 5801, is carried on at the same location during a taxable year, the special (occupational) tax imposed on each such business must be paid. This section does not require a qualified manufacturer or importer to qualify as a dealer if such manufacturer or importer also engages in business on his qualified premises as a dealer. However, a qualified manufacturer who engages in business as an importer must also qualify as an importer. Further, a qualified dealer is not entitled to engage in business as a manufacturer or importer.

§ 179.40 Partnership liability.

Any number of persons doing business in partnership at any one location shall be required to pay but one special (occupational) tax.

§ 179.41 Single sale.

A single sale, unattended by circumstances showing the one making the sale to be engaged in business, does not create special (occupational) tax liability.

§ 179.42 Changes through death of owner.

Whenever any person who has paid special (occupational) tax dies, the surviving spouse or child, or executors or administrators, may carry on this business for the remainder of the term for which tax has been paid and at the place (or places) for which the tax was paid, without any additional payment, subject to the following conditions. If the surviving spouse or child, or executor or administrator, or other legal representative of the deceased taxpayer continues the business, such person shall, within 30 days after the death of the taxpayer, file a new return, Form 5630.7, with ATF in accordance with the instructions on the form. The return thus executed shall show the name of the original taxpayer, together with the basis of the succession. (As to liability in case of failure to register, see §179.49.)

§ 179.43 Changes through bankruptcy of owner.

A receiver or referee in bankruptcy may continue the business under the stamp issued to the taxpayer at the place and for the period for which the tax was paid. An assignee for the benefit of creditors may continue business under his assignor’s special tax stamp without incurring additional special (occupational) tax liability. In such cases, the change shall be registered with ATF in a manner similar to that required by §179.42.

§ 179.44 Change in partnership or unincorporated association.

When one or more members withdraw from a partnership or an unincorporated association, the remaining member, or members, may, without incurring additional special (occupational) tax liability, carry on the same business at the same location for the balance of the taxable period for which special (occupational) tax was paid, provided any such change shall be registered in the same manner as required by §179.42. Where new member(s) are taken into a partnership or an unincorporated association, the new firm must file a return, pay the special (occupational) tax and register in the same manner as a person who first engages in business is required to do under §179.34 even though the name of the new firm may be the same as that of the old. Where the members of a partnership or an unincorporated association, which has paid special (occupational) tax, form a corporation to continue the business, a new special tax stamp must be taken out in the name of the corporation.
§ 179.45 Changes in corporation.

Additional special (occupational) tax is not required by reason of a mere change of name or increase in the capital stock of a corporation if the laws of the State of incorporation provide for such change or increase without the formation of a new corporation. A stockholder in a corporation who after its dissolution continues the business, incurs new special (occupational) tax liability.

CHANGE OF BUSINESS LOCATION

§ 179.46 Notice by taxpayer.

Whenever during the taxable year a taxpayer intends to remove his business to a location other than specified in his last special (occupational) tax return (see § 179.34), he shall file with ATF (a) a return, Form 5630.7, bearing the notation “Removal Registry,” and showing the new address intended to be used, (b) his current special tax stamp, and (c) a letter application requesting the amendment of his registration. The regional director (compliance), upon approval of the application, shall return the special tax stamp, amended to show the new business location. Firearms operations shall not be commenced at the new business location by the taxpayer prior to the required approval of his application to so change his business location.

§ 179.47 Notice by taxpayer.

Whenever during the taxable year a taxpayer intends to change the name of his business, he shall file with ATF (a) a return, Form 5630.7, bearing the notation “Amended,” and showing the trade name intended to be used, (b) his current special tax stamp, and (c) a letter application requesting the amendment of his registration. The regional director (compliance), upon approval of the application, shall return the special tax stamp, amended to show the new trade name. Firearms operations shall not be commenced under the new trade name by the taxpayer prior to the required approval of his application to so change the trade name.

§ 179.48 Failure to pay special (occupational) tax.

Any person who engages in a business taxable under 26 U.S.C. 5801, without timely payment of the tax imposed with respect to such business (see § 179.34) shall be liable for such tax, plus the interest and penalties thereon (see 26 U.S.C. 6601 and 6651). In addition, such person may be liable for criminal penalties under 26 U.S.C. 5871.

§ 179.49 Failure to register change or removal.

Any person succeeding to and carrying on a business for which special (occupational) tax has been paid without registering such change within 30 days thereafter, and any taxpayer removing his business with respect to which special (occupational) tax has been paid to a place other than that for which tax was paid without obtaining approval therefor (see § 179.46), will incur liability to an additional payment of the tax, addition to tax and interest, as provided in sections 5801, 6651, and 6601, respectively, I.R.C., for failure to make return (see § 179.50) or pay tax, as well as criminal penalties for carrying on business without payment of special (occupational) tax (see section 5871 I.R.C.).

§ 179.50 Delinquency.

Any person liable for special (occupational) tax under section 5801, I.R.C., who fails to file a return (Form 5630.7), as prescribed, will be liable for a delinquency penalty computed on the amount of tax due unless a return (Form 5630.7) is later filed and failure to file the return timely is shown to the satisfaction of the regional director (compliance), to be due to reasonable cause. The delinquency penalty to be
§ 179.51 Fraudulent return.

If any part of any underpayment of tax required to be shown on a return is due to fraud, there shall be added to the tax an amount equal to 50 percent of the underpayment, but no delinquency penalty shall be assessed with respect to the same underpayment (section 6653, I.R.C.).

§ 179.52 State regulations.

Special tax stamps are merely receipts for the tax. Payment of tax under Federal law confers no privilege to act contrary to State law. One to whom a special tax stamp has been issued may still be punishable under a State law prohibiting or controlling the manufacture, possession or transfer of firearms. On the other hand, compliance with State law confers no immunity under Federal law. Persons who engage in the business of importing, manufacturing or dealing in firearms, in violation of the law of a State, are nevertheless required to pay special (occupational) tax as imposed under the internal revenue laws of the United States. For provisions relating to restrictive use of information furnished to comply with the provisions of this part see §179.23.

Subpart E—Tax on Making Firearms

§ 179.61 Rate of tax.

Except as provided in this subpart, there shall be levied, collected, and paid upon the making of a firearm a tax at the rate of $200 for each firearm made. This tax shall be paid by the person making the firearm. Payment of the tax on the making of a firearm shall be represented by a $200 adhesive stamp bearing the words “National Firearms Act.” The stamps are maintained by the Director.

Application to Make a Firearm

§ 179.62 Application to make.

No person shall make a firearm unless the person has filed with the Director a written application on Form 1 (Firearms), Application to Make and Register a Firearm, in duplicate, executed under the penalties of perjury, to make and register the firearm and has received the approval of the Director to make the firearm which approval shall effectuate registration of the weapon to the applicant. The application shall identify the firearm to be made by serial number, type, model, caliber or gauge, length of barrel, other marks of identification, and the name and address of original manufacturer (if the applicant is not the original manufacturer). The applicant must be identified on the Form 1 (Firearms) by name and address and, if other than a natural person, the name and address of the principal officer or authorized representative and the employer identification number and, if an individual, the information prescribed in §179.63. Each applicant shall identify the Federal firearms license and special (occupational) tax stamp issued to the applicant, if any. The applicant shall also show required information evidencing that making or possession of the firearm would not be in violation of law. If the making is taxable, a remittance in the amount of $200 shall be submitted with the application in accordance with the instructions on the form. If the making is taxable and the application is approved, the Director will affix a National Firearms Act stamp to the original application in the space provided therefor and properly cancel the stamp (see §179.67). The approved application will be returned to the applicant. If the making of the firearm is tax exempt under this part, an explanation of the
§ 179.63 Identification of applicant.
If the applicant is an individual, the applicant shall securely attach to each copy of the Form 1 (Firearms), in the space provided on the form, a photograph of the applicant 2 × 2 inches in size, clearly showing a full front view of the features of the applicant with head bare, with the distance from the top of the head to the point of the chin approximately 1 3/4 inches, and which shall have been taken within 1 year prior to the date of the application. The applicant shall attach two properly completed FBI Forms FD–258 (Fingerprint Card) to the application. The fingerprints must be clear for accurate classification and should be taken by someone properly equipped to take them. A certificate of the local chief of police, sheriff of the county, head of the State police, State or local district attorney or prosecutor, or such other person whose certificate may in a particular case be acceptable to the Director, shall be completed on each copy of the Form 1 (Firearms). The certificate shall state that the certifying official is satisfied that the fingerprints and photograph accompanying the application are those of the applicant and that the certifying official has no information indicating that possession of the firearm by the maker would be in violation of State or local law or that the maker will use the firearm for other than lawful purposes.

§ 179.64 Procedure for approval of application.
The application to make a firearm, Form 1 (Firearms), must be forwarded directly, in duplicate, by the maker of the firearm to the Director in accordance with the instructions on the form. The Director will consider the application for approval or disapproval. If the application is approved, the Director will return the original thereof to the maker of the firearm and retain the duplicate. Upon receipt of the approved application, the maker is authorized to make the firearm described therein.

The maker of the firearm shall not, under any circumstances, make the firearm until the application, satisfactorily executed, has been forwarded to the Director and has been approved and returned by the Director with the National Firearms Act stamp affixed. If the application is disapproved, the original Form 1 (Firearms) and the remittance submitted by the applicant for the purchase of the stamp will be returned to the applicant with the reason for disapproval stated on the form.

§ 179.65 Denial of application.
An application to make a firearm shall not be approved by the Director if the making or possession of the firearm would place the person making the firearm in violation of law.

§ 179.66 Subsequent transfer of firearms.
Where a firearm which has been made in compliance with 26 U.S.C. 5821, and the regulations contained in this part, is to be transferred subsequently, the transfer provisions of the firearms laws and regulations must be complied with. (See subpart F of this part).

§ 179.67 Cancellation of stamp.
The person affixing to a Form 1 (Firearms) a “National Firearms Act” stamp shall cancel it by writing or stamping thereon, in ink, his initials, and the day, month and year, in such manner as to render it unfit for reuse. The cancellation shall not so deface the stamp as to prevent its denomination and genuineness from being readily determined.

EXCEPTIONS TO TAX ON MAKING FIREARMS

§ 179.68 Qualified manufacturer.
A manufacturer qualified under this part to engage in such business may make firearms without payment of the making tax. However, such manufacturer shall report and register each
§ 179.69 Making a firearm for the United States.

A firearm may be made by, or on behalf of, the United States or any department, independent establishment, or agency thereof without payment of the making tax. However, if a firearm is to be made on behalf of the United States, the maker must file an application, in duplicate, on Form 1 (Firearms) and obtain the approval of the Director in the manner prescribed in §179.62.

§ 179.70 Certain government entities.

A firearm may be made without payment of the making tax by, or on behalf of, any State, or possession of the United States, any political subdivision thereof, or any official police organization of such a government entity engaged in criminal investigations. Any person making a firearm under this exemption shall first file an application, in duplicate, on Form 1 (Firearms) and obtain the approval of the Director as prescribed in §179.62.

§ 179.71 Proof of registration.

The approval by the Director of an application, Form 1 (Firearms), to make a firearm under this subpart shall effectuate registration of the firearm described in the Form 1 (Firearms) to the person making the firearm. The original Form 1 (Firearms) showing approval by the Director shall be retained by the maker to establish proof of his registration of the firearm described therein, and shall be made available to any ATF officer on request.

Subpart F—Transfer Tax

§ 179.81 Scope of tax.

Except as otherwise provided in this part, each transfer of a firearm in the United States is subject to a tax to be represented by an adhesive stamp of the proper denomination bearing the words “National Firearms Act” to be affixed to the Form 4 (Firearms), Application for Transfer and Registration of Firearm, as provided in this subpart.

§ 179.82 Rate of tax.

The transfer tax imposed with respect to firearms transferred within the United States is at the rate of $200 for each firearm transferred, except that the transfer tax on any firearm classified as “any other weapon” shall be at the rate of $5 for each such firearm transferred. The tax imposed on the transfer of the firearm shall be paid by the transferor.

§ 179.83 Transfer tax in addition to import duty.

The transfer tax imposed by section 5811, I.R.C., is in addition to any import duty.

Application and Order for Transfer of Firearm

§ 179.84 Application to transfer.

Except as otherwise provided in this subpart, no firearm may be transferred in the United States unless an application, Form 4 (Firearms), Application for Transfer and Registration of Firearm, in duplicate, executed under the penalties of perjury to transfer the firearm and register it to the transferee has been filed with and approved by the Director. The application, Form 4 (Firearms), shall be filed by the transferor and shall identify the firearm to be transferred by type; serial number; name and address of the manufacturer and importer, if known; model; caliber, gauge or size; in the case of a short-barreled shotgun or a short-barreled rifle, the length of the barrel; in the case of a weapon made from a rifle or shotgun, the overall length of the weapon and the length of the barrel; and any other identifying marks on the firearm. In the event the firearm does not bear a serial number, the applicant shall obtain a serial number from the Regional director (compliance) and shall stamp (impress) or otherwise conspicuously place such serial number on the firearm in a manner not susceptible of being readily obliterated, altered or removed. The application, Form 4 (Firearms), shall identify the transferor by name and address;
shall identify the transferor’s Federal firearms license and special (occupational) Chapter tax stamp, if any; and if the transferor is other than a natural person, shall show the title or status of the person executing the application. The application also shall identify the transferee by name and address, and, if the transferee is a natural person not qualified as a manufacturer, importer or dealer under this part, the transferee shall be further identified in the manner prescribed in §179.85. The application also shall identify the special (occupational) tax stamp and Federal firearms license of the transferee, if any. Any tax payable on the transfer must be represented by an adhesive stamp of proper denomination being affixed to the application, Form 4 (Firearms), properly cancelled.

§ 179.85 Identification of transferee.

If the transferee is an individual, such person shall securely attach to each copy of the application, Form 4 (Firearms), in the space provided on the form, a photograph of the applicant 2 × 2 inches in size, clearly showing a full front view of the features of the applicant with head bare, with the distance from the top of the head to the point of the chin approximately 1 ¼ inches, and which shall have been taken within 1 year prior to the date of the application. The transferee shall attach two properly completed FBI Forms FD–258 (Fingerprint Card) to the application. The fingerprints must be clear for accurate classification and should be taken by someone properly equipped to take them. A certificate of the local chief of police, sheriff of the county, head of the State police, State or local district attorney or prosecutor, or such other person whose certificate may in a particular case be acceptable to the Director, shall be completed on each copy of the Form 4 (Firearms). The certificate shall state that the certifying official is satisfied that the fingerprints and photograph accompanying the application are those of the applicant and that the certifying official has no information indicating that the receipt or possession of the firearm would place the transferee in violation of State or local law or that the transferee will use the firearm for other than lawful purposes.

§ 179.86 Action on application.

The Director will consider a completed and properly executed application, Form 4 (Firearms), to transfer a firearm. If the application is approved, the Director will affix the appropriate National Firearms Act stamp, cancel it, and return the original application showing approval to the transferor who may then transfer the firearm to the transferee along with the approved application. The approval of an application, Form 4 (Firearms), by the Director will effectuate registration of the firearm to the transferee. The transferee shall not take possession of a firearm until the application, Form 4 (Firearms), for the transfer filed by the transferor has been approved by the Director and registration of the firearm is effectuated to the transferee. The transferee shall retain the approved application, Form 4 (Firearms), available to any ATF officer on request. If the application, Form 4 (Firearms), to transfer a firearm is disapproved by the Director, the original application and the remittance for purchase of the stamp will be returned to the transferor with reasons for the disapproval stated on the application. An application, Form 4 (Firearms), to transfer a firearm shall be denied if the transfer, receipt, or possession of a firearm would place the transferee in violation of law. In addition to any other records checks that may be conducted to determine whether the transfer, receipt, or possession of a firearm would place the transferee in violation of law, the Director shall contact the National Instant Criminal Background Check System.

§ 179.87 Cancellation of stamp.

The method of cancellation of the stamp required by this subpart as prescribed in § 179.67 shall be used.

EXEMPTIONS RELATING TO TRANSFERS OF FIREARMS

§ 179.88 Special (occupational) taxpayers.

(a) A firearm registered to a person qualified under this part to engage in business as an importer, manufacturer, or dealer may be transferred by that person without payment of the transfer tax to any other person qualified under this part to manufacture, import, or deal in firearms.

(b) The exemption provided in paragraph (a) of this section shall be obtained by the transferor of the firearm filing with the Director an application, Form 3 (Firearms), Application for Tax-exempt Transfer of Firearm and Registration to Special (Occupational) Taxpayer, in duplicate, executed under the penalties of perjury. The application, Form 3 (Firearms), shall (1) show the name and address of the transferor and of the transferee, (2) identify the Federal firearms license and special (occupational) tax stamp of the transferor and of the transferee, (3) show the name and address of the manufacturer and the importer of the firearm, if known, (4) show the type, model, overall length (if applicable), length of barrel, caliber, gauge or size, serial number, and other marks of identification of the firearm, and (5) contain a statement by the transferor that he is entitled to the exemption because the transferee is a person qualified under this part to manufacture, import, or deal in firearms. If the Director approves an application, Form 3 (Firearms), he shall return the original Form 3 (Firearms) to the transferor with the approval noted thereon.

(c) The transferor shall be responsible for establishing the exempt status of the transferee before making a transfer under the provisions of this section. Therefore, before engaging in transfer negotiations with the transferee, the transferor should satisfy himself as to the claimed exempt status of the transferee and the bona fides of the transaction. If not fully satisfied, the transferor should communicate with the Director, report all circumstances regarding the proposed transfer, and await the Director’s advice before making application for the transfer. An unapproved transfer or a transfer to an unauthorized person may subject the transferor to civil and criminal liabilities. (See 26 U.S.C. 5852, 5861, and 5871.)

§ 179.89 Transfers to the United States.

A firearm may be transferred to the United States or any department, independent establishment or agency thereof without payment of the transfer tax. However, the procedures for the transfer of a firearm as provided in § 179.90 shall be followed in a tax-exempt transfer of a firearm under this section, unless the transferor is relieved of such requirement under other provisions of this part.

§ 179.90 Certain government entities.

(a) A firearm may be transferred without payment of the transfer tax to or from any State, possession of the United States, any political subdivision thereof, or any official police organization of such a governmental entity engaged in criminal investigations.

(b) The exemption provided in paragraph (a) of this section shall be obtained by the transferor of the firearm.
§ 179.92 Filing with the Director an application, Form 5 (Firearms), Application for Tax-exempt Transfer and Registration of Firearm, in duplicate, executed under the penalties of perjury. The application shall (1) show the name and address of the transferor and of the transferee, (2) identify the Federal firearms license and special (occupational) tax stamp, if any, of the transferor and of the transferee, (3) show the name and address of the manufacturer and the importer of the firearm, if known, (4) show the type, model, overall length (if applicable), length of barrel, caliber, gauge or size, serial number, and other marks of identification of the firearm, and (5) contain a statement by the transferor that the transferor is entitled to the exemption because either the transferor or the transferee is a governmental entity coming within the purview of paragraph (a) of this section. In the case of a transfer of a firearm by a governmental entity to a transferee who is a natural person not qualified as a manufacturer, importer, or dealer under this part, the transferee shall be further identified in the manner prescribed in §179.85. If the Director approves an application, Form 5 (Firearms), the original Form 5 (Firearms) shall be returned to the transferor with the approval noted thereon. Approval of an application, Form 5 (Firearms), by the Director shall effectuate the registration of that firearm to the transferee. Upon receipt of the approved Form 5 (Firearms), the transferee shall deliver same with the firearm to the transferee. The transferor shall not transfer the firearm to the transferee until the application, Form 5 (Firearms), has been approved by the Director and the original thereof has been returned to the transferor. If the Director disapproves the application, Form 5 (Firearms), the original Form 5 (Firearms) shall be returned to the transferor with the reasons for the disapproval stated thereon. An application by a governmental entity to transfer a firearm shall be denied if the transferor, recipient, or possession of a firearm would place the transferee in violation of law.

(c) The transferor shall be responsible for establishing the exempt status of the transferee before making a transfer under the provisions of this section. Therefore, before engaging in transfer negotiations with the transferee, the transferor should satisfy himself of the claimed exempt status of the transferee and the bona fides of the transaction. If not fully satisfied, the transferor should communicate with the Director, report all circumstances regarding the proposed transfer, and await the Director's advice before making application for transfer. An unapproved transfer or a transfer to an unauthorized person may subject the transferor to civil and criminal liabilities. (See 26 U.S.C. 5852, 5861, and 5871.)

§ 179.91 Unserviceable firearms.

An unserviceable firearm may be transferred as a curio or ornament without payment of the transfer tax. However, the procedures for the transfer of a firearm as provided in §179.90 shall be followed in a tax-exempt transfer of a firearm under this section, except a statement shall be entered on the transfer application, Form 5 (Firearms), by the transferor that he is entitled to the exemption because the firearm to be transferred is unserviceable and is being transferred as a curio or ornament. An unapproved transfer, the transfer of a firearm under the provisions of this section which is in fact not an unserviceable firearm, or the transfer of an unserviceable firearm as something other than a curio or ornament, may subject the transferor to civil and criminal liabilities. (See 26 U.S.C. 5811, 5852, 5861, and 5871.)

§ 179.92 Transportation of firearms to effect transfer.

Notwithstanding any provision of §178.28 of this chapter, it shall not be required that authorization be obtained from the Director for the transportation in interstate or foreign commerce of a firearm in order to effect
§ 179.93 Transfers of firearms to certain persons.

Where the transfer of a destructive device, machine gun, short-barreled shotgun, or short-barreled rifle is to be made by a person licensed under the provisions of Title I of the Gun Control Act of 1968 (82 Stat. 1213) to a person not so licensed, the sworn statement required by §178.98 of this chapter shall be attached to and accompany the transfer application required by this subpart.

Subpart G—Registration and Identification of Firearms

§ 179.101 Registration of firearms.

(a) The Director shall maintain a central registry of all firearms in the United States which are not in the possession of or under the control of the United States. This registry shall be known as the National Firearms Registration and Transfer Record and shall include:

(1) Identification of the firearm as required by this part;

(2) Date of registration; and

(3) Identification and address of person entitled to possession of the firearm as required by this part.

(b) Each manufacturer, importer, and maker shall register each firearm he manufactures, imports, or makes in the manner prescribed by this part. Each firearm transferred shall be registered to the transferee by the transferor in the manner prescribed by this part. No firearm may be registered by a person unlawfully in possession of the firearm except during an amnesty period established under section 207 of the Gun Control Act of 1968 (82 Stat. 1235).

(c) A person shown as possessing firearms by the records maintained by the Director pursuant to the National Firearms Act (26 U.S.C. Chapter 53) in force on October 31, 1968, shall be considered to have registered the firearms in his possession which are disclosed by that record as being in his possession on October 31, 1968.

(d) The National Firearms Registration and Transfer Record shall include firearms registered to the possessors thereof under the provisions of section 207 of the Gun Control Act of 1968.

(e) A person possessing a firearm registered to him shall retain proof of registration which shall be made available to any ATF officer upon request.

(f) A firearm not identified as required by this part shall not be registered.

§ 179.102 Identification of firearms.

Each manufacturer, importer, or maker of a firearm shall legibly identify it by engraving, casting, stamping (impressed), or otherwise conspicuously placing or causing to be engraved, cast, stamped (impressed) or placed on the frame or receiver thereof in a manner not susceptible of being readily obliterated, altered, or removed, an individual serial number not duplicating any serial number placed by the manufacturer, importer, or maker on any other firearm, and by engraving, casting, stamping (impressed), or otherwise conspicuously placing or causing to be engraved, cast, stamped (impressed), or placed on the frame, receiver, or barrel thereof in a manner not susceptible of being readily obliterated, altered, or removed, the model, if such designation has been made; the caliber or gauge; the name (or recognized abbreviation of same) of the manufacturer, or maker, and also, when applicable, of the importer; in the case of a domestically made firearm, the city and State (or recognized abbreviation thereof) wherein the manufacturer or importer maintains his place of business, or the maker made the firearm; and in the case of an imported firearm, the name of the country in which manufactured and the city and State (or recognized abbreviation thereof) of the importer: Provided, That the Director may authorize other means of identification of the manufacturer, importer, or maker upon receipt of letter application, in duplicate, from same showing that such other identification is
reasonable and will not hinder the effective administration of this part: Provided, further, That in the case of a destructive device, the Director may authorize other means of identifying that weapon upon receipt of letter application, in duplicate, from the manufacturer, importer, or maker showing that engraving, casting, or stamping (impressing) such a weapon would be dangerous or impracticable. A firearm frame or receiver or any other part defined as a machine gun or a muffler or silencer for the purposes of this part which is not a component part of a complete firearm at the time it is sold, shipped, or otherwise disposed of by a manufacturer, importer, or maker shall be identified as required by this section. The Director may authorize other means of identification of parts defined as machine guns other than frames or receivers and parts defined as mufflers or silencers upon receipt of a letter application, in duplicate, showing that such other identification is reasonable and will not hinder the effective administration of this part.

§ 179.103 Registration of firearms manufactured.

Each manufacturer qualified under this part shall file with the Director an accurate notice on Form 2 (Firearms), Notice of Firearms Manufactured or Imported, executed under the penalties of perjury, to show his manufacture of firearms. The notice shall set forth the name and address of the manufacturer, identify his special (occupational) tax stamp and Federal firearms license, and show the date of manufacture, the type, model, length of barrel, overall length, caliber, gauge or size, serial numbers, and other marks of identification of the firearms he manufactures, and the place where the manufactured firearms will be kept. All firearms manufactured by him during a single day shall be included on one notice, Form 2 (Firearms), filed by the manufacturer no later than the close of the next business day. The manufacturer shall prepare the notice, Form 2 (Firearms), in duplicate, file the original notice as prescribed herein and keep the copy with the records required by subpart I of this part at the premises covered by his special (occupational) tax stamp. Receipt of the notice, Form 2 (Firearms), by the Director shall effectuate the registration of the firearms listed on that notice. The requirements of this part relating to the transfer of a firearm are applicable to transfers by qualified manufacturers.

§ 179.104 Registration of firearms by certain governmental entities.

Any State, any political subdivision thereof, or any official police organization of such a government entity engaged in criminal investigations, which acquires for official use a firearm not registered to it, such as by abandonment or by forfeiture, will register such firearm with the Director by filing Form 10 (Firearms), Registration of Firearms Acquired by Certain Governmental Entities, and such registration shall become a part of the National Firearms Registration and Transfer Record. The application shall identify the applicant, describe each firearm covered by the application, show the location where each firearm usually will be kept, and, if the firearm is unserviceable, the application shall show how the firearm was made unserviceable. This section shall not apply to a firearm merely being held for use as evidence in a criminal proceeding. The Form 10 (Firearms) shall be executed in duplicate in accordance with the instructions thereon. Upon registering the firearm, the Director shall return the original Form 10 (Firearms) to the registrant with notification thereon that registration of the firearm has been made. The registration of any firearm under this section is for official use only and a subsequent transfer will be approved only to other governmental entities for official use.
§ 179.105 Transfer and possession of machine guns.

(a) General. As provided by 26 U.S.C. 5812 and 26 U.S.C. 5822, an application to make or transfer a firearm shall be denied if the making, transfer, receipt, or possession of the firearm would place the maker or transferee in violation of law. Section 922(o), Title 18, U.S.C., makes it unlawful for any person to transfer or possess a machine gun, except a transfer to or by, or possession by or under the authority of, the United States or any department or agency thereof or a State, or a department, agency, or political subdivision thereof; or any lawful transfer or lawful possession of a machine gun that was lawfully possessed before May 19, 1986. Therefore, notwithstanding any other provision of this part, no application to make, transfer, or import a machine gun will be approved except as provided by this section.

(b) Machine guns lawfully possessed prior to May 19, 1986. A machine gun possessed in compliance with the provisions of this part prior to May 19, 1986, may continue to be lawfully possessed by the person to whom the machine gun is registered and may, upon compliance with the provisions of this part, be lawfully transferred to and possessed by the transferee.

(c) Importation and manufacture. Subject to compliance with the provisions of this part, importers and manufacturers qualified under this part may import and manufacture machine guns on or after May 19, 1986, for sale or distribution to any department or agency of the United States or any State or political subdivision thereof, or for use by dealers qualified under this part as sales samples as provided in paragraph (d) of this section. The registration of such machine guns under this part and their subsequent transfer shall be conditioned upon and restricted to the sale or distribution of such weapons for the official use of Federal, State or local governmental entities. Subject to compliance with the provisions of this part, manufacturers qualified under this part may manufacture machine guns on or after May 19, 1986, for exportation in compliance with the Arms Export Control Act (22 U.S.C. 2778) and regulations prescribed thereunder by the Department of State.

(d) Dealer sales samples. Subject to compliance with the provisions of this part, applications to transfer and register a machine gun manufactured or imported on or after May 19, 1986, to dealers qualified under this part will be approved if it is established by specific information the expected governmental customers who would require a demonstration of the weapon, information as to the availability of the machine gun to fill subsequent orders, and letters from governmental entities expressing a need for a particular model or interest in seeing a demonstration of a particular weapon. Applications to transfer more than one machine gun of a particular model to a dealer must also establish the dealer’s need for the quantity of samples sought to be transferred.

(e) The making of machine guns on or after May 19, 1986. Subject to compliance with the provisions of this part, applications to make and register machine guns on or after May 19, 1986, for the benefit of a Federal, State or local governmental entity (e.g., an invention for possible future use of a governmental entity or the making of a weapon in connection with research and development on behalf of such an entity) will be approved if it is established by specific information that the machine gun is particularly suitable for use by Federal, State or local governmental entities and that the making of the weapon is at the request and on behalf of such an entity.

(f) Discontinuance of business. Since section 922(o), Title 18, U.S.C., makes it unlawful to transfer or possess a machine gun except as provided in the law, any qualified manufacturer, importer, or dealer intending to discontinue business shall, prior to going out of business, transfer in compliance with the provisions of this part any machine gun manufactured or imported after May 19, 1986, to a Federal, State or local governmental entity, qualified manufacturer, qualified importer, or, subject to the provisions of paragraph (d) of this section, dealer qualified to possess such machine gun.

Subpart H—Importation and Exportation

§ 179.111 Procedure.

(a) No firearm shall be imported or brought into the United States or any territory under its control or jurisdiction unless the person importing or bringing in the firearm establishes to the satisfaction of the Director that the firearm to be imported or brought in is being imported or brought in for:

(1) The use of the United States or any department, independent establishment, or agency thereof or any State or possession or any political subdivision thereof;

(2) Scientific or research purposes; or

(3) Testing or use as a model by a registered manufacturer or solely for use as a sample by a registered importer or registered dealer.

The burden of proof is affirmatively on any person importing or bringing the firearm into the United States under this paragraph to show that the firearm is being imported or brought in under one of the above paragraphs. Any person desiring to import or bring a firearm into the United States under this paragraph shall file with the Director an application on Form 6 (Firearms), Application and Permit for Importation of Firearms, Ammunition and Implements of War, in triplicate, executed under the penalties of perjury. The application shall show the information required by subpart G of Part 178 of this chapter. A detailed explanation of why the importation of the firearm falls within the standards set out in this paragraph shall be attached to the application. The person seeking to import or bring in the firearm will be notified of the approval or disapproval of his application. If the application is approved, the original Form 6 (Firearms) will be returned to the applicant showing such approval and he will present the approved application, Form 6 (Firearms), to the Customs officer at the port of importation. The approval of an application to import a firearm shall be automatically terminated at the expiration of one year from the date of approval unless, upon request, it is further extended by the Director. If the firearm described in the approved application is not imported prior to the expiration of the approval, the Director shall be so notified. Customs officers will not permit release of a firearm from Customs custody, except for exportation, unless covered by an application which has been approved by the Director and which is currently effective. The importation or bringing in of a firearm not covered by an approved application may subject the person responsible to civil and criminal liabilities. (26 U.S.C. 5861, 5871, and 5872.)

(b) Part 178 of this chapter contains requirements and procedures for the importation of firearms into the United States. A firearm may not be imported into the United States under this part unless those requirements and procedures are also complied with by the person importing the firearm.

(c) The provisions of this subpart shall not be construed as prohibiting the return to the United States or any territory under its control or jurisdiction of a firearm by a person who can establish to the satisfaction of Customs that (1) the firearm was taken out of the United States or any territory under its control or jurisdiction by such person, (2) the firearm is registered to that person, and (3) if appropriate, the authorization required by Part 178 of this chapter for the transportation of such a firearm in interstate or foreign commerce has been obtained by such person.

§ 179.112 Registration of imported firearms.

(a) Each importer shall file with the Director an accurate notice on Form 2 (Firearms), Notice of Firearms Manufactured or Imported, executed under the penalties of perjury, showing the importation of a firearm. The notice shall set forth the name and address of the importer, identify the importer’s special (occupational) tax stamp and Federal firearms license, and show the import permit number, the date of release from Customs custody, the type, model, length of barrel, overall length,
§ 179.113 Conditional importation.

The Director shall permit the conditional importation or bringing into the United States of any firearm for the purpose of examining and testing the firearm in connection with making a determination as to whether the importation or bringing in of such firearm will be authorized under this subpart. An application under this section shall be filed on Form 6 (Firearms), in triplicate, with the Director. The Director may impose conditions upon any importation under this section including a requirement that the firearm be shipped directly from Customs custody to the Director and that the person importing or bringing in the firearm must agree to either export the weapon or destroy it if a final determination is made that it may not be imported or also establish the importer’s or dealer’s need for the quantity of samples sought to be imported.

(d) Subject to compliance with the provisions of this part, an application, Form 6 (Firearms), to import a firearm by an importer or dealer qualified under this part, for use as a sample in connection with sales of such firearms to Federal, State or local governmental entities, will be approved if it is established by specific information attached to the application that the firearm is particularly suitable for use by such entities. Such information must show why a sales sample of a particular firearm is suitable for such use and the expected governmental customers who would require a demonstration of the firearm. Information as to the availability of the firearm to fill subsequent orders and letters from governmental entities expressing a need for a particular model or interest in seeing a demonstration of a particular firearm would establish suitability for governmental use. Applications to import more than one firearm of a particular model for use as a sample by an importer or dealer must also establish the importer’s or dealer’s need for the quantity of samples sought to be imported.

§ 179.113 Conditional importation.

The Director shall permit the conditional importation or bringing into the United States of any firearm for the purpose of examining and testing the firearm in connection with making a determination as to whether the importation or bringing in of such firearm will be authorized under this subpart. An application under this section shall be filed on Form 6 (Firearms), in triplicate, with the Director. The Director may impose conditions upon any importation under this section including a requirement that the firearm be shipped directly from Customs custody to the Director and that the person importing or bringing in the firearm must agree to either export the weapon or destroy it if a final determination is made that it may not be imported or
§ 179.118 Proof of exportation.

Within a six-month’s period from date of issuance of the permit to export firearms, the exporter shall furnish or cause to be furnished to the Director (a) the certificate of exportation (Part 3 of Form 9 (Firearms)) executed by the District Director of Customs as provided in §179.117, or (b) the certificate of mailing by parcel post (Part 4 of Form 9 (Firearms)) executed by the Director.

§ 179.115 Action by Director.

If the application is acceptable, the Director will execute the permit, Part 2 of Form 9 (Firearms), to export the firearm described on the form and return three copies thereof to the applicant. Issuance of the permit by the Director will suspend assertion of tax liability for a period of six (6) months from the date of issuance. If the application is disapproved, the Director will indicate thereon the reason for such action and return the forms to the applicant.

§ 179.116 Procedure by exporter.

Shipments may not be made until the permit, Form 9 (Firearms), is received from the Director. If exportation is to be made by means other than by parcel post, two copies of the form must be addressed to the District Director of Customs at the port of exportation, and must precede or accompany the shipment in order to permit appropriate inspection prior to lading. If exportation is to be made by parcel post, one copy of the form must be presented to the postmaster at the office receiving the parcel who will execute Part 4 of such form and return the form to the exporter for transmittal to the Director. In the event exportation is not effected, all copies of the form must be immediately returned to the Director for cancellation.

§ 179.117 Action by Customs.

Upon receipt of a permit, Form 9 (Firearms), in duplicate, authorizing the exportation of firearms, the District Director of Customs may order such inspection as deemed necessary prior to lading of the merchandise. If satisfied that the shipment is proper and the information contained in the permit to export is in agreement with information shown in the shipper’s export declaration, the District Director of Customs will, after the merchandise has been duly exported, execute the certificate of exportation (Part 3 of Form 9 (Firearms)). One copy of the form will be retained with the shipper’s export declaration and the remaining copy thereof will be transmitted to the Director.

§ 179.114 Application and permit for exportation of firearms.

Any person desiring to export a firearm without payment of the transfer tax must file with the Director an application on Form 9 (Firearms), Application and Permit for Exportation of Firearms, in quadruplicate, for a permit providing for deferment of tax liability. Part 1 of the application shall show the names and addresses of the foreign consignee, number of firearms covered by the application, the intended port of exportation, a complete description of each firearm to be exported, the name, address, State Department license number (or date of application if not issued), and identification of the special (occupational) tax stamp of the transferor. Part 1 of the application shall be executed under the penalties of perjury by the transferor and shall be supported by a certified copy of a written order or contract of sale or other evidence showing that the firearm is to be shipped to a foreign designation. Where it is desired to make a transfer free of tax to another person who in turn will export the firearm, the transferor shall likewise file an application supported by evidence that the transfer will start the firearm in course of exportation, except, however, that where such transferor and exporter are registered special-taxpayers the transferor will not be required to file an application on Form 9 (Firearms).
§ 179.119 Transportation of firearms to effect exportation.
Notwithstanding any provision of §178.28 of this chapter, it shall not be required that authorization be obtained from the Director for the transportation in interstate or foreign commerce of a firearm in order to effect the exportation of a firearm authorized under the provisions of this subpart.

§ 179.120 Refunds.
Where, after payment of tax by the manufacturer, a firearm is exported, and satisfactory proof of exportation (see §179.118) is furnished, a claim for refund may be submitted on Form 843 (see §179.172). If the manufacturer waives all claim for the amount to be refunded, the refund shall be made to the exporter. A claim for refund by an exporter of tax paid by a manufacturer should be accompanied by waiver of the manufacturer and proof of tax payment by the latter.

§ 179.121 Insular possessions.
Transfers of firearms to persons in the insular possessions of the United States are exempt from transfer tax, provided title in cases involving change of title (and custody or control, in cases not involving change of title), does not pass to the transferee or his agent in the United States. However, such exempt transactions must be covered by approved permits and supporting documents corresponding to those required in the case of firearms exported to foreign countries (see §§179.114 and 179.115), except that the Director may vary the requirements herein set forth in accordance with the requirements of the governing authority of the insular possession. Shipments to the insular possessions will not be authorized without compliance with the requirements of the governing authorities thereof. In the case of a nontaxable transfer to a person in such insular possession, the exemption extends only to such transfer and not to prior transfers.

The report will show in detail the circumstances of the theft, loss, or destruction and will include all known facts which may serve to identify the document. Upon receipt of the report, the Director will make such investigation as appears appropriate and may issue a duplicate document upon such conditions as the circumstances warrant.

(b) Application for employer identification number. Each taxpayer who files a special tax return, who has not already been assigned an employer identification number, shall file IRS Form SS–4 to apply for one. The taxpayer shall apply for and be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a special tax return. The employer identification number shall be applied for no later than 7 days after the filing of the taxpayer’s first special tax return. (a) Failure to file return. Any person required by this part to file a return on Form 5630.5 who fails to file the return on or before the last date prescribed in §194.104 shall pay, as an addition to the tax, a delinquency penalty, unless it is shown that such failure is due to reasonable cause and due not to willful neglect. The delinquency penalty for failure to file the return on or before the last date prescribed shall be 5 percent of the amount required to be shown as tax on the return if the failure is for not more than one month; with an additional 5 percent for each additional month or fraction thereof during which such delinquency continues, but not more than 25 percent in the aggregate.

The penalty for failure to pay the tax on or before the date prescribed for payment shall be 0.5 percent of the amount shown as tax on the return if the failure is not more than one month; with an additional 0.5 percent for each additional month or fraction thereof during which the failure continues, but not exceeding 25 percent in the aggregate.

With respect to any return on Form 5630.5, the amount of the addition under paragraph (a) of this section shall be reduced by the amount of the addition under paragraph (b) of this section for any month to which an addition to tax applies under both paragraphs (a) and (b) of this section. If the amount of tax required to be shown as tax on the return is less than the amount shown as tax on such return, the penalties prescribed in paragraphs (a) and (b) of this section shall be applied by substituting such lower amount.

§ 194.111 Waiver of penalties.

In every case where a special tax return is not filed, or the tax is not paid, at the time prescribed in §194.104, the delinquency penalties specified in §194.109 for failure to file a return or for failure to pay the amount shown as tax on the return will be asserted and collected unless a reasonable cause for delay in filing the return or payment of the tax is clearly established. A dealer who believes the circumstances which delayed his filing of the return or payment of the tax are reasonable, and who desires to have the penalties waived, shall submit with his return a written statement under the penalties of perjury, affirmatively showing all of the circumstances alleged as reasonable causes for delay. If the regional director (compliance) determines that the delinquency was due to a reasonable cause and not to willful neglect or gross negligence, the addition to the tax will not be assessed. If the taxpayer exercised ordinary business care and prudence and was nevertheless unable to file the return within the prescribed time, or if he made a satisfactory showing that he exercised ordinary business care and prudence in providing for payment of his tax liability and was nevertheless either unable to pay the tax or would have suffered an undue hardship if he had paid on the due date, then the delay is due to reasonable cause. Mere ignorance of the law will not be considered a reasonable cause.

§ 194.123 Stamps covering business in violation of State law.

Regional directors (compliance) are without authority to refuse to issue a special tax stamp to a liquor dealer engaged in business in violation of State law. § 194.124 Stamps for passenger trains, aircraft, and vessels.

Special tax stamps may be issued in general terms ‘‘in the United States’’ to persons who will carry on the business of retail dealers in liquors or retail dealers in beer, on trains, aircraft, boats or other vessels, engaged in the business of carrying passengers. If sales of liquors are made at the same time on two or more passenger carriers, a special tax stamp shall be obtained for each such carrier. However, a dealer may transfer any such stamp from one passenger carrier to another on which he conducts his business, without registering the transfer with ATF, and he may conduct such business throughout the passenger carrying train, aircraft, boat or other vessel, to which the stamp is transferred. A person subject to special tax on two or more passenger carriers shall file one Form 5630.5, prepared in the manner prescribed in §194.106(b), with payment of tax, to
cover all such carriers and shall specify on the Form 5630.5 the number of passenger carriers for which special tax is being paid.

§ 194.125 Carriers not engaged in passenger service.

Except as provided in § 194.126, a special tax stamp may not be issued for the retailing of liquor on any railroad train, aircraft, or boat that is not engaged in the business of carrying passengers.

§ 194.126 Stamps for supply boats or vessels.

Special tax stamps may be issued to persons carrying on the business of a retail dealer in liquor or a retail dealer in beer on supply boats or vessels operated by them, when such persons operate from a fixed address in a port or harbor and supply exclusively boats or other vessels, or persons thereon, at such port or harbor. Any person desiring to obtain a special tax stamp for such business shall file Form 5630.5, prepared in the manner prescribed in § 194.106(b), with remittance, and shall specify on the Form 5630.5, or on an attachment thereto, (a) that the business will consist of supplying exclusively boats, vessels, or persons thereon, (b) the name of the port or harbor at which the business is to be carried on, and (c) the fixed address from which operations are to be conducted: Provided, That where such sales are to be made from two or more supply boats or vessels, the dealer shall obtain a special tax stamp for each such boat or vessel, and shall, in addition to the information required by paragraphs (a), (b), and (c) of this section, specify on the Form 5630.5 the number of supply boats or vessels for which special tax is being paid. A dealer may transfer any such stamp from any boat or vessel on which he discontinues such sales to any other boat or vessel on which he proposes to conduct such business, without registering the transfer with ATF. If the taxpayer operates from two or more fixed addresses, he shall prepare, as required by § 194.106(c), one tax return, Form 5630.5, to cover all such addresses and shall, in addition, show on the attachment to the Form 5630.5 the number of stamps to be procured for supply boats or vessels operating from each address. On receipt of the special tax stamps, the taxpayer shall designate an appropriate number of stamps for each location and shall type thereon the trade name, if different from the name in which the stamp was issued, and the fixed address of the business conducted at the location for which the stamps are designated. He shall then forward the stamps to the place of business designated on the stamps. The taxpayer shall enter on each stamp received for retailing liquors on supply boats or vessels, immediately after the occupational tax classification, the phrase “on supply boats” and in the lower margin the notation, “Covers supplying exclusively of boats or vessels, or persons thereon, at the Port (or Harbor) of” followed by the name of such port or harbor.

§ 194.127 Stamps for retail dealers “At Large.”

A retail dealer in liquors or a retail dealer in beer whose business requires him to travel from place to place in different States of the United States, such as those who sell at carnivals or circuses, may obtain a special tax stamp “At Large” covering his activities throughout the United States with the payment of but one special tax as a retail dealer in liquors or a retail dealer in beer, as required by his business. A dealer desiring such stamp shall state on his special tax return, Form 11, or on an attached statement, the nature of his business and the reason he requires a special tax stamp “At Large.” Unless satisfied that the business of the dealer requires him to travel in more than one State, the regional
§ 194.131 Director (compliance) will not issue a stamp “At Large” to the applicant.

(72 Stat. 134; 26 U.S.C. 5123)

§ 194.132 Lost or destroyed.

If a special tax stamp has been lost or destroyed, the dealer shall immediately notify the regional director (compliance) who issued the stamp. A “Certificate in Lieu of Lost or Destroyed Special Tax Stamp” will be issued to the dealer who submits an affidavit showing to the satisfaction of the regional director (compliance) that the stamp was lost or destroyed. The certificate shall be kept available for inspection in the same manner as prescribed for a special tax stamp in § 194.131.

§ 194.133 Seizure by State authorities.

Where a stamp designated “Retail Dealer in Liquors” is seized by State authorities because it does not conform to the dealer’s local license or permit (wine, or wine and beer), the regional director (compliance) will, on request, issue a “Certificate in Lieu of Lost or Destroyed Special Tax Stamp” to show that the dealer has paid special tax as a “Retail Dealer in Wine” or “Retail Dealer in Wines and Beer,” as the case may require.

§ 194.134 Errors disclosed by taxpayers.

On receipt of a special tax stamp, the dealer will examine it to insure that the name and address are correctly stated; if not, the taxpayer will return the stamp to the regional director (compliance) who issued the stamp with a statement showing the nature of the error and the correct name or address. The regional director (compliance), on receipt of such stamp and statement, will compare the data on the stamp with that of the Form 5630.5 in his files, correct the error if made in his office, and return the stamp to the taxpayer. However, if the error was in the taxpayer’s preparation of the Form 5630.5, the regional director (compliance) will require such taxpayer to file a new Form 5630.5, designated “Amended Return,” setting forth the taxpayer’s correct name and address, and a statement explaining the error on the original Form 5630.5. On receipt of the amended Form 5630.5 and a satisfactory explanation of the error, the regional director (compliance) will make the proper correction on the stamp and return it to the taxpayer.

§ 194.135 Errors discovered on inspection.

When an ATF officer discovers a material error on a special tax stamp in the name, ownership, or address of the dealer, he will secure from the dealer a new Form 5630.5, designated “Amended Return,” showing correctly all of the information required in § 194.106 and, in the body of the form or in an attachment thereto, a statement of the reason for requesting correction of the

§ 194.137 Credit by an ATF officer.

Where the ATF officer discovers that tax was paid for an incorrect class of business for a correct period of liability and examination of the incorrect stamp discloses that no additions to the tax were collected, he may, where the correct tax (including any additions thereto) exceeds the incorrect tax paid, credit the tax paid against such correct tax on receipt by him of an amended Form 5630.5, as provided in §194.136, remittance of the difference between the tax paid and the correct tax plus any additions thereto, and the incorrect stamp. The regional director (compliance) will issue a correct stamp if the additional tax collected is for a current year.

§ 194.138 Receipt for taxes.

An ATF officer will issue a receipt to a dealer if cash is received as a remittance in payment of special tax (including penalties and interest, if any), or for any type of remittance received if the dealer requests a receipt.

§ 194.139 Credit for incorrect stamp.

The regional director (compliance) may credit the tax (including additions thereto) paid for an incorrect stamp if the taxpayer has filed an amended return on Form 5630.5, as provided in §194.136, and has, with his amended return, surrendered the incorrect stamp for credit and submitted a remittance for the difference between the incorrect tax and the correct tax. Where the tax (and additions thereto) paid for the

§ 194.182 Proprietors of distilled spirits plants selling certain distilled spirits or wines.

(a) Exemption of proprietor. No proprietor of a distilled spirits plant shall be required to pay special tax as a wholesale or retail dealer in liquors on account of the sale at his principal business office as designated in writing to the regional director (compliance), or at his distilled spirits plant, of distilled spirits or wines which, at the time of sale, are stored at his distilled spirits plant, or had been removed from such plant to a taxpaid storeroom the operations of which are integrated with the operations of such plant and which is contiguous or adjacent to, or in the immediate vicinity of, such plant. However, no such proprietor shall have more than one place of sale, as to each plant, that shall be exempt from special tax under this section.

(b) Place of exemption. Unless the exemption is claimed elsewhere, it will be presumed that the exemption is claimed at the plant where the spirits or wines are stored. If the proprietor wishes to be exempt from payment of special tax with respect to sales at his principal business office rather than for sales at his plant, he shall notify the regional director (compliance) of the region in which the plant is located of his intention. Such notice shall be in writing, on letter size paper and shall be submitted in triplicate. On approval, two copies will be returned to the proprietor, one to be filed at the principal office, and the original will be retained by the regional director (compliance). bonded wine cellar. However, no such proprietor shall have more than one place of sale, as to each bonded wine cellar, that shall be exempt from special tax under this section.

(b) Place of exemption. Unless the exemption is claimed elsewhere, it will be presumed that the exemption is claimed at the bonded wine cellar where the wines or wine spirits are stored. If the proprietor wishes to be exempt from special tax with respect to sales at his principal office rather than for sales at his bonded wine cellar, he shall notify the regional director (compliance) of the region in which the bonded wine cellar is located of his intention. Such notice shall be in writing, on letter size paper and shall be submitted in triplicate. On approval two copies will be returned to the proprietor, one to be filed at the principal office, and the original will be retained by the regional director (compliance).

(c) Exception. Where the proprietor of a bonded wine cellar consummated sales of wines to other dealers at the purchasers’ places of business, through a delivery route salesman or otherwise, the proprietor of the bonded wine cellar is required to pay special tax as a wholesale dealer in liquors (or wines) at each place from which he conducts such selling operations.

However, this exemption applies only to wines which, at the time of sale, are either stored at the taxpaid wine bottling house or had been removed therefrom to a taxpaid storeroom whose operations are integrated with those of the taxpaid wine bottling house and which is contiguous or adjacent to, or in the immediate vicinity of, the taxpaid wine bottling house. Moreover, no such proprietor shall have more than one place of sale, as to each taxpaid wine bottling house, that shall be exempt from special tax under this section.

(b) Place of exemption. Unless the exemption is claimed elsewhere, it will be presumed that the exemption is claimed at the taxpaid wine bottling house where the wines are stored. If the proprietor wishes to be exempt from special tax with respect to sales at his principal office rather than at the taxpaid wine bottling house, he shall so notify the regional director (compliance) of the region in which the taxpaid wine bottling house is located. The notice shall be in writing, on letter size paper, and shall be submitted in triplicate. On approval, two copies will be returned to the proprietor, one to be filed at the proprietor’s principal office, and the original will be retained by the regional director (compliance).

(c) Exception. Where the proprietor of a taxpaid wine bottling house consummates sales of wines to other dealers at the purchasers’ places of business, through a delivery route salesman or otherwise, the proprietor of the taxpaid wine bottling house is required to pay special tax as a wholesale dealer in liquors at each place from which he conducts such selling operations.

Subpart N—Restrictions Relating to Purchases of Distilled Spirits

§ 194.211 Unlawful purchases of distilled spirits.

(a) General. It is unlawful for any dealer to purchase distilled spirits for resale from any person other than:

(1) A dealer who has paid special tax as a wholesale dealer in liquors at the place where the distilled spirits are purchased;
(2) A wholesale dealer whose place of business comes within the exemptions provided by §194.151 for changes in location and §194.169 for changes in control;

(3) The proprietor of a distilled spirits plant who is exempt from special tax as a dealer at the place where the distilled spirits are purchased;

(4) A retail liquor store operated by a State, a political subdivision thereof, or the District of Columbia, which is not required to pay special tax as a wholesale dealer in liquors as provided in §194.31;

(5) A person not required to pay special tax as a wholesale liquor dealer, as provided in §§194.188 through 194.190 and 194.192 through 194.193.

(b) Special provisions for limited retail dealers. A limited retail dealer may purchase distilled spirits for resale from a retail dealer in liquors.

§ 194.223 Records to be kept by States, political subdivisions thereof, or the District of Columbia.

The provisions of this subpart relative to the maintenance of records and the submission of reports shall not apply to States, political subdivisions thereof, or the District of Columbia, or any liquor stores operated by such entities that maintain and make available for inspection by ATF officers records which will enable such officers to verify receipts of wines and beer and trace readily all distilled spirits received and disposed of by them; Provided, That such States, political subdivisions thereof, or the District of Columbia, and liquor stores operated by them, shall, on request of the regional director (compliance), furnish such transcripts, summaries, and copies of their records as he shall require.

§ 194.224 Records to be kept by proprietors of distilled spirits plants.

Each wholesale dealer in liquors who receives wines, or wines and beer, and each wholesale dealer in beer shall keep at his place of business a complete record of all wines and beer received, showing (a) the quantities thereof, (b) from whom received, and (c) the receiving dates. This record, which must be kept for a period of not less than three years as prescribed in §194.237, shall consist of all purchase invoices or bills covering wines and beer received or, at the option of the dealer, a book record containing all of the required information. Wholesale dealers are not required to prepare or submit reports to regional director (compliance) of transactions relating to wines and beer.

(Approved by the Office of Management and Budget under control number 1512–0353)
§ 194.225 Records of receipt.

(a) Information required. Every wholesale dealer in liquors shall maintain a daily record of the physical receipt of each individual lot or shipment of distilled spirits, which record shall show (1) name and address of consignor, (2) date of receipt (to include date of inventory for recorded gains), (3) brand name, (4) name of producer or bottler, except that this may be omitted if the dealer keeps available for inspection a separate list or record identifying the producer or bottler with the brand name, (5) kind of spirits, except that this may be omitted if the dealer keeps available for inspection a separate list or record identifying “kind” with the brand name, (6) quantity actually received (showing number of packages, if any, and number of cases by size of bottle, and explaining any difference from the quantity shown on the commercial papers covering the shipment), and (7) package identification numbers of containers of alcohol received for repackaging for industrial use pursuant to subpart R of this part. Additional information may also be shown.

(b) Form of record. The record prescribed by paragraph (a) of this section will be a part of the accounting system and shall consist of consignors’ invoices (or, where such invoices are not available on the day the shipment is received, memorandum receiving records prepared on the day of receipt of distilled spirits, to include records of inventory for recorded gains), and credit memorandums covering distilled spirits returned to the dealer, which contain all required information.

(Approved by the Office of Management and Budget under control number 1512–0353)

(27 CFR Ch. I (4–1–01 Edition))
§ 194.227 Canceled or corrected records.

Entries on the records of receipt and disposition prescribed by §§194.225 and 194.226 shall not be erased or obliterated. Correction or deletion of any entry shall be accomplished by drawing a line through such entry, and making appropriate correction or explanation. If a wholesale dealer in liquors voids an invoice for any reason, the file copy prescribed in §194.235 will be marked “Cancelled” and be filed as provided in that section; any remaining copy of the voided invoice will be destroyed or similarly cancelled and filed. If a new invoice is prepared, its serial number will be cross referenced on any retained copies of the cancelled invoice.

§ 194.228 Previously prescribed or approved records of receipt and disposition.

A wholesale dealer in liquors may continue to use records of receipt and disposition in a format previously prescribed, or approved for him, provided he gives written notice of such intent to the regional director (compliance). Such records shall show the information required by paragraph (a) of §194.225 or paragraph (a) of §194.226, as applicable. Such records shall be preprinted with the name and address of the wholesale dealer. Each sheet or page shall bear a preprinted serial number, or page serial numbers may be affixed in unbroken sequence during the preparation or processing of the records. A serial number shall not be duplicated within a period of 6 months.

§ 194.229 Variations in format, or preparation, of records.

(a) Authorization. The Director may approve variations in the type and format of records of receipt and disposition, or in the methods of preparing such records, where it is shown that variations from the requirements are necessary in order to use data processing equipment, other business machines, or existing accounting systems, and will not (1) unduly hinder the effective administration of this part, (2) jeopardize the revenue, or (3) be contrary to any provision of law. A dealer who proposes to employ such a variation shall submit written application so to do, in triplicate, to the regional director (compliance). Such application shall describe the proposed variations and set forth the need therefore. The regional director (compliance) will determine the need for the variations, and whether approval thereof would unduly hinder the effective administration of this part or result in jeopardy to the revenue. The regional director (compliance) will forward two copies of the application to the Director together with a report of his findings and his recommendation. Variations in type and format of records or methods of preparation shall not be employed until approval is received from the Director.

(b) Requirements. Any information required by this part to be kept or filed is subject to the provisions of law and this part relating to required records and reports, regardless of the form or manner in which kept or filed.

§ 194.230 Monthly summary report.

(a) Requirement. Every wholesale dealer in liquors shall, when required, submit to the regional director (compliance), a monthly summary report of
§ 194.231  Conversion between metric and U.S. units.

When liters are converted to wine gallons, the quantity in liters shall be multiplied by 0.264172 to determine the equivalent quantity in wine gallons. Cases containing the same quantity of spirits of the same proof in metric bottles may be converted to U.S. units by multiplying the liters in one case by the number of cases to be converted, as follows:

(a) If the conversion from liters to U.S. units is made before multiplying by the number of cases, the quantity in U.S. units shall be rounded to the sixth decimal.

(b) If the conversion is made after multiplying by the number of cases, the quantity in U.S. units shall be rounded to the nearest hundredth.

Once converted to wine gallons, the proof gallons of spirits in cases shall be determined as provided in 27 CFR 30.52.

§ 194.232  Discontinuance of business.

When a wholesale dealer in liquors, who is required under §194.230 to file a monthly summary report, discontinues business, a monthly summary report marked “Final” shall be filed covering
transactions through the date of discontinue.

[T.D. ATF-115, 47 FR 51572, Nov. 16, 1982]

§ 194.233 Requirements when a wholesale dealer in liquors maintains a retail department.

(a) When a wholesale dealer in liquors maintains a separate department on the premises for the retailing of distilled spirits, and the retail sales of distilled spirits normally represent 90 percent or more of the volume of distilled spirits sold, the dealer may “constructively” receive all distilled spirits in the retail department. Sales involving a wholesale transaction may be “constructively” sold through the wholesale department.

(1) Receipts. In lieu of maintaining and preparing the records required by §§194.225 and 194.226, a wholesale dealer may constructively receive all distilled spirits in its retail department. In this case, the receiving document will serve as a receipt for (through) the wholesale department and a disposition (transfer) to the retail department. The receiving document will be maintained by the retail department, as required by §194.234.

(b) Dispositions. In lieu of the records required by §194.226, a wholesale dealer may constructively sell distilled spirits from its retail department to other dealers. The sales invoice or bill will be filed in the wholesaler’s disposition records and will serve as a record of receipt from the retail department and a record of disposition to another dealer. (a) Except as provided in paragraph (c) of this section, a wholesale dealer shall prepare and maintain the required records of receipt and disposition as prescribed in §§194.225 and 194.226. Transfers between the wholesale and retail departments will be treated in the same manner as any other transaction involving the wholesale department.

(c) When required by §194.230, a wholesale dealer shall prepare and file the monthly summary report of actual or constructive receipts and dispositions of all distilled spirits.

(d) Wholesale and retail departments need not be physically separated.

[T.D. ATF-116, 47 FR 51572, Nov. 16, 1982]

RETAIL DEALER’S RECORDS

§ 194.234 Requirements for retail dealers.

(a) Records of receipt. All retail dealers shall keep at their place of business complete records of all distilled spirits, wines, or beer received showing (1) the quantities thereof, (2) from whom received, and (3) the receiving dates. The record of receipts shall consist of all purchase invoices or bills covering distilled spirits, wines, and beer received, or, at the option of the dealer, a book record containing all of the required information.

(b) Records of sales of 20 wine gallons (75.7 liters) or more. Every retail dealer who makes sales of distilled spirits, of wines, or of beer in quantities of 20 wine gallons (75.7 liters) or more to the same person at the same time shall prepare and keep a record of each such sale, which shall show (1) the date of sale, (2) the name and address of the purchaser, (3) the kind and quantity of each kind of liquors sold, and (4) the serial numbers of all full cases of distilled spirits included in the sale. Each entry on such record shall be supported by a correspondence delivery receipt (which may be executed on a copy of the sales slip) signed by the purchaser or his agent.

(Approved by the Office of Management and Budget under control number 1512-0354)

(Sec. 201, Pub. L. 85-859, 72 Stat. 1345, 1348, 1355, 1413 (26 U.S.C. 5124, 5146, 5555, 5681))

§ 194.235 Filing.

The required records of receipt and disposition of all distilled spirits, as prescribed in §§ 194.225 and 194.226, may be filed in accordance with the wholesaler’s regular accounting and record-keeping systems. The required records shall consist of the dealer’s own file copies of the receiving or shipping invoices.

(a) Dealers may file records of receipt and disposition in accordance with their own filing system as long as the filing system systematically and accurately accounts for all receipts and dispositions of distilled spirits.

(b) The required records of receipt and disposition will be filed not later than one business day following the date the transaction occurred.

(c) Supporting documents for receipts and dispositions, such as delivery receipts and bills of lading, may be filed in accordance with the wholesaler’s regular accounting and record-keeping practices.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1342, as amended, 1395, as amended (26 U.S.C. 5114, 5555))

[T.D. ATF–116, 47 FR 51573, Nov. 16, 1982]

§ 194.236 Place of filing.

Prescribed records of receipt and disposition and monthly summary reports required by §194.230 will be maintained by transaction or reporting date, at the dealer’s place of business. The regional director (compliance) may, pursuant to an application, authorize files, or an individual file, to be maintained at another business location under the control of the dealer, if the alternative location does not cause undue inconvenience to ATF officers desiring to examine the files.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1342, as amended (26 U.S.C. 5114))

[T.D. ATF–116, 47 FR 51573, Nov. 16, 1982]

PERIOD OF RETENTION

§ 194.237 Retention of records and files.

All records prescribed by this part, documents or copies of documents supporting these records, and file copies of reports submitted, shall be retained by the person required to keep the documents for a period of not less than three years, and during this period shall be available, during business hours, for inspection and copying by ATF officers. Furthermore, the regional director (compliance) may require these records to be kept for an additional period of not more than three years in any case where he determines retention necessary or advisable. Any records, or copies thereof, containing any of the information required by this part to be prepared, wherever kept, shall also be made available for inspection and copying.

§ 194.238 Photographic copies of records.

(a) General. Dealers may record, copy, or reproduce records required by this part. Dealers may use any process which accurately reproduces the original record, and which forms a durable medium for reproducing and preserving the original record.

(b) Copies of records treated as original records. Whenever records are reproduced under this section, the produced records will be preserved in conveniently accessible files, and provisions will be made for examining, viewing, and using the reproduced record the same as if it were the original record, and it will be treated and considered for all purposes as though it were the original record. All provisions of law and regulations applicable to the original record are applicable to the reproduced record. As used in this section, “original record” means the record required by this part to be maintained or preserved by the dealer, even though it may be an executed duplicate or other copy of the document.
