

§2.78

confined that the prisoner is terminally ill, or is permanently and irreversibly incapacitated by a physical or medical condition that is not terminal, the Commission shall determine whether or not to release the prisoner on medical parole. Release on medical parole may be ordered by the Commission at any time, whether or not the prisoner has completed his or her minimum sentence. Consideration for medical parole shall be in addition to any other parole for which a prisoner may be eligible.

(b) A prisoner may be granted a medical parole on the basis of terminal illness if:

(1) The institution's medical staff has provided the Commission with a reasonable medical judgment that the prisoner is within six months of death due to an incurable illness or disease; and

(2) The Commission finds that:

(i) The prisoner will not be a danger to himself or others; and

(ii) Release on parole will not be incompatible with the welfare of society.

(c) A prisoner may be granted a medical parole on the basis of permanent and irreversible incapacitation only if the Commission finds that:

(1) The prisoner will not be a danger to himself or others because his condition renders him incapable of continued criminal activity; and

(2) Release on parole will not be incompatible with the welfare of society.

(d) The seriousness of the prisoner's crime shall be considered in determining whether or not a medical parole should be granted prior to completion of the prisoner's minimum sentence.

(e) A prisoner, or the prisoner's representative, may apply for a medical parole by submitting an application to the institution case management staff, who shall forward the application, accompanied by a medical report and any recommendations, within 15 days. The Commission shall render a decision within 15 days of receiving the application and report.

(f) A prisoner, the prisoner's representative, or the institution may request the Commission to reconsider its decision on the basis of changed circumstances.

28 CFR Ch. I (7-1-01 Edition)

(g) Notwithstanding any other provision of this section:

(1) A prisoner who has been convicted of first degree murder or who has been sentenced for a crime committed while armed under D.C. Code 22-2903, 22-3202, or 22-3204(b), shall not be eligible for medical parole (D.C. Code 24-267); and

(2) A prisoner shall not be eligible for medical parole on the basis of a physical or medical condition that existed at the time the prisoner was sentenced (D.C. Code 24-262).

§2.78 Geriatric parole.

(a) Upon receipt of a report from the institution in which the prisoner is confined that a prisoner who is at least 65 years of age has a chronic infirmity, illness, or disease related to aging, the Commission shall determine whether or not to release the prisoner on geriatric parole. Release on geriatric parole may be ordered by the Commission at any time, whether or not the prisoner has completed his or her minimum sentence. Consideration for geriatric parole shall be in addition to any other parole for which a prisoner may be eligible.

(b) A prisoner may be granted a geriatric parole if the Commission finds that:

(1) There is a low risk that the prisoner will commit new crimes; and

(2) The prisoner's release would not be incompatible with the welfare of society.

(c) The seriousness of the prisoner's crime, and the age at which it was committed, shall be considered in determining whether or not a geriatric parole should be granted prior to completion of the prisoner's minimum sentence.

(d) A prisoner, or a prisoner's representative, may apply for a geriatric parole by submitting an application to the institution case management staff, who shall forward the application, accompanied by a medical report and any recommendations, within 30 days. The Commission shall render a decision within 30 days of receiving the application and report.

(e) In determining whether or not to grant a geriatric parole, the Commission shall consider the following factors (D.C. Code 24-265(c)(1)-(7)):

Department of Justice

§ 2.80

- (1) Age of the prisoner;
- (2) Severity of illness, disease, or infirmities;
- (3) Comprehensive health evaluation;
- (4) Institutional behavior;
- (5) Level of risk for violence;
- (6) Criminal history; and
- (7) Alternatives to maintaining geriatric long-term prisoners in traditional prison settings.

(f) A prisoner, the prisoner's representative, or the institution, may request the Commission to reconsider its decision on the basis of changed circumstances.

(g) Notwithstanding any other provision of this section:

- (1) A prisoner who has been convicted of first degree murder or who has been sentenced for a crime committed while armed under D.C. Code 22-2903, 22-3202, or 22-3204(b), shall not be eligible for geriatric parole (D.C. Code 24-267); and
- (2) A prisoner shall not be eligible for geriatric parole on the basis of a physical or medical condition that existed at the time the prisoner was sentenced (D.C. Code 24-262).

§ 2.79 Good time forfeiture.

Although a forfeiture of good time will not bar a prisoner from receiving a parole hearing, D.C. Code 24-204 permits the Commission to parole only those prisoners who have substantially observed the rules of the institution. Consequently, the Commission will consider a grant of parole for a prisoner with forfeited good time only after a thorough review of the circumstances underlying the disciplinary infraction(s). The Commission must be satisfied that the prisoner has served a period of imprisonment sufficient to outweigh the seriousness of the prisoner's misconduct.

§ 2.80 Guidelines for D.C. Code offenders.

(a) *Applicability.* This guideline applies to any initial hearing for an adult prisoner conducted on or after December 4, 2000, and any rehearing for an adult prisoner who was given an initial hearing on or after August 5, 1998, but before December 4, 2000, and who did not receive any positive points for disciplinary infractions or negative points for superior program achievement at

the initial hearing or any rehearing conducted before December 4, 2000. Any other prisoner will continue to have his case decided under the rule previously in effect (as set forth in the appendix to this section).

(b) *Guidelines.* In determining whether an eligible prisoner should be paroled, the Commission shall apply the guidelines set forth in this section. The guidelines assign numerical values to pre-and post-incarceration factors. Decisions outside the guidelines may be made, where warranted, pursuant to paragraph (n) of this section.

(c) *Salient factor score and criminal record.* The prisoner's Salient Factor Score shall be determined by reference to the Salient Factor Scoring Manual in § 2.20. The Salient Factor Score is used to assist the Commission in assessing the probability that an offender will live and remain at liberty without violating the law. The prisoner's record of criminal conduct (including the nature and circumstances of the current offense) shall be used to assist the Commission in determining the probable seriousness of the recidivism that is predicted by the Salient Factor Score.

(d) *Disciplinary infractions.* The Commission shall assess whether the prisoner has been found guilty of committing significant disciplinary infractions while under confinement for the current offense.

(e) *Program achievement.* (1) The Commission shall assess whether the prisoner has demonstrated ordinary or superior achievement in the area of prison programs, industries, or work assignments while under confinement for the current offense. Superior program achievement means program achievement that is beyond the level that the prisoner might ordinarily be expected to accomplish. Credit for program achievement may be granted regardless of whether the guidelines for disciplinary infractions have been applied for misconduct during the same period. The guidelines in this section presume that the prisoner will have ordinary program achievement.

(2) In the case of a prisoner who has declined to participate in institutional programming, a decision in the upper half of the applicable guideline range
