48 CFR Ch. 2 (10-1-01 Edition)

entered into pursuant to 10 U.S.C. 2701 and executed between December 5, 1991, and December 31, 1999—

(1) Any rights of action under the performance bond shall only accrue to, and be for the exclusive use of, the obligee named in the bond.

(2) In the event of default, the surety's liability on the performance bond is limited to the cost of completion of the contract work, less the balance of unexpended funds. Under no circumstances shall the liability exceed the penal sum of the bond.

(3) The surety shall not be liable for indemnification or compensation of the obligee for loss or liability arising from personal injury or property damage, even if the injury or damage was caused by a breach of the bonded contract.

(4) Once it has taken action to meet its obligations under the bond, the surety is entitled to any indemnification and identical standard of liability to which the contractor was entitled under the contract or applicable laws and regulations.

(a) The requirement for performance and payment bonds is waived for cost-reimbursement contracts. However, for cost type contracts with fixed-price construction subcontracts over \$25,000, require the prime contractor to obtain from each of its construction subcontractors—

(i) A payment bond in favor of the prime contractor sufficient to pay labor and material costs; and

(ii) A performance bond in an equal amount if available at no additional cost.

Subpart 228.3—Insurance

228.304 Risk-pooling arrangements.

The DoD has established the National Defense Projects Rating Plan, also known as the Special Casualty Insurance Rating Plan, as a risk-pooling arrangement to minimize the cost to the Government of purchasing the liability insurance listed in FAR 28.307-2. Use the plan in accordance with the following guidelines when it provides the necessary coverage more advantageously than commercially available coverage.

(1) The plan—

(i) Is implemented by attaching an endorsement to standard insurance policy forms for workers' compensation, employer's liability, comprehensive general, and automobile liability. The endorsement states that the instant policy is subject to the National Defense Projects Rating Plan.

(ii) Applies to eligible Defense projects of one or more departments/agencies. For purposes of this section, a Defense project is any eligible contract or group of contracts with the same contractor.

(A) A Defense project is eligible when—

(1) Eligible contracts represent, at the inception of the plan, at least 90 percent of the payroll for the total operations at project locations; and

(2) The annual insurance premium is estimated to be at least \$10,000.

(B) A contract is eligible when it is—

- (1) Either domestic or foreign;
- (2) Cost-reimbursement type; or
- (3) Fixed price with redetermination provisions.

(2) Under construction contracts, include construction subcontractors in the prime contractor's plan only when subcontractor operations are at the project site, and the subcontract provides that the prime contractor will furnish insurance.

(3) Use the agreement in Table 28-1, Insurance Rating Plan Agreement, when the Government assumes contractor premium payments upon contract termination or completion.

(4) The Federal Tort Claims Act provides protection for Government employees while driving Government-owned vehicles in the performance of their assigned duties. Include the endorsement in Table 28-2, Automobile Insurance Policy Endorsement, in automobile liability insurance policies provided under the National Defense Projects Rating Plan.

(ii) The cost of insurance for damage, loss, or destruction of aircraft does not exceed \$500, and the contracting officer agrees to recognize the insurance costs.

(2) If appropriate, revise the clause at 252.228-7001, Ground and Flight Risk, as follows—

(i) Include a modified definition of "aircraft" if the contract covers other than conventional types of winged aircraft, i.e., helicopters, vertical take-off aircraft, lighter-than-air airships or other nonconventional aircraft. The modified definition should describe a stage of manufacture comparable to the standard definition.

(A) Limited to the vicinity of contractor premises; and

(c)(1) Use the clause at 252.228-7002, Aircraft Flight Risk, in cost reimbursement contracts—

(i) For the development, production, modification, maintenance, repair, or overhaul of aircraft; or

(ii) Otherwise involving the furnishing of aircraft to the contractor by the Government.

(iii) With the definition of “aircraft” modified, if appropriate, to include helicopters, vertical take-off aircraft, lighter-than-air airships or other non-conventional aircraft.

(ii) Contract performance involves the flight of Government furnished aircraft.

(d) The clause at 252.228-7003, Capture and Detention, may be used when contractor employees are subject to capture and detention and may not be covered by the War Hazards Compensation Act (42 U.S.C. 1701 *et seq.*).
