

230.7103

2(c)(2), the cost of money will be the interest rate in effect each month. (Under this method, the cost of money is determined monthly and the total for the cost accounting period is the sum of the monthly amounts.)

(b) The imputed cost of money will be capitalized only once in any cost accounting period, either at the end of the period or at the end of the construction, fabrication, or development period, whichever comes first.

(c) When the construction of an asset takes more than one cost accounting period, the cost of money capitalized for the first cost accounting period will be included in determining the representative investment amount for any future cost accounting periods.

230.7103 Preaward capital employed application.

An offset to the profit objectives as set forth in FAR 15.404-4 is not required for CAS 417 cost of money.

Subpart 231.1—Applicability

231.100 Scope of subpart.

231.100-70 Contract clause.

Use the clause at 252.231-7000, Supplemental Cost Principles, in all solicitations and contracts which are subject to the principles and procedures described in FAR subpart 31.1, 31.2, 31.6, or 31.7.

Subpart 231.2—Contracts With Commercial Organizations

231.205 Selected costs.

231.205-6 Compensation for personal services.

(f)(1) In accordance with Section 8122 of Pub. L. 104-61, and similar sections in subsequent Defense appropriations acts, costs for bonuses or other payments in excess of the normal salary paid by the contractor to an employee, that are part of restructuring costs associated with a business combination, are unallowable under DoD contracts funded by fiscal year 1996 or subsequent appropriations. This limitation does not apply to severance payments or early retirement incentive payments. (See 231.205-70(b) for the definitions of “business combination” and “restructuring costs.”)

231.205-10 Cost of money.

The contractor also must comply with subpart 230.70 and maintain records to demonstrate compliance.

231.205-18 Independent research and development and bid and proposal costs.

(a) *Definitions.* As used in this subsection—

(i) *Covered contract* means a DoD prime contract for an amount exceeding the simplified acquisition threshold, except for a fixed-price contract without cost incentives. The term also includes a subcontract for an amount exceeding the simplified acquisition threshold, except for a fixed-price subcontract without cost incentives under such a prime contract.

(ii) *Covered segment* means a product division of the contractor that allocated more than \$1,100,000 in independent research and development and bid and proposal (IR&D/B&P) costs to covered contracts during the preceding fiscal year. In the case of a contractor that has no product divisions, the term means that contractor as a whole. A product division of the contractor that allocated less than \$1,100,000 in IR&D/B&P costs to covered contracts during the preceding fiscal year is not subject to the limitations in paragraph (c) of this subsection.

(iii) *Major contractor* means any contractor whose covered segments allocated a total of more than \$11,000,000 in IR&D/B&P costs to covered contracts during the preceding fiscal year. For purposes of calculating the dollar threshold amounts to determine whether a contractor meets the definition of “major contractor,” do not include contractor segments allocating less than \$1,100,000 of IR&D/B&P costs to covered contracts during the preceding fiscal year.

(c) *Allowability.*

(i) Departments/agencies shall not supplement this regulation in any way that limits IR&D/B&P cost allowability.

(ii) See 225.7303-2(c) for allowability provisions affecting foreign military sale contracts.

(iii) For major contractors, the following limitations apply:

(A) The amount of IR&D/B&P costs allowable under DoD contracts shall not exceed the lesser of—

(1) Such contracts' allocable share of total incurred IR&D/B&O costs; or

(2) The amount of incurred IR&D/B&P costs for projects having potential interest to DoD.

(B) Allowable IR&D/B&P costs are limited to those for projects that are of potential interest to DoD, including activities intended to accomplish any of the following:

(1) Enable superior performance of future U.S. weapon systems and components.

(2) Reduce acquisition costs and life-cycle costs of military systems.

(3) Strengthen the defense industrial and technology base of the United States.

(4) Enhance the industrial competitiveness of the United States.

(5) Promote the development of technologies identified as critical under 10 U.S.C. 2522.

(6) Increase the development and promotion of efficient and effective applications of dual-use technologies.

(7) Provide efficient and effective technologies for achieving such environmental benefits as: Improved environmental data gathering, environmental cleanup and restoration, pollution reduction in manufacturing, environmental conservation, and environmentally safe management of facilities.

(iv) For major contractors, the cognizant administrative contracting officer (ACO) or corporate ACO shall—

(A) Determine whether IR&D/B&P projects are of potential interest to DoD; and

(B) Provide the results of the determination to the contractor.

(v) The cognizant contract administration office shall furnish contractors with guidance on financial information needed to support IR&D/B&P costs and on technical information needed from major contractors to support the potential interest to DoD determination (also see 242.771-3).

[64 FR 8729, Feb. 23, 1999]

231.205-22 Legislative lobbying costs.

(a) Preparing any material, report, list, or analysis on the actual or projected economic or employment impact in a particular State or congressional district of an acquisition program for

which all research, development, testing, and evaluation has not been completed (10 U.S.C. 2249).

[62 FR 47155, Sept. 8, 1997]

231.205-70 External restructuring costs.

(a) *Scope.* This subsection prescribes policies and procedures for allowing contractor external restructuring costs when savings would result for DoD. This subsection also implements 10 U.S.C. 2325, Section 818 of the National Defense Authorization Act for Fiscal Year 1995 (Pub. L. 103-337) (10 U.S.C. 2324 note), Section 8115 of the National Defense Appropriations Act for Fiscal Year 1997 (Pub. L. 104-208), and Section 8092 of the National Defense Appropriations Act for Fiscal Year 1998 (Pub. L. 105-56).

(b) *Definitions.* As used in this subsection:

(1) *Business combination* means a transaction whereby assets or operations of two or more companies not previously under common ownership or control are combined, whether by merger, acquisition, or sale/purchase of assets.

(2) *External restructuring activities* means restructuring activities occurring after a business combination that affect the operations of companies not previously under common ownership or control. They do not include restructuring activities occurring after a business combination that affect the operations of only one of the companies not previously under common ownership or control, or, when there has been no business combination, restructuring activities undertaken within one company. External restructuring activities are a direct outgrowth of a business combination. They normally will be initiated within 3 years of the business combination.

(3) *Restructuring activities* means non-routine, nonrecurring, or extraordinary activities to combine facilities, operations, or workforce, in order to eliminate redundant capabilities, improve future operations, and reduce overall costs. Restructuring activities do not include routine or ongoing repositionings and redeployments of a contractor's productive facilities or workforce (e.g., normal plant rearrangement

or employee relocation), nor do they include other routine or ordinary activities charged as indirect costs that would otherwise have been incurred (e.g., planning and analysis, contract administration and oversight, or recurring financial and administrative support).

(4) *Restructuring costs* means the costs, including both direct and indirect, of restructuring activities. Restructuring costs that may be allowed include, but are not limited to, severance pay for employees, early retirement incentive payments for employees, employee retraining costs, relocation expense for retained employees, and relocation and rearrangement of plant and equipment. For purposes of this definition, if restructuring costs associated with external restructuring activities allocated to DoD contracts are less than \$2.5 million, the costs shall not be subject to the audit, review, certification, and determination requirements of paragraph (c)(1) of this subsection; instead, the normal rules for determining cost allowability in accordance with FAR part 31 shall apply.

(5) *Restructuring savings* means cost reductions, including both direct and indirect cost reductions, that result from restructuring activities. Reassignments of cost to future periods are not restructuring savings.

(c) *Limitations on cost allowability.* (1) Restructuring costs associated with external restructuring activities shall not be allowed unless—

(i) Such costs are allowable in accordance with FAR part 31 and DFARS part 231;

(ii) An audit of projected restructuring costs and restructuring savings is performed;

(iii) The cognizant administrative contracting officer (ACO) reviews the audit report and the projected costs and projected savings, and negotiates an advance agreement in accordance with paragraph (d)(8) of this subsection; and

(iv) For business combinations that occur—

(A) Prior to October 1, 1996, the Under Secretary of Defense (Acquisition, Technology, and Logistics) or the Principal Deputy certifies that projections of future restructuring savings

resulting for DoD from the business combination are based on audited cost data and should result in overall reduced costs for DoD.

(B) October 1, 1996, through November 18, 1997, the Under Secretary of Defense (Acquisition, Technology, and Logistics) or the Principal Deputy—

(1) Certifies that projections of future restructuring savings resulting for DoD from the business combination are based on audited cost data and should result in overall reduced costs for DoD; and

(2) Determines in writing that the audited projected savings for DoD resulting from the restructuring will exceed either—

(i) The costs allowed by a factor of at least two to one; or

(ii) The costs allowed, and the business combination will result in the preservation of a critical capability that might otherwise be lost to DoD.

(C) After November 18, 1997, the Under Secretary of Defense (Acquisition, Technology, and Logistics) or the Principal Deputy determines in writing that the audited projected savings for DoD resulting from restructuring will exceed either—

(1) The costs allowed by a factor of at least two to one; or

(2) The costs allowed, and the business combination will result in the preservation of a critical capability that might otherwise be lost to DoD.

(2) The audit, review, certification, and determination required by paragraph (c)(1) of this subsection shall not apply to any business combination for which payments for restructuring costs were made before August 15, 1994, or for which the cognizant ACO executed an advance agreement establishing cost ceilings based on audit/negotiation of detailed cost proposals for individual restructuring projects before August 15, 1994.

(d) *Procedures and ACO responsibilities.* As soon as it is known that the contractor will incur restructuring costs for external restructuring activities, the cognizant ACO shall:

(1) Promptly execute a novation agreement, if one is required, in accordance with FAR subpart 42.12 and DFARS subpart 242.12 and include the provision at DFARS 242.1204(e).

(2) Direct the contractor to segregate restructuring costs and to suspend these amounts from any billings, final contract price settlements, and overhead settlements until the certification, or determination, or both, as applicable, in paragraph (c)(1)(iv) of this subsection is obtain.

(3) Require the contractor to submit an overall plan of restructuring activities and an adequately supported proposal for planned restructuring projects. The proposal must include a breakout by year by cost element, showing the present value of projected restructuring costs and projected restructuring savings.

(4) Notify major buying activities of contractor restructuring actions and inform them about any potential monetary impacts on major weapons programs, when known.

(5) Upon receipt of the contractor's proposal, as soon as practicable, adjust forward pricing rates to reflect the impact of projected restructuring savings. If restructuring costs are included in forward pricing rates prior to execution of an advance agreement in accordance with paragraph (d)(8) of this subsection, the contracting officer shall include a repricing clause in each fixed-price action that is priced based on the rates. The repricing clause must provide for a downward price adjustment to remove restructuring costs if the certification, or determination, or both, as applicable, required by paragraph (c)(1)(iv) of this subsection is not obtained.

(6) Upon receipt of the contractor's proposal, immediately request an audit review of the contractor's proposal.

(7) Upon receipt of the audit report, determine if restructuring savings will exceed restructuring costs on a present value basis. However, for business combinations that occur on or after October 1, 1996, the audited projected savings for DoD must exceed the costs allowed by a factor of at least two to one on a present value basis, unless the determination in paragraph (c)(1)(iv)(B)(2)(ii) or (c)(1)(iv)(C)(2) of this subsection applies.

(8) Negotiate an advance agreement with the contractor setting forth, at a minimum, a cumulative cost ceiling for restructuring projects and, when

necessary, a cost amortization schedule. The costs may not exceed the amount of projected restructuring savings on a present value basis. The advance agreement shall not be executed until the certification, or determination, or both, as applicable, required by paragraph (c)(1)(iv) of this subsection is obtained.

(9) Submit to the Director of Defense Procurement, Office of the Under Secretary of Defense (Acquisition, Technology, and Logistics), ATTN: OUSD (AT&L) DP/CPF, a recommendation for certification, or determination, or both, as applicable. Include the information described in paragraph (e) of this subsection.

(10) Consult with the Director of Defense Procurement, Office of the Under Secretary of Defense (Acquisition, Technology, and Logistics), when paragraph (c)(1)(iv)(B)(2)(ii) or (c)(1)(iv)(C)(2) of this subsection applies.

(e) *Information needed to obtain certification and determination.* (1) The novation agreement (if one is required).

(2) The contractor's restructuring proposal.

(3) The proposed advance agreement.

(4) The audit report.

(5) Any other pertinent information.

(6) The cognizant ACO's recommendation for certification, or determination, or both, as applicable. This recommendation must clearly indicate one of the following, consistent with paragraph (c)(1)(iv) of this subsection:

(i) Contractor projections of future cost savings resulting for DoD from the business combination are based on audited cost data and should result in overall reduced costs for the Department.

(ii) The audited projected savings for DoD will exceed the costs allowed by a factor of at least two to one.

(iii) The business combination will result in the preservation of a critical capability that might otherwise be lost to DoD, and the audited projected savings will exceed the costs allowed.

(f) *Contracting officer responsibilities.* (1) The contracting officer, in consultation with the cognizant ACO, should consider including a repricing clause in noncompetitive fixed-price contracts

that are negotiated during the period between—

(i) The time a business combination is announced; and

(ii) The time the contractor's forward pricing rates are adjusted to reflect the impact of restructuring.

(2) The decision to use a repricing clause will depend upon the particular circumstances involved, including—

(i) When the restructuring will take place;

(ii) When restructuring savings will begin to be realized;

(iii) The contract performance period;

(iv) Whether the contracting parties are able to make a reasonable estimate of the impact of restructuring on the contract; and

(v) The size of the potential dollar impact of restructuring on the contract.

(3) If the contracting officer decides to use a repricing clause, the clause must provide for a downward-only price adjustment to ensure that DoD receives its appropriate share of restructuring net savings.

Subpart 231.3—Contracts With Educational Institutions

231.303 Requirements.

(1) Pursuant to section 841 of the National Defense Authorization Act for Fiscal Year 1994 (Pub. L. 103-160), no limitation may be placed on the reimbursement of otherwise allowable indirect costs incurred by an institution of higher education under a DoD contract awarded on or after November 30, 1993, unless that same limitation is applied uniformly to all other organizations performing similar work under DoD contracts. The 26 percent limitation imposed on administrative indirect costs by OMB Circular No. A-21 shall not be applied to DoD contracts awarded on or after November 30, 1993, to institutions of higher education because the same limitation is not applied to other organizations performing similar work.
