§ 57.840 Identification of inedible, unwholesome, or adulterated egg products.

All inedible, unwholesome, or adulterated egg products shall be identified with the name and address of the processor, the words "Inedible Egg Products—Not To Be Used as Human Food."

§ 57.860 Identification wording.

The letters of the identification wording shall be legible and conspicuous.

IMPORTS

§ 57.900 Requirements for importation of restricted eggs into the United States.

(a) Restricted eggs may be imported into the United States from any foreign country only in accordance with these regulations. The term *United States* means any State of the United States, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, and the District of Columbia. The importation of any egg in violation of the regulations of this part is prohibited.

(b) All such imported articles shall upon entry into the United States be deemed and treated as domestic articles and be subject to the other provisions of the Act, these regulations, and other Federal or State requirements.

[63 FR 69968, 69971, Dec. 17, 1998]

§ 57.905 Importation of restricted eggs or eggs containing more restricted eggs than permitted in the official standards for U.S. Consumer Grade B.

(a) No containers of restricted egg(s) other than checks or dirties shall be imported into the United States. The shipping containers of such eggs shall be identified with the name, address, and country of origin of the exporter, and the date of pack and quality of the eggs (e.g., checks, or dirties) preceded by the word "Imported" or the statement "Imported Restricted Eggs—For Processing Only In An Official USDA Plant," or "Restricted Eggs—Not To Be Used As Human Food." Such identification shall be legible and conspicuous. Alternatively, for properly sealed and certified shipments of shell eggs imported for breaking at an official egg products plant, the shipping containers need not be labeled, provided that the shipment is segregated and controlled upon arrival at the destination breaking plant.

(b) Eggs which are imported for use as human food and upon entry are found to contain more restricted eggs than permitted in the official standards for U.S. Consumer Grade B, shall be refused entry and returned to the importing country or be conspicuously and legibly identified as "Imported Restricted Eggs" and be sent directly under official seal: (1) To a place where they may be regraded to comply with the official U.S. standards for consumer grades; (2) to an official USDA egg products processing plant; or (3) to be used as other than human food.

§ 57.915 Foreign inspection certification required.

(a) [Reserved]

(b) Except as otherwise provided in § 57.960, each consignment of shell eggs shall be accompanied by a foreign inspection certificate, which, unless otherwise approved by the Administrator contains the following information:

- (1) Country exporting product;
- (2) City and date where issued;
- (3) Quality or description of eggs;
- (4) Number of cases and total quantity;
- (5) Identification marks on containers;
