Subpart B—Minimum Capital Ratios

§ 3.5 Applicability.

This subpart is applicable to all banks unless the Office determines, pursuant to the procedures set forth in subpart C, that different minimum capital ratios are appropriate for an individual bank based upon its particular circumstances, or unless different minimum capital ratios have been established or are established for an individual bank in a written agreement or a temporary or final order pursuant to 12 U.S.C. 1818 (b) or (c), or as a condition for approval of an application.

§ 3.6 Minimum capital ratios.

(a) *Risk-based capital ratio.* All national banks must have and maintain the minimum risk-based capital ratio as set forth in appendix A (and, for certain banks, in appendix B).

(b) *Total assets leverage ratio.* All national banks must have and maintain Tier 1 capital in an amount equal to at least 3.0 percent of adjusted total assets.

(c) *Additional leverage ratio requirement.* An institution operating at or near the level in paragraph (b) of this section should have well-diversified risks, including no undue interest rate risk exposure; excellent control systems; good earnings; high asset quality; high liquidity; and well managed on-and off-balance sheet activities; and in general be considered a strong banking organization, rated composite 1 under the Uniform Financial Institutions Rating System (CAMELS) rating system of banks. For all but the most highly-rated banks meeting the conditions set forth in this paragraph (c), the minimum Tier 1 leverage ratio is 4 percent. In all cases, banking institutions should hold capital commensurate with the level and nature of all risks.

Effective December 31, 1990, any bank having capital ratios less than the minimums required under § 3.6 (a) and (b) shall, within 60 days, submit to the OCC a plan describing the means and schedule by which the bank shall achieve the applicable minimum capital ratios. § 3.8 Reservation of authority.

When, in the opinion of the Office the circumstances so require, a bank may be authorized to have less than the minimum capital ratios in § 3.6 during a time period specified by the Office.

Subpart C—Establishment of Minimum Capital Ratios for an Individual Bank

§ 3.9 Purpose and scope.

The rules and procedures specified in this subpart are applicable to a proceeding to establish required minimum capital ratios that would otherwise be applicable to a bank under § 3.6. The OCC is authorized under 12 U.S.C. 3907 (a)(2) to establish such minimum capital requirements for a bank as the OCC, in its discretion, deems appropriate in light of the particular circumstances at that bank. Proceedings under this subpart also may be initiated to require a bank having capital ratios above those set forth in § 3.6, or other legal authority to continue to maintain those higher ratios.

[55 FR 38800, Sept. 21, 1990]

§ 3.10 Applicability.

The OCC may require higher minimum capital ratios for an individual bank in view of its circumstances. For example, higher capital ratios may be appropriate for:
