

apply to appliances or equipment manufactured prior to the effective date of the amendment or revision.

#### § 9.9 Consumer education.

The Department of Commerce, in close cooperation and coordination with interested Government agencies, appropriate industry trade associations and industry members, and interested consumers and environmentalists shall carry out a program to educate consumers relative to the significance of the labeling program. Some elements of this program shall also be directed toward informing retailers and other interested groups about the program.

#### § 9.10 Coordination with State and local programs.

The Department of Commerce will establish and maintain an active program of communication with appropriate state and local government offices and agencies and will furnish and make available information and assistance that will promote to the greatest practicable extent uniformity in State, local, and Federal programs for the labeling of household appliances and equipment to effect energy conservation.

#### § 9.11 Annual report.

The Secretary will prepare an annual report of activities under the program, including an evaluation of the program and a list of participating manufacturers and classes of appliances and equipment.

#### § 10.0 General.

(a) *Introduction.* The Department of Commerce (hereinafter referred to as the "Department") recognizes the importance, the advantages, and the benefits of voluntary standards and standardization activities. Such standards may cover, but are not limited to, terms, classes, sizes (including quantities of packaged consumer commodities), dimensions, capacities, quality levels, performance criteria, inspection requirements, marking requirements, testing equipment, test procedures and installation procedures. Economic growth is promoted through:

- (1) Reduction of manufacturing costs, inventory costs, and distribution costs;
- (2) Better understanding among manufacturers, producers, or packagers (hereinafter referred to as producers), distributors, users, and consumers; and
- (3) Simplification of the purchase, installation, and use of the product being standardized.

(b) *Requirements for Department of Commerce sponsorship.* The Department may sponsor the development of a voluntary Product Standard if, upon receipt of a request, the Department determines that:

- (1) The proposed standard is likely to have substantial public impact;
- (2) The proposed standard reflects the broad interest of an industry group or an organization concerned with the manufacture, production, packaging, distribution, testing, consumption, or use of the product, or the interest of a Federal or State agency;
- (3) The proposed standard would not duplicate a standard published by, or actively being developed or revised by, a private standards-writing organization to such an extent that it would
