To cite the regulations in this volume use title, part and section number. Thus, 17 CFR 1.1 refers to title 17, part 1, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16 .............................................................. as of January 1
Title 17 through Title 27 ................................................................. as of April 1
Title 28 through Title 41 ................................................................. as of July 1
Title 42 through Title 50 ............................................................. as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, April 1, 2002), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, or 1973–1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 5—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

(2) Bona fide hedging transactions and positions—(1) General definition. Bona fide hedging transactions and positions shall mean transactions or positions in a contract for future delivery on any contract market, or in a commodity option, where such transactions or positions normally represent a substitute for transactions to be made or positions to be taken at a later time in a physical marketing channel, and where they are economically appropriate to the reduction of risks in the conduct and management of a commercial enterprise, and where they arise from:

(i) The potential change in the value of assets which a person owns, produces, manufactures, processes, or merchandises or anticipates owning, producing, manufacturing, processing, or merchandising,

(ii) The potential change in the value of liabilities which a person owns or anticipates incurring, or

(iii) The potential change in the value of services which a person provides, purchases, or anticipates providing or purchasing.

Notwithstanding the foregoing, no transactions or positions shall be classified as bona fide hedging unless their purpose is to offset price risks incidental to commercial cash or spot operations and such positions are established and liquidated in an orderly manner in accordance with sound commercial practices and, for transactions or positions on contract markets subject to trading and position limits in effect pursuant to section 4a of the Act, unless the provisions of paragraphs (2) (2) and (3) of this section and §§1.47 and 1.48 of the regulations have been satisfied.

(2) Enumerated hedging transactions. The definitions of bona fide hedging transactions and positions in paragraph (2)(1) of this section includes, but is not limited to, the following specific transactions and positions:

(A) Sales of any commodity for future delivery on a contract market which do not exceed in quantity:

(i) The fixed-price sale of the same cash commodity by the same person.

(ii) The quantity equivalent of fixed-price sales of the cash products and by-products of such commodity by the same person.

(A) The fixed-price sale of the same cash commodity by the same person.

(B) The quantity equivalent of fixed-price sales of the cash products and by-products of such commodity by the same person.

(C) Twelve months’ unfilled anticipated requirements of the same cash commodity for processing, manufacturing, or feeding by the same person.

(D) Twelve months’ unfilled anticipated requirements of the same cash commodity for the month and for the next succeeding month.

(7) An introducing broker may not simultaneously be a party to more than one guarantee agreement: Provided, however, That the provisions of this paragraph (j)(7) shall not be deemed to preclude an introducing broker from entering into a guarantee agreement with another futures commission merchant if the introducing broker or the futures commission merchant which is a party to the existing agreement has provided notice of termination of the existing agreement in accordance with the provisions of paragraph (j)(5) of this section, and the new guarantee agreement does not become effective until the day following the date of termination of the existing agreement: And, provided further, That the provisions of this paragraph (j)(7) shall not be deemed to preclude an introducing broker from entering into a guarantee agreement with another futures commission merchant if the futures commission merchant which is a party to the existing agreement ceases to remain registered and the existing agreement would therefore expire in accordance with the provisions of paragraph (j)(4)(ii) of this section.

(8)(i)(A) An introducing broker that is a party to a guarantee agreement that has been terminated in accordance with the provisions of paragraph (j)(5) of this section, or that is due to expire in accordance with the provisions of paragraph (j)(4)(ii) of this section, must cease doing business as an introducing broker on or before the effective date of such termination or expiration unless, on or before 10 days prior to the effective date of such termination or expiration or such other period of time as the Commission or the designated self-regulatory organization may allow for good cause shown, the introducing broker files with its designated self-regulatory organization either a new guarantee agreement effective as of the day following the date of termination of the existing agreement, or, in the case of a guarantee agreement that is due to expire in accordance with the provisions of paragraph (j)(4)(ii) of this section, a new guarantee agreement effective on or before such expiration, or either:

(2) If an introducing broker or applicant therefor avails itself of the filing option available under paragraph (k)(1) of this section, the report required to be filed in accordance with §1.16(c)(5) of this part must be filed as of the date of the Form 1–FR–IB being filed, and such an introducing broker or applicant therefor must maintain its financial records and make its monthly formal computation of its adjusted net capital, as required by §1.18 of this part, in a manner consistent with Form 1–FR–IB.

A designated self-regulatory organization may grant an exemption from the provisions of this paragraph to a futures commission merchant with respect to any particular account on a continuous basis provided the designated self-regulatory organization documents the reasons for granting such an exemption and continues to monitor any such account.

(4) A futures commission merchant shall report immediately by telephone, confirmed in writing immediately by telegraphic or facsimile notice, whenever any commodity interest account it carries is subject to a margin call, or call for other deposits required by the futures commission merchant, that exceeds the futures commission merchant’s excess adjusted net capital, determined in accordance with §1.17, and such call has not been answered by the close of business on the day following the issuance of the call. (2) The Commission may, upon written application by a Reporting Futures Commission Merchant, exempt from the provisions of this section, other than paragraph (a)(1)(ii) of this section, either unconditionally or on specified terms and conditions, any futures commission merchant affiliated with such Reporting Futures Commission Merchant. The term “Reporting Futures Commission Merchant” shall mean, in the case of a futures commission merchant that is affiliated with another registered futures commission merchant, the futures commission merchant which maintains the greater amount of adjusted net capital as last reported on financial reports filed with the Commission pursuant to §1.10 unless another futures commission merchant is acting as the Reporting Broker or Dealer under §240.17h–2T of this title, or the Commission permits another futures commission merchant to act as the Reporting Futures Commission Merchant. In granting exemptions under this section, the Commission shall consider, among other factors, whether the records required by this section concerning the Material Affiliated Persons of the futures commission merchant affiliated with the Reporting Futures Commission Merchant will be available to the Commission pursuant to this section or §1.15. A request for exemption filed under this paragraph (d)(2) shall explain the basis for the designation of a particular futures commission merchant as the Reporting Futures Commission Merchant and will become effective on the thirtieth day after receipt of such request by the Commission unless the Commission objects to the request by that date.

(3) The Commission may exempt any futures commission merchant from any provision of this section if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is sought. The Commission may grant the exemption subject to such terms and conditions as it may find appropriate.

(e) Location of records. A futures commission merchant required to maintain records concerning Material Affiliated Persons pursuant to this section may maintain those records either at the principal office of the Material Affiliated Person or at a records storage facility, provided that, except as set forth in paragraph (c) of this section, the records are located within the boundaries of the United States and the records are kept and available for inspection in accordance with §1.31. If such records are maintained at a place other than the futures commission merchant’s principal place of business, the Material Affiliated Person or other entity maintaining the records shall file with the Commission a written undertaking, in a form acceptable to the Commission, signed by a duly authorized person, to the effect that the records will be treated as if the futures commission merchant were maintaining the records pursuant to this section and that the entity maintaining the records will permit examination of such records at any time, or from time to time during business hours, by representatives or designees of the Commission and promptly furnish the Commission representative or its designee true, correct, complete and current hard copy of all or any part of such records. The election to maintain records at the principal place of business of the Material Affiliated Person or at a records storage facility pursuant to the provisions of this paragraph shall not relieve the futures commission merchant required to maintain
and preserve such records from any of its responsibilities under this section or §1.15.

(f) Confidentiality. All information obtained by the Commission pursuant to the provisions of this section from a futures commission merchant concerning a Material Affiliated Person shall be deemed confidential information for the purposes of section 8 of the Act.

(g) Implementation schedule. (1) Each futures commission merchant registered as of December 31, 1994 and subject to the requirements of this section shall maintain and preserve the information required by paragraphs (a)(1)(i) and (a)(1)(ii) of this section commencing April 30, 1995 and the information required by paragraphs (a)(1)(iii) and (a)(1)(iv) of this section commencing May 15, 1995 or, if December 31, 1994 is not the futures commission merchant’s fiscal year-end, 135 calendar days following the first fiscal year-end occurring after December 31, 1994.

(2) Each futures commission merchant whose registration becomes effective after December 31, 1994 and is subject to the requirements of this section shall maintain and preserve the information required by paragraphs (a)(1)(i) and (a)(1)(ii) of this section commencing April 30, 1995 and the information required by paragraphs (a)(1)(iii) and (a)(1)(iv) of this section commencing May 15, 1995 or, if December 31, 1994 is not the futures commission merchant’s fiscal year-end, 135 calendar days following the first fiscal year-end occurring after registration becomes effective.

Where there is a material change in information provided, an updated organizational chart shall be filed within sixty calendar days after the end of the fiscal quarter in which the change has occurred; and

(ii) Copies of the financial, operational, and risk management policies, procedures and systems maintained by the futures commission merchant pursuant to paragraph (a)(1)(ii) of §1.14. If the futures commission merchant has no such written policies, procedures or systems, it must file a statement so indicating. Where there is a material change in information provided, such change shall be reported within sixty calendar days after the end of the fiscal quarter in which the change has occurred.

(2) Each futures commission merchant registered with the Commission pursuant to Section 4d of the Act, unless exempt pursuant to paragraph (c) of this section, shall file the following with the regional office with which it files periodic financial reports within 105 calendar days after the end of each fiscal year or, if a filing is made pursuant to a written notice issued under paragraph (a)(2)(iii) of this section, within the time period specified in the written notice:

(i) Fiscal year-end consolidated and consolidating balance sheets for the highest level Material Affiliated Person within the futures commission merchant’s organizational structure, which shall include the futures commission merchant and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated balance sheets shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which consolidated balance sheets shall include appropriate explanatory notes. The consolidating
balance sheets may be those prepared by the futures commission merchant’s highest level Material Affiliated Person as part of its internal financial reporting process;

(ii) Fiscal year-end annual consolidated and consolidating income statements and consolidated cash flow statements for the highest level Material Affiliated Person within the futures commission merchant’s organizational structure, which shall include the futures commission merchant and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated statements shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which consolidated statements shall include appropriate explanatory notes. The consolidating statements may be those prepared by the futures commission merchant’s highest level Material Affiliated Person as part of its internal financial reporting process; and

(iii) Upon receiving written notice from any representative of the Commission and within the time period specified in the written notice, such additional information which the Commission determines is necessary for a complete understanding of a particular affiliate’s financial impact on the futures commission merchant’s organizational structure.

(3) For the purposes of this section, the term Material Affiliated Person shall have the meaning used in §1.14.

(4) The reports required to be filed pursuant to paragraphs (a)(1) and (a)(2) of this section shall be considered filed when received by the regional office of the Commission with whom the futures commission files financial reports pursuant to §1.10.

(b) [Reserved]

(c) Exemptions. (1) The provisions of this section shall not apply to any futures commission merchant which holds funds or property of or for futures customers of less than $6,250,000 and has less than $5,000,000 in adjusted net capital as of the futures commission merchant’s fiscal year-end; provided, however, that such futures commission merchant is not a clearing member of an exchange.

(2) The Commission may, upon written application by a Reporting Futures Commission Merchant, exempt from the provisions of this section, other than paragraph (a)(1)(ii) of this section, either unconditionally or on specified terms and conditions, any futures commission merchant affiliated with such Reporting Futures Commission Merchant. The term “Reporting Futures Commission Merchant” shall mean, in the case of a futures commission merchant that is affiliated with another registered futures commission merchant which maintains the greater amount of net capital as last reported on its financial reports filed with the Commission pursuant to §1.10 unless another futures commission merchant is acting as the Reporting Broker or Dealer under §240.17h–2T of this title or the Commission permits another futures commission merchant to act as the Reporting Futures Commission Merchant. In granting exemptions under this section, the Commission shall consider, among other factors, whether the records and other information required to be maintained pursuant to §1.14 concerning the Material Affiliated Persons of the futures commission merchant affiliated with the Reporting Futures Commission Merchant will be available to the Commission pursuant to the provisions of this section. A request for exemption filed under this paragraph (c)(2) shall explain the basis for the designation of a particular futures commission merchant as the Reporting Futures Commission Merchant and will become effective on the thirtieth day after receipt of such request by the Commission unless the Commission objects to the request by that date. The Reporting Futures Commission Merchant must submit the information required by paragraph (a)(1)(ii) of this section on behalf of its affiliated futures commission merchants.

(3) The Commission may exempt any futures commission merchant from any provision of this section if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is

(d) Special provisions with respect to Material Affiliated Persons subject to the supervision of certain domestic regulators.

(1) In the case of a futures commission merchant which is required to file, or has a Material Affiliated Person which is required to file, Form 17–H (or such other forms or reports as may be required) with the Securities and Exchange Commission pursuant to sections 240.17h–2T of this title, or such other risk assessment regulations as the Securities and Exchange Commission may adopt, such futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraphs (a)(1)(i) and (a)(2) of this section if the futures commission merchant furnishes, in accordance with paragraph (a)(2) of this section, a copy of the most recent Form 17–H filed by the futures commission merchant or its Material Affiliated Person with the Securities and Exchange Commission, provided however, that if the futures commission merchant has designated any of its affiliated persons as Material Affiliated Persons for purposes of this section and §1.14 which are not designated as Material Affiliated Persons for purposes of the Form 17–H filed pursuant to §§240.17h–1T and 240.17h–2T of this title, the futures commission must also designate any such affiliated person as a Material Affiliated Person on the organizational chart required as Item 1 of Part I of Form 17–H. To comply with paragraphs (a)(1)(i) and (a)(2) of this section, such futures commission merchant may, at its option, file Form 17–H in its entirety or file such form without the information required under Part II of Form 17–H.

(2) In the case of a Material Affiliated Person (including a foreign banking organization) that is subject to examination by, or the reporting requirements of, a Federal banking agency, the futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to such Material Affiliated Person if the futures commission merchant or such Material Affiliated Person maintains in accordance with §1.14 copies of all reports filed by the Material Affiliated Person with the Federal banking agency pursuant to section 5211 of the Revised Statutes, section 9 of the Federal Reserve Act, section 7(a) of the Federal Deposit Insurance Act, section 10(b) of the Home Owners’ Loan Act, or section 5 of the Bank Holding Company Act of 1956.

(3) In the case of a futures commission merchant that has a Material Affiliated Person that is subject to the supervision of an insurance commissioner or other similar official or agency of a state, such futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to the Material Affiliated Person if:

(i) With respect to a Material Affiliated Person organized as a mutual insurance company or a non-public stock company, the futures commission merchant or such Material Affiliated Person maintains in accordance with §1.14 copies of the annual statements with schedules and exhibits prepared by the Material Affiliated Person on forms prescribed by the National Association of Insurance Commissioners or by a state insurance commissioner; and

(ii) With respect to a Material Affiliated Person organized as a public stock company, the futures commission merchant or such Material Affiliated Person maintains, in addition to the annual statements with schedules and exhibits required to be maintained pursuant to §1.14, copies of the filings made by the Material Affiliated Person pursuant to sections 13 or 15 of the Securities Exchange Act of 1934 and the Investment Company Act of 1940.

(4) No futures commission merchant shall be required to furnish to the Commission any examination report of any Federal banking agency or any supervisory recommendations or analyses contained therein with respect to a Material Affiliated Person that is subject to the regulation of a Federal banking agency. All information received by the Commission pursuant to this section concerning a Material Affiliated Person that is subject to examination by or the reporting requirements of a Federal banking agency shall be
§ 1.16 Qualifications and reports of accountants.

(a) Definitions—(1) Accountant’s report. The term “accountant’s report,” when used in regard to financial statements and schedules, means a document in which an independent licensed or certified public accountant indicates the scope of the audit (or examination) which he has made and sets forth his opinion regarding the financial statements and schedules taken as a whole or an assertion to the fact that an overall opinion cannot be expressed. When an overall opinion cannot be expressed, the reasons therefore must be stated.

(2) Audit or examination. The terms “audit” and “examination,” when used in regard to financial statements and schedules, mean an examination of the statements and schedules by an accountant in accordance with generally accepted auditing standards for the purposes of expressing an opinion thereon.

(5) The furnishing of any information or documents by a futures commission merchant pursuant to this section shall not constitute an admission for any purpose that a Material Affiliated Person is otherwise subject to the Act.

(e) Special provisions with respect to Material Affiliated Persons subject to the supervision of a Foreign Regulatory Authority. A futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to a Material Affiliated Person if such futures commission merchant furnishes, or causes such Material Affiliated Person to make available, in accordance with the provisions of this section, copies of any financial or risk exposure reports filed by such Material Affiliated Person with a foreign futures authority or other foreign regulatory authority, provided that:

(1) The futures commission merchant agrees to use its best efforts to obtain from the Material Affiliated Person and to cause the Material Affiliated Person to provide, directly or through its foreign futures authority or other foreign regulatory authority, any supplemental information the Commission may request and there is no statute or other bar in the foreign jurisdiction that would preclude the futures commission merchant, the Material Affiliated Person, the foreign futures authority or other foreign regulatory authority from providing such information to the Commission; or

(2) The foreign futures authority or other foreign regulatory authority with whom the Material Affiliated Person files such reports has entered into an information sharing agreement with the Commission which is in effect as of the futures commission merchant’s fiscal year-end and which will allow the Commission to obtain the type of information required herein. The futures commission merchant shall file a copy of the original report and a copy translated into the English language. For the purposes of this section, the term “Foreign Futures Authority” shall have the meaning set forth in section 1a(10) of the Act.

(f) Confidentiality. All information obtained by the Commission pursuant to the provisions of this section from a futures commission merchant concerning a Material Associated Person shall be deemed confidential information for the purposes of section 8 of the Act.

(g) Implementation schedule. Each futures commission merchant registered as of December 31, 1994 and subject to the requirements of this section shall file the information required by paragraph (a)(1) of this section no later than April 30, 1995 and the information required by paragraph (a)(2) of this section no later than May 15, 1995. Each futures commission merchant whose registration becomes effective after December 31, 1994 and is subject to the requirements of this section shall file the information required by paragraph (a)(1) of this section within 60 calendar days after registration is granted, or by April 30, 1995, whichever comes later and the information required by paragraph (a)(2) of this section within 105 calendar days after registration is granted or by May 15, 1995, whichever comes later.

Commodity Futures Trading Commission

§ 1.16

(3) Certified. The term “certified,” when used in regard to financial statements and schedules, means audited and reported upon with an opinion expressed by an independent certified public accountant or independent licensed public accountant.

(4) Customer. The term “customer” means customer (as defined in §1.3(k)) and option customer (as defined in §1.3(j)) of this part and in §32.1(c) of this chapter) and includes a foreign futures and foreign options customer (as defined in §30.1(c) of this chapter).

(b) Qualifications of accountants. (1) The Commission will recognize any person as a certified public accountant who is duly registered and in good standing as such under the laws of the place of his residence or principal office. The Commission will recognize any person as a licensed public accountant who was duly licensed on or before December 31, 1970, and is in good standing as such under the laws of the place of his residence or principal office.

(2) The Commission will not recognize any certified public accountant or licensed public accountant as independent who is not in fact independent. For example, an accountant will not be considered independent with respect to any applicant or registrant or any parent, subsidiary, or other affiliate of such applicant or registrant (i) in which, during the period of his professional engagement to examine the financial statements and schedules being reported on or at the date of his report, he or his firm or a member thereof had, or was committed to acquire, any direct financial interest or any material indirect financial interest, or (ii) with which, during the period of his professional engagement to examine the financial statements and schedules being reported on, at the date of his report or during the period covered by the financial statements, he or his firm or a member thereof was connected as a promoter, underwriter, voting trustee, director, officer, or employee, except that a firm will be deemed independent with respect to an applicant or registrant and its affiliates if a former employee or officer of such applicant or registrant or any such affiliate is employed by the firm and such individual has completely disassociated himself from the applicant or registrant and its affiliates and does not participate in auditing financial statements and schedules of the applicant or registrant or its affiliates covering any period of his employment by the applicant or registrant or its affiliates. An accountant will not be considered independent if he or his firm or a member thereof performs manual or automated bookkeeping services or assumes responsibility for maintenance of the accounting records, including accounting classification decisions, of such applicant or registrant or any of its affiliates. For the purposes of this §1.16(b), the term “member” means all partners in the firm and all professional employees participating in the audit or located in the office of the firm participating in a significant portion of the audit.

(3) In determining whether an accountant may in fact not be independent with respect to a particular applicant or registrant, the Commission will give appropriate consideration to all relevant circumstances, including evidence bearing on all relationships between the accountant and that applicant or registrant or any affiliate thereof, and will not confine itself to the relationship existing in connection with the filing of reports with the Commission.

(c) Accountant’s reports—(1) Technical requirements. The accountant’s report (i) must be dated, (ii) must be signed manually, (iii) must indicate the city and State where issued and (iv) must identify without detailed enumeration the financial statements covered by the report.

(2) Representations as to the audit. The accountant’s report (i) must state whether the audit was made in accordance with generally accepted auditing standards, and (ii) must designate any auditing procedures deemed necessary by the accountant under the circumstances of the particular case which have been omitted and the reasons for their omission. However, nothing in this paragraph (c)(2) shall be construed to imply authority for the omission of any procedure which independent accountants would ordinarily employ in the course of an audit made
for the purposes of expressing the opinion required by paragraph (c)(3) of this section.

(3) Opinion to be expressed. The accountant’s report must state clearly:
(i) The opinion of the accountant with respect to the financial statements and schedules covered by the report and the accounting principles and practices reflected therein and (ii) the opinion of the accountant as to the consistency of the application of the accounting principles, or as to any changes in such principles which have material effect on the financial statements and schedules.

(4) Exceptions. Any matters to which the accountant takes exception must be clearly identified, such exceptions specifically and clearly stated, and to the extent practicable, the effect of each exception on related financial statements and schedules given.

(5) Accountant’s report on material inadequacies. A registrant must file concurrently with the annual audit report a supplemental report by the accountant describing any material inadequacies found to exist or found to have existed since the date of the previous audit. An applicant must file concurrently with the audit report a supplemental report by the accountant describing any material inadequacies found to exist as of the date of the Form 1–FR being filed: Provided, however, That if such applicant is registered with the Securities and Exchange Commission as a securities broker or dealer, and it files (in accordance with §1.10(h)) a copy of its Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, part II or part IIA, in lieu of Form 1–FR, the accountant’s supplemental report must be made as of the date of the Form 1–FR being filed; Provided, however, That if such applicant is registered with the Securities and Exchange Commission as a securities broker or dealer, and it files (in accordance with §1.10(h)) a copy of its Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, part II or part IIA, in lieu of Form 1–FR, the accountant’s supplemental report must be made as of the date of the report. The supplemental report must indicate any corrective action taken or proposed by the applicant or registrant in regard thereto. If the audit did not disclose any material inadequacies, the supplemental report must so state.

(d) Audit objectives. (1) The audit must be made in accordance with generally accepted auditing standards and must include a review and appropriate tests of the accounting system, the internal accounting control, and the procedures for safeguarding customer and firm assets in accordance with the provisions of the Act and the regulations thereunder, since the prior examination date. The audit must include all procedures necessary under the circumstances to enable the independent licensed or certified public accountant to express an opinion on the financial statements and schedules. The scope of the audit and review of the accounting system, the internal controls, and procedures for safeguarding customer and firm assets must be sufficient to provide reasonable assurance that any material inadequacies existing at the date of the examination in (i) the accounting system, (ii) the internal accounting controls, and (iii) the procedures for safeguarding customer and firm assets (including, in the case of a futures commission merchant, the segregation requirements of section 4d(2) of the Act and these regulations and the secured amount requirements of the Act and these regulations) will be discovered. Additionally, as specified objectives the audit must include reviews of the practices and procedures followed by the registrant in making (A) periodic computations of the minimum financial requirements pursuant to §1.17 and (B) in the case of a futures commission merchant, daily computations of the segregation requirements of section 4d(2) of the Act and these regulations and the secured amount requirements of the Act and these regulations.

(2) A material inadequacy in the accounting system, the internal accounting controls, the procedures for safeguarding customer and firm assets, and the practices and procedures referred to in paragraph (d)(1) of this section which is to be reported in accordance with paragraph (e)(2) of this section includes any conditions which contributed substantially to or, if appropriate corrective action is not taken, could reasonably be expected to:
(i) Inhibit an applicant or registrant from promptly completing transactions or promptly discharging his responsibilities to customers or other creditors;
(ii) Result in material financial loss;
(iii) Result in material misstatement of the applicant’s or registrant’s financial statements and schedules; or
(iv) Result in violations of the Commission’s segregation or secured amount (in the case of a futures commission merchant), recordkeeping or financial reporting requirements to the extent that could reasonably be expected to result in the conditions described in paragraph (d)(2)(i), (ii), or (iii) of this section.

(e) Extent and timing of audit procedures. (1) The extent and timing of audit procedures are matters for the independent public accountant to determine on the basis of his review and evaluation of existing internal controls and other audit procedures performed in accordance with generally accepted auditing standards and the audit objectives set forth in paragraph (d) of this section. In determining the extent of testing, consideration must be given to the materiality of an area and to the possible effect on the financial statements and schedules of a material misstatement in a related account.

(2) If during the course of an audit or interim work, the independent public accountant determines that any material inadequacies exist in the accounting system, in the internal accounting control, in the procedures for safeguarding customer or firm assets, or as otherwise defined in paragraph (d) of this section, he must call such inadequacies to the attention of the applicant or registrant, which has the responsibility to give notice to the National Futures Association and, if any, to the Commission and the designated self-regulatory organization, if any, and every futures commission merchant carrying or intending to carry customer accounts for the introducing broker or applicant for registration as an introducing broker, within three (3) business days thereafter. Such report from the accountant must, if the applicant or registrant failed to file a notice, describe the material inadequacies found to exist. If the applicant or registrant filed a notice, the accountant must file a report detailing the aspects, if any, of the applicant’s or registrant’s notice with which the accountant does not agree.

(f) Extension of time for filing audited reports. (1) In the event a registrant finds that it cannot file its certified financial statements and schedules for any year within the time specified in §1.10 without substantial undue hardship, it may file with the principal office of the Commission in Washington, DC, an application for extension of time to a specified date not more than 90 days after the date as of which the certified financial statements and schedules were to have been filed. Notice of such application must be sent to the designated self-regulatory organization, if any. The application must be made by the registrant and must:

(i) State the reasons for the requested extension;

(ii) Indicate that the inability to make a timely filing is due to circumstances beyond the control of the registrant, if such is the case, and describe briefly the nature of such circumstances;

(iii) Be accompanied by the latest available formal computation of the registrant’s adjusted net capital and
minimum financial requirements computed in accordance with §1.17;
(iv) In the case of a futures commission merchant, be accompanied by the latest available computation of required segregation and by a computation of the amount of money, securities, and property segregated on behalf of customers, and by a computation of secured amounts and funds held in separate accounts for foreign futures and foreign options customers in accordance with §30.7 of this chapter, as of the date of the latest available computation;
(v) Contain an agreement to file the report on or before the date specified by the registrant in the application;
(vi) Be received by the principal office of the Commission in Washington, DC and by the designated self-regulatory organization, if any, prior to the date on which the report is due; and
(vii) Be accompanied by a letter from the independent public accountant answering the following questions:
(A) What specifically are the reasons for the extension request?
(B) On the basis of that part of your audit to date, do you have any indication that may cause you to consider commenting on any material inadequacies in the accounting system, internal accounting controls or procedures for safeguarding customer or firm assets?
(C) Do you have any indication from the part of your audit completed to date that would lead you to believe that the firm was or is not meeting the minimum capital requirements specified in §1.17 or (in the case of a futures commission merchant) either the segregation requirements of section 4d(2) of the Act and these regulations or the secured amount requirements of the Act and these regulations, or has any significant financial or recordkeeping problems?
(2) Within ten calendar days after receipt of an application for extension of time, the Commission shall: (i) Notify the registrant of the grant or denial of the requested extension; or (ii) indicate to the registrant that additional time is required to analyze the request, in which case the amount of time needed will be specified.
(3) On the written request of any designated self-regulatory organization or registrant, or on its own motion, the Commission may grant an extension of time or an exemption from any of the certified financial reporting requirements of this chapter either unconditionally or on specified terms and conditions.
(g) Replacement of accountant. (1) In the event (i) the independent public accountant who was previously engaged as the principal accountant to audit an applicant’s or registrant’s financial statements resigns (or indicates he declines to stand for re-election after the completion of the current audit) or is dismissed as the applicant’s or registrant’s principal accountant, (ii) another independent accountant is engaged as principal accountant, or (iii) an independent accountant on whom the principal accountant expresses reliance in his report regarding a subsidiary resigns (or formally indicates he declines to stand for re-election after completion of the current audit) or is dismissed or another independent public accountant is engaged to audit that subsidiary, an applicant shall file written notice of such occurrence with the National Futures Association, and a registrant shall file written notice of such occurrence with the Commission at its principal office in Washington, DC, and with the designated self-regulatory organization, if any, not more than 15 business days after such occurrence.
(2) Such notice must state (i) the date of such resignation (or declination to stand for re-election, dismissal or engagement) and (ii) whether, in connection with the audit of the two most recent fiscal years and any subsequent interim period preceding such resignation, dismissal or engagement, there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statements disclosure, auditing scope or procedures, or compliance with the applicable rules of the Commission, which, if not resolved to the satisfaction of the former accountant, would have caused him to make reference in connection with his report to the subject matter of the disagreements (if so, describe such disagreements). The disagreements required to
be reported in this paragraph (g)(2) include both those resolved to the former accountant’s satisfaction and those not resolved to the former accountant’s satisfaction. Disagreements contemplated by this paragraph (g)(2) are those which occur at the decision-making level, i.e., between personnel of the applicant or registrant responsible for presentation of its financial statements and schedules and personnel of the accounting firm responsible for rendering its report. The notice must also state whether the accountant’s report on the financial statements and schedules for any of the past two years contained an adverse opinion or a disclaimer of opinion or was qualified as to uncertainties, audit scope, or accounting principles (if so, describe the nature of each such adverse opinion, disclaimer of opinion, or qualification). An applicant must also request the former accountant to furnish the applicant with a letter addressed to the National Futures Association, and a registrant must also request the former accountant to furnish the registrant with a letter addressed to the Commission, stating whether he agrees with the statements contained in the notice of the applicant or registrant and, if not, stating the respects in which he does not agree. Each copy of the notice and accountant’s letter must be manually signed by the sole proprietor or a general partner or a duly authorized corporate officer of the applicant or registrant, as appropriate, and by the accountant.

(3) If (i) within the 24 months prior to the date of the most recent audited financial statement, a notice has been filed pursuant to paragraph (g)(1) of this section reporting a change of accountants, (ii) included in such filing there is a reported disagreement on any matters of accounting principles or practices, financial statements disclosure, auditing scope, or noncompliance with the applicable rules of the Commission, (iii) during the fiscal year in which the change in accountants took place or during the subsequent fiscal year, there have been any transactions or events similar to those which involved a reported disagreement, and (iv) such transactions or events are material and were accounted for or disclosed in a manner different from that which the former accountant apparently would have concluded was required, the existence and nature of the disagreements and also the effect on the financial statements must be stated in a written notice to the National Futures Association, in the case of an applicant, or to the Commission at its principal office in Washington, DC, and the designated self-regulatory organization, if any, in the case of a registrant, if the method which the former accountant apparently would have concluded was required had been followed. These disclosures need not be made if the method asserted by the former accountant ceases to be generally accepted because of authoritative standards or interpretations subsequently issued. The notice required by this paragraph (g)(3) must be filed by the applicant or registrant concurrently with the financial statements and schedules to which it pertains.

(h) Exemption for introducing broker or applicant therefor. The provisions of this section do not apply to an introducing broker which is operating pursuant to a guarantee agreement, nor do such provisions apply to an applicant for registration as an introducing broker who files concurrently with such application a guarantee agreement, provided such introducing broker or applicant therefor is not also a securities broker or dealer.

(ii) Except as provided for in paragraph (f)(2)(i) of this section, consolidation shall be permitted with respect to any subsidiaries or affiliates which are majority owned and controlled by the applicant or registrant, and for which the applicant can demonstrate to the satisfaction of the National Futures Association, or for which the registrant can demonstrate to the satisfaction of the Commission and the designated self-regulatory organization, if any, by an opinion of counsel, that the net asset values or the portion thereof related to the parent’s ownership interest in the subsidiary or affiliate, may be caused by the applicant or registrant or an appointed trustee to be distributed to the applicant or registrant within 30 calendar days. Such opinion must also set forth the actions necessary to cause such a distribution to be made, identify the parties having the authority to take such actions, identify and describe the rights of other parties or classes of parties, including but not limited to customers, general creditors, subordinated lenders, minority shareholders, employees, litigants, and governmental or regulatory authorities, who may delay or prevent such a distribution and such other assurances as the National Futures Association, the Commission or the designated self-regulatory organization by rule or interpretation may require. Such opinion must be current and periodically renewed in connection with the applicant’s or registrant’s annual audit pursuant to §1.10 or upon any material change in circumstances.

(3) In preparing a consolidated computation of adjusted net capital pursuant to this section, the following minimum and non-exclusive requirements shall be observed:

(ii) Liabilities of a consolidated subsidiary or affiliate which are subordinated to the claims of present and future creditors pursuant to a satisfactory subordination agreement shall be
deducted from consolidated adjusted net capital unless such subordination extends also to the claims of present or future creditors of the parent applicant or registrant and all consolidated subsidiaries.

(iii) Subordinated liabilities of a consolidated subsidiary or affiliate which are consolidated in accordance with paragraph (f)(3)(ii) of this section may not be prepaid, repaid, or accelerated if any of the entities included in such consolidation would otherwise be unable to comply with the provisions of paragraph (h) of this section.

(iv) Each applicant or registrant included within the consolidation shall at all times be in compliance with the adjusted net capital requirement to which it is subject.

(4) No applicant or registrant shall guarantee, endorse, or assume directly or indirectly any obligation or liability of a subsidiary or affiliate unless the obligation or liability is reflected in the computation of adjusted net capital pursuant to this section except as provided in paragraph (f)(2)(i) of this section.

(i) A subordination agreement may be either a subordinated loan agreement or a secured demand note agreement.

(ii) The term subordinated loan agreement means the agreement or agreements evidencing or governing a subordinated borrowing of cash.

(iii) The term “collateral value” of any securities pledged to secure a secured demand note means the market value of such securities after giving effect to the percentage deductions specified in Rule 240.15c3-1d(a)(2)(iii) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(a)(2)(iii)).

(iv) The term payment obligation means the obligation of an applicant or registrant in respect to any subordination agreement:

(A) To repay cash loaned to the applicant or registrant pursuant to a subordinated loan agreement; or

(B) To return a secured demand note contributed to the applicant or registrant or to reduce the unpaid principal amount thereof and to return cash or securities pledged as collateral to secure the secured demand note; and

(C) “payment” shall mean the performance by an applicant or registrant of a payment obligation.

(v)(A) The term secured demand note agreement means an agreement (including the related secured demand note) evidencing or governing the contribution of a secured demand note to an applicant or registrant and the pledge of securities and/or cash with the applicant or registrant as collateral to secure payment of such secured demand note. The secured demand note agreement may provide that neither the lender, his heirs, executors, administrators, or assigns shall be personally liable on such note and that in the event of default the applicant or registrant shall look for payment of such note solely to the collateral then pledged to secure the same.

(B) The secured demand note shall be a promissory note executed by the lender and shall be payable on the demand of the applicant or registrant to which it is contributed: Provided, however, That the making of such demand may be conditioned upon the occurrence of any of certain events which are acceptable to the designated self-regulatory organization and the Commission.

(C) If such note is not paid upon presentation and demand as provided for therein, the applicant or registrant shall have the right to liquidate all or any part of the securities then pledged as collateral to secure payment of the same and to apply the net proceeds of such liquidation, together with any cash then included in the collateral, in payment of such note. Subject to the prior rights of the applicant or registrant as pledgee, the lender, as defined in paragraph (h)(1)(v)(F) of this section may retain ownership of the collateral and have the benefit of any increases and bear the risks of any decreases in the value of the collateral.
§ 1.17

and may retain the right to vote securities contained within the collateral and any right to income therefrom or distributions thereon, except the applicant or registrant shall have the right to receive and hold as pledgee all dividends payable in securities and all partial and complete liquidating dividends.

(D) Subject to the prior rights of the applicant or registrant as pledgee, the lender may have the right to direct the sale of any securities included in the collateral, to direct the purchase of securities with any cash included therein, to withdraw excess collateral or to substitute cash or other securities as collateral: Provided, That the net proceeds of any such sale and the cash so substituted and the securities so purchased or substituted are held by the applicant or registrant as pledgee, and are included within the collateral to secure payment of the secured demand note: And provided further, That no such transaction shall be permitted, if, after giving effect thereto, the sum of the amount of any cash, plus the collateral value of the securities, then pledged as collateral to secure the secured demand note would be less than the unpaid principal amount of the secured demand note.

(E) Upon payment by the lender, as distinguished from a reduction by the lender which is provided for in paragraph (h)(2)(vi)(C) of this section or reduction by the applicant or registrant as provided for in paragraph (h)(2)(vii) of this section, of all or any part of the unpaid principal amount of the secured demand note, the applicant or registrant shall issue to the lender a subordinated loan agreement in the amount of such payment (or in the case of an applicant or registrant that is a partnership, credit a capital account of the lender), or issue preferred or common stock of the applicant or registrant in the amount of such payment, or any combination of the foregoing, as provided for in the secured demand note agreement.

(F) The term lender means the person who lends cash to an applicant or registrant pursuant to a subordinated loan agreement and the person who contributes a secured demand note to an applicant or registrant pursuant to a secured demand note agreement.

(2) Minimum requirements for subordination agreements:

(i) Subject to paragraph (h)(1) of this section, a subordination agreement shall mean a written agreement between the applicant or registrant and the lender, which:

(A) Has a minimum term of 1 year, except for temporary subordination agreements provided for in paragraph (h)(3)(v) of this section, and

(B) Is a valid and binding obligation enforceable in accordance with its terms (subject to enforcement to applicable bankruptcy, insolvency, reorganization, moratorium, and other similar laws) against the applicant or registrant and the lender and their respective heirs, executors, administrators, successors, and assigns.

(ii) Specific amount. All subordination agreements shall be for a specific dollar amount which shall not be reduced for the duration of the agreement except by installments as specifically provided for therein and except as otherwise provided in this paragraph (h)(2) of this section.

(iii) Effective subordination. The subordination agreement shall effectively subordinate any right of the lender to receive any payment with respect thereto, together with accrued interest or compensation, to the prior payment or provision for payment in full of all claims of all present and future creditors of the applicant or registrant arising out of any matter occurring prior to the date on which the related payment obligation matures, except for claims which are the subject of subordination agreements which rank on the same priority as or junior to the claim of the lender under such subordination agreements.

(iv) Proceeds of subordinated loan agreements. The subordinated loan agreement shall provide that the cash proceeds thereof shall be used and dealt with by the applicant or registrant as part of its capital and shall be subject to the risks of the business.

(v) Certain rights of the borrower. The subordination agreement shall provide that the applicant or registrant shall have the right to:
§ 1.17

(A) Deposit any cash proceeds of a subordinated loan agreement and any cash pledged as collateral to secure a secured demand note in an account or accounts in its own name in any bank or trust company;

(B) Pledge, repledge, hypothecate and rehypothecate, any or all of the securities pledged as collateral to secure a secured demand note, without notice, separately or in common with other securities or property for the purpose of securing any indebtedness of the applicant or registrant; and

(C) Lend to itself or others any or all of the securities and cash pledged as collateral to secure a secured demand note.

(vi) Collateral for secured demand notes. Only cash and securities which are fully paid for and which may be publicly offered or sold without registration under the Securities Act of 1933, and the offer, sale, and transfer of which are not otherwise restricted, may be pledged as collateral to secure a secured demand note. The secured demand note agreement shall provide that if at any time the sum of the amount of any cash, plus the collateral value of any securities, then pledged as collateral to secure the secured demand note, is less than the unpaid principal amount of the secured demand note, the applicant or registrant must immediately transmit written notice to that effect to the lender. The secured demand note agreement shall also provide that if the borrower is an applicant, such notice must also be transmitted immediately to the National Futures Association, and if the borrower is a registrant, such notice must also be transmitted immediately to the designated self-regulatory organization, if any, and the Commission. The secured demand note agreement shall also require that following such transmittal:

(A) The lender, prior to noon of the business day next succeeding the transmittal of notice to the lender must commence sale, for the account of the lender, of such of the securities then pledged as collateral to secure the secured demand note and apply so much of the net proceeds thereof, together with such of the cash then pledged as collateral to secure the secured demand note as may be necessary to eliminate the unpaid principal amount of the secured demand note: Provided, however, That the unpaid principal amount of the secured demand note need not be reduced below the sum of the amount of any remaining cash, plus the collateral value of the remaining securities, then pledged as collateral to secure the secured demand note: The applicant or registrant may not purchase for its own account any securities subject to such a sale; and

(C) The secured demand note agreement may also provide that, in lieu of the procedures specified in the provisions required by paragraph (h)(2)(vi)(B) of this section, the lender, with the prior written consent of the applicant and the National Futures Association, or with the prior written consent of the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, may reduce the unpaid principal amount of the secured demand note: Provided, That after giving effect to such reduction the adjusted net capital of the applicant or registrant would not be less than the greatest of:

(I) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 7 percent of the following amount: The customer funds required to be segregated pursuant to the Act and the regulations in this part, plus the funds of opt-out customers that, but for the election to opt
out pursuant to §1.68, would be required to be segregated, plus the foreign futures or foreign options secured amount, less the market value of commodity options purchased by customers on or subject to the rules of a contract market or a foreign board of trade for which the full premiums have not been paid: 

Provided, however, That the deduction for each customer shall be limited to the amount of customer funds in such customer’s account(s) and foreign futures and foreign options secured amounts;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(b)(6)(iii) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(b)(6)(iii)): 

Provided, further, That no single secured demand note shall be permitted to be reduced by more than 15 percent of its original principal amount and after such reduction no excess collateral may be withdrawn.

(vii) Permissive prepayments and special prepayments. (A) An applicant or registrant at its option, but not at the option of the lender, may, if the subordination agreement so provides, make a payment of all or any portion of the payment obligation thereunder prior to the scheduled maturity date of such payment obligation (hereinafter referred to as a “prepayment”), but in no event may any prepayment be made before the expiration of one year from the date such subordination agreement became effective: 

Provided, however, That the foregoing restriction shall not apply to temporary subordination agreements which comply with the provisions of paragraph (h)(3)(v) of this section nor shall it apply to “special prepayments” made in accordance with the provisions of paragraph (h)(2)(vii)(B) of this section. No prepayment shall be made if, after giving effect thereto (and to all payments of payment obligations scheduled to fall due within six months after the date such prepayment is to occur pursuant to this provision, or on or prior to the date on which the payment obligation in respect to such prepayment is scheduled to mature disregarding this provision, whichever date is earlier) without reference to any projected profit or loss of the applicant or registrant, the adjusted net capital of the applicant or registrant is less than the greatest of:

(1) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 7 percent of the following amount: The customer funds required to be segregated pursuant to the Act and the regulations in this part, plus the funds of opt-out customers that, but for the election to opt out pursuant to §1.68, would be required to be segregated, plus the foreign futures or foreign options secured amount, less the market value of commodity options purchased by customers on or subject to the rules of a contract market or a foreign board of trade for which the full premiums have been paid: 

Provided, however, That the deduction for each customer shall be limited to the amount of customer funds in such customer’s account(s) and foreign futures and foreign options secured amounts;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(b)(7) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(b)(7)).

(B) An applicant or registrant at its option, but not at the option of the lender, may, if the subordination agreement so provides, make a payment at any time of all or any portion of the payment obligation thereunder prior to the scheduled maturity date of such payment obligation (hereinafter referred to as a “special prepayment”). No special prepayment shall be made if, after giving effect thereto (and to all payments of payment obligations scheduled to fall due within six months after the date such prepayment is to occur pursuant to this provision, or on or prior to the date on which the payment obligation in respect to such prepayment is scheduled to mature disregarding this provision, whichever date is earlier) without reference to any projected profit or loss of the applicant or registrant, the adjusted net capital of the applicant or registrant is less than the greatest of:

(1) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 7 percent of the following amount: The customer funds required to be segregated pursuant to the Act and the regulations in this part, plus the funds of opt-out customers that, but for the election to opt out pursuant to §1.68, would be required to be segregated, plus the foreign futures or foreign options secured amount, less the market value of commodity options purchased by customers on or subject to the rules of a contract market or a foreign board of trade for which the full premiums have been paid: 

Provided, however, That the deduction for each customer shall be limited to the amount of customer funds in such customer’s account(s) and foreign futures and foreign options secured amounts;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(b)(7) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(b)(7)).
under any other subordination agreements then outstanding, the maturity or accelerated maturities of which are scheduled to fall due within six months after the date such special prepayment is to occur pursuant to this provision, or on or prior to the date on which the payment obligation in respect to such special prepayment is scheduled to mature disregarding this provision, whichever date is earlier) without reference to any projected profit or loss of the applicant or registrant, the adjusted net capital of the applicant or registrant is less than the greatest of:

(1) 200 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 10 percent of the following amount: The customer funds required to be segregated pursuant to the Act and the regulations in this part, plus the funds of opt-out customers that, but for the election to opt out pursuant to §1.68, would be required to be segregated, plus the foreign futures or foreign options secured amount, less the market value of commodity options purchased by customers on or subject to the rules of a contract market or a foreign board of trade for which the full premiums have been paid: Provided, however, That the deduction for each customer shall be limited to the amount of customer funds in such customer’s account(s) and foreign futures and foreign options secured amounts;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(c)(5)(ii) of the Securities and Exchange Commission (17 CFR 240.15c3-1(c)(5)(ii)); Provided, however, That no special prepayment shall be made if pre-tax losses during the latest three-month period were greater than 15 percent of current excess adjusted net capital.

(C)(1) Notwithstanding the provisions of paragraphs (h)(2)(vii)(A) and (h)(2)(vii)(B) of this section, in the case of an applicant, no prepayment or special prepayment shall occur without the prior written approval of the National Futures Association; in the case of a registrant, no prepayment or special prepayment shall occur without the prior written approval of the designated self-regulatory organization, if any, or of the Commission if the registrant is not a member of a self-regulatory organization.

(2) A registrant may make a prepayment or special prepayment without the prior written approval of the designated self-regulatory organization: Provided, That the registrant: Is a securities broker or dealer registered with the Securities and Exchange Commission; files a request to make a prepayment or special prepayment with its applicable securities designated examining authority, as defined in Rule 15c3-1(c)(12) of the Securities and Exchange Commission (17 CFR 240.15c3-1(c)(12)), in the form and manner prescribed by the designated examining authority; files a copy of the prepayment request or special prepayment request with the designated self-regulatory organization at the time it files such request with the designated examining authority in the form and manner prescribed by the designated self-regulatory organization; and files a copy of the designated examining authority’s approval of the prepayment or special prepayment with the designated self-regulatory organization immediately upon receipt of such approval. The approval of the prepayment or special prepayment by the designated examining authority will be deemed approval by the designated self-regulatory organization, unless the designated self-regulatory organization notifies the registrant that the designated examining authority’s approval shall not constitute designated self-regulatory organization approval.

(3) The designated self-regulatory organization shall immediately provide the Commission with a copy of any notice of approval issued where the requested prepayment or special prepayment will result in the reduction of the registrant’s net capital by 20 percent or more or the registrant’s excess adjusted net capital by 30 percent or more.
§ 1.17 17 CFR Ch. I (4–1–02 Edition)

(viii) Suspended repayment. (A) The payment obligation of the applicant or registrant in respect of any subordination agreement shall be suspended and shall not mature if, after giving effect to payment of such payment obligation (and to all payments of payment obligations of the applicant or registrant under any other subordination agreement(s) then outstanding which are scheduled to mature on or before such payment obligation), the adjusted net capital of the applicant or registrant would be less than the greatest of:

1. 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;

2. For a futures commission merchant or applicant therefor, 6 percent of the following amount: The customer funds required to be segregated pursuant to the Act and the regulations in this part, plus the funds of opt-out customers that, but for the election to opt out pursuant to §1.68, would be required to be segregated, plus the foreign futures or foreign options secured amount, less the market value of commodity options purchased by customers on or subject to the rules of a contract market or a foreign board of trade for which the full premiums have been paid: Provided, however, That the deduction for each customer shall be limited to the amount of customer funds in such customer’s account(s) and foreign futures and foreign options secured amounts;

3. 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

4. For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3–1(d)(b)(8)(i) of the Securities and Exchange Commission (17 CFR 240.15c3–1d(b)(8)(i)): Provided, That the subordination agreement may provide that if the payment obligation of the applicant or registrant thereunder does not mature and is suspended as a result of the requirement of this paragraph (h)(2)(viii) for a period of not less than six months, the applicant or registrant shall then commence the rapid and orderly liquidation of its business, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of this section.

(B) [Reserved]

(ix) Accelerated maturity. Obligation to repay to remain subordinate:

(A) Subject to the provisions of paragraph (h)(2)(viii) of this section, a subordination agreement may provide that the lender may, upon prior written notice to the applicant and the National Futures Association, or upon prior written notice to the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, given not earlier than six months after the effective date of such subordination agreement, accelerate the date on which the payment obligation of the borrower, together with accrued interest or compensation, is scheduled to mature to a date not earlier than six months after giving of such notice, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of this paragraph (h)(2) of this section.

(B) Notwithstanding the provisions of paragraph (h)(2)(viii) of this section, the payment obligation of the applicant or registrant with respect to a subordination agreement, together with accrued interest and compensation, shall mature in the event of any receivership, insolvency, liquidation pursuant to the Securities Investor Protection Act of 1970 or otherwise, bankruptcy, assignment for the benefit of creditors, reorganization whether or not pursuant to the bankruptcy laws, or any other marshalling of the assets and liabilities of the applicant or registrant, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section.

(x) Accelerated maturity of subordination agreements on event of default and event of acceleration. Obligation to repay to remain subordinate:

(A) A subordination agreement may provide that the lender may, upon prior written notice to the applicant
and the National Futures Association, or upon prior written notice to the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, of the occurrence of any event of acceleration (as hereinafter defined) given no sooner than six months after the effective date of such subordination agreement, accelerate the date on which the payment obligation of the applicant or registrant, together with accrued interest or compensation, is scheduled to mature, to the last business day of a calendar month which is not less than six months after notice of acceleration is received by the applicant and by the National Futures Association, or by the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission. Any subordination agreement containing such events of acceleration may also provide that, if upon such accelerated maturity date the payment obligation of the applicant or registrant is suspended as required by paragraph (h)(2)(viii) of this section and liquidation of the applicant or registrant has not commenced on or prior to such accelerated maturity date, notwithstanding paragraph (h)(2)(viii) of this section, the payment obligation of the applicant or registrant with respect to such subordination agreement shall mature on the day immediately following such accelerated maturity date and in any such event the payment obligations of the applicant or registrant with respect to all other subordination agreements then outstanding shall also mature at the same time but the rights of the respective lenders to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section. Events of acceleration which may be included in a subordination agreement complying with this paragraph (h)(2)(x) of this section shall be limited to:

(1) Failure to pay interest or any installment of principal on a subordination agreement as scheduled;

(2) Failure to pay when due other money obligations of a specified material amount;

(3) Discovery that any material, specified representation or warranty of the applicant or registrant which is included in the subordination agreement and on which the subordination agreement was based or continued was inaccurate in a material respect at the time made;

(4) Any specified and clearly measurable event which is included in the subordination agreement and which the lender and the applicant or registrant agree, (a) is a significant indication that the financial position of the applicant or registrant has changed materially and adversely from agreed upon specified norms; or (b) could materially and adversely affect the ability of the applicant or registrant to conduct its business as conducted on the date the subordination agreement was made; or

(c) is a significant change in the senior management of the applicant or registrant or in the general business conducted by the applicant or registrant from that which obtained on the date the subordination agreement became effective;

(5) Any continued failure to perform agreed covenants included in the subordination agreement relating to the conduct of the business of the applicant or registrant or relating to the maintenance and reporting of its financial position; and

(B) Notwithstanding the provisions of paragraph (h)(2)(viii) of this section, a subordination agreement may provide that, if liquidation of the business of the applicant or registrant has not already commenced, the payment obligation of the applicant or registrant shall mature, together with accrued interest or compensation, upon the occurrence of an event of default (as hereinafter defined). Such agreement may also provide that, if liquidation of the business of the applicant or registrant has not already commenced, the rapid and orderly liquidation of the business of the applicant or registrant shall then commence upon the happening of an event of default. Any subordination agreement which so provides for maturity of the payment obligation upon the occurrence of an event of default shall
also provide that the date on which such event of default occurs shall, if liquidation of the applicant or registrant has not already commenced, be the date on which the payment obligation of the applicant or registrant with respect to all other subordination agreements then outstanding shall mature but the rights of the respective lenders to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section. Events of default which may be included in a subordination agreement shall be limited to:

1. The making of an application by the Securities Investor Protection Corporation for a decree adjudicating that customers of the applicant or registrant are in need of protection under the Securities Investor Protection Act of 1970 and the failure of the applicant or registrant to obtain the dismissal of such application within 30 days;

2. Failure to meet the minimum capital requirements of the designated self-regulatory organization, or of the Commission, throughout a period of 15 consecutive business days, commencing on the day the borrower first determines and notifies the designated self-regulatory organization, if any, of which he is a member and the Commission, in the case of a registrant, or the National Futures Association, in the case of an applicant, or commencing on the day any self-regulatory organization first determines and notifies the applicant or registrant of such fact;

3. The Commission shall revoke the registration of the applicant or registrant;

4. The self-regulatory organization shall suspend (and not reinstate within 10 days) or revoke the applicant or registrant’s status as a member thereof;

5. Any receivership, insolvency, liquidation pursuant to the Securities Investor Protection Act of 1970 or otherwise, bankruptcy, assignment for the benefit of creditors, reorganization whether or not pursuant to bankruptcy laws, or any other marshalling of the assets and liabilities of the applicant or registrant. A subordination agreement which contains any of the provisions permitted by this subparagraph (2)(x) shall not contain the provision otherwise permitted by paragraph (h)(2)(ix)(A) of this section.

3. Miscellaneous provisions—(1) Prohibited cancellation. The subordination agreement shall not be subject to cancellation by either party; no payment shall be made with respect thereto and the agreement shall not be terminated, rescinded or modified by mutual consent or otherwise if the effect thereof would be inconsistent with the requirements of paragraph (h) of this section.

(ii) Notice of maturity or accelerated maturity. Every applicant or registrant shall immediately notify the National Futures Association, and the registrant shall immediately notify the designated self-regulatory organization, if any, and the Commission if, after giving effect to all payments of payment obligations under subordination agreements then outstanding which are then due or mature within the following six months without reference to any projected profit or loss of the applicant or registrant, its adjusted net capital would be less than:

(A) 120 percent of the minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;

(B) For a futures commission merchant or applicant therefor, 6 percent of the following amount: The customer funds required to be segregated pursuant to the Act and the regulations in this part, plus the funds of opt-out customers that, but for the election to opt out pursuant to §1.68, would be required to be segregated, plus the foreign futures or foreign options secured amount, less the market value of commodity options purchased by customers on or subject to the rules of a contract market or a foreign board of trade for which the full premiums have been paid: Provided, however, That the deduction for each customer shall be limited to the amount of customer funds in such customer’s account(s) and foreign futures and foreign options secured amounts;

(C) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or
Commodity Futures Trading Commission

§ 1.17

(D) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(c)(2) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(c)(2)).

(iii) Certain legends. If all the provisions of a satisfactory subordination agreement do not appear in a single instrument, then the debenture or other evidence of indebtedness shall bear on its face an appropriate legend stating that it is issued subject to the provisions of a satisfactory subordination agreement which shall be adequately referred to and incorporated by reference.

(iv) Legal title to securities. All securities pledged as collateral to secure a secured demand note must be in bearer form, or registered in the name of the applicant or registrant or the name of its nominee or custodian.

(v) Temporary subordinations. To enable an applicant or registrant to participate as an underwriter of securities or undertake other extraordinary activities and remain in compliance with the adjusted net capital requirements of this section, an applicant or registrant shall be permitted, on no more than three occasions in any 12-month period, to enter into a subordination agreement on a temporary basis which has a stated term of no more than 45 days from the date the subordination agreement became effective: Provided, That this temporary relief shall not apply to any applicant or registrant if the adjusted net capital of the applicant or registrant is less than the greatest of:

(A) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;

(B) For a futures commission merchant or applicant therefor, 7 percent of the following amount: The customer funds required to be segregated pursuant to the Act and the regulations in this part, plus the funds of opt-out customers that, for the election to opt out pursuant to §1.68, would be required to be segregated, plus the foreign futures or foreign options secured amount, less the market value of commodity options purchased by customers on or subject to the rules of a contract market or a foreign board of trade for which the full premiums have been paid: Provided, however, That the deduction for each customer shall be limited to the amount of customer funds in such customer's account(s) and foreign futures and foreign options secured amounts;

(C) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member;

(D) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(c)(5)(i) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(c)(5)(i)); or

(E) The amount of equity capital as defined in paragraph (d) of this section is less than the limits specified in paragraph (d) of this section. Such temporary subordination agreement shall be subject to all the other provisions of this section.

(vi) Filing. An applicant shall file a signed copy of any proposed subordination agreement (including nonconforming subordination agreements) with the National Futures Association at least ten days prior to the proposed effective date of the agreement or at such other time as the National Futures Association for good cause shall accept such filing. A registrant that is not a member of any designated self-regulatory organization shall file two signed copies of any proposed subordination agreement (including nonconforming subordination agreements) with the regional office of the Commission nearest the principal place of business of the registrant (except that a registrant under the jurisdiction of the Commission's Western Regional Office shall file such copies with the Commission's Southwestern Regional Office) at least ten days prior to the proposed effective date of the agreement or at such other time as the Commission for good cause shall accept such filing. A registrant that is a member of a designated self-regulatory organization shall file signed copies of any proposed subordination agreement (including nonconforming subordination agreements) with the regional office of the Commission nearest the principal place of business of the registrant (except that a registrant under the jurisdiction of the Commission's Western Regional Office shall file such copies with the Commission's Southwestern Regional Office) at least ten days prior to the proposed effective date of the agreement or at such other time as the Commission for good cause shall accept such filing. A registrant that is a member of a designated self-regulatory organization shall file signed copies of any proposed subordination agreement (including nonconforming subordination agreements) with the designated self-regulatory organization in such quantities and at such time as the designated self-

regulatory organization may require prior to the effective date. The applicant or registrant shall also file with said parties a statement setting forth the name and address of the lender, the business relationship of the lender to the applicant or registrant and whether the applicant or registrant carried funds or securities for the lender at or about the time the proposed agreement was so filed. A proposed agreement filed by an applicant with the National Futures Association shall be reviewed by the National Futures Association, and no such agreement shall be a satisfactory subordination agreement for the purposes of this section unless and until the National Futures Association has found the agreement acceptable and such agreement has become effective in the form found acceptable. A proposed agreement filed by a registrant shall be reviewed by the designated self-regulatory organization with whom such an agreement is required to be filed prior to its becoming effective or, if the registrant is not a member of any designated self-regulatory organization, by the regional office of the Commission where the agreement is required to be filed prior to its becoming effective. (vii) Subordination agreements in effect prior to adoption. Any subordination agreement which has been entered into prior to the effective date of this section and which has been deemed to be satisfactorily subordinated pursuant to this section previously in effect or the adjusted net capital rules of a self-regulatory organization shall continue to be deemed a satisfactory subordination agreement until the maturity of such agreement. Provided, That no renewal of an agreement which provides for automatic or optional renewal by the applicant or registrant or lender shall be deemed to be a satisfactory subordination agreement unless such renewal agreement meets the requirements of this section, within 6 months of the effective date of this section. Provided further, That all subordination agreements must meet the requirements of this rule within 5 years of the effective date of this section.

(4) A designated self-regulatory organization and the Commission may allow debt with a maturity date of 1 year or more to be treated as meeting the provisions of this paragraph (h): Provided, (i) Such exemption shall only be given when the registrant’s adjusted net capital is less than the minimum required by this section or by the capital rule of the designated self-regulatory organization to which such registrant is subject;

§ 1.23 Interest of futures commission merchant in segregated funds; additions and withdrawals.

The provision in section 4d(2) of the Act and the provision in §1.20(c), which prohibit the commingling of customer funds with the funds of a futures commission merchant, shall not be construed to prevent a futures commission merchant from acquiring interest in segregated customer funds.
§ 1.25 Investment of customer funds.

(a) Permitted investments. (1) Subject to the terms and conditions set forth in this section, a futures commission merchant or a clearing organization may invest customer funds in the following instruments (permitted investments):

(i) Obligations of the United States and obligations fully guaranteed as to principal and interest by the United States (U.S. government securities);

(ii) General obligations of any State or of any political subdivision thereof (municipal securities);

(iii) General obligations issued by any agency sponsored by the United States (government sponsored agency securities);

(iv) Certificates of deposit issued by a bank (certificates of deposit) as defined in section 3(a)(6) of the Securities Exchange Act of 1934, or a domestic branch of a foreign bank that carries deposits insured by the Federal Deposit Insurance Corporation;

(v) Commercial paper;

(vi) Corporate notes;

(vii) General obligations of a sovereign nation; and

(viii) Interests in money market mutual funds.

(2) In addition, a futures commission merchant or a clearing organization may buy and sell the permitted investments listed in paragraphs (a)(1)(i) through (viii) of this section pursuant to agreements for resale or repurchase of the instruments, in accordance with the provisions of paragraph (d) of this section.

(b) General terms and conditions. A futures commission merchant or a clearing organization is required to manage the permitted investments consistent with the objectives of preserving principal and maintaining liquidity and according to the following specific requirements.

(1) Marketability. Except for interests in money market mutual funds, investments must be “readily marketable” as defined in §240.15c3-1 of this title.

(2) Ratings. (i) Initial requirement. Instruments that are required to be rated by this section must be rated by an NRSRO. For an investment to qualify as a permitted investment, ratings are required as follows:

(A) U.S. government securities need not be rated;
§ 1.25 17 CFR Ch. I (4–1–02 Edition)

(B) Municipal securities, government sponsored agency securities, certificates of deposit, commercial paper, and corporate notes, except notes that are asset-backed, must have the highest short-term rating of an NRSRO or one of the two highest long-term ratings of an NRSRO;

(C) Corporate notes that are asset-backed must have the highest ratings of an NRSRO;

(D) Sovereign debt must be rated in the highest category by at least one NRSRO; and

(E) Money market mutual funds that are rated by an NRSRO must be rated at the highest rating of the NRSRO.

(ii) Effect of downgrade. If an NRSRO lowers the rating of an instrument that was previously a permitted investment on the basis of that rating to below the minimum rating required under this section, the value of the instrument recognized for segregation purposes will be the lesser of:

(A) The current market value of the instrument; or

(B) The market value of the instrument on the business day preceding the downgrade, reduced by 20 percent of that value for each business day that has elapsed since the downgrade.

(3) Restrictions on instrument features.

(i) With the exception of money market mutual funds, no permitted investment may contain an embedded derivative of any kind, including but not limited to a call option, put option, or collar, cap, or floor on interest paid.

(ii) No instrument may contain interest-only payment features.

(iii) No instrument may provide payments linked to a commodity, currency, reference instrument, index, or benchmark except as provided in paragraph (b)(3)(iv) of this section.

(iv) Variable-rate securities are permitted, provided the interest rates paid correlate closely and on an unleveraged basis to a benchmark of either the Federal Funds target or effective rate, the prime rate, the three-month Treasury Bill rate, or the one-month or three-month LIBOR rate.

(v) Certificates of deposit, if negotiable, must be able to be liquidated within one business day or, if not negotiable, must be redeemable at the issuing bank within one business day, with any penalty for early withdrawal limited to any accrued interest earned according to its written terms.

(4) Concentration. (i) Direct investments. (A) U.S. government securities and money market mutual funds shall not be subject to a concentration limit or other limitation.

(B) Securities of any single issuer of government sponsored agency securities held by a futures commission merchant or clearing organization may not exceed 25 percent of total assets held in segregation by the futures commission merchant or clearing organization.

(C) Securities of any single issuer of municipal securities, certificates of deposit, commercial paper, or corporate notes held by an NRSRO must be rated at the highest rating of the NRSRO.

(ii) Effect of downgrade. If an NRSRO lowers the rating of an instrument that was previously a permitted investment on the basis of that rating to below the minimum rating required under this section, the value of the instrument recognized for segregation purposes will be the lesser of:

(A) The current market value of the instrument; or

(B) The market value of the instrument on the business day preceding the downgrade, reduced by 20 percent of that value for each business day that has elapsed since the downgrade.

(iii) Reverse repurchase agreements. The concentration limit applicable to securities of each issuer that are held by a futures commission merchant or clearing organization subject to agreements to resell shall be as follows:

(A) For a portfolio of securities held that are subject to resale to a counterparty that has been rated single A or higher by two or more NRSROs, or whose obligation under an
agreement is guaranteed by a parent or affiliate company that has been rated single A or higher by two or more NRSROs:

(1) Government sponsored agency debt, issued by the same issuer and supplied by the counterparty, may not exceed 25 percent of the total amount of securities supplied by such counterparty; and

(2) Municipal securities, certificates of deposit, commercial paper, and corporate notes, issued by the same issuer and supplied by the counterparty, may not exceed 10 percent of the total amount of securities supplied by such counterparty; and

(B) For a portfolio of securities held that are subject to resale to a counterparty that does not have a rating or guarantee as specified in paragraph (b)(4)(iii)(A) of this section:

(1) Government sponsored agency debt, issued by the same issuer and supplied by the counterparty, may not exceed 25 percent of the total amount of securities supplied by such counterparty; and

(2) Municipal securities, certificates of deposit, commercial paper, and corporate notes, issued by the same issuer and supplied by the counterparty, may not exceed 5 percent of the total amount of securities supplied by such counterparty.

(iv) Treatment of securities issued by affiliates. For purposes of determining compliance with the concentration limits set forth in this section, securities issued by entities that are affiliated, as defined in paragraph (b)(6) of this section, shall be aggregated and deemed the securities of a single issuer. An interest in a permitted money market mutual fund is not deemed to be a security issued by its sponsoring entity.

(v) Treatment of customer-owned securities. For purposes of determining compliance with the concentration limits set forth in this section, securities owned by the customers of a futures commission merchant and posted as margin collateral are not included in total assets held in segregation by the clearing organization.

(5) Time-to-maturity. Except for investments in money market mutual funds, the dollar-weighted average of the time-to-maturity of the portfolio, as that average is computed pursuant to §270.2a–7 of this title, may not exceed 24 months.

(6) Investments in instruments issued by affiliates. (i) A futures commission merchant shall not invest customer funds in obligations of an entity affiliated with the futures commission merchant, and a clearing organization shall not invest customer funds in obligations of an entity affiliated with the clearing organization. An affiliate includes parent companies, including all entities through the ultimate holding company, subsidiaries to the lowest level, and companies under common ownership of such parent company or affiliates.

(ii) A futures commission merchant or clearing organization may invest customer funds in a fund affiliated with that futures commission merchant or clearing organization.

(7) Recordkeeping. A futures commission merchant and a clearing organization shall prepare and maintain a record that will show for each business day with respect to each type of investment made pursuant to this section, the following information:

(i) The type of instruments in which customer funds have been invested;

(ii) The original cost of the instruments; and

(iii) The current market value of the instruments.

(c) Money market mutual funds. The following provisions will apply to the investment of customer funds in money market mutual funds (the fund).

(1) Generally, the fund must be an investment company that is registered under the Investment Company Act of 1940 with the Securities and Exchange Commission and that holds itself out to investors as a money market fund, in accordance with §270.2a–7 of this title. A fund sponsor, however, may petition the Commission for an exemption from this requirement. The Commission may grant such an exemption provided that the fund can demonstrate that it will operate in a manner designed to preserve principal and
to maintain liquidity. The application for exemption must describe how the fund’s structure, operations and financial reporting are expected to differ from the requirements contained in §270.2a–7 of this title and the risk-limiting provisions for direct investments contained in this section. The fund must also specify the information that the fund would make available to the Commission on an ongoing basis.

(2) The fund must be sponsored by a federally-regulated financial institution, a bank as defined in section 3(a)(6) of the Securities Exchange Act of 1934, an investment adviser registered under the Investment Advisers Act of 1940, or a domestic branch of a foreign bank insured by the Federal Deposit Insurance Corporation, except for a fund exempted in accordance with paragraph (c)(1) of this section.

(3) A futures commission merchant or clearing organization shall maintain the confirmation relating to the purchase in its records in accordance with §1.31 and note the ownership of fund shares (by book-entry or otherwise) in a custody account of the FCM or clearing organization in accordance with §1.26(a). If the futures commission merchant or the clearing organization holds its shares of the fund with the fund’s shareholder servicing agent, the sponsor of the fund and the fund itself are required to provide the acknowledgment letter required by §1.26.

(4) The net asset value of the fund must be computed by 9 a.m. of the business day following each business day and made available to the futures commission merchant or clearing organization by that time.

(5) A fund must be able to redeem an interest by the business day following a redemption request by the futures commission merchant or clearing organization. Demonstration that this requirement has been met may include either an appropriate provision in the offering memorandum of the fund or a separate side agreement between the fund and a futures commission merchant or clearing organization.

(6) The agreement pursuant to which the futures commission merchant or clearing organization has acquired and is holding its interest in a fund must contain no provision that would prevent the pledging or transferring of shares.

(d) Repurchase and reverse repurchase agreements. A futures commission merchant or clearing organization may buy and sell the permitted investments listed in paragraphs (a)(1)(i) through (viii) of this section pursuant to agreements for resale or repurchase of the securities (agreements to repurchase or resell), provided the agreements to repurchase or resell conform to the following requirements:

(1) The securities are specifically identified by coupon rate, par amount, market value, maturity date, and CUSIP or ISIN number.

(2) Counterparties are limited to a bank as defined in section 3(a)(6) of the Securities Exchange Act of 1934, a domestic branch of a foreign bank insured by the Federal Deposit Insurance Corporation, a securities broker or dealer, or a government securities broker or government securities dealer registered with the Securities and Exchange Commission or which has filed notice pursuant to section 15C(a) of the Government Securities Act of 1986.

(3) The transaction is executed in compliance with the concentration limit requirements applicable to the securities held in connection with the agreements to repurchase referred to in paragraphs (b)(4)(ii) and (iii) of this section.

(4) The transaction is made pursuant to a written agreement signed by the parties to the agreement, which is consistent with the conditions set forth in paragraphs (d)(1) through (d)(12) of this section and which states that the parties thereto intend the transaction to be treated as a purchase and sale of securities.

(5) The term of the agreement is no more than one business day, or reversal of the transaction is possible on demand.

(6) The securities transferred under the agreement are held in a safekeeping account with a bank as referred to in paragraph (d)(2) of this section, a clearing organization, or the Depository Trust Company in an account that complies with the requirements of §1.26.

(7) The futures commission merchant or the clearing organization may not

use securities received under the agreement in another similar transaction and may not otherwise hypothecate or pledge such securities, except securities may be pledged on behalf of customers at another futures commission merchant or clearing organization. Substitution of securities is allowed, provided, however, that:

(i) The qualifying securities being substituted and original securities are specifically identified by date of substitution, market values substituted, coupon rates, par amounts, maturity dates and CUSIP or ISIN numbers;

(ii) Substitution is made on a “delivery versus delivery” basis; and

(iii) The market value of the substituted securities is at least equal to that of the original securities.

(8) The transfer of securities is made on a delivery versus payment basis in immediately available funds. The transfer is not recognized as accomplished until the funds and/or securities are actually received by the custodian of the futures commission merchant’s or clearing organization’s customer funds or securities purchased on behalf of customers. The transfer or credit of securities covered by the agreement to the futures commission merchant’s or clearing organization’s customer segregated custodial account is made simultaneously with the disbursement of funds from the futures commission merchant’s or clearing organization’s customer segregated cash account at the custodian bank. On the sale or resale of securities, the futures commission merchant’s or clearing organization’s customer segregated cash account at the custodian bank must receive same-day funds credited to such segregated account simultaneously with the delivery or transfer of securities from the customer segregated custodial account.

(9) A written confirmation to the futures commission merchant or clearing organization specifying the terms of the agreement and a safekeeping receipt are issued immediately upon entering into the transaction and a confirmation to the futures commission merchant or clearing organization is issued once the transaction is reversed.

(10) The transactions effecting the agreement are recorded in the record required to be maintained under §1.27 of investments of customer funds, and the securities subject to such transactions are specifically identified in such record as described in paragraph (d)(1) of this section and further identified in such record as being subject to repurchase and reverse repurchase agreements.

(11) An actual transfer of securities by book entry is made consistent with Federal or State commercial law, as applicable. At all times, securities received subject to an agreement are reflected as “customer property.”

(12) The agreement makes clear that, in the event of the bankruptcy of the futures commission merchant or clearing organization, any securities purchased with customer funds that are subject to an agreement may be immediately transferred. The agreement also makes clear that, in the event of a futures commission merchant or clearing organization bankruptcy, the counterparty has no right to compel liquidation of securities subject to an agreement or to make a priority claim for the difference between current market value of the securities and the price agreed upon for resale of the securities to the counterparty, if the former exceeds the latter.

(e) Deposit of firm-owned securities into segregation. A futures commission merchant shall not be prohibited from directly depositing unencumbered securities of the type specified in this section, which it owns for its own account, into a segregated safekeeping account or from transferring any such securities from a segregated account to its own account, up to the extent of its residual financial interest in customers’ segregated funds; provided, however, that such investments, transfers of securities, and disposition of proceeds from the sale or maturity of such securities are recorded in the record of investments required to be maintained by §1.27. All such securities may be segregated in safekeeping only with a bank, trust company, clearing organization, or other registered futures commission merchant. Furthermore, for purposes of §§1.25, 1.26, 1.27, 1.28 and 1.29, investments permitted by §1.25 that are owned by the futures commission merchant and deposited into such...
§ 1.26 Deposit of instruments purchased with customer funds.

(a) Each futures commission merchant who invests customer funds in instruments described in §1.25 shall separately account for such instruments and segregate such instruments as belonging to such commodity or option customers. Such instruments, when deposited with a bank, trust company, clearing organization or another futures commission merchant, shall be deposited under an account name which clearly shows that they belong to commodity or option customers and are segregated as required by the Act and this part. Each futures commission merchant upon opening such an account shall obtain and retain in its files a written acknowledgment from such bank or trust company that it was informed that the instruments belong to commodity or option customers and are being held in accordance with the provisions of the Act and this part. Each such acknowledgment shall be retained in accordance with §1.31. Such bank or trust company shall allow inspection of such instruments at any reasonable time by representatives of the Commission.

(b) Each clearing organization which receives documents from its clearing members representing investment of customer funds shall keep a record showing the following:

(1) The date on which such investments were made;
(2) The name of the person through whom such investments were made;
(3) The amount of money so invested;
(4) A description of the instruments in which such investments were made, including the CUSIP or ISIN numbers;

(6) The date on which such investments were liquidated or otherwise disposed of and the amount of money received of such disposition, if any; and
(7) The name of the person to or through whom such investments were disposed of.

(Sec. 5a, 49 Stat. 1497; 7 U.S.C. 7a)

§ 1.46 Application and closing out of offsetting long and short positions.

(a) Application of purchases and sales. Except with respect to purchases or sales which are for omnibus accounts, or where the customer has instructed otherwise, any futures commission merchant who, on or subject to the rules of a designated contract market or registered derivatives transaction execution facility:

(1) Purchases any commodity for future delivery for the account of any customer when the account of such customer at the time of such purchase has a short position in the same future of the same commodity on the same market;

(2) Sells any commodity for future delivery for the account of any customer when the account of such customer at the time of such sale has a long position in the same future of the same commodity on the same market;

(3) Purchases a put or call option for the account of any option customer when the account of such option customer at the time of such purchase has a short put or call option position with the same underlying futures contract or same underlying physical, strike price, expiration date and contract market as that purchased; or

(4) Sells a put or call option for the account of any option customer when the account of such option customer at the time of such sale has a long put or call option position with the same underlying futures contract or same underlying physical, strike price, expiration date and contract market as that sold shall on the same day apply such purchase or sale against such previously held short or long futures or option position, as the case may be, and shall, for futures transactions, promptly furnish such customer a statement showing the financial result of the transactions involved and, if applicable, that the account was introduced to the futures commission merchant by an introducing broker and the names of the futures commission merchant and introducing broker.

(b) Close-out against oldest open position. In all instances wherein the short or long futures or option position in such customer’s or option customer’s account immediately prior to such offsetting purchase or sale is greater than the quantity purchased or sold, the futures commission merchant shall apply such offsetting purchase or sale to the oldest portion of the previously held short or long position: Provided, That upon specific instructions from the customer or option customer the offsetting transaction shall be applied as specified by the customer or option customer without regard to the date of acquisition of the previously held short or long position. Such instructions may also be accepted from any person who, by power of attorney or otherwise, actually directs trading in the customer’s or option customer’s account unless the person directing the trading is the futures commission merchant (including any partner thereof), or is an officer, employee, or agent of the futures commission merchant. With respect to every
such offsetting transaction that, in accordance with such specific instructions, is not applied to the oldest portion of the previously held position, the futures commission merchant shall clearly show on the statement issued to the customer or option customer in connection with the transaction, that because of the specific instructions given by or on behalf of the customer or option customer the transaction was not applied in the usual manner, i.e., against the oldest portion of the previously held position. However, no such showing need be made if the futures commission merchant has received such specific instructions in writing from the customer or option customer for whom such account is carried.

(c) In-and-out trades; day trades. Notwithstanding the provisions of paragraphs (a) and (b) of this section shall not be deemed to require the application of purchases or sales closed out during the same day (commonly known as “in-and-out trades” or “day trades”) against short or long positions carried previously held position. However, no such applications of purchases or sales identified as errors at the time they are assigned to an account that contains other purchases or sales not identified as errors and held in that account (“error trades”), provided that:

(i) Each error trade does not offset another error trade held in the same account;

(ii) Each error trade is offset by open and competitive means on or subject to the rules of a contract market by not later than the close of business on the business day following the day the error trade is discovered and assigned to an error account or identified as an error trade, unless at the close of business on the business day following the discovery of the error trade, the relevant market has reached a daily price fluctuation limit and the trader is unable to offset the error trade, in which case the error trade must be offset as soon as practicable thereafter; and

(iii) No error trade is closed out by transferring such an open position to another account also controlled by that same trader.

(e) The statements required by paragraph (a) of this section may be furnished to the customer or the person described in §1.33(d) by means of electronic transmission, in accordance with §1.33(g).

§1.47 Requirements for classification of purchases or sales of contracts for future delivery as bona fide hedging under §1.3(z)(3) of the regulations.

trading and position limits then in effect pursuant to section 4a of the Act shall file statement with the Commission in conformity with the requirements of this section. All or a specified portion of the transactions and positions described in these statements shall not be considered as bona fide hedging if such person is so notified by the Commission:

(1) Within 30 days after the Commission is furnished the information required under paragraph (b) of this section, or

(2) Within 10 days after the Commission is furnished with the information required under paragraph (c) of this section.

The Commission may request the person notified to file specific additional information with the Commission to support a determination that all, or the specified portion, of the transactions and positions be considered as bona fide hedging transactions and positions. In such cases, the Commission shall consider all information so filed and, by notice to such person, shall specify the extent to which the Commission has determined that the transactions and positions may be classified as bona fide hedging. In no case shall transactions and positions described be considered as bona fide hedging if they exceed the levels specified in paragraph (d) of this section.

(b) Initial statement. Initial statements concerning the classification of transactions and positions as bona fide hedging pursuant to §1.3(z)(3) shall be filed with the Commission at least 30 days in advance of the date that such transactions or positions would be in excess of limits then in effect pursuant to section 4a of the Act. Such statements shall:

(1) Describe the transactions and positions for future delivery and the offsetting cash positions;

(2) Set forth in detail information which will demonstrate that the purchases and sales are economically appropriate to the reduction of risk exposure attendant to the conduct and management of a commercial enterprise;

(3) Contain, and upon request of the Commission be supplemented by, such other information which is necessary to enable the Commission to make a determination whether the particular purchases and sales for future delivery fall within the scope of those described in section 1.3(z)(1) of the regulations;

(4) Include a statement concerning the maximum size of positions for future delivery (both long and short) which will be acquired any time during the next fiscal year or marketing season of the person filing or on whose behalf the filing is made.

(5) In addition: statements filed by an agent, concerning a futures position which would offset a cash position which the agent does not own or has not contracted to buy or sell, shall contain information describing all contractual arrangements between the agent filing and the person who owns the commodity or holds the cash market commitment being offset;

(6) Statements concerning futures positions to be acquired against unsold anticipated production or unfilled anticipated requirements for manufacturing, processing or feeding shall also include the information required under §1.48 of the regulations.

(c) Supplemental reports. Whenever the purchases or sales which a person wishes to classify as bona fide hedging shall exceed the amount provided in the person’s most recent filing pursuant to this section or the amount previously specified by the Commission pursuant to paragraph (a) of this section, such person shall file with the Commission a statement which updates the information provided in the person’s most recent filing and provides the reasons for this change at least ten days in advance of the date that person wishes to exceed those amounts.

(d) Maximum purchases and sales. Purchases and sales for future delivery considered bona fide hedging pursuant to §1.3(z)(3) of the regulations shall at no time exceed the lesser of:

(1) The value fluctuation equivalent (in terms of the commodity for future delivery) of the current cash position described in the information most recently filed pursuant to this section, or

(2) The maximum level of long or short open positions provided in the information most recently filed pursuant
Commodity Futures Trading Commission

§ 1.48 Requirements for classification of sales or purchases for future delivery as bona fide hedging of unsold anticipated production or unfilled anticipated requirements under § 1.3(z)(2) (i)(B) or (ii)(C) of the regulations.

(a) Any person who wishes to avail himself of the provisions of § 1.3(z)(2) (i)(B) or (ii)(C) of the regulations and to make sales or purchases for future delivery in any commodity in excess of trading and position limits then in effect pursuant to § 1.3(z)(2) (i)(B) or (ii)(C) shall be filed with the Commission in conformity with the requirements of this section. All or a specified portion of the unsold anticipated production or unfilled anticipated requirements shall not be considered as offsetting positions for bona fide hedging if they exceed the levels specified in paragraph (d) of this section of the regulations.

(b) Initial statement. Initial statements concerning the classification of transactions and positions as bona fide hedging pursuant to § 1.3(z)(2) (i)(B) or (ii)(C) shall be filed with the Commission at least ten days in advance of the date that such transactions or positions would be in excess of limits then in effect pursuant to § 4a of the Act. Such statements shall set forth in detail for a specified operating period the person’s unsold anticipated production or unfilled anticipated requirements for processing or manufacturing or feeding and explain the method of determination thereof, including, but not limited to, the following information:

(1) For unsold anticipated production:

(i) Annual production of such commodity for the three complete fiscal years preceding the current fiscal year;

(ii) Anticipated production of such commodity for a specified period not in excess of one year;

(iii) Fixed-price forward sales of such commodity;

(iv) Unsold anticipated production of such commodity for a specified period not in excess of one year.

(2) For unfilled anticipated requirements:

(i) Annual requirements of such commodity for processing or manufacturing or feeding for the three complete fiscal years preceding the current fiscal year;

(ii) Anticipated requirements of such commodity for processing or manufacturing or feeding for a specified operating period not in excess of one year;

(iii) Inventory and fixed-price forward purchases of such commodity, including any quantity in process of manufacture and finished goods and byproducts of manufacture or processing (in terms of such commodity);

(iv) Unfilled anticipated requirements of such commodity for processing or manufacturing or feedings for a specified operating period not in excess of one year.
§§ 1.50–1.51 17 CFR Ch. I (4–1–02 Edition)

(3) Additional information: Persons hedging unsold anticipated production or unfilled anticipated requirements which are not the same quantity or are not the same commodity as the commodity to be sold or purchased for future delivery shall furnish this information both in terms of the actual commodity produced or used and in terms of the commodity to be sold or purchased for future delivery. In addition, such persons shall explain the method for determining the ratio of conversion between the amount of the actual unsold anticipated production or unfilled anticipated requirements and the amount of commodity to be sold or purchased for future delivery. Persons hedging unfilled annual feeding requirements for livestock and poultry shall provide the number of cattle, hogs, sheep, or poultry expected to be fed during the specified period, not to exceed one year, and the derivation of their annual requirements based upon these numbers. Persons filing as an agent shall furnish this information on the basis of the fiscal or operating year of the person on whose behalf the filing is made.

(c) Supplemental reports. Whenever the sales or purchases which a person wishes to consider as bona fide hedging of unsold anticipated production or unfilled anticipated requirements shall exceed the amounts described by the figures for requirements furnished in the most recent filing pursuant to this section or the amounts determined by the Commission to constitute unsold anticipated production or unfilled anticipated requirements pursuant to paragraph (a) of this section, such person shall file with the Commission a statement which updates the information provided in the person’s most recent filing and supplies the reason for this change at least ten days in advance of the date that person wishes to exceed these amounts.

(d) Maximum sales and purchases. Sales or purchases for future delivery considered as bona fide hedges pursuant to §1.13(2)(i)(B) or (ii)(C) shall at no time exceed the lesser of:

(1) A person’s unsold anticipated production of unfilled anticipated requirements as described by the information most recently filed pursuant to this section or determined by the Commission pursuant to paragraph (a) of this section; or

(2) A person’s actual unsold anticipated production or current unfilled anticipated requirements for the length of time specified in the information most recently filed pursuant to this section.

(e) Updated reports. Reports updating the information required pursuant to this section shall also be filed with the Commission upon specific request.

§§ 1.50–1.51 [Reserved]

§ 1.52 Self-regulatory organization adoption and surveillance of minimum financial requirements.

(a) Each self-regulatory organization must adopt, and submit for Commission approval, rules prescribing minimum financial and related reporting requirements for all its members who are registered futures commission merchants. Each self-regulatory organization other than a contract market must adopt, and submit for Commission approval, rules prescribing minimum financial and related reporting requirements for all its members who are registered introducing brokers. Each contract market which elects to have a category of membership for introducing brokers must adopt, and submit for Commission approval, rules prescribing minimum financial and related reporting requirements for all its members who are registered introducing brokers. Each self-regulatory organization shall submit for Commission approval any modification or other amendments to such rules. Such requirements must be the same as, or more stringent than, those contained in §§1.10 and 1.17 and the definition of adjusted net capital must be the same as that prescribed in §1.17(c): Provided, however, A designated self-regulatory organization may permit its member registrants which are registered with the Securities and Exchange Commission as securities brokers or dealers to file (in accordance with §1.10(h)) a copy of their Financial and Operational
Combined Uniform Single Report under the Securities Exchange Act of 1934, Part II or Part IIA, in lieu of Form 1–FR: And, provided further, A designated self-regulatory organization may permit its member introducing brokers to file a Form 1–FR–IB in lieu of a Form 1–FR–FCM.

(b) Each self-regulatory organization shall have in effect and enforce rules submitted to the Commission pursuant to paragraph (a) of this section and approved by the Commission. Any two or more self-regulatory organizations may file with the Commission a plan for delegating to a designated self-regulatory organization, for any registered futures commission merchant or any registered introducing broker which is a member of more than one such self-regulatory organization, the responsibility of:

(1) Monitoring and auditing for compliance with the minimum financial and related reporting requirements adopted by such self-regulatory organizations in accordance with paragraph (a) of this section; and

(2) Receiving the financial reports necessitated by such minimum financial and related reporting requirements.

Such plan may also delegate the responsibility of monitoring, and examining the books and records kept by, such registered futures commission merchant or registered introducing broker relating to its business of dealing in commodity futures, commodity options, and cash commodities, insofar as such business relates to its dealings on contract markets, as required by §1.51(a)(3) and/or part 33 of this chapter.

(d) Any plan filed under this section may contain provisions for the allocation of expenses reasonably incurred by the designated self-regulatory organization among the self-regulatory organizations participating in such a plan.

(e) A plan’s designated self-regulatory organization must report to that plan’s other self-regulatory organizations any violation of such other self-regulatory organizations’ rules and regulations for which the responsibility to monitor, audit or examine has been delegated to such designated self-regulatory organization.

(f) The self-regulatory organizations may, among themselves, establish programs to provide access to any necessary financial or related information.

(g) After appropriate notice and opportunity for comment, the Commission may, by written notice, approve such a plan, or any part of the plan, if it finds that the plan, or any part of it:

(1) Is necessary or appropriate to serve the public interest;

(2) Is for the protection and in the interest of customers or option customers;

(3) Reduces multiple monitoring and auditing for compliance with the minimum financial rules of the self-regulatory organizations submitting the plan for any futures commission merchant or introducing broker which is a member of more than one self-regulatory organization;

(4) Reduces multiple reporting of the financial information necessitated by such minimum financial and related reporting requirements by any futures commission merchant or introducing broker which is a member of more than one self-regulatory organization;

(5) Fosters cooperation and coordination among the contract markets; and

(6) Does not hinder the development of a registered futures association under section 17 of the Act.

(h)(1) Upon the approval of a plan or part of one under paragraph (g) of this section, a self-regulatory organization which is included in such a plan shall be considered to have met its affirmative action responsibilities under §1.51 to the extent that such responsibilities have been delegated to a designated self-regulatory organization.

(2) After the Commission has approved a plan or part of one under §1.52(g), a self-regulatory organization relieved of responsibility must notify each of its members which is subject to such a plan: (i) Of the limited nature of its responsibility for such a member’s compliance with its minimum financial and related reporting requirements; and (ii) of the identity of the designated self-regulatory organization which has been delegated responsibility for such a member.
§ 1.53 Enforcement of contract market bylaws, rules, regulations, and resolutions.

Each contract market shall enforce each bylaw, rule, regulation, and resolution, made or issued by it or by the governing board thereof or any committee thereof, which is in effect as of July 18, 1975, and which relates to terms and conditions in contracts of sale to be executed on or subject to the rules of such contract market or relates to other trading requirements, unless such bylaw, rule, regulation, or resolution has been disapproved by the Commission pursuant to section 5a(a)(12)(A) of the Act, or the amendment or revocation of such bylaw, rule, regulation or resolution has been approved by the Commission pursuant to section 5a(a)(12)(A) of the Act.

§ 1.54 Contract market rules submitted to and approved or not disapproved by the Secretary of Agriculture.

Notwithstanding any provision of these rules, any bylaw, rule, regulation, or resolution of a contract market that was submitted to the Secretary of Agriculture pursuant or §1.38(a) or §1.39(a) of these rules, and was either approved by the Secretary or not disapproved by him, as of April 21, 1975, shall continue in full force and effect unless and until disapproved, altered or supplemented by or with the approval of the Commission. The adoption of this rule does not constitute approval by the Commission of any contract market bylaw, rule, regulation or resolution.

§ 1.55 Distribution of “Risk Disclosure Statement” by futures commission merchants and introducing brokers.

(a)(1) Except as provided in 1.65, no futures commission merchant, or in the case of an introduced account no introducing broker, may open a commodity futures account for a customer,
Commodity Futures Trading Commission § 1.55

other than for a customer specified in paragraph (f) of this section, unless the futures commission merchant merchant or introducing broker first:

(i) Furnishes the customer with a separate written disclosure statement containing only the language set forth in paragraph (b) of this section (except for nonsubstantive additions such as captions) or as otherwise approved under paragraph (c) of this section; Provided, however, that the disclosure statement may be attached to other documents as the cover page or the first page of such documents and as the only material on such page; and

(ii) Receives from the customer an acknowledgment signed and dated by the customer that he received and understood the disclosure statement.

(b) The language set forth in the written disclosure document required by paragraph (a) of this section shall be as follows:

RISK DISCLOSURE STATEMENT

The risk of loss in trading commodity futures contracts can be substantial. You should, therefore, carefully consider whether such trading is suitable for you in light of your circumstances and financial resources. You should be aware of the following points:

(1) You may sustain a total loss of the funds that you deposit with your broker to establish or maintain a position in the commodity futures market, and you may incur losses beyond these amounts. If the market moves against your position, you may be called upon by your broker to deposit a substantial amount of additional margin funds, on short notice, in order to maintain your position. If you do not provide the required funds within the time required by your broker, your position may be liquidated at a loss, and you will be liable for any resulting deficit in your account.

(2) Under certain market conditions, you may find it difficult or impossible to liquidate a position. This can occur, for example, when the market reaches a daily price fluctuation limit ("limit move").

(3) Placing contingent orders, such as "stop-loss" or "stop-limit" orders, will not necessarily limit your losses to the intended amounts, since market conditions on the exchange where the order is placed may make it impossible to execute such orders.

(4) All futures positions involve risk, and a "spread" position may not be less risky than an outright "long" or "short" position.

(5) The high degree of leverage (gearing) that is often obtainable in futures trading because of the small margin requirements can work against you as well as for you. Leverage (gearing) can lead to large losses as well as gains.

(6) You should consult your broker concerning the nature of the protections available to safeguard funds or property deposited for your account.

ALL OF THE POINTS NOTED ABOVE APPLY TO ALL FUTURES TRADING WHETHER FOREIGN OR DOMESTIC. IN ADDITION, IF YOU ARE CONTEMPLATING TRADING FOREIGN FUTURES OR OPTIONS CONTRACTS, YOU SHOULD BE AWARE OF THE FOLLOWING ADDITIONAL RISKS:

(7) Foreign futures transactions involve executing and clearing trades on a foreign exchange. This is the case even if the foreign exchange is formally "linked" to a domestic exchange, whereby a trade executed on one exchange liquidates or establishes a position on the other exchange. No domestic organization regulates the activities of a foreign exchange, including the execution, delivery, and clearing of transactions on such an exchange, and no domestic regulator has the power to compel enforcement of the rules of the foreign exchange or the laws of the foreign country. Moreover, such laws or regulations will vary depending on the foreign country in which the transaction occurs. For these reasons, customers who trade on foreign exchanges may not be afforded certain of the protections which apply to domestic transactions, including the right to use domestic alternative dispute resolution procedures. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction.

(8) Finally, you should be aware that the price of any foreign futures or option contract and, therefore, the potential profit and loss resulting therefrom, may be affected by any fluctuation in the foreign exchange rate between the time the order is placed and the foreign futures contract is liquidated or the foreign option contract is liquidated or exercised.

THIS BRIEF STATEMENT CANNOT, OF COURSE, DISCLOSE ALL THE RISKS AND OTHER ASPECTS OF THE COMMODITY MARKETS

I hereby acknowledge that I have received and understood this risk disclosure statement.

§ 1.55

(c) The Commission may approve for use in lieu of the risk disclosure document required by paragraph (b) of this section a risk disclosure statement approved by one or more foreign regulatory agencies or self-regulatory organizations if the Commission determines that such risk disclosure statement is reasonably calculated to provide the disclosure required by paragraph (b) of this section. Notice of risk disclosure statements that may be used to satisfy Commission disclosure requirements, what requirements such statements meet and the jurisdictions which accept each format will be set forth in appendix A to this section.

(d) Any futures commission merchant, or in the case of an introduced account any introducing broker, may open a commodity futures account for a customer without obtaining the separate acknowledgments of disclosure and elections required by this section and by §1.33(g), and by §§33.7 and 190.06 of this chapter, provided that:

(1) Prior to the opening of such account, the futures commission merchant or introducing broker obtains an acknowledgment from the customer, which may consist of a single signature at the end of the futures commission merchant’s or introducing broker’s customer account agreement, or on a separate page, of the disclosure statements and elections specified in this section and §1.33(g), and in §§33.7 and 190.06 of this chapter, and which may include authorization for the transfer of funds from a segregated customer account to another account of such customer, as listed directly above the signature line, provided the customer has acknowledged by check or other indication next to a description of each specified disclosure statement or election that the customer has received and understood such disclosure statement or made such election; and

(2) The acknowledgment referred to in paragraph (d)(1) of this section is accompanied by and executed contemporaneously with delivery of the disclosures and elective provisions required by this section and §1.33(g), and by §§33.7 and 190.06 of this chapter.

(e) The acknowledgment required by paragraph (a) of this section must be retained by the futures commission merchant or introducing broker in accordance with §1.31.

(f) A futures commission merchant or, in the case of an introduced account an introducing broker, may open a commodity futures account for an “institutional customer” as defined in §1.3(g) without furnishing such institutional customer the disclosure statements or obtaining the acknowledgments required under paragraph (a) of this section, §§1.33(g) and 1.65(a)(3), and §§30.6(a), 33.7(a) and 190.10(c) of this chapter.

(g) This section does not relieve a futures commission merchant or introducing broker from any other disclosure obligation it may have under applicable law.

APPENDIX A TO CFTC RULE 1.55(c) — GENERIC RISK DISCLOSURE STATEMENT

Risk Disclosure Statement for Futures and Options

This brief statement does not disclose all of the risks and other significant aspects of trading in futures and options. In light of the risks, you should undertake such transactions only if you understand the nature of the contracts (and contractual relationships) into which you are entering and the extent of your exposure to risk. Trading in futures and options is not suitable for many members of the public. You should carefully consider whether trading is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

Futures

1. Effect of 'Leverage' or 'Gearing'

Transactions in futures carry a high degree of risk. The amount of initial margin is small relative to the value of the futures contract so that transactions are 'leveraged' or 'geared'. A relatively small market movement will have a disproportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with the firm to maintain your position. If the market moves against your position or margin levels are increased, you may be called upon to pay substantial additional funds on short notice to maintain your position. If you fail to comply with a request for additional funds within the time prescribed, your position may be liquidated at a loss and you will be liable for any resulting deficit.

2. Risk-reducing orders or strategies

The placing of certain orders (e.g. 'stop-loss' orders, where permitted under local law, or 'stop-limit' orders) which are intended to limit losses to certain amounts may not be effective because market conditions may make it impossible to execute such orders. Strategies using combinations of positions, such as 'spread' and 'spreadle' positions may be as risky as taking simple 'long' or 'short' positions.

Options

3. Variable degree of risk

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarize themselves with the type of option (i.e. put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs.

The purchaser of options may offset or exercise the options or allow the options to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased options expire worthless, you will suffer a total loss of your investment which will consist of the option premium plus transaction costs. If you are contemplating purchasing deep-out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote.

Selling ('writing' or 'granting') an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavorably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associated liabilities for margin (see the section on Futures above). If the option is 'covered' by the seller holding a corresponding position in the underlying interest or a future or another option, the risk may be reduced. If the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

Additional risks common to futures and options

4. Terms and conditions of contracts

You should ask the firm with which you deal about the terms and conditions of the specific futures or options which you are trading and associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying interest of a futures contract and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain
5. Suspension or restriction of trading and pricing relationships

Market conditions (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g. the suspension of trading in any contract or contract month because of price limits or 'circuit breakers') may increase the risk of loss by making it difficult or impossible to effect transactions or liquidate/offset positions. If you have sold options, this may increase the risk of loss.

Further, normal pricing relationships between the underlying interest and the future, and the underlying interest and the option may not exist. This can occur when, for example, the futures contract underlying the option is subject to price limits while the option is not. The absence of an underlying reference price may make it difficult to judge 'fair' value.

6. Deposited cash and property

You should familiarize yourself with the protections accorded money or other property you deposit for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property which had been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

7. Commission and other charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit (if any) or increase your loss.

8. Transactions in other jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation which may offer different or diminished investor protection. Before you trade you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected. You should ask the firm with which you deal for details about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.

9. Currency risks

The profit or loss in transactions in foreign currency-denominated contracts (whether they are traded in your own or another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to another currency.

10. Trading facilities

Most open-outcry and electronic trading facilities are supported by computer-based components of the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

11. Electronic trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions or is not executed at all.

12. Off-exchange transactions

In some jurisdictions, and only then in restricted circumstances, firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterparty to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.

I hereby acknowledge that I have received and understood this risk disclosure statement.

(1) Any contract for the purchase or sale of a commodity for future delivery; and

(2) Any contract, agreement or transaction subject to Commission regulation under sections 4c or 19 of the Act.

(b) No futures commission merchant or introducing broker may in any way represent that it will, with respect to any commodity interest in any account carried by the futures commission merchant for or on behalf of any person:

(1) Guarantee such person against loss;

(2) Limit the loss of such person; or

(3) Not call for or attempt to collect initial and maintenance margin as established by the rules of the applicable board of trade.

(c) No person may in any way represent that a futures commission merchant or introducing broker will engage in any of the acts or practices described in paragraph (b) of this section.

(d) This section shall not be construed to prevent a futures commission merchant or introducing broker from:

(1) Assuming or sharing in the losses resulting from an error or mishandling of an order; or

(2) Participating as a general partner in a commodity pool which is a limited partnership.

(e) This section shall not affect any guarantee entered into prior to January 28, 1982, but this section shall apply to any extension, modification or renewal thereof entered into after such date.

§ 1.57 Operations and activities of introducing brokers.

(a) Each introducing broker must:

(1) Open and carry each customer’s and option customer’s account with a carrying futures commission merchant on a fully-disclosed basis: Provided, however, That an introducing broker which has entered into a guarantee agreement with a futures commission merchant in accordance with the provisions of §1.10(j) of this part must open and carry such customer’s and option customer’s account with such guarantor futures commission merchant on a fully-disclosed basis; and

(2) Transmit promptly for execution all customer and option customer orders to:

(b) An introducing broker may not carry proprietary accounts, nor may an introducing broker carry accounts in foreign futures.

(c) An introducing broker may not accept any money, securities or property (or extend credit in lieu thereof) to margin, guarantee or secure any trades or contracts of customers or option customers, or any money, securities or property accruing as a result of such trades or contracts: Provided, however, That an introducing broker may deposit a check in a qualifying account or forward a check drawn by a customer or option customer if:
§ 1.58 Gross collection of exchange-set margins.

§ 1.66 No-action positions with respect to floor traders.

(a) Notwithstanding any other provision of law, if a contract market submits to the National Futures Association by April 26, 1993 a list of floor traders who were granted trading privileges on that contract market on or before April 26, 1993, and whose floor trading privileges remain in effect, which includes the name, date of birth and social security number of such floor traders, as well as facts regarding such floor traders which are set forth as statutory disqualifications in section 8a(2) of the Act if the contract market knows of such facts, and such list is signed by the chief operating officer of the contract market, the Commission will not commence an enforcement proceeding against a floor trader on that list based solely upon the floor trader’s failure to register or receive a temporary license under section 4f of the Act and § 3.11 of this chapter, nor will the Commission commence an enforcement proceeding against the contract market under § 1.62 for failing to bar such floor trader from operating as such: Provided, however, That for those floor traders listed as to whom the contract market knows of facts set forth as statutory disqualifications in section 8a(2) of the Act, the no-action position contained in paragraph (a) of this section will only apply if the contract market submits a supplemental statement signed by the chief operating officer of the contract market stating that, in light of the Congressional mandate requiring registration of floor traders under the Act, the contract market acknowledges its responsibility to take affirmative action to conduct appropriate surveillance of such floor traders. These no-action positions shall expire upon the floor trader being granted or denied registration under the Act, or on June 11, 1993, whichever comes earliest: Provided, however, That if the floor trader files an application for registration in accordance with § 3.11 of this chapter, the no-action positions contained in paragraph (a) of this section shall expire upon the floor trader being granted or denied registration under the Act.
with the National Futures Association by June 11, 1993, the no-action positions for the floor trader and the contract market as to the registration of such floor trader will be extended until the floor trader is granted or denied registration under the Act, unless an Administrative Law Judge issues an interim order suspending the no-action position as to such floor trader in accordance with paragraph (b) of this section or the application for registration is withdrawn.

(b) Suspension of no-action position under paragraph (a) of this section pursuant to section 8a(2) of the Act—(1) Notice. On the basis of information obtained by the Commission, the Commission may at any time serve notice upon a floor trader whose name appears on a list submitted in accordance with paragraph (a) of this section that:

(i) The Commission alleges and is prepared to prove that such floor trader is subject to one or more of the statutory disqualifications set forth in section 8a(2) of the Act;

(ii) An Administrative Law Judge shall make a determination, based upon written evidence, as to whether the floor trader is subject to such statutory disqualification; and

(iii) If the floor trader is found to be subject to a statutory disqualification, the no-action status of the floor trader under paragraph (a) of this section may be suspended and the floor trader ordered to show cause why registration should not be denied.

(2) Written submission. If the floor trader wishes to challenge the accuracy of the allegations set forth in the notice, the floor trader may submit written evidence limited to the type described in §3.60(b)(1) of this chapter. Such written submission must be served upon the Division of Enforcement and filed with the Proceedings Clerk within twenty days of the date of service of notice to the floor trader.

(3) Reply. Within ten days of receipt of any written submission filed by the floor trader, the Division of Enforcement may serve upon the floor trader and file with the Proceedings Clerk a reply.

(4) Determination by Administrative Law Judge. A determination by the Administrative Law Judge as to whether the floor trader is subject to a statutory disqualification must be based upon the evidence of the statutory disqualification, notice with proof of service, the written submission, if any, filed by the floor trader in response thereto, any written reply submitted by the Division of Enforcement and such other papers as the Administrative Law Judge may require or permit.

(5) Suspension and order to show cause. (i) If the floor trader is found to be subject to a statutory disqualification, the Administrative Law Judge, within thirty days after receipt of the floor trader's written submission, if any, and any reply thereto, shall issue an interim order suspending the no-action status of the floor trader under paragraph (a) of this section and requiring the floor trader to show cause within twenty days of the date of the order why, notwithstanding the existence of the statutory disqualification, the registration of the floor trader should not be denied. The no-action status of the floor trader shall be suspended, effective five days after the order to show cause is served upon the floor trader in accordance with §3.50(a) of this chapter, until a final order with respect to the order to show cause has been issued: Provided, That if the sole basis upon which the floor trader is subject to statutory disqualification is the existence of a temporary order, judgment or decree of the type described in section 8a(2)(C) of the Act, the order to show cause shall not be issued and the floor trader shall be suspended until such time as the temporary order, judgment or decree shall have expired: Provided, however, That in no event shall the floor trader's no-action status be suspended for a period to exceed six months.

(ii) If the floor trader is found not to be subject to a statutory disqualification, the Administrative Law Judge shall issue an order to that effect and the Proceedings Clerk shall promptly serve a copy of such order on the floor trader, the Division of Trading and Markets and the Division of Enforcement. Such order shall be effective as a final order of the Commission fifteen days after the date it is served upon the floor trader in accordance with the provisions of §3.50(a) of this chapter.
unless a timely application for review is filed in accordance with §10.102 of this chapter. The appellate procedures set forth in §§10.102, 10.103, 10.104, 10.106, 10.107 and 10.109 of this chapter shall apply to any appeal brought under paragraph (c)(5)(ii) of this section.

(6) **Further proceedings.** If an order to show cause is issued pursuant to paragraph (c)(5)(i) of this section, further proceedings on such order shall be conducted in accordance with the provisions of §§3.60(b) through (j) of this chapter.

§1.68 **Customer election not to have funds, carried by a futures commission merchant for trading on a registered derivatives transaction execution facility, separately accounted for and segregated.**

(a) A futures commission merchant shall not separately account for and segregate, in accordance with the provisions of section 4d of the Act and §§1.20–1.30, 1.32 and 1.36, funds received from a customer if:

1. The customer is an eligible contract participant as defined in section 1a(12) of the Act;
2. The customer’s funds are being carried by the futures commission merchant for the purpose of trading on or through the facilities of a derivatives transaction execution facility registered under section 5a(c) of the Act;
3. The registered derivatives transaction execution facility has authorized, in accordance with §37.7 of this chapter, futures commission merchants to offer eligible contract participants the right to elect not to have funds that are being carried for purposes of trading on or through the facilities of the registered derivatives transaction execution facility separately accounted for and segregated by the futures commission merchant; and
4. The futures commission merchant and the customer have entered into a written agreement, signed by a person with the authority to bind the customer, in which the customer:
   1. Represents and warrants that the customer is an eligible contract participant as defined in section 1a(12) of the Act;

(D) The customer may not retain a security interest in assets excluded from segregation in accordance with this section;

(E) The customer may not enter into any agreement or other understanding with the futures commission merchant relating to the manner in which the customer’s assets will be held at the futures commission merchant, that directly or indirectly gives the customer a priority in bankruptcy that is equal or superior to the priority afforded public customers under the Bankruptcy Code and part 190 of this chapter;

(iv) Acknowledges that the agreement shall remain in effect unless and until the customer abrogates the agreement in accordance with paragraph (c) of this section.

(b) In no event may money, securities or property representing those funds that customers have elected not to have separately accounted for and segregated by the futures commission merchant, in accordance with this section, be held or commingled and deposited with customer funds in the same account or accounts required to be separately accounted for and segregated pursuant to section 4d of the Act and §§1.20–1.30, 1.32 and 1.36.

§ 1.69 Voting by interested members of self-regulatory organization governing boards and various committees.

(a) Definitions. For purposes of this section:

1. Disciplinary committee means any person or committee of persons, or any subcommittee thereof, that is authorized by a self-regulatory organization to issue disciplinary charges, to conduct disciplinary proceedings, to settle disciplinary charges, to impose disciplinary sanctions, or to hear appeals thereof in cases involving any violation of the rules of the self-regulatory organization except those cases where the person or committee is authorized summarily to impose minor penalties for violating rules regarding decorum, attire, the timely submission of accurate records for clearing or verifying each day’s transactions or other similar activities.

2. Family relationship of a person means the person’s spouse, former spouse, parent, stepparent, child, stepchild, sibling, stepbrother, stepsister, grandparent, grandchild, uncle, aunt, nephew, niece or in-law.

3. Governing board means a self-regulatory organization’s board of directors, board of governors, board of managers, or similar body, or any subcommittee thereof, duly authorized, pursuant to a rule of the self-regulatory organization that has been approved by the Commission or has become effective pursuant to either Section 5a(a)(12)(A) or 17(j) of the Act to take action or to recommend the taking of action on behalf of the self-regulatory organization.

4. Oversight panel means any panel, or any subcommittee thereof, authorized by a self-regulatory organization to recommend or establish policies or procedures with respect to the self-regulatory organization’s surveillance, compliance, rule enforcement, or disciplinary responsibilities.

5. Member’s affiliated firm is a firm in which the member is a “principal,” as defined in §3.1(a), or an employee.

6. Named party in interest means a person or entity that is identified by name as a subject of any matter being considered by a governing board, disciplinary committee, or oversight panel.

7. Self-regulatory organization means a “self-regulatory organization” as defined in §1.3(ee) and includes a “clearing organization” as defined in §1.3(d), but excludes registered futures associations for the purposes of paragraph (b)(2) of this section.

8. Significant action includes any of the following types of self-regulatory organization actions or rule changes that can be implemented without the Commission’s prior approval:

   (i) Any actions or rule changes which address an “emergency” as defined in §1.41(a)(4)(i) through (iv) and (vi) through (vii); and,

   (ii) Any changes in margin levels that are designed to respond to extraordinary market conditions such as an actual or attempted corner, squeeze, congestion or undue concentration of positions, or that otherwise are likely to have a substantial effect on prices in any contract traded or cleared at such self-regulatory organization; but does not include any rule not submitted for prior Commission approval because such rule is unrelated to the terms and conditions of any contract traded at such self-regulatory organization.

   (b) Self-regulatory organization rules. Each self-regulatory organization shall maintain in effect rules that have been submitted to the Commission pursuant to Section 5a(a)(12)(A) of the Act and §1.41 or, in the case of a registered futures association, pursuant to Section 17(j) of the Act, to address the avoidance of conflicts of interest in the execution of its self-regulatory functions. Such rules must provide for the following:

   (1) Relationship with named party in interest—(1) Nature of relationship. A member of a self-regulatory organization’s governing board, disciplinary committee or oversight panel must abstain from such body’s deliberations and voting on any matter involving a named party in interest where such member:

   (A) Is a named party in interest;

   (B) Is an employer, employee, or fellow employee of a named party in interest;
(C) Is associated with a named party in interest through a "broker association" as defined in §156.1;

(D) Has any other significant, ongoing business relationship with a named party in interest, not including relationships limited to executing futures or option transactions opposite of each other or to clearing futures or option transactions through the same clearing member; or,

(E) Has a family relationship with a named party in interest.

(ii) Disclosure of relationship. Prior to the consideration of any matter involving a named party in interest, each member of a self-regulatory organization governing board, disciplinary committee or oversight panel must disclose to the appropriate self-regulatory organization staff whether he or she has one of the relationships listed in paragraph (b)(1)(i) of this section with a named party in interest.

(iii) Procedure for determination. Each self-regulatory organization must establish procedures for determining whether any member of its governing board, disciplinary committees or oversight committees is subject to a conflicts restriction under this section in any significant action. Such determination must include a review of:

(A) Gross positions held at that self-regulatory organization in the member’s personal accounts or “controlled accounts,” as defined in §1.3(j);

(B) Gross positions held at that self-regulatory organization in proprietary accounts, as defined in §1.17(b)(3), at the member’s affiliated firm;

(C) Gross positions held at that self-regulatory organization in accounts in which the member is a principal, as defined in §3.1(a);

(D) Net positions held at that self-regulatory organization in “customer” accounts, as defined in §1.17(b)(2), at the member’s affiliated firm; and,

(E) Any other types of positions, whether maintained at that self-regulatory organization or elsewhere, held in the member’s personal accounts or the proprietary accounts of the member’s affiliated firm that the self-regulatory organization reasonably expects could be affected by the significant action.

(iv) Bases for determination. Taking into consideration the exigency of the significant action, such determinations should be based upon:

(A) The most recent large trader reports and clearing records available to the self-regulatory organization;

(B) Information provided by the member with respect to positions pursuant to paragraph (b)(2)(ii) of this section; and,

(C) Any other source of information that is held by and reasonably available to the self-regulatory organization.
Commodity Futures Trading Commission

§ 1.70

(3) Participation in deliberations. (i) Under the rules required by this section, a self-regulatory organization governing board, disciplinary committee or oversight panel may permit a member to participate in deliberations prior to a vote on a significant action for which he or she otherwise would be required to abstain, pursuant to paragraph (b)(2) of this section, if such participation would be consistent with the public interest and the member recuses himself or herself from voting on such action.

(ii) In making a determination as to whether to permit a member to participate in deliberations on a significant action for which he or she otherwise would be required to abstain, the deliberating body shall consider the following factors:

(A) Whether the member’s participation in deliberations is necessary for the deliberating body to achieve a quorum in the matter; and

(B) Whether the member has unique or special expertise, knowledge or experience in the matter under consideration.

(iii) Prior to any determination pursuant to paragraph (b)(3)(i) of this section, the deliberating body must fully consider the position information which is the basis for the member’s direct and substantial financial interest in the result of a vote on a significant action pursuant to paragraph (b)(2) of this section.

(4) Documentation of determination. Self-regulatory organization governing boards, disciplinary committees, and oversight panels must reflect in their minutes or otherwise document that the conflicts determination procedures required by this section have been followed. Such records also must include:

(i) The names of all members who attended the meeting in person or who otherwise were present by electronic means;

(ii) The name of any member who voluntarily recused himself or herself or was required to abstain from deliberations and/or voting on a matter and the reason for the recusal or abstention, if stated; and

(iii) Information on the position information that was reviewed for each member.

(2)(i) In the response, if the person is not an associated person, a floor broker or a floor trader or an applicant for registration in any of those capacities, the applicant or registrant shall also state whether he intends to show that
registration would not pose a substantial risk to the public despite the existence of the disqualification set forth in the notice. If the person is an associated person, a floor broker or a floor trader or an applicant for registration in any of those capacities, the applicant or registrant shall also state whether he intends to show that full, conditioned or restricted registration would not pose a substantial risk to the public despite the existence of the disqualification set forth in the notice.

If the person is an associated person or an applicant for registration as an associated person and intends to make such a showing, he must also submit a letter signed by an officer or general partner authorized to bind the sponsor whereby the sponsor agrees to sign a Supplemental Sponsor Certification Statement and supervise compliance with any conditions or restrictions that may be imposed on the applicant or registrant as a result of a statutory disqualification proceeding under this section; if the person is a floor broker or a floor trader or an applicant for registration in either capacity and intends to make such a showing, he must also submit a letter signed by his employer or if he has no employer by another floor broker, or in the case of a floor trader or applicant for registration as a floor trader, also submit a letter signed by an officer of the floor trader’s clearing member, if such officer is a registrant or a principal of a registrant, or the chief operating officer of each contract market that has granted trading privileges, whereby the employer or floor broker, appropriate registrant, principal or contract market chief operating officer (on behalf of the contract market) agrees to sign a Supplemental Sponsor Certification Statement and supervise compliance with any conditions or restrictions that may be imposed on the applicant or registrant as a result of a statutory disqualification proceeding under this section: Provided, That, with respect to such sponsor, supervising employer or floor broker, supervising registrant or principal:

(A) An adjudicatory proceeding pursuant to the provisions of sections 6(c), 6(d), 6c, 6d, 8a or 9 of the Act is not pending; and

(B) In the case of a sponsor which is a futures commission merchant or a leveraged transaction merchant, the sponsor is not subject to the reporting requirements of §1.12(b) or §31.7(b) of this chapter, respectively; and

(C) Such person is not barred from service on self-regulatory organization governing boards or committees based on disciplinary history in accordance with §1.63 of this chapter.

(ii) If, in the response, the applicant or registrant states that he intends to make the showing referred to in paragraph (b)(2)(i) of this section, he shall also, within fifteen days after filing his initial response under paragraph (b) of this section, file with the Proceedings Clerk and serve a copy on the Division of Enforcement a submission which includes a statement of the applicant, registrant or his attorney identifying and summarizing the testimony of each witness whom the applicant or registrant intends to have testify in support of facts material to his showing, and copies of all documents which the applicant or registrant intends to introduce to support facts material to his showing. The factors forming the basis for a disqualified applicant’s or registrant’s showing referred to in paragraph (b)(2)(i) of this section may include:

(A) Evidence mitigating the seriousness of the wrongdoing underlying the statutory disqualification set forth in the notice;

(B) Evidence that the applicant or registrant has undergone rehabilitation since the time of the wrongdoing underlying the statutory disqualification; and

(C) If the person is an associated person, floor broker or floor trader or an applicant for registration in any of those capacities, evidence that the applicant’s or registrant’s registration on a conditioned or restricted basis would be subject to supervisory controls likely both to detect future wrongdoing by the applicant or registrant and protect the public from any harm arising from the applicant’s or registrant’s future wrongdoing, including proposed conditions or restrictions.
§ 3.60

(c) Reply. Within thirty days after the latter of the date the applicant or registrant serves a copy of the response on the Division of Enforcement (if no further submission is to be made in accordance with paragraph (b)(2)(ii) of this section), or the date the applicant or registrant serves a copy of the further submission made in accordance with paragraph (b)(2)(i) of this section on the Division of Enforcement, the Division of Enforcement shall file a reply thereto with the Proceedings Clerk and serve a copy of the reply on the applicant or registrant. The Division of Enforcement’s reply shall include either:

(1) A motion for summary disposition stating that there are no genuine issues of material fact to be determined and that registration should be denied or revoked, based upon the applicant’s or registrant’s response and further submission, if any, and any other materials which are attached to the reply and would be admissible under §10.81 of this chapter; or

(2) A description of factual issues raised in the applicant’s or registrant’s response and further submission, if any, that the Division of Enforcement regards as material and disputed. Such a reply shall also include the identity and a summary of the expected testimony of each witness whom the Division intends to have testify, and copies of all documents which the Division intends to introduce.

(d) Oral Presentation. Within thirty days of the date the Division of Enforcement files its reply in accordance with the provisions of paragraph (c) of this section to the applicant’s or registrant’s response and further submission, if any, the Administrative Law Judge shall issue an order:

(1) If the Administrative Law Judge finds, based on the motion for summary disposition, that a party is entitled to judgment as a matter of law, granting, denying, suspending, or revoking the registration of an applicant or registrant, or dismissing the notice issued in accordance with paragraph (a) of this section, and such order shall be made in accordance with the standards set forth in paragraphs (e) and (f) of this section; or

(2) Notifying the parties of a time and place of hearing. At such hearing, the parties shall be limited to presentation of witnesses and documents listed in previous filings except, for good cause shown, the parties may request that the witness and document lists be supplemented for purposes of rebuttal. Such oral hearing shall be conducted in accordance with §§10.81–10.83 of this chapter. The Administrative Law Judge shall file an initial decision after completion of the oral hearing in accordance with the standards set forth in paragraphs (e) and (f) of this section.

(3) Upon notice that the Administrative Law Judge has concluded that an oral presentation is appropriate, the parties may elect to participate by telephone in accordance with the terms set forth in §12.209(b) of this chapter. To effect such an election, the party shall file a notice with the Proceedings Clerk and serve a copy on all opposing parties within fifteen days of the date the Administrative Law Judge’s notice is served. The filing of an election to participate by telephone will be deemed a waiver of the party’s right to a full oral hearing on the parties’ material disputes of fact. The Administrative Law Judge shall schedule a telephonic hearing only if all parties to the proceeding elect such a procedure. The Administrative Law Judge shall conduct such a hearing in accordance with §12.209(b) of this chapter. Following the hearing, the Administrative Law Judge shall issue a written decision in accordance with the standards set forth in paragraphs (e) and (f) of this section.

(e) Determination by Administrative Law Judge—Standards of Proof. The Administrative Law Judge’s written determination shall specifically consider whether the Division of Enforcement has shown by a preponderance of the evidence that the applicant or registrant is subject to the statutory disqualification set forth in the notice issued by the Commission and, where appropriate:

(1) In actions involving statutory disqualifications set forth in section 8a(2) of the Act, whether the applicant or registrant has made a clear and convincing showing that full, conditioned or restricted registration would not
pose a substantial risk to the public despite the existence of the statutory disqualification; or

(2) In actions involving statutory disqualifications set forth in sections 8a(3) or 8a(4) of the Act, whether the applicant or registrant has shown by a preponderance of the evidence that full, conditioned or restricted registration would not pose a substantial risk to the public despite the existence of the statutory disqualification.

(f) Determination of Administrative Law Judge—Findings. In making his written determination, the Administrative Law Judge shall set forth the facts material to his conclusion and provide an explanation of his decision in light of the statutory disqualification set forth in the notice and, where appropriate, his findings regarding:

(1) Evidence mitigating the seriousness of the wrongdoing underlying the applicant’s or registrant’s statutory disqualification;

(2) Evidence that the applicant or registrant has undergone rehabilitation since the time of the wrongdoing underlying the statutory disqualification; and

(3) If the person is an associated person, a floor broker or a floor trader or an applicant for registration in any of those capacities, evidence that the applicant’s or registrant’s registration on a conditioned or restricted basis would be subject to supervisory controls likely both to detect future wrongdoing by the applicant or registrant and protect the public from any harm arising from future wrongdoing by the applicant or registrant. Any decision providing for a conditioned or restricted registration shall take into consideration the applicant’s or registrant’s statutory disqualification and the time period remaining on such statutory disqualification, and shall fix a time period after which the registrant and his sponsor, supervising employer or floor broker, or supervising registrant, principal or contract market may petition to lift or modify the conditions or restrictions in accordance with §3.64.

(g) Default. The procedures for obtaining a default order and the setting aside of a default order in a proceeding instituted under this section shall follow the procedures set forth in §§10.93 and 10.94 of this chapter.

(h) Settlements. (1) When offers may be made. Parties may, at any time during the course of the proceeding, propose offers of settlement. All offers of settlement shall be in writing.

(2) Content of offer. Each offer of settlement made by a respondent shall:

(i) Acknowledge service of the notice;

(ii) Admit the jurisdiction of the Commission with respect to the matters set forth in the notice;

(iii) Include a waiver of:

(A) A hearing,

(B) All post-hearing procedures,

(C) Judicial review, and

(D) Any objection to the staff’s participation in the Commission’s consideration of the offer;

(iv) Stipulate the record basis on which an order may be entered, which may consist solely of the notice and any findings contained in the offer of settlement; and

(v) Consent to the entry of an order reflecting the terms of settlement agreed upon, including, where appropriate:

(A) Findings that the respondent is subject to statutory disqualification under sections 8a(2), 8a(3), or 8a(4) of the Act, and

(B) The revocation, suspension, denial or granting of full registration or imposition of conditioned or restricted registration.

(3) Submission of offer. Offers of settlement made by a respondent shall be submitted in writing to the Division of Enforcement, which shall present them to the Commission with the Division’s recommendation. The respondent will be informed if the recommendation will be unfavorable, in which event the offer shall not be presented to the Commission unless the respondent so requests. Any offer of settlement not presented to the Commission shall be null and void with respect to any acknowledgment, admission, waiver, stipulation or consent contained in the offer and shall not be used in any manner in the proceeding by any party thereto.

(4) Acceptance of offer. The offer of settlement will only be deemed accepted upon issuance by the Commission of an opinion and order based on the offer. Upon issuance of the opinion and order,
§ 3.61 Extensions of time for proceedings brought under § 3.55, § 3.56, and § 3.60 of this part.

(a) In general. Except as otherwise provided by law or by these rules, for good cause shown, the Commission or an Administrative Law Judge before whom a proceeding brought under § 3.55, § 3.56 or § 3.60 is then pending, on their own motion or the motion of a party thereto, may at any time extend or shorten the time limit prescribed by those rules for filing any document. In any instance in which a time limit is not prescribed for an action to be taken concerning any matter, the Commission or the Administrative Law Judge may set a time limit for that action.

(b) Motions for extension of time. Absent extraordinary circumstances, in any instance in which a time limit that has been prescribed for an action to be taken concerning any matter exceeds seven days from the date of the order establishing the time limit, requests for extension of time shall be filed at least five (5) days prior to the expiration of the time limit and shall explain why an extension of time is necessary.

§ 3.62 [Reserved]

A copy of any order issued pursuant to § 3.60 of this part shall be served promptly upon the applicant or registrant, the Division of Trading and Markets, the Division of Enforcement, the National Futures Association, and any contract markets where the applicant or registrant is a member or has

(a) Notice. A registrant must notify the Commission under section 4k(5) of the Act of any facts regarding an associated person of the registrant or an applicant for registration as an associated person whom it has sponsored pursuant to the provisions of §3.12 of this part.

§ 3.75 Delegation and reservation of authority.

(a) The Commission hereby delegates, until such time as it orders otherwise, the authority to perform all functions specified in subparts B through D to the persons authorized to perform them thereunder.

(b) Nothing in this subpart shall prevent the Commission from exercising the authority delegated therein.

(d) Nothing in this subpart shall affect the authority of the Commission to institute a proceeding pursuant to section 6(c) of the Act.

(e) The Commission may, by order of delegation, authorize a futures association registered pursuant to section 17 of the Act to perform all or any portion of the registration functions under subparts B through D in accordance with rules or procedures adopted by such association and submitted to the Commission pursuant to section 17(j) of the Act and subject to the applicable provisions of the Act.

APPENDIX A TO PART 3—INTERPRETATIVE STATEMENT WITH RESPECT TO SECTION 8A(2)(C) AND (E) AND SECTION 8A(3)(J) AND (M) OF THE COMMODITY EXCHANGE ACT

Section 8a(2)(C) and (E)

The provisions of sections 8a(2)–8a(4) of the Commodity Exchange Act (“Act”) establish a system of statutory disqualifications pursuant to which the Commission may find an applicant or registrant unfit for registration and vest the Commission with wide discretion to deny, condition, suspend, restrict or revoke the registration of any person subject to one or more of the disqualifications set forth therein. The Commission recognizes that the full exercise of its authority under these provisions of the Act may have unintended results. In particular, the exercise of such authority may, in certain cases, impede the efficient enforcement of the Act and the various federal and state securities acts.

At this time, the Commission cannot anticipate all of the circumstances under which it may elect not to exercise its authority under sections 8a(2)–8a(4). Until the Commission has gained experience with these provisions of the Act, such determinations generally must be made on a case-by-case basis. Nonetheless, the Commission has...

identified two paragraphs of section 8a(2) of the Act which it has determined to interpret more narrowly than required.

Section 8a(2)(C). Section 8a(2) of the Act authorizes the Commission to deny, condition, suspend or restrict the registration of any person “upon notice, but without a hearing” and to revoke the registration of any person “with such hearing as may be appropriate.”

If such person is subject to one or more of the disqualifications described in paragraphs (A)–(I), Section 8a(2)(C) authorizes the Commission to affect the registration of any person:

“if such person is permanently or temporarily enjoined by order, judgment, or decree of any court of competent jurisdiction * * * , including an order entered pursuant to an agreement of settlement to which the Commission or any Federal or State agency or other governmental body is a party, from (i) acting as a futures commission merchant, introducing broker, floor broker, floor trader, commodity trading advisor, commodity pool operator, associated person of any registrant under the Act, securities broker, securities dealer, municipal securities broker, municipal securities dealer, transfer agent, clearing agency, securities information processor, investment advisor, investment company, or affiliated person or employee of any of the foregoing or (ii) engaging in or continuing any activity involving any transaction in or advice concerning contracts of sale of a commodity for future delivery, concerning matters subject to Commission regulation under section 4c or 19 of the Act, or concerning securities;”

The Commission believes that a person enjoined from acting in a certain capacity as described in section 8a(2)(C)(i), even if the order of injunction is entered into pursuant to an agreement of settlement, similarly should be prohibited from acting in any other capacity which requires registration with the Commission. Therefore, the Commission does not intend to limit its authority under section 8a(2)(C)(I) of the Act.

However, the Commission is also aware that it has often initiated proceedings in which the sole relief sought was an injunction from engaging in certain conduct. In such circumstances, the Commission has accepted offers of settlement which provide that the findings set forth in the settlement will not form the sole basis for the denial, suspension or revocation of such person’s registration with the Commission. The Commission does not wish to impede the resolution by negotiated settlement of such proceedings. Therefore, the Commission has determined that it will not exercise its authority under section 8a(2)(C)(ii) of the Act with respect to any person temporarily or permanently enjoined by agreement of settlement from engaging in any conduct described in that paragraph, if the agreement of settlement clearly restricts the use of such order of injunction or any findings set forth therein in subsequent or collateral proceedings.

Thus, a provision in the agreement of settlement to the effect, inter alia, that the findings set forth in the agreement will not form the sole basis upon which the registration of such person may be affected will preclude a collateral proceeding under section 8a(2)(C)(ii) where the sole basis for such proceeding is the agreement of settlement. Unless otherwise precluded in the agreement of settlement, however, the person will be collaterally estopped from denying the findings set forth therein, whether or not admitted, in any other subsequent or collateral proceeding and such findings may, in conjunction with the findings in such subsequent or collateral proceeding, form a basis for affecting the registration of that person or imposing such other sanctions as may be deemed appropriate.

Section 8a(2)(E) of the Act authorizes the Commission to affect the registration of any person:

If such person, within ten years preceding the filing of the application or at any time thereafter, has been found in a proceeding brought by the Commission or any Federal or State agency or other governmental body, or by agreement of settlement to which the Commission or any Federal or State agency or other governmental body is a party, (i) to have violated any provision of this Act, [the securities acts], chapter 96 of title 18 of the United States Code, or any similar statute of a State or foreign jurisdiction, or any rule, regulation, or order under any such statutes, or the rules of the Municipal Securities Rulemaking Board where such violation involves embezzlement, theft, extortion, fraud, fraudulent conversion, misappropriation of funds, securities or property, forgery, counterfeiting, false pretenses, bribery, or gambling, or (ii) to have willfully aided, abetted, counseled, commanded, induced, or procured such violation by any other person;

As in section 8a(2)(C)(ii), the Commission will not exercise its authority under section 8a(2)(E) of the Act with respect to any person subject to a statutory disqualification thereunder, if the findings are part of an agreement of settlement which clearly restricts the use of such findings by inclusion of a provision to the effect, inter alia, that the findings set forth in the agreement will not form the sole basis upon which the registration of such person may be affected.

Section 2(a)(1)(A) of the Act, inter alia, codifies the legal concept of respondent superior by providing that a futures commission merchant, introducing broker, commodity trading advisor, commodity pool operator or leverage transaction merchant may be held liable for the conduct of an associated person
sponsored by such registrant. "Thus, findings of the type described in paragraph (E) may be entered against a registrant solely because such registrant is responsible, under section 2(a)(1)(A) of the Act, for the conduct of its associated persons. As prescribed in §3.57 of the Commission's regulations, however, the Commission will not exercise its authority under section 8a(2)(E) to affect the registration of such registrant, if respondent superior is the sole basis for finding that the registrant is subject to a statutory disqualification.

The Commission notes that section 8a(3)(C) and 8a(4) authorize the Commission to affect the registration of a person if it is found, after notice and opportunity for a hearing, that such person "failed reasonably to supervise another person, who is subject to such person's supervision, with a view to preventing violations of this Act or [the securities acts], or of any of the rules, regulation or orders thereunder, and the person subject to supervision committed such a violation "* * *. In this connection, the Commission believes that any proceeding to affect the registration of a registrant against which findings have been made solely pursuant to section 2(a)(1)(A) of the Act is more appropriately initiated under the provisions of section 8a(3)(C) and 8a(4).

Section 8a(2)(E) may also be interpreted to authorize the Commission to affect the registration of any person if the findings described therein are made in a proceeding initiated by a private party either in a court of law or in a regulatory proceeding brought by the Commission under section 14 of the Act. At the present time, however, the Commission does not intend to exercise its authority under section 8a(2)(E) on the basis of such findings. The Commission believes that such proceedings are intended primarily to provide restitution to the customer and are not intended to be punitive in nature. Therefore, it may not be appropriate to use findings in such proceedings to affect the registration of any person under section 8a(2)(E).

At the same time, however, such findings may form the basis of a proceeding against a person under the provisions of section 8a(3)(M) and 8a(4), which authorize the Commission, after notice and opportunity for a hearing, to deny, condition, suspend, restrict or revoke the registration of any person if

"*Specifically, section 2(a)(1)(A)(ii) of the Act provides in part, that the "act, omission or failure of any official, agent, or other person acting for any individual, association, partnership, corporation, or trust within the scope of his employment or office shall be deemed the act, omission, or failure of such individual, association, partnership, corporation, or trust as well as of such official, agent, or other person." 7 U.S.C. 4 (1982).

Section 8a(3) authorizes the Commission to refuse to register an applicant for registration if, after notice and opportunity for a hearing, the applicant is found subject to one or more of the disqualifications described in paragraphs (A)–(M). Section 8a(4) authorizes the Commission, after notice and opportunity for a hearing, to condition, suspend, restrict, or revoke the registration of any person subject to a disqualification under section 8a(3).

Section 8a(3)(J) authorizes the Commission to affect the registration of any person if:

such person is subject to an outstanding order denying, suspending, or expelling such person from membership in a contract market, a registered futures association, any other self-regulatory organization or any foreign regulatory body that the Commission recognizes as having a comparable regulatory program, or barring or suspending such person from being associated with any member or members of such contract market, association, self-regulatory organization, or foreign regulatory body.

The Commission interprets the term "self-regulatory organization" to include, in addition to a contract market and a registered futures association, any self-regulatory organization as defined in section 3(a)(26) of the Securities Exchange Act of 1934. Thus, a self-regulatory organization includes any national securities exchange, any registered securities association, any registered clearing agency and the Municipal Securities Rulemaking Board.

Section 8a(3)(M). Section 8a(3)(M) authorizes the Commission to affect the registration of any person if "there is other good cause." Specifically, such findings may form the basis for a proceeding against a registrant under sections 8a(3)(C) and 8a(4) for the failure of such registrant "reasonably to supervise another person, who is subject to such person's supervision, with a view to preventing violations of this Act * * * or of any of the rules, regulations or orders thereunder * * * *" Moreover, because the Commission views actions by private parties as an important adjunct to the Commission's own enforcement proceedings, the Commission intends to monitor carefully decisions in such proceedings and may amend this interpretation if deemed appropriate.

Section 8a(3) (J) and (M)
pending a final decision in such administrative proceeding. The Commission believes it would be inconsistent to register a person in a new capacity, thereby determining that such person is qualified to be registered, while simultaneously seeking to revoke such person’s registration in a different capacity because such person’s conduct disqualifies him from registration.

Similarly, the Commission interprets paragraph (M) to authorize the Commission to refuse to register, register conditionally, or otherwise affect the registration of any person if such person has consented, in connection with an agreement of settlement with a contract market, a registered futures association, or any other self-regulatory organization, to comply with an undertaking to withdraw all forms of existing or pending registration and/or not to apply for registration with the National Futures Association or the Commission in any capacity. Such person’s effort to violate his or her prior undertaking to withdraw from and/or not to apply for registration shall be considered to constitute “other good cause” under paragraph (M). The Commission believes that allowing such a person to be registered would be inappropriate and inconsistent with the intention of parties to the prior settlement agreement. The failure to withdraw or the attempt to register in the face of such an undertaking would indicate the lack of fair and honest dealing which the Commission believes constitutes “other good cause” for denying, revoking or conditioning registration under the Act. The Commission also believes that allowing registration in such a situation would be inconsistent with both Section 8(a)(2)(A), which authorizes the Commission to refuse to register, to register conditionally, or to revoke, suspend or place restrictions upon the registration of any person if such person’s prior registration has been suspended (and the period of such suspension has not expired) or has been revoked, and Section 8(a)(3)(M), which authorizes the Commission to refuse to register or to register conditionally any person if he or she is subject to an outstanding order denying, suspending, or expelling such person from membership in a contract market, a registered futures association, or any other self-regulatory organization.

Good cause to affect a person’s registration also exists: (1) If the operations of such person disrupt or would tend to disrupt orderly market conditions, or cause or would tend to cause sudden or unreasonable fluctuations or unwarranted changes in the price of commodities or contracts for future delivery of commodities or commodity options; (2) if such person has used or is using in its name a term such as “board of trade”, “clearing corporation” or “exchange” in a misleading context, or uses any terms in its representations to the public which may indicate that the person is a contract market or a member of a contract market when such is not the case, or has used or is using a misleading name which would tend to suggest to the public that the person is affiliated with another person when that is not the case or that the person is engaged in a commodity-related business when the person is not in fact substantially so engaged, or has failed to disclose to the public an agency relationship with another person when such failure could mislead the public; (3) if such person is subject to an outstanding order denying, suspending or revoking the license of such person by a licensing authority, such as a state real estate or insurance commission; and (4) if such person has failed to answer the inquiries or requests for further information concerning an application for registration filed with the Commission.

This listing, of course, is not exclusive. In general, the Commission interprets paragraph (M) to authorize the Commission to affect the registration of any person if, as a result of any act or pattern of conduct attributable to such person, although never the subject of formal action or proceeding before either a court or governmental agency, such person’s potential disregard of or inability to comply with the requirements of the Act or the rules, regulations or order thereunder, or such person’s moral turpitude, or lack of honesty or financial responsibility is demonstrated to the Commission.

Any inability to deal fairly with the public and consistent with just and equitable principles of trade may render an applicant or registrant unfit for registration, given the high ethical standards which must prevail in the industry.

The Commission has further addressed “other good cause” under Section 8(a)(3)(M) of the Act in issuing guidance letters on assessing the fitness of floor brokers, floor traders or applicants in either category:

[First guidance letter]

December 4, 1997
Robert K. Wilmouth, President, National Futures Association, 230 West Madison Street, Chicago, IL 60606-3447
Re: Adverse Registration Actions with Respect to Floor Brokers, Floor Traders and Applicants for Registration in Either Category

Dear Mr. Wilmouth: As you know, the Commission on June 26, 1997, approved for publication in the FEDERAL REGISTER a Notice and Order concerning adverse registration actions by the National Futures Association (“NFA”) with respect to registered floor brokers (“FBs”), registered floor traders (“FTs”) and applicants for registration in either category, 62 Fed. Reg. 36656 (July 3, 1997). The Notice and Order authorized NFA
to grant or to maintain, either with or without conditions or restrictions, FB or FT registration where NFA previously would have forwarded the case to the Commission for review of disciplinary history. The Commission has worked with its staff to determine which of the pending matters could efficiently be returned to NFA for handling, and such matters have been forwarded to NFA. The Commission will continue to accept or to act upon requests for exemption, and the Commission staff will consider requests for “no-action” opinions with respect to applicable registration requirements.

By this correspondence, the Commission is issuing guidance that provides NFA further direction on how it expects NFA to exercise its delegated power, based upon the experience of the Commission and the staff with the registration review process during the past three years. This guidance will help ensure that NFA exercises its delegated power in a manner consistent with Commission precedent.

In exercising its delegated authority, NFA, of course, needs to apply all of the provisions of Sections 8a(2) and (3) of the Commodity Exchange Act (“Act”). In that regard, NFA should consider the matters in which the Commission has taken action in the past and endeavor to seek similar registration restrictions, conditions, suspensions, denials, or revocations under similar circumstances.

One of the areas in which NFA appears to have had the most uncertainty is with regard to previous self-regulatory organization (“SRO”) disciplinary actions. Commission Rule 1.63(2) provides clear guidelines for determining whether a person’s history of “disciplinary offenses” should preclude service on SRO governing boards or committees.

17 U.S.C. 12a(2) and (3) (1994). The letter is intended to supplement, not to supersede, other guidance provided in the past to NFA. In this regard, the NFA should continue to follow other guidance provided by the Commission or its staff.

Commission rules referred to herein are found at 17 CFR Ch. I.

Rule 1.63(c) provides that a person is ineligible from serving on an SRO’s disciplinary committees, arbitration panels, oversight panels, or governing board if, as provided in Rule 1.63(b), the person, inter alia: (1) within the past three years has been found by a final decision of an SRO, an administrative law judge, a court of competent jurisdiction or the Commission to have committed a disciplinary offense; or (2) within the past three years has entered into a settlement agreement in which any of the findings or, in the absence of such findings, any of the acts charged included a disciplinary offense.

Rule 1.63(a)(6) provides that a “disciplinary offense” includes: (i) any violation of the rules of an SRO except those rules related to (A) decorum or attire, (B) financial requirements, or (C) reporting or record-keeping unless resulting in fines aggregating more than $5,000 within any calendar year; (ii) any rule violation described in subparagraphs (A) through (C) above that involves fraud, deceit or conversion or results in a suspension or expulsion; (iii) any violation of the Act or the regulations promulgated thereunder; or (iv) any failure to exercise supervisory responsibility with respect to an act described in paragraphs (i) through (iii) above when such failure is itself a violation of either the rules of an SRO, the Act or the regulations promulgated thereunder.

Thus, for example, a disciplinary action taken by the Chicago Board Options Exchange or the National Association of Securities Dealers, Inc. should be considered in a manner similar to a disciplinary action of the Chicago Board of Trade or NFA.

In reviewing these matters, the NFA should bear in mind recent Commission precedent which allows for reliance on settled disciplinary proceedings in some circumstances. See In the Matter of Michael J. Clark, [1996-1997 Transfer Binder] Comm. Fut. L. Rep. (CCH) ¶27,032 (Apr. 22, 1997) (“other good cause” under Section 8a(3)(M) of the Act exists based upon a pattern of exchange disciplinary actions resulting in significant sanctions for serious rule violations—whether settlements or adjudications), aff’d sub nom., Clark v. Commodity Futures Trading Commission, No. 97-4228 (2d Cir. June 4, 1999) (unpublished).
Commodity Futures Trading Commission

Pt. 3, App. A

as for a matter involving fighting, use of profane language or minor recordkeeping violations), NFA could exercise discretion, as has the Commission, not to institute a statutory disciplinary action. On the other hand, conduct that falls clearly within the terms of Rule 1.63, such as violations of rules involving potential harm to customers of the exchange, should not be exempt from review simply because the exchange imposed a relatively minor sanction.

The Commission has treated the registration process and the SRO disciplinary process as separate matters involving separate considerations. The fact that the Commission has not pursued its own enforcement case in a particular situation does not necessarily mean that the Commission considers the situation to be a minor matter for which no registration sanctions are appropriate. Further, the Commission believes that it and NFA, entities with industry-wide perspective and responsibilities, are the appropriate bodies, rather than any individual exchange, to decide issues relating to registration status, which can affect a person’s ability to function in the industry well beyond the jurisdiction of a particular exchange. Thus, NFA’s role is in no way related to review of exchange proceedings for particular conduct, but rather it is the entirely separate task of determining whether an FB’s or FT’s conduct should impact his or her registration.

NFA also should look to Commission precedent in selecting conditions or restrictions to be imposed, such as a dual trading ban where a person has been involved in disciplinary offenses involving customer abuse. Where conditions or restrictions are imposed, or agreed upon, NFA also should follow Commission precedent, under which such conditions or restrictions generally have been imposed for a two-year period.

The Commission has required sponsorship for conditioned FBs and FTs when their disciplinary offenses have involved noncompetitive and fraud irrespective of the level of sanctions imposed by an SRO. Indeed, but for a sponsorship requirement there would be no one routinely watching and responsible for the activities of these registrants. Absent sponsorship, such FBs and FTs would only be subject to routine Commission and exchange surveillance. The Commission’s rules are premised upon the judgment that requiring FTs and FBs to have sponsors to ensure their compliance with conditions is both appropriate and useful. See Rule 3.60(b)(2)(i).

A question has arisen whether, if NFA is required to prove up the underlying facts of an SRO disciplinary action, the exchanges can provide information on exchange disciplinary proceedings directly to NFA. Although Section 8c(a)(2) of the Act states that an exchange shall not disclose the evidence for a disciplinary action except to the person disciplined and to the Commission, Section 8a(10) of the Act allows the Commission to authorize any person to perform any portion of the registration functions under the Act, notwithstanding any other provision of law. The effective discharge of the delegated registration function requires NFA to have access to the exchange evidence. Thus, the Commission believes that Section 8a(10) may reasonably be interpreted to allow the disclosure of information from exchange disciplinary proceedings directly to NFA despite the provisions of Section 8(a)(2).

Nothing in the Notice and Order affects the Commission’s authority to review the granting of a registration application by NFA in the performance of Commission registration functions, including review of the sufficiency of conditions or restrictions imposed by NFA, to review the determination by NFA not to take action to affect an existing registration, or to take its own action to address a statutory disqualification. Moreover, the Commission Order contemplates that to allow for appropriate Commission oversight of NFA’s exercise of this delegated authority, NFA will provide for the Commission’s review quarterly schedules of all applicants cleared for registration and all registrants whose registrations are maintained without adverse action by NFA’s Registration, Compliance, Legal Committee despite potential statutory disqualifications.

The Commission will continue to monitor NFA activities through periodic rule enforcement reviews, and NFA remains subject to the present requirement that it monitor compliance with the conditions and restrictions imposed on conditioned and restricted registrants.

Sincerely,
 jean A. Webb, Secretary of the Commission

Robert K. Wilmouth, President, National Futures Association, 200 West Madison Street, Chicago, IL 60606-3447

Re: Use of Exchange Disciplinary Actions as “Other Good Cause” to Affect Floor Broker/Floor Trader Registration

Dear Mr. Wilmouth:

I. Introduction and Background

In July 1997, the Commission issued a Notice and Order authorizing the National Futures Association (“NFA”) to grant or to maintain, either with or without conditions or restrictions, floor broker (“FB”) or floor trader (“FT”) registration where NFA previously would have forwarded the case to the
Commission for review of disciplinary history. By letter dated December 4, 1997 ("Guidance Letter"), the Commission provided further direction on how the Commission expected NFA to exercise its delegated power and to ensure that NFA exercised its delegated power in a manner consistent with Commission precedent.

The Commission has determined to revise the Guidance Letter. Specifically, the Commission is revising the portion of the Guidance Letter that addresses the use of exchange disciplinary actions as "other good cause" to affect FB and FT registrations. The Commission has made this determination following its own reconsideration of the issue and at the urging of industry members.

The Guidance Letter pointed out that, in exercising its delegated authority, NFA must apply all of the provisions of Sections 8a(2) and (3) of the Commodity Exchange Act ("Act"). In particular, Section 8a(3)(M) of the Act authorizes the Commission to refuse to register or to register conditionally any person if it is found, after opportunity for hearing, that there is other good cause for statutory disqualification from registration beyond the specifically listed grounds in Sections 8a(2) and 8a(3) of the Act. The Commission held in In the Matter of Clark that statutory disqualification under the "other good cause" provision of Section 8a(3)(M) may arise on the basis of, among other things, a pattern of exchange disciplinary actions alleging serious rule violations that result in significant sanctions, and that it is immaterial whether the sanctions imposed resulted from a fully-adjudicated disciplinary action or an action that was taken following a settlement.

The Guidance Letter recommended the application of the provisions of Commission Rule 1.63 as criteria to aid in assessing the impact of an FB or FT applicant's or registrant's previous disciplinary history on the person's fitness to be registered, with the exception that NFA should be acting based on disciplinary history from the previous five years, rather than the three years provided for in Rule 1.63. The Guidance Letter also noted that NFA should consider disciplinary actions taken not only by futures industry SROs but also those taken by SROs as defined in Section 3(a)(26) of the Securities Exchange Act of 1934 ("1934 Act"), including settled disciplinary actions.

II. REVISED GUIDANCE

As stated above, the Commission has determined to revise the Guidance Letter. From this point forward, NFA should cease using Rule 1.63 as the basis to evaluate the impact of an FB or FT applicant's or registrant's disciplinary history on his or her fitness to be registered. Instead, as Clark stated, when reviewing disciplinary history to assess the fitness to be registered of an FB, FT, or applicant in either category, a

The JCC consists of senior compliance officials from all domestic futures exchanges and the NFA (i.e., the domestic self-regulatory organizations ("SROs")). In addition, staff from the Contract Markets Section of the Commission's Division of Trading and Markets attend the JCC meetings as observers. The JCC was established to aid in the development of improved compliance systems through joint efforts and information-sharing among the SROs. Commission staff have also discussed this issue with SRO staff.

5Commission rules referred to in this letter are found at 17 CFR Ch. 1.

6Rule 1.63 provides, among other things, that a person is ineligible from serving on SRO disciplinary committees, arbitration panels, oversight panels or governing boards if that person, inter alia, entered into a settlement agreement within the past three years in which any of the findings or, in the absence of such findings, any of the acts charged included a disciplinary offense. Rule 1.63(a)(6) defines a "disciplinary offense" to include: (i) any violation of the rules of an SRO except those rules related to (A) decorum or attire, (B) financial requirements, or (C) reporting or record-keeping unless resulting in fines aggregating more than $5,000 within any calendar year; (ii) any rule violation described in subparagraphs (A) through (C) above that involves fraud, conduct, or conviction or results in a suspension or expulsion; (iii) any violation of the Act or the regulations promulgated thereunder; or (iv) any failure to exercise supervisory responsibility with respect to an act described in paragraphs (i) through (iii) above when such failure is itself a violation of either the rules of an SRO, the Act or the regulations promulgated thereunder.
pattern of exchange disciplinary actions alleging serious rule violations that result in significant sanctions will trigger the “other good cause” provision of Section 8a(3)(M). The “pattern” should consist of at least two final exchange disciplinary actions, whether settled or adjudicated.

NFA also should consider initiating proceedings to affect the registration of the FB or FT, even if there is only a single exchange action against the FB or FT, if the exchange action was based on allegations of particularly egregious misconduct or involved numerous instances of misconduct occurring over a long period of time. If, however, a proceeding is initiated based on a single exchange action that was disposed of by settlement, NFA may have to prove up the underlying misconduct. Furthermore, traditional principles of collateral estoppel apply to adjudicated actions, whether they are being considered individually or as part of a pattern.7

As provided by the Guidance Letter, “exchange disciplinary actions” would continue to include disciplinary actions taken by both futures industry SROs and SROs as defined in Section 3(a)(26) of the 1934 Exchange Act. Furthermore, NFA should review an applicant’s or registrant’s disciplinary history for the past five years.8 At least one of the actions forming the pattern, however, must have become final after Clark was decided by the Commission on April 22, 1997. Finally, “serious rule violations” consist of, or are substantially related to, charges of fraud, customer abuse, other illicit trading practices, or the obstruction of an exchange investigation.

Congress, the courts and the Commission have indicated the importance of considering an applicant’s history of exchange disciplinary actions in assessing that person’s fitness to register.9 Furthermore, NFA’s review of exchange disciplinary actions within the context of the registration process should not simply mirror the disciplinary actions undertaken by the exchanges. The two processes are separate matters that involve separate considerations. As part of their ongoing self-regulatory obligations, exchanges must take disciplinary action10 and such disciplinary matters necessarily focus on the specific misconduct that forms the allegation. In a statutory disqualification action, however, NFA must determine whether the disciplinary history of an FB, FT or applicant over the preceding five years should impact his or her registration. Additionally, NFA possesses industry-wide perspective and responsibilities. As such, NFA, rather than an individual exchange, should decide registration status issues, since those issues affect an individual’s status within the industry as a whole, well beyond the jurisdiction of a particular exchange.

The Commission also wants to clarify to the fullest extent possible that its power to delegate the authority to deny or condition the registration of an FB, FT, or an applicant for registration in either category permits exchanges to disclose to NFA all evidence underlying exchange disciplinary actions, notwithstanding the language of Section 8c(a)(2) of the Act.11 The Commission’s power to delegate stems from Section 8a(10) of the Act, which permits delegation of registration functions, including statutory disqualification actions, to any person in accordance with rules adopted by such person and submitted to the Commission for approval or for review under Section 17(j) of the Act, “notwithstanding any other provision of law.” Certain, Section 8c(a)(2) qualifies as “any other provision of law.” Furthermore, the effective discharge of the delegated function requires NFA to have access to the exchange evidence. Thus, the exercise of the delegated authority pursuant to Section 8a(10) permits the exchanges to disclose all evidence underlying disciplinary actions to NFA.12

Continued
This letter supersedes the Guidance Letter to the extent discussed above. In all other aspects, the Guidance Letter and other guidance provided by the Commission or its staff remain in effect. Therefore, NFA should continue to follow Commission precedent when selecting conditions or restrictions to be imposed. For example, NFA should impose a dual trading ban where customer abuse is involved and any conditions or restrictions imposed should be for a two-year period. Furthermore, NFA should require sponsorship for conditioned FBs or PTs when their disciplinary offenses involve noncompetitive trading and fraud.

Nothing in the Notice and Order or this letter affects the Commission’s authority to review the granting of a registration application by NFA in the performance of Commission registration functions, including review of the sufficiency of conditions or restrictions imposed by NFA, to review the determination by NFA not to take action to affect an existing registration, or to take its own action to address a statutory disqualification. Moreover, the Commission Order contemplates that to allow for appropriate Commission oversight of NFA’s exercise of this delegated authority, NFA will provide for the Commission’s review quarterly schedules of all applications cleared for registration and all registrants whose registrations are maintained without adverse action by NFA’s Registration, Compliance, Legal Committee despite potential statutory disqualifications.

The Commission will continue to monitor NFA activities through periodic rule enforcement reviews, and NFA remains subject to the present requirement that it monitor compliance with the conditions and restrictions imposed on conditioned and restricted registrants.

Sincerely,

Jean A. Webb,  
Secretary of the Commission.

APPENDIX B TO PART 3—STATEMENT OF ACCEPTABLE PRACTICES WITH RESPECT TO ETHICS TRAINING

(a) The provisions of Section 4p(b) of the Act (7 U.S.C. 6p(b) (1994)) set forth requirements regarding training of registrants as to their responsibilities to the public. This section requires the Commission to issue regulations requiring new registrants to attend ethics training sessions within six months of registration, and all registrants to attend such training on a periodic basis. The awareness and maintenance of professional ethical standards are essential elements of a registrant’s fitness. Further, the use of ethics training programs is relevant to a registrant’s maintenance of adequate supervision, a requirement under Rule 166.3.

(b)(1) The Commission recognizes that technology has provided new, faster means of sharing and distributing information. In view of the foregoing, the Commission has chosen to allow registrants to develop their own ethics training programs. Nevertheless, futures industry professionals may want guidance as to the role of ethics training. Registrants may wish to consider what ethics training should be retained, its format, and how it might best be implemented. Therefore, the Commission finds it appropriate to issue this Statement of Acceptable Practices regarding appropriate training for registrants, as interpretative guidance for intermediaries on fitness and supervision. Commission registrants may look to this Statement of Acceptable Practices as a “safe harbor” concerning acceptable procedures in this area.

(2) The Commission believes that section 4p(b) of the Act reflects an intent by Congress that industry professionals be aware, and remain abreast, of their continuing obligations to the public under the Act and the regulations thereunder. The text of the Act provides guidance as to the nature of these responsibilities. As expressed in section 4p(b) of the Act, personnel in the industry have an obligation to the public to observe the Act, the rules of the Commission, the rules of any appropriate self-regulatory organizations or contract markets (which would also include registered derivatives transaction execution facilities), or other applicable federal or state laws or regulations. Further, section 4p(b)(1) acknowledges that registrants have an obligation to the public to observe “just and equitable principles of trade.”

(3) Additionally, section 4p(b) reflects Congress’ intent that registrants and their personnel retain an up-to-date knowledge of these requirements. The Act requires that registrants receive training on a periodic basis. Thus, it is the intent of Congress that Commission registrants remain current with regard to the ethical ramifications of new technology, commercial practices, regulations, or other changes.

(c) The Commission believes that training should be focused to some extent on a person’s registration category, although there will obviously be certain principles and issues common to all registrants and certain general subjects that should be taught. Topics to be addressed include:
(1) An explanation of the applicable laws and regulations, and the rules of self-regulatory organizations or contract markets and registered derivatives transaction execution facilities;

(2) The registrant’s obligation to the public to observe just and equitable principles of trade;

(3) How to act honestly and fairly and with due skill, care and diligence in the best interests of customers and the integrity of the market;

(4) How to establish effective supervisory systems and internal controls;

(5) Obtaining and assessing the financial situation and investment experience of customers;

(6) Disclosure of material information to customers; and

(7) Avoidance, proper disclosure and handling of conflicts of interest.

(d) An acceptable ethics training program would apply to all of a firm’s associated persons and its principals to the extent they are required to register as associated persons. Additionally, personnel of firms that rely on their registration with other regulators, such as the Securities and Exchange Commission, should be provided with ethics training to the extent the Act and the Commission’s regulations apply to their business.

(e) As to the providers of such training, the Commission believes that classes sponsored by independent persons, firms, or industry associations would be acceptable. It would also be permissible to conduct in-house training programs. Further, registrants should ascertain the credentials of any ethics training providers they retain. Thus, persons who provide ethics training should be required to provide proof of satisfactory completion of the proficiency testing requirements applicable to the registrant and evidence of three years of relevant industry or pedagogical experience in the field. This industry experience might include the practice of law in the fields of futures or securities, or employment as a trader or risk manager at a brokerage or end-user firm. Likewise, the Commission believes that registrants should employ as ethics training providers only those persons they reasonably believe in good faith are not subject to any investigations or to bars to registration or to service on a self-regulatory organization governing board or disciplinary panel.

(f)(1) With regard to the frequency and duration of ethics training, it is permissible for a firm to require training on whatever periodic basis and duration the registrant (and relevant self-regulatory organizations) deems appropriate. It may even be appropriate not to require any such specific requirements as, for example, where ethics training could be termed ongoing. For instance, a small entity, sole proprietorship, or even a small section in an otherwise large firm, might satisfy its obligation to remain current with regard to ethics obligations by distribution of periodicals, legal cases, or advisories. Use of the latest information technology, such as Internet websites, can be useful in this regard. In such a context, there would be no structured classes, but the goal should be a continuous awareness of changing industry standards. A corporate culture to maintain high ethical standards should be established on a continuing basis.

(2) On the other hand, larger firms which transact business with a larger segment of the public may wish to implement a training program that requires periodic classwork. In such a situation, the Commission believes it appropriate for registrants to maintain such records as evidence of attendance and of the materials used for training. In the case of a floor broker or floor trader, the applicable contract market or registered derivatives transaction execution facility should maintain such evidence on behalf of its member. This evidence of ethics training could be offered to demonstrate fitness and overall compliance during audits by self-regulatory organizations, and during reviews of contract market or registered derivatives transaction execution facility operations.

(g) The methodology of such training may also be flexible. Recent innovations in information technology have made possible new, fast, and cost-efficient ways for registrants to maintain their awareness of events and changes in the commodity interest markets. In this regard, the Commission recognizes that the needs of a firm will vary according to its size, personnel, and activities. No format of classes will be required. Rather, such training could be in the form of formal class lectures, video presentation, Internet transmission, or by simple distribution of written materials. These options should provide sufficiently flexible means for adherence to Congressional intent in this area.

(h) Finally, it should be noted that self-regulatory organizations and industry associations will have a significant role in this area. Such organizations may have separate ethics and proficiency standards, including ethics training and testing programs, for their own members.

The pool operator or trading advisor must promptly file a notice advising the Commission of such change.

(4)(i) Any exemption from the requirements of \(\S\) 4.21, 4.22, 4.23, 4.24, 4.25 or 4.26 claimed hereunder with respect to a pool shall not affect the obligation of the commodity pool operator to comply with all other applicable provisions of Part 4, the Act and the Commission’s rules and regulations, with respect to the pool and any other pool the pool operator operates or intends to operate.

(ii) Any exemption from the requirements of \(\S\) 4.31, 4.33, 4.34, 4.35 or 4.36 claimed hereunder shall not affect the obligation of the commodity trading advisor to comply with all other applicable provisions of Part 4, the Act and the Commission’s rules and regulations, with respect to any qualified eligible person and any other client to which the commodity trading advisor provides or intends to provide commodity interest trading advice.

(e) Insignificant deviations from a term, condition or requirement of \(\S\) 4.7. (1) A failure to comply with a term or condition of \(\S\) 4.7 will not result in the loss of the exemption with respect to a particular pool or client if the commodity pool operator or the commodity trading advisor relying on the exemption shows that:

(i) The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular qualified eligible person;

(ii) The failure to comply was insignificant with respect to the exempt pool as a whole or to the particular exempt account; and

(iii) A good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of \(\S\) 4.7.

(2) A transaction made in reliance on \(\S\) 4.7 must comply with all applicable terms, conditions and requirements of \(\S\) 4.7. Where an exemption is established only through reliance upon paragraph (e)(1) of this section, the failure to comply shall nonetheless be actionable by the Commission.

(ii) The claim of exemption shall be effective upon filing; Provided, however, That any exemption claimed hereunder shall cease to be effective upon any

Where a Disclosure Document is delivered to a prospective client by electronic means, in lieu of a manually signed and dated acknowledgment the trading advisor may establish receipt by electronic means that use a unique identifier to confirm the identity of the recipient of such Disclosure Document, Provided, however, That the requirement of §4.33(a)(2) to retain the acknowledgment specified in this paragraph (b) applies equally to such substitute evidence of receipt, which must be retained either in hard copy form or in another form approved by the Commission.

§ 4.34 General disclosures required.

Except as otherwise provided herein, a Disclosure Document must include the following information.

(a) Cautionary Statement. The following Cautionary Statement must be prominently displayed on the cover page of the Disclosure Document:

THE COMMODITY FUTURES TRADING COMMISSION HAS NOT PASSED UPON THE MERITS OF PARTICIPATING IN THIS
TRADING PROGRAM NOR HAS THE COMMISSION PASSED ON THE ADEQUACY OR ACCURACY OF THIS DISCLOSURE DOCUMENT.

(b) Risk Disclosure Statement. (1) The following Risk Disclosure Statement must be prominently displayed immediately following any disclosures required to appear on the cover page of the Disclosure Document as provided by the Commission, by any applicable federal or state securities laws and regulations or by any applicable laws of non-United States jurisdictions:

Risk Disclosure Statement

THE RISK OF LOSS IN TRADING COMMODITIES CAN BE SUBSTANTIAL. YOU SHOULD THEREFORE CAREFULLY CONSIDER WHETHER SUCH TRADING IS SUITABLE FOR YOU IN LIGHT OF YOUR FINANCIAL CONDITION. IN CONSIDERING WHETHER TO TRADE OR TO AUTHORIZE SOMEONE ELSE TO TRADE FOR YOU, YOU SHOULD BE AWARE OF THE FOLLOWING:

IF YOU PURCHASE A COMMODITY OPTION YOU MAY SUSTAIN A TOTAL LOSS OF THE PREMIUM AND OF ALL TRANSACTION COSTS.

IF YOU PURCHASE OR SELL A COMMODITY FUTURE OR SELL A COMMODITY OPTION YOU MAY SUSTAIN A TOTAL LOSS OF THE INITIAL MARGIN FUNDS AND ANY ADDITIONAL FUNDS THAT YOU DEPOSIT WITH YOUR BROKER TO ESTABLISH OR MAINTAIN YOUR POSITION. IF THE MARKET MOVES AGAINST YOUR POSITION, YOU MAY BE CALLED UPON BY YOUR BROKER TO DEPOSIT A SUBSTANTIAL AMOUNT OF ADDITIONAL MARGIN FUNDS, ON SHORT NOTICE, IN ORDER TO MAINTAIN YOUR POSITION. IF YOU DO NOT PROVIDE THE REQUESTED FUNDS WITHIN THE PRESCRIBED TIME, YOUR POSITION MAY BE LIQUIDATED AT A LOSS, AND YOU WILL BE LIABLE FOR ANY RESULTING DEFICIT IN YOUR ACCOUNT.

UNDER CERTAIN MARKET CONDITIONS, YOU MAY FIND IT DIFFICULT OR IMPOSSIBLE TO LIQUIDATE A POSITION. THIS CAN OCCUR, FOR EXAMPLE, WHEN THE MARKET MAKES A “LIMIT MOVE.” THE PLACEMENT OF CONTINGENT ORDERS BY YOU OR YOUR TRADING ADVISOR, SUCH AS A “STOP-LOSS” OR “STOP-LIMIT” ORDER, WILL NOT NECESSARILY LIMIT YOUR LOSSES TO THE INTENDED AMOUNTS, SINCE MARKET CONDITIONS MAY MAKE IT IMPOSSIBLE TO EXECUTE SUCH ORDERS.

A “SPREAD” POSITION MAY NOT BE LESS RISKY THAN A SIMPLE “LONG” OR “SHORT” POSITION.

THE HIGH DEGREE OF LEVERAGE THAT IS OFTEN OBTAINABLE IN COMMODITY TRADING CAN WORK AGAINST YOU AS WELL AS FOR YOU. THE USE OF LEVERAGE CAN LEAD TO LARGE LOSSES AS WELL AS GAINS.

IN SOME CASES, MANAGED COMMODITY ACCOUNTS ARE SUBJECT TO SUBSTANTIAL CHARGES FOR MANAGEMENT AND ADVISORY FEES. IT MAY BE NECESSARY FOR THOSE ACCOUNTS THAT ARE SUBJECT TO THESE CHARGES TO MAKE SUBSTANTIAL TRADING PROFITS TO AVOID DEPLETION OR EXHAUSTION OF THEIR ASSETS. THIS DISCLOSURE DOCUMENT CONTAINS, AT PAGE (insert page number), A COMPLETE DESCRIPTION OF EACH FEE TO BE CHARGED TO YOUR ACCOUNT BY THE COMMODITY TRADING ADVISOR.

THIS BRIEF STATEMENT CANNOT DISCLOSE ALL THE RISKS AND OTHER SIGNIFICANT ASPECTS OF THE COMMODITY MARKETS. YOU SHOULD THEREFORE CAREFULLY STUDY THIS DISCLOSURE DOCUMENT AND COMMODITY TRADING BEFORE YOU TRADE, INCLUDING THE DESCRIPTION OF THE PRINCIPAL RISK FACTORS OF THIS INVESTMENT, AT PAGE (insert page number).

(2) If the commodity trading advisor may trade foreign futures or options contracts pursuant to the offered trading program, the Risk Disclosure Statement must further state the following:

YOU SHOULD ALSO BE AWARE THAT THIS COMMODITY TRADING ADVISOR MAY ENGAGE IN TRADING FOREIGN FUTURES OR OPTIONS CONTRACTS. TRANSACTIONS ON MARKETS LOCATED OUTSIDE THE UNITED STATES, INCLUDING MARKETS FORMALLY LINKED TO A UNITED STATES MARKET MAY BE SUBJECTED TO REGULATIONS WHICH OFFER DIFFERENT OR DIMINISHED PROTECTION. FURTHER, UNITED STATES REGULATORY AUTHORITIES MAY BE UNABLE TO COMPEL THE ENFORCEMENT OF THE RULES OF REGULATORY AUTHORITIES OR MARKETS IN NON-UNITED STATES JURISDICTIONS WHERE YOUR TRANSACTIONS MAY BE EFFECTED. BEFORE YOU TRADE YOU SHOULD INQUIRE ABOUT ANY RULES RELEVANT TO YOUR PARTICULAR CONTEMPLATED TRANSACTIONS AND ASK THE FIRM WITH WHICH YOU INTEND TO TRADE FOR DETAILS ABOUT THE TYPES OF REDRESS AVAILABLE IN BOTH YOUR LOCAL AND OTHER RELEVANT JURISDICTIONS.

(3) If the commodity trading advisor is not also a registered futures commission merchant, the trading advisor
must make the additional following statement in the Risk Disclosure Statement, to be included as the last paragraph thereof:

THIS COMMODITY TRADING ADVISOR IS PROHIBITED BY LAW FROM ACCEPTING FUNDS IN THE TRADING ADVISOR’S NAME FROM A CLIENT FOR TRADING COMMODITY INTERESTS. YOU MUST PLACE ALL FUNDS FOR TRADING IN THIS TRADING PROGRAM DIRECTLY WITH A FUTURES COMMISSION MERCHANT.

§ 4.34  the trading advisor must explain how such base amount will be calculated.

(3) Where any fee is based on an increase in the value of the client’s commodity interest account, the trading advisor must specify how that increase is calculated, the period of time during which the increase is calculated, the fee to be charged at the end of that period and the value of the account at which payment of the fee commences.

(j) Conflicts of interest. (1) A full description of any actual or potential conflicts of interest regarding any aspect of the trading program on the part of:

(i) The commodity trading advisor;

Also, since the trades have not actually been executed, the results may have under- or over-compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated trading programs in general are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profits or losses similar to those shown;” or

(k) Record of the proceeding means all testimony, exhibits, papers and records produced at or filed in a disciplinary or summary proceeding or served on a respondent or an exchange.

(l) Respondent means any person named in a notice of charges who has been served with such notice or who is the subject of a summary action.

Subpart B—Disciplinary Procedure

§ 8.05 Enforcement staff.

(a) Each exchange shall establish an adequate enforcement staff which shall be authorized by the exchange to initiate and conduct investigations, to prepare reports incident to such investigations and to prosecute possible rule violations within the disciplinary jurisdiction of the exchange. The enforcement staff shall consist of employees of the exchange and/or persons hired on a contract basis. It may not include either members of the exchange or persons whose interests conflict with enforcement duties. When carrying out any responsibility under this part 8 or any rule adopted pursuant thereto, a member of the enforcement staff may not operate under the direction or control of any person or persons with trading privileges.

(b) Each exchange is responsible for assuring the effective and diligent enforcement of all rules within its disciplinary jurisdiction, regardless of whether its enforcement staff consists of employees or persons hired on a contract basis.

§ 8.06 Investigations.

(a) Each exchange shall establish and maintain a disciplinary procedure which requires the enforcement staff of the exchange to conduct investigations of possible rule violations within the disciplinary jurisdiction of the exchange. Such an investigation shall be commenced:

1. Upon the receipt of a request from the Commission, its Executive Director or his delegee, or

2. Upon the discovery or receipt of information by the exchange which, in the judgment of the enforcement staff,
§ 8.09 Review of investigation report.

The disciplinary committee shall promptly review each investigation report. In the event the disciplinary committee determines that additional investigation or evidence is needed, it shall promptly direct the enforcement staff to conduct its investigation further. Within a reasonable period of time not to exceed 30 days after the receipt of a completed investigation report, the disciplinary committee shall take one of the following actions:

(a) If the disciplinary committee determines that no reasonable basis exists for finding a violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken. Such determination must be in writing and contain a brief statement setting forth the reasons therefor.

(b) If the disciplinary committee determines that a reasonable basis exists for finding a violation which should be adjudicated, it shall direct that the person alleged to have committed the violation be served with a notice of charges and shall proceed in accordance with the rules of this subpart.

(Approved by the Office of Management and Budget under control number 3038–0022)

§ 8.10 Predetermined penalties.

An exchange may adopt rules which set specific maximum penalties for particular violations. If the rules of an exchange establish predetermined penalties, the disciplinary committee shall have discretion in each case whether to employ the predetermined penalty. If the predetermined penalty is employed, it shall be stated in the notice of charges. In such case, after a hearing on a denied charge where a respondent is found to have committed the violation charged, the disciplinary committee shall impose the predetermined penalty or an appropriate lesser penalty.

§ 8.11 Notice of charges.

The notice of charges shall:
(a) State the acts, practices, or conduct in which the person is alleged to have engaged;
(b) State the rule alleged to have been violated (or about to be violated);
(c) State the predetermined penalty, if any;
(d) Prescribe the period within which a hearing on the charges may be requested;
(e) Advise the person charged that:
   (1) He is entitled, upon request, to a hearing on the charges;
   (2) If the rules of the exchange so provide, failure to request a hearing within the period prescribed in the notice, except for good cause, shall be deemed a waiver of the right to a hearing; and
   (3) If the rules of the exchange so provide, failure in an answer to deny expressly a charge shall be deemed to be an admission of such charge.

(Approved by the Office of Management and Budget under control number 3038-0022)

§ 8.12 Right to representation.

Upon being served with a notice of charges the respondent shall have the right to be represented by legal counsel or any other representative of his choosing in all succeeding stages of the disciplinary proceeding.

§ 8.13 Answer to charges.

The respondent shall be given a reasonable period of time to file an answer to the charges. The rules of an exchange may provide that:
(a) The answer must be in writing and include a statement that the respondent admits, denies or does not have and is unable to obtain sufficient information to admit or deny each allegation. A statement of a lack of sufficient information shall have the effect of a denial of an allegation.
(b) Failure to file an answer on a timely basis shall be deemed an admission of all allegations contained in the notice of charges.
(c) Failure in an answer to deny expressly a charge shall be deemed to be an admission of such charge.

§ 8.14 Admission or failure to deny charges.

(a) The rules of an exchange may provide that if the respondent admits or fails to deny any of the charges the disciplinary committee may find that the rule violation alleged in the notice of charges for which the respondent admitted or failed to deny any of the charges has been committed. If the exchange rules so provide, then:
   (1) The disciplinary committee shall impose a penalty no greater than the predetermined penalty, if any, stated in the notice of charges for the corresponding violation found to have been committed.
   (2) If no predetermined penalty was stated, the disciplinary committee shall impose a penalty for each violation found to have been committed.
   (b) The disciplinary committee shall promptly notify the respondent in writing of any penalty to be imposed pursuant to paragraph (a) of this section and shall advise him that he may request a hearing on such penalty within a reasonable period of time, which shall be stated in the notice, but that except for good cause shown no hearing shall be permitted on a penalty imposed pursuant to subparagraph (a)(1) of this section.
   (c) The rules of an exchange may provide that if a respondent fails to request a hearing within the period of
§ 8.15 Denial of charges and right to hearing.

In every instance where the respondent has requested a hearing on a charge which is denied, or on a penalty set by the disciplinary committee under §8.14(a)(2), he shall be given an opportunity for a hearing in accordance with the requirements of §8.17. The exchange rules may provide that, except for good cause, the hearing shall be concerned only with those charges denied and/or penalties set by the disciplinary committee under §8.14(a)(2) for which a hearing has been requested.

§ 8.16 Settlement offers.

(a) The rules of an exchange may permit a respondent to submit a written offer of settlement to the disciplinary committee at any time after the investigation report is completed. The disciplinary committee may accept the offer of settlement, but may not alter its terms unless the respondent agrees.

(b) The rules of an exchange may provide that the disciplinary committee, in its discretion, may permit the respondent to accept a penalty without either admitting or denying the rule violations upon which the penalty is based.

(c) If an offer of settlement is accepted by the disciplinary committee, it shall issue a written decision specifying the rule violations it has reason to believe were committed and any penalty to be imposed. Where applicable, the decision shall also include a statement that the respondent has accepted the penalties imposed without either admitting or denying the rule violations.

(d) The respondent may withdraw his offer of settlement at any time before final acceptance by the disciplinary committee. If an offer is withdrawn after submission, or is rejected by the disciplinary committee, the respondent shall not be deemed to have made any admissions by reason of the offer of settlement and shall not be otherwise prejudiced by having submitted the offer of settlement.

§ 8.17 Hearing.

(a) The following minimum requirements shall apply to any hearing required by this subpart:

1) The hearing shall be fair and shall be conducted before members of the disciplinary committee. The hearing may be conducted before all of the members of the disciplinary committee or a panel thereof, but no member of the disciplinary committee may serve on the committee or panel if he or any person or firm with which he is affiliated has a financial, personal, or other direct interest in the matter under consideration.

2) The respondent shall be entitled in advance of the hearing to examine all books, documents, or other tangible evidence in the possession or under the control of the exchange which are to be relied upon by the enforcement staff in presenting the charges contained in the notice of charges or which are relevant to those charges.

3) The hearing shall be promptly convened after reasonable notice to the respondent.

4) The formal rules of evidence need not apply; nevertheless, the procedures for the hearing may not be so informal as to deny a fair hearing.

5) The enforcement staff shall be a party to the hearing and shall present its case on those charges and penalties which are the subject of the hearing.

6) The respondent shall be entitled to appear personally at the hearing.

7) The respondent shall be entitled to cross-examine any persons appearing as witnesses at the hearing.

8) The respondent shall be entitled to call witnesses and to present such evidence as may be relevant to the charges.

9) The exchange shall require persons within its jurisdiction who are called as witnesses to appear at the hearing and to produce evidence. It shall make reasonable efforts to secure the presence of all other persons called...
§ 8.18 Decision.

Promptly following a hearing conducted in accordance with §8.17, the disciplinary committee shall render a written decision based upon the weight of the evidence contained in the record of the proceeding and shall provide a copy to the respondent. The decision shall include:

(a) The notice of charges or a summary of the charges;

(b) The answer, if any, or a summary of the answer;

(c) A brief summary of the evidence produced at the hearing or, where appropriate, incorporation by reference of the investigation report;

(d) A statement of findings and conclusions with respect to each charge, including the specific rules which the respondent is found to have violated; and

(e) A declaration of any penalty imposed and the effective date of such penalty.

(Approved by the Office of Management and Budget under control number 3038–0022)

§ 8.19 Appeal.

The rules of an exchange may permit a respondent to appeal promptly an adverse decision of a disciplinary committee in all or in certain classes of cases. Such rules may require a respondent’s notice of appeal to be in writing and to specify the findings, conclusions, and/or penalty to which objection is taken. If the rules of an exchange permit appeal, they shall provide for the following:

(a) The exchange shall establish a board of appeals which shall be authorized to hear appeals of respondents. In addition, the rules of an exchange may provide that the appeal or review proceeding may be conducted before all of the members of the board of appeals or a panel thereof. Except for good cause shown, the appeal or review shall be conducted solely on the record before the disciplinary committee, the written exceptions filed by the parties, and the oral or written arguments of the parties.

(b) No member of the board of appeals shall serve on an appeal or review panel if such member participated in any prior stage of the disciplinary proceeding or if he or any person or firm with which he is affiliated has a financial, personal, or other direct interest in the matter. The rules of an exchange may provide that the appeal or review proceeding may be conducted before all of the members of the board of appeals or a panel thereof. Except for good cause shown, the appeal or review shall be conducted solely on the record before the disciplinary committee, the written exceptions filed by the parties, and the oral or written arguments of the parties.

(1) State the action,

(b) The respondent shall have the right to be represented by legal counsel or any other representative of his choosing in all proceedings subsequent to the summary action taken pursuant to §8.25.

(2) The reasons for the summary action,
(3) A brief summary of the evidence produced at the hearing,
(4) Findings and conclusions,
(5) A determination that the summary action should be affirmed, modified or reversed, and
(6) A declaration of any action to be taken pursuant to the determination specified in paragraph (d)(5) of this section and the effective date and duration of such action.

(b) Matters excluded. This part does not apply to and the Commission will not accept notices of appeal, or petitions for stay pending review, of:
(1) Any arbitration proceeding, regardless of whether the proceeding was conducted pursuant to the provisions of section 5a(a)(11) of the Act or involved a controversy between members of an exchange;

Unless the Commission orders otherwise, the filing of a petition for reconsideration will not operate to stay the effective date of such ruling.

(3) The General Counsel or the General Counsel's designee may submit to the Commission for its consideration any matter which has been delegated pursuant to paragraph (b)(1) of this section.

(iv) The document is not being interposed for delay.

(3) Sham documents. If a document is not signed or is signed with an intent to defeat the purpose of this rule, it may be stricken as sham and false. For a willful violation of this rule an attorney may be subjected to appropriate disciplinary action pursuant to §10.11(b). Similar action may be taken if scandalous matter is inserted.

(g) Official docket. The Proceedings Clerk will maintain the official docket for each proceeding. The official docket is available for public inspection in the Commission’s Office of Proceedings.

Subpart B—Institution of Adjudicatory Proceedings; Pleadings; Motions

§ 10.21 Commencement of the proceeding.

An adjudicatory proceeding is commenced when a complaint and notice of hearing is filed with the Office of Proceedings.

§ 10.22 Complaint and notice of hearing.

(a) Content. The complaint and notice of hearing shall include:

(1) The legal authority and jurisdiction under which the hearing is held;
(2) The matters of fact and law to be considered and determined.

(b) Service. The Proceedings Clerk shall give appropriate notice to each respondent by serving them with a copy of the complaint and notice of hearing. Service may be made in person, by confirmed telegraphic notice, or by registered mail or certified mail, addressed to the last known business or residence address of the person to be served or the address of his duly authorized agent for service. If a respondent is not found at his last known business or residence address and no forwarding address is available, additional service may be made, at the discretion of the Commission, as follows:

(1) By publishing a notice of the filing of the proceeding and a summary of the complaint, approved by the Commission or the Administrative Law Judge, once a week for three consecutive weeks in one or more newspapers having a general circulation where the respondent’s last known business or residence address was located and, if ascertainable, where the respondent is believed to reside or be doing business currently; and

(2) By continuously displaying the complaint on the Commission’s Internet web site during the period referred to in paragraph (b)(1) of this section.

§ 10.23 Answer.

(a) When required. Following service of a complaint and notice of hearing as set forth in §10.22 of these rules, unless otherwise specified in the notice of hearing, each respondent shall file an answer with the Proceedings Clerk within 20 days.

(b) Content of answer. The answer shall include:

(1) A statement that the respondent admits, denies, or does not have and is unable to obtain sufficient information to admit or deny each allegation; a statement of a lack of information shall have the effect of a denial; any allegation not expressly denied shall be deemed to be admitted;
(2) A statement of the facts supporting each affirmative defense.

(c) Effect of failure to file answer. A party who fails to file an answer within
§ 10.26 Motions and other papers.

(a) Presentation. An application for a form of relief not otherwise specifically provided for in these rules shall be made by motion, filed with the Proceedings Clerk, which shall be in writing unless made on the record during a hearing. The motion shall state: (1) The relief sought; (2) the basis for relief; and (3) the authority relied upon. If a motion is supported by briefs, affidavits or other papers, they shall be served and filed with the motion. All motions and applications, unless otherwise provided in these rules, shall be directed to the Administrative Law Judge prior to the filing of an initial decision in a proceeding, and to the Commission after the initial decision has been filed.
§ 10.31 Parties and Limited Participation

The parties to an adjudicatory proceeding shall include the Division of Enforcement, each respondent named in the complaint and each person permitted to intervene pursuant to §10.33 of these rules. A respondent shall cease to be a party or purposes of a pending proceeding when (a) a default order is entered against him pursuant to §10.93; or (b) the Commission accepts an offer of settlement pursuant to §10.108 of these rules.

§ 10.32 Substitution of parties.

Upon motion and for good cause shown the Administrative Law Judge may order a substitution of parties.

§ 10.33 Intervention as a party.

(a) Petition for Leave to Intervene. Any person whose interests may be affected substantially by the matters to be considered in a proceeding may petition the Administrative Law Judge for leave to intervene as a party in the proceeding any time after the institution of a proceeding and before such proceeding has been submitted for final consideration. Petitions for leave to intervene shall be in writing and shall set forth with specificity the nature of the petitioner's interest in the proceeding and the manner in which his interests may be affected substantially. The Administrative Law Judge may direct a petitioner requesting intervention to submit himself for examination as to his interest in the proceeding.

(b) Response to petition. A petition for leave to intervene shall be served by the petitioner upon all parties to the proceeding, who may support or oppose the petition in a document filed within ten days after service of the petition upon them or within such other period as the Administrative Law Judge may direct in a particular case.

(c) Leave to intervene—when granted. No person shall be admitted as a party to a proceeding by intervention unless the Administrative Law Judge is satisfied that (1) a substantial interest of the person seeking to intervene may be adversely affected by the matter to be considered in the proceeding; (2) that his intervention will not materially prejudice the rights of any party, through delay or otherwise; (3) that his participation as a party will otherwise be consistent with the public interest; and (4) that leave to be heard pursuant to §10.34 would be inadequate for the protection of his interests. The burden shall be upon the petitioner to satisfy the Administrative Law Judge on these issues.

(d) Rights of intervenor. A person who has been granted leave to intervene shall from that time forward have all the rights and responsibilities of a party to the proceeding.

§ 10.34 Limited participation.

(a) Petitions for leave to be heard. Any person may, in the discretion of the Administrative Law Judge, be given
leave to be heard in any proceeding as to any matter affecting his interests. Petitions for leave to be heard shall be in writing, shall set forth (1) the nature and extent of the applicant’s interest in the proceeding; (2) the issues on which he wishes to participate; and (3) in what manner he wishes to participate. The Administrative Law Judge may direct any person requesting leave to be heard to submit himself to examination as to his interest in the proceeding.

(b) Rights of a participant. Leave to be heard pursuant to §10.34(a) may include such rights of a party as the Administrative Law Judge may deem appropriate, except that oral argument before the Commission may be permitted only by the Commission.

§ 10.35 Permission to state views.
Any person may, in the discretion of the Administrative Law Judge be permitted to file a memorandum or make an oral statement of his views, and the Administrative Law Judge may, in his discretion, accept for the record written communications received from any person.

§ 10.36 Commission review of rulings.
Interlocutory review by the Commission of a ruling as to matters within the scope of §10.33, §10.34 or §10.35 may be sought in accordance with the procedures set forth in §10.101 of these rules without certification by the Administrative Law Judge.

Subpart D—Prehearing Procedures; Prehearing Conferences; Discovery; Depositions

§ 10.41 Prehearing conferences; procedural matters.
In any proceeding the Administrative Law Judge may direct that one or more conferences be held for the purpose of:

(a) Clarifying issues;
(b) Examining the possibility of obtaining stipulations, admissions of fact and of authenticity or contents of documents;
(c) Determining matters of which official notice may be taken;
(d) Discussing amendments to pleadings;
(e) Limiting the number of witnesses;
(f) Considering objections to the introduction of documentary evidence and the testimony of witnesses identified in prehearing materials filed or otherwise furnished by the parties pursuant to §10.42;
(g) Discussing adoption of shortened procedures pursuant to §10.92;

(b) Promoting a fair and expeditious hearing.

At or following the conclusion of a prehearing conference, the Administrative Law Judge shall serve a prehearing memorandum containing agreements reached and any procedural determinations made by him, unless the conference shall have been recorded and transcribed in written form and a copy of the transcript has been made available to each party.

§ 10.42 Discovery.

(a) Prehearing materials—(1) In general. Unless otherwise ordered by an Administrative Law Judge, the parties to a proceeding shall furnish to all other parties to the proceeding on or before a date set by the Administrative Law Judge in the form of a prehearing memorandum or otherwise:

(i) An outline of its case or defense;
(ii) The legal theories upon which it will rely;

(iii) The identity, and the city and state of residence, of each witness, other than an expert witness, who is expected to testify on its behalf, along with a brief summary of the matters to be covered by the witness’s expected testimony;

(iv) A list of documents which it intends to introduce at the hearing, along with copies of any such documents which the other parties do not already have in their possession and to which they do not have reasonably ready access.

(2) Expert witnesses. Unless otherwise ordered by the Administrative Law Judge, in addition to the information described in paragraph (a)(1) of this section, any party who intends to call an expert witness shall also furnish to all other parties to the proceeding on
or before a date set by the Administrative Law Judge:

(i) A statement identifying the witness and setting forth his or her qualifications;

(ii) A list of any publications authored by the witness within the preceding ten years;

(iii) A list of all cases in which the witness has testified as an expert, at trial or in deposition, within the preceding four years;

(iv) A complete statement of all opinions to be expressed by the witness and the basis or reasons for those opinions; and

(v) A list of any documents, data or other written information which were considered by the witness in forming his or her opinions, along with copies of any such documents, data or information which the other parties do not already have in their possession and to which they do not have reasonably ready access.

(3) The foregoing procedures shall not be deemed applicable to rebuttal evidence submitted by any party at the hearing.

(4) In any action where a party fails to comply with the requirements of this paragraph (a), the Administrative Law Judge may make such orders in regard to the failure as are just, taking into account all of the relevant facts and circumstances of the failure to comply.

(b) Investigatory materials—(1) In general. Unless otherwise ordered by the Commission or the Administrative Law Judge, the Division of Enforcement shall make available for inspection and copying by the respondents, prior to the scheduled hearing date, any of the following documents that were obtained by the Division prior to the institution of proceedings in connection with the investigation that led to the complaint and notice of hearing:

(i) All documents that were produced pursuant to subpoenas issued by the Division or otherwise obtained from persons not employed by the Commission, together with each subpoena or written request, or relevant portion thereof, that resulted in the furnishing of such documents to the Division; and

(ii) All transcripts of investigatory testimony and all exhibits to those transcripts.

(2) Documents that may be withheld. The Division of Enforcement may withhold any document that would disclose:

(i) The identity of a confidential source;

(ii) Confidential investigatory techniques or procedures;

(iii) Separately the market positions, business transactions, trade secrets or names of customers of any persons other than the respondents, unless such information is relevant to the resolution of the proceeding;

(iv) Information relating to, or obtained with regard to, another matter of continuing investigatory interest to the Commission or another domestic or foreign governmental entity, unless such information is relevant to the resolution of the proceeding; or

(v) Information obtained from a domestic or foreign governmental entity or from a foreign futures authority that either is not relevant to the resolution of the proceeding or was provided on condition that the information not be disclosed or that it only be disclosed by the Commission or a representative of the Commission as evidence in an enforcement or other proceeding.

(3) Nothing in paragraphs (b)(1) and (b)(2) of this section shall limit the ability of the Division of Enforcement to withhold documents or other information on the grounds of privilege, the work product doctrine or other protection from disclosure under applicable law. When the investigation by the Division of Enforcement that led to the pending proceeding encompasses transactions, conduct or persons other than those involved in the proceeding, the requirements of (b)(1) of this section shall apply only to the particular transaction, conduct and persons involved in the proceeding.

(4) Index of withheld documents. When documents are made available for inspection and copying pursuant to paragraph (b)(1) of this section, the Division of Enforcement shall furnish the respondents with an index of all documents that are withheld pursuant to paragraphs (b)(2) or (b)(3) of this section, except for any documents that
§ 10.42

are being withheld because they disclose information obtained from a domestic or foreign governmental entity or from a foreign futures authority on condition that the information not be disclosed or that it only be disclosed by the Commission or a representative of the Commission as evidence in an enforcement or other proceeding, in which case the Division shall inform the other parties of the fact that such documents are being withheld at the time it furnishes its index under this paragraph, but no further disclosures regarding those documents shall be required. This index shall describe the nature of the withheld documents in a manner that, to the extent practicable without revealing any information that itself is privileged or protected from disclosure by law or these rules, will enable the other parties to assess the applicability of the privilege or protection claimed.

(5) Arrangements for inspection and copying. Upon request by the respondents, all documents subject to inspection and copying pursuant to this paragraph (b) shall be made available to the respondents at the Commission office nearest the location where the respondents or their counsel live or work. Otherwise, the documents shall be made available at the Commission office where they are ordinarily maintained or at any other location agreed upon by the parties in writing. Upon payment of the appropriate fees set forth in appendix B to part 145 of this chapter, any respondent may obtain a photocopy of any document made available for inspection. Without the prior written consent of the Division of Enforcement, no respondent shall have the right to take custody of any documents that are made available for inspection and copying, or to remove them from Commission premises.

(6) Failure to make documents available. In the event that the Division of Enforcement fails to make available documents subject to inspection and copying pursuant to this paragraph (b), no rehearing or reconsideration of a matter already heard or decided shall be required, unless the respondent demonstrates prejudice caused by the failure to make the documents available.

(7) Requests for confidential treatment; protective orders. If a person has requested confidential treatment of information submitted by him or her, either pursuant to rules adopted by the Commission under the Freedom of Information Act (part 145 of this chapter) or under the Commission’s Rules Relating To Investigations (part 11 of this chapter), the Division of Enforcement shall notify him or her, if possible, that the information is to be disclosed to parties to the proceeding and he or she may apply to the Administrative Law Judge for an order protecting the information from disclosure, consideration of which shall be governed by §10.68(c)(2).

(c) Witness statements—(1) In general. Each party to an adjudicatory proceeding shall make available to the other parties any statement of any person whom the party calls, or expects to call, as a witness that relates to the anticipated testimony of the witness and is in the party’s possession. Such statements shall include the following:

(i) Transcripts of investigative, deposition, trial or similar testimony given by the witness,

(ii) Written statements signed by the witness, and

(iii) Substantially verbatim notes of interviews with the witness, and all exhibits to such transcripts, statements and notes. For purposes of this paragraph (c), “substantially verbatim notes” means notes that fairly record the exact words of the witness, subject to minor, inconsequential deviations. Such statements shall include memoranda and other writings authored by the witness that contain information relating to his anticipated testimony. The Division of Enforcement shall produce witness statements pursuant to this paragraph prior to the scheduled hearing date, at a time to be designated by the Administrative Law Judge. Respondents shall produce witness statements pursuant to this paragraph at the close of the Division’s case in chief during the hearing. If necessary, the Administrative Law Judge shall, upon request, grant the Division a continuance of the hearing in order to review and analyze any witness statements produced by the respondents.
§ 10.42  17 CFR Ch. I (4–1–02 Edition)

(2) Nothing in paragraph (c)(1) of this section shall limit the ability of a party to withhold documents or other information on the grounds of privilege, the work product doctrine or other protection from disclosure under applicable law.

(3) Index of withheld documents. When a party makes witness statements available pursuant to paragraph (c)(1) of this section, he or she shall furnish each of the other parties with an index of all documents that the party is withholding on the grounds of privilege or work product. This index shall describe the nature of the withheld documents in a manner that, to the extent practicable without revealing information that itself is privileged or protected from disclosure by law or these rules, will enable the other parties to assess the applicability of the privilege or protection claimed.

(4) Failure to produce witness statements. In the event that a party fails to make available witness statements subject to production pursuant to this section, no rehearing or reconsideration of a matter already heard or decided shall be required, unless another party demonstrates prejudice caused by the failure to make the witness statements available.

(d) Modification of production requirements. The Administrative Law Judge shall modify any of the requirements of paragraphs (a) through (c) of this section that any party can show is unduly burdensome or is otherwise inappropriate under all the circumstances.

(e) Admissions—(1) Request for admissions. Any party may serve upon any other party, with a copy to the Proceedings Clerk, a written request for admission of the truth of any facts relevant to the pending proceeding set forth in the request. Each matter of which an admission is requested shall be separately set forth. Unless prior written approval is obtained from the Administrative Law Judge, the number of requests shall not exceed 50 in number including all discrete parts and subparts.

(2) Response. A matter shall be considered to be admitted unless, within 15 days after service of the request, or within such other time as the Administrative Law Judge may allow, the party upon whom the request is directed serves upon the requesting party a sworn written answer or objection to the matter. If objection is made, the reasons therefor shall be stated. The response shall specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial shall fairly meet the substance of the requested admission and when good faith requires that a party qualify his answer and deny only a part of the matter, he shall specify so much of it as is true and qualify or deny the remainder. An answering party may not give a lack of information or knowledge as a reason for failure to admit or deny unless he states that he has made reasonable inquiry and that the information known or reasonably available to him is insufficient to enable him to admit or deny. A party who considers that a matter of which an admission has been requested presents a genuine issue for trial may not, on that ground alone, object to the request; he may deny the matter or set forth reasons why he cannot admit or deny it.

(3) Determining sufficiency of answers or objections. The party who has requested the admissions may move to determine the sufficiency of the answers or objections. Unless the objecting party sustains his burden of showing that the objection is justified, the Administrative Law Judge shall order that an answer be served. If the Administrative Law Judge determines that an answer does not comply with the requirements of this rule, he may order either that the matter is admitted or that an amended answer be served.

(f) Objections to authenticity or admissibility of documents—(1) Identification of
§ 10.44 Documents.

The Administrative Law Judge, acting on his or her own initiative or upon motion by any party, may direct each party to serve upon the other parties, with a copy to the Proceedings Clerk, a list identifying the documents that it intends to introduce at the hearing and requesting the other parties to file and serve a response disclosing any objection, together with the factual or legal grounds therefor, to the authenticity or admissibility of each document identified on the list. A copy of each document identified on the list shall be served with the request, unless the party being served already has the document in his possession or has reasonably ready access to it.

(2) Objections to authenticity or admissibility. Within 20 days after service or at such other time as may be designated by the Administrative Law Judge, each party upon whom the list described in paragraph (f)(1) of this section was served shall file a response disclosing any objection, together with the factual or legal grounds therefor, to the authenticity or admissibility of each document identified on the list. Except for relevance, waste of time or needless presentation of cumulative evidence, all objections not raised may be deemed waived.

(3) Rulings on objections. In his or her discretion, the Administrative Law Judge may treat as a motion in limine any list served by a party pursuant to paragraph (f)(1) of this section, where any other party has filed a response objecting to the authenticity or the admissibility on any item listed. In that event, after affording the parties an opportunity to file briefs containing arguments on the motion to the degree necessary for a decision, the ALJ may rule on any objection to the authenticity or admissibility of any document identified on the list in advance of trial, to the extent appropriate.

§ 10.44 Depositions and interrogatories.

(a) When permitted. If it appears that:

(1) A prospective witness will be unable to attend or testify at a hearing on the basis of age, illness, infirmity, imprisonment or on the basis that he is or will be outside of the United States at the time of the hearing (unless it appears that the absence of the witness was procured by the party seeking to take the deposition),

(2) His testimony is material,

(3) It is necessary to take his deposition in the interest of Justice, the Administrative Law Judge may by order direct that his deposition be taken either orally or in the form of written interrogatories, and may issue a subpoena to compel the attendance of the witness for deposition.

(b) Application for deposition. Any party desiring to take the deposition of a witness shall make application in writing to the Administrative Law Judge for an order to take deposition. In addition to the showing required in §10.44(a), the application shall include:

(1) The name and post office address of the witness;

(2) The specific matters concerning which the witness is expected to testify and their relevance;

(3) The reasons why the deposition should be taken, supported by affidavits and a physician’s certificate, where appropriate;

(4) The time when, the place where, and the name and address of the person before whom the deposition is to be taken;

(5) A specification of the documents and materials which the deponent is requested to produce;

(6) Application for any subpoenas.

(c) Service and reply. A copy of the application to take deposition shall be served upon every other party to the proceeding and upon the person sought to be deposed. Any party or the deponent may serve and file an opposition.
§ 10.44

17 CFR Ch. I (4–1–02 Edition)

to the application within seven days after the application is filed.

(d) **Time when, place where, and officer before whom deposition is taken**—(1) **Where the deposition is taken.** Unless otherwise ordered or agreed to by stipulation, depositions shall be taken in the city or municipality where the deponent is located.

(2) **Officer before whom taken.** (i) Within the United States or a territory of the United States, depositions shall be taken before an officer authorized to administer oaths by the laws of the United States or of the place where the examination is held.

(ii) Within a foreign country, depositions may be taken before an officer or person designated by the Administrative Law Judge or agreed upon by the parties by a stipulation in writing to be filed with the Proceedings Clerk.

(e) **Procedures for taking oral depositions.** (1) Oral examination and crossexamination of witnesses shall be conducted in a manner similar to that permitted at a formal hearing. All questions and testimony shall be recorded verbatim, except to the extent that all parties present or represented may agree that a matter shall be off the record.

(2) All objections made at the time of the examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, or any other objection to the proceeding shall be noted by the officer upon the deposition, and shall subsequently be determined by the Administrative Law Judge. Evidence objected to shall be taken subject to the objections. However, the parties may stipulate that, except as to objections to the form of questions, all objections to the matters testified to in a deposition are preserved for the hearing, whether or not raised at the time of deposition.

(3) During the taking of a deposition a party or deponent may request and obtain an adjournment to permit an application to be made to the Administrative Law Judge for an order suspending the deposition on grounds of improper questions. An attorney who requests and obtains an adjournment for this purpose but fails, without good cause, promptly to apply for relief to the Administrative Law Judge may be found guilty of contemptuous conduct in accordance with §16.11(b) of these rules.

(f) **Procedures for use of interrogatories.** (1) If depositions are to be taken and submitted on written interrogatories, the interrogatories shall be filed in triplicate with the application for deposition and served on the parties. Within ten days after service, any party may file, in triplicate, with the Proceedings Clerk, his objections, if any, to such interrogatories and may file such cross-interrogatories as he desires to submit. Other parties shall have ten days to file their objections to cross-interrogatories. Objections shall be settled by the Administrative Law Judge.

(2) When a deposition is taken upon written interrogatories and cross-interrogatories, no party shall be present or represented and no person other than the witness, a stenographic reporter, and the officer shall be present. The officer shall propound the interrogatories and responses thereto shall be transcribed and reduced to writing.

(g) **Use of depositions at hearing.** (1) Any part or all of a deposition, to the extent admissible under rules of evidence applied as though the witness were then present and testifying at the hearing, may be used against any party who had reasonable notice of the taking of the deposition, if the Administrative Law Judge finds that:

(i) The witness is dead;

(ii) The witness is unable to attend or testify because of age, illness, infirmity, or imprisonment;

(iii) The witness is out of the United States at the time of the hearing, unless it appears that the absence of the witness was procured by the party offering the deposition.

(2) If only part of a deposition is offered in evidence by a party, an adverse party may require him to introduce any other part which ought in fairness to be considered with the part introduced, and any party may introduce any other parts.

(3) Objection may be made at a hearing to receiving in evidence any deposition or part thereof for any reason which would require the exclusion of the evidence if the witness were then present and testifying.

Subpart E—Hearings

§ 10.61 Time and place of hearing.

(a) Notice. All parties shall be notified of the time and place of hearing, which shall be fixed with due regard for the public interest and the convenience and necessity of the parties and their representatives.

(b) Requests for change. A request for postponement of a hearing or for a change in the place assigned for hearing will be granted by the Administrative Law Judge only for good cause shown.

§ 10.62 Appearances.

(a) Who may appear. The parties may appear in person, by counsel or by other representatives of their choosing, subject to the provisions of §10.11 of these rules and part 14 of this chapter, dealing with appearance and practice before the Commission.

(b) Effect of failure to appear. (1) If any party to the proceeding, after filing an answer fails to appear at the hearing or any part thereof, he shall to that extent be deemed to have waived the right to an oral hearing in the proceeding. In the event that a party appears at the hearing and no party appears for the opposing side, the party who is present may present his evidence, in whole or in part, in the form of affidavits or by oral testimony, before the Administrative Law Judge.

(2) A failure to appear at a hearing shall not constitute a waiver of a party’s right to propose findings of fact based on the record in the proceeding, to propose conclusions of law or to submit briefs, in the manner provided in §10.82. If the non-appearing party submits prior to the scheduled hearing or within three days thereafter, a notice of appearance indicating his intent to continue to participate in the proceeding. Otherwise, his failure to appear will constitute a default, and a default order may be sought in accordance with procedures set forth in §10.93 of these rules.

§ 10.63 Consolidation; separate hearings.

(a) Consolidation. Two or more proceedings involving a common question of law or fact may be joined for hearing of any or all the matters in issue or may be consolidated by order of the Administrative Law Judge. The Administrative Law Judge may make such rulings concerning the conduct of such proceedings as may tend to avoid unnecessary costs or delay.

(b) Separate Hearings. The Administrative Law Judge, for the convenience of the parties, to avoid prejudice, or to expedite final resolution of the issues, may order a separate hearing of any claim or issue, or grant a separate hearing to any respondent.

§ 10.64 Public hearings.

All hearings shall be public, except that upon application of a respondent or affected witness the Administrative Law Judge may direct that specific documents or testimony be received and retained non-publicly in order to prevent unwarranted disclosure of trade secrets or sensitive commercial or financial information or an unwarranted invasion of personal privacy.

§ 10.65 Record of hearing.

(a) Reporting and transcription. Hearings for the purpose of taking evidence shall be recorded and transcribed in written form under the supervision of the Administrative Law Judge by a reporter employed by the Commission for that purpose. The original transcript shall be a part of the record and shall be the sole official transcript. Copies of transcripts, except those portions granted non-public treatment, shall be available from the reporter at rates not to exceed the maximum rates fixed by the contract between the Commission and the reporter.

(b) Corrections. Any party may submit a timely request to the Administrative Law Judge to correct the transcript. Corrections may be submitted to the Administrative Law Judge by stipulation of the parties, or by motion
§ 10.66 Conduct of the hearing.

(a) Expedition. Hearings shall proceed expeditiously and insofar as practicable hearings shall be held at one place and shall continue, without suspension, until concluded.

(b) Rights of parties. Every party shall be entitled to due notice of hearings, the right to be represented by counsel, and the right to cross-examine witnesses, present oral and documentary evidence, submit rebuttal evidence, raise objections, make arguments and move for appropriate relief. Nothing in this paragraph limits the authority of the Commission or the Administrative Law Judge to exercise authority under other provisions of the Commission’s rules, to enforce the requirement that evidence presented be relevant to the proceeding or to limit cross-examination to the subject matter of the direct examination and matters affecting the credibility of the witness.

(c) Examination of witnesses. All witnesses at a hearing for the purpose of taking evidence shall testify under oath or affirmation, which shall be administered by the Administrative Law Judge. A witness may be cross-examined by each adverse party and, in the discretion of the Administrative Law Judge, may be cross-examined, without regard to the scope of direct examination, as to any matter which is relevant to the issues in the proceeding.

(d) Expert witnesses. The Administrative Law Judge, at his discretion, may order that direct testimony of expert witnesses be made by verified written statement rather than presented orally at the hearing. Any expert witness whose testimony is presented in this manner shall be available for oral cross-examination, and may be examined orally upon re-direct following cross-examination.

(e) Exhibits. The original of each exhibit introduced in evidence or marked for identification shall be filed and retained in the docket of the proceeding, unless the Administrative Law Judge permits the substitution of copies for the original documents. A copy of each exhibit introduced by a party or marked for identification at his request shall be supplied by him to the Administrative Law Judge and to each other party to the proceeding.

§ 10.67 Evidence.

(a) Admissibility. Relevant, material and reliable evidence shall be admitted. Irrelevant, immaterial, unreliable and unduly repetitious evidence shall be excluded.

(b) Official notice. (1) Official notice may be taken of

(i) Any material fact which might be judicially noticed by a district court of the United States; or

(ii) Any matter in the public official records of the Commission.

(2) If official notice is requested or taken of a material fact, any party, upon timely request, shall be afforded an opportunity to establish the contrary.

(c) Objections. A party shall timely and briefly state the grounds relied upon for any objection made to the introduction of evidence. If a party has had no opportunity to object to a ruling at the time it is made, he shall not thereafter be prejudiced by the absence of an objection.

(d) Exceptions. Formal exception to an adverse ruling is not required. It shall be sufficient that a party, at the time the ruling is sought or entered, makes known to the Administrative Law Judge the action he wishes the Administrative Law Judge to take or his objection to the action being taken and his grounds therefor.
§ 10.68 Subpoenas.

(a) Application for and issuance of subpoenas—(1) Application for and issuance of subpoena ad testificandum. Any party may apply to the Administrative Law Judge for the issuance of a subpoena requiring a person to appear and testify (subpoena ad testificandum) at the hearing. All requests for the issuance of a subpoena ad testificandum shall be submitted in duplicate and in writing and shall be served upon all other parties to the proceeding, unless the request is made on the record at the hearing or the requesting party can demonstrate why, in the interest of fairness or justice, the requirement of a written submission or service on one or more of the other parties is not appropriate. A subpoena ad testificandum shall be issued upon a showing by the requesting party of the general relevance of the testimony being sought and the tender of an original and two copies of the subpoena being requested, except in those situations described in paragraph (b) of this section, where additional requirements are set forth.

(2) Application for subpoena duces tecum. An application for a subpoena requiring a person to produce specified documentary or tangible evidence (subpoena duces tecum) at any designated time or place may be made by any party to the Administrative Law Judge. All requests for the issuance of a subpoena duces tecum shall be submitted in duplicate and in writing and shall be served upon all other parties to the proceeding, unless the request is made on the record at the hearing or the requesting party can demonstrate why, in the interest of fairness or justice, the requirement of a written submission or service on one or more of the other parties is not appropriate. Except in those situations described in paragraph (b) of this section, where additional requirements are set forth, each application for the issuance of a subpoena duces tecum shall contain a statement or showing of general relevance and reasonable scope of the evidence being sought and be accompanied by an original and two copies of the subpoena being requested, which shall describe the documentary or tangible
evidence to be subpoenaed with as much particularity as is feasible.

(3) Standards for issuance of subpoena duces tecum. The Administrative Law Judge considering any application for a subpoena duces tecum shall issue the subpoena requested if he is satisfied the application complies with this section and the request is not unreasonable, oppressive, excessive in scope or unduly burdensome. No attempt shall be made to determine the admissibility of evidence in passing upon an application for a subpoena duces tecum and no detailed or burdensome showing shall be required as a condition to the issuance of any subpoena.

(4) Denial of application. In the event the Administrative Law Judge determines that a requested subpoena or any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he may refuse to issue the subpoena, or may issue it only upon such conditions as he determines fairness requires.

(b) Special requirements relating to application for and issuance of subpoenas for commission records and for the appearance of commission employees or employees of other agencies—

(i) Form. An application for the issuance of subpoena shall be made in the form of a written motion served upon all other parties, if the subpoena would require

(ii) The production of documents, papers, books, physical exhibits, or other material in the records of the Commission;

(iii) The appearance of a Commissioner or an official or employee of the Commission;

(iv) The appearance of a Commissioner or an official or employee of any other state or federal agency in his official capacity.

(2) Content. The motion shall specifically describe the material to be produced, the information to be disclosed, or the testimony to be elicited from the witness, and shall show

(i) The relevancy of the material, information, or testimony to the matters at issue in the proceeding;

(ii) The reasonableness of the scope of the proposed subpoena; and

(iii) That such material, information, or testimony is not available from other sources.

(3) Rulings. The motion shall be decided by the Administrative Law Judge and shall provide such terms or conditions for the production of the material, the disclosure of the information or the appearance of the witness as may appear necessary and appropriate for the protection of the public interest.

(4) Commission review of rulings. Interlocutory review by the Commission of a ruling made under this section may be sought in accordance with the procedures set forth in §10.101 without certification by the Administrative Law Judge.

(c) Motions to quash subpoenas; protective orders—

(1) Application. Within 10 days after a subpoena has been served or at any time prior to the return date thereof, a motion to quash or modify the subpoena or for a protective order limiting the use or disclosure of any information, documents or testimony covered by the subpoena may be filed with the Administrative Law Judge who issued it. At the same time, a copy of the motion shall be served on the party who requested the subpoena and all other parties to the proceeding. The motion shall include a brief statement setting forth the basis for the requested relief. If the Administrative Law Judge to whom the motion has been directed has not acted upon the motion by the return date, the subpoena shall be stayed pending his or her final action.

(2) Disposition. After due notice to the person upon whose request the subpoena was issued, and after opportunity for response by that person, the Administrative Law Judge may (i) quash or modify the subpoena, or (ii) condition denial of the application to quash or modify the subpoena upon just and reasonable terms, including, in the case of a subpoena duces tecum, a requirement that the person in whose behalf the subpoena was issued shall advance the reasonable cost of producing documentary or other tangible evidence. The Administrative Law Judge may issue a protective order sought under paragraph (c)(1) of this section or under any other section of these rules upon a showing of good cause. In considering whether good cause exists to issue a protective order,
the Administrative Law Judge shall weigh the harm resulting from disclosure against the benefits of disclosure. Good cause shall only be established upon a showing that the person seeking the protective order will suffer a clearly defined and serious injury if the order is not issued, provided, however, that any such injury shall be balanced against the public’s right of access to judicial records. No protective order shall be granted that will prevent the Division of Enforcement or any respondent from adequate presenting its case.

(d) Attendance and mileage fees. Persons summoned to testify either by deposition or at a hearing under requirement of subpoena are entitled to the same fees and mileage as are paid to witnesses in the courts of the United States. Fees and mileage are paid by the party at whose instance the persons are called.

(e) Service of subpoenas—(1) How effected. Service of a subpoena upon a party shall be made in accordance with §10.12(a) of these rules except that only one copy of a subpoena need be served. Service of a subpoena upon any other person shall be made by delivering a copy of the subpoena to him as provided in paragraphs (e)(2) or (e)(3) of this section, as applicable, and by tendering to him or her the fees for one day’s attendance and mileage as specified in paragraph (d) of this section. When the subpoena is issued at the instance of the Commission, fees and mileage need not be tendered at the time of service.

(2) Service upon a natural person. Delivery of a copy of a subpoena and tender of the fees to a natural person may be effected by

(i) Handing them to the person;
(ii) Leaving them at his office with the person in charge thereof or, if there is no one in charge, by leaving them in a conspicuous place therein;
(iii) Leaving them at his dwelling place or usual place of abode with some person of suitable age and discretion then residing therein;
(iv) Mailing them by registered or certified mail to him at his last known address; or

(v) Any other method whereby actual notice is given to him and the fees and mileage are timely made available.

(3) Service upon other persons. When the person to be served is not a natural person, delivery of a copy of the subpoena and tender of the fees and mileage may be effected by

(i) Handing them to a registered agent for service, or to any officer, director, or agent in charge of any office of such person;
(ii) Mailing them by registered or certified mail to any such representative at his last known address; or
(iii) Any other method whereby actual notice is given to any such representative and the fees and mileage are timely made available.

(f) Enforcement of subpoenas. Upon failure of any person to comply with a subpoena issued at the request of a party, that party may petition the Commission in its discretion to institute an action in an appropriate U.S. District Court for enforcement of that subpoena. When instituting an action to enforce a subpoena requested by the Division of Enforcement, the Commission, in its discretion, may delegate to the Director of the Division or any Commission employee designated by the Director and acting under his or her direction, or to any other employee of the Commission, authority to serve as the Commission’s counsel in such subpoena enforcement action.

§ 10.69 Reopening hearings.

Any party may petition the Administrative Law Judge to reopen a hearing to adduce additional evidence at any time prior to issuance of the initial decision. The petition shall show that the evidence sought to be adduced is relevant and material and that there were reasonable grounds for failure to adduce such evidence at the time of the original hearing.

241
§ 10.81 Filing the transcript of evidence.

As soon as practicable after the close of the hearing, the reporter shall transmit to the Proceedings Clerk the transcript of the testimony and the exhibits introduced in evidence at the hearing, except such portions of the transcript and exhibits as shall have been delivered to the Administrative Law Judge.

[41 FR 2511, Jan. 16, 1976, as amended at 60 FR 54802, Oct. 26, 1995]

§ 10.82 Proposed findings and conclusions; briefs.

In any proceeding involving a hearing or an opportunity for hearing, the parties may file written proposed findings of fact and conclusions of law. Briefs may be filed in support of proposed findings and conclusions either as part of the same document or in a separate document. Any proposed finding or conclusion not briefed may be regarded as waived.

(a) Proposed findings and briefs; time for filing. Where the parties file proposed findings and briefs, the following schedule shall apply, unless otherwise determined by the Administrative Law Judge:

(1) Initial submission. Proposed findings, conclusions and an initial brief shall be served and filed by the Division of Enforcement and intervenors on the side of the Division of Enforcement within 45 days of the close of the hearing;

(2) Answering submission. Proposed findings, conclusions, and an answering brief shall be served and filed by the respondents and intervenors on the side of the respondents within 30 days after service of the initial findings, conclusions and briefs upon the respondents;

(3) Reply. A reply brief may be filed by the Division of Enforcement and intervenors on the side of the Division of Enforcement within 15 days after filing of the answering submission;

(4) Submissions by limited participants. Submissions by a person admitted as a limited participant pursuant to §10.34 of these rules, are permitted under such terms as determined by the Administrative Law Judge.

(b) Alternative procedures for submissions. In his discretion the Administrative Law Judge may lengthen or shorten the periods for the filing of submissions, may direct simultaneous filings, may direct that respondents make the first filing, or may otherwise modify the procedures set forth in paragraph (a) of this section for purposes of a particular proceeding.

(c) Briefs. (1) The initial brief should include:

(i) A short, clear and concise statement of the case;

(ii) Specification of the questions to be resolved; and

(iii) The argument, presenting clearly the points of fact and law relied upon in support of the position taken on each question.

(2) The answering brief shall generally follow the same style as prescribed for the initial brief but may omit a statement of the case if the party does not dispute the statement of the case contained in the initial brief;

(3) Reply briefs should be limited to rebuttal of matters in the prior briefs.

(d) Content and form of proposed findings and conclusions. (1) The findings of fact shall be confined to the material issues of fact presented on the record, with exact citations to the transcripts of record and exhibits in support of each proposed finding.

(2) The proposed findings and conclusions of the party filing initially shall be set forth in consecutively numbered paragraphs and all counter-statement of proposed findings and conclusions shall, in addition to any other matter, indicate which paragraphs of initial proposals are not disputed.

§ 10.83 Oral arguments.

In his discretion the Administrative Law Judge may hear oral arguments by the parties any time before he files his initial decision with the Proceedings Clerk. The argument shall be recorded and transcribed in written form.

[41 FR 2511, Jan. 16, 1976, as amended at 60 FR 54802, Oct. 26, 1995]
§ 10.84 Initial decision.

(a) When initial decision is required. The Administrative Law Judge shall make an initial decision in any proceeding in which a hearing is required to be conducted in conformity with the requirements of the Administrative Procedure Act, as codified, 5 U.S.C. 557. He shall make an initial decision in other proceedings in which the Commission directs him to make such a decision.

(b) Filing of initial decision. After the parties have been afforded an opportunity to file their proposed findings of fact, proposed conclusions of law and supporting briefs pursuant to §10.82, the Administrative Law Judge shall prepare upon the basis of the record in the proceeding and shall file with the Proceedings Clerk his or her decision, a copy of which shall be served by the Proceedings Clerk upon each of the parties.

(c) Effect of initial decision. The initial decision shall become the decision of the Commission 30 days after service thereof, except:

(1) The decision shall not become final as to any party who shall have filed a notice of appeal pursuant to §10.102 of these rules; and

(2) The decision shall not become final as to any party to the proceeding if, within 30 days after the initial decision and order, the Commission itself shall have placed the case on its own docket for review or stayed the effective date of the decision.

In the event that the initial decision becomes the final decision of the Commission with respect to a party, that party shall be duly notified thereof by the Proceedings Clerk. The notice shall state that the time for filing a notice of appeal by the party has expired, that the Commission has determined not to review the initial decision on its own initiative and shall specify the date on which a final order in the proceeding shall become effective as against that party.

Subpart G—Disposition Without Full Hearing

§ 10.91 Summary disposition.

(a) Filing of motions, answers. Any party who believes that there is no genuine issue of material fact to be determined and that he is entitled to a decision as a matter of law may move for a summary disposition in his favor of all or any part of the proceeding. Such motion shall be filed at or before the first prehearing conference or at such later time as may be allowed by the Administrative Law Judge. Any adverse party within 20 days after service of the motion, may serve opposing papers or may countermove for summary disposition.

(b) Supporting papers. A motion for summary judgment shall include a statement of material facts as to which the moving party contends there is no genuine issue, supported by the pleadings, and by affidavits, other verified statements, including investigative transcripts, admissions, stipulations, and depositions. The motion may also be supported by briefs containing points and authorities in support of the contention of the party making the motion. When a motion is made and supported as provided in this section, an adverse party may not rest upon the mere allegations, but shall serve and file in response a statement setting forth those material facts as to which he contends a genuine issue exists, supported by affidavits or otherwise. He may also submit a brief of points and authorities.

(c) Form of affidavits. Supporting and opposing affidavits shall be made upon personal knowledge, shall set forth such facts as would be admissible in evidence, and shall show affirmatively that the affiant is competent to testify on the matters stated therein. Sworn or certified copies of all papers or parts thereof referred to in an affidavit shall be attached thereto or served therewith.

(d) Oral argument. Oral argument may be granted at the discretion of the Administrative Law Judge.

(e) Ruling on motion. The Administrative Law Judge shall grant a motion for summary disposition if the undisputed pleaded facts, affidavits, other
verified statements, admissions, stipulations, and depositions, and matters of official notice show that (1) there is no genuine issue as to any material fact, (2) there is no necessity that further facts be developed in the record, and (3) such party is entitled to a decision as a matter of law.

(f) Review of ruling; appeal. An order denying a motion for summary disposition is subject to interlocutory review under the provisions of §10.101 on the same terms as a ruling on any other motion. An order granting a motion for summary disposition is reviewable by the Commission in accordance with the provisions of §10.102 relating to appeals of initial decisions.

§ 10.92 Shortened procedure.

(a) How initiated. With the consent of the parties, in lieu of a full oral hearing, the Administrative Law Judge may order a shortened procedure as to the submission of direct evidence may be ordered in a proceeding. An order for shortened procedure shall list the names and addresses of all persons who are parties to the proceeding and shall direct compliance with the procedures established in this section. The order shall be served by the Proceedings Clerk upon all parties.

(b) Filing of Statements—(1) Opening statement. Within 20 days after receipt of notice that the shortened procedure will be used, the Division of Enforcement shall serve upon all other parties and file with the Proceedings Clerk, in triplicate, an opening statement, in support of the complaint;

(2) Answering statement. Within 20 days after receipt of the opening statement, or within ten days after the expiration of the period within which answering statements may be served, the Division of Enforcement may serve upon all other parties and file with the Proceedings Clerk, in triplicate, in support of his answer, an answering statement.

(3) Statement in reply. Within ten days after receipt of all answering statements, or within ten days after the expiration of the period within which answering statements may be served, the Division of Enforcement may serve upon all other parties and file with the Proceedings Clerk, in triplicate, a statement in reply, which shall be confined strictly to replying to the facts and arguments set forth in the answering statements.

(c) Joint statements. Parties having a common interest may serve and file joint statements.

(d) Failure to file statement. Any party who, without the express permission of the Administrative Law Judge, should fail to file a statement within the time prescribed by this section after service upon him of an order for shortened procedures shall be in default and shall be deemed to have waived any further hearing.

(e) Content of statements. As used in this section, the term “statement” includes

(1) Statements of fact signed and sworn to by persons having knowledge of those facts;

(2) Documents filed as part of the proof of the alleged facts (which shall be duly authenticated under oath or otherwise in a manner that would render them admissible in evidence at an oral hearing under the rules in this part); and

(3) Briefs containing argument to sustain the contentions of the party submitting the statement.

(f) Verification. The facts asserted in any statement filed under shortened procedure must be sworn to by persons having knowledge thereof and, except under unusual circumstances, the persons should be those who would appear as witnesses to substantiate the facts asserted should a full oral hearing become necessary.

(g) Hearings—(1) Request for cross-examination or other hearings. If cross-examination is desired of any witness whose affidavit or other verified statement has been submitted, the name of the witness and the subject matter of the desired cross-examination shall be stated at the end of the answering statement or statement in reply as the case may be. Oral hearings under other circumstances may also be requested but will be granted only under exceptional circumstances. Any request filed under this subparagraph shall include a justification of the need for oral hearing.

(2) Hearings issues limited. The order setting the proceeding for oral hearing, if hearing is found necessary, will specify the matters upon which the
§ 10.101 Interlocutory appeals.

Interlocutory review by the Commission of a ruling on a motion by an Administrative Law Judge may be sought in accordance with the following procedures:

(a) Scope of review. The Commission will not review a ruling of the Administrative Law Judge prior to the Commission’s consideration of the entire proceeding in the absence of extraordinary circumstances. An interlocutory appeal may be permitted, in the discretion of the Commission, under the following circumstances:

(1) Appeal from an adverse ruling pursuant to §10.8(b) on a motion to disqualify an Administrative Law Judge;

(2) Appeal from a ruling pursuant to §10.11(b) suspending an attorney from participation in a particular proceeding.

(3) Appeal from a ruling pursuant to §§10.33 and 10.34 denying intervention or limited participation;

(4) Appeal from a ruling pursuant to §10.68(b) requiring the appearance of an officer or employee of the Commission or another government agency or the production of Commission records;

(5) Upon a determination by the Administrative Law Judge, certified to the Commission either in writing or on the record, that

(i) A ruling sought to be appealed involves a controlling question of law or policy;

(ii) An immediate appeal may materially advance the ultimate resolution of the issues in the proceeding; and

(iii) Subsequent reversal of the ruling would cause unnecessary delay or expense to the parties.

(b) Procedure to obtain interlocutory review—(1) In general. An application for interlocutory review may be filed within five days after notice of the Administrative Law Judge’s ruling on a matter described in paragraphs (a)(1), (a)(2), (a)(3) or (a)(4) of this section, except if a request for certification under paragraph (a)(5) of this section has been filed with the Administrative Law Judge within five days after notice of the Administrative Law Judge’s ruling on the matter. If a request for certification has been filed, an Application for interlocutory review under paragraphs (a)(1) through (a)(5) of this section may be filed within five days after notification of the Administrative Law Judge’s ruling on such request.

(2) An application for review shall:

(i) Designate the ruling or part thereof from which appeal is being taken;
§ 10.102 Review of initial decisions.

(a) Notice of appeal—(1) In general. Any party to a proceeding may appeal to the Commission an initial decision or a dismissal or other final disposition of the proceeding by the Administrative Law Judge as to any party. The appeal shall be initiated by serving and filing with the Proceedings Clerk a notice of appeal within 15 days after service of the initial decision or other order terminating the proceeding; where service of the initial decision or other order terminating the proceeding is effected by mail or commercial carrier, the time within which the party served may file a notice of appeal shall be increased by 3 days.

(2) Cross appeals. If a timely notice of appeal is filed by one party, any other party may file a notice of appeal within 15 days after service of the first notice or within 15 days after service of the initial decision or other order terminating the proceeding, whichever is later.

(3) Confirmation of filing. The Proceedings Clerk shall confirm the filing of a notice of appeal by mailing a copy thereof to each other party.

(b) Briefs: Time for filing. The appeal shall be perfected through the filing of an appeal brief.

(1) Appeal brief. The appeal brief shall be filed within 30 days after filing of the notice of appeal.

(2) Answering brief. Within 30 days after service of the appeal brief upon any other party that party may file an answering brief.

(3) Reply brief. Within 14 days after service of an answering brief, the party that filed the first brief may file a reply brief.

(4) No further briefs shall be permitted, unless so ordered by the Commission on its own motion.

(5) Cross appeals. In the event that any party files a notice of cross appeal pursuant to paragraph (a)(2) of this section, the Commission shall, to the extent practicable, adjust the briefing schedule and any page limitations otherwise applicable under this section so as to accommodate consolidated briefing by the parties.

If the appeal brief is not filed within the time specified the opposing party may move for dismissal of the appeal.

(c) Briefs: Number of copies. An original and 10 copies of all briefs submitted under this section shall be filed with the Proceedings Clerk.

(d) Briefs: Content and form. (1) The appeal brief should include, in the order indicated:

(i) A statement of the issues presented for review.

(ii) A statement of the case. The statement shall first indicate briefly the nature of the case. There shall follow a statement of the facts relevant to the issues presented for review, with appropriate references to the record.

(iii) An argument. The argument may be preceded by a summary. The argument shall contain the contents of the party to the appeal with respect to the issues presented, and the reasons therefor, and citations to supporting authorities, statutes and parts of the record.

(iv) A conclusion stating the precise relief sought.

(2) The answering brief generally shall follow the same style as prescribed for the appeal brief but may omit a statement of the issues or of the case if the party does not dispute the
Commodity Futures Trading Commission § 10.103

issues and statement of the case contained in the appeal brief. Any reply brief shall be confined to matters raised in the answering brief and shall be limited to 15 pages in length.

(3) Any matter not briefed shall be deemed waived, and may not be argued before the Commission.

(e) Appendix to briefs—(1) Designation of contents of appendix. At the time an appellant serves and files its appeal brief, it shall also serve and file a designation of those specific parts of the record to which it wishes to direct the particular attention of the Commission and that it wishes to have included in the appendix, including, but not necessarily limited to, particular pages of the transcript and portions of exhibits filed in the proceeding. The designation shall be set forth in a document wholly separate and apart from the brief, shall enumerate those specific parts of the record that the appellant wishes to have included in the appendix or in any other document. If an appellee deems it necessary to direct the particular attention of the Commission to specific parts of the record not designated by any appellant, it shall serve and file with its answering brief a designation of additional portions of the record for inclusion in the appendix. Any reply brief filed by the appellee may, if necessary, supplement the appellant’s previous designation. In designating parts of the record for inclusion in the appendix, the principal parts of the record relied upon should be designated, but the parties shall have regard to the fact that the entire record is always available to the Commission for reference and examinations and shall not engage in unnecessary designation. The fact that a part of the record is not included in an appendix shall not prevent any party or the Commission from relying thereon.

(2) Preparation of the appendix. Within 15 days after the last answering brief or reply brief of a party was due to be filed, the Office of Proceedings shall prepare an appendix to the briefs which will contain a list of the relevant docket entries filed in the proceedings before the Administrative Law Judge, the initial decision and order of the Administrative Law Judge, the pleadings filed on behalf of the parties who are participating in the appeal and such other parts of the record designated by the parties to the appeal in accordance with the procedures set forth in paragraph (e)(1) of this section. The Proceedings Clerk shall cause one copy of the appendix to be served on each of the parties to the appeal and shall cause ten copies of the appendix to be placed in the docket of the proceeding for the use of the Commission.

(3) Objections to appendix. Any party who believes that an error or omission has been made in the preparation of the appendix or that the appendix is misleading, prejudicial or otherwise inadequate may on that basis file a motion with the Commission to amend or supplement the appendix within 30 days of the date of the mailing of the appendix. The Commission has determined that once an appeal goes to the Commission, it is in a better position than the Chief Administrative Law Judge to review motions objecting to the appendix or seeking to supplement the appendix. Consequently, upon the adoption of this amendment, the Commission and not the Chief Administrative Law Judge will consider any objection to the appendix pursuant to paragraph (e)(3) of this section. As provided by the amendment, a motion raising objections to the appendix must be filed within 30 days after the date of the mailing of the appendix.

(f) Effect of failure to file an appeal. Timely appeal to the Commission for review of an initial decision is mandatory as a prerequisite to seeking judicial review of a final decision entered pursuant to these Rules of Practice.

(7 U.S.C. Secs. 4a, 12a; 5 U.S.C. Sec. 10)

§ 10.103 Oral argument before the Commission.

(a) Request. Any party may file with the Proceedings Clerk a request in writing for the opportunity to present oral argument before the Commission,
§ 10.104 Scope of review; Commission decision.

(a) Scope of review. The Commission will ordinarily consider the whole record on review, and base its determination thereon. However, it may limit the issues to those presented in the statement of issues in the brief.

(b) Decision on review. On review, the Commission may affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, the initial decision by the Administrative Law Judge and make any findings or conclusions which in its judgment are proper based on the record in the proceeding. The Commission’s decision shall be contained in its opinion and order. In the event the Commission is equally divided as to its decision the initial decision will be affirmed, without opinion.

(c) Contents of record. The record of the proceeding before the Commission for final decision shall include:

(1) The complaint, notice of hearing, answers and any amendments thereto;

(2) Any application, motion or objection made during the course of the proceeding, briefs in support thereof, rulings thereon and exceptions thereto;

(3) Any admission or stipulations between the parties, and documents or papers filed in connection with prehearing conferences; and the record of prehearing conferences, if recorded;

(4) The transcript of testimony taken at the hearing, together with exhibits received at the hearing;

(5) Any statements filed under the shortened procedure;

(6) Portions of the official public records of the Commission specified in any of the above;

(7) Any proposed findings of fact, conclusions of law and briefs in support thereof, which were filed in connection with the hearing;

(8) Any written communication accepted by the Administrative Law Judge pursuant to §§10.34 and 10.35 relating to limited participation;

(9) The initial decision and the petition for review;

(10) Any other documents which appear on the docket of the proceeding.

§ 10.105 Review by Commission on its own initiative.

The Commission may on its own initiative, within 30 days after the initial decision has been served on all parties, direct review of any initial decision of an Administrative Law Judge. The Commission shall determine the scope of the review and the issues which will be considered and make provisions for the filing of briefs and oral argument, if deemed appropriate by the Commission. Notice that the Commission has directed review on its own initiative shall be served on all parties by the Proceedings Clerk.

[41 FR 2511, Jan. 16, 1976, as amended at 60 FR 54802, Oct. 26, 1995]

§ 10.106 Reconsideration; stay pending judicial review.

(a) Reconsideration. Within 15 days after service of a Commission opinion and order any party may file with the
Commission a petition for reconsideration of the opinion and order, setting forth the relief desired and the grounds in support thereof. Any petition filed under this section must be confined to new questions raised by the opinion or order and concerning which the petitioner had no opportunity to argue before the Commission. The filing of a petition for reconsideration shall not operate to stay the effective date of the Commission’s order.

(b) Stay pending judicial appeal—(1) Application for stay. Within 15 days after service of a Commission opinion and order imposing upon any party any of the sanctions listed in §§10.1(a) through 10.1(e), that party may file an application with the Commission requesting that the effective date of the order be stayed pending judicial review. The application shall state the reasons why a stay is warranted and the facts relied upon in support of the stay. Any averments contained in the application must be supported by affidavits or other sworn statements or verified statements made under penalty of perjury in accordance with the provisions of 28 U.S.C. 1746.

(2) Standards for issuance of stay. The Commission may grant an application for a stay pending judicial appeal upon a showing that:

(i) The applicant is likely to succeed on the merits of his appeal;
(ii) Denial of the stay would cause irreparable harm to the applicant; and
(iii) Neither the public interest nor the interest of any other party will be adversely affected if the stay is granted.

(3) Civil monetary penalties and restitution. Notwithstanding the requirements set forth in paragraph (b)(2) of this section, the Commission shall grant any application to stay the imposition of a civil monetary penalty or an order to pay a specific sum as restitution if the applicant has filed with the Proceedings Clerk a surety bond guaranteeing full payment of the penalty or restitution plus interest in the event that the Commission’s opinion and order is sustained or the applicant’s appeal is not perfected or is dismissed for any reason and the Commission has determined that neither the public interest nor the interest of any other party will be affected by granting the application. The required surety bond shall be in the form of an undertaking by a surety company on the approved list of sureties issued by the Treasury Department of the United States, and the amount of interest shall be calculated in accordance with 28 U.S.C. 1961(a) and (b), beginning on the date 30 days after the Commission’s opinion and order was served on the applicant. In the event the Commission denies the applicant’s motion for a stay, the Proceedings Clerk shall return the surety bond to the applicant.

(c) Response. Unless otherwise requested by the Commission, no response to a petition for reconsideration pursuant to paragraph (a) of this section or an application for a stay pursuant to paragraph (b) of this section shall be filed. The Commission shall set the time for filing any response at the time it asks for a response. The Commission shall not grant any such petition or application without providing other parties to the proceeding with an opportunity to respond.

§10.107 Leave to adduce additional evidence.

Any time prior to issuance of the final decision the Commission may, upon its own motion or upon application in writing by any party, after notice to the parties and an opportunity for them to be heard, reopen the hearing for the reception of further evidence. The application shall show to the satisfaction of the Commission that the additional evidence is material, and that there were reasonable grounds for failure to adduce such evidence at the hearing. The Commission may hear the additional evidence or may refer the proceeding to the Administrative Law Judge for the taking of the additional evidence.

§10.108 Settlements.

(a) When offers may be made. Parties may at any time during the course of the proceeding propose offers of settlement. All offers of settlement shall be in writing.
§ 10.109 Delegation of authority to Chief of the Opinions Section.

The Commodity Futures Trading Commission hereby delegates, until such time as it orders otherwise, the following function to the General Counsel, to be performed by him or by such person or persons under his direction as he may designate from time to time:

(a) With respect to proceedings conducted pursuant to the Commodity Exchange Act, as amended, 7 U.S.C. 1 et seq., and subject to the Commission’s Rules of Practice as set forth in part 10 of this chapter, to:

(1) Consider and decide miscellaneous motions for procedural orders that may be directed to the Commission pursuant to part 10 of these rules after the initial decision or other order disposing of the entire proceeding has been filed; such motions may be acted upon at anytime, without awaiting a response;

(2) Remand, with or without specific instructions, initial decisions or other orders disposing of the entire proceeding to the appropriate officer in the following situations:

(i) Where a default order has been made pursuant to §10.93 of these rules and a motion to vacate the default or equivalent request has been directed to the Commission under §10.94 without the benefit of a prior ruling by the Administrative Law Judge;

(ii) Where, in his judgment, clarification or supplementation of the initial decision or other order disposing of the entire proceeding prior to Commission review is appropriate; however, the General Counsel or his designee may not direct that the record be reopened;
§ 10.110 Basis for issuance of restitution orders.

(a) Appropriateness of restitution as a remedy. In any proceeding in which an order requiring restitution may be entered, the Administrative Law Judge shall, as part of his or her initial decision, determine whether restitution is appropriate. In deciding whether restitution is appropriate, the Administrative Law Judge, in his or her discretion, may consider the degree of complexity likely to be involved in establishing claims, the likelihood that claimants can obtain compensation through their own efforts, the ability of the respondent to pay claimants damages that his or her violations have caused, the availability of resources to administer restitution and any other matters that justice may require.

(b) Restitution order. If the Administrative Law Judge determines that restitution is an appropriate remedy in a proceeding, he or she shall issue an order specifying the following:

(1) All violations that form the basis for restitution;

(2) The particular persons, or class or classes of persons, who suffered damages proximately caused by each such violation;

(3) The method of calculating the amount of damages to be paid as restitution; and

(4) If then determinable, the amount of restitution the respondent shall be required to pay.

§ 10.111 Recommendation of procedure for implementing restitution.

Except as provided by §10.114, after such time as any order requiring restitution becomes effective (i.e., becomes final and is not stayed), the Division of Enforcement shall petition the Commission for an order directing the Division to recommend to the Commission or, in the Commission’s discretion, the Administrative Law Judge a procedure for implementing restitution. Each party that has been ordered to pay restitution shall be afforded an opportunity to review the Division of

§ 10.111 Recommendation of procedure for implementing restitution.
§ 10.112 Administration of restitution.

Based on the recommendations submitted pursuant to §10.111, the Commission or the Administrative Law Judge, as applicable, shall establish in writing a procedure for identifying and notifying individual persons who may be entitled to restitution, receiving and evaluating claims, obtaining funds to be paid as restitution from the party and distributing such funds to qualified claimants. As necessary or appropriate, the Commission or the Administrative Law Judge may appoint any person, including an employee of the Commission, to administer, or assist in administering, such restitution procedure. Unless otherwise ordered by the Commission, all costs incurred in administering an order of restitution shall be paid from the restitution funds obtained from the party who was so sanctioned; provided, however, that if the administrator is a Commission employee, no fee shall be charged for his or her services or for services performed by any other Commission employee working under his or her direction.

§ 10.113 Right to challenge distribution of funds to customers.

Any order of an Administrative Law Judge directing or authorizing the distribution of funds paid as restitution to individual customers shall be considered a final order for appeal purposes to be subject to Commission review pursuant to §10.102.

§ 10.114 Acceleration of establishment of restitution procedure.

The procedures provided for by §§10.111 through 10.113 may be initiated prior to the issuance of the initial decision of the Administrative Law Judge and may be combined with the hearing in the proceeding, either upon motion by the Division of Enforcement or if the Administrative Law Judge, acting on his own initiative or upon motion by a respondent, concludes that the presentation, consideration and resolution of the issues relating to the restitution procedure will not materially delay the conclusion of the hearing or the issuance of the initial decision.

APPENDIX A TO PART 10—COMMISSION POLICY RELATING TO THE ACCEPTANCE OF SETTLEMENTS IN ADMINISTRATIVE AND CIVIL PROCEEDINGS

It is the policy of the Commission not to accept any offer of settlement submitted by any respondent or defendant in an administrative or civil proceeding, if the settling respondent or defendant wishes to continue to deny the allegations of the complaint or the findings of fact or conclusions of law to be made in the settlement order entered by the Commission or a court. In accepting a settlement and entering an order finding violations of the Act and/or regulations promulgated under the Act, the Commission makes uncontested findings of fact and conclusions of law. Similarly, in settling a civil proceeding with a defendant the Commission invites the federal court to make conclusions of law and, in some instances, findings of fact. The Commission does not believe it would be appropriate for it to be making or inviting a court to make such uncontested findings of violations if the party against whom the findings and conclusions are to be entered is continuing to deny the alleged misconduct.

The refusal of a settling respondent or defendant to admit the allegations in a Commission-instituted complaint or the findings of fact or conclusions of law in the settlement order entered by the Commission or a court shall be treated as a denial, unless the party states that he or she neither admits nor denies the allegations or the findings and conclusions. In that event, the proposed offer of settlement, consent or consent order must include a provision stating that, by neither admitting nor denying the allegations, findings or conclusions, the settling respondent or defendant agrees that neither he or she nor any of his or her agents or employees under his authority or control shall take any action or make any public statement denying, directly or indirectly, any allegation in the complaint or findings or conclusions in the order, or creating, or tending to create, the impression that the complaint or the order is without a factual basis; provided, however, that nothing in this provision shall affect the settling respondent’s or defendant’s—

i. Testimonial obligation, or

ii. Right to take legal positions in other proceedings to which the Commission is not a party.

For this purpose, the Director may obtain evidence through voluntary statements and submissions, through exercise of inspection powers over boards of trade, reporting traders, and persons required by law to register with the Commission, or when authorized by order of the Commission, through the issuance of subpoenas. The Director shall report to the Commission the results of his investigations and recommend to the Commission such enforcement action as he deems appropriate. § 11.3 Confidentiality of investigations.

All information and documents obtained during the course of an investigation, whether or not obtained pursuant to subpoena, and all investigative proceedings shall be treated as non-public by the Commission and its staff except to the extent that (a) the Commission directs or authorizes the public disclosure of the investigation; (b) the information or documents are made a matter of public record during the course of an adjudicatory proceeding; or (c) disclosure is required by the Freedom of Information Act, 5 U.S.C. 552, and the rules adopted by the Commission thereunder, 17 CFR part 145. Procedures by which persons submitting information to the Commission during the course of an investigation may specifically seek confidential treatment of information for purposes of Freedom of Information Act disclosure are set forth in 17 CFR 145.9. A request for confidential treatment of information for purposes of the Freedom of Information Act shall not, however, prevent disclosure for law enforcement purposes or when disclosure is otherwise found appropriate in the public interest and permitted by law.

§ 11.4 Subpoenas.

(a) Issuance of subpoenas. The Commission or any member of the Commission or of its staff who, by order of the Commission, has been authorized to issue subpoenas in the course of a particular investigation may issue a subpoena directing the person named therein to appear before a designated person at a specified time and place to testify or to produce documentary evidence, or both, relating to any matter under investigation.

(b) Authorization to issue subpoenas. An order of the Commission authorizing one or more members of the Commission or of its staff to issue subpoenas in the course of a particular investigation shall include:

1. A general description of the scope of the investigation;
2. The authority under which the investigation is being conducted; and
3. A designation of the members of the Commission or of its staff authorized by the Commission to issue subpoenas.

(c) Service. Service of subpoenas issued for investigative purposes shall be effected in the following manner:

1. Service upon a natural person. Delivery of a copy of a subpoena to a natural person may be effected by
   (i) Handing it to the person;
   (ii) Leaving it at his office with the person in charge thereof or, if there is no one in charge, by leaving it in a conspicuous place therein;
   (iii) Leaving it at his dwelling place or usual place of abode with some person of suitable age and discretion then residing therein;
   (iv) Mailing it by registered or certified mail to him at his last known address; or
   (v) Any other method whereby actual notice is given to him.

2. Service upon other persons. When the person to be served is not a natural person, delivery of a copy of the subpoena may be effected by
   (i) Handing it to a registered agent for service, or to any officer, director, or agent in charge of any office of such person; (ii) mailing it by registered or certified mail to any such representative at his last known address; or (iii) any other method whereby actual notice is given to any such representative.

(d) Witness fees and mileage. Witnesses appearing pursuant to subpoena shall be paid the same fees and mileage that are paid to witnesses in the courts of the United States.

§ 11.5 Transcripts.

Transcripts of testimony taken in the course of an investigative proceeding shall be recorded solely by an official reporter or other person or by other means authorized by the Commission or by a member of the Commission or its staff conducting the investigation for the Commission.
§ 11.6 Oath; false statements.

(a) Oath. At the discretion of the member of the Commission or staff member conducting the investigation, testimony of a witness may be taken under oath.

(b) Penalties for false statements and other false information. Any person making false statements under oath, during the course of a Commission investigation is subject to the criminal penalties for perjury in 18 U.S.C. 1621. Any person who knowingly and willfully makes false or fraudulent statement, whether under oath or otherwise, or who falsifies, conceals or covers up a material fact, or submits any false writing or document, knowing it to contain false, fictitious or fraudulent information, is subject to the criminal penalties set forth in 18 U.S.C. 1001.

§ 11.7 Rights of witnesses.

(a) Orders authorizing issuance of subpoenas. Any person upon whom a subpoena has been served compelling him to furnish documentary evidence or testimony in an investigation shall, upon his request, be permitted to examine a copy of the Commission’s order pursuant to which the subpoena has been issued. However, a copy of the order shall not be furnished for his retention except with the express approval of either the Director, a Deputy Director, the Program Coordinator, the Chief Counsel, an Associate Director, or a Regional Counsel of the Division of Enforcement, or a Regional Director of the Commission; approval shall not be given unless it has been shown by the person seeking to retain a copy that his retention of a copy would be consistent both with the protection of privacy of persons involved in the investigation and with the unimpeded conduct of the investigation.

(b) Copies of testimony or data. A person compelled to submit data or evidence in the course of an investigatory proceeding shall be entitled to retain or, upon payment of appropriate fees as set forth in the Schedule of Fees for records services, 17 CFR part 145b, procure a copy or transcript thereof, except that the witness may for good cause be limited to inspection of the official transcript of his testimony.

(c) Right to counsel. A person compelled to appear, or who appears in person by request or permission of the Commission or its staff during an investigation, may be accompanied, represented, and advised by counsel. Subject to the provisions of §11.8(b) of this part, he may be represented by any attorney-at-law who is admitted to practice before the highest court in any State or territory or the District of Columbia, who has not been suspended or disbarred from appearance and practice before the Commission in accordance with the provisions of part 14 of this title, and who has not been excluded from further participation in the particular investigatory proceeding for good cause established in accordance with paragraph (c)(2) of this section.

(1) The right to be accompanied, represented and advised by counsel shall mean the right of a person testifying to have an attorney present with him during any aspect of an investigative proceeding and to have this attorney advise his client before, during and after the conclusion of such examination. At the conclusion of the examination, counsel may request the person presiding to permit the witness to clarify any of his answers which may need clarification in order that his answers not be left equivocal or incomplete on the record. For his use in protecting the interests of his client with respect to that examination counsel may make summary notes during the examination.

(2) With due regard for the rights of a witness, the Commission may for good cause exclude a particular attorney from further participation in any investigation in which the Commission has found the attorney to have engaged in dilatory, obstructionist or contumacious conduct. The person conducting an investigation may report to the Commission instances of apparently dilatory, obstructionist or contumacious conduct on the part of an attorney. After due notice to the attorney, the Commission may take such action as the circumstances warrant based upon a written transcript evidencing the conduct of the attorney in that investigation or such other or additional written or oral presentation as the Commission may permit or direct.
§ 11.8 17 CFR Ch. I (4–1–02 Edition)

(d) Self-Incrimination; immunity—(1) Self-Incrimination. Except as provided in paragraph (d)(2) of this section, a witness testifying or otherwise giving information in an investigation may refuse to answer questions on the basis of the right against self-incrimination granted by the Fifth Amendment of the Constitution of the United States.

(2) Immunity. If the Commission believes that the testimony or other information sought to be obtained from any individual may be necessary to the public interest and that individual has refused or is likely to refuse to testify or provide other information on the basis of his privilege against self-incrimination, the Commission, with the approval of the Attorney General, may issue an order requiring the individual to give testimony or provide other information which he previously refused to give on the basis of self-incrimination. Whenever a witness refuses, on the basis of his privilege against self-incrimination, to testify or provide other information in an investigation under this part, and the person presiding over the investigation communicates to the witness an order issued by the Commission requiring the witness to give testimony or provide other information, the witness may not refuse to comply with the order on the basis of his privilege against self-incrimination; but no testimony or other information compelled under the order (or any information directly or indirectly derived from such testimony or other information) may be used against the witness testifying or otherwise giving the information which he previously refused to give in the investigation. Whenever a witness refuses, on the basis of his privilege against self-incrimination, to testify or provide other information in an investigation under this part, and the person presiding over the investigation communicates to the witness an order issued by the Commission requiring the witness to give testimony or provide other information, the witness may not refuse to comply with the order on the basis of his privilege against self-incrimination; but no testimony or other information compelled under the order (or any information directly or indirectly derived from such testimony or other information) may be used against the witness testifying or otherwise giving the information which he previously refused to give in the investigation. Whenever a witness refuses, on the basis of his privilege against self-incrimination, to testify or provide other information in an investigation under this part, and the person presiding over the investigation communicates to the witness an order issued by the Commission requiring the witness to give testimony or provide other information, the witness may not refuse to comply with the order on the basis of his privilege against self-incrimination; but no testimony or other information compelled under the order (or any information directly or indirectly derived from such testimony or other information) may be used against the witness testifying or otherwise giving the information which he previously refused to give in the investigation.

(b) Sequestration of counsel. When a reasonable basis exists to believe that an investigation may be obstructed or impeded, directly or indirectly, by an attorney’s representation of more than one witness during the course of an investigation, the member of the Commission or of the Commission’s staff conducting the investigation may prohibit that attorney from being present during the testimony of any witness other than the witness in whose behalf counsel first appeared in the investigation proceeding. To the extent practicable, consistent with the integrity of the investigation, the attorney will be advised of the reasons for his having been sequestered.

§ 12.6 Extensions of time; adjournments; postponements.

(a) In general. Except as otherwise provided by law or by these rules, for good cause shown, the Commission, or a Judgment Officer, Administrative Law Judge, or the Director of the Office of Proceedings, before whom a matter is then pending, on their own motion or the motion of a party, may at any time extend or shorten the time limit prescribed by the rules for filing any document. In any instance in which a time limit is not prescribed for an action to be taken concerning any matter, the Commission or one of the other officials mentioned above may set a time limit for that action.

(b) Motions for extension of time. Absent extraordinary circumstances, in any instance in which a time limit that has been prescribed for an action to be taken concerning any matter exceeds seven days from the date of the order establishing the time limit, requests for extension of time shall be filed at least five (5) days prior to the expiration of the time limit and shall explain why an extension of time is necessary.

§ 12.7 Ex parte communications in reparation proceedings.

(a) Prohibitions against ex parte communications. (1) No interested person outside the Commission shall make or knowingly cause to be made to any Commissioner, Administrative Law Judge, or Commission decisional employee an ex parte communication relevant to the merits of a proceeding.

(2) No Commissioner, Administrative Law Judge, or Commission decisional employee shall make or knowingly cause to be made to any interested person outside the Commission an ex parte communication relevant to the merits of a proceeding.

(b) Procedures for handling ex parte communications. A Commissioner, Administrative Law Judge or Commission decisional employee who receives, or who makes or knowingly causes to be made, an ex parte communication prohibited by paragraph (a) of this section shall:

(1) Place on the public record of the proceeding:

(i) All such written communications;

(ii) Memoranda stating the substance of all such oral communications; and

(iii) All written responses, and memoranda stating the substance of all oral responses, to the materials described in paragraphs (b)(1) (i) and (ii) of this section; and

(2) Promptly give written notice of such communication and responses thereto to all parties to the proceedings to which the communication or responses relate.

(c) Sanctions. (1) Upon receipt of an ex parte communication knowingly made or knowingly caused to be made by a party in violation of the prohibition contained in paragraph (a)(1) of this section, the Commission, Administrative Law Judge, or Judgment Officer may, to the extent consistent with the interests of justice and the policy of the Act, require the party to show cause why his claim or interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected on account of such violation.

(2) Any attorney or accountant who knowingly makes or knowingly causes to be made, or who knowingly solicits or knowingly causes the solicitation of, an ex parte communication which violates the prohibitions contained in paragraph (a) of this section may be deemed to have engaged in unprofessional conduct of the type proscribed by 17 CFR 14.8(c).

(3) Any Commissioner, Administrative Law Judge, or Commission decisional employee who knowingly makes or knowingly causes to be made, or who knowingly solicits or knowingly causes the solicitation of, an ex parte communication which violates the prohibitions contained in paragraph (a) of this section may be deemed to have engaged in conduct of the type proscribed by 5 CFR 2635.101(b).

(d) Applicability of prohibitions and sanctions against ex parte communications. (1) The prohibitions of this section against ex parte communications shall apply:

(i) To any person who has actual knowledge that a proceeding has been
or will be commenced by order of the Commission; and

(ii) To all persons after public notice has been given that a proceeding has been or will be commenced by order of the Commission.

(2) The prohibitions of this section shall remain in effect until a final order has been entered in the proceeding which is no longer subject to review by the Commission or to appellate review by a court.

§ 12.8 Separation of functions.

(a) A Judgment Officer, or Administrative Law Judge will not be responsible to or subject to the supervision or direction of any officer, employee, or agent of the Commission engaged in the performance of investigative or prosecutorial functions for the Commission.

(b) No officer, employee, or agent of the Federal Government engaged in the performance of investigative or prosecutorial functions in connection with any proceeding shall, in that proceeding or a factually related proceeding, participate or advise in the decision of a Judgment Officer, or Administrative Law Judge, except as a witness in the proceeding, without the express written consent of the parties to the proceeding. This provision shall not apply to the Commissioners.

§ 12.9 Practice before the Commission.

(a) Practice—(1) By non-attorneys. An individual may appear pro se (on his own behalf); a general partner may represent the partnership; a bona fide officer of a corporation, trust or association may represent the corporation, trust or association.

(2) By attorneys. An attorney-at-law who is admitted to practice before the highest Court in any State or territory, or of the District of Columbia, who has not been suspended or disbarred from appearance and practice before the Commission in accordance with provisions of part 14 of this chapter may represent parties as an attorney in proceedings before the Commission.

(b) Debarment of counsel or representative during the course of a proceeding. (1) Whenever, while a proceeding is pending before him, a Judgment Officer or an Administrative Law Judge finds that a person acting as counsel or representative for any party to the proceeding is guilty of contemptuous conduct, such official may order that such person be precluded from further acting as counsel or representative in the proceeding. An immediate appeal to the Commission may be taken from any such order, pursuant to the provisions of §12.309, but the proceeding shall not be delayed or suspended pending disposition of the appeal; Provided, That the official may suspend the proceedings for a reasonable time for the purpose of enabling the party to obtain other counsel or representative.

(2) Whenever the Judgment Officer or Administrative Law Judge has issued an order precluding a person from further acting as counsel or representative in a proceeding, such official, within a reasonable time thereafter, shall submit to the Commission a report of the facts and circumstances surrounding the issuance of the order and shall recommend what action the Commission should take respecting the appearance of such person as counsel or representative in other proceedings before the Commission.

(c) Withdrawal of representation. Withdrawal from representation of a party shall be only by leave of the decision-making official (or the Commission) before whom the proceeding is then pending. Such leave to withdraw may be conditioned on the attorney’s (or representative’s) submission of an affidavit averring that the party represented has actual knowledge of the withdrawal, and such affidavit shall include the name and address of a successor counsel (or representative) or a statement that the represented party has determined to proceed pro se, in which case, the statement shall include the address where that party can thereafter be served.

This rule does not apply to a complaint filed pursuant to §12.13 of these rules, which shall only be filed with the Commission.

(2) Filing with the Proceedings Clerk; proof of service. All documents which are required to be served upon a party shall be filed concurrently with the Proceedings Clerk, and shall meet the requirements as to form prescribed by §§12.11 and 12.12 of these rules. Unless otherwise provided in these rules a document shall be filed by delivering it in person or by mailing it, by first-class mail, post-paid, addressed to: Proceedings Clerk, Office of Proceedings, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. Proof of filing shall be made by attaching to the document for filing an affidavit certifying that the attached document was deposited in the mail, with first-class postage prepaid, addressed to the Proceedings Clerk, Office of Proceedings, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, on the date specified in the affidavit. Proof of service of a document shall be made by filing with the Proceedings Clerk, simultaneously with the filing of the required document, an affidavit of service executed by any person 18 years of age or older or a certificate of service executed by an attorney-at-law qualified to practice before the Commission. The proof of service shall identify the persons served, state that service has been made, set forth the date of service, and recite the manner of service.

(3) Service of orders and decisions. A copy of all notices, rulings, opinions, and orders of the Proceedings Clerk, the Director of the Office of Proceedings, a Judgment Officer, Administrative Law Judge, the Deputy General Counsel for Opinions or the Commission shall be served by the Proceedings Clerk on each of the parties.

(b) How service is made. Service shall be made either by personal service or by first-class mail. Service shall be complete at the time of personal service or upon deposit in the mail of a properly addressed and post-paid document. Where service is effected by mail, the time within which the person served may respond thereto shall be increased by five (5) days. For the purposes of this Rule, service of any document by the Proceedings Clerk upon the Commission shall be regarded as service by mail.

(c) Designation of person to receive service. The first document filed in a proceeding by or on behalf of any party shall state on the first page thereof the name and post office address of the person who is authorized to receive service for him of all documents filed in the proceeding. Thereafter, service of documents shall be made upon the person authorized unless service on a different authorized person or on the party himself is ordered by a Judgment Officer, Administrative Law Judge or the Commission, or unless the person authorized is changed by the party upon due notice to all other parties. Parties shall file and serve notification of any changes in the information provided pursuant to this subparagraph as soon as practicable after the change occurs.

§ 12.11 Formalities of filing of documents with the Proceedings Clerk.

(a) Number of copies. Unless otherwise specifically provided, an original and one conformed copy of all documents shall be filed with the Proceedings Clerk.

(b) Title page. All documents filed with the Proceedings Clerk must include at the head thereof, or on a title page, the name of the Commission, the title of the proceeding, the docket number (if one has yet been assigned by the Proceedings Clerk), the subject of the particular document and the
§ 12.12

name of the person on whose behalf the document is being filed. In the complaint the title of the proceeding shall include the names of all the complainants and respondents, but in documents subsequently filed it is sufficient to state the name of the first complainant and first respondent named in the complaint.

(c) Paper, spacing, type. All documents filed under the Reparation Rules shall be typewritten, mimeographed, printed, or, if a party is not represented by counsel, in plainly legible handwriting; shall be on one grade of good white paper no less than 8 or more than 8 1/2 inches wide and no less than 10 1/2 or more than 11 1/2 inches long; and shall be bound on the top only. They shall be double-spaced, except for long quotations (3 or more lines) and footnotes which should be single-spaced.

(d) Signature. The original copy of all papers must be signed in ink by the person filing the same or by his duly authorized agent or attorney.

(e) Length and form of briefs. All briefs filed with the Proceedings Clerk containing more than 10 pages shall include an index and a table of cases and other authorities cited. The date of each brief shall appear on its front cover or title page and on its signature page. No brief shall exceed 35 pages in length, except with the permission of the Commission, or the Judgment Officer or Administrative Law Judge, before whom the matter is then pending.

§ 12.13 Complaint; election of procedure.

(a) In general. Any person complaining of a violation of any provision of the Act or a rule, regulation or order of the Commission thereunder by any person who is a registrant (as defined in §12.2) may, at any time within two years after the cause of action accrues, apply to the Commission for a reparation award by filing a written complaint which satisfies the requirements of this rule.

(b) Form of complaint. The form of each complaint filed under paragraph (a) of this section shall meet the following requirements:

(1) Content. Each complaint shall include:

(i) The name, residence address, and telephone number (during business hours) of the complainant;

(ii) The name, address, and telephone number, if known, of each person alleged in the complaint to have violated the Act or any rule, regulation or order thereunder;

(iii) If known, the specific provisions of the Act, rule, regulation, or order claimed to have been violated;

(iv) A complete description of complainant’s case, including, but not limited to:

(A) A description of all relevant facts concerning each and every act or omission which it is claimed constitutes a violation of the Act; and

(B) A description of all facts which show or tend to show the manner in which it is claimed that the complainant was injured by the alleged violations;

(v) The amount of damages the complainant claims to have suffered and the method by which those damages...
have been computed, the amount of punitive damages (no more than two times the amount of such actual damages) the complainant claims, if any, and how complainant plans to demonstrate that punitive damages are appropriate;

(vi) A statement indicating whether an arbitration proceeding or civil court litigation, based on the same set of facts set forth and involving any party named as a respondent in the complaint, has been instituted, and whether such a proceeding has reached a final disposition or is presently pending;

(vii) A statement indicating whether any of the respondents is the subject of receivership or bankruptcy proceedings that are presently pending;

(viii) An election of a decisional procedure pursuant to subpart C, D, or E. (A procedure pursuant to subpart D may be elected only if the total amount of damages claimed, exclusive of interest and costs, does not exceed $30,000. A procedure pursuant to subpart E may be elected only if the total amount claimed as damages, exclusive of interest and costs, exceeds $30,000); and

(ix) A filing fee in the amount prescribed by §12.25 of these rules shall be submitted with the complaint at the time of its filing.

(2) Subscription and verification of the complaint. Each complaint shall be signed personally by an individual complainant or by a duly authorized officer or agent of a complainant who is not a natural person. His signature shall be given under oath or affirmation under penalty of law attesting either that he knows the facts set forth in the complaint to be true, or that he believes the facts set forth to be true, in which event the information upon which he formed that belief shall be set forth with particularity.

(3) Time and place of filing of complaint. A complaint shall be filed by delivering a copy thereof, in proper form, to the Commission at its principal offices in Washington, DC, addressed to the Office of Proceedings, attention of the Proceedings Clerk. The complaint may be filed in person, during normal business hours, or by certified mail, or registered mail with return receipt requested. If filing is by mail, it shall be addressed to the Proceedings Clerk, Office of Proceedings, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. The complaint shall not be served on any person or party named therein. Upon the filing of the complaint and the appropriate filing fee, the Proceedings Clerk shall assign a docket number to the matter and shall maintain the official docket.

(4) Bond required if complainant is nonresident; filing date of nonresident’s complaint. (i) If a complaint in reparations is filed by a nonresident of the United States, the complaint shall not be considered duly filed in proper form unless it is accompanied by:

(A) A bond in double the amount of the claim either with a surety company approved by the Treasury Department of the United States or two personal sureties, each of whom shall be a citizen of the United States and shall qualify as financially responsible for the entire amount of the bond, which bond shall run to the respondent and be conditioned upon the payment of costs (including reasonable attorney’s fees, for the respondent if the respondent shall prevail) and any reparation award that may be issued by the Commission against the complainant on any counterclaim asserted by respondent; or

(B) A written request that the bond requirement be waived in accordance with section 14(c) of the Commodity Exchange Act, accompanied by sufficient proof that the country of which the complainant is a resident permits the filing of a complaint by a resident of the United States against a citizen of that country without the furnishing of a bond.

(ii) The provisions of paragraphs (b)(4)(i)(A) or (b)(4)(i)(B) of this section must be satisfied within two years after the complainant’s cause of action accrues.

(iii) When mailed from a foreign country, a nonresident’s complaint shall be deemed filed on the date that it is received in proper form by the Commission’s Proceedings Clerk, not
§ 12.14 Withdrawal of complaint.

At any time prior to service of notification to the complainant pursuant to §12.15(a) of the Director of the Office of Proceedings’ determination to forward the complaint to a registrant, complainant may file a written notice of withdrawal of the complaint which shall terminate the Commission’s consideration of the complaint without prejudice to complainant’s right to re-file a reparations complaint based upon the same set of facts within two years after the cause of action accrues. If the complainant has previously filed a notice of withdrawal of a complaint based upon the same set of facts, the notice of withdrawal of complaint shall terminate the case with prejudice to complainant’s rights to re-file a complaint in reparations based on the same set of facts, but such termination shall be regarded by the Commission as without prejudice to complainant’s right to seek redress in such alternative forums as may be available for adjudication of his claims.

§ 12.15 Notification of complaint.

(a) Forwarding of complaint to registrant. If, in the opinion of the Director of the Office of Proceedings, the facts set forth in a complaint warrant such action as to any of the registrants, a copy of the complaint, together with any attachments thereto, shall be forwarded by serving by registered mail or certified mail any such registrant named therein at an address previously designated with the Commission by the registrant for receipt of reparation complaints, as provided in Commission Regulation 17 CFR 3.30, or, if no such designation has been filed with the Commission, at such address as will accomplish actual notice to the respondent. Should the Director determine to forward the complaint, the complainant shall be notified of this determination at the time the complaint is forwarded.

(b) Determination not to forward complaint. The Director may, in his discretion, refuse to forward a complaint as to a particular respondent if it appears that the matters alleged therein are not cognizable in reparations, or that grounds exist pursuant to §12.24(c) or (d) for refusing to forward the complaint. If the Director of the Office of Proceedings should determine not to forward the complaint to all registrants named in the complaint in accordance with this Section, no proceeding shall be held thereon and the complainant shall be notified to that effect. If the Director determines to forward the complaint as to less than all of the registrants, the complainant shall be so notified. A termination of the complaint as to any respondent shall be regarded by the Commission as without prejudice to the right of the complainant to seek such alternative forms of relief as may be available.

§ 12.16 Response to complaint.

Within 25 days after the complaint has been served by the Office of Proceedings on the registrant, or within such additional time (not to exceed 10 days absent extraordinary circumstances) as the Director of the Office of Proceedings, or his/her delegate may grant, for good cause shown, each registrant shall either—

(a) Satisfy the complaint in accordance with §12.17 of these rules; or

(b) Answer the complaint in the manner prescribed by §12.18 of these rules.

§ 12.17 Satisfaction of complaint.

A respondent may satisfy the complaint (a) by paying to the complainant either the amount to which the complainant claims to be entitled as set forth in the complaint or such other amount as the complainant will accept in satisfaction of his claim; and (b) by submitting to the Commission notice of satisfaction and withdrawal of the complaint, duly executed by the complainant and the respondent.

§ 12.18 Answer; election of procedure.

An answer filed pursuant to §12.16 of these rules shall meet the following requirements:
§ 12.19 Counterclaim.

(a) **Content.** Each answer shall contain:

1. The full name, current address and telephone number (during business hours) of each respondent on whose behalf the answer is filed;
2. A complete description of each registrant’s case, including but not limited to, a precise and detailed statement of the facts which constitute each registrant’s ground for defense;
3. Admissions, if any, as to the registrant’s liability for the amount (or any portion thereof) claimed as damages;
4. A statement indicating whether the registrant is (and if the answer is filed on behalf of two or more registrants, which if any of them are) in receivership or subject to bankruptcy proceedings;
5. A statement indicating whether an arbitration or civil court litigation, based on the same set of facts set forth in the complaint (involving any or all of the parties named therein), is pending;
6. A counterclaim which the registrant wishes to pursue under §12.19 of these rules;
7. An election of an alternative decisional procedure pursuant to subparts C, D, or E of these rules. (A proceeding pursuant to subpart D may be elected only if the amount of actual damages claimed in the complaint or as counterclaims, exclusive of interest, costs, and punitive damages, does not exceed $30,000. A procedure pursuant to subpart E may be elected only if the amount of actual damages claimed in the complaint or as counterclaims, exclusive of interest, costs, and punitive damages exceeds $30,000;)
8. If appropriate, a filing fee in the amount prescribed by §12.25 shall be submitted with an answer at the time of its filing.

(b) **Motion for reconsideration of determination to forward the complaint.** An answer may include a motion for reconsideration of the determination to forward the complaint, specifying the grounds therefor, which the Director of the Office of Proceedings, in his discretion, may grant by terminating the case pursuant to §12.27, or deny by forwarding the pleadings and matters of record for an elected decisional proceeding pursuant to §12.26. The inclusion in an answer of a motion for reconsideration shall not preclude a respondent, if the motion is denied, from moving for dismissal at a later stage of the proceeding for the same reasons cited in a motion for reconsideration pursuant to this paragraph.

(c) **Subscription and verification of the answer.** An answer shall be signed personally by each respondent on behalf of whom it is filed or by a duly authorized officer or agent of any such registrant who is not a natural person. Each registrant’s signature shall be given under oath, or by affirmation under penalty of law, attesting that he has read the answer; that to the best of his knowledge all of the statements in the answer, the counterclaim (if any), and the materials required by these rules to be appended thereto, are accurate and true, and that the answer (and counterclaim, if any) has not been interposed for delay.

(d) **Affidavit of service.** The registrant shall file with his answer an affidavit showing that he has served a true copy of the answer upon the complainant, either personally or by first-class mail addressed to the complainant at the address set forth in the complaint.

(e) **Time and place of filing an answer.** An answer shall be filed by mailing or delivering a copy thereof, in proper form, to the Commission at its principal office in Washington, DC, addressed to the Office of Proceedings, Attention of the Proceedings Clerk. The answer may be filed in person, during normal business hours, or by certified mail, or registered mail with return receipt requested. If filing is by mail, it shall be addressed to the Proceedings Clerk, Office of Proceedings, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581.

§ 12.20 Response to counterclaim; reply; election of procedure.

(a) Response to counterclaim. If an answer asserts a counterclaim, the complainant shall, within thirty (30) days after service upon him of the answer by the respondent: (1) Satisfy the counterclaim as if it were a complaint, in the manner prescribed by §12.17 of these rules; or (2) file a reply to the counterclaim with the Commission.

(b) Form and content of reply. Should the complainant, under this paragraph, elect to file a reply to a counterclaim, the reply shall be strictly confined to the matters alleged in the counterclaim and shall conform to the form and content and other requirements set forth in §12.18 of these rules.

(c) Election of decisional procedure. If neither the complainant nor the respondent, in the complaint or answer respectively, has previously made an election of the summary decisional procedure or the formal decisional procedure, the complainant may make such an election in his reply.

§ 12.21 Voluntary dismissal.

(a) At any time after the Director of the Office of Proceedings has served notification to the parties pursuant to §12.15 of these rules of his determination to forward the complaint to the respondent for a response, either the complainant or the respondent may obtain dismissal of the complaint (or the proceeding, if one has commenced) by filing a stipulation of dismissal, duly executed by all of the complainants and each respondent against whom the complaint has been forwarded (or added as a party in the course of a proceeding); Provided however, That if the stipulation is filed after any respondent has filed an answer, the terms of the stipulation shall include a dismissal of any counterclaims in the answer.

(b) A dismissal of a complaint pursuant to this paragraph shall be with prejudice to complainant’s right to refile a claim in reparations based upon the same set of facts as alleged in the dismissed complaint. Unless otherwise stated in the stipulation, a dismissal ordered pursuant to this paragraph shall be regarded by the Commission as without prejudice to the parties’ right to seek redress in such alternative forums as may be available for adjudication of their claims.

(c) Upon receiving a written stipulation of dismissal which satisfies the requirements of this rule, the official before whom the matter or proceeding is pending shall issue an order of dismissal, and serve a copy thereof upon each of the parties.

(d) This rule shall be applicable at all stages of a reparation proceeding.

§ 12.22 Default proceedings.

(a) Institution of a default proceeding. Failure timely to respond to a complaint or a counterclaim, as required by §§12.16 and 12.20 of these rules, or, if applicable, to pay a filing fee required by §12.25(b) or (c), shall be treated as an admission of the allegations of the complaint or counterclaim by the non-responding party, shall constitute a waiver by such party of any decisional procedure afforded by these Rules on the facts set forth in the complaint or counterclaim, and shall result in the institution of a default proceeding.

(b) Default procedure. Upon a party’s failure to respond timely to a complaint or counterclaim as prescribed in §§12.16 and 12.20 of these rules, or timely to comply with §12.25 (b) or (c), the Director of the Office of Proceedings shall forward the pleadings, and other materials then on record, to a Judgment Officer or Administrative Law Judge who may thereafter enter findings and conclusions concerning the questions of violations and damages and, if warranted, enter a reparation award against the non-responding party. If the facts which are treated as admitted are considered insufficient to support a violation or the amount of reparations sought, the Judgment Officer or Administrative Law Judge may order production of supplementary evidence from the party not in default and
Commodity Futures Trading Commission

§ 12.24

may enter a default order and an award based thereon.

(c) Finality. A default order issued pursuant to this rule, or pursuant to any other provisions of these part 12 Reparation Rules, shall become the final decision and order of the Commission thirty (30) days after service thereof, unless the order is set aside pursuant to §12.23(a) of these rules, or unless the Commission takes review of such order on its own motion or on before the thirtieth day.

(49 FR 6621, Feb. 22, 1984, as amended at 57 FR 20638, May 14, 1992)

§ 12.23 Setting aside of default.

(a) Default order not final. In order to prevent injustice or for good cause shown, and on such conditions as may be appropriate, a non-final default order (including any award therein) may be set aside by the official who issued the order.

(1) Procedure for setting aside non-final default order. Any party or person who is the subject of a default order issued pursuant to these rules may, at any time before the order becomes final pursuant to §12.22(c), file and serve a motion to set aside the default, which shall set forth reasons why the act or omission for which the party was defaulted was not willful, why there is a reasonable likelihood of success for the party’s claim or defense if heard on the merits, and why no prejudice will be sustained by other parties if the default is set aside. A motion to set aside a default order filed pursuant to this paragraph (a)(1) shall be decided, in the first instance, by the official who issued the order.

(2) Review. A denial of a motion to set aside a non-final default order by the official who issued the order shall be treated as an initial decision, which may be appealed to the Commission in accordance with the requirements of §12.401 of these rules. A grant of a motion to set aside a final default order shall be treated as a non-final order which may be appealed only in accordance with the requirements of §12.309 of these rules.

§ 12.24 Parallel proceedings.

(a) Definition. For purposes of this section, a parallel proceeding shall include:

(1) An arbitration proceeding or civil court proceeding, involving one or more of the respondents as a party, which is pending at the time the reparation complaint is filed and involves claims or counterclaims that are based on the same set of facts which serve as a basis for all of the claims in the reparation complaint, and which either:

(i) Was commenced at the instance of the complainant in reparation; or

(ii) Involves counterclaims by the complainant in reparation alleging violations of the Commodity Exchange Act, or any regulation or order issued thereunder; or

(iii) Is governed by a compulsory counterclaim rule of federal court procedure which required the complainant in reparation to assert all of his claims (including those based on alleged violations of the Commodity Exchange Act, and any regulation or order issued thereunder) as counterclaims in that proceeding;
§ 12.24  17 CFR Ch. I (4–1–02 Edition)

(2) The appointment by a court of a receivership over the assets, property or proceeds of a respondent named in a reparation complaint where the responsibility of the receivership includes the resolution of claims made by customers; or

(3) A petition filed under any chapter of the Bankruptcy Code, 11 U.S.C. 101 et seq., as amended, commenced pursuant to 11 U.S.C. 301 or 302 by a respondent in a reparation proceeding, or the issuance by a bankruptcy court of an order for relief after the filing against a respondent in a reparation proceeding of an involuntary petition in bankruptcy pursuant to 11 U.S.C. 303.

(b) Notice. At the time a complaint in reparations is filed pursuant to these rules, or at any time thereafter, any party, receiver or trustee, or counsel to any of the foregoing with knowledge of a parallel proceeding shall promptly notify the Commission, by first-class mail addressed to the Office of Proceedings, attention of the Proceedings Clerk, and serve notice on all other parties, including the receiver or trustee. The notice shall include the following information:

(1) The caption of the parallel proceeding;

(2) The name of the court or the arbitration tribunal (including address and phone number, if known);

(3) The docket number or numbers;

(c) Effect of pending arbitration or civil court litigation. (1) The Director of the Office of Proceedings shall refuse to institute an elected decisional procedure concerning a reparation complaint filed under this part in which there is a parallel proceeding described in paragraph (a)(1) of this section and shall return the complaint to the complaining person. The effective date of the Director’s termination of the complaint without prejudice shall be fifteen (15) days from the date of service of notice of the action taken pursuant to this paragraph.

(2) If notice of a parallel proceeding described in paragraph (a)(1) of this section is received before the initial decision is filed (or before a final decision under §12.106 of the rules is entered), a proceeding in which a decisional procedure has been commenced shall be dismissed, without prejudice. The effective date of the order of dismissal shall be fifteen (15) days from the date of service of the order by the Proceedings Clerk.

(d) Effect of receivership or bankruptcy proceedings. (1) The Director of the Office of Proceedings shall refuse to institute an elected decisional procedure as to a respondent in any reparation complaint filed pursuant to this part who is the subject of a parallel proceeding described in paragraph (a)(2) or (a)(3) of this section, and shall notify all parties, including the receiver or trustee, that as to that respondent a reparation proceeding shall not be instituted. The effective date of the Director’s action shall be fifteen (15) days from the date of service of the notice thereof.

(2) A proceeding in which an elected decisional procedure has been commenced shall be ordered dismissed, without prejudice, as to any respondent who becomes the subject of a parallel proceeding described in paragraph (a)(2) or (a)(3) of this section if notice pursuant to paragraph (b) of this section is received before the filing of an initial decision (or before a final decision is issued pursuant to §12.106) as to that respondent. The Proceedings Clerk shall notify all parties, including the receiver or trustee, of the order. The effective date of the order shall be fifteen (15) days from the date of the service of the order by the Proceedings Clerk.

Subpart B—Discovery

§ 12.30 Methods of discovery.

(a) In general. Parties may obtain discovery by the following methods in accordance with the procedures and limitations set forth in the section indicated:

(1) Production of documents or other items (§12.31);

(2) Deposition on written interrogatories (§12.32);

(3) Admissions (§12.33).

(b) Scope of discovery. The scope of discovery is as follows:

(1) Relevancy. Except as provided below, discovery may be obtained regarding any matter not privileged, which is relevant to the subject matter in the pending proceeding, including the existence, description, nature, custody, condition and location of any books, documents, or other tangible items, and the identity and location of persons having knowledge of any discoverable matters. Tax returns and personal bank account records shall not be discoverable, except upon motion by the party seeking discovery showing the need for disclosure of information contained therein, and that the same information could not be obtained through other means.

§ 12.31

(2) Protective orders. Upon motion by a party or the person from whom discovery is sought, filed within twenty days after the objectionable discovery notice or request is served, and for good cause shown, the official presiding over discovery may issue any order to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, or to prevent the raising of issues untimely or inappropriate to the proceeding, or the inappropriate disclosure of trade secrets or sensitive commercial or financial information. Relief through a protective order may include one or more of the following:

(i) That discovery not be had;
(ii) That discovery may be had only on specified terms and conditions;
(iii) That certain matters not be inquired into, or that the scope of the discovery be limited to certain matters;
(iv) That a trade secret or other confidential commercial information not be disclosed or be disclosed only in a designated way; and
(v) That the parties simultaneously file specified documents or information in sealed envelopes to be opened only as directed by the decisionmaking official.

(3) Motions for order compelling discovery. It shall be the duty of a party to obtain an order compelling discovery from another party if the latter party fails to comply with a discovery notice, by filing a motion therefor within twenty days after the time allowed for discovery by these rules has expired.

(c) Sanctions for abuse of discovery. If an Administrative Law Judge or a Judgement Officer finds that any party, without substantial justification, has necessitated the filing of a motion for a protective order or for an order compelling discovery, or any other discovery-related motions, that party shall, if the motion is denied, be ordered to pay, at the termination of the proceeding, the reasonable expenses of the moving party incurred in filing the motion, unless the decisionmaking official finds that circumstances exist which would make an award of such expenses unjust.

(d) Time limit. Absent an extension of time, all discovery notices or requests shall be served within (30) days (and all discovery shall be completed within (50) days) after the notification and the order required by §12.26 (a), (b), or (c) has been served on the parties. Upon motion by a party and for good cause shown, the time allowed for discovery may be enlarged for one additional period not to exceed thirty (30) days.

§ 12.31 Production of documents and tangible items.

(a) By a party. Any party, within the time prescribed in §12.30(d) and subject to the limitations in §12.30(a), may serve upon any other party, a notice to produce copies of specifically designated categories of documents, papers, books, accounts, letters, photographs, objects, or tangible things which are in the party’s possession, custody or control. A copy of the notice shall be served on all other parties to the proceeding. All documents requested in the notice to produce shall be served on the party seeking the discovery within twenty (20) days after service of the notice to produce.

(b) By a non-party. Any party may, by filing an appropriate motion showing the need for the materials and an application for a subpoena in accordance with the procedure prescribed in §12.313 and within the time prescribed by §12.30(d) of these rules, seek leave to serve upon a non-party a notice to produce copies of any specifically designated categories of materials as are described in paragraph (a) of this section. After an appropriate order and subpoena has been issued, such party may serve upon a non-party a notice to
§ 12.32 Depositions on written interrogatories.

(a) Notice. Any party, within the time prescribed by §12.30(d), may serve on any other party or any officer or agent of a party a notice of the taking of a deposition on written interrogatories.

(b) Number. The number of written interrogatories served upon any one party shall not exceed thirty. For the purpose of this rule, each sub-interrogatory or divisible part of an interrogatory shall be regarded as one interrogatory. Leave to serve additional interrogatories shall not be granted absent extraordinary circumstances.

(c) Reply. (1) Each interrogatory served shall be answered by the party served or if the party is a corporation, partnership, association, or government agency, by any officer or agent thereof selected by the responding party.

(2) Each interrogatory shall be answered separately and fully in writing, unless objected to, in which event the reasons for objection shall be stated in lieu of an answer. For the purposes of this rule, an evasive or incomplete answer shall be treated as a failure to answer. The answers are to be signed and verified by the person making them. The person upon whom a notice to take a deposition on written interrogatories has been served shall serve a copy of the answers and objections within twenty (20) days after service of the interrogatories.

(d) Deposition of a non-party. The deposition on written interrogatories of a non-party may be taken only within the time prescribed by §12.30(d), and only pursuant to an order entered and subpoena issued in accordance with the provisions of §12.313 of these rules; provided however, that the deposition on written interrogatories of a Commission member or employee may only be taken upon a showing that the Commission member or employee has personal knowledge of the matters sought to be discovered (i.e., not obtained pursuant to a Commission investigation), that the information sought to be discovered is material and that the information sought to be discovered is not available from other sources.

(e) Filing of depositions on written interrogatories in a voluntary or summary decisional proceeding. In proceedings commenced pursuant to §12.26 (a) and (b) of these rules, copies of all depositions on written interrogatories shall be filed by the party on whose behalf the discovery was obtained.

§ 12.33 Admissions.

(a) Request for admissions. Any party may, within the time permitted by §12.30(d) of these rules, serve upon any other party a written request for admissions of the truth of any matters set forth in the request that relate to statements or opinions of fact or of the application of law to fact, including the genuineness of any document described in the request. Copies of documents shall be served with the request unless they have been or are otherwise furnished or made available for inspection and copying. A copy of the request shall be filed with the Proceedings Clerk.

(b) Reply. Each matter of which an admission is requested shall be separately set forth. The matter is admitted unless within twenty (20) days after service of the request, the party upon whom the request is directed files and serves upon the party requesting the admission a verified written answer or objection to the matter. If objection is made, the reasons therefor shall be stated. The answer shall specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial shall fairly meet the substance of the requested admission and when good faith requires that a party qualify his answer and deny only a part of the matter of which an admission is requested, he shall specify so much of it as is true and qualify or deny the remainder. § 12.34 Discovery by a decisionmaking official.

(a) Applicability. The provisions of this rule apply only to summary decisional proceedings and formal decisional proceedings commenced pursuant to §12.26(b) and (c). This rule does not apply to a voluntary decisional proceeding commenced pursuant to §12.26(a). For the purposes of this rule, the term “decisionmaking official” shall mean a Judgment Officer or Administrative Law Judge assigned to render a decision in the proceedings.

(b) Production of documents and tangible things—(1) Order for production. A decisionmaking official may, upon his own motion, order a party or non-party to produce copies of specifically designated documents, papers, books, accounts, or tangible things (or categories of any of the foregoing) which are in the possession, custody or control of the party, non-party or agent thereof, against whom the order is directed. Except as provided in paragraph (b)(2) of this section, a party or non-party ordered to produce documents or any of the above items under this rule shall file and serve the documents and items listed in the order within twenty (20) days from the date of service of the order, or within such period of time as the decisionmaking official may direct. The decisionmaking official may issue subpoenas to compel the production by parties or non-parties of such documents and tangible things as are described in this section.

(2) Trade secrets, commercially sensitive or confidential information. Any such request for confidential treatment shall be accompanied by a verified statement identifying with particularity the information on those documents considered to be trade secrets, commercially sensitive or confidential information, with reasons therefor, and indicating which portions, if any, of those documents may be served on other parties without disclosure of such information. Upon considering a request for confidential treatment in accordance with this subsection, the decisionmaking official may, if he finds that the information identified in the request warrants confidential treatment and is not probative of any material fact in controversy, make copies of the documents produced, delete such information from the copies, and serve the copies as modified upon the other parties, with or without an appropriate...

If a party fails to comply with an order compelling discovery, or an order issued pursuant to §12.34, the official assigned to render the decision in the case may, upon motion by a party or on his own motion, take such action in regard thereto as is just, including but not limited to the following:

(a) Infer that the documents or things not produced would have been adverse to the party;

(b) Rule that for the purposes of the proceeding the information in or contents of the documents or things not produced be taken as established adversely to the party;

(c) Rule that the party may not be heard to object to introduction and use of secondary evidence to show what the withheld documents or other evidence would have shown;

(d) Rule that a pleading, or part of a pleading, or a motion or other submission by the party, to which the order for production relates, be stricken;

(e) Dismiss the entire proceeding with prejudice to matters alleged in the complaint, but without prejudice to counterclaims; and

(f) Issue a default order and render a decision against the party, whose rights shall thereafter be determined by §§12.22 and 12.23 of these rules.

§ 12.36 Subpoenas to compel discovery.

An application for a subpoena requiring a party or non-party to comply with a discovery order issued pursuant to §§12.31 and 12.32, may be made, in writing, by any party without notice to other parties, and may be filed simultaneously with the motion for the discovery order. The standards for issuance or denial of such an application, the service requirement, and the method for enforcing such subpoenas shall be determined by the provisions of §12.313 of these rules.

(a) At his own request. A Judgment Officer may withdraw from a summary decisional proceeding when he considers himself to be disqualified on the grounds of personal bias, conflict of interest, or similar bases. In such event, he shall immediately notify the Commission and each of the parties of his withdrawal and of his basis for such action.
(b) Upon the request of a party. Any party may request a Judgment Officer to disqualify himself on the grounds of personal bias, conflict of interest, or similar bases. Interlocutory review of an order denying such a request may be sought without certification of the matter by the Judgment Officer only in accordance with the procedures set forth in §12.309 of the Reparation Rules.

§ 12.205 Motions.

(a) In general. Motions for relief not otherwise specifically provided for in subpart D of these rules, other than discovery-related motions and motions for extensions of time and similar procedural orders, shall not be allowed. Except as otherwise specifically provided in these rules, all motions permitted under these rules shall be directed to the Judgment Officer prior to the filing of the initial decision, and to the Commission after the initial decision has been filed. Motions for extensions of time and similar procedural orders may be acted upon at any time, without awaiting a response thereto. Any party adversely affected by such action may request reconsideration, vacation or modification of such action.

(b) Answer to motions. Any party may serve and file a written response to a motion within ten (10) days after service of the motion upon him, or within such longer or shorter period as is established by these rules, or as the Judgment Officer or the Commission may direct.

(c) Dismissal—(1) By the Judgment Officer. A Judgment Officer, acting upon his own motion, may
   (i) Dismiss the entire proceeding without prejudice to counterclaims, if he finds that the matters alleged in the complaint fail to state a claim cognizable in reparations; or
   (ii) Order dismissal of any claim, counterclaim, or party from the proceeding if he finds, after review of the record, that such claim or counterclaim (by itself or as applied to any party) is not cognizable in reparations.

   (2) Motion for dismissal by a party. Any party who believes that grounds exist for dismissal of the entire complaint, or of any claim therein, or of any counterclaim or party from the proceeding, may file a motion for dismissal specifying the claims or parties to be dismissed and the reasons therefor. Upon consideration of the whole record, the Judgment Officer may grant or deny such motion, in whole or in part.

   (3) Content and effect of order of dismissal. Any order of dismissal entered pursuant to this rule shall contain a brief statement of the findings and conclusions which serve as the basis for the order. An order of dismissal of the entire proceeding pursuant to this rule shall have the effect of an initial decision (see §12.213(d)), and may be appealed to the Commission in accordance with the requirements of §12.401 of these rules.

§ 12.206 Pre-decision conferences.

At any time after a summary decisional proceeding has been commenced pursuant to §12.26(b), the Judgment Officer may, in his discretion, conduct one or more pre-decision conferences to be held in Washington, DC or by telephone, with all parties, for the purposes of:

   (a) Discussing the advisability of electing the voluntary decisional procedure;
   (b) Encouraging settlement of the entire case, or any part thereof, (such discussions may be ex parte with the consent of all parties);

   (d) Obtaining stipulations, admissions of fact and of authenticity of documents;
   (e) Discussing amendments or supplements to the pleadings;

At or following the conclusion of such a conference, the Judgment Officer may serve a pre-decision memorandum and order setting forth the agreements, if any, reached by the parties, any procedural determinations made by him, and the issues for resolution not disposed of by the admissions or agreements by the parties. Such order, when issued, shall control the subsequent course of the proceeding unless modified to prevent injustice.

§ 12.207 Summary disposition.

(a) Filing of motions, answers. Any party who believes that there is no genuine issue of material fact to be determined and that he is entitled to a decision as a matter of law concerning all issues of liability in the proceeding may file a motion for summary disposition at any time until the parties have concluded their submissions of proof. Any adverse party, within ten (10) days after service of the motion, may file
and serve opposing papers or may countermove for summary disposition.

(b) Supporting papers. A motion for summary disposition shall include a statement of the material facts as to which the moving party contends there is no genuine issue, supported by the pleadings, and by affidavits, other verified statements, admissions, stipulations, and interrogatories. The motion may also be supported by briefs containing points and authorities in support of the contention of the party making the motion. When a motion is made and supported as provided in this section, unless otherwise ordered by the Judgment Officer, an adverse party may not rest upon the mere allegations, but shall serve and file in response a statement setting forth those material facts as to which he contends a genuine issue exists, supported by affidavits and other verified material. He may also submit a brief of points and authorities.

(c) Summary disposition upon motion of the Judgment Officer. If the Judgment Officer believes that there may be no genuine issue of material fact to be determined and that one of the parties may be entitled to a decision as a matter of law, he may direct the parties to submit papers in support of and in opposition to summary disposition, substantially as provided in paragraphs (a) and (b) of this section.

(d) Ruling on summary disposition. The Judgment Officer may grant summary disposition if the undisputed pleaded facts, affidavits, other verified statements, admissions, stipulations, and matters of official notice show that (1) there is no genuine issue as to any material fact; (2) there is no necessity that further facts be developed in the record; and (3) a party is entitled to a decision in his favor as a matter of law.

(e) Review of ruling; appeal. An application for interlocutory review of an order denying a motion for summary disposition shall not be allowed. An order granting summary disposition as to all of the issues and all of the parties in the proceeding shall have the same effect as an initial decision (see §12.210(d)), and may be appealed to the Commission, in accordance with §12.401 of these rules.

§ 12.208 Submissions of proof.

(a) Documentary evidence. Each party may file and serve verified statements of fact and affidavits of non-party witnesses with personal knowledge of the facts which they aver to be true. Proof in support of the complaint and in support of the respondent's answer may be found in those verified documents, in affidavits of non-party witnesses, in other verified statements of fact, and in other documents and tangible exhibits.

(b) Oral testimony and examination. The Judgment Officer may order an oral hearing for the presentation of testimony and examination of the parties and their witnesses when appropriate and necessary for the resolution of factual issues, upon motion by either a party or the Judgment Officer. An oral hearing held under this section will be convened by conference telephone call as provided in §12.209(b), except that an in-person hearing may be held in Washington, DC, under the circumstances set forth in §12.209(c).

§ 12.209 Oral testimony.

(a) Generally. When the Judgment Officer determines that an oral hearing is necessary and appropriate, such oral hearing will be held either by telephone or in person in Washington, DC, as set forth below. The Judgment Officer, in his or her discretion with consideration for the convenience of the parties and their witnesses, will determine the time and date of such hearing. During an oral hearing, in his or her discretion, the Judgment Officer may regulate appropriately the course and sequence of testimony and examination of the parties and their witnesses and limit the issues.

(b) Telephonic hearings. When a Judgment Officer has determined to hold an oral hearing by telephone, an order to that effect will be issued at least 15 days prior to the hearing notifying the parties of the date and time of the hearing. The order will direct the parties to confirm, at least 48 hours in advance of the hearing, that the correct telephone numbers for the parties and
their witnesses are on file with the Office of Proceedings, and warn that failure to provide correct telephone numbers may be deemed waiver of that party’s right to participate in the hearing, to present evidence, or to cross-examine other witnesses. If a party is unavailable by telephone at the appointed time, any other party in attendance may present testimony, and the Judgment Officer also may impose any appropriate sanction listed in §12.35. All telephonic hearings will be recorded electronically but will be transcribed only upon direction of the Judgment Officer (if necessary) or in the event of Commission review. The parties may secure a copy of the recording of the hearing from the Proceedings Clerk upon written request and payment of the cost of the recording.

(c) Washington, DC hearings. In exceptional circumstances and when an in-person hearing is determined to be necessary in resolving the issues, the Judgment Officer may order an in-person hearing in Washington, DC upon written request by a party and the agreement of at least one opposing party. The Judgment Officer will issue notice of the time, date, and location of an in-person hearing to the parties at least 30 days in advance of the hearing. Except as otherwise provided herein, an in-person hearing will be held and recorded in the manner prescribed in §12.312(c) through (f) of these rules. A party not agreeing to appear at the hearing in Washington, DC, may be ordered to participate by telephone. Any party not appearing in person or by telephone will be deemed to have waived the right to participate in the hearing, to present evidence, or to cross-examine other witnesses; further, that party may be subject to such action under §12.35 as the Judgment Officer may find appropriate. The Judgment Officer may order any party who requests or agrees to appear at a hearing in Washington, DC and fails to appear without good cause, to pay any reasonable costs unnecessarily incurred by parties appearing at such a hearing.

(d) Compulsory process. An application for a subpoena requiring a non-party to participate in a telephonic hearing or to appear at an in-person hearing in Washington, DC, may be made in writing to the Judgment Officer without notice to the other parties. The standards for issuance or denial of an application for a subpoena, the service and travel fee requirements, and the method for enforcing such subpoenas are set forth at §12.313 of these rules.

§ 12.210 Initial decision.

(a) In general. Proposed findings of fact and conclusions of law briefs shall not be allowed. As soon as practicable after all submissions of proof have been received, the Judgment Officer shall make the initial decision, which he shall forthwith file with the Proceedings Clerk. Upon filing of an initial decision, the Proceedings Clerk shall immediately serve upon the parties a copy of the initial decision and a notification of the effect of a party’s failure timely to appeal the initial decision to the Commission, as provided in paragraphs (d) and (e) of this section, as well as the effect of a failure by a party who has been ordered to pay a reparation award timely to file the documents required by §12.407(c).

(b) Content of initial decision. In the initial decision in a summary decisional proceeding, the Judgment Officer shall:

1. Include a brief statement of his findings as to the facts, with references to those portions of the record which support his findings;
2. Make a determination whether or not the respondent has violated any provision of the Commodity Exchange Act, or rule, regulation or order thereunder;
3. Make a determination whether the complainant is liable to any respondent who has made a counterclaim in the proceeding;
4. Determine the amount of damages, if any, that the complainant has sustained as a result of respondent’s violations, the amount of punitive damages, if any, for which respondent is liable to complainant, which shall not exceed $30,000, exclusive of interest and costs; and the amount, if any, for which complainant is liable to respondents based on counterclaims, which, in aggregate, shall not exceed $30,000, exclusive of interest and costs; and

§ 12.303

(5) Include an order directing either the respondent or the complainant, depending upon whose liability is greater, to pay an amount based on the difference in the amounts determined pursuant to paragraph (b)(4) of this section, on or before a date fixed in the order.

(c) Costs; prejudgment interest. The Judgment Officer may, in the initial decision, award costs (including the costs of instituting the proceeding, and if appropriate, reasonable attorneys’ fees) and, if warranted as a matter of law under the circumstances of the particular case, prejudgment interest to the party in whose favor a judgment is entered.

(d) Effect of initial decision. The initial decision shall become the final decision and order of the Commission thirty (30) days after service thereof, except:

(1) The initial decision shall not become the final decision as to a party who shall have timely filed and perfected an appeal thereof to the Commission in accordance with §12.401 of these rules; and

(2) The initial decision shall not become final as to any party to the proceeding if, within thirty (30) days after service of the initial decision, the Commission itself shall have placed the case on its own docket for review or stayed the effective date of the initial decision.

(e) Effect of failure to file and perfect an appeal to the Commission. Unless the Commission takes review on its own motion, the timely filing and perfection of an appeal to the Commission of the initial decision is mandatory as a prerequisite to appellate judicial review of a final decision and order entered pursuant to these rules.

Subpart E—Rules Applicable to Formal Decisional Proceedings

§ 12.300 Scope and applicability of rules.

The rules set forth in this subpart are applicable to proceedings forwarded pursuant to §12.26(c) of the Reparation Rules. The rules in subpart B permitting discovery are applicable in a formal decisional proceeding, as supplemented by §12.301. Unless specifically made applicable, the rules prescribed in subparts C and D shall not apply to formal decisional proceedings. Parties to a proceeding forwarded pursuant to §12.26(c) may, by written agreement filed at any time prior to the issuance of an initial decision, or of any other order disposing of all issues in the proceeding, elect to have all issues in the proceeding decided pursuant to the voluntary decisional procedure. Upon receiving a timely filed stipulation signed by all parties evidencing such an election, the Administrative Law Judge shall conduct the proceeding and render a decision pursuant to subpart C of these rules.

§§ 12.301–12.302 [Reserved]

§ 12.303 Pre-decision conferences.

During the time period permitted for discovery pursuant to §12.30(d), and thereafter, the Administrative Law Judge may, in his discretion, conduct one or more pre-decision conferences to be held in Washington, DC or by telephone, with all parties for the purposes of:

(a) Discussing the advisability of electing the voluntary decisional procedure;

(b) Encouraging a settlement of the entire case, or any part thereof (such discussions may be ex parte with the consent of all parties);

(c) Simplifying or clarifying issues;

(d) Obtaining stipulations, admissions of fact and of authenticity of documents;

(e) Discussing amendments or supplements to the pleadings;

(f) Encouraging an early settlement of disputes relating to discovery; and

(g) Discussing any matters of relevance in the proceeding.

At or following the conclusion of a pre-decision conference, the Administrative Law Judge may serve a pre-decision memorandum and order setting forth the agreements reached by the parties, any procedural determinations made by him, and the issues for resolution not disposed of by admissions or agreements by the parties. Such an order shall control the subsequent
§ 12.304

Functions and responsibilities of the Administrative Law Judge.

Once he has been assigned the case, the Administrative Law Judge shall be responsible for the fair and orderly conduct of a formal decisional proceeding and shall have the authority:

(a) To issue such orders as are described in §12.34 of these rules;

(b) To issue subpoenas pursuant to §§12.34, 12.36, and 12.313 of these rules;

(c) To take such action as is appropriate pursuant to §12.35 if a party fails to comply with a discovery order, or an order issued pursuant to §12.34 of these rules;

(d) [Reserved]

(e) In his discretion, to conduct pre-decision conferences, for the purposes prescribed in §12.303, at any time after a proceeding has commenced pursuant to §12.26(c);

(f) To issue pre-hearing orders as required by §12.312(a);

(g) To certify interlocutory matters to the Commission for its determination in accordance with §12.309;

(h) To issue orders of dismissal pursuant to §12.308;

(i) To issue default orders for good cause against parties who fail to participate in the proceeding, or to comply with these rules;

(j) If appropriate, to issue orders for summary disposition in the manner prescribed by §12.310;

(k) If an oral hearing is ordered, to preside at the oral hearing, which shall include the authority to receive relevant evidence, to administer oaths and affirmations, to examine witnesses, and to rule on offers of proof;

(l) To make the initial decision; and

(m) To issue such orders, and take any other actions as are required to give effect to these rules.

§ 12.306

Filing of documents; subscription; service.

Except as otherwise specifically provided in these rules, all documents filed in a formal decisional proceeding including, but not limited to, amended or supplemental pleadings, motions, discovery notices or requests, and responses thereto, documents filed or produced pursuant to §12.34 of these rules, and submissions of proof, shall be filed and served in accordance with §12.10 of the Reparation Rules.

§ 12.307

Amended and supplemental pleadings.

(a) Amendments to pleadings. At any time before the parties have concluded their submissions of proof, the Administrative Law Judge may allow amendments of the pleadings either upon written consent of the parties or for good cause shown. Any party may file a response to a motion to amend the pleadings within ten (10) days after the date of service upon him of the motion.

(b) Supplemental pleadings. At any time before the parties have concluded their submissions of proof, and upon such terms as are just, an Administrative Law Judge may, upon motion by a party, permit a party to serve a supplemental pleading setting forth transactions, occurrences or events which have happened since the date of the pleadings sought to be supplemented and which are relevant to the issues in
§ 12.308 Motions.

(a) In general. An application for a form of relief not otherwise specifically provided for in this subpart E shall be made by a motion, which shall be in writing (unless made on the record during an oral hearing). The motion shall state the relief sought and the basis for the relief and may set forth the authority relied upon. All motions, unless otherwise provided in these rules, shall be directed to the Administrative Law Judge before the initial decision is filed, and to the Commission after the initial decision is filed.

(b) Answer to motions. Any party may serve and file a written response to a motion within ten (10) days after service of the motion upon him, or within such longer or shorter period as established by these rules, or as the Administrative Law Judge or the Commission may direct.

(c) Dismissal—(1) By the Administrative Law Judge. The Administrative Law Judge, acting on his own motion, may, at any time after he has been assigned the case:

(i) Dismiss the entire proceeding, without prejudice to counterclaims, if he finds that none of the matters alleged in the complaint state a claim that is cognizable in reparations; or

(ii) Order dismissal of any claim, counterclaim, or party from the proceeding if he finds that such claim or counterclaim (by itself, or as applied to a party) is not cognizable in reparations.

(2) Motion for dismissal by a party. Any party who believes that grounds exist for dismissal of the entire complaint, of any claim therein, of any counterclaim, or of a party from the proceeding, may file a motion for dismissal specifying the claims, counterclaims, or parties to be dismissed and the reasons therefor. Upon consideration of the whole record, the Administrative Law Judge may grant or deny such motion, in whole or in part.

(3) Content and effect of order of dismissal. Any order of dismissal entered pursuant to this rule shall contain a brief statement of the findings and conclusions which serve as the basis for the order. An order of dismissal of the entire proceeding pursuant to this rule shall have the effect of an initial decision which may be appealed to the Commission in accordance with the requirements set forth in §12.401 of these rules.

(d) Motions for procedural orders. Motions for procedural orders, including motions for extensions of time, may be acted on at any time, without awaiting a response thereto. Any party adversely affected by such action may request reconsideration, vacation or modification of such action.

(e) Dilatory motions. Repetitive or numerous motions dealing with the same subject matter shall not be permitted.

§ 12.309 Interlocutory review by the Commission.

Interlocutory review by the Commission of a ruling on a motion by an Administrative Law Judge may be sought only as prescribed in this rule:

(a) When interlocutory appeal may be taken. An interlocutory appeal may be permitted, in the discretion of the Commission, under the following circumstances:

(1) The appeal is from a ruling pursuant to §12.102, §12.202, or §12.305 refusing to grant a motion to disqualify a Judgment Officer or Administrative Law Judge;

(2) The appeal is from a ruling pursuant to §12.9 suspending an attorney from participation in a reparation proceeding;

(3) Upon a determination by the Administrative Law Judge certified to the Commission either in writing or on the record, that

(i) A ruling sought to be appealed involves a controlling question of law or policy;

(ii) An immediate appeal may materially advance the ultimate resolution of the issues in the proceeding; and
§ 12.310 Summary disposition.

(a) Filing of motions, answers. Any party who believes that there is no genuine issue of material fact to be determined and that he is entitled to a decision as a matter of law concerning all issues of liability in the proceeding may file a motion for summary disposition at any time before a determination is made by the Administrative Law Judge to order an oral hearing in the proceeding. Any adverse party, within ten (10) days after service of the motion, may file and serve opposing papers or may countermove for summary disposition.

(b) Supporting papers. A motion for summary disposition shall include a statement of all material facts as to which the moving party contends that there is no genuine issue, supported by the pleadings, and by affidavits, other verified statements, admissions, stipulations, and interrogatories. The motion may also be supported by briefs containing points and authorities in support of the contention of the party making the motion. When a motion is made and supported as provided in this section, unless otherwise ordered by the Administrative Law Judge, an adverse party may not rely upon the mere allegations, but shall serve and file in response a statement setting forth those material facts as to which he contends a genuine issue exists, supported by affidavits and other verified material. He may also submit a brief of points and authorities.

(1) A statement of the facts necessary to an understanding of the controlling questions determined by the Administrative Law Judge, and to an understanding of the extraordinary circumstances warranting interlocutory review by the Commission;

(2) A statement of the question or issue involved in the ruling upon which the application for review is based;

(3) A statement of the reasons why, in the opinion of the party requesting review, the ruling was erroneous and should be reversed or modified; and

(4) A copy of all papers filed by the parties that relate to the subject matter of the ruling at issue, including the order containing the ruling.

Within seven (7) days after service of the application for interlocutory review, any party may file a response in opposition to the application.

(c) Standard for review. In the absence of extraordinary circumstances, the Commission will not review a ruling of an Administrative Law Judge prior to the Commission’s consideration of the proceeding pursuant to subpart F of these rules. A Commission denial of an application for interlocutory review shall be without prejudice to the applying party’s right to raise any argument made in the application as an issue in an appeal taken pursuant to subpart F of these rules.

(d) Proceedings not stayed. The filing of an application for interlocutory review and a grant of review shall not stay proceedings before an Administrative Law Judge (or a Judgment Officer, if applicable) unless that official or the Commission shall so order. The Commission will not consider a motion for a stay unless the motion shall have first been made to the Administrative Law Judge (or, if applicable, the Judgment Officer) and denied.

(e) Interlocutory review by the Commission on its own motion. Nothing in this rule should be construed as restricting the Commission from acting on its own motion to review on an interlocutory basis any ruling of an Administrative Law Judge, Proceedings Officer or a Judgment Officer in any proceeding commenced pursuant to §12.26 of these rules.
(c) Oral argument. Oral argument may be heard at the discretion of the Administrative Law Judge and shall be heard in Washington, DC, or by telephonic conference call. Such argument shall be recorded, and written transcripts shall be made in the event that a grant or denial of summary disposition is reviewed by the Commission.

(d) Summary disposition upon motion of the Administrative Law Judge. If the Administrative Law Judge believes that there may be no genuine issue of material fact to be determined and that one of the parties may be entitled to a decision as a matter of law, he may direct the parties to submit papers in support of and in opposition to summary disposition, and may hear oral argument, substantially as provided in paragraphs (a), (b) and (c) of this section.

(e) Ruling on summary disposition. The Administrative Law Judge shall grant summary disposition if the undisputed pleaded facts, affidavits, other verified statements, admissions, stipulations, and matters of official notice, show that (1) there is no genuine issue as to any material fact; (2) there is no necessity that further facts be developed in the record; and (3) a party is entitled to a decision as a matter of law.

(f) Review of ruling; appeal. An application for interlocutory review of an order denying a motion for summary disposition shall not be allowed. Interlocutory review of an order granting summary disposition which disposes of less than all of the issues in the proceeding may be sought only in accordance with §12.309 of these rules. If an order granting summary disposition which is dispositive of all issues, and as to all parties, in the proceeding may be appealed to the Commission in accordance with the requirements set forth in §12.401 of these rules.

§ 12.311 Disposition of proceeding or issues without oral hearing.

If the Administrative Law Judge determines that the documentary proof and other tangible forms of proof submitted by the parties are sufficient to permit resolution of some or all of the factual issues in the proceeding without the need for oral testimony, he may order that all proof relating to such issues be submitted in documentary and tangible form, and dispose of such issues without an oral hearing. In such an event, proof in support of the complaint, answer, and reply, may be found in those verified documents, in depositions on written interrogatories, in admissible documents obtained through discovery, in other verified statements of fact, documents and tangible evidence.

§ 12.312 Oral hearing.

(a) Notification; prehearing order. If and when the proceeding has reached the stage of an oral hearing, the Administrative Law Judge, giving due regard for the convenience of the parties, shall set a time for hearing, as well as a location prescribed by paragraph (b) of this section, and shall file with the Proceedings Clerk, for immediate service upon the parties:

(1) An order requiring the parties to file and serve, within fifteen days after service of the order, a prehearing memorandum setting forth briefly:

(i) A statement of all issues to be tried at the hearing;

(ii) An identification of each witness expected to be called by that party;

(iii) A summary of the testimony each witness is expected to provide; and

(2) A notice stating the time and location of the hearing.

Prior to the hearing, the Administrative Law Judge may issue an order based on the contents of the parties’ memoranda filed pursuant to paragraph (a)(1) of this section, which, unless modified to prevent injustice, shall control the scope of matters to be tried at the oral hearing. If any change in the time or place of the hearing becomes necessary, it shall be made by the Administrative Law Judge, who, in such event, shall file with the Proceedings Clerk a notice of the change. Hearings shall proceed expeditiously and, absent extraordinary circumstances, shall be held in one location and shall continue, without suspension, until concluded.

(b) Location of hearing. Unless the Director of the Office of Proceedings for reasons of administrative economy or
§ 12.312  17 CFR Ch. I (4–1–02 Edition)

practical necessity determines otherwise, and except as provided in this subparagraph, the location of an oral hearing shall be in one of the following cities: Albuquerque, N.M.; Atlanta, Ga.; Boston, Mass.; Chicago, Ill.; Cincinnati, Ohio; Columbia, S.C.; Denver, Colo.; Houston, Tex.; Kansas City, Mo.; Los Angeles, Cal.; Minneapolis, Minn.; New Orleans, La.; New York, N.Y.; Oklahoma City, Okla.; Phoenix, Ariz.; San Diego, Cal.; San Francisco, Cal.; Seattle, Wash.; St. Petersburg, Fla.; and Washington, D.C. The Administrative Law Judge may, in any case where a party avers, in an affidavit, that none of the foregoing cities is located within 300 miles of his principal residence, waive this paragraph and, upon giving due regard for the convenience of all of the parties, order that the hearing be held in a more convenient locale.

(1) Who may appear. The parties may appear in person, by counsel, or by other representatives of their choosing, subject to the provisions of §12.9 of these rules concerning practice before the Commission.

(2) Effect of failure to appear. If any party to the proceeding fails to appear at the hearing, or at any part thereof, he shall to that extent be deemed to have waived the opportunity for an oral hearing in the proceeding. The Administrative Law Judge, for just cause, may take such action as is appropriate pursuant to §12.35 of these rules against a party who fails to appear at the hearing. In the event that a party appears at the hearing and no party appears for the opposing side, the party who is present may present his evidence, in whole or in part, by oral testimony, before the Administrative Law Judge. The Administrative Law Judge may, in his discretion, order that the direct testimony of the parties and their witnesses be presented in documentary form, by affidavit, interrogatory, and other documents. In any event, the Administrative Law Judge, in his discretion, may permit cross examination, without regard to the scope of direct testimony, as to any matter which is relevant to the issues in the proceeding;

(2) Introduce exhibits. The original of each exhibit introduced in evidence or marked for identification shall be filed unless the Administrative Law Judge permits the substitution of copies for the original documents. A copy of each exhibit introduced by a party or marked for identification at his request shall be supplied by him to the Administrative Law Judge. Exhibits shall be maintained by the reporter who shall serve as custodian of the exhibits until they are transmitted to the Proceedings Clerk pursuant to paragraph (f) of this section;

(3) Make objections. A party shall timely and briefly state the grounds relied upon for any objection made to the introduction of evidence. Formal exception to an adverse ruling shall not be required; and

(4) Make offers of proof. When an objection to a question propounded to a witness is sustained, the examiner may make a specific offer of what he expects to prove by the answer of the witness. Rejected exhibits, adequately marked for identification, shall be retained in the record so as to be available for consideration by any reviewing authority.

§ 12.313 Subpoenas for attendance at an oral hearing.

(a) In general—(1) Application for issuance of subpoenas. An application for a subpoena requiring a party or other person to appear and testify at an oral hearing (subpoena ad testificandum) or to appear and testify and to produce specified documentary or tangible evidence at the hearing (subpoena duces tecum), shall (unless made orally at a hearing) be filed in writing and in duplicate, but need not be served upon other parties. The application shall be accompanied by the original and one copy of the subpoena.

(2) Standards for issuance or denial of subpoenas. The Administrative Law Judge considering any application for a subpoena shall issue the subpoena if he is satisfied the application complies with this rule and the request is not unreasonable, oppressive, excessive in scope or unduly burdensome. In the event the Administrative Law Judge determines that a requested subpoena or any of its terms is unreasonable, oppressive, excessive in scope, or unduly burdensome, he may refuse to issue the subpoena, or may issue it only upon such conditions as he determines fairness requires.

(b) Special requirements relating to application for an issuance of subpoenas for the appearance of commission employees—

(i) Form. An application for the issuance of a subpoena shall be made in the form of a written motion served upon all other parties, if the subpoena would require the appearance of a Commissioner or an official or employee of the Commission.

(ii) Content. The motion shall specifically describe the material to be produced, the information to be disclosed, or the testimony to be elicited from the witness, and shall show

(i) The relevance of the material, information, or testimony to the matters at issue in the proceeding;

(ii) The reasonableness of the scope of the proposed subpoena; and

(iii) That such material, information, or testimony is not available from other sources.

(c) Rulings. The motion shall be decided by the Administrative Law Judge and his order shall provide such terms and conditions for the production of the material, the disclosure of the information, or the appearance of the witnesses as may appear necessary and appropriate for the protection of the public interest.

(2) Content. The motion shall specifically describe the material to be produced, the information to be disclosed, or the testimony to be elicited from the witness, and shall show

(i) The relevance of the material, information, or testimony to the matters at issue in the proceeding;

(ii) The reasonableness of the scope of the proposed subpoena; and

(iii) That such material, information, or testimony is not available from other sources.

(d) Rulings. The motion shall be decided by the Administrative Law Judge and his order shall provide such terms and conditions for the production of the material, the disclosure of the information, or the appearance of the witnesses as may appear necessary and appropriate for the protection of the public interest.

made by delivering a copy of the subpoena to him as provided in paragraph (c) (2) or (3) of this section, and by tendering to him the fees for one day’s attendance and the mileage as specified in paragraph (e) of this section. When the subpoena is issued at the instance of any officer or agency of the United States, fees and mileage need not be tendered at the time of service.

(2) Service upon a natural person. Delivery of a copy of a subpoena and tender of fees and mileage to a natural person may be effected by (i) handing them to the person; (ii) leaving them at his office with the person in charge thereof or, if there is no one in charge, by leaving the subpoena in a conspicuous place therein; (iii) leaving them at his dwelling place or usual place of abode with some person of suitable age and discretion then residing therein; (iv) mailing them by registered or certified mail to him at his last known address; or (v) any other method whereby actual notice is given to him and the fees and mileage are timely made available.

(3) Service upon other persons. When the person to be served is not a natural person, delivery of a copy of the subpoena and tender of the fees and mileage may be effected by

(i) Handing them to a registered agent for service, or to any officer, director, or agent in charge of any office of such person;

(ii) Mailing them by registered or certified mail to any such representative at his last known address; or

(iii) Any other method whereby actual notice is given to any such representative and the fees and mileage are timely made available.

(d) Motion to quash subpoena. At or any time before the time specified in the subpoena for compliance therewith, a person upon whom a subpoena has been served may file a motion to quash or modify the subpoena with the Administrative Law Judge who issued the subpoena, and serve a copy of the motion on the party who requested the subpoena. Such motion shall include a brief statement of the reasons therefor. After due notice to the person upon whose request the subpoena was issued, and an opportunity for that person to respond, the Administrative Law Judge may (1) quash or modify the subpoena, or (2) condition denial of the application to quash or modify the subpoena upon just and reasonable terms, including, on the case of a subpoena ducē tecum, a requirement that the person on whose behalf the subpoena was issued shall advance the reasonable cost of producing documentary or other tangible evidence.

(e) Attendance and mileage fees. Persons summoned to testify at a hearing under requirement of subpoenas are entitled to the same fees and mileage as are paid to witnesses in the courts of the United States. Fees and mileage shall be paid by the party at whose instance the persons are subpoenaed or called.

(f) Enforcement of subpoenas. Upon failure of any person to comply with a subpoena issued at the request of a party, that party may petition the Commission, in its discretion, to institute an action in an appropriate U.S. District Court for enforcement of the subpoena.

§ 12.314 Initial decision.

(a) In general. The Administrative Law Judge as soon as practicable after the parties have completed their submissions of proof, or after the conclusion of an oral hearing if one is held, shall render the initial decision, which he shall forthwith file with the Proceedings Clerk, and a copy of which shall be served immediately by the Proceedings Clerk upon each of the parties. The Proceedings Clerk shall also serve a notice, to accompany the initial decision, of the effect of a party’s failure timely to appeal to the Commission the initial decision, as provided in paragraphs (d) and (e) of this section, and the effect of a failure of a party who has been ordered to pay a reparation award timely to file the documents required by §12.407(c).

(b) Content of initial decision. In the initial decision the Administrative Law Judge shall:

(1) Include a brief statement of his findings as to the facts, with references to those portions of the record which support his findings;

(3) Make a determination whether the complainant is liable to any respondent who has made a counterclaim in the proceeding;

(4) Determine the amount of damages, if any, that the complainant has sustained as a result of respondent's violations, the amount of punitive damages if warranted, and the amount, if any, for which complainant is liable to a respondent based on a counterclaim; and

(5) Include an order directing either the respondent or the complainant, depending upon whose liability is greater, to pay an amount based on the difference in the amounts determined pursuant to paragraph (b)(4) of this section, on or before a date fixed in the order.

(c) Costs, prejudgment interest. Except as provided in §§12.30(c) and 12.315 of these rules, the Administrative Law Judge may, in the initial decision, award costs (including the cost of instituting the proceeding and, if appropriate, reasonable attorney's fees) and, if warranted as a matter of law under the circumstances of the particular case, prejudgment interest, to the party in whose favor a judgment is entered.

(d) Effect of initial decision. The initial decision and order shall become the final decision and order of the Commission, without further order by the Commission, thirty (30) days after service thereof, except that:

(1) The initial decision shall not become the final decision as to a party who shall have timely filed and perfected an appeal thereof to the Commission, in accordance with §12.401 of these rules; and

(2) The initial decision shall not become final as to any party to the proceeding if, within thirty (30) days after service of the initial decision, the Commission itself shall have placed the case on its own docket for review or stayed the effective date of the initial decision.

(e) Effect of failure to file and perfect an appeal to the Commission. Unless the Commission takes review of an initial decision on its own motion, the timely filing and perfection of an appeal to the Commission of the initial decision is mandatory as a prerequisite to appellate judicial review of a final decision and order entered pursuant to these rules.

§ 12.315 Consequences of overstating damages claims not in excess of $30,000.

If a party, who has claimed damages in excess of $30,000, is adjudged to be entitled to recover less than the sum or value of $30,000, computed without regard to a damage award to which an opposing party may be adjudged to be entitled, and exclusive of interest and costs, the Administrative Law Judge may assess such party the cost of the transcript of an oral hearing, if such a hearing is held, and, depending upon whether such party paid any part of the filing fee for the proceeding, deny the party such costs or impose such costs on that party.

§ 12.400 Scope and applicability of rules.

The rules set forth in this subpart are applicable to proceedings forwarded pursuant to §12.26 (b) and (c) of these rules. Except as provided in §§12.106(e) and 12.403(b) of these rules, the rules set forth in this subpart are not applicable to proceedings forwarded pursuant to §12.26(a) of the Reparation Rules.

§ 12.401 Appeal to the Commission.

(a) How effected. Any aggrieved party to a proceeding forwarded pursuant to §12.26 (b) or (c) of these rules may appeal to the Commission an initial decision or other disposition of the entire proceeding by complying with the requirements of this section. An appealing party shall serve upon all parties

291
§ 12.402  Appeal of disposition of less than all claims or parties in a proceeding.

(a) In general. Where two or more different claims for relief are presented, or where multiple parties are involved, in a proceeding forwarded pursuant to §12.26 (b) or (c) of these rules, the Judgment Officer or Administrative Law Judge, may upon his own motion or by motion of a party, direct that the initial decision or other order disposing of one or more, but fewer than all of the claims or parties, shall be final and immediately appealable to the Commission. Such a direction may be made only upon an express determination that there is no just reason for delay. When such a direction is made, a party may appeal the initial decision or order in accordance with the procedure prescribed by §12.401 of these rules.

(b) When decision is not appealable. In the absence of such a direction by the Judgment Officer or an Administrative

and file with the Proceedings Clerk a notice of appeal within fifteen (15) days after service of the initial decision or other order disposing of the entire proceeding. The notice need consist only of a brief statement indicating the filing party’s intent to appeal the initial decision, and shall include the date upon which the initial decision was rendered, the names of all parties, and the docket number of the proceeding. A non-refundable appellate filing fee in the amount of $50 shall be paid at the time of filing a notice of appeal. The failure of a party timely to file and serve a notice of appeal, and to pay the appellate filing fee, in accordance with this paragraph, or to perfect the appeal in accordance with paragraph (b) of this section, shall constitute a voluntary waiver of any objection to the initial decision, or other order disposing of the proceeding, and of all further administrative or judicial review under these rules and the Commodity Exchange Act.

(b) Perfecting the appeal; appeal brief. An appeal shall be perfected by the appealing party by timely filing with the Proceedings Clerk an appeal brief which meets the requirements of paragraphs (b) and (d) of this section. An original and one copy of the appeal brief shall be filed within thirty (30) days after filing of the notice of appeal. By motion of the appealing party, the Commission may, for good cause shown, extend the time for filing the appeal brief. If the appeal brief is not filed within the time prescribed in this subparagraph, the Commission may, upon its own motion or upon motion by a party, dismiss the appeal, in which event the initial decision shall become the final decision and order of the Commission, effective upon service of the order of dismissal.

(c) Answering brief. Any party upon whom the appealing party serves a brief may, within thirty (30) days after service of the appeal brief, file an original and one copy of an answering brief, and serve one copy thereof, unless the time limit is extended by the Commission upon motion of the party and for good cause shown.

(d) Briefs. Parties filing an appeal brief or answering brief pursuant to this section shall meet the require-ments of §12.11 of these rules as to form. The content of briefs shall satisfy the requirements of §10.102(d) of the Commission’s regulations, 17 CFR 10.102(d), except that any party, with leave of the Commission, may file an informal document in lieu of a brief. No brief shall exceed thirty-five (35) pages in length without leave of the Commission.

(e) Oral argument. Any party may request, in writing and within the time provided for filing the initial briefs, the opportunity to present oral argument before the Commission, which the Commission may, in its discretion, grant or deny. In the event the Commission affords the parties the opportunity to present oral argument before the Commission, the oral argument shall proceed in accordance with the provisions of §10.103 of the Commission’s regulations, 17 CFR 10.103.

(f) Scope of review. On review, the Commission may, in its discretion, consider sua sponte any issues arising from the record and may base its determination thereon, or limit the issues to those presented in the statement of issues in the briefs, treating those issues not raised as waived.

§ 12.406 Final decision of the Commission.

(a) Opinion and order. Unless the Commission, in accordance with paragraph (b) of this section, orders summary affirmation of the initial decision, the Commission’s opinion and order in a proceeding appealed pursuant to § 12.401 of these rules shall constitute the Commission’s final decision, effective upon service. On review, the Commission may affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, the initial decision and make any findings or conclusions which in its judgment are warranted based on the record in the proceeding.

(b) Order on summary affirmation. If the Commission, in its opinion, finds that the result reached in the initial decision is substantially correct and that none of the arguments on appeal made by the appealing party raise any important question of law or policy, the Commission may, by appropriate order, summarily affirm the initial decision and order without opinion.
§ 12.407 Satisfaction of reparation award; enforcement; sanctions.

(a) Satisfaction of reparation award—
(1) Where initial decision has become the final decision. Any reparation award ordered in an initial decision, or similar dispositive order (but not a final decision issued pursuant to §12.106 of these rules), shall be satisfied in full within forty-five (45) days after service of the initial decision, unless a timely appeal thereof has been perfected pursuant to §12.401, or unless the Commission, pursuant to §12.403(a), has stayed the effective date of the initial decision.

(2) Final decision pursuant to §12.406. Any reparation award ordered in a final decision of the Commission issued pursuant to §12.406 of these rules shall be satisfied in full within fifteen (15) days after service of the final decision, or such other longer period of time as may be specified in the final decision, unless a petition for review is filed in accordance with section 14(e) of the Act, 7 U.S.C. 18(e).

(3) Date of the reparation order. For purposes of computing the 30-day period for filing the appeal bond required by section 14(e) of the Act, 7 U.S.C. 18(e), “the date of the reparation order” shall be the date that the Commission’s opinion and order (or order of summary affirmation, as the case may be) is filed with the Proceedings Clerk. This date shall be reflected by the date stamp on the first page of the Commission’s order.

(b) Enforcement of reparation award. If any person against whom a reparation award has been made does not timely comply with paragraph (a) or (b) of this section, the party in whose favor the award is made is entitled to seek enforcement of award in accordance with the procedure prescribed in section 14(d) of the Commodity Exchange Act, 7 U.S.C. 18(d).

(c) Automatic suspension. A person required to pay a reparation award shall be prohibited from trading on all contract markets and if such person is registered, his registration shall be suspended automatically, without further notice, unless such person shall, within fifteen (15) days after the time limit for satisfaction of an award (as prescribed in paragraph (a) or (b) of this section) expires, file with the Proceedings Clerk and serve on the other parties:

(1) A copy of a certified check or the equivalent showing satisfaction of the award; or

(2) A sworn release executed by each recipient of a reparation award, which has not been satisfied by payment with a certified check or the equivalent; or

(3) A verified statement that a judicial appeal has been filed and perfected in accordance with section 14(e) of the Act, 7 U.S.C. 18(e). (This paragraph is applicable only in proceedings commenced pursuant to §12.26 (b) or (c), and only if the person has timely filed and perfected an appeal to the Commission as prescribed in §12.401.)

(d) Reinstatement. The sanctions imposed in accordance with paragraph (c) of this section shall remain in effect until the person required to pay the reparation award demonstrates to the satisfaction of the Commission that he has paid the amount required in full with interest at the prevailing rate computed in accordance with 28 U.S.C. 1961 from the date directed in the final order to the date of payment, compounded annually.
§ 12.408 Delegation of authority to the Deputy General Counsel for Opinions.

Pursuant to the authority granted under section 2(a)(4) and 2(a)(11) of the Commodity Exchange Act, as amended, 7 U.S.C. 4a(c) and 4a(j), the Commission hereby delegates, until such time as it orders otherwise, the following functions to the General Counsel, to be performed by him or such person or persons under his direction as he may designate from time to time:

(a) With respect to reparation proceedings conducted pursuant to section 14 of the Commodity Exchange Act, as amended, 7 U.S.C. 18, and subject to the Commission’s Reparation Rules as set forth in part 12 of this chapter, to:

(1) Consider and decide miscellaneous procedural motions that may be directed to the Commission pursuant to part 12 of these rules after the initial decision or other order disposing of the entire proceeding has been filed;

(2) Remand, with or without specific instructions, initial decisions or other orders disposing of the entire proceeding to the appropriate officer (Director of the Office of Proceedings, Judgment Officer, or Administrative Law Judge) in the following situations:

(i) Where a default order or award has been made pursuant to part 12 of these rules and a motion to vacate the default or an equivalent request has been made; or

(ii) Where, in his judgment, clarification or supplementation of an initial decision or other order disposing of the entire proceeding prior to Commission review is appropriate; and

(iii) Where, in his judgment, a ministerial act necessary to the proper conduct of the proceeding has not been performed.

(3) Deny applications for interlocutory review by the Commission of a ruling of an Administrative Law Judge in cases in which the Administrative Law Judge has not certified the ruling to the Commission in the manner prescribed by §12.309 of these rules, and the ruling does not concern the disqualification of, or a motion to disqualify, an Administrative Law Judge, or Judgment Officer, or the suspension of, or failure to suspend, an attorney from participating in reparation proceedings;

(4) Dismiss any appeal from an initial decision or other disposition of the entire proceeding by an Administrative Law Judge (or Judgment Officer), in a proceeding where such appeal is not filed or perfected in accordance with §12.401, and deny any application for interlocutory review if it is not filed in accordance with §12.309 of these rules;

(5) Strike any filing that does not meet the requirements of, or is not perfected in accordance with, these part 12 rules; and

(6) Enter any order that, in his judgment, will facilitate or expedite Commission review of an initial decision or other order disposing of the entire proceeding.

(b) Notwithstanding the provisions of paragraph (a) of this section, in any case in which he believes it appropriate, the General Counsel or his designee may submit the matter to the Commission for its consideration.

(c) Within seven (7) days after service of a ruling issued pursuant to this §12.408, a party may file with the Commission a petition for reconsideration of the ruling. Unless the Commission orders otherwise, the filing of a petition for reconsideration shall not operate to stay the effective date of such ruling.

PART 14—RULES RELATING TO SUSPENSION OR DISBARMENT FROM APPEARANCE AND PRACTICE

§ 14.1 Scope.

The rules of this part describe the circumstances under which persons may be denied, either temporarily or permanently, the privilege of appearing or practicing before the Commission as an attorney or accountant. An attorney may also be excluded from further participation in a particular adjudicatory proceeding in accordance with the provisions of §10.11(b) of this chapter or from further participation in a particular investigatory proceeding in accordance with the provisions of §11.7(c)(2) of this chapter.

§ 14.2 Definitions of appearance and practice.

(a) Appearance. For the purpose of this part, “appearance” refers to the representation of a person by another who appears in his behalf at any adjudicatory, investigatory or rulemaking proceeding conducted before the Commission, including but not limited to those proceedings encompassed in parts 10 through 13 of the Commission’s rules.

(b) Practice. For the purpose of this part, practicing before the Commission shall include but shall not be limited to:

(2) Transacting any other formal business with the Commission, on behalf of another person, in the capacity of an attorney or accountant.

§ 14.3 Hearings.

Hearings required or permitted to be held under provisions of this part shall be held before an Administrative Law Judge, utilizing the procedures established in the rules of practice (part 10) for adjudicatory proceedings. Any proceeding brought under provisions of
§ 14.4 Violation of Commodity Exchange Act.

The Commission may deny, temporarily or permanently, the privilege of appearing or practicing before it in any way to any person who is found by the Commission, after notice of and opportunity for hearing in the matter, to have violated, caused, or aided and abetted any violation of the Commodity Exchange Act, as amended, 7 U.S.C. 1 et seq., or the rules and regulations adopted thereunder.

§ 14.5 Criminal conviction.

Any person who after licensing or certification to practice his profession by any competent authority has been convicted of any felony or of a misdemeanor involving fraud or involving moral turpitude in matters related to the regulatory responsibilities of the Commission, and whose conviction has not been reversed by an appellate court, may not appear or practice before the Commission. A conviction within the meaning of this section shall be deemed to have occurred when the convicting court enters its judgment or order, regardless of whether an appeal is pending or could be taken, and includes a judgment on a plea of nolo contendere.

§ 14.6 Disbarment or suspension by licensing authority.

Any attorney who has been suspended or disbarred by a Court of the United States or any state or territory or the District of Columbia and any person whose license to practice as an accountant has been revoked or suspended in any state or territory or the District of Columbia may not appear or practice before the Commission during the period when such suspension or revocation is in effect. A suspension or revocation shall be deemed to have occurred when the disbarred, suspending or revoking agency or tribunal enters its order, regardless of whether appeal is pending or could be taken, and includes a judgment or order on a plea of nolo contendere or the procedural equivalent of such a plea. For purposes of this section it shall be irrelevant that any attorney or accountant who has been suspended, disbarred, or otherwise disqualified from practice before a court or in a jurisdiction continues in professional good standing before other courts or in other jurisdictions.

(a) Temporary suspension. The Commission, with due regard to the public interest, and without preliminary hearing, may by order temporarily suspend from appearing or practicing before it any person who, on or after the effective date of this rule has by name:

(a) Not to possess the requisite qualifications to represent others; or
(b) To be lacking in character or integrity; or
(c) To have engaged in unethical or improper unprofessional conduct either in the course of an adjudicatory, investigatory, rulemaking or other proceeding before the Commission or otherwise.

§ 14.9 Duty to file information concerning adverse judicial or administrative action.

Any person appearing or practicing before the Commission who has been the subject of a conviction, suspension, disbarment, revocation, injunction or finding of the kind described in §§14.5 through 14.7, unless based on action instituted by the Commission, shall promptly file a copy of the relevant order, judgment or decree with the Secretariat of the Commission at Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, together with any related opinion or statement of the agency or tribunal involved. Any person who has been the subject of administrative or judicial action of the kind described in §§14.5 through 14.7 and who has not filed a copy of the order, judgment or decree within thirty days after its entry shall for that reason alone be disqualified from appearing or practicing before the Commission until such time as the appropriate filing shall be made, but neither the filing of these documents nor the failure of a person to file them shall in any way affect the operations of any other provision of this part.

(c) It shall be unlawful for any futures commission merchant and for any introducing broker to open or cause to be opened a futures or options contract account for, or to effect or cause to be effected transactions in futures contracts or option contracts for an existing account of, a foreign broker or foreign trader unless the futures commission merchant or introducing broker informs the foreign broker or foreign trader prior thereto, in any reasonable manner which the futures commission merchant or introducing broker deems to be appropriate, of the requirements of this section.

(d) The requirements of paragraphs (b) and (c) of this section shall not apply to any account carried by a futures commission merchant or introduced by an introducing broker if the foreign broker, customer of a foreign broker, or foreign trader for whose benefit such account is carried or introduced has duly executed and maintains in effect a written agency agreement in compliance with this paragraph with a person domiciled in the United States and has provided a copy of the agreement to the futures commission merchant and to the introducing broker. (f) It shall be unlawful for any designated contract market or registered derivatives transaction execution facility to permit a foreign broker, any of its customers or a foreign trader to effect contracts, agreements or transactions on the facility unless the designated contract market or registered derivatives transaction execution facility prior thereto informs the foreign broker, any of its customers or the foreign trader, in any reasonable manner the facility deems to be appropriate, of the requirements of this section.

(g) The requirements of paragraphs (e) and (f) of this section shall not apply to any contracts, transactions or agreements traded on any designated contract market or registered derivatives transaction execution facility if the foreign broker, any of its customers or the foreign trader has duly executed and maintains in effect a written agency agreement in compliance with this paragraph with a person domiciled in the United States and has provided a copy of the agreement to the designated contract market or registered derivatives transaction execution facility prior to effecting any contract, agreement or transaction on the facility. This agreement must be filed with the Commission by the designated contract market or registered derivatives transaction execution facility prior to permitting the foreign broker, any of its customers or the foreign trader to effect any transactions in futures or option contracts. Unless otherwise specified by the Commission, the agreements required to be filed with the Commission shall be filed with the Secretary of the Commission at Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. A foreign broker, any of its customers or a foreign trader shall notify the Commission immediately if the written agency agreement is terminated, revoked, or is otherwise no longer in effect. (4) Field definitions. Field definitions for each record are as follows:

(i) Record type identifier. Unique identifier used by CFTC to transmit the format and implied meaning of data in a record. Valid values are 400A, 410B, 411C, and 520E.

(ii) Report date. This is the date specified in the call for which the futures commission merchant or member provides position information. Dates should be encoded as six numeric characters—YYMMDD where YY is the last 2 digits of the year, MM is the month, and DD is the day of the month coded with a leading 0 for months and days 1–9.

(iii) Reporting firm name. The name of the firm which must respond to the Commission’s call. The name of the firm is left justified in the field.

(iv) Account number. A unique identifier for each account reported to the Commission under the §21.02a call. This can be any sequence of alphanumeric characters not to exceed 48 characters which are left justified in the field.

(v) Name and address. The name and address of the person (individual or firm) for whom the account is carried. No specific format is required. Information is encoded in columns 5 through 72 on the 411C records. One 411C record corresponds to one line of characters used by respondents to maintain customer name and address on their system. There is no limit on the number of 411C records which can be used to transmit the information.

(vi) Commodity ID. A 6-digit numeric sequence uniquely identifying a contract traded on a particular exchange. The 6-digit numbers will be supplied by the Commission in the special call.

(vii) Year and month. The year and month of delivery of the commodity specified in the futures contract, encoded as for characters YYMM, YY is the last two digits of the year and MM is the month, with a leading 0 for months 1–9.

If options information is being transmitted, this corresponds to the delivery month and year of the future upon which the option is traded or, in the case of options on physicals, the options expiration month and year.

(viii) Put or call identifier. If the 520E record is used to transmit futures data, this field is blank. For put options, encode this field with a “P,” for call options a “C.”

(ix) Strike price. For futures information, this field is blank. For options, the first position is a decimal indicator (D) and in the second through eighth positions the integer strike price (IIIII). The value of the option strike price is computed IIIIII*EXP10(−D).
Thus, 3004375 is interpreted as 4375*EXP10(3) = 4.375 x 10^3 = 4375.

(x) Open long (short) positions. Total number of long (short) contracts in the commodity specified in the call that are open on the firm’s books for a particular account as of the end of the trading day specified in the call. The field should be zero filled with right justified integers from 0 to 99999999.

(c) Response to special calls made pursuant to this section may be satisfied by responding as if the special call were issued under § 21.02 of this chapter, or in machine-readable form in a manner other than that specified in paragraph (b), in the discretion of the Director of the Division of Economic Analysis, upon a showing that the futures commission merchant, member of a contract market, or foreign broker is not able technologically to provide the information in the form required by this section. Petitions for exemption under this paragraph must be filed sufficiently in advance of the date specified in the special call to provide the Director with a period for consideration of the petition which is reasonable under the circumstances.

§ 21.03 Selected special calls—duties of foreign brokers, domestic and foreign traders, futures commission merchants, introducing brokers, and contract markets.

(a) For purposes of this section, the term “accounts of a futures commission merchant or foreign broker” means all open contracts and transactions in futures and options on the records of the futures commission merchant or foreign broker; the term “beneficial interest” means having or sharing in any rights, obligations or financial interest in any futures or options account; the term “customer” means any futures commission merchant, introducing broker, foreign broker, or trader for whom a futures commission merchant makes or causes to be made a futures or options contract. Paragraphs (e), (g) and (h) of this section shall not apply to any futures commission merchant or customer whose books and records are open at all times to inspection in the United States by any representative of the Commission.

(b) It shall be unlawful for a futures commission merchant to open a futures or options account or to effect transactions in futures or options contracts for an existing account, or for an introducing broker to introduce such an account, for any customer for whom the futures commission merchant or introducing broker is required to provide the explanation provided for in § 15.05(c) of this chapter until the futures commission merchant or introducing broker has explained fully to the customer, in any manner the futures commission merchant or introducing broker deems appropriate, the provisions of this section.

(c) Upon a determination by the Commission that information concerning accounts may be relevant information in enabling the Commission to determine whether the threat of a market manipulation, corner, squeeze, or other market disorder exists in any contract market, the Commission may issue a call for information from a futures commission merchant or customer pursuant to the provisions of this section.

(d) In the event the call is issued to a foreign broker or foreign trader, its agent, designated pursuant to § 15.05 of this chapter, shall, if directed, promptly transmit calls made by the Commission pursuant to this section by telex or a similarly expeditious means of communication.

(e) The futures commission merchant, introducing broker, or customer to whom the special call is issued must provide to the Commission the information specified below for the commodity, contract market, and delivery months or option expiration dates named in the call. Such information shall be filed at the place and within the time specified by the Commission.

(1) For each account of a futures commission merchant, introducing broker, foreign broker, or trader, including those accounts in the name of the futures commission merchant or foreign broker, on the dates specified in the call issued pursuant to this section, a futures commission merchant, introducing broker, or foreign broker shall
§ 21.03 17 CFR Ch. I (4–1–02 Edition)

provide the Commission with the following information:

(i) The name and address of the person in whose name the account is carried or introduced and, if the person is not an individual, the name of the individual to contact regarding the account;

(ii) The total open futures and options contracts in the account;

(iii) The number of futures contracts against which delivery notices have been issued or received and the number against which exchanges of futures for cash have been transacted during the period of time specified in the call;

(iv) Whether the account is carried for and in the name of another futures commission merchant or foreign broker; and

(v) For the accounts which are not carried for and in the name of another futures commission merchant, introducing broker, or foreign broker, the name and address of any other person who controls the trading of the account, and the name and address of any person who has a ten percent or more beneficial interest in the account.

(2) Each trader shall provide the Commission with the following information:

(i) The total open futures and options contracts owned or controlled on the dates specified in the call;

(ii) The name and address of any person having a ten percent or more beneficial interest in the open futures or options contracts reported pursuant to this paragraph;

(iii) The name and address of any other person who controls the trading of the open futures or options contracts reported pursuant to this paragraph; and

(iv) The cash commodity transaction and position information required to be maintained pursuant to §18.05 of this chapter as specified in the call which relates to futures or options positions of the trader in the United States.

(f) If the Commission has reason to believe that a futures commission merchant or customer has not responded as required to a call made pursuant to this section, the Commission in writing may inform the contract market specified in the call and that contract market shall prohibit the execution of, and no futures commission merchant, introducing broker, or foreign broker shall accept an order for, trades on the contract market and in the months or expiration dates specified in the call for or on behalf of the futures commission merchant or customer named in the call, unless such trades offset existing open contracts of such futures commission merchant or customer.

(g) Any futures commission merchant or customer named in a special call that believes he or she is or may be adversely affected or aggrieved by action taken by the Commission under paragraph (f) shall have the opportunity for a prompt hearing after the Commission acts. That person may immediately present in writing to the Commission for its consideration any comments or arguments concerning the Commission’s action and may present for Commission consideration any documentary or other evidence that person deems appropriate. Upon request, the Commission may, in its discretion, determine that an oral hearing be conducted to permit the further presentation of information and views concerning any matters by any or all such persons. The oral hearing may be held before the Commission or any person designated by the Commission, which person shall cause all evidence to be reduced to writing and forthwith transmit the same and a recommended decision to the Commission. The Commission’s directive under paragraph (f) of this section shall remain in effect unless and until modified or withdrawn by the Commission.

(h) If, during the course of or after the Commission acts pursuant to paragraph (f), the Commission determines that it is appropriate to undertake a proceeding pursuant to section 6(c) of the Commodity Exchange Act, 7 U.S.C. 9 and 15, the Commission shall issue a complaint in accordance with the requirements of section 6(c), and, upon further determination by the Commission that the conditions described in §21.03(c) still exist, a hearing pursuant to section 6(c) of the Act shall commence no later than five business days after service of the complaint. In the event the futures commission merchant or customer served with the complaint under section 6(c) has, prior

to the commencement of the section 6(c) hearing, sought a hearing pursuant to paragraph (g) above and the Commission has determined to accord him such a hearing, the two hearings shall be conducted simultaneously. Nothing in this section shall preclude the Commission from taking other appropriate action under the Commodity Exchange Act or the Commission’s Rules, including action under section 6(c) of the Act, regardless of whether the conditions described in §21.02(c) still exist, and no ruling issued in the course of a hearing pursuant to paragraph (g) or this paragraph shall constitute an estoppel pursuant to paragraph (g) or this paragraph shall constitute an estoppel against the Commission in any other action. (a) It shall be unlawful for any person to engage in the offer and sale of any foreign futures contract or foreign options transaction for or on behalf of a foreign futures or foreign options customer, except in accordance with the provisions of this part: Provided, that, with the exception of the disclosure and antifraud provisions set forth in §§30.6 and 30.9 of this part, the provisions of this part shall not apply to transactions executed on a foreign board of trade, and carried for or on behalf of a customer at a designated contract market, subject to an agreement with and rules of a contract market which permit positions in a commodity interest which have been established on one market to be liquidated on another market.

(b) Except as otherwise provided in §30.4 of this part or pursuant to an exemption granted under §30.10 of this part, it shall be unlawful for any person to engage in the offer and sale of any foreign futures contract or foreign option transaction for or on behalf of any foreign futures or foreign options customer other than by or through a futures commission merchant on a fully-disclosed basis.

§ 30.4 Registration required.

Except as provided in §30.5 of this part, it shall be unlawful for any person, with respect to a foreign futures or foreign options customer:

(a) To solicit or accept orders for or involving any foreign futures contract or foreign options transaction and, in connection therewith, to accept any money, securities or property (or extend credit in lieu thereof) to margin, guarantee or secure any trades or contracts that result or may result therefrom unless such person shall have registered, under the Act, with the Commission as a futures commission merchant and such registration shall not have expired nor been suspended nor revoked;

(b) Except an individual who elects to be and is registered as an associated person of a futures commission merchant, to solicit or accept orders for or involving any foreign futures contract or foreign options transaction, and who in connection therewith, does not accept any money, securities, or property (or extend credit in lieu thereof) to margin, guarantee, or secure any trade or contracts that result or may result therefrom, unless such person shall have registered, under the Act, with the Commission as an introducing broker and such registration shall not have expired nor been suspended nor revoked;

(c) To engage in a business which is of the nature of an investment trust, syndicate, or similar form of enterprise, and, in connection therewith, to solicit, accept, or receive funds, securities, or property, either directly or through capital contributions, the sale of stock or other forms of securities, or otherwise, for the purpose of trading, directly or indirectly, in any foreign futures contract or foreign options transaction unless such person shall have registered, under the Act, with the Commission as a commodity pool operator and such registration shall not have expired nor been suspended nor revoked: Provided, however, That the registration requirement set forth in this paragraph shall not apply to any investment trust, syndicate, or similar form of enterprise located outside the United States, its territories or possessions which is registered as an investment company under the Investment Company Act of 1940 and whose securities are registered in accordance with said Act:

§ 30.5 Exemption.

The Commission is authorized, by written order, to exempt any person from the provisions of §§30.3 and 30.4 of this part, if the Commission determines that such an exemption is in the public interest and consistent with the general purposes of this chapter.

(d) To solicit or enter into an agreement to direct, or to guide such customer's account by means of a systematic program that recommends specific transactions in any foreign option or foreign futures contract unless such person shall have registered, under the Act, with the Commission as a commodity trading advisor and such registration shall not have expired nor been suspended nor revoked: Provided, That the term “commodity trading advisor” does not include

(3) The publisher or producer of any print or electronic data of general and regular dissemination, including its employees,

(4) The named fiduciary, or trustee, of any defined benefit plan which is subject to the provisions of the Employee Retirement Income Security Act of 1974, or any fiduciary whose sole business is to advise that plan,

(5) Any foreign board of trade or clearing organization of such board of trade,

(6) An insurance company subject to regulation by any State, or any wholly-owned subsidiary or employee thereof, and

(7) Such other persons not within the intent of the term “commodity trading advisor” as the Commission may specify by rule, regulation, or order: And, provided further, That the furnishing of such services by the foregoing persons is solely incidental to the conduct of their business or profession. Registration as a commodity trading advisor shall not be required if such person is registered with the Commission as a futures commission merchant, introducing broker, commodity pool operator or associated person, or is otherwise exempt from registration pursuant to §30.5.

(e) Any person required to be registered as a futures commission merchant under this section must maintain an office in the United States which is managed by an individual domiciled in the United States and registered with the Commission as an associated person.

§ 30.5 Alternative procedures for non-domestic persons.

Any person not located in the United States, its territories or possessions, who is required in accordance with the provisons of this part to be registered with the Commission, other than a person required to be registered as a futures commission merchant, may apply for an exemption from registration under this part by filing a petition for exemption with the National Futures Association and designating an agent for service of process, as specified below. A person who receives confirmation of an exemption pursuant to this section must engage in all transactions subject to regulation under Part 30 through a registered futures commission merchant or a foreign broker who has received confirmation of an exemption pursuant to §30.10 in accordance with the provisions of §30.3(b).

(a) Agent for service of process. Any person who seeks exemption from registration under this part shall enter into a written agency agreement with the futures commission merchant located in the United States through which business is done, with any registered futures association or any foreign broker who has received confirmation of an exemption pursuant to §30.10, in accordance with the provisions of §30.3(b).
through which business is done, the futures commission merchant or foreign broker who has received confirmation of an exemption pursuant to §30.10 with whom business is conducted must be expressly identified in such agency agreement. Service or delivery of any communication issued by or on behalf of the Commission, U.S. Department of Justice, any self-regulatory organization or any foreign futures or foreign options customer, pursuant to such agreement, shall constitute valid and effective service or delivery upon such person. Unless otherwise specified by the Commission, the agreement required by this section shall be filed with the Vice President-Registration, National Futures Association, 200 West Madison Street, Chicago, Illinois 60606, with a copy to the Vice President-Compliance, National Futures Association. For the purposes of this section, the term “communication” includes any summons, complaint, order, subpoena, request for information, or notice, as well as any other written document or correspondence relating to any activities of such person subject to regulation under this part.

(b) Termination of agreement. Whenever the agreement referred to in paragraph (a) of this section is terminated or is otherwise no longer in effect, the futures commission merchant or any other person which is party to the agreement shall immediately notify the Vice President-Compliance of the National Futures Association and the futures commission merchant through which business is done, as appropriate. Upon notice, a futures commission merchant shall not accept from the person that has entered into such agreement any order, other than liquidating order(s), for, or on behalf of a foreign futures or foreign options customer. Notwithstanding the termination of the agreement referred to in paragraph (a) of this section, service or delivery of any communication issued by or on behalf of the Commission, U.S. Department of Justice, any self-regulatory organization or any foreign futures or foreign options customer pursuant to the agreement shall nonetheless constitute valid and effective service or delivery upon such person with respect to any transaction entered into on or before the date of the termination of the agreement.

(c) Applicability of other rules. Any person who is located outside of the United States, its territories or possessions, and who, in accordance with the provisions of paragraph (a) of this section, is exempt from registration as an introducing broker, commodity pool operator or commodity trading advisor under this section, shall nonetheless comply with the provisions of §30.6 of this part and §§1.37 and 1.57 of this chapter as if registered in such capacity.

(d) Access to records. Any person exempt from registration with the Commission in accordance with the provisions of paragraph (a) of this section must, upon the request of any representative of the Commission or U.S. Department of Justice, provide such records as such person is required to maintain under this part as requested at the place in the United States designated by the representative within 72 hours after the person receives the request.

(e) Petition for exemption. Any person seeking an exemption from registration as an introducing broker, commodity pool operator or commodity trading advisor under this section must file a petition for exemption, which will be granted or denied based on compliance with §30.5(a) and the provision of this paragraph. The petition must:

1. Be in writing;
2. Provide the name, main business address and main business telephone number of the petitioner;
3. Represent that:
   i. The petitioner is located outside of the United States, its territories or possessions;
   ii. The petitioner does not act as an introducing broker, commodity pool operator or commodity trading advisor, respectively, in connection with trading on or subject to the rules of a designated contract market in the United States by, for, on behalf of, or for the benefit of any U.S. customer, client or pool; and
   iii. The petitioner irrevocably agrees to the jurisdiction of the Commission and state and federal courts in the United States with respect to activities and transactions subject to this part;
§ 30.6 Disclosure

(a) Future commission merchants and introducing brokers. Except as provided in §1.65 of this chapter, no futures commission merchant, or in the case of an introduced account no introducing broker, may open a foreign futures or option account for a foreign futures or option customer, other than for a customer specified in §1.55(f) of this chapter, unless the futures commission merchant or introducing broker first furnishes the customer with a separate written disclosure statement containing only the language set forth in §1.55(b) of this chapter or as otherwise approved under §155(c) of this chapter (except for nonsubstantive additions such as captions), which has been acknowledged in accordance with §1.55 of this chapter: Provided, however, that the risk disclosure statement may be attached to other documents as the cover page or the first page of such documents and as the only material on such page.

(b) Commodity pool operators and commodity trading advisors. (1) With respect to persons who satisfy the requirements of qualified eligible persons, as defined in §4.7(a) of this chapter:

(i) A commodity pool operator registered or required to be registered under this part, or exempt from registration pursuant to §30.5, may not, directly or indirectly, engage in any of the activities described in §30.4(c) unless the pool operator, at or before the time it engages in such activities, first provides each prospective qualified eligible person with the Risk Disclosure Statement set forth in §4.24(b)(2) of this chapter and the statement in §4.7(b)(1)(i) of this chapter;

(ii) A commodity trading advisor registered or required to be registered under this part, or exempt from registration pursuant to §30.5, may not, directly or indirectly, engage in any of the activities described in §30.4(d) unless the trading advisor, at or before the time it engages in such activities, first provides each qualified eligible person with the Risk Disclosure Statement set forth in §4.34(b)(2) of this chapter and the statement in §4.7(c)(1)(i) of this chapter.

(2) With respect to persons who do not satisfy the requirements of qualified eligible persons, as defined in §4.7(a) of this chapter:

(i) A commodity pool operator registered or required to be registered under this part, or exempt from registration pursuant to §30.5, may not, directly or indirectly, engage in any of the activities described in §30.4(c) unless the pool operator, at or before the time it engages in such activities, first provides each prospective participant with the Disclosure Document required to be furnished to customers or potential customers pursuant to §4.21 of this chapter and files the Disclosure Document in accordance with §4.26 of this chapter;

(ii) A commodity trading advisor registered or required to be registered under this part, or exempt from registration pursuant to §30.5, may not, directly or indirectly, engage in any of the
§ 30.7 Treatment of foreign futures or foreign options secured amount.

(a) Except as provided in this section, a futures commission merchant must maintain in a separate account or accounts money, securities and property in an amount at least sufficient to cover or satisfy all of its current obligations to foreign futures or foreign options customers denominated as the foreign futures or foreign options secured amount. Such money, securities and property may not be commingled with the money, securities or property of such futures commission merchant, or used to secure or guarantee the obligations of, or extend credit to, such futures commission merchant or any proprietary account of such futures commission merchant.

(b) A futures commission merchant may deposit together with the secured amount required to be on deposit in the separate account or accounts referred to in paragraph (a) of this section money, securities or property held for or on behalf of other customers of the futures commission merchant for the purpose of entering into foreign futures or foreign options transactions. In such a case, the amount that must be deposited in such separate account or accounts must be no less than the greater of (1) the foreign futures and foreign options secured amount plus the amount that would be required to be on deposit if all such customers were foreign futures or foreign options customers under this part 30, or (2) the foreign futures or foreign options secured amount plus the amount required to be held in a separate account or accounts for or on behalf of customers pursuant to any law, or rule, regulation or order thereunder, or any rule of any self-regulatory organization authorized thereunder, in the jurisdiction in which the depository or the customer, as appropriate, is located.

(c) The separate account or accounts referred to in paragraph (a) of this section must be maintained under an account name that clearly identifies them as such, with any of the following depositories:

1. A bank or trust company located in the United States or as designated;
2. Another person registered as a futures commission merchant;
3. The clearing organization of any foreign board of trade;
4. Any member of such board of trade; or
5. Such member or clearing organization’s designated depositories. Each futures commission merchant must obtain and retain in its files for the period provided in §1.31 of this chapter an acknowledgment from such depository that it was informed that such money, securities or property are held for or on behalf of foreign futures and foreign options customers and are being held in accordance with the provisions of these regulations.
(d) In no event may money, securities or property representing the foreign futures or foreign options secured amount be held or commingled and deposited with customer funds in the same account or accounts required to be separately accounted for and segregated pursuant to section 4d of the Act and the regulations thereunder.

(e) Each futures commission merchant which invests money, securities or property on behalf of foreign futures or foreign options customers shall keep a record showing the following:

1. The date on which such investments were made;
2. The name of the person through whom such investments were made;
3. The amount of money so invested;
4. A description of the obligations in which such investments were made;
5. The identity of the depositaries or other places where such obligations are maintained;
6. The date on which such investments were liquidated or otherwise disposed of and the amount of money received of such disposition, if any; and
7. The name of the person to or through whom such investments were disposed of.

(f) Each futures commission merchant must compute as of the close of each business day:

1. The total amount of money, securities and property on deposit in separate account(s) in accordance with this section;
2. The total amount of money, securities and property required to be on deposit in separate account(s) in accordance with this section; and
3. The amount of the futures commission merchant’s residual interest in money, securities and property on deposit in separate account(s) in accordance with this section. Such computations must be completed prior to noon on the next business day and must be kept, together with all supporting data, in accordance with the requirements of §1.31.

§ 30.8 Quarterly reporting requirements.

(a) Each futures commission merchant required to be registered under this part shall file written quarterly reports on a form specified by the National Futures Association at the National Futures Association’s headquarters office in Chicago, Illinois, by the tenth business day of the month following the quarter covered by the reports.

(b) Each report shall contain the following information separately for each foreign board of trade on which foreign futures contracts or foreign options transactions were effected:

1. The total number of foreign futures contracts, separately by contract, long and short, customer or proprietary, executed during the quarter on such board of trade on behalf of the futures commission merchant or its foreign futures customers;
2. The total number of foreign futures contracts, separately by contract, long and short, customer or proprietary, open on such board of trade on behalf of the futures commission merchant or its foreign futures customers as of the close of business on the last business day of the quarter;
3. The total number of foreign options, separately by underlying futures contracts for options on futures contracts or by underlying physical for options on physicals, by put, by call, and by customer or proprietary, executed during the quarter on such board of trade on behalf of the futures commission merchant or its foreign options customers as of the close of business on the last business day of the quarter.

§ 30.9 Fraudulent transactions prohibited.

It shall be unlawful for any person, by use of the mails or by any means or instrumentality of interstate commerce, directly or indirectly, in or in connection with any account, agreement or transaction involving any foreign futures contract or foreign options transaction:
§ 30.10 Petitions for exemption.

Any person adversely affected by any requirement of this part may file a petition with the Secretary of the Commission, which petition must set forth with particularity the reasons why that person believes that he should be exempt from such requirement. The Commission may, in its discretion, grant such an exemption if that person demonstrates to the Commission's satisfaction that the exemption is not otherwise contrary to the public interest or to the purposes of the provision from which exemption is sought. The petition will be granted or denied on the basis of the papers filed. The petition may be granted subject to such terms and conditions as the Commission may find appropriate.

§ 30.11 Applicability of state law.

Pursuant to section 12(e)(2) of the Act, the provisions of any state law, including any rule or regulation thereunder, may be applicable to any person required to be registered under this part who solicits foreign futures and foreign options customers and who shall fail or refuse to obtain such registration, unless such person is exempt from such registration in accordance with the provisions of §§30.4, 30.5 or §30.10 of this part.

§ 30.12 Direct foreign order transmittal.

(a) Authorized customers defined. For the purposes of this section, an “authorized customer” of a futures commission merchant shall mean any foreign futures or foreign options customer, as defined in §30.1(c), or its designated representative, that:

(1) The futures commission merchant has authorized to place orders for the account of the futures commission merchant’s foreign futures and options customer omnibus account; and

(2)(i) Is an eligible swap participant, as defined in §35.1(b)(2) of this chapter, or

(ii) Whose investment decisions with respect to foreign futures and foreign option transactions are made by a commodity trading advisor subject to regulation under the Act, including any investment adviser registered as such with the Securities and Exchange Commission that is exempt from regulation as a commodity trading advisor under the Act or Commission regulations, or a foreign person performing a similar role or function subject as such to foreign regulation, provided that the commodity trading advisor has total assets under management exceeding $50,000,000 and that the commodity trading advisor places the foreign futures or foreign options order.

(b) Procedures for futures commission merchants. It shall be unlawful for any futures commission merchant to permit an authorized customer to place orders for execution in the futures commission merchant’s foreign futures and options customer omnibus account directly with a person exempt from registration under paragraphs (c) and (d) of this section, unless, such futures commission merchant:

(1) Meets one of the following capital requirements, as determined by the futures commission merchant’s most recent required filing of a Form 1–FR–FCM with the Commission:

(i) Possesses $20,000,000 in adjusted net capital, as defined by §1.17(c)(5) of this chapter; or

(ii) Possesses the greater of three times the amount of adjusted net capital required by §1.17(a)(1)(i)(A) of this chapter or three times the amount of
Commodity Futures Trading Commission

§ 30.12

adjusted net capital required by §1.17(a)(1)(i)(B) of this chapter; and

(2) Has established control procedures that will serve as guidelines for permitting direct contacts between any authorized customer of the futures commission merchant and any person exempt from registration under paragraphs (c) or (d) of this section, and has in place appropriate risk management procedures to monitor its own risk relative to its authorized customers' risk aggregates and actions in all markets, including, but not limited to, procedures to ensure that each authorized customer satisfies the participation criteria set forth in paragraph (a) of this section and to specify the manner in which trades may be executed through its customer omnibus account pursuant to this section;

(3) Furnishes a written disclosure statement to each such authorized customer advising the customer of the additional risks the customer may be assuming in placing orders directly with the foreign broker. The disclosure statement must read as follows:

Direct Order Transmittal Client Disclosure Statement

This statement applies to the ability of authorized customers of [FCM] to place orders for foreign futures and options transactions directly with non-US entities (each, an “Executing Firm”) that execute transactions on behalf of [FCM]’s foreign futures and options customer omnibus accounts.

Please be aware of the following should you be permitted to place the type of orders specified above.

• The orders you place with an Executing Firm are for [FCM]’s foreign futures and options customer omnibus account maintained with a foreign clearing firm. Consequently, [FCM] may limit or otherwise condition the orders you place with the Executing Firm.

• You should be aware of the relationship of the Executing Firm and [FCM]. [FCM] may not be responsible for the acts, omissions, or errors of the Executing Firm, or its representatives, with which you place your orders. In addition, the Executing Firm may not be affiliated with [FCM]. If you choose to place orders directly with an Executing Firm, you may be doing so at your own risk.

• It is your responsibility to inquire about the applicable laws and regulations that govern the foreign exchanges on which transactions will be executed on your behalf. Any orders placed by you for execution on that exchange will be subject to such rules and regulations, its customs and usages, as well as any local laws that may govern transactions on that exchange. These laws, rules, regulations, customs and usages may offer different or diminished protection from those that govern transactions on US exchanges. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction. United States regulatory authorities may be unable to compel the enforcement of the rules of regulatory authorities or markets in non-US jurisdictions where transactions may be effected.

• It is your responsibility to determine whether the Executing Firm has consented to the jurisdiction of the courts in the United States. In general, neither the Executing Firm nor any individuals associated with the Executing Firm will be registered in any capacity with the Commodity Futures Trading Commission. Similarly, your contacts with the Executing Firm may not be sufficient to subject the Executing Firm to the jurisdiction of courts in the United States in the absence of the Executing Firm’s consent. Accordingly, neither the courts of the United States nor the Commission’s reparation program may be available as a forum for resolution of any disagreements you may have with the Executing Firm, and your recourse may be limited to actions outside the United States.

• Unless you object within five (5) days, by giving notice as provided in your customer agreement after receipt of this disclosure, [FCM] will assume your consent to the aforementioned conditions.

(c) Exemption for foreign futures and options brokers. Any person not located in the United States, its territories or possessions, who is otherwise required in accordance with this part to be registered with the Commission as a futures commission merchant or as an introducing broker will be exempt from such registration, notwithstanding that such person accepts orders for foreign futures and foreign options transactions from authorized customers of a registered futures commission merchant that meets the requirements of paragraph (b)(1) of this section, provided that:

1You should contact your account executive regarding your eligibility to participate in the direct order transmittal process.
Pt. 30, App. A

(1) The orders are executed for or on behalf of the foreign futures and options customer omnibus account of a registered futures commission merchant;

(2) The person does not solicit or accept any money, securities or property (or extend credit in lieu thereof) directly from any U.S. foreign futures and options customer to margin, guarantee or secure any trades or contracts that result or may result therefrom; and

(3) The person is a foreign futures and options broker, as defined by §30.1(e).

(d) Exemption for foreign futures and options brokers carrying a foreign futures and options customer omnibus account. Any person not located in the United States, its territories or possessions, who is otherwise required in accordance with this part to be registered with the Commission as a futures commission merchant will be exempt from such registration, notwithstanding that such person:

(1) Carries the foreign futures and options customer omnibus account of a futures commission merchant that meets the requirements of paragraph (b)(1) of this section;

(2) Accepts orders for foreign futures and foreign options transactions from authorized customers for the execution of the trades for or on behalf of the foreign futures and options customer omnibus account of a registered futures commission merchant either directly or pursuant to a give-up arrangement; and

(3) The person is a foreign futures and options broker, as defined by §30.1(e).

APPENDIX A TO PART 30—INTERPRETATIVE STATEMENT WITH RESPECT TO THE COMMISSION’S EXEMPTIVE AUTHORITY UNDER §30.10 OF ITS RULES

Part 30 of the Commission’s regulations establishes the regulatory structure governing the offer and sale in the United States of futures and options contracts made or to be made on or subject to the rules of a foreign board of trade. Section 30.10 of these regulations provides that, upon petition, the Commission may exempt any person from any requirement of this part. Specifically, section 30.10 states:

Any person adversely affected by any requirement of this part may file a petition with the Secretary of the Commission, which petition must set forth with particularity the reasons why that person believes that he should be exempt from such requirement. The Commission may, in its discretion, grant such an exemption if that person demonstrates to the Commission’s satisfaction that the exemption is not otherwise contrary to the public interest or to the purposes of the provision from which exemption is sought. The petition will be granted or denied on the basis of the papers filed. The petition may be granted subject to such terms and conditions as the Commission may find appropriate.

As the provisions of this section make clear, any person subject to regulation under part 30 may petition the Commission for an exemption. In adopting these regulations, however, the Commission noted in particular that persons located outside the United States that solicit or accept orders directly from United States customers for foreign futures or options transactions and that are subject to a comparable regulatory scheme in the country in which they are located may apply under section 30.10 for exemption from some or all of the requirements that would otherwise be applicable to such persons. This interpretative statement sets forth the elements that the Commission intends to evaluate in determining whether a particular regulatory program may be found to be comparable to the Commission’s program.

The Commission wishes to emphasize, however, that this interpretative statement is not all inclusive, and that information with respect to other aspects of a particular regulatory program may be submitted by a petitioner or requested by the Commission. In this connection, the Commission would have broad discretion to determine that the policies of any program element generally are met, notwithstanding the fact that the offshore program does not contain an element identical to that of the Commission’s regulatory program and conversely may assess how particular elements are in fact applied by offshore authorities. Thus, for example, in order to find that a particular program is comparable, the regulations thereunder would have to be applicable to all United States customers, notwithstanding any exemptions that might otherwise be available to particular classes of customer located offshore. A petitioner, therefore, must set forth with particularity the factual basis for a finding of comparability and the reasons why such policies and purposes are met, notwithstanding differences of degree and kind in its regulatory program.
No exemptions of a general nature will be granted unless the persons to which the exemption is to be applied consent to submit to jurisdiction in the United States by designating an agent for service of process pursuant to the provisions of rule 30.5 with respect to any activities of such persons otherwise subject to regulation under this part and to notify the National Futures Association of the commencement or termination of business in the United States. In this connection, to be exempted, such person must further agree to respond to a request to confirm that it continues to do business in the United States.

Persons located outside the United States may seek an exemption on their own behalf or an exemption may be sought on a general basis through the governmental agency responsible for the implementation and enforcement of the regulatory program in question, or the self-regulatory organizations of which such persons are members. The appropriate petitioner is a matter of judgment and may be determined by the parties seeking the exemption. The Commission, however, notes that it will be able to address petitions more efficiently if they are filed by the governmental agency or self-regulatory organization responsible for the regulatory program.

In this connection, as will be discussed in more detail below, any exemption of a general nature based on comparability will be conditioned upon appropriate information sharing arrangements between the Commission and the relevant governmental agency or self-regulatory organization. Representations from the appropriate governmental agency with respect to the applicability of any blocking statutes that may prevent the sharing of information requested under private arrangements would also be considered. Finally, in considering an exemption request, the Commission will take into account the extent to which United States persons or contracts regulated by the Commission are permitted to engage in futures-related activities or be offered in the country from which an exemption is sought.

In the Commission's review, the minimum elements of a comparable regulatory program would include: (1) Registration, authorization in the form of licensing, fitness review or qualification of persons through which customer orders are solicited and accepted; (2) minimum financial requirements for those persons that accept customer funds; (3) protection of customer funds from misapplication; (4) recordkeeping and reporting requirements; (5) minimum sales practice standards, including disclosure of the risks of futures and options transactions; and, in particular, the risk of transactions undertaken outside the jurisdiction of domestic law; and (6) compliance.

Qualification. Under domestic law, registration identifies to the Commission, the public and other governmental agencies the individuals and entities that are properly authorized to solicit and accept customer orders and are in good standing. Equally important, the procedure provides the Commission, through the National Futures Association, the opportunity to determine whether the applicants are unfit to deal with the public. In this connection, the standards for determining whether a person through its principals is fit for registration with the Commission are set forth in section 8a(2)-8a(4) of the Act. Timely access to information as to a firm's good standing and the application by relevant authorities of membership and licensing criteria, as well as the criteria themselves, will be considered by the Commission in assessing comparability.

Minimum Financial Requirements. Minimum financial requirements for persons that handle customer funds serve at least three critical functions. First, they provide a cushion together with margin such that in the event of a default of a customer, the losses of that customer need not adversely affect the funds held on behalf of other customers. Second, they help ensure that the person has sufficient funds to operate its business and, therefore, is less likely to be tempted to misapply customer funds for its own purposes. Third, they ensure that the person holding customer funds has some financial stake in its business and, therefore, is serious in its intent. In assessing comparability, capital rules or their equivalent will be considered together with any provisions made for insuring customer losses, the scope of clearing guarantees and segregation or customer trust calculation and accounting requirements which, to the extent they cover under-margined accounts, can provide significant protection of one customer from another customer's losses.

Customer Funds. The Act requires the strict segregation of customer funds from those of the person holding such funds. One of the primary purposes of this requirement is to prevent the misapplication of those funds for purposes other than those intended by the customer, which may affect not only the customer but the market as a whole. The purpose of segregation is also to identify customer deposits as assets of the customer, rather than the firm, in order that in bankruptcy such funds are payable only to satisfy the carrying firm's obligations to such customers and not other obligations of the firm. In assessing comparability of protection of customer funds, the Commission will consider protections accorded customer funds in a bankruptcy under applicable law, as well as protection from fraud.

Recordkeeping and Reporting. Recordkeeping requirements have long been recognized as the linchpin of the Commission's
regulatory scheme. Reporting and record-keeping requirements assist in determining that a registrant is acting in accordance with the provisions of the Act and the rules, regulations and orders of the Commission thereunder. Similarly, reporting requirements ensure that customers are timely advised of the transactions that have been executed on their behalf, thus ensuring that they are aware of their positions in the markets and may object to any transactions that they believe are in error. The Commission will consider the types of records maintained, the ability through those records to trace funds and transactions, and the period of retention and accessibility of records under the information sharing arrangements discussed below in considering comparability.

Sales Practice Standards. In 1982, Congress reaffirmed the importance of minimum sales practice standards to protect customers from fraud or misrepresentation by requiring any futures association registered by the Commission to adopt and enforce rules governing the sales practices of its members. The Commission has consistently provided that written disclosure of the risks of futures and options trading is essential to ensure that potential customers are aware of these risks and are not otherwise misled and that other appropriate disclosure is made. The Commission will review the type and manner of disclosure given and the mechanisms for assuring the disclosure requirements are met and, in particular, the treatment of discretionary accounts for which, for example, Commission rule 166.2 requires particularized documentation of intent to confer discretion in the case of foreign futures and options transactions.

Compliance. Finally, in assessing comparability of a program, the Commission will examine the procedures employed by the governmental authority or the appropriate self-regulatory organization to audit for compliance with, and to take action as appropriate against those persons that violate, the requirements of that program.

Information Sharing. As noted above, any exemption of a general nature would also require an information sharing arrangement between the Commission and the appropriate governmental or self-regulatory organization to ensure Commission access to information on an as needed basis as may be necessary to fulfill its regulatory responsibilities. The information subject to these arrangements generally would be of a type necessary in the first instance to monitor domestic markets and to protect domestic customers trading on foreign markets.

Firm-specific information that is potentially relevant to protection of domestic customers engaged in foreign transactions could include the following: (1) Registration qualification status; (2) names of principals; (3) current capital; (4) location of customer funds; (5) address of main office and branches; (6) exchange and self-regulatory organization memberships; (7) the existence of any derogatory information such as that required to be disclosed on the Commission’s Form 7-R; (8) notice of limitations imposed on activities; (9) notice of undersegregation or undercapitalization; (10) notice of misuse of customer funds; and (11) notice of sanctions or of expulsion from exchange or self-regulatory organization membership. The Commission believes that much of the above information would be public in the ordinary course in most jurisdictions. From time to time, the Commission also may need immediate access to financial information concerning risks posed to domestic firms by the carrying of foreign positions.

In addition to information that relates to the financial stability and creditworthiness of the firm, the Commission should have access to transaction-specific information that confirms the execution of orders and prices and facilitates tracing of customer funds. Such data could include records reflecting:

1. That an order has been received by a firm on behalf of one or more United States customers; (2) that an order has been executed on an exchange on behalf of one or more United States customers; (3) that funds to margin, guarantee or secure United States customer transactions have been received by a firm and deposited in an appropriate depositary; and (4) the price at which a transaction was executed and general access to pricing information.

Again, such information is likely to be maintained in the ordinary course of business. Tracing of customer funds would be most essential in cases of insolvency where repatriation of funds is at issue.

The Commission may also seek relevant position data information, including the identity of the position holder and related positions, in connection with surveillance of a potential “market disruption.” This is particularly true in the case of integrated markets.

The Commission wishes to emphasize that the information sharing arrangements discussed herein are not necessarily a substitute for, nor would they preclude, a more formal agreement or arrangement with respect to the sharing of information.

Marketing Activities by Firms Granted Rule 30.10 Relief

1. Rule 30.7 requires FCMs who accept money, securities or property from foreign futures and foreign options customers to maintain in a separate account or accounts such money, securities and property in an amount at least sufficient to cover or satisfy all of its current obligations to those customers. This amount is denominated as the “foreign futures or foreign options secured amount” and that term is defined in Rule 1.3(rr). The separate accounts must be maintained under an account name that clearly identifies the funds as belonging to foreign futures and foreign options customers at a depository that meets the requirements of Rule 30.7(c). Further, each FCM must obtain and retain in its files for the period provided in Rule 1.31 an acknowledgment from the depository that the depository was informed that such money, securities or property are held for or on behalf of foreign futures and foreign options customers and are being held in accordance with the provisions of these regulations.

2. In a series of orders issued pursuant to Rule 30.10, the Commission required that certain foreign firms exempt from registration as FCMs essentially comply with the standards of Rule 30.7. Specifically, the Commission stated that “[the secured amount] requirement is intended to ensure that funds provided by U.S. customers for foreign futures and options transactions, whether held at a U.S. FCM under Rule 30.7(c) or a firm exempted from registration as an FCM under CFTC Rule 30.10, will receive equivalent protection at all intermediaries and exchange clearing organizations.” 2 The Commission further interpreted Rule 30.7 to require each FCM and Rule 30.10 firm to take appropriate action (i.e., set aside funds in a “mirror” account) in the event that it becomes aware of facts leading it to conclude that foreign futures and foreign options customer funds are not being handled consistent with the requirements of Commission rules or relevant order for relief by any subsequent intermediary or exchange clearing organization.

3. Upon further analysis and reconsideration of this matter, the Commission has determined to revise its prior interpretation of the Rule 30.7 secured amount requirement. The Commission notes that the initial depository’s ability to identify customer funds affords foreign futures and foreign options customers a measure of protection in the event that the intermediating FMC or mission determines that the foreign jurisdiction’s regulatory structure offers comparable regulatory oversight, the Commission may issue an Order granting general relief subject to certain conditions. Firms seeking confirmation of relief (referred to herein as “Rule 30.10 firms”) must make certain representations set forth in the Rule 30.10 order issued to the regulator or SRO from the firm’s home country. For a list of those foreign regulators and SROs that have been granted a Rule 30.10 order, see Appendix C to Part 30. In certain cases, where a foreign regulator or SRO has requested that firms subject to its jurisdiction be granted broader relief to engage in transactions on exchanges other than in its home jurisdiction (referred to herein as “expanded relief”), the relief has been granted where the relevant authority has represented that it will monitor its firms for compliance with the terms of the order in connection with such offshore transactions.

2 Under Rule 30.10, the Commission may exempt a foreign firm acting in the capacity of an FCM from registration under the Commodity Exchange Act (“Act”) and compliance with certain Commission rules based upon the firm’s compliance with comparable regulatory requirements imposed by the firm’s home-country regulator or self-regulatory organization (“SRO”). Once the Commission determines that the foreign firm’s home jurisdiction’s regulatory structure offers comparable regulatory oversight, the Commission may issue an Order granting general relief subject to certain conditions.

3 The Commission determined to revise its prior interpretation of the Rule 30.7 secured amount requirement. The Commission notes that the initial depository’s ability to identify customer funds affords foreign futures and foreign options customers a measure of protection in the event that the intermediating FMC or mission determines that the foreign jurisdiction’s regulatory structure offers comparable regulatory oversight, the Commission may issue an Order granting general relief subject to certain conditions. Firms seeking confirmation of relief (referred to herein as “Rule 30.10 firms”) must make certain representations set forth in the Rule 30.10 order issued to the regulator or SRO from the firm’s home country. For a list of those foreign regulators and SROs that have been granted a Rule 30.10 order, see Appendix C to Part 30. In certain cases, where a foreign regulator or SRO has requested that firms subject to its jurisdiction be granted broader relief to engage in transactions on exchanges other than in its home jurisdiction (referred to herein as “expanded relief”), the relief has been granted where the relevant authority has represented that it will monitor its firms for compliance with the terms of the order in connection with such offshore transactions.

4 Under Rule 30.10, the Commission may exempt a foreign firm acting in the capacity of an FCM from registration under the Commodity Exchange Act (“Act”) and compliance with certain Commission rules based upon the firm’s compliance with comparable regulatory requirements imposed by the firm’s home-country regulator or self-regulatory organization (“SRO”). Once the Commission determines that the foreign firm’s home jurisdiction’s regulatory structure offers comparable regulatory oversight, the Commission may issue an Order granting general relief subject to certain conditions. Firms seeking confirmation of relief (referred to herein as “Rule 30.10 firms”) must make certain representations set forth in the Rule 30.10 order issued to the regulator or SRO from the firm’s home country. For a list of those foreign regulators and SROs that have been granted a Rule 30.10 order, see Appendix C to Part 30. In certain cases, where a foreign regulator or SRO has requested that firms subject to its jurisdiction be granted broader relief to engage in transactions on exchanges other than in its home jurisdiction (referred to herein as “expanded relief”), the relief has been granted where the relevant authority has represented that it will monitor its firms for compliance with the terms of the order in connection with such offshore transactions.
foreign firm becomes insolvent. Moreover, Rule 30.6(a) requires that foreign futures and foreign options customers receive a Rule 1.55 written disclosure explaining that the treatment of customer funds outside the U.S. may not afford the same level of protection offered in the U.S. These protections exist whether the intermediating firm is a U.S. FCM or a firm exempt from such registration under Rule 30.10.4

4. The Commission further notes, however, that, in February 1998, Rule 30.6 was amended to permit an FCM to open a commodity account for a foreign futures or foreign options customer without providing the Rule 1.55 risk disclosure statement or obtaining an acknowledgment of receipt of such statement, provided that the customer is, at the time at which the account is opened, one of several types of sophisticated customers enumerated in Rule 1.55(f) ("Rule 1.55(f) customer").5 While the amendment to Rule 30.6(a) extinguished the obligation to provide a standardized risk disclosure statement to Rule 1.55(f) customers at the time of the account opening, the Commission stated that FCMs have obligations to these customers independent of such a duty that would be material in the circumstances of a given transaction.6

5. After careful consideration of the issue, the Commission has determined that intermediaries should advise all customers (regardless of their level of sophistication) to consider making appropriate inquiries relating to the treatment of customer funds by depositaries located outside the jurisdiction of the intermediating firm. Accordingly, the Commission has determined that an FCM, at a minimum, must provide each foreign futures or foreign option customer with a written disclosure tracking the language in either: (1) Rule 1.55(b)(7),7 or (2) Paragraphs 6 and 8 of Appendix A to Rule 1.55(c).8 Rule 17 CFR Ch. I (4–1–02 Edition) Pt. 30, App. B

liquidates or establishes a position on the other exchange. No domestic organization regulates the activities of a foreign exchange, including the execution, delivery and clearing of transactions on such exchange, and no domestic regulator has the power to compel enforcement of the rules of the foreign exchange or the laws of the foreign country. Moreover, such laws or regulations will vary depending on the foreign country in which the transaction occurs. For these reasons, customers who trade on foreign exchanges may not be afforded certain of the protections which apply to domestic transactions, including the right to use alternative dispute resolution. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction.

*Appendix A to Rule 1.55(c) is the Generic Risk Disclosure Statement, which FCMs may use as an alternative to the Risk Disclosure Statement prescribed in Rule 1.55(b).

The Commission understands that most FCMs, in particular those that are most active in international markets, use the Generic Risk Disclosure Statement.

Paragraphs 6 and 8 of Appendix A to Rule 1.55(c) read as follows:

6. Deposited cash and property.

You should familiarize yourself with the protections accorded money or property you deposit for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specified legislation or local rules. In some jurisdictions, property which has been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

8. Transactions in other jurisdictions.

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation which may offer different or diminished investor protection. Before you trade you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of the regulatory authorities or markets in other jurisdictions where your transactions have been effected. You should ask the firm with which you deal for details about the types of

...
30.10 firms must provide each foreign futures or foreign options customer with a written disclosure tracking the language in either Rule 1.55(b)(7) or paragraphs 6 and 8 of Appendix A to Rule 1.55(c), or a comparable disclosure statement prescribed by the firm’s home country regulator. The Commission further encourages all firms, whether domestic or foreign, to provide a Rule 1.55 written risk disclosure to all customers, regardless of each customer’s respective level of experience. The Commission notes that, in any instance where a firm provides a Rule 1.55(f) customer with a written disclosure, it is not necessary for the firm to obtain an acknowledgment of receipt. In addition, those FCMs that already have provided customers with a disclosure tracking either Rule 1.55(b)(7) or paragraphs 6 and 8 of Appendix A to Rule 1.55(c) (or in the case of Rule 30.10 firm, a comparable disclosure statement prescribed by its home country regulatory) need not provide those same customers with an additional written disclosure.

6. For the reasons set forth above, the Commission is revising its interpretation of the secured amount requirement set forth in Rule 30.7. The Commission believes that the Rule 30.7 acknowledgment required of FCMs, or other appropriate acknowledgment required by Rule 30.10 firms, only applies to the maintenance of the account or accounts containing foreign futures and foreign options customer funds by the initial depository, and not to the manner in which any subsequent depository holds or subsequently transmits those funds. If an FCM receives from the initial depository the acknowledgment described in Rule 30.7, furnishes to each foreign futures or foreign options customer a written disclosure statement tracking the language set forth in Rule 1.55(b)(7) or paragraphs 6 and 8 of Appendix A of Rule 1.55(c) and otherwise complies with the provisions of Rule 30.7, then it may include all funds maintained in the separate account or accounts in calculating its secured amount requirement. A Rule 30.10 firm must satisfy the same requirements, except that it may provide each foreign futures or foreign options customer with a comparable disclosure statement prescribed by its home regulator.

7. If an FCM or Rule 30.10 firm fails to receive the required acknowledgment from the initial depository or provide the above written disclosure statement (and in certain circumstances, receive from customers and acknowledgment of receipt), then it must set aside funds with an acceptable depository and receive from such depository the required acknowledgment.

(b) Application for registration. Applications to register leverage commodities should be filed with the Commission at its Washington, DC headquarters. Attn: Secretariat. Three copies of each such submission should be filed. The Commission may return any application which does not comply with the form and content requirements of this section. Each applicant must:
(1) Provide evidence that the person applying for registration of the leverage commodity is registered or has applied to the National Futures Association for registration as a leverage transaction merchant;
(2) Provide an explanation of the distinguishing characteristics of the leverage commodity for which registration is sought, including a complete description of the cash market for the leverage commodity, and for the spot, forward, and futures markets for the generic commodity;

Such description must be accompanied by information regarding the availability of any normally required certification or inspection service at the delivery points including those of the leverage transaction merchant; and

Three copies of each such submission must be furnished to the Commission at its Washington, DC headquarters. Attn: Secretariat. The Commission may return any submission which does not comply with the form and content requirements of this section. Each such submission must, in the following order:

(3) Indicate whether, if such changes are applied to existing leverage commodities, there will be a change in the economic value of such commodities.
§ 31.7 and, if so, quantify the extent of such changes.

(d) Authority to disapprove amendments. The Commission may disapprove, alter, or amend changes to the distinguishing characteristics of the registered leverage commodity, or to the terms and conditions of the leverage contracts offered thereon, after appropriate notice and opportunity for hearing, when the Commission determines that such a change is in violation of any of the provisions of the Act or any of the regulations thereunder, or that it is necessary or appropriate to ensure the financial solvency of leverage transactions or prevent manipulation or fraud. Upon notification by the Commission of its determination to disapprove, alter or amend such changes, the proposed changes will not become effective pending a final determination by the Commission to disapprove, alter, or amend such changes.

(e) Authority to alter or amend specifications of the registered leverage commodity or the terms and conditions of leverage contract. The Commission may alter or amend specific distinguishing characteristics of the registered leverage commodity or the terms and conditions of leverage contracts after appropriate notice and opportunity for hearing when the Commission determines that, in light of intervening events, such alterations or amendments would be necessary or appropriate to ensure the financial solvency of leverage transactions or prevent manipulation or fraud.

§ 31.11 Disclosure.

(a) Except as provided in paragraph (i) of this section, prior to the opening of a leverage customer account, a leverage transaction merchant soliciting an order for any leverage contract shall furnish to the prospective leverage customer a dated Disclosure Document and receive from such prospective leverage customer a signed and dated copy of the risk disclosure statement contained in such document which acknowledges that the customer received and understood the Disclosure Document. The Disclosure Document shall contain then current information with respect to the leverage contract being offered by the person soliciting the order therefor, and shall contain:

1. The following bold-faced risk disclosure statement in at least ten-point type on the first page of the Disclosure Document:

BECAUSE OF THE UNPREDICTABLE NATURE OF THE PRICES OF PRECIOUS AND OTHER METALS, LEVERAGE CONTRACTS INVOLVE A HIGH DEGREE OF RISK AND ARE NOT SUITABLE FOR MANY MEMBERS OF THE PUBLIC. THE LEVERAGE CUSTOMER SHOULD BE AWARE THAT THE VALUE OF A LEVERAGE CONTRACT ORIGINALLY PURCHASED BY A CUSTOMER ("LONG LEVERAGE CONTRACT") MUST EXCEED THE BREAK-EVEN PRICE BEFORE IT IS POSSIBLE TO REALIZE A PROFIT ON THE CONTRACT. SIMILARLY, THE VALUE OF A LEVERAGE CONTRACT

§ 31.10 Repurchase and resale of leverage contracts by leverage transaction merchants.

(a) No leverage transaction merchant shall offer to sell or sell a long leverage contract involving a leverage commodity to any leverage customer at any time when such leverage transaction merchant is not offering to repurchase from any of its leverage customers any short leverage contract, and is not offering to resell to any of its leverage customers any long leverage contract, involving the same leverage commodity previously purchased or sold by the leverage transaction merchant from or to a leverage customer.

(b) No leverage transaction merchant shall offer to purchase or purchase a short leverage contract involving a leverage commodity from any leverage customer at any time when such leverage transaction merchant is not offering to resell to any of its leverage customers any long leverage contract, and is not offering to repurchase from any of its leverage customers any short leverage contract.
ORIGINALLY SOLD BY A LEVERAGE CUSTOMER ("SHORT LEVERAGE CONTRACT") MUST BE LESS THAN THE BREAK-EVEN PRICE BEFORE IT IS POSSIBLE TO REALIZE A PROFIT ON THE CONTRACT. A FILLED IN VERSION OF THE CUSTOMER CONFIRMATION STATEMENT REFLECTING A SINGLE TRANSACTION IN A REPRESENTATIVE LEVERAGE COMMODITY AND A SHORT LEVERAGE TRANSACTION WITHIN THE TIME PERIOD OF THE LEVERAGE CONTRACT'S BREAK-EVEN VALUE IS ATTACHED TO THIS DOCUMENT. THIS IS THE CONFIRMATION STATEMENT YOU WILL RECEIVE TO CONFIRM YOUR ACTUAL TRANSACTION. BE CERTAIN THAT YOU UNDERSTAND THE INFORMATION PROVIDED BY THIS STATEMENT BEFORE YOU ENTER INTO A LEVERAGE TRANSACTION.

YOU SHOULD ALSO UNDERSTAND THAT THE PRICES OF LEVERAGE CON-TRACTS WHICH ARE REFLECTED ON THE FILLED-IN CONFIRMATION STATEMENT AS ESTIMATED MAY VARY AMONG LEVERAGE FIRMS, AND THAT SUCH FIRMS HAVE COMPLETE DISCRETION IN SETTING THEIR CHARGES AND THE PRICE OF THE LEVERAGE CONTRACTS THEY OFFER. PRIOR TO ENTERING INTO ANY LEVERAGE CONTRACT A PROSPECTIVE LEVERAGE CUSTOMER SHOULD COMPARE THE CHARGES AND PRICES OF SUCH FIRMS WITH EACH OTHER AND THE COMMISSIONS FOR AND PRICES OF FUTURES CONTRACTS TRADED ON DESIGNATED EX-CHANGES.

YOU SHOULD ALSO BE AWARE THAT YOU ARE SUBJECT TO MARGIN CALLS. THE LEVERAGE FIRM RESERVES THE RIGHT TO LIQUIDATE YOUR POSITION IF YOU DO NOT RESPOND TO A MARGIN CALL WITHIN THE TIME SPECIFIED IN YOUR LEVERAGE AGREEMENT. IN ANY EVENT, IF THE EQUITY IN YOUR CONTRACT AT ANY TIME FALLS BELOW 90% OF THE MINIMUM MARGIN, YOUR CONTRACT MAY BE LIQUIDATED WITHOUT PRIOR NOTICE. YOU MUST, HOWEVER, BE NOTIFIED OF LIQUIDATION WITHIN NO MORE THAN 24 HOURS THEREAFTER AND PERMITTED TO REESTABLISH YOUR CONTRACT FOR A PERIOD OF 5 BUSINESS DAYS. LEVERAGE CONTRACTS PURCHASED FROM A LEVERAGE TRANSACTION MERCHANT ARE RE-ESTABLISHED AT THE THEN PREVAILING PRICE AND LEVERAGE CONTRACTS SOLD TO A LEVERAGE TRANSACTION MERCHANT ARE RE-ESTABLISHED AT THE THEN PREVAILING ASK PRICE WITHOUT COMMISSIONS, FEES OR OTHER MARK-UPS OR CHARGES UNDER RULES SET BY THE COMMODITY FUTURES TRADING COMMISSION. AS MORE COMPLETELY DESCRIBED IN THIS DISCLOSURE DOCUMENT, IN CASE OF LIQUIDATION, ALL OF YOUR FUNDS MAY BE USED TO SETTLE THE DEFICIT IN THE ACCOUNT, AND YOU MAY BE LIABLE FOR ADDITIONAL FUNDS TO SETTLE IN FULL.

OBLIGATION TO OFFER TO REPURCHASE A LEVERAGE CUSTOMER, YOU MAY RESCIND YOUR FIRST LEVERAGE TRANSACTION SUBJECT ONLY TO ACTUAL PRICE LOSSES BUT OTHERWISE WITHOUT PENALTY FOR THREE BUSINESS DAYS FOLLOWING AND INCLUDING THE DAY OF RECEIPT OF THE CONFIRMATION DOCUMENT.

YOU SHOULD BE AWARE THAT IN ORDER TO REALIZE ANY VALUE FROM A LONG LEVERAGE CONTRACT, THE LEVERAGE TRANSACTION MERCHANT WHICH SOLD YOU THE LEVERAGE CONTRACT MUST REPURCHASE IT, OR YOU MUST PAY THE LEVERAGE TRANSACTION MERCHANT THE FULL PURCHASE PRICE FOR THE LEVERAGE CONTRACT, TAKE DELIVERY OF THE LEVERAGE COMMODITY, AND THEN SELL THE LEVERAGE COMMODITY, POSSIBLY AT A LOWER PRICE THAN THE PRICE PAID TO PURCHASE THE LEVERAGE COMMODITY FROM THE LEVERAGE TRANSACTION MERCHANT. YOU SHOULD ALSO BE AWARE THAT IN ORDER TO REALIZE ANY VALUE FROM A SHORT LEVERAGE CONTRACT, THE LEVERAGE TRANSACTION MERCHANT TO WHICH YOU SOLD THE LEVERAGE CONTRACT MUST RESELL IT TO YOU, OR YOU MUST ACQUIRE THE LEVERAGE COMMODITY IN ORDER TO MAKE DELIVERY TO THE LEVERAGE TRANSACTION MERCHANT, POSSIBLY AT A HIGHER PRICE THAN THE PRICE YOU WILL RECEIVE FROM THE LEVERAGE TRANSACTION MERCHANT.

THERE IS NO MARKET FOR THE LEVERAGE CONTRACT ITSELF OTHER THAN TO HAVE IT REPURCHASED BY OR RESOLD TO THE LEVERAGE TRANSACTION MERCHANT. A LEVERAGE TRANSACTION MERCHANT IS UNDER NO OBLIGATION TO OFFER TO REPURCHASE ANY LONG LEVERAGE CONTRACT PREVIOUSLY PURCHASED BY A LEVERAGE CUSTOMER AND MUST ALSO OFFER TO RESELL ANY SHORT LEVERAGE CONTRACT PREVIOUSLY SOLD BY A LEVERAGE CUSTOMER AT ANY TIME DURING WHICH THE LEVERAGE TRANSACTION MERCHANT IS OFFERING TO ENTER INTO NEW LONG OR SHORT LEVERAGE CONTRACTS WITH CUSTOMERS INVOLVING THE SAME LEVERAGE COMMODITY. § 31.12 Segregation.

(a) Any person that accepts leverage customer funds from a leverage customer to enter into or maintain a leverage contract shall treat and deal with such leverage customer funds as belonging to that leverage customer. Such leverage customer funds: (1) Shall be separately accounted for and segregated as belonging to the leverage customer, (2) shall be kept in the United States, (3) shall not be commingled with the funds of any other person, and (4) shall not be used to secure or extend the credit of any leverage customer or person other than the one for whom the leverage customer funds are held: Provided, however, That the leverage customer funds treated as belonging to a leverage customer may for convenience be commingled with other leverage customer funds and deposited in the same account or accounts with a futures commission merchant or with a bank or trust company located in the United States under conditions set forth in paragraph (b) of this section. Any leverage customer funds when so deposited with a futures commission merchant, bank or trust company, shall be deposited under an account name which clearly indicates that the account contains leverage customer funds that are segregated as required by this section. Each person so depositing any leverage customer funds shall obtain and retain in its files for the period provided in § 1.31 of this chapter an acknowledgment from the futures commission merchant, bank or trust company wherein the leverage customer funds have been deposited that the future commission merchant, bank or trust company has been informed that the leverage customer funds deposited with it are being treated by the depositing person as belonging to leverage customers and are being held in accordance with the provisions of this section. The future commission merchant, bank or trust company shall allow inspection of such segregated accounts, including all documents pertaining thereto, at any reasonable time by any representative of the Commissions or designated self-regulatory organization, if any. Notwithstanding the foregoing, a leverage transaction merchant may exclude from its segregation requirements commissions and other charges lawfully accruing in connection with leverage contracts provided such charges have actually been made to leverage customers' accounts and are shown on the customers' statements.

(2) Any leverage transaction merchant using a Disclosure Document that deletes or disregards references to short leverage contracts as permitted by paragraph (m)(1) of this section must file, in accordance with the provisions of paragraph (e)(2) of this section, a new Disclosure Document meeting all of the requirements of paragraphs (a) through (i) of this section at least 30 calendar days before it begins to offer any short leverage contract.

(b) No leverage customer funds deposited in accordance with paragraph (a) of this section shall be held, disposed of, used or treated as belonging to the depositing person or any person other than the leverage customers from whom the leverage customer funds were received; Provided, however, That leverage customer funds may be used to purchase obligations of the United States, general obligations of any state or of any political subdivision thereof, obligations fully guaranteed as to principal and interest by the United States, or unencumbered warehouse receipts for inventory held in approved contract market depositories or in commercial banks located in the United States which represent cover for leverage contracts purchased by such leverage customers, or may be deposited in a commodity account with a futures commission merchant to margin futures contracts or to purchase commodity options traded on or subject to the rules of a contract market which represent permissible cover for leverage contracts entered into by such leverage customers. Any use of leverage customer funds as described in this paragraph (b) shall be made through an account or accounts used for the deposit of leverage customer funds, and proceeds from any sale, liquidation or other disposition of obligations or warehouse receipts obtained by such use shall be redeposited in these accounts. Each person that uses leverage customer funds to purchase obligations or warehouse receipts of the type described in this paragraph (b) shall separately account for and segregate the obligations or warehouse receipts as belonging to leverage customers. The obligations or warehouse receipts shall be deposited with a futures commission merchant, bank or trust company wherein the obligations or warehouse receipts have been deposited that the futures commission merchant, bank or trust company has been informed that the obligations or warehouse receipts are being treated by the depositing person as belonging to leverage customers and are being held in accordance with the provisions of this section. The futures commission merchant, bank or trust company shall allow inspection of such obligations or warehouse receipts at any reasonable time by any representative of the Commission or designated self-regulatory organization, if any. Each person that uses leverage customer funds to margin futures contracts or to purchase commodity options traded on or subject to the rules of a contract market which represent permissible cover for leverage contracts entered into by such leverage customers shall use a commodity account separate from any other commodity account containing futures contracts which do not represent cover. The leverage customer funds deposited in a commodity account with a futures commission merchant to margin futures contracts or to purchase commodity options traded on or subject to the rules of a contract market which represent permissible cover for leverage contracts entered into by such leverage customers shall be deposited under an account name which clearly indicates that it contains obligations treated as belonging to leverage customers, segregated as required by this section. Each person so depositing any leverage customer funds shall obtain and retain in its files for the period provided in §1.31 of this chapter an acknowledgment from the futures commission merchant wherein the leverage customer funds have been deposited that:

(1) The futures commission merchant has been informed that the commodity account is being treated by the depositing person as belonging to leverage customers and is being held in accordance with the provisions of this section,

(2) The customers on whose behalf the account is maintained by the leverage transaction merchant shall not be
§31.12

liable for any margin calls or other required deposits related to such account, and

(d) Persons that use leverage customer funds to purchase obligations or unencumbered warehouse receipts described in paragraph (b) of this section shall include such obligations or unencumbered warehouse receipts in segregated accounts at values which do not exceed the lesser of current market value or a value calculated on the basis of a commercial or retail cash price series used to compute the market value of the physical commodities subject to leverage contracts in accordance with §31.9(a)(1).

(e) The provisions of paragraphs (a) and (b) of this section shall not operate to prevent any person that uses leverage customer funds to purchase government obligations as described therein from receiving and retaining as its own any increment or interest resulting from such government obligations: Provided, however, That the leverage transaction merchant fulfills its obligation to pay carrying charges on a short leverage contract, including any margin deposit made in connection with such a contract, in accordance with §31.25(b).

(f) The amount of leverage customer funds which are and which must be in a segregated account in order to comply with the requirements of this section shall be computed as of the close of each business day by each person required to segregate such leverage customer funds. A written record of this computation shall be made and kept, together with all supporting data, in accordance with the provisions of §1.31 of this chapter. This daily computation shall be made by noon on the next business day and shall be identical in format to the Schedule of Segregation Requirements and Funds in Segregation contained in Form 2–FR.

(g) Each leverage transaction merchant shall maintain, as provided in §1.31, a record of all securities and property received from leverage customers in lieu of money to purchase, guarantee or secure the entry into a leverage contract. Such record shall show separately for each leverage customer a description of the securities or property received; the name and address of such leverage customer; the dates when the securities or property were received; the identity of the depositories or other places where such securities or property are segregated; the dates of deposits and withdrawals from such depositories; and the date of return of such securities or property to such leverage customer, or other disposition thereof, together with the facts and circumstances of such other disposition.

(h) The requirements of paragraphs (a) through (g) of this section shall not be applicable if the leverage transaction merchant is a member of a designated self-regulatory organization and conforms to minimum segregation standards and related reporting requirements set by such designated self-regulatory organization in its bylaws, rules, regulations or resolutions approved by the Commission pursuant to
section 19 of the Act and §31.28 of this part.

(2) In the case of a leverage customer whose initial leverage transaction was a purchase of a leverage contract from a leverage transaction merchant (long leverage contract), actual losses accruing to the position may be calculated only by subtracting the ask price of the leverage contract offered by the leverage transaction merchant at the time when the leverage contract was rescinded from the ask price at which the leverage contract was purchased by the leverage customer and which appears on the Confirmation Statement. In the case of a leverage customer whose initial leverage transaction was a sale of a leverage contract to a leverage transaction merchant (short leverage contract), actual losses are calculated by subtracting the bid price at which the leverage contract was sold by the leverage customer and which appears on the Confirmation Statement from the bid price of the leverage contract offered by the leverage transaction merchant at the time when the leverage contract was rescinded.

(3) Such customer may rescind the contract by telegram sent to the leverage transaction merchant at the address provided on the confirmation statement, or by telephone to a telephone number provided by the leverage transaction merchant on the Confirmation Statement with immediate written affirmation of rescission by telegram, certified letter or at least equivalent means.

(a) Each self-regulatory organization must adopt, and submit for Commission approval, rules prescribing minimum financial, cover, segregation and sales practice, and related reporting requirements for all its members who are registered leverage transaction merchants. Each self-regulatory organization shall submit for Commission approval any modification or other amendments to such rules. (b) Each self-regulatory organization which has members who are registered leverage transaction merchants shall have in effect and enforce rules submitted to the Commission pursuant to paragraph (a) of this section and approved by the Commission.

(c) Any two or more self-regulatory organizations may file with the Commission a plan for delegating to a designated self-regulatory organization, for any registered leverage transaction merchant which is a member of more than one such self-regulatory organization, the responsibility of:

(1) Monitoring and auditing for compliance with the minimum financial, cover, segregation and sales practice, and related reporting requirements adopted by such self-regulatory organizations in accordance with paragraph (a) of this section; and

(2) Receiving the reports necessitated by such minimum financial, cover, segregation and sales practice, and related reporting requirements.

(f) The self-regulatory organizations may, among themselves, establish programs to provide access to any necessary information.

(g) After appropriate notice and opportunity for comment, the Commission may, by written notice, approve such a plan, or any part of the plan, if it finds that the plan, or any part of it:

(4) Reduces multiple reporting of the information necessitated by such minimum financial, cover, segregation and sales practice, and related reporting requirements by any leverage transaction merchant which is a member of more than one self-regulatory organization;

(5) Fosters cooperation and coordination among the self-regulatory organizations; and
§ 31.29

(6) Does not hinder the development of a registered futures association under section 17 of the Act.

(h) After the Commission has approved a plan or part of one under paragraph (g) of this section, a self-regulatory organization relieved of responsibility must notify each of its members which is subject to such a plan:

(1) Of the limited nature of its responsibility for such a member’s compliance with its minimum financial, cover, segregation and sales practice, and related reporting requirements; and

(2) Of the identity of the designated self-regulatory organization which has been delegated responsibility for such a member.

(k) Nothing in this section shall preclude the Commission from examining any leverage transaction merchant for compliance with the minimum financial, cover, segregation and sales practice, and related reporting requirements to which such leverage transaction merchant is subject.

(l) In the event a plan is not filed and/or approved for each registered leverage transaction merchant which is a member of more than one self-regulatory organization, the Commission may design and, after notice and opportunity for comment, approve a plan for those leverage transaction merchants which are not the subject of an approved plan (under paragraph (g) of this section), delegating to a designated self-regulatory organization the responsibilities described in paragraph (c) of this section.

§ 31.29 Arbitration or other dispute settlement procedures.

Each self-regulatory organization which has members who are registered as leverage transaction merchants must be able to demonstrate its capability to promulgate rules and to conduct proceedings which provide a fair, equitable and expeditious procedure, through arbitration or otherwise, for the voluntary settlement of a leverage customer’s claim or grievance brought against any member leverage transaction merchant or any employee of a member leverage transaction merchant. Such rules shall be consistent with the rules set forth in part 180 of this chapter governing contract market arbitration and dispute settlement procedures.

(2) The option offered by the agricultural trade option merchant is offered to a producer, processor, or commercial user of, or a merchant handling, the commodity which is the subject of the commodity option transaction, or the products or byproducts thereof, and such producer, processor, commercial user, or merchant is offered or enters into the commodity option transaction solely for purposes related to its business as such.

(3) [Reserved]

(4) To the extent that the customer makes payment of the purchase price
to the agricultural trade option merchant prior to option expiration or exercise, that amount:

(i) May only be used by the agricultural trade option merchant to purchase a covering position on a contract market designated under section 6 of the Act or part 33 of this chapter; and

(ii) Any amount not so used shall be treated as belonging to the customer until option expiration or exercise as provided under and in accordance with §32.6.

(5) Producers may not:

(i) Grant or sell a put option; or

(ii) Grant or sell a call option, except to the extent that such a call option is purchased or combined with a purchased or long put option position, and only to the extent that the customer's call option position does not exceed the customer's put option position in the amount to be delivered. Provided, however, that the options must be entered into simultaneously and expire simultaneously or at any time that one or the other option is exercised.

(6) All option contracts, including all terms and conditions, offered or sold pursuant to this section shall be in writing, a signed copy of which shall be provided to the customer, or if the contract is verbal, it shall be confirmed in a writing which includes all terms and conditions, signed by the agricultural trade option merchant, and provided to the customer within 48 hours.

Appropriateness of Option Contracts
Option contracts may result in the total loss of any funds you pay to the issuer of your option. You should carefully consider whether trading in such instruments is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances. The issuer of your option contract should be willing and able to explain the financial outcome of your option contract under different market conditions. You should also be aware that this option is not issued by, guaranteed by, or traded on any subject to the rules of a futures exchange. You may be able to obtain a similar contract or execute a similar risk management strategy using an instrument traded on a futures exchange which offers greater regulatory and financial protections.

Costs and Fees Associated with an Option Contract
Before entering into an option contract, you should understand all of the costs associated with it. These include the option premium, commissions, fees, costs associated with delivery if the option requires settlement by delivery upon its exercise and any other charges which may be incurred. All of these costs and fees must be specified in the terms of your option contract.

Know and Understand the Terms of the Option Contract
Before entering into an option contract, you should know and understand all of the option contract's terms. All of the option contract's terms should be included in the written contract, or for a verbal agreement, in a written confirmation. You should receive a signed copy of either the written contract or of the written confirmation. Your option contract should include contract terms setting:

(A) The total quantity of commodity underlying the option contract;

(B) The strike price(s) of the option contract;

(C) The procedure for exercise of the option contract, including when you can exercise and the latest time and date for exercise;

(D) Whether the option can be offset or canceled prior to expiration;

(E) Whether settlement of the option is for cash or by delivery of the commodity;

(F) If settlement is by delivery, the delivery location or locations, the quality or grade of commodity to be delivered and how adjustments to price for deviations from stated quality or grade are determined;

(G) If settlement is by cash, the method for determining the cash-settlement price; and

(H) The cost and method of payment.
BUSINESS USE OF TRADE OPTIONS

In order to comply with the law, you must be buying this option for business-related purposes. The terms and structure of the contracts must therefore relate to your activity or commitments in the underlying cash market. Any amendments allowed to the option contract or its cancellation or offset prior to its expiration date must reflect changes in your activity, in your commitments in the underlying cash market or in the carrying of inventory. Producers are not permitted to enter into short call options unless the producer also enters into a long put option contract for the same amount or more of the commodity, at the same time and with the same expiration date. Producers are not permitted to sell put options, whether alone or in combination with a call option.

DISPUTE RESOLUTION

If a dispute should arise under the terms of this trade option contract, you have the right to choose to use the reparations program run by the Commodity Futures Trading Commission or any other dispute resolution forum provided to you under the terms of your customer agreement or by law. For more information on the Commission’s Reparations Program contact: Office of Proceedings, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, (202) 418–5250.

(4) The agricultural trade option merchant must perform a reconciliation of its books at least monthly. (5) The agricultural trade option merchant: (i) Must report immediately if its net worth falls below the level prescribed in §3.13(d)(1)(i) of this chapter, and must report within three days discovery of a material inadequacy in its financial statements by an independent public accountant or any state or federal agency performing an audit of its financial statements, such report to be made to the Commission by facsimile, telegraphic or other similar electronic notice; and (ii) Within five business days after giving such notice, the agricultural trade option merchant must file a written report with the Commission stating what steps have been taken or are being taken to correct the material inadequacy. (ii) Make and retain a record of the date the complaint was received, the associated person who serviced, or the introducing broker who introduced, the account, a general description of the matter complained of, and what, if any, action was taken by the futures commission merchant in regard to the complaint; and

(5) Require each member futures commission merchant which engages in the offer or sale of option contracts regulated under this part to adopt and enforce written procedures pursuant to which it will be able to supervise adequately each option customer’s account, including but not limited to, the solicitation of any such account: Provided, That as used in this paragraph (b)(5), the term “option customer” does not include another futures commission merchant.

(6) [Reserved]

(7) Require each member futures commission merchant which engages in the offer or sale of option contracts regulated under this part to enforce the disclosure requirements set forth in §33.7.

(8)–(9) [Reserved]

(1) [Reserved]

(2) The conditions precedent to the exercise of the commodity option and the method by which the option may be exercised;

(3) The nature of the clearing mechanism to be utilized for the commodity option, and the differences, if any, among the clearing mechanisms for options on futures contracts, options on physicals, and futures contracts;
§ 33.6 Suspension or revocation of designation as a contract market for the trading of commodity options.

The Commission may, after notice and opportunity for a hearing on the record, suspend or revoke the designation of any board of trade as a contract market in a commodity option for which it is designated if the Commission determines that:

(a) The board of trade, or any director, officer, agent, or employee thereof, is violating or has violated any of the provisions of this part.

(b) Cause exists which, under §33.2 or §33.4, would warrant the denial of a designation;

(c) The option market is not used on more than an occasional basis for other than speculative purposes by producers, processors, merchants or commercial users engaged in handling or utilizing the commodity (including the products, by-products or source commodity thereof) underlying an option, in interstate commerce; or

(d) Option trading on the contract market in that contract is contrary to the protection of option customers or the underlying futures or cash markets, or is otherwise contrary to the public interest: Provided, That pending completion of any proceeding under this section, the Commission may suspend such designation for the duration of the proceedings, if in the Commission’s judgment, the continuation of such trading presents a substantial risk to the public interest.

§ 33.7 Disclosure.

(a)(1) Except as provided in §1.65 of this chapter, no futures commission merchant, or in the case of an introduced account no introducing broker, may open or cause the opening of a commodity option account for an option customer, other than for a customer specified in §1.55(c) of this chapter, unless the futures commission merchant or introducing broker first:

(i) Furnishes the option customer with a separate written disclosure statement as set forth in this section or another statement approved under §1.55(c) of this chapter and set forth in appendix A to §1.55 which the Commission finds satisfies this requirement, or includes either such statement in a booklet containing the customer account agreement and other disclosure statements required by Commission rules; provided, however, that if the statement contained in §33.7 is used it must follow the statement required by §1.55; and

(ii) Subject to the provisions of §1.55(d) of this chapter, receives from the option customer an acknowledgment signed and dated by the option customer that he received and understood the disclosure statement.

(2) The disclosure statement and the acknowledgment shall be retained by the futures commission merchant or the introducing broker in accordance with §1.31 of this chapter. The disclosure statement must be as set forth in paragraph (b) of this section, typed or printed in type of not less than 10-point size, and, where indicated, in all capital letters.

(b) The disclosure statement must read as follows:

Options Disclosure Statement

Both the purchaser and the grantor should know whether the particular option in which they contemplate trading is subject to a “stock-style” or “futures-style” system of margining. Under a stock-style margining system, the purchaser deposits initial margin and may be required to deposit additional margin if the market moves against the option position. The purchaser’s total settlement variation margin obligation over the life of the option, however, will not exceed the original option premium. Although some individual payment obligations or risk margin requirements may at times exceed the original option premium, if the purchaser or grantor does not understand how options are margined under a stock-style or futures-style margining system, he or she should request an explanation from the futures commission merchant (“FCM”) or introducing broker (“IB”).

A person should not purchase any commodity option unless he or she is able to sustain a total loss of the premium and transaction costs of purchasing the option. A person should not grant any commodity option unless he or she is able to meet additional calls for margin when the market moves against his or her position and, in
The grantor of a call option who has a long position in the underlying futures contract or physical commodity is subject to the full risk of a rise in the price in the underlying futures contract or underlying physical commodity above the option strike price upon exercise or expiration of the option.

The grantor of a put option who does not have a short position in the underlying futures contract or underlying physical commodity (e.g., commitment to sell the physical) is subject to risk of loss should the price of the underlying futures contract or underlying physical commodity decrease below the strike price upon exercise or expiration of the option by an amount in excess of the premium received for granting the put option.

The grantor of a put option on a futures contract who has a short position in the underlying futures contract is subject to the full risk of a rise in the price in the underlying position reduced by the premium received for granting the call. In exchange for the premium received for granting a call option, the option grantor gives up all of the potential gain resulting from an increase in the price of the underlying futures contract or underlying physical commodity above the option strike price upon exercise or expiration of the option.

The grantor of a put option who does not have a short position in the underlying futures contract or underlying physical commodity (e.g., commitment to sell the physical) is subject to risk of loss should the price of the underlying futures contract or underlying physical commodity decrease below the strike price upon exercise or expiration of the option by an amount in excess of the premium received for granting the put option.

The grantor of a put option on a futures contract who has a short position in the underlying futures contract is subject to the full risk of a rise in the price in the underlying futures contract below the option strike price upon exercise or expiration of the option.

The grantor of a put option who does not have a short position in the underlying futures contract or underlying physical commodity (e.g., commitment to sell the physical) is subject to risk of loss should the price of the underlying futures contract or underlying physical commodity decrease below the strike price upon exercise or expiration of the option by an amount in excess of the premium received for granting the put option.

The grantor of a put option on a futures contract who has a short position in the underlying futures contract is subject to the full risk of a rise in the price in the underlying futures contract below the option strike price upon exercise or expiration of the option.

The grantor of a put option who does not have a short position in the underlying futures contract or underlying physical commodity (e.g., commitment to sell the physical) is subject to risk of loss should the price of the underlying futures contract or underlying physical commodity decrease below the strike price upon exercise or expiration of the option by an amount in excess of the premium received for granting the put option.

(2) Description of commodity options. Prior to entering into any transaction involving a commodity option, an individual should thoroughly understand the nature and type of option involved and the underlying futures contract or physical commodity. The futures commission merchant or introducing broker is required to provide, and the individual contemplating an option transaction should obtain:

(i) An identification of the futures contract or physical commodity underlying the option and which may be purchased or sold upon exercise of the option or, if applicable, whether exercise of the option will be settled in cash;

(ii) The procedure for exercise of the option contract, including the expiration date and latest time on that date for exercise.

The latest time on an expiration date when
an option may be exercised may vary; therefore, option market participants should ascertain from their futures commission merchant or their introducing broker the latest time the firm accepts exercise instructions with respect to a particular option.

(iii) A description of the purchase price of the option including the premium, commissions, costs, fees and other charges. (Since commissions and other charges may vary widely among futures commission merchants and among introducing brokers, option customers may find it advisable to consult more than one firm when opening an option account.)

(iv) A description of all costs in addition to the purchase price which may be incurred if the commodity option is exercised, including the amount of commissions (whether termed sales commissions or otherwise), storage, interest, and all similar fees and charges which may be incurred;

(v) An explanation and understanding of the option margining system;

(vi) A clear explanation and understanding of any clauses in the option contract and of any items included in the option contract explicitly or by reference which might affect the customer’s obligations under the contract. This would include any policy of the futures commission merchant or the introducing broker or rule of the exchange on which the option is traded that might affect the customer’s ability to fulfill the option contract or to offset the option position in a closing purchase or closing sale transaction (for example, due to unforeseen circumstances that require suspension or termination of trading); and

(vii) If applicable, a description of the effect upon the value of the option position that could result from limit moves in the underlying futures contract.

3. The mechanics of option trading. Before entering into any exchange-traded option transaction, an individual should obtain a description of how commodity options are traded.

Option customers should clearly understand that there is no guarantee that option positions may be offset by either a closing purchase or closing sale transaction on an exchange. In this circumstance, option grantees could be subject to the full risk of their positions until the option position expires, and the purchaser of a profitable option might have to exercise the option to realize a profit.

For an option on a futures contract, an individual should clearly understand the relationship between exchange rules governing option transactions and exchange rules governing the underlying futures contract. For example, an individual should understand what action, if any, the exchange will take in the option market if trading in the underlying futures market is restricted or the futures prices have made a “limit move.”

The individual should understand that the option may not be subject to daily price fluctuation limits while the underlying futures may have such limits, and, as a result, normal pricing relationships between options and the underlying future may not exist when the future is trading at its price limit. Also, underlying futures positions resulting from exercise of options may not be capable of being offset if the underlying future is at a price limit.

4. Margin requirements. An individual should know and understand whether the option he or she is contemplating trading is subject to a stock-style or futures-style system of margining. Stock-style margining requires the purchaser to pay the full option premium at the time of purchase. The purchaser has no further financial obligations, and the risk of loss is limited to the purchase price and transaction costs. Futures-style margining requires the purchaser to pay initial margin only at the time of purchase. The option position is marked to market, and gains and losses are collected and paid daily. The purchaser’s risk of loss is limited to the initial option premium and transaction costs.

An individual granting options under either a stock-style or futures-style system of margining should understand that he or she may be required to pay additional margin in the case of adverse market movements.

5. Profit potential of an option position. An option customer should carefully calculate the price which the underlying futures contract or underlying physical commodity would have to reach for the option position to become profitable. Under a stock-style margining system, this price would include the amount by which the underlying futures contract or underlying physical commodity would have to rise above or fall below the strike price to cover the sum of the premium and all other costs incurred in entering into and exercising or closing (offsetting) the commodity option position.

Under a future-style margining system, option positions would be marked to market, and gains and losses would be paid and collected daily, and an option position would become profitable once the variation margin collected exceeded the cost of entering the contract position.

Also, an option customer should be aware of the risk that the futures price prevailing at the opening of the next trading day may be substantially different from the futures price which prevailed when the option was exercised. Similarly, for options on physicals that are cash settled, the physicals price prevailing at the time the option is exercised may differ substantially from the cash settlement price that is determined at a later time. Thus, if a customer does not cover the
position against the possibility of underlying commodity price change, the realized price upon option exercise may differ substantially from that which existed at the time of exercise.

(6) Deep-out-of-the-money options. A person contemplating purchasing a deep-out-of-the-money option (that is, an option with a strike price significantly above, in the case of a call, or significantly below, in the case of a put, the current price of the underlying futures contract or underlying physical commodity) should be aware that the chance of such an option becoming profitable is ordinarily remote.

On the other hand, a potential grantor of a deep-out-of-the-money option should be aware that such options normally provide small premiums while exposing the grantor to all of the potential losses described in section (1) of this disclosure statement.

(7) Glossary of terms. (1) Contract market. Any board of trade (exchange) located in the United States which has been designated by the Commodity Futures Trading Commission to list a futures contract or commodity option for trading.

(ii) Exchange-traded option; put option; call option. The options discussed in this disclosure statement are limited to those which may be traded on a contract market. These options (subject to certain exceptions) give an option purchaser the right to buy in the case of a call option, or to sell in the case of a put option, a futures contract or the physical commodity underlying the option at the stated strike price prior to the expiration date of the option. Each exchange-traded option is distinguished by the underlying futures contract or underlying physical commodity, strike price, expiration date, and whether the option is a put or a call.

(iii) Underlying futures contract. The futures contract which may be purchased or sold upon the exercise of an option on a futures contract.

(iv) Underlying physical commodity. The commodity of a specific grade (quality) and quantity which may be purchased or sold upon the exercise of an option on a physical commodity.

(xi) Short option position. See opening sale transaction.

(xii) Long option position. See opening purchase transaction.

(xiii) Types of options transactions.—(A) Opening purchase transaction. A transaction in which an individual purchases an option and thereby obtains a long option position.

(B) Opening sale transaction. A transaction in which an individual grants an option and thereby obtains a short option position.

This is accomplished by a closing purchase transaction for an option of the same series as the option previously granted. Such a transaction may be referred to as an offset transaction.

(D) Closing sale transaction. A transaction in which an individual with a long option position liquidates the position. This is accomplished by a closing sale transaction for an option of the same series as the option previously purchased. Such a transaction may be referred to as an offset transaction.

(xiv) Purchase price. The total actual cost paid or to be paid, directly or indirectly, by a person to acquire a commodity option. This price includes all commissions and other fees, in addition to the option premium.

(xv) Grantor, writer, seller. An individual who sells an option. Such a person is said to have a short position.

(xvi) Purchaser. An individual who buys an option. Such a person is said to have a long position.

§ 33.9 Unlawful activities.

It shall be unlawful for any person:

(a) Required to be registered with the Commission in accordance with the Act or these regulations expressly or impliedly to represent that the Commission, by declaring effective the registration of such person or otherwise, has directly or indirectly approved such person, or any commodity option transaction solicited or accepted by such person;

(b) In or in connection with an offer to enter into, the entry into, the confirmation of the execution of, or the maintenance of any commodity option transaction, expressly or impliedly to represent that compliance with the provisions of the Act or these regulations constitutes a guarantee of the fulfillment of the commodity option transaction;

§ 33.11 Exemptions.

The Commission may, by order, upon written request or upon its own motion, exempt any person, either unconditionally or on a temporary or other conditional basis, from any provisions of this part, other than §§ 33.9 and 33.10, if it finds, in its discretion, that it would not be contrary to the public interest to grant such exemption.

PART 34—REGULATION OF HYBRID INSTRUMENTS

§ 34.1 Scope.

The provisions of this part shall apply to any hybrid instrument which may be subject to the Act, and which has been entered into on or after October 23, 1974.

§ 34.2 Definitions.

(a) Hybrid instruments. Hybrid instrument means an equity or debt security or depository instrument as defined in §34.3(a)(1) with one or more commodity-dependent components that have payment features similar to commodity futures or commodity option contracts or combinations thereof.

(b) Commodity-independent component. Commodity-independent component means the component of a hybrid instrument, the payments of which do not result from indexing to, or calculation by reference to, the price of a commodity.

(c) Commodity-independent value. Commodity-independent value means the present value of the payments attributable to the commodity-independent component calculated as of the time of issuance of the hybrid instrument.

(d) Commodity-dependent component. A commodity-dependent component means a component of a hybrid instrument, the payment of which results from indexing to, or calculation by reference to, the price of a commodity.

(e) Commodity-dependent value. For purposes of application of Rule 34.3(a)(2), a commodity-dependent value means the value of a commodity dependent-component, which when decomposed into an option payout or payouts, is measured by the absolute net value of the put option premia with strike prices less than or equal to the reference price plus the absolute net value of the call option premia with strike prices greater than or equal to the reference price, calculated as of the time of issuance of the hybrid instrument.

(f) Option premium. Option premium means the value of an option on the referenced commodity of the hybrid instrument, and calculated using the same method as that used to determine the issue price of the instrument, or where such premia are not explicitly calculated in determining the issue price of the instrument, the value of such options calculated using a commercially reasonable method appropriate to the instrument being priced.

(g) Reference price. A reference price means a price nearest the current spot or forward price, whichever is used to price instrument, at which a commodity-dependent payment becomes non-zero, or, in the case where two potential reference prices exist, the price that results in the greatest commodity-dependent value.

§ 34.3 Hybrid instrument exemption.

(a) A hybrid instrument is exempt from all provisions of the Act and any person or class of persons offering, entering into, rendering advice or rendering other services with respect to such exempt hybrid instrument is exempt from all provisions of the Act, provided the following terms and conditions are met:

(i) An equity or debt security within the meaning of section 2(1) of the Securities Act of 1933; or

(2) The sum of the commodity-dependent values of the commodity-dependent components is less than the commodity-independent value of the commodity-independent component;

(3) Provided that:

(i) An issuer must receive full payment of the hybrid instrument’s purchase price, and a purchaser or holder of a hybrid instrument may not be required to make additional out-of-pocket payments to the issuer during the life of the instrument or at maturity; and

(ii) The instrument is not marketed as a futures contract or a commodity option, or, except to the extent necessary to describe the functioning of the instrument or to comply with applicable disclosure requirements, as having the characteristics of a futures contract or a commodity option; and

(iii) The instrument does not provide for settlement in the form of a delivery instrument that is specified as such in the rules of a designed contract market;

(4) The instrument is initially issued or sold subject to applicable federal or state securities or banking laws to persons permitted thereunder to purchase or enter into the hybrid instrument.

§ 37.5 Procedures for registration.

(a) Notification by contract markets. To operate as a registered derivatives transaction execution facility pursuant to section 5a of the Act, a board of trade, facility or entity that is designated as a contract market, must:

(1) Comply with the core principles for operation under section 5a(d) of the Act and the provisions of this part 37; and

(2) Notify the Commission of its intent to so operate by filing with the Secretary of the Commission at its Washington, DC headquarters a copy of the facility’s rules (which may be trading protocols) or a list of the designated contract market’s rules that apply to operation of the derivatives transaction execution facility, and a certification by the contract market that it meets:

(i) The requirements for trading of section 5a(b) of the Act; and

(ii) The criteria for registration under section 5a(c) of the Act.

(b) Registration by application. A board of trade, facility or entity shall be deemed to be registered as a derivatives transaction execution facility thirty days after receipt by the Commission of an application for registration as a derivatives transaction execution facility unless notified otherwise during that period, or, as determined by Commission order, registered upon conditions, if:

(1) The application demonstrates that the applicant satisfies the requirements for trading and the criteria for registration of sections 5a(b) and 5a(c) of the Act, respectively;

(2) The submission is labeled “Application for DTF Registration”;

(3) The submission includes:
(i) The derivatives transaction execution facility’s rules, which may be trading protocols;
(ii) Any agreements entered into or to be entered into between or among the facility, its operator or its participants, technical manuals and other guides or instructions for users of such facility, descriptions of any system test procedures, tests conducted or test results, and descriptions of the trading mechanism or algorithm used or to be used by such facility, to the extent such documentation was otherwise prepared; and
(iii) To the extent that compliance with the requirements for trading or the criteria for recognition is not self-evident, a brief explanation of how the rules or trading protocols satisfy each of the conditions for registration;
(4) The applicant does not amend or supplement the application for recognition, except as requested by the Commission or for correction of typographical errors, renumbering or other nonsubstantive revisions, during that period;
(5) The applicant identifies with particularity information in the application that will be subject to a request for confidential treatment and supports that request for confidential treatment with reasonable justification; and
(6) The applicant has not instructed the Commission in writing at the time of submission of the application or during the review period to review the application pursuant to the time provisions of and procedures under section 6 of the Act.
(c) Guidance for applicants. Appendix A to this part provides guidance to applicants for registration as a derivatives transaction execution facility on how the conditions for registration in sections 5a(b) and 5a(c) of the Act could be satisfied.
(d) Termination of fast track review. During the thirty-day period for review pursuant to paragraph (b) of this section, the Commission shall notify the applicant seeking registration that the Commission is terminating review under this section and will review the proposal under the time period and procedures of section 6 of the Act, if it appears that the application’s form or substance fails to meet the requirements of this part. This termination notification will state the nature of the issues raised and the specific condition of registration that the applicant would violate, appears to violate, or the violation of which cannot be ascertained from the application. Within ten days of receipt of this termination notification, the applicant seeking registration may request that the Commission render a decision whether to register the derivatives transaction execution facility or to institute a proceeding to deny the proposed application under procedures specified in section 6 of the Act by notifying the Commission that the applicant seeking registration views its submission as complete and final as submitted.
(e) Request for withdrawal of application for registration or withdrawal of registration. An applicant to be registered, or a registered derivatives transaction execution facility may withdraw its application or its registration by filing with the Commission at its Washington, DC, headquarters such a request. Withdrawal from registration shall not affect any action taken or to be taken by the Commission based upon actions, activities or events occurring during the time that the application for registration was pending with, or that the facility was registered by, the Commission.
(f) Delegation of authority. (1) The Commission hereby delegates, until it orders otherwise, to the Director of the Division of Trading and Markets and separately to the Director of Economic Analysis or such other employee or employees as the Directors may designate from time to time, with the concurrence of the General Counsel or the General Counsel’s delegatee, authority to exercise the functions provided under paragraph (b) of this section.
(2) The directors may submit to the Commission for its consideration any matter that has been delegated in this paragraph.
(3) Nothing in this paragraph prohibits the Commission, at its election, from exercising the authority delegated in paragraph (f)(1) of this section.
§ 37.6 Compliance with core principles.

(a) In general. To maintain registration as a derivatives transaction execution facility upon commencing operations by listing products for trading or otherwise and on a continuing basis thereafter, the derivatives transaction execution facility must have the capacity to be, and be, in compliance with the core principles of section 5a(d) of the Act.

(b) New derivatives transaction execution facilities. (1) Certification of compliance. Unless an applicant for registration has chosen to make a voluntary demonstration under paragraph (b)(2) of this section, a newly registered derivatives transaction execution facility at the time it commences operations must certify to the Commission that it has the capacity to, and will, operate in compliance with the core principles under section 5a(d) of the Act.

(2) Voluntary demonstration of compliance. An applicant for registration may choose to make a voluntary demonstration of its capacity to operate in compliance with the core principles as follows:

(D) To the extent that capacity to comply with a core principle is not self-evident, a brief explanation of how the facility has the capacity to meet the core principle.

(ii) Unless the applicant requests an extension of time, the applicant shall be deemed to have demonstrated its capacity to comply with the core principles thirty days after receipt by the Commission, unless notified otherwise.

(iii) If it appears that the applicant has failed to make the requisite showing, the Commission will so notify the applicant at the end of that period. Upon commencement of operations by the derivatives transaction execution facility, such a notice may be considered by the Commission in a determination to issue a notice of violation of core principles under section 5c(d) of the Act.

(c) Existing derivatives transaction execution facilities. Upon request by the Commission, a registered derivatives transaction execution facility shall file with the Commission such data, documents and other information as the Commission may specify in its request that demonstrates that the registered derivatives transaction execution facility is in compliance with one or more core principles as specified in the request or that is requested by the Commission to enable the Commission to satisfy its obligations under the Act.

(d) Guidance regarding compliance with core principles. A derivatives transaction execution facility may meet the following core principles of section 5a(d) of the Act as specified in this paragraph:

(1) Compliance with rules. The core principle regarding compliance with rules under section 5a(d)(2) of the Act may be met, as appropriate to the facility, through the effective monitoring of limitations on access to the facility;

(b) Material modifications. Notwithstanding the provisions of section 5c(c) of the Act, registered derivatives transaction execution facilities need not certify rules or rule amendments under \(\S\) 40.6 of this chapter, and must only notify the Commission prior to placing into effect or amending such a rule, which includes trading protocols, by:

(1) Filing with the Secretary of the Commission at its Washington, D.C. headquarters at the time traders or participants in the market are notified, but (unless taken as an emergency action) in no event later than the close of business on the business day preceding implementation of the rule, a submission labeled, “DTF Rule Notice.” The submission shall include the text of the rule or rule amendment (deletions and additions must be indicated); or

(2) By electronic notification to the Commission of the rule to be placed into effect or to be changed, in a format approved by the Secretary of the Commission, at the time traders or participants in the market are notified, but (unless taken as an emergency action) in no event later than the close of business on the business day preceding implementation. Provided, however, the derivatives transaction execution facility need not notify the Commission of rules or rule amendments for which no certification is required under \(\S\) 40.6(c) of this chapter.

(3) The derivatives transaction execution facility must maintain documentation regarding all changes to rules, terms and conditions or trading protocols.

(c) Voluntary request for Commission approval of rules or products. (1) A board of trade or trading facility seeking to be registered as, or registered as, a derivatives transaction execution facility, may request that the Commission approve under section 5c(c) of the Act, any or all of its rules and subsequent amendments thereto, including both operational rules and the terms and conditions of products listed for trading on the facility, prior to their implementation or, notwithstanding the provisions of section 5c(c)(2) of the Act, at any-time thereafter, under the procedures of §§40.5 or 40.3 of this chapter, as applicable. A derivatives transaction execution facility may label a product in

§ 37.8 Information relating to transactions on derivatives transaction execution facilities.

(a) Special calls for information from derivatives transaction execution facilities. Upon special call by the Commission, a registered derivatives transaction execution facility shall provide to the Commission such information related to its business as a derivatives transaction execution facility, including information relating to data entry and trade details, in the form and manner and within the time as specified by the Commission in the special call.

(b) Special calls for information from futures commission merchants. Upon special call by the Commission, each person registered as a futures commission merchant that carries or has carried an account for a customer on a derivatives transaction execution facility shall provide information to the Commission concerning such accounts or related positions carried for the customer on that or other facilities or markets, in the form and manner and within the time specified by the Commission in the special call.

(c) Special calls for information from participants. Upon special call by the Commission, any person who enters into or has entered into an agreement, contract or transaction on a derivatives transaction execution facility shall provide information to the Commission concerning such agreements, contracts or transactions or related agreements, contracts or transactions, or concerning related positions on other facilities or markets, in the form and manner and within the time specified by the Commission in the special call.

(d) Delegation of authority. The Commission hereby delegates, until the Commission orders otherwise, the authority set forth in paragraphs (a) through (c) of this section to the Directors of the Division of Trading and Markets and separately to the Director of Economic Analysis or such other
employee or employees as the Directors may designate from time to time. The Directors may submit to the Commission for its consideration any matter that has been delegated in this paragraph. Nothing in this paragraph prohibits the Commission, at its election, from exercising the authority delegated in this paragraph.

§ 37.9 Enforceability.

An agreement, contract or transaction entered into on, or pursuant to the rules of, a registered derivatives transaction execution facility shall not be void, voidable, subject to rescission or otherwise invalidated or rendered unenforceable as a result of:

(a) A violation by the registered derivatives transaction execution facility of the provisions of section 5a of the Act or this part 37; or

(b) Any Commission proceeding to alter or supplement a rule, term or condition under section 5a(7) of the Act or any other proceeding the effect of which is to disapprove, alter, supplement, or require a registered derivatives transaction execution facility to adopt a specific term or condition, trading rule or procedure, or to take or refrain from taking a specific action.

APPENDIX A TO PART 37—APPLICATION GUIDANCE

This appendix provides guidance to applicants for registration as derivatives transaction execution facilities under sections 5a(c) and 6 of the Act and §37.5, on meeting the criteria for registration both initially and on an ongoing basis. The guidance following each registration criterion is illustrative only of the types of matters an applicant may address, as applicable, and is not intended to be a mandatory checklist. Addressing the issues and questions set forth in this appendix would help the Commission in its consideration of whether the application has met the criteria for registration. To the extent that compliance with, or satisfaction of, a criterion for registration is not self-explanatory from the face of the derivatives transaction execution facility’s rules, which may be terms and conditions or trading protocols, the application should include an explanation or other form of documentation demonstrating that the applicant meets the registration criteria of section 5a(c) of the Act and §37.5.

Registration Criterion 1 of section 5a(c) of the Act: IN GENERAL—To be registered as a registered derivatives transaction execution facility, the board of trade shall be required to demonstrate to the Commission only that the board of trade meets the criteria specified in §37.3(b).

A board of trade preparing to submit to the Commission an application to operate as a registered derivatives transaction execution facility is encouraged to contact Commission staff for guidance and assistance in preparing its application. Applicants may submit a draft application for review prior to the submission of an actual application without triggering the application review procedures of §37.5.

Registration Criterion 2 of section 5a(c) of the Act: DETERRENCE OF ABUSES—The board of trade shall establish and enforce trading and participation rules that will deter abuses and has the capacity to detect, investigate, and enforce those rules, including means to—(A) obtain information necessary to perform the functions required under this section; or (B) use technological means to—(i) provide market participants with impartial access to the market; and (ii) capture information that may be used in establishing whether rule violations have occurred.

An application of a board of trade to operate as a registered derivatives transaction execution facility should include arrangements and resources to deter abuses by effective and affirmative rule enforcement, including documentation of the facility’s authority to do so; such trading and participation rules should be designed with adequate specificity. The submission should include documentation on the ability of the facility either to obtain necessary information or to provide market participants with impartial access and capture information for use in establishing possible rule violations.

Registration Criterion 3 of section 5a(c) of the Act: TRADING PROCEDURES—The board of trade shall establish and enforce rules or terms and conditions defining, or specifications detailing, trading procedures to be used in entering and executing orders traded on the facilities of the board of trade. The rules may authorize—(A) transfer trades or office trades; (B) an exchange of—(i) futures in connection with a cash commodity transaction; (ii) futures for cash commodities; or (iii) futures for swaps; or (C) a futures commission merchant, acting as principal or agent, to enter into or confirm the execution of a contract for the purchase or sale of a commodity for future delivery if the contract is reported, recorded, or cleared in accordance with the rules of the registered derivatives transaction execution facility or a derivatives clearing organization.

(a) A submission of a board of trade to operate as an electronic registered derivatives transaction execution facility should include the system’s trade-matching algorithm and order entry procedures. FINANCIAL INTEGRITY OF TRANSACTIONS—The board of trade shall establish and enforce rules or terms and conditions providing for the financial integrity of transactions entered on or through the facilities of the board of trade, and rules or terms and conditions to ensure the financial integrity of any futures commission merchants and introducing brokers and the protection of customer funds.

(a) A board of trade operating as a registered derivatives transaction execution facility should provide for the financial integrity of transactions by setting appropriate minimum financial standards for members and non-intermediated market participants, appropriate margin forms, and appropriate default rules and procedures. If cleared, agreements, contracts and transactions in excluded or exempt commodities that are traded on a DTF may be cleared through clearing organizations other than DCOs registered with the Commission. The Commission believes that the guidelines issued by the International Organization of Securities Commissions (IOSCO) in 1990 (which have been referred to as the “Principles for Screen-Based Trading Systems”), and adopted by the Commission on November 21, 1990 (55 FR 48670), as supplemented in October 2000, are appropriate guidelines for an electronic trading facility to apply to electronic trading systems. Any program of objective testing and review of the system should be performed by a qualified independent professional (but not necessarily a third-party contractor).

(b) A registered derivatives transaction execution facility that authorizes transacting in physicals or futures for swaps, or any other non-competitive transactions, including block trades, should have rules particularly authorizing such transactions and establishing appropriate recordkeeping requirements. Block trading rules should ensure that the block trading does not operate in a manner that compromises the integrity of the prices or price discovery on the relevant market.

Registration Criterion 4 of section 5a(c) of the Act: FINANCIAL INTEGRITY OF TRANSACTIONS—The board of trade shall establish and enforce rules or terms and conditions providing for the financial integrity of transactions entered on or through the facilities of the board of trade, and rules or terms and conditions to ensure the financial integrity of any futures commission merchants and introducing brokers and the protection of customer funds.

1. This appendix provides guidance concerning the core principles with which a registered derivatives transaction execution facility must comply to maintain registration under section 5a(d) of the Act and §37.5(a). This guidance is illustrative only and is not intended to be a mandatory checklist.

2. If a registered derivatives transaction execution facility chooses to certify that it has the capacity to, and upon initiation will, operate in compliance with the core principles under section 5a(d) of the Act and §37.6, it should consider the issues set forth in this appendix prior to certification.

3. Alternatively, if a registered derivatives transaction execution facility chooses pursuant to §37.6(b)(2) to provide the Commission with a demonstration of its compliance with core principles, addressing the issues set forth in this appendix would help the Commission in its consideration of such compliance. To the extent that compliance with, or satisfaction of, the core principles is not self-explanatory from the face of the derivatives transaction execution facility’s rules, which may be terms and conditions or trading protocols, a submission under §37.6(b)(2) should include an explanation or other form of documentation demonstrating that the derivatives transaction execution facility complies with the core principles.

Core Principle 1 of section 5a(d) of the Act: IN GENERAL—To maintain the registration of a board of trade as a derivatives transaction execution facility, a board of trade shall comply with the core principles specified in this appendix.

The board of trade shall have reasonable discretion in establishing the manner in which the board of trade complies with the core principles. A board of trade newly registered to operate as a derivatives transaction execution facility must certify or satisfactorily demonstrate its capacity to operate in compliance with the core principles under section 5a(d) of the Act prior to the commencement of its operations. The Commission also may require that a board of
trade operating as a registered derivatives transaction execution facility demonstrate to the Commission that it is operating in compliance with one or more core principles.

Core Principle 2 of section 5a(d) of the Act: COMPLIANCE WITH RULES—The board of trade shall monitor and enforce the rules of the facility, including any terms and conditions of any contracts traded on or through the facility and any limitations on access to the facility.

(a) A board of trade operating as a registered derivatives transaction execution facility should have arrangements, resources and authority to detect and deter abuses by effectively and affirmatively enforcing its rules (which, in the case of a facility that restricts traders to eligible commercial entities, may be the effective monitoring of limitations on access to the facility), including the authority and ability to collect or capture information and documents on both a routine and non-routine basis and to investigate effectively possible rule violations.

(b) This should include the authority and ability to discipline, limit or suspend, and/or terminate activities or access of a member, including members with trading privileges but having no, or only nominal equity, in the facility and non-member market participants or, in the case of a derivatives transaction execution facility restricting its traders to eligible commercial entities, the authority and ability to terminate activities or access of such a member. In either case, any termination should be carried out pursuant to clear and fair standards that are available and transparent to the member or market participant.

Core Principle 3 of section 5a(d) of the Act: MONITORING OF TRADING—The board of trade shall monitor trading on the contracts of the facility to ensure orderly trading in the contracts and to maintain an orderly market while providing any necessary trading information to the Commission to allow the Commission to discharge the responsibilities of the Commission under the Act.

(a) Arrangements and resources to detect and deter abuses through effective trade monitoring programs should facilitate, on both a routine and nonroutine basis, direct supervision of the market. Appropriate objective testing and review of any automated systems should occur initially and periodically to ensure proper system functioning, adequate capacity and security. The analysis of data collected should be suitable for the type of information collected and should occur in a timely fashion. A board of trade operating as a registered derivatives transaction execution facility should have the authority to collect the information and documents necessary to reconstruct trading for appropriate market analysis as it carries out its programs to ensure orderly trading and to maintain an orderly market. The facility also should have the authority to intervene as necessary to maintain an orderly market.

(b) Alternatively, if a board of trade operating as a registered derivatives transaction execution facility restricts contracts traded on or through the facility to those under §§37.3(a)(1) and 37.3(b), it may choose to satisfy this core principle by providing information to the Commission as requested by the Commission to satisfy its obligations under the Act. The facility should have the authority to collect or capture and retrieve all necessary information.

Core Principle 4 of section 5a(d) of the Act: DISCLOSURE OF GENERAL INFORMATION—The board of trade shall disclose publicly and to the Commission information concerning—(A) contract terms and conditions; (B) trading conventions, mechanisms, and practices; (C) financial integrity protections; and (D) other information relevant to participation in trading on the facility.

The Commission considers that the public disclosure of information required under the core principle refers to disclosure to market participants, where the facility’s user agreement requires all market participants to keep such information confidential. A board of trade operating as a registered derivatives transaction execution facility should have arrangements and resources for the disclosure and explanation of contract terms and conditions, trading conventions, trading mechanisms, trading practices, system functioning, system capacity, and financial integrity protections, including whether eligible contract participants will have the right to opt out of segregation of customer funds. Such information may be made publicly available through the derivatives transaction execution facility’s website. The facility should also, as appropriate to the market, make information regarding prices, bids and offers, or other information as determined by the Commission, readily available to market participants on a fair, equitable and timely basis. Furthermore, the facility should make available information concerning steps taken by the facility in response to an emergency.

Core Principle 5 of section 5a(d) of the Act: DAILY PUBLICATION OF TRADING INFORMATION—The board of trade shall make public daily information on settlement prices, volume, open interest, and opening and closing ranges for contracts traded on the facility if the Commission determines that the contracts perform a significant price discovery function for transactions in the cash market for the commodity underlying the contracts.

A board of trade operating as a registered derivatives transaction execution facility should provide to the public information regarding settlement prices, price range, trading volume, open interest and other related market information for all applicable contracts, as determined by the Commission. The Commission will determine by order,
after notice and an opportunity for a hearing through submission of written data, views and arguments, whether the requirement of the core principle on publication of trading information under section 5a(d)(5) of the Act applies to a particular product or products traded on a facility. Provision of information for any applicable contract could be through such means as providing the information to a financial information service or by timely placing the information on a facility’s website.

Core Principle 6 of section 5a(d): FITNESS STANDARDS—The board of trade shall establish and enforce appropriate fitness standards for directors, members of any disciplinary committee, members, and any other persons with direct access to the facility, including any parties affiliated with any of the persons described in this core principle.

A derivatives transaction execution facility should have appropriate eligibility criteria for the categories of persons set forth in the core principle that would include standards for fitness and for the collection and verification of information supporting compliance with such standards. Minimum standards of fitness for persons who have member voting privileges, governing obligations or responsibilities, or who exercise disciplinary authority are those bases for refusal to register a person under section 8a(2) of the Act. In addition, persons who have governing obligations or responsibilities, or who exercise disciplinary authority, should not have a significant history of serious disciplinary offenses, such as those that would be disqualifying under §1.63 of this chapter. Eligible contract participants or eligible commercial entities who are members but do not have these privileges, obligations, responsibilities or disciplinary authority could satisfy minimum fitness standards by meeting the standards that they must meet to qualify under the Act’s respective definitions of eligible contract participants or eligible commercial entities. Natural persons who directly or indirectly have greater than a ten percent ownership interest in a facility should meet the fitness standards applicable to members with voting rights. A demonstration of the fitness of the applicant’s directors, members, or natural persons who directly or indirectly have greater than a ten percent ownership interest in a facility may include providing the Commission with registration information for such persons, certification to the fitness of such persons, an affidavit of such persons’ fitness by the facility’s counsel or other information substantiating the fitness of such persons.

Core Principle 7 of section 5a(d): CONFLICTS OF INTEREST—The board of trade shall establish and enforce rules to minimize conflicts of interest in the decision making process of the derivatives transaction execution facility and establish a process for resolving such conflicts of interest.

The means to address conflicts of interest in decision-making of a board of trade operating as a registered derivatives transaction execution facility should include methods to ascertain the presence of conflicts of interest and to make decisions in the event of such a conflict. The Commission also believes that a board of trade operating as a registered derivatives transaction execution facility should provide for appropriate limitations on the use or disclosure of material non-public information gained through the performance of official duties by board members, committee members and facility employees or gained through an ownership interest in the facility.

Core Principle 8 of section 5a(d) of the Act: RECORDKEEPING—The board of trade shall maintain records of all activities related to the business of the derivatives transaction execution facility in a form and manner acceptable to the Commission for a period of 5 years.

Section 1.31 of this chapter governs recordkeeping obligations under the Act and the Commission’s regulations thereunder. In order to provide broad flexible performance standards for recordkeeping, §1.31 was updated and amended by the Commission in 1999. Accordingly, §1.31 itself establishes the guidance regarding the form and manner for keeping records.

Core Principle 9 of section 5a(d) of the Act: ANTITRUST CONSIDERATIONS—Unless necessary or appropriate to achieve the purposes of this Act, the board of trade shall endeavor to avoid—(A) adopting any rules or taking any actions that result in any unreasonable restraint of trade; or (B) imposing any material anti-competitive burden on trading on the derivatives transaction execution facility.

A board of trade seeking to operate as a registered derivatives transaction execution facility may request that the Commission consider under the provisions of section 15(b) of the Act any of the board of trade’s rules, which may be trading protocols or policies, and including both operational rules and the terms or conditions of products listed for trading, at the time it submits its registration application or thereafter. The Commission intends to apply section 15(b) of the Act to its consideration of issues under this core principle in a manner consistent with that previously applied to contract markets.

PART 38—DESIGNATED CONTRACT MARKETS
§ 38.1 Scope.
The provisions of this part 38 shall apply to every board of trade or trading facility that has been designated as a contract market in a commodity under section 6 of the Act. 

§ 38.2 Exemption.
Agreements, contracts, or transactions traded on a designated contract market under section 6 of the Act, the contract market and the contract market’s operator are exempt from all Commission regulations for such activity, except for the requirements of this part 38 and §§ 1.3, 1.12(e), 1.31, 1.38, 1.52, 1.59(d), 1.63(c), 1.67, 33.10, part 9, parts 15 through 21, part 40, and part 190 of this chapter.

Effective Date Note: At 67 FR 11227, Mar. 13, 2002, § 38.2 was revised, effective Apr. 12, 2002. For the convenience of the user, the revised text is set forth as follows:

§ 38.2 Exemption.
Agreements, contracts, or transactions traded on a designated contract market under section 6 of the Act, the contract market and the contract market’s operator are exempt from all Commission regulations for such activity, except for the requirements of this part 38 and §§ 1.3, 1.12(e), 1.31, 1.38, 1.52, 1.59(d), 1.63(c), 1.67, 33.10, parts 15 through 21, part 40, and part 190 of this chapter.

§ 38.3 Procedures for designation by application.
(a) Application. A board of trade or trading facility shall be deemed to be designated as a contract market sixty days after receipt by the Commission of an application for designation unless notified otherwise during that period, or, as determined by Commission order, designated upon conditions, if:

(1) The application demonstrates that the applicant satisfies the criteria for designation of section 5(b) of the Act, the core principles for operation under section 5(d) of the Act and the provisions of this part 38;

(2) The application is labeled as being submitted pursuant to this part 38;

(3) The application includes a copy of the applicant’s rules and, to the extent that compliance with the conditions for designation is not self-evident, a brief explanation of how the rules satisfy each of the conditions for designation; and

(4) The applicant does not amend or supplement the designation application, except as requested by the Commission or for correction of typographical errors, renumbering or other nonsubstantive revisions, during that period;

(5) The applicant identifies with particularity information in the application that will be subject to a request for confidential treatment and supports that request for confidential treatment with reasonable justification; and

(6) The applicant has not instructed the Commission in writing at the time of submission of the application or during the review period to review the application pursuant to procedures under section 6 of the Act.

(b) Guidance regarding application for designation. An applicant for contract market designation may meet the following conditions for designation as specified in this paragraph:

(1) Prevention of market manipulation. The designation criterion to prevent market manipulation under section 5(b)(2) of the Act also includes the requirement that the designated contract market have a dedicated regulatory department, or delegation of that function;
(2) Fair and equitable trading. The designation criterion requiring fair and equitable trading rules under section 5(b)(3) of the Act also includes fair, equitable and timely availability to market participants of information regarding, as appropriate to the market, prices, bids and offers;

(3) Disciplinary procedures. The designation criterion to enforce disciplinary procedures under section 5(b)(6) of the Act may be satisfied by an organized exchange or a trading facility with respect to members with trading privileges but having no, or only nominal, equity, in the facility and non-member market participants of the contract market by expelling or by denying future access, either directly or indirectly, to such a person found to have violated the contract market’s rules;

(4) Governance fitness standards. The requirement to establish appropriate minimum fitness standards for participants having direct access to the facility, under the core principle on fitness pursuant to section 5(d)(14) of the Act, includes natural persons that directly or indirectly have greater than a ten percent ownership interest in the facility; and

(5) In general. Appendix A to this part provides guidance to applicants for designation as contract markets on how the criteria for designation under section 5(b) of the Act can be satisfied, and Appendix B to this part provides guidance to applicants for designation and designated contract markets on how the core principles of section 5(d) of the Act can be satisfied;

(c) Termination of fast track review. During the sixty-day period for review pursuant to paragraph (a) of this section, the Commission shall notify the applicant seeking designation that the Commission is terminating review under this section and will review the proposal under the time period and procedures of section 6 of the Act. If it appears that the application’s form or substance fails to meet the requirements of this part. This termination notification will state the nature of the issues raised and the specific condition of designation that the applicant would violate, appears to violate, or the violation of which cannot be ascertained from the application. Within ten days of receipt of this termination notification, the applicant seeking designation may request that the Commission render a decision whether to designate the contract market or to institute a proceeding to deny the proposed application under procedures specified in section 6 of the Act by notifying the Commission that the applicant views its submission as complete and final as submitted.

(d) Request for withdrawal of application for designation or vacation of designation. An applicant to be designated, or a designated contract market, may withdraw its application or vacate its designation under section 7 of the Act by filing with the Secretary of the Commission at its Washington, DC, headquarters such a request. Withdrawal of an application for designation or vacation of designation shall not affect any action taken or to be taken by the Commission based upon actions, activities or events occurring during the time that the application for designation was pending with, or that the facility was designated by, the Commission.

(e) Delegation of authority. (1) The Commission hereby delegates, until it orders otherwise, to the Director of the Division of Division of Trading and Markets and separately to the Director of Economic Analysis or such other employee or employees as the Directors may designate from time to time, with the concurrence of the General Counsel or the General Counsel’s delegatee, authority to notify the entity seeking designation under paragraph (a) of this section that review under those procedures is being terminated or to designate the entity as a contract market upon conditions.

(2) The Directors may submit to the Commission for its consideration any matter that has been delegated in this paragraph.

(3) Nothing in this paragraph prohibits the Commission, at its election, from exercising the authority delegated in paragraph (e)(1) of this section.
§ 38.4 Procedures for listing products and implementing contract market rules.

(a) Request for Commission approval of rules and products. (1) An applicant for designation, or a designated contract market, may request that the Commission approve under section 5c(c) of the Act, any or all of its rules and subsequent amendments thereto, including both operational rules and the terms or conditions of products listed for trading on the facility, prior to their implementation or, notwithstanding the provisions of section 5c(c)(2) of the Act, at anytime thereafter, under the procedures of §§40.5 or 40.3 of this chapter, as applicable. A designated contract market may label a product in its rules as, “Listed for trading pursuant to Commission approval,” if the product and its terms or conditions have been approved by the Commission and it may label as, “Approved by the Commission,” only those rules that have been so approved.

(2) Notwithstanding the forty-five day review period for voluntary approval under §§40.3(b) and 40.5(b) of this chapter, the operating rules and the terms and conditions of products submitted for voluntary Commission approval under §§40.3 or 40.5 of this chapter that have been submitted at the same time as, or while an application for contract market designation is pending, will be deemed approved by the Commission no earlier than the facility is deemed to be designated.

(b) Self-certification of rules and products. Rules of a designated contract market and subsequent amendments thereto, including both operational rules and the terms or conditions of products listed for trading on the facility, not voluntarily submitted for prior Commission approval pursuant to paragraph (a) of this section must be submitted to the Commission with a certification that the rule, rule amendment or product complies with the Act or rules thereunder pursuant to the procedures of §§40.6 and 40.2 of this chapter, as applicable. Provided, however, any rule or rule amendment that would, for a delivery month having open interest, materially change a term or condition of a contract for future delivery in an agricultural commodity enumerated in section 1a(4) of the Act, or of an option on such a contract or commodity, must be submitted to the Commission prior to its implementation for review and approval under §40.4 of this chapter.

(c) An applicant for designation, or a designated contract market, may request that the Commission consider under the provisions of section 15(b) of the Act any of the contract market’s rules or policies, including both operational rules and the terms or conditions of products listed for trading.

§ 38.5 Information relating to contract market compliance.

(a) Upon request by the Commission, a designated contract market shall file with the Commission such information related to its business as a contract market, including information relating to data entry and trade details, in the form and manner and within the time as specified by the Commission in the request.

(b) Upon request by the Commission, a designated contract market shall file with the Commission a written demonstration, containing such supporting data, information and documents, in the form and manner and within such time as the Commission may specify, that the designated contract market is in compliance with one or more core principles as specified in the request.

§ 38.6 Enforceability.

An agreement, contract or transaction entered into on or pursuant to the rules of a designated contract market shall not be void, voidable, subject to rescission or otherwise invalidated or rendered unenforceable as a result of:

(a) A violation by the designated contract market of the provisions of section 5 of the Act or this part 38; or

(b) Any Commission proceeding to alter or supplement a rule, term or condition under section 8a(7) of the Act, to declare an emergency under section 8a(9) of the Act, or any other proceeding the effect of which is to alter, supplement, or require a designated contract market to adopt a specific term or condition, trading rule or procedure, or to take or refrain from taking a specific action.
APPENDIX A TO PART 38—APPLICATION GUIDANCE

This appendix provides guidance for applicants for designation as a contract market under sections 5(b) and 6 of the Act and §38.3, on meeting the criteria for designation both initially and on an ongoing basis. The guidance is illustrative only of the types of matters an applicant may address, as applicable, and is not intended to be a mandatory checklist. Addressing the issues and questions set forth in this appendix would help the Commission in its consideration of whether the application has met the criteria for designation. To the extent that compliance with, or satisfaction of, a criterion for designation is not self-explanatory from the face of the contract market’s rules, which may be trading protocols or terms and conditions, the application should include an explanation or other form of documentation demonstrating that the applicant meets the designation criteria of section 5(b) of the Act.

Designation Criterion 1 of section 5(b) of the Act: IN GENERAL—To be designated as a contract market, the board of trade shall demonstrate to the Commission that the board of trade meets the criteria specified in this appendix.

A board of trade preparing to submit to the Commission an application for designation as a contract market is encouraged to contact Commission staff for guidance and assistance in preparing an application. Applicants may submit a draft application for review and feedback prior to the submission of an actual application without triggering the application review procedures of §38.3.

Designation Criterion 2 of section 5(b) of the Act: PREVENTION OF MARKET MANIPULATION—The board of trade shall have the capacity to prevent market manipulation through market surveillance, compliance, and enforcement practices and procedures, including methods for conducting real-time monitoring of trading and comprehensive and accurate trade reconstructions.

A designation application should demonstrate a capacity to prevent market manipulation, including that the contract market has trading and participation rules deterring abuses and a dedicated regulatory department, or an effective delegation of that function.

Designation Criterion 3 of section 5(b) of the Act: FAIR AND EQUITABLE TRADING—The board of trade shall establish and enforce trading rules to ensure fair and equitable trading through the facilities of the contract market, and the capacity to detect, investigate, and discipline any person that violates the rules. The rules may authorize—(A) transfer trades or office trades; (B) an exchange of—(i) futures in connection with a cash commodity transaction; (ii) futures for cash commodities; or (iii) futures for swaps; or (C) a futures commission merchant, acting as principal or agent, to enter into or confirm the execution of a contract for the purchase or sale of a commodity for future delivery if the contract is cleared in accordance with the rules of the contract market or a derivatives clearing organization.

(a) Establishing and enforcing trading rules to ensure fair and equitable trading on a contract market, among other things, includes providing to market participants, on a fair, equitable and timely basis, information regarding, prices, bids and offers, as applicable to the market.

(b) Such trading rules should be designed with adequate specificity.

(c) A contract market that authorizes transfer trades or office trades; an exchange of futures for physicals or futures for swaps; or any other non-competitive transactions, including block trades, should have rules particularly authorizing such transactions and establishing appropriate recordkeeping requirements.

Designation Criterion 4 of section 5(b) of the Act: TRADE EXECUTION FACILITY—The board of trade shall—(A) establish and enforce rules defining, or specifications detailing, the manner of operation of the trade execution facility maintained by the board of trade, including rules or specifications describing the operation of any electronic matching platform; and (B) demonstrate that the trade execution facility operates in accordance with the rules or specifications.

(a) An application of a board of trade to be designated as a contract market should include the system’s trade-matching algorithm and order entry procedures. An application involving a trade-matching algorithm that is based on order priority factors other than price and time should include a brief explanation of the algorithm.

(b) A designated contract market’s specifications on initial and periodic objective testing and review of proper system functioning, adequate capacity and security for any automated systems should be included in its application. A board of trade should submit in the contract market application, information on the objective testing and review carried out on its automated system. The Commission believes that the guidelines issued by the International Organization of Securities Commissions (IOSCO) in 1990 (which have been referred to as the “Principles for Screen-Based Trading Systems”), and adopted by the Commission on November 21, 1990 (55 FR 48670), as supplemented in October, 2000, are appropriate guidelines for an electronic trading facility to apply to electronic trading systems. Any program of objective testing and review of the system should be performed by a qualified independent professional (but not necessarily a third-party contractor).
Designation Criterion 5 of section 5(b) of the Act: FINANCIAL INTEGRITY OF TRANSACTIONS—The board of trade shall establish and enforce rules and procedures for ensuring the financial integrity of transactions entered into by or through the facilities of the contract market, including the clearance and settlement of the transactions with a derivatives clearing organization.

(a) A designated contract market should provide for the financial integrity of transactions by setting appropriate minimum financial standards for members and non-intermediated market participants, margins systems, appropriate margin forms and appropriate default rules and procedures. Absent Commission action pursuant to its exemptive authority under section 4(c) of the Act, transactions executed on the contract market (other than stock futures products), if cleared, must be cleared through a derivatives clearing organization registered as such with the Commission. The Commission believes ensuring and enforcing the financial integrity of transactions and intermediaries, and the protection of customer funds should include monitoring compliance with the contract market’s minimum financial standards. In order to monitor for minimum financial requirements, a contract market should routinely receive and promptly review financial and related information.

(b) A designated contract market should have rules concerning the protection of customer funds that address appropriate minimum financial standards for intermediaries, the segregation of customer and proprietary funds, the custody of customer funds, the investment standards for customer funds, related recordkeeping procedures and related intermediary default procedures.

Designation Criterion 6 of section 5(b) of the Act: DISCIPLINARY PROCEDURES—The board of trade shall establish and enforce disciplinary procedures that authorize the board of trade to discipline, suspend, or expel members or market participants that violate the rules of the board of trade, or similar methods for performing the same functions, including delegation of the functions to third parties.

The disciplinary procedures established by a designated contract market should give the contract market both the authority and ability to discipline and limit or suspend a member’s activities as well as the authority and ability to terminate a member’s activities pursuant to clear and fair standards. The authority to discipline or limit or suspend the activities of a member or of a market participant could be established in a contract market’s rules, user agreements or other means. An organized exchange or a trading facility could satisfy this criterion for a member with trading privileges but having no, or only nominal, equity, in the facility and for a non-member market participant by expelling or denying future access to such persons upon a finding that such a person has violated the board of trade’s rules.

Designation Criterion 7 of section 5(b) of the Act: PUBLIC ACCESS—The board of trade shall provide the public with access to the rules, regulations, and contract specifications of the board of trade.

A board of trade operating as a contract market may provide information to the public by placing the information on its web site.

Designation Criterion 8 of section 5(b) of the Act: ABILITY TO OBTAIN INFORMATION—The board of trade shall establish and enforce rules that will allow the board of trade to obtain any necessary information to perform any of the functions described in this appendix, including the capacity to carry out such international information-sharing agreements as the Commission may require.

A designated contract market should have the authority to collect information and documents on both a routine and non-routine basis including the examination of books and records kept by the contract market’s members and by non-intermediated market participants. Appropriate information-sharing agreements could be established with other boards of trade or the Commission could act in conjunction with the contract market to carry out such information sharing.

APPENDIX B TO PART 38—GUIDANCE ON, AND ACCEPTABLE PRACTICES IN, COMPLIANCE WITH CORE PRINCIPLES

1. This appendix provides guidance concerning the core principles with which a board of trade must comply to maintain designation under section 5(d) of the Act and §§38.3 and 38.5. The guidance is provided in paragraph (a) following each core principle and it can be used to demonstrate to the Commission core principle compliance, under §§38.3(a) and 38.5. The guidance for each core principle is illustrative only of the types of matters a board of trade may address, as applicable, and is not intended to be a mandatory checklist. Addressing the issues and questions set forth in this appendix would help the Commission in its consideration of whether the board of trade is in compliance with the core principles. To the extent that compliance with, or satisfaction of, a core principle is not self-explanatory from the face of the board of trade’s rules, which may be terms and conditions or trading protocols, an application pursuant to §38.5, or a submission pursuant to §38.5 should include an explanation or other form of documentation demonstrating that the board of trade complies with the core principles.

2. Acceptable practices meeting the requirements of the core principles are set forth in paragraph (b) following each core principle. Boards of trade that follow the
specific practices outlined under paragraph (b) for any core principle in this appendix will meet the applicable core principle. Paragraph (b) is for illustrative purposes only, and does not state the exclusive means for satisfying a core principle.

Core Principle 1 of section 5(d) of the Act: IN GENERAL—To maintain the designation of a board of trade as a contract market, the board of trade shall comply with the core principles specified in this subsection. The board of trade shall have reasonable discretion in establishing the manner in which it complies with the core principles.

A board of trade applying for designation as a contract market must satisfactorily demonstrate its capacity to operate in compliance with the core principles under section 5(d) of the Act and §38.3. The Commission may require that a board of trade operating as a contract market demonstrate to the Commission that it is in compliance with one or more core principles.

Core Principle 2 of section 5(d) of the Act: COMPLIANCE WITH RULES—The board of trade shall monitor and enforce compliance with the rules of the contract market, including the terms and conditions of any contracts to be traded and any limitations on access to the contract market.

(a) Application guidance. (1) A designated contract market should have arrangements and resources for effective trade practice surveillance programs, with the authority to collect information and documents on both a routine and non-routine basis including the examination of books and records kept by the contract market’s members and by non-intermediated market participants. The arrangements and resources should facilitate the direct supervision of the market and the analysis of data collected. Trade practice surveillance programs could be carried out by the contract market itself or through delegation to a third party. If the contract market delegates the responsibility of carrying out a trade practice surveillance program to a third party, such third party should have the capacity and authority to carry out such program, and the contract market should retain appropriate supervisory authority over the third party.

(2) A designated contract market should have arrangements, resources and authority for effective rule enforcement. The Commission believes that this should include the authority and ability to discipline and limit, or suspend the activities of a member or market participant as well as the authority and ability to terminate the activities of a member or market participant pursuant to clear and fair standards. An organized exchange or a trading facility could satisfy this criterion for members with trading privileges but having no, or only nominal, equity, in the facility and non-member market participants, by expelling or denying such persons future access upon a determination that such a person has violated the board of trade’s rules.

(b) Acceptable practices. An acceptable trade practice surveillance program generally would include:

(1) Maintenance of data reflecting the details of each transaction executed on the contract market;

(2) Electronic analysis of this data routinely to detect potential trading violations;

(3) Appropriate and thorough investigative analysis of these and other potential trading violations brought to the contract market’s attention; and

(4) Prompt and effective disciplinary action for any violation that is found to have been committed. The Commission believes that the latter element should include the authority and ability to discipline and limit or suspend the activities of a member or market participant pursuant to clear and fair standards that are available to market participants. See, e.g., 17 CFR part 8.

Core Principle 3 of section 5(d) of the Act: CONTRACTS NOT READILY SUBJECT TO MANIPULATION—The board of trade shall list on the contract market only contracts that are not readily susceptible to manipulation.

(a) Application guidance. Contract markets may list new products for trading by self-certification under §40.2 of this chapter or may submit products for Commission approval under §40.3 and part 40, Appendix A, of this chapter.

(b) Acceptable practices. Guideline No. 1, 17 CFR part 40, Appendix A may be used as guidance in meeting this core principle for both new product listings and existing listed contracts.

Core Principle 4 of section 5(d) of the Act: MONITORING OF TRADING—The board of trade shall monitor trading to prevent manipulation, price distortion, and disruptions of the delivery or cash-settlement process.

(a) Application guidance. A contract market could prevent market manipulation through a dedicated regulatory department, or by delegation of that function to an appropriate third party.

(b) Acceptable practices. (1) An acceptable program for monitoring markets will generally involve the collection of various market data, including information on traders’ market activity. Those data should be evaluated on an ongoing basis in order to make an appropriate regulatory response to potential market disruptions or abusive practices.

(2) The designated contract market should collect data in order to assess whether the market price is responding to the forces of supply and demand. Appropriate data usually include various fundamental data about the underlying commodity, its supply, its demand, and its movement through marketing channels. Especially important are data related to the size and ownership of deliverable supplies—the existing supply and the future...
or potential supply, and to the pricing of the deliverable commodity relative to the futures price and relative to similar, but non-deliverable, kinds of the commodity. For cash-settled markets, it is more appropriate to pay attention to the availability and pricing of the commodity making up the index to which the market will be settled, as well as the potential to manipulate or distort the cash market or otherwise influence the cash-settlement price to profit on a futures position. In these cases, the level should be set at a level that minimizes the potential for manipulation or distortion of the futures contract’s or the underlying commodity’s price. Markets may elect not to provide all-months-combined and non-spot month limits.

(5) Contract markets should have aggregation rules that apply to those accounts under common control, those with common ownership, i.e., where there is a ten percent or greater financial interest, and those traded according to an express or implied agreement. Contract markets will be permitted to set more stringent aggregation policies. For example, one major board of trade has adopted a policy of automatically aggregating the position of members of the same household, unless they were granted a specific waiver. Contract markets may grant exemptions to their position limits for bona fide hedging (as defined in §1.3(z) of this chapter) and may grant exemptions for reduced risk positions, such as spreads, straddles and arbitrage positions.

(6) Contract markets with many products with large numbers of traders should have an automated means of detecting traders’ violations of speculative limits or exemptions. Contract markets should monitor the continuing appropriateness of approved exemptions by periodically reviewing each trader’s basis for exemption or requiring a reapplication.

(7) Contract markets should establish a program for effective enforcement of these limits. Contract markets should use their...
Commodity Futures Trading Commission

LTER to monitor and enforce daily compliance with position limit rules. The Commission notes that a contract market may allow traders to periodically apply to the contract market for an exemption and, if appropriate, be granted a position level higher than the applicable speculative limit. The contract market should establish a program to monitor and approve exemptions from the limits. The position levels granted under such hedge exemptions generally are based upon the trader’s commercial activity in related markets. Contract markets may allow a brief grace period where a qualifying trader may exceed speculative limits or an existing exemption level pending the submission and approval of appropriate justification. A contract market should consider whether it wants to restrict exemptions during the last several days of trading in a delivery month. Acceptable procedures for obtaining and granting exemptions include a requirement that the contract market approve a specific maximum higher level.

(b) Finally, an acceptable speculative limit program should have specific policies for taking regulatory action once a violation of a position limit or exemption is detected. The contract market policy should consider appropriate actions, regardless of whether the violation is by a non-member or member, and should address traders carrying accounts through more than one intermediary.

(b) A violation of contract market position limits that have been approved by the Commission is also a violation of section 4a(e) of the Act. The Commission will consider for approval all contract market position limit rules.

Core Principle 6 of section 5(d) of the Act: EMERGENCY AUTHORITY—The board of trade shall adopt rules to provide for the exercise of emergency authority, in consultation or cooperation with the Commission, where necessary and appropriate, including the authority to—(A) liquidate or transfer open positions in any contract; (B) suspend or curtail trading in any contract; and (C) require market participants in any contract to meet special margin requirements.

(a) Application guidance. A designated contract market should have clear procedures and guidelines for contract market decision-making regarding emergency intervention in the market, including procedures and guidelines to avoid conflicts of interest while carrying out such decision-making. A contract market should also have the authority to intervene as necessary to maintain markets with fair and orderly trading as well as procedures for carrying out the intervention. Procedures and guidelines should also include notifying the Commission of the exercise of a contract market’s regulatory emergency authority, minimizing conflicts of interest, and documenting the contract market’s decision-making process and the reasons for using its emergency action authority. Information on steps taken under such procedures should be included in a submission of a certified rule under §40.6 of this chapter and any related submissions for rule approval pursuant to §40.5 of this chapter, when carried out pursuant to a contract market’s emergency authority.

(b) Acceptable practices. As is necessary to address perceived market threats, the contract market, among other things, should be able to impose position limits in particular in the delivery month, impose or modify price limits, modify circuit breakers, call for additional margin either from customers or clearing members, order the liquidation or transfer of open positions, order the fixing of a settlement price, order a reduction in positions, extend or shorten the expiration date or the trading hours, suspend or curtail trading on the market, order the transfer of customer contracts and the margin for such contracts from one member including non-intermediated market participants of the contract market to another, or alter the delivery terms or conditions, or, if applicable, should provide for such actions through its agreements with its third-party provider of clearing services.

Core Principle 7 of section 5(d) of the Act: AVAILABILITY OF GENERAL INFORMATION—The board of trade shall make available to market authorities, market participants, and the public information concerning—(A) the terms and conditions of the contracts of the contract market; and (B) the mechanisms for executing transactions on or through the facilities of the contract market.

(a) Application guidance. A designated contract market should have arrangements and resources for the disclosure of contract terms and conditions and trading mechanisms to the Commission, market participants and the public. Procedures should also include providing information on listing new products, rule amendments or other changes to previously disclosed information to the Commission, market participants and the public. Provision of all such information to market participants and the public could be by timely placement of the information on a contract market’s web site.

(b) Acceptable practices. [Reserved]

Core Principle 8 of section 5(d) of the Act: DAILY PUBLICATION OF TRADING INFORMATION—The board of trade shall make public daily information on settlement prices, volume, open interest, and opening and closing ranges for actively traded contracts on the contract market.

(a) Application guidance. A contract market should provide to the public information regarding settlement prices, price range, volume, open interest and other related market information for all actively traded contracts, as determined by the Commission, on
a fair, equitable and timely basis. The Commission believes that section 5(d)(8) requires contract markets to publicize trading information for any non-dormant contract. Provision any applicable contract could be through such means as provision of the information to a financial information service and by timely placement of the information on a contract market’s web site.

(b) Acceptable practices. [Reserved]

Core Principle 9 of section 5(d) of the Act: EXECUTION OF TRANSACTIONS—The board of trade shall provide a competitive, open, and efficient market and mechanism for executing transactions.

(a) Application guidance. (1) A competitive, open and efficient market and mechanism for executing transactions includes a board of trade’s methodology for entering orders and executing transactions.

(2) Appropriate objective testing and review of any automated systems should occur initially and periodically to ensure proper system functioning, adequate capacity and security. A designated contract market’s analysis of its automated system should address appropriate principles for the oversight of automated systems, ensuring proper system function, adequate capacity and security. The Commission believes that the guidelines issued by the International Organization of Securities Commissions (IOSCO) in 1990 (which have been referred to as the “Principles for Screen-Based Trading Systems”), and adopted by the Commission on November 21, 1990 (55 FR 48670), as supplemented in October 2006, are appropriate guidelines for a designated contract market to apply to electronic trading systems. Any program of objective testing and review of the system should be performed by a qualified independent professional. The Commission believes that information gathered by analysis, oversight or any program of objective testing and review of any automated systems regarding system functioning, capacity and security should be made available to the Commission.

(3) A designated contract market that determines to allow block trading should ensure that the block trading does not operate in a manner that compromises the integrity of prices or price discovery on the relevant market.

(b) Acceptable practices. A professional that is a certified member of the Information Systems Audit and Control Association experienced in the industry would be an example of an acceptable party to carry out testing and review of an electronic trading system.

Core Principle 10 of section 5(d) of the Act: TRADE INFORMATION—The board of trade shall maintain rules and procedures to provide for the recording and safe storage of all identifying trade information in a manner that enables the contract market to use the information for purposes of assisting in the prevention of customer and market abuses and providing evidence of any violations of the rules of the contract market.

(a) Application guidance. A designated contract market should have arrangements and resources for recording of full data entry and trade details and the safe storage of audit trail data. A designated contract market should have systems sufficient to enable the contract market to use the information for purposes of assisting in the prevention of customer and market abuses through reconstruction of trading.

(b) Acceptable practices. (1) The goal of an audit trail is to detect and deter customer and market abuse. An effective contract market audit trail should capture and retain sufficient trade-related information to permit contract market staff to detect trading abuses and to reconstruct all transactions within a reasonable period of time. An audit trail should include specialized electronic surveillance programs that would identify potentially abusive trades and trade patterns, including, for instance, withholding or disclosing customer orders, trading ahead, and preferential allocation. An acceptable audit trail must be able to track a customer order from time of receipt through fill allocation or other disposition. The contract market must create and maintain an electronic transaction history database that contains information with respect to transactions executed on the designated contract market.

(2) An acceptable audit trail should include the following: original source documents, transaction history, electronic analysis capability, and safe storage capability. A contract market whose audit trail satisfies the following acceptable practices would satisfy Core Principle 10.

(i) Original source documents. Original source documents include unalterable, sequentially identified records on which trade execution information is originally recorded, whether recorded manually or electronically. For each customer order (whether filled, unfilled or cancelled, each of which should be retained or electronically captured), such records reflect the terms of the order, an account identifier that relates back to the account(s) owner(s), and the time of order entry. (For floor-based contract markets, the time of report of execution of the order should also be captured.)

(ii) Transaction history. A transaction history which consists of an electronic history of each transaction, including (a) all data that are input into the trade entry or matching system for the transaction to match and clear; (b) the categories of participants for which such trades are executed, including whether the person executing a trade was executing it for his/her own account or an account for which he/she has discretion, his/

her clearing member’s house account, the account of another member, including market participants present on the floor, or the account of any other customer; (c) timing and sequencing of trades; (d) the reconstruction of transactions to reconstruct trading; and (d) the identification of each account to which fills are allocated.

(iii) Electronic analysis capability. An electronic analysis capability permits sorting and presenting data included in the transaction history so as to reconstruct trading and to identify possible trading violations with respect to both customer and market abuse.

(iv) Safe storage capability. Safe storage capability provides for a method of storing the data included in the transaction history in a manner that protects the data from unauthorized alteration, as well as from accidental erasure or other loss. Data should be retained in accordance with the record-keeping standards of Core Principle 17.

Core Principle 11 of section 5(d) of the Act: FINANCIAL INTEGRITY OF CONTRACTS—The board of trade shall establish and enforce rules providing for the financial integrity of any contracts traded on the contract market (including the clearance and settlement of the transactions with a derivatives clearing organization), and rules to ensure the financial integrity of any futures commission merchants and introducing brokers and the protection of customer funds.

(a) Application guidance. Clearing of transactions executed on a designated contract market other than transactions in security futures products, should be provided through a Commission-registered derivatives clearing organization. In addition, a designated contract market should maintain the financial integrity of its transactions by maintaining minimum financial standards for its members and non-intermediated market participants and by having default rules and procedures. The minimum financial standards should be monitored for compliance purposes. The Commission believes that in order to monitor for minimum financial requirements, a designated contract market should routinely receive and promptly review financial and related information from its members. Rules concerning the protection of customer funds should address the segregation of customer and proprietary funds, the custody of customer funds, the investment standards for customer funds, related record-keeping and related intermediary default procedures. The contract market should audit its members that are intermediaries for compliance with the foregoing rules as well as applicable Commission rules. These audits should be conducted consistent with the guidance set forth in Division of Trading and Markets Interpretations 4-1 and 4-2. A contract market may delegate to a designated self-regulatory organization responsibility for receiving financial reports and for conducting compliance audits pursuant to the guidelines set forth in §1.52 of this chapter.

(b) Acceptable Practices. [Reserved]

Core Principle 12 of section 5(d) of the Act: PROTECTION OF MARKET PARTICIPANTS—The board of trade shall establish and enforce rules to protect market participants from abusive practices committed by any party acting as an agent for the participants.

(a) Application guidance. A designated contract market should have rules prohibiting conduct by intermediaries that is fraudulent, noncompetitive, unfair, or an abusive practice in connection with the execution of trades and a program to detect and discipline such behavior. The contract market should have methods and resources appropriate to the nature of the trading system and the structure of the market to detect trade practice abuses.

(b) Acceptable practices. [Reserved]

Core Principle 13 of section 5(d) of the Act: DISPUTE RESOLUTION—The board of trade shall establish and enforce rules regarding and provide facilities for alternative dispute resolution as appropriate for market participants and any market intermediaries.

(a) Application guidance. A designated contract market should provide customer dispute resolution procedures that are fair and equitable and make them available on a voluntary basis, either directly or through another self-regulatory organization, to customers that are non-eligible contract participants.

(b) Acceptable practices. (1) Under Core Principle 13, a designated contract market is required to provide for dispute resolution mechanisms that are appropriate to the nature of the market.

(2) In order to satisfy acceptable standards, a designated contract market should provide a customer dispute resolution mechanism that is fundamentally fair and is equitable. An acceptable customer dispute resolution mechanism would:

(i) Provide the customer with an opportunity to have his or her claim decided by an objective and impartial decision-maker.

(ii) Provide each party with the right to be represented by counsel, at the party’s own expense.

(iii) Provide each party with adequate notice of the claims presented against him or her, an opportunity to be heard on all claims, defenses and permitted counterclaims, and an opportunity for a prompt hearing.

(iv) Authorize prompt, written, final settlement awards that are not subject to appeal within the contract market, and

(v) Notify the parties of the fees and costs that may be assessed.

(3) The use of such procedures should be voluntary for customers who are not eligible contract participants, and could permit
counterclaims as provided in §166.5 of this chapter.

(4) If the designated contract market also provides a procedure for the resolution of disputes involving customers (i.e., member-to-member disputes), the procedure for resolving such disputes must be independent of and shall not interfere with or delay the resolution of customers’ claims or grievances.

(5) A designated contract market may delegate to another self-regulatory organization or to a registered futures association its responsibility to provide for customer dispute resolution mechanisms, provided, however, that, if the designated contract market does delegate that responsibility, the contract market shall in all respects treat any decision issued by such other organization or association as if the decision were its own including providing for the appropriate enforcement of any award issued against a delinquent member.

Core Principle 14 of section 5(d) of the Act: GOVERNANCE FITNESS STANDARDS—The board of trade shall establish and enforce appropriate fitness standards for directors, members of any disciplinary committee, members of the contract market, and any other persons with direct access to the facility (including any parties affiliated with any of the persons described in this core principle).

(a) Application guidance. (1) A designated contract market should have appropriate eligibility criteria for the categories of persons set forth in the Core Principle that should include standards for fitness and for the collection and verification of information supporting compliance with such standards. Minimum standards of fitness for persons who have member voting privileges, governing obligations or responsibilities, or who exercise disciplinary authority are those bases for refusal to register a person under section 8a(2) of the Act. In addition, persons who have governing obligations or responsibilities, or who exercise disciplinary authority, should not have a significant history of serious disciplinary offenses, such as those that would be disqualifying under §1.63 of this chapter. Members with trading privileges but having no, or only nominal, equity, in the facility and non-member market participants who are not intermediated and do not have these privileges, obligations, responsibilities or disciplinary authority could satisfy minimum fitness standards by meeting the standards that they must meet to qualify as a “market participant.” Natural persons who directly or indirectly have greater than a ten percent ownership interest in a designated contract market should meet the fitness standards applicable to members with voting rights.

(2) The Commission believes that such standards should include providing the Commission with fitness information for such persons, whether registration information, certification to the fitness of such persons, an affidavit of such persons’ fitness by the contract market’s counsel or other information substantiating the fitness of such persons. If a contract market provides certification of the fitness of such a person, the Commission believes that such certification should be based on verified information that the person is fit to be in his or her position. (b) Acceptable practices. [Reserved]

Core Principle 15 of section 5(d) of the Act: CONFLICTS OF INTEREST-The board of trade shall establish and enforce rules to minimize conflicts of interest in the decision making process of the contract market and establish a process for resolving such conflicts of interest.

(a) Application guidance. The means to address conflicts of interest in decision-making of a contract market should include methods to ascertain the presence of conflicts of interest and to make decisions in the event of such a conflict. In addition, the Commission believes that the contract market should provide for appropriate limitations on the use or disclosure of material non-public information gained through the performance of official duties by board members, committee members and contract market employees or gained through an ownership interest in the contract market.

(b) Acceptable practices. [Reserved]

Core Principle 16 of section 5(d) of the Act: COMPOSITION OF BOARDS OF MUTUALLY OWNED CONTRACT MARKETS-In the case of a mutually owned contract market, the board of trade shall ensure that the composition of the governing board reflects market participants.

(a) Application guidance. The composition of a mutually-owned contract market should fairly represent the diversity of interests of the contract market’s market participants.

(b) Acceptable practices. [Reserved]

Core Principle 17 of section 5(d) of the Act: RECORDKEEPING—The board of trade shall maintain records of all activities related to the business of the contract market in a form and manner acceptable to the Commission for a period of 5 years.

(a) Application guidance. [Reserved]

(b) Acceptable practices. Section 1.31 of this chapter governs recordkeeping obligations under the Act and the Commission’s regulations thereunder. In order to provide broad flexible performance standards for recordkeeping, §1.31 was updated and amended by the Commission in 1999. Accordingly, §1.31 itself establishes the guidance regarding the form and manner for keeping records. Core Principle 18 of section 5(d) of the Act: ANTITRUST CONSIDERATIONS—Unless necessary or appropriate to achieve the purposes of this Act, the board of trade shall endeavor to avoid—(A) adopting any rules or taking any actions that result in any unreasonable restraints
of trade; or (B) imposing any material anti-
competitive burden on trading on the contract
market.

(a) Application guidance. An entity seeking
designation as a contract market may re-
quest that the Commission consider under
the provisions of section 15(b) of the Act any
of the entity’s rules, including trading proto-
cols or policies, and including both oper-
ational rules and the terms or conditions of
products listed for trading, at the time of
designation or thereafter. The Commission
intends to apply section 15(b) of the Act to
its consideration of issues under this core
principle in a manner consistent with that
previously applied to contract markets.

(b) Acceptable practices. [Reserved]

ANCE AND COMPLIANCE WITH CORE PRIN-
CIPLES

AUTHORITY: 7 U.S.C. 7b as added by the
Commodity Futures Modernization Act of
2763 (2000).

SOURCE: 66 FR 45609, Aug. 29, 2001, unless
otherwise noted.

§ 39.1 Scope.

The provisions of this part apply to
any derivatives clearing organization as defined under section 1a(9) of the Act which is registered or deemed to be
registered with the Commission as a
derivatives clearing organization, is re-
quired to register as such with the
Commission pursuant to section 5b(a)
of the Act, or which voluntarily applies
to register as such with the Commission
pursuant to section 5b(b) or other-
wise.

§ 39.2 Exemption.

A derivatives clearing organization and the clearing of agreements, con-
tracts and transactions on a deriva-
tives clearing organization are exempt
from all Commission regulations ex-
cept for the requirements of this part
39 and §§1.3, 1.12(f)(1), 1.20, 1.24, 1.25,
1.26, 1.27, 1.29, 1.31, 1.36, 1.38(b), part 40
and part 190 of this chapter, and as ap-
plicable to the agreement, contract or
transaction cleared, parts 15 through 18
of this chapter. The foregoing reserved
regulations are applicable to a deriva-
tives clearing organization and its ac-
tivities as though they were set forth

(4) Reductions in the minimum price fluctuation (or “tick”);
(5) Changes required to comply with a binding order of a court of competent jurisdiction, or of a rule, regulation or order of the Commission or of another Federal regulatory authority; and
(6) Any other rule, the text of which has been submitted to the Secretary of the Commission at least ten days prior to its implementation at its Washington, D.C. headquarters and that has been labeled “Non-material Agricultural Rule Change,” and with respect to which the Commission has not notified the contract market during that period that the rule appears to require or does require prior approval under this section.

§ 40.5 Voluntary submission of rules for Commission review and approval.

(a) Request for approval of rules. A registered entity may request pursuant to section 5c(c) of the Act that the Commission approve any rule or proposed rule or rule amendment under the following procedures:

(1) Three copies of each rule or rule amendment submission under this section shall be furnished in hard copy form to the Secretary of the Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581 or electronically in a format specified by the Secretary of the Commission. One copy of each submission shall be transmitted by the registered entity to the regional office of the Commission having local jurisdiction over the registered entity. Each request for approval under this section shall be in the following order and shall:

(i) Label the submission as “Request for Commission rule approval”;
(ii) Set forth the text of the rule or proposed rule (in the case of a rule amendment, deletions and additions must be indicated);
(iii) Describe the proposed effective date of a proposed rule and any action taken or anticipated to be taken to adopt the proposed rule by the registered entity or by its governing board or by any committee thereof, and cite the rules of the entity that authorize the adoption of the proposed rule;
(iv) Explain the operation, purpose, and effect of the proposed rule, including, as applicable, a description of the anticipated benefits to market participants or others, any potential anti-competitive effects on market participants or others, how the rule fits into the registered entity’s framework of self-regulation, and any other information which may be beneficial to the Commission in analyzing the proposed rule. If a proposed rule affects, directly or indirectly, the application of any other rule of the submitting entity, set forth the pertinent text of any such rule and describe the anticipated effect;
(v) Note and briefly describe any substantive opposing views expressed with respect to the proposed rule that were not incorporated into the proposed rule prior to its submission to the Commission; and

(vi) Identify any Commission regulation that the Commission may need to amend, or sections of the Act or Commission regulations that the Commission may need to interpret in order to approve or allow into effect the proposed rule. To the extent that such an amendment or interpretation is necessary to accommodate a proposed rule, the submission should include a reasoned analysis supporting the amendment or interpretation of the Commission’s regulation.

(2) [Reserved]

(b) Forty-five day review. All rules submitted for Commission approval under paragraph (a) of this section shall be deemed approved by the Commission under section 5c(c) of the Act, forty-five days after receipt by the Commission, or at the conclusion of such extended period as provided under paragraph (c) of this section, unless notified otherwise within the applicable period, if:

(1) The submission complies with the requirements of paragraphs (a)(1)(i) through (vi) of this section, and

(2) The submitting entity does not amend the proposed rule or supplement the submission, except as requested by the Commission, during the pendency of the review period. Any amendment or supplementation not requested by the Commission will be treated as the submission of a new filing under this section.

(c) Extensions of time. The Commission may extend the review period in paragraph (b) of this section for:

(1) An additional thirty days, if the Commission, within the initial forty-five day review period, notifies the submitting entity that the proposed rule raises novel or complex issues that require the submit time for review or is of major economic significance. This notification shall briefly describe the nature of the specific issues for which additional time for review is required; or

(2) Such additional period as the submitting entity has so instructed the Commission in writing.

(d) Notice of non-approval. The Commission at any time during its review under this section may notify the submitting entity that it will not, or is unable to, approve the proposed rule or rule amendment. This notification shall briefly specify the nature of the issues raised and the specific provision of the Act or regulations, including the form or content requirements of this section, that the proposed rule would violate, appears to violate or the violation of which cannot be ascertained from the submission.

(e) Effect of non-approval. (1) Notification to a registered entity under paragraph (d) of this section of the Commission’s refusal to approve a proposed rule or rule amendment of a registered entity does not prejudice the entity from subsequently submitting a revised version of the proposed rule or rule amendment for Commission approval or from submitting the rule or rule amendment as initially proposed pursuant to a supplemented submission.

(2) Notification to a registered entity under paragraph (d) of this section of the Commission’s refusal to approve a proposed rule or rule amendment of a registered entity shall be presumptive evidence that the entity may not truthfully certify that the same, or substantially the same, proposed rule or rule amendment does not violate the Act or rules thereunder.

(f) Expedited approval. Notwithstanding the provisions of paragraph (b) of this section, changes to terms and conditions of a product that are consistent with the Act and Commission regulations and with standards approved or established by the Commission in a written notification to the registered entity of the applicability of this paragraph (f) shall be deemed approved by the Commission at such time and under such conditions as the Commission shall specify in the notice, provided, however, that the Commission may, at any time, alter or revoke the applicability of such a notice to any particular product.
§ 40.6 Self-certification of rules by designated contract markets and registered derivatives clearing organizations.

(a) Required certification. A designated contract market or a registered derivatives clearing organization may implement any new rule or rule amendment (other than a rule or rule amendment approved or deemed approved by the Commission under §40.5) only if:

(1) The rule or rule amendment is not a rule or rule amendment of a designated contract market that materially changes a term or condition of a contract for future delivery of an agricultural commodity enumerated in section 1a(4) of the Act or an option on such a contract or commodity in a delivery month having open interest;

(2) The designated contract market or registered derivatives clearing organization has filed a submission for the rule or rule amendment with the Commission at its Washington, D.C. headquarters and at the regional office having local jurisdiction, and the Commission has received the submission at its headquarters by close of business on the business day preceding implementation of the rule; provided, however, rules or rule amendments implemented under procedures of the governing board to respond to an emergency as defined in §40.1(d), shall, if practicable, be filed with the Commission prior to the implementation or, if not practicable, be filed with the Commission at the earliest possible time after implementation but in no event more than 24 hours after implementation; and

(3) The rule submission includes:

(i) The label, “Rule Certification” or, in the case of a rule or rule amendment that responds to an emergency, “Emergency Rule Certification”;

(ii) The text of the rule (in the case of a rule amendment, deletions and additions must be indicated);

(iii) The date of implementation;

(iv) A brief explanation of any substantive opposing views not incorporated into the rule; and

(v) A certification by the entity that the rule complies with the Act and regulations thereunder.

(b) Stay. The Commission may stay to the effectiveness of a rule implemented pursuant to paragraph (a) of this section during the pendency of Commission proceedings for filing a false certification or to alter or amend the rule pursuant to section 8a(7) of the Act. The decision to stay the effectiveness of a rule in such circumstances shall not be delegable to any employee of the Commission.

(c) Notification of rule amendments. Notwithstanding the rule certification requirement of section 5c(c)(1) of the Act, and paragraphs (a)(2) and (a)(3) of this section, a designated contract market or a registered derivatives clearing organization may place the following rules or rule amendments into effect without certification to the Commission if the following conditions are met:

(1) The designated contract market or registered derivatives clearing organization provides to the Commission at least weekly a summary notice of all rule changes made effective pursuant to this paragraph during the preceding week. Such notice must be labeled “Weekly Notification of Rule Changes” and need not be filed for weeks during which no such actions have been taken. One copy of each such submission shall be furnished in hard copy to the Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581, or electronically in a format specified by the Secretary of the Commission; and

(2) The rule governs:

(i) Nonmaterial revisions. Corrections of typographical errors, renumbering, periodic routine updates to identifying information about approved entities and other such nonsubstantive revisions of a product’s terms and conditions that have no effect on the economic characteristics of the product;

(ii) Delivery standards set by third parties. Changes to grades or standards of commodities deliverable on a product that are established by an independent third party and that are incorporated by reference as product terms, provided that the grade or standard is not established, selected or calculated solely for use in connection with futures or option trading and such changes do not affect deliverable supplies or the pricing basis for the product;
(iii) **Index products.** Routine changes in the composition, computation, or method of selection of component entities of an index (other than a stock index) referenced and defined in the product’s terms, that do not affect the pricing basis of the index, which are made by an independent third party whose business relates to the collection or dissemination of price information and that was not formed solely for the purpose of compiling an index for use in connection with a futures or option product; or

(iv) **Option contract terms.** Changes to option contract rules relating to the strike price listing procedures, strike price intervals, and the listing of strike prices on a discretionary basis.

(3) **Notification of rule amendments not required.** Notwithstanding the rule certification requirements of section 5c(c)(1) of the Act and of paragraphs (a)(2) and (a)(3) of this section, designated contract markets and registered derivatives clearing organizations may place the following rules or rule amendments into effect without certification or notice to the Commission if the following conditions are met:

(i) The designated contract market or registered derivatives clearing organization maintains documentation regarding all changes to rules; and

(ii) The rule governs:

(A) **Transfer of membership or ownership.** Procedures and forms for the purchase, sale or transfer of membership or ownership, but not including qualifications for membership or ownership; any right or obligation of membership or ownership or dues or assessments;

(B) **Administrative procedures.** The organization and administrative procedures of a contract market’s governing bodies such as a Board of Directors, Officers and Committees, but not voting requirements, Board of Directors or Committee composition requirements, or procedures or requirements relating to conflicts of interest;

(C) **Administration.** The routine, daily administration, direction and control of employees, requirements relating to gratuity and similar funds, but not guaranty, reserves, similar funds; declaration of holidays, and changes to facilities housing the market, trading floor or trading area; and

(D) **Standards of decorum.** Standards of decorum or attire or similar provisions relating to admission to the floor, badges, or visitors, but not the establishment of penalties for violations of such rules.

§ 40.7 **Delegations.**

(a) **Procedural matters—(1) Review of products or rules.** The Commission hereby delegates, until it orders otherwise, to the Director of the Division of Trading and Markets and separately to the Director of Economic Analysis or to the Director’s delegatee with the concurrence of the General Counsel or the General Counsel’s delegatee, authority to request under §40.3(b)(2) or §40.5(b)(2) that the entity requesting approval amend the proposed product, rule or rule amendment or supplement the submission, to notify a submitting entity under §40.3(c) or §40.5(c) that the time for review has been extended, and to notify the submitting entity under §40.3(d) or §40.5(d) that the Commission is not approving, or is unable to approve, the proposed product, rule or rule amendment.

(2) **Emergency rules.** The Commission hereby delegates authority to the Director of the Division of Trading and Markets, or the delegatees of the Director, authority to receive notification and the required certification of emergency rules under §40.6(a)(2).

(b) **Approval authority.** The Commission hereby delegates, until the Commission orders otherwise, to the Director of the Division of Trading and Markets and separately to the Director of Economic Analysis, with the concurrence of the General Counsel or the General Counsel’s delegatee, to be exercised by either of such Directors or by such other employee or employees of the Commission under the supervision of such Directors as may be designated from time to time by the Directors, the authority to approve, pursuant to section 5c(c)(3) of the Act and §40.5, rules or rule amendments of a designated contract market, registered derivatives transaction execution facility or registered derivatives clearing organization that:
(1) Relate to, but do not materially change, the quantity, quality, or other delivery specifications, procedures, or obligations for delivery, cash settlement, or exercise under an agreement, contract or transaction approved for trading by the Commission; daily settlement prices; clearing position limits; requirements or procedures for governance of a registered entity; procedures for transfer trades; trading hours; minimum price fluctuations; and maximum price limit and trading suspension provisions;

(2) Reflect routine modifications that are required or anticipated by the terms of the rule of a registered entity;

(3) [Reserved]

(4) Are in substance the same as a rule of the same or another registered entity which has been approved previously by the Commission pursuant to section 5c(c)(3) of the Act;

(5) Are consistent with a specific, stated policy or interpretation of the Commission; or

(6) Relate to the listing of additional trading months of approved contracts.

(c) The Directors may submit to the Commission for its consideration any matter that has been delegated pursuant to paragraph (a) or (b) of this section.

Nothing in this section shall be deemed to prohibit the Commission, at its election, from exercising the authority delegated in paragraph (a) or (b) of this section to the Directors.

### Appendix A to Part 40—Guideline No. 1

- **(a) Application for Designation of Physical Delivery Futures Contracts**

A board of trade shall submit:

1. The rules setting forth the terms and conditions of the futures contract.

2. A description of the cash market for the commodity on which the contract is based.

   (i) The description may include, in addition to or in lieu of materials prepared by the board of trade, existing studies by industry trade groups, academics, governmental bodies or other entities, reports of consultants, or other materials which provide a description of the underlying cash market.

   (ii) Where the same, or a closely related commodity, is already designated as a contract market which is not dormant, the cash market description can be confined to those aspects relevant to particular term(s) or condition(s) which differ from such existing contract.

3. A demonstration that the terms and conditions, as a whole, will result in a deliverable supply such that the contract will not be conducive to price manipulation or distortion and that the deliverable supply reasonably can be expected to be available to short traders and salable by long traders at its market value in normal cash marketing channels.

For purposes of this demonstration, provide the following information in chart or narrative form.

1 If an identical provision has been approved for a nondormant contract in the same commodity, there is no need to provide an explanation in the next column.

2 No estimate of deliverable supply is needed if a previously designated nondormant contract is trading. Also, no justification of the spot month limit is needed if the limit is the same as that approved by the Commission for an identical contract in that commodity (relative to the quantity or value of the identical contract). Where more than one contract is based on the same underlying commodity or instrument, positions should be combined for purposes of applying speculative limits.

(b) Application for Cash Settled Futures Contracts

A board of trade shall submit:

(1) The rules setting forth the terms and conditions of the proposed futures contract.

(1) On a particular day, a security shall be 1 of 750 securities with the largest market capitalization as of the preceding 6 full calendar months when it is included on a list of such securities designated by the Commission and the SEC as applicable for that day.
(2) In the event that the Commission and the SEC have not designated a list under paragraph (a)(1) of this section:
   (i) The method to be used to determine market capitalization of a security as of the preceding 6 full calendar months is to sum the values of the market capitalization of such security for each U.S. trading day of the preceding 6 full calendar months, and to divide this sum by the total number of such trading days.
   (ii) The 750 securities with the largest market capitalization shall be identified from the universe of all reported securities, as defined in §240.11a-1, that are common stock or depositary shares.
(b) Dollar value of ADTV.
   (1) For purposes of Section 1a(25)(A) and (B) of the Act (7 U.S.C. 1a(25)(A) and (B)):
      (i)(A) The method to be used to determine the dollar value of ADTV of a security is to sum the dollar value of ADTV of all reported transactions in such security in each jurisdiction as calculated pursuant to paragraphs (b)(1)(i) and (ii) of this section.
      (B) The dollar value of ADTV of a security shall include the value of all reported transactions for such security and for any depositary share that represents such security.

(C) The dollar value of ADTV of a depositary share shall include the value of all reported transactions for such depositary share and for the security that is represented by such depositary share.

(iii)(A) For trading in a security in a jurisdiction other than the United States, the method to be used to determine the dollar value of ADTV as of the preceding 6 full calendar months is to sum the value in U.S. dollars of all reported transactions in such security in such jurisdiction for each trading day during the preceding 6 full calendar months, and to divide this sum by the total number of trading days in such jurisdiction during the preceding 6 full calendar months.

(B) If the value of reported transactions used in calculating the ADTV of securities under paragraph (b)(1)(iii)(A) is reported in a currency other than U.S. dollars, the total value of each day's transactions in such currency shall be converted into U.S. dollars on the basis of a spot rate of exchange for that day obtained from at least one independent entity that provides or disseminates foreign exchange quotations in the ordinary course of its business.

(ii) In the event that the Commission and the SEC have not designated a list under paragraph (b)(2)(i) of this section:

(A) The method to be used to determine the dollar value of ADTV of a security as of the preceding 6 full calendar months is to sum the value of all reported transactions in such security in the United States for each U.S. trading day during the preceding 6 full calendar months, and to divide this sum by the total number of such trading days.

(B) The 675 securities with the largest dollar value of ADTV shall be identified from the universe of all reported securities as defined in §240.11Ac1–1 that are common stock or depositary shares.

§ 140.99 Requests for exemptive, no-action and interpretative letters.

(a) Definitions. For the purpose of this section:

(1) Exemptive letter means a written grant of relief issued by the staff of a Division of the Commission from the applicability of a specific provision of the Act or of a rule, regulation or order issued thereunder by the Commission. An exemptive letter may only be issued by staff of a Division when the Commission itself has exemptive authority and that authority has been delegated by the Commission to the Division in question. An exemptive letter binds the Commission and its staff with respect to the relief provided therein. Only the Beneficiary may rely upon the exemptive letter.

(b) No-action letter means a written statement issued by the staff of a Division of the Commission or of the Office of the General Counsel that it will not recommend enforcement action to the Commission for failure to comply with
§ 140.99

a specific provision of the Act or of a Commission rule, regulation or order if a proposed transaction is completed or a proposed activity is conducted by the Beneficiary. A no-action letter represents the position only of the Division that issued it, or the Office of the General Counsel if issued thereby. A no-action letter binds only the issuing Division or the Office of the General Counsel, as applicable, and not the Commission or other Commission staff. Only the Beneficiary may rely upon the no-action letter.

(3) **Interpretative letter** means written advice or guidance issued by the staff of a Division of the Commission or the Office of the General Counsel. An interpretative letter binds only the issuing Division or the Office of the General Counsel, as applicable, and does not bind the Commission or other Commission staff. An interpretative letter may be relied upon by persons in addition to the Beneficiary.

(4) **Letter** means an exemptive, no-action or interpretative letter.

(5) **Division** means the Division of Trading and Markets or the Division of Economic Analysis.

(b) **General requirements.** (1) Issuance of a Letter is entirely within the discretion of Commission staff.

(2) Each request for a Letter must comply with the requirements of this section. Commission staff may reject or decline to respond to a request that does not comply with the requirements of this section.

(3) The request must relate to a proposed transaction or a proposed activity. Absent extraordinary circumstances, Commission staff will not issue a Letter based upon transactions or activities that have been completed or activities that have been conducted prior to the date upon which the request is filed with the Commission.

(4) The request must be made by or on behalf of the person whose activities or transactions are the subject of the request. Commission staff will not respond to a request for a Letter that is made by or on behalf of an unidentified person.

(5) The request must set forth as completely as possible all material facts and circumstances giving rise to the request.

(ii) Commission staff will not respond to a request based on a hypothetical situation. However, a requester may set forth one or more alternative structures or fact situations for a proposed transaction or activity; Provided, That the request complies with this section with respect to each alternative structure or fact situation.

(c) **Information requirements.** Each request for a Letter must comply with the following information requirements:

(1) The request made by the person on whose behalf the Letter is sought must contain:

   (A) The name, main business address, main telephone number and, if applicable, the National Futures Association registration identification number of such person; and

   (B) The name and, if applicable, the National Futures Association registration identification number of each other person for whose benefit the person is seeking the Letter.

(ii) When made by a requester other than the person on whose behalf the Letter is sought, the request must contain:

   (A) The name, main business address and main business telephone number of the requester;

   (B) The name and, if applicable, the National Futures Association registration identification number of the person on whose behalf the Letter is sought; and

   (C) The name and, if applicable, the National Futures Association registration identification number of each other person for whose benefit the requester is seeking the Letter.

(iii) The request must provide the name, address and telephone number of a contact person from whom Commission staff may obtain additional information if necessary.

(2) The section number of the particular provision of the Act and/or Commission rules, regulations or orders to which the request relates must be set forth in the upper right-hand corner of the first page of the request.

(3) The request must be accompanied by:

   (i) A certification by a person with knowledge of the facts that the material facts as represented in the request...
are true and complete. The following form of certification is sufficient for this purpose:

I hereby certify that the material facts set forth in the attached letter dated ______ are true and complete to the best of my knowledge.

(name and title) ______________________

and

(ii) An undertaking made by the person on whose behalf the Letter is sought or by that person’s authorized representative that, if at any time prior to issuance of a Letter, any material representation made in the request ceases to be true and complete, the person who made the undertaking will ensure that Commission staff is informed promptly in writing of all materially changed facts and circumstances. If a material change in facts or circumstances occurs subsequent to issuance of a Letter, the person on whose behalf the Letter is sought (or that person’s authorized representative at the time of the change) must promptly so inform Commission staff.

(4) The request must identify the type of relief requested and Letter sought and must clearly state why a Letter is needed. The request must identify all relevant legal and factual issues and discuss the legal and public policy bases supporting issuance of the Letter.

(5) The request must contain references to all relevant authorities, including applicable provisions of the Act, Commission rules, regulations and orders, judicial decisions, administrative decisions, relevant statutory interpretations and policy statements. Adverse authority must be cited and discussed.

(6) The request must identify prior publicly available Letters issued by Commission staff in response to circumstances similar to those surrounding the request (including adverse Letters), and must identify any conditions imposed by prior Letters as prerequisites for the issuance of those Letters. Citation of a representative sample of prior Letters is sufficient where a comprehensive recitation of prior Letters on a given topic would be repetitious or would not assist the staff in considering the request.

(7) Requests may ask that, if the requested exemptive relief, no-action position or interpretative guidance is denied, the staff consider granting alternative relief or adopting an alternative position.

(d) Filing requirements. Each request for a Letter must comply with the following filing requirements:

(1) The request must be in writing and signed.

(2) The request must be filed with the Director, Division of Trading and Markets, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. Request must be submitted electronically using the e-mail address tmletters@cftc.gov; Provided, That a properly signed paper copy of the request is provided to the Division of Trading and Markets within ten days for purposes of verification of the electronic transmission. The Director will route the request to the appropriate Division or the Office of the General Counsel.

(e) Form of staff response. No response to any request governed by this section is effective unless it is in writing, signed by appropriate Commission staff, and transmitted in final form to the recipient. Failure by Commission staff to respond to a request for a Letter does not constitute approval of the request. Nothing in this section shall preclude Commission staff from responding to a request for a Letter by way of endorsement or any other abbreviated, written form of response.

(f) Withdrawal of requests. (1) A request for a Letter may be withdrawn by filing with Commission staff a written request for withdrawal, signed by the person on whose behalf the Letter was sought or by that person’s authorized representative, that states whether the person on whose behalf the Letter was sought will proceed with the proposed transaction or activity.

(2) Where a request has been submitted by an authorized representative of the person on whose behalf a Letter is sought, the authorized representative may withdraw from representation at any time without explanation, Provided, That Commission staff is promptly so notified.
§ 140.735–1 Authority and purpose.

This subpart sets forth specific standards of conduct required of Commission members, employees of the Commission, and special government employees as well as regulations concerning former Commissioners, employees, and special government employees of the Commodity Futures Trading Commission. These rules are separate from and in addition to the Office of Government Ethics’ conduct rules, Standards of Ethical Conduct for Employees of the Executive Branch, 5 CFR part 2635. In addition, this subpart contains references to various statutes governing employee conduct in order to aid Commission members, employees of the Commission and others in their understanding of statutory restrictions and requirements. § 140.735–2 Prohibited transactions.

(a) Application. This section applies to all transactions effected by or on behalf of a Commission member or employee of the Commission, including transactions for the account of other persons effected by the member or employee, directly or indirectly under a power of attorney or otherwise. A member or employee shall be deemed to have a sufficient interest in the transactions of his or her spouse, minor child, or other relative who is a resident of the immediate household of the member or employee so that such transactions must be reported and are subject to all the terms of this section.

(b) Prohibitions. Except as otherwise provided in this subsection, no member or employee of the Commission shall:

(1) Participate, directly or indirectly, in any commodity futures;

(2) Making any offer, solicitation, or sale in interstate commerce.

(c) Exception for farming, ranching, and natural resource operations. The prohibitions in paragraphs (b)(1)(i) and (ii) of this section shall not apply to a transaction in connection with any farming, ranching, oil and gas, mineral rights, or other natural resource operation in which the member or employee has a financial interest, if he or she is not involved in the decision to engage in, and does not have prior knowledge of, the actual futures or options transaction and has previously notified the General Counsel in writing of the nature of the operation, the extent of the member’s or employee’s interest, the types of transactions in which the operation may engage, and the identity of the person or persons who will make trading decisions for the operation;³

³Although not required, if they choose to do so, members or employees may use powers of attorney or other arrangements in order to meet the notice requirements of, and to assure that they have no control or knowledge of, futures or options transactions permitted under paragraph (c) of this section. A member or employee considering such arrangements should consult with the Office of General Counsel in advance for approval. Should a member or employee gain knowledge of an actual futures or option transaction entered into by an operation described in paragraph (c) of this section that has already taken place and the market position represented by that transaction remains open, he or she should promptly report that fact and all other details to the General Counsel and seek advice as to what action, including recusal from any particular matter that will have a direct and predictable effect on the financial interest in question, may be appropriate.

If the member or employee has actual or constructive knowledge of such transactions, the disqualification provisions of §140.735–2a(d)(2)(i)–(iii) and 18 U.S.C. 208 are applicable.

any person registered with the Commission (including futures commission merchants, associated persons and agents of futures commission merchants, floor brokers, commodity trading advisors and commodity pool operators, and any other persons required to be registered in a fashion similar to any of the above under the Commodity Exchange Act or pursuant to any rule or regulation promulgated by the Commission), or any contract market, board of trade, or other trading facility, or any clearing organization subject to regulation or oversight by the Commission; or

(2) Own or control, through securities or otherwise, ten percent or more of the total ownership interests in any other person required to file reports under the Commodity Exchange Act, or pursuant to any rule or regulation promulgated by the Commission.

(c) Exceptions. The prohibitions in paragraph (b) of this section shall not apply to:

(1) A financial interest in any publicly-available pooled investment vehicle (such as a mutual fund or exchange-traded fund) other than one operated by a person who is a commodity pool operator with respect to such entity if such vehicle does not have invested, or indicate in its prospectus the intent to invest, ten percent or more of its assets in securities of persons described in paragraph (b) of this section and the member or employee neither exercises control nor has the ability to exercise control over the financial interests held in such vehicle;

(2) Acquiring, retaining, or controlling an otherwise prohibited financial interest, including but not limited to any security or option on a security (but not a security futures product), where the financial interest was acquired by inheritance, gift, stock split, involuntary stock dividend, merger, acquisition, or other change in corporate ownership, exercise of preemptive right, or otherwise without specific intent to acquire the financial interest, or by a spouse or minor child or other related member of the immediate household of the member or employee as part of an employment compensation package; provided, however, that retention of any interest allowed by paragraph (c)(3) or (d) of this section is permitted only where the employee:

6 Attention is directed to 18 U.S.C. 208.

7 The Division of Economic Analysis maintains information on persons whose commodity futures and options positions are or have been reportable under the Commission’s large trader reporting system. Members and employees should consult with DEA to determine whether any of their financial interests involve entities subject to such reporting.

8 It is the member’s or employee’s responsibility to monitor his or her financial interests and those of a spouse or minor child or other related member of his or her immediate household, to promptly report relevant changes to the General Counsel in writing, and to seek the advice of the General Counsel as to what action may be appropriate. In this regard, attention is directed to 18 U.S.C. 208, which bars an employee from participating in any particular matter that will have a direct and predictable effect on the financial interest in question.
§ 140.735-3 Non-governmental employment and other outside activity.

§ 140.735-4 Receipt and disposition of foreign gifts and decorations.

9 Changes in holdings, other than by purchase, which do not affect disqualification, such as those resulting from the automatic reinvestment of dividends, stock splits, stock dividends or reclassifications, may be reported on the annual statement, SF 278 or SF 450, rather than when notification of the transaction is received. Acquisition by, for example, gifts, inheritance, or spinoffs, which may result in additional disqualifications pursuant to paragraph (d)(2)(i)(ii) of this section and 18 U.S.C. 208 shall be reported to the General Counsel within 20 days of the receipt of actual or constructive notice thereof.

10 Any evidence of a violation of 18 U.S.C. 208 must be reported by the General Counsel to the Commission, which may refer the matter to the Criminal Division of the Department of Justice and the United States Attorney in whose venue the violations lie. See 28 U.S.C. 535.
(1) **Commission member or employee** means any Commission member or any person employed by or who occupies an office or a position in the Commission; an expert or consultant under contract with the Commission, or in the case of an organization performing services under such contract, any individual involved in the performance of such service; and the spouse, unless the individual and his or her spouse are separated, and any dependent, as defined by section 152 of the Internal Revenue Code of 1954, of any such person.

(2) **Foreign government** means:

(A) Any unit of foreign governmental authority, including any foreign national, state, local, and municipal government;
(B) Any international or multinational organization whose membership is composed of any unit of foreign government described in paragraph (a)(2)(A) of this section; and
(C) Any agent or representative of any such unit or such organization, while acting as such.

(3) **Gift** means a tangible or intangible present (other than a decoration) tendered by, or received from, a foreign government, except gifts of currency, except grants and other forms of assistance to which section 108A of the Mutual Educational and Cultural Exchange Act of 1961 applies.

(4) **Decoration** means an order, device, medal, badge, insignia, emblem, or award tendered by, or received from, a foreign government.

(5) **Minimal value** means a retail value in the United States at the time of acceptance of $140 or less, except as redefined to reflect changes in the consumer price index at three year intervals by the Administrator of General Services pursuant to authority granted in 5 U.S.C. 7342(a)(5)(A).

(b) Commission members and employees shall not:

(1) Request or otherwise encourage the tender of a gift or decoration;
(2) Accept a gift of currency, except that which has an historical or numismatic value;
(3) Accept gifts of travel or gifts of expenses for travel, such as transportation, food and lodging, from foreign governments, other than those authorized in paragraph (c)(6) of this section; or
(4) Accept any gift or decoration, except as authorized by this section.

(c) **Gifts which may be accepted**:

(1) Commission members and employees may accept and retain gifts of minimal value tendered or received as a souvenir or mark of courtesy from a foreign government without further approval. If the value of a gift is uncertain, the recipient shall be responsible for establishing that it is of minimal value, as defined in this section. Documentary evidence may be required in support of the valuation.

(2) Commission members and employees may accept, on behalf of the United States, gifts of more than minimal value tendered or received from a foreign government when it appears that to refuse the gift would likely cause offense or embarrassment or otherwise adversely affect the foreign relations of the United States. When a tangible gift of more than minimal value is accepted on behalf of the United States, it becomes the property of the United States.

(3) Commission members and employees may accept a gift of more than minimal value where such gift is in the nature of an educational scholarship or medical treatment.

(4) Within 60 days after accepting a tangible gift of more than minimal value, other than a gift described in paragraph (c)(5) of this section, a Commission member or employee shall file a statement with the Executive Director of the Commission which shall include the following information:

(5) Commission members and employees are authorized to accept from a foreign government gifts of travel or gifts
§ 140.735-4 17 CFR Ch. I (4–1–02 Edition)

of expenses for travel taking place entirely outside the United States, such as transportation, food and lodging, of more than minimal value if the acceptance is approved by the Executive Director, upon a finding that it is consistent with the interests of the Commission. Either prior to or within 30 days after accepting each gift of travel or gift of travel expenses pursuant to this paragraph, the Commission member or employee concerned shall file a statement with the Executive Director containing the following information:

(A) The name and position of the Commission member or employee;
(B) A brief description of the gift and the circumstances justifying acceptance;
(C) The identity, if known, of the foreign government and the name and position of the individual who presented the gift; and

(d) Commission members or employees may accept, retain and wear decorations tendered by a foreign government in recognition of active field service in time of combat operations or awarded for other outstanding or unusually meritorious performance, subject to the approval of the Executive Director. Without this approval, the decoration is deemed to have been accepted on behalf of the United States, shall become the property of the United States, and shall be deposited by the employee, within 60 days of acceptance, with the Executive Director for official use or forwarding to the Administrator of General Services for disposal in accordance with paragraph (g) of this section. Under normal circumstances, it can be expected that a Commission member or employee will be notified of the intent of a foreign government to award him or her or a spouse or dependent a decoration for outstanding or unusually meritorious service sufficiently in advance so that the approval required can be sought prior to its acceptance. A request for the approval of the Executive Director shall be submitted in writing, stating the nature of the decoration and the reason why it is being awarded. Whenever possible, the request should also be accompanied by a statement from the foreign government, preferably in the form of the citation, which shows the basis for the tender of the award, whether it is in recognition of active field service in time of combat operations or for other outstanding or unusually meritorious performance.

(e) Within 60 days after acceptance of a tangible gift of more than minimal value or a decoration for which the Executive Director has not given approval, a Commission member or employee shall:

(1) Deposit the gift or decoration for disposal with the Executive Director;

(2) Subject to the approval of the Commission, upon the recommendation of the Executive Director, deposit the gift or decoration with the Commission for official use.

A gift or decoration may be retained for official use if the Commission determines that it can be properly displayed in an area accessible to employees and members of the public. Within 30 days after termination of the official use of a gift, the Executive Director shall forward the gift to the Administrator of General Services in accordance with paragraph (g) of this section.

(f) Whenever possible, gifts and decorations that have been deposited with the Executive Director for disposal shall be returned to the donor. The Executive Director, in coordination with the Office of the General Counsel, shall examine the circumstances surrounding the donation, assessing whether any adverse effect on the foreign relations of the United States might result from the return of the gift or decoration to the donor. The appropriate Department of State officials shall be consulted if a question of adverse effect on United States foreign relations arises.

(g) Gifts and decorations that have not been returned to the donor, retained for official use, or for which official use has terminated, shall be forwarded by the Executive Director to
the Administrator of General Services for transfer, donation, or other disposal in accordance with the provisions of the Federal Property and Administrative Services Act of 1949, as amended, and 5 U.S.C. 7342.

The court may assess a penalty against such Commission member or employee in any amount not exceeding the retail value of the gift improperly solicited or received plus $5,000.

(i) A violation of the requirements set forth in this section by a Commission employee may be cause for appropriate disciplinary action which may be in addition to any penalty prescribed by law.

(j)(1) The burden of proving minimal value shall be on the recipient. In the event of a dispute over the value of a gift, the Executive Director shall arrange for an outside appraiser to determine whether the gift is of more or less than minimal value.

(2) When requested by the Administrator of Government Services, the Executive Director shall arrange for an appraisal of a gift or decoration.

(k) No appropriated funds of the Commission may be used to buy any tangible gift of more than minimal value for any foreign individual, unless the gift has been approved by Congress.

(d) Exceptions. The prohibitions contained in paragraphs (a), (b), and (c) of this section do not apply to communications solely for the purpose of furnishing scientific or technological information if approved by the Commission or generally to giving testimony under oath or making a statement which is subject to penalty or perjury. Further, the prohibition contained in paragraph (c) of this section does not apply to an uncompensated statement in a particular area within the special knowledge of the former Commission member or employee.\(^{16}\)

(e) Reporting requirement. Any former member or employee of the Commission who, within two years after ceasing to be such, is employed or retained as the representative of any person (except the United States) in connection with a matter in which it is contemplated that he will appear before or communicate with the Commission shall, within ten days of such retainer or employment, or of the time when appearance before or communication with the Commission is first contemplated, file with the General Counsel of the Commission a statement as to the nature thereof together with any desired explanation as to why it is deemed consistent with this section. Employment of a recurrent character may be covered by a single comprehensive statement. Each such statement should include an appropriate caption indicating that it is filed pursuant to this section. The reporting requirement of this paragraph does not apply to communications incidental to court appearances in litigation involving the Commission.

(f) Definitions. As used in this section, the phrase “appearance before the Commission” means any formal or informal appearance on behalf of any person (except the United States) before the Commission, or any member or employee thereof, on behalf of any person (except the United States) with an intent to influence. (2) Investigations. The General Counsel of the Commission, or his or her

\(^{15}\)Attention is directed to 18 U.S.C. 207(c), as amended, which places restrictions on the representational activities of certain senior officers and employees after their departure from a senior position. Section 207(c) generally makes it unlawful for one year after service in a “senior” position to terminate for a former “senior” Federal employee to knowingly make, with the intent to influence, any communication to or appearance before an employee of a department or agency in which he served in any capacity during the one year period prior to termination from “senior” service, if that communication or appearance is on behalf of any other person (except the United States), in connection with any matter concerning which he seeks official action by that employee.

Note that the one year period is measured from the date when the employee ceases to be a senior employee, not from the termination of Government service, unless the two occur simultaneously. This provision prohibits communications to or appearances before the Government and does not prohibit “behind-the-scenes” assistance. The restriction does not require that the former employee have ever been in any way involved in the matter that is the subject of the communication or appearance. The restriction applies with respect to any matter, whether or not involving a specific party.

The General Counsel shall report the results of his or her investigations to the Commission and shall recommend to the Commission such action as he or she deems appropriate.

(3) Hearings. Hearings required to be held under the provisions of this section shall be held before an Administrative Law Judge, utilizing the procedures prescribed by the Commission’s rules of practice for adjudicatory proceedings (17 CFR part 10), except to the extent that those rules are inconsistent with the provisions of this section. Any proceeding brought under the provisions of this section shall be prosecuted by the General Counsel or his or her designee.

(4) Sanctions. If the Commission finds, after notice and opportunity for a hearing, that a former Commission member or employee has violated 18 U.S.C. 207 (a), (b) or (c), as amended, the Commission may prohibit that person from making, on behalf of any other person (except the United States), any formal or informal appearance before, or with the intent to influence any oral or written communication to, the Commission on a pending matter of business for a period not to exceed five years, or may take other appropriate disciplinary action.

Requests for public records directed to a regional office of the Commission pursuant to §§145.0(c) and 145.2 should be sent to:

Division of Economic Analysis, Commodity Futures Trading Commission, One World Trade Center, suite 3747, New York, New York 10048. Telephone: (212) 466-3961.

Division of Trading and Markets, Commodity Futures Trading Commission, 4900 Main Street, suite 721, Kansas City, Missouri 64112. Telephone: (816) 931-7600.
§ 145.7 Requests for Commission records and copies thereof.

Requests for Commission records and copies thereof shall specify the preferred form or format (including electronic formats) of the response. The Commission will accommodate requesters as to form or format if the record is readily available in that form or format. When requesters do not specify the form or format of the response, the Commission will respond in the form or format in which the document is most accessible to the Commission.

(a) Public inquiries and inspection of public records. Information concerning the nature and extent of available public records may be obtained in person, by telephone, via Internet (http://www.cftc.gov), or by writing to the Commission offices designated in §§145.2 and 145.6.

(b) Requests for nonpublic records. Except as provided in paragraph (a) of this section with respect to public records, all requests for records maintained by the Commission shall be in writing, shall be addressed to the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance, and shall be clearly marked “Freedom of Information Act Request”.

(c) Misdirected written requests/oral requests. (1) The Commission cannot assure that a timely or satisfactory response will be given to requests for records that are directed to the Commission other than in the manner prescribed in paragraph (b) of this section. Any misdirected written request for nonpublic records should be promptly forwarded to the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance. Misdirected requests for nonpublic records will be considered to have been received for purposes of this section only when they actually have been received by the Assistant Secretary. The Commission will not entertain an appeal under paragraph (h) of this section from an alleged denial or failure to comply with an oral request will not be considered. Any person who has orally requested a copy of a record and who believes that the request was denied improperly should resubmit the request in writing in accordance with paragraph (b) of this section.

(d) Description of requested records.

Each written request for Commission records made under paragraph (b) of this section shall reasonably describe the records sought with sufficient specificity to permit the records to be located among the records maintained by or for the Commission. The Commission staff may communicate with the requester (by telephone when practicable) in an effort to reduce the administrative burden of processing a broad request and to minimize fees for copying and search services.

(e) Description of requester and intended use of requested records. In each request for records, requesters shall reasonably identify themselves as a commercial user, educational institution, noncommercial scientific institution, or representative of the news media if one of these categories is applicable. The requester shall describe the use to which the records will be put.

(f) Request for existing records. The Commission’s response to a request for nonpublic records will encompass all nonpublic records identifiable as responsive to the request that are in existence on the date that the written request is received by the Assistant Secretary for FOI, Privacy and Sunshine Acts Compliance. The Commission need not create a new record in response to a FOIA request.

(g) Fee agreement. A request for copies of records pursuant to paragraph (b) of this section must indicate the requester’s agreement to pay all fees that are associated with the processing of the request, in accordance with the rates
§ 145.7

set forth in appendix B to part 145, or the requester's intention to limit the fees incurred to a stated amount. If the requester states a fee limitation, no work will be done that will result in fees beyond the stated amount. A requester who seeks a waiver or reduction of fees pursuant to paragraph (a)(8) of appendix B of this part must show that such a waiver or reduction would be in the public interest. If the Assistant Secretary receives a request for records under paragraph (b) of this section from a requester who has not paid fees from a previous request in accordance with appendix B of this part, the staff will decline to process the request until such fees have been paid.

(h) Initial determination, denials. (1) With respect to any request for non-public records as defined in §145.0(d), the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance, or his or her designee, will forward the request to the Commission divisions or offices likely to maintain records that are responsive to the request. If a responsive record is located, the Assistant Secretary, or designee, will, in consultation with the Commission office in which the record was located, determine whether to comply with such request. The Assistant Secretary may, in his or her discretion, determine whether to comply with any portion of a request for non-public records before considering the remainder of the request.

(2) Where it is determined to deny, in whole or in part, a request for non-public records, the Assistant Secretary, or designee, will notify the requester of the denial, citing applicable exemptions of the Freedom of Information Act or other provisions of law that require or allow the records to be withheld. The Assistant Secretary's response to the FOIA request should describe in general terms what categories of documents are being withheld under which applicable FOIA exemption or exemptions. The Assistant Secretary, in denying an initial request for records, is not required to provide the requester with an inventory of those documents determined to be exempt from disclosure.

(3) The Assistant Secretary, or his or her designee, will issue an initial determination with respect to a FOIA request within ten business days after receipt by the Assistant Secretary. In unusual circumstances, as defined in this paragraph, the prescribed time limit may be extended by written notice to the person making a request for a record or a copy. The notice shall set forth the reasons for the extension and the date on which a determination is expected to be dispatched. No such notice shall specify a date that would result in an extension for more than ten business days. As used in this paragraph, "unusual circumstances" means, but only to the extent reasonably necessary to the proper processing of a particular request:

(i) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(ii) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request;

(iii) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components in the Commission having substantial subject matter interest therein;

(iv) The need to coordinate a response with several Commission offices;

(v) The need to obtain records currently being used by members of the Commission, the Commission staff, or the public;

(vi) The need to respond to a large number of previously-filed FOIA requests.

§ 145.9 Petition for confidential treatment of information submitted to the Commission.

(a) Purpose. This section provides a procedure by which persons submitting information in any form to the Commission can request that the information not be disclosed pursuant to a request under the Freedom of Information Act, 5 U.S.C. 552. This section does not affect the Commission’s right, authority, or obligation to disclose information in any other context.
(b) Scope. The provisions of this section shall apply only where the Commission has not specified that an alternative procedure be utilized in connection with a particular study, report, investigation, or other matter.

(c) Definitions. The following definitions apply to this section:

(1) Submitter. A “submitter” is any person who submits any information or material to the Commission or who permits any information or material to be submitted to the Commission. For purposes of paragraph (d)(1)(ii) of this section only, “submitter” includes any person whose information has been submitted to a designated contract market or registered futures association that in turn has submitted the information to the Commission.

(2) FOIA requester. A “FOIA requester” is any person who files with the Commission a request to inspect or copy Commission records or documents pursuant to the Freedom of Information Act, 5 U.S.C. 552.

(d) Written request for confidential treatment. (1) Any submitter may request in writing that the Commission afford confidential treatment under the Freedom of Information Act to any information that he or she submits to the Commission. Except as provided in paragraph (d)(4) of this section, no oral requests for confidential treatment will be accepted by the Commission. The submitter shall specify the grounds on which confidential treatment is being requested but need not provide a detailed written justification of the request unless required to do so under paragraph (e) of this section. Confidential treatment may be requested only on the grounds that disclosure:

(i) Is specifically exempted by a statute that either requires that the matters be withheld from the public in such manner as to leave no discretion on the issue or establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(ii) Would reveal the submitter’s trade secrets or confidential commercial or financial information.

(iii) Would constitute a clearly unwarranted invasion of the submitter’s personal privacy.

(iv) Would reveal investigatory records compiled for law enforcement purposes whose disclosure would deprive the submitter of a right to a fair trial or an impartial adjudication.

(v) Would reveal investigatory records compiled for law enforcement purposes whose disclosure would constitute an unwarranted invasion of the personal privacy of the submitter.

(vi) Would reveal investigatory records compiled for law enforcement purposes when disclosure would interfere with enforcement proceedings or disclose investigative techniques and procedures, provided that the claim may be made only by a designated contract market or registered futures association with regard to its own investigatory records.

(2) The original of any written request for confidential treatment must be sent to the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance. A copy of any request for confidential treatment shall be sent to the Commission division or office receiving the original of any material for which confidential treatment is being sought.

(3) A request for confidential treatment shall be clearly marked “FOIA Confidential Treatment Request” and shall contain the name, address, and telephone number of the submitter. The submitter is responsible for informing the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance of any changes in his or her name, address, and telephone number.

(4) A request for confidential treatment should accompany the material for which confidential treatment is being sought. If a request for confidential treatment is filed after the filing of such material, the submitter shall have the burden of showing that it was not possible to request confidential treatment for that material at the time the material was filed. A request for confidential treatment of a future submission will not be processed. All records which contain information for which a request for confidential treatment is made or the appropriate segregable portions thereof should be marked by the person submitting the records with a prominent stamp, typed
§ 145.9 17 CFR Ch. I (4–1–02 Edition)

legend, or other suitable form of notice on each page or segregable portion of each page stating “Confidential Treatment Requested by [name].” If such marking is impractical under the circumstances, a cover sheet prominently marked “Confidential Treatment Requested by [name]” should be securely attached to each group of records submitted for which confidential treatment is requested. Each of the records transmitted in this matter should be individually marked with an identifying number and code so that they are separately identifiable. In some circumstances, such as when a person is testifying in the course of a Commission investigation or providing documents requested in the course of a Commission inspection, it may be impractical to submit a written request for confidential treatment at the time the information is first provided to the Commission. In no circumstances can the need to comply with the requirements of this section justify or excuse any delay in submitting information to the Commission. Rather, in such circumstances, the person testifying or otherwise submitting information should inform the Commission employee receiving the information, at the time the information is submitted or as soon thereafter as practicable, that the person is requesting confidential treatment for the information. The person shall then submit a written request for confidential treatment within 30 days of the submission of the information. If access is requested under the Freedom of Information Act with respect to material for which no timely request for confidential treatment has been made, it may be presumed that the submitter of the information has waived any interest in asserting that the material is confidential.

(5) A request for confidential treatment shall state the length of time for which confidential treatment is being sought.

(6) A request for confidential treatment (as distinguishing from the material that is the subject of the request) shall be considered a public document. When a submitter deems it necessary to include, in its request for confidential treatment, information for which it seeks confidential treatment, the submitter shall place that information in an appendix to the request.

(7) On 10 business days notice from the Assistant Secretary, a submitter shall submit a detailed written justification of a request for confidential treatment, as specified in paragraph (e) of this section. Upon request and for good cause shown, the Assistant Secretary may grant an extension of such time. The Assistant Secretary will notify the submitter that failure to provide timely a detailed written justification will be deemed a waiver of the submitter’s opportunity to appeal an adverse determination.

(8)(i) Requests for confidential treatment for any reasonably segregable material that is not exempt from public disclosure under the Freedom of Information Act, as implemented in §145.5, shall be summarily rejected under §145.9(d)(9). Requests for confidential treatment of public information contained in financial reports as specified in §1.10 shall not be processed. A submitter has the burden of specifying clearly and precisely the material that is the subject of the confidential treatment request. A submitter may be able to meet this burden in various ways, including:

(A) Segregating material for which confidential treatment is being sought;

(B) Submitting two copies of the submission: a copy from which material for which confidential treatment is being sought has been obliterated, deleted, or clearly marked and an unmarked copy; and

(C) Clearly describing the material within a submission for which confidential treatment is being sought.

(ii) A submitter shall not employ a method of specifying the material for which confidential treatment is being sought if that method makes it unduly difficult for the Commission to read the full submission, including all portion claimed to be confidential, in its entirety.

(9) If a submitter fails to follow the procedures set forth in paragraphs (d)(1) through (d)(8) of this section, the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance or his or her designee may summarily reject the submitter’s request for confidential treatment with
Commodity Futures Trading Commission

§ 145.9

leave to the submitter to refile a proper petition. Failure of the Assistant Secretary or his or her designee summarily to reject a confidential treatment request pursuant to this paragraph shall not be construed to indicate that the submitter has complied with the procedures set forth in paragraphs (d)(1) through (d)(8) of this section.

(10) Except as provided in paragraph (d)(9) of this section, no determination with respect to any request for confidential treatment will be made until the Commission receives a Freedom of Information Act request for the material for which confidential treatment is being sought.

(e) Detailed written justification of request for confidential treatment. (1) If the Assistant Secretary or his or her designee determines that a FOIA request seeks material for which confidential treatment has been requested pursuant to §145.9, the Assistant Secretary or his or her designee shall require the submitter to file a detailed written justification of the confidential request within ten business days (unless under §145.9(d)(7) an extension of time has been granted) of that determination unless, pursuant to an earlier FOIA request, a prior determination to release or withhold the material has been made, the submitter has already provided sufficient information to grant the request for confidential treatment; or the material is otherwise in the public domain. The detailed written justification shall be filed with the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance. It shall be clearly marked “Detailed Written Justification of FOIA Confidential Treatment Request” and shall contain the request number supplied by the Commission. The submitter shall also send a copy of the detailed written justification to the FOIA requester at the address specified by the Commission.

(2) The period for filing a detailed written justification shall be extended only under exceptional circumstances.

(3) The detailed written justification of the confidential treatment request shall contain:

(i) The reasons, referring to the specific exemptive provisions of the Freedom of Information Act listed in paragraph (d)(1) of this section, why the information that is the subject of the FOIA request should be withheld from access under the Freedom of Information Act;

(ii) The applicability of any specific statutory or regulatory provisions that govern or may govern the treatment of the information;

(iii) The existence and applicability of prior determinations by the Commission, other federal agencies, or courts concerning the specific exemptive provisions of the Freedom of Information Act pursuant to which confidential treatment is being requested. Submitters shall satisfy any evidentiary burdens imposed upon them by applicable Freedom of Information Act case law.

(iv) Such additional facts and authorities as the submitter may consider appropriate.

(4) The detailed written justification of a confidential treatment request shall be accompanied by affidavits to the extent necessary to establish the facts necessary to satisfy the submitter’s evidentiary burden.

(5) The detailed written justification of a confidential treatment request (as distinguished from the material that is the subject of the request) shall be considered a public document. However, a submitter will be permitted to submit to the Commission supplementary confidential affidavits with his or her detailed written justification if that is the only way in which he or she can convincingly demonstrate that the material that is the subject of the confidential treatment request should not be disclosed to the FOIA requester.

(f) Initial determination with respect to petition for confidential treatment. (1) The Assistant Secretary for FOI, Privacy and Sunshine Acts Compliance or his or her designee, in consultation with the Office in which the record was located, shall issue an initial determination with respect to a confidential treatment request for material that is responsive to the FOIA request. This determination shall be issued at the same time as the initial determination with respect to the FOIA request. See §145.7(g). To the extent that the initial determination grants a confidential
§ 145.9 17 CFR Ch. I (4–1–02 Edition)

treatment request in full or in part, it should specify the FOIA exemptions upon which this determination is based and briefly describe the material to which each exemption applies. See §145.7(g)(2). To the extent that the initial determination denies confidential treatment to any material for which confidential treatment was requested, it should briefly describe the material for which confidential treatment is denied.

(2) If the Assistant Secretary or his or her designee determines that a confidential treatment request shall be denied in full or in part, the submitter shall be informed of his or her right to appeal to the Commission’s General Counsel in accordance with the procedures set forth in paragraph (g) of this section. The material for which confidential treatment was denied shall be released to the FOIA requester if the submitter does not file an appeal within 10 business days of the date on which his or her request was denied.

(3) If the Assistant Secretary or his or her designee determines that a confidential treatment request shall be granted in full or in part, the FOIA requester shall be informed of his or her right to appeal to the Commission’s General Counsel in accordance with the procedures set forth in §145.7(h).

(g) Appeal from initial determination that confidential treatment is not warranted. (1) An appeal from an initial determination to deny a confidential treatment request in full or in part shall be filed with the General Counsel of the Commission. No disclosure of the material that is the subject of the appeal shall be made until the appeal is resolved. If both a submitter and a FOIA requester appeal to the General Counsel from a partial grant and partial denial of a confidential treatment request, those appeals shall be consolidated.

(2) Any appeal of a denial of a request for confidential treatment shall be in writing, and shall be clearly marked “FOIA Confidential Treatment Appeal.” The appeal shall include a copy of the initial determination and shall clearly indicate the portions of the initial determination from which an appeal is being taken.

(3) The appeal shall be sent to the Commission’s Office of General Counsel. A copy of the appeal shall be sent to the FOIA requester. The General Counsel or his or her designee shall have the authority to consider all appeals from initial determinations of the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts compliance. The General Counsel may, in his sole and unfettered discretion, refer such appeals and questions concerning stays under paragraph (g)(10) of this section to the Commission for decision.

(4) In the appeal, the submitter may supply additional substantiation for his or her request for confidential treatment, including additional affidavits and additional legal argument. Such submissions shall be governed by paragraph (e)(5) of this section.

(5) The FOIA requester shall have an opportunity to respond in writing to the appeal within 10 business days of the date of filing of the FOIA Confidential Treatment Appeal. The FOIA requester need not respond, however. Any response shall be sent to the Commission’s Office of General Counsel. A copy shall be sent to the submitter.

(6) All FOIA Confidential Treatment Appeals and all responses thereto shall be considered public documents.

(7) The General Counsel will make a determination with respect to any appeal within twenty business days after receipt by the Office of General Counsel of such appeal or within such extended period as may be permitted in accordance with the standards set forth in §145.7(g)(3). Although other procedures may be employed, to the extent possible the General Counsel will decide the appeal on the basis of the affidavits and other documentary evidence submitted by the submitter and the FOIA requests.

(8) The General Counsel or his or her designee shall have the authority to remand any matter to the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance to correct deficiencies in the initial processing of the confidential treatment request.

(9) If the General Counsel or his or her designee denies a confidential treatment appeal in full or in part, the
Commodity Futures Trading Commission

information for which confidential treatment is denied shall be disclosed to the FOIA requester 10 business days later, subject to any stay entered pursuant to paragraph (g)(10) of this section.

(10) The General Counsel or his or her designee shall have the authority to enter and vacate stays as set forth below. If, within 10 business days of the date of issuance of a determination by the General Counsel or his or her designee to disclose information for which a submitter sought confidential treatment, the submitter commences an action in federal court concerning that determination, the General Counsel will stay the public disclosure of the information pending final judicial resolution of the matter. The General Counsel or his or her designee may vacate a stay entered under this section, either on his or her own motion or at the request of the FOIA requester. If such a stay is vacated, the information will be released to the requester 10 business days after the submitter is notified of this action, unless a court orders otherwise.

(h) Extensions of time limits. Any time limit under this section may be extended for good cause shown, in the discretion of the Commission, the Commission’s General Counsel, or the Assistant Secretary of the Commission for FOI, Privacy and Sunshine Acts Compliance.

(i) A submitter whose confidential treatment request has been upheld by the Commission shall, upon request of the General Counsel, aid the Commission in defending a court action to compel the Commission to disclose the information subject to the confidential treatment request. If the submitter is unwilling to aid the Commission in this regard, the General Counsel may, in appropriate cases, make the information available to the public.

(1) Three dollars for each one-quarter hour spent by clerical personnel in searching for or reviewing records.

(2) Where a search or review cannot be performed by clerical personnel, $4.50 for each quarter hour spent by professional personnel in searching for or reviewing records.

(3) The Commission uses a variety of computer systems to support its operations and store records. Older systems of records, particularly systems involving large numbers of records, are maintained on a mainframe computer. More recently, systems have been developed using small, inexpensive, shared computer systems to store records. Systems of use in particular, programmatic and administrative operations may also store records on the workstation computers assigned to particular staff members. For searches of records stored on the Commission’s mainframe computer, the use of computer processing time will be charged at $456.47 for each hour, $7.61 for each minute, and $0.1268 for each second of computer processing time indicated by the job accounting log printed with each search. When searches require the expertise of a computer specialist, staff time for programming and performing searches will be charged at $32.00 per hour. For searches of records stored on personal computers used as workstations by Commission staff and shared access network servers, the computer processing time is included in the search time for the staff member using that workstation as set forth in the other paragraphs under paragraph (a) of Appendix B.

(4) Document duplication, including computer printouts, will be charged at $0.15 per page.

(7) For certifying that requested records are true copies, the charge will be $3.00 per certification.

(8) Upon request, records will be mailed by means of overnight or express mail at the fee of $10.00 per package mailed.

(b) Waiver or reduction of fees. Fees shall be waived or reduced by the Commission if (i) the fees is less than $5.00, the approximate cost to the Commission of collecting the fee; or, (ii) if the Commission determines that the disclosure of the information is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

(c) Applicability of fees. Fees shall be charged even if no records are ultimately furnished to the requester. Fees apply to various types of requests as follows.

(1) Commercial use request. Fees for search time, review time and duplication of records will be charged to requests from or on behalf of one who seeks information for a user or purpose that furthers the commercial, trade or profit interests of the requester or the person on whose behalf the request is made.

(2) Educational institution or noncommercial scientific institution. Only duplication fees will be charged to schools or to organizations which operate solely for the purpose of scientific research, the results of which are not intended to promote any particular product or industry. No charge will be made for the first 100 pages duplicated or for search or review time.

(3) Representative of the news media. Only duplication fees will be charged to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. No charge will be made for the first 100 pages duplicated or for search or review time.

No charge will be made for the first two hours of search time, the first 100 pages of duplication, or for review time. § 147.9 Requests for copies of transcripts, recordings or minutes of closed meetings.

(a) Copies of a transcript transcription of an electronic recording or set of minutes disclosing the identity of each speaker, which are publicly available pursuant to §147.8(a), shall be furnished to any person at the actual cost of duplication or transcription pursuant to the schedule of fees set forth in 17 CFR part 145, appendix B (a)(4), (a)(5), (a)(7), (a)(8), (a)(9), (d) and (e).

§ 147.10 Interpretation of this part with other provisions.

(a) Nothing in this part shall be interpreted as:

(1) Expanding or limiting the present rights of any person under part 145 of this title (implementing the provisions of the Freedom of Information Act, 5 U.S.C. 552), except that the exemptions set forth in §147.3(b) of this part shall govern in the case of any request made pursuant to part 145 to copy or inspect the transcripts, recordings or sets of minutes described in this part; or

(2) Authorizing the Commission to withhold from any person any record, including transcripts, recordings or sets of minutes required by this part, which is otherwise accessible to such individual under part 146 of this title (implementing the provisions of the Privacy Act, 5 U.S.C. 552a).

Subpart A—General Provisions

§ 148.1 Purpose of these rules.

The Equal Access to Justice Act, 5 U.S.C. 504 (called “the Act” in this part), provides for the award of attorney fees and other expenses to eligible individuals and entities who are prevailing private parties in adjudicatory proceedings before the Commission. An eligible party may receive an award when it prevails over the Commission, unless the Commission’s position was substantially justified or special circumstances make an award unjust. The rules in this part describe the parties eligible for awards and the proceedings that are covered. They also explain how to apply for awards, and the procedures and standards that the Commission will use to make them.

[51 FR 18880, May 23, 1986]

§ 148.2 When the Act applies.

The Act applies to any covered adjudicatory proceeding pending before the Commission on or after October 1, 1981. This includes proceedings begun before October 1, 1981, if final Commission action has not been taken before that date. Awards may be sought for fees and other expenses incurred before October 1, 1981, in any such covered proceeding.

[51 FR 18880, May 23, 1986]
§ 148.3 Proceedings covered.

(a) The Act applies to adjudicatory proceedings conducted by the Commission. These are adjudications under 5 U.S.C. 554 in which the position of the Commission or any other agency of the United States, or any component of an agency, is presented by an attorney or other representative who enters an appearance and participates in the proceeding. Reparation proceedings under section 14 of the Commodity Exchange Act, 7 U.S.C. 18, Commission review of exchange disciplinary and access denial actions under section 8c of the Commodity Exchange Act, 7 U.S.C. 12c, and registered futures association disciplinary and membership denial actions under section 17 of the Commodity Exchange Act, 7 U.S.C. 21, are not covered by the Act. Proceedings brought to determine whether or not to grant or renew registrations pursuant to sections 8a or 17(o), of the Commodity Exchange Act, 7 U.S.C. 8, 12a and 21(o), or contract market designations pursuant to section 6(a) of the Commodity Exchange Act, 7 U.S.C. 8 (a), are excluded, but proceedings brought to suspend or revoke registrations or contract market designations are covered if they are otherwise adjudicatory proceedings. For the Commission, the types of proceedings generally covered are adjudicatory proceedings as defined in §10.2(b) of this chapter; part 14 proceedings, if they involve a hearing, are also covered.

(b) The Commission’s decision not to identify a type of proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes the proceeding is covered by the Act; whether the proceeding is covered will then be an issue for resolution in the proceedings on the application.

(c) If a proceeding includes both matters covered by the Act and matters specifically excluded from coverage, any award made will include only fees and expenses related to covered issues.

§ 148.4 Eligibility of applicants.

(a) To be eligible for an award of attorney fees and other expenses under the Act, the applicant must be a party to the adjudicatory proceeding for which it seeks an award. The term “party” is defined in 5 U.S.C. 551(3). The applicant must show that it meets all conditions of eligibility set out in this subpart and in subpart B.

(b) The types of eligible applicants are as follows:

(1) An individual with a net worth of not more than $2 million;

(2) The sole owner of an unincorporated business who has a net worth of not more than $7 million, including both personal and business interests, and not more that 500 employees;

(3) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with not more than 500 employees;

(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with not more than 500 employees; and

(5) Any other partnership, corporation, association, unit of local government, or public or private organization with a net worth of not more than $7 million and not more than 500 employees.

(c) For the purpose of eligibility, the net worth and number of employees of an applicant shall be determined as of the date the adjudicatory proceeding was initiated.

(d) An applicant who owns an unincorporated business will be considered as an “individual” rather than a “sole owner of an unincorporated business” if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(e) The employees of an applicant include all persons who regularly perform services for compensation for the applicant, under the applicant’s direction and control. The term “employee” also embraces all the agents of an applicant, by whatever title or label they may be known, for whose acts or omissions the applicant may be held liable under the Commodity Exchange Act. See 7 U.S.C. 4. Part-time employees
§ 148.5 Standards for awards.

(a) A prevailing applicant may receive an award for fees and expenses incurred in connection with an adjudicatory proceeding, or in a significant and discrete substantive portion of the proceeding, unless the position of the Commission was substantially justified. The position of the Commission includes, in addition to the position taken by the Commission in the adversary adjudication, the action or failure to act by the Commission upon which the adversary adjudication is based. The burden of proof that an award should not be made to an eligible prevailing applicant is on the Commission.

(b) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the adjudicatory proceeding or if special circumstances make the award sought unjust.

§ 148.6 Allowable fees and expenses.

(a) Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(b) No award for the fee of an attorney or agent under these rules may exceed $75 per hour. No award to compensate an expert witness may exceed the maximum daily rate prescribed for GS–18 under section 5332 of title 5 of the U.S. Code. However, an award may also include the reasonable expenses of the attorney, agent, or witness as a separate item, if the attorney, agent or witness ordinarily charges clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney, agent or expert witness, the Presiding Officer shall consider the following:

(1) If the attorney, agent or witness is in private practice, his or her customary fee for similar services, or, if an employee of the applicant, the fully allocated cost of the services;

(2) The prevailing rate for similar services in the community in which the attorney, agent or witness ordinarily performs services;

(3) The time actually spent in the representation of the applicant;

(4) The time reasonably spent in light of the difficulty or complexity of the issues in the adjudicatory proceeding; and

(5) Such other factors as may bear on the value of the services provided.

(d) The reasonable cost of any study, analysis, test, project or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or other matter was necessary for preparation of the applicant’s case.
§ 148.7 Rulemaking on maximum rates for attorney fees.

(a) If warranted by an increase in the cost of living or by special circumstances (such as limited availability of attorneys qualified to handle certain types of proceedings), the Commission may adopt regulations providing that attorney fees may be awarded at a rate higher than $75 per hour in some or all of the types of proceedings covered by this part. The Commission will conduct any rulemaking proceedings for this purpose under the informal rulemaking procedures of the Administrative Procedure Act, 5 U.S.C. 553.

(b) Any person may file with the Commission a petition for rulemaking to increase the maximum rate for attorney fees, in accordance with §13.2 of this chapter.

§ 148.8 Awards against other agencies.

If an applicant is entitled to an award because it prevails over another agency of the United States that participates in an adjudicatory proceeding before the Commission and takes a position that is not substantially justified, the award or an appropriate portion of the award shall be made against that agency.

Subpart B—Information Required from Applicants

§ 148.11 Contents of application.

(a) An application for an award of fees and expenses under the Act shall identify the applicant and the adjudicatory proceeding for which an award is sought. The application shall show that the applicant has prevailed and identify the position of the Commission or other agency that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall also state the number of employees of the applicant and describe briefly the type and purpose of its organization or business.

(b) The application shall also include a statement that the applicant’s net worth does not exceed $2 million (if an individual) or $7 million (for all other applicants, including their affiliates).

However, an applicant may omit this statement if:

(1) It attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) or, in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant’s belief that it qualifies under such section; or

(2) It states that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)).

(c) The application shall state the amount of fees and expenses for which an award is sought.

(d) The application may also include any other matters that the applicant wishes the Commission to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney of the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

§ 148.12 Net worth exhibit.

(a) Each applicant except a qualified tax-exempt organization or cooperative association must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in §148.4(f) of this part) when the adjudicatory proceeding was initiated. The exhibit may be in any form convenient to the applicant that provides full disclosure of the applicant’s and its affiliates’ assets and liabilities and is sufficient to determine whether the applicant qualifies under the standards in this part. The Presiding Officer may require an applicant to file additional information to determine its eligibility for an award.

(b) Ordinarily, the net worth exhibit will be included in the public record of the adjudicatory proceeding. However, an applicant that objects to public disclosure of information in any portion
§ 148.13 Documentation of fees and expenses.

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, test, project or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity for the services provided. The Presiding Officer may require the applicant to provide vouchers, receipts, or other substantiation for any expenses claimed.

§ 148.14 When an application may be filed.

(a) An application may be filed whenever the applicant has prevailed in the adjudicatory proceeding or in a significant and discrete substantive portion of the proceeding, subject to the separate hearing procedure pursuant to §10.63(b) of this chapter, but in no case later than 30 days after the Commission’s final disposition of the adjudicatory proceeding.

(b) If review or reconsideration is sought or taken of a decision as to which an applicant believes it has prevailed, proceedings for the award of fees shall be stayed pending final disposition of the underlying controversy.

(c) For purposes of this rule, final disposition means the later of:

1. The date on which an initial decision by the Presiding Officer becomes final pursuant to §10.84 of this chapter;
2. Issuance of an order disposing of any petitions for reconsideration of the Commission’s final order in the proceeding pursuant to §10.106 of the Rules of Practice;
3. If no petition for reconsideration is filed, the last date on which such a petition could have been filed pursuant to §10.106 of the Rules of Practice; or
4. Issuance of a final Commission order or any other final resolution of a proceeding, such as a settlement or voluntary dismissal, which is not subject to a petition for reconsideration.

Subpart C—Procedures for Considering Applications

§ 148.21 Filing and service of documents.

Any application for an award or other pleading or document related to an application shall be filed and served on all parties to the adjudicatory proceeding, except as provided in §148.12(b) for confidential financial information.

§ 148.22 Answer to application.

(a) Within 30 days after service of an application, counsel representing the
Commodity Futures Trading Commission

§ 148.27

Commission or other agency against which an award is sought may file an answer to the application. Unless counsel for the Commission or for another relevant agency requests an extension of time for filing or files a statement of intent to negotiate under paragraph (b) of this section, failure to file an answer within the 30-day period may be treated as a consent to the award requested.

(b) If counsel for the Commission or for another relevant agency and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and further extensions may be granted by the Presiding Officer upon request by counsel for the Commission or for another relevant agency and the applicant.

(c) Any answer shall explain in detail any objections to the award requested and identify the facts relied on in support of the position of counsel for the Commission or for another relevant agency. If the answer is based on any alleged facts not already in the record of the adjudicatory proceeding, counsel for the Commission or for another relevant agency shall include with the answer either supporting affidavits or a request for further proceedings under § 148.26 of this part.

§ 148.23 Reply.

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the adjudicatory proceeding, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under § 148.26 of this part.

§ 148.24 Comments by other parties.

Any party to an adjudicatory proceeding other than the applicant and counsel for the Commission or for another relevant agency may file comments on an application within 30 days after it is served or on an answer within 15 days after it is served. A commenting party may not participate further in proceedings on the application unless the Presiding Officer determines that the public interest requires such participation in order to permit full exploration of matters raised in the comments.

§ 148.25 Settlement.

The applicant may propose settlement of the award to the Commission before final action on the application, either in connection with a settlement of the adjudicatory proceeding, or after the adjudicatory proceeding has been concluded, in either case in accordance with § 10.108 of this chapter. If a prevailing party offers a proposed settlement of an award before an application has been filed, the application shall be filed with the proposed settlement.

§ 148.26 Further proceedings.

(a) Ordinarily, the determination of an award will be made on the basis of the written record. However, on request of either the applicant or counsel for the Commission or for another relevant agency, or on his or her own initiative, the Presiding Officer may order further proceedings, such as an informal conference, oral argument, additional written submissions or an evidentiary hearing. Such further proceedings shall be held only when necessary for full and fair resolution of the issues arising from the application, and shall be conducted as promptly as possible. Whether or not the position of the Commission was substantially justified shall be determined on the basis of the administrative record, as a whole, which is made in the adversary adjudication for which fees and other expenses are sought. No discovery and/or evidentiary proceedings shall be permitted into the question of whether the agency’s position was substantially justified.

(b) A request that the Presiding Officer order further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why additional proceedings are necessary to resolve the issues.

§ 148.27 Decision.

The Presiding Officer shall issue an initial decision on the application in
§ 148.28 Appeal to the Commission.

(a) Either the applicant or counsel for the Commission or for another relevant agency may appeal the initial decision on the fee application by complying with the requirements of this section. An appealing party shall serve upon opposing parties and shall file with the Proceedings Clerk a notice of appeal within fifteen (15) days after service of the initial decision. The notice need consist only of a brief statement indicating the filing party’s intent to appeal the initial decision, and shall include the date upon which the initial decision was rendered, the name of the proceeding, and the docket number of the proceeding. The failure of a party timely to file and serve a notice of appeal in accordance with this paragraph, or to perfect the appeal in accordance with paragraph (b) of this section, shall constitute a voluntary waiver of any objection to the initial decision, and of all further administrative or judicial review under these rules and the Equal Access to Justice Act.

(b) An appeal shall be perfected by the appealing party by timely filing with the Proceedings Clerk an appeal brief which meets the requirements of paragraphs (b) and (d) of this section. An original and one copy of the appeal brief shall be filed within thirty (30) days after filing of the notice of appeal. By motion of the appealing party, the Commission may, for good cause shown, extend the time for filing the appeal brief. If the appeal brief is not filed within the time prescribed in this subparagraph, the Commission may, upon its own motion or upon motion by a party, dismiss the appeal, in which event the initial decision shall become the final decision and order of the Commission, effective upon service of the order of dismissal.

(c) The opposing party may, within thirty (30) days after service of the appeal brief, file an original and one copy of an answering brief, and serve one copy thereof, unless the time limit is extended by the Commission upon motion of the party and for good cause shown.

(d) Parties filing an appeal brief or answering brief shall meet the requirements of §10.12 of this chapter as to form. The content of briefs shall satisfy the requirements of §10.102(d) of this chapter, except that any party, with leave of the Commission, may file an informal document in lieu of a brief. No brief shall exceed thirty-five (35) pages in length without advance leave of the Commission.

(e) On review, the Commission may, in its discretion, consider sua sponte any issues arising from the record and may base its determination thereon, or limit the issues to those presented in the statement of issues in the briefs, treating those issues not raised as waived.

§ 148.29 Judicial review.

Judicial review of final Commission decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).

§ 148.30 Payment of award.

An applicant seeking payment of an award from the Commission shall submit to the Executive Director of the Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, a copy of the Commission’s final decision granting the award, accompanied by a statement that the applicant will not seek review of the decision in the United States courts. At the same time, the applicant shall provide a copy of his submissions to counsel for the Commission. The Commission will,
within 60 days of receipt of the applicant’s submissions, forward to the United States Department of the Treasury a Standard Form 1166, “Voucher and Schedule of Payments,” so as to have the Treasury Department issue a check in the amount awarded in the Commission’s decision, unless judicial review of the award or of the underlying decision in the adjudicatory proceeding has been sought by the applicant or any other party to the adjudicatory proceeding.

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified handicapped persons to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified handicapped persons to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this part.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program...
limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 149.131–149.139 [Reserved]

§ 149.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 149.141–149.148 [Reserved]

§ 149.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §149.150, no qualified handicapped person shall, because the agency’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 149.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §149.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods—(1) General. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.
Commodity Futures Trading Commission

§ 149.160
(2) Historic preservation programs. In meeting the requirements of §149.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to handicapped persons. In cases where a physical alteration to an historic property is not required because of §149.150(a)(2) or (a)(3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide handicapped persons into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by October 21, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by August 22, 1989, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by February 23, 1987, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 149.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151–4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.

§§ 149.152–149.159 [Reserved]

§ 149.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf person (TDD’s) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities.
§§ 149.161–149.169 The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §149.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 149.161–149.169 [Reserved]

§ 149.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Executive Director of the Commission shall be responsible for coordinating implementation of this section. Complaints may be sent to the Equal Employment Opportunity Officer, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §149.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.
(1) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

§ 150.3 Exemptions.

(a) Positions which may exceed limits. The position limits set forth in §150.2 of this part may be exceeded to the extent such position are:

1. Bona fide hedging transactions as defined in §1.3(z) of this chapter;
2. [Reserved]
3. Spread or arbitrage positions between single months of a futures contract and/or, on a futures-equivalent basis, options thereon, outside of the spot month, in the same crop year; provided however, That such spread or arbitrage positions, when combined with any other net positions in the single month, do not exceed the all-months limit set forth in §150.2; or
4. Carried for an eligible entity as defined in §150.1(d), in the separate account or accounts of an independent account controller, as defined in §150.1(e), and not in the spot month if there is a position limit which applies to individual trading months during their expiration; provided however,
That the overall positions held or controlled by each such independent account controller may not exceed the limits specified in §150.2.

(i) Additional Requirements for Exemption of Affiliated Entities. If the independent account controller is affiliated with the eligible entity or another independent account controller, each of the affiliated entities must:

(A) Have, and enforce, written procedures to preclude the affiliated entities from having knowledge of, gaining access to, or receiving data about, trades of the other. Such procedures must include document routing and other procedures or security arrangements, including separate physical locations, which would maintain the independence of their activities; provided, however, that such procedures may provide for the disclosure of information which is reasonably necessary for an eligible entity to maintain the level of control consistent with its fiduciary responsibilities and necessary to fulfill its duty to supervise diligently the trading done on its behalf;

(B) Trade such accounts pursuant to separately-developed and independent trading systems;

(C) Market such trading systems separately; and

(D) Solicit funds for such trading by separate Disclosure Documents that meet the standards of §4.24 or §4.34 of this chapter, as applicable, where such Disclosure Documents are required under part 4 of this chapter.

(ii) [Reserved]

(b) Call for information. Upon call by the Commission, the Director of the Division of Economic Analysis or the Director’s delegate, any person claiming an exemption from speculative position limits under this section must provide to the Commission such information as specified in the call relating to the positions owned or controlled by that person; trading done pursuant to the claimed exemption; the futures, options or cash market positions which support the claim of exemption; and the relevant business relationships supporting a claim of exemption.

§150.4 Aggregation of positions.

(a) Positions to be aggregated. The position limits set forth in §510.2 of this part shall apply to all positions in accounts for which any person by power of attorney or otherwise directly or indirectly holds positions or controls trading or to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding the same as if the positions were held by, or the trading of the positions were done by, a single individual.

(b) Ownership of accounts. For the purpose of applying the position limits set forth in §510.2, except for the ownership interest of limited partners, shareholders, members of a limited liability company, beneficiaries of a trust or similar type of pool participant in a commodity pool subject to the provisos set forth in paragraph (c) of this section, any trader holding positions in more than one account, or holding accounts or positions in which the trader by power of attorney or otherwise directly or indirectly has a 10% or greater ownership or equity interest, must aggregate all such accounts or positions.

(c) Ownership by limited partners, shareholders or other pool participants. For the purpose of applying the position limits set forth in §150.2:

(1) A commodity pool operator having ownership or equity interest of 10% or greater in an account or positions as a limited partner, shareholder or other similar type of pool participant must aggregate those accounts or positions with all other accounts or positions owned or controlled by the commodity pool operator;

(2) A trader that is a limited partner, shareholder or other similar type of pool participant with an ownership or equity interest of 10% or greater in a pooled account or positions who is also a principal or affiliate of the operator of the pooled account must aggregate the pooled account or positions with all other accounts or positions owned or controlled by that trader, provided, however, that the trader need not aggregate such pooled positions or accounts if:

(i) The pool operator has, and enforces, written procedures to preclude the trader from having knowledge of,
§ 150.5 Exchange-set speculative position limits.

(a) Exchange limits. Each contract market as a condition of designation under part 5, appendix A, of this chapter shall be bylaw, rule, regulation, or resolution limit the maximum number of contracts a person may hold or control, separately or in combination, net long or net short, for the purchase or sale of a commodity for future delivery or, on a futures-equivalent basis, options thereon. This section shall not apply to a contract market for which position limits are set forth in §150.2 of this part or for a futures or option contract market on a major foreign currency, for which there is no legal impediment to delivery and for which there exists a highly liquid cash market. Nothing in this section shall be construed to prohibit a contract market from fixing different and separate position limits for different types of futures contracts based on the same commodity, or from fixing different position limits for different futures or for different delivery months, or from exempting positions which are normally known in the trade as "spreads, straddles, or arbitrage," of from fixing limits which apply to such positions which are different from limits fixed for other positions.

(b) Levels at designation. At the time of its initial designation, a contract market must provide for speculative position limit levels as follows:

(1) For physical delivery contracts, the spot month limit level must be no greater than one-quarter of the estimated spot month deliverable supply, calculated separately for each month to be listed, and for cash settled contracts, the spot month limit level must be no greater than necessary to minimize the potential for manipulation or

3534 17 CFR Ch. I (4–1–02 Edition)

gaining access to, or receiving data about the trading or positions of the pool;

(ii) The trader does not have direct, day-to-day supervisory authority or control over the pool’s trading decisions; and

(iii) The trader, if a principal of the commodity pool operator, maintains only such minimum control over the commodity pool operator as is consistent with its responsibilities as a principal and necessary to fulfill its duty to supervise the trading activities of the commodity pool;

(3) Each limited partner, shareholder, or other similar type of pool participant having an ownership or equity interest of 25% or greater in a commodity pool the operator of which is exempt from registration under §4.13 of this chapter must aggregate the pooled account or positions with all other accounts or positions owned or controlled by that trader.

(d) Trading control by futures commission merchants. The position limits set forth in §150.2 of this part shall be construed to apply to all positions held by a futures commission merchant or its separately organized affiliates in a discretionary account, or in an account which is part of, or participates in, or receives trading advice from a customer trading program of a futures commission merchant or any of the officers, partners, or employees of such futures commission merchant or its separately organized affiliates, unless:

(1) A trader other than the futures commission merchant or the affiliate directs trading in such an account;

(2) The futures commission merchant or the affiliate maintains only such minimum control over the trading in such an account as is necessary to fulfill its duty to supervise diligently trading in the account; and

(3) Each trading decision of the discretionary account or the customer trading program is determined independently of all trading decisions in other accounts which the futures commission merchant or the affiliate holds, has a financial interest of 10% or more in, or controls.

(e) Call for information. Upon call by the Commission, the Director of the Division of Economic Analysis or the Director’s delegate, any person claiming an exemption under paragraphs (c) or (d) of this section must provide to the Commission such information as specified in the call relating to the positions owned or controlled by that person, trading done pursuant to the claimed exemption, or the relevant business relationships supporting a claim of exemption.

distortion of the contract’s or the underlying commodity’s price;

(2) Individual nonspot or all-months-combined levels must be no greater than 1,000 contracts for tangible commodities other than energy products;

(3) Individual nonspot or all-months-combined levels must be no greater than 5,000 contracts for energy products and nontangible commodities, including contracts on financial products.

(c) Adjustments to levels. Contract markets may adjust their speculative limit levels as follows:

(1) For physical delivery contracts, the spot month limit level must be no greater than one-quarter of the estimated spot month deliverable supply, calculated separately for each month to be listed, and for cash settled contracts, the spot month limit level must be no greater than necessary to minimize the potential for manipulation or distortion of the contract’s or the underlying commodity’s price; and

(2) Individual nonspot or all-months-combined levels must be no greater than 10% of the average combined futures and delta-adjusted option month-end open interest for the most recent calendar year up to 25,000 contracts with a marginal increase of 2.5% thereafter or be based on position sizes customarily held by speculative traders on the contract market, which shall not be extraordinarily large relative to total open positions in the contract, the breadth and liquidity of the cash market underlying each delivery month and the opportunity for arbitrage between the futures market and the cash market in the commodity underlying the futures contract.

(d) Hedge exemption. (1) No exchange bylaw, rule, regulation, or resolution adopted pursuant to this section shall apply to bona fide hedging positions as defined by a contract market in accordance with §1.3(z)(1) of this chapter. Provided, however, that the contract market may limit bona fide hedging positions or any other positions which have been exempted pursuant to paragraph (e) of this section which it determines are not in accord with sound commercial practices or exceed an amount which may be established and liquidated in an orderly fashion.

(2) Traders must apply to the contract market for exemption from its speculative position limit rules. In considering whether to grant such an application for exemption, contract markets must take into account the factors contained in paragraph (d)(1) of this section.

(e) Trader accountability exemption. Twelve months after a contract market’s initial listing for trading or at any time thereafter, contract markets may submit for Commission approval under section 5a(a)(12) of the Act and §1.41(b) of this chapter a bylaw, rule, regulation, or resolution, substituting for the position limits required under paragraphs (a), (b) and (c) of this section an exchange rule requiring traders to be accountable for large positions as follows:

(1) For futures and option contracts on a financial instrument or product having an average open interest of 50,000 contracts and an average daily trading volume of 100,000 contracts and a very highly liquid cash market, an exchange bylaw, regulation or resolution requiring traders to provide information about their position upon request by the exchange;

(2) For futures and option contracts on a financial instrument or product or on an intangible commodity having an average month-end open interest of 50,000 and an average daily volume of 25,000 contracts and a highly liquid cash market, an exchange bylaw, regulation or resolution requiring traders to provide information about their position upon request by the exchange and to consent to halt increasing further a trader’s positions if so ordered by the exchange;

(3) For futures and option contracts on a tangible commodity, including but not limited to metals, energy products, or international soft agricultural products, having an average month-end open interest of 50,000 contracts and an average daily volume of 5,000 contracts and a liquid cash market, an exchange bylaw, regulation or resolution requiring traders to provide information about their position upon request by the exchange and to consent to halt increasing further a trader’s positions if so ordered by the exchange, provided, however, such contract markets are not
§ 150.6 Exempt from the requirement of paragraphs (b) or (c) that they adopt an exchange bylaw, regulation or resolution setting a spot month speculative position limit with a level no greater than one quarter of the estimated spot month deliverable supply;

(4) For purposes of this paragraph, trading volume and open interest shall be calculated by combining the month-end futures and its related option contract, on a delta-adjusted basis, for all months listed during the most recent calendar year.

(f) Other exemptions. Exchange speculative position limits adopted pursuant to this section shall not apply to any position acquired in good faith prior to the effective date of any bylaw, rule, regulation, or resolution which specifies such limit or to a person that is registered as a futures commission merchant or as a floor broker under authority of the Act except to the extent that transactions made by such person are made on behalf of or for the account or benefit of such person. In addition to the express exemptions specified in this section, a contract market may propose such other exemptions from the requirements of this section consistent with the purposes of this section and shall submit such rules Commission review under section 5a(a)(12) of the Act and § 1.41(b) of this chapter.

(g) Aggregation. In determining whether any person has exceeded the limits established under this section, all positions in accounts for which such person by power of attorney or otherwise directly or indirectly controls trading shall be included with the positions held by such person; such limits upon positions shall apply to positions held by two or more person acting pursuant to an express or implied agreement or understanding, the same as if the positions were held by a single person.

§ 155.1 Definitions.

For purposes of this part, the term affiliated person of a futures commission merchant or of an introducing broker means any general partner, officer, director, owner of more than ten percent of the equity interest, associated person or employee of the futures commission merchant or of the introducing broker, and any relative or spouse of any of the foregoing persons, or any relative of such spouse, who shares the same home as any of the foregoing persons.

§ 155.2 Trading standards for floor brokers.

Each contract market shall adopt and submit to the Commission for approval pursuant to section 5a(a)(12)(A) of the Act and § 1.41 of this chapter, a set of rules which shall, at a minimum, with respect to each member of the contract market acting as a floor broker:

(a) Prohibit such member from purchasing any commodity for future delivery, purchasing any call option, or selling any put option, for his own account or for any account in which he has an interest, while holding an order
(b) Prohibit such member from selling any commodity for future delivery, selling any call option, or purchasing any put option, for his own account or for any account in which he has an interest, while holding an order of another person for the (1) sale of any future, (2) sale of any call option, or (3) purchase of any put option, in the same commodity which is executable at the market price or at the price at which such sale or purchase can be made for the member’s own account or any account in which he has an interest.

(c) Prohibit such member from executing any transaction for any account of another person for which buying and/or selling orders can be placed or originated, or for which transactions can be executed, by such member without the prior specific consent of the account owner, regardless of whether the general authorization for such orders or transactions is pursuant to a written agreement, except that orders for such an account may be placed with another member for execution.

(d) Prohibit such member from disclosing at any time that he is holding an order of another person or from divulging any order revealed to him by reason of his relationship to such other person, except pursuant to paragraph (c) of this section or at the request of an authorized representative of the Commission or the contract market.

(e) Prohibit such member from taking, directly or indirectly, the other side of any order of another person revealed to him by reason of his relationship to such other person, except with such other person’s prior consent and in conformity with contract market rules approved by the Commission.

(f) Prohibit such member from making any purchase or sale which has been directly or indirectly pre-arranged.

(g) Prohibit such member from allocating trades among accounts except in accordance with rules of the contract market which have been approved by the Commission.

(h) Prohibit such member from withholding or withdrawing from the market any order or part of an order of another person for the convenience of another member.

(i) Require that every execution of a transaction on the floor by such member be confirmed promptly with the opposite floor broker or floor trader; such confirmation shall identify price or premium, quantity, future or commodity option and respective clearing members. In the event a contract market cannot require prompt identification of respective clearing members without seriously disrupting the functions of its marketplace, the contract market may petition the Commission for exemption from this requirement. Such petition shall include:

1. An explanation of why the contract market cannot require the prompt identification of respective clearing members without seriously disrupting the functions of its marketplace, and

2. A proposed contract market rule which will insure that the opposite sides of every trade executed on the contract market can be effectively matched and will be accepted by a clearing member for clearance or will be otherwise sufficiently guaranteed.

The Commission may, in its discretion and upon such terms and conditions as it deems appropriate, grant such petition for exemption upon finding that the functions of the contract market may be seriously disrupted by requiring the prompt identification of respective clearing members and that the contract market appears to have adequately insured that every trade executed thereon can be effectively matched and will be accepted by a

(2) Knowingly take, directly or indirectly, the other side of any order of another person revealed to the futures commission merchant or any of its affiliated persons by reason of their relationship to such other person, except with such other person’s prior consent and in conformity with contract market rules approved by or certified to the Commission.

(c) No futures commission merchant shall knowingly handle the account of any affiliated person of another futures commission merchant or of an introducing broker unless the futures commission merchant:

(1) Receives written authorization from a person designated by such other futures commission merchant or introducing broker with responsibility for the surveillance over such account pursuant to paragraph (a)(2) of this section or § 155.4 (a)(2), respectively;

(2) Prepares immediately upon receipt of an order for such account a written record of such order, including the account identification and order number, and records thereon, by time-stamp or other timing device, the date and time, to the nearest minute, the order is received; and

(2) Copies of all statements for such account and of all written records prepared by such other futures commission merchant upon receipt of orders for such account pursuant to paragraph (c)(2) of this section are transmitted on a regular basis to the future commission merchant with which such person is affiliated.

(a) Each introducing broker shall, at a minimum, establish and enforce internal rules, procedures and controls to:

(1) Insure, to the extent possible, that each order received from a customer or from an option customer which is executable at or near the market price is transmitted to the futures commission merchant carrying the account of the customer or option customer before any order in any future or in any commodity option in the same commodity for any proprietary account, any other account in which an affiliated person has an interest, or any account in which the affiliated person may originate orders without the prior specific consent of the account owner; and

(2) Prevent affiliated persons from placing orders, directly or indirectly, with any futures commission merchant in a manner designed to circumvent the provisions of paragraph (a)(1) of this section.

(b) No introducing broker or any of its affiliated persons shall:

(1) Disclose that an order of another person is being held by the introducing broker or any of its affiliated persons, unless such disclosure is necessary to the effective execution of such order or is made at the request of an authorized representative of the Commission, the contract market on which such order is to be executed, or a futures association registered with the Commission pursuant to section 17 of the Act; or

(2) Knowingly take, directly or indirectly, the other side of any order of another person revealed to the introducing broker or any of its affiliated persons by reason of their relationship to such other person, except with such other person’s prior consent and in conformity with contract market rules approved by or certified to the Commission.

(1) Such affiliated person receives written authorization to maintain such an account from a person designated by the introducing broker with which the affiliated person has gained knowledge of the customer’s or option customer’s order prior to the transmission to the floor of the appropriate contract market of the order for a proprietary account, an account in which the affiliated person has an interest, or an account in which the affiliated person may originate orders without the prior specific consent of the account owner; and

(2) Copies of all statements for such account and of all written records prepared by such futures commission merchant upon receipt of orders for such account pursuant to §155.3(c)(2) are transmitted on a regular basis to the introducing broker with which such person is affiliated.

§ 155.5 Prohibition of dual trading by floor brokers.

(a) Definitions. For purposes of this section:

(1) Trading session means the hours during which a contract market is scheduled to trade continuously during a trading day, as set forth in contract market rules, including any related
§ 155.5

post-settlement trading session. A contract market may have more than one trading session during a trading day.

(2) Customer means an account owner for which a trade is designated with the customer type indicator prescribed under Commission regulation 1.35(e)(4).

(3) Contract market means any contract separately designated by the Commission, provided, that two or more contracts trading concurrently pursuant to a single designation order on other than a transitory basis and for which the contract terms differ significantly other than as to delivery or expiration months shall each be considered a contract market for purposes of this section, and provided further, that screen-based trading in a contract designated by the Commission to the extent conducted through a competitive auction process pursuant to an algorithm that applies non-discretionary rules of priority as permitted under contract market rules made effective under the Act shall be considered a separate contract market for purposes of this section.

(4) Dual trading means the execution of customer orders by a floor broker during the same trading session in which the floor broker executes directly or initiates and passes to another member for execution a transaction in the same contract market for:

(i) The floor broker’s own account;
(ii) Any account in which the floor broker’s ownership interest or share of trading profits is ten percent or more;
(iii) An account for which the floor broker has trading discretion; or
(iv) Any other account controlled by a person with whom such floor broker is subject to trading restrictions under section 4j(d) to the extent section 4j(d) has been applied by Commission rule or order.

(5) Daily trading volume means the total number of sells (or buys) executed in any contract market during a trading day, excluding from the computation ex-pit transactions as permitted under contract market rules that have been made effective under the Act.

(6) Average daily trading volume means an arithmetic average of daily trading volume in a contract market over a specified time period on any day when any expiration or delivery month was listed for trading.

(7) Volume year means a continuous 12-month period that includes the last calendar month-end date prior to the computation date.

(8) Computation date means the date on which a contract market computes its average daily trading volume for the most recent volume year.

(9) Affected contract market means a contract market in which the average daily trading volume equals or exceeds the threshold level of 8,000 contracts for each of four quarters during the most recent volume year.

(b) Dual trading prohibition. No floor broker shall dual trade in an affected contract market, except as provided in contract market rules that have been made effective pursuant to section 5a(a)(12) of the Act and Commission regulation 1.41, unless that contract market is exempted under paragraph (d) of this section. This prohibition shall not affect ex-pit transactions as described in paragraph (a)(5) of this section.

(c) Contract markets—(1) Contract market rules. Prior to the effective date of the dual trading prohibition under this section or under a Commission order denying an exemption petition filed pursuant to paragraph (d) of this section or revoking an exemption pursuant to paragraph (e) of this section, each affected contract market, unless exempted under paragraph (d) of this section, shall adopt rules that have been made effective pursuant to section 5a(a)(12) of the Act and Commission regulation 1.41 to prohibit dual trading in accordance with the provisions of this section. In the absence of such contract market rules, upon the effective date of the dual trading prohibition as implemented either under this section or by Commission order, Commission regulations 155.5 (a) and (b) shall be deemed to be rules of the contract market.

(2) Volume computation. Each contract market that may be subject to a dual trading prohibition shall determine whether it is an affected contract market by computing at least quarterly its average daily trading volume for each of four quarters during the most recent volume year.
§ 155.5

volume year. In addition, the contract market shall:

(i) At least five days before the effective date of the dual trading prohibition under this section or under a Commission order denying an exemption petition or revoking an exemption, and thereafter within at least two business days of each computation date, publish, in a manner sufficient to reach all members, a list of the affected contract markets and the effective date of the dual trading prohibition and, on the same date, provide that information in writing to the Director of the Division of Trading and Markets, or an employee of the Commission under the supervision of such Director, as may be designated by the Director; and

(ii) Maintain a record of its average daily trading volume computations required hereunder. Such record shall include the computation date, the beginning and ending dates for the volume year under consideration, the beginning and ending dates for each quarter in the volume year and the average daily trading volume for each quarter.

(3) Newly affected contract market. If a contract market that was not affected on the immediately preceding computation date becomes affected as of the current computation date, the effective date of a dual trading prohibition for that contract market shall be no more than 30 calendar days after the current computation date for that contract market.

(4) Permitted exceptions. Notwithstanding the applicability of a dual trading prohibition under this section, dual trading shall be permitted in affected contract markets in accordance with rules that have been submitted to the Commission pursuant to section 5a(a)(12) of the Act and Commission regulation 1.41 as follows:

(i) Correction of errors. To offset trading errors resulting from the execution of customer orders, provided, that the floor broker must liquidate the position in his personal error account resulting from that error as soon as practicable thereafter.

(ii) Customer consent. To permit a customer to designate in writing not less than once annually a specifically identified floor broker to dual trade while executing orders for such customer's accounts. An account controller acting pursuant to a power of attorney may designate a dual trading broker on behalf of its customer, provided, that the customer explicitly grants in writing to the individual account controller the authority to select a dual trading broker.

(iii) Spread transactions. To permit a broker who unsuccessfully attempts to leg into a spread transaction for a customer to take the executed leg into his personal account and to offset such position, provided, that a record is prepared and maintained to demonstrate that the customer order was for a spread trade; to permit a broker to execute for his personal account a spread transaction recognized by a contract market if at least one leg of the spread is in a non-affected market; and to permit a broker to execute for his personal account an intra-market spread transaction if at least one leg of the spread is in a low-volume month as described in §155.5(c)(4)(v).

(iv) Member customers. To permit transactions for members of the contract market not present on the floor, provided, that the contract market, within the single record required by Commission regulation 1.35(e), specifically identifies such transactions through account numbers, a separate customer type indicator, or otherwise for surveillance purposes.

(v) Low-volume months. To recognize any expiration or delivery month that, on the basis of historical data and an analysis thereof and other factors identified by the contract market, reasonably can be expected to have an average daily trading volume of less than 500 contracts during the period beginning with the current computation date and ending with the next computation date, provided, that the contract market keeps full and systematic
records supporting these determinations and, as part of its trade surveillance program, establishes special procedures, including appropriate reports, to monitor dual trading activity in the relevant low-volume contract months.

(vi) Spot month. To recognize a period of trading in a maturing futures contract, during which period liquidity in the maturing futures contract reasonably can be expected on the basis of historical data and an analysis thereof and other factors identified by the contract market, to shift to the next contract month, provided, that the contract market can demonstrate that effective surveillance will be conducted for dual trading-related abuses during such period.

(vii) Market emergencies. To address emergency market conditions resulting in a temporary emergency action under Commission regulation 1.41(f).

(d) Exemption petitions—(1) Standards. A contract market may apply for an exemption from the dual trading prohibition of paragraph (b) of this section by filing a written petition, signed by the contract market’s chief operating officer or, in his absence, an exchange official acting in the capacity of chief operating officer, that states facts sufficient to demonstrate that its trade monitoring system, consistent with the standards articulated in guidelines set forth in appendix A to this section, is capable of detecting and deterring, and is used on a regular basis to detect and deter, all types of violations attributable to dual trading, and is capable of generating an audit trail that satisfies the requirements of Commission regulation 1.35. The petition shall be directed to the Office of the Secretariat, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, with a copy to the Director of the Division of Trading and Markets.

(2) Content requirements. An exemption petition must identify each contract market that is, or is projected to be, affected. The petition must include a full description of each component of the contract market’s trade monitoring system including the systems in place, rules, policies and procedures in effect, standards applied, trading violations targeted, and the results achieved. To the extent practicable, the petition shall include performance statistics covering the 12-month period ending with the month preceding the petition date. Where such statistics are not available, specific, representative performance examples should be provided. The petition also must set forth the contract market’s program or plan and projected implementation timetable for conformity with the requirements of section 5a(b)(3) of the Act. An exemption petition must address, in the order listed below, the following components of a contract market’s trade monitoring system:

(i) Physical observation of trading areas;
(ii) Audit trail and recordkeeping systems able to, and used to, capture essential data on the terms, participants, and sequence of transactions (including relevant data on unmatched trades and outtrades) and otherwise satisfy the requirements of Commission regulation 1.35 and section 5a(b)(3) of the Act, as implemented by Commission regulations and orders;
(iii) Systems capable of reviewing, and used to review, trading data effectively on a regular basis to detect, and other measures designed to prevent, rule violations attributable to dual trading committed in the execution of trades and customer orders on the floor or subject to the rules of the contract market, including:

(A) Trading ahead of customer orders directly or indirectly;
(B) Trading against customer orders directly or indirectly in violation of contract market rules;
(C) Disclosing, misallocating or withholding customer orders;
(D) Failing to resolve errors, unmatched trades or outtrades properly and promptly; and
(E) Crossign customer orders by matching or “offsetting” customer orders directly or indirectly in violation of contract market rules;
(iv) The use of information gathered through such systems on a consistent basis to bring appropriate disciplinary actions against violators;
(v) The commitment of resources necessary for such systems to be effective in detecting and deterring violations attributable to dual trading, including adequate staff to investigate and prosecute disciplinary actions; and
(vi) The assessment of meaningful penalties against violators and the referral of appropriate cases to the Commission.

(3) Alternative requirements. If a contract market believes that its trade monitoring system does not meet the standards set forth in paragraph (d)(1) of this section, the contract market’s petition must include, in addition to the information required to be provided under paragraph (d)(2) of this section:

(i) A specific description of the corrective actions the contract market will take that it believes to be sufficient and appropriate to meet the standards in paragraph (d)(1) of this section, together with an explanation of the sufficiency and appropriateness of such actions, including specific implementation dates, any related changes in systems, operations, staffing, policies, rules, procedures, and budget allocations; and
(ii) Data and an economic analysis of that data to demonstrate any adverse impact of a dual trading prohibition on hedging and price basing at the contract market.

(4) Remittal. The Director of the Division of Trading and Markets (or an employee of the Commission under the supervision of such Director as may be designated by the Director) may remit to the contract market, with an appropriate explanation, and not accept pursuant to paragraph (d) of this section:

(i) A specific description of the corrective actions the contract market will take that it believes to be sufficient and appropriate to meet the standards in paragraph (d)(1) of this section, together with an explanation of the sufficiency and appropriateness of such actions, including specific implementation dates, any related changes in systems, operations, staffing, policies, rules, procedures, and budget allocations; and

(ii) Data and an economic analysis of that data to demonstrate any adverse impact of a dual trading prohibition on hedging and price basing at the contract market.

(5) Deferred application of the prohibition. If a contract market submits a petition for exemption that satisfies the content requirements of paragraphs (d)(2) and (3) of this section prior to the effective date of the dual trading prohibition, the Commission will suspend application of the prohibition against the contract market unless and until the petition is denied, pursuant to the effective date set forth in the denial order.

(6) Publication. A notice of the submission of each exemption petition deemed complete under paragraphs (d)(2) and (3) of this section will be published promptly by the Commission or the Director of the Division of Trading and Markets (or by an employee of the Commission under the supervision of the Director, as may be designated by the Director) in the FEDERAL REGISTER. Upon publication of such notice, copies of each petition, with the exception of any information or materials determined by the Commission to be subject to confidential treatment, will be publicly available through the Office of the Secretariat in accordance with the provisions of part 145 of this chapter.

(7) Grant of exemption without conditions—(i) Findings and order. A contract market’s exemption petition will be granted without conditions by Commission order if the Commission finds that, based on the information, views and arguments placed before it by the contract market in writing in its petition and any attachments or supplements thereto, and orally in any presentation pursuant to paragraph (d)(8)(iii) of this section, and other relevant information identified by the Commission, the contract market has demonstrated conformity with the standards contained in paragraph (d)(1) of this section. The Commission’s order will state the Commission’s findings.

(ii) Publication. A Commission order granting an exemption pursuant to this paragraph (d)(7) of this section will be published promptly in the FEDERAL REGISTER.

(iii) Effective date. A Commission order granting an exemption without
conditions pursuant to this paragraph (d)(7) shall be effective upon issuance.

(8) Proposed conditional exemption or petition denial—(i) Notice. If the Commission intends to deny an exemption petition or to exempt a contract market subject to conditions, the Commission will notify the contract market in writing that it intends to deny or condition the petition and state:

(A) Specific deficiencies in the contract market’s trade monitoring system;
(B) Any corrective actions to the trade monitoring system that the Commission believes the affected contract market must take to satisfy the standards of paragraph (d)(1) of this section, and a timetable for such corrective actions; and
(C) Any conditions or limitations that the Commission proposes to attach to an exemption under paragraph (d) of this section.

(ii) Publication. A notice issued to a contract market under this paragraph (d)(8) will be published promptly in the FEDERAL REGISTER.

(iii) Opportunity for written submission and oral presentation. Within five days of receipt of the notice from the Commission, the contract market may request in writing the opportunity to make an oral presentation to the Commission. The contract market will be notified promptly by the Commission of the date and the terms under which the contract market may make an oral presentation. The contract market must submit any written supplemental data, views, or arguments within 20 days of receipt of the Commission’s notice, unless the Commission notifies the contract market otherwise.

(9) Grant of conditional exemption—(i) Findings and order. A contract market’s exemption petition will be granted subject to conditions by Commission order if the Commission determines, based on the information, views and arguments placed before it by the contract market in writing in its petition and any attachments or supplements thereto, and orally in any presentation pursuant to paragraph (d)(8)(c)(iii) of this section and other relevant information identified by the Commission, that:

(A) The contract market’s trade monitoring system does not satisfy the standards set forth in paragraph (d)(1) of this section, but other corrective actions are sufficient and appropriate to meet the standards in paragraph (d)(1) of this section;
(B) There is a substantial likelihood that a dual trading prohibition would harm the public interest in hedging or price basing at the contract market; and
(C) The conditions or limitations being attached to the grant of exemption by the Commission are appropriate in light of the purposes of this section.

The Commission’s order will state the Commission’s findings and the conditions or limitations placed upon the contract market.

(ii) Publication. A Commission order granting a conditional exemption pursuant to this paragraph (d)(9) will be published promptly in the FEDERAL REGISTER.

(iii) Effective date. A Commission order granting a conditional exemption pursuant to this paragraph (d)(9) shall become effective 20 days after issuance, unless the Commission determines that more immediate action is appropriate in the public interest and states an earlier effective date in the order.

(10) Denial of petition—(i) Findings and order. A contract market’s exemption petition will be denied by Commission order if the Commission determines, based on the information, views and arguments placed before it in connection with the petition and other relevant information, that:

(A) The contract market has not demonstrated that its trade monitoring system satisfies the standards set forth in paragraph (d)(1) of this section, and there is not a substantial likelihood that a dual trading prohibition would harm the public interest in hedging or price basing at the contract market; or
(B) The contract market has demonstrated that there is a substantial likelihood that a dual trading prohibition may harm the public interest in hedging or price basing at the contract market, but has not demonstrated that other corrective actions are sufficient or appropriate to meet the standards in paragraph (d)(1) of this section.
Commodity Futures Trading Commission

§ 155.5

The Commission’s order denying the exemption will state the Commission’s findings and the date on which the dual trading prohibition will take effect on the contract market.

(ii) Publication. A Commission order denying an exemption pursuant to this paragraph (d)(10) will be published promptly by the Commission in the FEDERAL REGISTER.

(iii) Effective date. A Commission order denying a contract market’s petition for an exemption pursuant to this paragraph (d)(10) of this section shall become effective at least 20 days after issuance, unless the Commission determines that more immediate action is appropriate in the public interest.

(e) Exemption revocation. An exemption may be revoked if the Commission determines that the standards in paragraph (d)(1) of this section are not being met or if any condition of the exemption has not been met. The Commission shall notify the contract market in writing of its intent to issue an order to revoke the contract market’s exemption. Such notice shall include the reasons for the proposed revocation and the procedures under which the contract market shall have the opportunity to be heard. After considering information relevant to the proposed revocation, the Commission shall determine whether to revoke the exemption. Any Commission revocation order shall state findings in support of the revocation and be effective at least 20 days after issuance unless the Commission determines that more immediate action is appropriate in the public interest. Such order shall state the date on which the dual trading prohibition shall take effect.

APPENDIX A TO REGULATION 155.5—
GUIDELINES REGARDING CONTRACT MARKET PETITION FOR EXEMPTION FROM DUAL TRADING PROHIBITION BASED ON SUFFICIENCY OF THE TRADE MONITORING SYSTEM.

Regulation 155.5 permits a contract market to petition the Commission for exemption from the dual trading prohibition on the basis that its trade monitoring system satisfies certain standards. Appendix A is intended to provide additional guidance to a contract market as to what is necessary to demonstrate that the components of a contract market’s trade monitoring system, as enumerated in the regulation, are sufficient to detect and deter violations attributable to dual trading. Although these guidelines include certain standards that the Commission intends to apply in determining whether a particular contract market’s trade monitoring system meets the exemption standards in Regulation 155.5, the Commission may, in its discretion, consider a contract market’s trade monitoring system as a whole, including contract market rules and other regulatory measures designed to prevent trading abuses attributable to dual trading.

I. Physical Observation of Trading Areas

Demonstrate (e.g., by daily floor surveillance log) that compliance staff performs floor surveillance:

(1) To the extent practicable, on each open and close;

(2) Randomly at other times during each trading session; and

Demonstrate further that information developed through such surveillance is integrated into other compliance activities as appropriate.

(3) When special market conditions warrant.

II. Audit Trail System

Provide a detailed description of the methodology and procedures followed to generate and assure the accuracy of recorded trade execution times. Demonstrate the highest degree of accuracy practicable (but in no event less than 90% accuracy) of trade execution times required under regulation 1.35(g) (within one minute, plus or minus, of execution) during four consecutive months within the 12-month period ending with the month preceding the submission of the exemption petition. Demonstrate the effective integration of such trade timing data into the contract market’s surveillance system with respect to dual trading-related abuses.

If trade execution times are recorded manually or independently time-stamped at the contract market, demonstrate accuracy rate through, at a minimum, a comparison of the times recorded for both the buying and selling sides of each trade, or the time stamp for the sides required to be time-stamped, to the times reported in the price change register.

If trade execution times are imputed for recordation at the contract market, demonstrate accuracy rate through, at a minimum, a description of the contract market’s trade imputation algorithm, including how and
§ 155.6 Trading standards for the transaction of business on registered derivatives transaction execution facilities.

(a) A futures commission merchant, or affiliated person thereof, transacting business on behalf of a customer who does not qualify as an "institutional customer" as defined in §1.3(g) of this chapter on a registered derivatives transaction execution facility shall comply with the provisions of §155.3.

(b) No futures commission merchant, introducing broker or affiliated person thereof shall misuse knowledge of any institutional customer's order for execution on a registered derivatives transaction execution facility.

§ 155.10 Exemptions.

Except as otherwise provided in this part, the Commission may, in its discretion and upon such terms and conditions as it deems appropriate, exempt any contract market or other person from any of the provisions of this part.

PART 156—BROKER ASSOCIATIONS

Sec.
156.1 Definition.
156.2 Registration of broker association.
156.3 Contract market program for enforcement.
156.4 Disclosure of Broker Association Membership.

AUTHORITY: 7 U.S.C. 6b, 6c, 6j(d), 7a(b), and 12a.
Commodity Futures Trading Commission

§ 156.1 Definition.

For the purposes of this part, the term "broker association" as applied to each board of trade shall include two or more contract market members with floor trading privileges, of whom at least one is acting as a floor broker, who: (1) Engage in floor brokerage activity on behalf of the same employer, (2) have an employer and employee relationship which relates to floor brokerage activity, (3) share profits and losses associated with their brokerage or trading activity, or (4) regularly share a deck of orders.

§ 156.2 Registration of broker association.

(a) Registration required. It shall be unlawful for any member of a broker association to receive or to execute an order unless the broker association is registered with the appropriate contract market in accordance with part (b) of this section.

(b) Contract market rules required. Each contract market must adopt and maintain in effect rules, which have been submitted to the Commission pursuant to section 5a(a)(12)(A) of the Act and Commission Regulation 1.41, that, at a minimum, (1) define the term "broker association" to include the relationships set forth in §156.1 of this part, (2) prohibit conduct described in paragraph (a) of this section, and (3) require registration of each relationship defined by its rules as a broker association no later than 10 days after establishment of such relationship. Contract market records of registration shall include the following information with respect to each broker association, if applicable:

(vii) Individual(s) authorized to represent the association in connection with its registration obligations.

Any registration information provided to the contract market which becomes deficient or inaccurate must be updated or corrected promptly.

(c) Other contract market rules. (1) Each contract market may submit rules pursuant to section 5a(a)(12)(A) of the Act and Commission Regulation 1.41 that interpret when contract market members would be deemed to "regularly share a deck of orders." In the absence of such rules, a contract market must make such a determination on a case-by-case basis. The basis for a determination whether brokers "regularly share a deck of orders" must be documented.

(2) Each contract market may adopt rules, which must be submitted to the Commission pursuant to section 5a(a)(12)(A) of the Act and Commission Regulation 1.41, which set forth the basis and procedures for granting exemptions from the registration requirement contained in paragraph (b) of this section for de minimis activity.

§ 156.3 Contract market program for enforcement.

A contract market must, as part of its responsibilities pursuant to the Act and §1.51, demonstrate effective use of broker association registration information to monitor the trading activity of broker associations and their members for potential abuse and to secure compliance with all other contract market bylaws, rules, regulations and resolutions which may pertain to such associations or their members.

§ 156.4 Disclosure of Broker Association Membership.

Each contract market shall make available to the public generally and upon request a list of all registered broker associations which identifies for each such association the name of each person who is a member or otherwise has a direct beneficial interest in the

(c) The term customer as used in this part means any person trading, intending to trade, or receiving or seeking advice concerning any commodity interest, including any existing or prospective client or subscriber of a commodity trading advisor or existing or prospective participant in a commodity pool, but the term does not include a person who is acting in the capacity of a Commission registrant with respect to the trade.

(d) The term commodity account as used in this part means the account of a customer in which any commodity interest is, or is intended to be, traded.

§ 166.5 Dispute settlement procedures.

(a) Definitions. (1) The term claim or grievance as used in this section shall mean any dispute that:

(i) Arises out of any transaction executed on or subject to the rules of a designated contract market,
(ii) Is executed or effected through a member of such facility, a participant transacting on or through such facility or an employee of such facility, and
(iii) Does not require for adjudication the presence of essential witnesses or third parties over whom the facility does not have jurisdiction and who are not otherwise available.

Provided, however, a person who is an “eligible contract participant” as defined in section 1a(12) of the Act shall not be deemed to be a customer within the meaning of this section.

(3) The term Commission registrant as used in this section means a person registered under the Act as a futures commission merchant, introducing broker, floor broker, commodity pool operator, commodity trading advisor, or associated person.

(1) Signing the agreement must not be made a condition for the customer...
§ 166.5 17 CFR Ch. I (4–1–02 Edition)

(2) If the agreement is contained as a clause or clauses of a broader agreement, the customer must separately endorse the clause or clauses containing the cautionary language and provisions specified in this section. A futures commission merchant or introducing broker may obtain such endorsement as provided in §1.55(d) of this chapter for the following classes of customers only:

(i) A plan defined as a government plan or church plan in section 3(32) or section 3(33) of title I of the Employee Retirement Income Security Act of 1974 or a foreign person performing a similar role or function subject as such to comparable foreign regulation; and

(ii) A person who is a “qualified eligible participant” or a “qualified eligible client” as defined in §4.7 of this chapter.

(3) The agreement may not require any customer to waive the right to seek reparations under section 14 of the Act and part 12 of this chapter. Accordingly, such customer must be advised in writing that he or she may seek reparations under section 14 of the Act by an election made within 45 days after the Commission registrant notifies the customer that arbitration will be demanded under the agreement. This notice must be given at the time when the Commission registrant notifies the customer of an intention to arbitrate.

(4) The agreement must advise the customer that, at such time as he or she may notify the Commission registrant that he or she intends to submit a claim to arbitration, or at such time as such person notifies the customer of its intent to submit a claim to arbitration, the customer will have the opportunity to elect a qualified forum for conducting the proceeding.

(5) Election of forum. (i) Within ten business days after receipt of notice from the customer that he or she intends to submit a claim to arbitration, or at the time a Commission registrant notifies the customer of its intent to submit a claim to arbitration, the Commission registrant must provide the customer with a list of organizations whose procedures meet Acceptable Practices established by the Commission for dispute resolution, together with a copy of the rules of each forum listed. The list must include:

(A) The designated contract market, if available, upon which the transaction giving rise to the dispute was executed or could have been executed;

(B) A registered futures association; and

(C) At least one other organization that will provide the customer with the opportunity to select the location of the arbitration proceeding from among several major cities in diverse geographic regions and that will provide the customer with the choice of a panel or other decision-maker composed of at least one or more persons, of which at least a majority are not members or associated with a member of the designated contract market or employee thereof, and that are not otherwise associated with the designated contract market (mixed panel): Provided, however, that the list of qualified organizations provided by a Commission registrant that is a floor broker need not include a registered futures association unless a registered futures association has been authorized to act as a decision-maker in such matters.

(ii) The customer shall, within forty-five days after receipt of such list, notify the opposing party of the organization selected. A customer’s failure to provide such notice shall give the opposing party the right to select an organization from the list.

(6) Fees. The agreement must acknowledge that the Commission registrant will pay any incremental fees that may be assessed by a qualified forum for provision of a mixed panel,
unless the arbitrators in a particular proceeding determine that the customer has acted in bad faith in initiating or conducting that proceeding.

(7) Cautionary Language. The agreement must include the following language printed in large boldface type:

THREE FORUMS EXIST FOR THE RESOLUTION OF COMMODITY DISPUTES: CIVIL COURT LITIGATION, REPAIRATIONS AT THE COMMODITY FUTURES TRADING COMMISSION (CFTC) AND ARBITRATION CONDUCTED BY A SELF-REGULATORY OR OTHER PRIVATE ORGANIZATION.

The CFTC recognizes that the opportunity to settle disputes by arbitration may in some cases provide many benefits to customers, including the ability to obtain an expeditious and final resolution of disputes without incurring substantial costs. The CFTC requires, however, that each customer individually examine the relative merits of arbitration and that your consent to this arbitration agreement be voluntary.

By signing this agreement, you: (1) May be waiving your right to sue in a court of law; and (2) are agreeing to be bound by arbitration of any claims or counterclaims which you or [name] may submit to arbitration under this agreement. You are not, however, waiving your right to elect instead to petition the CFTC to institute reparations proceedings under Section 14 of the Commodity Exchange Act with respect to any dispute that may be arbitrated pursuant to this agreement. In the event a dispute arises, you will be notified if [name] intends to submit the dispute to arbitration. If you believe a violation of the Commodity Exchange Act is involved and if you prefer to request a Section 14 "Reparations" proceeding before the CFTC, you will have 45 days from the date of such notice in which to make that election.

You need not sign this agreement to open or maintain an account with [name]. See 17 CFR 166.5.

(d) Enforceability. A dispute settlement procedure may require parties utilizing such procedure to agree, under applicable state law, submission agreement or otherwise, to be bound by an award rendered in the procedure, provided that the agreement to submit the claim or grievance to the procedure was made in accordance with paragraph (c) or (g) of this section or that the agreement to submit the claim or grievance was made after the claim or grievance arose. Any award so rendered shall be enforceable in accordance with applicable law.

(e) Time limits for submission of claims. The dispute settlement procedure established by a designated contract market shall not include any unreasonably short limitation period foreclosing submission of customers' claims or grievances or counterclaims.

(f) Counterclaims. A procedure established by a designated contract market under the Act for the settlement of customers' claims or grievances against a member or employee thereof may permit the submission of a counterclaim in the procedure by a person against whom a claim or grievance is brought. The designated contract market may permit such a counterclaim where the counterclaim arises out of the transaction or occurrence that is the subject of the customer's claim or grievance and does not require for adjudication the presence of essential witnesses, parties, or third persons over whom the designated contract market does not have jurisdiction. Other counterclaims arising out of a transaction subject to the Act and rules promulgated thereunder for which the customer utilizes the services of the registrant may be permissible where the customer and the registrant have agreed in advance to require that all such submissions be included in the proceeding, and if the aggregate monetary value of the counterclaims is capable of calculation.

(g) Eligible contract participants. A person who is an "eligible contract participant" as defined in section 1a(12) of the Act may negotiate any term of an agreement in which the eligible contract participant agrees, prior to the time a claim or grievance arises, to submit such claim or grievance to any settlement procedure provided for in the agreement.

If the Commission decides to take review, the effective date of the decision at issue shall be stayed pending the decision of the Commission, unless otherwise ordered. The Commission shall by order establish the procedure for submission of both the record of the proceeding and the briefs of the parties.

(d) Commission review on its own motion. At any time prior to the effective date of a final decision of the National Futures Association in a disciplinary, membership denial or registration action, the Commission may take review of a decision by issuing an appropriate order. If the Commission determines that it is appropriate to take review on its own motion, it shall by order establish the procedure for submission of both the record of the proceeding and the briefs of the parties.

§ 171.32 Oral argument.

(a) On motion of Commission. On its own motion, the Commission may, in its discretion, hear oral argument in a proceeding.

(b) On request of party. Any party may file with the Proceedings Clerk a request in writing for the opportunity to present oral argument before the Commission, which the Commission may, in its discretion, grant or deny. A request under this paragraph must be filed concurrently with the party’s brief.

(c) Reporting and transcription. Oral argument before the Commission will be recorded and transcribed unless the Commission directs otherwise. In the event the Commission affords the parties the opportunity to present oral argument before the Commission, the oral argument will proceed in accordance with the provisions of §10.103(b) of this chapter.

§ 171.33 Final decision by the Commission.

(a) Opinion and order. Upon review, the Commission may affirm, modify, set aside, or remand for further proceedings, in whole or in part, the decision of the National Futures Association. The Commission’s decision will be contained in its opinion and order which will be based upon the record before it, including the record of the registered futures association proceeding, briefs submitted to the Commission by the parties and any oral argument made in accordance with §171.32. Except as provided in paragraph (b) of this section, the opinion and order will constitute the final decision of the Commission, effective upon service on the parties. In the event the Commission is equally divided as to its decision, the decision of the National Futures Association shall be affirmed without a Commission opinion.
(b) Order of summary affirmance. If the Commission finds that the result reached in the decision of the National Futures Association is substantially correct and that none of the arguments on appeal made by the appellant raise important questions of law or policy, the Commission may, by appropriate order, summarily affirm the decision without opinion. The decision of the National Futures Association shall constitute the Commission’s final decision, effective upon service. Unless the Commission expressly indicates otherwise in its order, an order of summary affirmance does not reflect a Commission determination to adopt the rationale of the National Futures Association, and neither the order of summary affirmance nor the underlying order shall serve as Commission precedent in other proceedings.

§ 171.34 Standards of review.

(a) Disciplinary actions. In reviewing a final decision of the National Futures Association in a disciplinary action, the Commission shall affirm the order of the National Futures Association, unless the Commission finds that:

1. The proceedings were not conducted in a manner consistent with fundamental fairness;
2. The proceedings were not conducted in a manner consistent with the rules of the National Futures Association;
3. The weight of the evidence does not support the findings of the National Futures Association concerning the relevant acts or practices engaged in or omitted;
4. The determination that the acts or practices engaged in or omitted violated rules of the National Futures Association does not rest on a reasonable interpretation of the rules at issue;
5. The National Futures Association’s application of its rules is not consistent with the purposes of the Act;
6. The National Futures Association’s choice of sanction is excessive or oppressive in light of the violations found having due regard for the public interest.

(b) Membership denial actions. In reviewing a final decision of the National Futures Association in a membership denial action, the Commission shall affirm the order of the National Futures Association, unless the Commission finds that:

1. The proceedings were not conducted in a manner consistent with fundamental fairness;
2. The proceedings were not conducted in a manner consistent with the rules of the National Futures Association;
3. The weight of the evidence does not support the findings made or adopted in the final decision;
4. The conclusion of the National Futures Association is not consistent with the purposes of the Act.

(c) Registration actions. In reviewing a decision of the National Futures Association in a registration action, the Commission shall affirm the order of the National Futures Association unless the Commission finds that:

Subpart D—Commission Review of Decisions by the National Futures Association in Member Responsibility Actions

§ 171.40 Notice of the commencement of a member responsibility action.

The notice of a Member Responsibility Action provided by the National Futures Association pursuant to its rules shall advise the affected parties of their right to petition the Commission pursuant to §171.41 to stay the effective date of the action pending a hearing before the National Futures Association on the factual issues relevant to the suspension, restriction or remedial action ordered.
§ 171.41 Petition for a stay of effective date of a member responsibility action pending a hearing by the National Futures Association.

(a) Time to file. Within ten days after the National Futures Association serves the notice required by §171.40, any party aggrieved by the National Futures Association’s determination that the member responsibility action should be effective prior to the opportunity for a hearing on the factual issues relevant to the suspension, restriction or remedial action imposed may petition the Commission to stay its effectiveness pending completion of further proceedings by the National Futures Association. The burden of persuasion shall rest with the party seeking the stay.

(b) Content. A petition for stay shall meet the content requirements set forth in §171.22(b)(3).

(c) Response. A response may be filed by the National Futures Association in accordance with §171.22(b)(4).

(d) Standards for granting petition for stay. In reviewing petitions to stay the effectiveness of the member responsibility action pending completion of further proceedings, the Commission shall consider:

(1) Whether, in the circumstances presented, the notice and opportunity for a hearing provided by the National Futures Association are consistent with principles of fundamental fairness; and

(2) The likelihood that the denial of the petition would result in irreparable harm to petitioner; and

(3) The effect a grant of the petition would have on the interests of the National Futures Association; and

(4) The effect a grant or denial of the petition would have on the public interest.

(e) If the suspension, restriction or remedial action imposed by the National Futures Association in a member responsibility action is effective at the time a petition for a stay is filed with the Commission, the Commission shall not delay its decision on the petition to await the receipt of the National Futures Association’s response. If the action is not effective at the time the petition is filed, the Commission will not act upon the petition prior to the receipt of a response from the National Futures Association unless, in its view, expedited action on the petition is necessary to protect petitioner’s right to a meaningful determination of the right to a stay. If the Commission grants the petition prior to the receipt of the response of the National Futures Association, the association may seek reconsideration of the Commission’s action within seven days of service of the decision.

(f) Proceedings following Commission disposition. If the petition for a stay is denied, the National Futures Association shall continue its action in accordance with the applicable rules of the association. If the petition for a stay is granted, the action shall be remanded to the National Futures Association for further proceedings as provided in the Commission’s decision. Unless otherwise ordered by the Commission, a stay issued pursuant to this section shall not deprive the National Futures Association of the authority, after conducting a hearing under the appropriate rules of the association, to make the suspension, restriction or remedial action ordered in the member responsibility action immediately effective at the time a final decision is issued.

§ 171.42 Notice of a final decision of the National Futures Association in a member responsibility action.

(a) When required. The National Futures Association shall promptly serve all parties, as well as the Proceeding Clerk and Secretary of the Commission, with a written notice of any final decision in a member responsibility action. The notice may be contained in the written decision issued by the National Futures Association. If the National Futures Association determines that the decision shall be effective upon issuance, in addition to serving a written notice, it shall also contact the parties and the Proceedings Clerk by telephone to inform them of its determination.

(b) Contents of the written notice. At a minimum, the notice shall provide the following information:

(1) The name of the parties to the proceeding;
(2) The date the notice was served and the effective date of the decision;
(3) A statement informing the parties of their right to appeal the decision to the Commission pursuant to §171.44 as well as their right to seek a stay of the decision pending Commission consideration of their appeal pursuant to §171.43;
(4) A description of the action taken and the reasons for the action;
(5) Findings of fact and conclusions of law on all issues relevant to its decision;
(6) A determination of the appropriate relief based on the findings and conclusions.

§171.43 Petition for a stay of the effective date of a final decision of the National Futures Association in a member responsibility action.

(a) Filing the petition. Within ten days of the service of the notice described in §171.42, any aggrieved party may seek from the Commission a stay of the effective date of the decision of the National Futures Association pending consideration of the merits of an appeal by filing and serving an appropriate petition. The mere filing of such a petition shall not stay the effective date of the decision. The burden of persuasion shall rest with the party seeking the stay.

(b) Contents. A petition for a stay shall be in writing. Material factual allegations shall be supported by an affidavit or other sworn statement unless the parties stipulate that the material facts are not in dispute.

(c) Response. Within five days of the service of the petition, the National Futures Association may file an opposition to the petition. Material factual allegations shall be supported by an affidavit or other sworn statement unless the parties stipulate that the material facts are not in dispute.

(d) Standards for determining petitions for a stay. In reviewing petitions filed under this section, the Commission shall consider:
(1) The likelihood that petitioner’s challenge to the merits of the decision will be successful; and
(2) The likelihood that the denial of the petition would result in irreparable harm to the petitioner; and
(3) The effect a grant of the petition would have on the National Futures Association; and
(4) The effect a grant or denial of the petition would have on the public interest.

(e) Expedited consideration. If the suspension, restriction or remedial action imposed by the National Futures Association in a member responsibility action is effective at the time a petition for a stay is filed with the Commission, the Commission shall not delay its decision on the petition to await the receipt of the National Futures Association’s response. If the decision is not effective at the time the petition is filed, the Commission will not act upon the petition prior to the receipt of a response from the National Futures Association unless, in its view, expedited action on the petition is necessary to protect petitioner’s right to a meaningful determination of the right to a stay. If the Commission grants the petition prior to the receipt of the response of the National Futures Association, the association may seek reconsideration of the Commission’s action within seven days of service of the decision.

§171.44 Notice of appeal.

(a) Time to file. Any party aggrieved by a final decision of the National Futures Association in a member responsibility action may, within thirty days of the service of the notice described in §171.42, file with the Proceedings Clerk and serve on the National Futures Association a notice of appeal. The filing of such a notice shall not stay the effective date of the decision.

(b) Contents. The notice of appeal shall meet the content requirements of §171.23(b).

(c) Filing fee. Each notice of appeal must be accompanied by a nonrefundable filing fee of $100. This amount may be paid by check, bank draft or money order, payable to the Commodity Futures Trading Commission.

(d) Defective notices of appeal. Notices of appeal that are untimely or not accompanied by the filing fee shall not be accepted by the Proceedings Clerk absent a showing, by motion, of excusable neglect.

(e) The National Futures Association’s application of its rules is consistent with the purposes of the Act;
(f) In light of the findings of the National Futures Association concerning the reasons for the action and the public interest, the suspension, restriction or remedial action imposed by the National Futures Association is not excessive, oppressive or an abuse of discretion.

A commodity broker against which an involuntary petition in bankruptcy is filed, or the trustee if a trustee has been appointed in such case, must use its best efforts to effect a transfer in accordance with §190.06 (e) and (f) of all open commodity contracts and equity held by the commodity broker for or on behalf of its customers and such other property as the Commission in its discretion may authorize, on or before the close of business on the fourth business day after the filing date, and immediately cease doing business: Provided, however, That the commodity broker may trade for liquidation only, unless otherwise directed by the Commission, by any applicable self-regulatory organization or by the court: And, Provided further, That if the commodity broker demonstrates to the Commission with-

in such period that it was in compliance with the segregation and financial requirements of this chapter on the filing date, and the Commission determines, in its sole discretion, that such transfer or liquidation is neither appropriate nor in the public interest, the commodity broker may continue in business subject to applicable provisions of the Bankruptcy Code and of this chapter.

(f) Liquidation or offset. After entry of the order for relief and subject to paragraph (e) of this section, which requires the trustee to attempt to make certain transfers permitted by §190.06 and section 764(b) of the Bankruptcy Code, the following commodity contracts and other property held by or for the account of a debtor must be liquidated or offset by the trustee promptly and in an orderly manner, subject to limit moves and to applicable procedures under the Bankruptcy Code:

(1) Open commodity contracts. All open commodity contracts except:

(i) Dealer option contracts, if the dealer option grantor is not the debtor, which cannot be transferred on or before the close of business on the fourth business day after the order for relief; and

(ii) Specifically identifiable commodity contracts as defined in §190.01(kk)(2) for which an instruction prohibiting liquidation is noted prominently in the accounting records of the debtor and timely received under paragraph (b)(2) of this section. Notwithstanding the foregoing, an open commodity contract must be offset if: such contract is a futures contract which would otherwise remain open beyond the last day of trading, or the first day on which notice of intent to deliver may be tendered with respect thereto, whichever occurs first; such contract is a long option on a physical commodity which cannot be settled in cash and would be automatically exercised, has value and would remain open beyond the last day for exercise; such contract is a short option on a physical commodity which cannot be settled in cash; or, as otherwise specified in these rules.

(2) Specifically identifiable property other than open commodity contracts. Specifically identifiable property other
§ 190.03 Operation of the debtor’s estate subsequent to the primary liquidation date.

Subsequent to the primary liquidation date, accounts which contain open commodity contracts not required to be liquidated under §190.02(f)(1) shall be operated by the trustee as follows:

(a) Operation of accounts held open for transfer—(1) Establishment of transfer accounts. On the primary liquidation date, the trustee must generate a new statement of account for each class of account of a customer which contains a commodity contract not required to be liquidated under §190.02(f)(1). The opening balance of such statement must be equal to its funded balance, less the value on the date of return or transfer of any property previously returned or transferred does not equal or exceed:

(i) 100% of the maintenance margin requirements of the applicable board of trade with respect to the open commodity contracts in such account; or

(ii) If there are no such maintenance margin requirements, 100% of the clearing organization margin requirements applicable to the open commodity contracts in such account; or

(iii) If there are no maintenance margin requirements or clearing organization margin requirements, then 50% of the initial margin applicable to the open commodity contracts in such account;

Provided, That no margin calls need be made by the trustee to restore initial margin. A margin call for such accounts should be made as soon as possible following the order for relief and the trustee shall be authorized, but not obligated, to liquidate any account for which such margin call is not met within a reasonable time as defined in §190.04(e)(4); Provided, That the trustee must immediately liquidate any account which is in deficit.

(3) Margin payments by the customer. The full amount of any margin payment by a customer in response to a margin call under paragraph (g)(2) of this section must be credited to the funded balance of the particular account for which it was made.

§ 190.03 Operation of the debtor’s estate subsequent to the primary liquidation date.

Subsequent to the primary liquidation date, accounts which contain open commodity contracts not required to be liquidated under §190.02(f)(1) shall be operated by the trustee as follows:

(a) Operation of accounts held open for transfer—(1) Establishment of transfer accounts. On the primary liquidation date, the trustee must generate a new statement of account for each class of account of a customer which contains a commodity contract not required to be liquidated under §190.02(f)(1). The opening balance of such statement must be equal to its funded balance, less the value on the date of return or transfer of any property previously returned or transferred does not equal or exceed:

(i) 100% of the maintenance margin requirements of the applicable board of trade with respect to the open commodity contracts in such account; or

(ii) If there are no such maintenance margin requirements, 100% of the clearing organization margin requirements applicable to the open commodity contracts in such account; or

(iii) If there are no maintenance margin requirements or clearing organization margin requirements, then 50% of the initial margin applicable to the open commodity contracts in such account;

Provided, That no margin calls need be made by the trustee to restore initial margin. A margin call for such accounts should be made as soon as possible following the order for relief and the trustee shall be authorized, but not obligated, to liquidate any account for which such margin call is not met within a reasonable time as defined in §190.04(e)(4); Provided, That the trustee must immediately liquidate any account which is in deficit.

(3) Margin payments by the customer. The full amount of any margin payment by a customer in response to a margin call under paragraph (g)(2) of this section must be credited to the funded balance of the particular account for which it was made.

§ 190.03 Operation of the debtor’s estate subsequent to the primary liquidation date.

Subsequent to the primary liquidation date, accounts which contain open commodity contracts not required to be liquidated under §190.02(f)(1) shall be operated by the trustee as follows:

(a) Operation of accounts held open for transfer—(1) Establishment of transfer accounts. On the primary liquidation date, the trustee must generate a new statement of account for each class of account of a customer which contains a commodity contract not required to be liquidated under §190.02(f)(1). The opening balance of such statement must be equal to its funded balance, less the value on the date of return or transfer of any property previously returned or transferred does not equal or exceed:

(i) 100% of the maintenance margin requirements of the applicable board of trade with respect to the open commodity contracts in such account; or

(ii) If there are no such maintenance margin requirements, 100% of the clearing organization margin requirements applicable to the open commodity contracts in such account; or

(iii) If there are no maintenance margin requirements or clearing organization margin requirements, then 50% of the initial margin applicable to the open commodity contracts in such account;

Provided, That no margin calls need be made by the trustee to restore initial margin. A margin call for such accounts should be made as soon as possible following the order for relief and the trustee shall be authorized, but not obligated, to liquidate any account for which such margin call is not met within a reasonable time as defined in §190.04(e)(4); Provided, That the trustee must immediately liquidate any account which is in deficit.

(3) Margin payments by the customer. The full amount of any margin payment by a customer in response to a margin call under paragraph (g)(2) of this section must be credited to the funded balance of the particular account for which it was made.
for operations on or subsequent to the primary liquidation date in the same manner as the equity in a commodity futures account maintained for or on behalf of a customer would be adjusted in the ordinary course of business prior to the filing date: Provided, however, That such statement of account must also be adjusted to reflect certain adjustments to the funded balance in accordance with §190.07(c)(2), such that the balance in that account will always be equal to the funded balance of the claimant's net equity claim adjusted for corrections and subsequent operations less the value on the date of transfer or return of any property transferred or returned with respect to that claim prior to the primary liquidation date.

(3) Margin calls. The trustee must promptly issue margin calls with respect to any account referred to under paragraph (a)(1) of this section in which the balance does not equal or exceed 100% of the maintenance margin requirements of the applicable board of trade with respect to the open commodity contracts in such account, or if there are no such maintenance margin requirements, 100% of the clearing organization margin requirements applicable to the open commodity contracts in such account, or if there are no maintenance margin requirements or clearing organization margin requirements, then 50% of the initial margin applicable to the commodity contracts in such account: Provided, That no margin calls need be made to restore initial margin.

(4) Margin payments. The trustee may make variation or maintenance margin payments to the broker carrying any account referred to in paragraph (a)(1) of this section as appropriate if such payments do not exceed the balance of the statement of account generated under paragraph (a)(1) of this section with respect to which such contracts are credited. Any customer for which commodity contracts remain open subsequent to the primary liquidation date will not be relieved of the obligation to make margin payments by reason of the bankruptcy of the commodity broker: Provided, That the full amount of any margin payment made by a customer subsequent to the primary liquidation date must be credited to the account referred to in paragraph (a)(1) of this section for which it was made.

(5) Distribution. No distribution of equity may be made to or on behalf of customers by the trustee with respect to an account established in accordance with paragraph (a)(1) of this section, except pursuant to paragraph (a)(4) of this section and to §190.08(d).

(b) Liquidation of open commodity contracts. Commodity contracts held open by the trustee in accordance with paragraph (a)(1) of this section must be liquidated promptly and in an orderly manner, if:

(1) Any payment of margin would result in a deficit in the account in which they are held;

(2) The customer for, or on whose behalf, the account is held fails to meet a margin call within a reasonable time;

(3) The trustee has received no customer instructions with respect to such contract by the close of business on the fifth business day after entry of the order for relief;

(4) The commodity contract has not been transferred in accordance with §190.08(d)(2) on or before the close of business on the tenth business day after entry of the order for relief; or

(5) The commodity contract would otherwise remain open beyond the last day of trading in such contract or the first day on which notice of delivery may be tendered with respect to such contract, whichever occurs first.

(c) Liquidation of specifically identifiable property other than open commodity contracts. All specifically identifiable property other than open commodity contracts which have not been liquidated prior to the primary liquidation date, and for which no customer instructions have been timely received must be liquidated, to the extent reasonably possible, no later than the close of business on the fifth business day after final publication of the notice referred to in §190.02(b)(1). All other specifically identifiable property must be liquidated or returned, to the extent reasonably possible, no later than the close of business on the tenth business day after final publication of such notice.
§ 190.04 Operation of the debtor’s estate—general.

(a) Compliance with the Act and regulations. Except as specifically provided otherwise in this part, the trustee shall comply with all of the provisions of the Act and of the regulations thereunder as if it were the debtor.

(b) Computation of funded balance. Using the information available, the trustee must compute a funded balance for each customer account which contains open commodity contracts as of the close of business each day subsequent to the order for relief until the final liquidation date. Such computation must be completed prior to noon on the next business day.

(c) Records—(1) Maintenance. Subject to the requirements of the Bankruptcy Code, records of the computations required by this part shall be maintained in accordance with §1.31 of this chapter by the trustee for the greater of the period required by §1.31 of this chapter or for a period of one year after the close of the bankruptcy proceeding for which they were compiled.

(2) Accessibility. The records required to be maintained by paragraph (c)(1) of this section shall be available during business hours to the Court, parties in interest, the Commission and the U.S. Department of Justice. At any time on or after the filing date, the commodity broker, or the trustee if a trustee has been appointed, shall be required to give the Commission and the U.S. Department of Justice immediate access to all records of the debtor, including records required to be retained in accordance with §1.31 of this chapter and all other records of the commodity broker, whether or not the Act or this chapter would require such records to be maintained by the commodity broker.

(d) Liquidation—(1) Order of liquidation—(i) Open outcry. Liquidation of open commodity contracts held for a house or a customer account by or on behalf of a commodity broker which is a debtor shall be accomplished in accordance with §1.38 of this chapter: Provided, That to the extent reasonably possible the trustee shall first liquidate all net positions and shall subsequently liquidate all long and short positions in the same commodity in the same delivery month on the same contract market in tandem; and, Provided further, That any covered commodity owned by a debtor shall be liquidated, to the extent reasonably possible, at the same time as its cover.

(ii) Book entry. Notwithstanding paragraph (1), in appropriate cases, upon application by the trustee or the affected clearing organization, the Commission may permit offsetting open commodity contracts to be liquidated, or settlement on such contracts to be made, by book entry. Such book entry shall offset such trades on the books of the commodity broker using an execution price equal to the weighted average of the liquidation prices for contracts in the same commodity for the same delivery month on the same contract market which are not matched on the books of the commodity broker, or if there are no such unmatched contracts, using the average of the opening price and the settlement price of contracts in the same commodity for the same delivery month on the same contract market as of the close of business on the market day of the order for relief.

(2) Liquidation only. Nothing in this part shall be interpreted to permit the trustee to purchase or sell new commodity contracts for customers of the debtor except to offset open commodity contracts or to transfer any transferable notice received by the debtor or the trustee under any commodity contract: Provided, however, That the trustee may, in its discretion and with approval of the Commission, cover uncovered inventory or commodity contracts of the debtor which cannot be liquidated immediately because of price limits or other market conditions, or may take an offsetting position in a new month or at a strike price for which limits have not been reached.

(e) Other matters—(1) Determination as to bona fide hedges. In determining which commodity contracts are eligible to be held open for transfer pursuant to customer instruction, the trustee may rely on the designation in the accounting records of the commodity broker that the account for or on behalf of which the contract is held is a hedging account. Commodity contracts
§ 190.05  Making and taking delivery on commodity contracts.

(a) General. (1) In the event that the trustee is unable to liquidate an open commodity futures contract subject to physical delivery or an option on a physical commodity, which cannot be settled in cash, prior to the last day of trading in that contract as required by §§190.02(f)(1) and 190.03(b)(5), the trustee must use its best efforts to prevent property which is to be delivered for or on behalf of a customer to fulfill that contract, or property for which delivery is being taken with respect to a customer pursuant to that contract, from becoming part of the debtor's estate.

(2) Disbursements. The trustee shall make no disbursements to customers prior to final distribution except with approval of the court or in accordance with §190.08(d).

(3) Investment. The trustee shall promptly invest the equity resulting from the liquidation of commodity contracts, and the proceeds of the liquidation of specifically identifiable property, in obligations of the United States and obligations fully guaranteed as to principal and interest by the United States, and may similarly invest any customer equity in accounts which remain open in accordance with §190.03. Provided, That such obligations are maintained in a depository located in the United States, its territories or possessions.

(4) Margin calls—reasonable time. Except as otherwise provided in this part, a reasonable time for meeting margin calls made by the trustee shall be deemed to be one hour, or such greater period not to exceed one business day, as the trustee may determine in its sole discretion.

(5) Management of Long Option Contracts. Subject to the applicable liquidation provisions the trustee must use its best efforts to assure that a long option contract with value does not expire worthless.

§ 190.08  Delivery account.

(1) In the event that the trustee is unable to liquidate an open commodity futures contract subject to physical delivery or an option on a physical commodity, which cannot be settled in cash, prior to the last day of trading in that contract as required by §§190.02(f)(1) and 190.03(b)(5), the trustee must use its best efforts to prevent property which is to be delivered for or on behalf of a customer to fulfill that contract, or property for which delivery is being taken with respect to a customer pursuant to that contract, from becoming part of the debtor's estate.

(2) Delivery account shall mean any account prominently designated as such in the records of the debtor which contains only the specifically identifiable property associated with delivery set forth in §190.01(kk) (3), (4), and (5), except that with respect to §190.01(kk) (4) and (5), delivery need not be made or taken and exercise need not be effected for such property to be included in a delivery account.

(3) The portion of the price or the proceeds of a commodity contract upon delivery which is not specifically identifiable property under §190.01(kk) (4) and (5) must be distributed pro rata under section 766(h) of the Code.

(b) Contract market rules for deliveries on behalf of a customer of a debtor. Except in the case of a commodity futures or option contract which is settled in cash, each contract market shall adopt, maintain in effect and enforce rules which have been approved by the Commission in accordance with section 5a(a)(12) of the Act and §1.41 of this chapter, which:

(i) Permit the making and taking of delivery to fulfill a commodity futures contract for a physical commodity or an option on a physical commodity, which has not become part of the debtor's estate on the date of the entry of the order for relief but with respect to which commodity contract:

(1) Trading has ceased on the date of the entry of the order for relief;

(2) Notice of delivery has been tendered on or before the date of the entry of the order for relief; or,

(3) Trading ceases before it can be liquidated by the trustee, to be effected directly between the customer of the debtor and the person identified by the clearing organization as the party to whom delivery should be made or from whom delivery should be taken by such customer of the debtor without intervention of the trustee and without including such physical commodity or
Commodity Futures Trading Commission § 190.06

the payment for such physical commodity in any bankruptcy distribution: Provided, however, That a customer shall not be relieved of his obligation to make or take delivery for the sole reason that delivery must be made or taken from a commodity broker which is a debtor; and

(2) Recognize that the equity of a customer of the debtor in a commodity contract upon which delivery is made or taken must be included in the net equity claim of that customer and, as such, can only be distributed pro rata at the time of, and as part of, any distributions to customers made by the trustee.

(c) Delivery made or taken within the debtor's estate. (1) Any property in a delivery account which is part of the debtor's estate on the date of the order for relief may be returned under the terms set forth in §190.08(d)(1)(ii).

(2) If the property to be delivered is part of the debtor's estate on the date of the order for relief and a customer of the debtor is required to make delivery, the trustee must make delivery in the same manner as if no bankruptcy had occurred and the party by whom delivery is taken must pay the full notice price or strike price for delivery.

(3) If delivery is to be made or taken on behalf of a house account the trustee must either make or take delivery, as the case may be, on behalf of the debtor's estate: Provided, That if the trustee, at any time, takes delivery of a physical commodity, the trustee must convert that physical commodity to cash as promptly as possible.

§ 190.06 Transfers.

(a) Transfer rules. No self-regulatory organization or clearing organization may adopt, maintain in effect or enforce rules which:

(1) Are inconsistent with the provisions of this part;

(2) Interfere with the acceptance by its members of open commodity contracts and the equity margining or securing such contracts from futures commission merchants, or persons which are required to be registered as futures commission merchants, which are required to transfer accounts pursuant to §1.17(a)(4) of this chapter; or

(3) Prevent the acceptance by its members of transfers of open commodity contracts and the equity margining or securing such contracts from futures commission merchants with respect to which a petition in bankruptcy has been filed, if such transfers have been approved by the Commission.

Provided, however, That this paragraph shall not limit the exercise of any contractual right of a self-regulatory organization or clearing organization to liquidate open commodity contracts.

(b) Notice. Unless notice has been filed pursuant to §1.65(b) of this chapter, if a futures commission merchant, or a person required to be registered as a futures commission merchant, intends to transfer commodity contracts held by or for a commodity broker from or for the account of a customer to another person registered as a futures commission merchant after a petition in bankruptcy has been filed by or against such commodity broker, the transferee must notify the Commission no later than is required under §190.02(a)(2).

(c) Financial requirements for transferees. (1) No transfer may be made which would cause the transferee to be in violation of the minimum financial requirements set forth in this chapter.

(2) A transferee may accept a transfer of open commodity contracts even though the money, securities and other property eligible for transfer under the regulations contained in this part is insufficient to fully margin such positions, if the transferee agrees to accept the transfer subject to any loss due to the failure to recover such deficiency from the customers whose contracts it has accepted or from the estate of the debtor.

(3) The transferee of a commodity contract for which notice is given
under §190.06(b)(2) must keep that contract open one business day after its receipt, unless the customer for whom the transfer is made fails to respond within a reasonable time to a margin call for the difference between the margin transferred with such contract and the margin which such transferee would require with respect to a similar commodity contract held for the account of a customer in the ordinary course of business.

(4) No commission may be collected by the transferor with respect to the transfer of an open commodity contract for which notice is given under §190.06(b)(2).

d) Customer instructions—(1) Customer instructions. A commodity broker must provide an opportunity for each customer to specify when undertaking its first hedging contract whether, in the event of bankruptcy, such customer prefers that open commodity contracts held in a hedging account be liquidated by the trustee without seeking customer instructions. Such commodity broker may obtain evidence of the customer instructions as provided in §1.55(d) of this chapter.

(2) Record of customer instructions. Each futures commission merchant must indicate prominently in the accounting records in which it maintains open trade balances any customer accounts which are hedging accounts for which the customer has not specified that it prefers open contracts to be liquidated in bankruptcy by the trustee without instruction.

(e) Eligibility for transfer under section 764(b) of the Bankruptcy Code—(1) Accounts eligible for transfer. Subject to the requirements of paragraph (e)(2) of this section, all accounts are eligible for transfer after the filing date pursuant to section 764(b) of the Bankruptcy Code, except:

(i) House accounts or the accounts of general partners of the debtor if the debtor is a partnership;

(ii) Leverage accounts, if the debtor is the leverage transaction merchant with respect to such accounts;

(iii) Dealer option accounts, if the debtor is the dealer option grantor with respect to such accounts;

(iv) Accounts which contain no open commodity contracts; or

(v) Accounts which are in deficit.

(2) Amount of equity which may be transferred. In no case may money, securities or property be transferred in respect of any eligible account if the value of such money, securities or property would exceed the funded balance of such account based on available information as of the close of business on the business day immediately preceding transfer less the value on the date of return or transfer of any property previously returned or transferred with respect thereto.

(i) Special rules for transfers under section 764(b) of the Bankruptcy Code—(1) Dealer options—(1) Eligibility for transfer. Prior to exercise, any dealer option contract held by or for the account of a debtor which is a futures commission merchant from or for the account of a customer may be transferred even if the funded balance available for transfer which is attributable to such contract does not equal 100% of the portion of the purchase price required to be segregated with respect to such contract: Provided, That a dealer option contract will be eligible for transfer only if any deficiency in the funded balance of the customer account in which it is held is not due to amounts owed by such customer to the debtor; and, Provided further, That the transferee of any dealer option contract need not segregate more than an amount equal to that portion of the purchase price due the grantor which is transferred with the contract which should be equal to the grantor’s funded balance in the portion of the purchase price segregated less any reasonable reserve established by the trustee for the nonrecovery of overpayments.

(ii) Obligation of the dealer option grantor. In the event of the transfer of a dealer option contract pursuant to this section, the failure of the debtor futures commission merchant to segregate 100% of the purchase price due the grantor for such contract, or the failure of the dealer option grantor to collect 100% of such purchase price due the grantor, shall not excuse the dealer option grantor from its obligation to perform such contract in full upon its exercise, without any setoff or set aside for the premium deficiency.
Commodity Futures Trading Commission

§ 190.06

(2) Clearing organizations. Commodity contracts held by a clearing organization which is a debtor may not be transferred.

(3) Partial transfers—(i) Of the customer estate. If all eligible customer accounts held by a debtor cannot be transferred under this section, a partial transfer may nonetheless be made. The Commission will not disapprove such a transfer for the sole reason that it was a partial transfer if it would prefer the transfer of accounts, the liquidation of which could adversely affect the market or the bankrupt estate. Any dealer option contract held by or for the account of a debtor which is a futures commission merchant from or for the account of a customer which has not previously been transferred, and is eligible for transfer, must be transferred on or before the close of business on the tenth business day after entry of the order for relief.

(ii) Of a customer account. If all of a customer’s open commodity contracts cannot be transferred under this section, a partial transfer of contracts may be made. A partial transfer may be effected by liquidating that portion of the open commodity contracts held by a customer which represents sufficient equity to permit the transfer of the remainder. If any commodity contracts to be transferred in a partial transfer are part of a spread or straddle, both sides of such spread or straddle must be transferred or neither side may be transferred.

(g) Prohibition on avoidance of transfers under section 764(b) of the Bankruptcy Code—(1) Pre-relief transfers. Notwithstanding the provisions of paragraph (e) of this section, the following transfers may not be avoided by a trustee:

(i) The transfer of commodity accounts prior to the entry of the order for relief in compliance with §1.17(a)(4) of this chapter unless such transfer is disapproved by the Commission; or

(ii) The transfer prior to the order for relief by a public customer, including a transfer by a public customer which is a commodity broker, of commodity accounts held from or for the account of such customer by or on behalf of the debtor unless:

(A) The customer acted in collusion with the debtor or its principals to obtain a greater share of the bankrupt estate than that to which it would be entitled in a bankruptcy distribution; or

(B) The transfer is disapproved by the Commission.

(2) Post-relief transfers. On or after the entry of the order for relief, the following transfers to one or more transferees may not be avoided by the trustee:

(i) The transfer of a customer account eligible to be transferred under paragraph (e) or (f) of this section made by the trustee of the commodity broker or by any self-regulatory organization or clearing organization of the commodity broker:

(A) On or before the close of business on the fourth business day after the entry of the order for relief; and

(B) The transfer is disapproved by the Commission.

(ii) The transfer of a customer account at the direction of the Commission on or before the close of business on the fourth business day after the order for relief upon such terms and conditions as the Commission may deem appropriate and in the public interest.

(3) Withdrawals prior to bankruptcy. The withdrawal or settlement of a commodity account by a public customer including a public customer which is a commodity broker, prior to the filing date may not be avoided by a trustee unless:

(i) The customer making the withdrawal or settlement acted in collusion with the debtor or its principals to obtain a greater share of the bankruptcy estate than that to which such customer would be entitled in a bankruptcy distribution; or

(ii) The withdrawal or settlement is disapproved by the Commission.

(h) Commission action. Notwithstanding any other provision of this section, in appropriate cases and to protect the public interest, the Commission may:

(1) Prohibit the transfer of customer accounts; or
§ 190.07 Calculation of allowed net equity.

Allowed net equity shall be computed as follows:

(a) *Allowed claim.* The allowed net equity claim of a customer shall be equal to the aggregate of the funded balances of such customer's net equity claim for each account class plus or minus the adjustments specified in paragraph (d) of this section.

(b) *Net equity.* Net equity means the total claim of a customer against the estate of the debtor based on the commodity contracts held by the debtor for or on behalf of such customer less any indebtedness of the customer to the debtor. Net equity shall be calculated as follows:

(i) *Step 1—Equity determination.* Determine the equity balance of each customer account by computing, with respect to such account, the sum of:

(A) The ledger balance;

(B) The open trade balance; and

(C) The current realizable market value, determined as of the close of the market on the last preceding market day, of any securities or other property held by or for the debtor from or for such account, plus accrued interest, if any.

(ii) For the purposes of this paragraph (b)(1), the ledger balance of a customer account shall be calculated by adding:

(1) Cash deposited to purchase, margin, guarantee, secure, or settle a commodity contract;

(2) Except as is otherwise provided in this chapter, the cash proceeds of such cash, or of securities or other property referred to in paragraph (b)(1) of this section held by or for the customer by or for the account of the commodity broker; and

(3) Gains realized on trades, and

(B) Subtracting from the result:

(1) Losses realized on trades;

(2) Disbursements to or on behalf of the customer; and

(3) The normal costs attributable to the payment of commissions, broker-age, interest, taxes, storage, transaction fees, insurance and other costs and charges lawfully incurred in connection with the purchase, sale, exercise, or liquidation of any commodity contract in such account.

For purposes of this paragraph (b)(1), the open trade balance of a customer's account shall be computed by subtracting the unrealized loss in value of the open commodity contracts held by or for such account from the unrealized gain in value of the open commodity contracts held by or for such account.

(ii) *Step 2—Customer determination (aggregation).* Aggregate the credit and debit equity balances of all accounts of the same class held by a customer in the same capacity. Paragraphs (b)(2)(i) through (b)(2)(xiii) of this section prescribe which accounts must be treated as being held in the same capacity and which accounts must be treated as being held in a separate capacity.

(i) Except as otherwise provided in this paragraph (b)(2), all accounts which are maintained with a debtor in a person's name and which, under this paragraph (b)(2), are deemed to be held by that person in its individual capacity shall be deemed to be held in the same capacity.

(ii) An account maintained with a debtor by a guardian, custodian, or conservator for the benefit of a ward, or for the benefit of a minor under the Uniform Gift to Minors Act, shall be deemed to be held in a separate capacity from accounts held by such guardian, custodian or conservator in its individual capacity.

(iii) An account maintained with a debtor in the name of an executor or administrator of an estate shall be deemed to be held in a separate capacity from accounts held by such executor or administrator in its individual capacity.

(iv) Subject to paragraph (b)(2)(iii) of this section, an account maintained with a debtor in the name of a decedent, in the name of the decedent's estate, or in the name of the executor or administrator of such estate shall be deemed to be accounts held in the same capacity.

(v) An account maintained with a debtor by a trustee shall be deemed to be held in the individual capacity of
the grantor of the trust unless the trust is created by a valid written instrument for a purpose other than avoidance of an offset under the regulations contained in this part. A trust account which is not deemed to be held in the individual capacity of its grantor under paragraph (b)(2)(v) of this section shall be deemed to be held in a separate capacity from accounts held in an individual capacity by the trustee, by the grantor or any successor in interest of the grantor, or by any trust beneficiary, and from accounts held by any other trust.

(vi) An account maintained with a debtor by a corporation, partnership, or unincorporated association shall be deemed to be held in a separate capacity from accounts held by the shareholders, partners or members of such corporation, partnership or unincorporated association, if such entity was created for purposes other than avoidance of an offset under the regulations contained in this part.

(vii) A hedging account of a person shall be deemed to be held in the same capacity as a speculative account of such person.

(viii) Subject to paragraph (b)(2)(ix) of this section, the futures accounts, leverage accounts, options accounts, foreign futures accounts and delivery accounts of the same person shall not be deemed to be held in separate capacities: Provided, however, That such accounts may be aggregated only in accordance with paragraph (b)(3) of this section.

(ix) An omnibus customer account of a futures commission merchant maintained with a debtor shall be deemed to constitute one account and to be held in a separate capacity from the house account and any other omnibus customer account of such futures commission merchant.

(x) A joint account maintained with the debtor shall be deemed to be held in a separate capacity from any account held in an individual capacity by the participants in such account, from any account held in an individual capacity by a commodity pool operator or commodity trading advisor for such account, and from any other joint account: Provided, however, That if such account is not transferred in accordance with §190.06, it shall be deemed to be held in the same capacity as any other joint account held by identical participants and a participant’s percentage interest therein shall be deemed to be held in the same capacity as any account held in an individual capacity by such participant.

(xi) An account maintained with a debtor in the name of a plan which, on the filing date, has in effect a registration statement in accordance with the requirements of section 1031 of the Employee Retirement Income Security Act of 1974 and the regulations thereunder shall be deemed to be held in a separate capacity from an account held in an individual capacity by the plan administrator, any employer, employee, participant, or beneficiary with respect to such plan.

(xii) Except as otherwise provided in this section, an account maintained with a debtor by an agent or nominee for a principal or a beneficial owner shall be deemed to be an account held in the individual capacity of such principal or beneficial owner.

(xiii) Accounts held by a customer in separate capacities shall be deemed to be accounts of different customers. The burden of proving that an account is held in a separate capacity shall be upon the customer.

(3) Step 3—Setoffs. (i) The net equity of one customer account may not be offset against the net equity of any other customer.

(ii) Any obligation which is not required to be included in computing the equity of a customer under paragraph (b)(1) of this section, but which is owed by such customer to the debtor must be deducted from any obligation not required to be included in computing the equity of a customer which is owed by such debtor to the customer. If the former amount exceeds the latter, the excess must be deducted from the equity balance of the customer obtained after performing the preceding calculations required by paragraph (b) of this section: Provided, That if the customer owns more than two classes of accounts the excess must be offset against each positive equity balance in the same proportion as that positive equity balance bears to the total of all positive equity balances of accounts of
§ 190.07 differnt classes held by such customer.

(iii) A negative equity balance obtained with respect to one customer account class must be set off against a positive equity balance in any other account class of such customer held in the same capacity: Provided, That if a customer owns more than two classes of accounts such balance must be offset against each positive equity balance in the same proportion as that positive equity balance bears to the total of all positive equity balances in accounts of different classes held by such customer.

(iv) To the extent any indebtedness of the debtor to the customer which is not required to be included in computing the equity of such customer under paragraph (b)(1) of this section exceeds such indebtedness of the customer to the debtor, the customer claim therefor will constitute a general creditor’s claim rather than a customer property claim, and the net equity therefor shall be separately calculated.

(v) The rules pertaining to separate capacities and permitted setoffs contained in this section must be applied subsequent to the entry of an order for relief; prior to the filing date the provisions of §1.22 of this chapter and of section 4d(2) of the Act shall govern what setoffs are permitted.

(4) Step 4—Correction for distributions. The value on the date of transfer or distribution of any property transferred or distributed subsequent to the filing date and prior to the primary liquidation date with respect to each class of account held by a customer must be added to the equity obtained for that customer for accounts of that class after performing the steps contained in paragraphs (b)(1)-(3) of this section: Provided, however, That if all accounts for which there are customer claims of record and 100% of the equity pertaining thereto are transferred in accordance with §§190.06 and section 764(b) of the Bankruptcy Code, net equity shall be computed based solely upon those customer claims, if any, filed subsequent to bankruptcy which are not claims of record on the filing date.

(5) Step 5—Correction for subsequent events. Compute any adjustments to Steps 1 through 4 of this paragraph (b) required to correct misestimates or errors including, without limitation, corrections for subsequent events such as the liquidation of unliquidated claims at a value different from the estimated value previously used in computing net equity.

(6) Step 6—Net equity of accounts which remain open subsequent to the primary liquidation date. If the accounts of a customer contain commodity contracts which remain open subsequent to the primary liquidation date, the trustee must adjust the net equity obtained for that customer pursuant to the steps contained in paragraphs (b) (1) through (5) of this section as provided in paragraphs (d)(1) and (d)(2) of this section.

(c) Calculation of funded balance. “Funded balance” means a customer’s pro rata share of the customer estate with respect to each account class available as of the primary liquidation date for distribution to customers of the same class.

(1) The funded balance of any customer claim shall be computed by:

(i) Multiplying the ratio of the amount the net equity claim less the amounts referred to in (1)(ii) of this section of such customer for any account class bears to the sum of the net equity claims less the amounts referred to in (1)(ii) of this section of all customers for accounts of that class by the sum of:

(A) The value of the money, securities or property segregated on behalf of all accounts of the same class less the amounts referred to in (1)(ii) of this section;

(B) The value of any money, securities or property which must be allocated under §190.08 to customer accounts of the same class; and

(ii) Then adding 100% of any margin payment made between the entry of the order for relief and the primary liquidation date.

(2) Corrections to funded balance. The funded balance must be adjusted, as of
the primary liquidation date, to correct for subsequent events including, without limitation:
(i) Added claimants;
(ii) Disallowed claims;
(iii) Liquidation of unliquidated claims at a value other than their estimated value;
(iv) Recovery of property; and
(v) Deficits generated by the continued operation of accounts after the primary liquidation date which cannot be fully adjusted under paragraph (d) of this section.

(d) Adjustments to funded balance for operations subsequent to the primary liquidation date. If accounts of a customer contain commodity contracts which remain open subsequent to the primary liquidation date, the funded balance for each class must be adjusted until liquidation or transfer of all such open commodity contracts of that customer of the same class, as follows:

1. Unrealized and realized gains and any receipts of margin with respect thereto must be added to the funded balance;
2. Unrealized and realized losses, and the normal costs attributable to the payment of commissions, brokerage, interest, taxes, storage, transaction fees and other costs and charges lawfully incurred with respect to the maintenance or liquidation of such open commodity contracts, and any distributions must be subtracted from the funded balance; and
3. Subject to claims against the trustee for failure to liquidate, any deficit which is not recovered from the customer on whose behalf it is incurred must be charged against the funded balance of each account which remained open on the date the deficit occurred in the same proportion as the funded balance of each account bears to all the funded balances of all accounts which remained open on that date.

(e) Valuation. In computing net equity, commodity contracts and other property held by or for a commodity broker must be valued as provided in this paragraph (e): Provided, however, That if identical commodity contracts, securities, or other property are liquidated on the same date, but cannot be liquidated at the same price, the trustee may use the weighted average of the liquidation prices in computing the net equity of each customer holding such contracts, securities or property.

1. Exchange-traded contracts. The value of an open commodity contract which is traded on a board of trade shall be equal to the settlement price as of the close of business on the board of trade upon which it is traded: Provided, That if such contract is transferred its value shall be determined at the time of its transfer: and Provided further, That if such contract is liquidated, its value shall be equal to the net proceeds of liquidation.

2. Principal contracts. The valuation date of principal contracts which are not transferred shall be the date of the order for relief unless there is specific property which constitutes cover by the principal for the principal contract in which case it shall be the date of liquidation of the cover. For purposes of valuing contracts for which there is no established secondary market:

1. Cash price series approved by Commission. The market value of the physical commodity which is the subject of a principal contract shall be computed using a cash price series approved by the Commission for use by the dealer option grantor, in the case of dealer options, and by the leverage transaction merchant, in the case of leverage contracts.

2. No cash price series approved by Commission. If no applicable cash price series has been submitted to the Commission, or if such a cash price series has been submitted, but has not been approved by the Commission, the market value of the physical commodity which is the subject of a principal contract shall be equal to the lesser of:

A) The market value of the physical commodity as of the close of business on the local cash market most proximate to the debtor's principal place of business; or
B) The spot month settlement price on a contract market which trades contracts in that physical commodity most proximate to the debtor's principal place of business: Provided, That where there is more than one local market as described in paragraphs (e)(2)(ii) (A) or (B) of this section, the

603
§ 190.08 Allocation of property and allowance of claims.

The property of the debtor’s estate must be allocated among account classes and between customer classes as provided in this section, except for special distributions required under Appendix B to this part. The property so allocated will constitute a separate estate of the customer class and the account class to which it is allocated, and will be designated by reference to such customer class and account class.

(a) Scope of customer property. (1) Customer property includes the following:

(i) All cash, securities, or other property or the proceeds of such cash, securities or other property received, acquired, or held by or for the account of the debtor, from or for the account of a customer, including a non-public customer, which is:

(A) Property received, acquired or held to margin, guarantee, secure, purchase or sell a commodity contract;

(B) Open commodity contracts;

(C) Warehouse receipts, bills of lading, or other documents of title or

(ii) Special rule for valuing dealer options. A dealer option which is in-the-money will be deemed to have been exercised for purposes of determining its value which shall be equal to the greater of:

(A) The in-the-money amount; or

(B) The premium paid for such option divided by the number of days contained in the option period and multiplied by the number of days remaining in such period on the liquidation date: Provided, That in the trustee’s sole discretion, the trustee may reduce such value to an amount which does not exceed the average of the premiums recently paid for similar options granted by the same grantor.

Any time value not reflected in this computation claimed by a customer must be treated as a general creditor’s claim.

(iv) Special rule for valuing leverage contracts. Notwithstanding paragraphs (e)(2) (i) and (ii) of this section, if the records of the debtor are not sufficient to substantiate customer claims for profits and to identify the owners of contracts with losses, the liquidation value of a leverage contract shall be deemed to be an amount equal to the total deposit made by a customer in respect to such contract.

(3) Bucketed contracts. The value of a commodity contract which has not been established in fact shall be deemed to be equal to the value of the total deposit made by a customer in respect to such contract.

(4) Securities. The value of a listed security shall be equal to the closing price for such security on the exchange upon which it is traded. The value of over-the-counter securities traded pursuant to the National Association of Securities Dealers Automated Quotation system shall be equal, in the case of a long position, to the closing bid price and, in the case of a short position, to the closing asking price. The value of all other over-the-counter securities shall be equal in the case of a long position, to the average of the bid prices for long positions, and in the case of a short position, to the average of the asking prices for the short positions. If liquidated prior to the primary liquidation date, the value of such security shall be equal to the net proceeds of its liquidation. Securities which are not publicly traded shall be valued by the trustee subject to approval of the court, using such professional assistance as the trustee deems necessary in its sole discretion under the circumstances.

(5) Property. Cash commodities held in inventory, as collateral or otherwise, shall be valued at their fair market value. Subject to the other provisions of this section, if the records of the debtor are not sufficient to substantiate customer claims for profits and to identify the owners of contracts with losses, the liquidation value of a leverage contract shall be deemed to be an amount equal to the total deposit made by a customer in respect to such contract: Provided, however, That if such property is sold, its value for purposes of the calculations required by this part shall be the net proceeds of such sale: Provided further, That the sale is made in compliance with all applicable statutes, rules and orders of any court or governmental entity with jurisdiction thereover.

§ 190.08

Commodity Futures Trading Commission

property held or acquired by the debtor to fulfill a commodity contract;

(D) Profits or contractual rights accruing to a customer as the result of a commodity contract;

(E) The full proceeds of a letter of credit if such letter of credit was received, acquired or held to margin, guarantee, secure, purchase or sell a commodity contract;

(F) Property hypothecated under § 1.30 of this chapter to the extent that the value of such property exceeds the proceeds of any loan of margin made with respect thereto, and

(ii) All cash, securities, or other property which:

(A) Is segregated on the filing date;

(B) Is a security owned by the debtor to the extent there are customer claims for securities of the same class and series of an issuer;

(C) Is specifically identifiable to a customer;

(D) Is property of a type described in paragraph (a)(1)(i)(A) of this section which has been withdrawn and subsequently is recovered by the avoidance powers of the trustee;

(E) Represents recovery of any debit balance, margin deficit, or other claim of the debtor against a customer account;

(F) Was unlawfully converted but is part of the debtor’s estate;

(G) Is property of the debtor that any applicable law, rule, regulation, or order requires to be set aside for the benefit of customers, unless including such property in the customer estate would not significantly increase the customer estate;

(H) Is property of the debtor’s estate recovered by the Commission in any proceeding brought against the principals, agents, or employees of the debtor;

(I) Is proceeds from the investment of customer property by the trustee pending final distribution; or

(J) Is cash, securities or other property of the debtor’s estate, including the debtor’s trading or operating accounts and commodities of the debtor held in inventory, but only to the extent that the property enumerated in paragraphs (a)(1)(i)(E) and (a)(1)(ii)(A) through (a)(1)(i)(ii)(H) of this section is insufficient to satisfy in full all claims of public customers.

(2) Customer property will not include:

(i) Claims against the debtor for damages for any wrongdoing of the debtor, including claims for misrepresentation or fraud, or for any violation of the Act or of the regulations thereunder;

(ii) Other claims for property which are not based upon property received, acquired or held by or for the account of the debtor, from or for the account of the customer;

(iii) Forward contracts;

(iv) Property delivered to or from a customer to or by another customer to fulfill a commodity contract held for or on behalf of either customer by the debtor if such delivery is effected pursuant to § 190.05 by a commodity broker other than the debtor;

(v) Property deposited by a customer with a commodity broker after the entry of an order for relief which is not necessary to meet the maintenance margin requirements applicable to the accounts of such customer; and

(vi) Property hypothecated pursuant to § 1.30 to the extent of the loan of margin with respect thereto.

(b) Allocation of property between customer classes. No portion of the customer estate may be allocated to pay non-public customer claims until all public customer claims have been satisfied in full. Any property segregated on behalf of non-public customers must be treated initially as part of the public customer estate and allocated under paragraph (c)(2) of this section.

(c) Allocation of property among account classes—(1) Segregated property. Subject to paragraph (b) of this section, property held by or for the account of a customer, which is segregated on behalf of a specific account class, or readily traceable on the filing date to customers of such account class, must be allocated to the customer estate of the account class for which it is segregated or to which it is readily traceable.

(2) All other property. Money, securities and property received from or for the account of customers on behalf of any account class which is recovered on behalf of the customer estate and
which cannot be allocated in accordance with paragraph (c)(1) of this section, must be allocated as of the primary liquidation date in the following order:

(i) To the estate of the account class for which, after the allocation required in paragraph (c)(1) of this section, the percentage of each public customer net equity claim which is funded is the lowest, until the funded percentage of net equity claims of such class equals the percentage of each public customer’s net equity claim which is funded for the account class with the next lowest percentage of the funded claims; and then

(ii) To the estate of the two account classes referred to in paragraph (c)(2)(i) of this section so that the percentage of the net equity claims which are funded for each class remains equal until the percentage of each public customer net equity claim which is funded equals the percentage of each public customer net equity claim which is funded for the account class with the next lowest percentage of funded claims, and so forth, until the percentage of each public customer net equity claim which is funded is equal for all classes of accounts; and then

(iii) Among account classes in the same proportion as the public customer net equity claims for each such account class bears to the total of public customer net equity claims of all account classes until the public customer claims of each account class are paid in full; and, thereafter,

(iv) To the non-public customer estate for each account class in the same order as is prescribed in paragraphs (c)(2) (i) to (iii) of this section for the allocation of the customer estate among account classes.

(d) Distribution of customer property—

(1) Return or transfer of specifically identifiable property other than a commodity contract. Specifically identifiable property other than an open commodity contract not required to be liquidated under §190.02(f)(2) may be returned or transferred on behalf of the customer in an amount equal to the greater of the full fair market value of such property on the return date or the balance due on the return date on any loan by the debtor to the customer for which such property constitutes security; or

(ii) If it is not so margining an open contract, at the option of the customer, either pursuant to the terms of paragraph (d)(1)(i) of this section, or pursuant to the following terms: such customer first deposits cash with the trustee in an amount equal to the amount by which the greater of the value of the specifically identifiable property to be transferred or returned on the date of such transfer or return or the balance due on the return date on any loan by the debtor to the customer for which such property constitutes security, together with any other disbursements made, or to be made, to such customer, plus a reasonable reserve in the trustee’s sole discretion, exceeds the estimated aggregate of the funded balances for each class of account of such customer less the value on the date of its transfer or return of any property transferred or returned prior to the primary liquidation date with respect to the customer’s net equity claim for such account; Provided, That adequate security for the nonrecovery of any overpayments by the trustee is provided to the debtor’s estate by the customer.

(2) Transfers of specifically identifiable commodity contracts under section 766 of the Bankruptcy Code. Any specifically identifiable commodity contract which is not required to be liquidated under §190.02(f)(1) or §190.03(b), and which is not otherwise liquidated, may be transferred on behalf of a customer: Provided, That such customer must first deposit cash with the trustee in an amount equal to the amount by which the equity to be transferred to margin such contract together with any other transfers or returns of specifically identifiable property or disbursements made, or to be made, to such customer, plus a reasonable reserve in the trustee’s sole discretion, exceeds the estimated aggregate of the funded balances for each class of account of such customer less the value on the date of its transfer or return of any property transferred or returned prior to the primary liquidation date with the respect
to the customer’s net equity claim for such account: and, Provided further, That adequate security for the non-recovery of any overpayments by the trustee is provided to the debtor’s estate by the customer.

(3) Distribution in kind of specifically identifiable securities. If any securities of a customer would have been specifically identifiable under §190.01(kk)(6) if that customer had had no open commodity contracts, the customer may request that the trustee purchase or otherwise obtain the largest whole number of like-kind securities, with a fair market value (inclusive of transaction costs) which does not exceed that portion of such customer’s allowed net equity claim that constitutes a claim for securities, if like-kind securities can be purchased in a fair and orderly manner.

(4) Proof of customer claim. No distribution shall be made pursuant to paragraphs (d)(1) and (d)(3) of this section prior to receipt of a completed proof of customer claim as described in §190.02(d).

(5) No differential distributions. No further disbursements may be made to customers for whom transfers have been made pursuant to §190.06 and paragraph (d)(2) of this section, until a percentage of each net equity claim equivalent to the percentage distributed to such customers is distributed to all public customers. Partial distributions, other than the transfers referred to in §190.06 and paragraph (d)(2) of this section, made prior to the final net equity determination date must be made pursuant to a preliminary plan of distribution approved by the court, upon notice to the parties and to all customers, which plan requires adequate security to the debtor’s estate for the nonrecovery of any overpayments by the trustee and distributes an equal percentage of net equity to all public customers.

(6) Margin payments. The trustee may make margin payments on behalf of any account which do not exceed the funded balance of that account.

§ 190.09 Member property.

(a) Member property. “Member property” means, in connection with a clearing organization bankruptcy, the property which may be used to pay that portion of the net equity claim of a member which is based on its house account.

(b) Scope of member property. Member property shall include all money, securities and property received, acquired, or held by a clearing organization to margin, guarantee or secure the proprietary account, as defined in §1.3(y) of this chapter, of a clearing member: Provided, however, That any guaranty deposit or similar payment or deposit made by such member and any capital stock, or membership of such member in the clearing organization shall also be included in member property after payment in full of that portion of the net equity claim of the member based on its customer account and of any obligations due the clearing organization which may be paid therefrom in accordance with the by-laws or rules of the clearing organization, including obligations due from the clearing organization to customers or other members.

§ 190.10 General.

(a) Notices. Unless instructed otherwise, all mandatory or discretionary notices to be given to the Commission under this part shall be directed to the Washington, DC headquarters of the Commission (Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581) and addressed to the Secretariat, for the attention of the Director of the Division of Trading and Markets. All such notices shall be in writing and shall be given by telegram or other similarly rapid means of communication. For purposes of this part, notice to the Commission shall be deemed to be given only upon actual receipt.

(b) Request for exemption from time limit. (1) A trustee or any other person charged with the management of a commodity broker which has filed a petition in bankruptcy, or against which such a petition has been filed, may for good cause shown request from the Commission an exemption from, or extension of, any time limit prescribed by this part 190: Provided, That no such
§ 190.10

exemption or extension will be granted for any time period established by the
Bankruptcy Code, as amended, 11
U.S.C. 101 et seq.

(2) Such a request shall be made ex
parte and by any means of communica-
tion, written or oral: Provided, That an
oral request shall be confirmed in writ-
ing within one business day and such
confirmation shall contain all the in-
formation required by paragraph (b)(3)
of this section. Any such request shall
be directed to the person as provided in
paragraph (a) of this section, and at
the address provided therein.

(3) Such a request shall state the par-
ticular provision of the part 190 rules
with respect to which the exemption or
extension is sought, the reason for the
requested exemption or extension, the
amount of time sought if the request is
for an extension, and the reason why
such exemption or extension would not
be contrary to the purposes of the
Bankruptcy Code and the Commiss-
ion’s part 190 regulations promulgated
thereunder.

(4) The Director of the Division of
Trading and Markets, or such members
of the Commission’s staff acting under
his direction as he may designate, on
the basis of the information provided
in any such request, shall determine, in
his sole discretion, whether to grant,
deny or otherwise respond to a request,
and shall communicate that deter-
mination by the most appropriate
means to the person making the re-
quest and to the bankruptcy court with
jurisdiction over the case.

(c) Disclosure statement for non-cash
margin. (1) Except as provided in §1.65
of this chapter, no commodity broker
(other than a clearing organization)
may accept property other than cash
from or for the account of a customer,
other than a customer specified in
§1.55(f) of this chapter, to margin,
guarantee, or secure a commodity con-
tract unless the commodity broker
first furnishes the customer with the
disclosure statement set forth in para-
graph (c)(2) of this section in boldface
print in at least 10 point type which
may be provided as either a separate,
written document or incorporated into
the customer agreement, or with an-
other statement approved under
§1.55(c) of this chapter and set forth in
appendix A to §1.55 which the Commis-
sion finds satisfies this requirement.

(2) The disclosure statement required
by paragraph (c)(1) of this section is as
follows:

APPENDIX A TO PART 190—BANKRUPTCY
FORMS

BANKRUPTCY APPENDIX FORM 1—OPERATION
OF THE DEBTOR’S ESTATE—SCHEDULE OF TRUST-
EE’S DUTIES

For the convenience of a prospective trust-
ee, the Commission has constructed an
approximate schedule of important duties
which the trustee should perform during the
early stages of a commodity broker bank-
ruptcy proceeding. The schedule includes du-
ties required by this part, subchapter IV of
chapter 7 of the Bankruptcy Code as well as
certain practical suggestions, but it is only
intended to highlight the more significant
duties and is not an exhaustive description
of all the trustee’s responsibilities. It also
assumes that the commodity broker being
liquidated is an FCM. Moreover, it is im-
portant to note that the operating facts in a
particular bankruptcy proceeding may vary
the schedule or obviate the need for any of
the particular activities.

ALL CASES

Date of Order for Relief

1. Assure that the commodity broker has
notified the Commission and its designated
self-regulatory organization (“DSRO”) that
a petition or order for relief has been filed
(§190.02(a)(1)).

2. Attempt to estimate short-fall in cus-
tomer segregated funds.

a. If there is a substantial short-fall of cus-
tomer segregated funds, the trustee should:

i. Contact the DSRO and attempt to ef-
fectuate a transfer under section 764(b) of the
Code (hereinafter “bulk transfer”); notify
the Commission for assistance (§§190.02(a)(2)
and (e)(1), §190.06(b)(2), (e), (f)(3), (g)(2), and
(h)) but recognize that a bulk transfer is
highly unlikely.

ii. If a bulk transfer cannot be effectuated,
liquidate all customer commodity contracts,
except dealer options and specifically identi-

fiable commodity contracts which are bona
fide hedging positions (as defined in
§190.01(kk)(2)) with instructions not to be
liquidated. (See §§190.02(f) and 190.06(d)(1)).

iii. In this connection, depending upon the size
of the debtor and other complications of liq-
 uidation, the trustee should be aware of spe-
cial liquidation rules, and in particular the
availability under certain circumstances of
book-entry liquidation (§190.04(d)(1)(ii)).

b. If there is a small short-fall of customer
 segregated funds, negotiate with the clear-
ing organization to effect a bulk transfer;
notify the Commission (§§190.02(a)(2) and
(e)(1), 190.06(b)(2), (e), (f)(3), (g)(2), and (h)).

3. Whether or not a transfer has occurred,

not eligible for transfer (i.e., deficit ac-
counts, accounts with no open positions)
(§190.06(e)(1)).

4. Offset all futures contracts which would
otherwise remain open beyond the last day
of trading or first day on which notice of in-
ten to deliver may be tendered; offset long
options on a physical commodity which can-
not be settled in cash, have value and would
be automatically exercised or would remain
open beyond the last day of exercise; and off-
set all short options on a physical com-
modity which cannot be settled in cash
(§190.02(f)(1)).
Pt. 190, App. A

Separate Procedures for Involuntary Petitions for Bankruptcy

1. Within one business day after notice of filing of the petition in bankruptcy, the trustee should assure that proper notification has been given to the Commission and the commodity broker’s designated self-regulatory organization (§190.02(a)(1)); margin calls should be issued if necessary (§190.02(g)(2)).

2. On or before the fourth business day after the filing of a petition in bankruptcy, the trustee should use his best efforts to effect a transfer in accordance with §§190.06(e) and (f) of all open commodity contracts and equity held for or on behalf of customers of the commodity broker (§190.02(e)(2)) unless the debtor can provide certain assurances to the trustee...

Chapter 11 Appendix Form 2—Request for Instructions Concerning Non-Cash Property Deposited with (Commodity Broker)

Please take notice: On (date), a petition in bankruptcy was filed by (against) (commodity broker). Those commodity customers of (commodity broker) who deposited certain kinds of non-cash property (see below) with (commodity broker) may instruct the trustee of the estate to return their property to them as provided below.

As no customer may obtain more than his proportionate share of the property available to satisfy customer claims, if you instruct the trustee to return your property to you, you will be required to pay the estate, as a condition to the return of your property, an amount determined by the trustee. If your property is not margining an open contract, this amount will approximate the difference between the market value of your property and your pro rata share of the estate, as estimated by the trustee. If your property is margining an open contract, this amount will be approximately the full fair market value of the property on the date of its return.

Kinds of Property To Which This Notice Applies

1. Any security deposited as margin which, as of (date petition was filed), was securing an open commodity contract and is:
   —registered in your name,
   —not transferable by delivery, and
   —not a short-term obligation.

2. Any fully-paid, non-exempt security held for your account in which there were no open contracts as of (date petition was filed).

(Rather than the return, at this time, of the specific securities you deposited with (commodity broker), you may instead request now, or at any later time, that the trustee purchase “like-kind” securities of a fair market value which does not exceed your proportionate share of the estate).

3. Any warehouse receipt, bill of lading or other document of title deposited as margin which, as of (date petition was filed), was securing an open commodity contract and—
   can be identified in (commodity broker)’s records as being held for your account, and—
   is neither in bearer form nor otherwise transferable by delivery.

4. Any warehouse receipt bill of lading or other document of title, or any commodity received, acquired or held by (commodity broker) to make or take delivery or exercise from or for your account and which—
   —can be identified in (commodity broker)’s records as received from or for your account as held specifically for the purpose of delivery or exercise.

5. Any cash or other property deposited to make or take delivery on a futures or options contract may be eligible to be returned. The trustee should be contacted directly for further information if you have deposited such property with (commodity broker) and desire its return.

Instructions must be received by (close of business on 4th business day after 2d publication date) or the trustee will liquidate your property. (If you own such property but fail to provide the trustee with instructions, you will still have a claim against (commodity broker) but you will not be able to have your specific property returned to you).

Note—Prior to receipt of your instructions, circumstances may require the trustee to liquidate your property, or transfer your property to another broker if it is margining open contracts. If your property is transferred and your instructions were received within the required time, your instructions will be forwarded to the new broker.

Instructions should be directed to: (Trustee’s name, address, telephone and/or telex number).

Even if you request the return of your property, you must also pay the trustee the amount he specifies and provide the trustee with proof of your claim before (close of business on 10th business day after 2d publication date) or your property will be liquidated. (Upon receipt of customer instructions to return property, the trustee will mail the sender a form which describes the information he must provide to substantiate his claim).

Note—The trustee is required to liquidate your property despite the timely receipt of your instructions, money, and proof of claim if, for any reason, your property cannot be

Please take notice: On (date), a petition in bankruptcy was filed by [against] (commodity broker) the bankruptcy of (commodity broker). You indicated when your hedge account was opened that the contracts (futures and/or options) in your hedge account should not be liquidated automatically in the event of the bankruptcy of (commodity broker), and that you wished to provide instructions at this time concerning their disposition.

Instructions to transfer your positions and a cash deposit (as described below) must be received by the trustee by close of business on 5th business day after entry of order for relief) or your positions will be liquidated.

If you request the transfer of your contracts, prior to their transfer, you must pay the trustee in cash an amount determined by the trustee which will approximate the difference between the value of the equity margining your positions and your pro rata share of the estate plus an amount constituting security for the nonrecovery of any overpayments. In your instructions, you should specify the broker to which you wish your contracts transferred.

Be further advised that prior to receipt of your instructions, circumstances may, in any event, require the trustee to liquidate or transfer your contracts. If your contracts are so transferred and your instructions are received, your instructions will be forwarded to the new broker.

Note also that the trustee is required to liquidate your positions despite the timely receipt of your instructions and money if, for any reason, you have not made arrangements to transfer and/or your contracts are not transferred by 10 business days after entry of order for relief.

Instructions should be sent to: (Trustee’s or designee’s name, address, telephone and/or telex number). (Instructions may also be provided by phone).

APPENDIX B TO PART 190—SPECIAL BANKRUPTCY DISTRIBUTIONS

FRAMEWORK I—SPECIAL DISTRIBUTION OF CUSTOMER FUNDS WHEN FCM PARTICIPATED IN CROSS-MARGINING

The Commission has established the following distributional convention with respect to customer funds held by a futures commission merchant (FCM) that participated in a cross-margining (XM) program which shall apply if participating market professionals sign an agreement that makes reference to this distributional rule and the form of such agreement has been approved by the Commission by rule, regulation or order.

All customer funds held in respect of XM accounts, regardless of the product that customers holding such accounts are trading, are required by Commission order to be segregated separately from all other customer segregated funds. For purposes of this distributional rule, XM accounts will be deemed to be commodity interest accounts and securities held in XM accounts will be deemed to be received by the FCM to margin, guarantee or secure commodity interest contracts. The maintenance of property in an XM account will result in subordination of the claim for such property to certain non-XM customer claims and thereby will operate to cause such XM claim not to be treated as a customer claim for purposes of the Securities Investors Protection Act and the XM securities to be excluded from the securities estate. This creates subclasses of customer accounts, an XM account and a non-XM account (a person could hold each type of account), and results in two pools of customer segregated funds: An XM pool and a non-XM pool. In the event that there is a shortfall in the non-XM pool of customer class segregated funds and there is no shortfall in the XM pool of customer segregated funds, all customer net equity claims, whether or not they arise out of the XM subclass of accounts, will be combined and will be paid pro rata out of the total pool of available XM and non-XM customer funds. In the event that there is a shortfall in the XM pool of customer segregated funds and there is no shortfall in the non-XM pool of customer segregated funds, then customer net equity claims arising from the XM subclass of accounts shall be satisfied first from the XM pool of customer segregated funds, and customer net equity claims arising from the non-XM subclass of accounts shall be satisfied first from the non-XM customer segregated funds. Furthermore, in the event that there is a shortfall in both the non-XM and XM pools of customer segregated funds: (1) If the non-XM shortfall as a percentage of the segregation requirement in the non-XM pool is greater than or equal to the XM shortfall as a percentage of the segregation requirement in the XM pool, all customer net equity claims will be paid pro rata; and (2) if the XM shortfall as a percentage of the segregation requirement in the XM pool is greater than the non-XM shortfall as a percentage of the segregation requirement of the non-XM pool, non-XM customer net equity claims will be paid pro rata out of the available non-XM segregated funds, and XM customer net equity claims will be paid pro rata out of the available XM segregated funds. In this way, non-XM customers will never be adversely affected by an XM shortfall.

The following examples illustrate the operation of this convention. The examples assume that the FCM has two customers, one with exclusively XM accounts and one with exclusively non-XM accounts. However, the examples would apply equally if there were only one customer, with both an XM account and a non-XM account.

FRAMEWORK 2—SPECIAL DISTRIBUTION OF CUSTOMER FUNDS WHEN FCM PARTICIPATED IN THE TRADING OF DESIGNATED LINK CONTRACTS PURSUANT TO THE CBT-LIFFE LINK

The Commission has established the following distributional convention with respect to Section 4d customer funds held by a futures commission merchant (FCM) that participates in the trading of Chicago Board of Trade ("CBT")-designated contracts executed on the London International Financial Futures and Options Exchange ("LIFFE") or LIFFE-designated contracts executed on CBT ("Designated Link Contracts") pursuant to the CBT-LIFFE Link.

These examples illustrate the principle that pro rata distribution across both accounts is the preferable approach except when a shortfall in the XM account could harm non-XM customers. Thus, pro rata distribution occurs in Examples 1, 2, 5 and 6. Separate treatment of the XM and non-XM accounts occurs in Examples 3 and 4.
Commodity Futures Trading Commission

required to be segregated for purposes of Section 4d(2) of the Commodity Exchange Act: a Link account and a non-Link account (a person could hold each type of account), and results in two pools of customer segregated funds: a Link pool and a non-Link pool.

In the event that there is a shortfall in the non-Link pool of customer segregated funds, and there is no shortfall in the Link pool of customer segregated funds, customer net equity claims, whether or not they arise out of the Link subclass of accounts, will be combined and will be paid pro rata out of the total pool of available Link and non-Link customer funds. In the event that there is a shortfall in the Link pool of customer segregated funds, and there is no shortfall in the non-Link pool of customer segregated funds, customer net equity claims arising from the non-Link subclass of accounts shall be satisfied from the non-Link customer segregated funds, and customer net equity claims arising from the Link subclass of accounts shall be paid from the Link customer segregated funds (and, if applicable, any excess funds held by the FCM in segregation in the U.S.). Furthermore, in the event that there is a shortfall in both the non-Link and Link pools of customer segregated funds: (1) If the non-Link shortfall as a percentage of the segregation requirement in the non-Link pool is greater than or equal to the Link shortfall as a percentage of the segregation requirement in the Link pool will result in the customer having two claims—one against Link property and one against non-Link property.2

The following examples illustrate the operation of this distributional convention. The examples assume that the FCM has two customers, one with exclusively Link accounts and one with exclusively non-Link accounts. In practice, the FCM would have a customer omnibus account with a LIFFE clearing member or would itself be a LIFFE clearing member with its own customer omnibus account. Positions in Designated CBT Contracts traded at LIFFE and initially cleared by LCH would be allocated to this customer omnibus account; following the transfer of the positions via the Link, the FCM would allocate the positions and any gains or losses to its customers’ accounts. Accordingly, a customer who trades Designated CBT Contracts at LIFFE may have the portion of his account which reflects his activity in the customer omnibus account at LIFFE deemed a Link account and the remainder of the account a non-Link account. Effectively, this will result in the customer having two claims—one against Link property and one against non-Link property.

Due to the non-Link account, there are insufficient funds available to meet both the non-Link and the Link customer claims in excess of the required secured amount to be used to meet original margin requirements for U.S. contracts under Section 4d(2) of the Act. Such excess property held in a “combined” account but applied to margin requirements for U.S. contracts as Section 4d(2) property would also be “Link property” under this Framework.

---

1Because Link property will be located offshore, it is possible that such property could be frozen by governmental action or become unavailable as the result of sovereign events. In that situation, should such property subsequently become available, the Link property account may acquire no greater distributional share than Section 4d(2) (segregated funds) customers generally.

2Certain other property of the customers of the U.S. FCM also will be treated as “Link property” and part of the Link account for purposes of this Framework. 2. In the case of Designated LIFFE Contracts traded on CBT, property received by the U.S. FCM to margin, guarantee or secure trades is included in the foreign futures and foreign options secured amount, pursuant to Commission Regulation 30.7. The Order approving the CBT/LIFFE Link permits BOTCC to commingle certain foreign currency with a Section 4d(2) account to permit certain property in excess of the required secured amount to be used to meet original margin requirements for U.S. contracts under Section 4d(2) of the Act. Such excess property held in a “combined” account but applied to margin requirements for U.S. contracts as Section 4d(2) property would also be “Link property” under this Framework.
Due to the Link account, there are insufficient funds available to meet both the non-Link and Link Customer claims in full. Accordingly, the Link funds and non-Link funds are treated as separate pools, and the non-Link customer will be paid in full, receiving $100, while the Link customer would receive the remaining $100.

4. Shortfall in Both, Link Shortfall Exceeding Non-Link Shortfall:

There are insufficient funds available to meet both the non-Link and Link customer claims in full, and the Link shortfall exceeds the non-Link shortfall. The non-Link customer will receive $125 available with respect to non-Link claims while the Link customer will receive $50, the pro rata share of the funds available, or $100.

5. Shortfall in Both, With Non-Link Shortfall Exceeding Link Shortfall:

There are insufficient funds available to meet both the non-Link and Link customer claims in full, and the non-Link shortfall exceeds the Link shortfall. Each customer would receive 50% of the $225 available, or $112.50.

Thus, pro rata distribution occurs in Examples 1, 2, 5 and 6. Separate treatment of the Link and non-Link accounts occurs in Examples 3 and 4. In Example 7, separate treatment occurs where the funds are frozen. It is adjusted to become pro rata treatment after the freeze is lifted.
