**Title 32:**

Subtitle A—Department of Defense

Chapter I—Office of the Secretary of Defense ................................ 5

**Finding Aids:**

Table of CFR Titles and Chapters .................................................. 713

Alphabetical List of Agencies Appearing in the CFR ........................ 731

List of CFR Sections Affected ....................................................... 741
Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 32 CFR 2.1 refers to title 32, part 2, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 ..............................................................as of January 1
- Title 17 through Title 27 .................................................................as of April 1
- Title 28 through Title 41 .................................................................as of July 1
- Title 42 through Title 50 .............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, July 1, 2002, consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, or 1973–1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

SUBCHAPTER A—ACQUISITION

PART 1 [RESERVED]

PART 2—PILOT PROGRAM POLICY

Sec.
2.1 Purpose.
2.2 Statutory relief for participating programs.
2.3 Regulatory relief for participating programs.
2.4 Designation of participating programs.
2.5 Criteria for designation of participating programs.

AUTHORITY: 10 U.S.C. 2340 note.
SOURCE: 62 FR 17549, Apr. 10, 1997, unless otherwise noted.

§ 2.1 Purpose.

(a) The purpose of the pilot programs is to determine the potential for increasing the efficiency and effectiveness of the acquisition process. Pilot programs shall be conducted in accordance with the standard commercial, industrial practices. As used in this policy, the term "standard commercial, industrial practice" refers to any acquisition management practice, process, or procedure that is used by commercial companies to produce and sell goods and services in the commercial marketplace. This definition purposely implies a broad range of potential activities to adopt commercial practices, including regulatory and statutory streamlining, to eliminate unique Government requirements and practices such as government-unique contracting policies and practices, government-unique specifications and standards, and reliance on cost determination rather than price analysis.

(b) Standard commercial, industrial practices include, but are not limited to:

1. Innovative contracting policies and practices;
2. Performance and commercial specifications and standards;
3. Innovative budget policies;
4. Establishing fair and reasonable prices without cost data;
5. Maintenance of long-term relationships with quality suppliers;
6. Acquisition of commercial and non-developmental items (including components); and
7. Other best commercial practices.

§ 2.2 Statutory relief for participating programs.

(a) Within the limitations prescribed, the applicability of any provision of law or any regulation prescribed to implement a statutory requirement may be waived for all programs participating in the Defense Acquisition Pilot Program, or separately for each participating program, if that waiver or limit is specifically authorized to be waived or limited in a law authorizing appropriations for a program designated by statute as a participant in the Defense Acquisition Pilot Program.

(b) Only those laws that prescribe procedures for the procurement of supplies or services; a preference or requirement for acquisition from any source or class of sources; any requirement related to contractor performance; any cost allowability, cost accounting, or auditing requirements; or any requirement for the management of, testing to be performed under, evaluation of, or reporting on a defense acquisition program may be waived.

(c) The requirements in section 809 of Public Law 101–510, as amended by section 811 of Public Law 102–484, the requirements in any law enacted on or after the enactment of Public Law 101–510 (except to the extent that a waiver or limitation is specifically authorized for such a defense acquisition program by statute), and any provision of law that ensures the financial integrity of
§ 2.3 Regulatory relief for participating programs.

(a) A program participating in the Defense Acquisition Pilot Program will not be subject to any regulation, policy, directive, or administrative rule or guideline relating to the acquisition activities of the Department of Defense other than the Federal Acquisition Regulation (FAR)\(^1\), the Defense FAR Supplement (DFARS)\(^2\), or those regulatory requirements added by the Under Secretary of Defense for Acquisition and Technology, the Head of the Component, or the DoD Component Acquisition Executive.

(b) Provisions of the FAR and/or DFARS that do not implement statutory requirements may be waived by the Under Secretary of Defense for Acquisition and Technology using appropriate administrative procedures. Provisions of the FAR and DFARS that implement statutory requirements may be waived or limited in accordance with the procedures for statutory relief previously mentioned.

(c) Regulatory relief includes relief from use of government-unique specifications and standards. Since a major objective of the Defense Acquisition Pilot Program is to promote standard, commercial industrial practices, functional performance and commercial specifications and standards will be used to the maximum extent practical. Federal or military specifications and standards may be used only when no practical alternative exists that meet the user’s needs. Defense acquisition officials (other than the Program Manager or Commodity Manager) may only require the use of military specifications and standards with advance approval from the Under Secretary of Defense for Acquisition and Technology, the Head of the DoD Component, or the DoD Component Acquisition Executive.

§ 2.4 Designation of participating programs.

(a) Pilot programs may be nominated by a DoD Component Head or Component Acquisition Executive for participation in the Defense Acquisition Pilot Program. The Under Secretary of Defense for Acquisition and Technology shall determine which specific programs will participate in the pilot program and will transmit to the Congressional defense committees a written notification of each defense acquisition program proposed for participation in the pilot program. Programs proposed for participation must be specifically designated as participants in the Defense Acquisition Pilot Program in a law authorizing appropriations for such programs and provisions of law to be waived must be specifically authorized for waiver.

(b) Once included in the Defense Acquisition Pilot Program, decision and approval authority for the participating program shall be delegated to the lowest level allowed in the acquisition regulations consistent with the total cost of the program (e.g., under DoD Directive 5000.1\(^3\), an acquisition program that is a major defense acquisition program would be delegated to the appropriate Component Acquisition Executive as an acquisition category IC program).

(c) At the time of nomination approval, the Under Secretary of Defense for Acquisition and Technology will establish measures to judge the success of a specific program, and will also establish a means of reporting progress towards the measures.

§ 2.5 Criteria for designation of participating programs.

(a) Candidate programs must have an approved requirement, full program funding assured prior to designation, and low risk. Nomination of a candidate program to participate in the Defense Acquisition Pilot Program should occur as early in the program’s life-cycle as possible. Developmental programs will only be considered on an exception basis.

\(^1\)Copies of this Department of Defense publication may be obtained from the Government Printing Office, Superintendent of Documents, Washington, DC 20402.

\(^2\)See footnote 1 to § 2.3(a).

\(^3\)Copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.
(b) Programs in which commercial or non-developmental items can satisfy the military requirement are preferred as candidate programs. A nominated program will address which standard commercial, industrial practices will be used in the pilot program and how those practices will be applied.

(c) Nomination of candidate programs must be accompanied by a list of waivers being requested to Statutes, FAR, DFARS, DoD Directives and Instructions, and where applicable, DoD Component regulations. Waivers being requested must be accompanied by rationale and justification for the waiver. The justification must include:

(1) The provision of law proposed to be waived or limited.

(2) The effects of the provision of law on the acquisition, including specific examples.

(3) The actions taken to ensure that the waiver or limitation will not reduce the efficiency, integrity, and effectiveness of the acquisition process used for the defense acquisition program; and

(4) A discussion of the efficiencies or savings, if any, that will result from the waiver or limitation.

(d) No nominated program shall be accepted until the Under Secretary of Defense has determined that the candidate program is properly planned.

PART 3—TRANSACTIONS OTHER THAN CONTRACTS, GRANTS, OR COOPERATIVE AGREEMENTS FOR PROTOTYPE PROJECTS

3.1 Purpose.

This part implements section 801 of the National Defense Authorization Act for Fiscal Year 2000 (Pub. L. 106–65) and section 804 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (Pub. L. 106–398). It establishes the requirement for the inclusion of a clause in transactions other than contracts, grants or cooperative agreements for prototype projects awarded under authority of 10 U.S.C. 2371 that provides Comptroller General access to records when payments total an amount in excess of $5,000,000.

3.2 Applicability.

This part applies to the Secretary of a Military Department, the Directors of the Defense Agencies, and any other official designated by the Secretary of Defense to enter into transactions other than contracts, grants or cooperative agreements for prototype projects that are directly relevant to weapons or weapon systems proposed to be acquired or developed by the Department of Defense, under authority of 10 U.S.C. 2371. Such transactions are commonly referred to as “other transaction” agreements and are hereafter referred to as agreements.

3.3 Definitions.

Contracting activity. An element of an agency head and delegated broad authority regarding acquisition functions. It includes elements designated by the director of a defense agency which has been delegated contracting authority through its agency charter.

Head of the contracting activity. The official who has overall responsibility for managing the contracting activity.

3.4 Policy.

(a) A clause must be included in solicitations and agreements for prototype projects awarded under authority of 10 U.S.C. 2371 that provide for total government payments in excess of $5,000,000 to allow Comptroller General access to records that directly pertain to such agreements.

(b) The clause referenced in paragraph (a) of this section will not apply with respect to a party or entity, or
subordinate element of a party or entity, that has not entered into any other contract, grant, cooperative agreement or "other transaction" agreement that provides for audit access by a government entity in the year prior to the date of the agreement. The clause must be included in all agreements described in paragraph (a) of this section in order to fully implement the law by covering those participating entities and their subordinate elements which have entered into prior agreements providing for Government audit access, and are therefore not exempt. The presence of the clause in an agreement will not operate to require Comptroller General access to records from any party or participating entity, or subordinate element of a party or participating entity, or subordinate element of a party or participating entity, which is otherwise exempt under the terms of the clause and the law.

(c)(1) The right provided to the Comptroller General in a clause of an agreement under paragraph (a) of this part, is limited as provided by subparagraph (c)(2) of this part in the case of a party to the agreement, an entity that participates in the performance of the agreement, or a subordinate element of that party or entity, if the only cooperative agreements or "other transactions" that the party, entity, or subordinate element entered into with government entities in the year prior to the date of that agreement are cooperative agreements or transactions that were entered into under 10 U.S.C. 2371 or Section 845 of the National Defense Authorization Act for Fiscal Year 1994 (Pub. L. 103–160; 10 U.S.C. 2371 note).

(c)(2) The only records of a party, other entity, or subordinate element referred to in subparagraph (c)(1) of this part that the Comptroller General may examine in the exercise of the right referred to in that subparagraph, are records of the same type as the records that the government has had the right to examine under the audit access clauses of the previous cooperative agreements or transactions referred to in such subparagraph that were entered into by that particular party, entity, or subordinate element.

(d) The head of the contracting activity (HCA) that is carrying out the agreement may waive the applicability of the Comptroller General access requirement if the HCA determines it would not be in the public interest to apply the requirement to the agreement. The waiver will be effective with respect to the agreement only if the HCA transmits a notification of the waiver to the Committees on Armed Services of the Senate and the House of Representatives, the Comptroller General, and the Director, Defense Procurement before entering into the agreement. The notification must include the rationale for the determination.

(e) The HCA must notify the Director, Defense Procurement of situations where there is evidence that the Comptroller General Access requirement caused companies to refuse to participate or otherwise restricted the Department's access to companies that typically do not do business with the Department.

(f) In no case will the requirement to examine records under the clause referenced in paragraph (a) of this section apply to an agreement where more than three years have passed after final payment is made by the government under such an agreement.

(g) The clause referenced in paragraph (a) of this section, must provide for the following:

(1) The Comptroller General of the United States, in the discretion of the Comptroller General, shall have access to and the right to examine records of any party to the agreement or any entity that participates in the performance of the agreement, or any subordinate element of such party or entity, that, in the year prior to the date of the agreement, has not entered into any other contract, grant, cooperative agreement, or "other transaction" agreement that provides for audit access to its records by a government entity.
Office of the Secretary of Defense

3.4

(3) (A) The right provided to the Comptroller General is limited as provided in subparagraph (B) in the case of a party to the agreement, any entity that participates in the performance of the agreement, or a subordinate element of that party or entity if the only cooperative agreements or "other transactions" that the party, entity, or subordinate element entered into with government entities in the year prior to the date of that agreement are cooperative agreements or transactions that were entered into under 10 U.S.C. 2371 or Section 845 of the National Defense Authorization Act for Fiscal Year 1994 (Pub. L. 103–160; 10 U.S.C. 2371 note).

(B) The only records of a party, other entity, or subordinate element referred to in subparagraph (A) that the Comptroller General may examine in the exercise of the right referred to in that subparagraph are records of the same type as the records that the government has had the right to examine under the audit access clauses of the previous agreements or transactions referred to in such subparagraph that were entered into by that particular party, entity, or subordinate element.

(4) This clause shall not be construed to require any party or entity, or any subordinate element of such party or entity, that participates in the performance of the agreement, to create or maintain any record that is not otherwise maintained in the ordinary course of business or pursuant to a provision of law.

(5) The Comptroller General shall have access to the records described in this clause until three years after the date the final payment is made by the United States under this agreement.

(6) The recipient of the agreement shall flow down this provision to any entity that participates in the performance of the agreement.

PARTS 4–20 [RESERVED]
§ 21.100 Scope.

The purposes of this part, which is one portion of the DoD Grant and Agreement Regulations (DoDGARs), are to:

(a) Provide general information about the DoDGARs.

(b) Set forth general policies and procedures related to DoD Components’ overall management of functions related to grants and cooperative agreements.
Office of the Secretary of Defense

§ 21.115

(b) Applicability to other nonprocurement instruments. (1) In accordance with DoD Directive 3210.6, the DoDGARs may include rules that apply to other nonprocurement instruments, when specifically required in order to implement a statute, Executive order, or Governmentwide rule that applies to other nonprocurement instruments, as well as to grants and cooperative agreements. For example, the rule on nonprocurement debarment and suspension in 32 CFR part 25, subparts A through E, applies to all nonprocurement transactions, including grants, cooperative agreements, contracts of assistance, loans and loan guarantees (see definition of “primary covered transaction” at 32 CFR 25.116(a)(1)(i)).

(2) The following is a list of DoDGARs rules that apply not only to grants and cooperative agreements, but also to other types of nonprocurement instruments:

(i) Requirements for reporting to the Defense Assistance Award Data System, in subpart C of this part.

(ii) The rule on nonprocurement debarment and suspension in 32 CFR part 25, subparts A through E.

(iii) Drug-free workplace requirements in 32 CFR part 25, subpart F.

(v) Administrative requirements for grants, cooperative agreements, and other financial assistance to:

(A) Universities and other nonprofit organizations, in 32 CFR part 32.

(B) State and local governments, in 32 CFR part 33.

(3) Grants officers should be aware that each rule that applies to other types of nonprocurement instruments (i.e., other than grants and cooperative agreements) states its applicability to such instruments. However, grants officers must exercise caution when determining the applicability of some Governmentwide rules that are included in the DoDGARs, because a term may be defined differently in a Governmentwide rule than it is defined elsewhere in the DoDGARs. For example, the Governmentwide implementation of the Drug-Free Workplace Act of 1988 (32 CFR part 25, subpart F) states that it applies to “grants,” but defines “grants” to include cooperative agreements and other forms of financial assistance.

(c) Relationship to acquisition regulations. The Federal Acquisition Regulation (FAR) (48 CFR parts 1–53), the Defense Federal Acquisition Regulation Supplement (DFARS) (48 CFR parts 201–270), and DoD Component supplements to the FAR and DFARS apply to DoD Components’ procurement contracts used to acquire goods and services for the direct benefit or use of the Federal Government. Policies and procedures in the FAR and DFARS do not apply to grants, cooperative agreements, or other nonprocurement transactions unless the DoDGARs specify that they apply.

§ 21.115 Compliance and implementation.

The Head of each DoD Component that awards or administers grants and cooperative agreements, or his or her designee:

(a) Is responsible for ensuring compliance with the DoDGARs within that DoD Component.

(b) May authorize the issuance of regulations, procedures, or instructions that are necessary to implement DGARS policies and procedures within the DoD Component, or to supplement the DoDGARs to satisfy needs that are specific to the DoD Component, as long as such regulations, procedures, or instructions do not impose additional costs or administrative burdens on recipients or potential recipients. Heads of DoD Components or their designees shall establish policies and procedures in areas where uniform policies and procedures throughout the DoD Component are required, such as for:

(1) Requesting class deviations from the DoDGARs (see §21.125) or exemptions from the provisions of 31 U.S.C. 6301 et seq., that govern the appropriate use of contracts, grants, and cooperative agreements (see 32 CFR 22.220).

(2) Designating one or more Grant Appeal Authorities to resolve claims, disputes, and appeals (see 32 CFR 22.815).

(3) Reporting data on assistance awards and programs, as required by 31 U.S.C. chapter 61 (see subpart C of this part).
§ 21.120  Prescribing requirements for use and disposition of real property acquired under awards, if the DoD Component makes any awards to institutions of higher education or to other nonprofit organizations under which real property is acquired in whole or in part with Federal funds (see 32 CFR 32.32).

§ 21.120  Publication and maintenance.
(a) The DoDGARs are published as chapter I, subchapter B, title 32 of the Code of Federal Regulations (CFR) and in a separate loose-leaf edition. The loose-leaf edition is divided into parts, subparts, and sections, to parallel the CFR publication. Cross-references within the DoDGARs are stated as CFR citations (e.g., a reference to § 21.115 in part 21 would be to 32 CFR 21.115).
(b) Updates to the DoDGARs are published in the Federal Register. When finalized, updates also are published as Defense Grant and Agreement Circulars, with revised pages for the separate, loose-leaf edition.
(c) Revisions to the DoDGARs are recommended to the Director of Defense Research and Engineering (DDR&E) by a standing working group. The DDR&E, Director of Defense Procurement, and each Military Department shall be represented on the working group. Other DoD Components that use grants or cooperative agreements may also nominate representatives. The working group meets when necessary.

§ 21.125  Deviations.
(a) The Head of the DoD Component or his or her designee may authorize individual deviations from the DoDGARs, which are deviations that affect only one grant or cooperative agreement, if such deviations are not prohibited by statute, executive order or regulation.
(b) Class deviations that affect more than one grant or cooperative agreement must be approved in advance by the Director, Defense Research and Engineering (DDR&E) or his or her designee. Note that OMB concurrence also is required for deviations from two parts of the DoDGARs, 32 CFR parts 32 and 33, in accordance with 32 CFR 32.4 and 33.6, respectively.
(c) Copies of justifications and agency approvals for individual deviations and written requests for class deviations shall be submitted to: Deputy Director, Defense Research and Engineering, ATTN: Research, 3080 Defense Pentagon, Washington DC 20301–3080.
(d) Copies of requests and approvals for individual and class deviations shall be maintained in award files.

§ 21.130  Definitions.
Acquisition. The acquiring (by purchase, lease, or barter) of property or services for the direct benefit or use of the United States Government (see more detailed definition at 48 CFR 2.101). In accordance with 31 U.S.C. 6303, procurement contracts are the appropriate legal instruments for acquiring such property or services.
Assistance. The transfer of a thing of value to a recipient to carry out a public purpose of support or stimulation authorized by a law of the United States (see 31 U.S.C. 6101(3)). Grants and cooperative agreements are examples of legal instruments used to provide assistance.
Contract. See the definition for procurement contract in this section.
Contracting activity. An activity to which the Head of a DoD Component has delegated broad authority regarding acquisition functions, pursuant to 48 CFR 1.601.
Contracting officer. A person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings. A more detailed definition of the term appears at 48 CFR 2.101.
Cooperative agreement. A legal instrument which, consistent with 31 U.S.C. 6305, is used to enter into the same kind of relationship as a grant (see definition “grant”), except that substantial involvement is expected between the Department of Defense and the recipient when carrying out the activity contemplated by the cooperative agreement. The term does not include “cooperative research and development agreements” as defined in 15 U.S.C. 3710a.
Deviation. The issuance or use of a policy or procedure that is inconsistent with the DoDGARs.
Subpart B—Authorities and Responsibilities

§ 21.200 Purpose.

This subpart describes the sources and flow of authority to use grants and cooperative agreements, and assigns the broad responsibilities associated with DoD Components’ use of such instruments.

DoD Components. The Office of the Secretary of Defense, the Military Departments, the Defense Agencies, and DoD Field Activities.

Grant. A legal instrument which, consistent with 31 U.S.C. 6304, is used to enter into a relationship:

(1) The principal purpose of which is to transfer a thing of value to the recipient to carry out a public purpose of support or stimulation authorized by a law of the United States, rather than to acquire property or services for the Department of Defense’s direct benefit or use.

(2) In which substantial involvement is not expected between the Department of Defense and the recipient when carrying out the activity contemplated by the grant.

Grants officer. An official with the authority to enter into, administer, and/or terminate grants or cooperative agreements.

Nonprocurement instrument. A legal instrument other than a procurement contract. Examples include instruments of financial assistance, such as grants or cooperative agreements, and those of technical assistance, which provide services in lieu of money.

Procurement contract. A legal instrument which, consistent with 31 U.S.C. 6303, reflects a relationship between the Federal Government and a State, a local government, or other recipient when the principal purpose of the instrument is to acquire property or services for the direct benefit or use of the Federal Government. See the more detailed definition for contract at 48 CFR 2.101.

Recipient. An organization or other entity receiving a grant or cooperative agreement from a DoD Component.

§ 21.205 DoD Components’ authorities.

(a) In accordance with 31 U.S.C. 6301 et seq., DoD Components shall use grants and cooperative agreements as legal instruments reflecting assistance relationships between the United States Government and recipients.

(b) Unlike the use of a procurement contract (for which Federal agencies have inherent, Constitutional authority), use of a grant or cooperative agreement to carry out a program requires authorizing legislation, the intent of which supports the use of an assistance instrument (e.g., the intent of the legislation authorizing a program supports a judgment that the principal purpose of the program is assistance, rather than acquisition). DoD Components may award grants and cooperative agreements under a number of statutory authorities that fall into three categories:

(1) Authorities that statutes provide to the Secretary of Defense. These authorities generally are delegated by the Secretary of Defense to Heads of DoD Components, usually through DoD directives, instructions, or policy memoranda that are not part of the Defense Grant and Agreement Regulatory System. Examples of statutory authorities in this category are:

(i) Authority under 10 U.S.C. 2391 to make grants or conclude cooperative agreements to assist State and local governments in planning and carrying out community adjustments and economic diversification required by changes in military installations or in DoD contracts or spending that may have a direct and significant adverse consequence on the affected community.

(ii) Authority under 10 U.S.C. 2413 to enter into cooperative agreements with entities that furnish procurement technical assistance to businesses.

(2) Authorities that statutes may provide directly to Heads of DoD Components. When a statute authorizes the head of a DoD Component to use a grant or cooperative agreement or to carry out a program with a principal purpose of assistance, use of that authority requires no delegation by the Secretary of Defense. For example, 10 U.S.C. 2358 authorizes the Secretaries...

(a) The authority and responsibility for awarding grants and cooperative agreements is vested in the Head of each DoD Component that has such authority.

(b) The Head of each such DoD Component, or his or her designee, may delegate to the heads of contracting activities (HCAs) within that Component, authority to award grants or cooperative agreements, to appoint grants officers (see §21.220(c)), and to broadly manage the DoD Component’s functions related to grants and cooperative agreements. An HCA is the same official (or officials) designated as the head of the contracting activity for procurement contracts, as defined at 48 CFR 2.101—the intent is that overall management responsibilities for a DoD Component’s functions related to non-procurement instruments be assigned only to officials that have similar responsibilities for procurement contracts.

§ 21.215 Contracting activities.

When designated by the Head of the DoD Component or his or her designee (see 32 CFR 21.210(b)), the HCA is responsible for the grants and cooperative agreements made by or assigned to that activity. He or she shall supervise and establish internal policies and procedures for that activity’s assistance awards.

(a) Authority. Only grants officers are authorized to sign grants or cooperative agreements, or to administer or terminate such legal instruments on behalf of the Department of Defense. Grants officers may bind the Government only to the extent of the authority delegated to them.

(b) Responsibilities. Grants officers should be allowed wide latitude to exercise judgment in performing their responsibilities. Grants officers are responsible for ensuring that:

(1) Individual grants and cooperative agreements are used effectively in the execution of DoD programs, and are awarded and administered in accordance with applicable laws, Executive orders, regulations, and DoD policies.

(2) Sufficient funds are available for obligation.

(3) Recipients of grants and cooperative agreements receive impartial, fair, and equitable treatment.

(c) Selection, appointment and termination of appointment of grants officers. Each DoD Component that awards grants or enters into cooperative agreements shall have a formal process (see §21.210(b)) to select and appoint grants officers and terminate their appointments. DoD Components are not required to maintain a selection process for grants officers separate from the selection process for contracting officers, and written statements of appointment or termination for grants officers may be integrated into the necessary documentation for contracting officers, as appropriate.

(1) Selection. In selecting grants officers, appointing officials shall consider the complexity and dollar value of the grants and cooperative agreements to
be assigned and judge whether candidates possess the necessary experience, training, education, business acumen, judgment, and knowledge of contracts and assistance instruments to function effectively as grants officers.

(2) Appointment. Statements of appointment shall be in writing and shall clearly state the limits of grants officers’ authority, other than limits contained in applicable laws or regulations. Information on the limits of a grants officer’s authority shall be readily available to the public and agency personnel.

(3) Termination. Written statements of termination are required, unless the written statement of appointment provides for automatic termination. No termination shall be retroactive.

Subpart C—Information Reporting on Grants, Cooperative Agreements, and Other Nonprocurement Instruments

§ 21.300 Purpose.

This subpart prescribes policies and procedures for compiling and reporting data related to grants, cooperative agreements, and other nonprocurement instruments subject to information reporting requirements of 31 U.S.C. chapter 61.

§ 21.305 Defense Assistance Awards Data System.

(a) Purposes of the system. Data from the Defense Assistance Awards Data System (DAADS) are used to provide:

(1) DoD inputs to meet statutory requirements for Federal Government-wide reporting of data related to obligations of funds by grants, cooperative agreement, or other nonprocurement instrument.

(2) A basis for meeting Government-wide requirements to report to the Federal Assistance Awards Data System maintained by the Department of Commerce and for preparing other recurring and special reports to the President, the Congress, the General Accounting Office, and the public.

(3) Information to support policy formulation and implementation and to meet management oversight requirements related to the use of grants, cooperative agreements, and other nonprocurement instruments.

(b) Responsibilities.

(1) The Deputy Director, Defense Research and Engineering (DDDR&E), or his or her designee, shall issue the manual described in paragraph (b)(2)(ii) of this section.

(2) The Director for Information Operations and Reports, Washington Headquarters Services (DIOR, WHS) shall, consistent with guidance issued by the DDR&E:

(i) Process DAADS information on a quarterly basis and prepare recurring and special reports using such information.

(ii) Prepare, update, and disseminate “Department of Defense Assistance Awards Data System,” an instruction manual for reporting information to DAADS. The manual, which shall be issued by the office of the DDR&E, shall specify procedures, formats, and editing processes to be used by DoD Components, including magnetic tape layout and error correction schedules.

(3) The following offices shall serve as central points for collecting DAADS information from contracting activities within the DoD Components:

(i) For the Army: As directed by the U.S. Army Contracting Support Agency.

(ii) For the Navy: As directed by the Office of Naval Research.

(iii) For the Air Force: As directed by SAF/AQCP.

(iv) For the Office of the Secretary of Defense, Defense Agencies, and DoD Field Activities: Each Defense Agency shall identify a central point for collecting and reporting DAADS information to the DIOR, WHS, at the address given in paragraph (c)(2) of this section. DIOR, WHS shall serve as the central point for offices and activities within the Office of the Secretary of Defense and for DoD Field Activities.

(4) The office that serves, in accordance with paragraph (b)(3) of this section, as the central point for collecting DAADS information from contracting activities within each DoD Component shall:

(i) Establish internal procedures to ensure reporting by contracting activities that use grants, cooperative agreements or other nonprocurement instruments subject to 31 U.S.C. chapter 61.
§21.310  Catalog of Federal Domestic Assistance.

(a) Purpose and scope of the reporting requirement. (1) Under the Federal Program Information Act (31 U.S.C. 6101 et seq.), as implemented through OMB Circular A-89, the Department of Defense is required to provide certain information about its domestic assistance programs to OMB and the General Services Administration (GSA). GSA makes this information available to the public by publishing it in the Catalog of Federal Domestic Assistance (CFDA) and maintaining the Federal Assistance Programs Retrieval System, a computerized data base of the information.

(2) The CFDA covers all domestic assistance programs and activities, regardless of the number of awards made under the program, the total dollar value of assistance provided, or the duration. In addition to programs using grants and cooperative agreements, covered programs include those providing assistance in other forms, such as payments in lieu of taxes or indirect assistance resulting from Federal operations.

(b) Responsibilities. (1) Each DoD Component that provides domestic financial assistance shall:

(i) Report to the Director for Information Operations and Reports, Washington Headquarters Services (DIOR, WHS) all new programs and changes as they occur, or as DIOR, WHS requests annual updates to existing CFDA information.

(ii) Identify to the DIOR, WHS a point-of-contact who will be responsible for reporting such program information and for responding to inquiries related to it.

(2) The DIOR, WHS shall act as the Department of Defense’s single office for collecting, compiling and reporting requirements to report to the Federal Assistance Awards Data System, which is assigned Interagency Report Control Number 0252-DOC-QU.

§21.310 Catalog of Federal Domestic Assistance.

(i) Collect information required by DD Form 2566, “DoD Assistance Award Action Report,” from those contracting activities, and report it to DIOR, WHS, in accordance with paragraph (d) of this section.

(ii) Collect information required by DD Form 2566, “DoD Assistance Award Action Report,” from those contracting activities, and report it to DIOR, WHS, in accordance with paragraph (d) of this section.

(iii) Submit to the DDDR&E, at the address given in §21.125(c), any recommended changes to the DAADS or to the instruction manual described in paragraph (b)(2)(ii) of this section.

(c) Reporting procedures. The data required by the DD Form 2566 shall be:

(1) Collected for each individual grant, cooperative agreement, or other nonprocurement action that is subject to 31 U.S.C. chapter 61 and involves the obligating or deobligation of Federal funds. Each action is reported as an obligation under a specific program listed in the Catalog of Federal Domestic Assistance (CFDA, see §21.310). The program to be shown is the one that provided the funds being obligated (i.e., if a grants officer in one DoD Component obligates appropriations of a second DoD Component’s program, the grants officer would show the CFDA program of the second DoD Component on the DD Form 2566).

(2) Reported on a quarterly basis to DIOR, WHS by the offices that are designated pursuant to paragraph (b)(3) of this section. For the first three quarters of the Federal fiscal year, the data are due by close-of-business (COB) on the 15th day after the end of the quarter (i.e., first-quarter data are due by COB on January 15th, second-quarter data by COB April 15th, and third-quarter data by COB July 15th). Fourth-quarter data are due by COB October 25th, the 25th day after the end of the quarter. If any due date falls on a weekend or holiday, the data are due on the next regular workday. The mailing address for DIOR, WHS is 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202–4302.

(3) Reported on a computer tape, floppy diskette or by other means permitted by the instruction manual described in paragraph (b)(2)(ii) of this section. The data shall be reported in the format specified in the instruction manual.

(d) Report control symbol. DoD Components’ reporting of DAADS data is used by DoD to satisfy Governmentwide re-
§ 21.315 Uniform grants and agreements numbering system.

DoD Components shall assign identifying numbers to all nonprocurement instruments subject to this subpart, including grants and cooperative agreements. The numbering system parallels the procurement instrument identification (PII) numbering system specified in 48 CFR 204.70 (in the ‘Defense Federal Acquisition Regulation Supplement’), as follows:

(a) The first six alphanumeric characters of the assigned number shall be identical to those specified by 48 CFR 204.7003(a)(1) to identify the DoD Component and contracting activity.

(b) The seventh and eighth positions shall be the last two digits of the fiscal year in which the number is assigned to the grant, cooperative agreement, or other nonprocurement instrument.

(c) The 9th position shall be a number:

- ‘1’ for grants;
- ‘2’ for cooperative agreements; and
- ‘3’ for other nonprocurement instruments.

(d) The 10th through 13th positions shall be the serial number of the instrument. DoD Components and contracting activities need not follow any specific pattern in assigning these numbers and may create multiple series of letters and numbers to meet internal needs for distinguishing between various sets of awards.
§ 22.100 Purpose, relation to other parts, and organization.

(a) This part outlines grants officers' and DoD Components' responsibilities related to the award and administration of grants and cooperative agreements.

(b) In doing so, it also supplements other parts of the DoD Grant and Agreement Regulations (DoDGARs) that are either Governmentwide rules or DoD implementation of Governmentwide guidance in Office of Management and Budget (OMB) Circulars. Those other parts of the DoDGARs, which are referenced as appropriate in this part, are:

(1) Governmentwide rules on debarment, suspension and drug-free workplace requirements, in 32 CFR part 25.

(3) Administrative requirements for grants and agreements awarded to specific types of recipients:

(i) For State and local governmental organizations, in the Governmentwide rule at 32 CFR part 33.

(ii) For institutions of higher education and other nonprofit organizations, at 32 CFR part 32.

(iii) For for-profit organizations, at 32 CFR part 34.

(c) The organization of this part parallels the award and administration process, from pre-award through post-award matters. It therefore is organized in the same manner as the parts of the DoDGARs (32 CFR parts 32, 33, and 34) that prescribe administrative requirements for specific types of recipients.

§ 22.105 Definitions.

Other than the terms defined in this section, terms used in this part are defined in 32 CFR 21.130.

Administrative offset. An action whereby money payable by the United States Government to, or held by the Government for, a recipient is withheld to satisfy a delinquent debt the recipient owes the Government.

Advanced research. Advanced technology development that creates new technology or demonstrates the viability of applying existing technology to new products and processes in a general way. Advanced research is most closely analogous to precompetitive technology development in the commercial sector (i.e., early phases of research and development on which commercial competitors are willing to collaborate, because the work is not so coupled to specific products and processes that the results of the work must be proprietary). It does not include development of military systems and hardware where specific requirements have been defined. It is typically funded in Advanced Technology Development (Budget Activity 3 and Research Category 6.3A) programs within Research, Development, Test and Evaluation (RDT&E).

Applied research. Efforts that attempt to determine and exploit the potential of scientific discoveries or improvements in technology such as new materials, devices, methods and processes. It typically is funded in Applied Research (Budget Activity 2 and Research Category 6.2) programs within Research, Development, Test and Evaluation (RDT&E). Applied research normally follows basic research but may not be fully distinguishable from the related basic research. The term does not include efforts whose principal aim is the design, development, or testing of specific products, systems or processes to be considered for sale or acquisition; these efforts are within the definition of “development.”

Basic research. Efforts directed toward increasing knowledge and understanding in science and engineering, rather than the practical application of that knowledge and understanding. It typically is funded within Basic Research (Budget Activity 1 and Research Category 6.1) programs within Research, Development, Test and Evaluation (RDT&E). For the purposes of this part, basic research includes:

(1) Research-related, science and engineering education, including graduate fellowships and research traineeships.

(2) Research instrumentation and other activities designed to enhance
Claim. A written demand or written assertion by one of the parties to a grant or cooperative agreement seeking as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of award terms, or other relief arising under or relating to a grant or cooperative agreement. A routine request for payment that is not in dispute when submitted is not a claim. The submission may be converted to a claim by written notice to the grants officer if it is disputed either as to liability or amount, or is not acted upon in a reasonable time.

Debt. Any amount of money or any property owed to a Federal Agency by any person, organization, or entity except another United States Federal Agency. Debts include any amounts due from insured or guaranteed loans, fees, leases, rents, royalties, services, sales of real or personal property, or overpayments, penalties, damages, interest, fines and forfeitures, and all other claims and similar sources. Amounts due a nonappropriated fund instrumentality are not debts owed the United States, for the purposes of this subchapter.

Delinquent debt. A debt:
1. That the debtor fails to pay by the date specified in the initial written notice from the agency owed the debt, normally within 30 calendar days, unless the debtor makes satisfactory payment arrangements with the agency by that date; and
2. With respect to which the debtor has elected not to exercise any available appeals or has exhausted all agency appeal processes.

Development. The systematic use of scientific and technical knowledge in the design, development, testing, or evaluation of potential new products, processes, or services to meet specific performance requirements or objectives. It includes the functions of design engineering, prototyping, and engineering testing.

Electronic commerce. The conduct of business through the use of automation and electronic media, in lieu of paper transactions, direct personal contact, telephone, or other means. For grants and cooperative agreements, electronic commerce can include the use of electronic data interchange, electronic mail, electronic bulletin board systems, and electronic funds transfer for: program announcements or solicitations; applications or proposals; award documents; recipients’ requests for payment; payment authorizations; and payments.

Electronic data interchange. The exchange of standardized information communicated electronically between business partners, typically between computers. It is DoD policy that DoD Component EDI applications conform to the American National Standards Institute (ANSI), Accredited Standards Committee (ASC) X–12 standard.¹

Electronic funds transfer. A system that provides the authority to debit or credit accounts in financial institutions by electronic means rather than source documents (e.g., paper checks). Processing typically occurs through the Federal Reserve System and/or the Automated Clearing House (ACH) computer network. It is DoD policy that DoD Component EFT transmissions conform to the American National Standards Institute (ANSI), Accredited Standards Committee (ASC) X–12 standard.

Historically Black colleges and universities. Institutions of higher education determined by the Secretary of Education to meet the requirements of 34 CFR 608.2. Each DoD Component’s contracting activities and grants officers may obtain a list of historically Black colleges and universities from that DoD Component’s Small and Disadvantaged Business Utilization office.

Institution of higher education. An educational institution that meets the criteria in section 1201(a) of the Higher Education Act of 1965 (20 U.S.C. 1141(a)). Note, however, that institution of higher education has a different meaning in §22.520, as given at §22.520(b)(2).

Minority institutions. Institutions of higher education that meet the criteria for minority institutions specified in 10

¹Available from Accredited Standards Committee, X–12 Secretariat, Data Interchange Standards Association, 1800 Diagonal Road, Suite 355, Alexandria, VA 22314-2852; Attention: Manager Maintenance and Publications.
§ 22.200  U.S.C. 2323. Each DoD Component’s contracting activities and grants officers may obtain copies of a current list of institutions that qualify as minority institutions under 10 U.S.C. 2323 from that DoD Component’s Small and Disadvantaged Business Utilization office (the list of minority institutions changes periodically, based on Department of Education data on institutions’ enrollments of minority students).

Subaward. An award of financial assistance in the form of money, or property in lieu of money, made under a DoD grant or cooperative agreement by a recipient to an eligible subrecipient. The term includes financial assistance for substantive program performance by the subrecipient of a portion of the program for which the DoD grant or cooperative agreement was made. It does not include the recipient’s procurement of goods and services needed to carry out the program.

Subpart B—Selecting the Appropriate Instrument

§ 22.200  Purpose.

This subpart provides the bases for determining the appropriate type of instrument in a given situation.

§ 22.205  Distinguishing assistance from procurement.

Before using a grant or cooperative agreement, the grants officer shall make a positive judgment that an assistance instrument, rather than a procurement contract, is the appropriate instrument, based on the following:

(a) Purpose. (1) The grants officer must judge that the principal purpose of the activity to be carried out under the instrument is to stimulate or support a public purpose (i.e., to provide assistance), rather than acquisition (i.e., to acquire goods and services for the direct benefit of the United States Government). If the principal purpose is acquisition, then the grants officer shall judge that a procurement contract is the appropriate instrument, in accordance with 31 U.S.C. chapter 63 (“Using Procurement Contracts and Grant and Cooperative Agreements”). Assistance instruments shall not be used in such situations, except:

(i) When a statute specifically provides otherwise; or

(ii) When an exemption is granted, in accordance with §22.220.

(2) For research and development, the appropriate use of grants and cooperative agreements therefore is almost exclusively limited to the performance of selected basic, applied, and advanced research projects. Development projects nearly always shall be performed by contract or other acquisition transaction because their principal purpose is the acquisition of specific deliverable items (e.g., prototypes or other hardware) for the benefit of the Department of Defense.

(b) Fee or profit. Payment of fee or profit is consistent with an activity whose principal purpose is the acquisition of goods and services for the direct benefit or use of the United States Government, rather than an activity whose principal purpose is assistance. Therefore, the grants officer shall use a procurement contract, rather than an assistance instrument, in all cases where:

(1) Fee or profit is to be paid to the recipient of the instrument; or

(2) The instrument is to be used to carry out a program where fee or profit is necessary to achieving program objectives.

§ 22.210  Authority for providing assistance.

(a) Before a grant or cooperative agreement may be used, the grants officer must:

(1) Identify the program statute, the statute that authorizes the DoD Component to carry out the activity the principal purpose of which is assistance (see 32 CFR 21.205(b)).

(2) The instrument is to be used to carry out a program where fee or profit is necessary to achieving program objectives.

§ 22.210  Authority for providing assistance.

(a) Before a grant or cooperative agreement may be used, the grants officer must:

(1) Identify the program statute, the statute that authorizes the DoD Component to carry out the activity the principal purpose of which is assistance (see 32 CFR 21.205(b)).

(2) The instrument is to be used to carry out a program where fee or profit is necessary to achieving program objectives.
§ 22.300 Terms and conditions of the award. For example, some program statutes require a specific level of cost sharing or matching.

(b) The grants officer shall ensure that the award of DoD appropriations through a grant or cooperative agreement for a research project meets the standards of 10 U.S.C. 2358, DoD’s broad authority to carry out research, even if the research project is authorized under a statutory authority other than 10 U.S.C. 2358. The standards of 10 U.S.C. 2358 are that, in the opinion of the head of the DoD Component or his or her designee, the projects must be:

1. Necessary to the responsibilities of the DoD Component.
2. Related to weapons systems and other military needs or of potential interest to the DoD Component.

§ 22.215 Distinguishing grants and cooperative agreements.

(a) Once a grants officer judges, in accordance with §§ 22.205 and 22.210, that either a grant or cooperative agreement is the appropriate instrument, the grants officer shall distinguish between the two instruments as follows:

1. Grants shall be used when the grants officer judges that substantial involvement is not expected between the Department of Defense and the recipient when carrying out the activity contemplated in the agreement.
2. Cooperative agreements shall be used when the grants officer judges that substantial involvement is expected. The grants officer should document the nature of the substantial involvement that led to selection of a cooperative agreement. Under no circumstances are cooperative agreements to be used solely to obtain the stricter controls typical of a contract.

(b) In judging whether substantial involvement is expected, grants officers should recognize that “substantial involvement” is a relative, rather than an absolute, concept, and that it is primarily based on programmatic factors, rather than requirements for grant or cooperative agreement award or administration. For example, substantial involvement may include collaboration, participation, or intervention in the program or activity to be performed under the award.

§ 22.220 Exemptions.

Under 31 U.S.C. 6307, “the Director of the Office of Management and Budget may exempt an agency transaction or program” from the requirements of 31 U.S.C. chapter 63. Grants officers shall request such exemptions only in exceptional circumstances. Each request shall specify for which individual transaction or program the exemption is sought; the reasons for requesting an exemption; the anticipated consequences if the exemption is not granted; and the implications for other agency transactions and programs if the exemption is granted. The procedures for requesting exemptions shall be:

(a) In cases where 31 U.S.C. chapter 63 would require use of a contract and an exemption from that requirement is desired:

1. The grants officer shall submit a request for exemption, through appropriate channels established by his or her DoD Component (see 32 CFR 21.115(b)(1)), to the Director of Defense Procurement (DDP).
2. The DDP, after coordination with the Director of Defense Research and Engineering (DDR&E), shall transmit the request to OMB or notify the DoD Component that the request has been disapproved.

(b) In other cases, the DoD Component shall submit a request for the exemption through appropriate channels to the DDR&E. The DDR&E shall transmit the request to OMB or notify the DoD Component that the request has been disapproved.

(c) Where an exemption is granted, documentation of the approval shall be maintained in the award file.

Subpart C—Competition

§ 22.300 Purpose.

This subpart establishes DoD policy and implements statutes related to the use of competitive procedures in the award of grants and cooperative agreements.
§ 22.305 General policy and requirement for competition.

(a) It is DoD policy to maximize use of competition in the award of grants and cooperative agreements. This also conforms with:

(1) 31 U.S.C. 6301(3), which encourages the use of competition in awarding all grants and cooperative agreements.

(2) 10 U.S.C. 2374(a), which sets out Congressional policy that any new grant for research, development, test, or evaluation be awarded through merit-based selection procedures.

(b) Grants officers shall use merit-based, competitive procedures (as defined by §22.315) to award grants and cooperative agreements:

(1) In every case where required by statute (e.g., 10 U.S.C. 2361, as implemented in §22.310, for certain grants to institutions of higher education).

(2) To the maximum extent practicable in all cases where not required by statute.

§ 22.310 Statutes concerning certain research, development, and facilities construction grants.

(a) Definitions specific to this section. For the purposes of implementing the requirements of 10 U.S.C. 2374 in this section, the following terms are defined:

(1) Follow-on grant. A grant that provides for continuation of research and development performed by a recipient under a preceding grant. Note that follow-on grants are distinct from incremental funding actions during the period of execution of a multi-year award.

(2) New grant. A grant that is not a follow-on grant.

(b) Statutory requirement to use competitive procedures. (1) A grants officer shall not award a grant by other than merit-based, competitive procedures (as defined by §22.315) to an institution of higher education for the performance of research and development or for the construction of research or other facilities, unless:

(i) In the case of a new grant for research and development, there is a statute meeting the criteria in paragraph (c)(1) of this section; and

(ii) In the case of a follow-on grant for research and development, or of a grant for the construction of research or other facilities, there is a statute meeting the criteria in paragraph (c)(2) of this section; and

(iii) The Secretary of Defense submits to Congress a written notice of intent to make the grant. The grant may not be awarded until 180 calendar days have elapsed after the date on which Congress received the notice of intent. Contracting activities must submit a draft notice of intent with supporting documentation through channels to the Deputy Director, Defense Research and Engineering.

(2) Because subsequently enacted statutes may, by their terms, impose different requirements than set out in paragraph (b)(1) of this section, grants officers shall consult legal counsel on a case-by-case basis, when grants for the performance of research and development or for the construction of research or other facilities are to be awarded to institutions of higher education by other than merit-based competitive procedures.

(c) Subsequent statutes. In accordance with 10 U.S.C. 2361 and 10 U.S.C. 2374, a provision of law may not be construed as requiring the award of a grant through other than the merit-based, competitive procedures described in §22.315, unless:

(1) Institutions of higher education—new grants for research and development. In the case of a new grant for research and development to an institution of higher education, such provision of law specifically:

(i) Identifies the particular institution of higher education involved;

(ii) States that such provision of law modifies or supersedes the provisions of 10 U.S.C. 2361 (a requirement that applies only if the statute authorizing or requiring award by other than competitive procedures was enacted after September 30, 1989); and

(iii) States that the award to the institution of higher education involved is required by such provision of law to be made in contravention of the policy set forth in 10 U.S.C. 2374(a).

(2) Institutions of higher education—follow-on grants for research and development and grants for the construction of any research or other facility. In the case of any such grant to an institution of
higher education, such provision of law specifically:

(i) Identifies the particular institution of higher education involved; and

(ii) States that such provision of law modifies or supersedes the provisions of 10 U.S.C. 2361 (a requirement that applies only if the statute authorizing or requiring award by other than competitive procedures was enacted after September 30, 1989).

(3) Other entities—new grants for research and development—(i) General. In the case of a new grant for research and development to an entity other than an institution of higher education, such provision of law specifically:

(A) Identifies the particular entity involved;

(B) States that the award to that entity is required by such provision of law to be made in contravention of the policy set forth in 10 U.S.C. 2374(a).

(ii) Exception. The requirement of paragraph (c)(3)(i) of this section does not apply to any grant that calls upon the National Academy of Sciences to:

(A) Investigate, examine, or experiment upon any subject of science or art of significance to the Department of Defense or any Military Department; and

(B) Report on such matters to the Congress or any agency of the Federal Government.

§ 22.315 Merit-based, competitive procedures.

Competitive procedures are methods that encourage participation in DoD programs by a broad base of the most highly qualified performers. These procedures are characterized by competition among as many eligible proposers as possible, with a published or widely disseminated notice. Competitive procedures include, as a minimum:

(a) Notice to prospective proposers. The notice may be a notice of funding availability or Broad Agency Announcement published in the FEDERAL REGISTER or Commerce Business Daily, respectively, or a notice that is made available broadly by electronic means. Alternatively, it may take the form of a specific notice that is distributed to eligible proposers (a specific notice must be distributed to at least two eligible proposers to be considered as part of a competitive procedure). Notices must include, as a minimum, the following information:

(1) Programmatic area(s) of interest, in which proposals or applications are sought.

(2) Eligibility criteria for potential recipients (see subpart D of this part).

(3) Criteria that will be used to select the applications or proposals that will be funded, and the method for conducting the evaluation.

(4) The type(s) of funding instruments (e.g., grants, cooperative agreements, other assistance instruments, or procurement contracts) that are anticipated to be awarded pursuant to the announcement.

(5) Instructions for preparation and submission of a proposal or application, including the time by which it must be submitted.

(b) At least two eligible, prospective proposers.

(c) Impartial review of the merits of applications or proposals received in response to the notice, using the evaluation method and selection criteria described in the notice. For research and development awards, in order to be considered as part of a competitive procedure, the two principal selection criteria, unless statute provides otherwise, must be the:

(1) Technical merits of the proposed research and development; and

(2) Potential relationship of the proposed research and development to Department of Defense missions.

§ 22.320 Special competitions.

Some programs may be competed for programmatic or policy reasons among specific classes of potential recipients. An example would be a program to enhance U.S. capabilities for academic research and research-coupled graduate education in defense-critical, science and engineering disciplines, a program that would be competed specifically among institutions of higher education. All such special competitions shall be consistent with program representations in the President’s budget submission to Congress and with subsequent Congressional authorizations and appropriations for the programs.
§ 22.325 Historically Black colleges and universities (HBCUs) and other minority institutions (MIs).

Increasing the ability of HBCUs and MIs to participate in federally funded university programs is an objective of Executive Order 12876 (3 CFR, 1993 Comp., p. 671) and 10 U.S.C. 2323. Grants officers shall include appropriate provisions in Broad Agency Announcements (BAAs) or other announcements for programs in which awards to institutions of higher education are anticipated, in order to promote participation of HBCUs and MIs in such programs. Also, whenever practicable, grants officers shall reserve appropriate programmatic areas for exclusive competition among HBCUs and MIs when preparing announcements for such programs.

Subpart D—Recipient Qualification Matters—General Policies and Procedures

§ 22.400 Purpose.

The purpose of this subpart is to specify policies and procedures for grants officers’ determination of recipient qualifications prior to award.

§ 22.405 Policy.

(a) General. Grants officers normally shall award grants or cooperative agreements only to qualified recipients that meet the standards in §22.415. This practice conforms with the Governmentwide policy, stated at 32 CFR 25.115(a), to do business only with responsible persons.

(b) Exception. In exceptional circumstances, grants officers may make awards to recipients that do not fully meet the standards in §22.415 and include special award conditions that are appropriate to the particular situation, in accordance with 32 CFR 32.14, 33.12, or 34.4.

§ 22.410 Grants officers’ responsibilities.

The grants officer is responsible for determining a recipient’s qualification prior to award. The grants officer’s signature on the award document shall signify his or her determination that either:

(a) The potential recipient meets the standards in §22.415 and is qualified to receive the grant or cooperative agreement; or

(b) An award is justified to a recipient that does not fully meet the standards, pursuant to §22.405(b). In such cases, grants officers shall document in the award file the rationale for making an award to a recipient that does not fully meet the standards.

§ 22.415 Standards.

To be qualified, a potential recipient must:

(a) Have the management capability and adequate financial and technical resources, given those that would be made available through the grant or cooperative agreement, to execute the program of activities envisioned under the grant or cooperative agreement.

(b) Have a satisfactory record of executing such programs or activities (if a prior recipient of an award).

(c) Have a satisfactory record of integrity and business ethics.

(d) Be otherwise qualified and eligible to receive a grant or cooperative agreement under applicable laws and regulations (see §22.420(c)).

§ 22.420 Pre-award procedures.

(a) The appropriate method to be used and amount of effort to be expended in deciding the qualification of a potential recipient will vary. In deciding on the method and level of effort, the grants officer should consider factors such as:

(1) DoD’s past experience with the recipient;

(2) Whether the recipient has previously received cost-type contracts, grants, or cooperative agreements from the Federal Government; and

(3) The amount of the prospective award and complexity of the project to be carried out under the award.

(b) There is no DoD-wide requirement to obtain a pre-award credit report, audit, or any other specific piece of information. On a case-by-case basis, the grants officer will decide whether there is a need to obtain any such information to assist in deciding whether the recipient meets the standards in §22.415 (a), (b), and (c).
(1) Should the grants officer in a particular case decide that a pre-award credit report, audit, or survey is needed, he or she should consult first with the appropriate grants administration office (identified in §22.710), and decide whether pre-existing surveys or audits of the recipient, such as those of the recipient’s internal control systems under OMB Circular A–133, will satisfy the need (see §22.715(a)(1)).

(2) If, after consulting with the grants administration office, the grants officer decides to obtain a credit report, audit, or other information, and the report or other information discloses that a potential recipient is delinquent on a debt to an agency of the United States Government, then:

(i) The grants officer shall take such information into account when determining whether the potential recipient is qualified with respect to the grant or cooperative agreement; and

(ii) If the grants officer decides to make the award to the recipient, unless there are compelling reasons to do otherwise, the grants officer shall delay the award of the grant or cooperative agreement until payment is made or satisfactory arrangements are made to repay the debt.

(c) In deciding whether a recipient is otherwise qualified and eligible in accordance with the standard in §22.415(d), the grants officer shall ensure that the potential recipient:

(1) Is not identified on the Governmentwide “List of Parties Excluded from Federal Procurement and Nonprocurement Programs” as being debarred, suspended, or otherwise ineligible to receive the award. The grants officer shall check the list of such parties for:

(i) Potential recipients of prime awards, as described at 32 CFR 25.505(d);

(ii) A recipient’s principals (e.g., officers, directors, or other key employees, as defined at 32 CFR 25.105); and

(iii) Potential recipients of subawards, where DoD Component approval of such principals or lower-tier recipients is required under the terms of the award (see 32 CFR 25.505(e)).

(2) Has provided all certifications and assurances required by Federal statute, Executive order, or codified regulation, unless they are to be addressed in award terms and conditions at the time of award (see §22.510).

(3) Meets any eligibility criteria that may be specified in the statute authorizing the specific program under which the award is being made (see §22.210(a)(2)).

(d) Grants officers shall obtain each recipient’s Taxpayer Identification Number (TIN, which may be the Social Security Number for an individual and Employer Identification Number for a business or non-profit entity) and notify the recipient that the TIN is being obtained for purposes of collecting and reporting on any delinquent amounts that may arise out of the recipient’s relationship with the Government. Obtaining the TIN and so notifying the recipient is a statutory requirement of 31 U.S.C. 7701, as amended by the Debt Collection Improvement Act of 1996 (section 31001(i)(1), Pub. L. 104–134).

Subpart E—National Policy Matters

§22.505 Purpose.

The purpose of this subpart is to supplement other regulations that implement national policy requirements, to the extent that it is necessary to provide additional guidance to DoD grants officers. The other regulations that implement national policy requirements include:

(a) The other parts of the DoDGARs (32 CFR parts 32, 33, and 34) that implement the Governmentwide guidance in OMB Circulars A–102 and A–110 on administrative requirements for grants and cooperative agreements. Those parts address some national policy matters that appear in the OMB Circulars.

(b) DoD regulations other than the DoDGARs.

(c) Other Federal agencies’ regulations.

2 Contact the Office of Management and Budget, EOP Publications, 725 17th St. NW, New Executive Office Building, Washington, DC 20503.
§ 22.510 Certifications, representations, and assurances.

(a) Certifications—(1) Policy. Certifications of compliance with national policy requirements are to be obtained from recipients only for those national policies where a statute, Executive order, or codified regulation specifically states that a certification is required. Other national policy requirements may be addressed by obtaining representations or assurances (see paragraph (b) of this section). Grants officers should utilize methods for obtaining certifications, in accordance with Executive Order 12866 (3 CFR, 1993 Comp., p. 638), that minimize administration and paperwork.

(2) Procedures. (i) When necessary, grants officers may obtain individual, written certifications.

(ii) Whenever possible, and to the extent consistent with statute and codified regulation, grants officers should identify the certifications that are required for the particular type of recipient and program, and consolidate them into a single certification provision that cites them by reference.

(A) Appendix A to this part lists the common certifications and cites their applicability. Because some certifications (e.g., the certification on lobbying in Appendix A to this part) are required by law to be submitted at the time of proposal, rather than at the time of award, Appendix A to this part includes language that may be used for incorporating common certifications by reference into a proposal.

(B) If a grants officer elects to have proposers incorporate certifications by reference into their proposals, he or she must do so in one of the following ways. When required by statute or codified regulation, the solicitation must include the full text of the certifications that proposers are to provide by reference. In other cases, the grants officer may include language in the solicitation that informs the proposers where the full text may be found (e.g., in documents or computer network sites that are readily available to the public) and offers to provide it to proposers upon request.

(C) Grants officers may incorporate certifications by reference in award documents when doing so is consistent with statute and codified regulation. Note that a statute requires submission of the lobbying certification in Appendix A to this part at the time of proposal, and that 32 CFR 25.510(a) requires submission of certifications regarding debarment and suspension at the time of proposal. The provision that a grants officer would use to incorporate certifications in award documents, when consistent with statute and codified regulation, would be similar to the provision in Appendix A to this part, except that it would be modified to state that the recipient is providing the required certifications by signing the award document or by accepting funds under the award.

(b) Representations and assurances. Many national policies, either in statute or in regulation, require recipients of grants and cooperative agreements to make representations or provide assurances (rather than certifications) that they are in compliance with the policies. As discussed in §22.610(b), Appendix B to this part suggests award terms and conditions that may be used to address several of the more commonly applicable national policy requirements. These terms and conditions may be used to obtain required assurances and representations, if the grants officer wishes to do so at the time of award, rather than through the use of the standard application form (SF–424) or other means at the time of proposal.

§ 22.515 Provisions of annual appropriations acts.

An annual appropriations act can include general provisions stating national policy requirements that apply to the use of funds (e.g., obligation

---

Footnote:

through a grant or cooperative agreement) appropriated by the act. Because these requirements are of limited duration (the period during which a given year’s appropriations are available for obligation), and because they can vary from year to year and from one agency’s appropriations act to another agency’s, the grants officer must know the agency(ies) and fiscal year(s) of the appropriations being obligated by a given grant or cooperative agreement, and may need to consult legal counsel if he or she does not know the requirements applicable to those appropriations.

§ 22.520 Military recruiting on campus.

(a) Purpose. The purpose of this section is to implement section 558 of the National Defense Authorization Act for Fiscal Year 1995 (Pub. L. 103–337), as it specifically affects grants and cooperative agreements (note that section 558 appears as a note to 10 U.S.C. 503). This section thereby supplements DoD’s primary implementation of section 558, in 32 CFR part 216, “Military Recruiting and Reserve Officer Training Corps Program Access to Institutions of Higher Education.”

(b) Definitions specific to this section. In this section:

(1) Directory information has the following meaning, given in section 558(c) of Pub. L. 103–337. It means, with respect to a student, the student’s name, address, telephone listing, date and place of birth, level of education, degrees received, and the most recent previous educational institution enrolled in by the student.

(2) Institution of higher education has a different meaning in this section than it does in the rest of this part. The meaning of the term in other sections of this part is given at §22.105. In this section, “institution of higher education” (IHE) has the following meaning, given at 32 CFR 216.3. The term means a domestic college, university, or subelement thereof providing post-secondary school courses of study, including foreign campuses of such domestic institutions. The term includes junior colleges, community colleges, and institutions providing courses leading to undergraduate and postgraduate degrees. The term does not include entities that operate exclusively outside the United States, its territories, and possessions. A subelement of an IHE is a discrete (although not necessarily autonomous) organizational entity that may establish policy or practices affecting military recruiting and related actions (e.g., an undergraduate school, law school, medical school, or other graduate school).

(c) Statutory requirement. No funds available to the Department of Defense may be provided by grant to any institution of higher education that either has a policy of denying or that effectively prevents the Secretary of Defense from obtaining, for military recruiting purposes, entry to campuses or access to students on campuses or access to directory information pertaining to students.

(d) Policy—(1) Applicability to subordinate elements of institutions of higher education. 32 CFR part 216, DoD’s primary implementation of section 558, establishes procedures by which the Department of Defense identifies institutions of higher education that have a policy or practice described in paragraph (c) of this section. In cases where those procedures lead to a determination that specific subordinate elements of an institution of higher education have such a policy or practice, rather than the institution as a whole, 32 CFR part 216 provides that the prohibition on use of DoD funds applies only to those subordinate elements.

(2) Applicability to cooperative agreements. As a matter of DoD policy, the restrictions of section 558, as implemented by 32 CFR part 216, apply to cooperative agreements, as well as grants.

(3) Deviations. Grants officers may not deviate from any provision of this section without obtaining the prior approval of the Director of Defense Research and Engineering. Requests for deviations shall be submitted, through appropriate channels, to: Director for Research, ODDR&E(R), 3080 Defense Pentagon, Washington, DC 20301–3080.

(e) Grants officers’ responsibilities. A grants officer shall:

(1) Not award any grant or cooperative agreement to an institution of higher education that has been identified pursuant to the procedures of 32
§ 22.525  

CFR part 216. Such institutions are identified on the Governmentwide “List of Parties Excluded from Federal Procurement and Nonprocurement Programs,” as being ineligible to receive awards of DoD funds (note that 32 CFR 25.505(d) requires the grants officer to check the list prior to determining that a recipient is qualified to receive an award).

(2) [Reserved]

(3) Not consent to any subaward of DoD funds to such an organization, under a grant or cooperative agreement with any recipient, if such subaward requires the grants officer’s consent.

(4) Include the clause in paragraph (f) of this section in each grant or cooperative agreement with an institution of higher education. Note that this requirement does not flow down (i.e., recipients are not required to include the clause in subawards).

(5) If an institution of higher education refuses to accept the clause in paragraph (f) of this section:

(i) Determine that the institution is not qualified with respect to the award. The grants officer may award to an alternative recipient.

(ii) Transmit the name of the institution, through appropriate channels, to the Director for Accession Policy, Office of the Assistant Secretary of Defense for Force Management Policy, OASD(FMP), 4000 Defense Pentagon, Washington, DC 20301–4000. This will allow OASD(FMP) to decide whether to initiate an evaluation of the institution under 32 CFR part 216, to determine whether it is an institution that has a policy or practice described in paragraph (c) of this section.

(f) Clause for award documents. The following clause is to be included in grants and cooperative agreements with institutions of higher education:

“As a condition for receipt of funds available to the Department of Defense (DoD) under this award, the recipient agrees that it is not an institution of higher education (as defined in 32 CFR part 216) that has a policy of denying, and that it is not an institution of higher education that effectively prevents, the Secretary of Defense from obtaining for military recruiting purposes: (A) Entry to campuses or access to students on campuses; or (B) access to directory information pertaining to students. If the recipient is determined, using the procedures in 32 CFR part 216, to be such an institution of higher education during the period of performance of this agreement, and therefore to be in breach of this clause, the Government will cease all payments of DoD funds under this agreement and all other DoD grants and cooperative agreements to the recipient, and it may suspend or terminate such grants and agreements unilaterally for material failure to comply with the terms and conditions of award.”

§ 22.525  Paperwork Reduction Act.

Grants officers shall include appropriate award terms or conditions, if a recipient’s activities under an award will be subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3500, et seq.):

(a) Generally, the Act only applies to Federal agencies—it requires agencies to obtain clearance from the Office of Management and Budget before collecting information using forms, schedules, questionnaires, or other methods calling either for answers to:

(1) Identical questions from ten or more persons other than agencies, instrumentalities, or employees of the United States.

(2) Questions from agencies, instrumentalities, or employees of the United States which are to be used for statistical compilations of general public interest.

(b) The Act applies to similar collections of information by recipients of grants or cooperative agreements only when:

(1) A recipient collects information at the specific request of the awarding Federal agency; or

(2) The terms and conditions of the award require specific approval by the agency of the information collection or the collection procedures.

§ 22.530  Metric system of measurement.

(a) Statutory requirement. The Metric Conversion Act of 1975, as amended by the Omnibus Trade and Competitiveness Act of 1988 (15 U.S.C. 205) and implemented by Executive Order 12770 (3 CFR, 1991 Comp., p. 343), states that:

(1) The metric system is the preferred measurement system for national trade and commerce.
(2) The metric system of measurement will be used, to the extent economically feasible, in federal agencies’ procurements, grants, and other business-related activities.

(3) Metric implementation shall not be required to the extent that such use is likely to cause significant inefficiencies or loss of markets to United States firms.

(b) Responsibilities. DoD Components shall ensure that the metric system is used, to the maximum extent practicable, in measurement-sensitive activities supported by programs that use grants and cooperative agreements, and in measurement-sensitive outputs of such programs.

Subpart F—Award

§ 22.600 Purpose.

This subpart sets forth grants officers’ responsibilities relating to the award document and other actions at the time of award.

§ 22.605 Grants officers’ responsibilities.

At the time of award, the grants officer is responsible for ensuring that:

(a) The award instrument contains the appropriate terms and conditions, in accordance with §22.610.

(b) Information about the award is provided to the office responsible for preparing reports for the Defense Assistance Award Data System (DAADS), to ensure timely and accurate reporting of data required by 31 U.S.C. 6101–6106 (see 32 CFR part 21, subpart C).

(c)(1) In addition to the copy of the award document provided to the recipient, a copy is forwarded to the office designated to administer the grant or cooperative agreement, and another copy is forwarded to the finance and accounting office designated to make the payments to the recipient.

(2) For any award subject to the electronic funds transfer (EFT) requirement described in §22.810(b)(2), the grants officer shall include a prominent notification of that fact on the first page of the copies forwarded to the recipient, the administrative grants officer, and the finance and accounting office. On the first page of the copy forwarded to the recipient, the grants officer also shall include a prominent notification that the recipient, to be paid, must submit a Payment Information Form (Standard Form SF-3881) to the responsible DoD payment office, if that payment office does not currently have the information (e.g., bank name and account number) needed to pay the recipient by EFT.

§ 22.610 Award instruments.

(a) Each award document shall include terms and conditions that:

(1) Address programmatic requirements (e.g., a statement of work or other appropriate terms or conditions that describe the specific goals and objectives of the project). The grants officer shall develop such terms and conditions in coordination with program officials.

(2) Provide for the recipient’s compliance with:

(i) Pertinent Federal statutes or Executive orders that apply broadly to Federal or DoD assistance awards.

(ii) Any program-specific requirements that are prescribed in the program statute (see §22.210(a)(2)), or appropriation-specific requirements that are stated in the pertinent Congressional appropriations (see §22.515).

(iii) Pertinent portions of the DoDGARs or other Federal regulations, including those that implement the Federal statutes or Executive orders described in paragraphs (a)(2) (i) and (ii) of this section.

(b) To assist grants officers:

— See footnote 5 to §22.510(b).
§ 22.700

(1) Appendix B to this part provides model clauses to implement certain Federal statutes, Executive orders, and regulations (see paragraph (a)(2)(i) of this section) that frequently apply to DoD grants and cooperative agreements. Grants officers may incorporate the model clauses into award terms and conditions, as appropriate. It should be noted that Appendix B to this part is an aid, and not an exhaustive list of all requirements that apply in all cases. Depending on the circumstances of a given award, other statutes, Executive orders, or codified regulations also may apply (e.g., Appendix B to this part does not list program-specific requirements described in paragraph (a)(2)(i) of this section).

(2) Appendix C to this part is a list of administrative requirements that apply to awards to different types of recipients. It also identifies post-award administration issues that the grants officer must address in the award terms and conditions.

Subpart G—Field Administration

§ 22.700 Purpose.

This subpart prescribes policies and procedures for administering grants and cooperative agreements. It does so in conjunction with 32 CFR parts 32, 33, and 34, which prescribe administrative requirements for particular types of recipients.

§ 22.705 Policy.

(a) DoD policy is to have each recipient deal with a single office, to the maximum extent practicable, for post-award administration of its grants and cooperative agreements. This reduces burdens on recipients that can result when multiple DoD offices separately administer grants and cooperative agreements they award to a given recipient. It also minimizes unnecessary duplication of field administration services.

(b) To further reduce burdens on recipients, the office responsible for performing field administration services for grants and cooperative agreements to a particular recipient shall be, to the maximum extent practicable, the same office that is assigned responsibility for performing field administration services for contracts awarded to that recipient.

(c) Contracting activities and grants officers therefore shall use cross-servicing arrangements whenever practicable and, to the maximum extent possible, delegate responsibility for post-award administration to the cognizant grants administration offices identified in §22.710.

§ 22.710 Assignment of grants administration offices.

In accordance with the policy stated in §22.705(b), the DoD offices (referred to in this part as "grants administration offices") that are assigned responsibility for performing field administration services for grants and cooperative agreements are (see the "DoD Directory of Contract Administration Services Components," DLAH 4105.4, for specific addresses of administration offices):

(a) Regional offices of the Office of Naval Research, for grants and cooperative agreements with:

(1) Institutions of higher education and laboratories affiliated with such institutions, to the extent that such organizations are subject to the university cost principles in OMB Circular A-21.

(2) Nonprofit organizations that are subject to the cost principles in OMB Circular A-122, if their principal business with the Department of Defense is research and development.

(b) Field offices of the Defense Contract Management Command, for grants and cooperative agreements with all other entities, including:

(1) For-profit organizations.

(2) Nonprofit organizations identified in Attachment C of OMB Circular A-122 that are subject to for-profit cost principles in 48 CFR part 31.

(3) Nonprofit organizations subject to the cost principles in OMB Circular A-122, if their principal business with the
Department of Defense is other than research and development.

(4) State and local governments.

§ 22.715 Grants administration office functions.

The primary responsibility of cognizant grants administration offices shall be to advise and assist grants officers and recipients prior to and after award, and to help ensure that recipients fulfill all requirements in law, regulation, and award terms and conditions. Specific functions include:

(a) Conducting reviews and coordinating reviews, audits, and audit requests. This includes:

(1) Advising grants officers on the extent to which audits by independent auditors (i.e., public accountants or Federal auditors) have provided the information needed to carry out their responsibilities. If a recipient has had an independent audit in accordance with OMB Circular A–133, and the audit report disclosed no material weaknesses in the recipient's financial management and other management and control systems, additional preaward or closeout audits usually will not be needed (see §§ 22.420(b) and 22.825(b)).

(2) Performing pre-award surveys, when requested by a grants officer, after providing advice described in paragraph (a)(1) of this section.

(3) Reviewing recipients' systems and compliance with Federal requirements, in coordination with any reviews and compliance audits performed by independent auditors under OMB Circular A–133, or in accordance with the terms and conditions of the award. This includes:

(i) Reviewing recipients’ financial management, property management, and purchasing systems, to determine the adequacy of such systems.

(ii) Determining that recipients have drug-free workplace programs, as required under 29 CFR part 25.

(4) Notifying the Office of the Assistant Inspector General for Policy and Oversight (OAIG(P&O)), 400 Army-Navy Drive, Arlington, VA 22202, if either of the following is not available within a reasonable period of time (e.g., six months) after the date on which a recipient of DoD grants and agreements was to have submitted its audit report under OMB Circular A–133 to the OAIG(P&O):

(i) The recipient’s audit report under OMB Circular A–133.

(ii) The OAIG(P&O)’s desk review of the recipient’s audit report, or a letter stating that the OAIG(P&O) has decided not to conduct a desk review.

(b) Performing property administration services for Government-owned property, and for any property acquired by a recipient, with respect to which the recipient has further obligations to the Government.

(c) Ensuring timely submission of required reports.

(d) Executing administrative closeout procedures.

(e) Establishing recipients’ indirect cost rates, where the Department of Defense is the cognizant or oversight Federal agency with the responsibility for doing so.

(f) Performing other administration functions (e.g., receiving recipients’ payment requests and transmitting approved payment authorizations to payment offices) as delegated by applicable cross-servicing agreements or letters of delegation.

Subpart H—Post-Award Administration

§ 22.800 Purpose and relation to other parts.

This subpart sets forth grants officers’ and DoD Components’ responsibilities for post-award administration, by providing DoD-specific requirements on payments; debt collection; claims, disputes and appeals; and closeout audits.

§ 22.805 Post-award requirements in other parts.

Grants officers responsible for post-award administration of grants and cooperative agreements shall administer such awards in accordance with the following parts of the DoDGARs, as supplemented by this subpart:

(a) Awards to domestic recipients.

Standard administrative requirements for grants and cooperative agreements with domestic recipients are specified in other parts of the DoDGARs, as follows:
§ 22.810 Payments.

(a) Purpose. This section prescribes policies and grants officers’ post-award responsibilities, with respect to payments to recipients of grants and cooperative agreements.

(b) Policy. (1) It is Governmentwide policy to minimize the time elapsed between any payment of funds to a recipient and the recipient’s disbursement of the funds for program purposes (see 32 CFR 32.22(a) and 33.21(b), and the implementation of the Cash Management Improvement Act at 31 CFR part 205).

(2) It also is a Governmentwide requirement to use electronic funds transfer (EFT) in the payment of any grant for which an application or proposal was submitted or renewed on or after July 26, 1996, unless the recipient has obtained a waiver by submitting to the head of the pertinent Federal agency a certification that it has neither an account with a financial institution nor an authorized payment agent. This requirement is in 31 U.S.C. 3332, as amended by the Debt Collection Improvement Act of 1996 (section 31001(c)(1)(A), Pub. L. 104–134), and as implemented by Department of Treasury regulations at 31 CFR part 308. As a matter of DoD policy, this requirement applies to cooperative agreements, as well as grants. Within the Department of Defense, the Defense Finance and Accounting Service implements this EFT requirement, and grants officers have collateral responsibilities at the time of award, as described in §22.605(c), and in postaward administration, as described in §22.810(c)(3)(iv).

(3) Expanding on these Governmentwide policies, DoD policy is for DoD Components to use electronic commerce, to the maximum extent practicable, in the portions of the payment process for grants and cooperative agreements for which grants officers are responsible. In cases where recipients submit each payment request to the grants officer, this includes using electronic methods to receive recipients’ requests for payment and to transmit authorizations for payment to the DoD payment office. Using electronic methods will improve timeliness and accuracy of payments and reduce administrative burdens associated with paper-based payments.

(c) Post-award responsibilities. In cases where the recipient submits each payment request to the grants officer, the administrative grants officer designated to handle payments for a grant or cooperative agreement is responsible for:

(1) Handling the recipient’s requests for payments in accordance with DoD implementation of Governmentwide guidance (see 32 CFR 32.22, 33.21, or 34.12, as applicable).

(2) Reviewing each payment request to ensure that:

(i) The request complies with the award terms.

(ii) Available funds are adequate to pay the request.

(iii) The recipient will not have excess cash on hand, based on expenditure patterns.

(3) Maintaining a close working relationship with the personnel in the finance and accounting office responsible for making the payments. A good working relationship is necessary, to ensure timely and accurate handling of financial transactions for grants and cooperative agreements. Administrative grants officers:

(i) Should be generally familiar with policies and procedures for disbursing
§ 22.815 Claims, disputes, and appeals.

(a) Award terms. Grants officers shall include in grants and cooperative agreements a term or condition that incorporates the procedures of this section for:

(1) Processing recipient claims and disputes.

(2) Deciding appeals of grants officers’ decisions.

(b) Submission of claims—(1) Recipient claims. If a recipient wishes to submit a claim arising out of or relating to a grant or cooperative agreement, the grants officer shall inform the recipient that the claim must:

(i) Be submitted in writing to the grants officer for decision;

(ii) Specify the nature and basis for the relief requested; and

(iii) Include all data that supports the claim.

(2) DoD Component claims. Claims by a DoD Component shall be the subject of a written decision by a grants officer.

(c) Alternative Dispute Resolution (ADR)—(1) Policy. DoD policy is to try to resolve all issues concerning grants and cooperative agreements by mutual agreement at the grants officer’s level. DoD Components therefore are encouraged to use ADR procedures to the maximum extent practicable. ADR procedures are any voluntary means (e.g., mini-trials or mediation) used to resolve issues in controversy without resorting to formal administrative appeals (see paragraph (e) of this section) or to litigation.

(2) Procedures. (i) The ADR procedures or techniques to be used may either be agreed upon by the Government and the recipient in advance (e.g., when agreeing on the terms and conditions of the grant or cooperative agreement), or may be agreed upon at the time the parties determine to use ADR procedures.

(ii) If a grants officer and a recipient are not able to resolve an issue through unassisted negotiations, the grants officer shall encourage the recipient to enter into ADR procedures. ADR procedures may be used prior to submission of a recipient’s appeal or at any time prior to the Grant Appeal Authority’s decision on a recipient’s appeal (see paragraph (e)(3)(ii) of this section).
(d) Grants officer decisions. (1) Within 60 calendar days of receipt of a written claim, the grants officer shall either:
   (i) Prepare a written decision, which shall include the reasons for the decision; shall identify all relevant data on which the decision is based; shall identify the cognizant Grant Appeal Authority and give his or her mailing address; and shall be included in the award file; or
   (ii) Notify the recipient of a specific date when he or she will render a written decision, if more time is required to do so. The notice shall inform the recipient of the reason for delaying the decision (e.g., the complexity of the claim, a need for more time to complete ADR procedures, or a need for the recipient to provide additional information to support the claim).

(2) The decision of the grants officer shall be final, unless the recipient decides to appeal. If a recipient decides to appeal a grants officer’s decision, the grants officer shall encourage the recipient to enter into ADR procedures, as described in paragraph (c) of this section.

(e) Formal administrative appeals—(1) Grant appeal authorities. Each DoD Component that awards grants or cooperative agreements shall establish one or more Grant Appeal Authorities to decide formal, administrative appeals in accordance with paragraph (e)(3) of this section. Each Grant Appeal Authority shall be either:
   (i) An individual at a grade level in the Senior Executive Service, if civilian, or at the rank of Flag or General Officer, if military; or
   (ii) A board chaired by such an individual.

(2) Right of appeal. A recipient has the right to appeal a grants officer’s decision to the Grant Appeal Authority (but note that ADR procedures, as described in paragraph (c) of this section, are the preferred means for resolving any appeal).

(3) Appeal procedures—(i) Notice of appeal. A recipient may appeal a decision of the grants officer within 90 calendar days of receiving that decision, by filing a written notice of appeal to the Grant Appeal Authority and to the grants officer. If a recipient elects to use an ADR procedure, the recipient is permitted an additional 60 calendar days to file the written notice of appeal to the Grant Appeal Authority and grants officer.

   (ii) Appeal file. Within 30 calendar days of receiving the notice of appeal, the grants officer shall forward to the Grant Appeal Authority and the recipient the appeal file, which shall include copies of all documents relevant to the appeal. The recipient may supplement the file with additional documents it deems relevant. Either the grants officer or the recipient may supplement the file with a memorandum in support of its position. The Grant Appeal Authority may request additional information from either the grants officer or the recipient.

   (iii) Decision. The appeal shall be decided solely on the basis of the written record, unless the Grant Appeal Authority decides to conduct fact-finding procedures or an oral hearing on the appeal. Any fact-finding or hearing shall be conducted using procedures that the Grant Appeal Authority deems appropriate.

(f) Representation. A recipient may be represented by counsel or any other designated representative in any claim, appeal, or ADR proceeding brought pursuant to this section, as long as the representative is not otherwise prohibited by law or regulation from appearing before the DoD Component concerned.

(g) Non-exclusivity of remedies. Nothing in this section is intended to limit a recipient’s right to any remedy under the law.

§ 22.820 Debt collection.

(a) Purpose. This section prescribes procedures for establishing debts owed by recipients of grants and cooperative agreements, and transferring them to payment offices for collection.

(b) Resolution of indebtedness. The grants officer shall attempt to resolve by mutual agreement any claim of a recipient’s indebtedness to the United States arising out of a grant or cooperative agreement (e.g., by a finding that a recipient was paid funds in excess of the amount to which the recipient was entitled under the terms and conditions of the award).
(c) Grants officer’s decision. In the absence of such mutual agreement, any claim of a recipient’s indebtedness shall be the subject of a grants officer decision, in accordance with §22.815(b)(2). The grants officer shall prepare and transmit to the recipient a written notice that:

(1) Describes the debt, including the amount, the name and address of the official who determined the debt (e.g., the grants officer under §22.815(d)), and a copy of that determination.

(2) Informs the recipient that:

(i) Within 30 calendar days of the grants officer’s decision, the recipient shall either pay the amount owed to the grants officer (at the address that was provided pursuant to paragraph (c)(1) of this section) or inform the grants officer of the recipient’s intention to appeal the decision.

(ii) If the recipient elects not to appeal, any amounts not paid within 30 calendar days of the grants officer’s decision will be a delinquent debt.

(iii) If the recipient elects to appeal the grants officer’s decision the recipient has neither paid the amount owed to the grants officer under §22.815(d)), and a copy of that determination.

(3) If within 30 calendar days the recipient has neither paid the amount due nor provided notice of intent to file an appeal of the grants officer’s decision, the grants officer shall send a demand letter to the recipient, with a copy to the payment office that will be responsible for collecting the delinquent debt. The payment office will be responsible for any further debt collection activity, including issuance of additional demand letters (see Chapter 19 of volume 10 of the DoD Financial Management Regulation, DoD 7000.14–R).

The grants officer’s demand letter shall:

(1) Describe the debt, including the amount, the name and address of the official that determined the debt (e.g., the grants officer under §22.815(d)), and a copy of that determination.

(ii) Notify the recipient that the debt is a delinquent debt that bears interest from the date of the grants officer’s decision, and that penalties and other administrative costs may be assessed.

(iii) Identify the payment office that is responsible for the collection of the debt, and notify the recipient that it may submit a proposal to that payment office to defer collection, if immediate payment is not practicable.

(e) Administrative offset. In carrying out the responsibility for collecting delinquent debts, a disbursing officer may need to consult grants officers, to determine whether administrative offset against payments to a recipient owing a delinquent debt would interfere with execution of projects being carried out under grants or cooperative agreements. Disbursing officers may also ask grants officers whether it is feasible to convert payment methods under grants or cooperative agreements from advance payments to reimbursements, to facilitate use of administrative offset. Grants officers therefore should be familiar with guidelines
§ 22.825 Closeout audits.

(a) Purpose. This section establishes DoD policy for obtaining audits at closeout of individual grants and cooperative agreements. It thereby supplements the closeout procedures specified in:

(1) 32 CFR 32.71 and 32.72, for awards to institutions of higher education and other nonprofit organizations.
(2) 32 CFR 33.50 and 33.51, for awards to State and local governments.
(3) 32 CFR 34.61 and 34.62, for awards to for-profit entities.

(b) Policy. Grants officers shall use their judgment on a case-by-case basis, in deciding whether to obtain an audit prior to closing out a grant or cooperative agreement (i.e., there is no specific DoD requirement to obtain an audit prior to doing so). Factors to be considered include:

(1) The amount of the award.
(2) DoD’s past experience with the recipient, including the presence or lack of findings of material deficiencies in recent:
(i) Audits of individual awards; or
(ii) Systems-wide financial audits and audits of the compliance of the recipient’s systems with Federal requirements, under OMB Circular A-133, where that Circular is applicable. (See §22.715(a)(1)).

APPENDIX C TO PART 25—CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

Subpart A—General

§ 25.100 Purpose.

(a) Executive Order (E.O.) 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a governmentwide system for nonprocurement debarment and suspension. A person who is debarred or suspended shall be excluded from Federal financial and nonfinancial assistance and benefits under Federal programs and activities. Debarment or suspension of a participant in a program by one agency shall have governmentwide effect.

(b) These regulations implement section 3 of E.O. 12549 and the guidelines promulgated by the Office of Management and Budget under section 6 of the E.O. by:

1. Prescribing the programs and activities that are covered by the governmentwide system;
2. Prescribing the governmentwide criteria and governmentwide minimum due process procedures that each agency shall use;
3. Providing for the listing of debarred and suspended participants, participants declared ineligible (see...
§ 25.105 Definitions.

The following definitions apply to this part:

Adequate evidence. Information sufficient to support the reasonable belief that a particular act or omission has occurred.

Affiliate. Persons are affiliates of each other if, directly or indirectly, either one controls or has the power to control the other, or, a third person controls or has the power to control both. Indicia of control include, but are not limited to: interlocking management or ownership, identity of interests among family members, shared facilities and equipment, common use of employees, or a business entity organized following the suspension or debarment of a person which has the same or similar management, ownership, or principal employees as the suspended, debarred, ineligible, or voluntarily excluded person.

Agency. Any executive department, military department or defense agency or other agency of the executive branch, excluding the independent regulatory agencies.

(a) The meaning of agency in Subpart F of this part, Drug-Free Workplace Requirements, is given at §25.605(b)(6) and is different than the meaning given in this section for subparts A through E of this part. Agency in Subpart F of this part means the Department of Defense or a Military Department only, and does not include any Defense Agency.

(b) [Reserved]

Civil judgment. The disposition of a civil action by any court of competent jurisdiction, whether entered by verdict, decision, settlement, stipulation, or otherwise creating a civil liability for the wrongful acts complained of; or a final determination of liability under the Program Fraud Civil Remedies Act of 1988 (31 U.S.C. 3801–12).

Conviction. A judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, including a plea of nolo contendere.

Debarment. An action taken by a debarring official in accordance with these regulations to exclude a person from participating in covered transactions. A person so excluded is “debarred.”

Debarring official. An official authorized to impose debarment. The debarring official is either:

(a) The agency head, or

(b) An official designated by the agency head.

(c) DoD Components’ debarring officials for nonprocurement transactions are the same officials identified in 48 CFR part 209, subpart 209.4, as debarring officials for procurement contracts.

Indictment. Indictment for a criminal offense. An information or other filing by competent authority charging a criminal offense shall be given the same effect as an indictment.

Ineligible. Excluded from participation in Federal nonprocurement programs pursuant to a determination of
ineligibility under statutory, executive order, or regulatory authority, other than Executive Order 12549 and its agency implementing regulations; for example, excluded pursuant to the Davis-Bacon Act and its implementing regulations, the equal employment opportunity acts and executive orders, or the environmental protection acts and executive orders. A person is ineligible where the determination of ineligibility affects such person’s eligibility to participate in more than one covered transaction.

Legal proceedings. Any criminal proceeding or any civil judicial proceeding to which the Federal Government or a State or local government or quasi-governmental authority is a party. The term includes appeals from such proceedings.

List of Parties Excluded from Federal Procurement and Nonprocurement Programs. A list compiled, maintained and distributed by the General Services Administration (GSA) containing the names and other information about persons who have been debarred, suspended, or voluntarily excluded under Executive Orders 12549 and 12689 and these regulations or 48 CFR part 9, subpart 9.4, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, and those persons who have been determined to be ineligible.

Notice. A written communication served in person or sent by certified mail, return receipt requested, or its equivalent, to the last known address of a party, its identified counsel, its agent for service of process, or any partner, officer, director, owner, or joint venturer of the party. Notice, if undeliverable, shall be considered to have been received by the addressee five days after being properly sent to the last address known by the agency.

Participant. Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction. This term also includes any person who acts on behalf of or is authorized to commit a participant in a covered transaction as an agent or representative of another participant.

Person. Any individual, corporation, partnership, association, unit of government or legal entity, however organized, except: foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities.

Preponderance of the evidence. Proof by information that, compared with that opposing it, leads to the conclusion that the fact at issue is more probably true than not.

Principal. Officer, director, owner, partner, key employee, or other person within a participant with primary management or supervisory responsibilities; or a person who has a critical influence on or substantive control over a covered transaction, whether or not employed by the participant. Persons who have a critical influence on or substantive control over a covered transaction are:

(a) Principal investigators.
(b) Reserved.

Proposal. A solicited or unsolicited bid, application, request, invitation to consider or similar communication by or on behalf of a person seeking to participate or to receive a benefit, directly or indirectly, in or under a covered transaction.

Respondent. A person against whom a debarment or suspension action has been initiated.

State. Any of the States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency of a State, exclusive of institutions of higher education, hospitals, and units of local government. A State instrumentality will be considered part of the State government if it has a written determination from a State government that such State considers that instrumentality to be an agency of the State government.

Suspending official. An official authorized to impose suspension. The suspending official is either:

(a) The agency head, or
(b) An official designated by the agency head.
(c) DoD Components’ suspending officials for nonprocurement transactions are the same officials identified in 48
§ 25.110 Coverage.

(a) These regulations apply to all persons who have participated, are currently participating or may reasonably be expected to participate in transactions under Federal nonprocurement programs. For purposes of these regulations such transactions will be referred to as “covered transactions.”

(1) Covered transaction. For purposes of these regulations, a covered transaction is either a primary covered transaction or a lower tier covered transaction. Covered transactions at any tier need not involve the transfer of Federal funds.

(i) Primary covered transaction. Except as noted in paragraph (a)(2) of this section, a primary covered transaction is any nonprocurement transaction between an agency and a person, regardless of type, including: grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurance, payments for specified use, donation agreements and any other nonprocurement transactions between a Federal agency and a person. Primary covered transactions also include those transactions specially designated by the U.S. Department of Housing and Urban Development in such agency's regulations governing debarment and suspension.

(ii) Lower tier covered transaction. A lower tier covered transaction is:

(A) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction.

(B) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold fixed at 10 U.S.C. 2304(g) and 41 U.S.C. 253(g) (currently $25,000) under a primary covered transaction.

(C) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount, under which that person will have a critical influence on or substantive control over that covered transaction. Such persons are:

(1) Principal investigators.

(2) Providers of federally-required audit services.

(2) Exceptions. The following transactions are not covered:

(i) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(ii) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, entities consisting wholly or partially of foreign governments or foreign governmental entities;

(iii) Benefits to an individual as a personal entitlement without regard to the individual’s present responsibility (but benefits received in an individual’s business capacity are not excepted);

(iv) Federal employment;

(v) Transactions pursuant to national or agency-recognized emergencies or disasters;

(vi) Incidental benefits derived from ordinary governmental operations; and

(vii) Other transactions where the application of these regulations would be prohibited by law.

(b) Relationship to other sections. This section describes the types of transactions to which a debarment or suspension under the regulations will...
§ 25.115 Police.

(a) In order to protect the public interest, it is the policy of the Federal Government to conduct business only with responsible persons. Debarment and suspension are discretionary actions that, taken in accordance with Executive Order 12549 and these regulations, are appropriate means to implement this policy.

(b) Debarment and suspension are serious actions which shall be used only in the public interest and for the Federal Government’s protection and not for purposes of punishment. Agencies may impose debarment or suspension for the causes and in accordance with the procedures set forth in these regulations.

(c) When more than one agency has an interest in the proposed debarment or suspension of a person, consideration shall be given to designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.

Subpart B—Effect of Action

§ 25.200 Debarment or suspension.

(a) Primary covered transactions. Except to the extent prohibited by law, persons who are debarred or suspended shall be excluded from primary covered transactions as either participants or principals throughout the Executive Branch of the Federal Government for the period of their debarment, suspension, or the period they are proposed for debarment under 48 CFR part 9, subpart 9.4. Accordingly, no agency shall enter into primary covered transactions with such excluded persons during such period, except as permitted pursuant to § 25.215.

(b) Lower tier covered transactions. Except to the extent prohibited by law, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, debarred or suspended shall be excluded from participating as either participants or principals in all lower tier covered transactions (see § 25.110(a)(1)(ii)) for the period of their exclusion.

(c) Exceptions. Debarment or suspension does not affect a person’s eligibility for—

(1) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(2) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities;

§ 25.210 Voluntary exclusion.

Persons who accept voluntary exclusions under §25.315 are excluded in accordance with the terms of their settlements. Military Departments and Defense Agencies shall, and participants may, contact the original action agency to ascertain the extent of the exclusion.

§ 25.215 Exception provision.

Military Departments & Defense Agencies may grant an exception permitting a debarred, suspended, or voluntarily excluded person, or a person proposed for debarment under 48 CFR part 9, subpart 9.4, to participate in a particular covered transaction upon a written determination by the agency head or an authorized designee stating the reason(s) for deviating from the Presidential policy established by Executive Order 12549 and §25.200. However, in accordance with the President’s stated intention in the Executive Order, exceptions shall be granted only infrequently. Exceptions shall be reported in accordance with §25.505(a).

§ 25.220 Continuation of covered transactions.

(a) Notwithstanding the debarment, suspension, proposed debarment under 48 CFR part 9, subpart 9.4, determination of ineligibility, or voluntary exclusion of any person by an agency, agencies and participants may continue covered transactions in existence at the time the person was debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, declared ineligible, or voluntarily excluded. A decision as to the type of termination action, if any, to be taken should be made only after thorough review to ensure the propriety of the proposed action.

(b) Agencies and participants shall not renew or extend covered transactions (other than no-cost time extensions) with any person who is debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible or voluntary excluded, except as provided in §25.215.

(2) Proposed for debarment under 48 CFR part 9, subpart 9.4; or
(3) Ineligible for or voluntarily excluded from the covered transaction.

An agency has the burden of proof that a participant did knowingly

Subpart C—Debarment

§ 25.300 General.
The debarring official may debar a person for any of the causes in §25.305, using procedures established in §§25.310 through 25.314. The existence of a cause for debarment, however, does not necessarily require that the person be debarred; the seriousness of the person's acts or omissions and any mitigating factors shall be considered in making any debarment decision.

§ 25.305 Causes for debarment.
Debarment may be imposed in accordance with the provisions of §§25.300 through 25.314 for:

(a) Conviction of or civil judgment for:

(1) Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;

(2) Violation of Federal or State antitrust statutes, including those proscribing price fixing between competitors, allocation of customers between competitors, and bid rigging;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(4) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(b) Violation of the terms of a public agreement or transaction so serious as to affect the integrity of an agency program, such as:

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions; or

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(c) Any of the following causes:

(1) A nonprocurement debarment by any Federal agency taken before October 1, 1988, the effective date of these regulations, or a procurement debarment by any Federal agency taken pursuant to 48 CFR subpart 9.4;

(2) Knowingly doing business with a debarred, suspended, ineligible, or voluntarily excluded person, in connection with a covered transaction, except as permitted in §25.215 or §25.220;

(3) Failure to pay a single substantial debt, or a number of outstanding debts (including disallowed costs and overpayments, but not including sums owed the Federal Government under the Internal Revenue Code) owed to any Federal agency or instrumentality, provided the debt is uncontested by the debtor or, if contested, provided that the debtor’s legal and administrative remedies have been exhausted;

(4) Violation of a material provision of a voluntary exclusion agreement entered into under §25.315 or of any settlement of a debarment or suspension action; or

(5) Violation of any requirement of part F of this part, relating to providing a drug-free workplace, as set forth in §25.615 of this part.

(d) Any other cause of so serious or compelling a nature that it affects the present responsibility of a person.

§ 25.310 Procedures.

Military Departments and Defense Agencies shall process debarment actions as informally as practicable, consistent with the principles of fundamental fairness, using the procedures in §§25.311 through 25.314.

§ 25.311 Investigation and referral.

Information concerning the existence of a cause for debarment from any source shall be promptly reported, investigated, and referred, when appropriate, to the debarring official for consideration. After consideration, the debarring official may issue a notice of proposed debarment.

§ 25.312 Notice of proposed debarment.

A debarment proceeding shall be initiated by notice to the respondent advising:

(a) That debarment is being considered;

(b) Of the reasons for the proposed debarment in terms sufficient to put the respondent on notice of the conduct or transaction(s) upon which it is based;

(c) Of the cause(s) relied upon under § 25.305 for proposing debarment;

(d) Of the provisions of §§ 25.311 through 25.314, and any other Military Departments and Defense Agencies procedures, if applicable, governing debarment decisionmaking; and

(e) Of the potential effect of a debarment.

§ 25.313 Opportunity to contest proposed debarment.

(a) Submission in opposition. Within 30 days after receipt of the notice of proposed debarment, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment.

(b) Additional proceedings as to disputed material facts. (1) In actions not based upon a conviction or civil judgment, if the debarring official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the proposed debarment, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents.

(2) A transcribed record of any additional proceedings shall be made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 25.314 Debarring official’s decision.

(a) No additional proceedings necessary. In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the debarring official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The debarring official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(3) The debarring official’s decision shall be made after the conclusion of the proceedings with respect to disputed facts.

(c) (1) Standard of proof. In any debarment action, the cause for debarment must be established by a preponderance of the evidence. Where the proposed debarment is based upon a conviction or civil judgment, the standard shall be deemed to have been met.

(2) Burden of proof. The burden of proof is on the agency proposing debarment.

(d) Notice of debarring official’s decision. (1) If the debarring official decides to impose debarment, the respondent shall be given prompt notice:

(i) Referring to the notice of proposed debarment;

(ii) Specifying the reasons for debarment;
§ 25.315 Settlement and voluntary exclusion.

(a) When in the best interest of the Government, Military Departments and Defense Agencies may, at any time, settle a debarment or suspension action.

(b) If a participant and the agency agree to a voluntary exclusion of the participant, such voluntary exclusion shall be entered on the Nonprocurement List (see subpart E).

§ 25.320 Period of debarment.

(a) Debarment shall be for a period commensurate with the seriousness of the cause(s). If a suspension precedes a debarment, the suspension period shall be considered in determining the debarment period.

(1) Debarment for causes other than those related to a violation of the requirements of subpart F of this part generally should not exceed three years. Where circumstances warrant, a longer period of debarment may be imposed.

(2) In the case of a debarment for a violation of the requirements of subpart F of this part (see §25.305(c)(5)), the period of debarment shall not exceed five years.

(b) The debarring official may extend an existing debarment for an additional period, if that official determines that an extension is necessary to protect the public interest. However, a debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based. If debarment for an additional period is determined to be necessary, the procedures of §§25.311 through 25.314 shall be followed to extend the debarment.

(c) The respondent may request the debarring official to reverse the debarment decision or to reduce the period or scope of debarment. Such a request shall be in writing and supported by documentation. The debarring official may grant such a request for reasons including, but not limited to:

(1) Newly discovered material evidence;

(2) Reversal of the conviction or civil judgment upon which the debarment was based;

(3) Bona fide change in ownership or management;

(4) Elimination of other causes for which the debarment was imposed; or

(5) Other reasons the debarring official deems appropriate.

§ 25.325 Scope of debarment.

(a) Scope in general. (1) Debarment of a person under these regulations constitutes debarment of all its divisions and other organizational elements from all covered transactions, unless the debarment decision is limited by its terms to one or more specifically identified individuals, divisions or other organizational elements or to specific types of transactions.

(2) The debarment action may include any affiliate of the participant that is specifically named and given notice of the proposed debarment and an opportunity to respond (see §§25.311 through 25.314).

(b) Imputing conduct. For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) Conduct imputed to participant. The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a participant may be imputed to the participant when the conduct occurred in connection with the individual’s performance of duties for or on behalf of the
participant, or with the participant’s knowledge, approval, or acquiescence. The participant’s acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) Conduct imputed to individuals associated with participant. The fraudulent, criminal, or other seriously improper conduct of a participant may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the participant who participated in, knew of, or had reason to know of the participant’s conduct.

(3) Conduct of one participant imputed to other participants in a joint venture. The fraudulent, criminal, or other seriously improper conduct of one participant in a joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement or with the knowledge, approval, or acquiescence of these participants. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

§ 25.410 Procedures.
(a) Investigation and referral. Information concerning the existence of a cause for suspension from any source shall be promptly reported, investigated, and referred, when appropriate, to the suspending official for consideration. After consideration, the suspending official may issue a notice of suspension.
(b) Decisionmaking process. Military Departments and Defense Agencies shall process suspension actions as informally as practicable, consistent with principles of fundamental fairness, using the procedures in §§ 25.411 through 25.413.

§ 25.411 Notice of suspension.
(a) That suspension has been imposed;
(b) That the suspension is based on an indictment, conviction, or other adequate evidence that the respondent has committed irregularities seriously reflecting on the propriety of further
§ 25.412 Opportunity to contest suspension.

(a) Submission in opposition. Within 30 days after receipt of the notice of suspension, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension.

(b) Additional proceedings as to disputed material facts. (1) If the suspending official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the suspension, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents, unless:

(i) The action is based on an indictment, conviction or civil judgment, or

(ii) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Federal Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced.

(2) A transcribed record of any additional proceedings shall be prepared and made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 25.413 Suspending official’s decision.

The suspending official may modify or terminate the suspension (for example, see §25.320(c) for reasons for reducing the period or scope of debarment) or may leave it in force. However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of suspension by any other agency or debarment by any agency. The decision shall be rendered in accordance with the following provisions:

(a) No additional proceedings necessary. In actions: based on an indictment, conviction, or civil judgment; in which there is no genuine dispute over material facts; or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary or capricious or clearly erroneous.

(c) Notice of suspending official’s decision. Prompt written notice of the suspending official’s decision shall be sent to the respondent.

¶ 25.415 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings, unless terminated sooner by the suspending official or as provided in paragraph (b) of this section.

(b) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an Assistant Attorney General or United States Attorney requests its extension in writing, in which case it may be extended for an additional six months. In no event may a suspension extend beyond 18 months, unless such proceedings have been initiated within that period.

(c) The suspending official shall notify the Department of Justice of an impending termination of a suspension, at least 30 days before the 12-month period expires, to give that Department an opportunity to request an extension.

¶ 25.420 Scope of suspension.

The scope of a suspension is the same as the scope of a debarment (see §25.325), except that the procedures of §§25.410 through 25.413 shall be used in imposing a suspension.

Subpart E—Responsibilities of GSA, Agency and Participants

¶ 25.500 GSA responsibilities.

(a) In accordance with the OMB guidelines, GSA shall compile, maintain, and distribute a list of all persons who have been debarred, suspended, or voluntarily excluded by agencies under Executive Order 12549 and these regulations, and those who have been determined to be ineligible.

(b) At a minimum, this list shall indicate:

(1) The names and addresses of all debarred, suspended, ineligible, and voluntarily excluded persons, in alphabetical order, with cross-references when more than one name is involved in a single action;

(2) The type of action;

(3) The cause for the action;

(4) The scope of the action;

(5) Any termination date for each listing; and

(6) The agency and name and telephone number of the agency point of contact for the action.

¶ 25.505 Military Departments and Defense Agencies’ responsibilities.

(a) The agency shall provide GSA with current information concerning debarments, suspension, determinations of ineligibility, and voluntary exclusions it has taken. Until February 18, 1989, the agency shall also provide GSA and OMB with information concerning all transactions in which Military Departments and Defense Agencies has granted exceptions under §25.215 permitting participation by debarred, suspended, or voluntarily excluded persons.

(b) Unless an alternative schedule is agreed to by GSA, the agency shall advise GSA of the information set forth in §25.500(b) and of the exceptions granted under §25.215 within five working days after taking such actions.

(c) The agency shall direct inquiries concerning listed persons to the agency that took the action.

(d) Agency officials shall check the Nonprocurement List before entering covered transactions to determine whether a participant in a primary transaction is debarred, suspended, ineligible, or voluntarily excluded (Tel. #).

(e) Agency officials shall check the Nonprocurement List before approving principals or lower tier participants where agency approval of the principal or lower tier participant is required under the terms of the transaction, to determine whether such principals or participants are debarred, suspended, ineligible, or voluntarily excluded.

¶ 25.510 Participants’ responsibilities.

(a) Certification by participants in primary covered transactions. Each participant shall submit the certification in
§ 25.600 Purpose.

(a) The purpose of this subpart is to carry out the Drug-Free Workplace Act of 1988 by requiring that—
   (1) A grantee, other than an individual, shall certify to the agency that it will provide a drug-free workplace;
   (2) A grantee who is an individual shall certify to the agency that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance in conducting any activity with the grant.

(b) Requirements implementing the Drug-Free Workplace Act of 1988 for contractors with the agency are found at 48 CFR subparts 9.4, 23.5, and 52.2.

§ 25.605 Definitions.

(a) Except as amended in this section, the definitions of § 25.105 apply to this subpart. For purposes of this subpart—
   (1) Controlled substance means a controlled substance in schedules I through V of the Controlled Substances Act (21 U.S.C. 812), and as further defined by regulation at 21 CFR 1308.11 through 1308.15;

(i) All **direct charge** employees;  
(ii) All **indirect charge** employees, unless their impact or involvement is insignificant to the performance of the grant; and,  
(iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee’s payroll.

This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces);

The term does not include technical assistance that provides services instead of money, or other assistance in the form of loans, loan guarantees, interest subsidies, insurance, or direct appropriations; or any veterans’ benefits to individuals, i.e., any benefit to veterans, their families, or survivors by virtue of the service of a veteran in the Armed Forces of the United States;

§ 25.610 Coverage.

(a) This subpart applies to any grantee of the agency.

(b) This subpart applies to any grant, except where application of this subpart would be inconsistent with the international obligations of the United States or the laws or regulations of a foreign government. A determination of such inconsistency may be made only by the agency head or his/her designee.

(1) Heads of Defense Agencies, Heads of DoD Field Activities, and their designees are authorized to make such determinations on behalf of the Secretary of Defense.

(2) [Reserved]

(c) The provisions of subparts A, B, C, D and E of this part apply to matters covered by this subpart, except where specifically modified by this subpart. In the event of any conflict between provisions of this subpart and other provisions of this part, the provisions of this subpart are deemed to control with respect to the implementation of drug-free workplace requirements concerning grants.

§ 25.615 Grounds for suspension of payments, suspension or termination of grants, or suspension or debarment.

A grantee shall be deemed in violation of the requirements of this subpart if the agency head or his or her official designee determines, in writing, that—

(b) With respect to a grantee other than an individual—
   (1) The grantee has violated the certification by failing to carry out the requirements of paragraphs (A)(a)–(g) and/or (B) of the certification (Alternate I to Appendix C) or
   (2) Such a number of employees of the grantee have been convicted of violations of criminal drug statutes for violations occurring in the workplace as to indicate that the grantee has failed to make a good faith effort to provide a drug-free workplace.
(c) With respect to a grantee who is an individual—
   (1) The grantee has violated the certification by failing to carry out its requirements (Alternate II to Appendix C); or
   (2) The grantee is convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity.

§ 25.616 Determinations of grantee violations.

Heads of Defense Agencies, Heads of DoD Field Activities, and their designees are authorized to make determinations of grantee violations under §25.615.

§ 25.620 Effect of violation.

(a) In the event of a violation of this subpart as provided in §25.615, and in accordance with applicable law, the grantee shall be subject to one or more of the following actions:
   (1) Suspension of payments under the grant;
   (2) Suspension or termination of the grant; and
   (3) Suspension or debarment of the grantee under the provisions of this part.
(b) Upon issuance of any final decision under this part requiring debarment of a grantee, the debarred grantee shall be ineligible for award of any grant from any Federal agency for a period specified in the decision, not to exceed five years (see §25.320(a)(2) of this part).

§ 25.625 Exception provision.

The agency head may waive with respect to a particular grant, in writing, a suspension of payments under a grant, suspension or termination of a grant, or suspension or debarment of a grantee if the agency head determines that such a waiver would be in the public interest. This exception authority cannot be delegated to any other official.

§ 25.630 Certification requirements and procedures.

(a)(1) As a prior condition of being awarded a grant, each grantee shall make the appropriate certification to the Federal agency providing the grant, as provided in Appendix C to this part.
(2) Grantees are not required to make a certification in order to continue receiving funds under a grant awarded before March 18, 1989, or under a no-cost time extension of such a grant. However, the grantee shall make a one-time drug-free workplace certification for a non-automatic continuation of such a grant made on or after March 18, 1989.
(b) Except as provided in this section, all grantees shall make the required certification in order to continue receiving funds under a grant awarded before March 18, 1989, or under a no-cost time extension of such a grant. However, the grantee shall make a one-time drug-free workplace certification for a non-automatic continuation of such a grant made on or after March 18, 1989.
(c) A grantee that is a State may elect to make one certification in each Federal fiscal year. States that previously submitted an annual certification are not required to make a certification for Fiscal Year 1990 until
June 30, 1990. Except as provided in paragraph (d) of this section, this certification shall cover all grants to all State agencies from any Federal agency. The State shall retain the original of this statewide certification in its Governor’s office, and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency has designated a central location for submission.

(d)(1) The Governor of a State may exclude certain State agencies from the statewide certification and authorize these agencies to submit their own certifications to Federal agencies. The statewide certification shall name any State agencies so excluded.

(2) A State agency to which the statewide certification does not apply, or a State agency in a State that does not have a statewide certification, may elect to make one certification in each Federal fiscal year. State agencies that previously submitted a State agency certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. The State agency shall retain the original of this State agency-wide certification in its central office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency designates a central location for submission.

(3) When the work of a grant is done by more than one State agency, the certification of the State agency directly receiving the grant shall be deemed to certify compliance for all workplaces, including those located in other State agencies.

(e)(1) For a grant of less than 30 days performance duration, grantees shall have this policy statement and program in place as soon as possible, but in any case by a date prior to the date on which performance is expected to be completed.

(2) For a grant of 30 days or more performance duration, grantees shall have this policy statement and program in place within 30 days after award.

(3) Where extraordinary circumstances warrant for a specific grant, the grant officer may determine a different date on which the policy statement and program shall be in place.

§ 25.635 Reporting of and employee sanctions for convictions of criminal drug offenses.

(a) When a grantee other than an individual is notified that an employee has been convicted for a violation of a criminal drug statute occurring in the workplace, it shall take the following actions:

(1) Within 10 calendar days of receiving notice of the conviction, the grantee shall provide written notice, including the convicted employee’s position title, to every grant officer, or other designee on whose grant activity the convicted employee was working, unless a Federal agency has designated a central point for the receipt of such notifications. Notification shall include the identification number(s) for each of the Federal agency’s affected grants.

(2) Within 30 calendar days of receiving notice of the conviction, the grantee shall do the following with respect to the employee who was convicted:

(i) Take appropriate personnel action against the employee, up to and including termination, consistent with requirements of the Rehabilitation Act of 1973, as amended; or

(ii) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

(b) A grantee who is an individual who is convicted for a violation of a criminal drug statute occurring during the conduct of any grant activity shall report the conviction, in writing, within 10 calendar days, to his or her Federal agency grant officer, or other designee, unless the Federal agency has designated a central point for the receipt of such notices. Notification shall include the identification number(s) for each of the Federal agency’s affected grants.

APPENDIX A TO PART 25—CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY COVERED TRANSACTIONS

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency’s determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters—Primary Covered Transactions

1. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
   (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;
   (b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of
embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated, may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, declared ineligible, or voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, declared ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

APPENDIX C TO PART 25—CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

Instructions for Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee’s drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees’ attention is called, in particular, to the following definitions from these rules:

- Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee’s payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee’s payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

A. The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee’s workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee’s policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a); and

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and
(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

B. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, State, zip code)

Check □ if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

Subpart A—General

§ 28.100 Conditions on use of funds.

(a) No appropriated funds may be expended by the recipient of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a
Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(c) Each person who requests or receives from an agency a Federal contract, grant, loan, or a cooperative agreement shall file with that agency a disclosure form, set forth in Appendix B, if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under paragraph (a) of this section.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, set forth in Appendix A, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(e) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a disclosure form, set forth in Appendix B, if that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

§ 28.105 Definitions.

Covered Federal action does not include receiving from an agency a commitment providing for the United States to insure or guarantee a loan. Loan guarantees and loan insurance are addressed independently within this part.

under the definitions of Indian tribes in that Act.

(h) Influencing or attempting to influence means making, with the intent to influence, any communication to or appearance before an officer or employee or any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

(i) Loan guarantee and loan insurance means an agency’s guarantee or insurance of a loan made by a person.

(j) Local government means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

(n) Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

(o) Recipient includes all contractors, subcontractors at any tier, and subgrantees at any tier of the recipient of funds received in connection with a Federal contract, grant, loan, or cooperative agreement. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

(q) State means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and a multi-State, regional, or interstate entity having governmental duties and powers.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:
§ 28.200

(a) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or

(b) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraphs (a) or (b) of this section:

(1) A subcontract exceeding $100,000 at any tier under a Federal contract;

(2) A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;

(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement.

Shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 28.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in §28.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement.
§ 28.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § 28.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.
§ 28.210  

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 28.210 Reporting.  

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 28.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §28.100 (a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in §28.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

§ 28.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see Appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ 28.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 28.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 28.500 Secretary of Defense.

(a) Exemption authority. The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) Policy. It is the policy of the Department of Defense that exemptions under paragraph (a) of this section shall be requested only rarely and in exceptional circumstances.

(c) Procedures. Each DoD Component that awards or administers Federal grants, Federal cooperative agreements, or Federal loans subject to this part shall establish procedures whereby:

1. A grants officer wishing to request an exemption for a grant, cooperative agreement, or loan shall transmit such request through appropriate channels to: Director for Research, ODDR&E(R), 3080 Defense Pentagon, Washington, DC, 20301–3080.

2. Each such request shall explain why an exemption is in the national interest, a justification that must be transmitted to Congress for each exemption that is approved.

[63 FR 12188, Mar. 12, 1998]

Subpart F—Agency Reports

§ 28.600 Semi-annual compilation.

The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subdivider or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Use the SF-LLL-A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, state and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subdivider recipient. Identify the tier of the lobbyist, e.g., the first subdivider of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subdivider", then enter the full name, address, city, state and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 2). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 4 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-0011." 
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action.
    (b) Enter the names of the individual(s) performing services, and include full address if different from 10 (a).
11. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (item 4) to the lobbying entity (item 11). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
12. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
13. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.
14. Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with Federal officials. Identify the Federal official(s) or employee(s) contacted or the official(s), employee(s), or Member(s) of Congress that were contacted.
15. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.
16. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

§ 32.2 Definitions.

The following are definitions of terms used in this part. Grants officers are cautioned that terms may be defined differently in this part than they are in other parts of the DoD Grant and Agreement Regulations, because this part implements OMB Circular A-110 and uses definitions as stated in that Circular. In such cases, the definition given in this section applies to the term as it is used in this part, and the definition given in other parts applies to the term as it is used in those parts. For example, suspension is defined in this section to mean temporary withdrawal of Federal sponsorship under an award, but is defined at 32 CFR 25.105 to be an action taken to exclude a person from participating in a grant, cooperative agreement, or other covered transaction.

Accrued expenditures. The charges incurred by the recipient during a given period requiring the provision of funds for:
(1) Goods and other tangible property received;
(2) Services performed by employees, contractors, subrecipients, and other payees; and
(3) Other amounts becoming owed under programs for which no current services or performance is required.

Accrued income. The sum of:
(1) Earnings during a given period from:
   (i) Services performed by the recipient; and
   (ii) Goods and other tangible property delivered to purchasers.
(2) Amounts becoming owed to the recipient for which no current services or performance is required by the recipient.

Acquisition cost of equipment. The net invoice price of the equipment, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges, such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the recipient’s regular accounting practices.

Advance. A payment made by Treasury check or other appropriate payment mechanism to a recipient upon its request either before outlays are made by the recipient or through the use of predetermined payment schedules.

Award. Financial assistance that provides support or stimulation to accomplish a public purpose. Awards include grants and other agreements in the form of money or property in lieu of money, by the Federal Government to an eligible recipient. The term does not include: Technical assistance, which provides services instead of money; other assistance in the form of loans, loan guarantees, interest subsidies, or insurance; direct payments of any kind to individuals; and, contracts which are required to be entered into and administered under procurement laws and regulations.

Cash contributions. The recipient’s cash outlay, including the outlay of...
Closeout. The process by which the grants officer administering an award made by a DoD Component determines that all applicable administrative actions and all required work of the award have been completed by the recipient and DoD Component.

Contract. A procurement contract under an award or subaward, and a procurement subcontract under a recipient’s or subrecipient’s contract.

Cost sharing or matching. That portion of project or program costs not borne by the Federal Government.

Date of completion. The date on which all work under an award is completed or the date on the award document, or any supplement or amendment thereto, on which Federal sponsorship ends.

Disallowed costs. Those charges to an award that the grants officer administering an award made by a DoD Component determines to be unallowable, in accordance with the applicable Federal cost principles or other terms and conditions contained in the award.

DoD Component. A Military Department, Defense Agency, DoD field activity, or organization within the Office of the Secretary of Defense that provides or administers an award to a recipient.

Equipment. Tangible nonexpendable personal property including exempt property charged directly to the award having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. However, consistent with recipient policy, lower limits may be established.

Excess property. Property under the control of any DoD Component that, as determined by the head thereof, is no longer required for its needs or the discharge of its responsibilities.

Exempt property. Tangible personal property acquired in whole or in part with Federal funds, where the DoD Component has statutory authority to vest title in the recipient without further obligation to the Federal Government. An example of exempt property authority is contained in the Federal Grant and Cooperative Agreement Act (31 U.S.C. 6306), for property acquired under an award to conduct basic or applied research by a non-profit institution of higher education or non-profit organization whose principal purpose is conducting scientific research.

Federal funds authorized. The total amount of Federal funds obligated by a DoD Component for use by the recipient. This amount may include any authorized carryover of unobligated funds from prior funding periods when permitted by agency regulations or agency implementing instructions.

Federal share (of real property, equipment, or supplies). That percentage of the property’s acquisition costs and any improvement expenditures paid with Federal funds.

Funding period. The period of time when Federal funding is available for obligation by the recipient.

Intangible property and debt instruments. Property that includes, but is not limited to, trademarks, copyrights, patents and patent applications and such property as loans, notes and other debt instruments, lease agreements, stock and other instruments of property ownership, whether considered tangible or intangible.

Obligations. The amounts of orders placed, contracts and grants awarded, services received and similar transactions during a given period that require payment by the recipient during the same or a future period.

Outlays or expenditures. Charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense charged, the value of third party in-kind contributions applied and the amount of cash advances and payments made to subrecipients. For reports prepared on an accrual basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the net increase (or decrease) in the amounts owed by the recipient for goods and other property received, for services performed by employees, contractors, subrecipients and other payees and other amounts becoming owed under programs for which no current services or performance are required.
§ 32.2  Personal property. Property of any kind except real property. It may be tangible, having physical existence, or intangible, having no physical existence, such as copyrights, patents, or securities.

Prior approval. Written approval by an authorized official evidencing prior consent.

Program income. Gross income earned by the recipient that is directly generated by a supported activity or earned as a result of the award (see exclusions in §32.24(e) and (h)). Program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights, and interest on loans made with award funds. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in program regulations or the terms and conditions of the award, program income does not include the receipt of principal on loans, rebates, credits, discounts, etc., or interest earned on any of them.

Project costs. All allowable costs, as set forth in the applicable Federal cost principles, incurred by a recipient and the value of the contributions made by third parties in accomplishing the objectives of the award during the project period.

Project period. The period established in the award document during which Federal sponsorship begins and ends.

Property. Real property and personal property (equipment, supplies, intangible property and debt instruments), unless stated otherwise.

Real property. Land, including land improvements, structures and appurtenances thereto, but excluding movable machinery and equipment.

Recipient. An organization receiving financial assistance directly from DoD Components to carry out a project or program. The term includes public and private institutions of higher education, public and private hospitals, and other quasi-public and private non-profit organizations such as, but not limited to, community action agencies, research institutes, educational associations, and health centers. The term also includes consortia comprised of any combination of universities, other nonprofit organizations, governmental organizations, for-profit organizations, and other entities, to the extent that the consortia are legally incorporated as nonprofit organizations. The term does not include Government-owned contractor-operated facilities or research centers providing continued support for mission-oriented, large-scale programs that are Government-owned or controlled, or are designated as federally-funded research and development centers.

Research and development. All research activities, both basic and applied, and all development activities that are supported at universities, colleges, and other non-profit institutions. Research is defined as a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. Development is the systematic use of knowledge and understanding gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes. The term research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.

Small award. An award not exceeding the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently $100,000).

Subaward. An award of financial assistance in the form of money, or property in lieu of money, made under an award by a recipient to an eligible subrecipient or by a subrecipient to a lower tier subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but does not include procurement of goods and services nor does it include any form of assistance which is excluded from the definition of “award” in this section.

Subrecipient. The legal entity to which a subaward is made and which is
accountable to the recipient for the use of the funds provided.

Supplies. All personal property excluding equipment, intangible property, and debt instruments as defined in this section, and inventions of a contractor conceived or first actually reduced to practice in the performance of work under a funding agreement (“subject inventions”), as defined in 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts, and Cooperative Agreements.”

Suspension. An action by a DoD Component that temporarily withdraws Federal sponsorship under an award, pending corrective action by the recipient or pending a decision to terminate the award by the DoD Component. Suspension of an award is a separate action from suspension of a participant under 32 CFR part 25.

Termination. The cancellation of an award, in whole or in part, at any time prior to the date of completion.

Third party in-kind contributions. The value of non-cash contributions provided by non-Federal third parties. Third party in-kind contributions may be in the form of real property, equipment, supplies, and the value of goods and services directly benefiting and specifically identifiable to the project or program.

Unliquidated obligations. The amount of obligations incurred by the recipient:

(1) That have not been paid, if financial reports are prepared on a cash basis.

(2) For which an outlay has not been recorded, if reports are prepared on an accrued expenditure basis.

Unobligated balance. The portion of the funds authorized by a DoD Component that has not been obligated by the recipient and is determined by deducting the cumulative obligations from the cumulative funds authorized.

Unrecovered indirect cost. The difference between the amount awarded and the amount which could have been awarded under the recipient’s approved negotiated indirect cost rate.

Working capital advance. A procedure whereby funds are advanced to the recipient to cover its estimated disbursement needs for a given initial period.

§ 32.3 Effect on other issuances.

For awards subject to this part, all administrative requirements of codified program regulations, program manuals, handbooks and other non-regulatory materials which are inconsistent with the requirements of this part shall be superseded, except to the extent they are required by statute, or authorized in accordance with the deviations provision in §32.4.

§ 32.4 Deviations.

(a) Individual deviations. Individual deviations affecting only one award may be approved by DoD Components in accordance with procedures stated in 32 CFR 21.125(a) and (c).

(b) Small awards. DoD Components may apply less restrictive requirements than the provisions of this part when awarding small awards, except for those requirements which are statutory.

(c) Other class deviations. (1) For classes of awards other than small awards, the Director of Defense Research and Engineering (DDR&E), or his or her designee, may grant exceptions from the requirements of this part:

   (i) With the written concurrence of the Office of the Management and Budget (OMB). The DDR&E, or his or her designee, shall provide written notification to OMB of the Department of Defense’s intention to grant a class deviation; and

   (ii) When exceptions are not prohibited by statute.

   (2) DoD Components shall request approval for such deviations in accordance with 32 CFR 21.125(b) and (c). However, in the interest of maximum uniformity, exceptions from the requirements of this part shall be permitted only in unusual circumstances.

§ 32.5 Subawards.

Unless sections of this part specifically exclude subrecipients from coverage, the provisions of this part shall be applied to subrecipients performing
§ 32.10 Purpose.

Sections 32.11 through 32.17 prescribe application forms and instructions and other pre-award matters.

§ 32.11 Pre-award policies.

(a) Use of grants, cooperative agreements, and contracts. (1) OMB Circular A-110 states that:
   (i) In each instance, the Federal awarding agency shall decide on the appropriate award instrument (i.e., grant, cooperative agreement, or contract).
   (ii) The Federal Grant and Cooperative Agreement Act (31 U.S.C. 6301–6308) governs the use of grants, cooperative agreements, and contracts. Under that Act:
      (A) A grant or cooperative agreement shall be used only when the principal purpose of a transaction is to accomplish a public purpose of support or stimulation authorized by Federal statute.
      (B) Contracts shall be used when the principal purpose is acquisition of property or services for the direct benefit or use of the Federal Government.
      (C) The statutory criterion for choosing between grants and cooperative agreements is that for the latter, "substantial involvement is expected between the executive agency and the State, local government, or other recipient when carrying out the activity contemplated in the agreement."
   (2) In selecting the appropriate award instruments, DoD Components’ grants officers shall comply with the DoD implementation of the Federal Grant and Cooperative Agreement Act at 32 CFR 21.205(a) and 32 CFR part 22, subpart B.

(b) Public notice and priority setting. As a matter of Governmentwide policy, Federal awarding agencies shall notify the public of intended funding priorities for programs that use discretionary awards, unless funding priorities are established by Federal statute. For DoD Components, compliance with competition policies and statutory requirements implemented in 32 CFR part 22, subpart C, shall constitute compliance with this Governmentwide policy.

§ 32.12 Forms for applying for Federal assistance.

(a) DoD Components shall comply with the applicable report clearance requirements of 5 CFR part 1320, "Controlling Paperwork Burdens on the Public," with regard to all forms used in place of or as a supplement to the Standard Form 424 (SF–424) series.

(b) Applicants shall use the SF–424 series or those forms and instructions prescribed by DoD Components.

(c) For Federal programs covered by E.O. 12372 (3 CFR, 1982 Comp., p. 197), "Intergovernmental Review of Federal Programs," the applicant shall complete the appropriate sections of the SF–424 (Application for Federal Assistance) indicating whether the application was subject to review by the State Single Point of Contact (SPOC). The name and address of the SPOC for a particular State can be obtained from the DoD Component or the Catalog of Federal Domestic Assistance. The SPOC shall advise the applicant whether the program for which application is made has been selected by that State for review.

(d) DoD Components that do not use the SF–424 form should indicate whether the application is subject to review by the State under E.O. 12372.

§ 32.13 Debarment and suspension.

DoD Components and recipients shall comply with the nonprocurement debarment and suspension common rule at 32 CFR part 25. This common rule

restricts subawards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

§ 32.14 Special award conditions.
(a) DoD Components may impose additional requirements as needed, over and above those provided in this part, if an applicant or recipient:
   (1) Has a history of poor performance;
   (2) Is not financially stable;
   (3) Has a management system that does not meet the standards prescribed in this part;
   (4) Has not conformed to the terms and conditions of a previous award; or
   (5) Is not otherwise responsible.
(b) Before imposing additional requirements, DoD Components shall notify the applicant or recipient in writing as to:
   (1) The nature of the additional requirements;
   (2) The reason why the additional requirements are being imposed;
   (3) The nature of the corrective action needed;
   (4) The time allowed for completing the corrective actions; and
   (5) The method for requesting reconsideration of the additional requirements imposed.
(c) Any special conditions shall be promptly removed once the conditions that prompted them have been corrected.
(d) Grants officers:
   (1) Should coordinate the imposition and removal of special award conditions with the cognizant grants administration office identified in 32 CFR 22.710.
   (2) Shall include in the award file the written notification to the recipient, described in paragraph (b) of this section, and the documentation required by 32 CFR 22.410(b).

§ 32.15 Metric system of measurement.
The Metric Conversion Act, as amended by the Omnibus Trade and Competitiveness Act (15 U.S.C. 205) declares that the metric system is the preferred measurement system for U.S. trade and commerce, and for Federal agencies' procurements, grants, and other business-related activities. DoD grants officers shall comply with requirements concerning the use of the metric system at 32 CFR 22.530.

§ 32.16 Resource Conservation and Recovery Act (RCRA).
Recipients' procurements shall comply with applicable requirements of the Resource Conservation and Recovery Act (RCRA), as described at §32.49.

§ 32.17 Certifications and representations.
(a) OMB Circular A–110 authorizes and encourages each Federal agency, unless prohibited by statute or codified regulation, to allow recipients to submit certifications and representations required by statute, executive order, or regulation on an annual basis, if the recipients have ongoing and continuing relationships with the agency. The Circular further states that annual certifications and representations, when used, shall be signed by responsible officials with the authority to ensure recipients' compliance with the pertinent requirements.
(b) DoD grants officers shall comply with the provisions concerning certifications and representations at 32 CFR 22.510. Those provisions ease burdens on recipients to the extent possible, given current statutory and regulatory impediments to obtaining all certifications on an annual basis. The provisions thereby also comply with the intent of OMB Circular A–110, to use less burdensome methods for obtaining certifications and representations, as such methods become feasible.

Subpart C—Post-Award Requirements

FINANCIAL AND PROGRAM MANAGEMENT

§ 32.20 Purpose of financial and program management.
Sections 32.21 through 32.28 prescribe standards for financial management systems, methods for making payments and rules for: satisfying cost sharing and matching requirements, accounting for program income, budget revision approvals, making audits, determining allowability of cost, and establishing fund availability.
§ 32.21 Standards for financial management systems.

(a) DoD Components shall require recipients to relate financial data to performance data and develop unit cost information whenever practical. For awards that support research, it should be noted that it is generally not appropriate to develop unit cost information.

(b) Recipients’ financial management systems shall provide for the following.

1. Accurate, current and complete disclosure of the financial results of each federally-sponsored project or program in accordance with the reporting requirements set forth in §32.52. If a DoD Component requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient shall not be required to establish an accrual accounting system. These recipients may develop such accrual data for its reports on the basis of an analysis of the documentation on hand.

2. Records that identify adequately the source and application of funds for federally-sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, income and interest.

3. Effective control over and accountability for all funds, property and other assets. Recipients shall adequately safeguard all such assets and assure they are used solely for authorized purposes.

4. Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data. As discussed in paragraph (a) of this section, unit cost data is generally not appropriate for awards that support research.

5. Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury and the issuance or redemption of checks, warrants, or payments by other means for program purposes by the recipient. To the extent that the provisions of the Cash Management Improvement Act (CMIA) (Pub. L. 101–453) govern, payment methods of State agencies, instrumentalities, and fiscal agents should be consistent with CMIA Treasury-State Agreements or the CMIA default procedures codified at 31 CFR part 205, “Withdrawal of Cash from the Treasury for Advances under Federal Grant and Other Programs.”

6. Written procedures for determining the reasonableness, allocability and allowability of costs in accordance with the provisions of the applicable Federal cost principles (see §32.27) and the terms and conditions of the award.

7. Accounting records including cost accounting records that are supported by source documentation.

(c) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the DoD Component, at its discretion, may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(d) The DoD Component may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government’s interest.

(e) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 223, “Surety Companies Doing Business with the United States.”

§ 32.22 Payment.

(a) Payment methods shall minimize the time elapsing between the transfer of funds from the United States Treasury and the issuance or redemption of checks, warrants, or payment by other means by the recipients. Payment methods of State agencies or instrumentalities shall be consistent with Treasury-State agreements under the Cash Management Improvement Act (CMIA) (31 U.S.C. 3335 and 6503) or default procedures in 31 CFR part 205.

(b) Recipients are to be paid in advance, provided they maintain or demonstrate the willingness to maintain:

1. Written procedures that minimize the time elapsing between the transfer of funds and disbursement by the recipient; and
(2) Financial management systems that meet the standards for fund control and accountability as established in §32.21. Cash advances to a recipient organization shall be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the recipient organization in carrying out the purpose of the approved program or project. The timing and amount of cash advances shall be as close as is administratively feasible to the actual disbursements by the recipient organization for direct program or project costs and the proportionate share of any allowable indirect costs.

(c) Whenever possible, advances shall be consolidated to cover anticipated cash needs for all awards made by the DoD Component to the recipient.

(1) Advance payment mechanisms include, but are not limited to, Treasury check and electronic funds transfer.

(2) Advance payment mechanisms are subject to 31 CFR part 205.

(3) Recipients shall be authorized to submit requests for advances and reimbursements at least monthly when electronic fund transfers are not used.

(d) Requests for Treasury check advance payment shall be submitted on SF-2703 “Request for Advance or Reimbursement,” or other forms as may be authorized by OMB. This form is not to be used when Treasury check advance payments are made to the recipient automatically through the use of a predetermined payment schedule or if inconsistent with DoD procedures for electronic funds transfer.

(e) Reimbursement is the preferred method when the requirements in paragraph (b) of this section cannot be met. DoD Components may also use this method on any construction agreement, or if the major portion of the construction project is accomplished through private market financing or Federal loans, and the Federal assistance constitutes a minor portion of the project.

(1) When the reimbursement method is used, the responsible DoD payment office generally makes payment within 30 calendar days after receipt of the billing by the office designated to receive the billing, unless the billing is improper (for further information about timeframes for payments, see 32 CFR 22.810(c)(3)(i)).

(2) Recipients shall be authorized to submit requests for reimbursement at least monthly when electronic fund transfers are not used.

(f) If a recipient cannot meet the criteria for advance payments and the grants officer, in consultation with the program manager, has determined that reimbursement is not feasible because the recipient lacks sufficient working capital, the award may provide for cash on a working capital advance basis. Under this procedure, the award shall provide for advancing cash to the recipient to cover its estimated disbursements for an initial period generally geared to the awardee’s disbursing cycle. Thereafter, the award shall provide for reimbursing the recipient for its actual cash disbursements. The working capital advance method of payment shall not be used for recipients unwilling or unable to provide timely advances to their subrecipient to meet the subrecipient’s actual cash disbursements.

(g) To the extent available, recipients shall disburse funds available from repayments to and interest earned on a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(h) Unless otherwise required by statute, grants officers shall not withhold payments for proper charges made by recipients at any time during the project period unless:

(1) A recipient has failed to comply with the project objectives, the terms and conditions of the award, or Federal reporting requirements; or

(2) The recipient or subrecipient is delinquent in a debt to the United States under OMB Circular A-129, “Managing Federal Credit Programs” (see definitions of “debt” and “delinquent debt,” at 32 CFR 22.105). Under such conditions, the grants officer may, upon reasonable notice, inform the recipient that payments shall not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness to
§ 32.23 Cost sharing or matching.

(a) All contributions, including cash and third party in-kind, shall be accepted as part of the recipient’s cost sharing or matching when such contributions meet all of the following criteria:

1. Are verifiable from the recipient’s records.
2. Are not included as contributions for any other federally-assisted project or program.
3. Are necessary and reasonable for proper and efficient accomplishment of project or program objectives.
4. Are allowable under the applicable cost principles.
5. Are not paid by the Federal Government under another award, except

*See footnote 2 to §32.12(a).*
where authorized by Federal statute to be used for cost sharing or matching.

(6) Are provided for in the approved budget when required by the DoD Component.

(7) Conform to other provisions of this part, as applicable.

(b) Unrecovered indirect costs (see definition in §32.2) may be included as part of cost sharing or matching.

(c) Values for recipient contributions of services and property shall be established in accordance with the applicable cost principles. If a DoD Component authorizes recipients to donate buildings or land for construction/facilities acquisition projects or long-term use, the value of the donated property for cost sharing or matching shall be the lesser of:

(1) The certified value of the remaining life of the property recorded in the recipient’s accounting records at the time of donation; or

(2) The current fair market value. However, when there is sufficient justification, the DoD Component may approve the use of the current fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project. The DoD Component may accept the use of any reasonable basis for determining the fair market value of the property.

(d) Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services shall be consistent with those paid for similar work in the recipient’s organization. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable, but exclusive of overhead costs, provided these services are in the same skill for which the employee is normally paid.

(f) Donated supplies may include such items as office supplies, laboratory supplies or workshop and classroom supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(g) The method used for determining cost sharing or matching for donated equipment, buildings and land for which title passes to the recipient may differ according to the purpose of the award, if the purpose of the award is to:

(1) Assist the recipient in the acquisition of equipment, buildings or land, the total value of the donated property may be claimed as cost sharing or matching; or

(2) Support activities that require the use of equipment, buildings or land, normally only depreciation or use charges for equipment and buildings may be made. However, the full value of equipment or other capital assets and fair rental charges for land may be allowed, provided that the DoD Component has approved the charges.

(h) The value of donated property shall be determined in accordance with the usual accounting policies of the recipient, with the following qualifications.

(1) The value of donated land and buildings shall not exceed its fair market value at the time of donation to the recipient as established by an independent appraiser (e.g., certified real property appraiser or General Services Administration representative) and certified by a responsible official of the recipient.

(2) The value of donated equipment shall not exceed the fair market value of equipment of the same age and condition at the time of donation.

(3) The value of donated space shall not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.
§ 32.24 Program income.

(a) DoD Components shall apply the standards set forth in this section in requiring recipient organizations to account for program income related to projects financed in whole or in part with Federal funds.

(b) Except as provided in paragraph (h) of this section, program income earned during the project period shall be retained by the recipient and, in accordance with the terms and conditions of the award, shall be used in one or more of the following ways:

(1) Added to funds committed to the project by the DoD Component and recipient and used to further eligible project or program objectives.

(2) Used to finance the non-Federal share of the project or program.

(3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

(c) When a program regulation or award authorizes the disposition of program income as described in paragraphs (b)(1) or (b)(2) of this section, program income in excess of any limits stipulated shall be used in accordance with paragraph (b)(3) of this section.

(d) In the event that program regulations or the terms and conditions of the award do not specify how program income is to be used, paragraph (b)(3) of this section shall apply automatically to all projects or programs except research. For awards that support research, paragraph (b)(1) of this section shall apply automatically unless the terms and conditions specify another alternative or the recipient is subject to special award conditions, as indicated in §32.14.

(e) Unless program regulations or the terms and conditions of the award provide otherwise, recipients shall have no obligation to the Federal Government regarding program income earned after the end of the project period.

(f) If authorized by program regulations or the terms and conditions of the award, costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

(g) Proceeds from the sale of property shall be handled in accordance with the requirements of the Property Standards (see §§32.30 through 32.37).

(h) Unless program regulations or the terms and conditions of the award provide otherwise, recipients shall have no obligation to the Federal Government with respect to program income earned from license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under an award. Note that the Patent and Trademark Amendments (35 U.S.C. chapter 18) apply to inventions made under an experimental, developmental, or research award.

§ 32.25 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved during the award process. It may include either the sum of the Federal and non-Federal shares, or only the Federal share, depending upon DoD Component requirements. It shall be related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with this section.

(c) For nonconstruction awards, recipients shall request prior approvals from the cognizant grants officer for one or more of the following program or budget related reasons.

(1) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).
(2) Change in a key person specified in the application or award document.

(3) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(4) The need for additional Federal funding.

(5) The transfer of amounts budgeted for indirect costs to absorb increases in direct costs, or vice versa, if approval is required by the DoD Component. DoD Components should require this prior approval only in exceptional circumstances. The requirement in each such case must be stated in the award document.

(6) The inclusion, unless waived by the DoD Component, of costs that require prior approval in accordance with OMB Circular A–21,5 “Cost Principles for Institutions of Higher Education,” OMB Circular A–122,6 “Cost Principles for Non-Profit Organizations,” or Appendix E to 45 CFR part 74, “Principles for Determining Costs Applicable to Research and Development under Grants and Contracts with Hospitals,” or 48 CFR part 31, “Contract Cost Principles and Procedures,” as applicable. However, it should be noted that many of the prior approvals in these cost principles are appropriately waived only after consultation with the cognizant federal agency responsible for negotiating the recipient’s indirect costs.

(7) The transfer of funds allotted for training allowances (direct payment to trainees) to other categories of expense.

(8) Unless described in the application and funded in the approved awards, the subaward, transfer or contracting out of any work under an award. This provision does not apply to the purchase of supplies, material, equipment or general support services.

(9) If required by the DoD Component, the transfer of funds among direct cost categories that is described in paragraph (e) of this section.

(d) (1) Except for requirements listed in paragraphs (c)(1) and (c)(4) of this section, OMB Circular A–110 authorizes DoD Components, at their option, to waive cost-related and administrative prior written approvals required by this part and OMB Circulars A–21 and A–122 (but see cautionary note at end of paragraph (c)(5) of this section).

(2) The two prior approvals listed in paragraphs (d)(2)(i) and (ii) of this section are automatically waived unless the award document states otherwise. DoD Components should override this automatic waiver and require the prior approvals, especially for research awards, only in exceptional circumstances. Absent an override in the award terms and conditions, recipients need not obtain prior approvals before:

(i) Incurring pre-award costs 90 calendar days prior to award (incurring pre-award costs more than 90 calendar days prior to award would still require the prior approval of the DoD Component). All pre-award costs are incurred at the recipient’s risk (i.e., the DoD Component is under no obligation to reimburse such costs if for any reason the recipient does not receive an award or if the award is less than anticipated and inadequate to cover such costs).

(ii) Carrying forward unobligated balances to subsequent funding periods.

(3) Under certain conditions, a DoD Component may authorize a recipient to initiate, without prior approval, a one-time, no-cost extension (i.e., an extension in the expiration date of an award that does not require additional Federal funds) for a period of up to twelve months, as long as the no-cost extension does not involve a change in the approved objectives or scope of the project. The conditions for waiving this prior approval requirement are that the DoD Component must:

(i) Judge that the recipient’s subsequently initiating a one-time, no-cost extension would not cause the DoD Component to fail to comply with DoD funding policies (for further information on the location of DoD funding policies, grants officers may refer to Appendix C to 32 CFR part 22).

(ii) Require a recipient that wishes to initiate a one-time, no-cost extension to so notify the office that made the award at least 10 calendar days before the original expiration date of the award.

6 See footnote 1 to §32.1(a).
§ 32.26 Non-Federal audits.

(a) Recipients and subrecipients that are institutions of higher education or other non-profit organizations (including hospitals) shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–133, "Audits of States, Local Governments, and Non-Profit Organizations."

(b) State and local governments that are subrecipients shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501–7507) and revised OMB Circular A–133, "Audits of States, Local Governments, and Non-Profit Organizations."

(c) Hospitals that are subrecipients and are not covered by the audit provisions of revised OMB Circular A–133 shall be subject to the audit requirements specified in award terms and conditions.

(d) For-profit organizations that are subrecipients shall be subject to the audit requirements specified in 32 CFR 34.16.

§ 32.27 Allowable costs.

(a) General. For each kind of recipient or subrecipient of a cost-type assistance award, or each contractor receiving a cost-type contract under an assistance award, there is a set of Federal principles for determining allowable costs. Allowability of costs shall be determined in accordance with the

---

7See footnote 1 to §32.1(a).
cost principles applicable to the entity incurring the costs.

(b) Governmental organizations. Allowability of costs incurred by State, local or federally-recognized Indian tribal governments that may be subrecipients or contractors under awards subject to this part is determined in accordance with the provisions of OMB Circular A-87, "Cost Principles for State and Local Governments."

(c) Non-profit organizations. The allowability of costs incurred by non-profit organizations that may be recipients or subrecipients of awards subject to this part, or contractors under such awards, is determined in accordance with the provisions of OMB Circular A-122, "Cost Principles for Non-Profit Organizations."

(d) Higher educational institutions. The allowability of costs incurred by institutions of higher education that may be recipients, subrecipients, or contractors is determined in accordance with the provisions of OMB Circular A-21, "Cost Principles for Educational Institutions."

(e) Hospitals. The allowability of costs incurred by hospitals that are recipients, subrecipients, or contractors is determined in accordance with the provisions of Appendix E to 45 CFR part 74, "Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals."

(f) For-profit organizations. The allowability of costs incurred by subrecipients or contractors that are either for-profit organizations or non-profit organizations listed in Attachment C to Circular A-122 is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR part 31; however, the grants officer or the award terms and conditions may in rare cases authorize a determination of allowable costs that are in accordance with uniform cost accounting standards and comply with cost principles acceptable to the Department of Defense.

§ 32.28 Period of availability of funds.

Where a funding period is specified, a recipient may charge to the award only allowable costs resulting from obligations incurred during the funding period and any pre-award costs (see §32.25(d)(2)(i)) authorized by the DoD Component.

PROPERTY STANDARDS

§ 32.30 Purpose of property standards.

Sections 32.31 through 32.37 set forth uniform standards governing management and disposition of property furnished by the Federal Government and property whose cost was charged to a project supported by a Federal award. DoD Components shall require recipients to observe these standards under awards and shall not impose additional requirements, unless specifically required by Federal statute. The recipient may use its own property management standards and procedures provided it observes the provisions of §§32.31 through 32.37.

§ 32.31 Insurance coverage.

Recipients shall, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired with Federal funds as provided to property owned by the recipient. Federally-owned property need not be insured unless required by the terms and conditions of the award.

§ 32.32 Real property.

Each DoD Component that makes awards under which real property is acquired in whole or in part with Federal funds shall prescribe requirements for recipients concerning the use and disposition of such property. Unless otherwise provided by statute, such requirements, at a minimum, shall contain the following:

(a) Title to real property shall vest in the recipient subject to the condition that the recipient shall use the real property for the authorized purpose of the project as long as it is needed and shall not encumber the property without approval of the DoD Component.

(b) The recipient shall obtain written approval by the grants officer for the use of real property in other federally sponsored projects when the recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects

8See footnote 1 to §32.1(a).
§ 32.33 Federally-owned and exempt property.

(a) Federally-owned property. (1) Title to federally-owned property remains vested in the Federal Government. Recipients shall submit annually an inventory listing of federally-owned property in their custody to the DoD Component that made the award. Upon completion of the award or when the property is no longer needed, the recipient shall report the property to the DoD Component for further Federal agency utilization.

(2) If the DoD Component that made the award has no further need for the property, it shall be declared excess and either:

(i) Reported to the General Services Administration, in accordance with the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 483(b)(3)), as implemented by General Services Administration regulations at 41 CFR 101–47.202; or

(ii) Disposed of by alternative methods pursuant to other specific statutory authority. For example, DoD Components are authorized by the Federal Technology Transfer Act (15 U.S.C. 3710(i)), to donate research equipment to educational and non-profit organizations for the conduct of technical and scientific education and research activities—donations under this Act shall be in accordance with the DoD implementation of E.O. 12999 (3 CFR, 1996 Comp., p. 180), “Educational Technology: Ensuring Opportunity for All Children in the Next Century,” as applicable. Appropriate instructions shall be issued to the recipient by the DoD Component.

(b) Exempt property. (1) When statutory authority exists, a DoD Component may vest title to property acquired with Federal funds in the recipient without further obligation to the Federal Government and under conditions the DoD Component considers appropriate. For example, under 31 U.S.C. 6306, DoD Components may so vest title to tangible personal property under a grant or cooperative agreement for basic or applied research in a nonprofit institution of higher education or a nonprofit organization whose primary purpose is conducting scientific research. Such property is “exempt property.”

(2) As a matter of policy, DoD Components shall make maximum use of the authority of 31 U.S.C. 6306 to vest title to exempt property in institutions of higher education, without further obligation to the Government, to enhance the university infrastructure for future performance of defense research and related, science and engineering education.
(3) DoD Components may establish conditions, in regulation or in award terms and conditions, for vesting title to exempt property. Should a DoD Component not establish conditions, title to exempt property upon acquisition shall vest in the recipient without further obligation to the Federal Government.

§ 32.34 Equipment.

(a) Title to equipment acquired by a recipient with Federal funds shall vest in the recipient, subject to conditions of this section.

(b) The recipient shall not use equipment acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute, for as long as the Federal Government retains an interest in the equipment.

(c) The recipient shall use the equipment in the project or program for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds and shall not encumber the property without approval of the DoD Component that made the award. When no longer needed for the original project or program, the recipient shall use the equipment in connection with its other federally-sponsored activities, in the following order of priority:

(1) First, activities sponsored by the DoD Component that funded the original project.

(2) Second, activities sponsored by other DoD Components.

(3) Third, activities sponsored by other Federal agencies.

(d) During the time that equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs if such other use will not interfere with the work on the project or program for which the equipment was originally acquired. First preference for such other use shall be given to other projects or programs sponsored by the DoD Component that financed the equipment; second preference shall be given to projects or programs sponsored by other DoD Components; and third preference shall be given to projects or programs sponsored by other Federal agencies. If the property is owned by the Federal Government, use on other activities not sponsored by the Federal Government shall be permissible if authorized by the DoD Component that financed the property. User charges shall be treated as program income.

(e) When acquiring replacement equipment, the recipient may use the equipment to be replaced as trade-in or sell the equipment and use the proceeds to offset the costs of the replacement equipment subject to the approval of the DoD Component that financed the equipment.

(f) The recipient’s property management standards for equipment acquired with Federal funds and federally-owned property shall include all of the following:

(1) Records for equipment and federally-owned property shall be maintained accurately and shall include the following information:

(i) A description of the equipment or federally-owned property.

(ii) Manufacturer’s serial number, model number, Federal stock number, national stock number, or other identification number.

(iii) Source of the equipment or federally-owned property, including the award number.

(iv) Whether title vests in the recipient or the Federal Government.

(v) Acquisition date (or date received, if the property was furnished by the Federal Government) and cost.

(vi) Information from which one can calculate the percentage of Federal participation in the cost of the equipment (not applicable to property furnished by the Federal Government).

(vii) Location and condition of the equipment or federally-owned property and the date the information was reported.

(viii) Unit acquisition cost.

(ix) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates the DoD Component that made the award for its share.

(2) Property owned by the Federal Government shall be identified to indicate Federal ownership.
§ 32.34

(3) A physical inventory of equipment and federally-owned property shall be taken and the results reconciled with the equipment records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment or federally-owned property.

(4) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment or federally-owned property. Any loss, damage, or theft of equipment or federally-owned property shall be investigated and fully documented; if the property was owned by the Federal Government, the recipient shall promptly notify the DoD Component.

(5) Adequate maintenance procedures shall be implemented to keep the equipment or federally-owned property in good condition.

(6) Where the recipient is authorized or required to sell the equipment, proper sales procedures shall be established which provide for competition to the extent practicable and result in the highest possible return.

(g) When the recipient no longer needs the equipment, the equipment may be used for other activities in accordance with the following standards.

(1) For equipment with a current per unit fair market value of $5,000 or more, the recipient may retain the equipment for other uses provided that compensation is made to the DoD Component that originally made the award or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the equipment.

(2) If the recipient has no need for the equipment, the recipient shall request disposition instructions from the DoD Component. The DoD Component shall issue instructions to the recipient no later than 120 calendar days after the recipient’s request and the following procedures shall govern:

(i) The grants officer, in consultation with the program manager, shall judge whether the age and nature of the equipment warrant a screening procedure to determine whether the equipment is useful to a DoD Component or other Federal agency. If a screening procedure is warranted:

(A) The DoD Component shall determine whether the equipment can be used to meet DoD requirements.

(B) If no DoD requirement exists, the availability of the equipment shall be reported to the General Services Administration by the DoD Component to determine whether a requirement for the equipment exists in other Federal agencies.

(ii) If so instructed or if disposition instructions are not issued within 120 calendar days after the recipient’s request, the recipient shall sell the equipment and reimburse the DoD Component that made the award an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the recipient shall be permitted to deduct and retain from the Federal share $500 or ten percent of the proceeds, whichever is less, for the recipient’s selling and handling expenses.

(iii) If the recipient is instructed to ship the equipment elsewhere, the recipient shall be reimbursed by the Federal Government by an amount which is computed by applying the percentage of the recipient’s participation in the cost of the original project or program to the current fair market value of the equipment, plus any reasonable shipping or interim storage costs incurred.

(iv) If the recipient is instructed to otherwise dispose of the equipment, the recipient shall be reimbursed by the DoD Component that made the award for such costs incurred in its disposition.

(b) The DoD Component may reserve the right to transfer the title to the Federal Government or to a third party named by the Federal Government when such third party is otherwise eligible under existing statutes. Such transfer shall be subject to the following standards.
§ 32.36 Intangible property.

(a) The recipient may copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award. DoD Components reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.

(b) Recipients are subject to applicable regulations governing patents and inventions, including Governmentwide regulations issued by the Department of Commerce at 37 CFR part 401, "Rights to Inventions Made by Non-profit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements."

(c) The Federal Government has the right to:
(1) Obtain, reproduce, publish or otherwise use the data first produced under an award; and
(2) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

(d)(1) In addition, in response to a Freedom of Information Act (FOIA) request for research data relating to published research findings produced under an award that were used by the Federal Government in developing an agency action that has the force and effect of law, the DoD Component that made the award shall request, and the recipient shall provide, within a reasonable time, the research data so that they can be made available to the public through the procedures established under the FOIA. If the DoD Component that made the award obtains the research data solely in response to a FOIA request, the agency may charge the requester a reasonable fee equaling the full incremental cost of obtaining the research data. This fee should reflect costs incurred by the agency, the recipient, and applicable subrecipients. This fee is in addition to any fees the agency may assess under the FOIA (5 U.S.C. 552(a)(4)(A)).

(2) The following definitions apply for purposes of this paragraph (d):
   (i) Research data is defined as the recorded factual material commonly accepted in the scientific community as necessary to validate research findings, but not any of the following: preliminary analyses, drafts of scientific papers, plans for future research, peer reviews, or communications with colleagues. This “recorded” material excludes physical objects (e.g., laboratory samples). Research data also do not include:
§ 32.37 Property trust relationship.

Real property, equipment, intangible property and debt instruments that are acquired or improved with Federal funds shall be held in trust by the recipient as trustee for the beneficiaries of the project or program under which the property was acquired or improved. DoD Components may require recipients to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with Federal funds and that use and disposition conditions apply to the property.

PROCUREMENT STANDARDS

§ 32.40 Purpose of procurement standards.

Sections 32.41 through 32.48 set forth standards for use by recipients in establishing procedures for the procurement of supplies and other expendable property, equipment, real property and other services with Federal funds. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal statutes and executive orders.

§ 32.41 Recipient responsibilities.

The standards contained in this section do not relieve the recipient of the contractual responsibilities arising under its contract(s). The recipient is the responsible authority, without recourse to the DoD Component that made the award, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of an award or other agreement. This includes disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of statute are to be referred to such Federal, State or local authority as may have proper jurisdiction.

§ 32.42 Codes of conduct.

The recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the
recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipient.

§ 32.43 Competition.

All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be excluded from competing for such procurements. Awards shall be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the recipient, price, quality and other factors considered. Solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient. Any and all bids or offers may be rejected when it is in the recipient’s interest to do so.

§ 32.44 Procurement procedures.

(a) All recipients shall establish written procurement procedures. These procedures shall provide, at a minimum, that:

(1) Recipients avoid purchasing unnecessary items;
(2) Where appropriate, an analysis is made of lease and purchase alternatives to determine which would be the most economical and practical procurement; and
(3) Solicitations for goods and services provide for all of the following:

(i) A clear and accurate description of the technical requirements for the material, product or service to be procured. In competitive procurements, such a description shall not contain features which unduly restrict competition.
(ii) Requirements which the bidder/offeror must fulfill and all other factors to be used in evaluating bids or proposals.
(iii) A description, whenever practicable, of technical requirements in terms of functions to be performed or performance required, including the range of acceptable characteristics or minimum acceptable standards.
(iv) The specific features of “brand name or equal” descriptions that bidders are required to meet when such items are included in the solicitation.
(v) The acceptance, to the extent practicable and economically feasible, of products and services dimensioned in the metric system of measurement.
(vi) Preference, to the extent practicable and economically feasible, for products and services that conserve natural resources and protect the environment and are energy efficient.

(b) Positive efforts shall be made by recipients to utilize small businesses, minority-owned firms, and women’s business enterprises, whenever possible. Recipients of Federal awards shall take all of the following steps to further this goal:

(1) Ensure that small businesses, minority-owned firms, and women’s business enterprises are used to the fullest extent practicable.
(2) Make information on forthcoming opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women’s business enterprises.
(3) Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women’s business enterprises.
(4) Encourage contracting with consortiums of small businesses, minority-owned firms and women’s business enterprises when a contract is too large.
§ 32.45 Cost and price analysis.

Some form of cost or price analysis shall be made and documented in the procurement files in connection with every procurement action. Price analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability and allowability.

§ 32.46 Procurement records.

Procurement records and files for purchases in excess of the simplified acquisition threshold shall include the following at a minimum:

(a) Basis for contractor selection;
(b) Justification for lack of competition when competitive bids or offers are not obtained; and
(c) Basis for award cost or price.

§ 32.47 Contract administration.

A system for contract administration shall be maintained to ensure contractor conformance with the terms, conditions and specifications of the contract and to ensure adequate and timely follow up of all purchases. Recipients shall evaluate contractor performance and document, as appropriate, whether contractors have met the terms, conditions and specifications of the contract.

§ 32.48 Contract provisions.

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts:

(4) The proposed award over the simplified acquisition threshold is to be awarded to other than the apparent low bidder under a sealed bid procurement.

(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the amount of the simplified acquisition threshold.

§ 32.45 Cost and price analysis.

Some form of cost or price analysis shall be made and documented in the procurement files in connection with every procurement action. Price analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability and allowability.

§ 32.46 Procurement records.

Procurement records and files for purchases in excess of the simplified acquisition threshold shall include the following at a minimum:

(a) Basis for contractor selection;
(b) Justification for lack of competition when competitive bids or offers are not obtained; and
(c) Basis for award cost or price.

§ 32.47 Contract administration.

A system for contract administration shall be maintained to ensure contractor conformance with the terms, conditions and specifications of the contract and to ensure adequate and timely follow up of all purchases. Recipients shall evaluate contractor performance and document, as appropriate, whether contractors have met the terms, conditions and specifications of the contract.

§ 32.48 Contract provisions.

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts:

(4) The proposed award over the simplified acquisition threshold is to be awarded to other than the apparent low bidder under a sealed bid procurement.

(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the amount of the simplified acquisition threshold.

§ 32.45 Cost and price analysis.

Some form of cost or price analysis shall be made and documented in the procurement files in connection with every procurement action. Price analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability and allowability.

§ 32.46 Procurement records.

Procurement records and files for purchases in excess of the simplified acquisition threshold shall include the following at a minimum:

(a) Basis for contractor selection;
(b) Justification for lack of competition when competitive bids or offers are not obtained; and
(c) Basis for award cost or price.

§ 32.47 Contract administration.

A system for contract administration shall be maintained to ensure contractor conformance with the terms, conditions and specifications of the contract and to ensure adequate and timely follow up of all purchases. Recipients shall evaluate contractor performance and document, as appropriate, whether contractors have met the terms, conditions and specifications of the contract.

§ 32.48 Contract provisions.

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts:
Office of the Secretary of Defense

§ 32.49

(a) Contracts in excess of the simplified acquisition threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(b) All contracts in excess of the simplified acquisition threshold shall contain suitable provisions for termination by the recipient, including the manner by which termination shall be effected and the basis for settlement. In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(c) Except as otherwise required by statute, an award that requires the contracting (or subcontracting) for construction or facility improvements shall provide for the recipient to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds $100,000. For those contracts or subcontracts exceeding $100,000, the DoD Component may accept the bonding policy and requirements of the recipient, provided the grants officer has made a determination that the Federal Government’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and material in the execution of the work provided for in the contract.

(4) Where bonds are required in the situations described in §§ 32.40 through 32.49, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR part 223, “Surety Companies Doing Business with the United States.”

(d) All negotiated contracts (except those for less than the simplified acquisition threshold) awarded by recipients shall include a provision to the effect that the recipient, the Department of Defense, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(e) All contracts, including those for amounts less than the simplified acquisition threshold, by recipients and their contractors shall contain the procurement provisions of Appendix A to this part, as applicable.

Under the Resource Conservation and Recovery Act (RCRA) (section 6002, Pub. L. 94–580, 42 U.S.C. 6962), any State agency or agency of a political subdivision of a State which is using appropriated Federal funds must comply with section 6002. Section 6002 requires that preference be given in procurement programs to the purchase of specific products containing recycled materials identified in guidelines developed by the Environmental Protection Agency (EPA) (40 CFR parts 247–254). Accordingly, State and local institutions of higher education, hospitals, and non-profit organizations that receive direct Federal awards or other Federal funds shall give preference in their procurement programs funded with Federal funds to the purchase of
§ 32.50 Purpose of reports and records.

Sections 32.51 through 32.53 set forth the procedures for monitoring and reporting on the recipient’s financial and program performance and the necessary standard reporting forms. They also set forth record retention requirements.

§ 32.51 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by the award. Recipients shall monitor subawards to ensure sub-recipient have met the audit requirements as delineated in §32.26.

(b) The award terms and conditions shall prescribe the frequency with which the performance reports shall be submitted. Except as provided in paragraph (f) of this section, performance reports shall not be required more frequently than quarterly or less frequently than annually. Annual reports shall be due 90 calendar days after the award year; quarterly or semi-annual reports shall be due 30 calendar days after the reporting period. DoD Components may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report shall not be required after completion of the project.

(d) When required, performance reports shall generally contain, for each award, brief information on each of the following:

(1) A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs. However, unit costs are generally inappropriate for research (see §32.21(a) and (b)(4)).

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(e) Recipients shall not be required to submit more than the original and two copies of performance reports.

(f) Recipients shall immediately notify the grants officer of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) DoD Components’ representatives may make site visits, as needed.

(h) DoD Components shall comply with applicable clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

§ 32.52 Financial reporting.

(a) The following forms or such other forms as may be approved by OMB are authorized for obtaining financial information from recipients:

(1) SF–269 or SF–269A. Financial Status Report. (i) DoD Components shall require recipients to use the SF–269 or SF–269A to report the status of funds for all nonconstruction projects or programs. A DoD Component may, however, have the option of not requiring the SF–269 or SF–269A when the SF–270, Request for Advance or Reimbursement, or SF–272, Report of Federal Cash Transactions, is determined to provide adequate information to meet agency needs, except that a final SF–269 or SF–269A shall be required at the completion of the project when the SF–270 is used only for advances.

(ii) The DoD Component shall prescribe whether the report shall be on a cash or accrual basis. If the award requires accrual information and the recipient’s accounting records are not normally kept on the accrual basis, the
recipient shall not be required to convert its accounting system, but shall develop such accrual information through best estimates based on an analysis of the documentation on hand.

(iii) The DoD Component shall determine the frequency of the Financial Status Report for each project or program, considering the size and complexity of the particular project or program. However, the report shall not be required more frequently than quarterly or less frequently than annually. A final report shall be required at the completion of the award.

(iv) The DoD Component shall require recipients to submit the SF–269 or SF–269A (an original and no more than two copies) no later than 30 calendar days after the end of each specified reporting period for quarterly and semi-annual reports, and 90 calendar days for annual and final reports. Extensions of reporting due dates may be approved by the grants officer upon request of the recipient.

(v) DoD Components may waive the requirement for submission of the SF–272 for any one of the following reasons:

(A) When monthly advances do not exceed $25,000 per recipient, provided that such advances are monitored through other forms contained in this section;

(B) If, in the grants officer’s opinion, the recipient’s accounting controls are adequate to minimize excessive Federal advances; or

(C) When electronic payment mechanisms or SF–270 forms provide adequate data.

(b) When the DoD Component needs additional information or more frequent reports, the following shall be observed:

(1) When additional information is needed to comply with legislative requirements, grants officers shall issue instructions to require recipients to submit such information under the “Remarks” section of the reports.

(2) When a grants officer, after consultation with the Federal agency assigned cognizance for a recipient’s audit and audit resolution, determines that the recipient’s accounting system does not meet the standards in §32.21, additional pertinent information to further monitor awards may be obtained upon written notice to the recipient until such time as the system is brought up to standard. The grants officer, in obtaining this information, shall comply with applicable report clearance requirements of 5 CFR part 1320.

(3) Grants officers are encouraged to shade out any line item on any report if not necessary.

(4) DoD Components are encouraged to accept the identical information from the recipients in machine readable format or computer printouts or electronic outputs in lieu of prescribed formats.

(5) DoD Components may provide computer or electronic outputs to recipients when it expedites or contributes to the accuracy of reporting.

§32.53 Retention and access requirements for records.

(a) This section sets forth requirements for record retention and access
§ 32.53 32 CFR Ch. I (7–1–02 Edition)

to records for awards to recipients. DoD Components shall not impose any other record retention or access requirements upon recipients.

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final expenditure report. The only exceptions are the following:

(1) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

(2) Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

(3) When records are transferred to or maintained by the DoD Component that made the award, the 3-year retention requirement is not applicable to the recipient.

(4) Indirect cost rate proposals, cost allocations plans, and related records, for which retention requirements are specified in paragraph (g) of this section.

(c) Copies of original records may be substituted for the original records if authorized by the grants officer.

(d) The grants officer shall request that recipients transfer certain records to DoD Component custody when he or she determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, a grants officer may make arrangements for recipients to retain any records that are continuously needed for joint use.

(e) DoD Components, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient’s personnel for the purpose of interview and discussion related to such documents.

The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) Unless required by statute, no DoD Component shall place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when the DoD Component can demonstrate that such records shall be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to the DoD Component making the award.

(g) Indirect cost rate proposals, cost allocations plans, etc. Paragraphs (g)(1) and (g)(2) of this section apply to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(1) If submitted for negotiation. If the recipient submits an indirect-cost proposal, plan, or other computation to the Federal agency responsible for negotiating the recipient’s indirect cost rate, as the basis for negotiation of the rate, or the subrecipient submits such a proposal, plan, or computation to the recipient, then the 3-year retention period for its supporting records starts on the date of such submission.

(2) If not submitted for negotiation. If the recipient is not required to submit to the cognizant Federal agency or the subrecipient is not required to submit to the recipient the proposal, plan, or other computation for negotiation purposes, then the 3-year retention period for the proposal, plan, or other computation and its supporting records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(h) If the information described in this section is maintained on a computer, recipients shall retain the computer data on a reliable medium for the time periods prescribed. Recipients may transfer computer data in machine readable form from one reliable...
computer medium to another. Recipients’ computer data retention and transfer procedures shall maintain the integrity, reliability, and security of the original computer data. Recipients shall also maintain an audit trail describing the data transfer. For the retention time periods prescribed in this section, recipients shall not destroy, discard, delete, or write over such computer data.

**TERMINATION AND ENFORCEMENT**

§ 32.60 Purpose of termination and enforcement.

Sections 32.61 and 32.62 set forth uniform suspension, termination and enforcement procedures.

§ 32.61 Termination.

(a) Awards may be terminated in whole or in part only as follows:

(1) By the grants officer, if a recipient materially fails to comply with the terms and conditions of an award;

(2) By the grants officer with the consent of the recipient, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated; or

(3) By the recipient upon sending to the grants officer written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. The recipient must provide such notice at least 30 calendar days prior to the effective date of the termination. However, if the grants officer determines in the case of partial termination that the reduced or modified portion of the award will not accomplish the purposes for which the award was made, he or she may terminate the award in its entirety.

(b) If costs are allowed under an award, the responsibilities of the recipient referred to in §32.71, including those for property management as applicable, shall be considered in the termination of the award, and provision shall be made for continuing responsibilities of the recipient after termination, as appropriate.

§ 32.62 Enforcement.

(a) Remedies for noncompliance. If a recipient materially fails to comply with the terms and conditions of an award, whether stated in a Federal statute, regulation, assurance, application, or notice of award, the grants officer may, in addition to imposing any of the special conditions outlined in §32.14, take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the recipient or more severe enforcement action by the grants officer and DoD Component.

(2) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award.

(4) Withhold further awards for the project or program.

(5) Take other remedies that may be legally available.

(b) Hearings and appeals. In taking an enforcement action, the DoD Component shall provide the recipient an opportunity for hearing, appeal, or other administrative proceeding to which the recipient is entitled under any statute or regulation applicable to the action involved. Award terms or conditions will incorporate the procedures of 32 CFR 22.815 for processing recipient claims and disputes and for deciding appeals of grants officers’ decisions.

(c) Effects of suspension and termination. Costs of a recipient resulting from obligations incurred by the recipient during a suspension or after termination of an award are not allowable unless the grants officer expressly authorizes them in the notice of suspension or termination or subsequently. Other recipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if the costs:

(1) Result from obligations which were properly incurred by the recipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are noncancellable; and
(2) Would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude a recipient from being subject to debarment and suspension under 32 CFR part 25.

Subpart D—After-the-Award Requirements

§ 32.70 Purpose.
Sections 32.71 through 32.73 contain closeout procedures and other procedures for subsequent disallowances and adjustments.

§ 32.71 Closeout procedures.
(a) Recipients shall submit, within 90 calendar days after the date of completion of the award, all financial, performance, and other reports required by the terms and conditions of the award. The grants officer may approve extensions when requested by the recipient.

(b) Unless the grants officer authorizes an extension, a recipient shall liquidate all obligations incurred under the award not later than 90 calendar days after the funding period or the date of completion as specified in the terms and conditions of the award or in agency implementing instructions.

(c) The responsible grants officer and payment office shall expedite completion of steps needed to close out awards and make prompt, final payments to a recipient for allowable reimbursable costs under the award being closed out.

(d) The recipient shall promptly refund any balances of unobligated cash that the DoD Component has advanced or paid and that is not authorized to be retained by the recipient for use in other projects. OMB Circular A–129 governs unreturned amounts that become delinquent debts (see 32 CFR 22.820).

(e) When authorized by the terms and conditions of the award, the grants officer shall make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

(f) The recipient shall account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with §§ 32.31 through 32.37.

(g) In the event a final audit has not been performed prior to the closeout of an award, the DoD Component shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

§ 32.72 Subsequent adjustments and continuing responsibilities.
(a) The closeout of an award does not affect any of the following:
(1) The right of the Department of Defense to disallow costs and recover funds on the basis of a later audit or other review.
(2) The obligation of the recipient to return any funds due as a result of later refunds, corrections, or other transactions.
(3) Audit requirements in § 32.26.
(4) Property management requirements in §§ 32.31 through 32.37.
(5) Records retention as required in § 32.53.

§ 32.73 Collection of amounts due.
(a) Any funds paid to a recipient in excess of the amount to which the recipient is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government.

(b) OMB Circular A–110 informs each Federal agency that:

Recipients will be informed about pertinent procedures and timeframes through the written notices of grants officers' decisions and demands for payment.

APPENDIX A TO PART 32—CONTRACT PROVISIONS

All contracts awarded by a recipient, including those for amounts less than the simplified acquisition threshold, shall contain the following provisions as applicable:

2. Copeland "Anti-Kickback" Act (18 U.S.C. 874 and 40 U.S.C. 276c)—All contracts and subcontracts include a provision for compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874), as supplemented by Department of Labor regulations (29 CFR part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subcontract shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the responsible DoD Component.

3. Davis-Bacon Act, as amended (40 U.S.C. 276a to a-7)—This Act applies to procurements under awards only when the Federal program legislation specifically makes it apply (i.e., Davis-Bacon does not by itself apply to procurements under awards). In cases where another statute does make the Davis-Bacon Act apply, all construction contracts awarded by the recipients and sub-recipients of more than $2,000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction"). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to the Federal awarding agency.

4. Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333)—Where applicable, all contracts awarded by recipients in excess of $100,000 for construction or other purposes that involve the employment of mechanics or laborers shall include a provision for compliance with sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333), as supplemented by Department of Labor regulations (29 CFR part 5). Under section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

5. Rights to Inventions Made Under a Contract, Grant or Cooperative Agreement—Contracts, grants, or cooperative agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations.
6. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended—Contracts and subawards of amounts in excess of $100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the responsible DoD Component and the Regional Office of the Environmental Protection Agency (EPA).

8. Debarment and Suspension (E.O.s 12549 and 12689)—Contract awards that exceed the simplified acquisition threshold and certain other contract awards shall not be made to parties listed on the General Services Administration’s Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs in accordance with E.O.s 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235). “Debarment and Suspension.” This list contains the names of parties debarred, suspended, or otherwise excluded under statutory or regulatory authority other than E.O. 12549. Contractors with awards that exceed the simplified acquisition threshold shall provide the required certification regarding its exclusion status and that of its principals.

PART 33—UNIFORM ADMINISTRATIVE REQUIREMENTS FOR GRANTS AND COOPERATIVE AGREEMENTS TO STATE AND LOCAL GOVERNMENTS

Subpart A—General

33.1 Purpose and scope of this part.
to State, local and Indian tribal governments.

§ 33.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 33.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for:

1. Goods and other tangible property received;
2. Services performed by employees, contractors, subgrantees, subcontractors, and other payees; and
3. Other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of:

1. Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and
2. Amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee’s regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from “programmatic” requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means:

1. With respect to a grant, the Federal agency, and
2. With respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee’s cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for “grant” and “subgrant” in this section and except where qualified by “Federal”) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means:

1. For nonconstruction grants, the SF–269 “Financial Status Report” (or other equivalent report);
2. For construction grants, the SF–271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement
Act, 85 Stat. 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

*Government* means a State or local government or a federally recognized Indian tribal government.

*Grant* means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

*Grantee* means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

*Local government* means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under State law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

*Obligations* means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

*OMB* means the United States Office of Management and Budget.

*Outlays* (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

*Percentage of completion method* refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee’s cost incurred.

*Prior approval* means documentation evidencing consent prior to incurring specific cost.

*Real property* means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

*Share*, when referring to the awarding agency’s portion of real property, equipment or supplies, means the same percentage as the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

*State* means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

*Subgrant* means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial

(2) The block grants authorized by the Omnibus Budget Reconciliation Act of 1981 (Community Services; Preventive Health and Health Services; Alcohol, Drug Abuse, and Mental Health Services; Maternal and Child Health Services; Social Services; Low-Income Home Energy Assistance; States’ Program of Community Development Block Grants for Small Cities; and Elementary and Secondary Education other than programs administered by the Secretary of Education under title V, subtitle D, chapter 2, section 583—the Secretary’s discretionary grant program) and titles I-III of the Job Training Partnership Act of 1982 and under the Public Health Services Act (section 1921), Alcohol and Drug Abuse Treatment and Rehabilitation Block Grant and part C of title V, Mental Health Service for the Homeless Block Grant).

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than “equipment” as defined in this part.

Suspension means depending on the context, either:

(1) Temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or

(2) An action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. “Termination” does not include:

(1) Withdrawal of funds awarded on the basis of the grantee’s underestimate of the unobligated balance in a prior period;

(2) Withdrawal of the unobligated balance as of the expiration of a grant;

(3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or

(4) Voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

(c) Exceptions on a case-by-case basis and for subgrantees may be authorized by the affected Federal agencies.

Subpart B—Pre-Award Requirements

§ 33.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants,
and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF–424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

§ 33.11 State plans.

(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions.

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect:

(1) New or revised Federal statutes or regulations or

(2) A material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.

§ 33.12 Special grant or subgrant conditions for "high-risk" grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or

(2) Is not financially stable, or

(3) Has a management system which does not meet the management standards set forth in this part, or

(4) Has not conformed to terms and conditions of previous awards, or

(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;

(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;

(3) Requiring additional, more detailed financial reports;

(4) Additional project monitoring;
§ 33.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and

(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees’ cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same
standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 33.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency’s payments to the grantee or subgrantee will be based on the grantee’s or subgrantee’s actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee’s disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee’s actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—

(i) The grantee or subgrantee has failed to comply with grant award conditions or

(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §33.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are
encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(1) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§ 33.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and

(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

§ 33.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF—269). The Federal agency may extend this deadline at the request of the grantee.

§ 33.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.
§ 33.24—Volunteer services

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §33.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §33.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count towards satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantees or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect cost. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee’s or subgrantee’s organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee’s normal line of work, the services will be valued at the employee’s regular rate of pay exclusive of the employee’s fringe benefits and overhead costs. If the services
§ 33.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc., and interest earned on any of them.
§ 33.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which exceeds $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A-
110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A–110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, §33.36 shall be followed.

Changes, Property, and Subawards

§33.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §33.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and nonconstruction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from nonconstruction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

(1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

(2) Need to extend the period of availability of funds.

(3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a
change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of §33.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget format as the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see §33.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee’s approved project which requires Federal prior approval, the grantee will obtain the Federal agency’s approval before approving the subgrantee’s request.

§ 33.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency’s percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.

(3) Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee’s percentage of participation in the purchase of the real property to the current fair market value of the property.
§ 33.32  Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in §33.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency’s share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.
(f) Federal equipment. In the event a grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.
(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.
(3) When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third party named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

(1) The property shall be identified in the grant or otherwise made known to the grantee in writing.
(2) The Federal awarding agency shall issue disposition instruction within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow §33.32(e).
(3) When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§33.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and
(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§33.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension."

§33.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.
(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.
(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No
§ 33.36 32 CFR Ch. I (7–1–02 Edition)

employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,

(ii) Any member of his immediate family,

(iii) His or her partner,

(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee’s or subgrantee’s officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee’s and subgrantee’s officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and
resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee’s or subgrantee’s protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §33.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used,
§ 33.36

price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §33.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:
(A) A complete, adequate, and realistic specification or purchase description is available;
(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and
(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:
(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;
(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;
(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;
(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and
(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;
(ii) Proposals will be solicited from an adequate number of qualified sources;
(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;
(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors’ qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:
(A) The item is available only from a single source;
(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
(C) The awarding agency authorizes noncompetitive proposals; or
(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women’s business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women’s business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women’s business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women’s business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor’s investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §33.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or
§ 33.36

32 CFR Ch. I (7–1–02 Edition)

Service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee’s and subgrantee’s contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other.
clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). (Construction contracts awarded by grantees and subgrantees when required by Federal grant program legislation)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94–163, 80 Stat. 871).

§ 33.37 Subgrants.

(a) States. States shall follow State law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statute and regulation;

(3) Ensure that a provision for compliance with §33.42 is placed in every cost reimbursement subgrant; and

(4) Conform any advances of grant funds to subgrantees substantially to the same standards of timing and
§ 33.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.
§ 33.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplemental or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all nonconstruction grants and for construction grants when required in accordance with §33.41(e)(2)(iii).

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee’s accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the
§ 33.41 32 CFR Ch. 1 (7–1–02 Edition)

reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—

(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a., unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days’ needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. (For reimbursement requests under construction grants, see paragraph (e)(1) of this section.)

(3) The frequency for submitting payment requests is treated in § 33.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs—(1) Grants that support construction activities paid by reimbursement method. (i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in § 33.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in § 33.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance. (i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advance, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction. However, frequency and due date shall be governed by § 33.41(b)(3) and (4).

(ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in § 33.41(d).

(iii) The Federal agency may substitute the Financial Status Report specified in § 33.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.
§ 33.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:
   (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or
   (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

   (2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see § 33.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

   (2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

   (3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

   (c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year’s records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

   (2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

   (3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee’s fiscal year in which the income is earned.

   (4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

      (i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

      (ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period).
§ 33.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency.

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award for the grantee’s or subgrantee’s program.

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under E.O. 12549 (see §33.35).

§ 33.44 Termination for convenience.

Except as provided in §33.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or
§ 33.52 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:

1. Making an administrative offset against other requests for reimbursements.
2. Withholding advance payments otherwise due to the grantee.
3. Other action permitted by law.

(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

Subpart E—Entitlement [Reserved]
PART 34—ADMINISTRATIVE REQUIREMENTS FOR GRANTS AND AGREEMENTS WITH FOR-PROFIT ORGANIZATIONS

Subpart A—General

§ 34.1 Purpose.
(a) This part prescribes administrative requirements for awards to for-profit organizations.

(b) Applicability to prime awards and subawards is as follows:
(i) Prime awards. DoD Components shall apply the provisions of this part to awards to for-profit organizations. DoD Components shall not impose requirements that are in addition to, or inconsistent with, the requirements provided in this part, except:
(ii) In accordance with the deviation procedures or special award conditions in §34.3 or §34.4, respectively; or
(iii) As required by Federal statute, Executive order, or Federal regulation implementing a statute or Executive order.

(ii) Subawards. (i) Any legal entity (including any State, local government, university or other nonprofit organization, as well as any for-profit entity) that receives an award from a DoD Component shall apply the provisions of this part to subawards with for-profit organizations. It should be noted that subawards (see definition in §34.2) are financial assistance for substantive programmatic performance and do not include recipients’ procurement of goods and services.

(ii) For-profit organizations that receive prime awards covered by this part shall apply to each subaward the administrative requirements that are applicable to the particular type of subrecipient (e.g., 32 CFR part 33 specifies requirements for subrecipients that are States or local governments, and 32 CFR part 32 contains requirements for universities or other nonprofit organizations).

§ 34.2 Definitions.
The following are definitions of terms as used in this part. Grants officers are cautioned that terms may be defined differently in this part than they are in other parts of the DoD Grant and Agreement Regulations (DoDGARs).
Advance. A payment made by Treasury check or other appropriate payment mechanism to a recipient upon its request either before outlays are made by the recipient or through the use of predetermined payment schedules.

Award. A grant or cooperative agreement.

Cash contributions. The recipient’s cash outlay, including the outlay of money contributed to the recipient by third parties.

Closeout. The process by which the grants officer administering an award made by a DoD Component determines that all applicable administrative actions and all required work of the award have been completed by the recipient and DoD Component.

Contract. Either:
(1) A procurement contract made by a recipient under a DoD Component’s award or by a subrecipient under a subaward; or
(2) A procurement subcontract under a contract awarded by a recipient or subrecipient.

Cost sharing or matching. That portion of project or program costs not borne by the Federal Government.

Disallowed costs. Those charges to an award that the grants officer administering an award made by a DoD Component determines to be unallowable, in accordance with the applicable Federal cost principles or other terms and conditions contained in the award.

DoD Component. A Military Department, Defense Agency, DoD Field Activity, or organization within the Office of the Secretary of Defense that provides or administers an award to a recipient.

Equipment. Tangible nonexpendable personal property charged directly to the award having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. That definition applies for the purposes of the Federal administrative requirements in this part. However, the recipient’s policy may be to use a lower dollar value for defining “equipment,” and nothing in this part should be construed as requiring the recipient to establish a higher limit for purposes other than the administrative requirements in this part.

Excess property. Property under the control of any DoD Component that, as determined by the head thereof, is no longer required for its needs or the discharge of its responsibilities.

Expenditures. See the definition for outlays in this section.

Federally owned property. Property in the possession of, or directly acquired by, the Government and subsequently made available to the recipient.

Funding period. The period of time when Federal funding is available for obligation by the recipient.

Intellectual property. Intangible personal property such as patents and patent applications, trademarks, copyrights, technical data, and software rights.

Obligations. The amounts of orders placed, contracts and grants awarded, services received and similar transactions during a given period that require payment by the recipient during the same or a future period.

Outlays or expenditures. Charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense charged, the value of third party in-kind contributions applied and the amount of cash advances and payments made to subrecipients. For reports prepared on an accrual basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the net increase (or decrease) in the amounts owed by the recipient for goods and other property received, for services performed by employees, contractors, subrecipients and other payees and other amounts becoming owed under programs for which no current services or performance are required.

Personal property. Property of any kind except real property. It may be:
(1) Tangible, having physical existence (i.e., equipment and supplies); or
(2) Intangible, having no physical existence, such as patents, copyrights, data and software.
§ 34.2 Prior approval. Written or electronic approval by an authorized official evidencing prior consent.

Program income. Gross income earned by the recipient that is directly generated by a supported activity or earned as a result of the award. Program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights, and interest on loans made with award funds. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in program regulations or the terms and conditions of the award, program income does not include the receipt of principal on loans, rebates, credits, discounts, etc., or interest earned on any of them.

Project costs. All allowable costs, as set forth in the applicable Federal cost principles, incurred by a recipient and the value of the contributions made by third parties in accomplishing the objectives of the award during the project period.

Project period. The period established in the award document during which Federal sponsorship begins and ends.

Property. Real property and personal property (equipment, supplies, and intellectual property), unless stated otherwise.

Real property. Land, including land improvements, structures and appurtenances thereto, but excludes movable machinery and equipment.

Recipient. A for-profit organization receiving an award directly from a DoD Component to carry out a project or program.

Research. Basic, applied, and advanced research activities. Basic research is defined as efforts directed toward increasing knowledge or understanding in science and engineering. Applied research is defined as efforts that attempt to determine and exploit the potential of scientific discoveries or improvements in technology, such as new materials, devices, methods, and processes. Advanced research is advanced technology development that demonstrates the viability of applying existing technology to new products and processes in a general way, is most closely analogous to precommercialization or precompetitive technology development in the commercial sector (it does not include development of military systems and hardware where specific requirements have been defined).

Small award. An award not exceeding the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently $100,000).

Small business concern. A concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it has applied for an award, and qualified as a small business under the criteria and size standards in 13 CFR part 121. For more details, grants officers should see 48 CFR part 19 in the “Federal Acquisition Regulation.”

Subaward. Financial assistance in the form of money, or property in lieu of money, provided under an award by a recipient to an eligible subrecipient or by a subrecipient to a lower tier subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but the term includes neither procurement of goods and services nor any form of assistance which is excluded from the definition of “award” in this section.

Subrecipient. The legal entity to which a subaward is made and which is accountable to the recipient for the use of the funds provided.

Supplies. Tangible expendable personal property that is charged directly to the award and that has a useful life of less than one year or an acquisition cost of less than $5000 per unit.

Suspension. An action by a DoD Component that temporarily withdraws Federal sponsorship under an award, pending corrective action by the recipient or pending a decision to terminate the award by the DoD Component. Suspension of an award is a separate action from suspension of a recipient under 32 CFR part 25.

Termination. The cancellation of an award, in whole or in part, under an agreement at any time prior to either:
(1) The date on which all work under an award is completed; or
(2) The date on which Federal sponsorship ends, as given on the award document or any supplement or amendment thereto.

Third party in-kind contributions. The value of non-cash contributions provided by non-Federal third parties. Third party in-kind contributions may be in the form of real property, equipment, supplies and other expendable property, and the value of goods and services directly benefiting and specifically identifiable to the project or program.

Unobligated balance. The portion of the funds authorized by a DoD Component that has not been obligated by the recipient and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§34.3 Deviations.
(a) Individual deviations. Individual deviations affecting only one award may be approved by DoD Components in accordance with procedures stated in 32 CFR 21.125(a).
(b) Small awards. DoD Components may apply less restrictive requirements than the provisions of this part when awarding small awards, except for those requirements which are statutory.
(c) Other class deviations. For classes of awards other than small awards, the Director, Defense Research and Engineering, or his or her designee, may grant exceptions from the requirements of this part when exceptions are not prohibited by statute. DoD Components shall request approval for such deviations in accordance with 32 CFR 21.125(b) and (c).

§34.4 Special award conditions.
(a) Grants officers may impose additional requirements as needed, over and above those provided in this part, if an applicant or recipient:
(1) Has a history of poor performance;
(2) Is not financially stable;
(3) Has a management system that does not meet the standards prescribed in this part;
(4) Has not conformed to the terms and conditions of a previous award; or
(5) Is not otherwise responsible.
(b) Before imposing additional requirements, DoD Components shall notify the applicant or recipient in writing as to:
(1) The nature of the additional requirements;
(2) The reason why the additional requirements are being imposed;
(3) The nature of the corrective action needed;
(4) The time allowed for completing the corrective actions; and
(5) The method for requesting reconsideration of the additional requirements imposed.
(d) Grants officers:
(1) Should coordinate the imposition and removal of special award conditions with the cognizant grants administration office identified in 32 CFR 22.710.
(2) Shall include in the award file the written notification to the recipient, described in paragraph (b) of this section, and the documentation required by 32 CFR 22.410(b).

Subpart B—Post-award Requirements

FINANCIAL AND PROGRAM MANAGEMENT

§34.10 Purpose of financial and program management.
Sections 34.11 through 34.17 prescribe standards for financial management systems; methods for making payments; and rules for cost sharing and matching, program income, revisions to budgets and program plans, audits, allowable costs, and fee and profit.

§34.11 Standards for financial management systems.
(a) Recipients shall be allowed and encouraged to use existing financial management systems established for doing business in the commercial marketplace, to the extent that the systems comply with Generally Accepted Accounting Principles (GAAP) and the minimum standards in this section. As a minimum, a recipient’s financial management system shall provide:
(1) Effective control of all funds. Control systems must be adequate to ensure that costs charged to Federal funds and those counted as the recipient’s cost share or match are consistent with requirements for cost reasonableness, allowability, and allocability in the applicable cost principles (see §34.17) and in the terms and conditions of the award.

(2) Accurate, current and complete records that document for each project funded wholly or in part with Federal funds the source and application of the Federal funds and the recipient’s required cost share or match. These records shall:

(i) Contain information about receipts, authorizations, assets, expenditures, program income, and interest.

(ii) Be adequate to make comparisons of outlays with budgeted amounts for each award (as required for programmatic and financial reporting under §34.41. Where appropriate, financial information should be related to performance and unit cost data. Note that unit cost data are generally not appropriate for awards that support research.

(3) To the extent that advance payments are authorized under §34.12, procedures that minimize the time elapsing between the transfer of funds to the recipient from the Government and the recipient’s disbursement of the funds for program purposes.

(4) The recipient shall have a system to support charges to Federal awards for salaries and wages, whether treated as direct or indirect costs. Where employees work on multiple activities or cost objectives, a distribution of their salaries and wages will be supported by personnel activity reports which must:

(i) Reflect an after the fact distribution of the actual activity of each employee.

(ii) Account for the total activity for which each employee is compensated.

(iii) Be prepared at least monthly, and coincide with one or more pay periods.

(b) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the DoD Component, at its discretion, may require adequate bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(c) The DoD Component may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government’s interest.

(d) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 223. “Surety Companies Doing Business with the United States.”

§34.12 Payment.

(a) Methods available. Payment methods for awards with for-profit organizations are:

(1) Reimbursement. Under this method, the recipient requests reimbursement for costs incurred during a time period. In cases where the recipient submits each request for payment to the grants officer, the DoD payment office reimburses the recipient by electronic funds transfer or check after approval of the request by the grants officer designated to do so.

(2) Advance payments. Under this method, a DoD Component makes a payment to a recipient based upon projections of the recipient’s cash needs. The payment generally is made upon the recipient’s request, although predetermined payment schedules may be used when the timing of the recipient’s needs to disburse funds can be predicted in advance with sufficient accuracy to ensure compliance with paragraph (b)(2)(iii) of this section.

(b) Selecting a method. (1) The preferred payment method is the reimbursement method, as described in paragraph (a)(1) of this section.

(2) Advance payments, as described in paragraph (a)(2) of this section, may be used in exceptional circumstances, subject to the following conditions:

(i) The grants officer, in consultation with the program official, must judge that advance payments are necessary or will materially contribute to the probability of success of the project contemplated under the award (e.g., as startup funds for a project performed...
§ 34.13 Cost sharing or matching.

(a) Acceptable contributions. All contributions, including cash contributions and third party in-kind contributions, shall be accepted as part of the recipient’s cost sharing or matching when such contributions meet all of the following criteria:

(1) They are verifiable from the recipient’s records.

(2) They are not included as contributions for any other federally-assisted project or program.

(3) They are necessary and reasonable for proper and efficient accomplishment of project or program objectives.

§ 34.13 Cost sharing or matching.

(a) Acceptable contributions. All contributions, including cash contributions and third party in-kind contributions, shall be accepted as part of the recipient’s cost sharing or matching when such contributions meet all of the following criteria:

(1) They are verifiable from the recipient’s records.

(2) They are not included as contributions for any other federally-assisted project or program.

(3) They are necessary and reasonable for proper and efficient accomplishment of project or program objectives.

(4) They are allowable under §34.17.
(5) They are not paid by the Federal Government under another award, except:
(i) Costs that are authorized by Federal statute to be used for cost sharing or matching; or
(ii) Independent research and development (IR&D) costs. In accordance with the for-profit cost principle in 48 CFR 31.205-18(e), use of IR&D as cost sharing is permitted, whether or not the Government decides at a later date to reimburse any of the IR&D as allowable indirect costs. In such cases, the IR&D must meet all of the criteria in paragraphs (a)(1) through (4) and (a)(6) through (8) of this section.

(6) They are provided for in the approved budget, when approval of the budget is required by the DoD Component.

(7) If they are real property or equipment, whether purchased with recipient’s funds or donated by third parties, they must have the grants officer’s prior approval if the contributions’ value is to exceed depreciation or use charges during the project period (paragraphs (b)(1) and (b)(4)(ii) of this section discuss the limited circumstances under which a grants officer may approve higher values). If a DoD Component requires approval of a recipient’s budget (see paragraph (a)(6) of this section), the grants officer’s approval of the budget satisfies this prior approval requirement, for real property or equipment items listed in the budget.

(8) They conform to other provisions of this part, as applicable.

(b) Valuing and documenting contributions—(1) Valuing recipient’s property or services of recipient’s employees. Values shall be established in accordance with the applicable cost principles in §34.17, which means that amounts chargeable to the project are determined on the basis of costs incurred. For real property or equipment used on the project, the cost principles authorize depreciation or use charges. The full value of the item may be applied when the item will be consumed in the performance of the award or fully depreciated by the end of the award. In cases where the full value of a donated capital asset is to be applied as cost sharing or matching, that full value shall be the lesser of the following:
(i) The certified value of the remaining life of the property recorded in the recipient’s accounting records at the time of donation; or
(ii) The current fair market value. However, when there is sufficient justification, the grants officer may approve the use of the current fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project. The grants officer may accept the use of any reasonable basis for determining the fair market value of the property.

(2) Valuing services of others’ employees. When an employer other than the recipient furnishes the services of an employee, those services shall be valued at the employee’s regular rate of pay plus an amount of fringe benefits and overhead (at an overhead rate appropriate for the location where the services are performed) provided these services are in the same skill for which the employee is normally paid.

(3) Valuing volunteer services. Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services shall be consistent with those paid for similar work in the recipient’s organization. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(4) Valuing property donated by third parties. (i) Donated supplies may include such items as office supplies or laboratory supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(ii) Normally only depreciation or use charges for equipment and buildings may be applied. However, the fair
rental charges for land and the full value of equipment or other capital assets may be allowed, when they will be consumed in the performance of the award or fully depreciated by the end of the award, provided that the grants officer has approved the charges. When use charges are applied, values shall be determined in accordance with the usual accounting policies of the recipient, with the following qualifications:

(A) The value of donated space shall not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.

(B) The value of loaned equipment shall not exceed its fair rental value.

(5) Documentation. The following requirements pertain to the recipient’s supporting records for in-kind contributions from third parties:

(i) Volunteer services shall be documented and, to the extent feasible, supported by the same methods used by the recipient for its own employees.

(ii) The basis for determining the valuation for personal services and property shall be documented.

§34.14 Program income.

(a) DoD Components shall apply the standards in this section to the disposition of program income from projects financed in whole or in part with Federal funds.

(b) Recipients shall have no obligation to the Government, unless the terms and conditions of the award provide otherwise, for program income earned:

(1) From license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under an award. Note, however, that the Patent and Trademark Amendments (35 U.S.C. Chapter 18), as implemented in §34.25, apply to inventions made under a research award.

(2) After the end of the project period. If a grants officer anticipates that an award is likely to generate program income after the end of the project period, the grants officer should indicate in the award document whether the recipient will have any obligation to the Federal Government with respect to such income.

(c) If authorized by the terms and conditions of the award, costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

(d) Other than any program income excluded pursuant to paragraphs (b) and (c) of this section, program income earned during the project period shall be retained by the recipient and used in one or more of the following ways, as specified in program regulations or the terms and conditions of the award:

(1) Added to funds committed to the project by the DoD Component and recipient and used to further eligible project or program objectives.

(2) Used to finance the non-Federal share of the project or program.

(3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

(e) If the terms and conditions of an award authorize the disposition of program income as described in paragraph (d)(1) or (d)(2) of this section, and stipulate a limit on the amounts that may be used in those ways, program income in excess of the stipulated limits shall be used in accordance with paragraph (d)(3) of this section.

(f) In the event that the terms and conditions of the award do not specify how program income is to be used, paragraph (d)(3) of this section shall apply automatically to all projects or programs except research. For awards that support research, paragraph (d)(1) of this section shall apply automatically unless the terms and conditions specify another alternative or the recipient is subject to special award conditions, as indicated in §34.4.

(g) Proceeds from the sale of property that is acquired, rather than fabricated, under an award are not program income and shall be handled in accordance with the requirements of the Property Standards (see §§34.20 through 34.25).
§ 34.15 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved during the award process. It may include either the sum of the Federal and non-Federal shares, or only the Federal share, depending upon DoD Component requirements. It shall be related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with this section.

(c) Recipients shall immediately request, in writing, prior approval from the cognizant grants officer when there is reason to believe that within the next seven calendar days a programmatic or budgetary revision will be necessary for certain reasons, as follows:

(1) The recipient always must obtain the grants officer’s prior approval when a revision is necessary for either of the following two reasons (i.e., these two requirements for prior approval may never be waived):

(i) A change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(ii) A need for additional Federal funding.

(2) The recipient must obtain the grants officer’s prior approval when a revision is necessary for any of the following six reasons, unless the requirement for prior approval is waived in the terms and conditions of the award document (i.e., if the award document is silent, these prior approvals are not required):

(i) A change in a key person specified in the application or award document.

(ii) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(iii) The inclusion of any additional costs that require prior approval in accordance with applicable cost principles for Federal funds and recipients’ cost share or match, in § 34.17 and § 34.13, respectively.

(iv) The inclusion of pre-award costs. All such costs are incurred at the recipient’s risk (i.e., the DoD Component is under no obligation to reimburse such costs if for any reason the recipient does not receive an award, or if the award is less than anticipated and inadequate to cover such costs).

(v) A “no-cost” extension of the project period that does not require additional Federal funds and does not change the approved objectives or scope of the project.

(vi) Any subaward, transfer or contracting out of substantive program performance under an award, unless described in the application and funded in the approved awards. This provision does not apply to the purchase of supplies, material, or general support services, except that procurement of equipment or other capital items of property always is subject to the grants officer’s prior approval under § 34.21(a), if it is to be purchased with Federal funds, or § 34.13(a)(7), if it is to be used as cost sharing or matching.

(3) The recipient also must obtain the grants officer’s prior approval when a revision is necessary for either of the following reasons, if specifically required in the terms and conditions of the award document (i.e., if the award document is silent, these prior approvals are not required):

(i) The transfer of funds among direct cost categories, functions and activities for awards in which the Federal share of the project exceeds $100,000 and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent of the total budget as last approved by the DoD Component. No DoD Component shall permit a transfer that would cause any Federal appropriation or part thereof to be used for purposes other than those consistent with the original intent of the appropriation.

(ii) For awards that provide support for both construction and nonconstruction work, any fund or budget transfers between the two types of work supported.

(d) Within 30 calendar days from the date of receipt of the recipient’s request for budget revisions, the grants officer shall review the request and notify the recipient whether the budget
revisions have been approved. If the revision is still under consideration at the end of 30 calendar days, the grants officer shall inform the recipient in writing of the date when the recipient may expect the decision.

§ 34.16 Audits.

(a) Any recipient that expends $300,000 or more in a year under Federal awards shall have an audit made for that year by an independent auditor, in accordance with paragraph (b) of this section. The audit generally should be made as part of the regularly scheduled, annual audit of the recipient’s financial statements. However, it may be more economical in some cases to have the Federal awards separately audited, and a recipient may elect to do so, unless that option is precluded by award terms and conditions, or by Federal laws or regulations applicable to the program(s) under which the awards were made.

(b) The auditor shall determine and report on whether:

(1) The recipient has an internal control structure that provides reasonable assurance that it is managing Federal awards in compliance with Federal laws and regulations, and with the terms and conditions of the awards.

(2) Based on a sampling of Federal award expenditures, the recipient has complied with laws, regulations, and award terms that may have a direct and material effect on Federal awards.

(c) The recipient shall make the auditor’s report available to DoD Components whose awards are affected.

(d) The requirement for an annual independent audit is intended to ascertain the adequacy of the recipient’s internal financial management systems and to curtail the unnecessary duplication and overlap that usually results when Federal agencies request audits of individual awards on a routine basis. Therefore, a grants officer:

(1) Shall consider whether the independent audit satisfies his or her requirements, before requesting any additional audits; and

(2) When requesting an additional audit, shall:

(i) Limit the scope of such additional audit to areas not adequately addressed by the independent audit.

(ii) Coordinate the audit request with the Federal agency with the predominant fiscal interest in the recipient, as the agency responsible for the scheduling and distribution of audits. If DoD has the predominant fiscal interest in the recipient, the Defense Contract Management Command (DCMC) is responsible for monitoring audits, ensuring resolution of audit findings, and distributing audit reports. When an additional audit is requested and DoD has the predominant fiscal interest in the recipient, DCMC shall, to the extent practicable, ensure that the additional audit builds upon the independent audit or other audits performed in accordance with this section.

(e) There may be instances in which Federal auditors have recently performed audits, are performing audits, or are planning to perform audits, of a recipient. In these cases, the recipient and its Federal cognizant agency should seek to have the non-Federal, independent auditors work with the Federal auditors to develop a coordinated audit approach, to minimize duplication of audit work.

(f) Audit costs (including a reasonable allocation of the costs of the audit of the recipient’s financial statement, based on the relative benefit to the Government and the recipient) are allowable costs of DoD awards.

§ 34.17 Allowable costs.

Allowability of costs shall be determined in accordance with the cost principles applicable to the type of entity incurring the costs, as follows:

(a) For-profit organizations. Allowability of costs incurred by for-profit organizations that are recipients of prime awards from DoD Components, and those that are subrecipients under prime awards to other organizations, is to be determined in accordance with:

(1) The for-profit cost principles in 48 CFR parts 31 and 231 (in the Federal Acquisition Regulation, or FAR, and the Defense Federal Acquisition Regulation Supplement, or DFARS, respectively).

(2) The supplemental information on allowability of audit costs, in §34.16(f).

(b) Other types of organizations. Allowability of costs incurred by other types...
§ 34.18 Fee and profit.

In accordance with 32 CFR 22.205(b), grants and cooperative agreements shall not:

(a) Provide for the payment of fee or profit to the recipient.

(b) Be used to carry out programs where fee or profit is necessary to achieving program objectives.

PROPERTY STANDARDS

§ 34.20 Purpose of property standards.

Sections 34.21 through 34.25 set forth uniform standards for management, use, and disposition of property. DoD Components shall encourage recipients to use existing property-management systems, to the extent that the systems meet these minimum requirements.

§ 34.21 Real property and equipment.

(a) Prior approval for acquisition with Federal funds. Recipients may purchase real property or equipment in whole or in part with Federal funds under an award only with the prior approval of the grants officer.

(b) Title. Title to such real property or equipment shall vest in the recipient upon acquisition. Unless a statute specifically authorizes a DoD Component to vest title in the recipient without further obligation to the Government, and the DoD Component elects to do so, the title shall be a conditional title. Title shall vest in the recipient subject to the conditions that the recipient:

(1) Use the real property or equipment for the authorized purposes of the project until funding for the project ceases, or until the property is no longer needed for the purposes of the project.

(2) Not encumber the property without approval of the grants officer.

(3) Use and dispose of the property in accordance with paragraphs (d) and (e) of this section.

(c) Federal interest in real property or equipment offered as cost-share. A recipient may offer the full value of real property or equipment that is purchased with recipient’s funds or that is donated by a third party to meet a portion of any required cost sharing or matching, subject to the prior approval requirement in §34.13(a)(7). If a recipient does so, the Government has a financial interest in the property, a share of the property value attributable to the Federal participation in the project. The property therefore shall be considered as if it had been acquired in part with Federal funds, and shall be subject to the provisions of paragraphs (b)(1), (b)(2) and (b)(3) of this section, and to the provisions of §34.23.

(d) Use. If real property or equipment is acquired in whole or in part with Federal funds under an award, and the award provides that title vests conditionally in the recipient, the real property or equipment is subject to the following:

3 For copies of the Circular, contact the Office of Management and Budget, EOP Publications, 725 17th St. N.W., New Executive Office Building, Washington, D.C. 20503.

4 See footnote 3 to paragraph (b)(1) of this section.

5 See footnote 3 to paragraph (b)(1) of this section.
(1) During the time that the real property or equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs, if such other use will not interfere with the work on the project or program for which the real property or equipment was originally acquired. Use of the real property or equipment on other projects will be in the following order of priority:

(i) Activities sponsored by DoD Components’ grants, cooperative agreements, or other assistance awards;

(ii) Activities sponsored by other Federal agencies’ grants, cooperative agreements, or other assistance awards;

(iii) Activities under Federal procurement contracts, or activities not sponsored by any Federal agency. If so used, use charges shall be assessed to those activities. For real property or equipment, the use charges shall be at rates equivalent to those for which comparable real property or equipment may be leased. The use charges shall be treated as program income.

(2) After Federal funding for the project ceases, or when the real property or equipment is no longer needed for the purposes of the project, the recipient may use the real property or equipment for other projects, insofar as:

(i) There are Federally sponsored projects for which the real property or equipment may be used. If the only use for the real property or equipment is for projects that have no Federal sponsorship, the recipient shall proceed with disposition of the real property or equipment, in accordance with paragraph (e)(1)(ii) of this section.

(ii) The recipient obtains written approval from the grants officer to do so. The grants officer shall ensure that there is a formal change of accountability for the real property or equipment to a currently funded, Federal award.

(iii) The recipient’s use of the real property or equipment for other projects is in the same order of priority as described in paragraph (d)(1) of this section.

(e) Disposition.

(1) When an item of real property or equipment is no longer needed for Federally sponsored projects, the recipient shall proceed as follows:

(i) If the property that is no longer needed is equipment (rather than real property), the recipient may wish to replace it with an item that is needed currently for the project. In that case, the recipient may use the original equipment as trade-in or sell it and use the proceeds to offset the costs of the replacement equipment, subject to the approval of the responsible agency (i.e., the DoD Component or the Federal agency to which the DoD Component delegated responsibility for administering the equipment).

(ii) The recipient may elect to retain title, without further obligation to the Federal Government, by compensating the Federal Government for that percentage of the current fair market value of the real property or equipment that is attributable to the Federal participation in the project.

(iii) If the recipient does not elect to retain title to real property or equipment (see paragraph (e)(1)(ii) of this section), or request approval to use equipment as trade-in or offset for replacement equipment (see paragraph (e)(1)(i) of this section), the recipient shall request disposition instructions from the responsible agency.

(2) If a recipient requests disposition instructions, in accordance with paragraph (e)(1)(iii) of this section, the responsible grants officer shall:

(i) For equipment (but not real property), consult with the Federal program manager and judge whether the age and nature of the equipment warrant a screening procedure, to determine whether the equipment is useful to a DoD Component or other Federal agency. If a screening procedure is warranted, the responsible agency shall determine whether the equipment can be used to meet a DoD Component’s requirement. If no DoD requirement is found, the responsible agency shall report the availability of the equipment to the General Services Administration, to determine whether a requirement for the equipment exists in other Federal agencies.

(ii) For either real property or equipment, issue instructions to the recipient for disposition of the property no
later than 120 calendar days after the recipient’s request. The grants officer’s options for disposition are to direct the recipient to:

(A) Transfer title to the real property or equipment to the Federal Government or to an eligible third party provided that, in such cases, the recipient shall be entitled to compensation for its attributable percentage of the current fair market value of the real property or equipment, plus any reasonable shipping or interim storage costs incurred. If title is transferred to the Federal Government, it shall be subject thereafter to provisions for Federally owned property in §34.22.

(B) Sell the real property or equipment and pay the Federal Government for that percentage of the current fair market value of the property that is attributable to the Federal participation in the project (after deducting actual and reasonable selling and fix-up expenses, if any, from the sale proceeds). When the recipient is authorized or required to sell the real property or equipment, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

3) If the responsible agency fails to issue disposition instructions within 120 calendar days of the recipient’s request, as described in paragraph (e)(2)(i) of this section, the recipient shall dispose of the real property or equipment through the option described in paragraph (e)(2)(i)(B) of this section.

§ 34.22 Federally owned property.

(a) Annual inventory. Recipients shall submit annually an inventory listing of all Federally owned property in their custody (property furnished by the Federal Government, rather than acquired by the recipient with Federal funds under the award), to the DoD Component or other Federal agency responsible for administering the property under the award.

(b) Use on other activities. (1) Use of federally owned property on other activities is permissible, if authorized by the DoD Component responsible for administering the award to which the property currently is charged.

(2) Use on other activities will be in the following order of priority:

(i) Activities sponsored by DoD Components’ grants, cooperative agreements, or other assistance awards;

(ii) Activities sponsored by other Federal agencies’ grants, cooperative agreements, or other assistance awards;

(iii) Activities under Federal procurement contracts, or activities not sponsored by any Federal agency. If so used, use charges shall be assessed to those activities. For real property or equipment, the use charges shall be at rates equivalent to those for which comparable real property or equipment may be leased. The use charges shall be treated as program income.

(c) Disposition of property. Upon completion of the award, the recipient shall report the property to the responsible agency. The agency may:

(1) Use the property to meet another Federal Government need (e.g., by transferring accountability for the property to another Federal award to the same recipient, or by directing the recipient to transfer the property to a Federal agency that needs the property, or to another recipient with a currently funded award).

(2) Declare the property to be excess property and either:

(i) Report the property to the General Services Administration, in accordance with the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 483(b)(2)), as implemented by General Services Administration regulations at 41 CFR 101–47.202; or

(ii) Dispose of the property by alternative methods, if there is statutory authority to do so (e.g., DoD Components are authorized by 15 U.S.C. 3710(i), the Federal Technology Transfer Act, to donate research equipment to educational and nonprofit organizations for the conduct of technical and scientific education and research activities. Such donations shall be in accordance with the DoD Implementation of E.O. 12999 (3 CFR, 1996 Comp., p. 180), “Educational Technology: Ensuring Opportunity for All Children in the Next Century,” as applicable.) Appropriate instructions shall be issued to the recipient by the responsible agency.
§ 34.23 Property management system.

The recipient’s property management system shall include the following, for property that is Federally owned, and for equipment that is acquired in whole or in part with Federal funds, or that is used as matching share:

(a) Property records shall be maintained, to include the following information:

(1) A description of the property.
(2) Manufacturer’s serial number, model number, Federal stock number, national stock number, or any other identification number.
(3) Source of the property, including the award number.
(4) Whether title vests in the recipient or the Federal Government.
(5) Acquisition date (or date received, if the property was furnished by the Federal Government) and cost.
(6) Information from which one can calculate the percentage of Federal participation in the cost of the property (not applicable to property furnished by the Federal Government).
(7) The location and condition of the property and the date the information was reported.
(8) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates the Federal Government for its share.

(b) Federally owned equipment shall be marked, to indicate Federal ownership.

(c) A physical inventory shall be taken and the results reconciled with the property records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the property.

(d) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft of property shall be investigated and fully documented; if the property was owned by the Federal Government, the recipient shall promptly notify the Federal agency responsible for administering the property.

(e) Adequate maintenance procedures shall be implemented to keep the property in good condition.

§ 34.24 Supplies.

(a) Title shall vest in the recipient upon acquisition for supplies acquired with Federal funds under an award.

(b) Upon termination or completion of the project or program, the recipient shall retain any unused supplies. If the inventory of unused supplies exceeds $5,000 in total aggregate value and the items are not needed for any other Federally sponsored project or program, the recipient shall retain the items for use on non-Federal sponsored activities or sell them, but shall, in either case, compensate the Federal Government for its share.

§ 34.25 Intellectual property developed or produced under awards.

(a) Patents. Grants and cooperative agreements with:

(1) Small business concerns shall comply with 35 U.S.C. Chapter 18, as implemented by 37 CFR part 401, which applies to inventions made under grants and cooperative agreements with small business concerns for research and development. 37 CFR 401.14 provides a standard clause that is required in such grants and cooperative agreements in most cases, 37 CFR 401.3 specifies when the clause shall be included, and 37 CFR 401.5 specifies how the clause may be modified and tailored.

(2) For-profit organizations other than small business concerns shall comply with 35 U.S.C. 210(c) and Executive Order 12591 (3 CFR, 1987 Comp., p. 220) (which codifies a Presidential Memorandum on Government Patent Policy, dated February 18, 1983).

(i) The Executive order states that, as a matter of policy, grants and cooperative agreements should grant to all for-profit organizations, regardless of size, title to patents made in whole or in part with Federal funds, in exchange for royalty-free use by or on behalf of the Government (i.e., it extends the applicability of 35 U.S.C. Chapter 18, to the extent permitted by law, to for-
§ 34.30 Purpose of procurement standards.

Section 34.31 sets forth requirements necessary to ensure:

(a) Compliance of recipients’ procurements that use Federal funds with applicable Federal statutes and executive orders.

(b) Proper stewardship of Federal funds used in recipients’ procurements.

§ 34.31 Requirements.

The following requirements pertain to recipients’ procurements funded in whole or in part with Federal funds or with recipients’ cost-share or match:

(a) Reasonable cost. Recipients procurement procedures shall make maximum practicable use of competition, or shall use other means that ensure reasonable cost for procured goods and services.

(b) Pre-award review of certain procurements. Prior to awarding a procurement contract under an award, a recipient may be required to provide the grants officer administering the award with pre-award documents (e.g., requests for proposals, invitations for bids, or independent cost estimates) related to the procurement. Recipients will only be required to provide such documents for the grants officer’s pre-award review in exceptional cases where the grants officer judges that there is a compelling need to do so. In such cases, the grants officer must include a provision in the award that states the requirement.

(c) Contract provisions. (1) Contracts in excess of the simplified acquisition threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(2) All contracts in excess of the simplified acquisition threshold shall contain suitable provisions for termination for default by the recipient or for termination due to circumstances beyond the control of the contractor.

(3) All negotiated contracts in excess of the simplified acquisition threshold shall include a provision permitting access of the Department of Defense, the Comptroller General of the United States, or any of their duly authorized representatives, to any books, documents, papers, and records of the contractor that are directly pertinent to a specific program, for the purpose of making audits, examinations, excerpts, and transcriptions.

(4) All contracts, including those for amounts less than the simplified acquisition threshold, awarded by recipients and their contractors shall contain the procurement provisions of Appendix A to this part, as applicable.

Reports and Records

§ 34.40 Purpose of reports and records.

Sections 34.41 and 34.42 prescribe requirements for monitoring and reporting financial and program performance and for records retention.
§ 34.41 Monitoring and reporting program and financial performance.

Grants officers may use the provisions of 32 CFR 32.51 and 32.52 for awards to for-profit organizations, or may include equivalent technical and financial reporting requirements that ensure reasonable oversight of the expenditure of appropriated funds. As a minimum, equivalent requirements must include:

(a) Periodic reports (at least annually, and no more frequently than quarterly) addressing both program status and business status, as follows:
   (1) The program portions of the reports must address progress toward achieving program performance goals, including current issues, problems, or developments.
   (2) The business portions of the reports shall provide summarized details on the status of resources (federal funds and non-federal cost sharing or matching), including an accounting of expenditures for the period covered by the report. The report should compare the resource status with any payment and expenditure schedules or plans provided in the original award; explain any major deviations from those schedules; and discuss actions that will be taken to address the deviations.
   (3) When grants officers previously authorized advance payments, pursuant to §34.12(a)(2), they should consult with the program official and consider whether program progress reported in the periodic report, in relation to reported expenditures, is sufficient to justify continued authorization of advance payments.

(b) Unless inappropriate, a final performance report that addresses all major accomplishments under the award.

§ 34.42 Retention and access requirements for records.

(a) This section sets forth requirements for records retention and access to records for awards to recipients.

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final expenditure report. The only exceptions are the following:

1. If any litigation, claim, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

2. Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

3. When records are transferred to or maintained by the DoD Component that made the award, the 3-year retention requirement is not applicable to the recipient.

4. Indirect cost rate proposals, cost allocations plans, and related records, for which retention requirements are specified in §34.42(g).

(c) Copies of original records may be substituted for the original records if authorized by the grants officer.

(d) The grants officer shall request that recipients transfer certain records to DoD Component custody when he or she determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, a grants officer may make arrangements for recipients to retain any records that are continuously needed for joint use.

(e) DoD Components, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient’s personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) Unless required by statute, no DoD Component shall place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when the DoD Component can demonstrate
that such records shall be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to the DoD Component making the award.

(g) Indirect cost proposals, cost allocation plans, and other cost accounting documents (such as documents related to computer usage chargeback rates), along with their supporting records, shall be retained for a 3-year period, as follows:

(1) If a recipient is required to submit an indirect-cost proposal, cost allocation plan, or other computation to the cognizant Federal agency, for purposes of negotiating an indirect cost rate or other rates, the 3-year retention period starts on the date of the submission. This retention requirement also applies to subrecipients submitting similar documents for negotiation to the recipient.

(2) If the recipient or the subrecipient is not required to submit the documents or supporting records for negotiating an indirect cost rate or other rates, the 3-year retention period for the documents and records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(h) If the information described in this section is maintained on a computer, recipients shall retain the computer data on a reliable medium for the time periods prescribed. Recipients may transfer computer data in machine readable form from one reliable computer medium to another. Recipients’ computer data retention and transfer procedures shall maintain the integrity, reliability, and security of the original computer data. Recipients shall also maintain an audit trail describing the data transfer. For the record retention time periods prescribed in this section, recipients shall not destroy, discard, delete, or write over such computer data.

TERMINATION AND ENFORCEMENT

§ 34.50 Purpose of termination and enforcement.

Sections 34.51 through 34.53 set forth uniform procedures for suspension, termination, enforcement, and disputes.

§ 34.51 Termination.

(a) Awards may be terminated in whole or in part only in accordance with one of the following:

(1) By the grants officer, if a recipient materially fails to comply with the terms and conditions of an award.

(2) By the grants officer with the consent of the recipient, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.

(3) By the recipient upon sending to the grants officer written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. The recipient must provide such notice at least 30 calendar days prior to the effective date of the termination. However, if the grants officer determines in the case of partial termination that the reduced or modified portion of the award will not accomplish the purposes for which the award was made, he or she may terminate the award in its entirety.

(b) If costs are allowed under an award, the responsibilities of the recipient referred to in §34.61(b), including those for property management as applicable, shall be considered in the termination of the award, and provision shall be made for continuing responsibilities of the recipient after termination, as appropriate.

§ 34.52 Enforcement.

(a) Remedies for noncompliance. If a recipient materially fails to comply with the terms and conditions of an award, whether stated in a Federal statute, regulation, assurance, application, or notice of award, the grants officer may, in addition to imposing any of the special conditions outlined in §34.4, take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the recipient or more severe enforcement action by the grants officer and DoD Component.

(2) Disallow (that is, deny both use of funds and any applicable matching...
credit for all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award. In the case of termination, the recipient will be reimbursed for allowable costs incurred prior to termination, with the possible exception of those for activities and actions described in paragraph (a)(2) of this section.

(4) Withhold further awards for the project or program.

(5) Take other remedies that may be legally available.

(b) Hearings and appeals. In taking an enforcement action, the grants officer and DoD Component shall provide the recipient an opportunity for hearing, appeal, or other administrative proceeding to which the recipient is entitled under any statute or regulation applicable to the action involved (see §34.53 and 32 CFR 22.815).

(c) Effects of suspension and termination. Costs of a recipient resulting from obligations incurred by the recipient during a suspension or after termination of an award are not allowable unless the grants officer expressly authorizes them in the notice of suspension or termination or subsequently. Other recipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if the costs:

(1) Result from obligations which were properly incurred by the recipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are noncancellable; and

(2) Would be allowable if the award were not expired or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude a recipient from being subject to debarment and suspension under 32 CFR part 25.

§34.53 Disputes and appeals.

Recipients have the right to appeal certain decisions by grants officers. In resolving such issues, DoD policy is to use Alternative Dispute Resolution (ADR) techniques, to the maximum practicable extent. See 32 CFR 22.815 for standards for DoD Components’ dispute resolution and formal, administrative appeal procedures.

Subpart C—After-the-Award Requirements

§34.60 Purpose.

Sections 34.61 through 34.63 contain procedures for closeout and for subsequent disallowances and adjustments.

§34.61 Closeout procedures.

(a) The cognizant grants officer shall, at least six months prior to the expiration date of the award, contact the recipient to establish:

(1) All steps needed to close out the award, including submission of financial and performance reports, liquidation of obligations, and decisions on property disposition.

(2) A schedule for completing those steps.

(b) The following provisions shall apply to the closeout:

(1) The responsible grants officer and payment office shall expedite completion of steps needed to close out awards and make prompt, final payments to a recipient for allowable reimbursable costs under the award being closed out.

(2) The recipient shall promptly refund any unobligated balances of cash that the DoD Component has advanced or paid and that is not authorized to be retained by the recipient for use in other projects. For unreturned amounts that become delinquent debts, see 32 CFR 22.820.

(3) When authorized by the terms and conditions of the award, the grants officer shall make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

(4) The recipient shall account for any real property and personal property acquired with Federal funds or received from the Federal Government in accordance with §§34.21 through 34.25.

(5) If a final audit is required and has not been performed prior to the closeout of an award, the DoD Component
§ 34.62 Subsequent adjustments and continuing responsibilities.

(a) The closeout of an award does not affect any of the following:
(1) The right of the Department of Defense to disallow costs and recover funds on the basis of a later audit or other review.
(2) The obligation of the recipient to return any funds due as a result of later refunds, corrections, or other transactions.
(3) Audit requirements in §34.16.
(4) Property management requirements in §§34.21 through 34.25.
(5) Records retention as required in §34.42.

(b) After closeout of an award, a relationship created under an award may be modified or ended in whole or in part with the consent of the grants officer and the recipient, provided the responsibilities of the recipient referred to in §34.61(a), including those for property management as applicable, are considered and provisions made for continuing responsibilities of the recipient, as appropriate.

§ 34.63 Collection of amounts due.

Any funds paid to a recipient in excess of the amount to which the recipient is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government. Procedures for issuing the demand for payment and pursuing administrative offset and other remedies are described in 32 CFR 22.830.

Appendix A to Part 34—Contract Provisions

All contracts awarded by a recipient, including those for amounts less than the simplified acquisition threshold, shall contain the following provisions as applicable:

2. Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 276c)–All contracts and subcontracts in excess of $2000 for construction or repair awarded by recipients and subrecipients shall include a provision for compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874), as supplemented by Department of Labor regulations (29 CFR part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the responsible DoD Component.

3. Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333)–Where applicable, all contracts awarded by recipients in excess of $100,000 for construction and other purposes that involve the employment of mechanics or laborers shall include a provision for compliance with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333), as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

4. Rights to Inventions Made Under a Contract, Grant or Cooperative Agreement—Contracts, grants, or cooperative agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements.”

5. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33...
Office of the Secretary of Defense

U.S.C. 1251 et seq.), as amended—Contracts and subawards of amounts in excess of $100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the responsible DoD Component and the Regional Office of the Environmental Protection Agency (EPA).

7. Debarment and Suspension (E.O.s 12549 and 12689)—Contract awards that exceed the simplified acquisition threshold and certain other contract awards shall not be made to parties listed on nonprocurement portion of the General Services Administration’s Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs in accordance with E.O.s 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), “Debarment and Suspension.” This list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractors declared ineligible under statutory or regulatory authority other than E.O. 12549. Contractors with awards that exceed the small purchase threshold shall provide the required certification regarding its exclusion status and that of its principals.

(e) Denial and revocation of on-base solicitation. (1) The installation commander shall deny or revoke permission to a company and its agents to conduct commercial activities on the base if such action is in the best interests of the command. The grounds for taking this action shall include, but not be limited to, the following:

(i) Failure to meet the licensing and other regulatory requirements prescribed in paragraphs (a) and (b) of this section.

(ii) Commission of any of the practices prohibited in paragraphs (b)(6) and (d) of this section.

(iii) Substantiated complaints or adverse reports regarding quality of goods, services, and commodities and the manner in which they are offered for sale.

(iv) Knowing and willful violations of Pub. L. 90–321.

(v) Personal misconduct by a company's agent or representative while on the installation.

(vi) The possession of or any attempt to obtain supplies of allotment forms used by the Military Departments, or possession or use of facsimiles thereof.

(vii) Failure to incorporate and abide by the Standards of Fairness policies contained in DoD Directive 1344.9.

(2) In withdrawing solicitation privileges, the commander shall determine whether to limit it to the agent alone or extend it to the company the agent represents. This decision shall be communicated to the agent and to the company the agent represents and shall be based on the circumstances of the particular case, including, among others, the nature of the violations, frequency of violations, the extent to which other agents of the company have engaged in such practices, and any other matters tending to show the company's culpability.

(i) Upon withdrawing solicitation privileges, the commander shall promptly inform the agent and the company the agent represents orally or in writing.

(ii) If the grounds for the action involve the eligibility of the agent or company to hold a State license or to meet other regulatory requirements, the appropriate authorities will be notified.

(iii) The commander shall afford the individual or company an opportunity to show cause why the action should not be taken. To "show cause" means an opportunity must be given for the grievaged party to present facts on his or her behalf on an informal basis for the consideration of the installation commander.

(iv) If warranted, the commander shall recommend to the Military Department concerned that the action taken be extended to other DoD installations. If so approved, and when appropriate, the Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)), following consultation with the Military Department concerned, shall order the action extended to other Military Departments.

(v) All denials or withdrawals of privileges will be for a set period of time, at the end of which the individual may reapply for permission to solicit through the Military Department originally imposing the restriction. Denial or withdrawal of soliciting privileges may or may not be continued, as warranted.

(vi) When such denials or withdrawals are lifted, the Office of the ASD(FM&P) shall be notified for parallel action if the same denial or withdrawal has been extended to other Military Departments.

(vii) The commanding officer may, if circumstances dictate, make immediate suspensions of solicitation privileges for a period of 30 days while an investigation is conducted. Exceptions to this amount of time must be approved by the Military Department concerned.

6 See footnote 1 to paragraph (d)(10) of this section.
(3) Upon receipt of the information outlined above, the Secretaries of the Military Departments may direct the Armed Forces Disciplinary Control Boards in all geographical areas in which the grounds for action have occurred to consider the charges and take appropriate action.

(f) Advertising policies. (1) The Department of Defense expects voluntary observance of the highest business ethics both by commercial enterprises soliciting DoD personnel through advertisements in unofficial military publications, and by the publishers of those publications in describing goods, services, and commodities, and the terms of the sale (including guarantees, warranties, and the like).

(2) The advertising of credit terms shall conform to the provisions of Pub. L. 90–321 as implemented by Regulation Z.

(g) Educational programs. (1) The Military Departments shall develop and disseminate information and education programs for members of the Military Services on how to conduct their personal commercial affairs, including such subjects as the Truth-in-Lending Act, insurance, Government benefits, savings, and budgeting. The services of representatives of credit unions, banks, and those nonprofit military associations (provided such associations are not underwritten by a commercial insurance company) approved by the Military Departments may be used for this purpose. Under no circumstances shall commercial agents, including representatives of loan, finance, insurance or investment companies, be used for this purpose. Educational materials prepared or presented by outside organizations expert in this field may, with appropriate disclaimers and permission, be adapted or used if approved by the Military Department concerned. Presentations by approved organizations shall only be conducted at the express request of the installation commander.

(2) The Military Departments shall also make qualified personnel and facilities available for individual counseling on loans and consumer credit transactions in order to encourage thrift and financial responsibility and promote a better understanding of the wise use of credit, as prescribed in DoD Directive 1344.9.7

(3) Military members shall be encouraged to seek advice from a legal assistance officer or their own lawyer before making a substantial loan or credit commitment.

(4) Each Military Department shall provide advice and guidance to military personnel who have a complaint under Pub. L. 90–321 or who allege a criminal violation of its provisions, including referral to the appropriate regulatory agency for processing of the complaint.

Pt. 43, App. B

B. SALE OF SECURITIES

1. All securities must be registered with the Securities and Exchange Commission.
2. All sales of securities must comply with existing and appropriate Securities and Exchange Commission regulations.

4. Where the accredited insurer’s policy permits, an overseas accredited life insurance agent—if duly qualified to engage in security activities either as a registered representative of the National Association of Securities Dealers or as an associate of a broker or dealer registered with the Securities and Exchange Commission—may offer life insurance and securities for sale simultaneously. In cases of commingled sales, the allotment of pay for the purchase of securities cannot be made to the insurer.

C. USE OF THE ALLOTMENT OF PAY SYSTEM

1. Allotments of military pay for life insurance products shall be made in accordance with DoD Directive 5330.1.
2. For personnel in pay grades E-1, E-2, and E-3, at least seven days shall elapse for counseling between the signing of a life insurance application and the certification of an allotment. The purchaser’s commanding officer may grant a waiver of this requirement for good cause, such as the purchaser’s imminent permanent change of station.

D. ASSOCIATION—GENERAL

The recent growth and general acceptability of quasimilitary associations offering various insurance plans to military personnel are acknowledged. Some associations are not organized within the supervision of insurance laws of either a State or the Federal Government. While some are organized for profit, others function as nonprofit associations under Internal Revenue Service regulations. Regardless of the manner in which insurance plans are offered to members, the management of the association is responsible for complying fully with the instructions contained herein and the spirit of this part.

D. ANNOUNCEMENT OF FINDINGS

1. Accreditation by the Department of Defense upon annual applications of insurers shall be announced as soon as practicable by a notice to each applicant and by a listing released annually in September to the appropriate overseas commander. This approval does not constitute DoD endorsement of the insurer. Any advertising by insurers which suggests such endorsement is prohibited.

2. In the event accreditation is denied, specific reasons for such findings shall be submitted to the applicant.

   a. Upon receipt of notification of an unfavorable finding, the insurer shall have 30 days from the receipt of such notification (forwarded certified mail, return receipt requested) in which to request reconsideration of the original decision. This request must be accompanied by substantiating data or information in rebuttal of the specific reasons upon which the adverse findings are based.

   b. Action by the Assistant Secretary of Defense (Force Management and Personnel) on appeal is final.

   c. If the applicant is presently accredited as an insurer, up to 90 days from final action on an unfavorable finding shall be granted in which to close out operations.

3. Upon receiving the annual letter of accreditation, each company shall send to the applicable unified commander a verified list of agents currently accredited for overseas solicitation. Where applicable, the company shall also include the names of new agents for whom original accreditation and permission to solicit on base is requested. Insurers initially accredited will be furnished with a notice to each applicant and by a listing released annually in September to the appropriate overseas commander. This approval does not constitute DoD endorsement of the insurer. Any advertising by insurers which suggests such endorsement is prohibited.

   a. The Department of Defense reserves the right to terminate accreditation if such material changes appear to substantially affect the financial and operational criteria described in section A., above, on which accreditation was based.

   b. Failure to report such material changes can result in termination of accreditation regardless of how it affects the criteria.

4. Material changes affecting the corporate status and financial conditions of the company which may occur during the fiscal year of accreditation must be reported as they occur.

   a. The Department of Defense reserves the right to terminate accreditation if such material changes appear to substantially affect the financial and operational criteria described in section A., above, on which accreditation was based.

   b. Failure to report such material changes can result in termination of accreditation regardless of how it affects the criteria.

   c. If an analysis of information furnished by the company indicates that unfavorable trends are developing which may possibly adversely affect its future operations, the Department of Defense may, at its option, bring such matters to the attention of the company and request a statement as to what action, if any, is contemplated to deal with such unfavorable trends.
PART 44—SCREENING THE READY RESERVE

§ 44.1 Purpose.

Updates DoD policy and responsibilities for the screening of Ready Reservists under 10 U.S.C. 1003, 1005, and 1209.

§ 44.2 Applicability.

This part applies to the Office of the Secretary of Defense, the Military Departments (including the Coast Guard, when it is not operating as a Military Service in the Navy by agreement with the Department of Transportation), the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities and all other organizational entities within the Department of Defense (hereafter referred to collectively as the "DoD Components"). The term "Military Services" as used in this part, refers to the Army, the Navy, the Air Force and the Marine Corps.

§ 44.3 Definitions.

For purposes of this part, the following definitions apply:

Extreme community hardship. A situation that, because of a Reservist’s mobilization, may have a substantially adverse effect on the health, safety, or welfare of the community. Any request for a determination of such hardship shall be made by the Reservist and must be supported by documentation, as required by the Secretary concerned.

Extreme personal hardship. An adverse impact on a Reservist’s dependents resulting from his or her mobilization. Any request for a determination of such hardship shall be made by the Reservist and must be supported by documentation, as required by the Secretary concerned.

Individual Ready Reserve. Within the Ready Reserve of each of the Reserve Components there is an Individual Ready Reserve. The Individual Ready Reserve consists of members of the Ready Reserve who are not in the Selected Reserve or the Inactive National Guard.

Key employee. Any Federal employee occupying a key position.

Key position. A Federal position that shall not be vacated during a national emergency or mobilization without SERIOUSLY impairing the capability of the parent Federal Agency or office to function effectively. The four categories of Federal key positions are set out in this paragraph. The first three categories are, by definition, key positions. However, the third category, Article III Judges, provides for exceptions on a case-by-case basis. The fourth category requires a case-by-case determination and designation as described in the following:

(1) The Vice President of the United States or any official specified in the order of presidential succession as in 3 U.S.C. 19.

(2) The members of the Congress and the heads of the Federal Agencies appointed by the President with the consent of the Senate. For this part, the term "the heads of the Federal Agencies" does not include any person appointed by the President with the consent of the Senate to a Federal Agency as a member of a multimember board or commission. Such positions may be designated as key positions only in accordance with paragraph (4) of this definition.

(3) Article III Judges. However, each Article III Judge, who is a member of the Ready Reserve and desires to remain in the Ready Reserve, must have his or her position reviewed by the Chief Judge of the affected Judge's Circuit. If the Chief Judge determines that mobilization of the Article III Judge concerned will not seriously impair the capability of the Judge’s court to function effectively, the Chief Judge will provide a certification to that effect to the Secretary of the Military Department concerned. Concurrently, the affected Judge will provide a statement to the Secretary concerned requesting continued service in the
§44.4 Ready Reserve and acknowledging that he or she may be involuntarily called to active duty (AD) under the laws of the United States and the Directives and Regulations of the Department of Defense and pledging not to seek to be excused from such orders based upon his or her judicial duties.

(4) Other Federal positions determined by the Federal Agency heads, or their designees, to be key positions in accordance with the guidelines in the appendix to this part.

Mobilization. Involuntary call-up of Reserve component members in accordance with 10 U.S.C. 12301, 12302, or 12304. That includes full mobilization, partial mobilization and, selective mobilization (Presidential Reserve Call-Up Authority).

Ready reserve. Reserve unit members or individual Reserve and National Guard members, or both, liable for AD, as provided in 10 U.S.C. 12301, 12302, and, for some members, 10 U.S.C. 12304. It consists of the Selected Reserve, the Individual Ready Reserve, and the Inactive National Guard.

Selected reserve. A category of the Ready Reserve in each of the Reserve components. The Selected Reserve consists of units, and, as designated by the Secretary concerned, of individual Reserve members, trained as prescribed in 10 U.S.C. 10147(a)(1) or 32 U.S.C. 502(a), as appropriate.

Standby reserve. The Standby Reserve consists of those units or members, or both, of the Reserve components, other than those in the Ready Reserve or the Retired Reserve, who are liable for active duty only as provided for in 10 U.S.C. 12301 and 12306. The Standby Reserve consists of personnel who are maintaining their military affiliation without being in the Ready Reserve, but have been designated “key civilian employees,” or have a temporary hardship or disability. Those individuals are not required to perform training and are not part of the Ready Reserve. The Standby Reserve is a pool of trained individuals who may be mobilized as needed to fill manpower needs in specific skills. The Standby Reserve consists of the active status list and the inactive status list categories.

§44.4 Policy.

It is DoD policy that:

(a) Members of the Ready Reserve shall be screened (see the appendix to this part for specific screening guidance) at least annually to meet the provisions of 10 U.S.C. 10149 and to provide a Ready Reserve force composed of members who:

(1) Meet Military Service wartime standards of mental, moral, professional, and physical fitness.

(2) Possess the military qualifications required in the various ranks, ratings, and specialties.

(3) Are available immediately for active duty (AD) during a mobilization or as otherwise required by law.

(b) On mobilization under 10 U.S.C. 12301(a) or 10 U.S.C. 12302, all personnel actions relating to the screening program shall be held in abeyance, and all members remaining in the Ready Reserve shall be considered immediately available for AD service. After such a mobilization is ordered, no deferment, delay, or exemption from mobilization shall be granted to Ready Reservists because of their civilian employment. On involuntary activation of Reserve members under 10 U.S.C. 12304 (Presidential Reserve Call-Up Authority), the Secretary of Defense, or designee, shall make a determination regarding the continuation or cessation of personnel actions related to the screening program.

(c) All Ready Reservists shall be retained in the Ready Reserve for the entire period of their statutory obligation or voluntary contract. Exceptions to that policy are made in paragraphs (g), (h), and (i) of this section, or may be made by the Secretaries concerned, in accordance with 10 U.S.C. 10145 and 10146.

(d) A member of the Army National Guard of the United States or the Air National Guard of the United States may be transferred to the Standby Reserve only with the consent of the governor or other applicable authority of the State, commonwealth, or territory concerned (including the District of Columbia) in accordance with 10 U.S.C. 10146.

(e) Any eligible member of the Standby Reserve may be transferred back to the Ready Reserve when the reason for
the member’s transfer to the Standby Reserve no longer exists in accordance with 10 U.S.C. 10150 and DoD Instruction 1200.15.1

(f) Ready Reservists whose immediate recall to AD during an emergency would create an extreme personal or community hardship shall be transferred to the Standby Reserve or the Retired Reserve, or shall be discharged, as applicable, except as specified in paragraph (b) of this section.

(g) Ready Reservists who are designated key employees or who occupy key positions, as defined in this section, shall be transferred to the Standby Reserve or the Retired Reserve, or shall be discharged, as appropriate, except as specified in paragraph (b) of this section.

(h) Ready Reservists who are also DoD civilian employees may not hold a mobilization assignment to the same positions that they fill as civilian employees. Those Ready Reservists shall be reassigned or transferred, as applicable, Reserve component military technicians (dual status), as members of Reserve units, are excluded from this provision.

(i) Ready Reservists who are preparing for the ministry in an accredited theology or divinity school cannot be involuntarily called to AD or required to participate in inactive duty training (IDT) in accordance with 10 U.S.C. 12317. Accordingly, such Ready Reservists shall be transferred to the Standby Reserve (active status list) for the duration of their ministerial studies and duties at accredited theology or divinity schools. Ready Reservists participating in a military Chaplain Candidate or Theology Student Program shall be transferred to the Standby Reserve (active status list) for the duration of their ministerial studies and duties at accredited theology or divinity schools. Ready Reservists participating in a military Chaplain Candidate or Theology Student Program may continue their Ready Reserve affiliation and engage in AD and IDT.

(j) Ready Reservists may not be transferred from the Ready Reserve solely because they are students, interns, residents, or fellows in the healthcare professions. On mobilization, they either shall be deferred or shall be mobilized in a student, intern, resident, or fellow status until qualified in the applicable medical specialty, as prescribed by the Secretaries of the Military Departments.

(k) The Secretaries concerned, or their designees, shall make determinations for mobilization availability on a case-by-case basis, consistent with this part, and not by class or group determinations.

§ 44.5 Responsibilities.

(a) The Deputy Secretary of Defense shall adjudicate, before mobilization, conflicts between the mobilization manpower needs of the civilian sector and the military that the Ready Reserve Screening process has identified, but has not resolved.

(b) The Assistant Secretary of Defense for Reserve Affairs, under the Under Secretary of Defense for Personnel and Readiness, shall:

2) Annually, provide Federal Agencies with a listing of all Federal employees who are also Ready Reservists to assist them in conducting employer screening activities.

3) Prepare an annual report on the status of Ready Reservists employed by the Federal Government.

4) Employ the guidance in appendix A of this part in coordinating the screening program with employers of Ready Reservists.

5) Coordinate conflicts between the mobilization manpower needs of the civilian sector and the military identified but not resolved through the Ready Reserve Screening process.

(c) The Secretaries of the Military Departments shall:

1) Screen, at least annually, all Ready Reservists under their jurisdiction to ensure their immediate availability for active duty (AD) and to ensure compliance with 10 U.S.C. 10149.

1Copies may be obtained at http://web7.whs.osd.mil/corres.htm.
(2) Ensure coordination with the Assistant Secretary of Defense for Reserve Affairs to resolve conflicts (identified, but not resolved through the Ready Reserve screening process) between the mobilization manpower needs of the civilian sector and the military.

(3) Review recommendations for removal of both Federal and other civilian employees from the Ready Reserve submitted by employers and take applicable action.

(4) After making a removal determination in response to a petition for such action, promptly transmit the results of that determination to the Ready Reservist concerned and his/her employer.

(5) Transfer Ready Reservists identified as occupying key positions to the Standby Reserve or the Retired Reserve, or discharge them, as applicable.

(6) Ensure that Ready Reservists not on AD are examined as to physical fitness in accordance with DoD Directive 1332.18.

(7) Process members of the Ready Reserve who do not participate satisfactorily in accordance with DoD Instruction 1200.15 and DoD Directive 1215.13.

(8) Ensure that all Ready Reservists have a favorably completed background check for military service suitability on file (e.g., Entrance National Agency Check (ENTNAC), NAC).

(9) Ensure that personnel records systems incorporate information on any factors that limit the mobilization availability of a Ready Reservist.

(10) Develop and maintain current information pertaining to the mobilization availability of Ready Reservists.

APPENDIX A TO PART 44—GUIDANCE

DEPUTY SECRETARY OF DEFENSE

The Deputy Secretary of Defense shall adjudicate, before mobilization, conflicts between the mobilization manpower needs of the civilian sector and the military that the Ready Reserve screening process has identified, but has not resolved.

Employers of Ready Reservists

(a) Federal Employers

(1) To ensure that Federal employees essential to the continuity of the Federal Government are not retained as members of the Ready Reserve, the following guidance is provided:

(i) Conduct annual screening program as provided for by the Assistant Secretary of Defense for Reserve Affairs.

(ii) Responses from Federal Agencies shall be reported under Interagency Report Control Number 0912-DoD-AN, “Ready Reservists in the Federal Government,” in accordance with DoD 9910.1-M.

(iii) Federal Agency heads, or their designees, concerned shall designate those positions that are of essential nature to, and within, the organization as “key positions,” and shall require that they shall NOT be filled by Ready Reservists to preclude such positions from being vacated during a mobilization.

(iv) In determining whether or not a position should be designated as a “key position,” the following questions should be considered by the Federal Agency concerned:

(A) Can the position be filled in a reasonable time after mobilization?

(B) Does the position require technical or managerial skills that are possessed uniquely by the incumbent employee?

(C) Is the position associated directly with defense mobilization?

(D) Does the position include a mobilization or relocation assignment in an Agency having emergency functions, as designated by Executive Order 12656?

(E) Is the position directly associated with industrial or manpower mobilization, as designated in Executive Orders 12656 and 12919?

(F) Are there other factors related to the national defense, health, or safety that will make the incumbent of the position unavailable for mobilization?

(2) [Reserved]

(b) Non-Federal Employers of Ready Reservists. Non-Federal employers of Ready Reservists, particularly in the fields of public health and safety and defense support industries, are encouraged to adopt personnel management procedures designed to preclude conflicts between the emergency manpower needs of civilian activities and the military during a mobilization. Employers also are
encouraged to use the Federal key position guidelines contained in this appendix for making their own key position designations and, when applicable, for recommending key employees for removal from the Ready Reserve.

(c) All employers who determine that a Ready Reservist is a key employee, in accordance with the guidelines in this appendix, should promptly report that determination, using the letter format at the end of this appendix, to the applicable Reserve personnel center, requesting the employee be removed from the Ready Reserve.

**INDIVIDUAL READY RESERVISTS**

(a) Each Ready Reservist who is not a member of the Selected Reserve is obligated to notify the Secretary concerned of any change of address, marital status, number of dependents, or civilian employment and any other change that would prevent a member from meeting mobilization standards prescribed by the Military Service concerned (10 U.S.C. 10205).

(b) All Ready Reservists shall inform their employers of their Reserve military obligation.

requirements of 10 U.S.C. 1168, 972, and 32 CFR part 41 and the control and publication of separation program designators (SPDs).

§ 45.2 Applicability and scope.

(a) The provisions of this part apply to the Office of the Secretary of Defense, the Military Services, the Joint Staff, and the Defense Agencies (hereafter referred to as “DoD Components”). The term “Military Services,” as used here, refers to the Army, Navy, the Air Force, the Marine Corps and, by agreement with the Department of Transportation, to the Coast Guard.

(a) Administrative issuance or reissuance of DD Forms 214 and 215.

1. The DD Form 214 will normally be issued by the command from which the member was separated. In those instances where a DD Form 214 was not issued, the Services concerned may establish procedures for administrative issuance.

2. The DD Form 214, once issued, will not be reissued except:

(i) When directed by appropriate appellate authority, Executive Order, or by the Secretary concerned.

(ii) When it is determined by the Service concerned that the original DD Form 214 cannot be properly corrected by issuance of a DD Form 215 or if the correction would require issuance of more than two DD Forms 215.

(iii) When two DD Forms 215 have been issued and an additional correction is required.

3. Whenever a DD Form 214 is administratively issued or reissued, an appropriate entry stating that fact and the date of such action will be made in Block 18, Remarks, of the DD Form 214 unless the appellate authority, Executive Order, or Secretarial directive specifies otherwise.

(b) The Military Services will ensure that every member (except as limited in paragraph (b)(2) of this section and excluding those listed in paragraph (c) of this section being separated from the Military Services is given a completed DD Form 214 describing relevant data regarding the member’s service, and the circumstances of termination. DD Form 214 may also be issued under other circumstances prescribed by the Military Service concerned. A continuation sheet, if required, will be bond paper, and will reference: The DD Form 214 being continued; information from blocks 1 through 4; the appropriate block(s) being continued; the member’s signature, date; and the authorizing official’s signature. DD Forms 214 are not intended to have any legal effect on termination of the member’s service.

1. Release or discharge from active service. (i) The original of DD Form 214 showing separation from a period of active service with a Military Service, including release from a status that is legally determined to be void, will be physically delivered to the separate prior to departure from the separation activity on the effective date of separation; or on the date authorized travel time commences.

(A) Copy No. 4, containing the statutory or regulatory authority, reentry code, SPD code, and narrative reason
for separation also will be physically delivered to the separatee prior to departure, if he/she so requested by initiating Block 30, Member Requests Copy 4.

(B) Remaining copies of DD Form 214 will be distributed on the day following the effective date of separation. (ii) When separation is effected under emergency conditions which preclude physical delivery, or when the recipient departs in advance of normal departure time (e.g., on leave in conjunction with retirement; or at home awaiting separation for disability), the original DD Form 214 will be mailed to the recipient on the effective date of separation. (iii) If the separation activity is unable to complete all items on the DD Form 214, the form will be prepared as completely as possible and delivered to the separatee. The separatee will be advised that a DD Form 215 will be issued by the Military Service concerned when the missing information becomes available; and that it will not be necessary for the separatee to request a DD Form 215 for such information. (iv) If an optical character recognition format is utilized by a Military Service, the first carbon copy of the document will be physically delivered or mailed to the separatee as prescribed in paragraphs (b) (i) through (iii) of this section.

(2) Release from active duty for training, full-time training duty, or active duty for special work. Personnel being separated from a period of active duty for training, full-time training duty, or active duty for special work will be furnished a DD Form 214 when they have served 90 days or more, or when required by the Secretary concerned for shorter periods. Personnel shall be furnished a DD Form 214 upon separation for cause or for physical disability regardless of the length of time served on active duty. (3) Continuing on active duty. Members who change their status or component, as outlined below, while they are serving on active duty will be provided a completed DD Form 214 upon:

(i) Discharge for immediate enlistment or reenlistment (optional—at the discretion of the Military Services). However, Military Services not providing the DD Form 214 will furnish the member a DD Form 256, “Honorable Discharge Certificate,” and will issue instructions requiring those military offices which maintain a member’s records to provide necessary Service data to the member for application to appropriate civilian individuals, groups, and governmental agencies. Such data will include Service component, entry data and grades. (ii) Termination of enlisted status to accept an appointment to warrant or commissioned officer grades; (iii) Termination of a temporary appointment to accept a permanent warrant or commission in the Regular or Reserve components of the Armed Forces.

(iv) Termination of an officer appointment in one of the Military Services to accept appointment in another Service.

(c) DD Form 214 need not be prepared for: (1) Personnel found disqualified upon reporting for active duty and who do not enter actively upon duties in accordance with orders. (2) Personnel whose active duty, active duty for training, full-time training duty or active duty for special work is terminated by death. (3) Personnel being removed from the Temporary Disability Retired List. (4) Enlisted personnel receiving temporary appointments to warrant or commissioned officer grades. (5) Personnel whose temporary warrant or commissioned officer status is terminated and who remain on active duty to complete an enlistment. (6) Personnel who terminate their Reserve component status to integrate into a Regular component. (7) Personnel separated or discharged who have been furnished a prior edition of this form, unless that form is in need of reissuance for some other reason.

(d) Preparation. The Military Departments will issue instructions governing the preparation of DD Form 214, consistent with the following:

(1) DD Form 214 is an important record of service which must be prepared accurately and completely. Any unavoidable corrections and changes made in the unshaded areas of the form
during preparation shall be neat, legible and initialed on all copies by the authenticating official. The recipient will be informed that making any unauthorized change or alteration of the form will render it void.

(2) Since DD Form 214 is often used by civilian personnel, abbreviations should be avoided.

(3) Copies of DD Form 214 transmitted to various governmental agencies shall be legible, especially those provided to the Veterans Administration (Department of Veterans Affairs, effective March 15, 1989, in accordance with section 18(a), Public Law 100-527 and the Department of Labor).

(4) The authority for a member's transfer or discharge will be cited by reference to the appropriate Military Service regulation, instruction, or manual, followed by the appropriate separation program designator on copies 2, 4, 7, and 8 only. A narrative description to identify the reason for transfer or separation will not be used on copy 1.

(5) To assist the former Service member in employment placement and job counseling, formal inservice training courses successfully completed during the period covered by the form will be listed in Block 14, Military Education; e.g., medical, dental, electronics, supply, administration, personnel or heavy equipment operations. Training courses for combat skills will not be listed. See 1978 Guide to the Evaluation of Educational Experiences in the Armed Services for commonly accepted course titles and abbreviations.

(6) For the purpose of reemployment rights (DoD Directive 1205.12)1 all extensions of service, except those under 10 U.S.C. 972, are considered to be at the request and for the convenience of the Government. In these cases, Block 18 of DD Form 214 will be annotated to indicate “Extension of service was at the request and for the convenience of the Government.”

(7) When one or more of the data items on the DD Form 214 are not available and the document is issued to the separatee, the applicable block(s) will be annotated “See Remarks.” In such cases, Block 18 will contain the entry “DD Form 215 will be issued to provide missing information.” When appropriate, Block 18 will also reflect the amount of disability pay, and the inclusive dates of any nonpay/excess leave days.

(8) The authorizing official (E-7, GS-7 or above) will sign the original in ink ensuring that the signature is legible on all carbon copies. If not, a second signature may be necessary on a subsequent carbon copy. The authorized official shall be an E-7, GS-7, or higher grade, except that the Service concerned may authorize chiefs of installation separation activities (E-5, GS-5, or above) to serve in this capacity if designated in writing by the responsible commander and/or director (0-4, or above).

(9) The following are the only authorized entries in Block 21, Character of Service, as appropriate: “Honorable,” “Under Honorable Conditions (General),” “Under Other Than Honorable Conditions,” “Bad Conduct,” “Dishonorable,” or “Uncharacterized.” When a discharge has been upgraded, the DD Form 214 will be annotated on copies 2 through 8 in Block 18 to indicate the character of service has been upgraded; the date the application for upgrade was made; and the effective date of the corrective action.

(10) The date entered in Block 12.a. shall be the date of enlistment for the earliest period of continuous active service for which a DD Form 214 was not previously issued. For members who have previously reenlisted without being issued a DD Form 214, and who are being separated with any discharge characterization except “Honorable,” the following statement shall appear as the first entry in Block 18, “Remarks,” on the DD Form 214: “CONTINUOUS HONORABLE ACTIVE SERVICE FROM (applicable date) UNTIL (applicable date).” The “from” date shall be the date of initial entry into active duty, or the first day of service for which a DD Form 214 was not previously issued, as applicable; the “until” date shall be the date before commencement of the current enlistment.

1Copies may be obtained if needed, from the U.S. Naval Publications and forms Center, Attn: Code 1062, 5801 Tabor Avenue, Philadelphia, PA.
(11) For Service members retiring from active duty enter in Block 18, “Subject to active duty recall by Service Secretary.”

(12) For Service members being transferred to the Individual Ready Reserve, enter in Block 18, “Subject to active duty recall and/or annual screening.”

(e) Distribution. The Military Services will prescribe procedures governing the distribution of copies of the DD Forms 214 and 215, consistent with their internal requirements and the following:

(1) DD Form 214—(i) Copy No. 1 (original). To the member.

(ii) Copy No. 2. To be used as the Military Services’ record copy.

(iii) Copy No. 3. To the Veterans Administration (Department of Veterans Affairs, effective March 15, 1989, in accordance with section 18(a), Data Processing Center (214), 1614 E. Woodword Street, Austin, Texas 78772. A reproduced copy will also be provided to the hospital with the medical records if the individual is transferred to a VA hospital. If the individual completes VA Form 21–5267, “Veterans Application for Compensation or Pension,” include a copy of the DD Form 214 with medical records forwarded to the VA regional office having jurisdiction over the member’s permanent address. When an individual is in Service and enlisting or reenlisting in an active duty status or otherwise continuing on active duty in another status, copy No. 3 will not be forwarded to the VA.

(iv) Copy No. 4. To the member, if the member so requested by having initialed Block 30. If the member does not request this copy, it may be retained in the master military personnel record, to be available in case the member requests a copy later.

(v) Copy No. 5. To Louisiana UCX/UCFE, Claims Control Center, Louisiana Department of Labor, P.O. Box 94246, Capitol Station, Baton Rouge, Louisiana 70894-9426.

(vi) Copy No. 6. To the appropriate State Director of Veterans Affairs (see enclosure 4), if the member so requested by having checked “Yes” in Block 20, “Member Requests Copy Be Sent to Director of Veterans Affairs.” The member must specify the State. If the member does not request the copy be mailed, it may be utilized as prescribed by the Military Service concerned.

(vii) Copies No. 7 and 8. To be distributed in accordance with regulations issued by the Military Service concerned.

(viii) Additional Copy Requirements. Discharged Alien Deserters. Provide one reproduced copy of Copy No. 1 to the U.S. Department of State, Visa Office—SCA/VO, State Annex No. 2, Washington, DC 20520, to assist the Visa Office in precluding the unwarranted issuance of visas to discharged and alien deserters in accordance with DoD Directive 1325.2. Place of birth will be entered in Block 18.

(2) DD Form 214—(a) Utilized to facilitate the preparation of DD Form 214. The document will be used and disposed of in accordance with regulations issued by the Military Service concerned.

(3) DD Form 215. Utilized to correct errors in DD Form 214 discovered after the original has been delivered and/or distribution of copies of the form has been made, and to furnish to separatee information not available when the DD Form 214 was prepared. The distribution of DD Form 215 will be identical to the distribution of DD Form 214.

(4) Requests for Copies of DD Form 214 Subsequent to Separation. Agencies maintaining a separatee’s DD Form 214 will provide a copy only upon written request by the member. Agencies will provide the member with 1 copy with the Special Additional Information section, and 1 copy with that information deleted. In the case of DD Form 214 issued prior to July 1, 1979, agencies will provide the member with 1 copy containing all items of information completed, and 1 copy with the following items deleted from the form: Specific authority and narrative reason for separation, reenlistment eligibility code, and separation program designator/number.

(i) In those cases where the member has supplied an authorization to provide a copy of the DD Form 214 to another individual or group, the copy furnished will not contain the Special Additional Information section or, in the case of 214 issued prior to July 1, 1979, will not contain the separation program designator/number.
§ 45.4 Responsibilities.

(a) The DD Forms 214 and 215 are a source of significant and authoritative information used by civilian and governmental agencies to validate veteran eligibility for benefits. As such, they are valuable forms and, therefore, vulnerable to fraudulent use. Since they are sensitive, the forms must be safeguarded at all times. They will be transmitted, stored, and destroyed in a manner which will prevent unauthorized use. The Military Services will issue instructions consistent with the following:

(1) All DD Forms 214 will be surprinted with a reproducible screen tint using appropriate security ink on Blocks 1, 3, 4.a, 4.b, 12, and 18 through 30. In addition Blocks 1.3, 5, and 7 of the DD Form 215 will be similarly surprinted to make alterations readily discernible. No corrections will be permitted in the screened areas.

(2) All forms will be secured after duty hours.

(3) All obsolete forms will be destroyed.

(4) All forms to be discarded, including those which are blank or partially completed, and reproduced copies of DD Form 214, will be destroyed. No forms will be discarded intact.

(5) Blank forms given to personnel for educational or instructional purposes, and forms maintained for such use, are to be clearly voided in an unalterable manner.

(b) The commander or commanding officer of each unit or activity authorized to issue DD Form 214 will appoint, in writing, a commissioned officer, warrant officer, enlisted member (grade E-7 or above), or DoD civilian (GS-7 or above) who will requisition, control, and issue blank DD Forms 214 and 215. The Service concerned may authorize an E-5 or GS-5 to serve in this capacity.

(7) The Military Services will monitor the use of DD Form 214 and review periodically its issuance to insure compliance with procedures for safeguarding.

(c) The Military Services will issue appropriate instructions to separation activities stressing the importance of the DD Forms 214 and 215 in obtaining veterans benefits, reemployment rights, and unemployment insurance.

(d) Standard separation program designator (SPD) codes for officer and enlisted personnel developed under the provisions of DoD Instruction 5000.123 are published in DoD 5000.12-M.

(1) Requests to add, change, or delete an SPD code shall be forwarded by the DoD Component concerned with appropriate justification to the Assigned Responsible Agency accountable for evaluating, recommending approval of, and maintaining such codes: Department of the Navy, Office of The Chief of Naval Operations, (Attention: OP-161), room 1614, Arlington Annex, Washington, DC 20350-2000.

(2) Requests to add, change, or delete an SPD code will be submitted in accordance with section V., DoD Instruction 5000.12 with prior written approval by the ASD (FM&P), or his/her designated.

See footnote 1 to § 45.3(d)(6).
(e) All lists of SPD codes, including supplemental lists, published by the DoD Components will be stamped "For Official Use Only" and will not be furnished to any agency or individual outside the Department of Defense.

(1) Appropriate provisions of the Freedom of Information Act will be used to deny the release of the lists to the public. An individual being separated or discharged is entitled access only to his/her SPD code. It is not intended that these codes stigmatize an individual in any manner. They are intended for internal use by the Department of Defense in collecting data to analyze statistical reporting trends that may, in turn, influence changes in separation policy.

(2) Agencies or individuals who come into the possession of these lists are cautioned on their use because a particular list may be outdated and not reveal correctly the full circumstances relating to an individual’s separation or discharge.

§ 47.1 Purpose.
This document:
(b) Directs the Secretary of the Air Force to determine if an established group of civilian employees or contract workers provided service to the U.S. Armed Forces in a manner considered active military service for Department of Veterans Affairs (VA) benefits.
(c) Establishes the DoD Civilian/Military Service Review Board and the Advisory Panel.
(d) Establishes policy, assigns responsibilities, prescribes application procedures for groups and individuals, and clarifies the factors used to determine active duty (AD) service.

§ 47.2 Applicability and scope.
This part:
(a) Applies to the Office of the Secretary of Defense (OSD), the Military Departments, and by agreement with the Department of Transportation (DoT), the U.S. Coast Guard.
(b) Applies to any group application considered under Public Law 95–202 after September 11, 1989 and to any individual who applies for discharge documents as a member of a group recognized by the Secretary of the Air Force.

§ 47.3 Definitions.
Armed conflict. A prolonged period of sustained combat involving members of the U.S. Armed Forces against a foreign belligerent. The term connotes more than a military engagement of limited duration or for limited objectives, and involves a significant use of military and civilian forces.
(a) Examples of armed conflict are World Wars I and II, and the Korean and Vietnam Conflicts.
(b) Examples of military actions that are not armed conflicts are as follows:
(2) The incursions into the Dominican Republic in 1965 and into Libya in 1986.
(3) The intervention into Grenada in 1983.

Civilian or contractual group. An organization similarly situated to the Women’s Air Forces Service Pilots (a group of Federal civilian employees attached to the U.S. Army Air Force in World War II). Those organization members rendered service to the U.S. Armed Forces during a period of armed conflict in a capacity that was then considered civilian employment with the Armed Forces, or the result of a contract with the U.S. Government, to provide direct support to the Armed Forces.

Recognized group. A group whose service the Secretary of the Air Force administratively has determined to have been “active duty for the purposes of all laws administered by the Department of Veterans Affairs”; i.e., VA benefits under 38 U.S.C. 101.
Similarly situated. A civilian or contractual group is similarly situated to the Women’s Air Forces Service Pilots when it existed as an identifiable group at the time the service was being rendered to the U.S. Armed Forces during a period of armed conflict. Persons who individually provided support through civilian employment or contract, but...
§ 47.4 Policy.

(a) Eligibility for consideration. To be eligible to apply for consideration under Public Law 95–202 and this part, a group must:

(1) Have been similarly situated to the Women’s Air Forces Service Pilots of World War II.

(2) Have rendered service to the United States in what was considered civilian employment with the U.S. Armed Forces either through formal Civil Service hiring or less formal hiring if the engagement was created under the exigencies of war, or as the result of a contract with the U.S. Government to provide direct support to the U.S. Armed Forces.

(3) Have rendered that service during a period of armed conflict.

(4) Consist of living persons to whom VA benefits can accrue.

(5) Not have already received benefits from the Federal Government for the service in question.

(b) A determination of AD service that is considered to be equivalent to active military service is made on the extent to which the group was under the control of the U.S. Armed Forces in support of a military operation or mission during an armed conflict. The extent of control exerted over the group must be similar to that exerted over military personnel and shall be determined by, but not necessarily limited to, the following:

(i) Incidents favoring equivalency—(1) Uniqueness of service. Civilian service (civilian employment or contractual service) is a vital element of the warfighting capability of the Armed Forces. Civilian service during a period of armed conflict is not necessarily equivalent to active military service, even when performed in a combat zone. Service must be beyond that generally performed by civilian employees and must be occasioned by unique circumstances. For civilian service to be recognized under this part, the following factors must be present:

(A) The group was created or organized by U.S. Government authorities to fill a wartime need or, if a group was not created specifically for a wartime need, but existed before that time, then its wartime mission was of a nature to substantially alter the organization’s prewar character.

(B) If the application is based on service in a combat zone, the mission of the group in a combat zone must have been substantially different from the mission of similar groups not in a combat zone.

(ii) Organizational authority over the group. The concept of military control is reinforced if the military command authority determines such things as the structure of the civilian organization, the location of the group, the mission and activities of the group, and the staffing requirements to include the length of employment and pay grades of the members of the group.

(iii) Integration into the military organization. Integrated civilian groups are subject to the regulations, standards, and control of the military command authority.

(A) Examples include the following:

(1) Exchanging military courtesies.

(2) Wearing military clothing, insignia, and devices.

(3) Assimilating the group into the military organizational structure.

(4) Emoluments associated with military personnel; i.e., the use of commissaries and exchanges, and membership in military clubs.

(B) A group fully integrated into the military would give the impression that the members of the group were military, except that they were paid and accounted for as civilians.

(iv) Subjection to military discipline. During past armed conflicts, U.S. military commanders sometimes restricted the rights or liberties of civilian members as if they were military members.

(A) Examples include the following:

(1) Placing members under a curfew.

(2) Requiring members to work extended hours or unusual shifts.
(3) Changing duty assignments and responsibilities.
(4) Restricting proximity travel to and from the military installation.
(5) Imposing dress and grooming standards.
(B) Consequences for noncompliance might include a loss of some privilege, dismissal from the group, or trial under military law. Such military discipline acts in favor of recognition.
(v) Subjection to military justice. Military members are subject to the military criminal justice system. During times of war, “persons serving with or accompanying an Armed Force in the field” are subject to the military criminal justice code. Those who were serving with the U.S. Armed Forces may have been treated as if they were military and subjected to court-martial jurisdiction to maintain discipline. Such treatment is a factor in favor of recognition.
(vi) Prohibition against members of the group joining the armed forces. Some organizations may have been formed to serve in a military capacity to overcome the operation of existing laws or treaty or because of a governmentally established policy to retain individuals in the group as part of a civilian force. These factors act in favor of recognition.
(vii) Receipt of military training and/or achievement of military capability. If a group employed skills or resources that were enhanced as the result of military training or equipment designed or issued for that purpose, this acts toward recognition.
(2) Incidents not favoring equivalency—
(i) Submission to the U.S. Armed Forces for protection. A group that seeks protection and assistance from the U.S. Armed Forces and submits to military control for its own well-being is not deemed to have provided service to the Armed Forces equivalent to AD military service, even though the group may have been as follows:
(A) Armed by the U.S. military for defensive purposes.
(B) Routed by the U.S. military to avoid the enemy.
(C) Instructed by the U.S. military for the defense of the group when attacked by, or in danger of attack by, the enemy.
(D) Otherwise submitted themselves to the U.S. military for sustenance and protection.
(ii) Permitted to resign. The ability of members to resign at will and without penalty acts against military control. Penalty may be direct and severe, such as confinement, or indirect and moderate, such as difficult and costly transportation from an overseas location.
(iii) Prior recognition of group service. Recognition of a group’s service by agencies of State or local government does not provide support in favor of recognition under this part.
(3) Status of group in international law. In addition to other factors, consideration will be given to whether members of the group were regarded and treated as civilians, or assimilated to the Armed Forces as reflected in treaties, customary international law, judicial decisions, and U.S. diplomatic practice.
(c) Reconsideration. Applications by groups previously denied a favorable determination by the Secretary of the Air Force shall be reconsidered under this part if the group submits evidence that is new, relevant, and substantive. Any request that the DoD Civilian/Military Service Review Board establishes hereunder (see §47.5(b)) determines does not provide new, relevant, and substantive evidence shall be returned to the applicant with the reasons for nonacceptance.
(d) Counsel Representation. Neither the Department of Defense nor Department of Transportation shall provide representation by counsel or defray the cost of such representation with respect to any matter covered by this part.
§ 47.5 Responsibilities.
(a) The Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)) shall:
1) Appoint a primary and an alternate member in the grade of O-6 or GM-15 or higher to the DoD Civilian/Military Service Review Board.
2) Exercise oversight over the Military Departments and the U.S. Coast Guard for compliance with this Directive and in the issuance of discharge documents and casualty reports to members of recognized groups.
§ 47.5

(b) The Secretary of the Air Force, as the designated Executive Agent of the Secretary of Defense for the administration of Public Law 95–202 shall:

(1) Establish the DoD Civilian/Military Service Review Board and the Advisory Panel.

(2) Appoint as board president a member or employee of the Air Force in grade O–6 or GM–15 or higher.

(3) Request the Secretary of Transportation to appoint an additional voting member from the U.S. Coast Guard when the board is considering the application of a group claiming active Coast Guard service.

(4) Provide a recorder and an assistant to maintain the records of the board and administer the functions of this part.

(5) Provide nonvoting legal advisors and historians.

(6) Publish notices of group applications and other Public Law 95–202 announcements in the Federal Register.

(7) Consider the rationale and recommendations of the DoD Civilian/Military Service Review Board.

(8) Determine whether the service rendered by a civilian or contractual group shall be considered AD service to the U.S. Armed Forces for all laws administered by the VA. The decision of the Secretary of the Air Force is final. There is no appeal.

(9) Notify the following persons in writing when a group determination is made (if the Secretary of the Air Force disagrees with the rationale or recommendations of the board, the Secretary of the Air Force shall provide the decision and reasons for it in writing to these persons):

(i) The applicant(s) for the group.

(ii) The Secretary of the Department of Veterans Affairs.

(iii) The Secretary of the Army.

(iv) The Secretary of the Navy.

(v) The ASD (FM&P).

(vi) The Secretary of Transportation (when a group claims active Coast Guard service).

(c) The Secretary of the Army, Secretary of the Navy, Secretary of the Air Force, and Commandant of the Coast Guard shall:

(1) Appoint to the board a primary and an alternate member in the grades of O–6 or GM–15 or higher from their respective Military Services.

(2) Process applications for discharge documents from individuals claiming membership in a recognized group in accordance with applicable laws, Directives, the Secretary of the Air Force rationale and instrument effecting a group determination, and any other instructions of the board.

(3) Determine whether the applicant was a member of a recognized group after considering the individual’s evidence of membership and verifying the service against available Government records.

(4) Issue a DD Form 214, “Certificate of Release or Discharge from Active Duty,” and a DD Form 256, “Honorable Discharge Certificate,” or a DD Form 257, “General Discharge Certificate,” as appropriate, consistent with DoD Instruction 1336.11 and DoD Directive 1332.142 and the implementing documents of the appropriate statutes of the Military Department concerned or the DoT and the instructions of the DoD Civilian/Military Service Review Board.

(5) Issue a DD Form 1300, “Report of Casualty,” in accordance with DoD Instruction 1300.9 3 if a verified member was killed during the period of AD service.

(6) Ensure that each DD Form 214, “Certificate of Release or Discharge from Active Duty,” and each DD Form 1300, “Report of Casualty,” have the following statement entered in the “Remarks” section:

This document, issued under Public Law 95–202 (38 U.S.C. 106 Note), administratively establishes active duty service for the purposes of Department of Veterans Affairs benefits.

(7) Determine the equivalent military pay grade, when required by the Department of Veterans Affairs. For VA benefits, a pay grade is needed only in cases when an individual was killed or received service-connected injuries or disease during the recognized period.

Copies may be obtained, if needed, from the U.S. Naval Publications and Forms Center, Attn: 1053, 5801 Tabor Avenue, Philadelphia, PA 19120.

See footnote 1 to § 47.5(c)(4).
Office of the Secretary of Defense

of AD service. A DD Form 1300 shall be issued with the equivalent pay grade annotated for a member who died during the recognized period of service. A DD Form 214 shall not include pay grade, unless the Department of Veterans Affairs requests that a grade determination be given. Determinations of equivalent grade shall be based on the following criteria in order of importance:

(i) Officially recognized organizational grade or equivalent rank.

(ii) The corresponding rank for civilian pay grade.

(iii) If neither of the criteria in paragraphs (c)(7) (i) and (ii) of this section, and applies, only one of three grades may be issued; i.e., O–1, E–4, or E–1. Selection depends on the nature of the job performed, the level of supervision exercised, and the military privileges to which the individual was entitled.

(8) Adjudicate applicant challenges to the period of AD service, characterization of service, or other administrative aspects of the discharge documents issued.

§ 47.6 Procedures.

(a) Submitting group applications. Applications on behalf of a civilian or contractual group shall be submitted to the Secretary of the Air Force using the instructions in appendix A to this part.

(b) Processing group applications. (1) When received, the recorder shall review the application for sufficiency and either return it for more information or accept it for consideration and announce acceptance in the FEDERAL REGISTER.

(2) The recorder shall send the application to the appropriate advisory panel for historical review and analysis.

(3) When received, the recorder shall send the advisory panel’s report to the applicant for comment. The applicant’s comments shall be referred to the advisory panel if significant disagreement requires resolution. Additional comments from the historians also shall be referred to the applicant for comment.

(4) The DoD Civilian/Military Service Board shall consider the group application, as established, in paragraph (a) and paragraphs (b) (1) through (3) of this section.

(5) After the Secretary of the Air Force makes a decision, the recorder shall notify the applicant of the decision and announce it in the "FEDERAL REGISTER.”

(c) Submitting individual applications. When a group is recognized, individual members may apply to the appropriate Military Department or to the Coast Guard for discharge documents. Submit applications on DD Form 2168, “Application for Discharge of Member or Survivor of Member of Group Certified to Have Performed Active Duty with the Armed Forces of the United States.” An application on behalf of a deceased or incompetent member submitted by the next of kin must be accompanied by proof of death or incompetence.

APPENDIX A TO PART 47—INSTRUCTIONS FOR SUBMITTING GROUP APPLICATIONS UNDER PUBLIC LAW 95–202

A. In Submitting a Group Application: 1. Define the group to include the time period that your group provided service to the U.S. Armed Forces.

2. Show the relationship that the group had with the U.S. Armed Forces, the manner in which members of the group were employed, and the services the members of the group provided to the Armed Forces.

3. Address each of the factors in §47.4.

4. Substantiate and document the application. (The burden of proof rests with the applicant.)

B. Send Completed Group Applications To: Secretary of the Air Force (SAF/MRC), DoD Civilian/Military Service Review Board, Washington, DC 20330–1000.

APPENDIX B TO PART 47—THE DoD CIVILIAN/MILITARY SERVICE REVIEW BOARD AND THE ADVISORY PANEL

A. Organization and Management

1. The board shall consist of a president selected from the Department of the Air Force and one representative each from the OSD, the Department of the Army, the Department of the Navy, the Department of the Air Force, and the U.S. Coast Guard (when the group claims active Coast Guard service). Each member shall have one vote except that the president shall vote only to break a tie. The board’s decision is determined by majority vote. The president and two voting members shall constitute a quorum.

2. The advisory panel shall act as a nonvoting adjunct to the board. It shall consist
of historians selected by the Secretaries of the Military Departments and, if required, by the Secretary of Transportation. The respective Military Departments and the DOT shall ensure that the advisory panel is provided with administrative and legal support.

B. Functions

1. The board shall meet in executive session at the call of the president, and shall limit its reviews to the following:
   a. Written submissions by an applicant on behalf of a civilian or contractual group. Presentations to the board are not allowed.
   b. Written report(s) prepared by the advisory panel.
   c. Any other relevant written information available.
   d. Factors established in this part for determining AD service.

2. The board shall return to the applicant any application that does not meet the eligibility criteria established in §47.4(a). The board only needs to state the reasons why the group is ineligible for consideration under this part.

3. If the board determines that an application is eligible for consideration under §47.4(a), the board shall provide, to the Secretary of the Air Force, a recommendation on the AD service determination for the group and the rationale for that recommendation that shall include, but not be limited to, a discussion of the factors listed in §47.4.

   a. No factors shall be established that require automatic recognition. Neither the board nor the Secretary of the Air Force shall be bound by any method in reaching a decision.

   b. Prior group determinations made under Public Law 95–202 do not bind the board or the Secretary of the Air Force. The board and the Secretary of the Air Force fully and impartially shall consider each group on its own merit in relation to the factors listed in section D. of this Directive.

PART 48—RETIRED SERVICEMAN’S FAMILY PROTECTION PLAN

Subpart A—General Information

§ 48.101 Purpose.

The purpose of the Retired Serviceman’s Family Protection Plan is to permit each member of the uniformed services to elect to receive a reduced amount of any retired pay which may be awarded him as a result of service in his uniformed service in order to provide an annuity payable after his death (while entitled to retired pay) to his widow, child, or children, subject to certain limitations specified in the law and elaborated in the regulations in this part.
§ 48.102 Definitions.

(a) The terms Plan or RSFPP as hereinafter used means the Retired Serviceman's Family Protection Plan (formerly called the Uniformed Services Contingency Option Act).

(b) The term uniformed services means the Army, Navy, Air Force, Marine Corps, Coast Guard, Commissioned Corps of Environmental Science Services Administration, and Commissioned Corps of Public Health Service.

(c) The term member means a commissioned officer, commissioned warrant officer, warrant officer, nurse, flight officer, or a person in an enlisted grade (including an aviation cadet) of any of the uniformed services, and a person in any of these categories who is entitled to or is in receipt of retired pay, except persons excluded in title 10, U.S. Code, section 1431(a), as amended.

(d) The term widow includes widower and refers to the lawful spouse of the member on the date of retirement with pay.

1. A legitimate child under 18 years of age and unmarried.
2. A stepchild, under 18 years of age and unmarried, who is in fact dependent on the member for support (see paragraphs (f) and (g) of this section).
3. A legally adopted child, under 18 years of age and unmarried.
4. A child, as defined above, who is 18 or more years of age and unmarried, and who is incapable of self-support because of being mentally defective or physically incapacitated if that condition existed prior to reaching age 18.
5. A child as defined above, who is at least 18, but under 23 years of age and unmarried, who is pursuing a full-time course of study or training in a high school, trade school, technical or vocational institute, junior college, college, university, or comparable recognized educational institution. (Applicable only in the case of members who retired on or after Nov. 1, 1968).
6. A child loses his eligibility for an annuity under this part if he is adopted by a third person after the parent-member's death. His eligibility is not affected if he is adopted by a third person after the parent-member's death (36 Comp. Gen. 325).

(f) The term stepchild means a child of a member's spouse by a former marriage. The stepchild relationship terminates upon the divorce of the parent spouse, but not upon the death of the parent spouse.

(g) The term in fact dependent means that the stepchild must be dependent on the member for over half of his or her support.

(h) The term retirement means retirement with eligibility to receive retired pay.

(i) The term retired pay includes retired, retirement, equivalent and retainer pay awarded as a result of service in the uniformed services.

(j) The term reduced retired pay means the retired pay remaining after the cost of participation in RSFPP has been subtracted.

(k) The term department concerned means (1) the Department of the Army with respect to the Army, (2) the Department of the Navy with respect to the Navy and Marine Corps, (3) the Department of the Air Force with respect to the Air Force, (4) the Department of Transportation with respect to the Coast Guard, (5) the Department of Commerce with respect to the Environmental Science Services Administration, and (6) the Department of Health, Education, and Welfare with respect to the Public Health Service.

(l) The term dependent means the prospective annuitants described in paragraphs (d) and (e) of this section.

(m) The term Board of Actuaries means the Government Actuary in the Department of the Treasury, the Chief Actuary of the Social Security Administration, and a member of the Society of Actuaries appointed by the President to advise the Secretary of Defense on the administration of the Plan.

(n) The term Joint Board means representatives of the uniformed services appointed under the provisions of §48.602.

(o) The term years of service means years of service creditable in the computation of basic pay.

(p) The term election means the choice of options made by the member under the RSFPP. This term includes a
§ 48.201  Options.

As provided in §48.203, a member may elect one or more of the following annuities. The amount must be specified at time of election, and may not be for more than 50 per centum nor less than 121/2 per centum of his retired pay, in no case may be less than a $25 monthly annuity be elected. If the election is made in terms of dollars, the amount may be more than 50 per centum of the retired pay that he would receive if he were to retire at the time of election; however, if such elected amount exceeds 50 per centum of his retired pay when he does retire, it shall be reduced to an amount equal to such 50 per centum. Also, if the dollar amount elected is less than 121/2 per centum of his retired pay when he does retire, it shall be increased to an amount equal to such 121/2 per centum.

(a) Option 1 is an annuity payable to or on behalf of his widow, the annuity to terminate upon her death or remarriage.

(b) Option 2 is an annuity payable to or on behalf of his surviving child or children as defined in §48.102, the annuity to terminate when there ceases to be at least one such surviving child eligible to receive the annuity. Each payment under such annuity shall be paid in equal shares to or on behalf of the surviving children remaining eligible at the time the payment is due. A member who elected this option in effect on the date of retirement, and who retired on or after November 1, 1968, may apply to the Secretary concerned to have a child (other than a child described in §48.102(e)(4)) who is at least 18 but less than 23 years of age considered not to be an eligible beneficiary under this paragraph (b) or §48.202. Normally such applications will be approved.

(c) Option 3 is an annuity to or on behalf of his widow and surviving child or children. Such annuity shall be paid to the widow until death or remarriage, and thereafter each payment under such annuity shall be paid in equal shares to or on behalf of the surviving children remaining eligible at the time the payment is due. A member may provide for allocating, during the period of the surviving spouse’s eligibility, a part of the annuity under this subpart B for payment to those of his surviving children who are not children of that spouse. The sum allotted will not exceed the equitable share for which such children would be eligible after the death of the widow.

(d) When no eligible beneficiary remains to benefit from the option elected, the member’s retired pay will be restored (except as provided in §48.604, for certain members retired before Aug. 13, 1968). All elections on file on Aug. 13, 1968, for members not entitled to receive retired pay will be considered to include the restoration feature with attendant cost factors being applied at time of retirement. For the purpose of this paragraph, a child (other than a child described in §48.102(e)(4)) who is at least 18 but less than 23 years of age, and is not pursuing a course of study as defined in §48.102(e)(5), shall be considered an eligible beneficiary unless an approved application by the member pursuant to §48.201(b) that such a child is not to be considered an eligible beneficiary is in effect (for members who retire on or after Nov. 1, 1968).
§ 48.202 Limitation on number of annuities.

When a member desires to provide both the annuity provided by Option 1 and Option 2, he may elect amounts that, in total, meet the limitations specified in §48.201. The cost of each annuity, and the amount of each annuity shall be determined separately. A member may not elect the combination of Options 1 and 3 or Options 2 and 3 in any case. The combined amount of the annuities may not be more than 50 per centum nor less than 12-1/2 per centum of his retired pay. In no case may less than a $25 per month combined annuity be provided.

§ 48.203 Election of options.

(a) A member who has completed less than 19 years of service as defined in §48.102(o) may elect to receive a reduced amount of retired pay in order to provide one or more of the annuities as specified in §§48.201 and 48.202, payable after his death while entitled to retired pay to or on behalf of his surviving widow, child, or children. To be effective, the election by such a member must be dated, signed, witnessed, and delivered to appropriate service officials, or postmarked not later than midnight on the day in which he completes 19 years of service. Such an election will become effective immediately upon subsequent retirement. The latest election, change, or revocation made in accordance with this subsection will, if otherwise valid, be the effective election, unless superseded by a change as provided in paragraph (b) of this section.

(b) Except as provided in paragraph (c) of this section, a member who fails or declines to make an election before completion of 19 years of service may make an election after that time. However, unless the election is made at least 2 years prior to the date the member becomes entitled to receive retired pay, it will not be effective. The same applies to subsequent changes or revocations made prior to retirement.

(c) If an election, revocation, or change was made prior to August 13, 1968, the 19-year and 2-year provisions are automatically in effect on August 13, 1968, for members who were not entitled to retired pay on such date, unless the member applies under §48.604(d) to remain under the provisions of the law prior to August 13, 1968. In this case the “18 years of service” and “3 years prior to receipt of retired pay” rules will apply.

(d) A member retired for physical disability on or after November 1, 1968 who is awarded retired pay prior to completion of 19 years of service may make an election which is subject to the restrictions set forth in §48.507. The election by such member shall be made before the first day for which he is entitled to retired pay. Elections made under this paragraph prior to November 1, 1968, must be made by the member retiring for physical disability prior to completing 18 years.

(e) If, because of military operations, a member is assigned to an isolated station, or is missing, interned in a neutral country, captured by a hostile force, or beleaguered or besieged, and for that reason is unable to make an election before completing 19 years of service, he may make the election within 1 year after he ceases to be assigned to that station or returns to the jurisdiction of his service as the case may be, and such election shall become effective immediately upon subsequent retirement.

(f) A member to whom retired pay is granted retroactively, and who is otherwise eligible to make an election, may make the election within 90 days after receiving notice that such pay has been granted him.

(g) Whenever a member is determined to be mentally incompetent by medical officers of the uniformed services or of the Veterans Administration, or is adjudged mentally incompetent by a court of competent jurisdiction and because of such mental incompetency is incapable of making any election within the time limitations prescribed by the Plan, the Secretary of the Department concerned may make the appropriate election on behalf of such member upon request of the spouse, or if there be no spouse, by or on behalf of the child or children of such member. If such member is subsequently determined to be mentally competent by the Veterans Administration or a court of competent jurisdiction, he may, within 180 days after such determination or
§ 48.204 Change or revocation of election.

(a) A change of election is a change in the amount of the annuity or annuities under any option, or a change in any option or options selected. A revocation is a cancellation of a previous election and constitutes a withdrawal from coverage under the Plan.

(b) A member may change or revoke his election as often as he desires prior to the completion of 19 years of service. Such a change or revocation must be dated, signed, witnessed, and delivered to appropriate service officials, or postmarked not later than midnight on the day in which the member completes 19 years of service. The latest election, change, or revocation which is submitted in accordance with this subsection will be effective at retirement.

(c) A member who desires to make an election or change or revoke his election after he has completed 19 years of service may do so prior to his retirement. However, such an election, change or revocation will be effective only if at least 2 years elapse between the date of the election, change, or revocation and the date of eligibility to receive retired pay.

(d) A revocation will not prohibit the filing of a new election at a later date which will become valid under applicable validation provisions.

(e) A member may, on or after November 1, 1968, at any time prior to his retirement, change or revoke his election (provided the change does not increase the amount of the annuity elected) to reflect a change in the marital or dependency status of the member of his family caused by death, divorce, annulment, remarriage, or acquisition of a child, if such change or revocation is made within 2 years of such change in status.

(f) Notification of a change in family status is not a change of election.

(g) All changes and revocations on file on August 13, 1968, for members not entitled to retired pay shall be subject to the provisions of this section unless the member makes the application specified in § 48.604(d).

§ 48.205 Election form.

The form for making election after October 31, 1968, is prescribed as Election of Options, Retired Serviceman’s Family Protection Plan, DD Form 1688. It will be submitted as directed herein. All copies will be signed, and any otherwise complete, signed copy, when properly submitted, may be used to substantiate the fact of election, modification, revocation, or change in family status.

§ 48.206 Information regarding elections.

(a) All members of the Reserve component who will have accumulated sufficient service to be eligible for retired pay at age 60, will be counseled on the Plan before reaching their 57th birth dates in order to insure that valid elections can be made prior to their 58th birth dates. An election, modification, or revocation submitted subsequent to attaining age 58 will be valid only if it is made and submitted at least 2 years prior to the first date for which retired pay is granted.

(b) It is the responsibility of the department concerned to provide election forms and to promulgate information concerning the benefits of the Plan to all members so as to allow a timely election.

(c) Members retiring for physical disability prior to the completion of 19

\footnote{Filed as part of the original document. Copies may be obtained from Military Personnel Office.}
years of service will, prior to retirement, be counseled and furnished information concerning the operation of the Plan.

Subpart C—Designation of Beneficiaries

§ 48.301 Designation.
(a) All legal beneficiaries described in § 48.102 must be named at the date of retirement pursuant to the option elected. Although a member without dependents may make an election, it will not be effective unless he has eligible dependents at the time of his retirement.
(b) When a change in family status occurs prior to retirement which would effect a change as provided in § 48.204(e), new DD Form 1688, Election of Options, Retired Servicemen’s Family Protection Plan, should be filed to evidence such change.

§ 48.302 Substantiating evidence regarding dependency and age of dependents.
At the time of submitting the election, or prior to retirement, the member must indicate his wife’s and youngest child birth date as applicable to the option elected. At or before the time of his retirement, he must submit proof of final dissolution of prior marriages, if any, both for himself and his spouse. The age of the dependents must be substantiated by a birth certificate or other competent evidence. The birth date of a member must be verified by his service record. All required substantiating evidence must be at the disbursing office which would normally pay the member retired pay or retainer pay immediately following retirement so as to permit the establishment of accurate pay accounts and to prevent the creation of indebtedness or overpayments.

§ 48.303 Condition affecting entitlement of widow or widower.
A member may have a different lawful spouse at the time of retirement from the lawful spouse he had at the time of election. The lawful spouse at the time of retirement is the spouse eligible for an annuity at the time of member’s death. Divorce of the member will remove the former spouse as a prospective annuitant.

Subpart D—Reduction of Retired Pay

§ 48.401 Computation of reduction.
(a) The reduction to be made in the retired pay of a member who has made an election shall be computed by the uniformed service concerned in each individual case, based upon tables of factors prepared by the Board of Actuaries. The computation shall be based upon the applicable table in effect on the date of retirement.
(b) An adjustment may be made in the reduction of retired pay upon the finding of an administrative error or a mistake of fact (see § 48.603).
(c) If a member elects to be covered by option 3, and on the date he is awarded retired pay has no children eligible to receive the annuity, or has only a child or children aged 18–22 (other than a child described in § 48.102(e)(4) and elects, at retirement, that such child or children shall not be considered to be eligible beneficiaries, he shall have his costs computed as though he had elected option 1. If he elects option 3, and on the date he is awarded retired pay has no wife eligible for the annuity, he shall have his costs computed as though he had elected option 2.
(d) If a member elects option 3, and after he becomes entitled to retired pay, there is no eligible spouse because of death or divorce, upon the retired member’s application, no deductions from his retired pay shall be made after the last day of the month in which there ceases to be an eligible spouse. Children otherwise eligible will continue to be eligible for the annuity in event of the member’s death. No amounts by which the member’s retired pay is reduced before that date may be refunded to or credited on behalf of that person.
(e) The amount of reduction in retired pay and the annuity payable established for each individual at the time of his retirement shall remain unaltered except as provided in § 48.203(g), paragraphs (b) and (d) of this

1 See footnote 1 to § 48.205.
§ 48.402 Effective date of reduction.

The effective date of reduction in retired pay will be the effective date of retirement with pay. The reduction in retired pay will be terminated on the date the member ceases to be entitled to retired pay or on the first day of the month following that in which there is no eligible beneficiary (for exception to this rule see § 48.604).

§ 48.403 Payment of nonwithheld reduction of retired pay.

(a) A member of a uniformed service who is entitled to retired pay and has made an election shall, during any period in which he is not receiving retired pay (including periods of active duty), deposit the amount which would have been withheld from his retired pay had he been receiving that pay.

(b) Such deposit will be payable to Treasurer of the United States and shall be forwarded monthly to the disbursing office which would normally pay the member his retired pay.

(c) The disbursing office will in all cases inform the member of the amount to be deposited and when such deposits are to be made.

(d) In the event deposits are not made within 30 days of the due date, the disbursing office will inform the member concerned that he is delinquent from such date and thereafter his designated beneficiaries will not be eligible for the annuity provided under the Plan until the arrears have been paid. The notification of delinquency will advise the member that 15 additional days have been granted to him in which to remit his deposit, and that if the arrears are not deposited within that period, the member will be charged interest to include the first day of delinquency. In no case will the expiration date of the 15 days exceed a date later than 45 days from the date the deposit was due. The interest will be computed monthly and the rate will be that used in computing the cost tables in effect on the date of the member's retirement.

§ 48.404 Ages to be used.

Ages to be used for calculating reductions of retired pay will be the ages of the member and his eligible dependents on their nearest birth dates as of the date of the member's retirement.

§ 48.405 Action upon removal from temporary disability retired list.

(a) Any member on the temporary disability retired list established pursuant to title 10, United States Code, chapter 61, who has elected to receive reduced retired pay in order to provide one or more of the annuities specified in the Plan, and who is subsequently removed from the list due to any reason other than permanent retirement, shall have refunded to him a sum which represents the difference between the amount by which his retired pay has been reduced and the cost of an amount of term insurance which is equal to the protection provided his dependents during the period he was on the temporary disability retired list.

(b) If the member concerned is returned to active duty, his election as previously made will continue or he may change or revoke the election as provided in § 48.204.

(c) Time creditable for the purpose of the two year interval required to make a change, revocation or new election valid includes service before, during, and after temporary disability retirement. (See §§ 48.203 and 48.204 and Comptroller Decision B–144158, Dec. 23, 1960.) Active duty after removal from a temporary disability retired list is a necessity in such a case.

§ 48.406 Withdrawal and reduction of percentage or amount of participation.

A retired member who is participating in the Plan may revoke his election and withdraw from participation, or he may reduce the amount of the survivor annuity; however, an approved withdrawal or reduction will not be effective earlier than the first day of the seventh month beginning after the date his application is received by the Finance Center controlling his pay record. (For special rules covering participating members retired before Aug. 13, 1968, without option 4, see § 48.604.)
Office of the Secretary of Defense § 48.505

No application for reduction will be approved which requests a change in options. A request to reduce an annuity or to withdraw from the Plan is irrevocable, and a retired member who withdraws may never again participate in the Plan. Approval of a request for a reduction will not be made when such reduction results in an annuity of less than 12 1/2 per centum of the member’s retired pay or less than a $25 monthly annuity. The new cost, after such reduction in survivor annuity, will be computed from the applicable cost table at the time of retirement. No amounts by which a member’s retired pay is reduced may be refunded to, or credited on behalf of, the member by virtue of an application made by him under this section.

Subpart E—Annuity
§ 48.501 General information.
Except as provided in §48.506(a), no annuity payable under the Plan shall be assignable, or subject to execution, levy, attachment, garnishment, or other legal process. Annuities payable under this Plan shall be in addition to any pensions or other payments to which the beneficiaries may now or hereafter be entitled under other provisions of law (except as provided in §48.507), and may not be considered as income under any law administered by the Veterans Administration, except for the purpose of title 38 U.S. Code, section 415(g) and chapter 15.

§ 48.502 Effective date of annuity.
All annuities payable under this Plan except those payable to beneficiaries described in §48.102(e)(5) shall accrue from the first day of the month in which the retired member dies and shall be due and payable not later than the 15th day of each month following that month and in equal monthly installments thereafter, except that no annuity shall accrue or be paid for the month in which entitlement to that annuity terminates.

§ 48.503 Claims for annuity payments.
Upon official notification of the death of a retired member who has elected under the Plan, the department concerned shall forward to the eligible surviving beneficiaries the necessary information and forms (DD Form 768, Application for Annuity Under Retired Serviceman’s Family Protection Plan) for making application for annuity payments. Such information shall include the place to which the application should be forwarded and to which questions regarding annuity payments should be addressed.

§ 48.504 Payment to children.
(a) Annuities for a child or children will be paid to the child’s guardian, or if there is no guardian, to the person(s) who has care, custody, and control of the child or children.
(b) Annuities payable to or on behalf of an eligible child as defined in §48.102(e)(5) accrue as of the first day of the month in which—
(1) The member (upon whose retired pay the annuity is based) dies if the eligible child’s 18th birthday occurs in the same or a preceding month, or
(2) The 18th birthday of an eligible child occurs if the member (upon whose retired pay the annuity is based) died in a preceding month, or
(3) A child first becomes (or again becomes) eligible, if that eligible child’s 18th birthday and the death of the member (upon whose retired pay the annuity is based) both occurred in a preceding month or months. An eligible child under this paragraph might become ineligible at age 18 and again become eligible by furnishing proof of pursuit of a full time course of study or training as enumerated in §48.102(e)(5).

§ 48.505 Establishing eligibility of annuitants.
(a) Eligibility for the annuity will be established by such evidences as may be required by the department concerned.
(b) If a child as defined in §48.102(e)(4) is a designated annuitant, the department concerned shall require proof that the incapacity for self-support existed prior to the child’s reaching age 18. Proof that continued incapacitation exists will be required every 2 years after the child passes the age of 18 years, except in a case where medical prognosis indicates recovery is impossible.
(c) If a child as defined in §48.102(e)(5) is a designated annuitant, as specified
§ 48.506 Recovery of erroneous annuity payments.

(a) The Secretary of the Department concerned is empowered to use any means provided by law to recover amounts of annuities erroneously paid to any individual under the Plan. He may authorize such recovery by adjustment in subsequent payments to which the individual is entitled.

(b) There need be no recovery when in the judgment of the Secretary of the Department concerned and the Comptroller General of the United States, the individual to whom the erroneous payment was made is without fault and recovery would be contrary to the purpose of the Plan or would be against equity and good conscience.

§ 48.507 Restriction on participation.

(a) If a person who has made an election under the Plan retires with a physical disability before the completion of 19 years of service and then dies in retirement, his widow and eligible children can receive monthly survivor annuities only if they are not eligible for Dependency and Indemnity Compensation payments from the Veterans Administration. If either the widow or children are eligible for dependency and indemnity compensation payments, then payment of annuities under the Plan may not be made to any member of the family. If the retired member’s death was not service connected and his widow or children are not eligible for payments from the Veterans Administration, they may receive the provided annuity payments under the Plan.

(b) If the beneficiaries on whose behalf the election was made are restricted as in paragraph (a) of this section, from receiving annuities, the amounts withheld from the elector’s retired pay as a result of the election will be refunded to the beneficiaries, less the amount of any annuity paid, and without interest.

(c) Upon notification of the death of the member in such a case, the department concerned will take the following actions:

(1) Notify the Central Office of the Veterans Administration of the death of the member and request that the department concerned be advised if an award is made under chapter 11 or 13, title 38 U.S. Code.

(2) Request the Central Office of the Veterans Administration to forward to the eligible widow and/or children an application form for survivor benefits under chapter 11 or 13, title 38 U.S. Code, with instructions for completion and submission.

§ 48.508 Certain 100 percent disability retirement.

An election filed on or after August 13, 1968 is not effective if the member dies within 30 days following retirement from a disability of 100 percent (under the standard schedule of rating disabilities in use by the Veterans Administration) for which he was retired under chapter 61, title 10 U.S. Code, unless—

(a) Such disability was the result of injury or disease received in line of duty as a direct result of armed conflict, or

(b) His widow or children are not entitled to dependency and indemnity compensation under chapter 13, title 38 U.S. Code.

Subpart F—Miscellaneous

(iv) Measures to insure uniform oper-
ating policies.
(2) Promulgating tables of annuity 
costs as prescribed by the Board of Act-
uaries.
(3) Promulgating cost of term insur-
ance as required in §48.405.
(d) The Chairmanship of the Joint 
Board will be designated by the Assist-
ant Secretary of Defense (Manpower and 
Reserve Affairs).

§ 48.603 Correction of administrative 
deficiencies.
(a) The Secretary of the Department 
concerned may correct any election or 
any change or revocation of an election 
when he considers it necessary to cor-
rect an administrative error. Informa-
tion on such corrections shall be com-
plied by each department for inclusion 
in the report prescribed by §48.601.
(b) Except when procured by fraud, a 
correction under the section is final 
and conclusive on all officers of the 
United States.
(c) Information on all corrections to 
elections under this Plan which are 
made under title 10, section 1552, 
United States Code, shall be compiled 
and this information forwarded to the 
Board of Actuaries for an actuarial 
analysis.

§ 48.604 Transition and protective 
clauses.
(a) A retired member who is partici-
pating in the Plan without inclusion of 
former option 4, which provided for re-
stitution of retired pay when no eligible 
beneficiary remained in his election, 
may before September 1, 1969, elect to 
have that option included in his elec-
tion. The election to include such op-
tion 4 becomes effective on the first 
day of the month following the month 
in which that election was made. The 
retired member must on or before the 
effective date of the new option 4. No such addi-
tional amount (except interest) shall 
accrue for months after the first month 
for which the individual had no eligible 
beneficiary. However, if undue hardship 
or financial burden would result, pay-
ments may be made in from 2 to 12 
monthly installments when the month-
ly amount involved is $25 or less, or in 
from 2 to 36 installments when the 
monthly amounts involved exceed $25. 
No amounts by which a member’s re-
tired pay was reduced may be refunded 
to, or credited on behalf of, the retired 
member by virtue of an application 
made by him under this section. A re-
tired member who does not make the 
additional election provided under this 
section within the time limits will not 
be allowed to reduce an annuity or 
withdraw from participation in the 
Plan as provided by §48.406.
(b) Members who have elected and 
are not yet retired will automatically 
participate under the provisions of 
§48.201.
(c) Elections in effect on August 13, 
1968, will remain under the cost tables 
applicable on the date of the member’s 
retirement.
(d) Any member who has filed an election, modification, or revocation prior to August 13, 1968, may before September 1, 1969, submit a written application to the Secretary concerned requesting that such election, modification, or revocation remain under the time-of-election provisions of the law applicable on the date it was filed.

PART 54—ALLOTMENTS FOR CHILD AND SPOUSAL SUPPORT

Sec.
54.1 Purpose.
54.2 Applicability and scope.
54.3 Definitions.
54.4 Policy.
54.5 Responsibilities.
54.6 Procedures.

SOURCE: 51 FR 23755, July 1, 1986, unless otherwise noted.
§ 54.1 Purpose.
Under section 65 of title 42, United States Code, this part provides policy on statutorily required child or child and spousal support allotments, assigns responsibilities, and prescribes procedures.

§ 54.2 Applicability and scope.
(a) This part applies to the Office of the Secretary of Defense (OSD) and the Military Departments. The term “Military Services,” as used herein, refers to the Army, Navy, Air Force, and Marine Corps.
(b) Its provisions cover members of the Military Services on extended active duty. This does not include a member under a call or order to active duty for a period of less than 30 days.

§ 54.3 Definitions.
(a) Authorized person. Any agent or attorney of any State having in effect a plan approved under part D of title IV of the Social Security Act (42 U.S.C. 651–664), who has the duty or authority to seek recovery of any amounts owed as child or child and spousal support (including, when authorized under the State plan, any official of a political subdivision); and the court that has authority to issue an order against a member for the support and maintenance of a child or any agent of such court.
(b) Child support. Periodic payments for the support and maintenance of a child or children, subject to and in accordance with State or local law. This includes, but is not limited to, payments to provide for health care, education, recreation, and clothing or to meet other specific needs of such a child or children.

(d) Notice. A court order, letter, or similar documentation issued by an authorized person providing notification that a member has failed to make periodic support payments under a support order.
(e) Spousal support. Periodic payments for the support and maintenance of a spouse or former spouse, in accordance with State and local law. It includes, but is not limited to, separate maintenance, alimony while litigation continues, and maintenance. Spousal support does not include any payment for transfer of property or its value by an individual to his or her spouse or former spouse in compliance with any community property settlement, equitable distribution of property, or other division of property between spouses or former spouses.

§ 54.4 Policy.
The Department of Defense is obligated by 42 U.S.C. 665 to require child, or child and spousal, support allotments from the pay and allowances of a member who has failed to make periodic payments under a support order in a total amount equal to the support payable for 2 months or longer. The member’s allotment shall be established by the Secretary of the Military Department concerned, or the Secretary’s designee, provided all requirements of this part have been met.

§ 54.5 Responsibilities.
(a) The Assistant Secretary of Defense (Comptroller) (ASD(C)) shall provide guidance, monitor compliance with this part, and have the authority to change or modify the procedures in §54.6.
(b) The Secretaries of the Military Departments shall comply with this part.

§ 54.6 Procedures.

§ 54.6 32 CFR Ch. 1 (7–1–02 Edition)

months under a support order, and a request that an allotment be initiated pursuant to 42 U.S.C. 665.

(ii) A certified copy of the support order.

(iii) The amount of the monthly support payment. Such amount may include arrearages, if a support order specifies the payment of such arrearages. The notice shall indicate how much of the amount payable shall be applied toward liquidation of the arrearages.

(iv) A statement that delinquent support payments are more than 12 weeks in arrears, if appropriate.

(v) Sufficient information identifying the member to enable processing by the designated official. The following information is requested:

(A) Full name;
(B) Social Security Number;
(C) Military Service (Army, Navy, Air Force, or Marine Corps).

(vi) The full name and address of the allottee. The allottee shall be an authorized person, the authorized person’s designee, or the recipient named in the support order.

(vii) Any limitations on the duration of the support allotment.

(viii) A certificate that the official sending the notice is an authorized person.

(2) The notice shall be sent by mail or delivered in person to the appropriate designated official of the Military Service. The designated official shall note the date and time of receipt on the notice.

(3) The notice is effective when it is received in the office of the designated official.

(4) When the notice does not sufficiently identify the member, it shall be returned directly to the authorized person with an explanation of the deficiency. However, before the notice is returned, if there is sufficient time, an attempt shall be made to inform the authorized person who sent the notice that it will not be honored unless adequate information is supplied.

(5) Upon receipt of effective notice of delinquent support payments, together with all required supplementary documents and information, the designated official shall identify the member from whom moneys are due and payable.

Under §54.6(d), the allotment shall be established in the amount necessary to comply with the support order and to liquidate arrearages if provided by a support order when the maximum amount to be allotted under this provision, together with any other moneys withheld for support from the member, does not exceed:

(i) Fifty percent of the member’s disposable earnings for any month in which the member asserts by affidavit or other acceptable evidence that he or she is supporting a spouse, dependent child, or both, other than a party in the support order. When the member submits evidence, copies shall be sent to the authorized person, together with notification that the member’s support claim shall be honored. If the support claim is contested by the authorized person, that authorized person may refer this matter to the appropriate court or other authority for resolution.

(ii) Sixty percent of the member’s disposable earnings for any month in which the member fails to assert by affidavit or other acceptable evidence that he or she is supporting a spouse, dependent child, or both.

(iii) Regardless of the limitations above, an additional 5 percent of the member’s disposable earnings shall be withheld when the notice states that the total amount of the member’s support payments is 12 or more weeks in arrears.

(b) Disposable Earnings. (1) In determining disposable earnings for a member assigned within the contiguous United States, include the following payments. For definitions of these items, see DoD 5000.12-M.

(i) Basic pay (including Military Service academy cadet and midshipman pay).

(ii) Basic allowance for quarters for members with dependents, and for members without dependents in grade E-7 or higher.

(iii) Basic allowance for subsistence for commissioned and warrant officers.

(ix) Career sea pay.
(2) To determine disposable earnings for a member assigned outside of the contiguous United States, the following shall supplement the payments listed in paragraph (b)(1) of this section:
(i) Foreign duty pay.
(ii) Special pay for duty subject to hostile fire (applies only to members permanently assigned in a designated area).
(iii) Family separation allowances (only under certain type-II conditions).
(iv) Special pay for overseas extensions.
(c) Calculations of disposable earnings shall exclude:

(2) Amounts mandatorily withheld for the U.S. Soldiers' and Airmen's Home.

(6) Advances of pay received by the member before receipt of notice (see paragraph (c)(1) of this section) that may be due and payable by the member at some future date. Requests for advances received after notice for a statutorily required support allotment shall be reduced by the amount of the statutorily required support allotment.
(7) Other amounts required by law to be deducted.
(d) Notice to member and member's Commanding Officer.
(1) As soon as possible, but not later than 15 calendar days after the date of receipt of notice, the designated official shall send to the member, at his or her duty station, written notice:
(i) That notice has been received from an authorized person, including a copy of the documents submitted.
(ii) That the member may submit supporting affidavits or other documentation as evidence that the information contained in the notice is in error.
(iii) That the member may submit supporting affidavits or other documentation as evidence that the information contained in the notice is in error.
(iv) That by submitting supporting affidavits or other necessary documentation, the member consents to the disclosure of such information to the party requesting the support allotment.

The designated official shall provide the member's commanding officer, or designee, with a copy of the notice and other legal documentation served on the designated official.
(3) The Military Services shall provide the member with the following:
(i) When possible, an in-person consultation with a judge advocate or legal officer of the Military Service concerned, to discuss the legal and other factors involved in the member's support obligation and failure to make payments.
(ii) Copies any other documents submitted with the notice.
(4) The member's commanding officer, or designee, shall confirm in writing to the designated official within 30 days of notice that the member received a consultation concerning the member's support obligation and the consequences of failure to make payments, or when appropriate, of the inability to arrange such consultation and the status of continuing efforts to fulfill the consultation requirement.
(5) If, within 30 days of the date of the notice, the member has furnished
§ 54.6

the designated official affidavits or other documentation showing the information in the notice to be in error, the designated official shall consider the member’s response. The designated official may return to the authorized person, without action, the notice for a statutorily required support allotment together with the member’s affidavit and other documentation, if the member submits substantial proof of error, such as:

(i) The support payments are not delinquent.

(ii) The underlying support order in the notice has been amended, superseded, or set aside.

(e) Payments. (1) Except as provided in paragraph (e)(3) the Secretary of the Military Department concerned, or designee, shall make the support allotment by the first end-of-month payday after the designated official is notified that the member has had a consultation with a judge advocate or legal officer, or that a consultation was not possible, but not later than the first end-of-month payday after 30 days have elapsed from the date of the notice to the member. The Military Services will not be required to vary their normal military allotment payment cycle to comply with the notice.

(2) If several notices are sent with respect to the same member, payments shall be satisfied on a first-come, first-served basis within the amount limitations in paragraph (a)(5) of this section.

(3) When the member identified in the notice is found not to be entitled to money due from or payable by the Military Service, the designated official shall return the notice to the authorized person and shall advise him or her that no money is due from or payable by the Military Service to the named individual. When it appears that amounts are exhausted temporarily or otherwise unavailable, the authorized person shall be told why, and for how long, any money is unavailable. If known, if the member separates from active duty, the authorized person shall be informed that the allotment is discontinued.

(4) Payment of statutorily required allotments shall be enforced over other voluntary deductions and allotments when the gross amount of pay and allowances is not sufficient to permit all authorized deductions and collections.

(5) The authorized person or allottee shall notify the designated official promptly if the operative court order upon which the allotment is based is vacated, modified, or set aside. If notified of any events affecting the allottee’s eligibility to receive the allotment, such as the former spouse’s remarriage, if a part of the payment is for spousal support, and notice of a change in eligibility for child support payments under circumstances of death, emancipation, adoption, or attainment of majority of a child whose support is provided through the allotment.

(6) An allotment established under this Directive shall be adjusted or discontinued upon notice from the authorized person.

(7) Neither the Department of Defense, nor any officer or employee thereof, shall be liable for any payment made from moneys due from, or payable by, the Department of Defense to any individual pursuant to notice regular on its face, if such payment is made in accordance with this part. If a designated official receives notices based on a support order which, on its face, appears to conform to the laws of the jurisdiction from which it was issued, the designated official shall not be required to ascertain whether the authority that issued the order had obtained personal jurisdiction over the member.

§ 56.8 Guidelines for determining discriminatory practices.

(a) General prohibitions against discrimination. (1) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefit of, or otherwise be subjected to discrimination under any program or activity that is conducted by the Department of Defense or that receives or benefits from Federal financial assistance disbursed by the Department of Defense.

(2) A recipient or DoD Component may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Provide different or separate aid, benefits, or services to handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are equal to those provided to others;

(ii) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(iii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iv) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective as that afforded to others;

(v) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity granted to others receiving the aid, benefit, or service.

(3) A recipient or DoD Component may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different from regular programs or activities, even if such separate or different programs and activities are permissible under paragraph (a)(2)(i) of this section.

(4) A recipient or DoD Component may not provide assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipient’s program or activity.

(5) A recipient of DoD Component may not deny, on the basis of handicap, a qualified handicapped person the opportunity to participate as a member of planning or advisory boards.

(6) A recipient or DoD Component may not use, directly or through contractual or other arrangements, criteria or methods of administration that:

(i) Subject qualified handicapped persons to discrimination on the basis of handicap;

(ii) Defeat or substantially impair accomplishment of the objectives of the recipient’s or DoD Component’s program or activity with respect to handicapped persons; or

(iii) Perpetuate discrimination by another recipient if both recipients are subject to common administrative control or are agencies of the same State.

(7) In determining the site or location of a facility, a recipient or DoD Component may not make selections that:

(i) Subject qualified handicapped persons to discrimination on the basis of handicap;

(ii) Defeat or substantially impair accomplishment of the objectives of the recipient’s or DoD Component’s program or activity with respect to handicapped persons; or

(iii) Perpetuate discrimination by another recipient if both recipients are subject to common administrative control or are agencies of the same State.

(8) Recipients and DoD Components shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

(9) Recipients and DoD Components shall take appropriate steps to make communications with their applicants, employees, and beneficiaries available to persons with impaired vision and hearing.

(10) This section may not be interpreted to prohibit the exclusion of:
§ 56.8

(i) Persons who are not handicapped from benefits, programs, and activities limited by Federal statute or Executive order to handicapped persons; or
(ii) One class of handicapped persons from a program or activity limited by Federal statute or Executive order to a different class of handicapped persons.

(11) Recipients and DoD Components shall take appropriate steps to ensure that no handicapped individual is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under any program or activity receiving or benefiting from Federal financial assistance disbursed by the Department of Defense or under any program or activity conducted by the Department of Defense because of the absence of auxiliary aids, such as certified sign-language interpreters, telecommunication devices (TDDs), or other telephonic devices for individuals with impaired sensory, manual, or speaking skills.

(b) Prohibitions against employment discrimination by recipients. (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity that receives or benefits from Federal financial assistance disbursed by the Department of Defense.

(2) The prohibition against discrimination in employment applies to the following:

(i) Recruitment, advertising, and processing of applications for employment.

(ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring.

(iii) Rates of pay or any other form of compensation and changes in compensation.

(iv) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists.

(v) Leaves of absence, sick leave, or any other leave.

(vi) Fringe benefits available by virtue of employment, whether or not administered by the recipient.

(vii) Selection and financial support for training, including apprenticeships, professional meetings, conferences and other related activities, and selection for leaves of absence for training.

(viii) Programs and activities sponsored by the employer, including social and recreational programs.

(ix) Any other term, condition, or privilege of employment.

(3) A recipient may not participate in a contractual or other relationship that subjects qualified handicapped applicants or employees to discrimination prohibited by this section, including relationships with employment and referral agencies, labor unions, organizations providing or administering fringe benefits to employees of the recipient, and organizations providing training and apprenticeship programs.

(4) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program. Reasonable accommodation includes providing ramps, accessible restrooms, drinking fountains, interpreters for deaf employees, readers for blind employees, amplified telephones, TDDs such as Tele typewriters or Telephone Writers (TTYs), and tactile signs on elevators.

(5) A recipient may not use employment tests or criteria that discriminate against handicapped persons, and shall ensure that employment tests are adapted for use by persons who have handicaps that impair sensory, manual, or speaking skills.

(6) A recipient may not conduct a preemployment medical examination or make a preemployment inquiry about whether an applicant is a handicapped person or about the nature or severity of a handicap. A recipient may make, however, a preemployment inquiry into an applicant’s ability to perform job-related functions.

(7) When a recipient is taking remedial action to correct the effects of past discrimination or is taking voluntary action to overcome the effects of conditions that have resulted in limited participation by handicapped persons in its federally assisted program or activity, the recipient may invite applicants for employment to indicate
whether and to what extent they are handicapped if:

(i) The recipient makes clear to the applicants that the information is intended for use solely in connection with its remedial action obligations or its voluntary affirmative action efforts.

(ii) The recipient makes clear to the applicants that the information is requested on a voluntary basis, that it will be kept confidential as provided in paragraph (b)(9) in this section, that refusal to provide it will not subject the applicants to any adverse treatment, and that it will be used only in accordance with this part.

(8) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee’s entrance on duty if:

(i) All entering employees are subjected to such an examination, regardless of handicap.

(ii) First aid and safety personnel may be informed, when appropriate, if a handicapping condition might require emergency treatment.

(iii) Government officials investigating compliance with section 504, Pub. L. 93–112, and this part shall be provided relevant information upon request.

(c) Program accessibility—(1) General requirements. No qualified handicapped person shall, because a recipient’s or DoD Component’s facilities are inaccessible to or not usable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity that receives or benefits from Federal financial assistance disbursed by the Department of Defense or under any program or activity conducted by the Department of Defense.

(2) Existing facilities. (i) A recipient or DoD Component shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This does not necessarily require a recipient or DoD Component to make each of its existing facilities or every part of an existing facility accessible to and usable by handicapped persons. For guidance in determining the accessibility of facilities, see chapter 18 of DoD 4270.1-M, “Department of Defense Construction Criteria Manual,” June 1, 1978, and Department of the Army, Office of the Chief of Engineers, Manual EM 1110–1–103, “Design for the Physically Handicapped,” October 15, 1976. Inquiries on specific accessibility design problems may be addressed to the ASD (MRA&L), or designee.

(ii) When structural changes are necessary to make programs or activities in existing facilities accessible to the extent required by paragraph (c)(1) of this section:

(A) Such changes shall be made as soon as practicable, but not later than 3 years after the effective date of this part however, if the program or activity is a particular mode of transportation (such as a subway station) that can be made accessible only through extraordinarily expensive structural changes to, or replacement of, existing facilities and if other accessible modes of transportation are available, the DoD Component concerned may extend this period of time. This extension shall be for a reasonable and definite period, which shall be determined after consultation with the ASD(MRA&L), or designee.

(B) The recipient or DoD Component shall develop, with the assistance of interested persons or organizations and within a period to be established in each DoD Component’s guidelines, a transition plan setting forth the steps necessary to complete such changes.

(C) The recipient or DoD Component shall make a copy of the transition plan available for public inspection. At a minimum, the plan shall:
§ 56.8 Identification of accessibility issues

(1) Identify physical obstacles in the recipient’s or DoD Component’s facilities that limit the accessibility of its program or activity to handicapped persons.

(2) Describe in detail the methods that will be used to make the facilities accessible.

(3) Specify the schedule for taking the steps necessary to achieve full program accessibility and, if the time period of the transition plan is longer than 1 year, identify steps that will be taken during each year of the transition period.

(4) Indicate the person (last name, first, and middle initial) responsible for implementation of the transition plan.

(iii) A recipient or DoD Component may comply with paragraphs (c)(2)(i) and (c)(2)(ii) of this section, through such means as the acquisition or redesign of equipment, such as telecommunication or other telephonic devices; relocation of classes or other services to accessible buildings; assignment of aides to beneficiaries, such as readers or certified sign-language interpreters; home visits; delivery of health, welfare, or other services to accessible alternate sites; alteration of existing facilities and construction of new facilities in conformance with paragraph (c)(3) in this section; or any other method that results in making the program or activity of the recipient or DoD Component accessible to handicapped persons.

(iv) A recipient or DoD Component is not required to make structural changes in existing facilities when other methods are effective in achieving compliance with this section.

(v) In choosing among available methods for meeting the requirements of this section, a recipient or DoD Component shall give priority to those methods that offer programs and activities to handicapped persons in the most integrated setting appropriate with nonhandicapped persons.

(3) New Construction. New facilities shall be designed and constructed to be readily accessible to and usable by handicapped persons. Alterations to existing facilities shall be designed and constructed, to the maximum extent feasible, to be readily accessible to and usable by handicapped persons. For guidance in determining the accessibility of facilities, see chapter 18 of DoD 4270.1-M and Department of the Army, Office of the Chief of Engineers, Manual EM 1110–1–103. Inquiries about specific accessibility design problems may be addressed to the ASD(MR&A&L), or designee.

(4) Historic properties. (i) In the case of historic properties, program accessibility shall mean that, when viewed in their entirety, programs are readily accessible to and usable by handicapped persons. Because the primary benefit of historic properties is the experience of the property itself, DoD Components and recipients shall give priority to those methods of achieving program accessibility that make the historic property, or portions thereof, physically accessible to handicapped persons.

(ii) Methods of achieving program accessibility include:

(A) Making physical alterations that give handicapped persons access to otherwise inaccessible areas or features of historic properties.

(B) Using audiovisual materials and devices to depict otherwise inaccessible areas or features of historic properties.

(C) Assigning individuals to guide handicapped persons into or through otherwise inaccessible portions of historic properties.

(D) Adopting other innovative methods.

(iii) When program accessibility cannot be achieved without causing a substantial impairment of significant historic features, the DoD Component or recipient may seek a modification or waiver of access standards from the ASD (MRA&L), or designee.

(A) A decision to grant a modification or waiver shall be based on consideration of the following:

(1) Scale of the property, reflecting its ability to absorb alterations.

(2) Use of the property, whether primarily for public or private purposes.

(3) Importance of the historic features of the property to the conduct of the program.

(4) Costs of alterations in comparison to the increase in accessibility.

(B) The ASD(MRA&L), or designee, shall review periodically any waiver granted under this paragraph and may
withdraw it if technological advances or other changes warrant.

(iv) The decision by the ASD(MRA&L), or designee, to grant a modification or waiver of access standards is subject to section 106 of the National Historic Preservation Act, as amended, and shall be made in accordance with the Advisory Council on Historic Preservation regulation on “Protection of Historic and Cultural Properties” (36 CFR part 800). When the property is federally owned or when Federal funds may be used for alterations, the ASD(MRA&L), or designee, shall obtain the comments of the Advisory Council on Historic Preservation when required by section 106 of the National Historic Preservation Act and the Advisory Council on Historic Preservation regulation on “Protection of Historic and Cultural Properties” (36 CFR part 800) prior to effectuation of structural alterations.

(v) DoD Component guidelines prepared in accordance with §56.10 shall include a listing of all historic properties, including historic ships, subject to this part and a plan for compliance with paragraph (c)(4) of this section.

(5) Military museums. (i) In the case of military museums, program accessibility shall mean that exhibits, displays, tours, lectures, circulating or traveling exhibits, and other programs of military museums are accessible to and usable by handicapped persons. Methods of meeting this requirement include the following:

(A) Museum programs may be made accessible to deaf and hearing-impaired persons by means such as training museum staff, such as docents, in sign language; providing qualified sign-language interpreters to accompany deaf or hearing-impaired visitors; ensuring that clear, concise language is used on all museum signs and display labels; providing amplification devices; or providing printed scripts for films, videotapes, lectures, or tours. DoD Components are encouraged to use “Museums and Handicapped Students: Guidelines for Educators,” published by the National Air and Space Museum, Smithsonian Institution, Washington, DC 20060.

(B) Museum programs may be made accessible to blind and visually-impaired persons by means such as providing museum catalogues in a large-print edition printed over braille; providing cassette tapes, records, or discs for museum tours or exhibits; providing readers to accompany blind or visually impaired visitors; using large-print and braille display cards at exhibits; providing raised-line maps of the museum building; using raised-line drawings, reproductions, or models of large exhibits to facilitate tactile experiences when touching exhibits is prohibited; placing large-print and braille signs to identify galleries, elevators, restrooms, and other service areas; and permitting guide dogs in all museum facilities.

(C) Museum programs may be made accessible to other physically impaired persons by means such as lowering display cases; spacing exhibits to facilitate movement; using ramps in galleries; increasing lighting in exhibit areas to facilitate viewing from a distance; providing places to sit in exhibit areas; making restrooms accessible; using large-print exhibit display cards to facilitate reading from a distance; and sensitizing museum staff to consider the needs of handicapped visitors when organizing exhibits.

(ii) DoD Component guidelines developed in accordance with paragraph (c)(5) of this section shall identify military museums subject to paragraph (c) of this section and shall contain a plan for making museum programs accessible to handicapped persons. Technical assistance in the preparation and content of these plans may be obtained from the National Access Center, 1419 27th Street, NW., Washington, DC 20007 ((202) 333–1712 or TTY (202) 333–1339). In addition, community organizations that serve handicapped persons and handicapped persons themselves shall be consulted in the preparation of these plans.

(d) Reasonable accommodation. (1) A recipient or DoD Component shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient or DoD Component demonstrates to the ASD(MRA&L), or designee, that the accommodation would
§ 56.9 Ensuring compliance with this part in Federal financial assistance programs and activities.

(a) Supplementary guidelines issued by DoD Components. (1) Whenever necessary, DoD Components shall publish supplementary guidelines for each type of program or activity to which they disburse Federal financial assistance within 120 days of the effective date of this part or of the effective date of any subsequent statute authorizing Federal financial assistance to a new type of program or activity. DoD Components shall obtain approval of these supplementary guidelines from the ASD(MRA&L), or designee, before issuing them. Prior to their issuance, the ASD(MRA&L), or designee, shall submit supplementary guidelines prepared pursuant to paragraph (a)(1) of this section to the Coordination and Review Section, Civil Rights Division, Department of Justice, for review and approval. To the extent that supplementary guidelines issued by DoD Components deal with the employment of civilians in programs and activities subject to this part the ASD(MRA&L), or designee, shall also obtain the approval of the Equal Employment Opportunity Commission (EEOC) in accordance with Executive Order 12067.

(2) The ASD(MRA&L), or designee, and DoD Components shall ensure that their supplementary guidelines conform to the requirements of this part and that they provide:

(i) A description of the types of programs and activities covered.

(ii) Examples of prohibited practices likely to arise with respect to those types of programs and activities.

(iii) A list of the data collection and reporting requirements of the recipients.

(iv) Procedures for processing and investigating complaints.

(v) Procedures for hearings to determine compliance by recipients with this part.

(vi) Requirements or suggestions for affirmative action on behalf of qualified handicapped persons.

(vii) Requirements for the dissemination of program and complaint information to the public.

(viii) A description of the form of the assurances that must be executed pursuant to paragraph (b) of this section, and sample assurances.

(ix) Requirements concerning the frequency and nature of postapproval reviews conducted pursuant to paragraph (h) of this section.

(x) A period of time, provided for by §56.8(c)(2)(i)(B), for the development of a transition plan that sets out the steps necessary to complete structural changes that might be required by §56.8(c).

(xi) The maximum period of time that may be allowed for extensions that might be granted pursuant to §56.8(c)(2)(i).
(xii) An appendix that contains a list of identified programs and activities of the type covered by the supplementary guidelines, including the names of the programs and activities and the authorizing statute, regulation, or directive for each program and activity.

(xiii) Requirements for the recipient to designate a responsible official to coordinate the implementation of supplementary guidelines.

(xiv) Requirements for any other actions or procedures necessary to implement this part.

(3) When the head of a DoD Component determines that it would not be appropriate to include on or more of the provisions described in paragraph (a)(2) of this section, in the supplementary guidelines of that DoD Component or that it is not necessary to issue such guidelines at all, the reasons for such determination shall be stated in writing and submitted to the ASD(MRA&L), or designee, for review and approval. Once that determination is approved, the DoD Component shall make it available to the public upon request.

(4) The heads of DoD Components, or designees, shall be responsible for keeping the supplementary guidelines current and accurate. When a DoD Component determines that a program or activity should be added to or deleted from the guidelines, the DoD Component shall notify the ASD(MRA&L), or designee, in writing.

(b) Required assurances. (1) DoD Components shall require all recipients to file written assurances that their programs or activities will be conducted in accordance with this part and supplementary guidelines promulgated by DoD Components. If a recipient fails to provide an assurance that conforms to the requirements of this section, the DoD Component shall attempt to effect compliance pursuant to paragraphs (f) through (h) of this section, provided that if assistance is due and payable to the recipient based on an application approved prior to the effective date of this part the DoD Component shall continue the assistance while any proceedings required by paragraphs (n) through (v) of this section, are pending.

(2) DoD Components shall advise each recipient of the required elements of the assurance and, with respect to each program or activity, of the extent to which those receiving assistance from recipients shall be required to execute similar assurances.

(3) DoD Component shall ensure that each assurance:

(i) Obligates the recipient to advise the DoD Component of any complaints received that allege discrimination against handicapped persons.

(ii) Obligates the recipient to collect and provide the items of information that the DoD Component lists in its supplementary guidelines pursuant to paragraph (a)(2)(iii) of this section.

(iii) Is made applicable to any Federal financial assistance that might be disbursed by a DoD Component without the submission of a new application.

(iv) Obligates the recipient, when the financial assistance is in the form of property, for the period during which the property is used under a financial assistance agreement or is possessed by the recipient.

(v) Includes a provision recognizing that the U.S. Government has the right to seek judicial enforcement of section 504 and this part.

(c) Self-evaluation and consultation with interested persons and organizations. (1) DoD Components shall require recipients to conduct, within 6 months of the effective date of this part or of first receiving Federal financial assistance disbursed by the Department of Defense, a self-evaluation with the assistance of interested persons, including handicapped persons or organizations that represent them. When appropriate, DoD Components also shall require recipients to consult at least annually with such persons. The “Department of Health, Education, and Welfare Section 504 Technical Assistance Reserve Directory,” April 1980, shall be consulted to identify likely sources for consultation. In conducting its self-evaluation, each recipient shall:

(i) Evaluate the effects of its policies and practices with respect to its compliance with this part and the applicable DoD Component’s supplementary guidelines.

(ii) Modify any policies that do not meet such requirements.
§ 56.9 32 CFR Ch. I (7–1–02 Edition)

(iii) Take appropriate remedial steps to eliminate the discriminatory effects of any such policies or practices.

(2) For at least 3 years following the completion of a self-evaluation required under paragraph (c)(1) of this section, a recipient shall maintain on file, make available for public inspection, and provide to the ASD(MRA&L), or designee, upon request:

(i) A list of the interested persons (last names, first names, and middle initials) consulted.

(ii) A description of areas examined and problems identified, if any, with respect to those areas.

(iii) A description of any modification made and remedial steps taken.

(d) Dissemination of information. (1) Within 90 days of the effective date of this part or of first receiving assistance from the Department of Defense and on a continuing basis thereafter, each recipient shall notify beneficiaries and employees of their rights under this part and shall take appropriate steps to notify participants, beneficiaries, applicants for employment and employees, including those with impaired vision or hearing, and unions or professional organizations involved in collective bargaining or professional agreements with the recipient that the recipient does not discriminate on the basis of handicap in violation of this part. The notification shall state, when appropriate, that the recipient does not discriminate in admitting or providing access to or treating or employing persons in its programs and activities.

Such notification may be accomplished by posting notices, publishing announcements in newspapers and magazines, placing notices in its publications, or distributing memoranda or other written communications.

(2) If a recipient publishes or uses and makes available to participants, beneficiaries, applicants for employment, or employees recruitment materials or publications containing general information about the recipient’s programs and activities, it shall include in those materials or publications a statement of the policy described in paragraph (d)(1) of this section. This may be accomplished by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

(3) Understandable materials developed in accordance with this section shall be provided to ensure that all beneficiaries and employees of the recipient understand the information. In addition, recipients shall disseminate appropriate and comprehensive information about formal and informal complaint and appeal procedures, including directions on how and where to file complaints and to appeal DoD Component decisions.

(e) Intimidation and interference. Recipients and DoD Components shall take reasonable steps to ensure that no person intimidates, threatens, coerces, or discriminates against any individual for the purpose of retaliating against, interfering with, or discouraging the filing of a complaint, furnishing of information, or assisting or participating in an investigation, compliance review, hearing, or other activity related to the administration of this part.

(f) Staff responsibilities. All DoD Component determinations of recipient compliance with this part shall be subject to reviews by the ASD(MRA&L), or designee. When responsibility for approving applications for Federal financial assistance disbursed by a DoD Component is assigned to regional or area offices of the DoD Component, personnel in such offices shall be designated to perform the functions described in paragraphs (h) and (o) through (w) of this section.

(g) Access to records and facilities. Each recipient shall permit access to its premises by DoD officials during normal business hours when such access is necessary for conducting onsite compliance reviews or complaint investigations, and shall allow such officials to photograph facilities and to inspect and copy any books, records, accounts, and other material relevant to determining the recipient’s compliance with this part. Information so obtained shall be used only in connection with the administration of this part. If the recipient does not have the information requested, it shall submit to the DoD Component a written report that contains a certification that the information is not available and describes the
Office of the Secretary of Defense

§ 56.9

good-faith efforts made to obtain the information.

(h) Compliance review. DoD Components shall determine the compliance of each recipient with this part as follows: (1) General. Whenever possible, DoD Components shall perform compliance reviews in conjunction with their review and audit efforts implementing title VI of the Civil Rights Act of 1964.

(2) Desk audit application review. Before approving an application for Federal financial assistance, the DoD Component concerned shall make a written determination as to whether the recipient is in compliance with this part, based on a review of the assurance of compliance executed by a recipient pursuant to paragraph (b) of this section, and other data submitted by the recipient. When a determination cannot be made from the assurance and other data submitted by the recipient, the DoD Component concerned shall require the recipient to submit additional information and shall take other steps as necessary to determine the recipient’s compliance with this part. If this additional information demonstrates that the recipient is in compliance with this part, the DoD Component shall notify the recipient promptly that it is in compliance.

(3) Preapproval onsite review. (i) When a desk audit application review conducted pursuant to paragraph (h)(2) of this section indicates that the recipient might not be in compliance with this part, the DoD Component concerned may conduct a preapproval onsite review at the recipient’s facilities before approving the disbursement of Federal financial assistance to the recipient. The DoD Component shall conduct such a review:

(A) When appropriate, if a desk audit application review reveals that the recipient’s compliance posture is questionable because of a history of discrimination complaints, current discrimination complaints, a noncompliance determination by another government agency or DoD Component, or other indications of possible noncompliance; or

(B) If Federal financial assistance is requested for construction, except under extraordinary circumstances, to determine whether the location and design of the project would provide service on a nondiscriminatory basis, in conformity with §56.8(c).

(ii) Preapproval onsite reviews shall be conducted under DoD Component supplementary guidelines and in accordance with the provisions of paragraph (h)(4) of this section, concerning postapproval reviews.

(4) Postapproval reviews. DoD Components shall: (i) Establish and maintain effective programs of postapproval reviews.

(ii) Conduct such reviews of each recipient, the frequency and the nature of which shall be prescribed in the DoD Component supplementary guidelines implementing this part.

(iii) Require recipients periodically to submit compliance reports to them.

(5) A DoD Component shall complete a review within 180 calendar days of initiating it unless an extension of time is granted by the ASD(MRA&L), or designee, for good cause shown, and shall either:

(i) Find the recipient to be in compliance and notify the recipient of that finding; or

(ii) Notify the recipient and the ASD(MRA&L), or designee, of a finding of probable noncompliance, pursuant to paragraph (o) of this section.

(i) Filing of complaints against recipients. (1) DoD Components shall establish and publish in their supplementary guidelines procedures for the prompt processing and disposition of complaints against recipients, consistent with this section.

(ii) DoD Components shall establish and publish in their supplementary guidelines procedures for the prompt processing and disposition of complaints against recipients, consistent with this section.

(2) A DoD Component shall consider all complaints that: (i) Are filed with it within 180 days of the alleged discrimination or within a longer period of time if an extension is granted for good cause by the DoD Component with the approval of the ASD(MRA&L), or designee.

(ii) Include the name, address, and telephone number, if any, of the complainant; the name and address of the recipient committing the alleged discrimination; a description of the acts or omissions considered to be discriminatory; and other pertinent information.
(iii) Are signed by the complainant or the complainant’s authorized representative (legal counsel or a person with power of attorney granted by the complainant).

(3) DoD Components shall transmit a copy of each complaint filed with them to the ASD(MRA&L), or designee, within 10 calendar days after its receipt.

(4) If the information in a complaint is incomplete, the DoD Component shall request the complainant to provide the additional information required. If the DoD Component does not receive this requested information within 30 calendar days of the date of the request, the case may be closed and the complainant so notified in writing.

(5) If a complaint concerning a program or activity is filed with a DoD Component that does not have jurisdiction over it, the DoD Component shall refer the complaint to the ASD(MRA&L), or designee, and advise the complainant in writing of such referral. The ASD(MRA&L), or designee, then shall refer the complaint to the appropriate DoD Component and so notify the complainant in writing.

(j) Investigation by DoD components.

(1) DoD Components shall investigate complaints that involve recipients and that meet the standards described in paragraph (i) of this section, unless good cause for not investigating is stated in a written notification of the disposition of the complaint provided to the complainant.

(2) If an investigation of a complaint is conducted, the DoD Component concerned shall maintain a case record that contains:

(i) The name (last name, first, and middle initial), address (street address, city, State, and zip code), and telephone number of each person interviewed.

(ii) Copies, transcripts, or summaries of pertinent documents.

(iii) A reference to at least one program or activity conducted by the recipient and receiving Federal financial assistance disbursed by a DoD Component, and a description of the amount and nature of the assistance.

(iv) A narrative report of the results of the investigation that contains references to relevant exhibits and other evidence that relates to the alleged violations.

(k) Investigations by recipients.

(1) A DoD Component may require or permit recipients to investigate complaints alleging violation of this part. In such cases, the DoD Component shall:

(i) Ensure that the recipient investigates the complaints in accordance with the standards, procedures, and requirements prescribed in paragraph (j) of this section.

(ii) Require the recipient to submit a written report of each complaint and investigation to the DoD Component.

(iii) Retain a review responsibility over the investigation and disposition of each complaint.

(iv) Ensure that each complaint investigation is completed within 180 calendar days of the receipt of the complaint by the proper DoD Component, unless an extension of time is granted for good cause by the ASD(MRA&L), or designee.

(v) Require the recipient to maintain a log of all complaints filed against it, as described in §56.6(a)(1).

(2) DoD Components that require or permit complaint investigations to be conducted by recipients shall review recipient complaint investigations pursuant to paragraphs (k) and (l) of this section.

(l) Results of investigations.

(1) Within 180 days of the receipt of a complaint, the DoD Component, recipient, or the ASD(MRA&L), or designee, shall give written notification:

(i) Of the disposition of the complaint to the complainant and, as the case may be, to the recipient or DoD Component.

(ii) To the complainant that within 30 calendar days of receipt of the written notification, the complainant may request that the ASD(MRA&L), or designee, review the findings in the notification pursuant to paragraph (m) of this section.

(2) If the complaint investigation results in a determination by the DoD Component that a recipient is not complying with this part the DoD Component shall proceed as prescribed in paragraph (n) through (v) of this section. If the DoD Component determines that the recipient is in compliance, the
DoD Component shall submit the complete case file to the ASD(MRA&L), or designee, within 15 calendar days after the notification of the disposition of the investigation to the complainant.

(m) Reviewing completed investigations.
(1) The ASD(MRA&L), or designee, may review all completed investigations.
(2) The ASD(MRA&L), or designee, shall review the results of any investigation of a complaint if the complainant requests such a review pursuant to paragraph (l)(1)(ii) of this section.
(3) After reviewing the results of an investigation, the ASD(MRA&L), or designee, may:
   (i) Find that no further investigation is necessary and approve the results of the investigation;
   (ii) Request further investigation by the DoD Component;
   (iii) Require the DoD Component to take appropriate corrective action.
(n) Effecting compliance. (1) When a compliance review or complaint investigation indicates that a recipient has violated this part, the applicable DoD Component’s supplementary guidelines, or the assurances executed pursuant to paragraph (b) of this section, the responsible DoD Component or the ASD(MRA&L), or designee, shall attempt to effect compliance in accordance with paragraphs (o) and (p) of this section. The inability of a DoD Component to comply with any time frame prescribed by this part does not relieve a recipient of the responsibility for compliance with this part.
(2) The DoD Component may require, when necessary to overcome the effects of discrimination in violation of this part, a recipient to take remedial action:
   (i) With respect to handicapped persons who are no longer participants in the recipient’s program or activity but who were participants in the program or activity when such discrimination occurred.
   (ii) With respect to handicapped persons who would have been participants in the recipient’s program or activity had the discrimination not occurred.
   (iii) With respect to handicapped persons presently in the recipient’s program or activity, but not receiving full benefits or equal and integrated treatment within the program or activity.
(o) Written notice. After evaluating the investigative report, the DoD Component shall issue to the recipient and, pursuant to paragraph (n)(2) of this section to the ASD(MRA&L), or designee, a written notice that:
   (1) Describes the apparent violation and the corrective actions necessary to achieve compliance.
   (2) Extends an offer to meet informally with the recipient.
   (3) Informs the recipient that failure to respond to the notice within 15 calendar days of its receipt shall result in the initiation of enforcement procedures described in paragraphs (r) through (v), of this section.
(p) Attempting to achieve voluntary compliance by recipients. (1) If a DoD Component issues a notice pursuant to paragraph (o) of this section, the DoD Component shall attempt to meet with the recipient and shall attempt to persuade it to take the steps necessary to achieve compliance with this part.
(2) If a recipient agrees to take remedial steps to achieve compliance, the DoD Component shall require that the agreement be in writing and:
   (i) Be signed by the head of the DoD Component concerned, or designee, and by the principal official of the recipient.
   (ii) Specify the action necessary to achieve compliance.
   (iii) Be made available to the public upon request.
   (iv) Be subject to the approval of the ASD(MRA&L), or designee.
(3) If satisfactory adjustment or a written agreement has not been achieved within 60 calendar days of the recipient’s receipt of the notice issued pursuant to paragraph (o) of this section, the DoD Component shall notify the ASD(MRA&L), or designee, and state the reasons therefor.
(4) The DoD Component shall initiate the enforcement actions prescribed in paragraphs (r) through (v) of this section if:
   (i) The recipient does not respond to a notice pursuant to paragraph (o) of this section, within 15 calendar days of its receipt and satisfactory adjustments are not made within 45 calendar
days of the date of the recipient’s response; or

(ii) The DoD Component or the ASD (MRA&L) determines at any time within 90 days after the recipient receives a notice pursuant to paragraph (o) of this section, that, despite reasonable efforts, it is not likely that the recipient will comply promptly and voluntarily.

(5) If, pursuant to paragraph (p)(4) of this section, the DoD Component initiates enforcement action, it also shall continue its attempts to persuade the recipient to comply voluntarily.

(q) Imposing sanctions—(1) Sanctions available. If a DoD Component has taken action pursuant to paragraphs (o) and (p) of this section, the DoD Component may, by order, subject to paragraph (q)(2) and (q)(3) of this section:

(i) Terminate, suspend, or refuse to grant or continue assistance to such recipient.

(ii) Refer the case to the Department of Justice for the initiation of enforcement proceedings at a Federal, State, or local level.

(iii) Pursue any remedies under State or local law.

(iv) Impose other sanctions upon consultation with the ASD (MRASL), or designee.

(2) Terminating, suspending, or refusing to grant or continue assistance. A DoD Component may not terminate or refuse to grant or continue Federal financial assistance unless:

(i) Such action has been approved by the Secretary of Defense.

(ii) The DoD Component has given the recipient an opportunity for a hearing pursuant to paragraphs (r) of this section, and a finding of noncompliance has resulted.

(3) Other sanctions. A DoD Component may not impose the sanctions set out in paragraphs (q)(1) (iii) and (iv) of this section, unless:

(i) The DoD Component has given the recipient an opportunity for a hearing pursuant to paragraph (r) of this section, and a finding of noncompliance has resulted.

(ii) The action has been approved by the Secretary of Defense.

(iii) Ten calendar days have elapsed since the mailing of a notice informing the recipient of its continuing failure to comply with this part the action necessary to achieve compliance, and the sanction to be imposed.

(iv) During those 10 calendar days the DoD Component has made additional efforts to persuade the recipient to comply.

(r) Hearings for recipients—(1) General. When, pursuant to paragraph (q)(2)(ii) of this section, an opportunity for a hearing is given to a recipient, the DoD Component involved shall follow the procedures prescribed in paragraphs (r)(2) through (r)(6) of this section.

(2) Notice. The DoD Component concerned shall notify the recipient of the opportunity for a hearing by registered or certified mail, return receipt requested, when the recipient denies a tentative finding of noncompliance with this part.

(i) The DoD Component shall ensure that the notice:

(A) Describes the proposed sanctions to be imposed.

(B) Cites the section of this part under which the proposed action is to be taken.

(C) States the name and office of the DoD Component official who is responsible for conducting the hearing (hereafter referred to as the “responsible DoD official”).

(D) Outlines the issues to be decided at the hearing.

(E) Advises the recipient either of a date, not less than 20 calendar days after the date that the notice is received, by which the recipient may request that the matter be scheduled for a hearing, or of a reasonable time and place of a hearing that is subject to change for good cause shown.

(ii) When a time and place for a hearing are set, the DoD Component shall
give the recipient and the complainant, if any, reasonable notice of such time and place.

(3) Waiver of a hearing. A recipient may waive a hearing and submit to the responsible DoD official, in writing, information or arguments on or before the date stated pursuant to paragraph (r)(2)(i)(E) of this section.

(i) A recipient waives its right to a hearing if it fails to request a hearing on or before a date stated pursuant to paragraph (r)(2)(i)(E) of this section, or fails to appear at a hearing that has been scheduled pursuant to that paragraph.

(ii) If a recipient waives its right to a hearing under this section, the responsible DoD official shall decide the issues and render a final decision that is based on the information available and that conforms to the requirements of paragraph (s)(4) of this section.

(4) Hearing examiner. Hearings shall be conducted by the responsible DoD official or by a hearing examiner designated by the official, provided that the hearing examiner shall be a field grade officer or civilian employee above the grade of GS–12 (or the equivalent) who is admitted to practice law before a Federal court or the highest court of a State, territory, commonwealth, or the District of Columbia.

(5) Right to counsel. In all proceedings under this section, the recipient and the DoD Component may be represented by counsel. The representation of the recipient will not be at U.S. Government expense.

(6) Procedures. Hearings authorized under this section shall be subject to the following: (i) Hearings shall be open to the public.

(i) Formal rules of evidence will not apply. The DoD Component concerned and the recipient shall be entitled to introduce all relevant evidence on the issues stated in the notice of hearing issued pursuant to paragraph (r)(2) of this section, and those designated by the responsible DoD official or the hearing examiner at the outset of or during the hearing. The responsible DoD official or hearing examiner, however, may exclude irrelevant, immaterial, or repetitious evidence.

(ii) All witnesses may be examined or cross-examined, as the case may be, by each party.

(iv) All parties shall have the opportunity to examine all evidence offered or admitted for the record.

(v) A transcript of the proceedings shall be maintained in either electronic or typewritten form and made available to all parties.

(s) Decisions—(1) Initial or proposed decisions by a hearing examiner. If a hearing is conducted by a hearing examiner who is designated by the responsible DoD official pursuant to paragraph (r)(4) of this section, the hearing examiner shall either:

(i) Make an initial decision, if so authorized, that conforms to the requirements of paragraph (s)(4) of this section; or

(ii) Certify the entire record and submit to the responsible DoD official recommended findings and a proposed decision.

(2) Review of initial decisions. Initial decisions made by a hearing examiner pursuant to paragraph (s)(1)(i) of this section, shall be reviewed as follows:

(i) A recipient may file exceptions to an initial decision within 30 calendar days of receiving notice of such initial decision. Reasons shall be stated for each exception.

(ii) If the recipient does not file exceptions pursuant to paragraph (s)(2)(i) of this section, or a notice of review is issued pursuant to paragraph (s)(2)(ii) of this section, the responsible DoD official may notify the recipient within 45 calendar days of the initial decision that the responsible DoD official will review the decisions.

(iii) If exceptions are filed pursuant to paragraph (s)(2)(i) of this section, or a notice of review is issued pursuant to paragraph (s)(2)(ii) of this section, the responsible DoD official shall review the initial decision and, after giving the recipient reasonable opportunity to file a brief or other written statement of its contentions, issue a final decision that addresses each finding and conclusion in the initial decision and each exception, if any.

(iv) If the exceptions described in paragraph (s)(2)(i) of this section are not filed and the responsible DoD official does not issue the notice of review described in paragraph (s)(2)(ii) of this section, the initial decision of the
hearing examiner shall constitute the final decision of the responsible DoD official.

(3) Decisions by the responsible DoD official who conducts a hearing or receives a certified record. If a hearing examiner who is designated by the responsible DoD official certifies the entire record and submits recommended findings and a proposed decision to the responsible DoD official pursuant to paragraph (s)(1)(ii) of this section, or if the responsible DoD official conducts the hearing, after giving the recipient a reasonable opportunity to file a brief or other written statement of its contentions, the responsible DoD official shall render a final decision that conforms to paragraph (s)(4) of this section.

(4) Contents of decisions. Each decision of a hearing examiner or responsible DoD official shall state all findings and conclusions and identify each violation of this part. The final decision may contain an order pursuant to paragraph (q) of this section, providing for the suspension or termination of or refusal to grant or continue all or some of the Federal financial assistance under the program or activity involved and contain terms, conditions, and other provisions that are consistent with and intended to achieve compliance with this Directive.

(5) Notice of decisions and certifications. The responsible DoD official shall provide a copy of any certified record of a hearing and any initial or final decision to the recipient and the complainant, if any.

(6) Review by the Secretary of Defense. The responsible DoD official shall transmit promptly any final decision that orders a suspension, termination, or denial of Federal financial assistance through the ASD(MRA&L) to the Secretary of Defense. The Secretary may:

(i) Approve the decision;
(ii) Vacate the decision; or
(iii) Remit or mitigate any sanction imposed.

(u) Interagency cooperation and delegation. (1) When several recipients are receiving assistance for the same or similar purposes from a DoD Component and another Federal agency, the DoD Component shall notify the ASD(MRA&L), or designee. Such notification shall be in writing and shall contain:

(i) A description of the programs and activities involved.
(ii) A statement of the amount of money expended on the programs and activities in the previous and current fiscal year by the DoD Component and the agency.
(iii) A list of the known primary recipients.

(2) The ASD(MRA&L), or designee, shall attempt to negotiate with the Federal agency a written delegation agreement that designates the agency or the DoD Component as the primary agency for purposes of ensuring compliance with section 504 of Public Law 93–112, as amended, and this part depending upon which of them administers a larger financial assistance program with the common recipients and other
relevant factors. If necessary, the agreement shall establish procedures to ensure the enforcement of section 504 of Public Law 93–112, as amended, and this part. The ASD(MRA&L), or designee, shall provide written notification to recipients of an agreement reached under this subsection.

(3) When several recipients are receiving assistance for the same or similar purposes from two or more DoD Components, the DoD Components may negotiate a proposed written delegation agreement that:

(i) Assigns responsibility for ensuring that the recipient complies with this part to one of the DoD Components.

(ii) Provides for the notification to recipients and the responsible program officials of the DoD Components involved of the assignment of enforcement responsibility.

(4) No delegation agreement reached in accordance with paragraph (u)(3) to this section shall be effective until it is approved by the ASD(MRA&L), or designee.

(5) When possible, existing delegation agreements relating to title VI of the Civil Rights Act of 1964 shall be amended to provide for the enforcement of this part.

(6) Any DoD Component conducting a compliance review or investigating a complaint of an alleged violation by a recipient shall notify any other affected agency or DoD Component through the ASD(MRA&L), or designee, upon discovery that the agency or DoD Component has jurisdiction over the program or activity in question and shall subsequently inform it of the finding made. Such reviews or investigations may be conducted on a joint basis.

(7) When a compliance review or complaint investigation under this part reveals a possible violation of Executive Order 11246, titles VI or VII of the Civil Rights Act of 1964, or any other Federal law, the DoD Component shall notify the appropriate agency, through the ASD(MRA&L), or designee.

(8) Coordination with sections 502 and 503. (1) DoD Components shall use DoD 4270.1–M and Department of the Army, Office of the Chief of Engineers, Manual EM 1110–1–103, in developing requirements for the accessibility of facilities. If DoD Components encounter issues with respect to section 502 of the Rehabilitation Act of 1973, as amended, that are not covered by these publications, the ASD(MRA&L), or designee, may be consulted. If necessary, the ASD(MRA&L), or designee, shall consult with the Architectural and Transportation Barriers Compliance Board in resolving such problems.

(2) DoD Components may advise recipients to consult directly with the Architectural and Transportation Barriers Compliance Board in developing accessibility criteria.

(3) DoD Components shall coordinate enforcement actions relating to the accessibility of facilities with the Architectural and Transportation Barriers Compliance Board and shall notify the ASD(MRA&L), or designee, of such coordination.

(4) If a recipient is also a Federal contractor subject to section 503 of the Rehabilitation Act of 1973, as amended, and the regulations thereunder (41 CFR part 60–741) and if a DoD Component has reason to believe that the recipient is in violation thereof, the DoD Component shall coordinate enforcement actions with the Department of Labor, Office of Federal Contract Compliance Programs. The DoD Component shall notify the ASD(MRA&L), or designee, of such coordination.

§56.10 Ensuring compliance with this part in programs and activities conducted by the Department of Defense.

(a) Supplementary guidelines. (1) Whenever necessary, the ASD(MRA&L), or designee, shall publish supplementary guidelines for programs and activities that are conducted by DoD Components and that are subject to this Directive. Prior to their issuance, the ASD(MRA&L), or designee, shall submit supplementary guidelines prepared pursuant to this subsection to the Coordination and Review Section, Civil Rights Division, Department of Justice, for review.

(2) The heads of DoD Components, or designees, shall be responsible for keeping the supplementary guidelines described in this section current and accurate. When a DoD Component head determines that a program or activity
should be added to or deleted from the guidelines, that official shall notify the
ASD(MRA&L), or designee, in writing.

(b) Staff responsibilities. The ASD(MRA&L), or designee, shall deter-
mine DoD Component compliance with this part as it pertains to programs and
activities that are conducted by DoD Components and are subject to this part.

(c) Filing of complaints. (1) Complaints of discrimination in a program or ac-
tivity conducted by a DoD Component may be filed directly with the
ASD(MRA&L), or designee.

(2) DoD Components shall develop procedures, such as posters or other de-

C. Eligibility

Infants and toddlers with disabilities from birth through age 2 are eligible for early intervention services because they meet one of the following criteria:

1. The child is experiencing a developmental delay as measured by diagnostic instruments and procedures of 2 standard deviations below the mean in at least one area, or by a 25 percent delay in at least one area on assessment instruments that yield scores in months, or a developmental delay of 1.5 standard deviations below the mean in two or more areas, or by a 20 percent delay on assessment instruments that yield scores in months in two or more of the following areas of development: Cognitive, physical, communication, social or emotional, or adaptive.

2. The child has a diagnosed physical or mental condition which has a high probability of resulting in developmental delay; e.g., chromosomal disorders or genetic syndromes.

D. IFSP

1. Each military medical department shall develop and implement procedures to ensure that an IFSP is developed by a multidisciplinary team including the parents of each infant or toddler with a disability who meets the eligibility criteria in section C.1. of this appendix.

2. Meetings to develop and review the IFSP must include the following participants:
   a. The parent or parents of the child.

6. The contents of the IFSP shall be explained to the parents and an informed, written consent from the parents shall be obtained before providing early intervention services described in that plan.

7. With the parent’s consent, early intervention services may begin before the completion of the evaluation and assessment when it has been determined by a multidisciplinary team that a service is needed immediately by the child and/or the child’s family. Although all assessments have not been completed, an IFSP must be developed before the start of services. The remaining assessments must then be completed in a timely manner.

8. If a parent does not provide consent for participation in all early intervention services, the services shall still be provided for those interventions to which a parent does give consent.
E. Procedural Safeguards in the EIP

   d. Analyze school records to obtain pertinent information about the basis for suspensions, exclusions, withdrawals, and disciplinary actions.
   e. In cooperation with the Military Departments, conduct on-going child-finding activities and publish, periodically, any information, guidelines, and direction on child-find activities for eligible children with disabilities, ages 3 to 21, inclusive.
   f. Coordinate the transition of children from early intervention to preschool with the Military Services.

2. Referral of a Child for Special Education or Related Services. The DoDDS officials, MRS providers, or others who suspect that a child has a possible disabling condition shall refer that child to the CSC.

B. Assessment and Evaluation

Any eligible child who is referred to a CSC shall receive a full and comprehensive diagnostic evaluation of educational needs. An evaluation shall be conducted before an IEP is developed or placement is made in a special education program.

1. Procedures for Assessment and Evaluation. A CSC shall ensure that the following elements are included in a comprehensive assessment and evaluation of a child:
   a. Assessment of visual and auditory acuity.
   b. A plan to assess the type and extent of the disability. A child shall be assessed in all areas related to the suspected disability. When necessary, the assessment plan shall include the following:

      (2) Observation in an educational environment.
      (3) Assessment of physical status including perceptual and motor abilities.
      (4) Assessment of the need for transition services for students 14 years and older, the acquisition of daily living skills, and functional vocational assessment.

e. Administered such that no single procedure is the sole criterion for determining an appropriate educational program for a child with a disability.

f. Selected to assess specific areas of educational needs and strengths and not merely to provide a single general intelligence quotient.

g. Administered to a child with impaired sensor, motor, or communication skills so that the results reflect a child's actual ability or level of achievement, and simply not the impaired skill itself.

3. Determination of Eligibility for Special Education and Related Services. The CSC shall be convened to determine the eligibility of a child for special education and related services. The CSC shall do the following:

a. Ensure that the full comprehensive evaluation of a child is accomplished by a multidisciplinary team. The team shall be comprised of teachers or other specialists with knowledge in the area of the suspected disability.

b. Meet as soon as possible after a child has been assessed to determine the eligibility of the child for services.

If a specially designed instructional program is required, include the goals and objectives in the IEP.
   f. A statement of special transportation requirement.
   g. A statement of the amount of time a week that each special education and related service shall be provided to the child.
   h. The extent to which the child shall participate in regular educational programs, including the following:

         (2) Involves the local DoD Component responsible for the delivery of the MRS of the medical requirements in the IEP.
         (3) Initiates a CSC meeting to revise the current IEP.
         (4) If necessary, initiates an evaluation of the child.
      f. Afford the child’s parents the opportunity to participate in every CSC meeting to determine their child’s initial or continuing eligibility for special education and related services, or to prepare or change the child’s IEP or to determine or change the child’s placement.
      g. Ensure that at least one parent understands the special education procedures including the due process procedures described in appendix F of this part and the importance of the parent’s participation in those processes. School officials shall use devices or hire interpreters or other intermediaries who might be necessary to foster effective communications between the school and the parent about the child.
   h. Provide special education and related services, in accordance with the IEP. The Department of Defense and its constituent elements and personnel are not accountable if a child does not achieve the growth projected in the IEP.
   i. Ensure that all provisions developed for any child entitled to an education by the DoDDS are fully implemented in schools or in non-DoDDS schools or facilities including those requiring special facilities, other adaptations, or assistive devices.

D. Placement Procedures and Least Restrictive Environment

1. A child shall not be placed by the DoDDS in any special education program unless the CSC has developed an IEP. If a child with a disability is applying for initial admission to a school, the child shall enter on the same basis as a child without a disability. A child with a disability and with the consent of a parent and school officials may receive an initial placement in a special education program under procedures listed in paragraph C.3.e. of this appendix.

2. A placement decision requires the following:
   a. A parent consent to the placement before actual placement of the child, except as otherwise provided in section F.2. of this appendix.
   b. Delivery of educational instruction and related services in the least restrictive environment. To the maximum extent, a child with a disability should be placed with children who are not disabled. Special classes, separate schooling, or other removal of a child with a disability from the regular education environment shall occur only when the type or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.
   c. The CSC to base placements on the IEP and to review the IEP at least annually.
   d. A child shall participate, to the maximum extent, in school activities including meals, assemblies, recess periods, and field trips with children who are not disabled.
   e. Consideration of factors affecting the child’s well-being including the effects of separation from parents.
   f. A child shall attend a DoDDS school that is located as close as possible to the residence of the parent who is sponsoring the child’s attendance. Unless otherwise required by the IEP, the school should be the same school that the child would have attended had he or she not been disabled.
E. Children With Disabilities Who Are Placed in a Non-DOD School or Facility

Children with disabilities who are eligible to receive a DoDDS education, but are placed in a non-DoDDS school or facility by the DoDDS, shall have all the rights of children with disabilities who are enrolled in a DoDDS school. A child with a disability may be placed in a non-DoDDS school or facility only if required by the IEP.

1. Requirements for a Non-DoDDS School or Facility Placement
   a. Placement in a non-DoDDS school or facility shall be made under the host-nation requirements.
   b. Placement in a non-DoDDS school or facility is subject to all treaties, Executive agreements, and status of forces agreements between the United States and the host nations, and all DoD and DoDDS regulations.
   c. If the DoDDS places a child with a disability in a non-DoDDS school or facility as a means of providing special education and related services, the program of that institution including nonmedical care and room and board, as in the child’s IEP, must be provided at no cost to the child or the child’s parents. The DoDDS or the responsible DoD Component shall pay the costs in accordance with DoD 1010.13-R.
   d. Local school officials shall initiate and conduct a meeting to develop an IEP for the child before placement. A representative of the non-DoDDS school or facility should attend the meeting. If the representative cannot attend, the DoDDS officials shall communicate in other ways to ensure participation including individual or conference telephone calls. The IEP must meet the following standards:
      (1) Be signed by an authorized DoDDS official before it becomes valid.
      (2) Include a determination that the DoDDS does not currently have or cannot reasonably create an educational program appropriate to meet the needs of the child with a disability.
      (3) Include a determination that the non-DoDDS school or facility and its educational program and related services conform to the requirements of this part.

2. Cost of Tuition For Non-DoDDS School or Facility. The Department of Defense is not authorized to fund non-DoDDS placement unless it is directed by the DoDDS Area Superintendent in coordination with the Director, DoDDS; or it is directed by an impartial hearing officer or court of competent jurisdiction. A valid IEP must document the necessity of the placement in a non-DoDDS school or facility.

3. Procedural Safeguards for Children and Parents

Parents of children with disabilities are afforded procedural safeguards to ensure that their children receive a free public education consistent with appendix F to this part.

1. Notice of Procedural Safeguards
   a. Parents shall be provided a written notice in a reasonable time before one of the following:
      (1) Receiving a proposal to initiate or change the identification, evaluation, or educational placement of the child or the provision of free public education to the child.

2. Parental Consent
   a. The consent of a parent of a child with a disability or suspected of having a disability shall be obtained before any of the following:
      (1) Initiation of formal evaluation procedures.
      (2) Initial educational placement.
      (3) Change in educational placement.
   b. If the parent refuses consent to any formal evaluation or initial placement in a special education program, the DoDDs or the parent may do the following:
      (1) Request a conference between the school and parents.
      (2) Request mediation.
      (3) Initiate an impartial due process hearing under appendix F to this part, to show cause as to why an evaluation or placement in a special education program should or should not occur without such consent. If the hearing officer sustains the DoDDS position in the impartial due process hearing, the DoDDS may evaluate or provide special education and related services to the child without the consent of a parent, subject to the further exercise of due process rights.

3. Independent Evaluation
   a. A parent is entitled to an independent evaluation at the expense of the DoDDS if
Office of the Secretary of Defense

Pt. 57, App. C

the parent disagrees with the DoDDS evaluation of the child and successfully challenges the evaluation in an impartial due process hearing. An independent evaluation provided at the DoDDS expense must do the following:
1. Conform to the requirements of this part.
2. Be conducted, when possible, in the area where the child resides.
3. Meet DoD standards governing persons qualified to conduct an educational evaluation including an evaluation for MRS.

The dispute may concern issues effecting a partial child’s identification, evaluation, or placement, or the provision of a free and appropriate public education.
   b. While an impartial due process hearing or judicial proceeding is pending, unless the DoDDS and a parent of the child agree otherwise, the child shall remain in the present educational setting, subject to the disciplinary procedures prescribed in section H. of this appendix.
   c. When an impartial due process hearing or judicial proceeding is pending, the DoDDS officials may suspend the child from any regular classroom activities, subject to the following provisions:
      1. Before suspending or expelling a child with a disability, the CSC or, a child with a disability in a non-DoDDS school, authorized DoDDS officials, shall determine the following:
         a. Whether the behavioral conduct is the result of the child’s disability.
         b. If any change in the educational placement is needed.
      2. If it is determined that the child’s conduct results in whole or part from the disability, the child may not be subject to any regular disciplinary rules and procedures and the following procedures must be followed:
         a. The child’s parents shall be notified of the right to have an IEP meeting before any change in the child’s educational placement.
         b. The CSC or authorized DoDDS officials shall ensure that a meeting is held to determine the appropriate educational placement for the child in consideration of the child’s conduct.
      c. The child may not be suspended for more than 10 days during a school year.
   d. A child with a disability may be suspended on an emergency basis when it reasonably appears that the child’s behavior may endanger the health, welfare, or safety of self or any other child, teacher, or school personnel. The following conditions apply:
      a. The child’s parents shall be notified immediately of that suspension and of the time, purpose, and location of the CSC meeting and of their right to attend the meeting.
      b. That suspension remains in effect only for the duration of the emergency.
   e. If it is determined that the child requires a change in educational placement, the CSC or, in the case of a child with a disability in a non-DoDDS school, authorized DoDDS officials shall ensure that a meeting is held to determine the appropriate educational placement for the child in consideration of the child’s conduct.

G. Confidentiality of Records
   The DoDDS officials shall maintain all student records, in accordance with DoD Directive 5400.11.4

H. Disciplinary Procedures
   All regular disciplinary rules and procedures applicable to children receiving educational instruction in the DoDDS shall apply to children with disabilities who violate school rules and regulations or disrupt regular classroom activities, subject to the following provisions:
   1. Before suspending or expelling a child with a disability, the CSC or, a child with a disability in a non-DoDDS school, authorized DoDDS officials, shall determine the following:

APPENDIX F TO PART 57—MEDIATION AND HEARING PROCEDURES

A. Purpose

This appendix establishes requirements for the resolution of conflicts through mediation and impartial due process hearings. Parents of infants, toddlers, and children who are covered by this Instruction and, as the case may be, the cognizant Military Department or the DoDDS are afforded impartial mediation and/or impartial due process hearings and administrative appeals about the provision of early intervention services, or the identification, evaluation, educational placement of, and the FAPE provided to, a child age 3 to 21, inclusive. The cognizant Military Department, rather than the DoDDS, shall participate in mediation involving early intervention services. Mediation shall consist of, but not be limited to, an informal discussion of the differences between the parties in an effort to resolve those differences. The parents and the school or Military Department officials may attend mediation sessions.

B. Mediation

1. Mediation may be initiated by either a parent or the Military Department concerned, or the DoDDS to resolve informally a disagreement on the early intervention services for an infant or toddler or the identification, evaluation, educational placement of, or the FAPE provided to, a child age 3 to 21, inclusive.

2. Mediation must be conducted, attempted, or refused in writing by a parent of the infant, toddler, or child whose early intervention or special education services (including related services) are at issue before a request for, or initiation of, a formal due process hearing authorized by this appendix. Any request by the DoDDS or the Military Department for a hearing under
this appendix shall state how that requirement has been satisfied. No stigma may be attached to the refusal of a parent to mediate or to an unsuccessful attempt to mediate.

C. Hearing Administration

1. The Defense Office of Hearings and Appeals (DOHA) shall have administrative responsibility for the proceedings authorized by sections D. through G. of this appendix.

2. This appendix shall be administered to ensure that the findings, judgments, and determinations made are prompt, fair, and impartial.

3. Impartial hearing officers who shall be DOHA Administrative Judges, shall be appointed by the Director, DOHA, and shall be attorneys in good standing of the bar of any State, the District of Columbia, or a territory or possession of the United States who are independent of the DoDDS or the Military Department concerned in proceedings conducted under this appendix. A parent shall have the right to be represented in such proceedings, at no cost to the Government, by counsel, and by persons with special knowledge or training with respect to the problems of individuals with disabilities. The DoDDS Department counsel normally shall appear and represent the DoDDS in proceedings conducted under this appendix. When such proceedings involve a child age 3 to 21, inclusive, an individual, the parent may request and shall receive a hearing before a hearing officer to resolve the matter. The parents of an infant or toddler and the Military Department concerned shall be the only parties to a hearing conducted under this appendix.

D. Hearing Practice and Procedure

1. Hearing

a. Should mediation be refused or otherwise fail to resolve the issues on the provision of early intervention services to an infant or toddler or the identification or evaluation of such an individual, the parent may request and shall receive a hearing before a hearing officer to resolve the matter. The parents of an infant or toddler and the Military Department concerned shall be the only parties to a hearing conducted under this appendix.

b. Should mediation be refused or otherwise fail to resolve the issues on the provision of a FAPE to a child with a disability, age 3 to 21, inclusive, or the identification, evaluation, or educational placement of such an individual, the parent or the school principal, for the DoDDS, may request and shall receive a hearing before a hearing officer to resolve the matter. The parents of a child age 3 to 21, inclusive, and the DoDDS shall be the only parties to a hearing conducted under this appendix.

c. The party seeking the hearing shall submit a written request, in the form of a petition, setting forth the facts, issues, and proposed relief, to the Director, DOHA. The petitioner shall deliver a copy of the petition to the opposing party (i.e., the parent or the school principal, for the DoDDS, or the military MTF commander, for the Military Department), either in person or by first-class mail, postage prepaid. Delivery is complete on mailing. When the DoDDS or the Military Department petitions for a hearing, it shall inform the other parties of the deadline for filing an answer under paragraph D.1.c. of this appendix, and shall provide the other parties with a copy of this part.

d. An opposing party shall submit an answer to the petition to the Director, DOHA, with a copy to the petitioner, within 15 calendar days of receipt of the petition. The answer shall be as full and complete as possible, addressing the issues, facts, and proposed relief. The submission of the answer is complete on mailing.

e. In 10 calendar days after receiving the petition, the Director, DOHA, shall assign a hearing officer, who then shall have jurisdiction over the resulting proceedings. The Director, DOHA, shall forward all pleadings to the hearing officer.

f. The questions for adjudication shall be based on the petition and the answer, if a party may amend a pleading if the amendment is filed with the hearing officer and is received by the other parties at least 5 calendar days before the hearing.

g. The Director, DOHA, shall arrange for the time and place of the hearing, and shall provide administrative support. Such arrangements shall be reasonably convenient to the parties.

h. The purpose of a hearing is to establish the relevant facts necessary for the hearing officer to reach a fair and impartial determination of the case. Oral and documentary evidence that is relevant and material may be received. The technical rules of evidence shall be relaxed to permit the development of a full evidentiary record, with the “Federal Rules of Evidence” (Rules 1–1102) of 28 U.S.C., serving as a guide.

i. The hearing officer shall be the presiding officer, with judicial powers to manage the proceeding and conduct the hearing. Those powers shall include the authority to order an independent evaluation of the child at the expense of the DoDDS or the Military Department concerned and to call and question witnesses.

j. Those normally authorized to attend a hearing shall be the parents of the individual with disabilities, the counsel and personal representative of the parents, the counsel and professional employees of the DoDDS or the Military Department concerned, the hearing officer, and a person qualified to transcribe or record the proceedings.
Office of the Secretary of Defense

Pt. 57, App. F

hearing officer may permit other persons to attend the hearing, consistent with the privacy interests of the parents and the individual with disabilities, if the parents have the right to an open hearing on waiving in writing their privacy rights and those of the individual with disabilities.

k. A verbatim transcription of the hearing shall be made in written or electronic form and shall become a permanent part of the record. A copy of the written transcript or electronic record of the hearing shall be made available to a parent on request and without cost. The hearing officer may allow corrections to the written transcript or electronic recording for conforming it to actual testimony after adequate notice of such changes is given to all parties.

l. The hearing officer’s decision of the case shall be based on the record, which shall include the petition, the answer, the written transcript or the electronic recording of the hearing, exhibits admitted into evidence, pleadings or correspondence properly filed and served on all parties, and such other matters as the hearing officer may include in the record, if such matter is made available to all parties before the record is closed under paragraph D.1.m. of this appendix.

m. The hearing officer shall make a full and complete record of a case presented for adjudication.

n. The hearing officer shall decide when the record in a case is closed.

o. The hearing officer shall issue findings of fact and render a decision in a case not later than 50 calendar days after being assigned to the case, unless a discovery request under section D.2. of this appendix, is pending.

2. Discovery

b. If voluntary discovery cannot be accomplished, a party seeking discovery may file a motion with the hearing officer to accomplish discovery, provided such motion is founded on the relevance and materiality of the proposed discovery to the issues. An order granting discovery shall be enforceable as is an order compelling testimony or the production of evidence.

c. A copy of the written or electronic transcription of a deposition taken by the DoDDS or the Military Department concerned shall be made available free of charge to a parent.

3. Witnesses; Production of Evidence

a. All witnesses testifying at the hearing shall be advised that it is a criminal offense knowingly and wilfully to make a false statement or representation to a Department or Agency of the U.S. Government as to any matter in the jurisdiction of that Department or Agency. All witnesses shall be subject to cross-examination by the parties.

b. A party calling a witness shall bear the witness’ travel and incidental expenses associated with testifying at the hearing. The DoDDS or the Military Department concerned shall pay such expenses when a witness is called by the hearing officer.

c. The hearing officer may issue an order compelling the attendance of witnesses or the production of evidence on the hearing officer’s own motion or, if good cause be shown, on motion of a party.

d. When the hearing officer determines that a person has failed to obey an order to testify or to produce evidence, and such failure is in knowing and willful disregard of the order, the hearing officer shall so certify.

e. The party or the hearing officer seeking to compel testimony or the production of evidence may, on the certification provided for in paragraph D.3.d. of this appendix, file an appropriate action in a court of competent jurisdiction to compel compliance with the hearing officer’s order.

4. Hearing Officer’s Findings of Fact and Decision

a. The hearing officer shall make written findings of fact and shall issue a decision setting forth the questions presented, the resolution of those questions, and the rationale for the resolution. The hearing officer shall file the findings of fact and decision with the Director, DOHA, with a copy to the parties.

b. The Director, DOHA, shall forward to the Director, DoDDS, or to the Military Department concerned, and to the NAP or the ICC, as appropriate, copies with all personally identifiable information deleted, of the hearing officer’s findings of fact and decision or, in cases that are administratively appealed, of the final decision of the DOHA Appeal Board.

c. The hearing officer shall have the authority to impose financial responsibility for early intervention services, educational placements, evaluations, and related services under his or her findings of fact and decision.

d. The findings of fact and decision of the hearing officer shall become final unless a notice of appeal is filed under section F.1. The DoDDS or the Military Department concerned shall implement a decision as soon as practicable after it becomes final.

E. Determination Without Hearing

1. At the request of a parent of an infant, toddler, or child age 3 to 21, inclusive, when early intervention or special educational (including related) services are at issue, the requirement for a hearing may be waived, and
the case may be submitted to the hearing officer on written documents filed by the parties. The hearing officer shall make findings of fact and issue a decision in the period fixed by paragraph D.1.o. of this appendix.

2. The DoDDS or the Military Department concerned may oppose a request to waive that hearing. In that event, the hearing officer shall rule on that request.

3. Documents submitted to the hearing officer in a case determined without a hearing shall comply with paragraph D.1.h. of this appendix. A party submitting such documents shall provide copies to all other parties.

F. Appeal

1. A party may appeal the hearing officer’s findings of fact and decision by filing a written notice of appeal with the Director, DOHA, within 5 calendar days of receipt of the findings of fact and decision. The notice of appeal must contain the appellant’s certification that a copy of the notice of appeal has been provided to all other parties. Filing is complete on mailing.

2. Within 10 calendar days of filing the notice of appeal, the appellant shall submit a written statement of issues and arguments to the Director, DOHA, with a copy to the other parties. The other parties shall submit a reply or replies to the Director, DOHA, within 15 calendar days of receiving the statement, and shall deliver a copy of each reply to the appellant. Submission is complete on mailing.

3. The Director, DOHA, shall refer the matter on appeal to the DOHA Appeal Board. It shall determine the matter, including the making of interlocutory rulings, within 60 calendar days of receiving timely submitted replies under section F.2. of this appendix. The DOHA Appeal Board may require oral argument at a time and place reasonably convenient to the parties.

4. The determination of the DOHA Appeal Board shall be a final administrative decision and shall be in written form. It shall address the issues presented and set forth a rationale for the decision reached. A determination denying the appeal of a parent in whole or in part shall state that the parent has the right under 20 U.S.C. 921 et seq. and 1400 et seq., to bring a civil action on the matters in dispute in a district court of the United States without regard to the amount in controversy.

5. No provision of this Instruction or other DoD guidance may be construed as conferring a further right of administrative review. A party must exhaust all administrative remedies afforded by this appendix before seeking judicial review of a determination made under this appendix.

G. Publication and Indexing of Final Decisions

The Director, DOHA, shall ensure that final decisions in cases arising under this appendix are published and indexed to protect the privacy rights of the parents who are parties in those cases and the children of such parents, in accordance with DoD Directive 5400.11.1

The disposition of officer applicants who are ineligible for appointment due to serologic evidence of HIV-1 infection shall be in accordance with the procedures in appendix A of this part.

(d) Applicants for Reserve components shall be screened during the normal entry physical examinations or in the preappointment programs established for officers. Those individuals with serologic evidence of HIV-1 infection who are required to meet accession medical fitness standards to enlist, or be appointed, are not eligible for Military Service with the Reserve components.

(e) Initial testing and periodic retesting of AD and Reserve component personnel shall be accomplished in the priority listed in Disease Surveillance and Health Education.5

(f) AD personnel (including Active Guard and/or Reserve) who exhibit serologic evidence of HIV-1 infection shall receive a medical evaluation. Guard and Reserve personnel, not on extended AD, must obtain a medical evaluation from a civilian physician.

The plan shall address information, education, and behavior-change strategies, as described in Disease Surveillance and Health Education.

(j) Civilians may not be mandatorily tested for serologic evidence of HIV-1 infection except as necessary to comply with valid host-nation requirements for screening of DoD employees. Procedures for mandatory screening of DoD civilians shall be in accordance with appendix B of this part.

(k) The medical assessment of each exposure to, and/or case of, HIV-1 infection seen at a military medical treatment facility (MTF) shall include an epidemiological assessment of the potential transmission of HIV-1 to other persons at risk of infection, including sexual and other intimate contacts and family of the patient, and transfusion history. The occurrence of HIV-1 infection or serologic evidence of HIV-1 infection may not be used as a basis for any disciplinary action against an individual, except as described in Limitations on the Use of Information.6

(l) Each Head of a military medical service shall ensure conduction of an ongoing clinical evaluation of each AD Service member with serological evidence of HIV-1 infection at least annually. CD4 lymphocyte percentages or counts shall be monitored at least every 6 months. Appropriate preventive

(n) The Secretary of each Military Department shall ensure that a mechanism is established to gather data on the epidemiology of HIV-1 infection of its members. Such epidemiological research shall be accomplished to ensure appropriate protection of information given by the Service member on the means of transmission.

(o) The Secretary of the Army, as the Head of the lead Agency for infectious disease research within the Department of Defense, shall budget for and fund tri-Military Department DoD HIV-1 research efforts, in accordance with guidance provided by the ASD(HA). The research program shall focus on the epidemiology and natural history of HIV-1 infections in military and military associated populations; on improving the methods for rapid diagnosis and patient evaluation; and on studies of the immune response to HIV-1 infection, including the potential for increased risk in the military operational environment.

(p) Service members with serologic evidence of HIV-1 infection shall be assigned within the United States, including Alaska, Hawaii, and Puerto Rico, due to the high priority assigned to the continued medical evaluation of military personnel. The Secretaries of the Military Departments may restrict such individuals to nondeployable units or positions for purposes of force readiness. To protect the health and safety of Service members with serologic evidence of HIV-1 infection and of other Service members (and for no other reason), the Secretaries of the Military Departments may, on a case-by-case basis, limit assignment of HIV-1-infected individuals on the nature and location of the duties performed in accordance with operational requirements.

APPENDIX A TO PART 58—ADMINISTRATION OF OFFICER APPLICANTS

Administration of officer applicants who are ineligible for appointment, due to serologic evidence of HIV-1 infection, shall be in accordance with the following provisions:

A. Enlisted members who are candidates for appointment through Officer Candidate School (OCS) or Officer Training School (OTS) programs shall be disenrolled immediately from the program. If OCS and/or OTS is the individual’s initial entry training, the individual shall be discharged. If the sole basis for discharge is serologic evidence of HIV-1 infection, an honorable or entry-level discharge, as appropriate, shall be issued. A candidate who has completed initial entry training during the current period of service before entry into candidate status shall be administered in accordance with Service regulations for enlisted personnel.

B. Individuals in preappointment programs, such as Reserve Officer Training Corps (ROTC) and Health Professions Scholarship Program participants, shall be disenrolled from the program. However, the Head of the Military Service concerned, or the designated representative, may delay disenrollment to the end of the academic term (i.e., semester, quarter, or similar period) in which serologic evidence of HIV-1 infection is confirmed. Disenrolled participants shall be permitted to retain any financial support through the end of the academic term.

term in which the disenrollment is effected. Financial assistance received in these programs is not subject to recoupment, if the sole basis for disenrollment is serologic evidence of HIV-1 infection.

C. Service academy cadets, midshipmen, and personnel attending the Uniformed Services University of the Health Sciences (USUHS) shall be separated from the respective Service academy or USUHS and discharged. The Head of the Military Service concerned, or the designated representative, may delay separation to the end of the current academic year. A cadet or midshipman granted such a delay in the final academic year, who is otherwise qualified, may be graduated without commission and, thereafter, discharged. If the sole basis for discharge is serologic evidence of HIV-1 infection, an honorable discharge shall be issued.

D. Commissioned officers in DoD-sponsored professional education programs leading to appointment in a professional military specialty (including, but not limited to, medical, dental, chaplain, and legal and/or judge advocate) shall be disenrolled from the program at the end of the academic term in which serologic evidence of HIV-1 infection is confirmed. Disenrolled officers shall be administered in accordance with Service regulations. Except as specifically prohibited by statute, any additional Service obligation incurred by participation in such programs shall be waived, and financial assistance received in these programs shall not be subject to recoupment. Periods spent by such officers in these programs shall be applied fully toward satisfaction of any preexisting Service obligation.

E. All personnel disenrolled from officer programs who are to be separated shall be given appropriate counseling, to include preventive medicine counseling and advice to seek treatment from a civilian physician.

APPENDIX B TO PART 58—HIV–1 TESTING OF DO D CIVILIAN EMPLOYEES

A. Requests for authority to screen DoD civilian employees for HIV–1 shall be directed to the ASD(FM&P). Only requests that are based on a host-nation HIV–1 screening requirement shall be accepted. Requests based on other concerns, such as sensitive foreign policy or medical healthcare issues, shall not be considered under this part. Approvals shall be provided in writing by the ASD(FM&P). Approvals shall apply to all of the Heads of the DoD Components that may have activities located in the host nation.

B. Specific HIV–1 screening requirements may apply to DoD civilian employees currently assigned to positions in the host nation, and to prospective employees. When applied to prospective employees, HIV–1 screening shall be considered as a requirement imposed by another nation that must be met before the final decision to select the individual for a position or before approving temporary duty or detail to the host nation. The Secretary of Defense has made no official commitment, for positions located in host nations with HIV–1 screening requirements, to those individuals who refuse to cooperate with the screening requirement or to those who cooperate and are diagnosed as HIV–1 seropositive.

C. DoD civilian employees who refuse to cooperate with the screening requirement shall be treated, as follows:

1. Those who volunteered for the assignment, whether permanent or temporary, shall be retained in their official position without further action and without prejudice to employee benefits, career progression opportunities, or other personnel actions to which those employees are entitled under applicable law or regulation.

2. Those who are obligated to accept assignment to the host nation under the terms of an employment agreement, regularly scheduled tour of duty, or similar and/or prior obligation may be subjected to an appropriate adverse personnel action under the specific terms of the employment agreement or other authorities that may apply.

3. Host-nation screening requirements, which apply to DoD civilian employees currently located in that county, also must be observed. Appropriate personnel actions may be taken, without prejudice to employee rights and privileges, to comply with the requirements.

D. Individuals who are not employed in the host nation, who accept the screening, and who are evaluated as HIV–1 seropositive shall be denied the assignment on the basis that evidence of seropositivity is required by the host nation. If denied the assignment, such DoD employees shall be retained in their current positions without prejudice. Appropriate personnel actions may be taken, without prejudice to employee rights and privileges, on DoD civilian employees currently located in the host nation. In all cases, employees shall be given proper counseling and shall retain all the rights and benefits to which they are entitled, including accommodations for the handicapped as in the ASD(FM&P) Memorandum: "Information and Guidance on Human Immunodeficiency Virus (HIV)" January 22, 1988 and FPM Bulletin, 792-42 and for employees in the United States (29 U.S.C. 794). Non-DoD employees should be referred to appropriate support service organizations.

E. Some host nations may not bar entry to HIV–1 seropositive DoD civilian employees, but may require reporting of such individuals to host-nation authorities. In such

1 See footnote 2 to §58.4(c).
2 See footnote 2 to §58.4(c).
cases, DoD civilian employees who are evaluated as HIV-1 seropositive shall be informed of the reporting requirements. They shall be counseled and given the option of declining the assignment and retaining their official positions without prejudice or notification to the host nation. If assignment is accepted, the requesting authority shall release the HIV-1 seropositive result, as required. Employees currently located in the host nation may also decline to have seropositive results released. In such cases, they may request and shall be granted early return at Government expense or other appropriate personnel action without prejudice to employee rights and privileges.

F. A positive confirmatory test by WB must be accomplished on an individual if the screening test (ELISA) is positive. A civilian employee may not be identified as HIV-1 antibody positive, unless the confirmatory test (WB) is positive. The clinical standards in this Directive shall be observed during initial and confirmatory testing.

G. Procedures shall be established by the Heads of the DoD Components to protect the confidentiality of test results for all individuals, consistent with the ASD(FM&P) Memorandum and DoD Directive 5400.31.

H. Tests shall be provided by the Heads of the DoD Components at no cost to the DoD civilian employees, including applicants.

I. DoD civilian employees infected with HIV-1 shall be counseled appropriately.

APPENDIX C TO PART 58—PERSONNEL NOTIFICATION AND EPIDEMIOLOGICAL INVESTIGATION

A. Personnel Notification

1. On notification by a medical health authority of an individual with serologic or other laboratory or clinical evidence of HIV-1 infection, the cognizant military health authority shall undertake preventive medicine intervention, including counseling of the individual and others at risk of infection, such as his or her sexual contacts (who are military healthcare beneficiaries), on transmission of the virus. The cognizant military health authority shall coordinate with the Heads of the military and civilian blood bank organizations and preventive medicine authorities to trace back possible exposure through blood transfusion or donation of infected blood (ASD(HA)) Memorandum and refer appropriate case-contact information to the appropriate military or civilian health authority.

2. All individuals with serologic evidence of HIV-1 infection who are military healthcare beneficiaries shall be counseled by a physician or a designated healthcare provider on the significance of a positive antibody test. They shall be advised as to the mode of transmission of that virus, the appropriate precautions and personal hygiene measures required to minimize transmission through sexual activities and/or intimate contact with blood or blood products, and of the need to advise any past sexual partners of their infection. Women shall be advised of the risk of perinatal transmission during past, current, and future pregnancies. The infected individuals shall be informed that they are ineligible to donate blood and shall be placed on a permanent donor deferral list.

3. Service members identified to be at risk shall be counseled and tested for serologic evidence of HIV-1 infection. Other DoD beneficiaries, such as retirees and family members, identified to be at risk shall be informed of their risk and offered serologic testing, clinical evaluation, and counseling. The names of individuals identified to be at risk who are not eligible for military healthcare shall be provided to civilian health authorities in the local area where the index case is identified, unless prohibited by the appropriate State or host-nation civilian health authority. Such notification shall comply with the Privacy Act (5 U.S.C. 552a). Anonymity of the HIV-1 index case shall be maintained, unless reporting is required by civil authorities.

4. Blood donors who demonstrate repeatedly reactive ELISA tests for HIV-1, but for whom WB or other confirmatory test is negative or indeterminate, and who cannot be reentered into the blood donor pool shall be appropriately counseled.

B. Epidemiological Investigation

1. Epidemiological investigation shall attempt to determine potential contacts of patients who have serologic or other laboratory or clinical evidence of HIV-1 infection. The patient shall be informed of the importance of case-contact notification to interrupt disease transmission and shall be informed that contacts shall be advised of their potential exposure to HIV-1. Individuals at risk of infection include sexual contacts (male and female); children born to infected mothers; recipients of blood, blood products, organs, tissues, or sperm; and users of contaminated intravenous drug paraphernalia. Those individuals determined to be at risk who are identified and who are eligible for healthcare in the military medical system shall be notified. Additionally, the Secretaries of the Military Departments shall provide for the notification, either through local public health authorities or by DoD healthcare professionals, of the spouses of Reserve component members found to be HIV-1-infected. Such notifications shall comply with the Privacy Act (5 U.S.C. 552a). The Secretaries of the Military Departments...
shall designate all spouses (regardless of the Service affiliation of the HIV-1-infected Servicemember) who are notified under this provision to receive serologic testing and counseling on a voluntary basis from MTFs under the Secretaries’ of the Military Departments jurisdiction.

2. Communicable disease reporting procedures of civil authorities shall be followed to the extent consistent with this Directive through liaison between the military public health authorities and the appropriate local, State, territorial, Federal, or host-nation health jurisdiction.

PART 59—VOLUNTARY MILITARY PAY ALLOTMENTS

§ 59.1 Purpose.

This part updates the policies that implement title 37 U.S. Code, chapter 13 and govern voluntary allotments of pay and allowances for active and retired members.

§ 59.2 Applicability.

This part applies to the Office of the Secretary of Defense and the Military Departments. The term “Military Service,” as used herein, refers to the Army, Navy, Air Force, and Marine Corps.

§ 59.3 Policy.

(a) General. (1) The voluntary allotment system is provided primarily as a means to assist military members in accommodating their personal and family financial responsibilities to the exigencies of military service. It is a convenience and privilege not to be exploited or abused. To avoid unjustifiable expense to the government, its use shall be limited to the purposes outlined in the following paragraphs.

(2) All existing approved registered allotments of military pay and allowances for active duty and retired members that were authorized previously by this part at the time registered may be continued as approved allotments. However, if any such allotments are discontinued, they may not be reestablished except as a new allotment in accordance with the requirements of this part. Any change in the allotment that is initiated by the service member is considered a discontinuance, except those that are beyond the control of the service member.

(3) Changes beyond the control of the service member are changes that are of an administrative nature dictated by events incidental to the purpose of the allotment. Examples of administrative changes that are beyond the control of the service member are: name and address changes by the payee or amount changes due to contractual obligation existing at the time the allotment was executed, such as a mortgage payment change because of a variable rate mortgage or changing escrow requirements. Although the changes given above do not constitute a discontinuance, such administrative changes that adjust the amount of the allotment shall be accepted only when communicated by the service member on a new allotment request. Discontinuance occurs with any mortgage refinancing action.

(4) A change in allotment initiated by an organizational allottee may be accepted when the change is documented properly, is of an administrative nature, and does not increase the amount allotted.

(b) Active Military Service. Voluntary allotments of military pay and allowances of service members in active military service shall be limited to the following:

(1) The purchase of U.S. savings bonds.

(2) The payment of premiums for insurance on the life of the allottee, including U.S. Government Life Insurance, National Service Life Insurance, Veterans Group Life Insurance, Navy Mutual Aid Insurance, Army Mutual Aid Insurance, and commercial life insurance.

(ii) Allotments for insurance on the lives of a spouse or children.
(iii) Requests to initiate commercial life insurance allotments shall be processed only after compliance with requirements of 32 CFR part 276.

(3) The repayment of loans to the Navy Relief Society, Army Emergency Relief, Air Force Aid Society, and American Red Cross.

(4) Allotments to a spouse, former spouses, other dependents, and relatives who are not designated legally as dependents. The payment of such an allotment to a financial institution or association shall not deprive a service member of the use of the allotments authorized by paragraph (b)(6) of this section.

(5) The voluntary liquidation of indebtedness to the United States.
   (i) This includes indebtedness incurred by reason of defaulted notes insured by the Federal Housing Administration or guaranteed by the Veterans Administration (VA); payment of amounts due under the Retired Serviceman’s Family Protection Plan, in the case of retired service members serving on active duty; payment of delinquent Federal income taxes; and other indebtedness to any department or agency of the U.S. Government, except to the department paying the service member.
   (ii) This includes repayment of debts owed to an organization for funds administered on behalf of the U.S. Government and any such debts assigned to a collection agency.

(6) The payment to a financial organization for credit to an account of the service member. A financial organization is any bank, savings bank, savings and loan association or similar institution, or Federal or State chartered credit union. Money thus credited to the service member’s account may then be used for any purpose in accordance with the desires and direction of the service member. No more than two such allotments under this paragraph shall be allowed any service member at any one time.

(7) Repayment of loans obtained for the purchase of a home, including a mobile home or house trailer. Allotments authorized herein are in addition to those authorized under paragraph (b)(6) of this section. Only one such allotment shall be allowed any service member at any one time.

(8) Charitable contributions to the following:
   (ii) Army Emergency Relief, Navy Relief Society, or affiliates of the Air Force Assistance Fund.

(9) Deposits to the account of a service member participating in the Uniformed Services Savings Deposit Program under 10 U.S.C. 1036. This program is limited to service members in a missing status as a result of the Vietnam conflict.

(10) Allotments to the VA for deposit to the Post-Vietnam Era Veterans Education Account within the periodic and cumulative depository limitations specified in DOD Directive 1322.8, “Voluntary Educational Programs for Military Personnel,” July 23, 1987. Once authorized by the service member, the allotments must run a minimum of 12 consecutive months, unless the service member suspends participation or disenrolls from the program because of personal hardship

(11) Payment of delinquent State or local income or employment taxes.

(12) Dental and health insurance allotments for the benefit of the families of service members.

(c) Retired military personnel. (1) Voluntary allotments be service members receiving retired or retainer pay shall be limited to the following:

(i) Purchase of U.S. savings bonds.

(ii) Payment of premiums for insurance on the life of the service member including U.S. Government Life Insurance, National Service Life Insurance, Veterans Group Life Insurance, Navy Mutual Aid Insurance, Army Mutual Aid Insurance, and commercial life insurance, subject to the limitations prescribed in paragraph (b)(2)(i) and (ii) of this section.
(iii) Voluntary liquidation of indebtedness to the United States, subject to the limitations prescribed in paragraph (b)(5) of this section—

(iv) Allotments to a spouse, former spouse, and/or children of the retired service member having a permanent residence other than that of the retired service member.

(v) Charitable contributions to the Army Emergency Relief, Navy Relief Society, or affiliates of the Air Force Assistance Fund.

(vi) The repayment of loans to the Army Emergency Relief, Navy Relief Society, Air Force Aid Society, or American Red Cross.

(2) To assist personnel in the transition from active duty to retired status, all allotments authorized for active duty service members may be continued, except those allotments in paragraph (b)(8)(i), (9) and (10) of this section. However, if an allotment continued from active duty, but not authorized by paragraph (c)(1) of this section is discontinued by the retiree, such an allotment may not be reestablished.

(d) Exclusions and Restrictions. (1) The amount of pay and allowances that may be allotted shall exclude amounts required to be withheld for taxes, liquidations of indebtedness determined under applicable provisions of law to be chargeable against the service member’s pay account, or required premiums on Servicemen’s Group Life Insurance.

(2) The total amount that may be allotted shall comply with the restrictions in the DOD Military Pay and Allowances Entitlements Manual and DOD 1340.12–M, “DOD Military Retired Pay Manual.”

(e) Control and use of forms. (1) Allotment requests shall be accepted only on authorized allotment forms, unless otherwise provided in this part. Supplies of allotment forms shall not be made available to non-Federal organizations, except that each Military Department may authorize issuance of forms to the Army Emergency Relief, Navy Relief Society, the Air Force Aid Society, and American Red Cross.

(2) Active duty enlisted service members shall sign the allotment authorization form in the presence of the service member’s commanding officer, personnel or disbursing officer, or one of their representative who shall witness the signature. The Military Departments may waive this requirement for senior enlisted service members and loan repayment allotments payable to the Army Emergency Relief, Navy Relief Society, the Air Force Aid Society, and American Red Cross.

(3) Charitable contribution allotment requests by enlisted members may be accepted without a witnessing official, when submitted on contribution forms in accordance with DOD Directive 5035.1 and DOD Instruction 5035.5.

(4) Retired military personnel need not submit allotment requests on the prescribed forms. A signed personal letter may be used to support an allotment request, change, or cancellation by retired military members as long as all required information is provided.

§ 59.4 Responsibilities.

(a) The Assistant Secretary of Defense (Comptroller) shall exercise primary management responsibility for the voluntary military pay allotment program and provide assistance to the Military Departments in the form of instructions, requirements, reviews, and other guidance.

(b) The Secretaries of the Military Departments shall ensure that this part is implemented by the Military Services concerned.

APPENDIX 2 TO PART 62b—STATE DRIVER’S LICENSE AGENCIES

AUTHORITY: 10 U.S.C. 131.

SOURCE: 48 FR 41581, Sept. 16, 1983, unless otherwise noted.

§62b.1 Purpose.

This part:

(a) Establishes DoD policy regarding drunk and drugged driving by DoD personnel (hereafter referred to as “intoxicated driving”).

(b) Assigns responsibility for and explains DoD policy and procedures on the establishment and operation of the DoD Intoxicated Driving Prevention Program, which is designed to address the problem of and increase the awareness and attention given to intoxicated driving by DoD personnel.

(c) Establishes the DoD Intoxicated Driving Prevention Task Force (DIDPTF).

§62b.2 Applicability.

This part applies to the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, the Unified and Specified Commands, and the Defense Agencies (hereafter referred to collectively as “DoD Components”). The term “Military Services,” as used herein, refers to the Army, Navy, Air Force, and Marine Corps.

§62b.3 Policy.

(a) Intoxicated driving is incompatible with the maintenance of high standards of performance, military discipline, DoD personnel reliability, and

readiness of military units and supporting activities. It is DoD policy to reduce significantly the incidence of intoxicated driving within the Department of Defense through a coordinated program of education, identification, law enforcement, and treatment. Specifically, the goal of the DoD Intoxicated Driving Prevention Program is to reduce the number of fatalities and injuries suffered by DoD personnel and the amount of property damage that result from intoxicated driving. Persons who engage in intoxicated driving, regardless of the geographic location of the incident, have demonstrated a serious disregard for the safety of themselves and others. It is appropriate for military commanders, in the exercise of their inherent authority, to protect the mission of an installation and the safety of persons and property therein to restrict driving privileges of persons who engage in such actions.

(b) The Department of Defense shall participate in the national effort to prevent intoxicated driving by maintaining appropriate relationships with other governmental agencies and private organizations and shall cooperate with responsible civil authorities consistent with statutory and regulatory constraints in detecting, identifying, apprehending, prosecuting, educating, and counseling intoxicated drivers and in reporting cases as required by State laws and applicable Status of Forces Agreements.

§ 62b.4 Procedures.

(a) Education and training. (1) The Military Services shall provide drug and alcohol education that focuses on intoxicated driving for each of the following: law enforcement, public information, emergency room, and safety personnel. Club managers, bartenders, and waitresses serving alcoholic beverages and Class VI or package sales personnel shall receive annual refresher training. In addition, leadership curricula at all levels (PCO/PXO indoctrination, training for judge advocates and military judges, and officer and noncommissioned officer schools) shall include specific information and a review of current Military Service policy on intoxicated driving.

(2) Other DoD Components shall provide similar instruction in conjunction with the training and education requirements of part 62a of this title.

(3) DoD Components shall cooperate, to the extent feasible and permitted by law and regulation, with community leaders and existing grassroots organizations that are working to combat intoxicated driving, in planning and implementing local education efforts.

(b) Suspension of driving privileges. Each DoD Component of its supporting agency that regulates driving privileges shall establish procedures for mandatory suspension of driving privileges on military installations and in areas subject to military traffic supervision. They shall establish procedures for acquiring arrest reports and other official documentation of intoxicated driving incidents consistent with applicable laws and regulations. Such procedures shall be sufficiently flexible to meet local needs.

(1) Military personnel and their family members, retired members of the Military Services, DoD civilian personnel, and others with installation driving privileges may have those driving privileges suspended, regardless of the geographic location of an intoxicated driving incident.

(i) Suspension is authorized for non-DoD civilians only with respect to incidents occurring on the military installation or in areas subject to military traffic supervision.

(ii) With respect to DoD civilian personnel covered by a negotiated agreement, a suspension under this paragraph may be reviewed only to the extent required by the negotiated agreement applicable to the affected employee. Such matters mandatorily are excluded from DoD Component administrative grievance procedures. A grievance under such a procedure will not delay imposition of a preliminary or 1-year suspension of driving privileges.

(iii) A notice of suspension will not become effective until 24 hours after the incident for which a suspension is imposed. However, this provision does not preclude appropriate action to prevent an intoxicated person from operating a motor vehicle, nor does it affect the validity of an earlier suspension imposed on the same individual.
(iv) A hearing authorized under paragraph (b) (2), (3), or (5) of this section, shall be conducted by the installation commander. The power to conduct a hearing and make a decision may be delegated only to an official whose primary duties are not in the field of law enforcement. At a hearing under this paragraph, the individual shall have the right to present evidence and witnesses at his or her own expense. The individual may be represented by counsel at his or her own expense. DoD civilian personnel may have a personal representative present in accordance with applicable laws and regulations.

(2) Suspension based upon lawful apprehension. (i) Preliminary suspension of driving privileges is mandatory based upon an arrest report or other official documentation of the circumstances of an apprehension for intoxicated driving.

(ii) The individual shall be notified in writing of the preliminary suspension. The notice shall include the arrest report or other documentation and shall inform the individual that a 1-year suspension can be imposed upon conviction, imposition of nonjudicial punishment, or action by civilian authorities leading to suspension or revocation of the individual’s driver’s license. The notice shall inform the individual that he or she has the right to submit a request within 5 working days to vacate the preliminary suspension and that failure to request such a hearing will result in continuation of the preliminary suspension.

(iii) If a hearing has not been requested within 5 working days, the preliminary suspension shall be continued until there has been a criminal, nonjudicial, or administrative disposition.

(iv) If the individual requests a hearing to vacate the preliminary suspension, it shall be held within 10 working days of the request. If the official conducting the hearing determines that the apprehension was based upon probable cause, the preliminary suspension shall be continued; if not, it shall be vacated. Such determinations are solely for purposes of acting on the preliminary suspension and are without prejudice to the rights of any party in a subsequent criminal or administrative proceeding involving the same or a related incident.

(v) If the individual is acquitted, the charges are dismissed, or there is an equivalent determination in a nonjudicial punishment proceeding or civilian administrative action, the preliminary suspension shall be vacated.

(vi) If there is a conviction, nonjudicial punishment, or civil suspension or revocation of driving privileges, the suspension shall be continued for 1 year from the date of the original preliminary suspension. Such action shall be taken only on the basis of an official report.

(3) Suspension for refusal to take a blood alcohol content (BAC) test (i) Preliminary suspension of driving privileges is mandatory based upon an official report that an individual refused to submit to a lawfully requested BAC test.

(ii) The individual shall be notified in writing of the preliminary suspension. The notice shall include the arrest report or other documentation and shall inform the individual that a 1-year suspension can be imposed after a hearing under paragraph (b)(3)(iv) of this section. The notice also shall inform the individual that he or she has the right within 5 working days to submit a request for a hearing to validate the preliminary suspension and that the suspension will be for 1 year if a hearing is not requested.

(iii) If a hearing is not requested within 5 working days, the suspension shall be for 1 year.

(iv) If the individual requests a hearing to vacate the preliminary suspension, it shall be held within 10 working days of the request. The hearing shall consider the arrest report or other official documentation. Information presented by the individual, and such other information as the hearing officer may deem appropriate. The official conducting the hearing shall consider the following issues: (A) Did the official have reasonable grounds to believe that the person had been operating or was in actual physical control of a motor vehicle while intoxicated? (B) Was the person lawfully cited or apprehended for an intoxicated driving offense? (C) Was the individual lawfully requested to submit to a BAC test? (D)
Did the person refuse to submit to or fail to complete a BAC test required by the law of the jurisdiction in which the test was requested? If, in view of these issues, the test was lawfully requested, the suspension shall be for 1 year, irrespective of the ultimate disposition of the underlying intoxicated driving offense. If not, the preliminary suspension shall be vacated. Such determinations are solely for purposes of acting on the preliminary suspension and are without prejudice to the rights of any party in a subsequent criminal or administrative proceeding involving the same or a related incident.

(4) **Suspension upon conviction, non-judicial punishment, or civilian administrative action.** (i) Suspension of driving privileges for 1 year is mandatory when there has been a conviction, non-judicial punishment, or civilian revocation or suspension of driving privileges for intoxicated driving, regardless of any prior administrative determination under §62b.4 (b)(2), (b)(3), or (b)(5).

(ii) Such action shall be taken only on the basis of an official report.

(iii) The individual shall be notified in writing of the suspension and shall be notified that an exception may be granted only under paragraph (b)(6) of this section.

(iv) The suspension shall be issued by the installation commander. This authority may be delegated only to an official whose primary responsibilities are not in the field of law enforcement.

(5) **Repeat offenders.** (i) Preliminary increase in suspension of driving privileges is mandatory based upon an arrest report or other official documentation of an individual’s driving in violation of a suspension imposed under this part or under similar rules previously issued by a DoD Component.

(A) The individual shall be notified in writing of the preliminary increase in suspension. The notice shall include the arrest report or other documentation of the violation as well as documentation of the original suspension and shall inform the individual that his or her original suspension can be increased by 2 years after a hearing under paragraph (b)(5)(i)(C) of this section. The notice shall inform the individual that he or she has the right within 5 working days to submit a request for a hearing to vacate the preliminary increase in suspension and that the original suspension will be increased by 2 years if such a request is not submitted.

(B) If a hearing has not been requested within 5 working days, the original suspension shall be increased by 2 years.

(C) If the individual requests a hearing to vacate the preliminary suspension, it shall be held within 10 working days of the request. The hearing shall consider the arrest report or other official documentation, information presented by the individual, documentation of the original suspension, and such other information as the hearing officer may deem appropriate. If the official conducting the hearing determines that the allegation of driving in violation of a suspension is supported by a preponderance of the evidence, the original suspension shall be increased by 2 years. If not, the preliminary increase in suspension shall be vacated. Such determinations are without prejudice to the rights of any party in a subsequent criminal or administrative proceeding involving the same or a related incident.

(D) If in a subsequent judicial, non-judicial, or administrative proceeding, it is determined that the individual did not violate a suspension, the preliminary increase in suspensions shall be vacated.

(ii) For each subsequent determination within a 5-year period that a 1-year suspension is authorized under paragraph (b)(2) through (4) of this section, driving privileges shall be suspended for 2-years. Such period shall be in addition to any suspension previously imposed. Military personnel shall be prohibited from obtaining or using a U.S. Government Motor Vehicle Operator's Identification Card, Standard Form (SF) 46, for 6 months for each such incident. A determination whether DoD civilian personnel should be prohibited from obtaining or using an SE 46 shall be made under Federal Personnel Manual chapter 930 and other laws and regulations applicable to civilian personnel. Nothing in this paragraph precludes an installation commander from imposing a prohibition upon obtaining or using an SF card.
§ 62b.4

46 for a first offense or for such other reasons as may be authorized under applicable laws and regulations.

(6) Exceptions. (i) Exceptions to the mandatory suspension provisions in this part may be granted under regulations by the DoD Component concerned on a case-by-case basis. Requests for exceptions shall be in writing. Such exceptions may be granted only on the basis of:

(A) Mission requirements;
(B) Unusual personal or family hardship; or
(C) In the case of a preliminary suspension following lawful apprehension, delays exceeding 90 days in the formal disposition of the allegations insofar as such delays are not attributable to the individual.

(ii) With respect to a person who has no reasonably available alternate means of transportation to officially assigned duties, a limited exception shall be granted for the sole purpose of driving directly to and from such duties. This does not authorize a person to drive on a military installation if the person’s driver’s license is under suspension or revocation by a State, Federal, or host country civil court or administrative agency. Maximum reliance shall be placed on carpools, public transportation, and reasonably available parking facilities adjacent to the installation before such a limited exception is granted. Nothing in this provision precludes introduction of such evidence for other administrative purposes or for impeachment or rebuttal purposes in any proceeding in which evidence of alcohol or drug abuse (or lack thereof) first has been introduced by the member, nor does it preclude disciplinary or other action based on independently derived evidence. DoD civilian personnel charged with intoxicated driving shall be advised of the Civilian Employee Assistance Program or Installation Drug and Alcohol Program and the availability of evaluation in accordance with Federal Personnel Manual Supplement 792–2. Retired members of the Military Services shall be advised of the availability of evaluation and treatment programs.

(c) Screening. Each DoD Component or its supporting agency shall establish procedures for screening military personnel charged with intoxicated driving offenses within 7 working days of issuance of notice of the preliminary suspension to determine whether a member is dependent on alcohol or other drugs. The results of this screening shall be made available to the command having jurisdiction over the case before adjudication. Information concerning personal alcohol and drug abuse provided by a member in response to screening questions may not be used against the member in a court-martial or on the issue of characterization in an administrative separation proceeding. Nothing in this provision precludes introduction of such evidence for other administrative purposes or for impeachment or rebuttal purposes in any proceeding in which evidence of alcohol or drug abuse (or lack thereof) first has been introduced by the member, nor does it preclude disciplinary or other action based on independently derived evidence. DoD civilian personnel charged with intoxicated driving shall be advised of the Civilian Employee Assistance Program or Installation Drug and Alcohol Program and the availability of evaluation in accordance with Federal Personnel Manual Supplement 792–2. Retired members of the Military Services shall be advised of the availability of evaluation and treatment programs.

(d) Notification of State Driver’s License Agencies. Each DoD Component or its supporting agency shall establish a systematic procedure in accordance with part 286a of this title to notify State driver’s license agencies of DoD personnel whose installation driving privileges are suspended for 1 year or more following final adjudication of the intoxicated driving offense or upon suspension for refusal to submit to a lawful BAC test under paragraph (b) of this section. This notification shall include the basis for the suspension and the BAC level, if known. Exceptions
shall be made only when such a suspension was increased for an additional 2 years for driving on an installation while installation driving privileges were suspended solely on the basis of driving in violation of suspension (see paragraph (b)(5) of this section). This notification shall be sent to the State in which the driver’s license was issued and the State in which the installation is located. Sample letter format is provided in appendix 1, and State driver’s license agencies are listed in Appendix 2. In addition, the Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)) shall:
   (1) Validate positions identified by Defense and non-Defense Agencies as suitable for fill by military retirees.
   (2) Establish priorities for fill once all requirements are identified.
   (3) Provide redistribution guidance.
(b) The Secretaries of the Military Departments and the Commandant of the Coast Guard shall ensure that plans for the management and mobilization of military retirees are consistent with this part.
(c) The Directors of the Defense Agencies, the Director of the Federal Emergency Management Agency (FEMA) and the Director of the Selective Service System (SSS) and other Federal Organizations, as appropriate, shall, by agreement, assist in identifying military and Federal civilian wartime positions that are suitable for fill by military retirees, and provide a list of requirements to the Office of the Assistant Secretary of Defense (Force Management and Personnel) (OASD(FM&P)) for validation and prioritization before fill by the Military Services. The Services retain the right to disapprove the request if no military retiree is available. At least annually, the requesting Agency shall verify to the OASD(FM&P) the accuracy of their validated requirements and identify any new requirements.
(d) The Secretaries of the Military Departments, or designees, shall:
   (1) Prepare plans and establish procedures for mobilization of military retirees in conformance with this part.
   (2) Determine the extent of military retiree mobilization requirements based on existing inventories and inventory projections for mobilization of qualified Reservists in an active status in the Ready Reserve, the Inactive National Guard, or the Standby Reserve.
   (3) Develop procedures for identifying categories I and II retirees and conduct screening of retirees using this part for guidance.
   (4) Maintain personnel records and other necessary records for military retirees, including date of birth, date of retirement, current address, and documentation of military qualifications.    (5) Advise military retirees of their duty to provide the Military Services with accurate mailing addresses and any changes in civilian employment, military qualifications, availability for service, and physical condition.
   (6) Preassign retired members, when determined appropriate and as necessary.
   (7) Determine refresher training requirements in accordance with the criteria established in §64.6(a)(8).

§ 64.6 Procedures.

(a) Premobilization—(1) Management of military retirees. Military retiree management systems should provide for rapid identification of retiree location and military skills to expedite reporting of retirees to a wide range of assignments and geographic locations in mobilization or crisis. As part of the criteria for assignment of individuals to specific mobilization billets, the Military Services should consider the criticality of the mobilization billet,
the skills of the individual, and his or her geographic proximity to the place of assignment. To the extent possible, military retirees should be given the opportunity to volunteer for specific assignments. The Military Departments shall develop plans and procedures to identify military retirees excess to their needs. The Military Departments, other DoD Components, FEMA, SSS, and other Federal Agencies, as appropriate, shall provide a list of requirements to the Department of Defense. The Department of Defense shall establish priorities for fill once all requirements and excess personnel are identified and provide redistribution guidance.

(2) Requirement validation. The OASD(PM&P) shall review and validate each mobilization requirement for a military retiree. The criteria considered shall be the structure of the organization, the expanded workload requirements in a mobilization environment, current manpower authorizations, and existing manpower infrastructures supporting the organizations.

(3) Assignment priority. The priority for use of military retirees shall be:

(i) Use by their own Service.

(ii) Use by another Service or a Defense Agency.

(iii) Use by a civilian Federal Department or Agency.

(iv) Any other approved use.

(4) Preassignment of categories I and II military retirees. When determined appropriate by the Military Service concerned, military retirees who physically are qualified maximally should be preassigned in peacetime, either voluntarily or involuntarily, to installations or to mobilization positions that must be filled within 30 days after mobilization. Key employees and category III retirees shall not be preassigned involuntarily. Severe hostilities may prevent the transmittal of mobilization orders to military retirees. All military retirees preassigned to mobilization positions or installations, either voluntarily or involuntarily, shall be issued preassignment or contingent preassignment orders.

(5) Category III military retirees. The nature and extent of the mobilization of category III retirees shall be determined by each Military Service, based on the retiree’s military skill and, if applicable, the nature and degree of the retiree’s disability. Category III retirees generally should be assigned to civilian jobs, unless they have critical skills or volunteer for specific military jobs. Age or disability alone may not be the sole basis for excluding a retiree from active Military Service during mobilization.

(6) Military retirees living overseas. Military retirees who live overseas maximally shall be preassigned in peacetime, as determined by the Military Service concerned, to meet mobilization augmentation requirements at overseas, U.S., or allied military installations or activities that are near their places of residence.

(7) Military retiree information. The development and maintenance of current information on the mobilization availability of military retirees shall be the responsibility of the Military Services. Such information shall include, but not be limited to, date of retirement, date of birth, current address, and military qualifications. Additionally, the Military Services shall maintain information on the availability for mobilization and the physical condition of categories I and II military retirees. Indication of physical condition may be from certification by the individual military retiree.

(8) Refresher training. Each Military Service shall determine the necessity for, and the frequency of, refresher training of military retirees, based on the needs of the Military Service and the specific military skill of the military retiree. Emphasis should be on voluntary refresher training. Civilian-acquired skills may eliminate the need for refresher training.

(9) Screening of military retirees—(1) Each Military Service shall develop procedures for identifying categories I and II retirees, and shall conduct screening of retirees using this part and 32 CFR part 44 as guidance in formulating screening criteria.

(ii) All military retirees shall be advised to inform their employers concerning their liability for recall to active duty in a mobilization or national emergency, and, when applicable, the
procedures for designating their position as a key position.

(iii) Federal employers annually shall review their employment rolls to determine if they employ any military retirees who are filling key positions, as defined in §64.3.

(iv) Non-Federal employers also are encouraged to use the key position guidelines for making their own key position designations and, when applicable, for recommending certain military retirees for key employees status.

(v) Key position designation guidelines. In determining whether or not a position should be designated as a key position, employers should consider the following criteria:

(A) Can the position be filled in a reasonable time after mobilization?

(B) Does the position require technical or managerial skills that are possessed uniquely by the incumbent employee?

(C) Is the position associated directly with Defense mobilization?

(D) Does the position include a mobilization or relocation assignment in an Agency having emergency functions, as designated by E.O. 12656?

(E) Is the position directly associated with industrial or manpower mobilization, as designated in E.O. 10480?

(F) Are there other factors related to national defense, health, or safety that would make the incumbent of the position unavailable for mobilization?

(vi) Employers who determine that a military retiree is filling a key position and should not be recalled to active duty in an emergency should report that determination to the cognizant military personnel center, using the letter format shown in Appendix A to this part. The list of Reserve personnel centers to which retiree-recall screening-determination recommendations shall be forwarded is at Appendix B to this part.

(b) Mobilization—(1) General. The Military Services shall establish plans and procedures to use those military retirees who meet specific skill and experience requirements to fill mobilization billets, when there is not enough active or qualified Reserve manpower available.

(2) Involuntary order to active duty—(1) Twenty-year active military service retirees. The Secretary of a Military Department may order any retired Regular member, retired Reserve member who has completed at least 20 years of Active Service, or a member of the Fleet Reserve or Fleet Marine Corps Reserve to active duty at any time to perform duties deemed necessary in the interest of national defense in accordance with 10 U.S.C. 675 and 688. Retired Regular members of the Coast Guard may be ordered to active duty by the Secretary concerned only in time of war or national emergency in accordance with 14 U.S.C. 331 and 339.

(ii) Reserve. The Secretary of a Military Department may order any other retired member of a Reserve component of a Military Service to active duty for the duration of a war or emergency and for 6 months thereafter on the basis of required skills, provided:

(A) War or national emergency has been declared by Congress.

(B) The Secretary of the Military Department concerned, with the approval of the Secretary of Defense, determines there are not enough qualified Reserves in an Active status or in the Inactive National Guard, under 10 U.S.C. 672(a).

(3) Graduated Mobilization Response. The Military Services shall develop plans and procedures for ordering military retirees to active duty in accordance with a schedule that includes pre-, partial, and full mobilization requirements.

(c) Peacetime—(1) General. The Military Departments shall establish procedures to order military retirees to active duty during peacetime.

(2) Voluntary order to active duty—(1) Twenty-year active military service retirees. The Secretary of a Military Department may order retired Regular members, retired Reserve members who have completed at least 20 years of active Military Service, or members of the Fleet Reserve or Fleet Marine Corps Reserve to active duty with their consent at any time in accordance with 10 U.S.C. 688.

(ii) Other Reserve retirees. The Secretary of a Military Department may order other retired members of a Reserve component to active duty with their consent in accordance with 10 U.S.C. 672(d).

PART 68—PROVISION OF FREE PUBLIC EDUCATION FOR ELIGIBLE CHILDREN PURSUANT TO SECTION 6, PUBLIC LAW 81–874

§ 68.1 References.

(d) Memorandum of Understanding Between The Department of Defense and The Department of Education, August 16, 1982.

§ 68.4 Policy.

(a) In conformity with §68.1 (a), (b), and (c), it is DoD policy that dependent children of U.S. military personnel and federally employed civilian personnel residing on Federal property be educated, whenever suitable, in schools operated and controlled by local public school systems.
(b) When it is not suitable for the children of U.S. military personnel and federally employed civilian personnel to attend a locally operated public school, the Secretary of Defense, or designee, shall make arrangements for the free public education of such children. These arrangements may include the establishment of schools within the United States and specified possessions.
(c) The arrangements for such free public education shall be made by the Secretary of Defense, or designee, either with a local educational agency, or with the Head of a Federal Department or Agency, whichever in the judgment of the Secretary, or designee, appears to be more applicable. If such an arrangement is made with the Head of a Federal Department or Agency, either it must administer the property on which the children to be educated reside or, if the local schools are unavailable to the children of members of the Armed Forces on active duty because of official State or local action and no suitable free public education may be provided by a local educational agency, the Department or Agency must have jurisdiction over the parents of some or all of such children.
(d) Section 6 School Arrangements are required, to the maximum extent practicable, to provide educational programs comparable to those being provided by local public educational agencies in comparable communities in the State where the Section 6 School Arrangement is located. If the Section 6 School Arrangement is outside of CONUS, Alaska, Hawaii, Puerto Rico, Wake Island, Guam, American Samoa, the Northern Mariana Islands, and the Virgin Islands.

§ 68.2 Purpose.

This part:
(a) Establishes policies and prescribes procedures for the Department of Defense (DoD) to make arrangements (as defined in §68.5) for the provision of free public education to eligible dependent children as authorized by §68.1 (a), (b), and (c).
(b) Implements §68.1 (a), (b), (d), and (e).

§ 68.3 Applicability and scope.

This part applies to:
(a) The Office of the Secretary of Defense (OSD), the Military Departments, and the Defense Agencies.
(b) The schools operated by DoD within the Continental United States (CONUS), Alaska, Hawaii, Puerto Rico, Wake Island, Guam, American Samoa, the Northern Mariana Islands, and the Virgin Islands.
§ 68.5 Definitions.

Adjacent area. A geographic location that is next to or near Federal property. This normally should include a student commuting area within 45 minutes of the Federal property, unless another area identified as adjacent is designated specifically by an administrator of the Federal property; i.e., the installation commander.

Arrangements. Actions taken by the Secretary of Defense to provide a free public education to dependent children comparable to the free public education provided by the District of Columbia.

(e) Section 6 School Arrangements operated by DoD under §68.1(a)(1)(b), and (d) shall comply, except as provided in this paragraph, with §68.1(g). If the State or other jurisdiction on which a Section 6 School Arrangement’s educational comparability is based has adopted a “State plan” for the implementation of §68.1(g) that Section 6 School Arrangement shall provide its handicapped students a free appropriate public education, as defined in §68.1(g). That education, except as follows in this paragraph, is consistent with such State plan. To satisfy this responsibility, Section 6 School Arrangements shall conform to the substantive and procedural provisions of §68.1(g), except for those relating to impartial due process hearings in section 1415 of §68.1(g). The procedures of such Section 6 School Arrangements for the identification, assessment, and programming of handicapped students in special education and related services must conform to the comparable State’s regulatory guidelines. Complaints with respect to the identification, evaluation or educational placement of, or the free appropriate public education provided to, students in such a Section 6 School Arrangement who are or may be handicapped shall be investigated under enclosure 5 to DoD Directive 1020.11 (§68.1(h)). If the State on which a Section 6 School Arrangement’s comparability is based has not adopted a State plan, the State plan of an adjacent State must be followed. If no adjacent State has adopted a State plan, the State plan of another State that is similar to the State in which the Section 6 School Arrangement is located shall be selected.

(f) After consultation with the Military Departments, funds shall be made available for the operation and maintenance of Section 6 School Arrangements, on either a direct or reimbursable basis, to the comptroller at the respective military installation. These funds shall remain separate and distinct from the funds of the individual Military Services.

(g) Attendance in Section 6 School and Special Arrangements within CONUS, Alaska, and Hawaii is limited to eligible dependent children under §68.1(b). Guidance, consistent with §68.1(b) and (c) for student eligibility for Section 6 School Arrangements located outside of CONUS, Alaska, and Hawaii shall be established by the Military Department concerned after coordination and approval by the General Counsel of the Department of Defense, or designee, and the Assistant Secretary of Defense (Force Management and Personnel), or designee.

(h) Where a member of the Armed Forces is transferred or retires and the member’s family moves after the start of the school year from on-base (post) housing, the member’s children shall be permitted to continue in attendance at the Section 6 School Arrangement for the remainder of the school year during which the transfer or retirement occurred, if the child is residing with a parent or legal guardian or another person acting in loco parentis.

(i) Where a member of the Armed Forces is assigned to an installation on which there is a Section 6 School Arrangement and is assigned on-base (post) family housing that is expected to be available for occupancy and to be occupied within 90 school days from the reporting date, the member’s children may be permitted to attend the school while residing in an area adjacent to such Federal property. Transportation for children attending a Section 6 School Arrangement under these conditions is the responsibility of the parent.

Federal property. Real property that is owned or leased by the United States.

Free public education. Education that is provided at public expense under public supervision and direction without charge to the sponsor of a child, and that is provided at the elementary or secondary school level of the applicable State. The term shall not include any education provided beyond grade 12, except in the case of State policy regarding the education of handicapped students, nor does it preclude the collecting of tuition from an Agency responsible for the assignment of a child’s sponsor resulting in the attendance of the child of a Section 6 School Arrangement.

Local educational agency. A board of education or other legally constituted local school authority having administrative control and direction of free public education in a county, township, independent, or other school district in a State. The term includes any State Agency operating and maintaining facilities for providing free public education.

PART 69—SCHOOL BOARDS FOR DEPARTMENT OF DEFENSE DOMESTIC DEPENDENT ELEMENTARY AND SECONDARY SCHOOLS

§ 69.1 Purpose.
This part prescribes policies and procedures for the establishment and operation of elected School Boards for schools operated by the Department of Defense (DoD) under 10 U.S.C. 2164, 32 CFR part 345, and Public Law 92–463.

§ 69.2 Applicability and scope.
This part applies to:
(a) The Office of the Secretary of Defense (OSD), the Military Departments, the Coast Guard when operating as a service of the Department of the Navy or by agreement between DoD and the Department of Transportation, the Chairman of the Joint Chiefs of Staff, the Unified and Specified Combatant Commands, the Inspector General of the Department of Defense, the Uniformed Services University of the Health Sciences, the Defense Agencies, and the DoD Field Activities.
(b) The schools (prekindergarten through grade 12) operated by the DoD under 10 U.S.C. 2164 and 32 CFR part 345 within the continental United States, Alaska, Hawaii, Puerto Rico, Wake Island, Guam, American Samoa, the Northern Mariana Islands, and the Virgin Islands, known as DoD DDESS Arrangements.
(c) This part does not apply to elected school boards established under state or local law for DoD DDESS special arrangements.

§ 69.3 Definitions.
(a) Arrangements. Actions taken by the Secretary of Defense to provide a free public education to dependent children under 10 U.S.C. 2164 through DoD DDESS arrangements or DoD DDESS special arrangements:
(1) DDESS arrangement. A school operated by the Department of Defense under 10 U.S.C. 2164 and 32 CFR 345 to provide a free public education for eligible children.
(2) DDESS special arrangement. An agreement, under 10 U.S.C. 2164, between the Secretary of Defense, or designee, and a local public education agency whereby a school or a school system operated by the local public education agency whereby a school or a school system operated by the local public education agency provides educational services to eligible dependent children of U.S. military personnel and federally employed civilian personnel. Arrangements result in partial or total Federal funding to the local public education agency for the educational services provided.
(b) Parent. The biological father or mother of a child when parental rights have not been legally terminated; a person who, by order of a court of competent jurisdiction, has been declared the father or mother of a child by adoption; the legal guardian of a child; or a person in whose household a child resides, provided that such person stands in loco parentis to that child and contributes at least one-half of the child’s support.

§ 69.4 Policy.
(a) Each DoD DDESS arrangement shall have an elected school board, established and operated in accordance with this part and other pertinent guidance.
(b) Because members of DoD DDESS elected school boards are not officers or employees of the United States appointed under the Appointments Clause of the United States Constitution (Art. II, Sec. 2, Cl. 2), they may not exercise discretionary governmental authority, such as the taking of personnel actions or the establishment of governmental policies. This part clarifies the role of school boards in the development and oversight of fiscal, personnel, and educational policies, procedures, and programs for DoD DDESS arrangements, subject to these constitutional limitations.
2164 and 32 CFR part 345 shall be from the Director, DoD DDESS, to the Superintendent of each school arrangement. In the event of suspected noncompliance, the Director, DoD DDESS, shall take appropriate action, which will include notification of the Superintendent and the school board president of the affected DoD DDESS arrangement.

(3) Determine when the actions of a school board conflict with an applicable statute, regulation, or other guidance or when there is a conflict in the views of the school board and the Superintendent. When such conflicts occur, the Director, DoD DDESS, shall assist the Superintendent and the school board in resolving them or direct that such actions be discontinued. Such disapprovals must be in writing to the school board and the Superintendent concerned and shall state the specific supporting reason or reasons.

(1) Participate in the development and oversight of fiscal, personnel, and educational policies, procedures, and programs for the DoD DDESS arrangement concerned, consistent with this part.

(2) Approve agendas and prepare minutes for school board meetings. A copy of the approved minutes of school board meetings shall be forwarded to the Director, DoD DDESS, within 10 working days after the date the minutes are approved.

(3) Provide to the Director, DoD DDESS, names of applicants for a vacancy in the Superintendent’s position after a recruitment has been accomplished. The school board shall submit to the Director, DoD DDESS, a list of all applicants based on its review of the applications and interviews (either in person or telephonically) of the applicants. The list of applicants will be accompanied by the recommended choice of the school board. The Director will select the Superintendent and will submit written notice with justification to the school board if the recommendation of the school board is not followed.

(4) Prepare an annual written on-site review of the Superintendent’s performance for consideration by the Director, DoD DDESS. The written review shall be based on critical elements recommended by the school board and Superintendent and approved by the Director, DoD DDESS. The school board’s review will be an official attachment to the Superintendent’s appraisal.

(5) Participate in the development of the school system’s budget for submission to the Director, DoD DDESS, for his or her approval as endorsed by the school board; and participate in the oversight of the approved budget, in conjunction with the Superintendent, as appropriate for operation of the school arrangement.

(6) Invite the Superintendent or designee to attend all school board meetings.

(7) Provide counsel to the Superintendent on the operation of the school and the implementation of the approved budget.

(8) Channel communications with school employees to the DoD DDESS Superintendent. Refer all applications, complaints, and other communications, oral or written, to the DoD DDESS Arrangement Superintendents.

(9) Participate in the development of school policies, rules, and regulations,
in conjunction with the Superintendent, and recommend which policies shall be reflected in the School Policy Manual. At a minimum, the Policy Manual, which shall be issued by the Superintendent, shall include following:

(i) A statement of the school philosophy.

(iii) Provisions for promulgation of an annual school calendar.
(iv) Provisions on instructional services, including policies for development and adoption of curriculum and textbooks.
(v) Regulations affecting students, including attendance, grading, promotion, retention, and graduation criteria, and the student code of rights, responsibilities, and conduct.

(x) Under 10 U.S.C. 2164(b)(4)(B), prepare and submit formal appeals to directives and other guidance that in the view of the school board adversely impact the operation of the school system either through the operation and management of DoD DDESS or a specific DoD DDESS arrangement. Written formal appeals with justification and supporting documentation shall be submitted by the school board or Superintendent to ASD(FMP). The ASD(FMP) shall make the final decision on all formal appeals. The Director, DoD DDESS, will provide the appealing body written review of the findings relating to the merits of the appeal. Formal appeals will be handled expeditiously by all parties to minimize any adverse impact on the operation of the DoD DDESS system.
(d) Ensure school board operating procedures are as follows:
(1) The school board shall operate from a written agenda at all meetings. Matters not placed on the agenda before the start of the meeting, but approved by a majority of the school board present, may be considered at the ongoing meeting and added to the agenda at that time.
(2) A majority of the total number of school board members authorized shall constitute a quorum.
(3) School board meetings shall be conducted a minimum of 9 times a year. The school board President or designee will provide school board members timely notice of all meetings. All regularly scheduled school board meetings will be open to the public. Executive session meetings may be closed under 10 U.S.C. 2164(d)(6).
(4) The school board shall not be bound in any way by any action or statement of an individual member or group of members of the board except when such action or statement is approved by a majority of the school board members during a school board meeting.
(5) School board members are eligible for reimbursement for official travel in accordance with the DoD Joint Travel Regulations and guidance issued by the Director, DoD DDESS.
(6) School board members may be removed by the ASD (FMP) for dereliction of duty, malfeasance, or other grounds for cause shown. The school board concerned may recommend such removal with a two-thirds majority vote. Before a member may be removed, the member shall be afforded due process, to include written notification of the basis for the action, review of the evidence or documentation considered by the school board, and an opportunity to respond to the allegations.

§ 69.6 Procedures.
(a) Composition of school board. (1) The school board shall recommend to the Director, DoD DDESS, the number of elected school board voting members, which shall be not fewer than 3 and no
more than 9, depending upon local needs. The members of the school board shall select by majority vote of the total number of school board members authorized at the beginning of each official school board term, one member to act as President and another to act as Vice President. The President and Vice President shall each serve for 1 year. The President shall preside over school board meetings and provide leadership for related activities and functions. The Vice President shall serve in the absence of the President. If the position of President is vacated for any reason, the Vice President shall be the President until the next regularly scheduled school board election. The resulting vacancy in the position of the Vice President shall be filled by the majority vote of all members of the incumbent board.

(2) The DoD DDESS Arrangement Superintendent, or designee, shall serve as a non-voting observer to all school board meetings. The Installation Commander, or designee, shall convey command concerns to the school board and the Superintendent and keep the school board and the Superintendent informed of changes and other matters within the host installation that affect school expenditures or operations.

(3) School board members may not receive compensation for their service on the school board.

(4) Members of the school board may not have any financial interest in any company or organization doing business with the school system. Waivers to this restriction may be granted on a case-by-case basis by the Director, DoD DDESS, in coordination with the Office of General Counsel of the Department of Defense.

(b) Electorate of the school board. The electorate for each school board seat shall be composed of parents of the students attending the school. Each member of the electorate shall have one vote.

(c) Election of school board members. (1) To be elected as a member of the school board, an individual must be a resident of the military installation in which the DoD DDESS arrangement is located, or in the case of candidates for the Antilles Consolidated School System School Board, be the parent of an eligible child currently enrolled in the school system. Personnel employed by a DoD DDESS arrangement may not serve as school board members.

(2) The board shall determine the term of office for elected members, not to exceed 3 years, and the limit on the number of terms, if any. If the board fails to set these terms by the first day of the first full month of the school year, the terms will be set at 3 years, with a maximum of 2 consecutive terms.

(3) When there is a sufficient number of school board vacancies that result in not having a quorum, which is defined as a majority of seats authorized, a special election shall be called by the DoD DDESS Arrangement Superintendent or designee. A special election is an election that is held between the regularly scheduled annual school board election. The nomination and election procedures for a special election shall be the same as those of regularly scheduled school board elections. Individuals elected by special election shall serve until the next regularly scheduled school board election. Vacancies may occur due to the resignation, death, removal for cause, transfer, or disenrollment of a school board member’s child(ren) from the DoD DDESS arrangement.

(4) The board shall determine a schedule for regular elections. Parents shall have adequate notice of the time and place of the election. The election shall be by secret ballot. All votes must be cast in person at the time and place of the election. The candidate(s) receiving the greatest number of votes shall be elected as school board member(s).

(5) Each candidate for school board membership must be nominated in writing by at least one member of the electorate to be represented by the candidate. Votes may be cast at the time of election for write-in candidates who have not filed a nomination petition if the write-in candidates otherwise are qualified to serve in the positions sought.

(6) The election process shall provide staggered terms for board members; e.g., on the last day of the last month of each year, the term for some board members will expire.
(7) The DoD DDESS Superintendent, in consultation with the school board, shall be responsible for developing the plans for nominating school board members and conducting the school board election and the special election process. The DoD DDESS Superintendent shall announce election results within 7 working days of the election.

PART 70—DISCHARGE REVIEW BOARD (DRB) PROCEDURES AND STANDARDS

§ 70.3 Definitions.

(a) Applicant. A former member of the Armed Forces who has been discharged or dismissed administratively in accordance with Military Department regulations or by sentence of a court-martial (other than a general court-martial) and under statutory regulatory provisions whose application is accepted by the DRB concerned or whose case is heard on the DRB’s own motion. If the former member is deceased or incompetent, the term “applicant” includes the surviving spouse, next-of-kin, or legal representative who is acting on behalf of the former member. When the term “applicant” is used in §§70.8 through 70.10, it includes the applicant’s counsel or representative, except that the counsel or representative may not submit an application for review, waive the applicant’s right to be present at a hearing, or terminate a review without providing the DRB an appropriate power of attorney or other written consent of the applicant.

(b) Complainant. A former member of the Armed Forces (or the former member’s counsel) who submits a complaint under §70.10 with respect to the decisional document issued in the former member’s own case; or a former member of the Armed Forces (or the former member’s counsel) who submits a complaint under §70.10 stating that correction of the decisional document will assist the former member in preparing for an administrative or judicial proceeding in which the former member’s own discharge will be at issue.

(c) Counsel or Representative. An individual or agency designated by the applicant who agrees to represent the applicant in a case before the DRB. It includes, but is not limited to: a lawyer who is a member of the bar of a Federal court or of the highest court of a State; an accredited representative designated by an organization recognized...
§ 70.4 Responsibilities.

(a) The Secretaries of the Military Departments have the authority for final decision and the responsibility for the operation for their respective discharge review programs under 10 U.S.C. 1553.

(b) The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) (ASD(MRA&L)) shall:

1. Resolve all issues concerning DRBs that cannot be resolved among the Military Departments.

2. Ensure uniformity among the Military Departments in the rights afforded applicants in discharge reviews.

3. Modify or supplement the enclosures to this part.

4. Maintain the index of decisions and provide for timely modification of index categories to reflect changes in discharge review policies, procedures, and standards issued by the OSD and the Military Departments.

(c) The Secretary of the Army, as the designated administrative focal point for DRB matters, shall:

1. Effect necessary coordination with other governmental agencies regarding continuing applicability of this part and resolve administrative procedures relating thereto.

2. Review suggested modifications to this part, including implementing documents; monitor the implementing documents of the Military Departments; resolve differences, when practicable; recommend specific changes; provide supporting rationale to the ASD(MRA&L) for decision; and include appropriate documentation through the Office of the ASD(MRA&L) and the OSD Federal Register liaison officer to effect publication in the FEDERAL REGISTER.

3. Maintain the DD Form 293, “Application for Review of Discharge or Separation from the Armed Forces of the United States,” and republish as necessary with appropriate coordination of the other Military Departments and the Office of Management and Budget.
(4) Respond to all inquiries from private individuals, organizations, or public officials with regard to DRB matters. When the specific Military Service can be identified, refer such correspondence to the appropriate DRB for response or designate an appropriate activity to perform this task.

(5) Provide overall guidance and supervision to the Armed Forces Discharge Review/Correction Board Reading Room with staff augmentation, as required, by the Departments of the Navy and Air Force.

(6) Ensure that notice of the location, hours of operation, and similar types of information regarding the Reading Room is published in the Federal Register.

§ 70.5 Procedures.

(a) Discharge review procedures are prescribed in §70.8.

(b) Discharge Review Standards are prescribed in §70.9 and constitute the basic guidelines for the determination whether to grant or deny relief in a discharge review.

(c) Complaint Procedures about decisional documents are prescribed in §70.10.

§ 70.6 Information requirements.

(a) Reporting requirements. (1) The reporting requirement prescribed in §70.8(n) is assigned Report Control Symbol DD–M(SA)455.

(2) All reports must be consistent with DoD Directive 5000.11, “DoD Directive Manual for Standard Data Elements,” December 1981. Any reference to a date should appear as (YYMMDD), while any name entry should appear as (Last name, first name, middle initial).

(b) Use of standard data elements. The data requirements prescribed by this part shall be consistent with DoD Directive 5000.12–M, “DoD Manual for Standard Data Elements,” December 1981. Any reference to a date should appear as (YYMMDD), while any name entry should appear as (Last name, first name, middle initial).

§ 70.7 Effective date and implementation.

This part is effective immediately for the purpose of preparing implementing documents. DoD Directive 1332.28, March 29, 1978, is officially canceled, effective November 27, 1982. §70.10 applies to all complaint proceedings conducted on or after September 28, 1982. Final action on complaints shall not be taken until September 28, 1982, unless earlier corrective action is requested expressly by the applicant (or the applicant’s counsel) whose case is the subject of the decisional document. If earlier corrective action is requested, it shall be taken in accordance with §70.10.

§ 70.8 Discharge review procedures.

(a) Application for review—(1) General. Applications shall be submitted to the appropriate DRB on DD Form 293, “Application for Review of Discharge or Separation from the Armed Forces of the United States,” with such other statements, affidavits, or documentation as desired. It is to the applicant’s advantage to submit such documents with the application or within 60 days thereafter in order to permit a thorough screening of the case. The DD Form 293 is available at most DoD installations and regional offices of the Veterans Administration, or by writing to: DA Military Review Boards Agency, Attention: SFBA (Reading Room), Room 1E520, The Pentagon, Washington, DC 20310.

(2) Timing. A motion or request for review must be made within 15 years after the date of discharge or dismissal.

(3) Applicant’s responsibilities. An applicant may request a change in the character of or reason for discharge (or both).

(i) Character of discharge. Block 7 of DD Form 293 provides an applicant an opportunity to request a specific change in character of discharge (for example, General Discharge to Honorable Discharge; Other than Honorable Discharge to General or Honorable Discharge). Only a person separated on or after 1 October 1982 while in an entry level status may request a change from Other than Honorable Discharge to Entry Level Separation. A request for review from an applicant who does not have an Honorable Discharge shall be treated as a request for a change to another character of discharge.
§ 70.8 32 CFR Ch. I (7–1–02 Edition)

(i) Reason for discharge. Block 7 of DD Form 293 provides an applicant an opportunity to request a specific change in the reason for discharge. If an applicant does not request a specific change in the reason for discharge, the DRB shall presume that the request for review does not involve a request for change in the reason for discharge. Under its responsibility to examine the propriety and equity of an applicant’s discharge, the DRB shall change the reason for discharge if such a change is warranted.

(ii) The applicant must ensure that issues submitted to the DRB are consistent with the request for change in discharge set forth in block 7 of the DD Form 293. If an ambiguity is created by a difference between an applicant’s issue and the request in block 7, the DRB shall respond to the issue in the context of the action requested in block 7. In the case of a hearing, the DRB shall attempt to resolve the ambiguity under paragraph (a)(5) of this section.

(iv) The applicant must ensure that issues submitted to the DRB are consistent with the request for change in discharge set forth in block 7 of the DD Form 293. If an ambiguity is created by a difference between an applicant’s issue and the request in block 7, the DRB shall respond to the issue in the context of the action requested in block 7. In the case of a hearing, the DRB shall attempt to resolve the ambiguity under paragraph (a)(5) of this section.

(v) The applicant must ensure that issues submitted to the DRB are consistent with the request for change in discharge set forth in block 7 of the DD Form 293. If an ambiguity is created by a difference between an applicant’s issue and the request in block 7, the DRB shall respond to the issue in the context of the action requested in block 7. In the case of a hearing, the DRB shall attempt to resolve the ambiguity under paragraph (a)(5) of this section.

(b) Request for consideration of specific issues. An applicant may request the DRB to consider specific issues which, in the opinion of the applicant, form a basis for changing the character of or reason for discharge, or both. In addition to the guidance set forth in this section, applicants should consult the other sections in this part (particularly paragraphs (c), (d), and (e) of this section) and §§ 70.9 and 70.10 before submitting issues for consideration by the DRB.

(i) Submission of issues on DD Form 293. Issues must be provided to the DRB on DD Form 293 before the DRB closes the review process for deliberation.

(A) Issues must be clear and specific. An issue must be stated clearly and specifically in order to enable the DRB to understand the nature of the issue and its relationship to the applicant’s discharge.

(B) Separate listing of issues. Each issue submitted by an applicant should be listed separately. Submission of a separate statement for each issue provides the best means of ensuring that the full import of the issue is conveyed to the DRB.

(C) Use of DD Form 293. DD Form 293 provides applicants with a standard format for submitting issues to the DRB, and its use:

(1) Provides a means for an applicant to set forth clearly and specifically those matters that, in the opinion of the applicant, provide a basis for changing the discharge;

(2) Assists the DRB in focusing on those matters considered to be important by an applicant;

(3) Assists the DRB in distinguishing between a matter submitted by an applicant in the expectation that it will be treated as a decisional issue under paragraph (e) of this section, and those matters submitted simply as background or supporting materials;

(4) Provides the applicant with greater rights in the event that the applicant later submits a complaint under § 70.10(d)(1)(iii) concerning the decisional document;

(5) Reduces the potential for disagreement as to the content of an applicant’s issue.

(D) Incorporation by reference. If the applicant makes an additional written submission, such as a brief, in support of the application, the applicant may incorporate by reference specific issues set forth in the written submission in accordance with the guidance on DD Form 293. The reference shall be specific enough for the DRB to identify clearly the matter being submitted as an issue. At a minimum, it shall identify the page, paragraph, and sentence incorporated. Because it is to the applicant’s benefit to bring such issues to the DRB’s attention as early as possible in the review, applicants who submit a brief are strongly urged to set forth all such issues as a separate item at the beginning of the brief. If it reasonably appears that the applicant inadvertently has failed expressly to incorporate an issue which the applicant clearly identifies as an issue to be addressed by the DRB, the DRB shall respond to such an issue under paragraphs (d) and (e) of this section.

(E) Effective date of the new Form DD 293. With respect to applications received before November 27, 1982, the DRB shall consider issues clearly and specifically stated in accordance with the rules in effect at the time of submission. With respect to applications received on or after November 27, 1982,
if the applicant submits an obsolete DD Form 293, the DRB shall accept the application, but shall provide the applicant with a copy of the new form and advise the applicant that it will only respond to issues submitted on the new form in accordance with this part.

(ii) Relationship of issues to character of or reason for discharge. If the application applies to both character of and reason for discharge, the applicant is encouraged, but not required, to identify the issue as applying to the character of or reason for discharge (or both). Unless the issue is directed at the reason for discharge expressly or by necessary implication, the DRB will presume that it applies solely to the character of discharge.

(b) Relationship of issues to the standards for discharge review. The DRB reviews discharges on the basis of issues of propriety and equity. The standards used by the DRB are set forth in §70.9. The applicant is encouraged to review those standards before submitting any issue upon which the applicant believes a change in discharge should be based.

(A) Issues concerning the equity of the discharge. An issue of equity is a matter that involves a determination whether a discharge should by changed under the equity standards of §70.9. This includes any issue, submitted by the applicant in accordance with paragraph (a)(4)(i) of this section, that is addressed to the discretionary authority of the DRB.

(B) Issues concerning the propriety of a discharge. An issue of propriety is a matter that involves a determination whether a discharge should be changed under the propriety standards of §70.9. This includes an applicant’s issue, submitted in accordance with paragraph (a)(4)(i) of this section, in which the applicant’s position is that the discharge must be changed because of an error in the discharge pertaining to a regulation, statute, constitutional provision, or other source of law (including a matter that requires a determination whether, under the circumstances of the case, action by military authorities was arbitrary, capricious, or an abuse of discretion). Although a numerical reference to the regulation or other source of law alleged to have been violated is not necessarily required, the context of the regulation or a description of the procedures alleged to have been violated normally must be set forth in order to inform the DRB adequately of the basis for the applicant’s position.

(C) The applicant’s identification of an issue. The applicant is encouraged, but not required, to identify an issue as pertaining to the propriety or the equity to the discharge. This will assist the DRB in assessing the relationship of the issue to propriety or equity under paragraph (e)(1)(iii) of this section.

(iv) Citation of matter from decisions. The primary function of the DRB involves the exercise of discretion on a case-by-case basis. See §70.9(b)(3). Applicants are not required to cite prior decisions as the basis for a change in discharge. If the applicant wishes to bring the DRB’s attention to a prior decision as background or illustrative material, the citation should be placed in a brief or other supporting documents. If, however, it is the applicant’s intention to submit an issue that sets forth specific principles and facts from a specific cited decision, the following requirements apply with respect to applications received on or after November 27, 1982.

(A) The issue must be set forth or expressly incorporated in the “Applicant’s Issue” portion of DD Form 293.

(B) If an applicant’s issue cites a prior decision (of the DRB, another Board, an agency, or a court), the applicant shall describe the specific principles and facts that are contained in the prior decision and explain the relevance of cited matter to the applicant’s case.

(C) To ensure timely consideration of principles cited from unpublished opinions (including decisions maintained by the Armed Forces Discharge Review Board/Corrective Board Reading Room), applicants must provide the DRB with copies of such decisions or of the relevant portion of the treatise, manual, or similar source in which the principles were discussed. At the applicant’s request, such materials will be returned.

(D) If the applicant fails to comply with the requirements in paragraphs (a)(4)(iv) (A), (B), and (C), the
§ 70.8 Decisional document shall note the defect, and shall respond to the issue without regard to the citation.

(5) Identification by the DRB of issues submitted by an applicant. The applicant’s issues shall be identified in accordance with this section after a review of the materials noted under paragraph (c)(4), is made.

(i) Issues on DD Form 293. The DRB shall consider all items submitted as issues by an applicant on DD Form 293 (or incorporated therein) in accordance with paragraph (a)(4)(i). With respect to applications submitted before November 27, 1982, the DRB shall consider all issues clearly and specifically stated in accordance with the rules in effect at the time of the submission.

(ii) Amendment of issues. The DRB shall not request or instruct an applicant to amend or withdraw any matter submitted by the applicant. Any amendment or withdrawal of an issue by an applicant shall be confirmed in writing by the applicant. Nothing in this provision:

(A) Limits the DRB’s authority to question an applicant as to the meaning of such matter;

(B) Precludes the DRB from developing decisional issues based upon such questions;

(C) Prevents the applicant from amending or withdrawing such matter any time before the DRB closes the review process for deliberation; or

(D) Prevents the DRB from presenting an applicant with a list of proposed decisional issues and written information concerning the right of the applicant to add to, amend, or withdraw the applicant’s submission. The written information will state that the applicant’s decision to take such action (or decline to do so) will not be used against the applicant in the consideration of the case.

(iii) Additional issues identified during a hearing. The following additional procedure shall be used during a hearing in order to promote the DRB’s understanding of an applicant’s presentation. If, before closing the case for deliberation, the DRB believes that an applicant has presented an issue not listed on DD Form 293, the DRB may so inform the applicant, and the applicant may submit the issue in writing or add additional written issues at that time. This does not preclude the DRB from developing its own decisional issues.

(6) Notification of possible bar to benefits. Written notification shall be made to each applicant whose record indicates a reason for discharge that bars receipt of benefits under 38 U.S.C. 3103(a). This notification will advise the applicant that separate action by the Board for Correction of Military or Naval Records or the Veterans Administration may confer eligibility for VA benefits. Regarding the bar to benefits based upon the 180 days consecutive unauthorized absence, the following applies:

(i) Such absence must have been included as part of the basis for the applicant’s discharge under other than honorable conditions.

(ii) Such absence is computed without regard to the applicant’s normal or adjusted expiration of term of service.

(b) Conduct of reviews. (1) Members. As designated by the Secretary concerned, the DRB and its panels, if any, shall consist of five members. One member of the DRB shall be designated as the president and may serve as a presiding officer. Other officers may be designated to serve as presiding officers for DRB panels under regulations prescribed by the Secretary concerned.

(2) Locations. Reviews by a DRB will be conducted in the NCR and such other locations as designated by the Secretary concerned.

(3) Types of review. An applicant, upon request, is entitled to:

(i) Record review. A review of the application, available service records, and additional documents (if any) submitted by the applicant.

(ii) Hearing. A review involving an appearance before the DRB by the applicant or counsel or representative (or both).

(4) Applicant’s expenses. Unless otherwise specified by law or regulation, expenses incurred by the applicant, witnesses, counsel or representative will not be paid by the Department of Defense.

(5) Withdrawal of application. An applicant shall be permitted to withdraw an application without prejudice at any time before the scheduled review.
§ 70.8 Failure to appear at a hearing or respond to a scheduling notice. (i) Except as otherwise authorized by the Secretary concerned, further opportunity for a hearing shall not be made available in the following circumstances to an applicant who has requested a hearing:

(A) When the applicant has been sent a letter containing the month and location of a proposed hearing and fails to make a timely response; or

(B) When the applicant, after being notified by letter of the time and place of the hearing, fails to appear at the appointed time, either in person or by representative, without having made a prior, timely request for a continuance, postponement, or withdrawal.

(ii) In such cases, the applicant shall be deemed to have waived the right to a hearing, and the DRB shall complete its review of the discharge. Further request for a hearing shall not be granted unless the applicant can demonstrate that the failure to appear or respond was due to circumstances beyond the applicant’s control.

(7) Continuance and postponements. (i) A continuance of a discharge review hearing may be authorized by the president of the DRB or presiding officer of the panel concerned, provided that such continuance is of reasonable duration and is essential to achieving a full and fair hearing. When a proposal for continuance is indefinite, the pending application shall be returned to the applicant with the option to resubmit when the case is fully ready for review.

(ii) Postponements of scheduled reviews normally shall not be permitted other than for demonstrated good and sufficient reason set forth by the applicant in a timely manner, or for the convenience of the government.

(8) Reconsideration. A discharge review shall not be subject to reconsideration except:

(i) When the only previous consideration of the case was on the motion of the DRB;

(ii) When the original discharge review did not involve a hearing and a hearing is now desired, and the provisions of paragraph (b)(6) of this section do not apply;

(iii) When changes in discharge policy are announced after an earlier review of an applicant’s discharge, and the new policy is made expressly retroactive;

(iv) When the DRB determines that policies and procedures under which the applicant was discharged differ in material respects from policies and procedures currently applicable on a Service-wide basis to discharges of the type under consideration, provided that such changes in policies or procedures represent a substantial enhancement of the rights afforded a respondent in such proceedings;

(v) When an individual is to be represented by a counsel or representative, and was not so represented in any previous consideration of the case by the DRB;

(vi) When the case was not previously considered under uniform standards published pursuant to Pub. L. 95–126 and such application is made within 15 years after the date of discharge; or

(vii) On the basis of presentation of new, substantial, relevant evidence not available to the applicant at the time of the original review. The decision whether evidence offered by an applicant in support of a request for reconsideration is in fact new, substantial, relevant, and was not available to the applicant at the time of the original review will be based on a comparison of such evidence with the evidence considered in the previous discharge review. If this comparison shows that the evidence submitted would have had a probable effect on matters concerning the propriety or equity of the discharge, the request for reconsideration shall be granted.

(9) Availability of records and documents. (i) Before applying for discharge review, potential applicants or their designated representatives may obtain copies of their military personnel records by submitting a General Services Administration Standard Form 180, ‘’Request Pertaining to Military Records,’’ to the National Personnel Records Center (NPRC), 9700 Page Boulevard, St. Louis, MO 62132. Once the application for discharge review (DD Form 293) is submitted, an applicant’s military records are forwarded to the DRBs where they cannot be reproduced. Submission of a request for an applicant’s military records, including
a request under the Freedom of Information Act (32 CFR part 286) or Privacy Act (32 CFR part 286a) after the DD Form 293 has been submitted, shall result automatically in the temporary suspension of processing of the application for discharge review until the requested records are sent to an appropriate location for copying, are copied, and are returned to the headquarters of the DRB. Processing of the application shall then be resumed at whatever stage of the discharge review process is practicable. Applicants are encouraged to submit any request for their military records before applying for discharge review rather than after submitting DD Form 293, to avoid delays in processing of applications and scheduling of reviews. Applicants and their counsel also may examine their military personnel records at the site of their scheduled review before the hearing. DRBs shall notify applicants of the dates the records are available for examination in their standard scheduling information.

(ii) If the DRB is not authorized to provide copies of documents that are under the cognizance of another government department, office, or activity, applications for such information must be made by the applicant to the cognizant authority. The DRB shall advise the applicant of the mailing address of the government department, office, or activity to which the request should be submitted.

(iii) If the official records relevant to the discharge review are not available at the agency having custody of the records, the applicant shall be so notified and requested to provide such information and documents as may be desired in support of the request for discharge review. A period of not less than 30 days shall be allowed for such documents to be submitted. At the expiration of this period, the review may be conducted with information available to the DRB.

(iv) A DRB may take steps to obtain additional evidence that is relevant to the discharge under consideration beyond that found in the official military records or submitted by the applicant, if a review of available evidence suggests that it would be incomplete without the additional information, or when the applicant presents testimony or documents that require additional information to evaluate properly. Such information shall be made available to the applicant, upon request, with appropriate modifications regarding classified material.

(A) In any case heard on request of an applicant, the DRB shall provide the applicant and counsel or representative, if any, at a reasonable time before initiating the decision process, a notice of the availability of all regulations and documents to be considered in the discharge review, except for documents in the official personnel or medical records and any documents submitted by the applicant. The DRB shall also notify the applicant or counsel or representative:

(1) Of the right to examine such documents or to be provided with copies of the documents upon request;
(2) Of the date by which such requests must be received; and
(3) Of the opportunity to respond within a reasonable period of time to be set by the DRB.

(B) When necessary to acquaint the applicant with the substance of a classified document, the classifying authority, on the request of the DRB, shall prepare a summary of or an extract from the document, deleting all references to sources of information and other matters, the disclosure of which, in the opinion of the classifying authority, would be detrimental to the national security interests of the United States. Should preparation of such summary be deemed impracticable by the classifying authority, information from the classified sources shall not be considered by the DRB in its review of the case.

(v) Regulations of a Military Department may be obtained at many installations under the jurisdiction of the Military Department concerned or by writing to the following address: DA Military Review Boards Agency, Attention: SFBA (Reading Room), room 1E520, Washington, DC 20310.

(10) Recorder/Secretary or Assistant. Such a person shall be designated to assist in the functioning of each DRB in accordance with the procedures prescribed by the Secretary of the Military Department concerned.
(11) **Hearings.** Hearings (including hearing examinations) that are conducted shall recognize the rights of the individual to privacy. Accordingly, presence at hearings of individuals other than those required shall be limited to persons authorized by the Secretary concerned or expressly requested by the applicant, subject to reasonable limitations based upon available space. If, in the opinion of the presiding officer, the presence of other individuals could be prejudicial to the interests of the applicant or the government, hearings may be held in closed session.

(12) **Evidence and testimony.** (i) The DRB may consider any evidence obtained in accordance with this part. (ii) Formal rules of evidence shall not be applied in DRB proceedings. The presiding officer shall rule on matters of procedure and shall ensure that reasonable bounds of relevancy and materiality are maintained in the taking of evidence and presentation of witnesses. (iii) Applicants undergoing hearings shall be permitted to make sworn or unsworn statements, if they so desire, or to introduce witnesses, documents, or other information on their behalf, at no expense to the Department of Defense. (iv) Applicants may also make oral or written arguments personally or through counsel or representatives. (v) Applicants who present sworn or unsworn statements and witnesses may be questioned by the DRB. All testimony shall be taken under oath or affirmation unless the applicant specifically requests to make an unsworn statement. (vi) There is a presumption of regularity in the conduct of governmental affairs. This presumption can be applied in any review unless there is substantial credible evidence to rebut the presumption.

(c) **Decision process.** (1) The DRB or the DRB panel, as appropriate, shall meet in plenary session to review discharges and exercise its discretion on a case-by-case basis in applying the standards set forth in §70.9. (2) The presiding officer is responsible for the conduct of the discharge review. The presiding officer shall convene, recess, and adjourn the DRB panel as appropriate and shall maintain an atmosphere of dignity and decorum at all times.

(3) Each DRB member shall act under oath or affirmation requiring careful, objective consideration of the application. DRB members are responsible for eliciting all facts necessary for a full and fair hearing. They shall consider all information presented to them by the applicant. In addition, they shall consider available Military Service and health records, together with other records that may be in the files of the Military Department concerned and relevant to the issues before the DRB, and any other evidence obtained in accordance with this part.

(4) The DRB shall identify and address issues after a review of the following material obtained and presented in accordance with this part and the implementing instructions of the DRB: Available official records, documentary evidence submitted by or on behalf of an applicant, presentation of a hearing examination, testimony by or on behalf of an applicant, oral or written arguments presented by or on behalf of an applicant, and any other relevant evidence.

(5) If an applicant who has requested a hearing does not respond to a notification letter or does not appear for a scheduled hearing, the DRB may complete the review on the basis of material previously submitted.

(6) **Application of standards.** (i) When a DRB determines that an applicant’s discharge was improper (§70.9(b)), the DRB will determine which reason for discharge should have been assigned based upon the facts and circumstances before the discharge authority, including the Service regulations governing reasons for discharge at the time the applicant was discharged. Unless it is also determined that the discharge was inequitable (§70.9(c)), the provisions as to characterization in the regulation under which the applicant should have been discharged will be considered in determining whether further relief is warranted. (ii) When the DRB determines that an applicant’s discharge was inequitable (see §70.9(c)), any change will be
§ 70.8

32 CFR Ch. I (7–1–02 Edition)

based on the evaluation of the applicant’s overall record of service and relevant regulations of the Military Service of which the applicant was a member.

(7) Voting shall be conducted in closed session, a majority of the five members’ votes constituting the DRB decision. Voting procedures shall be prescribed by the Secretary of the Military Department concerned.

(8) Details of closed session deliberations of a DRB are privileged information and shall not be divulged.

(9) There is no requirement for a statement of minority views in the event of a split vote. The minority, however, may submit a brief statement of its views under procedures established by the Secretary concerned.

(10) DRBs may request advisory opinions from staff officers of their Military Departments. These opinions are advisory in nature and are not binding on the DRB in its decision-making process.

(11) The preliminary determinations required by 38 U.S.C. 3103(e) shall be made upon majority vote of the DRB concerned on an expedited basis. Such determination shall be based upon the standards set forth in § 70.9 of this part.

(12) The DRB shall: (i) Address items submitted as issues by the applicant under paragraph (d) of this section; (ii) Address decisional issues under paragraph (e) of this section; and (iii) Prepare a decisional document in accordance with paragraph (h) of this section.

(d) Response to items submitted as issues by the applicant—(1) General guidance. (i) If an issue submitted by an applicant contains two or more clearly separate issues, the DRB should respond to each issue under the guidance of this paragraph as if it had been set forth separately by the applicant.

(ii) If an applicant uses a “building block” approach (that is, setting forth a series of conclusions on issues that lead to a single conclusion purportedly warranting a change in the applicant’s discharge), normally there should be a separate response to each issue.

(iii) Nothing in this paragraph precludes the DRB from making a single response to multiple issues when such action would enhance the clarity of the decisional document, but such response must reflect an adequate response to each separate issue.

(2) Decisional issues. An item submitted as an issue by an applicant in accordance with this part shall be addressed as a decisional issue under paragraph (e), in the following circumstances:

(i) When the DRB decides that a change in discharge should be granted, and the DRB bases its decision in whole or in part on the applicant’s issue; or

(ii) When the DRB does not provide the applicant with the full change in discharge requested, and the decision is based in whole or in part on the DRB’s disagreement on the merits with an issue submitted by the applicant.

(3) Response to items not addressed as decisional issues. (i) If the applicant receives the full change in discharge requested (or a more favorable change), that fact shall be noted and the basis shall be addressed as a decisional issue. No further response is required to other issues submitted by the applicant.

(ii) If the applicant does not receive the full change in discharge requested with respect to either the character of or reason for discharge (or both), the DRB shall address the items submitted by the applicant under paragraph (e) of this section (decisional issues) unless one of the following responses is applicable:

(A) Duplicate issues. The DRB may state that there is a full response to the issue submitted by the applicant under a specified decisional issue. This response may be used only when one issue clearly duplicates another or the issue clearly requires discussion in conjunction with another issue.

(B) Citations without principles and facts. The DRB may state that the applicant’s issue, which consists of a citation to a decision without setting forth any principles and facts from the decision that the applicant states are relevant to the applicant’s case, does not comply with the requirements of paragraph (a)(4)(iv)(A).
Office of the Secretary of Defense § 70.8

(C) Unclear issues. The DRB may state that it cannot respond to an item submitted by the applicant as an issue because the meaning of the item is unclear. An issue is unclear if it cannot be understood by a reasonable person familiar with the discharge review process after a review of the materials considered under paragraph (c)(4) of this section.

(D) Nonspecific issues. The DRB may state that it cannot respond to an item submitted by the applicant as an issue because it is not specific. A submission is considered not specific if a reasonable person familiar with the discharge review process after a review of the materials considered under paragraph (c)(4) of this section, cannot determine the relationship between the applicant’s submission and the particular circumstances of the case. This response may be used only if the submission is expressed in such general terms that no other response is applicable. For example, if the DRB disagrees with the applicant as to the relevance of matters set forth in the submission, the DRB normally will set forth the nature of the disagreement under the guidance in paragraph (e) of this section, with respect to decisional issues, or it will reject the applicant’s position on the basis of paragraphs (d)(3)(i)(A) or (d)(3)(i)(B) of this section. If the applicant’s submission is so general that none of those provisions is applicable, then the DRB may state that it cannot respond because the item is not specific.

(e) Decisional issues. (1) General. Under the guidance in this section, the decisional document shall discuss the issues that provide a basis for the decision whether there should be a change in the character of or reason for discharge. In order to enhance clarity, the DRB should not address matters other than issues relied upon in the decision or raised by the applicant.

(i) Partial change. When the decision changes a discharge, but does not provide the applicant with the full change in discharge requested, the decisional document shall address both the issues upon which change is granted and the issues upon which the DRB denies the full change requested.

(ii) Relationship of issue to character of or reason for discharge. Generally, the decisional document should specify whether a decisional issue applies to the character of or reason for discharge (or both), but it is not required to do so.

(iii) Relationship of an issue to propriety or equity. (A) If an applicant identifies an issue as pertaining to both propriety and equity, the DRB will consider it under both standards.

(B) If an applicant identifies an issue as pertaining to the propriety of the discharge (for example, by citing a propriety standard or otherwise claiming that a change in discharge is required as a matter of law), the DRB shall consider the issue solely as a matter of propriety. Except as provided in paragraph (e)(1)(ii)(D) of this section, the DRB is not required to consider such an issue under the equity standards.

(C) If the applicant’s issue contends that the DRB is required as a matter of law to follow a prior decision by setting forth an issue of propriety from the prior decision and describing its relationship to the applicant’s case, the issue shall be considered under the propriety standards and addressed under paragraph (e)(2) or (e)(3) of this section.

(D) If the applicant’s issue sets forth principles of equity contained in a prior DRB decision, describes the relationship to the applicant’s case, and contends that the DRB is required as a matter of law to follow the prior case, the decisional document shall note that the DRB is not bound by its discretionary decisions in prior cases under the standards in §70.9. However, the principles cited by the applicant, and the description of the relationship of the principles to the applicant’s case, shall be considered under the equity standards and addressed under paragraph (e)(5) or (e)(6) of this section.

(E) If the applicant’s issue cannot be identified as a matter of propriety or equity, the DRB shall address it as an issue of equity.

(2) Change of discharge: issues of propriety. If a change in the discharge is warranted under the propriety standards in §70.9 the decisional document shall state that conclusion and list the errors of expressly retroactive changes in policy that provide a basis for the
Conclusion. The decisional document shall cite the facts in the record that demonstrate the relevance of the error or change in policy to the applicant's case. If the change in discharge does not constitute the full change requested by the applicant, the reasons for not granting the full change shall be addressed under the guidance in paragraph (e)(3) or (e)(6) of this section.

(3) Denial of the full change requested: issues of propriety. (i) If the decision rejects the applicant's position on an issue of propriety, or if it is otherwise decided on the basis of an issue of propriety that the full change in discharge requested by the applicant is not warranted, the decisional document shall note that conclusion.

(ii) The decisional document shall list reasons for its conclusion on each issue of propriety under the following guidance:

(A) If a reason is based in whole or in part upon a regulation, statute, constitutional provision, judicial determination, or other source of law, the DRB shall cite the pertinent source of law and the facts in the record that demonstrate the relevance of the source of law to the particular circumstances in the case.

(B) If a reason is based in whole or in part on a determination as to the occurrence or nonoccurrence of an event or circumstance, including a factor required by applicable Service regulations to be considered for determination of the character of and reason for the applicant's discharge, the DRB shall make a finding of fact for each such event or circumstance.

(1) For each such finding, the decisional document shall list the specific source of the information relied upon. This may include the presumption of regularity in appropriate cases. If the information is listed in the service record section of the decisional document, a citation is not required.

(2) If a finding of fact is made after consideration of contradictory evidence in the record (including information cited by the applicant or otherwise identified by members of the DRB), the decisional document shall set forth the conflicting evidence and explain why the information relied upon was more persuasive than the information that was rejected. If the presumption of regularity is cited as the basis for rejecting such information, the decisional document shall set forth the basis for relying on the presumption of regularity and explain why the contradictory evidence was insufficient to overcome the presumption. In an appropriate case, the explanation as to why the contradictory evidence was insufficient to overcome the presumption of regularity may consist of a statement that the applicant failed to provide sufficient corroborating evidence, or that the DRB did not find the applicant's testimony to be sufficiently credible to overcome the presumption.

(C) If the DRB disagrees with the position of the applicant on an issue of propriety, the following guidance applies in addition to the guidance in paragraphs (e)(3)(ii) (A) and (B) of this section:

(1) The DRB may reject the applicant's position by explaining why it disagrees with the principles set forth in the applicant's issue (including principles derived from cases cited by the applicant in accordance with paragraph (e)(4)(iv) of this section).

(2) The DRB may reject the applicant's position by explaining why the principles set forth in the applicant's issue (including principles derived from cases cited by the applicant in accordance with paragraph (a)(4)(iv) of this section) are not relevant to the applicant's case.

(3) The DRB may reject an applicant's position by stating that the applicant's issue of propriety is not a matter upon which the DRB grants a change in discharge, and by providing an explanation for this position. When the applicant indicates that the issue is to be considered in conjunction with one or more other specified issues, the explanation will address all such specified issues.

(4) The DRB may reject the applicant's position on the grounds that other specified factors in the case preclude granting relief, regardless of whether the DRB agreed with the applicant's position.
(5) If the applicant takes the position that the discharge must be changed because of an alleged error in a record associated with the discharge, and the record has not been corrected by the organization with primary responsibility for corrective action, the DRB may respond that it will presume the validity of the record in the absence of such corrective action. If the organization empowered to correct the record is within the Department of Defense, the DRB should provide the applicant with a brief description of the procedures for requesting correction of the record. If the DRB on its own motion cites this issue as a decisional issue on the basis of equity, it shall address the issue under paragraph (d)(5) or (d)(6) of this section.

(6) When an applicant’s issue contains a general allegation that a certain course of action violated his or her constitutional rights, the DRB may respond in appropriate cases by noting that the action was consistent with statutory or regulatory authority, and by citing the presumption of constitutionality that attaches to statutes and regulations. If, on the other hand, the applicant makes a specific challenge to the constitutionality of the action by challenging the application of a statute or regulation in a particular set of circumstances, it is not sufficient to respond solely by citing the presumption of constitutionality of the statute or regulation when the applicant is not challenging the constitutionality of the statute or regulation. Instead, the response must address the specific circumstances of the case.

(4) Denial of the full change in discharge requested when propriety is not at issue. If the applicant has not submitted an issue of propriety and the DRB has not otherwise relied upon an issue of propriety to change the discharge, the decisional document shall contain a statement to that effect. The DRB is not required to provide any further discussion as to the propriety of the discharge.

(5) Change of discharge: issues of equity. If the DRB concludes that a change in the discharge is warranted under the equity standards in §70.9 the decisional document shall list each issue of equity upon which this conclusion is based. The DRB shall cite the facts in the record that demonstrate the relevance of the issue to the applicant’s case. If the change in discharge does not constitute the full change requested by the applicant, the reasons for not giving the full change requested shall be discussed under the guidance in paragraph (e)(6) of this section.

(6) Denial of the full change in discharge requested: issues of equity. (i) If the DRB rejects the applicant’s position on an issue of equity, or if the decision otherwise provides less than the full change in discharge requested by the applicant, the decisional document shall note that conclusion.

(ii) The DRB shall list reasons for its conclusion on each issue of equity under the following guidance:

(A) If a reason is based in whole or in part upon a regulation, statute, constitutional provision, judicial determination, or other source of law, the DRB shall cite the pertinent source of law and the facts in the record that demonstrate the relevance of the source of law to the exercise of discretion on the issue of equity in the applicant’s case.

(B) If a reason is based in whole or in part on a determination as to the occurrence or nonoccurrence of an event or circumstance, including a factor required by applicable Service regulations to be considered for determination of the character of and reason for the applicant’s discharge, the DRB shall make a finding of fact for each such event or circumstance.

(1) For each such finding, the decisional document shall list the specific source of the information relied upon. This may include the presumption of regularity in appropriate cases. If the information is listed in the service record section of the decisional document, a citation is not required.

(2) If a finding of fact is made after consideration of contradictory evidence in the record (including information cited by the applicant or otherwise identified by members of the DRB), the decisional document shall set forth the conflicting evidence and explain why the information relied upon was more persuasive than the information that was rejected. If the presumption of regularity is cited as the
basis for rejecting such information, the decisional document shall set forth the basis for relying on the presumption of regularity and explain why the contradictory evidence was insufficient to overcome the presumption. In an appropriate case, the explanation as to why the contradictory evidence was insufficient to overcome the presumption of regularity may consist of a statement that the applicant failed to provide sufficient corroborating evidence, or that the DRB did not find the applicant's testimony to be sufficiently credible to overcome the presumption.

(C) If the DRB disagrees with the position of the applicant on an issue of equity, the following guidance applies in addition to the guidance in paragraphs (e)(6)(ii) (A) and (B) of this section:

(1) The DRB may reject the applicant's position by explaining why it disagrees with the principles set forth in the applicant's issue (including principles derived from cases cited by the applicant in accordance with paragraph (a)(4)(iv) of this section).

(2) The DRB may reject the applicant's position by explaining why the principles set forth in the applicant's issue (including principles derived from cases cited by the applicant) are not relevant to the applicant's case.

(3) The DRB may reject an applicant's position by explaining why the applicant's issue is not a matter upon which the DRB grants a change in discharge as a matter of equity. When the applicant indicates that the issue is to be considered in conjunction with other specified issues, the explanation will address all such specified issues.

(4) The DRB may reject the applicant's position on the grounds that other specified factors in the case preclude granting relief, regardless of whether the DRB agreed with the applicant's position.

(5) If the applicant takes the position that the discharge should be changed as a matter of equity because of an alleged error in a record associated with the discharge, and the record has not been corrected by the organization with primary responsibility for corrective action, the DRB may respond that it will presume the validity of the record in the absence of such corrective action. However, the DRB will consider whether it should exercise its equitable powers to change the discharge on the basis of the alleged error. If it declines to do so, it shall explain why the applicant's position did not provide a sufficient basis for the change in the discharge requested by the applicant.

(D) When the DRB concludes that aggravating factors outweigh mitigating factors, the DRB must set forth reasons such as the seriousness of the offense, specific circumstances surrounding the offense, number of offenses, lack of mitigating circumstances, or similar factors. The DRB is not required, however, to explain why it relied on any such factors unless the applicability or weight of such a factor is expressly raised as an issue by the applicant.

(E) If the applicant has not submitted any issues and the DRB has not otherwise relied upon an issue of equity for a change in discharge, the decisional document shall contain a statement to that effect, and shall note that the major factors upon which the discharge was based are set forth in the service record portion of the decisional document.

(f) The recommendation of the DRB

President—(1) General. The president of the DRB may forward cases for consideration by the Secretarial Reviewing Authority (SRA) under rules established by the Secretary concerned. There is no requirement that the President submit a recommendation when a case is forwarded to the SRA. If the president makes a recommendation with respect to the character of or reason for discharge, however, the recommendation shall be prepared under the guidance in paragraph (f)(2) of this section.

(2) Format for recommendation. If a recommendation is provided, it shall contain the president's views whether there should be a change in the character of or reason for discharge (or both). If the president recommends such a change, the particular change to be made shall be specified. The recommendation shall set forth the president's position on decisional issues and issues submitted by the applicant under the following guidance:
§ 70.8

(i) Adoption of the DRB’s decisional document. The recommendation may state that the president has adopted the decisional document prepared by the majority. The president shall ensure that the decisional document meets the requirements of this section.

(ii) Adoption of the specific statements from the majority. If the President adopts the views of the majority only in part, the recommendation shall cite the specific matter adopted from the majority. If the president modifies a statement submitted by the majority, the recommendation shall set forth the modification.

(iii) Response to issues not included in matter adopted from the majority. The recommendation shall set forth the following if not adopted in whole or in part from the majority:

(A) The issues on which the president’s recommendation is based. Each such decisional issue shall be addressed by the president under paragraph (e) of this section.

(B) The president’s response to items submitted as issues by the applicant under paragraph (d) of this section.

(C) Reasons for rejecting the conclusions of the majority with respect to decisional issues which, if resolved in the applicant’s favor, would have resulted in greater relief for the applicant than that afforded by the president’s recommendation. Such issues shall be addressed under the principles in paragraph (e) of this section.

(iii) The Addendum of the SRA. The decision of the SRA shall be in writing and shall be appended as an addendum to the decisional document under the guidance in this subsection.

(A) The SRA’s decision. The addendum shall set forth the SRA’s decision whether there will be a change in the character of or reason for discharge (or both); if the SRA concludes that a change is warranted, the particular change to be made shall be specified. If the SRA adopts the decision recommended by the DRB or the DRB president, the decisional document
§ 70.8 shall contain a reference to the matter adopted.

(ii) Discussion of issues. In support of the SRA’s decision, the addendum shall set forth the SRA’s position on decisional issues, items submitted as issues by an applicant in accordance with paragraph (a)(4)(i) of this section, and issues raised by the DRB and the DRB president in accordance with the following guidance:

(A) Adoption of the DRB president’s recommendation. The addendum may state that the SRA has adopted the DRB president’s recommendation.

(B) Adoption of the DRB’s proposed decisional document. The addendum may state that the SRA has adopted the proposed decisional document prepared by the DRB.

(C) Adoption of specific statements from the majority or the DRB president. If the SRA adopts the views of the DRB or the DRB president only in part, the addendum shall cite the specific statements adopted. If the SRA modifies a statement submitted by the DRB or the DRB president, the addendum shall set forth the modification.

(D) Response to issues not included in matter adopted from the DRB or the DRB president. The addendum shall set forth the following if not adopted in whole or in part from the DRB or the DRB president:

(1) A list of the issues on which the SRA’s decision is based. Each such decisional issue shall be addressed by the SRA under paragraph (e) of this section. This includes reasons for rejecting the conclusion of the DRB or the DRB president with respect to decisional issues which, if resolved in the applicant’s favor, would have resulted in change to the discharge more favorable to the applicant than that afforded by the SRA’s decision. Such issues shall be addressed under the principles in paragraph (e) of this section.

(2) The SRA’s response to items submitted as issues by the applicant under paragraph (d) of this section.

(iii) Response to the rebuttal. (A) If the SRA grants the full change in discharge requested by the applicant (or a more favorable change), that fact shall be noted, the decisional issues shall be addressed under paragraph (e) of this section, and no further response to the rebuttal is required.

(B) If the SRA does not grant the full change in discharge requested by the applicant (or a more favorable change), the addendum shall list each issue in rebuttal submitted by an applicant in accordance with this section, and shall set forth the response of the SRA under the following guidance:

(1) If the SRA rejects an issue in rebuttal, the SRA may respond in accordance with the principles in paragraph (e) of this section.

(2) If the matter adopted by the SRA provides a basis for the SRA’s rejection of the rebuttal material, the SRA may note that fact and cite the specific matter adopted that responds to the issue in rebuttal.

(3) If the matter submitted by the applicant does not meet the requirements for rebuttal material in paragraph (b)(2)(ii)(B) of this section.

(iv) Index entries. Appropriate index entries shall be prepared for the SRA’s actions for matters that are not adopted from the DRB’s proposed decisional document.

(h) The decisional document. A decisional document shall be prepared for each review. At a minimum, this document shall contain:

(1) The circumstances and character of the applicant’s service as extracted from available service records, including health records, and information provided by other Government authorities or the applicant, such as, but not limited to:

(6) A list of the items submitted as issues on DD Form 293 or expressly incorporated therein and such other items submitted as issues by the applicant that are identified as inadvertently omitted by the applicant under paragraph (a)(4)(i)(D) of this section. If the issues are listed verbatim on DD Form 293, a copy of the relevant portion of the Form may be attached. Issues that have been withdrawn or modified with the consent of the applicant need not be listed.

(7) The response to the items submitted as issues by the applicant under the guidance in paragraph (d) of this section.

(8) A list of decisional issues and a discussion of such issues under the guidance in paragraph (e) of this section.

(11) The addendum of the SRA when required by paragraph (g) of this section.

(12) Advisory opinions, including those containing factual information, when such opinions have been relied upon for final decision or have been accepted as a basis for rejecting any of the applicant's issues. Such advisory opinions or relevant portions thereof that are not fully set forth in the discussion of decisional issues or otherwise in response to items submitted as issues by the application shall be incorporated by reference. A copy of opinions incorporated by reference shall be appended to the decision and included in the record of proceedings.

(13) A record of the voting, including:

(i) The number of votes for the DRB's decision and the number of votes in the minority, if any.

(14) Index entries for each decisional issue under appropriate categories listed in the index of decisions.

(15) An authentication of the document by an appropriate official.

(1) Issuance of decisions following discharge review. The applicant and counsel or representative, if any, shall be provided with a copy of the decisional document and of any further action in review. The applicant (and counsel, if any) shall be notified of the availability of the complaint process under §70.10. Final notification of decisions shall be issued to the applicant with a copy to the counsel or representative, if any, and to the Military Service concerned.

(2) Notification to applicants, with copies to counsel or representatives, shall normally be made through the U.S. Postal Service. Such notification shall consist of a notification of decision, together with a copy of the decisional document.

(3) Actions on review by superior authority, when occurring, shall be provided to the applicant and counsel or...
§ 70.8

representative in the same manner as the notification of the review decision.

(j) Record of DRB proceedings. (1) When the proceedings in any review have been concluded, a record thereof will be prepared. Records may include written records, electromagnetic records, videotape recordings, or a combination thereof.

(2) At a minimum, the record will include the following:

(i) The application for review;

(ii) A record of the testimony in verbatim, summarized, or recorded form at the option of the DRB concerned;

(iii) Documentary evidence or copies thereof, considered by the DRB other than the Military Service record;

(iv) Briefs and arguments submitted by or on behalf of the applicant;

(v) Advisory opinions considered by the DRB, if any;

(vi) The findings, conclusions, and reasons developed by the DRB;

(vii) Notification of the DRB’s decision to the cognizant custodian of the applicant’s records, or reference to the notification document;

(viii) Minority reports, if any;

(ix) A copy of the decisional document.

(k) Final disposition of the Record of Proceedings. The original record of proceedings and all appendices thereto shall in all cases be incorporated in the Military Service record of the applicant and the Military Service record shall be returned to the custody of the appropriate records holding facility. If a portion of the original record of the proceedings cannot be stored with the Military Service record, the Military Service record shall contain a notation as to the place where the record is stored. Other copies shall be filed and disposed of in accordance with appropriate Military Service regulations.

(l) Availability of Discharge Review Board documents for inspection and copying. (1) A copy of the decisional document prepared in accordance with paragraph (d) of this section shall be made available for public inspection and copying promptly after a notice of final decision is sent to the applicant.

(2) To prevent a clearly unwarranted invasion of personal privacy, identifying details of the applicant and other persons will be deleted from documents made available for public inspection and copying.

(i) Names, addresses, social security numbers, and Military Service numbers must be deleted. Written justification shall be made for all other deletions and shall be available for public inspection.

(ii) Each DRB shall ensure that there is a means for relating a decisional document number to the name of the applicant to permit retrieval of the applicant’s records when required in processing a complaint under §70.10.

(3) Any other privileged or classified material contained in or appended to any documents required by this part to be furnished the applicant and counsel or representative or made available for public inspection and copying may be deleted therefrom only if a written statement of the basis for the deletions is provided the applicant and counsel or representative and made available for public inspection. It is not intended that the statement be so detailed as to reveal the nature of the withheld material.

(4) DRB documents made available for public inspection and copying shall be located in the Armed Forces Discharge Review/Correction Board Reading Room. The documents shall be indexed in a usable and concise form so as to enable the public, and those who represent applicants before the DRBs, to isolate from all these decisions that are indexed, those cases that may be similar to an applicant’s case and that indicate the circumstances under or reasons for (or both) which the DRB or the Secretary concerned granted or denied relief.

(i) The reading file index shall include, in addition to any other items determined by the DRB, the case number, the date, character of, reason and authority for the discharge. It shall also include the decisions of the DRB and reviewing authority, if any, and the issues addressed in the statement of findings, conclusions, and reasons.

(ii) The index shall be maintained at selected permanent locations throughout the United States. This ensures reasonable availability to applicants at least 30 days before a traveling panel review. A list of these locations shall be published in the Federal Register.
by the Department of the Army. The index shall also be made available at sites selected for traveling panels or hearing examinations for such periods as the DRB or a hearing examiner is present and in operation. An applicant who has requested a traveling panel review or a hearing examination shall be advised in the notice of such review of the permanent index locations.

(iii) The Armed Forces Discharge Review/Correction Board Reading Room shall publish indexes quarterly for all DRBs. All DRBs shall be responsible for timely submission to the Reading Room of individual case information required for update of the indexes. In addition, all DRBs shall be responsible for submission of new index categories based upon published changes in policy, procedures, or standards. These indexes shall be available for public inspection or purchase (or both) at the Reading Room. When the DRB has accepted an application, information concerning the availability of the index shall be provided in the DRB’s response to the application.

(iv) Copies of decisional documents will be provided to individuals or organizations outside the NCR in response to written requests for such documents. Although the Reading Room shall try to make timely responses to such requests, certain factors such as the length of a request, the volume of other pending requests, and the impact of other responsibilities of the staff assigned to such duties may cause some delays. A fee may be charged for such documents under appropriate DoD and Department of the Army directives and regulations. The manual that accompanies the index of decisions shall notify the public that if an applicant indicates that a review is scheduled for a specific date, an effort will be made to provide requested decisional documents before that date. The individual or organization will be advised if that cannot be accomplished.

(v) Correspondence relating to matters under the cognizance of the Reading Room (including requests for purchase of indexes) shall be addressed to: DA Military Review Boards Agency, Attention: SFBA (Reading Room), Room 1E520, The Pentagon, Washington, DC 20310.

(m) Privacy Act information. Information protected under the Privacy Act is involved in the discharge review functions. The provisions of part 236a of this title shall be observed throughout the processing of a request for review of discharge or dismissal.

(n) Information requirement. Each Military Department shall provide the Deputy Assistant Secretary of Defense (Military Personnel and Force Management) DASD (MP&FM), Office of the ASD (MRA&L), with a semiannual report of discharge review actions in accordance with §70.11.

§70.9 Discharge review standards.

(a) Objective of review. The objective of a discharge review is to examine the propriety and equity of the applicant’s discharge and to effect changes, if necessary. The standards of review and the underlying factors that aid in determining whether the standards are met shall be historically consistent with criteria for determining honorable service. No factors shall be established that require automatic change or denial of a change in discharge. Neither a DRB nor the Secretary of the Military Department concerned shall be bound by any methodology of weighting of the factors in reaching a determination. In each case, the DRB or the Secretary of the Military Department concerned shall give full, fair, and impartial considerations to all applicable factors before reaching a decision. An applicant may not receive a less favorable discharge than that issued at the time of separation. This does not preclude correction of clerical errors.

(b) Propriety. (1) A discharge shall be deemed proper unless, in the course of discharge review, it is determined that:

(i) There exists an error of fact, law, procedure, or discretion associated with the discharge at the time of issuance; and that the rights of the applicant were prejudiced thereby (such error shall constitute prejudicial error if there is substantial doubt that the discharge would have remained the same if the error had not been made); or

(ii) A change in policy by the Military Service of which the applicant was
a member, made expressly retroactive to the type of discharge under consideration, requires a change in the discharge.

(2) When a record associated with the discharge at the time of issuance involves a matter in which the primary responsibility for corrective action rests with another organization (for example, another Board, agency, or court), the DRB will recognize an error only to the extent that the error has been corrected by the organization with primary responsibility for correcting the record.

(3) The primary function of the DRB is to exercise its discretion on issues of equity by reviewing the individual merits of each application on a case-by-case basis. Prior decisions in which the DRB exercised its discretion to change a discharge based on issues of equity (including the factors cited in such decisions or the weight given to factors in such decisions) do not bind the DRB in its review of subsequent cases because no two cases present the same issues of equity.

(4) The following applies to applicants who received less than fully Honorable administrative discharges because of their civilian misconduct while in an inactive reserve component and who were discharged or had their discharge reviewed on or after April 20, 1971: the DRB shall either recharacterize the discharge to Honorable without any additional proceedings or additional proceedings shall be conducted in accordance with the Court’s Order of December 3, 1981, in Wood v. Secretary of Defense to determine whether proper grounds exist for the issuance of a less than Honorable discharge, taking into account that:

(i) An Other than Honorable (formerly undesirable) Discharge for an inactive reservist can only be based upon civilian misconduct found to have affected directly the performance of military duties;

(ii) A General Discharge for an inactive reservist can only be based upon civilian misconduct found to have had an adverse impact on the overall effectiveness of the military, including military morale and efficiency.

(c) Equity. A discharge shall be deemed to be equitable unless:

(1) In the course of a discharge review, it is determined that the policies and procedures under which the applicant was discharged differ in material respects from policies and procedures currently applicable on a Service-wide basis to discharges of the type under consideration provided that:

(i) Current policies or procedures represent a substantial enhancement of the rights afforded a respondent in such proceedings; and

(ii) There is substantial doubt that the applicant would have received the same discharge if relevant current policies and procedures had been available to the applicant at the time of the discharge proceedings under consideration.

(2) At the time of issuance, the discharge was inconsistent with standards of discipline in the Military Service of which the applicant was a member.

(3) In the course of a discharge review, it is determined that relief is warranted based upon consideration of the applicant’s service record and other evidence presented to the DRB viewed in conjunction with the factors listed in this section and the regulations under which the applicant was discharged, even though the discharge was determined to have been otherwise equitable and proper at the time of issuance. Areas of consideration include, but are not limited to:

(i) Quality of service, as evidenced by factors such as:

(A) Service history, including date of enlistment, period of enlistment, highest rank achieved, conduct or efficiency ratings (numerical or narrative);

(B) Awards and decorations;

(C) Letters of commendation or reprimand;

(D) Combat service;

(E) Wounds received in action;

(F) Records of promotions and demotions;

(G) Level of responsibility at which the applicant served;

(H) Other acts of merit that may not have resulted in a formal recognition through an award or commendation;

(i) Length of service during the service period which is the subject of the discharge review;
Office of the Secretary of Defense

§ 70.10

(J) Prior military service and type of discharge received or outstanding postservice conduct to the extent that such matters provide a basis for a more thorough understanding of the performance of the applicant during the period of service which is the subject of the discharge review;

(K) Convictions by court-martial;

(L) Records of nonjudicial punishment;

(M) Convictions by civil authorities while a member of the Service, reflected in the discharge proceedings or otherwise noted in military service records;

(N) Records of periods of unauthorized absence;

(O) Records relating to a discharge instead of court-martial.

(ii) Capability to serve, as evidenced by factors such as:

(A) Total capabilities. This includes an evaluation of matters, such as age, educational level, and aptitude scores. Consideration may also be given whether the individual met normal military standards of acceptability for military service and similar indicators of an individual’s ability to serve satisfactorily, as well as ability to adjust to military service.

(B) Family and Personal Problems. This includes matters in extenuation or mitigation of the reason for discharge that may have affected the applicant’s ability to serve satisfactorily.

(C) Arbitrary or capricious action. This includes actions by individuals in authority that constitute a clear abuse of such authority and that, although not amounting to prejudicial error, may have contributed to the decision to discharge or to the characterization of service.

(D) Discrimination. This includes unauthorized acts as documented by records or other evidence.

§ 70.10 Complaints concerning decisional documents and index entries.

(a) General. (1) The procedures in this section—are established for the sole purpose of ensuring that decisional documents and index entries issued by the DRBs of the Military Departments comply with the decisional document and index entry principles of this part.

(2) This section may be modified or supplemented by the DASD(MP&FM).

(3) The following persons may submit complaints:

(i) A former member of the Armed Forces (or the former member’s counsel) with respect to the decisional document issued in the former member’s own case; and

(ii) A former member of the Armed Forces (or the former member’s counsel) who states that correction of the decisional document will assist the former member in preparing for an administrative or judicial proceeding in which the former member’s own discharge will be at issue.

(4) The Department of Defense is committed to processing of complaints within the priorities and processing goals set forth in paragraph (d)(1)(iii) of this section. This commitment, however, is conditioned upon reasonable use of the complaint process under the following considerations. The DRBs were established for the benefit of former members of the Armed Forces. The complaint process can aid such persons most effectively if it is used by former members of the Armed Forces when necessary to obtain correction of their own decisional documents or to prepare for discharge reviews. If a substantial number of complaints submitted by others interferes with the ability of the DRBs to process applications for discharge review in a timely fashion, the Department of Defense will adjust the processing goals to ensure that the system operates to the primary advantage of applicants.

(5) The DASD(MP&FM) is the final authority with respect to action on such correspondence.

(b) The Joint Service Review Activity (JSRA). A three member JSRA consisting of one judge advocate from each Military Department shall advise the DASD(MP&FM). The operations of the JSRA shall be coordinated by a full-time administrative director, who shall serve as recorder during meetings of the JSRA. The members and the administrative director shall serve at the direction of the DASD(MP&FM).

(c) Classification and control of correspondence—(1) Address of the JSRA. Correspondence with the OSD concerning decisional documents or index entries.
entries issued by the DRBs shall be addressed as follows: Joint Service Review Activity, OASD(MRA&L) (MP&FM), Washington, DC 20301.

(2) Docketing. All such correspondence shall be controlled by the administrative director through the use of a uniform docketing procedure.

(3) Classification. Correspondence shall be reviewed by the administrative director and categorized either as a complaint or an inquiry in accordance with the following:

(i) Complaints. A complaint is any correspondence in which it is alleged that a decisional document issued by a DRB or SRA contains a specifically identified violation of the Stipulation of Dismissal, Settlement Agreement, or related Orders in the Urban Law case or the decisional document or index entry principles of this Directive. A complainant who alleges error with respect to a decisional document issued to another person is encouraged to set forth specifically the grounds for determining that a reasonable person familiar with the discharge review process cannot understand the basis for the decision. See paragraph (d)(1)(i)(B) of this section.

(ii) Inquiries. An inquiry is any correspondence other than a complaint.

(d) Review of complaints. (1) Guidance. The following guidance applies to review of complaints:

(A) The applicant’s case. A complaint by an applicant with respect to the decisional document issued in the applicant’s own discharge review shall be considered under the Stipulation of Dismissal in the Urban Law case and other decisional document requirements applicable at the time the document was issued, including those contained in the Settlement Agreement and related Orders, subject to any limitations set forth therein with respect to dates of applicability. If the authority empowered to take corrective action has a reasonable doubt whether a decisional document meets applicable requirements of the Urban Law case or other applicable rules, the complaint shall be resolved in the applicant’s favor.

(B) Other cases. With respect to all other complaints, the standard shall be whether a reasonable person familiar with the discharge review process can understand the basis for the decision, including the disposition of issues raised by the applicant. This standard is designed to ensure that the complaint process is not burdened with the need to correct minor errors in the preparation of decisional documents.

(ii) Use of DD Form 293. With respect to any decisional document issued on or after November 27, 1982, a complaint alleging failure of the DRB to address adequately matter not submitted on DD Form 293 or expressly incorporated therein will be resolved in the complainant’s favor only if the failure to address the issue was arbitrary, capricious, or an abuse of discretion.

(iii) Scope of review. When a complaint concerns a specific issue in the applicant’s own discharge review, the complaint review process shall involve a review of all the evidence that was before the DRB or SRA, including the testimony and written submissions of the applicant, to determine whether the issue was submitted, and if so, whether it was addressed adequately with respect to the Stipulation of Dismissal, Settlement Agreement, or related Orders in the Urban Law case and other applicable provisions of this Directive. With respect to all other complaints about specific issues, the complaint review process may be based solely on the decisional document, except when the complainant demonstrates that facts present in the review in question raise a reasonable likelihood of a violation of applicable provisions of the Stipulation of Dismissal and a reasonable person familiar with the discharge review process, could resolve the complaint only after a review of the evidence that was before the DRB.

(iv) Allegations pertaining to an applicant’s submission. The following additional requirements apply to complaints about modification of an applicant’s issue or the failure to list or address an applicant’s issue:

(A) When the complaint is submitted by the applicant, and the record of the hearing is ambiguous on the question whether there was a meeting of minds
between the applicant and the DRB as to modification or omission of the issue, the ambiguity will be resolved in favor of the applicant.

(B) When the complaint is submitted by a person other than the applicant, it must set forth facts (other than the mere omission or modification of an issue) demonstrating a reasonable likelihood that the issue was omitted or modified without the applicant’s consent.

(C) When the complaint is rejected on the basis of the presumption of regularity, the response to the complaint must be set forth the reasons why the evidence submitted by the complainant was not sufficient to overcome the presumption.

(D) With respect to decisional documents issued on or after the effective date of the amendments to §70.8, any change in wording of an applicant’s issue which is effected in violation of the principles set forth in §70.8(a)(5)(iii) constitutes an error requiring corrective action. With respect to a decisional document issued before that date, corrective action will be taken only when there has been a complaint by the applicant or counsel with respect to the applicant’s own decisional document and it is determined that the wording was changed or the issue was omitted without the applicant’s consent.

(E) If there are references in the decisional document to matters not raised by the applicant and not otherwise relied upon in the decision, there is no requirement under the Urban Law case that such matters be accompanied by a statement of findings, conclusions, or reasons. For example, when the DRB discusses an aspect of the service record that was not raised as an issue by the applicant, and the issue is not a basis for the DRB’s decision, the DRB is not required to discuss the reasons for declining to list that aspect of the service record as an issue.

(v) Guidance as to other types of complaints. The following guidance governs other specified types of complaints:

(A) The Stipulation of Dismissal requires only that those facts that are essential to the decision be listed in the decisional document. The requirement for listing specified facts from the military record was not established until March 29, 1978, in 32 CFR part 70. Decisional documents issued prior to that date are sufficient if they meet the requirements of the Stipulation.

(B) When an applicant submits a brief that contains material in support of a proposed conclusion on an issue, the DRB is not required to address each aspect of the supporting material in the brief. However, the decisional document should permit the applicant to understand the DRB’s position on the issue and provide reviewing authorities with an explanation that is sufficient to permit review of the DRB’s decision. When an applicant submits specific issues and later makes a statement before the DRB that contains matter in support of that issue, it is not necessary to list such supporting matter as a separate issue.

(C) For all decisional documents issued before November 27, 1982, failure to respond to an issue raised by an applicant constitutes error unless it reasonably may be inferred from the record that the DRB response relied on one of the exceptions listed in §70.8(d)(3)(i); (e)(3)(i)(C)(3) through (4) and (e)(6)(ii)(C)(3) through (4). If the decisional document supports a basis for not addressing an issue raised by the applicant (for example, if it is apparent that resolving the issue in the applicant’s favor would not warrant an upgrade), there is no requirement in the Stipulation of Dismissal that the decisional document explain why the DRB did not address the issue. With respect to decisional documents issued on or after November 27, 1982, a response shall be prepared in accordance with the decisional document principles set forth in §70.8.

(D) When a case is reviewed upon request of an applicant, and the DRB upgrades the discharge to “General,” the DRB must provide reasons why it did not upgrade to “Honorable” unless the applicant expressly requests lesser relief. This requirement applies to all requests for corrective action submitted by an applicant with respect to his or her decisional document. In all other cases, this requirement applies to decisional documents issued on or after November 9, 1978. When the DRB upgrades to General, its explanation for
not upgrading to Honorable may consist of reference to adverse matter from the applicant’s military record. When a discharge is upgraded to General in a review on the DRB’s own motion, there is no requirement to explain why the discharge was not upgraded to Honorable.

(E) There is no requirement under the Stipulation of Dismissal to provide reasons for uncontested findings. The foregoing applies to decisional documents issued before November 27, 1982. With respect to decisional documents issued on or after that date, the following guidance applies with respect to an uncontested issue of fact that forms the basis for a grant or denial of a change in discharge: the decisional document shall list the specific source of information relied upon in reaching the conclusion, except when the information is listed in the portion of the decisional document that summarizes the service record.

(F) The requirements of §70.8(e)(3)(ii)(B)(2) and (e)(6)(ii)(B)(2) with respect to explaining use of the presumption of regularity apply only to decisional documents issued on or after November 27, 1982. When a complaint concerning a decisional document issued before that date addresses the adequacy of the DRB’s use of the presumption of regularity, or words having a similar import, corrective action will be required only if a reasonable person familiar with the discharge review process can not understand the basis for relying on the presumption.

(G) When the DRB balances mitigating factors against aggravating factors as the reason for a conclusion, the Stipulation of Dismissal does not require the statement of reasons to set forth the specific factors that were balanced if such factors are otherwise apparent on the fact of the decisional document. The foregoing applies to decisional documents prepared before November 27, 1982. With respect to decisional documents prepared after that date, the statements addressing decisional issues in such a case will list or refer to the factors supporting the conclusion in accordance with §70.8(e)(6)(ii).

(vi) Documents that were the subject of a prior complaint. The following applies to a complaint concerning a decisional document that has been the subject of prior complaints:

(A) If the complaint concerns a decisional document that was the subject of a prior complaint in which action was completed, the complainant will be informed of the substance and disposition of the prior complaint, and will be further informed that no additional action will be taken unless the complainant within 30 days demonstrates that the prior disposition did not produce a decisional document that comports with the requirements of paragraph (d)(1)(i)(A) of this section.

(B) If the complaint concerns a decisional document that is the subject of a pending complaint, the complainant will be informed that he or she will be provided with the results of the pending complaint.

(C) These limitations do not apply to the initial complaint submitted on or after the effective date of the amendments to this section by an applicant with respect to his or her own decisional document.

(2) Duties of the administrative director. The administrative director shall take the following actions:

(i) Acknowledge receipt of the complaint; date address the adequacy of the DRB’s use of the presumption of regularity, or words having a similar import, corrective action will be required only if a reasonable person familiar with the discharge review process can not understand the basis for relying on the presumption.

(ii) Assign a docket number and note the date of receipt; and

(iii) Forward the complaint to the Military Department concerned, except that the case may be forwarded directly to the DASD (MP&FM) when the administrative director makes an initial determination that corrective action is not required.

(3) Administrative processing. The following guidance applies to administrative processing of complaints:

(i) Complaints normally shall be processed on a first-in/first-out basis, subject to the availability of records, pending discharge review actions, and the following priorities:

(A) The first priority category consists of cases in which (1) there is a pending discharge review and the complainant is the applicant; and (2) the complainant sets forth the relevance of the complaint to the complainant’s pending discharge review application.

(B) The second priority category consists of requests for correction of the
decisional document in the complainant’s own discharge review case.

(C) The third priority category consists of complaints submitted by former members of the Armed Forces (or their counsel) who state that the complaint is submitted to assist the former member’s submission of an application for review.

(D) The fourth priority category consists of other complaints in which the complainant demonstrates that correction of the decisional document will substantially enhance the ability of applicants to present a significant issue to the DRBs.

(E) The fifth priority category consists of all other cases.

(ii) Complainants who request consideration in a priority category shall set forth in the complaint the facts that give rise to the claim of placement in the requested category. If the complaint is relevant to a pending discharge review in which the complainant is applicant or counsel, the scheduled date of the review should be specified.

(iii) The administrative director is responsible for monitoring compliance with the following processing goals:

(A) The administrative director normally shall forward correspondence to the Military Department concerned within 3 days after the date of receipt specified in the docket number. Correspondence forwarded directly to the DASD(MP&FM) under paragraph (d)(2)(iii) of this section, normally shall be transmitted within 7 days after the date of receipt.

(B) The Military Department normally shall request the necessary records within 5 working days after the date of receipt from the administrative director. The Military Department normally shall complete action under paragraph (d)(4) of this section within 45 days after receipt of all necessary records. If action by the Military Department is required under paragraph (d)(9) of this section, normally it shall be completed within 45 days after action is taken by the DASD(MP&FM).

(C) The JSRA normally shall complete action under paragraph (d)(7) of this section at the first monthly meeting held during any period commencing 10 days after the administrative director receives the action of the Military Department under paragraph (d)(5) of this section.

(D) The DASD(MP&FM) normally shall complete action under paragraph (d)(8) of this section within 30 days after action is taken by the JSRA under paragraph (d)(7) of this section or by the administrative director under paragraph (d)(2)(iii) of this section.

(E) If action is not completed within the overall processing goals specified in this paragraph, the complainant shall be notified of the reason for the delay by the administrative director and shall be provided with an approximate date for completion of the action.

(iv) If the complaints are submitted in any 30 day period with respect to more than 50 decisional documents, the administrative director shall adjust the processing goals in light of the number of complaints and discharge review applications pending before the DRBs.

(v) At the end of each month, the administrative director shall send each Military Department a list of complaints, if any, in which action has not been completed within 60 days of the docket date. The Military Department shall inform the administrative director of the status of each case.

(4) Review of complaints by the Military Departments. The Military Department shall review the complaint under the following guidance:

(i) Rejection of complaint. If the Military Department determines that all the allegations contained in the complaint are not specific or have no merit, it shall address the allegations using the format at attachment 1 (Review of Complaint).

(ii) Partial agreement. If the Military Department determines that some of the allegations contained in the complaint have merit, it shall address the allegations using the format at attachment 1 and its DRB shall take appropriate corrective action in accordance with paragraph (d)(4)(v) of this section.

(iii) Full agreement. If the Military Department determines that all of the allegations contained in the complaint
§ 70.10

32 CFR Ch. I (7–1–02 Edition)

have merit, its DRB shall take appropriate corrective action in accordance with paragraph (d)(4)(v) of this section.

(iv) Other defects. If, during the course of its review, the Military Department notes any other defects in the decisional document or index entries (under the applicable requirements of the Urban Law case or under this part) the DRB shall take appropriate corrective action under paragraph (d)(4)(v) of this section. This does not establish a requirement for the Military Department to review a complaint for any purpose other than to determine whether the allegations contained in the complaint are specific and have merit; rather, it simply provides a format for the Military Department to address other defects noted during the course of processing the complaint.

(v) Appropriate corrective action. The following procedures govern appropriate corrective action:

(A) If a complaint concerns the decisional document in the complainant’s own discharge review case, appropriate corrective action consists of amending the decisional document or providing the complainant with an opportunity for a new discharge review. An amended decisional document will be provided if the applicant requests that form of corrective action.

(B) If a complaint concerns a decisional document involving an initial record review under the Special Discharge Review Program or the Pub. L. 95–126 rereview program, appropriate corrective action consists of (1) amending the decisional document; or (2) notifying the applicant and counsel, if any, of the opportunity to obtain a priority review in response to the letter at attachment 6. When the DRB takes corrective action under this provision by amending a decisional document, it shall notify the applicant and counsel, if any, of the opportunity to request a de novo review under the Special Discharge Review Program or under Pub. L. 95–126 rereview program, as appropriate.

(C) When corrective action is taken with respect to a decisional document in cases prepared under Pub. L. 95–126 the DRB must address issues previously raised by the DRB or the applicant during review of the same case during the SDRP only insofar as required by the following guidance:

(I) When the DRB bases its decision upon issues previously considered during the SDRP, the new decisional document under Pub. L. 95–126 must address those issues;

(2) If, during consideration of the case under Pub. L. 95–126 the applicant presents issues previously considered during the SDRP, the new decisional document must address those issues;

(3) If a decisional document concerning an initial record review under Pub. L. 95–126 is otherwise defective and corrective action is taken after a request by the applicant for a priority review in response to the letter at attachment 6, the new decisional document shall address all issues previously raised by the applicant during the SDRP.

(D) Except for cases falling under paragraph (d)(4)(v)(B) of this section, if a complaint concerns a decisional document in which the applicant received an Honorable Discharge and the full relief requested, if any, with respect to the reason for discharge, appropriate corrective action consists of amending the decisional document.

(E) In all other cases, appropriate corrective action consists of amending the decisional document or providing the applicant with the opportunity for a new review, except that an amended decisional document will be provided when the complainant expressly requests that form of corrective action.

(vi) Amended decisional documents. One that reflects a determination by a DRB panel (or the SRA) as to what the DRB panel (or SRA) that prepared the defective decisional document would have entered on the decisional document to support its decision in this case.

(A) The action of the amending authority does not necessarily reflect substantive agreement with the decision of the original DRB panel (or SRA) on the merits of the case.

(B) A corrected decisional document created by amending a decisional document in response to a complaint will be based upon the complete record before the DRB (or the SRA) at the time of
§ 70.10

the original defective statement was issued, including, if available, a transcript, tape recording, videotape or other record of a hearing, if any. The new decisional document will be indexed under categories relevant to the new statements.

(C) When an amended decisional document is required under paragraphs (d)(4)(v)(A) and (d)(4)(v)(D) of this section and the necessary records cannot be located, a notation to that effect will be made on the decisional document, and the applicant and counsel, if any, will be afforded an opportunity for a new review, and the complainant will be informed of the action.

(D) When an amended decisional document is requested under paragraph (d)(4)(v)(C) and the necessary records cannot be located, a notation to that effect will be made on the decisional document, and the complainant will be informed that the situation precludes further action.

(vii) Time limit for requesting a new review. An applicant who is afforded an opportunity to request a new review may do so within 45 days.

(viii) Interim notification. When the Military Department determines that some or all of the allegations contained in the complaint are not specific or have no merit but its DRB takes corrective action under paragraph (d)(4)(ii) or (d)(4)(iv) of this section, the DRB’s notification to the applicant and counsel, if any, and to the complainant, if other than the applicant or counsel, should include the following or similar wording: “This is in partial response to (your)/(a) complaint to the Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) dated [date] concerning [Discharge Review Board decisional document]. A final response to (your)/(the) complaint, which has been returned to the Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) for further review, will be provided to you in the near future.”

(ix) Final notification. When the Discharge Review Board takes corrective action under paragraphs (d)(4)(iii) and (d)(9) of this section, its notification to the applicant and counsel, if any, and to the complainant, if other than the applicant or counsel, should include the following or similar wording: “This is in response to (your)/(a) complaint to the Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) dated [date] concerning [Discharge Review Board decisional document].

(5) Transmittal to the administrative director. The Military Department shall return the complaint to the administrative Director with a copy of the decisional document and, when applicable, any of the following documents:

(i) The “Review of Complaint.”

(ii) A copy of the amendment to the decisional document and the accompanying transmittal letter or letters to the applicant and counsel, if any, and to the complainant, if other than the applicant or counsel.

(iii) A copy of the notification to the applicant and counsel, if any, of the opportunity to request a new review, and a copy of the notification to the complainant, if other than the applicant or counsel, that the applicant has been authorized a new review.

(6) Review by the administrative director. The administrative director shall review the complaint and accompanying documents to ensure the following:

(i) If the Military Department determined that any of the allegations contained in the complaint are not specific or have no merit, the JSRA shall review the complaint and accompanying documents. The JSRA shall address the allegations using the format at attachment 2 (Review of and Recommended Action on Complaint) and shall note any other defects in the decisional document or index entries not previously noted by the Military Department. This does not establish a requirement for the JSRA to review such complaints for any purpose other than to address the allegations contained in the complaint; rather, it simply provides a format for the JSRA to address other defects noted in the course of processing the complaint.

(ii) If the Military Department determined that all of the allegations contained in the complaint have merit and
§ 70.10

its DRB amended the decisional document, the amended decisional document shall be subject to review by the JSRA on a sample basis each quarter using the format at attachment 3 (Review of any Recommendation on Amended Decisional Document).

(iii) If the Military Department determined that all of the allegations contained in the complaint have merit and its DRB notified the applicant and counsel, if any, of the opportunity to request a new review, review of such corrective action is not required.

(7) Review by the JSRA. The JSRA shall meet for the purpose of conducting the reviews required in paragraphs (d)(6)(i), (d)(6)(ii), and (d)(9)(iii)(A) of this section. The Administrative director shall call meetings once a month, if necessary, or more frequently depending upon the number of matters before the JSRA. Matters before the JSRA shall be presented to the members by the recorder. Each member shall have one vote in determining matters before the JSRA, a majority vote of the members determining all matters. Determinations of the JSRA shall be reported to the DASD(MP&FM) as JSRA recommendations using the prescribed format. If a JSRA recommendation is not unanimous, the minority member may prepare a separate recommendation for consideration by the DASD(MP&FM) using the same format. Alternatively, the minority member may indicate “dissent” next to his signature on the JSRA recommendation.

(8) Review by the DASD(MP&FM). The DASD(MP&FM) shall review all recommendations of the JSRA and the administrative director as follows:

(i) The DASD(MP&FM) shall review complaints using the format at Attachment 4 (Review of and Action on Complaint). The DASD(MP&FM) is the final authority in determining whether the allegations contained in a complaint are specific and have merit. If the DASD(MP&FM) determines that no further action by the Military Department is warranted, the DASD(MP&FM) shall so inform the Military Department and the complainant. If the DASD(MP&FM) determines that further action by the Military Department is required, the DASD(MP&FM) shall direct the Military Department to ensure that appropriate corrective action is taken by its DRB and the complainant shall be provided an appropriate interim response.

(ii) The DASD(MP&FM) shall review amended decisional documents using the format at attachment 5 (Review of and Action on Amended Decisional Document). The DASD(MP&FM) is the final authority in determining whether an amended decisional document complies with applicable requirements of the Urban Law case and, when applicable, this Directive. If the DASD(MP&FM) determines that no further corrective action by the Military Department is warranted, the Military Department shall be so informed. If the DASD(MP&FM) determines that further corrective action by the Military Department is required, the Military Department shall be directed to ensure that appropriate corrective action is taken by its DRB.

(iii) It is noted that any violation of applicable requirements of the Urban Law case is also a violation of this part. However, certain requirements under this part are not requirements under the Urban Law case. If the allegations contained in a complaint are determined to have merit or if an amended decisional document is determined to be defective on the basis of one of these additional requirements under this part the DASD(MP&FM) determination shall reflect this fact.

(9) Further action by the Military Department. (i) With respect to a determination by the DASD(MP&FM) that further action by the Military Department is required, its DRB shall take appropriate corrective action in accordance with paragraph (d)(4) of this section.

(ii) The Military Department shall provide the administrative director with the following documents when relevant to corrective action taken in accordance with paragraph (d)(4) of this section:

(A) A copy of the amendment to the decisional document and the accompanying transmittal letter or letters to the applicant and counsel, if any, and to the complainant, if other than the applicant or counsel.
Office of the Secretary of Defense

§ 70.10

(B) A copy of the notification to the applicant and counsel, if any, of the opportunity to request a new review, and a copy of the notification to the complainant, if other than the applicant or counsel, that the applicant has been authorized a new review.

(iii) The administrative director shall review the documents relevant to corrective action taken in accordance with paragraph (d)(4) of this section, and ensure the following:

(A) If the DRB amended the decisional document, the amended decisional document shall be subject to review by the JSRA on a sample basis each quarter using the format at attachment 3 (Review of and Recommended Action on Amended Decisional Document).

(B) If the DRB notified the applicant and counsel, if any, of the opportunity to request a new review, review of such corrective action is not required.

(10) Documents required by the JSRA or DASD (MP&FM). Upon request, the Military Department shall provide the administrative director with other documents required by the JSRA or the DASD (MP&FM) in the conduct of their reviews.

(e) Responses to inquiries. The following procedures shall be used in processing inquiries:

(1) The administrative director shall assign a docket number to the inquiry.

(2) The administrative director shall forward the inquiry to the Military Department concerned.

(3) The Military Department shall prepare a response to the inquiry and provide the administrative director with a copy of the response.

(4) The Military Department’s response shall include the following or similar wording: “This is in response to your inquiry to the Office of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) dated

(f) Indexing. The DRB concerned shall reindex all amended decisional documents and shall provide copies of the amendments to the decisional documents to the Armed Forces Discharge Review/Correction Board Reading Room.

(g) Disposition of documents. The administrative director is responsible for the disposition of all Military Department, DRB, JSRA, and DASD (MP&FM) documents relevant to processing complaints and inquiries.

(h) Referral by the General Counsel, Department of Defense. The Stipulation of Dismissal permits Urban Law plaintiffs to submit complaints to the General Counsel, DoD, for comment. The General Counsel, DoD, may refer such complaints to the Military Department concerned or to the JSRA for initial comment.

(1) Decisional document and index entry principles. The DASD (MP&FM) shall identify significant principles concerning the preparation of decisional documents and index entries as derived from decisions under this section and other opinions of the Office of General Counsel, DoD. This review shall be completed not later than October 1 and April 1 of each year, or more frequently if deemed appropriate by the DASD (MP&FM). The significant principles identified in the review shall be coordinated as proposed as amendments to the sections of this part.

(1) Implementation of amendments. The following governs the processing of any correspondence that is docketed prior to the effective date of amendments to this section except as otherwise provided in such amendments:

(1) Any further action on the correspondence shall be taken in accordance with the amendments; and

(2) No revision of any action taken prior to the effective date of such amendments is required.

Remarks:
ATTACHMENT 7

Dear [Ill]:

It has been determined that the decisional document issued in your case by the [Army] (Navy) (Air Force) Discharge Review Board during the (Special Discharge Review Program) (rereview program under Pub. L. No. 95–126) should be reissued to improve the clarity of the statement of findings, conclusions, and reasons for the decision in your case.

In order to obtain a new decisional document you may elect one of the following options to receive a new review under the (Special Discharge Review Program) (rereview program mandated by Pub. L. No. 95–126):

1. You may request a new review, including a personal appearance hearing if you so desire, by responding on or before the suspense date noted at the top of this letter. Taking this action will provide you with a priority review before all other classes of cases.

2. You may request correction of the original decisional document issued to you by responding on or before the suspense date noted at the top of this letter. After you receive a corrected decisional document, you will be entitled to request a new review, including a personal appearance hearing if you so desire. If you request correction of the original decisional document, you will not receive priority processing in terms of correcting your decisional document or providing you with a new review; instead, your case will be handled in accordance with standard processing procedures, which may mean a delay of several months or more.

If you do not respond by the suspense date noted at the top of this letter, no action will be taken. If you subsequently submit a complaint about this decisional document, it will be processed in accordance with standard procedures.

To ensure prompt and accurate processing of your request, please fill out the form below, cut it off at the dotted line, and return it to the Discharge Review Board of the Military Department in which you served at the address listed at the top of this letter.

Check only one:

[ ] I request a new review of my case on a priority basis. I am requesting this priority review rather than requesting correction of the decisional document previously issued to me. I have enclosed DD Form 293 as an application for my new review.

[ ] I request correction of the decisional document previously issued to me. I understand that this does not entitle me to priority action in correcting my decisional document. I also understand that I will be able to obtain a further review of my case upon my request after receiving the corrected decisional document, but that such a review will not be held on a priority basis.

PART 71—ELIGIBILITY REQUIREMENTS FOR EDUCATION OF MINOR DEPENDENTS IN OVERSEAS AREAS

§ 71.1 Purpose.
This part replaces DoD Instruction 1342.10 and DoD Instruction 1342.4, and implements 20 U.S.C. 921–932, to:
(a) Update the policy and eligibility requirements for education of DoD dependent students in overseas areas.
(b) Authorize the enrollment of other minor dependents in DoD dependent schools conditioned upon available space and payment of tuition.

§ 71.2 Applicability.
This part applies to the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, the Unified and Specified Commands, and the Defense Agencies (hereafter referred to collectively as "DoD Components"). The term "Military Services," as used hereinafter, refers to the Army, Navy, Air Force, and Marine Corps.

§ 71.3 Definitions.
The terms used in this part are defined below.
(a) Approved non-DoD dependents schools. Schools, including dormitory facilities, other than DoD dependent schools, that provide suitable educational programs, usually on a tuition basis. The term includes residence facilities operated by approved non-DoD dependents schools to provide room and board for eligible handicapped dependents when DoD dependent schools cannot provide an appropriate education.
(b) Commuting area. A designated geographical area surrounding a DoD dependent school within which pupil transportation at U.S. Government expense is provided for DoD dependent students, except for those living within walking distance of the school (See DoD 4500.36-R).
(c) Correspondence courses. Home or supplemental instruction courses for DoD dependent students who live in areas where there are no suitable facilities, for handicapped DoD dependent students who cannot attend school, and for the supplementation of course offerings at DoD dependents schools or approved non-DoD dependents schools.
(d) DoD dependent schools. Schools established by the Department of Defense in overseas areas to provide primary and secondary education for minor dependents of DoD sponsors.
(e) DoD dependent schools with Dormitories. Residence facilities operated at certain DoDDS schools, usually at the high school level and primarily but not exclusively to provide room and board for DoD dependent students who are authorized to accompany their DoD sponsors to locations where there are no appropriate educational facilities available locally.
(f) DoD dependent student. A minor dependent who:
(1) Is the child, stepchild, adopted child, ward, or spouse of a DoD sponsor, or who is a resident in the household of a DoD sponsor who stands in loco parentis to such individual and who receives one-half or more of his or her support from such sponsor; and
(2) Has not completed secondary school and who will reach his or her 5th but not 21st birthday by December 31 of the current school year; or
(3) Is handicapped, and is between 3 and 5 years of age by December 31 of the current school year, provided that the Director, DoDDS, or designee, in his or her sole discretion, determines that adequate staff and facilities are available to serve such a handicapped child.
(g) DoD sponsor. A Military Service member serving on active duty and stationed overseas or a civilian employee of the Department of Defense who is employed on a full-time basis, paid from appropriated funds, and stationed.

SOURCE: 47 FR 52701, Nov. 23, 1982, unless otherwise noted.
§ 71.4 Policy.

(a) It is the policy of the Department of Defense:

(1) That, while overseas, DoD dependent students may be enrolled in DoD dependents schools or approved non-DoD dependents schools, or may take correspondence courses at U.S. Government expense, under the conditions prescribed in §71.5.

(2) To allow the enrollment of other minor dependents in DoD dependents schools, provided that space is available and that tuition is paid.

(b) Section 57 of this title provides guidance concerning the education of handicapped children.

§ 71.5 Eligibility requirements.

Students may be enrolled in the DoD dependents schools pursuant to paragraphs (a) through (d) of this section, and in that priority, and pursuant to paragraph (e) of this section.

(a) Space-required, tuition-free. (1) Command-sponsored DoD dependent students shall, upon the request of their DoD sponsor, be enrolled in DoD dependents schools on a space-required, tuition-free basis. However, costs for the education of minor dependents of DoD sponsors working for the DoD Security Assistance Program shall be paid from DoD Security Assistance Program funds.

(2) If, as determined by the Director, DoD Dependents Schools (DoDDS), or designee, no DoD dependents school is available within the commuting area, command-sponsored DoD dependent students are eligible for education in approved non-DoD dependents schools at U.S. Government expense, usually in that same foreign country, or in DoD dependents schools with dormitories, or through correspondence courses at U.S. Government expense.

(3) DoD dependent students may be provided education in approved non-DoD dependents schools or may receive correspondence courses at U.S. Government expense only at locations where DoD dependents schools are not available or are operating at maximum capacity. Only those non-DoD dependents schools with programs considered satisfactory by the Director, DoDDS, or designee, shall be approved to provide education at U.S. Government expense to DoD dependent students. In all cases, the payment of tuition in approved non-DoD dependents schools by the U.S. Government is limited to those DoD dependent students who are authorized transportation at U.S. Government expense to or from an overseas area, if their DoD sponsor is military, and to those DoD dependent students whose DoD sponsor, if civilian, is eligible for a living quarters allowance, as authorized by the Department of State Standardized Regulations and DoD 1400.25-M.

(4) If adequate housing is available within the commuting area of a DoD dependents school and an appropriate educational program is available at that school, tuition will not be authorized for the attendance of DoD dependent students in an approved non-DoD
dependents school in that same locality, except as authorized in paragraph (a)(3) of this section. DoD dependent students who currently are enrolled in an approved non-DoD dependents school and who would be adversely affected by this limitation may, at the discretion of the Director, DoDDS, or designee, be authorized to continue in attendance in that approved non-DoD dependents school through the 1984-85 school year, or until the rotation of the DoD sponsor out of the command, whichever is earlier.

(5) Approved non-DoD dependents schools that are available free of charge and that offer instructional programs in English should be used, if feasible, before contracting for education in approved non-DoD dependents schools that charge tuition.

(6) If no DoD dependents school within the commuting area of a handicapped DoD dependent student is able to provide an appropriate education to that student, DoDDS may place the student in another DoD dependents school. If no appropriate DoD dependents school is reasonably available, DoDDS then may place the student at U.S. Government expense in an approved non-DoD dependents school overseas. DoDDS may place a handicapped DoD dependent student in an approved non-DoD dependents school in the United States only if no appropriate school is reasonably available overseas. DoDDS may not place a non-DoD dependent student in a non-DoD dependents school at U.S. Government expense.

(7) DoD dependent students who are the dependents of a DoD sponsor who is detained by a foreign power or is declared missing in action or otherwise unlawfully detained may remain in a DoD dependents school, or in an approved non-DoD dependents school, at U.S. Government expense for as long as the detention or missing status exists, subject to the approval of the Director, DoDDS, or designee.

(8) DoD dependent students who are authorized attendance in a DoD dependents school or an approved non-DoD dependents school may complete the current school year if the DoD sponsor is transferred, dies, or retires during the school year, but subsequently shall lose their eligibility to attend, except on a space-available, tuition-free basis in a DoD dependents school as prescribed in paragraph (c)(2) of this section.

(9) If DoD dependent students are authorized to accompany their DoD sponsor to the country of the sponsor’s assignment, such dependent students ordinarily will not be entitled to space-required, tuition-free education in a DoD dependents school in a different overseas country or to education in a non-DoD dependents school at U.S. Government expense in that different country. Any exceptions to this policy must be approved by the Director, DoDDS, or designee.

(b) Space-available, tuition-paying (federally connected). Under section 1404(c) of the “Defense Dependents’ Education Act of 1978”, if the Director, DoDDS, or designee, determines that space is available, consistent with the local military commander’s policy concerning access to the installation and agreements with the host nation, other minor dependents in the categories specified in this subsection may be enrolled in a DoD dependents school upon payment of tuition. The amount of tuition shall be determined by the Director, DoDDS, or designee, and may not be less than the rate necessary to cover the average cost of enrollment of children in the DoD dependents schools. Clarification on how tuition rates are determined is contained in DoD Directive 4000.19 and DoD Instruction 7230.7. Minor dependents in this category may be enrolled in the following priority:

(1) Minor dependents of other U.S. Government agency employees stationed overseas.

(2) Minor dependents of U.S. citizens who have executed contracts or who are employed by parent organizations that have executed contracts or other agreements with the Department of Defense when the applicable contract or agreement authorizes dependent education on a tuition basis in the DoD dependents schools. A copy of the document authorizing attendance shall be presented to the appropriate DoD dependents school official at the time of enrollment. Examples of individuals whose minor dependents are covered by this paragraph include:

§ 71.6 Responsibilities.

(a) The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) shall monitor compliance with this part.

(b) The Heads of DoD Components shall comply with this part.

(c) The Director, DoD Dependents Schools, or designee, shall:

(1) Authorize the attendance of DoD dependent students in DoD dependents schools approved non-DoD dependent schools, or provide correspondence courses at U.S. Government expense, in accordance with this part.

(2) Authorize the enrollment of other minor dependents in DoD dependents schools, in accordance with this part, and establish priorities among those

(i) Nonappropriated fund instrumenttality (universal annual) employees.

(ii) Defense contractor personnel.

(iii) United Services Organizations, Inc., personnel.

(iv) American Red Cross personnel.

(3) Minor dependents of host-nation or third-country national military or civilian personnel accompanying or serving with the Military Services overseas, when recommended by the major overseas commander and when approved by the Director, DoDDS, or designee.

(4) Minor dependents of other sponsors who are serving the national defense interest, as determined by the Director, DoDDS, or designee.

(c) Space-available, tuition-free. Under section 1404(c) of the "Defense Dependents' Education Act of 1978", the following classes of DoD dependent students may be enrolled, in the priority given below, in DoD dependents schools on a space-available, tuition-free basis:

(1) Minor dependents of military DoD sponsors who are stationed in overseas areas to which their dependents are not authorized transportation at U.S. Government expense or minor dependents of civilian DoD sponsors who are not entitled to a living quarters allowance as authorized by the Department of State Standardized Regulations and DoD 1400.25-M, when the sponsors elect to transport these dependents at their own expense to overseas areas in which the sponsors are stationed (noncommand-sponsored dependents). If at any time during a DoD sponsor's overseas assignment that sponsor's minor noncommand-sponsored dependents become command-sponsored or the sponsor acquires minor, command-sponsored dependents, those dependents shall be authorized "space-required, tuition-free" status.

(2) DoD dependent students who are dependents of DoD sponsors who die while entitled to compensation or active duty pay at the time of the sponsor's death, provided that the surviving spouse either was residing in an overseas area when the sponsor died or has been a citizen of a foreign country and returns to that country. The DoD dependent student must be enrolled in a DoD dependents school either within 1 year of the DoD sponsor's death or, if the dependent is below school age when the sponsor dies, within 1 year of the dependent's becoming eligible to enroll.

(3) Noncommand-sponsored DoD dependents who are enrolled in a DoD dependents school may remain in a DoD dependents school if their sponsor is declared missing in action or otherwise unlawfully detained for as long as the detention or missing status exists, subject to the approval of the Director, DoDDS, or designee.

(d) Space-available, tuition-paying (nonfederally connected). Under section 1404(c) of the "Defense Dependents' Education Act of 1978", the following minor dependents may be enrolled in a DoD dependents school upon payment of tuition if the Director, DoDDS, or designee, determines that space is available:

(1) Dependents of U.S. citizens residing in overseas areas, including dependents of retired personnel, or of deceased personnel not covered in paragraph (c)(2) of this section.

(2) Dependents of foreign nationals, when there is no objection from the host nation and when such inclusion does not displace or prevent inclusion of U.S. citizen-sponsored minor dependents seeking admission on the same basis at the same time.

(e) Education in the Republic of Panama. Eligibility requirements for education in the Republic of Panama are prescribed in §71.7.
dependents within an eligibility
category.

3) Provide information and guidance
to DoD sponsor regarding enrollment
in DoD dependents schools, residence
in DoD dependents school dormitories
or approved non-DoD dependents
school dormitories, enrollment in ap-
proved non-DoD dependents schools, and
receipt of correspondence courses.

4) Establish, in coordination with
the supporting installation or commu-
nity commander, commuting areas
around DoD dependents schools for the
purpose of determining eligibility for
transportation of DoD dependent stu-
dents. (See DoD 4500.36–R.)

5) Periodically review the edu-
cational programs in approved non-
DoD dependents schools that are used
to educate DoD dependent students to
ensure that these programs are satis-
factory.

d) Commanders of overseas installa-
tions, military communities, or activities
shall:

1) Advise incoming and newly as-
signed personnel about the DoD de-
pendent schools’ commuting areas and
the extent of pupil transportation serv-
ice supporting the local DoD depend-
ents schools.

2) Assist incoming and newly as-
signed personnel in obtaining housing
within the commuting area of the local
DoD dependents school, if feasible.

3) Advise incoming and newly as-
signed personnel that, if adequate
housing is available within the com-
muting area of a DoD dependents
school and if the DoD sponsor’s place of
employment is also reasonably acces-
sible from that commuting area, tui-
tion assistance will not be available to
provide education in approved non-DoD
dependents schools for minor depend-
ents of DoD sponsors who elect to re-
side beyond the commuting area of a
DoD dependents school. (see DoD
4500.36)

4) Inform incoming and newly as-
signed personnel that they will not be
reimbursed for unauthorized enroll-
ments in non-DoD dependents schools.

§71.7 Eligibility requirements for edu-
cation of minor dependents and
other persons in the Republic of
Panama.

(a) The “Panama Canal Act of 1979”
authorizes the extension of primary,
secondary, and postsecondary edu-
cational services to DoD dependent
students and other categories of de-
pendents. Basic eligibility policy is de-
scribed in §71.5 of this part. Excep-
tional eligibility requirements for edu-
cation for dependents in the Republic
of Panama are addressed below.

(b) Minor dependents may be enrolled
in DoD dependents schools or approved
non-DoD dependents schools in the Re-
public of Panama or may receive cor-
respondence courses at U.S. Govern-
ment expense under the conditions and
in the priority indicated below.

1) Space required, tuition-free edu-
cation and education in approved non-
DoD dependents schools. In addition to
DoD dependent students entitled to re-
ceive space-required, tuition-free edu-
cation from DoDDS under §71.5 of this
part, the following minor dependents in
the Republic of Panama are authorized
“space-required tuition-free” status:

i) Minor dependents of host-nation
or third-country citizens employed by
the Department of Defense and paid
from appropriated funds, provided that
such dependents were enrolled on a tui-
tion-free basis in schools operated by
the former Canal Zone Government on
September 30, 1979, as then authorized
for residents of the former Canal Zone.
This provision applies only for uninter-
rupted enrollments.

ii) Minor dependents of host-nation
or third-country citizen employees
transferred to the Department of De-
fense on October 1, 1979, and paid from
appropriated funds may attend ap-
proved non-DoD dependents schools in
the Republic of Panama at U.S. Gov-
ernment expense when such dependents
were enrolled in a non-DoD dependents
school under the authority and at the
expense of the former Canal Zone Gov-
ernment/Panama Canal Company on
September 30, 1979. This provision ap-
plies only for uninterrupted enroll-
ments.
(2) Space-required, tuition-paying education. Dependents not specifically authorized tuition-free education in paragraph (b)(1) of this section, or in §71.5 of this part, when such dependents were enrolled in schools operated by the former Canal Zone Government on September 30, 1979, regardless of affiliation or citizenship of sponsors. This provision applies only for uninterrupted enrollments.

(c) Persons may be enrolled in the Panama Canal College under the conditions and in the priority listed below:

(1) Tuition-paying, DoD-sponsored education. All students at the Panama Canal College attend on a tuition-paying basis. The Department of Defense may assume a portion of the tuition cost for full-time students who are minor dependents of:

(i) Military DoD sponsors who are on active duty and stationed in the Republic of Panama.

(ii) Civilian DoD sponsors stationed in the Republic of Panama who are paid from appropriated funds and who have been lawfully accorded the privilege of residing permanently in the United States as immigrants in accordance with the United States immigration laws (8 U.S.C. “Aliens and Nationality”).

(iii) Members of the Military Services who are detained by a foreign power or declared missing in action or otherwise unlawfully detained for as long as the detention or missing status continues to exist. Under these circumstances, authorization for the dependents to remain in the College with DoD tuition assistance must be obtained from DoDDS officials and the local military commander.

(iv) If a sponsor discussed in paragraph (c)(1) (i), (ii), or (iii) of this section, is transferred, retires, or dies during the college semester, the sponsor’s dependents may complete the current semester, but subsequently shall lose their eligibility to attend the Panama Canal College.

(2) Tuition-paying—other. At the discretion of the Director, DoDDS, or designee, and when consistent with the local military commander’s policy concerning access to the area of military coordination and agreements with the Republic of Panama, the following categories of persons may be enrolled at the Panama Canal College on a full- or part-time basis, in the priority given below provided the applicant meets academic admissions requirements.

(i) Active duty members of the Military Services who are stationed in Panama and family members living with them (unless authorized DoD-sponsored education under paragraph (c)(1) of this section).

(ii) U.S.-citizens employees of the Department of Defense and other U.S. Government agencies, including the Panama Canal Commission, and family members living with them (unless authorized DoD-sponsored education under paragraph (c)(1) of this section).

(iii) Host-nation or third-country citizen employees of the Panama Canal Commission or other U.S. Government agency, district dentists, religious workers, and family members living with them, when such persons were enrolled in a Canal Zone school on a tuition-free basis or under the sponsorship of the former Canal Zone Government/Panama Canal Company on September 30, 1979, as was then authorized for residents of the former Canal Zone.

(iv) Minor dependents of Canal Zone Government/Panama Canal Company host-nation or third-country citizen employees separated through reduction in force action and not reemployed by another U.S. Government agency, when such dependents were enrolled in the former Canal Zone school system on September 30, 1979.

(v) U.S. citizens not specifically addressed above who reside in the Republic of Panama.

(vi) Host-nation and third-country citizens not specifically addressed above who reside in the Republic of Panama when there is no objection from the government of Panama and when such inclusion does not displace or prevent inclusion of U.S. citizens seeking admission on the same basis at the same time.
73.1 Purpose.

(b) Provides guidance for establishing Service policy for training simulators and devices.
(c) Authorizes the Department of Defense to use training simulators and devices to make training systems more effective and to help maintain military readiness. Emphasizes the relationship between the system(s) supported and the training system and supports the requirements for coincident development and concurrency between the system(s) supported and the training system. A systematically developed training system with appropriate training simulators, devices, and embedded training capability cost-effectively provides training for any given weapon or support system. Properly used, such training simulators and devices facilitate: training that might be impractical or unsafe if done with actual systems or equipment; concentrated practice in selected normal and emergency actions; the training of operators and maintainers to diagnose and address possible equipment faults; enhanced proficiency despite shortages of equipment, space, ranges, or time; control of life-cycle training costs; and reducing systems required in maintenance training.
(d) Emphasizes that training simulators and devices are integral parts of an overall training system. Those training systems without training simulators or devices specifically are excluded from this part.

73.2 Applicability and scope.

(a) This part applies to the Office of the Secretary of Defense (OSD) and the Military Departments, including their National Guard and Reserve components. The term “Military Services,” as used herein, refers to the Army, Navy, Air Force, Marine Corps, and the National Guard and Reserve components.
(b) This part shall not be construed to usurp management prerogatives or responsibilities of the Military Departments or their Guard or Reserve Components.
(c) For reporting purposes supporting acquisition review for training simulators or devices supporting a major system or comprising nonsystem training equipment, the dollar thresholds shall be those established in DoD 7110.1-M, part II.
(d) When the Secretary of Defense designates any training simulator or device as being of significant interest based on criteria other than cost, the Military Service concerned shall provide the documentation required by this part.
(e) The policies of this part shall be followed regardless of the cost of the training simulators or devices.
(f) In accordance with the responsibilities in E.O. 12344, the Department of Energy (DoE) has cognizance over the development of training systems and devices used in the training of naval nuclear propulsion plant operators. Such systems and devices are not covered by this Directive, but are coordinated separately with DoE.

73.3 Definitions.

Embedded training. Training using operational equipment that involves simulating or stimulating of equipment performance.
Non-system training device. A training simulator or device not supporting a single, specific, parent defense system.
Training simulator and/or device. Hardware and software designed or modified exclusively for training purposes involving simulation or stimulation in
§ 73.4 Policy.

(a) General. (1) It is DoD policy to optimize the operational readiness of the total forces by effecting the development and acquisition of training devices, in accordance with DoD Directive 5000.1. The requirement for development and acquisition of training devices shall be based on a Military Service’s training requirements analysis process. The analysis shall define the training need, determine whether existing training devices shall satisfy the training requirement, and evaluate the benefits and tradeoffs of potential alternative training solutions. This process shall consider how recommended training devices shall function in the National Guard and Reserve environment and how they shall meet any unique National Guard and Reserve training needs.

(2) All training devices supporting and unique to a major system acquisition should be documented and reviewed with the parent major system. Major system training devices shall be identified in the acquisition process in the Integrated Program Summary (IPS), in accordance with DoD Instruction 5000.2. Those training devices that are not included in a major system acquisition should be identified and justified in relation to a specific training program or course. The Military Services shall ensure that all development, procurement, operation, and support costs are programmed and funded.

(b) Development planning guidelines. (1) Once a training device requirement has been established, the training device program must be described and documented in a Military Service’s approved development plan (DP) or equivalent before development of the training device may proceed.

(2) The DP, which documents the Military Service’s training requirement, must integrate the proposed, specific training device hardware or software system being developed and acquired with the training system for which it is intended.

(c) Acquisition guidelines. (1) Training device alternatives including, but not limited to, trainers, general versus specific devices, real equipment versus
simulated equipment, and embedded
training capability should be evaluated
by the Military Service concerned.
Where applicable, economic analyses of
alternatives should be conducted in ac-
cordance with the methods and as-
sumptions in DoD Instruction 7041.3.
The evaluation of each alternative
should consider as appropriate:
(i) Life-cycle use versus costs.
(ii) Trade-off with requirements for
munitions, if applicable.
(iii) Capability of the training de-
vice(s) to accommodate changes made
to the parent defense systems based on
data on minimum and maximum
changes made over the life cycle of
similar defense systems.
(iv) Student load and curriculum
changes or field application training
changes anticipated during the life
cycle.
(2) When military specification
equipment is not required to meet per-
formance needs, commercial practices
and equipment should be used to con-
tain initial procurement and follow-on
support costs. Commercially available
training programs also deserve serious
consideration.
(3) Specifications should cover train-
ing functions, performance levels, and
required proficiency.
(d) Training effectiveness evaluation
guidelines. Analysis of training capa-
bility and potential should focus on
data based on actual experience.

§ 73.6 Procedures.
(a) OSD oversight for training de-
vices that support a major system or
constitute major systems in them-
selves, shall be accomplished during
the system acquisition review process.
Military Service-approved DPs, which
will evolve as data from detailed train-
ing analyses become available, shall be
forwarded to OSD not later than the
Program Objectives Memorandum
(POM) submission in which budget year
funds are requested for manufacture of
the initial or prototype device(s), but
in no case before the milestone listed
in paragraph (1) or (2) of this section.
Service charges to the DP shall be sub-
mitted to OSD as changes occur.
(b) DPs for training devices integral
to a major system acquisition shall be
submitted to support the Decision Co-
ordinating Paper/Integrated Program
summary of the parent defense system
by Milestone II.
(2) For training devices designated
major systems acquisitions, DPs shall
be submitted with, or incorporated
into, the System Concept Paper pre-
pared for Milestone I.
(3) For non-system training devices,
DPs, shall be submitted not later than
the POM submission in which budget

§ 73.7 Effective date and implementation.

This part is effective August 22, 1986. Forward one copy of each implementing document to the Assistant Secretary of Defense (Force Management and Personnel). Management reports and information specified herein shall be submitted for training devices reaching the stated milestones beginning with FY 87 as required by the ASD memorandum. Requirements shall be waived on a case-by-case basis for training devices for which this implementation date shall cause inordinate cost of manpower expenditures.

PART 74—APPOINTMENT OF DOCTORS OF OSTEOPATHY AS MEDICAL OFFICERS

Sec.
74.1 Purpose.
74.2 Policy.

AUTHORITY: 10 U.S.C. 3294, 5574, 8294.
SOURCE: 25 FR 14370, Dec. 31, 1960, unless otherwise noted.

§ 74.1 Purpose.

The purpose of this part is to implement the provisions of Pub. L. 763, 84th Congress (70 Stat. 608), relating to the appointment of doctors of osteopathy as medical officers.

§ 74.2 Policy.

In the interest of obtaining maximum uniformity, the following criteria are established for the appointment of doctors of osteopathy as medical officers:

(a) To be eligible for appointment as Medical Corps officers in the Army and Navy or designated as medical officers in the Air Force, a doctor of osteopathy must:

(1) Be a citizen of the United States;
(2) Be a graduate of a college of osteopathy whose graduates are eligible for licensure to practice medicine or surgery in a majority of the States, and be licensed to practice medicine, surgery, or osteopathy in one of the States or Territories of the United States or in the District of Columbia;
(3) Possess such qualifications as the Secretary concerned may prescribe for his service, after considering the recommendations for such appointment by the Surgeon General of the Army or the Air Force or the Chief of the Bureau of Medicine and Surgery of the Navy;
(4) Have completed a minimum of three years college work prior to entrance into a college of osteopathy;
(5) Have completed a four-year course with a degree of Doctor of Osteopathy from a school of osteopathy approved by the American Osteopathic Association; and
(6) Have had subsequent to graduation from an approved school of osteopathy 12 months or more of intern or residency training approved by the American Osteopathic Association.

PART 75—CONSCIENTIOUS OBJECTORS

§ 75.1 Purpose.

This part updates uniform Department of Defense procedures governing conscientious objectors and processing requests for discharge based on conscientious objection.

§ 75.2 Applicability and scope.

The provisions of this part apply to the military departments and govern the personnel of the Army, Navy, Air Force, and Marine Corps and all Reserve components thereof.

§ 75.3 Definitions.

(a) 

Conscientious objection—General. A firm, fixed and sincere objection to participation in war in any form or the bearing of arms, by reason of religious training and belief.

Class 1–O conscientious objector. A member, who, by reason of conscientious objection, sincerely objects to participation of any kind in war in any form.

Class 1–A–O conscientious objector. A member who, by reason of conscientious objection, sincerely objects to participation as a combatant in war in any form, but whose convictions are such as to permit military service in a noncombatant status.

Unless otherwise specified, the term “conscientious objector” includes both 1–O and 1–A–O conscientious objectors.

(b) Religious training and belief. Belief in an external power or being or deeply held moral or ethical belief, to which all else is subordinate or upon which all else is ultimately dependent, and which has the power or force to affect moral well-being. The external power or being need not be of an orthodox deity, but may be a sincere and meaningful belief which occupies in the life of its possessor a place parallel to that filled by the God of another, or, in the case of deeply held moral or ethical beliefs, a belief held with the strength and devotion of traditional religious conviction. The term “religious training and belief” may include solely moral or ethical beliefs even though the applicant himself may not characterize these beliefs as “religious” in the traditional sense, or may expressly characterize them as not religious. The term “religious training and belief” does not include a belief which rests solely upon considerations of policy, pragmatism, expediency, or political views.

(c) Noncombatant service or noncombatant duties (1–A–O) (used interchangeably herein). (1) Service in any unit of the Armed Forces which is unarmed at all times.

(2) Service in the medical department of any of the Armed Forces, wherever performed.

(3) Any other assignment the primary function of which does not require the use of arms in combat provided that such other assignment is acceptable to the individual concerned and does not require him to bear arms or to be trained in their use.

(4) Service aboard an armed ship or aircraft or in a combat zone shall not be considered to be combatant duty unless the individual concerned is personally and directly involved in the operation of weapons.

(d) Noncombatant training. Any training which is not concerned with the study, use or handling of arms or weapons.
§ 75.4 Policy.

(a) Administrative discharge prior to the completion of an obligated term of service is discretionary with the military service concerned, based on a judgment of the facts and circumstances in the case. However, insofar as may be consistent with the effectiveness and efficiency of the military services, a request for classification as a conscientious objector and relief from or restriction of military duties in consequence thereof will be approved to the extent practicable and equitable within the following limitations:

(1) Except as provided in paragraph (a)(2) of this section, no member of the Armed Forces who possessed conscientious objection beliefs before entering military service is eligible for classification as a conscientious objector if:

(i) Such beliefs satisfied the requirements for classification as a conscientious objector pursuant to section 6(j) of the Universal Military Training and Service Act, as amended (50 U.S.C. App. 456(j)) and other provisions of law, and
(ii) He failed to request classification as a conscientious objector by the Selective Service System;

(2) Nothing contained in this part renders ineligible for classification as a conscientious objector a member of the Armed Forces who possessed conscientious objector beliefs before entering military service if:

(i) Such beliefs crystallized after receipt of an induction notice; and
(ii) He could not request classification as a conscientious objector by the Selective Service System because of Selective Service System regulations prohibiting the submission of such requests after receipt of induction notice.

(b) Because of the personal and subjective nature of conscientious objection, the existence, honesty, and sincerity of asserted conscientious objection beliefs cannot be routinely ascertained by applying inflexible objective standards and measurements on an “across-the-board” basis. Requests for discharge or assignment to noncombatant training or service based on conscientious objection will, therefore, be handled on an individual basis with final determination made at the headquarters of the military service concerned in accordance with the facts and circumstances in the particular case and the policy and procedures set forth herein.

§ 75.5 Criteria.

General. The criteria set forth herein provide policy and guidance in considering applications for separation or for assignment to noncombatant training and service based on conscientious objection.

(a) Consistent with the national policy to recognize the claims of bona fide conscientious objectors in the military service, an application for classification as a conscientious objector may be approved subject to the limitations of § 75.4(a) for any individual:

(1) Who is conscientiously opposed to participation in war in any form;
(2) Whose opposition is founded on religious training and beliefs; and
(3) Whose position is sincere and deeply held.

(b) War in any form: The clause “war in any form” should be interpreted in the following manner:

(1) An individual who desires to choose the war in which he will participate is not a conscientious objector under the law. His objection must be to all wars rather than a specific war;
(2) A belief in a theocratic or spiritual war between the powers of good and evil does not constitute a willingness to participate in “war” within the meaning of this part.

(c) Religious training and belief: (1) In order to find that an applicant’s moral and ethical beliefs are against participation in war in any form and are held with the strength of traditional religious convictions, the applicant must show that these moral and ethical convictions, once acquired, have directed his life in the way traditional religious convictions of equal...
strength, depth and duration have directed the lives of those whose beliefs are clearly found in traditional religious convictions. In other words, the belief upon which conscientious objection is based must be the primary controlling force in the applicant’s life.

(2) A primary factor to be considered is the sincerity with which the belief is held. Great care must be exercised in seeking to determine whether asserted beliefs are honestly and genuinely held. Sincerity is determined by an impartial evaluation of the applicant’s thinking and living in its totality, past and present. Care must be exercised in determining the integrity of belief and the consistency of application. Information presented by the claimant should be sufficient to convince that the claimant’s personal history reveals views and actions strong enough to demonstrate that expediency or avoidance of military service is not the basis of his claim.

(i) Therefore, in evaluating applications the conduct of applicants, in particular their outward manifestation of the beliefs asserted, will be carefully examined and given substantial weight.

(ii) Relevant factors that should be considered in determining an applicant’s claim of conscientious objection include: Training in the home and church; general demeanor and pattern of conduct; participation in religious activities; whether ethical or moral convictions were gained through training, study, contemplation, or other activity comparable in rigor and dedication to the processes by which traditional religious convictions are formulated; credibility of the applicant; and credibility of persons supporting the claim.

(iii) Particular care must be exercised not to deny the existence of bona fide beliefs simply because those beliefs are incompatible with one’s own.

(a) Church membership or adherence to particular theological tenets are not required to warrant separation or assignment to noncombatant training and service for conscientious objectors.

(b) Mere affiliation with a church or other group which advocates conscientious objection as a tenet of its creed is not necessarily determinative of an applicant’s position or belief.

(c) Conversely, affiliation with a church or group which does not teach conscientious objection does not necessarily rule out adherence to conscientious objection beliefs in any given case.

(d) Where an applicant is or has been a member of a church, religious organization, or religious sect, and where his claim of conscientious objection is related to such membership, inquiry may properly be made as to the fact of membership, and the teaching of the church, religious organization, or religious sect, as well as the applicant’s religious activity. However, the fact that the applicant may disagree with, or not subscribe to, some of the tenets of his church does not necessarily discredit his claim. The personal convictions of each individual will be controlling so long as they derive from his moral, ethical or religious beliefs.

(e) Moreover, an applicant who is otherwise eligible for conscientious objector status may not be denied that status simply because his conscientious objection influences his views concerning the Nation’s domestic or foreign policies. The task is to decide whether the beliefs professed are sincerely held, and whether they govern the claimant’s actions in both word and deed.

(d) The burden of establishing a claim of conscientious objection as a ground for separation or assignment to noncombatant training and service is on the applicant. To this end, he must establish by clear and convincing evidence: (1) That the nature or basis of his claim comes within the definition of and criteria prescribed herein for conscientious objection, and (2) that his belief in connection therewith is honest, sincere and deeply held. The claimant has the burden of determining and setting forth the exact nature of his request, i.e., whether for separation based on conscientious objection (1-O) or for assignment to noncombatant training and service based on conscientious objection (1-A-O).

(e) An applicant claiming 1-O status shall not be granted 1-A-O status as a compromise.

(f) Persons who were classified 1-A-O by Selective Service prior to induction shall upon induction be transferred to
§ 75.6 Procedure.

(a) A member of the Armed Forces who seeks either separation or assignment to noncombatant duties by reason of conscientious objection will submit an application therefor. The applicant will indicate whether he is seeking a discharge or assignment to noncombatant duties and will include the following terms:

(1) The personal information required by § 75.9.

(2) Any other items which the applicant desires to submit in support of his case.

(b) Prior to processing the application of the individual, he will be advised of the specific provisions of section 3103 of title 38, United States Code\(^1\) regarding the possible effects of discharge as a conscientious objector who refuses to perform military duty or refused to wear the uniform or otherwise to comply with lawful orders of competent military authority, and (2) required to execute the statement in § 75.10.

(c) The applicant shall be personally interviewed by a chaplain who shall submit a written opinion as to the nature and basis of the applicant’s claim, and as to the applicant’s sincerity and depth of conviction. The chaplain’s report shall include the reasons for his conclusions. In addition, the applicant will be interviewed by a psychiatrist (or by a medical officer if a psychiatrist is not reasonably available) who shall submit a written report of psychiatric evaluation indicating the presence or absence of any psychiatric disorder which would warrant treatment or disposition through medical channels, or such character or personality disorder as to warrant recommendation

\(^1\) 38 U.S.C. 3103 provides, in pertinent part, that the discharge of any person on the grounds that he was a conscientious objector who refused to perform military duty or refused to wear the uniform or otherwise to comply with lawful orders of competent military authority, shall bar all rights (except government insurance) of such persons under law administered by the Veterans’ Administration based upon the period of service from which discharged or dismissed. The only exception is in cases in which it is established, to the satisfaction of the Administrator, that the member was insane.
Office of the Secretary of Defense § 75.6

for appropriate administrative action. This opinion and report will become part of the case file. If the applicant refuses to participate or is uncooperative or unresponsive in the course of the interview, this fact will be included in the statement and report filed by the chaplain and psychiatrist or medical officer.

(d) Commanders at levels directed by the Service Headquarters will appoint an officer in the grade of O-3 or higher to investigate the applicant’s claim. The officer so appointed will not be an individual in the chain of command of the applicant. If the applicant is a commissioned officer, the investigating officer must be senior in both temporary and permanent grades to the applicant.

(1) Upon appointment, the investigating officer will review the applicable service regulations which implement this part. During the course of his investigation, the investigating officer will obtain all necessary legal advice from the local Staff Judge Advocate or legal officer.

(2) The investigating officer will conduct a hearing on the application. The purpose of the hearing is: To afford the applicant an opportunity to present evidence he desires in support of his application; to enable the investigating officer to ascertain and assemble all relevant facts; to create a comprehensive record; and to facilitate an informed recommendation by the investigating officer and an informed decision on the merits by higher authority. In this regard, any failure or refusal of the applicant to submit to questioning under oath or affirmation before the investigating officer may be considered by the officer making his recommendation as evidence. Further, the applicant will be permitted to question any other witnesses who appear and to examine all items in the file.

(i) If the applicant desires, he shall be entitled to be represented by counsel, at his own expense, who shall be permitted to be present at the hearings, assist the applicant in the presentation of his case, and examine all items in the file.

(ii) The hearing will be informal in character and will not be governed by the rules of evidence employed by courts-martial except that all oral testimony presented shall be under oath or affirmation. Any relevant evidence may be received. Statements obtained from persons not present at the hearing need not be made under oath or affirmation. The hearing is not an adversary proceeding.

(iii) The applicant may submit any additional evidence that he desires (including sworn or unsworn statements) and present any witnesses in his own behalf, but he shall be responsible for securing their attendance. The installation or local commander will render all reasonable assistance in making available military members of his command requested by the applicant as witnesses. Further, the applicant will be permitted to question any other witnesses who appear and to examine all items in the file.

(iv) A verbatim record of the hearing is not required. If the applicant desires such a record and agrees to provide it at his own expense, he may do so. If he elects to provide such a record, he shall make a copy thereof available to the investigating officer, at no expense to the Government, at the conclusion of the hearing. In the absence of a verbatim record, the investigating officer will summarize the testimony of witnesses and permit the applicant or his counsel to examine the summaries and note for the record their differences with the investigating officer’s summary. Copies of statements and other documents received in evidence will be made a part of the hearing record.

(3) At the conclusion of the investigation, the investigating officer will prepare a written report which will contain the following:

(i) A statement as to whether the applicant appeared, whether he was accompanied by counsel, and, if so, the latter’s identity, and whether the nature and purpose of the hearing were explained to the applicant and understood by him.

(ii) Any documents, statements and other material received during the investigation.

(iii) Summaries of the testimony of the witnesses presented (or a verbatim
§ 75.7 Action after decision.

(a) Applicants requesting discharge who are determined to be 1–O conscientious objectors by the headquarters of the service concerned will be discharged for the convenience of the Government with entry in personnel records and discharge papers that the reason for separation is conscientious objection. The type of discharge issued

(b) To the extent practicable under the circumstances, during the period applications are being processed and until a decision is made by the headquarters of the service concerned, every effort will be made to assign applicants to duties within the command to which they are assigned which will conflict as little as possible with their asserted beliefs. However, members desiring to file application who are on orders for reassignment may be required by the military service concerned to submit applications at their next permanent duty station. During the period applications are being processed, applicants will be expected to conform to the normal requirements of military service and to perform satisfactorily such duties to which they are assigned. Applicants may be disciplined for violations of the Uniform Code of Military Justice while awaiting action on their applications.

(c) The record of the case will be forwarded to the headquarters of the service concerned where it shall be reviewed for completeness and legal sufficiency. If necessary, the case may be returned to the investigating office for further investigation. When the record is complete, the authority who appointed the investigating officer shall forward it with his personal recommendation for disposition, and the reasons therefor, through the appropriate chain of command to headquarters of the military service concerned.

(d) The headquarters of the military service concerned will make a final decision based on the entire record. 3. If the Selective Service System advises that any claim under paragraph (a) of this section is unfounded or makes a final determination adverse to any claim, the claimant will be so informed and returned to general duty.

(c) Pending investigation and resolution of all claims covered by this section, a claimant will be assigned duties which conflict as little as practicable with his asserted beliefs, insofar as is consistent with the effectiveness and efficiency of the military forces.

PART 78—VOLUNTARY STATE TAX WITHHOLDING FROM RETIRED PAY

Sec. 78.1 Purpose.
78.2 Applicability and scope.
78.3 Definitions.
78.4 Policy.
78.5 Procedures.
78.6 Responsibilities.
78.7 Standard agreement.

AUTHORITY: 10 U.S.C. 1045.

SOURCE: 50 FR 47220, Nov. 15, 1985, unless otherwise noted.
§ 78.1 Purpose.
Under 10 U.S.C. 1045, this part provides implementing guidance for voluntary State tax withholding from the retired pay of uniformed Service members.

§ 78.2 Applicability and scope.
(a) This part applies to the Office of the Secretary of Defense, the Military Departments, the Coast Guard (under agreement with the Department of Transportation), the Public Health Service (PHS) (under agreement with the Department of Health and Human Services and the National Oceanic and Atmospheric Administration (NOAA) (under agreement with the Department of Commerce). The term “Uniformed Services,” as used herein, refers to the Army, Navy, Air Force, Marine Corps, Coast Guard, commissioned corps of the PHS, and the Commissioned corps of the NOAA.
(b) It covers members retired from the regular and reserve components of the Uniformed Services who are receiving retired pay.

§ 78.3 Definitions.
(a) Income tax. Any form of tax under a State statute where the collection of that tax either imposes on employers generally the duty of withholding sums from the compensation of employees and making returns of such sums to the State, or grants employers generally the authority to withhold sums from the compensation of employees if any employee voluntarily elects to have such sum withheld. And, the duty to withhold generally is imposed, or the authority to withhold generally is granted, with respect to the compensation of employees who are residents of such State.
(b) Member. A person originally appointed or enlisted in, or conscripted into, a Uniformed Service who has retired from the regular or reserve component of the Uniformed Service concerned.
(c) Retired pay. Pay and benefits received by a member based on conditions of the retirement law, pay grade, years of service, date of retirement, transfer to the Fleet Reserve or Fleet Marine Corps Reserve, or disability. It also is known as retainer pay.

(d) State. Any State, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession of the United States.

§ 78.4 Policy.
(a) It is the policy of the Uniformed Services to accept written requests from members for voluntary income tax withholding from retired pay when the Department of Defense has an agreement for such withholding with the State named in the request.
(b) The Department of Defense shall enter into an agreement for the voluntary withholding of State income taxes from retired pay with any State within 120 days of a request for agreement from the proper State official. The agreement shall provide that the Uniformed Services shall withhold State income tax from the monthly retired pay of any member who voluntarily requests such withholding in writing.

§ 78.5 Procedures.
(a) The amounts withheld during any calendar quarter shall be retained by the Uniformed Service and disbursed to the States during the month following that calendar quarter. Payment procedures shall conform, to the extent practicable, to the usual fiscal practices of the Uniformed Services.
(b) A member may request that the State designated for withholding be changed and that the subsequent withholdings be remitted as amended. A member may revoke his or her request for withholding at any time. Any request for a change in the State designated or any revocation is effective on the first day of the month after the month in which the request or revocation is processed by the Uniformed Service concerned, but in no event later than on the first day of the second month beginning after the day on which the request or revocation is received by the Uniformed Service concerned.
(c) A member may have in effect at any time only one request for withholding under this part. A member may not have more than two such requests in effect during any one calendar year.
(d) The agreements with States may not impose more burdensome requirements on the United States than on employers generally or subject the United States, or any member, to a penalty or liability because of such agreements.

(e) The Uniformed Services shall perform the services under this part without accepting payment from States for such services.

(f) The Uniformed Services may honor a retiree’s request for refund until a payment has been made to the State. After that, the retiree may seek a refund of any State tax overpayment by filing the appropriate State tax form with the State that received the voluntary withholding payments. The Uniformed Services may honor a retiree’s request for refund until a payment has been made to the State. State refunds will be in accordance with State income tax policy and procedures.

(g) A member may request voluntary tax withholding by writing the retired pay office of his or her Uniformed Service. The request shall include: The member’s full name, social security number, the fixed amount to be withheld monthly from retired pay, the State designated to receive the withholding, and the member’s current residence address. The request shall be signed by the member, or in the case of incompetence, his or her guardian or trustee. The amount of the request for State tax withholding must be an even dollar amount, not less than $10 or less than the State’s minimum withholding amount, if higher. The Uniformed Services’ retired pay office addresses are given as follows:

1. Army—Commanding Officer, Army Finance and Accounting Center (Dept. 90), Indianapolis, IN 46239, (800) 428-2290.
4. Marine Corps—Commanding Officer (CPR), Marine Corps Finance Center, Kansas City, MO 64197, (816) 926-7120.
5. Coast Guard—Commanding Officer (Retired), U.S. Coast Guard Pay and Personnel Center, 444 S.E. Quincy Street, Topeka, KS 66683, (913) 295-2657.

7. NOAA—Commanding Officer, Navy Finance Center (Code 301), Anthony J. Celebreze Federal Building, Cleveland, OH 44199, (800) 321-1080.

(h) If a member’s retired pay is not sufficient to satisfy a member’s request for a voluntary State tax, then the withholding will cease. A member may initiate a new request when such member’s retired pay is restored in an amount sufficient to satisfy the withholding request.

(i) A State requesting an agreement for the voluntary withholding of State tax from the retired pay of members of the Uniformed Services shall indicate, in writing, its agreement to be bound by the provisions of this part. If the State proposes an agreement that varies from the Standard Agreement, the State shall indicate which provisions of the Standard Agreement are not acceptable and propose substitute provisions. The letter shall be addressed to the Assistant Secretary of Defense (Comptroller), the Pentagon, Washington, DC 20301. To be effective, the letter must be signed by a State official authorized to bind the State under an agreement for tax withholding. Copies of applicable State laws that authorize employers to withhold State income tax and authorize the official to bind the State under an agreement for tax withholding shall be enclosed with the letter. The letter also shall indicate the title and address of the official whom the Uniformed Services may contact to obtain information necessary for implementing withholding.

(j) Within 120 days of the receipt of a letter from a State, the Assistant Secretary of Defense (Comptroller), or designee, will notify the State, in writing, that DoD has either entered into the Standard Agreement or that an agreement cannot be entered into with the State and the reasons for that determination.

[50 FR 47220, Nov. 15, 1985, as amended at 50 FR 49939, Dec. 6, 1985]

c (c) Attention deficit disorder (ADD). As used to define students, encompasses attention-deficit hyperactivity disorder and attention deficit disorder without hyperactivity. The essential features of this disorder are developmentally inappropriate degrees of inattention, impulsiveness, and hyperactivity.

(1) A diagnosis of ADD may be made only after the child is evaluated by appropriate medical personnel, and evaluation procedures set forth in this part (appendix B to this part) are followed.

(2) A diagnosis of ADD, in and of itself, does not mean that a child requires special education; it is possible that a child diagnosed with ADD, as the only finding, can have his or her educational needs met within the regular education setting.

(3) For a child with ADD to be eligible for special education, the Case Study Committee, with assistance from the medical personnel conducting the evaluation, must then make a determination that the ADD is a chronic or acute health problem that results in limited alertness, which adversely affects educational performance. Children with ADD who are eligible for special education and medically related services will qualify for services under “Other Health Impaired” as described in Criterion A, paragraph (h)(1) of this section.

(d) Autism. A developmental disability significantly affecting verbal and non-verbal communication and social interaction generally evident before age 3 that adversely affects educational performance. Characteristics of autism include irregularities and impairments in communication, engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. The term does not include children with characteristics of the disability of serious emotional disturbance.

e (e) Case Study Committee (CSC). A school-based committee that determines a child’s eligibility for special education, develops and reviews a child’s individualized education program (IEP), and determines appropriate placement in the least restrictive environment. A CSC is uniquely composed for each child. Participants on a CSC must include:

(1) The designated representative of the Section 6 School Arrangement, who is qualified to supervise the provision of special education. Such representative may not be the child’s special education teacher.

(2) One, or more, of the child’s regular education teachers, if appropriate.

(3) A special education teacher.

(4) One, or both, of the child’s parents.

(5) The child, if appropriate.

(6) A member of the evaluation team or another person knowledgeable about the evaluation procedures used with the child.

(7) Other individuals, at the discretion of the parent or the Section 6 School Arrangement, who may have pertinent information.

(f) Child-find. The ongoing process used by the Military Services and a Section 6 School Arrangement to seek and identify children (from birth to 21 years of age) who show indications that they might be in need of early intervention services or special education and related services. Child-find activities include the dissemination of information to the public and identification, screening, and referral procedures.

g (g) Children with disabilities ages 5–21 (inclusive). Those children ages 5–21 years (inclusive), evaluated in accordance with this part, who are in need of special education as determined by a CSC and who have not been graduated from a high school or who have not completed the requirements for a General Education Diploma. The terms “child” and “student” may also be used to refer to this population. The student must be determined eligible
under one of the following four categories:

(1) **Criterion A.** The educational performance of the student is adversely affected, as determined by the CSC, by a physical impairment; visual impairment including blindness; hearing impairment including deafness; orthopedic impairment; or other health impairment, including ADD, when the condition is a chronic or acute health problem that results in limited alertness; autism; and traumatic brain injury requiring environmental and/or academic modifications.

(2) **Criterion B.** A student who manifests a psychoemotional condition that is the primary cause of educational difficulties; a student who exhibits maladaptive behavior to a marked degree and over a long period of time that interferes with skill attainment, classroom functioning or performance, social-emotional condition, and who as a result requires special education. The term does not usually include a student whose difficulties are primarily the result of:
- (i) Intellectual deficit;
- (ii) Sensory or physical impairment;
- (iii) Attention deficit hyperactivity disorder;
- (iv) Antisocial behavior;
- (v) Parent-child or family problems;
- (vi) Disruptive behavior disorders;
- (vii) Adjustment disorders;
- (viii) Interpersonal or life circumstance problems; or
- (ix) Other problems that are not the result of a severe emotional disorder.

(3) **Criterion C.** The educational performance of the student is adversely affected, as determined by the CSC, by a speech and/or language impairment.

(4) **Criterion D.** The measured academic achievement of the student in math, reading, or language is determined by the CSC to be adversely affected by underlying disabilities (including mental retardation and specific learning disability) including either an intellectual deficit or an information processing deficit.

(5) **Criterion E.** A child, 0–5 inclusive, whose functioning level as determined by the CSC is developmentally delayed and would qualify for special education and related services as determined by this regulation.

(h) **Consent.** This term means that:

(1) The parent of an infant, toddler, child, or preschool child with a disability has been fully informed, in his or her native language, or in another mode of communication, of all information relevant to the activity for which permission is sought.

(2) The parent understands and agrees in writing to the implementation of the activity for which his or her permission is sought. The writing must describe that activity, list the child’s records that will be released and to whom, and acknowledge that the parent understands consent is voluntary and may be prospectively revoked at any time.

(3) The parent of an infant, toddler, preschool child or child must consent to the release of records. The request for permission must describe that activity, list each individual’s records that will be released and to whom, and acknowledge that the parent understands consent is voluntary and may be prospectively revoked at any time.

(4) The written consent of a parent of an infant or toddler with a disability is necessary for implementation of early intervention services described in the individualized family service plan (IFSP). If such parent does not provide consent with respect to a particular early intervention service, then the early intervention services for which consent is obtained shall be provided.

(i) **Deaf.** A hearing loss or deficit so severe that the child is impaired in processing linguistic information through hearing, with or without amplification, to the extent that his or her educational performance is adversely affected.

(j) **Deaf-blind.** Concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational problems that they cannot be accommodated in special education programs solely for children with deafness or children with blindness.

(k) **Developmental delay.** A significant discrepancy in the actual functioning of an infant or toddler when compared with the functioning of a nondisabled
§ 80.3  

infant or toddler of the same chronological age in any of the following areas of development: Physical development, cognitive development, communication development, social or emotional development, and adaptive development as measured using standardized evaluation instruments and confirmed by clinical observation and judgment. A significant discrepancy exists when the one area of development is delayed by 25 percent or 2 standard deviations or more below the mean or when two areas of development are each delayed by 20 percent or 1½ standard deviations or more below the mean. (Chronological age should be corrected for prematurity until 24 months of age.)

(l) Early intervention service coordination services. Case management services that include integration and oversight of the scheduling and accomplishment of evaluation and delivery of early intervention services to an infant or toddler with a disability and his or her family.

Also included are assistive technology devices and assistive technology services; health services necessary to enable the infant or toddler to benefit from the above early intervention services; and transportation and related costs that are necessary to enable an infant or toddler and the infant’s or toddler’s family to receive early intervention services.

(6) Are provided by qualified personnel, including: Special educators; speech and language pathologists and audiologists; occupational therapists; physical therapists; psychologists; social workers; nurses’ nutritionists; family therapists; orientation and mobility specialists; and pediatricians and other physicians.

(7) To the maximum extent appropriate, are provided in natural environments, including the home and community settings in which infants and toddlers without disabilities participate.

(o) Evaluation. Procedures used to determine whether an individual (birth through 21 inclusive) has a disability under this part and the nature and extent of the early intervention services and special education and related services that the individual needs. These procedures must be used selectively with an individual and may not include basic tests administered to, or used with, all infants, toddlers, preschool children or children in a school, grade, class, program, or other grouping.

(p) Free appropriate public education. Special education and related services for children ages 3–21 years (inclusive) that:

13. Section 6 School Arrangements shall ensure that an IEP is developed and implemented for each preschool child or child with a disability whom the CSC places in a non-Section 6 School or other facility.

D. Placement Procedures and Least Restrictive Environment

1. The placement of a preschool child or child in any special education program by the Section 6 School Arrangement shall be made only under an IEP and after a determination has been made that such student has a disability and needs special education and/or related services.

2. The Section 6 School Arrangement CSC shall identify the special education and related services to be provided under the IEP.

3. A placement decision may not be implemented without the consent of a parent of the preschool child or child, except as otherwise provided in accordance with this part.

4. The placement decision must be designed to educate a preschool child or child with a disability in the least restrictive environment so that such student is educated to the maximum extent appropriate with students who do not have disabilities. Special classes, separate schooling, or other removal of preschool children or children with disabilities from the regular educational environment shall occur only when the nature or severity of the disability is such that the preschool child or child with disabilities cannot be educated satisfactorily in the regular classes with the use of supplementary aids and services.

5. Each educational placement for a preschool child or child with a disability shall be:

a. Determined at least annually by the appropriate CSC.
b. Based on the preschool child or child’s IEP.
c. Located as close as possible to the residence of the parent who is sponsoring the preschool child or child for attendance in a Section 6 School Arrangement.
d. Designed to assign the preschool child or child to the school such student would attend if he or she were not a student with a disability, unless the IEP requires some other arrangement.
e. Predicated on the consideration of all factors affecting the preschool child’s or child’s well-being, including the effects of separation from parent(s).
f. To the maximum extent appropriate, designed so that the preschool child or child participates in school activities, including

E. Children With Disabilities Placed in Non-Section 6 School Arrangements

1. Before a Section 6 School Arrangement CSC, with the concurrence of the Section 6 School Arrangement Superintendent concerned, places a preschool child or child with a disability in a non-Section 6 School or facility, the Section 6 School CSC shall conduct a meeting in accordance with this part to initiate the development of an IEP for such student.

2. Preschool children and children with disabilities eligible to receive instruction in Section 6 School Arrangements who are referred to another school or facility by the Section 6 School CSC have all the rights of students with disabilities who are attending the Section 6 School Arrangement.

a. If a Section 6 School Arrangement CSC places a preschool child or child with a disability in a non-Section 6 School Arrangement or facility as a means of providing special education and related services, the program of that facility, including nonmedical care, room, and board, as set forth in the student’s IEP, must be at no cost to the student or the student’s parents.

b. A Section 6 School Arrangement CSC may place a preschool child or child with a disability in a non-Section 6 School Arrangement or facility only if required by an IEP. An IEP for a student placed in a non-Section 6 School is not valid until signed by the Section 6 School CSC, with the concurrence of the Section 6 School Arrangement Superintendent, or designee, who must have participated in the IEP meeting. The IEP shall include determinations that:

(1) The Section 6 School Arrangement does not currently have, and cannot reasonably create, an educational program appropriate to meet the needs of the student with a disability.

(2) The non-Section 6 School Arrangement or facility and its educational program conform to this part.

3. A Section 6 School Arrangement is not responsible for the cost of a non-Section 6 School Arrangement placement when placement is made unilaterally, without the approval of the cognizant CSC and the Superintendent, unless it is directed by a hearing officer under appendix C of this part or a court of competent jurisdiction.

F. Procedural Safeguards

1. Parents shall be given written notice before the Section 6 School Arrangement CSC proposes to initiate or change, or refuses to initiate or change, either the identification, evaluation, or educational placement of a preschool child or child receiving, or entitled to receive, special education and related services from a Section 6 School Arrangement, or the provision of a free appropriate public education by the Section 6 School Arrangement to the child. The notice shall fully inform a parent of the procedural rights conferred by this part and shall be given in the parent’s native language, unless it clearly is not feasible to do so.

2. The consent of a parent of a preschool child or child with a disability or suspected of having a disability shall be obtained before any:

a. Initiation of formal evaluation procedures;

b. Initial special educational placement; or

c. Change in educational placement.

3. If a parent refuses consent to any formal evaluation or initial placement in a special education program, the Section 6 School Arrangement Superintendent may initiate an impartial due process hearing, as provided in appendix C of this part to show why an evaluation or placement in a special education program should occur without such consent. If the hearing officer sustains the Section 6 School Arrangement position in the impartial due process hearing, the appropriate CSC may evaluate or provide special education and related services to the preschool child or child without the consent of a parent, subject to the parent’s due process rights.

4. A parent is entitled to an independent evaluation of his or her preschool child or child at the Section 6 School Arrangement’s expense, if the parent disagrees with the findings of an evaluation of the student conducted by the school and the parent successfully challenges the evaluation in an impartial due process hearing.

a. If an independent evaluation is provided at the expense of a Section 6 School Arrangement, it must meet the following criteria:

(1) Conform to the requirements of this part,

(2) Be conducted, when possible, within the area where the preschool child or child resides,

(3) Meet applicable DoD standards governing persons qualified to conduct an evaluation,

b. If the final decision rendered in an impartial due process hearing sustains the evaluation of the Section 6 School Arrangement CSC, the parent has the right to an independent evaluation, but not at the expense of the Department of Defense or any DoD Component.

5. The parents of a preschool child or child with a disability shall be afforded an opportunity to inspect and review all relevant educational records concerning the identification, evaluation, and educational placement of such student, and the provision of a free appropriate public education to him or her.

6. Upon complaint presented in a written petition, the parent of a preschool child or
child with a disability or the Section 6 School System shall have the opportunity for an impartial due process hearing provided by the Department of Defense as prescribed by appendix C of this part.

7. During the pendency of any impartial due process hearing or judicial proceeding on the identification, evaluation, or educational placement of a preschool child or child with a disability receiving an education from a Section 6 School Arrangement or the provision of a free appropriate public education to such a student, unless the Section 6 School Arrangement and a parent of the student agree otherwise, the student shall remain in his or her present educational placement, subject to the disciplinary procedures prescribed in this part.

8. If a preschool child or child with a disability, without a current IEP, who is entitled to receive educational instruction from a Section 6 School Arrangement is applying for initial admission to a Section 6 School Arrangement, that student shall enter that Arrangement on the same basis as a student without a disability.

9. The parent of a preschool child or child with a disability or a Section 6 School Arrangement employee may file a written communication with the Section 6 School Arrangement Superintendent about possible general violations of this part or Pub. L. 101-476, as amended. Such communications will not be treated as complaints under appendix C of this part.

G. Disciplinary Procedures

1. All regular disciplinary rules and procedures applicable to students receiving educational instruction in the Section 6 School Arrangements shall apply to preschool children and children with disabilities who violate school rules and regulations or disrupt regular classroom activities, subject to the provisions of this section.

2. The appropriate CSC shall determine whether the conduct of a preschool child or child with a disability is the result of that disability before the long-term suspension (10 consecutive or cumulative days during the school year) or the expulsion of that student.

3. If the CSC determines that the conduct of such a preschool child or child with a disability results in whole or in part from his or her disability, that student may not be subject to any regular disciplinary rules and procedures; and

a. The student’s parent shall be notified in accordance with this part of the right to have an IEP meeting before any change in the student’s special education placement.

(31) A termination of the student’s education for more than 10 days, either cumulative or consecutive, constitutes a change of placement."

b. The Section 6 School Arrangement CSC or another authorized school official shall ensure that an IEP meeting is held to determine the appropriate educational placement for the student in consideration of his or her conduct before the tenth cumulative day of the student’s suspension or an expulsion.

4. A preschool child or child with a disability shall neither be suspended for more than 10 days nor expelled, and his or her educational placement shall not otherwise be changed for disciplinary reasons, unless in accordance with this section, except that:

a. This section shall be applicable only to preschool children and children determined to have a disability under this part.

b. Nothing contained herein shall prevent the emergency suspension of any preschool child or child with a disability who endangers or appears to endanger the health, welfare, or safety of himself or herself, or any other student, teacher, or school personnel, provided that:

(1) The appropriate Section 6 School Arrangement CSC shall immediately meet to determine whether the preschool child’s or child’s conduct results from his or her disability and what change in special education placement is appropriate for that student.

(2) The child’s parent(s) shall be notified immediately of the student’s suspension and of the time, purpose, and location of the CSC meeting and their right to attend the meeting.

(3) A component is included in the IEP that addresses the behavioral needs of the student.

(4) The suspension of the student is only effective for the duration of the emergency.

APPENDIX C TO PART 80—HEARING PROCEDURES

A. Purpose

This appendix establishes adjudicative requirements whereby the parents of infants, toddlers, preschool children, and children who are covered by this part and, as the case may be, the cognizant Military Department or Section 6 School System are afforded impartial due process hearings and administrative appeals on the early intervention services or identification, evaluation, and educational placement of, and the free appropriate public education provided to, such children by the Department of Defense, in accordance with Pub. L. 101-476, as amended, 20 U.S.C. sec. 1401 et seq.; Pub. L. 81-674, sec. 6, as amended, 20 U.S.C. sec. 241; Pub. L. 97-35, sec. 505(c), 20 U.S.C. sec. 241 note; and Pub. L. 102-119, sec. 26, 20 U.S.C. sec. 241(a).

B. Administration

1. The Directorate for the Defense Office of Hearings and Appeals (DOHA) shall have administrative responsibility for the proceedings authorized by this appendix.
Office of the Secretary of Defense
Pt. 80, App. C

2. This appendix shall be administered to ensure that the findings, judgments, and determinations made are prompt, fair, and impartial.

3. Impartial hearing officers, who shall be DOHA Administrative Judges, shall be appointed by the Director, DOHA, and shall be attorneys who are independent of the Section 6 School System or the Military Department concerned in proceedings conducted under this appendix. A parent shall have the right to be represented in such proceedings, at no cost to the government, by counsel and by persons with special knowledge or training with respect to the problems of individuals with disabilities. DOHA Department Counsel normally shall appear and represent the Section 6 School System in proceedings conducted under this appendix, when such proceedings involve a preschool child or child. When an infant or toddler is involved, the Military Department responsible under this part for delivering early intervention services shall either provide its own counsel or request counsel from DOHA.

C. Mediation

1. Mediation can be initiated by either a parent or, as appropriate, the Military Department concerned or the Section 6 School System to resolve informally a disagreement on the early intervention services for an infant or toddler or the identification, evaluation, educational placement of, or the free appropriate public education provided to, a preschool child or child. The cognizant Military Department, rather than the Section 6 School System, shall participate in mediation involving early intervention services. Mediation shall consist of, but not be limited to, an informal discussion of the differences between the parties in an effort to resolve those differences. The parents and the appropriate school or Military Department officials may attend mediation sessions.

2. Mediation must be conducted, attempted, or refused in writing by a parent of the infant, toddler, preschool child or child whose early intervention or special education services (including related services) are at issue before a request for, or initiation of, a hearing authorized by this appendix. Any request by the Section 6 School System or Military Department for a hearing under this appendix shall state how this requirement has been satisfied. No stigma may be attached to the refusal of a parent to mediate or to an unsuccessful attempt to mediate.

D. Practice and Procedure

1. Hearing

a. Should mediation be refused or otherwise fail to resolve the issues on the provision of early intervention services or a free, appropriate public education to a disabled infant, toddler, preschool child or child or the identification, evaluation, or educational placement of such an individual, the parent or either the school principal, on behalf of the Section 6 School System, or the military medical treatment facility commander, on behalf of the Military Department having jurisdiction over the infant or toddler, may request and shall receive a hearing before a hearing officer to resolve the matter. The parents of an infant, toddler, preschool child or child and the Section 6 School System or Military Department concerned shall be the only parties to a hearing conducted under this appendix.

b. The party seeking the hearing shall submit a written request, in the form of a petition, setting forth the facts, issues, and proposed relief, to the Director, DOHA. The petitioner shall deliver a copy of the petition to the opposing party (that is, the parent or the school principal, on behalf of the Section 6 School System, or the military medical treatment facility commander, on behalf of the Military Department), either in person or by first-class mail, postage prepaid. Delivery is complete upon mailing. When the Section 6 School System or Military Department petitions for a hearing, it shall inform the other parties of the deadline for filing an answer under paragraph D.1.c. of this appendix, and shall provide the other parties with a copy of this part.

c. An opposing party shall submit an answer to the petition to the Director, DOHA, with a copy to the petitioner, within 15 calendar days of receipt of the petition. The answer shall be as full and complete as possible, addressing the issues, facts, and proposed relief. The submission of the answer is complete upon mailing.

d. Within 10 calendar days after receiving the petition, the Director, DOHA, shall assign a hearing officer, who then shall have jurisdiction over the resulting proceedings. The Director, DOHA, shall forward all pleadings to the hearing officer.

e. The questions for adjudication shall be based on the petition and the answer, provided that a party may amend a pleading if the amendment is filed with the hearing officer and is received by the other parties at least 5 calendar days before the hearing.

f. The Director, DOHA, shall arrange for the time and place of the hearing, and shall provide administrative support. Such arrangements shall be reasonably convenient to the parties.

g. The purpose of a hearing is to establish the relevant facts necessary for the hearing officer to reach a fair and impartial determination of the case. Oral and documentary evidence that is relevant and material may be received. The technical rules of evidence shall be relaxed to permit the development of a full evidentiary record, with the Federal

Those normally authorized to attend a hearing shall be the parents of the individual with disabilities, the counsel and personal representative of the parents, the counsel and professional employees of the Section 6 School System or Military Department concerned, the hearing officer, and a person qualified to transcribe or record the proceedings. The hearing officer may permit other persons to attend the hearing, consistent with the privacy interests of the parents and the individual with disabilities, provided the parents have the right to an open hearing upon waiving in writing their privacy rights and those of the individual with disabilities.

j. A verbatim transcription of the hearing shall be made in written or electronic form and shall become a permanent part of the record. A copy of the written transcript or electronic recording of the hearing shall be made available to a parent upon request and without cost. The hearing officer may allow corrections to the written transcript or electronic recording for the purpose of conforming it to actual testimony after adequate notice of such changes is given to all parties.

k. The hearing officer’s decision of the case shall be based on the record, which shall include the petition, the answer, the written transcript or the electronic recording of the hearing, exhibits admitted into evidence, pleadings or correspondence properly filed and served on all parties, and such other matters as the hearing officer may include in the record, provided that such matter is made available to all parties before the record is closed under paragraph D.1.m. of this appendix.

l. The hearing officer shall make a full and complete record of a case presented for adjudication.

m. The hearing officer shall decide when the record in a case is closed.

n. The hearing officer shall issue findings of fact and render a decision in a case not later than 50 calendar days after being assigned to the case, unless a discovery request under section D.2. of this appendix is pending.

2. Discovery

a. Full and complete discovery shall be available to parties to the proceeding, with the Federal Rules of Civil Procedure (28 U.S.C.) serving as a guide.

b. If voluntary discovery cannot be accomplished, a party seeking discovery may file a motion to accomplish discovery, provided such motion is founded on the relevance and materiality of the proposed discovery to the issues. An order granting discovery shall be enforceable as is an order compelling testimony or the production of evidence.

c. A copy of the written or electronic transcription of a deposition taken by the Section 6 School System or Military Department concerned shall be made available free of charge to a parent.

3. Witnesses; Production of Evidence

a. All witnesses testifying at the hearing shall be advised that it is a criminal offense knowingly and willfully to make a false statement or representation to a Department or Agency of the United States Government as to any matter within the jurisdiction of the Department or Agency. All witnesses shall be subject to cross-examination by the parties.

b. A party calling a witness shall bear the witness’ travel and incidental expenses associated with testifying at the hearing. The Section 6 School System or Military Department concerned shall pay such expenses when a witness is called by the hearing officer.

c. The hearing officer may issue an order compelling the attendance of witnesses or the production of evidence upon the hearing officer’s own motion or, if good cause be shown, upon motion of a party.

d. When the hearing officer determines that a person has failed to obey an order to testify or to produce evidence, such failure is in knowing and willful disregard of the order, the hearing officer shall so certify.

e. The party or the hearing officer seeking to compel testimony or the production of evidence may, upon the certification provided for in paragraph D.2.c. of the section, file an appropriate action in a court of competent jurisdiction to compel compliance with the hearing officer’s order.

4. Hearing Officer’s Findings of Fact and Decision

a. The hearing officer shall make written findings of fact and shall issue a decision setting forth the questions presented, the resolution of those questions, and the rationale for the resolution. The hearing officer shall file the findings of fact and decision with the Director, DOHA, with a copy to the parties.

b. The Director, DOHA, shall forward to the Director, Section 6 Schools or the Military Department concerned and the Domestic Advisory Panel copies, with all personally identifiable information deleted, of the hearing officer’s findings of fact and decision.
or, in cases that are administratively appealed, of the final decision of the DOHA Appeal Board.

c. The hearing officer shall have the authority to impose financial responsibility for early intervention services, educational placements, evaluations, and related services under his or her findings of fact and decision.

d. The findings of fact and decision of the hearing officer shall become final unless a notice of appeal is filed under section F.1. of this appendix. The Section 6 School System or Military Department concerned shall implement a decision as soon as practicable after it becomes final.

E. Determination Without Hearing

1. At the request of a parent of the infant, toddler, preschool child or child when early intervention or special educational (including related) services are at issue, the requirement for a hearing may be waived, and the case may be submitted to the hearing officer on written documents filed by the parties. The hearing officer shall make findings of fact and issue a decision within the period fixed by paragraph D.1.n. of this appendix.

2. The Section 6 School System or Military Department concerned may oppose a request to waive the hearing. In that event, the hearing officer shall rule on the request.

3. Documents submitted to the hearing officer in a case determined without a hearing shall comply with paragraph D.1.g. of this appendix. A party submitting such documents shall provide copies to all other parties.

F. Appeal

1. A party may appeal the hearing officer’s findings of fact and decision by filing a written notice of appeal with the Director, DOHA, within 5 calendar days of receipt of the findings of fact and decision. The notice of appeal must contain the appellant’s certification that a copy of the notice of appeal has been provided to all other parties. Filing is complete upon mailing.

2. Within 10 calendar days of the filing the notice of appeal, the appellant shall submit a written statement of issues and arguments to the Director, DOHA, with a copy to the other parties. The other parties shall submit a reply or replies to the Director, DOHA, within 15 calendar days of receiving the statement, and shall deliver a copy of each reply to the appellant. Submission is complete upon mailing.

3. The Director, DOHA, shall refer the matter on appeal to the DOHA Appeal Board. It shall determine the matter, including the making of interlocutory rulings, within 60 calendar days of receiving timely submitted replies under section F.2. of this appendix. The DOHA Appeal Board may require oral argument at a time and place reasonable convenient to the parties.

4. The determination of the DOHA Appeal Board shall be a final administrative decision and shall be in written form. It shall address the issues presented and set forth a rationale for the decision reached. A determination denying the appeal of a parent in whole or in part shall state that the parent has the right under Pub. L. 101–476, as amended, to bring a civil action on the matters in dispute in a district court of the United States without regard to the amount in controversy.

5. No provision of this part or other DoD guidance may be construed as conferring a further right of administrative review. A party must exhaust all administrative remedies afforded by this appendix before seeking judicial review of a determination made under this appendix.

G. Publication and Indexing of Final Decisions

The Director, DOHA, shall ensure that final decisions in cases arising under this Appendix are published and indexed to protect the privacy rights of the parents who are parties in those cases and the children of such parents, in accordance with 32 CFR part 310.

APPENDIX A TO PART 86—CRIMINAL HISTORY BACKGROUND CHECK PROCEDURES

This appendix establishes the procedures for conducting criminal history background checks on existing and newly hired individuals required by Public Law 101–647, section 231 and Public Law 102–190, section 1094. Background checks are required for all civilian providers involved in child care services who have regular contact with children. The categories of providers include current and prospective individuals hired with APP and NAFI funds for education, treatment or healthcare, child care or youth activities, and individuals employed under contract involved in the provision of child care services.
In addition to the mandates of Public Law 102–190, section 1094, the Department of Defense requires that military members (except healthcare personnel), foster or respite care providers, PCC providers and family members, and specified volunteers shall have checks specified in this part.

A. Conducting Checks

Component designees shall notify existing and newly hired individuals and contractors of the requirement for a review of personnel and security applications to include an FBI fingerprint check and SCHR checks of residences listed on employment and security applications.

1. Fingerprint Check. Law enforcement personnel shall forward completed forms through channels to the Office of Personnel Management (OPM) or Defense Investigative Service (DIS) for processing of FBI fingerprint forms.

2. State Criminal History Repository (SCHR) Check. DoD Installation-level personnel offices, in collaboration with law enforcement and security personnel, shall process State criminal history background checks for employment and shall ordinarily communicate in writing with each State identified in appendix B to part 86, providing full identifying information on each applicant and request confirmation that the individual has not been convicted in that State of a sex crime, an offense involving a child victim, a drug felony, or a violent crime. The DoD Component Heads may establish alternate procedures for conducting SCHR checks; e.g., a computerized, written, or telephonic check. The DoD Components are not required to wait longer than 60 days from the date of the request for a response from the SCHR personnel before taking action on a particular application. Authorities will depend on FBI fingerprint check validation if States do not respond.

3. Installation Record Checks (IRC). Consists of a local record check on an individual for a minimum of 2 years before the date of the application. This record check shall include, at a minimum, police (base and/or military police, security office, criminal investigators, or local law enforcement) local files checks, Drug and Alcohol Program, Family Housing, Medical Treatment Facility for Family Advocacy Program Service Central Registry records and mental health records, and any other record checks as appropriate to the extent permitted by law. A Service DGU may be conducted. The IRC shall be conducted by DoD Component personnel at the installation level. An IRC will be completed on individuals with a DoD affiliation such as living or working on an installation or is active duty member or family member. Individuals without DoD affiliation have no installation system of records to check and an IRC is not completed. Upon favorable completion of the IRC, an individual may be selected and provide child care services under line of sight supervision until the required background checks are completed.

B. Applicants

1. Appropriated Fund (APF) Applicants

a. Except as otherwise provided in this subsection, the DoD Components shall process APF applicants using currently established procedures for completing background checks described in 32 CFR part 310. APF applicants must complete a SF–171, “Application for Federal Employment,” and attach an SF–87, “Fingerprint Chart,” completed by a law enforcement officer; and an SF–85P, “Questionnaire for Public Trust Positions” (Annotate Block “B” with code 03), for conduct of a NACI. The package shall be forwarded to the OPM.

b. The DoD Components shall assign responsibility for conducting the criminal history background checks through the SCHR to personnel offices working with law enforcement or investigative agencies. They shall conduct checks in all States that an employee or prospective employee lists as current and former residences in an employment or security application. It is deemed unnecessary to conduct checks before 18 years of age because juvenile records are unavailable. If no response is received from the State(s) within 60 days, determinations based upon the FBI report may be made. Responses received after this determination has been made must be provided to the determining authority.

c. Under Public Law 102–190, section 1094, the DoD Components may employ an individual pending completion of successful background checks described in Public Law 101–647, section 231. If an individual is so employed, at all times while children are in the care of that individual, he or she must be within sight and under the supervision of an individual whose background checks have been completed, with no derogatory reports.

d. Once it is clear that no derogatory information exists, line of sight supervision is terminated by the designee. If a derogatory report exists, Component personnel procedures shall prescribe appropriate action consistent with the criteria contained in this part.

2. Nonappropriated Fund Instrumentalities (NAFI) Applicants

a. Except as otherwise provided in this subsection, the DoD Components shall process NAFI applicants following established procedures for completing background checks. NAFI applicants must complete a DD Form 386 “Department of Defense National Agency Questionnaire,” with reason for request identified as OTHER and annotated as
CHILD CARE, and FD Form 258, “FBI Applicant Fingerprint Card.” Fingerprints shall be taken by the local law enforcement organization personnel and together with the DD Form 398–2 shall be forwarded to: Defense Investigative Service, Personnel Investigations Center, P.O. Box 1083, Baltimore, MD 21203-1083.

b. The DoD Components shall follow the procedures in the FPM, Chapter 731 and 736 and in paragraph B.1.b.c., and d. of this appendix to obtain fingerprints for the FBI, conduct criminal history background checks through the SCHR, and maintain employment of individuals pending the successful completion of the background checks.

3. Foreign National Employees Overseas

Foreign national employees overseas, while not expressly included within the law, are subject to the following record checks or those equivalent in scope to checks conducted on U.S. citizens:

a. Host-government law enforcement and security agency checks at the city, State (province), and national level, whenever permissible by the laws of the host government.
b. Defense Central Investigative Index (DCII).
c. FBI checks (when information exists regarding residence by the individual in the United States for 1 year or more since age 18).
d. When permissible by the laws of the host government, host-government checks are requested directly by the employing Service or agency. As an alternative, the DoD Components may request that overseas Military Service investigative elements obtain appropriate host-government checks. Where host-nations’ arrangements preclude comparable criminal history checks, foreign nationals will not be eligible for employment in child care services.

4. Temporary Employees

This category includes summer hires, student interns, and NAFI flexible category employees. Background checks for these individuals are processed according to funding source; i.e., for APF employees (to OPM) or NAFI employees (to DIS). Installation designated points of contact shall notify applicants of report disposition.

5. Healthcare Personnel

This category includes civilian personnel involved in the delivery of healthcare. Within the context of such medical care, line of sight supervision must be viewed through the prism of existing medical quality assurance, clinical privileging, and licensure directives, which require pre-employment screens, enhanced surveillance of new employees, and ongoing monitoring of the performance of all healthcare providers. These programs are inherent to both quality medical care and patient safety and are adequate and equivalent mechanisms for the sight and supervision requirements in paragraph B.1.c. and d. of this appendix. It should be noted that these quality assurance programs are not sufficient in and of themselves under Public Law 101-647, section 231. Therefore, the required FBI fingerprint check and the SCHR check must be completed as expeditiously as possible.

C. Current Employees

All currently employed individuals covered by this part shall have the FBI fingerprint and criminal history background check as described in Public Law 101-647, section 231. If the results of such checks, to include the SCHR, cannot be confirmed through an examination of available local records, action shall be initiated in accordance with paragraph B.1. of this appendix for APF employees and paragraph B.2. of this appendix for NAFI employees, and with paragraph D. of this appendix for individuals employed under contract. The SCHR checks are conducted in all cases in accordance with paragraph A.2. of this appendix. For the purposes of this part, no IRC is required for individuals employed before June 1991.

D. Government Contract Employees

1. Sponsoring activities are responsible for ensuring that the requirements in this part are included in the statement of work for all child care programs to be contracted. The contracting officer is responsible for performing any action necessary to verify that services provided by the contractor conform to contract quality requirements. Component designees for requiring activities shall ensure that the statement of work, at a minimum:

a. States that the contractor must ensure its employees have proper criminal history background checks as outlined in this part.
b. States that actual checks are performed by the Government.
c. Includes procedures that the contractor must follow to obtain checks for its employees; for example, identify the office where employees report for processing, identify proper forms to be completed, etc. Also, identify the DoD Component for billing purposes, and identify the appropriate security point of contact or installation commander as the authorized recipient of background check results.
d. States that employees may be permitted to work before completion of background checks, provided the employee is within sight of an individual who has successfully completed a background check.
e. States that employees have the right to obtain a copy of the background check report, whom they should contact for the copy.
and whom to contact for procedures to challenge the accuracy and completeness of the information in the report.

1. Requires that contractor employees who have previously received a background check must provide proof of the check or obtain a new one.

2. Requirements for child care services must be submitted to the contracting officer sufficiently in advance of the required performance start date to provide time for obtaining background checks. Sponsoring activities’ designees shall coordinate with the contracting officer as soon as possible after a requirement for child care services becomes known.

3. Procedures for obtaining responses for background checks are the same as those for NAFI employees and response to derogatory information will occur through the appropriate designee and contractor. An IRC will be performed if the individual is a military member or family member, or has worked or lived on a military installation within 5 years.

E. Other Providers

Criminal history background checks with the FBI and the States are not required. Duplication of previous background checks are not required for personnel where official records demonstrate that an adequate check has already been conducted. This category includes the following:

1. Military Members. These are active duty individuals (other than healthcare personnel) who seek to provide child care services as part of a normal duty assignment or are involved during off-duty hours. For these members an IRC and a current security clearance meet the requirements of this part. In the absence of a current security clearance, a name check of the DCII must be conducted. When military members are employed in an APF or a NAFI position they must be issued an IRC if the position is determined to be ‘specified.” Individuals working in specified volunteer positions will have an IRC check because of the nature of their work in child care services. The opportunity for contact may be extensive, frequent, or over a period of time. They include, but are not limited to, positions involving extensive interaction alone, extended travel, and/or overnight activities with children. An IRC is required for volunteers who are active-duty, a family member, or a DoD civilian overseas. A volunteer is allowed to work upon completion of a favorable IRC. Background checks are not required for volunteers whose services will be of shorter duration than is required to perform the background checks and who are under line of sight supervision by an individual who has successfully completed a background check. The Components are required to provide additional implementing guidance.

F. Employment Application Requirement

Public Law 101–647, section 231 requires that each application for employment shall include a question asking whether the individual has ever been arrested for or charged with a crime involving a child, and, if so, requires a description of the disposition of the arrest or charge. The forms identified in paragraphs B.1.a. and B.2.a. of this appendix are signed by the applicant under penalty of perjury, with the applicable Federal punishment for perjury stated on the respective forms.

1. An applicant’s signature indicates an understanding of the employer’s obligation to require a record check as a condition of employment. Information on background checks shall be maintained in accordance with applicable Component implementing regulations.

2. Payment for the conduct of any criminal history background check is the responsibility of the requesting Service or agency.

3. The results of the background check are forwarded to the Component designee at the sending installation for appropriate action. A derogatory report would include, but not be limited to, the following applicable crimes: Any charge or conviction for a sex crime, an offense involving a child victim, a substance abuse felony, or a violent crime.

4. The hiring authority or designee is responsible for notifying the individual of a derogatory report. The individual may obtain a copy of the criminal history report and has the right to challenge the accuracy and completeness of any information contained in the report through the Privacy Program described in 32 CFR part 310. The individual may provide information concerning positive mitigating factors for any adverse information presented.
5. Employees whose criminal history background checks result in nonselection for employment or service shall be informed by the Component designee of the right to an administrative appeal under 32 CFR part 310. The individual may appeal with a specific request such as amendments to the records or request to file statement disagreeing with information in the record. If the employee’s request for record information is refused, the individual is informed of his or her right to an administrative appeal. As appropriate, Component designees shall inform individuals of other avenues available to resolve matters of concern such as an administrative or negotiated grievance procedures. If the employee remains dissatisfied, he or she may seek a review. The Department of Defense recognizes the privacy interests and rights of all applicants and employees, and its own responsibility in ensuring a safe and secure environment for children within DoD activities or private organizations on DoD installations.

G. Record Re-Verification
This procedure consists of an IRC and a DCII name check and is required by the Component designee at a minimum every 5 years for all employees providing child care services and covers the time period since the completion of the last background check. NAFI employees who change duty stations will complete a new investigation when considered for employment. A new investigation is required by the Department of Defense if a break in service results in a time-lapse of more than 2 years. FCC, foster care and respite care providers, and their family members will complete an IRC annually.

H. Supervision
Refers to temporary responsibility for children in child care services, and relates to oversight for temporary or permanent authority to exercise direction and control by an individual over an individual whose required background checks have been initiated but not completed. Use of video equipment is acceptable provided it is monitored by an individual who has successfully completed a background check. Supervision procedures pending completion of background checks for healthcare personnel suggest that the Surgeons General shall require close clinical supervision and full compliance with existing DoD Directives, Instructions, and other guidance (issued by the Department of Defense and the Military Department concerned) on quality assurance, risk management, licensure, employee orientation, and credentialing. These policies rely on process and judgment, and meet the intent of the “direct sight supervision” provision, affording local commanders a flexible and reasonable alternative.

1. Programs. Requirements cover all DoD-operated activities and private organizations on DoD installations and include, but are not limited to:
   a. Child Development Programs.
   b. Family child care.
   c. Contracted Services, whether personal or non-personal services.

2. Youth Programs.
   a. Child Development centers, part-day preschools, and enrichment programs.
   b. Family child care.

4. Medical treatment facilities. NAFI, SCHR, and IRC. (DD Form 398–2 and FD Form 258).

5. Foreign National Employees Overseas. IRC and local government check.

6. Temporary Employees. FBI, SCHR, and IRC.

7. Volunteer activities.

J. Background Check Matrix
This identifies the requirements of this part for background checks by category of personnel. These checks are initiated through the personnel offices in collaboration with law enforcement and security personnel. (Reminder: An IRC may only be completed on an individual who is a military member or family member, or who lives or works on a military installation.)

2. Non-appropriated Fund Instrumentalities (NAFI) Employees. FBI, SCHR, and IRC. (DD Form 398–2 and FD Form 258).

3. Medical treatment facilities. NAFI, SCHR, and IRC. (DD Form 398–2 and FD Form 258).

4. Medical treatment facilities. FBI, SCHR, and IRC.

5. Current Employees. FBI and SCHR.

6. Government Contract Employees. FBI, SCHR, and IRC.

7. Other Providers.
   a. Military Members. Military members will have an IRC and, if no current security clearance exists, a name check of the DCII. Checks are not required for military healthcare personnel.
   b. Foster and Respite Care Providers and Family Members (age 12 and older). IRC and Service DCII (for adults).
   c. Foster Care Providers and Family Members (age 12 and older). IRC and Service DCII (for adults).
   d. Specified Volunteers. IRC.

APPENDIX B TO PART 86—CRITERIA FOR CRIMINAL HISTORY BACKGROUND CHECK DISQUALIFICATION
The ultimate decision to determine how to use information obtained from the criminal history background checks in selection for positions involving the care, treatment, supervision, or education of children must incorporate a common sense decision based upon all known facts. Adverse information is
evaluated by the DoD Component Head or designee who is qualified at the appropriate level of command in interpreting criminal history background checks. All information of record both favorable and unfavorable will be assessed in terms of its relevance, recentness, and seriousness. Likewise, positive mitigating factors should be considered. Final suitability decisions shall be made by that commander or designee. Criteria that will result in disqualification of an applicant require careful screening of the data and include, but are not limited to, the following:

A. Mandatory Disqualifying Criteria

Any conviction for a sexual offense, a drug felony, a violent crime, or a criminal offense involving a child or children.

B. Discretionary Criteria

1. Acts that may tend to indicate poor judgment, unreliability, or untrustworthiness in working with children.
2. Any behavior; illness; or mental, physical, or emotional condition that in the opinion of a competent medical authority may cause a defect in judgment or reliability.
3. Offenses involving assault, battery, or other abuse of a victim, regardless of age of the victim.
4. Evidence or documentation of substance abuse dependency.
5. Illegal or improper use, possession, or addiction to any controlled or psychoactive substances, narcotic, cannabis, or other dangerous drug.
6. Sexual acts, conduct, or behavior that, because of the circumstances in which they occur, may indicate untrustworthiness, unreliability, lack of judgment, or irresponsibility in working with children.
7. A wide range of offenses such as arson, homicide, robbery, fraud, or any offense involving possession or use of a firearm.
8. Evidence that the individual is a fugitive from justice.
9. Evidence that the individual is an illegal alien who is not entitled to accept gainful employment for a position.
10. A finding of negligence in a mishap causing death or serious injury to a child or dependent person entrusted to their care.

C. Suitability Considerations

In making a determination of suitability, the evaluator shall consider the following additional factors to the extent that these examples are considered pertinent to the individual case:
1. The kind of position for which the individual is applying or employed.
2. The nature and seriousness of the conduct.
3. The recentness of the conduct.
4. The age of the individual at the time of the conduct.
5. The circumstances surrounding the conduct.
6. Contributing social or environmental conditions.
7. The absence or presence of rehabilitation efforts or efforts toward rehabilitation.
8. The nexus of the arrests in regard to the job to be performed.

D. Questions

1. All applications, for each of the categories of individuals identified in §86.3, will include the following questions: “Have you ever been arrested for or charged with a crime involving a child? Have you ever been asked to resign because of or been decertified for a sexual offense? And, if so, “provide a description of the case disposition.” For FCC, foster care, and respite care providers, this question is asked of the applicant regarding all adults, and all children 12 years and older, who reside in the household.
2. All applications shall state that the form is being signed under penalty of perjury. In addition, a false statement rendered by an employee may result in adverse action up to and including removal from Federal service.
3. Evaluation of criminal history background checks is made and monitored by qualified personnel at the appropriate level designated by the Component. Final suitability decisions are made by the designee.

APPENDIX C TO PART 86—STATE INFORMATION

All SCHR checks should be accompanied by the following: 1. State form, if required. If no State form is required, the request should be on letterhead, beginning with the statement that the check is in accordance with Public Law 101-667. The request must include full identifying information, such as: Name, date of birth, social security number, complete addresses, etc.
2. Fingerprint set if required. Some State laws require a fingerprint set either on a State form or forms used by the agency.
3. Release statement signed by the applicant or employee. If required by the State, the release must be notarized.
4. Payment for the SCHR check.
5. Self-addressed, stamped envelope.

PART 88—TRANSITION ASSISTANCE FOR MILITARY PERSONNEL

§ 88.1 Purpose.

(a) This part supersedes the Assistant Secretary of Defense for Force Management and Personnel memorandum, "Policy Changes For Transition Assistance Initiatives," June 7, 1991, establishes policy, and assigns responsibilities for transition assistance programs...
Office of the Secretary of Defense

§ 88.3

for active duty military personnel and their families.
(b) Implements transition assistance programs for DoD military personnel and their families as outlined in section 502, Public Law 101–510; section 661 and section 662. Public Law 102–199, and sections 4401–4501. Public Law 102–484.

88.2 Applicability and scope.

This part applies to: (a) The Office of the Secretary of Defense, the Military Departments, the Chairman of the Joint Chiefs of Staff, the Unified Combatant Commands, and the Defense Agencies (hereafter referred to collectively as “the DoD Components”). The term “Military Services,” as used herein, refers to the Army, the Navy, the Air Force, and the Marine Corps.
(b) All active duty Service members and their families.

88.3 Definitions.

(a) Involuntary separation. A member of the Military Service shall be considered to be involuntarily separated if he or she was on active duty or full-time National Guard duty on September 30, 1990 and:
(1) In the case of a Regular officer (other than a retired officer), he or she was involuntarily discharged under other than adverse conditions, as characterized by the Secretary of the separating Service member’s Military Department. Discharge under adverse conditions is determined by referring to the reason for separation as well as the enlisted member’s service, as outlined in Department of Defense Directive 1332.30.2
(2) In the case of a Reserve officer who is on the active duty list or, if not on the active duty list, is on full-time active duty (or in the case of a member of the National Guard, full time National Guard duty) for the purpose of organizing, administering, recruiting, instructing, or training the Reserve components, he or she is involuntarily discharged or released from active duty (or full-time National Guard duty) under other than adverse conditions as determined by referring to the reason for separation as well as the enlisted member’s service, as outlined in Department of Defense Directive 1332.14.
(b) Separation entitlements. Benefits provided to Service members being involuntarily separated on or before September 30, 1995 as defined in paragraphs (a)(1) through (a)(4) of this section, and their families. Benefits provided to Service members being separated under the Special Separation Benefit or Voluntary Separation Incentive on or before September 30, 1995, as defined in paragraph (c) of this section and their families. These benefits include: Training opportunities under the Job Training Partnership Act as described in section 485 of Public Law 102–484; priority affiliation with the National Guard and Reserve, as described in section 502(a)(1) of Public Law 101–510, as amended; enrolled in the All–Volunteer Force Educational Assistance Program (“Montgomery G.I. Bill”), as described

2Copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.

2See footnote 2 to section 88.3(a)(1).
in section 4404 of Public Law 102–484; extended medical and dental care, as described in section 502(a)(1) of Public Law 101–510, as amended, and sections 4407 and 4408 of Public Law 102–484; continued use of military family housing as described in section 502(a)(1) of Public Law 101–510, as amended (subject to Status of Forces Agreements overseas); extended and commissary privileges as detailed in section 502(a)(1) of Public Law 101–510, as amended (subject to Status of Forces Agreements overseas); travel and transportation allowances, as detailed in section 503 of Public Law 101–510, as amended; continuation of enrollment in Department of Defense Dependents Schools as detailed in section 504 of Public Law 101–510, as amended (subject to Status of Forces Agreements overseas.)

(c) Special separation benefit and voluntary separation incentive. Voluntary separation programs established in section 661 and section 662 of Public Law 102–190, as amended. Service members separated under these programs are eligible for both transition services and separation entitlements outlined in paragraphs (b) and (d) of this section.

(d) Transition services. Preseparation counseling, individual transition planning, employment assistance, excess leave and permissive temporary duty, and relocation assistance for personnel overseas as described in section 502(a)(1) of Public Law 101–510, as amended.

§ 88.4 Policy.

It is DoD policy that: (a) Transition assistance programs prepare separating Service members and their families with the skills, tools, and self-confidence necessary to ensure successful reentry into the Nation's civilian work force.

(b) Transition assistance programs be designed to complete the military personnel "life cycle." This cycle begins with the Service member's recruitment from the civilian sector, continues with training and sustainment throughout a Service member's active service in the Armed Forces, and ends when the Service member returns to the civilian sector.

(c) Transition assistance programs include: (1) Transition service as defined in §88.3 (d) to be provided to Service members and their families for up to 90 days after separation, space and workload permitting.

(2) Separation entitlements as defined in §88.3 (b) for Service members who are involuntarily separating as defined in §99.3 (a) or separating under the Voluntary Separation Incentive or Special Separation Benefit Programs as defined in §88.3 (c).

(d) Service members from one Service shall not be restricted from participating in another Service's transition assistance program unless workload or other unusual circumstances dictate. Every effort will be made to accommodate all eligible personnel, especially if referral to another transition site will require the Service member to travel a long distance and incur significant expense.

(e) [Reserved]

(f) When being discharged, released from active duty, or retiring (hereafter referred to as "separating Service members"), Service members and their families bear primary responsibility for their successful transition into the civilian sector.

(g) Spouses shall be encouraged to participate in transition planning and counseling to the maximum extent possible.

(h) Enhanced transition programs shall be established for Service members and their families who are overseas to help alleviate the special difficulties overseas personnel encounter when job and house hunting.

(i) Installations in the United States shall give priority transition assistance to personnel who recently returned from overseas.

§ 88.5 Responsibilities.

(a) The Assistant Secretary of Defense for Personnel and Readiness shall: (1) Issue guidance on transition assistance programs for Service members and their families, as necessary.

(2) Coordinate, as necessary, within the Department of Defense to ensure the availability of high quality, equitable, and cost-effective transition programs among the Military Services.

(3) Coordinate with and seek the assistance of the Departments of Labor
and Veterans Affairs, and other Federal Agencies to facilitate delivery of high quality transition assistance programs to separating Service members.

(4) Evaluate the level of resources needed to deliver quality transition programs and facilitate efforts to obtain these resources.

(5) Monitor and evaluate the overall effectiveness of transition assistance programs.

(6) Coordinate with theater commanders, though the Chairman of the Joint Chiefs of Staff, on transition assistance programs (job fairs and training conferences, for example) impacting overseas Unified Combatant Commands.

(7) Establish the Department of Defense Service Member Transition Assistance Coordinating Committee, consisting of representatives from the Military Services and Assistant Secretary of Defense for Personnel and Readiness. The purpose of this committee is to provide DoD-level direction and coordination for transition assistance programs.

(8) Collect data to determine systematically the degree to which transition assistance programs satisfy the needs of transitioning Service members and their families.

(9) Review, modify, and reissue policy guidance, as required.

(b) The Assistant Secretary of Defense for Reserve Affairs shall establish and publish guidance on transition assistance programs for Reserve personnel and their families.

(c) The Assistant Secretary of Defense for Health Affairs shall establish guidance on transitional medical and dental care, including health insurance and preexisting conditions coverage, for Service members and their families.

(d) The Secretaries of the Military Departments shall ensure compliance with the criteria in Public Law 101–510, 102–190, and 102–484, as amended, and the following provisions:

(1) Preparation counseling shall be available no later than 90 days before separation to all separating Service members.

(2) High quality transition counseling and employment assistance programs are established on military facilities with more than 500 Service members permanently assigned or serving at that installation.

(3) The participation of separating Service members in transition assistance programs shall be coordinated with mission requirements.

(4) Transition assistance programs are allocated the resources necessary to deliver quality transition assistance programs.

(5) The Military Services are represented on the Department of Defense Service Member Transition Assistance Coordinating Committee. Each of the Military Services may invite an installations-level transition manager to participate.

(6) Quarterly reports on the status of transition programs are submitted to the Assistant Secretary of Defense for Personnel and Readiness beginning the second quarter after this publication is published, and continuing each quarter until cancellation of this part.

(7) The Inspector General of each Military Service shall review and report compliance with §88.5(d)(1) through (d)(6) to the Service Secretary, on an annual basis, due no later than January 31 of the next calendar year.

§88.6 Information requirements.

The quarterly report requirement in §88.5(d)(6) has been assigned Report Control Symbol DD–P&R(Q) 1927.

§ 93.2 Purpose and applicability.

(a) This part implements § 93.1(a) in the National Security Agency/Central Security Service including all field sites (hereinafter referred to collectively as NSA). The procedures herein are also promulgated pursuant to the NSA’s independent authority, under § 1.12(b)(10) of E.O. 12333 referenced under § 93.1(b), to protect the security of its activities, information and employees. This part establishes policy, assigns responsibilities, and prescribes mandatory procedures for service of process at NSA and for the release of official information in litigation by NSA personnel, through testimony or otherwise.

(b) This part is intended only to provide guidance for the internal operation of the NSA and does not create any right or benefit, substantive or procedural, enforceable at law against the United States, the Department of Defense, or NSA. This part does not override the statutory privilege against the disclosure of the organization or any function of the NSA, of any information with respect to the activities thereof, or of the names, titles, salaries, or numbers of the persons employed by the NSA. See section 8(a) of the DoD Directive referenced under § 93.1(a).

1Copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.

2See footnote 1 to § 93.1(a).

§ 93.3 Definitions.

(a) Service of process. Refers to the delivery of a summons and complaint, or other document the purpose of which is to give notice of a proceeding or to establish the jurisdiction of a court or administrative proceeding, in the manner prescribed by § 93.1(d), to an officer or agency of the United States or any other person named in court or administrative proceedings.

(b) Demand. Refers to the delivery of a subpoena, order, or other directive of a court of competent jurisdiction, or other specific authority, for the production, disclosure, or release of official information, or for the appearance and testimony of NSA personnel as witnesses.

(c) NSA personnel. (or NSA person) Includes present and former civilian employees of NSA (including non-appropriated fund activity employees), and present and former military personnel assigned to NSA. NSA personnel also includes non-U.S. nationals who perform services overseas for NSA under the provisions of status of forces or other agreements, and specific individuals hired through contractual agreements by or on behalf of NSA.

(d) Litigation. Refers to all pretrial, trial, and post-trial stages of all existing or reasonably anticipated judicial or administrative actions, hearings, investigations, or similar proceedings before civilian courts, commissions, boards, or other tribunals, foreign and domestic. It includes responses to discovery requests, depositions, and other pretrial proceedings, as well as responses to formal or informal requests by attorneys or others in situations involving litigation.

(e) Official information. Is information of any kind, in any storage medium, whether or not classified or protected from disclosure by § 93.1(c) that:

(1) Is in the custody and control of NSA; or

(2) Relates to information in the custody and control of NSA; or

(3) Was acquired by NSA personnel as part of their official duties or because of their official status within NSA.

(f) General Counsel. Refers to the NSA General Counsel (GC), or in the GC’s absence, the NSA Deputy GC, or in both of their absences, the NSA Assistant GC (Administration/Litigation).
See United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951) wherein the Supreme Court held that a government employee could not be held in contempt for following an agency regulation requiring agency approval before producing government information in response to a court order.
§ 93.5 Acceptance of service of process.

(b) Acceptance of service of process. The following are mandatory procedures for accepting service of process for NSA personnel sued or summoned in their official capacities, and for attempting service of process on NSA premises.

(1) Service on NSA or on NSA personnel in their official capacities. §93.1(d) requires service of process on the NSA or NSA personnel sued or summoned in their official capacity to be made by serving the United States Attorney for the district in which the action is brought, and by sending copies of the summons and complaint by registered or certified mail to the Attorney General of the United States and to the NSA or such NSA personnel. Only the GC or an NSA attorney is authorized to accept the copies of the summons and complaint sent to the NSA or NSA personnel pursuant to §93.1(d). Acceptance of the copies of the summons and complaint by the GC or an NSA attorney does not constitute an admission or waiver with respect to the validity of the service of process or of the jurisdiction of the court or other body. Such copies shall be sent by registered or certified mail to: General Counsel, National Security Agency, 9800 Savage Road, Fort George G. Meade, MD 20755–6000. The envelope shall be conspicuously marked “Copy of Summons and Complaint Enclosed.” Except as provided in paragraph (b)(3) of this section, no other person may accept the copies of the summons and complaint for NSA or NSA personnel sued or summoned in their official capacities, including the sued or summoned NSA personnel, without the prior express authorization of the GC.

(i) Parties who wish to deliver, instead of sending by registered or certified mail, the copies of the service of process to NSA or to NSA personnel sued or summoned in their official capacities, will comply with the procedures for service of process on NSA premises in paragraph (b) of this section.

(ii) Litigants may attempt to serve process upon NSA personnel in their official capacities at their residences or other places. Because NSA personnel are not authorized to accept such service of process, such service is not effective under §93.1(d). NSA personnel should refuse to accept service. However, NSA personnel may find it difficult to determine whether they are being sued or summoned in their private or official capacity. Therefore, NSA personnel shall notify the OGC as soon as possible if they receive any summons or complaint that appears to relate to actions in connection with their official duties so that the GC can determine the scope of service.

(2) Service upon NSA personnel in their individual capacities on NSA premises. Service of process is not a function of NSA. An NSA attorney will not accept service of process for NSA personnel sued or summoned in their individual capacities, nor will NSA personnel be required to accept service of process on NSA premises. Acceptance of such service of process in a person’s individual capacity is the individual’s responsibility. NSA does, however, encourage cooperation with the courts and with judicial officials.

(i) When the NSA person works at NSA Headquarters at Fort George G. Meade, Maryland, the process server should first telephone the OGC on (301) 688–6054, and attempt to schedule a time for the NSA person to accept process. If the NSA person’s affiliation with NSA is not classified, the NSA attorney will communicate with the NSA person and serve as the contact point for the person and the process server. If the person consents to accept service of process, the NSA attorney will arrange a convenient time for the process server to come to NSA, and will notify the Security Duty Officer of the arrangement.

(ii) A process server who arrives at NSA during duty hours without first having contacted the OGC, will be referred to the Visitor Control Center (VCC) at Operations Building 2A. The VCC will contact the OGC. If an NSA attorney is not available, the process server will be referred to the Security Duty Officer, who will act in accordance with Office of Security (M5) procedures approved by the GC. Service of process will not be accepted during non-duty hours unless prior arrangements have been made by the OGC. For
purposes of this part, duty hours at NSA Headquarters are 0800 to 1700, Monday through Friday, excluding legal holidays. A process server who arrives at NSA during non-duty hours without having made arrangements through the OGC to do so will be told to call the OGC during duty hours to arrange to serve process.

(iii) Upon being notified that a process server is at the VCC, an NSA attorney will review the service of process and determine whether the NSA person is being sued or summoned in his official or individual capacity. (If the person is being sued or summoned in his or her official capacity, the NSA attorney will accept service of process by noting on the return of service form that “service is accepted in official capacity only.”) If the person is being sued or summoned in his or her individual capacity, the NSA attorney will contact that person to see if that person will consent to accept service.

(3) Procedures at field activities. Chiefs of NSA field activities may accept copies of service of process for themselves or NSA personnel assigned to their field component who are sued or summoned in their official capacities. Field Chiefs or their designees will accept by noting on the return of service form that “service is accepted in official capacity only.” The matter will then immediately be referred to the GC. Additionally, Field Chiefs will establish procedures at the field site, including a provision for liaison with local judge advocates, to ensure that service of process on persons in their individual capacities is accomplished in accordance with local law, relevant treaties, and Status of Forces Agreements. Such procedures must be approved by the GC. Field Chiefs will designate a point of contact to conduct liaison with the OGC.

(4) No individual will confirm or deny that the person sued or summoned is affiliated with NSA until a NSA attorney or the Field Chief has ascertained that the individual’s relationship with NSA is not classified. If the NSA person’s association with NSA is classified, service of process will not be accepted. In such a case, the GC must be immediately informed. The GC will then contact the DoJ for guidance.

(5) Suits in Foreign Courts. If any NSA person is sued or summoned in a foreign court, that person, or the cognizant Field Chief, will immediately telefax a copy of the service of process to the OGC. Such person will not complete any return of service forms unless advised otherwise by an NSA attorney. OGC will coordinate with the DoJ to determine whether service is effective and whether the NSA person is entitled to be represented at Government expense pursuant to §93.1(f).

§93.6 Fees.

Consistent with the guidelines in §93.1(e), NSA may charge reasonable fees to parties seeking, by request or demand, official information not otherwise available under the Freedom of Information Act, 5 U.S.C. 552. Such fees are calculated to reimburse the Government for the expense of providing such information, and may include:

(a) The costs of time expended by NSA employees to process and respond to the request or demand;
(b) Attorney time for reviewing the request or demand and any information located in response thereto, and for related legal work in connection with the request or demand; and
(c) Expenses generated by materials and equipment used to search for, produce, and copy the responsive information.

§93.7 Responsibilities.

(a) The General Counsel. The GC is responsible for overseeing NSA compliance with §93.1(a) and this part 93, and for consulting with DoJ when appropriate. In response to a litigation demand requesting official information or the testimony of NSA personnel as witnesses, the GC will coordinate NSA action to determine whether official information may be released and whether NSA personnel may be interviewed, contacted, or used as witnesses. The GC will determine what, if any, conditions will be imposed upon such release, interview, contact, or testimony. In most cases, an NSA attorney will be present when NSA personnel are interviewed or testify concerning official information. The GC may delegate these authorities.
(b) The Deputy Director for Plans and Policy (DDPP). The DDPP will assist the GC, upon request, in identifying and coordinating with NSA components that have cognizance over official information requested in a litigation demand. Additionally, the DDPP will advise the GC on the classified status of official information, and, when necessary, assist in declassifying, redacting, substituting, or summarizing official information for use in litigation. The DDPP may require the assistance of other Key Component Chiefs.

(c) Chiefs of Key Components and Field Activities. Chiefs of Key Components and Field Activities shall ensure that their personnel are informed of the contents of this part 93, particularly of the requirements to consult with the OGC prior to responding to any litigation demand, and to inform the OGC whenever they receive service of process that is not clearly in their individual capacities. Field Chiefs will notify the OGC of the persons they designate under §93.5(b)(3).

(d) The Deputy Director for Administration (DDA). Within 60 days of the date of this part, the DDA shall submit to the GC for approval procedures for the attempted delivery of service of process during duty hours when an attorney of the OGC is not available.

PART 94—NATURALIZATION OF ALIENS SERVING IN THE ARMED FORCES OF THE UNITED STATES AND OF ALIEN SPOUSES AND/OR ALIEN ADOPTED CHILDREN OF MILITARY AND CIVILIAN PERSONNEL ORDERED OVERSEAS

Sec. 94.1 Purpose.

AUTHORITY: Sec. 301, 80 Stat. 379; 5 U.S.C. 301.

SOURCE: 35 FR 17540, Nov. 14, 1970, unless otherwise noted.

§ 94.1 Purpose.

This part prescribes uniform procedures acceptable to the Immigration and Naturalization Service of the Department of Justice, to (a) facilitate the naturalization of aliens who have served honorably in the Armed Forces of the United States and to (b) militarily certify alien dependents seeking naturalization under the provisions of Immigration and Nationality Act of 1952, as amended, sections 319(b) and 323(c) (8 U.S.C. 1430(b) and 1434(c)); and furnishes policy guidance to the Secretaries of the Military Departments governing discharge or release from active duty in the Armed Forces of the United States of permanent-residence aliens who desire to be naturalized as U.S. citizens under the provisions of Act of June 27, 1952, section 328 (66 Stat. 249); 8 U.S.C. 1439.

§ 94.2 Applicability.

The provisions of this part apply to the Military Departments.

§ 94.3 Definitions.

(a) Permanent-residence alien is an alien admitted into the United States under an immigration visa for permanent residence; or an alien, who, after admission without an immigrant visa, has had his status adjusted to that of an alien lawfully admitted for permanent residence.

(b) Armed Forces of the United States denotes collectively all components of the Army, Navy, Air Force, Marine Corps, and Coast Guard.

§ 94.4 Policy and procedures.

(a) Naturalization of an alien who has served honorably in the Armed Forces of the United States at any time. (1) Under the provisions of Act of June 27, 1952, section 328 (66 Stat. 249); 8 U.S.C. 1439, an alien who has served in the Armed Forces of the United States for a period(s) totaling three (3) years may be naturalized if he:

(i) Has been lawfully admitted to the United States for permanent residence;

(ii) Was separated from the military service under honorable conditions;

(iii) Files a petition while still in the military service, or within six (6) months after the termination of such service; and

(iv) Can comply in all other respects with the Immigration and Nationality Act of 1952, except that (a) no period of
residence or specified period of physical presence in the United States or the State in which the petition for naturalization is filed is required, and (b) residence within the jurisdiction of the court is not required.

(2) The prescribed 3-year period may be satisfied by a combination of active duty and inactive duty in a reserve status.

(3) An alien member desiring to fulfill naturalization requirements through military service shall not be separated prior to completion of three full years of active duty unless:

(i) His performance or conduct does not justify retention, in which case he shall be separated in accordance with the provisions of part 41 of this subchapter and chapter 47, title 10, United States Code (Uniform Code of Military Justice), as appropriate; or

(ii) He is to be transferred to inactive duty in a reserve component in order to:

(a) Complete a reserve obligation under the provisions of part 50 of this subchapter, or

(b) Attend a recognized institution of learning under the early release program, as provided in DoD Instruction 1332.15, "Early Release of Military Enlisted Personnel for College or Vocational/Technical School Enrollment," January 26, 1970.

(4) Caution shall be exercised to ensure that an alien’s affiliation with the Armed Forces of the United States, whether on active duty or on inactive duty in a reserve status, is not terminated even for a few days short of the 3-year statutory period, since failure to comply with the exact 3-year requirement of Act of June 27, 1952, section 328 (66 Stat. 249); 8 U.S.C. 1439 will automatically preclude a favorable determination by the Immigration and Naturalization Service on any petition for naturalization based on an alien’s military service.

(5) During a period of hostilities, as designated by the President of the United States, the expeditious naturalization provisions outlined in paragraph (b) of this section, will take precedence over the foregoing.

(b) Naturalization of an alien who has served in the Armed Forces of the United States during a period of hostilities as designated by the President of the United States.

(1) Under the provisions of Immigration and Nationality Act of 1952, as amended, section 329 (8 U.S.C. 1440), an alien who serves honorably on active duty in the Armed Forces of the United States during the period beginning February 28, 1961, and ending on a date designated by the President, by Executive order, as the date of termination of the Vietnam hostilities, or during any future period which President, by Executive order, shall designate as a period in which the Armed Forces of the United States are or were engaged in military operations involving armed conflict with a hostile foreign force, and who is otherwise eligible, may be naturalized whether or not he has been lawfully admitted to the United States for permanent residence, if the member was inducted, enlisted, or reenlisted in the United States (inclusive of Puerto Rico, Guam, Virgin Islands, Canal Zone, American Samoa, or Swains Island).

(i) The induction, enlistment, or reenlistment in the United States or its stated possessions must actually be in these land areas, in ports, harbors, bays, enclosed sea areas along their routes, or within a marginal belt of the sea extending from the coastline outward three (3) geographical miles.

(ii) Enlistment or reenlistment aboard a ship on the high seas or in foreign waters does not meet the requirements of Immigration and Nationality Act of 1952, as amended, section 329 (8 U.S.C. 1440). In such instances, the provisions of paragraph (a) of this section may apply.

(2) Each Military Department will establish procedures containing the provisions outlined in paragraphs (b)(2)(i) and (ii) of this section. In addition, each qualifying alien shall be advised of the liberalized naturalization provisions of the Immigration and Nationality Act of 1952, as amended, section 329 (8 U.S.C. 1440), i.e., that the usual

naturalization requirements concerning age, residence, physical presence, court jurisdiction and waiting periods are not applicable, and will be given appropriate assistance in processing his naturalization application in consonance with procedures contained in “Naturalization Requirements and General Information,” published by the U.S. Department of Justice (Form N–17).

(i) Military basic training and orientation programs will include advice and assistance to interested aliens in completing and submitting the application and other forms required to initiate naturalization proceedings.

(ii) In addition, applicants should be advised that:

(a) Under the laws of certain foreign countries, military service in the Armed Forces of the United States may result in the loss of their native country citizenship but this same service may make them eligible for U.S. citizenship.

(b) Their eligibility for naturalization, based upon the honorable service in an active duty status prescribed in the Immigration and Nationality Act of 1952, as amended, section 329 (8 U.S.C. 1440) will be retained, even though they apply for naturalization after their return to the United States following the termination or completion of their overseas assignment, or after their honorable discharge from the Armed Forces of the United States.

(c) If they are stationed at a base in the continental United States, Alaska, Hawaii, Puerto Rico, Guam, or the Virgin Islands, they should apply for citizenship only if they expect to be stationed at the base for at least 60 days following application. Unless the Immigration and Naturalization Service has at least 60 days in which to complete the case, there is no assurance that it can be completed before the applicant is transferred, since the processing procedures outlined below take time and are not entirely within the control of the Immigration and Naturalization Service.

(d) If the alien member is scheduled for overseas assignment where naturalization courts are not available, he should apply for naturalization on the earliest possible date but no later than 60 days before departure for overseas assignment. No assurance that processing will be completed before the applicant’s departure for overseas will be given by the Immigration and Naturalization Service unless it has 60 days to complete the matter.

(1) An alien serviceman who is serving overseas and has submitted or submits the required naturalization application and forms to the Immigration and Naturalization Service may not be granted ordinary leave, or Rest and Recuperation (R&R) leave (where authorized in overseas areas) for naturalization purposes, unless a written notification from the Immigration and Naturalization Service has been received by the serviceman informing him that the processing of his application has been completed, and requesting him to appear with two U.S. citizen witnesses before a representative of the Immigration and Naturalization Service at a designated location for the purpose of completing the naturalization.

(2) If possible, an applicant granted leave for such purposes should advise the Immigration and Naturalization Service when he expects to arrive in the leave area and, in any event, should contact the Immigration and Naturalization Service office immediately upon arrival in the area. Every effort will be made to complete the naturalization within the leave period.

(c) Naturalization of alien spouses and/or alien adopted children of military and civilian personnel ordered overseas. Alien spouses and/or alien adopted children of military and civilian personnel of
the Department of Defense who are authorized to accompany or join their sponsors overseas and who wish to obtain U.S. citizenship prior to departure will be given maximum assistance by commanders of military installations.

(1) DD Form 1278, "Certificate of Overseas Assignment to Support Application to File Petition for Naturalization," will be issued to alien dependents by military commanders at the times indicated below in order that the alien may file such certificate with the nearest Immigration and Naturalization Service Office to initiate naturalization proceedings. Only DD Form 1278 will be accepted by the Immigration and Naturalization Service. Military commanders will not issue memoranda or letters of any kind in lieu thereof.

(i) When dependents are authorized automatic concurrent travel, DD Form 1278 will be issued not earlier than 90 days prior to the dependents' schedule date of travel.

(ii) When advance application for concurrent travel is required, DD Form 1278 will be issued after approval is received and not earlier than 90 days prior to the dependents' scheduled date of departure.

(iii) When concurrent travel is not authorized, DD Form 1278 will be issued after authorization for dependents' movement is received and not earlier than 90 days prior to the dependents' scheduled date of travel.

(2) Upon receipt of DD Form 1278, the alien will file this form, together with the application for petition for naturalization, Immigration and Naturalization Form N–400 (adult) or N–402 (child) as appropriate, if not previously filed, with the nearest office of the Immigration and Naturalization Service. The application must be accompanied by:

(i) Three identical photographs.

(ii) Form FD–358, Applicant Fingerprint Card, and

(iii) Form G–325, Biographic Information.

(3) Further processing of the application for citizenship is as prescribed by the Immigration and Naturalization Service.

(4) Upon completion of the naturalization process, immediate application for passport should be made, in order that it can be issued prior to scheduled departure of the dependent for overseas.

§ 94.5 Forms required.

The following forms required for naturalization purposes may be obtained from any office of the Immigration and Naturalization Service:

(a) N–400 Application to File a Petition for Naturalization (Adult) (Submit original form only).

(b) N–402 Application to File a Petition for Naturalization (Child) (Submit original form only).

(c) G–325 Biographic Information (Submit original and duplicate of multileaf form).

(d) G–325B Biographic Information (Submit original form only).

(e) FD–258 Applicant Fingerprint Card (Submit one completed card).

(f) N–426 Certificate of Military or Naval Service (Submit in triplicate). (Should be handled on a priority basis so as to avoid prejudicing the early completion of the naturalization process, particularly for an alien who may receive an overseas assignment.)

(g) "Naturalization Requirements and General Information," published by the U.S. Department of Justice (Form N–17) describes the naturalization requirements and lists Immigration and Naturalization offices which process applications.

§ 96.1 Purpose.

Under title 10 U.S. Code, sections 503, 504, 505 and 520a, this part establishes policy guidance concerning the acquisition of criminal history record information for use in determining an enlistment applicant’s suitability for entry and for participation in special programs that require a determination of trustworthiness (part 156 of this title), assigns responsibilities, and prescribes procedures.

§ 96.2 Applicability.

This part applies to the Office of the Secretary of Defense, the Military Departments, and the Defense Investigative Service (DIS). The term “Military Services,” as used herein, refers to the Army, Navy, Air Force, and Marine Corps.

§ 96.3 Definitions.

(a) **Criminal history record information** (with respect to any juvenile or adult arrest, citation, or conviction). The offense involved; age of the person involved; dates of arrest, citation, or conviction, if any; place of the alleged offense; place of arrest and assigned court; and disposition of the case.

(b) **Criminal justice system.** State, county, and local government law enforcement agencies; courts and clerks of courts; and other government agencies authorized to collect, maintain, and disseminate criminal history record information.

(c) **Special programs.** Military Services’ programs that, because of their sensitivity or access to classified information, require the DIS to perform the investigations specified in chapter III of DoD 5200.2-R.

§ 96.4 Policy.

Section 503 of title 10 U.S. Code requires the Secretaries of the Military Departments to conduct intensive recruiting campaigns to obtain enlistments. It is the policy of the Department of Defense that the Military Services review the background of applicants for enlistment and for participation in special programs to identify:

(a) Those whose backgrounds pose serious questions as to fitness for service (10 U.S.C. 504 and 505) or suitability for participation in special programs (part 156 of this title).

(b) Those who may not be enlisted in the Military Services unless a waiver is granted (section 504 of title 10, United States Code).

(c) Those who may try to enlist fraudulently.

§ 96.5 Responsibilities.

(a) The Assistant Secretary of Defense (Manpower, Installations, and Logistics) shall submit the implementing Military Service regulations to the Senate and House Committees on Armed Services, in accordance with section 520a of title 10 U.S. Code.

(b) The Secretaries of the Military Departments shall develop and prepare uniform implementing regulations concerning acquisition, review, and safeguarding of criminal history record information by recruiting elements to conform with section 520a of title 10 U.S. Code, policies stated herein and shall include in the regulations procedures on obtaining and reviewing criminal history record information for recruitment purposes and for assignment of personnel to special programs.

(c) The Director, Defense Investigative Service, shall ensure that the acquisition of all available criminal history record information, or criminal history record information provided to the DIS by other government agencies, is safeguarded in accordance with existing laws or DoD regulatory documents to ensure protection of the privacy of the enlistment applicant on whom the record exists.

§ 96.6 Procedures.

(a) Under section 520a of title 10 U.S. Code, recruiters are authorized to request and receive criminal history record information from the criminal justice system.

(b) The Military Services shall obtain criminal history record information on enlistment applicants from the criminal justice system and from the DIS and shall review this information to determine whether applicants are acceptable for enlistment and for assignment to special programs. Recruiters shall request such information in each instance by addressing their requests to the criminal justice system not...
later than 90 days after each application for enlistment is made.

c) The Military Services shall ensure the confidentiality of criminal history record information obtained for recruiting purposes. Personnel who have access to this information may not disclose it except for the purposes for which obtained (10 U.S.C. 520a).

d) The DIS shall provide additional background information to the Military Services as needed to determine the suitability of applicants for enlistment and for participation in special programs. §97.1 Purpose.

This directive establishes policy, assigns responsibilities, and prescribes procedures for the release of official DoD information in litigation and for testimony by DoD personnel as witnesses during litigation.

§97.2 Applicability and scope.

(a) This directive applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Organization of the Joint Chiefs of Staff (OJCS), the Unified and Specified Commands, and the Defense Agencies (hereafter referred to as “DoD Components”), and to all personnel of such DoD Components.

(b) This directive does not apply to the release of official information or testimony by DoD personnel in the following situations:

(1) Before courts-martial convened by the authority of the Military Departments or in administrative proceedings conducted by or on behalf of a DoD Component;

(2) Pursuant to administrative proceedings conducted by or on behalf of the Equal Employment Opportunity Commission (EEOC) or the Merit Systems Protection Board (MSPB), or pursuant to a negotiated grievance procedure under a collective bargaining agreement to which the Government is a party;

(3) In response to requests by Federal Government counsel in litigation conducted on behalf of the United States;

(4) As part of the assistance required pursuant to DoD Directive 5220.6, “Industrial Personnel Security Clearance Program,” December 20, 1976; or,

(5) Pursuant to disclosure of information to Federal, State, and local prosecuting and law enforcement authorities, in conjunction with an investigation conducted by a DoD criminal investigative organization.

(c) This Directive does not supersede or modify existing laws or DoD program governing the testimony of DoD personnel or the release of official DoD information during grand jury proceedings, the release of official information not involved in litigation, or the release of official information pursuant to the Freedom of Information Act, 5 U.S.C. 552, or the Privacy Act, 5 U.S.C. 552a, nor does this Directive preclude treating any written request for agency records that is not in the nature of legal process as a request under the Freedom of Information or Privacy Acts.

(d) This Directive is not intended to infringe upon or displace the responsibilities committed to the Department of Justice in conducting litigation on behalf of the United States in appropriate cases.

(e) This Directive does not preclude official comment on matters in litigation in appropriate cases.

(f) This Directive is intended only to provide guidance for the internal operation of the Department of Defense and is not intended to, does not, and may not be relied upon to create any right or benefit, substantive or procedural,
§ 97.3 Definitions.

(a) Demand. Subpoena, order, or other demand of a court of competent jurisdiction, or other specific authority, for the production, disclosure, or release of official DoD information or for the appearance and testimony of DoD personnel as witnesses.

(b) DoD personnel. Present and former U.S. military personnel; Service Academy cadets and midshipmen; and present and former civilian employees of any Component of the Department of Defense, including nonappropriated fund activity employees; non-U.S. nationals who perform services overseas, under the provisions of status of forces agreements, for the U.S. Armed Forces; and other specific individuals hired through contractual agreements by or on behalf of the Department of Defense.

(c) Litigation. All pretrial, trial, and post-trial stages of all existing or reasonably anticipated judicial or administrative actions, hearings, investigations, or similar proceedings before civil or military courts, commissions, boards (including the Armed Services Board of Contract Appeals), or other tribunals, foreign and domestic. This term includes responses to discovery requests, depositions, and other pretrial proceedings, as well as responses to formal or informal requests by attorneys or others in situations involving litigation.

(d) Official information. All information of any kind, however stored, that is in the custody and control of the Department of Defense, relates to information in the custody and control of the Department, or was acquired by DoD personnel as part of their official duties or because of their official status within the Department while such personnel were employed by or on behalf of the Department or on active duty with the U.S. Armed Forces.

§ 97.4 Policy.

It is DoD policy that official information should generally be made reasonably available for use in Federal and State courts and by other governmental bodies unless the information is classified, privileged, or otherwise protected from public disclosure.

§ 97.5 Responsibilities.

(a) The General Counsel, Department of Defense, shall provide general policy and procedural guidance by the issuance of supplemental instructions or specific orders concerning the release of official DoD information in litigation and the testimony of DoD personnel as witnesses during litigation.

(b) The Heads of DoD Components shall issue appropriate regulations to implement this Directive and to identify official information that is involved in litigation.

§ 97.6 Procedures.

(a) Authority to act. (1) In response to a litigation request or demand for official DoD information or the testimony of DoD personnel as witnesses, the General Counsels of DoD, Navy, and the Defense Agencies; the Judge Advocates General of the Military Departments; and the Chief Legal Advisors to the JCS and the Unified and Specified Commands, with regard to their respective Components, are authorized—after consulting and coordinating with the appropriate Department of Justice litigation attorneys, as required—to determine whether official information may be released in litigation; whether DoD personnel assigned to or affiliated with the Component may be interviewed, contacted, or used as witnesses concerning official DoD information or as expert witnesses; and what, if any, conditions will be imposed upon such release, interview, contact, or testimony. Delegation of this authority, to include the authority to invoke appropriate claims of privilege before any tribunal, is permitted.

(2) In the event that a DoD Component receives a litigation request or demand for official information originated by another Component, the receiving Component shall forward the appropriate portions of the request or demand to the originating Component for action in accordance with this Directive. The receiving Component shall also notify the requestor, court, or other authority of its transfer of the request or demand.
§ 97.6

(3) Notwithstanding the provisions of paragraph (a) (1) and (2) of this section, the General Counsel, DoD, in litigation involving terrorism, espionage, nuclear weapons, intelligence means or sources, or otherwise as deemed necessary, may notify Components that General Counsel, DoD, will assume primary responsibility for coordinating all litigation requests and demands for official DoD information or testimony of DoD personnel, or both; consulting with the Department of Justice, as required; and taking final action on such requests and demands.

(b) Factors to consider. In deciding whether to authorize the release of official DoD information or the testimony of DoD personnel concerning official information (hereafter referred to as “the disclosure”) pursuant to paragraph (a), DoD officials should consider the following types of factors:

(1) Whether the request or demand is unduly burdensome or otherwise inappropriate under the applicable court rules;

(2) Whether the disclosure, including release in camera, is appropriate under the rules of procedure governing the case or matter in which the request or demand arose;

(3) Whether the disclosure would violate a statute, executive order, regulation, or directive;

(4) Whether the disclosure, including release in camera, is appropriate or necessary under the relevant substantive law concerning privilege;

(5) Whether the disclosure, except when in camera and necessary to assert a claim of privilege, would reveal information properly classified pursuant to DoD 5200.1–R, “Information Security Program Regulation,” August 1982; unclassified technical data withheld from public release pursuant to DoD Directive 5230.25, “Withholding of Unclassified Technical Data from Public Disclosure,” November 6, 1984; or other matters exempt from unrestricted disclosure; and,

(6) Whether disclosure would interfere with ongoing enforcement proceedings, compromise constitutional rights, reveal the identity of an intelligence source or confidential informant, disclose trade secrets or similarly confidential commercial or financial information, or otherwise be inappropriate under the circumstances.

(c) Decisions on litigation requests and demands. (1) Subject to paragraph (c)(5) of this section, DoD personnel shall not, in response to a litigation request or demand, produce, disclose, release, comment upon, or testify concerning any official DoD information without the prior written approval of the appropriate DoD official designated in §97.6(a). Oral approval may be granted, but a record of such approval will be made and retained in accordance with the applicable implementing regulations.

(2) If official DoD information is sought, through testimony or otherwise, by a litigation request or demand, the individual seeking such release or testimony must set forth, in writing and with as much specificity as possible, the nature and relevance of the official information sought. Subject to paragraph (c)(5), DoD personnel may only produce, disclose, release, comment upon, or testify concerning those matters that were specified in writing and properly approved by the appropriate DoD official designated in paragraph (a) of this section. See United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951).

(3) Whenever a litigation request or demand is made upon DoD personnel for official DoD information or for testimony concerning such information, the personnel upon whom the request or demand was made shall immediately notify the appropriate DoD official designated in §97.6(a) for the Component to which the individual contacted is or, for former personnel, was last assigned. In appropriate cases, the responsible DoD official shall thereupon notify the Department of Justice of the request or demand. After due consultation and coordination with the Department of Justice, as required, the DoD official shall determine whether the individual is required to comply with the request or demand and shall notify the requestor or the court or other authority of the determination reached.

(4) If, after DoD personnel have received a litigation request or demand and have in turn notified the appropriate DoD official in accordance with
paragraph (c)(3) of this section, a response to the request or demand is required before instructions from the responsible official are received, the responsible official designated in paragraph (a) shall furnish the requestor or the court, or other authority with a copy of this directive and applicable implementing regulations, inform the requestor or the court or other authority that the request or demand is being reviewed, and seek a stay of the request or demand pending a final determination by the Component concerned. (5) If a court of competent jurisdiction or other appropriate authority declines to stay the effect of the request or demand in response to action taken pursuant to §97.6(c)(4), or if such court or other authority orders that the request or demand must be complied with notwithstanding the final decision of the appropriate DoD official, the DoD personnel upon whom the request or demand was made shall notify the responsible DoD official of such ruling or order. If the DoD official determines that no further legal review of or challenge to the court’s or other authority order or ruling will be sought, the affected DoD personnel shall comply with the request, demand, or order. If directed by the appropriate DoD official, however, the affected DoD personnel shall respectfully decline to comply with the demand. See United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951). (d) Fees. Consistent with the guidelines in DoD Instruction 7220.7, “User Charges,” January 29, 1985, the appropriate officials designated in §97.6(a) are authorized to charge reasonable fees, as established by regulation and to the extent not prohibited by law, to parties seeking, by request or demand, official DoD information not otherwise available under DoD 5400.7-R, “DoD Freedom of Information Act Program,” March 24, 1980. Such fees, in amounts calculated to reimburse the government for the expense of providing such information, may include the costs of time expended by DoD employees to process and respond to the request or demand; attorney time for reviewing the request or demand and any information located in response thereto and for related legal work in connection with the request or demand; and expenses generated by materials and equipment used to search for, produce, and copy the responsive information. See Oppenheimer Fund, Inc. v. Sanders, 437 U.S. 340 (1978). (e) Expert or opinion testimony. DoD personnel shall not provide, with or without compensation, opinion or expert testimony concerning official DoD information, subjects, or activities, except on behalf of the United States or a party represented by the Department of Justice. Upon a showing by the requestor of exceptional need or unique circumstances and that the anticipated testimony will not be adverse to the interests of the Department of Defense or the United States, the appropriate DoD official designated in paragraph (a) of this section may, in writing, grant special authorization for DoD personnel to appear and testify at no expense to the United States. If, despite the final determination of the responsible DoD official, a court of competent jurisdiction or other appropriate authority, orders the appearance and expert or opinion testimony of DoD personnel, the personnel shall notify the responsible DoD official of such order. If the DoD official determines that no further legal review of or challenge to the court’s or other authority order will be sought, the affected DoD personnel shall comply with the order. If directed by the appropriate DoD official, however, the affected DoD personnel shall respectfully decline to comply with the demand. See United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951).

APPENDIX TO PART 99—ADDRESSES OF RELEVANT U.S. GOVERNMENT AGENCIES

§ 99.1 Scope and purpose.

(b) A State or locality is also eligible for an indemnification agreement if it meets the conditions of paragraph (a) of this section, but nevertheless provided criminal history record information to the DoD, OPM, or CIA on or before December 4, 1985.

§ 100.1 Reissuance and purpose.

This part is reissued to update DoD policy on actions to be taken in regard to members of the Ready Reserve
§ 100.2 Applicability.
The provisions of this part apply to the Office of the Secretary of Defense and the Military Departments.

§ 100.3 Policy.
Persons who are enlisted or appointed in, or transferred to a Reserve component of the Armed Forces of the United States, under the provisions of 10 U.S.C. 510, 511, 593, 597, or 651 and 32 U.S.C. 302 are expected to participate and perform satisfactorily as members of the Ready Reserve to fulfill their obligation or service agreement. This policy is also in accordance with the standards prescribed by 32 CFR parts 102 and 101 and the Military Departments concerned.

§ 100.4 Responsibility.
The Secretaries of the Military Departments shall ensure that:

(a) Ready Reserve applicants understand their obligations for satisfactory participation in the Ready Reserve before their enlistment or appointment.

(b) Members of the Ready Reserve continue to understand their obligations for satisfactory participation in the Ready Reserve after their enlistment or appointment in accordance with 32 CFR part 44.

§ 100.5 Procedures.

(a) Unsatisfactory participation in the Ready Reserve. (1) Members of the Selected Reserve who have not fulfilled their statutory military service obligation under 10 U.S.C. 651 and whose participation has not been satisfactory may be:

(i) Ordered to active duty, if they have remained on active duty for training for a total period of 24 months, for such period of time as may be deemed necessary by the Secretary of the Military Department concerned under the provisions of 10 U.S.C. 673a (such individuals may be required to serve on active duty until their total service on active duty or active duty for training equals 24 months); or

(ii) Ordered to active duty for training, regardless of the length of prior active duty or active duty for training, for a period of not more than 45 days under provisions of 10 U.S.C. 276; or

(iii) Transferred to the Individual Ready Reserve (IRR) for the balance of their statutory military service obligation with a tentative characterization of service, normally under other than honorable conditions, when the Military Department concerned has determined that the individuals still possesses the potential for useful service under conditions of full mobilization; or

(iv) Discharged for unsatisfactory participation under the provisions of 32 CFR part 41 when the Military Department concerned has determined that the individual has no potential for useful service under conditions of full mobilization.

(2) Members of the Selected Reserve who have fulfilled their statutory military service obligation under 10 U.S.C. 651 or who did not incur such obligation, and whose participation has not been satisfactory may be:

(i) Transferred to the IRR for the balance of their current enlistment contract or service agreement with a tentative characterization of service, normally under other than honorable conditions, when the Military Department concerned has determined that the individual still has a potential for useful service under conditions of full mobilization; or

(ii) Discharged for unsatisfactory performance under 32 CFR part 41 when the Military Department concerned has determined that the individual still has a potential for useful service under conditions of full mobilization.

(3) When a member of the Selected Reserve who has been determined to be unsatisfactory for service in the Ready Reserve is identified as an unsatisfactory participant and considered a possible candidate for involuntary transfer to the IRR or for discharge, a board of officers shall be convened, as required

2This includes women whose current enlistment or appointment was effected before February 1, 1978.
by 10 U.S.C. 1163 to consider the circumstances and recommend appropriate action.

(4) When an individual is transferred to the IRR as a result of an approved board recommendation, no further board action shall be required before discharge if the individual fails to take affirmative action in an effort to upgrade the tentative characterization of service.

(5) Members of the IRR who have not fulfilled their statutory military service obligation under 10 U.S.C. 651 were enlisted or appointed under any program that provided that the obligation could be fulfilled by service in the IRR only, and whose participation in such a program has not been satisfactory may be:

(i) Retained in the IRR for the duration of their statutory military service obligation with a tentative characterization of service, normally under other than honorable conditions, when the Military Department concerned has determined that the individual still possesses the potential for useful service under conditions of full mobilization; or

(ii) Discharged for unsatisfactory performance under 32 CFR part 41, when the Military Department concerned has determined that the individual has no potential for useful service under conditions of full mobilization.

(6) When a member of the IRR, whose enlistment or appointment provided that the service concerned could be performed entirely in the IRR (as opposed to the Selected Reserve), is identified as an unsatisfactory participant, a board of officers shall be convened as required by 10 U.S.C. 1163 to consider the circumstances and recommend appropriate action. When an individual is retained as a result of an approved board action, no further board action shall be required before discharge if the individual fails to take affirmative action in an effort to upgrade the tentative characterization of service.

(7) Individuals assigned to the Selected Reserve who are ordered to active duty under 10 U.S.C. 673a or to active duty for training under the provisions of 10 U.S.C. 270 may be returned to their previous unit of assignment or transferred to the IRR upon the completion of the active duty or active duty for training. When necessary, the individual’s term of enlistment or service agreement may be extended to permit completion of the designated period of active duty or active duty for training in accordance with 10 U.S.C. 270(b) and 673(b).

(8) Individuals who are transferred or assigned to the IRR who have a tentative characterization of service of less than honorable because of unsatisfactory participation in the Ready Reserve shall be discharged at the end of their statutory military service obligation or their period of enlistment or service agreement, whichever is later with such characterization unless the individuals have taken affirmative action to upgrade the tentative characterization of service. Affirmative actions may include, but are not limited to, rejoining a unit of the Selected Reserve and participating satisfactorily for a period of 12 months, or volunteering for and completing a tour of active duty for training of not less than 45 days. When necessary, the individual’s term of enlistment or service agreement may be extended to complete the affirmative action and qualify for a more favorable characterization of service.

(9) When members of the Selected Reserve are ordered to active duty, active duty for training, or transferred to the IRR because of unsatisfactory participation, copies of their orders should be furnished to the individuals through personal contact by a member of the command and a written acknowledgment of receipt obtained. When such efforts are unsuccessful, the orders shall be mailed to the individual.

(i) Orders mailed to such members shall be sent by Certified Mail (Return Receipt Requested), and a Receipt for Certified Mail (PS Form 3800) obtained. In addition, the individual who mails the orders shall prepare a Sworn Affidavit of Service by Mail (format at enclosure) that shall be inserted, together with the PS Form 3800, in the member’s personnel file.

(ii) Notification shall be made through the mailing of orders to the member’s most recent mailing address.
Office of the Secretary of Defense

§ 100.5

(iii) Provided the orders were properly mailed to the most recent address furnished by the member, absence of proof of delivery does not change the fact that the member was properly ordered to report for active duty, active duty for training, or transferred to the IRR, as appropriate.

(iv) Individuals ordered to active duty who fail to report shall have their names entered into the National Crime Information Center of the Federal Bureau of Investigation within 30 days following their reporting date and appropriate screening by the Deserter Information Point concerned.

(10) Orders affecting members of the IRR that involve active duty for training required by the terms of their enlistment or service agreement may be handled by mail in the manner prescribed in paragraph (a)(9)(i) of this section.

(11) Each member of the IRR must keep the organization of assignment informed of:

(i) His/her accurate and current mailing address;

(ii) Any change of address, marital status, number of dependents, and civilian employment; and

(iii) Any change in physical condition that would prevent the member from meeting the physical or mental standards prescribed by 10 U.S.C. 652 and part 44 of this title.

(12) Individuals involuntarily ordered to active duty or active duty for training under provisions of this part may be delayed as prescribed by the Secretary of the Military Department concerned.

(13) Individuals whose involuntary order to active duty would result in extreme community or personal hardship may, upon their request, be transferred to the Standby Reserve, the Retired Reserve, or discharged, as appropriate, in accordance with 10 U.S.C. 673a(c) and part 44 of this title.

(b) Exceptions. As exceptions to the criteria in paragraph (a) of this section, members of the Ready Reserve who do not or are unable to participate for any of the following reasons shall be processed as indicated:

(1) Members of the Selected Reserve who are unable to participate in a unit of the Selected Reserve by reason of an action taken by the Military Department concerned, such as unit inactivation or relocation, to the effect that they now reside beyond a reasonable commuting distance (as defined in §100.6(e)) of a Reserve unit, shall be assigned to the IRR until they are able to join or be assigned to another unit, or complete their statutory military service obligation.

(2) Members of the Selected Reserve who change their residence:

(i) May lose their unit position. However, they will be transferred to another paid-drill unit with the same Reserve component if possible or be given 90 days after departing from their original unit to locate and join another unit. At the new unit, they will fill an existing vacancy or be assigned as a temporary overstrength within the congressionally authorized standardized years (defined in §100.6(f)) or funds under paragraph (b)(2)(iii) (A) and (B) of this section.

(ii) May locate position vacancies that require different specialties than the ones they now possess. Therefore, the Secretary of the Military Department concerned may provide for the retaining of these individuals (with their consent) by ordering them to active duty for training to acquire the necessary specialties.

(iii) Must be accepted in a Reserve unit by their parent Military Department regardless of vacancies, subject to the following conditions:

(A) The losing unit certifies that the reservist’s performance of service has been satisfactory.

(B) The reservist’s specialty is usable in the unit, the member can be retrained by on-the-job training, or the member is willing to be retrained as outlined in paragraph (b)(2)(ii) of this section.

(iv) Are authorized to transfer to another Reserve component under the provisions of DoD Directive 1205.51, “Transfer of Persons Between Reserve Components of the Armed Forces,” June 25, 1959, when the conditions outlined in paragraph (b)(2)(iii) apply.

(3) If members of the Selected Reserve who change their residents fail to join another unit within a period of 90
§ 100.6 Definitions.

(a) Ready Reserve. Consists of the Selected Reserve and the Individual Ready Reserve. Members of both are subject to active duty as outlined in 10 U.S.C. 672 and 673.

(b) Selected Reserve. Members of the Ready Reserve in training/pay categories A, B, C, F, M and P. These reservists are either members of units who participate regularly in drills and annual active duty for training, in annual field training in the case of the National Guard, or are on initial active duty for training; or they are individuals who participate in regular drills and annual active duty on the same basis as members of Reserve component units. Excluded from the Selected Reserve are Reserve component members who are:

(1) Participating in annual active duty for training and not paid for attendance at regular drills (pay category L).

(2) Enrolled in officer training program (pay category J) members of the Individual Ready Reserve pool (pay category H), and reservists on extended active duty. (See 10 U.S.C. 268(b) 32 CFR part 102.)

(3) Members of the Inactive Army National Guard.

days, and at least 1 unit of their component is within a reasonable commuting distance, as such distance is defined in §100.6(e) they shall be processed in accordance with §100.5(a) unless they are considered eligible to be handled as “exceptions” under policies outlined in paragraph (b) (5) through (8) of this section.

(4) If members of the Selected Reserve who change their residences locate in an area where they reside beyond a reasonable commuting distance, as such distance is defined in §100.6(e) of a paid-drill unit of the same Reserve component, they shall be assigned to the IRR of their service until they are able to transfer to a paid-drill unit of another Reserve component; or complete their statutory military service obligation.

(5) Members of the Ready Reserve who are preparing for, or are engaged in, critical civilian occupations will be screened in accordance with 32 CFR part 44.

(6) Individuals who are preparing for the ministry in a recognized theological or divinity school may participate voluntarily in the Ready Reserve. However, under 10 U.S.C. 685, such individuals may not be required to do so. Members who do not wish to participate shall be transferred to the Standby Reserve. If such training is terminated before graduation, the member may be transferred back to the Ready Reserve. A member eligible for assignment to the Standby Reserve under the provisions of 10 U.S.C. 268(b), 270, 510, 511, 593, 597, 651, 652, 672, 673, 673a, 673b, 685, and 1163 who voluntarily remains assigned to the Selected Reserve and participates in the training required, waives any right to request delay to exemption from any later mobilization on the basis of preparation for the ministry.

(7) Individuals who are enrolled in a course of graduate study in one of the health professions shall be screened in accordance with DoD Directive 1200.141, “Reservists Who Are Engaged in Graduate Study or Training in Certain Health Progressions,” July 30, 1969.

(8) Individuals who incur a bona fide, temporary nonmilitary obligation requiring overseas residency outside the United States, or religious missionary obligation shall be processed in accordance with 32 CFR art 103.

(9) Nothing in this part shall be construed as limiting the right of the individual to voluntarily request transfer to the Standby Reserve or to the Retired Reserve, or discharge from the Reserve components when such action is authorized by regulations of the Military Department concerned.

(10) Nothing in this part shall be construed as precluding action against a member of the Ready Reserve, either by court-martial or review by a board of officers convened by an authority designated by the Secretary of the Military Department concerned, when such action might otherwise be warranted under 10 U.S.C. 268(b), 270, 510, 511, 593, 597, 651, 652, 672, 673, 673a, 673b, 685, and 1163 and the regulations of the Military Department concerned.
§ 101.1 Reissuance and purpose.

This part establishes: (a) The criteria and training requirements for satisfactory participation by members of the Ready Reserve to maintain qualification for reserve service.

(c) Individual Ready Reserve (IRR). Members of the Ready Reserve not assigned to the Selected Reserve and not on active duty.

(d) Unsatisfactory participation. A member of the Ready Reserve who fails to fulfill his/her obligation or agreement as a member of a unit of the Ready Reserve described in 10 U.S.C. 268(b), 270, 511, 593, 597, 651, 652, 672, 673, 673a, 673b, 685, and 1163. Or a member who fails to meet the standards as prescribed by the Military Departments concerned for attendance at training drills, attendance at active duty for training, training advancement, or performance of duty.

(e) Reasonable commuting distance. The maximum distance a member of a Reserve component may travel involuntarily between residence and drill training site, in accordance with §100.5(b)(1). This distance may be within:

1. A 100-mile radius of the drill site that does not exceed a distance that can be traveled by automobile under average conditions of traffic, weather, and roads within 3 hours. This applies only to those units that normally conduct four drills on 2 consecutive days during the training year, if Government meals and quarters are provided at the base where the unit drills. (The provisions of this paragraph shall apply only to those individuals enlisting, re-enlisting, or extending their enlistments after November 1, 1972.)

2. A 50-mile radius of the drill site that does not exceed a distance that can be traveled by automobile under average conditions of traffic, weather, and roads within a period of 1½ hours.

(f) Standard-year. Personnel authorizations that describe the amount of work expected of one individual during a calendar or fiscal year.

(g) Tentative characterization of service. An interim description of the quality of performance during a period which is less than the time required to earn an administrative discharge. The quality of performance shall be described as honorable, under honorable conditions, or under other than honorable conditions. If the quality is described as under other than honorable conditions a Discharge Under Other Than Honorable Conditions certificate shall be provided upon discharge.

§ 101.1 Reissuance and purpose.

This part establishes: (a) The criteria and training requirements for satisfactory participation by members of the
§ 101.2 Applicability.

The provisions of this part apply to the Office of the Secretary of Defense and the Military Departments.

§ 101.3 Definitions.

For the purposes of administering 10 U.S.C. 270(a), the terms enlisted and appointed refer to initial entry into an armed force through enlistment or appointment.

§ 101.4 Responsibilities.

The Secretaries of the Military Departments will issue regulations prescribing criteria and training requirements for satisfactory participation in Reserve training programs by members of Reserve components of the U.S. Armed Forces and exceptions thereto, consistent with §101.5.

§ 101.5 Requirements.

(a) Reserve participation—(1) Training requirements under 10 U.S.C. 270(a). (i) Each individual inducted, enlisted, or appointed in the U.S. Armed Forces after August 9, 1955, who becomes a member of the Ready Reserve (by means other than through membership in the Army National Guard of the United States (see §101.5(a)(2)) during the required statutory period in the Ready Reserve, participate or serve as follows, except as provided in 32 CFR part 102.

(A) In at least 48 scheduled drills or training periods and not less than 14 days (exclusive of travel time) of active duty training during each year; or

(B) On active duty for training for no more than 30 days each year, unless otherwise specifically prescribed by the Secretary of Defense.

(ii) The provisions of §101.5(a)(1) do not apply to graduates of the Federal and State Maritime Academies who are commissioned in the Naval Reserve.

(2) Training requirements under 32 U.S.C. 502(a) apply to the Secretaries of the Army and Air Force only. Members of the Army and Air National Guard shall:

(i) Assemble for drill and instruction at least 48 times a year, and

(ii) Participate in training encampments, maneuvers, or other exercises at least 15 days a year, unless excused by the Secretaries of the Army or Air Force.

(3) Active duty. Enlisted members who have served 2 years on active duty or who, under the policy and regulations of the Military Services concerned, were credited with having served 2 years of active duty will not be required to perform duty as described in paragraph (a)(1)(i) (A) and (B) of this section unless such members:

(i) Enlisted under the provisions of 10 U.S.C. 511(b) or (d) thereby incurring a statutory obligation to participate in the Ready Reserve in an active training status for a specified period of time after the 2 years of active duty described above.

(ii) Performed part or all of their 2 years of active duty as a result of being ordered to active duty under 10 U.S.C. 673a for not participating satisfactorily in a unit of the Ready Reserve. However, the Secretary concerned, or designee, may waive this requirement in those cases where involuntary retention would not be in the best interest of the Service.

(iii) Filled a vacancy in the Selected Reserve that otherwise cannot be filled, following a diligent recruiting effort by the Secretary concerned.

(iv) Executed a separate written agreement incurring an obligation to participate in the Selected Reserve.

(4) Active duty served in a combat zone. (i) Except as specified in paragraph (a)(4)(ii), enlisted members who (A) have served on active duty in a combat zone for hostile fire pay (or other areas as prescribed by the Secretary of Defense) for a total of 30 days or more, or (B) are wounded while on active duty in hostile areas, will not be required to perform duty involuntarily (as described paragraph (a) (1)(i)(A) and (2) of this section. However, these members may be required to participate or serve on active duty for no more than 30 days each year, unless otherwise specifically prescribed by the Secretary of Defense.
(ii) Members, who enlisted under the provisions of 10 U.S.C. 511(b) or (d) and serve on active duty described in paragraph (a)(4)(i) are obligated to participate in the Ready Reserve in an active duty training status during the statutory period of service in the Ready Reserve.

(5) Exclusion. Notwithstanding the exclusion of the member enlisted under the provisions of 10 U.S.C. 511(b) or (d), from the policies set forth in paragraph (a)(3) and (4) of this section, the Secretaries of the Military Departments may, with the approval of the Secretary of Defense, establish criteria which may excuse certain enlistees from performing the duty described in §101.5(a), depending upon the particular needs of the Military Department concerned.

§101.6 Criteria for satisfactory performance.

Within the general policy outlined in §101.5(a), the minimum amount of annual training prescribed by the Secretaries of the Military Departments concerned will be no less than the training required to maintain the proficiency of the unit and the skill of the individual. In establishing annual training requirements under this policy, the Secretaries:

(a) May grant exceptions under circumstances outlined below for individuals who are subject to the training requirements set forth in §101.5(a)(1) and (2):

(1) To the degree that it is consistent with military requirements, the personal circumstances of an individual may be considered in assigning him/her to a training category prescribed in 32 CFR part 102, except as otherwise provided by 32 CFR part 100.

(2) Members who have performed a minimum initial tour of extended active duty, as prescribed by the Military Departments concerned may be placed in Category I (no training) as defined in 32 CFR part 102, when the Secretary of the Military Department concerned determines that no training for mobilization requirement exists because of

(i) Changes in military skills required;

(ii) The degree of military skill held; or

(iii) Compatibility of the member’s civilian occupation with his/her military skill.

(b) May grant exceptions regarding absences after considering the member’s manner of performance of prescribed training duty under the provisions of §101.5(a)(1) and provided that the absences not so excepted do not exceed 10% of scheduled drills or training periods.

(c) Shall require members to: (1) Meet the standards of satisfactory performance of training duty set forth in §101.6(b); or (2) participate satisfactorily in an officer training program. The placement of such members in the Standby Reserve as a result of the screening process prescribed in 32 CFR part 44, will continue to constitute satisfactory performance of service.

§101.7 Compliance measures.

Under the provisions of 32 CFR part 100, members of the Ready Reserve who fail to meet the criteria for satisfactory performance, as set forth in §101.6, may be:

(a) Ordered to active duty; or

(b) Ordered to active duty for training; or

(c) Transferred to, or retained in the Individual Ready Reserve with a tentative characterization of service, normally under other than honorable conditions; or

(d) Discharged for unsatisfactory participation under the provisions of 32 CFR part 41, when the Military Department concerned has determined that the individual has no potential for useful service under conditions of full mobilization.

§101.8 Reserve training in sovereign foreign nations.

(a) The Secretaries of the Military Departments may authorize the conduct of scheduled drills or training periods, correspondence courses, and such other active or inactive duty training as they consider appropriate for members of the Reserve components who may be temporarily residing in sovereign foreign nations which permit the United States to maintain troops
of the Active Forces (other than Military Advisory Assistance Group or attached personnel) within their boundaries.

(b) Prior to authorizing such training, the Secretaries of the Military Departments will instruct the attaches representing their respective Departments to inform the U.S. Ambassador and the appropriate officials of the foreign government of the intent to conduct such training. If the foreign government objects, the Secretaries of the Military Departments will furnish all the facts and their recommendations to the Secretary of Defense.

(c) This policy does not prohibit the conduct of inactive duty training, such as correspondence courses, in those sovereign foreign countries in which the United States does not maintain Active Forces and where an agreement exists between the United States and the sovereign foreign nation concerned for the conduct of such training.

(d) This policy does not prohibit for a limited duration the augmentation of Defense Attache Offices by attaché reservists (mobilization augmentees or mobilization designees) during periods of local emergencies or for short-term (less than 30 days) training periods, provided the provisions of paragraph (b) of this section are respected. Attaché reservists who are available, possess the expertise required, and reside temporarily in foreign countries, shall be utilized to the maximum extent to augment Defense Attache Offices before the continental United States-based attaché reservists are utilized.

PART 104—CIVILIAN EMPLOYMENT AND REEMPLOYMENT RIGHTS OF APPLICANTS FOR, AND SERVICE MEMBERS AND FORMER SERVICE MEMBERS OF THE UNIFORMED SERVICES

§ 104.1 Purpose.

This part:

(a) Updates implementation policy, assigns responsibilities, and prescribes procedures for informing Service members who are covered by the provisions of 38 U.S.C. chapter 43 and individuals who apply for uniformed service, of their civilian employment and reemployment rights, benefits and obligations.

(b) Implements 38 U.S.C. chapter 43, which updated, codified, and strengthened the civilian employment and reemployment rights and benefits of Service members and individuals who apply for uniformed service, and specifies the obligations of Service members and applicants for uniformed service.

§ 104.2 Applicability.

This part applies to the Office of the Secretary of Defense; the Military Departments, including the Coast Guard when it is not operating as a Military Service in the Department of the Navy by agreement with the Department of Transportation; the Chairman of the Joint Chiefs of Staff; and the Defense Agencies (referred to collectively in this part as "the DoD Components"). The term "Military Departments," as used in this part, refers to the Departments of the Army, Navy, and Air Force. The term "Secretary concerned" refers to the Secretaries of the Military Departments and the Secretary of Transportation with respect to the Coast Guard when it is not operating as a Service in the Department of the Navy. The term "Military Services" refers to the Army, the Navy, the Air Force, the Marine Corps, and the Coast Guard.

§ 104.3 Definitions.

Critical mission. An operational mission that requires the skills or resources available in a Reserve component or components.
Critical requirement. A requirement in which the incumbent possesses unique knowledge, extensive experience, and specialty skill training to successfully fulfill the duties or responsibilities in support of the mission, operation or exercise. Also, a requirement in which the incumbent must gain the necessary experience to qualify for key senior leadership positions within his or her Reserve component.

Escalator position. This is established by the principle that the returning Service member is entitled to the position of civilian employment that he or she would have attained had he or she remained continuously employed by that civilian employer. This may be a position of greater or lesser responsibilities, to include a layoff status, when compared to the employees of the same seniority and status employed by the company.

Impossible or unreasonable. For the purpose of determining when providing advance notice of uniformed service to an employer is impossible or unreasonable, the unavailability of an employer or employer representative to whom notification can be given, an order by competent military authority to report for uniformed service within forty-eight hours of notification, or other circumstances that the Office of the Assistant Secretary of Defense for Reserve Affairs may determine are impossible or unreasonable are sufficient justification for not providing advance notice of pending uniformed service to an employer.

Military necessity. For the purpose of determining when providing advance notice of uniformed service is not required, a mission, operation, exercise or requirement that is classified, or a pending or ongoing mission, operation, exercise or requirement that may be compromised or otherwise adversely affected by public knowledge is sufficient justification for not providing advance notice of pending uniformed service to an employer.

Non-career service. The period of active uniformed service required to complete the initial uniformed service obligation; a period of active duty or full-time National Guard duty that is for a specified purpose and duration with no expressed or implied commitment for continued active duty; or participation in a Reserve component as a member of the Ready Reserve performing annual training, active duty for training or inactive duty training. Continuous or repeated active uniformed service or full-time National Guard duty that results in eligibility for a regular retirement from the Armed Forces is not considered non-career service.

Officer. For determining those Service officials authorized to provide advance notice to a civilian employer of pending uniformed service by a Service member or an individual who has applied for uniformed service, an officer shall include all commissioned officers, warrant officers, and non-commissioned officers authorized by the Secretary concerned to act in this capacity.

Uniformed service. Performance of duty on a voluntary or involuntary basis in the Army, the Navy, the Air Force, the Marine Corps or the Coast Guard, including their Reserve components, when the Service member is engaged in active duty, active duty for special work, active duty for training, initial active duty for training, inactive duty training, annual training or full-time National Guard duty, and, for purposes of this part, a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform such duty.

§ 104.4 Policy.

It is DoD policy to support non-career service by taking appropriate actions to inform and assist uniformed Service members and former Service members who are covered by the provisions of 38 U.S.C. chapter 43, and individuals who apply for uniformed service of their rights, benefits, and obligations under 38 U.S.C. Chapter 43. Such actions include:

(a) Advising non-career Service members and individuals who apply for uniformed service of their employment and reemployment rights and benefits provided in 38 U.S.C. chapter 43, as implemented by this part, and the obligations they must meet to exercise those rights;

(b) Providing assistance to Service members, former Service members and
§ 104.5 Responsibilities.

(a) The Assistant Secretary of Defense for Reserve Affairs, under the Under Secretary of Defense for Personnel and Readiness, shall:

1. In conjunction with the Departments of Labor (DoL) and Veterans Affairs, the Office of Personnel Management (OPM), and other appropriate Departments and activities of the executive branch, determine actions necessary to establish procedures and provide information concerning civilian employment and reemployment rights, benefits and obligations.

(2) Establish procedures and provide guidance to the Secretaries concerned about civilian employment and reemployment rights, benefits and obligations of Service members who are covered by the provisions of 38 U.S.C. chapter 43 and individuals who apply for uniformed service as provided in 38 U.S.C. chapter 43. This responsibility shall be carried out in coordination with DoL, OPM, and the Federal Retirement Thrift Investment Board.

(3) Monitor compliance with 38 U.S.C. chapter 43 and this part.

(4) Publish in the Federal Register, DoD policies and procedures established to implement 38 U.S.C. chapter 43.

(b) The Secretaries of the Military Departments and the Commandant of the Coast Guard shall establish procedures to:

1. Ensure compliance with this part.

2. Inform Service members who are covered by the provisions of 38 U.S.C. chapter 43 and individuals who apply for uniformed service of the provisions of 38 U.S.C. chapter 43 as implemented by this part.

3. Provide available documentation, upon request from a Service member or former Service member, that can be used to establish reemployment rights of the individual.

4. Specify, as required, and document those periods of active duty that are exempt from the 5-year cumulative service limitation that a Service member may be absent from a position of civilian employment while retaining reemployment rights.

5. Provide assistance to Service members and former Service members who are covered by the provisions of 38 U.S.C. chapter 43, and individuals who apply for uniformed service in exercising employment and reemployment rights.

6. Provide assistance, as appropriate, to civilian employers of Service members who are covered by the provisions of 38 U.S.C. chapter 43 and individuals who apply for uniformed service.

7. Cooperate with the DoL in discharging its responsibilities to assist persons with employment and reemployment rights and benefits.

§ 104.6 Procedures.

The Secretaries of the Military Departments and the Commandant of the Coast Guard shall:

(a) Inform individuals who apply for uniformed service and members of a Reserve component who perform or participate on a voluntary or involuntary basis in active duty, active duty
for special work, initial active duty for training, active duty for training, inactive duty training, annual training and full-time National Guard duty, of their employment and reemployment rights, benefits, and obligations as provided under 38 U.S.C. chapter 43 and described in Appendix A of this part. Other appropriate materials may be used to supplement the information contained in Appendix A of this part.

(1) Persons who apply for uniformed service shall be advised that DoD strongly encourages applicants to provide advance notice in writing to their civilian employers of pending uniformed service or any absence for the purpose of an examination to determine the person's fitness to perform uniformed service. Providing written advance notice is preferable to verbal advance notice since it is easier to establish that this basic prerequisite to retaining reemployment rights was fulfilled. Regardless of the means of providing advance notice, whether verbal or written, it should be provided as early as practicable.

(2) Annually and whenever called to duty for a contingency operation, advise Service members who are participating in a Reserve component of:

(i) The requirement to provide advance written or verbal notice to their civilian employers for each period of military training, active and inactive duty, or full-time National Guard duty.

(A) Reserve component members shall be advised that DoD strongly encourages that they provide advance notice to their civilian employers in writing for each period of pending uniformed service. Providing written advance notice is preferable to verbal advance notice since it easily establishes that this prerequisite to retaining reemployment rights was fulfilled.

(B) Regardless of the means of providing advance notice, whether written or verbal, it should be provided as early as practicable. DoD strongly recommends that advance notice to civilian employers be provided at least 30 days prior to departure for uniformed service when it is feasible to do so.

(C) The advance notice requirement can be met by providing the employer with a copy of the unit annual training schedule or preparing a standardized letter. The sample employer notification letter in Appendix B of this part may be used for this purpose.

(ii) The 5-year cumulative limit on absences from their civilian employment due to uniformed service and exemptions to that limit.

(iii) The requirements for reporting or submitting application to return to their position of civilian employment.

(iv) Their general reemployment rights and benefits.

(v) The option for continuing employer provided health care, if the employer provides such a benefit.

(vi) The opportunity to use accrued leave in order to perform uniformed service.

(vii) Who they may contact to obtain assistance with employment and reemployment questions and problems.

(b) Inform Service members who are covered by the provisions of 38 U.S.C. Chapter 43, upon completion of an extended period of active duty and before separation from active duty of their employment and reemployment rights, benefits, and obligations as provided under 38 U.S.C. Chapter 43. This shall, as a minimum, include notification and reporting requirements for returning to employment with their civilian employer. While Appendix A of this part provides the necessary information to satisfy this requirement, other appropriate materials may be used to supplement this information.

(c) Issue orders that span the entire period of service when ordering a member of the National Guard or Reserve to active duty for a mission or requirement. Order modifications shall be initiated, as required, to ensure continuous active duty should the period required to complete the mission or requirement change.

(d) Document the length of a Service member's initial period of military service obligation performed on active duty.

(e) Determine and certify in writing those additional training requirements not already exempt for the 5-year cumulative service limit which are necessary for the professional development, or skill training or retraining for members of the National Guard or Reserve. Once the Secretary concerned certifies those training requirements,
§ 104.6 32 CFR Ch. 1 (7–1–02 Edition)

performance of uniformed service to complete a certified training requirement is exempt from the 5-year cumulative service limit.

(f) Determine those periods of active duty when a Service member is ordered to, or retained on, active duty (other than for training) under any provision of law because of a war or national emergency declared by the President or Congress. If the purpose of the order to, or retention on, active duty is for the direct or indirect support of the war or national emergency, then the orders of the Service member should be so annotated, since that period of service is exempt from the 5-year cumulative service limit established in 38 U.S.C. Chapter 43.

(g) Determine those periods of active duty performed by a member of the National Guard or Reserve that are designated by the Secretary concerned as a critical mission or critical requirement, and for that reason are exempt from the 5-year cumulative service limit. The authority for determining what constitutes a critical mission or requirement shall not be delegated below the Assistant Secretary level or the Commandant of the Coast Guard. The designation of a critical requirement to gain the necessary experience to qualify for key senior leadership positions shall be used judiciously, and the necessary experience and projected key leadership positions fully documented. This authority shall not be used to grant exemptions to avoid the cumulative 5-year service limit established by 38 U.S.C. Chapter 43 or to extend individuals in repeated statutory tours. The Assistant Secretary of Defense for Reserve Affairs shall be notified in writing of all occasions in which a Service member was ordered to active duty when such service was exempt from the 5-year cumulative service limit.

(h) When appropriate, ensure that orders to active duty or orders retaining members on active duty specify the statutory or Secretarial authority for those orders when such authority meets one or more of the exemptions from the 5-year cumulative service limit provided in 38 U.S.C. Chapter 43.

(i) Document those circumstances that prevent a Service member from providing advance notification of uniformed service to a civilian employer because of military necessity or when advance notification is otherwise impossible or unreasonable, as defined in §104.3.

(j) Designate those officers, as defined in §104.3, who are authorized by the Secretary concerned to provide advance notification of service to a civilian employer on behalf of a Service member or applicant for uniformed service.

(k) Provide documentation, upon request from a Service member or former Service member, that may be used to satisfy the Service member’s entitlement to statutory reemployment rights and benefits. Appropriate documentation may include, as necessary:

(1) The inclusive dates of the initial period of military service obligation performed on active duty.

(2) Any period of service during which a Service member was required to serve because he or she was unable to obtain a release from active duty though no fault of the Service member.

(3) The cumulative length of all periods of active duty performed.

(4) The authority under which a Service member was ordered to active duty when such service was exempt from the 5-year cumulative service limit.

(5) The date the Service member was last released from active duty, active duty for special work, initial active duty for training, inactive duty training, annual training or full-time National Guard duty. This documentation establishes the timeliness of reporting to, or submitting application to return to, a position of civilian employment.

(6) Whether service requirements prevent providing a civilian employer
Office of the Secretary of Defense

with advance notification of pending service.

(7) That the Service member’s entitlement to reemployment benefits has not been terminated because of the character of service as provided in 38 U.S.C. 4304.

(8) When appropriate, a statement that sufficient documentation does not exist.

(m) Establish a central point of contact at a headquarters or regional command who can render assistance to active duty Service members and applicants for uniformed service about employment and reemployment rights, benefits and obligations.

(n) Establish points of contact in each Reserve component headquarters or Reserve regional command, and each National Guard State headquarters who can render assistance to:

(1) Members of the National Guard or Reserve about employment and reemployment rights, benefits and obligations.

(2) Employers of National Guard and Reserve members about duty or training requirements arising from a member’s uniformed service.

(o) A designated Reserve component representative shall consider, and accommodate when it does not conflict with military requirements, a request from a civilian employer of a National Guard and Reserve member to adjust a Service member’s absence from civilian employment due to uniformed service when such service has an adverse impact on the employer. The representative may make arrangements other than adjusting the period of absence to accommodate such a request when it serves the best interest of the military and is reasonable to do so.

APPENDIX A TO PART 104—CIVILIAN EMPLOYMENT AND REEMPLOYMENT RIGHTS, BENEFITS AND OBLIGATIONS FOR APPLICANTS FOR, AND SERVICE MEMBERS AND FORMER SERVICE MEMBERS OF THE UNIFORMED SERVICES

A. SCOPE OF COVERAGE

1. The Uniformed Services Employment and Reemployment Rights Act (USERRA) which is codified in 38 U.S.C. Chapter 43 provides protection to anyone absent from a position of civilian employment because of uniformed service if:

a. Advance written or verbal notice was given to the civilian employer.

b. Advance notice is not required if excluded by military necessity, or is otherwise unreasonable or impossible.

2. A civilian employer is not required to reemploy a person if:

a. The civilian employment was for a brief, non-recurrent period and there was no reasonable expectation that the employment would continue indefinitely or for a significant period.

b. The employer’s circumstances have so changed as to make reemployment impossible or unreasonable.

c. The reemployment imposes an undue hardship on the employer in the case of an individual who:

(1) Has incurred a service connected disability; or

(2) Is not qualified for the escalator position or the position last held, and cannot become qualified for any other position of lesser status and pay after a reasonable effort by the employer to qualify the person for such positions.

d. The Service member or former Service member was separated from a uniformed service under other than honorable conditions.

e. An officer dismissed from any Armed Force or dropped from the rolls of any

Armed Force as prescribed under 10 U.S.C. 1161.

f. The cumulative length of service exceeds five years and no portion of the cumulative five years of uniformed service falls within the exceptions described in section C. of this Appendix.

g. An employer asserting that he or she is not required to reemploy an individual because the employment was for a brief, non-recurring period, or reemployment is impossible or unreasonable, or reemployment imposes an undue hardship on the employer, that employer has the burden of proving his or her assertion.

B. PROHIBITION AGAINST DISCRIMINATION AND ACTS OF REFUSAL

1. A person who is a member of, applies to be a member of, has performed, applies to perform, or has an obligation to perform service in a uniformed service shall not be denied initial employment, reemployment, retention in employment, promotion, or any employment benefit by an employer on the basis of that membership, an application for membership, performance of service, or an obligation for service in the uniformed services.

2. A person, including a non-Service member, shall not be subject to employment discrimination or any adverse employment action because he or she has taken an action to enforce a protection offered a Service member, has testified or made a statement in or in connection with any proceeding concerning employment and reemployment rights of a service member, has assisted or participated in an investigation, or has otherwise exercised any right provided by 38 U.S.C. Chapter 43.

3. An employer shall be considered to have engaged in an act of discrimination if an individual’s membership, application for membership, service, application for service, or obligation for service in the uniformed services is a motivating factor in the employer’s action, unless the employer can prove that the action would have been taken in the absence of such membership, application for membership, performance of service, application for service or obligation.

C. EXCEPTIONS TO THE MAXIMUM PERIOD OF SERVICE FOR COVERAGE

In order to retain reemployment rights and benefits provided by 38 U.S.C. Chapter 43, the cumulative length of absences from the same employer cannot exceed 5 years. Not counted toward this limit is:

1. Service beyond 5 years if required to complete an initial service obligation;

2. Service during which an individual was unable to obtain release orders before the expiration of the 5-year cumulative service limit through no fault of his or her own;

3. Inactive duty training; annual training; ordered to active duty for unsatisfactory participation; active duty by National Guard for encampments, maneuvers, field operations or coastal defense; to fulfill additional training requirements, as determined by the Secretary concerned, for professional skill development, or to complete skill training or retraining;

4. Involuntary order or call to active duty, or retention on active duty;

5. Ordered to or retained on active duty during a war or national emergency declared by the President or Congress;

6. Ordered to active duty in support of an operational mission for which personnel have been involuntarily called to active duty;

7. Performing service in support of a critical mission or requirement, as determined by the Secretary concerned;

8. Performing service in the National Guard when ordered to active duty by the President to suppress an insurrection or rebellion, repel an invasion, or execute laws of the United States; and,

9. Voluntary recall to active duty of retired regular Coast Guard officers or retired enlisted Coast Guard members.

D. APPLICATIONS FOR REEMPLOYMENT

1. For service of 30 days or less, or for an absence for an examination to determine the individual’s fitness to perform uniformed service, the Service member or applicant must report to work not later than the beginning of the first full regularly scheduled work period on the first full calendar day following the completion of service or the examination, after allowing for an eight hour rest period following safe transportation to his or her residence.

2. For service of 181 days or more, the Service member must submit an application for reemployment not later than 90 days after the completion of service.

3. If hospitalized or convalescing from an illness or injury incurred or aggravated during service, the Service member must, at the end of the period necessary for recovery, follow the same procedures, based on length of service, as described in sections D.1. through D.3. of this appendix. The period of hospitalization or convalescence may not normally exceed 2 years.
Office of the Secretary of Defense

Pt. 104, App. A

5. Anyone who fails to report or apply for reemployment within the specified period shall not automatically forfeit entitlement to reemployment rights and benefits, but is subject to the rules of conduct, established policies, general practices of the employer pertaining to explanations and discipline because of an absence from scheduled work.

E. DOCUMENTATION UPON RETURN

1. If service is for 31 days or more, a Service member must provide documentation, upon request from the employer, that establishes:
   a. He or she made application to return to work within the prescribed time period;
   b. He or she has not exceeded the 5-year cumulative service limit; and
   c. His or her reemployment rights were not terminated because of character of service as described in paragraphs A.2.d. and e. of this appendix.

2. Failure to provide documentation cannot serve as a basis for denying reemployment to the Service member, former Service member, or applicant if documentation does not exist or is not readily available at the time of the employer's request. However, if after reemployment, documentation becomes available that establishes that the Service member or former Service member does not meet one or more of the requirements contained in section E.1. of this appendix, the employer may immediately terminate the employment.

F. POSITION TO WHICH ENTITLED UPON REEMPLOYMENT

1. Reemployment position for service of 90 days or less:
   a. The position the person would have attained if continuously employed (the "escalator" position) and if qualified to perform the duties; or,
   b. The position in which the person was employed in when he or she departed for uniformed service, but only if the person is not qualified to perform the duties of the escalator position, despite the employer's reasonable efforts to qualify the person for the escalator position.

2. Reemployment position for service of 91 days or more:
   a. The escalator position, or a position of like seniority, status and pay, the duties of which the person is qualified to perform; or,
   b. The position in which the person was employed in when he or she departed for uniformed service or a position of like seniority, status and pay, the duties of which the person is qualified to perform, but only if the person is not qualified to perform the duties of the escalator position after the employer has made a reasonable effort to qualify the person for the escalator position.

3. If a person cannot become qualified, after reasonable efforts by the employer to qualify the person, for either the escalator position or the position formerly occupied by the employee as provided in sections F.1. and F.2. of this appendix, for any reason (other than disability), the person must be employed in any other position of lesser status and pay that the person is qualified to perform, with full seniority.

G. POSITION TO WHICH ENTITLED IF DISABLED

If a person who is disabled because of service cannot (after reasonable efforts by the employer to accommodate the disability) be employed in the escalator position, he or she must be reemployed:

1. In any other position that is equivalent to the escalator position in terms of seniority, status, and pay that the person is qualified or can become qualified to perform with reasonable efforts by the employer; or,

2. In a position, consistent with the person's disability, that is the nearest approximation to the position in terms of seniority, status, and pay to the escalator equivalent position.

H. REEMPLOYMENT BY THE FEDERAL GOVERNMENT

1. A person who was employed by a Federal Executive Agency when he or she departed for uniformed service must be reemployed using the same order of priorities as prescribed in sections F. and G. of this appendix as appropriate. If the Director of OPM determines that the Federal Executive Agency that employed the person no longer exists and the functions have not been transferred to another Federal Executive Agency, or it is impossible or unreasonable for the agency to reemploy the person, the Director of OPM shall identify a position of like seniority, status, and pay at another Federal Executive Agency that satisfies the reemployment criteria established for private sector employers, sections F. and G. of this appendix, and for which the person is qualified and ensure that the person is offered such position.

2. If a person was employed by the Judicial Branch or the Legislative Branch of the Federal Government when he or she departed for uniformed service, and the employer determines that it is impossible or unreasonable to reemploy the person, the Director of OPM shall, upon application by the person, ensure that an offer of employment in a Federal Executive Agency is made.

3. If the Adjutant General of a State determines that it is impossible or unreasonable to reemploy a person who was employed as a National Guard technician, the Director of OPM shall, upon application by the person, ensure that an offer of employment in a Federal Executive Agency is made.
I. REEMPLOYMENT BY CERTAIN FEDERAL AGENCIES

1. The heads of the Federal Bureau of Investigation, the Central Intelligence Agency, the Defense Intelligence Agency, the National Imagery and Mapping Agency, the National Security Agency, and, as determined by the President, any Executive Agency or unit thereof, the principal function of which is to conduct foreign intelligence or counterintelligence activities, shall prescribe procedures for reemployment rights for their agency that are similar to those prescribed for private and other Federal agencies.

2. If an appropriate officer of an agency referred to in subsection I.1. of this appendix determines that reemployment of a person who was an employee of that agency when he or she departed for uniformed service is impossible or unreasonable, the agency shall notify the person and the Director of OPM. The Director of OPM shall, upon application by that person, ensure that the person is offered employment in a position in a Federal Executive Agency.

J. GENERAL RIGHTS AND BENEFITS

1. A person who is reemployed under 38 U.S.C. Chapter 43 is entitled to the seniority, and other rights and benefits determined by seniority that the person had upon commencing uniformed service, and any additional seniority, and rights and benefits he or she would have attained if continuously employed.

2. A person who is absent by reason of uniformed service shall be deemed to be on furlough or leave of absence from his or her civilian employer and is entitled to such other rights and benefits not determined by seniority as generally provided by the employer to employees on furlough or leave of absence having similar seniority, status and pay who are also on furlough or leave of absence, as provided under a contract, policy, agreement, practice or plan in effect during the Service member’s absence because of uniformed service.

3. The individual may be required to pay the employee cost, if any, of any funded benefit continued to the same extent other employees on furlough or leave of absence are required to pay.

K. LOSS OF RIGHTS AND BENEFITS

If, after being advised by his or her employer of the specific rights and benefits to be lost, a Service member, former Service member or applicant of uniformed service knowingly provided written notice of intent not to seek reemployment after completion of uniformed service, he or she is no longer entitled to any non-seniority based rights and benefits. This includes all non-seniority based rights and benefits provided under any contract, plan, agreement, or policy in effect at the time of entry into uniformed service or established while performing such service, and are generally provided by the employer to employees having similar seniority, status and pay who are on furlough or leave of absence.

L. RETENTION RIGHTS

A person who is reemployed following uniformed service cannot be discharged from employment, except for cause:

1. Within 1 year after the date of reemployment if that person’s service was 181 days or more;

2. Within 180 days after the date of reemployment if such service was 31 days or more but less than 181 days.

M. ACCRUED LEAVE

During any period of uniformed service, a person may, upon request, use any vacation, annual leave, or similar leave with pay accrued before the commencement of that period of service.

N. HEALTH PLANS

An employer who provides employee health plan coverage, including group health plans, must allow the Service member to elect to continue personal coverage, and coverage for his or her dependents under the following circumstances:

1. The maximum period of coverage of a person and the person’s dependents under such an election shall be the lesser of:
   a. The 18 month period beginning on the date on which the person’s absence begins; or
   b. The day after the date on which the person was required to apply for or return to a position or employment as specified in section D. of this appendix, and fails to do so.

2. A person who elects to continue health plan coverage may be required to pay up to 102 percent of the full premium under the plan, except a person on active duty for 30 days or less cannot be required to pay more than the employee’s share, if any, for the coverage.

3. An exclusion or waiting period may not be imposed in connection with the reinstatement of coverage upon reemployment if one would not have been imposed had coverage not been terminated because of service. However, an exclusion or waiting period may be imposed for coverage of any illness or injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of uniformed service.

O. EMPLOYER PENSION BENEFIT PLANS

1. This section applies to individuals whose pension benefits are not provided by the Federal Employees’ Retirement System (FERS) or the Civil Service Retirement System.
Office of the Secretary of Defense

(CSRS), or a right provided under any Federal or State law governing pension benefits for governmental employees.

2. A person reemployed after uniformed service shall be treated as if no break in service occurred with the employer(s) maintaining the employee’s pension benefit plan. Each period of uniformed service, upon reemployment, shall be deemed to constitute service with the employer(s) for the purpose of determining the nonforfeitability of accrued benefits and accrual of benefits.

3. An employer reemploying a Service member or former Service member under 38 U.S.C. Chapter 43 is liable to the plan for funding any obligation attributable to the employer of the employee’s pension benefit plan that would have been paid to the plan on behalf of that employee but for his or her absence during a period of uniformed service.

4. Upon reemployment, a person has three times the period of military service, but not to exceed five years after reemployment, within which to contribute the amount he or she would have contributed to the pension benefit plan if he or she had not been absent for uniformed service. He or she is entitled to accrued benefits of the pension plan that are contingent on the making of, or are derived from, employee contributions or elective deferrals only to the extent the person makes payment to the plan.

P. FEDERAL EMPLOYEES’ RETIREMENT SYSTEM

1. Federal employees enrolled in FERS who are reemployed with the Government are allowed to make up contributions to the Thrift Savings Fund over a period specified by the employee. However, the makeup period may not be shorter than two times nor longer than four times the period of absence for uniformed service.

2. Employees covered by the FERS are entitled to have contributions made to the Thrift Savings Fund on their behalf by the employing agency for their period of absence in an amount equal to one percent of the employee’s basic pay. If an employee covered by FERS makes contributions, the employing agency must make matching contributions on the employee’s behalf.

3. The employee shall be credited with a period of civilian service equal to the period of uniformed service, and the employee may elect, for certain purposes, to have his or her separation treated as if it had never occurred.

4. This benefit applies to any employee whose release from uniformed service, discharge from hospitalization, or other similar event make him or her eligible to seek reemployment under 38 U.S.C. Chapter 43 on or after August 2, 1990.

5. Additional information about Thrift Saving Plan (TSP) benefits is available in TSP Bulletins 95-13 and 95-20. A fact sheet is included in TSP Bulletin 95-20 which describes benefits and procedures for eligible employees. Eligible employees should contact their personnel office for information and assistance.

Q. CIVIL SERVICE RETIREMENT SYSTEM

1. Employees covered by CSRS may make up contributions to the TSP, as in section P.1. of this appendix. However, no employer contributions are made to the TSP account of CSRS employees.

2. This benefit applies to any employee whose release from uniformed service, discharge from hospitalization, or other similar event makes him or her eligible to seek reemployment under 38 U.S.C. Chapter 43 on or after August 2, 1990.

3. Additional information about TSP benefits is available in TSP Bulletins 95-13 and 95-20. A fact sheet is included in TSP Bulletin 95-20 which describes benefits and procedures for eligible employees. Eligible employees should contact their personnel office for information and assistance.

R. INFORMATION AND ASSISTANCE

Information and informal assistance concerning civilian employment and reemployment is available through the National Committee for Employer Support of the Guard and Reserve (NCESGR). NCESGR representatives can be contacted by calling 1-800-336-4590.

S. ASSISTANCE IN ASSERTING CLAIMS

1. A person may file a complaint with the Secretary of Labor if an employer, including any Federal Executive Agency or OPM, has failed or refused, or is about to fail or refuse, to comply with employment or reemployment rights and benefits. The complaint must be in writing, and include the name and address of the employer, and a summary of the allegation(s).

2. The Secretary of Labor shall investigate each complaint and, if it is determined that the allegation(s) occurred, make reasonable efforts to ensure compliance. If these efforts are unsuccessful, the Secretary of Labor shall notify the complainant of the results and advise the complainant of his or her entitlement to pursue enforcement.

3. The Secretary of Labor shall, upon request, provide technical assistance to a claimant and, when appropriate, to the claimant’s employer.

T. ENFORCEMENT

1. State or Private Employers.

A person may request that the Secretary of Labor refer a complaint to the Department of Justice. If the Department of Justice is reasonably satisfied that the person is entitled to the rights or benefits sought, the
Department of Justice may appear on behalf of, and act as attorney for, the complainant, and commence an action for appropriate relief, or the individual may commence an action on his or her own behalf in the appropriate Federal district court.

b. The district court hearing the complaint can require the employer to:

(1) Comply with the law;

(2) Compensate the person for any loss of wages or benefits suffered; and

(3) If the court determines that the employer willfully failed to comply with the law, pay the person an amount equal to the amount of lost wages or benefits as liquidated damages.

c. A person may file a private suit against an employer without the Secretary of Labor’s assistance if he or she:

(1) Has chosen not to seek the Secretary’s assistance;

(2) Has chosen not to request that the Secretary refer the complaint to the Department of Justice; or

(3) Has refused the Department of Justice’s representation of his or her complaint.

d. No fees or court costs shall be charged or taxed against any person filing a claim. The court may award the person who prevails reasonable attorney fees, expert witness fees, and other litigation expenses.

2. Federal Government as the Employer.
   a. The same general enforcement procedures established for private employers are applied to Federal Executive Agencies as an employer; however, if unable to resolve the complaint, the Secretary of Labor shall refer the complaint to the Office of Special Counsel, which shall represent the individual in a hearing before the Merit Systems Protection Board if reasonably satisfied that the individual is entitled to the rights and benefits sought. The claimant also has the option of directly filing a complaint with the Merit Systems Protection Board on his or her own behalf.

b. A person who is adversely affected or aggrieved by a final order or decision of the Merit Systems Protection Board may petition the United States Court of Appeals for the Federal Circuit to review the final order or decision.

c. Federal Intelligence Agency as the Employer. An individual employed by a Federal Intelligence Agency listed in subparagraph I.1. of this appendix, may submit a claim to the inspector general of the agency.

§ 105.3 Definitions.

§ 105.4 Policy.

(a) No DoD official shall, directly or indirectly, impede or otherwise interfere with the right of a spouse of a military member to pursue and hold a job, attend school, or perform volunteer services on or off a military installation. Moreover, no DoD official shall use the preferences or requirements of a DoD Component to influence, or attempt to influence, the employment, educational, or volunteer service decisions of a spouse. Neither such decision of a spouse, nor the marital status of the member, shall affect, favorably or adversely, the performance appraisals or assignment and promotion opportunities of the member, subject to the clarification in paragraph (b)(2) of this section.

(b) In furtherance of this policy, (1) In discharging their responsibilities, members of military promotion, continuation, and similar personnel selection boards are prohibited from considering the marital status of a military member, or the employment, educational, or volunteer service activities of a member’s spouse.

(2) Personnel decisions, including those related to the assignments of military members, shall not be affected, favorably or adversely, by the employment, educational, or volunteer service activities of a member’s spouse, or solely by reason of a member’s marital status, subject to the following clarification:

(i) When necessary to ameliorate the personal hardship of a member or spouse upon the request of the member concerned, such as when a family member requires specialized medical treatment, educational provisions under DoD Instruction 1342.12¹ and Pub. AUTHORITY: 10 U.S.C. 1091; Federal Acquisition Regulation (FAR), part 37.

SOURCE: 50 FR 11693, Mar. 25, 1985, unless otherwise noted.

§ 107.1 Purpose.
This part establishes policy under 10 U.S.C. 1091, “Contracts For Direct Health Care Providers,” and assigns responsibility for implementing the authority for personal services contracts for direct health care providers.

§ 107.2 Applicability and scope.
(a) This part applies to the Office of the Secretary of Defense (OSD) and the Military Departments.
(b) It applies only to personal services contracts awarded under 10 U.S.C. 1091 for direct health care providers.

§ 107.3 Definitions.
(a) Personal Services Contract. A contract that, by its express terms or as administered, makes the contractor personnel appear, in effect, to be government employees.
(b) Direct Health Care Providers. Health services personnel who participate in clinical patient care and services. This does not include personnel whose duties are primarily administrative or clerical, nor personnel who provide maintenance or security services.

§ 107.4 Policy.
(a) It is the policy of the Department of Defense that when in-house sources are insufficient to support the medical mission of the Military Departments, personal services contracts under 10 U.S.C. 1091 may be executed.
(b) It is the purpose of personal services contracts to facilitate mission accomplishment, maximize beneficiary access to military MTFs, maintain readiness capability, reduce use of the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS), and enhance quality of care by promoting the continuity of the patient/provider relationship.
(c) Personal services contractors shall be subject to the same quality assurance, credentialing processes, and other standards as those required of military health care providers. In addition, providers, other than para-professionals, must be licensed in accordance with State or host country requirements to perform the contract services.
(d) In establishing lines of authority and accountability, DoD supervisors may direct the activities of personal services contractors on the same basis as DoD employees. However, the rights, benefits, and compensation of personal services contractors shall be determined solely in accordance with the personal service contract.
(e) Requests for personal services contracts contemplating reimbursement at the maximum rate of basic pay and allowances under 10 U.S.C. 1091 shall be approved at the major command level. The 0–6 grade shall be used sparingly and subsequently will be subject to review.

§ 107.5 Procedures.
(a) Each contract under 10 U.S.C. 1091 with an individual or with an entity, such as a professional corporation or partnership, for the personal services of an individual must contain language specifically acknowledging the individual as a personal services contractor whose performance is subject to supervision and direction by designated officials of the Department of Defense.
(b) The appearance of an employer-employee relationship created by the DoD supervision of a personal services contractor will normally support a limited recognition of the contractor as equal in status to a DoD employee in disposing of personal injury claims arising out of the contractor’s performance. Personal injury claims alleging negligence by the contractor within the scope of his or her contract performance, therefore, will be processed as claims alleging negligence by a DoD military or civil service personnel.
Office of the Secretary of Defense

§ 110.3

(c) Compensation for personal services contractors under 10 U.S.C. 1091 shall be within the limits established in the Table of Authorized Compensation Rates (see enclosure 1). Prorated compensation based upon hourly, daily, or weekly rates may be awarded when a contractor’s services are not required on a full-time basis. In all cases, however, a contractor may be compensated only for periods of time actually devoted to the delivery of services required by the contract.

(d) Contracts for personal services entered into shall be awarded and administered pursuant to the provisions of the Federal Acquisition Regulation (FAR), part 37 and DoD and departmental supplementary contracting provisions.

§ 107.6 Responsibilities.

(a) The Military Departments shall be responsible for the management of the direct health care provider contracting program, ensuring that effective means of obtaining adequate quality care is achieved in compliance with the FAR, part 37. The portion of the Military Department regulations ensuring that compensation provided for a particular type of service is based on objective criteria and is not susceptible to individual favoritism shall be stressed.

(b) The Office of the Assistant Secretary of Defense (Health Affairs) (OASD(HA)) shall be responsible for monitoring the personal services contracting program.

§ 110.5 Procedures.

(a) Classification of institutions hosting Senior ROTC Units. Educational institutions hosting senior ROTC units maintained by the Military Departments shall be classified as essentially military or civilian colleges or universities.

(1) The classification MC shall be assigned to units established in:

(A) Confer baccalaureate or graduate degrees.

(B) Require a course in military training throughout the undergraduate course for all qualified undergraduate students.

(C) Organize their military students as a corps of cadets under constantly maintained military discipline.

(D) Require all members of the corps, including those nonmembers enrolled in the ROTC, to be habitually in uniform when on campus.

(E) Have as their objective the development of the military students' character by means of military training and the regulation of their conduct in accordance with the principles of military discipline.

(F) In general, meet military standards similar to those maintained at the Military Service academies.

(ii) The designation “all qualified undergraduate students,” under paragraph (a)(1)(B) of this section means all physically fit students except:

(B) Foreign nationals.

(C) Students who are not liable for induction by virtue of having honorably completed active training and service.

(D) Students who are pursuing special undergraduate courses beyond 4 years after completing the required military training.

(E) Certain categories of students who are excused specifically by administrative decision and approved by the ROTC unit commander.

(2) The classification CC shall be assigned when units are established at civilian colleges and universities that are not operated on an essentially military basis, but that confer baccalaureate or graduate degrees.

(3) The classification MJC shall be assigned when ROTC units are established at essentially military schools.
§ 110.5

that provide junior college or junior college and high school instruction, but DO NOT confer baccalaureate degrees. Those units shall meet all other requirements of an MC. (See Pub. L. 88–647).

(b) Qualifying for the special rate of commutation. (1) To qualify for payment at the special rate of commutation instead of uniforms, an institution classified MC or CC shall meet in addition to paragraphs (a) (1), or (2), respectively the requirements below. An institution classified an MJC shall meet, in addition to paragraph (a)(1) (except paragraphs (a)(1)(i) (A) and (B)), the requirements below:

(D) Certain categories of students are excused specifically by administrative decisions.

(E) Other students whose enrollment is prevented by provisions or appropriate regulations of a Military Department.

(2) MCs, CCs, or MJC's may be paid the special rate of commutation only for those members of the corps of cadets meeting the requirements set forth in paragraph (b)(1), who are enrolled in ROTC. The requirements of paragraphs (b)(1) (iii) and (iv), may be waived for married students, graduate students, and day students who are not housed with the corps of cadets. Day students are those ROTC cadets who are authorized by university officials to reside off campus within a reasonable commuting distance to the university.

(3) Institutions designated as MCs may enroll into the ROTC, of the appropriate Military Service, those students who, for various reasons, are not required to be members of the corps of cadets. Those institutions shall receive, for such student only, the standard commutation rate. The special rate shall be authorized for eligible females who elect to participate as enrolled senior ROTC cadets, provided that the requirements of paragraphs (b)(1) (ii), (iii), and (iv) are met or unless those requirements are waived under the provisions of paragraph (a)(1)(ii)(E).

(c) Subsistence allowance and commutation rates—(1) Subsistence allowances. Payment that is made by the Military Departments instead of rations to each contract cadet enrolled in the advanced course and for each scholarship cadet enrolled in the basic or advanced course.

Payments are as prescribed in the DoD Military Pay and Allowances Entitlements Manual, part 8, chapter 4. The following rates are established for payment of subsistence allowance:

(i) Except when on summer field training or practice cruises, when subsistence in kind is furnished, or when otherwise on active duty, the subsistence allowance for each enrolled member of the advanced training program in the senior ROTC shall be $100 per month for not more than a total of 20 months.

(ii) Except when on summer field training or practice cruises, when subsistence in kind is furnished, the subsistence allowance for each cadet or midshipman appointed under the financial assistance program for specially selected members, under the provisions of Pub. L. 88–647, shall be $100 per month for not more than a total of 20 months.

(iv) The $100 per month subsistence allowance may be authorized for not more than a total of 30 months.
§ 110.5 during the advanced course training program when an extended financial assistance entitlement is approved by the Military Service Secretary of the Military Department concerned.

(2) Commutation instead of uniforms. Commutation is payment made by the Military Departments to an institution instead of the issue of uniforms to ROTC cadets in accordance with Pub. L. 88–647. Certain MCs, CCs, and MJCs that maintain senior ROTC units may elect to receive commutation instead of Government clothing. In such instances, the commutation rate shall include not only the uniform, but the procurement, receipt, storage, maintenance, and issue of the uniform as outlined in paragraph (c)(2)(xi), and shown in Appendix B.

(i) The Military Departments shall develop the commutation rates and establish procedures for their review on an annual basis. The review shall be scheduled during May so that the current unit price list disseminated by the DLA during the previous December of each year can be used to develop the commutation rates and made available to institutions for use at the beginning of the fall term. The commutation payment shall be made to the institutions based on the number of students enrolled and in attendance for at least 60 consecutive days.

(ii) Commutation rates for uniforms shall be based on the latest approved items of clothing for each climatic zone and computed using the formulas listed in Appendix B. Appendices C, D, and E are examples of the application of the various formulas to determine the amounts that can be paid to qualifying institutions.

(iii) Standard commutation rates for the basic course (first 2 years) of the senior ROTC shall be payable in the indicated amount on an annual basis not to exceed 2 years to CCs that offer Military Science (MS) I and II or equivalent. The rates shall be paid after cadets have been enrolled 60 days.

(iv) Standard rates for the advanced course cover the 2-year period that each member is enrolled in advanced course training in the senior ROTC (Appendix D). These rates shall be paid after cadets have been enrolled for 60 days in the advanced course. Commutation funds for camp uniforms, if paid, shall be in addition to payments for the advanced course.

(v) Special rates of commutation shall be paid for students enrolled at MCs, CCs, or MJCs fulfilling the requirements of paragraph (b). These rates shall be three times the highest standard rate submitted by sex and course from the Military Departments for climatic zones 1 or 2. Each Military Department shall submit special rate estimates for zones 1 and 2 to the Assistant Secretary of Defense (ASD(FM&P), or designee, not later than July 1. The special rates shall be announced by the ASD(FM&P), or designee, not later than August 1 of each year.

(vii) Special rates of commutation for students enrolled in the basic course (MS I and II or equivalent) of MCs, CCs, and MJCs shall be paid on an annual basis not to exceed 2 years. Special rates for students enrolled in the advanced course (MS III and IV or equivalent) of MCs, CCs, or MJCs shall be paid for the 2-year period that each member is enrolled in the advanced course.

(viii) Commutation for the basic course and the advanced course shall be paid based on Appendices C and D, respectively.

(ix) One-half of the special commutation rate shall be paid to the institution for those students enrolled in the second year of the advanced course for whom the institution previously has not received commutation.

(x) The standard rates shown in Appendix E for summer field training are not subject to the special commutation rate adjustment.

(xi) Commutation of uniform funds may be expended to support ONLY the following activities:

(A) Procurement, receipt, storage, and issue expenses not to exceed 10 percent of the cost for standard uniform items in quantities as prescribed by the Secretary of the Military Department concerned, or distinctive uniforms and insignia as prescribed by those institutions that meet the requirements of
paragraph (b). Marking up or raising the price of that paid by an institution when items are purchased from military inventories is not authorized.

(B) Alteration and maintenance of the uniform, which is defined as laundry, dry cleaning, renovation, alterations and sizing, not to exceed $10 per uniform.

(C) Salary payments to the property custodian for custody of uniforms purchased with commutation funds. Such custodial fees shall not exceed the specified percent of the commutation funds received against the actual enrollments in each course listed below for the immediate past academic year:

1. 15 percent of basic course.
2. 5 percent of advance course.
3. 5 percent of field training (when applicable).

(D) Purchase of hazard insurance to protect uniform inventory against loss.

(xii) Unexpended commutation of uniform funds is the balance remaining after all commitments or obligations relating to the immediate past academic year and the amount of retained uniform commutation funds (see paragraph (c)(2)(xii)(A)) have been deducted. The unexpended balance shall be computed as of July 1 each year. Commitments or obligations relating to new year procurement, maintenance, or other allowable activities may not be charged against the unexpended balance. As an exception, the unexpended balance may be used for paying bills for procurements of past academic years that are submitted AFTER the cutoff date of the report required by paragraph (c)(2)(xii)(C).

The amount of unexpended uniform commutation funds an institution may retain from 1 academic year to the next for continued financing of the uniform program is the greater of $3500 or 20 percent of the uniform entitlement for the immediate past academic year.

(B) Accumulated funds that exceed this limitation shall be returned to the Military Services.

(C) As of July 1 of each year, a uniform commutation report DD Form 2340, “Annual Report on Uniform Commutation Fund” shall be completed by the institution receiving commutation funds and submitted to the appropriate authority for each Military Service by July 31.

(I) The uniform commutation report shall include a detailed list of expenditures, total funds available for the immediate past academic year, including the unexpended balance from the last report, an explanation of any monetary adjustments and errors, the balance of funds on hand, and the amount being refunded to the appropriate Military Service as the unexpended balance, if any. The report shall be coordinated with ROTC unit commanders and signed by the appropriate institutional official who maintains records of the receipt of funds.

(2) All records on the receipt and expenditure of commutation funds shall be subject to periodic audit and inspection. Institution officials shall be responsive to recommendations made.

(d) Inspection. Inspections shall be conducted when an ROTC unit is initially established at an institution that does not already host another Military Service ROTC unit. Inspections shall ensure that only those institutions that meet the requirements of paragraphs (a)(1) or (3), are awarded the MC or MJC classification and only those awarded MC, CC, and MJC classifications that meet the additional requirements of paragraph (b) shall be authorized the special rate of commutation instead of uniforms. Inspections of established units at MCs, CCs, and MJCs shall be conducted on an exception basis.

(1) The Secretaries of Military Departments shall prescribe specific inspection procedures applicable to ROTC units of their respective Military Services.

(2) When discrepancies are noted at institutions, their classifications shall be subject to review for resolution or withdrawal by the Secretaries of the Military Department concerned. In the instance of withdrawal of classification, the appropriate Military Service’s review of, and final notification to, the institution shall be within 30 days of the date the discrepancy was noted.

§ 110.6 Information requirement.

The reporting requirement for paragraph (c)(2)(xii)(C) is assigned OMB No. 0704–0200.

The climate zones listed above are to be used as a guide to determine clothing requirements for a specific detachment. Wind chill equivalent temperatures can vary widely for areas within close proximity to each other due to variations in wind velocity and elevation. Detachment commanders may request a zone change by submitting evidence to the Major Command of the appropriate Military Service that the wind chill equivalent temperature for the coldest month has been within the limits of the requested zone classification for the past 3 consecutive years.

ATTACHMENT TO APPENDIX A TO PART 110—CLIMATIC ZONES USED TO DETERMINE RATES OF COMMUTATION ALLOWANCE (FORMULA)

The Standard and special commutation rates are based on the latest approved items of clothing for each climatic zone. The zones are:

<tbody>
<tr>
<td>1</td>
<td>32 degrees Fahrenheit and above.</td>
</tr>
<tr>
<td>2</td>
<td>Below 32 degrees Fahrenheit.</td>

</table>

To determine the appropriate zone for each ROTC detachment, use the table below. Enter the appropriate dry bulb temperature at the top and read down. Find the wind velocity on the left and read across. The intersection of the two lines provides the equivalent temperature. For example, a combination of 20 degrees Fahrenheit and a 10 mile-per-hour wind has a wind chill equivalent temperature of 3 degrees Fahrenheit. The wind chill equivalent temperature is based on the average monthly temperature and wind of the coldest month for each of the past 3 consecutive years.

PART 112—INDEBTEDNESS OF MILITARY PERSONNEL

§ 112.1 Purpose.

§ 112.2 Applicability and scope.

(a) Applies to the Office of the Secretary of Defense, the Military Departments (including the Coast Guard when

 (g) Member of the military services. Any member of the Regular Army, Air Force, Navy, Marine Corps, or Coast Guard, and any member of a Reserve component of the Army, Air Force, Navy, Marine Corps or Coast Guard (including the Army National Guard of the United States and the Air National Guard of the United States) on active duty pursuant to 10 U.S.C. 672, for a period in excess of 180 days at the time an application for involuntary allotment is received by the Director, DFAS, or Commanding Officer, Coast Guard Pay and Personnel Center. The following shall not be considered members:

(1) Retired personnel, including those placed on the temporary or permanent disabled retired list; and

(2) Personnel in a prisoner of war or missing in action status, as determined by the Secretary of the Military Department concerned.

§ 112.4 Policy.

(a) Members of the Military Services are expected to pay their just financial obligations in a proper and timely manner. A Service member’s failure to pay a just financial obligation may result in disciplinary action under the Uniform Code of Military Justice (10 U.S.C. 801–940) or a claim pursuant to Article 139 of the Uniform Code of Military Justice (10 U.S.C. 939). Except as stated in this section, and in paragraphs (a)(1) and (a)(2) of this section, the Department of Defense Components
have no legal authority to require members to pay a private debt or to divert any part of their pay for satisfaction of a private debt.

(1) Legal process instituted in civil courts to enforce judgments against military personnel for the payment of alimony or child support shall be acted on in accordance with 42 U.S.C. 651–665, and Part 7, Chapter 7, Section B. of Department of Defense 7000.14-R1, Volume 7, Part A.

(2) Involuntary allotments under 5 U.S.C. 5520a(k) shall be established in accordance with this part.

(b) Whenever possible, indebtedness disputes should be resolved through amicable means. Claimants may contact military members by having correspondence forwarded through the military locator services for an appropriate fee, as provided under DoD Instruction 7230.7.2

(c) The following general policies apply to processing of debt complaints (not involuntary allotments):

(1) Debt complaints meeting the requirements of this part, and procedures established by the Under Secretary of Defense (Personnel and Readiness), as required by 22 CPR part 113, shall receive prompt processing assistance from commanders.

(2) Assistance in indebtedness matters shall not be extended to those creditors:

(i) Who have not made a bona fide effort to collect the debt directly from the military member;

(ii) Whose claims are patently false and misleading; or

(iii) Whose claims are obviously exorbitant;

(3) Some States have enacted laws that prohibit creditors from contacting a debtor’s employer about indebtedness or communicating facts on indebtedness to an employer unless certain conditions are met. The conditions that must be met to remove this prohibition are generally such things as reduction of a debt to judgment or obtaining written permission of the debtor.

(i) At Department of Defense installations in States having such laws, the processing of debt complaints shall not be extended to those creditors who are in violation of the State law. Commanders may advise creditors that this rule has been established because it is the general policy of the Military Services to comply with State law when that law does not infringe upon significant military interests.

(ii) The rule in §112.4(c)(3)(i) shall govern even though a creditor is not licensed to do business in the State where the debtor is located. A similar practice shall be started in any State enacting a similar law regarding debt collection.

(d) The following general policies apply to processing of involuntary allotments under 5 U.S.C. 5520a(k).

(1) In those cases in which the indebtedness of a military member has been reduced to a judgment, an application for an involuntary allotment from the pay of the member may be made under procedures prescribed by the Under Secretary of Defense (Personnel and Readiness). Such procedures shall provide the exclusive remedy available under 5 U.S.C. 5520a(k).

(2) An involuntary allotment from a member’s pay shall not be started in any indebtedness case in which:

(i) Exigencies of military duty caused the absence of the member from the judicial proceeding at which the judgment was rendered; or

(ii) There has not been compliance with the procedural requirements of the Soldiers’ and Sailors’ Civil Relief Act of 1940, 50 U.S.C. appendix sections 501–503.

§112.5 Responsibilities.

(a) The Under Secretary of Defense for Personnel and Readiness shall:

(1) In consultation with the Under Secretary of Defense (Comptroller), establish procedures for the processing of

1Copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.
2See footnote 1 to §112.4(a)(1)
debt complaints and involuntary allotments.

(2) Have policy oversight on the assistance to be provided by military authorities to creditors of military personnel who have debt complaints, and on involuntary allotment of military pay.

(b) The Under Secretary of Defense (Comptroller) shall:

(1) Establish, as necessary, procedures supplemental to those promulgated by the Under Secretary of Defense (Personnel and Readiness) to administer and process involuntary allotments from the pay of members of the Military Services; this includes the authority to promulgate forms necessary for the efficient administration and processing of involuntary allotments.

(2) Ensure that the Director, DFAS:

(i) Implements procedures established by the Under Secretary of Defense (Personnel and Readiness) and the Under Secretary of Defense (Comptroller).

(ii) Considers whether the Soldiers' and Sailors' Civil Relief Act of 1940, as amended (50 U.S.C. appendix sections 501–591), has been complied with under 5 U.S.C. 5520a(k) prior to establishing an involuntary allotment against the pay of a member of the Military Services.

(iii) Acts as the Department of Defense Executive Agent for Department of Defense forms necessary to process involuntary allotments.

(c) The Heads of the Department of Defense Components shall urge military personnel to meet their just financial obligations, since failure to do so damages their credit reputation and affects the public image of all Department of Defense personnel. See DoD Directives 1000.10, 1000.11, and 5500.7.

(d) The Secretaries of the Military Departments shall:

(1) Establish, as necessary, procedures to administer and process involuntary allotments from the pay of members of the Military Services. This includes designating those commanders, or other officials who may act in the absence of the commander, who shall be responsible for determining whether a member's absence from a judicial proceeding was caused by exigencies of military duty, and establishing appeal procedures regarding such determinations.

(2) Require commanders to counsel members to pay their just debts, including complying, as appropriate, with court orders and judgments for the payment of alimony or child support.

(3) Emphasize prompt command action to assist with the processing of involuntary allotment applications.

(e) The Chief, Office of Personnel and Training, for the Coast Guard shall:

(1) Establish, as necessary, procedures supplemental to those promulgated by the Under Secretary of Defense (Personnel and Readiness) to administer and process involuntary allotments from the pay of members of the Military Services; this includes the authority to promulgate forms necessary for the efficient administration and processing of involuntary allotments.

(2) Ensure that the Commanding Officer, Coast Guard Pay and Personnel Center:

(i) Implements procedures established by the Under Secretary of Defense (Personnel and Readiness) and Chief, Office of Personnel and Training.

(ii) Considers whether the Soldiers' and Sailors' Civil Relief Act of 1940, as amended (50 U.S.C. appendix sections 501–591), has been complied with under 5 U.S.C. 5520a(k) prior to establishing an involuntary allotment against the pay of a member of the Military Services.

(iii) Acts as the Coast Guard Executive Agent for forms necessary to process involuntary allotments.

(b) An involuntary allotment shall not exceed the lesser of 25 percent of a member’s pay subject to involuntary allotment or the maximum percentage of pay subject to garnishment proceedings under the applicable State law.

(c) The amount of an involuntary allotment under 32 CFR part 112 and this part when combined with deductions as a result of garnishments or statutory allotments for spousal support and child support under 42 U.S.C. 639, 661, 662, or 665, may not exceed the lesser of 25 percent of a member’s pay subject to involuntary allotment or the maximum percentage of pay subject to garnishment proceedings under applicable State law. In any case in which the maximum percentage would be exceeded, garnishments and involuntary allotments for spousal and child support shall take precedence over involuntary allotments authorized under 32 CFR part 112 and this part.

(d) The Truth in Lending Act (15 U.S.C. 1601 note, 1601–1614, 1631–1646, 1661–1666j, and 1667–1667e) prescribes the specific disclosure requirements for both open-end and installment credit transactions. In place of Federal Government requirements, State regulations apply to credit transactions when the Federal Reserve Board has determined that the State regulations impose substantially similar requirements and provide adequate enforcement measures. Commanding officers, with the assistance of judge advocates, should check regulations of the Federal Reserve Board to determine whether Federal or State laws and regulations govern.

§ 113.5 Responsibilities.

(a) The Under Secretary of Defense for Personnel and Readiness shall monitor compliance with this part.

(2) Creditors subject to Federal Reserve Board Regulation Z (12 CFR 226), and assignees claiming thereunder, shall submit with their debt complaint an executed copy of the Certificate of Compliance (appendix A to this part), and a true copy of the general and specific disclosures provided the member of the Military Service as required by the Truth in Lending Act (15 U.S.C. 1601 note, 1601–1614, 1631–1646, 1661–1666j, and 1667–1667e). (3) A creditor not subject to Federal Reserve Board Regulation Z (12 CFR...
§ 113.6

226, such as a public utility company, shall submit with the request a certificate that no interest, finance charge, or other fee is in excess of that permitted by the law of the State in which the obligation was incurred.

(4) A foreign-owned company having debt complaints shall submit with its request a true copy of the terms of the debt (English translation) and shall certify that it has subscribed to the Standards of Fairness (appendix B to this part).

(5) Debt complaints that meet the requirements of this part shall be processed by Department of Defense Components. “Processed” means that Heads of the Department of Defense Components, or designees, shall:

(i) Review all available facts surrounding the transaction forming the basis of the complaint, including the member’s legal rights and obligations, and any defenses or counterclaims the member may have.

(ii) Advise the member concerned that:

(A) Just financial obligations are expected to be paid in a proper and timely manner, and what the member should do to comply with that policy;

(B) Financial and legal counseling services are available under DoD Directive 1344.7 in resolving indebtedness; and

(C) That a failure to pay a just debt may result in the creditor obtaining a judgment from a court that could form the basis for collection of pay from the member pursuant to an involuntary allotment.

(iii) If a member acknowledges a debt as a result of creditor contact with a DoD Component, advise the member that assistance and counseling may be available from the on-base military banking office, the credit union serving the military field of membership, or other available military community service organizations.

(iv) Direct the appropriate commander to advise the claimant that:

(A) Those aspects of DoD policy prescribed in 32 CFR part 112.4, are pertinent to the particular claim in question; and

(B) The member concerned has been advised of his or her obligations on the claim.

(v) The commander’s response to the claimant shall not undertake to arbitrate any disputed debt, or admit or deny the validity of the claim. Under no circumstances shall the response indicate whether any action has been taken, or will be taken, against the member as a result of the complaint.

(b) The following procedures apply to the processing of involuntary allotments from the pay of members of the Military Services.

(1) Involuntary allotment application.

(i) Regardless of the Service Affiliation of the member involved, with the exception of members of the Coast Guard an application to establish an involuntary allotment from the pay of a member of the Military Services shall be made by sending a completed DD Form 2653. “Involuntary Allotment Application” (appendix C to this part) to the appropriate address listed below. Applications sent to any other address shall be returned without action to the applicant.

(For Army, Navy, Air Force, or Marine Corps)
Defense Finance and Accounting Service, Cleveland Center, Code L, P.O. Box 998002, Cleveland, OH 44199–8002

(For Coast Guard only)
Coast Guard Pay and Personnel Center (LGL), 444 S.E. Quincy Street, Topeka, KS 66683–3591

(ii) Each application must include a copy of the final judgment certified by the clerk of court and such other documents as may be required by §113.6(b)(1)(iv).

(iii) A garnishment summons or order is insufficient to satisfy the final judgment requirement of §113.6(b)(1)(ii) and is not required to apply for an involuntary allotment under this part.

(iv) Involuntary allotment applications must contain the following information, certifications, and acknowledgment:

(A) The full name, social security number, and branch of Service of the military member against whose pay an involuntary allotment is sought. Although not required, inclusion of the member’s current duty station and
§ 113.6

A detailed address on the application form will facilitate processing of the application.

(B) The applicant’s full name and address. If the applicant is not a natural person, the application must be signed by an individual with the authority to act on behalf of such entity. If the allotment is to be in favor of a person other than the original judgment holder, proof of the right to succeed to the interest of the original judgment holder is required and must be attached to the application.

(C) The dollar amount of the judgment. Additionally, if the judgment awarded interest, the total dollar amount of the interest on the judgment accrued to the date of application.

(D) A certification that the judgment has not been amended, superseded, set aside, or satisfied; or, if the judgment has been satisfied in part, the extent to which the judgment remains unsatisfied.

(E) A certification that the judgment was issued while the member was not on active duty (in appropriate cases). If the judgment was issued while the member was on active duty, a certification that the judgment complies with the Soldiers’ and Sailors’ Civil Relief Act of 1940, as amended (50 U.S.C. appendix sections 501–591).

(F) A certification that the member’s pay could be garnished under applicable State law and section 5520a(k) of the United States Code, if the member were a civilian employee.

(G) A certification that, to the knowledge of the applicant, the debt has not been discharged in bankruptcy, nor has the member filed for protection from creditors under the bankruptcy laws of the United States.

(H) A certification that if the judgment is satisfied prior to the collection of the total amount through the involuntary allotment process, the applicant will provide prompt notice that the involuntary allotment must be discontinued.

(I) A certification that if the member overpays the amount owed on the judgment, the applicant shall refund the amount of overpayment to the member within 30 days of discovery or notice of the overpayment, whichever is earlier, and that if the applicant fails to repay the member, the applicant understands he or she may be denied the right to collect by involuntary allotment on other debt reduced to judgments.

(J) Acknowledgment that as a condition of application, the applicant agrees that neither the United States, nor any disbursing official or Federal employee whose duties include processing involuntary allotment applications and payments, shall be liable for any payment or failure to make payment from moneys due or payable by the United States to any person pursuant to any application made in accordance herewith.

(v) The original and three copies of the application and supporting documents must be submitted by the applicant to DFAS.

(vi) A complete “application package” (the DD Form 2653, supporting documentation, and three copies of the application and supporting documents), is required for processing of any request to establish an involuntary allotment pursuant to this part and 32 CFR part 112.

(vii) Applications that do not conform to the requirements of this part shall not be processed. If an application is ineligible for processing, the application package shall be returned to the applicant with an explanation of the deficiency. In cases involving repeated false certifications by an applicant, the designated DFAS official may refuse to accept or process additional applications by that applicant for such period of time as the official deems appropriate to deter against such violations in the future.

(2) Processing of involuntary allotment applications. (i) Promptly upon receipt of DD Form 2653 (Appendix C to this part), the designated DFAS official shall review the “application package” to ensure compliance with the requirements of this part. If the application package is complete, the DFAS official shall:
A. Complete Section I of DD Form 2654. “Involuntary Allotment Notice and Processing” (Appendix D to this part), by inserting the name, social security number, rank, and branch of service of the military member against whom an application for involuntary allotment is being processed. Additionally, the DFAS official shall provide the due date for receipt of a response at DFAS. The due date shall be 90 days from the date DFAS mails the DD Form 2654 to the commander and member concerned as provided for in §113.6(b)(2)(i)(B).

B. Mail one copy of the application package to the member and two copies of the application package, along with DD Form 2654, to the commander of the military member or other official as designated by the Military Service concerned during times of war, national emergency, deployment, or other similar circumstances, who may act for the commander, provided the Military Service concerned has provided DFAS with the name or position of the official and the appropriate address (hereinafter, the meaning of the term “commander” includes such other official).

C. Within 60 days of mailing the copies of the application package and DD Form 2654, DFAS shall provide notice to the member and the member’s commander that automatic processing of the involuntary allotment application shall occur if a response (including notice of an approved extension as authorized in §113.6(b)(2)(iii)(B) and (F), is not received by the due date specified in Section I of DD Form 2654. In the absence of a response, DFAS may automatically process the involuntary allotment application on the fifteenth calendar day after the date a response was due. When DFAS has received notice of an extension, automatic processing shall not begin until the fifteenth calendar day after the approved extension date.

D. Retain the original of the application package and DD Form 2654.

(i) Upon receipt of an application, the commander shall determine if the member identified in Section I of DD Form 2654 is assigned or attached to the commander’s unit and available to respond to the involuntary allotment application. If the member is not assigned or attached, or not available to respond (e.g., retired, in a prisoner of war status, or in a missing in action status), the commander will promptly complete Section II of DD Form 2654 and attach appropriate documentation supporting the determination. The commander will then mail the application package and DD Form 2654 to DFAS. Section II shall also be used by the commander to notify DFAS of extensions beyond the due date for a response contained in Section I of DD Form 2654. When such extensions are authorized, the commander will complete Section II, make a copy of Sections I and II, and promptly mail the copy to DFAS.

(ii) Within 5 days of receipt of an application package and DD Form 2654 from the designated DFAS official, the commander shall notify the member of the receipt of the application, provide the member a copy of the entire application package, and counsel the member using and completing Section III of DD Form 2654 about the following:

(A) That an application for the establishment of an involuntary allotment for the lesser of 25 percent of the member’s pay subject to involuntary allotment or the maximum percentage of pay subject to garnishment proceedings under the applicable State law has been received.

(B) That the member has 15 calendar days from the date of receipt of the commander’s notice to complete Section IV of DD Form 2654. That for good cause shown, the commander may grant an extension of reasonable time (normally not exceeding 30 calendar days) to submit a response. That during times of deployment, war, national emergency, assignment outside the United States, hospitalization, or other similar situations that prevent the member from obtaining necessary evidence or from responding in a timely manner, extensions exceeding 30 calendar days may be granted. That if the member fails to respond within the time allowed, the commander will note the member’s failure to respond in Section V of DD Form 2654 and send the form to DFAS for appropriate action.
§ 113.6

(C) That the member’s response will either consent to the involuntary allotment or contest it.

(D) That the member may contest the application for any one of the following reasons:

(1) There has not been compliance with the procedural requirements of the Soldiers’ and Sailors’ Civil Relief Act of 1940, as amended (50 U.S.C. appendix sections 501–591) during the judicial proceeding upon which the involuntary allotment application is sought.

(2) “Exigencies of military duty” (as defined in 32 CFR part 112.3(d)) caused the “absence” of the member from appearance in a judicial proceeding forming the basis for the judgment upon which the application is sought.

(3) Information in the application is patently false or erroneous in material part.

(4) The judgment has been fully satisfied, superseded, or set aside.

(5) The judgment has been materially amended, or partially satisfied. When asserting this defense, the member shall include evidence of the amount of the judgment that has been satisfied.

(6) There is a legal impediment to the establishment of the involuntary allotment (for example, the judgment debt has been discharged in bankruptcy, the judgment debtor has filed for protection from the creditors under the bankruptcy laws of the United States, the applicant is not the judgment holder nor a proper successor in interest to that holder, or the applicant has been enjoined by a Federal or state court from enforcing the judgment debt).

(7) Or other appropriate reasons that must be clearly specified and explained by the member.

(E) That, if the member contests the involuntary allotment, the member shall provide evidence (documentary or otherwise) in support thereof. Furthermore, any evidence submitted by the member may be disclosed to the applicant for the involuntary allotment.

(F) That the member may consult with a legal assistance attorney, if reasonably available, or a civilian attorney at no expense to the government. That if a legal assistance attorney is available, the member should immediately arrange for an appointment. That the member may request a reasonable delay from the commander to obtain legal assistance (in cases where an approved delay will cause DFAS to receive the member’s response after the due date identified in Section I of DD Form 2654, the commander must immediately notify the designated DFAS official of the delay, the date for an expected response, and the reason for the delay by completing Section II of DD Form 2654 and forwarding a copy of Sections I and II to DFAS). Additionally, that requests for extensions of time based on the need for legal assistance shall be denied to members who fail to exercise due diligence in seeking such assistance.

(G) That if the member contests the involuntary allotment on the grounds that exigencies of military duty caused the absence of the member from the judicial proceeding at which the judgment was rendered, then the member’s commander shall review and make the final determination on this contention, and notify the designated DFAS official of the commander’s decision by completing Section V of DD Form 2654 and forwarding the form to DFAS.

(I) In determining whether exigencies of military duty caused the absence of the member, the commander at the level designated by the Service concerned shall consider the definition of “exigencies of military duty” (as defined in 32 CFR part 112.3(d)).

(2) Additionally, consideration shall be given to whether the commander at the time determined the military duties in question to be of such paramount importance that they prevented making the member available to attend the judicial proceedings, or rendered the member unable to timely respond to process, motions, pleadings, or orders of the court.

(H) That if the member contests the involuntary allotment on any basis other than exigencies of military duty, the application package and DD Form 2654 shall be returned to the commander who shall forward it to the designated DFAS official for appropriate action.

(I) That if the member fails to respond to the commander within the time allowed under §113.6(b)(2)(iii)(B), the commander shall notify the designated DFAS official of the member’s
failure to respond by completing Section V of DD Form 2654, and forwarding the form to DFAS.

(iv) After counseling the member in accordance with §113.6(b)(2)(iii)(A)-(I), the commander shall:
(A) Date and sign Section III of DD Form 2654.
(B) Obtain the member’s acknowledgment of counseling by having the member sign the appropriate space on Section III of DD Form 2654.
(C) Determine if the member consents to the involuntary allotment or needs the time authorized under this part to review the application package and take appropriate action. If the member consents to the involuntary allotment, the commander shall direct the member to appropriately complete Section IV of DD Form 2654. The commander must then complete the appropriate item in Section V and promptly forward the completed DD Form 2654 to the designated DFAS official.
(D) Complete the appropriate items in Section V of DD Form 2654 when the member fails to respond within the time authorized for a response, or asserts that exigencies of military duty caused the absence of the member from an appearance in the judicial proceeding upon which the Involuntary Allotment Application is sought.
(E) Promptly following the date the member’s response is due to the commander as determined by §113.6(b)(2)(iii)(B), ensure that the DD Form 2654 is appropriately completed and mail the form, along with any response received from the member, to DFAS.
(F) Provide the member a copy of the completed DD Form 2654 within 5 days of mailing to the designated DFAS official.

(v) Upon receipt of DD Form 2654 and any additional evidence submitted by the member, the designated DFAS official shall conduct a review of the entire application package, DD Form 2654, and any evidence submitted by the member, to determine whether the application for an involuntary allotment should be approved and established.

(A) In those cases where the member’s commander has completed Section V of DD Form 2654, and determined that exigencies of military duty caused the absence of the member from an appearance in a judicial proceeding upon which the Involuntary Allotment Application is sought, the designated DFAS official shall deny the involuntary allotment application and provide the applicant written notice of the denial and the reason therefor. The designated DFAS official shall also advise the applicant that:
(1) The responsibility for determining whether exigencies of military duty existed belonged to the member’s commander and the Military Department concerned.
(2) The evidentiary standard for a commander to determine whether exigencies of military duty existed belonged to the member’s commander and the Military Department concerned.
(3) The commander’s decision may be appealed within 60 days of the date DFAS mailed the notice of the decision to the applicant.
(4) An Appeal must be submitted to the appeal authority at the address provided by DFAS (as found in Section V of the DD Form 2654) in their written notice of denial, and that an appeal submitted to an appeal authority and
address different from the one provided by DFAS may be returned without action.

(4) An appeal must be submitted in writing and contain sufficient evidence to overcome the presumption that the commander’s exigency determination was correct.

(5) The appellate authority shall decide an appeal within 30 days of its receipt and promptly notify the applicant in writing of the decision. The 30 day decision period may be extended during times of deployment, war, national emergency, or other similar situations.

(6) If an appeal is successful, the applicant must submit a written request, along with a copy of the appellate authority’s decision, to DFAS within 15 days of receipt of the appellate authority’s decision.

(B) Upon receiving written notice that an applicant has successfully appealed a commander’s determination on exigencies of military duty that resulted in denial of an involuntary allotment application, DFAS shall review the application in accordance with §113.6(b)(2)(v)(C), and determine whether the involuntary allotment should be approved and initiated.

(C) In all cases, other than as described in §113.6(b)(2)(v)(A), the designated DFAS official shall deny an involuntary allotment application, and give written notice to the applicant of the reason(s) for denial, if the designated DFAS official determines that:

(1) There has not been compliance with the procedural requirements of the Soldier’s and Sailor’s Civil Relief Act of 1940, as amended (30 U.S.C. appendix sections 501–591) during the judicial proceeding upon which the involuntary allotment application is sought.

(2) Information in the application is patently false or erroneous in material part.

(3) The judgment has been fully satisfied, superseded, or set aside.

(4) The judgment has been materially amended, or partially satisfied. In such a case, the request for involuntary allotment may be approved only to satisfy that portion of the judgment that remains in effect and unsatisfied; the remainder of the request shall be denied.

(5) There is a legal impediment to the establishment of the involuntary allotment (for example, the judgment debt has been discharged in bankruptcy, the judgment debtor has filed for protection from the creditors under the bankruptcy laws of the United States, the applicant is not the judgment creditor nor a proper successor in interest to that creditor, or the applicant has been enjoined by a Federal or State court from enforcing the judgment debt).

(6) The member’s pay is already subject to one or more involuntary allotments or garnishments that equal the lesser of 25 percent of the member’s pay subject to involuntary allotment or the maximum percentage of pay subject to garnishment proceedings under the applicable State law.

(7) The applicant has abused the processing privilege (e.g., an applicant, having been notified of the requirements of this part, repeatedly refuses or fails to comply therewith).

(8) Or other appropriate reasons that must be clearly explained to the applicant.

(D) In all cases other than as described in §113.6(b)(2)(v)(A) and (C), the designated DFAS official shall approve the involuntary allotment application and establish an involuntary allotment against the pay subject to involuntary allotment of the member.

(vi) The designated DFAS official shall, at any time after establishing an involuntary allotment, cancel or suspend such allotment and notify the applicant of that cancellation if the member concerned, or someone acting on his or her behalf, submits legally sufficient proof, by affidavit or otherwise, that the allotment should not continue because of the existence of the factors enumerated in §113.6(b)(2)(v)(A) and (C)(1)–(8).

(3) Payments

(i) Payment of an approved involuntary allotment under 32 CFR part 112 and this part shall commence within 30 days after the designated DFAS official has approved the involuntary allotment.

(ii) Payments under this part shall not be required more frequently than once each month, and the designated official shall not be required to vary normal pay and disbursement cycles.
(iii) If the designated DFAS official receives several applications on the same member of a Military Service, payments shall be satisfied on a first-come, first-served basis.

(iv) Payments shall continue until the judgment is satisfied or until canceled or suspended.

(A) DFAS shall collect the total judgment, including interest when awarded by the judgment. Within 30 days following collection of the amount of the judgment, including interest as annotated by the applicant in Section I of DD Form 2654, the applicant may submit a final statement of interest that accrued during the pay-off period. This final statement of interest request must be accompanied by a statement of account showing how the applicant computed the interest amount. DFAS will collect this post-application interest provided it is an amount owed pursuant to the judgment. DFAS shall not accept any further interest requests.

(B) Interest or other costs associated with the debt forming the basis for the judgment, but not included as an amount awarded by the judgment, shall not be paid to applicants for involuntary allotments.

(v) If the member is found not to be entitled to money due from or payable by the Military Services, the designated official shall return the application and advise the applicant that no money is due from or payable by the Military Service to the member. When it appears that pay subject to an involuntary allotment is exhausted temporarily or otherwise unavailable, the applicant shall be told why and for how long that money is unavailable, if known. Involuntary allotments shall be canceled on or before the date a member retires, is discharged, or is released from active duty. The designated DFAS official shall notify the applicant of the reason for cancellation.

(vi) Upon receiving notice from an applicant that a judgment upon which an involuntary allotment is based has been satisfied, vacated, modified, or set aside, the designated DFAS official shall promptly adjust or discontinue the involuntary allotment.

(vii) The Under Secretary of Defense (Comptroller) may, in DoD 7000.14-R 4 Volume 7, Part A, designate the priority to be given to involuntary allotments pursuant to 32 CFR part 112 and this part, among the deductions and collections taken from a member’s pay, except that they may not give precedence over deductions required to arrive at a member’s disposable pay for garnishments or involuntary allotments authorized by statute for alimony and child support payments. In the absence of a contrary designation by the Comptroller, all other lawful deductions (except voluntary allotments by the member) and collections shall take precedence over these involuntary allotments.

APPENDIX B TO PART 113—STANDARDS OF FAIRNESS

1. No finance charge contracted for, made, or received under any contract shall be in excess of the charge that could be made for such contract under the law of the place in which the contract is signed in the United States by the military member.
   a. In the event a contract is signed with a U.S. company in a foreign country, the lowest interest rate of the State or States in which the company is chartered or does business shall apply.
   b. However, interest rates and service charges applicable to overseas military banking facilities shall be as established by the Department of Defense.

2. No contract or loan agreement shall provide for an attorney’s fees in the event of default unless suit is filed, in which event the fee provided in the contract shall not exceed 20 percent of the obligation found due. No attorney fees shall be authorized if the attorney is a salaried employee of the holder.

3. In loan transactions, defenses that the debtor may have against the original lender or its agent shall be good against any subsequent holder of the obligation. In credit transactions, defenses against the seller or its agent shall be good against any subsequent holder of the obligation, provided that the holder had actual knowledge of the defense or under conditions where reasonable inquiry would have apprised the holder of this fact.

4. The military member shall have the right to remove any security for the obligation beyond State or national boundaries if the military member or family moves beyond such boundaries under military orders and notifies the creditor, in advance of the removal, of the new address where the security will be located. Removal of the security shall not accelerate payment of the obligation.

5. No late charge shall be made in excess of 5 percent of the late payment, or $2.00, whichever is the lesser amount, or as provided by law or applicable regulatory agency determination. Only one late charge may be made for any tardy installment. Late charges shall not be levied where an allotment has been timely filed, but payment of the allotment has been delayed. Late charges by overseas banking facilities are a matter of contract with the Department of Defense.

6. The obligation may be paid in full at any time or through accelerated payments of any amount. There shall be no penalty for prepayment. In the event of prepayment, that portion of the finance charges that has accrued to the benefit of the seller or creditor shall be prorated on the basis of the charges that would have been ratably payable had finance charges been calculated and payable as equal periodic payments over the terms of the contract, and only the prorated amount to the date of prepayment shall be due. As an alternative, the “Rule of 78” may be applied.

7. If a charge is made for loan insurance protection, it must be evidenced by delivery of a policy or certificate of insurance to the military member within 30 days.

8. If the loan or contract agreement provides for payments in installation, each payment, other than the down payment, shall be in equal or substantially equal amounts, and installments shall be successive and of equal or substantially equal duration.

9. If the security for the debt is repossessed and sold in order to satisfy or reduce the debt, the repossession and resale shall be governed by the laws of the State in which the security is requested.

10. A contract for personal goods and services may be terminated at any time before delivery of the goods or services without charge to the purchaser. However, if goods made to the special order of the purchaser result in preproduction costs, or require preparation for delivery, such additional costs shall be listed in the order form or contract.

   a. No termination charge shall be made in excess of this amount. Contracts for delivery at future intervals may be terminated as to the undelivered portion.

   b. The purchaser shall be chargeable only for that proportion of the total cost that the goods or services delivered bear to the total goods called for by the contract. (This is in addition to the right to rescind certain credit transactions involving a security interest in real estate provided by the Truth in Lending Act (15 U.S.C. 1611 note, 1631–1646, 1661–1668), and Federal Reserve Board Regulation Z (12 CFR 226)).

### PRIVACY ACT STATEMENT

**AUTHORITY:** 5 USC 952a, EO 9337.

**PRINCIPAL PURPOSE:** To notify the member of the Armed Services or the Coast Guard of an involuntary allotment application against the member’s disposable pay, to provide the member an opportunity to respond to the involuntary allotment application; and to provide for action by the member’s commander to forward the member's response to the Defense Finance and Accounting Service (or the Coast Guard Pay and Personnel Center) and, as appropriate, to other Defense agencies concerning extensions of military duty; and to provide for appeals of exigency determinations.

**ROUTINE USES:** None.

**DISCLOSURE:** Voluntary for the member; however, failure to provide a response may result in the involuntary allotment of the member's disposable pay.

### INSTRUCTIONS

1. These instructions govern the notification and processing of an application for an involuntary allotment from the pay of a member of the Armed Forces or the Coast Guard under 5 USC 952a.

2. Section I, item 1 is to be completed by the designated Defense Finance and Accounting Service (DFAS) or Coast Guard Pay and Personnel Center representative. After completing this section, the representative will mail the form, along with two copies of the DD Form 2553, "Involuntary Allotment Application" and associated paperwork, to the commander of the member identified, and one copy to the member.

3. Upon receipt, the commander will determine if the member identified in Section I is in his or her unit. If the member is no longer assigned or available, or, after receiving the notice required by Section III, requests an extension to respond that is granted, the commander will complete Section II. If the member is no longer assigned or available under Section II, item 3, the commander will return the entire form and application package to DFAS (or the Coast Guard Pay and Personnel Center) if an extension is authorized under Section II, item 4, that will cause the member's response to be required by DFAS (or the Coast Guard Pay and Personnel Center) later than the date the response is due, the commander may similarly provide a copy of Sections I and II to DFAS (or the Coast Guard Pay and Personnel Center). The address for mailing to DFAS, Cleveland Center, Code L, PO Box 999002, Cleveland, OH 44199-9902 (or other address as specified by DFAS). For the Coast Guard, the address is: "Coast Guard Pay and Personnel Center (GDU), 444 S.E. Quincy Street, Topeka, KS 66603-3591." If the member is not assigned, the commander will provide the member a complete copy of DD Form 2553, "Involuntary Allotment Application." and counsel the member in accordance with Section III, item 7a. —g.

4. After counseling, the commander will complete Section III, item 5, and the member will complete Section III, item 9. The commander will then make and retain one copy of the form with Section II completed. After obtaining a copy, the commander will provide the member the signed original and advise the member to complete Section IV prior to the date the commander specifies that the member's response is due.

5. The member will complete Section IV and return the original form and accompanying evidence or additional matters, if any, to the commander on or before the due date as specified by the commander.

6. Following receipt of the member’s response, the commander will complete Section V and forward the original form, to include any additional evidence or other matters from the member, to DFAS (or the Coast Guard Pay and Personnel Center) at the address listed in paragraph 4 above. Notice, if the member fails to respond by the due date, the commander will complete Section V on an copy of the DD Form 2554 previously retained in accordance with the instructions in paragraph 4 above, and forward the form to DFAS (or the Coast Guard Pay and Personnel Center).

7. Within 5 working days from the date of forwarding to DFAS (or the Coast Guard Pay and Personnel Center), the commander will provide the member a copy of the completed DD Form 2554.

SECTION II - NOTICE TO MEMBER BY COMMANDER OR AUTHORIZED DESIGNEE

2. NOTICE
You are hereby notified that an application for the establishment of an involuntary allotment for the lesser of 25% of your pay subject to involuntary allotment or the maximum percentage of pay subject to garnishment proceedings under the applicable state law has been received. Along with this notice, I am providing you a copy of the entire application package.

Additionally, you are notified that:

a. You must respond within 15 calendar days from the date of this notification by either consenting to the involuntary allotment or contesting it. You must agree to the allotment. If a legal assistance attorney is available, you should immediately arrange for an appointment. If a legal assistance attorney is not available, you may request a reasonable delay to enable you to obtain legal assistance. If you have failed to exercise due diligence in seeking assistance, I will deny a request for delay.

b. If you contest the application, you must provide evidence (documentary or otherwise) supporting your reasons for contesting the application. Any evidence you submit may be disclosed to the applicant for this involuntary allotment.

c. If you contest the application, you must include with your response the date of your response to the notice and supporting documentation.

d. You may, if reasonably available, consult with a legal assistance attorney, or a civilian attorney at no expense to the government. If a legal assistance attorney is available, you should immediately arrange for an appointment. If a legal assistance attorney is not available, you may request a reasonable delay to enable you to obtain legal assistance. If you have failed to exercise due diligence in seeking assistance, I will deny a request for delay.

e. If you contest the involuntary allotment on the grounds that exigencies of military duty caused your absence from an appearance at the judicial proceeding at which the judgment was rendered, then I will review and make the final determination on this contention. My decision will be reflected in Section V of this form which will be forwarded to the designated DIAS (Defense Finance and Accounting Service) official for appropriate action. I will consider the following when making this determination:

1. That exigencies of military duty are defined as "a military assignment or mission essential duty that, because of its urgency, importance, duration, location, or isolation, necessitates the absence of a member of the military services from appearance at a judicial proceeding. Absence from an appearance in a judicial proceeding is normally presumed to be caused by exigencies of military duty during periods of war, national emergency, or when the member is deployed."

2. Whether the military duties in question were of such paramount importance that they prevented you from attending the proceeding, or rendered you unable to timely respond to process, motions, pleadings, or orders of the court.

f. If you contest the involuntary allotment on any basis other than exigencies of military duty, you must return this form and your response to me. This form, the application package, and your response will then be returned to the designated DIAS (Defense Finance and Accounting Service) official who will consider your response and determine whether to establish the involuntary allotment. The designated DIAS official has decision authority on all issues other than exigencies of military duty.

### Sec. 142.1 Purpose.

**AUTHORITY:** 10 U.S.C. 133.
§ 142.1 Purpose.
This part provides policy, prescribes procedures, and assigned responsibilities regarding the use of copyrighted sound and video recordings within the Department of Defense.

§ 142.2 Applicability.
(a) The provisions of this part apply to the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, the Unified and Specified commands, and the Defense Agencies (hereafter referred to collectively as "DoD Components").
(b) This part does not regulate the procurement or use of copyrighted works for authorized official purposes.

§ 142.3 Policy.
(a) It is DoD policy: (1) To recognize the rights to copyright owners by establishing specific guidelines for the use of copyrighted works by individuals within the DoD community, consistent with the Department’s unique mission and worldwide commitments, and (2) Not to condone, facilitate, or permit unlicensed public performance or unlawful reproduction for private or personal use of copyrighted sound or video recordings, using government appropriated or nonappropriated-fund-owned or leased equipment or facilities.
(b) Although the policy expressed in this Directive takes into account the copyright law of the United States, the application of that law to specific situations is a matter for interpretation by the U.S. Copyright Office and the Department of Justice.

§ 142.4 Procedures.
(a) Permission or licenses from copyright owners shall be obtained for public performance of copyrighted sound and video recordings.

1. A performance in a residential facility or a physical extension thereof is not considered a public performance.
2. A performance in an isolated area or deployed unit is not considered a public performance.
3. Any performance at which admission is charged normally would be considered a public performance.
4. Government audio and video duplicating equipment and appropriated funded playback equipment may not be used for reproduction of copyrighted sound or video recordings.

§ 142.5 Responsibilities.
Heads of DoD Components shall establish procedures to comply with this Directive and shall provide necessary local guidance and legal interpretation.

§ 143.1 Reissuance and purpose.
This rule is reissued to reflect revisions in policies and procedures for organizations whose objective is to organize or represent members of the Armed Forces of the United States for purposes of negotiating or bargaining about terms or conditions of military service. The policies and procedures set forth herein are designed to promote the readiness of the armed forces to defend the United States. The part does not modify or diminish the existing authority of commanders to control access to, or maintain good order and discipline on, military installations; nor
§ 143.2

does it modify or diminish the obligations of commanders and supervisors under 5 U.S.C. 7101–7135 with respect to organizations representing DoD civilian employees.

§ 143.2 Applicability and scope.

(a) The provisions of this part apply to:

(1) Department of Defense Components, which include the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, the Unified and Specified Commands, and the Defense Agencies;

(2) All military and civilian personnel of the Department of Defense; and

(3) Individuals and groups entering, using, or seeking to enter or use military installations.

(b) This part does not limit the application of the Uniform Code of Military Justice title 10 U.S.C., sections 801–940 or 10 U.S.C. 976 including the prohibitions and criminal penalties set forth therein with respect to matters that are the subject of this part or that are beyond its scope.

§ 143.3 Policy.

It is the policy of the United States under Public Law 95–610 that:

1. Members of the armed forces of the United States must be prepared to fight and, if necessary, to die to protect the welfare, security, and liberty of the United States and of their fellow citizens.

2. Discipline and prompt obedience to lawful orders of superior officers are essential and time-honored elements of the American military tradition and have been reinforced from the earliest articles of war by laws and regulations prohibiting conduct detrimental to the military chain of command and lawful military authority.

3. The processes of conventional collective bargaining and labor-management negotiation cannot and should not be applied to the relationships between members of the armed forces and their military and civilian superiors.

4. Strikes, slowdowns, picketing, and other traditional forms of job action have no place in the armed forces.

5. Unionization of the armed forces would be incompatible with the military chain of command, would undermine the role, authority, and position of the commander, and would impair the morale and readiness of the armed forces.

6. The circumstances which could constitute a threat to the ability of the armed forces to perform their mission are not comparable to the circumstances which could constitute a threat to the ability of Federal civilian agencies to perform their functions and should be viewed in light of the need for effective performance of duty by each member of the armed forces.

§ 143.4 Prohibited activity.

(a) Membership and enrollment. (1) A member of the armed forces, knowing of the activities or objectives of a particular military labor organization, may not:

(i) Join or maintain membership in such organization; or

(ii) Attempt to enroll any other member of the armed forces as a member of such organization.

(2) No person on a military installation, and no member of the armed forces, may enroll in a military labor organization any member of the armed forces or solicit or accept dues or fees for such an organization from any member of the armed forces.

(b) Negotiation or bargaining. (1) No person on a military installation, and no member of the armed forces, may negotiate or bargain, or attempt through any coercive act to negotiate or bargain, with any civilian officer or employee, or any member of the armed forces, on behalf of members of the armed forces, concerning the terms or conditions of service of such members.

(2) No member of the armed forces, and no civilian officer or employee, may negotiate or bargain on behalf of the United States concerning the terms or conditions of military service of members of the armed forces with any person who represents or purports to represent members of the armed forces.

(c) Strikes and other concerted activity. (1) No person on a military installation, and no member of the armed forces, may organize or attempt to organize, or participate in, any strike, picketing, march, demonstration, or other similar form of concerted action involving members of the armed forces that is directed against the Government of the United States and that is intended to induce any civilian officer or employee, or any member of the armed forces, to:
(i) Negotiate or bargain with any person concerning the terms or conditions of service of any member of the armed forces,
(ii) Recognize any military labor organization as a representative of individual members of the armed forces in connection with any complaint or grievance of any such member arising out of the terms or conditions of service of such member in the armed forces, or
(iii) Make any change with respect to the terms or conditions of service in the armed forces of individual members of the armed forces.
(2) No person may use any military installation for any meeting, march, picketing, demonstration, or other similar activity for the purpose of engaging in any activity prohibited by this Directive.
(3) No member of the armed forces, and no civilian officer or employee, may permit or authorize the use of any military installation for any meeting, march, picketing, demonstration, or other similar activity which is for the purpose of engaging in any activity prohibited by this Directive.
(d) Representation. A military labor organization may not represent, or attempt to represent, any member of the armed forces before any civilian officer or employee, or any member of the armed forces, in connection with any grievance or complaint of any such member arising out of the terms or conditions of service of such member in the armed forces.
§ 143.5 Activity not covered by this part.
(a) This part does not limit the right of any member of the armed forces to:
(1) Join or maintain membership in any lawful organization or association not constituting a ‘military labor organization’ as defined in §143.7.
(2) Present complaints or grievances concerning the terms or conditions of the service of such member in the armed forces in accordance with established military procedures;
(3) Seek or receive information or counseling from any source;
(4) Be represented by counsel in any legal or quasi-legal proceeding, in accordance with applicable laws and regulations;
(5) Petition the Congress for redress of grievances; or
(6) Take such other administrative action to seek such administrative or judicial relief, as is authorized by applicable law and regulations.
(b) This part does not prevent commanders or supervisors from giving consideration to the views of any member of the armed forces presented individually or as a result of participation on command-sponsored or authorized advisory council, committees, or organizations.
(c) This part does not prevent any civilian employed at a military installation from joining or being a member of an organization that engages in representational activities with respect to terms or conditions of civilian employment.
§ 143.6 Responsibility.
(a) Heads of DoD Components shall:
(1) Ensure compliance with this part and with the guidelines contained in enclosure 1.
(2) Establish procedures to ensure that any action initiated under this part is reported immediately to the Head of the DoD Component concerned.
(3) Report any action initiated under this part immediately to the Secretary of Defense.
(b) The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) shall serve as the administrative point of contact in the Office of the Secretary of Defense for all matters relating to this part.
§ 143.7 Definitions.
(a) Member of the Armed Forces. A member of the armed forces who is serving on active duty, or a member of a Reserve component while performing inactive duty training.
(b) Military labor organization. Any organization that engages in or attempts to engage in:
(1) Negotiating or bargaining with any civilian officer or employee, or with any member of the armed forces, on behalf of members of the armed forces, concerning the terms or conditions of military service of such members in the armed forces;
§ 143.8 Guidelines.

The guidelines for making certain factual determinations are as follows:

(a) In determining whether an organization is a military labor organization, whether a person is a member of a military labor organization, or whether such person or organization is in violation of any provision of this Directive, the history and operation of the organization (including its constitution and bylaws, if any) or person in question may be evaluated, along with evidence on the conduct constituting a prohibited act.

(b) In determining whether the commission of a prohibited act by a person can be imputed to the organization, examples of factors that may be considered include: the frequency of such act; the position in the organization of persons committing the act; whether the commission of such act was known by the leadership of the organization; whether the commission of the act was condemned or disavowed by the leadership of the organization.

(c) Any information about persons and organizations not affiliated with the Department of Defense needed to make the determinations required by this Directive shall be gathered in strict compliance with the provisions of DoD Directive 5200.27-1, "Acquisition of Information Concerning Persons and Organizations not Affiliated With the Department of Defense," January 7, 1980, and shall not be acquired by counterintelligence or security investigative personnel. The Organization itself shall be considered a primary source of information.

PART 144—SERVICE BY MEMBERS OF THE ARMED FORCES ON STATE AND LOCAL JURIES

Sec.
144.1 Purpose.
144.2 Applicability.
144.3 Definitions.
144.4 Policy.
144.5 Responsibilities.
144.6 Procedures.
144.7 Effective date and implementation.

AUTHORITY: 10 U.S.C. 982.
§ 144.1 Purpose.
This part implements 10 U.S.C. 982 to establish uniform Department of Defense policies for jury service by members of the Armed Forces on active duty.

§ 144.2 Applicability.
The provisions of this part apply to active-duty members of the Armed Forces.

§ 144.3 Definitions.
(a) Armed Forces. The Army, Navy, Air Force, Marine Corps, and the Coast Guard when it is operating as a Service in the Navy.
(b) State. Includes the fifty United States, U.S. Territories, District of Columbia, and the Commonwealth of Puerto Rico.
(c) Active duty. Full-time duty in the active military service of the United States. Includes full-time training duty, annual training duty, active duty for training, and attendance, while in the active military service, at a school designated as a Service school by law or by the Secretary of the Military Department concerned.
(d) Operating forces. Those forces whose primary mission is to participate in combat and the integral supporting elements thereof.

§ 144.4 Policy.
It is DoD policy to permit members of the Armed Forces maximally to fulfill their civic responsibilities consistent with their military duties. For service members stationed in the United States, serving on a State or local jury is one such civic obligation. Service members are exempt from jury duty, when it unreasonably would interfere with performance of their military duties or adversely affect the readiness of a unit, command, or activity.

§ 144.5 Responsibilities.
The Secretaries of the Military Departments, or designees, in accordance with regulations prescribed by the Secretary concerned, shall determine whether Service members shall be exempt from jury duty. This authority may be delegated no lower than to commanders authorized to convene special courts-martial.

§ 144.6 Procedures.
The Secretaries of the Military Departments shall publish procedures that provide the following:
(a) When a Service member on active duty is summoned to perform State or local jury duty, the Secretary concerned, or the official to whom such authority has been delegated, shall decide if such jury duty would:
   (1) Interfere unreasonably with the performance of the service member’s military duties.
   (2) Affect adversely the readiness of the unit, command, or activity to which the member is assigned.
(b) If such jury service would interfere with the service member’s military duties or adversely affect readiness, the service member shall be exempted from jury duty. The decision of the Secretary concerned, or the official to whom such authority has been delegated, shall be conclusive.
   (c) All general and flag officers, commanders and commanding officers, officers-in-charge, and all personnel assigned to the operating forces, in a training status, or stationed outside the United States are exempt from serving on a State or local jury. Such jury service necessarily would interfere with the performance of military duties by these members and adversely affect the readiness of the unit, command, or activity to which they are assigned.
(d) Service members who serve on State or local juries shall not be charged leave or lose any pay or entitlements during the period of service. All fees accrued to the member for jury service are payable to the United States Treasury. Members are entitled to any reimbursement from the State or local jury authority for expenses incurred in the performance of jury duty, such as for transportation costs or parking fees.
   (e) Written notice of each exemption determination shall be provided to the responsible State or local official who summoned an exempt member for jury duty.
§ 144.7 Effective date and implementation.

This part is effective June 13, 1988.

PART 145—COOPERATION WITH THE OFFICE OF SPECIAL COUNSEL OF THE MERIT SYSTEMS PROTECTION BOARD

Sec. 145.1 Purpose.

This part establishes policy, assigns responsibilities, and prescribes procedures for cooperation with the Office of Special Counsel (OSC) of the Merit Systems Protection Board (MSPB) in fulfilling the responsibilities of the Special Counsel under Pub. L. 95–454 and 5 CFR 1201 and 1250 to conduct investigations of alleged prohibited personnel practices and to ensure the investigation of other allegations of improper or illegal conduct referred to the Department of Defense by the OSC. This part provides internal guidance to DoD officials, and does not establish an independent basis for any person or organization to assert a right, benefit, or privilege.

§ 145.2 Applicability and scope.

(c) This part does not restrict the IG, DoD, in coordinating investigative efforts on individual cases with the OSC where concurrent jurisdiction exists.

§ 145.3 Definitions.

(b) Mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety.

(b) To solicit or consider any recommendation or statement, oral or written, with respect to any individual who requests, or is under consideration for, any personnel action, unless the recommendation or statement is based on the personal knowledge or records of the person furnishing it, and consists of an evaluation of the work performance, ability, aptitude, or general qualifications of the individual, or an evaluation of the character, loyalty, or suitability of such individual.

(c) To coerce the political activity of any person (including the providing of any political contribution or service), or take any action against any employee or applicant for employment as a reprisal for the refusal of any person to engage in such political activity.

(d) To influence any person to withdraw from competition for any position for the purpose of improving or injuring the prospects of any other person for employment.

(e) To grant any preference or advantage not authorized by law, rule, or regulation to any employee or applicant for employment (including defining the scope or manner of competition or the requirements for any position) for the purpose of improving or injuring the prospects of any particular person for employment.

(g) To appoint, employ, promote, advance, or advocate for appointment, employment, promotion, or advancement, in or to a civilian position any individual who is a relative (as defined in 5 U.S.C. 3110) of the employee if the position is in the agency in which the employee is serving as a public official (as defined in 5 U.S.C. 3110) or over which the employee exercises jurisdiction or control as an official.

(h) To take or fail to take a personnel action with respect to any employee or applicant for employment as a reprisal for the exercise of any appeal right granted by law, rule, or regulation.

(j) To discriminate for or against any employee or applicant for employment on the basis of conduct that does not adversely affect the performance of the employee or applicant or the performance of others.

(k) To take or fail to take any other personnel action if the taking of, or failure to take, such action violates any law, rule, or regulation implementing, or directly concerning, the merit system principles contained in 5 U.S.C. 2301.

Whistleblower. A present or former Federal employee or applicant for Federal employment who discloses information he or she reasonably believes evidences:

(a) A violation of any law, rule, or regulation.

(b) Mismanagement, a gross waste of funds, or an abuse of authority.

(c) A substantial or specific danger to public health or safety.

(d) Such disclosure qualifies if it is not specifically prohibited by statute and if such information is not specifically required by Executive Order to be kept secret in the interest of national defense or the conduct of foreign affairs.

(e) Where the information disclosed affects only the personal situation of the complainant, it is generally to be regarded as an allegation of a prohibited personnel practice or violation of other civil service law, rule, or regulation, and the complainant will not be considered a whistleblower.

§145.4 Policy.

It is DoD policy that:

(a) Civilian personnel actions taken by DoD management officials, civilian and military, shall conform to laws and regulations implementing established merit system principles and must be free of any prohibited personnel practices, as described in 5 U.S.C. 2302 and §145.3 of this part.

(b) It is the responsibility of each DoD management official to take vigorous corrective action and, when appropriate, to initiate disciplinary measures when prohibited personnel practices occur.
(c) DoD Components shall cooperate with the Office of Special Counsel by:

(1) Promoting merit system principles in civilian employment programs within the Department of Defense.

(2) Investigating and reporting on allegations of improper or illegal conduct forwarded to the Component by the OSC pursuant to 5 U.S.C. 1206(b) (2) or (3).

(3) Facilitating orderly investigation by the OSC of alleged prohibited personnel practices and other matters assigned for investigation to the OSC by law, such as the Freedom of Information Act and the Hatch Act.

(d) DoD Components shall cooperate with the OSC by providing appropriate assistance and information to its representatives during their investigations and by furnishing to the OSC investigators copies of releasable documents requested under the authority of the Civil Service Reform Act of 1978, 5 CFR 1250, the Privacy Act, and Civil Service Rule V.

(e) Close coordination between DoD and OSC personnel during an OSC investigation is encouraged to eliminate duplication of effort, and to avoid unnecessary delay in initiating, when appropriate, corrective or disciplinary action. This coordination shall be conducted in full recognition of the independent statutory basis for the OSC, as provided in Pub. L. 95–454 and of the responsibilities of the Department of Defense.

(f) OSC investigative requests involving classified information shall be accorded special attention and prompt consideration under existing administrative procedures.

(g) When OSC and a DoD Component or an employee assigned DoD counsel are engaged in litigation, release of information shall be accomplished pursuant to MSPB rules of discovery (5 CFR 1201, subpart B.).

§145.5 Responsibilities.

(a) The Secretaries of the Military Departments and the Director, Defense Logistics Agency (DLA), shall prescribe implementing documents to ensure that:

(1) The policies, standards, and procedures set forth in this part are administered in a manner that encourages consistency in responding to investigations of alleged prohibited personnel practices.

(2) Alleged illegal or improper conduct referred to a Military Department or the DLA by the OSC or by OSD is carefully investigated.

(3) There is full cooperation with the IG, DoD, and the General Counsel, Department of Defense (GC, DoD), including assignment of military and civilian attorneys to represent employees suspected or accused by the OSC of committing a prohibited personnel practice or an otherwise illegal or improper act.

(b) The General Counsel, Department of Defense (GC, DoD) shall provide overall legal guidance, whether by the issuance of regulations or otherwise, on all issues concerning cooperation with the OSC. This authority extends to:

(1) Ensuring that DoD legal counsel is assigned upon request to represent a DoD employee suspected or accused by the OSC of committing a prohibited personnel practice or an illegal or improper act when the act complained of was within the scope of the employee’s official responsibilities and such representation is in the interest of the Department of Defense; or, in unusual situations, that outside legal counsel is engaged where the use of DoD counsel would be inappropriate, and the same conditions are satisfied.

(2) Providing DoD legal counsel to seek intervention for the purpose of representing the interests of OSD or a Defense agency (other than the DLA) in an MSPB hearing resulting from charges of misconduct against an employee of OSD or a Defense agency, under the authority of the Civil Service Reform Act of 1978.

(3) Seeking the assistance of the Department of Justice in responding to requests by employees for legal representation in obtaining judicial review of an order by the MSPB, under 5 U.S.C. 1207.

(4) Modifying §145.3 and Appendix to this part and issuing supplementary instructions concerning all aspects of DoD cooperation with the OSC, including instructions on OSC investigations of allegedly arbitrary and capricious withholding of information under the
Office of the Secretary of Defense

§ 145.6

Freedom of Information Act or violations of the Hatch Act.

(5) Reviewing for adequacy and legal sufficiency with the IG, DoD, each report of an investigation that must be personally reviewed by the Secretary or Deputy Secretary of Defense on action taken or to be taken in response to an OSC finding of reasonable cause to believe there has been a violation of law, rule, or regulation, not including a prohibited personnel practice or allegation referred to the Attorney General of the United States for appropriate action.

(c) The Inspector General, Department of Defense (IG, DoD) shall:

(1) Investigate, or cause to be investigated, as appropriate, any complaint referred to the Department of Defense by OSC.

(2) Coordinate, where feasible, investigative efforts by DoD Components and the OSC, with particular emphasis on those conducted or initiated by action of the OSC.

(3) Submit the results of any investigation conducted under this part to the appropriate General Counsel.

(d) The Deputy Assistant Secretary of Defense (Administration) (DASD(A)) shall serve as the Senior Management Official, as described in §145.6(b) concerning allegations by the OSC of prohibited personnel practices or other illegal or improper acts in the OSD.

(e) The General Counsels of the Military Departments and the General Counsel of the Defense Logistics Agency shall have the same authority for their respective Components as given to the General Counsel, DoD, under paragraphs (b)(1) and (2) of this section.

§ 145.6 Procedures.

(a) Allegations of improper or illegal conduct received from the OSC under 5 U.S.C. 1206(b)(2), (3), or (c)(3). (1) Allegations of improper or illegal conduct referred by the OSC to the Secretary of Defense or to a Defense agency (other than the DLA) shall be forwarded to the IG, DoD.

(2) Allegations of improper or illegal conduct referred to a Military Department or to the DLA by the OSC shall be forwarded to the General Counsel of that Component.

(3) Upon receipt of a referral under paragraph (a)(1) or (2) of this section IG, DoD, or the GC of the Component concerned, as appropriate, shall ensure compliance with the Civil Service Reform Act of 1978 by obtaining a suitable investigation of an allegation, including compliance with time limits for reporting results of the investigation and personal review of the report by the head of the Component when required.

(4) Copies of each allegation referred under paragraph (a)(2) shall be forwarded by the General Counsel concerned to the IG, DoD.

(b) OSC Investigations of Prohibited Personnel Practices.

(i) Serve as a point of contact in providing assistance to the OSC in conducting investigations of alleged prohibited activities before any designation of an attorney of record for the Component or individual respondent for matters in litigation.

(ii) Monitor those investigations.

(iii) Ensure that appropriate Component personnel are fully apprised of the nature and basis for an OSC investigation, as well as the rights and duties of Component personnel in regard to such investigations.

(iv) Ensure that any corrective or disciplinary action considered appropriate because of facts disclosed by such an investigation is accomplished under paragraph (b)(2), in a timely manner.

(2) The designated Senior Management Official shall have authority to:

(i) Refer to responsible officials recommendations by the OSC for corrective action.

(ii) Seek OSC approval of proposed disciplinary action against an employee for an alleged prohibited personnel practice or illegal or improper act under investigation by the OSC when it is determined that such discipline is warranted.

(iii) Ensure that disciplinary action against an employee adjudged at fault following completion of an OSC investigation has been considered to avoid the need for a proceeding before the MSPB.

(iv) Ensure that information concerning members of the Armed Forces...
who are found by the Component to have committed a prohibited personnel practice or other violation of this Directive in the exercise of authority over civilian personnel is referred to appropriate military authority.

(3) The Senior Management Official shall:

(i) Establish a system under which an employee is identified to serve as the Liaison Officer for any OSC investigator who may initiate an investigation at a facility, base, or installation for which the employee is assigned liaison duties. It shall be the responsibility of the Liaison Officer to:

(A) Assist the OSC investigator.

(B) Ensure that all OSC requests for documents are in writing.

(C) Process such requests, as well as all requests for interviews.

(ii) Determine, to the extent practicable, whether an investigation is being, or has been, conducted that replicates in whole or in part the proposed or incomplete investigation by the OSC, and convey that information to the OSC whenever this might avoid redundant investigative effort.

(iii) Inform the General Counsel of the Component concerned of any OSC investigation and consult with the General Counsel on any legal issue related to an OSC investigation.

(iv) Ensure that Component personnel involved are given timely legal and policy advice, through arrangements effected by the Liaison Officer, on the nature and basis for an OSC investigation, the authority of the OSC, and the rights and duties of Component personnel, including those set forth in Appendix.

(v) Inform the IG, DoD, of any OSC investigation of an alleged prohibited personnel practice that is identified as having resulted from a whistleblower complaint or involves an allegation of otherwise illegal or improper conduct.

APPENDIX TO PART 145—LEGAL REPRESENTATION

1. An employee or member of the Armed Forces asked to provide information (testimonial or documentary) to the OSC in the course of an investigation by that office may obtain legal advice from DoD attorneys, both civilian and military, on that employee’s or member’s rights and obligations. This includes assistance at any interviews with OSC investigators. However, the attorney-client relationship shall not be established unless the employee is suspected or accused by the OSC of committing a prohibited personnel practice or other illegal or improper act and has been assigned DoD counsel.

2. An employee who believes that he or she is suspected or has been accused by the OSC of committing a prohibited personnel practice or other illegal or improper act may obtain legal representation from the Department of Defense under the conditions prescribed in §145(b)(1) of this part, except as provided in section 7, below. The attorney assigned shall be a military member or employee from another Component whenever an attorney from the same Component is likely to face a conflict between his or her ethical obligation to the employee client and to the Component employer, and in any case where the suspected or accused employee has requested representation from another Component. Outside legal counsel may be retained by the Component on behalf of the employee only under unusual circumstances and only with the personal approval of the General Counsel of the Department of Defense.

3. The General Counsel responsible for authorizing representation shall determine whether a conflict is liable to occur if an attorney from the same Component is assigned to represent the employee and, in that case or in a case in which the suspected or accused employee has requested representation from another Component, shall seek the assistance of another General Counsel in obtaining representation from outside the Component. The General Counsels of the Military Departments and the DLA shall ensure the availability of appropriately trained counsel for assignment to such cases.

4. To obtain legal representation the employee:

a. Must request legal representation, in writing, together with all process and pleadings served, and explain the circumstances that justify DoD legal assistance.

b. Indicate whether he or she has retained legal counsel from outside the Department of Defense.

c. Obtain a written certification from his or her supervisor that the employee was acting within the scope of his or her official duties, and that no adverse or disciplinary personnel action against the employee for the conduct being investigated by the OSC has been initiated by the Component.

5. Employee requests for legal representation must be approved by the General Counsel, DoD, for employees of OSD or a Defense Agency (other than the DLA), or by the General Counsel of a Military Department or the General Counsel of the DLA for employees of those Components.

6. The conditions of legal representation must be explained to the accused employee
Office of the Secretary of Defense

in writing and accepted in writing by that employee.

7. DoD resources may not be used to pro-
vide legal representation for an employee
with respect to a DoD disciplinary action
against the employee for committing or par-
ticipating in a prohibited personnel practice
or for engaging in illegal or improper con-
duct, regardless of whether that participa-
tion or conduct is also the basis for discipli-
nary action proposed by the OSC.

8. After approval of an employee’s request,
under section 4, above, a DoD attorney shall
be assigned (or, in unusual circumstances,
outside counsel retained) as the employee’s
representative in matters pending before the
OSC or MSPB. This approval may be limited
to representing the employee only with re-
spect to some of the pending matters if other
specific matters of concern to the OSC or
MSPB do not satisfy the requirements of his
Directive.

9. An attorney-client relationship shall be
established and continued between the sus-
pected or accused employee and assigned
DoD counsel.

10. In representing a DoD employee under
this part, a DoD attorney designated counsel
for the employee shall act as a vigorous ad-
vocate of the employee’s individual legal in-
terests before the OSC or MSPB; the attor-
ney’s professional responsibility to the De-
partment of Defense and his or her employ-
ing Component will be satisfied by fulfilling
this responsibility to the employee. Legal
representation may be terminated only with
the approval of the General Counsel who au-
thorized representation, and normally only
on the basis of information not available at
the time the attorney was assigned.

11. The attorney-client relationship may be
terminated if the assigned DoD counsel for
the employee determines, with the approval
of the General Counsel who authorizes rep-
resentation, that:

a. The employee was acting outside the
scope of his or her official duties when en-
gaging in the conduct that is the basis for
the OSC investigation or charge.

b. Termination of the professional re-
presentation is not in violation of the rules of
professional conduct applicable to the as-
signed counsel.

12. The DoD attorney designated counsel
may request relief from the duties of rep-
resentation or counseling without being re-
quired to furnish explanatory information
that might compromise the assurance to the
client of confidentiality.

13. This part authorizes cognizant DoD of-
ficials to approve a represented employee’s
request for travel, per diem, witness appear-
ances, or other departmental support nec-
essary to ensure effective legal representa-
tion of the employee by the designated coun-

development and other related proceedings shall be considered official
departmental business for time and attend-
ance requirements and similar purposes.

15. The following advice to employees ques-
tioned during the course of an OSC inves-
tigation may be appropriate in response to
the most frequent inquiries:

a. An employee may decline to provide a
“yes” or “no” answer in favor of a more
qualified answer when this is necessary to
ensure accuracy in responding to an OSC
interviewer’s questions.

b. Requests for clarification of both ques-
tions and answers are appropriate to avoid
misinterpretation.

c. Means to ensure verification of an inter-
view by OSC investigators are appropriate.

14. An employee’s participation in OSC in-
vestigations, MSPB hearings, and other re-
lated proceedings shall be considered official
departmental business for time and attend-
ance requirements and similar purposes.

(c) Prescribes procedures for treating such individuals who have been charged with, or convicted of, a felony in a court, have been held in contempt of a court for failure to obey the court’s order, or have been ordered to show cause by a court why they should not be held in contempt for failing to obey the court’s order.

§ 146.2 Applicability.

This part applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Joint Chiefs of Staff (JCS), the Joint Staff, the Unified and Specified Commands, the Inspector General of the Department of Defense (IG, DoD), the Uniformed Services University of the Health Sciences (USUHS), the Defense Agencies, and the DoD Field Activities (hereafter referred to collectively as “DoD Components”).

§ 146.3 Definitions.

DoD Employee. A civilian employed by a DoD Component, including an individual paid from nonappropriated funds, who is a citizen or national of the United States.

§ 146.4 Policy.

It is DoD policy that:

(a) With due regard for mission requirements, the provisions of applicable international agreements, and ongoing DoD investigations and courts-martial, the Department of Defense shall cooperate with courts and State and local officials in enforcing court orders relating to DoD members and employees stationed outside the United States, as well as their family members who accompany them, who have been charged with, or convicted of, a felony in a court, have been held in contempt by a court for failure to obey the court’s order, or have been ordered to show cause why they should not be held in contempt for failing to obey the court’s order.

(b) This part does not affect the authority of DoD Components to cooperate with courts and State and local officials in enforcing orders against DoD members and employees outside the United States on matters not listed in paragraph (a) of this section.

(c) This part does not create any rights or remedies and may not be relied on by any person, organization, or other entity to allege a denial of such rights or remedies.

§ 146.5 Responsibilities.

(a) The General Counsel of the Department of Defense (GC, DoD) shall:

(1) Issue Instructions and other guidance, as necessary, to implement this part.

(3) Coordinate on requests for exception to the requirements of this part under §146.5(b).

(b) The Assistant Secretary of Defense (Force Management and Personnel (ASD(FM&P)), with the concurrence of the GC, DoD, shall grant exceptions on a case-by-case basis to the requirements of §146.6. In exercising this authority, the ASD(FM&P), on request by the DoD Component concerned, shall give due consideration to the pertinent mission requirements, readiness, discipline, and ongoing DoD investigations and courts-martial.

(c) The Heads of DoD Components shall:

(1) Comply with this part.

(2) Issue Regulations implementing this part.

(3) Report promptly to the ASD(FM&P) and GC, DoD, any action
§ 146.6 Procedures.

(a) On receipt of a request for assistance from a court, or a Federal, State, or local official concerning a court order described in §146.4(a), the Head of the DoD Component concerned, or designee, shall determine whether the request is based on an order issued by a court of competent jurisdiction. Attempts shall be made to resolve the matter to the satisfaction of the court without the return of, or other action affecting, the member, employee, or family member (subject). Before action is taken under this section, the subject shall be afforded the opportunity to provide evidence of legal efforts to resist the court order, or otherwise show legitimate cause for noncompliance. If the Head of the DoD Component concerned determines that such efforts warrant a delay in taking action under this section, the DoD Component Head may grant a brief delay (not more than 90 days). All delays promptly shall be reported to the ASD(FM&P) and to the GC, DoD.

(1) If the request pertains to a felony or to contempt involving the unlawful or contemptuous removal of a child from the jurisdiction of a court or the custody of a parent or another person awarded custody by court order, and the matter cannot be resolved with the court without the return of the subject to the United States, the Head of the DoD Component, or designee, promptly shall take the action prescribed in paragraphs (b) through (d) of this section, unless the ASD(FM&P), or designee, grants an exception.

(2) If the request does not pertain to a felony or contempt involving the unlawful or contemptuous removal of a child from the jurisdiction of a court or the custody of a parent or another person awarded custody by court order, and if the matter cannot be resolved with the court without the return of the subject to the United States, the Head of the DoD Component, or designee, promptly shall take the action prescribed in paragraphs (b) through (d) of this section, when deemed appropriate with the facts and circumstances of each particular case, following consultation with legal staff.

(b) If a DoD member is the subject of the request, the member shall be ordered, under 10 U.S.C. 814, to return expeditiously to an appropriate port of entry at Government expense, contingent on the party requesting return of the member providing for transportation, and escort, if desired, of the member from such port of entry to the jurisdiction of the party. The party requesting return of the member shall be notified at least 10 days before the member’s return to the selected port of entry, absent unusual circumstances.

(c) If a DoD employee is the subject of the request concerning the court order, the employee strongly shall be encouraged to comply with the court order. Failure to respond to the court order may be a basis for withdrawal of command sponsorship and may be the basis for adverse action against the DoD employee, to include removal from the Federal Service. Proposals to take such adverse action must be approved by the Head of the DoD Component concerned, or designee. Such proposals shall be coordinated with the cognizant civilian personnel office and legal counsel.

(d) If the family member of a DoD member or employee is the subject of a request concerning the court order, the family member strongly shall be encouraged to comply with the court order. Failure to respond to the court order may be a basis for withdrawing the command sponsorship of the family member.

§ 147.1 Introduction.

The following adjudicative guidelines are established for all United States Government civilian and military personnel, consultants, contractors, employees of contractors, licensees, certificate holders or grantees and their employees and other individuals who require access to classified information. They apply to persons being considered for initial or continued eligibility for access to classified information, to include sensitive compartmented information and special access programs and are to be used by government departments and agencies in all final clearance determinations.

§ 147.2 Adjudicative process.

(a) The adjudicative process is an examination of a sufficient period of a person’s life to make an affirmative determination that the person is eligible for a security clearance. Eligibility for access to classified information is predicated upon the individual meeting these personnel security guidelines. The adjudicative process is the careful weighing of a number of variables known as the whole person concept. Available, reliable information about the person, past and present, favorable and unfavorable, should be considered in reaching a determination. In evaluating the relevance of an individual’s conduct, the adjudicator should consider the following actors:

(1) The nature, extent, and seriousness of the conduct;
(2) The circumstances surrounding the conduct, to include knowledgeable participation;
(3) The frequency and recency of the conduct;
(4) The individual’s age and maturity at the time of the conduct;
(5) The voluntariness of participation;
(6) The presence or absence of rehabilitation and other pertinent behavioral changes;
(7) The motivation for the conduct;
(8) The potential for pressure, coercion, exploitation, or duress;
(9) The likelihood of continuation of recurrence.

(b) Each case must be judged on its own merits, and final determination remains the responsibility of the specific department or agency. Any doubt as to whether access to classified information is clearly consistent with national security will be resolved in favor of the national security.

(c) The ultimate determination of whether the granting or continuing of eligibility for a security clearance is clearly consistent with the interests of national security must be an overall common sense determination based
up upon careful consideration of the following, each of which is to be evaluated in the context of the whole person, as explained further below:

(1) Guideline A: Allegiance to the United States.
(2) Guideline B: Foreign influence.
(3) Guideline C: Foreign preference.
(4) Guideline D: Sexual behavior.
(5) Guideline E: Personal conduct.
(7) Guideline G: Alcohol consumption.
(8) Guideline H: Drug involvement.
(9) Guideline I: Emotional, mental, and personality disorders.
(10) Guideline J: Criminal conduct.
(12) Guideline L: Outside activities.

d) Although adverse information concerning a single criterion may not be sufficient for an unfavorable determination, the individual may be disqualified if available information reflects a recent or recurring pattern of questionable judgment, irresponsibility, or emotionally unstable behavior. Notwithstanding, the whole person concept, pursuit of further investigations may be terminated by an appropriate adjudicative agency in the face of reliable, significant, disqualifying, adverse information.

e) When information of security concern becomes known about an individual who is currently eligible for access to classified information, the adjudicator should consider whether the person:

(1) Voluntarily reported the information;
(2) Was truthful and complete in responding to questions;
(3) Sought assistance and followed professional guidance, where appropriate;
(4) Resolved or appears likely to favorably resolve the security concern;
(5) Has demonstrated positive changes in behavior and employment;
(6) Should have his or her access temporarily suspended pending final adjudication of the information.

f) If after evaluating information of security concern, the adjudicator decides that the information is not serious enough to warrant a recommendation of disapproval or revocation of the security clearance, it may be appropriate to recommend approval with a warning that future incidents of a similar nature may result in revocation of access.

§147.3 Guideline A—Allegiance to the United States.

(a) The concern. An individual must be of unquestioned allegiance to the United States. The willingness to safeguard classified information is in doubt if there is any reason to suspect an individual’s allegiance to the United States.

(b) Conditions that could raise a security concern and may be disqualifying include: (1) Involvement in any act of sabotage, espionage, treason, terrorism, sedition, or other act whose aim is to overthrow the Government of the United States or alter the form of government by unconstitutional means;

(2) Association or sympathy with persons who are attempting to commit, or who are committing, any of the above acts;

(3) Association or sympathy with persons or organizations that advocate the overthrow of the United States Government, or any state or subdivision, by force or violence or by other unconstitutional means;

(4) Involvement in activities which unlawfully advocate or practice the commission of acts of force or violence to prevent others from exercising their rights under the Constitution or laws of the United States or of any state.

(c) Conditions that could mitigate security concerns include: (1) The individual was unaware of the unlawful aims of the individual or organization and severed ties upon learning of these;

(2) The individual’s involvement was only with the lawful or humanitarian aspects of such an organization;

(3) Involvement in the above activities occurred for only a short period of time and was attributable to curiosity or academic interest;

(4) The person has had no recent involvement or association with such activities.
§ 147.4 Guideline B—Foreign influence.

(a) The concern. A security risk may exist when an individual’s immediate family, including cohabitants and other persons to whom he or she may be bound by affection, influence, or obligation are not citizens of the United States or may be subject to duress. These situations could create the potential for foreign influence that could result in the compromise of classified information. Contacts with citizens of other countries or financial interests in other countries are also relevant to security determinations if they make an individual potentially vulnerable to coercion, exploitation, or pressure.

(b) Conditions that could raise a security concern and may be disqualifying include: (1) An immediate family member, or a person to whom the individual has close ties of affection or obligation, is a citizen of, or resident or present in, a foreign country; (2) Sharing living quarters with a person or persons, regardless of their citizenship status, if the potential for adverse foreign influence or duress exists;

(c) Conditions that could mitigate security concerns include: (1) A determination that the immediate family member(s) (spouse, father, mother, sons, daughters, brothers, sisters), cohabitant, or associates in question are not agents of a foreign power or in a position to be exploited by a foreign power in a way that could force the individual to choose between loyalty to the person(s) involved and the United States; (2) Contacts with foreign citizens are the result of official United States Government business; (3) Contact and correspondence with foreign citizens are casual and infrequent;

§ 147.5 Guideline C—Foreign preference.

(a) The concern. When an individual acts in such a way as to indicate a preference for a foreign country over the United States, then he or she may be prone to provide information or make decisions that are harmful to the interests of the United States.

(b) Conditions that could raise a security concern and may be disqualifying include: (1) The exercise of dual citizenship; (2) Possession and/or use of a foreign passport; (3) Military service or a willingness to bear arms for a foreign country; (4) Accepting educational, medical, or other benefits, such as retirement and social welfare, from a foreign country; (5) Residence in a foreign country to meet citizenship requirements; (6) Using foreign citizenship to protect financial or business interests in another country; (7) Seeking or holding political office in the foreign country; (8) Voting in foreign elections; (9) Performing or attempting to perform duties, or otherwise acting, so as to serve the interests of another government in preference to the interests of the United States.

(c) Conditions that could mitigate security concerns include: (1) Dual citizenship is based solely on parents’ citizenship or birth in a foreign country;
(2) Indicators of possible foreign preference (e.g., foreign military service) occurred before obtaining United States citizenship;
(3) Activity is sanctioned by the United States;
(4) Individual has expressed a willingness to renounce dual citizenship.

§ 147.6 Guidance D—Sexual behavior.

(a) The concern. Sexual behavior is a security concern if it involves a criminal offense, indicates a personality or emotional disorder, may subject the individual to coercion, exploitation, or duress, or reflects lack of judgment or discretion. Sexual orientation or preference may not be used as a basis for or a disqualifying factor in determining a person’s eligibility for a security clearance.

(b) Conditions that could raise a security concern and may be disqualifying include:
(1) Sexual behavior of a criminal nature, whether or not the individual has been prosecuted;
(2) Compulsive or addictive sexual behavior when the person is unable to stop a pattern or self-destructive or high-risk behavior or that which is symptomatic of a personality disorder;
(3) Sexual behavior that causes an individual to be vulnerable to coercion, exploitation, or duress;
(4) Sexual behavior of a public nature and/or that which reflects lack of discretion or judgment.

(c) Conditions that could mitigate security concerns include:
(1) The behavior occurred during or prior to adolescence and there is no evidence of subsequent conduct of a similar nature;
(2) The behavior was not recent and there is no evidence of subsequent conduct of a similar nature;
(3) There is no other evidence of questionable judgment, irresponsibility, or emotional instability;
(4) The behavior no longer serves as a basis for coercion, exploitation, or duress.

1 The adjudicator should also consider guidelines pertaining to criminal conduct (Guideline J) and emotional, mental and personality disorders (Guideline I) in determining how to resolve the security concerns raised by sexual behavior.

§ 147.7 Guideline E—Personal conduct.

(a) The concern. Conduct involving questionable judgment, untrustworthiness, unreliability, lack of candor, dishonesty, or unwillingness to comply with rules and regulations could indicate that the person may not properly safeguard classified information. The following will normally result in an unfavorable clearance action or administrative termination of further processing for clearance eligibility:
(1) Refusal to undergo or cooperate with required security processing, including medical and psychological testing;
(2) Refusal to complete required security forms, releases, or provide full, frank and truthful answers to lawful questions of investigators, security officials or other representatives in connection with a personnel security or trustworthiness determination.

(b) Conditions that could raise a security concern and may be disqualifying also include:
(1) Reliable, unfavorable information provided by associates, employers, coworkers, neighbors, and other acquaintances;
(2) The deliberate omission, concealment, or falsification of relevant and material facts from any personnel security questionnaire, personal history statement, or similar form used to conduct investigations, determine employment qualifications, award benefits or status, determine security clearance eligibility or trustworthiness, or award fiduciary responsibilities;
(3) Deliberately providing false or misleading information concerning relevant and material matters to an investigator, security official, competent medical authority, or other representative in connection with a personnel security or trustworthiness determination;
(4) Personal conduct or concealment of information that may increase an individual’s vulnerability to coercion, exploitation, or duties, such as engaging in activities which, if known, may affect the person’s personal, professional, or community standing or render the person susceptible to blackmail;
(5) A pattern of dishonesty or rule violations, including violation of any
written or recorded agreement made between the individual and the agency; (6) Association with persons involved in criminal activity.  

(c) Conditions that could mitigate security concerns include:

(1) The information was unsubstantiated or not pertinent to a determination of judgment, trustworthiness, or reliability;
(2) The falsification was an isolated incident, was not recent, and the individual has subsequently provided correct information voluntarily;
(3) The individual made prompt, good faith efforts to correct the falsification before being confronted with the facts;
(4) Omission of material facts was caused or significantly contributed to by improper or inadequate advice of authorized personnel, and the previously omitted information was promptly and fully provided;
(5) The individual has taken positive steps to significantly reduce or eliminate vulnerability to coercion, exploitation, or duress;
(6) A refusal to cooperate was based on advice from legal counsel or other officials that the individual was not required to comply with security processing requirements and, upon being made aware of the requirement, fully and truthfully provided the requested information;
(7) Association with persons involved in criminal activities has ceased.

§ 147.8 Guideline F—Financial considerations.

(a) The concern. An individual who is financially overextended is at risk of having to engage in illegal acts to generate funds. Unexplained affluence is often linked to proceeds from financially profitable criminal acts.

(b) Conditions that could raise a security concern and may be disqualifying include:

(1) A history of not meeting financial obligations;
(2) Deceptive or illegal financial practices such as embezzlement, employee theft, check fraud, income tax evasion, expense account fraud, filing deceptive loan statements, and other intentional financial breaches of trust;
(3) Inability or unwillingness to satisfy debts;
(4) Unexplained affluence;
(5) Financial problems that are linked to gambling, drug abuse, alcoholism, or other issues of security concern.

(c) Conditions that could mitigate security concerns include:

(1) The behavior was not recent;
(2) It was an isolated incident;
(3) The conditions that resulted in the behavior were largely beyond the person’s control (e.g., loss of employment, a business downturn, unexpected medical emergency, or a death, divorce or separation);
(4) The person has received or is receiving counseling for the problem and there are clear indications that the problem is being resolved or is under control;
(5) The affluence resulted from a legal source;
(6) The individual initiated a good-faith effort to repay overdue creditors or otherwise resolve debts.

§ 147.9 Guideline G—Alcohol consumption.

(a) The concern. Excessive alcohol consumption often leads to the exercise of questionable judgment, unreliability, failure to control impulses, and increases the risk of unauthorized disclosure of classified information due to carelessness.

(b) Conditions that could raise a security concern and may be disqualifying include:

(1) Alcohol-related incidents away from work, such as driving while under the influence, fighting, child or spouse abuse, or other criminal incidents related to alcohol use;
(2) Alcohol-related incidents at work, such as reporting for work or duty in an intoxicated or impaired condition, or drinking on the job;
(3) Diagnosis by a credentialed medical professional (e.g., physician, clinical psychologist, or psychiatrist) of alcohol abuse or alcohol dependence;
(4) Evaluation of alcohol abuse or alcohol dependence by a licensed clinical social worker who is a staff member of a recognized alcohol treatment program;
(5) Habitual or binge consumption of alcohol to the point of impaired judgment;
(6) Consumption of alcohol, subsequent to a diagnosis of alcoholism by a
credentialed medical professional and following completion of an alcohol rehabilitation program.

(c) Conditions that could mitigate security concerns include: (1) The alcohol related incidents do not indicate a pattern;
(2) The problem occurred a number of years ago and there is no indication of a recent problem;
(3) Positive changes in behavior supportive of sobriety;
(4) Following diagnosis of alcohol abuse or alcohol dependence, the individual has successfully completed inpatient or outpatient rehabilitation along with aftercare requirements, participates frequently in meetings of Alcoholics Anonymous or a similar organization, has abstained from alcohol for a period of at least 12 months, and received a favorable prognosis by a credentialed medical professional or a licensed clinical social worker who is a staff member of a recognized drug treatment program.

§ 147.10 Guideline H—Drug involvement.
(a) The concern. (1) Improper or illegal involvement with drugs raises questions regarding an individual’s willingness or ability to protect classified information. Drug abuse or dependence may impair social or occupational functioning, increasing the risk of an unauthorized disclosure of classified information.
(2) Drugs are defined as mood and behavior altering substances, and include:
(i) Drugs, materials, and other chemical compounds identified and listed in the Controlled Substances Act of 1970, as amended (e.g., marijuana or cannabis, depressants, narcotics, stimulants, and hallucinogens),
(ii) Inhalants and other similar substances.
(3) Drug abuse is the illegal use of a drug or use of a legal drug in a manner that deviates from approved medical direction.
(b) Conditions that could raise a security concern and may be disqualifying include: (1) Any drug abuse (see above definition);
(2) Illegal drug possession, including cultivation, processing, manufacture, purchase, sale, or distribution;
(3) Diagnosis by a credentialed medical professional (e.g., physician, clinical psychologist, or psychiatrist) of drug abuse or drug dependence;
(4) Evaluation of drug abuse or drug dependence by a licensed clinical social worker who is a staff member of a recognized drug treatment program;
(5) Failure to successfully complete a drug treatment program prescribed by a credentialed medical professional. Recent drug involvement, especially following the granting of a security clearance, or an expressed intent not to discontinue use, will almost invariably result in an unfavorable determination.
(c) Conditions that could mitigate security concerns include: (1) The drug involvement was not recent;
(2) The drug involvement was an isolated or aberration event;
(3) A demonstrated intent not to abuse any drugs in the future;
(4) Satisfactory completion of a prescribed drug treatment program, including rehabilitation and aftercare requirements, without recurrence of abuse, and a favorable prognosis by a credentialed medical professional.

§ 147.11 Guideline I—Emotional, mental, and personality disorders.
(a) The concern. Emotional, mental, and personality disorders can cause a significant deficit in an individual’s psychological, social and occupational functioning. These disorders are of security concern because they may indicate a defect in judgment, reliability, or stability. A credentialed mental health professional (e.g., clinical psychologist or psychiatrist), employed by, acceptable to or approved by the government, should be utilized in evaluating potentially disqualifying and mitigating information fully and properly, and particularly for consultation with the individual’s mental health care provider.
(b) Conditions that could raise a security concern and may be disqualifying include: (1) An opinion by a credentialed mental health professional that the individual has a condition or treatment that may indicate a defect in judgment, reliability, or stability;
§ 147.12 Guideline J—Criminal conduct.

(a) The concern. A history or pattern of criminal activity creates doubt about a person’s judgment, reliability and trustworthiness.

(b) Conditions that could raise a security concern and may be disqualifying include: (1) Allegations or admissions of criminal conduct, regardless of whether the person was formally charged;

(2) A single serious crime or multiple lesser offenses.

(c) Conditions that could mitigate security concerns include: (1) The criminal behavior was not recent;

(2) The crime was an isolated incident;

(3) The person was pressured or coerced into committing the act and those pressures are no longer present in that person’s life;

(4) The person did not voluntarily commit the act and/or the factors leading to the violation are not likely to recur;

(5) Acquittal;

(6) There is clear evidence of successful rehabilitation.

§ 147.13 Guideline K—Security violations.

(a) The concern. Noncompliance with security regulations raises doubt about an individual’s trustworthiness, willingness, and ability to safeguard classified information.

(b) Conditions that could raise a security concern and may be disqualifying include. (1) Unauthorized disclosure of classified information;

(2) Violations that are deliberate or multiple or due to negligence.

(c) Conditions that could mitigate security concerns include actions that: (1) Were inadvertent;

(2) Were isolated or infrequent;

(3) Were due to improper or inadequate training;

(4) Demonstrate a positive attitude towards the discharge of security responsibilities.

§ 147.14 Guideline L—Outside activities.

(a) The concern. Involvement in certain types of outside employment or activities is of security concern if it poses a conflict with an individual’s security responsibilities and could create an increased risk of unauthorized disclosure of classified information.

(b) Conditions that could raise a security concern and may be disqualifying include any service, whether compensated, volunteer, or employment with: (1) A foreign country;

(2) Any foreign national;

(3) A representative of any foreign interest;

(4) Any foreign, domestic, or international organization or person engaged in analysis, discussion, or publication of material on intelligence, defense, foreign affairs, or protected technology.

(c) Conditions that could mitigate security concerns include: (1) Evaluation of the outside employment or activity indicates that it does not pose a conflict with an individual’s security responsibilities;

(2) The individual terminates the employment or discontinues the activity upon being notified that it is in conflict with his or her security responsibilities.
§ 147.15 Guideline M—Misuse of Information technology systems. 

(a) The concern. Noncompliance with rules, procedures, guidelines, or regulations pertaining to information technology systems may raise security concerns about an individual’s trustworthiness, willingness, and ability to properly protect classified systems, networks, and information. Information Technology Systems include all related equipment used for the communication, transmission, processing, manipulation, and storage of classified or sensitive information.

(b) Conditions that could raise a security concern and may be disqualifying include:

(1) Illegal or unauthorized entry into any information technology system;
(2) Illegal or unauthorized modification, destruction, manipulation or denial of access to information residing on an information technology system;
(3) Removal (or use) of hardware, software, or media from any information technology system without authorization, when specifically prohibited by rules, procedures, guidelines or regulations;
(4) Introduction of hardware, software, or media into any information technology system without authorization, when specifically prohibited by rules, procedures, guidelines or regulations;

(c) Conditions that could mitigate security concerns include:

(1) The misuse was not recent or significant;
(2) The conduct was unintentional or inadvertent;
(3) The introduction or removal of media was authorized;
(4) The misuse was an isolated event;
(5) The misuse was followed by a prompt, good faith effort to correct the situation.

Subpart B—Investigative Standards

§ 147.18 Introduction.

The following investigative standards are established for all United States Government civilian and military personnel, consultants, contractors, employees of contractors, licensees, certificate holders or grantees and their employees and other individuals who require access to classified information, to include Sensitive Compartmented Information and Special Access Programs, and are to be used by government departments and agencies as the investigative basis for final clearance determinations. However, nothing in these standards prohibits an agency from using any lawful investigative procedures in addition to these requirements in order to resolve any issue identified in the course of a background investigation or reinvestigation.

§ 147.19 The three standards.

There are three standards (Attachment D to this subpart summarizes when to use each one):

(a) The investigation and reinvestigation standards for “L” access authorizations and for access to confidential and secret (including all secret-level Special Access Programs not specifically approved for enhanced investigative requirements by an official authorized to establish Special Access Programs by section 4.4 of Executive Order 12958) (60 FR 19825, 3 CFR 1995 Comp., p. 33);
(b) The investigation standard for “Q” access authorizations and for access to top secret (including top secret Special Access Programs) and Sensitive Compartmented Information;
(c) The reinvestigation standard for continued access to the levels listed in paragraph (b) of this section.

§ 147.20 Exception to periods of coverage.

Some elements of standards specify a period of coverage (e.g. seven years). Where appropriate, such coverage may be shortened to the period from the subject’s eighteenth birthday to the present or to two years, whichever is longer.

§ 147.21 Expanding investigations.

Investigations and reinvestigations may be expanded under the provisions of Executive Order 12968 (60 FR 40245, 3 CFR 1995 Comp., p. 391) and other applicable statutes and Executive Orders.
§ 147.22 Transferability.

Investigations that satisfy the requirements of a given standard and are current meet the investigative requirements for all levels specified for the standard. They shall be mutually and reciprocally accepted by all agencies.

§ 147.23 Breaks in service.

If a person who requires access has been retired or separated from U.S. government employment for less than two years and is the subject of an investigation that is otherwise current, the agency regranting the access will, as a minimum, review an updated Standard Form 86 and applicable records. A reinvestigation is not required unless the review indicates the person may no longer satisfy the standards of Executive Order 12968 (60 FR 19825, 3 CFR 1995 Comp., p. 333); (Attachment D to this subpart, Table 2).

§ 147.24 The national agency check.

The National Agency Check is a part of all investigations and reinvestigations. It consists of a review of:

(a) Investigative and criminal history files of the FBI, including a technical fingerprint search;
(b) OPM’s Security/Suitability Investigations Index;
(c) DoD’s Defense Clearance and Investigations Index;
(d) Such other national agencies (e.g., CIA, INS) as appropriate to the individual’s background.

Subpart C—Guidelines for Temporary Access

§ 147.28 Introduction.

The following minimum investigative standards, implementing section 3.3 of Executive Order 12968, Access to Classified Information, are established for all United States Government and military personnel, consultants, contractors, subcontractors, employees of contractors, licensees, certificate holders or grantees and their employees.
and other individuals who require access to classified information before the appropriate investigation can be completed and a final determination made.

§ 147.29 Temporary eligibility for access.

Based on a justified need meeting the requirements of section 3.3 of Executive Order 12968, temporary eligibility for access may be granted before investigations are complete and favorably adjudicated, where official functions must be performed prior to completion of the investigation and adjudication process. The temporary eligibility will be valid until completion of the investigation and adjudication; however, the agency granting it may revoke it at any time based on unfavorable information identified in the course of the investigation.

§ 147.30 Temporary eligibility for access at the confidential and secret levels and temporary eligibility for "L" access authorization.

As a minimum, such temporary eligibility requires completion of the Standard Form 86, including any applicable supporting documentation, favorable review of the form by the appropriate adjudicating authority, and submission of a request for an expedited National Agency Check with Local Agency Checks and Credit (NACLC).

§ 147.31 Temporary eligibility for access at the top secret levels and temporary eligibility for "Q" access authorization: For someone who is the subject of a favorable investigation not meeting the investigative standards for access at those levels.

As a minimum, such temporary eligibility requires completion of the Standard Form 86, including any applicable supporting documentation, favorable review of the form by the appropriate adjudicating authority, and expedited submission of a request for a Single Scope Background Investigation (SSBI).

§ 147.32 Temporary eligibility for access at the top secret and SCI levels and temporary eligibility for "Q" access authorization: For someone who is not the subject of a current, favorable personnel or personnel-security investigation of any kind.

As a minimum, such temporary eligibility requires completion of the Standard Form 86, including any applicable supporting documentation, favorable review of the form by the appropriate adjudicating authority, immediate submission of a request for an expedited Single Scope Background Investigation (SSBI), and completion and favorable review by the appropriate adjudicating authority of relevant criminal history and investigative records of the Federal Bureau of Investigation and of information in the Security/Suitability Investigations Index (SII) and the Defense Clearance and Investigations Index (DCII).

§ 147.33 Additional requirements by agencies.

Temporary eligibility for access must satisfy these minimum investigative standards, but agency heads may establish additional requirements based on the sensitivity of the particular, identified categories of classified information necessary to perform the lawful and authorized functions that are the basis for granting temporary eligibility for access. However, no additional requirements shall exceed the common standards for background investigations developed under section 3.2(b) of Executive Order 12968. Temporary eligibility for access is valid only at the agency granting it and at other agencies who expressly agree to accept it and acknowledge understanding of its investigative basis. It is further subject to limitations specified in sections 2.4(d) and 3.3 of Executive Order 12968, Access to Classified Information.
PART 148—NATIONAL POLICY AND IMPLEMENTATION OF RECIPROCITY OF FACILITIES

148.1 Interagency reciprocal acceptance.
148.2 Classified programs.
148.3 Security review.
148.4 Policy documentation.
148.5 Identification of the security policy board.

Subpart B—Guidelines for the Implementation and Oversight of the Policy on Reciprocity of Use and Inspections of Facilities

148.10 General.
148.11 Policy.
148.12 Definitions.
148.13 Responsibilities.
148.14 Procedures.

AUTHORITY: E.O. 12968 (60 FR 40245, 3 CFR 1995 Comp., p. 391.)

SOURCE: 63 FR 4580, Jan. 30, 1998, unless otherwise noted.

Subpart A—National Policy on Reciprocity of Use and Inspections of Facilities

§ 148.1 Interagency reciprocal acceptance.

Interagency reciprocal acceptance of security policies and procedures for approving, accrediting, and maintaining the secure posture of shared facilities will reduce aggregate costs, promote interoperability of agency security systems, preserve vitality of the U.S. industrial base, and advance national security objectives.

§ 148.2 Classified programs.

Once a facility is authorized, approved, certified, or accredited, all U.S. Government organizations desiring to conduct classified programs at the facility at the same security level shall accept the authorization, approval, certification, or accreditation without change, enhancements, or upgrades. Executive Order, Safeguarding Directives, National Industrial Security Program Operating Manual (NISPOM), the NISPOM Supplement, the Director of Central Intelligence Directives, interagency agreements, successor documents, or other mutually agreed upon methods shall be the basis for such acceptance.

§ 148.3 Security review.

After initial security authorization, approval, certification, or accreditation, subsequent security reviews shall normally be conducted no more frequently than annually.

Additionally, such reviews shall be aperiodic or random, and be based upon risk management principles. Security reviews may be conducted “for cause”, to follow up on previous findings, or to accomplish close-out actions. Visits may be made to a facility to conduct security support actions, administrative inquiries, program reviews, and approvals as deemed appropriate by the cognizant security authority or agency.

§ 148.4 Policy documentation.

Agency heads shall ensure that any policy documents their agency issues setting out facilities security policies and procedures incorporate the policy set out herein, and that such policies are reasonable, effective, efficient, and enable and promote interagency reciprocity.

§ 148.5 Identification of the security policy board.

Agencies which authorize, approve, certify, or accredit facilities shall provide to the Security Policy Board Staff a points of contact list to include names and telephone numbers of personnel to be contacted for verification of authorized, approved, certified, or accredited facility status. The Security Policy Board Staff will publish a comprehensive directory of points of contact.

§ 148.6 Agency review.

Agencies will continue to review and assess the potential value added to the process of co-use of facilities by development of electronic data retrieval across government. As this review continues, agencies creating or modifying facilities databases will do so in a manner which facilitates community data
sharing, interest of national defense or foreign policy.

Subpart B—Guidelines for the Implementation and Oversight of the Policy on Reciprocity of use and Inspections of Facilities

§ 148.10 General.
(a) Redundant, overlapping, and duplicative policies and practices that govern the co-use of facilities for classified purposes have resulted in excessive protection and unnecessary expenditure of funds. Lack of reciprocity has also impeded achievement of national security objectives and adversely affected economic and technological interest.
(b) Interagency reciprocal acceptance of security policies and procedures for approving, accrediting, and maintaining the secure posture of shared facilities will reduce the aggregate costs, promote interoperability of agency security systems, preserve the vitality of the U.S. industrial base, and advance national security objectives.
(c) Agency heads, or their designee, are encouraged to periodically issue written affirmations in support of the policies and procedures prescribed herein and in the Security Policy Board (SPB) policy, entitled “Reciprocity of Use and Inspections of Facilities.”

§ 148.12 Definitions.

These channels should be used to address alleged departures from established reciprocity requirements and should resolve all, including the most egregious instances of non-compliance.

(i) In coordination with the D/SPBS, the Director, ISOO, as Chairman of the NISP Policy Advisory Committee (NISPPAC), shall develop and administer an annual survey to a representative number of cleared contractor activities/employees to assess the effectiveness of interagency reciprocity implementation. Administration of the survey shall be coordinated fully with each affected Senior Agency Official.

(ii) In coordination with the NISPPAC, the D/SPBS shall develop and administer an annual survey to a representative number of agency activities/personnel to assess the effectiveness of interagency reciprocity implementation. Administration of the survey shall be coordinated fully with each affected Senior Agency Official.

(iii) The goal of annual surveys should not be punitive but educational. All agencies and departments have participated in the crafting of these facilities policies, therefore, non-compliance is a matter of internal education and direction.

(e) Agencies will continue to review and assess the potential value added to the process of co-use of facilities by development of electronic data retrieval across government.

§ 151.1 Reissuance and purpose.

This part is reissued to update established DoD policy and procedures on trial by foreign courts and treatment in foreign prisons of U.S. military personnel, nationals of the U.S. serving with, employed by, or accompanying the Armed Forces of the United States, and the dependents of both (hereafter referred to as U.S. personnel); and provides uniform reporting on the exercise of foreign criminal jurisdiction.

§ 151.2 Applicability.

The provisions of this part apply to the Office of the Secretary of Defense, the Military Departments, and the Unified and Specified Commands. As used herein, the term “Military Services” refers to the Army, Navy, Air Force, and Marine Corps.

§ 151.3 Policy.

It is the policy of the Department of Defense to protect, to the maximum extent possible, the rights of U.S. personnel who may be subject to criminal trial by foreign courts and imprisonment in foreign prisons.

§ 151.4 Procedures and responsibilities.

(a) Application of Senate resolution on status of forces. This directive implements the Senate Resolution accompanying the Senate’s consent to ratification of the North Atlantic Treaty (NATO) Status of Forces Agreement (§151.6). Although the Senate Resolution applies only to countries where the NATO Status of Forces Agreement is in effect, the same procedures for safeguarding the interests of U.S. personnel subject to foreign jurisdiction shall be applied insofar as practicable in overseas areas where U.S. forces are regularly stationed.

(b) Orientation of personnel. The Military Services shall issue uniform regulations establishing an information and education policy on the laws and customs of the host country for personnel assigned to foreign areas.

(c) Designated commanding officer. Formal invocation of the Senate Resolution procedure shall be the responsibility of a single military commander in each foreign country where United States forces are stationed. Attaché personnel and other military personnel serving under a chief of a diplomatic mission shall not be considered U.S. forces in this part.

(1) In the geographical areas for which a unified command exists, the commander shall designate within each country the “Commanding Officer” referred to in the Senate Resolution (§151.6).
§ 151.4 Country law studies. (1) For each foreign country where U.S. forces are subject to the criminal jurisdiction of foreign authorities, the designated commanding officer for such country shall make and maintain a current study of the laws and legal procedures in effect. This study shall be a general examination of the substantive and procedural criminal law of the foreign country, and shall contain a comparison thereof with the procedural safeguards of a fair trial in the State courts of the United States.

(2) Copies of these studies shall be forwarded by the designated commanding officer to each of the Judge Advocates General of the Military Services. Principal emphasis is to be placed on those safeguards that are of such a fundamental nature as to be guaranteed by the Constitution of the United States in all criminal trials in State courts of the United States. See §151.7 for enumeration of safeguards considered important. These country law studies shall be subject to a continuing review. Whenever there is a significant change in any country’s criminal law, the change shall be forwarded by the designated commanding officer to each of the Military Service’s Judge Advocates General.

(e) Waivers of local jurisdiction—military personnel. (1) In cases where it appears probable that release of jurisdiction over U.S. military personnel will not obtain a fair trial, the commander exercising general court-martial jurisdiction over the accused shall communicate directly with the designated commanding officer, report the full facts of the case, and supply a recommendation.

(2) The designated commanding officer shall determine, in the light of legal procedures in effect in that country, whether there is danger that the accused will not receive a fair trial. A trial shall not be considered unfair merely because it is not identical with trials held in the United States. Due regard, however, should be given to those United States trial rights listed in §151.7 that are relevant to the facts and circumstances of the trial in question.

(3) If the designated commanding officer determines there is risk of an unfair trial, the commanding officer shall decide, after consultation with the chief of the diplomatic mission, whether to press a request for waiver of jurisdiction through diplomatic channels. If the commanding officer so decides, the recommendation shall be submitted through the unified commander, if any, and The Judge Advocate General of the accused’s service, to the Office of the Secretary of Defense. The objective in each case is to see that U.S. military personnel obtain a fair trial in the receiving state under all circumstances.

(1) Request to foreign authorities not to exercise their criminal jurisdiction over civilians and dependents. The following procedures shall be followed when it appears that foreign authorities may assume criminal jurisdiction over dependents of U.S. military personnel, civilian personnel, and their dependents:

(1) When the designated commanding officer determines, after a careful consideration of all the circumstances, that suitable corrective action can be taken under existing administrative regulations, the commanding officer may request the local foreign authorities to refrain from exercising their criminal jurisdiction.

(2) When it appears possible that release of jurisdiction will not be obtained and that the accused may not obtain a fair trial, the commander exercising general court-martial jurisdiction over the command in which such
Office of the Secretary of Defense

§ 151.4

personnel are located shall communicate directly with the designated commanding officer, reporting the full facts of the case and supplying a recommendation.

(3) The designated commanding officer shall then determine, in the light of legal procedures in effect in that country, whether there is danger that the accused will not receive a fair trial.

(4) If it is determined that there is such danger, the designated commanding officer shall decide, after consultation with the chief of the diplomatic mission, whether a request should be submitted through diplomatic channels to foreign authorities seeking their assurances of a fair trial for the accused or, in appropriate circumstances, that they forego their right to exercise jurisdiction over the accused. If the designated commanding officer so decides, a recommendation shall be submitted through the unified commander, if any, and the Judge Advocate General of the accused’s service, to the Office of the Secretary of Defense.

(g) Trial observers and trial observer report. (1) The designated commanding officer shall submit to the chief of the diplomatic mission a list of persons qualified to serve as U.S. observers at trials before courts of the receiving state. Nominees shall be lawyers, and shall be selected for maturity of judgment. The list shall include, where possible, representatives of all Military Services whose personnel are stationed in that country to enable the chief of the diplomatic mission to appoint an observer from the same Military Service as the accused. The requirement that nominees shall be lawyers may be waived in cases of minor offenses. Incidents that result in serious personal injury or that would normally result in sentences to confinement, whether or not suspended, shall not be considered minor offenses.

(2) Trial observers shall attend and prepare formal reports in all cases of trials of U.S. personnel by foreign courts or tribunals, except for minor offenses. In cases of minor offenses, the observer shall attend the trial at the discretion of the designated commanding officer, but shall not be required to make a formal report. These reports need not be classified, but shall be treated as For Official Use Only documents. They shall be forwarded intact to the designated commanding officer through such agencies as the designated commanding officer may prescribe for transmission to the Judge Advocate General of the accused’s service, with any comments of the appropriate Military Service commander. These reports shall be forwarded immediately upon the completion of the trial in the lower court, and shall not be delayed because of the possibility of a new trial, rehearing or appeal, reports of which shall be forwarded in the same manner. Copies shall also be forwarded to the unified commander, if any, and to the chief of the diplomatic mission.

(3) The trial observer report shall contain a factual description or summary of the trial proceedings. It should enable an informed judgment to be made regarding: (i) Whether there was any failure to comply with the procedural safeguards secured by a pertinent status of forces agreement, and (ii) whether the accused received a fair trial under all the circumstances. The report shall specify the conclusions of the trial observer with respect to paragraph (g)(3)(i) of this section, and shall state in detail the basis for the conclusions. Unless the designated commanding officer directs otherwise, the report shall not contain conclusions with respect to paragraph (g)(3)(ii) of this section.

(4) The designated commanding officer, upon receipt of a trial observer report, shall be responsible for determining: (i) Whether there was any failure to comply with the procedural safeguards secured by the pertinent status of forces agreement, and (ii) whether the accused received a fair trial under all the circumstances. Due regard should be given to those fair trial rights listed in §151.7 that are relevant to the particular facts and circumstances of the trial. However, a trial shall not be found unfair merely because it is not identical with trials held in the United States. If the designated commanding officer is of the opinion that the procedural safeguards specified in pertinent agreements were denied or that the trial was otherwise
§ 151.4 32 CFR Ch. I (7–1–02 Edition)

unjust, the commanding officer shall submit to the Office of the Secretary of Defense, through the unified commander and the Judge Advocate General of the Military Service concerned, a recommendation as to appropriate action to rectify the trial deficiencies and otherwise to protect the rights or interests of the accused. This shall include a statement of efforts taken or to be taken at the local level to protect the right of the accused. An information copy of the recommendation of the designated commanding officer shall be forwarded to the diplomatic or consular mission in the country concerned.

(h) Counsel fees and related assistance. When the Secretary of the Military Department concerned or designee considers such action to be in the best interests of the United States, representation by civilian counsel and other assistance described under 10 U.S.C. 1037 may be furnished at Government expense to U.S. personnel tried in foreign countries.

(i) Treatment of U.S. personnel confined in foreign penal institutions. (1) Insofar as practicable and subject to the laws and regulations of the country concerned and the provisions of any agreement therewith, the Department of Defense seeks to ensure that U.S. military personnel: (i) When in the custody of foreign authorities are fairly treated at all times and (ii) when confined (pre-trial and post-trial) in foreign penal institutions are accorded the treatment and are entitled to all the rights, privileges, and protections of personnel confined in U.S. military facilities. Such rights, privileges, and protections are enunciated in present Military Service directives and regulations, and include, but are not limited to, legal assistance, visitation, medical attention, food, bedding, clothing, and other health and comfort supplies.

(2) In consonance with this policy, U.S. military personnel confined in foreign penal institutions shall be visited at least every 30 days, at which time the conditions of confinement and other matters relating to their health and welfare shall be observed. The Military Services shall maintain, on a current basis, records of these visits as reports by their respective commands. Records of each visit should contain the following information:

(i) Names of personnel conducting visit and date of visit.

(ii) Name of each prisoner visited, serial number, and sentence.

(iii) Name and location of prison.

(iv) Treatment of the individual prisoner by prison warden and other personnel (include a short description of the rehabilitation program, if any, as applied to the prisoner).

(v) Conditions existing in the prison, such as light, heat, sanitation, food, recreation, and religious activities.

(vi) Change in status of prisoner, conditions of confinement or transfer to another institution.

(vii) Condition of prisoner, physical and mental.

(viii) Assistance given to prisoner, such as legal, medical, food, bedding, clothing, and health and comfort supplies.

(ix) Action taken to have any deficiencies corrected, either by the local commander or through diplomatic or consular mission.

(x) Designation of command responsible for prisoner’s welfare and reporting of visits.

(xi) Information as to discharge of a prisoner from the Military Service or termination of confinement.

(3) When it is impracticable for the individual’s commanding officer or representative to make visits, the designated commanding officer should be requested to arrange that another unit be responsible for such visits or to request that the appropriate diplomatic or consular mission assume responsibility therefor. When necessary, a medical officer should participate in the visits and record the results of medical examinations. If reasonable requests for permission to visit U.S. military personnel are arbitrarily denied, or it is ascertained that the individual is being mistreated or that the conditions of custody or confinement are substandard, the case should be referred to the diplomatic or consular mission concerned for appropriate action.

(4) To the extent possible, military commanders should seek to conclude local arrangements whereby U.S. military authorities may be permitted to
accord U.S. military personnel confined in foreign institutions the treatment, rights, privileges, and protection similar to those accorded such personnel confined in U.S. military facilities. The details of such arrangements should be submitted to the Judge Advocates General of the Military Services.

(5) The military commanders shall make appropriate arrangements with foreign authorities whereby custody of individuals who are members of the Armed Forces of the United States shall, when they are released from confinement by foreign authorities, be turned over to U.S. military authorities. In appropriate cases, diplomatic or consular officers should be requested to keep the military authorities advised as to the anticipated date of the release of such persons by the foreign authorities.

(6) In cooperation with the appropriate diplomatic or consular mission, military commanders shall, insofar as possible, ensure that dependents of U.S. military personnel, nationals of the United States serving with, employed by or accompanying the armed forces, and dependents of such nationals when in the custody of foreign authorities, or when confined (pretrial and post-trial) in foreign penal institutions receive the same treatment, rights, and support as would be extended to U.S. military personnel in comparable situations pursuant to the provisions of §151.4(i).

(j) Discharge. U.S. military personnel confined in foreign prisons shall not be discharged from military service until the completion of the term of imprisonment and the return of the accused to the United States, except that in unusual cases such discharges may be accomplished upon prior authorization of the Secretary of the Military Department concerned.

(k) Information policy. It is the basic policy of the Department of Defense that the general public and the Congress must be provided promptly with the maximum information concerning status of forces matters that are consistent with the national interest. Information shall be coordinated and furnished to the public and the Congress in accordance with established procedures, including DoD Directive 5122.5, "Assistant Secretary of Defense (Public Affairs)," July 10, 1961, and parts 286 and 286a of this title.

§151.5 Reports on the exercise of foreign criminal jurisdiction.

The following reporting system, which has been implemented by the Military Departments, shall be continued after revision in accordance with the provisions herein. The Department of the Army is designated as executive agent within the Department of Defense for maintaining and collating information received on the basis of the reports submitted.

(a) Annual reports. Annual reports, based on information furnished by the Military Departments covering the period December 1 through November 30 shall be prepared by the Department of the Army and submitted within such time as may be required but not later than 120 days after the close of the reporting period. The reports shall be submitted in one reproducible copy to the Office of the General Counsel, DoD, in accordance with departmental implementation of this part. The reporting content of this requirement shall be as follows:

(1) A statistical summary (DD Form 838) by country and type of offense of all cases involving U.S. personnel.

(2) A report signed by the appropriate Military Service commander in each country for which DD Form 838 is prepared, concerning the commander's personal evaluation of the impact, if any, the local jurisdictional arrangements have had upon accomplishment of the mission and upon the discipline and morale of the forces, together with specific facts or other information, where appropriate, substantiating the commanders' opinion.

(3) A report of the results of visits made and particular actions taken by appropriate military commanders under §151.4(i).

(4) A report of the implementation of 10 U.S.C. 1037 showing by country and Military Service:
§ 151.6 Resolution of ratification, with reservations, as agreed to by the Senate on July 15, 1953.

Resolved (two-thirds of the Senators present concurring therein), That the Senate advise and consent to the ratification of Executive T, Eighty-second Congress, second session, an agreement between the parties to the North Atlantic Treaty Regarding the Status of their Forces, signed at London on June 19, 1951. It is the understanding of the Senate, which understanding inheres in its advise and consent to the ratification of the Agreement, that nothing in the Agreement diminishes, abridges, or alters the right of the United States of America to safeguard its own security by excluding or removing persons whose presence in the United States is deemed prejudicial to its safety or security, and that no person whose presence in the United States is deemed prejudicial to its safety or security shall be permitted to enter or remain in the United States. In giving its advise and consent to ratification, it is the sense of the Senate that:

(a) The criminal jurisdiction provisions of Article VII do not constitute a precedent for future agreements;

(b) Where a person subject to the military jurisdiction of the United States is to be tried by the authorities of a receiving state, under the treaty the Commanding Officer of the armed forces of the United States in such state shall examine the laws of such state with particular reference to the procedural safeguards contained in the Constitution of the United States;

(c) If, in the opinion of such Commanding Officer, under all the circumstances of the case, there is danger that the accused will not be protected because of the absence or denial of constitutional rights the accused would enjoy in the United States, the Commanding Officer shall request the authorities of the receiving State to waive jurisdiction in accordance with the provisions of paragraph 3(c) of Article VII (which requires the receiving
State to give “sympathetic consideration” to such request) and if such authorities refuse to waive jurisdiction, the commanding officer shall request the Department of State to press such request through diplomatic channels and notification shall be given by the Executive Branch to the Armed Services Committees of the Senate and House of Representatives;

(d) A representative of the United States to be appointed by the Chief of Diplomatic Mission with the advice of the senior U.S. military representative in the receiving State will attend the trial of any such person by the authorities of a receiving State under the agreement, and any failure to comply with the provisions of paragraph 9 of Article VII of the Agreement shall be reported to the commanding officer of the Armed Forces of the United States in such State who shall then request the Department of State to take appropriate action to protect the rights of the accused, and notification shall be given by the Executive Branch to the Armed Services Committees of the Senate and House of Representatives.

§ 151.7 Fair trial guarantees.

The following is a listing of “fair trial” safeguards or guarantees that are considered to be applicable to U.S. State court criminal proceedings, by virtue of the 14th Amendment as interpreted by the Supreme Court of the United States. The list is intended as a guide for the preparation of country law studies prescribed by §151.4 and for the determinations made by the designated commanding officer under §151.4(e) through §151.4(g). Designated commanding officers should also consider other factors that could result in a violation of due process of law in State court proceedings in the United States.

(a) Criminal statute alleged to be violated must set forth specific and definite standards of guilt.
(b) Accused shall not be prosecuted under an ex post facto law.
(c) Accused shall not be punished by bills of attainder.
(d) Accused must be informed of the nature and cause of the accusation and have a reasonable time to prepare a defense.
(e) Accused is entitled to have the assistance of defense counsel.
(f) Accused is entitled to be present at the trial.
(g) Accused is entitled to be confronted with hostile witnesses.
(h) Accused is entitled to have compulsory process for obtaining favorable witnesses.
(i) Use of evidence against the accused obtained through unreasonable search or seizure or other illegal means is prohibited.
(j) Burden of proof is on the Government in all criminal trials.
(k) Accused is entitled to be tried by an impartial court.
(l) Accused may not be compelled to be a witness against him or herself; and shall be protected from the use of a confession obtained by torture, threats, violence, or the exertion of any improper influence.
(m) Accused shall not be subjected to cruel and unusual punishment.
(n) Accused is entitled to be tried without unreasonable (prejudicial) delay.
(o) Accused is entitled to a competent interpreter when the accused does not understand the language in which the trial is conducted and does not have counsel proficient in the language both of the court and of the accused.
(p) Accused is entitled to a public trial.
(q) Accused may not be subjected to consecutive trials for the same offense that are so vexatious as to indicate fundamental unfairness.

(b) This part is intended only to improve the internal management of the Federal Government; it is not intended to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or any person.

§ 152.3 Policy.
It is DoD policy to review annually the Manual for Courts-Martial, to ensure that the Manual fulfills its fundamental purpose as a comprehensive body of law governing military justice procedures and as a guide for lawyers and nonlawyers in the operation and application of such law.

§ 152.4 Procedures.

See Article 36, UCMJ (10 U.S.C. 836 and 10 U.S.C. 867(g)). This includes the requirement that the Manual must be workable across the spectrum of circumstances in which courts-martial are conducted, including combat conditions.

If changes are recommended by the Joint Service Committee, the public notice procedures of paragraph (c) of this section, are applicable. If the Joint Service Committee determines that an aspect of civilian practice should be adopted, but recommends that the Manual should not be changed because the proposal would be contrary to or inconsistent with 10 U.S.C. 836 and 867(g) the draft review should contain a legislative proposal. Minority reports, if any, shall be included.

It is DoD policy that:

(a) General. (1) Although not every person needs a will or military testamentary instrument, all military personnel shall consider the advisability of making either. Whether a will or military testamentary instrument is necessary or desirable, and its form and execution, depend on the individual’s desires, circumstances and the intestate succession laws of the appropriate State. Ultimately, those eligible for legal assistance must decide for themselves whether to prepare any estate planning document(s).

(2) The Military Departments, within the limits of available resources and expertise, shall inform and educate persons eligible for legal assistance on estate planning generally, and the advisability of preparing a will or military testamentary instrument. It is especially important that military personnel be educated with respect to these matters before mobilization, deployment, or similar actions.

(3) All commanding officers shall urge military personnel to seek legal counsel regarding an estate plan well before mobilization, deployment, or similar actions. However, any testamentary instrument, to be legally effective, must be the free and voluntary act of the person making it.

(b) Military testamentary instrument. A military testamentary instrument shall:

(1) Be executed by the testator/testatrix (or, if the testator/testatrix is unable to execute the instrument personally, executed in the presence of, by
the direction of, and on behalf of the testator/testatrix).
(2) Be executed in the presence of a military legal assistance counsel acting as presiding attorney.
(3) Be executed in the presence of at least two disinterested witnesses (in addition to the presiding attorney), each of whom attests to witnessing the testator/testatrix execution of the instrument by signing it.
(4) Include a statement or preamble in form and content, substantially as outlined at appendix A to this part.
(5) Include (or have attached to it), a self-proving affidavit, in a form and content, substantially as outlined at appendix B to this part.

(c) Military power of attorney. 10 U.S.C. 1044b requires recognition of powers of attorney prepared for persons eligible for legal assistance. If prepared, such documents will include a statement or preamble in form and content, substantially as outlined at appendix C to this part.

(d) Military advance medical directive. Section 1044c of 10 U.S.C. requires recognition of military advance medical directives prepared for persons eligible for legal assistance. If prepared, such documents will include a statement or preamble in form and content, substantially as outlined at appendix 4.

(e) Reserve component members. Subject to the availability of legal staff resources, the Secretaries of the Military Departments may provide legal assistance in connection with their personal civil legal affairs to members of Reserve components and their dependents, following release from active duty under a call or order to active duty for more than 30 days issued under a mobilization authority (as determined by the Secretary of Defense). Eligibility for such legal assistance shall be for a period of time that begins on the date of the release and is not less than twice the length of the period served on active duty under that call or order to active duty.

§ 153.5 Responsibilities.
(a) The Under Secretary of Defense (Personnel and Readiness) shall manage implementation of this part.
(b) The Secretaries of the Military Departments shall insure compliance with this part and establish policies and procedures to implement this part.

Federal law specifies that this document shall receive the same legal effect as a testamentary instrument prepared and executed in accordance with the laws of the State in which it is presented for probate. It shall remain valid unless and until the testator revokes it.

Subpart A—General Provisions

§ 154.1 Purpose.

(a) To establish policies and procedures to ensure that acceptance and retention of personnel in the Armed Forces, acceptance and retention of civilian employees in the Department of Defense (DoD), and granting members of the Armed Forces, DoD civilian employees, DoD contractors, and other affiliated persons access to classified information are clearly consistent with the interests of national security.

(b) This part:

(1) Establishes DoD personnel security policies and procedures;

(2) Sets forth the standards, criteria and guidelines upon which personnel security determinations shall be based;

(3) Prescribes the kinds and scopes of personnel security investigations required;

(4) Details the evaluation and adverse action procedures by which personnel security determinations shall be made; and

(5) Assigns overall program management responsibilities.

§ 154.2 Applicability.

(a) This part implements the Department of Defense Personnel Security Program and takes precedence over all other departmental issuances affecting that program.

(b) All provisions of this part apply to DoD civilian personnel, members of the Armed Forces, excluding the Coast Guard in peacetime, contractor personnel and other personnel who are affiliated with the Department of Defense except that the unfavorable administrative action procedures pertaining to contractor personnel requiring access to classified information are contained in DoD 5220.22–R and in 32 CFR part 155.

(c) The policies and procedures which govern the National Security Agency are prescribed by Public Laws 88–290 and 86–36, Executive Orders 10450 and 12333, DoD Directive 5210.45-1, Director of Central Intelligence Directive (DCID) 1/142 and regulations of the National Security Agency.

(d) Under combat conditions or other military exigencies, an authority in paragraph A, Appendix E, may waive such provisions of this part as the circumstances warrant.

§ 154.3 Definitions.

(a) Access. The ability and opportunity to obtain knowledge of classified information. An individual, in fact, may have access to classified information by being in a place where such information is kept, if the security measures that are in force do not prevent him from gaining knowledge of such information.

(b) Adverse action. A removal from employment, suspension from employment of more than 14 days, reduction in grade, reduction in pay, or furlough of 30 days or less.

(c) Background Investigation (BI). A personnel security investigation consisting of both record reviews and interviews with sources of information as prescribed in paragraph 3, Appendix A, this part, covering the most recent 5 years of an individual’s life or since the 18th birthday, whichever is shorter, provided that at least the last 2 years are covered and that no investigation will be conducted prior to an individual’s 16th birthday.

(d) Classified information. Official information or material that requires protection in the interests of national security and that is classified for such purpose by appropriate classifying authority in accordance with the provisions of Executive Order 12356.

Copies may be obtained, at cost, from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.

Copies may be obtained, if needed from Central Intelligence Agency (CCISCMS/ICS), 1225 Ames Building, Washington, DC 20505.
(e) Defense Clearance and Investigative Index (DCII). The DCII is the single, automated, central DoD repository which identifies investigations conducted by DoD investigative agencies, and personnel security determinations made by DoD adjudicative authorities.

(f) DoD component. Includes the Office of the Secretary of Defense; the Military Departments; Chairman of the Joint Chiefs of Staff; Directors of Defense Agencies and the Unified and Specified Commands.

(g) Entrance National Agency Check (ENTNAC). A personnel security investigation scoped and conducted in the same manner as a National Agency Check except that a technical fingerprint search of the files of the Federal Bureau of Investigation is not conducted.

(h) Head of DoD component. The Secretary of Defense; the Secretaries of the Military Departments; the Chairman of Joint Chiefs of Staff; and the Commanders of Unified and Specified Commands; and the Directors of Defense Agencies.

(i) Immigrant alien. Any alien lawfully admitted into the United States under an immigration visa for permanent residence.

(j) Interim security clearance. A security clearance based on the completion of minimum investigative requirements, which is granted on a temporary basis, pending the completion of the full investigative requirements.

(k) Limited access authorization. Authorization for access to Confidential or Secret information granted to non-US citizens and immigrant aliens, which is limited to only that information necessary to the successful accomplishment of their assigned duties, and based on a background investigation scoped for 10 years (paragraph 3, Appendix A).

(l) Minor derogatory information. Information that, by itself, is not of sufficient importance or magnitude to justify an unfavorable administrative action in a personnel security determination.

(m) National Agency Check (NAC). A personnel security investigation consisting of a records review of certain national agencies as prescribed in paragraph 1, Appendix A, this part, including a technical fingerprint search of the files of the Federal Bureau of Investigation (FBI).

(n) National Agency Check Plus Written Inquiries (NACI). A personnel security investigation conducted by the Office of Personnel Management, combining a NAC and written inquiries to law enforcement agencies, former employers and supervisors, references and schools.

(o) National security. National security means the national defense and foreign relations of the United States.

(p) Need-to-know. A determination made by a possessor of classified information that a prospective recipient, in the interest of national security, has a requirement for access to, knowledge, or possession of the classified information in order to perform tasks or services essential to the fulfillment of an official U.S. Government program. Knowledge, possession of, or access to, classified information shall not be afforded to any individual solely by virtue of the individual’s office, position, or security clearance.

(q) Periodic Reinvestigation (PR). An investigation conducted every five years for the purpose of updating a previously completed background investigation, special background investigation, single scope background investigation or PR on persons occupying positions referred to in §154.19. Investigative requirements are as prescribed in appendix A to part 154, section 5. The period of investigation will not normally exceed the most recent 5-year period.

(r) Personnel Security Investigation (PSI). Any investigation required for the purpose of determining the eligibility of DoD military and civilian personnel, contractor employees, consultants, and other persons affiliated with the Department of Defense, for access to classified information, acceptance or retention in the Armed Forces, assignment or retention in sensitive duties, or other designated duties requiring such investigation. PSIs include investigations of affiliations with subversive organizations, suitability information, or hostage situations (see §154.9(d)) conducted for the purpose of making personnel security determinations. They also include investigations of allegations that arise subsequent to
§ 154.3  Adjudicative action and require resolution to determine an individual’s current eligibility for access to classified information or assignment or retention in a sensitive position.

(p) **Scope.** The time period to be covered and the sources of information to be contacted during the prescribed course of a PSI.

(q) **Security clearance.** A determination that a person is eligible under the standards of this part for access to classified information.

(r) **Senior Officer of the Intelligence Community (SOIC).** The DoD Senior Officers of the Intelligence Community include: the Director, National Security Agency/Central Security Service; Director, Defense Intelligence Agency; Assistant Chief of Staff for Intelligence, U.S. Army; Assistant Chief of Staff for Intelligence, U.S. Air Force; and the Director of Naval Intelligence, U.S. Navy.

(s) **Sensitive position.** Any position so designated within the Department of Defense, the occupant of which could bring about, by virtue of the nature of the position, a materially adverse effect on the national security. All civilian positions are either critical-sensitive, noncritical-sensitive, or nonsensitive as described in §154.13(b).

(t) **Significant derogatory information.** Information that could, in itself, justify an unfavorable administrative action, or prompt an adjudicator to seek additional investigation or clarification.

(u) **Special access program.** Any program imposing “need-to-know” or access controls beyond those normally provided for access to Confidential, Secret, or Top Secret information. Such a program may include, but not be limited to, special clearance, adjudication, investigative requirements, material dissemination restrictions, or special lists of persons determined to have a need-to-know.

(v) **Special Background Investigation (SBI).** A personnel security investigation consisting of all of the components of a BI plus certain additional investigative requirements as prescribed in paragraph 4, Appendix B, this part. The period of investigation for an SBI is the last 15 years or since the 18th birthday, whichever is shorter, provided that the last 2 full years are covered and that no investigation will be conducted prior to an individual’s 16th birthday.

(w) **Special Investigative Inquiry (SII).** A supplemental personnel security investigation of limited scope conducted to prove or disprove relevant allegations that have arisen concerning a person upon whom a personnel security determination has been previously made and who, at the time of the allegation, holds a security clearance or otherwise occupies a position that requires a personnel security determination under the provisions of this part.

(x) **Service.** Honorable active duty (including attendance at the military academies), membership in ROTC Scholarship Program, Army and Air Force National Guard, Military Reserve Force (including active status and ready reserve), civilian employment in Government service, or civilian employment with a DoD contractor or as a consultant involving access under the DoD Industrial Security Program. Continuity of service is maintained with change from one status to another as long as there is no single break in service greater than 12 months.

(y) **Unfavorable administrative action.** Adverse action taken as the result of personnel security determinations and unfavorable personnel security determinations as defined in this part.

(z) **Unfavorable personnel security determination.** A denial or revocation of clearance for access to classified information; denial or revocation of access to classified information; denial or revocation of a Special Access authorization (including access to SCI); nonappointment to or nonselection for appointment to a sensitive position; nonappointment to or nonselection for any other position requiring a trustworthiness determination under this part; reassignment to a position of lesser sensitivity or to a nonsensitive position; and nonacceptance for or discharge from the Armed Forces when any of the foregoing actions are based on derogatory information of personnel security significance.

(aa) **United States Citizen (Native Born).** A person born in one of the 50 United States, Puerto Rico, Guam,
American Samoa, Northern Mariana Islands, U.S. Virgin Islands; or Panama Canal Zone (if the father or mother (or both) was or is, a citizen of the United States).

§ 154.7 Criteria for application of security standards.

The ultimate decision in applying either of the security standards set forth in §154.6 (b) and (c) must be an overall common sense determination based upon all available facts. The criteria for determining eligibility for a clearance under the security standard shall include, but not be limited to the following:

(a) Commission of any act of sabotage, espionage, treason, terrorism, anarchism, sedition, or attempts thereat or preparation therefor, or conspiring with or aiding or abetting another to commit or attempt to commit any such act.

(b) Establishing or continuing a sympathetic association with a saboteur, spy, traitor, seditionist, anarchist, terrorist, revolutionist, or with an espionage or other secret agent or similar representative of a foreign nation whose interests may be inimical to the interests of the United States, or with any person who advocates the use of force or violence to overthrow the Government of the United States or to alter the form of Government of the United States by unconstitutional means.

(c) Advocacy or use of force or violence to overthrow the Government of the United States or to alter the form of Government of the United States by unconstitutional means.

(d) Knowing membership with the specific intent of furthering the aims of, or adherence to and active participation in any foreign or domestic organization, association, movement, group or combination of persons (hereafter referred to as organizations) which unlawfully advocates or practices the commission of acts of force or violence to prevent others from exercising their rights under the Constitution or laws of the U.S. or of any State or which seeks to overthrow the Government of the U.S. or any State or subdivision thereof by unlawful means.

(e) Unauthorized disclosure to any person of classified information, or of other information, disclosure of which is prohibited by statute, Executive Order or regulation.
§ 154.8  Types and scope of personnel security investigations.

(a) General. The types of personnel security investigations authorized below vary in scope of investigative effort required to meet the purpose of the particular investigation. No other types are authorized. The scope of a PSI may be neither raised nor lowered without the approval of the Deputy Under Secretary of Defense for Policy.

(b) National Agency Check. Essentially, a NAC is a records check of designated agencies of the Federal Government that maintain record systems containing information relevant to making a personnel security determination. An ENTNAC is a NAC (scope as outlined in paragraph 1, Appendix A) conducted on inductees and first-term enlistees, but lacking a technical fingerprint search. A NAC is also an integral part of each BI, SBI, and Periodic Reinvestigation (PR). Subpart C prescribes when an NAC is required.

(c) National Agency Check plus written inquiries. The Office of Personnel Management (OPM) conducts a NAC plus Written Inquiries (NACIs) on civilian employees for all departments and agencies of the Federal Government, pursuant to E.O. 10450. NACIs are considered to meet the investigative requirements of this regulation for a nonsensitive or noncritical sensitive position and/or up to a Secret clearance and, in addition to the NAC, include coverage of law enforcement agencies, former employers and supervisors, references, and schools covering the last 5 years.

(d) DoD National Agency check plus written inquiries. DIS will conduct a DNACI, consisting of the scope contained in paragraph 2, Appendix A, for DoD military and contractor personnel for access to Secret information. Subpart C prescribes when a DNACI is required.
(e) Background investigation. The BI is the principal type of investigation conducted when an individual requires Top Secret clearance or is to be assigned to a critical sensitive position. The BI normally covers a 5-year period and consists of a subject interview, NAC, LACs, credit checks, developed character references (3), employment records checks, employment references (3), and select scoping as required to resolve unfavorable or questionable information. (See paragraph 3, Appendix A). Subpart C prescribes when a BI is required.

(f) Special background investigation. (1) An SBI is essentially a BI providing additional coverage both in period of time as well as sources of information, scoped in accordance with the provisions of DCID 1/14 but without the personal interview. While the kind of coverage provided for by the SBI determines eligibility for access to SCI, DoD has adopted this coverage for certain other Special Access programs. Subpart C prescribes when an SBI is required.

(2) The OPM, FBI, Central Intelligence Agency (CIA), Secret Service, and the Department of State conduct specially scoped BIs under the provisions of DCID 1/14. Any investigation conducted by one of the above-cited agencies under DCID 1/14 standards is considered to meet the SBI investigative requirements of this part.

(3) The detailed scope of an SBI is set forth in paragraph 4, Appendix A.

(g) Special investigative inquiry. (1) A Special Investigative Inquiry is a personnel security investigation conducted to prove or disprove allegations relating to the criteria outlined in §154.7(a) of this part except current criminal activities (see §154.9(c)(4)), that have arisen concerning an individual upon whom a personnel security determination has been previously made and who, at the time of the allegation, holds a security clearance or otherwise occupies a position that requires a trustworthiness determination.

(2) Special Investigative Inquiries are scoped as necessary to address the specific matters requiring resolution in the case concerned and generally consist of record checks and/or interviews with potentially knowledgeable persons. An SII may include an interview with the subject of the investigation when necessary to resolve conflicting information and/or to provide an opportunity to refute or mitigate adverse information.

(3) In those cases when there is a disagreement between Defense Investigative Service (DIS) and the requester as to the appropriate scope of the investigation, the matter may be referred to the Deputy Under Secretary of Defense for Policy for resolution.

(h) Periodic reinvestigation. As referred to in §154.19(a) and other national directives, certain categories of duties, clearance, and access require the conduct of a PR every five years according to the scope outlined in paragraph 5, Appendix A. The PR scope applies to military, civilian, contractor, and foreign national personnel.

(1) Personal interview. Investigative experience over the years has demonstrated that, given normal circumstances, the subject of a personnel security investigation is the best source of accurate and relevant information concerning the matters under consideration. Further, restrictions imposed by the Privacy Act of 1974 dictate that Federal investigative agencies collect information to the greatest extent practicable directly from the subject when the information may result in adverse determinations about an individual’s rights, benefits, and privileges under Federal programs. Accordingly, personal interviews are an integral part of the DoD personnel security program and shall be conducted in accordance with the requirements set forth in the following paragraphs of this section.

(1) BI/PR. A personal interview shall be conducted by a trained DIS agent as part of each BI and PR.

(2) Resolving adverse information. A personal interview of the subject shall be conducted by a DIS agent (or, when authorized, by investigative personnel of other DoD investigative organizations designated in this Regulation to conduct personnel security investigations), when necessary, as part of each Special Investigative Inquiry, as well as during the course of initial or expanded investigations, to resolve or

clarify any information which may impugn the subject’s moral character, threaten the subject’s future Federal employment, raise the question of subject’s security clearability, or be otherwise stigmatizing.

(3) Hostage situation. A personal interview shall be conducted by a DIS agent (or, when authorized, by investigative personnel of other DoD investigative organizations designated in this Regulation to conduct personnel security investigations) in those instances in which an individual has immediate family members or other persons bound by ties of affection or obligation who reside in a nation whose interests are inimical to the interests of the United States. (See §154.9(d).

(4) Applicants/potential nominees for DoD military or civilian positions requiring access to SCI or other positions requiring an SBI. A personal interview of the individual concerned shall be conducted, to the extent feasible, as part of the selection process for applicants/potential nominees for positions requiring access to SCI or completion of an SBI. The interview shall be conducted by a designee of the Component to which the applicant or potential nominee is assigned. Clerical personnel are not authorized to conduct these interviews. Such interviews shall be conducted utilizing resources in the order of priority indicated below:

(i) Existing personnel security screening systems (e.g., Air Force Assessment Screening Program, Naval Security Group Personnel Security Interview Program, U.S. Army Personnel Security Screening Program); or

(ii) Commander of the nominating organization or such official as he or she has designated in writing (e.g., Deputy Commander, Executive Officer, Security Officer, Security Manager, S-2, Counterintelligence Specialist, Personnel Security Specialist, or Personnel Officer); or

(iii) Agents of investigative agencies in direct support of the Component concerned.

(5) Administrative procedures. (i) The personal interview required by paragraph (i)(4) of this section shall be conducted in accordance with Appendix F.

(ii) For those investigations requested subsequent to the personal interview requirements of paragraph (i)(4) of this section the following procedures apply:

(A) The DD Form 1879 (Request for Personnel Security Investigation) shall be annotated under Item 20 (Remarks) with the statement “Personal Interview Conducted by (cite the duty assignment of the designated official (e.g., Commander, Security Officer, Personnel Security Specialist, etc.))” in all cases in which an SBI is subsequently requested.

(B) Unfavorable information developed through the personal interview required by paragraph (i)(4) of this section, will be detailed in a written report attached to the DD Form 1879 to include full identification of the interviewer. Failure to provide such information may result in conduct of an incomplete investigation by DIS.

(C) Whenever it is determined that it is not feasible to conduct the personal interview required by paragraph (i)(4) of this section prior to requesting the SBI the DD Form 1879 shall be annotated under Item 20 citing the reason for not conducting the interview.

(j) Expanded investigation. If adverse or questionable information relevant to a security determination is developed during the conduct of a personnel security investigation, regardless of type, the investigation shall be expanded, consistent with the restrictions in §154.10(e) to the extent necessary to substantiate or disprove the adverse or questionable information.

§ 154.9 Authorized personnel security investigative agencies.

(a) General. The DIS provides a single centrally directed personnel security investigative service to conduct personnel security investigations within the 50 States, District of Columbia, and Commonwealth of Puerto Rico for DoD Components, except as provided for in DoD Directive 5100.23. DIS will request the Military Departments or other appropriate Federal Agencies to accomplish DoD investigative requirements in other geographic areas beyond their jurisdiction. No other DoD Component

1 See footnote 1 to §154.2(c).
§ 154.9

shall conduct personnel security investigations unless specifically authorized by the Deputy Under Secretary of Defense for Policy. In certain instances provided for below, the DIS shall refer an investigation to other investigative agencies.

(b) 

(1) General. In the context of DoD investigative policy, subversion refers only to such conduct as is forbidden by the laws of the United States. Specifically, this is limited to information concerning the activities of individuals or groups that involve or will involve the violation of Federal law, for the purpose of:

(i) Overthrowing the Government of the United States or the government of a State;

(ii) Substantially impairing for the purpose of influencing U.S. Government policies or decisions:

(A) The functions of the Government of the United States, or

(B) The functions of the government of a State;

(iii) Depriving persons of their civil rights under the Constitution or laws of the United States.

(2) Military Department/FBI jurisdiction. Allegations of activities covered by §154.7 (a) through (f) are in the exclusive investigative domain of either the counterintelligence agencies of the Military Departments or the FBI, depending on the circumstances of the case and the provisions of the Agreement Governing the Conduct of Defense Department Counterintelligence Activities in Conjunction with the FBI. Whenever allegations of this nature are developed, whether before or after a security clearance has been issued or during the course of a personnel security investigation conducted by DIS, they shall be referred immediately to either the FBI or to a military department counterintelligence agency, as appropriate.

(3) DIS jurisdiction. Allegations of activities limited to those set forth in §154.7 (g) through (l) of this part shall be investigated by DIS.

(c) Suitability information—(1) General. Most derogatory information developed through personnel security investigations of DoD military or civilian personnel is so-called suitability information, that is, information pertaining to activities or situations covered by §154.7 (g) through (q). Almost all unfavorable personnel security determinations made by DoD authorities are based on derogatory administrative actions not of a security nature, such as action under the Uniform Code of Military Justice or removal from Federal employment under OPM regulations.

(2) Pre-clearance investigation. Derogatory suitability information, except that covered in paragraph (c)(4) of this section, developed during the course of a personnel security investigation, prior to the issuance of an individual’s personnel security clearance, shall be investigated by DIS to the extent necessary to confirm or refute its applicability to §154.7 (g) through (q).

(3) Postadjudication investigation. Derogatory suitability allegations, except those covered by paragraph (c)(4) of this section arising subsequent to clearance requiring investigation to resolve and to determine the individual’s eligibility for continued access to classified information, reinstatement of clearance/access, or retention in a sensitive position shall be referred to DIS to conduct a Special Investigative Inquiry. Reinvestigation of individuals for adjudicative reconsideration due to the passage of time or evidence of favorable behavior shall also be referred to DIS for investigation. In such cases, completion of the appropriate statement of personal history by the individual constitutes consent to be investigated. Individual consent or completion of a statement of personal history is not required when §154.19(b) applies. Postadjudication investigation of allegations of a suitability nature required to support other types of unfavorable personnel security determinations or disciplinary procedures independent of a personnel security determination shall be handled in accordance with applicable Component administrative regulations. These latter categories of allegations lie outside the DoD personnel security program and are not a proper investigative function for departmental counterintelligence organizations, Component personnel security authorities, or DIS.
§ 154.10 Allegations of criminal activity. Any allegations of conduct of a nature indicating possible criminal conduct, including any arising during the course of a personnel security investigation, shall be referred to the appropriate DoD, military department or civilian criminal investigative agency. Military department investigative agencies have primary investigative jurisdiction in cases where there is probable cause to believe that the alleged conduct will be the basis for prosecution under the Uniform Code of Military Justice.

(d) Hostage situations—(1) General. A hostage situation exists when a member of an individual’s immediate family or such other person to whom the individual is bound by obligation or affection resides in a country whose interests are inimical to the interests of the United States. The rationale underlying this category of investigation is based on the possibility that an individual in such a situation might be coerced, influenced, or pressured to act contrary to the best interests of national security.

(2) DIS jurisdiction. In the absence of evidence of any coercion, influence or pressure, hostage investigations are exclusively a personnel security matter, rather than counterintelligence, and all such investigations shall be conducted by DIS.

(3) Military Department and/or FBI jurisdiction. Should indications be developed that hostile intelligence is taking any action specifically directed against the individual concerned—or should there exist any other evidence that the individual is actually being coerced, influenced, or pressured by an element inimical to the interests of national security—then the case becomes a counterintelligence matter (outside of investigative jurisdiction of DIS) to be referred to the appropriate military department or the FBI for investigation.

(e) Overseas personnel security investigations. Personnel security investigations requiring investigation overseas shall be conducted under the direction and control of DIS by the appropriate military department investigative organization. Only postadjudication investigations involving an overseas subject may be referred by the requester directly to the military department investigative organization having investigative responsibility in the overseas area concerned (see Appendix I) with a copy of the investigative request sent to DIS. In such cases, the military department investigative agency will complete the investigation, forward the completed report of investigation directly to DIS, with a copy to the requester.

§ 154.10 Limitations and restrictions.

(a) Authorized requesters and personnel security determination authorities. Personnel security investigations may be requested and personnel security clearances (including Special Access authorizations as indicated) granted only by those authorities designated in § 154.31 and Appendix E.

(b) Limit investigations and access. The number of persons cleared for access to classified information shall be kept to a minimum, consistent with the requirements of operations. Special attention shall be given to eliminating unnecessary clearances and requests for personnel security investigations.

(c) Collection of investigative data. To the greatest extent practicable, personal information relevant to security determinations shall be obtained directly from the subject of a personnel security investigation. Such additional information required to make the necessary personnel security determination shall be obtained as appropriate from knowledgeable personal sources, particularly the subject’s peers, and through checks of relevant records including school, employment, credit, medical, and law enforcement records.

(d) Privacy Act notification. Whenever personal information is solicited from an individual preparatory to the initiation of a personnel security investigation, the individual must be informed of—

(1) The authority (statute or Executive order that authorized solicitation);

(2) The principal purpose or purposes for which the information is to be used;

(3) The routine uses to be made of the information;

(4) Whether furnishing such information is mandatory or voluntary;

(5) The effect on the individual, if any, of not providing the information and
(6) That subsequent use of the data may be employed as part of an aperiodic, random process to screen and evaluate continued eligibility for access to classified information.

(e) Restrictions on investigators. Investigation shall be carried out insofar as possible to collect only as much information as is relevant and necessary for a proper personnel security determination. Questions concerning personal and domestic affairs, national origin, financial matters, and the status of physical health thus should be avoided unless the question is relevant to the criteria of §154.7. Similarly, the probing of a person’s thoughts or beliefs and questions about conduct that have no personnel security implications are unwarranted. When conducting investigations under the provisions of this part, investigators shall:

(1) Investigate only cases or persons assigned within their official duties.

(2) Interview sources only where the interview can take place in reasonably private surroundings.

(3) Always present credentials and inform sources of the reasons for the investigation. Inform sources of the subject’s accessibility to the information to be provided and to the identity of the sources providing the information. Restrictions on investigators relating to Privacy Act advisements to subjects of personnel security investigations are outlined in paragraph (d) of this section.

(4) Furnish only necessary identity data to a source, and refrain from asking questions in such a manner as to indicate that the investigator is in possession of derogatory information concerning the subject of the investigation.

(5) Refrain from using, under any circumstances, covert or surreptitious investigative methods, devices, or techniques including mail covers, physical or photographic surveillance, voice analyzers, inspection of trash, paid informants, wiretap, or eavesdropping devices.

(6) Refrain from accepting any case in which the investigator knows of circumstances that might adversely affect his fairness, impartiality, or objectivity.

(7) Refrain, under any circumstances, from conducting physical searches of the subject or his property.

(8) Refrain from attempting to evaluate material contained in medical files. Medical files shall be evaluated for personnel security program purposes only by such personnel as are designated by DoD medical authorities. However, review and collection of medical record information may be accomplished by authorized investigative personnel.

(f) Polygraph restrictions. The polygraph may be used as a personnel security screening measure only in those limited instances authorized by the Secretary of Defense in DoD Directive 5210.48.1

Subpart C—Personnel Security Investigative Requirements

§154.13 Sensitive positions.

(a) Designation of sensitive positions. Certain civilian positions within the Department of Defense entail duties of such a sensitive nature, including access to classified information, that the misconduct, malfeasance, or nonfeasance of an incumbent in any such position could result in an unacceptably adverse impact upon the national security. These positions are referred to in this part as sensitive. It is vital to the national security that great care be exercised in the selection of individuals to fill such positions. Similarly, it is important that only positions which truly meet one or more of the criteria set forth in paragraph (b) of this section be designated as sensitive.

(b) Criteria for security designation of positions. Each civilian position within the Department of Defense shall be categorized, with respect to security sensitivity, as either nonsensitive, noncritical-sensitive, or critical-sensitive.

(1) The criteria to be applied in designating a position as sensitive are:

(i) Critical-sensitive.

(A) Access to Top Secret information.

(B) Development or approval of plans, policies, or programs that affect the overall operations of the Department of Defense or of a DoD Component.

1See footnote 1 to §154.2(c).
§ 154.14 Civilian employment.

(a) General. The appointment of each civilian employee in any DoD Component is subject to investigation, except for reappointment when the break in employment is less than 12 months. The type of investigation required is set forth in this section according to position sensitivity.

(b) Nonsensitive positions. In accordance with the OPM Federal Personnel Manual, a NACI shall be requested not later than 3 working days after a person is appointed to a nonsensitive position. Although there is normally no investigation requirement for per diem,

(C) Development or approval of war plans, plans or particulars of future major or special operations of war, or critical and extremely important items of war.

(D) Investigative and certain investigative support duties, the issuance of personnel security clearances or access authorizations, or the making of personnel security determinations.

(E) Fiduciary, public contact, or other duties demanding the highest degree of public trust.

(F) Duties falling under Special Access programs.

(G) Category I automated data processing (ADP) positions.

(H) Any other position so designated by the head of the Component or designee.

(ii) Noncritical-sensitive.

(A) Access to Secret or Confidential information.

(B) Security police/provost marshal-type duties involving the enforcement of law and security duties involving the protection and safeguarding of DoD personnel and property.

(C) Category II automated data processing positions.

(D) Duties involving education and orientation of DoD personnel.

(E) Duties involving the design, operation, or maintenance of intrusion detection systems deployed to safeguard DoD personnel and property.

(F) Any other position so designated by the head of the Component or designee.

(2) All other positions shall be designated as nonsensitive.

(c) Authority to designate sensitive positions. The authority to designate sensitive positions is limited to those authorities designated in paragraph G, Appendix E. These authorities shall designate each position within their jurisdiction as to its security sensitivity and maintain these designations current vis-a-vis the specific duties of each position.

(d) Limitation of sensitive positions. It is the responsibility of those authorities authorized to designate sensitive positions to insure that only those positions are designated as sensitive that meet the criteria of paragraph (b) and (c) of this section that the designation of sensitive positions is held to a minimum consistent with mission requirements. Designating authorities shall maintain an accounting of the number of sensitive positions by category, i.e., critical or non-critical sensitive. Such information will be included in annual report required in subpart K.

(e) Billet control system for Top Secret.

(1) To standardize and control the issuance of Top Secret clearances within the Department of Defense, a specific designated billet must be established and maintained for all DoD military and civilian positions requiring access to Top Secret information. Only persons occupying these billet positions will be authorized a Top Secret clearance. If an individual departs from a Top Secret billet to a billet/position involving a lower level clearance, the Top Secret clearance will be administratively rescinded. This Top Secret billet requirement is in addition to the existing billet structure maintained for SCI access.

(2) Each request to DIS for a BI or SBI that involves access to Top Secret or SCI information will require inclusion of the appropriate billet reference, on the request for investigation. Each Component head should incorporate, to the extent feasible, the Top Secret billet structure into the component Manpower Unit Manning Document. Such a procedure should minimize the time and effort required to maintain such a billet structure.

(3) A report on the number of established Top Secret billets will be submitted each year to the DUSD(P) as part of the annual clearance report referred to in subpart K.
intermittent, temporary or seasonal employees in nonsensitive positions provided such employment does not exceed an aggregate of 120 days in either a single continuous or series of appointments, a NAC may be requested of DIS where deemed appropriate by the employing activity.

(c) Noncritical-sensitive positions. (1) An NACI shall be requested and the NAC portion favorably completed before a person is appointed to a noncritical-sensitive position (for exceptions see paragraph (e) (1) and (2) of this section). An ENTNAC, NAC or DNACI conducted during military or contractor employment may also be used for appointment provided a NACI has been requested from OPM and there is no more than 12 months break in service since completion of the investigation.

(2) Seasonal employees (including summer hires) normally do not require access to classified information. For those requiring access to classified information the appropriate investigation is required. The request for the NAC (or NACI) should be submitted to DIS by entering “SH” (summer hire) in red letters approximately one inch high on the DD Form 398–2, Personnel Security Questionnaire (National Agency Checklist). Additionally, to ensure expedited processing by DIS, summer hire requests should be assembled and forwarded to DIS in bundles, when appropriate.

(d) Critical-sensitive positions. A BI shall be favorably completed prior to appointment to critical-sensitive positions (for exceptions see paragraph (e) (1) and (2) of this section). Certain critical-sensitive positions require a preappointment SBI in accordance with §154.17. Preappointment BIs and SBIs will be conducted by DIS.

(e) Exceptions—(1) Noncritical-sensitive. In an emergency, a noncritical-sensitive position may be occupied pending completion of the NACI if the head of the requesting organization finds that the delay in appointment would be harmful to the national security and such finding is reduced to writing and made a part of the record. In such instances, the position may be filled only after the NACI has been requested.

(2) Critical-sensitive. In an emergency, a critical-sensitive position may be occupied pending completion of the BI (or SBI, as appropriate) if the head of the requesting organization finds that the delay in appointment would be harmful to the national security and such finding is reduced to writing and made a part of the record. In such instances, the position may be filled only when the NAC portion of the BI (or SBI) or a previous valid NACI, NAC or ENTNAC has been completed and favorably adjudicated.

(f) Mobilization of DoD civilian retirees. The requirements contained in paragraph (a) of this section, regarding the type of investigation required by position sensitivity for DoD civilian retirees temporary appointment when the break in employment is greater than 12 months, should either be expedited or waived for the purposes of mobilizing selected reemployed annuitants under the provisions of title 5, United States Code, depending upon the degree of sensitivity of the position to which assigned. Particular priority should be afforded to newly assigned personnel assigned to the defense intelligence and security agencies with respect to granting security clearances in an expeditious manner under paragraph (a) of this section.

§154.15 Military appointment, enlistment, and induction.

(a) General. The appointment, enlistment, and induction of each member of the Armed Forces or their Reserve Components shall be subject to the favorable completion of a personnel security investigation. The types of investigation required are set forth in this section.

(b) Entrance investigation. (1) An ENTNAC shall be conducted on each enlisted member of the Armed Forces at the time of initial entry into the service. A DNACI shall be conducted on each commissioned officer, except as permitted by paragraph (d) of this section, warrant officer, cadet, midshipman, and Reserve Officers Training Candidate, at the time of appointment. A full NAC shall be conducted upon reentry of any of the above when there has been a break in service greater than 12 months.
§ 154.16 Security clearance.
(a) General. (1) The authorities designated in paragraph A, Appendix E are the only authorities authorized to grant, deny or revoke DoD personnel security clearances. The granting of such clearances shall be limited to only those persons who require access to classified information for mission accomplishment.
(2) Military, DoD civilian, and contractor personnel who are employed by or serving in a consultant capacity to the DoD, may be considered for access to classified information only when such access is required in connection with official duties. Such individuals may be granted either a final or interim personnel security clearance provided the investigative requirements set forth below are complied with, and provided further that all available information has been adjudicated and a finding made that such clearance would be clearly consistent with the interests of national security.
(b) Investigative requirements for clearance—(1) Top Secret. (i) Final Clearance:
(A) BI.
(B) Established billet per § 154.13(e) (1) through (3) (except contractors).
(ii) Interim Clearance:
(A) Favorable NAC, ENTNAC, DNACI, or NACI completed
(B) Favorable review of DD Form 398/SF-86/DD Form 49
(C) BI or SBI has been initiated
(D) Favorable review of local personnel, base/military police, medical, and other security records as appropriate.
(2) Secret. (i) Final Clearance:
(A) DNACI: Military (except first-term enlistees) and contractor employees
(B) NACI: Civilian employees
(C) ENTNAC: First-term enlistees
(ii) Interim Clearance:
(A) When a valid need to access Secret information is established, an interim Secret clearance may be issued...
in every case, provided that the steps outlined in paragraphs (b)(2)(i)(B) through (E) of this section have been complied with.

(C) NACI, DNACI, or ENTNAC initiated.

(D) Favorable review of local personnel, base military police, medical, and security records as appropriate.

(E) Provisions of §154.14(e) have been complied with regarding civilian personnel.

(3) Confidential. (i) Final Clearance:

(A) NAC or ENTNAC: Military and contractor employees (except for Philippine national members of the United States Navy on whom a BI shall be favorably completed.)

(B) NACI: Civilian employees (except for summer hires who may be granted a final clearance on the basis of a NAC).

(ii) Interim Clearance:

(B) NAC, ENTNAC or NACI initiated.

(C) Favorable review of local personnel, base military police, medical, and security records as appropriate.

(D) Provisions of §154.14(e) (1) and (2) have been complied with regarding civilian personnel.

(4) Validity of previously granted clearances. Clearances granted under less stringent investigative requirements retain their validity; however, if a higher degree of clearance is required, investigative requirements of this directive will be followed.

(c) Access to classified information by non-U.S. citizens. (1) Only U.S. citizens are eligible for a security clearance. Therefore, every effort shall be made to ensure that non-United States citizens are not employed in duties that may require access to classified information. However, when there are compelling reasons to grant access to classified information to an immigrant alien or a foreign national in furtherance of the mission of the Department of Defense, such individuals may be granted a “Limited Access Authorization” (LAA) under the following conditions:

(i) LAAs will be limited to Secret and Confidential level only; LAAs for Top Secret are prohibited.

(ii) Access to classified information is not inconsistent with that determined releasable by designated disclosure authorities, in accordance with DoD Directive 5230.111 to the country of which the individual is a citizen.

(iii) Access to classified information must be limited to information relating to a specific program or project.

(iv) Favorable completion of an BI (scoped for 10 years); where the full investigative coverage cannot be completed, a counterintelligence scope polygraph examination will be required in accordance with the provisions of DoD Directive 5210.48.

(v) Security clearances previously issued to immigrant aliens will be reissued as LAAs.

(vi) The Limited Access Authorization determination shall be made only by an authority designated in paragraph B, Appendix E.

(vii) LAAs issued by the Unified and Specified Commands shall be reported to the central adjudicative facility of the appropriate military department in accordance with the assigned responsibilities in DoD Directive 5100.3 for inclusion in the Defense Central Index of Investigation (DCII).

(2) In each case of granting a Limited Access Authorization, a record shall be maintained as to:

(i) The identity (including current citizenship) of the individual to whom the Limited Access Authorization is granted, to include name and date and place of birth;

(ii) Date and type of most recent investigation to include the identity of the investigating agency;

(iii) The nature of the specific program material(s) to which access is authorized (delineated as precisely as possible); and

(iv) The classification level to which access is authorized; and

(v) The compelling reasons for granting access to the materials cited in (iii).

(vi) Status of the individual (i.e., immigrant alien or foreign national).

1 See footnote 1 to §154.2(c).
§ 154.16  32 CFR Ch. 1 (7–1–02 Edition)

(3) Individuals granted LAAs under the foregoing provisions shall be the subject of a 5-year periodic reinvestigation as set forth in paragraph 5, Appendix A.

(4) Foreign nationals who are LAA candidates must agree to submit to a counterintelligence-scope polygraph examination prior to being granted access in accordance with DoD Directive 5210.48.

(5) If geographical and political situations prevent the full completion of the BI (and/or counterintelligence-scope polygraph) issuance of an LAA shall not be authorized; exceptions to the policy may only be authorized by the DUSD(P).

(6) A report on all LAAs in effect, including the data required in paragraphs (d)(2)(i) through (vi) of this section shall be furnished to the Deputy Under Secretary of Defense for Policy within 60 days after the end of each fiscal year. (See §154.77).

(d) Access by persons outside the Executive Branch. (1) Access to classified information by persons outside the Executive Branch shall be accomplished in accordance with 32 CFR part 159. The investigative requirement shall be the same as for the appropriate level of security clearance, except as indicated below.

(2) Members of the U.S. Senate and House of Representatives do not require personnel security clearances. They may be granted access to DoD classified information which relates to matters under the jurisdiction of the respective Committees to which they are assigned and is needed to perform their duties in connection with such assignments.

(3) Congressional staff members requiring access to DoD classified information shall be processed for a security clearance in accordance with 32 CFR part 353 and the provisions of this part. The Director, Washington Headquarters Services (WHS) will initiate the required investigation (initial or reinvestigation) to DIS, adjudicate the results and grant, deny or revoke the security clearance, as appropriate. The Assistant Secretary of Defense (Legislative Affairs) will be notified by WHS of the completed clearance action.

(4) State governors do not require personnel security clearances. They may be granted access to specifically designated classified information, on a “need-to-know” basis, based upon affirmation by the Secretary of Defense or the head of a DoD Component or single designee, that access, under the circumstances, serves the national interest. Staff personnel of a governor’s office requiring access to classified information shall be investigated and cleared in accordance with the prescribed procedures of this part when the head of a DoD Component, or single designee, affirms that such clearance serves the national interest. Access shall also be limited to specifically designated classified information on a “need-to-know” basis.

(5) Members of the U.S. Supreme Court, the Federal judiciary and the Supreme Courts of the individual States do not require personnel security clearances. They may be granted access to DoD classified information to the extent necessary to adjudicate cases being heard before these individual courts.

(6) Attorneys representing DoD military, civilian or contractor personnel, requiring access to DoD classified information to properly represent their clients, shall normally be investigated by DIS and cleared in accordance with the prescribed procedures in paragraph (b) of this section. This shall be done upon certification of the General Counsel of the DoD Component involved in the litigation that access to specified classified information, on the part of the attorney concerned, is necessary to adequately represent his or her client. In exceptional instances, when the exigencies of a given situation do not permit timely compliance with the provisions of §154.16(b), access may be granted with the written approval of an authority designated in Appendix E provided that as a minimum: a favorable name check of the FBI and the DCII has been completed, and a DoD Non-Disclosure Agreement has been executed. In post-indictment cases, after a judge has invoked the security procedures of the Classified Information Procedures Act (CIPA) the Department of Justice may elect to conduct the necessary background investigation.
and issue the required security clearance, in coordination with the affected DoD Component.

(e) Restrictions on issuance of personnel security clearances. Personnel security clearances must be kept to the absolute minimum necessary to meet mission requirements. Personnel security clearances shall not be issued:

(1) To persons in nonsensitive positions.
(2) To persons whose regular duties do not require authorized access to classified information.
(3) For ease of movement of persons within a restricted, controlled, or industrial area, whose duties do not require access to classified information.
(4) To persons who may only have inadvertent access to sensitive information or areas, such as guards, emergency service personnel, firemen, doctors, nurses, police, ambulance drivers, or similar personnel.
(5) To persons working in shipyards whose duties do not require access to classified information.
(6) To persons who can be prevented from accessing classified information by being escorted by cleared personnel.
(7) To food service personnel, vendors and similar commercial sales or service personnel whose duties do not require access to classified information.
(8) To maintenance or cleaning personnel who may only have inadvertent access to sensitive information or areas, such as guards, emergency service personnel, firemen, doctors, nurses, police, ambulance drivers, or similar personnel.
(9) To persons performing maintenance on office equipment, computers, typewriters, and similar equipment who can be denied classified access by physical security measures.
(10) To perimeter security personnel who have no access to classified information.
(11) To drivers, chauffeurs and food service personnel.

(f) Dual citizenship. Persons claiming both U.S. and foreign citizenship shall be processed under §154.16(b) and adjudicated in accordance with the “Foreign Preference” standard in Appendix I.

(g) One-time access. Circumstances may arise where an urgent operational or contractual exigency exists for cleared DoD personnel to have one-time or short duration access to classified information at a higher level than is authorized by the existing security clearance. In many instances, the processing time required to upgrade the clearance would preclude timely access to the information. In such situations, and only for compelling reasons in furtherance of the DoD mission, an authority referred to in paragraph (h)(1) of this section, may grant higher level access on a temporary basis subject to the terms and conditions prescribed below. This special authority may be revoked for abuse, inadequate record keeping, or inadequate security oversight. These procedures do not apply when circumstances exist which would permit the routine processing of an individual for the higher level clearance. Procedures and conditions for effecting emergency one-time access to the next higher classification level are as follows:

(1) Authorization for such one-time access shall be granted by a flag or general officer, a general court-martial convening authority or equivalent Senior Executive Service member, after coordination with appropriate security officials.
(2) The recipient of the one-time access authorization must be a U.S. citizen, possess a current DoD security clearance, and the access required shall be limited to classified information one level higher than the current clearance.
(3) Such access, once granted, shall be cancelled promptly when no longer required, at the conclusion of the authorized period of access, or upon notification from the granting authority.
(4) The employee to be afforded the higher level access shall have been continuously employed by a DoD Component or a cleared DoD contractor for the preceding 24-month period. Higher level access is not authorized for part-time employees.
(5) Pertinent local records concerning the employee concerned shall be reviewed with favorable results.
(6) Whenever possible, access shall be confined to a single instance or at most, a few occasions. The approval for access shall automatically expire 30
calendar days from date access commenced. If the need for access is expected to continue for a period in excess of 30 days, written approval of the granting authority is required. At such time as it is determined that the need for access is expected to extend beyond 90 days, the individual concerned shall be promptly processed for the level of clearance required. When extended access has been approved, such access shall be cancelled at or before 90 days from original date of access.

(7) Access at the higher level shall be limited to information under the control and custody of the authorizing official and shall be afforded under the general supervision of a properly cleared employee. The employee charged with providing such supervision shall be responsible for:

(i) Recording the higher-level information actually revealed,
(ii) The date(s) such access is afforded; and
(iii) The daily retrieval of the material accessed.

(8) Access at the next higher level shall not be authorized for COMSEC, SCI, NATO, or foreign government information.

(9) The exercise of this provision shall be used sparingly and repeat use within any 12 month period on behalf of the same individual is prohibited. The approving authority shall maintain a record containing the following data with respect to each such access approved:

(i) The name, and SSN of the employee afforded higher level access.
(ii) The level of access authorized.
(iii) Justification for the access, to include an explanation of the compelling reason to grant the higher level access and specifically how the DoD mission would be furthered.
(iv) An unclassified description of the specific information to which access was authorized and the duration of access along with the date(s) access was afforded.
(v) A listing of the local records reviewed and a statement that no significant adverse information concerning the employee is known to exist.
(vi) The approving authority’s signature certifying (h)(9) (i) through (v) of this section.

(vii) Copies of any pertinent briefing/debriefings administered to the employee.

(h) Access by retired flag/general officers.

(1) Upon determination by an active duty flag/general officer that there are compelling reasons, in furtherance of the Department of Defense mission, to grant a retired flag/general officer access to classified information in connection with a specific DoD program or mission, for a period not greater than 90 days, the investigative requirements of this part may be waived. The access shall be limited to classified information at a level commensurate with the security clearance held at the time of retirement—not including access to SCI.

(2) The flag/general officer approving issuance of the clearance shall, provide the appropriate DoD Component central clearance facility a written record to be incorporated into the DCII detailing:

(i) Full identifying data pertaining to the cleared subject;
(ii) The classification of the information to which access was authorized.

(3) Such access may be granted only after the compelling reason and the specific aspect of the DoD mission which is served by granting such access has been detailed and under the condition that the classified materials involved are not removed from the confines of a government installation or other area approved for storage of DoD classified information.

§ 154.17 Special access programs.

(a) General. It is the policy of the Department of Defense to establish, to the extent possible, uniform and consistent personnel security investigative requirements. Accordingly, investigations exceeding established requirements are authorized only when mandated by statute, national regulations, or international agreement. In this connection, there are certain Special Access programs originating at the national or international level that require personnel security investigations and procedures of a special nature. These programs and the special investigative requirements imposed by them
are described in this section. A Special Access program is any program designed to control access, distribution, and protection of particularly sensitive information established pursuant to section 4-2 of Executive Order 12356 and prior Orders. Title 32 CFR part 159 governs the establishment of Departmental Special Access Programs.

(b) Sensitive Compartmented Information (SCI). (1) The investigative requirements for access to SCI is an SBI (See paragraph 4, Appendix A) including a NAC on the individual’s spouse or cohabitant. When conditions indicate, additional investigation shall be conducted on the spouse of the individual and members of the immediate family (or other persons to whom the individual is bound by affection or obligation) to the extent necessary to permit a determination by the adjudication agency that the Personnel Security standards of DCID 1/14 are met.

(2) A previous investigation conducted within the past five years which substantially meets the investigative requirements prescribed by this section may serve as a basis for granting access approval provided that there has been no break in the individual’s military service, DoD civilian employment, or access to classified information under the Industrial Security Program greater than 12 months. The individual shall submit one copy of an updated PSQ covering the period since the completion of the last SBI.

(c) Single Integrated Operation Plan—Extremely Sensitive Information (SIOP-ESI). The investigative requirement for access to SIOP-ESI is an SBI, including a NAC on the spouse and the individual’s immediate family who are 18 years of age or over and who are U.S. citizens other than by birth or who are resident aliens.

(d) Presidential support activities. (1) DoD Directive 5210.55 prescribe the policies and procedures for the nomination, interview, selection, and continued evaluation of DoD military and civilian personnel and contractor employees assigned to or utilized in Presidential Support activities. The type of investigation of individuals assigned to Presidential Support activities varies according to whether the person investigated qualifies for Category One or Category Two as indicated below:

(i) Category one. (A) Personnel assigned on a permanent or full-time basis to duties in direct support of the President (including the office staff of the Director, White House Military Office, and all individuals under his control):

(1) Presidential aircrew and associated maintenance and security personnel.

(2) Personnel assigned to the White House communications activities and the Presidential retreat.

(3) White House transportation personnel.

(4) Presidential mess attendants and medical personnel.

(5) Other individuals filling administrative positions at the White House.

(B) Personnel assigned on a temporary or part-time basis to duties supporting the President:

(1) Military Social Aides.

(2) Selected security, transportation, flight-line safety, and baggage personnel.

(3) Others with similar duties.

(C) Personnel assigned to the Office of the Military Aide to the Vice President.

(ii) Category two. (A) Personnel assigned to honor guards, ceremonial units, and military bands who perform at Presidential functions and facilities.

(B) Employees of contractors who provide services or contractors employees who require unescorted access to Presidential Support areas, activities, or equipment—including maintenance of the Presidential retreat, communications, and aircraft.

(C) Individuals in designated units requiring a lesser degree of access to the President or Presidential Support activities.

(2) Personnel nominated for Category One duties must have been the subject of an SBI, including a NAC on the spouse and all members of the individual’s immediate family of 18 years of age or over who are U.S. citizens other than by birth or who are resident aliens. The SBI must have been completed within the 12 months preceding
selection for Presidential Support duties. If such an individual marries subsequent to the completion of the SBI, the required spouse check shall be made at that time.

(3) Personnel nominated for Category Two duties must have been the subject of a BI, including a NAC on the spouse and all members of the individual’s immediate family of 18 years of age or over who are U.S. citizens other than by birth or who are resident aliens. The BI must have been completed within the 12 months preceding selection for Presidential Support duties. It should be noted that duties (separate and distinct from their Presidential Support responsibilities) of some Category Two personnel may make it necessary for them to have special access clearances which require an SBI.

(4) The U.S. citizenship of foreign-born immediate family members of all Presidential Support nominees must be verified by investigation.

(5) A limited number of Category One personnel having especially sensitive duties have been designated by the Director, White House Military Office as “Category A.” These personnel shall be investigated under special scoping in accordance with the requirements of the Memorandum of Understanding between the Director, White House Military Office and the Special Assistant to the Secretary and Deputy Secretary of Defense, July 30, 1980.

(e) Nuclear Weapon Personnel Reliability Program (PRP). (1) DoD Directive 5210.42 sets forth the standards of individual reliability required for personnel performing such duties:

(i) Critical position: BI. In the event that it becomes necessary to consider an individual for a critical position and the required BI has not been completed, interim certification may be made under carefully controlled conditions as set forth below.

(A) The individual has had a favorable DNACI, NAC (or ENTNAC) within the past 5 years without a break in service or employment in excess of 1 year.

(B) The BI has been requested.

(C) All other requirements of the PRP screening process have been fulfilled.

(D) The individual is identified to supervisory personnel as being certified on an interim basis.

(E) The individual is not used in a two-man team with another such individual.

(F) Justification of the need for interim certification is documented by the certifying official.

(G) Should the BI not be completed within 150 days from the date of the request, the certifying official shall query the Component clearance authority, who shall ascertain from DIS the status of the investigation. On the basis of such information, the certifying official shall determine whether to continue or to withdraw the interim certification.

(ii) Controlled position: DNACI/NACI.

(A) An ENTNAC completed for the purpose of first term enlistment or induction into the Armed Forces does not satisfy this requirement.

(B) Interim certification is authorized for an individual who has not had a DNACI/NACI completed within the past 5 years, subject to the following conditions:

(1) The individual has had a favorable ENTNAC/NAC, or higher investigation, that is more than 5 years old and has not had a break in service or employment in excess of 1 year.

(2) A DNACI/NACI has been requested at the time of interim certification.

(3) All other requirements of the PRP screening process have been fulfilled.

(4) Should the DNACI/NACI not be completed within 90 days from the date of the request, the procedures set forth in paragraph (e)(1)(i)(G) of this section for ascertaining the delay of the investigation in the case of a critical position shall apply.

(iii) Additional requirements apply. (A) The investigation upon which certification is based must have been completed within the last 5 years from the date of initial assignment to a PRP position and there must not have been a break in service or employment in excess of 1 year between completion of the investigation and initial assignment.

See footnote 1 to §154.2(c).
(B) In those cases in which the investigation was completed more than 5 years prior to initial assignment or in which there has been a break in service or employment in excess of 1 year subsequent to completion of the investigation, a reinvestigation is required.

(C) Subsequent to initial assignment to the PRP, reinvestigation is not required so long as the individual remains in the PRP.

(D) A medical evaluation of the individual as set forth in DoD Directive 5210.42.

(E) Review of the individual’s personnel file and other official records and information locally available concerning behavior or conduct which is relevant to PRP standards.

(F) A personal interview with the individual for the purpose of informing him of the significance of the assignment, reliability standards, the need for reliable performance, and of ascertaining his attitude with respect to the PRP.

(G) Service in the Army, Navy and Air Force Reserve does not constitute active service for PRP purposes.

(f) Access to North Atlantic Treaty Organization (NATO) classified information.

(1) Personnel assigned to a NATO staff position requiring access to NATO Cosmic (Top Secret), Secret, or Confidential information shall have been the subject of a favorably adjudicated BI (10 year scope), DNACI/NACI or NAC/ENTNAC, current within five years prior to the assignment, in accordance with USSAN Instruction 1–69 and §154.19(f).

(2) Personnel not assigned to a NATO staff position, but requiring access to NATO Cosmic, Secret or Confidential information in the normal course of their duties, must possess the equivalent final U.S. security clearance based upon the appropriate personnel security investigation (Appendix A) required by §§154.16(b) and 154.19(j) of this part.

(g) Other special access programs. Special investigative requirements for Special Access programs not provided for in this paragraph may not be established without the written approval of the Deputy Under Secretary of Defense for Policy.

1See footnote 1 to §154.2(c).
(2) In meeting the requirements of this paragraph, approval shall be obtained from one of the authorities designated in paragraph A, Appendix E of this part, for authority to request NACs on DoD military, civilian or contractor employees. A justification shall accompany each request which shall detail the reasons why escorted access would not better serve the national security. Requests for investigative requirements beyond a NAC shall be forwarded to the Deputy Under Secretary of Defense for Policy for approval.

(3) NAC requests shall—
(i) Be forwarded to DIS in accordance with the provisions of paragraph B, Appendix C,
(ii) Contain a reference to this paragraph on the DD Form 398–2, and
(iii) List the authority in Appendix E who approved the request.

(4) Determinations to deny access under the provisions of this paragraph must not be exercised in an arbitrary, capricious, or discriminatory manner and shall be the responsibility of the military or installation commander as provided for in DoD Directive 5200.8.

(c) Nonappropriated fund employees. Each Nonappropriated Fund employee who is employed in a position of trust as designated by an official authorized in paragraph H, Appendix E, shall have been the subject of a NAC completed no longer than 12 months prior to employment or a prior personnel security investigation with no break in Federal service or employment greater than 12 months in accordance with DoD Manual 1401.1-M. An individual who does not meet established suitability requirements may not be employed without prior approval of the authorizing official. Issuance of a Confidential or Secret clearance will be based on a DNACI or NACI in accordance with §154.16(b).

(d) Customs inspectors. DoD employees appointed as customs inspectors, under waivers approved in accordance with DoD 5030.49–R shall have undergone a favorably adjudicated NAC completed within the past 5 years unless there has been a break in DoD employment greater than 1 year in which case a current NAC is required.

(h) Persons requiring DoD building passes. Pursuant to DoD Directive 5210.46 each person determined by the designated authorities of the Components concerned as having an official need for access to DoD buildings in the National Capital Region shall be the subject of a favorably adjudicated NAC prior to issuance of a DoD building pass. Conduct of a BI for this purpose is prohibited unless approved in advance by ODUSD(P).

(i) Foreign national employees overseas not requiring access to classified information. Foreign nationals employed by DoD organizations overseas, whose duties do not require access to classified information, shall be the subject of the following record checks, initiated by the appropriate military department investigative organization consistent with §154.9(e) prior to employment:
(1) Host government law enforcement and security agency checks at the city, state (province), and national level, whenever permissible by the laws of the host government; and
(2) DCII.

(3) FBI–HQ/ID. (Where information exists regarding residence by the foreign national in the United States for one year or more since age 18).

(j) Special agents and investigative support personnel. Special agents and those noninvestigative personnel assigned to investigative agencies whose official duties require continuous access to complete investigative files and material require an SBI.

1See footnote 1 to §154.2(c).
(k) Persons requiring access to chemical agents. Personnel whose duties involve access to or security of chemical agents shall be screened initially for suitability and reliability and shall be evaluated on a continuing basis at the supervisory level to ensure that they continue to meet the high standards required. At a minimum, all such personnel shall have had a favorably adjudicated NAC completed within the last 5 years prior to assignment in accordance with the provisions of DoD Directive 5210.65.1

(l) Education and orientation personnel. Persons selected for duties in connection with programs involving the education and orientation of military personnel shall have been the subject of a favorably adjudicated NAC prior to such assignment. This does not include teachers/administrators associated with university extension courses conducted on military installations in the United States. Non-US citizens from a country listed in Appendix G shall be required to undergo a BI if they are employed in a position covered by this paragraph.

(m) Contract guards. Any person performing contract guard functions shall have been the subject of a favorably adjudicated NAC prior to such assignment.

(n) Transportation of arms, ammunition and explosives (AA&E). Any DoD military, civilian or contract employee (including commercial carrier) operating a vehicle or providing security to a vehicle transporting Category I, II or Confidential AA&E shall have been the subject of a favorably adjudicated NAC prior to such assignment.

(o) Personnel occupying information systems positions designated ADP-I, ADP-II & ADP-III. DoD military, civilian personnel, consultants, and contractor personnel performing on unclassified automated information systems may be assigned to one of three position sensitivity designations (in accordance with Appendix J) and investigated as follows:

ADP-I: BI
ADP-II: DNACI/NACI
ADP-III: NAC/ENTNAC

Those personnel falling in the above categories who require access to classified information will, of course, be subject to the appropriate investigative scope contained in §154.16(b).

(p) Others. Requests for approval to conduct an investigation on other personnel, not provided for in §154.18 (b) through (o) considered to fall within the general provisions of §154.18(a) shall be submitted, detailing the justification therefor, for approval to the Deputy Under Secretary of Defense for Policy. Approval of such requests shall be contingent upon an assurance that appropriate review procedures exist and that adverse determinations will be made at no lower than major command level.

§154.19 Reinvestigation.

(a) General. DoD policy prohibits unauthorized and unnecessary investigations. There are, however, certain situations and requirements that necessitate reinvestigation of an individual who has already been investigated under the provisions of this part. It is the policy to limit reinvestigation of individuals to the scope contained in paragraph 5, Appendix A to meet overall security requirements. Reinvestigation, generally, is authorized only as follows:

(1) To prove or disprove an allegation relating to the criteria set forth in §154.7 of this part with respect to an individual holding a security clearance or assigned to a position that requires a trustworthiness determination;

(2) To meet the periodic reinvestigation requirements of this part with respect to those security programs enumerated below; and

(3) Upon individual request, to assess the current eligibility of individuals who did not receive favorable adjudicative action after an initial investigation, if a potential clearance need exists and there are reasonable indications that the factors upon which the adverse determination was made no longer exists.

(b) Allegations related to disqualification. Whenever questionable behavior patterns develop, derogatory information is discovered, or inconsistencies arise related to the disqualification criteria outlined in §154.7 that could
§ 154.19

have an adverse impact on an individual’s security status, a Special Investigative Inquiry (SII), psychiatric, drug or alcohol evaluation, as appropriate, may be requested to resolve all relevant issues in doubt. If it is essential that additional relevant personal data is required from the investigative subject, and the subject fails to furnish the required data, the subject’s existing security clearance or assignment to sensitive duties shall be terminated in accordance with §154.56(b).

(c) Access to Sensitive Compartmented Information (SCI). Each individual having current access to SCI shall be the subject of a PR conducted on a 5-year recurring basis scoped as set forth in paragraph 5, Appendix A.

(d) Critical-sensitive positions. Each DoD civilian employee occupying a critical-sensitive position shall be the subject of a PR conducted on a 5-year recurring basis scoped as set forth in paragraph 5, Appendix A.

(e) Presidential support duties. Each individual assigned Presidential Support duties shall be the subject of a PR conducted on a 5-year recurring basis scoped as set forth in paragraph 5, Appendix A.

(f) NATO staff. Each individual assigned to a NATO staff position requiring a COSMIC clearance shall be the subject of a PR conducted on a 5-year recurring basis scoped as set forth in paragraph 5, Appendix A. Those assigned to a NATO staff position requiring a NATO SECRET clearance shall be the subject of a new NAC conducted on a 5-year recurring basis.

(g) Extraordinarily sensitive duties. In extremely limited instances, extraordinary national security implications associated with certain SCI duties may require very special compartmentation and other special security measures. In such instances, a Component SOIC may, with the approval of the Deputy Under Secretary of Defense for Policy, request PR’s at intervals of less than 5 years as outlined in paragraph 5, Appendix A. Such requests shall include full justification and a recommendation as to the desired frequency. In reviewing such requests, the Deputy Under Secretary of Defense for Policy shall give due consideration to:

1. The potential damage that might result from the individual’s defection or abduction.
2. The availability and probable effectiveness of means other than reinvestigation to evaluate factors concerning the individual’s suitability for continued SCI access.

(b) Foreign nationals employed by DoD organizations overseas. Foreign nationals employed by DoD organizations overseas who have been granted a “Limited Access Authorization” pursuant to §154.16(d) shall be the subject of a PR, as set forth in paragraph 5, Appendix A, conducted under the auspices of DIS by the appropriate military department or other U.S. Government investigative agency consistent with §154.9(e) and Appendix I of this part.

(i) Persons accessing very sensitive information classified Secret. (1) Heads of DoD Components shall submit a request to the Deputy Under Secretary of Defense for Policy for approval to conduct periodic reinvestigations on persons holding Secret clearances who are exposed to very sensitive Secret information.

(2) Generally, the Deputy Under Secretary of Defense for Policy will only approve periodic reinvestigations of persons having access to Secret information if the unauthorized disclosure of the information in question could reasonably be expected to:

(i) Jeopardize human life or safety.

(ii) Result in the loss of unique or uniquely productive intelligence sources or methods vital to U.S. security.

(iii) Compromise technologies, plans, or procedures vital to the strategic advantage of the United States.

(3) Each individual accessing very sensitive Secret information who has been designated by an authority listed in paragraph A, Appendix E as requiring periodic reinvestigation, shall be the subject of a PR conducted on a 5-year recurring basis scoped as stated in paragraph 5, Appendix A.

(j) Access to Top Secret information. Each individual having current access to Top Secret information shall be the subject of a PR conducted on a 5-year recurring basis scoped as outlined in paragraph 5, Appendix A.
(k) Personnel occupying computer positions designated ADP–I. All DoD military, civilians, consultants, and contractor personnel occupying computer positions designated ADP–I, shall be the subject of a PR conducted on a 5-year recurring basis as set forth in paragraph 5, Appendix A.

§ 154.20 Authority to waive investigative requirements.

Authorized officials. Only an official designated in paragraph G, Appendix E, is empowered to waive the investigative requirements for appointment to a sensitive position, assignment to sensitive duties or access to classified information pending completion of the investigation required by this section. Such waiver shall be based upon certification in writing by the designated official that such action is necessary to the accomplishment of a DoD mission. A minor investigative element that has not been met should not preclude favorable.

Subpart D—Reciprocal Acceptance of Prior Investigations and Personnel Security Determinations

§ 154.23 General.

Previously conducted investigations and previously rendered personnel security determinations shall be accepted within DoD in accordance with the policy set forth below.

§ 154.24 Prior investigations conducted by DoD investigative organizations.

As long as there is no break in military service/civilian employment greater than 12 months, any previous personnel security investigation conducted by DoD investigative organizations that essentially is equivalent in scope to an investigation required by this part will be accepted without requesting additional investigation. There is no time limitation as to the acceptability of such investigations, subject to the provisions of §§ 154.25(b) and 154.25(c) of this part.

§ 154.25 Prior personnel security determinations made by DoD authorities.

(a) Adjudicative determinations for appointment in sensitive positions, assignment to sensitive duties or access to classified information (including those pertaining to SCI) made by designated DoD authorities will be mutually and reciprocally accepted by all DoD Components without requiring additional investigation, unless there has been a break in the individual’s military service/civilian employment of greater than 12 months or unless derogatory information that occurred subsequent to the last prior security determination becomes known. A check of the DCII should be conducted to accomplish this task.

(b) Whenever a valid DoD security clearance or Special Access authorization (including one pertaining to SCI) is on record, Components shall not request DIS or other DoD investigative organizations to forward prior investigative files for review unless:

(1) Significant derogatory information or investigation completed subsequent to the date of last clearance or Special Access authorization, is known to the requester; or

(2) The individual concerned is being considered for a higher level clearance (e.g., Secret or Top Secret) or the individual does not have a Special Access authorization and is being considered for one; or

(3) There has been a break in the individual’s military service/civilian employment of greater than 12 months subsequent to the issuance of a prior clearance.

(4) The most recent SCI access authorization of the individual concerned was based on a waiver.

(c) Requests for prior investigative files authorized by this part shall be made in writing, shall cite the specific justification for the request (i.e., upgrade of clearance, issue Special Access authorization, etc.), and shall include the date, level, and issuing organization of the individual’s current or most recent security clearance or Special Access authorization.

(d) All requests for non-DoD investigative files, authorized under the criteria prescribed by paragraphs (a), (b)
§ 154.26 Investigations conducted and clearances granted by other agencies of the Federal government.

(a) Whenever a prior investigation or personnel security determination (including clearance for access to information classified under E.O. 12356 of another agency of the Federal Government meets the investigative scope and standards of this part, such investigation or clearance may be accepted for the investigative or clearance purposes of this part, provided that the employment with the Federal agency concerned has been continuous and there has been no break longer than 12 months since completion of the prior investigation, and further provided that inquiry with the agency discloses no reason why the clearance should not be accepted. If it is determined that the prior investigation does not meet the provisions of this paragraph, supplemental investigation shall be requested.

(b) A NACI conducted by OPM shall be accepted and considered equivalent to a DNACI for the purposes of this part.

(c) Department of Defense policy on reciprocal acceptance of clearances with the Nuclear Regulatory Commission and the Department of Energy is set forth in DoD Directive 5210.2.¹

Subpart E—Requesting Personnel Security Investigations

§ 154.30 General.

Requests for personnel security investigations shall be limited to those required to accomplish the Defense mission. Such requests shall be submitted only by the authorities designated in §154.31. These authorities shall be held responsible for determining if persons under their jurisdiction require a personnel security investigation. Proper planning must be effected to ensure that investigative requests are submitted sufficiently in advance to allow completion of the investigation before the time it is needed to grant the required clearance or otherwise make the necessary personnel security determination.

§ 154.31 Authorized requesters.

Requests for personnel security investigation shall be accepted only from the requesters designated below:

(a) Military Departments. (1) Army.
   (i) Central Clearance Facility.
   (ii) All activity commanders.
   (iii) Chiefs of recruiting stations.
(2) Navy (including Marine Corps).
   (i) Central Adjudicative Facility.
   (ii) Commanders and commanding officers of organizations listed on the Standard Navy Distribution List.
   (iii) Chiefs of recruiting stations.
(3) Air Force.
   (i) Air Force Security Clearance Office.
   (ii) Assistant Chief of Staff for Intelligence.
   (iii) All activity commanders.
   (iv) Chiefs of recruiting stations.
(b) Defense Agencies—Directors of Security and activity commanders.
(c) Organization of the Joint Chiefs of Staff—Chief, Security Division.

¹See footnote 1 to §154.2(c).
Office of the Secretary of Defense

§ 154.35

(e) Commanders of Unified and Specified Commands or their designees.

(f) Such other requesters approved by the Deputy Under Secretary of Defense for Policy.

§ 154.32 Criteria for requesting investigations.

Authorized requesters shall use the tables set forth in Appendix C to determine the type of investigation that shall be requested to meet the investigative requirement of the specific position or duty concerned.

§ 154.33 Request procedures.

To insure efficient and effective completion of required investigations, all requests for personnel security investigations shall be prepared and forwarded in accordance with Appendix B and the investigative jurisdictional policies set forth in §154.9.

§ 154.34 Priority requests.

To insure that personnel security investigations are conducted in an orderly and efficient manner, requests for priority for individual investigations or categories of investigations shall be prepared and forwarded in accordance with Appendix B and the investigative jurisdictional policies set forth in §154.9.

§ 154.35 Personal data provided by the subject of the investigation.

(a) To conduct the required investigation, it is necessary that the investigative agency be provided certain relevant data concerning the subject of the investigation. The Privacy Act of 1974 requires that, to the greatest extent practicable, personal information shall be obtained directly from the subject individual when the information may result in adverse determinations affecting an individual’s rights, benefits, and privileges under Federal programs.

(b) Accordingly, it is incumbent upon the subject of each personnel security investigation to provide the personal information required by this part. At a minimum, the individual shall complete the appropriate investigative forms, provide fingerprints of a quality acceptable to the FBI, and execute a signed release, as necessary, authorizing custodians of police, credit, education, employment, and medical and similar records, to provide relevant record information to the investigative agency. When the FBI returns a fingerprint card indicating that the quality of the fingerprints is not acceptable, an additional set of fingerprints will be obtained from the subject. In the event the FBI indicates that the additional fingerprints are also unacceptable, no further attempt to obtain more fingerprints need be made; this aspect of the investigation will then be processed on the basis of the name check of the FBI files. As an exception, a minimum of three attempts will be made for all Presidential Support cases, for SCI access nominations if the requester so indicates, and in those cases in which more than minor derogatory information exists. Each subject of a personnel security investigation conducted under the provisions of this part shall be furnished a Privacy Act Statement advising of the authority for obtaining the personal data, the principal purpose(s) for obtaining it, the routine uses, whether disclosure is mandatory or voluntary, the effect on the individual if it is not provided, and that subsequent use of the data may be employed as part of an aperiodic review process to evaluate continued eligibility for access to classified information.

(c) Failure to respond within the time limit prescribed by the requesting organization with the required security forms or refusal to provide or permit access to the relevant information required by this part shall result in termination of the individual’s security clearance or assignment to sensitive duties utilizing the procedures of §154.59 or further administrative processing of the investigative request.
§ 154.40  General.

(a) The standard which must be met for clearance or assignment to sensitive duties is that, based on all available information, the person’s loyalty, reliability, and trustworthiness are such that entrusting the person with classified information or assigning the person to sensitive duties is clearly consistent with the interests of national security.

(b) The principal objective of the DoD personnel security adjudicative function, consequently, is to assure selection of persons for sensitive positions who meet this standard. The adjudication process involves the effort to assess the probability of future behavior which could have an effect adverse to the national security. Since few, if any, situations allow for positive, conclusive evidence of certain future conduct, it is an attempt to judge whether the circumstances of a particular case, taking into consideration prior experience with similar cases, reasonably suggest a degree of probability of prejudicial behavior not consistent with the national security. It is invariably a subjective determination, considering the past but necessarily anticipating the future. Rarely is proof of trustworthiness and reliability or untrustworthiness and unreliability beyond all reasonable doubt.

(c) Establishing relevancy is one of the key objectives of the personnel security adjudicative process in evaluating investigative material. It involves neither the judgment of criminal guilt nor the determination of general suitability for a given position; rather, it is the assessment of a person’s trustworthiness and fitness for a responsibility which could, if abused, have unacceptable consequences for the national security.

(d) While equity demands optimal uniformity in evaluating individual cases, ensuring fair and consistent assessment of circumstances from one situation to the next, each case must be weighed on its own merits, taking into consideration all relevant facts, and prior experience in similar cases. All information of record, both favorable and unfavorable, must be considered and assessed in terms of accuracy, completeness, relevance, seriousness, and overall significance. In all adjudications the protection of the national security shall be the paramount determinant.

§ 154.41  Central adjudication.

(a) To ensure uniform application of the requirement of this part and to ensure that DoD personnel security determinations are effected consistent with existing statutes and Executive orders, the head of each Military Department and Defense Agencies shall establish a single Central Adjudication Facility for his/her component. The function of such facility shall be limited to evaluating personnel security investigations and making personnel security determinations. The chief of each Central Adjudication Facility shall have the authority to act on behalf of the head of the Component concerned with respect to personnel security determinations. All information relevant to determining whether a person meets the appropriate personnel security standard prescribed by this part shall be reviewed and evaluated by personnel security specialists specifically designated by the head of the Component concerned, or designee.

(b) In view of the significance each adjudicative decision can have on a person’s career and to ensure the maximum degree of fairness and equity in such actions, a minimum level of review shall be required for all clearance/access determinations related to the following categories of investigations:

1. BI/SBI/PR/ENAC/SII:
   (i) Favorable: Completely favorable investigations shall be reviewed and approved by an adjudicative official in the civilian grade of GS-7/9 or the military rank of O-3.
   (ii) Unfavorable: Investigations that are not completely favorable shall undergo at least two levels of review by adjudicative officials, the second of which must be at the civilian grade of GS-11/12 or the military rank of O-4. When an unfavorable administrative action is contemplated under §154.56(b), the letter of intent (LOI) to deny or revoke must be approved and signed by an adjudicative official at the civilian grade of GS-13/14 or the military rank...
§ 154.47 General.

(a) The issuance of a personnel security clearance (as well as the function of determining that an individual is eligible for access to Special Access program information, or is suitable for assignment to sensitive duties or such other duties that require a trustworthiness determination) is a function distinct from that involving the granting of access to classified information. Clearance determinations are made on the merits of the individual case with respect to the subject’s suitability for security clearance. Access determinations are made solely on the basis of the individual’s need for access to classified information in order to

(b) Detailed adjudication policy guidance to assist adjudicators in determining whether a person is eligible for access to classified information or assignment to sensitive duties is contained in Appendix H. Adjudication policy for access to SCI is contained in DCID 1/14.
§ 154.48 Issuing clearance.

(a) Authorities designated in paragraph A, Appendix E shall record the issuance, denial or revocation of a personnel security clearance in the DCII (see §154.43). A record of the clearance issued shall also be recorded in an individual’s personnel/security file or official personnel folder, as appropriate.

(b) A personnel security clearance remains valid until the individual is separated from the Armed Forces, separated from DoD civilian employment, has no further official relationship with DoD, official action has been taken to deny, revoke or suspend the clearance or access, or regular access to the level of classified information for which the individual holds a clearance is no longer necessary in the normal course of his or her duties. If an individual resumes his or her affiliation with DoD no single break in the individual’s relationship with DoD exists greater than 24 months and/or, the need for regular access to classified information at or below the previous level recurs, and no record of an unfavorable administrative action exists, the appropriate clearance shall be reissued without further investigation or adjudication provided there has been no additional investigation or development of derogatory information.

(c) Personnel security clearances of DoD military personnel shall be granted denied or revoked only by the designated authority of the parent Military Department. Issuance, reissuance, denial, or revocation of a personnel security clearance by any DoD Component concerning personnel who have been determined to be eligible for clearance by another component is expressly prohibited. Investigations conducted on Army, Navy, and Air Force personnel by DIS will be returned only to the parent service of the subject for adjudication regardless of the source of the original request. The adjudicative authority will be responsible for expeditiously transmitting the results of the clearance determination. As an exception, the employing DoD Component may issue an interim clearance to personnel under their administrative jurisdiction pending a final eligibility determination by the individual’s parent Component. Whenever an employing DoD Component issues an interim clearance to an individual from another Component, written notice of the action shall be provided to the parent Component.

(d) When a Defense agency, to include Chairman of the Joint Chiefs of Staff, initiates an SBI (or PR) for access to SCI on a military member, DIS will return the completed investigation to the appropriate Military Department adjudicative authority in accordance with paragraph (c) of this section for issuance (or reissuance) of the Top Secret clearance. Following the issuance of the security clearance, the military adjudicative authority will forward the investigative file to the Defense agency identified in the “Return Results To” block of the DD Form 1879. The receiving agency will then forward the completed SBI on to DIA for the SCI adjudication in accordance with DCID 1/14.

(e) The interim clearance shall be recorded in the DCSI (§154.43) by the parent DoD Component in the same manner as a final clearance.

[52 FR 11219, Apr. 8, 1987, as amended at 58 FR 61025, Nov. 19, 1993]
§ 154.49 Granting access.

(a) Access to classified information shall be granted to persons whose official duties require such access and who have the appropriate personnel security clearance. Access determinations (other than for Special Access programs) are not an adjudicative function relating to an individual’s suitability for such access. Rather they are decisions made by the commander that access is officially required.

(b) In the absence of derogatory information on the individual concerned, DoD commanders and organizational managers shall accept a personnel security clearance determination, issued by any DoD authority authorized by this part to issue personnel security clearances, as the basis for granting access, without requesting additional investigation or investigative files.

(c) The access level of cleared individuals will, wherever possible, be entered into the Defense Clearance and Investigations Index (DCII), along with clearance eligibility. However, completion of the DCII Access field is required effective October 1, 1993 in all instances where the adjudicator with a personnel security investigation. Agencies are encouraged to start completing this field as soon as possible.

[52 FR 11219, Apr. 8, 1987, as amended at 58 FR 61025, Nov. 19, 1993]

§ 154.50 Administrative withdrawal.

As set forth in §154.48 the personnel security clearance and access eligibility must be withdrawn when the events described therein occur. When regular access to a prescribed level of classified information is no longer required in the normal course of an individual’s duties, the previously authorized access eligibility level must be administratively downgraded or withdrawn, as appropriate.

Subpart H—Unfavorable Administrative Actions

§ 154.55 Requirements.

(a) General. For purposes of this part, an unfavorable administrative action includes any adverse action which is taken as a result of a personnel security determination, as defined at §154.3 and any unfavorable personnel security determination, as defined at §154.3. This subpart is intended only to provide guidance for the internal operation of the Department of Defense and is not intended to, does not, and may not be relied upon, to create or enlarge the jurisdiction or review authority of any court or administrative tribunal, including the Merit Systems Protection Board.

(b) Referral for action. (1) Whenever derogatory information relating to the criteria and policy set forth in §154.7(a) and Appendix H of this part is developed or otherwise becomes available to any DoD element, it shall be referred by the most expeditious means to the commander or the security officer of the organization to which the individual is assigned for duty. The commander or security officer of the organization to which the subject of the information is assigned shall review the information in terms of its security significance and completeness. If further information is needed to confirm or disprove the allegations, additional investigation should be requested. The commander of the duty organization shall insure that the parent Component of the individual concerned is informed promptly concerning the derogatory information developed and any actions taken or anticipated with respect thereto. However, referral of derogatory information to the commander or security officer shall in no way affect or limit the responsibility of the central adjudication facility to continue to process the individual for denial or revocation of clearance or access to classified information, in accordance with §154.56(b), if such action is warranted and supportable by the criteria and policy contained in §154.7(a) and Appendix H. No unfavorable administrative action as defined in §154.3 may be taken by the organization to which the individual is assigned for duty without affording the person the full range of protections contained in §154.56(b) or, in the case of SCI, Annex B, DCID 1/14.

(2) The Director DIS shall establish appropriate alternative means whereby information with potentially serious security significance can be reported
§ 154.55

Other than through DoD command or industrial organization channels. Such access shall include utilization of the DoD Inspector General “hotline” to receive such reports for appropriate follow-up by DIS. DoD Components and industry will assist DIS in publicizing the availability of appropriate reporting channels. Additionally, DoD Components will augment the system when and where necessary. Heads of DoD Components will be notified immediately to take action if appropriate.

(c) Suspension

(1) The commander or head of the organization shall determine whether, on the basis of all facts available upon receipt of the initial derogatory information, it is in the interests of national security to continue subject’s security status unchanged or to take interim action to suspend subject’s access to classified information or assignment to sensitive duties (or other duties requiring a trustworthiness determination), if information exists which raises serious questions as to the individual’s ability to intent to protect classified information or execute sensitive duties (or other duties requiring a trustworthiness determination). Whenever a determination is made by the appropriate authority designated in appendix F to this part.

(2) Whenever a determination is made to suspend a security clearance for access to classified information or assignment to sensitive duties (or other duties requiring a trustworthiness determination), the individual concerned must be notified of the suspension action consistent with the interests of national security.

(3) Component field elements must promptly report all suspension actions to the appropriate central adjudicative authority, but not later than 10 working days from the date of the suspension action. The adjudicative authority will immediately update the DCII Eligibility and Access fields to alert all users to the individual’s changed status.

(d) Final unfavorable administrative actions. The authority to make personnel security determinations that will result in an unfavorable administrative action is limited to those authorities designated in Appendix E, except that the authority to terminate the employment of a civilian employee of a military department or Defense agency is vested solely in the head of the DoD component concerned and in such other statutory official as may be designated. Action to terminate civilian employees of the Office of the Secretary of Defense and DoD Components, on the basis of criteria listed in §154.7 (a) through (f), shall be coordinated with the Deputy Under Secretary
§ 154.56 Procedures.

(a) General. No final personnel security determination shall be made on a member of the Armed Forces, an employee of the Department of Defense, a consultant to the Department of Defense, or any other person affiliated with the Department of Defense without granting the individual concerned the procedural benefits set forth in paragraph (b) of this section when such determination results in an unfavorable administrative action (see § 154.55(a)). As an exception, Red Cross/United Service Organizations employees shall be afforded the procedures prescribed by 32 CFR part 253.

(b) Unfavorable administrative action procedures. Except as provided for below, no unfavorable administrative action shall be taken under the authority of this part unless the person concerned has been given:

(1) A written statement of the reasons why the unfavorable administrative action is being taken. Prior to issuing a statement of reasons to a civilian employee for suspension or removal action, the issuing authority must comply with the provisions of Federal Personnel Manual, chapter 732, subchapter 1, paragraph 1-6b. The signature authority must be as provided for in § 154.41(b)(1)(i) and (2)(ii).

(2) An opportunity to reply in writing to such authority as the head of the Component concerned may designate;

(3) A written response to any submission under subparagraph b. stating the final reasons therefor, which shall be as specific as privacy and national security considerations permit. The signature authority must be as provided for in § 154.41(b)(1)(ii) and (2)(ii).

(4) An opportunity to appeal to a higher level of authority designated by the Component concerned.

(c) Exceptions to policy. Notwithstanding paragraph (b) of this section or any other provision of this part, nothing in this part shall be deemed to limit or affect the responsibility and powers of the Secretary of Defense to find that a person is unsuitable for entrance or retention in the Armed Forces, or is ineligible for a security clearance or assignment to sensitive duties, if the national security so requires, pursuant to section 7532, title 5, U.S.C. Such authority may not be delegated and may be exercised only when it is determined that the procedures prescribed in paragraph (b) of this section are not appropriate. Such determination shall be conclusive.

[52 FR 11219, Apr. 8, 1987, as amended at 58 FR 61025, Nov. 19, 1993]
§ 154.57 Reinstatement of civilian employees.

(a) General. Any person whose civilian employment in the Department of Defense is terminated under the provisions of this part shall not be reinstated or restored to duty or reemployed in the Department of Defense unless the Secretary of Defense, or the head of a DoD Component, finds that such reinstatement, restoration, or reemployment is clearly consistent with the interests of national security. Such a finding shall be made a part of the personnel security record.

(b) Reinstatement benefits. A DoD civilian employee whose employment has been suspended or terminated under the provisions of this part and who is reinstated or restored to duty under the provisions of section 3571 of title 5 U.S. Code is entitled to benefits as provided for by section 3 of Pub. L. 89–380.

Subpart I—Continuing Security Responsibilities

§ 154.60 Evaluating continued security eligibility.

(a) General. A personnel security determination is an effort to assess the future trustworthiness of an individual in terms of the likelihood of the individual preserving the national security. Obviously it is not possible at a given point to establish with certainty that any human being will remain trustworthy. Accordingly the issuance of a personnel security clearance or the determination that a person is suitable for assignment to sensitive duties cannot be considered as a final personnel security action. Rather, there is the clear need to assure that, after the personnel security determination is reached, the individual’s trustworthiness is a matter of continuing assessment. The responsibility for such assessment must be shared by the organizational commander or manager, the individual’s supervisor and, to a large degree, the individual himself. Therefore, the heads of DoD Components shall establish and maintain a program designed to evaluate on a continuing basis the status of personnel under their jurisdiction with respect to security eligibility. This program should insure close coordination between security authorities and personnel, medical, legal and supervisory personnel to assure that all pertinent information available within a command is considered in the personnel security process.

(b) Management responsibility.

(1) Commanders and heads of organizations shall insure that personnel assigned to sensitive duties (or other duties requiring a trustworthiness determination under the provisions of this part) are initially indoctrinated and periodically instructed thereafter on the national security implication of their duties and on their individual responsibilities.

(2) The heads of all DoD components are encouraged to develop programs designed to counsel and assist employees in sensitive positions who are experiencing problems in their personal lives with respect to such areas as financial, medical or emotional difficulties. Such initiatives should be designed to identify potential problem areas at an early stage so that any assistance rendered by the employing activity will have a reasonable chance of precluding long term, job-related security problems.

(c) Supervisory responsibility. Security programs shall be established to insure that supervisory personnel are familiarized with their special responsibilities in matters pertaining to personnel security with respect to personnel under their supervision. Such programs shall provide practical guidance as to indicators that may signal matters of personnel security concern. Specific instructions should be disseminated concerning reporting procedures to enable the appropriate authority to take timely corrective action to protect the interests of national security as well as to provide any necessary help to the individual concerned to correct any personal problem which may have a bearing upon the individual’s continued eligibility for access.

(1) In conjunction with the submission of PRs stated in §154.19, and paragraph 5, Appendix A, supervisors will be required to review an individual’s DD Form 398 to ensure that no significant adverse information of which they are aware and that may have a bearing on subject’s continued eligibility for
access to classified information is omitted.

(2) If the supervisor is not aware of any significant adverse information that may have a bearing on the subject's continued eligibility for access, then the following statement must be documented, signed and dated, and forwarded to DIS with the investigative package.

I am aware of no information of the type contained at Appendix D, 32 CFR part 154, relating to subject's trustworthiness, reliability, or loyalty that may reflect adversely on his/her ability to safeguard classified information.

(3) If the supervisor is aware of such significant adverse information, the following statement shall be documented, signed and dated, and forwarded to DIS with the investigative package, and a written summary of the derogatory information forwarded to DIS with the investigative package:

I am aware of information of the type contained in Appendix D, 32 CFR part 154, relating to subject's trustworthiness, reliability, or loyalty that may reflect adversely on his/her ability to safeguard classified information and have reported all relevant details to the appropriate security official(s).

(4) In conjunction with regularly scheduled fitness and performance reports of military and civilian personnel whose duties entail access to classified information, supervisors will include a comment in accordance with paragraphs (c) (2) and (3) of this section as well as a comment regarding an employee's discharge of security responsibilities, pursuant to their Component guidance.

(d) Individual responsibility. (1) Individuals must familiarize themselves with pertinent security regulations that pertain to their assigned duties. Further, individuals must be aware of the standards of conduct required of persons holding positions of trust. In this connection, individuals must recognize and avoid the kind of personal behavior that would result in rendering one ineligible for continued assignment in a position of trust. In the final analysis, the ultimate responsibility for maintaining continued eligibility for a position of trust rests with the individual.

(2) Moreover, individuals having access to classified information must report promptly to their security office:

(i) Any form of contact, intentional or otherwise, with individuals of any nationality, whether within or outside the scope of the employee's official activities, in which:

(A) Illegal or unauthorized access is sought to classified or otherwise sensitive information.

(B) The employee is concerned that he or she may be the target of exploitation by a foreign entity.

(ii) Any information of the type referred to in §154.7 or appendix H to this part.

(e) Co-worker responsibility. Co-workers have an equal obligation to advise their supervisor or appropriate security official when they become aware of information with potentially serious security significance regarding someone with access to classified information or employed in a sensitive position.

§154.61 Security education.

(a) General. The effectiveness of an individual in meeting security responsibilities is proportional to the degree to which the individual understands them. Thus, an integral part of the DoD security program is the indoctrination of individuals on their security responsibilities. Moreover, such indoctrination is essential to the efficient functioning of the DoD personnel security program. Accordingly, heads of DoD Components shall establish procedures in accordance with this chapter whereby persons requiring access to classified information, or being assigned to positions that require the occupants to be determined trustworthy are periodically briefed as to their security responsibilities.

(b) Initial briefing. (1) All persons cleared for access to classified information or assigned to duties requiring a trustworthiness determination under this part shall be given an initial security briefing. The briefing shall be in accordance with the requirements of 32 CFR part 159 and consist of the following elements:
§ 154.61

(i) The specific security requirements of their particular job.

(ii) The techniques employed by foreign intelligence activities in attempting to obtain classified information and their responsibility for reporting such attempts.

(iii) The prohibition against disclosing classified information, by any means, to unauthorized persons or discussing or handling classified information in a manner that would make it accessible to unauthorized persons.

(iv) The penalties that may be imposed for security violations.

(2) If an individual declines to execute Standard Form 312, "Classified Information Nondisclosure Agreement" (replaced the Standard Form 189), the DoD Component shall initiate action to deny or revoke the security clearance of such person in accordance with §154.56(b).

(c) Refresher briefing. Programs shall be established to provide, at a minimum, annual security training for personnel having continued access to classified information. The elements outlined in 32 CFR part 159 shall be tailored to fit the needs of experienced personnel.

(d) Foreign travel briefing. While world events during the past several years have diminished the threat to our national security from traditional cold-war era foreign intelligence services, foreign intelligence service continue to pursue the unauthorized acquisition of classified or otherwise sensitive U.S. Government information, through the recruitment of U.S. Government employees with access to such information. Through security briefings and education, the Department of Defense continues to provide for the protection of information and technology considered vital to the national security interests from illegal or unauthorized acquisition by foreign intelligence services.

(1) DoD Components will establish appropriate internal procedures requiring all personnel possessing a DoD security clearance to report to their security office all contacts with individuals of any nationality, whether within or outside the scope of the employee's official activities, in which:

(i) Illegal or unauthorized access is sought to classified or otherwise sensitive information.

(ii) The employee is concerned that he or she may be the target of exploitation by a foreign entity.

(2) The DoD security manager, security specialist or other qualified individual will review and evaluate the reported information. Any facts or circumstances of a reported contact with a foreign national that appear to:

(i) Indicate an attempt or intention to obtain unauthorized access to proprietary, sensitive, or classified information or technology;

(ii) Offer a reasonable potential for such; or

(iii) Indicate the possibility of continued contact with the foreign national for such purposes, shall be promptly reported to the appropriate counterintelligence agency.

(e) Termination briefing. (1) Upon termination of employment administrative withdrawal of security clearance, or contemplated absence from duty or employment for 60 days or more, DoD military personnel and civilian employees shall be given a termination briefing, return all classified material, and execute a Security Termination Statement. This statement shall include:

(i) An acknowledgment that the individual has read the appropriate provisions of the Espionage Act, other criminal statutes, DoD Regulations applicable to the safeguarding of classified information to which the individual has had access, and understands the implications thereof;

(ii) A declaration that the individual no longer has any documents or material containing classified information in his or her possession;

(iii) An acknowledgment that the individual will not communicate or transmit classified information to any unauthorized person or agency; and

(iv) An acknowledgment that the individual will report without delay to the FBI or the DoD Component concerned any attempt by any unauthorized person to solicit classified information.
(2) When an individual refuses to execute a Security Termination Statement, that fact shall be reported immediately to the security manager of the cognizant organization concerned. In any such case, the individual involved shall be debriefed orally. The fact of a refusal to sign a Security Termination Statement shall be reported to the Director, Defense Investigative Service who shall ensure that it is recorded in the Defense Clearance and Investigations Index.

(3) The Security Termination Statement shall be retained by the DoD Component that authorized the individual access to classified information for the period specified in the Component’s records retention schedules, but for a minimum of 2 years after the individual is given a termination briefing.

(4) In addition to the provisions of paragraphs (e)(1), (e)(2), and (e)(3) of this section, DoD Components shall establish a central authority to be responsible for ensuring that Security Termination Statements are executed by senior personnel (general officers, flag officers and GS–16s and above). Failure on the part of such personnel to execute a Security Termination Statement shall be reported immediately to the Deputy Under Secretary of Defense for Policy.

§ 154.66 Responsibilities.

DoD authorities responsible for administering the DoD personnel security program and all DoD personnel authorized access to personnel security reports and records shall ensure that the use of such information is limited to that authorized by this part and that such reports and records are safeguarded as prescribed herein. The heads of DoD Components and the Deputy Under Secretary of Defense for Policy for the Office of the Secretary of Defense shall establish internal controls to ensure adequate safeguarding and limit access to and use of personnel security reports and records as required by §§154.67 and 154.68.

§ 154.67 Access restrictions.

Access to personnel security investigative reports and personnel security clearance determination information shall be authorized only in accordance with 32 CFR parts 286 and 286a and with the following:

(a) DoD personnel security investigative reports shall be released outside of the DoD only with the specific approval of the investigative agency having authority over the control and disposition of the reports.

(b) Within DoD, access to personnel security investigative reports shall be limited to those designated DoD officials who require access in connection with specifically assigned personnel security duties, or other activities specifically identified under the provisions of §154.65.

(c) Access by subjects of personnel security investigative reports shall be afforded outside of the DoD only with the specific approval of the investigative agency having authority over the control and disposition of the reports.

(d) Access to personnel security clearance determination information shall be made available, other than provided for in paragraph (c) of this
§ 154.68 Safeguarding procedures.
Personnel security investigative reports and personnel security determination information shall be safeguarded as follows:

(a) Authorized requesters shall control and maintain accountability of all reports of investigation received.

(b) Reproduction, in whole or in part, of personnel security investigative reports by requesters shall be restricted to the minimum number of copies required for the performance of assigned duties.

(c) Personnel security investigative reports shall be stored in a vault, safe, or steel file cabinet having at least a lockbar and an approved three-position dial-type combination padlock or in a similarly protected area/container.

(d) Reports of DoD personnel security investigations shall be sealed in double envelopes or covers when transmitted by mail or when carried by persons not authorized access to such information. The inner cover shall bear a notation substantially as follows:

TO BE OPENED ONLY BY OFFICIALS DESIGNATED TO RECEIVE REPORTS OF PERSONNEL SECURITY INVESTIGATION

(e) An individual’s status with respect to a personnel security clearance or a Special Access authorization is to be protected as provided for in 32 CFR part 286.

§ 154.69 Records disposition.

(a) Personnel security investigative reports, to include OPM NACIs may be retained by DoD recipient organizations, only for the period necessary to complete the purpose for which it was originally requested. Such reports are considered to be the property of the investigating organization and are on loan to the recipient organization. All copies of such reports shall be destroyed within 90 days after completion of the required personnel security determination. Destruction shall be accomplished in the same manner as for classified information in accordance with 32 CFR part 159.

(b) DoD record repositories authorized to file personnel security investigative reports shall destroy PSI reports of a favorable or of a minor derogatory nature 15 years after the date of the last action. That is, after the completion date of the investigation or the date on which the record was last released to an authorized user—which ever is later. Personnel security investigative reports resulting in an unfavorable administrative personnel action or court-marital or other investigations of a significant nature due to information contained in the investigation shall be destroyed 25 years after the date of the last action. Files in this latter category that are determined to be of possible historical value and those of widespread public or congressional interest may be offered to the National Archives after 15 years.

(c) Personnel security investigative reports on persons who are considered for affiliation with DoD will be destroyed after 1 year if the affiliation is not completed.

§ 154.70 Foreign source information.
Information that is classified by a foreign government is exempt from public disclosure under the Freedom of Information and Privacy Acts. Further, information provided by foreign governments requesting an express promise of confidentiality shall be released only in a manner that will not identify or allow unauthorized persons to identify the foreign agency concerned.

Subpart K—Program Management

§ 154.75 General.
To ensure uniform implementation of the DoD personnel security program throughout the Department, program responsibility shall be centralized at DoD Component level.

§ 154.76 Responsibilities.

(a) The Assistant Secretary of Defense for Command, Control, Communications, and Intelligence (ASD(C3I)) shall have primary responsibility for providing guidance, oversight, development and approval for policy and procedures governing personnel security
Office of the Secretary of Defense

§ 154.77 Reporting requirements.

(a) The OASD(C31) shall be provided personnel security program management data by the Defense Data Man-

power Center (DMDC) by December 31 each year for the preceding fiscal year. To facilitate accurate preparation of this report, all adjudicative determinations must be entered into the DC11 by all DoD central adjudication facilities no later than the end of the fiscal year. The information required below is essential for basic personnel security program management and in responding to requests from the Secretary of Defense and Congress. The report shall cover the preceding fiscal year, broken out by clearance category, according to military (officer or enlisted), civilian or contractor status and by the central adjudication facility that took the action, using the enclosed format:

(1) Number of Top Secret, Secret, and Confidential clearances issued;
(2) Number of Top Secret, Secret, and Confidential clearances denied;
(3) Number of Top Secret, Secret, and Confidential clearances revoked;
(4) Number of SCI access determinations issued;
(5) Number of SCI access determinations denied;
(6) Number of SCI access determinations revoked; and
(7) Total number of personnel holding a clearance for Top Secret, Secret, Confidential and Sensitive Compartmented Information as of the end of the fiscal year.

(b) The Defense Investigative Service (DIS) shall provide the OASD(C3I) a quarterly report that reflects investigative cases opened and closed during the most recent quarter, by case category type, and by major requester. The information provided by DIS is essential for evaluating statistical data regarding investigative workload and the manpower required to perform personnel security investigations. Case category types include National Agency Checks (NACs); Expanded NACs; Single Scope Background Investigations (SSBIs), Periodic Reinvestigations (PRs); Secret Periodic Reinvestigations (SPRs); Post Adjudicative (PA); Special Investigative Inquiries (SIIs); and Limited Inquiries (LIs). This report shall be forwarded to OASD(C3I) within 45 days after the end of each quarter.
§ 154.78

(c) The reporting requirement for DMDC and DIS has been assigned Report Control Symbol DD–C31(A) 1749.

§ 154.78 Inspections.

The heads of DoD Components shall assure that personnel security program matters are included in their administrative inspection programs.

APPENDIX A TO PART 154—INVESTIGATIVE SCOPE

This appendix prescribes the scope of the various types of personnel security investigations.

1. National Agency Check (NAC). Components of a NAC. At a minimum, the first three of the described agencies (DCII, FBI/HQ, and FBI/ID) below shall be included in each complete NAC; however, a NAC may also include a check of any or all of the other described agencies, if appropriate.

a. DCII records consist of an alphabetical index of personal names and impersonal titles that appear as subjects or incidentals in investigative documents held by the criminal, counterintelligence, fraud, and personnel security investigative activities of the three military departments, DIS, Defense Criminal Investigative Service (DCIS), and the National Security Agency. DCII records will be checked on all subjects of DoD investigations.

b. FBI/HQ has on file copies of investigations conducted by the FBI. The FBI/HQ check, included in every NAC, consists of a review of files for information of a security nature and that developed during applicant-type investigations.

c. An FBI/ID check, included in every NAC (but not ENTNAC), is based upon a technical fingerprint search that consists of a classification of the subject’s fingerprints and comparison with fingerprint cards submitted by law enforcement activities. If the fingerprint card is not classifiable, a “name check only” of these files is automatically conducted.

d. OPM. The files of OPM contain the results of investigations conducted by OPM under Executive Orders 9835 and 1946, those requested by the Nuclear Regulatory Commission (NRC), the Department of Energy (DOE) and those requested since August 1952 to serve as a basis for “Q” clearances. Prior to that date, “Q” clearance investigations were conducted by the FBI. A “Q” clearance is granted to individuals who require access to DOE information. In order to receive a “Q” clearance, a full field background investigation must be completed on the individual requiring access in accordance with the Atomic Energy Act of 1954. Also on file are the results of investigations on the operation of the Merit System, violations of the Veterans Preference Act, appeals of various types, fraud and collusion in Civil Service examinations and related matters, data on all Federal employees, and an index of all FBI on civilian employees or applicants completed by agencies of the Executive Branch of the U.S. Government. The OPM files may also contain information relative to U.S. citizens who are, or who were, employed by a United Nations organization or other public international organization such as the Organization of American States. OPM files are checked on all persons who are, or who have been, civilian employees of the U.S. Government; or U.S. citizens who are, or who have been, employed by a United Nations organization or other public international organization; and on those who have been granted security clearances by the NRC or DOE.

e. Immigration and Naturalization Service (I&NS). The files of I&NS contain (or show where filed) naturalization certificates, certificates of derivative citizenship, all military certificates of naturalization, repatriation files, petitions for naturalization and declaration of intention, visitors’ visas, and records of aliens (including government officials and representatives of international organizations) admitted temporarily into the U.S. I&NS records are checked when the subject is:

(1) An alien in the U.S., or
(2) A naturalized citizen whose naturalization has not been verified, or
(3) An immigrant alien, or
(4) A U.S. citizen who receives derivative citizenship through the naturalization of one or both parents, provided that such citizenship has not been verified in a prior investigation.

f. State Department. The State Department maintains the following records:

(1) Security Division (S/D) files contain information pertinent to matters of security, violations of security, personnel investigations pertinent to that agency, and correspondence files from 1956 to date. These files are checked on all former State Department employees.

(2) Passport Division (P/D) shall be checked if subject indicates U.S. citizenship due to birth in a foreign country of American parents. This is a check of State Department Embassy files to determine if subject’s birth was registered at the U.S. Embassy in the country where he was born. Verification of this registration is verification of citizenship.

(g) Central Intelligence Agency (CIA). The files of CIA contain information on present and former employees, including members of the Office of Strategic Services (OSS), applicants for employment, foreign nationals, including immigrant aliens in the U.S., and

These files shall also be checked if subject has been an employee of CIA or when other sources indicate that CIA may have pertinent information.

h. Military Personnel Record Center files are maintained by separate departments of the Armed Forces, General Services Administration and the Reserve Records Centers. They consist of the Master Personnel Records of retired, separated, reserve, and active duty members of the Armed Forces. These records shall be checked when the requester provides required identifying data indicating service during the last 15 years.

i. Treasury Department. The files of Treasury Department agencies (Secret Service, Internal Revenue Service, and Bureau of Customs) will be checked only when available information indicates that an agency of the Treasury Department may reasonably expect to have pertinent information.

j. The files of other agencies such as the National Guard Bureau, the Defense Industrial Security Clearance Office (DISCO), etc., will be checked when pertinent to the purpose for which the investigation is being conducted.

2. DoD National Agency Check plus Written Inquires (DNACI):
   a. Scope: The time period covered by the DNACI is limited to the most recent five (5) years, or since the 16th birthday, whichever is shorter; provided that the investigation covers at least the last two (2) full years of the subject’s life, although it may be extended to the period necessary to resolve any questionable or derogatory information. No investigation will be conducted prior to an individual’s 16th birthday. All DNACI investigation information will be entered on the DD Form 286-2 and FD-Form 288 and forwarded to the Defense Investigative Service (paragraph D. Appendix B).
   b. Components of a DNACI:
      (1) NAC. This is the same as described in paragraph 1, above.
      (2) Credit. (a) A credit bureau check will be conducted to cover the 50 States, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands, at all locations where subject has resided (including duty stations and home ports), been employed, or attended school for 6 months (cumulative) during the past five (5) years.
      (b) When information developed reflects unfavorably upon a person’s current credit reputation or financial responsibility, the investigation will be expanded as necessary.
      (3) Employment.—(a) Non-Federal Employment. (1) Verify, via written inquiry, all employment within the period of investigation with a duration of six (6) months or more. Current employment will be checked regardless of duration.
      (2) If all previous employments have been less than 6 months long, the most recent employment, in addition to the current, will be checked in all cases.
      (3) Seasonal holiday, part-time and temporary employment need not be checked unless subparagraph 2 above applies.
      (b) Federal employment. All Federal employment (to include military assignments) within the period of investigation will be verified by the requester through locally available records, and a statement reflecting that such checks have been favorably accomplished will be contained in the investigative request. Those that cannot be verified in this fashion will be accomplished via written inquiry by DIS (within the 50 United States, Puerto Rico, Guam, and the Virgin Islands).
   3. Background Investigation (BI). The period of investigation for the BI is 5 years and applies to military, civilian, and contractor personnel.
      a. NAC. See paragraph 1, above.
      b. Local Agency Checks (LAC). Same as paragraph 4j, below, except period of coverage is five years.
      c. Credit checks. Same as paragraph 4i, below.
      d. SUBJECT Interview (SI). This is the principal component of a BI. In some instances an issue will arise after the primary SI and a secondary interview will be conducted. Interviews in the latter category are normally “issue” interviews that will be reported in the standard BI narrative format.
      e. Employment records. Employment records will be checked at all places where employment references are interviewed with the exception of current Federal employment when the requester indicates that such employment has been verified with favorable results.
      f. Employment reference coverage. A minimum of three references, either supervisors or
co-workers, who have knowledge of the SUBJECT’s activities in the work environment will be interviewed. At least one employment reference at the current place of employment will always be interviewed with the exception of an individual attending military basic training, or other military training schools lasting less than 90 days. However, if he or she has been at the current employment for less than 6 months, it will be necessary to go not only to his or her current employment (for example, for one employment reference) but also to the preceding employment of at least 6 months for additional employment references. If the SUBJECT has not had prior employment of at least 6 months, interview(s) will be conducted at the most recent short-term employment in addition to the current employment.

g. Developed and Listed Character References. A minimum of three developed character references (DCR) whose combined association with the SUBJECT covers the entire period of investigation will be interviewed. If coverage cannot be obtained through the DCRs, listed character reference (LCR) will be contacted to obtain coverage.

h. Unfavorable information. Unfavorable information developed in the field will be expanded.

4. Special Background Investigation (SBI)—

a. Components of an SBI. The period of investigation for an SBI is the last 15 years or since the 18th birthday, whichever is the shorter period, provided that the investigation covers at least the last 2 full years of the subject’s life. No investigation will be conducted for the period prior to an individual’s 18th birthday. Emphasis shall be placed on peer coverage whenever interviews are held with personal sources in making education, employment, and reference (including developed) contact.

b. NAC. In addition to conducting a NAC on the subject of the investigation, the following additional requirements apply.

(1) A DCII, FBI/ID name check only and FBI/HQ check shall be conducted on subject’s current spouse or cohabitant. In addition, such other national agency checks as deemed appropriate based on information on the subject’s SPH or PSQ shall be conducted.

(2) A check of FBI/HQ files on members of subject’s immediate family who are aliens in the U.S. or immigrant aliens who are 18 years of age or older shall be conducted. As used throughout the part, members of subject’s immediate family include the following:

(a) Current spouse.

(b) Adult children, 18 years of age or older, by birth, adoption, or marriage.

(c) Natural, adopted, foster, or stepparents.

(d) Guardians.

(e) Brothers and sisters either by birth, adoption, or remarriage of either parent.

(3) The files of CIA shall be reviewed on alien members of subject’s immediate family who are 18 years of age or older, regardless of whether or not these persons reside in the U.S.

(4) I&NS files on members of subject’s immediate family 18 years of age or older shall be reviewed when they are:

(a) Aliens in the U.S., or

(b) Naturalized U.S. citizens whose naturalization has not been verified in a prior investigation, or

(c) Immigrant aliens, or

(d) U.S. citizens born in a foreign country of American parent(s) or U.S. citizens who received derivative citizenship through the naturalization of one or both parents, provided that such citizenship has not been verified in a prior investigation.

b. Birth. Verify subject’s date and place of birth (DOB) through education, employment and/or other records. Verify through Bureau of Vital Statistics (BVS) records if not otherwise verified under d., below, or if a variance is developed.

c. Citizenship. Subject’s citizenship status must be verified in all cases. U.S. citizens who are subjects of investigation will be required to produce documentation that will confirm their citizenship. Normally such documentation should be presented to the DoD Component concerned prior to the initiation of the request for investigation. When such documentation is not readily available, investigative action may be initiated with the understanding that the designated authority in the DoD Component will be provided with the documentation prior to the issuance of a clearance. DIS will not check the BVS for native-born U.S. citizens except as indicated in d.c. above. In the case of foreign-born U.S. citizens, DIS will check I&NS records. The citizenship status of all foreign-born members of subject’s immediate family shall be verified. Additionally, when the investigation indicates that a member of subject’s immediate family has not obtained U.S. citizenship after having been eligible for a considerable period of time, an attempt should be made to determine the reason. The documents listed below are acceptable for proof of U.S. citizenship for personnel security determination purposes:

(1) A birth certificate must be presented if the individual was born in the United States. To be acceptable, the certificate must show that the birth record was filed shortly after birth and must be certified with the registrar’s signature and the raised, impressed, or multicolored seal of his office except for States or jurisdictions which, as a matter of policy, do not issue certificates with a raised or impressed seal. Uncertified copies of birth certificates are not acceptable.

(a) A delayed birth certificate (a record filed more than one year after the date of birth) is acceptable provided that it shows...
Office of the Secretary of Defense

that the report of birth was supported by acceptable secondary evidence of birth as described in subparagraph (b), below.

(b) If such primary evidence is not obtainable, a notice from the registrar stating that no birth record exists should be submitted. The notice shall be accompanied by the best combination of secondary evidence obtainable. Evidence may include a baptismal certificate, a certificate of circumcision, a hospital birth record, affidavits of persons having personal knowledge of the facts of the birth, or other documentary evidence such as early census, school, or family bible records, newspaper files and insurance papers. Secondary evidence should have been created as close to the time of birth as possible.

(c) All documents submitted as evidence of birth in the United States shall be original or certified documents. Uncertified copies are not acceptable.

(2) A certificate of naturalization shall be submitted if the individual claims citizenship by naturalization.

(3) A certificate of citizenship issued by the I&NS shall be submitted if citizenship was acquired by birth abroad to a U.S. citizen parent or parents.

(4) A Report of Birth Abroad of A Citizen of The United States of America (Form FS–248), a Certification of Birth (Form FS–545 or DS–1350), or a Certificate of Citizenship is acceptable if citizenship was acquired by birth abroad to a U.S. citizen parent or parents.

(5) A passport or one in which the individual was included will be accepted as proof of citizenship.

e. Education. (1) Verify graduation or attendance at institutions of higher learning in the U.S. within the last 15 years, if such attendance was not verified during a prior investigation.

(2) Attempts will be made to review records at overseas educational institutions when the subject resided overseas in excess of one year.

(3) Verify attendance or graduation at the last secondary school attended within the past 10 years if there was no attendance at an institution of higher learning within the period of investigation.

(4) Verification of attendance at military academies is only required when the subject failed to graduate.

f. Employment. (1) Non-Federal employment. Verify all employment within the period of investigation to include seasonal, holiday, Christmas, part-time, and temporary employment. Interview one supervisor and one co-worker at subject’s current place of employment as well as at each prior place of employment during the past 10 years of six months duration or longer. The interview requirement for supervisors and co-workers does not apply to seasonal, holiday, Christmas, part-time, and temporary employment (4 months or less) unless there are unfavorable issues to resolve or the letter of inquiry provides insufficient information.

(2) Federal employment. All Federal employment will be verified within the period of investigation to include Christmas, seasonal temporary, summer hire, part-time, and holiday employment. Do not verify Federal employment through review of records if already verified by the requester. If Federal employment has not been verified by the requester, then subject’s personnel file at his/her current place of employment will be reviewed. All previous Federal employment will be verified during this review. In the case of former Federal employees, records shall be examined at the Federal Records Center in St. Louis, Missouri. Interview one supervisor and one co-worker at all places of employment during the past 10 years if so employed for 6 months or more.

(3) Military employment. Military service for the last 15 years shall be verified. The subject’s duty station, for the purpose of interview coverage, is considered as a place of employment. One supervisor and one co-worker shall be examined at subject’s current duty station if subject has been stationed there for 6 months or more; additionally, a supervisor and a co-worker at subject’s prior duty stations where assigned for 6 months or more during the past 10 years shall be interviewed.

(4) Unemployment. Subject’s activities during all periods of unemployment in excess of 30 consecutive days, within the period of investigation, that are not otherwise accounted for shall be verified.

(5) When an individual has resided outside the U.S. continuously for over one year, attempts will be made to confirm overseas employment as well as conduct required interviews of a supervisor and co-worker.

g. References. Three developed character references who have sufficient knowledge of subject to comment on his background, suitability, and loyalty shall be interviewed personally. Efforts shall be made to interview developed references whose combined association with subject covers the full period of the investigation with particular emphasis on the last 5 years. Employment, education, reference, and neighborhood references, in addition to the required ones, may be used as developed references provided that they have personal knowledge concerning the individual’s character, discretion, and loyalty. Listed character references will be interviewed only when developed references are not available or when it is necessary to identify and locate additional developed character references or when it is necessary to verify subject’s activities (e.g., unemployment).

h. Neighborhood investigation. Conduct a neighborhood investigation to verify each of subject’s residences in the U.S. of a period of 6 months or more on a cumulative basis, during the past 5 years or during the period of
investigation, whichever is shorter. During each neighborhood investigation, interview two neighbors who can verify subject’s period of residence in that area and who were suitably acquainted to comment on subject’s suitability for a position of trust. Neighborhood investigations will be expanded beyond this 5-year period only when there is unfavorable information to resolve in the investigation.

1. Credit. Conduct credit bureau check in the 50 States, the District of Columbia, Puerto Rico and overseas (where APO/FPO addresses are provided) at all places where subject has resided (including duty stations and home ports, been employed, or attended school for 6 months or more, on a cumulative basis, during the last 7 years or during the period of the investigation, whichever is shorter. When coverage by a credit bureau is not available, credit references located in that area will be interviewed. Financial responsibility, including unexplained affluence, will be stressed in all reference interviews.

j. Local Agency Checks (LAC’s). LAC’s, including State central criminal history record repositories, will be conducted on subject at all places of residence to include duty stations and/or home ports, in the 50 States, the District of Columbia, and Puerto Rico, where residence occurred during the past 15 years or during the period of investigation, whichever is shorter. If subject’s place of employment and/or education is serviced by a different law enforcement agency than that servicing the area of residence, LAC’s shall be conducted also in these areas.

k. Foreign travel. If subject has been employed, educated, traveled or resided outside of the U.S. for more than 90 days during the period of investigation, except under the auspices of the U.S. Government, additional record checks during the NAC shall be made in accordance with paragraph 1.f. of this Appendix. In addition, the following requirements apply:

(1) Foreign travel not under the auspices of the U.S. Government. When employment, education, or residence has occurred overseas for more than 90 days during the past 15 years or since age 18, which was not under the auspices of the U.S. Government, a check of records will be made at the Passport Office of the Department of State, the CIA, and other appropriate agencies. Efforts shall be made to develop sources, generally in the U.S., who knew the individual overseas to cover significant employment, education, or residence and to determine whether any lasting foreign contacts or connections were established during this period. Additionally, the investigation will be expanded to cover fully this period through the use of such investigative assets and checks of record sources as may be available to the U.S. Government in the foreign country in which the individual resided.

(2) Foreign travel under the auspices of the U.S. Government. When employment, education, or residence has occurred overseas for a period of more than one year, under the auspices of the U.S. Government, a record check will be made at the Passport Office of the Department of State, the CIA and other appropriate agencies. Efforts shall be made to develop sources (generally in the U.S.) who knew the individual overseas to cover significant employment, education, or residence and to determine whether any lasting foreign contacts or connections were established during this period. Additionally, the investigation will be expanded to cover fully this period through the use of such investigative assets and checks of record sources as may be available to the U.S. Government to the U.S. for more than 90 days during the past 15 years or since age 18, which was not under the auspices of the U.S. Government. When employment, education, or residence has occurred overseas for a period of more than one year, under the auspices of the U.S. Government, a record check will be made at the Passport Office of the Department of State, the CIA and other appropriate agencies. Efforts shall be made to develop sources, generally in the U.S., who knew the individual overseas to cover significant employment, education, or residence and to determine whether any lasting foreign contacts or connections were established during this period. Additionally, the investigation will be expanded to cover fully this period through the use of such investigative assets and checks of record sources as may be available to the U.S. Government in the foreign country in which the individual resided.

1. Foreign connections. All foreign connections (friends, relatives, and/or business connections) of subject and immediate family in the U.S. or abroad, except where such association was the direct result of subject’s official duties with the U.S. Government, shall be ascertained. Investigation shall be directed toward determining the significance of foreign connections on the part of subject and the immediate family, particularly where the association is or has been with persons whose origin was within a country whose national interests are inimical to those of the U.S. When subject or his spouse has close relatives residing in a Communist-controlled country, or subject has resided, visited, or traveled in such a country, not under U.S. Government auspices, the provisions of §154.8(i)(3) of this part apply.

m. Organizations. Efforts will be made during reference interviews and record reviews to determine if subject and/or the immediate family has, or formerly had, membership in, affiliation with, sympathetic association towards, or participated in any foreign or domestic organization, association, movement, group, or combination of persons of the type described in §154.7(a) through (d) of this part.

n. Divorce. Divorces, annulments, and legal separations of subject shall be verified only when there is reason to believe that the grounds for the action could reflect on subject’s suitability for a position of trust.

o. Military service. All military service and types of discharge during the last 15 years shall be verified.

p. Medical records. Medical records shall not be reviewed unless:

(1) The requester indicates that subject’s medical records were unavailable for review prior to submitting the request for investigation, or

(2) The requester indicates that unfavorable information is contained in subject’s medical records, or
Office of the Secretary of Defense

(a) The SUBJECT is aboard a deployed ship or in some remote area that would cause the interview to be excessively delayed.

(b) The SUBJECT is in an overseas location serviced by the State Department or the FBI.

4. Employment. Current employment will be verified. Military and Federal service records will not routinely be checked. If previously checked by the requester when the DIS was originally submitted. Also, employment records will be checked whenever employment interviews are conducted. Records need be checked only when they are locally available, unless unfavorable information has been detected.

5. Employment references. Two supervisors or co-workers at the most recent place of employment or duty station of 6 months; if the current employment is less than 6 months employment reference interviews will be conducted at the next prior place of employment, which was at least a 6-month duration.

6. Developed Character References (DCRs). Two developed character references who are knowledgeable of the SUBJECT will be interviewed. Developed character references who were previously interviewed will only be reinterviewed when other developed references are not available.

7. Local Agency Checks (LACs). DIS will conduct local agency checks on the SUBJECT at all places of residence, employment, and education during the period of investigation, regardless of duration, including overseas locations.

8. Neighborhood Investigation. Conduct a neighborhood investigation to verify subjects’ current residence in the United States. Two neighbors who can verify subject’s period of residence in that area and who are sufficiently acquainted to comment on the subject’s suitability for a position of trust will be interviewed. Neighborhood investigations will be expanded beyond the current residence when unfavorable information arises.

9. Ex-spouse interview. If the subject of investigation is divorced, the ex-spouse will be interviewed when the date of final divorce action is within the period of investigation.

10. Select scoping. When the facts of the case warrant, additional select scoping will be accomplished, as necessary, to fully develop or resolve an issue.

(b) The SUBJECT is in an overseas location serviced by the State Department or the FBI.

(c) Employment. Current employment will be verified. Military and Federal service records will not routinely be checked. If previously checked by the requester when the DIS was originally submitted. Also, employment records will be checked whenever employment interviews are conducted. Records need be checked only when they are locally available, unless unfavorable information has been detected.

(d) Employment references. Two supervisors or co-workers at the most recent place of employment or duty station of 6 months; if the current employment is less than 6 months employment reference interviews will be conducted at the next prior place of employment, which was at least a 6-month duration.

(e) Developed Character References (DCRs). Two developed character references who are knowledgeable of the SUBJECT will be interviewed. Developed character references who were previously interviewed will only be reinterviewed when other developed references are not available.

(f) Local Agency Checks (LACs). DIS will conduct local agency checks on the SUBJECT at all places of residence, employment, and education during the period of investigation, regardless of duration, including overseas locations.

(g) Neighborhood Investigation. Conduct a neighborhood investigation to verify subjects’ current residence in the United States. Two neighbors who can verify subject’s period of residence in that area and who are sufficiently acquainted to comment on the subject’s suitability for a position of trust will be interviewed. Neighborhood investigations will be expanded beyond the current residence when unfavorable information arises.

(h) Ex-spouse interview. If the subject of investigation is divorced, the ex-spouse will be interviewed when the date of final divorce action is within the period of investigation.

(i) Select scoping. When the facts of the case warrant, additional select scoping will be accomplished, as necessary, to fully develop or resolve an issue.

[52 FR 11219, Apr. 8, 1987, as amended at 58 FR 61028, Nov. 19, 1993]
to current operations and are clearly authorized by DoD policies, organizations requesting investigations must assure that continuing command attention is given to the investigative request process.

In this connection, it is particularly important that the provision of Executive Order 12356 requiring strict limitations on the dissemination of official information and material be closely adhered to and that investigations requested for issuing clearances are limited to those instances in which an individual has a clear need for access to classified information. Similarly, investigations requested to determine eligibility for appointment or retention in DoD, in either a civilian or military capacity, must not be requested in frequency or scope exceeding that provided for in this part.

In view of the foregoing, the following guidelines have been developed to simplify and facilitate the investigative request process:

1. Limit requests for investigation to those that are essential to current operations and clearly authorized by DoD policies and attempt to utilize individuals who, under the provisions of this part, have already met the security standard;

2. Assure that military personnel on whom investigative requests are initiated will have sufficient time remaining in service after completion of the investigation to warrant conducting it;

3. Insure that request forms and prescribed documentation are properly executed in accordance with instructions;

4. Dispatch the request directly to the DIS Personnel Investigations Center;

5. Promptly notify the DIS Personnel Investigations Center if the investigation is no longer needed (notify OPM if a NACI is no longer needed); and

6. Limit access through strict need-to-know, thereby requiring fewer investigations.

In summary, close observance of the above-cited guidelines will allow the DIS to operate more efficiently and permit more effective, timely, and responsive service in accomplishing investigations.

B. National Agency Check (NAC). When a NAC is requested an original only of the DD Form 398-2 (National Agency Check Request) and a completed FD 258 (Applicant Fingerprint Card) are required. If the request is for an ENTNANC, an original only of the DD Form 398-2 and a completed DD Form 2200 (Armed Forces Fingerprint Card) are required. Those forms should be sent directly to: Personnel Investigation Center, Defense Investigative Service, P.O. Box 1083, Baltimore, Maryland 21203.

C. National Agency Check plus written Inquiries (NACI). When a NACI is requested, an original and one copy of the SF 85 (Data for Nonsensitive or Noncritical-sensitive Position), an SF 171 (Personal Qualifications Statement), and an SF 87 (U.S. Civil Service Commission Fingerprint Chart) shall be sent directly to: Office of Personnel Management, Bureau of Personnel Investigations, NACI Center, Boyers, Pennsylvania 16018.

The notation ‘‘ALL REFERENCES’’ shall be stamped immediately above the title at the top of the Standard Form 85.

D. DoD National Agency Check with Inquiries (DNACI). 1. When a DNACI is requested, one copy of DD Form 1879, an original and two copies of the DD Form 398-2 (National Agency Check Request), two copies of FD 258 (Fingerprint Card), and an original of DD Form 2221 (Authority for Release of Information and Records) shall be sent directly to: Personnel Investigations Center, Defense Investigative Service, P.O. Box 1083, Baltimore, Maryland 21203.

2. The DD Form 398-2 must be completed to cover the most recent five year period. All information, to include items relative to residences and employment, must be complete and accurate to avoid delays in processing.

E. Special Background Investigation (SBI)/Background Investigation (BI). 1. When requesting a BI or SBI, one copy of DD Form 1879 (Request for Personnel Security Investigation), an original and four copies of DD Form 398 (Statement of Personnel History), two copies of FD 258, and an original of DD Form 2221 (Authority for Release of Information and Records) shall be sent directly to: Personnel Investigations Center, Defense Investigative Service, P.O. Box 454, Baltimore, Maryland 21203.

2. For the BI and SBI, the DD Form 398 must be completed to cover the most recent five and 15 year period, respectively, or since the 18th birthday, whichever is shorter.

F. Periodic Reinvestigation (PR). 1. PRs shall be requested only in such cases as are authorized by §154.19 (a) through (k) of this part.

a. For a PR requested in accordance with §154.19 (a) and (k) and the DD Form 1879 must be accompanied by the following documents:

(1) Original and four copies of DD Form 398.

(2) Two copies of FD-258.

(3) Original copy of DD Form 2221.

b. In processing PRs, previous investigative reports will not be requested by the requesting organization, unless significant derogatory or adverse information, postdating the most recent favorable adjudication, is developed during the course of reviewing other locally available records. In the latter instance, requests for previous investigative reports may only be made if it is determined by the requesting organization that the derogatory information is so significant that a review of previous investigative reports is
necessary for current adjudicative determinations.

2. No abbreviated version of DD Form 398 may be submitted in connection with a PR.

3. The PR request shall be sent to the address in paragraph E.1.

G. Additional investigation to resolve derogatory or adverse information. 1. Requests for additional investigation required to resolve derogatory or adverse information shall be submitted by DD Form 1879 (Request for Personnel Security Investigation) to: Defense Investigative Service, P.O. Box 454, Baltimore, Maryland 21203.

Such requests shall set forth the basis for an additional investigation and describe the specific matter to be substantiated or disproved.

2. The request should be accompanied by an original and four copies of the DD Form 398, where appropriate, two copies of FD Form 2221, unless such documentation was submitted within the last 12 months to DIS as part of a NAC or other personnel security investigation. If pertinent, the results of a recently completed NAC, NACI, or other related investigative reports available should also accompany the request.

H. Obtaining results of prior investigations. Requesters requiring verification of a specified type of personnel security investigation, and/or requiring copies of prior investigations conducted by the DIS shall submit requests by letter or message to: Defense Investigative Service Investigative Files Division, P.O. Box 1211, Baltimore, Maryland 21203, Message Address: DIS PIC BALTIMORE MD 20640.

The request will include subject’s name, grade, social security number, date and place of birth, and DIS case control number if known.

I. Requesting postadjudication cases. 1. Requests pertaining to issues arising after adjudication of an investigation (postadjudication cases) shall be addressed to DIS on a DD Form 1879 accompanied by a DD Form 398, where appropriate.

2. All requests for initial investigations will be submitted to PIC regardless of their urgency. If, however, there is an urgent need for a postadjudication investigation, or the mailing of a request to PIC for initiation of a postadjudication case would prejudice timely pursuit of investigative action, the DD Form 1879 may be directed for initiation, in CONUS, to the nearest DIS Field Office, and in overseas locations, to the military investigative service element supporting the requester (Appendix I). The field element (either DIS or the military investigative agency) will subsequently forward either the DD Form 1879 or completed investigation to PIC.

3. A fully executed DD Form 1879 and appropriate supporting documents may not be immediately available. Further, a case that is based on sensitive security issues may be compromised by a request that the subject submit a DD Form 398. A brief explanation should appear on DD Form 1879 which does not include complete supporting documentation.

J. Requests involving contractor employees. To preclude duplicative investigative requests and double handling of contractor employee cases involving access to classified information, all requests for investigation of contractor personnel must be submitted, using authorized industrial security clearance forms, for processing through the Defense Industrial Security Clearance Office, except for programs in which specific approval has been obtained from the Deputy Under Secretary of Defense for Policy to utilize other procedures.

K. Responsibility for proper documentation of requests. The official signing the request for investigation shall be responsible for insuring that all documentation is completed in accordance with these instructions.

APPENDIX F TO PART 154—GUIDELINES FOR CONDUCTING PRENOMINATION PERSONAL INTERVIEWS

A. Purpose. The purpose of the personal interview is to assist in determining the acceptability of an individual for nomination and further processing for a position requiring an SBI.

B. Scope. Questions asked during the course of a personal interview must have a relevance to a security determination. Care must be taken not to inject improper matters into the personal interview. For example, religious beliefs and affiliations, beliefs and opinions regarding racial matters, political beliefs and affiliations of a nonsubversive nature, opinions regarding the constitutionality of legislative policies, and affiliations with labor unions and fraternal organizations are not proper subjects for inquiry. Department of Defense representatives conducting personal interviews should always be prepared to explain the relevance of their inquiries. Adverse inferences shall not be drawn from the refusal of a person to answer questions the relevance of which has not been established.
C. The interview. Except as prescribed in paragraph B. above, persons conducting personal interviews normally will have broad latitude in performing this essential and important function and, therefore, a high premium must necessarily be placed upon the exercise of good judgment and common sense. To insure that personal interviews are conducted in a manner that does not violate lawful civil and private rights or discourage lawful political activity in any of its forms, or intimidate free expression, it is necessary that interviewers have a keen and well-developed awareness of and respect for the rights of interviewees. Interviewers shall never offer an opinion as to the relevance or significance of information provided by the interviewee to eligibility for access to SCI. If explanation in this regard is required, the interviewer will indicate that the sole function of the interview is to obtain information and that the determination of relevance or significance to the individual’s eligibility will be made by other designated officials.

D. Interview procedures. 1. The Head of the DoD Component concerned shall establish uniform procedures for conducting the interview that are designed to elicit information relevant to making a determination of whether the interviewee, on the basis of the interview and other locally available information (DD 398, Personnel Security Investigation Questionnaire, personnel records, security file, etc.), is considered acceptable for nomination and further processing.

2. Such procedures shall be structured to insure the interviewee’s full rights under the Constitution of the United States, the Privacy Act of 1974 and other applicable statutes and regulations.

E. Protection of interview results. All information developed during the course of the interview shall be maintained in personnel security channels and made available only to those authorities who have a need-to-know in connection with the processing of an individual’s nomination for duties requiring access to SCI or those who need access to information either to conduct the required SBI or to adjudicate the matter of the interviewee’s eligibility for access to SCI, or as otherwise authorized by Executive order or statute.

F. Acceptability determination. 1. The determination of the interviewee’s acceptability for nomination for duties requiring access to sensitive information shall be made by the commander, or designee, of the DoD organization that is considering nominating the interviewee for such duties.

2. Criteria guidelines contained in DCID 1/14 upon which the acceptability for nomination determination is to be based shall be provided to commanders of DoD organizations who may nominate individuals for access to SCI and shall be consistent with those established by the Senior Officer of the Intelligence Community of the Component concerned with respect to acceptability for nomination to duties requiring access to SCI.

APPENDIX H TO PART 154 [RESERVED]

APPENDIX H TO PART 154—ADJUDICATION POLICY

General. The following adjudication policy has been developed to assist DoD adjudicators in making determinations with respect to an individual’s eligibility for employment or retention in sensitive duties or eligibility for access to classified information. Adjudication policy relative to access to sensitive compartmented information is contained in DCID 1/14.

While reasonable consistency in reaching adjudicative determinations is desirable, the nature and complexities of human behavior preclude the development of a single set of guidelines or policies that is equally applicable in every personnel security case. Accordingly, the following adjudication policy is not intended to be interpreted as inflexible rules of procedure. The following policy requires dependence on the adjudicator’s sound judgment, mature thinking, and careful analysis as each case must be weighed on its own merits, taking into consideration all relevant circumstances, and prior experience in similar cases as well as the guidelines contained in the adjudication policy, which have been compiled from common experience in personnel security determinations.

Each adjudication is to be an overall common sense determination based upon consideration and assessment of all available information, both favorable and unfavorable, with particular emphasis being placed on the seriousness, recency, frequency, and motivation for the individual’s conduct; the extent to which conduct was negligent, willful, voluntary, or undertaken with knowledge of the circumstances or consequences involved; and, to the extent that it can be estimated, the probability that conduct will or will not continue in the future. The listed “Disqualifying Factors” and “Mitigating Factors” in this set of Adjudication Policies reflect the consideration of those factors of seriousness, recency, frequency, motivation, etc., to common situations and types of behavior encountered in personnel security adjudications, and should be followed whenever an individual case can be measured against this policy guidance. Common sense may occasionally necessitate deviations from this policy and, in such deviations should not be frequently made and must be carefully explained and documented.

The “Disqualifying Factors” provided herein establish some of the types of serious conduct under the criteria that can justify a
determination to deny or revoke an individual’s eligibility for access to classified information, or appointment to, or retention in sensitive duties. The “Mitigating Factors” establish some of the types of circumstances that may mitigate the conduct listed under the “Disqualifying Factors”. Any determination must include a consideration of both the conduct listed under “Disqualifying Factors” and any circumstances listed under the appropriate or corresponding “Mitigating Factors”.

The adjudication policy is subdivided into sections appropriate to each of the criteria provided in §154.7 of this part, except §154.7(i) for which conduct under any of the “Disqualifying Factors” of the adjudication policy or any other types of conduct may be appropriately included, if it meets the definition of §154.7(i).

In all adjudications, the protection of the national security shall be the paramount determinant. In the last analysis, a final decision in each case must be arrived at by applying the standard that the issuance of the clearance or assignment to the sensitive position is “clearly consistent with the interests of national security.”

Loyalty

(See §154.7(a) through (d)).

Basis: Commission of any act of sabotage, espionage, treason, terrorism, anarchy, sedition, or attempts threat or preparation therefor, or conspiring with or aiding or abetting another to commit or attempt to commit any such act. 3. Security violation was merely an isolated incident not involving deliberate or reckless violation of security policies, practices or procedures.

Criminal Conduct

(See §154.7(h)).

Basis: Criminal or dishonest conduct.

When it is determined that an applicant for a security clearance, or a person holding a clearance, has engaged in conduct which would constitute a felony under the laws of the United States, the clearance of such person shall be denied or revoked unless it is determined that there are compelling reasons to grant or continue such clearance. Compelling reasons can only be shown by clear and convincing evidence of the following:

(a) The felonious conduct (1) did not involve an exceptionally grave offense; (2) was an isolated episode; and (3) the individual has demonstrated trustworthiness and respect for the law over an extended period since the offense occurred; or

6. Refusal or failure to follow medical advice relating to alcohol abuse treatment or to abstain from alcohol use despite medical or professional advice.
7. Refusal or failure to significantly decrease consumption of alcohol or to change life-style and habits which contributed to past alcohol related difficulties.
8. Indications of financial or other irresponsibility or unreliability caused by alcohol abuse, or discussing sensitive or classified information while drinking.
9. Failure to cooperate in or successfully complete a prescribed regimen of an alcohol abuse rehabilitation program.

**Mitigating Factors:** (circumstances which may mitigate disqualifying information):  
1. Successfully completed an alcohol awareness program following two or less alcohol-related incidents and has significantly reduced alcohol consumption, and made positive changes in life-style and improvement in job reliability.
2. Successfully completed an alcohol rehabilitation program after three or more alcohol-related incidents, has significantly reduced or eliminated alcohol consumption in accordance with medical or professional advice, regularly attended Alcoholics Anonymous or similar support organization for approximately one year after rehabilitation, and abstained from the use of alcohol for that period of time.
3. Whenever one of the situations listed below occurs, the individual must have successfully completed an alcohol rehabilitation or detoxification program and totally abstained from alcohol for a period of approximately two years:
   a. The individual has had one previously failed rehabilitation program and subsequent alcohol abuse or alcohol related incidents.
   b. The individual has been diagnosed by a competent medical or health authority as an alcoholic, alcoholic dependent or chronic abuser of alcohol.
4. Whenever the individual has had repeated unsuccessful rehabilitation efforts and has continued drinking or has been involved in additional alcohol related incidents, the individual must have successfully completed an alcohol rehabilitation or detoxification program, totally abstained from alcohol for a period of at least three years and maintained regular and frequent participation in meetings of Alcoholics Anonymous or similar organizations.
5. If an individual’s alcohol abuse was surfaced solely as a result of self referral to an alcohol abuse program and there have been no precipitating factors such as alcohol related arrests or incidents action will not normally be taken to suspend or revoke security clearance solely on the self referral for treatment.

**Drug Abuse**

(See §154.7(n)).

**Basis:** Illegal or improper use, possession, transfer, sale or addiction to any controlled or psychoactive substance, narcotic, cannabis, or other dangerous drug.

**Disqualifying Factors:** (behavior falls within one or more of the following categories):  
1. Abuse of cannabis only, not in combination with any other substance.
   a. Experimental abuse, defined as an average of one or more than once a week.
   b. Occasional abuse, defined as an average of not more than once a month.
   c. Frequent abuse, defined as an average of not more than once a week.
   d. Regular abuse, defined as an average of more than once a week.
   e. Compulsive use, habitual use, physical or psychological dependency, or use once a day or more on the average.
2. Abuse of any narcotic, psychoactive substance or dangerous drug (to include prescription drugs), either alone, or in combination with another or cannabis, as follows:
   a. Experimental abuse, defined as an average of one or more than once a week.
   b. Occasional abuse, defined as an average of not more than once a month.
   c. Frequent abuse, defined as an average of not more than once a week.
   d. Regular abuse, defined as an average of more than once a week.
   e. Compulsive use, habitual use, physical or psychological dependency, or use on an
average of once a day or more on the average.

3. Involvement to any degree in the unauthorized trafficking, cultivation, processing, manufacture, sale or distribution of any narcotic, dangerous drug, or cannabis or assistance to those involved in such acts whether or not the individual was arrested for such activity.

4. Involvement with narcotics, dangerous drugs or cannabis under the following conditions whether or not the individual engages in personal use:
   a. Possession.
   b. Possession of a substantial amount, more than could reasonably be expected for personal use.
   c. Possession of drug paraphernalia for cultivating, manufacturing or distributing (e.g., possession of gram scales, smoking devices, needles for injecting intravenously, empty capsules or other drug production chemical paraphernalia).
   d. Possession of personal drug paraphernalia such as needles for injecting, smoking devices and equipment, etc.

5. Information that the individual intends to continue to use (regardless of frequency) any narcotic, dangerous drug or cannabis.

**NOTE:** There is no corresponding Mitigating Factor for this Disqualifying Factor because it is DoD policy that, as a general rule, if any individual expresses or implies any intent to continue use of any narcotic, dangerous drug, or other controlled substance, including marijuana and hashish, without a prescription, in any amount and regardless of frequency, it is to be considered contrary to the national interest and the interests of national security to grant or allow retention of a security clearance for access to classified information for that individual.

**Mitigating Factors** (circumstances which may mitigate disqualifying information):

1. Abuse of cannabis only, as follows: (Use this to assess Disqualifying Factor 1)
   a. Experimental abuse, which occurred more than six months ago and the individual has demonstrated an intent not to use cannabis or any other narcotic, psychoactive substance, or dangerous drug in the future.
   b. Occasional abuse of cannabis, which occurred more than 12 months ago, and the individual has demonstrated an intent not to use cannabis or any other narcotic, dangerous drug or psychoactive substance in the future.
   c. Frequent abuse of cannabis occurred more than 18 months ago, and the individual has demonstrated an intent not to use cannabis or any other narcotic, dangerous drug or psychoactive substance in the future.
   d. Regular abuse of cannabis occurred more than two years ago, and the individual has demonstrated an intent not to use cannabis or any other narcotic, dangerous drug or psychoactive substance in the future.
   e. Compulsive, habitual use or physical or psychological dependency on cannabis occurred more than three years ago, the individual has demonstrated an intent not to use cannabis or any other narcotic, dangerous drug or psychoactive substance in the future and has demonstrated a stable life-style, with no indication of physical or psychological dependence.

2. For abuse other than cannabis alone. Use is considered cumulative and each separate substance must not be considered separately.

   (Use this to assess Disqualifying Factor 2)
   a. Experimental abuse occurred more than 12 months ago, the individual has demonstrated an intent not to use any drugs or cannabis in the future and has successfully completed a drug rehabilitation program.
   b. Occasional abuse occurred more than two years ago, the individual has demonstrated an intent not to use any drugs or cannabis in the future, has a stable lifestyle and satisfactory employment record and has successfully completed a drug rehabilitation program.
   c. Frequent abuse occurred more than three years ago, the individual has demonstrated an intent not to use any drugs or cannabis in the future, has a stable lifestyle, including satisfactory employment record with no further indication of drug abuse, and has successfully completed a drug rehabilitation program.
   d. Regular abuse occurred more than four years ago, the individual has demonstrated an intent not to use any drugs or cannabis in the future, has a stable lifestyle including satisfactory employment record with no further indication of drug abuse, and has successfully completed a drug rehabilitation program.
   e. Compulsive abuse occurred more than five years ago, the individual has demonstrated an intent not to use any drugs or cannabis in the future, has a stable lifestyle, including satisfactory employment record and has not been involved in any other criminal activity.

3. Use this only to assess conduct under Disqualifying Factor 3.
   a. Involvement in trafficking, cultivation, processing, manufacture, sale or distribution occurred more than five years ago, the individual has demonstrated an intent not to do so in the future, and has a stable lifestyle and satisfactory employment record and has not been involved in any other criminal activity.
   b. Cultivation was for personnel use only, in a limited amount for a limited period and the individual has not been involved in similar activity or other criminal activity for more than three years and has demonstrated intent not to do so again in the future.
   c. Illegal sale or distribution involved only the casual supply to friends of small
Disqualifying Factors (behavior falls within one or more of the following categories):

1. Deliberate omission, concealment, falsification or misrepresentation of relevant and material facts including, but not limited to information concerning arrests, drug abuse or treatment, alcohol abuse or treatment, treatment for mental or emotional disorders, bankruptcy, military service information, organizational affiliations, financial problems, employment, foreign travel, or foreign connections from any Personnel Security Questionnaire, Personal History Statement or similar form used by any Federal agency to conduct investigations, determine employment qualifications, award benefits or status, determine security clearance or access eligibility, or award fiduciary responsibilities.

2. Deliberately providing false or misleading information concerning any of the relevant and material matters listed above to an investigator, employer, supervisor, security official or other official representative in connection with application for security clearance or access to classified information or assignment to sensitive duties.

Mitigating Factors (circumstances which may mitigate disqualifying information):

1. The information was not relevant or material to reaching a security clearance or access determination.

2. The falsification was an isolated incident in the distant past (more than 5 years) and the individual subsequently had accurately provided correct information voluntarily during reapplication for clearance or access and there is no evidence of any other falsification misrepresentation or dishonest conduct by the individual.

3. The behavior was not willful.

4. The falsification was done unknowingly or without the individual’s knowledge.

5. The individual made prompt, good faith efforts to correct the falsification before being confronted with the facts of falsification.

6. Omission of material fact was caused by or significantly contributed to by improper or inadequate advice of authorized personnel, or significantly contributed to by improper or inadequate advice of authorized personnel, and the individual subsequently had accurately provided complete information voluntarily during reapplication for clearance or access and there is no evidence of any other falsification misrepresentation or dishonest conduct by the individual.

Mitigating Factors:

1. Failure or refusal to provide full, frank and truthful answers or to authorize others to answer questions or provide information required by a Congressional committee, court or agency in the course of an official inquiry whenever such answers or information concern relevant and material matters pertinent to an evaluation of the individual’s trustworthiness, reliability and judgment.

2. Failure or refusal to provide appropriate investigative forms, including release forms, for use by investigators in obtaining information from medical institutions, agencies or personal physicians, psychologists, psychiatrists, counselors, rehabilitation treatment agencies or personnel; from...
police or criminal agencies, probation agencies or officers, financial institutions, employers, Federal or State agencies, professional associations or any other organization as required as a part of an investigation for security clearance, access, appointment or assignment to sensitive duties.

3. Failure or refusal to authorize others to provide relevant and material information necessary to reach a security clearance determination.

4. Failure or refusal to answer questions or provide information required by a Congressional committee, court or agency when such answers or information concern relevant and material matters pertinent to evaluating the individual's trustworthiness, reliability and judgment.

Mitigating Factors (circumstances which may mitigate disqualifying information):

1. The individual was unable to provide the information despite good faith and reasonable efforts to do so.

2. The individual was unaware of the necessity to provide the information requested or of the possible consequences of such refusal or failure to provide the information, and, upon being made aware of this requirement, fully frankly and truthfully provided the requested information.

3. The individual sought and relied in good faith on information and advice from legal counsel or other officials that the individual was not required to provide the information requested, and, upon being made aware of the requirement, fully, frankly and truthfully provided the requested information.

Sexual Misconduct

(See §154.7(q)).

Basis: Acts of sexual misconduct or perversion indicative of moral turpitude, poor judgment, or lack of regard for the laws of society.

Disqualifying Factors (behavior falls within one or more of the following categories):

1. The conduct involves:
   a. Acts performed or committed in open or public places.
   b. Acts performed with a minor, or with animals.
   c. Acts involving inducement, coercion, force, violence or intimidation of another person.
   d. Prostitution, pandering or the commission of sexual acts for money or other remuneration or reward.
   e. Sexual harassment.
   f. Self mutilation, self punishment or degradation.
   g. Conduct that involves spouse swapping, or group sex orgies.
   h. Adultery that is recent, frequent and likely to continue and has an adverse effect on good order or discipline within the workplace (e.g., officer/enlisted, supervisor/subordinate, instructor/student).

1. Conduct determined to be criminal in the locale in which it occurred.

j. Deviant or perverted sexual behavior which may indicate a mental or personality disorder (e.g., transsexualism, transvestism, exhibitionism, incest, child molestation, voyeurism, bestiality, or sodomy.)

2. The conduct has been recent.

3. The conduct increases the individual's vulnerability to blackmail, coercion or pressure.

4. Evidence that the applicant has intention or is likely to repeat the conduct in question.

Mitigating Factors (circumstances which may mitigate qualifying information):

1. Sexual misconduct occurred on an isolated basis during or preceding adolescence with no evidence of subsequent conduct of a similar nature, and clear indication that the individual has no intention of participating in such conduct in the future.

2. Sexual misconduct was isolated, occurred more than 3 years ago, and there is clear indication that the individual has no intention of participating in such conduct in the future.

3. The individual was a minor or was the victim of force, or violence by another.

4. The individual has successfully completed professional therapy, has been rehabilitated and diagnosed by competent medical authority that misconduct is not likely to recur.

5. Demonstration that the individual's sexual misconduct can no longer form the basis for vulnerability to blackmail, coercion or pressure.

APPENDIX I TO PART 154—OVERSEAS INVESTIGATIONS

1. Purpose

The purpose of this appendix is to establish, within the framework of this part, 32 CFR part 361 and Defense Investigative Service Manual 20-1, standardized procedures for the military investigative agencies to follow when they perform administrative and investigative functions on behalf of DIS at overseas locations.

2. Type Investigation

This part describes in detail Background Investigations (BI) which are conducted for Limited Access Authorizations and those Special Investigative Inquiries conducted for post-adjudicative purposes. Hereafter they are referred to as LAA and Post-adjudicative cases and are briefly described in paragraphs a and b below:

a. Limited access authorization. A level of access to classified defense information that may be granted to a non-U.S. citizen under
certain conditions, one of which is that a BI must have been completed with satisfactory results. §154.16(d) further describes LAA cases.

b. Post-adjudication investigation. A Personnel Security Investigation (PSI) predicated on new, adverse or questionable security, suitability or hostage information that arises and requires the application of investigation procedures subsequent to adjudication action on a DoD-affiliated person's eligibility for continued access to classified information, assignment to or retention in sensitive duties or other designated duties requiring such investigation. While these cases are normally predicated on the surface of unfavorable information subsequent to favorable adjudication, they may also be opened when favorable information is offered to counter a previous unfavorable adjudication. §154.9(c)(3) further describes these cases.

3. General

a. As a rule, investigative activity in most PSIs occurs in the U.S. even when the Subject is at an overseas location. Therefore, the submission of requests for investigation to the Personnel Investigation Center (PIC) at Baltimore is a required procedure as it ensures uniform application of DoD PSI policy and the efficient dispatch and coordination of leads.

b. When the purpose of the investigation is for an LAA or post-adjudication on a Subject overseas, much, if not all of the leads are at an overseas location. While these cases also may be opened directly to PIC for action, there is an inherent delay in the mailing of the request, the exchange of leads and reports with PIC, and transmittal of the reports back to the requester. To avoid this delay, the military investigative agencies, when acting for DIS overseas, in accordance with 32 CFR part 361, may, with their Head-quarters approval, accept these requests for investigations, initiate them and disseminate the results from the same level as they open, close, and disseminate their own cases. Usually this will greatly improve response time to the requester.

c. Under the procedures in paragraph b., above, DIS will not often be in a position to directly exercise its responsibility for control and direction until the case or lead is in progress or even completed; therefore, adherence to the policy stated in referenced documents, and as modified herein, is mandatory. When the policy of the military investigative agency is at variance with the above, the matter will be referred to the respective headquarters for resolution.

d. Since DIS is ultimately responsible for the personnel security product, it must be kept informed of all such matters referred to in this appendix. For instance, when the investigative agency overseas receives a DD Form 1879, Request for Personnel Security Investigation, which sets forth an issue outside DIS jurisdiction, it will reject the request, inform the requester of the reason and furnish an information copy of the DD Form 1879 and rejection letter to PIC. When the issue/jurisdiction is unclear to the investigative agency, the DD Form 1879 and the perceived jurisdictional question should be promptly forwarded to DIS for action and, if appropriate, to the component's headquarters for information. Questions on the interpretation of DIS or DoD policy and Directives pertaining to individual PSI cases can usually be resolved through direct communications with PIC.

e. 32 CFR part 361 establishes the supporting relationship of the military investigative agencies to DIS in overseas areas, and DIS provides these agencies with copies of relevant policy and interpretive guidance. For these reasons, the investigative agency vice the requester, is responsible for evaluating the request, processing it, collecting and evaluating the results within their jurisdiction for sufficiency, and forwarding the completed product to the appropriate activity.

f. The magnitude of operations at PIC requires that methods of handling LAA and post-adjudicative cases be consistent to the maximum extent possible. For this reason, the procedures for LAA cases are nearly identical to those for post-adjudicative cases. Briefly, the main exceptions are:

1. The notification to PIC that a post-adjudication case has been opened will be by message, since an issue is present at the outset, whereas notification of an LAA case should normally be by mail.

2. The scope of the LAA investigation is 10 years or since the person's 18th birthday, whichever is shortest, whereas the leads in a post-adjudication case are limited to resolving the issue.

4. Jurisdiction

a. As set-forth in 32 CFR part 361 DIS is responsible for conducting all DoD PSIs in the 50 States, District of Columbia, and Puerto Rico, and will request the military departments to accomplish investigative requirements elsewhere. The military investigative agencies in overseas locations routinely respond to personnel security investigative leads for DIS.

b. DIS jurisdiction also includes investigation of subversive affiliations, suitability information, and hostage situations when such inquiries are required for personnel security purposes; however, jurisdiction will rest with the military investigative agencies, FBI and/or civil authorities as appropriate when the alleged subversion or suitability issue represents a violation of law or, in the case of a hostage situation, there is an indication that the person concerned is actually being
presumed, coerced, or influenced by interests
inimical to the United States, or that hostile
intelligence is taking action specifically di-
rected against that person. Specific policy
guidance on the applicability of these proce-
dures and the jurisdictional considerations
are stated in §154.9.

5. Case Opening
a. A request for investigation must be sub-
mitted by using DD Form 1879 and accom-
panied by supporting documentation unless
such documentation is not immediately
available, or the obtaining of documentation
would compromise a sensitive investigation.
Upon receipt of the request, the military in-
vestigative component will identify the
issue(s), scope the leads, and ensure that the
proposed action is that which is authorized
for DIS as delineated in this part, 32 CFR
part 361 and Defense Investigative Service
Manual 201–1.

b. Upon such determination, the compo-
ent will prepare an Action Lead Sheet
(ALS) which fully identifies the Subject and
the scope of the case, and specifies precisely
the leads which each investigative com-
ponent (including DIS/PIC when appropriate) is
to conduct.

c. Case opening procedures described above
are identical for LAA and post-adjudication
cases except with respect to notification of
case opening to PIC:

(1) Post-adjudication Cases. These cases,
because they involve an issue, are poten-
tially sensitive and must be examined as
early as possible by PIC for conformity to
the latest DoD policy. Accordingly, the ini-
tial notification to PIC of case openings will
always be by message. The message will con-
tain at a minimum:

(a) Full identification of the subject;
(b) A narrative describing the allegation/facts
in sufficient detail to support opening of the
case; and

(c) A brief listing of the leads that are
planned.

The DD Form 1879 and supporting docu-
ments, along with the agency’s ALS, should
be subsequently mailed to PIC.

(2) LAA Cases. The notification to PIC of
case opening will normally be accomplished
by mailing the DD Form 1879, DD Form 398
(Personal History Statement), a copy of the
ALS, and any other supporting documents to
PIC. Message notification to PIC in LAA
cases will only be required if there is a secu-

rity or suitability issue apparent in the DD
Form 1879 or supporting documents.

(d) Beyond initial actions necessary to test
allegation for investigative merit and juris-
diction, no further investigative action
should commence until the notification of
case opening to PIC has been dispatched.

(e) PIC will promptly respond to the notifi-
cation of case opening by mail or message
specifying any qualifying remarks along
with a summary of previously existing data.
PIC will also provide a DIS case control
number (CCN). This number must be used by
all components on all case related paper-
work/reports.

(The investigating agency may assign its
unique service CCN for interim internal con-
trol; however, the case will be processed, ref-
ereed, and entered into the DCII by the
DIS case control number.) The first five dig-
its of the DIS CCN will be the Julian date of
the case opening when received at DIS.

6. Case Processing
a. The expected completion time for leads
in LAA cases is 50 calendar days and for
post-adjudication cases, 30 days, as computed
from the date of receipt of the request. If
conditions preclude completion in this time
period, a pending report of the results to
date, along with an estimated date of com-
pletion will be submitted to PIC.

b. Copies of all ALSs will be furnished to
PIC. In addition, PIC will be promptly noti-
ified of any significant change in the scope
of the case, or the development of an investi-
gative issue.

c. The procedures for implementing the
Privacy Act in PSI cases are set in DIS Man-
ual 20–1–M 1. Any other restrictions on the
release of information imposed by an over-
seas source or by regulations of the country
where the inquiry takes place will be clearly
stated in the report.

d. The report format for these cases will be
that used by the military investigative agen-
cy.

e. Investigative action outside the jurisdic-
tional area of an investigative component of-

tice may be directed elsewhere by ALS as
needed in accordance with that agency’s pro-
cedures and within the following geo-

graphical considerations:

(1) Leads will be sent to PIC if the investi-
gative action is in the United States, Dis-

crict of Columbia, Puerto Rico, American
Samoas, Bahama Islands, the U.S. Virgin Is-
lands, and the following islands in the Pa-

acific: Wake, Midway, Kwajalin, Johnston,
Carolines, Marshalls, and Eniwetok.

(2) Leads to areas not listed above may be
dispatched to other units of the investiga-
tive agency or even to another military agency’s
field units if there is an agreement or memo-

andum of understanding that provides for
such action. For case accountability pur-
poses, copies of such “lateral” leads must be
sent to the PIC.

(3) Leads that cannot be dispatched as de-
scribed in paragraph (2) above, and those
that must be sent to a non-DoD investiga-
tive agency should be sent to PIC for disposi-
tion.

e. The Defense Investigative Manual calls
for obtaining PIC approval before conducting
a Subject interview on a post-adjudicative
investigation. To avoid the delay that com-
pliance with this procedure would create, a
military investigative component may conduct the interview provided:
(1) All other investigative leads have been completed and reviewed.
(2) The CCN has been received, signifying DIS concurrence with the appropriateness of the investigation.
(3) Contrary instructions have not been received from the PIC.
(4) The interview is limited to the resolution of the relevant issues disclosed by the investigation.
(5) Notwithstanding the provisions of paragraphs f.(1) through (4) of this Appendix, if time is of the essence due to imminent transfer of the subject, a subject interview may be conducted at the discretion of the investigative agency.

7. Case Responsibility LAA and PA

Paragraph 3, above, describes the advantages of timely handling which accrue when the military investigative components act for DIS overseas. These actions for DIS may, however, be limited by the component’s staffing and resource limitations, especially since some cases require more administration and management than others. Post-adjudication case leads, for instance, will normally be within the geographical jurisdiction of the component that accepted the request for investigation; therefore, relatively little case management is required. In contrast, LAA cases may require leads worldwide, and, therefore, create more complex case management and administration, especially in the tracking, monitoring and reviewing of leads outside the component’s geographical area. Accordingly, an investigative component will accept the case from the requester, but only assign itself the appropriate leads within its own geographical jurisdiction and send the balance to PIC for appropriate disposition in accordance with the following:

a. The investigative agency will accept the request for investigation (thereby saving time otherwise lost in mailing to PIC) but limit its involvement in case management by extracting only those leads it will conduct or manage locally.
b. The agency should then prepare an ALS that shows clearly what leads it will cover and send PIC a copy of this ALS, along with the request for investigation and any other appropriate documentation. It must be clear in the ALS that PIC is to act on all those leads that the unit has not assigned to itself.
c. PIC, as case manager, will assume responsibility for the complete investigative package and, upon receipt of the last lead, will send the results to the appropriate activity.
d. The agency that accepted the case and assigned itself leads may send a copy of its report to the activity in the “Results to” block at the same time it sends the originals to PIC. If so, the letter of transmittal must inform the recipient that these reports are only a portion of the investigation, and that the balance will be forthcoming from PIC. Similarly, PIC must be informed of which investigative reports were disseminated. (This is normally done by sending PIC a copy of the letter of transmittal.)

8. Scope

a. LAA. The scope of investigation is 10 years or from age 18, whichever is the shortest period.
b. Post-Adjudication Cases. There is no standard scope. The inquiries conducted will be limited to those necessary to resolve the issue(s).

9. Case Closing: LAA and PA

a. Whether the investigative component or PIC closes out an investigation, there are three key elements to consider:
(1) The investigatory results must be reviewed for quality and conformance to policy.
(2) The results must be sent to the activity listed in the “Results to” block of the DD Form 1879.
(3) PIC must be informed whether or not any dissemination was made by the investigative agency and, if so, what reports were furnished.
b. Investigative results may also be sent to a requester or higher level activity that makes a statement of need for the results. In such instances, a copy of the letter requesting the results and the corresponding letter of transmittal must be sent to PIC for retention.
c. When an investigative agency disseminates reports for PIC, it may use the transmittal documents, letters, or cover sheets it customarily uses for its own cases.
d. The material that is to be provided to PIC will consist of: The originals of all reports, and all other case documentation such as original statements, confidential source sheets, interview logs, requests for investigation, letters of transmittal to adjudicators/ requesters, or communications with the requester, such as those that modify the scope of the investigation.
e. For DIS to fulfill its responsibilities under DoD 5220.22–R and the Privacy Act of 1974 all inquiries conducted in its behalf must be set forth in an ROI for the permanent file, whether the case is completed, terminated early, or referred to another agency.

10. Referral

A case may require premature closing at any time after receipt of the DD Form 1879 by the investigative component if the information accompanying the request, or that which is later developed, is outside DIS jurisdiction. For example, alleged violations of
Criteria for Designating Positions

Three categories have been established for designating computer and computer-related positions—ADP-I, ADP-II, and ADP-III. Specific criteria for assigning positions to one of these categories is as follows:

<table>
<thead>
<tr>
<th>Category</th>
<th>Criteria</th>
</tr>
</thead>
</table>
| ADP-I    | Responsibility for the development and administration of agency computer security programs, and also including direction and control of risk analysis and/or threat assessment. Status of position in the ADP-I category does not necessarily involve personal access to the system, but with relatively high risk for affecting grave damage or realizing significant personal gain. Relatively high risk assignments associated with or directly involving the accounting, disbursement, or authorization for disbursement from systems of (1) dollar amounts of $10 million per year or greater, or (2) lesser amounts if the activities of the individual are not subject to technical review by higher authority in the ADP-I category to ensure the integrity of the system.

Positions involving major responsibility for the direction, planning, design, testing, maintenance, operation, monitoring, and/or management of systems hardware and software.

Other positions as designated by the agency, head that involve relatively high risk for affecting grave damage or realizing significant personal gain.

(1) access to and/or processing of proprietary data, information requiring protection under the Privacy Act of 1974, and Government-developed privileged information involving the award of contracts;

(2) accounting, disbursement, or authorization for disbursement from systems of dollar amounts less than $10 million per year. Other positions are designated by the agency head that involve a degree of access to a system that creates a significant potential for damage or personal gain less than that in ADP-I positions.

ADP-II . . . . . . . . Responsibility for the development and administration of agency computer security programs, and also including direction and control of risk analysis and/or threat assessment. Significant involvement in life-critical or mission-critical systems.

Significant involvement in life-critical or mission-critical systems.

Responsibility for the preparation or approval of data for input into a system which does not necessarily involve personal access to the system, but with relatively high risk for affecting grave damage or realizing significant personal gain.

ADP-III ....... All other positions involved in Federal computer activities.

APPENDIX J TO PART 154—ADP POSITION CATEGORIES AND CRITERIA FOR DESIGNATING POSITIONS

OMB Circular A–71 (and Transmittal Memo #B1), July 1978 OMB Circular A–130, December 12, 1985, and FPM Letter 732, November 14, 1978 contain the criteria for designating positions under the existing categories used in the personnel security program for Federal civilian employees as well as the criteria for designating ADP and ADP related positions. This policy is outlined below:

ADP Position Categories

1. Critical-Sensitive Positions

ADP-I positions. Those positions in which the incumbent is responsible for the planning, direction, and implementation of a computer security program; major responsibility for the direction, planning and design of a computer system, including the hardware and software; or, can access a system during the operation or maintenance in such a way, and with a relatively high risk for causing grave damage, or realize a significant personal gain.

2. Noncritical-Sensitive Positions

ADP-II positions. Those positions in which the incumbent is responsible for the direction, planning, design, operation, or maintenance of a computer system, and whose work is technically reviewed by a higher authority of the ADP-I category to insure the integrity of the system.

3. Nonsensitive Positions

ADP-III positions. All other positions involved in computer activities.

In establishing the categories of positions, other factors may enter into the determination, permitting placement in higher or lower categories based on the agency’s judgement as to the unique characteristics of the system or the safeguards protecting the system.

(8) Department of Treasury.

(11) Federal Reserve System.
(12) General Accounting Office.
(13) General Services Administration.

(15) National Science Foundation.
(16) Small Business Administration.
(17) United States Arms Control and Disarmament Agency.
(18) United States Information Agency.
(20) United States Trade Representative.
(c) Applies to cases that the Defense Industrial Security Clearance Office (DISCO) forwards to the “Defense Office of Hearings and Appeals (DOHA)” for action under this part to determine whether it is clearly consistent with the national interest to grant or continue a security clearance for the applicant.
(d) Provides a program that may be extended to other security cases at the direction of the Assistant Secretary of Defense for Command, Control, Communications, and Intelligence (ASD(C3I)).
(e) Does not apply to cases in which:
(1) A security clearance is withdrawn because the applicant no longer has a need for access to classified information;
(2) An interim security clearance is withdrawn by the DISCO during an investigation; or
(3) A security clearance is withdrawn for administrative reasons that are without prejudice as to a later determination of whether the grant or continuance of the applicant’s security clearance would be clearly consistent with the national interest.
(f) Does not apply to cases for access to sensitive compartmented information or a special access program.

§ 155.3 Definitions.

(a) Applicant. Any U.S. citizen who holds or requires a security clearance or any immigrant alien who holds or requires a limited access authorization for access to classified information needed in connection with his or her employment in the private sector; any U.S. citizen who is a direct-hire employee or selectee for a position with the North Atlantic Treaty Organization (NATO) and who holds or requires NATO certificates of security clearance or security assurances for access to U.S. or foreign classified information; or any U.S. citizen nominated by the Red Cross or United Service Organizations for assignment with the Military Services overseas. The term “applicant” does not apply to those U.S. citizens who are seconded to NATO by U.S. Departments and Agencies or to U.S. citizens recruited through such Agencies in response to a request from NATO.
§ 155.4 Clearance Decision. A decision made in accordance with this part concerning whether it is clearly consistent with the national interest to grant an applicant a security clearance for access to Confidential, Secret, or Top Secret information. A favorable clearance decision establishes eligibility of the applicant to be granted a security clearance for access at the level governed by the documented need for such access, and the type of investigation specified for that level in 32 CFR part 154. An unfavorable clearance decision denies any application for a security clearance and revokes any existing security clearance, thereby preventing access to classified information at any level and the retention of any existing security clearance.

§ 155.4 Policy.

It is DoD policy that:

(a) All proceedings provided for by this part shall be conducted in a fair and impartial manner.

(b) A clearance decision reflects the basis for an ultimate finding as to whether it is clearly consistent with the national interest to grant or continue a security clearance for the applicant.

(c) Except as otherwise provided for by E.O. 10865, as amended, or this part, a final unfavorable clearance decision shall not be made without first providing the applicant with:

1. Notice of specific reasons for the proposed action.

2. An opportunity to respond to the reasons.

3. Notice of the right to a hearing and the opportunity to cross-examine persons providing information adverse to the applicant.

4. Opportunity to present evidence on his or her own behalf, or to be represented by counsel or personal representative.

5. Written notice of final clearance decisions.

(d) Actions pursuant to this part shall cease upon termination of the applicant’s need for access to classified information except in those cases in which:

1. A hearing has commenced;

2. A clearance decision has been issued; or

3. The applicant’s security clearance was suspended and the applicant provided a written request that the case continue.

§ 155.5 Responsibilities.

(a) The Assistant Secretary of Defense of Command, Control, Communications and Intelligence shall:

1. Establish investigative policy and adjudicative standards and oversee their application.

2. Coordinate with the General Counsel of the Department of Defense (GC, DoD) on policy affecting clearance decisions.

3. Issue clarifying guidance and instructions as needed.

(b) The General Counsel of the Department of Defense shall:

1. Establish guidance and provide oversight as to legal sufficiency of procedures and standards established by this part.

2. Establish the organization and composition of the DOHA.

3. Designate a civilian attorney to be the Director, DOHA.

4. Issue clarifying guidance and instructions as needed.

5. Administer the program established by this part.

6. Issue invitational travel orders in appropriate cases to persons to appear and testify who have provided oral or written statements adverse to the applicant relating to a controverted issue.

7. Designate attorneys to be Department Counsels assigned to the DOHA to represent the Government’s interest in cases and related matters within the applicability and scope of this part.

8. Designate attorneys to be Administrative Judges assigned to the DOHA.

9. Designate attorneys to be Administrative Judge members of the DOHA Appeal Board.

10. Provide for supervision of attorneys and other personnel assigned or attached to the DOHA.

11. Develop and implement policy established or coordinated with the GC, DoD, in accordance with this part.
(12) Establish and maintain qualitative and quantitative standards for all work by DOHA employees arising within the applicability and scope of this part.

(13) Ensure that the Administrative Judges and Appeal Board members have the requisite independence to render fair and impartial decisions consistent with DoD policy.

(14) Provide training, clarify policy, or initiate personnel actions, as appropriate, to ensure that all DOHA decisions are made in accordance with policy, procedures, and standards established by this part.

(15) Provide for maintenance and control of all DOHA records.

(16) Take actions as provided for in §155.6(b), and the additional procedural guidance in appendix A to this part.

(17) Establish and maintain procedures for timely assignment and completion of cases.

(18) Issue guidance and instructions, as needed, to fulfill the foregoing responsibilities.

(19) Designate the Director, DOHA, to implement paragraphs (b)(5) through (b)(18) of this section, under general guidance of the GC, DoD.

(c) The Heads of the DoD Components shall provide (from resources available to the designated DoD Component) financing, personnel, personnel spaces, office facilities, and related administrative support required by the DOHA.

(d) The ASD(C3I) shall ensure that cases within the scope and applicability of this part are referred promptly to the DOHA, as required, and that clearance decisions by the DOHA are acted upon without delay.

§155.6 Procedures.

(a) Applicants shall be investigated in accordance with the standards in 32 CFR part 154.

(b) An applicant is required to give, and to authorize others to give, full, frank, and truthful answers to relevant and material questions needed by the DOHA to reach a clearance decision and to otherwise comply with the procedures authorized by this part. The applicant may elect on constitutional or other grounds not to comply; but refusal or failure to furnish or authorize the providing of relevant and material information or otherwise cooperate at any stage in the investigation or adjudicative process may prevent the DOHA from making a clearance decision. If an applicant fails or refuses to:

(1) Provide relevant and material information or to authorize others to provide such information; or

(2) Proceed in a timely or orderly fashion in accordance with this part; or

(3) Follow directions of an Administrative Judge or the Appeal Board; then the Director, DOHA, or designee, may revoke any security clearance held by the applicant and discontinue case processing. Requests for resumption of case processing and reinstatement of a security clearance may be approved by the Director, DOHA, only upon a showing of good cause. If the request is denied, in whole or in part, the decision is final and bars reapplication for a security clearance for 1 year from the date of the revocation.

(c) Each clearance decision must be a fair and impartial common sense determination based upon consideration of all the relevant and material information and the pertinent criteria in 32 CFR 154.7 and adjudication policy in appendix H to 32 CFR part 154, including as appropriate:

(1) Nature and seriousness of the conduct and surrounding circumstances.

(2) Frequency and recency of the conduct.

(3) Age of the applicant.

(4) Motivation of the applicant, and the extent to which the conduct was negligent, willful, voluntary, or undertaken with knowledge of the consequences involved.

(5) Absence or presence of rehabilitation.

(6) Probability that the circumstances or conduct will continue or recur in the future.

(d) Whenever there is a reasonable basis for concluding that an applicant’s continued access to classified information poses an imminent threat to the national interest, any security clearance held by the applicant may be suspended by the ASD(C3I), with the concurrence of the GC, DoD, pending a
final clearance decision. This suspension may be rescinded by the same authorities upon presentation of additional information that conclusively demonstrates that an imminent threat to the national interest no longer exists. Procedures in appendix A to this part shall be expedited whenever an applicant’s security clearance has been suspended pursuant to this section.

(e) Nothing contained in this part shall limit or affect the responsibility and powers of the Secretary of Defense or the head of another Department or Agency to deny or revoke a security clearance when the security of the nation so requires. Such authority may not be delegated and may be exercised only when the Secretary of Defense or the head of another Department or Agency determines that the hearing procedures and other provisions of this part cannot be invoked consistent with the national security. Such a determination shall be conclusive.

(f) Additional procedural guidance is in appendix A to this part.

APPENDIX A TO PART 155—ADDITIONAL PROCEDURAL GUIDANCE

1. When the DISCO cannot affirmatively find that it is clearly consistent with the national interest to grant or continue a security clearance for an applicant, the case will be promptly referred to the DOHA.

2. Upon referral, the DOHA shall make a prompt determination whether to grant or continue a security clearance, issue a statement of reasons (SOR) as to why it is not clearly consistent with the national interest to do so, or take interim actions, including but not limited to:
   a. Direct further investigation.
   b. Propound written interrogatories to the applicant or other persons with relevant information.
   c. Requiring the applicant to undergo a medical evaluation by a DoD Psychiatric Consultant.
   d. Interviewing the applicant.
   e. An unfavorable clearance decision shall not be made unless the applicant has been provided with a written SOR that shall be as detailed and comprehensive as the national security permits. A letter of instruction with the SOR shall explain the adverse consequences for failure to respond to the SOR within the prescribed time frame.

4. The applicant must submit a detailed written answer to the SOR under oath or affirmation that shall admit or deny each listed allegation. A general denial or other similar answer is insufficient. To be entitled to a hearing, the applicant must specifically request a hearing in his or her answer. The answer must be received by the DOHA within 20 days from receipt of the SOR. Requests for an extension of time to file an answer may be submitted to the Director, DOHA, or designee, who in turn may grant the extension only upon a showing of good cause.

5. If the applicant does not file a timely and responsive answer to the SOR, the Director, DOHA, or designee, may discontinue processing the case, deny issuance of the requested security clearance, and direct the DISCO to revoke any security clearance held by the applicant.

6. Should review of the applicant’s answer to the SOR indicate that allegations are unfounded, or evidence is insufficient for further processing, Department Counsel shall take such action as appropriate under the circumstances, including but not limited to withdrawal of the SOR and transmittal to the Director for notification of the DISCO for appropriate action.

7. If the applicant has not requested a hearing with his or her answer to the SOR and Department Counsel has not requested a hearing within 20 days of receipt of the applicant’s answer, the case shall be assigned to an Administrative Judge for a clearance decision based on the written record. Department Counsel shall provide the applicant with a copy of all relevant and material information that could be adduced at a hearing. The applicant shall have 30 days from receipt of the information in which to submit a documentary response setting forth objections, rebuttal, extenuation, mitigation, or explanation, as appropriate.

8. If a hearing is requested by the applicant or Department Counsel, the case shall be assigned to an Administrative Judge for a clearance decision based on the hearing record. Following issuance of a notice of hearing by the Administrative Judge, or designee, the applicant shall appear in person with or without counsel or a personal representative at a time and place designated by the notice of hearing. The applicant shall have a reasonable time to prepare his or her case. The applicant shall be notified at least 15 days in advance of the time and place of the hearing, which generally shall be held at a location in the United States within a metropolitan area near the applicant’s place of employment or residence. A continuance may be granted by the Administrative Judge only for good cause. Hearings may be held outside of the United States in NATO cases, or in other cases upon a finding of good cause by the Director, DOHA, or designee.
9. The Administrative Judge may require a prehearing conference.
10. The Administrative Judge may rule on questions of procedure, discovery, and evidence and shall conduct all proceedings in a fair, timely, and orderly manner.
11. Discovery by the applicant is limited to non-privileged documents and materials subject to discovery by DOHA. Discovery by Department Counsel after issuance of an SOR may be granted by the Administrative Judge only upon a showing of good cause.
12. A hearing shall be open except when the applicant requests that it be closed, or when the Administrative Judge determines that there is a need to protect classified information or there is other good cause for keeping the proceeding closed. No inference shall be drawn as to the merits of a case on the basis of a request that the hearing be closed.
13. As far in advance as practical, Department Counsel and the applicant shall serve one another with a copy of any pleading, proposed documentary evidence, or other written communication to be submitted to the Administrative Judge.
14. Department Counsel is responsible for presenting witnesses and other evidence to establish facts alleged in the SOR that have been controverted.
15. The applicant is responsible for presenting witnesses and other evidence to rebut, explain, extenuate, or mitigate facts admitted by the applicant or proven by Department Counsel, and has the ultimate burden of persuasion as to obtaining a favorable clearance decision.
16. Witnesses shall be subject to cross-examination.
17. The SOR may be amended at the hearing by the Administrative Judge on his or her own motion, or upon motion by Department Counsel or the applicant, so as to render it in conformity with the evidence admitted or for other good cause. When such amendments are made, the Administrative Judge may grant either party’s request for such additional time as the Administrative Judge may deem appropriate for further preparation or other good cause.
18. The Administrative Judge hearing the case shall notify the applicant and all witnesses testifying that 18 U.S.C. 1001 is applicable.
19. The Federal Rules of Evidence (28 U.S.C. 101 et seq.) shall serve as a guide. Relevant and material evidence may be received subject to rebuttal, and technical rules of evidence may be relaxed, except as otherwise provided herein, to permit the development of a full and complete record.
20. Official records or evidence compiled or created in the regular course of business, other than DoD personnel background reports of investigation (ROI), may be received and considered by the Administrative Judge without authenticating witnesses, provided that such information has been furnished by an investigative agency pursuant to its responsibilities in connection with assisting the Secretary of Defense, or the Department or Agency head concerned, to safeguard classified information within industry under to E.O. 10865, as amended. An ROI may be received with an authenticating witness provided it is otherwise admissible under the Federal Rules of Evidence (28 U.S.C. 101 et seq.).
21. Records that cannot be inspected by the applicant because they are classified may be received and considered by the Administrative Judge, provided the GC, DoD, has:
   a. Made a preliminary determination that such evidence appears to be relevant and material.
   b. Determined that failure to receive and consider such evidence would be substantially harmful to the national security.
22. A written or oral statement adverse to the applicant on a controverted issue may be received and considered by the Administrative Judge without affording an opportunity to cross-examine the person making the statement orally, or in writing when justified by the circumstances, only in either of the following circumstances:
   a. If the head of the Department or Agency supplying the statement certifies that the person who furnished the information is a confidential informant who has been engaged in obtaining intelligence information for the Government and that disclosure of his or her identity would be substantially harmful to the national interest; or
   b. If the GC, DoD, has determined the statement concerned appears to be relevant, material, and reliable; failure to receive and consider the statement would be substantially harmful to the national security; and the person who furnished the information cannot appear to testify due to the following:
      (1) Death, severe illness, or similar cause, in which case the identity of the person and the information to be considered shall be made available to the applicant; or
      (2) Some other cause determined by the Secretary of Defense, or when appropriate by the Department or Agency head, to be good and sufficient.
23. Whenever evidence is received under item 21. or 22., the applicant shall be furnished with as comprehensive and detailed a summary of the information as the national security permits. The Administrative Judge and Appeal Board may make a clearance decision either favorable or unfavorable to the applicant based on such evidence after giving appropriate consideration to the fact that the applicant did not have an opportunity to confront such evidence, but any final determination adverse to the applicant shall be made only by the Secretary of Defense, or
the Department or Agency head, based on a personal review of the case record.

24. A verbatim transcript shall be made of the hearing. The applicant shall be furnished one copy of the transcript, less the exhibits, without cost.

25. The Administrative Judge shall make a written clearance decision in a timely manner settling the findings of fact, policies, and conclusions as to the allegations in the SOR, and whether it is clearly consistent with the national interest to grant or continue a security clearance for the applicant. The applicant and Department Counsel shall each be provided a copy of the clearance decision. In cases in which evidence is received under items 21. and 22., the Administrative Judge’s written clearance decision may require deletions in the interest of national security.

26. If the Administrative Judge decides that it is clearly consistent with the national interest for the applicant to be granted or to retain a security clearance, the DISCO shall be so notified by the Director, DOHA, or designee, when the clearance decision becomes final in accordance with item 28., below.

27. If the Administrative Judge decides that it is not clearly consistent with the national interest for the applicant to be granted or to retain a security clearance, the Director, DOHA, or designee, shall expeditiously notify the DISCO, which shall in turn notify the applicant’s employer of the denial or revocation of the applicant’s security clearance. The letter forwarding the Administrative Judge’s clearance decision to the applicant shall advise the applicant that these actions are being taken, and that the applicant may appeal the Administrative Judge’s clearance decision.

28. The applicant or Department Counsel may appeal the Administrative Judge’s clearance decision by filing a written notice of appeal with the Appeal Board within 15 days after the date of the Administrative Judge’s clearance decision. A notice of appeal received after 15 days from the date of the clearance decision shall not be accepted by the Appeal Board, or designated Board Member, except for good cause. A notice of cross appeal may be filed with the Appeal Board within 10 days of receipt of the notice of appeal. An untimely cross appeal shall not be accepted by the Appeal Board, or designated Board Member, except for good cause.

29. Upon receipt of a notice of appeal, the Appeal Board shall be provided the case record. No new evidence shall be received or considered by the Appeal Board.

30. After filing a timely notice of appeal, a written appeal brief must be received by the Appeal Board within 45 days from the date of the Administrative Judge’s clearance decision. The appeal brief must state the specific issue or issues being raised, and cite specific portions of the case record supporting any alleged error. A written reply brief, if any, must be filed within 20 days from receipt of the appeal brief. A copy of any brief filed must be served upon the applicant or Department Counsel, as appropriate.

31. Requests for extension of time for submission of briefs may be submitted to the Appeal Board or designated Board Member. A copy of any request for extension of time must be served on the opposing party at the time of submission. The Appeal Board, or designated Board Member, shall be responsible for controlling the Appeal Board’s docket, and may enter an order dismissing an appeal in an appropriate case or vacate such an order upon a showing of good cause.

32. The Appeal Board shall address the material issues raised by the parties to determine whether harmful error occurred. Its scope of review shall be to determine whether or not:

a. The Administrative Judge’s findings of fact are supported by such relevant evidence as a reasonable mind might accept as adequate to support a conclusion in light of all the contrary evidence in the same record. In making this review, the Appeal Board shall give deference to the credibility determinations of the Administrative Judge;

b. The Administrative Judge adhered to the procedures required by E.O. 10865, as amended and this part; or

c. The Administrative Judge’s rulings or conclusions are arbitrary, capricious, or contrary to law.

33. The Appeal Board shall issue a written clearance decision addressing the material issues raised on appeal. The Appeal Board shall have authority to:

a. Affirm the decision of the Administrative Judge;

b. Remand the case to an Administrative Judge to correct identified error. If the case is remanded, the Appeal Board shall specify the action to be taken on remand; or

c. Reverse the decision of the Administrative Judge if correction of identified error mandates such action.

34. A copy of the Appeal Board’s written clearance decision shall be provided to the parties. In cases in which evidence was received under items 21. and 22., the Appeal Board’s clearance decision may require deletions in the interest of national security.

35. Upon remand, the case file shall be assigned to an Administrative Judge for correction of error(s) in accordance with the Appeal Board’s clearance decision. The assigned Administrative Judge shall make a new clearance decision in the case after correcting the error(s) identified by the Appeal Board. The Administrative Judge’s clearance decision after remand shall be provided to
the party. The clearance decision after re-
mand may be appealed pursuant to items 28.
35. A clearance decision shall be considered
final when:
a. A security clearance is granted or con-
tinued pursuant to item 2; and
b. No timely notice of appeal is filed;
c. No timely appeal brief is filed after a no-
tice of appeal has been filed;
d. The appeal has been withdrawn;
e. When the Appeal Board affirms or re-
verses an Administrative Judge’s clearance
decision; or
f. When a decision has been made by the
Secretary of Defense, or the Department or
Agency head, under item 23.
The Director, DOHA, or designee, shall no-
tify the DISCO of all final clearance deci-
sions.
36. An applicant whose security clearance
has been finally denied or revoked by the
DOHA is barred from reapplication for 1 year
from the date of the initial unfavorable
decision claim. The Director, DOHA, or des-
ignee, may in his or her discretion require
additional information from the petitioner.
37. An applicant whose security clearance
was the primary cause of the claimed pecu-
liary loss; and
38. A reapplication for a security clearance
must be made initially by the applicant’s
employer to the DISCO and is subject to the
same processing requirements as those for a
new security clearance application. The ap-
licant shall thereafter be advised he is re-
ponsible for providing the Director, DOHA,
with a copy of any adverse clearance deci-
sion together with evidence that cir-
cumstances or conditions previously found
against the applicant have been rectified or
sufficiently mitigated to warrant reconsid-
eration.
39. If the Director, DOHA, determines that
reconsideration is warranted, the case shall be
subject to this part for making a clear-
ance decision.
40. If the Director, DOHA, determines that
reconsideration is not warranted, the DOHA
shall notify the applicant of this decision.
Such a decision is final and bars further re-
application for an additional one year period
from the date of the decision rejecting the
application.
41. Nothing in this part is intended to give
an applicant reapplying for a security clear-
ance any greater rights than those applica-
table to any other applicant under this part.
42. An applicant may file a written peti-
tion, under oath or affirmation, for reim-
bursement of loss of earnings resulting from
the suspension, revocation, or denial of his or
her security clearance. The petition for reim-
bursement must include as an attach-
ment the favorable clearance decision and
documentation supporting the reimburse-
ment claim. The Director, DOHA, or des-
ignee, may in his or her discretion require
additional information from the petitioner.
43. Claims for reimbursement must be filed
with the Director, DOHA, or designee, within
1 year after the date the security clearance
is granted. Department Counsel generally
shall file a response within 60 days after re-
ceipt of applicant’s petition for reimburse-
ment and provide a copy thereof to the appli-
cant.
44. Reimbursement is authorized only if
the applicant demonstrates by clear and con-
vincing evidence to the Director, DOHA, that
all of the following conditions are met:
a. The suspension, denial, or revocation
was the primary cause of the claimed pecu-
liary loss; and
b. The suspension, denial, or revocation
was due to gross negligence of the Depart-
ment of Defense at the time the action was
taken, and not in any way by the applicant’s
failure or refusal to cooperate.
45. The amount of reimbursement shall not
exceed the difference between the earnings of
the applicant at the time of the suspension,
revocation, or denial and the applicant’s in-
term earnings, and further shall be subject
to reasonable efforts on the part of the appli-
cant to mitigate any loss of earnings. No re-
imbursement shall be allowed for any period
of undue delay resulting from the applicant’s
acts or failure to act. Reimbursement is not
authorized for loss of merit raises and gen-
eral increases, loss of employment opportu-
nities, counsel’s fees, or other costs relating
to proceedings under this part.
46. Claims approved by the Director,
DOHA, shall be forwarded to the Depart-
ment or Agency concerned for payment. Any pay-
ment made in response to a claim for reim-
bursement shall be in full satisfaction of any
further claim against the United States or
any Federal Department or Agency, or any
of its officers or employees.
47. Clearance decisions issued by Adminis-
trative Judges and the Appeal Board shall be
indexed and made available in redacted form
to the public.

§ 158.5 Procedures.

(a) DoD classified information that is permanently valuable, as defined by 44 U.S.C. 2103, that has been accessioned into the National Archives of the United States, will be reviewed systematically for declassification by the Archivist of the United States, with the assistance of the DoD personnel designated for that purpose, as it becomes 30 years old; however, file series concerning intelligence activities (including special activities) created after 1945, intelligence sources or methods created after 1945, and cryptology records created after 1945 will be reviewed as they become 50 years old.

(b) All other DoD classified information and foreign government information that is permanently valuable and in the possession or control of DoD Components, including that held in Federal records centers or other storage areas, may be reviewed systematically for declassification by the DoD Component exercising control of such information.

(c) DoD classified information and foreign government information in the possession or control of DoD Components shall be declassified when they become 30 years old, or 50 years old in the case of DoD intelligence activities (including special activities) created after 1945, intelligence sources or methods created after 1945, or cryptology created after 1945, if they are not within one of the categories specified in §§ 158.7 through 158.10 or in 48 FR 4403, January 31, 1983.

(b) The following are examples of considerations that may be appropriate in deciding whether information in the categories listed in §§158.7 through 158.10 may be declassified when it is reviewed:

1. The information no longer provides the United States a scientific, engineering, technical, operational, intelligence, strategic, or tactical advantage over other nations.

2. The operational military capability of the United States revealed by the information no longer constitutes a limitation on the effectiveness of the Armed Forces.

3. The information is pertinent to a system that no longer is used or relied on for the defense of the United States or its allies and does not disclose the capabilities or vulnerabilities of existing operational systems.

(2) The DARC shall consider all matters determined by the Council Director to be within the scope of the Council’s responsibilities.

(3) Substantive changes to DAR policy and procedures may be proposed by submitting appropriate recommendations to include specific regulatory language to the Director (Contracts and System Acquisition), through the following officials. Proposed routine administrative changes may be submitted directly to the Council Director.

(i) DOD organizations. The Military Departments, the Defense Agencies and the Office of the Joint Chiefs of Staff shall submit recommendations through a designated senior official responsible for acquisition policy matters, OSD staffs shall submit recommendations through the staff principals.

(ii) Federal agencies. Other Federal agencies, required by OFPP to conduct acquisition functions in accordance with DAR policy, shall submit proposed changes through a senior agency official designated by the agency head to represent the agency on all matters involving the DAR. The designated official shall be authorized to communicate directly with the DARC and to give final coordination for the agency.

(iii) Private sector. Private sector entities with an interest in DAR policy will submit proposed changes directly. Industry associations will designate an individual to the Council Director and establish procedures for the individual to represent the association in commenting on DAR policy actions prior to final action by the Council. The procedures will provide for the completion of industry actions with the Council on a schedule not to exceed 60 days.

The procedure for accomplishing the task shall be determined by the lead agency. DOD activities shall provide support as requested by the lead agency.

(6) The Council Director shall establish schedules for the completion of each case before the Council based on the needs and urgency of the individual cases. Schedules shall require completion of the Council’s action in a period not to exceed 120 days independent of industry coordination, except in specific cases where the Council Director determines an extended schedule is required. In such cases, the schedule will be approved by the Deputy Under Secretary of Defense (Acquisition Policy) or his designated representative.

(7) On matters of major policy or issues where a consensus of the Policy members has not been achieved after a reasonable period of debate, the Council Director shall present the Departmental and Agency positions to the Deputy Under Secretary (Acquisition Policy), or his designated representative for resolution after consultation with the appropriate senior officials of the Military Departments and DLA. The decision of the Deputy Under Secretary of Defense (Acquisition Policy), or his designated representative shall be implemented without further coordination.

(8) The Council Director shall require summary minutes of Council meetings to be maintained as a permanent record by the Executive Secretary. Minutes will clearly document the positions of the participating organizations on matters before the Council. The positions stated by other organizations shall be documented when in disagreement with the final decision.

(e) Supplementing Instructions. Additional policies and procedures essential to the operation of the DARS shall be issued by the Under Secretary of Defense for Research and Engineering.

§ 162.1 Purpose.

This part:
(a) Updates policy, responsibilities, procedures, and guidance for the PECI process under DoD Directive 5010.31.1
(b) Authorizes the publication of DoD 5010.36 36–H.2 “Productivity Enhancing Capital Investment (PECI) Handbook,” consistent with DoD 5025.1–M.3

§ 162.3 Definition.

(a) Capital Investment. The acquisition, installation, transportation, and other costs needed to place equipment or facilities in operation meeting DoD capitalization requirements.

(b) Economic Life. The time period over which the benefits to be gained from a project may reasonably be expected to accrue to the Department of Defense.

(c) Internal Rate of Return (IRR). The discount rate that equates the present value of the future cash inflows, e.g. savings and cost avoidance, with the present value costs of an investment.

(d) Life-Cycle Savings. The estimated cumulative budgetary savings expected over the life of the project.

(e) Net Present Value of Investment. The difference between the present value benefit and the present value cost at a given discount rate.

(f) Off-the-Shelf. Equipment that is readily available through Government or commercial sources or that can be fabricated through combination or modification of existing equipment.

(g) Pay-Back Period. The number of years required for the cumulative savings to have the same value as the investment cost.

(h) PECI Benefits. Benefits resulting from PECIs are classified as savings or as cost avoidance:

(1) Savings. Benefits that can be precisely measured, quantified, and placed under management control at time of realization. Savings can be reflected as specific reductions in the approved program or budget, after they have been achieved. Examples include costs for manpower authorizations and or funded work-year reductions, reduced or eliminated operating costs (utilities, travel, and repair), and reduced or eliminated parts and contracts.

(2) Cost-Avoidance. Benefits from actions that obviate the requirements for an increase in future levels of manpower or costs that would be necessary, if present management practices were continued. The effect of cost-avoidance savings is the achievement of a higher level of readiness or increased value (quantity, quality or timeliness) of output at level staffing cost or the absorption of a growing workload at the same level of staffing or cost.

(i) Post-Investment Assessment (PIA). A PIA is conducted by DoD Components to establish accountability and provide information to improve future investment strategies.

(j) Productivity. The efficiency with which resources are used to provide a government service or product at specified levels of quality and timeliness.

(k) Productivity Enhancement (or Productivity Improvement). A decrease in the unit cost of products and services delivered with equal or better levels of quality and timeliness.

(l) Productivity Enhancing Capital Investment (PECI). Equipment or facility funding that shall improve Government service, products, quality, or timeliness. PECI projects are funded using PIF, PEIF, and CSI programs. These programs are defined as follows:

(1) Productivity Investment Fund (PIF). PIF projects cost over $100,000 and
must amortize within 4 years from the date they become operational. In FY 1994 the threshold changes to $150,000.

(2) Productivity Enhancing Incentive Fund (PEIF). PEIF projects cost under $100,000 and are expected to amortize within 2 years of the date they become operational. In FY 1994 the limit changes to $150,000.

(3) Component-Sponsored Investment (CSI). CSI projects are fast pay-back or high interest investments that may have different DoD Component selection criteria than those specified for PIF or PEIF projects.

(m) Quality. The extent to which a product or service meets customer requirements and customer expectations.

§ 162.4 Policy.

It is DoD Policy that:

(a) The PECI program shall be an integral part of DoD Component investment planning and of the Defense Planning, Programming, and Budgeting System (PPBS). DoD Instruction 7045.7.4 PECI planning shall include the productivity investment fund (PIF), the productivity enhancing incentive fund (PEIF), and component-sponsored investments (CSIs). The PECI program is a major DoD strategy to achieve productivity goals under E.O. 12637.5

(b) PECI projects shall be selected to improve quality and productivity, or to reduce unit cost of outputs in defense operations. PECI projects shall be evaluated and approved for funding based on recognized principles of economic analysis. Each PECI project shall be subject to all restrictions established by public law, DoD policy, and other regulatory constraints.

(c) DoD personnel at all levels shall be encouraged to seek out and identify opportunities for quality and productivity improvement. Those efforts shall be supported by using the PECI as a means of financing the improvements. The PECI Program shall provide incentives for participation, supported by the financial management system and policies.

(d) Individuals or groups who successfully identify PECI opportunities that result in significant savings or improvements in quality or productivity or who aggressively promote PECI incentives within their organizations should be recognized through the DoD Incentive Awards Program, DoD Instruction 5120.16.6 the Secretary of Defense Productivity Excellence Awards Program, performance appraisal, or other appropriate means. All these savings derived through PECI will remain with the originating DoD Component. As an incentive a portion of these savings, when possible, should remain at the submitting activity.

(e) Funds provided through FY 1993 from the centrally managed OSD PIF may not be reprogrammed for non-PIF purposes without prior approval of the Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)). The Heads of DoD Components shall monitor obligation rates to ensure PIF projects are executed quickly. If project funding cannot be obligated within the specified fiscal year(s) for the type of funding, the Head of the DoD Component must reprogram PIF funds to alternate approved PIF projects. The PIF projects shall be monitored to ensure timely implementation and to validate savings through the amortization period. The PECIs are subject to audit as established by DoD Instruction 7600.27 (reference (g)) policy.

§ 162.5 Responsibilities.

(a) The Assistant Secretary of Defense (Force Management and Personnel (ASD (FM&P))) shall:

(1) Develop policies and guidance for the overall DoD PECI program.

(2) Maintain oversight of the PECI program to ensure implementation of this instruction. Through FY 1993 that oversight includes total process control and coordination of PIF actions to identify, select and approve, reprogram, and disapprove projects. Starting FY 1994 and ASD (FM&P) shall retain central oversight of the PECI program which is decentralized to the Components.

(3) Evaluate program results and training requirements and provide additional guidance, as necessary.

4 See footnote 1 to §162.1(a).
5 See footnote 1 to §162.1(a).
6 See footnote 1 to §162.1(a).
7 See footnote 1 to §162.1(a).
§ 162.6 Procedures.

The following procedures shall be followed by the DoD Components in the identification, documentation, selection, and financing of PECI projects:

(a) Document each PECI project to ensure that it is:

(1) A desirable action in accordance with the DoD Component’s long-range planning and programming objectives, quality objectives, and customer and/or user satisfaction.

(2) Needed to perform and improve valid operations, functions, or services (as established by assigned missions and taskings) that cannot be performed as effectively or economically by other means, such as the use of existing facilities, methods, processes, or procedures.

(3) Justified on the basis of a valid economic analysis done in accordance with DoD Instruction 7041.3.

(4) Validated as to reasonableness, completeness, and correct appropriation.

(5) Classified properly as having savings or cost avoidance benefits.

(b) Include resources for PECI in programming documents and budget submissions. The level of funding shall be established under quality and productivity plans and goals established by the Component.

(c) Use guidelines for project documentation, pre-investment analysis, financing, and post-investment accountability of PECI projects, when DoD 5010.36–H is published.

(d) Classify PECI projects for financing and aggregated reporting as follows:

(1) PIF projects. PIF projects are competitively selected from candidate proposals and financed through traditional budget appropriation processes from funds set aside for this purpose. PIF projects must cost over $100,000 and must amortize within 4 years from the date that they become operational. Both equipment and facilities investments that conform to public law, or DoD policies governing their qualification, may be included. Projects may include a function at several activities or locations and be Service-wide or Agency-wide. In FY 1994 the threshold will change to $150,000.

(2) PEIF projects. PEIF projects are financed from the DoD Component accounts established in annual appropriations and are expected to amortize within 2 years of the date they become operational. Funding for PEIF projects shall be included in the DoD Component annual appropriations as a single

---

8 See footnote 1 to §162.1(a).
9 See footnote 1 to §162.1(a).
amount to cover projects, as they are proposed throughout the budget year. PEIF projects cannot exceed $100,000 or cost limitations established by the OSD (whichever is greater) and are limited to facility modification and acquisition of "off-the-shelf" equipment requiring little or no modification before use. In FY 1994 the limit changes to $150,000. Justification for those projects shall be based on the potential to improve quality and productivity that is realized through improvements in operating methods, quality, processes, or procedures.

(3) CSI. CSI projects are investments financed from the DoD Component accounts that may have longer amortization periods than the PEIF and may have different DoD Component cost or benefit criteria than those specified for PIF projects. The CSI projects shall be identified and included in the DoD Component’s annual budget.

§ 162.7 Information requirements.

(a) DoD Components shall submit to the ASD (FM&P), by December 15th of each year, an annual status report on all PECI programs as outlined in appendix A to this part. The DoD Components shall maintain the data at a central point to support reporting requirements.

§ 165.1 Purpose.

This part updates policy to conform with Public Law 90–629, “Arms Export
§ 165.2 Applicability and scope.

(a) This part applies to the Office of the Secretary of Defense, the Military Departments, the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Unified and Specified Commands, the Defense Agencies, and the DoD Field Activities (hereafter referred to collectively as “the DoD Components”).

(b) The provisions of this part do not apply to sales of excess property when accountability has been transferred to property disposal activities and the property is sold in open competition to the highest bidder.

(c) The policies and procedures provided for in this part shall apply to all sales on or after January 13, 1993, and supersede application thresholds and charges previously established. Previous versions continue to govern sales made during applicable effective dates. Such previously established nonrecurring cost recoupment thresholds and charges shall be eliminated or revised in accordance with this part.

§ 165.3 Definitions.

(a) Cost pool. Represents the total cost to be distributed across the specific number of units. The nonrecurring research, development, test, and evaluation cost pool comprises the costs described in paragraph (f), of this section. The nonrecurring production cost pool comprises costs described in paragraph (e), of this section.

(b) Foreign military sale. A sale by the U.S. Government of defense items or defense services to a foreign government or international organization under authority of the “Arms Export Control Act,” Public Law No. 90–629 (1968) as amended. Except as waived by the Under Secretary of Defense for Policy, Foreign Military Sales are the only sales subject to nonrecurring cost recoupment charges.

(c) Major defense equipment. Any item of significant military equipment on the United States Munitions List having a nonrecurring research, development, test, and evaluation cost of more than 50 million dollars or a total production cost of more than 200 million dollars. The determination of whether an item meets the major defense equipment dollar threshold for research, development, test, and evaluation shall be based on DoD obligations recorded to the date the equipment is offered for sale. Production costs shall include costs incurred by the Department of Defense. Production costs for the foreign military sales program and known direct commercial sales production are excluded.

(d) Model. A basic alpha-numeric designation in a weapon system series; e.g., a ship hull series, an equipment or system series, an airframe series, or a vehicle series. For example, the F5A and the F5F are different models in the same F–5 system series.

(e) Nonrecurring production costs. Those one-time costs incurred in support of previous production of the model specified and those costs specifically incurred in support of the total projected production run. Those nonrecurring cost include DoD expenditures for preproduction engineering; rate and special tooling; special test equipment; production engineering; product improvement; destructive testing; and pilot model production, testing, and evaluation. That includes costs of any engineering change proposals initiated before the date of calculations of the nonrecurring costs recoupment charge. Nonrecurring production costs do not include DoD expenditures for machine tools, capital equipment, or facilities for which contractor rental payments are made or waived in accordance with the DoD FAR Supplement.

(f) Nonrecurring research, development, test, and evaluation costs. Those costs funded by a research, development, test, and evaluation appropriation to develop or improve the product or technology under consideration either through contract or in-house DoD effort. This includes costs of any engineering change proposal started before the date of calculation of the nonrecurring cost recoupment charges as well as projections of such costs, to the extent additional effort applicable to
the sale model or technology is necessary or planned. It does not include costs funded by either procurement or operation and maintenance appropriations.

(g) **Pro rata recovery of nonrecurring costs.** Equal distribution (proration) of a pool of nonrecurring cost to a specific number of units that benefit from the investment so that a DoD Component shall collect from a customer a fair (pro rata) share of the investment in the product being sold. The production quantity base used to determine the pro rata calculation of major defense equipment includes total production.

(h) **Significant change in nonrecurring cost recoupment charge.** A significant change occurs as follows:

1. A new calculation shows a change of 30 percent of the current system nonrecurring cost charge.
2. The nonrecurring cost unit charge increases or decreases by 50,000 dollars or more; or
3. Where the potential for a 5 million dollars change in recoupment exists. The total collections may be estimated based on the projected sales quantities. When potential collections increase or decrease by 5 million dollars, a significant change occurs.

(i) **'Special' research, development, test, and evaluation and nonrecurring production costs.** Costs incurred under a foreign military sale at the request of, or for the benefit of, a foreign customer to develop a special feature or unique or joint requirement. Those costs must be paid by the customer as they are incurred.

§ 165.4 Policy.

It is DoD policy that:

(a) A nonrecurring cost recoupment charge shall be imposed for sales of major defense equipment only as required by Act of Congress (e.g., Arms Export Control Act).

(b) The Under Secretary of Defense for Policy may grant a waiver to recoupment charges in accordance with §165.7.

(c) Nonrecurring cost charges shall be based on the amount of the DoD nonrecurring investment in an item.

§ 165.5 Responsibilities.

(a) The Comptroller of the Department of Defense shall provide necessary financial management guidance.

(b) The Under Secretary of Defense (Acquisition) shall take appropriate action to revise the DoD Federal Acquisition Regulation Supplement in accordance with this part.

(c) The Under Secretary of Defense for Policy shall:

1. Monitor the application of this part.
2. Review and approve nonrecurring cost recoupment charges, and nonrecurring cost recoupment charge waiver requests received from foreign countries and international organizations for foreign military sales.
3. Ensure publication of a listing of items developed for or by the Department of Defense to which nonrecurring cost recoupment charges are applicable.

(d) The Secretaries of the Military Departments and the Directors of the Defense Agencies shall:

1. Determine the DoD nonrecurring investment in items developed for or by the Department of Defense and perform required pro rata calculations in accordance with this part and financial management guidance from the Comptroller of the Department of Defense.
2. Validate and provide recommended charges to the Under Secretary of Defense for Policy. Supporting documentation will be retained until the item has been eliminated from the nonrecurring cost recoupment charge listing.
3. Review approved nonrecurring cost recoupment charges on a biennial basis to determine if there has been a change in factors or assumptions used to compute a nonrecurring cost recoupment charge and, if there is a significant change in a nonrecurring cost recoupment charge, provide a recommended change to the Under Secretary of Defense for Policy.

4. Collect charges on foreign military sales in accordance with DoD 7290.3-M, “Foreign Military Sales Financial Management Manual” and on
§ 165.6 Procedures.

(a) The nonrecurring cost recoupment charge to be reimbursed shall be a pro rata recovery of nonrecurring cost for the applicable major defense equipment. Recovery of nonrecurring cost recoupment charges shall cease upon the recovery of total DOD costs. Such charges shall be based on a cost pool as defined in §165.3. For a system that includes more than one component, a “building block” approach (i.e., the sum of nonrecurring cost recoupment charges for individual components) shall be used to determine the nonrecurring cost recoupment charge for the sale of the entire system.

(b) A nonrecurring cost recoupment charge shall not apply when a waiver has been approved by the Under Secretary of Defense for Policy in accordance with §165.7 or when sales are financed with U.S. Government funds made available on a nonrepayable basis. Approved revised nonrecurring cost recoupment charges shall not be applied retroactively to accepted foreign military sales agreements.

(c) When major defense equipment are sold at a reduced price due to age or condition, the nonrecurring cost recoupment charge shall be reduced by the same percentage reduction.

(d) The full amount of “special” research, development, test, and evaluation and nonrecurring production costs incurred for the benefit of particular customers shall be paid by those customers. However, when a subsequent purchaser requests the same specialized features that resulted from the added “special” research, development, test, and evaluation and nonrecurring production costs, a pro rata share of those costs may be paid by the subsequent purchaser and transferred to the original customer if those special nonrecurring costs exceed 50 million dollars. The pro rata share may be a unit charge determined by the DoD Component as a result of distribution of the total costs divided by the total production. Such reimbursements shall not be collected after 10 years have elapsed since acceptance of DD Form 1513, “U.S. DoD Offer and Acceptance,” by the original customer, unless otherwise authorized by the Under Secretary of Defense for Policy. The U.S. Government shall not be charged any nonrecurring costs recoupment charge if it adopts the features for its own use or provides equipment with such features under a U.S. Grant Aid or similar program.

(e) For coproduction, codevelopment and cooperative development, or cooperative production DoD agreements, the policy set forth in this part shall determine the allocation basis for recouping from the third party purchasers the investment costs of the participants. Such DoD agreements shall provide for the application of the policies in this part to sales to third parties by any of the parties to the agreement and for the distribution of recoupments among the parties to the agreement.

§ 165.7 Waivers (including reductions).

(a) The “Arms Export Control Act,” Public Law No. 90–629, as amended, requires the recoupment of a proportionate amount of nonrecurring cost of major defense equipment from foreign military sales customers but authorizes consideration of reductions or waivers for particular sales which, if made, significantly advance U.S. Government interests and the furtherance of mutual defense treaties between the United States and certain countries.

(b) Request for waivers should originate with the foreign government and shall provide information on the extent of standardization to be derived as a result of the waiver.
Office of the Secretary of Defense

§ 168a.5

(c) Blanket waiver requests should not be submitted and shall not be considered. The term “blanket waiver” refers to a nonrecurring cost recoupment charge waiver that is not related to a particular sale; for example, waivers for all sales to a country or all sales of a weapon system.

(d) A waiver request shall not be considered for a sale that was accepted without a nonrecurring cost recoupment charge waiver, unless the acceptance was conditional on consideration of the waiver request.

(e) Requests for waivers shall be processed expeditiously, and a decision normally made to either approve or disapprove the request within 60 days after receipt. A waiver in whole or in part of the recoupment charge or a denial of the request shall be provided in writing to the appropriate DoD Component.

PART 169—COMMERCIAL ACTIVITIES PROGRAM

Sec.
169.1 Purpose.
169.2 Applicability and Scope.
169.3 Definitions.
169.4 Policy.
169.5 Responsibilities.

SOURCE: 54 FR 13373, Apr. 3, 1989, unless otherwise noted.

§ 169.1 Purpose.

This document:
(a) Revises 32 CFR part 169.
(b) Updates DoD policies and assigns responsibilities for commercial activities (CAs) as required by E.O. 12615, Pub. L. 100–180, sec. 1111, and OMB Circular A-76.

§ 169.2 Applicability and scope.

This part:
(a) Applies to the Office of the Secretary of Defense (OSD), the Military Departments, and the Defense Agencies (hereafter referred to collectively as “DoD Components”).
(b) Encompasses DoD policy for CAs in the United States, its territories and possessions, the District of Columbia, and the Commonwealth of Puerto Rico.
(c) Is not mandatory for CAs staffed solely with DoD civilian personnel paid by nonappropriated funds, such as military exchanges. However, this part is mandatory for CAs when they are staffed partially with DoD civilian personnel paid by or reimbursed from appropriated funds, such as libraries, open messes, and other morale, welfare, and recreation (MWR) activities. When related installation support functions are being cost-compared under a single solicitation, a DoD Component may decide that it is practical to include activities staffed solely with DoD civilian personnel paid by nonappropriated funds.

(d) Does not apply to DoD governmental functions as defined §169.3.
(e) Does not apply when contrary to law, Executive orders, or any treaty or international agreement.
(f) Does not apply in times of a declared war or military mobilization.
(g) Does not provide authority to enter into contracts.
(h) Does not apply to the conduct of research and development, except for severable in-house CAs that support research and development, such as those listed in enclosure 3 of DoD Instruction 4100.331 (32 CFR part 169a).
(i) Does not justify conversion to contract solely to avoid personnel ceilings or salary limitations.
(j) Does not authorize contracts that establish an employer-employee relationship between the Department of Defense and contractor employees, as described in FAR 37.104.

§ 169.3 Definitions.

Commercial Activity Review. The process of evaluating CAs for the purpose of determining whether or not a cost comparison will be conducted.

Commercial Source. A business or other non-Federal activity located in the United States, its territories and possessions, the District of Columbia, or the Commonwealth of Puerto Rico that provides a commercial product or service.

Conversion to Contract. The change-over of a CA from performance by DoD personnel to performance under contract by a commercial source.

Conversion to In-House. The change-over of a CA from performance under

Copies may be obtained, if needed, from the U.S. Naval Publications and Forms Center, ATTN: Code 1053, 5801 Tabor Avenue, Philadelphia, PA 19120.
contract to performance by DoD personnel.

Core Logistics. Those functions identified as core logistics activities pursuant to section 307 of Pub. L. 98–525 and section 1231 of Pub. L. 99–145, codified at section 2464, title 10 that are necessary to maintain a logistics capability (including personnel, equipment, and facilities) to ensure a ready and controlled source of technical competence and resources necessary to ensure effective and timely response to a mobilization, national defense contingency situation, and other emergency requirements.

Cost Comparison. The process of developing an estimate of the cost of performance of a CA by DoD employees and comparing it, in accordance with the requirements in DoD Instruction 4100.33 to the cost of performance by contract.

Direct-Conversion. Conversion to contract performance of an in-house commercial activity based on a simplified cost comparison or the conversion of an in-house commercial activity performed exclusively by military personnel.

Displaced DoD Employee. Any DoD employee affected by conversion to contract operation (including such actions as job elimination, or grade reduction). It includes both employees in the function converted to contract and employees outside the function who are affected adversely by conversion through reassignment or the exercise of bumping or retreat rights.

DoD Commercial Activity (CA). An activity that provides a product or service obtainable (or obtained) from a commercial source. A DoD CA may be the mission of an organization or a function within the organization. It must be type of work that is separable from other functions or activities so that it is suitable for performance by contract. A representative list of the functions performed by such activities is provided in enclosure 3 of DoD Instruction 4100.33. A DoD CA falls into one of two categories:

(a) Contract CA. A DoD CA operated by a DoD Component with DoD personnel.

(b) In-House CA. A DoD CA operated by a DoD Component with DoD personnel.

DoD Employee. Civilian personnel of the Department of Defense.

DoD Governmental Function. A function that is related so intimately to the public interest as to mandate performance by DoD personnel. These functions include those that require either the exercise of discretion in applying Government authority or the use of value judgment in making the decision for the Department of Defense. Services or products in support of Governmental functions, such as those listed in enclosure 3 of DoD Instruction 4100.33, are CAs and are subject to this part and its implementing Instructions. Governmental functions normally fall into two categories:

(a) Act of Governing. The discretionary exercise of Governmental authority. Examples include criminal investigations, prosecutions, and other judicial functions; management of Government programs requiring value judgments, as in direction of the national defense; management and direction of the Armed Services; activities performed exclusively by military personnel who are subject to deployment in a combat, combat support, or combat service support role; conduct of foreign relations; selection of program priorities; direction of Federal employees; regulation of the use of space, oceans, navigable rivers, and other natural resources; management of natural resources on Federal Property; direction of intelligence and counterintelligence operations; and regulation of industry and commerce, including food and drugs.

(b) Monetary Transactions and Entitlements. Refers to such actions as tax collection and revenue disbursements; control of treasury accounts and the money supply, and the administration of public trusts.

Expansion. The modernization, replacement, upgrading, or enlargement of a DoD CA involving a cost increase exceeding either 30 percent of the total capital investment or 30 percent of the annual personnel and material costs. A
consolidation of two or more CAs is not an expansion, unless the proposed total capital investment or annual personnel and material costs of the consolidation exceeds the total of the individual CAs by 30 percent or more.

Installation. An installation is the grouping of facilities, collocated in the same vicinity, that supports particular functions. Activities collocated and supported by an installation are considered to be tenants.

Installation Commander. The commanding officer or head of an installation or a tenant activity, who has budget and supervisory control over resources and personnel.

New Requirement. A recently established need for a commercial product or service. A new requirement does not include interim in-house operation of essential services pending reacquisition of the services prompted by such action as the termination of an existing contract operation.

Preferential Procurement Programs. Preferential procurement programs include mandatory source programs such as Federal Prison Industries (FPI) and the workshops administered by the Committee for Purchase from the Blind and Other Severely Handicapped under Pub. L. 92–98. Small, minority, and disadvantaged businesses; and labor surplus area set-asides and awards made under Pub. L. 85–536, section 8(a) and Pub. L. 95–507 are included under preferential procurement programs.

Right of First Refusal of Employment. Contractors provide Government employees, displaced as a result of the conversion to contract performance, the right of first refusal for employment openings under the contract in positions for which they are qualified, if that employment is consistent with post-Government employment conflict of interest standards.

§ 169.4 Policy.

(a) Ensure DoD Mission Accomplishment. When complying with this part and its implementing Instruction, DoD Components shall consider the overall DoD mission and the defense objective of maintaining readiness and sustainability to ensure a capability for mobilizing the defense and support structure.

(b) Achieve Economy and Quality through Competition. Encourage competition with the objective of enhancing quality, economy, and performance. When performance by a commercial source is permissible, a comparison of the cost of contracting and the cost of in-house performance shall be performed to determine who shall provide the best value for the Government, considering price and other factors included in the solicitation. The restriction of a solicitation to a preferential procurement program does not negate the requirement to perform a cost comparison. Performance history will be considered in the source selection process, and high quality performance should be rewarded.

(c) Retain Governmental Functions In-House. Certain functions that are inherently governmental in nature, and intimately related to the public interest, mandate performance by DoD personnel only. These functions are not in competition with commercial sources; therefore, these functions shall be performed by DoD personnel.

(d) Rely on the Commercial Sector. DoD Components shall rely on commercially available sources to provide commercial products and services except when required for national defense, when no satisfactory commercial source is available, or when in the best interest of direct patient care. DoD Components shall not consider an in-house new requirement, an expansion of an in-house requirement, conversion to in-house, or otherwise carry on any CAs to provide commercial products or services if the products or services can be procured more economically from commercial sources.

(e) Delegate Decision Authority and Responsibility. DoD Components shall delegate decision authority and responsibility to lower organization levels, giving more authority to the doers, and linking responsibility with that authority. This shall facilitate the work that installation commanders must perform without limiting their freedom to do their jobs. When possible, the installation commanders should have the freedom to make intelligent use of their resources, while preserving the
§ 169.5 Responsibilities.

(a) The Assistant Secretary of Defense (Production and Logistics) (ASD (P&L)), or designee, shall:

(1) Formulate and develop policy consistent with this part for the DoD CA program.

(2) Issue Instructions to implement the policies of this part.

(3) Maintain an inventory of in-house DoD CAs and the Commercial Activities Management Information System (CAMIS).

(4) Establish criteria for determining whether a CA is required to be retained in-house for national defense.

(5) Approve or disapprove core logistics waiver requests.

(b) The Comptroller of the Department of Defense (C, DoD) shall provide inflation factors and/or price indices and policy guidance to the DoD Components on procedures and systems for obtaining cost data for use in preparing the in-house cost estimate.

(c) The Heads of DoD Components shall:

(1) Comply with this part and DoD Instruction 4100.33.

(2) Designate an official at the Military Service Assistant Secretary level, or equivalent, to implement this part.

(3) Establish an office as a central point of contact for implementing this part.

(4) Encourage and facilitate CA competitions.

(5) Delegate, as much as practicable, broad authority to installation commanders to decide how best to use the

CA program to accomplish the mission. Minimally, as prescribed by P.L. 100–180, section 1111 and E.O. 12615, installation commanders shall have the authority and responsibility to carry out the following:

(i) Prepare an inventory each fiscal year of commercial activities carried out by Government personnel on the military installation in accordance with DoD Instruction 4100.33.

(ii) Decide which commercial activities shall be reviewed under the procedures and requirements of E.O. 12615, OMB Circular A–76, and DoD Instruction 4100.33. This authority shall not be applied retroactively. Cost comparisons and direct conversions initiated, as of December 4, 1987, shall be continued.

(iii) Conduct a cost comparison of those commercial activities selected for conversion to contractor performance under OMB Circular A–76.

(iv) To the maximum extent practicable, assist in finding suitable employment for any DoD employee displaced because of a contract entered into with a contractor for performance of a commercial activity on the military installation.

(6) Develop specific national defense guidance consistent with DoD Instruction 4100.33.

(7) Establish administrative appeal procedures consistent with DoD Instruction 4100.33.

(8) Ensure that contracts resulting from cost comparisons conducted under this part are solicited and awarded in accordance with the FAR and the DFARS.

(9) Ensure that all notification and reporting requirements established in DoD Instruction 4100.33 are satisfied.

(10) Ensure that the Freedom of Information Act Program is complied with in responding to requests for disclosure of contractor-supplied information obtained in the course of procurement.

(11) Ensure that high standards of objectivity and consistency are maintained in compiling and maintaining the CA inventory and conducting the reviews and cost comparisons.

2See footnote 1 to 169.2(h)
(12) Provide, when requested, assistance to installation commanders to ensure effective CA program implementation and technical competence in management and implementation of the CA program.

(13) Ensure that maximum efforts are exerted to assist displaced DoD employees in finding suitable employment, to include, as appropriate:

(i) Providing priority placement assistance for other Federal jobs.

(ii) Training and relocation when these shall contribute directly to placement.

(iii) Providing outplacement assistance for employment in other sectors of the economy with particular attention to assisting eligible employees to exercise their right of first refusal with the successful contractor.

(14) Maintain the technical competence necessary to ensure effective and efficient management of the CA program.

(15) Ensure, once the cost comparison is initiated, that the milestones are met, and completion of the cost comparison is without unreasonable delay.

Subpart C—Reporting Requirements

169a.21 Reporting requirements.
§ 169a.3 Definitions.

Commercial activity review. The process of evaluating CAs for the purpose of determining whether or not a cost comparison will be conducted.

Commercial source. A business or other non-Federal activity located in the United States, its territories and possessions, the District of Columbia, or the Commonwealth of Puerto Rico that provides a commercial product or service.

Conversion to contract. The changeover of a CA from performance by DoD personnel to performance under contract by a commercial source.

Conversion to in-house. The changeover of a CA from performance under contract by a commercial source to performance by DoD personnel.

Cost comparison. The process of developing an estimate of the cost of performance of a CA by DoD employees and comparing it, in accordance with the requirements in this part, to the cost to the Government for contract performance of the CA.

Directly affected parties. DoD employees and their representative organizations and bidders or offerers on the solicitation.

Displaced DoD employee. Any DoD employee affected by conversion to contract operation (including such actions as job elimination, grade reduction, or reduction in rank). It includes both employees in the function converted to contract and to employees outside the function who are affected adversely by conversion through reassignment or the exercise of bumping or retreat rights.

DoD Commercial Activity (CA). An activity that provides a product or service obtainable (or obtained) from a commercial source. A DoD CA is not a Governmental function. A DoD CA may be an organization or part of another organization. It must be a type of work that is separable from other functions or activities so that it is suitable for performance by contract. A representative list of the functions performed by such activities is provided in Enclosure 1. A DoD CA falls into one of two categories:

(a) In-house CA. A DoD CA operated by a DoD Component with DoD personnel.

(b) Contract CA. A DoD CA managed by a DoD Component operated with contractor personnel.

DoD Employee. Refers to only civilian personnel of the Department of Defense.

DoD governmental function. A function that is related so intimately to the public interest as to mandate performance by DoD personnel. These functions require either the exercise of discretion in applying Government authority or the use of value judgment.
§ 169a.4 Policy.

(a) Ensure DoD mission accomplishment. The implementation of this part shall consider the overall DoD mission and the defense objective of maintaining readiness and sustainability to ensure a capability for mobilizing the defense and support structure.

(b) Retain governmental functions in-house. Certain functions that are inherently governmental in nature, and intimately related to the public interest, mandate performance by DoD personnel only. These functions are not in competition with commercial sources; therefore, these functions shall be performed by DoD personnel.

(c) Rely on the commercial sector. DoD Components shall rely on commercially available sources to provide commercial products and services, except when required for national defense, when no satisfactory commercial source is available, or when in the best interest of direct patient care. DoD Components shall not consider an in-house new requirement, an expansion of an in-house requirement, conversion to in-house, or otherwise carry on any CAs to provide commercial products or services if the products or services can be procured more economically from commercial sources.

(d) Achieve economy and enhance productivity. Encourage competition with the objective of enhancing quality, economy, and performance.

When performance by a commercial source is permissible, a comparison of the cost of contracting and the cost of in-house performance shall be performed to determine who shall provide the best value for the Government.

Preferential procurement programs. Mandatory source programs such as Federal Prison Industries (FPI) and the workshops administered by the Committee for Purchase from the Blind and Other Severely Handicapped under the Javits-Wagner-O’Day Act. Also included are small, minority and disadvantaged businesses, and labor surplus area set-asides and awards made under 15 U.S.C. section 637.

considering price and other factors included in the solicitation. If the installation commander has reason to believe that it may not be cost effective to make an award under mandatory source programs, section 8(a) of the Small Business Act or any other non-competitive preferential procurement program, a cost comparison, or any other cost analysis, although not required by OMB Circular A–76, may be performed. Performance history will be considered in the source selection process, and high quality performance should be rewarded.

(e) Delegate decision authority and responsibility. DoD Components shall delegate decision authority and responsibility to lower organization levels, giving more authority to the doers, and linking responsibility with that authority. This shall facilitate the work that installation commanders must perform without limiting their freedom to do their jobs. When possible, the installation commanders should have the freedom to make intelligent use of their resources, while preserving the essential wartime capabilities of U.S. support organizations in accordance with DoD Directive 4001.15.5

(f) Share resources saved. When possible, make available to the installation commander a share of any resources saved or earned so that the commander can improve operations or working and living conditions on the installation.

(g) Provide Placement Assistance. Provide a variety of placement assistance to employees whose Federal jobs are eliminated through CA competitions. A DoD in-house CA may be established on a temporary basis if a contractor defaults. Action shall be taken to re-solicit bids or proposals in accordance with this part.

Subpart B—Procedures

§ 169a.8 Inventory and review schedule (Report Control Symbol DD–P&L(A)).

(a) Information in each DoD Component’s inventory shall be used to assess DoD implementation of OMB Circular A–76 and for other purposes. Each Component’s inventory shall be updated at least annually to reflect changes to their review schedule and the results of reviews, cost comparisons, and direct conversions. Updated inventories for all DoD Components except National Security Agency/Central Security Service (NSA/CSS) and the Defense Intelligence Agency (DIA) shall be submitted to the Assistant Secretary of Defense Production and Logistics (ASD(P&L)) within 90 days after the end of each fiscal year. Inventory data pertaining to NSA/CSS and DIA shall be held at the specific Agency concerned for subsequent review by properly cleared personnel. Appendix A to this part provides the codes and explanations for functional areas and Appendix B to this part provides procedures for submitting the inventory.

(b) DoD component’s review schedules should be coordinated with the DoD Component’s Efficiency Review Program and the Defense Regional Interservice Support (DRIS) Program to preclude duplication of efforts and to make use of information already available.

(c) Review of CAs that provide inter-service support shall be scheduled by the supplying DoD Component. Subsequent cost comparisons, when appropriate, shall be executed by the same DoD Component. All affected DoD Components shall be notified of the intent to perform a review.

§ 169a.9 Reviews: Existing in-house commercial activities.

(a) DoD components shall conduct reviews of in-house CAs in accordance with their established review schedules. Existing in-house CAs, once reviewed shall be retained in-house without a cost comparison only when certain conditions are satisfied. (Detailed documentation will be maintained to support the decision to continue in-house performance). These conditions are as follows:

(1) National Defense. In most cases, application of this criteria shall be made considering the wartime and

5 See footnote 1 to § 169a.1(a).
§ 169a.9

peacetime duties of the specific positions involved rather than in terms of broad functions.

(i) A CA, staffed with military personnel who are assigned to the activity, may be retained in-house for national defense reason when the following apply:

(A) The CA is essential for training or experience in required military skills;

(B) The CA is needed to provide appropriate work assignments for a rotation base for overseas or sea-to-shore assignments; or

(C) The CA is necessary to provide career progression to needed military skill levels.

(ii) Core logistics activities. The core logistics capability reported to Congress, March 29, 1984, under the provisions of 10 U.S.C. 2646 is comprised of the facilities, equipment, and management personnel at the activities listed in the report. The work at those activities may be performed by either government or contractor personnel, whichever is more cost effective. Core logistics activities reported to Congress under the provisions of 10 U.S.C. 2646, shall be retained in-house unless the Secretary of Defense grants a waiver as provided for in 10 U.S.C. 2464. Requests for waivers shall be submitted to the ASD (P&L). DoD Components may propose to the ASD (P&L) additional core logistics capability for inclusion in the list of core logistics activities. Core logistics activities reported to Congress as additions to the original list shall be retained in-house unless subsequently waived by the Secretary of Defense.

(iii) If the DoD Component has a larger number of similar CAs with a small number of essential military personnel in each CA, action shall be taken, when appropriate, to consolidate the military positions consistent with military requirements so that economical performance by either DoD civilian employees or by contract can be explored for accomplishing a portion of the work.

(iv) The DoD Components may propose to the ASD (P&L) other criteria for exempting CAs for national defense reasons.

(2) No satisfactory commercial source available. A DoD commercial activity may be performed by DoD personnel when it can be demonstrated that:

(i) There is no satisfactory commercial source capable of providing the product or service that is needed. Before concluding that there is no satisfactory commercial source available, the DoD Component shall make all reasonable efforts to identify available sources.

(A) DoD Components’ efforts to find satisfactory commercial sources shall be carried out in accordance with the FAR and Defense FAR Supplement (DFAS) including review of bidders lists and inventories of contractors, consideration of preferential procurement programs, and requests for help from Government agencies such as the Small Business Administration.

(B) Where the availability of commercial sources is uncertain, the DoD Component will place up to three notices of the requirement in the Commerce Business Daily (CBD) over a 90-day period. (Notices will be in the format specified in FAR, 48 CFR part 5 and part 7, subpart 7.3) When a bona fide urgent requirement occurs, the publication period in the CBD may be reduced to two notices, 15 days apart. Specifications and requirements in the notice will not be unduly restrictive and will not exceed those required of Government personnel or operations.

(ii) Use of a commercial source would cause an unacceptable delay or disruption of an essential program. In-house operation of a commercial activity on the basis that use of a commercial source would cause an unacceptable delay or disruption of an essential program requires a specific documented explanation.

(A) The delay or disruption must be specific as to cost, time, and performance measures.

(B) The disruption must be shown to be a lasting or unacceptable nature. Temporary disruption caused by conversion to contract is not sufficient support for the use of this criteria.

(C) The fact that a DoD commercial activity involves a classified program, or is part of a DoD Component’s basic mission, or that there is the possibility of a strike by contract employees is
§ 169a.12

(a) In cases where a new requirement for a commercial product or service is anticipated, a review shall be conducted to determine if performance by DoD personnel is authorized for national defense reasons, because no commercial source is available, or because it is in the best interest of direct patient care. If performance by DoD personnel is not justified under these criteria, a cost comparison of the entire activity shall be performed. Government facilities and equipment normally will not be expanded to accommodate expansions if adequate and cost effective contractor facilities and equipment are available.

§ 169a.11 Expansions.

In cases where expansion of an in-house commercial activity is anticipated, a review of the entire commercial activity, including the proposed expansion, shall be conducted to determine if performance by DoD personnel is authorized for national defense reasons, because no commercial source is available, or because it is in the best interest of direct patient care. If performance by DoD personnel is not justified under these criteria, a cost comparison of the entire activity shall be performed. Government facilities and equipment normally will not be expanded to accommodate expansions if adequate and cost effective contractor facilities and equipment are available.

§ 169a.13 Approval or disapproval of in-house performance of new requirements involving a capital investment of $500,000 or more will not be redelegated below the level of DAS or equivalent.

(e) Approval to budget for a major capital investment associated with a new requirement will not constitute OSD approval to perform the new requirement with DoD personnel. Government performance shall be determined in accordance with this part.

§ 169a.13 CAs involving forty-five or fewer DoD civilian employees.

(a) When adequately justified under the criteria required in Appendix C to this part, CAs involving 11 to 45 DoD civilian employees may be competed based on simplified cost comparison procedures and 10 or fewer DoD civilian employees may be directly converted to contract without the use of a simplified cost comparison. Such conversion shall be approved by the DoD Component’s central point of contact office having the responsibility for implementation of this part. Part IV of the Supplement to OMB Circular A–76 and Appendix C to this part shall be utilized to define the specific elements of costs to be estimated in the simplified cost comparison.

(b) In no case shall any CA involving more than forty-five employees be modified, reorganized, divided, or in any way changed for the purpose of circumventing the requirement to perform a full cost comparison.

(c) The decision to perform a simplified cost comparison on a CA involving military personnel and 11 to 45 DoD civilian employees reflects a management decision that the work need not be performed in-house. Therefore, all direct military personnel costs will be estimated in the simplified cost comparison (see Appendix C to this part) on the basis of civilian performance.

(d) A most efficient and cost-effective organization analysis certification is required for studies involving 11 to 45 DoD civilian employees (see Appendix C to this part).

[57 FR 29208, July 1, 1992]

§ 169a.14 Military personnel commercial activity.

Commercial activities performed exclusively by military personnel not subject to deployment in a combat, combat support, or combat service support role may be converted to contract without a cost comparison, when adequate competition is available and reasonable prices can be obtained from qualified commercial sources.

§ 169a.15 Special considerations.

(a) Signals Intelligence, Telecommunications (SIGINT) and Automated Information System (AIS) security.

(1) Before making a determination that an activity involving SIGINT as prescribed in Executive Order 12333, and AIS, security should be subjected to a cost comparison, the DoD Component shall specifically identify the risk to national security and complete a risk assessment to determine if the use of commercial resources poses a potential threat to national security. Information copies of the risk assessment and a decision memorandum containing data on the acceptable and/or unacceptable risk will be maintained within the requesting DoD Component’s contracting office.

(2) The National Security Agency (NSA) considers the polygraph program an effective means to enhance security protection for special access type information. The risk to national security is of an acceptable level if contractor personnel assigned to the maintenance and operation of SIGINT, Computer Security (COMPUSEC) and Communications Security (COMSEC) equipment agree to an aperiodic counter-intelligence scope polygraph examination. The following clause should be included in every potential contract involving SIGINT, Telecommunications, and AIS systems:

Contract personnel engaged in operation or maintaining SIGINT, COMSEC or COMPUSEC equipment or having access to classified documents or key material must consent to an aperiodic counter-intelligence scope polygraph examination administered by the Government. Contract personnel who
Office of the Secretary of Defense

§ 169a.15

refuse to take the polygraph examination shall not be considered for selection.

(b) National intelligence. Before making a determination that an activity involving the collection/processing/production/dissemination of national intelligence as prescribed in Executive Order 12333 should be subjected to a cost comparison, the DoD Component must specifically identify the risk to national intelligence of using commercial sources. Except as noted in paragraph (a) of this section, the DoD Component shall provide its assessment of the risk to national intelligence of using commercial sources to the Director, DIA, who shall make the determination if the risk to national intelligence is unacceptable. DIA shall consult with other organizations as deemed necessary and shall provide the decision to the DoD Component. (Detailed documentation shall be maintained to support the decision).

(c) Accountable Officer. (1) The functions and responsibilities of the Accountable Officer are defined by DoD 7200.10–M. Those functions of the Accountable Officer that involve the exercise of substantive discretionary authority in determining the Government’s requirements and controlling Government assets cannot be performed by a contractor and must be retained in-house. The responsibilities of the Accountable Officer as an individual and the position of the Accountable Officer are not contractable.

(2) Contractors can perform functions in support of the Accountable Officer and functions where they are performing in accordance with criteria defined by the Government. For instance, contractors can process requisitions, maintain stock control records, perform storage and warehousing, and make local procurements of items specified as deliverables in the contract.

(3) The responsibility for administrative fund control must be retained in-house. The contractor can process all required paperwork up to funds obligation which must be done by the Government employee designated as responsible for funds control. The contractor can also process such documents as reports of survey and adjustments to stockage levels, but approval must rest with the Accountable Officer. In all cases, the administrative control of funds must be retained by the Government since contractors or their employees cannot be held responsible for violations of the United States Code.

(d) Cost Comparison Process. If performance of a commercial activity by DoD personnel cannot be justified under national defense, non-availability of commercial source, or patient care criteria, than a full cost comparison shall be conducted in accordance with part II of the Supplement to OMB Circular No. A–76, part III of the Supplement to OMB Circular No. A–76, and part IV of the Supplement to OMB Circular A–76, to determine if performance by DoD employees is justified on the basis of lower cost (unless the criteria of §169a. and §169a. are met). The conclusion that a commercial activity will be cost compared reflects a management decision that the work need not be accomplished by military personnel. Therefore, all direct personnel costs shall be estimated on the basis of civilian performance. Funds shall be budgeted to cover either the cost of the appropriate in-house operation required to accomplish the work or the estimated cost of the contract. Neither funds nor manpower authorizations shall be removed from the activity’s budget in anticipation of the outcome of a study.

(1) Notification. (i) Congressional notification. DoD Components shall notify Congress of the intention to do a cost comparison involving 46 or more DoD civilian personnel. DoD Components shall annotate the notification when a cost comparison is planned at an activity listed in the report to Congress on core logistics (see section 169a.9(a)(1)(ii)). The DoD Component shall notify the ADS(P&L) of any such intent at least 5 working days before the Congressional notification. The cost comparison process begins on the date of Congressional notification.

(ii) DoD employee notification. DoD Components shall, in accordance with 10 U.S.C. 2467(b), at least monthly during the development and preparation of
§ 169a.15  the performance work statement (PWS) and management study, consult with DoD civilian employees who will be affected by the cost comparison and consider the views of such employees on the development and preparation of the PWS and management study. DoD Components may consult with such employees more frequently and on other matters relating to the cost comparison. In the case of DoD employees represented by a labor organization accorded exclusive recognition under 5 U.S.C. 7111, consultation with representatives of the labor organization satisfies the consultation requirement. Consultation with nonunion DoD civilian employees may be through such means as group meetings. Alternatively, DoD civilian employees may be invited to designate one or more representatives to speak for them. Other methods may be implemented if adequate notice is provided to the nonunion DOD civilian employees and the right to be represented during the consultations is ensured.

(iii) Local notification. It is suggested that upon starting the cost comparison process, the installation make an announcement of the cost comparison, including a brief explanation of the cost-comparison process to the employees of the activity and the community. The installations’ labor relations specialist also should be apprised to ensure appropriate notification to employees and their representatives in accordance with applicable collective bargaining agreements. Local Interservice Support Coordinators (ISCs) and the Chair of the appropriate Joint Interservice Regional Support Group (JIRSG) also should be notified of a pending cost comparison.

(2) Performance Work Statement (PWS). (i) The PWS and its Quality Assurance Plan shall be prepared in accordance with part II of the Supplement to OMB Circular No. A-76 for full cost comparison, simplified cost comparisons, and direct conversions of DoD personnel commercial activities. The PWS shall include reasonable performance standards that can be used to ensure a comparable level of performance for both Government and contractor and a common basis for evaluation. Employees and/or their bargaining unit representatives should be encouraged to participate in preparing or reviewing the PWS.

(ii) Each DoD Component shall:

(A) Prepare PWSs that are based on accurate and timely historical or projected workload data and that provide measurable and verifiable performance standards.

(B) Monitor the development and use of prototype PWSs.

(C) Review and initiate action to correct disagreements on PWS discrepancies.

(D) Approve prototype PWSs for Component-wide use.

(E) Coordinate these efforts with the other DoD Components to avoid duplication and to provide mutual assistance.

(iii) Guidance on Government Property:

(A) For the purposes of this instruction, Government property is defined in accordance with the 48 CFR part 45.

(B) The decision to offer or not to offer Government property to a contractor shall be determined by a cost-benefit analysis justifying that the decision is in the government’s best interest. The determination on Government property must be supported by current, accurate, complete information and be readily available for the independent reviewing activity. The design of this analysis shall not give a decided advantage or disadvantage to either in-house or contract competitors. The management of Government property offered to the contractor shall also be in compliance with 48 CFR part 45.

(iv) If a commercial activity provides critical or sensitive services, the PWS shall include sufficient data for the in-house organization and commercial sources to prepare a plan for expansion in emergency situations.

(v) DoD Components that provide interservice support to other DoD Components or Federal agencies through interservice support agreements or other arrangements shall ensure that the PWS includes this work load and is coordinated with all affected DoD Components and Federal Agencies.

(vi) If there is a requirement for the commercial source to have access to
classified information in order to provide the product or service, the commercial source shall be processed for a facility security clearance under the Defense Industrial Security Program in accordance with DoD Directive 5220.22-10 and DoD Regulation 5220.22-R.11 However, if no bona fide requirement for access to classified information exists, no action shall be taken to obtain security clearance for the commercial source.

(vii) Employees of commercial sources who do not require access to classified information for work performance, but require entry into restricted areas of the installation, may be authorized unescorted entry only when the provisions of DoD Regulation 5200.2-R12 apply.

(3) Management Study. A management study shall be performed to analyze completely the method of operation necessary to establish the most efficient and cost-effective in-house organization (MEO) needed to accomplish the requirements in the PWS. The MEO must reflect only approved resources for which the commercial activity has been authorized. As a part of the management study, installations should determine if specific requirements can be met through an Inter/Intraservice Support Agreement (ISA) with other activities or Government Agencies which have excess capacity or capability.

(i) The commercial activity management study is mandatory. Part III of the Supplement to OMB Circular No. A-76 provides guidance on how to conduct the management study. The study shall identify essential functions to be performed, determine performance factors, organization structure, staffing, and operating procedures for the most efficient and cost effective in-house performance of the commercial activity. The MEO becomes the basis of the Government estimate for the cost comparison with potential contractors. In this context, "efficient" (or cost-effective) means that the required level of workload (output, as described in the performance work statement) is accomplished with as little resource consumption (input) as possible without degradation in the required quality level of products or services.

(ii) DoD Components have formal programs and training for the performance of management studies, and those programs are appropriate for teaching how to conduct commercial activity management studies. Part III of the Supplement to OMB Circular No. A-76 does not purport to replace the DoD Component’s own management techniques, but merely to establish the basic criteria and the interrelationship between the management study and the PWS.

(iii) If a commercial activity provides critical or sensitive services, the management study shall include a plan for expansion in emergency situations.

(iv) Early in the management study, management will solicit the views of the employees in the commercial activity under review, and/or their representatives for their recommendations as to the MEO or ways to improve the method of operation.

(v) The management study will be the basis on which the DoD Component certifies that the Government cost estimate is based on the most efficient and cost effective organization practicable.

(vi) Implementation of the MEO shall be initiated no later than 1 month after cancellation of the solicitation and completed within 6 months. DoD Components shall take action, within 1 month, to schedule and conduct a subsequent cost comparison when the MEO is not initiated and completed as prescribed above. Subsequent cost comparisons may be delayed by the DoD Component’s central point of contact office, when situations outside the control of the DoD Component prevent timely or full implementation of the MEO. This authority may not be re-delegated.

(vii) DoD Components shall establish procedures to ensure that the in-house operation, as specified in the MEO, is capable of performing in accordance with the requirements of the PWS. The procedures also shall ensure that the resources (facilities, equipment, and personnel) specified in the MEO are available to the in-house operation and that in-house performance remains

10 See footnote 1 to §169a.1(a).
11 See footnote 1 to §169a.1(a).
12 See footnote 1 to §169a.1(a).
§ 169a.15 32 CFR Ch. I (7–1–02 Edition)

within the requirements and resources specified in the PWS and MEO for the period of the cost comparison, unless documentation to support changes in workload/scope is available.

(viii) A management study is not required for simplified cost comparisons however, a MEO analysis and certification is required.

(4) Cost Comparisons. Cost comparisons shall include all significant costs of both Government and contract performance. Common costs; that is, costs that would be the same for either in-house or contract operation, need not be computed, but the basis of those common costs must be identified and included in the cost comparison documentation. Part IV of the Supplement to OMB Circular A–76 (Cost Comparison Handbook) provides the basic guidance for conducting full cost comparisons. Appendix D provides guidance for conducting simplified cost comparisons. The supplemental guidance contained below is intended to establish uniformity and to ensure all factors are considered when making cost comparisons. Deviation from the guidance contained in part IV of the Supplement to OMB Circular A–76, will not be allowed, except as provided in the following subparagraphs.

(i) In-house Cost Estimate. (A) The in-house cost estimate shall be based on the most efficient and cost-effective in-house organization needed to accomplish the requirements in the PWS.

(B) Heads of DoD Components or their designees shall certify that the in-house cost estimate is based on the most efficient and cost-effective operation practicable. Such certification shall be made before the bid opening or the date for receipt of initial proposals.

(C) The ASD(P&D) shall provide inflation factors for adjusting costs for the first and subsequent performance periods. These factors shall be the only acceptable factors for use in cost comparisons. Inflation factors for outyear (second and subsequent) performance periods will not be applied to portions of the in-house estimate that are comparable with those portions of the contract estimate subject to economic price adjustment clauses.

(D) Military positions in the organization under cost comparison shall be converted to civilian positions for costing purposes. Civilian grades and series shall be based on the work described in the PWS and the MEO, determined by the management study rather than on the current organization structure.

(E) DoD Components shall not use the DLA Wholesale Stock Fund Rate and/or the DLA Direct Delivery rate for supplies and materials as reflected in paragraph 3.a., (1) and (2) of part IV of the Supplement to OMB Circular No. A–76. The current standard and pricing formula includes full cost under the Defense Business Operations Fund (DBOF). No further mark-up is required.

(F) DoD Components shall assume for the purpose of depreciation computations that residual value is equal to the disposal values listed in Appendix C of part IV of the Supplemental to OMB Circular No. 76 (Cost Comparison Handbook) if more precise figures are not available from the official accounting records or other knowledgeable authority. Therefore, the basis for depreciation shall be the original cost plus the cost of capital improvements (if any) less the residual value. The original cost plus the cost of capital improvements less the residual value shall be divided by the useful life (as projected for the commercial activity cost comparison) to determine the annual depreciation.

(G) Purchased services which augment the current in-house work effort and that are included in the PWS should be included in line 3 (other specifically attributable costs). When these purchased services are long-term and contain labor costs subject to economic price adjustment clauses, then the applicable labor portion will not be escalated by outyear inflation factors. In addition, purchased services shall be offset for potential Federal income tax revenue by applying the appropriate rate in Appendix D of part IV of the Supplement to OMB Circular A–76 (Cost Comparison Handbook) to total cost of purchased services.

(H) Overhead costs shall be computed only when such costs will not continue in the event of contract performance. This includes the cost of any position (full time, part time, or intermittent) that is dedicated to providing support
§ 169a.15 to the activity(ies) under cost comparison regardless of the support organization’s location. Military positions provided overhead support shall be costed using current military composite standard rates that include PCS costs multiplied by the appropriate support factor.

(ii) Cost of Contract Performance. (A) The contract cost estimate shall be based on firm bids or negotiated proposals solicited in accordance with the FAR and the DoD FAR Supplement (DFARs) for full cost comparisons. Existing contract prices (such as those from GSA Supply Schedules) will not be used in a cost comparison. For simplified cost comparisons, the guidance in Appendix C of this part applies.

(B) Standby costs are costs incurred for the upkeep of property in standby status. Such costs neither add to the value of the property nor prolong its life, but keep it in efficient operating condition or available for use. When an in-house activity is terminated in favor of contract performance and an agency elects to hold Government equipment and facilities on standby solely to maintain performance capability, this is a management decision, and such standby costs will not be charged to the cost of contracting.

(C) A specific waiver is required to use contract administration factors that exceed the limits established in Table 3–1 of part IV of the Supplement to OMB Circular No. A–76 (Cost Comparison Handbook). The reason for the deviation from the limits, the supporting alternative computation, and documentation supporting the alternative method, shall be provided to the DoD Component’s central point of contact office for advance approval on a case-by-case basis. This authority may not be redelegated.

(D) The following guidance pertains to one-time conversion costs:

(1) Material Related Costs. The cost factors below shall be used, if more precise costs are not known, to estimate the cost associated with disposal/transfer of excess government material which result from a conversion to contract performance:

| Packing, crating, and handling (PCH) | 3.5 |
| Transportation | 3.75 |

(2) Labor-Related Costs. If unique circumstances prevail when a strict application of the 2 percent factor for computation of severance pay results in a substantial overstatement or understatement of this cost, an alternative methodology may be employed. The reason for the deviation from this standard, the alternative computation, and documentation supporting the alternative method shall be provided to the appropriate DoD Component’s central point of contact office for advance approval on a case-by-case basis. This authority may not be redelegated.

(3) Other Transition Costs. Normally, government personnel assistance after the contract start date (to assist in transition from in-house performance to contract performance) should not be necessary. When transition assistance will not be made available, this condition should be stated clearly in the solicitation so that contractors will be informed that they will be expected to meet full performance requirements from the first date of the contract. Also, when circumstances require full performance on the contract start date, the solicitation shall state that time will be made available for contractor indoctrination prior to the start date of the contract. The inclusion of personnel transition costs in a cost comparison requires advance approval of the DoD Component’s central point of contact office. This authority may not be redelegated.

(E) Gain or Loss on Disposal/Transfer of Assets. If more precise costs are not available from the Defense Reutilization and Marketing Office or appropriate authority, then:

(1) The same factors for PCH and transportation costs as prescribed in §169a.12E(ii)(D)(1) for the costs associated with disposal/transfer of materials may be used.

(2) The estimated disposal value may be calculated from the net book value as derived from the table in Appendix C of part IV of the Supplement to OMB.
§ 169a.16 Independent review.

(a) The estimates of in-house and contracting costs that can be computed before the cost comparison shall be reviewed by a qualified activity, independent of the Task Group preparing the cost comparison. This review shall be completed far enough in advance of the bid or initial proposal opening date to allow the DoD Component to correct any discrepancies found before sealing the in-house cost estimate.

(b) The independent review shall substantiate the currency, reasonableness, accuracy, and completeness of the inhouse estimate. The review shall ensure that the in-house cost estimate is based on the same required services, performance standards, and workload contained in the solicitation. The reviewer shall scrutinize and attest to the adequacy and authenticity of the supporting documentation. Supporting documentation shall be sufficient to require no additional interpretation.

(c) The purpose of the independent review is to ensure costs have been estimated and supported in accordance with provisions of this Instruction. If no (or only minor) discrepancies are noted during this review, the reviewer indicates the minor discrepancies, signs, dates, and returns the CCP to the preparer. If significant discrepancies are noted during the review, the discrepancies shall be reported to the preparer for recommended correction and resubmission.

(d) The independent review is not required for simplified cost comparisons.

§ 169a.17 Solicitation considerations.

(a) Every effort must be made to avoid postponement or cancellation of CA solicitations even if there are significant changes, omissions, or defects in the Government’s in-house cost estimate. Such corrections shall be made before the expiration of bids or proposals and may require the extensions of bids or proposals. When there is no alternative, contracting officers must clearly document the reason(s).

(b) Bidders or offerers shall be informed that an in-house cost estimate is being developed and that a contract may or may not result.

(c) Bids or proposals shall be on at least a 3-year multi-year basis (when appropriate) or shall include priced renewal options to cover 2 fiscal years after the initial period.

(d) All contracts awarded as a result of a conversion (whether or not a cost comparison was performed) shall comply with all requirements of the FAR and DFARS.

(e) Solicitations shall be restricted for preferential procurement when the requirements applicable to such programs (such as, small business set-asides or other required sources of supplies and services) are met, in accordance with the FAR.

(f) Solicitations will not be restricted for preferential procurement unless the contracting officer determines that there is a reasonable expectation that the commercial prices will be fair and reasonable, in accordance with the FAR.

(g) Contract defaults may result in temporary performance by Government personnel or other suitable means; such as, an interim contract source. Personnel detailed to such a temporary assignment should be clearly informed that they will return to their permanent assignment when a new contract is awarded. If the default occurs within the first year of contract performance, the following procedures apply:

(1) If the Government was the next lowest bidder/offerer, and in-house performance is still feasible, the function may be returned to in-house performance. If in-house performance is no longer feasible, the contracting officer
shall obtain the requirement by contract in accordance with the requirements of the FAR, 48 CFR part 49. A return to in-house performance under the above criteria shall be approved by the DoD Component’s central point of contact office. This authority may not be redelegated.

(2) If the contract wage rates are no longer valid or if the contracting officer, after a review of the availability of the next lowest responsible and responsive bidders/offerers, determines that resolicitation is appropriate, the Government may submit a bid for comparison with other bids/offers from the private sector. Submission of a Government bid requires a determination by the DoD Component that performance by DoD employees is still feasible and that a likelihood exists that such performance may be more economical than performance by contract. In such cost comparisons, the conversion differentials will not be applied to the costs of either in-house or contract performance.

(h) If contract default occurs during the second or subsequent year of contract performance, the procedures of §169a.8(b)(2)(i) of this part apply.

(1) Grouping of Commercial Activities.

(i) The installation commander shall determine carefully which CAs should be grouped in a single solicitation. The installation commander should keep in mind that the grouping of commercial activities can influence the amount of competition (number of commercial firms that will bid or submit proposals) and the eventual cost to the Government.

(1) [Reserved]

(2) The installation commander shall consider the adverse impacts that the grouping of commercial activities into a single solicitation may have on small and small disadvantaged business concerns. Commercial activities being performed wholly by small or small disadvantaged businesses will not be incorporated into a cost comparison unless consolidation is necessary to meet mission requirements. Actions must be taken to ensure that such contractors are not displaced merely to accomplish consolidation. Similarly, care must be taken so that nonincumbent small and small disadvantaged business contractors are not handicapped or prejudiced unduly from competing effectively at the prime contractor level.

(3) In developing solicitations for commercial activities, the procurement plan should reflect an analysis of the advantages and disadvantages to the Government that might result from making more than one award. The decision to group commercial activities should reflect an analysis of all relevant factors including the following:

(A) The effect on competition.

(B) The duplicative management functions and costs to be eliminated through grouping.

(C) The economies of administering multifunction vs. single function contracts, including cost risks associated with the pricing structure of each.

(D) The feasibility of separating unrelated functional tasks or groupings.

(E) The effect grouping will have on the performance of the functions.

(4) When the solicitation package includes totally independent functions which are clearly divisible, severable, limited in number, and not price interrelated, they shall be solicited on the basis of an “any or all” bid or offer. Commercial bidders or offerors shall be permitted to submit bids or offers on one or any combination of the functions being solicited. These bids or offers shall be evaluated to determine the lowest aggregate contract cost to the Government. This lowest aggregate contract cost then will be compared to the in-house cost estimate based on the MEO for performance of the functions in the single solicitation. The procedures in part IV of the Supplement to OMB Circular No. A–76 (Cost Comparison Handbook) apply.

(5) There are instances when this approach to contracting for CAs may not apply; such as, situations when physical limitations of site (where the activities are to be performed) preclude allowing more than one contractor to perform, when the function cannot be divided for purposes of performance accountability, or for other national security considerations. However, if an “all or none” solicitation is issued, the decision to do so must include a cost analysis to reflect that the “all or none” solicitation is less costly to the
§ 169a.18 Administrative appeal procedures.

(a) Appeals of Cost Comparison Decisions. (1) Each DoD Component shall establish an administrative appeals procedure to resolve questions from directly affected parties relating to determinations resulting from cost comparisons performed in compliance with this part. The appeal procedure will not apply to questions concerning the following:

(i) Award to one contractor in preference to another;
(ii) DoD management decisions.

(2) The appeals procedure is to provide an administrative safeguard to ensure that DoD Component decisions are fair, equitable, and in accordance with procedures in this part. The procedure does not authorize an appeal outside the DoD Component or a judicial review.

(3) The appeals procedure shall be independent and objective and provide for a decision on the appeal within 30 calendar days of receipt of the appeal. The decision shall be made by an impartial official at a level organizationally higher than the official who approved the cost comparison decision. The appeal decision shall be final, unless the DoD Component procedures provide for further discretionary review within the DoD Component.

(4) All detailed documentation supporting the initial cost comparison decision shall be made available to directly affected parties upon request when the initial decision is announced. The detailed documentation shall include, at a minimum, the following: the in-house cost estimate with detailed supporting documentation (see §169a.5(c)(ii) of this part), the completed CCF, name of the tentative winning contractor (if the decision is to contract), or the price of the bidder whose bid or proposal would have been most advantageous to the Government (if the decision is to perform in-house). If the documentation is not available when the initial decision is announced, the time allotted for submission of appeals shall be extended the number of days equal to the delay.

(5) To be considered eligible for review under the DoD Component appeals procedures, appeals shall:

(i) Be received by the DoD Component in writing within 15 working days after the date the supporting documentation is made available to directly affected parties.
(ii) Address specific line items on the CCF and the rationale for questioning those items.

(iii) Demonstrate that the result of the appeal may change the decision.

(b) Appeals of Simplified Cost Comparisons and Direct Conversions.

(1) Directly affected parties may appeal decision to convert to contract based on a simplified cost comparison involving 11–45 DoD civilian employees or a direct conversion involving 10 or fewer DoD civilian employees. The appeal must address reasons why fair and reasonable prices will not be obtainable.

(2) Each DoD Component shall establish an administrative appeal procedure that is independent and objective; Installation Commanders must make available, upon request, the documentation supporting the decision to directly convert activities; appeals of direct conversions must be filed within 30 calendar days after the decision is announced in the Commerce Business Daily and/or FEDERAL REGISTER, and the supporting documentation is made available; an impartial official one level organizationally higher than the official who approved the direct conversion decision shall hear the appeal; officials shall provide an appeal decision within 30 calendar days of receipt of the appeal.

(c) Since the appeal procedure is intended to protect the rights of all directly affected parties, the DoD Component's procedures, as well as the decision upon appeal, will not be subject to negotiation, arbitration, or agreement.

(d) DoD Components shall include administrative appeal procedures as part of their implementing documents.

169a.21 Reporting requirements.

(a) Inventory and Review Schedule (Report Control Symbol DD/A&T(A) 1540).

See §169a.8(a) of this part.

(b) Commercial Activities Management Information System (CAMIS) (Report Control Symbol DD/A&T(Q) 1542).

(1) The purpose of CAMIS is to maintain an accurate DoD data base of commercial activities that undergo an OMB Circular A–76 cost comparison and CAs that are converted directly to contract without a cost comparison. The CAMIS is used to provide information to the Congress, Office of Management Budget (OMB), General Accounting Office (GAO), OSD, and others. The CAMIS is divided into two parts. Part I contains data on CAs that undergo cost comparison. Part II contains data on commercial activities converted to contract without a full cost comparison.

(2) The CAMIS report shall be submitted in accordance with the procedures in Appendix C.

(c) Congressional Data Reports on CA (Report Control Symbol DD/A&T(A&AR) 1949) and Reports on savings on Costs from Increased Use of DoD Civilian Personnel (Report Control Symbol DD/A&T(AR) 1950). To ensure consistent application of the requirements stated in 10 U.S.C. 2461 and 2463, the following guidance is provided:

(2) Section 10 U.S.C. 2461 applies to proposed conversions of DoD CAs that on October 1, 1980, were being performed by more than forty-five DoD civilian employees. 10 U.S.C. 2463 applies to conversions from contract to in-house involving 50 or more contractor employees.

(3) DoD Components must not proceed with a CA study until notification to Congress, as required by 10 U.S.C.

§ 169a.19 Study limits.

No DoD funds shall be available to perform any cost study pursuant to the provisions of OMB Circular A–76 if the study being performed exceeds a period of 24 months after initiation of such study with respect to a single function activity or 48 months after initiation of such study for a multi-function activity.

[60 FR 67328, Dec. 29, 1995]
2461. DoD Components shall notify the ASD(ES) of any such intent at least 5 working days before congressional notification.

(4) DoD Components shall annotate announcements to Congress when a cost comparison is planned at an activity listed in the report to Congress on Core Logistics (see §169a.8(b)(1)(i)(2) of this part).

(5) The DoD Components shall notify Congress, at least 5 working days before sending the detailed summary report required by 10 U.S.C. 2461 to Congress. The detailed summary of the cost shall include: the amount of the offer accepted for the performance of the activity by the private contractor; the costs and expenditures that the Government will incur because of the contract; the estimated cost of performance of the activity by the most efficient Government organization; a statement indicating the life of the contract; and certifications that the entire cost comparison is available, and that the Government calculation for the cost of performance of such function by DoD employees is based on an estimate of the most efficient and cost-effective organization for performance of such function by DoD employees.

(6) The potential economic effect on the employees affected, the local community, and the Federal Government of contracting for performance of the function shall be included in the report to accompany the above certifications, if more than 75 total employees (including military and civilian, both permanent and temporary) are potentially affected. It is suggested that the Army Corps of Engineers’ model (or equivalent) be used to generate the information. The potential impact on affected employees shall be included in the report, regardless of the number of employees involved. Also include in the report a statement that the decision was made to convert to contractor performance, the projected date of contract award, the projected contract start date, and the effect of contracting the function on the military mission of that function.

(7) By December 15th of each year, each DoD Component shall submit to the ASD(P&L) the data required by 10 U.S.C. 2461(c). In describing the extent to which CA functions were performed by DoD contractors during the preceding fiscal year, include the estimated number of work years for the in-house operation as well as for contract operation (including percentages) by major OSD functional areas in Appendix A to this part; such as, Social Services, Health Services, Installation Services, etc. For the estimate of the percentage of CA functions that will be performed in-house and those that will be performed by contract during the fiscal year during which the report is submitted, include the estimated work years for in-house CAs as well as for contracted CAs and the rationale for significant changes when compared to the previous year’s data. Also, include the number of studies you expect to complete in the next fiscal year showing total civilian and military FTEs.

§ 169a.22 Responsibilities.

The responsibilities for implementing the policies and procedures of the DoD CA Program are prescribed in DoD Directive 4100.15 (32 CFR part 169) and appropriate paragraphs of this part.

[57 FR 29210, July 1, 1992]

APPENDIX A TO PART 169A—CODES AND DEFINITIONS OF FUNCTIONAL AREAS

This list of functional codes and their definitions does not restrict the applicability or scope of the commercial activity Program within DoD. Section B. of DoD Directive 4100.15 defines the applicability and scope of the program. The commercial activity program still applies to CAs not defined in this listing. These codes and definitions are a guide to assist reporting. As new functions are identified, codes will be added or existing definitions will be expanded.

APPENDIX C TO PART 169A—SIMPLIFIED COST COMPARISON AND DIRECT CONVERSION OF CAS

A. This appendix provides guidance on procedures to be followed in order to convert a commercial activity employing 45 or fewer DoD civilian employees to contract performance without a full cost comparison. DoD Components may directly convert functions with 10 or fewer civilian employees without conducting a simplified cost comparison. Simplified cost comparisons may only be conducted on activities with 45 or fewer DoD civilian employees.

B. Direct conversions with 10 or fewer DoD civilian employees must meet the following criteria:

1. The activity is currently performed by 10 or fewer civilian employees.
2. The direct conversion makes sense from a management or performance standpoint.
3. The direct conversion is cost effective.
4. The installation commander should attempt to place or retrain displaced DoD civilian employees by:
   a. Placing or retraining employees in available permanent vacant positions, or
   b. Assigning displaced employees to valid temporary or over-hire positions in similar activities for gainful employment until permanent vacancies are available. The type of employee appointment (e.g., career, career-conditional, etc., or change from competitive to excepted service or vice versa) must not change, or
   c. Where no vacancies exist or are projected, offer employees retraining opportunities under the Job Training Partnership Act or similar retraining programs for transitioning into the private sector.
5. The function to be directly converted does not include any DoD civilian positions that were as a result of DoD Component streamlining plans and/or were removed with buyout offers that satisfied Section 5 of the Federal Workforce Restructuring Act.

C. The following provides general guidance for completion of a simplified cost comparison:

1. Estimated contractor costs should be based on either the past history of similar contracts at other installations or on the contracting officer’s best estimate of what would constitute a fair and reasonable price.
2. For activities small in total size (45 or fewer civilian and military personnel):
   a. Estimated in-house cost generally should not include overhead costs, as it is unlikely that they would be a factor for a small activity.
   b. Similarly, estimated contractor costs generally should not include contract administration, on-time conversion costs, or other contract price add-ons associated with full cost comparisons.
3. For activities large in total size (including those with a mix of civilian and military personnel) all cost elements should be considered for both in-house and contractor estimated costs.
4. In either case, large or small, the 10 percent conversion differential contained in part IV of the Supplement to OMB Circular No. A–76 should be applied.
5. Part IV of the Supplement to OMB Circular No. A–76 shall be utilized to define the specific elements of cost to be estimated.
6. Clearance for CA simplified cost comparison decisions are required for Agencies without their own Legislative Affairs (LA) and Public Affairs (PA) offices. Those Agencies shall submit their draft decision brief to the Deputy Assistant Secretary of Defense (Legislative and Public Affairs) offices. Those Agencies shall submit their draft decision brief to the Deputy Assistant Secretary of Defense (Legislative and Public Affairs) offices. Those Agencies shall submit their draft decision brief to the Deputy Assistant Secretary of Defense (Legislative and Public Affairs) offices. Those Agencies shall submit their draft decision brief to the Deputy Assistant Secretary of Defense (Legislative and Public Affairs) offices. Those Agencies shall submit their draft decision brief to the Deputy Assistant Secretary of Defense (Legislative and Public Affairs) offices. Those Agencies shall submit their draft decision brief to the Deputy Assistant Secretary of Defense (Legislative and Public Affairs) offices.
7. Provide CA simplified cost comparison approvals containing a certification of the MEO analysis, a copy of the approval to convert, a copy of the cost comparison, with back-up data, before conversion to the following:
   a. Committee on Appropriations of the House of Representatives and the Senate (11–45 civilian employees only).
   b. Copies of the following:
      (1) Assistant Secretary of Defense (LA), room 3D918, the Pentagon, Washington, DC 20301.
      (2) Assistant Secretary of Defense (PA), room 2E757, the Pentagon, Washington, DC 20301.
      (3) Office of Economic Adjustment, room 4C767, the Pentagon, Washington, DC 20301.
      (4) Deputy Assistant Secretary of Defense, (Installations), room 3E813, the Pentagon, Washington, DC 20301. (exception—no copies required from Agencies that do not have legislative and public affairs offices).
8. Most Efficient and Cost-Effective Analysis for Contractor Performance of an Activity (Report Control Symbol DD–A&F/TR/AR) 1951. The installation commander must certify that the estimated in-house cost for activities involving 11 to 45 DoD civilian employees are based on a completed most efficient and cost effective organization analysis. Certification of this MEO analysis, as required by Public Law 103–139, shall be provided to the Committee on Appropriations of the House of Representatives and the Senate. Before conversion to contract performance,

APPENDIX D TO PART 169A—COMMERCIAL ACTIVITIES MANAGEMENT INFORMATION SYSTEM (CAMIS)

Each DoD Component shall create and manage their CAMIS data base. The CAMIS data base shall have a comprehensive edit check on all input data in the computerized system. All data errors in the CAMIS data base shall be corrected as they are found by the established edit check program. The data elements described in this appendix represents the DoD minimum requirements.

On approval of a full cost comparison, a simplified cost comparison, or a direct conversion CA, the DoD Component shall create the initial entry using the data elements in part I for full cost comparisons and data elements in part II for all other conversions. Within 30 days of the end of each quarter the DoD Component shall submit a floppy diskette. Data files must be in American Standard Code Information Interchange text file format on a Microsoft-Disk Operating System formatted 3.5 inch floppy diskette. Provide submissions in the Defense Utility Energy Reporting System format. The data shall be submitted in the Director, Installations Management (D,IM), 400 Army Navy Drive, Room 206, Arlington, VA 22202-2884 at least 60 days prior to the end of the quarter. The D,IM shall use the automated data to update the CAMIS. If the DoD Component is unable to provide data in an automated format, the D,IM shall provide quarterly printouts of cost comparison records (CCR) and conversion and/or comparison records (DCSCCR) that may be annotated and returned within 30 days of the end of each quarter to the D,IM. The D,IM then shall use the annotated printouts to update the CAMIS.

PART I—COST COMPARISON

The record for each cost comparison is divided into six sections. Each of these sections contains information provided by the DoD Components. The first five sections are arranged in a sequence of milestone events occurring during a cost comparison. Each section is completed immediately following the completion of the milestone event. These events are as follows:

1. Cost comparison is approved by DoD Component.
2. Solicitation is issued.
3. In-house and contractor costs are compared.
4. Contract is awarded or solicitation is canceled.
5. Contract starts.

A sixth section is utilized for CCRs that result in award of a contract. This section contains data elements on contract cost and information on subsequent contract actions during the second and third year of contract operation.

The data elements that comprise these six sections are defined in this enclosure.

PART II—DIRECT CONVERSIONS AND SIMPLIFIED COST COMPARISONS

The record for each direct conversion and simplified cost comparison is divided into six sections. Each of the first five sections is completed immediately following the completion of the following events:

1. DoD Component approves CA action.
2. The solicitation is issued.
3. In-house and contractor costs are compared.
4. Contract is awarded or solicitation is canceled.
5. Contract starts.

A sixth section is utilized for tracking historical data after the direct conversion or simplified cost comparison is completed. This section contains data elements on contracts and cost information during the second and third performance period. The data elements that comprise the six sections in part II, of this Appendix, are defined in the CAMIS Entry and Update Instruction, Part II—Direct Conversions and Simplified Cost Comparisons.

CAMIS ENTRY AND UPDATE INSTRUCTIONS

PART I—COST COMPARISONS

The bracketed number preceding each definition in sections one through five is the DoD data element number. All date fields should be in the format MMDDYY (such as, June 30, 1983 = 063083).

Section One

Event: DoD Component Approves Conducting a Cost Comparison

All entries in this section of CCR shall be submitted by DoD Components on the first quarter update after approving the start of a cost comparison. These entries shall be used to establish the CCR and to identify the geographical, organizational, political, and functional attributes of the activity (or activities) undergoing cost comparison as well as to provide an initial estimate of the manpower associated with the activity (or activities). The initial estimate of the manpower in this section of the CCR will be in all cases those manpower figures identified in the correspondence approving the start of the cost comparison.

DoD Components shall enter the following data elements to establish a CCR:
Cost Comparison Number. The number assigned by the DoD Component to uniquely identify a specific cost comparison. The first character of the cost comparison number must be a letter designating DoD Component as noted in data element [3], below. The cost comparison number may vary in length from five to ten characters, of which the second and subsequent may be alpha or numeric and assigned under any system desired by the DoD Component.

Announcement and/or approval date. Date Congress is notified when required by 10 U.S.C. 2461, of this part or date DoD Component approves studies being performed by 45 or fewer DoD civilian employees.

There would be one code for a single CA or possible several codes for a large cost comparison package. A series of codes shall be separated by commas.
11—Prior Operation Code. A single alpha character that identifies the mode of operation for the activity at the time the cost comparison is started. Despite the outcome of the cost comparison, this code does not change. The coding as as follows:
I—In house
C—Contract
N—New requirement
E—Expansion
12—Cost Comparison Status Code. A single alpha character that identifies the current status of the cost comparison. Enter one of the following codes:
P—In progress

13—Announcement—personnel estimate civilian, and [14] announcement—personnel estimate military. The number of civilian and
military personnel allocated to the CAs undergoing cost comparison when the cost comparison is approved by the DoD Component or announced to Congress. This number in all cases shall be those personnel figures identified in the correspondence announcing the start of a cost comparison and will include authorized positions, temporaries, and borrowed personnel. The number is used to give a preliminary estimate of the size of the activity.

[15] Revised and/or original cost comparison number. When a consolidation occurs, create a new CCR containing the attributes of the consolidated cost comparison. In the CCR of each cost comparison being consolidated, enter the cost comparison number of the new CCR in this data element and code “Z” in data element [12] of this attachment. In the new CCR, this data element should be blank and data element [12] of this attachment should denote the current status of the cost comparison. Once the consolidation has occurred, only the new CCR requires future updates. When a single cost comparison is being broken into multiple cost comparisons, create a new CCR for each cost comparison broken out from the original cost comparison. Each new CCR shall contain its own unique set of attributes; in data element [15] of this attachment enter the cost comparison number of the original cost comparison from which each was derived, and in data element [12] of this attachment enter the current status of each cost comparison. For the original cost comparison, data element [15] of this attachment, should be blank and data element [12] of this attachment should have a code “B” entry. Only the derivative record entries require future updates. When a consolidation or a breakout occurs, an explanatory remark shall be entered in data element [57] of this attachment (such as, “part of SW region cost comparison,” or, “separated into three cost comparisons”).

Section Two

Event: The Solicitation is Issued

The entries in this section of the CCR provide information on the personnel authorized to perform the workload in the PWS, the number of workyears used to accomplish the workload in the PWS, and the type and kind of solicitation.

The DoD Component shall enter the following data elements at the first quarterly update subsequent to the issuance of the solicitation:

[17] [Reserved]

[18] Solicitation-Type Code. A one-character alpha designator that identifies the type of solicitation used to obtain contract bids or offers. Use either the CBD as the source document or information received from the contracting officer for this entry. Solicitations under section 8(a) of the Small Business Act are negotiated. Enter one of the following codes:

S—Sealed Bid
N—Negotiated

[19] Solicitation Kind Code. A one-character (or two-character, if “W” suffix is used) alpha designator indicating whether the competition for the contract has been limited to a specific class of bidders or offerors. Use either the CBD as the source document or information received from the contracting officer to enter one of the following codes:

A—Restrict to small business
B—Small Business Administration 8(a) Set Aside
C—Javits-Wagner-O’Day Act (JWOD)
D—Other mandatory sources
U—Unrestricted
W—(optional suffix) Unrestricted after initial restriction

[20] Current Authorized Civilians and [21] Current Authorized Military. The number of civilian and military authorizations allocated on the DoD Component’s manpower documents to perform the work described in the PWS. This number refines the initial authorization estimate (section one, data elements [13] and [14]).

[22] Baseline Annual Workyears Civilian and [23] Baseline Annual Workyears Military. The number of annual workyears it has taken to perform the work described by the PWS before the DoD Component conducts the MEO study of the in-house organizations; do not include contract monitor requirements. Military workyears include assigned, borrowed, diverted, and detailed personnel.

An annual workyear is the use of 2,087 hours (including authorized leave and paid time off for training). For example, when full-time employees whose work is completely within the PWS are concerned, “one workyear” normally is comparable to “one employee” or two part-time employees, each working 1,043 hours in a fiscal year. Also include in this total the workyears for full-time employees who do not work on a full-time basis on the work described by the PWS. For example, some portion of the workload is performed by persons from another work center who are used on an “as needed” basis. Their total hours performing this workload is 4,172 hours. This would be reflected as two workyears. Less than one-half year of effort should be rounded down, and one-half year or more should be rounded up.

These workyear figures shall be the baseline for determining the manpower savings identified by the management study.
Section Three

The initial decision is based on the apparent low bid or offer and is subject to preaward surveys and resolution of all appeals and protests. In a sealed bid procurement, the initial decision is announced at bid opening. In a negotiated procurement, the initial decision is announced when the cost comparison is made between the in-house estimate and the proposal of the selected offeror.
25 Cost Comparison Preliminary Results Code. A one-character alpha designator indicating the results of the cost comparison as announced by the contracting officer at the time the bids or offers are compared. The entries are limited to two possibilities:

For conversions to contract, this is the date a contract was awarded in a sealed bid solicitation or the date the contractor was authorized to proceed on a conditional award contract in a negotiated solicitation. For retentions in-house, this is the date the solicitation was canceled (when the contracting officer publishes an amendment to the solicitation canceling it).

Use either the CBD as the source document or information received from the contracting officer to enter one of the following codes:
   A—Restrict to small business
   B—Small Business Administration 8(a) Set Aside
   C—“Javits-Wagner-O’Day Act” (JWOD)
   D—Other mandatory sources
   U—Unrestricted
   W—(Optional suffix) Unrestricted after initial restriction

[20] Current Authorized Civilians, and [21] Current Authorized Military. The number of civilian and military authorizations allocated on the DoD Component’s manpower documents to perform the work described in the PWS. This number refines the initial authorization estimate (section one, data elements [13] and [14] of this section).

[22] Baseline Annual Workyears Civilian, and [23] Baseline Annual Workyears Military. The number of annual workyears it has taken to perform the work described by the PWS before the DoD Component conducts the MEO analysis of the in-house organization. Do not include contract monitor requirements. Military workyears include assigned, borrowed, diverted, and detailed personnel. Less than one-half a year of effort should be rounded down, and one-half a year or more should be rounded up. These workyear figures shall be the baseline for determining the personnel savings identified by the most efficient organization analysis.

Section Three
Event: The In-House And The Contractor Costs Of Operations Are Compared

The entries in this section provide information on the date of the conversion and/or comparison (initial decision), the preliminary results, the number of bids or offers received, and the costing method used in the conversion and/or comparison.

The DoD Component shall enter the following data elements in the first quarterly update subsequent to the date of the comparison of in-house and contractor costs (date of initial decision):

[24] Scheduled Initial Decision Date. Date the initial decision is scheduled at the start of a conversion and/or comparison

[24A] Actual Initial Decision Date. Date the initial decision is announced. The initial decision is based on the apparent low bid or offer and is subject to preaward surveys and resolution of all appeals and protests. In a sealed bid procurement, the initial decision is announced at bid opening. In a negotiated procurement, the initial decision is announced when the cost comparison is made between the in-house estimate and the proposal of the selected offeror. In a conversion, the initial decision is announced when the in-house cost estimate is evaluated against proposed contractor proposals.

[25] Cost Comparison Preliminary Results Code. A one-character alpha designator indicating the results of the cost comparison as announced by the contracting officer at the time of the comparison (No entry required for a direct conversion). The entries are limited to two possibilities:

[28] Contract Award or Solicitation Cancellation Date. For conversions to contract, this is the date a contract was awarded in a sealed bid solicitation or the date the contracting officer published an amendment to cancel the solicitation. For retentions in-house, this is the date the solicitation was canceled (when the contracting officer publishes an amendment to cancel the solicitation).

[29] Cost Comparison Final Result Code. A one-character alpha designator identifying the final result of the comparison between in-house and contractor costs; the contracting officer either awards the contract or cancels the solicitation. Enter one of the following codes:

- C—Contract
- I—in-house

[30] Decision Rationale Code. A one-character alpha designator that identifies the rationale for awarding a contract or canceling the solicitation. The work shall be performed in-house or by contractor based on cost, for other than cost, or the work shall be performed in-house because no satisfactory commercial source was available (no bids or offers were received or the pre-award survey resulted in the determination that no commercial sources were responsive or responsible). Enter one of the following codes:

APPENDIX B TO PART 172—DISPOSITION OF AMOUNTS COLLECTED FROM SUCCESSFUL BIDDERS

Source: 54 FR 35483, Aug. 28, 1989, unless otherwise noted.

§ 172.1 Purpose.

This document provides revised and expanded instructions on the collection and disposition of cash and cash equivalents received by the DoD Components for the DoD sale of surplus personal property.

§ 172.2 Applicability and scope.

This part:

(a) Applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Joint Chiefs of Staff (JCS) and the Joint Staff, the Unified and Specified Commands, the Inspector General of the Department of Defense (IG, DoD), the Defense Agencies, and DoD Field Activities (hereafter referred to collectively as “DoD Components”).

(b) Applies to the proceeds resulting from sales made under authority of Public Law 152 and to the following:

(1) Personal property governed by DoD 4160.21-M.

(2) Surplus Government-owned personal property in the possession of contractors, as described in FAR subpart 45.6.

(3) Recyclable material governed by 10 U.S.C. 2577. Such materials would otherwise be sold as scrap or discarded as waste, but are capable of being reused after undergoing some type of physical or chemical processing. The recycling of hazardous materials or hazardous waste shall be accomplished with due recognition of the types of materials being processed and the applicable regulation governing the handling and disposal of such materials. Qualified recyclable materials do not include the following:

(i) Precious metal-bearing scrap and those items that may be used again for their original purposes or functions without any special processing; e.g., used vehicles, vehicle or machine parts, bottles (not scrap glass), electrical components, and unopened containers of oil or solvent.

(ii) Ships, planes, or weapons that must undergo demilitarization or mutilation before sale.

(iii) Scrap generated from DoD industrial fund (IF) operations that has been routinely sold with the proceeds being used to offset customer costs.

(iv) Bones, fats, and meat trimmings generated by a commissary store or exchange.

§ 172.3 Policy.

(a) Cash or cash equivalents in the prescribed amounts shall accompany bid deposits for a bid to be considered responsive. Similarly, cash or cash equivalents for the total sales price shall be received by the DoD Components or, in authorized cases, by contractors before the transfer of physical possession to the successful bidder.

(b) Amounts collected by the DoD Components in connection with the sale of excess and surplus property shall be deposited promptly to the U.S. Treasury accounts prescribed in accordance with this instruction. The use of suspense accounts shall be minimal. If the account, ultimately to be credited with the proceeds of a sale, can be determined reasonably at the time funds are collected, the deposit shall be made immediately to that account.

(c) The Secretary of each Military Department shall establish qualified
recycling programs. The effort associated with the collecting, processing and selling of recyclable material is in appendix A to this part.

(1) Proceeds from the sale of recyclable material shall be used to reimburse installation-level costs incurred in operation of the recyclable program.

(2) After reimbursement of the cost incurred by the installation to operate the recycling program, installation commanders may use up to 50 percent of remaining sale proceeds for pollution abatement, energy conservation, and occupational safety and health activities. A project may not be carried out for an amount greater than 50 percent of the amount established by law as the maximum amount for a minor construction project.

(3) Any sale proceeds remaining after paragraphs (c)(1) and (2) of this section may be transferred to installation morale or welfare activities.

§ 172.4 Responsibilities.

The Heads of DoD Components that sell surplus personal property shall implement the procedures prescribed in this part for the disposition of cash and cash equivalents received in connection with such sales.

§ 172.5 Procedures.

(a) **Required bid deposits.** When a sale conducted by a DoD Component provides for bid deposit with subsequent removal, the following procedures shall apply:

(1) **Term bid.** This type of bid deposit is applicable when the sale involves the purchase of scrap or disposable material that will be generated over time with periodic removal by the successful bidder. The amount of the bid deposit required to accompany such bids is the average estimated quantity of such material to be generated during a 3 month period multiplied by 20 percent of the bid price. The calculation is illustrated, as follows:

| Estimated quantity of material (pounds) | 3,000 |
| Bid price—$1.00 per pound | $3,000 |
| Amount to accompany bid | $600 |

(b) **Other than term bid.** With the exception of term bids, payment in the amount of 20 percent of the bid shall accompany the bid.

(c) **Payment terms.** When a sale conducted by a DoD Component provides for immediate pickup, the entire amount of the sales price shall be collected from the buyer at the conclusion of the sale. If the sale provides for a bid deposit, the balance of the bid price shall be paid before removal of the property.

(i) **Form of payment—Cash and certified checks.** When a sale is conducted by a DoD Component, cash or its equivalent shall be collected for bid deposits and for remaining amounts due. Guaranteed negotiable instruments, such as cashier’s checks, certified checks, traveler’s checks, bank drafts, or postal money orders are acceptable as a cash equivalent.

(ii) **Personal checks.** Personal checks may be accepted by a DoD Component only when a performance bond or a bank letter of credit is on hand that will cover the amount due. If the check is dishonored, amounts due shall be collected from the issuer of the performance bond or letter of credit.

(i) **Credit cards.** Approved credit cards may be accepted by a DoD Component for payment.

(i) **Before initiating any credit card transactions, the selling DoD Component shall enter into an agreement with a network commercial bank. Currently, the Treasury has approved the use of “Master Card” and “Visa” charge cards. Changes or additions to approved credit cards are announced in Comptroller of the Department of Defense (C, DoD) memoranda or in changes to the TFM. Except for equipment and communication costs, the
Treasury pays any fees normally charged to sellers. If the Treasury policy of paying such charges is changed, any charges for the processing of approved credit card transactions shall be assessed to the buyer.

(ii) If a credit card is used for the bid deposit and authorization is declined, the bid shall be rejected as nonresponsive and other bidders considered.

(iii) Approval for charges against credit cards shall be processed as follows:

(A) The credit card presented shall be passed through the DoD installation’s credit card swiper. The swiper is connected electronically with the network commercial bank selected by the DoD Component, and keys are provided to enter the proposed charge amount. If the charge is approved, the swiper will provide an approval number that shall be recorded on the charge slip.

NOTE: A swiper is an electronic device that is used to capture the magnetic information contained on a credit card and transmit it to the network commercial bank for validation and authorization of a sale. The information captured normally includes the account number, issuing bank, date of expiration of the card, and any credit restrictions that may apply.

(B) The bidder shall sign a standard credit card charge form at the sale contracting office. A copy of this form shall be returned to the card holder at that time. A copy of the charge slip shall be retained by the selling DoD activity as a record of the sale. On the following business day, the installation finance and accounting officer or the activity providing accounting support shall submit the signed credit card forms with a supporting cover sheet showing the total charges to the network commercial bank. Accounting control must be maintained over such in-transit deposits.

(C) On receipt of the credit card charge forms, the network commercial bank shall charge the bidder’s credit card account and deposit the funds to the Treasury general account. The network commercial bank also is required to forward a copy of the deposit slip to the DoD installation making the sale within 1 business day. On receipt of the deposit slip, the in-transit account shall be cleared and appropriate accounts credited following the procedures in paragraph (d) of this section.

(iv) If a contractor’s bid is provided by message, mail, or telephone to the U.S. Government using a credit card instead of other forms of payment, the following information is required:

(A) Account number.

(B) Bidders name, as it appears on the credit card.

(C) Date of expiration of the card.

(D) Issuing bank.

(E) Type of card.

Any additional cost incurred by the Department of Defense in connection with the use of the charge card, such as telephone calls to obtain approval from the network bank, shall be billed to the purchaser as an additive charge.

(d) Disposition of proceeds. (1) Proceeds from the sale of surplus personal property shall be deposited by the collecting DoD Component promptly to the U.S. Treasury accounts prescribed in appendix B to this part. The use of suspense accounts shall be minimal. If the account ultimately to be credited with the proceeds of a sale can be determined reasonably at the time the funds are collected, the deposit shall be made immediately to that account.

(2) See paragraph (f) of this section for special instructions on the processing of proceeds resulting from the sale of recyclable material.

(e) Return of bid deposits to unsuccessful bidders. (1) Cash collected from unsuccessful bidders by a DoD Component shall be deposited to account X8875, “Suspense,” and a check shall be drawn on that account to reimburse unsuccessful bidders.

(2) Normally, noncash bid deposits shall be returned to unsuccessful bidders by DoD Components through the mail. However, when a bidder has requested expedited return and has provided the name of a carrier and a charge account number, the designated carrier shall be called to pick up the deposit with the explicit condition that applicable carrier costs will be charged to the bidder’s account.

(f) Sales of recyclable material. The efforts associated with collection and processing of recyclable material are reflected in appendix A to this part. The following transactions for others (TFO) procedures apply:
(1) Proceeds from the sale of recyclable material shall be deposited in F3875, “Budget Clearing Account (Suspense).” The deposit to F3875 shall identify the fiscal station and the name of the installation (use the full name and do not abbreviate) that is to receive the proceeds. Deposits that do not provide the necessary information shall be referred formally to the property disposal cashier for the required information.

(2) The Military Department’s finance and accounting office receiving the sales proceeds shall mail a copy of the cash collection voucher to the fiscal station shown on the collection voucher. This advance copy shall be used by the fiscal station to record the collection of proceeds to its account and shall be used for followup purposes, as necessary. The copy received through the financial network shall be used to clear the undistributed collection. These vouchers shall be mailed in the weekly TFO cycle.

(3) The Military Department’s finance and accounting office shall:
   (i) Report weekly transactions to the responsible fiscal station cited on the collection voucher.
   (ii) Report the collections within the same month in the “Statement of Transactions” to the Treasury.

(g) Contractor sales of surplus Government-furnished property. (1) DFARS §245.610 provides overall direction for crediting proceeds from contractor conducted sales of surplus Government furnished property. Paragraph (g)(5) of this section provides the procedures that shall be used to ensure proper accounting for such proceeds.

(2) The contractor making the sale may follow normal company policy on bid deposits and form of payment. However, any loss associated with dishonored payment shall be the contractor’s responsibility.

(3) The plant clearance officer (PLCO) is responsible for notifying the appropriate accounting office of the amounts collected by the contractor. The PLCO shall also notify the accounting office whether such collections:
   (i) Represent an increase in the dollar value of the applicable contract(s).
   (ii) Were made instead of disbursements on the applicable contract(s).
   (iii) Were returned to miscellaneous receipt account 972651, “Sale of Scrap and Salvage, Materials, Defense.”

(4) The accounting office for the contract is identified in the accounting classification code. See DoD 7220.9–M, chapter 17 for additional information.

(5) The accounting office shall prepare the source documents necessary to account properly for the transaction. The value of applicable Government property general-ledger-asset accounts shall be reduced for each alternative set forth in paragraph (g)(3) of this section. Additionally, for alternatives (addressed in paragraph (g)(3)(i) or (g)(3)(ii) of this section, an accounting entry shall be made to reflect the creation of reimbursable obligational authority and the use of such authority.

§172.6 Information requirements.

The reports cited in §§172.5(f)(3) (i) and (ii) of this part are exempt from licensing in accordance with paragraph E.4g. of DoD 7750.5–M.

APPENDIX A TO PART 172—EFFORTS AND COSTS ASSOCIATED WITH THE DISPOSAL OF RECYCLABLE MATERIAL
APPENDIX A —
EFFORTS AND COSTS ASSOCIATED WITH
THE DISPOSAL OF RECYCLABLE MATERIAL

1/ The proceeds of sales of DoD-purchased materials, labor, and assets shall be recouped on the basis of a sale to "Another Federal Agency," as prescribed in DoD 7220.9-M, chapter 26 (reference (h)). This procedure excludes capital investment costs. Such costs may be paid from recyclable material sales proceeds in their entirety. Therefore, amortization of capital items is not applicable.

§173.1 Scope.

(a) The purpose of the Competitive Information Certificate is to provide the Contracting Officer sufficient information and assurance to support award of a contract in those circumstances where certification is required.

(b) Although a Competitive Information Certificate provides reasonable assurance to the Government, the possibility remains that even a diligent internal review by the contractor may fail to identify illegal or improper actions. The purpose of the Profit Reduction Clause is to ensure effective protection of the Government’s interest in making contract awards when a Competitive Information Certification is required. The Profit Reduction Clause is required in all competitively awarded new contracts over $100,000 when a Competitive Information Certificate is required prior to award.

§173.2 Competitive Information Certification.

(a) The Competitive Information Certificate is required prior to award of all competitively awarded new contracts of a value exceeding $100,000 to contractors subject to the requirement.

(1) Corporate activities required to provide the Certificate are corporations or corporate divisions which have been the subject of search warrants, or as to which other official information indicates such certification should be required, and their subsidiaries and affiliates. A list of contractors from whom certification is required is maintained and published as required under authority of the Department of Defense Procurement Task Force.

(2) The requirement to provide the Certificate may be further limited to certain divisions or subsidiaries, contracts or programs upon the basis of official information indicating such certification should be required, and their subsidiaries and affiliates. A list of contractors from whom certification is required is maintained and published as required under authority of the Department of Defense Procurement Task Force.

(3) Contractors from whom certification in certain instances is required
§ 173.2

will be relieved of the certification requirement when the Department of Defense determines that information developed in the “Ill Wind” investigation has been resolved in such a manner that certification is no longer required to protect the interests of the Government.

(4) A Certificate will not be required prior to the exercise of options or non-competitive award of contracts. This does not limit in any manner the Government’s ability to inquire into, or require information concerning, the circumstances surrounding an underlying competitive award.

(b) With respect to information disclosed under paragraph (1) of the Certificate, the offeror must attach to the Certificate a written statement detailing what information was obtained, and how, when, and from whom it was obtained. This information shall be evaluated at the levels prescribed by the contracting component to determine whether award of the contract should be made to the offeror. If during this review it is determined that the offeror may have obtained an unfair competitive advantage from the information and that there is no other reason for denying award to the offeror, the reviewing authority shall consider whether action may be taken to neutralize the potential unfair competitive advantage. Any decision to deny award to an offeror based upon information disclosed in the Certificate shall be reviewed and approved by the Service Acquisition Executive.

(c) This certificate and any accompanying statements required, must be executed by the offeror’s corporate president or his designee at no more than one level below the president’s level.

(d) If a contractor from whom certification is required is uncertain as to whether competitive information otherwise required to be disclosed was generally available to offerors, this uncertainty should be resolved by disclosure.

(e) Contracting Officers may continue to accept Certificates of Business Ethics and Integrity complying with the Interim rule in lieu of Competitive Information Certificates.

(f) The Competitive Information Certificate shall be in the following form:

Competitive Information Certificate

(1) (Name of the offeror) certifies, to the best of its knowledge and belief, that

(i) With the exception of any information described in an attachment to this certificate, and any information the offeror reasonably believes was made generally available to prospective offerors, the offeror has not knowingly obtained, directly or indirectly from the Government, any written information or oral extract or account thereof relating to this solicitation which was

(A) Submitted to the Government by offerors or potential offerors in response to the Government’s solicitation for bid or proposal;

(B) Marked by an offeror or potential offeror to indicate the information was submitted to the Government subject to an assertion of privilege against disclosure;

(C) Marked or otherwise identified by the Government pursuant to law or regulation as classified, source selection sensitive, or for official use only; or

(D) The disclosure of which to the offeror or potential offeror by a Government employee would, under the circumstances, otherwise violate law or regulation.

(ii) The offeror named above

(A) Determined the prices in its offer independently, without, for the purpose of restricting competition, any consultation, communications, or agreement, directly or indirectly, with any other offeror or competitor relating to (1) those prices, (2) the intention to submit an offer, or (3), the methods or factors used to calculate the prices offered;

(B) Has not knowingly disclosed the prices in its offer, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law;

(C) Has not attempted to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.
§ 173.3 Profit reduction clause.

The following profit reduction clause is required in all competitively awarded new contracts over $100,000 when a Competitive Information Certificate is required prior to award.

(a) The government, at its election, may reduce the contract price by the amount of any anticipated profit determined as set forth in paragraph (b) of this section; if

(2) The Secretary of Defense, or his designee, determines that the Competitive Information Certificate submitted by the offeror in connection with award of this contract

(i) Was materially false at the time it was filed, or

(ii) Notwithstanding the offeror’s best knowledge and belief, was materially incomplete or inaccurate.

Prior to making such a determination, the Secretary or his designee, shall provide to the contractor a written statement of the action being considered and the basis therefor. The contractor shall have not less than 30 calendar days after receipt to submit in person, in writing, or through a representative, information and argument in opposition to the proposed reduction. The Secretary or his designee may, upon good cause shown, determine to reduce the contract price by less than the amount of any profit determined under paragraph (b) of this section.

(b) The amount of anticipated profits referred to in § 173.3(a) shall be:

(1) In the case of a cost-plus-fixed-fee contract, the amount of the fee specified in the contract at the time of award;

(2) In the case of fixed-price-incentive-profit or cost-plus-incentive-fee contract, the amount of the target profit or fee specified in the contract at the time of award; or

(3) In the case of a firm-fixed-price contract, the amount of anticipated profit determined by the contracting officer, after notice to the contractor and opportunity to comment, from records or documents in existence prior to the date of the award of the contract.

(c) The rights and remedies of the government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

PART 174—REVITALIZING BASE CLOSURE COMMUNITIES

SEC. 174.1 Purpose.
174.2 Applicability.
174.3 Definitions.
174.4 Policy.
174.5 Responsibilities.

Authority: 10 U.S.C. 2687 note.

§ 174.1 Purpose.
This part:
(a) Establishes policy and assigns responsibilities under the President’s Five-Part Plan, “A Program to Revitalize Base Closure Communities,” July 2, 1993,1 to speed the economic recovery of communities where military bases are slated to close.

§ 174.2 Applicability.
This part applies to the Office of the Secretary of Defense, the Military Departments, the Chairman of the Joint Chiefs of Staff, the Unified Combatant Commands, the Defense Agencies, and the DoD Field Activities (hereafter referred to collectively as “the DoD Components”).

§ 174.3 Definitions.
(a) Closure. All missions of the installation have ceased or have been relocated. All personnel positions (military, civilian and contractor) have either been eliminated or relocated, except for personnel required for care-taking, conducting any ongoing environmental cleanup, and disposal of the base, or personnel remaining in authorized enclaves.
(b) Relocation. Any action that both reduces and relocates functions and DoD civilian personnel positions, but does not include a reduction in force resulting from workload adjustments, reduced personnel or funding levels, skill imbalances, or other similar cause. A realignment may terminate the DoD requirement for the land and facilities on part of an installation. That part of the installation shall be treated as “closed” for purposes of this part.

§ 174.4 Policy.
It is DoD policy to:
(a) Help communities impacted by base closures and realignments achieve rapid economic recovery through effective reuse of the assets of closing and realigning bases—more quickly, more effectively and in ways based on local market conditions and locally developed reuse plans. This will be accomplished by quickly insuring that communities and the Military Departments communicate effectively and work together to accomplish mutual goals of quick property disposal and rapid job generation.
(b) This part does not create any rights or remedies and may not be relied upon by any person, organization, or other entity to allege a denial of any rights or remedies other than those provided by Title XXIX of Pub. L. 103–160, or Pub. L. 103–421.

§ 174.5 Responsibilities.

(b) Closure. All missions of the installation have ceased or have been relocated. All personnel positions (military, civilian, and contractor) have either been eliminated or relocated, except for personnel required for caretaking, conducting any ongoing environmental cleanup, and disposal of the base, or personnel remaining in authorized enclaves.

(c) Consultation. Explaining and discussing an issue, considering objections, modifications, and alternatives; but without a requirement to reach agreement.

(d) Date of approval. The date on which the authority of Congress to disapprove Defense Base Closure and Realignment Commission recommendations for closures or realignments of installations expires under Title XXIX of 104 Stat. 1808, as amended.

(e) Excess property. Any property under the control of a Military Department that the Secretary concerned determines is not required for the needs of the Department of Defense.

(f) Realignment. Any action that both reduces and relocates functions and DoD civilian personnel positions, but does not include a reduction in force resulting from workload adjustments, reduced personnel or funding levels, skill imbalances, or other similar cause. A realignment may terminate the DoD requirement for the land and facilities on part of an installation. That part of the installation shall be treated as “closed” for this document.

(g) Local Redevelopment Authority (LRA). Any authority or instrumentality established by state or local government and recognized by the Secretary of Defense, through the Office of Economic Adjustment, as the entity responsible for developing the redevelopment plan with respect to the installation or for directing implementation of the plan.

(h) Rural. An area outside a Metropolitan Statistical Area.

(i) Surplus property. Any excess property not required for the needs and the
§ 175.4 Policy.

It is DoD policy to help communities impacted by base closures and realignments achieve rapid economic recovery through effective reuse of the assets of closing and realigning bases more quickly, more efficiently, and in ways based on local market conditions and locally developed reuse plans. This will be accomplished by quickly ensuring that communities and the Military Departments communicate effectively and work together to accomplish mutual goals of quick property disposal and rapid job generation. This regulation does not create any rights of remedies and may not be relied upon by any person, organization, or other entity to allege a denial of any rights or remedies other than those provided by Title XXIX of Public Law 103–160, Public Law 103–421, or Title XXVII of Public Law 104–106.

§ 175.5 Responsibilities.

(a) The Deputy Under Secretary of Defense (Industrial Affairs and Installations), after coordination with the General Counsel of the Department of Defense and other officials as appropriate, may issue guidance through the publication of a Manual or other such document necessary to implement laws, Directives and Instructions on the retention or disposal of real and personal property at closing or realigning bases.

(b) The Heads of the DoD Components shall ensure compliance with this part and guidance issued by the Assistant Secretary of Defense for Economic Security and the Deputy Under Secretary of Defense (Industrial Affairs and Installations) on revitalizing base closure communities.

§ 175.6 Delegations of authority.

(a) The authority provided by sections 202 and 203 of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 483 and 484) for the utilization and disposal of excess and surplus property at closing and realigning bases has been delegated by the Administrator, GSA, to the Secretary of Defense by delegations dated March 1, 1989; October 9, 1990; September 13, 1991; and, September 1, 1995. Authority under these delegations has been previously delegated to the Secretaries of the Military Departments, who may delegate this authority further.

(b) Authorities delegated to the Deputy Under Secretary of Defense (Industrial Affairs and Installations) by § 174.5 of this chapter are hereby redelegated to the Secretaries of the Military

1 Available from the Base Closure and Community Reinvestment Office, 400 Army Navy Drive, Suite 200, Arlington, VA 22202, email: “base 72_reuse@acq.osd.mil”

2 A Deputy Secretary of Defense memorandum of May 15, 1996, “OUSD (Acquisition and Technology) Reorganization” disestablished the office of the Assistant Secretary of Defense for Economic Security and established the office of the Deputy Under Secretary of Defense (Industrial Affairs and Installations). § 175.7 Procedures.

(a) Identification of interest in real property. (1) To speed the economy recovery of communities affected by closures and realignments, it is DoD policy to identify DoD and federal interests in real property at closing and realigning military bases as quickly as possible. The Military Department having responsibility for the closing or realigning base shall identify such interests. The Military Department will keep the Local Redevelopment Authority (LRA) informed of these interests. This section establishes a uniform process, with specified timelines, for identifying real property which is excess to the Military Department for use by other Departments of Defense (DoD) Components and other federal agencies, and for the disposal of surplus property for various purposes.

(2) Upon the President’s submission of the recommendations for base closures and realignments to the Congress in accordance with the Defense Base Closure and Realignment Act of 1990 (Pub. L. 101–510), the Military Department shall send out a notice of potential availability to the other DoD Components, and other federal agencies. The notice of potential availability is a public document and should be made available in a timely basis, upon request. Federal agencies are encouraged to review this list, and to evaluate whether they may have a requirement for the listed properties. The notice of potential availability should describe the property and buildings that may be available for transfer. Installations which wholly or in part are comprised of withdrawn and reserved public domain lands should implement paragraph (a)(12) of this section at the same time.

(3) Military Departments should consider LRA input in making determinations on the retention of property (size of cantonment area), if provided. Generally, determinations on the retention of property (size of the cantonment area) should be completed prior to the date of approval of the closure or realignment.

(4) Within one week of the date of approval of the closure or realignment, the Military Department shall issue a formal notice of availability to other DoD Components and federal agencies covering closing and realigning installation buildings and property available for transfer to other DoD Components and federal agencies. Withdrawn public domain lands, which the Secretary of the Interior has determined are suitable for return to his jurisdiction, will not be included in the notice of availability.

(5) Within 30 days of date of the notice of availability, any DoD Component or federal agency is required to provide a written, firm expression of interest for buildings and property. An expression of interest must explain the intended use and the corresponding requirement for the buildings and property.

(6) Within 60 days of the date of the notice of availability, the DoD Component or federal agency expressing interest in buildings or property must submit an application for transfer of such property to the Military Department or federal agency.

(i) Within 90 days of the notice of availability, the FAA should survey the air traffic control and air navigation equipment at the installation to determine what is needed to support the air traffic control, surveillance, and communications functions supported by the Military Department, and to identify the facilities needed to control the airspace being relinquished by the Military Department.

(7) The Military Department will keep the LRA informed of the progress in identifying interests. At the same time, the LRA is encouraged to contact federal agencies which sponsor public benefit transfers for information and
technical assistance. The Military Department will provide points of contact at the federal agencies to the LRA.

(8) Federal agencies and DoD Components are encouraged to discuss their plans and needs with the LRA, if an LRA exists. DoD Components and federal agencies are encouraged to notify the Military Department of the results of this non-binding consultation. The Military Departments, the Base Transition Coordinator, and the Office of Economic Adjustment Project Manager are available to help facilitate communication between the federal agencies, DoD Components, and the LRA.

(9) A request for property from a DoD Component or federal agency must contain the following information:

(i) A completed GSA Form 1334, Request for Transfer (for requests from other DoD Components a DD Form 1354 is required). This must be signed by the head of the Component of the Department or Agency requesting the property. If the authority to acquire property has been delegation, a copy of the delegation must accompany the form;

(ii) A statement from the head of the requesting Component or agency that the request does not establish a new program (i.e., one that has never been reflected in a previous budget submission or Congressional action);

(iii) A statement that the requesting Component or agency has reviewed its real property holdings and cannot satisfy this requirement with existing property. This review must include all property under the requester’s accountability, including permits to other federal agencies and outleases to other organizations;

(iv) A statement that the requested property would provide greater long-term economic benefits than acquisition of a new facility or other property for the program;

(v) A statement that the program for which the property is requested has long-term viability;

(vi) A statement that considerations of design, layout, geographic location, age, state of repair, and expected maintenance costs of the requested property clearly demonstrate that the transfer will prove more economical over a sustained period of time than acquiring a new facility;

(vii) A statement that the size of the property requested is consistent with the actual requirement;

(viii) A statement that fair market value reimbursement to the Military Department will be made within two years of the initial request for the property, unless this obligation is waived by the Office of Management and Budget and the Secretary of the Military Department or a public law specifically provides for a non-reimbursable transfer. However, requests from the Military Departments or DoD Components do not need an Office of Management and Budget waiver; and

(ix) A statement that the requesting DoD Component or federal agency agrees to accept the care and custody costs for the property on the date the property is available for transfer, as determined by the Military Department.

(10) The Military Department will make its decision on a request from a federal agency, Military Department, or DoD Component based upon the following factors, from the Federal Property Management Regulations (41 CFR 101–47.201–2):

(i) The paramount consideration shall be the validity and appropriateness of the requirement upon which the proposal is based;

(ii) The proposed federal use is consistent with the highest and best use of the property;

(iii) The requested transfer will not have an adverse impact on the transfer of any remaining portion of the base;

(iv) The proposed transfer will not establish a new program or substantially increase the level of an agency’s existing programs;

(v) The application offers fair market value for the property, unless waived;

(vi) The proposed transfer addresses applicable environmental responsibilities to the satisfaction of the Military Department; and

(vii) The proposed transfer is in the best interest of the Government.

(11) When there are more than one acceptable applications for the same building or property, the Military Department responsible for the installation should first consider the needs of the military to carry out its mission. The Military Department should then
consider the proposal’s economic development and job creation potential and the LRA’s comments, as well as the other factors in the determination of highest and best use.

(12) Closing or realigning installations may contain “public domain lands” which have been withdrawn by the Secretary of the Interior from operation of the public land laws and reserved for the Defense Department’s use. Lands deemed suitable for return to the public domain are not real property governed by the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 472), and are not governed by the property management and disposal provisions of the Base Closure and Realignment Act of 1988 (Pub. L. 100–526) and Defense Base Closure and Realignment Act of 1990 (Pub. L. 101–510). Public domain lands are under the jurisdiction of the Secretary of the Interior and administered by the Bureau of Land Management (BLM) unless the Secretary of the Interior has withdrawn the lands and reserved them for another federal agency’s use.

(i) The Military Department responsible for a closing or realigning installation will provide the BLM with the notice of potential availability, as well as information about which, if any, public domain lands will be affected by the installation’s closing.

(ii) The BLM will review the notice of potential availability to determine if any installations contain withdrawn public domain lands. Before the date of approval of the closure or realignment, the BLM will review its land records to identify any withdrawn public domain lands at the closing installations. Any records discrepancies between the BLM and Military Departments should be resolved within this time period. The BLM will notify the Military Departments as to the final agreed upon withdrawn and reserved public domain lands at installations.

(iii) Upon agreement as to what withdrawn and reserved public domain lands are affected at closing installations, the BLM will initiate a screening of DOI agencies to determine if these lands are suitable for programs of the Secretary of the Interior.

(iv) Military Departments will transmit a Notice of Intent to Relinquish (see 43 CFR part 2372) to the BLM as soon as it is known that there is no DoD Component interest in reusing the public domain lands. The BLM will complete the suitability determination screening process within 30 days of receipt of the Military Department’s Notice of Intent to Relinquish. If a DoD Component is approved to reuse the public domain lands, the BLM will be notified and BLM will determine if the current authority for military use of these lands needs to be modified/amended.

(v) If BLM determines the land is suitable for return, they shall notify the Military Department that the intent of the Secretary of the Interior is to accept the relinquishment of the Military Department.

(vi) If BLM determines the land is not suitable, the land should be disposed of pursuant to base closure law.

(13) The Military Department should make its surplus determination within 100 days of the issuance of the notice of availability, and shall inform the LRA of the determination. If requested by the LRA, the Military Department may postpone the surplus determination for a period of no more than six months after the date of approval of the closure of realignment.

(i) In unusual circumstances, extensions beyond six months can be granted by the Deputy Under Secretary of Defense (Industrial Affairs and Installations).

(ii) Extensions of the surplus determination should be limited to the portions of the installation where there is an outstanding interest, and every effort should be made to make decisions on as much of the installation as possible, within the specified timeframes.

(14) Once the surplus determination has been made, the Military Department shall:

(i) Follow the procedures outlined in paragraph (b) of this section, if applicable.

(ii) Or, for installations approved for closure or realignment after October 25, 1994, and installations approved for closure or realignment prior to October 25, 1994, that have elected, prior to December 24, 1994, to come under the
§ 175.7  process outlined in the Base Closure Community Redevelopment and Homeless Assistance Act of 1994, follow the procedures outlined in paragraph (c) of this section.

(15) Following the surplus determination, but prior to the disposal of property, the Military Department may, at its discretion, withdraw the surplus determination and evaluate a federal agency’s late request for excess property.

(i) Transfers under this paragraph shall be limited to special cases, as determined by the Secretary of the Military Department.

(ii) Requests shall be made to the Military Department, as specified under paragraphs (a)(8) and (a)(9) of this section, and the Military Department shall notify the LRA of such late request.

(iii) Comments received from the LRA and the time and effort invested by the LRA in the planning process should be considered when the Military Department is reviewing a late request.

(b) Homeless screening for properties not covered by the Base Closure Community Redevelopment and Homeless Assistance Act of 1994. (1) This section outlines the procedure created for the identification of real property to fulfill the needs of the homeless by section 2905(b)(6) of Pub. L. 101–510, as amended by Public Law 103–160. It applies to BRAC 88, 91 and 93 bases if the LRA did not elect to be subject to the alternate homeless assistance screening procedure contained in the Base Closure Community Redevelopment and Homeless Assistance Act of 1994.

(2) The Military Department shall sponsor a workshop or seminar in the communities which have closing or realigning bases, unless such a workshop or seminar has already been held. These workshops or seminars will be conducted prior to the FEDERAL REGISTER publication by HUD of available property to assist the homeless.

(i) Not later than the date upon which the determination of surplus is made, the Military Department shall complete any determinations or surveys necessary to determine whether any building is available to assist the homeless. The Military Department shall then submit the list of properties available to assist the homeless to HUD.

(ii) HUD shall make a determination of the suitability of each property to assist the homeless in accordance with the Stewart B. McKinney Homeless Assistance Act, 42 U.S.C. 11411, (the McKinney Act). Within 60 days from the date of receipt of the information from the Department of Defense, HUD shall publish a list of suitable properties that shall become available when the base closes or realigns.

(iii) The listing of properties in the FEDERAL REGISTER under this procedure shall contain the following statement. (The listing of 1988 base closure properties that will be reported to HUD shall refer to section 2905(b)(6) of Public Law 101–510 instead of section 2905(b)(6) of Public Law 101–510):

The properties contained in this listing are closing and realigning military installations. This report is being accomplished pursuant to section 2905(b)(6) of Public Law 101–510, as amended by Public Law 103–160. In accordance with section 2905(b)(6), this property is subject to a one-time publication under the McKinney Act after which property not provided to homeless assistance providers will not be published again unless there is no expression of interest submitted by the local redevelopment authority in the one-year period following the end of the McKinney screening process pursuant to this publication.

(3) Providers of assistance to the homeless shall have 60 days in which to submit expressions of interest to HHS in any of the listed properties. If a provider indicates an interest in a listed property, it shall have an additional 90 days after submission of its written expression of interest to submit a formal application to HHS, a period which HHS can extend. HHS shall then have 25 days after receipt of a completed application to review and complete all actions on such applications.

(4) During this screening process (from 60 to 175 days following the FEDERAL REGISTER publication, as appropriate), disposal agencies shall take no final disposal action or allow reuse of property that HUD has determined suitable and that may become available for homeless assistance unless and until:
(i) No timely expressions of interest from providers are received by HHS;
(ii) No timely applications from providers expressing interest are received by HHS; or,
(iii) HHS rejects all applications received for a specific property.
(5) The Military Department should promptly inform the affected LRA, the Governor of the State, local governments, and agencies which support public benefit conveyances of the date the surplus property will be available for community reuse if:
(i) No provider expresses an interest to HHS in a property with the allotted 60 days;
(ii) There are expressions of interest by homeless assistance providers, but no application is received by HHS from such a provider within the subsequent 90-day application period (or within the longer application period if HHS has granted an extension); or
(iii) HHS rejects all applications for a specific property at any time during the 25 day HHS review period.
(6) The LRA shall have 1 year from the date of notification under paragraph (b)(5) of this section to submit a written expression of interest to incorporate the remainder of the property into a redevelopment plan.
(7) During the allotted 1-year period for the LRA to submit a written expression of interest for the property, surplus properties not already approved for homeless reuse shall not be available for homeless assistance. The surplus properties will also not be advertised by HUD as suitable during these 1-year periods. The surplus property may be available for interim leases consistent with paragraph (g) of this section.
(8) If the LRA does not express in writing its interest in a specific property during the allotted 1-year period or it notifies the Military Department it is not interested in the property, the disposal agency shall again notify HUD of the date of availability of the property for homeless assistance. HUD may then list the property in the FEDERAL REGISTER as suitable and available after the base closes following the procedures of the McKinney Act.
(c) Reserved. Additional regulations will be promulgated in a publication of the Departments of Defense and Housing and Urban Development to address state and local screening and approval of redevelopment plans for installations covered by the Base Closure Community Redevelopment and Homeless Assistance Act of 1994 (Pub. L. 103–421).
(d) Local Redevelopment Authority and the Redevelopment Plan. (1) The LRA should have broad-based membership, including, but not limited to, representatives from those jurisdictions with zoning authority over the property. Generally, there will be one recognized LRA per installation.
(2) The LRA should focus primarily on developing a comprehensive redevelopment plan based upon local needs. The plan should recommend land uses based upon an exploration of feasible reuse alternatives. If applicable, the plan should consider notices of interest received under the provisions of the Base Closure Community Redevelopment and Homeless Assistance Act of 1994 (Pub. L. 103–421). This section shall not be construed to require a plan that is enforceable under state and local land use laws, nor is it intended to create any exemption from such laws.
(3) The Military Department will develop a disposal plan and complete the appropriate environmental documentation no later than 12 months from receipt of the redevelopment plan. The local redevelopment plan will generally be used as the basis for the proposed action in conducting environmental analyses required by under the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4332 et seq.). The disposal plan will specifically address the methods for disposal of property at the installation, including conveyances for homeless assistance, public benefit transfers, public sales, Economic Development Conveyances and other disposal methods.
(i) In the event there is no LRA recognized by DoD and/or if a redevelopment plan is not received from the LRA within 15 months from the determination of surplus under paragraph (a)(13) of this section, (unless an extension of time has been granted by the Deputy Under Secretary of Defense (Industrial Affairs and Installations)), the applicable Military Department shall proceed with the disposal of property
under applicable property disposal and environmental laws and regulations.

(ii) [Reserved]

e) Economic development conveyances. (1) Section 2903 of Public Law 103–160 gives the Secretary of Defense the authority to transfer property to local redevelopment authorities for consideration in cash or in kind, with or without initial payment, or with only partial payment at time of transfer, at or below the estimated present fair market value of the property. This authority creates an additional tool for local communities to help spur economic opportunity through a new real property conveyance method specifically designed for economic development, referred to as the “Economic Development Conveyance” (EDC).

(2) The EDC can only be used when other surplus federal property disposal authorities for the intended land use cannot be used to accomplish the necessary economic redevelopment.

(3) An LRA is the only entity able to receive property under an EDC.

(4) A properly completed application will be the basis for a decision on whether an LRA will be eligible for an EDC. An application should be submitted by the LRA after a Redevelopment Plan is adopted by the LRA. The Secretary of the Military Departments shall establish a reasonable time period for submission of the EDC application after consultation with the LRA. The Military Departments will review the applications and make a decision whether to make an EDC based on the criteria specified in paragraph (e)(7) of this section. The terms and conditions of the EDC will be negotiated between the Military Departments and the LRA. Bases in rural areas shall be conveyed with no consideration if they meet the standards in paragraph (f)(5) of this section.

(5) The application should explain why an EDC is necessary for economic redevelopment and job creation. In addition to the elements in paragraph (e)(5) of this section, after Military Department review of the application, additional information may be requested to allow for a better evaluation of the application. The application should also contain the following elements:

(i) A copy of the adopted redevelopment plan.

(ii) A project narrative including the following:

(A) A general description of property requested.

(B) A description of the intended uses.

(C) A description of the economic impact of closure or realignment on the local communities.

(D) A description of the financial condition of the community and the prospects for redevelopment of the property.

(E) A statement of how the EDC is consistent with the overall Redevelopment Plan.

(iii) A description of how the EDC will contribute to short- and long-term job creation and economic redevelopment of the base and community, including projected number, and type of new jobs it will assist in creating.

(iv) A business/operational plan for the EDC parcel, including such elements as:

(A) A development timetable, phasing schedule and cash flow analysis.

(B) A market and financial feasibility analysis describing the economic viability of the project, including an estimate of net proceeds over a fifteen-year period, the proposed consideration or payment to the Department of Defense, and the estimated present fair market value of the property.

(C) A cost estimate and justification for infrastructure and other investments needed for the development of the EDC parcel.

(D) Local investment and proposed financing strategies for the development.

(v) A statement describing why other authorities—such as public or negotiated sale and public benefit transfers for education, parks, public health, aviation, historic monuments, prisons, and wildlife conservation—cannot be used to accomplish the economic development and job creation goals.

(vi) If a transfer is requested for less than the estimated present fair market value (“FMV”), with or without initial payment at the time of transfer, then a statement should be provided justifying the discount. The statement should include the amount and form of
§ 175.7

(7) The following factors will be considered, as appropriate, in evaluating the application and the terms and conditions of the proposed transfer, including price, time of payment and other relevant methods of compensation to the federal government.

(i) Adverse economic impact of closure or realignment on the region and potential for economic recovery after an EDC.

(ii) Extent of short- and long-term job generation.

(iii) Consistency with overall Redevelopment Plan.

(iv) Financial feasibility of the development, including market analysis and need and extent of proposed infrastructure and other investments.

(v) Extent of state and local investment, level of risk incurred, and the LRA’s ability to implement the plan.

(vi) Current local and regional real estate market conditions.

(vii) Incorporation of other federal agency interests and concerns, and applicability of, and conflicts with, other federal surplus property disposal authorities.

(viii) Relationship to the overall Military Department disposal plan for the installation.

(ix) Economic benefit to the federal government, including protection and maintenance cost savings and anticipated consideration from the transfer.

(x) Compliance with applicable federal, state, and local laws and regulations.

(8) Before making an EDC, the Military Department must prepare an estimate of the present fair market value of the property, which may be expressed as a range of values. The Military Department shall consult with the LRA on valuation assumptions, guidelines and on instructions given to the person(s) making the estimation of value. The Military Department is fully responsible for completion of the valuation. The Military Department, in preparing the estimate of present fair market value shall include, to the extent practicable, the uses identified in the local redevelopment plan.

(f) Consideration for economic development conveyances. (1) For conveyances made pursuant to §175.7(e), Economic development conveyances, the Secretary of the Military Department will review the application for an EDC and negotiate the terms and conditions of each transaction with the LRA. The Military Departments will have the discretion and flexibility to enter into agreements that specify the form, amount, and payment schedule. The consideration may be at or below the estimated present fair market value, with or without initial payment, in cash or in-kind and paid over time.

(2) An EDC must be one of the two following types of agreements:

(i) Consideration within the estimated range of present fair market value, as determined by the Secretary of the Military Department.

(ii) Consideration below the estimated range of present fair market value, when proper justification is provided and when the Secretary of the Military Department determines that a discount is necessary for economic redevelopment and job creation.

(3) If the consideration under an EDC is within the range of value listed in paragraph (f)(2)(i) of this section, the amount paid in the future should take into account the time value of money and include repayment of interest. Any transaction that waives or delays interest payments will be considered as a transaction below the present fair market value under paragraph (f)(2)(ii) of
this section, and as such must be justified as necessary for economic development and job creation.

(4) Additional provisions may be incorporated in the conveyance documents to protect the Department’s interest in obtaining the agreed upon compensation, including such items as predetermined release prices, or other appropriate clauses designed to ensure payment and protect against fraudulent transactions.

(5) In a rural area, as defined by this rule, any EDC approved by the Secretary of the Military Department shall be made without consideration if the base closure will have a substantial adverse impact on the economy of the communities in the vicinity of the installation and on the prospect for their economic recovery.

(6) In those instances in which an EDC is made for consideration below the range of the estimated present fair market value of the property—or if the estimated present fair market value is expressed as a range of values, below the lowest value in that range—the Military Department shall prepare a written explanation of why the estimated present fair market value was not obtained. Additionally, the Military Departments must prepare a written statement explaining why other federal property transfer authorities could not be used to generate economic redevelopment and job creation.

(g) Leasing of real property. (1) Leasing of real property prior to the final disposition of closing and realigning bases may facilitate state and local economic adjustment efforts and encourage economic redevelopment.

(2) In addition to leasing property at fair market value, to assist local redevelopment efforts the Secretaries of the Military Departments may also lease real and personal property located at a military installation to be closed or realigned under a base closure law, pending final disposition, for less than fair market value if the Secretary concerned determines that:
   (i) A public interest will be served as a result of the lease; and
   (ii) The fair market value of the lease is unattainable, or not compatible with such public benefit.

(3) Pending final disposition of an installation, the Military Departments may grant interim leases which are short-term leases that make no commitment for future use or ultimate disposal. When granting an interim lease, the Military Department will generally lease to the LRA but can lease property directly to other entities. If the interim lease is entered into prior to completion of the final disposal decisions under the National Environmental Policy Act (NEPA) process, the term may be for up to five years, including options to renew, and may contain restrictions on use. Leasing should not delay the final disposal of the property. After completion of the final disposal decisions, the term of the lease may be longer than five years.

(4) If the property is leased for less than fair market value to the LRA and the interim lease permits the property to be subleased, the interim lease shall provide that rents from the subleases will be applied by the lessee to protection, maintenance, repair, improvement and costs related to the property at the installation consistent with 10 U.S.C. 2667.

(h) Personal property. (1) This section outlines procedures to allow transfer of personal property to the LRA for the effective implementation of a community reuse plan.

(2) Each Military Department and DoD Component, as appropriate, will take an inventory of the personal property, including its condition, within 6 months after the date of approval of closure or realignment. This inventory will be limited to the personal property located on the real property to be disposed of by the Military Department or DoD Component. The inventory will be taken in consultation with LRA officials. If there is no LRA, the Military Department will offer to provide a consultation for the local government in whose jurisdiction the installation is wholly located or for a local government agency or a state government agency designated for that purpose by the chief executive officer of the state. Based on these consultations, the base commander will determine the items or category of items that have the potential to enhance the reuse of the real property.
(3) Except for property subject to the exemptions in paragraph (h)(5) of this section, personal property with potential to enhance the reuse of the real estate shall remain at a base being closed or realigned until disposition is otherwise determined by the Military Department. This determination will be made no earlier than 90 days after the Military Department receives an adopted redevelopment plan or when notified by the LRA that there will be no redevelopment plan.

(4) National Guard property demonstrably identified as being purchased with state funds is not available for reuse planning or subject to transfer for redevelopment purposes, unless so identified by the state property officer. National Guard property purchased with federal funds is subject to inventory and may be made available for redevelopment planning purposes.

(5) Personal property may be removed upon approval of the base commander or higher authority, within and as prescribed by the Military Department, after the inventory required in paragraph (h)(2) of this section has been sent to the redevelopment authority, when:

(i) The property, other than ordinary fixtures, is required for the operation of a transferring unit, function, component, weapon, or weapons system;

(ii) The property is required for the operation of a unit, function, component, weapon, or weapon system at another installation within the Military Department, subject to the following conditions:

(A) Ordinary fixtures, including but not limited to such items as blackboards, sprinklers, lighting fixtures, and electrical and plumbing systems, shall not be removed under paragraph (h)(5)(ii) of this section; and,

(B) Other personal property may be removed under paragraph (h)(5)(ii) of this section only after the Military Department has consulted with the LRA and, with respect to disputed items, upon the approval of an Assistant Secretary of the Military Department.

(iii) The property is uniquely military in character and is likely to have no civilian use (other than use for its material content or as a source of commonly used components). This property consists of classified items; nuclear, biological, chemical items; weapons and munitions; museum property or items of significant historic value that are maintained or displayed on loan; and similar military items;

(iv) The property is not required for the reutilization or redevelopment of the installation (as jointly determined by the Military Department concerned and the redevelopment authority);

(v) The property is stored at the installation for distribution (including spare parts or stock items). This property includes materials or parts used in a manufacturing or repair function but does not include maintenance spares for equipment to be left in place;

(vi) The property meets known requirements of an authorized program of another federal department or agency that would have to purchase similar items, and the property is the subject of a written request received from the head of the other Department or Agency. If the authority to acquire personal property has been delegated, a copy of the delegation must accompany the request. In this context, purchase means the federal department or agency intends to obligate funds in the current quarter or next six fiscal quarters. The federal department or agency must pay packing, crating, handling, and transportation charges associated with such transfers of personal property;

(vii) The property belongs to non-appropriated fund instrumentalities (NAFI) and other non-Defense Department activities. Such property may be removed at the Military Departments' discretion because it does not belong to the Defense Department and, therefore, it may not be transferred to the redevelopment authority under this section. For NAFI property, separate arrangements for communities to purchase such property are possible and may be negotiated with the Military Department concerned; and,

(viii) The property is needed elsewhere in the national security interest of the United States as determined by the Secretary of the Military Department concerned. This authority may not be redelegated below the level of an Assistant Secretary. In exercising this authority, the Secretary may transfer
§ 175.7 32 CFR Ch. I (7–1–02 Edition)

the property to any entity of the Department of Defense or other federal agency.

(6) In addition to the exemptions in paragraph (h)(5) of this section, the Military Department or DoD Component is authorized to substitute an item similar to one requested by the redevelopment authority.

(7) Personal property not subject to the exemptions in paragraph (h)(5) of this section may be conveyed to the redevelopment authority as part of an economic development conveyance for the real property if the Military Department makes a finding that the personal property is necessary for the effective implementation of the redevelopment plan.

(8) Personal property may also be conveyed separately to the LRA under an economic development conveyance for personal property. This type of economic development conveyance can be made if the Military Department determines that the transfer is necessary for the effective implementation of a redevelopment plan with respect to the installation. Such determination shall be based on the LRA’s timely application for the property, which should be submitted to the Military Department upon completion of the redevelopment plan. The application must include the LRA’s agreement to accept the personal property after a reasonable period. The transfer will be subject to reasonable limitations and conditions on use.

(i) The Military Department will restrict the LRA’s ability to acquire personal property at less than fair market value solely for the purpose of releasing or reselling it, unless the LRA will lease or sell the personal property to entities which will place it into productive use in accordance with the redevelopment plan. The LRA must retain personal property conveyed under an EDC for less than fair market value for at least one year if it is valued at less than $5,000, or at least two years if valued at more than $5,000. Any proceeds from such leases or sales must be used to pay for protection, maintenance, repair or redevelopment of the installation. The LRA will be required to certify its compliance with the provisions of this section at the end of each fiscal year for no more than two years after transfer. The certification may be subject to random audits by the Government.

(9) Personal property that is not needed by the Military Department or a federal agency or conveyed to a redevelopment authority (or a state or local jurisdiction in lieu of a local redevelopment authority) will be transferred to the Defense Reutilization and Marketing Office for processing in accordance with 41 CFR parts 101–43 through 101–45, “Federal Property Management Regulations,” and DoD 4160.21–M.3

(10) Useful personal property determined to be surplus to the needs of the federal government by the Defense Reutilization and Marketing Office and not qualifying for transfer to the redevelopment authority under an economic conveyance may be donated to the community or redevelopment authority through the appropriate State Agency for Surplus Property (SASP). Personal property donated under this procedure must meet the usage and control requirements of the applicable SASP. Property subsequently not needed by the community or redevelopment authority shall be disposed of as required by its SASP.

(i) Maintenance, utilities, and services.

(1) Facilities and equipment located on bases being closed are often important to the eventual reuse of the base. This section provides maintenance procedures to preserve and protect those facilities and items of equipment needed for reuse in an economical manner that facilitates based redevelopment.

(2) In order to ensure quick reuse, the Military Department, in consultation with the LRA, will establish initial levels of maintenance and repair needed to aid redevelopment and to protect the property for the time periods set forth below. Where agreement between the Military Department and the LRA cannot be reached, the Secretary of the Military Department will determine the required levels of maintenance and repair and its duration. In no case will these initial levels of maintenance:

---

3 Copies may be obtained from the Defense Logistics Agency, Attn: DLA-XPD, Alexandria, VA 22304-6100.
(i) Exceed the standard of maintenance and repair in effect on the date of closure or realignment approval;
(ii) Be less than maintenance and repair required to be consistent with federal government standards for excess and surplus properties (i.e., 41 CFR 101–47.402 and 41 CFR 101–47.4913); or,
(iii) Require any property improvements, including construction, alteration, or demolition, except when the demolition is required for health, safety, or environmental purposes, or is economically justified in lieu of continued maintenance expenditures.

(3) The initial levels of maintenance and repair shall be tailored to the redevelopment plan, and shall include the following provisions:
(i) The facilities and equipment that are likely to be utilized in the near term will be maintained at levels that shall prevent undue deterioration and allow transfer to the LRA.
(ii) The scheduled closure or realignment date of the installation will not be delayed.

(4) The Military Department will not reduce the agreed upon initial maintenance and repair levels unless it establishes a new arrangement (e.g., termination of caretaking upon leasing of property) in consultation with the LRA.

(5) The Military Department will determine the length of time it will maintain the initial levels of maintenance and repair for each closing or realigning base. This determination will be based on factors such as the closure/realignment date and the timing of the completion of the National Environmental Policy Act (NEPA) documentation on the proposed disposal (such as a finding of no significant impact and disposal decision following an environmental assessment or the record of decision following an environmental impact statement).

(i) For a base that has not closed prior to the publication of this rule, and where the base’s operational closure precedes the completion of the NEPA analysis on the proposed disposal, the time period for the initial levels of maintenance and repair will normally extend no longer than one year after operational closure or 180 days after the Secretary of the Military Department approves the NEPA analysis.

(ii) For a base that closed prior to the publication of this rule, the time period for the existing levels of maintenance will normally extend no longer than one year from the date of the publication of this rule or six years after the date of approval of the closure or realignment (whichever comes first).

(6) The Military Department may extend the time period for the initial levels of maintenance and repair for property still under its control for an additional period, if the Secretary of the Military Department determines that the Local Redevelopment Authority is actively implementing its redevelopment plan, and such levels of maintenance are justified.

(7) Once the time period for the initial or extended levels of maintenance and repair elapses, the Military Department will reduce the levels of maintenance and repair to levels consistent with federal government standards for excess and surplus properties (i.e., 41 CFR 101–47.402 and 41 CFR 101–47.4913).

(k) Leaseback of real property at base closure and realignment sites. (1) Section 2905(b)(4)(c) of Public Law 101–510, 10 U.S.C. 2687 note (BRAC 1990), as added by section 2837 of Public Law 104–106, gives the Secretary of Defense the authority to transfer real property that is still needed by a Federal Department or Agency to an LRA provided the LRA agrees to lease the property back to the Federal Department or Agency in accordance with all statutory and regulatory guidance. The purpose of this authority, hereinafter referred to as a “leaseback,” is to enable the LRA to obtain ownership of the property pursuant to the BRAC process while still ensuring that the Federal need for use of the property is accommodated.

(j) [Reserved]
(2) Subject to BRAC 1990 and this part, the decision whether to transfer property pursuant to a leaseback rests with the relevant military department. However, a military department may only transfer property via a leaseback if the Federal entity that needs the property agrees to the leaseback arrangement.

(3) If for any reason property cannot be transferred pursuant to a leaseback (e.g., the relevant Federal Agency prefers ownership, the LRA and the Federal entity cannot agree on terms of the lease, or the military department determines that a leaseback would not be in the Federal interest), such property shall remain in Federal ownership unless and until the relevant landholding entity determines that it is surplus pursuant to the Federal Property Management Regulations.

(4) If a building or structure is proposed for transfer under this authority, that which is leased back to the Federal Department or Agency may be all or a portion of that building or structure.

(5) The leaseback authority may be used at all installations approved for closure or realignment under BRAC 1990.

(6) Transfers under this authority must be to an LRA.

(7) Transfers under this authority may be by lease in furtherance of conveyance or deed. A lease in furtherance of conveyance is appropriate only in those circumstances where deed transfer cannot be accomplished because the requirements of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) (42 U.S.C. 9601, et seq.) for such transfer have not been met. The lease in furtherance of conveyance or accompanying contract shall include a provision stating that the LRA agrees to take title to the property when requirements for the transfer have been satisfied.

(8) The leaseback authority can be used to transfer property that is needed either by existing Federal tenants or by Federal Departments or Agencies desiring to locate onto the property after operational closure. The Military Department that is closing or realigning the installation may not transfer property to an LRA under this authority and lease it back unless:

(i) The Military Department is acting in an Executive Agent capacity on behalf of a Defense Agency that certifies that a leaseback is in the interest of that Defense Agency; or,

(ii) The Secretary of the Military Department certifies that a leaseback is in the best interest of the Military Department and that use of the property by the Military Department is consistent with the obligation to close or realign the installation in accordance with the recommendations of the Defense Base Closure and Realignment Commission.

(9) Property eligible for a leaseback is not surplus because it is still needed by a Federal entity. However, notwithstanding that the property is not surplus and that the LRA would not otherwise have to include such property in its redevelopment plan, the LRA should include the proposed leaseback of property in its redevelopment plan, taking into account the planned Federal use of such property.

(10) The terms of the LRA’s lease to the Federal entity should afford the Federal Department or Agency rights as close to those associated with ownership of the property as is practicable. The requirements of the General Services Acquisition Regulation (GSAR) (48 CFR Part 570) are not applicable to the lease, but provisions in the GSAR may be used to the extent they are consistent with this part. The terms of the lease are negotiable subject to the following:

(i) The lease shall be for a term of no more than 50 years, but may provide for options for renewal or extension of the term at the request of the Federal Department or Agency concerned. The lease term should be based on the needs of the Federal entity.

(ii) The lease, or any renewals or extensions thereof, shall not require rental payments.

(iii) The lease shall not require the Federal Government to pay the LRA or other local government entity for municipal services including fire and police protection.

(iv) The Federal Department or Agency concerned may be responsible for services such as janitorial, grounds
keeping, utilities, capital maintenance, and other services normally provided by a landlord. Acquisition of such services by the Federal Department or Agency is to be accomplished through the use of Federal Acquisition Regulation procedures or otherwise in accordance with applicable statutory and regulatory requirements.

(v) The lease shall include a provision prohibiting the LRA from transferring fee title to another entity during the term of the lease, other than one of the political jurisdictions that comprise the LRA, without the written consent of the Federal Department or Agency occupying the leaseback property.

(vi) The lease shall include a provision specifying that if the Federal Department or Agency concerned no longer needs the property before the expiration of the term of the lease, the remainder of the lease term may be satisfied by the same or another Federal Department or Agency that needs property for a similar use.

(A) Prior to exercising this option, the Federal tenant shall consult with the LRA concerned or other property owner if the property has been conveyed by the LRA to another entity in accordance with §175.7(k)(10)(v) of this part.

(B) If the Federal tenant decides to exercise this option after consulting with the LRA or other property owner, it shall notify the appropriate General Services Administration regional office that the property is available for use by a Federal Department or Agency. The General Services Administration regional office shall have 60 days from the date of notification in which to identify a Federal Department or Agency to serve out the term of the lease and to notify the LRA or other property owner of the new tenant. If the regional office does not notify the LRA or other property owner of a new tenant within 60 days from the date of notification, the property is available for use by the LRA or other property owner.

(C) If the Federal tenant decides not to exercise this option after consulting with the LRA or other property owner, the property is available for use by the LRA or other property owner.

(vii) The terms of the lease shall provide that the Federal Department or Agency may repair and improve the property at its expense after consultation with the LRA.

(11) Conveyance to an LRA under this authority shall be in one of the following ways:

(i) Lease back property that will be conveyed under an Economic Development Conveyance (EDC) shall be conveyed as part of the EDC in accordance with the existing EDC procedures and §175.7(k)(11)(ii)(B)(1). The LRA shall submit the following in addition to the application requirements outlined in §175.7(e)(5):

(A) A description of the parcel or parcels the LRA proposes to have transferred to it and then to lease back to a Federal Department or Agency;

(B) A written statement signed by an authorized representative of the Federal entity that it agrees to accept a leaseback of the property; and,

(C) A statement explaining why a leaseback is necessary for the long-term economic redevelopment of the installation property.

(ii) Leaseback property not associated with property to be conveyed under an EDC shall be conveyed in accordance with the following procedures:

(A) As soon as possible after the LRA’s submission of its redevelopment plan to the DoD and HUD, the LRA shall submit a request for a leaseback to the Military department. The Military Department may impose additional requirements as necessary, but at a minimum, the request shall contain the following:

(1) A description of the parcel or parcels the LRA proposes to have transferred to it and then to lease back to a Federal Department or Agency;

(2) A written statement signed by an authorized representative of the Federal entity that it agrees to accept a leaseback of the property; and,

(3) A statement explaining why a leaseback is necessary for the long-term economic redevelopment of the installation property.

(B) The transfer may be for consideration at or below the estimated present fair market value. In those instances in
which the property is conveyed for consideration below the estimated present fair market value, the Military Department shall prepare a written explanation of why the estimated present fair market value was not obtained.

(1) In a rural area, the transfer shall comply with §176.7(f)(5).

(2) Payment may be in cash or in-kind.

(3) The Military Department shall determine the estimated present fair market value of the property before transfer under this authority.

(4) The exact amount of consideration, or the formula to be used to determine that consideration, as well as the schedule for payment of consideration must be agreed upon in writing before transfer under this authority.

§176.1 Purpose.

This part implements the Base Closure Community Redevelopment and Homeless Assistance Act, as amended (10 U.S.C. 2687 note), which instituted a new community-based process for addressing the needs of the homeless at base closure and realignment sites. In this process, Local Redevelopment Authorities (LRAs) identify interest from homeless providers in installation property and develop a redevelopment plan for the installation that balances the economic redevelopment and other development needs of the communities in the vicinity of the installation with the needs of the homeless in those communities. The Department of Housing and Urban Development (HUD) reviews the LRA’s plan to see that an appropriate balance is achieved. This part also implements the process for identifying interest from State and local entities for property under a public benefit transfer. The LRA is responsible for concurrently identifying interest from homeless providers and State and local entities interested in property under a public benefit transfer.

§176.5 Definitions.

As used in this part:

CERCLA. Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. 9601 et seq.).

Communities in the vicinity of the installation. The communities that constitute the political jurisdictions (other than the State in which the installation is located) that comprise the LRA for the installation. If no LRA is formed at the local level, and the State is serving in that capacity, the communities in the vicinity of the installation are deemed to be those political jurisdiction(s) (other than the State) in which the installation is located.

Continuum of care system. (1) A comprehensive homeless assistance system that includes:

(i) A system of outreach and assessment for determining the needs and condition of an individual or family who is homeless, or whether assistance is necessary to prevent an individual or family from becoming homeless;

(ii) Emergency shelters with appropriate supportive services to help ensure that homeless individuals and families receive adequate emergency shelter and referral to necessary service providers or housing finders;

(iii) Transitional housing with appropriate supportive services to help those homeless individuals and families who are not prepared to make the transition to independent living;

(iv) Housing with or without supportive services that has no established limitation on the amount of time of residence to help meet long-term needs.
§ 176.5

Office of the Secretary of Defense

of homeless individuals and families; and,

(v) Any other activity that clearly meets an identified need of the homeless and fills a gap in the continuum of care.

(2) Supportive services are services that enable homeless persons and families to move through the continuum of care toward independent living. These services include, but are not limited to, case management, housing counseling, job training and placement, primary health care, mental health services, substance abuse treatment, child care, transportation, emergency food and clothing family violence services, education services, moving services, assistance in obtaining entitlements, and referral to veterans services and legal services.

Consolidated Plan. The plan prepared in accordance with the requirements of 24 CFR part 91.

Day. One calendar day including weekends and holidays.

DoD. Department of Defense.

HHS. Department of Health and Human Services.

Homeless person.

(1) An individual or family who lacks a fixed, regular, and adequate nighttime residence; and

(2) An individual or family who has a primary nighttime residence that is:

(i) A supervised publicly or privately operated shelter designed to provide temporary living accommodations (including welfare hotels, congregate shelters and transitional housing for the mentally ill);

(ii) An institution that provides a temporary residence for individuals intended to be institutionalized; or,

(iii) A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

(3) This term does not include any individual imprisoned or otherwise detained under an Act of the Congress or a State law.

HUD. Department of Housing and Urban Development.

Installation. A base, camp, post, station, yard, center, homeport facility for any ship or other activity under the jurisdiction of DoD, including any leased facility, that is approved for closure or realignment under the Base Closure and Realignment Act of 1988 (Pub. L. 100–526), as amended, or the Defense Base Closure and Realignment Act of 1990 (Pub. L. 101–510), as amended (both at 10 U.S.C. 2687, note).

Local redevelopment authority (LRA). Any authority or instrumentality established by State or local government and recognized by the Secretary of Defense, through the Office of Economic Adjustment, as the entity responsible for developing the redevelopment plan with respect to the installation or for directing implementation of the plan.

OEA. Office of Economic Adjustment, Department of Defense.

Private nonprofit organization. An organization, no part of the net earnings of which inures to the benefit of any member, founder, contributor, or individual; that has a voluntary board; that has an accounting system or has designated an entity that will maintain a functioning accounting system for the organization in accordance with generally accepted accounting procedures; and that practices non-discrimination in the provision of assistance.

Public benefit transfer. The transfer of surplus military property for a specified public purpose at up to a 100-percent discount in accordance with 40 U.S.C. 471 et seq. or 49 U.S.C. 47151–47153.

Redevelopment plan. A plan that is agreed by the LRA with respect to the installation and provides for the reuse or redevelopment of the real property and personal property of the installation that is available for such reuse and redevelopment as a result of the closure of the installation.

Representative(s) of the homeless. A State or local government agency or private nonprofit organization, including a homeless assistance planning board, that provides or proposes to provide services to the homeless.

Substantially equivalent. Property that is functionally suitable to substitute for property referred to in an approved Title V application. For example, if the representative of the
homeless had an approved Title V application for a building that would accommodate 100 homeless persons in an emergency shelter, the replacement facility would also have to accommodate 100 at a comparable cost for renovation.

Substantially equivalent funding. Sufficient funding to acquire a substantially equivalent facility.

Surplus property. Any excess property not required for the needs and the discharge of the responsibilities of all Federal Agencies. Authority to make this determination, after screening with all Federal Agencies, rests with the Military Departments.

Urban county. A county within a metropolitan area as defined at 24 CFR 570.3.

§ 176.10 Applicability.

(a) General. This part applies to all installations that are approved for closure/realignment by the President and Congress under Pub. L. 101–510 after October 25, 1994.

(b) Request for inclusion under this process. This part also applies to installations that were approved for closure/realignment under either Public Law 100–526 or Public Law 101–510 prior to October 25, 1994 and for which an LRA submitted a request for inclusion under this part to DoD by December 24, 1994. A list of such requests was published in the FEDERAL REGISTER on May 30, 1995 (60 FR 28089).

1. For installations with Title V applications pending but not approved before October 25, 1994, the LRA shall consider and specifically address any application for use of buildings and property to assist the homeless that were received by HHS prior to October 25, 1994, and were spending with the Secretary of HHS on that date. These pending requests shall be addressed in the LRA’s homeless assistance submission.

2. For installations with Title V applications approved before October 25, 1994 where there is an approved Title V application, but property has not been assigned or otherwise disposed of by the Military Department, the LRA must ensure that its homeless assistance submission provides the Title V applicant with:

   (i) The property requested;
   (ii) Properties, on or off the installation, that are substantially equivalent to those requested;
   (iii) Sufficient funding to acquire such substantially equivalent properties;
   (iv) Services and activities that meet the needs identified in the application; or,
   (v) A combination of the properties, funding, and services and activities described in §176.10(b)(2)(i)–(iv) of this part.

(c) Revised Title V process. All other installations approved for closure or realignment under either Public Law 100–526 or Public Law 101–510 prior to October 25, 1994, for which there was no request for consideration under this part, are covered by the process stipulated under Title V. Buildings or property that were transferred or leased for homeless use under Title V prior to October 25, 1994, may not be reconsidered under this part.

§ 176.15 Waivers and extensions of deadlines.

(a) After consultation with the LRA and HUD, and upon a finding that it is in the interest of the communities affected by the closure/realignment of the installation, DoD, through the Director of the Office of Economic Adjustment, may extend or postpone any deadline contained in this part.

(b) Upon completion of a determination and finding of good cause, and except for deadlines and actions required on the part of DoD, HUD may waive any provision of §§176.20 through 176.45 of this part in any particular case, subject only to statutory limitations.

§ 176.20 Overview of the process.

(a) Recognition of the LRA. As soon as practicable after the list of installations recommended for closure or realignment is approved, DoD, through OEA, will recognize an LRA for the installation. Upon recognition, OEA shall publish the name, address, and point of contact for the LRA in the FEDERAL
REGISTER and in a newspaper of general circulation in the communities in the vicinity of the installation.

(b) Responsibilities of the Military Department. The Military Department shall make installation properties available to other DoD components and Federal agencies in accordance with the procedures set out at 32 CFR part 175. The Military Department will keep the LRA informed of other Federal interest in the property during this process. Upon completion of this process the Military Department will notify HUD and either the LRA or the Chief Executive Officer of the State, as appropriate, and publish a list of surplus property on the installation that will be available for reuse in the FEDERAL REGISTER and a newspaper of general circulation in the communities in the vicinity of the installation.

(c) Responsibilities of the LRA. The LRA should begin to conduct outreach efforts with respect to the installation as soon as is practicable after the date of approval of closure/realignment of the installation. The local reuse planning process must begin no later than the date of the Military Department's FEDERAL REGISTER publication of available property described at §176.20(b). For those installations that began the process described in this part prior to August 17, 1995, HUD will, on a case-by-case basis, determine whether the statutory requirements have been fulfilled and whether any additional requirements listed in this part should be required. Upon the FEDERAL REGISTER publication described in §176.20(b), the LRA shall:

(i) Publish, within 30 days, in a newspaper of general circulation in the communities in the vicinity of the installation, the time period during which the LRA will receive notices of interest from State and local governments, representatives of the homeless, and other interested parties. This publication shall include the name, address, telephone number and the point of contact for the LRA who can provide information on the prescribed form and contents of the notices of interest. The LRA shall notify DoD of the deadline specified for receipt of notices of interest. LRAs are strongly encouraged to make this publication as soon as possible within the permissible 30 day period in order to expedite the closure process.

(ii) In addition, the LRA has the option to conduct an informal solicitation of notices of interest from public and non-profit entities interested in obtaining property via a public benefit transfer other than a homeless assistance conveyance under either 40 U.S.C. 471 et. seq. or 49 U.S.C. 47151–47153. As part of such a solicitation, the LRA may wish to request that interested entities submit a description of the proposed use to the LRA and the sponsoring Federal agency.

(ii) For all installations selected for closure or realignment prior to 1995 that elected to proceed under Public Law 103–421, the LRA shall accept notices of interest for not less than 30 days.

(iii) For installations selected for closure or realignment in 1995 or thereafter, notices of interest shall be accepted for a minimum of 90 days and not more than 180 days after the LRA’s publication under §176.20(c)(1).

(2) Prescribe the form and contents of notices of interest.

(i) The LRA may not release to the public any information regarding the capacity of the representative of the homeless to carry out its program, a description of the organization, or its financial plan for implementing the program, without the consent of the representative of the homeless concerned, unless such release is authorized under Federal law and under the law of the State and communities in which the installation concerned is located. The identity of the representative of the homeless may be disclosed.

(ii) The notices of interest from representatives of the homeless must include:

(A) A description of the homeless assistance program proposed, including the purposes to which the property or facility will be put, which may include uses such as supportive services, job and skills training, employment programs, shelters, transitional housing or housing with no established limitation on the amount of time of residence, food and clothing banks, treatment facilities, or any other activity which clearly meets an identified need
of the homeless and fills a gap in the continuum of care;

(B) A description of the need for the program;

(C) A description of the extent to which the program is or will be coordinated with other homeless assistance programs in the communities in the vicinity of the installation;

(D) Information about the physical requirements necessary to carry out the program including a description of the buildings and property at the installation that are necessary to carry out the program;

(E) A description of the financial plan, the organization, and the organizational capacity of the representative of the homeless to carry out the program; and,

(F) An assessment of the time required to start carrying out the program.

(iii) The notices of interest from entities other than representatives of the homeless should specify the name of the entity and specific interest in property or facilities along with a description of the planned use.

(3) In addition to the notice required under §176.20(c)(1), undertake outreach efforts to representatives of the homeless by contacting local government officials and other persons or entities that may be interested in assisting the homeless within the vicinity of the installation.

(i) The LRA may invite persons and organizations identified on the HUD list of representatives of the homeless and any other representatives of the homeless with which the LRA is familiar, operating in the vicinity of the installation, to the workshop described in §176.20(c)(3)(ii).

(ii) The LRA, in coordination with the Military Department and HUD, shall conduct at least one workshop where representatives of the homeless have an opportunity to:

(A) Learn about the closure/realignment and disposal process;

(B) Tour the buildings and properties available either on or off the installation;

(C) Learn about the LRA’s process and schedule for receiving notices of interest as guided by §176.20(c)(2); and,

(D) Learn about any known land use constraints affecting the available property and buildings.

(iii) The LRA should meet with representatives of the homeless that express interest in discussing possible uses for these properties to alleviate gaps in the continuum of care.

(4) Consider various properties in response to the notices of interest. The LRA may consider property that is located off the installation.

(5) Develop an application, including the redevelopment plan and homeless assistance submission, explaining how the LRA proposes to address the needs of the homeless. This application shall consider the notices of interest received from State and local governments, representatives of the homeless, and other interested parties. This shall include, but not be limited to, entities eligible for public benefit transfers under either 40 U.S.C. 471 et. seq., or 49 U.S.C. 47151–47153; representatives of the homeless; commercial, industrial, and residential development interests; and other interests. From the deadline date for receipt of notices of interest described at §176.20(c)(1), the LRA shall have 270 days to complete and submit the LRA application to the appropriate Military Department and HUD. The application requirements are described at §176.30.

(6) Make the draft application available to the public for review and comment periodically during the process of developing the application. The LRA must conduct at least one public hearing on the application prior to its submission to HUD and the appropriate Military Department. A summary of the public comments received during the process of developing the application shall be included in the application when it is submitted.

(d) Public benefit transfer screening.

The LRA should, while conducting its outreach efforts, work with the Federal agencies that sponsor public benefit transfers under either 40 U.S.C. 471 et. seq. or 49 U.S.C. 47151–47153. Those agencies can provide a list of parties in the vicinity of the installation that might be interested in and eligible for public benefit transfers. The LRA should make a reasonable effort to inform such parties of the availability of
the property and incorporate their interests within the planning process. Actual recipients of property are to be determined by sponsoring Federal agency. The Military Departments shall notify sponsoring Federal agencies about property that is available based on the community redevelopment plan and keep the LRA apprised of any expressions of interest. Such expressions of interest are not required to be incorporated into the redevelopment plan, but must be considered.

§ 176.25 HUD's negotiations and consultations with the LRA.

HUD may negotiate and consult with the LRA before and during the course of preparation of the LRA's application and during HUD's review thereof with a view toward avoiding any preliminary determination that the application does not meet any requirement of this part. LRAs are encouraged to contact HUD for a list of persons and organizations that are representatives of the homeless operating in the vicinity of the installation.

§ 176.30 LRA application.

(a) Redevelopment plan. A copy of the redevelopment plan shall be part of the application.

(b) Homeless assistance submission. This component of the application shall include the following:

(i) Information about homelessness in the communities in the vicinity of the installation.

(ii) A list of all the political jurisdictions which comprise the LRA.

(iii) A description of the unmet need in the continuum of care system within each political jurisdiction, which should include information about any gaps that exist in the continuum of care for particular homeless subpopulations. The source for this information shall depend upon the size and nature of the political jurisdiction(s) that comprise the LRA. LRAs representing:

(A) Political jurisdictions that are required to submit a Consolidated Plan shall include a copy of their Homeless and Special Needs Population Table (Table 1), Priority Homeless Needs Assessment Table (Table 2), and narrative description thereof from that Consolidated Plan, including the inventory of facilities and services that assist the homeless in the jurisdiction.

(B) Political jurisdictions that are part of an urban county that is required to submit a Consolidated Plan shall include a copy of their Homeless and Special Needs Population Table (Table 1), Priority Homeless Needs Assessment Table (Table 2), and narrative description thereof from that Consolidated Plan, including the inventory of facilities and services that assist the homeless in the jurisdiction. In addition, the LRA shall explain what portion of the homeless population and subpopulations described in the Consolidated Plan are attributable to the political jurisdiction it represents.

(C) A political jurisdiction not described by §176.30(b)(1)(ii)(A) or §176.30(b)(1)(ii)(B) shall submit a narrative description of what it perceives to be the homeless population within the jurisdiction and a brief inventory of the facilities and services that assist homeless persons and families within the jurisdiction. LRAs that represent these jurisdictions are not required to conduct surveys of the homeless population.

(2) Notices of interest proposing assistance to homeless persons and/or families.

(i) A description of the proposed activities to be carried out on or off the installation and a discussion of how these activities meet a portion or all of the needs of the homeless by addressing the gaps in the continuum of care. The activities need not be limited to expressions of interest in property, but may also include discussions of how economic redevelopment may benefit the homeless;

(ii) A copy of each notice of interest from representatives of the homeless for use of buildings and property and a description of the manner in which the LRA's application addresses the need expressed in each notice of interest. If the LRA determines that a particular notice of interest should not be awarded property, an explanation of why the LRA determined not to support that notice of interest, the reasons for which may include the impact of the program contained in the notice of interest on the community as described in §176.30(b)(2)(iii); and,
§ 176.35

(iii) A description of the impact that the implemented redevelopment plan will have on the community. This shall include information on how the LRA’s redevelopment plan might impact the character of existing neighborhoods adjacent to the properties proposed to be used to assist the homeless and should discuss alternative plans. Impact on schools, social services, transportation, infrastructure, and concentration of minorities and/or low income persons shall also be discussed.

(3) Legally binding agreements for buildings, property, funding, and/or services.

(i) A copy of the legally binding agreements that the LRA proposes to enter into with the representative(s) of the homeless selected by the LRA to implement homeless programs that fill gaps in the existing continuum of care. The legally binding agreements shall provide for a process for negotiating alternative arrangements in the event that an environmental analysis conducted under §176.45(b) indicates that any property identified for transfer in the agreement is not suitable for the intended purpose. Where the balance determined in accordance with §176.30(b)(4) provides for the use of installation property as a homeless assistance facility, legally binding agreements must provide for the reversion or transfer, either to the LRA or to another entity or entities, of the buildings and property in the event they cease to be used for the homeless. In cases where the balance proposed by the LRA does not include the use of buildings or property on the installation, the legally binding agreements need not be tied to the use of specific real property and need not include a reverter clause. Legally binding agreements shall be accompanied by a legal opinion of the chief legal advisor of the LRA or political jurisdiction or jurisdictions which will be executing the legally binding agreements, when executed, will constitute legal, valid, binding, and enforceable obligations on the parties thereto;

(ii) A description of how buildings, property, funding, and/or services either on or off the installation will be used to fill some of the gaps in the current continuum of care system and an explanation of the suitability of the buildings and property for that use; and,

(iii) Information on the availability of general services such as transportation, police, and fire protection, and a discussion of infrastructure such as water, sewer, and electricity in the vicinity of the proposed homeless activity at the installation.

(4) An assessment of the balance with economic and other development needs.

(i) An assessment of the manner in which the application balances the expressed needs of the homeless and the needs of the communities comprising the LRA for economic redevelopment and other development; and

(ii) An explanation of how the LRA’s application is consistent with the appropriate Consolidated Plan(s) or any other existing housing, social service, community, economic, or other development plans adopted by the jurisdictions in the vicinity of the installation.

(5) A description of the outreach undertaken by the LRA. The LRA shall explain how the outreach requirements described at §176.20(c)(1) and §176.20(c)(3) have been fulfilled. This explanation shall include a list of the representatives of the homeless the LRA contacted during the outreach process.

(c) Public comments. The LRA application shall include the materials described at §176.20(c)(6). These materials shall be prefaced with an overview of the citizen participation process observed in preparing the application.

§ 176.35 HUD’s review of the application.

(a) Timing. HUD shall complete a review of each application no later than 60 days after its receipt of a completed application.

(b) Standards of review. The purpose of the review is to determine whether the application is complete and, with respect to the expressed interest and requests of representatives of the homeless, whether the application:

(1) Need. Takes into consideration the size and nature of the homeless population in the communities in the vicinity of the installation, the availability
of existing services in such communities to meet the needs of the homeless in such communities, and the suitability of the buildings and property covered by the application for use and needs of the homeless. HUD will take into consideration the size and nature of the installation in reviewing the needs of the homeless population in the communities in the vicinity of the installation.

(2) Impact of notices of interest. Takes into consideration any economic impact of the homeless assistance under the plan on the communities in the vicinity of the installation, including:

(i) Whether the plan is feasible in light of demands that would be placed on available social services, police and fire protection, and infrastructure in the community; and,

(ii) Whether the selected notices of interest are consistent with the Consolidated Plan(s) of any other existing housing, social service, community economic, or other development plans adopted by the political jurisdictions in the vicinity of the installation.

(3) Legally binding agreements. Specifies the manner in which the buildings, property, funding, and/or services on or off the installation will be made available for homeless assistance purposes. HUD will review each legally binding agreement to verify that:

(i) They include all the documents legally required to complete the transactions necessary to realize the homeless use(s) described in the application;

(ii) They include all appropriate terms and conditions;

(iii) They address the full range of contingencies including those described at §176.30(b)(3)(1);

(iv) They stipulate that the buildings, property, funding, and/or services will be made available to the representatives of the homeless in a timely fashion; and,

(v) They are accompanied by a legal opinion of the chief legal advisor of the LRA or political jurisdiction or jurisdictions which will be executing the legally binding agreements that the legally binding agreements will, when executed, constitute legal, valid, binding, and enforceable obligations on the parties thereto.

(4) Balance. Balances in an appropriate manner a portion or all of the needs of the communities in the vicinity or the installation for economic re-development and other development with the needs of the homeless in such communities.

(5) Outreach. Was developed in consultation with representatives of the homeless and the homeless assistance planning boards, if any, in the communities in the vicinity of the installation and whether the outreach requirements described at §176.20(c)(1) and §176.20(c)(3) have been fulfilled by the LRA.

(c) Notice of determination. (1) HUD shall, no later than the 60th day after its receipt of the application, unless such deadline is extended pursuant to §176.15(a), send written notification both to DoD and the LRA of its preliminary determination that the application meets or fails to meet the requirements of §176.35(b). If the application fails to meet the requirements, HUD will send the LRA:

(i) A summary of the deficiencies in the application;

(ii) An explanation of the determination; and,

(iii) A statement of how the LRA must address the determinations.

(2) In the event that no application is submitted and no extension is requested as of the deadline specified in §176.20(c)(5), and the State does not accept within 30 days a DoD written request to become recognized as the LRA, the absence of such application will trigger an adverse determination by HUD effective on the date of the lapsed deadline. Under these conditions, HUD will follow the process described at §176.40.

(d) Opportunity to cure. (1) The LRA shall have 90 days from its receipt of the notice of preliminary determination under §176.35(c)(1) within which to submit to HUD and DoD a revised application which addresses the determinations listed in the notice. Failure to submit a revised application shall result in a final determination, effective 90 days from the LRA’s receipt of the preliminary determination, that
§ 176.40 Adverse determinations.

(a) Review and consultation. If the resubmission fails to meet the requirements of §176.35(b) or if no resubmission is received, HUD will review the original application, including the notices of interest submitted by representatives of the homeless. In addition, in such instances or when no original application has been submitted, HUD:

(1) Shall consult with the representatives of the homeless, if any, for purposes of evaluation the continuing interest of such representatives in the use of buildings or property at the installation to assist the homeless;

(2) May consult with the applicable Military Department regarding the suitability of the buildings and property at the installation for use to assist the homeless; and,

(3) May consult with representatives of the homeless and other parties as necessary.

(b) Notice of decision. (1) Within 90 days of receipt of an LRA’s revised application, HUD shall, based upon its reviews and consultations under §176.40(a):

(i) Notify DoD and the LRA of the buildings and property at the installation that HUD determines are suitable for use to assist the homeless, and;

(ii) Notify DoD and the LRA of the extent to which the revised redevelopment plan meets the criteria set forth in §176.35(b).

(2) In the event that an LRA does not submit a revised redevelopment plan under §176.35(d), HUD shall, based upon its reviews and consultations under §176.40(a), notify DoD and the LRA of the buildings and property at the installation that HUD determines are suitable for use to assist the homeless, either

(i) Within 190 days after HUD sends its notice of preliminary adverse determination under §176.35(c)(1), if an LRA has not submitted a revised redevelopment plan; or

(ii) Within 390 days after the Military Department’s Federal Register publication of available property under §176.20(b), if no redevelopment plan has been received and no extension has been approved.

§ 176.45 Disposal of buildings and property.

(a) Public benefit transfer screening. Not later than the LRA’s submission of its redevelopment plan to DoD and HUD, the Military Development will conduct an official public benefit transfer screening in accordance with the Federal Property Management Regulations (41 CFR 101–47.303–2) based upon the uses identified in the redevelopment plan. Federal sponsoring agencies shall notify eligible applicants that any request for property must be consistent with the uses identified in the redevelopment plan. At the request of the LRA, the Military Department may conduct the official State and local public benefit screening at any time after the publication of available property described at §176.20(b).

(b) Environmental analysis. Prior to disposal of any real property, the Military Department shall, consistent with NEPA and section 2905 of the Defense Base Closure and Realignment Act of 1990, as amended (10 U.S.C. 2687 note), complete an environmental impact analysis of all reasonable disposal alternatives. The Military Department shall consult with the LRA throughout the environmental impact analysis process to ensure both that the LRA is provided the most current environmental information available concerning the installation, and that the Military Department receives the most current information available concerning the LRA’s redevelopment plans for the installation.

(c) Disposal. Upon receipt of a notice of approval of an application from HUD under §176.35(c)(1) or §176.35(d)(2), DoD shall dispose of buildings and property in accordance with the record of decision or other decision document prepared under §176.45(b).
buildings and property to be used as homeless assistance facilities shall be to either the LRA or directly to the representative(s) of the homeless and shall be without consideration. Upon receipt of a notice from HUD under §176.40(b), DoD will dispose of the buildings and property at the installation in consultation with HUD and the LRA.

(d) LRA's responsibility. The LRA shall be responsible for the implementation of and compliance with legally binding agreements under the application.

(e) Reversions to the LRA. If a building or property reverts to the LRA under a legally binding agreement under the application, the LRA shall take appropriate actions to secure, to the maximum extent practicable, the utilization of the building or property by other homeless representatives to assist the homeless. An LRA may not be required to utilize the building or property to assist the homeless.

(b) Provides for continuation of the DoD Regional Military Emergency Coordinator (RMEC) teams, previously developed under DoD Directive 5030.453, to facilitate peacetime planning for MSCA and to provide trained teams of DoD liaison personnel to represent essential DoD Components, as appropriate, for response to any national security emergency.
(c) Constitutes a single system for MSCA, by which DoD Components (as defined in §185.2) shall plan for, and respond to, requests from civil government agencies for military support in dealing with the actual or anticipated consequences of civil emergencies requiring Federal response, or attacks, including national security emergencies as defined in E.O. 12656, 53 FR 47491, 3 CFR 1988 Comp., p. 585.

§ 185.2 Applicability and scope.
This part:

(d) Focuses on the assignment and allocation of DoD resources to support civilian authorities during civil emergencies arising during peace, war, or transition to war.
(e) Does not integrate contingency war planning as a subelement of MSCA,
§ 185.3 Definitions.

Attack. Any attack or series of attacks by an enemy of the United States causing, or that may cause, substantial damage or injury to civilian property or persons in the United States (or its territories) in any manner, by sabotage or by the use of bombs, shellfire, or nuclear, radiological, chemical, bacteriological, or biological means, or other weapons or processes (Federal Civil Defense Act of 1950).

Civil defense. All those activities and measures designed or undertaken to:

Civil disturbances. Group acts of violence and disorders prejudicial to public law and order within the 50 States, District of Columbia, Commonwealth of Puerto Rico, U.S. possessions and territories, or any political subdivision thereof. The term *civil disturbance* includes all domestic conditions requiring the use of Federal Armed Forces, as more specifically defined in DoD Directive 3025.12.5

Civil emergency. Any natural or manmade disaster or emergency that causes or could cause substantial harm to the population or infrastructure. This term can include a “major disaster” or “emergency,” as those terms are defined in the Stafford Act, as amended, as well as consequences of an attack or a national security emergency. Under 42 U.S.C. 5121, the terms “major disaster” and “emergency” are defined substantially by action of the President in declaring that extant circumstances and risks justify his implementation of the legal powers provided by those statutes.

Civil emergency preparedness. The non-military actions taken by Federal agencies, the private sector, and individual citizens to meet essential human needs, to support the military effort, to ensure continuity of Federal authority at national and regional levels, and to ensure survival as a free and independent nation under all emergency conditions, including a national emergency caused by threatened or actual attack on the United States.

Civil government resources. Civil resources owned by, controlled by, or under the jurisdiction of civilian agencies of the U.S. Government, or of State and local government agencies.

Civil resources. Resources that normally are not controlled by the Government, including workforce, food and water, health resources, industrial production, housing and construction, telecommunications, energy, transportation, minerals, materials, supplies, and other essential resources and services. Such resources cannot be ordered to support needs of the public except by competent civil government authority.

CARDA integrates the combined resources of all government agencies and Military Services for the National Command Authority.

Defense Coordinating Officer (DCO). A military or civilian official of any DoD Component, who has been designated by the DoD Executive Agent to exercise some delegated authority of the DoD Executive Agency to coordinate MSCA activities under this Directive. The authority of each DCO will be defined in documentation issued or authorized by the DoD Executive Agent, and will be limited either to the requirements of a specified interagency planning process or to a specified geographic area or emergency. (The DoD

5See footnote 4 to §185.1(f).
Executive Agent also may delegate authority to designate DCOs to any DoD Planning Agent specified in this part.

Defense Emergency Response Fund. Established by Pub. L. 101–165 (1989). That law provides that, “The Fund shall be available for providing reimbursement to currently applicable appropriations of the Department of Defense for supplies and services provided in anticipation of requests from other Federal departments and agencies and from State and local governments for assistance on a reimbursable basis to respond to natural or manmade disasters. The Fund may be used upon a determination by the Secretary of Defense that immediate action is necessary before a formal request for assistance on a reimbursable basis is received.” The Fund is applicable to Foreign Disaster Assistance under DoD Directive 5100.466 and to MSCA under the authority of this part.

DoD executive agent. The individual designated by position to have and to exercise the assigned responsibility and delegated authority of the Secretary of Defense, as specified in this part.

Federal property. Property that is owned, leased, possessed, or occupied by the Federal Government.

Federal Region. A grouping of States and territories of the United States, by which FEMA coordinates responsibilities of the State governments with those of Federal departments and agencies, for disaster relief, civil defense, and planning for both civil and national security emergencies. These regions are sometimes referred to as “FEMA Regions” to distinguish them from any one of the various regional alignments of other Federal Departments and Agencies, all of which are circumscribed by FEMA’s coordination authority. Today, there are ten Federal Regions, but the term is used generally to facilitate MSCA regardless of the number of Federal Regions at any time.

Federal response plan. The inter-departmental planning mechanism, developed under FEMA leadership, by which the Federal Government prepares for and responds to the consequences of catastrophic disasters. Federal planning and response are coordinated on a functional group basis, with designated lead and support agencies for each identified functional area.

Immediate response. Any form of immediate action taken by a DoD Component or military commander, under the authority of this part and any supplemental guidance prescribed by the Head of a DoD Component, to assist civil authorities or the public to save lives, prevent human suffering, or mitigate great property damage under imminently serious conditions occurring where there has not been any declaration of major disaster or emergency by the President or attack.

Imminently serious conditions. Emergency conditions in which, in the judgment of the military commander or responsible DoD official, immediate and possibly serious danger threatens the public and prompt action is needed to save lives, prevent human suffering, or mitigate great property damage. Under these conditions, timely prior approval from higher headquarters may not be possible before action is necessary for effective response.

Military resources. Military and civilian personnel, facilities, equipment, and supplies under the control of a DoD Component.

Military Support to Civil Authorities (MSCA). Those activities and measures

National Disaster Medical System (NDMS). An inter-departmental national mutual aid system developed by Federal departments and agencies to provide for the medical needs of victims of major disasters, and to provide backup support for medical systems of the Departments of Defense and Veterans Affairs in caring for casualties from military conflicts. The Department of Health and Human Services serves as the lead Federal agency for administering NDMS, and would coordinate NDMS operations in response to civil emergencies. The Department of Defense could activate and coordinate NDMS operations in support of military contingencies.

National security emergency. Any occurrence, including natural disaster, military attack, technological emergency, or other emergency, that seriously degrades or seriously threatens the national security of the United States (E.O. 12656).

Planning agent. A military or civilian official of any DoD Component, who has been designated by the head of that Component to exercise delegated authority for MSCA planning for the entire Component (i.e., “principal planning agent”) or for certain subordinate elements or a specified geographic area (e.g., “regional planning agents”). Authority and responsibilities of each planning agent will be defined by the Component, and may include MSCA response as well as planning at the election of any Component. The actual authority of planning agents will be communicated to others, as determined by the DoD Component, or when requested by the DoD Executive Agent.

Regional Military Emergency Coordinator (RMEC). An individual, designated on behalf of the Secretary of Defense and the DoD Executive Agent, to perform coordination, information exchange, and liaison functions on behalf of the Department of Defense with any Federal emergency management structure established at the Region level. Alternate RMECs are designated by other DoD Components, as required, in accordance with this part; and the RMECs and alternates collectively are referred to as “RMEC Teams.”

Residual Capability Assessment (RECA). An assessment of the effects of a nuclear or conventional attack on U.S. resources, or of a major peacetime disaster that results in the declaration of a national security emergency. Such an assessment is made (through all appropriate means) to determine the remaining capabilities of the United States with emphasis on military preparedness.

Resource claimancy. The procedure, employed during any period of attack or national security emergency, whereby authorized Federal agencies determine definitive requirements and justify the allocation of civil government and civil resources needed to support programs under their cognizance. It does not imply procurement activity, nor does it involve the Government as an intermediary in the normal mechanisms of trade other than in expediting essential activities and ensuring equitable distribution of civil resources. Resource claimancy occurs at both the national and regional levels.

State Area Commands (STARCs). Specific headquarters units of the Army National Guard for each State, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands.

§ 185.4 Policy.

(a) National policy. (1) Planning and preparedness by the Federal Government for civil emergencies and attacks are important due to the severity of the consequences of emergencies for the nation and the population, and to the sophistication of means of attack on the United States and its territories.

(2) Under the Stafford Act, as amended, it is the policy of the Federal Government to provide an orderly and continuing means of supplemental assistance to State and local governments in their responsibilities to alleviate the suffering and damage that result from major disasters or emergencies. Upon
§ 185.4 declaring a major disaster or emergency under the Stafford Act, the President may direct any agency of the Federal Government to undertake missions and tasks (on either a reimbursable or non-reimbursable basis) to provide assistance to State and local agencies. The President appoints a Federal Coordinating Officer (FCO) to operate in the affected area, and delegates authority to the FCO. The President has delegated to the Director of FEMA the authority to appoint FCOS; and FEMA officials frequently serve as FCOS.

(3) In accordance with the Federal Civil Defense Act of 1950, as amended, the national civil defense policy is to have a civil defense program to develop capabilities common to all catastrophic emergencies and those unique to attack emergencies, which will support all-hazard emergency management at State and local levels, in order to protect the population and vital infrastructure. Under the national civil defense policy, the Department of Defense will support civil authorities in civil defense, to include facilitating the use of the National Guard in each State for response in both peacetime disasters and national security emergencies.

(4) Under E.O. 12656, it is the policy of the Federal Government to have sufficient capabilities at all levels of government to meet essential defense and civilian needs during any national security emergency.

(b) Scope. This part governs all planning and response by DoD Components for civil defense or other assistance to civil authorities, with the exception of military support to law enforcement operations under DoD Directive 3025.12 and contingency war plans.

(c) Delegations of authority. The Secretary of Defense shall be assisted in executing his responsibility for MSCA by the following:

(1) The Secretary of the Army shall be the DoD Executive Agent and shall act for the Secretary of Defense in accordance with this part and any supplemental direction or guidance received from the Secretary of Defense. In that capacity, the DoD Executive Agent will develop planning guidance, plans, and procedures for MSCA in accordance with this part. The DoD Executive Agent has the authority of the Secretary of Defense to task the DoD Components to plan for and to commit DoD resources, in response to requests from civil authorities under MSCA. The Secretary of the Army shall coordinate with the Chairman of the Joint Chiefs of Staff any commitment of military forces assigned to the Unified and Specified Commands.

(2) The Chairman of the Joint Chiefs of Staff shall communicate to the Commanders of the Unified and Specified Commands appropriate guidance issued by the Secretary of the Army for their compliance with this part, and also shall assist the DoD Executive Agent in developing MSCA planning guidance for all conditions of war or attacks on the United States or its territories.

(3) The Commander in Chief, Forces Command (CINCFOR); the Commander in Chief, U.S. Atlantic Command (USCINCLANT); and the Commander in Chief, U.S. Pacific Command (USCINCPAC), shall serve as “DoD Planning Agents” for MSCA. Pursuant to guidance issued by the DoD Executive Agent, after coordination with the Chairman of the Joint Chiefs of Staff, the DoD Planning Agents shall conduct MSCA planning, and shall lead MSCA planning activities of all DoD Components within the following geographic areas:

(i) CINCFOR (48 contiguous States and the District of Columbia).

(ii) USCINCLANT (Puerto Rico and the U.S. Virgin Islands).

(iii) USCINCPAC (Alaska, Hawaii, and U.S. possessions and territories in the Pacific area).

(4) The Commanders of the Unified and Specified Commands shall provide MSCA response, as directed by the DoD Executive Agent.

(5) The Secretary of Defense reserves the authority to modify or terminate the executive agency established by this part if operational needs so require in a particular situation.

(d) MSCA policy.

(1) MSCA shall include (but not be limited to) support similar to that described for immediate response (paragraph (e) of this section), in either civil emergencies or attacks, during any pe-
It shall include response to civil defense agencies, but shall not include military assistance for civil law enforcement operations.

(i) DoD Directive 3025.12 governs use of military resources in the event of civil disturbances, which may include providing physical security for DoD Key Assets, as defined in DoD Directive 5160.54.7

(ii) Material, logistic, communications, and other assistance to law enforcement (especially during enforcement operations) is provided under DoD Directive 5525.5.8

(ii) The DoD Components shall respond to requirements of the DoD Executive Agent and DoD Planning Agents for MSCA, as authorized by this part.

(3) To ensure sound management of DoD resources, MSCA planning will stress centralized direction of peace-time planning with civil authorities, with decentralized planning by DoD Components with civil agencies, where appropriate, and decentralized execution of approved plans in time of emergency.

(4) Subject to priorities established by the President or the Secretary of Defense, all DoD resources are potentially available for MSCA. MSCA planning and execution will encourage and adhere to the following premises:

(i) That civil resources are applied first in meeting requirements of civil authorities.

(ii) That DoD resources are provided only when response or recovery requirements are beyond the capabilities of civil authorities (as determined by FEMA or another lead Federal agency for emergency response).

(iii) That specialized DoD capabilities requested for MSCA (e.g., airlift and airborne reconnaissance) are used efficiently.

(iv) Generally, military operations other than MSCA will have priority over MSCA, unless otherwise directed by the Secretary of Defense.

(5) MSCA shall provide a mechanism to facilitate continuous and cooperative civil and military planning and preparedness to mobilize all appropriate resources and capabilities of the civil sector and the Department of Defense, whenever required for any form of national security emergency.

(6) DoD planning shall recognize that:

(i) Army and Air National Guard forces, acting under State orders (i.e., not in Federal service), have primary responsibility for providing military assistance to State and local government agencies in civil emergencies.

(ii) The Army National Guard State Area Command (STARC), when ordered to Federal Active Duty, will be the DoD focal point for delivery of MSCA at State and local levels in time of war.

(iii) Plans and preparedness measures of MSCA must foster close and continuous coordination for efficient employment of DoD resources of the National Guard (whether employed under State or Federal authority), as well as resources of the DoD Components, in time of peace, war, or transition to war.

(iv) In the event of an attack on the United States, its territories, or possessions, the scope of MSCA in each geographical area will depend upon the commitment of military resources to military operations, the extent of damage sustained by the civilian communities, and the status of Active and Reserve Component forces.

(7) DoD Components shall augment staffs responsible for MSCA, as appropriate, with personnel from Reserve components of all Military Services who are specifically trained for civil-military planning and emergency liaison duties. (See enclosure 3 in DoD Directive 1215.6.)9 The Military Services also shall ensure that all Active or Reserve component military personnel assigned or attached to FEMA are appropriately trained and employed to enhance DoD capabilities for MSCA in time of war or attack on the United States or its territories.

(8) The DoD Components ordinarily shall provide DoD resources in response to civil emergencies on a cost reimbursable basis. However, see paragraph (e)(2) of this section for circumstances in which an inability or unwillingness

of a requester to commit to reimbursement will not preclude action by DoD components.  
(i) The DoD Components shall comply with legal and accounting requirements for the loan, grant, or consumption of DoD resources for MSCA, as necessary, to ensure reimbursement of costs to the DoD Components under the Stafford Act, as amended; the Defense Emergency Response Fund established by Public Law 101–165 (1989); or other applicable authority. 
(ii) The DoD Components shall not procure or maintain any supplies, material, or equipment exclusively for providing MSCA in civil emergencies, unless otherwise directed by the Secretary of Defense. 
(iii) Planning for MSCA during any time of attack on the United States shall assume that financial requirements will be met through appropriate legal processes. 
(9) Military forces employed in MSCA activities shall remain under military command and control under the authority of the DoD Executive Agent at all times. 
(10) The DoD Components shall not perform any function of civil government unless absolutely necessary on a temporary basis under conditions of Immediate Response. Any commander who is directed, or undertakes, to perform such functions shall facilitate the reestablishment of civil responsibility at the earliest time possible. 
(e) Immediate Response. (1) Imminently serious conditions resulting from any civil emergency or attack may require immediate action by military commanders, or by responsible officials of other DoD Agencies, to save lives, prevent human suffering, or mitigate great property damage. When such conditions exist and time does not permit prior approval from higher headquarters, local military commanders and responsible officials of other DoD Components are authorized by this part, subject to any supplemental direction that may be provided by their DoD component, to take necessary action to respond to requests of civil authorities. All such necessary action is referred to in this part as “Immediate Response.”  
(2) While Immediate Response should be provided to civil agencies on a cost-reimbursable basis if possible, it should not be delayed or denied because of the inability or unwillingness of the requester to make a commitment to reimburse the Department of Defense. 
(3) Any commander or official acting under the Immediate Response authority of this Directive shall advise the DoD Executive Agent through command channels, by the most expeditious means available, and shall seek approval or additional authorizations as needed. 
(4) Immediate Response may include DoD assistance to civil agencies in meeting the following types of need: 
(i) Rescue, evacuation, and emergency medical treatment of casualties, maintenance or restoration of emergency medical capabilities, and safeguarding the public health. 
(ii) Emergency restoration of essential public services (including firefighting, water, communications, transportation, power, and fuel). 
(iii) Emergency clearance of debris, rubble, and explosive ordnance from public facilities and other areas to permit rescue or movement of people and restoration of essential services. 
(iv) Recovery, identification, registration, and disposal of the dead. 
(v) Monitoring and decontaminating radiological, chemical, and biological effects; controlling contaminated areas; and reporting through national warning and hazard control systems. 
(vi) Roadway movement control and planning. 
(vii) Safeguarding, collecting, and distributing food, essential supplies, and material on the basis of critical priorities. 
(viii) Damage assessment. 
(ix) Interim emergency communications. 
(x) Facilitating the reestablishment of civil government functions. 
(f) Military cooperation with civil agencies. (1) Under E.O. 12148 (44 FR 43239, 3 CFR 1979 Comp., p. 412) and E.O. 12656, FEMA is responsible for coordinating Federal plans and programs for response to civil emergencies at the national and regional levels, and for Federal assistance to the States in civil
§ 185.4 Emergency planning and response

Emergencies. Other Federal departments and agencies have specific responsibilities for emergency planning and response under E.O. 12656, and under statutory authorities not listed in this part. The DoD Executive Agent shall ensure:

(i) Coordination of MSCA plans and procedures with FEMA, and with other civilian agencies as appropriate, at the national and Federal Region level.

(ii) Facilitation of direct planning for MSCA by DoD facilities and installations with their local communities, and with their respective STARCs, as appropriate.

(2) The DoD Executive Agent also shall provide appropriate guidance to facilitate MSCA planning and response with the American Red Cross and other civilian disaster and emergency assistance organizations where authorized by law.

(g) Response under other authorities. DoD response to emergencies under authorities not cited in this Directive also may be directed, coordinated, or supplemented by the DoD Executive Agent, as circumstances require. For example:

(1) The U.S. Coast Guard (USCG) or the U.S. Environmental Protection Agency (EPA) will coordinate Federal response to oil or hazardous material spills, other than those occurring within DoD jurisdictions. The DoD Executive Agent will provide MSCA to the USCG or the EPA; but responsibilities of DoD Components in areas under DoD jurisdiction are covered by DoD Directive 5030.41.

(2) Emergencies or other incidents involving radiological materials shall be handled in accordance with DoD Directive 5100.52.

(3) The Secretary of the Army shall ensure the implementation of DoD responsibilities for emergency water requirements, as specified in E.O. 12656, and response to flooding, as provided in Public Law 84–99 (1941), as amended.

(4) Forest fire emergencies are responsibilities of the U.S. Department of Agriculture or Interior. The Boise Interagency Fire Center (BIFC) may request DoD assistance; and specific details regarding DoD support are covered by agreements between the Department of Defense and the BIFC that are administered by the DoD Executive Agent.

(5) The DoD Executive Agent is delegated the authority to direct DoD Components in planning for and responding to any civil emergency that may arise out of any mass immigration by aliens into the land territory of the United States, its territories and possessions, consistent with applicable law and this part. The DoD Executive Agent should ensure appropriate coordination with Federal law enforcement authorities in exercising this authority.

(h) Non-declared emergencies. The DoD Executive Agent may direct DoD Components to respond to any emergency, based on authority that is provided by this part or obtained from the Secretary or Deputy Secretary of Defense. If an emergency of any kind or size requires a response on behalf of the Department of Defense, where there has not been any declaration of major disaster or emergency by the President, or if reimbursement of funds to the Department of Defense is otherwise not certain, the DoD Executive Agent shall ascertain the authority necessary to commit DoD resources for response to requests from civil authorities.

(1) Authorizations by the DoD Executive Agent under this paragraph shall include (but not be limited to) commitment of funds from the Defense Emergency Response Fund in anticipation of reimbursements to that fund.

(2) The DoD Executive Agent shall obtain authorization from the Secretary of Defense or Deputy Secretary of Defense to provide support in those cases in which DoD response is not clearly required by Federal law or by DoD plans approved by the DoD Executive Agent.

(i) Emergency priorities. When guidance cannot be obtained from higher headquarters on a timely basis, due to

(3) Ensure effective and efficient coordination of MSCA planning by Service installations with Federal Regions, STARCs, and State and local civil authorities, through the DoD Planning Agents, as directed by the DoD Executive Agent.

(4) Furnish available resources for MSCA when directed by the DoD Executive Agent.

(5) Identify to the DoD Executive Agent the resources of their respective Military Services that are potentially available for MSCA within the parameters of the DoD Resources Data Base (DODRDB) for MSCA, which is described in paragraph (n) of this section.

See footnote 4 to §185.1(f).
Facilitate use of that data base to support decentralized management of MSCA in time of emergency, as appropriate.

(6) Prepare to support civil requests for damage and residual capability assessment following civil emergencies or attacks, to include providing aerial reconnaissance as appropriate.

(7) Provide Military Department representatives to serve on RMEC teams, as requested by the DoD Executive Agent.

(8) Based on validated military planning and operational requirements, assign individual Reservists from Military Services to FEMA and other appropriate civil government offices and headquarters to provide liaison for planning and emergency operations for MSCA. (See enclosure 3 in DoD Directive 1215.6.)

(9) Provide available Military Service personnel for MSCA training, including courses conducted by CINCFOR and FEMA.

(10) Provide for application of critical emergency capabilities of the Services (such as disposal of explosive ordnance and nuclear devices) for MSCA, as required.

(g) In addition to the responsibilities assigned under paragraph (f) of this section, the Secretary of the Army, as DoD Executive Agent, shall:

The Secretary of the Army shall ensure that the staff element includes specially qualified and trained officers of all Military Services, including those at senior levels within the element.

(3) Manage expenditures for MSCA from the Defense Emergency Response Fund. (See §185.4(d)(8).)

(4) Direct and coordinate the development of both generic and incident-specific plans for MSCA through the DoD Planning Agents designated in §185.4(c)(3), and through the DoD Components, as appropriate.

(5) Establish appropriate guidance, through the National Guard Bureau, for the Adjutants General of the 50 States, District of Columbia, Guam, Puerto Rico, and the Virgin Islands to ensure compliance by the Army National Guard with this part. Such guidance shall provide for the following, as appropriate:

(i) Resourcing the STARCs for MSCA planning and response tasks.

(ii) STARC interfaces with commands and installations of all Services, including the DoD Planning Agents, and with State civil agencies.

(iii) STARC acceptance, support, and utilization of liaison and augmentation from all Military Services, as appropriate.

(6) Provide for the manning and operation of RMEC teams to coordinate the interface between the Defense Components and all Federal regional emergency management structures established by FEMA that may affect MSCA.

(7) Provide for effective utilization in MSCA planning of the U.S. Army Corps of Engineers, the Naval Construction Force, and the U.S. Air Force Civil Engineers, to include all civil works authorities and other unique civil emergency capabilities, as permitted by law.

(8) Delegate as appropriate authority under this part to the DoD Planning Agents, to Defense Coordinating Officers (DCOs) appointed for response to civil emergencies under the Stafford Act, as amended, or to other DoD officials to accomplish any requirement for MSCA planning or operations under this part.

(9) Provide guidance to CINCFOR for content, dissemination, and use of the DODRDB for MSCA, which is described in paragraph (j) of this section and ensure opportunity for input by the Chairman of the Joint Chiefs of Staff in the continuing development of that data base.

operations, and associated management support, at the Federal Regions, as determined by agreement between FEMA and the DoD Executive Agent; and ensure the availability of such support during any time of war or national mobilization.  

(12) Provide full-time Army personnel, as required, to manage the Military Support Liaison Office established by agreement between the Secretary of Defense and the Director of FEMA. Utilize that office to facilitate requirements and communications of the DoD Executive Agent under this part.

(13) Develop training courses for MSCA, including specialized training for Reserve component emergency preparedness liaison officers of all Military Services who will work with civilian communities and agencies as authorized for MSCA missions.

(14) Provide authorizations to DoD Components to perform emergency work under Section 403(c) of the Stafford Act, as amended. That statute provides that, when authorized by the President at the request of a State Governor, under certain conditions, the Department of Defense may perform on public or private lands emergency work that is essential for the preservation of life or property. Emergency work by the Department of Defense under that provision may be carried out only for a period not to exceed 10 days, and is only 75 percent funded by Federal funds.

AUTHORITY: Title 10 U.S.C. 131.

§ 187.1 Purpose.

Executive Order 12114 provides the exclusive and complete requirement for taking account of considerations with respect to actions that do significant harm to the environment of places outside the United States. This part provides policy and procedures to enable Department of Defense (DoD) officials to be informed and take account of environmental considerations when authorizing or approving certain major Federal actions that do significant harm to the environment of places outside the United States. Its sole objective is to establish internal procedures to achieve this purpose, and nothing in it shall be construed to create a cause of action. Guidance for taking account of considerations with respect to the environment of places within the United States is set out in 32 CFR part 186 (under rev.). That guidance is grounded on legal and policy requirements different from those applicable to this part.

§ 187.2 Applicability.

The provisions of this part apply to the Office of the Secretary of Defense, the Military Departments, the Organiza-

§ 187.3 Definitions.

(a) Environment means the natural and physical environment, and it excludes social, economic, and other environments. Social and economic effects do not give rise to any requirements under this part.

(b) Federal Action means an action that is implemented or funded directly by the United States Government. It does not include actions in which the United States participates in an advisory, information-gathering, representational, or diplomatic capacity but does not implement or fund the action; actions taken by a foreign government or in a foreign country in which the United States is a beneficiary of the action, but does not implement or fund the action; or actions in which foreign governments use funds derived indirectly from United States funding.

(c) Foreign Nation means any geographic area (land, water, and airspace) that is under the jurisdiction of one or more foreign governments; any area under military occupation by the United States alone or jointly with any other foreign government; and any area that is the responsibility of an international organization of governments. “Foreign nation” includes contiguous zones and fisheries zones of foreign nations. “Foreign government” in this context includes governments regardless of whether recognized by the United States, political factions, and organizations that exercise governmental power outside the United States.

(d) Global Commons are geographical areas that are outside the jurisdiction of any nation, and include the oceans outside territorial limits and Antarctica. Global commons do not include contiguous zones and fisheries zones of foreign nations.

(e) Major Action means an action of considerable importance involving substantial expenditures of time, money,
§ 187.4 Policy.

(a) Executive Order 12114 is based on the authority vested in the President by the Constitution and the laws of the United States. The objective of the Order is to further foreign policy and national security interests while at the same time taking into consideration important environmental concerns.

(b) The Department of Defense acts with care in the global commons because the stewardship of these areas is shared by all the nations of the world. The Department of Defense will take account of environmental considerations when it acts in the global commons in accordance with procedures set out in Enclosure 1 and its attachment.

(c) The Department of Defense also acts with care within the jurisdiction of a foreign nation. Treaty obligations and the sovereignty of other nations must be respected, and restraint must be exercised in applying United States laws within foreign nations unless Congress has expressly provided otherwise. The Department of Defense will take account of environmental considerations in accordance with Enclosure 2 and its attachments when it acts in a foreign nation.

(d) Foreign policy considerations require coordination with the Department of State on communications with foreign governments concerning environmental agreements and other formal arrangements with foreign governments concerning environmental matters under this part.

Informal working-level communications and arrangements are not included in this coordination requirement. Consultation with the Department of State also is required in connection with the utilization of additional exemptions from this part as specified in paragraph C.3.b. of Enclosure 2. Coordination and consultation with the Department of State will be through the Assistant Secretary of Defense (International Security Affairs).

(e) Executive Order 12114, implemented by this part prescribes the exclusive and complete procedural measures and other actions to be taken by the Department of Defense to further the purpose of the National Environmental Policy Act with respect to the environment outside the United States.

§ 187.5 Responsibilities.

(a) The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) shall:

(1) Serve as the responsible Department of Defense official for policy matters under Executive Order 12114 and this part;

(2) Modify or supplement any of the enclosures to this part in a manner consistent with the policies set forth in this part;

(3) Maintain liaison with the Council on Environmental Quality with respect to environmental documents;

(4) Participate in determining whether a recommendation should be made to the President that a natural or ecological resource of global importance be designated for protection; and

(5) Consult with the Assistant Secretary of Defense (International Security Affairs) on significant or sensitive actions or decisions affecting relations with another nation.

(b) The Assistant Secretary of Defense (International Security Affairs) shall:

(1) Maintain liaison with the Council on Environmental Quality with respect to environmental documents;

(2) Serve as the responsible official, in consultation with the Assistant Secretary of Defense (Manpower, Reserve
§ 187.6

Environmental Document Requirements—Global Commons

A. General. This enclosure implements the requirements of Executive Order 12114 with respect to major Department of Defense actions that do significant harm to the environment of the global commons. The focus is not the place of the action, but the location of the environment with respect to which there is significant harm. The actions prescribed by this enclosure are the exclusive and complete requirement for taking account of environmental considerations with respect to Department of Defense activities that affect the global commons.

B. Actions included. The requirements of this enclosure apply only to major Federal actions that do significant harm to the environment of the global commons.

C. Environmental Document Requirements—1.

General. When an action is determined to be a major Federal action that significantly harms the environment of the global commons, an environmental impact statement, as described below, will be prepared to enable the responsible decision-making official to be informed of pertinent environmental considerations. The statement may be a specific statement for the particular action, a generic statement covering the entire class of similar actions, or a program statement.

2. Limitations on Actions. Until the requirements of this enclosure have been met with respect to actions involving the global commons, no action concerning the proposal may be taken that does significant harm to the environment or limits the choice of reasonable alternatives.

3. Emergencies. Where emergency circumstances make it necessary to take an action that does significant harm to the environment without meeting the requirements of this enclosure, the DoD component concerned shall consult with the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics). This includes actions that must be taken to promote the national defense or security and that cannot be delayed, and actions necessary for the protection of life or property.

4. Combining Documents. Environmental documents may be combined with other agency documents to reduce duplication. If an environmental impact statement for a particular action already exists, regardless of what Federal agency prepared it, no new statement is required by this part.

5. Collective Statements. Consideration should be given to the use of generic and program statements. Generic statements may include actions with relevant similarities such as common timing, environmental effects, alternatives, methods of implementation, or subject matter.

6. Tiering. Consideration should be given to tiering of environmental impact statements to eliminate repetitive discussions of the same issue and to focus the issues. Tiering refers to the coverage of general matters in broader environmental impact statements, with succeeding narrower statements or environmental analyses that incorporate by reference the general discussion and concentrate only on the issues specific to the statement subsequently prepared.
Office of the Secretary of Defense

Pt. 187, Encl. 1

7. Lead Agency. When one or more other Federal agencies are involved with the Department of Defense in an action or program, a lead agency may be designated to supervise the preparation of the environmental impact statement. In appropriate cases, more than one agency may act as joint lead agencies. The following factors should be considered in making the lead agency designation:

a. The magnitude of agency involvement;

b. Which agency or agencies have project approval and disapproval authority;

c. The expert capabilities concerning the environmental effects of the action;

d. The duration of agency involvement; and

e. The sequence of agency involvement.

8. Categorical Exclusions. The Department of Defense may provide categorical exclusions for actions that normally do not, individually or cumulatively, do significant harm to the environment. If an action is covered by a categorical exclusion no environmental assessment or environmental impact statement is required. Categorical exclusions will be established by the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) and will be identified in Attachment 1 to this enclosure, to be entitled, “Categorical Exclusions—Global commons.” DoD components identifying recurring actions that have been determined, after analysis, not to do significant harm to the environment should submit recommendations for categorical exclusions and accompanying justification to the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics).

9. Environmental Assessments. The purpose of an environmental assessment is to assist DoD components in determining whether an environmental impact statement is required for a particular action. The assessment should be brief and concise but should include sufficient information on which a determination can be made whether the proposed action is major and Federal, and whether it significantly harms the environment of the global commons. As a minimum, the assessment should include consideration of the need for the proposed action and the environmental effect of the proposed action. The environmental assessment will be made available to the public in the United States upon request, but there is no requirement that it be distributed for public comment.

D. Environmental Impact Statements. 1. General. Environmental impact statements will be concise and no longer than necessary to permit an informed consideration of the environmental effects of the proposed action on the global commons and the reasonable alternatives. If an action requiring an environmental impact statement also has effects on the environment of a foreign nation or on a resource designated as one of global importance, the statement need not consider or be prepared with respect to these effects. The procedures for considering these effects are set out in Enclosure 2, of this part.

2. Draft Statement. Environmental impact statements will be prepared in two stages and may be supplemented. The first, or draft statement, should be sufficiently complete to permit meaningful analysis and comment. The draft statement will be made available to the public in the United States, for comment. The Department of State, the council on environmental Quality, and other interested Federal agencies will be informed of the availability of the draft statement and will be afforded an opportunity to comment. Contacts with foreign governments are discussed in §187.4(d) and subsection D.11. of this enclosure.

3. Final statement. Final statements will consider, either individually or collectively, substantive comments received on the draft statement. The final statement will be made available to the public in the United States.

4. Supplemental statement. Supplements to the draft or final statement should be used when substantial changes to the proposed action are made relative to the environment of the global commons or when significant new information or circumstances, relevant to environmental concerns, bears on the proposed action or its environmental effects on the global commons. Supplemental statements will be circulated for comment as in subsection 2. of this enclosure unless alternative procedures are approved by the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics).

5. Statement content. The statement will include:

a. A section on consideration of the purpose of and need for the proposed action; a section on the environmental consequences of the proposed action and reasonable alternatives; a section that analyzes, in comparative form, the environmental effects on the global commons of the proposed action and reasonable alternatives;

b. Incomplete Information. The statement should indicate when relevant information is missing due to unavailability or scientific uncertainty.

7. Hearings. Public hearings are not required. Consideration should be given in appropriate cases to holding or sponsoring public hearings. Factors in this consideration include: Foreign relations sensitivities; whether the hearings would be an infringement or create the appearance of infringement on the sovereign responsibilities of another government; requirements of domestic and foreign governmental confidentiality; requirements of national security; whether meaningful information could be obtained through hearings; time considerations; and
requirements for commercial confidentiality. There is no requirement that all factors listed in this section be considered when one or more factors indicate that public hearings would not produce a substantial net benefit to those responsible for authorizing or approving the proposed action.

8. Decision. Relevant environmental documents developed in accordance with this enclosure will accompany the proposal for action through the review process to enable officials responsible for authorizing or approving the proposed action to be informed and to take account of environmental considerations. One means of making an appropriate record with respect to this requirement is for the decision-maker to sign and date a copy of the environmental impact statement indicating that it has been considered in the decision-making process. Other means of making an appropriate record are also acceptable.

9. Timing. No decision on the proposed action may be made until the later of 90 days after the draft statement has been made available and notice thereof published in the Federal Register, or 30 days after the final statement has been made available and notice thereof published in the Federal Register. The 90-day period and the 30-day period may run concurrently. Not less than 45 days may be allowed for public comment.

The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) may, upon a showing of probable important adverse effect on national security or foreign policy, reduce the 30-day, 45-day, and 90-day periods.

10. Classified Information. Environmental assessments and impact statements that address classified proposals will be safeguarded and classified information will be restricted from public dissemination in accordance with Department of Defense procedures (32 CFR part 159) established for such information under Executive Order 12206. The requirements of that Executive Order take precedence over any requirement of disclosure in this part. Only unclassified portions of environmental documents may be disseminated to the public.

11. Foreign Governments. Consideration will be given to whether any foreign government should be informed of the availability of environmental documents. Communications with foreign governments concerning environmental agreements and other formal arrangements with foreign governments concerning environmental matters under this part will be coordinated with the Department of State. Informal, working-level communications and arrangements are not included in this coordination requirement. Coordination with the Department of State will be through the Assistant Secretary of Defense (International Security Affairs).

ENCLOSURE 2—REQUIREMENTS FOR ENVIRONMENTAL CONSIDERATIONS—FOREIGN NATIONS AND PROTECTED GLOBAL RESOURCES

A. General. This enclosure implements the requirements of Executive Order 12114 to provide for procedural and other actions to be taken to enable officials to be informed of pertinent environmental considerations when authorizing or approving certain major Department of Defense actions that do significant harm to the environment of a foreign nation or to a protected global resource.

B. Actions included. 1. The requirements of this enclosure apply only to the following actions:

a. Major Federal actions that significantly harm the environment of a foreign nation that is not involved in the action. The involvement of the foreign nation may be directly by participation with the United States in the action, or it may be in conjunction with another participating nation. The focus of this category is on the geographical location of the environmental harm and not on the location of the action.

b. Major Federal actions that are determined to do significant harm to the environment of a foreign nation because they provide to that nation: (1) A product, or involve a physical project that produces a principal product, emission, or effluent, that is prohibited or strictly regulated by Federal law in the United States because its toxic effects on the environment create a serious public health risk; or (2) a physical project that is prohibited or strictly regulated in the United States by Federal law to protect the environment against radioactive substances. Included in the category of “prohibited or strictly regulated” are the following: asbestos, vinyl chloride, acrylonitrile, isocyanates, polychlorinated biphenyls, mercury, beryllium, arsenic, cadmium, and benzene.

c. Major Federal actions outside the United States that significantly harm natural or ecological resources of global importance designated for protection by the President or, in the case of such a resource protected by international agreement binding on the United States, designated for protection by the Secretary of State. Such determinations by the President or the Secretary of State to be listed in Attachment 1 to this enclosure, entitled “Protected Global Resources”:

2. The actions prescribed by this enclosure are the exclusive and complete requirement
for taking account of environmental considerations with respect to Federal actions that do significant harm to the environment of foreign nations and protected global resources as described in subsection B.1., of this enclosure. No action is required under this enclosure with respect to Federal actions that affect only the environment of a participating or otherwise involved foreign nation and that do not involve providing products or physical projects producing principal products, emissions, or effluents that are prohibited or strictly regulated by Federal law in the United States, or resources of global importance that have been designated for protection.

C. Environmental Document Requirements.

1. General. a. There are two types of environmental documents officials shall use in taking account of environmental considerations for actions covered by this enclosure:

(1) Environmental studies—bilateral or multilateral environmental studies, relevant or related to the proposed action, by the United States and one or more foreign nations or by an international body or organization in which the United States is a member or participant; and

(2) Environmental reviews—concise reviews of the environmental issues involved that are prepared unilaterally by the United States.

b. This section identifies the procedures for the preparation of environmental studies or reviews when required by this enclosure and the exceptions from the requirement to prepare environmental studies or reviews. If an environmental document already exists for a particular action, regardless of what Federal agency prepared it, no new document is required by this enclosure.

d. The sequence of agency involvement.

2. Lead Agency. When one or more other Federal agencies are involved with the Department of Defense in an action or program, a lead agency may be designated to supervise the preparation of environmental documentation. In appropriate cases, more than one agency may act as joint lead agencies. The following factors should be considered in making the lead agency designation:

a. The magnitude of agency involvement;

b. Which agency or agencies have project approval and disapproval authority;

c. The expert capabilities concerning the environmental effects of the action;

d. The duration of agency involvement; and

e. The sequence of agency involvement.

3. Exemptions. There are general exemptions from the requirements of this enclosure provided by Executive Order 12114, and the Secretary of Defense has the authority to approve additional exemptions.

a. General Exemptions. The following actions are exempt from the procedural and other requirements of this enclosure under general exemptions established for all agencies by Executive Order 12114:

(1) Actions that the DoD component concerned determines do not do significant harm to the environment outside the United States or to a designated resource of global importance.

(2) Actions taken by the President. These include: Signing bills into law; signing treaties and other international agreements; the promulgation of Executive Orders; Presidential proclamations; and the issuance of Presidential decisions, instructions, and memoranda. This includes actions taken within the Department of Defense to prepare or assist in preparing recommendations, advice, or information for the President in connection with one of these actions by the President. It does not include actions taken within the Department of Defense to implement or carry out these instruments and issuances after they are promulgated by the President.

(3) Actions taken by or pursuant to the direction of the President or a cabinet officer in the course of armed conflict. The term "armed conflict" refers to: hostilities for which Congress has declared war or enacted a specific authorization for the use of armed forces; hostilities or situations for which a report is prescribed by section 4(a)(1) of the War Powers Resolution, 50 U.S.C.A. 1543(a)(1) (Supp. 1978); and other actions by the armed forces that involve defensive use or introduction of weapons in situations where hostilities occur or are expected. This exemption applies as long as the armed conflict continues.

(4) Actions taken by or pursuant to the direction of the President or a cabinet officer when the national security or national interest is involved. The determination that the national security or national interest is involved in actions by the Department of Defense must be made in writing by the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics).

(5) The activities of the intelligence components utilized by the Secretary of Defense under Executive Order 12036, 43 FR 3674 (1978). These components include the Defense Intelligence Agency, the National Security Agency, the offices for the collection of specialized intelligence through reconnaissance programs, the Army Office of the Assistant Chief of Staff for Intelligence, the Office of Naval Intelligence, and the Air Force Office of the Assistant Chief of Staff for Intelligence.

(6) The decisions and actions of the Office of the Assistant Secretary of Defense (International Security Affairs), the Defense Security Assistance Agency, and the other responsible offices within DoD components with respect to arms transfers to foreign nations. The term "arms transfers" includes the grant, loan, lease, exchange, or sale of...
defense articles or defense services to foreign governments or international organizations, and the extension or guarantee of credit in connection with these transactions.

(c) Votes and other actions in international conferences and organizations. This includes all decisions and actions of the United States with respect to representation at international conferences, negotiations, and at multilateral conferences, negotiations, and meetings.

(b) Disaster and emergency relief actions.

d) Actions involving export licenses, export permits, or export approvals, other than those relating to nuclear activities. This includes: advice provided by DoD components to the Department of State with respect to the issuance of munitions export licenses under section 38 of the Arms Export Control Act, 22 U.S.C. 2778 (1976); advice provided by DoD components to the Department of Commerce with respect to the granting of export licenses under the Export Administration Act of 1969, 50 U.S.C. App. 2401–2413 (1970 & Supp. V 1975); and direct exports by the Department of Defense of defense articles and services to foreign governments and international organizations that are exempt from munitions export licenses under section 38 of the Arms Export Control Act, 22 U.S.C. 2778 (1976). The term “export approvals” does not mean or include direct loans to finance exports.

(a) Actions relating to nuclear activities and nuclear material, except actions providing to a foreign nation a nuclear production or utilization facility, as defined in the Atomic Energy Act of 1954, as amended, or a nuclear waste management facility.

b) Additional Exemptions. The Department of Defense is authorized under Executive Order 12114 to establish additional exemptions that apply only to the Department’s operations. There are two types of additional exemptions: Case-by-case and class.

(1) Case-by-Case Exemptions. Exemptions other than those specified above may be required because emergencies, national security considerations, exceptional foreign policy requirements, or other special circumstances preclude or are inconsistent with the preparation of environmental documentation and the taking of other actions prescribed by this enclosure. The following procedures apply for approving these exemptions:

(a) Emergencies. This category includes actions that must be taken to promote the national defense or security and that cannot be delayed, and actions necessary for the protection of life or property. The heads of the DoD components are authorized to approve emergency exemptions on a case-by-case basis. The Department of Defense is required to consult as soon as feasible with the Department of State and the Council on Environmental Quality with respect to emergency exemptions. The requirement to consult as soon as feasible is not a requirement of prior consultation. A report of the emergency action will be made by the DoD component head to the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics), who, with the Assistant Secretary of Defense (International Security Affairs), shall undertake the necessary consultations.

(b) Other Circumstances. National security considerations, exceptional foreign policy requirements, and other special circumstances not identified in paragraph C.3.a. of this enclosure, may preclude or be inconsistent with the preparation of environmental documentation. In these circumstances, the head of the DoD component concerned is authorized to exempt a particular action from the environmental documentation requirements of this enclosure after obtaining the prior approval of the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics), who, with the Assistant Secretary of Defense (International Security Affairs), shall consult, before approving the exemption, with the Department of State and the Council on Environmental Quality. The requirement for prior consultation is not a requirement for prior approval.

(2) Class Exemptions. Circumstances may exist where a class exemption for a group of related actions is more appropriate than a specific exemption. Class exemptions may be established by the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics), who, with the Assistant Secretary of Defense (International Security Affairs), shall consult, before approving the exemption, with the Department of State and the Council on Environmental Quality. The requirement for prior consultation is not a requirement for prior approval. Requests for class exemptions will be submitted by the head of the DoD component concerned to the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) after coordination with other interested DoD components. Notice of the establishment of a class exemption will be issued as Attachment 2 to this enclosure to be entitled, “Class Exemptions—Foreign Nations and Protected Global Resources.”

4. Categorical Exclusions. The Department of Defense is authorized by Executive Order 12114 to provide for categorical exclusions. A categorical exclusion is a category of actions that normally do not, individually or cumulatively, do significant harm to the environment. If an action is covered by a categorical exclusion, no environmental document is required. Categorical exclusions will be established by the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics), and will be identified in Attachment 3 to this enclosure to be entitled, “Categorical Exclusions—Foreign Nations and Protected Global Resources.”
Office of the Secretary of Defense

Resources." DoD components identifying recurring actions that have been determined, after analysis, not to do significant harm to the environment should submit requests for categorical exclusions and accompanying justification to the Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics).

3. Environmental studies. A General. Environmental studies are one of two alternative types of documents to be used for actions described by section B. of this enclosure.
   a. An environmental study is an analysis of the likely environmental consequences of the action that is to be considered by DoD components in the decision-making process. It includes a review of the affected environment, significant actions taken to avoid environmental harm or otherwise to better the environment, and significant environmental considerations and actions by the other participating nations, bodies, or organizations.
   b. An environmental study is a cooperative action and not a unilateral action undertaken by the United States. It may be bilateral or multilateral, and it is prepared by the United States in conjunction with one or more foreign nations, or by an international body or organization in which the United States is a member or participant. The environmental study, because it is prepared as a cooperative undertaking, may be best suited for use with respect to actions that provide strictly regulated or prohibited products or projects to a foreign nation (B.I.B.) and actions that affect a protected global resource (B.I.C.).

2. Department of State Coordination. Communications with foreign governments concerning environmental studies and other formal arrangements with foreign governments concerning environmental matters under this directive will be coordinated with the Department of State. Informal, working-level communications and arrangements are not included in this coordination requirement. Coordination with the Department of State will be through the Assistant Secretary of Defense (International Security Affairs).

3. Whether to Prepare an Environmental Study. The judgment whether the action is one that would do significant harm to one of the environments covered by this enclosure normally will be made in consultation with concerned foreign governments or organizations. If a negative decision is made, the file will be documented with a record of that decision and the decision-makers who participated. If a decision is made to prepare a study then, except as provided by this enclosure, no action concerning the proposal may be taken that would do significant harm to the environment until the study has been completed and the results considered.

4. Content of the Study. The document is a study of the environmental aspects of the proposed action to be considered in the decision-making process. The precise content of each study must be flexible because of such considerations as the sensitivity of obtaining information from foreign governments, the availability of useful and understandable information, and other factors identified under "Limitations." (subsection D.6., of this enclosure). The study should, however, include consideration of the following:
   a. A general review of the affected environment;
   b. The predicted effect of the action on the environment;
   c. Significant known actions taken by governmental entities with respect to the proposed action to protect or improve the environment; and
   d. If no actions are being taken to protect or enhance the environment, whether the decision not to do so was made by the affected foreign government or international organization.

5. Distribution of the Study. Except as provided under "Limitations," (subsection D.6., of this enclosure), and except where classified information is involved, environmental studies will be made available to the Department of State, the Council on Environmental Quality, other interested Federal agencies, and, on request, to the public in the United States. Interested foreign governments also may be informed of the studies, subject to the "Limitations" (subsection D.6., of this enclosure) and controls on classified information, and furnished copies of the documents. No distribution is required prior to the preparation of the final version of the study or prior to taking the action that caused the study to be prepared.

6. Limitations. The requirements with respect to the preparation, content, and distribution of environmental studies in the international context must remain flexible. The specific procedures must be determined on a case-by-case basis and may be modified where necessary to:
   a. Enable the component to act promptly. Considerations such as national security and foreign government involvement may require prompt action that must take precedence in the environmental review process;
   b. Avoid adverse impacts on relations between the United States and foreign governments and international organizations;
   c. Avoid infringement or the appearance of infringement on the sovereign responsibilities of another government. The collection of information and the preparation and distribution of environmental documentation for actions in which another nation is involved, or with respect to the environment and resources of another nation, unless done with proper regard to the sovereign authority of that nation, may be viewed by that nation as an interference in its internal affairs.
and its responsibility to evaluate requirements with respect to the environment;

b. Ensure consideration of:
   (1) Requirements of governmental confidentiality. This refers to the need to protect sensitive foreign affairs information and information received from another government with the understanding that it will be protected from disclosure regardless of its classification;
   (2) National security requirements. This refers to the protection of classified information and other national security interests;
   (3) Availability of meaningful information. Information on the environment of foreign nations may be unavailable, incomplete, or not susceptible to meaningful evaluation, particularly where the affected foreign nation is not a participant in the analysis. This may reduce or change substantially the normal content of the environmental study;
   (4) The extent of the participation of the DoD component concerned and its ability to affect the decision made. The utility of the environmental analysis and the need for an in-depth review diminishes as DoD’s role and control over the decision lessens; and
   (5) International commercial, commercial confidentiality, competitive, and export promotion factors. This refers to the requirement to protect domestic and foreign trade secrets and confidential business information from disclosure. Export promotion factors includes the concept of not unnecessarily hindering United States exports.

7. Classified Information. Classified information will be safeguarded from disclosure in accordance with the Department of Defense procedures (32 CFR 159) established for such information under Executive Order 12065. The requirements of that Executive Order take precedence over any requirement of disclosure in this directive.

E. Environmental Reviews. 1. General. Environmental reviews are the second of the two alternative types of documents to be used for actions covered by section B. of this enclosure.

b. An environmental review is prepared by the involved DoD component concerned either unilaterally or in conjunction with another Federal agency. While an environmental review may be used for any of the actions identified by section B., it may be uniquely suitable, because it is prepared unilaterally by the United States, to actions that affect the environment of a nation not involved in the undertaking (B.l.a.).

2. Department of State Coordination. Communications with foreign governments concerning environmental agreements and other formal arrangements with foreign governments concerning environmental matters under this enclosure will be coordinated with the Department of State. Informal working-level communications and arrangements are not included in this coordination requirement. Coordination with the Department of State will be through the Assistant Secretary of Defense (International Security Affairs).

3. Whether to Prepare an Environmental Review. Sufficient information will be gathered, to the extent it is reasonably available, to permit an informed judgment as to whether the proposed action would do significant harm to the environments covered by this enclosure. If a negative decision is made, a record will be made of that decision and its basis. If a decision is made to prepare a review, then, except as provided by this enclosure, no action concerning the proposal may be taken that would do significant environmental harm until the review has been completed.

4. Content of the Review. An environmental review is a survey of the important environmental issues associated with the proposed action that is to be considered by the DoD component concerned in the decision-making process. It does not include all possible environmental issues and it does not include the detailed evaluation required in an environmental impact statement under Enclosure 1 of this part. There is no foreign government or international organization participation in its preparation, and the content therefore may be circumscribed because of the availability of information and because of foreign relations sensitivities. Other factors affecting the content are identified under “Limitations.” (subsection E.6., of this enclosure).

To the extent reasonably practical the review should include consideration of the following:

a. A statement of the action to be taken including its timetable, physical features, general operating plan, and other similar broad-gauge descriptive factors;

b. Identification of the important environmental issues involved;

c. The aspects of the actions taken or to be taken by the DoD component that ameliorate or minimize the impact on the environment; and

d. The actions known to have been taken or to be planned by the government of any participating and affected foreign nations that will affect environmental considerations.

5. Distribution. Except as provided under “Limitations,” (subsection E.6., of this enclosure), and except where classified information is involved, environmental reviews will be made available to the Department of
Office of the Secretary of Defense

§ 189.2

State, the Council on Environmental Quality, other interested Federal agencies, and, on request, to the public in the United States. Interested foreign governments also may be informed of the reviews and, subject to the “Limitations” (subsection E.6., of this enclosure) and controls on classified information, will be furnished copies of the documentation. This provision for document distribution is not a requirement that distribution be made prior to taking the action that is the subject of the review.

6. Limitations. The requirements with respect to the preparation, content, and distribution of environmental reviews in the international context must remain flexible. The specific procedures must be determined on a case-by-case basis and may be modified where necessary to:

a. Enable the component to act promptly. Considerations such as national security and foreign government involvement may require prompt action that must take precedence in the environmental review process;

b. Avoid adverse impacts on relations between the United States and foreign governments and international organizations;

c. Avoid infringement or the appearance of infringement on the sovereign responsibilities of another government. The collection of information and the preparation and distribution of environmental documentation for actions in which another nation is involved or with respect to the environment and resources of another nation, unless done with proper regard to the sovereign authority of that nation, may be viewed by that nation as an interference in its internal affairs and its prerogative to evaluate requirements with respect to the environment; and

d. Ensure consideration of:

(1) Requirements of governmental confidentiality. This refers to the need to protect sensitive foreign affairs information and information received from another government with the understanding that it will be protected from disclosure regardless of its classification;

(2) National security requirements. This refers to the protection of classified information;

(3) Availability of meaningful information. Information on the environment of foreign nations may be unavailable, incomplete, or not susceptible to meaningful evaluation, and this may reduce or change substantially the normal content of the environmental review;

(4) The extent of the participation of the DoD component concerned and its ability to affect the decision made. The utility of the environmental analysis and the need for an in-depth review diminishes as the role of the Department of Defense and control over the decision lessens; and

(5) International commercial, commercial confidentiality, competitive, and expert promotion factors. This refers to the requirements to protect domestic and foreign trade secrets and confidential business information from disclosure. Export promotion factors include the concept of not unnecessarily hindering United States exports.

7. Classified Information. Classified information will be safeguarded from disclosure in accordance with the DoD procedures (32 CFR 159) established for such information under Executive Order 12065. The requirements of that Executive Order take precedence over any requirement of disclosure in this part.

PART 189—MINERAL EXPLORATION AND EXTRACTION ON DoD LANDS

Sec. 189.1 Purpose.
189.2 Applicability and scope.
189.3 Definitions.
189.4 Policy.
189.5 Responsibilities.
189.6 Procedures.
189.7 Summary of mineral leasing authorities.

§ 189.1 Purpose.

§ 189.2 Applicability and scope.

(a) This Directive applies to the Office of the Secretary of Defense and the Military Departments (including their National Guard and reserve components).

(b) It applies to DoD-controlled lands acquired or withdrawn from the public domain (including Army civil works lands) within the United States and its territories and possessions for which the mineral rights are owned by the United States, with the following exceptions:

(1) Mineral leasing of lands situated within incorporated cities, towns, and villages (30 U.S.C. 21a, 22, 181 et seq.).
§ 189.3 Definitions.

(a) Leasable minerals. Minerals, such as oil and gas, that are owned by the United States and that have been authorized under statute as potential minerals for extraction under a mineral lease (30 U.S.C. et seq., 181 et seq., and 1001 et seq.).

(b) Locatable minerals. Minerals, such as gold and silver, that are owned by the United States, that are on public domain lands, that are subject to discovery and claim, and that are not leasable or saleable (30 U.S.C. 22).

(c) Mineral lease. A grant of a right to explore for and extract leasable minerals. No surface occupancy, drilling, or other mineral extraction is permitted until an operations plan is approved by the DoI in consultation with the Military Department concerned.

(d) Multiple-use principle. The integrated management of all resources, each with the other, to achieve their optimum use and enjoyment while maintaining environmental and other qualities in balance.

(e) Permit. Temporary permission to conduct seismic or other geological and geophysical tests before requesting a mineral lease.

(f) Saleable minerals. Common variety minerals, such as sand, clay, and gravel, that are sold under certain statutory authorities (30 U.S.C. et seq. and 41 CFR 101–47.302–2).

§ 189.4 Policy.

In accordance with established DoD policy to promote optimal use of real property under the multiple-use principle (DoD Directive 4700.1), DoD lands shall be made available for mineral exploration and extraction to the maximum extent possible consistent with military operations, national defense activities, and Army civil works activities.

§ 189.5 Responsibilities.

(a) The Assistant Secretary of Defense (Manpower, Reserve Affairs, and Logistics) shall:

1. Have primary responsibility for developing DoD policy for mineral exploration and extraction on DoD lands.

2. Ensure that the Military Departments issue regulatory documents implementing this Directive.

(b) The Secretaries of the Military Departments shall:

1. Review and approve or disapprove requests from the Department of the Interior (DoI), the Federal mineral leasing agency, to lease DoD lands under 43 U.S.C. 155 et seq. and DoD Directive 5160.63.

2. Issue regulatory documents implementing this Directive to prescribe procedures relating to the issuance of permits and leases and the approval of plans of operations for mineral exploration and extraction.

3. Formulate a system for maintaining records of land status to assist the DoI in mineral leasing. This system shall be established in accordance with DoD Directive 5000.11 and shall use existing standard data elements from DoD 5000.12–M, whenever possible.

§ 189.6 Procedures.

(a) If a Military Department cannot consent to exploration or extraction, it also may not approve testing or leasing. Exclusion of lands from exploration and extraction shall be justified and supported. Availability of lands is subject to certain conditions and stipulations that also shall be justified. Granting approval for leasing usually shall be construed as consent ultimately to allow drilling or other forms of mineral extraction. Accordingly, initial approval clearly shall indicate the conditions, if known, under which further exploration or extraction shall be allowed. For example, classified operations, ammunition and explosives operational storage requirements, and contaminated lands may restrict or exclude leasing or may require no surface disturbance stipulations (DoD 5154.4–S).

(b) The Military Departments may issue permits to parties interested in conducting seismic or other geophysical tests on DoD lands. In unusual
Office of the Secretary of Defense

In the event of the circumstances, the Military Departments may refer permit applications to the DoI for issuance. Permits are subject to the approval of and conditions imposed by the Military Department concerned. The issuing agency shall make any required environmental and cultural studies. For permits issued by the DoI, the Military Department concerned shall provide, upon request, environmental and cultural information held by the Department.

(c) **Leases.** The DoI receives and processes all mineral lease requests and then forwards such lease offers and title report requests to the Military Department concerned. The Military Department then shall decide whether and under what conditions its land may be made available for leasing.

(1) **Environmental and cultural considerations for leases.** As the lead agency, the DoI obtains all environmental and cultural documentation before deciding to lease. The responsibilities of the Military Department concerned, when acting as a cooperating agency, shall be limited to providing to the DoI, upon request, any available environmental and cultural information.

(2) **Title search.** The Military Department concerned shall furnish to the DoI available information for acquired lands. DoI title records shall be relied upon for withdrawn public domain lands, except that the Military Departments shall identify all outstanding interests, such as easements and licenses. When title information is incomplete, the Military Department shall so advise the DoI.

(3) **Plans of operations.** After the lease is executed, the lessee submits a plan of operations (Application for Permit to Drill for oil and gas or Mining Plan for other minerals) to the DoI for technical review and coordination with the Military Department concerned. As a cooperating agency, the Military Department shall supply appropriate stipulations; available environmental, endangered species, and cultural information; and concurrence with the plan. The DoI then formalizes the environmental considerations and approves the plan with the stipulations supplied by the Military Department. Stipulations shall be tied directly to the details of the proposed plan of operations, and each stipulation shall be objectively justifiable.

(4) The DoI has the responsibility for the collection and disposition of proceeds derived from mineral leasing.

§ 189.7 **Summary of mineral leasing authorities.**

(a) 30 U.S.C. 351 et seq. authorizes leasing of coal, phosphate, sodium, potassium, oil, oil shale, gas, or sulfur within acquired DoD lands. 30 U.S.C. 181 et seq. authorizes leasing of coal, phosphate, sodium, oil, oil shale, native asphalt, solid or semi-solid bitumen, and bituminous rock or gas within DoD-withdrawn public domain lands under certain conditions and in certain places. Under the leasing statutes, the Secretary of the Interior is responsible for granting and administering such leases. 30 U.S.C. 101 et seq. authorizes the Secretary of the Interior to issue leases for development of geothermal steam and associated resources on public lands. This includes public lands withdrawn for use by the Military Departments.

(b) 30 U.S.C. 351 et seq. specifically provides for consent of the head of the executive department having jurisdiction over the lands containing the mineral deposit before leasing. For public domain lands withdrawn for use of the Department of Defense 43 U.S.C. 155 et seq. provides that there will be no disposition of or exploration for minerals on public domain lands when the Secretary of Defense, in consultation with the Secretary of the Interior, determines that such disposition or exploration is inconsistent with the military use of the land.

§ 190.4 Policy.

(a) The Department of Defense shall act responsibly in the public interest in managing its lands and natural resources. There shall be a conscious and active concern for the inherent value of natural resources in all DoD plans, actions, and programs.

(b) Natural resources under control of the Department of Defense shall be managed to support the military mission, while practicing the principles of multiple use and sustained yield, using scientific methods and an interdisciplinary approach. (g) DoD lands shall be available to the public and DoD employees for enjoyment and use of natural resources, except when a specific determination has been made that a military mission prevents such access for safety or security reasons or that the natural resources will not support such usage. The determination shall be addressed in the applicable natural resources management plan. To assist in the management, study, or monitoring of natural resources, Federal, State and local officials and natural resources management professionals shall be permitted access to natural resources after proper safety and security measures are taken.

(h) The management and conservation of natural resources under DoD stewardship is an inherently governmental function. Therefore, 32 CFR part 169 does not apply to the management, implementation, planning, or enforcement of DoD natural resources programs. APPENDIX TO PART 190—INTEGRATED NATURAL RESOURCES MANAGEMENT

A. Integrated Planning

1. Integrated natural resources management plans shall be maintained for properties under DoD control. These plans shall guide planners and implementers of mission activities as well as natural resources managers.

2. The plans shall be coordinated with appropriate Federal, State, and local officials with interest or jurisdiction in accordance with 32 CFR part 243 and with planners of DoD activities that impact on the natural resources. Conversely, new and continuing mission activities that impact on natural resources shall be coordinated with appropriate natural resources managers.

3. Natural resources management plans shall be continually monitored, reviewed annually, and revised by DoD natural resources management professionals. They shall be approved in accordance with DoD Components’ procedures at least every 5 years.

4. The natural resources management planning process shall invite public participation.

5. An integrated natural resources management plan shall meet the following criteria:
   a. Natural resources and areas of critical or special concern are adequately addressed from both technical and policy standpoints.
   b. The natural resources management methodologies shall sustain the capabilities of the natural resources to support military requirements.
   c. The plan includes current inventories and conditions of natural resources; goals; management methods; schedules of activities and projects; priorities; responsibilities of installation planners and decisionmakers; monitoring systems; protection and enforcement systems; and land use restrictions, limitations, and capabilities.
   d. Each plan segment or component (i.e., land, forest, fish and wildlife, and outdoor recreation) exhibits compatible methodologies and goals.
   e. The plan is compatible with the installation’s master plan and pest management program under DoD Directive 4150.7.

6. A determination that the public may not have access to use natural resources under DoD control shall be included and explained in the applicable integrated natural resources management plan.

7. The environmental impact analysis for any proposed activity or project shall include an analysis of the compatibility of the proposal’s impacts with affected natural resources management plans and objectives. Only after necessary revisions to management plans are made shall the new activity begin.

8. The planning requirements of DoD Directive 4710.1 may be met within the integrated natural resources plan.

9. Integrated natural resources management plans shall be a primary consideration during the master planning process and for land use and development decisions.

B. Natural Resources Management Plan

The integrated natural resources plan shall implement the following policies and requirements for each applicable program area:

1. Land Management
   a. DoD lands shall be managed to support military activities, improve the quality of land and water resources, protect wetlands and floodplains and their functions, abate
nonpoint sources of water pollution, conserve lands suitable for agriculture, control noxious weeds, and control erosion.

b. Costs for maintaining grounds shall be minimized by providing the least amount of mowed areas and special plantings necessary to accomplish management objectives and by the use of low maintenance species, agricultural outleases, wildlife habitat, and tree plantings.

c. Land management is an important use of appropriated funds. Also, pursuant to 10 U.S.C. 2667(d) revenues from the agriculture and grazing outlease program are available for:
   (1) Administrative expenses of agricultural leases.
   (2) Initiation, improvement, and perpetuation of agricultural outleases.
   (3) Preparation and revisions of natural resources management plans.
   (4) Implementation of integrated natural resources management plans.
   d. When appropriate, land management plans shall address soils, water resources, soil and water conservation, wetlands and floodplains, grounds maintenance, landscaping, agricultural uses and potential, fire management, rangeland conditions and trends, areas of special interest, and management for multiple use.
   e. Soil capabilities, water management, landscaping, erosion control, and conservation of natural resources shall be included in all site feasibility studies and in project planning, design, and construction. Appropriate conservation work and associated costs shall be included in project proposals and construction contracts and specifications. Such studies and work shall be coordinated with appropriate natural resources management professionals and plans.
   f. Irrigation shall be limited to areas where it is essential to establish and maintain required vegetation or when an agricultural outlease contract allows it.
   g. Appropriate natural resources conservation measures shall be included in outlease provisions.

b. Landscaping shall be functional in nature, simple and informal in design, compatible with adjacent surroundings, and complimentary to the overall natural setting of the area.
   1. Land conditions, soil capability, and erosion status shall be monitored for all lands subject to disturbance (e.g., maneuver areas, commercial forest areas, and agricultural outleased areas). The data and analyses obtained shall be used in planning, environmental analyses, and decisionmaking at all levels of command.

2. Forest Management
   a. DoD forest lands shall be managed for sustained yield of quality forest products, watershed protection, wildlife habitat, and other uses that can be made compatible with mission activities.
   b. Commercial forestry activities shall be commensurate with potential financial returns.
   c. Forest products shall not be given away, abandoned, carelessly destroyed, used to offset costs of contracts, or traded for products, supplies, or services. Forest products may be used for military training. Individuals may be allowed to collect noncommercial or edible forest products if that use is addressed in the management plan for the areas involved. Forest products may be harvested to generate electricity or heat only if the Military Department’s forestry account is paid fair market value.
   d. Planned forest products sales shall continue on land reported as excess until actual disposal or transfer occurs. When forested areas are slated to be public parks or used for outdoor recreation, clearcutting is prohibited. However, thinning, intermediate cuttings, and salvage cuttings shall be accomplished if the management plan calls for such activity within the next 5 years. That portion of the proceeds from sales of land that is attributable to the value of standing timber on the land sold shall be deposited in the Military Department’s forestry account.
   e. Accounting and reporting for the proceeds and costs of the commercial forestry program are contained in DoD Instruction 7310.5. Costs associated with management of all forested areas (noncommercial and commercial) are valid uses of appropriated funds as well as proceeds from agricultural outleases and forest product sales.
   f. When appropriate, natural resources management plans shall include current forest inventories, conditions, trends, and potential uses; analysis of soil data for forest potential; goals; protection and enforcement methods; maintenance of forested areas and access roads; improvement methods; harvesting and reforestation methods and schedules; and management for multiple use.

3. Fish and Wildlife Management
   a. Lands and waters suitable for management of fish and wildlife resources shall be managed to conserve wildlife resources for the benefit of the public. Nongame as well as game species shall be considered when planning activities.
   b. Endangered and threatened species and their habitats shall be protected and managed according to the Endangered Species Act and implementing U.S. Fish and Wildlife Service (FWS) regulations and agreements. Management plans for installations with endangered species shall include:
      (1) Coordinated protection and mitigation measures.

3 See footnote 2 to paragraph A.5.e.
Office of the Secretary of Defense

Pt. 190, App.

(2) Appropriate affirmative methods and procedures necessary to enhance the population of endangered species.

(3) Procedures and responsibilities for consulting with the FWS prior to funding or conducting any action likely to affect a listed species or its critical habitat.

c. The Sikes Act provides a mechanism whereby the Departments of Defense and the Interior and host States cooperate to plan, maintain, and manage fish and wildlife on military installations, in accordance with cooperative plans. Agreement by all 3 parties regarding the fish and wildlife management plan for an installation makes that plan a cooperative plan pursuant to 16 U.S.C. 670 et seq. A cooperative plan shall be adopted by an installation commander only after ensuring its compatibility with the rest of the integrated natural resources management plan.

d. Hunting, fishing, and trapping may be permitted within the carrying capacity of wildlife habitats. Harvesting of wildlife from DoD installations or facilities shall be done according to the fish and game laws of the State or territory in which it is located and under 10 U.S.C. 2671. Special permits shall be issued, in addition to required State and Federal permits or licenses, for fishing, hunting, or trapping on DoD property.

e. Hunting, fishing, and trapping fees may be collected under the authority of the Sikes Act to recover expenses of implementing a cooperation plan. The same Sikes Act fee shall be charged for a particular use to all users at a particular installation except senior citizens, children, and the physically handicapped. Exceptions to this policy may be granted by the Heads of Military Services.

f. Criteria and procedures for hunting, fishing, and trapping permits and fees shall be included in management plans. Fees collected under the authority of 16 U.S.C. 670 et seq. shall be used only to defray the costs of the fish and wildlife management program at the installation collecting the fees. Collected fees shall be accounted for and reported according to instructions from the Comptroller, Department of Defense (C, DoD), under a special fund entitled “Wildlife Conservation”—X5095. Unobligated balances shall be accumulated with current fee collections, and the total amount accumulated at an installation shall be available for obligations as apportioned by the Office of Management and Budget (OMB).

g. Whenever hunting, fishing, or trapping is allowed on DoD installations, enforcement of wildlife laws shall be addressed in the fish and wildlife management plan and carried out by trained enforcement officials under the direction of or in coordination with the wildlife manager.

h. The suitability of a military installation for fish and wildlife management shall be determined after consulting with the FWS and host State. Each installation shall be classified as one of the following:

(1) Category I—Installations with land and water resources suitable for fish and wildlife conservation. Each Category I installation shall maintain a wildlife management plan according to this part.

(2) Category II—Installations that lack adequate land and water resources for feasible fish and wildlife conservation.

i. The number of users of fish and wildlife resources may be limited on a daily or seasonal basis. Membership in an organization, including rod and gun clubs, shall not be a prerequisite for or get priority in receiving permits.

j. Habitat management is the basic means of improving wildlife resources. Introduction and reintroduction of species shall occur only in coordination with appropriate agencies and in accordance with a cooperative plan. When predator or animal damage control is a necessary part of natural resources management or mission performance, it shall be accomplished according to the cooperative plan, relevant laws and regulations, and in coordination with adjoining land managers.

k. Fish and wildlife conservation shall be considered in all site feasibility studies and project planning, design, and construction. Appropriate conservation work and associated funding shall be included in project proposals and construction contracts and specifications.

l. Priority shall be given to entering into contracts for services that implement wildlife management or enforce wildlife laws with Federal and State Agencies with responsibility for wildlife conservation.

m. Where appropriate, natural resources management plans shall address habitat management and enhancement, current wildlife and fish inventories and population trends, endangered and other special species management, game and nongame species management, access policy and user program, administration of user fee program, law enforcement, cooperating agencies’ responsibilities, and multiple use management.

4. Outdoor Recreation

a. Whenever practicable, DoD lands with suitable resources shall be managed to conserve and use natural resources for the outdoor recreation opportunities of present and future generations. The policies and procedures herein apply to outdoor recreation programs as defined in §190.3 and supersedes
those in DoD Directive 1015.6 and DoD Instruction 1015.2.

b. Conservation of outdoor recreation resources shall be considered in all plans, programs, site feasibility studies, and project planning and design.

c. Installations having resources suitable for outdoor recreation other than hunting, fishing, and trapping are encouraged to develop cooperative agreements or plans with other Federal Agencies and appropriate State Agencies to facilitate the development and management of those programs.

d. Public access to DoD properties for outdoor recreation shall be allowed whenever compatible with public safety and mission activities. User fees may be collected to recover expenses of managing natural resources for outdoor recreation, and access quotas may be established to reflect the carrying capacity of the areas involved. Public outdoor recreation opportunities shall be equitably distributed by impartial procedures, such as a first-come, first-served basis or by drawing lots. When public access must be withheld, that determination shall be explained in the natural resources management plan.

e. Off-road vehicle use shall be managed to protect natural resources, promote safety, and avoid conflicts with other uses of DoD properties. Use of off-road vehicles shall be monitored and evaluated regularly by natural resources management professionals. All land and water areas shall be closed to such use unless an environmental impact analysis in accordance with 32 CFR part 188 has been completed and the use is specifically approved and regulated. Specific areas that shall not be used by recreational off-road vehicles are those:

(1) Restricted for security or safety purposes.

(2) Containing fragile geological and soil conditions, flora or fauna, or other natural characteristics.

(3) With significant archeological, historical, paleontological resources.

(4) Designated as wilderness or scenic areas.

(5) Where noise would adversely affect other users, wildlife, or adjacent communities.

f. Whenever appropriate, outdoor recreation plans shall address inventories, trends, and management of resources suitable for outdoor recreation; aesthetics; development of opportunities and potential uses; potential user groups and access policy; user fee program; user ethics programs; and multiple use management.

5. Special Areas

Areas on DoD installations that contain natural resources that warrant special conservation efforts shall be identified. After appropriate study and coordination, such areas may be designated as Special Interest Areas. Upon such designation, the integrated natural resources management plan for the installation shall address the special management necessary for the area.
