Subpart B—Nature of Interest

§ 14.6 Nature of interest granted; settlement on right-of-way; rights of ingress and egress.

§ 14.6 In form of easement, license, or permit.

No interest granted by the regulations in this part shall give the holder thereof any estate of any kind in fee in the lands. The interest granted shall consist of an easement, license, or permit in accordance with the terms of the applicable statute; no interest shall be greater than a permit revocable at the discretion of the authorized officer unless the applicable statute provides otherwise. Unless a specific statute or regulation provides otherwise, no interest granted shall give the grantee any right whatever to take from the public lands or reservations any material, earth, or stone for construction or other purpose, but stone and earth necessarily removed from the right-of-way in the construction of a project may be used elsewhere along the same right-of-way in the construction of the same project.

§ 14.7 Right of ingress and egress to a primary right-of-way.

In order to facilitate the use of a right-of-way granted or applied for under the regulations of this part, the authorized officer may grant to the holder of or applicant for such right-of-way an additional right-of-way for ingress and egress to the primary right-of-way, including the right to construct, operate, and maintain such facilities as may be necessary for ingress and egress. The holder or applicant may obtain such additional right-of-way only over lands for which the authorized officer has authority to grant a right-of-way of the type represented by the primary right-of-way held or requested by the applicant. He must also present satisfactory evidence that the additional right-of-way is reasonably necessary for the use, operation, or maintenance of the primary right-of-way.

§ 14.8 Unauthorized occupancy.

Any occupancy or use of the lands of the United States without authority will subject the person occupying or using the land to prosecution and liability for trespass.

§ 14.9 Terms and conditions.

An applicant, by accepting a right-of-way, agrees and consents to comply with and be bound by the following terms and conditions, excepting those which the Secretary may waive in a particular case:

(a) To comply with State and Federal laws applicable to the project for which the right-of-way is approved, and to the lands which are included in the right-of-way, and lawful existing regulations thereunder.

(b) To clear and keep clear the lands within the right-of-way to the extent and in the manner directed by the superintendent; and to dispose of all vegetative and other material cut, uprooted, or otherwise accumulated during the construction and maintenance of the project in such manner as to decrease the fire hazard and also in accordance with such instructions as the superintendent may specify.

(c) To take such soil and resource conservation and protection measures including weed control, on the land covered by the right-of-way as the superintendent may request.

(d) To do everything reasonably within his power, both independently and on request of any duly authorized representative of the United States, to prevent and suppress fires on or near the lands to be occupied under the right-of-way, including making available such construction and maintenance forces as may be reasonably obtainable for the suppression of such fires.
