

Subpart C—Program Accessibility**§ 15b.16 Applicability.**

This subpart applies to all programs and activities that receive Federal financial assistance provided by the Department of Agriculture after the effective date of this part.

[47 FR 25470, June 11, 1982, as amended at 55 FR 52139, Dec. 19, 1990]

§ 15b.17 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity receiving assistance from this Department.

§ 15b.18 Existing facilities.

(a) *Program accessibility.* A recipient shall operate each assisted program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by qualified handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of an existing facility accessible to and usable by qualified handicapped persons.

(b) *Method.* A recipient may comply with the requirements of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities in conformance with the requirements of §15b.19, or any other method that results in making its program or activity accessible to qualified handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that offer programs and activities to qualified handicapped per-

sons in the most intergrated setting appropriate to obtain the full benefits of the program.

(c) *Small providers.* If a recipient with fewer than fifteen employees finds, after consultation with a handicapped person seeking its services, that there is no method of complying with paragraph (a) of this section other than by making a significant alteration in its existing facilities, the recipient may, as an alternative, refer the handicapped person to other providers of those services that are accessible at no additional cost to handicapped persons.

(d) *Application for modification of requirements.* Recipients that determine after a self-evaluation conducted according to the requirements of §15b.8(c), that program accessibility can only be accomplished through substantial modifications which would result in a fundamental alteration in the nature of the program, may apply to the Secretary for a modification of the requirements of this section.

(e) *Historic preservation programs. Application for waiver of program accessibility requirements.* (1) In the case of historic preservation programs, program accessibility means that, when viewed in its entirety, a program is readily accessible to and usable by handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing historic properties or every part of an historic property accessible to and usable by handicapped persons. Methods of achieving program accessibility include:

(i) Making physical alterations which enable handicapped persons to have access to otherwise inaccessible areas or features of historic properties;

(ii) Using audio-visual materials and devices to depict otherwise inaccessible areas or features of historic properties;

(iii) Assigning persons to guide handicapped persons into or through otherwise inaccessible portions of historic properties;

(iv) Adopting other innovative methods to achieve program accessibility. Because the primary benefit of an historic preservation program is the experience of the historic property itself, in taking steps to achieve program accessibility, recipients shall give priority
