## § 967.42

Secretary for such Flow-to-Market period by the total creates stated to be available by all handlers for such period shall be applied uniformly to the amount available for handling for each producer to determine the maximum number of crates that may be handled by or for him during that period: *Provided*, That it is within his unused Marketable Allotment pursuant to §967.38: *And provided further*, That until more than 37,500 crates of his production has been handled on his behalf during the current season, the handler thereof shall not have the number of crates he handles for or sells on behalf of such producer reduced by the Flow-to-Market regulation; however such handler shall be limited to 100 percent of that which was stated to be marketable in such Flow-to-Market period for that producer.

(c) For the purpose of determining compliance with Flow-to-Market limitations, a tolerance of 1 percent of an allotment holder's allowed Flow-to-Market quantity for such period or 200 crates, whichever is less, is permitted.

(viii) Verification of compliance with allotments: During any season or Flow-to-Market period for which allotment regulations are in effect, all acreage of celery included in applications for allotments shall be subject to field checking by the committee to determine compliance with allotments. Checking procedures, methods for establishing committee determinations, means for notifying handlers and other persons of the extent to which allotments have been used shall be in accordance with rules recommended by the committee and approved by the Secretary.

(2) Establish total holidays by limiting the handling of harvested celery during a specified period or periods. The amount to be handled under these regulations will be that quantity of harvested celery a handler has on hand at the commencement of the holiday, as reflected in required reports approved for committee use by the Secretary;

(3) Limit in any or all portions of the production area the handling of particular grades, sizes, qualities, containers, or packs or any combination thereof, of celery during any period;

also, limit the handling of particular grades, sizes, or qualities, or celery differently, for different varieties, for different portions of the production area, for different markets, for different sizes and types of containers, or for any combination of the foregoing, during any period;

(4) Limit the handling of celery when parity prices have been reached by establishing and maintaining minimum standards of quality and maturity in terms of grades or sizes;

(5) Require uniform inspection, grading and certification of celery and proper labeling of containers for celery to show the grade or size, or both, thereof;

(6) Fix the size, capacity, weight, dimensions, or pack of the container or containers which may be handled.

(c) Regulations issued hereunder may be amended, modified, suspended, or terminated by the Secretary whenever it is determined:

(1) That such action is warranted upon recommendation of the committee or on the basis of other available information;

(2) That such action is essential to provide relief from inspection, or regulations under paragraph (b) of this section, for minimum quantities less than customary commercial transactions as recommended by the committee and approved by the Secretary; or

(3) That regulations issued hereunder no longer tend to effectuate the declared policy of the Act.

### § 967.41 Handling for special purposes.

Regulations in effect pursuant to §967.38 or §967.40 may be modified, suspended, or terminated to facilitate handling of celery for:

(a) Exports;

(b) Relief or charity;

(c) Experimental purposes; and

(d) Other purposes which may be recommended by the committee and approved by the Secretary.
