§94.18 Restrictions on importation of meat and edible products from ruminants due to bovine spongiform encephalopathy.

(a)(1) Bovine spongiform encephalopathy exists in the following regions: Belgium, the Czech Republic, Denmark, France, Germany, Greece, the Republic of Ireland, Italy, Japan, Liechtenstein, Luxembourg, Oman, The Netherlands, Portugal, Spain, Switzerland, and the United Kingdom.

(2) The following regions, because of import requirements less restrictive than those that would be acceptable for import into the United States and/or because of inadequate surveillance, present an undue risk of introducing bovine spongiform encephalopathy into the United States: Albania, Andorra, Austria, Bosnia-Herzegovina, Bulgaria, Croatia, the Federal Republic of Yugoslavia, Finland, Hungary, the Former Yugoslav Republic of Macedonia, Monaco, Norway, Poland, Romania, San Marino, the Slovak Republic, Slovenia, and Sweden.

(3) A region may request at any time that the Administrator consider its removal from a list set forth in paragraphs (a)(1) or (a)(2) of this section by following the procedures set forth in

§§92.2(b) (1) through (4), 92.2(b) (5) through (11), and 92.2(c) of this chapter.

(b) Except as provided in paragraph (d) of this section, the importation of fresh (chilled or frozen) meat, meat products, and edible products other than meat (excluding gelatin, milk, and milk products), from ruminants that have been in any of the countries listed in paragraph (a) of this section is prohibited.

(c) *Gelatin.* The importation of gelatin derived from ruminants that have been in any region listed in paragraph (a) of this section is prohibited unless the following conditions have been met:

(1) The gelatin must be imported for use in human food, human pharmaceutical products, photography, or some other use that will not result in the gelatin coming in contact with ruminants in the United States.

(2) The person importing the gelatin must obtain a United States Veterinary Permit for Importation and Transportation of Controlled Materials and Organisms and Vectors by filing a permit application on VS form 16-3.¹⁷

(3) The permit application must state the intended use of the gelatin and the name and address of the consignee in the United States.

(d) *Transit shipment of articles.* Fresh (chilled or frozen) meat, and edible products other than meat, that are prohibited importation into the United States in accordance with this section may transit the United States for immediate export if the following conditions are met:

(1) The person moving the articles must obtain a United States Veterinary Permit for Importation and Transportation of Controlled Materials and Organisms and Vectors by filing a permit application on VS form 16-3.¹⁸

(2) The articles must be sealed in leakproof containers bearing serial

numbers during transit. Each container must remain sealed during the entire time that it is in the United States.

(3) The person moving the articles shall notify, in writing, the Plant Protection and Quarantine Officer at both the place in the United States where the articles will arrive and the port of export prior to such transit. The notification must include the:

(i) United States Veterinary Permit for Importation and Transportation of Controlled Materials and Organisms and Vectors permit number;

(ii) Times and dates of arrival in the United States;

(iii) Times and dates of exportation from the United States;

(iv) Mode of transportation; and

(v) Serial numbers of the sealed containers.

(4) The articles must transit the United States in Customs bond.

§ 94.19 Gelatin derived from horses or swine, or from ruminants that have not been in any region where bovine spongiform encephalopathy exists.

Gelatin derived from horses or swine, or from ruminants that have not been in any region listed in § 94.18(a) of this part, must be accompanied at the time of importation into the United States by an official certificate issued by a veterinarian employed by the national government of the region of origin. The official certificate must state the species of animal from which the gelatin is derived and, if the gelatin is derived from ruminants, certify that the gelatin is not derived from ruminants that

have been in any region listed in § 94.18(a).

§ 94.20 Importation of pork and pork products from Sonora and Yucatan, Mexico.

Notwithstanding any other provisions of this part, pork and pork products from the States of Sonora and Yucatan, Mexico, may be imported into the United States under the following conditions:

(a) The pork or pork product is from swine that were born and raised in Sonora or Yucatan and slaughtered in Sonora or Yucatan at a federally inspected slaughter plant that is under the direct supervision of a full-time salaried veterinarian of the Government of Mexico and that is approved to export pork products to the United States in accordance with § 327.2 of this title.

(b) If processed, the pork or pork product was processed in either Sonora or Yucatan in a federally inspected processing plant that is under the direct supervision of a full-time salaried veterinarian of the Government of Mexico.

(c) The pork or pork product has not been in contact with pork or pork products from any State in Mexico other than Sonora or Yucatan or from any other region not listed in § 94.9(a) as a region where hog cholera is not known to exist.

(d) The foreign meat inspection certificate accompanying the pork or pork product (required by § 327.4 of this title) includes a statement certifying that the requirements in paragraphs (a), (b) (if applicable), and (c) of this section have been met and, if applicable, a list of the numbers of the seals required by paragraph (e)(1) of this section.

(e) The shipment of pork or pork products has not been in any State in Mexico other than Sonora or Yucatan or in any other region not listed in § 94.9(a) as a region where hog cholera is not known to exist en route to the United States, unless:
