§ 705.6 Community needs plan.

(a) The credit union's board of directors will prepare a Community Needs Plan and submit it with its loan application. The Plan will contain a list of needed community services that the credit union will provide.

(b) The credit union's board of directors will report on the progress of providing needed community services to the credit union members once a year, either at the annual meeting or in a written report sent to all members. The credit union will also submit the

National Credit Union Administration

§ 705.7

written report or a summary of the report given at the annual meeting to NCUA.

§ 705.7 Loans to participating credit unions.

(a) *Amount and recording of loans.* A participating credit union will be eligible to receive up to \$300,000 in the aggregate, as determined by the NCUA Board, in the form of a loan from the Community Development Revolving Loan Fund for Credit Unions. The amount of the loan will be based on funds availability, the creditworthiness of the participating credit union, financial need, and a demonstrated capability of a participating credit union to provide financial and related services to its members. At the discretion of NCUA, a loan will be recorded by a participating credit union as either a note payable or a nonmember deposit.

(b) *Matching requirements.* Participating credit unions will be encouraged to develop, as rapidly as possible, a permanent source of member shares.

(1) Generally loan monies made available must be matched by the participating credit union by increasing its share deposits in an amount equal to the loan amount. However, any loan monies matched by member share deposits will be credited as a two-for-one match. Nonmember share deposits accepted to meet the matching requirement are not subject to the 20% limitation on nonmember deposits under § 701.32. Participating credit unions must meet this matching requirement within one year of the approval of the loan application and must maintain the increase in the total amount of share deposits for the duration of the loan. Once the loan is repaid, nonmember share deposits accepted to meet the matching requirement are subject to § 701.32.

(2) Upon approval of its loan application, and before it meets its matching requirement, a participating credit union may receive the entire loan commitment in a single payment. If any funds are withheld, the remainder of the funds committed will be available to the participating credit union only after it has documented that it has met

the match requirement for the total amount of the loan committed.

(3) Failure of a participating credit union to generate the required match within one year of the approval of the loan will result in the reduction of the loan proportionate to the amount of match actually generated. Payment of any additional funds initially approved will be limited as appropriate to reflect the revised amount of the loan approved. Any funds already advanced to the participating credit union in excess of the revised amount of loan approval must be repaid immediately to NCUA. Failure to repay such funds to NCUA upon demand shall result in the default of the entire loan.

(c) *Terms and repayment.* (1) Assistance made available through Program loans, whether recorded by the credit union as a note payable or nonmember deposit at NCUA's direction, is in the form of a loan and must be repaid to NCUA. All loans will be scheduled for repayment within the shortest time compatible with sound business practices and with objectives of the Program, but in no case will the term exceed five years.

(2) Semiannual interest payments (beginning six months after the initial distribution of a loan) and semiannual principal payments (beginning one year after the initial distribution of a loan) will be required.

(d) *Interest rates.* Loans made under this part shall bear interest at a fixed annual percentage rate of not more than 3 percent and not less than 1 percent as determined by the NCUA Board.

(e) *Default, collections and adjustments.* The terms of each loan agreement shall provide for the immediate acceleration of the unpaid balance for breach or default in the performance by the participating credit union of the terms or conditions of the loan. This will include misrepresentation, default in making interest/principal payments, failure to report, insolvency, failure to maintain adequate match for the duration of the loan period, etc. The unpaid balance will also be accelerated and immediately due if any part of the loan funds are improperly used, or if

§ 705.8

uninvested loan proceeds remain unused for an unreasonable or unjustified period of time.

[58 FR 21646, Apr. 23, 1993, as amended at 61 FR 50696, Sept. 27, 1996]

§ 705.8 State-chartered credit unions.

State-chartered credit union loan applicants approved for participation by NCUA must obtain written concurrence from their respective state regulatory authority. Such applicants shall make copies of their state examination reports available to NCUA and shall agree to examination by NCUA for the limited purpose of compliance with this part.

§ 705.9 Application period.

NCUA will announce annually and publish in the FEDERAL REGISTER when applications for participation in the program may be submitted. Such notice will be dependent upon the availability of funds.

§ 705.10 Technical assistance.

NCUA may provide technical assistance to participating credit unions directly or through outside providers selected by the credit unions or NCUA. NCUA will base technical assistance on funds availability, the needs of the participating credit union, and a demonstrated capability of the participating credit union to provide financial and related services to its members. NCUA will consider applications for technical assistance and determine whether to grant them in accordance with established procedures and standards that are publicly available. Participating credit unions can be provided with technical assistance without obtaining a Program loan. NCUA technical assistance will aid participating credit unions in providing services to their members and in the efficient operation of such credit unions.
