

1930, as amended (19 U.S.C. 1466). If no equipment, repair parts, or materials have been purchased, or repairs made, a declaration to that effect shall be made on Customs Form 226.

(2) If the vessel is at least 500 gross tons, the declaration shall include a statement that no work in the nature of a rebuilding or alteration which might give rise to a reasonable belief that the vessel may have been rebuilt within the meaning of the second proviso to section 27, Merchant Marine Act, 1920, as amended (46 U.S.C. 883), has been effected which has not been either previously reported or separately reported simultaneously with the filing of such declaration. The port director shall notify the U.S. Coast Guard vessel documentation officer at the home port of the vessel of any work in the nature of a rebuilding or alteration, including the construction of any major component of the hull or superstructure of the vessel, which comes to his attention unless the port director is satisfied that the owner of the vessel has filed an application for rebuilt determination as required by 46 CFR 67.27-3.

(3) The declaration shall be ready for production on demand for inspection and shall be presented as part of the original manifest when formal entry of the vessel is made.

(e) *Failure to provide manifest information; penalties/liquidated damages.* Any master who fails to provide manifest information as required by this section, or who presents or transmits electronically any document required by this section that is forged, altered or false, or who fails to present or transmit the information required by this section in a timely manner, may be liable for civil penalties as provided under 19 U.S.C. 1436, in addition to penalties applicable under other provisions of law. In addition, if any non-vessel operating common carrier (NVOCC) as defined in paragraph (b)(3)(ii) of this section elects to transmit cargo manifest information to Customs electronically and fails to do so in the manner and in the time period required by paragraph (b)(3)(i) of this section, or electronically transmits any false, forged or altered document, paper, manifest or data to Customs, such NVOCC may be

liable for the payment of liquidated damages as provided in §113.64(c) of this chapter, in addition to any other penalties applicable under other provisions of law.

§ 4.7a Inward manifest; information required; alternative forms.

The forms designated by §4.7(a) as comprising the inward manifest shall be completed as follows:

(a) *Ship's Stores Declaration.* Articles to be retained aboard as sea or ship's stores shall be listed on the Ship's Stores Declaration, Customs Form 1303. Less than whole packages of sea or ship's stores may be described as "sundry small and broken stores."

(b) *Crew's Effects Declaration. (Customs Form 1304).* (1) The declaration number of the Crew Member's Declaration, Customs Form 5129, prepared and signed by any officer or crewmember who intends to land articles in the United States, or the word "None," shall be shown in item No. 7 on the Crew's Effects Declaration, Customs Form 1304 opposite the respective crewmember's name.

(2) In lieu of describing the articles on Customs Form 1304, the master may furnish a Crew List, Customs and Immigration Form I-418, endorsed as follows:

I certify that this list, with its supporting crewmembers' declarations, is a true and complete manifest of all articles on board the vessel acquired abroad by myself and the officers and crewmembers of this vessel, other than articles exclusively for use on the voyage or which have been duly cleared through Customs in the United States.

(Master.)

The Crew List on Form I-418 shall show, opposite the crewmember's name, his shipping article number and, in column 5, the declaration number. If the crewmember has nothing to declare, the word "None" shall be placed opposite his name instead of a declaration number.

§4.7a

19 CFR Ch. I (4-1-03 Edition)

(3) For requirements concerning the preparation of Customs Form 5129, see subpart G of part 148 of this chapter.

(4) Any articles which are required to be manifested and are not manifested shall be subject to forfeiture and the master shall be subjected to a penalty equal to the value thereof, as provided in section 584, Tariff Act of 1930, as amended.

(c) *Cargo Declaration.* (1) The Cargo Declaration (Customs Form 1302 or a Customs-approved electronic equivalent) must list all the inward foreign cargo on board the vessel regardless of the U.S. port of discharge, and must separately list any other foreign cargo remaining on board ("FROB"). For the purposes of this part, "FROB" means cargo which is laden in a foreign port, is intended for discharge in a foreign port, and remains aboard a vessel during either direct or indirect stops at one or more intervening United States ports. The block designated "Arrival" at the top of the form shall be checked. The name of the shipper shall be set forth in the column calling for such information and on the same line where the bill of lading is listed for that shipper's merchandise. When more than one bill of lading is listed for merchandise from the same shipper, ditto marks or the word "ditto" may be used to indicate the same shipper. The cargo described in column Nos. 6 and 7, and either column No. 8 or 9, shall refer to the respective bills of lading. Either column No. 8 or column No. 9 shall be used, as appropriate. The gross weight in column No. 8 shall be expressed in either pounds or kilograms. The measurement in column No. 9 shall be expressed according to the unit of measure specified in the Harmonized Tariff Schedule of the United States (HTSUS) (19 U.S.C. 1202).

(2)(i) When inward foreign cargo is being shipped by container, each bill of lading shall be listed in the column headed "B/L Nr." in numerical sequence according to the bill of lading number. The number of the container which contains the cargo covered by that bill of lading and the number of the container seal shall be listed in column No. 6 opposite the bill of lading number. The number of any other bill of lading for cargo in that container

also shall be listed in column No. 6 immediately under the container and seal numbers. A description of the cargo shall be set forth in column No. 7 only if the covering bill of lading is listed in the column headed "B/L Nr."

(ii) As an alternative to the procedure described in paragraph (i), a separate list of the bills of lading covering each container on the vessel may be submitted on Customs Form 1302 or on a separate sheet. If this procedure is used:

(A) Each container number shall be listed in alphanumeric sequence by port of discharge in column No. 6 of Customs Form 1302, or on the separate sheet; and

(B) The number of each bill of lading covering cargo in a particular container, identifying the port of lading, shall be listed opposite the number of the container with that cargo in the column headed "B/L Nr." if Customs Form 1302 is used, or either opposite or under the number of the container if a separate sheet is used.

(iii) All bills of lading, whether issued by a carrier, freight forwarder, or other issuer, shall contain a unique identifier consisting of up to 16 characters in length. The unique bill of lading number will be composed of two elements. The first element will be the first four characters consisting of the carrier or issuer's four digit Standard Carrier Alpha Code (SCAC) assigned to the carrier in the National Motor Freight Traffic Association, Inc., Directory of Standard Multi-Modal Carrier and Tariff Agent Codes, applicable supplements thereto and reissues thereof. The second element may be up to 12 characters in length and may be either alpha and/or numeric. The unique identifier shall not be used by the carrier, freight forwarder or issuer for another bill of lading for a period of 3 years after issuance. Customs processing of the unique identifier will be limited to checking the validity of the Standard Carrier Alpha Codes (SCAC) and ensuring that the identifier has not been duplicated within a 3-year period. Carriers and broker/importers will be responsible for reconciliation of discrepancies between manifests and entries. Customs will not perform any

reconciliation except in a post-audit process.

(3) For shipment of containerized or palletized cargo, Customs officers shall accept a Cargo Declaration which indicates that it has been prepared on the basis of information furnished by the shipper. The use of words of qualification shall not limit the responsibility of a master to submit accurate Cargo Declarations or qualify the oath taken by the master as to the accuracy of his declaration.

(i) If Cargo Declaration covers only containerized or palletized cargo, the following statement may be placed on the declaration:

The information appearing on the declaration relating to the quantity and description of the cargo is in each instance based on the shipper's load and count. I have no knowledge or information which would lead me to believe or to suspect that the information furnished by the shipper is incomplete, inaccurate, or false in any way.

(ii) If the Cargo Declaration covers conventional cargo and containerized or palletized cargo, or both, the use of the abbreviation "SLAC" for "shipper's load and count," or an appropriate abbreviation if similar words are used, is approved: *Provided*, That abbreviation is placed next to each containerized or palletized shipment on the declaration and the following statement is placed on the declaration:

The information appearing on this declaration relating to the quantity and description of cargo preceded by the abbreviation "SLAC" is in each instance based on the shipper's load and count. I have no information which would lead me to believe or to suspect that the information furnished by the shipper is incomplete, inaccurate, or false in any way.

(iii) The statements specified in paragraphs (c)(3) (i) and (ii) of this section shall be placed on the last page of the Cargo Declaration. Words similar to "the shipper's load and count" may be substituted for those words in the statements. Vague expressions such as "said to contain" or "accepted as containing" are not acceptable. The use of an asterisk or other character instead of appropriate abbreviations, such as "SLAC", is not acceptable.

(4) In addition to the cargo manifest information required in paragraphs

(c)(1)–(c)(3) of this section, for all inward foreign cargo, the Cargo Declaration, either on Customs Form 1302, or on a separate sheet or Customs-approved electronic equivalent, must state the following:

(i) The last foreign port before the vessel departs for the United States;

(ii) The carrier SCAC code (the unique Standard Carrier Alpha Code assigned for each carrier; see paragraph (c)(2)(iii) of this section);

(iii) The carrier-assigned voyage number;

(iv) The date the vessel is scheduled to arrive at the first U.S. port in Customs territory;

(v) The numbers and quantities from the carrier's ocean bills of lading, either master or house, as applicable (this means that the carrier must transmit the quantity of the lowest external packaging unit; containers and pallets are not acceptable manifested quantities; for example, a container containing 10 pallets with 200 cartons should be manifested as 200 cartons);

(vi) The first foreign port where the carrier takes possession of the cargo destined to the United States;

(vii) A precise description (or the Harmonized Tariff Schedule (HTS) numbers to the 6-digit level under which the cargo is classified if that information is received from the shipper) and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo. Generic descriptions, specifically those such as "FAK" ("freight of all kinds"), "general cargo", and "STC" ("said to contain") are not acceptable;

(viii) The shipper's complete name and address, or identification number, from all bills of lading. (The identification number will be a unique number assigned by U.S. Customs upon the implementation of the Automated Commercial Environment);

(ix) The complete name and address of the consignee or the owner or owner's representative, or identification number, from all bills of lading. (The identification number will be a unique number assigned by U.S. Customs upon implementation of the Automated Commercial Environment);

(x) The vessel name, country of documentation, and official vessel number.

§4.8

19 CFR Ch. I (4-1-03 Edition)

(The vessel number is the International Maritime Organization number assigned to the vessel);

(xi) The foreign port where the cargo is laden on board;

(xii) Internationally recognized hazardous material code when such materials are being shipped;

(xiii) Container numbers (for containerized shipments); and

(xiv) The seal numbers for all seals affixed to containers.

(d) *Crew List.* The Crew List shall be completed in accordance with the requirements of the Immigration and Naturalization Service, United States Department of Justice (8 CFR part 251).

(e) *Passenger List.* (1) The Passenger List shall be completed in accordance with §4.50 and with the requirements of the Immigration and Naturalization Service, U.S. Department of Justice (8 CFR part 231), and the following certification shall be placed on its last page:

I certify that Customs baggage declaration requirements have been made known to incoming passengers; that any required Customs baggage declarations have been or will simultaneously herewith be filed as required by law and regulation with the proper Customs officer; and that the responsibilities devolving upon this vessel in connection therewith, if any, have been or will be discharged as required by law or regulation before the proper Customs officer. I further certify that there are no steerage passengers on board this vessel (46 U.S.C. 151-163).

Master

(2) If the vessel is carrying steerage passengers, the reference to steerage passengers shall be deleted from the certification, and the master shall comply with the requirements of §4.50.

(3) If there are no steerage passengers aboard upon arrival, the listing of the passengers may be in the form of a vessel "souvenir passenger list," or similar list, in which the names of the passengers are listed alphabetically and to which the certificate referred to in paragraph (e)(1) of this section is attached.

(4) All baggage on board a vessel not accompanying a passenger and the marks or addresses thereof shall be listed on the last sheet of the passenger

list under the caption "Unaccompanied baggage."

(f) *Failure to provide manifest information; penalties/liquidated damages.* Any master who fails to provide manifest information as required by this section, or who presents or transmits electronically any document required by this section that is forged, altered or false, may be liable for civil penalties as provided under 19 U.S.C. 1436, in addition to penalties applicable under other provisions of law. In addition, if any non-vessel operating common carrier (NVOCC) as defined in §4.7(b)(3)(ii) elects to transmit cargo manifest information to Customs electronically, and fails to do so as required by this section, or transmits electronically any document required by this section that is forged, altered or false, such NVOCC may be liable for liquidated damages as provided in §113.64(c) of this chapter, in addition to other penalties applicable under other provisions of law.

§4.8 Preliminary entry.

(a) *Generally.* Preliminary entry allows a U.S. or foreign vessel arriving under circumstances that require it to formally enter, to commence lading and unloading operations prior to making formal entry. Preliminary entry may be accomplished electronically pursuant to an authorized electronic data interchange system, or by any other means of communication approved by the Customs Service.

(b) *Requirements and conditions.* Preliminary entry must be made in compliance with §4.30, and may be granted prior to, at, or subsequent to arrival of the vessel. The granting of preliminary vessel entry by Customs at or subsequent to arrival of the vessel, is conditioned upon the presentation to and acceptance by Customs of all forms, electronically or otherwise, comprising a complete manifest as provided in §4.7, except that the Cargo Declaration,
