

§ 61.3

36 CFR Ch. I (7–1–03 Edition)

(d) *The Secretary's Standards* means only the "Standards" portions and not the "Guidelines" portions of "the Secretary of the Interior's Standards and Guidelines for Archeology and Historic Preservation." The Secretary's Standards provide broad national principles of archeological and historic preservation practices and methods. "The Secretary of the Interior's Standards and Guidelines for Archeology and Historic Preservation" also contains "the Secretary's Guidelines" which provide broad national guidance on how to apply "the Secretary's Standards."

(e) *State historic preservation program* or *State program* means a State government organization or program meeting the requirements that section 101(b) of the Act specifies.

§ 61.3 Implementation of this part.

(a) *National Park Service policy of management by exception.* The National Park Service (NPS) will administer the regulations in this part in such a way (and where feasible) as to:

(1) Limit the use of direct Federal management review procedures to high risk situations, to new programs, or to activities that are appropriate for the Federal Government to oversee;

(2) Presume that State, tribal, and local government historic preservation officials manage their programs in an accountable way unless situations indicate the contrary; and

(3) Rely to the maximum extent feasible on State, tribal, and local government systems of financial and program management that meet Federal standards. At the discretion of the Secretary, each State, tribal, and local government may substitute its own fiscal audit and management systems for the Secretary's comparable fiscal audit and management requirements, so long as the State, tribal, or local government system establishes and maintains accounting standards substantially similar to Federal standards and provides for independent peer review.

(b) *The Secretary's Standards.* NPS will use the Secretary's Standards as technical performance standards for matters covered by this part. NPS may also use as technical performance standards (for matters covered by this part) additional guidance that NPS

identifies and provides from time to time after appropriate consultation and notice.

(c) Each State historic preservation program staff member, State Historic Preservation Review Board (Review Board) member, and certified local government (CLG) historic preservation review commission (Commission) member whom the Secretary has approved as meeting "the Secretary's (Historic Preservation) Professional Qualifications Standards" will retain that status, regardless of subsequent revisions to those Standards, until such time as that individual no longer works in that program, or serves on that Review Board, or serves on that Commission with which that individual was affiliated as of the date of that individual's approval.

(d) You may obtain publications and other information mentioned in this part by contacting: Heritage Preservation Services, National Center for Cultural Resource Stewardship and Partnership Programs, National Park Service, 1849 C Street NW (NC Suite 200), Washington, D.C. 20240 or via the National Park Service Home Page for cultural programs at <http://www.cr.nps.gov>.

§ 61.4 State programs.

(a) For a State to participate in the program that this part describes, the Governor must appoint and designate a State Historic Preservation Officer (SHPO) to administer the State historic preservation program.

(b) It is the responsibility of the SHPO to carry out the duties and activities that section 101 (b)(3) of the Act describes. In performing those duties and activities:

(1) The SHPO must carry out a historic preservation planning process that includes the development and implementation of a comprehensive statewide historic preservation plan that provides guidance for effective decision making about historic property preservation throughout the State.

(2) The SHPO, in addition to surveying and maintaining inventories of historic properties, may also obtain:

(i) Comparative data valuable in determining the National Register eligibility of properties;
