#### Subpart A—General

##### §350.101 What is the Motor Carrier Safety Assistance Program (MCSAP)?

The MCSAP is a Federal grant program that provides financial assistance to States to reduce the number and severity of accidents and hazardous materials incidents involving commercial motor vehicles (CMV). The goal of the MCSAP is to reduce CMV-involved accidents, fatalities, and injuries through

consistent, uniform, and effective CMV safety programs. Investing grant monies in appropriate safety programs will increase the likelihood that safety defects, driver deficiencies, and unsafe motor carrier practices will be detected and corrected before they become contributing factors to accidents. The MCSAP also sets forth the conditions for participation by States and local jurisdictions and promotes the adoption and uniform enforcement of safety rules, regulations, and standards compatible with the Federal Motor Carrier Safety Regulations (FMCSRs) and Federal Hazardous Material Regulations (HMRs) for both interstate and intrastate motor carriers and drivers.

**§ 350.103 What is the purpose of this part?**

The purpose of this part is to ensure the Federal Motor Carrier Safety Administration (FMCSA), States, and other political jurisdictions work in partnership to establish programs to improve motor carrier, CMV, and driver safety to support a safe and efficient transportation system.

**§ 350.105 What definitions are used in this part?**

*10-year average accident rate* means for each State, the aggregate number of large truck-involved fatal crashes (as reported in the Fatality Analysis Reporting System (FARS)) for a 10-year period divided by the aggregate vehicle miles traveled (VMT) (as defined by the Federal Motor Carrier Safety Administration (FMCSA) ) for the same 10-year period.

*Accident rate* means for each State, the total number of fatal crashes involving large trucks (as measured by the FARS for each State) divided by the total VMT as defined by the FMCSA for each State for all vehicles.

*Agency* means Federal Motor Carrier Safety Administration.

*Administrative Takedown Funds* means funds deducted by the FMCSA each fiscal year from the amount made available for the MCSAP for expenses incurred in the administration of the MCSAP, including expenses to train State and local government employees.

*Administrator* means Federal Motor Carrier Safety Administrator.

*Basic Program Funds* means the total MCSAP funds less the High Priority Activity, Border Activity, Administrative Takedown, and Incentive Funds.

*Border Activity Funds* means funds provided to States, local governments, and other persons carrying out programs, activities, and projects relating to CMV safety and regulatory enforcement supporting the North American Free Trade Agreement (NAFTA) at the U.S. border. Up to 5 percent of total MCSAP funds are available for these activities.

*Commercial motor vehicle (CMV)* means a motor vehicle that has any of the following characteristics:

(1) A gross vehicle weight (GVW), gross vehicle weight rating (GVWR), gross combination weight (GCW), or gross combination weight rating (GCWR) of 4,537 kilograms (10,001 pounds) or more.

(2) Regardless of weight, is designed or used to transport 16 or more passengers, including driver.

(3) Regardless of weight, is used in the transportation of hazardous materials and is required to be placarded pursuant to 49 CFR part 172, subpart F.

*Commercial vehicle safety plan (CVSP)* means the document outlining the State's CMV safety objectives, strategies, activities and performance measures.

*Compatible* or *Compatibility* means State laws and regulations applicable to interstate commerce and to intrastate movement of hazardous materials are identical to the FMCSRs and the HMRs or have the same effect as the FMCSRs. State laws applicable to intrastate commerce are either identical to, or have the same effect as, the FMCSRs or fall within the established limited variances under § 350.341.

*High Priority Activity Funds* means funds provided to States, local governments, and other persons carrying out activities and projects that directly support the MCSAP, are national in scope in that the successful activity or project could potentially be applied in other States on a national scale, and improve CMV safety and compliance with CMV safety regulations. Up to 5 percent of total MCSAP funds are available for these activities.

*Incentive Funds* means funds awarded to States achieving reductions in CMV involved fatal accidents, CMV fatal accident rate, or meeting specified CMV safety program performance criteria.

*Large truck* means a truck over 10,000 pounds gross vehicle weight rating including single unit trucks and truck tractors (FARS definition).

*Motor carrier* means a for-hire motor carrier or private motor carrier. The term includes a motor carrier's agents, officers, or representatives responsible for hiring, supervising, training, assigning, or dispatching a driver or concerned with the installation, inspection, and maintenance of motor vehicle equipment or accessories or both.

*North American Standard Inspection* means the methodology used by State CMV safety inspectors to conduct safety inspections of CMVs. This consists of various levels of inspection of the vehicle or driver or both. The inspection criteria are developed by the FMCSA in conjunction with the Commercial Vehicle Safety Alliance (CVSA), an association of States, Canadian Provinces, and Mexico whose members agree to adopt these standards for inspecting CMVs in their jurisdiction.

**§ 350.107 What jurisdictions are eligible for MCSAP funding?**

All of the States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, and the Virgin Islands are eligible to receive MCSAP grants directly from the FMCSA. For purposes of this subpart, all references to "State" or "States" include these jurisdictions.

**§ 350.109 What are the national program elements?**

The national program elements include the following five activities:

- (a) Driver/vehicle inspections.
- (b) Traffic enforcement.
- (c) Compliance reviews.
- (d) Public education and awareness.
- (e) Data collection.

**§ 350.111 What constitutes "traffic enforcement" for the purpose of the MCSAP?**

Traffic enforcement means enforcement activities of State or local officials, including stopping CMVs operating on highways, streets, or roads for violations of State or local motor vehicle or traffic laws (*e.g.*, speeding, following too closely, reckless driving, improper lane change). To be eligible for funding through the grant, traffic enforcement must include an appropriate North American Standard Inspection of the CMV or driver or both prior to releasing the driver or CMV for resumption of operations.

**Subpart B—Requirements for Participation**

**§ 350.201 What conditions must a State meet to qualify for Basic Program Funds?**

Each State must meet the following twenty-two conditions:

- (a) Assume responsibility for improving motor carrier safety and adopting and enforcing State safety laws and regulations that are compatible with the FMCSRs (49 CFR parts 390-397) and the HMRs (49 CFR parts 107 (subparts F and G only), 171-173, 177, 178 and 180), except as may be determined by the Administrator to be inapplicable to a State enforcement program.

controlled substances and by ensuring ready roadside access to alcohol detection and measuring equipment.

(2) Activities aimed at providing an appropriate level of training to MCSAP personnel to recognize drivers impaired by alcohol or controlled substances.

(3) Interdiction activities affecting the transportation of controlled substances by CMV drivers and training on appropriate strategies for carrying out those interdiction activities.

(r) Enforce requirements relating to the licensing of CMV drivers, including checking the status of commercial drivers' licenses (CDL).

(s) Require the proper and timely correction of all CMV safety violations noted during inspections carried out with MCSAP funds.

(t)(1) Enforce registration requirements under 49 U.S.C. 13902, and 49 CFR part 365, and 49 CFR 392.9a by placing out-of-service the vehicle discovered to be operating without registration or beyond the scope of its registration.

### Subpart C—Funding

#### § 350.301 What level of effort must a State maintain to qualify for MCSAP funding?

(a) The State must maintain the average aggregate expenditure (monies spent during the base period of Federal or State fiscal years 1997, 1998, and 1999) of State funds for motor carrier and highway hazardous materials safety enforcement purposes, in the year in which the grant is sought.

ments, and other persons that use and train qualified officers and employees in coordination with State motor vehicle safety agencies.

### § 350.315 How may Basic Program Funds be used?

Basic Program Funds may be used for any eligible activity or item consistent with §§ 350.309 and 350.311.

### § 350.317 What are Incentive Funds and how may they be used?

Incentive Funds are monies, in addition to Basic Program Funds, provided to States that achieve reduction in CMV-involved fatal accidents, CMV fatal accident rate, or that meet specified CMV safety performance criteria. Incentive Funds may be used for any eligible activity or item consistent with §§ 350.309 and 350.311.

### § 350.319 What are permissible uses of High Priority Activity Funds?

(a) The FMCSA may generally use these funds to support, enrich, or evaluate State CMV safety programs and to accomplish the five objectives listed below:

(1) Implement, promote, and maintain national programs to improve CMV safety.

(2) Increase compliance with CMV safety regulations.

(3) Increase public awareness about CMV safety.

(4) Provide education on CMV safety and related issues.

(5) Demonstrate new safety related technologies.

(b) These funds will be allocated, at the discretion of the FMCSA, to States, local governments, and other organizations that use and train qualified officers and employees in coordination with State safety agencies.

(c) The FMCSA will notify the States when such funds are available.

(d) The Administrator may designate up to 5 percent of the annual MCSAP funding for these projects and activities.

### § 350.321 What are permissible uses of Border Activity Funds?

(a) The FMCSA may generally use such funds to develop and implement a

national program addressing CMV safety and enforcement activities along the United States' borders.

(b) These funds will be allocated, at the discretion of the FMCSA, to States, local governments, and other organizations that use and train qualified officials and employees in coordination with State safety agencies. The FMCSA will notify the States when such funds are available. The Administrator may designate up to 5 percent of the annual MCSAP funding for these projects and activities.

**§ 350.323 What criteria are used in the Basic Program Funds allocation?**

(a) The funds are distributed proportionally to the States using the fol-

lowing four, equally weighted (25 percent), factors.

(1) 1997 Road miles (all highways) as defined by the FMCSA.

(2) All vehicle miles traveled (VMT) as defined by the FMCSA.

(3) Population—annual census estimates as issued by the U.S. Census Bureau.

(4) Special fuel consumption (net after reciprocity adjustment) as defined by the FMCSA.

(b) Distribution of Basic Program Funds is subject to a maximum and minimum allocation as illustrated in the Table to this section, as follows:

TABLE TO § 350.323(b)—BASIC PROGRAM FUND ALLOCATION LIMITATIONS

Recipient	Maximum allocation	Minimum allocation
States and Puerto Rico ...	4.944% of the Basic Program Funds .....	\$350,000 or 0.44% of Basic Program Funds, whichever is greater.
U.S. Territories .....		\$350,000 (fixed amount)

**§ 350.325 [Reserved]**

**§ 350.327 How may States qualify for Incentive Funds?**

(a) A State may qualify for Incentive Funds if it can demonstrate that its CMV safety program has shown improvement in any or all of the following five categories:

(1) Reduction of large truck-involved fatal accidents.

(2) Reduction of large truck-involved fatal accident rate or maintenance of a large truck-involved fatal accident rate that is among the lowest 10 percent of such rates of MCSAP recipients.

(3) Upload of CMV accident reports in accordance with current FMCSA policy guidelines.

(4) Verification of CDLs during all roadside inspections.

(5) Upload of CMV inspection data in accordance with current FMCSA policy guidelines.

(b) Incentive Funds will be distributed based upon the five following safety and program performance factors:

(1) Five shares will be awarded to States that reduce the number of large truck-involved fatal accidents for the

most recent calendar year for which data are available when compared to the 10-year average number of large truck-involved fatal accidents ending with the preceding year. The 10-year average will be computed from the number of large truck-involved fatal crashes, as reported by the FARS, administered by the National Highway Traffic Safety Administration (NHTSA).

(2) Four shares will be awarded to States that reduce the fatal-accident rate for the most recent calendar year for which data are available when compared to each State's average fatal accident rate for the preceding 10-year period. States with the lowest 10 percent of accident rates in the most recent calendar year for which data are available will be awarded three shares if the rate for the State is the same as its average accident rate for the preceding 10-year period.

(3) Two shares will be awarded to States that upload CMV accident data within FMCSA policy guidelines.

(4) Two shares will be awarded to States that certify their MCSAP inspection agencies have departmental policies that stipulate CDLs are

**§ 350.329**

verified, as part of the inspection process, through Commercial Driver's License Information System (CDLIS), National Law Enforcement Tracking System (NLETS), or the State licensing authority.

(5) Two shares will be awarded to States that upload CMV inspection reports within current FMCSA policy guidelines.

(c) The total of all States' shares awarded will be divided into the dollar amount of Incentive Funds available, thereby establishing the value of one share. Each State's incentive allocation will then be determined by multiplying the State's percentage participation in the formula allocation of Basic Program Funds, by the number of shares it received that year, multiplied by the dollar value of one share.

(d) States may use Incentive Funds for any eligible CMV safety purpose.

(e) Incentive Funds are subject to the same State matching requirements as Basic Program Funds.

(f) A State must annually certify compliance with the applicable incentive criteria to receive Incentive Funds. A State must submit the required certification as part of its CVSP or as a separate document.

**§ 350.329 How may a State or a local agency qualify for High Priority or Border Activity Funds?**

(a) States must meet the requirements of § 350.201, as applicable.

(b) Local agencies must meet the following nine conditions:

(1) Prepare a proposal in accordance with § 350.213, as applicable.

(2) Coordinate the proposal with the State lead MCSAP agency to ensure the proposal is consistent with State and national CMV safety program priorities.

(3) Certify that your local jurisdiction has the legal authority, resources, and trained and qualified personnel necessary to perform the functions specified in the proposal.

(4) Designate a person who will be responsible for implementation, reporting, and administering the approved proposal and will be the primary contact for the project.

(5) Agree to fund up to 20 percent of the proposed request.

**49 CFR Ch. III (10-1-03 Edition)**

(6) Agree to prepare and submit all reports required in connection with the proposal or other conditions of the grant.

(7) Agree to use the forms and reporting criteria required by the State lead MCSAP agency and/or the FMCSA to record work activities to be performed under the proposal.

(8) Certify that the local agency will impose sanctions for violations of CMV and driver laws and regulations that are consistent with those of the State.

(9) Certify participation in national data bases appropriate to the project.

**§ 350.331 How does a State ensure its laws and regulations are compatible with the FMCSRs and HMRs?**

(a) A State must review any new law or regulation affecting CMV safety as soon as possible, but in any event immediately after enactment or issuance, for compatibility with the FMCSRs and HMRs.

(b) If the review determines that the new law or regulation is incompatible with the FMCSRs and/or HMRs, the State must immediately notify the Motor Carrier State Director.

(c) A State must conduct an annual review of its laws and regulations for compatibility and report the results of that review in the annual CVSP in accordance with § 350.213(l) along with a certification of compliance, no later than August 1 of each year. The report must include the following two items:

(1) A copy of the State law, regulation, or policy relating to CMV safety that was adopted since the State's last report.

(2) A certification, executed by the State's Governor, Attorney General, or other State official specifically designated by the Governor, stating that the annual review was performed and that State CMV safety laws remain compatible with the FMCSRs and HMRs. If State CMV laws are no longer compatible, the certifying official shall explain.

(d) As soon as practical after the effective date of any newly enacted regulation or amendment to the FMCSRs or HMRs, but no later than three years after that date, the State must amend its laws or regulations to make them

**Federal Motor Carrier Safety Administration, DOT**

**§ 350.337**

compatible with the FMCSRs and/or HMRs, as amended.

**§ 350.333 What are the guidelines for the compatibility review?**

(a) The State law or regulation must apply to all segments of the motor carrier industry (*i.e.*, for-hire and private motor carriers of property and passengers).

(b) Laws and regulations reviewed for the CDL compliance report are excluded from the compatibility review.

(c) Definitions of words or terms must be consistent with those in the FMCSRs and HMRs.

(d) A State must identify any law or regulation that is not the same as the corresponding Federal regulation and evaluate it in accordance with the table to this section as follows:

TABLE TO § 350.333—GUIDELINES FOR THE STATE LAW AND REGULATION COMPATIBILITY REVIEW

Law or regulation has same effect as corresponding Federal regulation	Applies to interstate or intrastate commerce	Less stringent or more stringent	Action authorized
(1) Yes .....	.....	.....	Compatible—Interstate and intrastate commerce enforcement authorized.
(2) No .....	Intrastate .....	.....	Refer to § 350.341
(3) No .....	Interstate .....	Less stringent .....	Enforcement prohibited.
(4) No .....	Interstate .....	More stringent .....	Enforcement authorized if the State can demonstrate the law or regulation has a safety benefit or does not create an undue burden upon interstate commerce (See 49 CFR Part 355).

**§ 350.335 What are the consequences if my State has laws or regulations incompatible with the Federal regulations?**

(a) A State that currently has compatible CMV safety laws and regulations pertaining to interstate commerce (*i.e.*, rules identical to the FMCSRs and HMRs) and intrastate commerce (*i.e.*, rules identical to or within the tolerance guidelines for the FMCSRs and identical to the HMRs) but enacts a law or regulation which results in an incompatible rule will not be eligible for Basic Program Funds nor Incentive Funds.

(b) A State that fails to adopt any new regulation or amendment to the FMCSRs or HMRs within three years of its effective date will be deemed to have incompatible regulations and will not be eligible for Basic Program nor Incentive Funds.

(c) Those States with incompatible laws or regulations pertaining to intrastate commerce and receiving 50 percent of their basic formula allocation on April 20, 2000 will continue at that level of funding until those incompatibilities are removed, provided no further incompatibilities are created.

(d) Upon a finding by the FMCSA, based upon its own initiative or upon a petition of any person, including any State, that your State law, regulation or enforcement practice pertaining to CMV safety, in either interstate or intrastate commerce, is incompatible with the FMCSRs or HMRs, the FMCSA may initiate a proceeding under § 350.215 for withdrawal of eligibility for all Basic Program and Incentive Funds.

(e) Any decision regarding the compatibility of your State law or regulation with the HMRs that requires an interpretation will be referred to the Research and Special Programs Administration of the DOT for such interpretation before proceeding under § 350.215.

**§ 350.337 How may State laws and regulations governing motor carriers, CMV drivers, and CMVs in interstate commerce differ from the FMCSRs and still be considered compatible?**

States are not required to adopt 49 CFR parts 398 and 399, subparts A through E and H of part 107, and §§ 171.15 and 171.16, as applicable to either interstate or intrastate commerce.

## § 350.339

### § 350.339 What are tolerance guidelines?

Tolerance guidelines set forth the limited deviations from the FMCSRs allowed in your State's laws and regulations. These variances apply only to motor carriers, CMV drivers and CMVs engaged in intrastate commerce and not subject to Federal jurisdiction.

### § 350.341 What specific variances from the FMCSRs are allowed for State laws and regulations governing motor carriers, CMV drivers, and CMVs engaged in intrastate commerce and not subject to Federal jurisdiction?

(a) A State may exempt a CMV from all or part of its laws or regulations applicable to intrastate commerce, provided that neither the GVW, GVWR, GCW, nor GCWR of the vehicle equals or exceeds 11,801 kg (26,001 lbs.). However, a State may not exempt a CMV from such laws or regulations if the vehicle:

(1) Transports hazardous materials requiring a placard.

(2) Is designed or used to transport 16 or more people, including the driver.

(b) State laws and regulations applicable to intrastate commerce may not grant exemptions based upon the type of transportation being performed (*e.g.*, for-hire, private, etc.).

(c) A State may retain those exemptions from its motor carrier safety laws and regulations that were in effect before April, 1988, are still in effect, and apply to specific industries operating in intrastate commerce.

(d) State laws and regulations applicable to intrastate commerce must not include exemptions based upon the distance a motor carrier or driver operates from the work reporting location. This prohibition does not apply to those exemptions already contained in the FMCSRs nor to the extension of the mileage radius exemption contained in 49 CFR 395.1(e) from 100 to 150 miles.

(e) Hours of service—State hours-of-service limitations applied to intrastate transportation may vary to the extent of allowing the following:

(1) A 12-hour driving limit, provided driving a CMV after having been on duty more than 16 hours is prohibited.

## 49 CFR Ch. III (10–1–03 Edition)

(2) Driving prohibitions for drivers who have been on duty 70 hours in 7 consecutive days or 80 hours in 8 consecutive days.

(f) Age of CMV driver—All CMV drivers must be at least 18 years of age.

(g) Grandfather clauses—States may provide grandfather clauses in their rules and regulations if such exemptions are uniform or in substantial harmony with the FMCSRs and provide an orderly transition to full regulatory adoption at a later date.

(h) Driver qualifications:

(1) Intrastate drivers who do not meet the physical qualification standards in 49 CFR 391.41 may continue to be qualified to operate a CMV in intrastate commerce if the following three conditions are met:

(i) The driver was qualified under existing State law or regulation at the time the State adopted physical qualification standards compatible with the Federal standards in 49 CFR 391.41.

(ii) The otherwise non-qualifying medical or physical condition has not substantially worsened.

(iii) No other non-qualifying medical or physical condition has developed.

(2) The State may adopt or continue programs granting variances to intrastate drivers with medical or physical conditions that would otherwise be non-qualifying under the State's equivalent of 49 CFR 391.41 if the variances are based upon sound medical judgment combined with appropriate performance standards ensuring no adverse affect on safety.

### § 350.343 How may a State obtain a new exemption for State laws and regulations for a specific industry involved in intrastate commerce?

The FMCSA strongly discourages exemptions for specific industries, but will consider such requests if the State submits documentation containing information supporting evaluation of the following 10 factors:

(a) Type and scope of the industry exemption requested, including percentage of industry affected, number of vehicles, mileage traveled, number of companies involved.

(b) Type and scope of the requirement to which the exemption would apply.

**Federal Motor Carrier Safety Administration, DOT**

**§ 355.5**

(c) Safety performance of that specific industry (e.g., accident frequency, rates and comparative figures).

(d) Inspection information (e.g., number of violations per inspection, driver and vehicle out-of-service information).

(e) Other CMV safety regulations enforced by other State agencies not participating in the MCSAP.

(f) Commodity transported (e.g., livestock, grain).

(g) Similar variations granted and the circumstances under which they were granted.

(h) Justification for the exemption.

(i) Identifiable effects on safety.

(j) State's economic environment and its ability to compete in foreign and domestic markets.

**§ 350.345 How does a State apply for additional variances from the FMCSRs?**

Any State may apply to the Administrator for a variance from the FMCSRs for intrastate commerce. The variance will be granted only if the State satisfactorily demonstrates that the State law, regulation or enforcement practice:

(a) Achieves substantially the same purpose as the similar Federal regulation.

(b) Does not apply to interstate commerce.

(c) Is not likely to have an adverse impact on safety.

**Subpart A—General Applicability and Definitions**

**§ 355.1 Purpose.**

(a) To promote adoption and enforcement of State laws and regulations pertaining to commercial motor vehicle safety that are compatible with appropriate parts of the Federal Motor Carrier Safety Regulations.

(b) To provide guidelines for a continuous regulatory review of State laws and regulations.

(c) To establish deadlines for States to achieve compatibility with appropriate parts of the Federal Motor Carrier Safety Regulations with respect to interstate commerce.

**§ 355.3 Applicability.**

These provisions apply to any State that adopts or enforces laws or regulations pertaining to commercial motor vehicle safety in interstate commerce.

**§ 355.5 Definitions.**

Unless specifically defined in this section, terms used in this part are subject to the definitions in 49 CFR 390.5.

*Compatible* or *Compatibility* means that State laws and regulations applicable to interstate commerce and to intrastate movement of hazardous materials are identical to the FMCSRs and the HMRs or have the same effect as the FMCSRs; and that State laws applicable to intrastate commerce are either identical to, or have the same effect as, the FMCSRs or fall within the established limited variances under §§ 350.341, 350.343, and 350.345 of this subchapter.

*Federal Hazardous Materials Regulations (FMHRs)* means those safety regulations which are contained in parts 107, 171–173, 177, 178 and 180, except part 107 and §§ 171.15 and 171.16.

*Federal Motor Carrier Safety Regulations (FMCSRs)* means those safety regulations which are contained in parts

## § 355.21

390, 391, 392, 393, 395, 396, and 397 of this subchapter.

[57 FR 40962, Sept. 8, 1992, as amended at 65 FR 15109, Mar. 21, 2000]

### Subpart B—Requirements

#### § 355.21 Regulatory review.

(a) *General.* Each State shall annually analyze its laws and regulations, including those of its political subdivisions, which pertain to commercial motor vehicle safety to determine whether its laws and regulations are compatible with the Federal Motor Carrier Safety Regulations. Guidelines for the regulatory review are provided in the appendix to this part.

(b) *Responsibility.* The State agency designated as lead agency for the administration of grants made pursuant to part 350 of this subchapter is responsible for reviewing and analyzing State laws and regulations for compliance with this part. In the absence of an officially designated Motor Carrier Safety Assistance Program (MCSAP) lead agency or in its discretion, the State shall designate another agency responsible to review and determine compliance with these regulations.

(c) *State review.* (1) The State shall determine which of its laws and regulations pertaining to commercial motor vehicle safety are the same as the Federal Motor Carrier Safety or Federal Hazardous Materials Regulations. With respect to any State law or regulation which is not the same as the FMCSRs (FHMRs must be identical), the State shall identify such law or regulation and determine whether:

(i) It has the same effect as a corresponding section of the Federal Motor Carrier Safety Regulations;

(ii) It applies to interstate commerce;

(iii) It is more stringent than the FMCSRs in that it is more restrictive or places a greater burden on any entity subject to its provisions.

(2) If the inconsistent State law or regulation applies to interstate com-

## 49 CFR Ch. III (10–1–03 Edition)

merce and is more stringent than the FMCSRs, the State shall determine:

(i) The safety benefits associated with such State law or regulation; and

(ii) The effect of the enforcement of such State law or regulation on interstate commerce.

(3) If the inconsistent State law or regulation does not apply to interstate commerce or is less stringent than the FMCSRs, the guidelines for participation in the Motor Carrier Safety Assistance Program in §§ 350.341, 350.343, and 350.345 of this subchapter shall apply.

[57 FR 40962, Sept. 8, 1992, as amended at 65 FR 15109, Mar. 21, 2000]

#### § 355.23 Submission of results.

Each State shall submit the results of its regulatory review annually with its certification of compliance under § 350.209 of this subchapter. It shall submit the results of the regulatory review with the certification no later than August 1 of each year with the Commercial Vehicle Safety Plan (CVSP). The State shall include copies of pertinent laws and regulations.

[65 FR 15109, Mar. 21, 2000]

#### § 355.25 Adopting and enforcing compatible laws and regulations.

(a) *General.* No State shall have in effect or enforce any State law or regulation pertaining to commercial motor vehicle safety in interstate commerce which the Administrator finds to be incompatible with the provisions of the Federal Motor Carrier Safety Regulations.

(b) *New state requirements.* No State shall implement any changes to a law or regulation which makes that or any other law or regulation incompatible with a provision of the Federal Motor Carrier Safety Regulations.

(c) *Enforcement.* To enforce compliance with this section, the Administrator will initiate a rulemaking proceeding under part 389 of this subchapter to declare the incompatible State law or regulation pertaining to commercial motor vehicle safety unenforceable in interstate commerce.

(d) *Waiver of determination.* Any person (including any State) may petition for a waiver of a determination made

under paragraph (c) of this section. Such petition will also be considered in a rulemaking proceeding under part 389. Waivers shall be granted only upon a satisfactory showing that continued enforcement of the incompatible State law or regulation is not contrary to the public interest and is consistent with the safe operation of commercial motor vehicles.

(e) *Consolidation of proceedings.* The Administrator may consolidate any action to enforce this section with other proceedings required under this section if the Administrator determines that such consolidation will not adversely affect any party to any such proceeding.

#### APPENDIX A TO PART 355—GUIDELINES FOR THE REGULATORY REVIEW

Each State shall review its laws and regulations to achieve compatibility with the Federal Motor Carrier Safety Regulations (FMCSRs). Each State shall consider all related requirements on enforcement of the State's motor carrier safety regulations. The documentation shall be simple and brief.

##### SCOPE

The State review required by §355.21 may be limited to those laws and regulations previously determined to be incompatible in the report of the Commercial Motor Vehicle Safety Regulatory Review Panel issued in August 1990, or by subsequent determination by the Administrator under this part, and any State laws or regulations enacted or issued after August 1990.

##### APPLICABILITY

The requirements must apply to all segments of the motor carrier industry common, contract, and private carriers of property and for-hire carriers of passengers.

##### DEFINITIONS

Definitions of terms must be consistent with those in the FMCSRs.

##### DRIVER QUALIFICATIONS

Require a driver to be properly licensed to drive a commercial motor vehicle; require a driver to be in good physical health, at least 21 years of age, able to operate a vehicle safely, and maintain a good driving record; prohibit drug and alcohol abuse; require a motor carrier to maintain a driver qualification file for each driver; and require a motor carrier to ensure that a driver is medically qualified.

NOTE: The requirements for testing apply only to drivers of commercial motor vehicles as defined in 49 CFR part 383.

##### DRIVING OF MOTOR VEHICLES

Prohibit possession, use, or driving under the influence of alcohol or other controlled substances (while on duty); and establish 0.04 percent as the level of alcohol in the blood at which a driver is considered under the influence of alcohol.

##### PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

Require operational lights and reflectors; require systematically arranged and installed wiring; and require brakes working at the required performance level, and other key components included in 49 CFR part 393.

##### HOURS OF SERVICE OF DRIVERS

Prohibit a motor carrier from allowing or requiring any driver to drive: More than 10 hours following 8 consecutive hours off duty; after being on duty 15 hours, after being on duty more than 60 hours in any 7 consecutive days; or after being on duty more than 70 hours in any 8 consecutive days.

Require a driver to prepare a record-of-duty status for each 24-hour period. The driver and motor carrier must retain the records.

##### INSPECTION AND MAINTENANCE

Prohibit a commercial motor vehicle from being operated when it is likely to cause an accident or a breakdown; require the driver to conduct a walk-around inspection of the vehicle before driving it to ensure that it can be safely operated; require the driver to prepare a driver vehicle inspection report; and require commercial motor vehicles to be inspected at least annually.

##### HAZARDOUS MATERIALS

Require a motor carrier or a person operating a commercial motor vehicle transporting hazardous materials to follow the safety and hazardous materials requirements.

##### STATE DETERMINATIONS

1. Each State must determine whether its requirements affecting interstate motor carriers are "less stringent" than the Federal requirements. "Less stringent" requirements represent either gaps in the State requirements in relation to the Federal requirements as summarized under item number one in this appendix or State requirements which are less restrictive than the Federal requirements.

a. An example of a gap is when a State does not have the authority to regulate the safety of for-hire carriers of passengers or

has the authority but chooses to exempt the carrier.

b. An example of a less restrictive State requirement is when a State allows a person under 21 years of age to operate a commercial motor vehicle in interstate commerce.

2. Each State must determine whether its requirements affecting interstate motor carriers are “more stringent” than the Federal requirements: “More stringent” requirements are more restrictive or inclusive in relation to the Federal requirements as summarized under item number one in this appendix. For example, a requirement that a driver must have 2 days off after working 5 consecutive days. The State would demonstrate that its more stringent requirements:

a. Have a “safety benefit;” for example, result in fewer accidents or reduce the risk of accidents;

b. do not create “an undue burden on interstate commerce,” e.g., do not delay, interfere with, or increase that cost or the administrative burden for a motor carrier transporting property or passengers in interstate commerce; and

c. Are otherwise compatible with Federal safety requirements.

3. A State must adopt and enforce in a consistent manner the requirements referenced in the above guidelines in order for the FMCSA to accept the State’s determination that it has compatible safety requirements affecting interstate motor carrier operations. Generally, the States would have up to 3 years from the effective date of the new Federal requirement to adopt and enforce compatible requirements. The FMCSA would specify the deadline when promulgating future Federal safety requirements. The requirements are considered of equal importance.

(1) All points on its authorized route;

(2) All municipalities wholly within one airline mile of its authorized route;

(3) All unincorporated areas within one airline mile of its authorized route; and

(4) All military posts, airports, schools, and similar establishments that may be entered within one airline mile of its authorized route, but operations within any part of such establishment more than one airline mile
