

§ 322.2

7 CFR Ch. III (1-1-03 Edition)

(4) Imported under conditions specified on the departmental permit and found by the Deputy Administrator to be adequate to prevent the introduction into the United States of diseases or parasites harmful to honeybees, or genetically undesirable germ plasm of honeybees, i.e., conditions of treatment, processing, shipment, disposal; and

(5) Imported with a departmental tag or label securely attached to the outside of the container, and with such tag or label bearing the name of the person to whom the permit is issued.

(e) Honeybees and honeybee semen from New Zealand may transit the United States en route to another country under the following conditions:

(1) The honeybees or honeybee semen must be accompanied by a certificate issued by the New Zealand Department of Agriculture certifying that the honeybees or honeybee semen were derived in or shipped from an apiary in New Zealand;

(2) The honeybees or honeybee semen must be shipped nonstop to the United States for transit to another country;

(3) The honeybees must be contained in cages that are completely enclosed by screens with mesh fine enough to prevent the honeybees from passing through. Each pallet of cages must then be covered by an escape-proof net that is secured tightly to the pallet so that no honeybees can escape from underneath the net;

(4) The honeybees must be shipped by air through a port staffed by an inspector.<sup>1</sup> The honeybees may be transloaded from one aircraft to another at the port of arrival in the United States, provided the transloading is done under the supervision of an inspector and the area used for any storage of the honeybees between flights is within a completely enclosed building.

(5) At least 2 days prior to the expected date of arrival of honeybees at a port in the United States, the shipper

must notify the APHIS Officer in Charge at the port of arrival of the following: the date of arrival and departure; the name and address of both the shipper and receiver; the quantity of queens and the number of cages of package honeybees in the shipment; and, the name of the airline carrying the shipment.

(f) Any honeybees or honeybee semen offered for import or intercepted entering the United States and not in compliance with this part shall be immediately exported from the United States by the importer or shall be destroyed by an inspector. Pending exportation or destruction, the honeybees or honeybee semen shall be subject to the immediate application of such safeguards against escape of diseases or parasites harmful to honeybees, or undesirable species or subspecies of honeybees, as the inspector determines necessary to prevent the introduction into the United States of diseases or parasites harmful to honeybees, or undesirable species or subspecies of honeybees.

### § 322.3 Permits.

(a) A restricted article may be imported only after issuance of a written permit by Plant Protection and Quarantine.

(b) An application for a written permit must be submitted to the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Biological Assessments and Taxonomic Support, 4700 River Road, Unit 133, Riverdale, Maryland 20737-1236, and should be submitted at least 30 days prior to arrival of the article at the port of entry. The completed application does not have to be on any particular form but must indicate that it is an applica-

tion for a written permit and include the following information:

(1) Name, address, and telephone number of the importer;

(2) Amount of semen indicated to be imported and species or subspecies of the honeybees from which the semen was collected;

(3) Country or locality of origin;

(4) Intended United States port of entry;

(5) Means of transportation; and

(6) Expected date of arrival.

(c) After receipt and review of the application by Plant Protection and Quarantine, a written permit indicating the applicable conditions in this subpart for importation shall be issued for the importation of the articles specified in the application if such articles appear to be eligible to be imported. Even though a written permit has been issued for the importation of an article, it may be moved into the United States from the port of entry only if all requirements of this subpart are met and only if an inspector at the port of entry does not determine that emergency measures are necessary with respect to such article to assure that diseases or parasites harmful to honeybees and that undesirable species or subspecies of honeybees are not introduced into the United States.

(d) Any permit which has been issued may be withdrawn by an inspector or the Deputy Administrator if he or she determines that the permit holder has not complied with any condition for the use of the permit. The reasons for the withdrawal shall be confirmed in writing as promptly as circumstances allow. Any person whose permit has been withdrawn may appeal the decision in writing to the Deputy Administrator within 20 days after receiving the written notification of the withdrawal. The appeal must state all of the facts and reasons upon which the person relies to show that the permit was wrongfully withdrawn. The Deputy Administrator shall grant or deny the appeal in writing, stating the reasons for the decision, as promptly as circumstances allow. If there is a conflict
