§ 404.1908

economic burdens, such as the purchase of a dwelling or establishment of a business, and participates in the social and cultural activities of the community. If residence in a country is established, it may continue even though the person is temporarily absent from that country. Generally, an absence of six months or less will be considered temporary. If an absence is for more than six months, residence in the country will generally be considered to continue only if there is sufficient evidence to establish that the person intends to maintain the residence. Sufficient evidence would include the maintenance of a home or apartment in that country, the departure from the country with a reentry permit, or similar acts. The existence of business or family associations sufficient to warrant the person's return would also be considered.

Social security system means a social insurance or pension system which is of general application and which provides for paying periodic benefits, or the actuarial equivalent, because of old-age, death, or disability.

§ 404.1903 Negotiating totalization agreements.

An agreement shall be negotiated with the national government of the foreign country for the entire country. However, agreements may only be negotiated with foreign countries that have a social security system of general application in effect. The system shall be considered to be in effect if it is collecting social security taxes or paying social security benefits.

§ 404.1904 Effective date of a totalization agreement.

Section 233 of the Social Security Act provides that a totalization agreement shall become effective on any date provided in the agreement if—

(a) The date occurs after the expiration of a period during which at least one House of Congress has been in session on each of 60 days following the date on which the agreement is transmitted to Congress by the President; and

(b) Neither House of Congress adopts a resolution of disapproval of the agreement within the 60-day period described in paragraph (a) of this section.

§ 404.1905 Termination of agreements.

Each agreement shall contain provisions for its possible termination. If an agreement is terminated, entitlement to benefits and coverage acquired by an individual before termination shall be retained. The agreement shall provide for notification of termination to the other party and the effective date of termination.

BENEFIT PROVISIONS

§ 404.1908 Crediting foreign periods of coverage.

(a) *General.* To have foreign periods of coverage combined with U.S. periods of coverage for purposes of determining entitlement to and the amount of benefits payable under title II, an individual must have at least 6 quarters of coverage, as defined in section 213 of the Social Security Act, under the U.S. system. As a rule, SSA will accept foreign coverage information, as certified by the foreign country's agency, unless otherwise specified by the agreement. No credit will be given, however, for periods of coverage acquired before January 1, 1937.

(b) *For quarters of coverage purposes.* (1) Generally, a quarter of coverage (QC) will be credited for every 3 months (or equivalent period), or remaining fraction of 3 months, of coverage in a reporting period certified to SSA by the other country's agency. A reporting period used by a foreign country may be one calendar year or some other period of time. QCs based on foreign periods of coverage may be credited as QCs only to calendar quarters not already QCs under title II. The QCs will be assigned chronologically beginning with the first calendar quarter (not already a QC under title II) within the reporting period and continuing until all the QCs are assigned, and the reporting period ends. Example: Country XYZ, which has an annual reporting period, certifies to SSA that a worker has 8 months of coverage in 1975, from January 1 to August 25. The

§ 404.1910

worker has no QCs under title II in that year. Since 8 months divided by 3 months equals 2 QCs with a remainder of 2 months, the U.S. will credit the worker with 3 QCs. The QCs will be credited to the first 3 calendar quarters in 1975.

(2) If an individual fails to meet the requirements for currently insured status or the insured status needed for establishing a period of disability solely because of the assignment of QCs based on foreign coverage to calendar quarters chronologically, the QCs based on foreign coverage may be assigned to different calendar quarters within the beginning and ending dates of the reporting period certified by the foreign country, but only as permitted under paragraph (b)(1) of this section.

§ 404.1910 Person qualifies under more than one totalization agreement.

(a) An agreement may not provide for combining periods of coverage under more than two social security systems.

(b) If a person qualifies under more than one agreement, the person will receive benefits from the U.S. only under the agreement affording the most favorable treatment.

(c) In the absence of evidence to the contrary, the agreement that affords the most favorable treatment for purposes of paragraph (b) of this section will be determined as follows:

(1) If benefit amounts are the same under all such agreements, benefits will be paid only under the agreement which affords the earliest month of entitlement.

(2) If benefit amounts and the month of entitlement are the same under all such agreements, benefits will be paid only under the agreement under which all information necessary to pay such benefits is first available.

(3) If benefit amounts under all such agreements are not the same, benefits will be paid only under the agreement under which the highest benefit is payable. However, benefits may be paid under an agreement under which a lower benefit is payable for months prior to the month of first entitlement to such higher benefit.

20 CFR Ch. III (4-1-04 Edition)

§ 404.1911 Effects of a totalization agreement on entitlement to hospital insurance benefits.

A person may not become entitled to hospital insurance benefits under section 226 or section 226A of the Act by combining the person's periods of coverage under the social security system of the United States with the person's periods of coverage under the social security system of the foreign country. Entitlement to hospital insurance benefits is not precluded if the person otherwise meets the requirements.

COVERAGE PROVISIONS

§ 404.1913 Precluding dual coverage.

(a) *General.* Employment or self-employment or services recognized as equivalent under the Act or the social security system of the foreign country shall, on or after the effective date of the agreement, result in a period of coverage under the U.S. system or under the foreign system, but not under both. Methods shall be set forth in the agreement for determining under which system the employment, self-employment, or other service shall result in a period of coverage.

(b) *Principles for precluding dual coverage.* (1) An agreement precludes dual coverage by assigning responsibility for coverage to the U.S. or a foreign country. An agreement may modify the coverage provisions of title II of the Act to accomplish this purpose. Where an agreement assigns coverage to the foreign country, it may exempt from coverage services otherwise covered by the Act. Where an agreement assigns coverage to the U.S., it may extend coverage to services not otherwise covered by the Act but only for taxable years beginning on or after April 20, 1983.

(2) If the work would otherwise be covered by both countries, an agreement will exempt it from coverage by one of the countries.

(3) Generally, an agreement will provide that a worker will be covered by the country in which he or she is employed and will be exempt from coverage by the other country.

Example: A U.S. national employed in XYZ country by an employer located in the
