- (2) Greater than 10 and up to and including 40 million pounds shall have 2 members;
- (3) Greater than 40 and up to and including 80 million pounds shall have 3 members; and
- (4) Greater than 80 million pounds shall have 4 members; and
- (5) Allocation of the seats in each district shall be as follows but subject to the provisions of paragraphs (d), (e) and (f) of this section:

District type	Grower members	or	Handler members
Up to and including 10 million pounds	1		1
More than 10 and up to 40 million pounds	1		1
More than 40 and up to 80 million pounds	1		2
More than 80 million pounds	2		2

(c) Upon the adoption of this part, the production area shall be divided into the following described subdivisions for purposes of this section:

- District 1*—Northern Michigan: that portion of the State of Michigan which is north of a line drawn along the northern boundary of Mason County and extended east to Lake Huron.
- District 2*—Central Michigan: that portion of the State of Michigan which is south of District 1 and north of a line drawn along the northern boundary of Allegan County and extended east to Lake St. Clair.
- District 3*—Southern Michigan: That portion of the State of Michigan not included in Districts 1 and 2.

(d) The ratio of grower to handler representation in districts with three members shall alternate each time the term of a Board member from the representative group having two seats expires. During the initial period of the

order, the ratio shall be as designated in paragraph (b) of this section.

(e) Board members from districts with one seat may be either grower or handler members and will be nominated and elected as outlined in § 930.23.

(f) If the 3-year average production of a district changes so that a different number of seats should be allocated to the district, then the Board will be re-established by the Secretary, and such seats will be filled according to the applicable provisions of this part. Each district's 3-year average production shall be recalculated annually as soon as possible after each season's final production figures are known.

(g) In order to achieve a fair and balanced representation on the Board, and to prevent any one sales constituency from gaining control of the Board, not more than one board member may be from, or affiliated with, a single sales constituency in those districts having more than one seat on the Board. There is, however, no prohibition on the number of Board members from differing districts that may be elected from a single sales constituency which may have operations in more than one district. However, as provided in § 930.23, a handler or grower may only nominate Board members and vote in one district.

(h) Subject to the approval of the Secretary, the Board shall at its first meeting and annually thereafter elect from among any of its members a chairperson and a vice-chairperson and may elect other appropriate officers.

(i) The Board, with the approval of the Secretary, may establish rules and regulation's necessary and incidental to the administration of this section.

Members and alternate members shall serve in such capacity for the portion of the term of office for which they are selected and have qualified until their respective successors are selected, have qualified and are appointed. The consecutive terms of office of grower, handler and public members and alternate members shall be limited to two 3-year terms, excluding any initial term lasting less than 3 years. The term of office of a member and alternate member for the same seat shall be the same. If this part becomes effective on a date such that the initial fiscal period is less than six months in duration, then the tolling of time for purposes of this subsection shall not begin until the beginning of the first 12-month fiscal period.

§ 930.23 Nomination and election.

(a) *Forms and ballots.* Nomination and election of initial and successor members and alternate members of the

Board shall be conducted through petition forms and election ballots distributed to all eligible growers and handlers via the U.S. Postal Service or other means, as determined by the Secretary. Similar petition forms and election ballots shall be used for both members and alternate members and any requirements for election of a member shall apply to the election of an alternate.

(b) *Nomination:*

(1) In order for the name of a grower nominee to appear on an election ballot, the nominee's name must be submitted with a petition form, to be supplied by the Secretary or the Board, which, except in District 8, contains at least five signatures of growers, other than the nominee, from the nominee's district who are eligible to vote in the referendum. Grower petition forms in District 8 must be signed by only two growers, other than the nominee, from the nominee's district.

(2) In order for the name of a handler nominee to appear on an election ballot, the nominee's name must be submitted with a petition form, to be supplied by the Secretary or the Board, which contains the signature of at least one handler, other than the nominee, from the nominee's district who is eligible to vote in the referendum. The requirement that the petition form be signed by a handler other than the nominee shall not apply in any District where less than two handlers are eligible to vote.

(3) Only growers, including duly authorized officers or employees of growers, who are eligible to serve as grower members of the Board shall participate in the nomination of grower members and alternate grower members of the Board. No grower shall participate in the submission of nominees in more than one district during any fiscal period. If a grower produces cherries in more than one district, that grower may select in which district he or she wishes to participate in the nominations and election process and shall notify the Secretary or the Board of such selection. A grower may not participate in the nomination process in one district and the election process in a second district in the same election cycle.
