of entry; and that the calf was born after such test was performed.

(c) *Brucellosis test or vaccination certificates.* (1) Cattle from Canada from a herd in which any cattle have been determined to have brucellosis may not be imported into the United States;

(2) Except for cattle prohibited from importation into the United States under paragraph (c)(1) of this section, cattle 6 months of age or older from Canada may be imported into the United States if the following conditions are met:

(i) The cattle are imported for slaughter in accordance with §92.420;

(ii) The cattle are steers; or

(iii) The cattle are accompanied by a certificate issued or endorsed by a salaried veterinarian of the Canadian government showing:

(A) That the cattle are from a brucellosis certified-free herd, province, or territory; or

(B) The date and place the cattle were last tested for brucellosis; that the cattle were found negative for brucellosis on such test; and that such test was performed within 30 days preceding the arrival of the cattle at the port of entry; or

(C) That the female cattle under 18 months of age were vaccinated against brucellosis in accordance with Canadian regulations.

(d) The certificates prescribed in paragraphs (b) and (c) of this section shall state:

(1) The names of the consignor and the consignee;

(2) A description of the cattle to be imported, including the breed, ages, markings, and tattoo and eartag numbers of each animal;

(3) The dates and places of each test required by paragraphs (b) and (c) of this section; and

(4) The date of vaccination, dosage of vaccine used, and the age of each animal on the date of vaccination for each vaccination conducted in accordance with paragraph (c)(2)(ii)(C) of this section.
