Subpart A—General Rules

§ 609.905 Background.

The Farm Credit Administration (FCA) wants to create a flexible regulatory environment that facilitates electronic commerce (E-commerce) and allows Farm Credit System (System) institutions and their customers to use new technologies. System institutions may use E-commerce but must establish good business practices that ensure safety and soundness while doing so.

§ 609.910 Compliance with the Electronic Signatures in Global and National Commerce Act (Public Law 106-229) (E-SIGN).

(a) *General.* E-SIGN makes it easier to conduct E-commerce. With some exceptions, E-SIGN permits the use and establishes the legal validity of elec-

tronic contracts, electronic signatures, and records maintained in electronic rather than paper form. It governs transactions relating to the conduct of business, consumer, or commercial affairs between two or more persons. E-commerce is optional; all parties to a transaction must agree before it can be used.

(b) *Consumer transactions.* E-SIGN contains extensive consumer disclosure provisions that apply whenever another consumer protection law, such as the Equal Credit Opportunity Act, requires the disclosure of information to a consumer in writing. Consumer means an individual who obtains, through a transaction, products or services, including credit, used primarily for personal, family, or household purposes. You must follow E-SIGN's specific procedures to make the required consumer disclosures electronically. E-SIGN's special disclosure rules for consumer transactions do not apply to business transactions. Under E-SIGN, some System loans qualify as consumer transactions, while others are business transactions. You will need to distinguish between the two types of transactions to comply with E-SIGN.

(c) *Specific exceptions.* E-SIGN does not permit electronic notification for notices of default, acceleration, repossession, foreclosure, eviction, or the right to cure, under a credit agreement secured by, or a rental agreement for, a person's primary residence. These notices require paper notification. The law also requires paper notification to cancel or terminate life insurance. Thus, System institutions cannot use electronic notification to deliver some notices that must be provided under part 617, subparts A, D, E, and G of this chapter. In addition, E-SIGN does not apply to the writing or signature requirements imposed under the Uniform Commercial Code, other than sections 1-107 and 1-206 and Articles 2 and 2A.

(d) *Promissory notes.* E-SIGN establishes special technological and business process standards for electronic promissory notes secured by real estate. To treat an electronic version of

§ 609.915

such a promissory note as the equivalent of a paper promissory note, you must conform to E-SIGN's detailed requirements for transferable records. A transferable record is an electronic record that:

- (1) Would be a note under Article 3 of the Uniform Commercial Code if the electronic record were in writing;
- (2) The issuer of the electronic record has expressly agreed is a transferable record; and
- (3) Relates to a loan secured by real property.

(e) *Effect on State and Federal law.* E-SIGN preempts most State and Federal statutes or regulations, including the Farm Credit Act of 1971, as amended (Act), and its implementing regulations, that require contracts or other business, consumer, or commercial records to be written, signed, or in non-electronic form. Under E-SIGN, an electronic record or signature generally satisfies any provision of the Act, or its implementing regulations that requires such records and signatures to be written, signed, or in paper form. Therefore, unless an exception applies or a necessary condition under E-SIGN has not been met, an electronic record or signature satisfies any applicable provision of the Act or its implementing regulations.

(f) *Document integrity and signature authentication.* Each System institution must verify the legitimacy of an E-commerce communication, transaction, or access request. Document integrity ensures that the same document is provided to all parties. Signature authentication proves the identities of all parties. The parties to the transaction may determine how to ensure document integrity and signature authentication.

(g) *Records retention.* Each System institution may maintain all records electronically even if originally they were paper records. The stored electronic record must accurately reflect the information in the original record. The electronic record must be accessible and capable of being reproduced by all persons entitled by law or regulations to review the original record.

12 CFR Ch. VI (1-1-05 Edition)

§ 609.915 Compliance with Federal Reserve Board Regulations B, M, and Z.

The regulations in this part require fair practices and meaningful disclosures for certain lending and leasing activities. System institutions must comply with Federal Reserve Board Regulations B (Equal Credit Opportunity), M (Consumer Leasing), and Z (Truth in Lending) (12 CFR parts 202, 213, and 226).

Subpart B—Interpretations and Definitions

§ 609.920 Interpretations.

(a) E-SIGN preempts most statutes and regulations, including the Act and its implementing regulations that require paper copies and handwritten signatures in business, consumer, or commercial transactions. E-SIGN requires that statutes and regulations be interpreted to allow E-commerce as long as the safeguards of E-SIGN are met and its exceptions recognized. Generally, an electronic record or signature satisfies any provision of the Act or its implementing regulations that require such records and signatures to be written, signed, or in paper form.

(b) System institutions may interpret the Act and its implementing regulations broadly to allow electronic transmissions, communications, records, and submissions, as provided by E-SIGN. This means that the terms address, copy, distribute, document, file, mail, notice, notify, record, provide, send, signature, sent, written, writing, and similar words generally should be interpreted to permit electronic transmissions, communications, records, and submissions in business, consumer, or commercial transactions.

§ 609.925 Definitions.

We provide the following definitions that apply to the Act and its implementing regulations:

(a) *Electronic* means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(b) *Electronic communication* means a message that can be transmitted electronically and displayed on equipment

Farm Credit Administration

§ 609.950

as visual text. An example is a message displayed on a personal computer monitor screen. This does not include audio- and voice-response telephone systems.

(c) *Electronic business (E-business) or electronic commerce (E-commerce)* means buying, selling, producing, or working in an electronic medium.

(d) *Electronic mail (E-mail)* means:

(1) To send or submit information electronically; or

(2) A communication received electronically.

(e) *Electronic signature* means an electronic sound, symbol, or process, attached to or logically associated with a contract or other record and executed or adopted by a person with the intent to sign the record. Electronic signature describes a category of electronic processes that can be substituted for a handwritten signature.

Subpart C—Standards for Boards and Management

§ 609.930 Policies and procedures.

The FCA supports E-commerce and wants to facilitate it and other new technologies and innovations to enhance the efficient conduct of business and the delivery of safe and sound credit and closely related services. Through E-commerce, System institutions can enhance customer service, access information, and provide alternate communication systems. At the same time, E-commerce presents challenges and risks that your board must carefully consider in advance. Before engaging in E-commerce, you must weigh its business risks against its benefits. You must also adopt E-commerce policies and procedures to ensure your institution's safety and soundness and compliance with law and regulations. Among other concerns, the policies and procedures must address, when applicable:

(a) Security and integrity of System institution and borrower data;

(b) The privacy of your customers as well as visitors to your Web site;

(c) Notices to customers or visitors to your Web site when they link to an affiliate or third party Web site;

(d) Capability of vendor or application providers;

(e) Business resumption after disruption;

(f) Fraud and money laundering;

(g) Intrusion detection and management;

(h) Liability insurance; and

(i) Prompt reporting of known or suspected criminal violations associated with E-commerce to law enforcement authorities and FCA under part 612, subpart B of this chapter.

[67 FR 16631, Apr. 8, 2002; 69 FR 42853, July 19, 2004]

§ 609.935 Business planning.

When engaging in E-commerce, the business plan required under part 618 of this chapter, subpart J, must describe the E-commerce initiative, including intended objectives, business risks, security issues, relevant markets, and legal compliance.

§ 609.940 Internal systems and controls.

When applicable, internal systems and controls must provide reasonable assurances that System institutions will:

(a) Follow and achieve business plan objectives and policies and procedures requirements regarding E-commerce; and

(b) Prevent and detect material deficiencies on a timely basis.

§ 609.945 Records retention.

Records stored electronically must be accurate, accessible, and reproducible for later reference.

Subpart D—General Requirements for Electronic Communications

§ 609.950 Electronic communications.

(a) *Agreement.* In accordance with E-SIGN, System institutions may communicate electronically in business, consumer, or commercial transactions. E-commerce transactions require the agreement of all parties when you do business.

(b) *Communications with consumers.* E-SIGN and Federal Reserve Board Regulations B, M, and Z (12 CFR parts 202, 213, and 226) outline specific disclosure requirements for communications with consumers.

Pt. 611**12 CFR Ch. VI (1-1-05 Edition)**

(c) *Communications with parties other than consumers.* The consumer disclosure requirements of E-SIGN and of Federal Reserve Board Regulation B (12 CFR part 202) do not apply to your communications with parties other than consumers. (Federal Reserve Board Regulations M and Z (12 CFR parts 213 and 226) apply to consumers only.) Nonetheless, you must ensure that your communications, including those disclosures required under the Act and the regulations in this part, demonstrate good business practices in the delivery of credit and closely related services and in your obtaining goods and services.

§ 611.320 Impartiality in the election of directors.

(a) Each System institution shall adopt policies and procedures that are designed to assure that the elections of board members are conducted in an impartial manner.

(b) No employee or agent of a System institution shall take any part, directly or indirectly, in the nomination or election of members to the board of

directors of a System institution, or make any statement, either orally or in writing, which may be construed as intended to influence any vote in such nominations, or elections. This paragraph shall not prohibit employees or agents from providing biographical and other similar information or engaging in other activities pursuant to policies and procedures for nominations and elections. This paragraph does not affect the right of an employee or agent to nominate or vote for directors of an institution in which the employee or agent is a voting member.

(c) No property, facilities, or resources of any System institution shall be used by any candidate for nomination or election or by any other person for the benefit of any candidate for nomination or election, unless the same property, facilities, or resources are simultaneously available and made known to be available for use by all declared candidates.

(d) No director, employee, or agent of a System institution shall, for the purpose of furthering the interests of any candidates for nomination or election, furnish or make use of records that are not made available for use by all declared candidates.

§ 611.330 Confidentiality in voting.

(a) No bank or association may use signed ballots in stockholder votes. Each bank and association must adopt policies and procedures to ensure that all information and materials regarding how or whether an individual stockholder has voted remain confidential, including with respect to the institution, its directors, stockholders, or employees, or any other person except:

(1) An independent third party tabulating the vote; or

(2) The Farm Credit Administration.

§611.340

(b) A bank or association may use balloting procedures, such as an identity code on the ballot, that can be used to identify how or whether an individual stockholder has voted only if the votes are tabulated by an independent third party. In weighted voting, the votes must be tabulated by an independent third party. An independent third party that tabulates the votes must certify in writing that such party will not disclose to any person (including the institution, its directors, stockholders, or employees) any information about how or whether an individual stockholder has voted, except that the information must be disclosed to the Farm Credit Administration if requested.

(c) Once a bank or association receives a ballot, the vote of that stockholder is final, except that a stockholder may withdraw a proxy ballot before balloting begins at a stockholders' meeting.

(d) A bank or association may give a stockholder voting by proxy an opportunity to give voting discretion to the proxy of the stockholder's choice, provided that the proxy is also a stockholder eligible to vote.

§611.340 Security in voting.

(a) Each bank and association must adopt policies and procedures that assure the security of all records and materials related to a stockholder vote including, but not limited to, ballots, proxy ballots, and other related materials.

(b) Bank and association procedures must assure that ballots and proxy ballots are provided only to stockholders who are eligible to vote.

(c) Ballots and proxy ballots must be safeguarded before the time of distribution or mailing to voting stockholders and after the time of receipt by the bank or association until disposal. In an election of directors, ballots, proxy ballots and election records must be retained at least until the end of the term of office of the director. In other stockholder votes, ballots, proxy ballots, and records must be retained for at least 3 years after the vote.

(d) The voting procedures of each institution must provide for the estab-

Subpart D—Rules for Compensation of Board Members**§611.400 Compensation of bank board members.**

(a) Farm Credit System banks are authorized to pay fair and reasonable compensation to directors for services performed in an official capacity at a rate not to exceed the level established in section 4.21 of the Farm Credit Act of 1971, as amended, unless the FCA determines that such a level adversely affects the safety and soundness of the institution.

(b) The bank director compensation level established in section 4.21 of the Act shall be adjusted to reflect changes in the Consumer Price Index (CPI) for all urban consumers, as published by the Bureau of Labor Statistics, in the following manner: Current year's maximum compensation = Prior year's maximum compensation adjusted by the prior year's annual average percent change in the CPI for all urban consumers. Adjustments will be made to the bank director statutory compensation limit beginning from October 28, 1992 (the date of enactment of the Farm Credit Banks and Associations Safety and Soundness Act of 1992). Additionally, each year the FCA will distribute a booklet to all FCS banks that communicates the CPI adjusted

(c)(1) A Farm Credit bank is authorized to pay a director up to 30 percent more than the statutory compensation limit in exceptional circumstances where the director contributes extraordinary time and effort in the service of the bank and its shareholders.

(2) Banks must document the exceptional circumstances justifying additional director compensation. The documentation must describe:

(i) The exceptional circumstances justifying the additional director compensation, including the extraordinary time and effort the director devoted to bank business; and

(ii) The amount and the terms and conditions of the additional director compensation.

(d) Each bank board shall adopt a written policy regarding compensation of bank directors. The policy shall address, at a minimum, the following areas:

(1) The activities or functions for which attendance is necessary and appropriate and may be compensated, except that a Farm Credit System bank shall not compensate any director for rendering services on behalf of any other Farm Credit System institution or a cooperative of which the director is a member, or for performing other assignments of a non-official nature;

(2) The methodology for determining each director's rate of compensation; and

(3) The exceptional circumstances under which the board would pay additional compensation for any of its directors as authorized by paragraph (c) of this section.

Notice of final approval shall be transmitted to the institutions involved.

If a petition for reconsideration is filed within 35 days after the date of mailing of the notification of stockholder vote, the constituent institutions must agree on a second effective date to be used in the event the transfer is approved on reconsideration. The second effective date may not be less than 60 days after stockholder notification of the results of the first vote, or 15 days after the date of the reconsideration vote, whichever occurs later.

(8) A statement that the associations' bylaws, financial statements for the previous 3 years, and any financial information prepared by the associations concerning the proposed transfer of territory are available on request to the stockholders of any association involved in the transaction.

(g) No bank or association, or director, officer, or employee thereof, shall make any untrue or misleading statement of a material fact, or fail to disclose any material fact necessary under the circumstances to make statements made not misleading, to a stockholder of any association in connection with a territory transfer.

(h) Upon approval of a proposed territory transfer by the stockholders of the constituent associations, a certified copy of the stockholders' resolution for each constituent association and one executed Agreement to Transfer Territory shall be forwarded to the Farm Credit Administration. The territory transfer shall be effective when thereafter finally approved and on the date as specified by the Farm Credit Administration. Notice of final approval shall be transmitted to the associations and a copy provided to the bank.

(i) No director, officer, or employee of a bank or an association shall make an oral or written representation to any person that a Preliminary or final approval by the Farm Credit Administration of a territory transfer constitutes, directly or indirectly, a recommendation on the merits of the transaction or an assurance concerning the adequacy or accuracy of any information provided to any association's stockholders in connection therewith.

(j) The notice and accompanying information required under paragraph (f) of this section shall not be sent to stockholders until preliminary approval of the territory transfer has been granted by the Farm Credit Administration.

If a like kind of equity is not available in the transferee association, similar equities shall be offered that will not adversely affect the interest of the owner. The Notice shall give the borrower 60 days from the effective date of the territory transfer to notify the transferor association in writing if the borrower decides to stay with the transferor association for normal servicing until the current loan is paid. Any application by the borrower for renewal or for additional credit shall be made to the transferee association, except as otherwise provided for by an agreement between associations in accordance with § 614.4070 of this chapter.

(m) This section shall not apply to territory transfers initiated by order of the Chairman of the Farm Credit Administration or to territory transfers due to the liquidation of the transferor association.

Subpart H—Rules for Inter-System Fund Transfers

§611.1130 Inter-System transfer of funds and equities.

(a) Section 5.17(a)(6) of the Act authorizes the FCA to regulate the borrowing, repayment, and transfer of funds and equities between institutions of the System, including banks, associations, and service organizations organized under the Act. This section sets forth the circumstances and proce-

dures under which the FCA may direct such a transfer of funds and equities based on its determination with respect to the financial condition of one or more institutions of the System. For purposes of this section, the term “bond” refers to long-term notes, bonds, debentures, or other similar obligations, or short-term discount notes issued by one or more banks pursuant to section 4.2 of the Act.

(b) The FCA may direct a transfer of funds or equities by one or more banks of the System to another bank of the System where it determines that:

(1) The receiving institution will not be able to make payments of principal or interest on bonds for which it is primarily liable within the meaning of section 4.4(a) of the Act; or

(2) The common or preferred stock, participation certificates, or allocated equities of the receiving institution have a book value less than their par or stated values; or

(3) The total bonds outstanding for which the receiving institution is primarily liable exceed 20 times the combined capital and surplus accounts of the bank; or

(4) Based on application to it of one or more of the following ratios, the receiving institution is not financially viable in that it will not be able to continue to extend new or additional credit or financial assistance to its eligible borrowers:

(i) The ratio of stock to earned net worth (including legal reserve, unallocated and reserved surplus, undistributed earnings, and allowance for losses) exceeds 2 to 1;

(ii) The ratio of the outstanding bonds to capital and surplus exceeds 15 to 1;

(iii) Nonearning assets (any non-interest-bearing assets, including but not limited to cash, noninterest-earning loans, net fixed assets, other property owned, accrued interest receivable, and accounts receivable) exceed 15 percent of total assets;

(iv) Lendable net worth (interest-earning assets less interest-bearing liabilities) is zero or less.

(c) The FCA may direct a transfer of funds or equities between two or more Federal land bank associations or two or more production credit associations

Farm Credit Administration

§ 611.1135

in district where it determines that such transfer:

(1) Is necessary to provide financial support to the district bank in which those associations are stockholders based on application of the criteria to the bank as set forth in paragraph (b) of this section; or

(2) Is necessary to provide financial support to one or more other like associations in the district based on application of the criteria set forth in paragraph (b)(2) or (b)(4) of this section to the associations, provided that in applying paragraph (b)(4)(ii) of this section the ratio of outstanding indebtedness to capital and surplus of the receiving association(s) shall not exceed 9 to 1; or

(3) Is an integral part of a plan that has been adopted by other institutions of the System, and approved by the FCA, under which those institutions will extend financial assistance to the district bank in which those associations are stockholders.

(d) A direction by the FCA for a transfer of funds or equities pursuant to this section shall be signed by the Chairman and shall establish the amount, timing, duration, repayment, and other terms of assessments necessary to accomplish such transfer, taking into consideration the financial condition of each institution to be assessed. Where the FCA directs a transfer of funds or equities between associations under paragraph (c) (1) or (2) of this section, it may authorize the district bank in which such associations are stockholders to accomplish the necessary assessments through debits and credits to the accounts of the bank.

SOURCE: 66 FR 16843, Mar. 28, 2001, unless otherwise noted.

§ 611.1135 Incorporation of service corporations.

(a) *What is the process for chartering a service corporation?* A Farm Credit bank or association (you or your) may orga-

nize a corporation acting alone or with other Farm Credit banks or associations to perform, for you or on your behalf, any function or service that you are authorized to perform under the Act and Farm Credit Administration (we, us, or our) regulations, with two exceptions. Those exceptions are that your corporation may not extend credit or provide insurance services. To organize a service corporation, you must submit an application to us following the applicable requirements of paragraph (c) of this section. If what you propose in your application meets the requirements of the Act, our regulations, and any other conditions we may impose, we may issue a charter for your service corporation making it a federally chartered instrumentality of the United States. Your service corporation will be subject to examination, supervision, and regulation by us.

(b) *Who may own equities in your service corporation?* All Farm Credit banks and associations are eligible to become stockholders in your service corporation. Your service corporation may also issue non-voting and voting stock to persons that are not Farm Credit institutions, provided that at least 80 percent of the voting stock is at all times held by Farm Credit institutions. For the purposes of this subpart, we define persons as individuals or legal entities organized under the laws of the United States or any state or territory thereof.

(c) *What must be included in your application to form a service corporation?* Your application for a corporate charter must include:

(1) The certified resolution of the board of each organizing bank or association authorizing the incorporation;

(2) A request signed by the president(s) of the organizing bank(s) or association(s) to us to issue a charter, supported by a detailed statement demonstrating the need and the justification for the proposed entity; and

- (4) The proposed bylaws, which must include the provisions required by §615.5220(b) of this chapter;
- (5) A statement of the proposed amounts and sources of capitalization and operating funds;
- (6) Any agreements between the organizing banks and associations relating to the organization or the operation of the corporation; and
- (7) Any other supporting documentation that we may request.
- (d) *What will we do with your application?* If we approve your completed application, we will issue a charter for your service corporation as a corporate body and a federally chartered instrumentality. We may condition the issuance of a charter, including imposing minimum capital requirements, as we deem appropriate. For good cause, we may deny your application.
- (e) *Once your service corporation is formed, how are its articles of incorporation amended?* Your service corporation's articles of incorporation may be amended in either of two ways:
- (1) The board of directors of the corporation may request that we amend the articles of incorporation by sending

12 CFR Ch. VI (1-1-05 Edition)

us a certified resolution of the board of directors of the service corporation that states the:

- (i) Section(s) to be amended;
- (ii) Reason(s) for the amendment;
- (iii) Language of the articles of incorporation provision, as amended; and
- (iv) Requisite shareholder approval has been obtained. The request will be subject to our approval as stated in paragraphs (a) and (c) of this section.

(2) We may at any time make any changes in the articles of incorporation of your service corporation that are necessary and appropriate for the accomplishment of the purposes of the Act.

(f) *When your service corporation issues equities, what are the disclosure requirements?* Your service corporation must provide the disclosures described in §615.5250(c) and (d) of this chapter.

(b) *How do I form a title VIII service corporation?* A title VIII service corporation is formed and subject to the same requirements as a service corporation formed under §611.1135, with one exception. Farm Credit Administration**§ 611.1210****Subpart J-O [Reserved]****Subpart P—Termination of System Institution Status**

SOURCE: 67 FR 17909, Apr. 12, 2002, unless otherwise noted.

§ 611.1200 Applicability of this subpart.

The regulations in this subpart apply to each bank and association that desires to terminate its System institution status and become chartered as a bank, savings association, or other financial institution.

§ 611.1205 Definitions that apply in this subpart.

Assets means all assets determined in conformity with GAAP, except as otherwise required in this subpart.

GAAP means “generally accepted accounting principles” as that term is defined in § 621.2(c) of this chapter.

OFI means an “other financing institution” that has a funding and discount agreement with a Farm Credit bank under section 1.7(b)(1) of the Act.

Successor institution means the bank, savings association, or other financial institution that the terminating bank or association will become when we revoke its Farm Credit charter.

§ 611.1210 Commencement resolution and advance notice.

(a) *Adoption of commencement resolution.* Your board of directors must begin the termination process by adopting a commencement resolution stating your intention to terminate Farm Credit status under section 7.10 of the Act.

(b) *Advance notice.* Within 5 days after adopting the commencement resolution, you must:

(1) Send a certified copy of the commencement resolution to us and the Farm Credit System Insurance Corporation (FCSIC). If your institution is an association, also send a copy to your affiliated bank. If your institution is a bank, also send a copy to your affiliated associations, the other Farm Credit banks, the Federal Farm Credit Banks Funding Corporation (Funding Corporation), and the Farm Credit Sys-

tem Financial Assistance Corporation (FAC);

(2) Mail an announcement to all equity holders stating you are taking steps to terminate Farm Credit status and describing the following:

(i) The process of termination;

(ii) The expected effect of termination on equity holders, including the effect on borrower rights and the consequences of any stock retirements before termination;

(iii) The type of charter the successor institution will have; and

(iv) Any bylaw creating a special class of borrower stock and participation certificates under paragraph (f) of this section.

(c) *Bank negotiations on joint and several liability.* If your institution is a terminating bank, within 10 days of adopting the commencement resolution, your bank and the other Farm Credit banks must begin negotiations to provide for your satisfaction of liabilities (other than your primary liability) under section 4.4 of the Act. The Funding Corporation may, at its option, be a party to the negotiations to the extent necessary to fulfill its duties with respect to financing and disclosure. The agreement must comply with the requirements in § 611.1270(c).

(d) *Disclosure to customers after commencement resolution.* Between the date of the commencement resolution and the termination date, you must give the following information to your customers:

(1) For each applicant who is not a current stockholder, describe at the time of loan application:

(i) The effect of the proposed termination on the borrower's loan; and

(ii) Whether the borrower will continue to have any of the borrower rights provided under the Act and regulations.

(2) For any equity holders who ask to have their equities retired, explain that the retirement would extinguish the holder's right to exchange those equities for an interest in the successor institution. In addition, inform holders of equities entitled to your residual assets in liquidation that retirement before termination would extinguish their right to dissent from the termination and have their equities retired.

§611.1215

(e) *Terminating bank's right to continue issuing debt.* Through the termination date, a terminating bank may continue to participate in the issuance of consolidated and Systemwide obligations to the same extent it would be able to participate if it were not terminating.

(f) *Special class of stock.* Notwithstanding any requirements to the contrary in §615.5230(b) of this chapter, you may adopt bylaws providing for the issuance of a special class of stock and participation certificates between the date of adoption of a commencement resolution and the termination date. Your stockholders must approve the special class before you adopt the commencement resolution. The equities must comply with section 4.3A of the Act and be identical in all respects to existing classes of equities that are entitled to the residual assets of the institution in a liquidation, except for the value a holder will receive in a termination. In a termination, the holder of the special class of stock receives value equal to the lower of either par (or face) value, or the value calculated under §611.1280(c) and (d). A holder must have the same right to vote (if the equity is held on the voting record date) and to dissent as holders of similar equities issued before the commencement resolution. If the termination does not occur, the special classes of stock and participation certificates must automatically convert into shares of the otherwise identical equities.

§611.1215 Prohibited acts.

(a) *Statements about termination.* Neither the institution nor any director, officer, employee, or agent may make any untrue or misleading statement of a material fact, or fail to disclose any material fact, about the termination to a current or prospective equity holder.

(b) *Representations regarding FCA approval.* Neither the institution nor any director, officer, employee, or agent may make an oral or written representation to anyone that a preliminary or final approval of the termination by us is, directly or indirectly, either a recommendation on the merits of the proposal or an assurance that the information you give to your equity holders is adequate or accurate.

12 CFR Ch. VI (1-1-05 Edition)

§611.1240 Voting record date and stockholder approval.

(a) *Stockholder meeting.* You must call the meeting by written notice in compliance with your bylaws. The stockholder meeting to vote on the termination must occur within 60 days of our preliminary approval (or, if we take no action, within 60 days of the end of our approval period).

(b) *Voting record date.* The voting record date may not be more than 70 days before the stockholders' meeting.

(c) *Information statement.* You must provide all equity holders with a notice of meeting and the information statement required by §611.1223 at least 30 days before the stockholder vote.

(d) *Voting procedures.* The voting procedures must comply with §611.330. You must have an independent third party count the ballots. If a voting stockholder notifies you of the stockholder's intent to exercise dissenters' rights, the tabulator must be able to verify to you that the stockholder voted against the termination. Otherwise, the votes of stockholders must remain confidential.

(e) *Notice to FCA and equity holders of voting results.* Within 10 days of the termination vote, you must send us a certified record of the results of the vote. You must notify all equity holders of the results within 30 days after the stockholder meeting. If the stockholders approve the termination, you must give the following information to equity holders:

(1) Stockholders who voted against termination and equity holders who were not entitled to vote have a right to dissent as provided in §611.1280; and

12 CFR Ch. VI (1-1-05 Edition)

(2) Voting stockholders have a right, under §611.1245, to file a petition with the FCA for reconsideration within 35 days after the date you mail to them the notice of the results of the termination vote.

(f) *Requirement to notify new equity holders.* You must provide the information described in paragraph (e)(1) of this section to each person that becomes an equity holder after the termination vote and before termination.

§611.1245 Stockholder reconsideration.

(a) *Right to reconsider termination.* Voting stockholders have the right to reconsider their approval of the termination if a petition signed by 15 percent of the stockholders is filed with us within 35 days after you mail notices to stockholders that the termination was approved. If we determine that the petition complies with the requirements of section 7.9 of the Act, you must call a special stockholders' meeting to reconsider the vote. The meeting must occur within 60 days after the date on which you mailed to stockholders the results of the termination vote. If a majority of the stockholders voting, in person or by proxy, vote against the termination, the termination may not take place.

(b) *Stockholder list and expenses.* You must, at your expense, timely give stockholders who request it a list of the names and addresses of stockholders eligible to vote in the reconsideration vote. The petitioners must pay all other expenses for the petition. You must pay expenses that you incur for the reconsideration vote.

§611.1250 Preliminary exit fee estimate.

(a) *Preliminary exit fee estimate—terminating association.* You must provide a preliminary exit fee estimate to us when you submit the termination application. Calculate the preliminary exit fee estimate in the following order:

(1) Base your exit fee calculation on the average daily balances of assets and liabilities for the 12-month period as of the quarter end immediately before the date you send us your termination application.

Farm Credit Administration

§ 611.1250

(2) Any amounts we refer to in this section are average daily balances unless we specify that they are not. Amounts that are not average daily balances will be referred to as "dollar amount."

(3) Compute the average daily balances based on financial statements that comply with GAAP. The financial statements, as of the quarter end immediately before the date you send us your termination application, must be independently audited by a qualified public accountant, as defined in § 621.2(i) of this chapter. We may, in our discretion, waive the audit requirement if an independent audit was performed as of a date less than 6 months before you submit the termination application.

(4) Make adjustments to assets as follows:

(i) Add back expenses you have incurred related to termination. Related expenses include, but are not limited to, legal services, accounting services, auditing, business planning, and application fees for the termination and reorganization.

(ii) Subtract the following:

(A) The dollar amount of your estimated payment (to your affiliated bank) related to FAC obligations as described in § 611.1260(d); and

(B) The dollar amount of your estimated taxes due to the termination.

(iii) Adjust for the dollar amount of significant transactions you reasonably expect to occur between the quarter end before you file your termination application and termination. Examples of these transactions include, but are not limited to, gains or losses on the sale of assets, retirements of equity, loan repayments, and patronage distributions. Do not make adjustments for future expenses related to termination, such as severance or special retirement payments, or stock retirements to dissenting stockholders and Farm Credit institutions.

(5) Subtract from liabilities any liability that we treat as regulatory capital under the capital or collateral requirements in subparts H and K of part 615 of this chapter.

(6) Make any adjustments we require under paragraph (c) of this section.

(7) After making these adjustments to assets and liabilities, subtract liabilities from assets. This is your preliminary total capital for purposes of termination.

(8) Multiply assets as adjusted above by 6 percent, and subtract this amount from preliminary total capital. This is your preliminary exit fee estimate.

(b) *Preliminary exit fee estimate—terminating bank.* (1) Affiliated associations that are terminating with you must calculate their individual preliminary exit fee estimates as described in paragraph (a) of this section.

(2) Base your exit fee calculation on the average daily balances of assets and liabilities for the 12-month period as of the quarter end immediately before the date you send us your termination application.

(3) Any amounts we refer to in this section are average daily balances unless we specify that they are not. Amounts that are not average daily balances will be referred to as "dollar amount."

(4) Compute the average daily balances based on bank-only financial statements that comply with GAAP. The financial statements, as of the quarter end immediately before the date you send us your termination application, must be independently audited by a qualified public accountant, as defined in § 621.2(i) of this chapter. We may, in our discretion, waive this requirement if an independent audit was performed as of a date less than 6 months before you submit the termination application.

(5) Make adjustments to assets and liabilities as follows:

(i) Add back to assets the following:
(A) Expenses you have incurred related to termination. Related expenses include, but are not limited to, legal services, accounting services, auditing, business planning, and application fees for the termination and reorganization; and

(B) Any specific allowance for losses, and a pro rata portion of any general allowance for loan losses, on direct loans to associations that you do not expect to incur before or at termination.

§611.1250

(ii) Subtract from your assets and liabilities an amount equal to your direct loans to your affiliated associations that are not terminating.

(iii) Subtract the following from assets:

(A) Equity investments in your institution that are held by nonterminating associations and that you expect to transfer to another System bank before or at termination. A nonterminating association's investment consists of purchased equities, allocated equities, and a share of the bank's unallocated surplus calculated in accordance with the bank's bylaw provisions on liquidation. We may require a different calculation method for the unallocated surplus if we determine that using the liquidation provision would be inequitable to stockholders;

(B) The dollar amount of your estimated termination payment to the FAC, as described in §611.1270(d); and

(C) The dollar amount of estimated taxes due to the termination.

(iv) Subtract from liabilities any liability that we treat as regulatory capital under the capital or collateral requirements in subparts H and K of part 615 of this chapter.

(v) Adjust for the dollar amount of significant transactions you reasonably expect to occur between the quarter end before you file your termination application and termination. Examples of these transactions include, but are not limited to, retirements of equity, loan repayments, and patronage distributions. Do not make adjustments for future expenses related to termination, such as severance or special retirement payments, or stock retirements to dissenting stockholders and Farm Credit institutions.

(6) Add to assets the dollar amount of estimated termination payments of the terminating associations related to FAC obligations.

(7) Make any adjustments we require under paragraph (c) of this section.

(8) After the above adjustments, combine your balance sheet with the balance sheets of your terminating associations after they have made the adjustments required in paragraph (a) of this section. Subtract liabilities from assets. This is your preliminary total

12 CFR Ch. VI (1-1-05 Edition)

capital estimate for purposes of termination.

(9) Multiply the assets of the combined balance sheet after the above adjustments by 6 percent. Subtract this amount from the preliminary total capital estimate of the combined balance sheet. The remainder is the preliminary exit fee estimate of the bank and terminating affiliated associations.

(10) Your preliminary exit fee estimate is the amount by which the preliminary exit fee estimate for the combined entity exceeds the total of the individual preliminary exit fee estimates of your affiliated terminating associations.

(c) *Three-year look-back.* (1) We will review your transactions over the 3 years before the date of the termination resolution under §611.1220. Our review will include, but not be limited to, the following:

(i) Additions to or subtractions from any allowance for losses;

(ii) Additions to assets or liabilities, or subtractions from assets or liabilities, due to transactions that are outside your ordinary course of business;

(iii) Dividends or patronage refunds exceeding your usual practices;

(iv) Changes in the institution's capital plan, or in implementing the plan, that increased or decreased the level of borrower investment;

(v) Contingent liabilities, such as loss-sharing obligations, that can be reasonably quantified; and

(vi) Assets that may be overvalued, undervalued, or not recorded on your books.

(2) If we determine the account balances do not accurately show the value of your assets and liabilities (whether the assets and liabilities were booked before or during the 3-year look-back period), we will make any adjustments we deem necessary.

(3) We may require you to reverse the effect of a transaction if we determine that:

(i) You have retired capital outside the ordinary course of business;

(ii) You have taken any other actions unrelated to your core business that have the effect of changing the exit fee; or

Farm Credit Administration**§ 611.1255**

(iii) You incurred expenses related to termination prior to the 12-month average daily balance period on which the exit fee calculation is based.

(4) We may require you to make these adjustments to the preliminary exit fee estimate that is disclosed in the information statement, the final exit fee calculation, and the calculations of the value of equities held by dissenting stockholders, Farm Credit institutions that choose to have their equities retired at termination, and reaffiliating associations.

§ 611.1255 Exit fee calculation.

(a) *Final exit fee calculation—terminating association.* Calculate the final exit fee in the following order:

(1) Base your exit fee calculation on the average daily balances of assets and liabilities for the 12-month period preceding the termination date. Assume for this calculation that you have not paid or accrued the items described in paragraph (a)(4)(ii) of this section.

(2) Any amounts we refer to in this section are average daily balances unless we specify that they are not. Amounts that are not average daily balances will be referred to as “dollar amount.”

(3) Compute the average daily balances based on financial statements that comply with GAAP. The financial statements, as of the termination date, must be independently audited by a qualified public accountant, as defined in § 621.2(i) of this chapter.

(4) Make adjustments to assets and liabilities as follows:

(i) Add back expenses related to termination incurred in the 12 months before termination. Related expenses include, but are not limited to, legal services, accounting services, auditing, business planning, payments of severance and special retirements, and application fees for the termination and reorganization.

(ii) Subtract from assets the following:

(A) The dollar amount of your termination payment (to your affiliated bank) related to FAC obligations as described in § 611.1260(d); and

(B) The dollar amount of taxes you will have to pay due to the termination;

(iii) Subtract from liabilities any liability that we treat as regulatory capital under the capital or collateral requirements in subparts H and K of part 615 of this chapter.

(iv) Make the adjustments that we require under § 611.1250(c). For the final exit fee, we will review and may require additional adjustments for transactions between the date you adopted the termination resolution and the termination date.

(5) After making these adjustments to assets and liabilities, subtract liabilities from assets. This is your total capital for purposes of termination.

(6) Multiply assets by 6 percent, and subtract this amount from total capital. This is your final exit fee.

(b) *Final exit fee calculation—terminating bank.* (1) The individual exit fees of affiliated associations that are terminating with you must be calculated as described in paragraph (a) of this section.

(2) Base your exit fee calculation on the average daily balances of assets and liabilities for the 12-month period preceding the termination date. Assume for this calculation that you have not paid or accrued the items described in paragraph (b)(5)(iii)(B) and (C) of this section.

(3) Any amounts we refer to in this section are average daily balances unless we specify that they are not. Amounts that are not average daily balances will be referred to as “dollar amount.”

(4) Compute the average daily balances based on bank-only financial statements that comply with GAAP. The financial statements, as of the termination date, must be independently audited by a qualified public accountant, as defined in § 621.2(i) of this chapter.

(5) Make adjustments to assets and liabilities as follows:

(i) Add back the following to your assets:

(A) Expenses you have incurred related to termination. Related expenses include, but are not limited to, legal services, accounting services, auditing, business planning, payments of severance and special retirements, and application fees for the termination and reorganization.

§611.1260

- (B) The dollar amount of the termination payments to you by the terminating associations related to FAC obligations.
- (C) Any specific allowance for losses, and a pro rata share of any general allowance for losses, on direct loans to associations that are paid off or transferred before or at termination.
- (ii) Subtract from your assets and liabilities your direct loans to affiliated associations that were paid off or transferred in the 12-month period before termination or at termination.
- (iii) Subtract from your assets the following:
- (A) Equity investments held in your institution by affiliated associations that you transferred at termination or during the 12 months before termination;
- (B) The dollar amount of your termination payment to the FAC; and
- (C) The dollar amount of taxes paid or accrued due to the termination;
- (iv) Subtract from liabilities any liability that we treat as regulatory capital (or that we do not treat as a liability) under the capital or collateral requirements in subparts H and K of part 615 of this chapter.
- (v) Make the adjustments that we require under §611.1250(c). For the final exit fee, we will review and may require additional adjustments for transactions between the date you adopted the termination resolution and the termination date.
- (6) After the above adjustments, combine your balance sheet with the balance sheets of terminating associations after making the adjustments required in paragraph (a) of this section.
- (7) Subtract combined liabilities from combined assets. This is the total capital of the combined balance sheet.
- (8) Multiply the assets of the combined balance sheet after the above adjustments by 6 percent. Subtract this amount from the total capital of the combined balance sheet. This amount is the combined final exit fee for your institution and the terminating affiliated associations.
- (9) Your final exit fee is the amount by which the combined final exit fee exceeds the total of the individual final exit fees of your affiliated terminating associations.
- (c) *Payment of exit fee.* On the termination date, you must:
- (1) Deposit into an escrow account acceptable to us and the FCSIC an amount equal to 110 percent of the preliminary exit fee estimate, adjusted to account for stock retirements to dissenting stockholders and Farm Credit institutions, and any other adjustments we require.
- (2) Deposit into an escrow account acceptable to us an amount equal to 110 percent of the equity you must retire for dissenting stockholders and System institutions holding stock that would be entitled to a share of the remaining assets in a liquidation.
- (d) *Pay-out of escrow.* Following the independent audit of the institution's account balances as of the termination date, we will determine the amount of the final exit fee and the amounts owed to stockholders to retire their equities. We will then direct the escrow agent to:
- (1) Pay the exit fee to the Farm Credit Insurance Fund;
- (2) Pay the amounts owed to dissenting stockholders and Farm Credit institutions; and
- (3) Return any remaining amounts to the successor institution.
- (e) *Additional payment.* If the amount held in escrow is not enough to pay the amounts under paragraph (d)(1) and (2) of this section, the successor institution must pay any remaining liability to the escrow agent for distribution to the appropriate parties. The termination application must include evidence that, after termination, the successor institution will pay any remaining amounts owed.

12 CFR Ch. VI (1-1-05 Edition)

- §611.1260 Payment of debts and assessments—terminating association.**
- (a) *General rule.* If your institution is a terminating association, you must pay or make adequate provision for the payment of all outstanding debt obligations and assessments.
- (b) *No OFI relationship.* If the successor institution will not become an OFI, you must either:
- (1) Pay debts and assessments owed to your affiliated Farm Credit bank at termination; or
- (2) With your affiliated Farm Credit bank's concurrence, arrange to pay any

Farm Credit Administration

§ 611.1270

obligations or assessments to the bank after termination.

(c) *Obligations to other Farm Credit institutions.* You must pay or make adequate provision for payment of obligations to any Farm Credit institution (other than your affiliated bank) under any loss-sharing or other agreement.

(d) *FAC payments.* Before termination, you must pay the estimated present value of future assessments and payment obligations to your affiliated Farm Credit bank to the extent required by subparagraphs (c)(5)(F) and (d)(1)(C)(v) of section 6.26 of the Act. The FAC must make the present value estimations, subject to our approval, based on an appropriate discount rate. The appropriate discount rate is the non-interest-bearing U.S. Treasury security rate for securities with a maturity as near as possible to the period remaining until the terminating association's obligations under this paragraph would be due (but before the due date).

§ 611.1265 Retirement of a terminating association's investment in its affiliated bank.

(a) *Safety and soundness restrictions.* Notwithstanding anything in this subpart to the contrary, we may prohibit a bank from retiring the equities you hold in the bank if the retirement would cause the bank to fall below its regulatory capital requirements after retirement, or if we determine that the bank would be in an unsafe or unsound condition after retirement.

(b) *Retirement agreement.* Your affiliated bank may retire the purchased and allocated equities held by your institution in the bank according to the terms of the bank's capital revolvement plan or an agreement between you and the bank.

(c) *Retirement in absence of agreement.* Your affiliated bank must retire any equities not subject to an agreement or revolvement plan no later than when you or the successor institution pays off your loan from the bank.

(d) *No retirement of unallocated surplus.* When your bank retires equities you own in the bank, the bank must pay par or face value for purchased and allocated equities, less any impairment.

ment. The bank may not pay you any portion of its unallocated surplus.

(e) *Exclusion of equities from capital ratios.* If another Farm Credit institution makes an agreement to retire equities you hold in that institution after termination, we may require that institution to exclude part or all of those equities from assets and capital when the institution calculates its capital and net collateral ratios under subparts H and K of part 615 of this chapter.

§ 611.1270 Repayment of obligations—terminating bank.

(a) *General rule.* If your institution is a terminating bank, you must pay or make adequate provision for the payment of all outstanding debt obligations, and provide for your responsibility for any probable contingent liabilities identified.

(b) *Satisfaction of primary liability on consolidated or Systemwide obligations.* After consulting with the other Farm Credit banks, the Funding Corporation, and the FCSIC, you must pay or make adequate provision for payment of your primary liability on consolidated or Systemwide obligations in a method that we deem acceptable. Before we make a final decision on your proposal and as we deem necessary, we may consult with the other Farm Credit banks, the Funding Corporation, and the FCSIC.

(c) *Satisfaction of joint and several liability and liability for interest on individual obligations.* (1) You and the other Farm Credit banks must enter into an agreement, which is subject to our approval, covering obligations issued under section 4.2 of the Act and outstanding on the termination date. The agreement must specify how you and your successor institution will make adequate provision for the payment of your joint and several liability to holders of obligations other than those obligations on which you are primarily liable, in the event we make calls for payment under section 4.4 of the Act. You and your successor institution must also provide for your liability under section 4.4(a)(1) of the Act to pay interest on the individual obligations issued by other System banks. As a part of the agreement, you must also agree that your successor institution

§611.1275

will provide ongoing information to the Funding Corporation to enable it to fulfill its funding and disclosure duties. The Funding Corporation may, at its option, be a party to the agreement to the extent necessary to fulfill its duties with respect to financing and disclosure.

(2) If you and the other Farm Credit banks are unable to reach agreement within 90 days before the proposed termination date, we will specify the manner in which you will make adequate provision for the payment of the liabilities in question and how we will make joint and several calls for those obligations outstanding on the termination date.

(3) Notwithstanding any other provision in these regulations, the successor institution will be jointly and severally liable for consolidated and Systemwide debt outstanding on the termination date (other than the obligations on which you are primarily liable). The successor institution will also be liable for interest on other banks' individual obligations as described in section 4.4(a)(1) of the Act and outstanding on the termination date. The termination application must include evidence that the successor institution will continue to be liable for consolidated and Systemwide debt and for interest on other banks' individual obligations.

(d) *Payment to the FAC.* (1) Before termination, you must pay to the FAC the amounts required by section 6.9(e)(3)(C)(ii) of the Act and by subparagraphs (c)(5)(E)(i) and (d)(1)(C)(iv) of section 6.26 of the Act. To make the calculations for section 6.26, you must include your retail loan volume, the retail loan volume of the associations that are terminating with you, and the retail loan volume of the affiliated associations that continue their direct lending relationships with the successor institution, but you must not include the retail loan volume of associations that reaffiliate with another bank and transfer or repay their direct loan on or before termination.

(2) The FAC must make the present value estimations, subject to our approval, based on an appropriate discount rate. The appropriate discount rate is the non-interest-bearing U.S. Treasury security rate for securities

12 CFR Ch. VI (1-1-05 Edition)

with a maturity as near as possible to the period remaining until your obligations under this paragraph would be due (but before the due date).

(3) If your bank or your predecessor bank has redeemed early any preferred stock issued to the FAC, we may require you to confirm in writing that your successor institution will assume responsibility for any and all of your contingent liabilities under any FAC-preferred stock redemption agreement and indemnification agreement.

§611.1275 Retirement of equities held by other System institutions.

(a) *Retirement at option of equity holder.* If your institution is a terminating institution, System institutions that own your equities have the right to require you to retire the equities on the termination date.

(b) *Value of equity holders' interests.* You must retire the equities in accordance with the liquidation provisions in your bylaws unless we determine that the liquidation provisions would result in an inequitable distribution to stockholders. If we make such a determination, we will require you to distribute the equity in accordance with another method that we deem equitable to stockholders. Before you retire any equity, you must make the following adjustments to the amount of stockholder equity as stated in the financial statements on the termination date:

(1) Make deductions for any FAC obligations and taxes due to the termination that you have not yet recorded;

(2) Deduct the amount of the exit fee; and

(3) Make any adjustments described under §611.1250(c) that we may require as we deem appropriate.

(c) *Transfer of affiliated association's investment.* As an alternative to equity retirement, an affiliated association that reaffiliates with another Farm Credit bank instead of terminating with its bank has the right to require the terminating bank to transfer its investment to its new affiliated bank when it reaffiliates. If your institution is a terminating bank, at the time of reaffiliation you must transfer the purchased and allocated equities held by the association, as well as its share of

Farm Credit Administration

§ 611.1280

unallocated surplus, to the new affiliated bank. Calculate the association's share before deduction of the exit fee as of the month end preceding the reaffiliation date (or the termination date if it is the same as the reaffiliation date) in accordance with the liquidation provisions of your bylaws, unless we determine that the liquidation provisions would result in an inequitable distribution. If we make such a determination, we will require you to distribute the association's share of your unallocated surplus in accordance with another method that we deem equitable to stockholders. Before you distribute any unallocated surplus, you must make the following adjustments to stockholder equity as stated in the financial statements as of the month end preceding the reaffiliation date (or the termination date if it is the same as the reaffiliation date):

(1) Add back any deductions of FAC obligations due to the termination, taxes due to the termination, and the exit fee; and

(2) Make any adjustments described under § 611.1250(c) that we may require as we deem appropriate.

(d) *Prohibition on certain affiliations.* No Farm Credit institution may retain an equity interest otherwise prohibited by law in a successor institution.

§ 611.1280 Dissenting stockholders' rights.

(a) *Definition.* A dissenting stockholder is an equity holder (other than a System institution) in a terminating institution on the termination date who either:

(1) Was eligible to vote on the termination resolution and voted against termination;

(2) Was an equity holder on the voting record date but was not eligible to vote; or

(3) Became an equity holder after the voting record date.

(b) *Retirement at option of a dissenting stockholder.* A dissenting stockholder may require a terminating institution to retire the stockholder's equity interest in the terminating institution.

(c) *Value of a dissenting stockholder's interest.* You must pay a dissenting stockholder according to the liquidation provision in your bylaws, except

that you must pay at least par or face value for eligible borrower stock (as defined in section 4.9A(d)(2) of the Act). If we determine that the liquidation provision is inequitable to stockholders, we will require you to calculate their share in accordance with another formula that we deem equitable.

(d) *Calculation of interest of a dissenting stockholder.* Before you retire any equity, you must make the following adjustments to the amount of stockholder equity as stated in the financial statements on the termination date:

(1) Deduct any FAC obligations and taxes due to the termination that you have not yet recorded;

(2) Deduct the amount of the exit fee; and

(3) Make any adjustments described under § 611.1250(c) that we may require as we deem appropriate.

(e) *Form of payment to a dissenting stockholder.* You must pay a dissenting stockholder for his equities as follows:

(1) Pay cash for the par or face value of purchased stock, less any impairment;

(2) For equities other than purchased equities, you may:

(i) Pay cash;

(ii) Cause or otherwise provide for the successor institution to issue, on the date of termination, subordinated debt to the stockholder with a face value equal to the value of the remaining equities. This subordinated debt must have a maturity date of 7 years or less, must have priority in liquidation ahead of all equity, and must carry a rate of interest not less than the rate (at the time of termination) for debt of comparable maturity issued by the U.S. Treasury plus 1 percent; or

(iii) Provide for a combination of cash and subordinated debt as described above.

(f) *Payment to holders of special class of stock.* If you have adopted bylaws under § 611.1210(f), you must pay a dissenting stockholder who owns shares of the special class of stock an amount equal to the lower of the par (or face) value or the value of such stock as determined under § 611.1280(c) and (d).

(g) *Notice to equity holders.* The notice to equity holders required in

§611.1285

§611.1240(e) must include a form for stockholders to send back to you, stating their intention to exercise dissenters' rights. The notice must contain the following information:

(1) A description of the rights of dissenting stockholders set forth in this section and the approximate value per share that a dissenting stockholder can expect to receive. State whether the successor institution will require borrowers to be stockholders or whether it will require stockholders to be borrowers.

(2) A description of the current book and par value per share of each class of equities, and the expected book and market value of the stockholder's interest in the successor institution.

(3) A statement that a stockholder must return the enclosed form to you within 30 days if the stockholder chooses to exercise dissenters' rights.

(h) *Notice to subsequent equity holders.* Equity holders that acquire their equities after the termination vote must also receive the notice described in paragraph (g) of this section. You must give them at least 5 business days to decide whether to request retirement of their stock.

(i) *Reconsideration.* If a reconsideration vote is held and the termination is disapproved, the right of stockholders to exercise dissenters' rights is rescinded. If a reconsideration vote is held and the termination is approved, you must retire the equities of dissenting stockholders as if there had been no reconsideration vote.

§611.1285 Loan refinancing by borrowers.

(a) *Disclosure of credit and loan information.* At the request of a borrower seeking refinancing with another System institution before you terminate, you must give credit and loan information about the borrower to such institution.

(b) *No reassignment of territory.* If, at the termination date, we have not assigned your territory to another System institution, any System institution may lend in your territory, to the extent otherwise permitted by the Act and the regulations in this chapter.

12 CFR Ch. VI (1-1-05 Edition)

§611.1290 Continuation of borrower rights.

You may not require a waiver of contractual borrower rights provisions as a condition of borrowing from and owning equity in the successor institution. Institutions that become other financing institutions on termination must comply with the applicable borrower rights provisions in the Act and part 617 of this chapter.

Subpart A—Standards of Conduct

§612.2130 Definitions.

For purposes of this part, the following terms are defined:

(a) *Agent* means any person, other than a director or employee, who represents a System institution in contacts with third parties or who provides professional services to a System

Farm Credit Administration

§ 612.2130

institution, such as legal, accounting, appraisal, and other similar services.

(i) Violate an institution's policies and procedures governing standards of conduct.

(b) Each employee shall, at such intervals as the Board shall determine necessary to effectively enforce this regulation and the institution's standards-of-conduct policy adopted pursuant to § 612.2165, file a written and signed statement with the Standards of Conduct Official that contains those disclosures required by the regulation and such policy. At a minimum, these requirements shall include:

(i) The name of any relative or any person residing in the employee's household, any business partner, or any entity controlled by the employee or such persons (alone or in concert) if the employee knows or has reason to know that such individual or entity transacts business with the employing institution or any institution supervised by the employing institution; and

(2) The name and the nature of the business of any entity in which the employee has a material financial interest or on whose board the employee sits if the employee knows or has reason to know that such entity transacts business with:

The purposes of this part are to ensure public confidence in the Farm Credit System, to ensure the reporting of known or suspected criminal activity, to reduce potential losses to institutions, and to ensure the safety and soundness of institutions. This part requires that institutions use the Farm Credit Administration Criminal Referral Form (hereinafter FCA Referral Form) to notify the appropriate Federal authorities when any known or suspected Federal criminal violations of the type described in §612.2301 are discovered by institutions.

(b) The specific referral requirements of this part apply to known or suspected criminal violations of the United States Code involving the assets, operations, or affairs of an institution. This part prescribes procedures for referring those violations to the proper Federal authorities and the Farm Credit Administration. No specific procedural requirements apply to the referral of violations of State or local laws.

(c) Nothing in this part should be construed as reducing in any way an institution's ability to report known or suspected criminal activities to the appropriate investigatory or prosecuting authorities, whether Federal, State, or local, even when the circumstances in which a report is required under §612.2301 are not present.

(d) It shall be the responsibility of each System institution to determine whether there appears to be a reasonable basis to conclude that a criminal violation has been committed and, if so, to report the matter to the proper law enforcement authorities for consideration of prosecution.

(e) Each referral required by §612.2301(a) shall be made on the FCA Referral Form in accordance with the FCA Referral Form instructions relating to its filing and distribution.

(c) In addition to the requirements of paragraph (a) of this section, the institution shall immediately notify by telephone the appropriate Federal law enforcement authorities and FCA offices specified on the FCA Referral Form upon determining that a known or suspected criminal violation of Federal law requiring urgent attention has occurred or is ongoing. Subpart A—Financing Under Titles I and II of the Farm Credit Act

SOURCE: 62 FR 4441, Jan. 30, 1997, unless otherwise noted.

§ 613.3000 Financing for farmers, ranchers, and aquatic producers or harvester.

(a) *Definitions.* For purposes of this subpart, the following definitions apply:

(1) *Bona fide farmer or rancher* means a person owning agricultural land or engaged in the production of agricultural products, including aquatic products under controlled conditions.

(2) *Legal entity* means any partnership, corporation, estate, trust, or other legal entity that is established pursuant to the laws of the United States, any State thereof, the Commonwealth of Puerto Rico, the District of Columbia, or any tribal authority and is legally authorized to conduct a business.

(3) *Person* means an individual who is a citizen of the United States or a for-

eign national who has been lawfully admitted into the United States either for permanent residency pursuant to 8 U.S.C. 1101(a)(20) or on a visa pursuant to a provision in 8 U.S.C. 1101(a)(15) that authorizes such individual to own property or operate or manage a business or a legal entity.

(4) *Producer or harvester of aquatic products* means a person engaged in producing or harvesting aquatic products for economic gain in open waters under uncontrolled conditions.

(b) *Eligible borrower.* Farm Credit institutions that operate under titles I or II of the Act may provide financing to a bona fide farmer or rancher, or producer or harvester of aquatic products for any agricultural or aquatic purpose and for other credit needs.

§ 613.3005 Lending objective.

It is the objective of each bank and association, except for banks for cooperatives, to provide full credit, to the extent of creditworthiness, to the full-time bona fide farmer (one whose primary business and vocation is farming, ranching, or producing or harvesting aquatic products); and conservative credit to less than full-time farmers for agricultural enterprises, and more restricted credit for other credit requirements as needed to ensure a sound credit package or to accommodate a borrower's needs as long as the total credit results in being primarily an agricultural loan. However, the part-time farmer who needs to seek off-farm employment to supplement farm income or who desires to supplement off-farm income by living in a rural area and is carrying on a valid agricultural operation, shall have availability of credit for mortgages, other agricultural purposes, and family needs in the preferred position along with full-time farmers. Loans to farmers shall be on an increasingly conservative basis as the emphasis moves away from the full-time bona fide farmer to the point where agricultural needs only will be financed for the applicant whose business is essentially other than farming. Credit shall not be extended where investment in agricultural assets for speculative appreciation is a primary factor.

Farm Credit Administration**§ 613.3030****§ 613.3010 Financing for processing or marketing operations.**

(a) *Eligible borrowers.* A borrower is eligible for financing for a processing or marketing operation under titles I and II of the Act, only if the borrower meets the following requirements:

(1) The borrower is either a bona fide farmer, rancher, or producer or harvester of aquatic products, or is a legal entity in which eligible borrowers under §613.3000(b) own more than 50 percent of the voting stock or equity; and

(2) The borrower or an owner of the borrowing legal entity regularly produces some portion of the throughput used in the processing or marketing operation.

(b) *Portfolio restrictions for certain processing and marketing loans.* Processing or marketing loans to eligible borrowers who regularly supply less than 20 percent of the throughput are subject to the following restrictions:

(1) *Bank limitation.* The aggregate of such processing and marketing loans made by a Farm Credit bank shall not exceed 15 percent of all its outstanding retail loans at the end of the preceding fiscal year.

(2) *Association limitation.* The aggregate of such processing and marketing loans made by all direct lender associations affiliated with the same Farm Credit bank shall not exceed 15 percent of the aggregate of their outstanding retail loans at the end of the preceding fiscal year. Each Farm Credit bank, in conjunction with all its affiliated direct lender associations, shall ensure that such processing or marketing loans are equitably allocated among its affiliated direct lender associations.

(3) *Calculation of outstanding retail loans.* For the purposes of this paragraph, "outstanding retail loans" includes loans, loan participations, and other interests in loans that are either bought without recourse or sold with recourse.

§ 613.3020 Financing for farm-related service businesses.

(a) *Eligibility.* An individual or legal entity that furnishes farm-related services to farmers and ranchers that are directly related to their agricultural production is eligible to borrow from a

Farm Credit bank or association that operates under titles I or II of the Act.

(b) *Purposes of financing.* A Farm Credit Bank, agricultural credit bank, or direct lender association may finance:

(1) All of the farm-related business activities of an eligible borrower who derives more than 50 percent of its annual income (as consistently measured on either a gross sales or net sales basis) from furnishing farm-related services that are directly related to the agricultural production of farmers and ranchers; or

(2) Only the farm-related services activities of an eligible borrower who derives 50 percent or less of its annual income (as consistently measured on either a gross sales or net sales basis) from furnishing farm-related services that are directly related to the agricultural production of farmers and ranchers.

(c) *Limitation.* The authority of Farm Credit banks and associations operating under section 1.7(a) of the Act to finance eligible farm-related service businesses under paragraphs (b)(1) and (b)(2) of this section is limited to necessary capital structures, equipment, and initial working capital.

(2) The aggregate of rural home loans made by each direct lender association shall not exceed 15 percent of the total of its outstanding loans at the end of its preceding fiscal year, except with the prior approval of its funding bank.

(3) The aggregate of rural home loans made by all direct lender associations that are funded by the same Farm Credit bank shall not exceed 15 percent of the total outstanding loans of all such associations at the end of the funding bank's preceding fiscal year.

(a) A Farm Credit Bank or agricultural credit bank shall not advance funds to, or discount loans for, any direct lender association except pursuant to a general financing agreement. Each general financing agreement must require that the amount of financing available to a direct lender association not be based on loans that are ineligible under the Act and the regulations in this chapter. If financing under a general financing agreement is based on a loan that FCA determines is ineligible under the Act and the regulations in this chapter, then the amount of financing available must be recalculated without that ineligible loan.

(b) The Farm Credit Bank or agricultural credit bank shall deliver a copy of the executed general financing agreement and all related documents,

§614.4130

such as a promissory note or security agreement, and all amendments of any of these documents, within 10 business days after any such document or amendment is executed, to the Chief Examiner, Farm Credit Administration, or to the Farm Credit Administration office that the Chief Examiner designates.

(c) The general financing agreement shall address only those matters that are reasonably related to the debtor/creditor relationship between the Farm Credit Bank or agricultural credit bank and the direct lender association.

(d) The total credit extended to a direct lender association, through direct loan or discounts, shall be consistent with the Farm Credit Bank's or agricultural credit bank's lending policies and loan underwriting standards and the creditworthiness of the direct lender association. The general financing agreement or promissory note shall establish a maximum credit limit determined by objective standards as established by the Farm Credit Bank or agricultural credit bank.

(e) A Farm Credit Bank or agricultural credit bank that provides notice to a direct lender association that it is in material default of any covenant, term, or condition of the general financing agreement, promissory note, security agreement, or other related documents simultaneously shall provide written notification to the Chief Examiner, Farm Credit Administration, or to the Farm Credit Administration office that the Chief Examiner designates and the Director, Risk Management, Farm Credit System Insurance Corporation.

(f) A direct lender association shall provide written notification to the Chief Examiner, Farm Credit Administration, or to the Farm Credit Administration office that the Chief Examiner designates, and the Director, Risk Management, Farm Credit System Insurance Corporation immediately upon receipt of a notice that it is in material default under any general financing agreement, loan agreement, promissory note, security agreement, or other related documents with a Farm Credit Bank, agricultural credit bank or non-Farm Credit institution.

12 CFR Ch. VI (1-1-05 Edition)

(g) A Farm Credit Bank or agricultural credit bank shall obtain prior written consent of the Farm Credit Administration before it takes any action that leads to or could lead to the liquidation of a direct lender association.

(h) No direct lender association shall obtain financing from any party unless the parties agree to the requirements of this paragraph. No Farm Credit Bank, agricultural credit bank, or other party shall petition any Federal or State court to appoint a conservator, receiver, liquidation agent, or other administrator to manage the affairs of or liquidate a direct lender association.

 - (2) That are appropriate for each loan program and the institution's risk-bearing ability; and
 - (3) That consider the nature and type of credit risk, amount of the loan, and enterprises being financed
- (h) Requirements that loan terms and conditions are appropriate for the loan; and

§ 614.4155 Interest rates.

Loans made by each bank and direct lender association shall bear interest at a rate or rates as may be determined by the institution board. The board shall set interest rates or approve individual interest rate changes either on a case-by-case basis or pursuant to an interest rate plan within which management may establish rates. Any interest rate plan shall set loan-pricing policies and objectives, provide guidance regarding the circumstances under which management may adjust rates, and provide the upper and lower limits on management authority. Any interest rate plan adopted shall be reviewed on a continuing basis by the board, as well as in conjunction with its review and approval of the institution's operational and strategic business plan.

§ 614.4160 Differential interest rate programs.

Pursuant to policies approved by the board of directors, differential interest rates may be established for loans based on a variety of factors that may include type, purpose, amount, quality, funding or operating costs, or similar factors or combinations of factors. Differential interest rate programs should achieve equitable rate treatment within categories of borrowers. In the adoption of differential interest rate programs, institutions may consider, among other things, the effect that such interest rate structures will have on the achievement of objectives relating to the special credit needs of young, beginning or small farmers.

§ 614.4200 General requirements.

(a) *Terms and conditions.* (1) The terms and conditions of each loan made by a Farm Credit bank or association shall be set forth in a written document or documents, such as a loan agreement, promissory note, or other instrument(s) appropriate to the type and amount of the credit extension, in order to establish loan conditions and performance requirements. Copies of all documents executed by the borrower in connection with the closing of a loan made under titles I or II of the Act shall be provided to the borrower at the time of execution and at any time thereafter that the borrower requests additional copies.

(2) The terms and conditions of all loans shall be adequately disclosed in writing to the borrower not later than loan closing. For loans made under titles I and II of the Act, the institution

shall provide prompt written notice of the approval of the loan.

(3) Applicants shall be provided notification of the action taken on each credit application in compliance with the requirements of 12 CFR 202.9.

(b) *Security.* (1) Long-term real estate mortgage loans must be secured by a first lien interest in real estate, except that the loans may be secured by a second lien interest if the institution also holds the first lien on the property. No funds shall be advanced, under a legally binding commitment or otherwise, if the outstanding loan balance after the advance would exceed 85 percent (or 97 percent as provided in section 1.10(a) of the Act) of the appraised value of the real estate, except that a loan on which private mortgage insurance is obtained may exceed 85 percent of the appraised value of the real estate to the extent that the loan amount in excess of 85 percent is covered by such insurance. The real estate that is used to satisfy the loan-to-value limitation must be comprised primarily of agricultural or rural property, including agricultural land and improvements thereto, a farm-related business, a marketing or processing operation, a rural residence, or real estate used as an integral part of an aquatic operation.

(2) Notwithstanding the requirements of paragraph (b)(1) of this section, the lending institution may advance funds for the payment of taxes or insurance premiums with respect to the real estate, reschedule loan payments, grant partial releases of security interests in the real estate, and take other actions necessary to protect the lender's collateral position. Any action taken that results in exceeding the loan-to-value limitation shall be in accordance with a policy of the institution's board of directors and adequately documented in the loan file.

(3) Short- and intermediate-term loans may be secured or unsecured as the documented creditworthiness of the borrower warrants.

(4) In addition to the requirements in paragraph (b)(1) of this section, a long-term, non-farm rural home loan, including a revolving line of credit, shall be secured by a first lien on the property, except that it may be secured by

§614.4231

a second lien if the institution also holds the first lien on the property. A short- or intermediate-term loan on a rural home, including a revolving line of credit, must be secured by a lien on the property unless the financing is provided exclusively for repairs, remodeling, or other improvements to the rural home, in which case the loan may be secured by other property or unsecured if warranted by the documented creditworthiness of the borrower.

(5) Except as provided in §614.4231, loans made under title III of the Act may be secured or unsecured, as appropriate for the purpose of the loan and the documented creditworthiness of the borrower.

§614.4231 Certain seasonal commodity loans to cooperatives.

Loans on certain commodities that are part of government programs shall comply with the criteria established for those programs. Security taken on program commodities shall be consistent with prudent lending practices and ensure compliance with the government program. The bank shall provide for periodic review by bank officials of any custodial activities and shall provide notice to the custodians that their activities are subject to review and examination by the Farm Credit Administration.

(a) The term of the loan shall not be longer than the total period of the lease;

(b) The contract between the lessor and lessee shall establish that the leased assets are effectively under the control of the lessee and that such control shall continue in effect for essentially all of the term of the lease;

12 CFR Ch. VI (1-1-05 Edition)

(c) The lessee must hold at least one share of stock or one participation certificate; and

(d) The leased equipment and facilities must be primarily for use in the lessee's operations in the United States.

Term loans made by banks for cooperatives and agricultural credit banks under the authority of section 3.7(b) of the Act and §613.3200 of this chapter to foreign or domestic parties who are not shareholders of the bank shall be subject to the following conditions:

(a) The loan shall be denominated in a currency to eliminate foreign exchange risk on repayment.

(b) The borrower's obligations shall be guaranteed or insured against default under such policies as are available in the United States and other countries. Exceptions may be made where a prospective borrower has had a longstanding successful business relationship with an eligible cooperative borrower or an eligible cooperative which is not a borrower if the prospective borrower has a high credit rating as determined by the bank.

(c) For a borrower in which a voting stockholder of the bank has a majority ownership interest, financing may be extended for the full value of the transaction; otherwise, financing may be extended only to approximate the percent of ownership.

Subpart F—Collateral Evaluation Requirements

SOURCE: 59 FR 46730, Sept. 12, 1994, unless otherwise noted.

§614.4240 Collateral definitions.

For the purposes of this part, the following definitions shall apply:

Farm Credit Administration**§ 614.4240**

(a) *Abundance of caution*, when used to describe decisions to require collateral, means that the collateral is taken in circumstances in which:

(1) It is not required by statute, regulation, or the institution's policies; and

(2) A prudent lender would extend credit based on a borrower's income and/or other collateral, absent the real estate, and the decision to extend credit was, in fact, based on other sources of revenue or collateral.

(b) *Appraisal* means a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion as to the market value of an adequately described property as of a specific date(s), supported by the presentation and analysis of relevant market information.

(c) *Appraisal Foundation* means the Appraisal Foundation established on November 30, 1987, by professional appraisal organizations, as a not-for-profit corporation under the laws of Illinois, in order to enhance the quality of professional appraisals.

(d) *Appraisal Subcommittee* means the Appraisal Subcommittee of the Federal Financial Institutions Examination Council.

(e) *Business loan* means a loan or other extension of credit to any corporation, general or limited partnership, business trust, joint venture, sole proprietorship, or other business entity (including entities and individuals engaged in farming enterprises).

(f) *Cost approach* means the process by which an evaluator establishes an indicated value by measuring the current market cost to construct a reproduction of or replacement for the improvements, minus the amount of depreciation (physical deterioration, or functional and/or external obsolescence) evident in the structure from all causes, plus the market value of the land.

(g) *Evaluation* means a study of the nature, quality, or utility of, interest in, or aspects of, an asset. An evaluation may take the form of a valuation or an appraisal.

(h) *Fee appraiser* means a qualified evaluator who is not an employee of the party contracting for the completion of the evaluation and who performs an evaluation on a fee basis. For

purposes of this subpart, a fee appraiser may include a staff evaluator from another Farm Credit System institution only if the employing institution is not operating under joint management with the contracting institution. In addition, for purposes of personal and intangible collateral evaluations, the term "fee appraiser" includes, but is not limited to, certified public accountants, equipment dealers, grain buyers, livestock buyers, and auctioneers.

(i) *FIRREA* means the Financial Institutions Recovery, Reform, and Enforcement Act of 1989.

(j) *Highest and best use* means the reasonable and most probable use of the property that would result in the highest market value of vacant land or improved property, as of the date of valuation; or that use, from among reasonably probable and legally alternative uses, found to be physically possible, appropriately supported, financially feasible, and which results in the highest land value.

(k) *Income capitalization approach* means the procedure that values property by measuring the present value of the expected future benefits of property ownership. This value is derived from either:

(1) Capitalizing a single year's income expectancy or an annual average of several years' income expectancies at a market-derived capitalization rate that reflects a specific income pattern, return on investment, and change in the value of the investment; or

(2) Discounting the annual cashflows for the holding period and the reversion at a specified yield rate or specified yield rates which reflect market behavior.

(l) *Market value* means the most probable price that a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently, knowledgeably, and assuming neither is under duress. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

(1) Buyer and seller are typically motivated;

§614.4240

- (2) Both parties are well informed or well advised, and acting in what they consider their best interests;
- (3) A reasonable time is allowed for exposure in the open market;
- (4) Payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and
- (5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.
- (m) *Personal property*, for purposes of this subpart, means all tangible and movable property not considered real property or fixtures.
- (n) *Qualified evaluator* means an individual who is competent, reputable, impartial, and has demonstrated sufficient training and experience to properly evaluate property of the type that is the subject of the evaluation. For the purposes of this definition, the term "qualified evaluator" includes an appraiser or valuator.
- (o) *Real estate* means an identified parcel or tract of land, including improvements, if any.
- (p) *Real estate-related financial transactions* means any transaction involving:
- (1) The sale, lease, purchase, investment in, or exchange of real property, including interests in property or the financing thereof; or
 - (2) The refinancing of real property or interests in real property; or
 - (3) The use of real property or interests in real property as security for a loan or investment, including mortgage-backed securities.
- (q) *Real property* means all interests, benefits, and rights inherent in the ownership of real estate.
- (r) *Sales comparison approach* means the procedure that values property by comparing the subject property to similar properties located in relatively close proximity, having similar size and utility, and having been recently sold in arm's-length transactions (comparable sales). The sales comparison approach requires the evaluator to estimate the degree of similarity and difference between the subject property and comparable sales. Such comparison shall be made on the basis of conditions of sale, financing terms, market conditions, location, physical characteristics, and income characteristics. Appropriate adjustments shall be made to the sales price of the comparable property based on the identified deficiencies or superiorities of the subject property to arrive at a probable price for which the subject property could be sold on the date of the collateral evaluation.
- (s) *State certified appraiser* means any individual who has satisfied the requirements for and has been certified as a real estate appraiser by a State or territory whose requirements for certification currently meet or exceed the minimum criteria for certification issued by the Appraiser Qualification Board of the Appraisal Foundation. No individual shall be a State certified appraiser unless such individual has achieved a passing grade on a suitable examination administered by a State or territory that is consistent with and equivalent to the Uniform State Certification Examination issued or endorsed by the Appraiser Qualification Board of the Appraisal Foundation. In addition, the Appraisal Subcommittee must not have issued a finding that the policies, practices, or procedures of the State or territory are inconsistent with title XI of FIRREA.
- (t) *State licensed appraiser* means any individual who has satisfied the requirements for licensing and has been licensed as a real estate appraiser by a State or territory in which the licensing procedures comply with title XI of FIRREA and in which the Appraisal Subcommittee has not issued a finding that the policies, practices, or procedures of the State or territory are inconsistent with title XI of FIRREA.
- (u) *Transaction value* means:
- (1) For loans or other extensions of credit, the amount of the loan, loan commitment, or other extensions of credit;
 - (2) For sales, leases, purchases, investments in, or exchanges of real property, the market value of the property interest involved; and
 - (3) For the pools of loans or interests in real property, the transaction value of the individual loans or the market value of the real property interests comprising the pool.

12 CFR Ch. VI (1-1-05 Edition)

- 116

Farm Credit Administration**§ 614.4250**

(v) *USPAP* means the Uniform Standards of Professional Appraisal Practice adopted by the Appraisal Foundation.

(w) *Valuation* means the process of estimating a defined value of an identified interest or interests in a specific asset or assets as of a given date. A valuation results from the completion of a collateral evaluation that does not require an appraisal.

§ 614.4245 Collateral evaluation policies.

(a) The board of directors of each Farm Credit System institution that engages in lending or leasing secured by collateral shall adopt well-defined and effective collateral evaluation policies and standards, that comply with the regulations in this subpart, to ensure that collateral evaluations are:

(1) Sufficiently descriptive and detailed to provide ample support to the institution's related credit decisions;

(2) Performed based on criteria established for the purpose of determining the circumstances under which collateral evaluations will be required and when they will be required. Such criteria must, at a minimum:

(i) Establish when an institution will require a collateral appraisal completed under the USPAP rather than a collateral valuation; and

(ii) Take into account such factors as market trends, market volatility, and various types of credit, loan servicing, collection, and liquidation actions; and

(3) Completed by a qualified evaluator in an unbiased manner.

(b) The policies and standards required by this section shall, at a minimum, address the criteria outlined in §§ 614.4250 through 614.4267 of this subpart.

(c) A Federal land bank association shall, with the approval of its respective Farm Credit bank, adopt collateral evaluation policies that are consistent with the bank's policies and standards.

(d) An institution's board of directors may adopt specific collateral evaluation requirements, consistent with the regulations in this subpart, for loans designated as part of a minimum information program.

§ 614.4250 Collateral evaluation standards.

(a) When real, personal, or intangible property is taken as security for a loan or is the subject of a lease, an evaluation of such property shall be performed in accordance with § 614.4260 and the institutions' policies and procedures. Such a collateral evaluation shall be identified as either a collateral valuation or a collateral appraisal. Specifically, all collateral evaluations must:

(1) Value the subject property based upon market value as defined in § 614.4240(l);

(2) Be presented in a written format;

(3) Consider the purpose for which the property will be used and the property's highest and best use, if different from the intended use;

(4) Be sufficiently descriptive to enable the reader to ascertain the reasonableness of the estimated market value and the rationale for the estimate;

(5) Provide sufficient detail (including an identification and description of the property) and depth of analysis to reflect the relevant characteristics and complexity of the subject property;

(6) Analyze and report, as appropriate, for real, intangible, and/or personal property, on:

(i) The current income producing capacity of the property;

(ii) A reasonable marketing period for the property;

(iii) The current market conditions and trends that will affect projected income, to the extent such conditions will affect the value of the property;

(iv) The appropriate deductions and discounts as they would apply to the property, including but not limited to, those based on the condition of the property, as well as the specialization of the operation and property; and

(v) Potential liabilities, including those associated with any hazardous waste or other environmental concerns; and

(7) Include in the evaluation report a certification that the evaluation was not based on a requested minimum valuation or specific valuation or approval of a loan.

(b) For purposes of determining appraisal value as required in section

§ 614.4255

1.10(a) of the Act, the definition of market value and the requirements of this subpart shall apply.

§ 614.4255 Independence requirements.

(a) *Prohibitions.* For all personal and intangible property, and for all real property exempted under § 614.4260(c) of this subpart, no person may:

(1) Perform evaluations in connection with transactions in which such person has a direct or indirect interest, financial or otherwise, in the loan or subject property;

(2) As a director, vote on or approve a loan decision on which such person performed a collateral evaluation; or

(3) As a director, perform a collateral evaluation in connection with any transaction on which such person made or will be required to make a credit decision.

§ 614.4260 Evaluation requirements.

(a) *Valuation.* Valuations of personal and intangible property, as well as real property exempted under paragraph (c) of this section, shall be performed by qualified individuals who meet the established standards of this subpart and the Farm Credit System institution obtaining the collateral valuation.

(b) *Appraisal.* (1) Appraisals for real estate-related financial transactions with transaction values of more than \$250,000 shall be performed by a qualified appraiser who is a State licensed or a State certified real estate appraiser.

(2) Appraisals for real estate-related financial transactions with transaction values of more than \$1,000,000 shall be performed by a qualified appraiser who is a State certified real estate appraiser.

(c) *Appraisals not required.* An appraisal performed by a State certified or State licensed appraiser is not required for any real estate-related financial transaction in which any of the following conditions are met:

(1) The transaction value is \$250,000 or less;

(2) The transaction is a "business loan" as defined in § 614.4240(e) that:

(i) Has a transaction value of \$1,000,000 or less; and

(ii) Is not dependent on income derived from the sale or cash rental of real estate as the primary source of repayment;

(3) A lien on real property has been taken as collateral in an abundance of caution, and the application, when

Farm Credit Administration**§ 614.4265**

evaluated on the five basic credit factors, without considering the subject real estate, would support the credit decision that was based on other sources of repayment or collateral;

(4) A lien on real estate is not statutorily required and has been taken for purposes other than the real estate's value;

(5) Subsequent loan transactions (which include but are not limited to loan servicing actions, reamortizations, modifications of loan terms, and partial releases), provided that either:

(i) The transaction does not involve the advancement of new loan funds other than funds necessary to cover reasonable closing costs; or

(ii) There has been no obvious and material change in market conditions or physical aspects of the property that threatens the adequacy of the Farm Credit System institution's real estate collateral protection, even with the advancement of new loan funds;

(6) A Farm Credit System institution purchases a loan or an interest in a loan, pool of loans, or interests in real property, including mortgage-backed securities, provided that:

(i) The appraisal prepared for each loan, pooled loan, or real property interest, when originated, met the standards of this subpart, other Federal regulations adopted pursuant to FIRREA, or the requirements of the government-sponsored secondary market intermediaries under whose auspices the interest is sold; and

(ii) There has been no obvious and material change in market conditions or physical aspects of the property that would threaten the Farm Credit System institution's collateral position, or

(7) A Farm Credit System institution makes or purchases a loan secured by real estate, which loan is guaranteed by an agency of the United States Government and is supported by an appraisal that conforms to the requirements of the guaranteeing agency.

To qualify for exceptions in paragraphs (c)(1) through (c)(7) of this section from the requirements of this subpart, the institution must have documentation justifying the use of such exceptions in the applicable loan file(s). In addition, the institution must document that the repayment of

a "business loan" is not dependent on income derived from the sale or cash rental of real estate.

(d) *FCA-required appraisals.* The FCA reserves the right to require an appraisal under this subpart whenever it believes it is necessary to address safety and soundness issues.

(e) *Reciprocity.* The requirements of this subpart are satisfied by the use of State certified or State licensed appraisers from any State provided that:

(1) The appraiser is qualified to perform such appraisals;

(2) The applicable Farm Credit System institution has established policies providing for such interstate appraisals; and

(3) The applicable State appraiser licensing and certification agency recognizes the certification or license of the appraiser's State of permanent certification or licensure.

(a) Real estate shall be valued on the basis of market value.

(b) Market value shall be determined by a reasonable valuation method that:

(1) Considers the income capitalization approach, the sales comparison approach, and/or the cost approach, as appropriate, to determine market value;

(2) Explains and documents the elimination of any approach not used.

(3) Reconciles the market values of the applicable approaches; and

(c) Where real estate appraisals or real estate collateral valuations for business loans in excess of \$250,000 that would not otherwise be exempted under § 614.4260(c) are required, such evaluations shall be completed in accordance with the USPAP and shall include a legal description of the subject property.

(d) At a minimum, the institution shall develop and document the evaluation of the income and debt servicing capacity for the property and operation where the transaction value exceeds \$250,000 and the real estate taken as collateral:

(1) Is an integral part of and supports the principal source of loan repayment; or

§614.4266

12 CFR Ch. VI (1-1-05 Edition)

(2) Is not an integral part of and does not support the principal source of loan repayment, but has demonstrable rental market appeal, is statutorily required, and fully or partially constitutes an integral part of an agricultural or aquatic operation.

(e) The income-earning and debt-servicing capacity established under paragraph (d) of this section on such properties shall be documented as part of the credit analysis for any related loan action, whether or not the income capitalization approach value is used as the basis for the market value conclusion stated in the evaluation report.

(f) Collateral closely aligned with, an integral part of, and normally sold with real estate (fixtures) may be included in the value of the real estate. All other collateral associated with the real estate, but designated as personal property, shall be evaluated as personal property in accordance with §§ 614.4250 and 614.4266.

(g) The evaluation shall properly identify all nonagricultural influences, including, but not limited to, urban development, mineral deposits, and commercial building development value, and the reasoning supporting the evaluator's highest and best-use conclusion.

(h) Where an evaluation of real property is completed by a fee appraiser, as defined in § 614.4240(g), the institution's standards shall include provisions for periodic collateral inspections performed by the institution's account officer or appropriate designee.

§614.4266 Personal and intangible property evaluations.

bill of lading, or warehouse receipt), quality, condition, and date.

(c) Evaluations of intangibles shall include a review and description of the documents supporting the property interests and the marketability of the intangible property, including applicable terms, conditions, and restrictions contained in the document that would affect the value of the property.

(d) Where an evaluation of personal or intangible property is completed by a fee appraiser, as defined in § 614.4240(g), the institution's standards shall include provisions for periodic collateral inspections and verification by the institution's account officer or appropriate designee.

(e) When a Farm Credit System institution deems an appraisal necessary, personal or intangible property shall be appraised in accordance with procedures and standards established by the institution by individuals deemed qualified by the institution to complete the work under the USPAP Competency and Ethics Provisions.

(b) *Competency.* All staff and fee evaluators, including appraisers, performing evaluations in connection with real, personal, or intangible property taken as collateral in connection with extensions of credit must meet the qualification requirements of this subpart. However, an evaluator (as defined in § 614.4240(n)) may not be considered competent solely by virtue of being certified, licensed, or accredited. Subpart H—Loan Purchases and Sales

SOURCE: 57 FR 38247, Aug. 24, 1992, unless otherwise noted.

§ 614.4325 Purchase and sale of interests in loans.

(a) *Definitions.* For the purposes of this subpart, the following definitions shall apply:

(1) *Interests in loans* means ownership interests in the principal amount, interest payments, or any aspect of a loan transaction and transactions involving a pool of loans, including servicing rights.

(2) *Lead lender* means a lending institution having a direct contractual relationship with a borrower to advance funds, which institution sells or assigns an interest or interests in such loan to one or more other lenders.

(3) *Loan* means any extension of credit or similar financial assistance of the type authorized under the Act, such as guarantees, letters of credit, and other similar transactions.

(4) *Participating institution* means an institution that purchases a participation interest in a loan originated by another lender.

(5) *Sale with recourse* means a sale of a loan or an interest in a loan in which the seller:

(i) Retains some risk of loss from the transferred asset for any cause except the seller's breach of usual and customary warranties or representations designed to protect the purchaser against fraud or misrepresentation; or

(ii) Has an obligation to make payments of principal or interest to any party resulting from:

(A) Default on the payment of principal or interest on the loan by the borrower or guarantor or any other deficiencies in the obligor's performance;

(B) Changes in the market value of the assets after transfer;

(C) Any contractual relationship between the seller and purchaser incident to the transfer that, by its terms, could continue even after final payment, default, or other termination of the assets transferred; or

(D) Any other cause, except the retention at servicing rights alone shall not constitute recourse.

(6) *Subordinated participation interest* means an interest in a loan that bears the first risk of loss, including the retention of such an interest when a loan is sold to a pooler certified by the Federal Agricultural Mortgage Corporation pursuant to title VIII of the Act, or an interest in a pool of subordinated participation interests purchased to satisfy the requirements of title VIII of the Act with respect to a loan sold to such a certified pooler.

(b) *Authority to purchase and sell interests in loans.* Loans and interests in loans may only be sold in accordance with each institution's lending authorities, as set forth in subpart A of this part. No Farm Credit System institution may purchase from an institution that is not a Farm Credit System institution any interest in a loan, except for the purpose of pooling and securitizing such loans under title VIII of the Act, unless such an interest is a participation interest that qualifies under the institution's lending authority, as set forth in subpart A of this part, and meets the requirements of § 614.4330 of this subpart.

(c) *Policies.* Each Farm Credit System institution that is authorized to sell or purchase interests in loans under subpart A of this part shall exercise that authority in accordance with a policy adopted by its board of directors that addresses the following matters:

(1) The types of purchasers to which the institution is authorized to sell interests in loans;

(2) The types of loans in which the institution may purchase or sell an interest and the types of interests which may be purchased or sold;

(3) The underwriting standards to be applied in the purchase of interests in loans;

(4) Such limitations on the aggregate principal amount of interests in loans that the institution may purchase from a single institution as are necessary to diversify risk, and such limitations on the aggregate amount the institution may purchase from all institutions as are necessary to assure that service to the territory is not impeded;

(5) Provision for the identification and reporting of loans in which interests are sold or purchased;

§614.4325

(6) Requirements for providing and securing in a timely manner adequate credit and other information needed to make an independent credit judgment; and

(7) Any limitations or conditions to which sales or purchases are subject that the board deems appropriate, including arbitration.

(d) *Purchase and sale agreements.* Agreements to purchase or sell an interest in a loan shall, at a minimum:

(1) Identify the particular loan(s) to be covered by the agreement;

(2) Provide for the transfer of credit and other borrower information on a timely and continuing basis;

(6) Contain any terms necessary for the appropriate administration of the loan and the protection of the interests of the Farm Credit System institution.

(e) *Independent credit judgment.* Each institution that purchases an interest in a loan shall make a judgment on the creditworthiness of the borrower that is independent of the originating or lead lender and any intermediary seller or broker prior to the purchase of the interest and prior to any servicing action that alters the terms of the original agreement, which judgment shall not be delegated to any person(s) not employed by the institution. A Farm Credit System institution that purchases a loan or any interest therein may use information, such as appraisals or collateral inspections, furnished by the originating or lead lender, or any intermediary seller or broker; however, the purchasing Farm Credit System institution shall independently evaluate such information when exercising its independent credit judgment. No employee who performed a real estate appraisal on any collateral supporting a loan shall participate in the decision to purchase that loan. The independent credit judgment shall be documented by a credit analysis that considers factors set forth in the loan underwriting standards adopted pursuant to §614.4150 of this part and is inde-

pendent of the originating institution and any intermediary seller or broker. The credit analysis shall consider such credit and other borrower information as would be required by a prudent lender and shall include an evaluation of the capacity and reliability of the servicer. Boards of directors of jointly managed institutions shall adopt procedures to ensure that the interests of their respective shareholders are protected in participation between such institutions.

(f) *Limitations.* The aggregate principal amount of interests in loans purchased from a single lead lender and the aggregate principal amount of interests in loans purchased from other institutions shall not exceed the limits set in the institution's policy.

(g) *Sales with recourse.* When a loan or interest in a loan is sold with recourse, it shall be accorded the following treatment:

(1) The loan shall be considered, to the extent of the recourse, an extension of credit by the purchaser to the seller, as well as an extension of credit from the seller to the borrower(s), for the purpose of determining whether credit extensions to a borrower are within the lending limits established in subpart J of this part.

(2) The amount of the loan subject to the recourse agreement shall be considered a loan sold with recourse for the purpose of computing permanent capital ratios.

(h) *Transactions through agents.* Transactions pertaining to purchases of loans, including the judgement on creditworthiness, may be performed through an agent, provided that:

(1) The institution establishes the necessary criteria in a written agency agreement that outlines, at a minimum, the scope of the agency relationship and obligates the agent to comply with the institution's underwriting standards;

(2) The institution periodically reviews the agency relationship to determine if the agent's actions are in the best interest of the institution;

(3) The agent must be independent of the seller or intermediate broker in the transaction; and

Farm Credit Administration**§ 614.4335**

(4) If an association's funding bank serves as its agent, the agency agreement must provide that:

(i) The association can terminate the agreement upon no more than 60 days notice to the bank;

(ii) The association may, in its discretion, require the bank to purchase from the association any interest in a loan that the association determines does not comply with the terms of the agency agreement or the association's loan underwriting standards.

(b) *Loans designated for sale into a secondary market.* (1) An institution's by-laws may provide that the institution's minimum borrower stock purchase requirements do not apply if a loan is designated, at the time it is made, for sale into a secondary market.

(2) If a loan designated for sale under paragraph (b)(1) of this section is not sold into a secondary market during the 180-day period that begins on the date of designation, the institution's minimum borrower stock purchase requirements shall apply.

(c) *Retirement of borrower stock.* (1) *In general.* Borrower stock may be retired only if the institution meets the minimum permanent capital requirements imposed by the FCA pursuant to the Act or regulations and, except as provided in paragraph (c)(2) of this section, in accordance with the following:

(i) Borrower stock may be retired if the entire loan is sold without recourse, provided that when the loan is sold without recourse to another Farm Credit System institution, the borrower may elect to hold stock in either the selling or purchasing institution.

(ii) Borrower stock may not be retired when the entire loan is sold with recourse.

(iii) When an interest in a loan is sold without recourse, a proportionate amount of borrower stock may be retired, but in no event may stock be retired below the institution's minimum stock purchase requirements for the interest retained.

§614.4337

(2) *Loans sold into a secondary market.* An institution's bylaws may provide that all outstanding voting stock held by a borrower with respect to a loan shall be retired when the loan is sold into a secondary market.

(d) *Applicability.* In the case of a loan sold into a secondary market under title VIII of the Act, paragraphs (b)(1) and (c)(2) of this section apply regardless of whether the institution retains a subordinated participation interest in a loan or pool of loans or contributes to a cash reserve.

(1) The name, address, and telephone number of the purchasing institution; and

(2) The address where the payment should be sent.

§614.4357 Banks for cooperatives look-through notes.

Where a bank for cooperatives makes a loan to an eligible borrower that is secured by notes of individuals or business entities, the basic lending limits provided in §614.4355 may be applied to each original notemaker rather than to the loan to the eligible borrower, if:

(a) Each note is current and carries a full recourse endorsement or unconditional guarantee by the borrower;

(b) The bank determines the financial condition, repayment capacity, and other credit factors of the loan to the original maker reasonably justify the credit granted by the endorser; and

(c) The loans are fully supported by documented loan files, which include, at a minimum:

(1) A credit report supporting the bank's finding that the financial condition, repayment capacity, and other factors of the maker of the notes being pledged justify the credit extended by the bank and/or endorser;

(2) A certification by a bank officer designated for that purpose by the loan or executive committee that the financial responsibility of the original notemaker has been evaluated by the loan committee and the bank is relying primarily on each such maker for the payment of the obligation; and

(3) Other credit information normally required of a borrower when making and administering a loan.

§ 614.4358 Computation of obligations.

(a) *Inclusions.* The computation of total loans to each borrower for the purpose of computing their lending and leasing limit shall include:

(1) The total unpaid principal of all loans and lease balances outstanding and the total amount of undisbursed commitments except as excluded by paragraph (b) of this section. This amount shall include loans that have been charged off on the books of the institution in whole or in part but have not been collected, except to the extent that such amounts are not legally collectible;

(2) Purchased interests in loans, including participation interests, to the extent of the amount of the purchased interest, including any undisbursed commitment;

(3) Loans attributed to a borrower in accordance with § 614.4359.

(b) *Exclusions.* The following loans when adequately documented in the loan file, may be excluded from loans to a borrower subject to the lending and leasing limit:

(1) Any loan or portion of a loan that carries a full faith and credit performance guaranty or surety of any department, agency, bureau, board, commission, or establishment of the United States government, provided there is no evidence to suggest that the guaranty has become unenforceable and the institution can demonstrate that it is in compliance with the terms and conditions of the guaranty.

(2) Any loan or portion of a loan guaranteed by a Farm Credit System institution, pursuant to the provisions of § 614.4345 on guaranty agreements. This exclusion does not apply to the institution providing the guaranty.

(3) Any loan or portion of a loan that is secured by bonds, notes, certificates of indebtedness, or Treasury bills of the United States or by other obligations guaranteed as to principal and interest by the United States government, provided the loans are fully secured by the current market value of

such obligations. If the market value of the collateral declines to below the balance of the loan, and the entire loan, individually, or when combined with other loans and undisbursed commitments to or attributed to the borrower, causes the borrower's total indebtedness to exceed the institution's lending limit, the institution shall have 5 business days to bring the loan into conformance before it shall be deemed to be in violation of the lending limit.

(4) Interests in loans sold, including participation interests, when the sale agreement meets the following requirements:

(i) The interest must be sold without recourse; and

(ii) The agreement under which the interest is sold must provide for the sharing of all payments of principal, collection expenses, collateral proceeds, and risk of loss on a pro rata basis according to the percentage interest in the principal amount of the loan. Agreements that provide for the pro rata sharing to commence at the time of default or similar event, as defined in the agreement under which the interest is sold, shall be considered to be pro rata agreements, notwithstanding the fact that advances are made and payments are distributed on a basis other than pro rata prior to that time.

(5) Interests in leases sold when the sale agreement provides that:

(i) The interest sold must be:

(A) An undivided interest in all the lease payments or the residual value of all the leased property; or

(B) A fractional undivided interest in the total lease transaction;

(ii) The interest must be sold without recourse; and

(iii) Sharing of all lease payments must be on a pro rata basis according to the percentage interest in the lease payments.

(6) Loans sold in their entirety to a pooler certified by the Federal Agricultural Mortgage Corporation, if an interest in a pool of subordinated participation interests is purchased to satisfy

§614.4359

the requirements of title VIII of the Act.

§ 614.4359 Attribution rules.

(a) For the purpose of applying the lending and leasing limit to the indebtedness of a borrower, loans to a related borrower shall be combined with loans outstanding to the borrower and attributed to the borrower when any one of the following three conditions exist:

(1) *Liability.* (i) The borrower has primary or secondary liability on a loan made to the related borrower. The amount of such loan attributable to the borrower is limited to the amount of the borrower's liability.

(ii) This section does not require attribution of a guarantee taken out of an abundance of caution. To qualify for the abundance of caution exception to the requirements of this subpart, the institution must document in the loan file that the loan, when evaluated under the loan underwriting standards adopted pursuant to § 614.4150 of this part without considering the guarantee, would support the credit decision under the same basic terms and conditions.

(iii) For the banks for cooperatives and agricultural credit banks operating under title III authorities of the Act, look-through notes are exempt from the lending limit provisions provided they meet the criteria of § 614.4357.

(2) *Financial interdependence.* The operations of a borrower and related borrower are financially interdependent. Financial interdependence exists if the borrower is the primary source of repayment for a related borrower's loan, or if the operations of the borrower and the related borrower are commingled.

(i) The borrower shall be considered the primary source of repayment on the loan to the related borrower if the borrower is obligated to supply 50 percent or more of the related borrower's annual gross receipts, and reliance on the income from one another is such that, regardless of the solvency and liquidity of the borrower's operations, the debt service obligation of the related borrower could not be met if income flow from the borrower is inter-

12 CFR Ch. VI (1-1-05 Edition)

rupted or terminated. For the purpose of this paragraph, gross receipts include, but are not limited to, revenues, intercompany loans, dividends and capital contributions.

(ii) The assets or operations of the borrower and related borrower are considered to be commingled if they cannot be separated without materially impacting the economic survival of the individual operations and their ability to repay their loans.

(3) *Control.* The borrower directly or indirectly controls the related borrower. A borrower is deemed to control a related borrower if either paragraph (a)(3)(i) or (a)(3)(ii) of this section exist:

(i) The borrower, directly or acting through one or more other persons, owns 50 percent or more of the stock of the related borrower; or

(ii) The borrower, directly or acting through one or more other persons, owns or has the power to vote 25 percent or more of the voting stock of a related borrower, and meets at least one of the following three conditions:

(A) The borrower shares a common directorate or management with a related borrower. A common directorate is deemed to exist when a majority of the directors, trustees, or other persons performing similar functions of one borrower also serves the other borrower in a like capacity. A common management is deemed to exist if any employee of the borrower holds the position of chief executive officer, chief operating officer, chief financial officer, or an equivalent position in the related borrower's organization.

(B) The borrower controls in any manner the election of a majority of directors of a related borrower.

(C) The borrower exercises or has the power to exercise a controlling influence over management of a related borrower's operations through the provisions of management placement or marketing agreements, or providing services such as insurance carrier or bookkeeping.

(b) Each institution shall make provisions for appropriately designating loans to a related borrower that are combined with the borrower's loan and attributed to the borrower to ensure

Farm Credit Administration**§ 614.4360**

that loans to the borrower are within the lending and leasing limits.

(c) *Attribution rules table.* For the purposes of applying the lending and leasing limit to the indebtedness of a borrower, loans to a related borrower shall

be combined with loans outstanding to the borrower and attributed to the borrower when any one of three attribution rules are met as outlined in Table 1.

§ 614.4360 Lending and leasing limit violations.

(a) Each loan, except loans that are grandfathered under the provisions of § 614.4361, shall be in compliance with the lending and leasing limit on the date the loan is made, and at all times thereafter. Except as provided for in paragraph (b) of this section, loans which are in violation of the lending and leasing limit shall comply with the provisions of § 615.5090 of this chapter.

(b) Under the following conditions a loan that violates the lending and leasing limit shall be exempt from the provisions of § 615.5090 of this chapter:

(1) A loan in which the total amount of principal outstanding and undisbursed commitments exceed the lending and leasing limit because of a decline in permanent capital after the loan was made.

(2) Loans on which funds are advanced pursuant to a commitment that

was within the lending and leasing limit at the time the commitment was made, even if the lending and leasing limit subsequently declines.

(3) A loan that exceeds the lending and leasing limit as a result of the consolidation of the debt of two or more borrowers as a consequence of a merger or the acquisition of one borrower's operations by another borrower. Such a loan may be extended or renewed, for a period not to exceed 1 year from the date of such merger or acquisition, during which period the institution may advance and/or readvance funds not to exceed the greater of:

(i) 110 percent of the advances to the borrower in the prior calendar year; or
(ii) 110 percent of the average of the advances to the borrower in the past 3 calendar years.

(c) For all lending and leasing limit violations except those exempted under § 614.4360(b)(3), within 90 days of the

§614.4361

identification of the violation, the institution must develop a written plan prescribing the specific actions that will be taken by the institution to bring the total amount of loans and commitments outstanding or attributed to that borrower within the new lending and leasing limit, and must document the plan in the loan file.

(d) All leases, except those permitted under §614.4361, reading "effective date of this subpart" in §614.4361(a) and "effective date of these regulations" in §614.4361(b) as "effective date of this amendment," must comply with the lending and leasing limit on the date the lease is made, and at all times after that.

(e) Nothing in this section limits the authority of the FCA to take administrative action, including, but not limited to, monetary penalties, as a result of lending and leasing limit violations.

§614.4361 Transition.

(a) A loan (not including a commitment) made or attributed to a borrower prior to the effective date of this subpart, which does not comply with the limits contained in this subpart, will not be considered a violation of the lending and leasing limits during the existing contract terms of such loans. A new loan must conform with the rules set forth in this subpart. A new loan includes but is not limited to:

(1) Funds advanced in excess of existing commitment;

(2) A different borrower is substituted for a borrower who is subsequently released; or

(3) An additional person becomes an obligor on the loan.

(b) A commitment made prior to the effective date of these regulations which exceeds the lending and leasing limit may be funded to the full extent of the legal commitment. Any advances that exceed the lending and leasing limit are subject to the provisions prescribed in §614.4360.

Subpart N—Loan Servicing Requirements; State Agricultural Loan Mediation Programs; Right of First Refusal**§ 614.4510 General.**

Direct lenders shall be responsible for the servicing of the loans that they make. However, loan participation agreements may designate specific loan servicing efforts to be accomplished by a participating institution. Each direct lender shall adopt loan servicing policies and procedures to assure that loans will be serviced fairly and equitably for the borrower while minimizing the risk for the lender. Procedures shall include specific plans that help preserve the quality of sound loans and that help correct credit deficiencies as they develop.

(a) The Farm Credit Bank shall provide guidelines for the servicing of loans by the Federal land bank associations. The servicing may be accomplished either under the direct supervision of the bank or under delegated authority.

(b) The servicing of loans which are participated in by Farm Credit System institutions shall be in accordance with § 614.4325.

(c) In the development of loan servicing policies and procedures, the following criteria shall be included:

(1) *Term loans.* The objective shall be to provide borrowers with prompt and efficient service with respect to actions in such areas as personal liability, partial release of security, insurance requirements or adjustments, loan divisions or transfers, or conditional payments. Procedures shall provide for adequate inspections, reanalyses, re-appraisals, controls on payment of insurance and taxes (and for payment when necessary), and prompt exercise of legal options to preserve the lender's collateral position or guard against loss. Loan servicing policies for rural

§614.4511

home loans shall recognize the inherent differences between agricultural and rural home lending.

(2) *Operating loans.* The objective shall be to service such loans to assure disbursement in accordance with the basis of approval, repayment from the sources obligated or pledged, and to minimize risk exposure to the lender. Procedures shall require:

(i) The procurement of periodic operating data essential for maintaining control, for the proper analysis of such data, and prompt action as needed;

(ii) Inspections, reappraisals, and borrower visits appropriate to the nature and quality of the loan; and

(iii) Controls on insurance, margin requirements, warehousing, and the prompt exercise of legal options to preserve the lender's collateral position and guard against loss.

(3) *Legal entity loans.* In addition to the foregoing servicing objectives for term and operating loans, procedures for servicing these loans shall require procurement of data on changes in ownership, control, and management; review of business objectives, financing programs, organizational structure, and operating methods, and appropriate analysis of such changes with provision for action as needed.

SOURCE: 63 FR 36547, July 7, 1998, unless otherwise noted.

§614.4540 Other financing institution access to Farm Credit Banks and agricultural credit banks for funding, discount, and other similar financial assistance.

(a) *Basic criteria for access.* Any national bank, State bank, trust company, agriculture credit corporation, incorporated livestock loan company, savings association, credit union, or any association of agricultural producers engaged in the making of loans to farmers and ranchers, and any corporation engaged in the making of loans to producers or harvesters of aquatic products may become an other financing institution (OFI) that funds, discounts, and obtains other similar financial assistance from a Farm Credit Bank or agricultural credit bank in order to extend short- and intermediate-term credit to eligible borrowers for authorized purposes pursuant to sections 1.10(b) and 2.4(a) and (b) of the Act. Each OFI shall be duly organized and qualified to make loans and leases under the laws of each jurisdiction in which it operates.

Farm Credit Administration

§ 614.4560

(b) *Assured access.* Each Farm Credit Bank or agricultural credit bank must fund, discount, or provide other similar financial assistance to any creditworthy OFI that:

(1) Maintains at least 15 percent of its loan volume at a seasonal peak in loans and leases to farmers, ranchers, aquatic producers and harvesters. The Farm Credit Bank or agricultural credit bank shall not include the loan assets of the OFI's parent, affiliates, or subsidiaries when determining compliance with the requirement of this paragraph; and

(2) Executes a general financing agreement with the Farm Credit Bank or agricultural credit bank that establishes a financing or discount relationship for at least 2 years.

(c) *Underwriting standards.* Each Farm Credit Bank and agricultural credit bank shall establish objective policies, procedures, pricing guidelines, and loan underwriting standards for determining the creditworthiness of each OFI applicant. A copy of such policies, procedures, guidelines, and standards shall be made available, upon request to each OFI and OFI applicant.

(d) *Denial of OFI access.* A Farm Credit Bank or an agricultural credit bank may deny the funding request of any creditworthy OFI that meets the conditions in paragraph (b) of this section only when such request would:

(1) Adversely affect a Farm Credit Bank or agricultural credit bank's ability to:

(i) Achieve and maintain established or projected capital levels; or

Two or more Farm Credit banks cannot simultaneously fund the same OFI.

credit bank shall develop policies and loan underwriting standards that establish uniform and objective requirements to determine the need and amount of supplemental collateral or other credit enhancements that each OFI shall provide as a condition for obtaining funding, discount and other similar financial assistance from such Farm Credit bank.

(2) The amount, type, and quality of supplemental collateral or other credit enhancements required for each OFI shall be established in the general financing agreement and shall be proportional to the level of risk that the OFI poses to the Farm Credit Bank or agricultural credit bank.

§ 614.4580 Limitation on the extension of funding, discount and other similar financial assistance to an OFI.

(a) No obligation shall be purchased from or discounted for and no loan shall be made or other similar financial assistance extended by a Farm Credit Bank or agricultural credit bank to an OFI if the amount of such obligation added to the aggregate liabilities of such OFI, whether direct or contingent (other than *bona fide* deposit liabilities), exceeds ten times the paid-in and unimpaired capital and surplus of such OFI or the amount of such liabilities permitted under the laws of the jurisdiction creating such OFI, whichever is less.

(b) It shall be unlawful for any national bank that is indebted to any Farm Credit Bank or agricultural credit bank, on paper discounted or purchased, to incur any additional indebtedness, if by virtue of such additional indebtedness its aggregate liabilities, direct or contingent, will exceed the limitation described in paragraph (a) of this section.

(a) Each Farm Credit Bank and agricultural credit bank shall apply comparable and objective loan underwriting standards and pricing requirements to both OFIs and Farm Credit System direct lender associations.

(b) The total charges that a Farm Credit Bank or agricultural credit

Farm Credit Administration**§ 614.4700**

bank assesses an OFI through capitalization requirements, interest rates, and fees shall be comparable to the charges that the same Farm Credit Bank or agricultural credit bank imposes on its direct lender associations. Any variation between the overall funding costs that OFIs and direct lender associations are charged by the same funding bank shall result from differences in credit risk and administrative costs to the Farm Credit Bank or agricultural credit bank.

(c) Upon request, each Farm Credit Bank or agricultural credit bank must provide each OFI and OFI applicant, that has or is seeking to establish a funding relationship with the Farm Credit Bank or agricultural credit bank, a copy of its policies, procedures, loan underwriting standards, and pricing guidelines for OFIs. The pricing guidelines must identify the specific components that make up the cost of funds for OFIs, and the amount of these components expressed in basis points.

(d) Upon request of any OFI or OFI applicant, that has or is seeking to establish a funding relationship with the Farm Credit Bank or agricultural credit bank, the bank must explain in writing the reasons for any variation in the overall funding costs it charges to OFIs and affiliated direct lender associations. The written explanation must compare the cost of funds that the Farm Credit Bank or agricultural credit bank charges the OFIs and affiliated direct lender associations. When possible, the written explanation shall compare the costs of funding that the bank charges several OFIs and Farm Credit associations that are similar in size. However, the Farm Credit Bank or agricultural credit bank must not disclose financial or confidential information about any individual Farm Credit association.

Once the Farm Credit Bank or agricultural credit bank exercises its remedies, it shall have the authority to make additional advances, to grant renewals and extensions, and to take such other actions as may be necessary to collect and service loans to the OFI's borrower. The funding Farm Credit Bank or agricultural credit bank may also liquidate the OFI's loans and other assets in order to achieve repayment of the debt.

(d) The financing of foreign trade receivables shall be limited by the policies of each bank's board of directors. The policies shall provide a method of determining the maximum amount in dollars, by country, to be financed and establishing a maximum percentage of the amount of a draft drawn on a foreign party against which the bank may advance funds. The banks shall take into consideration the following factors:

(1) The reputation and financial strength of the foreign importer.

(f) When financing foreign trade receivables, the banks shall take such precautions and obtain such credit information as necessary to ascertain that all parties to the transaction(s) being financed are reputable and capable of performing their responsibilities under the contract of sale.

(a) *Limitations.* (1) The Funding Corporation is authorized to accept drafts or bills of exchange drawn upon a bank for cooperatives or an agricultural credit bank having not more than 6 months' sight to run, exclusive of days of grace, that are derived from transactions involving the importation or exportation of agricultural commodities, farm supplies, or aquatic products into or out of the United States; or are derived from transactions involving the domestic shipment of goods that were produced from agriculture or commercial fishing or that have an agriculturally or aquatically related purpose; or are secured at the time of acceptance by title covering readily marketable staples.

(ii) The sum of all acceptance liabilities outstanding described in paragraph (a)(1) of this section, exclusive of participations sold to others, issued to all borrowers shall not exceed 150 percent of the bank for cooperatives' or agricultural credit bank's net worth, but the aggregate of acceptances growing out of domestic transactions shall not exceed 50 percent of net worth calculated on a monthly basis.

(2) The limit specified in paragraph (a)(1)(i) of this section is separate from and in addition to the lending and leasing limits of § 614.4355 of this part if the acceptances are rediscounted.

(3) During any period within which a bank for cooperatives or an agricultural credit bank holds its own acceptance, having given value therefor, the amount thereof shall be included against the lending and leasing limits set forth in § 614.4355 of this part of the customer for whom the acceptance was made.

(4) The terms and requirements for the offering and purchase of participations in acceptance financing shall be the same as those for loans made under § 614.4020(b) of this part.

(5) When acceptances denominated in foreign currencies are not funded in the same currency, the bank for cooperatives or an agricultural credit bank shall take corresponding action to minimize foreign exchange risk.

(b) *Purchases of participations in bankers acceptances.* (1) A bank for cooperatives or an agricultural credit bank shall determine limits on purchasing participations in discounted acceptances of another bank for cooperatives or an agricultural credit bank on the same basis as prescribed in § 614.4355 of this part for purchasing participations

(a) *Purpose.* This subpart implements the requirements of the National Flood Insurance Act of 1968 (1968 Act), as amended, and the Flood Disaster Protection Act of 1973 (1973 Act), as amended (42 U.S.C. 4001–4129).

(b) *Scope.* This subpart, except for §§ 614.4940 and 614.4950, applies to loans of Farm Credit System (System) institutions that are secured by buildings or mobile homes located or to be located in areas determined by the Director of the Federal Emergency Management Agency to have special flood hazards. Sections 614.4940 and 614.4950 apply to loans secured by buildings or mobile homes, regardless of location.

§ 614.4925

§ 614.4925 Definitions.

(a) *Building* means a walled and roofed structure, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, and a walled and roofed structure while in the course of construction, alteration, or repair.

(c) *Designated loan* means a loan secured by a building or a mobile home that is located or to be located in a special flood hazard area in which flood insurance is available under the 1968 Act.

(d) *Director of FEMA* means the Director of the Federal Emergency Management Agency.

(e) *Mobile home* means a structure, transportable in one or more sections, that is built on a permanent chassis and designed for use with or without a permanent foundation when attached to the required utilities. The term *mobile home* does not include a recreational vehicle. For purposes of this subpart, the term *mobile home* means a mobile home on a permanent foundation. The term *mobile home* includes a manufactured home as that term is used in the NFIP.

(f) *NFIP* means the National Flood Insurance Program authorized under the 1968 Act.

(g) *Residential improved real estate* means real estate upon which a home or other residential building is located or to be located.

(h) *Servicer* means the person responsible for:

§ 614.4930 Requirement to purchase flood insurance where available.

(a) *In general.* A System institution shall not make, increase, extend or renew any designated loan unless the building or mobile home and any personal property securing the loan are covered by flood insurance for the term of the loan. The amount of insurance must be at least equal to the outstanding principal balance of the designated loan or the maximum limit of coverage available for the particular type of property under the 1968 Act. Flood insurance coverage under the Act is limited to the overall value of the property securing the designated loan minus the value of the land on which the property is located.

(b) *Table funded loans.* A System institution that acquires a loan from a mortgage broker or other entity through table funding shall be considered to be making a loan for purposes of this part.

(c) *Exemptions.* The flood insurance requirement of paragraph (a) of this section does not apply with respect to:

(1) Any State-owned property covered under a policy of self-insurance satisfactory to the Director of FEMA, who publishes and periodically revises the list of States falling within this exemption; or

(2) Property securing any loan with an original principal balance of \$5,000 or less and a repayment term of one year or less.

§ 614.4935 Escrow requirement.

The institution, or a servicer acting on behalf of

Farm Credit Administration**§ 614.4950**

This escrow account will be subject to escrow requirements adopted pursuant to section 10 of the Real Estate Settlement Procedures Act of 1974 (12 U.S.C. 2609) (RESPA), which generally limits the amount that may be maintained in escrow accounts for certain types of loans and requires escrow account statements for those accounts, only if the loan is otherwise subject to RESPA. Following receipt of a notice from the Director of FEMA or other provider of flood insurance that premiums are due, the institution, or a servicer acting on behalf of the institution, shall pay the amount owed to the insurance provider from the escrow account by the date when such premiums are due.

§ 614.4940 Required use of standard flood hazard determination form.

(a) *Use of form.* System institutions must use the standard flood hazard determination form developed by the Director of FEMA when determining whether the building or mobile home offered as collateral security for a loan is or will be located in a special flood hazard area in which flood insurance is available under the 1968 Act. The standard flood hazard determination form may be used in a printed, computerized, or electronic manner. A System institution may obtain the standard flood hazard determination form by written request to FEMA, P.O. Box 2012, Jessup, MD 20794-2012.

(b) *Retention of form.* System institutions shall retain a copy of the completed standard flood hazard determination form, in either hard copy or electronic form, for the period of time the institution owns the loan.

[61 FR 45711, Aug. 29, 1996, as amended at 64 FR 71274, Dec. 21, 1999]

§ 614.4945 Forced placement of flood insurance.

If a System institution, or a servicer acting on behalf of the institution, determines at any time during the term of a designated loan, that the building or mobile home and any personal property securing the designated loan are not covered by flood insurance or are

covered by flood insurance in an amount less than the amount required under § 614.4930(a), then the institution or its servicer shall notify the borrower that the borrower should obtain flood insurance, at the borrower's expense, in an amount at least equal to the amount required under § 614.4930(a), for the remaining term of the loan. If the borrower fails to obtain flood insurance within 45 days after notification, then the institution or its servicer shall purchase insurance on the borrower's behalf. The institution or its servicer may charge the borrower for the cost of premiums and fees incurred in purchasing the insurance.

§ 614.4950 Determination fees.

(a) *General.* Notwithstanding any Federal or State law other than the 1973 Act, any System institution, or a servicer acting on behalf of the institution, may charge a reasonable fee for determining whether the building or mobile home securing the loan is located or will be located in a special flood hazard area. A determination fee may also include, but is not limited to, a fee for life-of-loan monitoring.

(b) *Borrower fee.* The determination fee authorized by paragraph (a) of this section may be charged to the borrower if the determination:

(1) Is made in connection with a making, increasing, extending, or renewing of the loan that is initiated by the borrower;

(2) Reflects the Director of FEMA's revision or updating of floodplain areas or flood-risk zones;

(3) Reflects the Director of FEMA's publication of a notice or compendium that:

(ii) By determination of the Director of FEMA, may reasonably require a determination whether the building or mobile home securing the loan is located in a special flood hazard area; or

(4) Results in the purchase of flood insurance coverage under § 614.4945.

(c) *Purchaser or transferee fee.* The determination fee authorized by paragraph (a) of this section may be charged to the purchaser or transferee

§614.4955

of a loan in the case of the sale or transfer of the loan.

§614.4955 Notice of special flood hazards and availability of Federal disaster relief assistance.

(a) *Notice requirement.* When a System institution makes, increases, extends, or renews a loan secured by a building or a mobile home located or to be located in a special flood hazard area, the institution shall mail or deliver a written notice containing the information specified in paragraph (b) of this section to the borrower and to the servicer of the loan. Notice is required whether or not flood insurance is available under the 1968 Act for the collateral securing the loan.

(b) *Contents of notice.* The written notice must include the following information:

(1) A warning, in a form approved by the Director of FEMA, that the building or the mobile home is or will be located in a special flood hazard area;

(2) A description of the flood insurance purchase requirements set forth in section 102(b) of the 1973 Act (42 U.S.C. 4012a(b));

(3) A statement, where applicable, that flood insurance coverage is available under the NFIP and also may be available from private insurers; and

(4) A statement whether Federal disaster relief assistance may be available in the event of damage to the building or the mobile home caused by flooding in a Federally declared disaster.

(c) *Timing of notice.* The institution shall provide the notice required by paragraph (a) of this section to the borrower within a reasonable time before the completion of the transaction, and to the servicer as promptly as practicable after the institution provides notice to the borrower and in any event no later than the time the institution provides other similar notices to the servicer concerning hazard insurance and taxes. Notice to the servicer may be made electronically or may take the form of a copy of the notice to the borrower.

(d) *Record of receipt.* Each institution shall retain a record of the receipt of the notices by the borrower and the servicer for the period of time the institution owns the loan.

12 CFR Ch. VI (1-1-05 Edition)

(e) *Alternate method of notice.* Instead of providing the notice to the borrower required by paragraph (a) of this section, an institution may obtain satisfactory written assurance from a seller or lessor that, within a reasonable time before the completion of the sale or lease transaction, the seller or lessor has provided such notice to the purchaser or lessee. The institution shall retain a record of the written assurance from the seller or lessor for the period of time the institution owns the loan.

(f) *Use of prescribed form of notice.* An institution will be considered to be in compliance with the requirements of this section for notice to the borrower by providing written notice to the borrower containing the language presented in appendix A to this subpart within a reasonable time before the completion of the transaction. The notice presented in appendix A to this subpart satisfies the borrower notice requirements of the 1968 Act.

§614.4960 Notice of servicer's identity.

(a) *Notice requirement.* When a System institution makes, increases, extends, renews, sells, or transfers a loan secured by a building or mobile home located or to be located in a special flood hazard area, the institution shall notify the Director of FEMA (or the Director's designee) in writing of the identity of the servicer of the loan. The Director of FEMA has designated the insurance provider to receive the institution's notice of the servicer's identity. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA's designee.

(b) *Transfer of servicing rights.* The institution shall notify the Director of FEMA (or the Director's designee) of any change in the servicer of a loan described in paragraph (a) of this section within 60 days after the effective date of the change. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA's designee. Upon any change in the servicing of a loan described in paragraph (a) of this section, the duty to provide notice under this paragraph (b) shall transfer to the transferee servicer.

APPENDIX A TO SUBPART S OF PART 614—SAMPLE FORM OF NOTICE OF SPECIAL FLOOD HAZARDS AND AVAILABILITY OF FEDERAL DISASTER RELIEF ASSISTANCE

We are giving you this notice to inform you that:

The building or mobile home securing the loan for which you have applied is or will be located in an area with special flood hazards.

The area has been identified by the Director of the Federal Emergency Management Agency (FEMA) as a special flood hazard area using FEMA's *Flood Insurance Rate Map* or the *Flood Hazard Boundary Map* for the following community: _____. This area has at least a one percent (1%) chance of a flood equal to or exceeding the base flood elevation (a 100-year flood) in any given year. During the life of a 30-year mortgage loan, the risk of a 100-year flood in a special flood hazard area is 26 percent (26%).

Federal law allows a lender and borrower jointly to request the Director of FEMA to review the determination of whether the property securing the loan is located in a special flood hazard area. If you would like to make such a request, please contact us for further information.

The community in which the property securing the loan is located participates in the National Flood Insurance Program (NFIP). Federal law will not allow us to make you the loan that you have applied for if you do not purchase flood insurance. The flood insurance must be maintained for the life of the loan. If you fail to purchase or renew flood insurance on the property, Federal law authorizes and requires us to purchase the flood insurance for you at your expense.

• Flood insurance coverage under the NFIP may be purchased through an insurance agent who will obtain the policy either directly through the NFIP or through an insurance company that participates in the NFIP. Flood insurance also may be available from private insurers that do not participate in the NFIP.

• At a minimum, flood insurance purchased must cover *the lesser of*:

(1) The outstanding principal balance of the loan; or

(2) The maximum amount of coverage allowed for the type of property under the NFIP.

Flood insurance coverage under the NFIP is limited to the overall value of the property securing the loan minus the value of the land on which the property is located.

• Federal disaster relief assistance (usually in the form of a low-interest loan) may be available for damages incurred in excess of your flood insurance if your community's

participation in the NFIP is in accordance with NFIP requirements.

Flood insurance coverage under the NFIP is not available for the property securing the loan because the community in which the property is located does not participate in the NFIP. In addition, if the non-participating community has been identified for at least one year as containing a special flood hazard area, properties located in the community will not be eligible for Federal disaster relief assistance in the event of a Federally-declared flood disaster.

(a) *Limitations.* Eligibility to purchase Farm Credit Investment Bonds shall be limited to members and employees of the Farm Credit banks and associations, except any bank officers, directors, and employees who are involved in setting the term or rate, to retired employees who are beneficiaries of a pension or retirement program of the Farm Credit banks or associations, and to retired employees of the Farm Credit Administration. A member of a Farm Credit association or a bank for cooperatives need not be an active borrower to be eligible. A member of any Farm Credit institution may purchase investment bonds from any of the institutions in the district which offer the purchase program. Patrons, members, employees, or stockholder of other financing institutions discounting loans with a Farm Credit Bank or agricultural credit bank or of any legal entity which is a borrower from any Farm Credit institution as such are ineligible as they are not members of a Farm Credit institution. Retired employee means a retiree who is a direct beneficiary of a pension or retirement program of a Farm Credit bank or association or the Farm Credit Administration under civil service retirement.

(b) *Form and ownership.* Farm Credit Investment Bonds are registered bonds issued in definitive or book-entry form depending on investor preference. No designation of an attorney, agent, or other representative to request or receive payment on behalf of the owner or co-owner, nor any restriction on the right of the owner or coowner to receive payment of the bond or interest, except as provided in this section may be made in the registration or otherwise. Registrations requested in applications for the purchase shall be clear, accurate, complete, and conform with one of the registration provisions set forth in this section, and include the appropriate taxpayer identifying number. Registrations requested will be inscribed on the face of the bond if in definitive form or on the confirmation of investment if in book-entry form. The following provisions shall apply for registration of Farm Credit Investment Bonds:

(1) In all cases the member's name (whether a natural person, fiduciary, or legal entity) or employee's name must appear as owner of the bond.

(2) A bond may be registered in the name of a fiduciary only if the fiduciary is in fact the member.

(3) A member or employee may not use a form of registration (such as a gift to a minor, irrevocable trust, etc.) which would divest himself of ownership. However, a minor may be named as coowner or beneficiary.

(4) If a member is a natural person, a second natural person, member or non-member, may be named as coowner or beneficiary. Coownership may not in-

volve a fiduciary or private organization.

(5) In the coownership form the connective "or" shall serve the same purpose as "joint tenants with right of survivorship."

§ 615.5133 Investment management.

(a) *Responsibilities of Board of Directors.* Your board must adopt written policies for managing your investment activities. Your board of directors must also ensure that management complies with these policies and that appropriate internal controls are in place to prevent loss. Annually, the board of directors must review these investment policies and make any changes that are needed.

(b) *Investment policies.* Your board's written investment policies must address the purposes and objectives of investments, risk tolerance, delegations of authority, and reporting requirements. Investment policies must be appropriate for the size, types, and risk characteristics of your investments.

(c) *Risk tolerance.* Your investment policies must establish risk limits and diversification requirements for the various classes of eligible investments and for the entire investment portfolio. These policies must ensure that you maintain appropriate diversification of your investment portfolio. Risk limits must be based on your institutional objectives, capital position, and risk tolerance. Your policies must identify the types and quantity of investments that

Farm Credit Administration

§ 615.5133

you will hold to achieve your objectives and control credit, market, liquidity, and operational risks. The policy of any association or service corporation that holds significant investments and each bank must establish risk limits for the following four types of risk.

(1) *Credit risk.* Investment policies must establish:

(i) Credit quality standards, limits on counterparty risk, and risk diversification standards that limit concentrations based on a single or related counterparty(ies), a geographical area, industries or obligations with similar characteristics.

(ii) Criteria for selecting brokers, dealers, and investment bankers (collectively, securities firms). You must buy and sell eligible investments with more than one securities firm. As part of your annual review of your investment policies, your board of directors must review the criteria for selecting securities firms and determine whether to continue your existing relationships with them.

(iii) Collateral margin requirements on repurchase agreements.

(2) *Market risk.* Investment policies must set market risk limits for specific types of investments, the investment portfolio, or your institution. Your board of directors must establish market risk limits in accordance with these regulations and our other policies.

(3) *Liquidity risk.* Investment policies must describe the liquidity characteristics of eligible investments that you will hold to meet your liquidity needs and institutional objectives.

(4) *Operational risk.* Investment policies must address operational risks, including delegations of authority and internal controls in accordance with paragraphs (d) and (e) of this section.

(d) *Delegation of authority.* All delegations of authority to specified personnel or committees must state the extent of management's authority and responsibilities for investments.

(e) *Internal controls.* You must:

(1) Establish appropriate internal controls to detect and prevent loss, fraud, embezzlement, conflicts of interest, and unauthorized investments.

(2) Establish and maintain a separation of duties and supervision between personnel who execute investment transactions and personnel who approve, reevaluate, and oversee investments.

(3) Maintain management information systems that are appropriate for the level and complexity of your investment activities.

(f) *Securities valuation.* (1) Before you purchase a security, you must evaluate its credit quality and its price sensitivity to changes in market interest rates. You must also verify the value of a security that you plan to purchase, other than a new issue, with a source that is independent of the broker, dealer, counterparty or other intermediary to the transaction.

(2) You must determine the fair market value of each security in your portfolio and the fair market value of your whole investment portfolio at least monthly. You must also evaluate the credit quality and price sensitivity to change in market interest rates of all investments that you hold on an ongoing basis.

(3) Before you sell a security, you must verify its value with a source that is independent of the broker, dealer, counterparty, or other intermediary to the transaction.

(g) *Reports to the board.* Each quarter, management must report to the board of directors or a board committee on the performance and risk of each class of investments and the entire investment portfolio. These reports must identify all gains and losses that you incur during the quarter on individual securities that you sold before maturity. Reports must also identify potential risk exposure to changes in market interest rates and other factors that may affect the value of your bank's investment holdings. Management's report must discuss how investments affect your bank's overall financial condition and must evaluate whether the performance of the investment portfolio effectively achieves the board's objectives. Any deviations from the board's policies must be specifically identified in the report.

§ 615.5141 Stress tests for mortgage securities.

Mortgage securities are not eligible investments unless they pass a stress test. You must perform stress tests to determine how interest rate changes will affect the cashflow and price of each mortgage security that you purchase and hold, except for adjustable rate securities that reprice at intervals of 12 months or less and are tied to an index. You must also use stress tests to gauge how interest rate fluctuations on mortgage securities affect your institution's capital and earnings. You may conduct the stress tests as described in either paragraph (a) or (b) of this section.

(a) Mortgage securities must comply with the following three tests at the time of purchase and each following quarter:

(1) *Average Life Test.* The expected WAL of the instrument does not exceed 5 years.

(2) *Average Life Sensitivity Test.* The expected WAL does not extend for more than 2 years, assuming an immediate and sustained parallel shift in the yield curve of plus 300 basis points, nor shorten for more than 3 years, assuming an immediate and sustained parallel shift in the yield curve of minus 300 basis points.

(3) *Price Sensitivity Test.* The estimated change in price is not more than thirteen (13) percent due to an immediate and sustained parallel shift in the yield curve of plus or minus 300 basis points.

(4) *Exemption.* A floating rate mortgage security is subject only to the price sensitivity test in paragraph (a)(3) of this section if at the time of purchase and each quarter thereafter it bears a rate of interest that is below its contractual cap.

(b) You may use an alternative stress test to evaluate the price sensitivity of your mortgage securities. An alternative stress test must be able to measure the price sensitivity of mortgage instruments over different interest rate/yield curve scenarios. The methodology that you use to analyze mortgage securities must be appropriate for the complexity of the instrument's structure and cashflows. Prior to purchase and each quarter thereafter, you must use the stress test to determine that the risk in the mortgage security is within the risk limits of your board's investment policies. The stress test must enable you to determine at the time of purchase and each subsequent quarter that the mortgage security does not expose your capital or earnings to excessive risks.

(c) You must rely on verifiable information to support all your assumptions, including prepayment and interest rate volatility assumptions, when you apply the stress tests in either paragraph (a) or (b) of this section. You must document the basis for all assumptions that you use to evaluate the security and its underlying mortgages. You must also document all subsequent changes in your assumptions. If at any time after purchase, a mortgage

security no longer complies with requirements in this section, you must divest it in accordance with §615.5143.

§615.5142 Association investments.

An association may hold eligible investments listed in §615.5140, with the approval of its funding bank, for the purposes of reducing interest rate risk and managing surplus short-term funds. Each bank must review annually the investment portfolio of every association that it funds.

§615.5143 Disposal of ineligible investments.

You must dispose of an ineligible investment within 6 months unless we approve, in writing, a plan that authorizes you to divest the instrument over a longer period of time. An acceptable divestiture plan must require you to dispose of the ineligible investment as quickly as possible without substantial financial loss. Until you actually dispose of the ineligible investment, the managers of your investment portfolio must report at least quarterly to your board of directors about the status and performance of the ineligible instrument, the reasons why it remains ineligible, and the managers' progress in disposing of the investment.

Farm Credit Administration

§ 615.5201

§ 615.5200 General.

(a) The Board of Directors of each Farm Credit System institution shall determine the amount of total capital, core surplus, total surplus, and unallocated surplus needed to assure the institution's continued financial viability and to provide for growth necessary to meet the needs of its borrowers. The minimum capital standards specified in this part are not meant to be adopted as the optimal capital level in the institution's capital adequacy plan. Rather, the standards are intended to serve as minimum levels of capital that each institution must maintain to protect against the credit and other general risks inherent in its operations.

(b) Each Board of Directors shall establish, adopt, and maintain a formal written capital adequacy plan as a part of the financial plan required by § 618.8440 of this chapter. The plan shall include the capital targets that are necessary to achieve the institution's capital adequacy goals as well as the minimum permanent capital and surplus standards. The plan shall address any projected dividends, patronage distribution, equity requirements, or other action that may decrease the institution's capital or the components thereof for which minimum amounts are required by this part. The plan shall set forth the circumstances in which retirements or revolvements of stock or equities may occur. If the plan provides for retirement or revolvement of equities included in core surplus, in connection with a loan default or the death of a former borrower, the plan must require the institution to make a prior determination that such retirement or revolvement is in the best interest of the institution, and also require the institution to charge off an amount of the indebtedness on the loan equal to the amount of the equities that are retired or canceled. In addition to factors that must be considered in meeting the minimum standards, the board of directors shall also consider at least the following factors in developing the capital adequacy plan:

- (1) Capability of management;
- (2) Quality of operating policies, procedures, and internal controls;
- (3) Quality and quantity of earnings;

(4) Asset quality and the adequacy of the allowance for losses to absorb potential loss within the loan and lease portfolios;

(5) Sufficiency of liquid funds;

(6) Needs of an institution's customer base; and

(7) Any other risk-oriented activities, such as funding and interest rate risks, potential obligations under joint and several liability, contingent and off-balance-sheet liabilities or other conditions warranting additional capital.

§ 615.5205 Minimum permanent capital standards.

Each institution shall at all times maintain permanent capital at a level of at least 7 percent of its risk-adjusted asset base.

[62 FR 4446, Jan. 30, 1997]

§ 615.5210 Computation of the permanent capital ratio.

(a) The institution's permanent capital ratio shall be determined on the basis of the financial statements of the institution prepared in accordance with generally accepted accounting principles except that the obligations of the Farm Credit System Financial Assistance Corporation issued to repay banks in connection with the capital preservation and loss-sharing agreements described in section 6.9(e)(1) of the Act shall not be considered obligations of any institution subject to this regulation prior to their maturity.

(b) The institution's asset base and permanent capital shall be computed using average daily balances for the most recent 3 months.

(c) The institution's permanent capital ratio shall be calculated by dividing the institution's permanent capital, adjusted in accordance with paragraph (e) of this section (the numerator), by the risk-adjusted asset base

§615.5210

12 CFR Ch. VI (1-1-05 Edition)

(the denominator), to derive a ratio expressed as a percentage.

(d) Until September 27, 2002, payments of assessments to the Farm Credit System Financial Assistance Corporation, and any part of the obligation to pay future assessments to the Farm Credit System Financial Assistance Corporation that is recognized as an expense on the books of a bank or association, shall be included in the capital of such bank or association for the purpose of determining its compliance with regulatory capital requirements, to the extent allowed by section 6.26(c)(5)(G) of the Act. If the bank directly or indirectly passes on all or part of the payments to its affiliated associations pursuant to section 6.26(c)(5)(D) of the Act, such amounts shall be included in the capital of the associations and shall not be included in the capital of the bank. After September 27, 2002, no payments of assessments or obligations to pay future assessments may be included in the capital of the bank or association.

(e) For the purpose of computing the institution's permanent capital ratio, the following adjustments shall be made prior to assigning assets to risk-weight categories and computing the ratio:

(1) Where two Farm Credit System institutions have stock investments in each other, such reciprocal holdings shall be eliminated to the extent of the offset. If the investments are equal in amount, each institution shall deduct from its assets and its total capital an amount equal to the investment. If the investments are not equal in amount, each institution shall deduct from its total capital and its assets an amount equal to the smaller investment. The elimination of reciprocal holdings required by this paragraph shall be made prior to making the other adjustments required by this section.

(2) Where a Farm Credit Bank or an agricultural credit bank is owned by one or more Farm Credit System institutions, the double counting of capital shall be eliminated in the following manner:

(i) All equities of a Farm Credit Bank or agricultural credit bank that have been purchased by other Farm Credit institutions shall be considered to be

permanent capital of the Farm Credit Bank or agricultural credit bank.

(ii) Each Farm Credit Bank or agricultural credit bank and each of its affiliated associations may enter into an agreement that specifies, for the purpose of computing permanent capital only, a dollar amount and/or percentage allotment of the association's allocated investment between the bank and the association. The following conditions shall apply:

(A) The agreement shall be for a term of 1 year or longer.

(B) The agreement shall be entered into on or before its effective date.

(C) The agreement may be amended according to its terms, but no more frequently than annually except in the event that a party to the agreement is merged or reorganized, or in the event of a reallocation pursuant to paragraph (e)(2)(ii)(G) of this section. The agreement shall include a provision addressing how the agreement will be amended if a reallocation is required by paragraph (e)(2)(ii)(G) of this section.

(D) On or before the effective date of the agreement, a certified copy of the agreement, and any amendments thereto, shall be sent to the field office of the Farm Credit Administration responsible for examining the institution. A copy shall also be sent within 30 calendar days of adoption to the bank's other affiliated associations.

(E) Unless the parties otherwise agree, if the bank and the association have not entered into a new agreement on or before the expiration of an existing agreement, the existing agreement shall automatically be extended for another 12 months, unless either party notifies the Farm Credit Administration in writing of its objection to the extension prior to the expiration of the existing agreement.

(F) In the absence of an agreement between a Farm Credit Bank or an agricultural credit bank and one or more associations, or in the event that an agreement expires and at least one party has timely objected to the continuation of the terms of its agreement, the following formula shall be applied with respect to the allocated investments held by those associations with which there is no agreement (non-agreeing associations), and shall not be

Farm Credit Administration**§ 615.5210**

applied to the allocated investments held by those associations with which the bank has an agreement (agreeing associations):

(1) The allotment formula shall be calculated annually.

(2) The permanent capital ratio of the Farm Credit Bank or agricultural credit bank shall be computed as of the date that the existing agreement terminates, using a 3-month average daily balance, excluding the allocated investment from nonagreeing associations but including any allocated investments of agreeing associations that are allotted to the bank under applicable allocation agreements. The permanent capital ratio of each nonagreeing association shall be computed as of the same date using a 3-month average daily balance, and shall be computed excluding its allocated investment in the bank.

(3) If the permanent capital ratio for the Farm Credit Bank or agricultural credit bank calculated in accordance with paragraph (e)(2)(ii)(F)(2) of this section is 7 percent or above, the allocated investment of each nonagreeing association whose permanent capital ratio calculated in accordance with paragraph (e)(2)(ii)(F)(2) of this section is 7 percent or above shall be allotted 50 percent to the bank and 50 percent to the association.

(4) If the permanent capital ratio of the Farm Credit Bank or agricultural credit bank calculated in accordance with paragraph (e)(2)(ii)(F)(2) of this section is 7 percent or above, the allocated investment of each nonagreeing association whose capital ratio is below 7 percent shall be allotted to the association until the association's capital ratio reaches 7 percent or until all of the investment is allotted to the association, whichever occurs first. Any remaining unallotted allocated investment shall be allotted 50 percent to the bank and 50 percent to the association.

(5) If the permanent capital ratio of the Farm Credit Bank or agricultural credit bank calculated in accordance with paragraph (e)(2)(ii)(F)(2) of this section is less than 7 percent, the amount of additional capital needed by the bank to reach a permanent capital ratio of 7 percent shall be determined, and an amount of the allocated invest-

ment of each nonagreeing association shall be allotted to the Farm Credit Bank or agricultural credit bank as follows:

(i) If the total of the allocated investments of all nonagreeing associations is greater than the additional capital needed by the bank, the allocated investment of each nonagreeing association shall be multiplied by a fraction whose numerator is the amount of capital needed by the bank and whose denominator is the total amount of allocated investments of the nonagreeing associations, and such amount shall be allotted to the bank. Next, if the permanent capital ratio of any nonagreeing association is less than 7 percent, a sufficient amount of unallotted allocated investment shall then be allotted to each nonagreeing association, as necessary, to increase its permanent capital ratio to 7 percent, or until all such remaining investment is allotted to the association, whichever occurs first. Any unallotted allocated investment still remaining shall be allotted 50 percent to the bank and 50 percent to the nonagreeing association.

(ii) If the additional capital needed by the bank is greater than the total of the allocated investments of the nonagreeing associations, all of the remaining allocated investments of the nonagreeing associations shall be allotted to the bank.

(G) If a payment or part of a payment to the Farm Credit System Financial Assistance Corporation pursuant to section 6.9(e)(3)(D)(ii) of the Act would cause a bank to fall below its minimum permanent capital requirement, the bank and one or more associations shall amend their allocation agreements to increase the allotment of the allocated investment to the bank sufficiently to enable the bank to make the payment to the Farm Credit System Financial Assistance Corporation, provided that the associations would continue to meet their minimum permanent capital requirement. In the case of a nonagreeing association, the Farm Credit Administration may require a revision of the allotment sufficient to enable the bank to make the payment to the Farm Credit System Financial Assistance Corporation, provided that the association would continue to meet

§615.5210

its minimum permanent capital requirement. The Farm Credit Administration Board may, at the request of one or more of the institutions affected, waive the requirements of this paragraph (e)(2)(ii)(G) if the Board deems it is in the overall best interest of the institutions affected.

(3) A Farm Credit Bank or agricultural credit bank and a recipient, other than an association, of allocated earnings from such bank may enter into an agreement specifying a dollar amount and/or percentage allotment of the recipient's allocated earnings in the bank between the bank and the recipient. Such agreement shall comply with the provisions of paragraph (e)(2) of this section, except that, in the absence of an agreement, the allocated investment shall be allotted 100 percent to the allocating bank and 0 percent to the recipient. All equities of the bank that are purchased by a recipient shall be considered as permanent capital of the issuing bank.

(4) A bank for cooperatives and a recipient of allocated earnings from such bank may enter into an agreement specifying a dollar amount and/or percentage allotment of the recipient's allocated earnings in the bank between the bank and the recipient. Such agreement shall comply with the provisions of paragraph (e)(2) of this section, except that, in the absence of an agreement, the allocated investment shall be allotted 100 percent to the allocating bank and 0 percent to the recipient. All equities of a bank that are purchased by a recipient shall be considered as permanent capital of the issuing bank.

(5) Where a bank or association invests in an association to capitalize a loan participation interest, the investing institution shall deduct from its total capital an amount equal to its investment in the participating institution.

(6) The double-counting of capital by a service corporation chartered under section 4.25 of the Act and its stockholder institutions shall be eliminated by deducting an amount equal to the institution's investment in the service corporation from its total capital.

12 CFR Ch. VI (1-1-05 Edition)

(7) Each institution shall deduct from its total capital an amount equal to all goodwill, whenever required.

(8) To the extent an institution has deducted its investment in another Farm Credit institution from its total capital, the investment may be eliminated from its asset base.

(9) Where a Farm Credit Bank and an association have an enforceable written agreement to share losses on specifically identified assets on a predetermined quantifiable basis, such assets shall be counted in each institution's risk-adjusted asset base in the same proportion as the institutions have agreed to share the loss.

(10) The permanent capital of an institution shall exclude the net effect of all transactions covered by the definition of "accumulated other comprehensive income" contained in the Statement of Financial Accounting Standards No. 130, as promulgated by the Financial Accounting Standards Board.

(11) For purposes of calculating capital ratios under this part, deferred-tax assets are subject to the conditions, limitations, and restrictions described in this paragraph.

(i) Each institution shall deduct an amount of deferred-tax assets, net of any valuation allowance, from its assets and its total capital that is equal to the greater of:

(A) The amount of deferred-tax assets that are dependent on future income or future events in excess of the amount that is reasonably expected to be realized within 1 year of the most recent calendar quarter-end date, based on financial projections for that year, or

(B) The amount of deferred-tax assets that are dependent on future income or future events in excess of ten (10) percent of the amount of core surplus that exists before the deduction of any deferred-tax assets.

(ii) For purposes of this calculation:

(A) The amount of deferred-tax assets that can be realized from taxes paid in prior carryback years and from the reversal of existing taxable temporary differences shall not be deducted from assets and from equity capital.

(B) All existing temporary differences should be assumed to fully reverse at the calculation date.

Farm Credit Administration**§ 615.5210**

(C) Projected future taxable income should not include net operating loss carryforwards to be used within 1 year or the amount of existing temporary differences expected to reverse within that year.

(D) Financial projections shall include the estimated effect of tax-planning strategies that are expected to be implemented to minimize tax liabilities and realize tax benefits. Financial projections for the current fiscal year (adjusted for any significant changes that have occurred or are expected to occur) may be used when applying the capital limit at an interim date within the fiscal year.

(E) The deferred tax effects of any unrealized holding gains and losses on available-for-sale debt securities may be excluded from the determination of the amount of deferred-tax assets that are dependent upon future taxable income and the calculation of the maximum allowable amount of such assets. If these deferred-tax effects are excluded, this treatment must be followed consistently over time.

(f) The risk-adjusted asset base (denominator) shall be determined in the following manner:

(1) Each asset on the institution's balance sheet and each off-balance-sheet item, adjusted by the appropriate credit conversion factor in paragraph (f)(3) of this section, shall be assigned to one of five risk categories in accordance with this section. The aggregate dollar value of the assets in each category shall be multiplied by the percentage weight assigned to that category. The sum of the weighted dollar values from each of the five risk categories shall comprise the denominator for computation of the permanent capital ratio.

(2) Balance sheet assets shall be assigned to the percentage risk categories as follows:

(i) *Category 1: 0 Percent.*

(A) Cash on hand and demand balances held in domestic or foreign banks.

(B) Claims on Federal Reserve Banks.
(C) Goodwill.

(D) Direct claims on and portions of claims unconditionally guaranteed by the United States Treasury, United States Government agencies, or central

governments in other OECD countries. A United States Government agency is defined as an instrumentality of the United States Government whose obligations are fully and explicitly guaranteed as to the timely repayment of principal and interest by the full faith and credit of the United States Government.

(ii) *Category 2: 20 Percent.*

(A) Portions of loans and other assets collateralized by United States Government-sponsored agency securities. A United States Government-sponsored agency is defined as an agency originally chartered or established to serve public purposes specified by the United States Congress but whose obligations are not explicitly guaranteed by the full faith and credit of the United States Government.

(B) Portions of loans and other assets conditionally guaranteed by the United States Government or its agencies.

(C) Portions of loans and other assets collateralized by securities issued or guaranteed (fully or partially) by the United States Government or its agencies (but only to the extent guaranteed).

(D) Claims on domestic banks (exclusive of demand balances).

(E) Claims on, or guarantees by, OECD banks.

(F) Claims on non-OECD banks with a remaining maturity of 1 year or less.

(G) Investments in State and local government obligations backed by the "full faith and credit of State or local government." Other claims (including loans) and portions of claims guaranteed by the full faith and credit of a State government (but only to the extent guaranteed).

(H) Claims on official multinational lending institutions or regional development institutions in which the United States Government is a shareholder or contributor.

(I) Loans and other obligations of and investments in Farm Credit institutions.

(J) Local currency claims on foreign central governments to the extent that the Farm Credit institution has local liabilities in that country.

(K) Cash items in the process of collection.

§615.5210

12 CFR Ch. VI (1-1-05 Edition)

(L) Asset- or mortgage-backed securities (not issued or guaranteed by the United States Government, a Government agency, or a Government-sponsored agency).

(M) Claims on other financing institutions provided that:

(1) The other financing institution qualifies as an OECD bank or it is owned and controlled by an OECD bank that guarantees the claim, or

(2) The other financing institution has a rating in one of the highest three investment-grade rating categories from a NRSRO or the claim is guaranteed by a parent company with such a rating, and

(3) The other financing institution has endorsed all obligations it pledges to its funding Farm Credit bank with full recourse.

(iii) *Category 3: 50 Percent.*

(A) All other investment securities with maturities under 1 year.

(B) Rural housing loans secured by first lien mortgages or deeds of trust.

(C) Claims on other financing institutions that:

(1) Are not covered by the provisions of paragraph (f)(2)(ii)(M) of this section, but otherwise meet similar capital, risk identification and control, and operational standards, or

(2) Carry an investment-grade or higher NRSRO rating or the claim is guaranteed by a parent company with such a rating, and

(3) The other financing institution has endorsed all obligations it pledges to its funding Farm Credit bank with full recourse.

(iv) *Category 4: 100 Percent.*

(A) All other claims on private obligors.

(B) Claims on non-OECD banks with a remaining maturity greater than 1 year.

(C) All other assets not specified above, including but not limited to, leases, fixed assets, and receivables.

(D) All non-local currency claims on foreign central governments, as well as local currency claims on foreign central governments that are not included in Category 2(J).

(E) Claims on other financing institutions that do not otherwise qualify for a lower risk-weight category under this section.

(3) Off-Balance-Sheet Items.

(i) The dollar amount of off-balance-sheet items that shall be assigned to a risk-weight category for inclusion in the denominator shall be determined by multiplying the face amount of the item by the appropriate credit conversion factor set forth in paragraph (f)(3)(ii) of this section. The resulting amount shall be then assigned to the appropriate risk-weight category described in paragraph (f)(2) of this section on the basis of the type of obligor.

(ii) Credit conversion factors shall be applied to off-balance-sheet items as follows:

(A) *0 Percent.*

(1) Unused commitments with an original maturity of 14 months or less; or

(2) Unused commitments with an original maturity of greater than 14 months if:

(B) *20 Percent.*

(1) Short-term, self-liquidating, trade-related contingencies, including but not limited to, commercial letters of credit.

(C) *50 Percent.*

(1) Transaction-related contingencies (e.g. bid bonds, performance bonds, warranties, and performance-based standby letters of credit related to a particular transaction).

(2) Unused loan commitments with an original maturity exceeding 14 months, including underwriting commitments and commercial credit lines.

(3) Revolving underwriting facilities (RUFs), note issuance facilities (NIFs) and other similar arrangements pursuant to which the institution's customer can issue short-term debt obligations in its own name, but for which the institution has a legally binding commitment to either:

(i) Purchase the obligations the customer is unable to sell by a stated date; or

(ii) Advance funds to its customer if the obligations cannot be sold.

(D) *100 Percent.*

(1) Direct credit substitutes including financial-guarantee-type standby letters of credit that support financial claims on the account party. The face amount of a direct credit substitute shall be netted against any participations sold in that item. The amount

Farm Credit Administration**§ 615.5215**

not so sold shall be assigned to a risk-weight category using the criteria of § 615.5210(f)(2).

(2) Acquisitions of risk participations in bankers acceptances and participations in direct credit substitutes.

(3) Sale and repurchase agreements and asset sales with recourse, if not already included on the balance sheet.

(4) Forward agreements (i.e., contractual obligations) to purchase assets, including financing facilities with certain drawdown.

(iii) *Credit equivalents of interest rate contracts and foreign contracts.* (A) Credit equivalents of interest rate contracts and foreign exchange contracts (except single currency floating/floating interest rate swaps) shall be determined by adding the replacement cost (mark-to-market value, if positive) to the potential future credit exposure, determined by multiplying the notional principal amount by the following credit conversion factors as appropriate.

CONVERSION FACTOR MATRIX

[In Percent]

Remaining maturity	Interest rate	Exchange rate	Commodity
1 year or less	0.0	1.0	10.0
Over 1 to 5 years	0.5	5.0	12.0
Over 5 years	1.5	7.5	15.0

(B) For any derivative contract that does not fall within one of the categories in the above table, the potential future credit exposure shall be calculated using the commodity conversion factors. The net current exposure for multiple derivative contracts with a single counterparty and subject to a qualifying bilateral netting contract shall be the net sum of all positive and negative mark-to-market values for each derivative contract. The positive sum of the net current exposure shall be added to the adjusted potential future credit exposure for the same multiple contracts with a single counterparty. The adjusted potential future credit exposure shall be computed as

$$A_{\text{net}} = (0.4 \times A_{\text{gross}}) + 0.6 (NGR \times A_{\text{gross}})$$

where:

- (1) A_{net} is the adjusted potential future credit exposure;
- (2) A_{gross} is the sum of potential future credit exposures determined by multiplying the notional principal amount by the appropriate credit conversion factor; and
- (3) NGR is the ratio of the net current credit exposure divided by the gross current credit exposure determined as the sum of only the positive mark-to-markets for each derivative contract with the single counterparty.

(iv) Credit equivalents of single currency floating/floating interest rate

swaps shall be determined by their replacement cost (mark-to-market).

§ 615.5215 Distribution of earnings.

The boards of directors of System institutions may not reduce the permanent capital of the institution through the payment of patronage refunds or dividends, or the retirement of stock or allocated equities except retirements pursuant to §§ 615.5280 and 615.5290 if, after or due to the action, the permanent capital of the institution would fail to meet the minimum permanent capital adequacy standard established under § 615.5205 for that period. This limitation shall not apply to the payment of noncash patronage refunds by any institution exempt from Federal income tax if the entire refund paid qualifies as permanent capital at the issuing institution. Any System institution subject to Federal income tax may pay patronage refunds partially in cash if the cash portion of the refund is the minimum amount required to qualify the refund as a deductible patronage distribution for Federal income tax purposes and the remaining portion of

§615.5216

the refund paid qualifies as permanent capital.

§ 615.5220 Capitalization bylaws.

(a) The board of directors of each System bank and association shall, pursuant to section 4.3A of the Farm Credit Act of 1971 (Act), adopt capitalization bylaws, subject to the approval of its voting shareholders that set forth:

(1) Classes of equities and the manner in which they shall be issued, transferred, converted and retired;

(2) For each class of equities, a description of the class(es) of persons to whom such stock may be issued, voting rights, dividend rights and preferences, and priority upon liquidation, including rights, if any, to share in the distribution of the residual estate;

(3) The number of shares and par value of equities authorized to be issued for each class of equities. However, the bylaws need not state a number or value limit for these equities:

(i) Equities that are required to be purchased as a condition of obtaining a loan, lease, or related service.

(ii) Non-voting stock resulting from the conversion of voting stock due to repayment of a loan.

(iii) Non-voting equities that are issued to an association's funding bank in conjunction with any agreement for a transfer of capital between the association and the bank.

(iv) Equities resulting from the distribution of earnings.

(4) For Farm Credit Banks, agricultural credit banks (with respect to loans other than to cooperatives), and associations, the percentage or dollar amount of equity investment (which may be expressed as a range within which the board of directors may from time to time determine the requirement) that will be required to be purchased as a condition for obtaining a loan, which shall be not less than, 2

§ 615.5230 Implementation of cooperative principles.

(a) Voting shareholders of Farm Credit banks and associations shall be accorded full voting rights in accordance with cooperative principles.

(1) Voting shareholders of associations and banks for cooperatives shall:

(i) Have only one vote, regardless of the number of shares owned or the

Farm Credit Administration**§ 615.5230**

number of loans outstanding, except as otherwise required by statute or regulation and except as modified by paragraph (b) of this section;

(ii) Unless regional election of directors is provided for in the bylaws pursuant to § 615.5230(a)(3), be accorded the right to vote in the election of each director (except for a director that is elected by the other directors);

(iii) Unless regional election of directors is provided for in the bylaws, or unless otherwise provided in the bylaws, be allowed to cumulate such votes and distribute them among the candidates in the shareholder's discretion.

(2) Each voting shareholder of a Farm Credit Bank shall:

(i) Have one vote that is assigned a weight proportional to the number of the association's voting shareholders in a manner that does not discriminate against agricultural credit associations that have resulted from the merger or consolidation of Federal land bank associations and production credit associations; and

(ii) Have the right to vote in the election of each director and be allowed to cumulate such votes and distribute them among the candidates in the shareholder's discretion, except that cumulative voting for directors may be eliminated if 75 percent of the associations that are shareholders of the Farm Credit Bank vote in favor of elimination. In a vote to eliminate cumulative voting, each association shall be accorded one vote.

(3) Regional election of directors is permitted under the following conditions:

(i) A bylaw establishing regional elections is approved by a majority of voting shareholders, voting in person or by proxy, prior to implementation;

(ii) The bylaw provides that all voting shareholders of the institution, whether or not they reside in the director's region, have the right to vote in any shareholder vote to remove each director;

(iii) There are an approximately equal number of voting shareholders in each of the institution's voting regions. The regions shall be deemed to have an approximately equal number of voting shareholders if no region con-

tains more than 25 percent more voting shareholders than in any other region. At least once every 3 years, the institution shall count the number of voting shareholders in each region and, if the regions do not have an approximately equal number of shareholders, shall adjust the regional boundaries to achieve such result; and

(iv) An institution may provide for more than one director to represent a region. In such case, for purposes of determining whether the regions have an approximately equal number of voting shareholders, the number of voting shareholders in the region with more than one director shall be divided by the number of director positions representing that region, and the resulting quotient shall be the number that is compared to the number of voting shareholders in other regions.

(b) Each equityholder of each institution shall be equitably treated in the operation of the institution.

(1) Each issuance of preferred stock (other than preferred stock outstanding on October 5, 1988, and stock into which such outstanding stock is converted that has substantially similar preferences) shall be approved by a majority of the shares of each class of equities affected by the preference, voting as a class, whether or not such classes are otherwise authorized to vote;

(2) Any dividends paid to the holders of common stock and participation certificates shall be on a per share basis and without preference as to rate or priority of payment between classes of common stock, between classes of participation certificates, between classes of common stock and classes of participation certificates, or between holders of the same class of stock or participation certificates, except that any class of common stock or participation certificates that result from the conversion of allocated surplus may be subordinated to other classes of common stock and participation certificates in the payment of dividends.

(3) Any patronage refunds that are paid shall be paid in accordance with cooperative principles, on an equitable

§615.5240

and nondiscriminatory basis determined by the board of directors in accordance with the capitalization bylaws, provided that any earning pools that may be established for the payment of patronage shall be established on a rational and equitable basis that will ensure that each patron of the institution receives its fair share of the earnings of the institution and bears its fair share of the expenses of the institution.

(4) All classes of common stock and participation certificates (except those resulting from a conversion of allocated surplus) must be accorded the same priority with respect to impairment and restoration of impairment and have the same rights and priority upon liquidation.

(5) Each bank shall endeavor to assure that there is a choice of at least two nominees for each elective office to be filled and that the board represents as nearly as possible all types of agriculture in the district. If fewer than two nominees for each position are named, the efforts of the bank to locate two willing nominees shall be documented in the records of the bank. The bank shall also maintain a list of the type or types of agriculture engaged in by each director on its board.

(iv) Disclosure must have been made pursuant to §615.5250 of the nature of the investment and the terms and conditions under which it is issued.

(c) Once an institution's board of directors has made a determination that the institution's capital position is adequate, the institution's board of directors may delegate to management the decision whether to retire borrower stock, provided that:

(1) Any such retirements are in accordance with the institution's capital

§615.5336 Compliance and reporting.

(a) *Noncompliance and reporting.* An institution that meets the minimum applicable surplus ratios and net collateral ratio established in §§615.5330 and 615.5335 at or after the end of the quarter in which these regulations become effective and subsequently falls below one or more minimum requirements shall be in violation of the applicable regulations. Such institution shall report its noncompliance to the Farm Credit Administration within 20 calendar days following the month end in which the institution initially determines that it is not in compliance with the requirements.

(b) *Initial compliance and reporting requirements.*

(1) An institution that fails to satisfy one or more of its minimum applicable surplus and net collateral ratios at the end of the quarter in which these regulations become effective shall report its initial noncompliance to the Farm Credit Administration within 20 days following such quarter end and shall also submit a capital restoration plan for achieving and maintaining the standards, demonstrating appropriate annual progress toward meeting the goal, to the Farm Credit Administration within 60 days following such quarter end. If the capital restoration plan is not approved by the Farm Credit Administration, the Agency shall inform the institution of the reasons for disapproval, and the institution shall submit a revised capital restoration plan within the time specified by the Farm Credit Administration.

(2) *Approval of compliance plans.* In determining whether to approve a capital restoration plan submitted under this

Farm Credit Administration

§ 615.5351

section, the FCA shall consider the following factors, as applicable:

(i) The conditions or circumstances leading to the institution's falling below minimum levels, the exigency of those circumstances, and whether or not they were caused by actions of the institution or were beyond the institution's control;

(ii) The overall condition, management strength, and future prospects of the institution and, if applicable, affiliated System institutions;

(iii) The institution's capital, adverse assets (including nonaccrual and non-performing loans), allowance for loss, and other ratios compared to the ratios of its peers or industry norms;

(iv) How far an institution's ratios are below the minimum requirements;

(v) The estimated rate at which the institution can reasonably be expected to generate additional earnings;

(vi) The effect of the business changes required to increase capital;

(vii) The institution's previous compliance practices, as appropriate;

(viii) The views of the institution's directors and senior management regarding the plan; and

(ix) Any other facts or circumstances that the FCA deems relevant.

(3) An institution shall be deemed to be in compliance with the surplus and collateral requirements of this subpart if it is in compliance with a capital restoration plan that is approved by the Farm Credit Administration within 180 days following the end of the quarter in which these regulations become effective.

Subpart L—Establishment of Minimum Capital Ratios for an Individual Institution

SOURCE: 62 FR 4448, Jan. 30, 1997, unless otherwise noted.

§ 615.5350 General—Applicability.

(a) The rules and procedures specified in this subpart are applicable to a proceeding to establish required minimum capital ratios that would otherwise be applicable to an institution under §§ 615.5205, 615.5330, and 615.5335. The Farm Credit Administration is authorized to establish such minimum capital requirements for an institution as the

Farm Credit Administration, in its discretion, deems to be necessary or appropriate in light of the particular circumstances of the institution. Proceedings under this subpart also may be initiated to require an institution having capital ratios greater than those set forth in §§ 615.5205, 615.5330, or 615.5335 to continue to maintain those higher ratios.

(b) The Farm Credit Administration may require higher minimum capital ratios for an individual institution in view of its circumstances. For example, higher capital ratios may be appropriate for:

(1) An institution receiving special supervisory attention;

(2) An institution that has, or is expected to have, losses resulting in capital inadequacy;

(3) An institution with significant exposure due to operational risk, interest rate risk, the risks from concentrations of credit, certain risks arising from other products, services, or related activities, or management's overall inability to monitor and control financial risks presented by concentrations of credit and related services activities;

(4) An institution exposed to a high volume of, or particularly severe, problem loans;

(5) An institution that is growing rapidly; or

(6) An institution that may be adversely affected by the activities or condition of System institutions with which it has significant business relationships or in which it has significant investments.

(7) An institution with significant exposures to declines in net income or in the market value of its capital due to a change in interest rates and/or the exercising of embedded or explicit options.

[62 FR 4448, Jan. 30, 1997, as amended at 63 FR 39229, July 22, 1998]

§ 615.5351 Standards for determination of appropriate individual institution minimum capital ratios.

The appropriate minimum capital ratios for an individual institution cannot be determined solely through the application of a rigid mathematical formula or wholly objective criteria.

§615.5352

The decision is necessarily based in part on subjective judgment grounded in Agency expertise. The factors to be considered in the determination will vary in each case and may include, for example:

- (a) The conditions or circumstances leading to the Farm Credit Administration's determination that higher minimum capital ratios are appropriate or necessary for the institution;
- (b) The exigency of those circumstances or potential problems;
- (c) The overall condition, management strength, and future prospects of the institution and, if applicable, affiliated institutions;
- (d) The institution's capital, adverse assets (including nonaccrual and non-performing loans), allowance for loss, and other ratios compared to the ratios of its peers or industry norms; and
- (e) The views of the institution's directors and senior management.

§615.5352 Procedures.

(a) *Notice.* When the Farm Credit Administration determines that minimum capital ratios greater than those set forth in §§615.5205, 615.5330, or 615.5335 are necessary or appropriate for a particular institution, the Farm Credit Administration will notify the institution in writing of the proposed minimum capital ratios and the date by which they should be reached (if applicable) and will provide an explanation of why the ratios proposed are considered necessary or appropriate for the institution.

(b) *Response.* (1) The institution may respond to any or all of the items in the notice. The response should include any matters which the institution would have the Farm Credit Administration consider in deciding whether individual minimum capital ratios should be established for the institution, what those capital ratios should be, and, if applicable, when they should be achieved. The response must be in writing and delivered to the designated Farm Credit Administration official within 30 days after the date on which the institution received the notice. In its discretion, the Farm Credit Administration may extend the time period for good cause. The Farm Credit Administration may shorten the time pe-

riod with the consent of the institution or when, in the opinion of the Farm Credit Administration, the condition of the institution so requires, provided that the institution is informed promptly of the new time period.

(2) Failure to respond within 30 days or such other time period as may be specified by the Farm Credit Administration shall constitute a waiver of any objections to the proposed minimum capital ratios or the deadline for their achievement.

(c) *Decision.* After the close of the institution's response period, the Farm Credit Administration will decide, based on a review of the institution's response and other information concerning the institution, whether individual minimum capital ratios should be established for the institution and, if so, the ratios and the date the requirements will become effective. The institution will be notified of the decision in writing. The notice will include an explanation of the decision, except for a decision not to establish individual minimum capital requirements for the institution.

(d) *Submission of plan.* The decision may require the institution to develop and submit to the Farm Credit Administration, within a time period specified, an acceptable plan to reach the minimum capital ratios established for the institution by the date required.

(e) *Reconsideration based on change in circumstances.* If, after the Farm Credit Administration's decision in paragraph (c) of this section, there is a change in the circumstances affecting the institution's capital adequacy or its ability to reach the required minimum capital ratios by the specified date, either the institution or the Farm Credit Administration may propose a change in the minimum capital ratios for the institution, the date when the minimums must be achieved, or the institution's plan (if applicable). The Farm Credit Administration may decline to consider proposals that are not based on a significant change in circumstances or are repetitive or frivolous. Pending a decision on reconsideration, the Farm Credit Administration's original decision and any plan required under that decision shall continue in full force and effect.

§ 615.5356

§ 615.5353 Relation to other actions.

In lieu of, or in addition to, the procedures in this subpart, the required minimum capital ratios for an institution may be established or revised through a written agreement or cease and desist proceedings under part C of title V of the Act, or as a condition for approval of an application.

§ 615.5354 Enforcement.

An institution that does not have or maintain the minimum capital ratios applicable to it, whether required in subparts H and K of this part, in a decision pursuant to this subpart, in a written agreement or temporary or final order under part C of title V of the Act, or in a condition for approval of an application, or an institution that has failed to submit or comply with an acceptable plan to attain those ratios, will be subject to such administrative action or sanctions as the Farm Credit Administration considers appropriate. These sanctions may include the issuance of a capital directive pursuant to subpart M of this part or other enforcement action, assessment of civil money penalties, and/or the denial or condition of applications.

Subpart M—Issuance of a Capital Directive

SOURCE: 62 FR 4449, Jan. 30, 1997, unless otherwise noted.

§ 615.5355 Purpose and scope.

(a) This subpart is applicable to proceedings by the Farm Credit Administration to issue a capital directive under sections 4.3(b) and 4.3A(e) of the Act. A capital directive is an order issued to an institution that does not have or maintain capital at or greater than the minimum ratios set forth in §§ 615.5205, 615.5330, and 615.5335; or established for the institution under subpart L, by a written agreement under part C of title V of the Act, or as a condition for approval of an application. A capital directive may order the institution to:

(1) Achieve the minimum capital ratios applicable to it by a specified date;

(2) Adhere to a previously submitted plan to achieve the applicable capital ratios;

(3) Submit and adhere to a plan acceptable to the Farm Credit Administration describing the means and time schedule by which the institution shall achieve the applicable capital ratios;

(4) Take other action, such as reduction of assets or the rate of growth of assets, restrictions on the payment of dividends or patronage, or restrictions on the retirement of stock, to achieve the applicable capital ratios, or reduce levels of interest rate and other risk exposures, or strengthen management expertise, or improve management information and measurement systems; or

(5) A combination of any of these or similar actions.

(b) A capital directive may also be issued to the board of directors of an institution, requiring such board to comply with the requirements of section 4.3A(d) of the Act prohibiting the reduction of permanent capital.

(c) A capital directive issued under this rule, including a plan submitted under a capital directive, is enforceable in the same manner and to the same extent as an effective and outstanding cease and desist order which has become final as defined in section 5.25 of the Act. Violation of a capital directive may result in assessment of civil money penalties in accordance with section 5.32 of the Act.

[62 FR 4449, Jan. 30, 1997, as amended at 63 FR 39229, July 22, 1998]

§ 615.5356 Notice of intent to issue a capital directive.

The Farm Credit Administration will notify an institution in writing of its intention to issue a capital directive. The notice will state:

(a) The reasons for issuance of the capital directive;

(b) The proposed contents of the capital directive, including the proposed date for achieving the minimum capital requirement; and

(c) Any other relevant information concerning the decision to issue a capital directive.

§615.5357**§615.5357 Response to notice.**

(a) An institution may respond to the notice by stating why a capital directive should not be issued and/or by proposing alternative contents for the capital directive or seeking other appropriate relief. The response shall include any information, mitigating circumstances, documentation, or other relevant evidence that supports its position. The response may include a plan for achieving the minimum capital ratios applicable to the institution. The response must be in writing and delivered to the Farm Credit Administration within 30 days after the date on which the institution received the notice. In its discretion, the Farm Credit Administration may extend the time period for good cause. The Farm Credit Administration may shorten the 30-day time period:

(1) When, in the opinion of the Farm Credit Administration, the condition of the institution so requires, provided that the institution shall be informed promptly of the new time period;

(2) With the consent of the institution; or

(3) When the institution already has advised the Farm Credit Administration that it cannot or will not achieve its applicable minimum capital ratios.

(b) Failure to respond within 30 days or such other time period as may be specified by the Farm Credit Administration shall constitute a waiver of any objections to the proposed capital directive.

§615.5358 Decision.

After the closing date of the institution's response period, or receipt of the institution's response, if earlier, the Farm Credit Administration may seek additional information or clarification of the response. Thereafter, the Farm Credit Administration will determine whether or not to issue a capital directive, and if one is to be issued, whether it should be as originally proposed or in modified form.

§615.5359 Issuance of a capital directive.

(a) A capital directive will be served by delivery to the institution. It will include or be accompanied by a statement of reasons for its issuance.

12 CFR Ch. VI (1-1-05 Edition)

(b) A capital directive is effective immediately upon its receipt by the institution, or upon such later date as may be specified therein, and shall remain effective and enforceable until it is stayed, modified, or terminated by the Farm Credit Administration.

§615.5360 Reconsideration based on change in circumstances.

Upon a change in circumstances, an institution may request the Farm Credit Administration to reconsider the terms of its capital directive or may propose changes in the plan to achieve the institution's applicable minimum capital ratios. The Farm Credit Administration also may take such action on its own motion. The Farm Credit Administration may decline to consider requests or proposals that are not based on a significant change in circumstances or are repetitive or frivolous. Pending a decision on reconsideration, the capital directive and plan shall continue in full force and effect.

§615.5361 Relation to other administrative actions.

A capital directive may be issued in addition to, or in lieu of, any other action authorized by law, including cease and desist proceedings, civil money penalties, or the conditioning or denial of applications. The Farm Credit Administration also may, in its discretion, take any action authorized by law, in lieu of a capital directive, in response to an institution's failure to achieve or maintain the applicable minimum capital ratios.

§615.5452 Law governing rights and obligations of Federal Reserve Banks, Farm Credit banks, and Funding Corporation; rights of any person against Federal Reserve Banks, Farm Credit banks, and Funding Corporation.

(a) Except as provided in paragraph (b) of this section, the following are governed solely by the regulations contained in this subpart O, the securities documentation, and Federal Reserve Bank Operating Circulars:

(1) The rights and obligations of the Farm Credit banks, the Funding Corporation, and the Federal Reserve Banks with respect to:

(i) A book-entry security or security entitlement, and

(ii) The operation of the Book-entry System as it applies to Farm Credit securities; and

12 CFR Ch. VI (1-1-05 Edition)

(2) The rights of any person, including a participant, against the Farm Credit banks, the Funding Corporation, and the Federal Reserve Banks with respect to:

(i) A book-entry security or security entitlement, and

(ii) The operation of the Book-entry System as it applies to Farm Credit securities.

(b) A security interest in a security entitlement that is in favor of a Federal Reserve Bank from a participant and that is not recorded on the books of a Federal Reserve Bank pursuant to §615.5454(c)(1) of this subpart, is governed by the law (not including the conflict-of-law rules) of the jurisdiction where the head office of the Federal Reserve Bank maintaining the participant's securities account is located. A security interest in a security entitlement that is in favor of a Federal Reserve Bank from a person that is not a participant, and that is not recorded on the books of a Federal Reserve Bank pursuant to §615.5454(c)(1) of this subpart, is governed by the law determined in the manner specified in §615.5453 of this subpart.

(c) If the jurisdiction specified in the first sentence of paragraph (b) of this section is a State that has not adopted revised Article 8 (see 31 CFR 357.2) then the law specified in paragraph (b) of this section shall be the law of that State as though revised Article 8 had been adopted by that State.

§615.5453 Law governing other interests.

(a) To the extent not inconsistent with these regulations, the law (not including the conflict-of-law rules) of a securities intermediary's jurisdiction governs:

(1) The acquisition of a security entitlement from the securities intermediary;

(2) The rights and duties of the securities intermediary and entitlement holder arising out of a security entitlement;

(3) Whether the securities intermediary owes any duties to an adverse claimant to a security entitlement;

Farm Credit Administration**§ 615.5454**

(4) Whether an adverse claim can be asserted against a person who acquires a security entitlement from the securities intermediary or a person who purchases a security entitlement or interest therein from an entitlement holder; and

(5) Except as otherwise provided in paragraph (c) of this section, the perfection, effect of perfection or non-perfection and priority of a security interest in a security entitlement.

(b) The following rules determine a "securities intermediary's jurisdiction" for purposes of this section:

(1) If an agreement between the securities intermediary and its entitlement holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(2) If an agreement between the securities intermediary and its entitlement holder does not specify the governing law as provided in paragraph (b)(1) of this section, but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(3) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in paragraph (b)(1) or (b)(2) of this section, the securities intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the entitlement holder's account.

(4) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in paragraph (b)(1) or (b)(2) of this section and an account statement does not identify an office serving the entitlement holder's account as provided in paragraph (b)(3) of this section, the securities intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the securities intermediary.

(c) Notwithstanding the general rule in paragraph (a)(5) of this section, the law (but not the conflict-of-law rules) of the jurisdiction in which the person creating a security interest is located governs whether and how the security interest may be perfected automati-

cally or by filing a financing statement.

(d) If the jurisdiction specified in paragraph (b) of this section is a State that has not adopted revised Article 8 (see 31 CFR 357.2), then the law for the matters specified in paragraph (a) of this section shall be the law of that State as though revised Article 8 had been adopted by that State. For purposes of the application of the matters specified in paragraph (a) of this section, the Federal Reserve Bank maintaining the securities account is a clearing corporation, and the participant's interest in a book-entry security is a security entitlement.

§ 615.5454 Creation of participant's security entitlement; security interests.

(a) A participant's security entitlement is created when a Federal Reserve Bank indicates by book entry that a book-entry security has been credited to a participant's securities account.

(b) A security interest in a security entitlement of a participant in favor of the United States to secure deposits of public money, including without limitation deposits to the Treasury tax and loan accounts, or other security interest in favor of the United States that is required by Federal statute, regulation, or agreement, and that is marked on the books of a Federal Reserve Bank is thereby effected and perfected, and has priority over any other interest in the securities. Where a security interest in favor of the United States in a security entitlement of a participant is marked on the books of a Federal Reserve Bank, such Federal Reserve Bank may rely, and is protected in relying, exclusively on the order of an authorized representative of the United States directing the transfer of the security. For purposes of this paragraph, an "authorized representative of the United States" is the official designated in the applicable regulations or agreement to which a Federal Reserve Bank is a party, governing the security interest.

(c)(1) The Farm Credit Banks, the Funding Corporation, and the Federal Reserve Banks have no obligation to agree to act on behalf of any person or

§615.5455

to recognize the interest of any transferee of a security interest or other limited interest in favor of any person except to the extent of any specific requirement of Federal law or regulation or to the extent set forth in any specific agreement with the Federal Reserve Bank on whose books the interest of the participant is recorded. To the extent required by such law or regulation or set forth in an agreement with a Federal Reserve Bank, or the Federal Reserve Bank Operating Circular, a security interest in a security entitlement that is in favor of a Federal Reserve Bank, a Farm Credit Bank, the Funding Corporation, or a person may be created and perfected by a Federal Reserve Bank marking its books to record the security interest. Except as provided in paragraph (b) of this section, a security interest in a security entitlement marked on the books of a Federal Reserve Bank shall have priority over any other interest in the securities.

(2) In addition to the method provided in paragraph (c)(1) of this section, a security interest, including a security interest in favor of a Federal Reserve Bank, may be perfected by any method by which a security interest may be perfected under applicable law as described in §615.5452(b) or §615.5453 of this subpart. The perfection, effect of perfection or non-perfection and priority of a security interest are governed by that applicable law. A security interest in favor of a Federal Reserve Bank shall be treated as a security interest in favor of a clearing corporation in all respects under that law, including with respect to the effect of perfection and priority of the security interest. A Federal Reserve Bank Operating Circular shall be treated as a rule adopted by a clearing corporation for such purposes.

§615.5455 Obligations of the Farm Credit banks and the Funding Corporation; no adverse claims.

The Federal Reserve Banks, the Farm Credit banks, and the Funding Corporation are not liable to a person asserting or having an adverse claim to a security entitlement or to a book-entry security in a participant's securities account, including any such claim arising as a result of the transfer or disposition of a book-entry security by a Federal Reserve Bank pursuant to a transfer message that the Federal Reserve Bank reasonably believes to be genuine.

(b) The obligation of the Farm Credit banks and the Funding Corporation to make payments (including payments of interest and principal) with respect to book-entry securities is discharged at the time payment in the appropriate amount is made as follows:

(1) Interest or other payments on book-entry securities are either credited by a Federal Reserve Bank to a funds account maintained at the Federal Reserve Bank or otherwise paid as directed by the participant.

(2) Book-entry securities are redeemed in accordance with their terms by a Federal Reserve Bank withdrawing the securities from the participant's securities account in which they are maintained and by either crediting the amount of the redemption proceeds, including both principal and interest, where applicable, to a funds account at the Federal Reserve Bank or otherwise paying such principal and interest as directed by the participant. No action by the participant is required in connection with the redemption of a book-entry security.

§ 616.600 Definitions.

For the purposes of this part, the following definitions apply:

(a) *Interests in leases* means ownership interests in any aspect of a lease transaction, including, but not limited to, servicing rights.

(b) *Lease* means any contractual obligation to own and lease, or lease with the option to purchase, equipment or facilities used in the operations of persons eligible to borrow under part 613 of this chapter.

(c) *Sale with recourse* means a sale of a lease or an interest in a lease in which the seller:

(1) Retains some risk of loss from the transferred asset for any cause except the seller's breach of usual and customary warranties or representations designed to protect the purchaser against fraud or misrepresentation; or

(2) Has an obligation to make payments to any party resulting from:

(i) Default on the lease by the lessee or guarantor or any other deficiencies in the lessee's performance;

(ii) Changes in the market value of the assets after transfer;

(iii) Any contractual relationship between the seller and purchaser incident to the transfer that, by its terms, could continue even after final payment, default, or other termination of the assets transferred; or

(iv) Any other cause, except that the retention of servicing rights alone shall not constitute recourse.

§ 616.6100 Purchase and sale of interests in leases.

(a) *Authority to buy interests in leases.* A Farm Credit System institution may buy leases and interests in leases.

(b) *Policies.* Each Farm Credit System institution that sells or buys interests in leases must do so only under a policy adopted by its board of directors that addresses the following:

(1) The types of leases in which the institution may buy or sell an interest and the types of interests which may be bought or sold;

(2) The underwriting standards for the purchase of interests in leases;

(3) Such limits on the aggregate lease payments and residual amount of interests in leases that the institution may buy from a single institution as are necessary to diversify risk, and such limits on the aggregate amounts the institution may buy from all institutions as are necessary to assure that service to the territory is not impeded;

(4) Identification and reporting of leases in which interests are sold or bought;

(5) Requirements for securing from the selling lessor in a timely manner adequate financial and other information about the lessee needed to make an independent judgment; and

(6) Any limits or conditions to which sales or purchases are subject that the board considers appropriate, including arbitration.

(c) *Purchase and sale agreements.* Each agreement to buy or sell an interest in a lease must, at a minimum:

(1) Identify the particular lease(s) to be covered by the agreement;

Farm Credit Administration

§ 616.6300

- (2) Provide for the transfer of lessee information on a timely and continuing basis;
- (3) Identify the nature of the interest(s) sold or bought;
- (4) Specify the rights and obligations of the parties and the terms and conditions of the sale;
- (5) Contain any terms necessary for the appropriate administration of the lease, including lease servicing and monitoring of the servicer and authorization and conditions for action in the event of lessee distress or default;
- (6) Provide for a method of resolution of disagreements arising under the agreement;
- (7) Specify whether the contract is assignable by either party; and
- (8) In the case of lease transactions through agents, comply with § 614.4325(h) of this chapter, reading the term "lease" or "leases" in place of the term "loan" or "loans," as applicable.
- (d) *Independent judgment.* Each institution that buys an interest in a lease must make a judgment on the payment ability of the lessee that is independent of the originating or lead lessor and any intermediary seller or broker. This must occur before the purchase of the interest and before any servicing action that alters the terms of the original agreement. The institution must not delegate such judgment to any person(s) not employed by the institution. A Farm Credit System institution that buys a lease or any interest in a lease may use information, such as appraisals or inspections, provided by the originating or lead lessor, or any intermediary seller or broker; however, the buying Farm Credit System institution must independently evaluate such information when exercising its judgment. The independent judgment must be documented by a payment analysis that considers factors set forth in § 616.6300. The payment analysis must consider such financial and other lessee information as would be required by a prudent lessor and must include an evaluation of the capacity and reliability of the servicer. Boards of directors of jointly managed institutions must adopt procedures to ensure the interests of their respective shareholders are protected in participation between such institutions.

(e) *Sales with recourse.* When a lease or interest in a lease is sold with recourse:

(1) For the purpose of determining the lending and leasing limit in subpart J of part 614 of this chapter, the lease must be considered, to the extent of the recourse or guaranty, a lease by the buyer to the seller, and in addition, the seller must aggregate the lease with other obligations of the lessee; and

(2) The lease subject to the recourse agreement must be considered an asset sold with recourse for the purpose of computing capital ratios.

(f) *Similar entity lease transactions.* The provisions of § 613.3300 of this chapter that apply to interests in loans made to similar entities apply to interests in leases made to similar entities. In applying these provisions, the term "loan" shall be read to include the term "lease" and the term "principal amount" shall be read to include the term "lease amount."

§ 616.6200 Out-of-territory leasing.

A System institution may make leases outside its chartered territory.

§ 616.6300 Leasing policies, procedures, and underwriting standards.

The board of each institution engaged in lease underwriting must adopt a written policy (or policies). Management, at the direction of the board, must develop procedures that reflect lease practices that control risk and comply with all applicable laws and regulations. Any leasing activity must comply with the lending policies and loan underwriting requirements in § 614.4150 of this chapter. An institution engaged in the making, buying, or syndicating of leases also must adopt written policies and procedures that address the additional risks associated with leasing. Written policies and procedures must address the following, if applicable:

(a) Appropriateness of the lease amount, purpose, and terms and conditions, including the residual value established at the inception of the lease;

(b) Process for estimating the leased asset's market value during the lease term;

§616.6400

- (c) Types of equipment and facilities the institution will lease;
- (d) Remarketing of leased property and associated risks;
- (e) Property tax and sales tax reporting;
- (f) Title and ownership of leased assets;
- (g) Title and licensing for motor vehicles;
- (h) Liability associated with ownership, including any environmental hazards or risks;
- (i) Insurance requirements for both the lessor and lessee;
- (j) Classification of leases in accordance with generally accepted accounting principles; and
- (k) Tax treatment of lease transactions and associated risks.

§616.6400 Documentation.

Each institution must document that any asset it leases is within its statutory authority.

§616.6500 Investment in leased assets.

An institution may acquire property to be leased that is consistent with current or planned leasing programs.

§616.6600 Leasing limit.

All leases made by Farm Credit System institutions shall be subject to the lending and leasing limit in subpart J of part 614 of this chapter.

§616.6700 Stock purchase requirements.

(a) Each System institution, except the Farm Credit Leasing Services Corporation, making an equipment lease under titles II or III of the Act must require the lessee to buy or own at least one share of stock or one participation certificate in the institution making the lease, in accordance with its by-laws.

(b) The disclosure requirements of §615.5250(a) and (b) of this chapter apply to stock (or participation certificates) bought as a condition for obtaining a lease.

§616.6800 Disclosure requirements.

(a) Each System institution must give to each lessee a copy of all lease documents signed by the lessee within

12 CFR Ch. VI (1-1-05 Edition)

a reasonable time following lease closing.

(b) Each System institution must make its decision on a lease application as soon as possible and provide prompt written notice of its decision to the applicant.

Subpart A—General**§ 617.7000 Definitions.**

For the purposes of this part, the following terms apply:

Adjustable rate loan means a loan where the interest rate payable over the term of the loan may change. This includes adjustable rate, variable rate, or other similarly designated loans.

Adverse credit decision means a credit decision where a qualified lender:

- (1) Decides not to make a loan to an applicant;
- (2) Approves a loan in an amount less than the applicant requested; or
- (3) Denies an application for restructuring.

Applicant means any person who completes and executes a loan application from a qualified lender.

Application for restructuring means a written request from a borrower to restructure a distressed loan. The request must be submitted on the appropriate forms prescribed by the qualified lender and accompanied by sufficient financial information and repayment projections, where appropriate, as required by the qualified lender to support a sound credit decision.

Distressed loan means a loan that the borrower does not have the financial capacity to pay according to its terms, as determined by the qualified lender, and exhibits one or more of the following characteristics:

- (1) The borrower is demonstrating adverse financial and repayment trends.
- (2) The loan is delinquent or past due under the terms of the loan contract.
- (3) One or both of the factors listed in paragraphs (1) and (2) of this section, together with inadequate collateralization, present a high probability of loss to the qualified lender.

Effective interest rate means a measure of the cost of credit, expressed as an annual percentage rate, that shows the effect of the following costs, if any, on the interest rate on a loan charged by a qualified lender to a borrower:

- (1) The amount of any stock or participation certificates that a borrower is required to buy to obtain the loan; and

§617.7005

(2) Any loan origination charges paid by a borrower to a qualified lender to obtain the loan.

Foreclosure proceeding means:

(1) A foreclosure or similar legal proceeding to enforce a lien on property, whether real or personal, that secures a non-interest-earning asset or distressed loan; or

(2) The seizing of and realizing on non-real property collateral, other than collateral subject to a statutory lien arising under titles I and II of the Act, to effect collection of a nonaccrual or distressed loan.

Independent evaluator means an individual who is a qualified evaluator and who satisfies the standards of §614.4260, subpart F of this chapter, and the standards set by the qualified lender for the type of property to be evaluated. The independent evaluator may not be an employee or agent of a qualified lender or have a relationship with the lender or any of its officers or directors in contravention of part 612 of this chapter.

Interest rate means the stated contract rate of interest.

Loan means an extension of credit made to a farmer, rancher, or producer or harvester of aquatic products, for any agricultural or aquatic purpose and other credit needs of the borrower, including financing for basic processing and marketing that directly relates to the borrower's operations and those of other eligible farmers, ranchers, and producers or harvesters of aquatic products.

Loan application means a complete oral or written request for an extension of credit made in accordance with a qualified lender's procedures for the type of credit requested. An application is complete when the qualified lender receives all the information normally obtained and used in evaluating applications for credit. This information may include credit reports, supporting information for the credit requested, and reports by governmental agencies or other persons necessary to guarantee, insure, or provide security for the credit or collateral.

Qualified lender means:

(1) A System institution, except a bank for cooperatives, that makes loans as defined in this section; and

12 CFR Ch. VI (1-1-05 Edition)

(2) Each bank, institution, corporation, company, credit union, and association described in section 1.7(b)(1)(B) of the Act (commonly referred to as an other financing institution), but only with respect to loans discounted or pledged under section 1.7(b)(1).

§617.7005 When may electronic communications be used in the borrower rights process?

Qualified lenders may use, with the parties' agreement, electronic commerce (E-commerce), including electronic communications for borrower rights disclosures. Part 609 of this chapter addresses when a qualified lender may use E-commerce. Consistent with these rules, a qualified lender should interpret part 617 broadly to allow electronic transmissions, communications, records, and submissions. However, electronic communications may not be used for a notice of default, acceleration, repossession, foreclosure, eviction, or the right to cure when a borrower's primary residence secures the loan. In these instances, a qualified lender must use paper disclosures.

§617.7010 May borrower rights be waived?

(a) A qualified lender may not obtain a waiver of borrower rights, except as indicated in paragraph (b) of this section.

(b) A borrower may waive rights relating to distressed loan restructuring, credit reviews, and the right of first refusal as follows:

(1) When a loan is guaranteed by the Small Business Administration.

(2) In connection with a loan sale as provided in §617.7015.

(c) All waivers must be voluntary and in writing. The document evidencing the waiver must clearly explain the rights the borrower is being asked to waive and provide an explanation of such rights.

Farm Credit Administration

§ 617.7105

§ 617.7015 What happens to borrower rights when a loan is sold?

(a) *What happens when a qualified lender sells a loan to another qualified lender?* A loan made by a qualified lender and subsequently sold, in whole or in part, to another qualified lender is subject to the borrower rights provisions of title IV of the Act.

(b) *What happens when a qualified lender sells a loan into the secondary market?*

(1) Except as provided in paragraph (b)(2) of this section, the borrower rights provisions of sections 4.14, 4.14A, 4.14B, 4.14C, 4.14D, and 4.36 of the Act do not apply to a loan made on or after February 10, 1996, and designated for sale into a secondary market at the time the loan was made.

(2) Borrower rights apply to a loan designated for sale under paragraph (b)(1) of this section but not sold into a secondary market during the 180-day period that begins on the date of designation. The provisions of paragraph (b)(1) of this section will subsequently apply on the date of sale if the loan is later sold into a secondary market.

(c) *What happens when a qualified lender sells a loan to a nonqualified lender?*

(1) Except for loans sold to another qualified lender or designated for sale into a secondary market, a qualified lender must comply with one of the following requirements before selling a loan or interest in a loan subject to borrower rights:

(i) The qualified lender and borrower must agree to include provisions in the loan contract with the borrower, or a written modification thereto, that ensure that the buyer of the loan will be obligated to provide the borrower the same rights a qualified lender must provide; or

(ii) The qualified lender must obtain from the borrower a signed written consent to the sale, which clearly states the borrower waives statutory borrower rights.

(2) Before the qualified lender obtains the borrower's consent to the sale of the loan and the waiver of borrower rights under paragraph (c)(1)(ii) of this section, the qualified lender must disclose in writing to the borrower:

(i) A complete description of the statutory rights the borrower will waive;

(ii) Any changes in the loan terms or conditions that will occur if the qualified lender does not sell the loan;

(iii) That waiving borrower rights will not become effective unless the qualified lender sells the loan; and

(iv) That borrower rights will become effective again if any qualified lender repurchases the loan or any interest in the loan.

(3) The consent to the loan sale and waiver of borrower rights shall have no effect until the qualified lender sells the loan. Borrower rights become effective again if any qualified lender repurchases the loan or any interest in the loan.

(4) A qualified lender may not make a loan conditioned on the borrower consenting to the loan's sale and a waiver of borrower rights.

Subpart B—Disclosure of Effective Interest Rates

SOURCE: 69 FR 16459, Mar. 30, 2004, unless otherwise noted.

§ 617.7100 Who must make and who is entitled to receive an effective interest rate disclosure?

(a) A qualified lender must make the disclosures required by subparts B and C of this part to borrowers for all loans not subject to the Truth in Lending Act.

(b) For a single loan involving more than one borrower, a qualified lender is required to provide only one set of disclosures to borrowers. All borrowers may designate, in writing, one person who will receive the effective interest rate disclosure. If the borrowers do not designate a particular recipient, the lender may provide the disclosure to at least one of the borrowers who is primarily liable for repayment of the loan.

§ 617.7105 When must a qualified lender disclose the effective interest rate to a borrower?

(a) *Disclosure to prospective borrowers.* A qualified lender must provide written effective interest rate disclosure for

§617.7110

each loan no later than the time of loan closing.

(b) *Disclosure to existing borrowers.*

(1) A qualified lender must provide a new effective interest rate disclosure to an existing borrower on or before the date:

(i) The borrower executes a new promissory note or other comparable evidence of indebtedness;

(ii) The borrower purchases additional stock or participation certificates as a condition of obtaining new funds from the qualified lender; or

(iii) The borrower pays an additional loan origination charge to the qualified lender as a condition of obtaining new funds.

(2) A qualified lender is not required to provide a new effective interest rate disclosure when it advances new funds to an existing borrower if none of the conditions of paragraph (b)(1) of this section apply and the advance is made pursuant to a preexisting contract that specifically provides for future advances.

§617.7110 How should a qualified lender disclose the cost of borrower stock or participation certificates?

The cost of borrower stock or participation certificates must be included in the effective interest rate calculation at the time the stock or participation certificate is purchased in connection with a loan transaction. For subsequent loans to existing borrowers, only the cost of new stock or participation certificates, if any, purchased in connection with a new loan or advance of new funds must be included in the effective interest rate calculation for the transaction.

§617.7115 How should a qualified lender disclose loan origination charges?

Any one-time charge paid by a borrower to a qualified lender in consideration for making a loan must be included in the effective interest rate as a loan origination charge. These include, but are not limited to, loan origination fees, application fees, and conversion fees. Loan origination charges also include any payments made by a borrower to a qualified lender to reduce the interest rate that

12 CFR Ch. VI (1-1-05 Edition)

would otherwise be charged, including any charges designated as "points."

§617.7120 How should a qualified lender present the disclosures to a borrower?

A qualified lender must:

(a) Disclose the effective interest rate and other information required by subparts B and C of this part clearly and conspicuously in writing, in a form that is easy to read and understand and that the borrower may keep; and

(b) Not combine the disclosures with any information not directly related to the information required by §§ 617.7130 and 617.7135.

§617.7125 How should a qualified lender determine the effective interest rate?

(a) A qualified lender must calculate the effective interest rate on a loan using the discounted cash flow method showing the effect of the time value of money.

(b) For all loans, the cash flow stream used for calculating the effective interest rate of a loan must include:

(1) Principal and interest;

(2) The cost of stock or participation certificates that a borrower is required to purchase in connection with the loan; and

(3) Loan origination charges described in § 617.7115.

(c) A qualified lender must establish policies and procedures for EIR disclosures that clearly show the effect of the cost of borrower stock (or participation certificates) and loan origination charges on the interest rate of a loan. A qualified lender must also establish policies and procedures for determining major assumptions used in calculating the effective interest rate, e.g., criteria on how the cost of borrower stock (or participation certificates) and loan origination charges are assigned or allocated among multiple loans obtained by a borrower simultaneously.

§617.7130 What initial disclosures must a qualified lender make to a borrower?

(a) *Required disclosures—in general.* A qualified lender must disclose in writing:

Farm Credit Administration**§ 617.7200**

- (1) The interest rate on the loan;
 - (2) The effective interest rate of the loan;
 - (3) The amount of stock or participation certificates that a borrower is required to purchase in connection with the loan and included in the calculation of the effective interest rate of the loan;
 - (4) All loan origination charges included in the effective interest rate;
 - (5) That stock or participation certificates that borrowers are required to purchase are at risk and may only be retired at the discretion of the board of the institution; and
 - (6) The various types of loan options available to borrowers, with an explanation of the terms and borrower rights that apply to each type of loan.
- (b) *Adjustable rate loans.* A lender must provide the following information for adjustable rate loans in addition to the requirements of paragraph (a) of this section:
- (1) The circumstances under which the rate can be adjusted;
 - (2) How much the rate can be adjusted at any one time and how much the rate can be adjusted during the term of the loan;
 - (3) How often the rate can be adjusted;
 - (4) Any limitations on the amount or frequency of adjustments; and
 - (5) The specific factors that the qualified lender may take into account in making adjustments to the interest rate on the loan.

§ 617.7135 What subsequent disclosures must a qualified lender make to a borrower?(a) *Notice of interest rate change.*

- (1) A qualified lender must provide written notice to a borrower of any change in interest rate on the borrower's existing loan, containing the following information:
 - (i) The new interest rate on the loan;
 - (ii) The date on which the new rate is effective; and
 - (iii) The factors used to adjust the interest rate on the loan.

(2) If the borrower's interest rate is directly tied to a widely publicized external index, a qualified lender must provide written notice to the borrower of the rate change within forty-five (45)

days after the effective date of the change.

(3) If the borrower's interest rate is not directly tied to a widely publicized external index, a qualified lender must send written notice to the borrower of the rate change within ten (10) days after the effective date of the change.

(b) *Notice of increase in stock purchase requirement.* If a qualified lender increases the amount of stock (or participation certificates) a borrower must own during the term of a loan, the lender must send a written notice to the borrower at least ten (10) days prior to the effective date of the increase. The notice must state:

(1) The new effective interest rate on the outstanding balance for the remaining term of the borrower's loan;

(2) The date on which the new rate is effective; and

(3) The reason for the increase in the borrower stock (or participation certificates) purchase requirement.

Subpart C—Disclosure of Differential Interest Rates**§ 617.7200 What disclosures must a qualified lender make to a borrower on loans offered with more than one rate of interest?**

A qualified lender that offers more than one rate of interest to borrowers must notify each borrower of the right to request a review of the interest rate charged on his or her loan no later than the time of loan closing. At the request of a borrower, the lender must:

(a) Provide a review of the loan to determine if the proper interest rate has been established;

(b) Explain to the borrower in writing the basis for the interest rate charged; and

(c) Explain to the borrower in writing how the credit status of the borrower may be improved to receive a lower interest rate on the loan.

§617.7300**Subpart D—Actions on Applications; Review of Credit Decisions****§ 617.7300 When acting on a loan application, what are the notice requirements and review rights?**

Each qualified lender must make its decision on a loan application as quickly as possible. The qualified lender must provide prompt written notice of its decision to the applicant. The qualified lender is required to notify all primary applicants. If a loan application has more than one primary applicant, the qualified lender may send the original notice to the applicant designated to receive notices and may send copies to all other applicants. If the qualified lender makes an adverse credit decision on a loan application, the notice must include:

- (a) The specific reasons for the qualified lender's decision;
- (b) A statement that the applicant may request a review of the decision;
- (c) A statement that a written request for review must be made within 30 days after the applicant receives the qualified lender's notice; and
- (d) A brief explanation of the process for seeking review of the decision, including the independent collateral evaluation review process, whom to contact for access to information, and the applicant's right to appear in person before the credit review committee (CRC).

§ 617.7305 What is a CRC and who are the members?

The board of directors of each qualified lender must establish one or more CRCs to review adverse credit decisions made by a qualified lender. The CRC may only review adverse credit decisions at the request of the applicant or borrower. The CRC has the ultimate decision-making authority on the loan or application under review. CRC members are selected by the board of directors of each qualified lender and must include at least one of the qualified lender's farmer-elected board members. The loan officer involved in the adverse credit decision being reviewed may not serve on the CRC when it reviews that loan.

12 CFR Ch. VI (1-1-05 Edition)**§ 617.7310 What is the review process of the CRC?**

(a) *How will an applicant or borrower know when the CRC will consider the review request?* The qualified lender must inform the applicant or borrower 15 days in advance of the CRC meeting where the applicant or borrower's request will be reviewed.

(b) *Who may make a personal appearance before the CRC?* Each applicant or borrower who has requested a review may appear in person before the CRC. The applicant or borrower may be accompanied by counsel or other representative when seeking a reversal of a decision on a loan or an application for restructuring.

(c) *What documents may the CRC consider?* An applicant or borrower may submit any documents or other evidence to support the information contained in the loan or application for restructuring. The documents should demonstrate that the application for a loan or restructuring satisfies the credit standards of the qualified lender and is an eligible loan or application for restructuring. Additionally, the applicant or borrower is entitled to a copy of each independent collateral evaluation used by the qualified lender.

(d) *May an applicant obtain a new collateral evaluation even if collateral was not a reason for the adverse credit decision?* As part of a CRC review, an applicant may request an independent collateral evaluation of the agricultural real estate securing the loan or being offered as security, regardless of whether collateral was an identified reason for the adverse credit decision. The independent collateral evaluation may be for any interest(s) in the property securing the loan, except stock or participation certificates issued by the qualified lender and held by the applicant or borrower.

(1) *Who may conduct an independent collateral evaluation?* The independent collateral evaluation must be conducted by an independent evaluator. The CRC must provide the applicant or borrower with a list of three independent evaluators approved by the qualified lender within 30 days of the request for an independent collateral evaluation. The applicant or borrower must select and engage the services of

Farm Credit Administration**§ 617.7400**

an evaluator from the list. The evaluation must comply with the collateral evaluation requirements of part 614, subpart F, of this chapter. The qualified lender must provide the applicant or borrower a copy of part 614, subpart F, for presentation to the selected independent evaluator. A copy of part 614, subpart F, signed by the evaluator is a required exhibit in the subsequent evaluation report.

(2) *When must an applicant or borrower obtain the independent collateral evaluation and who pays for the evaluation?* The applicant or borrower must enter into a contractual arrangement for evaluation services within 30 days of receiving the names of three approved independent evaluators. The contractual arrangement must be a written contract for services that complies with the lender's appraisal standards. The evaluation must be completed within a reasonable period of time, taking into consideration any extenuating circumstance. The applicant or borrower is responsible for the costs of the independent evaluation.

(3) *How does the CRC use an independent collateral evaluation when making a decision?* The CRC will consider the results of any independent collateral evaluation before making a final determination with respect to the loan or restructuring, except the CRC is not required to consider a collateral evaluation that does not conform to the collateral evaluation standards described in part 614, subpart F, of this chapter.

(e) *When must the CRC issue a decision?* The CRC must reach a decision, and it must be the final decision of the qualified lender, not later than 30 days after the meeting on the request under review. The CRC must make every reasonable effort to conduct reviews and render decisions in as expeditious a manner as possible. After making its decision, the committee must promptly notify the applicant or borrower in writing of the decision and the reasons for the decision.

§ 617.7315 What records must the qualified lender maintain on behalf of the CRC?

A qualified lender must maintain a complete file of all requests for CRC re-

views, including participation in state mediation programs, the minutes of each CRC meeting, and the disposition of each review by the CRC.

Subpart E—Distressed Loan Restructuring; State Agricultural Loan Mediation Programs**§ 617.7400 What protections exist for borrowers who meet all loan obligations?**

(a) A qualified lender may not foreclose on a loan because the borrower failed to post additional collateral when the borrower has made all accrued payments of principal, interest, and penalties on the loan.

(b) A qualified lender may not require a borrower to reduce the outstanding principal balance of a loan by any amount that exceeds the regularly scheduled principal installment when due and payable, unless:

(1) The borrower sells or otherwise disposes of part, or all, of the collateral without the prior approval of the qualified lender and the proceeds from the sale or disposition are not applied to the loan; or

(2) The parties agree otherwise in writing.

(c) After a borrower has made all accrued payments of principal, interest, and penalties on a loan, the qualified lender may not enforce acceleration of the borrower's repayment schedule due to the borrower's untimely payment of those principal, interest, or penalty payments.

(d) If a qualified lender places a loan in non-interest-earning status and this results in an adverse action being taken against the borrower, such as revoking any undisbursed loan commitment, the lender must document the change of status and promptly notify the borrower in writing of the action and the reasons for taking it. If the borrower was not delinquent on any principal, interest, or penalty payment at the time of such action and the borrower's request to have the loan placed back into accrual status is denied, the borrower may obtain a review of the denial before the CRC pursuant to § 617.7310 of this part. The borrower must request this review within 30 days after receiving the lender's notice.

§617.7405

§ 617.7405 On what policies are loan restructurings based?

Loan restructurings must be made in accordance with the policy adopted by the supervising bank board of directors under section 4.14A(g) of the Act.

§ 617.7410 When and how does a qualified lender notify a borrower of the right to seek loan restructuring?

(a) What are the notice requirements?

When a qualified lender determines that a loan is, or has become, distressed, the lender must provide one of the following written notices to the borrower stating that the loan may be suitable for restructuring.

(1) A notice stating that the loan has been identified as distressed and that the borrower has the right to request a restructuring of the loan (nonforeclosure notice).

(2) A notice that the loan has been identified as distressed, that the borrower has the right to request a restructuring of the loan, and that the alternative to restructuring may be foreclosure (45-day notice). The qualified lender must provide this notice to the borrower no later than 45 days before the qualified lender begins foreclosure proceedings with respect to any loan outstanding to the borrower. This notice must specifically state that if the loan is restructured and the borrower does not perform under the restructure agreement (as described in § 617.7410(e)), the qualified lender may initiate foreclosure proceedings without further notice.

(b) What should each notice include?

(1) A copy of the policy the qualified lender established governing the treatment of distressed loans; and

(2) All materials necessary for the borrower to submit an application for restructuring.

(c) What notice should a qualified lender send to a borrower who is a debtor in a bankruptcy proceeding? The qualified lender should send a notice that identifies the loan as distressed and the statutory right to file an application for a restructuring. The notice may also restate the language from the automatic stay provision to emphasize that the notice is not intended as an attempt to collect, assess, or recover a claim.

12 CFR Ch. VI (1-1-05 Edition)

(d) *Whom should the qualified lender notify?* The qualified lender is required to notify all primary obligors. If the obligors identify one party to receive notices, the qualified lender should send the original notice to that person and send copies to the other obligors. For borrowers in a bankruptcy proceeding, the qualified lender should send the notice to the borrower and, if retained, the borrower's counsel.

(e) *When is a qualified lender required to send another restructure notice to a borrower whose loan was previously restructured?* A qualified lender must notify a borrower of the right to file another application to restructure the loan if the qualified lender sent the nonforeclosure notice to the borrower and the borrower has performed on the previous restructure agreement. Performance means that a borrower has made six consecutive monthly payments, four consecutive quarterly payments, three consecutive semiannual payments, or two consecutive annual payments. However, a qualified lender is not required to send another notice if they previously sent a 45-day notice, as described in § 617.7410(a)(2), and a borrower did not perform under a restructure agreement, as described above.

(f) *Does the borrower have the opportunity to meet with the qualified lender after receiving the restructure notice?* The qualified lender must provide any borrower to whom a notice has been sent with a reasonable opportunity to meet personally with a representative of the lender. The borrower and lender may meet to review the status of the loan, the financial condition of the borrower, and the suitability of the loan for restructuring. A meeting to discuss a loan that is in a non-interest-earning status may also involve developing a plan for restructuring, if the qualified lender determines the loan is suitable for restructuring.

(g) *May the qualified lender voluntarily consider restructuring for a borrower who did not submit a restructuring application?* A qualified lender may, in the absence of an application for restructuring from a borrower, propose restructuring to an individual borrower.

Farm Credit Administration

§ 617.7415 How does a qualified lender decide to restructure a loan?

(a) *What criteria does a qualified lender use to evaluate an application for restructuring?* The qualified lender should consider the following:

(1) Whether the cost to the lender of restructuring the loan is equal to or less than the cost of foreclosure, considering all relevant criteria. These criteria include:

(i) The present value of interest and principal foregone by the lender in carrying out the application for restructuring;

(ii) Reasonable and necessary administrative expenses involved in working with the borrower to finalize and implement the application for restructuring;

(iii) Whether the borrower's application for restructuring included a preliminary restructuring plan and cash flow analysis, taking into account income from all sources to be applied to the debt and all assets to be pledged, that show a reasonable probability that orderly debt retirement will occur as a result of the proposed restructuring; and

(iv) Whether the borrower has furnished, or is willing to furnish, complete and current financial statements in a form acceptable to the qualified lender.

(2) Whether the borrower is applying all income over and above necessary and reasonable living and operating expenses to the payment of primary obligations;

(3) Whether the borrower has the financial capacity and the management skills to protect the collateral from diversion, dissipation, or deterioration;

(4) Whether the borrower is capable of working out existing financial difficulties, taking into consideration any prior restructuring of the loan, reestablishing a viable operation, and repaying the loan on a rescheduled basis; and

(5) In the case of a distressed loan that is not delinquent, whether restructuring consistent with sound lending practices may be taken to reasonably ensure that the loan will not have to be placed into non-interest-earning status in the future.

§ 617.7415

(b) *What should be included in determining the cost of foreclosure?*

(1) The difference between the outstanding balance due, as provided by the loan documents, and the liquidation value of the loan, taking into consideration the borrower's repayment capacity and the liquidation value of the collateral used to secure the loan;

(2) The estimated cost of maintaining a loan classified as a high-risk asset;

(3) The estimated cost of administrative and legal actions necessary to foreclose a loan and dispose of property acquired as the result of the foreclosure, including attorneys' fees and court costs;

(4) The estimated cost of value changes in collateral used to secure a loan during the period beginning on the date of the initiation of an action to foreclose or liquidate the loan and ending on the date of the disposition of the collateral; and

(5) All other costs incurred as the result of the foreclosure or liquidation of a loan.

(c) *What should the qualified lender do if the borrower and the qualified lender cannot agree on the financial projections used in the application for restructuring?* If the borrower and lender are not able to agree on supportable or realistic financial projections, the lender may use benchmarks to determine the operational input costs and chattel security values. These benchmarks may include, but are not limited to, the borrower's 5-year production average; averages in the county where the farming operation is located, based on data from United States Department of Agriculture, local colleges or universities, or other recognized authority; and other such reasonable sources.

(d) *How does the qualified lender decide whether to restructure or foreclose?* If a qualified lender determines the potential cost to the lender of restructuring the loan as proposed in the application for restructuring is less than or equal to the potential cost of foreclosure, the qualified lender must restructure the loan. If two or more restructuring alternatives are available, the qualified lender must restructure the loan using the alternative that results in the least cost to the lender.

§617.7420**12 CFR Ch. VI (1-1-05 Edition)**

(e) *What documentation should the qualified lender retain?* In the event that an application for restructuring is denied, a qualified lender must maintain sufficient documentation to demonstrate compliance with paragraphs (a), (b), and (c) of this section, as applicable.

§617.7420 How will a decision on an application for restructuring be issued?

(a) *When must a qualified lender make a decision on an application for restructuring?* Each qualified lender must provide a written decision on an application for restructuring and provide this decision to the borrower within 15 days from the conclusion of the negotiations used to develop the application for restructuring.

(b) *How does a qualified lender notify the borrower of the decision?* On reaching a decision on an application for restructuring, the qualified lender must provide written notice in any manner that requires a primary obligor to acknowledge receipt of the lender's decision. In the case of a loan involving one or more primary obligors, the original notice may be provided to the primary obligor identified to receive such notice, with copies provided by regular mail to the other obligors.

(c) *What notice is required if the restructuring request is denied?* When an application for restructuring is denied, the notice must include:

(1) The specific reason(s) for the denial and any critical assumptions and relevant information on which the specific reasons are based, except that any confidential information shall not be disclosed;

(2) A statement that the borrower may request a review of the denial;

(3) A statement that any request for review must be made in writing within 7 days after receiving such notice.

(4) A brief explanation of the process for seeking review of the denial, including the appraisal review process and the right to appear before the CRC, pursuant to §617.7310 of this part, accompanied by counsel or any other representative, if the borrower chooses.

§617.7425 What type of notice should be given to a borrower before foreclosure?

The qualified lender must send the 45-day notice, as described in §617.7410(a)(2), no later than 45 days before any qualified lender begins foreclosure proceedings. The notice informs the borrower in writing that the loan may be suitable for restructuring and that the qualified lender will review any suitable loan for possible restructuring. The 45-day notice must include a copy of the policy and the materials described in §617.7410(b). The notice must also state that if the loan is restructured, the borrower must perform under this restructure agreement. If the borrower does not perform, the qualified lender may initiate foreclosure.

(a) *Does the notice have to inform the borrower that foreclosure is possible?* The notice must inform the borrower that the alternative to restructuring may be foreclosure. If the notice does not inform the borrower of potential foreclosure, then the qualified lender must send a second notice at least 45 days before foreclosure is initiated.

(b) *How are borrowers who are debtors in a bankruptcy proceeding notified?* A qualified lender must restate the language from the automatic stay provision to emphasize that the notice is not intended to be an attempt to collect, assess, or recover a claim. The qualified lender should send the notice to the borrower and, if retained, the borrower's counsel.

(c) *May a qualified lender foreclose on a loan when there is a restructuring application on file?* No qualified lender may foreclose or continue any foreclosure proceeding with respect to a distressed loan before the lender has completed consideration of any pending application for restructuring and CRC consideration, if applicable. This section does not prevent a lender from taking any action necessary to avoid the dissipation of assets or the diversion, dissipation, or deterioration of collateral if the lender has reasonable grounds to believe that such diversion, dissipation, or deterioration may occur.

Farm Credit Administration

§ 617.7515

§ 617.7430 Are institutions required to participate in state agricultural loan mediation programs?

(a) If initiated by a borrower, System institutions must participate in state mediation programs certified under section 501 of the Agricultural Credit Act of 1987 and present and explore debt restructuring proposals advanced in the course of such mediation. If provided in the certified program, System institutions may initiate mediation at any time.

(b) System institutions must cooperate in good faith with requests for information or analysis of information made in the course of mediation under any loan mediation program.

(c) No System institution may make a loan secured by a mortgage or lien on agricultural property to a borrower on the condition that the borrower waive any right under the agricultural loan mediation program of any state.

(d) A state mediation may proceed at the same time as the loan restructuring process of § 617.7415 or at any other appropriate time.

Subpart F—Distressed Loan Restructuring Directive

§ 617.7500 What is a directive used for and what may it require?

(a) A distressed loan restructuring directive is an order issued to a qualified lender when FCA has determined that the lender has violated section 4.14A of the Act.

(b) A distressed loan restructuring directive requires the qualified lender to comply with the specific distressed loan restructuring requirements in the Act.

(c) A distressed loan restructuring directive is enforceable in the same manner and to the same extent as an effective and outstanding cease and desist order that has become final. Any violation of a distressed loan restructuring directive may result in FCA assessing civil money penalties or seeking a court order pursuant to section 5.31 or 5.32 of the Act.

§ 617.7505 How will the qualified lender know when FCA is considering issuing a distressed loan restructuring directive?

When FCA intends to issue a distressed loan restructuring directive, it will notify the qualified lender in writing. The notice will state:

(a) The reasons FCA intends to issue a distressed loan restructuring directive;

(b) The proposed contents of the distressed loan restructuring directive; and

(c) Any other relevant information.

§ 617.7510 What should the qualified lender do when it receives notice of a distressed loan restructuring directive?

(a) A qualified lender should respond to the notice by stating why FCA should not issue a distressed loan restructuring directive, by proposing changes to the directive, or by seeking other suitable relief. The response must include any information, documentation, or other relevant evidence that supports the qualified lender's position. The response may include a plan for achieving compliance with the distressed loan restructuring requirements of the Act. The response must be in writing and delivered to FCA within 30 days after the date on which the qualified lender received the notice. In its discretion, FCA may extend the time period for good cause. FCA may shorten the 30-day period with the consent of the qualified lender or when FCA determines that providing the full 30 days would result in a borrower not receiving distressed loan restructuring rights.

(b) If the qualified lender fails to respond within 30 days or such other time period specified by FCA, this failure will constitute a waiver of any objections to the proposed distressed loan restructuring directive.

§ 617.7515 How does the FCA decide whether to issue a directive?

After the closing date of the qualified lender's response period, or following receipt of the qualified lender's response, FCA must decide if there is sufficient information to support the issuance of a directive or if additional

§617.7520

information is necessary. Once FCA has received sufficient information, it must decide whether to issue a directive as originally proposed or as modified.

§ 617.7520 How does the FCA issue a directive and when will it be effective?

A distressed loan restructuring directive is effective immediately on receipt by the qualified lender, or on such later date as may be specified by FCA, and will remain effective and enforceable until it is stayed, modified, or terminated by FCA.

§ 617.7525 May FCA use other enforcement actions?

FCA may issue a distressed loan restructuring directive in addition to, or instead of, any other action allowed by law, including cease and desist proceedings, civil money penalties, or the granting or conditioning of any application or other requests by the System institution.

Subpart G—Right of First Refusal

§ 617.7600 What are the definitions used in this subpart?

In addition to the definitions in § 617.7000, the following definitions apply to this subpart.

Acquired agricultural real estate or property means agricultural real estate acquired by a System institution as a result of a loan foreclosure or a voluntary conveyance by a borrower who, as determined by the institution, does not have the financial resources to avoid foreclosure.

Previous owner means:

(1) The prior record owner who was a borrower from a System institution and did not have the financial resources, as determined by the institution, to avoid foreclosure on acquired agricultural real estate; or

(2) The prior record owner who is not a borrower and whose acquired agricultural real estate was used as collateral for a loan to a System borrower.

System institution means a Farm Credit System institution, except a bank for cooperatives, which makes loans as defined in § 617.7000.

12 CFR Ch. VI (1-1-05 Edition)

§ 617.7605 How should System institutions document whether the borrower had the financial resources to avoid foreclosure?

The right of first refusal applies only to borrowers who did not have the financial resources to avoid foreclosure or voluntary conveyance. A System institution must clearly document in its files whether the borrower had the resources to avoid foreclosure or voluntary conveyance.

§ 617.7610 What should the System institution do when it decides to sell acquired agricultural real estate?

(a) Notify the previous owner,
(1) Within 15 days of the System institution's decision to sell acquired agricultural real estate, it must notify the previous owner, by certified mail, of the property's appraised fair market value as established by an accredited appraiser and of the previous owner's right to:

(i) Buy the property at the appraised fair market value, or
(ii) Offer to buy the property at a price less than the appraised value.

(2) That any offer must be received within 30 days of receipt of the notice.

(b) Act on an offer to buy the acquired agricultural real estate at the appraised value. Within 15 days after the receipt of the previous owner's offer to buy the acquired agricultural real estate at the appraised value, the System institution must accept the offer and sell the property to the previous owner if the offer was received within 30 days of the notice required in paragraph (a)(2) of this section.

(c) Act on an offer to buy the acquired agricultural real estate at less than the appraised value.

(1) The System institution must consider the offer if it was received within 30 days of the notice required in paragraph (a)(2) of this section.

(2) If the System institution accepts this offer, it must notify the previous owner of the decision and sell the acquired agricultural real estate to the previous owner within 15 days of receiving the offer to buy the acquired agricultural real estate at a value less than the appraised value.

(3) If the System institution rejects this offer, it must notify the previous

Farm Credit Administration**§ 617.7620**

owner of the decision within 15 days of receiving the offer to buy the acquired agricultural real estate at a value less than the appraised value. The previous owner has 15 days from receipt of the notice to submit an offer to buy at such price or under such terms and conditions. The System institution may not sell the acquired agricultural real estate to any other person:

(i) At a price equal to, or less than, that offered by the previous owner; or

(ii) On different terms or conditions than those extended to the previous owner without first notifying the previous owner by certified mail and providing an opportunity to buy the property at such price or under such terms and conditions.

(d) For purposes of this section, financing by the System institution is not a term or condition of the sale of acquired agricultural real estate. A System institution is not required to provide financing to the previous owner for purchase of acquired agricultural real estate.

§ 617.7615 What should the System institution do when it decides to lease acquired agricultural real estate?

(a) Notify the previous owner,

(1) Within 15 days of the System institution's decision to lease acquired agricultural real estate, it must notify the previous owner, by certified mail, of the property's appraised rental value, as established by an accredited appraiser, and of the previous owner's right to:

(i) Lease the property at a rate equivalent to the appraised rental value of the property, or

(ii) Offer to lease the property at rate that is less than the appraised rental value of the property.

(2) That any offer must be received within 15 days of receipt of the notice.

(b) Act on an offer to lease the acquired agricultural real estate at a rate equivalent to the appraised rental value of the property.

(1) Within 15 days after receipt of such offer, the System institution may accept the offer to lease the property at the appraised rental value and lease the property to the previous owner, or

(2) Within 15 days after receipt of such offer, the System institution may

reject the offer to lease the property at the appraised rental value when the institution determines that the previous owner:

(i) Does not have the resources available to conduct a successful farming or ranching operation; or

(ii) Cannot meet all the payments, terms, and conditions of such lease.

(c) Act on an offer to lease the acquired agricultural real estate at a rate that is less than the appraised rental value of the property.

(1) The System institution must consider the offer to lease the property at a rate that is less than the appraised rental value of the property. Notice of the decision to accept or reject such offer must be provided to the previous owner within 15 days of receipt of the offer.

(2) If the System institution accepts the offer to lease the property at less than the appraised rental value, it must notify the previous owner and lease the property to the previous owner.

(3) If the institution rejects the offer, the System institution must notify the previous owner of this decision. The previous owner has 15 days after receipt of the notice in which to agree to lease the property at such rate or under such terms and conditions. The System institution may not lease the property to any other person:

(i) At a rate equal to or less than that offered by the previous owner; or

(ii) On different terms and conditions than those that were extended to the previous owner without first informing the previous owner by certified mail and providing an opportunity to lease the property at such rate or under such terms and conditions.

§ 617.7620 What should the System institution do when it decides to sell acquired agricultural real estate at a public auction?

System institutions electing to sell or lease acquired agricultural real estate or a portion of it through a public auction, competitive bidding process, or other similar public offering must:

(a) Notify the previous owner, by certified mail, of the availability of such property. The notice must contain the minimum amount, if any, required to

§617.7625

qualify a bid as acceptable to the institution and any terms or conditions to which such sale or lease will be subject;

(b) Accept the offer by the previous owner if the System institution receives two or more qualified bids in the same amount, the bids are the highest received, and one of the qualified bids is from the previous owner; and

(c) Not discriminate against a previous owner in these proceedings.

§ 617.7625 Whom should the System institution notify?

Each certified mail notice requirement in this section is fully satisfied by mailing one certified mail notice to the last known address of the previous owner or owners.

§ 617.7630 Does this Federal requirement affect any state property laws?

The rights provided under section 4.36 of the Act and this section do not affect any right of first refusal under the law of the state in which the property is located.

§ 618.8000 Definitions.

For the purposes of this subpart, the following definitions shall apply:

(a) *Program* means the method or procedures used to deliver a related service. This distinguishes the particulars of how a related service will be provided from the type of activity or concept.

(b) *Related service* means any service or type of activity provided by a System bank or association that is appropriate to the recipient's operations, including control of related financial matters. The term "related service" includes, but is not limited to, technical assistance, financial assistance, financially related services and insurance, but does not include lending or leasing activities.

(c) *System banks and associations* means Farm Credit Banks, agricultural credit banks, banks for cooperatives, agricultural credit associations, production credit associations, Federal land bank associations, Federal land credit associations, and service corporations formed pursuant to section 4.25 of the Act.

[60 FR 34099, June 30, 1995, as amended at 69 FR 43514, July 21, 2004]

§ 618.8005 Eligibility.

(a) Farm Credit Banks and associations may offer related services appropriate to on-farm and aquatic operations to persons eligible to borrow as

Farm Credit Administration

§ 618.8010

defined in §§ 613.3000 (a) and (b), 613.3010, and 613.3300 of this chapter.

(b) Banks for cooperatives may offer related services to entities eligible to borrow as defined in §§ 613.3100, 613.3200, and 613.3300 of this chapter.

(d) Service corporations formed pursuant to section 4.25 of the Act may offer related services to persons eligible to borrow from the owners of the service corporation, pursuant to paragraphs (a), (b), (c), and (e) of this section.

(e) System banks and associations may provide related services to recipients that do not otherwise meet the requirements of this section in connection with loan applications, loan servicing, and other transactions between these recipients and persons eligible to borrow as defined in paragraphs (a), (b), or (c) of this section, as long as the service provided is requested by an eligible borrower or necessary to the transaction between the parties. Such services include, but are not limited to, fee appraisals of agricultural assets provided to any Federal agency, commercial banks, and other lenders.

[60 FR 34099, June 30, 1995, as amended at 62 FR 4450, Jan. 30, 1997; 69 FR 43514, July 21, 2004]

§ 618.8010 Related services authorization process.

(a) *Authorities.* System banks and associations may only offer related services that meet the criteria specified in this regulation and are authorized by the FCA.

(b) *New service proposals.* (1) A System bank or association that proposes or intends to offer a related service that the FCA has not previously authorized must submit to the FCA, in writing, a proposal that includes a description of the service, a statement of how it meets the regulatory definition of "related services" in § 618.8000(b), and the risk analysis cited in § 618.8020(b)(3). The FCA will evaluate the proposed

service based on the information submitted, and may also consider whether there are extenuating circumstances or other compelling reasons that justify the proposed service or support a determination that the service is not authorized. This evaluation will focus primarily on Systemwide issues rather than on institution or program-specific factors.

(2) When authorizing a proposed related service, at its discretion, the FCA may impose special conditions or limitations on any related service or program to offer a related service.

(3) At its discretion the FCA may, at any time during its evaluation of a proposed related service, publish the proposed related service in the FEDERAL REGISTER for public comment.

(4) Within 60 days of the FCA receiving a completed proposal, including any additional information the FCA may require, the FCA will act on the request to authorize a new service. The FCA shall approve the request, deny the request, or publish the service for public comment in the FEDERAL REGISTER. For good cause and prior to the expiration of the 60 days, the FCA may extend this period for an additional 60 days.

(5) Within the time period established in paragraph (b)(4) of this section, the FCA shall notify the requesting institution of its actions. Following notification of the requesting institution, the FCA will notify all System banks and associations of its determination on the proposed service by booklet or other means. If a service is not authorized, the reasons for denial will be included in the notifications to the System and the requesting institution.

(c) *Previously authorized services.* (1) For related services that have been authorized by the FCA, any System bank or association may develop a program and subsequently offer the related service to eligible recipients, subject to any special conditions or institutional limits placed by the FCA. These programs will be subject to review and evaluation during the examination and enforcement process.

(2) The FCA shall make available to all System banks and associations a list of such related services ("related

§618.8015

services list" or "list") and will update the list in accordance with paragraph (b)(5) of this section. The list will contain the following:

- (i) A description of each related service; and
- (ii) The types of institutions authorized to offer each type of related service;
- (iii) Identification of any special conditions on how the related service may be offered. The special conditions and description of the service will be fully detailed in FCA's notice to System institutions under paragraph (b)(5) of this section.

(3) At least 10 business days prior to implementing a related service program already on the list, the System bank or association must notify the FCA Office of Examination field office responsible for examining that institution in writing and provide it with a description of the proposed related service program.

§618.8015 Policy guidelines.

(a) The board of directors of each System bank or association providing related services must adopt a policy addressing related services. The policy shall include clearly stated purposes, objectives, and operating parameters for offering related services and a requirement that each service offered be consistent with the institution's business plan and long-term strategic goals. Such policy shall also be subject to review under an appropriate internal control policy.

(b) All related services must be offered to recipients on an optional basis. If the institution requires a related service as a condition to borrow, it must inform the recipient that the related service can be obtained from the institution or from any other person or entity offering the same or similar related services.

(c) All fees for related services must be separately identified from loan interest charges and disclosed to the recipient of the service prior to providing or implementing the service.

§618.8020 Feasibility requirements.

For every related service program a System bank or association provides, it must document program feasibility.

12 CFR Ch. VI (1-1-05 Edition)

The feasibility analysis shall include the following:

(a) Support for the determination that the related service is authorized; and

(b) An overall cost-benefit analysis that demonstrates program feasibility, taking into consideration the following items:

- (1) An analysis of how the program relates to or promotes the institution's business plan and strategic goals, and whether offering the service is consistent with the long-term goals described in its capital plan;

- (2) An analysis of the expected financial returns of the program which, at a minimum, must include an evaluation of market, pricing, competition issues, and expected profitability. This analysis should include an explanation of how the program will contribute to the overall financial health of the institution; and

- (3) An analysis of the risk in the program, including:

- (i) An evaluation of the operational costs and risks involved in offering the program, such as management and personnel requirements, training requirements, and capital outlays;

- (ii) An evaluation of the financial liability that may be incurred as a result of offering the program and any insurance or other measures that are necessary to minimize these risks; and

- (iii) An evaluation of the conflicts of interest, whether real or perceived, that may arise as a result of offering the program and any steps that are necessary to eliminate or appropriately manage these conflicts.

§618.8025 Feasibility reviews.

(a) Prior to an association offering a related service program for the first time or offering a service that it did not offer during the most recently completed business cycle (generally 1 year), the board of directors of the funding bank must verify that the association has performed a feasibility analysis pursuant to §618.8020. The bank review is limited to a determination that the feasibility analysis is complete and that the analysis establishes that it is feasible for the association to provide the program. Any conclusion by the bank that the feasibility

Farm Credit Administration**§ 618.8040**

analysis is incomplete or fails to demonstrate program feasibility must be fully supported and communicated to the association in writing within 60 days of its submission to the bank.

(b) Prior to a service corporation offering a service for the first time or offering a service that it did not offer during the most recently completed business cycle (generally 1 year), the owners of the service corporation must verify that the service corporation has performed a feasibility analysis pursuant to § 618.8020. If the owners all agree, one bank with a significant ownership interest can be delegated this responsibility.

[60 FR 34099, June 30, 1995; 60 FR 42029, Aug. 15, 1995]

§ 618.8030 Out-of-territory related services.

(a) System banks and associations may offer related services outside their chartered territories subject to the following conditions:

(1) The System bank or association obtains consent from all chartered institutions currently offering the same type of service in the territory in which the service is to be provided; or

(2) If no System bank or association is currently offering the same type of service in the territory, then the out-of-territory institution must obtain the consent of at least one direct lender institution chartered in the territory in which the related service is to be provided.

(3) The consent obtained pursuant to paragraphs (a)(1) and (a)(2) of this section shall be in the form of a written agreement with specific terms and conditions including timeframes.

(b) System banks and associations providing out-of-territory services must fulfill all requirements of subparts A and B of this part 618.

(c) An institution that consents to another bank or association providing a related service in its chartered territory must meet the requirements of this section, but need not comply with the other requirements of subparts A and B of this part 618, unless the program consented to imposes a financial obligation on the consenting institution. If a financial obligation exists, then the consenting institution must

comply with §§ 618.8015, 618.8020 and 618.8025.

(d) Service corporations must follow the requirements of this section in offering related services out-of-territory. A service corporation cannot consent to an out-of-territory institution providing services in its chartered territory.

Subpart B—Member Insurance**§ 618.8040 Authorized insurance services.**

(a) Farm Credit System banks (excluding banks for cooperatives) (hereinafter banks) and associations may sell to their members and borrowers, on an optional basis, credit or term life and credit disability insurance appropriate to protect the loan commitment in the event of death or disability of the debtors. The sale of other insurance necessary to protect a member's or borrower's farm or aquatic unit is permitted, but limited to hail and multiple-peril crop insurance, title insurance, and insurance necessary to protect the facilities and equipment of aquatic members and borrowers. A member or borrower shall have the option, without coercion from the bank or association, to accept or reject such insurance.

(b) Bank and association board policies governing the provision of member insurance programs shall be established within the following general guidelines:

(1) A System bank or association may provide credit or term-life or credit-disability insurance only to persons who have a loan or lease with any System bank or association, without regard to whether such institution is the provider. Term-life insurance coverage may continue after the loan has been repaid or the lease terminated, provided the member can reasonably be expected to borrow again within 2 years, and provided the continuation of insurance is not contrary to state law.

(2) A debtor-creditor relationship is not required for the sale of other insurance specified in paragraph (a) of this section, as long as purchasers are members of a System bank or association. For the purposes of this section, "member" means someone eligible to

§618.8040**12 CFR Ch. VI (1-1-05 Edition)**

borrow who is a stockholder or participation certificate holder and who acquired stock or participation certificates to obtain a loan, for investment purposes, or to qualify for other services of the association or bank.

(3) In making insurance available through private insurers, each bank shall approve the programs of more than two insurers for each type of insurance offered in the bank's chartered territory, provided that more than two insurers for each type of insurance have proposed programs to the bank that will, in all likelihood, have long-term viability, and meet the requirements of §618.8040(b)(4)(i) of this section. The banks shall make a reasonable and good faith effort to attract more than two qualified insurers for each insurance program offered to borrowers in all States of the bank's chartered territory. Where the bank is unable to approve more than two insurers, the bank shall document its efforts to attract additional qualified insurers for the affected insurance program and State. The banks may provide comparative information relating to costs and quality of approved programs and the financial condition of approved companies.

(4) Member insurance services may be offered only if:

(i) The insurance program has been approved by the bank or association from among eligible programs made available to it by insurers—

(A) Meeting reasonable financial and quality of service standards prescribed by the bank; and

(B) Licensed under State law to do business in the State(s) in which the insurance is offered;

(ii) The bank or association has the capacity to render authorized insurance services in an effective and efficient manner;

(iii) There exists the probability that the service will generate sufficient revenue to cover all costs;

(iv) Rendering the insurance service will not have an adverse effect on the credit or other operations of the bank or association; and

(v) In making insurance available through approved insurers, the board of directors of the bank or association shall make a reasonable and good faith

effort to select and offer at least two approved insurers for each type of insurance made available to the members and borrowers. In the event that the bank or association has selected less than two insurers for any insurance program, such bank or association shall document the reasons why it is unable to offer members and borrowers additional insurers for the affected insurance program.

(5) All costs to members and borrowers for insurance services provided shall be disclosed separately from interest charges.

(6) Bank and association personnel shall not benefit from insurance sales by receipt of commissions or gifts from underwriting insurance companies. However, employees may participate in an incentive plan under which incentive compensation is provided based on the sale of insurance.

(i) In any single year, for all employees except full-time insurance personnel or full-time supervisors or managers of insurance departments, incentive compensation attributable to sales of all types of insurance cannot exceed an amount equivalent to 5 percent of the recipient's annual base salary.

(ii) In any single year, for full-time insurance personnel and full-time supervisors and managers of insurance departments, incentive compensation for sales of credit life and similar types of insurance (i.e. insurance that pays on a loan or mortgage upon the death or disability of the debtor) cannot exceed an amount equivalent to 5 percent of the recipient's annual base salary.

(iii) No incentive compensation limit applies to sales of other insurance (crop, title, etc.) by full-time insurance personnel or full-time supervisors or managers of insurance departments.

(7) Term insurance may be written for the amount of coverage desired by the member or borrower, but in no case may the amount of term insurance, credit life insurance, or a combination of the two with an institution of the System, be in excess of total loan commitments to the member or borrower by the institution writing the insurance.

(8) The banks may, only by agreement with an insurer, offer services traditionally furnished by insurers to

Farm Credit Administration**§ 618.8310**

the Farm Credit System. This shall include master marketers when considering the sale of Federal crop insurance. The banks shall not underwrite insurance, adjust claim payments or settlements, or train and school or service adjustors or insurance agents.

(9) No bank or association shall, directly or indirectly, condition the extension of credit or provision of other service on the purchase of insurance sold or endorsed by a bank or association. At the time insurance sold or endorsed by a bank or association is offered to a member or borrower, a bank or association shall present a written notice that the service is optional. The notice shall be in prominent type and separately signed by the member or borrower. The bank or association shall explain to the member or borrower that purchase of insurance from the association is optional and that the member or borrower will not be discriminated against for obtaining the insurance elsewhere.

(10) No bank or association shall, directly or indirectly, discriminate in any manner against any agent, broker, or insurer that is not affiliated with such bank or association, or against any party who purchases insurance through any such nonaffiliated insurance agent, broker, or insurer.

(11) Bank supervision shall ensure that insurance services offered by approved insurers consistently provide members or borrowers with a high quality and cost-effective service as prescribed by policies of the bank's board of directors, but such supervision shall be without any coercion or suasion from any bank in favor of any agent or insurer.

(12) Records must be maintained by banks and associations in sufficient detail to facilitate the review and supervision required herein.

Subpart G—Releasing Information**§ 618.8300 General regulation.**

(a) Any System institution, for the purpose of protecting the security position of the institution, may provide lists of borrowers to buyers, warehousemen, and others who deal in produce or livestock of the kind that secures such loans, except to the extent such actions are prohibited by State laws adopted in accordance with the Food Security Act of 1985, Pub. L. 99-198, 99 Stat. 1354. Lists of borrowers or stockholders shall not otherwise be released by any bank or association except in accordance with paragraph (b) of this section.

As a condition to providing the list, the bank or association may require that the stockholder agree and certify in writing that the stockholder will:

(i) Utilize the list exclusively for communicating with stockholders for permissible purposes; and

(ii) Not make the list available to any person, other than the stockholder's attorney or accountant, without first obtaining the written consent of the institution.

(2) As an alternative to receiving a list of stockholders, a stockholder may request the institution to mail or otherwise furnish to each stockholder a

communication for a permissible purpose on behalf of the requesting stockholder. This alternative may be used at the discretion of the requesting stockholder, provided that the requester agrees to defray the reasonable costs of the communication. In the event the requester decides to exercise this option, the institution shall provide the requester with a written estimate of the costs of handling and mailing the communication as soon as practicable after receipt of the stockholder's request to furnish a communication.

(3) For purposes of paragraph (b) of this section "permissible purpose" is defined to mean matters relating to the business operations of the bank or association. This shall include matters relating to the effectiveness of management, the use of corporate assets, and the performance of directors and officers. (ii) That the information is relevant to the law enforcement inquiry and will be used only for the purpose for which it is sought.

(3) The chairman of the presidents committees and the presidents of the banks may supply statistical and other impersonal information pertaining to groups of borrowers, applicants, and loans, in response to requests from any department or independent office of the Government of the United States, or responsible private organizations, with the understanding that the information will not be published.

(4) Information concerning borrowers may be given for the confidential use of any Farm Credit institution in contemplation of the extension of credit or the collection of loans.

(5) Impersonal information based solely on transactions or experience with a borrower, such as amounts of loans, terms, and payment records, may be given by a bank or association to any reliable organization for its confidential use in contemplation of the extension of credit or to a consumer reporting agency.

(X)	199X					

(A) Report the total amount of compensation paid and the amount of each component of compensation paid to the institution's chief executive officer (CEO) for each of the last 3 completed fiscal years, naming the individual. § 620.5

12 CFR Ch. VI (1-1-05 Edition)

Amounts contributed during the fiscal year by the senior officer pursuant to a plan established under section 401(k) of the Internal Revenue Code, or similar plan, shall be included in the salary column or bonus column, as appropriate. If the amount of salary or bonus earned during the fiscal year is not calculable by the time the report is prepared, the reporting institution shall provide its best estimate of the compensation amount(s) and disclose that fact in a footnote to the table.

(D) Amounts shown as "deferred/perquisites" (column (e)) shall reflect the dollar value of other annual compensation not properly categorized as salary or bonus, including but not limited to:

(F) Amounts displayed under "Total" (column (g)) shall reflect the sum total of amounts reported in columns (c), (d), (e), and (f).

(ii) Provide a description of all plans pursuant to which cash or noncash compensation was paid or distributed during the last fiscal year, or is proposed to be paid or distributed in the future for performance during the last fiscal year, to those individuals described in paragraph (i)(2)(i) of this section. State the name of the officer or director who entered into the transaction or whose immediate family member or affiliated organization entered into the transaction, the nature of the person's interest in the transaction, and the terms of the transaction. No information need be given where the purchase price, fees, or charges involved were determined by competitive bidding or where the amount involved in the transaction (including the total of all periodic payments) does not exceed \$5,000, or the interest of the person arises solely as a result of his or her status as a stockholder of the institution and the benefit received is not a special or extra benefit not available to all stockholders.

(3) *Loans to senior officers and directors.* (i) To the extent applicable, state that the institution (or in the case of an association that does not carry loans to its senior officers and directors on its books, its related bank) has had loans outstanding during the last full fiscal year to date to its senior officers and directors, their immediate family members, and any organizations with which such senior officers or directors are affiliated that:

family member who resides in the same household as such person or in whose loan or business operation such person has a material financing or legal interest, involved more than the normal risk of collectibility; provided that no such statement need be made with respect to any director or senior officer who has resigned before the time for filing the applicable report with the Farm Credit Administration (but in no case later than the actual filing), or whose term of office will expire or terminate no later than the date of the meeting of stockholders to which the report relates.

(E) The reasons the loan does not comply with the criteria contained in paragraphs (j)(3)(i) and (j)(3)(ii) of this section.

(F) If the loan does not comply with paragraph (j)(3)(i)(B) of this section, the rate of interest payable on the loan and the repayment terms.

(G) If the loan does not comply with paragraph (j)(3)(ii) of this section, the amount past due, if any, and the reason the loan is deemed to involve more than a normal risk of collectibility.

(2) Such person was convicted in a criminal proceeding or is a named party in a pending criminal proceeding (excluding traffic violations and other misdemeanors);

(3) Such person was the subject of any order, judgment, or decree, not subsequently reversed, suspended, or vacated, by any court of competent jurisdiction, permanently or temporarily enjoining or otherwise limiting such person from engaging in any type of business practice.

(l) *Relationship with independent public accountant.* If a change or changes in accountants have taken place since the last annual report to shareholders or if a disagreement with an accountant has occurred that the institution would be required to report to the Farm Credit Administration under part 621 of this chapter, the information required by § 621.4(c) and (d) of this chapter shall be disclosed.

(m) *Financial statements.* (1) Furnish financing statements and related footnotes that have been prepared in accordance with generally accepted accounting principles and instructions and other requirements of the Farm Credit Administration and that have been audited in accordance with generally accepted auditing standards by a qualified public accountant, as defined in § 621.2(i) of this chapter, and an opinion expressed thereon. The statements shall include the following statements and related footnotes for the last 3 fiscal years: balance sheet, statement of income, statement of changes in protected borrower capital and at-risk capital, and statement of cash flows.

Subpart C—Quarterly Report

§ 620.10 Preparing the quarterly report.

(a) Each Farm Credit bank and direct lender association shall prepare a quarterly report within 45 days after the end of each fiscal quarter, except that no report need be prepared for the fiscal quarter that coincides with the end of the fiscal year of the institution.

(b) The report shall contain, at a minimum, the information specified in § 620.11 and, in addition, such other material information (including significant events) as is necessary to make the required disclosures, in light of the

Farm Credit Administration**§ 620.11**

circumstances under which they are made, not misleading.

[62 FR 15093, Mar. 31, 1997]

§ 620.11 Content of quarterly report to shareholders.

(a) *General.* The information required to be included in the quarterly report may be presented in any format deemed suitable by the institution, except as otherwise required by this section. The report must be organized in an easily understandable format and not presented in a manner that is misleading.

(b) *Rules for condensation.* For purposes of this section, major captions to be provided in the financial statements are the same as those provided in the financial statements contained in the institution's annual report to shareholders, except that the financial statements included in the quarterly report may be condensed into major captions in accordance with the rules prescribed under this paragraph and paragraph (f) of this section.

(1) *Interim balance sheets.* When any major balance sheet caption is less than 10 percent of total assets and the amount in the caption has not increased or decreased by more than 25 percent since the end of the preceding fiscal year, the caption may be combined with others.

(2) *Interim statements of income.* When any major income statement caption is less than 15 percent of average net income for the 3 most recent fiscal years and the amount in the caption has not increased or decreased by more than 20 percent since the corresponding interim period of the preceding fiscal year, the caption may be combined with others. In calculating average net income, loss years should be excluded. If losses were incurred in each of the 3 most recent fiscal years, the average loss shall be used for purposes of this test.

(3) The interim financial information shall include disclosure either on the face of the financial statements or in accompanying footnotes sufficient to make the interim information presented not misleading. Institutions may presume that users of the interim financial information have read or have access to the audited financial

statements for the preceding fiscal year and the adequacy of additional disclosure needed for a fair presentation may be determined in that context. Accordingly, footnote disclosure that would substantially duplicate the disclosure contained in the most recent audited financial statements (such as a statement of significant accounting policies and practices), and details of accounts that have not changed significantly in amount or composition since the end of the most recent completed fiscal year may be omitted. However, disclosure shall be provided of events occurring subsequent to the end of the most recent fiscal year that have a material impact on the institution. Disclosures should encompass, for example, significant changes since the end of the most recently completed fiscal year in such items as accounting principles and practices; estimates inherent in the preparation of financial statements; status of long-term contracts; capitalization, including significant new indebtedness or modification of existing financing agreements; and the reporting entity resulting from business combinations or dispositions.

(4) If, during the most recent interim period presented, the institution entered into a business combination treated for accounting purposes as a pooling of interests, the interim financial statements for both the current year and the preceding year shall reflect the combined results of the pooled businesses. Supplemental disclosure of the separate results of the combined entities for periods prior to the combination shall be given, with appropriate comments or comparisons between the separate and consolidated results.

(5) If a material business combination accounted for as a purchase has occurred during the current fiscal year, pro forma disclosure shall be made of the results of operations for the current year up to the date of the most recent interim balance sheet provided (and for the corresponding period in the preceding year) as though the companies had combined at the beginning of that period. This pro forma information shall, at a minimum, show:

(i) Total operating income.

§ 620.11

12 CFR Ch. VI (1-1-05 Edition)

(ii) Income before securities gains (losses), extraordinary items, and the cumulative effect of accounting changes.

(iii) Net income.

(6) In addition to meeting the reporting requirements specified by existing accounting pronouncements for accounting changes, the institution shall state the date of any material accounting change and the reasons for making it. In addition, a statement from the persons who verify the institution's financial statements shall be included as an exhibit, indicating whether or not the change is to an alternative principle which in their judgment is preferable under the circumstances, except that no such statement need be filed when the change is made in response to a standard adopted by the Financial Accounting Standards Board which requires such change.

(7) Any material retroactive prior period adjustment made during any period covered by the interim financial statements shall be disclosed, together with its effect upon net income and upon the balance of undivided profits for any prior period included. If results of operations for any period presented have been adjusted retroactively by such an item subsequent to the initial reporting of such period, similar disclosure of the effect of the change shall be made.

(8) The interim financial statements furnished shall reflect all adjustments that are, necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Furnish any material information necessary to make the information called for not misleading, such as a statement that the results for interim periods are not necessarily indicative of results to be expected for the year.

(c) *Management's discussion and analysis of financial condition and results of operations.* Discuss material changes, if any, to the information provided to shareholders pursuant to § 620.5(g) that have occurred during the periods specified in paragraphs (d)(1) and (2) of this section. Such additional information as is needed to enable the reader to assess material changes in financial condition and results of operations between the

periods specified in paragraphs (d)(1) and (2) of this section shall be provided.

(1) *Material changes in financial condition.* Discuss any material changes in financial condition from the end of the preceding fiscal year to the date of the most recent interim balance sheet provided. If the interim financial statements include an interim balance sheet as of the corresponding interim date of the preceding fiscal year, any material changes in financial conditions from that date to the date of the most recent interim balance sheet provided also shall be discussed. If discussions of changes from both the end and the corresponding interim date of the preceding fiscal year are required, the discussions may be combined at the discretion of the institution.

(2) *Material changes in results of operations.* Discuss any material changes in the institution's results of operations with respect to the most recent fiscal year-to-date period for which an income statement is provided and the corresponding year-to-date period of the preceding fiscal year. Such discussion also shall cover material changes with respect to that fiscal quarter and the corresponding fiscal quarter in the preceding fiscal year. If such a statement is made, the report of the independent accountant on such review shall accompany the interim financial information.

AUTHORITY: Secs. 5.17, 8.11 of the Farm Credit Act (12 U.S.C. 2252, 2279aa-11).

SOURCE: 58 FR 48786, Sept. 20, 1993, unless otherwise noted.

Subpart A—Purpose and Definitions

§ 621.1 Purpose and applicability.

This part sets forth accounting and reporting requirements to be followed by all banks, associations, and service organizations chartered under the Act; the Federal Farm Credit Banks Funding Corporation; and, where specifically indicated, the Federal Agricultural Mortgage Corporation. The requirements set forth in this part are of both general and specific applicability. Certain requirements focus on areas of financial condition and operating performance that are of special importance for generating, presenting, and disclosing accurate and reliable information.

§ 621.2 Definitions.

For the purposes of this part, the following definitions shall apply:

(a) *Accrual basis of accounting* means the accounting method in which expenses are recorded when incurred, whether paid or unpaid, and income is reported when earned, whether received or not received.

(b) *Borrowing entity* means the individual(s), partnership, joint venture, trust, corporation, or other business entity, or any combination thereof, that is primarily obligated on the loan instrument.

(c) *Generally accepted accounting principles* means that body of conventions, rules, and procedures necessary to define accepted accounting practices at a particular time, as promulgated by the Financial Accounting Standards Board (FASB) and other authoritative sources recognized as setting standards for the accounting profession in the United States. Generally accepted accounting principles include not only broad guidelines of general application but also detailed practices and procedures that constitute standards by which financial presentations are evaluated.

(d) *Generally accepted auditing standards* means the standards and guide-

12 CFR Ch. VI (1-1-05 Edition)

lines adopted by the Auditing Standards Board of the American Institute of Certified Public Accountants (AICPA) to govern the overall quality of audit performance.

(e) *Institution* means any bank, association, or service organization chartered under the Act; the Federal Farm Credit Banks Funding Corporation, and where specifically noted, the Federal Agricultural Mortgage Corporation.

(f) *Loan* means any extension of credit or lease that is recorded as an asset of a reporting institution, whether made directly or purchased from another lender. The term "loan" includes, but is not limited to:

(1) Loans originated through direct negotiations between the reporting institution and a borrower;

(2) Purchased loans or interests in loans, including participation interests, retained subordinated participation interests in loans sold, and interests in pools of subordinated participation interests that are held in lieu of retaining a subordinated participation interest in loans sold;

(3) Contracts of sale; notes receivable; and

(4) Other similar obligations and lease financing.

(g) *Material* means the magnitude of an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement.

(h) *Net realizable value* means the net amount the lender would expect to be realized from the acquisition and subsequent sale or disposition of a loan's underlying collateral. Generally, net realizable value is equal to the estimated selling price in the ordinary course of business, less estimated costs of acquisition, completion, and disposal.

(i) *Qualified public accountant* means a person who:

(1) Holds a valid and unrevoked certificate, issued to such person by a legally constituted State authority, identifying such person as a certified public accountant;

Farm Credit Administration

§ 621.4

(2) Is licensed to practice as a public accountant by an appropriate regulatory authority of a State or other political subdivision of the United States;

(3) Is in good standing as a certified and licensed public accountant under the laws of the State or other political subdivision of the United States in which is located the home office or corporate office of the institution that is to be audited;

(4) Is not suspended or otherwise barred from practice as an accountant or public accountant before the Securities and Exchange Commission (SEC) or any other appropriate Federal or State regulatory authority; and

(5) Is independent of the institution that is to be audited. For the purposes of this definition the term "independent" shall have the same meaning as under the rules and interpretations of the AICPA.

(j) *Recorded investment* means the face amount of the loan increased or decreased by applicable accrued interest and unamortized premium, discount, finance charges, or acquisition costs, and may also reflect a previous direct write-down of the investment.

Subpart B—General Rules

§ 621.3 Application of generally accepted accounting principles.

Each institution shall:

(a) Prepare and maintain, on an accrual basis, accurate and complete records of its business transactions as necessary to prepare financial statements and reports, including reports to the Farm Credit Administration, in accordance with generally accepted accounting principles, except as otherwise directed by statutory and regulatory requirements;

(b) Prepare its financial statements and reports, including reports to the shareholders, investors, boards of directors, institution management and the Farm Credit Administration, in accordance with generally accepted accounting principles, except as otherwise directed by statutory and regulatory requirements; and

(c) Prepare and maintain its books and records in such a manner as to facilitate reconciliation with financial

statements and reports prepared from them.

§ 621.4 Audit by qualified public accountant.

(a) Each institution shall, at least annually, have its financial statements audited by a qualified public accountant in accordance with generally accepted auditing standards.

(b) The qualified public accountant's opinion of each institution's financial statements shall be included as a part of each annual report to shareholders.

(c) If an institution disagrees with the opinion of a qualified public accountant required by paragraph (b) of this section, the following actions shall be taken immediately:

(1) The institution shall prepare a brief but thorough written description of the scope and content of the disagreement, noting each point of disagreement and citing, in all cases, the specific provisions of generally accepted accounting principles and generally accepted auditing standards upon which the institution's position in the disagreement is based;

(2) A copy of the institution's final description of the disagreement shall be given to the accountant who provided the opinion with which the institution disagrees;

(3) The accountant shall have 10 business days to develop and provide a brief but thorough final response to the institution's description of the disagreement, including all items believed to be incorrect or incomplete, and citing, in all cases, the specific provisions of generally accepted accounting principles and generally accepted auditing standards upon which the accountant's position in the disagreement is based;

(4) Both the institution's final description of the disagreement and the accountant's final response to it shall be included in the institution's annual report to shareholders directly following the accountant's opinion of the institution's financial statements; and

(5) The institution shall immediately notify the Chief Examiner, Farm Credit Administration, of any disagreement with its accountant and shall furnish the Farm Credit Administration with the written documentation required by

§621.5

paragraphs (c) (1) through (4) of this section.

(d) If an institution selects a qualified public accountant to audit its financial statements and provide an opinion thereon for its annual report who is different from the accountant whose opinion appeared in the institution's most recent annual report, the following items shall be sent to the Farm Credit Administration no later than 15 days after the end of the month in which the change took place and shall be included in the institution's annual meeting information statement and annual report to shareholders for the year in which the change of accountants took place:

(1) The name and address of the accountant whose opinion appeared in the institution's most recent annual report to shareholders;

(2) A brief but thorough statement of the reasons the accountant selected for the most recent annual report was not selected for the current annual report. If the change resulted from a disagreement with the accountant, the statement shall describe the institution's disagreement with the accountant's opinion and the accountant's final response to the institution's disagreement prepared pursuant to paragraph (c) of this section; and

(3) The identification of the highest ranking officer, committee of officers, or board of directors, as appropriate, that recommended, approved, or otherwise made the decision to change qualified public accountants.

§621.5 Accounting for the allowance for loan losses and chargeoffs.

Each institution shall:

(a) Maintain at all times an allowance for loan losses that is adequate to absorb all probable and estimable losses that may reasonably be expected to exist in the loan portfolio.

(b) Develop, adopt, and consistently apply policies and procedures governing the establishment and maintenance of the allowance for loan losses which, at a minimum, conform to the rules, definitions, and standards set forth in this part and any other applicable requirements.

12 CFR Ch. VI (1-1-05 Edition)

(c) Charge-off loans, wholly or partially, as appropriate, at the time they are determined to be uncollectible.

(d) Ensure that when an institution or the Farm Credit Administration determines that the value of a loan or other asset recorded on its books and records exceeds the amount that can reasonably be expected to be collectible, or when the documentation supporting the recorded asset value is inadequate, the institution shall immediately charge off the asset in the amount determined to be uncollectible. If the amount determined to be uncollectible by the institution is different from the amount determined to be uncollectible by the Farm Credit Administration, the institution shall charge off such amount as the Farm Credit Administration shall direct.

Subpart C—Loan Performance and Valuation Assessment

§621.6 Performance categories and other property owned.

Each institution shall employ the following practices with respect to categorizing high-risk loans and loan-related assets. No loan shall be put into more than one performance category. At a minimum, loans meeting the criteria for both nonaccrual and another performance category shall be classified as nonaccrual.

(a) *Nonaccrual loans.* A loan shall be considered nonaccrual if it meets any of the following conditions:

(1) Collection of any amount of outstanding principal and all past and future interest accruals, considered over the full term of the asset, is not expected;

(2) Any portion of the loan has been charged off, except in cases where the prior chargeoff was taken as part of a formal restructuring of the loan; or

(3) The loan is 90 days past due and is not both adequately secured and in process of collection.

(i) A loan is considered adequately secured only if:

(A) It is secured by real or personal property having a net realizable value sufficient to discharge the debt in full; or

Farm Credit Administration**§ 621.7**

(B) It is guaranteed by a financially responsible party in an amount sufficient to discharge the debt in full.

(ii) A loan is considered in process of collection only if collection efforts are proceeding in due course and, based on a probable and specific event, are expected to result in the prompt repayment of the debt or its restoration to current status. There must be documented evidence that collection in full of amounts due and unpaid is expected to occur within a reasonable time period, not to exceed 180 days from the date that payment was due. The commencement of collection efforts through legal action, including bankruptcy or foreclosure, or through collection efforts not involving legal action, including ongoing workouts and reamortizations, do not, in and of themselves, provide sufficient cause to keep a loan out of nonaccrual status. If full collection of the debt or its restoration to current status is dependent upon completion of any action by the borrower, the institution must obtain the borrower's written agreement to complete all such actions by the specific dates set forth in agreement.

(b) *Formally restructured loans.* A loan is considered formally restructured if it meets the "troubled debt restructuring" definition set forth in Statement of Financial Accounting Standards No. 15, Accounting by Debtors and Creditors for Troubled Debt Restructurings, as promulgated by the FASB.

(c) *Loans 90 days past due still accruing interest.* (1) Loans 90 days past due still accruing interest means loans that are 90 days or more contractually past due, and that are both adequately secured and in process of collection, as described in this section.

(2) A loan shall be considered contractually past due when any principal repayment or interest payment required by the loan instrument is not received on or before the due date. A loan shall remain contractually past due until it is formally restructured or until the entire amount past due, including principal, accrued interest, and penalty interest incurred as the result of past due status, is collected or otherwise discharged in full.

(d) *Other property owned* means any real or personal property, other than an interest-earning asset, that has been acquired as a result of full or partial liquidation of a loan, through foreclosure, deed in lieu of foreclosure, or other means.

§ 621.7 Rule of aggregation.

(a) When one loan to a borrower is placed in nonaccrual, an institution must immediately evaluate whether its other loans to that borrower, or related borrowers, should also be placed in nonaccrual. All loans on which a borrowing entity, or a component of a borrowing entity, is primarily obligated to the reporting institution shall be considered as one loan unless a review of all pertinent facts supports a reasonable determination that a particular loan constitutes an independent credit risk and such determination is adequately documented in the loan file.

(1) A loan shall be considered an independent credit risk if a substantial portion of the loan is guaranteed as to principal and interest by a government agency.

(2) Other loans shall be considered independent credit risks if and so long as:

(i) The primary sources of repayment are independent for each loan;

(ii) The loans are not cross-collateralized; and

(iii) The principal obligors are different person(s) and/or entity(ies). Related loans will not be considered independent credit risks if the operations of a related borrower are so financially interdependent with the borrower's operations that the economic survival of one will materially affect the economic survival of the other, determined in accordance with § 614.4359(a)(2) of this chapter.

(b) If the evaluation required by paragraph (a) of this section results in a determination that the borrower's other loans with the institution do not represent an independent credit risk, and full collection of such loans is not expected, then all of the borrower's loans must be aggregated and classified as nonaccrual. If such other loans represent an independent credit risk and

§ 621.8

are fully collectible, then they may remain in their current performance category.

(c) When an institution becomes aware that a borrower has a loan that has been classified nonaccrual by any other lender, the institution must re-evaluate the credit risk in its loan to the borrower and then determine whether an independent credit risk exists.

[58 FR 48786, Sept. 20, 1993, as amended at 64 FR 34519, June 28, 1999]

§ 621.8 Application of payments and income recognition on nonaccrual loans.

Each institution shall employ the following practices with respect to application of cash payments on nonaccrual loans:

(a) If the ultimate collectibility of the recorded investment, in whole or in part, is in doubt, any payment received on such loan shall be applied to reduce the recorded investment to the extent necessary to eliminate such doubt.

(b) Once the ultimate collectibility of the recorded investment is no longer in doubt, payments received in cash on such loan may qualify for recognition as interest income if all of the following characteristics are met at the time the payment is received:

(1) The loan does not have a remaining unrecovered prior chargeoff associated with it, except in cases where the prior chargeoff was taken as part of a formal restructuring of the loan;

(2) The payment received has come from a source of repayment detailed in the plan of collection;

(3) The loan, after considering the payment, is not contractually past due more than 90 days and is not expected to become 90 days past due, or a repayment pattern has been established that reasonably demonstrates future repayment capacity.

(c) The institution shall employ the following practices with respect to earned but uncollected interest income on loans, leases, contracts, and similar assets that are determined not to be fully collectible:

(1) Earned but uncollected interest income that was accrued in the current fiscal year and is determined to be

12 CFR Ch. VI (1-1-05 Edition)

uncollectible shall be reversed from interest income; and

(2) Earned but uncollected interest income that was accrued in prior fiscal years and is determined to be uncollectible shall be charged off against the allowance for loan losses.

§ 621.9 Reinstatement to accrual status.

A loan may be reinstated to accrual status, when each of the following criteria are met:

(a) All contractual principal and interest due on the loan is paid and the loan is current;

(b) Prior chargeoffs are recovered, except for troubled debt restructures;

(c) No reasonable doubt remains regarding the willingness and ability of the borrower to perform in accordance with the contractual terms of the loan agreement; and

(d) Reinstatement is supported by a period of sustained performance in accordance with the contractual terms of the note and/or loan agreement. Sustained performance will generally be demonstrated by 6 consecutive monthly payments, 4 consecutive quarterly payments, 3 consecutive semi-annual payments, or 2 consecutive annual payments.

§ 621.10 Monitoring of performance categories and other property owned.

(a) Each institution shall:

(1) Account for, report, and disclose to shareholders, investors, boards of directors, and the Farm Credit Administration all material items with respect to performance categories and other property owned in accordance with the rules and definitions set forth in this part and any other applicable requirements;

(2) In accordance with § 620.5(g)(1)(iv)(A) of this chapter, disclose to shareholders, investors, boards of directors, and the Farm Credit Administration the nature and extent of significant potential credit risks within the loan portfolio, or other information that could adversely impact performance of the loan portfolio in the near future;

Farm Credit Administration**§ 621.20**

(3) Develop, adopt, and consistently apply policies and procedures governing performance categories and other property owned, which, at a minimum, conform to the definitions, rules, and standards set forth in this part and such other requirements and procedures as may be required by the Farm Credit Administration;

(4) Review the loan portfolio at least quarterly to ensure that all high-risk loans have been assigned the appropriate performance category; and

(5) Review all high-risk loans in the loan portfolio at least quarterly to determine the collectibility of accrued but uncollected income, if any.

(b) Measures taken to enhance the collectibility of a loan shall not be deemed to relieve an institution of the requirement to monitor and evaluate the loan for the purpose of determining its performance status.

Subpart D—Report of Condition and Performance**§ 621.12 Applicability and general instructions.**

(a) Each institution, including the Federal Agricultural Mortgage Corporation, shall prepare and file such reports of condition and performance as may be required by the Farm Credit Administration.

(b) Reports of condition and performance shall be filed four times each year, and at such other times as the Farm Credit Administration may require. The reports shall be prepared on the accrual basis of accounting and shall fairly represent the financial condition and performance of each institution at the end of, and over the period of, each calendar quarter, provided that such additional reports as may be necessary to ensure timely, complete, and accurate monitoring and evaluation of the affairs, condition, and performance of Farm Credit institutions may be required, as determined by the Chief Examiner, Farm Credit Administration.

(c) All reports of condition and performance shall be filed with the Farm Credit Administration, Office of Examination, 1501 Farm Credit Drive, McLean, Virginia, 22102-5090.

§ 621.13 Content and standards—general rules.

Each institution, including the Federal Agricultural Mortgage Corporation, shall prepare reports of condition and performance:

(a) In accordance with all applicable laws, regulations, standards, and such instructions and specifications and on such media as may be prescribed by the Farm Credit Administration;

(b) In accordance with generally accepted accounting principles and such other accounting requirements, standards, and procedures as may be prescribed by the Farm Credit Administration; and

(c) In such manner as to facilitate their reconciliation with the books and records of reporting institutions.

§ 621.14 Certification of correctness.

Each report of financial condition and performance filed with the Farm Credit Administration shall be certified as having been prepared in accordance with all applicable regulations and instructions and to be a true and accurate representation of the financial condition and performance of the institution to which it applies. The reports shall be certified by the officer of the reporting institution named for that purpose by action of the reporting institution's board of directors. If the board of directors of the institution has not acted to name an officer to certify the correctness of its reports of condition and performance, then the reports shall be certified by the president or chief executive officer of the reporting institution.

Subpart E—Reports Relating to Securities Activities of the Federal Agricultural Mortgage Corporation**§ 621.20 Form and content.**

(a) The Federal Agricultural Mortgage Corporation (Corporation) shall provide the Office of Secondary Market Oversight with three copies of any filings made with the SEC pursuant to the Securities Act of 1933 or the Securities and Exchange Act of 1934. Such copies shall be filed with the FCA no

(b) The Corporation shall make the following filings with the Office of Secondary Market Oversight for securities either issued or guaranteed by the Corporation that are not registered under the Securities Act of 1933.

(1) Three copies of any offering circular, private placement memorandum, or information statement prepared in connection with the securities offering shall be filed with the Office of Secondary Market Oversight at or before the time of the securities offering.

(2) For securities backed by qualified loans as defined in section 8.0(9)(A) of the Act, the Corporation shall file one copy of the following within 1 business day of the finalization of the transaction:

(i) The private placement memoranda for securities sold to investors; and

(ii) The pooling and servicing agreement when the security is purchased by the Corporation as authorized by section 8.6(g) of the Act.

(3) For securities backed by qualified loans as defined in section 8.0(9)(B) of the Act, the Corporation shall provide summary information on such securities issued during each calendar quarter in the form prescribed by the Office of Secondary Market Oversight. Such summary information shall be provided with each report of condition and performance filed pursuant to § 621.12, and at such other times as the Office of Secondary Market Oversight may require.

(c) The Corporation shall file with the Office of Secondary Market Oversight copies of all substantive correspondence between the Corporation and the Securities and Exchange Commission and the Department of the Treasury relating to securities activities or regulatory compliance. Such correspondence should be filed no later than the date of filing of the report of condition and performance for the calendar quarter in which the correspondence was received or sent.

(d) The Corporation shall promptly notify the Office of Secondary Market Oversight if it becomes exempt or claims exemption from the filing re-

quirements of the Securities and Exchange Act of 1934.

Subpart A—Rules Applicable to Formal Hearings

§ 622.1 Scope of regulations.

This subpart prescribes rules of practice and procedure in connection with any formal hearing before the Farm Credit Administration (FCA) that is required by the Farm Credit Act of 1971, as amended (Act) or is ordered for other reasons by the FCA. In connection with any particular matter, reference should also be made to any special requirements of practice and procedure that may be contained in applicable provisions of the Act or the rules adopted by the FCA in subpart B of this part, which special requirements are controlling. The rules in subpart A do not apply to the informal hearings described in subpart C of this part, to any other informal hearing that may be ordered by the FCA, or to formal investigations described in subpart D of this part.

§ 622.2 Definitions.

As used in this part:

- (a) *Act* means the Farm Credit Act of 1971, as amended. 12 U.S.C. 2001, *et seq.*
- (b) *FCA* means the Farm Credit Administration.
- (c) *Board* means the Farm Credit Administration Board.

(d) The terms *institution in the System*, *System institution* and *institution* mean all institutions enumerated in section 1.2 of the Act, any institution chartered pursuant to or established by the Act, except for the Farm Credit System Assistance Board and the Farm Credit System Insurance Corporation, and any service organization chartered under part E of title IV of the Act.

(e) *Party* means the FCA or a person or institution named as a party in any notice that commences a proceeding, or any person or institution who is admitted as a party or who has filed a written request and is entitled as of right to be a party.

(f) *Presiding officer* means an administrative law judge or any FCA employee or other person designated by the Board to conduct a hearing.

(g) *Ex parte communication* means an oral or written communication not on the record with respect to which reasonable prior notice to all parties is not given. It does not include requests for status reports.

[51 FR 21139, June 11, 1986, as amended at 53 FR 27284, July 19, 1988]

§ 622.3 Appearance and practice.

(a) *Appearance before the Board or a presiding officer*—(1) *By nonattorneys.* An individual may appear in his or her own behalf; a member of a partnership may represent the partnership; a duly authorized officer or other agent of a corporation, trust association or other entity not specifically listed herein may represent the corporation, trust association, or other entity; and a duly authorized officer or employee of any government unit, agency or authority may represent that unit, agency or authority. Any person appearing in a representative capacity shall file a written notice of appearance with the Board which shall contain evidence of his or her authority to act in such capacity.

(2) *By attorneys.* A party may be represented by an attorney who is a member in good standing of the bar of the highest court of any State, possession, territory, Commonwealth or the District of Columbia, and who has not been suspended or debarred from practice before the FCA in accordance with

§ 622.4

12 CFR Ch. VI (1-1-05 Edition)

the provisions of part 623 of this chapter. Prior to appearing, an attorney representing a person in a proceeding shall file a written notice of appearance with the Board, which shall contain a declaration that he or she is currently qualified as provided by paragraph (a)(2) of this section and is authorized to represent the party on whose behalf he or she acts.

(3) *Representation of multiple interests.* A person shall not represent more than one party without informing each party of any actual or potential conflict of interest that may be involved in such representation. Such person shall file a statement with the Board indicating that such disclosure has been made. The presiding officer has authority to take protective measures at any stage of a proceeding, including the authority to prohibit multiple representation when deemed appropriate.

(b) *Summary suspension.* Dilatory, obstructionist, egregious, contemptuous, contumacious, or other unethical or improper conduct at any proceeding before the Board or a presiding officer shall be grounds for exclusion therefrom and suspension for the duration of the proceeding, or other appropriate action by the Board or presiding officer.

§ 622.4 Commencement of proceedings.

Proceedings under this subpart are commenced by the issuance of a notice by the Board. Such notice shall state the time, place, and nature of the hearing, the name and address of the presiding officer if one has been designated, and a statement of the matters of fact and law constituting the grounds for the hearing. The matters of fact and law alleged in a notice may be amended by the Board at any stage of the proceeding and such amended notice may require an answer from the party or parties served and may set a new hearing date. A copy of any notice served by the FCA on any System association, director, officer or other person participating in the conduct of the affairs of the association will also be sent to the supervisory bank.

§ 622.5 Answer.

(a) *Answer is required.* Unless a different period is specified by the Board,

a party who does not wish to consent to a final order must file an answer within 20 days after being served with a notice that commences the proceeding. Any subsequent notice which contains amended allegations and by its terms requires an answer must similarly be answered within 20 days after service.

(b) *Requirements of answer; effect of failure to deny.* An answer filed under this section shall concisely state any defenses and specifically admit or deny each allegation in the notice. A party who lacks information or knowledge sufficient to form a belief as to the truth of any particular allegation shall so state and this shall have the effect of a denial. Any allegation not denied shall be deemed to be admitted. A party who intends in good faith to deny only a part of or to qualify an allegation shall specify so much of it as is true and shall deny only the remainder.

(c) *Admitted allegations.* If a party filing an answer under this section elects not to contest any of the allegations of fact set forth in the notice, the answer shall consist of a statement admitting all of the allegations to be true. Such answer constitutes a waiver of hearing as to the facts alleged in the notice, and together with the notice will provide a record basis on which the presiding officer shall file with the Board a recommended decision in accordance with 5 U.S.C. 557. The recommended decision shall be served on the party, who may file exceptions thereto within the time provided in § 622.13.

(d) *Effect of failure to answer.* Failure of a party to file an answer required by this section within the time provided constitutes a waiver of the party's right to appear and contest the allegations in the notice and authorizes the presiding officer, without further notice to the party, to find the facts to be as alleged in the notice and to file with the Board a recommended decision containing such findings and appropriate conclusions. The Board or the presiding officer may, for good cause shown, permit the filing of a delayed answer after the time for filing and the answer has expired.

Farm Credit Administration

§ 622.7

§ 622.6 Opportunity for informal settlement.

Any interested party may at any time submit to the Board for consideration written offers or proposals for settlement of a proceeding, without prejudice to the rights of the parties. No offer or proposal shall be admissible into evidence over the objection of any party in any hearing in connection with such proceeding. The foregoing provisions of this section shall not preclude settlement of any proceeding through the regular adjudicatory process by the filing of an answer as provided in § 622.5(c), or by submission of the case to the presiding officer on a stipulation of facts and an agreed order.

§ 622.7 Conduct of hearings.

(a) *Authority of presiding officer.* All hearings governed by this subpart shall be conducted in accordance with the provisions of chapter 5 of title 5 of the United States Code. The presiding officer designated by the Board to preside at any such hearing shall have complete charge of the hearing, shall have the duty to conduct it in a fair and impartial manner and shall take all necessary action to avoid delay in the disposition of the proceeding. Such officer shall have all powers necessary to that end, including the following:

- (1) To administer oaths and affirmations;
- (2) To issue subpoenas and subpoenas duces tecum, as authorized by law, and to revoke, quash, or modify any such subpoena;
- (3) To receive relevant evidence and to rule upon the admission of evidence and offers of proof;
- (4) To take or cause depositions to be taken;
- (5) To regulate the course of the hearing and the conduct of the parties and their counsel;
- (6) To hold conferences for the settlement or simplification of issues or for any proper purpose; and
- (7) To consider and rule upon, as justice may require, all procedural and other motions appropriate in a proceeding under this subpart, except that a presiding officer shall not have power to decide any motion to dismiss the proceeding or other motion which re-

sults in a final determination of the merits of the proceeding. This power rests only with the Board. Without limitation on the foregoing, the presiding officer shall, subject to the provisions of this subpart, have all the authority set forth in 5 U.S.C. 556(c).

(b) *Prehearing conference.* The presiding officer may, on his or her own initiative or at the request of any party, direct counsel for all parties to meet with him or her at a specified time and place prior to the hearing, or to submit suggestions to him or her in writing, for the purpose of considering any or all of the following:

- (1) Simplification and clarification of the issues;
- (2) Stipulations, admissions of fact and of the contents and authenticity of documents;
- (3) Matters of which official notice will be taken; and
- (4) Such other matters as may aid in the orderly disposition of the proceeding.

At the conclusion of such conference(s) the presiding officer shall enter an order which recites the results of the conference. Such order shall include the presiding officer's rulings upon matters considered at the conference, together with appropriate directions, if any, to the parties. Such order shall control the subsequent course of the proceeding, unless modified at the hearing for good cause shown.

(c) *Exchange of information.* Thirty (30) days prior to the hearing, parties shall exchange a list of the names of witnesses with a general description of their expected testimony, and a list and one copy of all documents or other physical exhibits which will be introduced in evidence in the course of the proceeding.

(d) *Attendance at hearings.* All hearings shall be private and shall be attended only by the parties, their counsel or authorized representatives, witnesses while testifying, and other persons having an official interest in the proceeding. However, if the Board, in its discretion, after fully considering the views of the party afforded the hearing, determines that a public hearing is necessary to protect the public

§622.7

interest, the Board may in its sole discretion order that the hearing be public.

(e) *Transcript of testimony.* Hearings shall be recorded. A copy of the transcript of the testimony taken at any hearing, duly certified by the reporter, together with all exhibits accepted into evidence shall be filed with the presiding officer. The presiding officer shall promptly serve notice upon all parties of such filing. The parties shall make their own arrangements with the person recording the testimony for copies of the testimony and exhibits. The presiding officer shall have authority to correct the record *sua sponte* with notice to all parties and to rule upon motions to correct the record. In the event the hearing is public, transcripts will be furnished to interested persons upon payment of the cost thereof.

(f) *Continuances and changes or extensions of time and changes of place of hearing.* Except as otherwise provided by law, the presiding officer may extend time limits prescribed by these rules or by any notice or order issued in the proceedings, may change the time for beginning any hearing, continue or adjourn a hearing from time to time, and/or change the location of the hearing. Prior to the appointment of a presiding officer and after the filing of a recommended decision pursuant to §622.12, the Board may grant such extensions or changes. Subject to the approval of the presiding officer, the parties may by stipulation change the time limits specified by these rules or any notice or order issued hereunder.

(g) *Closing of hearing.* The record of the hearing shall be closed by an announcement to that effect by the presiding officer when the taking of evidence has been concluded. In the discretion of the presiding officer, the record may be closed as of a future date in order to permit the admission into the record, under circumstances determined by the presiding officer, of exhibits to be prepared.

(h) *Call for further evidence, oral arguments, briefs, reopening of hearing.* The presiding officer may call for the production of further evidence upon any issue, may permit oral argument and submission of briefs at the hearing and,

12 CFR Ch. VI (1-1-05 Edition)

upon appropriate notice, may reopen any hearing at any time prior to the filing of his or her recommended decision. The Board may reopen the record at anytime permitted by law.

(i) *Order of procedure.* The FCA shall open and close.

(j) *Ex parte communications.* (1) No person shall make or knowingly cause to be made an ex parte communication relevant to the merits of the proceeding to the presiding officer or anyone who is or may reasonably be expected to be involved in the decisional process.

(2) No person who is or may reasonably be expected to be involved in the decisional process shall make or knowingly cause to be made an ex parte communication relevant to the merits of the proceeding to any person.

(3) Except as authorized by law, the presiding officer shall not consult anyone on any fact in issue, unless upon notice and opportunity for all parties to participate. The presiding officer shall not be responsible to, or subject to the supervision or direction of, any officer, employee, or agent of the FCA engaged in the performance of investigative or prosecuting functions. An officer, employee or agent engaged in the performance of such functions in any case shall not, in that case or a factually related case, participate or advise in the decision of the presiding officer, except as a witness or counsel in the proceedings, or as otherwise authorized by law.

(4) If an ex parte communication is made or knowingly caused to be made, all such communications, and any responses, shall be placed in the record.

(5) Upon receipt of a communication knowingly made or caused to be made in violation of paragraph (j) of this section, the responsible party may be required to show cause why such party's claim or interest should not be dismissed, denied, or otherwise adversely affected. To the extent consistent with the interests of justice, a knowing violation of paragraph (j) of this section may be grounds for a decision adverse to a party in violation.

(6) The prohibitions against ex parte communications apply from the time a proceeding is noticed for hearing. However, when the person responsible for

Farm Credit Administration**§ 622.9**

the communication has knowledge that the proceeding will be noticed, the prohibitions apply from the time such knowledge is acquired.

§ 622.8 Rules of evidence.

(a) *Evidence.* Every party shall have the right to present a case or defense by oral and documentary evidence, to submit rebuttal evidence, and to conduct such cross-examination as may be required for a full and true disclosure of the facts. Irrelevant, immaterial or unduly repetitious evidence shall be excluded.

(b) *Objections.* Objections to the admission or exclusion of evidence shall be in short form, stating the grounds of objection relied upon but no argument thereon shall be permitted, except as ordered, allowed, or requested by the presiding officer. Rulings on such objections and all other matters shall be part of the transcript. Failure to object timely to the admission or exclusion of evidence or to any ruling constitutes a waiver of such objection.

(c) *Stipulations.* Independently of the orders or rulings issued as provided by § 622.7(b), the parties may stipulate as to any relevant matters of fact or the authenticity of any relevant documents. Such stipulations may be received in evidence at the hearing, and when so received shall be binding on the parties with respect to the matters therein stipulated.

(d) *Official notice.* All matters officially noticed by the presiding officer shall appear on the record.

§ 622.9 Subpoenas.

(a) *Issuance.* The presiding officer or, in the event he or she is unavailable, the Board may issue subpoenas and subpoena duces tecum at the request of any party requiring the attendance of witnesses or the production of documents at a designated place. The person seeking the subpoena may be required, as a condition precedent to the issuance of the subpoena, to show the general relevance and reasonable scope of the testimony or other evidence sought. Where it appears to the presiding officer that a subpoena may be unreasonable, oppressive, excessive in scope, unduly burdensome, or delay the proceeding, the presiding officer has

discretion to refuse to issue a subpoena or to issue it only upon such conditions as fairness requires.

(b) *Motions to quash.* Any person to whom a subpoena is directed may, prior to the time specified therein for compliance but in no event more than 10 days after the date the subpoena was served, with notice to the party requesting the subpoena, apply to the presiding officer, or in the event he or she is unavailable to the Board, to quash or modify the subpoena, accompanying such application with a brief statement of the reasons therefor. The presiding officer may deny the application or, upon notice to the party on whose behalf the subpoena was issued and after affording that party an opportunity to reply, may quash or modify the subpoena or impose reasonable conditions including, in the case of a subpoena duces tecum, a requirement that the party on whose behalf the subpoena was issued pay in advance the reasonable cost of copying and transporting the documentary evidence to the designated place.

(c) *Service of subpoena.* A subpoena may be served upon the person named therein by personal service or certified mail with a return receipt to the last known address of the person. The fees for one day's attendance and mileage as specified in paragraph (d) of this section must be tendered at the time of service unless the subpoena is issued on behalf of the FCA. If personal service is made by a U.S. marshal, a deputy U.S. marshal, or an employee of the FCA, such service shall be evidenced by the return thereon. If personal service is made by any other person, such person shall sign an affidavit describing the manner in which service is made, and return such affidavit with a copy of the subpoena. In case of failure to make service, reasons for the failure shall be stated on the original subpoena. The original or a copy of the subpoena, bearing or accompanied by the required return, affidavit, statement or return receipt, shall be returned without delay to the presiding officer.

(d) *Attendance of witnesses.* The attendance of witnesses at a designated place may be required from any place in any State or territory subject to the

§ 622.10

12 CFR Ch. VI (1-1-05 Edition)

jurisdiction of the United States. Witnesses who are subpoenaed shall be paid the same fees and mileage that are paid witnesses in the district courts of the United States. Fees required by this paragraph shall be paid by the party upon whose application the subpoena is issued.

(e) *Production of documents.* The production of documents at a designated place may be required from any place in any State or territory subject to the jurisdiction of the United States. In lieu of an original document, a certified or authenticated copy may be produced. However, any party has the right to inspect the original document.

§ 622.10 Depositions.

(a) *Application to take deposition.* Any party desiring to take the deposition of any person shall make written application to the presiding officer setting forth the name and address of the witness, the subject matter concerning which the witness is expected to testify, its relevance, the time and place of the deposition, and the reasons why such deposition should be taken. The application may include a request that specified documents be produced at the deposition. A copy of the application shall be served on the other parties at the same time the application is filed with the presiding officer.

(b) *Subpoena; notice to other parties.* Upon a showing that the testimony or other evidence sought will be material, and the taking of the deposition will not result in any undue burden to the witness or any party or undue delay of the proceedings, the presiding officer may issue a subpoena or subpoena duces tecum. Notice of the issuance of such subpoena shall be served upon all parties at least 10 days in advance of the date set for deposition.

(c) *Deposition by notice.* The requirements of paragraphs (a) and (b) of this section may be waived by agreement of the parties and the witness whose testimony or documentary evidence is sought. Such agreement shall be embodied in a stipulation which becomes part of the record and may provide for the taking of depositions upon notice without leave of the presiding officer.

(d) *Procedure on deposition.* Depositions may be taken before any person

having the power to administer oaths. Each witness whose testimony is taken by deposition shall be duly sworn before any question is propounded. Examination and cross-examination of deponents may proceed as permitted at the hearing. Objections to questions or documents shall be in short form, stating the grounds relief upon for the objection. Failure to object to questions or evidence is deemed a waiver if the ground of the objection is one which might have been obviated or removed if presented at that time. The questions propounded and the answers thereto, together with all objections made (but not including argument or debate) shall be recorded by or under the direction of the person before whom the deposition is taken. The deposition shall be signed by the witness, unless the parties by stipulation waive the signing or the witness is physically unable to sign, cannot be found, or refuses to sign. The deposition shall also be certified as a true and complete transcript by the person recording the testimony. If the deposition is not signed by the witness, the person recording the testimony shall state this fact and the reason therefor on the record. The person before whom the deposition is taken shall promptly file the transcript and all exhibits with the presiding officer. Interested parties shall make their own arrangements with the person recording the testimony for copies of the testimony and exhibits.

(e) *Introduction as evidence.* Subject to appropriate rulings by the presiding officer on such objections and answers as were noted at the time the deposition was taken or as would be valid were the witness personally present and testifying at the hearing, the deposition or any part thereof may be received in evidence by the presiding officer in his or her discretion. Only such part of a deposition as is received in evidence at a hearing shall constitute a part of the record upon which a decision may be based.

(f) *Payment of fees.* Deponents whose depositions are taken and the reporter taking the same shall be entitled to the same fees as are paid for like services in the district courts of the United States, which fees shall be paid by the

Farm Credit Administration**§ 622.13**

party upon whose application the deposition is taken.

§ 622.11 Motions.

(a) *How made.* An application or request for an order or ruling not otherwise specifically provided for in this subpart, unless made during a hearing, shall be made by written motion supported by a memorandum which concisely states the grounds therefor.

(b) *Opposition.* Within 10 days after service of any written motion, or within such other period of time as may be fixed by the presiding officer, any party may file a memorandum in opposition thereto. The moving party has no right to reply except as permitted by the presiding officer. The presiding officer has discretion to waive the requirements of this section as to motions for extension of time and may rule upon such motions ex parte.

(c) *Oral argument.* No oral argument will be heard on motions except as otherwise directed by the presiding officer or the Board.

(d) *Rulings and orders.* Except as otherwise provided in this subpart, the presiding officer shall rule on all motions and may issue appropriate orders, except that motions may be referred to the Board if the presiding officer is unavailable or determines that such motion should be referred to the Board. Prior to the appointment of a presiding officer and after a recommended decision is filed pursuant to § 622.12, the Board shall rule on motions filed by the parties.

(e) *Appeal from rulings on motions.* All answers, motions, objections and rulings shall become part of the record. Rulings of a presiding officer on any motion may not be appealed to the Board prior to its consideration of the presiding officer's recommended decision, except by special permission of the Board. However, such rulings shall be considered by the Board in reviewing the record. Requests to the Board for special permission to appeal from a ruling of the presiding officer shall be filed in writing within 5 days of the ruling, and shall briefly state the grounds relied on. The moving party shall immediately serve a copy thereof on every other party to the proceeding

who may then respond to such request within 5 days after service.

(f) *Continuation of hearing.* Unless otherwise ordered by the presiding officer or the Board, the hearing shall continue pending the determination of any request or motion by the Board.

§ 622.12 Proposed findings and conclusions; recommended decision.

(a) *Proposed findings and conclusions by parties.* Within 30 days after the hearing transcript has been filed, any party may file proposed findings of fact and conclusions of law. Such proposals shall be supported by citation of such statutes, decisions, and other authorities, and by specific page references to such portions of the record as may be relevant. All such proposals shall become a part of the record.

(b) *Recommended decision by presiding officer.* Within 30 days after the expiration of time allowed under paragraph (a) of this section, or within such further time as the Board for good cause allows, the presiding officer shall file the entire hearing record, including a recommended decision and findings and conclusions, the transcript, exhibits (including on request of any of the parties any exhibits excluded from evidence or tender of proof), exceptions, rulings and all briefs and memoranda filed in connection with the hearing. Promptly upon such filing, the presiding officer shall serve a copy of the recommended decision, findings and conclusions upon each party to the proceeding.

(c) *Board as presiding officer.* In proceedings in which the Board or one or more of its members has presided at the reception of evidence, the presiding officer's recommended decision, findings of fact, and conclusions of law will be omitted. In such proceedings the proposed findings and conclusions, briefs, and other submissions permitted under paragraph (a) of this section shall be filed with the Board for consideration.

§ 622.13 Exceptions.

(a) *Filing.* Within 15 days after service of the recommended decision of the presiding officer, any party may file exceptions thereto or to any portion

§ 622.14**12 CFR Ch. VI (1-1-05 Edition)**

thereof, or to the failure of the presiding officer to make any recommendation, finding, or conclusion, or to the admission or exclusion of evidence, or to any other ruling of the presiding officer.

(b) *Contents.* Each exception shall be supported by a concise argument and by citation of such statutes, decisions and other authorities, and by page references to such portions of the record as may be relevant. If the exception relates to the admission or exclusion of evidence, the substance of the evidence admitted or excluded shall be set forth in the brief with appropriate references to the transcript.

(c) *Waiver.* Failure of a party to file exceptions to those matters specified in paragraph (a) of this section within the time prescribed shall be a waiver of objection thereto.

§ 622.14 Briefs.

(a) *Contents.* Any brief filed in a proceeding shall be confined to the particular matters in issue, citing statutes, decisions, and other authorities, and page references to such portions of the record or the recommended decision of the presiding officer as may be relevant.

(b) *Reply briefs.* Reply briefs may be filed within 10 days after service of original briefs of opposing parties, and shall be confined to matters in such briefs. Further briefs may be filed only with permission of the presiding officer or the Board with respect to a matter before the Board.

(c) *Delayed filing.* Briefs not filed on or before the time fixed in this subpart or by the presiding officer will be received only upon special permission of the Board.

§ 622.15 Oral argument before the Board.

Upon its own initiative or upon written request by any party, the Board, in its discretion, may order the matter to be set down for oral argument before the Board or one or more members thereof. Any request for oral argument by a party filing exceptions shall be made within the time prescribed for filing such exceptions, or by any other party, within the time prescribed for the filing of a reply brief. Oral argu-

ment before the Board shall be recorded unless otherwise ordered by the Board.

§ 622.16 Notice of submission to the Board.

Upon the filing of the record with the Board, and upon the expiration of the time for the filing of exceptions and all briefs, including reply briefs or any further briefs permitted by the presiding officer or the Board, and upon the hearing of oral argument by the Board, if ordered by the Board, the Board shall notify the parties in writing that the case has been submitted for final decision.

§ 622.17 Decision of the Board.

Any person who has not engaged in the performance of investigative or prosecuting functions in the case, or in a factually related case, may advise and assist the Board in the consideration of the case. Copies of the decision and order of the Board shall be served upon the parties. A copy of the order will also be sent to the supervisory bank if the order relates to a System association, director, officer, or other person participating in the conduct of the affairs of the association.

§ 622.18 Filing.

(a) *Filing.* Papers required or permitted to be filed with the Board shall be filed with the Chairman of the Board, FCA, 1501 Farm Credit Drive, McLean, VA 22102-5090 or with the person designated to receive papers for the agency in a proceeding. Papers sent by mail must be postmarked or received within the prescribed time limit for filing. Papers sent by any other means must be received within the prescribed time limit for filing.

(b) *Formal requirements.* All filed papers shall be printed, typewritten, or otherwise reproduced, and copies shall be clear and legible. The original of all papers filed by a party shall be signed and dated as of the date of execution by the party filing the same, or a duly authorized agent or attorney. The signer's address and telephone number must appear on the original. Counsel for the FCA shall sign the original of all papers filed on behalf of the FCA.

Farm Credit Administration**§ 622.51**

All papers filed must name in the heading or on a title page, the parties, the docket number and the subject of the papers.

(c) *Copies.* Parties shall file an original and three copies of all documents and papers required or permitted to be filed under this subpart (except the transcript of testimony and exhibits), unless otherwise specifically provided by the Board.

§ 622.19 Service.

(a) *Service.* Except as otherwise provided in these rules, each party who files papers is responsible for serving a copy thereof upon the presiding officer and upon every other party or the attorney or representative of record of that party. A copy of all papers filed by the presiding officer or the Board, except for the transcript of testimony and exhibits, shall be served upon each of the parties. Service may be by personal service, private delivery service, or by express, certified or regular first-class mail. If a party is not represented, service shall be made at the last known address of the party or an officer thereof as shown on the records of the FCA.

(b) *Proof of service.* Proof of service of papers filed by a party shall be filed before action is to be taken thereon. The proof shall show the date and manner of service, and may be by written acknowledgment of service, by declaration of the person making service, or by certificate of an attorney or other representative of record. Failure to make proof of service shall not affect the validity of service. The presiding officer may allow the proof to be amended or supplied, unless to do so would result in material prejudice to a party.

§ 622.20 Documents in proceedings confidential.

Unless otherwise ordered by the Board or required by law, the entire record in any proceeding under this subpart, including the notice of hearing, transcript, exhibits, proposed findings and conclusions, recommended decision of the presiding officer, exceptions thereto, decision and order of the Board, and any other papers which are filed in connection with the proceeding

shall not be made public, and shall be for the confidential use only of the FCA and its staff, the presiding officer, the parties, and other appropriate supervisory authorities.

§ 622.21 Computing time.

(a) *General rule.* In computing any period of time prescribed or allowed by this subpart, the date of the act or event from which the designated period of time begins to run is not to be included. The last day so computed shall be included, unless it is a Saturday, Sunday or Federal holiday, in which event the period shall run until the end of the next day which is not a Saturday, Sunday, or Federal holiday. When the period of time prescribed or allowed is 10 days or less, intermediate Saturdays, Sundays, and Federal holidays shall not be included in the computation.

(b) *Service by mail.* Whenever any party has the right or is required to do some act within the period of time prescribed in this subpart after the service upon the party of any document or other paper of any kind, and such service is made by mail, three days shall be added to the prescribed period from the date when the matter served is deposited in the United States mail.

§ 622.22 Retained authority.

Nothing in this part is in derogation of powers of examination and investigation conferred on the FCA by any provision of law.

SOURCE: 53 FR 27284, July 19, 1988, unless otherwise noted.

§ 622.51 Definitions.

Unless noted otherwise, the definitions set forth in § 622.2 of subpart A shall apply to this subpart.

§ 622.52

§ 622.52 Purpose and scope.

The rules and procedures specified in this subpart and in subpart A are applicable to proceedings by the FCA to assess and collect civil money penalties:

- (a) For a violation of the terms of a final cease and desist order issued under section 5.25 or 5.26 of the Act, or
- (b) For violation of any provision of the Act or any regulation issued under the Act.

§ 622.53 Notification of alleged violations.

Before determining whether to assess a civil money penalty and determining the amount of such penalty, the FCA shall notify the institution or person to be assessed of the violation(s) alleged to have occurred or to be occurring, and shall solicit the written views of the institution or person regarding the imposition of such penalty.

§ 622.54 Relevant considerations.

In determining the amount of any penalty assessed, the FCA shall consider the financial resources and good faith of the institution or person charged, the gravity of the violation, any previous violations, and such other matters as justice may require.

§ 622.55 Notice of assessment of civil money penalty.

(a) *Notice of assessment.* After considering any written materials submitted in accordance with § 622.53 and the factors stated in § 622.54, the FCA shall commence a civil money penalty proceeding with the issuance of a notice of assessment of a civil money penalty. The notice of assessment shall state:

- (1) The legal authority for the assessment;
- (2) The amount of the civil money penalty being assessed;
- (3) The date by which the civil money penalty shall be paid;
- (4) The matter of fact or law constituting the grounds for assessment of the civil money penalty;
- (5) The right of the institution or person being assessed to a formal hearing to challenge the assessment in accordance with 12 U.S.C. 2268(c) and (d);
- (6) That failure to request a hearing constitutes a waiver of the opportunity for a hearing and the notice of assess-

12 CFR Ch. VI (1-1-05 Edition)

ment shall constitute a final and unappealable order in accordance with 12 U.S.C. 2268(c); and

- (7) The time limit to request such a formal hearing.

(b) *Service.* The notice of assessment may be served upon the institution or person being assessed by personal service or by certified mail with a return receipt to the institution's or the person's last known address. Such service constitutes issuance of the notice.

§ 622.56 Request for formal hearing on assessment.

An institution or person being assessed may request a formal hearing to challenge the assessment of a civil money penalty. The request must be filed in writing, within 10 days of the issuance of the notice of assessment, with the Chairman of the Board, FCA, 1501 Farm Credit Drive, McLean, VA 22102-5090.

§ 622.57 Waiver of hearing; consent.

(a) *Waiver.* Failure to request a hearing pursuant to § 622.56 constitutes a waiver of the opportunity for a hearing and the notice of assessment issued pursuant to § 622.55 shall constitute a final and unappealable order.

(b) *Consent.* Any party afforded a hearing who does not appear at the hearing personally or by a duly authorized representative is deemed to have consented to the issuance of an assessment order.

§ 622.58 Hearing on assessment.

(a) *Time and place.* An institution or person requesting a hearing shall be informed by order of the Board of the time and place set for hearing.

(b) *Answer; procedures.* The hearing order may require the institution or person requesting the hearing to file an answer as prescribed in § 622.5 of subpart A. The procedures of the Administrative Procedure Act (5 U.S.C. 554-557) and subpart A of these rules shall apply to the hearing.

§ 622.59 Assessment order.

(a) *Consent.* In the event of consent of the parties concerned to an assessment, or if, upon the record made at a hearing ordered under this subpart, the Board finds that the grounds for having

Farm Credit Administration

§ 622.78

assessed the penalty have been established, the Board may issue an order of assessment of civil money penalty. In its assessment order, the Board may reduce the amount of the penalty specified in the notice of assessment.

(b) *Effective date and period.* An assessment order is effective immediately upon issuance, or upon such other date as may be specified therein, and shall remain effective and enforceable unless it is stayed, modified, terminated, or set aside by action of the board or a reviewing court.

(c) *Service.* An assessment order may be served by personal service or by certified mail with a return receipt to the last known address of the institution or person being assessed. Such service constitutes issuance of the order.

§ 622.60 Payment of civil money penalty.

(a) *Payment date.* Generally, the date designated in the notice of assessment for payment of the civil money penalty will be 60 days from the issuance of the notice. If, however, the Board finds, in a specific case, that the purposes of the statute would be better served if the 60-day period were changed, the Board may shorten or lengthen the period or make the civil money penalty payable immediately upon receipt of the notice of assessment. If a timely request for a formal hearing to challenge an assessment of a civil money penalty is filed, payment of the penalty shall not be required unless and until the Board issues a final order of assessment following the hearing. If an assessment order is issued, it will specify the date by which the civil money penalty is to be paid or collected.

(b) *Method of payment.* Checks in payment of civil money penalties should be made payable to the "Farm Credit Administration." Upon collection, the FCA shall forward the amount of the penalty to the Treasury of the United States.

§ 622.61 Adjustment of civil money penalties by the rate of inflation under the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended.

The maximum amount of each civil money penalty within FCA's jurisdiction is adjusted in accordance with the

Federal Civil Penalties Inflation Adjustment Act of 1990, as amended (28 U.S.C. 2461 note), as follows:

Subpart C—Rules and Procedures Applicable to Suspension or Removal of an Individual Where Certain Crimes Are Charged or Proven

§ 622.76 Definitions.

Unless noted otherwise, the definitions set forth in § 622.2 of subpart A shall apply to this subpart.

§ 622.77 Purpose and scope.

The rules and procedures set forth in this subpart apply to informal hearings afforded to any officer, director, or other person participating in the conduct of the affairs of a System institution who has been suspended or removed from office or prohibited from further participation in any manner in the conduct of the institution's affairs by a notice or order issued by the Board upon the grounds set forth in section 5.29 of the Act.

§ 622.78 Suspension, prohibition or removal.

A copy of such notice or order shall also be served upon the institution, whereupon the individual concerned shall immediately cease service to the institution or participation in the affairs of the institution. Any notice or

§ 622.79

12 CFR Ch. VI (1-1-05 Edition)

order shall indicate the basis for the suspension, prohibition, or removal and shall inform the individual of the right to request in writing, within 30 days of being served with such notice or order, an opportunity to show at an informal hearing that continued service to or participation in the conduct of the affairs of the institution does not, or is not likely to, pose a threat to the interests of the institution's shareholders or the investors in Farm Credit System obligations or threaten to impair public confidence in the institution or the Farm Credit System.

(b) *Service.* A notice or order of suspension, removal or prohibition may be served by personal service or by certified mail with a return receipt to the last known address of the person being served.

§ 622.79 Petition for informal hearing.

(a) *Filing.* To obtain a hearing, the subject individual must file an original and three copies of a petition with the Board within 30 days of being served with the notice or order.

(b) *Content.* The petition shall:

(1) State whether the petitioner is requesting termination or modification of the notice or order;

(2) State with particularity how the petitioner intends to show that his or her continued service to or participation in the conduct of the affairs of the institution would not, or is not likely to, pose a threat to the interests of the institution's shareholders or the investors in Farm Credit System obligations or threaten to impair public confidence in the institution or the Farm Credit System;

(3) Include a request to present oral testimony or witnesses at the hearing, if the petitioner desires to do so. The request should specify the names of the witnesses and a summary of their expected testimony; and

(4) Indicate whether the petitioner desires oral argument or elects to have the matter determined solely on the basis of written submissions.

§ 622.80 Informal hearing.

(a) *Time and place.* Upon receipt of a timely petition for a hearing, the Board shall notify the petitioner of the time and place fixed for the hearing

and shall designate one or more Board members or FCA employees to preside ("designated FCA representative"). The hearing shall be scheduled to be held no later than 30 days from the date a petition for hearing is received unless the time is extended at the request of the petitioner. Notice of the hearing shall also be sent to the FCA's Office of General Counsel.

(b) *Appearance.* A petitioner may appear personally or through counsel to submit relevant written materials and oral argument. An attorney is subject to all the requirements and limitations imposed on attorneys in § 622.3 of subpart A. A representative(s) of the FCA's Office of General Counsel may participate in the hearing to the extent such representative deems appropriate.

(c) *Written material.* Any written material the petitioner wishes to have considered must be submitted to the designated FCA representative and the FCA's Office of General Counsel at least 10 days prior to the date of the hearing.

(d) *Oral testimony.* Oral testimony may be presented only if expressly permitted by the Board in the notice of hearing. The designated FCA representative may ask questions of any witness.

(e) *Transcripts.* Oral testimony, if any, and oral argument shall be recorded. A copy of the transcript shall be filed with the designated FCA representative, who shall have authority to correct the record *sua sponte* upon notice, or upon the motion of the petitioner or the representative of the FCA's Office of General Counsel. The designated FCA representative shall promptly serve notice upon the petitioner and the FCA's Office of General Counsel of such filing. Such parties shall make arrangements with the person recording the testimony or argument for copies of the transcript.

(f) *Closing of record.* Upon the request of the petitioner or representative of the FCA's Office of General Counsel, the record shall remain open for a period of 5 business days following the hearing, during which time additional submissions for the record may be made. Thereafter, the record shall be closed.

Farm Credit Administration

§ 622.104

(g) *Rules of evidence and procedure.* Neither the formal rules of evidence nor the adjudicative procedures of the Administrative Procedure Act (5 U.S.C. 554–557) or subpart A of these rules shall apply to the informal hearing ordered under this subpart unless the Board orders that they apply in whole or in part.

§ 622.81 Default.

If the subject individual fails to file a petition for a hearing, or fails to appear at a hearing, either in person or by an attorney, or fails to submit a written argument where oral argument has been waived, the notice shall remain in effect until the information, indictment, or complaint is finally disposed of and the order shall remain in effect until terminated by the Board.

§ 622.82 Decision of the Board.

(a) *Recommended decision.* Within 30 days of the hearing, the designated FCA representative shall make a recommendation with findings and conclusions to the Board concerning the notice or order of suspension, removal, or prohibition.

(b) *Final decision.* Within 60 days of the hearing, the Board shall notify the subject individual and the FCA's Office of General Counsel whether the suspension or removal from office, or prohibition from participation in any manner in the affairs of the institution, will be continued, terminated, or otherwise modified. The Board's final decision, if adverse to the individual, shall contain a statement of the basis thereof. The Board may satisfy this requirement where it adopts the recommended decision of the designated FCA representative.

(c) *Guilt not an issue.* In deciding upon any suspension or prohibition by notice, the ultimate question of the guilt or innocence of the individual with respect to the criminal charge that is outstanding will not be considered. A finding of not guilty or other disposition of the charge shall not preclude the Board from thereafter instituting removal proceedings pursuant to section 5.28 of the Act.

(d) *Effective period.* A removal or prohibition by order remains in effect until terminated by the Board. A sus-

pension or prohibition by notice remains in effect until the criminal charge is finally disposed of or until terminated by the Board.

(e) *Reconsideration.* A suspended or removed individual may petition the Board to reconsider the decision any time after the expiration of a 12-month period from the date of the decision, but no petition for reconsideration may be made within 12 months of a previous petition. A petition shall state with particularity the relief sought and the grounds therefor and may be accompanied by a supporting memorandum and any other documentation the petitioner wishes to have considered. No hearing need be granted on the petition for reconsideration.

§ 622.83–622.100 [Reserved]

Subpart D—Rules and Procedures Applicable to Formal Investigations

§ 622.101 Definitions.

Unless noted otherwise, the definitions set forth in § 622.2 of subpart A shall apply to this subpart.

§ 622.102 Scope.

The rules in this subpart apply to formal investigations initiated by order of the Board and pertain to the exercise of powers specified in section 5.37 of the Act. These rules do not restrict or in any way affect the authority of the FCA, including but not limited to the powers enumerated in section 5.37 of the Act, to conduct examinations of System institutions.

§ 622.103 Formal investigations are confidential.

Information or documents obtained or testimony recorded in the course of a formal investigation shall be confidential and shall be disclosed only in accordance with the provisions of 12 CFR part 602.

§ 622.104 Order to conduct formal investigation.

A formal investigation begins with the issuance of an order by the Board. The order shall designate the person or

§ 622.105

persons who will conduct the investigation, issue, revoke, quash or modify subpoenas and subpoenas duces tecum, take or cause to be taken depositions, administer oaths, and receive affirmations as to any matter under investigation by the FCA. Upon application and for good cause shown, the Board may limit, modify, or withdraw the order at any stage of the proceeding.

§ 622.105 Conduct of investigation.

(a) *Review of order.* Any person who is compelled or requested to furnish testimony, documentary evidence, or other information with respect to any matter under formal investigation shall upon request be shown the order initiating such investigation.

(b) *Right to counsel.* Any person who, in a formal investigation, is compelled to appear and testify or who appears and testifies by request or permission of the Board may be accompanied, represented, and advised by counsel. The right to be accompanied, represented, and advised by counsel shall mean the right of a person testifying to have an attorney present at all times while testifying and to have this attorney:

(1) Advise such person before, during and after the conclusion of testimony;

(2) Question such person briefly at the conclusion of testimony to clarify any of the answers given; and

(3) Make summary notes during the testimony solely for the use of such person.

(c) *Appearance.* The provisions of § 622.3 are applicable to this subpart.

(d) *Exclusion.* (1) Any person who has given or will give testimony, and counsel representing such person, may be excluded from the taking of testimony of any other witness in the discretion of the designated FCA representative conducting the investigation.

(2) The designated FCA representative conducting the investigation shall report to the Board any instances where any person has been guilty of dilatory, obstructionist, egregious, contemptuous, contumacious or other unethical or improper conduct during the course of the proceeding or any other instance involving a violation of these rules. The Board may thereupon take such action as the circumstances may warrant, including exclusion of

12 CFR Ch. VI (1-1-05 Edition)

the offending individual or individual from participation in the proceeding.

§ 622.106 Service of subpoena and payment of witness fees.

(a) *Service.* A subpoena may be served upon the person named therein by personal service or certified mail with a return receipt to the last known address of the person. Witnesses who are subpoenaed shall be paid the same fees and mileage that are paid witnesses in the district courts of the United States. The fees and mileage need not be tendered at the time a subpoena is served.

(b) *Motions to quash.* Any person to whom a subpoena is directed may, prior to the time specified therein for compliance, but in no event more than 5 days after the date of service of such subpoena, apply to the FCA representative authorized in the order, or if unavailable to the Board, to quash or modify such subpoena, accompanying such application with a brief statement of the reasons therefor. The FCA representative, or the Board, may:

- (1) Deny the application;
- (2) Quash or revoke the subpoena;
- (3) Modify the subpoena; or

(4) Condition the granting of the application on such terms as the FCA representative or the Board, determines in his, her, or its discretion, to be just, reasonable, and proper.

§ 622.107 Transcripts.

Transcripts, if any, of an investigative proceeding shall be recorded by any means authorized by the designated FCA representative conducting the investigation. A person who has given testimony in an investigative proceeding (or counsel for such person) upon proper identification shall have the right to inspect the transcript of the person's testimony but may not obtain a copy if the FCA's representative conducting the investigation has cause to believe that the contents should not be disclosed.

This part prescribes rules with regard to persons who may practice before the Farm Credit Administration and the circumstances under which attorneys, accountants, appraisers, or other persons may be suspended or debarred, either temporarily or permanently, from practicing before the Farm Credit Administration. In connection with any particular matter, reference also should be made to any special requirements of procedure and practice that may be contained in the particular statute involved or the rules and forms adopted by the Farm Credit Administration thereunder, which special requirements are controlling. In addition to any suspension hereunder, a person may be excluded from further participation in a particular adjudicative proceeding in accordance with § 622.3 or in a formal investigation in accordance with § 622.105.

(2) Any accountant, appraiser or licensed expert may practice before the FCA in a professional capacity.

(b) *By attorneys.* Any entity noted in paragraph (a) of this section may be represented in any proceeding or other matter before the FCA by an attorney.

(c) Any person transacting business with the FCA in a representative capacity may be required to show evidence of his or her authority to act in such capacity and certification of credentials.

§ 623.4 Suspension and debarment.

(a) *Grounds.* The Board may censure any person practicing before the FCA or may deny, temporarily or permanently, the privilege of any person to practice before the FCA if such person is found by the Board, after notice of and opportunity for hearing in the matter:

(1) Not to possess the requisite qualifications to represent others;

(2) To be lacking in character or professional integrity;

(3) To have engaged in any dilatory, obstructionist, egregious, contumacious, or other unethical or improper conduct before FCA; or

(4) To have willfully violated, or willfully aided and abetted the violation of, any provision of the laws administered by the FCA or the rules and regulations promulgated thereunder.

(b) *Automatic suspension.* (1) Any person who, after being licensed as a professional or expert by any competent authority, has been convicted by a Federal or State court of a felony, or of a misdemeanor involving moral turpitude, personal dishonesty or breach of trust, shall be suspended automatically from practicing before the FCA without a hearing.

(2) Any accountant, appraiser or licensed expert whose license to practice has been revoked in any State, possession, territory, Commonwealth or the District of Columbia, or who has been suspended or otherwise barred from practice before any Federal or State regulatory authority, shall be suspended automatically from practicing before the FCA without a hearing.

12 CFR Ch. VI (1-1-05 Edition)

(3) Any attorney who has been suspended or disbarred by a court of the United States or in any State, possession, territory, Commonwealth or the District of Columbia, shall be suspended automatically from practicing before the FCA without a hearing.

(4) A conviction (including a judgment or order on a plea of nolo contendere), revocation, suspension or disbarment under paragraphs (b)(1), (2) and (3) of this section shall be deemed to have occurred when the convicting, revoking, suspending or disbarring agency or tribunal enters its judgment or order, regardless of whether an appeal is pending or could be taken.

(5) For purposes of this section, it shall be irrelevant that any attorney, accountant, appraiser or licensed expert who has been suspended, disbarred or otherwise disqualified from practice before a court, regulatory authority, or in a jurisdiction continues in professional good standing before other courts, regulatory authorities, or in other jurisdictions.

(c) *Temporary suspension.* (1) The Board, with due regard to the public interest and without preliminary hearing, by order, may temporarily suspend any person from appearing or practicing before it who by name, has been:

(i) Permanently enjoined (whether by consent, default or summary judgment or after trial) by any court of competent jurisdiction or by the Board in a final administrative order, by reason of his or her misconduct in any action brought by the FCA based upon violations of, or aiding and abetting the violation of any provision of any law that is administered by the FCA or of any rule or regulation promulgated thereunder; or

(ii) Found by any court of competent jurisdiction (whether by consent, default, upon summary judgment or after hearing) or in any administrative proceeding in which the FCA is a complainant and he or she is a party, to have willfully committed, caused, aided or abetted a violation of any provision of any law that is administered by the FCA, or of any rule or regulation promulgated thereunder.

(2) An order of temporary suspension shall become effective when served by

Farm Credit Administration**§ 623.6**

certified mail with a return receipt directed to the last known business or residential address of the person involved. No order of temporary suspension shall be entered by the Board pursuant to paragraph (c)(1) of this section more than 3 months after the final judgment or order entered in a judicial or administrative proceeding described in paragraph (c)(1) (i) or (ii) of this section has become effective and all review or appeal procedures have been completed or are no longer available.

(3) Any person temporarily suspended from appearing and practicing before the FCA in accordance with paragraph (c)(1) of this section may, within 30 days after service of the order of temporary suspension, petition the Board to lift such suspension. If no petition is received by the Board within 30 days, the suspension shall become permanent.

(4) Within 30 days after the filing of a petition in accordance with paragraph (c)(3) of this section, the Board shall either lift the temporary suspension or set the matter down for hearing at a time and place to be designated by the Board, or both. After opportunity for hearing, the Board may censure the petitioner or may suspend the petitioner from appearing or practicing before the FCA temporarily or permanently. In any case in which the temporary suspension has not been lifted, the hearing and any other action taken pursuant to this paragraph shall be expedited by the Board in order to ensure the petitioner's right to address the allegations.

(5) In any hearing held on a petition filed in accordance with paragraph (c)(3) of this section, a showing that the petitioner has been enjoined or has been found to have committed, caused, aided or abetted violations as described in paragraph (c)(1) of this section, without more, may be a basis for suspension or debarment; that showing having been made, the burden shall then be on the petitioner to show why the petitioner should not be censured or be temporarily or permanently suspended or debarred. A petitioner will not be permitted to contest any findings against the petitioner or any admissions made by the petitioner in the judicial or administrative proceedings

upon which the proposed censure, suspension or debarment is based. A petitioner who has consented to the entry of a permanent injunction or order as described in paragraph (c)(1)(i) of this section, without admitting the facts set forth in the complaint, shall nevertheless be presumed for all purposes under this section to have been enjoined or ordered by reason of the misconduct alleged in the complaint.

§ 623.5 Reinstatement.

(a) Any person who is suspended from practicing before the FCA under § 623.4 (a) or (c) of this part may file an application for reinstatement at any time. Denial of the privilege of practicing before the FCA shall continue unless and until the applicant has been reinstated by order of the Board for good cause shown.

(b) Any person suspended under § 623.4(b) shall be reinstated by the Board, upon appropriate application, if all of the grounds for application of the provisions of that paragraph are removed subsequently by a reversal of the conviction or termination of the suspension, disbarment or revocation. An application for reinstatement on any other grounds by any person suspended under § 623.4(b) may be filed at any time. Such application shall state with particularity the relief requested and the grounds therefor and shall include supporting evidence, when available. The applicant shall be accorded an opportunity for an informal hearing in the matter, unless the applicant has waived a hearing in the application and, instead, has elected to have the matter determined on the basis of written submissions. Such hearing shall utilize the procedures established in part 622, subpart C. However, such suspension shall continue unless and until the applicant has been reinstated by order of the Board for good cause shown.

§ 623.6 Duty to file information concerning adverse judicial or administrative action.

Any person appearing or practicing before the FCA who has been or is the subject of a conviction, suspension, debarment, license revocation, injunction or other finding of the kind described

§623.7

in §623.4 (b) or (c) of this part is an action not instituted by the FCA shall promptly file a copy of the relevant order, judgment or decree with the Board together with any related opinion or statement of the agency or tribunal involved. Any person who fails to file a copy of such an order, judgment or decree within 30 days after the later of the entry of the order, judgment or decree, or the date such person initiates practice before the FCA, for that reason alone may be disqualified from practicing before the FCA until such time as the appropriate filing shall be made, but neither the filing of these documents nor the failure of a person to file them shall in any way impair the operation of any other provision of this part.

§623.7 Proceeding under this part.

(a) *Rules.* All hearings required or permitted to be held under paragraphs (a) and (c) of §623.4 of this part shall be held before a presiding officer utilizing the procedures established in the rules of practice and procedure under part 622, subplot A.

(b) *Closed hearings.* All hearings held under this part shall be closed to the public unless the Board directs otherwise on its own motion or upon the request of a party.

(c) *Collateral proceedings.* Any proceeding brought under any section of this part shall not preclude a proceeding under any other section of this part or any other part of the FCA's regulations.

12 CFR Ch. VI (1-1-05 Edition)

§624.100 General.

(a) The regulations contained in this part implement the provisions of the Act relating to the authorities, terms, conditions, and restrictions pursuant to which a Farm Credit System institution may use regulatory accounting practices to defer and capitalize a portion of its interest costs, provisions for loan losses, and premiums paid to retire debt instruments, and to amortize such amounts.

(b) Notwithstanding the provisions of this part, if an institution requests that the Farm Credit System Assistance Board (Assistance Board) certify the institution to issue preferred stock in accordance with title VI of the Act, the Assistance Board may further restrict the continued use of regulatory accounting practices by the institution as provided in section 6.6 of the Act.

(c) The authority to defer and capitalize costs is effective until December 31, 1992. Amounts capitalized through December 31, 1992 may be amortized over the full amortization period of 20 years, but in no instance beyond December 31, 2012.

§624.101 Definitions.

For the purpose of this part, the following definitions apply:

(a) *Generally accepted accounting principles (GAAP)* means that body of conventions, rules and procedures necessary to define accepted accounting practice at a particular time, as promulgated by the Financial Accounting Standards Board and other authoritative sources recognized as setting standards for the accounting profession in the United States. Generally accepted accounting principles shall include not only broad guidelines of general application but also detailed practices and procedures that constitute standards against which financial presentations are evaluated.

(b) *Institution* means any bank or association chartered under the Act.

(c) *Loans outstanding* means gross loans outstanding net of any participations sold at the end of each reporting period. The term *loan* includes loans, participations purchased, contracts of sale, notes receivable, and other similar obligations and lease financings.

The term *loan* includes loans originated through direct negotiations between the reporting institution and a borrowing entity and loans or interest in loans purchased from another lender that are recorded as assets of a reporting institution.

(d) *Regulatory accounting practices (RAP)* means those accounting methods and practices directed by statutory and regulatory requirements provided for in the Act and in this part and that are not in accordance with GAAP.

§ 624.102 Deferral of interest costs on debt.

(a) A bank may capitalize any premium paid to repurchase the bank's obligations on consolidated Systemwide notes and bonds issued on or before January 1, 1985, and may contract with a third party, including a service corporation chartered by the Farm Credit Administration, in order to perform a defeasance of these same obligations. The premium paid shall be the excess of the cost to repurchase or redeem an obligation over the recorded net book value for such obligation.

(b) A bank may capitalize a portion of its interest expenses which have been paid or will be paid during the period July 1, 1986, through December 31, 1992, on Systemwide and consolidated notes and bonds issued on or before January 1, 1985. The amount of a bank's interest expense on an obligation that may be capitalized shall be limited to the excess of the bank's cost on the obligation over the market price for the obligation on October 21, 1986.

(c) An institution that defers any expenses associated with actions taken in accordance with this section shall amortize such expenses over a period not to exceed 20 years using straight-line amortization. The unamortized portion of debt-related costs that are deferred or are eligible to be deferred shall not be considered as capital of the institution.

§ 624.103 Deferral of the provisions for loan losses.

An institution is authorized during the period July 1, 1986, through December 31, 1992, to capitalize the amount of its provision for loan losses made on an annual basis in excess of 1/2 of 1 per-

cent of loans outstanding. An institution that defers a portion of its provision for loan losses in accordance with this section shall amortize such amount over a period not to exceed 20 years, using straight-line amortization. Institutions using RAP to defer their provisions for loan losses shall maintain an allowance for loan losses determined in accordance with GAAP.

§ 624.104 Interest rate evaluation.

An institution may take into consideration the use of RAP, among other factors, for purposes of evaluating the interest rates charged on loans. Such other factors include the institution's cost of funds, overhead, expected losses, margin to provide for adequate capital, return to stockholders, and any other relevant factors. In no event shall such an institution charge a rate of interest which is less than the competitive interest rates charged by other lending institutions in the same area, for a loan with similar terms, to a borrower of equivalent creditworthiness and access to alternative credit.

§ 624.105 Financial reporting and disclosure.

Each institution that uses RAP in accordance with the provisions of this part shall prepare and issue its financial statements to stockholders in accordance with part 620 of this chapter. In addition, each such institution shall disclose clearly in the management commentary to its financial statements the purpose and use of the regulatory accounting practices adopted by the institution and shall reconcile the differences between the application of GAAP and RAP.

Subpart A—General Provisions

§ 625.1 Purpose.

These rules implement the Equal Access to Justice Act, 5 U.S.C. 504 (EAJA). The EAJA provides for the award of attorney fees and other expenses to eligible individuals and entities who are parties to certain administrative proceedings (designated by the EAJA as “adversary adjudications”) before Federal agencies. An eligible party may receive an award when it prevails over an agency, unless the agency’s position was substantially justified or special circumstances make an award unjust. The rules in this part explain how the EAJA applies to Farm Credit Administration (FCA) proceedings. The rules describe the parties eligible for awards, how such parties may apply for awards, and the procedures and standards that govern FCA consideration of applications.

§ 625.2 Proceedings covered.

(a) The EAJA applies to adversary adjudications conducted by the FCA either on its own behalf or in connection with any other agency of the United States that participates in or in any way is a part of the adversary adjudication. Adversary adjudications are:

(1) Adjudications under 5 U.S.C. 554 in which the position of the FCA or

12 CFR Ch. VI (1-1-05 Edition)

other agency is presented by an attorney or other representative who enters an appearance and participates in the proceeding; and

(2) Enforcement proceedings under 12 U.S.C. 2261–2273.

(b) The failure of the FCA to identify a type of proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes that the proceeding is covered by the EAJA; whether the proceeding is covered shall then be an issue for resolution in proceedings on the application.

(c) If a proceeding includes both matters covered and excluded from coverage by the EAJA, any award made will include only fees and expenses related to covered issues.

(d) Proceedings under this part may be conducted by the FCA Board (Board) or by the presiding officer (referred to as the “adjudicative officer” in the EAJA), as defined in § 622.2(f) of this chapter. If the Board conducts proceedings, reference to the “presiding officer” in this part shall mean the Board, in applicable context. Where the Board presides, the recommended decision under § 625.26 of this part will be omitted and the Board will make a final decision on the application in accordance with § 625.27 of this part.

(e) If a court reviews the underlying decision of the adversary adjudication, an award for fees and other expenses may be made only pursuant to 28 U.S.C. 2412(d)(3).

§ 625.3 Eligibility of applicants.

(a) To be eligible for an award under the EAJA, an applicant must be a prevailing party named or admitted to the adversary adjudication for which an award is sought. The applicant must show that it meets all conditions of eligibility set out in this subpart and in subpart B of this part.

(b) The types of eligible applicants are as follows:

(1) An individual with a net worth of \$2 million or less;

(2) The sole owner of an unincorporated business who has both a net worth of \$7 million or less (including personal and business interests), and 500 or fewer employees;

Farm Credit Administration**§ 625.5**

(3) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with 500 or fewer employees;

(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with 500 or fewer employees; and

(5) Any other partnership, corporation, association, unit of local government, or organization with a net worth of \$7 million or less and 500 or fewer employees.

(c) For eligibility purposes, the net worth and number of employees of an applicant shall be determined as of the date the adversary adjudication was initiated.

(d) An applicant who owns an unincorporated business will be considered as an "individual" rather than a "sole owner of an unincorporated business" if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(e) The employees of an applicant include all persons who regularly perform services for remuneration for that applicant, under the applicant's direction and control. Part-time employees shall be included on a proportional basis.

(f) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility unless the presiding officer determines that aggregation would be unjust and contrary to the purposes of the EAJA in light of the actual relationship between the affiliated entities.

(1) For purposes of this part, an affiliate is:

(i) Any individual, corporation, or other entity that directly or indirectly controls or owns a majority of the voting shares or other interests of the applicant; or

(ii) Any corporation or other entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interests.

(2) The presiding officer may determine that financial relationships of the applicant other than those described in paragraph (f)(1) of this section con-

stitute special circumstances that would make an award unjust.

(g) An applicant that participates in an adversary adjudication primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

§ 625.4 Standards for awards.

(a) If an eligible applicant prevails over the FCA in an adversary adjudication, or in a significant and discrete substantive portion thereof, the applicant may receive an award for fees and expenses incurred in the adjudication, or portion thereof, unless the position of the FCA over which the applicant prevailed was substantially justified.

(b) The position of the FCA includes:

(1) The position taken by the FCA in the adversary adjudication; and

(2) The action or inaction of the FCA upon which the adversary adjudication is based.

(c) Except as provided in paragraph (d) of this section, the FCA must prove that its position was substantially justified before an award may be denied to an otherwise eligible applicant.

(d) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the adversary adjudication or if special circumstances make the award sought unjust.

§ 625.5 Allowable fees and expenses.

(a) Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents, and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(b) No award for the fee of an attorney or agent under these rules may exceed \$75 per hour. No award to compensate an expert witness may exceed the highest rate at which the FCA pays expert witnesses. However, an award also may include the reasonable expenses of the attorney, agent, or expert witness as a separate item, if the attorney, agent, or expert witness ordinarily charges clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney,

§ 625.6

agent, or expert witness, the presiding officer shall consider the following:

- (1) If the attorney, agent, or expert witness is in private practice, his or her customary fees for similar services, or, if an employee of the applicant, the fully allocated costs of the services;
- (2) The prevailing rate for similar services in the community in which the attorney, agent, or expert witness ordinarily performs services;
- (3) The time actually spent in the representation of the applicant;
- (4) The time reasonably spent in light of the difficulty or complexity of the issues in the adversary adjudication; and
- (5) Such other factors as may bear on the value of the services provided.

(d) The reasonable cost of any study, analysis, audit, engineering report, test, project, or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or other matter was necessary for the preparation of the applicant's case.

§ 625.6 Rulemaking on maximum rates for attorney fees.

(a) If warranted by an increase in the cost of living or by special circumstances (such as limited availability of attorneys qualified to handle certain types of proceedings), the FCA may adopt regulations providing that attorney fees may be awarded at a rate higher than \$75 per hour in some or all of the types of proceedings covered by this part. The FCA will conduct any rulemaking proceedings for this purpose under the informal rulemaking procedures of the Administrative Procedure Act.

(b) Any person may file with the FCA a petition for rulemaking to increase the maximum rate for attorney fees. The petition should identify the rate the petitioner believes the FCA should establish and the types of proceedings in which the rate should be used. It should also explain fully the reasons why the higher rate is warranted. The FCA will respond to the petition within 90 days after it is filed, by initiating a rulemaking proceeding, denying the

12 CFR Ch. VI (1-1-05 Edition)

petition, or taking other appropriate action.

§ 625.7 Awards against other agencies.

If an applicant is entitled to an award because it prevails over another agency of the United States that participates in or in any way is a part of an adversary adjudication before the FCA and that agency's position is not substantially justified, the award or an appropriate portion of the award shall be made against that agency.

Subpart B—Applicant Information Required

§ 625.10 Contents of application.

(a) An application for an award of fees and other expenses under the EAJA shall identify the applicant and the adversary adjudication for which an award is sought. The application shall show that the applicant has prevailed in the adversary adjudication. If the application is made on the basis of significant and discrete substantive issues on which the applicant prevailed, the issues must be specifically identified. The application also shall identify each position of the FCA or other agencies that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall describe briefly the type and purpose of its organization or business and state the number of persons employed.

(b) The application shall include a statement that the applicant's net worth does not exceed \$2 million (if an individual) or \$7 million (for all other applicants, including their affiliates). However, an applicant may omit this statement if:

(1) It states that it has 500 employees or fewer and attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) or, in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant's belief that it qualifies under such section; or

(2) It states that it is a cooperative association as defined in section 15(a)

Farm Credit Administration**§ 625.13**

of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with 500 or fewer employees.

(c) The application shall state the total amount of fees and other expenses for which an award is sought.

(d) The application may include any other relevant matters that the applicant wishes the FCA to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney of the applicant. The application must contain a written verification under oath or under penalty of perjury that the information provided in the application and any supporting documents is accurate.

§ 625.11 Net worth exhibit.

(a) Each applicant, except a qualified tax-exempt organization or cooperative association, must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in § 625.3(f)(1) of this part) as of the date when the adversary adjudication was initiated. The exhibit may be in any convenient form that provides full disclosure of the assets and liabilities of the applicant and its affiliates and is otherwise sufficient to demonstrate that the applicant qualifies under the standards in this part. The presiding officer may require an applicant to file additional information supporting its eligibility for an award.

(b) An applicant that objects to public disclosure of information in any portion of the net worth exhibit and believes there are legal grounds for withholding it from disclosure may submit that portion of the exhibit directly to the presiding officer in a sealed envelope labeled "Confidential Financial Information," accompanied by a motion under § 622.11 of this chapter to withhold the information from public disclosure. The motion shall describe the information sought to be withheld and explain, in detail, why it falls within one or more of the specific exemptions from mandatory disclosure under the Freedom of Information Act, 5 U.S.C. 552(b) (1)-(9), why public disclosure of the information would adversely affect the applicant, and why

disclosure is not required in the public interest. The material in question shall be served on counsel representing the FCA, but need not be served on any other party to the application proceeding. If the presiding officer, or the FCA Board pursuant to § 622.11(e) of this chapter, finds that the information should not be withheld from disclosure, it shall be placed in the public record of the application proceeding. Otherwise, any request to inspect or copy the exhibit shall be treated in accordance with the FCA's procedures regarding release of information (12 CFR part 602).

§ 625.12 Documentation of fees and expenses.

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, audit, engineering report, test, project, or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in connection with the proceeding by each individual, a description of the specific services performed, the rates at which each fee has been computed, any expenses for which reimbursement is sought, and the total amount paid or payable by the applicant or by any other person or entity for the services provided. Under § 625.25 of this part, the presiding officer may require the applicant to provide vouchers, receipts, logs, or other substantiation for any fees or expenses claimed.

§ 625.13 When an application may be filed.

(a) An application may be filed whenever the applicant has prevailed in the adversary adjudication, or in a significant and discrete substantive portion thereof, but in no case later than 30 days after the FCA's final disposition of the adversary adjudication.

(b) For purposes of this rule, final disposition means the date on which a decision or order disposing of the merits of the adversary adjudication is issued or any other complete resolution of the adversary adjudication,

§ 625.20

such as a settlement or voluntary dismissal, becomes final and is unreviewable by the FCA, any other administrative body, or the courts.

(c) If review, reconsideration, or appeal is sought or taken of an adversary adjudication decision as to which an applicant believes it has prevailed, application proceedings for any award of fees and other expenses shall be stayed pending final disposition of the underlying controversy.

Subpart C—Procedures for Considering Applications

§ 625.20 Settlement.

A prevailing party and the FCA through its counsel may agree on a proposed settlement of an award at any time, either in connection with a settlement of the underlying adversary adjudication or after the underlying adversary adjudication has been concluded. If a prevailing party and the FCA counsel agree on a proposed settlement of an award, the proposed settlement must be submitted to the presiding officer for a recommended decision pursuant to § 625.26 of this part. If it has not been previously filed, the application must be submitted to the presiding officer along with the proposed settlement.

§ 625.21 Filing and service of documents.

Any application for an award or other pleading or document related to an application shall be filed and served on all parties to the adversary adjudication in the same manner as other pleadings in the adversary adjudication (see §§ 622.18 and 622.19 of this chapter), except as provided in § 625.11(b) of this part for confidential financial information.

§ 625.22 Answer to application.

(a) Within 30 days after service, counsel for the FCA may file an answer to the application. Unless the FCA counsel requests an extension of time for filing or a statement of intent to negotiate under paragraph (c) of this section is filed, the presiding officer, upon a satisfactory showing of entitlement by the applicant, may make an award

12 CFR Ch. VI (1-1-05 Edition)

for the applicant's fees and other expenses under the EAJA.

(b) The answer shall set forth any objections to the requested award and identify the facts relied on in support of the FCA's position. If the answer is based on any alleged facts not already in the record of the adversary adjudication, the FCA counsel shall include with the answer either supporting affidavits or a request for further proceedings under § 625.25 of this part.

(c) If the FCA counsel and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and further extensions may be granted by the presiding officer upon request by the FCA counsel and the applicant.

§ 625.23 Reply.

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the adversary adjudication, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under § 625.25 of this part.

§ 625.24 Comments by other parties.

Any party to a proceeding other than the applicant and FCA counsel may file comments on an application within 30 days after it is served or on an answer within 15 days after it is served. A commenting party may not participate further in proceedings on the application unless the presiding officer determines that the public interest requires such participation in order to permit full exploration of matters raised in the comments.

§ 625.25 Further proceedings.

(a) The determination of an award shall be made on the basis of the written record unless the presiding officer finds that further proceedings are necessary for full and fair resolution of the issues arising from the application. Such further proceedings may be at the request of either the applicant or the

Farm Credit Administration

§ 626.6000

FCA counsel, or on the presiding officer's own initiative, and shall be conducted as promptly as possible. Further proceedings may include an informal conference, oral argument, additional written submissions, or other actions required by the presiding officer, but may not include discovery or an evidentiary hearing with respect to the issue of whether the agency's position was substantially justified.

(b) Whether or not the position of the agency was substantially justified shall be determined on the basis of the administrative record, as a whole, which is made in the adversary adjudication for which fees and other expenses are sought.

(c) A request that the presiding officer order further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

§ 625.26 Recommended decision.

The presiding officer shall file a recommended decision within 30 days after completion of proceedings on the application, and, promptly upon filing, shall serve a copy of the recommended decision upon each party to the proceedings. The decision shall include written findings and conclusions on the applicant's eligibility, status as a prevailing party, the recommended amount of the award, if any, and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the FCA's position was substantially justified, whether the applicant unduly protracted the adversary adjudication, or whether special circumstances make an award unjust. If the applicant has sought an award against more than one agency, the decision shall allocate responsibility for payment of any award made among the agencies, and shall explain the reasons for the allocation made.

§ 625.27 Board decision.

Following filing of the recommended decision with the Board, the Board shall render a final decision on the application. The Board maintains full

discretion to uphold, reverse, remand, or alter the recommended decision. The Board may order further proceedings (including those set forth in §§ 622.11 and 622.13 through 622.16 of this chapter) upon request by any party to the application proceeding or on its own initiative, but such proceedings may not include discovery or an evidentiary hearing with respect to the issue of whether the agency's position was substantially justified.

§ 625.28 Judicial review.

Judicial review of final FCA decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).

§ 625.29 Payment of award.

(a) An applicant seeking payment of an award shall submit to the Secretary to the Board a copy of the final decision granting the award, accompanied by a certification that the applicant will not seek judicial review of the decision. The required submission and certification should be sent to: Secretary to the Board, Farm Credit Administration, 1501 Farm Credit Drive, McLean, Virginia 22102-5090.

(b) The FCA will pay the amount awarded to the applicant within 60 days of receipt of the applicant's submission and certification.

§ 627.2735

shall be retired in accordance with section 4.9A of the Act.

[57 FR 46482, Oct. 9, 1992, as amended at 63 FR 5724, Feb. 4, 1998]

§ 627.2735 Notice to holders of uninsured accounts and stockholders.

(a) Upon the placing of an institution in liquidation, the receiver shall immediately notify every borrower who has an uninsured account (voluntary or involuntary) as described in § 614.4513 of this chapter that the funds ceased earning interest when the receivership was instituted and will be applied against the outstanding indebtedness of any loans of such borrower unless, within 15 days of such notice, the borrower directs the receiver to otherwise apply such funds in the manner provided for in existing loan documents.

(b) As soon as practicable after the receiver takes possession of the institution, the receiver shall notify, by first class mail, each holder of stock and participation certificates of the following matters:

(1) The number of shares such holder owns;

(2) That the stock and other equities of the institution may not be retired or transferred until the liquidation is completed, whereupon the receiver will distribute a liquidating dividend, if any, to the owners of such equities; and

(3) Such other matters as the receiver or the Farm Credit Administration deems necessary.

§ 627.2740 Creditors' claims.

(a) The receiver shall publish promptly a notice to creditors to present their claims against the institution, with proof thereof, to the receiver by a date specified in the notice, which shall be not less than 90 calendar days after the first publication. The notice shall be republished approximately 30 days and 60 days after the first publication. The receiver shall promptly send, by first class mail, a similar notice to any creditor shown on the institution's books at the creditor's last address appearing thereon. Claims filed after the specified date shall be disallowed, except as the receiver may approve them for full or partial payment from the institution's

assets remaining undistributed at the time of approval.

(b) The receiver shall allow any claim that is timely received and proved to the receiver's satisfaction. The receiver may disallow in whole or in part any creditor's claim or claim of security, preference, or priority which is not proved to the receiver's satisfaction or is not timely received and shall notify the claimant of the disallowance and reason therefor. Sending the notice of disallowance by first class mail to the claimant's address appearing on the proof of claim shall be sufficient notice. The disallowance shall be final, unless, within 30 days after the notice of disallowance is mailed, the claimant files a written request for payment regardless of the disallowance. The receiver shall reconsider any claim upon the timely request of the claimant and may approve or disapprove such claim in whole or in part.

(c) Creditors' claims that are allowed shall be paid by the receiver from time to time, to the extent funds are available therefor and in accordance with the priorities established in this subpart and in such manner and amounts as the receiver deems appropriate. In the event the institution has a claim against a creditor of the institution, the receiver shall offset the amount of such claim against the claim asserted by such creditor.

(d) The claims of holders of notes, bonds, debentures, or other obligations issued by a bank under 12 U.S.C. 2153 (c) or (d) shall be made, if deemed necessary or appropriate, in accordance with procedures formulated by the Insurance Corporation. In the formulation of such procedures, the Insurance Corporation shall consult with the Farm Credit Administration.

(b) Administrative expenses of the institution, provided that such expenses were incurred within 60 days prior to the receiver's taking possession, and that such expenses shall be limited to reasonable expenses incurred for services actually provided by accountants, attorneys, appraisers, examiners, or management companies, or reasonable expenses incurred by employees which were authorized and reimbursable under a pre-existing expense reimbursement policy, that, in the opinion of the receiver, are of benefit to the receivership, and shall not include wages or salaries of employees of the institution.

(c) If authorized by the receiver, claims for wages and salaries, including vacation pay, earned prior to the appointment of the receiver by an employee of the institution whom the receiver determines it is in the best interest of the receivership to engage or retain for a reasonable period of time.

(d) If authorized by the receiver, claims for wages and salaries, including vacation pay, earned prior to the appointment of the receiver, up to a maximum of three thousand dollars (\$3,000) per person as adjusted for inflation, by an employee of the institution not engaged or retained by the receiver. [59 FR 46742, Sept. 12, 1994, as amended at 63 FR 36549, July 7, 1998; 69 FR 16471, Mar. 30, 2004]

Subpart C—Quarterly Reports to Investors**§ 630.40 Contents of the quarterly report to investors.**

(a) *General.* The quarterly report to investors shall contain the information specified in this section along with any other material information necessary to make the required disclosures, in light of the circumstances under which they are made, not misleading. The quarterly report must be presented in a format that is easily understandable and not misleading.

(b) *Rules for condensation.* For purposes of this subpart, major captions to be provided in interim financial statements are the same as those provided in the financial statements contained in the annual report to investors, except that the financial statements included in the quarterly report may be condensed into major captions in accordance with the rules prescribed under this paragraph.

(1) *Interim balance sheets.* When any major balance sheet caption is less than 10 percent of total assets and the

amount in the caption has not increased or decreased by more than 25 percent since the end of the preceding fiscal year, the caption may be combined with others.

(2) *Interim statements of income.* When any major income statement caption is less than 15 percent of average net income for the 3 most recent fiscal years and the amount in the caption has not increased or decreased by more than 20 percent since the corresponding interim period of the preceding fiscal year, the caption may be combined with others. In calculating average net income, loss years should be excluded. If losses were incurred in each of the 3 most recent fiscal years, the average loss shall be used for purposes of this test.

(3) The interim financial information shall include disclosure either on the face of the financial statements or in accompanying footnotes sufficient to make the interim information presented not misleading. It may be presumed that users of the interim financial information have read or have access to the audited financial statements for the preceding fiscal year, and the adequacy of additional disclosure needed for a fair presentation may be determined in that context. Accordingly, footnote disclosure that would substantially duplicate the disclosure contained in the most recent audited financial statements (such as a statement of significant accounting policies and practices) and details of accounts that have not changed significantly in amount or composition since the end of the most recently completed fiscal year may be omitted.

(4) Interim reports shall disclose events that have occurred subsequent to the end of the most recently completed fiscal year that have a material impact on the System. Disclosures should encompass, for example, significant changes since the end of the most recently completed fiscal year in such items as accounting principles and practices, estimates used in the preparation of financial statements, status of long-term contracts, capitalization, significant new indebtedness or modification of existing financing agreements, financial assistance received, significant business combinations and

§ 630.40**12 CFR Ch. VI (1-1-05 Edition)**

liquidations of System institutions, and terminations of System institution status. Notwithstanding the provisions of this paragraph, where material contingencies exist, disclosure of such matters shall be provided even though a significant change since yearend may not have occurred.

(5) In addition to meeting the reporting requirements specified by existing accounting pronouncements for accounting changes, state the date of any material accounting change and the reasons for making it.

(6) Any material prior period adjustment made during any period covered by the interim financial statements shall be disclosed, together with its effect upon net income and upon the balance of surplus for any prior period included. If results of operations for any period presented have been adjusted retroactively by such an item subsequent to the initial reporting of such period, similar disclosure of the effect of the change shall be made.

(7) Interim financial statements furnished shall reflect all adjustments that are necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Furnish any material information necessary to make the information called for not misleading, such as a statement that the results for interim periods are not necessarily indicative of results to be expected for the year.

(8) If any amount that would otherwise be required to be shown by this section with respect to any item is not material, it need not be separately shown. The combination of insignificant items is permitted.

(c) *Discussion and analysis of interim financial condition and results of operations.* Discuss any material changes to the information disclosed to investors pursuant to § 630.20(g) that have occurred during the periods specified in paragraphs (d)(1) and (d)(2) of this section. Provide any additional information needed to enable the reader to assess material changes in financial condition and results of operations between the periods specified in paragraphs (d)(1) and (d)(2) of this section.

(1) *Material changes in financial condition.* Discuss any material changes in

financial condition from the end of the preceding fiscal year to the date of the most recent interim balance sheet provided.

(2) *Material changes in results of operations.* Discuss any material changes in the combined results of operations of the System with respect to the most recent fiscal year-to-date period for which an income statement is provided and the corresponding year-to-date period of the preceding fiscal year. Such discussion shall also cover material changes with respect to the most recent fiscal quarter and the corresponding fiscal quarter in the preceding fiscal year.

(d) *Financial statements.* Interim combined financial statements shall be provided in the quarterly report to investors as set forth in paragraphs (d)(1) through (4):

(1) An interim balance sheet as of the end of the most recent fiscal quarter and a balance sheet as of the end of the preceding fiscal year.

(2) Interim statements of income for the most recent fiscal quarter, for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable periods for the previous fiscal year.

(3) Interim statements of changes in capital stock and surplus (or, if applicable, interim statements of changes in protected borrower capital and capital stock and surplus) for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable period for the preceding fiscal year.

(4) Interim statements of cash flows for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable period for the preceding fiscal year.

(e) *Supplemental information.* The interim report shall present supplemental information in accordance with the requirements of § 630.20 (m)(2), (m)(3), and (m)(4), as well as other requirements and instructions of the FCA, and shall include, at a minimum, the following:

(1) Supplemental balance sheet information as of the end of the most recent quarter; and

Farm Credit Administration**Pt. 630, App. A**

(2) Supplemental income statement information for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter.

(f) *Review by independent public accountant.* Unless otherwise ordered by the FCA as a result of a supervisory action, the interim financial statements and supplemental information need not be audited or reviewed by an independent public accountant prior to filing. If, however, a review of the report is made in accordance with the established professional standards and procedures for such a review, a statement that the independent accountant has

performed such a review may be included. If such a statement is made, the report of the independent accountant on such review shall accompany the interim financial information.

(d) *Employee* means any salaried individual working part-time, full-time, or temporarily for the Corporation.

(e) *Entity* means a corporation, company, association, firm, joint venture, partnership (general or limited), society, joint stock company, trust (business or otherwise), fund, or other organization or institution.

(f) *Material*, when applied to a potential conflict of interest, means the conflicting interest is of sufficient magnitude or significance that a reasonable observer with knowledge of the relevant facts would question the ability of the person having such interest to discharge official duties in an objective and impartial manner in furtherance of the interests and statutory purposes of the Corporation.

(g) *Officer* means the salaried president, vice presidents, secretary, treasurer, and general counsel, or other person, however designated, who holds a position of similar authority in the Corporation.

§ 650.2

official duties on behalf of the Corporation in an objective and impartial manner in furtherance of the interest of the Corporation and its statutory purposes. For the purpose of determining whether a potential conflict of interest exists, the following interests shall be imputed to a person subject to this regulation as if they were that person's own interests:

- (1) Interests of that person's spouse;
- (2) Interests of that person's minor child;
- (3) Interests of that person's general partner;

(j) *Resolved*, when applied to a potential conflict of interest that the Corporation has determined is material, means that circumstances have been altered so that a reasonable observer with knowledge of the relevant facts would conclude that the conflicting interest would not adversely affect the person's performance of official duties in an objective and impartial manner in furtherance of the interests and statutory purposes of the Corporation.

§ 650.2 Conflict-of-interest policy.

The Corporation shall establish and administer a conflict-of-interest policy that will provide reasonable assurance that the directors, officers, employees, and agents of the Corporation discharge their official responsibilities in an objective and impartial manner in furtherance of the interests and statutory purposes of the Corporation. The policy shall, at a minimum:

(a) Define the types of transactions, relationships, or activities that could reasonably be expected to give rise to potential conflicts of interest.

(b) Require each director, officer, and employee to report in writing, annually, and at such other times as conflicts may arise, sufficient information about financial interests, transactions, relationships, and activities to inform

12 CFR Ch. VI (1-1-05 Edition)

the Corporation of potential conflicts of interest;

(c) Require each director, officer, and employee who had no transaction, relationship, or activity required to be reported under paragraph (b) of this section at any time during the year to file a signed statement to that effect;

(d) Establish guidelines for determining when a potential conflict is material in accordance with this subpart;

(e) Establish procedures for resolving or disclosing material conflicts of interest.

(f) Provide internal controls to ensure that reports are filed as required and that conflicts are resolved or disclosed in accordance with this subpart.

(g) Notify directors, officers, and employees of the conflict-of-interest policy and any subsequent changes thereto and allow them a reasonable period of time to conform to the policy.

§ 650.3 Implementation of policy.

(a) The Corporation shall disclose any unresolved material conflicts of interest involving its directors, officers, and employees to:

(1) Shareholders through annual reports and proxy statements; and

(2) Investors and potential investors through disclosure documents supplied to them.

(b) The Corporation shall make available to any shareholder, investor, or potential investor, upon request, a copy of its policy on conflicts of interest. The Corporation may charge a nominal fee to cover the costs of reproduction and handling.

(c) The Corporation shall maintain all reports of all potential conflicts of interest and documentation of materiality determinations and resolutions of conflicts of interest for a period of 6 years.

§ 650.4 Director, officer, employee, and agent responsibilities.

(a) Each director, officer, employee, and agent of the Corporation shall:

(1) Conduct the business of the Corporation following high standards of honesty, integrity, impartiality, loyalty, and care, consistent with applicable law and regulation in furtherance of the Corporation's public purpose;

Farm Credit Administration

§ 650.22

(2) Adhere to the requirements of the conflict-of-interest policy established by the Corporation and provide any information the Corporation deems necessary to discharge its responsibilities under this subpart.

(b) Directors, officers, employees, and agents of the Corporation shall be subject to the penalties of part C of title V of the Farm Credit Act of 1971, as amended, for violations of this regulation, including failure to adhere to the conflict-of-interest policy established by the Corporation.

Subpart B—Risk-Based Capital Requirements

SOURCE: 66 FR 19064, Apr. 12, 2001, unless otherwise noted.

§ 650.20 Definitions.

For purposes of this subpart, the following definitions will apply:

(a) *Farmer Mac, Corporation, you, and your* means the Federal Agricultural Mortgage Corporation and its affiliates as defined in subpart A of this part.

(b) *Our, us, or we* means the Farm Credit Administration.

(c) *Regulatory capital* means the sum of the following as determined in accordance with generally accepted accounting principles:

(1) The par value of outstanding common stock;

(2) The par value of outstanding preferred stock;

(3) Paid-in capital, which is the amount of owner investment in Farmer Mac in excess of the par value of stock;

(4) Retained earnings; and

(5) Any allowances for losses on loans and guaranteed securities.

(d) *Risk-based capital* means the amount of regulatory capital sufficient for Farmer Mac to maintain positive capital during a 10-year period of stressful conditions as determined by the risk-based capital stress test described in § 650.23.

§ 650.21 General.

You must hold risk-based capital in an amount determined in accordance with this subpart.

§ 650.22 Corporation board guidelines.

(a) Your board of directors is responsible for ensuring that you maintain total capital at a level that is sufficient to ensure continued financial viability and provide for growth. In addition, your capital must be sufficient to meet statutory and regulatory requirements.

(b) No later than 65 days after the beginning of Farmer Mac's planning year, your board of directors must adopt an operational and strategic business plan for at least the next 3 years. The plan must include:

(1) A mission statement;

(2) A review of the internal and external factors that are likely to affect you during the planning period;

(3) Measurable goals and objectives;

(4) Forecasted income, expense, and balance sheet statements for each year of the plan; and,

(5) A capital adequacy plan.

(c) The capital adequacy plan must include capital targets necessary to achieve the minimum, critical and risk-based capital standards specified by the Act and this subpart as well as your capital adequacy goals. The plan must address any projected dividends, equity retirements, or other action that may decrease your capital or its components for which minimum amounts are required by this subpart. You must specify in your plan the circumstances in which stock or equities may be retired. In addition to factors that must be considered in meeting the statutory and regulatory capital standards, your board of directors must also consider at least the following factors in developing the capital adequacy plan:

(1) Capability of management;

(2) Strategies and objectives in your business plan;

(3) Quality of operating policies, procedures, and internal controls;

(4) Quality and quantity of earnings;

(5) Asset quality and the adequacy of the allowance for losses to absorb potential losses in your retained mortgage portfolio, securities guaranteed as to principal and interest, commitments to purchase mortgages or securities, and other program assets or obligations;

§ 650.23

(6) Sufficiency of liquidity and the quality of investments; and

(7) Any other risk-oriented activities, such as funding and interest rate risks, contingent and off-balance sheet liabilities, or other conditions warranting additional capital.

§ 650.23 Risk-based capital stress test.

You will perform the risk-based capital stress test as described in summary form in this section and as described in detail in Appendix A to this subpart. The risk-based capital stress test spreadsheet is also available electronically at www.fca.gov. The risk-based capital stress test has five components:

(a) *Data requirements.* You will use the following data to implement the risk-based capital stress test.

(1) You will use Corporation loan-level data to implement the credit risk component of the risk-based capital stress test.

(2) You will use Call Report data as the basis for Corporation data over the 10-year stress period supplemented with your interest rate risk measurements and tax data.

(3) You will use other data, including the 10-year Constant Maturity Treasury (CMT) rate and the applicable Internal Revenue Service corporate income tax schedule, as further described in Appendix A to this subpart.

(b) *Credit risk.* The credit risk part estimates loan losses during a period of sustained economic stress.

(1) For each loan in the Farmer Mac I portfolio, you will determine a default probability by using the logit functions specified in Appendix A to this subpart with each of the following variables:

(i) Borrower's debt-to-asset ratio at loan origination;

(ii) Loan-to-value ratio at origination, which is the loan amount divided by the value of the property;

(iii) Debt-service-coverage ratio at origination, which is the borrower's net income (on- and off-farm) plus depreciation, capital lease payments, and interest, less living expenses and income taxes, divided by the total term debt payments;

12 CFR Ch. VI (1-1-05 Edition)

(iv) The origination loan balance stated in 1997 dollars based on the consumer price index; and

(v) The worst-case percentage change in farmland values (23.52 percent).

(2) You will then calculate the loss rate by multiplying the default probability for each loan by the estimated loss-severity rate, which is the average loss of the defaulted loans in the data set (20.9 percent).

(3) You will calculate losses by multiplying the loss rate by the origination loan balances stated in 1997 dollars.

(4) You will adjust the losses for loan seasoning, based on the number of years since loan origination, according to the functions in Appendix A to this subpart.

(5) The losses must be applied in the risk-based capital stress test as specified in Appendix A to this subpart.

(c) *Interest rate risk.* (1) During the first year of the stress period, you will adjust interest rates for two scenarios, an increase in rates and a decrease in rates. You must determine your risk-based capital level based on whichever scenario would require more capital.

(2) You will calculate the interest rate stress based on changes to the quarterly average of the 10-year CMT. The starting rate is the 3-month average of the most recent CMT monthly rate series. To calculate the change in the starting rate, determine the average yield of the preceding 12 monthly 10-year CMT rates. Then increase and decrease the starting rate by:

(i) 50 percent of the 12-month average if the average rate is less than 12 percent; or

(ii) 600 basis points if the 12-month average rate is equal to or higher than 12 percent.

(3) Following the first year of the stress period, interest rates remain at the new level for the remainder of the stress period.

(4) You will apply the interest rate changes scenario as indicated in Appendix A to this subpart.

(5) You may use other interest rate indices in addition to the 10-year CMT subject to our concurrence, but in no event can your risk-based capital level be less than that determined by using only the 10-year CMT.

Farm Credit Administration**§ 650.26**

(d) *Cashflow generator.* (1) You must adjust your financial statements based on the credit risk inputs and interest rate risk inputs described above to generate pro forma financial statements for each year of the 10-year stress test. The cashflow generator produces these financial statements. You may use the cashflow generator spreadsheet that is described in Appendix A to this subpart and available electronically at www.fca.gov. You may also use any reliable cashflow program that can develop or produce pro forma financial statements using generally accepted accounting principles and widely recognized financial modeling methods, subject to our concurrence. You may disaggregate financial data to any greater degree than that specified in Appendix A to this subpart, subject to our concurrence.

(2) You must use model assumptions to generate financial statements over the 10-year stress period. The major assumption is that cashflows generated by the risk-based capital stress test are based on a steady state scenario. To implement a steady state scenario, when on- and off-balance sheet assets and liabilities amortize or are paid down, you must replace them with similar assets and liabilities. Replace amortized assets from discontinued loan programs with current loan programs. In general, keep assets with small balances in constant proportions to key program assets.

(3) You must simulate annual pro forma balance sheets and income statements in the risk-based capital stress test using Farmer Mac's starting position, the credit risk and interest rate risk components, resulting cashflow outputs, current operating strategies and policies, and other inputs as shown in Appendix A to this subpart and the electronic spreadsheet available at www.fca.gov.

(e) *Calculation of capital requirement.* The calculations that you must use to solve for the starting regulatory capital amount are shown in appendix A to this subpart and in the electronic spreadsheet available at www.fca.gov.

§ 650.24 Risk-based capital level.

The risk-based capital level is the sum of the following amounts:

(a) *Credit and interest rate risk.* The amount of risk-based capital determined by the risk-based capital test under § 650.23.

(b) *Management and operations risk.* Thirty (30) percent of the amount of risk-based capital determined by the risk-based capital test in § 650.23.

§ 650.25 Your responsibility for determining the risk-based capital level.

(a) You must determine your risk-based capital level using the procedures in this subpart, appendix A to this subpart, and any other supplemental instructions provided by us. You will report your determination to us as prescribed in § 650.28. At any time, however, we may determine your risk-based capital level using the procedures in § 650.23 and appendix A to this subpart, and you must hold risk-based capital in the amount we determine is appropriate.

(b) You must at all times comply with the risk-based capital levels established by the risk-based capital stress test and must be able to determine your risk-based capital level at any time.

(c) If at any time the risk-based capital level you determine is less than the minimum capital requirements set forth in section 8.33 of the Act, you must maintain the statutory minimum capital level.

§ 650.26 When you must determine the risk-based capital level.

(a) You must determine your risk-based capital level at least quarterly, or whenever changing circumstances occur that have a significant effect on capital, such as exposure to a high volume of, or particularly severe, problem loans or a period of rapid growth.

(b) In addition to the requirements of paragraph (a) of this section, we may require you to determine your risk-based capital level at any time.

(c) If you anticipate entering into any new business activity that could have a significant effect on capital, you must determine a pro forma risk-based capital level, which must include the new business activity, and report this pro forma determination to the Director, Office of Secondary Market Oversight, at least 10-business days

§ 650.27**12 CFR Ch. VI (1-1-05 Edition)**

prior to implementation of the new business program.

§ 650.27 When to report the risk-based capital level.

(a) You must file a risk-based capital report with us each time you determine your risk-based capital level as required by § 650.26.

(b) You must also report to us at once if you identify in the interim between quarterly or more frequent reports to us that you are not in compliance with the risk-based capital level required by § 650.24.

(c) If you make any changes to the data used to calculate your risk-based capital requirement that cause a material adjustment to the risk-based capital level you reported to us, you must file an amended risk-based capital report with us within 5-business days after the date of such changes;

(d) You must submit your quarterly risk-based capital report for the last day of the preceding quarter not later than the last business day of April, July, October, and January of each year.

§ 650.28 How to report your risk-based capital determination.

(a) Your risk-based capital report must contain at least the following information:

(1) All data integral for determining the risk-based capital level, including any business policy decisions or other assumptions made in implementing the risk-based capital test;

(2) Other information necessary to determine compliance with the procedures for determining risk-based capital as specified in Appendix A to this subpart; and,

(3) Any other information we may require in written instructions to you.

(b) You must submit each risk-based capital report in such format or medium, as we require.

§ 650.29 Failure to meet capital requirements.

(a) *Determination and notice.* At any time, we may determine that you are not meeting your risk-based capital level calculated according to § 650.23, your minimum capital requirements specified in section 8.33 of the Act, or

your critical capital requirements specified in section 8.34 of the Act. We will notify you in writing of this fact and the date by which you should be in compliance (if applicable).

(b) *Submission of capital restoration plan.* Our determination that you are not meeting your required capital levels may require you to develop and submit to us, within a specified time period, an acceptable plan to reach the appropriate capital level(s) by the date required.

§ 650.30 Effective date for compliance with regulation.

For the 12-month period beginning on the effective date of this subpart, you must determine a risk-based capital level by implementing the risk-based capital stress test as described in § 650.23 and Appendix A to this subpart, and you must report the results to us as described in § 650.28. During this 12-month period, you will not be required to maintain capital at the risk-based capital level, but you must maintain your minimum capital level as prescribed in section 8.33 of the Act. Beginning on the day following the 12-month period, you must comply with all provisions of this subpart.

§ 650.31 Audit of the risk-based capital stress test.

You must have a qualified, independent external auditor review your implementation of the risk-based capital stress test every 3 years and submit a copy of the auditor's opinion to us.

1.0 Introduction

a. Appendix A provides details about the risk-based capital stress test (stress test) for Farmer Mac. The stress test calculates the risk-based capital level required by statute under stipulated conditions of credit risk and interest rate risk. The stress test uses loan-level data from Farmer Mac's agricultural mortgage portfolio, as well as quarterly Call Report and related information to generate pro forma financial statements and calculate a risk-based capital requirement. The stress test also uses historic agricultural real estate mortgage performance data, relevant economic variables, and other inputs in its calculations of Farmer Mac's capital needs over a 10-year period.

b. Appendix A establishes the requirements for all components of the stress test. The key components of the stress test are: specifications of credit risk, interest rate risk, the cashflow generator, and the capital calculation. Linkages among the components ensure that the measures of credit and interest rate risk pass into the cashflow generator. The linkages also transfer cashflows through the financial statements to represent values of assets, liabilities, and equity capital. The 10-year projection is designed to reflect a steady state in the scope and composition of Farmer Mac's assets.

2.0 Credit Risk

Loan loss rates are determined by applying loss-frequency and loss-severity equations to Farmer Mac loan-level data. From these equations, you must calculate loan losses under stressful economic conditions assuming Farmer Mac's portfolio remains at a "steady state." Steady state assumes the underlying characteristics and risks of Farmer Mac's portfolio remain constant over the 10 years of the stress test. Loss rates are computed from estimated dollar losses for use in the stress test. The loan volume subject to loss throughout the stress test is then multiplied by the loss rate. Lastly, the stress test allocates losses to each of the 10 years assuming a time pattern for loss occurrence as discussed in section 4.3, "Risk Measures."

2.1 Loss-Frequency and Loss-Severity Models

a. Credit risks are modeled in the stress test using historical time series loan-level data to measure the frequency and severity of losses on agricultural mortgage loans. The model relates loss frequency and severity to loan-level characteristics and economic con-

Pt. 650, Subpt. B, App. A

ditions through appropriately specified regression equations to account explicitly for the effects of these characteristics on loan losses. Loan losses for Farmer Mac are estimated from the resulting loss-frequency and loss-severity equations by substituting the respective values of Farmer Mac's loan-level data, and applying stressful economic inputs.

b. The loss-frequency and loss-severity equations were estimated from historical agricultural real estate mortgage loan data from the Farm Credit Bank of Texas (FCBT). Due to Farmer Mac's relatively short history, its own loan-level data are insufficiently developed for use in estimating default frequency and loss-severity equations. In the future, however, expansions in both the scope and historic length of Farmer Mac's lending operations may support the use of its data in estimating the relationships.

c. To estimate the equations, the data used included FCBT loans, which satisfied three of the four underwriting standards Farmer Mac currently uses (estimation data). The four standards specify: (1) The debt-to-assets ratio (D/A) must be less than 0.50, (2) the loan-to-value ratio (LTV) must be less than 0.70, (3) the debt-service-coverage ratio (DSCR) must exceed 1.25, (4) and the current ratio (current assets divided by current liabilities) must exceed 1.0. Furthermore, the D/A and LTV ratios were restricted to be less than or equal to 0.85.

d. Several limitations in the FCBT loan-level data affect construction of the loss-frequency equation. The data contained loans that were originated between 1979 and 1992, but there were virtually no losses during the early years of the sample period. As a result, losses attributable to specific loans are only available from 1986 through 1992. In addition, no prepayment information was available in the data.

e. The FCBT data used for estimation also included as performing loans, those loans that were re-amortized, paid in full, or merged with a new loan. Including these loans may lead to an understatement of loss-frequency probabilities if some of the re-amortized, paid, or merged loans experience default or incur losses. In contrast, when the loans that are re-amortized, paid in full, or merged are excluded from the analysis, the loss-frequency rates are overstated if a higher proportion of loans that are re-amortized, paid in full, or combined (merged) into a new loan are non-default loans compared to live loans.¹

¹Excluding loans with defaults, 11,527 loans were active and 7,515 loans were paid in full, re-amortized or merged as of 1992. A t-test² of the differences in the means for the group of defaulted loans and active loans indicated

f. The structure of the historical FCBT data supports estimation of loss frequency based on origination information and economic conditions. Under an origination year approach, each observation is used only once in estimating loan default. The underwriting variables at origination and economic factors occurring over the life of the loan are then used to estimate loan-loss frequency.

g. The final loss-frequency equation is based on origination year data and represents a lifetime loss-frequency model. The final equation for loss frequency is:

$$p = 1/(1+\exp(-(BX)))$$

Where:

$$BX = (-12.62738) + 1.91259 \cdot X_1 + (-0.33830) \cdot X_2 / (1 + 0.0413299)^{\text{Periods}} + (-0.19596) \cdot X_3 +$$

	Coefficients	p-value
Intercept	-12.62738	<0.0001
X ₁ : LTV variable	1.91259	0.0001
X ₂ : Max land value decline variable	0.33830	<0.0001

X ₄ : Loan size variable	4.55390	<0.0001
X ₅ : D/A ratio	2.49482	<0.0000

i. The low p-values on each coefficient indicate a highly significant relationship between the probability ratio of loan-loss frequency and the respective independent variables. Other goodness-of-fit indicators are:

that active loans had significantly higher D/A and LTV ratios, and lower current ratios than defaulted loans where loss occurred. These results indicate that, on average, active loans have potentially higher risk than loans that were re-amortized, paid in full, or merged.

²Loss probability is likely to be more sensitive to changes in LTV at higher values of LTV. The power function provides a continuous relationship between LTV and defaults.

³The dampening function reflects the declining effect that the maximum land value decline has on the probability of default when it occurs later in a loan's life.

⁴The nonlinear parameters for the variable transformations were simultaneously estimated using SAS version 8e NLIN procedure. The NLIN procedure produces estimates of the parameters of a nonlinear transformation for LTV, dampening factor, and loan-size variables. To implement the NLIN procedure, the loss-frequency equation and its variables are declared and initial parameter values supplied. The NLIN procedure is

Where:

- p is the probability that a loan defaults and has positive losses ($\Pr(Y=1|x)$);
- X₁ is the LTV ratio at loan origination raised to the power 5.3914596;²
- X₂ is the largest annual percentage decline in FCBT farmland values during the life of the loan damped with a factor of 0.0413299 per year;³
- X₃ is the DSCR at loan origination;
- X₄ is 1 minus the exponential of the product of negative 0.00538178 and the original loan balance in 1997 dollars expressed in thousands; and
- X₅ is the D/A ratio at loan origination.

an iterative process that uses the initial parameter values as the starting values for the first iteration and continues to iterate until acceptable parameters are solved. The initial values for the power function and dampening function are based on the proposed rule. The procedure for the initial values for the size variable parameter is provided in an Excel spreadsheet posted at www.fca.gov.

The Gauss-Newton method is the selected iterative solving process. As described in the preamble, the loss-frequency function for the nonlinear model is the negative of the log-likelihood function, thus producing maximum likelihood estimates. In order to obtain statistical properties for the loss-frequency equation and verify the logistic coefficients, the estimates for the nonlinear transformations are applied to the FCBT data and the loss-frequency model is re-estimated using the SAS Logistic procedure. The SAS procedures, output reports and Excel spreadsheet used to estimate the parameters of the loss-frequency equation are located on the Web site www.fca.gov.

loss, as evidenced by the findings of numerous credit-scoring studies in agricultural finance.⁵ Each of the variable coefficients has directional relationships that appropriately capture credit risk from underwriting variables and, therefore, the incidence of loan-loss frequency. The frequency of loan loss was found to differ significantly across all of the loan characteristics and lending conditions. Farmland values represent an appropriate variable for capturing the effects of exogenous economic factors. It is commonly accepted that farmland values at any point in time reflect the discounted present value of expected returns to the land.⁶ Thus, changes in land values, as expressed in the loss-frequency equation, represent the combined effects of the level and growth rates of farm income, interest rates, and inflationary expectations—each of which is accounted for in the discounted, present value process.

k. When applying the equation to Farmer Mac's portfolio, you must get the input values for X_1 , X_3 , X_4 , and X_5 for each loan in Farmer Mac's portfolio on the date at which the stress test is conducted. For the variable X_2 , the stressful input value from the benchmark loss experience is -23.52 percent. You must apply this input to all Farmer Mac loans subject to loss to calculate loss frequency under stressful economic conditions.⁷ The maximum land value decline from the benchmark loss experience is the simple average of annual land value changes for Iowa, Illinois, and Minnesota for the years 1984 and 1985.⁸

l. Forecasting with data outside the range of the estimation data requires special treatment for implementation. While the estimation data embody Farmer Mac values for various loan characteristics, the maximum farmland price decline experienced in Texas was -16.69 percent, a value below the benchmark experience of -23.52 percent. To control for this effect, you must apply a procedure that restricts the slope of all the independent variables to that observed at the maximum land value decline observed in the estimation data. Essentially, you must ap-

proximate the slope of the loss-frequency equation at the point -16.69 percent in order to adjust the probability of loan default and loss occurrence for data beyond the range in the estimating data. The adjustment procedure is shown in step 4 of section 2.3 entitled, "Example Calculation of Dollar Loss on One Loan."

m. Loss severity was not found to vary systematically and was considered constant across the tested loan characteristics and lending conditions. Thus, the simple weighted average by loss volume of 20.9 percent is used in the stress test.⁹ You must multiply loss severity with the probability estimate computed from the loss-frequency equation to determine the loss rate for a loan.

n. Using original loan balance results in estimated probabilities of loss frequency over the entire life of a loan. To account for loan seasoning, you must reduce the loan-loss exposure by the cumulative probability of loss already experienced by each loan as discussed in section 2.2 entitled, "Loan-Seasoning Adjustment." This subtraction is based on loan age and reduces the loss estimated by the loss-frequency and loss-severity equations. The result is an age-adjusted lifetime dollar loss that can be used in subsequent calculations of loss rates as discussed in section 2.5, "Calculation of Loss Rates for Use in the Stress Test."

2.2 Loan-Seasoning Adjustment

a. You must use the seasoning distribution to adjust each Farmer Mac loan for the cumulative loss exposure already experienced based on age. The effect of seasoning on the probability of loss is represented as a beta distribution. The distribution is based on the estimation data used to determine the loss-frequency equation. Using the estimation data, the cumulative total loss fractions are used to calculate the cumulative proportion of losses at each point in time. The two parameters of the beta distribution are then solved using a least squares error distance function, implemented with Microsoft Excel's solver utility. The spreadsheet for calculating the beta distribution is available on our Web site, www.fca.gov, or upon request.

b. The Excel solver utility uses a least squares framework rather than a direct maximum likelihood (product of probabilities) estimator. As a result, the Excel solver utility produces beta distribution parameters that are immaterially different from those estimated directly using a maximum likelihood estimator. The estimation of the beta distribution parameters is based on an average life of 14 years for agricultural mortgages. If the average life of agricultural mortgages in Farmer Mac's portfolio over

⁹We calculated the weighted-average loss severity from the estimation data.

Pt. 650, Subpt. B, App. A

time differs significantly from 14 years, we may re-estimate the beta distribution parameters.

c. The estimated seasoning beta distribution parameters for a 14-year average loan life that must be used are $p = 4.288$ and $q = 5.3185$.¹⁰ How the loan-seasoning distribution is used is shown in Step 7 of section 2.3, "Example Calculation of Dollar Loss on One Loan."

2.3 Example Calculation of Dollar Loss on One Loan

Here is an example of the calculation of the dollar losses for an individual loan with the following characteristics and input values:¹¹

Loan Origination Year	1996
Loan Origination Balance	\$1,250,000
LTV at Origination	0.5
D/A at Origination	0.5
DSCR at Origination	1.3984
Maximum Percentage Land Price Decline (MAX)	-23.52

Step 1: Convert 1996 Origination Value to 1997 dollar value (LOAN) based on the consumer price index and transform as follows:

$$\begin{aligned} \$1,278,500 &= \$1,250,000 \cdot 1.0228 \\ 0.998972 &= 1 - \exp(-0.00538178) \cdot \$1,278,500 / 1000 \end{aligned}$$

Step 2: Calculate the default probabilities using -16.64 percent and -16.74 percent land value declines as follows:¹²

Where,

$$Z_1 = (-12.62738) + 1.91259 \cdot LTV^{5.3914596} - 0.33830 \cdot (-16.6439443) - 0.19596 \cdot DSCR + 4.55390 \cdot 0.998972 + 2.49482 \cdot DA = (-1.428509)$$

$$\text{Default Loss Frequency @ } (-16.64\%) = 1 / 1 + \exp^{-(-1.428509)} = 0.19333111$$

And

¹⁰We estimated the loan-seasoning distribution from portfolio aggregate charge-off rates from the estimation data. To do so, we arrayed all defaulting loans where loss occurred according to the time from origination to default. Then, a beta distribution, $\beta(p, q)$, was fit to the estimation data scaled to the maximum time a loan survived (14 years).

¹¹In the examples presented we rounded the numbers, but the example calculation are based on a larger number of significant digits. The stress test uses additional digits carried at the default precision of the software.

¹²This process facilitates the approximation of slope needed to adjust the loss probabilities for land value declines greater than observed in the estimation data.

12 CFR Ch. VI (1-1-05 Edition)

$$Z_1 = (-12.62738) + 1.91259 \cdot LTV^{5.3914596} - 0.33830 \cdot (-16.7439443) - 0.19596 \cdot DSCR + 4.55390 \cdot 0.998972 + 2.49482 \cdot DA = (-1.394679)$$

$$\text{Loss Frequency Probability @ } (-16.74\%) = 1 / 1 + \exp^{-(-1.394679)} = 0.19866189$$

Step 3: Calculate the slope adjustment. You must calculate slope by subtracting the difference between "Loss-Frequency Probability @ -16.64 percent" and "Loss-Frequency Probability @ -16.74 percent" and dividing by -0.1 (the difference between -16.64 percent and -16.74 percent) as follows:

$$0.05330776 = (0.19333111 - 0.19866189) / -0.1$$

Step 4: Make the linear adjustment. You make the adjustment by increasing the loss-frequency probability where the dampened stressed farmland value input is less than -16.69 percent to reflect the stressed farmland value input, appropriately discounted. As discussed previously, the stressed land value input is discounted to reflect the declining effect that the maximum land value decline has on the probability of default when it occurs later in a loan's life.¹³ The linear adjustment is the difference between -16.69 percent land value decline and the adjusted stressed maximum land value decline input of -23.52 multiplied by the slope estimated in Step 3 as follows:

$$\begin{aligned} \text{Loss Frequency } -16.69 \text{ percent} &= Z_1 = \\ &(-12.62738) + (1.91259)(LTV^{5.3914596}) - \\ &(0.33830)(-16.6939443) - (0.19596)(DSCR) + \\ &(4.55390)(0.998972) + (2.49482)(DA) = \\ &-1.411594 \end{aligned}$$

And

$$1 / 1 + \exp^{-(-1.411594)} = 0.19598279$$

$$\text{Damped Maximum Land Price Decline} = (-20.00248544) = (-23.52)(1.0413299)^{-4}$$

$$\text{Slope Adjustment} = 0.17637092 = 0.053312247 \cdot (-16.6939443 - (-20.00248544))$$

$$\text{Loan Default Probability} = 0.37235371 = 0.19598279 + 0.17637092$$

Step 5: Multiply loan default probability times the average severity of 0.209 as follows:

$$0.077821926 = 0.37235371 \cdot 0.209$$

Step 6: Multiply the loss rate times the origination loan balance as follows:

$$\$97,277 = \$1,250,000 \cdot 0.077821926$$

Step 7: Adjust the origination based dollar losses for 4 years of loan seasoning as follows:

$$\$81,987 = \$97,277 - \$97,277 \cdot (0.157178762)^{14}$$

¹³The dampened period is the number of years from the beginning of the origination year to the current year (i.e., January 1, 1996, to January 1, 2000, is 4 years).

¹⁴The age adjustment of 0.157178762 is determined from the beta distribution for a 4-year old loan.

2.4 Treatment of Long-Term Standby Purchase Commitments

The loss-frequency equation cannot be directly used to compute the loss exposure on loans covered by a long-term standby purchase commitment (standbys) because complete underwriting standards for these loans are unavailable. Instead, the initial loss rate applied to each standby loan is the respective state-level average loss rate unadjusted for loan seasoning. You must calculate the state-level loss rates from non-standby loans as total dollar loan losses before the loan-seasoning adjustment divided by total origination loan balances. Then, you must multiply the origination loan balance of each standby loan by the appropriate loss rate to calculate estimated dollar losses. You must then adjust the resulting standby loan-level dollar losses adjusted for loan seasoning as was done for non-standby loans. For example, consider a \$1,000,000 standby loan originated in Idaho in 1990. And, suppose the unadjusted loss rate for Idaho is 3 percent. The loss for this loan is:

$$(\$1,000,000 \cdot 0.03) = \$30,000.$$

The loan is 7 years old, thus the seasoning adjustment is 0.635989125. The estimated age-adjusted losses for the standby loan are:

$$\$10,920 = (\$30,000)(1 - 0.635989125)$$

2.5 Calculation of Loss Rates for Use in the Stress Test

a. You must compute the loss rates by state (based on Farmer Mac's loan portfolio distribution) after you calculate dollar loan losses for each loan subject to loss in Farmer Mac's portfolio. The estimated lifetime losses adjusted for loan seasoning for non-standby loans are computed as total dollar loan losses adjusted for loan seasoning divided by total scheduled current loan balances for each state. Similarly, you must calculate the estimated lifetime losses and adjust for loan seasoning for standby loans. This calculation is the total dollar loan losses adjusted for loan seasoning divided by total scheduled current loan balances for each state. You must then blend the resulting state-level loss rates for non-standby and standby loans by blending the average loss rate for each state weighted by volume. The state loss rates estimated for Farmer Mac's loan portfolio are calculated in the spreadsheet, "Credit Loss Module.XLS." This spreadsheet is available for download on our Web site, www.fca.gov, or will be provided upon request. The blended loss rates for each state are copied from the "Credit Loss Module" to the stress test spreadsheet for determining Farmer Mac's regulatory capital requirement.

b. The stress test use of the blended loss rates is further discussed in section 4.3, "Risk Measures."

Pt. 650, Subpt. B, App. A

3.0 Interest Rate Risk

The stress test explicitly accounts for Farmer Mac's vulnerability to interest rate risk from the movement in interest rates specified in the statute. The stress test considers Farmer Mac's interest rate risk position through the current structure of its balance sheet, reported interest rate risk shock-test results,¹⁵ and other financial activities. The stress test calculates the effect of interest rate risk exposure through market value changes of interest-bearing assets, liabilities, and off-balance sheet transactions, and thereby the effects to equity capital. The stress test also captures this exposure through the cashflows on rate-sensitive assets and liabilities. We discuss how to calculate the dollar impact of interest rate risk in section 4.6, "Balance Sheets."

3.1 Process for Calculating the Interest Rate Movement

a. The stress test uses the 10-year Constant Maturity Treasury (10-year CMT) released by the Federal Reserve in HR. 15, "Selected Interest Rates." The stress test uses the 10-year CMT to generate earnings yields on assets, expense rates on liabilities, and changes in the market value of assets and liabilities. For stress test purposes, the starting rate for the 10-year CMT is the 3-month average of the most recent monthly rate series published by the Federal Reserve. The 3-month average is calculated by summing the latest monthly series of the 10-year CMT and dividing by three. For instance, you would calculate the initial rate on June 30, 1999, as:

Month end	10-year CMT monthly series
04/1999	5.18
05/1999	5.54
06/1999	5.90
Average	5.54

b. The amount by which the stress test shocks the initial rate up and down is determined by calculating the 12-month average of the 10-year CMT monthly series. If the resulting average is less than 12 percent, the stress test shocks the initial rate by an amount determined by multiplying the 12-month average rate by 50 percent. However, if the average is greater than or equal to 12 percent, the stress test shocks the initial rate by 600 basis points. For example, determine the amount by which to increase and decrease the initial rate for June 30, 1999, as follows:

¹⁵ See paragraph c of section 4.1 entitled, "Data Inputs" for a description of the interest rate risk shock-reporting requirement.

Pt. 650, Subpt. B, App. A

Month end	10-year CMT monthly series
07/1998	5.46
08/1998	5.34
09/1998	4.81
10/1998	4.53
11/1998	4.83
12/1998	4.65
01/1999	4.72
02/1999	5.00
03/1999	5.23
04/1999	5.18
05/1999	5.54
06/1999	5.90
12-Month Average	5.10

Calculation of Shock Amount:

12-Month Average Less than 12% Yes
 12-Month Average 5.10
 Multiply the 12-Month Average by.
 Shock in basis points equals 255

c. You must run the stress test for two separate changes in interest rates: (i) An immediate increase in the initial rate by the shock amount; and (ii) immediate decrease in the initial rate by the shock amount. The stress test then holds the changed interest rate constant for the remainder of the 10-year stress period. For example, at June 30, 1999, the stress test would be run for an immediate and sustained (for 10 years) upward movement in interest rates to 8.09 percent (5.54 percent plus 255 basis points) and also for an immediate and sustained (for 10 years) downward movement in interest rates to 2.99 percent (5.54 percent minus 255 basis points). The movement in interest rates that results in the greatest need for capital is then used to determine Farmer Mac's risk-based capital requirement.

4.0 Elements Used in Generating Cashflows

a. This section describes the elements that are required for implementation of the stress test and assessment of Farmer Mac capital performance through time. An Excel spreadsheet named FAMC RBCST, available at www.fca.gov, contains the stress test, including the cashflow generator. The spreadsheet contains the following seven worksheets:

- (1) Data Input;
- (2) Assumptions and Relationships;
- (3) Risk Measures (credit risk and interest rate risk);
- (4) Loan and Cashflow Accounts;
- (5) Income Statements;
- (6) Balance Sheets; and
- (7) Capital.

b. Each of the components is described in further detail in sections 4.1 through 4.7 of this appendix with references where appropriate to the specific worksheets within the Excel spreadsheet. The stress test may be generally described as a set of linked financial statements that evolve over a period of

12 CFR Ch. VI (1-1-05 Edition)

10 years using generally accepted accounting conventions and specified sets of stressed inputs. The stress test uses the initial financial condition of Farmer Mac, including earnings and funding relationships, and the credit and interest rate stressed inputs to calculate Farmer Mac's capital performance through time. The stress test then subjects the initial financial conditions to the first period set of credit and interest rate risk stresses, generates cashflows by asset and liability category, performs necessary accounting postings into relevant accounts, and generates an income statement associated with the first interval of time. The stress test then uses the income statement to update the balance sheet for the end of period 1 (beginning of period 2). All necessary capital calculations for that point in time are then performed.

c. The beginning of the period 2 balance sheet then serves as the departure point for the second income cycle. The second period's cashflows and resulting income statement are generated in similar fashion as the first period's except all inputs (i.e., the periodic loan losses, portfolio balance by category, and liability balances) are updated appropriately to reflect conditions at that point in time. The process evolves forward for a period of 10 years with each pair of balance sheets linked by an intervening set of cashflow and income statements. In this and the following sections, additional details are provided about the specification of the income-generating model to be used by Farmer Mac in calculating the risk-based capital requirement.

4.1 Data Inputs

The stress test requires the initial financial statement conditions and income generating relationships for Farmer Mac. The worksheet named "Data Inputs" contains the complete data inputs and the data form used in the stress test. The stress test uses these data and various assumptions to calculate pro forma financial statements. For stress test purposes, Farmer Mac is required to supply:

a. *Call Report Schedules RC: Balance Sheet and RI: Income Statement.* These schedules form the starting financial position for the stress test. In addition, the stress test calculates basic financial relationships and assumptions used in generating pro forma annual financial statements over the 10-year stress period. Financial relationships and assumptions are in section 4.2, "Assumptions and Relationships."

b. *Cashflow Data for Asset and Liability Account Categories.* The necessary cashflow data for the spreadsheet-based stress test are book value, weighted average yield, weighted average maturity, conditional prepayment rate, weighted average amortization, and

Farm Credit Administration

Pt. 650, Subpt. B, App. A

weighted average guarantee fees. The spreadsheet uses this cashflow information to generate starting and ending account balances, interest earnings, guarantee fees, and interest expense. Each asset and liability account category identified in this data requirement is discussed in section 4.2, "Assumptions and Relationships."

c. *Interest Rate Risk Measurement Results.* The stress test uses the results from Farmer Mac's interest rate risk model to represent changes in the market value of assets, liabilities, and off-balance sheet positions during upward and downward instantaneous shocks in interest rates of 300, 250, 200, 150, and 100 basis points. The stress test uses these data to calculate a schedule of estimated effective

durations representing the market value effects from a change in interest rates. The stress test uses a linear interpolation of the duration schedule to relate a change in interest rates to a change in the market value of equity. This calculation is described in paragraph 4.4 entitled, "Loan and Cashflow Accounts," and is illustrated in the referenced worksheet of the stress test.

d. *Loan-Level Data for all Farmer Mac I Program Assets.*

(1) The stress test requires loan-level data for all Farmer Mac I program assets to determine lifetime age-adjusted loss rates. The specific loan data fields required for running the credit risk component are:

All other Farmer Mac I program loans	Long-term standby commitments

(2) From the loan-level data, you must identify the geographic distribution by state of Farmer Mac's loan portfolio and enter the current loan balance for each state in the "Data Inputs" worksheet. The lifetime age-adjustment of origination year loss rates was discussed in section 2.0, "Credit Risk." The lifetime age-adjusted loss rates, blended across standby and non-standby program assets are entered in the "Risk Measures" worksheet of the stress test. The stress test application of the loss rates is discussed in section 4.3, "Risk Measures."

e. *Other Data Requirements.* Other data elements are taxes paid over the previous 2 years, the corporate tax schedule, selected line items from Schedule RS-C of the Call Report, and 10-year CMT information as discussed in section 3.1 entitled, "Process for Calculating the Interest Rate Movement." The stress test uses the corporate tax sched-

ule and previous taxes paid to determine the appropriate amount of taxes, including available loss carry-backs and loss carry-forwards. Three line items found in sections Part II 2.a. and 2.b. of Call Report Schedule RS-C Capital Calculation must also be entered in the "Data Inputs" sheet. The two line items found in Part II 2.a. contain the dollar volume off-balance sheet assets relating to the Farmer Mac I and II programs. The off-balance sheet program asset dollar volumes are used to calculate the operating expense regression on a quarterly basis. The single-line item found in Part II 2.b. provides the amount of other off-balance sheet obligations and is presented in the balance sheet section of the stress test for purposes of completeness. The 10-year CMT quarterly average of the monthly series and the 12-month average of the monthly series must be entered in the "Data Inputs" sheet. These two

Pt. 650, Subpt. B, App. A

data elements are used to determine the starting interest rate and the level of the interest rate shock applied in the stress test.

4.2 Assumptions and Relationships

a. The stress test assumptions are summarized on the worksheet called "Assumptions and Relationships." Some of the entries on this page are direct user entries. Other entries are relationships generated from data supplied by Farmer Mac or other sources as discussed in section 4.1, "Data Inputs." After current financial data are entered, the user selects the date for running the stress test. This action causes the stress test to identify and select the appropriate data from the "Data Inputs" worksheet. The next section highlights the degree of disaggregation needed to maintain reasonably representative financial characterizations of Farmer Mac in the stress test. Several specific assumptions are established about the future relationships of account balances and how they evolve.

b. From the data and assumptions, the stress test computes pro forma financial statements for 10 years. The stress test must be run as a "steady state" with regard to program balances, and where possible, will use information gleaned from recent financial statements and other data supplied by Farmer Mac to establish earnings and cost relationships on major program assets that are applied forward in time. As documented in the stress test, entries of "1" imply no growth and/or no change in account balances or proportions relative to initial conditions. The interest rate risk and credit loss components are applied to the stress test through time. The individual sections of that worksheet are:

(1) *Elements related to cashflows, earnings rates, and disposition of discontinued program assets.*

(A) The stress test accounts for earnings rates by asset class and cost rates on funding. The stress test aggregates investments into the categories of: Cash and money market securities; commercial paper; certificates of deposit; agency mortgage-backed securities and collateralized mortgage obligations; and other investments. With FCA's concurrence, Farmer Mac is permitted to further disaggregate these categories. Similarly, we may require new categories for future activities to be added to the stress test. Loan items requiring separate accounts include the following:

- (i) Farmer Mac I program assets post-1996 Act;
- (ii) Farmer Mac I program assets post-1996 Act Swap balances;
- (iii) Farmer Mac I program assets pre-1996 Act;
- (iv) Farmer Mac I AgVantage securities;
- (v) Loans held for securitization; and
- (vi) Farmer Mac II program assets.

12 CFR Ch. VI (1-1-05 Edition)

(B) The stress test also uses data elements related to amortization and prepayment experience to calculate and process the implied rates at which asset and liability balances terminate or "roll off" through time. Further, for each category, the stress test has the capacity to track account balances that are expected to change through time for each of the categories in paragraph b. (1)(A) of this section. For purposes of the stress test, all assets are assumed to maintain a "steady state" with the implication that any principal balances retired or prepaid are replaced with new balances. The exceptions are that expiring pre-1996 Act program assets are replaced with post-1996 Act program assets.

(2) *Elements related to other balance sheet assumptions through time.* As well as interest earning assets, the other categories of the balance sheet that are modeled through time include interest receivable, guarantee fees receivable, prepaid expenses, accrued interest payable, accounts payable, accrued expenses, reserves for losses (loans held and guaranteed securities), and other off-balance sheet obligations. The stress test is consistent with Farmer Mac's existing reporting categories and practices. If reporting practices change substantially, the list in this section will be adjusted accordingly. The stress test has the capacity to have the balances in each of these accounts determined based upon existing relationships to other earning accounts, to keep their balances either in constant proportions of loan or security accounts, or to evolve according to a user-selected rule. For purposes of the stress test, these accounts are to remain constant relative to the proportions of their associated balance sheet accounts that generated the accrued balances.

(3) *Elements related to income and expense assumptions.* Several other parameters that are required to generate pro forma financial statements may not be easily captured from historic data or may have characteristics that suggest that they be individually supplied. These parameters are the gain on agricultural mortgage-backed securities (AMBS) sales, miscellaneous income, operating expenses, reserve requirement, and guarantee fees. The stress test assumes a 75 basis points gain rate on sales of AMBS securities, recognizing that this parameter, while reasonably related to recent performance, may change with changes in market conditions. Miscellaneous income as a percentage of total assets contributes 2 basis points to income.

(A) Fixed costs and variable costs are determined from historical financial data by running a regression (ordinary least squares) of operating expenses, excluding provision expense and taxes, to on-and off-balance sheet assets, including investments and Farmer Mac program assets. The regression equation can be expressed as:

Farm Credit Administration

$$Y = \alpha + \beta_1 \ln(X) + \beta_2 D$$

(B) Where Y is operating expenses excluding provision for loans and tax expenses; $\ln(X)$ is the natural log of investments and Farmer Mac program assets held on-and off-balance sheet, and D is a dummy variable (1 represents pre-1996 and 0 represents post-1996). The regression is estimated using ordinary least squares, where (α) is the intercept, (β_1) is the coefficient on the logarithm of on-balance sheet program assets and investments, and off-balance sheet program assets, and (β_2) is the coefficient on the dummy variable.

(C) To run the stress test, the operating expense regression equation must be re-estimated using data from Farmer Mac's inception to the most recent quarterly financial information and the resulting coefficient entered into the "Assumptions and Relationships" worksheet. As additional data accumulate, the specification will be re-examined and modified if we deem changing the specification results in a more appropriate representation of operating expenses.

(D) The reserve requirement as a fraction of loan assets can also be specified. However, the stress test is run with the reserve requirement set to zero. Setting the parameter to zero causes the stress test to calculate a risk-based capital level that is comparable to regulatory capital, which includes reserves. Thus, the risk-based capital requirement contains the regulatory capital required, including reserves. The amount of total capital that is allocated to the reserve account is determined by GAAP. The guarantee rates applied in the stress test are: post-1996 Farmer Mac I assets (50 basis points, current weighted average of 42 basis points); pre-1996 Farmer Mac I assets (25 basis points); and Farmer Mac II assets (25 basis points).

(4) *Elements related to earnings rates and funding costs.*

(A) The stress test can accommodate numerous specifications of earnings and funding costs. In general, both relationships are tied to the 10-year CMT interest rate. Specifically, each investment account, each loan item, and each liability account can be specified as fixed rate, or fixed spread to the 10-year CMT with initial rates determined by actual data. The stress test calculates specific spreads (weighted average yield less initial 10-year CMT) by category from the weighted average yield data supplied by Farmer Mac as described earlier. For example, the fixed spread for Farmer Mac I program post-1996 Act mortgages is calculated as follows:

$$\begin{aligned} \text{Fixed Spread} &= \text{Weighted Average Yield less} \\ &\quad 10\text{-year CMT} \\ &0.014 = 0.0694 - 0.0554 \end{aligned}$$

Pt. 650, Subpt. B, App. A

(B) The resulting fixed spread of 1.40 percent is then added to the 10-year CMT when it is shocked to determine the new yield. For instance, if the 10-year CMT is shocked upward by 300 basis points, the yield on Farmer Mac I program post-1996 Act loans would change as follows:

$$\begin{aligned} \text{Yield} &= \text{Fixed Spread} + 10\text{-year CMT} \\ &.0994 = .014 + .0854 \end{aligned}$$

(C) The adjusted yield is then used for income calculations when generating pro forma financial statements. All fixed-spread asset and liability classes are computed in an identical manner using starting yields provided as data inputs from Farmer Mac. The fixed-yield option holds the starting yield data constant for the entire 10-year stress test period. You must run the stress test using the fixed-spread option for all accounts except for discontinued program activities, such as Farmer Mac I program loans made before the 1996 Act. For discontinued loans, the fixed-rate specification must be used if the loans are primarily fixed-rate mortgages.

(5) *Elements related to interest rate shock test.* As described earlier, the interest rate shock test is implemented as a single set of forward interest rates. The stress test applies the up-rate scenario and down-rate scenario separately. The stress test also uses the results of Farmer Mac's shock test, as described in paragraph c. of section 4.1, "Data Inputs," to calculate the impact on equity from a stressful change in interest rates as discussed in section 3.0 titled, "Interest Rate Risk." The stress test uses a schedule relating a change in interest rates to a change in the market value of equity. For instance, if interest rates are shocked upward so that the percentage change is 262 basis points, the linearly interpolated effective estimated duration of equity is -6.7405 years given Farmer Mac's interest rate measurement results at 250 and 300 basis points of -6.7316 and -6.7688 years, respectively found on the effective duration schedule. The stress test uses the linearly interpolated estimated effective duration for equity to calculate the market value change by multiplying duration by the base value of equity before any rate change from Farmer Mac's interest rate risk measurement results with the percentage change in interest rates.

4.3 Risk Measures

a. This section describes the elements of the stress test in the worksheet named "Risk Measures" that reflect the interest rate shock and credit loss requirements of the stress test.

b. As described in section 3.1, the stress test applies the statutory interest rate shock to the initial 10-year CMT rate. It then generates a series of fixed annual interest rates

Pt. 650, Subpt. B, App. A

for the 10-year stress period that serve as indices for earnings yields and cost of funds rates used in the stress test. (See the "Risk Measures" worksheet for the resulting interest rate series used in the stress test.)

c. The blended loss rates by state, as described in section 2.5 entitled, "Calculation of Loss Rates for Use in the Stress Test," are entered into the "Risk Measures" worksheet and applied to the loan balances that exist in each state as reported in the initial loan portfolio of Farmer Mac. The initial distribution of loan balances by state is used to allocate new loans that replace loan products that roll off the balance sheet through time. The loss rates are applied both to the initial volume and to new loan volume that replaces expiring loans. The total life of loan losses that are expected at origination are then allocated through time based on a set of user entries describing the time-path of losses.

d. The loss rates estimated in the credit risk component of the stress test are based on an origination year concept, adjusted for loan seasoning. All losses arising from loans originated in a particular year are expressed as lifetime age-adjusted losses irrespective of when the losses actually occur. The fraction of the origination year loss rates that must be used to allocate losses through time are 43 percent to year 1, 17 percent to year 2, 11.66 percent to year 3, and 4.03 percent for the remaining years. The total allocated losses in any year are expressed as a percent of loan volume in that year to reflect the conversion to exposure year.

4.4 Loan and Cashflow Accounts

The worksheet labeled "Loan and Cashflow Data" contains the categorized loan data and cashflow accounting relationships that are used in the stress test to generate projections of Farmer Mac's performance and condition. As can be seen in the worksheet, the steady-state formulation results in account balances that remain constant except for the effects of discontinued programs. For assets with maturities under 1 year, the results are reported for convenience as though they matured only one time per year with the additional convention that the earnings/cost rates are annualized. For the pre-1996 Act assets, maturing balances are added back to post-1996 Act account balances. The liability accounts are used to satisfy the accounting identity, which requires assets to equal liabilities plus owner equity. In addition to the replacement of maturities under a steady state, liabilities are increased to reflect net losses or decreased to reflect resulting net gains. Adjustments must be made to the long- and short-term debt accounts to maintain the same relative proportions as existed at the beginning period from which the stress test is run. The primary receivable

12 CFR Ch. VI (1-1-05 Edition)

and payable accounts are also maintained on this worksheet, as is a summary balance of the volume of loans subject to credit losses.

4.5 Income Statements

a. Information related to income performance through time is contained on the worksheet named "Income Statements." Information from the first period balance sheet is used in conjunction with the earnings and cost-spread relationships from Farmer Mac supplied data to generate the first period's income statement. The same set of accounts is maintained in this worksheet as "Loan and Cashflow Accounts" for consistency in reporting each annual period of the 10-year stress period of the test. The income from each interest-bearing account is calculated, as are costs of interest-bearing liabilities. In each case, these entries are the associated interest rate for that period multiplied by the account balances.

b. The credit losses described in section 2.0, "Credit Risk," are transmitted through the provision account as is any change needed to re-establish the target reserve balance. For determining risk-based capital, the reserve target is set to zero as previously indicated in section 4.2. Under the income tax section, it must first be determined whether it is appropriate to carry forward tax losses or recapture tax credits. The tax section then establishes the appropriate income tax liability that permits the calculation of final net income (loss), which is credited (debited) to the retained earnings account.

4.6 Balance Sheets

a. The worksheet named "Balance Sheets" is used to construct pro forma balance sheets from which the capital calculations can be performed. As can be seen in the Excel spreadsheet, the worksheet is organized to correspond to Farmer Mac's normal reporting practices. Asset accounts are built from the initial financial statement conditions, and loan and cashflow accounts. Liability accounts including the reserve account are likewise built from the previous period's results to balance the asset and equity positions. The equity section uses initial conditions and standard accounts to monitor equity through time. The equity section maintains separate categories for increments to paid-in-capital and retained earnings and for mark-to-market effects of changes in account values. The process described in the "Capital" worksheet uses the initial retained earnings and paid-in-capital account to test for the change in initial capital that permits conformance to the statutory requirements. Therefore, these accounts must be maintained separately for test solution purposes.

b. The market valuation changes due to interest rate movements must be computed

Farm Credit Administration

utilizing the linearly interpolated schedule of estimated equity effects due to changes in interest rates, contained in the "Assumptions & Relationships" worksheet. The stress test calculates the dollar change in the market value of equity by multiplying the base value of equity before any rate change from Farmer Mac's interest rate risk measurement results, the linearly interpolated estimated effective duration of equity, and the percentage change in interest rates. In addition, the earnings effect of the measured dollar change in the market value of equity is estimated by multiplying the dollar change by the blended cost of funds rate found on the "Assumptions & Relationships" worksheet. Next, divide by 2 the computed earnings effect to approximate the impact as a theoretical shock in the interest rates that occurs at the mid-point of the income cycle from period t_0 to period t_1 . The measured dollar change in the market value of equity and related earnings effect are then adjusted to reflect any tax related benefits. Tax adjustments are determined by including the measured dollar change in the market value of equity and the earnings effect in the tax calculations found in the "Income Statements" worksheet. This approach ensures that the value of equity reflects the economic loss or gain in value of Farmer Mac's capital position from a change in interest rates and reflects any immediate tax benefits that Farmer Mac could realize. Any tax benefits in the module are posted through the income statement by adjusting the net taxes due before calculating final net income. Final net income is posted to accumulated unretained earnings in the shareholders' equity portion of the balance sheet. The tax section is also described in section 4.5 entitled, "Income Statements."

c. After one cycle of income has been calculated, the balance sheet as of the end of the income period is then generated. The "Balance Sheet" worksheet shows the periodic pro forma balance sheets in a format convenient to track capital shifts through time.

d. The stress test considers Farmer Mac's balance sheet as subject to interest rate risk and, therefore, the capital position reflects mark-to-market changes in the value of equity. This approach ensures that the stress test captures interest rate risk in a meaningful way by addressing explicitly the loss or gain in value resulting from the change in interest rates required by the statute.

4.7 Capital

The "Capital" worksheet contains the results of the required capital calculations as described in section 5.0, and provides a method to calculate the level of initial capital that would permit Farmer Mac to maintain

Pt. 650, Subpt. B, App. A

positive capital throughout the 10-year stress test period.

5.0 Capital Calculation

a. The stress test computes regulatory capital as the sum of the following:

- (1) The par value of outstanding common stock;
- (2) The par value of outstanding preferred stock;
- (3) Paid-in capital;
- (4) Retained earnings; and
- (5) Reserve for loan and guarantee losses.

b. Inclusion of the reserve account in regulatory capital is an important difference compared to minimum capital as defined by the statute. Therefore, the calculation of reserves in the stress test is also important because reserves are reduced by loan and guarantee losses. The reserve account is linked to the income statement through the provision for loan-loss expense (provision). Provision expense reflects the amount of current income necessary to rebuild the reserve account to acceptable levels after loan losses reduce the account or as a result of increases in the level of risky mortgage positions, both on-and off-balance sheet. Provision reversals represent reductions in the reserve levels due to reduced risk of loan losses or loan volume of risky mortgage positions. When calculating the stress test, the reserve is maintained at zero to result in a risk-based capital requirement that includes reserves, thereby making the requirement comparable to the statutory definition of regulatory capital. By setting the reserve requirement to zero, the capital position includes all financial resources Farmer Mac has at its disposal to withstand risk.

5.1 Method of Calculation

a. Risk-based capital is calculated in the stress test as the minimum initial capital that would permit Farmer Mac to remain solvent for the ensuing 10 years. To this amount, an additional 30 percent is added to account for managerial and operational risks not reflected in the specific components of the stress test.

b. The relationship between the solvency constraint (i.e., future capital position not less than zero) and the risk-based capital requirement reflects the appropriate earnings and funding cost rates that may vary through time based on initial conditions. Therefore, the minimum capital at a future point in time cannot be directly used to determine the risk-based capital requirement. To calculate the risk-based capital requirement, the stress test includes a section to solve for the minimum initial capital value that results in a minimum capital level over the 10 years of zero at the point in time that it would actually occur. In solving for initial

§ 650.50

capital, it is assumed that reductions or additions to the initial capital accounts are made in the retained earnings accounts, and balanced in the debt accounts at terms proportionate to initial balances (same relative proportion of long- and short-term debt at existing initial rates). Because the initial capital position affects the earnings, and hence capital positions and appropriate discount rates through time, the initial and future capital are simultaneously determined and must be solved iteratively. The resulting minimum initial capital from the stress test is then reported on the "Capital" worksheet of the stress test. The "Capital" worksheet includes an element that uses Excel's "solver" or "goal seek" capability to calculate the minimum initial capital that, when added (subtracted) from initial capital and replaced with debt, results in a minimum capital balance over the following 10 years of zero.

Subpart C—Receiver and Conservator

SOURCE: 62 FR 43636, Aug. 15, 1997, unless otherwise noted.

§ 650.50 Grounds for appointment of a receiver or conservator.

(a) The grounds for the appointment of a receiver or conservator for the Corporation are:

(1) The Corporation is insolvent. For purposes of this paragraph, insolvent means:

(i) The assets of the Corporation are less than its obligations to its creditors and others; or

(ii) The Corporation is unable to pay its debts as they fall due in the ordinary course of business;

(2) There has been a substantial dissipation of the assets or earnings of the Corporation due to the violation of any law, rule, or regulation, or the conduct of an unsafe or unsound practice;

(3) The Corporation is in an unsafe or unsound condition to transact business;

(4) The Corporation has committed a willful violation of a final cease-and-desist order issued by the Farm Credit Administration Board;

(5) The Corporation is concealing its books, papers, records, or assets, or is refusing to submit its books, papers, records, assets, or other material relating to the affairs of the Corporation for inspection to any examiner or any law-

12 CFR Ch. VI (1-1-05 Edition)

ful agent of the Farm Credit Administration Board.

(b) In addition to the grounds set forth in paragraph (a) of this section, a receiver can be appointed for the Corporation if the Farm Credit Administration Board determines that the appointment of a conservator would not be appropriate when one of the following conditions exists:

(1) The authority of the Corporation to purchase qualified loans or issue or guarantee loan-backed securities is suspended; or

(2) The Corporation is classified under section 8.35 of the Act as within enforcement level III or IV and the alternative actions available under subtitle B of title VIII of the Act are not satisfactory.

(c) In addition to the grounds set forth in paragraph (a) of this section, a conservator can be appointed for the Corporation if:

(1) The Corporation is classified under section 8.35 of the Act as within enforcement level III or IV; or

(2) The authority of the Corporation to purchase qualified loans or issue or guarantee loan-backed securities is suspended.

§ 650.51 Action for removal of receiver or conservator.

Upon the appointment of a receiver or conservator for the Corporation by the Farm Credit Administration Board pursuant to § 650.50 of this subpart, the Corporation may, within 30 days of such appointment, bring an action in the United States District Court for the District of Columbia, for an order requiring the Farm Credit Administration Board to remove the receiver or conservator and, if the charter has been canceled, to rescind the cancellation of the charter. Notwithstanding any other provision of this part, the Corporation's board of directors is empowered to meet subsequent to such appointment and authorize the filing of an action for removal. An action for removal may be authorized only by the Corporation's board of directors.

§ 650.52 Voluntary liquidation.

(a) The Corporation may voluntarily liquidate by a resolution of its board of directors, but only with the consent of,

Farm Credit Administration**§ 650.56**

and in accordance with a plan of liquidation approved by, the Farm Credit Administration Board. Upon adoption of such resolution, the Corporation shall submit the resolution and proposed voluntary liquidation plan to the Farm Credit Administration Board for preliminary approval. The Farm Credit Administration Board, in its discretion, may appoint a receiver as part of an approved liquidation plan. If a receiver is appointed for the Corporation as part of a voluntary liquidation, the receivership shall be conducted pursuant to the regulations of this part, except to the extent that an approved plan of liquidation provides otherwise.

(b) If the Farm Credit Administration Board gives preliminary approval to the liquidation plan, the board of directors of the Corporation shall submit the resolution to liquidate to the stockholders for a vote in accordance with the bylaws of the Corporation.

(c) The Farm Credit Administration Board will consider final approval of the resolution to voluntarily liquidate and the liquidation plan after an affirmative stockholder vote on the resolution.

§ 650.55 Appointment of a receiver.

(a) The Farm Credit Administration Board may in its discretion appoint, ex parte and without prior notice, a receiver for the Corporation provided that one or more of the grounds for appointment as set forth in § 650.50 of this subpart exist.

(b) Upon the appointment of the receiver, the Chairman of the Farm Credit Administration Board shall immediately notify the Corporation and shall publish a notice of the appointment in the *FEDERAL REGISTER*.

(c) Upon the issuance of the order placing the Corporation into liquidation and appointing the receiver, all rights, privileges, and powers of the board of directors, officers, and employees of the Corporation shall be vested exclusively in the receiver. The Farm Credit Administration Board may cancel the charter of the Corporation on such date as the Farm Credit Administration Board determines is appropriate, but not later than the conclusion of the receivership and discharge of the receiver.

§ 650.56 Powers and duties of the receiver.

(a) *General.* (1) Upon appointment as receiver, the receiver shall take possession of the Corporation in order to wind up the business operations of the Corporation, collect the debts owed to the Corporation, liquidate its property and assets, pay its creditors, and distribute the remaining proceeds to stockholders. The receiver is authorized to exercise all powers necessary to the efficient termination of the Corporation's operation as provided for in this part.

(2) Upon its appointment as receiver, the receiver automatically succeeds to:

(3) Borrow funds in accordance with section 8.41(f) of the Act to meet the ongoing administrative expenses or other liquidity needs of the receivership.

(4) Pay any sum the receiver deems necessary or advisable to preserve, conserve, or protect the Corporation's assets or property or rehabilitate or improve such property and assets.

(5) Pay any sum the receiver deems necessary or advisable to preserve, conserve, or protect any asset or property on which the Corporation has a lien or in which the Corporation has a financial or property interest, and pay off

§650.57**12 CFR Ch. VI (1-1-05 Edition)**

and discharge any liens, claims, or charges of any nature against such property.

(17) Take all actions and have such rights, powers, and privileges as are necessary and incident to the exercise of any specific power.

(18) Take such actions, and have such additional rights, powers, privileges, immunities, and duties as the Farm Credit Administration Board authorizes by order or by amendment of any order or by regulation.

§ 650.57 Report to Congress.

On a determination by the receiver that there are insufficient assets of the receivership to pay all valid claims against the receivership, the receiver shall submit to the Secretary of the Treasury and Congress a report on the financial condition of the receivership.

§ 650.58 Preservation of equity.

(a) Except as provided for upon final distribution of the assets of the Corporation pursuant to § 650.62 of this subpart, no capital stock, equity reserves, or other allocated equities of the Corporation in receivership shall be issued, allocated, retired, sold, distributed, transferred, or assigned.

(b) Immediately upon the adoption of a resolution by its board of directors to voluntarily liquidate the Corporation, the capital stock, equity reserves, and allocated equities of the Corporation shall not be issued, allocated, retired, sold, distributed, transferred, or assigned. Such activities could resume if the stockholders of the Corporation or the Farm Credit Administration Board disapprove the resolution. In the event the resolution is approved by the stockholders of the Corporation and the Farm Credit Administration Board, the liquidation plan shall govern disposition of the equities of the Corporation as provided in § 650.52 of this subpart.

Farm Credit Administration

§ 650.61

§ 650.59 Notice to stockholders.

As soon as practicable after a receiver takes possession of the Corporation, the receiver shall notify, by first class mail, each holder of stock of the following matters:

- (a) The number of shares such holder owns;
- (b) That the stock and other equities of the Corporation may not be retired or transferred until the liquidation is completed, whereupon the receiver will distribute a liquidating dividend, if any, to the stockholders; and
- (c) Such other matters as the receiver or the Farm Credit Administration Board deems necessary.

§ 650.60 Creditor claims.

(a) Upon appointment, the receiver shall promptly publish a notice to creditors to present their claims against the Corporation, with proof thereof, to the receiver by a date specified in the notice, which shall be not less than 90 calendar days after the first publication. The notice shall be republished approximately 30 days and 60 days after the first publication. The receiver shall promptly send, by first class mail, a similar notice to any creditor shown on the Corporation's books at the creditor's last address appearing thereon. Claims filed after the specified date shall be disallowed except as the receiver may approve them for full or partial payment from the Corporation's assets remaining undistributed at the time of approval.

(b) The receiver shall allow any claim that is timely received and proved to the receiver's satisfaction. The receiver may disallow in whole or in part any creditor's claim or claim of security, preference, or priority that is not proved to the receiver's satisfaction or is not timely received and shall notify the claimant of the disallowance and reason therefor. Sending the notice of disallowance by first class mail to the claimant's address appearing on the proof of claim shall be sufficient notice. The disallowance shall be final unless, within 30 days after the notice of disallowance is mailed, the claimant files a written request for payment regardless of the disallowance. The receiver shall reconsider any claim upon the timely request of the claimant and

may approve or disapprove such claim in whole or in part.

(c) Creditors' claims that are allowed shall be paid by the receiver from time to time, to the extent funds are available therefor and in accordance with the priorities established in this part and in such manner and amounts as the receiver deems appropriate. In the event the Corporation has a claim against a creditor of the Corporation, the receiver shall offset the amount of such claim against the claim asserted by such creditor.

§ 650.61 Priority of claims.

The following priority of claims shall apply to the distribution of the assets of the Corporation in liquidation:

(a) All costs, expenses, and debts incurred by the receiver in connection with the administration of the receivership, all Farm Credit Administration assessments for the costs of supervising and examining the Corporation, and any amounts borrowed pursuant to § 650.56(b)(3).

(b) Administrative expenses of the Corporation, provided that such expenses were incurred within 60 days prior to the receiver's taking possession, and that such expenses shall be limited to reasonable expenses incurred for services actually provided by accountants, attorneys, appraisers, examiners, or management companies, or reasonable expenses incurred by employees that were authorized and reimbursable under a preexisting expense reimbursement policy and that, in the opinion of the receiver, are of benefit to the receivership, and shall not include wages or salaries of employees of the Corporation.

(c) If authorized by the receiver, claims for wages and salaries, including vacation pay, earned prior to the appointment of the receiver by an employee of the Corporation whom the receiver determines it is in the best interest of the receivership to engage or retain for a reasonable period of time.

(d) If authorized by the receiver, claims for wages and salaries, including vacation pay, earned prior to the appointment of the receiver, up to a maximum of three thousand dollars

§ 650.62**12 CFR Ch. VI (1-1-05 Edition)**

(\$3,000) per person as adjusted for inflation, by an employee of the Corporation not engaged or retained by the receiver. The adjustment for inflation shall be the percentage by which the Consumer Price Index (as prepared by the Department of Labor) for the calendar year preceding the appointment of the receiver exceeds the Consumer Price Index for the calendar year 1992.

(e) All claims for taxes.

(f) All claims of creditors which are secured by specific assets of the Corporation, with priority of conflicting claims of creditors within this same class to be determined in accordance with priorities of applicable Federal or State law.

(g) All claims of general creditors.

§ 650.62 Payment of claims.

(a) All claims of each class described in § 650.61 of this subpart shall be paid in full or provisions shall be made for such payment prior to the payment of any claim of a lesser priority. If there are insufficient funds to pay all claims in a class in full, distribution to that class will be on a pro rata basis.

(b) Following the payment of all claims, the receiver shall distribute the remainder of the assets of the Corporation, if any, to the owners of stock and other equities in accordance with the priorities for impairment set forth in section 8.4(e)(3) of the Act and the bylaws of the Corporation.

§ 650.63 Inventory, audit, and reports.

(a) As soon as practicable after taking possession of the Corporation, the receiver shall take an inventory of the assets and liabilities as of the date possession was taken.

(b) The receivership shall be audited on an annual basis by a certified public accountant selected by the receiver.

(c) The receiver shall make an annual accounting or report, as appropriate, available for review upon request to any stockholder of the Corporation or any member of the public, with a copy provided to the Farm Credit Administration.

(d) As soon as practicable after final distribution, the receiver shall send to each stockholder of record a report summarizing the disposition of the as-

sets of the receivership and claims against the receivership.

§ 650.64 Final discharge and release of the receiver.

After the receiver has made a final distribution of the assets of the receivership, the receivership shall be terminated, the charter shall be canceled by the Farm Credit Administration Board if such cancellation has not previously occurred, and the receiver shall be finally discharged and released.

§ 650.65 Appointment of a conservator.

(a) The Farm Credit Administration Board may in its discretion appoint, ex parte and without prior notice, a conservator for the Corporation provided that one or more of the grounds for appointment as set forth in § 650.50 of this subpart exist;

(b) Upon the appointment of a conservator, the Chairman of the Farm Credit Administration shall immediately notify the Corporation and shall publish a notice of the appointment in the *FEDERAL REGISTER*.

(c) As soon as practicable after the conservator takes possession of the Corporation, the conservator shall notify, by first class mail, each holder of stock in the Corporation of the establishment of the conservatorship and shall describe the effect of the conservatorship on the Corporation's operations and equity holdings.

(d) Upon the issuance of the order placing the Corporation in conservatorship, all rights, privileges, and powers of the board of directors, officers, and employees of the Corporation are vested exclusively in the conservator.

(e) The Farm Credit Administration Board may, at any time, terminate the conservatorship and direct the conservator to turn over the Corporation's operations to such management as the Farm Credit Administration Board may designate, in which event the provisions of this subpart shall no longer apply.

§ 650.66 Powers and duties of the conservator.

(a) The conservator shall direct the Corporation's further operation until the Farm Credit Administration Board

Farm Credit Administration**§ 650.68**

decides that the Corporation can operate without the conservatorship or places the Corporation into receivership. Upon correction or resolution of the problem or condition that provided the basis for the appointment, the Farm Credit Administration Board may turn the Corporation over to such management as the Farm Credit Administration Board may direct.

(b) The conservator shall exercise all powers necessary to continue the ongoing operations of the Corporation, to conserve and preserve the Corporation's assets and property, and otherwise protect the interests of the Corporation, its stockholders, and creditors as provided in this subpart.

(c) The conservator serves as the trustee of the Corporation and conducts its operations for the benefit of the creditors and stockholders of the Corporation.

(d) The conservator may exercise the powers that a receiver of the Corporation may exercise under any of the provisions of § 650.56(b) of this subpart, except paragraphs (b)(2) and (b)(16). In interpreting the applicable paragraphs for purposes of this section, the terms "conservator" and "conservatorship" shall be read for "receiver" and "receivership".

(e) The conservator may also take any other action the conservator considers appropriate or expedient to the

continuing operation of the Corporation.

§ 650.67 Inventory, examination, and reports to stockholders.

(a) As soon as practicable after taking possession of the Corporation, the conservator shall take an inventory of the assets and liabilities of the Corporation as of the date possession was taken. One copy of the inventory shall be filed with the Farm Credit Administration.

(b) The conservatorship shall be examined by the Farm Credit Administration in accordance with section 8.11 of the Act.

(c) The conservatorship shall prepare and file financial reports and other documents in accordance with the requirements of § 620.40 and part 621 of this chapter. The conservator of the Corporation shall provide the certification required in § 621.14 of this chapter.

§ 650.68 Final discharge and release of the conservator.

At such time as the conservator shall be relieved of its conservatorship duties, the conservator shall file a report on the conservator's activities with the Farm Credit Administration. The conservator shall thereupon be completely and finally released.
