

include providing the Commission with registration information for such persons, certification to the fitness of such persons, an affidavit of such persons' fitness by the facility's counsel or other information substantiating the fitness of such persons.

Core Principle 7 of section 5a(d) of the Act: *CONFLICTS OF INTEREST—The board of trade shall establish and enforce rules to minimize conflicts of interest in the decision making process of the derivatives transaction execution facility and establish a process for resolving such conflicts of interest.*

The means to address conflicts of interest in decision-making of a board of trade operating as a registered derivatives transaction execution facility should include methods to ascertain the presence of conflicts of interest and to make decisions in the event of such a conflict. The Commission also believes that a board of trade operating as a registered derivatives transaction execution facility should provide for appropriate limitations on the use or disclosure of material non-public information gained through the performance of official duties by board members, committee members and facility employees or gained through an ownership interest in the facility.

Core Principle 8 of section 5a(d) of the Act: *RECORDKEEPING—The board of trade shall maintain records of all activities related to the business of the derivatives transaction execution facility in a form and manner acceptable to the Commission for a period of 5 years.*

Section 1.31 of this chapter governs record-keeping obligations under the Act and the Commission's regulations thereunder. In order to provide broad flexible performance standards for recordkeeping, §1.31 was updated and amended by the Commission in 1999. Accordingly, §1.31 itself establishes the guidance regarding the form and manner for keeping records.

Core Principle 9 of section 5a(d) of the Act: *ANTITRUST CONSIDERATIONS—Unless necessary or appropriate to achieve the purposes of this Act, the board of trade shall endeavor to avoid—(A) adopting any rules or taking any actions that result in any unreasonable restraint of trade; or (B) imposing any material anti-competitive burden on trading on the derivatives transaction execution facility.*

A board of trade seeking to operate as a registered derivatives transaction execution facility may request that the Commission consider under the provisions of section 15(b) of the Act any of the board of trade's rules, which may be trading protocols or policies, and including both operational rules and the terms or conditions of products listed for trading, at the time it submits its registration application or thereafter. The Commission intends to apply section 15(b) of the Act to its consideration of issues under this core principle in a manner consistent with that previously applied to contract markets.
