At any time before default in the payment of the premium, the loan may be repaid in full or in amounts of \$5 or more. When the amount of the indebtedness equals or exceeds the cash value, the policy shall become voidable. On loans applied for before the effective date of this regulation (November 2, 1987) and not exchanged pursuant to paragraph (b) of this section, the policy loan interest rate in effect when the loan was applied for shall not be increased for the term of the loan.

After October 1, 1988, the policy loan rate shall not be varied more frequently than once a year. Notification of the initial rate of interest on new loans will be forwarded at the time the loan is made. Policyholders with existing variable rate loans will be forwarded reasonable advance notice of any increase in the rate. Reasonable

advance notice of any change in the variable loan rate will be published in the FEDERAL REGISTER. A notice pertaining to variable loans which is sent to the policyholder's last address of record will constitute sufficient evidence of notice.

(c) Subject to the provisions of paragraph (d) of this section, loan rates established pursuant to paragraph (b) of this section shall equal the yield on the Ten-Year Constant Maturities Index for U.S. Treasury Securities for the month of June of the year of calculation rounded down to the next whole percentage. Such loan rate shall be effective on the date on or after the first day of October on which the rate change is made in the insurance automatic data processing system, and shall remain in effect for not less than one year after the date of establishment. The prevailing variable loan rate shall apply to all loans granted under paragraph (b) of this section.

(d) Notwithstanding any other provisions of this section, the variable loan rate shall not exceed 12 percent or be lower than 5 percent per annum.
