

(3) The Federal Inspector will determine whether the affirmative action plans are adequate. If deficiencies are found to exist in a plan, the recipient, contractor, or subcontractor shall correct the deficiencies in consultation with the Federal Inspector. If deficiencies are not corrected to the satisfaction of the Federal Inspector, the Inspector may enforce compliance with this section through measures authorized by ANGTA or any other provision of law.

(4) Upon approval of the affirmative action plan—including the goals and timetables—of the applicants or recipients, the Federal Inspector shall publicize the goals and timetables which are approved for each segment. Notice should be sent to all parties who submitted comments to the Department of the Interior in response to the Notice of Proposed Rulemaking issued about these regulations on October 12, 1979 (44 FR 59096).

(5) The Federal Inspector may, upon request, grant exemptions from the requirements of paragraph (b) of this section to any bidder which can demonstrate that no significant employment opportunities will result from an award of a contract to the bidder.

(b) *Access to sources of information.* Each person to whom this part applies shall permit access by the Federal Inspector during normal business hours to books, records, accounts, and other sources of information, and to facilities, as the Federal Inspector determines to be necessary to insure compliance with the rules, regulations, and orders implementing section 17 and the President's *Decision*.

The review will consist of a comprehensive analysis of all aspects of the recipient's, contractor's, or subcontractor's operations and practices and the conditions resulting therefrom. The review will include an on-site visit if the Federal Inspector determines that such a review is necessary.

(2) The Federal Inspector will continually monitor and verify the status of MBE's and FBE's through procedures as the Inspector may determine appropriate.
