§ 57.920 Importer to make application for inspection of imported eggs.

Each person importing any eggs shall make application for inspection upon PY Form 222-Import Request, to the Chief, Grading Branch, Poultry Programs, AMS, U.S. Department of Agriculture, Washington, DC 20250, or to the Poultry Programs, Grading Branch office nearest the port where the product is to be offered for importation. Application shall be made as far in advance as possible prior to the arrival of the product, except in the case of product exempted from inspection by § 57.960. Each application shall state the approximate date of product arrival in the United States, the name of the ship or other carrier, the country from which the product was shipped, the destination, the quantity and class of product, and the point of first arrival in the United States.

[69 FR 57168, Sept. 24, 2004]

§ 57.925 Inspection of imported eggs.

(a) Except as provided in § 57.960, eggs offered for importation from any foreign country shall be subject to inspection in accordance with established inspection procedures, including the examination of the labeling information on the containers, by an inspector before the product shall be admitted into the United States. Importers will be advised of the point where inspection will be made, and in case of small shipments (less than carload lots), the importer may be required to move the product to the location of the nearest inspector.

(b) Inspectors may take samples, without cost to the United States, of any product offered for importation that is subject to quality determination, except that samples shall not be taken of any products offered for importation under § 57.960, unless there is reason for suspecting the presence therein of a substance in violation of that section.
