§ 2.73 Amendment to recite concurrent use.

(a) An application under section 1(a), section 44, or section 66(a) of the Act may be amended to an application for concurrent use registration, provided the application as amended satisfies the requirements of § 2.42. The trademark examining attorney will determine whether the application, as amended, is acceptable.

(b) An application under section 1(b) of the Act may not be amended so as to be treated as an application for a concurrent registration until an acceptable amendment to allege use under § 2.76 or statement of use under § 2.88 has been filed in the application, after which time such an amendment may be made, provided the application as amended satisfies the requirements of § 2.42. The examiner will determine whether the application, as amended, is acceptable.

§ 2.74 Form of amendment.

(a) In every amendment the exact word or words to be stricken out or inserted in the application must be specified and the precise point indicated where the deletion or insertion is to be made. Erasures, additions, insertions, or mutilations of the papers and records must not be made by the applicant or his attorney or agent.

(b) When an amendatory clause is amended, it must be wholly rewritten so that no interlineation or erasure will appear in the clause, as finally amended, when the application is passed to registration. If the number or nature of the amendments shall render it otherwise difficult to consider the case or to arrange the papers for printing or copying, or when otherwise desired to clarify the record, the examiner may require the entire statement to be rewritten.
