

PART 949—TERMINATION OF CONTRACTS

Subpart 949.1—General Principles

- Sec.
- 949.101 Authorities and responsibilities.
- 949.106 Fraud or other criminal conduct.
- 949.111 Review of proposed settlements.

Subpart 949.5—Contract Termination Clauses

- 949.501 General.
- 949.505 Other termination clauses.

AUTHORITY: 42 U.S.C. 7254; 40 U.S.C. 486(c).

SOURCE: 49 FR 12038, Mar. 28, 1984, unless otherwise noted.

Subpart 949.1—General Principles

949.101 Authorities and responsibilities.

The Procurement Executive shall be notified prior to taking any action to terminate (a) contracts for the operation of Government-owned facilities, (b) any prime contract or subcontract in excess of \$10 million, and (c) any contract the termination of which is likely to provoke unusual interest.

949.106 Fraud or other criminal conduct.

Any evidence of fraud or other criminal conduct in connection with the settlement of a contract termination shall be reported in accordance with 909.406.

949.111 Review of proposed settlements.

(a) The Heads of Contracting Activities shall establish settlement review boards for the review of each termination settlement or determination of amount due under the termination clause of a contract or approval or ratification of a subcontract settlement when the action involves \$50,000 or more.

(b) Settlement review boards may be established for actions below \$50,000 when considered desirable by the Head of the Contracting Activity or when specifically requested by the contracting officer.

(c) Proposed settlement agreements or determinations in excess of contractual authority of the Heads of Con-

tracting Activities will be transmitted to the Procurement Executive for review and approval.

(d) Contracting officers shall not conclude proposed settlement or determinations until the approvals required by this subsection have been obtained.

[49 FR 12038, Mar. 28, 1984, as amended at 59 FR 9108, Feb. 25, 1994]

Subpart 949.5—Contract Termination Clauses

949.501 General.

The standard clauses set forth in FAR Subpart 49.5 are applicable as prescribed subject to the cost principles referenced in the various termination articles shall be in accordance with part 931.

[49 FR 12038, Mar. 28, 1984, as amended at 59 FR 9108, Feb. 25, 1994]

949.505 Other termination clauses.

(f) The clause at 952.249-70 is suggested for use in cost-plus-fixed-fee Architect-Engineer contracts.

PART 950—EXTRAORDINARY CONTRACTUAL ACTIONS

Subpart 950.70—Nuclear Indemnification of DOE Contractors

- Sec.
- 950.7000 Scope of subpart.
- 950.7001 General policy.
- 950.7002 Definitions.
- 950.7003 Nuclear hazards indemnity.
- 950.7004-950.7005 [Reserved]
- 950.7006 Statutory nuclear hazards indemnity agreement.
- 950.7007-950.7008 [Reserved]
- 950.7009 Fees.
- 950.7010 Financial protection requirements.

Subpart 950.71—General Contract Authority Indemnity

- 950.7101 Applicability.

AUTHORITY: 42 U.S.C. 7101 *et seq.*; 41 U.S.C. 418(b); and 50 U.S.C. 2401 *et seq.*

SOURCE: 49 FR 12039, Mar. 28, 1984, unless otherwise noted.

Subpart 950.70—Nuclear Indemnification of DOE Contractors

§ 950.7000 Scope of subpart.

This subpart describes the established policies concerning indemnification of DOE contractors against public liability for a nuclear incident arising out of or in connection with the contract activity.

[49 FR 12039, Mar. 28, 1984, as amended at 56 FR 57827, Nov. 14, 1991]

§ 950.7001 Applicability

The policies and procedures of this subpart shall govern DOE's entering into agreements of indemnification with recipients of a contract whose work under the contract involves the risk of public liability for a nuclear incident or precautionary evacuation.

[49 FR 12039, Mar. 28, 1984, as amended at 56 FR 57827, Nov. 14, 1991]

950.7002 Definitions.

DOE contractor means any DOE prime contractor, including any agency of the Federal Government with which DOE has entered into an interagency agreement.

Nuclear incident means any occurrence, including an extraordinary nuclear occurrence, within the United States causing, within or outside the United States, bodily injury, sickness, disease, or death, or loss of or damage to property, or loss of use of property, arising out of or resulting from the radioactive, toxic, explosive, or other hazardous properties of source, special nuclear, or byproduct material. The term includes any such occurrence outside the United States if such occurrence involves source, special nuclear, or byproduct material owned by, and used by or under contract with, the United States.

Person indemnified means:

(1) With respect to a nuclear incident occurring within the United States or outside the United States as the term is defined above and with respect to any nuclear incident in connection with the design, development, construction, operation, repair, maintenance, or use of the nuclear ship Savannah, the person with whom an indemnity agreement is executed or who

is required to maintain financial protection, and any other person who may be liable for public liability; or

(2) With respect to any other nuclear incident occurring outside the United States, the person with whom an indemnity agreement is executed and any other person who may be liable for public liability by reason of his activities under any contract with the Secretary of Energy or any project to which indemnification under the provisions of section 170d. of the Atomic Energy Act of 1954, as amended, has been extended or under any subcontract, purchase order, or other agreement, or any tier under any such contract or project.

Public liability means any legal liability arising out of or resulting from a nuclear incident or precautionary evacuation (including all reasonable additional costs incurred by a State, or a political subdivision of a State, in the course of responding to a nuclear incident or precautionary evacuation), except: (1) Claims under State or Federal workmen's compensation acts of employees of persons indemnified who are employed at the site of and in connection with the activity where the nuclear incident occurs; (2) claims arising out of an act of war; and (3) whenever used in subsections a., c., and k. of section 170 of the Atomic Energy Act of 1954, as amended, claims for loss of, or damage to, or loss of use of property which is located at the site of and used in connection with the licensed activity where the nuclear incident occurs. *Public liability* also includes damage to property of persons indemnified: Provided, that such property is covered under the terms of the financial protection required, except property which is located at the site of and used in connection with the activity where the nuclear incident occurs.

[49 FR 12039, Mar. 28, 1984, as amended at 50 FR 12185, Mar. 27, 1985; 56 FR 57827, Nov. 14, 1991]

950.7003 Nuclear hazards indemnity.

(a) Section 170d. of the Atomic Energy Act, as amended, requires DOE "to enter into agreements of indemnification with any person who may conduct activities under a contract with (DOE) that involve the risk of

Department of Energy

950.7101

public liability * * *.” However, DOE contractors whose activities are already subject to indemnification by the Nuclear Regulatory Commission are not eligible for such statutory indemnity. See 950.7006 below.

(b) The Heads of Contracting Activities shall assure that contracts subject to this requirement contain the appropriate nuclear hazards indemnity provisions.

[56 FR 57828, Nov. 14, 1991, as amended at 59 FR 9108, Feb. 25, 1994]

950.7004–950.7005 [Reserved]

950.7006 Statutory nuclear hazards indemnity agreement.

(a) The contract clause contained in 952.250–70 shall be incorporated in all contracts in which the contractor is under risk of public liability for a nuclear incident or precautionary evacuation arising out of or in connection with the contract work, including such events caused by a product delivered to a DOE-owned facility for use by DOE or its contractors. The clause at 952.250–70 shall be included in contracts with architect-engineer contractors for the design of a DOE facility, the construction or operation of which may involve the risk of public liability for a nuclear incident or a precautionary evacuation.

(b) However, this clause shall not be included in contracts in which the contractor is subject to Nuclear Regulatory Commission (NRC) financial protection requirements under section 170b. of the Act or NRC agreements of indemnification under section 170c. or k. of the Act for activities to be performed under the contract.

[56 FR 57828, Nov. 14, 1991, as amended at 59 FR 9108, Feb. 25, 1994]

950.7007–950.7008 [Reserved]

950.7009 Fees.

No fee will be charged a DOE contractor for a statutory nuclear hazards indemnity agreement.

[49 FR 12039, Mar. 28, 1984, as amended at 56 FR 57828, Nov. 14, 1991]

950.7010 Financial protection requirements.

DOE contractors with whom statutory nuclear hazards indemnity agree-

ments under the authority of section 170d. of the Atomic Energy Act of 1954, as amended, are executed will not normally be required or permitted to furnish financial protection by purchase of insurance to cover public liability for nuclear incidents. However, if authorized by the DOE Headquarters office having responsibility for contractor casualty insurance programs, DOE contractors may be (a) permitted to furnish financial protection to themselves or (b) permitted to continue to carry such insurance at cost to the Government if they currently maintain insurance for such liability.

[56 FR 57828, Nov. 14, 1991]

Subpart 950.71—General Contract Authority Indemnity

950.7101 Applicability.

(a) The DOE also has general contract authority to enter into indemnity agreements with its contractors. Under such authority a certain measure of protection is extended to the DOE contractor against risk of liability, but the assumption of liability by DOE will be expressly subject to the availability of appropriated funds. Prior to enactment of section 170 of the Atomic Energy Act 1954, as amended, this authority was exercised in a number of Atomic Energy Commission contracts and this type of indemnification remains in some DOE contracts.

(b) It is the policy of the DOE, subsequent to the enactment of section 170, to restrict indemnity agreements with DOE contractors, with respect to protection against public liability for a nuclear incident, to the statutory indemnity provided under section 170. However, it is recognized that circumstances may exist under which a DOE contractor may be exposed to a risk of public liability for a nuclear occurrence which would not be covered by the statutory indemnity.

(c) While it is normally DOE policy to require its non-management and operating contractors to obtain insurance coverage against public liability for nonnuclear risks, there may be circumstances in which a contractual indemnity may be warranted to protect a DOE non-management and operating

contractor against liability for uninsured nonnuclear risks.

(d) If circumstances as mentioned in paragraph (b) or (c) of this section do arise, it shall be the responsibility of the Heads of Contracting Activities to submit to the Head of the Agency or designee for review and decision, all pertinent information concerning the need for, or desirability of, providing a general authority indemnity to a DOE contractor.

(e) Where the indemnified risk is nonnuclear, the amount of general authority indemnity extended to a fixed-price contractor should normally have a maximum obligation equivalent to the amount of insurance that the contractor usually carries to cover such risks in its other commercial operations or, if the risk involved is dissimilar to those normally encountered by the contractor, the amount that it otherwise would have reasonably procured to insure this contract risk.

(f) In the event that a DOE contractor has been extended both a statutory indemnity and a general authority indemnity, the general authority indemnity will not apply to the extent that the statutory indemnity applies.

(g) The provisions of this subsection do not restrict or affect the policy of DOE to pay its cost-reimbursement type contractors for the allowable cost of losses and expenses incurred in the performance of the contact work, within the maximum amount of the contract obligation.

[49 FR 12039, Mar. 28, 1984, as amended at 56 FR 28102, June 19, 1991. Redesignated and amended at 56 FR 57828, Nov. 14, 1991; 59 FR 9108, Feb. 25, 1994; 61 FR 21977, May 13, 1996; 62 FR 34861, June 27, 1997]

PART 951—USE OF GOVERNMENT SOURCES BY CONTRACTORS

Subpart 951.1—Contractor Use of Government Supply Sources

Sec.

951.101 Policy.

951.102 Authorization to use Government supply sources.

951.103 Ordering from Government supply sources.

Subpart 951.70—Contractor Employee Travel Discounts

951.7002 Responsibilities.

AUTHORITY: 42 U.S.C. 7254; 40 U.S.C. 486(c).

SOURCE: 49 FR 12042, Mar. 28, 1984, unless otherwise noted.

Subpart 951.1—Contractor Use of Government Supply Sources

951.101 Policy.

(a) It is DOE policy that contractors performing under cost-reimbursement contracts should meet their requirements from Government sources of supply when these sources are available to them, and if it is economically advantageous or otherwise in the best interest of the Government.

951.102 Authorization to use Government supply sources.

(a) The Head of the Contracting Activity may authorize contractors performing under cost-reimbursement contracts and subcontractors performing under cost-reimbursement subcontracts, where all higher tier contracts and subcontracts are cost-type, to use Government supply sources in accordance with the requirements and procedures in FAR Part 51, DOE PMR 41 CFR 109-26, and any necessary approval from the agency involved. This authority may be redelegated to the level of contracting officer. Direct acquisition by the DOE, rather than by a contractor under cost-reimbursement contracts, shall be required where deemed necessary by the Head of the Contracting Activity in order to carry out special requirements of appropriation acts or other applicable laws relating to particular items.

(c)(1) The DOE central point of contact for the assignment, correction, or deletion of FEDSTRIP activity address codes is the Office of Property Management, within the Headquarters procurement organization.

(e)(4)(iii) Materials, supplies, and equipment acquired from Government sources of supply under the procedures described herein must be used exclusively in connection with Government work, except as otherwise authorized
